IN THE HOUSE OF REPRESENTATIVES

AUGUST 2, 2013

Ms. WILSON of Florida (for herself, Mr. CONNOLLY, Mr. LEWIS, Mr. BEN RAY LUJÁN of New Mexico, Mr. COHEN, Mr. LOEBSACK, and Mr. FATTAH) introduced the following bill; which was referred to the Committee on Education and the Workforce

A BILL

To amend the Workforce Investment Act of 1998 to provide for the establishment of Youth Corps programs and provide for wider dissemination of the Youth Corps model.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Youth Corps Act of
5 2013”.

6 **SEC. 2. FINDINGS.**

7 Congress finds the following:

1 (1) Nationally, there are an estimated
2 5,500,000 youth, ages 16 through 24, out-of-school
3 and out-of-work, with an additional over 500,000
4 young people dropping out of school each year. At
5 present, the unemployment rate for youth ages 16
6 through 24 is approximately 17 percent. For youth
7 who are in low-income or minority communities, or
8 who have disabilities, this rate is significantly high-
9 er.

10 (2) Youth Service and Conservation Corps pro-
11 grams, descended from the Civilian Conservation
12 Corps of the 1930s, have been preparing disadvan-
13 taged and disconnected youth for careers in resource
14 conservation, environmental restoration, land man-
15 agement, building renovation and weatherization,
16 education, human services, health care, homeland se-
17 curity, and disaster relief for over 4 decades. To
18 date, nearly a million young people have found a
19 new start through a Youth Service and Conservation
20 Corps program.

21 (3) Today, over 125 Youth Service and Con-
22 servation Corps programs are being carried out in
23 50 States and the District of Columbia, and employ-
24 ing a research-driven strategy, called the Youth
25 Corps model, to reengage and provide educational

1 and economic opportunity to around 30,000 young
2 people each year. These Corps members participate
3 in 13.5 million hours of community service annually.

4 (4) According to a recent study by the Corpora-
5 tion for National and Community Service, partici-
6 pating in service increases your likelihood of finding
7 employment by 27 percent. When limited to individ-
8 uals living in rural areas or without a high school di-
9 ploma, the increase in likelihood of gaining employ-
10 ment jumps to 55 percent and 51 percent, respec-
11 tively.

12 (5) Due to the many benefits and positive out-
13 comes, not only for program participants but also
14 for the communities in which they serve, the Youth
15 Corps model is a proven strategy for reengaging dis-
16 connected youth in education and the workforce,
17 while improving communities and the environment.
