SECURITY REQUIRMENTS: Contractor must maintain 100% accountability in the accuracy of imaging and mailing of all pieces throughout run. The Contractor must ensure that there are no missing or duplicate pieces and/or pieces with mis-imaged data. The Contractor must also ensure that no defective pieces enter the mail stream.

It is the contractor's responsibility to properly safeguard personally identifiable information (PII) from loss, theft, or inadvertent disclosure and to immediately notify the Government of any loss of personally identifiable information. PII is "information which can be used to distinguish or trace an individual's identity, such as their name, social security number, biometric records, etc., alone, or when combined with other personal or identifying information which is linked or linkable to a specific individual, such as date and place of birth, mother's maiden name, etc." (Ref.: OMB Memorandum 07-16.) Other specific examples of PII include, but are not limited to:

- a. Personal identification number, such as passport number, driver's license number, taxpayer identification number, or financial account or credit card number.
- b. Address information, such as street address or personal email address.
- c. Personal characteristics, including photographic image (especially of face or other distinguishing characteristic), fingerprints, handwriting, or other biometric image or template data (e.g., retina scans, voice signature, facial geometry).

SECURITY CONTROL PLAN: The contractor shall maintain in operation an effective security system where items by these specifications are manufactured and/or stored (awaiting distribution or disposal) to assure against theft and/or the product ordered falling into unauthorized hands.

Contractor is cautioned that no Government provided information shall be used for non- government business. Specifically, no Government information shall be used for the benefit of a third party.

The Government retains the right to conduct on-site security reviews at any time during the term of the contract.

The plan shall contain at a minimum:

- (1) How Government files (data) will be secured to prevent disclosure to a third party prior to and after termination of contract.
- (2) Explain how all accountable materials will be handled throughout all phases of production
- (3) How the disposal of waste materials will be handled.
- (4) How all applicable Government-mandated security/privacy/rules and regulations as cited in this contract shall be adhered to by the contractor.

This proposed plan is subject to review and approval by the Government and award will not be made prior to approval of same.

CMS CLAUSE 11: CMS INFORMATION SECURITY PAGE 1 OF 2

CMS Clause-11
CMS Information Security
Date: April 2008
Page 1 of 2

This clause applies to all organizations which possess or use Federal information, or which operate, use or have access to Federal information systems (whether automated or manual), on behalf of CMS.

The central tenet of the CMS Information Security (IS) Program is that all CMS information and information systems shall be protected from unauthorized access, disclosure, duplication, modification, diversion, destruction, loss, misuse, or theft—whether accidental or intentional. The security safeguards to provide this protection shall be risk-based and business-driven with implementation achieved through a multi-layered security structure. All information access shall be limited based on a least-privilege approach and a need-to-know basis, i.e., authorized user access is only to information necessary in the performance of required tasks. Most of CMS' information relates to the health care provided to the nation's Medicare and Medicaid beneficiaries, and as such, has access restrictions as required under legislative and regulatory mandates.

The CMS IS Program has a two-fold purpose:

- (1) To enable CMS' business processes to function in an environment with commensurate security protections, and
- (2) To meet the security requirements of federal laws, regulations, and directives.

The principal legislation for the CMS IS Program is Public Law (P.L.) 107-347, Title III, *Federal Information Security Management Act of 2002 (FISMA)*, <http://csrc.nist.gov/drivers/documents/FISMA-final.pdf>. FISMA places responsibility and accountability for IS at all levels within federal agencies as well as those entities acting on their behalf. FISMA directs Office of Management and Budget (OMB) through the Department of Commerce, National Institute of Standards and Technology (NIST), to establish the standards and guidelines for federal agencies in implementing FISMA and managing cost-effective programs to protect their information and information systems. As a contractor acting on behalf of CMS, this legislation requires that **the Contractor shall:**

- Establish senior management level responsibility for IS,
- Define key IS roles and responsibilities within their organization,
- Comply with a minimum set of controls established for protecting all Federal information, and
- Act in accordance with CMS reporting rules and procedures for IS.

Additionally, the following laws, regulations and directives and any revisions or replacements of same have IS implications and are applicable to all CMS contractors.

- P.L. 93-579, *The Privacy Act of 1974*,
<http://www.usdoj.gov/oip/privstat.htm>, (as amended);
- P.L. 99-474, *Computer Fraud & Abuse Act of 1986*,

Paperwork Reduction Act of 1978, as amended in 1995, U.S. Code 44 Chapter 35, www.archives.gov/federal-register/laws/paperwork-reduction;

- P.L. 104-208, *Clinger-Cohen Act of 1996* (formerly known as the Information Technology Management Reform Act), http://www.cio.gov/Documents/it_management_reform_act_Feb_1996.html;
- P.L. 104-191, *Health Insurance Portability and Accountability Act of 1996* (formerly known as the Kennedy-Kassenbaum Act) <http://aspe.hhs.gov/admsimp/pl104191.htm>;

- OMB Circular A-130, *Management of Federal Information Resources*, Transmittal 4, November 30, 2000, <http://www.whitehouse.gov/omb/circulars/a130/a130trans4.html>;
- NIST standards and guidance, <http://csrc.nist.gov/>; and,
- Department of Health and Human Services (DHHS) regulations, policies, standards and guidance <http://www.hhs.gov/policies/index.html>

These laws and regulations provide the structure for CMS to implement and manage a cost-effective IS program to protect its information and information systems. Therefore, **the Contractor shall** monitor and adhere to all IT policies, standards, procedures, directives, templates, and guidelines that govern the CMS IS Program, <http://www.cms.hhs.gov/informationsecurity> and the CMS System Lifecycle Framework, <http://www.cms.hhs.gov/SystemLifecycleFramework>.

The Contractor shall comply with the CMS IS Program requirements by performing, but not limited to, the following:

- Implement their own IS program that adheres to CMS IS policies, standards, procedures, and guidelines, as well as industry best practices;
- Participate and fully cooperate with CMS IS audits, reviews, evaluations, tests, and assessments of contractor systems, processes, and facilities;
- Provide upon request results from any other audits, reviews, evaluations, tests and/or assessments that involve CMS information or information systems;
- Report and process corrective actions for all findings, regardless of the source, in accordance with CMS procedures;
- Document its compliance with CMS security requirements and maintain such documentation in the systems security profile;
- Prepare and submit in accordance with CMS procedures, an incident report to CMS of any suspected or confirmed incidents that may impact CMS information or information systems; and
- Participate in CMS IT information conferences as directed by CMS.

