
29-1. FEDERAL BUDGET BY AGENCY AND ACCOUNT
EXPLANATORY NOTE

This section includes a detailed tabulation containing information on budget authority (BA), and outlays (O), for each appropriation and fund account.

Budget authority amounts reflect transfers of budget authority between appropriations.

Outlays are payments to liquidate an obligation (other than the repayment of debt principal or other disbursements that are "means of financing" transactions). Outlays include payments to liquidate obligations of budget authority provided in previous years and in the current fiscal year.

Congressional action on appropriations occasionally results in the establishment of a limitation on the use of budgetary resources that would otherwise be available for obligation. Amounts for limitations are included here in parentheses, but are not included in the totals for budget authority and outlays.
