Such methodology shall be set at the highest level medical loss ratio possible that is designed to ensure adequate participation by QHBP offering entities, competition in the health insurance market in and out of the Health Insurance Exchange, and value for consumers so that their premiums are used for services.

(C) **Other terms and conditions.**—The terms and conditions of a contract under this paragraph shall be consistent with the standards the appropriate Secretary shall establish to assure there is no real or apparent conflict of interest in the conduct of external appeal activities. The Commissioner shall approve a State-based Health Insurance Exchange if it meets the requirements for approval under subsection (b).

(b) REQUIREMENTS FOR APPROVAL.—

(1) IN GENERAL.—The Commissioner may not approve a State-based Health Insurance Exchange
under this section unless the following requirements are met:

(2) Termination; Health Insurance Exchange Resumption of Functions.—The Commissioner may terminate the approval (for some or all functions) of a State-based Health Insurance Exchange under this section if the Commissioner determines that such Exchange no longer meets the requirements of subsection (b) or is no longer capable of carrying out such functions in accordance with the requirements of this subtitle. and is implementing, an alternative medical li-
ability law that complies with this subsection.

(B) DETERMINATION BY SECRETARY.—The

year after the date of the enactment of this subsection,
the Secretary shall submit to Congress an annual re-
port on the progress States have made in adopting
and implementing alternative medical liability laws
that comply with this subsection. Such reports shall
contain sufficient documentation regarding the effec-

rules to carry out this subsection.

ceives approval for a higher rate increase in accordance
with subsection (b) or (c).

(b) Exception for Additional Required Benefits.—If the Health Choices Commissioner requires Ex-
change-participating health benefits plans to provide addi-
tional benefits, the annual increase permitted under sub-
section (a) with respect to the first year to which such bene-
fits are required shall be increased to take into account the
costs of such additional benefits.

(c) Exception to Where Financial Viability Threatened.—Subsection (a) shall not apply to any Ex-
change-participating health benefits plan for any year if
such plan demonstrates to the Commissioner (or, if deter-

that complying with subsection (a) for such year would
threaten its financial viability or its ability to provide
timely benefits to plan participants.

(d) Non-preemption.—Nothing in this section shall
be construed as preempting existing State prior approval
laws.

2. The Secretary may delay the implementation of such a reform in geographic areas in which such implementation would place the public health insurance option at a competitive disadvantage.

3. The Secretary may prioritize implementation of such a reform in high cost geographic areas or otherwise in order to reduce total program costs or to promote high value care.
(e) **Non-uniformity Permitted.**—Nothing in this subtitle shall prevent the Secretary from varying payments based on different payment structure models (such as accountable care organizations and medical homes) under the public health insurance option for different geographic areas.

(2) Premium Percentage Limits Based on Table.—The Commissioner shall establish premium percentage limits so that for individuals whose family income is within an income tier specified in the table in subsection (d) such percentage limits shall increase, on a sliding scale in a linear manner, from the initial premium percentage to the final premium percentage specified in such table for such income tier.
(c) Reference Premium Amount.—The reference premium amount specified in this subsection for a plan year for an individual in a premium rating area is equal to the average premium for the 3 basic plans in the area for the plan year with the lowest premium levels. (c) Determination and Payment of Cost-Sharing Affordability Credit.—In the case of an affordable credit eligible individual in a tier enrolled in an Exchange-

pressed) used under subsection (a), the Commissioner shall establish rules requiring an individual to report,
consistent with the mechanism established under paragraph (2), significant changes in such income (including a significant change in family composition) to the Commissioner and requiring the substitution of such income for the income otherwise applicable.

(2) REPORTING OF SIGNIFICANT CHANGES IN INCOME.—The Commissioner shall establish rules under which an individual determined to be an affordable credit eligible individual would be required to inform the Commissioner when there is a significant change in the family income of the individual (expressed as a percentage of the FPL for a family of the size involved) and of the information regarding such change. Such mechanism shall provide for guidelines that specify the circumstances that qualify as a significant change, the verifiable information required to document such a change, and the process for submission of such information. If the Commissioner receives new information from an individual regarding the family income of the individual, the Commissioner shall provide for a redetermination of the individual’s eligibility to be an affordable credit eligible individual.

(3) TRANSITION FOR CHIP.—In the case of a child described in section 205(d)(2), the Commissioner

(4) Study of geographic variation in application of FPL.—

(A) In general.—The Commissioner shall
examine the feasibility and implication of ad-

adjustment is feasible, the study should include

shall submit to Congress a report on such study
and shall include such recommendations as the
Commissioner determines appropriate.

(B) Inclusion of territories.—

disclose to the Commissioner a significant change in family
income under subsection (c) in a manner that results in
the individual becoming an affordable credit eligible indi-
vidual when the individual is not or in the amount of the
affordability credit exceeding the correct amount—

(1) the individual is liable for repayment of the
amount of the improper affordability credit; and

(2) in the case of such an intentional misrepre-

Nothing in this subtitle shall be construed as preventing State governments from taking actions to permit such integration.

(e) REPAYMENT FOR VIOLATIONS OF TERMS OF PROGRAM.—If a cooperative violates the terms of the CO–OP program and fails to correct the violation within a reasonable period of time, as determined by the Commissioner, the cooperative shall repay the total amount of any loan or grant received by such cooperative under this section, plus interest (at a rate determined by the Secretary).

“(6) Transition to Use of MSAs as Fee Schedule Areas in California.—

“(A) In General.—

“(i) Revision.—Subject to clause (ii) and notwithstanding the previous provisions of this subsection, for services furnished on or after January 1, 2011, the Secretary shall revise the fee schedule areas used for payment under this section applicable to the State of California using the Metropolitan Statistical Area (MSA)
iterative Geographic Adjustment Factor methodology as follows:

“(I) The Secretary shall configure the physician fee schedule areas using the Core-Based Statistical Areas-Metro-politan Statistical Areas (each in this paragraph referred to as an ‘MSA’), as defined by the Director of the Office of Management and Budget, as the basis for the fee schedule areas. The Secretary shall employ an iterative process to transition fee schedule areas. First, the Secretary shall list all MSAs within the State by Geographic Adjustment Factor described in paragraph (2) (in this paragraph referred to as a ‘GAF’) in descending order. In the first iteration, the Secretary shall compare the GAF of the highest cost MSA in the State to the weighted-average GAF of the group of remaining MSAs in the State. If the ratio of the GAF of the highest cost MSA to the weighted-average GAF of the rest of State is 1.05 or
greater then the highest cost MSA becomes a separate fee schedule area.

“(II) In the next iteration, the Secretary shall compare the MSA of the second-highest GAF to the weighted-average GAF of the group of remaining MSAs. If the ratio of the second-highest MSA’s GAF to the weighted-average of the remaining lower cost MSAs is 1.05 or greater, the second-highest MSA becomes a separate fee schedule area. The iterative process continues until the ratio of the GAF of the highest-cost remaining MSA to the weighted-average of the remaining lower-cost MSAs is less than 1.05, and the remaining group of lower cost MSAs form a single fee schedule area.

If two MSAs have identical GAFs, they shall be combined in the iterative comparison.

“(ii) TRANSITION.—For services furnished on or after January 1, 2011, and before January 1, 2016, in the State of California, after calculating the work, practice
expense, and malpractice geographic indices described in clauses (i), (ii), and (iii) of paragraph (1)(A) that would otherwise apply through application of this paragraph, the Secretary shall increase any such index to the county-based fee schedule area value on December 31, 2009, if such index would otherwise be less than the value on January 1, 2010.

“(B) SUBSEQUENT REVISIONS.—

“(i) PERIODIC REVIEW AND ADJUSTMENTS IN FEE SCHEDULE AREAS.—Subsequent to the process outlined in paragraph (1)(C), not less often than every three years, the Secretary shall review and update the California Rest-of-State fee schedule area using MSAs as defined by the Director of the Office of Management and Budget and the iterative methodology described in subparagraph (A)(i).

“(ii) LINK WITH GEOGRAPHIC INDEX DATA REVISION.—The revision described in clause (i) shall be made effective concurrently with the application of the periodic review of the adjustment factors required
under paragraph (1)(C) for California for 2012 and subsequent periods. Upon request, the Secretary shall make available to the public any county-level or MSA derived data used to calculate the geographic practice cost index.

“(C) REFERENCES TO FEE SCHEDULE AREAS.—Effective for services furnished on or after January 1, 2010, for the State of California, any reference in this section to a fee schedule area shall be deemed a reference to an MSA in the State.”.

(B) a per episode basis; or
(C) both.
(2) **Peer Comparison.**—Reports under this section shall include information regarding nationwide groups of similarly situated physicians (taking into consideration specialty, practice setting, and such other criteria as the Secretary finds appropriate) and comparing the pattern of services of each physician in the group to the group average pattern of services.

(3) **Detailed Information.**—The Secretary shall include in feedback reports details about the services, procedures, and relevant clinical information to identify factors that may account for significant variation of a physician from national norms, such as high rates of elective surgeries, diagnostic services, or other utilization attributable to the judgment of the physician.

(4) **Development of Episode Grouper.**—The Secretary shall, in consultation with physicians and others as the Secretary determines to be appropriate, develop an episode grouper or other resource analysis tool that could be used to measure physician resource use. The Secretary may update such grouper from time to time as appropriate.

ity and credibility to physicians and shall experiment with communications methods such as the following:

(1) Direct meetings between contracted physicians, facilitated by the Secretary, to discuss the contents of feedback reports, including any reasons for divergence from national averages.

(2) Contracts with local, non-profit entities engaged in quality improvement efforts at the community level. Such entities shall use the feedback reports, or such equivalent tool as specified by the Secretary. Any exchange of data under this paragraph shall be protected by appropriate privacy safeguards.

(3) Mailings or other methods of communication that facilitate large-scale dissemination.

(4) Other methods specified by the Secretary.

(e) EVALUATION AND EXPANSION.—

(1) EVALUATION.—The Secretary shall evaluate the methods specified in subsection (d) with regard to their efficacy in changing practice patterns to improve quality and decrease costs.

(2) EXPANSION.—Taking into account the cost of each method, the Secretary shall develop a plan to disseminate such reports in a significant manner in the regions and cities of the country with the highest utilization of services under Medicare. The Secretary
shall disseminate, to the extent practicable, feedback reports in a manner consistent with the following:

(A) During 2011, at least 1,000 reports.

(B) During 2012, at least 10,000 reports.

(C) During 2013, at least 25,000 reports.

(D) During 2014 and subsequent years, reports to the physicians with utilization within the highest 5 percent of physicians, subject to the authority to focus under subsection (f).

(3) OPT OUT.—The Secretary shall establish a process by which a physician may opt not to receive feedback reports under this section.

(f) AUTHORITY TO FOCUS PROGRAM APPLICATION.—The secretary may focus the application of the program under this section and dissemination of feedback reports on physicians, as appropriate, such as on physicians who—

(1) practice in geographic areas that account for unusually high rates of spending per capita;

(2) treat conditions that have a high cost or volume under Medicare;

(3) use a high amount of resources compared to other physicians; or

(4) treat at least a minimum number of Medicare beneficiaries.
(g) INCLUSION OF CERTAIN PRACTITIONERS.—For purposes of this section, the term “physician” includes a practitioner who furnishes services for which payment is made under Medicare and for which such payment would be made if furnished by a physician.

(h) ADMINISTRATION.—

(1) Chapter 35 of title 44, United States Code shall not apply to this section.

(2) Notwithstanding any other provision of law, the Secretary may implement the provisions of this section by program instruction or otherwise.

“(iii) ADJUSTMENT.—In order to promote a reduction over time in the overall rate of readmissions for applicable conditions, the Secretary may provide, beginning with discharges for fiscal year 2014, for the determination of the excess readmissions ratio under subparagraph (C) to be based on a ranking of hospitals by readmission ratios (from lower to higher readmission ratios) normalized to a benchmark that is lower than the 50th percentile.

SEC. 1152. POST ACUTE CARE SERVICES PAYMENT REFORM

PLAN AND BUNDLING PILOT PROGRAM.

(a) PLAN.—

(1) IN GENERAL.—The Secretary of Health and Human Services (in this section referred to as the “Secretary”) shall develop a detailed plan to reform payment for post acute care (PAC) services under the Medicare program under title XVIII of the Social Security Act (in this section referred to as the “Medicare program”). The goals of such payment reform are to—

(A) improve the coordination, quality, and efficiency of such services; and

(B) improve outcomes for individuals such as reducing the need for readmission to hospitals from providers of such services.

(2) BUNDLING POST ACUTE SERVICES.—The plan described in paragraph (1) shall include detailed specifications for a bundled payment for post acute services (in this section referred to as the “post acute care bundle”), and may include other approaches determined appropriate by the Secretary.

(3) POST ACUTE SERVICES.—For purposes of this section, the term “post acute services” means services for which payment may be made under the Medicare program that are furnished by skilled nurs-
ing facilities, inpatient rehabilitation facilities, long

term care hospitals, hospital based outpatient reha-
bilitation facilities and home health agencies to an

individual after discharge of such individual from a

hospital, and such other services determined appro-

priate by the Secretary.

(b) DETAILS.—The plan described in subsection (a)(1)

shall include consideration of the following issues:

(1) The nature of payments under a post acute
care bundle, including the type of provider or entity
to whom payment should be made, the scope of activi-
ties and services included in the bundle, whether pay-
ment for physicians’ services should be included in the
bundle, and the period covered by the bundle.

(2) Whether the payment should be consolidated
with the payment under the inpatient prospective sys-
tem under section 1886 of the Social Security Act (in
this section referred to as MS-DRGs) or a separate
payment should be established for such bundle, and if
a separate payment is established, whether it should
be made only upon use of post acute care services or
for every discharge.

(3) Whether the bundle should be applied across
all categories of providers of inpatient services (in-
cluding critical access hospitals) and post acute care
services or whether it should be limited to certain categories of providers, services, or discharges, such as high volume or high cost MS-DRGs.

(4) The extent to which payment rates could be established to achieve offsets for efficiencies that could be expected to be achieved with a bundle payment, whether such rates should be established on a national basis or for different geographic areas, should vary according to discharge, case mix, outliers, and geographic differences in wages or other appropriate adjustments, and how to update such rates.

(5) The nature of protections needed for individuals under a system of bundled payments to ensure that individuals receive quality care, are furnished the level and amount of services needed as determined by an appropriate assessment instrument, are offered choice of provider, and the extent to which transitional care services would improve quality of care for individuals and the functioning of a bundled post-acute system.

