State. A State of the United States. The term shall include the District of Columbia, the Commonwealth of Puerto Rico, and the possessions of the United States (not including the Canal Zone).

State of residence. The State in which an individual resides. An individual resides in a State if he or she is present in a State with the intention of making a home in that State. If an individual is on active duty as a member of the Armed Forces, the individual's State of residence is the State in which his or her permanent duty station is located. An alien who is legally in the United States shall be considered to be a resident of a State only if the alien is residing in the State and has resided in the State for a period of at least 90 days prior to the date of sale or delivery of a firearm. The following are examples that illustrate this definition:

Example 1. A maintains a home in State X. A travels to State Y on a hunting, fishing, business, or other type of trip. A does not become a resident of State Y by reason of such trip.

Example 2. A is a U.S. citizen and maintains a home in State X and a home in State Y. A resides in State X except for weekends or the summer months of the year and in State Y for the weekends or the summer months of the year. During the time that A actually resides in State X, A is a resident of

State X, and during the time that A actually resides in State Y, A is a resident of State Y.

Example 3. A, an alien, travels on vacation or on a business trip to State X. Regardless of the length of time A spends in State X, A does not have a State of residence in State X. This is because A does not have a home in State X at which he has resided for at least 90 days.

Unlawful user of or addicted to any controlled substance. A person who uses a controlled substance and has lost the power of self-control with reference to the use of controlled substance; and any person who is a current user of a controlled substance in a manner other than as prescribed by a licensed physician. Such use is not limited to the use of drugs on a particular day, or within a matter of days or weeks before, but rather that the unlawful use has occurred recently enough to indicate that the individual is actively engaged in such conduct. A person may be an unlawful current user of a controlled substance even though the substance is not being used at the precise time the person seeks to acquire a firearm or receives or possesses a firearm. An inference of current use may be drawn from evidence of a recent use or possession of a controlled substance or a pattern of use or possession that reasonably covers the present time, e.g., a conviction for use or possession of a controlled substance within the past year; multiple arrests for such offenses within the past 5 years if the most recent arrest occurred within the past year; or persons found through a drug test to use a controlled substance unlawfully, provided that the test was administered within the past year. For a current or former member of the Armed Forces, an inference of current use may be drawn from recent disciplinary or other administrative action based on confirmed drug use, e.g., court-martial conviction, nonjudicial punishment, or an administrative discharge based on drug use or drug rehabilitation failure.

Unserviceable firearm. A firearm which is incapable of discharging a shot by means of an explosive and is incapable of being readily restored to a firing condition.

[T.D. ATF-92, 46 FR 46915, Sept. 23, 1981, as amended by T.D. ATF-249, 52 FR 5962, Feb. 27, 1987; T.D. ATF-270, 53 FR 10492, Mar. 31, 1988; T.D. 372, 61 FR 20724, May 8, 1996]

§ 178.22 Alternate methods or procedures; emergency variations from requirements.

(a) *Alternate methods or procedures.* The licensee, on specific approval by the Director as provided in this paragraph, may use an alternate method or procedure in lieu of a method or procedure specifically prescribed in this part. The Director may approve an alternate method or procedure, subject to stated conditions, when it is found that:

(1) Good cause is shown for the use of the alternate method or procedure;

(2) The alternate method or procedure is within the purpose of, and consistent with the effect intended by, the specifically prescribed method or procedure and that the alternate method or procedure is substantially equivalent to that specifically prescribed method or procedure; and

(3) The alternate method or procedure will not be contrary to any provi-

sion of law and will not result in an increase in cost to the Government or hinder the effective administration of this part. Where the licensee desires to employ an alternate method or procedure, a written application shall be submitted to the appropriate regional director (compliance), for transmittal to the Director. The application shall specifically describe the proposed alternate method or procedure and shall set forth the reasons for it. Alternate methods or procedures may not be employed until the application is approved by the Director. The licensee shall, during the period of authorization of an alternate method or procedure, comply with the terms of the approved application. Authorization of any alternate method or procedure may be withdrawn whenever, in the judgment of the Director, the effective administration of this part is hindered by the continuation of the authorization.

(b) *Emergency variations from requirements.* The Director may approve a method of operation other than as specified in this part, where it is found that an emergency exists and the proposed variation from the specified requirements are necessary and the proposed variations (1) will not hinder the effective administration of this part, and (2) will not be contrary to any provisions of law. Variations from requirements granted under this paragraph are conditioned on compliance with the procedures, conditions, and limitations set forth in the approval of the application. Failure to comply in good faith with the procedures, conditions, and limitations shall automatically terminate the authority for the variations, and the licensee shall fully comply with the prescribed requirements of regulations from which the variations were authorized. Authority for any variation may be withdrawn whenever, in the judgment of the Director, the effective administration of this part is hindered by the continuation of the variation. Where the licensee desires to employ an emergency variation, a written application shall be submitted to the appropriate regional director (compliance) for transmittal to the Director. The application shall describe the proposed variation and set forth the

reasons for it. Variations may not be employed until the application is approved.

