The Architectural and Transportation Barriers Compliance Board (Access Board) was established by section 502 of the Rehabilitation Act of 1973. The Access Board is responsible for developing guidelines under the Americans with Disabilities Act, the Architectural Barriers Act, and the Telecommunications Act. These guidelines ensure that buildings and facilities, transportation vehicles, and telecommunications equipment covered by these laws are readily accessible to and usable by people with disabilities. The Board is also responsible for developing standards under section 508 of the Rehabilitation Act for accessible electronic and information technology used by Federal agencies and standards under section 510 of the Rehabilitation Act for accessible medical diagnostic equipment. In addition, the Access Board enforces the Architectural Barriers Act, and provides training and technical assistance on the guidelines and standards it develops.

The Board also has additional responsibilities under the Help America Vote Act. The Board serves on the Board of Advisors and the Technical Guidelines Development Committee, which helps the Election Assistance Commission develop voluntary guidelines and guidance for voting systems, including accessibility for people with disabilities.

The Administrative Conference of the United States (ACUS) is an independent agency that assists the President, the Congress, the Judicial Conference and Federal agencies in improving the regulatory and legal process through consensus-driven applied research. The Conference analyzes the administrative law process and, among its many activities, issues formal recommendations for improvements that reduce costs to government agencies, promote effective public participation in the rulemaking process, and reduce unnecessary litigation. The Conference is a public-private partnership comprised of senior government officials and private sector leaders in law, business, and academia.

The Affordable Housing Program was created by the Financial Institutions Reform, Recovery, and Enforcement Act of 1989 (FIRREA). FIRREA requires each of the Federal Home Loan Banks to contribute 10-percent of its previous year's net earnings to an Affordable Housing Program (AHP) to be used to subsidize the cost of affordable homeownership and rental housing. The Federal Housing Finance Agency (FHFA) regulates the AHP and ensures that the AHP fulfills its mission.

The Appalachian Regional Commission (ARC) was established as a Federal-State partnership in 1965 to invest in sustainable economic development in the 420 county Appalachian Region. The Commission is comprised of 13 members representing the States in the Region and a Federal Co-Chairman, who represents the Federal Government. It is the mission of the ARC to help the Appalachian Region reach parity with the Nation by planning and coordinating regional investments and targeting resources to those communities with the greatest needs by innovating, partnering, and investing to build community capacity and strengthening economic growth in Appalachia. ARC investments go toward area development and technical assistance goals, such as increasing economic opportunities, developing a ready workforce, strengthening critical infrastructure, leveraging

the Region's natural and cultural heritage assets, and building leadership and community capacity. ARC also assists communities through support of 73 multi-county Local Development Districts (LDDs) that assist local governments in implementing economic development strategies. In 2017, ARC will implement a \$50 million competitive grant program, as part of the multi-agency Partnerships for Opportunity and Workforce and Economic Revitalization Plus (POWER+) Plan, for communities severely impacted by the declining use of coal to develop economic diversification activities in emerging opportunity sectors.

Salaries and expenses.—In this Federal-State partnership, the Federal Government contributes half of the expenses of a professional staff that works with the States and the Federal staff in operating the program. The other half of these non-Federal employee expenses are provided by member States.

The fund, as authorized by Public Law 102–138, and amended by Division G of P.L. 105–277, the Foreign Affairs Reform and Restructuring Act of 1998, is maintained by annual

government contributions which are appropriated in the International Broadcasting Operations account.

GENERAL PROVISIONS

CREATION OF THE POSITION OF CHIEF EXECUTIVE OFFICER OF UNITED STATES INTERNATIONAL

MEDIA

SEC. 701. (a) Subsection 304(f) of the United States International Broadcasting Act of 1994, as amended (22 U.S.C. 6203(f)), is amended to read as follows:

- "(f) DECISIONS.—Decisions of the Board shall be made by majority vote, a quorum being present. A quorum shall consist of a majority of Governors then serving (as determined under subsection (c) of this Section) at the time a decision of the Board is made.":
- (b) Subsection 305(a) of the United States International Broadcasting Act of 1994, as amended (22 U.S.C. 6204(a)), is amended:
 - (1) in paragraph (2), to read as follows:
 - "(2) To review and evaluate the mission and operation of, and to assess the quality, effectiveness, and professional integrity of, all such activities within the context of the broad foreign policy objectives of the United States, and to set the strategic direction for international broadcasting activities of the Federal and non-Federal entities granted funds under the Broadcasting Board of Governors."; and
 - (2) in paragraph (11), to read as follows:
- "(11) To appoint a Chief Executive Officer for a 5-year term that is renewable at the Board's discretion and such other staff personnel of the Board as the Board may determine to be necessary, subject to the provisions of Title 5 governing appointments, classification, and compensation. The Board shall appoint a Chief Executive Officer by no later than 180 days following the effective date hereof (and may appoint an interim Chief Executive Office prior to such appointment) and, thereafter, within 180 days of the departure or removal of a Chief Executive Officer. The Chief Executive Officer may be removed by the Board by a 2/3 majority of Governors then serving.";
- (c) Subsections 305(b), (c), and (d) of the United States International Broadcasting Act of 1994, as amended (22 U.S.C. 6204(b), (c), and (d)), are each amended to read as follows:
- "(b) DELEGATION OF AUTHORITY.—The Chief Executive Officer shall have sole responsibility to carry out the authorities enumerated in 22 U.S.C. 6204(a)(1), (5), (6), (7), (8), (10), (11) (except the authority to appoint the Chief Executive Officer under paragraph (11) of subsection (a)), (12), (13), (14), (15), (16), (17), (18), and (19) subject to the ongoing supervision of the Board. The Board, at its discretion, may delegate the responsibilities enumerated in 22 U.S.C. 6204(a)(2), (3), (4), and (9), which may be delegated to the extent the Board determines to be appropriate. The Chief Executive Officer shall exercise any authority so delegated subject to the ongoing supervision of the Board, except the authority to appoint and remove the Chief Executive Officer under paragraph (11) of subsection (a), which shall be exercised solely by the Board.";
- "(c) BROADCASTING BUDGETS.—The Chief Executive Officer shall submit proposed budgets to the Board for all activities authorized to be conducted under this title for review and approval. The Board shall forward its recommendations concerning the proposed budget for the Board and broadcasting activities under this title, the Radio Broadcasting to Cuba Act, as amended, and the Television Broadcasting to Cuba Act, as amended, to the Office of Management and Budget."; and
- "(d) PROFESSIONAL INDEPENDENCE OF BROADCASTERS.—The Secretary of State, the Board, and the Chief Executive Officer, in carrying out their functions, shall respect the professional independence and integrity of the International Broadcasting Bureau, its broadcasting services, and the grantees of the Board.";
- (d) Subsection 307(b) of the United States International Broadcasting Act of 1994, as amended (22 U.S.C. 6206(b)), is amended to read as follows:
- "(b) SELECTION OF DIRECTOR OF BUREAU.—The Director of the Bureau shall be abolished immediately after the individual holding that office on the date of the enactment of this Act ceases to hold that office, and all responsibilities and authorities shall be transferred to the Chief Executive Officer.";
- (e) Subsections 310(a), (b), (c), and (d) of the United States International Broadcasting Act of 1994, as amended (Public Law 103–236), are each amended to read as follows:
 - "(a) FUNCTIONS AND DUTIES.—
 - ${\it (1) The Chief Executive Officer shall have the following functions and duties:}$
 - (A) To exercise the authorities identified pursuant to Section 305(b);

OTHER INDEPENDENT AGENCIES GENERAL PROVISIONS—Continued 1243

- (B) To exercise the authorities delegated by the Board of Governors pursuant to Section 305(b); and
- (C) To carry out all of the broadcasting activities conducted pursuant to this title, the Radio Broadcasting to Cuba Act, as amended, and the Television Broadcasting to Cuba Act, as amended, including by grant; and
- (2) The Chief Executive Officer shall not assume any of the functions and duties of the Director of the International Broadcasting Bureau until the individual holding that office on the date of the enactment of this Act ceases to hold that office.":
- "(b) ORGANIZATION OF BROADCASTING ACTIVITIES SUBORDINATE TO THE CHIEF EXECUTIVE OFFICER.—The position of the Director of the International Broadcasting Bureau shall be abolished immediately after the individual holding that office on the date of the enactment of this Act ceases to hold that office, and the functions and activities formerly organized under such Director shall be organized as directed by, and shall be subordinate to, the Chief Executive Officer. The Directors of the Voice of America and the Office of Cuba Broadcasting shall report, and are subordinate, to the Chief Executive Officer. RFE/RL, Incorporated; Radio Free Asia; and Middle East Broadcast Networks, Incorporated are independent organizations but shall communicate and report through the Chief Executive Officer to the Board, as shall any other such statutory grantee entity. The Board may condition grants to any grantee on complying with CEO direction. Nothing in this or any other Act shall be construed to make any Broadcasting Board of Governors grantee a federal agency or instrumentality.":
- "(c) CHIEF EXECUTIVE OFFICER AUTHORITY OVER GRANTS.—For all grants made by the Broadcasting Board of Governors, a condition of the grant shall be that the Chief Executive Officer shall have authority to redirect funds within the scope of the grant as needed in order to maintain consistency with Board-approved agency priorities worldwide. Failure to comply with any redirection in accordance with this condition shall be a violation of the terms and conditions of the award and may result in corrective action taken by the Broadcasting Board of Governors, which may include suspension or termination of the grant until remedied."; and
- "(d) CONGRESSIONAL LOBBYING.—No grant funds provided by the Broadcasting Board of Governors may be used for any activity for the purpose of influencing the passage or defeat of legislation being considered by Congress.".

The Consumer Financial Protection Bureau (CFPB) was established under Title X of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Act) (P.L. 111–203) as an independent bureau in the Federal Reserve System. To create a single point of accountability in the Federal government for consumer financial protection, the Act consolidated authorities previously shared by seven Federal agencies under Federal consumer financial laws into the CFPB and provided the Bureau with additional authorities to:

- —Conduct rulemaking, supervision, and enforcement with respect to Federal consumer financial laws;
- —Handle consumer complaints and inquiries about financial products;

- —Promote financial education, literacy, and access;
- —Research consumer behavior; and,
- -Monitor financial markets for new risks to consumers.

Funding required to support the CFPB's operations is obtained primarily through transfers from the Board of Governors of the Federal Reserve System. Transfers to the Bureau in 2016 are capped at \$613.7 million. The transfer cap for 2017, as adjusted by an annual inflation indicator, is estimated to be \$646.2 million. The Bureau anticipates requesting less than the transfer cap to fund operations in 2016 and 2017 and the Budget reflects estimates of \$606 and \$636 million, respectively.

Pursuant to the Act, the CFPB is also authorized to collect civil penalties in any judicial or administrative action under Federal consumer financial laws. These amounts are maintained and displayed in a separate account titled "Consumer Financial Civil Penalty Fund."

Pursuant to Title X of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Act) (P.L. 111–203), the Consumer Financial Protection Bureau (CFPB) is authorized to collect civil penalties obtained in any judicial or administrative action under Federal consumer financial laws. Per the Act, such funds will be available for payments to the victims of activities for which civil penalties have been imposed under the Federal consumer financial laws. To the extent that such victims cannot be located or payments are otherwise not practicable, the CFPB may use such funds for consumer education and financial literacy programs. In May 2013, the CFPB published a final rule to provide transparency about how money in the Civil Penalty Fund would be used to compensate victims and the circumstances in which the funds may be allocated for consumer education and financial literacy programs. In Fiscal Year 2013, the CFPB made its first allocations of funds from the Civil Penalty Fund to victims and to consumer education and financial literacy programs. The CFPB continues to make allocations pursuant to the rule and distribute allocated funds accordingly. Obligations related to victim compensation are contingent upon identifying the specific victims qualifying for payments.

Independent actuarial projections show the CIARDS Fund with an unfunded liability of \$6.2 billion. To ensure that the Fund remains solvent and authorized payments to beneficiaries continue, the Budget proposes \$514 million in 2017. This amount reflects the amortized cost of recapitalizing the CIARDS Fund over twenty years.

CHRISTOPHER COLUMBUS FELLOWSHIP FOUNDATION

Public Law 102–281 established the Christopher Columbus Fellowship Foundation "to encourage and support research, study, and labor designed to produce new discoveries in all fields of endeavor for the benefit of mankind." Surcharges from the sale of Christopher Columbus Quincentenary coins were placed in the Foundation's trust fund to operate the Foundation's programs.

The Foundation supports competitive programs rewarding American scientist/researchers, companies, educators and students who develop new innovations and innovative approaches to homeland security, life sciences, agriscience and solving community issues through science and education.

The Foundation will continue its programs until its funds are expended.

Originally established by the Civil Rights Act of 1957, the U.S. Commission on Civil Rights (USCCR) is an independent, bipartisan, fact-finding Federal agency. Its mission is to inform the development of national civil rights policy and enhance enforcement of Federal civil rights laws. The Commission pursues this mission by studying alleged deprivations of voting rights and alleged discrimination based on race, color, religion, sex, age, disability, or national origin, or in the administration of justice. The Commission plays a vital role in advancing civil rights through objective and comprehensive investigation, research, and analysis on issues of fundamental concern to the Federal government and the public. The Commission also

supports a network of State Advisory Committees, each composed of a diverse group of citizen volunteers, which conduct civil rights research at the State and regional levels.

The Committee for Purchase From People Who Are Blind or Severely Disabled (operating as the U.S. AbilityOne Commission) administers the AbilityOne Program under the authority of the Javits-Wagner-O'Day Act of 1971, as amended. The principal objective of AbilityOne is to leverage the purchasing power of the Federal Government to provide employment opportunities for people who are blind or have other significant disabilities. The Committee accomplishes its mission by identifying Government procurement requirements that can create employment opportunities for individuals who are blind or have other significant disabilities. Following opportunities for public comment and after due deliberation, the Committee then places such products and service requirements on the AbilityOne Procurement List, requiring Federal departments and agencies to procure the designated products and services from a network of 565 qualified State and private nonprofit agencies (NPAs) employing people who are blind or have other significant disabilities. The long-term vision of AbilityOne is to enable people who are blind or have other significant disabilities to achieve their maximum employment potential. In 2014, nearly 47,000 AbilityOne employees earned a combined total of more than \$550 million in wages, with an average hourly wage of \$12.44. The AbilityOne Program continues to emphasize providing employment to veterans, with more than 3,000 employed in direct or indirect labor positions, including supervision and management. Nearly 2,000 AbilityOne employees move into competitive or supported employment each year after gaining skills and experience on AbilityOne jobs.

While pursuing its core mission to increase employment opportunities for people who are blind or have other significant disabilities, the Committee is dedicated to effective stewardship and program integrity. The Committee continues to strengthen its Procurement List business processes and to enhance its oversight of AbilityOne Program participants. The resources proposed for 2017 will enable the Committee to implement new requirements enacted in the Consolidated Appropriations Act of 2016. These requirements include establishing and staffing an Office of Inspector General for the AbilityOne Program. The requirements also include establishing and administering written agreements that govern the Committee's relationship with its designated central nonprofit agencies, evaluating reports and data from such central nonprofit agencies, and increasing the capacity of the Committee's compliance and operations staff to oversee a national program with \$2.8 billion in annual sales of products and services to the Government.

The mission of the Commodity Futures Trading Commission (CFTC or Commission) is to foster open, transparent, competitive, and financially sound markets; to avoid systemic risk; and to protect market users and their funds, consumers, and the public from fraud, manipulation, and abusive practices related to derivatives and other products that are subject to the Commodity Exchange Act (7 U.S.C. 1, et seq.) (CEA or the Act). The CFTC, established by Congress as an independent agency in 1974, administers the Act. The Act established a comprehensive regulatory structure to oversee the volatile futures trading complex, including futures trading in all goods, articles, services, rights, and interests; commodity options trading; and leverage trading in gold and silver bullion and coins.

To meet changing market conditions, the CFTC's mandate has been renewed and expanded several times since its inception. Most recently, and in response to the 2008 financial crisis, the scope of the CFTC's mission grew dramatically upon enactment of the Dodd-Frank Wall Street Reform and Consumer Protection Act (P.L. 111–203) (the Dodd-Frank Act) , which amended the CEA and expanded the CFTC's mission to include oversight of the previously unregulated over-the-counter swaps marketplace.

The markets under the CFTC's regulatory purview are large and economically significant. In the United States, the CFTC regulates the markets for futures and options on futures with an estimated notional value of \$34 trillion and the swaps market with an estimated notional value of \$270 trillion. The Administration proposes an increase of \$80 million and 183 FTE in 2017 over the 2016 enacted level in order to fulfill the CFTC's responsibility to oversee these vital markets. The increase requested for 2017 is a down payment toward doubling the funding of the CFTC from its 2015 level by 2021, enabling the CFTC to thoroughly perform its post-Dodd-Frank mission.

The Administration strongly supports and will again propose legislation authorizing the CFTC to collect user fees from its regulated community equal to the agency's annual appropriation. Fee rates would be designed in a way that supports market access, market liquidity, and the efficiency, competiveness, and financial integrity of the Nation's futures, options on futures, and swaps markets. Fee funding would shift the costs of regulatory services provided by the CFTC from the general taxpayer to the primary beneficiaries of the CFTC's oversight, and would bring CFTC funding in line with that of all other Federal financial and banking regulators. Subject to enactment of authorizing legislation enabling the CFTC to collect user fees, the Administration proposes that collections begin with the 2018 appropriation.

Section 748 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (P.L. 111-203) (the Dodd-Frank Act) amended the Commodity Exchange Act (7 U.S.C. 1, et seq.) to establish the Customer Protection Fund (the Fund) and to direct the Commodity Futures Trading Commission (Commission) to issue rules implementing incentives and protections for whistleblowers.

The Customer Protection Fund is a revolving fund into which the Commission deposits monetary sanctions it collects in covered judicial or administrative actions. The Commission may deposit such sanctions into the Fund unless the balance in the Fund at the time the sanction is collected exceeds \$100 million. The Commission will not deposit restitution awarded to victims into the Fund, and will pay whistleblower awards and finance customer education initiatives from the Fund. The Commission is required to submit an annual report on the whistleblower award program to the Committee on Agriculture, Nutrition, and Forestry of the Senate and the Committee on Agriculture of the House of Representatives.

Section 748 of the Dodd-Frank Act requires the Commission to pay awards to whistleblowers who provide original information to the Commission that leads to successful enforcement of a Commission action resulting in monetary sanctions exceeding \$1 million, and who satisfy other eligibility requirements. The amount of the awards, as determined by the Commission, will be between 10 to 30 percent of sanctions collected in either the Commission's action or a related action that is based upon original information provided by the whistleblower.

The Commission's award determination is dependent upon certain criteria. The Commission may exercise discretion in granting an award based upon the significance of the information, the degree of assistance provided in support of the Commission's action or related action, the Commission's programmatic interest, and other criteria. An award shall be denied to certain Government employees and others who are statutorily ineligible.

A whistleblower may appeal the Commission's award determination as to whom an award is made, the amount of an award, or the denial of an award to the appropriate U.S. Circuit Court of Appeals.

The U.S. Consumer Product Safety Commission (CPSC) is an independent federal regulatory agency, created in 1972 by the Consumer Product Safety Act (CPSA). In addition to the CPSA, as amended by the Consumer Product Safety Improvement Act of 2008 (CPSIA), and Public Law 112-28, the CPSC also administers other laws, including the Federal Hazardous Substances Act, the Flammable Fabrics Act, the Child Safety Protection Act, the Poison Prevention Packaging Act, the Refrigerator Safety Act, the Virginia Graeme Baker (VGB) Pool and Spa Safety Act, and the Children's Gasoline Burn Prevention Act. The 2017 request continues scaling the CPSC's import surveillance initiative to a full-scale national program, and proposes that an import surveillance user fee be enacted with collections beginning by 2018 to offset costs of the program. The request also supports global outreach and education, and includes funding to conduct applied research on exposure to potential chronic hazards related to nanotechnology in consumer products and crumb rubber (artificial field turf and playgrounds).

The Corporation for National and Community Service (CNCS) provides opportunities for Americans of all ages to serve their community and country in sustained and effective ways. As the nation's largest grantmaker for service and volunteering, CNCS plays a critical role in strengthening America's nonprofit sector and addressing our nation's challenges through service. CNCS harnesses America's most powerful resource—the energy and talents of its citizens—to solve problems and strengthen communities. From grade school through retirement, CNCS empowers Americans and fosters a lifetime of service. CNCS plays a vital role in supporting the American culture of citizenship, service and responsibility. CNCS promotes service around the country, working hand in hand with thousands of local partners. These institutions include: nonprofits, schools, faith-based and other community organizations, and local governments.

AmeriCorps State and National.—With funds channeled through States, Territories, Tribes, and community-based organizations, AmeriCorps grants enable communities to recruit, train, and place AmeriCorps members to meet critical local needs in the areas of disaster services, economic opportunity, education, environmental stewardship, healthy futures, and veterans and military families, as directed by the Edward M. Kennedy Serve America Act of 2009.

AmeriCorps National Civilian Community Corps.—AmeriCorps NCCC is a 10-month residential national service program for people ages 18–24. AmeriCorps NCCC members will be deployed to respond to natural disasters and engage in urban and rural development projects across the nation.

AmeriCorps VISTA.—Provides full-time members to community organizations and public agencies working to resolve local poverty-related problems in areas such as illiteracy, hunger, unemployment, substance abuse, and homelessness.

State Service Commission Support Grants.—These grants support the operation of State Service Commissions that administer approximately two-thirds of AmeriCorps State and National grant funds. Commissions are responsible for monitoring sub-grantees and ensuring that they comply with Federal requirements and performance expectations. These grants must be matched by the Commissions.

