

April 28, 2026

This is Amendment No. 1. The specifications in our invitation for bids on Program 860-S, scheduled for opening at 11:00 AM EST on April 30, 2026, are amended as follows:

1. Change the bid opening date to May 4, 2026.
2. On page 13 of 28, change the “Color Mapping” clause to:

COLOR MAPPING SERVICES:

1. **General Requirement:** Contractor shall perform color mapping of all Government-furnished Source Files. This requirement replaces processing previously performed by NGA/FAA. Contractor shall convert all RGB images, text, and graphic objects to CMYK, PANTONE spot color, and black-only formulas in accordance with the NGA/FAA Color Mapping Guidance.
2. **Automation and Workflow:** Contractor shall utilize its automated workflow tools to execute the color mapping process. Automation routines shall be configured and maintained in accordance with NGA/FAA guidance.
3. **Criticality of Application:** Contractor acknowledges the operational importance of the final printed products and shall exercise the highest degree of care in performing all color mapping tasks.

Additional File Preparation Requirements:

Contractor shall perform the following tasks on all Source Files, as applicable:

1. Removal of all invisible or non-printing text objects for which fonts are not embedded.
2. Extraction and assembly of cover components (front/back inside/outside panels and spine) into a standalone cover file suitable for print reproduction.
3. Definition and setting of the correct trim box and extension of artwork to ensure adequate print bleeds and eliminate unprinted edges.

Reporting Requirements:

With each delivery of Corrected Files, Contractor shall provide a written summary identifying:

- All tasks performed under the section above; and
- Any manual interventions, adjustments, or modifications outside the automated workflow.

This report shall support NGA/FAA quality assurance review.

Deliverables and Performance Schedule:

1. **Government-Furnished Materials:** NGA/FAA shall provide Source Files no fewer than three (3) full calendar weeks prior to the designated activation date for each production cycle.
2. **Initial Processing:** Contractor shall deliver Corrected Files within twenty-four (24) hours of receipt of Source Files.
3. **Government Review:** NGA/FAA shall review Corrected Files within twenty-four (24) hours and provide either:
 - Written Approval; or
 - Written Notice of Corrections.
4. **Correction Cycle:** Contractor shall implement all requested corrections. The cycle shall repeat until NGA/FAA issues written Approval. Both parties shall prioritize corrections to avoid production delays.

Quality Assurance and Responsibilities:

1. Contractor shall accurately apply all color mapping formulas and technical guidance provided by NGA/FAA.
2. Contractor shall correct, at no additional cost to the Government, any errors resulting from its failure to properly apply Government-provided guidance.

3. Contractor shall not be held liable for errors, omissions, or deficiencies inherent in the Source Files or in NGA/FAA-provided guidance.
4. Final approval and acceptance of color accuracy for operational use remains the sole responsibility of NGA/FAA.

All other specifications remain the same.

If amendment is not acknowledged on the bid, direct acknowledgment to:

U.S. Government Publishing Office
Bid Section, Room C848, Stop CSPS
732 North Capitol Street NW
Washington, DC 20401-0001

Amended bid or acknowledgement must be submitted using the method(s) specified in the solicitation for bid submission. Telephone or e-mail submission is not acceptable.

BIDDER MUST ACKNOWLEDGE RECEIPT OF THIS AMENDMENT PRIOR TO BID OPENING. Failure to acknowledge receipt of amendment, by amendment number, prior to bid-opening time, may be reason for bid being declared nonresponsive.

Sincerely,

JENNIFER YARBROUGH
Contracting Officer
