To cite the regulations in this volume use title, part and section number. Thus, 34 CFR 300.1 refers to title 34, part 300, section 1.
Explanation

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the Federal Government. The Code is divided into 50 titles which represent broad areas subject to Federal regulation. Each title is divided into chapters which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas.

Each volume of the Code is revised at least once each calendar year and issued on a quarterly basis approximately as follows:

Title 1 through Title 16..........................as of January 1
Title 17 through Title 27..........................as of April 1
Title 28 through Title 41.........................as of July 1
Title 42 through Title 50..........................as of October 1

The appropriate revision date is printed on the cover of each volume.

LEGAL STATUS

The contents of the Federal Register are required to be judicially noticed (44 U.S.C. 1507). The Code of Federal Regulations is prima facie evidence of the text of the original documents (44 U.S.C. 1510).

HOW TO USE THE CODE OF FEDERAL REGULATIONS

The Code of Federal Regulations is kept up to date by the individual issues of the Federal Register. These two publications must be used together to determine the latest version of any given rule.

To determine whether a Code volume has been amended since its revision date (in this case, July 1, 1998), consult the “List of CFR Sections Affected (LSA),” which is issued monthly, and the “Cumulative List of Parts Affected,” which appears in the Reader Aids section of the daily Federal Register. These two lists will identify the Federal Register page number of the latest amendment of any given rule.

EFFECTIVE AND EXPIRATION DATES

Each volume of the Code contains amendments published in the Federal Register since the last revision of that volume of the Code. Source citations for the regulations are referred to by volume number and page number of the Federal Register and date of publication. Publication dates and effective dates are usually not the same and care must be exercised by the user in determining the actual effective date. In instances where the effective date is beyond the cutoff date for the Code a note has been inserted to reflect the future effective date. In those instances where a regulation published in the Federal Register states a date certain for expiration, an appropriate note will be inserted following the text.

OMB CONTROL NUMBERS

The Paperwork Reduction Act of 1980 (Pub. L. 96-511) requires Federal agencies to display an OMB control number with their information collection request.
Many agencies have begun publishing numerous OMB control numbers as amendments to existing regulations in the CFR. These OMB numbers are placed as close as possible to the applicable recordkeeping or reporting requirements.

**OBsolete Provisions**

Provisions that become obsolete before the revision date stated on the cover of each volume are not carried. Code users may find the text of provisions in effect on a given date in the past by using the appropriate numerical list of sections affected. For the period before January 1, 1986, consult either the List of CFR Sections Affected, 1949-1963, 1964-1972, or 1973-1985, published in seven separate volumes. For the period beginning January 1, 1986, a “List of CFR Sections Affected” is published at the end of each CFR volume.

**CFR Indexes and Tabular Guides**

A subject index to the Code of Federal Regulations is contained in a separate volume, revised annually as of January 1, entitled CFR INDEX AND FINDING AIDS. This volume contains the Parallel Table of Statutory Authorities and Agency Rules (Table I), and Acts Requiring Publication in the Federal Register (Table II). A list of CFR titles, chapters, and parts and an alphabetical list of agencies publishing in the CFR are also included in this volume.

An index to the text of “Title 3—The President” is carried within that volume.

The Federal Register Index is issued monthly in cumulative form. This index is based on a consolidation of the “Contents” entries in the daily Federal Register.

A List of CFR Sections Affected (LSA) is published monthly, keyed to the revision dates of the 50 CFR titles.

**RepUblication of Material**

There are no restrictions on the republication of material appearing in the Code of Federal Regulations.

§ 300.7  Children with disabilities.

(a) (1) As used in this part, the term "children with disabilities" means those children evaluated in accordance with §§ 300.530-300.534 as having mental retardation, hearing impairments including deafness, speech or language impairments, visual impairments including blindness, serious emotional disturbance, orthopedic impairments, autism, traumatic brain injury, other health impairments, specific learning disabilities, deaf-blindness, or multiple disabilities, and who because of those impairments need special education and related services.

(2) The term "children with disabilities" for children aged 3 through 5 may, at a State's discretion, include children—

(i) Who are experiencing developmental delays, as defined by the State and as measured by appropriate diagnostic instruments and procedures, in one or more of the following areas: physical development, cognitive development, communication development, social or emotional development, or adaptive development; and

(ii) Who, for that reason, need special education and related services.