CMS SPECIFIC PROVISIONS FOR ALL NEW SOLICITATIONS AND CONTRACTS:

Security Clause -Background - Investigations for Contractor Personnel

If applicable, Contractor personnel performing services for CMS under this contract, task order or delivery order shall be required to undergo a background investigation. CMS will initiate and pay for any required background investigation(s).

After contract award, the CMS Project Officer (PO) and the Security and Emergency Management Group (SEMG), with the assistance of the Contractor, shall perform a position-sensitivity analysis based on the duties contractor personnel shall perform on the contract, task order or delivery order. The results of the position-sensitivity analysis will determine first, whether the provisions of this clause are applicable to the contract and second, if applicable, determine each position's sensitivity level (i.e., high risk, moderate risk or low risk) and dictate the appropriate level of background investigation to be processed. Investigative packages may contain the following forms:

1. SF-85, Questionnaire for Non-Sensitive Positions, 09/1995
2. SF-85P, Questionnaire for Public Trust Positions, 09/1995
3. OF-612, Optional Application for Federal Employment, 12/2002
4. OF-306, Declaration for Federal Employment, 01/2001
5. Credit Report Release Form
6. FD-258, Fingerprint Card, 5/99, and
7. CMS-730A, Request for Physical Access to CMS Facilities (NON-CMS ONLY), 11/2003.

The Contractor personnel shall be required to undergo a background investigation commensurate with one of these position-sensitivity levels:

1) High Risk (Level 6)

Public Trust positions that would have a potential for exceptionally serious impact on the integrity and efficiency of the service. This would include computer security of a major automated information system (AIS). This includes positions in which the incumbent's actions or inaction could diminish public confidence in the integrity, efficiency, or effectiveness of assigned government activities, whether or not actual damage occurs, particularly if duties are especially critical to the agency or program mission with a broad scope of responsibility and authority.

Major responsibilities that would require this level include:

- a. development and administration of CMS computer security programs, including direction and control of risk analysis and/or threat assessment;

- b. significant involvement in mission-critical systems;
- c. preparation or approval of data for input into a system which does not necessarily involve personal access to the system but with relatively high risk of causing grave damage or realizing significant personal gain;
- d. other responsibilities that involve relatively high risk of causing damage or realizing personal gain;
- e. policy implementation;
- f. higher level management duties/assignments or major program responsibility; or
- g. independent spokespersons or non-management position with authority for independent action.

2) Moderate Risk (Level 5)

Level 5 Public Trust positions include those involving policymaking, major program responsibility, and law enforcement duties that are associated with a "Moderate Risk." Also included are those positions involving access to or control of unclassified sensitive, proprietary information, or financial records, and those with similar duties through which the incumbent can realize a significant personal gain or cause serious damage to the program or Department. Responsibilities that would require this level include:

- a. the direction, planning, design, operation, or maintenance of a computer system and whose work is technically reviewed by a higher authority at the High Risk level to ensure the integrity of the system;
- b. systems design, operation, testing, maintenance, and/or monitoring that are carried out under the technical review of a higher authority at the High Risk level;
- c. access to and/or processing of information requiring protection under the Privacy Act of 1974;
- d. assists in policy development and implementation;
- e. mid-level management duties/assignments;
- f. any position with responsibility for independent or semi-independent action; or
- g. delivery of service positions that demand public confidence or trust.

3) Low Risk (Level 1)

Positions having the potential for limited interaction with the agency or program mission, so the potential for impact on the integrity and efficiency of the service is small. This includes computer security impact on AIS.

The Contractor shall submit the investigative package(s) to SEMG within three (3) days after being advised by the SEMG of the need to submit packages. Investigative packages shall be submitted to the following address:

The Contractor shall submit a copy of the transmittal letter to the Contracting Officer (CO).

Contractor personnel shall submit a CMS-730A (Request for Badge) to the SEMG (see attachment in Section J). The Contractor and the PO shall obtain all necessary signatures on the CMS-730A prior to any Contractor employee arriving for fingerprinting and badge processing.

The Contractor must appoint a Security Investigation Liaison as a point of contact to resolve any issues of inaccurate or incomplete form(s). Where personal information is involved, SEMG may need to contact the contractor employee directly. The Security Investigation Liaison may be required to facilitate such contact.

SEMG will fingerprint contractor personnel and send their completed investigative package to the Office of Personnel Management (OPM). OPM will conduct the background investigation. Badges will not be provided by SEMG until acceptable finger print results are received; until then the contractor employee will be considered an escorted visitor. The Contractor remains fully responsible for ensuring contract, task order or delivery order performance pending completion of background investigations of contractor personnel.

SEMG shall provide written notification to the CO with a copy to the PO of all suitability decisions. The PO shall then notify the Contractor in writing of the approval of the Contractor's employee(s), at that time the Contractor's employee(s) will receive a permanent identification badge. Contractor personnel who the SEMG determines to be ineligible may be required to cease working on the contract immediately.

The Contractor shall report immediately in writing to SEMG with copies to the CO and the PO, any adverse information regarding any of its employees that may impact their ability to perform under this contract, task order or delivery order. Reports should be based on reliable and substantiated information, not on rumor or innuendo. The report shall include the contractor employee's name and social security number, along with the adverse information being reported.

Contractor personnel shall be provided an opportunity to explain or refute unfavorable information found in an investigation to SEMG before an adverse adjudication is made. Contractor personnel may request, in writing, a copy of their own investigative results by contacting:

At the Agency's discretion, if an investigated contractor employee leaves the employment of the contractor, or otherwise is no longer associated with the contract, task order, or delivery order within one (1) year from the date the background investigation was initiated by CMS, then the Contractor may be required to reimburse CMS for the full cost of the investigation. The amount to be paid by the Contractor shall be due and payable when the CO submits a written letter notifying the Contractor as to the cost of the investigation. The Contractor shall pay the amount due within thirty (30) days of the date of the CO's letter by check made payable to the "United States Treasury." The Contractor shall provide a copy of the CO's letter as an attachment to the check and submit both to the Office of Financial Management at the following address:

Centers for Medicare & Medicaid Services
PO Box 7520
Baltimore, Maryland 21207

The Contractor must immediately provide written notification to SEMG (with copies to the CO and the PO) of all terminations or resignations of Contractor personnel working on this contract, task order or delivery order. The Contractor must also notify SEMG (with copies to the CO and the PO) when a Contractor's employee is no longer working on this contract, task order or delivery order.

