AUTHORITY: 19 U.S.C. 66, 1202 (General Note 20, Section XV, Note 5, Harmonized Tariff Schedule of the United States), 1623, 1624.

METAL ARTICLES IMPORTED TO BE USED IN REMANUFACTURE BY MELTING, OR TO BE PROCESSED BY SHREDDING, SHEARING, COMPACTING, OR SIMILAR PROCESSING WHICH RENDERS THEM FIT ONLY FOR THE RECOVERY OF THE METAL CONTENT

§ 54.5 Scope of exemptions; nondeposit of estimated duty.

(a) Except as otherwise provided in this section, articles predominating by weight of metal to be used in remanufacture by melting, or to be processed by shredding, shearing, compacting, or similar processing which renders them fit only for the recovery of the metal content, and actually so used, shall be entitled to free entry upon compliance with § 54.6, if entered, or withdrawn from warehouse for consumption, during the effective period of subheadings 9817.00.80 and 9817.00.90, Harmonized Tariff Schedule of the United States (HTSUS) (19 U.S.C. 1202). This provision does not apply to:

- (1) Articles of lead, zinc, or tungsten;
- (2) Metal-bearing materials provided for in section VI, Chapter 26 or subheading 8548.10, HTSUS; or
- (3) Unwrought metal provided for in Section XV, HTSUS."

(b) No deposit of estimated duty shall be required upon the entry, or withdrawal from warehouse for consumption, of the articles described in paragraph (a) of this section if the port director is satisfied at the time of entry, or withdrawal, by written declaration of the importer that the merchandise is being imported to be used in remanufacture by melting, or to be processed by shredding, shearing, compacting, or similar processing which renders it fit only for the recovery of the metal content.

[T.D. 80-151, 45 FR 38041, June 6, 1980, as amended by T.D. 87-75, 52 FR 20067, May 29, 1987; T.D. 89-1, 53 FR 51254, Dec. 21, 1988; T.D. 98-4, 62 FR 68165, Dec. 31, 1997]

§ 54.6 Proof of intent; bond; proof of use; liquidation.

Articles predominating by weight of metal, described in § 54.5(a) shall be admitted free of duty upon compliance with the following conditions:

(a) There shall be filed in connection with the entry a statement of the importer consistent with the requirements of §10.134 of this chapter.

(b) If the articles are entered for consumption or warehouse, a bond shall be filed on Customs Form 301, containing the bond conditions set forth in §113.62 of this chapter. Withdrawals from warehouse shall be made on Customs Form 7501. The liquidation of the consumption or warehouse entry shall be suspended pending proof of use or other disposition of the articles within the time prescribed in paragraph (c) of this section.

(c) Within 3 years from the date of entry, or withdrawal from warehouse for consumption, the importer shall submit to the director of the port of entry, a statement from the superintendent or manager of the plant at which the articles were used in remanufacture by melting, or were processed by shredding, shearing, compacting, or similar processing which rendered them fit only for the recovery of the metal content, showing:

(1) The name and location of the plant;

(2) The entry number, date, and port of entry (if the person making the statement is not in possession of this information, a reference to invoices, purchase orders, or other documents which will identify the shipment with the entry may be substituted);

(3) The date or inclusive dates of the remanufacture or processing of the articles; and

(4) A description of the remanufacture or processing in sufficient detail to enable the port director to determine whether it constituted a use in remanufacture by melting, or processing by shredding, shearing, compacting, or similar processing which rendered the articles fit only for the recovery of the metal content. In appropriate cases, the remanufacture or processing of the articles covered by more than one entry may be included in one statement. The statement shall be based on adequate and carefully kept plant and import records which shall be available during normal business hours to any Customs officer. The importer and plant manager shall maintain the import and plant records

for 5 years from the date of the related entry of the merchandise. The burden shall be on the importer or plant manager to keep these records so that the claim of actual use can be established readily.

(d) If satisfactory proof of use of the articles in remanufacture by melting, or in processing by shredding, shearing, compacting, or similar processing which rendered them fit only for the recovery of the metal content, is furnished within the prescribed time, the entry shall be liquidated without the assessment of duty on the covered articles. If proof is not filed within 3 years from the date of entry, or withdrawal from warehouse for consumption, or the use does not warrant the classification claimed, the entry shall be liquidated without any exemption from duty under subheading 9817.00.80 or 9817.00.90, HTSUS.

As used in this section, the phrase “in connection with the entry” means any time before liquidation of the entry or within the period during which a reliquidation may be completed (§113.43(c)). Therefore, a claim for free entry under subheading 9817.00.80 or 9817.00.90, HTSUS, supported by a statement of intent may be filed at any time before liquidation of the entry or within the period during which a valid reliquidation may be completed.
