No extra time can be allowed for this reproofing; such operations must be accomplished within the original production schedule allotted in the specifications.

SECTION 4 – PACKING/CARTONS/LABELING/ADDRESSING/PALLETIZING FOR IRS COPIES:

4.1 PACKING: Pack approximately 1,493,208 (excluding blue labels) copies into approximately 20,739 shipping containers. Currently each carton contains approx. 72 copies packed in two (2) even stacks of 36 copies each with full size corrugated boards on top and bottom of stacks. Containers must be packed solid to avoid copies being damaged during
transit. Container weight must not exceed 32lbs when fully packed. **NOTE:** The final page count may increase/decrease the total number of copies per carton. Pack GPO 11 copies suitably.

4.2 CARTONS: Cartons must be corrugated or solid fiber shipping containers, 1380 kPa (200 psi) minimum bursting strength and minimum edge crush strength of 35 psi. Bottom flaps must be glued or sealed with polyester tape 2 to 3” width, minimum 12 kNn (65 lbs./inch) transverse tensile strength. Top flaps of cartons must be securely sealed at top with 2 to 3” paper or polyester tape (not reinforced). Cartons must be packed solid. Cartons must not have excessive air space (dunnage) when fully packed to prevent crushing or deformation. Cartons must not open nor split during transit through the motor freight/airfreight carrier delivery systems.

Stapling of top or bottom flaps on cartons, furnishing cartons with separate lids, overstuffing or crowning cartons, and sealing cartons with plastic strapping is strictly prohibited.

**If carton weight exceeds 32lbs when fully packed,** contractor must email Terri Skyrm at Theresa.L.Skyrm@irs.gov for resolution prior to packing. Carton filler (if necessary) must be composed of material that can be easily removed without damaging contents. Packing peanuts or beads are strictly prohibited. Contractor must determine exact dimensions of carton in accordance with the trim size and weight of product produced. **The exterior dimensions of all cartons must not exceed** 171/2” (L) x 11-1/2” (W) x 9” (D).

4.3 LABELING/MARKING: EACH carton must contain an IRS carton label Form 6153 (see Exhibit 6) generated from the provided pdf. Handwritten labels and contractor stream-lined or recreated labels are strictly prohibited. Contractor is required to produce the appropriate number of IRS carton labels needed for this contract on white paper or white adhesive label stock, in black ink, and reproduced the same size as the pdf provided. The completed IRS carton label must be affixed securely to one end of the carton only (never on top, long-side, or bottom). The IRS carton label MUST NEVER be affixed such that it extends over the edge and onto an adjacent side.

For all IRS carton labels (Form 6153), the contractor is required to update/enter the Carton # of # for each address; the “To (Consignee---complete address)” and the “From---contractor’s address,” fields electronically in black ink, and minimum 12pt type. If the remaining fields on the furnished IRS carton label are blank, or the quantity stated on the carton label is not the same quantity being packed within the carton, the contractor must notify Terri Skyrm @ Theresa.L.Skyrm@irs.gov to resolve the discrepancy prior to creating labels and packing.

If pallets are required, and in addition to a completed IRS Form 6153 being applied to each carton, **contractor must securely affix a completed IRS carton label to all four sides of the stretch wrap and to the top of each pallet.** In addition, the labels affixed to cartons on pallets must be facing out to be easily read, once palletized.

**Small Package Carrier (SPC) Labeling:** In addition to the IRS container label (Form 6153), a contractor created SPC label must be securely affixed to EACH carton shipping via SPC. The SPC label must be affixed securely to the TOP of the container. The SPC carton label MUST NEVER be affixed such that it extends over the edge and onto an adjacent side.

Currently, IRS uses UPS as the Small Package Carrier. Contractor MUST generate UPS shipping labels electronically. It is the responsibility of the contractor to be familiar with electronic shipping methods via UPS. There are many ways to generate electronic shipping labels, either through a UPS shipping system (UPS WorldShip System or UPS Internet Shipping), or a 3rd Party Shipping Software (Pitney Bowes Shipping Software, etc.).

