This supplemental request would fund post-disaster planning grants and related assistance to East Coast communities impacted by Hurricane Floyd and other recent natural disasters. Planning grants would be targeted at economic recovery and disaster mitigation projects designed to help communities re-emerge from disaster situations as vibrant economic centers. Public works grants will assist with capital projects including, water, sewer, and public access type projects.

The entire amount requested has been designated by the President as an emergency requirement pursuant to the Balanced Budget and Emergency Deficit Control Act of 1985, as amended.

NATIONAL OCEANIC AND ATMOSPHERIC ADMINISTRATION

OPERATIONS, RESEARCH, AND FACILITIES

(Supplemental now requested, existing legislation)

For an additional amount for "Operations, research and facilities," \$25,800,000, to remain available until expended, for expenses related to losses and equipment damages incurred by fishermen and charter boat operators and other expenses resulting from Hurricanes Floyd and Dennis: Provided, That the entire amount is designated by the Congress as an emergency requirement pursuant to section 251(b)(2)(A) of the Balanced Budget and Emergency Deficit Control Act of 1985, as amended.

Department of Defense—Military OPERATIONS AND MAINTENANCE

OPERATION AND MAINTENANCE, DEFENSE-WIDE
(Supplemental now requested, existing legislation)

For an additional amount for "Operation and maintenance, Defense-wide," \$27,400,000: Provided, That such amount is for emergency expenses incurred at United States military facilities or installations in the United States directly resulting from storm damage or other natural disasters: Provided further, That the entire amount is designated by the Congress as an emergency requirement pursuant to section 251(b)(2)(A) of the Balanced Budget and Emergency Deficit Control Act of 1985, as amended: Provided further, That the Secretary of Defense may transfer the funds provided herein only to appropriations for operation and maintenance; the Defense Health Program; military construction; family housing; and the working capital funds: Provided further, That such funds may be used to execute projects or programs that were deferred in order to carry out emergency repairs resulting from such storm damage or other natural disasters: Provided further, That the funds transferred shall be merged with and shall be available for the same purposes and for the same time period, as the appropriation to which transferred: Provided further, That the transfer authority provided in this paragraph is in addition to any other transfer authority available to the Department of Defense.

This supplemental request would fund repair costs associated with Hurricane Floyd. Due to the severity of the storm, all the Services and the Defense Health Program suffered damage to buildings, roads, and other base infrastructure. Unfortunately, final review and approval of the requirements could not be completed in time for detailed inclusion in the budget. Therefore, the budget requests this funding centrally in order to provide for maximum visibility and control over the eventual allocation of funding.

The entire amount requested has been designated by the President as an emergency requirement pursuant to the Balanced Budget and Emergency Deficit Control Act of 1985, as amended.

A general provision would permit the transfer of funding from the Department of Defense to the Coast Guard to ensure that the Coast Guard has the ability to finance the health care that their beneficiaries obtain through the Department of Defense TRICARE system. The costs of medical care provided through the TRICARE system and military treatment facilities have increased significantly in the past few years. The Coast Guard did not have sufficient information to budget for these increased costs in their 2000 Budget.

This supplemental would fund the operation and maintenance and personnel costs associated with the sustainment of approximately 6,200 U.S. personnel in Kosovo as part of the NATO-led Kosovo Force (KFOR) and up to 1,000 personnel providing support in surrounding countries, as well as enforcement of the international sanctions regime on the Former Republic of Yugoslavia. The funds would also cover continued naval support to KFOR. Such additional costs include equipment preparation; airlift and sealift; other transportation within theater; in-theater support for all deployed forces, including logistics; consumables and spare parts; incremental air and ground OPTEMPO (flying hours and tank miles); additional steaming days; equipment maintenance; per diem of deployed personnel; rotational travel; leased communications; intelligence activities and support; and equipment reconstitution. Also included are funds for additional military personnel costs associated with Kosovo operations. These costs include Imminent Danger Pay, Family Separation Allowance, Foreign Duty Pay, Basic Allowance for Subsistence for enlisted personnel, mobilized reserve component pay and allowances, and subsistence in kind.

Of this amount, \$25 million funds U.S. military support to the International Force in East Timor. This support consists primarily of logistics, transportation, and communications.

The entire amount requested has been designated by the President as an emergency requirement pursuant to the Bal-

anced Budget and Emergency Deficit Control Act of 1985, as amended.

