## A BILL

To assist aliens who were transplanted to the United States as children in continuing their education and otherwise integrating into American society.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

3       **SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “Preserving Educational  
5       Opportunities for Immigrant Children Act of 2001”.

6       **SEC. 2. FINDINGS AND PURPOSES.**

7       (a) FINDINGS.—Congress makes the following find-  
8       ings:

1           (1) Many children are brought to the United  
2 States at a very young age by parents or other  
3 adults to accompany them during the adults' stay in  
4 the United States.

5           (2) In many such instances, parents or other  
6 adults traveling to the United States enter and or  
7 remain in this country without benefit of inspection  
8 or authorization to be present in the United States.

9           (3) Many children brought to the United States  
10 by parents or other adults arrive in this country  
11 without the ability to make independent decisions  
12 about where they wish to live. Once in the United  
13 States, many such children also are incapable of  
14 independent living.

15           (4) Because of the early age at which many  
16 children arrive in the United States, as they become  
17 older, they become fully integrated into American  
18 life, learning English and either losing or never ac-  
19 quiring the language of their native country. At the  
20 same time, many lose all ties to relatives in their  
21 country of origin or previous country of habitual res-  
22 idence.

23           (5) Many such children attend public elemen-  
24 tary and secondary schools in the United States.  
25 Often, they excel in academics and contribute to

1 both their communities and the families with whom  
2 they live.

3 (6) Current United States immigration laws do  
4 not provide the Attorney General with adequate  
5 flexibility to take into account the special humani-  
6 tarian circumstances in which such transplanted  
7 alien children live. Consequently, such children are  
8 in danger of being removed to a country they do not  
9 know, an eventuality that would cause enormous dis-  
10 ruptions in their lives and in the lives of their loved  
11 ones.

12 (7) Current immigration laws effectively pre-  
13 clude States and units of local government from pro-  
14 viding such children access to State systems of high-  
15 er education. Consequently, many such children can-  
16 not continue their education upon graduating from  
17 high school.

18 (b) PURPOSES.—The purposes of this Act are—

19 (1) to provide for aliens who, through no fault  
20 of their own, were brought to the United States as  
21 children, opportunities to regularize their status in  
22 the United States, attend college, and become con-  
23 tributing members of their communities in this coun-  
24 try; and

1           (2) to repeal certain legislative barriers that im-  
2           pede the ability of such aliens to become fully inte-  
3           grated into United States society.

4 **SEC. 3. DEFINITIONS.**