(6) The nature of relationships that may be required between hospitals and providers of post acute care services to facilitate bundled payments, including the application of gainsharing, anti-referral, anti-kickback, and anti-trust laws.
(7) Quality measures that would be appropriate for reporting by hospitals and post acute providers (such as measures that assess changes in functional status and quality measures appropriate for each type of post acute services provider including how the reporting of such quality measures could be coordinated with other reporting of such quality measures by such providers otherwise required).

(8) How cost-sharing for a post acute care bundle should be treated relative to current rules for cost-sharing for inpatient hospital, home health, skilled nursing facility, and other services.

(9) How other programmatic issues should be treated in a post acute care bundle, including rules specific to various types of post-acute providers such as the post-acute transfer policy, three-day hospital stay to qualify for services furnished by skilled nursing facilities, and the coordination of payments and care under the Medicare program and the Medicaid program.

(10) Such other issues as the Secretary deems appropriate.

(c) CONSULTATIONS AND ANALYSIS.—

(1) CONSULTATION WITH STAKEHOLDERS.—In developing the plan under subsection (a)(1), the Sec-
retary shall consult with relevant stakeholders and shall consider experience with such research studies and demonstrations that the Secretary determines appropriate.

(2) **Analysis and data collection.**—In developing such plan, the Secretary shall—

(A) analyze the issues described in subsection (b) and other issues that the Secretary determines appropriate;

(B) analyze the impacts (including geographic impacts) of post acute service reform approaches, including bundling of such services on individuals, hospitals, post acute care providers, and physicians;

(C) use existing data (such as data submitted on claims) and collect such data as the Secretary determines are appropriate to develop such plan required in this section; and

(D) if patient functional status measures are appropriate for the analysis, to the extent practical, build upon the CARE tool being developed pursuant to section 5008 of the Deficit Reduction Act of 2005.

(1) **FUNDING.**—For purposes of carrying out the provisions of this section, in addition to funds otherwise available, out of any funds in the Treasury not otherwise appropriated, there are appropriated to the Secretary for the Center for Medicare & Medicaid Services Program Management Account $15,000,000 for each of the fiscal years 2010 through 2012. QUALITY PLANS IN TOP QUINTILE BASED ON
PROJECTED ENROLLMENT.—The Secretary

**TITLE III—PROMOTING PRIMARY CARE, MENTAL HEALTH SERVICES, AND COORDINATED CARE**

**SEC. 1301. ACCOUNTABLE CARE ORGANIZATION PILOT PROGRAM.**

Title XVIII of the Social Security Act is amended by inserting after section 1866D, as added by section 1152(f) of this Act, the following new section:

“ACCOUNTABLE CARE ORGANIZATION PILOT PROGRAM

“Sec. 1866E. (a) Establishment.—

“(1) In general.—The Secretary shall conduct a pilot program (in this section referred to as the ‘pilot program’) to test different payment incentive models, including (to the extent practicable) the specific payment incentive models described in subsection (c), designed to reduce the growth of expenditures and improve health outcomes in the provision of items and services under this title to applicable beneficiaries (as defined in subsection (d)) by qualifying accountable care organizations (as defined in subsection (b)(1)) in order to—

•HR 3200 RH
“(A) promote accountability for a patient population and coordinate items and services under parts A and B;

“(B) encourage investment in infrastructure and redesigned care processes for high quality and efficient service delivery; and

“(C) reward physician practices and other physician organizational models for the provision of high quality and efficient health care services.

“(2) Scope.—The Secretary shall set specific goals for the number of accountable care organizations, participating practitioners, and patients served in the initial tests under the pilot program to ensure that the pilot program is of sufficient size and scope to—

“(A) test the approach involved in a variety of settings, including urban, rural, and underserved areas; and

“(B) subject to subsection (f)(1), disseminate such approach rapidly on a national basis.

To the extent that the Secretary finds a qualifying accountable care organization model to be successful in improving quality and reducing costs, the Secretary shall attempt to attract at least 10 percent of all eligi-
ble providers to act as accountable care organizations and implement such mechanisms and reforms within 5 years after the date of the enactment of this section. If the Secretary further finds such accountable care organization models to be successful, the Secretary shall seek to implement such mechanisms and reforms on as large a geographic scale as practical and economical.

“(b) QUALIFYING ACCOUNTABLE CARE ORGANIZATIONS (ACOS).—

“(1) QUALIFYING ACO DEFINED.—In this section:

“(A) IN GENERAL.—The terms ‘qualifying accountable care organization’ and ‘qualifying ACO’ mean a group of physicians or other physician organizational model (as defined in subparagraph (D)) that—

“(i) is organized at least in part for the purpose of providing physicians’ services; and

“(ii) meets such criteria as the Secretary determines to be appropriate to participate in the pilot program, including the criteria specified in paragraph (2).

“(B) INCLUSION OF OTHER PROVIDERS.—Nothing in this subsection shall be construed as
preventing a qualifying ACO from including a hospital or any other provider of services or supplier furnishing items or services for which payment may be made under this title that is affiliated with the ACO under an arrangement structured so that such provider or supplier participates in the pilot program and shares in any incentive payments under the pilot program.

“(C) PHYSICIAN.—The term ‘physician’ includes, except as the Secretary may otherwise provide, any individual who furnishes services for which payment may be made as physicians’ services.

“(D) OTHER PHYSICIAN ORGANIZATIONAL MODEL.—The term ‘other physician organization model’ means, with respect to a qualifying ACO any model of organization under which physicians enter into agreements with other providers for the purposes of participation in the pilot program in order to provide high quality and efficient health care services and share in any incentive payments under such program

“(E) OTHER SERVICES.—Nothing in this paragraph shall be construed as preventing a qualifying ACO from furnishing items or serv-
ices, for which payment may not be made under this title, for purposes of achieving performance goals under the pilot program.

“(2) QUALIFYING CRITERIA.—The following are criteria described in this paragraph for an organized group of physicians to be a qualifying ACO:

“(A) The group has a legal structure that would allow the group to receive and distribute incentive payments under this section.

“(B) The group includes a sufficient number of primary care physicians (regardless of specialty) for the applicable beneficiaries for whose care the group is accountable (as determined by the Secretary).

“(C) The group reports on quality measures in such form, manner, and frequency as specified by the Secretary (which may be for the group, for providers of services and suppliers, or both).

“(D) The group reports to the Secretary (in a form, manner and frequency as specified by the Secretary) such data as the Secretary determines appropriate to monitor and evaluate the pilot program.
“(E) The group provides notice to applicable beneficiaries regarding the pilot program (as determined appropriate by the Secretary).

“(F) The group contributes to a best practices network or website, that shall be maintained by the Secretary for the purpose of sharing strategies on quality improvement, care coordination, and efficiency that the groups believe are effective.

“(G) The group utilizes patient-centered processes of care, including those that emphasize patient and caregiver involvement in planning and monitoring of ongoing care management plan.

“(H) The group meets other criteria determined to be appropriate by the Secretary.

“(c) Specific Payment Incentive Models.—The specific payment incentive models described in this subsection are the following:

“(1) Performance Target Model.—Under the performance target model under this paragraph (in this paragraph referred to as the ‘performance target model’):

“(A) In General.—A qualifying ACO qualifies to receive an incentive payment if ex-
penditures for applicable beneficiaries are less than a target spending level or a target rate of growth. The incentive payment shall be made only if savings are greater than would result from normal variation in expenditures for items and services covered under parts A and B.

“(B) COMPUTATION OF PERFORMANCE TARGET.—

“(i) IN GENERAL.—The Secretary shall establish a performance target for each qualifying ACO comprised of a base amount (described in clause (ii)) increased to the current year by an adjustment factor (described in clause (iii)). Such a target may be established on a per capita basis, as the Secretary determines to be appropriate.

“(ii) BASE AMOUNT.—For purposes of clause (i), the base amount in this subparagraph is equal to the average total payments (or allowed charges) under parts A and B (and may include part D, if the Secretary determines appropriate) for applicable beneficiaries for whom the qualifying ACO furnishes items and services in a base period determined by the Secretary. Such
base amount may be determined on a per capita basis.

“(iii) ADJUSTMENT FACTOR.—For purposes of clause (i), the adjustment factor in this clause may equal an annual per capita amount that reflects changes in expenditures from the period of the base amount to the current year that would represent an appropriate performance target for applicable beneficiaries (as determined by the Secretary). Such adjustment factor may be determined as an amount or rate, may be determined on a national, regional, local, or organization-specific basis, and may be determined on a per capita basis. Such adjustment factor also may be adjusted for risk as determined appropriate by the Secretary.

“(iv) REBASING.—Under this model the Secretary shall periodically rebase the base expenditure amount described in clause (ii).

“(C) MEETING TARGET.—

“(i) IN GENERAL.—Subject to clause (ii), a qualifying ACO that meet or exceeds
annual quality and performance targets for a year shall receive an incentive payment for such year equal to a portion (as determined appropriate by the Secretary) of the amount by which payments under this title for such year relative are estimated to be below the performance target for such year, as determined by the Secretary. The Secretary may establish a cap on incentive payments for a year for a qualifying ACO.

“(ii) LIMITATION.—The Secretary shall limit incentive payments to each qualifying ACO under this paragraph as necessary to ensure that the aggregate expenditures with respect to applicable beneficiaries for such ACOs under this title (inclusive of incentive payments described in this subparagraph) do not exceed the amount that the Secretary estimates would be expended for such ACO for such beneficiaries if the pilot program under this section were not implemented.

“(D) REPORTING AND OTHER REQUIREMENTS.—In carrying out such model, the Secretary may (as the Secretary determines to be appropriate) incorporate reporting requirements,
incentive payments, and penalties related to the
physician quality reporting initiative (PQRI),
electronic prescribing, electronic health records,
and other similar initiatives under section 1848,
and may use alternative criteria than would oth-
erwise apply under such section for determining
whether to make such payments. The incentive
payments described in this subparagraph shall
not be included in the limit described in sub-
paragraph (C)(ii) or in the performance target
model described in this paragraph.

“(2) PARTIAL CAPITATION MODEL.—

“(A) IN GENERAL.—Subject to subpara-
graph (B), a partial capitation model described
in this paragraph (in this paragraph referred to
as a ‘partial capitation model’) is a model in
which a qualifying ACO would be at financial
risk for some, but not all, of the items and serv-
ices covered under parts A and B, such as at risk
for some or all physicians’ services or all items
and services under part B. The Secretary may
limit a partial capitation model to ACOs that
are highly integrated systems of care and to
ACOs capable of bearing risk, as determined to
be appropriate by the Secretary.
“(B) No additional program expenditures.—Payments to a qualifying ACO for applicable beneficiaries for a year under the partial capitation model shall be established in a manner that does not result in spending more for such ACO for such beneficiaries than would otherwise be expended for such ACO for such beneficiaries for such year if the pilot program were not implemented, as estimated by the Secretary.

“(3) Other payment models.—

“(A) In general.—Subject to subparagraph (B), the Secretary may develop other payment models that meet the goals of this pilot program to improve quality and efficiency.

“(B) No additional program expenditures.—Subparagraph (B) of paragraph (2) shall apply to a payment model under subparagraph (A) in a similar manner as such subparagraph (B) applies to the payment model under paragraph (2).

“(d) Applicable beneficiaries.—

“(1) In general.—In this section, the term ‘applicable beneficiary’ means, with respect to a qualifying ACO, an individual who—
“(A) is enrolled under part B and entitled to benefits under part A;

“(B) is not enrolled in a Medicare Advantage plan under part C or a PACE program under section 1894; and

“(C) meets such other criteria as the Secretary determines appropriate, which may include criteria relating to frequency of contact with physicians in the ACO.

“(2) FOLLOWING APPLICABLE BENEFICIARIES.—

The Secretary may monitor data on expenditures and quality of services under this title after an applicable beneficiary discontinues receiving services under this title through a qualifying ACO.

“(e) IMPLEMENTATION.—

“(1) STARTING DATE.—The pilot program shall begin no later than January 1, 2012. An agreement with a qualifying ACO under the pilot program may cover a multi-year period of between 3 and 5 years.

“(4) LIMITATIONS ON REVIEW.—There shall be no administrative or judicial review under section 1869, section 1878, or otherwise of—

“(A) the elements, parameters, scope, and duration of the pilot program;

“(B) the selection of qualifying ACOs for the pilot program;

“(C) the establishment of targets, measurement of performance, determinations with respect to whether savings have been achieved and the amount of savings;

“(D) determinations regarding whether, to whom, and in what amounts incentive payments are paid; and

“(E) decisions about the extension of the program under subsection (g), expansion of the program under subsection (h) or extensions under subsection (i).

“(5) ADMINISTRATION.—Chapter 35 of title 44, United States Code shall not apply to this section.

“(f) EVALUATION; MONITORING.—

“(1) IN GENERAL.—The Secretary shall evaluate the payment incentive model for each qualifying ACO

“(2) MONITORING.—The Inspector General of the Department of Health and Human Services shall provide for monitoring of the operation of ACOs under the pilot program with regard to violations of section 1877 (popularly known as the ‘Stark law’).

“(g) EXTENSION OF PILOT AGREEMENT WITH SUCCESSFUL ORGANIZATIONS.—

“(1) REPORTS TO CONGRESS.—Not later than 2 years after the date the first agreement is entered into under this section, and biennially thereafter for six years, the Secretary shall submit to Congress and make publicly available a report on the use of authorities under the pilot program. Each report shall address the impact of the use of those authorities on expenditures, access, and quality under this title.

“(2) EXTENSION.—Subject to the report provided under paragraph (1), with respect to a qualifying ACO, the Secretary may extend the duration of the agreement for such ACO under the pilot program as the Secretary determines appropriate if—
“(A) the ACO receives incentive payments with respect to any of the first 4 years of the pilot agreement and is consistently meeting quality standards or

“(B) the ACO is consistently exceeding quality standards and is not increasing spending under the program.

“(3) TERMINATION.—The Secretary may terminate an agreement with a qualifying ACO under the pilot program if such ACO did not receive incentive payments or consistently failed to meet quality standards in any of the first 3 years under the program.

“(h) EXPANSION TO ADDITIONAL ACOs.—

“(1) TESTING AND REFINEMENT OF PAYMENT INCENTIVE MODELS.—Subject to the evaluation described in subsection (f), the Secretary may enter into agreements under the pilot program with additional qualifying ACOs to further test and refine payment incentive models with respect to qualifying ACOs.