DRUG INTERDICTION AND COUNTER-DRUG ACTIVITIES, DEFENSE

(Supplemental now requested, existing legislation)

For an additional amount for "Drug interdiction and counter-drug activities, Defense," \$98,400,000, to remain available until expended: Provided, That the entire amount is designated by the Congress as an emergency requirement pursuant to section 251(b)(2)(A) of the Balanced Budget and Emergency Deficit Control Act of 1985, as amended: Provided further, That the Secretary of Defense may transfer the funds provided herein only to appropriations for military personnel; operation and maintenance; procurement; research, development, test and evaluation; the Defense Health Program; and working capital funds: Provided further, That the funds transferred shall be merged with and shall be available for the same purposes and for the same time period, as the appropriation to which transferred: Provided further, That the transfer authority provided in this paragraph is in addition to any other transfer authority available to the Department of Defense.

This additional funding is requested for the support of Plan Colombia which would greatly boost counter-drug efforts, strengthen the capacity of Colombia's national and local governments, encourage economic recovery and assist in the peace process. The funds would train two additional counter-drug battalions; enhance Army air bases to accommodate additional helicopters; assist an on-going program to eliminate corruption and human rights violations; enhance various reconnaissance operations; and aid in the enhancement of ground interdiction operations.

The entire amount requested has been designated by the President as an emergency requirement pursuant to the Balanced Budget and Emergency Deficit Control Act of 1985, as amended.

PROCUREMENT

AIRCRAFT PROCUREMENT, AIR FORCE

(Supplemental now requested, existing legislation)

For an additional amount for "Aircraft procurement, Air Force," \$73,000,000, to remain available until September 30, 2001: Provided, That the entire amount is designated by the Congress as an emergency

requirement pursuant to section 251(b)(2)(A) of the Balanced Budget and Emergency Deficit Control Act of 1985, as amended.

This supplemental would provide \$73 million to procure and modify a dedicated aircraft to support the Foreign Emergency Support Team (FEST) and to be operated and maintained by DOD. The FEST is an interagency team that assists the ambassador and host government to manage a terrorist incident in a foreign country. DoD provides airlift for the FEST in order to ensure rapid response to a crisis. In addition to reliability concerns, the current 36-year old FEST aircraft no longer meets mission requirements. The Administration believes that a replacement aircraft should be procured as soon as possible in order to ensure effective and reliable support to this high-priority counterterrorism mission. The entire amount requested has been designated by the President as an emergency requirement pursuant to the Balanced Budget and Emergency Deficit Control Act of 1985, as amended.

This supplemental request would fund the additional costs to support personnel and other resources at Department of Energy weapons production facilities that are needed to meet milestones in the weapons refurbishment schedule developed jointly by the Departments of Energy and Defense. The requested funds would continue activities necessary to restart enriched uranium operations at the Y-12 Plant, complete critical facility projects at the Kansas City Plant, and address critical skills retention and other concerns at the Y-12, Kansas City, and Pantex Plants.

OTHER DEFENSE ACTIVITIES

(Supplemental now requested, existing legislation)

Of the funds made available under this heading for fiscal year 1999 to implement a United States/Russian accord for the disposition of excess weapons plutonium, \$40,000,000 shall be transferred to "Other nuclear security activities" as authorized by the Fiscal Year 2000 National Defense Authorization Act (P.L. 106-65), and shall become available on October 1, 2002.

This supplemental request would defer the availability of \$40 million appropriated in 1999 for U.S.-Russian plutonium disposition activities (as an emergency appropriation) to 2003. These funds were originally appropriated in the Other Defense Activities account. However, the Department of Energy reorganization, mandated in Public Law 106-65, requires the transfer of the balances for plutonium disposition to this new account.

This supplemental request would provide \$10 million to continue the Department of Energy's full and independent investigation of environment, safety, and health issues associated with operation of the gaseous diffusion plants at Paducah, Portsmouth, and the East Tennessee Technology Park, past and present, and support additional medical monitoring for workers, who may have been exposed to plutonium and possibly other radioactive materials, and other activities. This supplemental request would also provide \$8 million to support additional physical and cyber-security activities at Department of Energy facilities.

This supplemental request would provide funds to accelerate environmental cleanup of the Paducah, Kentucky and Portsmouth, Ohio gaseous diffusion plants, which are sites leased and operated by the United States Enrichment Corporation. The activities to be performed include environmental assessment, characterization, remediation, and decontamination and decommissioning of contaminated facilities. These cleanup activities will be specifically directed toward protecting the health and safety of workers, the public, and the environment.

