3 **SEC. 3. FINDINGS.**

4 Congress finds the following:

- 5 (1) The Black Lung Benefits Act (30 U.S.C.
- 6 901 et seq.) was enacted to provide health care and

1 modest benefits to coal miners who develop pneumo-  
2 coniosis (referred to in this section as “black lung  
3 disease”) resulting from exposure to coal dust dur-  
4 ing their employment. Yet the determination of a  
5 claimant’s eligibility for these benefits often requires  
6 complex, adversarial litigation. Resource disparities  
7 between coal companies and such claimants are  
8 widespread within the statutory and regulatory  
9 framework of such Act. Comprehensive reforms are  
10 necessary to ensure that coal miners are not at a  
11 disadvantage when filing claims for benefits.

12 (2) The Government Accountability Office has  
13 found that many claimants under the Black Lung  
14 Benefits Act are not equipped with the medical and  
15 legal resources necessary to develop evidence to meet  
16 the requirements for benefits. Miners often lack  
17 complete and reliable medical evidence, consequently  
18 increasing the risk that the individuals who review  
19 claims for benefits will be presented with insufficient  
20 medical evidence. Similarly, without better options  
21 for legal representation, significant numbers of such  
22 claimants proceed with their claims through a com-  
23 plex and potentially long administrative process  
24 without resources that Department of Labor officials  
25 and black lung disease experts note are important

1 for developing evidence and supporting their claims.  
2 Only a quarter of claimants are represented by an  
3 attorney when filing a claim. Absent efforts to rem-  
4 edy administrative problems and address structural  
5 weaknesses in the process for obtaining benefits,  
6 claimants with meritorious claims will not receive  
7 benefits.

8 (3) Full exchange and disclosure between the  
9 parties of relevant medical information is essential  
10 for fair adjudication of claims under the Black Lung  
11 Benefits Act, regardless of whether the parties in-  
12 tend to submit such information into evidence.  
13 Records of adjudications reveal that some mine oper-  
14 ators' legal representatives have withheld relevant  
15 evidence from claimants, administrative law judges,  
16 and, in some cases, even their own medical experts.  
17 In several cases, the disclosure of such evidence  
18 would have substantiated a miner's claim for bene-  
19 fits. Withholding medical information can endanger  
20 miners by depriving them of important information  
21 about their own health and the potential need to  
22 seek medical treatment.

23 (4) Given the remedial nature of the Black  
24 Lung Benefits Act, when an adjudicator determines  
25 that evidence is evenly balanced, it is appropriate for

1 any resulting doubt to be resolved in favor of the  
2 claimant. The Supreme Court vacated this long-  
3 standing legal principle, not on substantive grounds,  
4 but because its application conflicted with the re-  
5 quirements of another statute. Such principle needs  
6 to be reinstated in the Black Lung Benefits Act be-  
7 cause it provides fairness and improves the adminis-  
8 tration of benefits.

9 (5) Physicians who read lung x-rays as part of  
10 pulmonary assessments used in proceedings for  
11 claims under the Black Lung Benefits Act are re-  
12 quired to demonstrate competency in classifying  
13 chest radiographs by becoming certified as B Read-  
14 ers by the National Institute for Occupational Safety  
15 and Health (referred to in this section as  
16 “NIOSH”). However, investigations have uncovered  
17 that there are NIOSH-certified B Readers who have  
18 systematically misclassified chest radiographs while  
19 employed by coal operators or their law firms for the  
20 purpose of opposing claims under such Act. In re-  
21 sponse, the Department of Labor has directed claims  
22 examiners “not to credit negative chest x-ray read-  
23 ings for pneumoconiosis” by one widely used physi-  
24 cian employed at a prominent medical center unless  
25 the conclusions of such physician “have been reha-

1        bilitated''. Where chest radiographs are needed to  
2        establish entitlement to benefits, claimants should  
3        have access to accurate interpretations so as to en-  
4        sure the fair adjudication of such claims.

5            (6) As of the date of enactment of this Act,  
6        more than one year has passed since survivors were  
7        denied benefits on claims under the Black Lung  
8        Benefits Act that involved the consideration of chest  
9        radiograph interpretations rendered by a certain  
10       physician whose interpretations have since been de-  
11       termined by the Department of Labor to be gen-  
12       erally not worthy of credit. Such survivors should be  
13       permitted to file a new claim for benefits under such  
14       Act. However, a survivor is effectively barred from  
15       filing a new claim one year after a decision regard-  
16       ing such benefits is final, constituting an injustice  
17       that merits a remedy.