“(2) EXPANDING USE OF SUCCESSFUL MODELS TO PROGRAM IMPLEMENTATION.—

“(A) IN GENERAL.—Subject to subparagraph (B), the Secretary may issue regulations to implement, on a permanent basis, 1 or more models if, and to the extent that, such models are
beneficial to the program under this title, as determined by the Secretary.

“(B) Certification.—The Chief Actuary of the Centers for Medicare & Medicaid Services shall certify that 1 or more of such models described in subparagraph (A) would result in estimated spending that would be less than what spending would otherwise be estimated to be in the absence of such expansion.

“(i) Treatment of Physician Group Practice Demonstration.—

"INDEPENDENCE AT HOME MEDICAL PRACTICE PILOT PROGRAM

"SEC. 1866G. (a) IN GENERAL.—The Secretary shall conduct a pilot program (in this section referred to as the ‘pilot program’) to test a payment incentive and service delivery model that utilizes physician and nurse practitioner directed home-based primary care teams designed to reduce expenditures and improve health outcomes in the provision of items and services under this title to applicable beneficiaries (as defined in subsection (d)). The pilot program tests whether such a model, which is accountable for providing comprehensive, coordinated, continuous, and accessible care to high-need populations at home and coordinating health care across all treatment settings, results in—

“(1) reducing preventable hospitalizations;
“(2) preventing hospital readmissions;
“(3) reducing emergency room visits;
“(4) improving health outcomes;
“(5) improving the efficiency of care, such as by reducing duplicative diagnostic and laboratory tests;
“(6) reducing the cost of health care services covered under this title; and

“(b) QUALIFYING INDEPENDENCE AT HOME MEDICAL PRACTICE.—

“(1) DEFINITION.—In this section, the term ‘qualifying independence at home medical practice’ means a legal entity comprised of an individual physician or nurse practitioner or group of physicians and nurse practitioners who are certified or have experience and training in providing home-based primary care services to high cost chronically ill beneficiaries as determined appropriate by the Secretary and which has entered into an agreement with the Secretary. Care is provided by a team, including physicians, nurses, physician assistants, pharmacists, and other health and social services staff as appropriate who are certified or have experience providing home-based primary care to applicable beneficiaries, make in-home visits and carry out plans of care that are tailored to the individual beneficiary’s chronic conditions and designed to achieve the results in subsection (a) and report the clinical and quality of care outcomes as determined by the Secretary. The pilot program shall be designed to include the participation of physician and nurse practitioner practices
with fewer than 10 full-time equivalent physicians, as well as physicians in larger practices, particularly in underserved rural areas.

“(2) PARTICIPATION OF NURSE PRACTITIONERS AND PHYSICIAN ASSISTANTS.—Nothing in this section shall be construed to prevent a nurse practitioner or physician assistant from leading a home-based primary care team as part of an Independence at Home Medical Practice if—

“(c) PAYMENT.—
“(1) Shared Savings.—A qualifying Independence at Home Medical Practice may receive 80 percent of savings in excess of 5 percent if expenditures under this title for applicable beneficiaries participating in the pilot program are at least 5 percent less than a target spending level or a target rate of growth. ical Practice does not achieve the required savings in this subsection, those payments or a fraction of them, as appropriate, are at risk of being recouped by the Secretary to ensure that no Independence at Home Medical Practice receives Medicare payments in excess of what Medicare otherwise would have paid for the services provided to the beneficiaries receiving medical care from the Independence at Home Medical Practice in the absence of the pilot program.

“(4) ASSURANCE OF FINANCIAL SOLVENCY.—In order to receive payments under paragraph (3), a qualifying Independence at Home Medical Practice shall demonstrate to the satisfaction of the Secretary that the organization is able to assume financial risk for the 5 percent savings requirements through available reserves, reinsurance, or withholding of funding provided under this title, or such other means as the Secretary determines appropriate.

“(5) NO ADDITIONAL PROGRAM EXPENDITURES.—The Secretary shall limit shared savings payments to each qualifying Independence at Home Medical Practice under this subsection as necessary to ensure that the aggregate expenditures with respect to applicable beneficiaries for such Independence at Home Medical Practice under this title (inclusive of
shared savings payments described in this paragraph) do not exceed the amount that the Secretary estimates would be expended for such Independence at Home Medical Practice for such beneficiaries if the pilot program under this section were not implemented.

“(4) Beneficiary access to services.—Except as provided in subsection (e)(2), nothing in this section shall be construed as encouraging physicians or nurse practitioners to limit beneficiary access to services covered under title XVIII and beneficiaries shall not be required to relinquish access to any benefit under this title as a condition of receiving services from an Independence at Home Medical Practice.

“(e) Implementation.—

“(1) Starting date.—The pilot program shall begin not later than January 1, 2012. An agreement with a qualifying Independence at Home Medical Practice under the pilot program may cover a 3 year period.

“(f) MINIMUM NUMBER OF SITES.—To the extent practicable, at least two unaffiliated Independence at Home Medical Practices will be established in the 13 highest cost States and the District of Columbia and in 13 additional States that are representative of other regions of the United States and include medically underserved rural and urban areas as determined by the Secretary.

“(g) EVALUATION AND MONITORING.—The Secretary shall annually evaluate each qualifying Independence at Home Medical Practice under the pilot program to assess whether it achieved the minimum savings of 5 percent and
the results described in subsection (a). The Secretary shall have the discretion to terminate an agreement with an Independence at Home Medical Practice that fails to achieve a preponderance of those results. The Secretary shall make evaluations publicly available within 60 days of the date of completion of such report.

“(h) Reports to Congress.—Not later than 2 years after the date the first agreement is entered into under this section, and biennially thereafter until the pilot is completed, the Secretary shall submit to Congress and make publicly available a report on best practices under the pilot program. Each report shall address the impact of such best practices on expenditures, access, and quality under this title.

“(i) Expansion to Program Implementations.—

“(2) Expanding Use of Successful Models to Program Implementation.—
“(A) In general.—Subject to subparagraph (B), the Secretary may issue regulations to implement, on a permanent basis, the Independence at Home Medical Practice Model if, and to the extent that, such models are beneficial to the program under this title, as determined by the Secretary.

TITLE V—MEDICARE GRADUATE
MEDICAL EDUCATION

SEC. 1501. DISTRIBUTION OF UNUSED RESIDENCY POSI-
TIONS.

(a) IN GENERAL.—Section 1886(h) of the Social Secu-

rity Act (42 U.S.C. 1395ww(h)) is amended—
(1) in paragraph (4)(F)(i), by striking “paragraph (7)” and inserting “paragraphs (7) and (8)”;

(2) in paragraph (4)(H)(i), by striking “paragraph (7)” and inserting “paragraphs (7) and (8)”;

(3) in paragraph (7)(E), by inserting “and paragraph (8)” after “this paragraph”; and

(4) by adding at the end the following new paragraph:

“(8) ADDITIONAL REDISTRIBUTION OF UNUSED RESIDENCY POSITIONS.—

“(A) REDUCTIONS IN LIMIT BASED ON UNUSED POSITIONS.—

“(i) PROGRAMS SUBJECT TO REDUCTION.—If a hospital’s reference resident level (specified in clause (ii)) is less than the otherwise applicable resident limit (as defined in subparagraph (C)(ii)), effective for portions of cost reporting periods occurring on or after July 1, 2011, the otherwise applicable resident limit shall be reduced by 90 percent of the difference between such otherwise applicable resident limit and such reference resident level.

“(ii) REFERENCE RESIDENT LEVEL.—
“(I) IN GENERAL.—Except as otherwise provided in a subsequent subclause, the reference resident level specified in this clause for a hospital is the highest resident level for any of the 3 most recent cost reporting periods (ending before the date of the enactment of this paragraph) of the hospital for which a cost report has been settled (or, if not, submitted (subject to audit)), as determined by the Secretary.

“(II) USE OF MOST RECENT ACCOUNTING PERIOD TO RECOGNIZE EXPANSION OF EXISTING PROGRAMS.—If a hospital submits a timely request to increase its resident level due to an expansion, or planned expansion, of an existing residency training program that is not reflected on the most recent settled or submitted cost report, after audit and subject to the discretion of the Secretary, subject to subclause (IV), the reference resident level for such hospital is the resident level that includes
the additional residents attributable to such expansion or establishment, as determined by the Secretary. The Secretary is authorized to determine an alternative reference resident level for a hospital that submitted to the Secretary a timely request, before the start of the 2009–2010 academic year, for an increase in its reference resident level due to a planned expansion.

“(III) Special Provider Agreement.—In the case of a hospital described in paragraph (4)(H)(v), the reference resident level specified in this clause is the limitation applicable under subclause (I) of such paragraph.

“(IV) Previous Redistribution.—The reference resident level specified in this clause for a hospital shall be increased to the extent required to take into account an increase in resident positions made available to the hospital under paragraph (7)(B) that are not otherwise taken into account under a previous subclause.
“(iii) AFFILIATION.—The provisions of clause (i) shall be applied to hospitals which are members of the same affiliated group (as defined by the Secretary under paragraph (4)(H)(ii)) and to the extent the hospitals can demonstrate that they are filling any additional resident slots allocated to other hospitals through an affiliation agreement, the Secretary shall adjust the determination of available slots accordingly, or which the Secretary otherwise has permitted the resident positions (under section 402 of the Social Security Amendments of 1967) to be aggregated for purposes of applying the resident position limitations under this subsection.

“(B) REDISTRIBUTION.—

“(i) IN GENERAL.—The Secretary shall increase the otherwise applicable resident limit for each qualifying hospital that submits an application under this subparagraph by such number as the Secretary may approve for portions of cost reporting periods occurring on or after July 1, 2011. The estimated aggregate number of increases in
the otherwise applicable resident limit under this subparagraph may not exceed the Secretary’s estimate of the aggregate reduction in such limits attributable to subparagraph (A).

“(ii) REQUIREMENTS FOR QUALIFYING HOSPITALS.—A hospital is not a qualifying hospital for purposes of this paragraph unless the following requirements are met:

“(I) MAINTENANCE OF PRIMARY CARE RESIDENT LEVEL.—The hospital maintains the number of primary care residents at a level that is not less than the base level of primary care residents increased by the number of additional primary care resident positions provided to the hospital under this subparagraph. For purposes of this subparagraph, the ‘base level of primary care residents’ for a hospital is the level of such residents as of a base period (specified by the Secretary), determined without regard to whether such positions were in excess of the otherwise applicable resident limit for such
period but taking into account the application of subclauses (II) and (III) of subparagraph (A)(ii).

“(II) DEDICATED ASSIGNMENT OF ADDITIONAL RESIDENT POSITIONS TO PRIMARY CARE.—The hospital assigns all such additional resident positions for primary care residents.

“(III) ACCREDITATION.—The hospital’s residency programs in primary care are fully accredited or, in the case of a residency training program not in operation as of the base year, the hospital is actively applying for such accreditation for the program for such additional resident positions (as determined by the Secretary).

“(iii) CONSIDERATIONS IN REDISTRIBUTION.—In determining for which qualifying hospitals the increase in the otherwise applicable resident limit is provided under this subparagraph, the Secretary shall take into account the demonstrated likelihood of the hospital filling the positions within the first 3 cost reporting peri-
ods beginning on or after July 1, 2011, made available under this subparagraph, as determined by the Secretary.

“(iv) PRIORITY FOR CERTAIN HOSPITALS.—In determining for which qualifying hospitals the increase in the otherwise applicable resident limit is provided under this subparagraph, the Secretary shall distribute the increase to qualifying hospitals based on the following criteria:

“(I) The Secretary shall give preference to hospitals that had a reduction in resident training positions under subparagraph (A).

“(II) The Secretary shall give preference to hospitals with 3-year primary care residency training programs, such as family practice and general internal medicine.

“(III) The Secretary shall give preference to hospitals insofar as they have in effect formal arrangements (as determined by the Secretary) that place greater emphasis upon training in Federally qualified health centers,
rural health clinics, and other nonprovider settings, and to hospitals that receive additional payments under subsection (d)(5)(F) and emphasize training in an outpatient department.

“(IV) The Secretary shall give preference to hospitals with a number of positions (as of July 1, 2009) in excess of the otherwise applicable resident limit for such period.

“(V) The Secretary shall give preference to hospitals that place greater emphasis upon training in a health professional shortage area (designated under section 332 of the Public Health Service Act) or a health professional needs area (designated under section 2211 of such Act).

“(VI) The Secretary shall give preference to hospitals in States that have low resident-to-population ratios (including a greater preference for those States with lower resident-to-population ratios).
“(v) LIMITATION.—In no case shall more than 20 full-time equivalent additional residency positions be made available under this subparagraph with respect to any hospital.

“(vi) APPLICATION OF PER RESIDENT AMOUNTS FOR PRIMARY CARE.—With respect to additional residency positions in a hospital attributable to the increase provided under this subparagraph, the approved FTE resident amounts are deemed to be equal to the hospital per resident amounts for primary care and nonprimary care computed under paragraph (2)(D) for that hospital.

“(vi) DISTRIBUTION.—The Secretary shall distribute the increase in resident training positions to qualifying hospitals under this subparagraph not later than July 1, 2011.

“(C) RESIDENT LEVEL AND LIMIT DEFINED.—In this paragraph:

“(i) The term ‘resident level’ has the meaning given such term in paragraph (7)(C)(i).
“(ii) The term ‘otherwise applicable resident limit’ means, with respect to a hospital, the limit otherwise applicable under subparagraphs (F)(i) and (H) of paragraph (4) on the resident level for the hospital determined without regard to this paragraph but taking into account paragraph (7)(A).

“(D) MAINTENANCE OF PRIMARY CARE RESIDENT LEVEL.—In carrying out this paragraph, the Secretary shall require hospitals that receive additional resident positions under subparagraph (B)—

“(i) to maintain records, and periodically report to the Secretary, on the number of primary care residents in its residency training programs; and

“(ii) as a condition of payment for a cost reporting period under this subsection for such positions, to maintain the level of such positions at not less than the sum of—

“(I) the base level of primary care resident positions (as determined under subparagraph (B)(ii)(I)) before receiving such additional positions; and
“(II) the number of such additional positions.”.

(b) IME.—

“(II) effective for cost reporting periods beginning on or after July 1, 2009, all the time so spent by a resident shall be counted towards the deter-
mination of full-time equivalency, without regard to the setting in which the activities are performed, if the hospital incurs the costs of the stipends and fringe benefits of the resident during the time the resident spends in that setting.

Any hospital claiming under this subparagraph for time spent in a nonprovider setting shall maintain and make available to the Secretary records regarding the amount of such time and such amount in comparison with amounts of such time in such base year as the Secretary shall specify.”.

a nonprovider setting shall be counted towards the determination of full-time equivalency if the hospital incurs the costs of the stipends and fringe benefits of the intern or resident during the time the intern or resident spends in that setting.”.