At the conclusion of the contract, task order or delivery order and at the time when a contractor employee is no longer working on the contract, task order or delivery order due to termination or resignation, all CMS-issued parking permits, identification badges, access cards, and/or keys must be promptly returned to SEMG. Contractor personnel who do not return their government-issued parking permits, identification badges, access cards, and/or keys within 48 hours of the last day of authorized access shall be permanently barred from the CMS complex and subject to fines and penalties authorized by applicable federal and State laws.

Work Performed Outside the United States and its Territories

The contractor, and its subcontractors, shall not perform any activities under this contract at a location outside of the United States, including the transmission of data or other information outside the United States, without the prior written approval of the Contracting Officer. The factors that the Contracting Officer will consider in making a decision to authorize the performance of work outside the United States include, but are not limited to the following:

2. All contract terms regarding the confidentiality and privacy requirements for information and data protection
3. All contract terms that are otherwise relevant, including the provisions of the statement of work
4. Corporate compliance
5. All laws and regulations applicable to the performance of work outside the United States
6. The best interest of the United States

In requesting the Contracting Officer's authorization to perform work outside the United States, the contractor must demonstrate that the performance of the work outside the United States satisfies all of the above factors. If, in the Contracting Officer's judgment, the above factors are not fully satisfied, the performance of work outside the United States will not be authorized. Any approval to employ or outsource work outside of the United States must have the concurrence of the CMS SEMG Director or designee.

FAQ Supplement to CMS Security Clause 09A-01

Date: April 4, 2008

Page 1 of 3

CMS Security Clause 09A-01 is a mandatory clause required in all CMS contracts that require background investigations. This Frequently Asked Questions (FAQ) Supplement provides additional information specific to CMS print/mail contracts.

Acronyms

CMS – Centers for Medicare & Medicaid Services, Department of Health and Human Services

OMB – Office of Management and Budget, Executive Office of the President

OPM – United States Office of Personnel Management

PO – CMS Project Officer

PS – CMS Printing Specialist

PSC -- Program Support Center, Department of Health and Human Services

PII – Personally Identifiable Information (i.e. beneficiary name and address)

PIV – Personal Identity Verification

SEMG – CMS Security & Emergency Management Group

Who must apply for and receive a background investigation?

Contractor personnel with access to CMS' beneficiary PII under this contract *may be* required to undergo a background investigation. At a minimum, the two applicants for access to the Gentran mailbox *must* undergo a background investigation anticipated to be at a Public Trust Level 5. Depending on the outcome of the Preaward Security Survey and/or discussion at the Postaward Conference, additional contractor employees and/or subcontractors may be required to undergo background investigations. It is possible that everyone with access to the data processing and production areas, including janitors and maintenance technicians, must undergo a background investigation. SEMG and the PO will make this determination at the Postaward Conference.

Will production employees working on a different production line in the same room be subject to a CMS investigation? Even if they aren't working on a CMS job?

That will be determined by SEMG and the PO at the Postaward Conference. Depending on the sensitivity of the CMS job, it may be necessary to perform a background investigation on everyone with access to all work areas that contain CMS PII during performance of this contract. However, if the production line running the CMS job has limited and controlled access from other production lines, then workers outside of this area would not be subject to a CMS investigation.

What is a Security Investigation Liaison?

The contractor must appoint a Security Investigation Liaison to handle confidential personnel issues that may arise at any point during the background investigation process, and to serve as a point of contact to the Government for background investigation issues. The Liaison's duties will include attending the Postaward Conference, submitting background applications timely, and resolving any issues of inaccurate or incomplete data supplied by background investigation applicants. Where personal information is involved, SEMG may need to contact the background investigation applicant directly. The Security Investigation Liaison may be required to facilitate such contact. It is up to the contractor to decide if this should be the same or a different person who handles technical issues.

Where may I find copies of the forms listed in CMS Security Clause 09A-01?

Forms SF-85, SF-85P, OF-612, and OF-306 can be found on: www.forms.gov. However, applicants may not actually fill out these forms. These forms are listed for the similar data to be collected through "e-QIP" an online background investigation application process; more about that later in this FAQ.

The Credit Report Release Form and the FD-258 Fingerprint Card will be provided if deemed applicable at the Postaward Conference.

Form CMS-730A is provided as an attachment to this contract, contractor may reproduce as necessary at no cost to the Government. Contractor must submit a completed CMS-730A for each background investigation applicant to the PS within 5 workdays after notification by the PS. Original signatures are required on this form; therefore, photocopied signatures or fax transmission is not acceptable.

The Contractor is also required to submit a PIV Spreadsheet listing all background investigation applicants. This Microsoft Excel spreadsheet will be provided to the contractor by the PS after the Postaward Conference. The PIV Spreadsheet collects the following information for each background investigation applicant: SSN, Last Name, First Name, Middle Name, Suffix, Birth Date, City of Birth, County of Birth, Country of Birth, E-mail Address, Home Phone, Previous Federal Government Background Investigations Performed, and Contracting Firm.

Send completed forms to the PS; not to the SEMG address listed on page 3 of the attached CMS Clause-09A-01. As soon as the completed forms are prepared for shipment, the contractor must e-mail transmittal information (carrier, tracking numbers, estimated time of arrival at CMS) to the PS. Email addresses will be provided at the Postaward Conference.

What is "e-QIP"?

E-QIP is a secure internet website sponsored by OPM for submission of background investigation information. After receipt of the properly completed CMS-730A forms and PIV spreadsheet, SEMG will notify Contractor's Security Liaison that background investigation applicants are invited to enter "e-QIP". Background investigation applicants will have a 14 calendar day window to complete the e-QIP online submission. The information requested in e-QIP is similar to Forms SF-85 and SF-85P. OMB has estimated the time to complete the e-QIP application takes an average of 120 minutes. At time of e-QIP invitation notification, SEMG will also notify the Security Liaison if paper copies of Forms OF-612 and OF-306 must also be submitted by the applicants within the same 14 day window. Potential bidders may find additional information about e-QIP on the internet at: <http://www.opm.gov/e-qip/>.

Why do I have to fill out a "Request for Physical Access to CMS Facilities" form?

While it is not anticipated that any contractor personnel will need physical access to CMS property, Form CMS-730A is also used to authorize CMS to perform a background investigation and to certify receipt of Privacy Act information by the applicant. Failure to provide a completed Form CMS-730A will cause a denial of access to CMS computer systems.

Why do I have to travel to CMS Central Office for fingerprinting?