Retired Senior Volunteer Program.—RSVP grants support volunteers aged 55 and older who help meet a wide range of community needs, including mentoring children and providing independent living services to adults.

Foster Grandparent Program.—Grants provide low-income volunteers age 55 and older with service opportunities to provide one-on-one mentoring and support to at-risk children.

Senior Companion Program.—Grants support low-income volunteers who provide companionship, transportation, help with light chores, and respite to assist tens of thousands of seniors and people with disabilities to remain in their own homes.

Innovation, Demonstration, and Assistance.—These initiatives and programs are aimed at incubating new ideas, while expanding proven initiatives that address specific community needs. This includes the Social Innovation Fund, which helps identify and scale-up innovative and evidence-based

programs across the country. The 2017 Budget for the Social Innovation Fund continues to request that up to 20 percent of funds be available for Pay For Success projects. The Volunteer Generation Fund will focus on strengthening the ability of nonprofits and other organizations to recruit, retain, and manage volunteers. Additional activities include the annual Martin Luther King, Jr. Day of Service, and United We Serve, the President's call to service initiative.

Evaluation.—This activity supports the design and implementation of research and evaluation studies and will facilitate the use of evidence and evaluation by CNCS and national service organizations.

ADMINISTRATIVE PROVISIONS

SEC. [403] 401. CNCS shall make any significant changes to program requirements, service delivery or policy only through public notice and comment rulemaking. For fiscal year 2016, during any grant selection process, an officer or employee of CNCS shall not knowingly disclose any covered grant selection information regarding such selection, directly or indirectly, to any person other than an officer or employee of CNCS that is authorized by CNCS to receive such information.

SEC. [404] 402. AmeriCorps programs receiving grants under the National Service Trust program shall meet an overall minimum share requirement of 24 percent for the first 3 years that they receive AmeriCorps funding, and thereafter shall meet the overall minimum share requirement as provided in section 2521.60 of title 45, Code of Federal Regulations, without regard to the operating costs match requirement in section 121(e) or the member support Federal share limitations in section 140 of the 1990 Act, and subject to partial waiver consistent with section 2521.70 of title 45, Code of Federal Regulations. Notwithstanding section 198(i)(4), these minimum share requirements shall apply to Martin Luther King, Jr. Service Day grants under section 198(i).

SEC. **[**405**]** 403. Donations made to CNCS under section 196 of the 1990 Act for the purposes of financing programs and operations under titles I and II of the 1973 Act or subtitle B, C, D, or E of title I of the 1990 Act shall be used to supplement and not supplant current programs and operations.

SEC. **[**406**]**404. In addition to the requirements in section 146(a) of the 1990 Act, use of an educational award for the purpose described in section 148(a)(4) shall be limited to individuals who are veterans as defined under section 101 of the Act.

SEC. [407] 405. For the purpose of carrying out section 189D of the 1990 Act—

- (1) entities described in paragraph (a) of such section shall be considered "qualified entities" under section 3 of the National Child Protection Act of 1993 ("NCPA"); and
- (2) individuals described in such section shall be considered "volunteers" under section 3 of NCPA; and
- (3) State Commissions on National and Community Service established pursuant to section 178 of the 1990 Act, are authorized to receive criminal history record information, consistent with Public Law 92–544.

SEC. 406. Notwithstanding sections 137(a)(3) and (4) of the 1990 Act, national service programs carried out under section 121 of the Act may select disadvantaged youth who are age 14 or older at the time the individual begins the term of service to serve in less than full time positions for disadvantaged youths during the months of May through September. For purposes of section 146(d) of the Act, any disadvantaged youth who is under age 17 at the time the individual begins the term of service shall be treated as an individual eligible to receive a summer of service educational award under section 146(d)(1).

SEC. 407. Notwithstanding sections 139(b), 146, and 147 of the 1990 Act, an individual who successfully completes a term of service of not less than 1,200 hours during a period of not more than 1 year may receive a national service education award having a value of 70 percent of the value of a national service education award determined under section 147(a) of the Act.

SEC. 408. Section 148 of the 1990 Act is amended by striking subsection (f)(2)(A)(i) and redesignating subsection "(A)(ii)" as "(A)".

SEC. 409. The 1973 Act is amended—

(a)(1) by striking section 412;

- (2) in subparagraph 201(f)(1) by striking "Notwithstanding section 412, and effective" and inserting "Effective";
- (3) in subparagraph 201(g)(3) by striking "in accordance with section 412";
- (4) in subparagraph 201(i)(1) by striking "or section 412"; and
- (b) in section 1(b), by striking "Sec. 412 Notice and hearing procedures for suspension and termination of financial assistance.'; and
- (c) in subparagraph 227(a), by striking paragraph (2), removing the designation of paragraph (1), and striking "paragraph (2) and".

SEC. 410. Notwithstanding section 198K(m)(1) and 198K(m)(2)(D), of the funds appropriated for the Social Innovation Fund, not more than 7.5 percent may be used to carry out section 198K(m). The FY 2017 Budget proposes an advance appropriation of \$445 million for the Corporation for Public Broadcasting (CPB) for fiscal year 2019. In 1975, Congress first agreed to begin providing CPB with a two-year advance appropriation to support long-range financial planning and to insulate programming decisions. This commitment of future Federal dollars helps leverage investments from other sources and gives producers essential lead time to plan, design, create, and support programming and services.

CPB uses funding to provide grants to qualified public television and radio stations to be used at their discretion for purposes related to program production or acquisition, as well as for general operations. CPB also supports the production and acquisition of radio and television programs for national distribution. In addition, CPB assists in the financing of systemwide activities that are essential to station operations, including CPB's contracts for national interconnection services and music royalty licenses.

CORPORATION FOR PUBLIC BROADCASTING—Continued

It also provides limited technical assistance, research, and planning services to improve system-wide capacity and performance.

The Budget also provides \$50 million to CPB in FY 2017 to support the second phase of a \$197 million deployment of the next-generation public television interconnection system. The Public Broadcasting Service (PBS), under a contract with CPB, operates the current satellite-based interconnection system, which allows PBS, distributors, stations, and producers to distribute programming to public television licensees nationwide and in American territories. This system is reaching end-of-life in 2016. The new interconnection system will will use a combination of cloud, satellite, and terrestrial fiber-optic technologies to deliver non-real time content, as well as live and near-live content. This funding allows CPB to continue supporting the production and distribution of high-quality, freely available news and programming; satisfy statutory public safety responsibilities; and reduce overall public broadcasting system expenses relating to bandwidth, storage, video processing, and future interconnectivity needs. Public radio interconnection satellite leases expire in 2018, and the improved technology may enable the public television and radio stations to share certain elements of the planned television interconnection system, leading to greater efficiencies. The Budget provides funding in FYs 2018 and 2019 to fully build out and complete the remainder of the public television interconnection system.

In addition, the Budget supports relieving CPB of the statutory requirement to provide a "clear feed" broadcast of PBS's National Program Service to users of large satellite dishes, which have become a niche technology. This requirement is estimated to cost the public television system nearly \$1 million a year in satellite lease fees.

The Corporation for Travel Promotion (also known as Brand USA) was established by the Travel Promotion Act in 2010 to lead the nation's first global marketing effort to promote the United States as a premier travel destination and to communicate U.S. entry/exit policies and procedures. The public-private partnership, funded through a combination of private sector contributions and Federal matching funds, works closely with the travel industry to encourage increased travel and tourism in the United States.

A surcharge to the Electronic System for Traveler Authorization (ESTA) fee that travelers from visa waiver countries pay before arriving in the United States provides Brand USA's Federal matching funds. Authorization to collect the surcharge under the Travel Promotion Act was set to expire September 30, 2015, but was extended to September 30, 2020, in the Travel Promotion, Enhancement, and Modernization Act of 2014 (part of the 2015 Consolidated and Further Continuing Appropriations Act). These funds will enable Brand USA to continue its mission of promoting travel and tourism in the United States.

The Inspector General (IG) Reform Act of 2008 (P.L. 110–409) created the Council of the Inspectors General on Integrity and Efficiency (CIGIE) to address program integrity, efficiency, and effectiveness issues that transcend individual Government agencies and to increase the professionalism and effectiveness of IG staff. In 2017, CIGIE estimates that it will need \$7.9 million to continue to support cross-cutting IG activities and train IG staff.

Pursuant to Section 7 of the Inspector General Reform Act of 2008, resources for CIGIE activities are provided through interagency funding. CIGIE plans to collect monies for 2017 during the second half of 2016 and will use \$4.3 million for CIGIE's Training Institute and \$3.6 million for operations. Although CIGIE will collect the required funding for 2017 from agency IGs in the second half of 2016, the President's 2017 Budget also includes funds in individual IG budgets that are dedicated to CIGIE and will be collected in 2017 for use in 2018.

The National Capital Revitalization and Self-Government Improvement Act of 1997 established the Court Services and Offender Supervision Agency (CSOSA) for the District of Columbia as an independent Federal FEDERAL PAYMENT TO THE COURT SERVICES AND OFFENDER SUPERVISION AGENCY FOR THE DISTRICT OF COLUMBIA—Continued

agency to perform community supervision of D.C. Code offenders. The new agency assumed the adult probation function from the D.C. Superior Court and the parole supervision function from the D.C. Board of Parole. The Pretrial Services Agency for the District of Columbia, responsible for supervising pretrial defendants, is an independent entity within CSOSA with its own budget and organizational structure. The mission of CSOSA is to increase public safety, prevent crime, reduce recidivism, and support the fair administration of justice in close collaboration with the community.

The CSOSA appropriation supports the Community Supervision Program and the Pretrial Services Agency.

Community Supervision Program.—This activity provides supervision of adult offenders on probation, parole, or supervised release, consistent with a crime prevention strategy that emphasizes public safety and successful reintegration. The Community Supervision Program employs an integrated system of close supervision, routine drug testing, graduated sanctions, treatment, transitional housing, and other offender support services, including services from community and faith-based collaborations. The activity also develops and provides the courts and the U.S. Parole Commission with critical information for probation, parole, and supervised release decisions. The 2017 Budget provides additional resources for testing offenders for synthetic drugs.

Pretrial Services Agency.—This activity assists judicial officers in both the D.C. Superior Court and the U.S. District Court for the District of Columbia by formulating release recommendations and providing supervision and treatment services to defendants that reasonably assure that individuals on conditional release return to court and do not engage in criminal activity pending their trial and/or sentencing. The Pretrial Services Agency is responsible for enforcing conditions of release, conducting drug testing, administering graduated sanctions, referring defendants to treatment and other social services, and reporting to the courts defendants' compliance with their conditions of release. The 2017 Budget provides additional resources for testing defendants for synthetic drugs.

The Defense Nuclear Facilities Safety Board, an independent, non-regulatory agency within the executive branch, is responsible for evaluating the content and implementation of the standards relating to the design, construction, operation, and decommissioning of Department of Energy (DOE) defense nuclear facilities. The Board also reviews the design of new DOE defense nuclear facilities and periodically reviews and monitors construction of such facilities to ensure adequate protection of public and worker health and safety. The Board is also responsible for investigating any event or practice at a defense nuclear facility that has or may adversely affect public health and safety. The Board makes specific recommendations to the Secretary of Energy on measures that should be adopted to protect both public and employee health and safety.

Established by Congress in 2000, the Delta Regional Authority (DRA) is a Federal-state partnership created to help address the economic needs of the eight-state, Mississippi Delta region. DRA's service area spans a 252 county/parish footprint. DRA's economic development investments help support the creation and sustainability of strong local and regional economies. In 2017, DRA will continue to provide support for disaster response and economic recovery, promote regional planning of place-based economic development strategies and provide investments toward its statutory mission. DRA's strategic investments help support projects in the following categories: basic public infrastructure, transportation infrastructure, business development with an emphasis in entrepreneurship, and workforce development. In addition to its investments through the States' Economic Development Assistance Program (SEDAP), the Authority will continue the use of strategic collaboration to help leverage investments from the private and non-profit sectors. DRA continues to help engage communities within the Delta Region and assists in increasing individuals'

access to federal family assets in the areas of healthcare, access to affordable capital, and infrastructure financing tools.

The Denali Commission was established by the Denali Commission Act of 1998 (P.L. 105–277) and is composed of seven members including the Federal Co-Chair. The Commission's mission is to promote and provide sustainable infrastructure improvement, job training, and other economic development services that improve health, safety, and economic self-sufficiency within rural communities in Alaska. In 2017, the Commission will continue to coordinate cost-shared utilities and infrastructure projects with a focus on the most distressed communities. The 2017 Budget proposes to continue a 50% matching requirement to the Commission's funding of construction projects. This provision, common to other Federal regional economic development agencies, ensures that communities have a stake in their Commission-funded projects. Grants to distressed communities will have a lower matching requirement (20%). This match may be provided by the State of Alaska. In order to improve performance measures, in 2017 the Commission will continue to place an emphasis on gathering output and outcome results from its program partners and grantees. In 2015 President Obama announced that the Denali Commission would serve in a lead coordination role for federal, state and tribal resources to assist communities in developing, and implementing, both short and long-term solutions to address the impacts of climate change; including coastal erosion, flooding and permafrost degradation. To help deliver federal assistance to Alaskan communities, the Budget proposes language to allow the agency to waive the non-federal cost-share for Denali Commission grants when necessary and to use Denali grant funds to meet the non-federal cost share match requirement of other Federal programs.

The Omnibus Consolidated and Emergency Supplemental Appropriations Act of 1999 (P.L. 105–277) established the annual transfer of interest from the investment of the Trans-Alaska Pipeline Liability Fund balance into the Oil Spill Liability Trust Fund for subsequent transfer to the Denali Commission. As required by the Act, the Denali Commission, in consultation with the Coast Guard, developed a program to use these funds to repair or replace bulk fuel storage tanks in Alaska that are not in compliance with Federal law, including the Oil Pollution Act of 1990, or State law.

Under the National Capital Revitalization and Self-Government Improvement Act of 1997, the Federal Government is required to finance the District of Columbia Courts. This payment to the District of Columbia Courts funds the operations of the District of Columbia Court of Appeals, Superior Court, and the Court System, as well as capital improvements.

The 2017 Budget provides resources to support the D.C. Courts' core functions, enhanced services for youth and self-represented persons with probate cases, and technology customer service improvements. In addition, the 2017 Budget provides resources for capital improvements to initiate construction of the eastern phase of the Moultrie Courthouse addition (including the D.C. Family Court) and to maintain court facilities in Judiciary Square.

By law, the Courts' annual budget includes estimates of the expenditures for the operations of the District of Columbia Courts prepared by the Joint Committee on Judicial Administration in the District of Columbia and the President's recommendation for funding the District of Columbia Courts. The President's recommended level of \$275 million includes \$216 million for the District of Columbia Court of Appeals, the Superior Court of the District of Columbia, and the District of Columbia Court System operations and \$59 million for capital improvements for District courthouse facilities. Under a separate transmittal to the Congress, the District of Columbia Courts are requesting \$373 million: \$217 million for operations and \$156 million for capital improvements.

Under three Defender Services programs, the District of Columbia Courts appoint and compensate attorneys to represent persons who are financially unable to obtain such representation on their own. The Defender Services programs are the Criminal Justice Act (CJA) program, which provides court-appointed attorneys to indigent persons who are charged with criminal offenses; the Counsel for Child Abuse and Neglect (CCAN) program, which provides court-appointed attorneys for family proceedings in which child neglect is alleged or where the termination of the parent-child relationship is under consideration and the parent, guardian, or custodian of the child is indigent; and the Guardianship program, which provides for the representation and protection of mentally incapacitated individuals and minors whose parents are deceased. In addition to legal representation, these programs provide indigent persons with services such as transcripts of court proceedings, expert witness testimony, foreign and sign language interpretation, investigations, and genetic testing. The President's recommended funding level for Defender Services is \$50 million. Under a separate transmittal to the Congress, the Courts are also requesting \$50 million for Defender Services.

The District of Columbia Courts administer the Crime Victims Compensation Fund, which finances assistance for innocent victims of violent crime, survivors of homicide victims, and dependent family members of homicide victims. The program provides compensation for certain costs related to the crime, such as medical expenses, temporary emergency housing, and funeral expenses. The Fund is financed through assessments imposed in criminal cases, court fines and fees, and a grant from the U.S. Department of Justice. Under the 2002 Supplemental Appropriations Act for Further Recovery From and Response to Terrorist Attacks on the United States (P.L. 107–206), one half of the Fund's unobligated balances at the end of each year are transferred to the District of Columbia Government for outreach activities designed to increase the number of crime victims who apply for compensation.

The National Capital Revitalization and Self-Government Improvement Act of 1997, as amended, requires the Secretary of the Treasury to make payments at the end of each fiscal year, beginning in 1998, from the General Fund of the Treasury into the District of Columbia Judicial Retirement and Survivors Annuity Fund (Judicial Fund). Annual payments consist of (1) amounts necessary to amortize: the original unfunded liability over 30 years, the net gain or loss (based on experience) over 10 years, and any other changes in actuarial liability over 20 years and (2) amounts necessary to fund the normal cost and administrative expenses for the year. This account receives the annual payments from the General Fund and immediately transfers these amounts into the Judicial Fund.

DISTRICT OF COLUMBIA GENERAL AND SPECIAL PAYMENTS

The District of Columbia receives direct Federal payments for a number of local programs in recognition of the District's unique status as the seat of the Federal Government. These General and Special Payments are separate from and in addition to the District's local budget, which is funded through local revenues. Consistent with the principle of home rule, it is the Administration's view that the District's local autonomy should be enhanced and increased. The Administration will work with the Congress and the Mayor to provide the District local budget autonomy and legislative autonomy, as reflected in the Budget.

The D.C. Tuition Assistance Grant program enables students from the District of Columbia to attend eligible public universities and colleges nationwide at in-state tuition rates. The program also provides grants for students to attend private institutions in the D.C. metropolitan area or private historically Black colleges and universities nationwide, as well as public 2-year community colleges. To date, the Tuition Assistance Grant program has assisted over 24,400 students. The Consolidated Appropriations Act, 2016 reduced the annual family income ceiling for program eligibility from \$1,000,000 to \$750,000 starting in the 2016–2017 school year. This change does not affect current grant recipients whose annual family income exceeds \$750,000; these students will continue to be eligible for the grants until graduation.

FEDERAL PAYMENT FOR SCHOOL IMPROVEMENT

For a Federal payment for a school improvement program in the District of Columbia, [\$45,000,000] \$43,200,000, to remain available until expended, for payments authorized under the Scholarship for Opportunity and Results Act (division C of Public Law 112–10): *Provided*, [That, to the extent that funds are available for opportunity scholarships and following the priorities included in section 3006 of such Act, the Secretary of Education shall make scholarships available to students eligible under section 3013(3) of such Act (Public Law 112–10; 125 Stat. 211) in-

cluding students who were not offered a scholarship during any previous school year: *Provided further*, 1 That within funds provided for opportunity scholarships \$3,200,000 shall be for the activities specified in sections 3007(b) through 3007(d) and 3009 of the Act. The 2017 Budget provides \$43.2 million to support kindergarten through high school education in the District of Columbia, including \$20 million for D.C. public schools for continued support of the District's efforts to transform its public education system into an innovative and high-achieving system that could be used as a model for urban school district reform across the Nation and \$20 million for D.C. charter schools to support facilities and other unmet needs. The Budget also provides \$3.2 million for the D.C. Opportunity Scholarship program, a private school voucher program reauthorized in 2011, to carry out the evaluation and administration activities of the program; with the amount carried forward from prior fiscal years, the program is expected to have sufficient funding to meet scholarship costs through the 2017–2018 school year.

Federal Payment to the District of Columbia Water and Sewer Authority

For a Federal payment to the District of Columbia Water and Sewer Authority, \$14,000,000, to remain available until expended, to continue implementation of the Combined Sewer Overflow Long-Term Plan: *Provided*, That the District of Columbia Water and Sewer Authority provides a 100 percent match for this payment. *(District of Columbia Appropriations Act, 2016.)*

The Budget includes \$5 million to fund the D.C. Department of Health's continued efforts to prevent the spread of HIV/AIDS in the District. This funding will allow the District to focus on service saturation in areas of combined high risk and high poverty in order to ensure that ward-level counseling and testing, prevention, and treatment services are readily available and fully utilized; funding will also be used to bolster social marketing and outreach campaigns for these important public health programs. The Budget also includes \$14.0 million for D.C. Water to support critical infrastructure needs, \$2 million for the Criminal Justice Coordinating Council, \$0.585 million for judicial commissions, \$0.45 million for the D.C. National Guard, and \$9 million to support the redevelopment of the site of the Federal City Shelter.

FEDERAL PAYMENT FOR EMERGENCY PLANNING AND SECURITY COSTS IN THE DISTRICT OF COLUMBIA

For a Federal payment of necessary expenses, as determined by the Mayor of the District of Columbia in written consultation with the elected county or city officials of surrounding jurisdictions, [\$13,000,000] \$34,895,000, to remain available until expended, for the costs of providing public safety at events related to the presence of the National Capital in the District of Columbia, including support requested by the Director of the United States Secret Service in carrying out protective duties under the direction of the Secretary of Homeland Security, and for the costs of providing support to respond to immediate and specific terrorist threats or attacks in the District of Columbia or surrounding jurisdictions: Provided, That, of the amount provided under this heading, \$19,995,000 shall be used for costs associated with the Presidential Inauguration. The 1990 District of Columbia Appropriations Act established a system "to improve the means by which the District of Columbia (now the District of Columbia Water and Sewer Authority) is paid for water and sanitary sewer services furnished to the Government of the United States or any department, agency, or independent establishment thereof." Each agency is required to pay on a quarterly basis 25 percent of its estimated yearly bill into this account. If an agency fails to pay its obligation on time, the Treasury Department is authorized to pay the full government-wide bill by making up the missed agency payment(s) with a permanent, indefinite appropriation, which must then be reimbursed by the appropriate agency or agencies.

