k. *Replanting* means performing the cultural practices necessary to replant insured acreage to dry beans.

l. *Replant payment* means that payment made to the insured in accordance with the provisions of subsection 9.g. of this policy which payment is subject to offset for premium owed.

m. *Service office* means the office servicing your contract as shown on the application for insurance or such other approved office as may be selected by you or designated by us.

n. *Tenant* means a person who rents land from another person for a share of the beans or a share of the proceeds therefrom.

o. *Unit* means all insurable acreage of either dry edible beans or bush varieties of garden seed beans in the county on the date of planting for the crop year:

- (1) In which you have a 100 percent share; or
- (2) Which is owned by one entity and operated by another entity on a share basis.

Land rented for cash, a fixed commodity payment, or any consideration other than a share in the beans on such land will be considered as owned by the lessee. Land which would otherwise be one unit may be divided according to applicable guidelines on file in your service office. Units will be determined when the acreage is reported. Errors in reporting units may be corrected by us to conform to applicable guidelines when adjusting a loss. We may consider any acreage and share thereof reported by or for your spouse or child or any member of your household to be your bona fide share or the bona fide share of any other person having an interest therein.

The descriptive headings of the various policy terms and conditions are formulated for convenience only and are not intended to affect the construction or meaning of any provisions of the contract.

19. Determinations

Subpart—Regulations for the 1985 and Succeeding Crop Years

§ 435.1 Availability of quota plan tobacco crop insurance.

Insurance shall be offered under the provisions of this subpart on tobacco in counties within the limits prescribed by and in accordance with the provisions of the Federal Crop Insurance Act, as amended. The counties shall be designated by the Manager of the Corporation from those approved by the Board of Directors of the Corporation.

§ 435.2 Premium rates, production guarantees, coverage levels, and prices at which indemnities shall be computed.

(a) The Manager shall establish premium rates, production guarantees, coverage levels, and prices at which indemnities shall be computed for tobacco which will be included in the actuarial table on file in service offices for the county and which may be changed from year to year.

(b) At the time application for insurance is made, the applicant will elect a coverage level and price at which indemnities will be computed from among those levels and prices contained in the actuarial table for the crop year.

§ 435.3 OMB control numbers.

The information collection requirements contained in these regulations (7 CFR part 435) have been approved by the Office of Management and Budget (OMB) under the provisions of 44 U.S.C. Chapter 35 and have been assigned OMB numbers 0563-0003 and 0563-0007.

§ 435.4 Creditors.

An interest of a person in an insured crop existing by virtue of a lien, mortgage, garnishment, levy, execution, bankruptcy, involuntary transfer or other similar interest shall not entitle the holder of the interest to any benefit under the contract.

§ 435.5 Good faith reliance on misrepresentation.

Notwithstanding any other provision of the tobacco insurance contract, whenever—

(a) An insured person under a contract of crop insurance entered into under these regulations, as a result of a misrepresentation or other erroneous action or advice by an agent or employee of the Corporation (1) is indebted to the Corporation for additional premiums, or (2) has suffered a loss to a crop which is not insured or for which the insured person is not entitled to an indemnity because of failure to comply with the terms of the insurance contract, but which the insured person believed to be insured, or believed the term of the insurance con-

tract to have been complied with or waived, and

(b) The Board of Directors of the Corporation, or the Manager in cases involving not more than \$100,000.00, finds that: (1) An agent or employee of the Corporation did in fact make such misrepresentation or take other erroneous action or give, erroneous advice; (2) said insured person relied thereon in good faith; and (3) to required the payment of the additional premiums or to deny such insured's entitlement to the indemnity would not be fair and equitable, such insured person shall be granted relief the same as if otherwise entitled thereto.

Application for relief under this section must be submitted to the Corporation in writing.

§ 435.6 The contract.

The insurance contract shall become effective upon the acceptance by the Corporation of a duly executed application for insurance on a form prescribed by the Corporation. The contract shall cover the tobacco crop as provided in the policy. The contract shall consist of the application, the policy, and the county actuarial table. Any changes made in the contract shall not affect its continuity from year to year. The forms referred to in the contract are available at the applicable service offices.

§ 435.7 The application and policy.