CMS prefers to process electronic fingerprints generated in CMS or PSC offices. Electronic fingerprinting services are available at no cost at the CMS Central Office in Baltimore, and for a fee at each of the regional PSC offices. PSC offices are located in downtown Federal buildings in

the following cities: Boston, New York City, Philadelphia, Atlanta, Chicago, Dallas, Kansas City, Denver, San Francisco, and Seattle. Information regarding PSC locations, hours, fees, and procedures may be obtained by emailing: security@psc.hhs.gov.

If the contractor is unable to go to the above locations for electronic fingerprints, CMS will allow the contractor to obtain ink fingerprints (non-electronic) from their local police department. **Two sets** of ink fingerprints on FD-258 hard cards must be submitted to CMS directly from the police department. CMS will supply the contractor with blank FD-258 hard cards and a self addressed, stamped Priority Mail envelope for the contractor to give the police department for return of the fingerprint cards to CMS.

At the Postaward Conference, the contractor must be prepared to discuss where fingerprints will be obtained.

A number of my employees have undergone background checks by another Federal agency. Do they have to repeat the process for CMS?

That will be decided by SEMG and the PO at the Postaward Conference. If the employee performs a duty that requires a background investigation, and they have had a background investigation successfully performed by another Federal entity within the last year, then they may not have to repeat the entire process. That employee will still have to submit a CMS-730A and be listed on a PIV spreadsheet.

What happens if I don't report terminations, resignations, or adverse information of cleared people? If I do, you are going to charge me up to \$2,900 for the cost of the investigation.

The person assigned the User ID, and the contractor's company, remains responsible for all data collected via the Gentran mailbox. Failure to report terminations and resignations could result in this contract being terminated for default.

Reporting of adverse information will be investigated by SEMG and handled appropriately considering the nature of the adverse information. It is possible the User ID may be terminated immediately and the contractor may have to initiate clearance for another employee.

Is the investigation good for the entire term of the contract, including all option years?

Access to the Gentran mailbox must be renewed annually or the User ID will be revoked. The CMS-730A and PIV spreadsheet must also be submitted annually. Fingerprinting and entering data into e-QIP should only occur once unless there are changes to the employee's record that necessitate updates.

Is it possible that I can perform work outside the United States and its Territories?

No, not on contracts for CMS print/mail requirements.

Applicant Instructions for Completing Form HHS-745, "HHS ID Badge Request"

Section A collects identifying information about Applicants needed to issue an HHS ID Badge. In some Federal agencies, Sponsors or other authorized officials will complete this section for Applicants. If you are an Applicant and are asked to complete Section A, follow the instructions below. During the ID Badge issuing process, you also will be asked to complete Section F.

Clearly print all information except for your signature.

Section A

1. Check the appropriate box to indicate why a new HHS ID Badge is being issued. If you check "Other," please indicate the reason in the space provided.
2. Enter your full legal name on the first line. If you have used other name(s), enter these names on the "Other Name(s) Used" line.
3. Enter your date of birth in mm/dd/yyyy format.
4. Enter your place of birth (city and state if born in the U.S. or city and country if foreign born).

6. Check whether you are a U.S. citizen. If you are not a U.S. citizen, enter the country where you are a citizen.
7. Enter your position title (include series and grade level).
8. Enter where you will be working. This could include the center, office, group, division, or institute. If you are a contractor Applicant, enter the organizational chain for the COTR's or Project Officer's division.
9. Enter the physical location (building and office) of your office, work area, or contract office.
10. Enter your work telephone number. If none, then list Contract Officer's, COTR's, or Project Officer's telephone number.
11. Enter your email address.

Contractors and others employed outside the Federal government, complete items 12 through 14.

12. Enter your company's name.
13. Enter your company's address.
14. Enter your company's telephone number.

All Applicants complete items 15 and 16.

15. Sign to authorize HHS to conduct the identity proofing/verification process and to certify that you understand that actions may be taken against you if you provide false information on this form.
16. Enter the date you signed.

Sections B, C, D, and E will be completed by HHS.

Section F

You will be given a copy of the Privacy Act Statement for this HHS ID Badge Request form and HHS ID Badge Rules.

72. Sign your name to certify that you have read and understand the Privacy Act Statement and HHS ID Badge Rules and that you agree to follow the HHS ID Badge rules.
73. Enter the date of your signature.

DEPARTMENT OF HEALTH AND HUMAN SERVICES Department of Health and Human Services (HHS) Identification (ID) Badge Request <i>(Other Federal Departments may call this type of ID badge a Personal Identity Verification [PIV] card)</i>		HHS ID BADGE ISSUING FACILITY IDENTIFICATION NUMBER
---	--	--

Privacy Act Statement: The information on this form is collected by the Department of Health and Human Services (HHS) to issue you an identification badge called the HHS ID Badge. The purpose of the ID Badge is to help ensure the safety and security of government buildings, the people who work in them, and government computer systems. When you use your ID Badge an ID Badge system will verify that you are authorized to use government facilities. The system also will track and control the ID Badges that are issued. The authority to collect this information is 5 U.S.C. § 301; Presidential Memorandum on Upgrading Security at Federal Facilities, June 28, 1995; and Homeland Security Presidential Directive 12, August 27, 2004. The authority to request your Social Security number is Executive Order 9397. The disclosure of your Social Security number is voluntary, but it will assist in verifying your identity to process this application. The information on this form may be disclosed only with your written consent, except where permitted by the Privacy Act. The disclosures permitted by the Privacy Act include disclosure to: the Department of Justice, a court, or other government officials when the records are relevant and necessary to a law suit; the appropriate public authority (Federal, foreign, State, local, tribal, or otherwise) to enforce, investigate, or prosecute, when a record indicates a violation of law or regulation; a Member of Congress or congressional staff member at your written request; the National Archives and Records Administration for records management inspections; authorized Federal contractors, grantees, or volunteers who need access to the records to do agency work and who have agreed to comply with the Privacy Act; any source that has records an agency needs to decide whether to retain an employee, continue a security clearance, or agree to a contract, grant, license or benefit; Federal, State, or local agencies, entities, individuals, or foreign governments to enable an intelligence agency to carry out its responsibilities; the Office of Management and Budget to evaluate private relief legislation; and to other Federal agencies to notify them when your ID Badge is no longer valid. If you do not provide all of the requested information, we may deny you an ID Badge. Without an ID Badge, you will not have access to certain Federal facilities or systems. If using an ID Badge is a condition of your employment, not providing the information may prevent you from being able to work.

