OPTION TO EXTEND THE TERM OF THE CONTRACT: The Government has the option to extend the term of this contract for a period of 12 months by written notice to the contractor not later than 30 days before the contract expires. If the Government exercises this option, the extended contract shall be considered to include this clause, except, the total duration of the contract may not exceed five (5) years as a result of, and including, any extension(s) added under this clause. Further extension may be negotiated under the "EXTENSION OF CONTRACT TERM" clause. See also "ECONOMIC PRICE ADJUSTMENT" for authorized pricing adjustment(s).

EXTENSION OF CONTRACT TERM: At the request of the Government, the term of any contract resulting from this solicitation may be extended for such period of time as may be mutually agreeable to the GPO and the contractor.

ECONOMIC PRICE ADJUSTMENT: The pricing under this contract shall be adjusted in accordance with this clause, provided that in no event will any pricing adjustment be made that would exceed the maximum permissible under any law in effect at the time of the adjustment. There will be no adjustment for orders placed during the first period specified below. Pricing will thereafter be eligible for adjustment during the second and any succeeding performance period(s). For each performance period after the first, a percentage figure will be calculated as described below and that figure will be the economic price adjustment for that entire next period. Pricing adjustments under this clause are not applicable to reimbursable postage or transportation costs, or to paper, if paper prices are subject to adjustment by separate clause elsewhere in this contract.

For the purpose of this clause, performance under this contract will be divided into successive periods. The first period will extend from October 1, 2017 to September 30, 2018, and the second and any succeeding period(s) will extend for 12 months from the end of the last preceding period, except that the length of the final period may vary. The first day of the second and any succeeding period(s) will be the effective date of the economic price adjustment for that period.

Pricing adjustments in accordance with this clause will be based on changes in the seasonally adjusted "Consumer Price Index For All Urban Consumers - Commodities Less Food" (Index) published monthly in the CPI Detailed Report by the U.S. Department of Labor, Bureau of Labor Statistics.

The economic price adjustment will be the percentage difference between Index averages as specified in this paragraph. An index called the variable index will be calculated by averaging the monthly Indexes from the 12-month interval ending 3 months prior to the beginning of the period being considered for adjustment. This average is then compared to the average of the monthly Indexes for the 12-month interval ending June 30, 2017, called the base index. The percentage change (plus or minus) of the variable index from the base index will be the economic price adjustment for the period being considered for adjustment.

The Government will notify the contractor by contract modification specifying the percentage increase or decrease to be applied to invoices for orders placed during the period indicated. The contractor shall apply the percentage increase or decrease against the total price of the invoice less reimbursable postage or transportation costs and separately adjusted paper prices. Payment discounts shall be applied after the invoice price is adjusted.

Accelerated Schedule: Approximately 5% of all orders placed may require an accelerated schedule.

The following schedule begins the SAME day as notification of the availability of print order and furnished material; the SAME workday as notification will be the first workday of the schedule.

**DATA STORAGE:** Contractor is required to securely store, in accordance with contract specifications, digital copies of all files furnished by the Government for one (1) year. An occasional print order may be placed requiring the contractor to recall a file and produce a printed copy.
SECTION 3 - DETERMINATION OF AWARD

The Government will determine the lowest bid by applying the prices offered in the "SCHEDULE OF PRICES" to the following units of production which are the estimated requirements to produce one (1) year's production under this contract. These units do not constitute, nor are they to be construed as, a guarantee of the volume of work which may be ordered for a like period of time.

PREMIUM PAYMENTS: Orders requiring an accelerated production schedule of 24 hours will be paid for at the premium rate in accordance with the contractor's offered percentage in the "SCHEDULE OF PRICES."

All other orders will be placed with the regular schedule and paid for at the basic prices offered.

Percentages offered for premium priced work are additional to the basic prices offered for units of work. Premium payments, when authorized, will apply to all items in the "SCHEDULE OF PRICES."

Failure of the contractor to deliver work at the time specified will result in disallowance of premium payments that were anticipated and the contractor will not list such items on his invoice.