TITLE VIII—GENERAL PROVISIONS—DISTRICT OF COLUMBIA

(INCLUDING TRANSFERS OF FUNDS)

SEC. 801. There are appropriated from the applicable funds of the District of Columbia such sums as may be necessary for making refunds and for the payment of legal settlements or judgments that have been entered against the District of Columbia government.

SEC. 802. None of the Federal funds provided in this Act shall be used for publicity or propaganda purposes or implementation of any policy including boycott designed to support or defeat legislation pending before Congress or any State legislature.

SEC. 803. (a) None of the Federal funds provided under this Act to the agencies funded by this Act, both Federal and District government agencies, that remain available for obligation or expenditure in fiscal year [2016] 2017, or provided from any accounts in the Treasury of the United States derived by the collection of fees available to the agencies funded by this Act, shall be available for obligation or expenditures for an agency through a reprogramming of funds which—

- (1) creates new programs;
- (2) eliminates a program, project, or responsibility center;
- (3) establishes or changes allocations specifically denied, limited or increased under this Act:
- (4) increases funds or personnel by any means for any program, project, or responsibility center for which funds have been denied or restricted;
- (5) re-establishes any program or project previously deferred through reprogramming:
- (6) augments any existing program, project, or responsibility center through a reprogramming of funds in excess of \$3,000,000 or 10 percent, whichever is less or
- (7) increases by 20 percent or more personnel assigned to a specific program, project or responsibility center, unless [prior approval is received from] the

Committees on Appropriations of the House of Representatives and the Senate are notified in writing 15 days in advance of the reprogramming.

(b) The District of Columbia government is authorized to approve and execute reprogramming and transfer requests of local funds under this title through November 7, [2016] 2017.

SEC. 804. None of the Federal funds provided in this Act may be used by the District of Columbia to provide for salaries, expenses, or other costs associated with the offices of United States Senator or United States Representative under section 4(d) of the District of Columbia Statehood Constitutional Convention Initiatives of 1979 (D.C. Law 3–171; D.C. Official Code, sec. 1–123).

SEC. 805. Except as otherwise provided in this section, none of the funds made available by this Act or by any other Act may be used to provide any officer or employee of the District of Columbia with an official vehicle unless the officer or employee uses the vehicle only in the performance of the officer's or employee's official duties. For purposes of this section, the term "official duties" does not include travel between the officer's or employee's residence and workplace, except in the case of—

- (1) an officer or employee of the Metropolitan Police Department who resides in the District of Columbia or is otherwise designated by the Chief of the Department:
- (2) at the discretion of the Fire Chief, an officer or employee of the District of Columbia Fire and Emergency Medical Services Department who resides in the District of Columbia and is on call 24 hours a day;
- (3) at the discretion of the Director of the Department of Corrections, an officer or employee of the District of Columbia Department of Corrections who resides in the District of Columbia and is on call 24 hours a day;
- (4) at the discretion of the Chief Medical Examiner, an officer or employee of the Office of the Chief Medical Examiner who resides in the District of Columbia and is on call 24 hours a day;
- (5) at the discretion of the Director of the Homeland Security and Emergency Management Agency, an officer or employee of the Homeland Security and Emergency Management Agency who resides in the District of Columbia and is on call 24 hours a day;
 - (6) the Mayor of the District of Columbia; and
- (7) the Chairman of the Council of the District of Columbia.

SEC. 806. (a) None of the Federal funds contained in this Act may be used by the District of Columbia Attorney General or any other officer or entity of the District government to provide assistance for any petition drive or civil action which seeks to require Congress to provide for voting representation in Congress for the District of Columbia.

(b) Nothing in this section bars the District of Columbia Attorney General from reviewing or commenting on briefs in private lawsuits, or from consulting with officials of the District government regarding such lawsuits.

SEC. 807. None of the Federal funds contained in this Act may be used to distribute any needle or syringe for the purpose of preventing the spread of blood borne pathogens in any location that has been determined by the local public health or local law enforcement authorities to be inappropriate for such distribution.

SEC. 808. Nothing in this Act may be construed to prevent the Council or Mayor of the District of Columbia from addressing the issue of the provision of contraceptive coverage by health insurance plans, but it is the intent of Congress that any legislation enacted on such issue should include a "conscience clause" which provides exceptions for religious beliefs and moral convictions.

SEC. 809. (a) None of the Federal funds contained in this Act may be used to enact or carry out any law, rule, or regulation to legalize or otherwise reduce penalties associated with the possession, use, or distribution of any schedule I substance under the Controlled Substances Act (21 U.S.C. 801 et seq.) or any tetrahydrocannabinols derivative.

(b) None of the *Federal* funds contained in this Act may be used to enact any law, rule, or regulation to legalize or otherwise reduce penalties associated with the possession, use, or distribution of any schedule I substance under the Controlled Substances Act (21 U.S.C. 801 et seq.) or any tetrahydrocannabinols derivative for recreational purposes.

SEC. 810. None of the *Federal* funds appropriated under this Act shall be expended for any abortion except where the life of the mother would be endangered if the fetus were carried to term or where the pregnancy is the result of an act of rape or incest.

[SEC. 811. (a) No later than 30 calendar days after the date of the enactment of this Act, the Chief Financial Officer for the District of Columbia shall submit to the appropriate committees of Congress, the Mayor, and the Council of the District of Columbia, a revised appropriated funds operating budget in the format of the budget that the District of Columbia government submitted pursuant to section 442 of the District of Columbia Home Rule Act (D.C. Official Code, sec. 1–204.42), for all

agencies of the District of Columbia government for fiscal year 2016 that is in the total amount of the approved appropriation and that realigns all budgeted data for personal services and other-than-personal services, respectively, with anticipated actual expenditures.

(b) This section shall apply only to an agency for which the Chief Financial Officer for the District of Columbia certifies that a reallocation is required to address unanticipated changes in program requirements.]

[SEC. 812. No later than 30 calendar days after the date of the enactment of this Act, the Chief Financial Officer for the District of Columbia shall submit to the appropriate committees of Congress, the Mayor, and the Council for the District of Columbia, a revised appropriated funds operating budget for the District of Columbia Public Schools that aligns schools budgets to actual enrollment. The revised appropriated funds budget shall be in the format of the budget that the District of Columbia government submitted pursuant to section 442 of the District of Columbia Home Rule Act (D.C. Official Code, sec. 1−204.42).

SEC. [813]811. (a) Amounts appropriated in this Act as operating funds may be transferred to the District of Columbia's enterprise and capital funds and such amounts, once transferred, shall retain appropriation authority consistent with the provisions of this Act.

- (b) The District of Columbia government is authorized to reprogram or transfer for operating expenses any local funds transferred or reprogrammed in this or the four prior fiscal years from operating funds to capital funds, and such amounts, once transferred or reprogrammed, shall retain appropriation authority consistent with the provisions of this Act.
- (c) The District of Columbia government may not transfer or reprogram for operating expenses any funds derived from bonds, notes, or other obligations issued for capital projects.
- SEC. [814]812. None of the Federal funds appropriated in this Act shall remain available for obligation beyond the current fiscal year, nor may any be transferred to other appropriations, unless expressly so provided herein.

SEC. [815]813. Except as otherwise specifically provided by law or under this Act, not to exceed 50 percent of unobligated balances remaining available at the end of fiscal year [2016]2017 from appropriations of Federal funds made available for salaries and expenses for fiscal year [2016]2017 in this Act, shall remain available through September 30, [2017]2018, for each such account for the purposes authorized: *Provided*, That a [request] notification shall be submitted to the Committees on Appropriations of the House of Representatives and the Senate [for approval] prior to the expenditure of such funds: *Provided further*, That these [requests] notifications shall be made in compliance with reprogramming guidelines outlined in section 803 of this Act.

[Sec. 816. (a) During fiscal year 2017, during a period in which neither a District of Columbia continuing resolution or a regular District of Columbia appropriation bill is in effect, local funds are appropriated in the amount provided for any project or activity for which local funds are provided in the Fiscal Year 2017 Budget Request Act of 2016 as submitted to Congress (subject to any modifications enacted by the District of Columbia as of the beginning of the period during which this subsection is in effect) at the rate set forth by such Act.

- (b) Appropriations made by subsection (a) shall cease to be available—
- (1) during any period in which a District of Columbia continuing resolution for fiscal year 2017 is in effect; or
- (2) upon the enactment into law of the regular District of Columbia appropriation bill for fiscal year 2017.
- (c) An appropriation made by subsection (a) is provided under the authority and conditions as provided under this Act and shall be available to the extent and in the manner that would be provided by this Act.
- (d) An appropriation made by subsection (a) shall cover all obligations or expenditures incurred for such project or activity during the portion of fiscal year 2017 for which this section applies to such project or activity.
- (e) This section shall not apply to a project or activity during any period of fiscal year 2017 if any other provision of law (other than an authorization of appropriations)—
 - (1) makes an appropriation, makes funds available, or grants authority for such project or activity to continue for such period; or
- (2) specifically provides that no appropriation shall be made, no funds shall be made available, or no authority shall be granted for such project or activity to continue for such period.
- (f) Nothing in this section shall be construed to affect obligations of the government of the District of Columbia mandated by other law.]
- [Sec. 817. (a) This section may be cited as the "D.C. Opportunity Scholarship Program School Certification Requirements Act".
- (b) Section 3007(a) of the Scholarships for Opportunity and Results Act (Public Law 112–10; 125 Stat. 203) is amended—

- (1) in paragraph (4)—
 - (A) in subparagraph (E), by striking "and" after the semicolon;
- (B) in subparagraph (F), by striking the period at the end and inserting a semicolon; and
- (C) by adding at the end the following: "(G)
- "(i) is provisionally or fully accredited by a national or regional accrediting agency that is recognized in the District of Columbia School Reform Act of 1995 (sec. 38–1802.02(16)(A)-(G), D.C. Official Code) or any other accrediting body deemed appropriate by the Office of the State Superintendent for Schools for the purposes of accrediting an elementary or secondary school; or
- "(ii) in the case of a school that is a participating school as of the day before the date of enactment of the D.C. Opportunity Scholarship Program School Certification Requirements Act and, as of such day, does not meet the requirements of clause (i)—
- "(I) by not later than 1 year after such date of enactment, is pursuing accreditation by a national or regional accrediting agency recognized in the District of Columbia School Reform Act of 1995 (sec. 38–1802.02(16)(A)-(G), D.C. Official Code) or any other accrediting body deemed appropriate by the Office of the State Superintendent for Schools for the purposes of accrediting an elementary or secondary school; and
- "(II) by not later than 5 years after such date of enactment, is provisionally or fully accredited by such accrediting agency, except that an eligible entity may grant not more than one 1-year extension to meet this requirement for each participating school that provides evidence to the eligible entity from such accrediting agency that the school's application for accreditation is in process and the school will be awarded accreditation before the end of the 1-year extension period;
- "(H) conducts criminal background checks on school employees who have direct and unsupervised interaction with students; and
- "(I) complies with all requests for data and information regarding the reporting requirements described in section 3010."; and
 - (2) by adding at the end the following:
- "(5) NEW PARTICIPATING SCHOOLS.—If a school is not a participating school as of the date of enactment of the D.C. Opportunity Scholarship Program School Certification Requirements Act, the school shall not become a participating school and none of the funds provided under this division for opportunity scholarships may be used by an eligible student to enroll in that school unless the school—
 - "(A) is actively pursuing provisional or full accreditation by a national or regional accrediting agency that is recognized in the District of Columbia School Reform Act of 1995 (sec. 38–1802.02(16)(A)-(G), D.C. Official Code) or any other accrediting body deemed appropriate by the Office of the State Superintendent for Schools for the purposes of accrediting an elementary or secondary school; and
- "(B) meets all of the other requirements for participating schools under this Act. "(6) ENROLLING IN ANOTHER SCHOOL.—An eligible entity shall assist the parents of a participating eligible student in identifying, applying to, and enrolling in an another participating school for which opportunity scholarship funds may be used, if—
- "(A) such student is enrolled in a participating private school and may no longer use opportunity scholarship funds for enrollment in that participating private school because such school fails to meet a requirement under paragraph 4, or any other requirement of this Act; or
- "(B) a participating eligible student is enrolled in a school that ceases to be a participating school.".
- (c) REPORT TO ELIGIBLE ENTITIES.—Section 3010 of the Scholarships for Opportunity and Results Act (Public Law 112–10; 125 Stat. 203) is further amended—
 - (1) by redesignating subsection (d) as subsection (e); and
 - (2) by inserting after subsection (c) the following:
- "(d) REPORTS TO ELIGIBLE ENTITIES.—The eligible entity receiving funds under section 3004(a) shall ensure that each participating school under this division submits to the eligible entity beginning not later than 5 years after the date of the enactment of the D.C. Opportunity Scholarship Program School Certification Requirements Act, a certification that the school has been awarded provisional or full accreditation, or has been granted an extension by the eligible entity in accordance with section 3007(a)(4)(G)."
 - (d) Unless specifically provided otherwise, this section, and the amendments made by this section, shall take effect 1 year after the date of enactment of this Act. 1
- [SEC. 818. Subparagraph (G) of section 3(c)(2) of the District of Columbia College Access Act of 1999 (Public Law 106–98), as amended, is further amended:

The Election Assistance Commission is responsible for distributing and auditing the use of election reform grant funding, in accordance with the requirements of the Help America Vote Act of 2002. To date, the Federal government has provided over \$3.2 billion in grant funding to States for election administration modernization and improvement. The President's 2017 Budget does not provide resources for additional grant funding.

The Energy Policy Act of 2005 (P.L. 109–58) authorizes the Federal Energy Regulatory Commission (FERC) to certify an Electric Reliability Organization (ERO) to establish and enforce reliability standards for the electric bulk-power system. These standards include requirements for operating existing bulk-power system facilities, including cybersecurity protection, and design of planned additions or modifications to these facilities to provide for reliable operation, but does not include requirements to construct new transmission or generation capacity. On July 20, 2006, FERC certified the North American Electric Reliability Corporation as the ERO. ERO is funded by fees on end users of the bulk-power system. Since the ERO does not report budget data to Treasury, ERO funding is based on estimates.

The Equal Employment Opportunity Commission (EEOC) is the Federal agency responsible for enforcement of: Title VII of the Civil Rights Act of 1964, as amended; the Age Discrimination in Employment Act of 1967; the Equal Pay Act of 1963; the Americans with Disabilities Act of 1990; the Civil Rights Act of 1991; the Genetic Information Non-Discrimination Act (GINA) of 2008; the ADA Amendments Act of 2008; the Lilly Ledbetter Fair Pay Act of 2009; and in the Federal sector only, section 501 of the Rehabilitation Act of 1973. These Acts prohibit employment discrimination based on race, sex, religion, national origin, age, disability status, or genetic information. EEOC is also responsible for carrying out Executive Order 12067, which promotes coordination and minimizes conflict and duplication among Federal agencies that administer statutes or regulations involving employment discrimination.

This 2017 Budget is an opportunity to advance the work the Commission began with the adoption of the Strategic Plan for fiscal years 2012–2016. The strategic plan outlines a framework for achieving the EEOC's mission to "Stop and Remedy Unlawful Employment Discrimination". The plan has three strategic objectives: 1) Combat employment discrimination through strategic law enforcement; 2) Prevent employment discrimination through education and outreach; and 3) Deliver excellent and consistent service through a skilled and diverse workforce and effective systems. The structure of this budget will permit us to improve efficiencies through data resource consolidation, promote knowledge sharing, and foster communication to avoid unnecessary duplication of effort and continue our standards of providing quality service to the public through enforcement and prevention activities. EEOC's enforcement responsibilities are in two areas: the private sector and the Federal sector.

Private sector.—EEOC addresses equal employment opportunity in several ways. The agency investigates charges alleging employment discrimination; makes findings on the allegations; resolves charges through mediation; negotiates settlement or conciliation; and litigates cases of employment discrimination by enforcing compliance with existing laws and regulations. The priority for agency resources continues to be litigating systemic cases and maintaining a manageable inventory of cases.

PROGRAM ACCOUNT

The Export-Import Bank (the Bank) of the United States is authorized to make such expenditures within the limits of funds and borrowing authority available to such corporation, and in accordance with law, and to make such contracts and commitments without regard to fiscal year limitations, as provided by section 104 of the Government Corporation Control Act, as may be necessary in carrying out the program for the current fiscal year for such corporation: *Provided*, That none of the funds available during the current fiscal year may be used to make expenditures, contracts, or commitments for the export of nuclear equipment, fuel, or technology

to any country, other than a nuclear-weapon state as defined in Article IX of the Treaty on the Non-Proliferation of Nuclear Weapons eligible to receive economic or military assistance under this Act, that has detonated a nuclear explosive after the date of the enactment of this Act.

Administrative Expenses

For administrative expenses to carry out the direct and guaranteed loan and insurance programs, including hire of passenger motor vehicles and services as authorized by section 3109 of title 5, United States Code, and not to exceed \$30,000 for official reception and representation expenses for members of the Board of Directors, not to exceed [\$106,250,000] \$110,000,000, of which up to \$16,500,000 shall remain available until September 30, 2018: Provided, That the Export-Import Bank (the Bank) may accept, and use, payment or services provided by transaction participants for legal, financial, or technical services in connection with any transaction for which an application for a loan, guarantee or insurance commitment has been made: Provided further, That notwithstanding subsection (b) of section 117 of the Export Enhancement Act of 1992, subsection (a) thereof shall remain in effect until September 30, 2017: Provided further, That the Bank shall charge fees for necessary expenses (including special services performed on a contract or fee basis, but not including other personal services) in connection with the collection of moneys owed the Bank, repossession or sale of pledged collateral or other assets acquired by the Bank in satisfaction of moneys owed the Bank, or the investigation or appraisal of any property, or the evaluation of the legal, financial, or technical aspects of any transaction for which an application for a loan, guarantee or insurance commitment has been made, or systems infrastructure directly supporting transactions: Provided further, That in addition to other funds appropriated for administrative expenses, such fees shall be credited to this account for such purposes, to remain available until expended.

RECEIPTS COLLECTED

Receipts collected pursuant to the Export-Import Bank Act of 1945, as amended, and the Federal Credit Reform Act of 1990, as amended, in an amount not to exceed the amount appropriated herein, shall be credited as offsetting collections to this account: *Provided*, That the sums herein appropriated from the General Fund shall be reduced on a dollar-for-dollar basis by such offsetting collections so as to result in a final fiscal year appropriation from the General Fund estimated at \$0: *Provided further*, That amounts collected in fiscal year [2016] 2017 in excess of obligations, up to \$10,000,000 shall become available on September 1, [2016] 2017, and shall remain available until September 30, [2019] 2020. The purpose of the Export-Import Bank (Ex-Im Bank or the Bank) is to sustain U.S. jobs by financing U.S. exports. To accomplish its objectives, the Bank's authority and resources are used to: assume commercial and political risks that exporters or private institutions are unwilling or unable to undertake; overcome maturity and other limitations in private sector export financing; assist U.S. exporters to meet officially sponsored foreign export credit competition; and provide leadership and guidance in export financing to the U.S. exporting and banking communities and to foreign borrowers. The Bank provides its export credit support through direct loan, loan guarantee, and insurance programs. The Bank is actively assisting small- and medium-sized businesses.

The 2017 Budget estimates that the Bank's export credit support will total \$20.4 billion, and will be funded entirely by receipts collected from the Bank's customers. The Bank estimates it will collect \$559.1 million in 2017 in receipts in excess of expected losses on transactions authorized in 2017 and prior years. These amounts will be used to cover administrative expenses in an amount not to exceed \$110.0 million, of which \$15.0 million is for technology expenses. Amounts collected in fiscal year 2017 in excess of obligations, up to \$10 million, shall become available on September 1, 2017 and shall remain available until September 30, 2020. Any excess above \$10 million will be deposited in the General Fund of the Treasury.

As required by the Federal Credit Reform Act of 1990, this account records, for Ex-Im Bank, the subsidy costs associated with direct loans and direct grants obligated, and loan guarantees and insurance committed in 1992 and beyond, as well as administrative expenses. The subsidy amounts are estimated on a present value basis; administrative expenses are estimated on a cash basis.

Operating results and financial condition.—The Ex-Im Bank is a whollyowned Government corporation. Capital stock of \$1 billion was purchased by the U.S. Treasury.

The Ex-Im Bank has a reserve for possible credit losses, which provides for the risk of loss inherent in the lending process. This reserve is a general reserve, available to absorb credit losses related to the total loan portfolio. The reserve is increased by provisions charged to expenses and decreased by charge-offs, net of recoveries.

The provision for possible credit losses is based on the Bank's evaluation of the adequacy of the reserve, taking into consideration a variety of factors, including repayment status of loans, future risk factors, the relationship of the reserve to the portfolio, and worldwide economic conditions. Providing for such possible losses does not imply that any loans will be written off. It simply recognizes the fact that the prospects for collection of some of the Bank's loans are impaired. It does not provide for losses on a country-by-country basis and is intended only to provide an overall revaluation of the loan portfolio.

The Ex-Im Bank's net excess of program costs over revenue were -\$1,304.1 million in 2015. The total Government net position in the Bank was \$221.7 million on September 30, 2015.