The information on this form is collected by the Department of Health and Human Services (HHS) to issue you an identification badge called the HHS ID Badge. The purpose of the ID Badge is to help ensure the safety and security of government buildings, the people who work in them, and government computer systems. When you use your ID Badge an ID Badge system will verify that you are authorized to use government facilities. The system also will track and control the ID Badges that are issued. The authority to collect this information is 5 U.S.C. § 301; Presidential Memorandum on Upgrading Security at Federal Facilities, June 28, 1995; and Homeland Security Presidential Directive 12, August 27, 2004. The authority to request your Social Security number is Executive Order 9397. The disclosure of your Social Security number is voluntary, but it will assist in verifying your identity to process this application.

The information on this form may be disclosed only with your written consent, except where permitted by the Privacy Act. The disclosures permitted by the Privacy Act include disclosure to: the Department of Justice, a court, or other government officials when the records are relevant and necessary to a law suit; the appropriate public authority (Federal, foreign, State, local, tribal, or otherwise) to enforce, investigate, or prosecute, when a record indicates a violation of law or regulation; a Member of Congress or congressional staff member at your written request; the National Archives and Records Administration for records management inspections; authorized Federal contractors, grantees, or volunteers who need access to the records to do agency work and who have agreed to comply with the Privacy Act; any source that has records an agency needs to decide whether to retain an employee, continue a security clearance, or agree to a contract, grant, license or benefit; Federal, State, or local agencies, entities, individuals, or foreign governments to enable an intelligence agency to carry out its responsibilities; the Office of Management and Budget to evaluate private relief legislation; and to other Federal agencies to notify them when your ID Badge is no longer valid.

If you do not provide all of the requested information, we may deny you an ID Badge. Without an ID Badge, you will not have access to certain Federal facilities or systems. If using an ID Badge is a condition of your employment, not providing the information may prevent you from being able to work.

Department of Health and Human services (HHS) ID Badge Rules *(Applicant Copy)*

The rules associated with the HHS ID Badge include but are not limited to

- Do not attempt to clone, modify, or obtain data from any HHS ID Badge.
- Protect and safeguard your ID Badge.
- If your ID Badge is lost or stolen, you must report the missing ID Badge within 24 hours of noting its disappearance. Your ID Badge will be disabled and you will have to apply for a replacement.
- If you become aware of any violation of these requirements or suspect that your ID Badge may have been used by someone else, immediately report that information to your agency's ID Badge issuing authority.
- You must request a new ID Badge within 30 days in the event of any change which may affect the ability to determine that you are the individual associated with the ID Badge (e.g., name change). You will provide documentation showing the reason for any such change where applicable.
- As part of the HHS exit process, you are to return your ID Badge to the designated official at your agency on your last day of employment at HHS or at the expiration of your authorized access to HHS facilities and/or IT systems.
- Do not attempt to assist others in gaining unauthorized access to Federal facilities or information. Accept responsibility for the whereabouts and conduct of any and all persons whom you have signed in (i.e., authorized admittance) to HHS facilities. All persons signed into HHS facilities are considered visitors. Only visitor badges will be issued.
- Do not disclose or lend your identification number and/or password to someone else to gain access to HHS IT systems. They are for your use only and serve as your electronic signature. This means that you may be held responsible for the consequences of unauthorized access or illegal transactions.

PRIVACY ACT STATEMENT

The information on page 1 of this form is collected and maintained under the authority of Title 5 U.S. Code, Section 552a(e)(10) (The Privacy Act of 1974). This information is used for assigning, controlling, tracking, and reporting authorized access to and use of CMS's computerized information and resources. The Privacy Act prohibits disclosure of information from records protected by the statute, except in limited circumstances.

The information you furnish on this form will be maintained in the Individuals Authorized Access to the Centers for Medicare & Medicaid Services (CMS) Data Center Systems of Records and may be disclosed as a routine use disclosure under the routine uses established for this system as published at 59 FED.REG.41329 (08-11-94) and as CMS may establish in the future by publication in the Federal Register.

The Social Security Number (SSN) is used as an identifier in the Federal Service because of the large number of present and former Federal employees and applicants whose identity can only be distinguished by use of the SSN. Collection of the SSN is authorized by Executive Order 9397. Furnishing the information on this form, including your Social Security Number, is voluntary. However, if you do not provide this information, you will not be granted access to CMS computer systems.

SECURITY REQUIREMENTS FOR USERS OF CMS COMPUTER SYSTEMS

CMS uses computer systems that contain sensitive information to carry out its mission. Sensitive information is any information, which the loss, misuse, or unauthorized access to, or modification of could adversely affect the national interest, or the conduct of Federal programs, or the privacy to which individuals are entitled under the Privacy Act. To ensure the security and privacy of sensitive information in Federal computer systems, the Computer Security Act of 1987 requires agencies to identify sensitive computer systems, conduct computer security training, and develop computer security plans. CMS maintains a system of records for use in assigning, controlling, tracking, and reporting authorized access to and use of CMS's computerized information and resources. CMS records all access to its computer systems and conducts routine reviews for unauthorized access to and/or illegal activity.

Anyone with access to CMS Computer Systems containing sensitive information must abide by the following:

- Do not disclose or lend your IDENTIFICATION NUMBER AND/OR PASSWORD to someone else. They are for your use only and serve as your "electronic signature". This means that you may be held responsible for the consequences of unauthorized or illegal transactions.
- Do not browse or use CMS data files for unauthorized or illegal purposes.
- Do not use CMS data files for private gain or to misrepresent yourself or CMS.
- Do not make any disclosure of CMS data that is not specifically authorized.
- Do not duplicate CMS data files, create subfiles of such records, remove or transmit data unless you have been specifically authorized to do so.
- Do not change, delete, or otherwise alter CMS data files unless you have been specifically authorized to do so.
- Do not make copies of data files, with identifiable data, or data that would allow individual identities to be deduced unless you have been specifically authorized to do so.
- Do not intentionally cause corruption or disruption of CMS data files.

A violation of these security requirements could result in termination of systems access privileges and/or disciplinary/adverse action up to and including removal from Federal Service, depending upon the seriousness of the offense. In addition, Federal, State, and/or local laws may provide criminal penalties for any person illegally accessing or using a Government-owned or operated computer system illegally.

If you become aware of any violation of these security requirements or suspect that your identification number or password may have been used by someone else, immediately report that information to your component's Information Systems Security Officer.

