OPTION TO EXTEND THE TERM OF THE CONTRACT: The Government has the option to extend the term of this contract for a period of 12 months by written notice to the contractor before expiration of the current contract term. If the Government exercises this option, the extended contract shall be considered to include this clause, except, the total duration of the contract may not exceed three years as a result of, and including, any extension(s) added under this clause. Further extension may be negotiated under the “Extension of Contract Term” clause. See also “Economic Price Adjustment” for periodic pricing revision.

EXTENSION OF CONTRACT TERM: At the request of the Government, the term of any contract resulting from this solicitation may be extended for such period of time as may be mutually agreeable to the GPO and the contractor.

ASSIGNMENT OF JACKETS, PURCHASE AND PRINT ORDERS: A GPO jacket number will be assigned and a purchase order issued to the contractor to cover work performed. The purchase order will be supplemented by an individual "Print Order" for each job placed with the contractor. The print order, when issued, will indicate the quantity to be produced and any other information pertinent to the particular order.

PAYMENT: Contractors are required to submit all vouchers through the FAX Gateway. Each invoice submitted to GPO for payment must be for only one job and it must contain a copy of the print order and proof of delivery. If a delivery receipt contains proof of delivery for more that one job, the receipt must be duplicated and a copy submitted with each invoice. To get instructions, go to: http://www.gpo.gov/vendors/payment.htm

Note: The contractor shall itemize each billing voucher in accordance with the contract ‘Schedule of Prices.’

ORDERING: Items to be furnished under the contract shall be ordered by the issuance of print orders by the Government. Orders may be issued under the contract from Date of Award to October 31, 2015 plus for such additional period(s) as the contract is extended. All print orders issued hereunder are subject to the terms and conditions of the contract. The contract shall control in the event of conflict with any print order. A print order shall be "issued" for purposes of the contract, when it is either deposited in the U.S. Postal Service mail or otherwise furnished to the contractor in conformance with the schedule.

REQUIREMENTS: This is a requirements contract for the items and for the period specified herein. Shipment/delivery of items or performance of work shall be made only as authorized by orders issued in accordance with the clause entitled "Ordering". The quantities of items specified herein are estimates only, and are not purchased hereby. Except as may be, otherwise provided in this contract, if the Government's requirements for the items set forth herein do not result in orders in the amounts or quantities described as "estimated", it shall not constitute the basis for an equitable price adjustment under this contract.

Except as otherwise provided in this contract, the Government shall order from the contractor all the items set forth which are required to be purchased by the Government activity identified on page 1.

The Government shall not be required to purchase from the contractor, requirements in excess of the limit on total orders under this contract, if any.

Orders issued during the effective period of this contract and not completed within that time shall be completed by the contractor within the time specified in the order, and the rights and obligations of the contractor and the Government respecting those orders shall be governed by the terms of this contract to the same extent as if completed during the effective period of this contract.
If shipment/delivery of any quantity of an item covered by the contract is required by reason of urgency prior to the earliest date that shipment/delivery may be specified under this contract, and if the contractor will not accept an order providing for the accelerated shipment/delivery, the Government may procure this requirement from another source.

The Government may issue orders which provide for shipment/delivery to or performance at multiple destinations.

Subject to any limitations elsewhere in this contract, the contractor shall furnish to the Government all items set forth herein which are called for by print orders issued in accordance with the "Ordering" clause of this contract.

ECONOMIC PRICE ADJUSTMENT: The prices set forth in this contract shall be adjusted in accordance with the provisions of this clause, provided that in no event will any pricing adjustment be made that would exceed the maximum permissible under any law in effect at the time of the adjustment. There will be no adjustment for orders placed during the first period below. Pricing will thereafter be eligible for adjustment during the second and any succeeding period(s). For each performance period after the first, a percentage figure will be calculated as described below and that figure will be the economic price adjustment for that entire next period. Pricing adjustments under this clause are not applicable to reimbursable postage or transportation costs, or to paper, if paper prices are subject to adjustment by separate clause herein.

For the purpose of this clause, the contract shall be divided into successive periods. The first period shall extend from Date of Award to October 31, 2015. The second and any succeeding period(s) will extend for 12 months from the end of the last preceding period, except that the length of the final period may vary. The first day of the second and any succeeding period(s) will be the effective date of the economic price adjustment for that period.

Price adjustments in accordance with this clause will be based on the changes in the seasonally adjusted "Consumer Price Index For All Urban Consumers - Commodities Less Food" published monthly in the CPI Detailed Report by the U.S. Department of Labor, Bureau of Labor Statistics.

