For information regarding the solicitation, contact Ms. Scoti Cox at scox@gpo.gov or (707) 748-1970, ext. 2.

SECTION 1. - GENERAL TERMS AND CONDITIONS

GPO CONTRACT TERMS: Any contract which results from this Invitation for Bid will be subject to the applicable provisions, clauses, and supplemental specifications of GPO Contract Terms (GPO Publication 310.2, effective December 1, 1987 (Rev. 01-18)) and GPO Contract Terms, Quality Assurance Through Attributes Program for Printing and Binding (GPO Publication 310.1, effective May 1979 (revised 9-19)).

GPO Contract Terms (GPO Publication 310.2) – <https://www.gpo.gov/docs/default-source/forms-and-standards-files-for-vendors/contractterms2018.pdf>

GPO QATAP (GPO Publication 310.1) – <https://www.gpo.gov/docus/default-source/forms-and-standards-files-for-vendors/qatap-rev-09-19.pdf>

BIDDERS, PLEASE NOTE: GPO has issued a new *Government Paper Specification Standards, No. 13*, dated September 2019. Prospective bidders should carefully read this publication as the applicable standards within become an integral part of this contract. The document is posted at <https://www.gpo.gov/how-to-work-with-us/vendors/forms-and-standards> along with a list of major revisions.

DOING BUSINESS WITH THE GPO: Contractors wishing to do business with the GPO are referred to the GPO web site <http://www.gpo.gov/business/index.html>, where one can register as a GPO contractor using the ‘**GPO Contractor Connection**’ link in accordance with the furnished instructions on that page.

NOTE: Prospective as well as existing GPO contractors are to note that, as of 1/1/08, all contractors seeking to do business with the GPO must first complete and thereafter maintain the accuracy of its GPO Contractor Connection registration with the following mandatory taxpayer information boxes: “EIN/TIN #” (Employer Identification Number or Taxpayer Identification Number); “Subject to Backup Withholding” (See Form W-9, Request for Taxpayer Identification Number and Certification); and, “Current W-9 Request” (See Form W-9). The GPO will withhold payment of any invoices for work completed by any contractor who fails to provide these tax data in GPO Contractor Connection. Such invoices will be declared ineligible for payment until all requirements for payment, including providing these tax data in GPO Contractor Connection, have been satisfied.

PRE-AWARD SURVEY: In order to determine the responsibility of the prime contractor or any subcontractor, the Government reserves the right to conduct an on-site pre-award survey at the contractor's/subcontractor's facility or to require other evidence of technical, production, managerial, financial, and similar abilities to perform, prior to the award of a contract. As part of the financial determination, the contractor in line for award may be required to provide one or more of the following financial documents:

- 1) Most recent profit and loss statement
- 2) Most recent balance sheet
- 3) Statement of cash flows
- 4) Current official bank statement
- 5) Current lines of credit (with amounts available)
- 6) Letter of commitment from paper supplier(s)
- 7) Letter of commitment from any subcontractor

The documents will be reviewed to validate that adequate financial resources are available to perform the contract requirements. Documents submitted will be kept confidential, and used only for the determination of responsibility by the Government. Failure to provide the requested information in the time specified by the Government may result in the Contracting Officer not having adequate information to reach an affirmative determination of responsibility.

PREDOMINANT FUNCTION: The predominant function for this procurement is the printing of the forms.

SUBCONTRACTING: Subcontracting is **NOT** authorized.

QUALITY ASSURANCE LEVELS AND STANDARDS: The following levels and standards shall apply to these specifications:

Product Quality Levels:

- (a) Printing Attributes - Quality Level 3
- (b) Finishing Attributes - Quality Level 3

Inspection Levels from ANSI/ASQC Z1.4 (MIL-STD 105):

- (a) Non-destructive Tests - General Inspection Level I.
- (b) Destructive Tests - Special Inspection Level S-2.

