It is requested that contractors contact a Government employee at the delivery location to confirm their availability to receive prior to shipping.

Schedules and other adjustments will be made in accordance with GPO Contract Terms. Caution should be used to safeguard all products should any delivery delays be imposed by the Government.

As a reminder, contractors must furnish contract compliance information required in accordance with GPO Contract Terms, Contract Clause 12: Notice of Compliance With Schedules.

Contractors should immediately contact your GPO contract administrator(s) and/or contracting officer(s) to identify impacted orders if any delay is anticipated, including temporarily closure of a production facility or the planned suspension of any services.

If you have any questions on a particular contract, please contact the Customer Services contract administrator and/or contracting officer for your contract (best method of communicating with them is via email).