(a) Application for insurance on a form prescribed by the Corporation may be made by any person to cover such person's share in the tobacco crop as landlord, owner-operator, or tenant. The application shall be submitted to the Corporation at the service office on or before the applicable closing date on file in the service office.

(b) The Corporation may discontinue the acceptance of applications in any county upon its determination that the insurance risk is excessive, and also, for the same reason, may reject any individual application. The Manager of the Corporation is authorized in any crop year to extend the closing date for submitting applications in any county, by placing the extended date on file in

the applicable service offices and publishing a notice in the FEDERAL REGISTER upon the Manager's determination that no adverse selectivity will result during the period of such extension. However, if adverse conditions should develop during such period, the Corporation will immediately discontinue the acceptance of applications.

(c) In accordance with the provisions governing changes in the contract contained in policies issued under FCIC regulations for the 1985 and succeeding crop years, a contract in the form provided for in this subpart will come into effect as a continuation of a tobacco contract issued under such prior regulations, without the filing of a new application.

(d) The application for the 1985 and succeeding crop years is found at subpart D of part 400—General Administrative Regulations (7 CFR 400.37, 400.38) and may be amended from time to time for subsequent crop years. The provisions of the Tobacco (Quota Plan) Insurance Policy for the 1985 and succeeding crop years are as follows:

DEPARTMENT OF AGRICULTURE

FEDERAL CROP INSURANCE CORPORATION

Quota Plan of Tobacco—Crop Insurance Policy

(This is a continuous contract. Refer to section 15.)

AGREEMENT TO INSURE: We will provide the insurance described in this policy in return for the premium and your compliance with all applicable provisions.

Throughout this policy, "you" and "your" refer to the insured shown on the accepted Application and "we," "us" and "our" refer to the Federal Crop Insurance Corporation.

Terms and Conditions

1. Causes of Loss

a. The insurance provided is against unavoidable loss of production resulting from the following causes occurring within the insurance period:

- (1) Adverse weather conditions;
- (2) Fire;
- (3) Insects;
- (4) Plant disease;
- (5) Wildlife;
- (6) Earthquake;
- (7) Volcanic eruption; or

(8) Failure of the irrigation water supply due to an unavoidable cause occurring after the beginning of planting;

unless those causes are excepted, excluded, or limited by the actuarial table or section 9d(6).

b. We will not insure against any loss of production due to:

- (1) The neglect, mismanagement or wrongdoing of you, any member of your household, your tenants or employees;
- (2) The failure to follow recognized good tobacco farming practices;
- (3) The impoundment of water by any governmental, public or private dam or reservoir project; or
- (4) Any cause not specified in section 1a as an insured loss.

2. Crop, Acreage, Insured Poundage Quota, and Share Insured

a. The crop insured will be tobacco of the type shown as insurable in the actuarial table, which is grown on insured acreage, and for which a premium rate is provided by the actuarial table.

b. The acreage insured for each crop year will be an insurable type of tobacco planted on insurable acreage and in which you have a share, as reported by you or as determined by us, whichever we elect.

c. The insured share will be your share as landlord, owner-operator, or tenant in the insured tobacco at the time of planting.

d. We do not insure any acreage:

- (1) If the farming practices carried out are not in accordance with the farming practices for which the premium rates have been established;
- (2) On which the tobacco was destroyed for the purpose of conforming with any other program administered by the United States Department of Agriculture;
- (3) Which is destroyed, it is practical to replant to tobacco, and such acreage was not replanted;
- (4) Initially planted after the final planting date contained in the actuarial table, unless you agree to coverage reduction on our form;
- (5) Planted to tobacco of a discount variety under provisions of the tobacco price support program;
- (6) Planted to a type or variety of tobacco not established as adapted to the area or excluded by the actuarial table;
- (7) Designated as uninsurable by the actuarial table; or
- (8) Planted for experimental purposes.

e. The insured poundage quota for each crop year will be the effective poundage marketing quota applicable to the unit as provided under ASCS Tobacco Marketing Quota Regulations for the crop year plus any additional poundage you intend to produce on the unit that crop year, as reported by you or as determined by us, whichever we elect.