Specified Standards: The specified standards for the attributes requiring them shall be:

| <u>Attribute</u> | <u>Specified Standard</u> |
|--|---------------------------|
| P-7. Type Quality and Uniformity | Ok Pre-Production Samples |
| P-8. Halftone Match (Single and Double Impression) | Ok Pre-Production Samples |
| P-9. Solid and Screen Tint Color Match | Ok Pre-Production Samples |
| P-10. Process Color Match | Ok Pre-Production Samples |

SECURITY CLAUSE:

Safeguards: Contractor is required to implement security measures to ensure security handling of all materials and prevent unauthorized access. All waste materials, printing plates and overages are to be accounted for and destroyed beyond recognition. All shipping or mailing of material is to be accomplished by traceable means. **No quantity variations are allowed.**

Security Controls: To ensure the contractor's facility can provide the necessary controls to safeguard security material, a tour of the facility may be conducted by IRS Security personnel. The review of the facility may include, by not limited to the following:

1. Physical security controls,
2. Protection of data recorded on magnetic media,
3. Protection of date recorded on hard copy media,

4. Identification and authentication controls,
5. System accountability controls,
6. Protection of residual data,
7. Back up procedures,
8. Fire detention and annunciation,
9. Contingency plans, and
10. Personnel security.

Contractor will be required to make reasonable changes to their facility and/or procedures to properly safeguard security material if necessary. If requirements are not met, security material can be procured from other sources. GPO must be notified of any changes.

ADDITIONAL EMAILED BID SUBMISSION PROVISIONS: The Government will not be responsible for any failure attributable to the transmission or receipt of the emailed bid including, but not limited to, the following –

1. Illegibility of bid.
2. Emails over 75MB may be received by GPO due to size limitations for receiving emails.
3. The bidder's email provider may have different size limitations for sending email; however, bidders are advised not to exceed GPO's stated limit.
4. When the email bid is received by GPO, it will remain unopened until the specified bid opening time. Government personnel will not validate receipt of the emailed bid prior to bid opening. GPO will use the prevailing time (specified as the local time zone) and the exact time that the email is received by GPO's email server as the official time stamp for bid receipt at the specified location.

PAYMENT: Submitting invoices for payment via the GPO fax gateway (if no samples are required) utilizing the GPO barcode coversheet program application is the most efficient method of invoicing. Instruction for using this method can be found at the following web address:
<http://winapps.access.gpo.gov/fms/vouchers/barcode/instructions.html> .

Invoices may also be mailed to: U.S. Government Publishing Office, Office of Financial Management, Attn: Comptroller, Stop: FMCE, Washington, DC 20401.

For more information about the billing process, refer to the General Information of the Office of Finance web page located at <https://www.gpo.gov/finance/index.htm>.

DISPUTES: GPO Publication 310.2, GPO Contract Terms, Contract Clause 5. Disputes, is hereby replaced with the June 2008 clause found at <http://www.gpo.gov/pdfs/vendors/contractdisputes.pdf>.

WARNING: Proper control and handling must be maintained at all times to prevent any information or materials required to produce the product ordered under these specifications from falling into unauthorized hands. Unless otherwise indicated herein, all extra copies, materials, waste, etc., must be destroyed.

SECTION 2. - SPECIFICATIONS

TITLE: ITIN/Foreign Certification Program Inkjet Roll Paper

QUANTITY: 100 Rolls (80,000 Sheets per Roll, 8,000,000 Forms)

TRIM SIZE: 8-1/2 x 11" (Sheet Size)

FORM NUMBER: IRS Form 9844 (Rev. 7-2005); Catalog 22337C

GOVERNMENT TO FURNISH: The purchase order and digital files will be emailed to the contractor after award.

One PDF file of IRS Form 9844.

One manuscript copy of IRS Form.

One previous PDF proof marked for placement of forms. Disregard the pin-feed holes on left and right sides. This will show the placement of the form and size of printed areas.