From the furnished distribution (.csv) files, the contractor must image/print approximately 10 lines, in black ink, on each SPC label. Imaging/Printing on each SPC label consists of: recipient’s account number on first line (i.e. TF 123456A or p123456789); recipient’s name, and 10-digit telephone number (if supplied) on second line; recipient’s street address on third line; recipient’s city and state on fourth line; Bloomington, IL return address in top left-hand corner of all SPC and USPS labels; and two (2) reference lines at bottom of SPC label.
Contractor must image/print in black ink the following return address on all contractor created UPS and USPS labels:

Internal Revenue Service  
National Distribution Center  
2525 Revenue Drive  
Bloomington, IL 61705-2500.

Imaging/Printing of UPS labels must meet all UPS requirements and regulations at time of shipping.

UPS shipping systems provides two (2) reference fields that are required to be imaged or printed in black ink on each label created by the contractor. Reference fields 1 and 2 below must be imaged or printed in black ink, minimum 12pt type.

1. Reference Field 1: IRS requisition number and GPO jacket number (i.e. 3-00681/421-001
2. Reference Field 2: TAC or TFOP (as applicable)

**USPS Parcel Select Labeling:** In addition to the IRS container label (Form 6153), a contractor created Parcel Select mailing label must be securely affixed to the TOP of the carton. The USPS mail label MUST NEVER be affixed such that it extends over the edge and onto an adjacent side.

In addition to the “Postage and Fees” mailing indicia, the contractor must image/print approximately twelve (12) lines from the furnished distribution (.csv) files in black ink, minimum 12pt type, on each USPS label. Imaging/Printing on each USPS label consist of: recipient’s account number on first line (i.e. p123456789 or TF123456A); recipient’s name, and 10-digit telephone number (if supplied) on second line; recipient’s street address on third line; recipient’s city and state on fourth line; Intelligent Mail parcel barcode (IMpb) created by the contractor per the Domestic Mail Manual (DMM) requirements at time of mailing; Bloomington, IL return address in top left-hand corner of all USPS labels; Penalty for Private Use $300 under return address; and two (2) reference fields at bottom of USPS label.

The two (2) reference fields required at the bottom of each USPS label are:

1. Reference Field 1: IRS requisition number and GPO jacket number (i.e. 3-00681/421-001
2. Reference Field 2: TAC or TFOP (as applicable)

**Caution:** In the event that cartons are mislabeled, incorrect carton labels and/or incorrect pallets are utilized, cartons are crushing, collapsing, or bursting due to the cartons not being packed per contract, labels are not securely affixed to the cartons/pallets or labels are affixed to the incorrect area of the cartons/pallets, cartons are not layered correctly on the pallets, pallets are not wrapped properly and securely, the shipment will either be returned to the contractor to be corrected/replaced or the contractor will be required to make the corrections/replacements on site, with all costs borne by the contractor. Contractor must make all corrections and/or replace all damaged materials within 24 hours of notification via email. If the corrections and or replacements are not completed by the contractor within 24 hours of notification, the Government will hire an outside vendor to make all corrections and/or replacements (except printed product contained within cartons) and the contractor will borne all costs incurred by the Government.

**4.4 COPIES DAMAGED IN TRANSIT:** CONTRACTOR MUST REPLACE AND SHIP ALL COPIES DAMAGED IN TRANSIT WITHIN 24 HOURS OF DEFICIENCY NOTIFICATION, VIA OVERNIGHT DELIVERY. CONTRACTOR WILL BE NOTIFIED OF THE DEFICIENCY VIA EMAIL. CONTRACTOR WILL INCUR ALL CHARGES TO REPLACE AND SHIP DAMAGED COPIES.

**4.5 PALLETS:** All shipments to a single destination weighing more than 750lbs., require pallets. Pallets must be type III and must conform to Federal Specifications NN-P-71C, and any amendments applicable except for dimensions and single center stringer. Pallets must be 48” in length, 40” in width, and must not exceed 5” in height. Full entry MUST be on the 40” width. See Exhibit 7. Strict adherence to these dimensions is necessary to accommodate storage requirements as well...
as ease of packing into freight carrier trailers. Cartons shall be stacked on pallets using a reverse layer pattern, 9 cartons per layer, with a maximum height of 55”, including pallet. Each carton contained on a pallet must show the completed IRS label (Form 6153) on the exposed side, once palletized. Cartons must be fastened securely to the pallet in a manner that will prevent movement during transit but permit ready removal, without damage to the cartons, at destinations. The use of metal strapping or pallet caps for securing material on pallets is strictly prohibited. NOTE: More than one partial pallet per destination is strictly prohibited.