(c) OIG STUDY ON IMPACT ON TRAINING.—The Inspector General of the Department of Health and Human Services shall analyze the data collected by the Secretary of Health and Human Services from the records made available to the Secretary under section 1886(h)(4)(E) of the Social Security Act, as amended by subsection (a), in order to assess the extent to which there is an increase in time spent by medical residents in training in nonprovider settings as a result of the amendments made by this section. Not later than 4 years after the date of the enactment of this Act, the Inspector General shall submit a report to Congress on such analysis and assessment.

(d) DEMONSTRATION PROJECT FOR APPROVED TEACHING HEALTH CENTERS.—

(1) IN GENERAL.—The Secretary of Health and Human Services shall conduct a demonstration project under which an approved teaching health center (as defined in paragraph (3)) would be eligible for payment under subsections (h) and (k) of section 1886 of the Social Security Act (42 U.S.C. 1395ww)
of amounts for its own direct costs of graduate medical education activities for primary care residents, as well as for the direct costs of graduate medical education activities of its contracting hospital for such residents, in a manner similar to the manner in which such payments would be made to a hospital if the hospital were to operate such a program.

(2) CONDITIONS.—Under the demonstration project—

(A) an approved teaching health center shall contract with an accredited teaching hospital to carry out the inpatient responsibilities of the primary care residency program of the hospital involved and is responsible for payment to the hospital for the hospital’s costs of the salary and fringe benefits for residents in the program;

(B) the number of primary care residents of the center shall not count against the contracting hospital’s resident limit; and

(C) the contracting hospital shall agree not to diminish the number of residents in its primary care residency training program.

(3) APPROVED TEACHING HEALTH CENTER DEFINED.—In this subsection, the term “approved teach-
"health center" means a nonprovider setting, such as a Federally qualified health center or rural health clinic (as defined in section 1861(aa) of the Social Security Act), that develops and operates an accredited primary care residency program for which funding would be available if it were operated by a hospital.

(2) in paragraph (4), by adding at the end the following new subparagraph:

The CMPI shall use open door forums or other mechanisms to seek input from interested parties.

“(b) TESTING OF MODELS (PHASE I).—

“(1) IN GENERAL.—The CMPI shall test payment models in accordance with selection criteria under paragraph (2) to determine the effect of applying such models under title XVIII, title XIX, or both
titles on program expenditures under such titles and
the quality of care received by individuals receiving
benefits under such titles.

“(2) SELECTION OF MODELS TO BE TESTED.—

“(A) IN GENERAL.—The Secretary shall
give preference to testing models for which, as de-
termined by the professional staff at the Centers
for Medicare & Medicaid Services and using

“(iii) do both.
Such termination may occur at any time after such testing has begun and before completion of the testing.

“(4) EVALUATION.—The Secretary shall conduct an evaluation of each model tested under this subsection. Such evaluation shall include an analysis of—

“(B) to reduce spending under such titles without reducing the quality of patient care; or
“(C) to do both; and
“(2) the Chief Actuary of the Centers for Medicare & Medicaid Services certifies that such expansion would reduce (or not result in any increase in) net program spending under such titles.
“(d) IMPLEMENTATION.—
“(1) WAIVER AUTHORITY.—The Secretary may waive such requirements of title XVIII and of sections 1902(a)(1), 1902(a)(13), and 1903(m)(2)(A)(iii) as may be necessary solely for purposes of carrying out this section with respect to testing models described in subsection (b).

“(3) ADMINISTRATION.—Chapter 35 of title 44, United States Code shall not apply to this section and testing and evaluation of models or expansion of such models under this section.

“(4) FUNDING FOR TESTING ITEMS AND SERVICES AND ADMINISTRATIVE COSTS.—There shall be available from the Federal Supplementary Medical Insurance Trust Fund for payments for designing, conducting, and evaluating payment models, as well as for additional benefits for items and services under models tested under subsection (b) not otherwise covered under this title and the evaluation of such models, $350,000,000 for fiscal year 2010 and, for a subsequent fiscal year, the amount determined under this sentence for the preceding fiscal year increased by the annual percentage rate of increase in total expenditures under this title for the previous fiscal year. (1) in subsection (a)(1)(A), by inserting “under this subsection or subsection (k)” after “biologics license”; and

(2) by adding at the end the following:

“(k) LICENSURE OF BIOLOGICAL PRODUCTS AS BIOSIMILAR OR INTERCHANGEABLE.—

“(1) IN GENERAL.—Any person may submit an application for licensure of a biological product under this subsection.

“(2) CONTENT.—

“(A) IN GENERAL.—

“(i) REQUIRED INFORMATION.—An application submitted under this subsection
shall include information demonstrating that—

“(I) the biological product is bio-
similar to a reference product based
upon data derived from—

“(aa) analytical studies that
demonstrate that the biological
product is highly similar to the
reference product notwithstanding
minor differences in clinically in-
active components;

“(bb) animal studies (includ-
ing the assessment of toxicity);
and

“(cc) a clinical study or
studies (including the assessment
of immunogenicity and phar-
macokinetics or
pharmacodynamics) that are suf-
ficient to demonstrate safety, pu-
urity, and potency in 1 or more
appropriate conditions of use for
which the reference product is li-
censed and intended to be used
and for which licensure is sought
for the biological product;

“(II) the biological product and
reference product utilize the same
mechanism or mechanisms of action
for the condition or conditions of use
prescribed, recommended, or suggested
in the proposed labeling, but only to
the extent the mechanism or mecha-

“(III) the condition or conditions
of use prescribed, recommended, or sug-
gested in the labeling proposed for the
biological product have been previously
approved for the reference product;

“(IV) the route of administration,
the dosage form, and the strength of the
biological product are the same as
those of the reference product; and

“(V) the facility in which the bio-
logical product is manufactured, proc-
essed, packed, or held meets standards
designed to assure that the biological
product continues to be safe, pure, and 
potent.

“(ii) **Determination by Secretary.**—The Secretary may determine, in 
the Secretary’s discretion, that an element 
described in clause (i)(I) is unnecessary in 
an application submitted under this sub-
section.

“(iii) **Additional information.**—An 
application submitted under this sub-
section—

“(I) shall include publicly avail-
able information regarding the Sec-
retary’s previous determination that 
the reference product is safe, pure, and 
potent; and

“(II) may include any additional 
information in support of the applica-
tion, including publicly available in-
formation with respect to the reference 
product or another biological product.

“(B) **Interchangeability.**—An applica-
tion (or a supplement to an application) sub-
mitted under this subsection may include infor-
mation demonstrating that the biological product meets the standards described in paragraph (4).

“(3) EVALUATION BY SECRETARY.—Upon review of an application (or a supplement to an application) submitted under this subsection, the Secretary shall license the biological product under this subsection if—

“(A) the Secretary determines that the information submitted in the application (or the supplement) is sufficient to show that the biological product—

“(i) is biosimilar to the reference product; or

“(ii) meets the standards described in paragraph (4), and therefore is interchangeable with the reference product; and

“(B) the applicant (or other appropriate person) consents to the inspection of the facility that is the subject of the application, in accordance with subsection (c).

“(4) SAFETY STANDARDS FOR DETERMINING INTERCHANGEABILITY.—Upon review of an application submitted under this subsection or any supplement to such application, the Secretary shall determine the biological product to be interchangeable with
the reference product if the Secretary determines that
the information submitted in the application (or a
supplement to such application) is sufficient to show
that—

“(A) the biological product—

“(i) is biosimilar to the reference prod-
uct; and

“(ii) can be expected to produce the
same clinical result as the reference product
in any given patient; and

“(B) for a biological product that is admin-
istered more than once to an individual, the risk
in terms of safety or diminished efficacy of alter-
nating or switching between use of the biological
product and the reference product is not greater
than the risk of using the reference product with-
out such alternation or switch.

“(5) GENERAL RULES.—

“(A) ONE REFERENCE PRODUCT PER APPLI-
CATION.—A biological product, in an applica-
tion submitted under this subsection, may not be
evaluated against more than 1 reference product.

“(B) REVIEW.—An application submitted
under this subsection shall be reviewed by the di-
vision within the Food and Drug Administra-
tion that is responsible for the review and approval of the application under which the reference product is licensed.

“(C) **Risk Evaluation and Mitigation Strategies.**—The authority of the Secretary with respect to risk evaluation and mitigation strategies under the Federal Food, Drug, and Cosmetic Act shall apply to biological products licensed under this subsection in the same manner as such authority applies to biological products licensed under subsection (a).

“(D) **Restrictions on Biological Products Containing Dangerous Ingredients.**—If information in an application submitted under this subsection, in a supplement to such an application, or otherwise available to the Secretary shows that a biological product—

“(i) is, bears, or contains a select agent or toxin listed in section 73.3 or 73.4 of title 42, section 121.3 or 121.4 of title 9, or section 331.3 of title 7, Code of Federal Regulations (or any successor regulations); or

“(ii) is, bears, or contains a controlled substance in schedule I or II of section 202 of the Controlled Substances Act, as listed
in part 1308 of title 21, Code of Federal Regulations (or any successor regulations);

the Secretary shall not license the biological product under this subsection unless the Secretary determines, after consultation with appropriate national security and drug enforcement agencies, that there would be no increased risk to the security or health of the public from licensing such biological product under this subsection.

“(6) EXCLUSIVITY FOR FIRST INTERCHANGEABLE BIOLOGICAL PRODUCT.—Upon review of an application submitted under this subsection relying on the same reference product for which a prior biological product has received a determination of interchangeability for any condition of use, the Secretary shall not make a determination under paragraph (4) that the second or subsequent biological product is interchangeable for any condition of use until the earlier of—

“(A) 1 year after the first commercial marketing of the first interchangeable biosimilar biological product to be approved as interchangeable for that reference product;

“(B) 18 months after—
“(i) a final court decision on all patients in suit in an action instituted under subsection (l)(5) against the applicant that submitted the application for the first approved interchangeable biosimilar biological product; or

“(ii) the dismissal with or without prejudice of an action instituted under subsection (l)(5) against the applicant that submitted the application for the first approved interchangeable biosimilar biological product; or

“(C)(i) 42 months after approval of the first interchangeable biosimilar biological product if the applicant that submitted such application has been sued under subsection (l)(5) and such litigation is still ongoing within such 42-month period; or

“(ii) 18 months after approval of the first interchangeable biosimilar biological product if the applicant that submitted such application has not been sued under subsection (l)(5).

For purposes of this paragraph, the term ‘final court decision’ means a final decision of a court from which no appeal (other than a petition to the United States
Supreme Court for a writ of certiorari) has been or can be taken.

“(7) EXCLUSIVITY FOR REFERENCE PRODUCT.—

“(A) EFFECTIVE DATE OF BIOSIMILAR APPLICATION APPROVAL.—Approval of an application under this subsection may not be made effective by the Secretary until the date that is 12 years after the date on which the reference product was first licensed under subsection (a).

“(B) FILING PERIOD.—An application under this subsection may not be submitted to the Secretary until the date that is 4 years after the date on which the reference product was first licensed under subsection (a).

“(C) FIRST LICENSURE.—Subparagraphs (A) and (B) shall not apply to a license for or approval of—

“(i) a supplement for the biological product that is the reference product; or

“(ii) a subsequent application filed by the same sponsor or manufacturer of the biological product that is the reference product (or a licensor, predecessor in interest, or other related entity) for—
“(I) a change (not including a modification to the structure of the biological product) that results in a new indication, route of administration, dosing schedule, dosage form, delivery system, delivery device, or strength; or

“(II) a modification to the structure of the biological product that does not result in a change in safety, purity, or potency.

“(8) Pediatric studies.—

“(A) Exclusivity.—If, before or after licensure of the reference product under subsection (a) of this section, the Secretary determines that information relating to the use of such product in the pediatric population may produce health benefits in that population, the Secretary makes a written request for pediatric studies (which shall include a timeframe for completing such studies), the applicant or holder of the approved application agrees to the request, such studies are completed using appropriate formulations for each age group for which the study is requested within any such timeframe, and the reports thereof are submitted and accepted in accordance
with section 505A(d)(3) of the Federal Food, Drug, and Cosmetic Act the period referred to in paragraph (7)(A) of this subsection is deemed to be 12 years and 6 months rather than 12 years.

“(B) Exception.—The Secretary shall not extend the period referred to in subparagraph (A) of this paragraph if the determination under section 505A(d)(3) of the Federal Food, Drug, and Cosmetic Act is made later than 9 months prior to the expiration of such period.

“(C) Application of certain provisions.—The provisions of subsections (a), (d), (e), (f), (h), (j), (k), and (l) of section 505A of the Federal Food, Drug, and Cosmetic Act shall apply with respect to the extension of a period under subparagraph (A) of this paragraph to the same extent and in the same manner as such provisions apply with respect to the extension of a period under subsection (b) or (c) of section 505A of the Federal Food, Drug, and Cosmetic Act.

“(9) Guidance documents.—

“(A) In general.—The Secretary may, after opportunity for public comment, issue guidance in accordance, except as provided in
subparagraph (B)(i), with section 701(h) of the Federal Food, Drug, and Cosmetic Act with respect to the licensure of a biological product under this subsection. Any such guidance may be general or specific.

“(ii) INPUT REGARDING MOST VALUABLE GUIDANCE.—The Secretary shall establish a process through which the public may provide the Secretary with input regarding priorities for issuing guidance.

“(C) NO REQUIREMENT FOR APPLICATION CONSIDERATION.—The issuance (or non-issuance) of guidance under subparagraph (A) shall not preclude the review of, or action on, an application submitted under this subsection.

“(D) REQUIREMENT FOR PRODUCT CLASS-SPECIFIC GUIDANCE.—If the Secretary issues product class-specific guidance under subpara-
graph (A), such guidance shall include a description of—

“(i) the criteria that the Secretary will use to determine whether a biological product is highly similar to a reference product in such product class; and

“(ii) the criteria, if available, that the Secretary will use to determine whether a biological product meets the standards described in paragraph (4).

“(E) CERTAIN PRODUCT CLASSES.—

“(i) GUIDANCE.—The Secretary may indicate in a guidance document that the science and experience, as of the date of such guidance, with respect to a product or product class (not including any recombinant protein) does not allow approval of an application for a license as provided under this subsection for such product or product class.

