ownership, supporting operations of an organization estab-

States is a party, a state-party to such a treaty, an inter-

If the request is made pursuant to an international agree-

“Sec.

“2015. Purpose of this chapter.

“2020. Agreements with private organizations to address encroachment and other constraints on military training, testing, and operations.

“§ 2015. Purpose of this chapter

“The purpose of this chapter is to—

“(1) protect the lives and well-being of citizens of the United States and preserve their freedoms, economic prosperity, and environmental heritage by ensuring military readiness;

“(2) ensure military readiness by addressing problems created by encroachment on military readiness activities and lands, marine areas, and airspace.
reserved, withdrawn, or designated for a military use;

“(3) reaffirm the principle that such lands, marine areas, and airspace exist to ensure military preparedness;

“(4) shield military readiness activities and lands, marine areas, and airspace reserved, withdrawn, or designated for a military use, including land, sea, and air training and operating areas, from encroachment, while ensuring that the Department of Defense fulfills its environmental stewardship responsibilities;

“(5) manage such lands, marine areas, and airspace for other purposes to the extent the non-military purpose does not reduce capability to support military readiness activities;

“(6) re-establish the appropriate balance between military readiness and environmental stewardship; and

“(7) establish a framework to ensure long-term sustainability of military ranges.

“For purposes of this chapter:

“(1) The term ‘military readiness activities’ in-

The term does not include the routine operation of installation operating support functions, such as administrative offices, military exchanges, commissaries, water treatment facilities, storage, schools, housing, motor pools, laundries, morale, welfare and recreation activities, shops, and mess halls, nor the operation of industrial activities, or the construction or demolition of such facilities.

“(2) The terms ‘combat’ or ‘combat use’ include all forms of armed conflict and operational employment as well as those support functions necessary for armed conflict and operational employment, including transportation of personnel, weapons, supplies, ammunition and other military material to the vicinity of actual or potential armed conflict; intelligence gathering in support of actual or potential armed conflict; command of and communications between military units; and similar activities necessary for the successful prosecution of armed conflict, whether or not conducted at the scene of actual conflict.

“§2017. Military readiness and the conservation of protected species

“(a) Critical Habitat for Threatened and Endangered Species.—

“(1) The completion of an Integrated Natural Resources Management Plan, pursuant to the Sikes Act Improvement Act (16 U.S.C. 670a), for lands or other geographical areas owned or controlled by the Department, or designated for its use, that addresses endangered or threatened species and their habitat, provides the ‘special management considerations or protection’ required under the Endangered Species Act (16 U.S.C. 1532(5)(A)) and precludes designation of critical habitat for any such land or geographical areas under section 4 of the Endangered Species Act (16 U.S.C. 1533).

“(2) This subsection does not remove the requirement for agency consultation under section 7(a)(2) of the Endangered Species Act (16 U.S.C. 1536(a)(2)).
“(b) MIGRATORY BIRDS.—Recognizing the critical importance of military readiness activities to the United States and the efforts taken by the Department to avoid adverse impacts on migratory birds, military readiness activities of the Department are hereby authorized under the Migratory Bird Treaty Act (16 U.S.C. 703 et seq.) without further action by the Secretary of the Interior; provided, the Department shall minimize taking of migratory birds to the extent practical and necessary to further the purposes of the Act without diminishment of military training or other capabilities, as determined by the Department.

“(c) MARINE MAMMALS.—For purposes of the Marine Mammals Protection Act of 1972 (16 U.S.C. 1361 et seq.) harassment from military readiness activities occurs only when those activities—

“(1) injure or have the significant potential to injure a marine mammal or marine mammal stock in the wild;

“(2) disturb or are likely to disturb a marine mammal or marine mammal stock in the wild by causing disruption of natural behavior patterns, including, but not limited to, migration, surfacing, nursing, breeding, feeding, or sheltering to a point
where such behavioral patterns are abandoned or significantly altered; or

“(3) are directed toward a specific individual, group, or stock of marine mammals in the wild that is likely to disturb the specific individual, group, or stock of marine mammals by disrupting behavior, including but not limited to migration, surfacing, nursing, breeding, feeding or sheltering.