(b) The terms used in this definition are defined as follows:

(1) "Autism" means a developmental disability significantly affecting verbal and nonverbal communication and social interaction, generally evident before age 3, that adversely affects a child's educational performance. Other characteristics often associated with autism are engagement in repetitive activities and stereotyped movements, resistance to environmental change or change in daily routines, and unusual responses to sensory experiences. The term does not apply if a child's educational performance is adversely affected primarily because the child has a serious emotional disturbance, as defined in paragraph (b)(9) of this section.

(2) "Deaf-blindness" means concomitant hearing and visual impairments, the combination of which causes such severe educational problems that they cannot be accommodated in special education programs solely for children with deafness or children with blindness.

(3) "Deafness" means a hearing impairment that is so severe that the child is impaired in processing linguistic information through hearing, with or without amplification, that adversely affects a child's educational performance.

(4) "Hearing impairment" means an impairment in hearing, whether permanent or fluctuating, that adversely affects a child's educational performance but that is not included under the definition of deafness in this section.

(5) "Mental retardation" means significantly subaverage general intellectual functioning existing concurrently with deficits in adaptive behavior and manifested during the developmental period that adversely affects a child's educational performance.

(6) "Multiple disabilities" means concomitant impairments (such as mental retardation-blindness, mental retardation-orthopedic impairment, etc.), the combination of which causes such severe educational problems that they cannot be accommodated in special education programs solely for one of the impairments. The term does not include deaf-blindness.

(7) "Orthopedic impairment" means a severe orthopedic impairment that adversely affects a child's educational performance. The term includes impairments caused by congenital anomalies (e.g., clubfoot, absence of some member, etc.), impairments caused by disease (e.g., poliomyelitis, bone tuberculosis, etc.), and impairments from other causes (e.g., cerebral palsy, amputations, and fractures or burns that cause contractures).

(8) "Other health impairment" means having limited strength, vitality or alertness, due to chronic or acute health problems such as a heart condition, tuberculosis, rheumatic fever, nephritis, asthma, sickle cell anemia, hemophilia, epilepsy, lead poisoning, leukemia, or diabetes that adversely affects a child's educational performance.

(9) "Serious emotional disturbance" is defined as follows:

(i) The term means a condition exhibiting one or more of the following...
characteristics over a long period of time and to a marked degree that adversely affects a child's educational performance—

(A) An inability to learn that cannot be explained by intellectual, sensory, or health factors;

(B) An inability to build or maintain satisfactory interpersonal relationships with peers and teachers;

(C) Inappropriate types of behavior or feelings under normal circumstances;

(D) A general pervasive mood of unhappiness or depression; or

(E) A tendency to develop physical symptoms or fears associated with personal or school problems.

(ii) The term includes schizophrenia. The term does not apply to children who are socially maladjusted, unless it is determined that they have a serious emotional disturbance.

(10) “Specific learning disability” means a disorder in one or more of the basic psychological processes involved in understanding or in using language, spoken or written, that may manifest itself in an imperfect ability to listen, think, speak, read, write, spell, or to do mathematical calculations. The term includes such conditions as perceptual disabilities, brain injury, minimal brain dysfunction, dyslexia, and developmental aphasia. The term does not apply to children who have learning problems that are primarily the result of visual, hearing, or motor disabilities, of mental retardation, of emotional disturbance, or of environmental, cultural, or economic disadvantage.

(11) “Speech or language impairment” means a communication disorder such as stuttering, impaired articulation, a language impairment, or a voice impairment that adversely affects a child’s educational performance.

(12) “Traumatic brain injury” means an acquired injury to the brain caused by an external physical force, resulting in total or partial functional disability or psychosocial impairment, or both, that adversely affects a child’s educational performance. The term applies to open or closed head injuries resulting in impairments in one or more areas, such as cognition; language; memory; attention; reasoning; abstract thinking; judgment; problem-solving; sensory, perceptual and motor abilities; psychosocial behavior; physical functions; information processing; and speech. The term does not apply to brain injuries that are congenital or degenerative, or brain injuries induced by birth trauma.

(13) “Visual impairment including blindness” means an impairment in vision that, even with correction, adversely affects a child’s educational performance. The term includes both partial sight and blindness.

