

For Contractors doing business with GPO Acquisition Services

GPO is fully funded for fiscal year 2019, and is unaffected by the partial federal government shutdown. GPO facilities and operations are open.

During this partial shutdown, all contractors who are currently awarded contracts shall continue performing in accordance with the terms of their contracts. Any contract holder adversely affected by the shutdown will be notified directly.

If you have any questions, please email rclark@gpo.gov or lbaptiste-jones@gpo.gov.

Your support is greatly appreciated.

For Printing and Related Services for Contractors Doing Business with GPO Customer Services

GPO is fully funded for fiscal year 2019, and is unaffected by the partial federal government shutdown. GPO facilities and operations are open.

During the partial shutdown, contractors should continue performance on contracts already awarded which are already supported with agency funds. Contractors must continue to fully comply with the terms and conditions of these contracts. Deliveries, proof approvals, and press sheet inspections for agencies that are closed may be negatively impacted. It is recommended that contractors contact a Government employee at the delivery location to confirm their availability to receive.

Schedules and other adjustments will be made in accordance with Contract Terms. Contractors should use caution to safeguard all products during any delivery delays.

Please continue to check the [Contract Opportunities](#) and [Online Small Purchase Opportunities](#) for procurements.

If you have any questions on a particular contract, please contact the Customer Services [contract administrator](#) for your contract.