“§2018. Conformity with State Implementation Plans for air quality

“(a) Conformity With Clean Air Act.—In all cases in which the requirements of section 176(c) of the Clean Air Act would have applied to proposed military readiness activities, the Department shall not be prohibited from engaging in such military readiness activities, but shall—

“(1) estimate for all criteria pollutants for which the area is designated ‘nonattainment’ or ‘maintenance’ the quantity of emissions that are caused by the military readiness activities;

“(2) notify the State air quality planning agency for the affected area of such emission estimates prior to engaging in proposed military readiness activities; and
“(3) ensure that military readiness activities conform with the requirements of section 176(e) within three years of the date new activities begin.

“(b) EPA APPROVAL.—Notwithstanding any other provisions of law, an implementation plan or plan revision required under the Clean Air Act shall be approved the Administrator of the Environmental Protection Agency if—

“(1) such plan or revision meets all the requirements applicable to it under the Clean Air Act other than a requirement that such plan or revision demonstrate attainment and maintenance of the relevant national ambient air quality standards by the attainment date specified under the applicable provision of the Act, or in a regulation promulgated under such provision; and

“(2) the submitting State established to the satisfaction of the Administrator that the implementation plan of such State would be adequate to attain and maintain the relevant national ambient air quality standards by the attainment date specified under the applicable provision of the Act, or in a regulation promulgated under such provision, but for emissions emanating from military readiness activi-
ties not otherwise meeting section 176(e) of the Act pursuant to paragraph (a) of this section.

“(c) Effect on State Compliance With Ozone Standards.—Notwithstanding any other provisions of law, any state that establishes to the satisfaction of the Administrator that, with respect to an ozone nonattainment area in such State, such State would have attained the national ambient air quality standard for ozone by the applicable attainment date, but for emissions emanating from military readiness activities not otherwise meeting section 176(e) of the Act pursuant to paragraph (a) of this section, shall not be subject to the provisions of section 182(a)(2) or (5) or section 185 of the Act.

“(d) Effect on State Compliance With Carbon Monoxide Standards.—Notwithstanding any other provision of law, any State that establishes to the satisfaction of the Administrator, with respect to a carbon monoxide nonattainment area in such State, that such State has attained the national ambient air quality standard for carbon monoxide by the applicable attainment date, but for emissions emanating from military readiness activities not otherwise meeting section 176(e) of the Act pursuant to paragraph (a) of this section, shall not be subject to the provisions of section 186(b)(2) of the Act.
“(e) Effect on State Compliance With PM–10 Standards.—Notwithstanding any other provisions of law, any State that establishes to the satisfaction of the Administrator that, with respect to a PM–10 nonattainment area in such State, such State would have attained the national ambient air quality standard for PM–10 by the applicable attainment date, but for emission emanating from military readiness activities not otherwise meeting section 176(c) of the Act pursuant to paragraph (a) of this section shall not be subject to the provisions of section 188(b)(2) of the Act.

“§ 2019. Range management and restoration

“(ii) are deposited, incident to their normal
and expected use, off an operational range, and
are not promptly rendered safe or retrieved.
“(B) The explosives, unexploded ordnance, mu-
nitions, munitions fragments, or constituents thereof
defined as solid waste in subsection (a)(1)(A) shall
be subject to the provisions of the Solid Waste Dis-
posal Act, as amended, including but not limited to
sections 7002 and 7003, where applicable.
“(2) Except as set out in subsection (1), the
term ‘solid waste,’ as used in the Solid Waste Dis-
posal Act, as amended, does not include explosives,
unexploded ordnance, munitions, munitions frag-
ments, or constituents thereof that—
“(A) are used in training military per-
sonnel or explosives and munitions emergency
response specialists (including training in proper destruction of unused propellant or other munitions);

“(B) are used in research, development, testing, and evaluation of military munitions, weapons, or weapon systems;

“(C) are or have been deposited, incident to their normal and expected use, on an operational range, except as provided in subsection (a)(1)(A);

“(D) are deposited, incident to their normal and expected use, off an operational range, and are promptly rendered safe or retrieved; or

“(E) are recovered, collected, and destroyed on-range during range clearance activities at operational ranges, but not including the on-range burial of unexploded ordnance and contaminants when the burial is not a result of product use.