The Farm Credit Administration (FCA) is an independent Federal agency that examines and regulates the Farm Credit System (System) for safety and soundness and program compliance. The System is a cooperative agricultural credit system of farm credit banks and associations that lend to farmers, ranchers, and their cooperatives; farm-related businesses; rural homeowners; and rural utilities. FCA also performs the examination and general supervision of Farmer Mac. In addition, FCA examines the National Consumer Cooperative Bank, which is not a System institution.

As of October 1, 2015, the System was composed of three Farm Credit Banks, one Agricultural Credit Bank, 76 associations, five service corporations, the Federal Farm Credit Banks Funding Corporation, and Farmer Mac.

Assessments based upon estimated administrative expenses are collected from institutions in the System, including Farmer Mac, and are available for administrative expenses. Obligations are incurred within fiscal year budgets approved by the FCA Board. Section 6(f)(1) of the Inspector General Act

1278 Farm Credit Administration—Continued THE BUDGET FOR FISCAL YEAR 2017

LIMITATION ON ADMINISTRATIVE EXPENSES—Continued

of 1978, as amended, (IG Act) requires an Inspector General (IG) to include specific information in the budget request the IG submits to the head of the department or designated Federal entity to which the IG reports. To fulfill the requirement of Section 6(f)(2) of the IG Act as it pertains to FCA, the FCA Board must in turn include this same information in the budget request that the Agency submits to the President.

The information that the IG Act requires to be included is provided below: The aggregate budget request for the Office of Inspector General (OIG) is \$1,504,411.

The amount needed for OIG training is \$20,450 (tuition).

The amount needed to support the Council of the Inspectors General on Integrity and Efficiency is \$4,100.

The FCA IG's budget request for 2017 is being submitted unchanged by the FCA Board.

The Farm Credit System Insurance Corporation (Corporation) was established to ensure the timely payment of principal and interest on insured System debt obligations purchased by investors. The Corporation is managed by a three member Board of Directors that consists of the same individuals as the Farm Credit Administration Board. The Corporation derives its revenues from insurance premiums collected from insured System banks and from the investment income earned on its investment portfolio. Insurance premiums are assessed on System banks based on the level of adjusted insured obligations outstanding at each bank. Congress established a secure base amount of 2 percent of adjusted outstanding insured System obligations, or such other amount determined by the Corporation's Board of Directors to be actuarially sound to maintain in the Insurance Fund. After the first three quarters of 2015, the Insurance Fund was \$128 million below the 2 percent secure base amount as of September 30, 2015 at 1.94 percent. For 2015, the Corporation is assessing insurance premiums at 13 basis points on adjusted insured debt obligations and 10 basis points on non-accrual loans and other-thantemporarily impaired investments. Changes to the Corporation's premium authorities were included in the Food, Conservation, and Energy Act of 2008. The authorities changed the assessment base from loans to adjusted insured obligations and raised the assessment limit to 20 basis points, plus an additional 10 basis points on non-accrual loans and other-than-temporarily impaired investments. In January 2016, the Corporation's Board will determine insurance premium rates for 2016.

The Insurance Fund is available for payment of insured System obligations if a System bank defaults on its primary liability. The Insurance Fund is also available to ensure the retirement of certain eligible borrower stock, and to pay the operating costs of the Corporation. The Corporation can exercise its authority to make loans, borrow, purchase System bank assets or obligations, provide other financial assistance and otherwise act to reduce its exposure to losses.

The Corporation has the authority to make refunds of excess Insurance Fund balances. No refunds are anticipated in 2016.

The Federal Communications Commission (FCC or Commission) works to ensure that rapid and efficient communications are available across the country at a reasonable cost. In support of this mission, the FCC's strategic goals include promoting economic growth and national leadership; protecting public interest goals; making networks work for everyone; and promoting operational excellence. The 2017 Budget includes funding to complete the FCC's headquarters move/consolidation project and critical funding to continue modernizing FCC information technology, including funding for a geospatial information system solution. The 2017 Budget also includes a \$9.5 million transfer from the Universal Service Fund to provide robust oversight of universal service programs, including targeted investments that will identify and reduce improper payments while combating fraud, waste, and abuse. Funding for the Inspector General is \$11.8 million.

Under the Telecommunications Act of 1996, telecommunications carriers that provide interstate and international telecommunications services are required to contribute funds for the preservation and advancement of universal service. The contributions provided, in turn, by each carrier's subscribers, support universal service activities as determined by the FCC funded through the Universal Service Fund (USF). Entities are eligible for USF support if they (1) provide service to high-cost areas, (2) provide eligible services at a discount to schools, libraries, or rural health care providers, and/or (3) provide subsidized service to low-income consumers. Contributions also fund the administrative costs of the program. The FCC has recently conducted the following reform proceedings in USF programs: (1) adoption of an order modernizing the E-rate program by closing the high-speed connectivity gap between rural schools and libraries and their urban and suburban counterparts, and provide sufficient and certain funding for high-speed connectivity to and within all eligible schools and libraries; (2) the High Cost program took a major step to close the rural broadband gap by offering Connect America Funds under multiyear commitments to expand and support broadband services in rural areas where market forces alone cannot support broadband deployment; (3) taking additional strides to modernize the Lifeline program by seeking public input on new and additional solutions, including reforms that would bring the program closer to its core purpose and promote the availability of modern services for lowincome families; and (4) adoption of an order creating the Healthcare Connect Fund, which reformed, expanded, and modernized the Rural Health Care Program by, among other things, providing support for high-capacity broadband connectivity to eligible health care providers. The 2017 Budget proposes to transfer \$9.5 million from the USF to the FCC to provide robust oversight of universal service programs, including targeted investments that will identify and reduce improper payments while combating fraud, waste, and abuse.

This program provided direct loans for the purpose of purchasing spectrum licenses at the Federal Communications Commission's auctions. The licenses were purchased on an installment basis, which constitutes an extension of credit. The first year of activity for this program was 1996.

As required by the Federal Credit Reform Act of 1990, this account records, for this program, the subsidy costs associated with the direct loans obligated in 1992 and beyond (including modifications of direct loans or loan guarantees that resulted from obligations or commitments in any year), as well as administrative expenses of this program. The subsidy amounts are estimated on a present value basis and administrative expenses are estimated on a cash basis. The FCC no longer offers credit terms on purchases through spectrum auctions. Program activity relates to maintenance and close-out of existing loans.

SPECTRUM LICENSE USER FEE

To promote efficient use of the electromagnetic spectrum, the Administration proposes to provide the FCC with new authority to use other economic mechanisms, such as fees, as a spectrum management tool. The FCC would be authorized to set user fees on unauctioned spectrum licenses based on spectrum-management principles. Fees would be phased in over time as part of an ongoing rulemaking process to determine the appropriate application and level for fees. Fee collections are estimated to begin in 2017 and total \$4.8 billion through 2026.

FEDERAL DEPOSIT INSURANCE CORPORATION

The Federal Deposit Insurance Corporation (FDIC) was created by the Banking Act of 1933 to provide protection for bank depositors and to foster sound banking practices.

The Financial Institutions Reform, Recovery, and Enforcement Act of 1989 (P.L. 101–73) established the Bank Insurance Fund (BIF), the Savings Association Insurance Fund (SAIF), and the Federal Savings and Loan Insurance Corporation (FSLIC) Resolution Fund (FRF). Under the Deposit Insurance Reform Act of 2005, the BIF and SAIF were merged into a new Deposit Insurance Fund (DIF) in 2006.

The Federal Deposit Insurance Corporation Improvement Act of 1991 generally requires FDIC to use the least costly method to resolve failed banks and mandates that the FDIC take prompt corrective action against under-capitalized financial institutions. In order to accomplish its varied functions to protect depositors, FDIC is authorized to promulgate and enforce rules and regulations relating to the supervision of insured institutions and to perform other regulatory and supervisory duties consistent with its responsibilities as an insurer.

The primary purpose of the Deposit Insurance Fund (DIF) is to insure deposits and protect the depositors of failed banking institutions. Under the Deposit Insurance Reform Act of 2005, the FDIC's Bank Insurance Fund (BIF) and its Savings Association Insurance Fund (SAIF) were merged into the new Deposit Insurance Fund on March 31, 2006. Through the DIF, the FDIC resolves and recovers funds disbursed from the assets of failed institutions. The FDIC is authorized to charge risk-based premiums on member institutions to restore and maintain adequate fund reserves, which must be a designated percentage of estimated insured deposits as set by the FDIC before the beginning of each year. The Dodd-Frank Wall Street Reform and Consumer Protection Act (the Act) (P.L. 111-203), enacted July 21, 2010, increased the minimum DIF reserve ratio (ratio of the DIF balance to total insured deposits) to 1.35 percent, up from 1.15 percent. In addition to raising the minimum reserve ratio, the Act also: 1) eliminated the FDIC's requirement to rebate premiums when the reserve ratio is between 1.35 and 1.5 percent; 2) gave the FDIC discretion to suspend or limit rebates when the DIF reserve ratio is at least 1.5 percent, effectively removing the 1.5 percent cap on the DIF; 3) required the FDIC to offset the effect of small insured depository institutions (defined as banks with assets less than \$10 billion) when setting assessments to raise the reserve ratio from 1.15 to 1.35 percent; and 4) permanently increased the insured deposit level to \$250,000 per account at banks insured by the FDIC. The FDIC Board has issued a final rule setting a long-term (greater than 10 years) DIF reserve ratio target of 2 percent, with the goal of maintaining a positive fund balance during any future economic crises and maintaining a moderate, steady, long-term assessment rate that provides transparency and predictability to the banking sector.

As of September 30, 2015, the DIF balance stood at \$70.1 billion on an accrual basis, measuring expected losses to current balances. This level is equivalent to a reserve ratio of 1.09 percent. The growth in the DIF balance is a result of fewer bank failures and higher assessment revenue.

Pursuant to the Act, the restoration period for the DIF reserve ratio to reach 1.35 percent was extended to 2020. (Prior to the Act, the DIF reserve ratio was required to reach the minimum target of 1.15 percent by 2017.) The Budget projects that from 2015 on, the DIF reserve ratio is expected to increase steadily, reaching the statutorily required level of 1.35 percent by 2020.

The FSLIC Resolution Fund (FRF) is the successor to FSLIC assets and liabilities from thrift resolutions prior to August 1989. Beginning in August 1989, the Resolution Trust Corporation (RTC) assumed responsibility for the FSLIC's unresolved cases. On December 31, 1995, the RTC was terminated and its assets and liabilities were transferred to FRF.

Funds for FRF operations have come from: income earned on its assets; liquidation proceeds from receiverships; the proceeds of the sale of bonds by the Financing Corporation; and, a portion of insurance premiums paid by Savings Association Insurance Fund (SAIF) members prior to 1993. The Financial Institutions Reform, Recovery, and Enforcement Act (P.L. 101–73) authorizes appropriations to make up for any shortfall. The FRF will terminate upon the disposition of all of its assets, and any net proceeds will be deposited into the General Fund of the Treasury. Net proceeds from the former RTC will be paid to the Resolution Funding Corporation. Based on information provided by the FDIC, the Budget projects this dissolution to occur in 2018.

Title II of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Act) (P.L. 111–203) established a new Orderly Liquidation Authority permitting the appointment of the FDIC as receiver of financial companies whose failure and resolution under otherwise applicable Federal or State law is determined to have serious adverse effects on financial stability in the United States. The aim of the Orderly Liquidation Authority is to resolve efficiently and effectively the failure of a large, interconnected financial company, while limiting the disruptions to the financial markets and the economy.

The Orderly Liquidation Authority receivership mechanism may be used with respect to a variety of financial companies whose failure and resolution under otherwise applicable Federal or State law would have serious adverse effects on financial stability in the United States. These include bank holding companies, nonbank financial companies supervised by the Federal Reserve's Board of Governors (FRB), companies predominantly engaged in activities the FRB has determined are financial in nature under Section 4(k) of the Bank Holding Company Act of 1956, and subsidiaries of any of the foregoing companies. The FRB and the prudential regulator (the FDIC or the Securities and Exchange Commission) or the Federal Insurance Office must recommend in writing that the Treasury Secretary appoint the FDIC as receiver for a failing financial company. The Treasury Secretary must then, in consultation with the President, determine whether seven criteria authorizing the appointment of the FDIC as receiver for the failing financial company have been satisfied, including finding that resolution under otherwise applicable Federal or State law would have serious adverse effects on financial stability in the United States. If the Secretary of the Treasury makes such a determination, he/she will seek a court order to appoint the FDIC as receiver unless the board of directors of the financial company acquiesces to the appointment. The FDIC's authorities as receiver under an Orderly Liquidation Authority receivership are largely comparable to its current receivership authority over failed depository institutions under the Federal Deposit Insurance Act.

The Act states that "no taxpayer funds will be used to prevent the liquidation of any financial company" under the Orderly Liquidation Authority. It establishes an Orderly Liquidation Fund that would be funded by the Treasury in the event of an Orderly Liquidation Authority receivership, which will be available to the FDIC to carry out its authorities as receiver. If it is used by the FDIC, the cost of the Orderly Liquidation Fund must be repaid to the Treasury with interest within 60 months. If the full repayment of the Orderly Liquidation Fund with interest cannot be achieved using proceeds from the liquidation of the financial company, then the FDIC is authorized to charge "eligible financial companies" (bank holding companies with consolidated assets of at least \$50 billion and nonbank financial companies supervised by the FRB) risk-based assessments to re-

coup any unpaid Orderly Liquidation Funds plus interest. While the Budget does not forecast any specific systemic failure, estimates are derived from a probabilistic model that incorporates historic systemic failure information in OECD countries.

FDIC's Office of Inspector General (OIG) is an independent unit within FDIC that conducts audits, evaluations, and investigations of corporate activities. In addition, the OIG assists the FDIC in preventing and detecting fraud, waste, abuse, and mismanagement. The OIG was established by the FDIC Board of Directors pursuant to the Inspector General Act amendments of 1988 (P.L. 100-504). The Resolution Trust Corporation Completion Act (P.L. 103–204), enacted December 17, 1993, provided that the FDIC Inspector General be appointed by the President and confirmed by the Senate. The Completion Act thus added FDIC to the list of establishments whose OIGs have separate appropriation accounts under Section 1105(a) of Title 31, United States Code, thereby safeguarding the FDIC OIG's independence. Assessments paid to the Deposit Insurance Fund by insured financial institutions, and administered by the Federal Deposit Insurance Corporation, fully fund the FDIC OIG's appropriation and a transfer from the Deposit Insurance Fund to the OIG is made on January 1st of each year. To the extent that the OIG performs work in connection with the FSLIC Resolution Fund (FRF), the cost of such work is derived from the FRF.

The High Intensity Drug Trafficking Areas (HIDTA) program was established by the Anti-Drug Abuse Act of 1988, as amended, and the Office of National Drug Control Policy Reauthorization Act of 2006, to provide assistance to Federal, state, local, and tribal law enforcement entities operating in those areas most adversely affected by drug trafficking.

The HIDTA program provides resources to Federal, state, local, and tribal agencies in each HIDTA region to carry out activities that address the specific drug threats of that region. A central feature of the HIDTA program is the discretion granted to HIDTA Executive Boards to design and carry out activities that reflect the specific drug trafficking threats found in each HIDTA region. This discretion ensures that each HIDTA Executive Board can tailor its strategy and initiatives closely to local conditions and can respond quickly to changes in those conditions. Among the types of activities funded by the HIDTA program are: drug enforcement task forces comprised of multiple Federal, state, local, and tribal agencies designed to dismantle and disrupt drug trafficking organizations (DTOs); multi-agency intelligence centers that provide drug intelligence to HIDTA initiatives and participating agencies; initiatives to establish or improve interoperability of communications and information systems between and among law enforcement agencies; and investments in technology infrastructure.

The Anti-Drug Abuse Act of 1988, as amended, and the Office of National Drug Control Policy Reauthorization Act of 2006, established this account to be administered by the Director of the Office of National Drug Control Policy (ONDCP). The funds appropriated to the program support high-priority drug control programs and may be transferred to drug control agencies.

For 2017, funds appropriated to this account will be used for the following activities:

Drug Free Communities Support Program.—The Drug Free Communities Support (DFC) Program provides small grants (no more than \$125,000 per year for an initial 5-year period) to established local community drug free coalitions. The grants are awarded competitively to community coalitions that organize multiple sectors of a community to focus on local needs as a means for reducing and/or preventing youth substance use.

Anti-Doping Efforts.—This funding continues the effort to educate athletes on the dangers of drug use and to eliminate illegal drug use in Olympic and associated sports in the United States.

World Anti-Doping Agency Dues.—ONDCP represents the United States in the World Anti-Doping Agency which promotes and coordinates inter-

national activities against doping in sport, in all its forms, and is responsible for the payment of U.S. dues.

The Federal Election Commission is responsible for facilitating transparency in the Federal election process through public disclosure of campaign finance activity and for encouraging voluntary compliance with the Federal Election Campaign Act by providing information and policy guidance about the Act and Commission regulations to the public, media, political committees, and election officials. The Commission is also responsible for enforcing the Act through audits, investigations, and civil litigation, and for developing the law by administering and interpreting the Act, the Presidential Election Campaign Fund Act, and the Presidential Primary Matching Payment Account Act.

The Budget proposes to require Senate Campaign Committees to file campaign finance reports electronically with the Federal Election Commission, which is consistent with the reporting requirements for all other Federal political committees. This measure will save at least \$430,000 annually by reducing costs for manual data entry and promote transparency by expediting the process by which the reports are made available to the public.

The Commission is authorized to submit, concurrently, budget estimates to the President and the Congress.

The Federal Financial Institutions Examination Council was established in 1979 pursuant to the Financial Institutions Regulatory and Interest Rate Control Act of 1978 (FIRA) (P.L. 95–630). In 1989, pursuant to the Financial Institutions Reform, Recovery and Enforcement Act of 1989 (FIRREA), the Appraisal Subcommittee (ASC) was established within the Council. The Council has limited specified responsibilities regarding the ASC.

The Council is a formal interagency body empowered to prescribe uniform principles, standards, and report forms for the Federal examination of financial institutions; to make recommendations to promote uniformity in the supervision of financial institutions; and to conduct examiner training. The Council's members are a member of the Board of Governors of the Federal Reserve System, the Chairman of Federal Deposit Insurance Corporation, the Chairman of the National Credit Union Administration, the Comptroller of the Currency, the Director of the Consumer Financial Protection Bureau, and the Chairman of the State Liaison Committee, which is made up of five representatives from State regulatory agencies that supervise financial institutions.

In addition to its responsibilities under FIRA and FIRREA, the Council was given responsibilities by the Housing and Community Development Act of 1980 and the Economic Growth and Regulatory Paperwork Reduction Act of 1996.

The Budget estimates the Council will spend approximately \$15 million during 2017 from resources provided by its Federal members and other fees and reimbursements.

The Financial Institutions Reform, Recovery, and Enforcement Act of 1989 (P.L. 101–73) established the Appraisal Subcommittee of the Federal Financial Institutions Examination Council (ASC). The ASC is composed of representatives of the Board of Governors of the Federal Reserve System, the Federal Deposit Insurance Corporation, the National Credit Union Administration, the Office of the Comptroller of the Currency, the Department of Housing and Urban Development, the Consumer Financial Protection Bureau, and the Federal Housing Finance Agency.

The ASC is charged with ensuring that real estate appraisals used in federally-related transactions are performed in accordance with uniform standards by appraisers certified and licensed by the States. Its responsibilities include: (1) monitoring the requirements established by the States for the certification and licensing of appraisers and the registration and supervision of the operations and activities of appraisal management companies; (2) monitoring the requirements established by the Federal financial institutions' regulatory agencies regarding appraisal standards for federally related transactions under their jurisdiction; (3) monitoring and reviewing the practices, procedures, activities, and organization of the Appraisal Foundation; (4) maintaining a national registry of licensed and certified appraisers and appraisal management companies; (5) transmitting an annual report to Congress no later than June 15th; and (6) making grants to the Appraisal Foundation and State Appraiser certifying and licensing agencies.

The ASC activities, including grants awarded to the Appraisal Foundation, were initially funded from a one-time appropriation of \$5 million. These funds were repaid to Treasury at the end of 1998. The ASC is now operating on fee income from State-licensed and State-certified real estate appraisers in the national registry. The Budget projects that the ASC will spend approximately \$4 million in 2017.

The Federal Housing Finance Agency Office of Inspector General (FHFAOIG), established in the Housing and Economic Recovery Act of 2008, has duties and responsibilities that are intended to facilitate the efficient and effective conduct of FHFA in its capacity as the primary regulator of the housing Government-Sponsored Enterprises (GSEs) and conservator of Fannie Mae and Freddie Mac. The IG is currently funded through FHFA's direct assessments on the housing GSEs. In order to preserve the independence of the IG and provide congressional review of funding levels, the Budget requests an appropriation of \$49.9 million for the FHFA-OIG derived from FHFA's assessments.

The Federal Labor Relations Authority (FLRA) is an independent administrative Federal agency created by Title VII of the Civil Service Reform Act of 1978 (the Statute) with a mission to carry out five statutory responsibilities: (1) determining the appropriateness of units for Labor organization representation; (2) resolving complaints of unfair labor practices; (3) adjudicating exceptions to arbitrators' awards; (4) adjudicating legal issues relating to duty to bargain; and (5) resolving impasses during negotiations. All work throughout the agency is undertaken to support a single program—to administer and enforce the Statute by determining the respective rights of employees, agencies, and labor organizations in their relations with one another.

FLRA's authority is divided by law and by delegation among a threemember Authority and an Office of General Counsel, appointed by the President and subject to Senate confirmation; and the Federal Service Impasses Panel, which consists of seven part-time members appointed by the President.