(c) *Retention of approved variations.* The licensee shall retain, as part of the licensee's records, available for examination by ATF officers, any application approved by the Director under this section.

Subpart D—Licenses

§ 178.41 General.

(a) Each person intending to engage in business as an importer or manufacturer of firearms or ammunition, or a dealer in firearms shall, before commencing such business, obtain the license required by this subpart for the business to be operated. Each person who desires to obtain a license as a collector of curios or relics may obtain such a license under the provisions of this subpart.

(b) Each person intending to engage in business as a firearms or ammunition importer or manufacturer, or dealer in firearms shall file an application, with the required fee (see § 178.42), with ATF in accordance with the instructions on the form (see § 178.44), and, pursuant to § 178.47, receive the license required for such business from the Chief, Firearms and Explosives Licensing Center. Except as provided in § 178.50, a license must be obtained for each business and each place at which the applicant is to do business. A license as an importer or manufacturer of firearms or ammunition, or a dealer in firearms shall, subject to the provisions of the Act and other applicable provisions of law, entitle the licensee to transport, ship, and receive firearms and ammunition covered by such license in interstate or foreign commerce and to engage in the business specified by the license, at the location described on the license, and for the period stated on the license. However, it shall not be necessary for a licensed importer or a licensed manufacturer to also obtain a dealer's license in order to engage in business on the licensed premises as a dealer in the same type of firearms authorized by the license to be imported or manufactured. Payment of the license fee as an importer or manufacturer of destructive devices, ammunition for destructive devices or armor piercing ammunition or as a dealer in destructive devices includes

the privilege of importing or manufacturing firearms other than destructive devices and ammunition for other than destructive devices or ammunition other than armor piercing ammunition, or dealing in firearms other than destructive devices, as the case may be, by such a licensee at the licensed premises.

(c) Each person seeking the privileges of a collector licensed under this part shall file an application, with the required fee (see § 178.42), with ATF in accordance with the instructions on the form (see § 178.44), and pursuant to § 178.47, receive from the Chief, Firearms and Explosives Licensing Center, the license covering the collection of curios and relics. A separate license may be obtained for each collection premises, and such license shall, subject to the provisions of the Act and other applicable provisions of law, entitle the licensee to transport, ship, receive, and acquire curios and relics in interstate or foreign commerce, and to make disposition of curios and relics in interstate or foreign commerce, to any other person licensed under the provisions of this part, for the period stated on the license.

(d) The collector license provided by this part shall apply only to transactions related to a collector's activity in acquiring, holding or disposing of curios and relics. A collector's license does not authorize the collector to engage in a business required to be licensed under the Act or this part. Therefore, if the acquisitions and dispositions of curios and relics by a collector bring the collector within the definition of a manufacturer, importer, or dealer under this part, he shall qualify as such. (See also § 178.93 of this part.)

The notice shall set forth the matters of fact and law relied upon in determining that the application should be denied, and shall afford the applicant 15 days from the date of receipt of the notice in which to request a hearing to review the denial. On conclusion of the hearing and consideration of all relevant facts and circumstances presented by the applicant or his representative, the Regional director (compliance) shall render his decision confirming or reversing the denial of the application. The notice shall set forth the matters of fact constituting the violations specified, dates, places, and the sections of law and regulations violated. The regional director (compliance) shall afford the licensee 15 days from the date of receipt of the notice in which to request a hearing prior to revocation of the license. On conclusion of the hearing and consideration of all the relevant presentations made by the licensee or the licensee's representative, the regional director (compliance) shall render a decision and shall prepare a brief summary of the findings and conclusions on which the decision is based. If the decision is that the license should be revoked, a certified copy of the summary shall be furnished to the licensee with the final notice of revocation on ATF Form 4501. Any license issued under this part shall be kept posted and kept available for inspection on the premises covered by the license.

§ 178.92 Identification of firearms, armor piercing ammunition, and large capacity ammunition feeding devices.

(a)(1) *Firearms.* Each licensed manufacturer or licensed importer of any firearm manufactured or imported shall legibly identify each such firearm by engraving, casting, stamping (impressing), or otherwise conspicuously placing or causing to be engraved, cast, stamped (impressed) or placed on the frame or receiver thereof in a manner not susceptible of being readily obliterated, altered, or removed, an individual serial number not duplicating any serial number placed by the manufacturer or importer on any other firearm, and by engraving, casting, stamping (impressing), or otherwise conspicuously placing or causing to be engraved, cast, stamped (impressed) or placed on the frame, receiver, or barrel thereof in a manner not susceptible of being readily obliterated, altered or removed, the model, if such designation has been made; the caliber or gauge; the name (or recognized abbreviation of same) of the manufacturer and also, when applicable, of the importer; in the case of a domestically made firearm, the city and State (or recognized abbreviation thereof) wherein the licensed manufacturer maintains its place of business; and in the case of an

imported firearm, the name of the country in which manufactured and the city and State (or recognized abbreviation thereof) of the importer.