“(b) DEFINITION OF RELEASE.—

(1) The term ‘release,’ as used in the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (42 U.S.C. 9601 et seq.), includes the deposit off an operational range, or the migration off an operational range, of
any explosives, unexploded ordnance, munitions, munitions fragments, or constituents thereof.

“(2) The term ‘release,’ as used in the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (42 U.S.C. 9601 et seq.), does not include the deposit or presence on an operational range of any explosives, unexploded ordnance, munitions, munitions fragments, or constituents thereof that are or have been deposited thereon incident to their normal and expected use.

“(3)(A) Notwithstanding the provisions of paragraph (2), nothing in this section affects the authority of the President under section 106(a) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (42 U.S.C. 9606(a)) to address an imminent and substantial endangerment to the public health or welfare or the environment, including orders to test and monitor.

“(B) Nothing in this section affects the ability of a State or other person to request that the President exercise such authority under section 106(a) of such Act to address an imminent and substantial
endangerment to the public health or welfare or the environment.

“(4) Nothing in this section affects the authority of the Department to protect the environment, safety, and health on operational ranges.

“§ 2020. Agreements with private organizations to address encroachment and other constraints on military training, testing, and operations

“(a) AGREEMENTS.—The Secretary of a military department is authorized to enter into agreements with any private organization that has the conservation, restoration, or preservation of land and natural resources, or a similar objective, as its state principal organizational purpose or goal. The purpose of any agreement under this section shall be to address the use or development of real property in the vicinity of military installations in order either—

“(1) to limit incompatible development or use of such property, or

“(2) to preserve habitat so as to eliminate or relieve existing or projected environmental restrictions, that otherwise may have the potential to restrict, impede, or otherwise interfere with, directly or indirectly, current or future military training, test-
ing, or operations. Chapter 63 of title 31 shall not apply to agreements entered into under this section.

“(b) ACQUISITION AND ACCEPTANCE OF REAL PROPERTY.—An agreement under this section—

“(1) may provide for the private organization to acquire, on a cost-shared basis, all right title, and interest in real property, or any lesser estate or interest; as shall be required to effectuate the purposes of this section; and

“(2) with respect to any real property estate or interest so acquired, shall provide, upon request at any time, for the private organization to transfer to the United States an estate or interest in such real property. Such interest shall be limited to that interest necessary to permit the United States to ensure that the property is used and managed in a manner that meets the purposes of this section. The Secretary concerned shall determine what estate or interest is necessary. Notwithstanding any other provision of law, the military department is authorized to accept such estate or interest in real property on behalf of the United States.

“(c) FUNDING.—Fund appropriated for the operations and maintenance of the Department of Defense or of any military department, including funds appropriated
to support the Legacy Resources Management Program, may be made available to execute any agreements entered into under this section. For installations or facilities operated primarily with funds appropriated for research, development, testing, and evaluation, those funds may be used in lieu of funds appropriated for operations and maintenance.

“(d) ADDITIONAL TERMS AND CONDITIONS.—The Secretary may require such additional terms and conditions in the agreements authorized by this section as the Secretary considers appropriate to protect the interests of the United States. Real property may not be acquired under this subsection unless the owner of the property consents to the acquisition. The Secretary may accept appraisals or title documents prepared or adopted by a non-Federal entity as satisfying the applicable requirements of section 213 of the Uniform Relocation Act Amendments of 1987 (42 U.S.C. 4651) or the Act of September 1, 1970 (84 Stat. 835; 40 U.S.C. 255) where the Secretary finds the appraisals or title documents substantially comply with Federal standards.

