

(iv) They are in containers marked with a Federal-State Inspection Service (FSIS) lot stamp number applied to an adhesive tape seal affixed to the container in a manner to prevent the container from being opened and/or the fruit being removed without breaking the seal. The stamp and tape shall be affixed to the container by the FSIS or by the handler under the supervision of the FSIS. Only stamps and tape which have been approved by the Fresh Products Branch, Fruit and Vegetable Division, Agricultural Marketing Service, U.S. Department of Agriculture, may be used for purposes of stamping and sealing containers to meet these requirements.

(3) Such limes of the group known as seedless, large-fruited, or Persian limes (including Tahiti, Bearss, and similar varieties) shall be at least 2 inches in diameter; *Provided*, That not more than 10 percent, by count, of the limes in any lot of containers may fail to meet these minimum size requirements; *Provided further*, That not more than 15 percent, by count, in any individual container containing more than four pounds of limes may fail to meet these minimum size requirements.

(b) Terms relating to grade and diameter shall mean the same as defined in the United States Standards for Grades of Persian (Tahiti) Limes (7 CFR 51.1000 through 51.1016).