(2) *Special markings for semiautomatic assault weapons, effective July 5, 1995.* In the case of any semiautomatic assault weapon manufactured after September 13, 1994, the frame or receiver shall be marked "RESTRICTED LAW ENFORCEMENT/GOVERNMENT USE ONLY" or, in the case of weapons manufactured for export, "FOR EXPORT ONLY," in the manner prescribed in paragraph (a)(1) of this section.

(3) *Exceptions—(i) Alternate means of identification.* The Director may authorize other means of identification of the licensed manufacturer or licensed importer upon receipt of a letter application, in duplicate, showing that such other identification is reasonable and will not hinder the effective administration of this part.

(ii) *Destructive devices.* In the case of a destructive device, the Director may authorize other means of identifying that weapon upon receipt of a letter application, in duplicate, from the licensed manufacturer or licensed importer showing that engraving, casting, or stamping (impressing) such a weapon would be dangerous or impracticable.

The Director may authorize other means of identification of parts defined as machine guns other than frames or receivers and parts defined as mufflers or silencers upon receipt of a letter application, in duplicate, showing that such other identification is reasonable and will not hinder the effective administration of this part.

(b) *Armor piercing ammunition—(1) Marking of ammunition.* Each licensed manufacturer or licensed importer of armor piercing ammunition shall identify such ammunition by means of painting, staining or dyeing the exterior

of the projectile with an opaque black coloring. This coloring must completely cover the point of the projectile and at least 50 percent of that portion of the projectile which is visible when the projectile is loaded into a cartridge case.

(2) *Labeling of packages.* Each licensed manufacturer or licensed importer of armor piercing ammunition shall clearly and conspicuously label each package in which armor piercing ammunition is contained, e.g., each box, carton, case, or other container. The label shall include the words "ARMOR PIERCING" in block letters at least ¼ inch in height. The lettering shall be located on the exterior surface of the package which contains information concerning the caliber or gauge of the ammunition. There shall also be placed on the same surface of the package in block lettering at least ⅛ inch in height the words "FOR GOVERNMENTAL ENTITIES OR EXPORTATION ONLY." The statements required by this subparagraph shall be on a contrasting background.

(c) *Large capacity ammunition feeding devices manufactured after September 13, 1994.* (1) Each person who manufactures or imports any large capacity ammunition feeding device manufactured after September 13, 1994, shall legibly identify each such device with a serial number. Such person may use the same serial number for all large capacity ammunition feeding devices produced.

(i) Additionally, in the case of a domestically made large capacity ammunition feeding device, such device shall be marked with the name, city and State (or recognized abbreviation thereof) of the manufacturer;

(ii) And in the case of an imported large capacity ammunition feeding device, such device shall be marked:

(ii) *Alternate means of identification.* The Director may authorize other means of identifying large capacity ammunition feeding devices upon receipt of a letter application, in duplicate, from the manufacturer or importer showing that such other identification is reasonable and will not hinder the effective administration of this part.

EFFECTIVE DATE NOTE: By T.D. ATF-396, 63 FR 12646, Mar. 16, 1998, paragraph (c)(1)(iii) of § 178.92 was amended by adding the words "or imported" after the words "in the case of devices manufactured", effective May 15, 1998.

§ 178.93 Authorized operations by a licensed collector.

The license issued to a collector of curios or relics under the provisions of this part shall cover only transactions by the licensed collector in curios and relics. The collector's license is of no force or effect and a licensed collector is of the same status under the Act and this part as a nonlicensee with respect to (a) any acquisition or disposition of firearms other than curios or relics, or any transportation, shipment, or receipt of firearms other than curios or relics in interstate or foreign commerce, and (b) any transaction with a nonlicensee involving any firearm other than a curio or relic. (See also § 178.50.) A collector's license is not necessary to receive or dispose of ammunition, and a licensed collector is not

precluded by law from receiving or disposing of armor piercing ammunition. However, a licensed collector may not dispose of any ammunition to a person prohibited from receiving or possessing ammunition (see §178.99(c)). Any licensed collector who disposes of armor piercing ammunition must record the disposition as required by §178.125 (a) and (b).