It is estimated that 5% of the orders placed on this contract will require an accelerated schedule. Premium payments for an accelerated schedule will be evaluated for award. Evaluation will be effected by applying the percentage increase, offered for the accelerated schedule in the "SCHEDULE OF PRICES" (Item IV.), to 5% of the prices offered for all items.

The following item designations correspond to those listed in the "SCHEDULE OF PRICES."

I.  (a)  135,316

Non-Disclosure and No Conflict of Interest Agreement

U.S. MERIT SYSTEMS PROTECTION BOARD
NON-DISCLOSURE and NO CONFLICT OF INTEREST AGREEMENT

I, ________________________, the undersigned, an individual official, employee, consultant, or subcontractor of or to ______________________ (the Authorized Entity), supporting requirements with the United States Merit Systems Protection Board (MSPB), under Contract Number ______________________ (Contract), intending to be legally bound, hereby consent to the terms in this Non-Disclosure and No Conflict of Interest Agreement (Agreement) in consideration of my being granted conditional access to certain information, specified below, that is owned by, produced by, or in the possession of the United States Government.

NON-DISCLOSURE

Sensitive Information

As used in this Agreement, sensitive is an over-arching term that covers “any information, the loss, misuse, or unauthorized access to or modification of which could adversely affect the national interest or the conduct of Federal programs, or the privacy to which individuals are entitled under Section 552a of Title 5, United States Code (the Privacy Act) but which has not been specifically authorized under criteria established by an executive order or an act of Congress to be kept secret in the interest of national defense or foreign policy.” See, Computer Security Act of 1987, Pub. L. 100-235. As used in this Agreement, sensitive information includes personally identifiable information (PII).

PII refers to information which can be used to distinguish or trace an individual's identity, such as their name, social security number, biometric records, etc. alone, or when combined with other personal or identifying information which is linked or linkable to a specific individual, such as date and place of birth, mother’s maiden name, etc.” See, Office of Management and Budge Memorandum M-07-16, Safeguarding Against and Responding to the Breach of Personally Identifiable Information, at fn1.

Non-Public Information

As used in this Agreement, non-public information is information that I gain in performance under this contract and that I know or reasonably should know has not been made available to the general public. It includes information that I know or reasonably should know: (1) is routinely exempt from disclosure under 5 U.S.C. 552 or otherwise protected from disclosure by statute, Executive Order, or regulation; (2) is designated as confidential by MSPB or any other Government agency; or (3) has not actually been disseminated to the general public and is not authorized to be made available to the public on request.

I attest that I am familiar with, and I will comply with, the standards of access, dissemination, handling, and safeguarding of the information to which I am granted access as cited in this Agreement and in accordance with the guidance provided to me relative to the specific category of information.
I understand and agree to the following terms and conditions of my access to the information defined above:

1. I shall comply with the Privacy Act of 1974, 5 U.S.C. § 552a, the Federal Information Security Management Act (FISMA), 44 U.S.C. §§ 3541, et seq., the Procurement Integrity Act, 41 U.S.C. § 423, as amended, and related regulations, shall use administrative, technical and physical security measures to protect non-public or sensitive information from unauthorized access, disclosure, and misuse.

2. I acknowledge that I am obligated to protect this information from unauthorized disclosure, and that I am familiar with and will comply with the standards for protecting this information, in accordance with the terms of this Agreement and the laws, regulations, and directives applicable to the information to which I am granted access.

3. I understand that the United States Government may conduct inspections, at any time or place, for the purpose of ensuring compliance with the conditions for access, dissemination, handling and safeguarding information under this Agreement.

4. I will not seek access to non-public or sensitive information beyond what is required for performance of the contract.

5. I will ensure that my identity as a contractor employee is known when seeking access to and receiving non-public or sensitive information from Government employees, members of the general public or other contractor/offerors.

6. I will not use, disclose, or release such information for any purpose other than providing contract support services under the contract or disclose the information for any personal or commercial purpose. I will not disclose or release any information provided to me pursuant to this Agreement without proper authority or authorization. Should situations arise that warrant the disclosure of release of such information, I will do so only under approved circumstances and in accordance with the laws, regulations, or directives applicable to the information. I will honor and comply with any and all dissemination restrictions cited or verbally relayed to me by the proper authority.

