§ 41.3 Policy.

(a) It is the policy of the Department of Defense to promote the readiness of the Military Services by maintaining high standards of conduct and performance. Separation policy promotes the readiness of the Military Services by providing an orderly means to:

(1) Ensure that the Military Services are served by individuals capable of meeting required standards of duty performance and discipline;

(2) Maintain standards of performance and conduct through characterization of service in a system that emphasizes the importance of honorable service;

(3) Achieve authorized force levels and grade distributions; and

(4) Provide for the orderly administrative separation of enlisted personnel in a variety of circumstances.

(b) DoD separation policy is designed to strengthen the concept that military service is a calling different from any civilian occupation.