However:

(1) The insured poundage quota may not include any amount which would be subject to a marketing quota penalty under ASCS Tobacco Marketing Quota Regulations;

(2) The poundage marketing quota may be reduced for any carryover tobacco to be marketed under the poundage quota applicable to the unit when such poundage reduction is clearly specified by you in filing the acreage and quota report;

(3) The insured poundage quota will never exceed the pounds obtained by multiplying the insured acres by the applicable farm yield per acre; and

(4) Unless otherwise provided by the actuarial table, for any crop year in which tobacco poundage marketing quota regulations are not in effect, the insured poundage quota will be the pounds obtained by multiplying the applicable farm yield per acre times the lower of the reported or insured acreage on the unit.

f. If insurance is provided for an irrigated practice:

(1) You must report as irrigated only the acreage for which you have adequate facilities and water to carry out a good tobacco irrigation practice at the time of planting; and

(2) Any loss of production caused by failure to carry out a good tobacco irrigation practice, except failure of the water supply from an unavoidable cause occurring after the beginning of planting, will be considered as due to an uninsured cause. The failure or breakdown of irrigation equipment or facilities will not be considered as a failure of the water supply from an unavoidable cause.

(3) Insurance will not attach on an irrigated basis to acreage otherwise insurable on such basis unless it is designated as irrigated at the time the acreage is reported.

g. We may limit the insured acreage to any acreage limitation established under any Act of Congress, if we advise you of the limit prior to planting.

3. Report of Acreage, Share, and Poundage Quota

You must report on our form:

a. All the acreage of insurable types of tobacco in the county in which you have a share;

b. Your share at the time of planting; and
 c. The effective poundage marketing quota applicable to the unit as provided under ASCS Tobacco Marketing Quota Regulations plus any additional poundage you intend to produce on the unit in that crop year. Such poundage marketing quota may be reduced for any carryover tobacco to be marketed under the poundage quota applicable to the unit provided such poundage reduction is clearly specified in filing the acreage and

quota report. The quota so reported will not be subject to change by you.

You must designate separately any acreage that is not insurable. You must report if you do not have a share in any tobacco planted in the county. This report must be submitted annually on or before the reporting date established by the actuarial table. All indemnities may be determined on the basis of information you have submitted on this report. If you do not submit this report by the reporting date, we may elect to determine by unit the insured acreage, share, and practice or we may deny liability on any unit. Any report submitted by you may be revised only upon our approval.

4. Amounts of Insurance and Coverage Levels

a. The coverage levels are contained in the actuarial table.

b. The amount of insurance for a unit will be the dollar amount determined by multiplying the insured poundage quota for the unit by the percentage guarantee for the applicable coverage level established by the actuarial table and multiplying this product by the current year's support price for type 31 tobacco (rounded to the nearest cent) less six cents per pound for warehouse charges.

c. Coverage level 2 will apply if you have not elected a coverage level.

d. You may change the coverage level on or before the closing date for submitting applications for the crop year as established by the actuarial table.

e. You must furnish a report of production to use for the previous crop year prior to the sales closing date for the subsequent crop year as established by the actuarial table. If you do not provide the required production report we will assign a yield for the crop year for which the report is not furnished. The production report or assigned yield will be used to compute your production history for the purpose of determining your guarantee for the subsequent crop year. The yield assigned by us will be 75% of the yield assigned for the purpose of determining your guarantee for the present crop year. If you have filed a claim for the previous crop year, the yield determined in adjusting your indemnity claim will be used as your production report.

5. Annual Premium

a. The annual premium is earned and payable at the time of planting. The amount is computed by multiplying the amount of insurance for the unit times the premium rate, times your share at the time of planting.

b. Interest will accrue at the rate of one and one-quarter percent (1¼%) simple interest per calendar month, or any part thereof, on any unpaid premium balance starting on the first day of the month following the first premium billing date.

c. If you are eligible for a premium reduction in excess of 5 percent based on your insuring experience through the 1983 crop year under the terms of the Experience Table contained in the tobacco policy for the 1984 crop year, you will continue to receive the benefit of that reduction subject to the following conditions:

- (1) No premium reduction will be retained after the 1991 crop year;
- (2) The premium reduction will not increase because of favorable experience;
- (3) The premium reduction will decrease because of unfavorable experience in accordance with the terms of the 1984 policy;
- (4) Once the loss ratio exceeds .80 no further premium reduction will apply; and
- (5) Participation must be continuous.