7. I hereby agree that material which I have in my possession and containing information covered by this Agreement will be handled and safeguarded in a manner that affords sufficient protection to prevent the unauthorized disclosure of or inadvertent access to such information, consistent with the laws, regulations, or directives applicable to the information. I agree to take appropriate steps to secure both paper and electronic files and access to same to protect non-public or sensitive information, lock paper records in cabinets or offices when not in use, only electronically transmit confidential information in encrypted form, and dispose of paper records by shredding or similar means of secure destruction.
8. I agree to return any non-public or sensitive information given to me during contract performance, including all copies, 1) upon demand by an authorized individual; and/or 2) upon the conclusion of my duties, association, or support to MSPB; and/or 3) upon the determination that my official duties do not require further access to such information.

9. I agree that I will advise the MSPB Contracting Officer, or appropriate official, in writing within one hour if I become aware, whether or not I am personally involved, of any improper loss, theft, misuse, misplacement, unauthorized release or disclosure of non-public or sensitive information, or any other security violation. I also understand that my anonymity will be maintained to the extent possible when reporting security violations.

10. I acknowledge that release or disclosure of non-public or sensitive information is in violation of this Agreement and that contractual actions, as well as civil or criminal remedies authorized by law, are applicable to both me and the Authorized Entity for unauthorized use or release of non-public or sensitive information. If I violate the terms and conditions of this Agreement, such violation may result in the cancellation of my conditional access to the information covered by this Agreement. This may serve as a basis for denying me conditional access to other types of information, to include classified national security information.

11. I hereby assign to the United States Government all royalties, remunerations, and emoluments that have resulted, will result, or may result from any disclosure, publication, or revelation of the information not consistent with the terms of this Agreement.

12. This Agreement is made and intended for the benefit of the United States Government and may be enforced by the United States Government or the Authorized Entity. By granting me conditional access to information in this context, the United States Government may seek any remedy available to it to enforce this Agreement, including but not limited to, application for a court order prohibiting disclosure of information in breach of this Agreement. I understand that if I violate the terms and conditions of this Agreement, I could be subjected to administrative, disciplinary, civil, or criminal action, as appropriate, under the laws, regulations, or directives applicable to the information involved and neither the United States Government nor the Authorized Entity have waived any statutory or common law evidentiary privileges or protections that they may assert in any administrative or court proceeding to protect any non-public or sensitive information to which I have been given conditional access under the terms of this Agreement.

13. Unless and until I am released in writing by an authorized representative of the MSPB, I understand that all conditions and obligations imposed upon me by this Agreement apply during the time that I am granted conditional access, and at all times thereafter.
14. Each provision of this Agreement is severable. If a court should find any provision of this Agreement to be unenforceable, all other provisions shall remain in full force and effect.

15. My execution of this Agreement shall not nullify or affect in any manner any other secrecy or non-disclosure Agreement which I have executed or may execute with the United States Government or any of its departments or agencies.

16. Signing this Agreement does not bar disclosures to Congress or to an authorized official of an executive agency or the Department of Justice that are essential to reporting a substantial violation of law.

17. I represent and warrant that I have the authority to enter into this Agreement.

18. I have read this Agreement carefully and my questions, if any, have been answered, I acknowledge that the briefing officer has made available to me any laws, regulations, or directives referenced in this document so that I may read them at this time, if I so choose.

**NO CONFLICT OF INTEREST**

I recognize that the performance under this contract may present me with potential conflicts of interest. A “conflict of interest” includes but is not limited to: (1) participating personally and substantially in a Government procurement, contract, issue, litigation or other matter that will affect my financial interests or those my spouse, minor child, general partner, an organization in which I serve as an officer, director, trustee, general partner or employee, or a person with whom I am negotiating for or have an arrangement concerning prospective employment; or (2) involvement in a Government procurement, contract issue, litigation or other matter that might affect the financial interests of a person who is a member of my household or with whom I have a close personal relationship, a person from whom my spouse, parent or dependent child serves as officer director, trustee, general partner, agent attorney, consultant, contractor, or employee, or any organization in which I am an active participant.

I understand and agree to the following terms and conditions:

1. I agree that I will not engage in any personal, business or professional activity, or receive or retain any financial interest, which places me in a position of conflict between those interest and my duties or responsibilities related to the performance of this contract.