FLRA does not initiate cases. Proceedings before FLRA originate from filings arising through the actions of Federal employees, Federal agencies, or Federal labor organizations. Nationwide, FLRA includes seven Regional Offices and a Headquarters site in Washington, D.C.

Authority.—The Authority adjudicates appeals filed by either Federal agencies or Federal labor organizations on negotiability issues, exceptions to arbitration awards, appeals of representation decisions, eligibility of labor organizations for national consultation rights, and unfair labor practice complaints.

Office of the General Counsel.—The General Counsel investigates allegations of unfair labor practices and processes representation petitions. In addition, the General Counsel conducts elections concerning the exclusive recognition of labor organizations and certifies the results of elections.

Federal Service Impasses Panel.—The Panel resolves labor negotiation impasses between Federal agencies and labor organizations.

The Federal Maritime Commission (FMC or Commission) regulates oceanborne transportation in the foreign commerce of the United States. The Commission administers the Shipping Act of 1984 (1984 Act) as amended by the Ocean Shipping Reform Act of 1998 (OSRA); section 19 of the Merchant Marine Act, 1920 (1920 Act); the Foreign Shipping Practices Act of 1988 (FSPA); and Sections 2 and 3 of Public Law 89–777. The Commission monitors the activities of ocean common carriers, marine terminal operators (MTOs), ports and ocean transportation intermediaries who operate in the U.S. foreign commerce to ensure that they maintain just and reasonable practices.

Ocean Transportation Intermediaries (OTIs). The Commission issues licenses to qualified OTIs operating in the U.S. and ensures that U.S. OTIs are bonded or maintain other evidence of financial responsibility.

Passenger Vessel Operators. The Commission ensures that passenger vessel operators demonstrate adequate financial responsibility to indemnify passengers in the event of nonperformance of voyages or passenger injury or death.

Shipping Act Compliance. The FMC maintains trade monitoring and enforcement programs designed to assist regulated entities in achieving compliance and to detect and appropriately remedy malpractices and violations of the prohibited acts set forth in section 10 of the 1984 Act; offers a dispute resolution program to resolve disputes impeding the transportation of cargo; reviews competitive activities of common carrier alliances and other agreements among common carriers and/or terminal operators; monitors the laws and practices of foreign governments which could have a discriminatory or otherwise adverse impact on shipping conditions in U.S. trades, and imposes remedial action, as appropriate, pursuant to section 19 of the 1920 Act or FSPA; enforces special regulatory requirements applicable to carriers owned or controlled by foreign governments; processes and reviews agreements, service contracts and service arrangements pursuant to the 1984 Act for compliance with statutory requirements; and reviews common carriers' privately published tariff systems for accessibility, accuracy, and reasonable terms.

The Federal Mediation and Conciliation Service (FMCS) provides assistance to parties in labor disputes in industries affecting commerce through conciliation and mediation.

Dispute Mediation.—FMCS assists labor and management in the mediation and prevention of disputes, other than those involving rail and air transportation, whenever such disputes threaten to cause a substantial interruption of interstate commerce or a major impairment to the national defense. FMCS also makes mediation and conciliation services available to Federal agencies and organizations representing Federal employees in the resolution of negotiation disputes. FMCS provides mandatory mediation and, where necessary, impartial boards of inquiry to assist in resolving labor disputes involving private nonprofit health care institutions. The workload shown below includes assignments in both the private and public sectors. These numbers include collective bargaining and grievance mediation.

Preventive Mediation, Public Information, and Educational Activities.—Through its preventive mediation program, FMCS initiates and develops labor-management committees, training programs, conferences, and specialized workshops dealing with issues in collective bargaining. Mediators also participate in education, advocacy and outreach (EAO) activities such as lectures, seminars, and conferences.

Arbitration Services.—FMCS assists parties in disputes by utilizing the arbitration process for the resolution of disputes arising under or in the negotiation of collective bargaining agreements in the private and public sectors.

Management and Administrative Support.—This activity provides for overall management and administration, policy planning, research and evaluation, and employee development.

Labor-Management Cooperation Project.—The Labor Management Cooperation Act of 1978 (29 U.S.C. 175a) authorizes FMCS to carry out this program of contracts and grants to support the establishment and operation of plant, area, and industry labor-management committees.

Alternative Dispute Resolution (ADR) Projects.—FMCS assists other Federal agencies by providing mediation and technical assistance in the area of ADR. The ADR cases reduce litigation costs and speed Federal processes. FMCS is funded for this work through interagency reimbursable agreements.

The Federal Mine Safety and Health Review Commission reviews and decides contested enforcement actions of the Secretary of Labor under the Federal Mine Safety and Health Act of 1977, as amended by the Mine Improvement and New Emergency Response Act of 2006. The Commission also adjudicates claims by miners and miners' representatives concerning their rights under law. The Commission holds fact-finding hearings and issues orders affirming, modifying, or vacating the Secretary's enforcement actions.

Title 41 of Public Law 114–94 (FAST-41) codified key elements of the Administration's efforts in the area of permitting modernization through creation of a Federal Permitting Improvement Council (the Council) and governance structure to facilitate interagency permitting efforts; expansion of a public "Dashboard" to provide increased transparency into the permitting process; and provision of a new funding source for coordinating and conducting environmental reviews by 1) establishing a new agency transfer authority and 2) authorizing agencies to issue regulations to collect fees. The fees would be deposited into a newly-created Treasury fund known as the Environmental Review Improvement Fund. The Fund could be used by the Council for purposes of implementing and enforcing FAST-41 or, with OMB Director approval, distributed to agencies to facilitate timely and efficient environmental reviews.

The Federal Retirement Thrift Investment Board is responsible for managing the Thrift Savings Fund. Program administration for the Fund is financed from the Fund. Program expenses are derived first from Fund forfeitures of agency one percent automatic contributions for employees who separate from the Federal Government prior to vesting and then from earnings on all participant and agency contributions to the Fund.

The Thrift Savings Fund is a special tax-deferred savings fund established by the Federal Employees' Retirement System Act of 1986. Due to the fiduciary nature of the Fund, it is not included in the totals of the Federal budget. Information on the financial status and activities of the Fund follows this account.

INFORMATION SCHEDULES FOR THE THRIFT SAVINGS FUND

The Fund is composed of individual accounts maintained by the Federal Retirement Thrift Investment Board on behalf of the individual Federal employee participants in the Fund. All Federal civilian employees and members of the uniformed services are eligible to contribute to the Fund. However, only those civilian employees covered by the Federal Employees' Retirement System (or equivalent retirement systems) and a limited category of uniformed services personnel may have their contributions matched by the employing agencies in accordance with the formulas prescribed by law. Employees can invest in five investment funds: a U.S. Government securities investment fund; a fixed income index investment fund; a common stock index investment fund; a small capitalization stock index investment

fund; an international stock index investment fund; or in five lifecycle funds, which were introduced in August 2005. These funds are composed of varying allocations of the five core investment funds. The allocations are based on the target maturity date of each fund.

The estimated status of the Fund is shown below:

The mission of the Federal Trade Commission (the Commission or FTC) is working to protect consumers by preventing anticompetitive, deceptive, and unfair business practices; enhancing informed consumer choice and public understanding of the competitive process; and accomplishing this without unduly burdening legitimate business activity. The FTC's mission

is based on a vision of a vibrant economy characterized by vigorous competition and consumer access to accurate information.

Protect Consumers.— This goal is to prevent fraud, deception, and unfair business practices in the marketplace. The agency works to accomplish this goal through three objectives: (1) Identify and take actions to address deceptive or unfair practices that harm consumers; (2) Provide the public with knowledge and tools to prevent harm to consumers; and (3) Collaborate with domestic and international partners to enhance consumer protection.

Promote Competition.— This goal is to prevent anticompetitive mergers and other anticompetitive business practices in the marketplace. The agency works to accomplish this goal through three objectives: (1) Identify and take actions to address anticompetitive mergers and practices that harm consumers; (2) Engage in effective research and stakeholder outreach to promote competition, advance its understanding, and create awareness of its benefits to consumers; and (3) Collaborate with domestic partners and international partners to preserve and promote competition.

The 2017 Budget includes a program level for the Commission of \$342 million, funded by \$199 million from the General Fund of the U.S. Treasury and offsetting collections from two sources: \$128 million from fees for Hart-Scott-Rodino Act premerger notification filings as authorized by 15 U.S.C. 18a and \$15 million from fees sufficient to implement and enforce the Telemarketing Sales Rule, promulgated under the Telemarketing and Consumer Fraud and Abuse Prevention Act (15 U.S.C. 6101 et seq., as amended).

The Budget proposes to increase the Hart-Scott-Rodino fees and index them for the percentage annual change in the gross national product. The fee proposal would also create a new merger fee category for mergers valued at over \$1 billion. Under the proposal, the fee increase would take effect in 2018.

The Resources and Ecosystems Sustainability, Tourist Opportunities, and Revived Economies of the Gulf Coast States Act of 2012, or the RE-STORE Act, dedicates 80 percent of any civil and administrative penalties paid under the Clean Water Act by responsible parties in connection with the Deepwater Horizon oil spill to the Gulf Coast Restoration Trust Fund (the Trust Fund). These funds may be used for ecosystem restoration, economic recovery, and tourism promotion in the Gulf Coast region.

In addition to establishing the Trust Fund, the RESTORE Act established the Gulf Coast Ecosystem Restoration Council (the Council). The Council has oversight over the expenditure of sixty percent of the funds made available from the Trust Fund. Thirty percent will be administered for restoration and protection according to the Comprehensive Plan developed by the Council. The other thirty percent will be allocated to the States according to a formula set forth in the RESTORE Act and spent according to individual State expenditure plans to contribute the overall economic and ecological recovery of the Gulf. The Council includes the Governors of the States of Alabama, Florida, Louisiana, Mississippi and Texas and the Secretaries of the U.S. Departments of Agriculture, Army, Commerce, Homeland Security and the Interior, and the Administrator of the U.S. Environmental Protection Agency.

Public Law 93–642 established the Harry S Truman Scholarship Foundation to operate the scholarship program that is the permanent Federal memorial to the 33rd President of the United States. The Foundation awards scholarships for qualified students who demonstrate outstanding potential for and interest in careers in public service at the local, State, or Federal level or in the non-profit sector.

In its annual competition, the Foundation selects up to 60 new Truman Scholars. The maximum award is \$30,000 toward a graduate level degree program.

Scholarship awards.—This activity is comprised of scholarships awarded to cover eligible educational expenses.

Program administration.—This activity covers all costs of operating the program, including annual program announcement, interview and selection of Truman Scholars, calculation and disbursement of scholarship awards, monitoring of student progress, and special services and activities for scholars, including an orientation week for new scholars, a summer education and internship program, and workshops and conferences.

INTERAGENCY COORDINATING COUNCIL ON WORKFORCE ATTACHMENT

The Budget proposes to create the Interagency Coordinating Council on Workforce Attachment (ICCWA) to align federal efforts to increase workforce attachment among individuals with health impairments or disabilities. The Council will meet a key need by serving as a coordinator for employment supports in the United States (policy, research, and program guidance). In addition, the Council will help coordinate allocation of funds to support new workforce demonstrations, with concurrence of the Commissioner of the Social Security Administration (SSA), Secretary of the Department of Treasury, and Director of the Office of Management and Budget (OMB).

The Institute of Museum and Library Services (IMLS) is the primary source of Federal support for the nation's 123,000 libraries and 35,000 museums. Through strategic grantmaking, policy development, data collection and research, IMLS supports libraries and museums as community anchors that provide vital learning experiences and broad access to content. IMLS provides leadership to help Americans build 21st century skills such as digital literacy; pursue education and training; access early learning opportunities; and participate fully in the workforce and in civil society. The Institute's organization, mission, and functions are defined in the Museum and Library Services Act, Public Law 111–340, and the African American History and Culture Act, Public Law 108–184.

The Intelligence Community Management Account (ICMA) provides resources that directly support the Director of National Intelligence (DNI) and the Intelligence Community (IC) as a whole in leading intelligence integration, coordinating cross-program activities, and improving budget oversight. The ICMA funds selected oversight elements such as the National Intelligence Council, the President's Daily Briefing Staff, and other enterprise-wide functions.

These oversight elements are the DNI's principal source of advice and assistance in planning and executing his intelligence community management responsibilities. These responsibilities include: developing the National Intelligence Program budget, developing intelligence plans and requirements, and overseeing research and development activities. The National Intelligence Council provides analytical support to the DNI and to national policy makers. The President's Daily Briefing Staff supports the production of the daily intelligence briefing that is provided to the President and his senior staff.

The U.S. International Trade Commission (Commission) is an independent, nonpartisan Federal agency with broad investigative responsibilities on matters of trade. In accordance with its statutory mandate, the Commission makes determinations in proceedings involving imports claimed to injure a domestic industry or violate U.S. intellectual property rights; provides independent tariff, trade, and competitiveness-related analysis and information; and maintains the U.S. tariff schedule.

For 2017, the Commission requests an appropriation of \$92.9 million to support its authorized operations. Pursuant to section 175 of the Trade Act of 1974, the budget estimates for the Commission are transmitted to Congress without revision by the President.

Although the Commission has one program activity set forth in the Budget of the United States, the Commission's Strategic Plan for FY 2014-2018 sets two strategic goals that cover its programmatic responsibilities. The agency's goal to produce sound, objective, and timely determinations in investigative proceedings focuses on its import injury and unfair import investigative responsibilities. The agency's goal to produce objective, highquality, and responsive tariff, trade, and competitiveness-related analysis and information encompasses two areas. First, it focuses on the responsibility to maintain the Harmonized Tariff Schedule of the United States. Second, it focuses on the agency's role to independently provide the highest caliber of information and analysis to U.S. policymakers in a timely manner to assist them when they are securing benefits to the United States in trade negotiations and when they enact legislation or take other policy actions that affect the U.S. economy and industry competitiveness. The Commission also set a management goal to achieve agency-wide efficiency and effectiveness to advance its mission. The agency's focus is on three functional areas—human resources; budget, acquisitions, and finance; and information technology—as they play a critical role in supporting programmatic

The Strategic Plan identifies strategic objectives for each strategic or management goal, strategies to meet these objectives, and specific performance goals. The Plan also identifies two cross-cutting objectives. The perOTHER INDEPENDENT AGENCIES

Public Laws 99–500, 101–208, and 102–221 established the James Madison Memorial Fellowship Foundation to operate a fellowship program to encourage graduate study of the framing, principles, and history of the American Constitution. Appropriations of \$10 million in 1988 and 1989 established the foundation's trust fund. The funds have been invested by the Secretary of the Treasury in U.S. Treasury securities, and the interest earned on these funds is available for carrying out the activities of the foundation. Funds raised from private sources and the surcharges from commemorative coin sales are also placed in the trust fund.

The Foundation is authorized to award graduate fellowships of up to \$24,000 to high school teachers of American history, American government, and social studies. College seniors and recent college graduates who want to become secondary school teachers of these subjects are also eligible.

Fellowship awards.—This activity is comprised of fellowship awards to cover educational expenses. It also supports the Foundation's annual Summer Institute on the U.S. Constitution, which all current fellows are required to attend. The Institute is an intensive educational experience that will ensure that all fellows know the history of the framing, ratification, and implementation of the U.S. Constitution and the Bill of Rights.

Program administration.—This activity covers the costs of planning, fund-raising, and the operation of the fellowship program.

The Legal Services Corporation (LSC) distributes appropriated funds to local non-profit organizations that provide free civil legal assistance, according to locally-determined priorities, to people living in poverty. The Congress chartered LSC as an independent 501(c)(3) non-profit corporation. Funding for LSC helps ensure that low-income Americans have an opportunity to obtain access to the courts, due process, and fair treatment. The Budget proposes to continue the Pro Bono Innovation Fund that was established in 2014, to support new and innovative projects that promote and enhance pro bono initiatives throughout the country.

ADMINISTRATIVE PROVISION—LEGAL SERVICES CORPORATION

None of the funds appropriated in this Act to the Legal Services Corporation shall be expended for any purpose prohibited or limited by, or contrary to any of the provisions of, sections 501, 502, 503, 504, 505, and 506 of Public Law 105–119, and all funds appropriated in this Act to the Legal Services Corporation shall be subject to the same terms and conditions set forth in such sections, except that all references in sections 502 and 503 to 1997 and 1998 shall be deemed to refer instead to [2015] 2016 and [2016] 2017, respectively.

Section 504(a) of the Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriations Act, 1996 (Public Law 104–134) is amended by

The Marine Mammal Commission is charged by the Marine Mammal Protection Act of 1972 to further the conservation of marine mammals and their environment. The Commission works to ensure that marine mammal populations are restored and maintained as functioning elements of healthy marine ecosystems in the world's oceans. The Commission provides independent, science-based oversight of domestic and international policies and actions of federal agencies addressing human impacts on marine mammals and their ecosystems.

The Merit Systems Protection Board (MSPB) is an independent agency in the Executive Branch of the Federal government that serves as the guardian of Federal merit systems. The Board's mission is to protect Federal merit systems and the rights of individuals within those systems. The MSPB accomplishes its mission by: hearing and deciding employee appeals from agency actions; hearing and deciding cases brought by the Special Counsel involving alleged abuses of the merit systems, and other cases arising under the Board's original jurisdiction; conducting studies of the civil service and other merit systems in the Executive Branch to determine whether they are free from prohibited personnel practices; and providing

SALARIES AND EXPENSES—Continued

oversight of the significant actions and regulations of the Office of Personnel Management (OPM) to determine whether they are in accord with merit system principles. The MSPB's inception began in 1883, when Congress passed the Pendleton Act establishing the Civil Service Commission and a merit-based employment system for the Federal government. The Pendleton Act grew out of the 19th Century reform movement to curtail the excesses of political patronage in government. As the Commission's responsibilities multiplied, a growing consensus emerged that it could not properly and adequately perform managerial and adjudicatory functions simultaneously. Concern over the inherent conflict of interest in the Commission's role as both rule-maker and judge was a principal motivating factor behind the enactment by Congress of the Civil Service Reform Act of 1978. The Act replaced the Civil Service Commission with three new independent agencies: the OPM, which manages the Federal workforce; the Federal Labor Relations Authority, which oversees Federal labormanagement relations; and the MSPB. The MSPB assumed the employee appeals functions of the Commission and was given the new responsibilities to perform merit systems studies and to review the significant actions of the OPM.

The Morris K. Udall and Stewart L. Udall Fund is invested in Treasury securities with maturities suitable to the needs of the Fund. Interest earnings from the investments are used to carry out the activities of the Udall Foundation. The Foundation is authorized to award scholarships, fellowships and grants, and, as required by its enabling legislation, funds specified activities of the Udall Center for Studies in Public Policy, based at the University of Arizona.

The Udall Foundation is authorized by 20 U.S.C. 5604(7) to establish training programs for professionals in Native American and Alaska Native health care and public policy. The Foundation provides these programs through the Native Nations Institute (NNI), which is housed at the University of Arizona and provides Native Americans and Alaska Natives with leadership and management training and assists in policy analysis relevant to tribes.

In 1998, Public Law 105-56 created the U.S. Institute for Environmental Conflict Resolution as the only Federal entity focused entirely on preventing and resolving environmental conflicts and promoting collaborative decision making. The Institute, part of the Udall Foundation, serves as an impartial, non-partisan institution providing assessment, mediation, facilitation, training, and other related services to resolve disputes involving agencies and instrumentalities of the United States involved in natural resource and public lands conflicts, including matters related to energy, transportation, and land use. The Institute helps parties determine whether collaborative problem solving is appropriate for specific environmental challenges, the most suitable methods for bringing the parties together, and whether a third-party neutral might be helpful in assisting the parties in their efforts to reach consensus or to resolve the conflict. In addition to providing services directly, the Institute maintains a roster of qualified professional facilitators and mediators with substantial experience in environmental collaboration and conflict resolution, including a roster of neutrals with expertise in dealing with Native American Tribal issues, and can help parties in selecting an appropriate neutral.

Public Law 102–259 established the Udall Foundation to provide educational resources to promote studies in the natural environment and Native American public health and Tribal policy. In 2015, the Udall Foundation awarded 50 undergraduate scholarships. In FY 2013 the Foundation maintained the current level of scholarships and did not offer fellowships as a result of a decrease in interest generated by the Trust Fund. Twelve participants in the Native American Congressional Summer Internship Program spent ten weeks in Congressional offices, the Council on Environmental Quality, and Executive Branch agencies participating in a program created by the Udall Foundation.

This appropriation provides for the operation of the Federal government's archives and records management activities, the preservation of permanently valuable historical records, and their access and use by the public.

Legislative Archives, Presidential Libraries, and Museum Services.—This activity provides for the Center for Legislative Archives and the Office of Presidential Materials, which provide records management services to Congress and the White House; the Presidential Libraries of thirteen former Presidents; and nationwide education, outreach, and exhibits programs, including the National Archives Museum in Washington, DC.

Citizen Services.—This activity provides for public access to and engagement with permanently valuable Federal government records by the researcher community and the general public at public research rooms, online at www.archives.gov, and through innovative tools and technology to support collaboration with the public. This activity includes \$1 million for

a NARA Digital Service Team to transform NARA digital services with the greatest impact to citizens and businesses so they are easier to use and more cost-effective to build and maintain.

Agency and Related Services.—This activity provides for the services NARA provides to other Federal agencies, including records management, appropriate declassification of classified national security information, oversight of the classification system and controlled, unclassified information, and improvements to the administration of the Freedom of Information Act by the Office of Government Information Services; the electronic records management activities of the Electronic Records Archives system; and publication of the Federal Register, U.S. Statutes-at-Large, and Presidential Papers.