18            (7) Between the calendar years 2004 and 2014,  
19        a reduction in the number of administrative law  
20        judges in the Department of Labor, coupled with a  
21        large increase in the number of cases filed under the  
22        Black Lung Benefits Act, cuts to nondefense discre-  
23        tionary spending, furloughs resulting from seques-  
24        tration, and the 16-day shutdown of the Federal  
25        Government during the calendar year 2013, has cre-

1       ated extensive delays in adjudicating claims under  
2       such Act and numerous other labor and employment  
3       laws. Due to the imbalance between resources and  
4       caseloads, it takes 429 days to assign a case to an  
5       administrative law judge and a typical claim under  
6       such Act remains unresolved for an average of 42  
7       months prior to a decision by an administrative law  
8       judge. These delays directly and severely impact the  
9       lives of workers throughout the United States, plac-  
10      ing an undue financial and emotional burden on the  
11      affected individuals and their families.

12           (8) Contrary to the intent of Congress, benefits  
13      payments under the Black Lung Benefits Act do not  
14      automatically increase with the rising cost of living.  
15      Benefit payments are tied to the monthly pay rate  
16      for Federal employees in grade GS-2, step 1. In sev-  
17      eral of the fiscal years prior to the enactment of this  
18      Act, there was a pay freeze for Federal employees,  
19      which had the effect of eliminating cost-of-living ad-  
20      justments for miners, surviving spouses, and depend-  
21      ents under the Black Lung Benefits Act during such  
22      years.

23           (9) A competent assessment of medical infor-  
24      mation and testimony, which often involves multiple  
25      physicians disputing a diagnosis, is necessary in de-

1       termining whether to award benefits under the  
2       Black Lung Benefits Act. To ensure that a deter-  
3       mination regarding a claim for benefits under such  
4       Act is fair and accurate, regular training is needed  
5       regarding—

6               (A) developments in pulmonary medicine  
7               relating to black lung disease;

8               (B) medical evidence necessary to sustain  
9               claims for such benefits; and

10              (C) the proper weight to be given to con-  
11              flicting evidence.

12              (10) Black lung disease has been the underlying  
13              or contributing cause of death of more than 76,000  
14              miners since 1968. After decades of decline, the inci-  
15              dence of coal miners with black lung disease is on  
16              the rise. According to NIOSH, miners are devel-  
17              oping advanced cases of the disease at younger ages.  
18              In response, the Department of Labor has taken im-  
19              portant steps to combat the disease, including pro-  
20              mulgating a rule that reduces the allowed concentra-  
21              tion of coal dust and eliminates weaknesses in the  
22              current dust sampling system. Retrospective studies  
23              should be continued to determine whether revisions  
24              to the standards are necessary to eliminate the dis-  
25              ease.

2 **PART A—IMPROVING THE PROCESS FOR FILING**

3 **AND ADJUDICATING CLAIMS FOR BENEFITS**

4 **SEC. 101. MANDATORY DISCLOSURE OF MEDICAL INFOR-**  
 5 **MATION AND REPORTS.**

6 Part A of the Black Lung Benefits Act (30 U.S.C.  
 7 901 et seq.) is amended by adding at the end the fol-  
 8 lowing:

9 **“SEC. 403. MANDATORY MEDICAL INFORMATION DISCLO-**  
 10 **SURE.**

11 “(a) REPORT.—In any claim for benefits under this  
 12 title, an operator that requires a miner to submit to a  
 13 medical examination regarding the miner’s respiratory or  
 14 pulmonary condition shall, not later than 21 days after  
 15 the miner has been examined, deliver to the claimant a  
 16 complete copy of the examining physician’s report. The ex-  
 17 amining physician’s report shall—

18 “(1) be in writing; and

19 “(2) set out in detail the findings of such physi-  
 20 cian, including any diagnoses and conclusions, the  
 21 results of any diagnostic imaging tests, and any  
 22 other tests performed on the miner.

23 “(b) DISCLOSURE.—In any claim for benefits under  
 24 this title, each party shall provide all other parties in the  
 25 proceeding with a copy of all medical information devel-

1 oped regarding the miner’s physical condition relating to  
 2 such claim, even if the party does not intend to submit  
 3 the information as evidence. Such medical information  
 4 shall include the opinion of any examining physician, and  
 5 any examining or nonexamining physician’s interpreta-  
 6 tions of radiographs or pathology.