(Authority: 20 U.S.C. 1411(a)(11))

(Authority: 20 U.S.C. 1401(a)(8))

§ 300.12 Native language.
As used in this part, the term "native language" has the meaning given that term by section 703(a)(2) of the Bilingual Education Act, which provides as follows:
The term "native language," when used with reference to an individual of limited English proficiency, means the language normally used by that individual, or in the case of a child, the language normally used by the parents of the child.
(Authority: 20 U.S.C. 3283(a)(2); 1401(a)(22))

NOTE: Section 602(a)(22) of the Act states that the term "native language" has the same meaning as the definition from section 703(a)(2) of the Bilingual Education Act. (The term is used in the prior notice and evaluation sections under §300.505(b)(2) and §300.532(a)(1)). In using the term, the Act does not prevent the following means of communication:
(1) In all direct contact with a child (including evaluation of the child), communication would be in the language normally used by the child and not that of the parents, if there is a difference between the two.
(2) For individuals with deafness or blindness, or for individuals with no written language, the mode of communication would be that normally used by the individual (such as sign language, braille, or oral communication).

§ 300.13 Parent.
As used in this part, the term "parent" means a parent, a guardian, a person acting as a parent of a child, or a surrogate parent who has been appointed in accordance with §300.514. The term does not include the State if the child is a ward of the State.
(Authority: 20 U.S.C. 1415)

NOTE: The term "parent" is defined to include persons acting in the place of a parent, such as a grandmother or stepparent with whom a child lives, as well as persons who are legally responsible for a child's welfare.

§ 300.14 Public agency.
As used in this part, the term "public agency" includes the SEA, LEAs, IEUs, and any other political subdivisions of the State that are responsible for providing education to children with disabilities.

(Authority: 20 U.S.C. 1401(a)(17))

NOTE: With respect to related services, the Senate Report states:

The Committee bill provides a definition of related services, making clear that all such related services may not be required for each individual child and that such term includes early identification and assessment of handicapping conditions and the provision of services to minimize the effects of such conditions.

The list of related services is not exhaustive and may include other developmental, corrective, or supportive services (such as artistic and cultural programs, and art, music, and dance therapy), if they are required to assist a child with a disability to benefit from special education.

There are certain kinds of services that might be provided by persons from varying professional backgrounds and with a variety of operational titles, depending upon requirements in individual States. For example, counseling services might be provided by social workers, psychologists, or guidance counselors, and psychological testing might be done by qualified psychological examiners, psychometrists, or psychologists, depending upon State standards.

Each related service defined under this part may include appropriate administrative and supervisory activities that are necessary for program planning, management, and evaluation.

§ 300.17 Special education.

(a)(1) As used in this part, the term “special education” means specially designed instruction, at no cost to the parents, to meet the unique needs of a child with a disability, including—

(i) Instruction conducted in the classroom, in the home, in hospitals and institutions, and in other settings; and

(ii) Instruction in physical education.

(2) The term includes speech pathology, or any other related service, if the service consists of specially designed instruction, at no cost to the parents, to meet the unique needs of a child with a disability, and is considered special education rather than a related service under State standards.

(3) The term also includes vocational education if it consists of specially designed instruction, at no cost to the parents, to meet the unique needs of a child with a disability.

(b) The terms in this definition are defined as follows:

(1) “At no cost” means that all specially designed instruction is provided without charge, but does not preclude incidental fees that are normally charged to nondisabled students or their parents as a part of the regular education program.

(2) “Physical education” is defined as follows:

(A) Physical and motor fitness;

(B) Fundamental motor skills and patterns; and

(C) Skills in aquatics, dance, and individual and group games and sports (including intramural and lifetime sports).

(Authority: 20 U.S.C. 1401(a)(16))

(3) Vocational education means organized educational programs that are directly related to the preparation of individuals for paid or unpaid employment, or for additional preparation for a career requiring other than a baccalaureate or advanced degree.

(Authority: 20 U.S.C. 1401(16))

NOTE 1: The definition of special education is a particularly important one under these regulations, since a child does not have a disability under this part unless he or she needs special education. (See the definition of children with disabilities in §300.7.) The definition of related services (§300.16) also depends on this definition, since a related service must be necessary for a child to benefit from special education. Therefore, if a child does not need special education, there can be no related services, and the child is not a child
with a disability and is therefore not covered under the Act.

**NOTE 2:** The above definition of vocational education is taken from the Vocational Education Act of 1963, as amended by Public Law 94-482. Under that Act, "vocational education" includes industrial arts and consumer and homemaking education programs.

§ 300.18 Transition services.

(a) As used in this part, "transition services" means a coordinated set of activities for a student, designed within an outcome-oriented process, that promotes movement from school to post-school activities, including post-secondary education, vocational training, integrated employment (including supported employment), continuing and adult education, adult services, independent living, or community participation.

(b) The coordinated set of activities described in paragraph (a) of this section must—

(1) Be based on the individual student's needs, taking into account the student's preferences and interests; and

(2) Include—

(i) Instruction;

(ii) Community experiences;

(iii) The development of employment and other post-school adult living objectives; and

(iv) If appropriate, acquisition of daily living skills and functional vocational evaluation.