“§ 2021. Conveyance of surplus real property for natural resource conservation purposes

“(a) AUTHORITY TO CONVEY.—The Secretary of a military department, in his sole discretion, may convey...
surplus real property under its jurisdiction that is suitable and desirable for conservation purposes to any state or local government, or instrumentality thereof, or nonprofit organization that exists for the primary purpose of conservation of natural resources on real property. This authority shall only apply to surplus real property that the disposing agency has certified has been made available for public benefit transfer, has been available for a sufficient time to potential claimants and for which there is no pending request for transfer to another federal agency or for conveyance to any other qualified recipient for public benefit transfer, under the real property disposal processes and authorities established pursuant to the Federal Property and Administrative Services Act of 1949 (40 U.S.C. 471, et seq.). The consideration for such conveyance shall be determined by the Secretary pursuant to subsection (e).

“(b) Deed Requirements.—The deed of conveyance of any surplus real property disposed of under this subsection—

“(1) shall provide that all such property shall be used and maintained for the conservation of natural resources in perpetuity, and that in the event that such property ceases to be used or maintained for such purpose during such period, all or any portion of such property shall in its then existing condi-
tion, at the option of the United States, revert to the United States;

“(2) may permit the grantee to convey the property to another eligible entity; provided the Secretary of the military department approves the conveyance in writing and the property shall be subject to the same covenants and terms and conditions as provided in the deed from the United States;

“(3) may permit incidental revenue-producing activities that are compatible with the use of the property for conservation purposes;

“(4) may contain such additional terms, reservation, restrictions and conditions as may be determined by the Secretary to safeguard the interests of the United States.

“(c) RELEASE OF COVENANTS.—The Secretary, with the concurrence of the Secretary of Interior, may grant a release from the covenant described in subsection (b) on the condition that the grantee pay the fair market value, as determined by the Secretary, of the property at the time of the release of the covenant. The Secretary may reduce the amount owed for release of such covenant taking into account the value of the natural resource conservation benefit that has accrued during the period of the
conveyance and which benefit was not previously taken
into account in (a).

“(d) LIMITATIONS.—Such conveyance shall not be
used in settlement of any litigation, dispute, or claim
against the United States, nor as a condition of allowing
any defense activity under any Federal, State, or local per-
mitting or review process. The Secretary may use such
conveyances, with the restrictions set forth in subsection
(b), to establish mitigation banks outside the context of
being a condition imposed by any Federal, State, or local
regulatory body for granting a permit, completion of re-
view, or otherwise granting permission for a proposed mili-
tary action other than establishment of a mitigation bank.

“(e) CONSIDERATION.—In fixing the consideration
for the property or in determining the amount of any re-
duction of the fair market value owed for the release of
the covenant under subsection (c), the Secretary of the
military department shall take into consideration any ben-
efit that has accrued or may accrue to the United States
from the use of such property for the conservation of nat-
ural resources.

“(f) REAL PROPERTY DECLARED SURPLUS AS A RE-
SULT OF A BASE CLOSURE LAW.—The Secretary con-
cerned may not dispose of any real property declared sur-
plus as a result of a base closure law under this section
in a manner inconsistent with the requirements and preferences established under a base closure law.

“(g) DEFINITIONS.—For purposes of this section:

“(1) The term ‘States’ includes the District of Columbia, the Commonwealth of Puerto Rico, the Commonwealth of the Northern Marianas and the territories and possessions of the United States.

local government, or instrumentality thereof, or nonprofit
organization that exists for the primary purpose of con-
servation of natural resources on real property. This au-
authority shall only apply to surplus real property that the disposing agency has certified has been made available for public benefit transfer, has been available for a sufficient time to potential claimants and for which there is no pending request for transfer to another Federal agency or for conveyance to any other qualified recipient for public benefit transfer, under the real property disposal processes and authorities established pursuant to the Federal Property and Administrative Services Act of 1949 (40 U.S.C. 471, et seq.).