DOUBLE-STACKING PALLET WHEN LOADING INTO TRUCK/TRAILER FOR SHIPPING IS STRICTLY PROHIBITED.

Bill of materials list: A list must be compiled detailing the items on each truck and the quantities per item. Each pallet must be identified on two sides with a minimum 3" high number in black. The number on the pallet must correspond to the number on the list. The list is to be on a bright color stock and inserted into a minimum 4 x 4” plastic sleeve or on white stock and inserted into a bright colored sleeve and affixed to the last pallet on each truck.

SECTION 5 – DISTRIBUTION (MAILING/SMALL PACKAGE CARRIER/MOTOR FREIGHT/AIR FREIGHT):

Approx. 1,493,208(excludes 200 “Blue Label copies”) copies ship/mail f.o.b. contractor city to approx. 4,440 destinations.

NOTE: Unless otherwise specified in writing from the IRS, the contractor must ship/mail f.o.b. contractor city in the following sequence:

(1st) TAC/POD (i.e. accounts appearing in file as “p123456789”) destinations must ship/mail complete by January 11, 2023. In addition, destinations furthest from contractor’s shipping location must ship first; destinations closest to contractor’s shipping location must ship last. Approximately 110,808 copies will ship/mail f.o.b. contractor’s city to approximately 340 destinations.

(2nd) TFOP (i.e. accounts appearing in file as “TF123456A”) destinations must ship/mail complete by January 18, 2023. In addition, destinations furthest from contractor’s shipping location must ship first; destinations closest to contractor’s shipping location must ship last. Approximately 1,382,400 copies will ship/mail f.o.b. contractor’s city to approximately 4,100 destinations.

Contractor must ship 200 “Blue Label” (included) copies f.o.b. contractor city via IRS furnished SPC account number.

*NOTE: SHIP GPO COPIES FOB DESTINATION*

NOTE: If there is a discrepancy between the suggested transportation mode indicator in the furnished distribution files and the contract specifications, contractor must immediately notify Terri Skyrm at Theresa.L.Skyrm@irs.gov for resolution prior to labeling and shipping.

If contractor ships or mails incorrectly, contractor will borne all additional costs incurred by the Government.

All expenses incidental to picking up GPO government furnished materials (if required) and furnishing three (3) production samples to Lanham, MD must be borne by the contractor.
5.1 DOMESTIC MAIL (DM): Mailings must be made at Parcel Select DNDC/DSCF Presort and Parcel Select postage rates as applicable.

The DM transportation mode applies when:

- An address contains a P.O. Box and a street address is NOT present within the same line in the distribution file.
- An address is an APO, FPO, or U.S. Post Office destination.

The contractor must comply with all U.S. Postal Service regulations/requirements governing the preparation of Parcel Select DNDC/DSCF Presort and Parcel Select rate mailings which are in effect at the time of the mailing, including the issuance of the required USPS forms (mailing statements), the weighing of shipments (mail manifests), etc.

Mailings that do not qualify for Parcel Select postage rates must be mailed reimbursable Standard Post. Contractor must create the Standard Post mailing label and the label must contain the same information and format required for the Parcel Select label (excluding the Parcel Select mailing indicia). Contractor must apply the appropriate postage to each mailing. Contractor will be reimbursed for Standard Post postage by submitting a properly completed Postal Service (or equivalent) form with the voucher for billing.

The contractor is cautioned that “Postage and Fees Paid” Parcel Select indicia may only be used for mailing material produced under this contract.

The contractor MUST meet with local postal authorities before the start of production to make arrangements for verification and DNDC/DSCF Parcel Select manifest approvals. The Domestic Mail Manual and other related USPS publications for Parcel Select mailings must be adhered to by all mailers.

The U.S. Postal Service will require that each DNDC/DSCF rate mailing be deposited at a time and location specified through an appointment procedure. The contractor will be responsible for scheduling the deposit of all DNDC/DSCF rate mailings at least five (5) workdays in advance by contacting the manager, logistics and distribution, or designee, at the designated DNDC/DSCF, etc. The contractor must comply with the scheduled time.