This supplemental request would, together with the \$105 million already appropriated for 2000, ensure that the foster care and adoption assistance program is fully funded. The Foster Care Independence Act of 1999 (P.L. 106-169) amended the Independent Living Program to expand and improve the services provided to older youth in foster care, and young people who have aged out of foster care without the emotional or financial support of a family. The program helps people leaving foster care to complete their education, find employment, secure housing, and otherwise prepare for life as re-

sponsible, self-sufficient adults. In order to strengthen services provided to this vulnerable population, the law increased funding for the program to \$140 million. Since the authorized level was fully offset in P.L. 106-169, there are no additional costs associated with this request.

This supplemental request would provide sufficient positive credit subsidy to enter into previously estimated levels of mortgage loan commitments. The subsidy rates projected in the 2000 President's Budget for single family risk categories have been revised in light of a lower premium structure than used in preparation of that budget. This increase is necessary to avoid potential delays or disruptions in the processing and endorsement of mortgage guarantees.

This supplemental request would extend the time period for expenditure of funds from one year to two years. This will facilitate judicious completion of the implementation of the Anti-fraud initiative, including the hiring of the remaining new staff needed and coordination, where applicable, with local enforcement officials. The Administration urges quick action by the Congress on this supplemental request in order to achieve the full benefits of this proposal.

This supplemental request would allow the Interior Department to quickly meet any unusually severe wildland fire-fighting needs. Currently, Interior has no remaining contingency funds to draw upon. During the summer of 1999, major fires in western States resulted in costs that greatly exceeded those of the average firefighting season. In September, the President released the remaining \$50 million in contingent emergency funding of the \$100 million appropriated by P.L. 104-208, the Omnibus Consolidated Appropriations Act, 1997.

UNITED STATES GEOLOGICAL SURVEY

SURVEYS, INVESTIGATIONS AND RESEARCH

(Supplemental now requested, existing legislation)

For an additional amount for "Surveys, investigations and research," \$1,800,000, to remain available until expended, to repair or replace stream monitoring equipment and associated facilities damaged by natural disasters: Provided, That the entire amount is designated by Congress as an emergency requirement pursuant to section 251(b)(2)(A) of the Balanced Budget and Emergency Deficit Control Act of 1985, as amended.

This supplemental request would provide funds to repair or to replace stream monitoring equipment and structures damaged by rain, winds, floods and other acts of nature, including Hurricanes Dennis, Floyd, and Irene. These stations and associated equipment provide critical information on stream flow to the National Weather Service (NWS) in disaster situations.

A supplemental is needed at this time to replace damaged stream gauges before potential spring flooding. Stream monitoring is necessary to predict areas of potential flooding and to assist the National Weather Service in issuing flood warnings to local communities.

The entire amount requested for 2000 has been designated by the President as an emergency requirement pursuant to the Balanced Budget and Emergency Deficit Control Act of 1985, as amended.

UNITED STATES FISH AND WILDLIFE SERVICE

CONSTRUCTION

(Supplemental now requested, existing legislation)

For an additional amount for "Construction," \$5,000,000, to remain available until expended, to repair or replace buildings, equipment, roads, and water control structures damaged by natural disasters: Provided, That the entire amount is designated by Congress as an emergency requirement pursuant to section 251(b)(2)(A) of the Balanced Budget and Emergency Deficit Control Act of 1985, as amended.

This supplemental request would provide funds to repair damaged or destroyed property and structures including buildings, equipment, roads, and water control structures on FWS-owned lands and facilities damaged by rain, winds, floods and other acts of nature, including Hurricanes Dennis, Floyd, and Irene.

A supplemental is needed at this time to ensure the safety of employees and visitors to National Wildlife Refuges is not compromised and to protect Federal investments in endangered species recovery programs.

The entire amount requested has been designated by the President as an emergency requirement pursuant to the Balanced Budget and Emergency Deficit Control Act of 1985, as amended.

This supplemental request would provide funding to complete preconstruction engineering and design, including the associated Environmental Impact Statement and international coordination to ensure compliance with the Boundary Waters Treaty of 1909, for an emergency outlet from Devils Lake, North Dakota, to the Sheyenne River. It will also permit restoration of funding to studies that were used as sources for reprogramming funds to continue the Devils Lake planning on an expedited basis.

The entire amount requested has been designated by the President as an emergency requirement pursuant to the Balanced Budget and Emergency Deficit Control Act of 1985, as amended.