6. Deductions for Debt

Any unpaid amount due us may be deducted from any indemnity payable to you or from any loan or payment due you under any Act of Congress or program administered by the United States Department of Agriculture or its Agencies.

7. Insurance Period

Insurance attaches when the tobacco is planted and ends at the earliest of:

- a. Total destruction of the tobacco;
- b. Weighing-in at the tobacco warehouse;
- c. Removal of the tobacco from the unit (except for curing, grading, packing or immediate delivery to the tobacco warehouse);
- d. Final adjustment of a loss; or
- e. February 28, immediately following the normal harvest period.

8. Notice of Damage or Loss

a. In case of damage or probable loss:

- (1) You must give us written notice if:
 - (a) During the period before harvest, the tobacco on any unit is damaged and you decide not to further care for or harvest any part of it;
 - (b) You want our consent to put the acreage to another use; or
 - (c) After consent to put acreage to another use is given, additional damage occurs.

Insured acreage may not be put to another use until we have appraised the tobacco and given written consent. We will not consent to another use until it is too late to replant. You must notify us when such acreage is put to another use.

(2) You must give us notice at least 15 days before the beginning of harvest if you anticipate a loss on any unit.

(3) If probable loss is later determined, immediate notice must be given. A representative sample of the unharvested tobacco (at least 10 feet wide and the entire length of the field) must remain unharvested for a period of 15 days from the date of notice, unless we

give you written consent to harvest the sample.

(4) Notice must be given immediately if any tobacco is destroyed or damaged by fire during the insurance period.

(5) If tobacco is not to be sold through auction warehouses and an indemnity is to be claimed, notice must be given in sufficient time to allow us to inspect the cured tobacco prior to its sale or other disposition.

(6) In addition to the notices required by this section, if you are going to claim an indemnity on any unit, we must be given notice not later than 30 days after the earliest of:

- (a) Total destruction of the tobacco on the unit;
- (b) The date marketing or other disposal of the insured tobacco on the unit is completed; or
- (c) The calendar date for the end of the insurance period.

b. You must obtain written consent from us before you destroy any of the tobacco which is not to be harvested.

c. We may reject any claim for indemnity if any of the requirements of this section or section 9 are not complied with.

9. Claim for Indemnity

a. Any claim for indemnity on a unit must be submitted to us on our form not later than 60 days after the earliest of:

- (1) Total destruction of the tobacco on the unit;
- (2) The date marketing or other disposal of the insured tobacco on the unit is completed; or
- (3) The calendar date for the end of the insurance period.

b. We will not pay any indemnity unless you:

(1) Establish the total production of tobacco on the unit and that any loss of production has been directly caused by one or more of the insured causes during the insurance period; and

(2) Furnish all information we require concerning the loss.

c. The indemnity will be determined on each unit by:

(1) Subtracting from the amount of insurance for the unit, the value of the total production of tobacco to be counted (see section 9d); and

(2) Multiplying the remainder by your share.

d. The value of the total production to be counted for a unit will include the value of all harvested and appraised production.

(1) Production to count will include:

(a) The gross returns (less six cents per pound for warehouse charges) from tobacco sold on the warehouse floor;

(b) The fair market value of the tobacco sold other than on the warehouse floor;

(c) The fair market value of the tobacco harvested and not sold;

(d) The fair market value of any unharvested tobacco as if such tobacco were harvested and cured; and

(e) The current year's support price per pound (less six cents per pound for warehouse charges) for appraisals made by us for poor farming practices or uninsured causes of loss. (If a price support program is not in effect, such appraised production will be valued at the market price for the current crop year.)

(2) To enable us to determine the fair market value of tobacco not sold through auction warehouses, we must be given the opportunity to inspect such tobacco before it is sold, contracted to be sold, or otherwise disposed of and, if the best offer you receive for any such tobacco is considered by us to be inadequate, to obtain additional offers on your behalf.

(3) The value of appraised production to be counted will include:

(a) The value of unharvested production on harvested acreage and potential production lost due to uninsured causes and failure to follow recognized good tobacco farming practices;

(b) Not less than the average amount of insurance per insured acre for the unit for any acreage which is abandoned or put to another use without our prior written consent or damaged solely by an uninsured cause;

(c) Not less than 35 percent of the average amount of insurance per insured acre for the unit for all other unharvested acreage.