Mailing Manifests: Contractor must provide mailing manifests on 2-part NCR paper. Part 1 is the USPS copy, and Part 2 is the contractor copy. Contractor must weigh at least 10 full cartons containing copies to determine the accurate weight for each carton size. This procedure is both necessary and critical for providing an accurate manifest to the Postal Service for verification purposes.

Priority Mail (if required): A carton label will be provided for any cartons which must be shipped priority mail. The contractor must print the necessary quantity of priority mail labels required. Priority mail labels must be affixed to the top of each carton. Hand stamping of priority mail cartons is unacceptable. IRS priority mail must be entered into the contractor’s local post office for mailing. Contractor will provide manifests for delivered permit mail labels. The contractor must prepare the appropriate postal service forms for turnover to the local postal authorities.

5.2 SMALL PACKAGE CARRIER (SPC) Contractor’s City Shipments: Contractor must ship via SPC Ground services when the SC transportation mode applies. The SC (also known as SPC) transportation mode applies when:

- A street address is a non-expedited (ground) shipment weighing less than 750lbs to one destination within the 48 contiguous states, Alaska, Hawaii, or Puerto Rico.

NOTE: When an address contains both a P.O. Box and a street address, and the shipment weighs less than 750lbs but is NOT an APO, FPO, or U.S. Post Office location, contractor must disregard the P.O. Box and utilize the street address. In addition, the SPC label must not contain the P.O. Box.
• International packages (if required) weighing less than 500 lbs to one destination will be sent via small package carrier World Wide Express services.

• Expedited (air) shipments (if required) weighing less than 500 lbs. to one destination within the 48 contiguous states, Alaska, Hawaii or Puerto Rico must be sent via small package carrier 2nd Day air services.

The IRS will notify the contractor when expedited shipments are required. Contractor must not use Next Day or Second Day Air options unless authorized by the IRS.

The IRS will provide an IRS small package account number. The Contractor must notify Terri Skyrm at Theresa.L.Skyrm@irs.gov, at least 10 days prior to the first scheduled ship date to ensure an account number has been established, and/or is valid. If there is any uncertainty concerning the instructions for small package carrier shipments, the contractor must notify Terri Skyrm at least one (1) week prior to the first ship date for clarification.

If multiple small package carriers are to be used, an account number will be assigned for each carrier. Contractor is required to ship IRS copies using the IRS designated carrier(s) and their assigned account number(s), or the contractor will be responsible for any additional shipping costs incurred by the Government.

Contractors are required to use a two-part manifest shipping report for each carrier that includes both a summary page and detailed shipping pages. The summary page is compiled using the information from the detailed shipping pages. The summary page must include the following information: 1) ship date; 2) shipper name; 3) complete address; 4) account number; 5) requisition number; and 6) totals for number of pieces and weight categorized by zone with grand totals for each.

The detailed shipping pages should include the following information for each package listed: 1) Account Number; 2) consignee’s name; 3) complete consignee address; 4) zone; 5) weight; and 6) the matching shipper receipt portion of the traceable label. The original copy of the report should accompany the shipment.

The contractor must notify UPS of the amount to be picked up to allow for the carrier to provide adequate equipment for the pickup.

Email Notification: When an email address is present in the .csv distribution files, the contractor is required to send a same day email notification of the shipment to the email address listed. All email notifications must include the following: IRS product short title; scheduled delivery date; recipient’s name and address; number of packages; type of service; weight; SPC tracking number and a link to the SPC website; and reference numbers (reference field 1 (IRS requisition number and GPO jacket number) and reference field 2 (IRS type of account and account number (i.e. p123456789 or TF123456A). See Exhibit 8.

NOTE: All returned emails should be set to automatically forward to: wi.tdfs.upsundelive@irs.gov.

Within three (3) workdays of shipping complete, the contractor must email the SPC shipping manifest including a “TRACK IT” link for each destination to Theresa.L.Skyrm@irs.gov.