OPERATION AND MAINTENANCE, GENERAL

(Supplemental now requested, existing legislation)

For an additional amount for emergency repairs and dredging due to hurricane damages, \$19,175,000, to remain available until expended, of which such amounts for eligible navigation projects which may be derived from the Harbor Maintenance Trust Fund pursuant to Public Law 99-662, shall be derived from that Fund: Provided, That the entire amount is designated by the Congress as an emergency requirement pursuant to section 251(b)(2)(A) of the Balanced Budget and Emergency Deficit Control Act of 1985, as amended.

This supplemental request would provide funds to complete repairs of damages caused primarily by the high seas and flooding during Hurricane Floyd in Atlantic Seaboard states including Delaware, Maryland, North Carolina, South Carolina, and Virginia, to navigation channels and harbors, includ-

ing dredging, disposal areas, snagging, drift and debris removal and scour protection.

The entire amount requested has been designated by the President as an emergency requirement pursuant to the Balanced Budget and Emergency Deficit Control Act of 1985, as amended.

This supplemental request would reduce funding made available by the Omnibus Consolidated and Emergency Supplemental Appropriations Act to address requirements associated with year 2000 (Y2K) computer conversion. Unused funds are no longer needed.

For more information on this account, see the Executive Office of the President chapter of this volume.

Federal Emergency Management Agency

DISASTER RELIEF

(Supplemental now requested, existing legislation)

Under this heading in the Miscellaneous Appropriations Act, 2000, as enacted by section 1000(a)(5) of the Consolidated Appropriations Act, 2000 (P.L. 106-113), delete "\$215,000,000" and insert, "\$292,400,000".

This supplemental request would permit an additional \$77.4 million in contingent emergency funds appropriated to the Federal Emergency Management Agency to be used for home buyouts and relocation assistance for flood victims of Hurricane Floyd in North Carolina and other affected states. There would be no increase in outlays.

The entire amount requested for 2000 has been designated by the President as an emergency requirement pursuant to the Balanced Budget and Emergency Deficit Control Act of 1985, as amended.

General Services Administration

POLICY AND OPERATIONS

(Supplemental now requested, existing legislation)

For an additional amount for "Policy and operations", \$2,000,000, to remain available until expended.

This supplemental request would provide funds to accelerate and expand the design and development of a key component of the President's Critical Infrastructure Protection initiative, the Federal Computer Incident Response Capability (FedCIRC) Program. These funds will provide computer security incident identification, containment and recovery services to all civilian agencies and departments. The FedCIRC Program serves as a central point to Federal civilian agencies to respond to incidents and to share information system vulnerability data.

These funds are being requested in conjunction with the implementation of the Kosovo settlement accords and for strengthening NATO ties with Balkan countries and countries of southeast Europe.

The entire amount requested has been designated by the President as an emergency requirement pursuant to the Balanced Budget and Emergency Deficit Control Act of 1985, as amended.

INTERNATIONAL MILITARY EDUCATION AND TRAINING

(Supplemental now requested, existing legislation)

For an additional amount for "International military education and training," \$2,875,000, to remain available until September 30, 2001, for grants to countries of the Balkans and southeast Europe: Provided, That the entire amount is designated by Congress as an emergency requirement pursuant to section 251(b)(2)(A) of the Balanced Budget and Emergency Deficit Control Act of 1985, as amended.

These funds are being requested to increase assistance to southeast European countries to promote professionalization of the military, including enhancement of self-defense capabilities, inter-operability, and improved civilian-military relationships to solidify democratic reform efforts.

The entire amount requested has been designated by the President as an emergency requirement pursuant to the Balanced Budget and Emergency Deficit Control Act of 1985, as amended.

MULTILATERAL ASSISTANCE

DEBT RESTRUCTURING

(Supplemental now requested, existing legislation)

For an additional amount for "Debt restructuring," \$210,000,000 for a contribution to the "Heavily Indebted Poor Countries Trust

DEBT RESTRUCTURING—Continued

Fund” of the International Bank for Reconstruction and Development (HIPC Trust Fund). There are authorized to be appropriated to the President in fiscal years 2000 through 2003, \$600,000,000 for contributions to the HIPC Trust Fund, to remain available until expended.

Section 62 of the Bretton Woods Agreements Act (22 U.S.C. 286 et seq.) is amended:

- (1) by inserting “and” at the end of paragraph (1)(B); and
- (2) by striking paragraph (1)(D).