A licensed importer, licensed manufacturer, or licensed dealer selling or otherwise disposing of firearms, and a licensed collector selling or otherwise disposing of curios or relics, to another licensee shall verify the identity and licensed status of the transferee prior to making the transaction. Verification shall be established by the transferee furnishing to the transferor a certified copy of the transferee's license and by such other means as the transferor deems necessary: *Provided*, That it shall not be required (a) for a transferee who has furnished a certified copy of its license to a transferor to again furnish such certified copy to that transferor during the term of the transferee's current license, (b) for a licensee to furnish a certified copy of its license to another licensee if a firearm is being returned either directly or through another licensee to such licensee and (c) for licensees of multi-licensed business organizations to furnish certified copies of their licenses to other licensed locations operated by such organization: *Provided further*, That a multilicensed business organization may furnish to a transferor, in lieu of a certified copy of each license, a list, certified to be true, correct and complete, containing the name, address, license number, and the date of license expiration of each licensed location operated by such organization, and the transferor may sell or otherwise dispose of firearms as provided by this section to any licensee appearing on such list without requiring a certified copy of a license therefrom. A transferor licensee who has the certified information required by this section may sell or dispose of firearms to a licensee for not more than 45 days

following the expiration date of the transferee's license.

§ 178.96 Out-of-State and mail order sales.

(a) The provisions of this section shall apply when a firearm is purchased by or delivered to a person not otherwise prohibited by the Act from purchasing or receiving it.

(b) A licensed importer, licensed manufacturer, or licensed dealer may sell a rifle, shotgun, or handgun that is not subject to the waiting period provisions of §178.102(a) to a nonlicensee who does not appear in person at the licensee's business premises if the nonlicensee is a resident of the same State in which the licensee's business premises are located, and the nonlicensee furnishes to the licensee the firearms transaction record, Form 4473, required

by §178.124. The nonlicensee shall attach to such record a true copy of any permit or other information required pursuant to any statute of the State and published ordinance applicable to the locality in which he resides. The licensee shall prior to shipment or delivery of the firearm, forward by registered or certified mail (return receipt requested) a copy of the record, Form 4473, to the chief law enforcement officer named on such record, and delay shipment or delivery of the firearm for a period of at least 7 days following receipt by the licensee of the return receipt evidencing delivery of the copy of the record to such chief law enforcement officer, or the return of the copy of the record to him due to the refusal of such chief law enforcement officer to accept same in accordance with U.S. Postal Service regulations. (c) A licensed importer, licensed manufacturer, or licensed dealer may sell or deliver a rifle or shotgun, and a licensed collector may sell or deliver a rifle or shotgun which is a curio or relic, to a nonlicensed resident of a State other than the State in which the licensee's place of business is located if the purchaser meets with the licensee in person at the licensee's premises to accomplish the transfer, sale and delivery of the rifle or shotgun and the sale, delivery and receipt fully comply with the legal conditions of sale in both such States. For purposes of this paragraph, any licensed manufacturer, licensed importer, or licensed dealer is presumed, in the absence of evidence to the contrary, to have had actual knowledge of the State laws and published ordinances of both such States.

§ 178.97 Loan or rental of firearms.

A licensee may loan or rent a firearm to any person for temporary use off the premises of the licensee for lawful sporting purposes: *Provided*, That the delivery of the firearm to such person is not prohibited by §178.99(b) or §178.99(c), and the licensee records such loan or rental in the records required to be kept by him under subpart H of this part. A club, association, or similar organization temporarily furnishing firearms (whether by loan, rental, or otherwise) to participants in a skeet, trap, target, or similar shooting activity for use at the time and place such activity is held does not, unattended by other circumstances, cause such club, association, or similar organization to be engaged in the business of a dealer in firearms or as engaging in firearms transactions. Therefore, the licensing and recordkeeping requirements contained in this part pertaining to firearms transactions would not apply to this temporary furnishing of firearms for use on premises on which such an activity is conducted.

§ 178.98 Sales or deliveries of destructive devices and certain firearms.

The sale or delivery by a licensee of any destructive device, machine gun, short-barreled shotgun, or short-barreled rifle, to any person other than another licensee who is licensed under this part to deal in such device or firearm, is prohibited unless the person to receive such device or firearm furnishes to the licensee a sworn statement setting forth

(a) The reasons why there is a reasonable necessity for such person to purchase or otherwise acquire the device or weapon; and

(b) That such person's receipt or possession of the device or weapon would be consistent with public safety. Such sworn statement shall be made on the application to transfer and register the firearm required by Part 179 of this chapter. The sale or delivery of the device or weapon shall not be made until the application for transfer is approved by the Director and returned to the licensee (transferor) as provided in Part 179 of this chapter.

§ 178.102 Sales or deliveries of handguns after February 27, 1994, and before November 30, 1998.

