Committee discharged

A BILL

To amend the Federal Food, Drug, and Cosmetic Act to clarify the application of the Act with respect to alternate uses of new animal drugs and new drugs intended for human use, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. FINDINGS AND PURPOSES.**

4 (a) FINDINGS.—Congress finds that—

5 (1) the Federal Food, Drug, and Cosmetic Act
6 currently permits the use of an animal drug, or a
7 drug intended for human use, that is approved by
8 the Food and Drug Administration, only in accord-
9 ance with the specific labeling approved for the drug;

10 (2) there are not such approved animal drugs
11 available to relieve pain and suffering, or to treat
12 every specific disease or condition found, in each
13 species of animal;

14 (3) it is sometimes necessary for veterinarians
15 to use such an approved animal drug or approved
16 drug intended for human use in a manner that is
17 not in accordance with the label of the drug if—

18 (A) the health of an animal is immediately
19 threatened; and

20 (B) suffering or death would result from
21 failure to provide effective treatment; and

22 (4) veterinarians possess the professional train-
23 ing and medical judgment to administer drugs in a
24 clinically-appropriate manner that benefits animals
25 and safeguards the public health.

1 (b) PURPOSES.—The purposes of this Act are—

2 (1) to permit veterinarians to use such an ap-
3 proved animal drug, or approved drug intended for
4 human use, for therapeutic purposes in animals in
5 a manner that is not specified on the label of the
6 drug, if a valid veterinarian-client-patient relation-
7 ship exists; and

8 (2) to permit the Secretary of Health and
9 Human Services to establish conditions for such use
10 as may be necessary to protect the public health.

11 **SEC. 2. ALTERNATE USES.**

12 Section 512(a) of the Federal Food, Drug, and Cos-
13 metic Act (21 U.S.C. 360b(a)) is amended by adding at
14 the end the following new paragraphs:

15 “(4) If an approval of an application filed under sub-
16 section (b) is in effect with respect to a particular use or
17 intended use of a new animal drug, the drug shall not be
18 deemed unsafe for the purposes of section 501(a)(5), and
19 shall be exempt from the regulations of section 502(f),
20 with respect to a different use or intended use of the drug,
21 if such use or intended use—

22 “(A) is by or on the lawful written or oral order
23 of a licensed veterinarian within the context of a vet-
24 erinarian-client-patient relationship; and

1 “(B) is in compliance with regulations promul-
2 gated by the Secretary that establish such conditions
3 for such use or intended use as may be necessary to
4 protect the public health.

5 “(5) If an approval of an application filed under sec-
6 tion 505 is in effect with respect to a particular use or
7 intended use of a drug intended for human use, the drug
8 shall not be deemed unsafe for the purposes of section
9 501(a)(5), and shall be exempt from the requirements of
10 section 502(f), with respect to a use or intended use of
11 the drug in non-food producing animals, if such use or
12 intended use complies with the requirements specified in
13 subparagraph (A) or (B) of paragraph (4).”.