This proposed supplemental would provide funds for a U.S. contribution to the Heavily Indebted Poor Countries Trust Fund of the International Bank for Reconstruction and Development (HIPC Trust Fund) to support the participation of the International Financial Institutions in the enhanced HIPC initiative. The 2000 appropriation includes \$110 million for bilateral debt forgiveness, but fails to provide authorization or appropriation for the U.S. contribution to the HIPC trust fund. This supplemental would also authorize the appropriation of \$600,000,000 for U.S. contributions to the HIPC Trust Fund in 2000 through 2003, and, by removing the limitation provided for in paragraph (1)(D) of section 62 of the Bretton Woods Agreements Act, would authorize the Secretary of the Treasury to instruct the United States Executive Director of the International Monetary Fund to vote to approve the use of the full amount of the earnings on the investment of the profits of gold sales by the International Monetary Fund for the purpose of providing debt relief under the modified HIPC Initiative.

AGENCY FOR INTERNATIONAL DEVELOPMENT

ASSISTANCE FOR EASTERN EUROPE AND THE BALTIC STATES

(Supplemental now requested, existing legislation)

For an additional amount for “Assistance for Eastern Europe and the Baltic States,” \$195,000,000, to remain available until September 30, 2001: Provided, That the entire amount is designated by the Congress as an emergency requirement pursuant to section 251(b)(2)(A) of the Balanced Budget and Emergency Deficit Control Act of 1985, as amended.

These funds are necessary to continue fostering a peaceful transition in the Balkans toward a market-oriented, democratic future. Supplemental funds are intended for a still-fragile Kosovo, where unforeseen problems with UNMIK’s operations have arisen, and to address unforeseen circumstances elsewhere in the region—the electoral defeat of the Nationalist government opens the prospect of a new pro-reform government in Croatia, new pressures on the democratic forces within Montenegro, and new opportunities for U.S. and EU support to the anti-Milosevic opposition in Serbia.

The entire amount requested has been designated by the President as an emergency requirement pursuant to the Balanced Budget and Emergency Deficit Control Act of 1985, as amended.

OPERATING EXPENSES OF THE AGENCY FOR INTERNATIONAL DEVELOPMENT

(Supplemental now requested, existing legislation)

For an additional amount for “Operating expenses of the Agency for International Development,” \$22,000,000, to remain available until September 30, 2001: Provided, That the entire amount is designated by Congress as an emergency requirement pursuant to section 251(b)(2)(A) of the Balanced Budget and Emergency Deficit Control Act of 1985, as amended.

This supplemental request would finance substantially expanded marketing of Javits-Wagner-O'Day (JWOD) products to Federal employees as a result of fundamental shifts in Federal acquisition of commercial-type products, such as office supplies, cleaning materials, and medical items. Such products are increasingly bought by Federal purchase cardholders who have not been sufficiently informed about the JWOD program to realize that they are required by law to buy JWOD products. The primary objective of the JWOD Act is to use the purchasing power of the Federal Government to provide employment and training to approximately 34,000 people with severe disabilities. The need to better educate Federal customers about JWOD products and where to buy them has increased as a result of confusion about the status of the General Services Administration's stock program, which has historically distributed JWOD products.

FEDERAL MARITIME COMMISSION

SALARIES AND EXPENSES

(Supplemental now requested, existing legislation)

For an additional amount for "Salaries and Expenses," \$490,000.

This supplemental request would provide funding for a Presidentially-appointed fifth Commissioner and staff. It would also provide funding to complete the Congressionally mandated implementation of the Ocean Shipping Reform Act of 1998, which amends the Shipping Act of 1984, and allow the Federal Maritime Commission to identify and initiate necessary rule changes.

NATIONAL TRANSPORTATION SAFETY BOARD

SALARIES AND EXPENSES

GENERAL PROVISIONS

(Supplemental now requested, existing legislation)

SEC. 101. Funds appropriated by this supplemental Act, or made available by the transfer of funds herein, for intelligence activities are deemed to be specifically authorized by the Congress for purposes of section 504 of the National Security Act of 1947 (50 U.S.C. 414).

This provision would provide the authorization required by the National Security Act of 1947 to obligate funds provided in proposed supplemental appropriations for intelligence activities.

SEC. 102. Notwithstanding 10 U.S.C. 2215, from amounts appropriated in the Department of Defense Appropriations Act, 2000, not to exceed \$18,000,000 may be transferred to the Coast Guard to cover costs related to the delivery of health care to Coast Guard personnel and retirees, and their dependents, to be derived as follows: not to exceed \$15,000,000 from "Research, development, test and evaluation, Defense-wide", and not to exceed \$3,000,000 from "Operation and maintenance, Defense-wide."