(a) *Waiting period.* Except as provided in paragraph (d), a licensed importer, licensed manufacturer, or licensed dealer shall not sell, deliver, or transfer a handgun (other than the return of a handgun to the person from whom it was received) to any individual who is not licensed under this part unless the licensee:

(1) Receives from the transferee a statement of intent to obtain a handgun on Form 5300.35 in accordance with § 178.130;

(2) Verifies the identity of the transferee by examining the identification document presented, and noting on Form 5300.35 the type of identification used;

(3) Within 1 day after the transferee furnishes the statement, provides notice of the contents of the statement on Form 5300.35, in the manner prescribed by paragraph (b) of this section, to the chief law enforcement officer of the place of residence of the transferee;

(4) Within 1 day after the transferee furnishes the statement to the licensee, transmits a copy of Form

5300.35 to the chief law enforcement officer of the place of residence of the transferee; and

(5)(i) Five business days (meaning days on which State offices are open) have elapsed from the date the licensee furnished actual notice of the contents of the statement to the chief law enforcement officer, during which period the licensee has not received information from such officer that receipt or possession of the handgun by the transferee would be in violation of Federal, State, or local law; or

(ii) The licensee has received notice from the chief law enforcement officer within the 5 business days that the officer has no information indicating that receipt or possession of the handgun by the transferee would violate Federal, State, or local law.

Example 1. A licensee furnishes actual notice of the contents of the statement to the chief law enforcement officer on Tuesday. If State offices are not open on Saturday and Sunday, 5 business days would have elapsed on the following Tuesday. The licensee may deliver the handgun on the next day, Wednesday.

Example 2. A licensee furnishes actual notice of the contents of the statement to the chief law enforcement officer on Saturday. If State offices are not open on Saturday and Sunday, 5 business days would have elapsed on the following Friday. The licensee may deliver the handgun on the next day, Saturday.

(b) *Form of notice.* The notice required by paragraph (a)(3) of this section shall be actual notice and shall be given in a manner acceptable to such officer. For example, if the chief law enforcement officer will only accept notice in writing and not by telephone, notice shall be given by the licensee to the chief law enforcement officer in writing. In that case, the 5-day waiting period prescribed by paragraph (a)(5)(i) of this section begins at the time such written notice is received by the chief law enforcement officer. If the licensee sends notice to such officer by mail, the licensee shall send the notice by certified mail (return receipt requested) or by any other method of mailing which will provide a written receipt: Provided, That where the chief law enforcement officer will only accept notice by hand delivery, notice may be sent in writing by the licensee to the

chief law enforcement officer by certified mail (return receipt requested) or by any other method of mailing which will provide a written receipt.

(c) *Chief law enforcement officer.* The law requires that notice of the contents of the transferee's statement of intent to obtain a handgun and the statement be provided by the licensee to the chief law enforcement officer of the place of residence of the transferee. For purposes of this section, §178.130, and §178.131, the "chief law enforcement officer" means the chief of police, the sheriff, or an equivalent officer or the designee of any such individual. Where the State or local law enforcement officials have notified the licensee that a particular official has been designated to receive the notice and statement specified in paragraphs (a) (3) and (4) of this section, the licensee shall provide the information to that designated official.

(d) *Alternatives to waiting period.* The provisions of paragraph (a) of this section shall not apply if—

(1) The transferee has presented to the licensee a written statement, issued by the chief law enforcement officer of the transferee's place of residence, stating that the transferee requires access to a handgun because of a threat to the life of the transferee or of any member of the household of the transferee. The written statement must have been issued by the chief law enforcement officer during the 10-day period ending on the date that the transferee has informed the licensee of the transferee's intention to obtain a handgun. The written statement shall be on a letter bearing the letterhead of the chief law enforcement officer and shall be signed by the officer and dated;

(2) The transferee has presented to the licensee a permit or license that—

(i) Allows the transferee to possess or acquire a handgun;

(ii) Was issued not more than 5 years earlier by the State in which the transfer is to take place; and

(iii) The law of the State provides that such a permit is to be issued only after an authorized government official has verified that the information available to such official does not indicate that possession of a handgun by the

transferee would be in violation of Federal, State, or local law;

(3) The law of the State requires that, before any licensed importer, licensed manufacturer, or licensed dealer completes the transfer of a handgun to an individual who is not licensed under this part, an authorized government official verify that the information available to such official does not indicate that possession of a handgun by the transferee would be in violation of law;

(4) The handgun is subject to the provisions of the National Firearms Act and has been approved for transfer under 27 CFR Part 179; or

(5) On application of the licensee, in accordance with the provisions of § 178.150, the Director has certified that compliance with paragraph (a) of this section is impracticable.

(6) The documents referred to in paragraphs (d) (1) and (2) of this section shall be retained in the records of the licensee in accordance with the provisions of § 178.131.

(e) *Disclosure of information.* (1) Any licensed importer, licensed manufacturer, or licensed dealer who, after the transfer of a handgun to a nonlicensee, receives a report from a chief law enforcement officer containing information that receipt or possession of the handgun by the transferee violates Federal, State, or local law shall, within 1 business day (meaning a day on which State offices are open) after receipt of the report, communicate any information the licensee has concerning the transfer and the transferee, including a copy of Form 4473 required by § 178.124, to the chief law enforcement officer of the place of business of the licensee and to the chief law enforcement officer of the place of residence of the transferee. The licensee may also provide this information to the local ATF office.

