GPO PRINT PROCUREMENT PROGRAM CONTINUES TO HELP LOCAL BUSINESSES DURING THE PANDEMIC

WASHINGTON – The U.S. Government Publishing Office’s (GPO) print procurement program awarded nearly \$401.6 million in contracts with private sector printing companies across the country to meet the printing and publishing needs of Federal agencies in fiscal year 2021. Nearly 82% of all printing ordered by Federal agencies from GPO is performed by private sector firms working under contract with the agency. GPO typically awards contracts to 1,000–2,000 printing contractors a year on a competitive basis. Nearly 10,000 companies are registered to do business with the agency, using GPO as their one-stop shop for print and related services contract opportunities. In fiscal year 2021, GPO awarded jobs to vendors in all 50 states, plus the District of Columbia, Puerto Rico, the Virgin Islands, and Guam. GPO’s relationship with the private sector dates back to the 1940s. This program provides significant economic opportunity for the printing industry and local economies.

GPO’s top contractors for FY2021:

ACR III LSC HLD OWENSVILLE	\$41.0 million
XEROX SPEC. INFO. SYS.	\$30.8 million
NPC INC.	\$28.0 million
LEXMARK INTERNATIONAL, INC.	\$10.7 million
ADVANTAGE MAILING LLC	\$9.8 million
MONARCH LITHO, INC.	\$9.6 million
RICOH USA INC.	\$9.3 million
QUAD GRAPHICS-CHALFONT	\$7.9 million
BANKNOTE CORP. OF AMERICA	\$7.9 million
AMSIVE OH LLC	\$7.7 million

“GPO is proud to support local economies and create jobs through its long-standing procurement program, even as America’s printing industry continues to feel the residual effects of the COVID pandemic this past year,” said GPO Director Hugh Nathaniel Halpern.

NEWS RELEASE

Keeping America Informed for 160 Years | 1861–2021

“We thank our private sector partners for helping GPO meet the printing and publishing needs of Federal agencies.”

Studies by the Government Accountability Office (GAO) and the Joint Committee on Printing have shown that the most cost-effective use of Federal agency printing dollars is through GPO's partnership with the private sector printing and information product industry. Federal agencies realize significant savings by using GPO, as compared to printing products themselves. In addition, when agencies use GPO, their information products are made available to the public through GPO's Federal Depository Library and Publications and Information Sales programs.

GPO is the Federal Government's official, digital, secure resource for producing, procuring, cataloging, indexing, authenticating, disseminating, and preserving the official information products of the U.S. Government. The GPO is responsible for the production and distribution of information products and services for all three branches of the Federal Government, including U.S. passports for the Department of State as well as the official publications of Congress, the White House, and other Federal agencies in digital and print formats. GPO provides for permanent public access to Federal Government information at no charge through www.govinfo.gov and partnerships with approximately 1,100 libraries nationwide participating in the Federal Depository Library Program. For more information, please visit www.gpo.gov.