“(ii) MODIFICATION OR REVERSAL.—The Secretary may issue a subsequent guidance document under subparagraph (A) to modify or reverse a guidance document under clause (i).
“(iii) NO EFFECT ON ABILITY TO DENY LICENSE.—Clause (i) shall not be construed to require the Secretary to approve a product with respect to which the Secretary has not indicated in a guidance document that the science and experience, as described in clause (i), does not allow approval of such an application.

“(10) NAMING.—The Secretary shall ensure that the labeling and packaging of each biological product licensed under this subsection bears a name that uniquely identifies the biological product and distinguishes it from the reference product and any other biological products licensed under this subsection following evaluation against such reference product.

“(l) PATENT NOTICES; RELATIONSHIP TO FINAL APPROVAL.—

“(1) DEFINITIONS.—For the purposes of this subsection, the term—

“(A) ‘biosimilar product’ means the biological product that is the subject of the application under subsection (k);

“(B) ‘relevant patent’ means a patent that—
“(i) expires after the date specified in subsection (k)(7)(A) that applies to the reference product; and

“(ii) could reasonably be asserted against the applicant due to the unauthorized making, use, sale, or offer for sale within the United States, or the importation into the United States of the biosimilar product, or materials used in the manufacture of the biosimilar product, or due to a use of the biosimilar product in a method of treatment that is indicated in the application;

“(C) ‘reference product sponsor’ means the holder of an approved application or license for the reference product; and

“(D) ‘interested third party’ means a person other than the reference product sponsor that owns a relevant patent, or has the right to commence or participate in an action for infringement of a relevant patent.

individual so designated shall execute an agreement in accordance with regulations promulgated by the Secretary. The regulations shall require each such individual to take reasonable steps to maintain the confidentiality of information received pursuant to this subsection and use the information solely for purposes authorized by this subsection. The obligations imposed on an individual who has received confidential information pursuant to this subsection shall continue until the individual returns or destroys the confidential information, a court imposes a protective order that governs the use or handling of the confidential information, or the party providing the confidential information agrees to other terms or conditions regarding the handling or use of the confidential information.

“(3) PUBLIC NOTICE BY SECRETARY.—Within 30 days of acceptance by the Secretary of an application filed under subsection (k), the Secretary shall publish a notice identifying—

“(A) the reference product identified in the application; and

“(B) the name and address of an agent designated by the applicant to receive notices pursuant to paragraph (4)(B).
“(4) EXCHANGES CONCERNING PATENTS.—

“(A) EXCHANGES WITH REFERENCE PRODUCT SPONSOR.—

“(i) Within 30 days of the date of acceptance of the application by the Secretary, the applicant shall provide the reference product sponsor with a copy of the application and information concerning the biosimilar product and its production. This information shall include a detailed description of the biosimilar product, its method of manufacture, and the materials used in the manufacture of the product.

coverage, essential benefits, and other consumer protections.

(b) REQUIREMENTS FOR QUALIFIED HEALTH BENEFITS PLANS.—On or after the first day of Y1, a health benefits plan shall not be a qualified health benefits plan under this division unless the plan meets the applicable requirements of the following subtitles for the type of plan and plan year involved:

1. Subtitle B (relating to affordable coverage).
2. Subtitle C (relating to essential benefits).
3. Subtitle D (relating to consumer protection).

(c) TERMINOLOGY.—In this division:

1. ENROLLMENT IN EMPLOYMENT-BASED HEALTH PLANS.—An individual shall be treated as being “enrolled” in an employment-based health plan if the individual is a participant or beneficiary (as such terms are defined in section 3(7) and 3(8), respectively, of the Employee Retirement Income Security Act of 1974) in such plan.

(b) Grace Period for Current Employment-based Health Plans.—
(1) **GRACE PERIOD.**—

(A) **IN GENERAL.**—The Commissioner shall establish a grace period whereby, for plan years beginning after the end of the 5-year period beginning with Y1, an employment-based health plan in operation as of the day before the first day of Y1 must meet the same requirements as apply to a qualified health benefits plan under section 101, including the essential benefit package requirement under section 121.

Subtitle C—Individual Affordability Credits

SEC. 241. AVAILABILITY THROUGH HEALTH INSURANCE EXCHANGE.

(a) IN GENERAL.—Subject to the succeeding provisions of this subtitle, in the case of an affordable credit eligible individual enrolled in an Exchange-participating health benefits plan—

(1) the individual shall be eligible for, in accordance with this subtitle, affordability credits consisting of—

(A) an affordability premium credit under section 243 to be applied against the premium for the Exchange-participating health benefits plan in which the individual is enrolled; and
(B) an affordability cost-sharing credit under section 244 to be applied as a reduction of the cost-sharing otherwise applicable to such plan; and

(2) the Commissioner shall pay the QHBP offering entity that offers such plan from the Health Insurance Exchange Trust Fund the aggregate amount of affordability credits for all affordable credit eligible individuals enrolled in such plan.

(b) APPLICATION.—

(1) IN GENERAL.—An Exchange eligible individual may apply to the Commissioner through the Health Insurance Exchange or through another entity under an arrangement made with the Commissioner, in a form and manner specified by the Commissioner. The Commissioner through the Health Insurance Exchange or through another public entity under an arrangement made with the Commissioner shall make a determination as to eligibility of an individual for affordability credits under this subtitle. The
Commissioner shall establish a process whereby, on the basis of information otherwise available, individuals may be deemed to be affordable credit eligible individuals. In carrying this subtitle, the Commissioner shall establish effective methods that ensure that individuals with limited English proficiency are able to apply for affordability credits.

(2) Use of State Medicaid Agencies.—If the Commissioner determines that a State Medicaid agency has the capacity to make a determination of eligibility for affordability credits under this subtitle and under the same standards as used by the Commissioner, under the Medicaid memorandum of understanding (as defined in section 205(c)(4))—

(A) the State Medicaid agency is authorized to conduct such determinations for any Exchange-eligible individual who requests such a determination; and

(B) the Commissioner shall reimburse the State Medicaid agency for
the costs of conducting such determinations.

(3) MEDICAID SCREEN AND ENROLL OBLIGATION.—In the case of an application made under paragraph (1), there shall be a determination of whether the individual is a Medicaid-eligible individual. If the individual is determined to be so eligible, the Commissioner, through the Medicaid memorandum of understanding, shall provide for the enrollment of the individual under the State Medicaid plan in accordance with the Medicaid memorandum of understanding. In the case of such an enrollment, the State shall provide for the same periodic redetermination of eligibility under Medicaid as would otherwise apply if the individual had directly applied for medical assistance to the State Medicaid agency.

(c) USE OF AFFORDABILITY CREDITS.—

(1) IN GENERAL.—In Y1 and Y2 an affordable credit eligible individual may use an affordability credit only with respect to a basic plan.
(2) FLEXIBILITY IN PLAN ENROLLMENT AUTHORIZED.—Beginning with Y3, the Commissioner shall establish a process to allow an affordability credit to be used for enrollees in enhanced or premium plans. In the case of an affordable credit eligible individual who enrolls in an enhanced or premium plan, the individual shall be responsible for any difference between the premium for such plan and the affordability credit amount otherwise applicable if the individual had enrolled in a basic plan.

(b) Limitations on Employee and Dependent Disqualification.—

(1) In General.—Subject to paragraph (2), the term “affordable credit eligible individual” does not include a full-time employee of an employer if the employer offers the employee coverage (for the employee and dependents) as a full-time employee under a group health plan if the coverage and employer contribution under the plan meet the requirements of section 312.

(2) Exceptions.—

(A) For certain family circumstances.—The Commissioner
shall establish such exceptions and special rules in the case described in paragraph (1) as may be appropriate in the case of a divorced or separated individual or such a dependent of an employee who would otherwise be an affordable credit eligible individual.

(B) For Unaffordable Employer Coverage.—Beginning in Y2, in the case of full-time employees for which the cost of the employee premium for coverage under a group health plan would exceed 11 percent of current family income (determined by the Commissioner on the basis of verifiable documentation and without regard to section 245), paragraph (1) shall not apply.

(a) **In General.**—The affordability premium credit under this section for an affordable credit eligible individual enrolled in an Exchange-participating health benefits plan is in an amount equal to the amount (if any) by which the premium for the plan (or, if less, the reference premium amount specified in subsection (c)), exceeds the affordable premium amount specified in subsection (b) for the individual.
(b) AFFORDABLE PREMIUM AMOUNT.—

(1) IN GENERAL.—The affordable premium amount specified in this subsection for an individual for monthly premium in a plan year shall be equal to $\frac{1}{12}$ of the product of—

(B) the individual's family income for such plan year.

(2) PREMIUM PERCENTAGE LIMITS BASED ON TABLE.—The Commissioner shall establish premium percentage limits so that for individuals whose family income is within an income tier specified in the table in subsection (d) such percentage limits shall increase, on a sliding scale in a linear manner, from the initial premium percentage to the final premium percentage specified in such table for such income tier.

(c) REFERENCE PREMIUM AMOUNT.—The reference premium amount specified in this sub-
section for a plan year for an individual in a
premium rating area is equal to the average
premium for the 3 basic plans in the area for
the plan year with the lowest premium levels.
In computing such amount the Commissioner
may exclude plans with extremely limited en-

SEC. 244. AFFORDABILITY COST-SHARING CREDIT.

(a) IN GENERAL.—The affordability cost-sharing credit under this section for an affordable credit eligible individual enrolled in an Exchange-participating health benefits plan is in the form of the cost-sharing reduction described in subsection (b) provided under this section for the income tier in which the individual is classified based on the individual’s family income.

(b) COST-SHARING REDUCTIONS.—The Commissioner shall specify a reduction in cost-sharing amounts and the annual limitation on cost-sharing specified in section 122(c)(2)(B) under a basic plan for each income tier specified in the table under section 243(d), with re-
spect to a year, in a manner so that, as estimated by the Commissioner, the actuarial value of the coverage with such reduced cost-sharing amounts (and the reduced annual cost-sharing limit) is equal to the actuarial value percentage (specified in the table under section 243(d) for the income tier involved) of the full actuarial value if there were no cost-sharing imposed under the plan.

(c) Determination and Payment of Cost-Sharing Affordability Credit.—In the case of an affordable credit eligible individual in a tier enrolled in an Exchange-participating health benefits plan offered by a QHBP offering entity, the Commissioner shall provide for payment to the offering entity of an amount equivalent to the increased actuarial value of the benefits under the plan provided under section 203(c)(2)(B) resulting from the reduction in cost-sharing described in subsection (b).

Sec. 245. Income Determinations.

(a) In General.—In applying this subtitle for an affordability credit for an individual for a plan year, the individual’s income shall
be the income (as defined in section 242(c))

(2) INCOME VERIFICATION.—

(A) IN GENERAL.—Upon an initial
application of an individual for an af-

(or in applying section 242(b)) or
upon an application for a change in
the affordability credit based upon a
significant change in family income
described in subparagraph (A)—

(i) the Commissioner shall re-
quest from the Secretary of the
Treasury the disclosure to the
Commissioner of such information as may be permitted to verify the information contained in such application; and

(ii) the Commissioner shall use the information so disclosed to verify such information.

(B) ALTERNATIVE PROCEDURES.—The Commissioner shall establish procedures for the verification of income for purposes of this subtitle if no income tax return is available for the most recent completed tax year.

(c) SPECIAL RULES.—

(1) CHANGES IN INCOME AS A PERCENT OF FPL.—In the case that an individual’s income (expressed as a percentage of the Federal poverty level for a family of the size involved) for a plan year is expected (in a manner specified by the Commissioner) to be significantly different from the income (as so expressed) used under subsection (a), the Commissioner shall establish rules requiring an individual to report, consistent with the mechanism es-
established under paragraph (2), significant changes in such income (including a significant change in family composition) to the Commissioner and requiring the substitution of such income for the income otherwise applicable.

(2) Reporting of Significant Changes in Income.—The Commissioner shall establish rules under which an individual determined to be an affordable credit eligible individual would be required to inform the Commissioner when there is a significant change in the family income of the individual (expressed as a percentage of the FPL for a family of the size involved) and of the information regarding such change. Such mechanism shall provide for guidelines that specify the circumstances that qualify as a significant change, the verifiable information required to document such a change, and the process for submission of such information. If the Commissioner receives new information from an individual regarding the family income of the individual, the
Commissioner shall provide for a redetermination of the individual's eligibility to be an affordable credit eligible individual.

(3) TRANSITION FOR CHIP.—In the case of a child described in section 202(d)(2), the Commissioner shall establish rules under which the family income of the child is deemed to be no greater than the family income of the child as most recently determined before Y1 by the State under title XXI of the Social Security Act.

(4) STUDY OF GEOGRAPHIC VARIATION IN APPLICATION OF FPL.—The Commissioner shall examine the feasibility and implication of adjusting the application of the Federal poverty level under this subtitle for different geographic areas so as to reflect the variations in cost-of-living among different areas within the United States. If the Commissioner determines that an adjustment is feasible, the study should include a methodology to make such an adjustment. Not later than the first day of Y2, the Commissioner shall
submit to Congress a report on such study and shall include such recommendations as the Commissioner determines appropriate.

(d) **Penalties for Misrepresentation.**—In the case of an individual intentionally misrepresents family income or the individual fails (without regard to intent) to disclose to the Commissioner a significant change in family income under subsection (c) in a manner that results in the individual becoming an affordable credit eligible individual when the individual is not or in the amount of the affordability credit exceeding the correct amount—

(1) the individual is liable for repayment of the amount of the improper affordability credit; ;and

(2) in the case of such an intentional misrepresentation or other egregious circumstances specified by the Commissioner, the Commissioner may impose an additional penalty.

(2) Applicable premium for exchange coverage.—In this subtitle, the amount of the applicable premium of the lowest cost plan with respect to coverage of an employee under an Exchange-participating health benefits plan is the reference premium amount under section 243(c) for individual coverage (or, if elected, family coverage) for the premium rating area in which the individual or family resides.

Such notice must be comprehensive and understood by the average employee to whom the automatic enrollment requirement applies.