This provision would permit the transfer of funding from the Department of Defense to the Coast Guard to ensure that the Coast Guard has the ability to finance the health care that their beneficiaries obtain through the Department of Defense TRICARE system. The costs of medical care provided through the TRICARE system and military treatment facilities have increased significantly in the past few years. The Coast Guard did not have sufficient information to budget for these increased costs in their 2000 Budget.

SEC. 103. Authority for the Department of Defense to Provide Additional Support for Counter-drug Activities of Colombia

(a) Authority to Provide Support—

Using amounts appropriated in this supplemental Act, the Secretary of Defense may provide the support described in subsection (b) for counter-drug activities of the government of Colombia. In addition, using unobligated balances from the Department of Defense Appropriations Act, 1999, the Secretary of Defense may transfer one light observation aircraft to Colombia for counter-drug activities. In providing support to Colombia under this section, the Secretary of Defense shall consult with the Secretary of State. The support provided under this section shall be in addition to support provided to Colombia under any other provision of law.

(b) Types of Support—

The authority under subsection (a) is limited to the following types of support to Colombia:

(1) The types of support specified in paragraphs (1), (2), and (3) of section 1031(b) of the National Defense Authorization Act for Fiscal Year 1997 (Public Law 104-201).

(2) The maintenance, repair, or upgrading of equipment of the government of Colombia that is used for counter-drug activities.

(3) The transfer of nonlethal individual and organizational equipment for two additional Colombian Army air mobile counter-drug battalions, one air mobile counter-drug brigade headquarters, and one Colombian Army counter-drug aviation battalion.

(4) The operating costs of equipment of the government of Colombia that is used for counter-drug activities.

(c) Funding limitation on obligations—

Of the amount authorized to be appropriated under this supplemental Act, an amount not to exceed \$30,000,000 shall be available for the provision of support under this section.

(d) Conditions on provision of support—

(1) The Secretary of Defense may not obligate or expend funds appropriated pursuant to this supplemental Act to provide support under this section to Colombia until the end of the 15-day period beginning on the date on which the Secretary submits the written certification for fiscal year 2000, pursuant to section 1033(f)(1) of the National Defense Authorization Act for Fiscal Year 1998 (Public Law 105-85).

(2) The elements of the written certification submitted for fiscal year 2000, described in section 1033(g) of such Act, shall apply to, and the written certification will address, the support provided under this section to Colombia.

This section provides specific authority for the funds appropriated in the supplemental request by reference to existing DoD counterdrug authorities and through specific expansion of authorities consistent with the requirements of Plan Colombia.

SEC. 104. Section 216 of title II, Department of Health and Human Services Appropriations Act, 2000, as enacted by section 1000(a)(4), division B, of the Consolidated Appropriations Act, 2000 (P.L. 106-113), is repealed.

This supplemental language would repeal a provision enacted in the Department of Health and Human Services (HHS) Appropriations Act, 2000, that delayed the availability of certain funds provided in the Act until September 29, 2000. The delay would have affected the following HHS programs: the National Institutes of Health; the Health Resources and Services Administration; the Centers for Disease Control and Prevention; the Social Services Block Grant; the Substance Abuse and Mental Health Services Administration; and, Children and Families Services Programs.

SEC. 105. Sections 8175 and 8176 of title VIII, Department of Defense Appropriations Act, 2000, as amended by section 215, title II, Miscellaneous Appropriations Act, 2000, as enacted by section 1000(a)(5), division B, of the Consolidated Appropriations Act, 2000 (P.L. 106-113), are repealed.

This supplemental language would repeal provisions in the Department of Defense Appropriations Act, 2000, that would have: (1) extended the payment dates for progress payments made to contractors by five days; and, (2) changed existing prompt payment procedures, in the last month of the fiscal year, to require that payments be made no earlier than one day before the date on which the payment is due.

SEC. 106. Sections 305 and 306 of title III, Miscellaneous Appropriations Act, 2000, as enacted by section 1000(a)(5), division B, of the Consolidated Appropriations Act, 2000 (P.L. 106-113), are repealed.

This supplemental language would repeal two provisions enacted in the Miscellaneous Appropriations Act, 2000, that shifted the last pay date in fiscal year 2000 to October 1, 2000, for the military and certain civilian employees.