INSTRUCTIONS FOR COMPLETING THE DATA USE AGREEMENT (DUA) FORM CMS-R-0235

**(AGREEMENT FOR USE OF CENTERS FOR MEDICARE & MEDICAID SERVICES (CMS)
DATA CONTAINING INDIVIDUAL IDENTIFIERS)**

This agreement must be executed prior to the disclosure of data from CMS' Systems of Records to ensure that the disclosure will comply with the requirements of the Privacy Act, the Privacy Rule and CMS data release policies. It must be completed prior to the release of, or access to, specified data files containing protected health information and individual identifiers.

Directions for the completion of the agreement follow:

Before completing the DUA, please note the language contained in this agreement cannot be altered in any form.

- First paragraph, enter the Requestor's Organization Name.
- Section #1, enter the Requestor's Organization Name.
- Section #4 enter the Study and/or Project Name and CMS contract number if applicable for which the file(s) will be used.
- Section #5 should delineate the files and years the Requestor is requesting. Specific file names should be completed. If these are unknown, you may contact a CMS representative to obtain the correct names. The System of Record (SOR) should be completed by the CMS contact or Project Officer. The SOR is the source system the data came from.
- Section #6, complete by entering the Study/Project's anticipated date of completion.
- Section #12 will be completed by the User.
- Section #16 is to be completed by Requestor.
- Section #17, enter the Custodian Name, Company/Organization, Address, Phone Number (including area code), and E-Mail Address (if applicable). The Custodian of files is defined as that person who will have actual possession of and responsibility for the data files. **This section should be completed even if the Custodian and Requestor are the same.** This section will be completed by Custodian.
- Section #18 will be completed by a CMS representative.
- Section #19 should be completed if your study is funded by one or more other Federal Agencies. The Federal Agency name (other than CMS) should be entered in the blank. The Federal Project Officer should complete and sign the remaining portions of this section. If this does not apply, leave blank.
- Sections #20a AND 20b will be completed by a CMS representative.
- Addendum, CMS-R-0235A, should be completed when additional custodians outside the requesting organization will be accessing CMS identifiable data.

Once the DUA is received and reviewed for privacy and policy issues, a completed and signed copy will be sent to the Requestor and CMS Project Officer, if applicable, for their files.

CMS agrees to provide the User with data that reside in a CMS Privacy Act System of Records as identified in this Agreement. In exchange, the User agrees to pay any applicable fees; the User agrees to use the data only for purposes that support the User's study, research or project referenced in this Agreement, which has been determined by CMS to provide assistance to CMS in monitoring, managing and improving the Medicare and Medicaid programs or the services provided to beneficiaries; and the User agrees to ensure the integrity, security, and confidentiality of the data by complying with the terms of this Agreement and applicable law, including the Privacy Act and the Health Insurance Portability and Accountability Act. In order to secure data that reside in a CMS Privacy Act System of Records; in order to ensure the integrity, security, and confidentiality of information maintained by the CMS; and to permit appropriate disclosure and use of such data as permitted by law, CMS and _____ (Requestor) enter into this agreement to comply with the following specific paragraphs.

1. This Agreement is by and between the Centers for Medicare & Medicaid Services (CMS), a component of the U.S. Department of Health and Human Services (HHS), and _____ (Requestor), hereinafter termed "User."
2. This Agreement addresses the conditions under which CMS will disclose and the User will obtain, use, reuse and disclose the CMS data file(s) specified in section 5 and/or any derivative file(s) that contain direct individual identifiers or elements that can be used in concert with other information to identify individuals. This Agreement supersedes any and all agreements between the parties with respect to the use of data from the files specified in section 5 and preempts and overrides any instructions, directions, agreements, or other understanding in or pertaining to any grant award or other prior communication from the Department of Health and Human Services or any of its components with respect to the data specified herein. Further, the terms of this Agreement can be changed only by a written modification to this Agreement or by the parties adopting a new agreement. The parties agree further that instructions or interpretations issued to the User concerning this Agreement or the data specified herein, shall not be valid unless issued in writing by the CMS point-of-contact or the CMS signatory to this Agreement shown in section 20.
3. The parties mutually agree that CMS retains all ownership rights to the data file(s) referred to in this Agreement, and that the User does not obtain any right, title, or interest in any of the data furnished by CMS.
4. The User represents, and in furnishing the data file(s) specified in section 5 CMS relies upon such representation, that such data file(s) will be used solely for the following purpose(s).

Name of Study/Project _____

CMS Contract No. (If applicable) _____

Program 1583-S

The User represents further that the facts and statements made in any study or research protocol or project plan submitted to CMS for each purpose are complete and accurate. Further, the User represents that said study protocol(s) or project plans, that have been approved by CMS or other appropriate entity as CMS may determine, represent the total use(s) to which the data file(s) specified in section 5 will be put.

The User agrees not to disclose, use or reuse the data covered by this agreement except as specified in an Attachment to this Agreement or except as CMS shall authorize in writing or as otherwise required by law, sell, rent, lease, loan, or otherwise grant access to the data covered by this Agreement. The User affirms that the requested data is the minimum necessary to achieve the purposes stated in this section. The User agrees that, within the User organization and the organizations of its agents, access to the data covered by this Agreement shall be limited to the minimum amount of data and minimum number of individuals necessary to achieve the purpose stated in this section (i.e., individual's access to the data will be on a need-to-know basis).

5. The following CMS data file(s) is/are covered under this Agreement.

File	Years(s)	System of Record

6. The parties mutually agree that the aforesaid file(s) (and/or any derivative file(s)) including those files that directly identify individuals and those that can be used in concert with other information to identify individuals may be retained by the User until, Date hereinafter known as the "Retention Date." The User agrees to notify CMS within 30 days of the completion of the purpose specified in section 4 if the purpose is completed before the aforementioned retention date. Upon such notice or retention date, whichever occurs sooner, the User agrees to destroy such data. The User agrees to destroy and send written certification of the destruction of the files to CMS within 30 days. The User agrees not to retain CMS files or any parts thereof, after the aforementioned file(s) are destroyed unless the appropriate Systems Manager or the person designated in section 20 of this Agreement grants written authorization. The User acknowledges that the date is not contingent upon action by CMS.

The Agreement may be terminated by either party at any time for any reason upon 30 days written notice. Upon notice of termination by User, CMS will cease releasing data from the file(s) to the User under this Agreement and will notify the User to destroy such data file(s). Sections 3, 4, 6, 8, 9, 10, 11, 13, 14 and 15 shall survive termination of this Agreement.

