4 (a) *FINDINGS.*—Congress finds that—

 6 *tsunamis, tornadoes, hurricanes, flooding, and*
 7 *wildfires, pose great danger to human life and to*
 8 *property throughout the United States;*

9 (2) *greater emphasis needs to be placed on—*

10 (A) *identifying and assessing the risks to*
 11 *States and local governments (including Indian*
 12 *tribes) from natural disasters;*

13 (B) *implementing adequate measures to re-*
 14 *duce losses from natural disasters; and*

1 (C) ensuring that the critical services and
2 facilities of communities will continue to func-
3 tion after a natural disaster;

4 (3) expenditures for postdisaster assistance are
5 increasing without commensurate reductions in the
6 likelihood of future losses from natural disasters;

7 (4) in the expenditure of Federal funds under the
8 Robert T. Stafford Disaster Relief and Emergency As-
9 sistance Act (42 U.S.C. 5121 et seq.), high priority
10 should be given to mitigation of hazards at the local
11 level; and

12 (5) with a unified effort of economic incentives,
13 awareness and education, technical assistance, and
14 demonstrated Federal support, States and local gov-
15 ernments (including Indian tribes) will be able to—

16 (A) form effective community-based partner-
17 ships for hazard mitigation purposes;

18 (B) implement effective hazard mitigation
19 measures that reduce the potential damage from
20 natural disasters;

21 (C) ensure continued functionality of crit-

25 goals; and

1 (E) make commitments to long-term hazard
2 mitigation efforts to be applied to new and exist-
3 ing structures.

4 (b) *PURPOSE.*—The purpose of this title is to establish
5 a national disaster hazard mitigation program—

6 (1) to reduce the loss of life and property, human
7 suffering, economic disruption, and disaster assist-
8 ance costs resulting from natural disasters; and

9 (2) to provide a source of predisaster hazard
10 mitigation funding that will assist States and local
11 governments (including Indian tribes) in imple-
12 menting effective hazard mitigation measures that are
13 designed to ensure the continued functionality of crit-
14 ical services and facilities after a natural disaster.

15 **SEC. 102. PREDISASTER HAZARD MITIGATION.**
