the eligible SRP or an identifiable portion thereof has been established in accordance with the appropriate standards and specifications and that such SRP would serve the functional purposes for which the practice is intended.

(b) Cost-share payments may be made available under this part only for the establishment or installation of an eligible SRP.

(c) Cost-share assistance may be approved for the replacement, enlargement, or restoration of SRP's installed under a CRSC Contract if such practices, as originally installed, failed to achieve the desired salinity reduction and if:

(1) The replacement, enlargement, or restoration of the SRP is required to solve identified problems or to achieve salt reduction benefits;

(2) The approved specifications for the SRP were met in the original installation of the practice; and

(3) The failure of the SRP to solve the identified problem or to achieve salt reduction benefits was caused by circumstances beyond the control of the participant.

(d) If a participant has taken any action which tends to defeat the purposes of the program provided for by this part, the COC may withhold or require a refund of all or part of any payments otherwise due or paid that participant in accordance with this part. Such actions include, but are not limited to, failure to properly maintain or deliberately destroying a SRP.

§ 702.13 Levels and rates of cost-share payments.

installation of the SRP or in excess of the level based on the ratio of on-farm and offsite benefits if such increased assistance is necessary to obtain acceptable program participation. Higher cost-share levels shall be considered only when one or more of the following apply, unless the Secretary finds at his discretion that such cost-sharing requirement would result in a failure to proceed with needed on-farm measures:

(1) On-farm benefits that are low relative to offsite benefits;

(2) Higher degree of project cost-effectiveness and magnitude of salinity reduction benefits to be achieved relative to other projects;

(3) The need for and the cost of implementing voluntary SRP's to replace incidental fish and wildlife values foregone;

(d) The combined cost-share assistance provided by Federal, State, and local governments or subdivisions thereof shall not exceed 100 percent of the cost of installing the SRP.