The Economic price adjustment will be the percentage difference between the Index averages as specified in this paragraph. An index called the variable index will be calculated by averaging the monthly Indexes from the 12-month interval ending three months prior to the beginning of the period being considered for adjustment. This average is then compared to the average of the monthly Indexes for the 12-month interval ending July 31, 2014, called the base index. The percentage change (plus or minus) of the variable index from the base index will be the economic price adjustment for the period being considered for adjustment.

The Government will notify the contractor by contract modification specifying the percentage increase or decrease to be applied to invoices for orders placed during the period indicated. The contractor shall apply the percentage increase or decrease against the total price of the invoice less reimbursable postage or transportation costs and separately adjusted paper prices. Payment discounts shall be applied after the invoice price is adjusted.

NOTE: The Economic Price Adjustment (EPA) is NOT cumulative. The EPA is applied to the original contract price not to the original contract price plus any other EPAs applied.
NOTIFICATION: The contractor will be notified a minimum of 30 days before the end of the current contract annual period of availability or non-availability of funds for subsequent periods. Cancellation is effected if (i) the Contracting Officer notifies the contractor that funds are not available for the next year, or (ii) the Contracting Officer fails to notify the contractor that funds are available for the next year.

C-1. Covenant Against Contingent Fees. Submission of a bid without statement of exception shall constitute certification.

A. Any provision of a contract, or any statement of a bidder, that in any manner limits or prevents the personal or agency of any person or any agency which has been employed or retained to solicit or obtain a contract in accordance with an agreement or understanding for a contingent fee, except a bona fide employee of such person or agency, for services rendered in connection with the contract without violation of this section, is hereby declared null and void.

B. A person who violates the provisions of this section is guilty of a crime, and upon conviction thereof, shall be punished by a fine of not more than $10,000 or imprisonment in the State Penitentiary not exceeding five years, or both.

C-2. Buy American Certification. Except as may be listed in the bid itself, the bidder certifies with the submission of a bid that each end product is a domestic end product, as defined in section 48(d) of the Buy American Act (41 U.S.C. 3304(d)), and the list is certified by the bidder.

C-3. Clean Air and Water. Submission of a bid without statement of exception shall constitute certification.

C-5. Certification Regarding Debarment, Suspension, Proposed Debarment, and Other Responsibility Matters. Submission of a bid without statement of exception shall constitute certification.

(a) The offeror certifies, to the best of its knowledge and belief, that:

(i) The offeror and/or any of its principals,

(ii) Any officers, employees, agents, or contractors of the offeror, or

(iii) Any business entity, in any capacity, whether as owner, general manager, plant manager, head of a subsidiary, division or business segment, or similar position.

This Certification Concerns a Matter Within the Jurisdiction of an Agency of the United States, and the Failure to Make a False Certification May Render the Offeror Subject to Prosecution Under Section 1001, Title 18, United States Code.

(b) The offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not prevent the offer from qualifying under the awarding agency's certification.

(d) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the offeror knowingly rendered a false or inaccurate certification, or that the information contained therein was false, the offeror agrees to be subject to the consequences of such a finding.

(g) "Segregated facilities," as used in this provision, means any waiting rooms, work areas, rest rooms and wash rooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreational facilities, entertainment areas, transportation facilities, and housing facilities provided for employees, that are segregated by explicit doctrine or in fact segregated on the basis of race, color, religion, or national origin because of habit, local custom, or otherwise.

(h) By submission of an offer, the offeror certifies that it does not and will not maintain or provide for its employees any segregated facilities at any of its establishments, and that it does not and will not permit its employees to perform their services at any location at which segregated facilities are maintained. The offeror agrees that a breach of this certification is a violation of the Equal Opportunity Clause in the contract.

(i) The offeror further agrees that (except where it has obtained identical certifications from proposed subcontractors for specific time periods) it will:

(1) Obtain identical certifications from proposed subcontractors before award of subcontracts under which the subcontractor will be subject to the Equal Opportunity Clause.

(2) Retain the certifications in the files.

(3) Forward the following notice to the proposed subcontractors (except if the proposed subcontractors have submitted identical certifications for specific time periods):

NOTICE TO PROSPECTIVE SUBCONTRACTORS OF REQUIREMENT FOR CERTIFICATION OF NONSEGREGATED FACILITIES

A certification of Nonsegregated Facilities must be submitted before the award of a subcontract under which the subcontractor will be subject to the Equal Opportunity Clause. The certification may be submitted either for each subcontract or for all subcontracts during a period (e.g., quarterly, semiannually, or annually).

Note: The penalty for making false statements in offers is prescribed in 18 U.S.C. 1001.