7 “(c) REGULATIONS.—The Secretary shall promulgate  
 8 regulations regarding the disclosure of medical informa-  
 9 tion under this section, and such regulations may establish  
 10 sanctions for noncompliance with this section.”.

11 **SEC. 102. LEGAL FEES.**

12 Part A of the Black Lung Benefits Act (30 U.S.C.  
 13 901 et seq.), as amended by section 101, is further amend-  
 14 ed by adding at the end the following:

15 **“SEC. 404. ATTORNEYS’ FEE PAYMENT PROGRAM.**

16 “(a) PROGRAM ESTABLISHED.—

17 “(1) IN GENERAL.—Not later than 180 days  
 18 after the date of enactment of the Black Lung Bene-  
 19 fits Improvement Act of 2014, the Secretary shall  
 20 establish an attorneys’ fee payment program to pay  
 21 attorneys’ fees, using amounts from the fund, to the  
 22 attorneys of claimants in qualifying claims.

23 “(2) QUALIFYING CLAIM.—A qualifying claim  
 24 for purposes of this section is a contested claim for  
 25 benefits under this title for which a final order has

1 not been entered within one year of the filing of the  
2 claim.

3 “(3) USE OF PAYMENTS FROM THE FUND.—  
4 Notwithstanding any other provision of law,  
5 amounts in the fund shall be available for payments  
6 authorized by the Secretary under this section.

7 “(b) PAYMENTS AUTHORIZED.—

8 “(1) IN GENERAL.—If a claimant for benefits  
9 under this title obtains an effective award for a  
10 qualifying claim before an administrative law judge,  
11 the Benefits Review Board established under section  
12 21(b) of the Longshore and Harbor Workers’ Com-  
13 pensation Act (33 U.S.C. 921(b)), or a Federal  
14 court, and the judge, Board, or court approves attor-  
15 neys’ fees for work done before it, the Secretary  
16 shall, through the program under this section, pay  
17 an amount of attorneys’ fees not to exceed \$1,500  
18 at each stage of the administrative and legal process.

19 “(2) MAXIMUM.—The program established  
20 under this section shall not pay more than a total  
21 of \$4,500 in attorneys’ fees for any single qualifying  
22 claim.

23 “(c) REIMBURSEMENT OF FUNDS.—In any case in  
24 which a qualifying claim results in a final order awarding  
25 compensation, the liable operator shall reimburse the fund

1 for any fees paid under this section, subject to enforce-  
2 ment by the Secretary under section 424 and in the same  
3 manner as compensation orders are enforced under section  
4 21(d) of the Longshore and Harbor Workers' Compensa-  
5 tion Act (33 U.S.C. 921(d)).

6 “(d) ADDITIONAL PROGRAM RULES.—Nothing in  
7 this section shall limit or otherwise affect an operator's  
8 liability for any attorneys' fees awarded by an administra-  
9 tive law judge, the Benefits Review Board, or a Federal  
10 court, that were not paid by the program under this sec-  
11 tion. Nothing in this section shall limit or otherwise affect  
12 the Secretary's authority to use amounts in the fund to  
13 pay approved attorneys' fees in claims for benefits under  
14 this title for which a final order awarding compensation  
15 has been entered and the operator is unable to pay.

16 “(e) NO RECOUPMENT OF ATTORNEYS' FEES.—Any  
17 payment for attorneys' fees made by the Secretary under  
18 this section shall not be recouped from the claimant or  
19 the claimant's attorney.”.

20 **SEC. 103. CLARIFYING ELIGIBILITY FOR BLACK LUNG BEN-**  
21 **EFITS.**

22 Section 411(c) of the Black Lung Benefits Act (30  
23 U.S.C. 921(c)) is amended by striking paragraphs (3) and  
24 (4) and inserting the following:

1           “(3) If x-ray, biopsy, autopsy, or other medi-  
2           cally accepted and relevant test or procedure estab-  
3           lishes that a miner is suffering or has suffered from  
4           a chronic dust disease of the lung, diagnosed as  
5           complicated pneumoconiosis or progressive massive  
6           fibrosis (pneumoconiosis that has formed an opacity,  
7           mass, or lesion greater than one centimeter in di-  
8           ameter), then there shall be an irrebuttable pre-  
9           sumption that such miner is totally disabled due to  
10          pneumoconiosis, that the miner’s death was due to  
11          pneumoconiosis, or that at the time of death the  
12          miner was totally disabled by pneumoconiosis, as the  
13          case may be. A chest radiograph, which yields one  
14          or more large opacities (greater than one centimeter  
15          in diameter), and would be classified in category A,  
16          B, or C in the International Classification of  
17          Radiographs of Pneumoconioses by the International  
18          Labor Organization, shall be sufficient to invoke the  
19          presumption, in the absence of more probative evi-  
20          dence sufficient to establish that the etiology of a  
21          large opacity is not pneumoconiosis.

22          “(4) If a miner was employed for 15 years or  
23          more in one or more coal mines, and if there is a  
24          chest radiograph submitted in connection with the  
25          claim under this title of such miner or such miner’s

1 surviving spouse, child, parent, brother, sister, or de-  
2 pendent and it is interpreted as negative with re-  
3 spect to the requirements of paragraph (3), and if  
4 other evidence demonstrates the existence of a to-  
5 tally disabling respiratory or pulmonary impairment,  
6 then there shall be a rebuttable presumption that  
7 such miner is totally disabled due to pneumoconiosis,  
8 that the miner's death was due to pneumoconiosis,  
9 or that at the time of death the miner was totally  
10 disabled by pneumoconiosis. In the case of a living  
11 miner, a spouse's affidavit may not be used by itself  
12 to establish the presumption under this paragraph.  
13 The presumption under this paragraph may be re-  
14 butted only by establishing that such miner does  
15 not, or did not, have pneumoconiosis, or that no part  
16 of such miner's respiratory or pulmonary impair-  
17 ment was caused by pneumoconiosis."

18 **SEC. 104. RESTORING ADEQUATE BENEFIT ADJUSTMENTS**  
19 **FOR MINERS SUFFERING FROM BLACK LUNG**  
20 **DISEASE AND FOR THEIR DEPENDENT FAM-**  
21 **ILY MEMBERS.**

22 Section 412(a) of the Black Lung Benefits Act (30  
23 U.S.C. 922(a)) is amended by striking paragraph (1) and  
24 inserting the following:

1           “(1) In the case of total disability of a miner  
2           due to pneumoconiosis, the disabled miner shall be  
3           paid benefits during the disability—

4                   “(A) for any calendar year preceding Jan-  
5           uary 1, 2015, at a rate equal to 37½ percent  
6           of the monthly pay rate for Federal employees  
7           in grade GS–2, step 1;

8                   “(B) for the calendar year beginning on  
9           January 1, 2015, at a rate of \$7,980 per year,  
10          payable in 12 equal monthly payments; and

11                   “(C) for each calendar year thereafter, at  
12          a rate equal to the amount under subparagraph  
13          (B) increased by an amount equal to any in-  
14          crease in the annual rate of the Consumer Price  
15          Index for Urban Wage Earners and Clerical  
16          Workers, as published by the Bureau of Labor  
17          Statistics.”.

18   **SEC. 105. TREATMENT OF EVIDENCE IN EQUIPOISE.**

19          Section 422 of the Black Lung Benefits Act (30  
20   U.S.C. 932) is amended by adding at the end the fol-  
21   lowing:

22          “(m) In determining the validity of a claim under this  
23   title, an adjudicator who finds that the evidence is evenly  
24   balanced on an issue shall resolve any resulting doubt in

1 the claimant's favor and find that the claimant has met  
 2 the burden of persuasion on such issue.”.

3 **SEC. 106. PROVIDING ASSISTANCE WITH CLAIMS FOR MIN-**  
 4 **ERS AND THEIR DEPENDENT FAMILY MEM-**  
 5 **BERS.**

6 Section 427(a) of the Black Lung Benefits Act (30  
 7 U.S.C. 937(a)) is amended by striking “the analysis, ex-  
 8 amination, and treatment” and all that follows through  
 9 “coal miners.” and inserting “the analysis, examination,  
 10 and treatment of respiratory and pulmonary impairments  
 11 in active and inactive coal miners and for assistance on  
 12 behalf of miners, spouses, dependents, and other family  
 13 members with claims arising under this title.”.