5.3 MOTOR FREIGHT (MF) Contractor’s City Shipments: Contractor must ship via Motor Freight when the total shipping weight to a single destination is 750lbs or more, unless otherwise instructed by the Government. All Motor Freight shipments will be completed by an Internal Revenue Bill of Lading. IRBL(s) will be furnished to the contractor electronically by the IRS Postal & Transport Policy Office. If an IRBL(s) is/are not provided at least seven (7) workdays prior to the first shipment date, the contractor must notify Roy Murdoch @ 309-556-5076 or Roy.M.Murdoch@irs.gov, or Tamara Franklin @ 309-556-5017 or Tamara.M.Franklin@irs.gov immediately to make arrangements to receive IRBLs. The contractor will be required to complete information including but not limited to: total weight of shipment; number of cartons; number of pallets on the IRBL(s) prior to shipment.
The IRBL(s) will have designated carriers identified that provide special negotiated freight rates for IRS shipments. **Contractor must contact the designated carrier listed on the IRBL at least two (2) days prior to first ship date to schedule a date and time for pickup.** If the contractor has any difficulty getting the designated carrier to confirm a scheduled pickup, contractor must immediately contact Roy Murdoch or Tamara Franklin between the hours of 8:30 AM and 4:00PM eastern standard time.

The contractor must not change the designated carrier(s) without prior written approval from the IRS. In the event the designated carrier(s) cannot be utilized, or if the contractor experiences a problem with the designated carrier, the contractor must immediately contact Roy Murdoch @ 309-556-5076 or Roy.M.Murdoch@irs.gov, or Tamara Franklin @ 309-556-5017 or Tamara.M.Franklin@irs.gov to obtain alternate carrier(s) authorization. NOTE: If the contractor uses a carrier other than the designated carrier without prior written approval from the IRS, the contractor will be held responsible for any additional shipping costs incurred.

**Multiple Truckload Shipments:** Whenever possible full truckloads should be utilized (e.g., use a full truckload and a partial truckload rather than two partial truckloads). The contractor will be provided multiple IRBLs for shipments to an individual destination exceeding a truckload. Only one bill of lading should be released for each truckload.

The contractor is accountable to the IRS for all IRBL(s) furnished under this contract. Use of IRBLs for shipments not authorized by the IRS is strictly prohibited.

Within two (2) workdays of shipping complete, the contractor must email IRBLs containing truckers’ signatures and dates copies were picked up from contractor’s plant to Theresa.L.Skyrm@irs.gov.

In addition, contractor must notify IRS of all unused IRBL numbers furnished under this contract. Notification of unused IRBL numbers must be emailed to Theresa.L.Skyrm@irs.gov. Any unused bills of lading must be destroyed by the contractor.

**5.4 AIR FREIGHT SHIPMENTS (if required):** The contractor will be notified by the IRS if Air Freight Shipments are required. Air bills will be provided by the IRS for shipments weighing 500lbs or more to a single destination. Shipments weighing less than 500lbs must be sent via UPS Air Express – Next or Second Day delivery. The contractor must contact the designated air freight carrier to coordinate all air shipments and, verify acceptance of pallets and maximum pallet weight is within that specific carrier’s allowable weight limit.

Within two (2) workdays of shipping complete, the contractor must email IRBLs containing air freight carrier signatures and/or UPS manifest including a “TRACK IT” link for each destination to Theresa.L.Skyrm@irs.gov.

**5.5 DEPARTMENTAL RANDOM “BLUE LABEL” COPIES:** The contractor MUST submit 200 departmental random copies at the completion of production to test for compliance against specifications. The contractor must divide their total quantity into equal sublots and select 1 copy from a different general area of each sublot. The contractor will be required to execute the "Certificate of Selection of Random Copies", furnished by GPO, certifying that copies were selected as directed.

These randomly selected copies must be packed and identified by a special Government-furnished Blue label, affixed to each affected container. Shipping of blue labels for multiple items in a single container is strictly prohibited. Additional labels, if needed, are to be reproduced by contractor on Blue stock. The container and its contents shall be recorded separately on all shipping documents and sent to Internal Revenue Service, National Distribution Center, 2525 Revenue Drive, Bloomington, IL 61705-2500. Submit a copy of the SPECIFICATIONS and the signed Government-furnished "Certificate of Selection of Random Copies", along with the Departmental Random Copies.