(B) Inclusion of specific information.—The written notice under subparagraph (A) must explain an employee's right to opt out of being automatically enrolled in a plan and in the case that more than one level of benefits or employee premium level is offered by the employer involved, the notice must explain which level of benefits and employee premium level the employee will be auto-

SCHEDULE AREAS IN CALIFORNIA.—

“(A) IN GENERAL.—

clause (ii) and notwithstanding
the previous provisions of this
subsection, for services furnished
on or after January 1, 2011, the
Secretary shall revise the fee
schedule areas used for payment
under this section applicable to
the State of California using the
Metropolitan Statistical Area
(MSA) iterative Geographic Ad-
justment Factor methodology as
follows:

“(I) The Secretary shall
configure the physician fee
schedule areas using the
Core-Based Statistical Areas-
Metropolitan Statistical Areas
(each in this paragraph re-
ferred to as an ‘MSA’), as de-

First, the Secretary shall list all MSAs within the State by Geographic Adjustment Factor described in paragraph (2) (in this paragraph referred to as a 'GAF') in descending order. In the first iteration, the Secretary shall compare the GAF of the highest cost MSA in the State to the weighted-average GAF of the group of remaining MSAs in the State. If the ratio of the GAF of the highest cost MSA to the weighted-average GAF of the rest of State is 1.05 or greater then the highest cost MSA becomes a separate fee schedule area.
“(II) In the next iteration, the Secretary shall compare the MSA of the second-highest GAF to the weighted-average GAF of the group of remaining MSAs. If the ratio of the second-highest MSA’s GAF to the weighted-average of the remaining lower cost MSAs is 1.05 or greater, the second-highest MSA becomes a separate fee schedule area. The iterative process continues until the ratio of the GAF of the highest-cost remaining MSA to the weighted-average of the remaining lower-cost MSAs is less than 1.05, and the remaining group of lower cost MSAs form a single fee schedule area. If two MSAs have identical GAFs, they shall be combined in the iterative comparison.”
“(ii) TRANSITION.—For services furnished on or after January 1, 2011, and before January 1, 2016, in the State of California, after calculating the work, practice expense, and malpractice geographic indices described in clauses (i), (ii), and (iii) of paragraph (1)(A) that would otherwise apply through application of this paragraph, the Secretary shall increase any such index to the county-based fee schedule area value on December 31, 2009, if such index would otherwise be less than the value on January 1, 2010.

“(B) SUBSEQUENT REVISIONS.—

“(i) PERIODIC REVIEW AND ADJUSTMENTS IN FEE SCHEDULE AREAS.—Subsequent to the process outlined in paragraph (1)(C), not less often than every three years, the Secretary shall review and update the California Rest-of-
State fee schedule area using MSAs as defined by the Director of the Office of Management and Budget and the iterative methodology described in subparagraph (A)(i).

“(ii) LINK WITH GEOGRAPHIC INDEX DATA REVISION.—The revision described in clause (i) shall be made effective concurrently with the application of the periodic review of the adjustment factors required under paragraph (1)(C) for California for 2012 and subsequent periods. Upon request, the Secretary shall make available to the public any county-level or MSA derived data used to calculate the geographic practice cost index.

“(C) REFERENCES TO FEE SCHEDULE AREAS.—Effective for services furnished on or after January 1, 2010, for the State of California, any reference in this section to a fee sched-

“(p) ADJUSTMENT TO HOSPITAL PAYMENTS FOR EXCESS READMISSIONS.—

“(1) IN GENERAL.—With respect to payment for discharges from an applicable hospital (as defined in paragraph (5)(C)) occurring during a fiscal year beginning on or after October 1, 2011, in order to account for excess readmissions in the hospital, the Secretary shall reduce the payments that would otherwise be made to

“(A) the base operating DRG payment amount (as defined in paragraph (2)) for the discharge; and

“(B) the adjustment factor (described in paragraph (3)(A)) for the hospital for the fiscal year.

“(2) BASE OPERATING DRG PAYMENT AMOUNT.—

“(A) IN GENERAL.—Except as provided in subparagraph (B), for purposes of this subsection, the term ‘base operating DRG payment amount’ means, with respect to a hospital for a fiscal year, the payment amount that would otherwise be made under subsection (d) for a discharge if this subsection did not apply, reduced by any portion of such amount that is attributable to payments under subparagraphs (B) and (F) of paragraph (5).

“(B) RATIO.—The ratio described in this subparagraph for a hospital for an applicable period is equal to 1 minus the ratio of—

“(i) the aggregate payments for excess readmissions (as de-

(ii) the aggregate payments for all discharges (as defined in paragraph (4)(B)) with respect to such applicable hospital for such applicable period.

“(ii) Exclusion of certain readmissions.—For purposes of clause (i), with respect to a hospital, excess readmissions shall not include readmissions for an applicable condition for which there are fewer than a minimum number (as determined by the Secretary) of discharges for such applicable condition for the applicable period and such hospital.

“(iii) Adjustment.—In order to promote a reduction over time in the overall rate of readmissions for applicable conditions, the Secretary may provide, beginning with discharges for fiscal year 2014, for the determination of the excess readmissions ratio under subparagraph (C) to be based on a ranking of hospitals by readmission ratios (from lower to higher readmission ratios) normalized to a benchmark that is lower than the 50th percentile.
“(5) DEFINITIONS.—For purposes of this subsection:

“(A) APPLICABLE CONDITION.—The term ‘applicable condition’ means, subject to subparagraph (B), a condition or procedure selected by the Secretary among conditions and procedures for which—

If the Secretary determines that such a hospital has taken such a step, after notice to the hospital and opportunity for the hospital to undertake action to alleviate such steps, the Secretary may impose an appropriate sanction.

“(8) Assistance to certain hospitals.—

“(A) In general.—For purposes of providing funds to applicable hospitals to take steps described in subparagraph (E) to address factors that may impact readmissions of individuals who are discharged from such a hospital, for fiscal years beginning on

SEC. 1152. POST ACUTE CARE SERVICES PAYMENT REFORM PLAN AND BUNDLING PILOT PROGRAM.

(a) PLAN.—

(1) IN GENERAL.—The Secretary of Health and Human Services (in this section referred to as the “Secretary”) shall develop a detailed plan to reform payment for post acute care (PAC) services under the Medicare program under title XVIII of the Social Security Act (in this section referred to as the “Medicare program”). The goals of such payment reform are to—

(A) improve the coordination, quality, and efficiency of such services; and
(B) improve outcomes for individuals such as reducing the need for readmission to hospitals from providers of such services.

(2) Bundling post acute services.—The plan described in paragraph (1) shall include detailed specifications for a bundled payment for post acute services (in this section referred to as the “post acute care bundle”), and may include other approaches determined appropriate by the Secretary.

(3) Post acute services.—For purposes of this section, the term “post acute services” means services for which payment may be made under the Medicare program that are furnished by skilled nursing facilities, inpatient rehabilitation facilities, long term care hospitals, hospital based outpatient rehabilitation facilities and home health agencies to an individual after discharge of such individual from a hospital, and such other services determined appropriate by the Secretary.
(b) DETAILS.—The plan described in subsection (a)(1) shall include consideration of the following issues:

(1) The nature of payments under a post acute care bundle, including the type of provider or entity to whom payment should be made, the scope of activities and services included in the bundle, whether payment for physicians’ services should be included in the bundle, and the period covered by the bundle.

(2) Whether the payment should be consolidated with the payment under the inpatient prospective system under section 1886 of the Social Security Act (in this section referred to as MS–DRGs) or a separate payment should be established for such bundle, and if a separate payment is established, whether it should be made only upon use of post acute care services or for every discharge.

(3) Whether the bundle should be applied across all categories of providers of inpatient services (including critical access hospitals) and post acute care serv-
ices or whether it should be limited to certain categories of providers, services, or discharges, such as high volume or high cost MS–DRGs.

(4) The extent to which payment rates could be established to achieve offsets for efficiencies that could be expected to be achieved with a bundle payment, whether such rates should be established on a national basis or for different geographic areas, should vary according to discharge, case mix, outliers, and geographic differences in wages or other appropriate adjustments, and how to update such rates.

(5) The nature of protections needed for individuals under a system of bundled payments to ensure that individuals receive quality care, are furnished the level and amount of services needed as determined by an appropriate assessment instrument, are offered choice of provider, and the extent to which transitional care services would improve quality of care
for individuals and the functioning of a bundled post-acute system.

(6) The nature of relationships that may be required between hospitals and providers of post acute care services to facilitate bundled payments, including the application of gainsharing, anti-referral, anti-kickback, and anti-trust laws.

(7) Quality measures that would be appropriate for reporting by hospitals and post acute providers (such as measures that assess changes in functional status and quality measures appropriate for each type of post acute services provider including how the reporting of such quality measures could be coordinated with other reporting of such quality measures by such providers otherwise required).

(8) How cost-sharing for a post acute care bundle should be treated relative to current rules for cost-sharing for inpatient hospital, home health, skilled nursing facility, and other services.
(9) How other programmatic issues should be treated in a post acute care bundle, including rules specific to various types of post-acute providers such as the post-acute transfer policy, three-day hospital stay to qualify for services furnished by skilled nursing facilities, and the coordination of payments and care under the Medicare program and the Medicaid program.

(10) Such other issues as the Secretary deems appropriate.

(c) CONSULTATIONS AND ANALYSIS.—

(1) CONSULTATION WITH STAKEHOLDERS.—In developing the plan under subsection (a)(1), the Secretary shall consult with relevant stakeholders and shall consider experience with such research studies and demonstrations that the Secretary determines appropriate.

(2) ANALYSIS AND DATA COLLECTION.—In developing such plan, the Secretary shall—

(A) analyze the issues described in subsection (b) and other issues
that the Secretary determines appropriate;

(B) analyze the impacts (including geographic impacts) of post acute service reform approaches, including bundling of such services on individuals, hospitals, post acute care providers, and physicians;

(C) use existing data (such as data submitted on claims) and collect such data as the Secretary determines are appropriate to develop such plan required in this section; and

(D) if patient functional status measures are appropriate for the analysis, to the extent practical, build upon the CARE tool being developed pursuant to section 5008 of the Deficit Reduction Act of 2005.

(a) IN GENERAL.—The Secretary of Health and Human Services shall enter into an agreement with the Institutes of Medicine of the National Academies (referred to in this section as the “Institute”) to conduct a study on geographic variation in per capita health care spending among both the Medicare and privately insured populations. Such study shall include each of the following:

(1) An evaluation of the extent and range of such variation using various units of geographic measurement.

(2) The extent to which geographic variation can be attributed to differences in input prices, practice patterns, access to medical services, supply of medical services, socio-economic factors, and provider organizational models.

(3) The extent to which variations in spending are correlated with patient access to care, distribution of health care
resources, and consensus-based measures of health care quality.

(4) The extent to which variation can be attributed to physician and practitioner discretion in making treatment decisions, and the degree to which discretionary treatment decisions are made that could be characterized as different from the best available medical evidence.

(c) SPECIFIC CONSIDERATIONS.—In making the recommendations under subsection (b), the Institute shall specifically address whether payment systems under title XVIII of the Social Security Act for physicians and hospitals should be further modified to incentivize high-value care. In so doing, the Institute shall consider the adoption of a value index based on a composite of appropriate measures of quality and cost that would adjust provider payments on a regional or provider-level basis. If the Institute finds that application of such a value index would
significantly incentivize providers to furnish high-value care, it shall make specific recommenda-
tions on how such an index would be designed and implemented. In so doing, it should identify specific measures of quality and cost appropriate for use in such an index, and include a thorough analysis (including on a geographic basis) of how payments and spending under such title would be affected by such an index.

(d) REPORT.—Not later than three years after the date of the enactment of this Act, the Institute shall submit to Congress a report containing findings and recommendations of the study conducted under this section.

(e) HIGH-VALUE CARE DEFINED.—For purposes of this section, the term “high-value care” means the efficient delivery of high quality, evidence-based, patient-centered care.

Title III—Promoting Primary Care, Mental Health Services, and Coordinated Care

Sec. 1301. Accountable Care Organization Pilot Program.

Title XVIII of the Social Security Act is amended by inserting after section 1866D, as
added by section 1152(f) of this Act, the following new section:

“ACCOUNTABLE CARE ORGANIZATION PILOT PROGRAM

“SEC. 1866E. (a) IN GENERAL.—The Secretary shall conduct a pilot program (in this section referred to as the ‘pilot program’) to test different payment incentive models, including (to the extent practicable) the specific payment incentive models described in subsection (c), designed to reduce the growth of expenditures and improve health outcomes in the provision of items and services under this title to applicable beneficiaries (as defined in subsection (d)) by qualifying accountable care organizations (as defined in subsection (b)(1)) in order to—

“(1) promote accountability for a patient population and coordinate items and services under parts A and B;

“(2) encourage investment in infrastructure and redesigned care processes for high quality and efficient service delivery; and

“(3) reward physician practices and other physician organizational models for
the provision of high quality and efficient
health care services.

“(b) QUALIFYING ACCOUNTABLE CARE ORGA-
nizations (ACOs).—

“(1) QUALIFYING ACO DEFINED.—In this
section:

“(A) IN GENERAL.—The terms
‘qualifying accountable care organi-
ization’ and ‘qualifying ACO’ mean a
group of physicians or other physi-
cian organizational model (as defined
in subparagraph (D)) that—

“(i) is organized at least in
part for the purpose of providing
physicians’ services; and

“(ii) meets such criteria as the
Secretary determines to be appro-
priate to participate in the pilot
program, including the criteria
specified in paragraph (2).

“(B) INCLUSION OF OTHER PRO-
VIDERS.—Nothing in this subsection
shall be construed as preventing a
qualifying ACO from including a hos-
pital or any other provider of services
or supplier furnishing items or services for which payment may be made under this title that is affiliated with the ACO under an arrangement structured so that such provider or supplier participates in the pilot program and shares in any incentive payments under the pilot program.

"(C) PHYSICIAN.—The term ‘physician’ includes, except as the Secretary may otherwise provide, any individual who furnishes services for which payment may be made as physicians’ services.

"(D) OTHER PHYSICIAN ORGANIZATIONAL MODEL.—The term ‘other physician organization model’ means, with respect to a qualifying ACO any model of organization under which physicians enter into agreements with other providers for the purposes of participation in the pilot program in order to provide high quality and efficient health care services and
share in any incentive payments under such program

“(E) OTHER SERVICES.—Nothing in this paragraph shall be construed as preventing a qualifying ACO from furnishing items or services, for which payment may not be made under this title, for purposes of achieving performance goals under the pilot program.

“(2) QUALIFYING CRITERIA.—The following are criteria described in this paragraph for an organized group of physicians to be a qualifying ACO:

“(A) The group has a legal structure that would allow the group to receive and distribute incentive payments under this section.

“(B) The group includes a sufficient number of primary care physicians (regardless of specialty) for the applicable beneficiaries for whose care the group is accountable (as determined by the Secretary).
“(C) The group reports on quality measures in such form, manner, and frequency as specified by the Secretary (which may be for the group, for providers of services and suppliers, or both).

