## A BILL

To amend titles XVIII and XIX of the Social Security Act to require screening, including national criminal history background checks, of direct patient access employees of skilled nursing facilities, nursing facilities, and other long-term care facilities and providers, and to provide for nationwide expansion of the pilot program for National and State background checks on direct patient access employees of long-term care facilities or providers.

1       *Be it enacted by the Senate and House of Representa-*  
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “Patient Safety and  
5 Abuse Prevention Act of 2007”.

6 **SEC. 2. FINDINGS AND PURPOSES.**

7       (a) FINDINGS.—Congress makes the following find-  
8 ings:

9           (1) Frail elders are a highly vulnerable popu-  
10 lation who often lack the ability to give consent or  
11 defend themselves. Since the best predictor of future  
12 behavior is past behavior, individuals with histories  
13 of abuse pose a definite risk to patients and resi-  
14 dents of long-term care facilities.

15           (2) Every month, there are stories in the media  
16 of health care employees who commit criminal mis-  
17 conduct on the job and are later found, through a  
18 background check conducted after the fact, to have  
19 a history of convictions for similar crimes.

20           (3) A 2006 study conducted by the Department  
21 of Health and Human Services determined that—

22           (A) criminal background checks are a valu-  
23 able tool for employers during the hiring proc-  
24 ess;

1 (B) the use of criminal background checks  
2 during the hiring process does not limit the pool  
3 of potential job applicants;

4 (C) “a correlation exists between criminal  
5 history and incidences of abuse”; and

6 (D) the long-term care industry supports  
7 the practice of conducting background checks  
8 on potential employees in order to reduce the  
9 likelihood of hiring someone who has potential  
10 to harm residents.

11 (4) In 2005, the Michigan Attorney General  
12 found that 10 percent of employees who were then  
13 providing services to frail elders had criminal back-  
14 grounds.

15 (5) In 2004, the staffs of State Adult Protec-  
16 tive Services agencies received more than 500,000  
17 reports of elder and vulnerable adult abuse, and an  
18 ombudsman report concluded that more than 15,000  
19 nursing home complaints involved abuse, including  
20 nearly 4,000 complaints of physical abuse, more  
21 than 800 complaints of sexual abuse, and nearly  
22 1,000 complaints of financial exploitation;

23 (6) The Department of Health and Human  
24 Services has determined that while 41 States now  
25 require criminal background checks on certified

1 nurse aides prior to employment, only half of those  
2 (22) require criminal background checks at the Fed-  
3 eral level.

4 (b) PURPOSES.—The purposes of this Act are to—

5 (1) create a coordinated, nationwide system of  
6 State criminal background checks that would greatly  
7 enhance the chances of identifying individuals with  
8 problematic backgrounds who move across State  
9 lines;

10 (2) stop individuals who have a record of sub-  
11 stantiated abuse, or a serious criminal record, from  
12 preying on helpless elders and individuals with dis-  
13 abilities; and

14 (3) provide assurance to long-term care employ-  
15 ers and the residents they care for that potentially  
16 abusive workers will not be hired into positions of  
17 providing services to the extremely vulnerable resi-  
18 dents of our Nation’s long-term care facilities.

19 **SEC. 3. NATIONWIDE EXPANSION OF PILOT PROGRAM FOR**  
20 **NATIONAL AND STATE BACKGROUND**  
21 **CHECKS ON DIRECT PATIENT ACCESS EM-**  
22 **PLOYEES OF LONG-TERM CARE FACILITIES**  
23 **OR PROVIDERS.**

24 Section 307 of the Medicare Prescription Drug, Im-  
25 provement, and Modernization Act of 2003 (42 U.S.C.

10 State to conduct background checks  
11 under the pilot program established  
12 under subsection (a) on a Statewide  
13 basis;

14 “(II) that agrees to conduct

19 tion to the Secretary containing such  
20 information and at such time as the