(2) Any licensed importer, licensed manufacturer, or licensed dealer who receives information from a chief law enforcement officer regarding the transfer of a handgun to a nonlicensee, not otherwise available to the public, shall not disclose such information except to the transferee, to law enforce-

ment authorities, or pursuant to the direction of a court of law.

Section 925(d) also provides standards for importing or bringing firearm barrels into the United States. Accordingly, no firearm, firearm barrel, or ammunition may be imported or brought into the United States except as provided by this part.

(b) Where a firearm, firearm barrel, or ammunition is imported and the authorization for importation required by this subpart has not been obtained by the person importing same, such person shall:

(1) Store, at the person's expense, such firearm, firearm barrel, or ammunition at a facility designated by U.S. Customs or the regional director (compliance) to await the issuance of the required authorization or other disposition; or

(2) Abandon such firearm, firearm barrel, or ammunition to the U.S. Government; or

(3) Export such firearm, firearm barrel, or ammunition.

The Director shall furnish the approved application (permit) to the applicant and retain two copies thereof for administrative use. If the Director disapproves the application, the licensed importer shall be notified of the basis for the disapproval.

The Director shall furnish the approved application (permit) to the applicant and retain two copies thereof for administrative use. If the Director disapproves the application, the person importing such devices shall be notified of the basis for the disapproval.

(e) An ammunition feeding device imported or brought into the United States by a person importing such a device may be released from Customs custody to the person importing such a device upon showing that such person has obtained a permit from the Director for the importation of the device to be released. § 178.124 Firearms transaction record.

(a) A licensed importer, licensed manufacturer, or licensed dealer shall not sell or otherwise dispose, temporarily or permanently, of any firearm to any person, other than another licensee, unless the licensee records the transaction on a firearms transaction record, Form 4473: *Provided*, That a firearms transaction record, Form 4473, shall not be required to record the disposition made of a firearm delivered to a licensee for the sole purpose of repair or customizing when such firearm or a replacement firearm is returned to the person from whom received.

(b) A licensed manufacturer, licensed importer, or licensed dealer shall retain in alphabetical (by name of purchaser), chronological (by date of disposition), or numerical (by transaction serial number) order, and as a part of the required records, each Form 4473

obtained in the course of transferring custody of the firearms.

(c) Prior to making an over-the-counter transfer of a firearm to a nonlicensee who is a resident of the State in which the licensee's business premises is located, the licensed importer, licensed manufacturer, or licensed dealer so transferring the firearm shall obtain a Form 4473 from the transferee showing the name, address (including county or similar political subdivision), whether the transferee is a citizen of the United States, State of residence, date and place of birth, height, weight, and race of the transferee, and certification by the transferee that the transferee is not prohibited by the Act from transporting or shipping a firearm in interstate or foreign commerce or receiving a firearm which has been shipped or transported in interstate or foreign commerce or possessing a firearm in or affecting commerce. The licensee shall identify the firearm to be transferred by listing in the Form 4473 the name of the manufacturer, the name of the importer (if any), the type, model, caliber or gauge, and the serial number of the firearm. Before transferring the firearm described in the Form 4473, the licensee:

(1)(i) Shall cause the transferee to be identified in any manner customarily used in commercial transactions (e.g., a driver's license), and shall note on the form the method used: *Provided*, That in the case of an alien legally in the United States, shall verify the identity of the transferee by examining an identification document (as defined in §178.11), and shall note on the form the type of identification used;

(ii) Shall, in the case of a transferee who is an alien legally in the United States, cause the transferee to present documentation establishing that the transferee is a resident of the State (as defined in §178.11) in which the licensee's business premises is located, and shall note on the form the documentation used. Examples of acceptable documentation include utility bills or a lease agreement which show that the transferee has resided in the State continuously for at least 90 days prior to the transfer of the firearm; and

(2) If the licensee does not know or have reasonable cause to believe that

the transferee is disqualified by law from receiving the firearm, shall sign and date the form.

(d) Prior to making an over-the-counter transfer of a shotgun or rifle under the provisions contained in §178.96(c) to a nonlicensee who is not a resident of the State in which the licensee's business premises is located, the licensee so transferring the shotgun or rifle, and such transferee, shall comply with the requirements of paragraph (c) of this section: *Provided*, That in the case of a transferee who is an alien legally in the United States, the documentation required by paragraph (c)(1)(ii) of this section need only establish that the transferee is a resident of any State and has resided in such State continuously for at least 90 days prior to the transfer of the firearm. Examples of acceptable documentation include utility bills or a lease agreement. The licensee shall note on the form the documentation used.