“(D) The group reports to the Secretary (in a form, manner and frequency as specified by the Secretary) such data as the Secretary determines appropriate to monitor and evaluate the pilot program.

“(E) The group provides notice to applicable beneficiaries regarding the pilot program (as determined appropriate by the Secretary).

“(F) The group contributes to a best practices network or website, that shall be maintained by the Secretary for the purpose of sharing strategies on quality improvement, care coordination, and efficiency that the groups believe are effective.

“(G) The group utilizes patient-centered processes of care, including
those that emphasize patient and
caregiver involvement in planning
and monitoring of ongoing care man-
agement plan.

“(H) The group meets other cri-
teria determined to be appropriate by
the Secretary.

“(c) SPECIFIC PAYMENT INCENTIVE MOD-
ELS.—The specific payment incentive models
described in this subsection are the following:

“(1) PERFORMANCE TARGET MODEL.—
Under the performance target model
under this paragraph (in this paragraph
referred to as the ‘performance target
model’):

“(A) IN GENERAL.—A qualifying
ACO qualifies to receive an incentive
payment if expenditures for applica-
ble beneficiaries are less than a tar-
get spending level or a target rate of
growth. The incentive payment shall
be made only if savings are greater
than would result from normal vari-
ation in expenditures for items and
services covered under parts A and B.
“(B) Computation of performance target.—

“(i) In general.—The Secretary shall establish a performance target for each qualifying ACO comprised of a base amount (described in clause (ii)) increased to the current year by an adjustment factor (described in clause (iii)). Such a target may be established on a per capita basis, as the Secretary determines to be appropriate.

“(ii) Base amount.—For purposes of clause (i), the base amount in this subparagraph is equal to the average total payments (or allowed charges) under parts A and B (and may include part D, if the Secretary determines appropriate) for applicable beneficiaries for whom the qualifying ACO furnishes items and services in a base period determined by the Secretary. Such
base amount may be determined on a per capita basis.

“(iii) ADJUSTMENT FACTOR.—
For purposes of clause (i), the adjustment factor in this clause may equal an annual per capita amount that reflects changes in expenditures from the period of the base amount to the current year that would represent an appropriate performance target for applicable beneficiaries (as determined by the Secretary). Such adjustment factor may be determined as an amount or rate, may be determined on a national, regional, local, or organization-specific basis, and may be determined on a per capita basis. Such adjustment factor also may be adjusted for risk as determined appropriate by the Secretary.

“(iv) REBASING.—Under this model the Secretary shall periodi-
cally rebase the base expenditure amount described in clause (ii).

“(C) MEETING TARGET.—

“(i) IN GENERAL.—Subject to clause (ii), a qualifying ACO that meet or exceeds annual quality and performance targets for a year shall receive an incentive payment for such year equal to a portion (as determined appropriate by the Secretary) of the amount by which payments under this title for such year relative are estimated to be below the performance target for such year, as determined by the Secretary. The Secretary may establish a cap on incentive payments for a year for a qualifying ACO.

“(ii) LIMITATION.—The Secretary shall limit incentive payments to each qualifying ACO under this paragraph as necessary to ensure that the aggregate expenditures with respect to
applicable beneficiaries for such ACOs under this title (inclusive of incentive payments described in this subparagraph) do not exceed the amount that the Secretary estimates would be expended for such ACO for such beneficiaries if the pilot program under this section were not implemented.

“(D) REPORTING AND OTHER REQUIREMENTS.—In carrying out such model, the Secretary may (as the Secretary determines to be appropriate) incorporate reporting requirements, incentive payments, and penalties related to the physician quality reporting initiative (PQRI), electronic prescribing, electronic health records, and other similar initiatives under section 1848, and may use alternative criteria than would otherwise apply under such section for determining whether to make such payments. The incentive payments described in this subparagraph shall not be included
in the limit described in subpara-
graph (C)(ii) or in the performance
target model described in this para-
graph.

“(2) PARTIAL CAPITATION MODEL.—

“(A) IN GENERAL.—Subject to sub-
paragraph (B), a partial capitation
model described in this paragraph (in
this paragraph referred to as a ‘par-
tial capitation model’) is a model in
which a qualifying ACO would be at
financial risk for some, but not all, of
the items and services covered under
parts A and B, such as at risk for
some or all physicians’ services or all
items and services under part B. The
Secretary may limit a partial capita-
tion model to ACOs that are highly
integrated systems of care and to
ACOs capable of bearing risk, as de-
termined to be appropriate by the
Secretary.

“(B) NO ADDITIONAL PROGRAM EX-
PENDITURES.—Payments to a quali-
fying ACO for applicable bene-
ficiaries for a year under the partial capitation model shall be established in a manner that does not result in spending more for such ACO for such beneficiaries than would otherwise be expended for such ACO for such beneficiaries for such year if the pilot program were not implemented, as estimated by the Secretary.

“(3) OTHER PAYMENT MODELS.—

“(A) IN GENERAL.—Subject to subparagraph (B), the Secretary may develop other payment models that meet the goals of this pilot program to improve quality and efficiency.

“(B) NO ADDITIONAL PROGRAM EXPENDITURES.—Subparagraph (B) of paragraph (2) shall apply to a payment model under subparagraph (A) in a similar manner as such subparagraph (B) applies to the payment model under paragraph (2).

“(d) APPLICABLE BENEFICIARIES.—

“(1) IN GENERAL.—In this section, the term ‘applicable beneficiary’ means, with
respect to a qualifying ACO, an individual who—

“(A) is enrolled under part B and entitled to benefits under part A;

“(B) is not enrolled in a Medicare Advantage plan under part C or a PACE program under section 1894; and

“(C) meets such other criteria as the Secretary determines appropriate, which may include criteria relating to frequency of contact with physicians in the ACO

“(2) FOLLOWING APPLICABLE BENEFICIARIES.—The Secretary may monitor data on expenditures and quality of services under this title after an applicable beneficiary discontinues receiving services under this title through a qualifying ACO.

“(e) IMPLEMENTATION.—

“(1) STARTING DATE.—The pilot program shall begin no later than January 1, 2012. An agreement with a qualifying ACO under the pilot program may cover
a multi-year period of between 3 and 5 years.

“(2) WAIVER.—The Secretary may waive such provisions of this title (including section 1877) and title XI in the manner the Secretary determines necessary in order implement the pilot program.

“(3) PERFORMANCE RESULTS REPORTS.—The Secretary shall report performance results to qualifying ACOs under the pilot program at least annually.

“(4) LIMITATIONS ON REVIEW.—There shall be no administrative or judicial review under section 1869, section 1878, or otherwise of—

“(A) the elements, parameters, scope, and duration of the pilot program;

“(B) the selection of qualifying ACOs for the pilot program;

“(C) the establishment of targets, measurement of performance, determinations with respect to whether
savings have been achieved and the amount of savings;

“(D) determinations regarding whether, to whom, and in what amounts incentive payments are paid; and

“(E) decisions about the extension of the program under subsection (g), expansion of the program under subsection (h) or extensions under subsection (i).

“(5) ADMINISTRATION.—Chapter 35 of title 44, United States Code shall not apply to this section.

“(f) EVALUATION; MONITORING.—

“(1) IN GENERAL.—The Secretary shall evaluate the payment incentive model for each qualifying ACO under the pilot program to assess impacts on beneficiaries, providers of services, suppliers and the program under this title. The Secretary shall make such evaluation publicly available within 60 days of the date of completion of such report.
“(2) MONITORING.—The Inspector General of the Department of Health and Human Services shall provide for monitoring of the operation of ACOs under the pilot program with regard to violations of section 1877 (popularly known as the ‘Stark law’).

“(g) EXTENSION OF PILOT AGREEMENT WITH SUCCESSFUL ORGANIZATIONS.—

“(1) REPORTS TO CONGRESS.—Not later than 2 years after the date the first agreement is entered into under this section, and biennially thereafter for six years, the Secretary shall submit to Congress and make publicly available a report on the use of authorities under the pilot program. Each report shall address the impact of the use of those authorities on expenditures, access, and quality under this title.

“(2) EXTENSION.—Subject to the report provided under paragraph (1), with respect to a qualifying ACO, the Secretary may extend the duration of the agreement for such ACO under the pilot pro-
gram as the Secretary determines appropriate if—

“(A) the ACO receives incentive payments with respect to any of the first 4 years of the pilot agreement and is consistently meeting quality standards or

“(B) the ACO is consistently exceeding quality standards and is not increasing spending under the program.

“(3) TERMINATION.—The Secretary may terminate an agreement with a qualifying ACO under the pilot program if such ACO did not receive incentive payments or consistently failed to meet quality standards in any of the first 3 years under the program.

“(h) EXPANSION TO ADDITIONAL ACOs.—

“(1) TESTING AND REFINEMENT OF PAYMENT INCENTIVE MODELS.—Subject to the evaluation described in subsection (f), the Secretary may enter into agreements under the pilot program with additional qualifying ACOs to further test and re-
fine payment incentive models with respect to qualifying ACOs.

“(2) EXPANDING USE OF SUCCESSFUL MODELS TO PROGRAM IMPLEMENTATION.—

“(A) IN GENERAL.—Subject to subparagraph (B), the Secretary may issue regulations to implement, on a permanent basis, 1 or more models if, and to the extent that, such models are beneficial to the program under this title, as determined by the Secretary.

“(B) CERTIFICATION.—The Chief Actuary of the Centers for Medicare & Medicaid Services shall certify that 1 or more of such models described in subparagraph (A) would result in estimated spending that would be less than what spending would otherwise be estimated to be in the absence of such expansion.

“(i) TREATMENT OF PHYSICIAN GROUP PRACTICE DEMONSTRATION.—

“(1) EXTENSION.—The Secretary may enter in to an agreement with a quali-
fying ACO under the demonstration under section 1866A, subject to rebasing and other modifications deemed appropriate by the Secretary, until the pilot program under this section is operational.

“(2) TRANSITION.—For purposes of extension of an agreement with a qualifying ACO under subsection (g)(2), the Secretary shall treat receipt of an incentive payment for a year by an organization under the physician group practice demonstration pursuant to section 1866A as a year for which an incentive payment is made under such subsection, as long as such practice group practice organization meets the criteria under subsection (b)(2).

“(j) ADDITIONAL PROVISIONS.—

“(1) AUTHORITY FOR SEPARATE INCENTIVE ARRANGEMENTS.—The Secretary may create separate incentive arrangements (including using multiple years of data, varying thresholds, varying shared savings amounts, and varying shared savings
limits) for different categories of qualifying ACOs to reflect natural variations in data availability, variation in average annual attributable expenditures, program integrity, and other matters the Secretary deems appropriate.

“(2) ENCOURAGEMENT OF PARTICIPATION OF SMALLER ORGANIZATIONS.—In order to encourage the participation of smaller accountable care organizations under the pilot program, the Secretary may limit a qualifying ACO’s exposure to high cost patients under the program.

“(3) INVOLVEMENT IN PRIVATE PAYER ARRANGEMENTS.—Nothing in this section shall be construed as preventing qualifying ACOs participating in the pilot program from negotiating similar contracts with private payers.

“(4) ANTIDISCRIMINATION LIMITATION.—The Secretary shall not enter into an agreement with an entity to provide health care items or services under the pilot program, or with an entity to administer the program, unless such entity
guarantees that it will not deny, limit, or condition the coverage or provision of benefits under the program, for individuals eligible to be enrolled under such program, based on any health status-related factor described in section 2702(a)(1) of the Public Health Service Act.

“(5) CONSTRUCTION.—Nothing in this section shall be construed to compel or require an organization to use an organization-specific target growth rate for an accountable care organization under this section for purposes of section 1848.

“(6) FUNDING.—For purposes of administering and carrying out the pilot program, other than for payments for items and services furnished under this title and incentive payments under subsection (c)(1), in addition to funds otherwise appropriated, there are appropriated to the Secretary for the Center for Medicare & Medicaid Services Program Management Account $25,000,000 for each of fiscal years 2010 through 2014.
and $20,000,000 for fiscal year 2015.

Amounts appropriated under this paragraph for a fiscal year shall be available until expended.”.

(2) in paragraph (4)(H)(i), by striking “paragraph (7)” and inserting “paragraphs (7) and (8)”;

(3) in paragraph (7)(E), by inserting “and paragraph (8)” after “this paragraph”; and

(4) by adding at the end the following new paragraph:
“(8) Additional Redistribution of Unused Residency Positions.—

“(A) Reductions in Limit Based on Unused Positions.—

“(i) Programs Subject to Reduction.—If a hospital’s reference resident level (specified in clause (ii)) is less than the otherwise applicable resident limit (as defined in subparagraph (C)(ii)), effective for portions of cost reporting periods occurring on or after July 1, 2011, the otherwise applicable resident limit shall be reduced by 90 percent of the difference between such otherwise applicable resident limit and such reference resident level.

“(ii) Reference Resident Level.—

“(I) In General.—Except as otherwise provided in a subsequent subclause, the reference resident level specified in this clause for a hospital is
the highest resident level for any of the 3 most recent cost reporting periods (ending before the date of the enactment of this paragraph) of the hospital for which a cost report has been settled (or, if not, submitted (subject to audit)), as determined by the Secretary.

“(II) USE OF MOST RECENT ACCOUNTING PERIOD TO RECOGNIZE EXPANSION OF EXISTING PROGRAMS.—If a hospital submits a timely request to increase its resident level due to an expansion, or planned expansion, of an existing residency training program that is not reflected on the most recent settled or submitted cost report, after audit and subject to the discretion of the Secretary, subject to sub-clause (IV), the reference resi-
dent level for such hospital is the resident level that includes the additional residents attributable to such expansion or establishment, as determined by the Secretary. The Secretary is authorized to determine an alternative reference resident level for a hospital that submitted to the Secretary a timely request, before the start of the 2009–2010 academic year, for an increase in its reference resident level due to a planned expansion.

“(III) SPECIAL PROVIDER AGREEMENT.—In the case of a hospital described in paragraph (4)(H)(v), the reference resident level specified in this clause is the limitation applicable under subclause (I) of such paragraph.
“(IV) PREVIOUS REDISTRIBUTION.—The reference resident level specified in this clause for a hospital shall be increased to the extent required to take into account an increase in resident positions made available to the hospital under paragraph (7)(B) that are not otherwise taken into account under a previous subclause.

“(iii) AFFILIATION.—The provisions of clause (i) shall be applied to hospitals which are members of the same affiliated group (as defined by the Secretary under paragraph (4)(H)(ii)) and to the extent the hospitals can demonstrate that they are filling any additional resident slots allocated to other hospitals through an affiliation agreement, the Secretary shall adjust the determination of available slots accordingly,
or which the Secretary otherwise has permitted the resident positions (under section 402 of the Social Security Amendments of 1967) to be aggregated for purposes of applying the resident position limitations under this subsection.