Facility Operations.—This activity provides for the operations and maintenance of NARA facilities, including interest payments and repayments of principal on debt associated with construction of the National Archives building at College Park, MD. Appropriations for repayments of principal ("redemption of debt") are excluded from NARA budget authority.

The National Capital Planning Commission (NCPC) is the central planning agency for the Federal Government in the National Capital Region. Through its planning initiatives, policy-making, and review of development proposals, NCPC helps guide Federal development while preserving the Capital City's unique resources. In 2017, as in the past, NCPC will work with the District of Columbia and Federal and regional partners to develop comprehensive policies and planning initiatives that support the Federal interest and contribute to the best urban design, infrastructure, resource, and land-use outcomes for the Region. In addition, NCPC will continue to ensure that all Federal development in the Region meets the highest design standards and will review Federal plans for regional capital improvements.

The National Council on Disability (NCD), an independent federal agency, is composed of 9 members appointed by the President and Congress. Established under the Rehabilitation Act of 1973, as amended by the Workforce Innovation and Opportunity Act, the NCD is responsible for reviewing the Federal Government's laws, programs, and policies which affect people with disabilities. The NCD also makes recommendations on issues affecting individuals with disabilities and their families to the President, Congress, the Rehabilitation Services Administration, the National Institute on Disability, Independent Living, and Rehabilitation Research, and other Federal Departments and agencies.

The mission of the National Credit Union Administration (NCUA) is to provide, through regulation and supervision, a safe and sound credit union system, which promotes confidence in the national system of cooperative credit. Credit unions are privately owned, cooperative associations organized for the purpose of promoting thrift among their members and creating a source of credit for provident and productive purposes.

NCUA, through its operating fund, conducts activities prescribed by the Federal Credit Union Act of 1934, as amended, which include: 1) chartering new federal credit unions; 2) approving field of membership applications of federal credit unions; 3) promulgating regulations and providing guidance; 4) performing regulatory compliance and safety and soundness examinations; 5) implementing and administering enforcement actions, such as prohibition orders, orders to cease and desist, and orders of conservatorship and liquidation; and 6) administering the National Credit Union Share Insurance Fund (Share Insurance Fund).

The NCUA funds its activities through operating fees levied on all Federal credit unions and through reimbursements from the Share Insurance Fund, which is funded by both Federal credit unions and Federally insured State-chartered credit unions. In 2015, NCUA chartered five new Federal credit unions, bringing the total number of Federal credit unions to 3,820 with total assets of more than \$625 billion.

The primary purpose of the National Credit Union Share Insurance Fund is to provide insurance for deposits of member accounts (also known as insured member shares) in Federal credit unions and State-chartered credit unions that apply and qualify for insurance under the Federal Credit Union Act. As of September 30, 2015, 6,102 State and Federal credit unions were insured by the Share Insurance Fund with insured member shares of \$940 billion—an increase of \$44 billion, or five percent, from 2014.

Following a cost allocation method that distributes National Credit Union Administration (NCUA) costs between its insurance and regulatory functions, the Share Insurance Fund reimburses the NCUA operating fund for its share of administrative costs. In 2015, the Share Insurance Fund paid reimbursements of \$187 million to the operating fund. For more information, please see the Credit and Insurance chapter in the *Analytical Perspectives* volume of the Budget.

The Temporary Corporate Credit Union Stabilization Fund (Stabilization Fund) was created under the Helping Families Save Their Homes Act of 2009 (P.L. 111–22). The Stabilization Fund was established to accrue the losses of the corporate credit unions during the financial crisis that began in 2008 and to recover such losses over time through mitigation efforts and assessments on federally insured credit unions. As of June 30, 2015, the remaining resolution costs of corporate credit union failures are projected to range from approximately \$1.9 to \$3.8 billion. Federally insured credit unions have already paid assessments totaling \$4.8 billion.

The purpose of the Central Liquidity Facility (CLF), established under Title III of the Federal Credit Union Act, is to improve the general financial stability of credit unions by meeting their liquidity needs through short-term, seasonal and/or protracted adjustment credit and thereby encourage savings, support consumer and mortgage lending, and provide basic financial resources to all segments of the economy. The two primary sources of funds for the CLF are stock subscriptions from credit unions and borrowings from the Federal Financing Bank. As a Federal contingent liquidity source, CLF provides backup funding to its members and in turn adds a measure of stability and confidence to the credit union system. The borrowing authority of the CLF currently stands at \$5.5 billion.

The Community Development Revolving Loan Fund (CDRLF) was established by Congress under Section 130 of the Federal Credit Union Act with a \$6 million appropriation to assist credit unions serving low-income communities to: 1) provide financial services to their communities; 2) stimulate economic activities in their communities, resulting in increased income and employment; and 3) operate more efficiently. CDRLF funds a revolving loan program and a technical assistance program. Since the initial loan program appropriation in 1979, Congress has appropriated an additional \$13.4 million for the revolving loan program and approximately \$15 million for the technical assistance program. Credit unions use the loan and technical assistance funds to increase financial services to their communities, including financial counseling, new products, and enhanced electronic services. As of September 30, 2015, CDRLF's revolving loan portfolio had \$8.9 million in outstanding loans (25 loans outstanding to 25 credit unions). In 2015, CDRLF made 378 technical assistance grants totaling \$2.5 million from the multi-year appropriations received. As of September 30, 2015, total CDRLF assets, including interest earned and appropriations, were \$17.8 million.

The mission of the National Endowment for the Arts is to strengthen the creative capacity of our communities by providing all Americans with diverse opportunities for arts participation. As the independent federal agency that supports and funds the arts in America, the National Endowment for the Arts achieves its mission primarily through grant programs, special initiatives and honorific awards. The agency partners closely with the nation's state and regional arts organizations, as well as private partners, leveraging resources to provide more funding and programs across the country. In 2017, the National Endowment for the Arts will continue to implement the NEA Military Healing Arts Partnership, a collaboration with the Department of Defense to promote understanding and utilization of the Healing Arts to assist recovery and reintegration efforts of our nation's service members who have been affected by traumatic brain injury, posttraumatic stress, and other psychological health conditions as a result of their service. In 2017, support will also continue for Our Town, an initiative that invests in arts and culture projects that address communities' priorities by linking local governments with arts organizations, artists, and designers to improve quality of life and revitalize local economies.

The National Foundation on the Arts and the Humanities Act of 1965, as amended, also authorizes the National Endowment for the Arts to receive money and other donated property; such gifts may be used, sold, or otherwise disposed of to support arts projects and activities. This presentation also includes the Arts and Artifacts Indemnity Fund, which the National Endowment for the Arts administers on behalf of the Federal Council on the Arts and the Humanities.

The National Endowment for the Humanities (NEH) supports education, scholarship, and research and development in the humanities; preserves America's cultural and intellectual resources; and provides opportunities for all Americans to engage in learning in the humanities. In 2017, NEH will continue to support partnerships with state humanities councils; the strengthening of humanities teaching and learning in the nation's schools and institutions of higher education; basic research and original scholarship in the humanities; innovative use of digital information technology; efforts to preserve and increase access to books, U.S. newspapers, documents, and other reference materials; and museum exhibitions, documentary films, radio programming, and reading programs that reach millions of Americans. In 2017, NEH will continue support for a special initiative, "The Common Good: The Humanities in the Public Square", designed to enhance the scope and significance of the humanities and the role that humanities scholarship can play in our nation's public life.

Support is provided through outright grants, matching grants, and a combination of the two. Eligible applicants include state humanities councils, educational institutions, libraries, archives, museums, historical organizations, and other scholarly and cultural institutions and organizations. Support is also provided to individuals for advanced research and scholarship in the humanities.

To direct Federal resources for infrastructure to projects that demonstrate the most merit and may be difficult to fund under the current patchwork of Federal programs, the President has called for the creation of an independent, non-partisan National Infrastructure Bank (NIB), led by infrastructure and financial experts. The NIB would offer broad eligibility and unbiased selection for transportation, water, and energy infrastructure projects. Projects would have a clear public benefit, meet rigorous economic, technical and environmental standards, and be backed by a dedicated revenue stream. Geographic, sector, and size considerations would also be taken into account. Interest rates on loans issued by the NIB would be indexed to United States Treasury rates, and the maturity could be extended up to 35 years, giving the NIB the ability to be a patient partner side-by-side with State, local, and private co-investors. To maximize leverage from Federal investments, the NIB would finance no more than 50 percent of the total costs of any project.

The Board resolves representation disputes in industry and also remedies and prevents specified unfair labor practices by employers or labor organizations. Case intake and additional program statistics appear in the table below.

	2015 actual	2016 est.	2017 est.

Casehandling (formerly Field investigations in 2015 and earlier).—Charges of unfair labor practices and petitions for elections to resolve representation disputes are investigated by regional office personnel. Approximately 90–96 percent of merit unfair labor practice cases are closed by settlement, dismissal, or withdrawal. The remainder are prepared for public hearing. About 85–90 percent of representation elections are held pursuant to agreement of the parties. The agency strives to maximize the voluntary settlement of all cases and to avoid litigation.

Administrative law judge hearing.—Administrative law judges conduct public hearings in unfair labor practice cases. Their findings and recommendations are set forth in their decisions.

Board adjudication.—In an unfair labor practice case, a judge's decision becomes a Board order if no exceptions are filed. About 30 percent of these decisions become automatic Board orders or are complied with voluntarily. The remainder, with exceptions filed, require a Board decision. In representation cases, regional directors initially decide the issues by Board delegation. The Board itself decides representation issues on referral from regional directors or by granting a request for review of a regional director's decision. The Board also rules on objection and challenge questions in election cases.

Securing compliance with Board orders (activities moved to Casehandling and Mission support).—Unlike other Federal agencies, Board orders are not self-enforcing in the absence of a timely petition to review. If the parties do not voluntarily comply with a Board order involving unfair labor practices, the Board must request that an appellate court enforce the decision. Internal Review.—Office of the Inspector General.

Mission Support.—Previously spread across other program activities; includes administrative, personnel, and financial management functions conducted in the Headquarters office.

Mediatory and alternative dispute resolution (ADR) services.—The National Mediation Board mediates disputes over wages, hours, and working conditions for some 746 rail and air carriers and approximately 795,000 employees in the two industries.

The Board also provides technical assistance to enable labor and industry representatives to explore informally the relevant economic and noneconomic problems that condition collective bargaining in the railroad and airline industries. The Board's ADR program provides collective bargaining training, facilitation, and grievance mediation services to the labor-management community.

Emergency disputes.—When the parties fail to resolve their disputes through mediation, they are urged to submit their differences to arbitration. If neither mediation nor voluntary arbitration is successful, the President, when notified of disputes which substantially threaten to interrupt essential service, may appoint emergency boards to investigate and report on the dispute. Such reports usually serve as a basis for resolving the disputes.

Arbitration services.—Arbitration is governed by sections 3 and 7 of the Railway Labor Act. Railroad employee grievances resulting from disputes over the interpretation or application of collective bargaining contracts may be brought for settlement to the National Railroad Adjustment Board (NRAB). The divisions of the NRAB are composed of an equal number of carrier and union representatives compensated by the party or parties they represent. Public Law 89–456 provides for the adjustment of disputes involving grievances resulting from interpretation or application of bargaining agreements in the railroad industry and for disputes otherwise referable to the NRAB. In these disputes, the National Mediation Board compensates the neutral party selected to help resolve these grievances.

Administrative direction and support for the public law boards, special boards of adjustment, and the NRAB are provided by Federal employees who are compensated by the National Mediation Board.

The National Transportation Safety Board (NTSB) is an independent nonregulatory agency that promotes transportation safety by maintaining independence and objectivity; conducting objective, precise accident investigations and safety studies; performing fair and objective airman and mariner certification appeals; and advocating and promoting NTSB safety recommendations. The NTSB also provides assistance to victims of transportation accidents and their families.

In 2017, the Administration proposes a total funding level of \$106 million for NTSB Salaries and Expenses to allow the NTSB to fulfill its role in improving safety on the Nation's transportation system.

The National Transportation Safety Board is mandated by the Congress to investigate all catastrophic transportation accidents and; therefore, has no control over the frequency of costly accident investigations. The emergency fund provides a funding mechanism by which periodic accident investigation cost fluctuations can be met without delaying critical phases of the investigations. The current balance of \$2 million is sufficient to cover unanticipated costs associated with an increased number of accidents, and thus the Administration does not propose new funding in 2017.

For payment to the Neighborhood Reinvestment Corporation for use in neighborhood reinvestment activities, as authorized by the Neighborhood Reinvestment Corporation Act (42 U.S.C. 8101–8107), [\$135,000,000, of which \$5,000,000 shall be for a multi-family rental housing program: *Provided*, That in addition, \$40,000,000 shall be made available until expended to the Neighborhood Reinvestment Corporation for mortgage foreclosure mitigation activities, under the following terms and conditions:]

- (1) The Neighborhood Reinvestment Corporation (NRC) shall make grants to counseling intermediaries approved by the Department of Housing and Urban Development (HUD) (with match to be determined by NRC based on affordability and the economic conditions of an area; a match also may be waived by NRC based on the aforementioned conditions) to provide mortgage foreclosure mitigation assistance primarily to States and areas with high rates of defaults and foreclosures to help eliminate the default and foreclosure of mortgages of owner-occupied single-family homes that are at risk of such foreclosure. Other than areas with high rates of defaults and foreclosures, grants may also be provided to approved counseling intermediaries based on a geographic analysis of the Nation by NRC which determines where there is a prevalence of mortgages that are risky and likely to fail, including any trends for mortgages that are likely to default and face foreclosure. A State Housing Finance Agency may also be eligible where the State Housing Finance Agency meets all the requirements under this paragraph. A HUDapproved counseling intermediary shall meet certain mortgage foreclosure mitigation assistance counseling requirements, as determined by NRC, and shall be approved by HUD or NRC as meeting these requirements.]
- [(2) Mortgage foreclosure mitigation assistance shall only be made available to homeowners of owner-occupied homes with mortgages in default or in danger of default. These mortgages shall likely be subject to a foreclosure action and

homeowners will be provided such assistance that shall consist of activities that are likely to prevent foreclosures and result in the long-term affordability of the mortgage retained pursuant to such activity or another positive outcome for the homeowner. No funds made available under this paragraph may be provided directly to lenders or homeowners to discharge outstanding mortgage balances or for any other direct debt reduction payments.

- [(3) The use of mortgage foreclosure mitigation assistance by approved counseling intermediaries and State Housing Finance Agencies shall involve a reasonable analysis of the borrower's financial situation, an evaluation of the current value of the property that is subject to the mortgage, counseling regarding the assumption of the mortgage by another non-Federal party, counseling regarding the possible purchase of the mortgage by a non-Federal third party, counseling and advice of all likely restructuring and refinancing strategies or the approval of a work-out strategy by all interested parties.]
- [(4) NRC may provide up to 15 percent of the total funds under this paragraph to its own charter members with expertise in foreclosure prevention counseling, subject to a certification by NRC that the procedures for selection do not consist of any procedures or activities that could be construed as a conflict of interest or have the appearance of impropriety.]
- [(5) HUD-approved counseling entities and State Housing Finance Agencies receiving funds under this paragraph shall have demonstrated experience in successfully working with financial institutions as well as borrowers facing default, delinquency and foreclosure as well as documented counseling capacity, outreach capacity, past successful performance and positive outcomes with documented counseling plans (including post mortgage foreclosure mitigation counseling), loan workout agreements and loan modification agreements. NRC may use other criteria to demonstrate capacity in underserved areas.
- [(6) Of the total amount made available under this paragraph, up to \$2,000,000 may be made available to build the mortgage foreclosure and default mitigation counseling capacity of counseling intermediaries through NRC training courses with HUD-approved counseling intermediaries and their partners, except that private financial institutions that participate in NRC training shall pay market rates for such training.]
- [(7) Of the total amount made available under this paragraph, up to 5 percent may be used for associated administrative expenses for NRC to carry out activities provided under this section.]
- [(8) Mortgage foreclosure mitigation assistance grants may include a budget for outreach and advertising, and training, as determined by NRC.]
- [(9) NRC shall continue to report bi-annually to the House and Senate Committees on Appropriations as well as the Senate Banking Committee and House Financial Services Committee on its efforts to mitigate mortgage default] \$140,000,000. nical assistance, and training for affordable housing and community-based revitalization efforts nationwide. Through its core activities, NRC supports more than 3,000 non-profit organizations and municipalities across the United States, including more than 245 chartered community-based non-profit organizations that comprise the NeighborWorks network, by providing operating and capital resources to support the development and preservation of affordable homes and improvements to their communities. NRC also provides professional training and certification, symposiums and promotion of industry standards. The Budget proposes \$140 million for NRC operations and grants to network members.

The Northern Border Regional Commission (NBRC), authorized by P.L. 110–234, was established as a Federal-State partnership to provide a comprehensive approach to addressing persistent economic distress in the northern border region. Covering portions of Maine, New Hampshire, New York, and Vermont, NBRC helps coordinate Federal efforts to develop the basic building blocks for economic development, such as transportation and basic public infrastructure, job skills training, and business development.

Nuclear Reactor Safety.—The Nuclear Reactor Safety Program of the U.S. Nuclear Regulatory Commission (NRC) encompasses licensing, regulating, and overseeing civilian nuclear power, research and test reactors, and medical isotope facilities in a manner that adequately protects public health and safety and the environment. This program also provides high assurance of the physical security of facilities and protection against radiological sabotage. This program contributes to the NRC's Safety and Security strategic goals through the activities of the Operating Reactors and New Reactors Business Lines that regulate existing and new nuclear reactors to ensure their safe operation and physical security.

Nuclear Materials and Waste Safety.—The Nuclear Materials and Safety Program reflects the U.S. Nuclear Regulatory Commission's (NRC's) effort to license, regulate, and oversee nuclear materials in a manner that adequately protects the public health and safety and the environment. This program provides assurance of physical security of the most risk-significant materials and waste and protection against radiological sabotage, theft, or diversion of nuclear materials. Through this program, the NRC regulates uranium processing and fuel facilities; research and pilot facilities; nuclear materials users (medical, industrial, research, and academic); and spent fuel storage; spent fuel and material transportation packaging; decontamination and decommissioning of facilities; and low-level and high-level radioactive waste. This program contributes to the NRC's Safety and Security strategic goals through the activities of the Fuel Facilities, Nuclear Materials Users, Spent Fuel Storage and Transportation, and Decommissioning and Low-Level Waste Business Lines.

The U.S. Nuclear Regulatory Commission's (NRC's) Office of Inspector General (OIG) was established as a statutory entity on April 15, 1989, in accordance with the 1988 amendments to the Inspector General Act. The OIG mission is to (1) independently and objectively conduct and supervise audits and investigations relating to NRC programs and operations, (2) prevent and detect fraud, waste, and abuse, and (3) promote economy, efficiency and effectiveness in the NRC's programs and operations. Starting in fiscal year 2014, the NRC's OIG has exercised the same authorities with respect to the Defense Nuclear Facilities Safety Board per the Consolidated Appropriations Act, 2014.

GENERAL PROVISIONS—INDEPENDENT AGENCIES

[Sec. 401. The Nuclear Regulatory Commission shall comply with the July 5, 2011, version of Chapter VI of its Internal Commission Procedures when responding to Congressional requests for information.]

[Sec. 402. (a) The amounts made available by this title for the Nuclear Regulatory Commission may be reprogrammed for any program, project, or activity, and the Commission shall notify the Committees on Appropriations of both Houses of Congress at least 30 days prior to the use of any proposed reprogramming that would cause any program funding level to increase or decrease by more than \$500,000 or 10 percent, whichever is less, during the time period covered by this Act.

- (b)(1) The Nuclear Regulatory Commission may waive the notification requirement in (a) if compliance with such requirement would pose a substantial risk to human health, the environment, welfare, or national security.
- (2) The Nuclear Regulatory Commission shall notify the Committees on Appropriations of both Houses of Congress of any waiver under paragraph (1) as soon as practicable, but not later than 3 days after the date of the activity to which a requirement or restriction would otherwise have applied. Such notice shall include an explanation of the substantial risk under paragraph (1) that permitted such waiver and shall provide a detailed report to the Committees of such waiver and changes to funding levels to programs, projects, or activities.
- (c) Except as provided in subsections (a), (b), and (d), the amounts made available by this title for "Nuclear Regulatory Commission—Salaries and Expenses" shall be expended as directed in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act).
- (d) None of the funds provided for the Nuclear Regulatory Commission shall be available for obligation or expenditure through a reprogramming of funds that

increases funds or personnel for any program, project, or activity for which funds are denied or restricted by this Act.

- (e) The Commission shall provide a monthly report to the Committees on Appropriations of both Houses of Congress, which includes the following for each program, project, or activity, including any prior year appropriations—
 - (1) total budget authority;
 - (2) total unobligated balances; and
 - (3) total unliquidated obligations.

[Sec. 403. Public Law 105–277, division A, section 101(g) (title III, section 329(a), (b)) is amended by inserting, in subsection (b), after "State law" and before the period the following: "or for the construction and repair of barge mooring points and barge landing sites to facilitate pumping fuel from fuel transport barges into bulk fuel storage tanks.". service. The first principle in the Fourteen Principles of Ethical Conduct for Government Officers and Employees is, "[p]ublic service is a public trust, requiring employees to place loyalty to the Constitution, the laws and ethical principles above private gain." Public servants are expected to make impartial decisions based on the interests of the public when performing their job duties. OGE, in concert with agency ethics practitioners throughout the executive branch, ensures that employees fulfill this great trust.