(e) Prior to making a transfer of a firearm to any nonlicensee who is not a resident of the State in which the licensee's business premises is located, and such nonlicensee is acquiring the firearm by loan or rental from the licensee for temporary use for lawful sporting purposes, the licensed importer, licensed manufacturer, or licensed dealer so furnishing the firearm, and such transferee, shall comply with the provisions of paragraph (c) of this section, except for the provisions of paragraph (c)(1)(ii).

(f) Form 4473 shall be submitted, in duplicate, to a licensed importer, licensed manufacturer, or licensed dealer by a transferee who is purchasing or otherwise acquiring a firearm by other than an over-the-counter transaction, and who is a resident of the State in which the licensee's business premises is located. The Form 4473 shall show the name, address, date and place of birth, height, weight, and race of the transferee; and the title, name, and address of the principal law enforcement officer of the locality to which the firearm will be delivered. The transferee also must date and execute the sworn statement contained on the form showing, in case the firearm to be transferred is a firearm other than a shotgun or rifle, the transferee is 21 years

or more of age; in case the firearm to be transferred is a shotgun or rifle, the transferee is 18 years or more of age; whether the transferee is a citizen of the United States; the transferee's State of residence, and in the case of a transferee who is an alien legally in the United States, the transferee has resided in that State continuously for at least 90 days prior to the transfer of the firearm; the transferee is not prohibited by the provisions of the Act from shipping or transporting a firearm in interstate or foreign commerce or receiving a firearm which has been shipped or transported in interstate or foreign commerce or possessing a firearm in or affecting commerce; and the transferee's receipt of the firearm would not be in violation of any statute of the State or published ordinance applicable to the locality in which the transferee resides. Upon receipt of such Forms 4473, the licensee shall identify the firearm to be transferred by listing in the Forms 4473 the name of the manufacturer, the name of the importer (if any), the type, model, caliber or gauge, and the serial number of the firearm to be transferred. The licensee shall prior to shipment or delivery of the firearm to such transferee, forward by registered or certified mail (return receipt requested) a copy of the Form 4473 to the principal law enforcement officer named in the Form 4473 by the transferee, and shall delay shipment or delivery of the firearm to the transferee for a period of at least 7 days following receipt by the licensee of the return receipt evidencing delivery of the copy of the Form 4473 to such principal law enforcement officer, or the return of the copy of the Form 4473 to the licensee due to the refusal of such principal law enforcement officer to accept same in accordance with U.S. Postal Service regulations. The original Form 4473, and evidence of receipt or rejection of delivery of the copy of the Form 4473 sent to the principal law enforcement officer, shall be retained by the licensee as a part of the records required to be kept under this subpart.

(g) A licensee who sells or otherwise disposes of a firearm to a nonlicensee who is other than an individual, shall obtain from the transferee the information required by this section from an

individual authorized to act on behalf of the transferee. In addition, the licensee shall obtain from the individual acting on behalf of the transferee a written statement, executed under the penalties of perjury, that the firearm is being acquired for the use of and will be the property of the transferee, and showing the name and address of that transferee.

(h) The requirements of this section shall be in addition to any other recordkeeping requirement contained in this part.

(i) A licensee may obtain, upon request, an emergency supply of Forms 4473 from any regional director (compliance). For normal usage, a licensee should request a year's supply from the ATF Distribution Center, 7943 Angus Court, Springfield, Virginia 22153.

§ 178.124a Firearms transaction record in lieu of record of receipt and disposition.

(a) A licensed dealer acquiring firearms after August 1, 1988 and contemplating the disposition of not more than 50 firearms within a succeeding 12-month period to licensees or non-licensees may maintain a record of the acquisition and disposition of such firearms on a firearms transaction record, Form 4473(LV), Part I or II, in lieu of the records prescribed by §178.125. Such 12-month period shall commence from the date the licensed dealer first records the purchase or other acquisition of a firearm on Form 4473(LV) pursuant to this section. A licensed dealer who maintains records pursuant to this section, but whose firearms dispositions exceed 50 firearms within such 12-month period, shall make and maintain the acquisition and disposition records required by §178.125 with respect to each firearm exceeding 50.

(b) Each licensed dealer maintaining firearms acquisition and disposition records pursuant to this section shall record the purchase or other acquisition of a firearm on Form 4473(LV), Part I or II, in accordance with the instructions on the form not later than the close of the next business day following the date of such purchase or acquisition. However, when disposition is made of a firearm before the close of the next business day after the receipt of that firearm, the licensed dealer making such disposition shall enter all required acquisition information regarding the firearm on the Form 4473(LV) at the time such transfer or disposition is made. The record on Form 4473(LV) shall show the date of receipt, the name and address or the name and license number of the person from whom received, the name of the manufacturer and importer (if any), the model, serial number, type, and caliber or gauge of the firearm.