IRS Form 6153 "Carton Shipping Label".

IRS Document 12321-LR "IRS Pallet Specifications Laser Roll Paper Program".

Bills of Lading for Bulk Shipments.

Printing Media will be provided to contractor in Portal Document Format (PDF), generated from Adobe Acrobat 8.0 or later (backward compatible to Adobe Acrobat 5.0), as a composite file (with all fonts embedded at the PDF level. **DO NOT UNEMBED FONTS.**

Upon completion of the order, the contractor must furnish final production native application files (digital deliverables) with the furnished material. The digital deliverables must be an exact representation of the final printed product and shall be returned on a CD-R disc, labeled with the: Production Date, Product Title, GPO Jacket No, ordering agency's Requisition No. and contractor's name. With the exception of Adobe Acrobat Portable Document Format (PDF) files, the contractor may not return PostScript files or any proprietary file formats different than those supplied as digital deliverables without expressed permission by the Government.

CONTRACTOR TO FURNISH: All materials and operations, other than those listed under "Government to Furnish," necessary to produce the product(s) in accordance with these specifications.

Contractor is required to have Internet access, provided through their Internet Service Provider (ISP) with email and a web browser equivalent to Internet Explorer 6.0 or Netscape 4.0.

Contractor is required to have Adobe Acrobat 7.0 Professional (or more recent) software (not Adobe Reader) and the capability to receive and open file attachments compressed into a WinZIP (.zip) file format. The contractor must furnish all e-mail addresses for the DHS to e-mail all electronic files, in order to avoid any lapse in service, at time of award.

Contractor is required to output from furnished digital files at highest resolution.

Basic Check of Furnished Electronic Media and Files: Prior to image processing, the contractor is responsible for checking all furnished electronic media files to insure that such files correctly generate for printing. The contractor must supply necessary trapping. Output must be generated on high resolution image processors. If any errors, media damage, or data corruption that might interfere with

proper file imaging are discovered during inspection by the contractor, contact Joseph Moyer at (202) 317-6067 or joseph.j.moyer @irs.gov for new files.

NOTE: Electronic files received in unusable condition will be replaced by IRS on an expedited basis.

This Electronic Media and File check should identify any problem areas with the digital file submission and should include but not be limited to missing or damaged fonts, improper trim size and/or margins, only low resolution files included for illustrations, and any improper color definition. The contractor is also responsible for adjusting copy for trim size and bindery attributes, and defining proper file output selection for the imaging device being used. All furnished files must be imaged as necessary to meet the assigned Quality Assurance Thorough Attributes Program (QATAP) level.

Identification markings such as register marks, ring folios, rubber stamped jacket numbers, commercial identification marks of any kind, etc., form number, and revision date, carried on copy or film, must not print on finished product.

Contractor is required to have Adobe Acrobat 7.0 Professional (or more recent) software (not Adobe Reader) and the capability to receive and open file attachments compressed into a WinZIP (.zip) file format. The contractor must furnish all email addresses for the IRS to email all electronic files, in order to avoid any lapse in service, at time of award.

PRODUCT DESCRIPTION: Form is printed two up on continuous rolls of special security paper, one side only. IRS logo MUST come off of the roll bottom of the seal first. Rolls must be compatible for use on IBM InfoPrint 5000 Inkjet Printers. Dimensions are 50" in diameter (+/- 1/32") by 17" wide, with a 6" diameter core.

One roll of paper is equal to at least 80,000 sheets, 8-1/2" x 11".

Splices are acceptable if clean edged. No single roll shall have more than one splice. Tape used to secure splices must meet requirements for use on the IBM InfoPrint 5000 Inkjet Printer and withstand the extremities of warehouse storage conditions. Rolls must be marked to indicate the exact location of the splice.

"Forms" are to be printed on the rolls, see "PRINTING" below.