14 **SEC. 107. FALSE STATEMENTS OR MISREPRESENTATIONS,**  
 15 **ATTORNEY DISQUALIFICATION, AND DIS-**  
 16 **COVERY SANCTIONS.**

17 Section 431 of the Black Lung Benefits Act (30  
 18 U.S.C. 941) is amended to read as follows:

19 **“SEC. 431. FALSE STATEMENTS OR MISREPRESENTATIONS,**  
 20 **ATTORNEY DISQUALIFICATION, AND DIS-**  
 21 **COVERY SANCTIONS.**

22 “(a) IN GENERAL.—No person, including any claim-  
 23 ant, physician, operator, duly authorized agent of such op-  
 24 erator, or employee of an insurance carrier, shall—

1           “(1) knowingly and willfully make a false state-  
2           ment or misrepresentation for the purpose of obtain-  
3           ing, increasing, reducing, denying, or terminating  
4           benefits under this title; or

5           “(2) threaten, coerce, intimidate, deceive, or  
6           knowingly mislead a party, representative, witness,  
7           potential witness, judge, or anyone participating in  
8           a proceeding regarding any matter related to a pro-  
9           ceeding under this title.

10          “(b) FINE; IMPRISONMENT.—Any person who en-  
11          gages in the conduct described in subsection (a) shall,  
12          upon conviction, be subject to a fine in accordance with  
13          title 18, United States Code, imprisoned for not more than  
14          5 years, or both.

15          “(c) PROMPT INVESTIGATION.—The United States  
16          Attorney for the district in which the conduct described  
17          in subsection (a) is alleged to have occurred shall make  
18          every reasonable effort to promptly investigate each com-  
19          plaint of a violation of such subsection.

20          “(d) DISQUALIFICATION.—

21                 “(1) IN GENERAL.—An attorney or expert wit-  
22                 ness who engages in the conduct described in sub-  
23                 section (a) shall, in addition to the fine or imprison-  
24                 ment provided under subsection (b), be permanently

1       disqualified from representing any party, or appear-  
2       ing in any proceeding, under this title.

3               “(2) ATTORNEY DISQUALIFICATION.—In addi-  
4       tion to the disqualification described in paragraph  
5       (1), the Secretary may disqualify an attorney from  
6       representing any party in a proceeding under this  
7       title for either a limited term or permanently, if the  
8       attorney—

9               “(A) engages in any action or behavior  
10       that is prejudicial to the fair and orderly con-  
11       duct of such proceeding; or

12              “(B) is suspended or disbarred by any  
13       court of the United States, any State, or any  
14       territory, commonwealth, or possession of the  
15       United States with jurisdiction over the pro-  
16       ceeding.

17       “(e) DISCOVERY SANCTIONS.—An administrative law  
18       judge may sanction a party who fails to comply with an  
19       order to compel discovery or disclosure, or to supplement  
20       earlier responses, in a proceeding under this title. These  
21       sanctions may include, as appropriate—

22              “(1) drawing an adverse inference against the  
23       noncomplying party on the facts relevant to the dis-  
24       covery or disclosure order;

1 “(2) limiting the noncomplying party’s claims,  
2 defenses, or right to introduce evidence; and

3 “(3) rendering a default decision against the  
4 noncomplying party.

5 “(f) REGULATIONS.—The Secretary shall promulgate  
6 regulations that—

7 “(1) provide procedures for the disqualifications  
8 and sanctions under this section and are appropriate  
9 for all parties; and

10 “(2) distinguish between parties that are rep-  
11 resented by an attorney and parties that are not  
12 represented by an attorney.”.

13 **SEC. 108. DEVELOPMENT OF MEDICAL EVIDENCE BY THE**

23 “(D) MONITORING.—The Director shall  
24 monitor ILO classifications conducted under  
25 this section to determine if any B Reader in-

1           cluded in the B Reader Panel Pool dem-  
2           onstrates a pattern of providing ILO classifica-  
3           tions that are erroneous or not consistently  
4           within the acceptable norms, as established by  
5           the Director.

6           “(3) PROCESS FOR REMOVAL.—

20           (A) to seek review by the Secretary of Health  
21           and Human Services. The review by such Sec-  
22           retary shall not stay the suspension of the B  
23           Reader during the pendency of the review.

24           “(4) DISCLOSURE.—The Director shall make  
25           publicly accessible—

1           “(A) the names and qualifications of the B

10           “(ii) LIMITATION.—The amount of a