2. I acknowledge and agree that I must disclose potential conflicts of interests by providing a written statement of my affiliations and financial interests to the MSPB Contracting Officer upon request, and to avoid potential conflicts of interest when identified.
3. Failure to submit the statement described above or a statement of my affiliations and financial interests upon request shall preclude my working on the subject contract.

4. These provisions are consistent with, and do not supersede, conflict with, or otherwise alter the employee obligations, rights, or liabilities created by existing statute or Executive Order relating to (1) classified information, (2) communications to Congress, (3) the reporting to the Inspector General of a violation of any law, rule, or regulation, or mismanagement, a gross waste of funds, an abuse of authority, or a substantial and specific danger to public health or safety, or (4) any other whistleblower protection. The definitions, requirements, obligations, rights, sanctions, and liabilities created by controlling Executive Orders and statutory provisions are incorporated into this agreement and are controlling.

Covered contractor information system means an information system that is owned or operated by a contractor that processes, stores, or transmits Federal contract information.

Federal contract information means information, not intended for public release, that is provided by or generated for the Government under a contract to develop or deliver a product or service to the Government, but not including information provided by the Government to the public (such as on public Web sites) or simple transactional information, such as necessary to process payments.

(iii) Verify and control/limit connections to and use of external information systems.

(iv) Control information posted or processed on publicly accessible information systems.

(2) Other requirements. This clause does not relieve the Contractor of any other specific safeguarding requirements specified by Federal agencies and departments relating to covered contractor information systems generally or other Federal safeguarding requirements for controlled unclassified information (CUI) as established by Error! Hyperlink reference not valid.

(c) Subcontracts. The Contractor shall include the substance of this clause, including this paragraph (c), in subcontracts under this contract (including subcontracts for the acquisition of commercial items, other than commercially available off-the-shelf items), in which the subcontractor may have Federal contract information residing in or transiting through its information system.
Privacy Training (JAN 2017)

(a) Definition. As used in this clause, personally identifiable information means information that can be used to distinguish or trace an individual's identity, either alone or when combined with other information that is linked or linkable to a specific individual. (See Office of Management and Budget (OMB) Circular A-130, Managing Federal Information as a Strategic Resource).

3) Design, develop, maintain, or operate a system of records (see also FAR subpart 24.1 and 39.105).

(c) Privacy training shall address the key elements necessary for ensuring the safeguarding of personally identifiable information or a system of records. The training shall be role-based, provide foundational as well as more advanced levels of training, and have measures in place to test the knowledge level of users. At a minimum, the privacy training shall cover -

1) The provisions of the Privacy Act of 1974 (5 U.S.C. 552a), including penalties for violations of the Act;

2) The appropriate handling and safeguarding of personally identifiable information;

3) The authorized and official use of a system of records or any other personally identifiable information;

4) The restriction on the use of unauthorized equipment to create, collect, use, process, store, maintain, disseminate, disclose, dispose or otherwise access personally identifiable information;

5) The prohibition against the unauthorized use of a system of records or unauthorized disclosure, access, handling, or use of personally identifiable information; and

6) The procedures to be followed in the event of a suspected or confirmed breach of a system of records or the unauthorized disclosure, access, handling, or use of personally identifiable information (see OMB guidance for Preparing for and Responding to a Breach of Personally Identifiable Information).

(2) Completion of an agency-developed or agency-conducted training course shall be deemed to satisfy these elements.

(d) The Contractor shall maintain and, upon request, provide documentation of completion of privacy training to the Contracting Officer.

(e) The Contractor shall not allow any employee access to a system of records, or permit any employee to create, collect, use, process, store, maintain, disseminate, disclose, dispose or otherwise handle personally identifiable information, or to design, develop, maintain, or operate a system of records unless the employee has completed privacy training, as required by this clause.

(f) The substance of this clause, including this paragraph (f), shall be included in all subcontracts under this contract, when subcontractor employees will -
(1) Have access to a system of records;

(2) Create, collect, use, process, store, maintain, disseminate, disclose, dispose, or otherwise handle personally identifiable information; or