PRODUCTION NOTE: The contractor **MUST** deliver at least 80,000 forms per roll. **No deviations in quantities are allowed, per roll.** All rolls with less than 80,000 forms must be picked up by the contractor to be corrected and returned to IRS, at contractor's expense.

PRINTING: Form prints in green PMS 343, with a 7% screen background to 7-7/8 x 11" (has a 5/8" blank strip running down the left edge), and a 25% screen tint of the Treasury Department logo reversing out. There should be a 3/8" white gap between the continuous forms. The logo is to be centered on the 8-1/2 x 11" form.

The product identifier at the bottom of the roll, similar to previous printing. It is moved further to the right to allow for the smaller 17" rolls. No pin feed is required.

Form 9844 (Rev. 7-2005) Cat. No. 22337C Department of the Treasury – Internal Revenue Service

This information is to be typeset using Helvetica or Arial typeface. The type size is at the discretion of the contractor to fit the marginally punched area (should not be smaller than 6pt. type). Printing of the information is in green PMS 343.

Security Features: The 20% screen background must include the word "VOID", which is revealed when the form is photocopied, even on lighter machine settings.

An Anti-Color Copier Security Field must demonstrate the ability to print the latent image without masking or the use of camouflage (which dilutes the effectiveness against color photocopying).

The form must be printed on specially treated security paper that stains brown, or otherwise reacts when touched by fresh liquid bleach.

Fluorescent fibers imbedded in the paper must be present and detectable when exposed to UV or "black" light.

MARGINS: Follow printing media provided. Bleeds are not required.

PRIOR-TO-PRODUCTION SAMPLE: Final copies must be produced as specified using the same material, with same equipment, in the same fashion that will be used in producing the approved prior to production sample. Do not print the entire quantity until receipt of the OK from the Government. If sample is approved without changes, the sample will become one of the final copies due to the customer.

The Government will approve, conditionally approve, or disapprove the samples within two (2) workdays of the receipt thereof. Approval or conditional approval shall not relieve the contractor from complying with the specifications and all other terms and conditions of the contract. A conditional approval shall state any further action required by the contractor. A notice of disapproval shall state the reasons therefor.

If the samples are disapproved by the Government, the Government, at its option, may require the contractor to submit additional samples for inspection and test, in the time and under the terms and conditions specified in the notice of rejection. Such additional samples shall be furnished, and necessary changes made, at no additional cost to the Government and with no extension in the shipping schedule. The Government will require the time specified above to inspect and test any additional samples required.

In the event the additional samples are disapproved by the Government, the contractor shall be deemed to have failed to make delivery within the meaning of the default clause in which event this contract shall be subject to termination for default, provided however, that the failure of the Government to terminate the contract for default in such event shall not relieve the contractor of the responsibility to deliver the contract quantities in accordance with the shipping schedule.

In the event the Government fails to approve, conditionally approve, or disapprove the samples within the time specified, the Contracting Officer shall automatically extend the shipping schedule in accordance with Contract Clause 12, "Notice of Compliance with Schedules," of GPO Contract Terms (GPO Publication 310.2, effective December 1, 1987 (Rev. 5-99)).

Manufacture of the final product prior to approval of the sample submitted is at the contractor's risk. Samples will not be returned to the contractor. All costs, including the costs of all samples shall be included in the contract price for the production quantity.

All samples shall be manufactured at the facilities in which the contract production quantities are to be manufactured.

PRIOR-TO-PRODUCTION SAMPLE: The sample requirement for this contract is for one roll containing **10,000** sheets, per the specifications. **Sample roll must be constructed as specified using the form, materials, equipment, and methods of production which will be used in producing the final product.**

Roll shall be manufactured at the facilities in when the contract production quantity is to be manufactured. Sample must be submitted prior to commencement of production of the contract quantity, in sufficient time to allow the Government testing of the sample and production and shipment in accordance with the shipping schedule. Samples will be tested for all security items listed in the "Security Features" section. The samples will also be reviewed for printing specifications listed under "DESCRIPTION".