(c) Each licensed dealer maintaining firearms acquisition and disposition records pursuant to this section shall retain Form 4473(LV), Part I or II, reflecting firearms possessed by such business in chronological (by date of receipt) or numerical (by transaction serial number) order. Forms 4473(LV) reflecting the licensee's sale or disposition of firearms shall be retained in alphabetical (by name of purchaser), chronological (by date of disposition) or numerical (by transaction serial number) order.

(d) A licensed dealer maintaining records pursuant to this section shall record the sale or other disposition of a firearm to another licensee by entering on the Form 4473(LV), Part I, associated with such firearm, the name and license number of the person to whom transferred and by signing and dating the form.

(e) A licensed dealer shall obtain the Form 4473(LV), Part I, associated with the firearm in lieu of a Form 4473 and comply with the requirements specified in §178.124(c) prior to making an over-the-counter transfer of a firearm to a nonlicensee.

(1) Who is a resident of the State in which the licensee's business premises is located,

(2) Who is not a resident of the State in which the licensee's business premises is located and the firearm is a shotgun or rifle and the transfer is under the provisions of §178.96(c), or

(3) Who is not a resident of the State in which the licensee's business premises is located and who is acquiring the firearm by loan or rental for temporary use for lawful sporting purposes.

(f) A licensed dealer shall obtain the Form 4473(LV), Part II, associated with the firearm in lieu of a Form 4473 and comply with the requirements specified in §178.124(f) prior to making a disposition of a firearm to a nonlicensee who is purchasing or otherwise acquiring a firearm by other than an over-the-counter transaction and who is a resident of the State in which the licensee's business premises is located. If the licensee's record of the acquisition of the firearm is, at the time of the disposition, being maintained on a Form 4473(LV), Part I, for over-the-counter transactions, the licensee shall transfer the information relative to the receipt of the firearm, as required by paragraph (b) of this section, to Form 4473(LV), Part II. The corresponding form 4473(LV), Part I, may then be destroyed.

§ 178.126a Reporting multiple sales or other disposition of pistols and revolvers.

Each licensee shall prepare a report of multiple sales or other disposition whenever the licensee sells or otherwise disposes of, at one time or during any five consecutive business days, two or more pistols, or revolvers, or any combination of pistols and revolvers totaling two or more, to an unlicensed person: *Provided*, That a report need not be made where pistols or revolvers, or any combination thereof, are returned to the same person from whom they were received. The report shall be prepared on Form 3310.4, Report of Multiple Sale or Other Disposition of Pistols and Revolvers. Not later than the close of business on the day that the multiple sale or other disposition occurs, the licensee shall forward two copies of Form 3310.4 to the ATF office specified thereon and one copy to the State police or to the local law enforcement agency in which the sale or other disposition took place. Where the State or local law enforcement officials have notified the licensee that a particular official has been designated to receive Forms 3310.4, the licensee shall forward such forms to that designated official. The licensee shall retain one copy of Form 3310.4 and attach it to the firearms transaction record, Form 4473, executed upon delivery of the pistols or revolvers.

Example 1. A licensee sells a pistol and revolver in a single transaction to an unlicensed person. This is a multiple sale and must be reported not later than the close of business on the date of the transaction.

Example 2. A licensee sells a pistol on Monday and sells a revolver on the following Friday to the same unlicensed person. This is a multiple sale and must be reported not later than the close of business on Friday. If the licensee sells the same unlicensed person another pistol or revolver on the following Monday, this would constitute an additional multiple sale and must also be reported.

Example 3. A licensee maintaining business hours on Monday through Saturday sells a revolver to an unlicensed person on Monday and sells another revolver to the same person on the following Saturday. This does not constitute a multiple sale and need not be reported since the sales did not occur during five consecutive business days.

(2) In order to establish residency and to facilitate the transfer of a handgun and enable the chief law enforcement officer to verify the identity of the person acquiring the handgun, Form 5300.35 requests certain additional optional information. This information includes the social security number, height, weight, sex, alien registration number, whether the person is a citizen of the United States, State of residence, and place of birth of the transferee. (b) Upon receipt of Form 5300.35 from the transferee, the licensee shall:

(1) Verify the identity of the transferee by examining the identification document presented and note on Form 5300.35 the type of identification used; and

(2) Complete Form 5300.35 to show that notice of the transferee's statement of intent to obtain a handgun and a copy of the form have been provided to the chief law enforcement officer in compliance with § 178.102(a).

(c) The licensee shall retain the original Form 5300.35 as part of the records required to be kept under this subpart. If the sale, delivery, or transfer of the handgun to the transferee is made, Form 5300.35 shall be attached to the firearms transaction record, Form 4473, executed upon delivery of the handgun as provided in § 178.124. If the sale, delivery, or transfer is not made, the licensee shall retain Form 5300.35 as part of the records required to be kept under this subpart. Forms 5300.35 with respect to which a sale, delivery, or transfer did not take place shall be retained in alphabetical (by name of transferee) or chronological (by date of transferee's sworn statement) order.
