## A BILL

To establish a national center on volunteer screening to reduce sexual and other abuse of children.

1 *Be it enacted by the Senate and House of Representa-*  
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “National Child Protec-  
5 tion Volunteer Screening Assistance Act of 2000”.

1 **SEC. 2. ESTABLISHMENT OF A NATIONAL CENTER ON VOL-**  
2 **UNTEER SCREENING.**

3 The Juvenile Justice and Delinquency Prevention Act  
4 of 1974 (42 U.S.C. 5601 et seq.) is amended by adding  
5 at the end the following:

6 **“TITLE VI—NATIONAL CENTER**  
7 **ON VOLUNTEER SCREENING**

8 **“SEC. 601. SHORT TITLE.**

9 “This title may be cited as the ‘National Child Pro-  
10 tection Volunteer Screening Assistance Act’.

11 **“SEC. 602. FINDINGS.**

12 “Congress finds the following:

13 “(1) More than 87,000,000 children are in-  
14 volved each year in activities provided by child and  
15 youth organizations which depend heavily on volun-  
16 teers to deliver services through such activities.

17 “(2) The vast majority of activities provided to  
18 children by public and nonprofit private agencies  
19 and organizations result in the delivery of much  
20 needed services in safe environments that could not  
21 be provided without the assistance of virtually mil-  
22 lions of volunteers, but abuses of children do occur.

23 “(3) Estimates of the incidence of child sexual  
24 abuse in child care settings, foster care homes, and  
25 schools range from 1 to 7 percent.

1           “(4) Although the incidence of child abuse may  
2           be relatively small, abuse traumatizes the victims  
3           and shakes public trust in care providers and organi-  
4           zations serving vulnerable populations.

5           “(5) Congress addressed concerns about this  
6           type of abuse by enacting the National Child Protec-  
7           tion Act of 1993 and the Violent Crime Control Act  
8           of 1994, to set forth a framework through which  
9           States could authorize screening through criminal  
10          record checks of care providers, including volunteers  
11          who work with children, the elderly, and individuals  
12          with disabilities, but problems regarding the safety  
13          of children remain.

14          “(6) While State screening alone is sometimes  
15          adequate to conduct volunteer background checks,  
16          more extensive national criminal history checks  
17          using fingerprints are often advisable, especially  
18          when a prospective volunteer may have lived in more  
19          than 1 State.

20          “(7) The high cost for fingerprint background  
21          checks is unaffordable for organizations that use a  
22          large number of volunteers and, if such cost is  
23          passed on to volunteers, often discourages their par-  
24          ticipation.

1           “(8) The current system of retrieving national  
2 criminal background information on volunteers  
3 through an authorized agency of the State is cum-  
4 bersome and often requires months before vital re-  
5 sults are returned.

6           “(9) In order to protect children, volunteer  
7 agencies must currently depend on a convoluted, dis-  
8 connected, and sometimes duplicative series of  
9 checks that leave children at risk.

10           “(10) A national volunteer screening center is  
11 needed to protect children by providing effective, ef-  
12 ficient, and no-cost national criminal history back-  
13 ground checks of volunteers who provide care  
14 through public and nonprofit private agencies and  
15 organizations.

16 **“SEC. 603. DEFINITIONS.**

17           “For purposes of this title:

21 whether public or nonprofit, that provides care  
22 placement services, including an organization that li-  
23 censes or certifies others to provide care placement  
24 services.

1           quest a nationwide background check for the  
2           purpose of determining whether a volunteer  
3           provider has been convicted of a crime that  
4           bears upon the provider’s fitness to have re-  
5           sponsibilities for the safety and well-being of  
6           children;

7           “(B) to access and to review, either di-  
8           rectly or indirectly, State and Federal criminal  
9           history records and registries through the na-

11          tem, and any other appropriate system of crimi-  
12          nal history information at no cost to the public  
13          or nonprofit private qualified entity or to the  
14          volunteer provider, on an expedited basis under

22          and clearinghouse to provide State and local  
23          governments, public and nonprofit private agen-  
24          cies, and individuals with information regarding  
25          volunteer screening; and

12 reau of Investigation appointed by the Di-  
13 rector of the Federal Bureau of Investiga-  
14 tion; and

15                           “(iv) 6 members of national organiza-  
16 tions that represent nonprofit private  
17 qualified entities that use volunteer pro-  
18 viders to serve children; and

19                   “(B) oversee the work of the national cen-  
20 ter for volunteer screening and report at least  
21 annually to the President and the Congress  
22 with regard to the work of such center for vol-  
23 unteer screening and the progress of the States  
24 in complying with the Child Protection Act of  
25 1993.

3 this title \$80,000,000 for fiscal year 2001 and such sums  
4 as may be necessary for fiscal years 2002, 2003, 2004,  
5 and 2005.”.