"(B) REDISTRIBUTION.—

"(i) IN GENERAL.—The Secretary shall increase the otherwise applicable resident limit for each qualifying hospital that submits an application under this subparagraph by such number as the Secretary may approve for portions of cost reporting periods occurring on or after July 1, 2011. The estimated aggregate number of increases in the otherwise applicable resident limit under this subparagraph may not exceed the Secretary's estimate of the aggregate reduction in such limits attributable to subparagraph (A).
“(ii) REQUIREMENTS FOR QUALIFYING HOSPITALS.—A hospital is not a qualifying hospital for purposes of this paragraph unless the following requirements are met:

“(I) MAINTENANCE OF PRIMARY CARE RESIDENT LEVEL.—The hospital maintains the number of primary care residents at a level that is not less than the base level of primary care residents increased by the number of additional primary care resident positions provided to the hospital under this subparagraph. For purposes of this subparagraph, the ‘base level of primary care residents’ for a hospital is the level of such residents as of a base period (specified by the Secretary), determined without regard to whether such positions were in excess of the otherwise ap-
applicable resident limit for such period but taking into account the application of subclauses (II) and (III) of subparagraph (A)(ii).

“(II) DEDICATED ASSIGNMENT OF ADDITIONAL RESIDENT POSITIONS TO PRIMARY CARE.—The hospital assigns all such additional resident positions for primary care residents.

“(III) ACCREDITATION.—The hospital’s residency programs in primary care are fully accredited or, in the case of a residency training program not in operation as of the base year, the hospital is actively applying for such accreditation for the program for such additional resident positions (as determined by the Secretary).

“(iii) CONSIDERATIONS IN REDISTRIBUTION.—In determining for
which qualifying hospitals the increase in the otherwise applicable resident limit is provided under this subparagraph, the Secretary shall take into account the demonstrated likelihood of the hospital filling the positions within the first 3 cost reporting periods beginning on or after July 1, 2011, made available under this subparagraph, as determined by the Secretary.

“(iv) PRIORITY FOR CERTAIN HOSPITALS.—In determining for which qualifying hospitals the increase in the otherwise applicable resident limit is provided under this subparagraph, the Secretary shall distribute the increase to qualifying hospitals based on the following criteria:

“(I) The Secretary shall give preference to hospitals that had a reduction in resi-
dent training positions under subparagraph (A).

“(II) The Secretary shall give preference to hospitals with 3-year primary care residency training programs, such as family practice and general internal medicine.

“(III) The Secretary shall give preference to hospitals insofar as they have in effect formal arrangements (as determined by the Secretary) that place greater emphasis upon training in Federally qualified health centers, rural health clinics, and other non-provider settings, and to hospitals that receive additional payments under subsection (d)(5)(F) and emphasize training in an outpatient department.

“(IV) The Secretary shall give preference to hospitals
with a number of positions (as of July 1, 2009) in excess of the otherwise applicable resident limit for such period.

“(V) The Secretary shall give preference to hospitals that place greater emphasis upon training in a health professional shortage area (designated under section 332 of the Public Health Service Act) or a health professional needs area (designated under section 2211 of such Act).

“(VI) The Secretary shall give preference to hospitals in States that have low resident-to-population ratios (including a greater preference for those States with lower resident-to-population ratios).

“(v) LIMITATION.—In no case shall more than 20 full-time equivalent additional residency positions be made available under
this subparagraph with respect to any hospital.

“(vi) **APPLICATION OF PER RESIDENT AMOUNTS FOR PRIMARY CARE.**—With respect to additional residency positions in a hospital attributable to the increase provided under this subparagraph, the approved FTE resident amounts are deemed to be equal to the hospital per resident amounts for primary care and nonprimary care computed under paragraph (2)(D) for that hospital.

“(vii) **DISTRIBUTION.**—The Secretary shall distribute the increase in resident training positions to qualifying hospitals under this subparagraph not later than July 1, 2011.

“(C) **RESIDENT LEVEL AND LIMIT DEFINED.**—In this paragraph:

“(i) The term ‘resident level’ has the meaning given such term in paragraph (7)(C)(i).
“(ii) The term ‘otherwise applicable resident limit’ means, with respect to a hospital, the limit otherwise applicable under subparagraphs (F)(i) and (H) of paragraph (4) on the resident level for the hospital determined without regard to this paragraph but taking into account paragraph (7)(A).

“(D) MAINTENANCE OF PRIMARY CARE RESIDENT LEVEL.—In carrying out this paragraph, the Secretary shall require hospitals that receive additional resident positions under subparagraph (B)—

“(i) to maintain records, and periodically report to the Secretary, on the number of primary care residents in its residency training programs; and

“(ii) as a condition of payment for a cost reporting period under this subsection for such positions,
to maintain the level of such positions at not less than the sum of—

“(I) the base level of primary care resident positions (as determined under subparagraph (B)(ii)(I)) before receiving such additional positions; and

“(II) the number of such additional positions.”.

Not later than 4 years after the date of the enactment of this Act, the Inspector General shall submit a report to Congress on such analysis and assessment.

(b) COORDINATION WITH STATE LAW OF HAWAII.—The Commissioner shall, based on ongoing consultation with the appropriate officials of the State of Hawaii, make adjustments to rules and regulations of the Commissioner under this division as may be necessary, as determined by the Commissioner, to most effectively coordinate the provisions of this division with the provisions of the Hawaii Prepaid Health Care Act, taking into account any changes made from time to time to the Hawaii Prepaid Health Care Act and related laws of such State.

(a) Establishment.—

(1) In general.—Not later than 90 days after the date of the enactment of this Act, the Secretary of Health and Human Services shall establish a temporary reinsurance program (in this section referred to as the “reinsurance program”) to provide reimbursement to assist participating employment-based plans with the cost of providing health benefits to retirees and to eligible spouses, surviving spouses and dependents of such retirees.

(2) Definitions.—For purposes of this section:

(A) The term “eligible employment-based plan” means a group health benefits plan that—

(i) is maintained by one or more employers, former employers or employee associations, or a vol-
untary employees’ beneficiary association, or a committee or board of individuals appointed to administer such plan, and

(ii) provides health benefits to retirees.

(B) The term “health benefits” means medical, surgical, hospital, prescription drug, and such other benefits as shall be determined by the Secretary, whether self-funded or delivered through the purchase of insurance or otherwise.

(C) The term “participating employment-based plan” means an eligible employment-based plan that is participating in the reinsurance program.

(D) The term “retiree” means, with respect to a participating employment-benefit plan, an individual who—

(i) is 55 years of age or older;
(ii) is not eligible for coverage under title XVIII of the Social Security Act; and

(iii) is not an active employee of an employer maintaining the plan or of any employer that makes or has made substantial contributions to fund such plan.

(E) The term "Secretary" means Secretary of Health and Human Services.

(b) PARTICIPATION.—To be eligible to participate in the reinsurance program, an eligible employment-based plan shall submit to the Secretary an application for participation in the program, at such time, in such manner, and containing such information as the Secretary shall require.

(c) PAYMENT.—

(1) SUBMISSION OF CLAIMS.—

(A) IN GENERAL.—Under the reinsurance program, a participating employment-based plan shall submit claims for reimbursement to the Secretary which shall contain docu-
mentation of the actual costs of the items and services for which each claim is being submitted.

(B) BASIS FOR CLAIMS.—Each claim submitted under subparagraph (A) shall be based on the actual amount expended by the participating employment-based plan involved within the plan year for the appropriate employment based health benefits provided to a retiree or to the spouse, surviving spouse, or dependent of a retiree. In determining the amount of any claim for purposes of this subsection, the participating employment-based plan shall take into account any negotiated price concessions (such as discounts, direct or indirect subsidies, rebates, and direct or indirect remunerations) obtained by such plan with respect to such health benefits. For purposes of calculating the amount of any claim, the costs paid by the retiree or by the spouse, surviving spouse, or dependent of the retiree in the form of
deductibles, co-payments, and co-insurance shall be included along with the amounts paid by the participating employment-based plan.

(2) PROGRAM PAYMENTS AND LIMIT.—If the Secretary determines that a participating employment-based plan has submitted a valid claim under paragraph (1), the Secretary shall reimburse such plan for 80 percent of that portion of the costs attributable to such claim that exceeds $15,000, but is less than $90,000. Such amounts shall be adjusted each year based on the percentage increase in the medical care component of the Consumer Price Index (rounded to the nearest multiple of $1,000) for the year involved.

(3) USE OF PAYMENTS.—Amounts paid to a participating employment-based plan under this subsection shall be used to lower the costs borne directly by the participants and beneficiaries for health benefits provided under such plan in the form of premiums, co-payments, deductibles, co-insurance, or other out-of-pocket costs.
Such payments shall not be used to reduce the costs of an employer maintaining the participating employment-based plan. The Secretary shall develop a mechanism to monitor the appropriate use of such payments by such plans.

(4) Appeals and Program Protections.—The Secretary shall establish—

(A) an appeals process to permit participating employment-based plans to appeal a determination of the Secretary with respect to claims submitted under this section; and

(B) procedures to protect against fraud, waste, and abuse under the program.

(5) Audits.—The Secretary shall conduct annual audits of claims data submitted by participating employment-based plans under this section to ensure that they are in compliance with the requirements of this section.

(1) Establishment.—
(A) IN GENERAL.—There is established in the Treasury of the United States a trust fund to be known as the “Retiree Reserve Trust Fund” (referred to in this section as the “Trust Fund”), that shall consist of such amounts as may be appropriated or credited to the Trust Fund as provided for in this subsection to enable the Secretary to carry out the reinsurance program. Such amounts shall remain available until expended.

(B) FUNDING.—There are hereby appropriated to the Trust Fund, out of any moneys in the Treasury not otherwise appropriated, an amount requested by the Secretary as necessary to carry out this section, except that the total of all such amounts requested shall not exceed $10,000,000,000.

(C) APPROPRIATIONS FROM THE TRUST FUND.—

(i) IN GENERAL.—Amounts in the Trust Fund are appropriated
to provide funding to carry out the reinsurance program and shall be used to carry out such program.

(ii) BUDGETARY IMPLICATIONS.— Amounts appropriated under clause (i), and outlays flowing from such appropriations, shall not be taken into account for purposes of any budget enforcement procedures including allocations under section 302(a) and (b) of the Balanced Budget and Emergency Deficit Control Act and budget resolutions for fiscal years during which appropriations are made from the Trust Fund.

(iii) LIMITATION TO AVAILABLE FUNDS.—The Secretary has the authority to stop taking applications for participation in the program or take such other steps in reducing expenditures under the reinsurance program in order to ensure that expenditures under the reinsurance program do not ex-
ceed the funds available under this subsection.

“(b) No Reduction.—Notwithstanding that a group health plan described in sub-
section (a) may contain a provision reserving the general power to amend or terminate the plan or a provision specifically authorizing the plan to make post-retirement reductions in retiree health benefits, it shall be prohibited for any group health plan, whether through amendment or otherwise, to reduce the benefits provided to a retired participant or his or her beneficiary under the terms of the plan if such reduction of benefits occurs after the date the participant retired for purposes of the plan and reduces benefits that were provided to the participant, or his or her beneficiary, as of the date the participant retired unless such reduction is also made with respect to active participants.”.

which has not subsequently terminated under the terms of such provision for any reason other than the expiration of a period of a specified number of months shall, notwithstanding such provision and subject to subsection (b), extend to the earlier of the date on which such individual becomes eligible for coverage under an employment-based health plan or the date on which such individual becomes eligible for health insurance coverage through the Health Insurance Exchange (or a State-based Health Insurance Exchange operating in a State or group of States).

(2) NOTICE.—As soon as practicable after the date of the enactment of this Act, the Secretary of Labor, in consultation with the Secretary of the Treasury and the Secretary of Health and Human Services, shall, in consultation with administrators of the group health plans (or other entities) that provide or administer the COBRA continuation coverage involved, provide rules setting forth the form and

of such coverage beyond the date on which such coverage otherwise would have expired.

(d) DEFINITIONS.—For purposes of this section—

(2) **ITEMS INCLUDED IN STUDY.**—Such study also shall examine—
(A) the terms, conditions, and affordability of group health coverage offered by employers and QHBP offering entities outside of the Exchange compared to Exchange-participating health benefits plans; and

(4) OPTIONAL OFFERING OF PREMIUM-PLUS PLANS.—If and only if the entity offers a premium plan for such service area, the entity may offer one or more premium-plus plans for such area.
All such plans may be offered under a single contract with the Commissioner.

(1) In General.—The Commissioner shall establish the following standards consistent with this subsection and title I:

(A) Basic, Enhanced, and Premium Plans.—Standards for 3 levels of Exchange-participating health benefits plans: basic, enhanced, and premium (in this division referred to as a “basic plan”, “enhanced plan”, and “premium plan”, respectively).

(B) Premium-Plus Plan Benefits.—Standards for additional benefits that may be offered, consistent with this subsection and subtitle C of title I, under a premium plan (such a plan with additional benefits referred to in this division as a “premium-plus plan”).

(B) Tiered cost-sharing for affordable credit eligible individuals.—In the case of an affordable credit eligible individual (as defined in section 242(a)(1)) enrolled in an Exchange-participating health benefits plan, the benefits under a basic plan are modified to provide for the reduced cost-sharing for the income tier applicable to the individual under section 244(c).

provides additional benefits, such as adult oral health and vision care, approved by the Commissioner. The portion of the premium that is attributable to such additional benefits shall be separately specified.

(6) RANGE OF PERMISSIBLE VARIATION IN COST-SHARING.—The Commissioner shall establish a permissible range of variation of cost-sharing for each basic, enhanced, and premium plan, except with respect to any benefit for which there is no cost-sharing permitted under the essential benefits package. Such variation shall permit a variation of not more than plus (or minus) 10 percent in cost-sharing with respect to each benefit category specified under section 122.

(d) TREATMENT OF STATE BENEFIT MANDATES.—Insofar as a State requires a health insurance issuer offering health insurance coverage to include benefits beyond the essential benefits package, such requirement shall continue to apply to an Exchange-participating health benefits plan, if the State has
entered into an arrangement satisfactory to
the Commissioner to reimburse the Commis-
sioner for the amount of any net increase in
affordability premium credits under subtitle C
as a result of an increase in premium in basic
plans as a result of application of such re-