To carry out its leadership and oversight responsibilities, OGE promulgates and maintains enforceable standards of ethical conduct for approximately 2.7 million employees in over 130 executive branch agencies and the White House; oversees a financial disclosure system that reaches more than 26,000 public and more than 380,000 confidential financial disclosure report filers; ensures that executive branch agency ethics programs are in compliance with applicable ethics laws and regulations; provides education and training to the more than 4,500 ethics officials executive branch-wide; conducts outreach to the general public, the private sector, and civil society; and provides technical assistance to state, local, and foreign governments and international organizations.

The Office of Navajo and Hopi Indian Relocation was established by Public Law 93–531 to plan and conduct relocation activities associated with the settlement of a land dispute in northern Arizona between the two tribes.

Bonuses are paid to clients who volunteered for relocation prior to July 7, 1985. Relocation of clients includes such activities as certification, housing acquisition and construction, and land acquisition. Discretionary funds will be used for activities which will facilitate and expedite the overall relocation effort.

The Office of Special Counsel (OSC): 1) investigates federal employee and applicant allegations of prohibited personnel practices (including reprisal for whistleblowing) and other activities prohibited by civil service law and, when appropriate, prosecutes before the Merit Systems Protection Board (MSPB); 2) provides a safe channel for whistleblowing by federal employees and applicants; 3) investigates and enforces the Uniformed Services Employment and Reemployment Rights Act (USERRA); and 4) advises on and enforces the Hatch Act. OSC may transmit whistleblower allegations to the agency head concerned and require an agency investigation. OSC then submits a report to the Congress and the President when appropriate.

In 2015, a record 6,141 cases were submitted to OSC for assistance or action by federal employees and other persons, an increase of 17 percent over 2014 levels. Of this total, 4,056 were prohibited personnel practice cases, a 20 percent increase from last year and a new record for the agency. In 2015, OSC resolved 6,027 matters, the highest total in the agency's history. OSC obtained a record 278 favorable actions for federal employees in response to prohibited personnel practice complaints, including 232 favorable actions in response to complaints of reprisal for whistleblowing.

During 2015, OSC received 1,965 disclosures, an all-time high and a 26% increase over 2014 levels. OSC's Disclosure Unit processed and closed a record 1,947 disclosures, a 48% increase from last year, and referred 62 disclosures of waste, fraud, and abuse to agency heads for investigation.

During 2015, OSC received a record number of whistleblower disclosures from employees at the Department of Veterans Affairs (VA). OSC's work with VA whistleblowers helped to promote accountability and improvements within the VA. OSC continues to receive a disproportionate number of cases from VA employees, has established a priority intake system for VA claims, and is working with the new VA leadership to secure relief, where appropriate, for VA whistleblowers. Finally, in 2014 and 2015, OSC's work with whistleblowers at the Department of Homeland Security

(DHS) led to significant reforms in overtime pay for certain DHS employees, saving the U.S. government \$83.7 million. Furthermore, Congress adopted a new pay system for Border Patrol Agents, which will save the U.S. government \$100 million annually.

	Cases Received 2015	Cases Resolved 2015
Case type:	2013	2013
Prohibited personnel practice complaints	4,056	4,057
Hatch Act complaints	106	131
Whistleblower disclosures	1,965	1,947
USERRA cases	18	21
Totals	6,141	6,207

For 2016 and 2017, OSC projects intakes for whistleblower disclosure, Hatch Act, and prohibited personnel practice cases will continue to increase above 2015 case levels.

Overall, the funding requested for 2017 will enable OSC to meet rising demand for OSC's services, protect the growing number of whistleblowers in the VA and other agencies, protect the employment rights of returning service members, manage continually rising case levels, and protect the federal merit system from prohibited personnel and political practices.

Public Law 111–148 authorized the establishment of the Patient-Centered Outcomes Research Trust Fund (PCORTF) to receive amounts from general fund appropriations, fees on health insurance and self-insured plans, transfers from the Federal Hospital Insurance and Federal Supplementary Medical Insurance Trust Funds, and interest earned on investments. Amounts appropriated or credited to the PCORTF are available to the Patient-Centered Outcomes Research Institute and the Secretary of Health and Human Services for carrying out part D of Title XI of the Social Security Act and section 937 of the Public Health Service Act, respectively.

The Postal Reorganization Act of 1970 (P.L. 91–375), converted the Post Office Department into the U.S. Postal Service (USPS), an independent establishment within the Executive Branch. The Postal Service commenced operations on July 1, 1971. This agency is charged with providing patrons with reliable mail service at reasonable rates and fees.

The U.S. Postal Service is governed by an 11-member Board of Governors, including nine Governors appointed by the President, a Postmaster General who is selected by the Governors, and a Deputy Postmaster General who is selected by the Governors and the Postmaster General.

Since 1971, there have been several Postal reforms. Notably, the Omnibus Budget Reconciliation Act of 1989 (P.L. 101–239) moved the Postal Service "off-budget" so that, beginning in 1990, the receipts and disbursements of the Fund are not considered within the on-budget net spending totals, although they are included within the unified spending and deficit totals. More recently, the 2006 Postal Accountability and Enhancement Act (P.L. 109–435) made a number of changes affecting the operations and oversight of the Postal Service. The Act provided for separate accounting and reporting for market-dominant postal products such as First-Class mail, and competitive products such as package delivery. The Act amended the process for determining rate increases for market-dominant products, in part by imposing a limitation on rate increases linked to the Consumer Price Index for All Urban Consumers (CPI-U). Also per the Act, in 2017 the Postal Regulatory Commission (PRC) will determine if changes should be made to the rate structure including whether to continue the CPI-U cap on rate increases.

P.L. 109-435 also created the Postal Service Retiree Health Benefits (RHB) Fund to put the Postal Service on a path that fully funds its substantial retiree (annuitant) health benefits liabilities. This Fund receives from the Postal Service: 1) The pension savings provided to the Postal Service by the Postal Civil Service Retirement System (CSRS) Funding Reform Act of 2003 (P.L. 108-18) that were held in escrow through 2006; 2) A 10-year stream of payments defined within P.L 109–435 to begin the liquidation of the Postal Service's unfunded liability for post-retirement health benefits; 3) Beginning in 2017, payments for the actuarial cost of Postal Service contributions for the post-retirement health benefits for its current employees; 4) Beginning in 2017, an annual payment based on the 40-year amortization of the remaining unfunded liabilities associated with post-retirement health benefits of USPS employees; and 5) The surplus resources of the Civil Service Retirement and Disability Fund that are not needed to finance future retirement benefits under CSRS to current or former employees of the Postal Service that are attributable to civilian employment with the Postal Service, including the savings from shifting the responsibility for retirement credit related to military service from the Postal Service to the Treasury. Since 2006, USPS has contributed over \$50 billion to the Fund but due to financial difficulties has defaulted on required payments each year since FY 2012, steadily increasing the size of the unfunded liability to be retired through the 40-year amortization.

1332 Postal Service—Continued Federal Funds—Continued THE BUDGET FOR FISCAL YEAR 2017

POSTAL SERVICE FUND—Continued

Beginning in 2017, P.L. 109–435 also requires the Postal Service to begin a 27-year amortization to retire any unfunded liability under CSRS.

The activities of the U.S. Postal Service are financed from the following sources: (1) mail and services revenue; (2) reimbursements from Federal and non-Federal sources; (3) proceeds from borrowing; (4) interest from U.S. securities and other investments; and (5) appropriations by the Congress. All receipts and deposits are made to the Postal Service Fund and are available without fiscal year limitation for payment of all expenses incurred, retirement of obligations, investment in capital assets, and investment in obligations and securities.

As amended by P.L. 109–435, the Postal Service's statutory borrowing authority is capped at \$15.0 billion, and its annual increase in outstanding debt within the cap is limited to \$3.0 billion. As of September 30, 2015, the total debt issued and outstanding pursuant to this authority amounts to the full \$15.0 billion.

The Budget estimates that the Postal Service will have an annual operating deficit of \$4.4 billion in 2017 and more than \$4.3 billion in each subsequent year through 2026. In its 2015 annual financial report (Form 10-K), the USPS states that, absent changes to its financial forecast from legislative action, it will likely default on a \$5.8 billion payment to the RHB Fund due on September 30, 2016. In light of the Postal Service's recent history of defaults on required RHB payments, the Budget baseline for the Postal Service reflects this default. The Budget also reflects partial or full defaults by the Postal Service on required CSRS amortization and RHB amortization payments in order to align expenses with estimated Postal revenues. See also the Budget Process chapter of the Analytical Perspectives volume of the Budget for discussion of PAYGO scoring of Postal Reform and the inclusion of default expectations in the baseline.

The Administration recognizes the enormous value of the U.S. Postal Service (USPS) to the Nation's commerce and communications, as well as the need for reform in light of structural changes to the Nation's means of communication to ensure its future viability. Therefore, the Budget proposes specific authorities to improve the USPS' efficiency, update its business model, and better align its revenues and expenses, along with financial relief measures, grounded on principles of fiscal responsibility as well as sound financial management. The Administration will work with the Congress and Postal stakeholders to secure the necessary reforms.

The Budget proposes to require that OPM calculate any unfunded Postal liabilities and resulting amortization payments for the Civil Service Retirement System (CSRS) and the Federal Employee Retirement System (FERS) using factors (including investment returns, salary growth rates, and cost of living adjustments granted to Postal retirees) specific to the demographics of the Postal Service workforce. The Budget reflects reduced USPS FERS liabilities of \$1.5 billion and reduced CSRS liabilities of \$4 billion based on OPM's initial review that incorporates these Postal-specific demographic factors. The Budget also proposes to extend the amortization schedule of any unfunded liability to 40 years to match existing requirements for Postal Retiree Health Benefits. The combined effect of reduced unfunded liabilities and longer amortization period is estimated to provide USPS with \$5.7 billion in financial relief through 2026.

The Budget also proposes to restructure USPS payments to the Retiree Health Benefits (RHB) Fund that are currently specified in the Postal Accountability and Enhancement Act of 2006 (P.L. 109–435). This change would still prudently pre-fund 100 percent of retiree health liabilities, but on an accruing cost basis that is more affordable for USPS. This restructuring, which includes codifying USPS' missed RHB payments from 2011–2016 and reducing the portion of the unfunded liability to be repaid over the course of the 40-year amortization schedule to 80 percent of the total liability, is estimated to provide USPS with \$18.6 billion in relief through 2026. USPS would be required to continue payments after the 40-year amortization to fully fund its Retiree Health Benefits liabilities.

In addition, the Budget proposes operational reforms to improve efficiencies, reduce Postal expenses and improve its revenue, including: 1) reducing

OTHER INDEPENDENT AGENCIES

Postal Service—Continued Federal Funds—Continued Federal Federal Funds—Continued Federal Funds—Continued Federal Funds—Continued Federal F

USPS operating costs by giving USPS authority to reduce mail delivery frequency from six days to five days if mail volume falls below 140 billion pieces for four consecutive quarters (the Budget assumes this will occur near the end of 2018); 2) allowing USPS to leverage its resources by increasing collaboration with State and local governments; 3) allowing the Postal Service to begin shifting to centralized and curbside delivery where appropriate and codify its current administrative plan to avoid small and rural post office closures; 4) enhancing Postal Service governance to allow USPS management and its Board of Governors to more quickly and effectively respond to market opportunities and challenges while retaining strong oversight from the Postal Regulatory Commission (PRC) and Congress; 5) permanently extending the PRC's December 2013 'exigent' postage rate increase that is scheduled to expire early in 2016; and 6) requiring the Postmaster General to provide a proposal to the PRC for a new rate structure that will provide financial stability, pricing flexibility, and support for universal service; the PRC will review and consider this proposal as part of its 10-year review of Postal rates required by P.L. 109-435.

Together, these reforms would set USPS on a sustainable business path, providing it with over \$27 billion in cash relief, operational savings, and additional revenue through 2020. The Budget also proposes to amend the Budget Act to require PAYGO scoring of Postal legislation be on a unified budget basis to comprehensively reflect the impact of legislation on overall deficits and debt. On a unified basis, the proposed reforms yield estimated PAYGO savings of almost \$39 billion over 11 years.

U.S. Postal Service (USPS) Office of Inspector General (OIG) is an independent organization charged with reporting to Congress on the overall efficiency, effectiveness, and economy of USPS programs and operations. The OIG meets this responsibility by conducting audits, investigations, and other reviews. The OIG focuses on the prevention, identification, and elimination of 1) waste, fraud, and abuse; 2) violations of laws, rules, and regulations; and 3) inefficiencies in USPS programs and operations.

Pursuant to P.L. 109–435, the 2017 appropriation request of the Office of Inspector General of the U.S. Postal Service is \$258,800,000.

Section 603(b)(1) of P.L. 109–435 (Postal Accountability and Enhancement Act) authorizes appropriations for the Office of Inspector General out of the off-budget Postal Service Fund beginning in 2009. The authorization resulted in the reclassification of the USPS Office of Inspector General spending from off-budget mandatory to off-budget discretionary.

The Postal Regulatory Commission is an independent agency that has exercised regulatory oversight over the U.S. Postal Service (USPS) since its creation by the Postal Reorganization Act of 1970. That oversight consisted primarily of conducting public, on-the-record hearings concerning proposed rates, mail classification, and major service changes, and recommended decisions for action to the Postal Service Board of Governors.

The Postal Accountability and Enhancement Act (PAEA, P.L. 109–435) assigned new responsibilities to the Commission, including providing regulatory oversight of the pricing of USPS products and services, ensuring USPS transparency and accountability, and serving as a forum to act on complaints with postal products and services. The Commission provides leadership and recommends policies that foster a robust and viable postal system.

Pursuant to P.L. 109–435, the 2017 appropriation request of the Postal Regulatory Commission is \$17,726,000. Section 603(a) of PAEA authorizes appropriations for the Commission out of the off-budget Postal Service Fund beginning in 2009. The authorization resulted in the reclassification of the Commission's spending from off-budget mandatory to off-budget discretionary.

The Presidio Trust (Trust) is a wholly-owned Government corporation established by the Omnibus Parks and Public Lands Management Act of 1996 (Public Law 104–333) to manage, improve, maintain and lease property in the Presidio of San Francisco and to operate the Presidio as a self-sustaining part of the national park system. The Trust has jurisdiction over 80% of the Presidio and has successfully converted the historic Army base into a thriving park community that will operate without annual appropriations beginning in FY 2013. Funds to operate the park and its public programs will come from lease revenues and other non-Federally appropriated funding sources. The Presidio of San Francisco is an historic preservation success, and a success for the American taxpayer.

The Intelligence Reform and Terrorism Prevention Act of 2004 (IRTPA) created the Privacy and Civil Liberties Oversight Board (PCLOB). The IRTPA originally placed the Board within the Executive Office of the President. The Implementing Recommendations of the 9/11 Commission

Act of 2007 reconstituted the Board as an independent oversight agency within the Executive Branch. All five members of the Board are nominated by the President and confirmed by the Senate for staggered six-year terms. The Board has two main responsibilities: 1) to analyze and review actions the executive branch takes to protect the United States from terrorism, ensuring that the need for such actions is balanced with the need to protect privacy and civil liberties; and 2) to ensure that liberty concerns are appropriately considered in the development and implementation of laws, regulations, and policies related to efforts to protect the Nation against terrorism. The Board is required to report semi-annually on its operations to the U.S. Congress, as well as inform the public of its activities, as appropriate.

The Public Defender Service for the District of Columbia (PDS) is a federally funded, independent organization governed by an eleven-member Board of Trustees. PDS was created in 1970 by a Federal statute (P.L. 91–358; see also D.C. Code Sec. 2–1601, et seq.) to fulfill the constitutional mandate (under *Gideon v. Wainwright*) to provide criminal defense counsel for individuals who cannot afford to hire a lawyer. PDS's mission is to provide and promote quality legal representation for indigent adults and children facing a loss of liberty in the District of Columbia justice system and thereby protect society's interest in the fair administration of justice. PDS specializes in representation in the most complex and resource-intensive criminal and delinquency cases. PDS also represents individuals facing involuntary civil commitment in the District's mental health system and individuals facing parole revocation for D.C. Code offenses.

In recognition of the continuing decline in virtually all its major workloads, the Board will explore and adopt new approaches to improve service to beneficiaries.

The President's Budget includes a legislative proposal to amend the Railroad Retirement Act to allow the Railroad Retirement Board (RRB) to utilize various hiring authorities available to other Federal agencies. Section 7(b)(9) of the Railroad Retirement Act contains language requiring that all employees of the RRB, except for one assistant for each Board Member, must be hired under the competitive civil service. Elimination of this requirement would enable the RRB to use various hiring authorities offered by the Office of Personnel Management.

The President's Budget includes a legislative proposal to amend the Railroad Retirement Act and the Railroad Unemployment Insurance Act to include a felony charge for individuals committing fraud against the Agency. Under this proposal, both the Railroad Retirement Act and the Railroad Unemployment Insurance Act would be amended to include a felony charge similar to violations under 42 U.S.C. 408, 18 U.S.C. 1001, or 18 U.S.C. 287.

The President's Budget includes a request to amend the Social Security Act to provide access for the Railroad Retirement Board to the National Directory of New Hires.

All railroad retirees receive the equivalent of a social security benefit, and they may also receive other add-ons including rail industry pension payments, windfall payments, and supplemental annuities. Social security benefits for former railroad employees are funded by the social security trust funds, and rail industry pension payments are the responsibility of the rail sector.

Under current law, a financial interchange occurs once each year between the social security trust funds and the social security equivalent benefit (SSEB) account. SSEB receives monthly advances from the general fund equal to an estimate of the transfer SSEB would have received for the previous month if the financial interchange transfers were on a monthly basis. Advances from the previous year are repaid annually to the general fund immediately after the financial interchange is received. In 2015, \$3.847 million was advanced and \$3.879 million was repaid.

The primary mission of the Securities and Exchange Commission (SEC) is to protect investors; maintain fair, orderly, and efficient markets; and facilitate capital formation. The SEC's six major programs include the following:

-286

-213

-139

7020 Unfunded deficiency, end of year ...

Enforcement.—The Division of Enforcement investigates and prosecutes civil violations of the Federal securities laws and works closely with the Department of Justice and other law enforcement partners to coordinate and assist in criminal prosecutions.

Compliance Inspections and Examinations.—The Office of Compliance Inspections and Examinations conducts the SEC's National Examination Program to detect violations of the Federal securities laws and evaluate internal compliance controls at securities firms registered with the SEC.

Corporation Finance.—The Division of Corporation Finance selectively reviews company disclosures to ensure that investors have the information necessary to make informed investment decisions and to help deter fraud and misrepresentation in securities transactions.

Trading and Markets.—The Division of Trading and Markets' (TM) mission is to establish and maintain standards for fair, orderly, and efficient markets while fostering investor protection and confidence in the markets. TM oversees the activities of industry self-regulatory organizations, such as the Financial Industry Regulatory Authority, and directly regulates

SALARIES AND EXPENSES—Continued

market participants where Commission rulemaking is more effective than self-regulation.

Investment Management.—The Division of Investment Management works to protect investors, promote informed investment decision making, and facilitate appropriate innovation in investment products and services through regulation of the asset management industry.

Economic and Risk Analysis.—The Division of Economic and Risk Analysis integrates financial economics and rigorous data analytics into the core mission of the SEC.

Several additional program offices directly support the major programs, including the Office of Investor Education and Advocacy, the Office of the Chief Accountant, and the Office of International Affairs.

Implementation of the Dodd-Frank Wall Street Reform and Consumer Protection Act (P.L. 111–203) (the Dodd-Frank Act).—The Dodd-Frank Act assigned significant new responsibilities to the SEC that have a substantial long-term impact on the agency's workload, including oversight of hedge fund advisers and a portion of the over-the-counter derivatives market; registration of municipal advisers, security-based swap dealers, and major security-based swap participants; enhanced supervision of credit rating agencies and clearing agencies; heightened regulation of assetbacked securities; and administration of a new whistleblower award program. The increase requested for 2017 is a down payment toward doubling the funding of the SEC from its 2015 level by 2021, enabling the SEC to thoroughly perform its post-Dodd-Frank mission.

The SEC is funded through offsetting fees and assessments collected pursuant to section 31 of the Securities Exchange Act of 1934 (15 U.S.C. 78ee). The Budget proposes \$1.781 billion in collections to fund SEC operations in 2017. Because the SEC's budget is offset by fees, the agency's funding level has no impact on the Federal deficit.

amounts determined necessary to carry out Commission functions. The Reserve Fund provisions took effect on October 1, 2011.

The Reserve Fund is funded by deposits from registration fees collected by the Commission under section 6(b) of the Securities Act of 1933 (15 U.S.C. 77f(b)) and section 24(f) of the Investment Company Act of 1940 (15 U.S.C. 80a-24(f)). In any one fiscal year, the amount deposited in the Reserve Fund may not exceed \$50 million and obligations from the Reserve Fund may not exceed \$100 million. The balance in the Reserve Fund may not exceed \$100 million. Amounts in the Reserve Fund are available until expended. (The remainder of registration fee collections for each fiscal year are deposited in the General Fund of the Treasury and are not available for obligation by the Commission.)

Amounts collected and deposited in the Reserve Fund are not subject to appropriation or apportionment. However, the Commission is required to notify Congress of the amount and purpose of any obligations made utilizing amounts from the Reserve Fund within 10 days.

