

**OFFICE of the
INSPECTOR GENERAL**
U.S. GOVERNMENT PUBLISHING OFFICE

MEMORANDUM
OIG-26-007

Date:

January 20, 2026

To:

Director, U.S. Government Publishing Office

From:

Inspector General

Subject:

Independent Auditors' Report on GPO Fiscal Year 2025 Consolidated Financial Statements, Report Number 26-02.

Attached is the U.S. Government Publishing Office (GPO) Fiscal Year (FY) 2025 Consolidated Financial Statements Audit Report. We contracted with the independent public accounting firm of KPMG LLP (KPMG) to audit the consolidated financial statements of GPO for FYs ended on September 30, 2025, and 2024. The contract required that the audit be conducted in accordance with U.S. Generally Accepted Government Auditing Standards (GAGAS).

KPMG's opinion on GPO's consolidated financial statements was unmodified. In connection with the contract, we monitored audit progress and reviewed KPMG's audit report and related documentation. Our review did not disclose any instances where KPMG did not comply, in all material respects, with GAGAS. Our review was not intended to enable us to express, and we do not express, an opinion on the financial statements. KPMG is responsible for the attached auditor's report dated January 20, 2026, and the conclusions expressed therein.

We appreciate the courtesies extended to KPMG and our staff. If you have any questions or comments about this report, please do not hesitate to contact Lori Lau Dillard, Assistant Inspector General for Audit, at llaudillard@gpo.gov, or me at ndeahl@gpo.gov.

A handwritten signature in blue ink, reading "Nathan J. Deahl".

Independent Auditors' Report

Director
United States Government Publishing Office

Inspector General
United States Government Publishing Office

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of the United States Government Publishing Office (GPO), which comprise the consolidated balance sheets as of September 30, 2025 and 2024, and the related consolidated statements of revenues, expenses, and changes in retained earnings, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of GPO as of September 30, 2025 and 2024, and the results of its operations and its cash flows for the years then ended in accordance with U.S. generally accepted accounting principles.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of GPO and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Other Matter - Interactive Data

Management has elected to reference to information on websites or other forms of interactive data outside the Annual Report to provide additional information for the users of its consolidated financial statements. Such information is not a required part of the consolidated financial statements. The information on these websites or the other interactive data has not been subjected to any of our auditing procedures, and accordingly we do not express an opinion or provide any assurance on it.

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about GPO's ability to continue as a going concern for one year after the date that the consolidated financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of GPO's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about GPO's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Information

Management is responsible for the other information included in the Annual Report. The other information comprises the *Management Discussion and Analysis* in Section I and *Inspector General's Report* in Section II but does not include the consolidated financial statements and our auditors' report thereon. Our opinion on the consolidated financial statements does not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the consolidated financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements as of and for the year ended September 30, 2025, we considered GPO's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our

opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of GPO's internal control. Accordingly, we do not express an opinion on the effectiveness of GPO's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether GPO's consolidated financial statements as of and for the year ended September 30, 2025 are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, and contracts, noncompliance with which could have a direct and material effect on the consolidated financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of the Other Reporting Required by Government Auditing Standards

The purpose of the communication described in the Report on Internal Control Over Financial Reporting and the Report on Compliance and Other Matters sections is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of GPO's internal control or compliance. This communication is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering GPO's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