ELITE | Distribution List

Beginning Oct 1, 2011, contractor lists provided by Distribution Requirements personnel will be provided in comma delimited format versus Microsoft Excel. This will provide for a smaller file size, resulting in a more efficient transmission. Additionally, the new distribution files will have additional fields added. The new fields will reduce the amount of file manipulation needed by the contractor and allow for easier direct import into a shipping system.

Below is an overview of fields that will be included in the new file, along with the corresponding field in the UPS WorldShip system software.

Form 13456 (Rev. 12-2010) Catalog Number 304H/A  www.irs.gov  Department of the Treasury - Internal Revenue Service
Instructions for Form 13456, IRS Publishing Postage Report

Publishing Specialist Instructions. Publishing Specialists must complete the fields in the “IRS Use Only” section of the form. Once these fields are complete, use the “Look IRS fields” button at the top of the page to lock the fields and allow the “Email” and “Continuation Page” buttons to be visible. Then attach the Form 13456 in a separate email and send it to the contractor.

Contractor Instructions: Contractors must complete and submit via email a portable document format (PDF) file to the IRS within three (3) workdays after each turnaround of the product to the USPS. Details to fill in the data fields, rename the PDF, and email the PDF are below. Scanned pages of the Form 13456 will not be accepted.

1) Fill in contractor and postage data fields
Form 13456 is provided as a fillable PDF file. Each field for the contractor to complete is listed below with specific instructions as needed.

- Name of contractor
- Contact person at contractor’s office
- Telephone number of contact person
- Email address of contact person
- Mailing start date: The date the first piece is mailed
- Mailing end date: If not all pieces were sent on the start date, this is the date the last piece is mailed
- Mailings: (Optional). Check this box to note there will be multiple mailings
- Wave: (Optional). Check this box to note that the multiple mailings will be sent in “waves”. Use the blank fields next to this check box to distinguish the number of current waves from the number of total waves.
- Zip Code: The ZIP code of the post office from which pieces are mailed
- Date on Mailing Statement: The mailing date on the postage statement
- Pieces Mailed: The number of envelopes, containers, or cartons, etc., that is mailed
- Copies Mailed: The total number of items inside each envelope, container, or carton, etc., that is mailed
- Postage Amount: The total dollar amount listed on each postage statement
- Postage Statement Type: Use the pull down menu to designate which type of postage statement (i.e. USPS Form 3602, 3602-R, 3600, 3607-R) was used.

Form 13456 must contain only postage information for the IRS requisition number at the top of the form. Contractor must not combine postage associated with multiple print orders/requisition numbers on a single form.

If all the lines on the front of Form 13456 are filled in, use the “Add New Mailing Rows” button to add another row of data fields.

2) Electronically attach postage statements to Form 13456
Use the “Add Attachment” button at the bottom of Form 13456 to attach postage statement copies. This PDF file must contain the front page of Form 13456 and all continuation sheets (if applicable) and, copies of all postage statements that are associated with the requisition number listed on Form 13456. This results in a new PDF.

3) Rename the new PDF as per the contract specifications
Prior to emailing the new PDF file, the contractor must rename the file. The PDF file must be named using nine (9) digits of the IRS Requisition Number, the first five (5) digits of the Post Office Zip Code, Mailing start date (MMDDYY), Mailing end date (MMDDYY) and .pdf (see below).

Example: For requisition number 20YY-12345, the file name will be: 20YY-12345_16625_01-02-YY_01-15-YY.pdf.

In the event the “mailing start date” and the “mailing end date” are the same, the contractor must enter the same date twice in the renamed file (see below).

Example: For requisition number 20YY-168345, the file name will be: 20YY-168345_16625_01-02-YY_01-02-YY.pdf.

4) Email the new PDF (Form 13456 with all attached postage statements)
Use the “Email to IRS …” button on the front of Form 13456 to email the PDF to:

- postags@publish.no-irs.gov
- Publishing Specialist’s email address

The PDF file should be sent in a single email when possible. The total file size of the email must be 10 MB or less. If the file size is larger than 10 MB, the contractor must create multiple PDF files, and add a suffix to the end of each file name starting with the letter “a” then “b”, etc. (i.e. 20YY-168345_16625_01-02-YY_01-15-YYa.pdf).

The contractor is responsible for the accuracy of the information returned to the IRS. Any delay or missing data could result in a delay of payment.