As part of the Dodd-Frank Wall Street Reform and Consumer Protection Act (P.L. 111–203) (the Dodd-Frank Act), Congress substantially expanded the Securities and Exchange Commission's (SEC or Commission) authority to pay whistleblower awards and enhanced the anti-retaliation protections available to whistleblowers. The intent is to elicit high-quality tips by motivating persons with inside knowledge to assist the Federal Government in identifying and prosecuting individuals who violate the Federal securities laws

To comply with direction provided in the Dodd-Frank Act, the SEC's Division of Enforcement established an Office of the Whistleblower to administer and enforce the whistleblower award program. The Investor Protection Fund (the Fund), established by the Dodd-Frank Act, provides resources for payments to whistleblowers and for the SEC's Office of the Inspector General Employee Suggestion Program. Deposits into the Fund are comprised of a portion of monetary sanctions collected by the SEC in judicial or administrative actions brought by the Commission under the Federal securities laws that are not added to a disgorgement fund or other fund under section 308 of the Sarbanes-Oxley Act of 2002 (P.L. 107-204), as well as amounts in such funds that will not be distributed to injured investors. No sanction collected by the Commission can be deposited into the Fund if the balance at the time the sanction is collected exceeds \$300 million. The Commission is required to submit an annual report on the whistleblower award program to the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Financial Services of the House of Representatives.

The figures reported for FY 2016 and FY 2017 are based on assumptions regarding several variables inherent to litigation and to the Commission's whistleblower award process. Given the potential for significant variation in the payouts and their timing, it is possible that actual payouts will be either significantly higher or significantly lower than these estimates.

The Sarbanes-Oxley Act of 2002 (P.L. 107–204) established the PCAOB to oversee the audit of public companies that are subject to the Federal securities laws. The PCAOB was created to protect the interests of investors by regulating the preparation of informative, accurate, and independent audit reports for companies whose securities are sold to and held by and for public investors. Funding for the PCAOB comes from registration and annual fees paid by public accounting firms and accounting support fees paid by public companies.

The Financial Accounting Standards Board (FASB) is an independent, private-sector organization organized in 1973 within the Financial Accounting Foundation (FAF), which is an independent, private-sector, not-forprofit corporation. The FASB consists of a seven-member board, whose members are appointed by the FAF. The FASB was originally designated by the Securities and Exchange Commission (SEC) as the authoritative standard setter for purposes of the Federal securities laws in 1973. In April 2003, the SEC reaffirmed the status of the FASB as a designated privatesector standard setting body pursuant to the Sarbanes-Oxley Act of 2002 (P.L. 107-204) (the Act), stating that the FASB's financial accounting and reporting standards are recognized as "generally accepted" for purposes of the Federal securities laws.

The Act authorizes funding for the standard setting body to be derived from accounting support fees assessed on public companies, although the FAF has, on a voluntary basis, partially offset the fees that could be assessed pursuant to the Act by payments derived from publication sales and licensing fees. Prior to the Act, the FASB was funded by voluntary contributions from public companies, public accounting firms, and other stakeholders.

Note: Because the Securities Investor Protection Corporation (SIPC) does not report budgetary data to Treasury, amounts shown above were derived from SIPC's financial data.

SIPC was created by the Securities Investor Protection Act of 1970 (SIPA). Its purpose is to afford certain protections to customers against loss resulting from broker-dealer failure and, thereby, promote investor confidence in the Nation's securities markets. SIPC is a non-profit membership corporation. Its members are, with some exceptions, all persons registered as brokers or dealers under Section 15(b) of the Securities Exchange Act of 1934 and all persons who are members of a national securities exchange. SIPC receives funds through assessments on its membership and from interest earned on its investments in U.S. Government securities.

SIPC may borrow up to \$2.5 billion from the U.S. Department of the Treasury, through the Securities and Exchange Commission, in the event that the fund maintained by SIPC is insufficient to satisfy the claims of customers of brokerage firms in SIPA liquidation. SIPC has not accessed these loans to date and the Budget does not project that SIPC will require use of these loans over the next 10 years.

The Smithsonian Institution conducts research in natural and physical sciences, history and the history of cultures, technology and the arts. The Institution acquires and preserves more than 137 million items of scientific, cultural, and historic importance for reference and study purposes. These resources may be accessed by millions of visitors and researchers worldwide either in person, or increasingly online. Smithsonian's public exhibitions delve into subjects from aeronautics to zoology.

The Institution operates 19 museums and galleries, a zoological park and animal conservation and research center, research facilities, and supporting facilities.

Included in the presentation of the Salaries and Expenses account are data for the Canal Zone biological area fund. Donations, subscriptions, and fees are appropriated and used to defray part of the expenses of maintaining and operating the Canal Zone biological area (60 Stat. 1101; 20 U.S.C. 79, 79a).

The Surface Transportation Board (the Board) was created on January 1, 1996, by P.L. 104–88, the Interstate Commerce Commission Termination Act of 1995 (ICCTA). The Surface Transportation Board Reauthorization Act of 2015 (P.L. 114–110) established the Board as a wholly independent agency and expanded the Board's membership from three to five Board Members. The Board is specifically responsible for the regulation of the rail and pipeline industries and certain non-licensing regulation of motor carriers and water carriers.

Rail Carriers.—This regulatory oversight encompasses the regulation of rates, mergers and acquisitions, construction, and abandonment of railroad lines, as well as the planning, analysis, and policy development associated with these activities.

Other Surface Transportation Carriers.—This regulatory oversight includes certain regulation of the intercity bus industry and surface pipeline carriers as well as the rate regulation of water transportation in non-contiguous domestic trade, household-good carriers, and collectively determined motor rates.

2017 Program.—\$ 33,250,000 is requested to implement rulemakings and adjudicate the ongoing caseload within the directives and deadlines set forth by the ICCTA. This includes a request for \$1,250,000 from offsetting collections of user fees.

The following paragraph is presented in compliance with Section 703 of the ICCTA. It is presented without change or correction.

The Board's Request to the Office of Management and Budget (OMB).—The Board had submitted to the Secretary of Transportation and OMB a 2017 appropriation request of \$40,105,000 and a request that

\$1,250,000 from the offsetting collection of user fees be made available to the Board to operate at 175 full-time equivalents. The offsetting collection of user fees is based on the costs incurred by the Board for fee-related activities and is commensurate with the costs of processing parties' submissions. In past fiscal years, the Board received both an appropriation and authorization for offsetting collections to be made available to the appropriation for the Board's expenses. The Budget request reflects offsetting collections as a credit to the appropriation received, to the extent that they are collected.

This level of funding is necessary to implement rulemakings and adjudicate the ongoing caseload within the deadlines imposed by ICCTA. The Board requires adequate resources to perform key functions under the ICCTA, including rail rate reasonableness oversight; the processing of rail consolidations, abandonments, and other restructuring proposals; and the resolution of non-rail matters. This request also includes staffing and resources required to implement the Board's expanded jurisdiction with respect to regulation of passenger rail service under the Passenger Rail Investment and Improvement Act of 2008 (P.L. No. 110–432) and the enhancement of the Board's audit program to monitor the financial condition of the Nation's railroads.

The Tennessee Valley Authority (TVA) was created in 1933 as a government-owned corporation for the unified development of a river basin comprised of parts of seven states. The agency is currently self-funded, financing its operations almost entirely from revenues and power system financings.

TVA's Non-Power Programs.—TVA operates a series of 49 dams and 47 reservoirs to reduce the risk of flooding, enable year-round navigation, supply affordable and reliable electricity, improve water quality and water supply, provide recreational opportunities, stimulate economic growth, and provide a wide range of other public benefits. TVA is responsible for critical stewardship activities within the Tennessee Valley which include: water release regulation; maintenance of dam machinery and spillway gates; modifications on nine main and four auxiliary navigation locks and associated mooring facilities; improvement of water quality and supply; management of shoreline erosion; regulation of shoreline development along the Tennessee River and its tributaries; planning and management of 293,000 acres of public land; and operation of public recreation areas.

These services are funded entirely by TVA's power revenues and its user fees.

TVA's Power Program.—TVA supplies electric power to an area of 80,000 square miles in parts of the seven Tennessee Valley states. Estimated income from power operations, net of interest charges and depreciation, and other operating expenses is approximately \$784 million in 2017 on operating revenues of \$11.1 billion. Power generating facilities are financed from power revenues and power system financings. TVA's power system financings consist primarily of the sale of debt securities and secondarily of alternative forms of financing such as lease arrangements.

TVA Policy Initiatives.—TVA is executing a plan to continue to provide competitive, reliable rates to its customers. TVA worked with its local power company customers to restructure its pricing plan to put TVA in a more competitive position to attract and retain customers. TVA exceeded its cost reduction initiative goal of reducing operating costs by \$500 million from its 2013 budget by more than \$100 million and is committed to future continuous improvement initiatives. TVA plans to adjust its capital spending based on market and regulatory conditions. On October 22, 2015, the Nuclear Regulatory Commission (NRC) issued a forty-year operating license for Watts Bar Unit 2, and it is expected that the unit will begin commercial operation in the third quarter of fiscal year 2016. The total estimated cost of completion is approximately \$4.5 billion. In September 2015, Units 1 and 2 of the Sequoyah Nuclear Plant received license extensions to 2040 and 2041, respectively. During 2015, the TVA Board of Directors approved the retirement of Units 7 and 8 at Widows Creek Fossil Plant removing 938 megawatts (MW) of summer net capability from its coal-fired generation fleet. These were the last operating units at the Stevenson, Alabama facility, which stopped generating electricity in September 2015 after a 63-year history of producing power. The TVA Board also approved the acquisition of a 700 MW combined-cycle plant located in Ackerman, Mississippi and a power purchase agreement for an 80 MW solar installation in Lauderdale County, Alabama which would be the largest in the Tennessee Valley region. The TVA Board also approved the recommendations in the 2015 Integrated Resource Plan which provide strategic guidance for a diverse resource portfolio and reinforce the importance that TVA's power be reliable, affordable, and sustainable into the future. Work is also continuing on the remediation of the seepage discovered in October 2014 at TVA's Boone Dam, and the project is expected to take five to seven years to complete. TVA recently filed its Annual Report on Form 10-K with the Securities and Exchange Commission, which provides transparency of its business operations.

Financing.—Amounts estimated to become available for TVA programs in 2017 are to be derived from operating revenues of \$11.1 billion. The outstanding balance of TVA's bonds, notes, and other evidences of indebtedness is limited by statute and cannot exceed \$30 billion. TVA's outstanding debt and debt-like obligations were \$26.1 billion at the beginning of 2016 and are estimated to increase to \$26.6 billion by the end of 2017, primarily from several capacity expansion projects. At the beginning of 2016, TVA had \$2.2 billion in debt-like obligations that are not counted against its statutory debt cap.

Operating results and financial conditions.—Payments to the Treasury from power proceeds in 2017 are estimated at an \$8 million return on the appropriation investment in the power program. Total capital spending for 2017 is estimated at \$2.5 billion, which in addition to new generation capacity includes \$320 million for environmental projects and \$1.2 billion to maintain TVA's existing generation assets. Total Government equity at September 30, 2017, is estimated to be \$776 million more than that at September 30, 2016. This change includes the estimated net income from power operations and payments to the Treasury. As of September 30, 2015 the funding status of TVA employees' defined benefit pension plan (TVARS) declined to a 53% funding ratio and \$6.0 billion unfunded liability. This compares to a 62% funding ratio and \$4.8 billion unfunded liability in 2014, and a 63% funding ratio and \$4.8 billion unfunded liability in 2013. TVA contributed \$275 million to TVARS, compared to a minimum

Under current law, the Office of Surface Mining (OSM) at the Department of Interior is obligated to make annual payments to certain States as well as certain health care plans administered by the United Mine Workers of America (UMWA). OSM is also obligated to make additional payments derived from the general fund of the Treasury to those UMWA health care plans. The size of those payments depend on the interest credited to balances in the Abandoned Mine Reclamation Fund. Under current law, total obligations derived from the general fund for those purposes cannot exceed \$490 million a year. The Budget would include a legislative proposal that would pay the 1974 UMWA pension plan the difference between that cap and other OSM obligations to the states and other health care plans. Payments would be made by the Pension Benefit Guaranty Corporation within the Department of Labor. The 1974 plan, which covers more than 100,000 mineworkers, is underfunded and approaching insolvency. Payments would continue until the plan is fully funded on a current liability basis.

The Combined Benefit Fund was established by the Coal Industry Retiree Health Benefit Act of 1992 to take over paying for medical care of retired miners and their dependents who were eligible for health care from the private 1950 and 1974 United Mine Workers of America Benefit Plans. The Fund's trustees represent the United Mine Workers of America and coal companies. The Fund is financed by assessments on current and former signatories to labor agreements with the United Mine Workers; past transfers from the United Mine Workers pension fund; transfers from the Abandoned Mine Land Reclamation fund; a Medicare prescription drug demonstration; and the General Fund of the Treasury.

The 1992 Benefit Plan was established by the Coal Industry Retiree Health Benefit Act of 1992. It pays for health care for those miners who retired between July 21, 1992 and September 30, 1994, and their dependents, who are eligible for benefits under an employer plan and cease to be covered, usually because an employer is out of business. Plan trustees are appointed by the United Mine Workers of America and the Bituminous Coal Operators Association, a coal industry bargaining group. The Plan is supported by signers of the 1988 labor agreement with the United Mine Workers of America; a Medicare prescription drug demonstration; transfers from the Abandoned Mine Land Reclamation fund; and the General Fund of the Treasury.

UNITED MINE WORKERS OF AMERICA 1993 BENEFIT PLAN—Continued

The 1993 Benefit Plan provides health benefits to certain retired mine workers and disabled mine workers who are not eligible for benefits under the Coal Industry Retiree Health Benefit Act of 1992 and who are not receiving benefits from employers' benefit plans. The 1993 Benefit Plan was established through collective bargaining under the National Bituminous Coal Wage Agreement of 1993. Plan trustees are appointed by the United Mine Workers of America and the Bituminous Coal Operators Association, a coal industry bargaining group. The Plan is financed by signatories to the National Bituminous Coal Wage Agreement; transfers from the Abandoned Mine Land Reclamation fund; a Medicare prescription drug demonstration; and the General Fund of the Treasury.

The Budget includes a legislative proposal that would revise the formula for general fund payments to the Plan by taking into account all beneficiaries enrolled in the Plan as of enactment, as well as those retirees whose health benefits were denied or reduced as the result of a bituminous coal industry bankruptcy proceeding commenced in 2012.

The United States Court of Appeals for Veterans Claims (Court) is a national court of record established by the Veterans Judicial Review Act, Pub. L. No. 100-687, Division A (1988) (Act). The Act, as amended, is codified in part at 38 U.S.C. §§ 7251-7299. The Court is part of the Federal judicial system and has a permanent authorization for seven judges, one of whom serves as chief judge. The judges are appointed by the President, by and with the advice and consent of the Senate, for 15-year terms, except that two have been appointed for 13-year terms pursuant to Pub. L. No. 106-117, Nov. 30, 1999. Two additional, temporary judgeships were currently authorized pursuant to 38 U.S.C. § 7253(i) and one judge having retired in September 2015, eight active judges are serving on the Court. The temporary authorization for nine judges directs that no additional judges may be appointed until there are fewer than seven judges serving. Based on potential retirements, this could occur as early as December 2016. Due to the often long lead time in appointing judges, serious consideration to extending or making permanent the authorization for nine judges is warranted. Our five senior judges may also be recalled to provide service throughout the year, as needed. Two other judges are retired due to permanent disability. For management, administration, and expenditure of funds in areas beyond the bounds of Chapter 72 of Title 38, the Court may exercise the authorities provided for such purposes applicable to other courts as defined in Title 28, U.S. Code. The Court has exclusive jurisdiction to review decisions made by the Department of Veterans Affairs Board of Veterans' Appeals (Board) that adversely affect a person's entitlement to VA benefits. This judicial review, although specialized in scope, is the same as that performed by all other United States Courts of Appeal. In cases before it, the Court has the authority to decide all relevant questions of law; to interpret constitutional, statutory, and regulatory provisions; and to determine the meaning or applicability of actions/decisions by the Secretary of Veterans Affairs. The Court may affirm, set aside, reverse, or remand those decisions as appropriate. Additionally, the Court has authority under 28 U.S.C. § 1651 to issue all writs necessary or appropriate in aid of its jurisdiction, and to act on applications under 28 U.S.C.§ 2412(d), the Equal Access to Justice Act (EAJA). Certain decisions by the Court are reviewable by the United States Court of Appeals for the Federal Circuit and, if certiorari is granted, by the United States Supreme Court. The Court is located in Washington, D.C., see 38 U.S.C. § 7255 (requiring the principal office of the Court and duty station of each active service judge to be located in the D.C. metropolitan area), but as a national court, the Court may sit anywhere in the United States.

In 1992, the Congress authorized the Court to transfer up to \$950,000 from its appropriation that year to the Legal Services Corporation (LSC), for the purpose of providing, facilitating, and furnishing legal and other assistance, through grant or contract, to veterans and others seeking recourse in the Court. That program, often referred to as the pro bono representation

program, has been ongoing since that time, with LSC responsible for oversight and grant distribution responsibilities. The Appropriations Subcommittees consider that budget request separately from the Court's budget request, although both are submitted together.

A total of \$30,945,100 of which \$28,445,100 will be used by the United States Court of Appeals for Veterans Claims for operations as authorized by 38 U.S.C. §§ 7251–7299; and \$2,500,000, which shall be transferred to the Legal Services Corporation to facilitate the furnishing of legal and other assistance in accordance with the process and reporting procedures set forth under this heading in Public Law No. 102–229.

The United States Court of Appeals for Veterans Claims Retirement Fund (Retirement Fund or Fund), established under 38 U.S.C. § 7298, is used for judges' retired pay and for annuities, refunds, and allowances provided to surviving spouses and dependent children. Participating judges pay 1% of their salaries to cover creditable service for retired pay purposes and 2.2% of their salaries for survivor annuity purposes. Additional funds needed to cover the unfunded liability may be transferred to the Retirement Fund from the Court's annual appropriation. The Court's contribution to the Fund is estimated annually by an actuarial firm retained by the Court. The Fund is invested solely in government securities.

The Energy Policy Act of 1992 established the United States Enrichment Corporation (USEC) as a wholly owned government corporation and transferred the Department of Energy's uranium enrichment enterprise to the corporation. EPAct also established the USEC Fund for all financial transactions of the corporation. Pursuant to the USEC Privatization Act of 1996, the government privatized USEC through a stock sale to the private sector in 1996. Since privatization, the balances in the USEC Fund remain unused and continue to accrue interest. The uranium enrichment facilities are now shut down and significantly contaminated by decades of operations for defense and non-defense commercial activities. Under EPAct, the Uranium Enrichment Decontamination and Decommissioning (UED&D) Fund pays, subject to appropriation, the decontamination and decommissioning costs of the gaseous diffusion plants in Tennessee, Ohio, and Kentucky. The Administration proposes authorize the use of balances in the USEC Fund to carry out activities currently authorized to be funded by the UED&D Fund due to higher-than-expected cleanup costs.

Created by Congress in 1984, the United States Institute of Peace (USIP) is an independent, nonpartisan institution charged with increasing the nation's capacity to prevent, mitigate, and help resolve international conflict without violence. USIP is governed by a 15-person board made up of the Secretary of State and the Secretary of Defense, the President of the National Defense University, and 12 others appointed by the President of the United States on a bipartisan basis and confirmed by the U.S. Senate.

USIP exemplifies America's commitment to peace and acts daily to uphold that commitment. The Institute does so by engaging directly in conflict zones, where staff and local partners take significant risks in the ongoing struggle against violence. USIP also provides education, training, analysis and resources to those working for peace.

Headquartered on the National Mall, USIP advances U.S. strategic interests while helping to protect the vulnerable from conflicts that devastate lives and livelihoods. These conflicts undermine legitimate governments that attempt to resolve disputes through laws rather than arms, and violate universal standards of human dignity. All too often, they sustain extremists and their vicious ideologies. Left unaddressed, these conflicts imperil America's economic and physical security. They threaten values America shares with just societies worldwide. For these reasons, Congress included United States Institute of Peace Act in Title XVII of the Defense Authorization Act of 1985, creating an independent institute to "promote international peace and the resolution of conflicts among the nations and peoples of the world without recourse to violence."

The United States Interagency Council on Homelessness (USICH) is an independent Executive Branch agency whose mission is to coordinate the Federal response to homelessness and to create a national partnership at every level of government and with the private sector to prevent and end homelessness. In collaboration with its 19 member Federal agencies, USICH led the development of Opening Doors: the Federal Strategic Plan to Prevent and End Homelessness, which was released in June 2010. The Plan set four ambitious goals: to prevent and end chronic homelessness; end veteran homelessness; end homelessness for families, youth and children; and set a path to preventing and ending all types of homelessness. The Budget proposes \$3.6 million for USICH to continue to work with Federal, state and local partners to implement the Plan. In addition, the Budget proposes to extend USICH's authorization through October 1, 2020, and increase the salary level for the Executive Director, consistent with other equivalent positions in the Federal Government.

The Vietnam Education Foundation Act of 2000 (Title II of Public Law 106-554) created the Vietnam Education Foundation (VEF) to administer an international fellowship program under which Vietnamese nationals can undertake graduate and post-graduate level studies in the United States in the sciences (natural, physical, and environmental), mathematics, medicine, and technology, and American citizens can teach in these fields in appropriate Vietnamese institutions of higher education. The Act also authorized the establishment of the Vietnam Debt Repayment Fund, in which all payments (including interest payments) made by the Socialist Republic of Vietnam under the United States-Vietnam debt agreement shall be deposited as offsetting receipts. Beginning in 2002, and in each subsequent year through 2018, \$5 million of the amounts deposited into the fund from USDA and USAID shall be available to VEF for operations and fellowship programs. Beginning in 2015, and in each subsequent year through 2018, the remaining amounts deposited into the fund from USDA and USAID shall be available to support the establishment of an independent, not-for-profit academic institution in the Social Republic of Vietnam.