Deliver samples f.o.b. destination via traceable means (DO NOT SEND VIA USPS MAIL). Small packages for prior-to-production sample sheets must have the material placed in an inside envelope, with that envelope placed in an outer shipping envelope or pack.

Deliver pre-production samples via f.o.b. destination on or before **May 29, 2020**, as follows:

One prior-to-production sample ROLL (10,000 sheets) to:

Building 4B
Ogden, UT 84404
Attn: Michael Bate (801) 620-6454
Attn: Vicky Amidan (801) 620-7069

*Contractor **MUST** contact Michael Bate (801) 620-6454 or Vicky Amidan (801) 620-7069 when pre-production sample roll is shipped so that arrangements can be made for receipt.

(Deliver by traceable means, signature required. Contractor **MUST** contact Michael Bate or Vicky Amidan advising delivery of this roll.)

100 prior-to-production samples (sheets) to:

Internal Revenue Service
1111 Constitution Avenue, NW
Room 6550
Washington, DC 20224-0001
Attn: Joseph Moyer (202) 317-6067 (Deliver by traceable means, signature required)

Small packages for proofs or samples must have the material placed in an inside envelope, with that envelope placed in an outer shipping envelope or pack.

There is a two-workday hold from receipt. Contractor cannot proceed without an "okay to print".

STOCK: The specifications of all stock furnished must be in accordance with those listed herein or listed for the corresponding JCP Code numbers in the "Government Paper Specification Standards No.

13" dated September 2019, and any subsequent amendments thereto.

Defensa Basic IJ (Inkjet) Paper, Basis Weight 24.

INKS: Green, PMS 343

PACKING: Each roll must be wrapped completed in **at least 5 layers** of moisture-proof plastic wrapping material of a strength that will ensure arrival at destination in a clean and un-manipulated condition. Rolls/pallets **must** be wrapped in black plastic to prevent cause exposure to the product while being transported.

Rolls should be placed on edge and banded with plastic straps that will not break under normal shipping and handling conditions. Bands must go through the core in addition to over the top. Corner pads should be utilized on rolls to prevent damage from strapping.

NOTE: All rolls must be secured on the 51" pallets by chocks to prevent rolling off the pallet.

Small packages for proofs or samples must have the material placed in an inside envelope, with that envelope placed in an outer shipping envelope or pack.

PALLETS: Pallets must be Type III, Group 2 or 3, two way flush pallet, and must conform to Federal Specifications NN-P-71. Size of pallet is to be 51 x 40", with full entry on the 40" width. Pallets must also contain a double support joist 1-1/2" x 4" on each side of the pallet running the entire 51" length. Strict adherence to these dimensions is necessary to accommodate the storage requirements of IRS Distribution Centers. **Please refer to IRS D12321-LR/Laser Roll Pallet Instructions with the government furnished materials.**

Receipt of incorrect pallets may result in a charge for each incorrect pallet, which will be assessed against the contractor. This charge will cover additional costs incurred by IRS to re-palletize the shipment onto correct pallets.

LABELING: All pallets and small packages used for shipping will require a label. Complete and copy the furnished shipping label and affix one to each side of the pallet and one on small packages according to the instructions at the top of the carton label sheet. Improper, partial or incorrect labeling may require the contractor to reimburse IRS for time spent correcting the affected labels.

Each pallet must be marked with safety warnings for heavy roll paper, and procedures for safe handling information, such as moving the pallet and removing the rolls from the pallet. Product Usage Information should also be contained on each roll, how the unwind directions is marked, explanation of the start of good forms mark, etc.

INSPECTION SAMPLES: Deliver 10 sheets to: U.S. Government Publishing Office, 536 Stone Road, Suite I, Benicia, CA 94510. Attn: Scoti Cox (707) 748-1970. M/F: Jacket 771-043 R-1. Deliver via traceable means, signature required. Do not use the U.S. Postal Service.