(4) Any appraisal we have made on insured acreage for which we have given written consent to be put to another use will be considered production unless such acreage is:

(a) Not put to another use before harvest of tobacco becomes general in the county;

(b) Harvested; or

(c) Further damaged by an insured cause before the acreage is put to another use.

(5) The amount of production of any unharvested tobacco may be determined on the basis of field appraisals conducted after the end of the normal harvest period.

(6) If you have elected to exclude hail and fire as insured causes of loss and the tobacco is damaged by hail or fire, appraisals will be made in accordance with Form FCI-78, "Request to Exclude Hail and Fire".

(7) The commingled production of units will be allocated to such units in proportion to our liability on the harvested acreage of each unit.

e. You must not abandon any acreage to us.

f. You may not bring suit or action against us unless you have complied with all policy provisions. If a claim is denied, you may sue us in the United States District Court under the provisions of 7 U.S.C. 1508(c). You must bring suit within 12 months of the date no-

tice of denial is mailed to and received by you.

g. We have a policy for paying your indemnity within 30 days of our approval of your claim, or entry of a final judgment against us. We will, in no instance, be liable for the payment of damages, attorney's fee, or other charges in connection with any claim for indemnity, whether we approve or disapprove such claim. We will, however, pay simple interest computed on the net indemnity ultimately found to be due by us or by a final judgment from and including the 61st day after the date you sign, date and submit to us the properly completed claim form indemnity form, if the reason for our failure to timely pay is not due to your failure to provide information or other material necessary for the computation or payment of the indemnity. The interest rate will be that established by the Secretary of the Treasury under section 12 of the Contract Disputes Act of 1978 (41 U.S.C. 611), and published in the FEDERAL REGISTER semi-annually on or about January 1 and July 1. The interest rate to be paid on any indemnity will vary with the rate announced by the Secretary of the Treasury. Interest will be paid in accordance with this section beginning with all claims for payment of indemnity initially filed on or after March 1, 1985.

h. If you die, disappear, or are judicially declared incompetent, or if you are an entity other than an individual and such entity is dissolved after the tobacco is planted for any crop year, any indemnity will be paid to the person(s) we determine to be beneficially entitled thereto.

i. If you have other fire insurance, fire damage occurs during the insurance period, and you have not elected to exclude fire insurance from this policy, we will be liable for loss due to fire only for the smaller of:

(1) The amount of indemnity determined pursuant to this contract without regard to any other insurance; or

(2) The amount by which the loss from fire exceeds the indemnity paid or payable under such other insurance. For the purposes of this section, the amount of loss from fire will be the difference between the fair market value of the production on the unit before the fire and after the fire.

10. Concealment or Fraud

We may void the contract on all crops insured without affecting your liability for premiums or waiving any right, including the right to collect any amount due us if, at any time, you have concealed or misrepresented any material fact or committed any fraud relating to the contract, and such voidance will be effective as of the beginning of the crop year with respect to which such act or omission occurred.

11. Transfer of Right to Indemnity on Insured Share

If you transfer any part of your share during the crop year, you may transfer your right to an indemnity. The transfer must be on our form and approved by us. We may collect the premium from either you or your transferee or both. The transferee will have all rights and responsibilities under the contract.

12. Assignment of Indemnity

You may assign to another party your right to an indemnity for the crop year, only on our form and with our approval. The assignee will have the right to submit the loss notices and forms required by the contract.

13. Subrogation (Recovery of Loss From a Third Party)

Because you may be able to recover all or a part of your loss from someone other than us, you must do all you can to preserve any such rights. If we pay you for your loss then your right of recovery will at our option belong to us. If we recover more than we paid you plus our expenses, the excess will be paid to you.

14. Records and Access to Farm

You must keep, for two years after the time of loss, records of the harvesting, storage, shipment, sale or other disposition of all tobacco produced on each unit including separate records showing the same information for production from any uninsured acreage. Any person designated by us will have access to such records and the farm for purposes related to the contract.

