For purposes of the preceding sentence, whether a medical device meets such requirements as of such date shall be determined on the basis of the program memoranda issued before such date.

“(II) AUTHORIZATION OF IMPLEMENTATION OTHER THAN THROUGH REGULATIONS.—The categories may be established under this clause by program memorandum or otherwise, after consultation with groups representing hospitals, manufacturers of

“(iv) Requirements treated as met.—A medical device shall be treated as meeting the requirements of subparagraph (A)(iv), regardless of whether the device meets the requirement of subclause (I) of such subparagraph, if—

“(I) the device is described by a category established and in effect under clause (i); or

“(II) the device is described by a category established and in effect under clause (ii) and an application under section 515 of the Federal Food, Drug, and Cosmetic Act has been approved with respect to the device, or the device has been cleared for market under section 510(k) of such Act, or the device is exempt from the requirements of section 510(k) of such Act pursuant to subsection (l) or

“(C) LIMITED PERIOD OF PAYMENT.—

“(i) DRUGS AND BIOLOGICALS.—The payment under this paragraph with respect to a drug or biological shall only apply during a period of at least 2 years, but not more than 3 years, that begins—

“(I) on the first date this subsection is implemented in the case of a drug or biological described in clause (i), (ii), or (iii) of subparagraph (A) and in the case of a drug or biological described in subparagraph (A)(iv) and for which payment under this part is made as an outpatient hospital service before such first date; or
“(II) in the case of a drug or biological described in subparagraph
(A)(iv) not described in subclause (I),
on the first date on which payment is
made under this part for the drug or
biological as an outpatient hospital
service.

“(ii) MEDICAL DEVICES.—Payment
shall be made under this paragraph with
respect to a medical device only if such
device—

“(I) is described by a category of

“(ii) The mechanism established pursuant to clause (i) shall—

“(II) provide for the collection of data with respect to the costs of a new medical service or technology described in subclause (I) for a period of not less than two years and not more than three years beginning on the date on which an inpatient hospital code is issued with respect to the service or technology;

“(III) subject to paragraph (4)(C)(iii), provide for additional payment to be made under this subsection with respect to discharges involving a new medical service or technology described in subclause (I) that occur during the period described in subclause (II) in an amount that adequately reflects the

“(ii) Such groups—
“(I) shall not be based on the costs associated with a specific new medical service or technology; but
