#### SECTION I .- GENERAL TERMS AND CONDITIONS

**GPO CONTRACT TERMS**: Any contract which results from this Invitation for Bid will be subject to the applicable provisions, clauses, and supplemental specifications of GPO Contract Terms (GPO Publication 310.2, effective December 1, 1987 (Rev. 6-01)) and GPO Contract Terms, Quality Assurance Through Attributes Program for Printing and Binding (GPO Publication 310.1, effective May 1979 (Rev. August 2002)). A copy of these publications, as well as other supplemental GPO contract documents, can be obtained at: <a href="http://www.gpo.gov/vendors/gaocab.htm">http://www.gpo.gov/vendors/gaocab.htm</a>

**DISPUTES**: GPO Publication 310.2, GPO Contract Terms, Contract Clause 5. Disputes, is hereby replaced with the June 2008 clause found at <u>http://www.gpo.gov/pdfs/vendors/contractdisputes.pdf</u>. This June 2008 clause also cancels and supersedes any other disputes language currently included in existing contractual actions.

**DOING BUSINESS WITH THE GPO:** Contractors wishing to do business with the GPO are referred to the GPO web site (<u>http://www.gpo.gov/vendors/index.htm</u>) where one can register as a GPO contractor using the 'GPO Contractor Connection' link in accordance with the furnished instructions on that page.

NOTE: Prospective as well as existing GPO contractors are to note that, as of 1/1/08, all contractor s seeking to do business with the GPO must first complete and thereafter maintain the accuracy of its GPO Contractor Connection registration with the following mandatory taxpayer information boxes: "EIN/TIN #" (Employer Identification Number or Taxpayer Identification Number); "Subject to Backup Withholding" (See Form W-9, Request for Taxpayer Identification Number and Certification); and, "Current W-9 Request" (See Form W-9). The GPO will withhold payment of any invoices for work completed by any contractor who fails to provide these tax data in GPO Contractor Connection. Such invoices will be declared ineligible for payment until all requirements for payment, including providing these tax data in GPO Contractor Connection, have been satisfied.

**QUALITY ASSURANCE LEVELS AND STANDARDS**: The following levels and standards shall apply to these specifications:

Product Quality Levels:

- (a) Printing (page related) Attributes Level III.
- (b) Finishing (item related) Attributes Level III.

Inspection Levels (from ANSI/ASQC Z1.4):

- (a) Non-destructive Tests General Inspection Level I.
- (b) Destructive Tests Special Inspection Level S-2.

Specified Standards: The specified standards for the attributes requiring them shall be:

Attribute	Specified Standard
P-7. Type Quality and Uniformity	Government Furnished Material (GFM)/ Approved Proofs
P-8. Halftone Match (Single and Double Impression)	GFM/Approved Proofs

P-9. Solid or Screen Tints Color Match P-10. Process Color Match GFM/Pantone Matching System GFM/Approved Proofs

**ECONOMIC PRICE ADJUSTMENT:** The prices set forth in this contract shall be adjusted in accordance with the provisions of this clause, provided that in no event will any pricing adjustment be made that would exceed the maximum permissible under any law in effect at the time of the adjustment. There will be no adjustment for orders placed during the first period below. Pricing will thereafter be eligible for adjustment during the second and any succeeding period(s). For each performance period after the first, a percentage figure will be calculated as described below and that figure will be the economic price adjustment for that entire next period. Pricing adjustments under this clause are not applicable to reimbursable postage or transportation costs, or to paper, if paper prices are subject to adjustment by separate clause herein.

For the purpose of this clause, the contract shall be divided into successive periods. The first period shall extend from Date of Award to April 30, 2016. The second and any succeeding period(s) will extend for 12 months from the end of the last preceding period, except that the length of the final period may vary. The first day of the second and any succeeding period(s) will be the effective date of the economic price adjustment for that period.

Price adjustments in accordance with this clause will be based on the changes in the seasonally adjusted "Consumer Price Index For All Urban Consumers - Commodities Less Food" published monthly in the CPI Detailed Report by the U.S. Department of Labor, Bureau of Labor Statistics.

The Economic price adjustment will be the percentage difference between the Index averages as specified in this paragraph. An index called the variable index will be calculated by averaging the monthly Indexes from the 12-month interval ending three months prior to the beginning of the period being considered for adjustment. This average is then compared to the average of the monthly Indexes for the 12-month interval ending **August 1, 2015**, called the base index. The percentage change (plus or minus) of the variable index from the base index will be the economic price adjustment for the period being considered for adjustment.

The Government will notify the contractor by contract modification specifying the percentage increase or decrease to be applied to invoices for orders placed during the period indicated. The contractor shall apply the percentage increase or decrease against the total price of the invoice less reimbursable postage or transportation costs and separately adjusted paper prices. Payment discounts shall be applied after the invoice price is adjusted.

**OPTION TO EXTEND THE TERM OF THE CONTRACT:** The Government has the option to extend the term of this contract for a period of 12 months by written notice to the contractor before expiration of the current contract term. If the Government exercises this option, the extended contract shall be considered to include this clause, except, the total duration of the contract may not exceed three years as a result of, and including, any extension(s) added under this clause. Further extension may be negotiated under the "Extension of Contract Term" clause. See also "Economic Price Adjustment" for periodic pricing revision.