(Authority: 20 U.S.C. 1404(a)(35))

**NOTE:** Transition services for students with disabilities may be special education, if they are provided as specially designed instruction, or related services, if they are required to assist a student with a disability to benefit from special education. The list of activities in paragraph (b) is not intended to be exhaustive.

§ 300.121 Right to a free appropriate public education.

(a) Each State plan must include information that shows that the State has in effect a policy that ensures that all children with disabilities have the right to FAPE within the age ranges and timelines under § 300.122.

(b) The information must include a copy of each State statute, court order, State Attorney General opinion, and other State documents that show the source of the policy.

(3) Implements the priorities established under §§ 300.320-300.324; and

(b) Documents relating to timelines. Each State plan must include a copy of each State statute, court order, Attorney General decision, and other State documents that demonstrate that the State has established timelines in accordance with paragraph (a) of this section.

§ 300.150 State-level nonsupplanting.

Each State plan must provide assurance satisfactory to the Secretary that funds provided under this part will be
used so as to supplement and increase the level of Federal (other than funds available under this part), State, and local funds—including funds that are not under the direct control of the SEA or LEAs—expended for special education and related services provided to children with disabilities under this part and in no case to supplant those Federal (other than funds available under this part), State, and local funds unless a waiver is granted in accordance with §300.589.

(Authority: 20 U.S.C. 1413(a)(9))

NOTE: This requirement is distinct from the LEA nonsupplanting provision already contained in these regulations at §300.230. Under this state-level provision, the State must assure that part B funds distributed to LEAs and IEsUs will be used to supplement and not supplant other Federal, State, and local funds (including funds not under the control of educational agencies) that would have been expended for special education and related services provided to children with disabilities in the absence of the part B funds. The portion of part B funds that are not distributed to LEAs or IEsUs under the statutory formula (20 U.S.C. 1411(d)) are not subject to this nonsupplanting provision. See 20 U.S.C. 1411(c)(3). States may not permit LEAs or IEsUs to use part B funds to satisfy a financial commitment for services that would have been paid for by a health or other agency pursuant to policy or practice but for the fact that these services are now included in the IEPs of children with disabilities.

§ 300.151 Additional information if the State educational agency provides direct services.

If an SEA provides FAPE for children with disabilities or provides them with direct services, its State plan must include the information required under §§300.226, 300.227, 300.231, and 300.235.

(b) The policies and procedures referred to in paragraph (a) of this section must—

(1) Describe the role that each of those agencies plays in providing or paying for services required under this part for children with disabilities; and

(2) Provide for the development and implementation of interagency agreements that—

(i) Define the financial responsibility of each agency for providing children with disabilities with FAPE;

(ii) Establish procedures for resolving interagency disputes among agencies that are parties to the agreements; and

(iii) Establish procedures under which LEAs may initiate proceedings in order to secure reimbursement from agencies that are parties to the agreements or otherwise implement the provisions of the agreements.

§ 300.181 [Reserved]

§ 300.182 The excess cost requirement.

An LEA may only use funds under part B of the Act for the excess costs of providing special education and related services for children with disabilities.

§ 300.183 Meeting the excess cost requirement.

(a) An LEA meets the excess cost requirement if it has on the average spent at least the amount determined under § 300.184 for the education of each of its children with disabilities. This amount may not include capital outlay or debt service.

(Authority: 20 U.S.C. 1402(20); 1414(a)(1))

NOTE: The excess cost requirement means that the LEA must spend a certain minimum amount for the education of its children with disabilities before part B funds are used. This ensures that children served with part B funds have at least the same average amount spent on them, from sources other than part B, as do the children in the school district taken as a whole.

The minimum amount that must be spent for the education of children with disabilities is computed under a statutory formula. Section 300.184 implements this formula and gives a step-by-step method to determine the minimum amount. Excess costs are those costs of special education and related services that exceed the minimum amount. Therefore, if an LEA can show that it has (on the average) spent the minimum amount for the education of each of its children with disabilities, it has met the excess cost requirement, and all additional costs are excess costs. Part B funds can then be used to pay for these additional costs, subject to the other requirements of part B (priorities, etc.). In the Note under § 300.184, there is an example of how the minimum amount is computed.

§ 300.184 Excess costs—computation of minimum amount.