7. The User agrees to establish appropriate administrative, technical, and physical safeguards to protect the confidentiality of the data and to prevent unauthorized use or access to it. The safeguards shall provide a level and scope of security that is not less than the level and scope of security requirements established by the Office of Management and Budget (OMB) in OMB Circular No. A-130, Appendix III--Security of Federal Automated Information Systems (<http://www.whitehouse.gov/omb/circulars/a130/a130.html>) as well as Federal Information Processing Standard 200 entitled "Minimum Security Requirements for Federal Information and Information Systems" (<http://csrc.nist.gov/publications/fips/fips200/FIPS-200-final-march.pdf>); and, Special Publication 800-53 "Recommended Security Controls for Federal Information Systems" (<http://csrc.nist.gov/publications/nistpubs/800-53-Rev2/sp800-53-rev2-final.pdf>). The User acknowledges that the use of unsecured telecommunications, including the Internet, to transmit individually identifiable or deducible information derived from the file(s) specified in section 5 is prohibited. Further, the User agrees that the data must not be physically moved, transmitted or disclosed in any way from or by the site indicated in section 17 without written approval from CMS unless such movement, transmission or disclosure is required by a law.
8. The User agrees to grant access to the data to the authorized representatives of CMS or DHHS Office of the Inspector General at the site indicated in section 17 for the purpose of inspecting to confirm compliance with the terms of this agreement.

9. The User agrees not to disclose direct findings, listings, or information derived from the file(s) specified in section 5, with or without direct identifiers, if such findings, listings, or information can, by themselves or in combination with other data, be used to deduce an individual's identity. Examples of such data elements include, but are not limited to geographic location, age if > 89, sex, diagnosis and procedure, admission/discharge date(s), or date of death.

The User agrees that any use of CMS data in the creation of any document (manuscript, table, chart, study, report, etc.) concerning the purpose specified in section 4 (regardless of whether the report or other writing expressly refers to such purpose, to CMS, or to the files specified in section 5 or any data derived from such files) must adhere to CMS' current cell size suppression policy. This policy stipulates that no cell (eg. admittances, discharges, patients) less than 11 may be displayed. Also, no use of percentages or other mathematical formulas may be used if they result in the display of a cell less than 11. By signing this Agreement you hereby agree to abide by these rules and, therefore, will not be required to submit any written documents for CMS review. If you are unsure if you meet the above criteria, you may submit your written products for CMS review. CMS agrees to make a determination about approval and to notify the user within 4 to 6 weeks after receipt of findings. CMS may withhold approval for publication only if it determines that the format in which data are presented may result in identification of individual beneficiaries

10. The User agrees that, absent express written authorization from the appropriate System Manager or the person designated in section 20 of this Agreement to do so, the User shall not attempt to link records included in the file(s) specified in section 5 to any other individually identifiable source of information. This includes attempts to link the data to other CMS data file(s). A protocol that includes the linkage of specific files that has been approved in accordance with section 4 constitutes express authorization from CMS to link files as described in the protocol.
11. The User understands and agrees that they may not reuse original or derivative data file(s) without prior written approval from the appropriate System Manager or the person designated in section 20 of this Agreement.
12. The parties mutually agree that the following specified Attachments are part of this Agreement:

-
13. The User agrees that in the event CMS determines or has a reasonable belief that the User has made or may have made a use, reuse or disclosure of the aforesaid file(s) that is not authorized by this Agreement or another written authorization from the appropriate System Manager or the person designated in section 20 of this Agreement, CMS, at its sole discretion, may require the User to: (a) promptly investigate and report to CMS the User's determinations regarding any alleged or actual unauthorized use, reuse or disclosure, (b) promptly resolve any problems identified by the investigation; (c) if requested by CMS, submit a formal response to an allegation of unauthorized use, reuse or disclosure; (d) if requested by CMS, submit a corrective action plan with steps designed to prevent any future unauthorized uses, reuses or disclosures; and (e) if requested by CMS, return data files to CMS or destroy the data files it received from CMS under this agreement. The User understands that as a result of CMS's determination or reasonable belief that unauthorized uses, reuses or disclosures have taken place, CMS may refuse to release further CMS data to the User for a period of time to be determined by CMS.

The User agrees to report any breach of personally identifiable information (PII) from the CMS data file(s), loss of these data or disclosure to any unauthorized persons to the CMS Action Desk by telephone at (410) 786-2850 or by e-mail notification at cms_it_service_desk@cms.hhs.gov within one hour and to cooperate fully in the federal security incident process. While CMS retains all ownership rights to the data file(s), as outlined above, the User shall bear the cost and liability for any breaches of PII from the data file(s) while they are entrusted to the User. Furthermore, if CMS determines that the risk of harm requires notification of affected individual persons of the security breach and/or other remedies, the User agrees to carry out these remedies without cost to CMS.

14. The User hereby acknowledges that criminal penalties under §1106(a) of the Social Security Act (42 U.S.C. § 1306(a)), including a fine not exceeding \$10,000 or imprisonment not exceeding 5 years, or both, may apply to disclosures of information that are covered by § 1106 and that are not authorized by regulation or by Federal law. The User further acknowledges that criminal penalties under the Privacy Act (5 U.S.C. § 552a(i) (3)) may apply if it is determined that the Requestor or Custodian, or any individual employed or affiliated therewith, knowingly and willfully obtained the file(s) under false pretenses. Any person found to have violated sec. (i)(3) of the Privacy Act shall be guilty of a misdemeanor and fined not more than \$5,000. Finally, the User acknowledges that criminal penalties may be imposed under 18 U.S.C. § 641 if it is determined that the User, or any individual employed or affiliated therewith, has taken or converted to his own use data file(s), or received the file(s) knowing that they were stolen or converted. Under such circumstances, they shall be fined under Title 18 or imprisoned not more than 10 years, or both; but if the value of such property does not exceed the sum of \$1,000, they shall be fined under Title 18 or imprisoned not more than 1 year, or both.
15. By signing this Agreement, the User agrees to abide by all provisions set out in this Agreement and acknowledges having received notice of potential criminal or administrative penalties for violation of the terms of the Agreement.
16. On behalf of the User the undersigned individual hereby attests that he or she is authorized to legally bind the User to the terms this Agreement and agrees to all the terms specified herein.

17. The parties mutually agree that the following named individual is designated as Custodian of the file(s) on behalf of the User and will be the person responsible for the observance of all conditions of use and for establishment and maintenance of security arrangements as specified in this Agreement to prevent unauthorized use. The User agrees to notify CMS within fifteen (15) days of any change of custodianship. The parties mutually agree that CMS may disapprove the appointment of a custodian or may require the appointment of a new custodian at any time.