15. Life of Contract: Cancellation and Termination

a. This contract will be in effect for the crop year specified on the application and may not be canceled by you for such crop year. Thereafter, the contract will continue in force for each succeeding crop year unless canceled or terminated as provided in this section.

b. This contract may be canceled by either you or us for any succeeding crop year by giving written notice on or before the cancellation date preceding such crop year.

c. This contract will terminate as to any crop year if any amount due us on this or any other contract with you is not paid on or before the termination date preceding such crop year for the contract on which the amount is due. The date of payment of the amount due:

(1) If deducted from an indemnity will be the date you sign the claim; or

(2) If deducted from payment under another program administered by the United States Department of Agriculture will be the

date both such other payment and set off are approved.

d. The cancellation and termination dates are April 15.

e. If you die or are judicially declared incompetent, or if you are an entity other than an individual and such entity is dissolved, the contract will terminate as of the date of death, judicial declaration, or dissolution. If such event occurs after insurance attaches for any crop year, the contract will continue in force through the crop year and terminate at the end thereof. Death of a partner in a partnership will dissolve the partnership unless the partnership agreement provides otherwise. If two or more persons having a joint interest are insured jointly, death of one of the persons will dissolve the joint entity.

f. The contract will terminate if no premium is earned for 3 consecutive years.

16. Contract Changes

We may change any terms and provisions of the contract from year to year. All contract changes will be available at your service office by December 31 preceding the cancellation date except that, for the 1985, 1986 transition only, all contract changes will be available at your service office by January 20, 1986. Acceptance of any change will be conclusively presumed in the absence of any notice from you to cancel the contract.

17. Meaning of Terms

For the purposes of quota tobacco crop insurance:

a. *Actuarial table* means the forms and related material for the crop year approved by us which are available for public inspection in your service office, and which show the coverage levels, premium rates, practices, insurable and uninsurable acreage, and related information regarding tobacco insurance in the county.

b. *ASCS* means the Agricultural Stabilization and Conservation Service of the United States Department of Agriculture.

c. *Carryover tobacco* means any tobacco on hand from the previous year's production.

d. *County* means the county shown on the application and:

(1) Any additional land located in a local producing area bordering on the county, as shown by the actuarial table; and

(2) Any land identified by an ASCS Farm Serial Number for the county but physically located in another county.

e. *Crop year* means the period within which the tobacco is normally grown and will be designated by the calendar year in which the tobacco is normally harvested.

f. *Effective poundage marketing quota* means the farm marketing quota as established and recorded by ASCS.

g. *Farm yield* means the yield per acre used by ASCS in establishing the basic farm marketing poundage quota for the tobacco farm, unless we have established a yield for the farm in the actuarial table.

h. *Harvest* means the completion of cutting of tobacco on any acreage from which acreage at least 20 percent of the amount of tobacco in pounds per acre (obtained by multiplying the applicable insured poundage quota for the unit by the applicable percentage of guarantee shown in the actuarial table for such acreage and dividing this result by the insured acreage in the unit) is cut.

i. *Insurable acreage* means that acreage planted to an insurable type of tobacco excluding any acreage designated as noninsurable by the actuarial table.

j. *Insured* means the person who submitted the application accepted by us.

k. *Loss ratio* means the ratio of indemnity(ies) to premium(s).

q. *Support price per pound* means the average price support level per pound for the insured type of tobacco as announced by the United States Department of Agriculture under the tobacco price support program. For any crop year in which a price support for the insured type is not in effect, the market price for that crop year will be used.

r. *Tenant* means a person who rents land from another person for a share of the tobacco or a share of the proceeds therefrom.

s. *Unit* means all insurable acreage of an insurable type of tobacco in the county in which you have an insured share on the date of planting for the crop year and which is identified by a single ASCS Farm Serial Number at the time insurance first attaches under this policy for the crop year. Units will be determined when the acreage is reported. We may reject or modify any ASCS reconstitution for the purpose of unit definition if the reconstitution was in whole or part to defeat the purpose of the Federal

Crop Insurance Program or to gain disproportionate advantage under this policy. Errors in reporting units may be corrected by us when adjusting a loss.

18. Descriptive Headings

The descriptive headings of the various policy terms and conditions are formulated for convenience only and are not intended to affect the construction or meaning of any of the provisions of the contract.

19. Determinations