**NOTIFICATION:** The contractor will be notified a minimum of 30 days before the end of the current contract annual period of availability or nonavailability of funds for subsequent periods. Cancellation is

effected if (i) the Contracting Officer notifies the contractor that funds are not available for the next year, or (ii) the Contracting Officer fails to notify the contractor that funds are available for the next year.

**EXTENSION OF CONTRACT TERM:** At the request of the Government, the term of any contract resulting from this solicitation may be extended for such period of time as may be mutually agreeable to the GPO and the contractor.

If the Government exercises an option, the extended contract shall be considered to include this economic price adjustment clause.

NOTE: The Economic Price Adjustment (EPA) is NOT cumulative. The EPA is applied to the original contract price not to the original contract price plus any other EPAs applied.

**ASSIGNMENT OF JACKETS, PURCHASE AND PRINT ORDERS**: A GPO jacket number will be assigned and a purchase order issued to the contractor to cover work performed. The purchase order will be supplemented by an individual "Print Order" for each job placed with the contractor. The print order, when issued, will indicate the quantity to be produced and any other information pertinent to the particular order.

**PREAWARD SURVEY**: In order to determine the responsibility of the prime contractor or any subcontractor, the Government reserves the right to conduct an on-site preaward survey at the contractor's/subcontractor's facility or to require other evidence of technical, production, managerial, financial, and similar abilities to perform, prior to the award of a contract.

**ORDERING**: Items to be furnished under the contract shall be ordered by the issuance of print orders by the Government. Orders may be issued under the contract from Date of Award through April 30, 2016 plus for such additional periods as the contract is extended. All print orders issued hereunder are subject to the terms and conditions of the contract. The contract shall control in the event of conflict with any print order. A print order shall be "issued" for purposes of the contract, when it is either deposited in the U.S. Postal Service mail or otherwise furnished to the contractor in conformance with the schedule.

**QUANTITIES**: This contract is for the items and for the period specified herein. Shipment/delivery of items or performance of work shall be made only as authorized by orders issued in accordance with the clause entitled "Ordering". The quantities of items specified herein are estimates only, and are not purchased hereby. Except as may be otherwise provided in this contract, if the Government's requirements for the items set forth herein do not result in orders in the amounts or quantities described as "estimated", it shall not constitute the basis for an equitable price adjustment under this contract.

Except as otherwise provided in this contract, the Government shall order from the contractor(s) all the items set forth which are required to be purchased by the Government activity identified on page 1.

The Government shall not be required to purchase from the contractor(s), requirements in excess of the limit on total orders under this contract, if any.

Orders issued during the effective period of this contract and not completed within that time shall be

completed by the contractor(s) within the time specified in the order, and the rights and obligations of the contractor(s) and the Government respecting those orders shall be governed by the terms of this contract to the same extent as if completed during the effective period of this contract.

If shipment/delivery of any quantity of an item covered by the contract is required by reason of urgency prior to the earliest date that shipment/delivery may be specified under this contract, and if the contractor(s) will not accept an order providing for the accelerated shipment/delivery, the Government may procure this requirement from another source.

The Government may issue orders which provide for shipment/delivery to or performance at multiple destinations.

Subject to any limitations elsewhere in this contract, and pursuant to the section entitled "DETERMINATION OF AWARD AND PLACEMENT OF WORK," the low contractor and each successive low contractor shall furnish to the Government all items set forth herein which are called for by print orders issued in accordance with the "Ordering" clause of this contract, except when the shipping/delivery schedule cannot be met.

**PAYMENT:** Contractors are required to submit all vouchers through the FAX Gateway. Each invoice submitted to GPO for payment must be for only one job and it must contain a copy of the print order and proof of delivery. If a delivery receipt contains proof of delivery for more that one job, the receipt must be duplicated and a copy submitted with each invoice. To get instructions, go to: http://www.gpo.gov/vendors/payment.htm

*Note:* The contractor shall itemize each billing voucher in accordance with the contract 'Schedule of Prices.'

#### SECTION 3. - DETERMINATION OF AWARD AND PLACEMENT OF WORK

The Government will make multiple awards under this solicitation since it is anticipated that one firm may not be able to meet all of the requirements.

Each order will be individually abstracted to determine the lowest bid.

In placing work, the Government will first communicate with the low contractor to determine whether or not at that time one or more orders for specified quantities can be accepted for shipment within the time required by the Government. The Government will be obligated to place each order with the low contractor first, the next low contractor second, and so on until the order has been accepted. Placement of orders shall be made only to those contractors whose prices are determined to be fair and reasonable. The low contractor and each successive next low contractor shall be obligated to accept the order except when the shipping schedule cannot be met. Contractors refusing to accept orders with the requested ship date shall be required to provide the best date that can be met. When the contractor accepts, a formal print order will be issued.

Due to the urgency of the work, orders will be placed by telephone and the contractor must reply within 30 minutes whether or not the order can be accepted.

Any contractor's position in the sequence of awards may be jeopardized by consistently refusing work of one type and accepting work of another. When such an instance is found, the contractor involved will be notified and unless prompt adjustment in order acceptance is made to maintain the lowest cost to the Government, the contractor may be disqualified from further participation under this contract.

Exception: Noncompliance with the shipping and/or delivery schedule, or any other term, condition, or specification of this contract will be cause, and the GPO reserves the right, to withhold further orders until the contractor is judged by the Government to have established adequate procedures to fulfill the requirements.