The Custodian hereby acknowledges his/her appointment as Custodian of the aforesaid file(s) on behalf of the User, and agrees to comply with all of the provisions of this Agreement on behalf of the User.

ACQUIRED FROM THE CENTERS FOR MEDICARE & MEDICAID SERVICES**

This certificate is to be completed and submitted to CMS to certify the destruction of all CMS data covered by the listed Data Use Agreement (DUA). This includes any copies made of the files, any derivative or subsets of the files, and any manipulated files. The requestor may not keep any copies, derivative or manipulated files—all files must be destroyed. CMS will close the listed DUA upon receipt and review of this certificate.

Directions for the completion of the certificate follow:

- Complete the Requestor and Custodian's Organization and Contact information as listed in the DUA.
- Provide the DUA number.
- Provide the Project/Study Name as listed on the DUA.
- Provide the CMS Project Officer, if applicable.
- Please list all data files and years covered by the DUA.
- A signature is required on this certification. The signature should be the requestor or Custodian listed on the DUA. If the DUA is for a CMS Contract/Demonstration, the CMS Project Officer must also sign the certificate.

Please submit this certificate to:

Information Security Program Rules of Behavior

The *HHS Rules of Behavior* (HHS Rules) provides common rules on the appropriate use of all HHS technology resources and information¹ for Department users, including federal employees, interns and contractors. The HHS rules work in conjunction with the *HHS-OCIO-2006-0001, Policy for Personal Use of Information Technology Resources*, dated February 17, 2006, and are issued under the authority of the *HHS-OCIO-2007-0002, Policy for Department-wide Information Security*, dated September 25, 2007. Both references may be found at URL: <http://www.hhs.gov/ocio/policy/index.html>.

All users of Department technology, resources, and, information must read these rules and sign the accompanying acknowledgement form before accessing Department data/information, systems and/or networks. This acknowledgement must be signed annually, preferably as part of Information Security Awareness Training, to reaffirm knowledge of and agreement to adhere to the HHS rules. The HHS rules may be presented to the user in writing or electronically, and the user's acknowledgement may be obtained by written or electronic signature. Each Operating Division (OPDIV) Chief Information Officer (CIO) shall determine how signatures are to be submitted, retained, and recorded²; and may append any necessary information or fields to the signature page. For electronic signatures, the specific version number of the HHS rules must be retained along with the date, and sufficient identifying information to uniquely link the signer to his or her corresponding information system accounts. Electronic copies of the signed Signature Page may be retained in lieu of the original. Each OPDIV CIO shall ensure that information system and information access is prohibited in the absence of a valid, signed HHS rules from each user.

Each HHS OPDIV may require user certification to policies and requirements, more restrictive than the rules prescribed herein, for the protection of OPDIV information and systems.

Furthermore, supplemental rules of behavior may be created for systems which require users to comply with rules beyond those contained in the HHS Rules. In such cases, users must additionally sign these supplemental rules of behavior prior to receiving access to these systems, and must comply with any ongoing requirements of each individual system to retain access (such as re-acknowledging the system-specific rules by signature each year). System owners shall document system-specific rules of behavior and any recurring requirement to sign them in the System Security Plan for their systems. Each OPDIV CIO shall implement a process to obtain and retain the signed rules for such systems and shall ensure that user access to their information is prohibited without a signed, system-specific rules and a signed HHS Rules.

National security systems, as defined by the Federal Information Security Management Act (FISMA), must independently or collectively, implement their own system-specific rules.

These HHS Rules apply to both the local and remote use of HHS information (in both electronic and physical forms) and information systems by any individual.

- Information and system use must comply with Department and OPDIV policies and standards, and with applicable laws.
- Use for other than official, assigned duties is subject to the *HHS-OCIO-2006-0001, Policy for Personal Use of Information Technology Resources*, dated February 17, 2006.
- Unauthorized access to information or information systems is prohibited.
- Users must prevent unauthorized disclosure or modification of sensitive information, including Personally Identifiable Information (PII)³

Users shall:

- In accordance with OPDIV procedures, immediately report all lost or stolen HHS equipment, known or suspected security incidents, known or suspected information security policy violations or compromises, or suspicious activity. Known or suspected security incidents is inclusive of an actual or potential loss of control or compromise, whether intentional or unintentional, of authenticator, password, or sensitive information, including PII, maintained or in possession of the OPDIV.
- Ensure that software, including downloaded software, is properly licensed, free of malicious code, and authorized before installing and using it on Departmental systems.
- Wear identification badges at all times in federal facilities.
- Log-off or lock systems when leaving them unattended.
- Use provisions for access restrictions and unique identification to information and avoid sharing accounts.
- Complete security awareness training before accessing any HHS/OPDIV system and on an annual basis thereafter. Also, complete any specialized role-based security or privacy training, as required. See Memo from HHS CIO: Training of Individuals Developing and Managing Sensitive Systems, dated November 7, 2007.
- Permit only authorized HHS users to use HHS equipment and/or software.
- Secure sensitive information (on paper and in electronic formats) when left unattended.
- Keep sensitive information out of sight when visitors are present.
- Sanitize or destroy electronic media and papers that contain sensitive data when no longer needed, in accordance with HHS records management and sanitization policies, or as otherwise directed by management.
- Only access sensitive information necessary to perform job functions (i.e., need to know).
- Use PII only for the purposes for which it was collected, to include conditions set forth by stated privacy notices and published system of records notices.
- Ensure the accuracy, relevance, timeliness, and completeness of PII, as is reasonably necessary, to assure fairness in making determinations about an individual.

Users shall **not**:

- Direct or encourage others to violate HHS policies.
- Circumvent security safeguards or reconfigure systems except as authorized (i.e., violation of least privilege).
- Use another person's account, identity, or password.

I have read the *HHS Rules of Behavior* (HHS Rules), version 2008-0001.003S, dated February 12, 2008 and understand and agree to comply with its provisions. I understand that violations of the HHS Rules or information security policies and standards may lead to disciplinary action, up to and including termination of employment; removal or debarment from work on federal contracts or projects; and/or revocation of access to Federal information, information systems, and/or facilities. I understand that exceptions to the HHS Rules must be authorized in advance in writing by the OPDIV Chief Information Officer or his/her designee. I also understand that violation of laws, such as the Privacy Act of 1974, copyright law, and 18 USC 2071, which the HHS Rules draw upon, can result in monetary fines and/or criminal charges that may result in imprisonment.