The minimum average amount that an LEA must spend under § 300.183 for the education of each of its children with disabilities is computed as follows:

(a) Add all expenditures of the LEA in the preceding school year, except capital outlay and debt service—

(1) For elementary school students, if the child with a disability is an elementary school student; or

(2) For secondary school students, if the child with a disability is a secondary school student.

(b) From this amount, subtract the total of the following amounts spent for elementary school students or for secondary school students, as the case may be—

(1) Amounts the agency spent in the preceding school year from funds awarded under part B of the Act and Titles I and VII of the Elementary and Secondary Education Act of 1965; and

(2) Amounts from State and local funds that the agency spent in the preceding school year for—

(i) Programs for children with disabilities;

(ii) Programs to meet the special educational needs of educationally deprived children; and

(iii) Programs of bilingual education for limited English proficient children.

(c) Divide the result under paragraph (b) of this section by the average number of students enrolled in the agency in the preceding school year—

(1) In its elementary schools, if the child with a disability is an elementary school student; or

(2) In its secondary schools, if the child with a disability is a secondary school student.

(Authority: 20 U.S.C. 1414(a)(1))

NOTE: The following is an example of how an LEA might compute the average minimum amount it must spend for the education of each of its children with disabilities, under § 300.183. This example follows the formula in § 300.184. Under the statute
and regulations, the LEA must make one computation for children with disabilities in its elementary schools and a separate computation for children with disabilities in its secondary schools. The computation for elementary school students with disabilities would be done as follows:

a. First, the LEA must determine its total amount of expenditures for elementary school students from all sources—local, State, and Federal (including part B)—in the preceding school year. Only capital outlay and debt service are excluded.

Example: An LEA spent the following amounts last year for elementary school students (including its elementary school students with disabilities):

1. From local tax funds ........ $2,750,000
2. From State funds ............. 7,000,000
3. From Federal funds .......... 750,000

Total ........................................ 10,500,000

Of this total, $500,000 was for capital outlay and debt service relating to the education of elementary school students. This must be subtracted from total expenditures:

$10,500,000

\( - \) $500,000

Total expenditures for elementary school students (less capital outlay and debt service) ...................... 10,000,000

b. Next, the LEA must subtract amounts spent for:

1. Programs for children with disabilities;
2. Programs to meet the special educational needs of educationally deprived children; and
3. Programs of bilingual education for limited English proficient children.

These are funds that the LEA actually spent, not funds received last year but carried over for the current school year.

Example: The LEA spent the following amounts for elementary school students last year:

1. From funds under chapter 1 of title I of the Elementary and Secondary Education Act of 1965 ...... $300,000
2. From a special State program for educationally deprived children .......... 200,000
3. From a grant under part B ...... 200,000
4. From State funds for the education of children with disabilities ................................. 500,000
5. From a locally-funded program for children with disabilities ................................. 250,000
6. From a grant for a bilingual education program under title VII of the Elementary and Secondary Education Act of 1965 ...... 150,000

Total ........................................ 1,600,000

(An LEA would also include any other funds it spent from Federal, State, or local sources for the three basic purposes: Children with disabilities, educationally deprived children, and bilingual education for limited English proficient children.)

This amount is subtracted from the LEA's total expenditure for elementary school students computed above:

$10,000,000

\( - \) 1,600,000

8,400,000

c. The LEA next must divide by the average number of students enrolled in the elementary schools of the agency last year (including its students with disabilities).

Example: Last year, an average of 7,000 students were enrolled in the agency's elementary schools. This must be divided into the amount computed under the above paragraph:

\[ \frac{8,400,000}{7,000} = \$1,200/ \text{student} \]

This figure is in the minimum amount the LEA must spend (on the average) for the education of each of its students with disabilities. Funds under part B may be used only for costs over and above this minimum. In this example, if the LEA has 100 elementary school students with disabilities, it must keep records adequate to show that it has spent at least $120,000 for the education of those students (100 students times $1,200/student), not including capital outlay and debt service.

This $120,000 may come from any funds except funds under part B, subject to any legal requirements that govern the use of those other funds.

If the LEA has secondary school students with disabilities, it must do the same computation for them. However the amounts used in the computation would be those the LEA spent last year for the education of secondary school students, rather than for elementary school students.

§ 300.185 Computation of excess costs—consolidated application.

The minimum average amount under § 300.183, if two or more LEAs submit a consolidated application, is the average of the combined minimum average amounts determined under § 300.184 in those agencies for elementary or secondary school students, as the case may be.

(Authority: 20 U.S.C. 1414(a)(1))
§ 300.186 Excess costs—limitation on use of part B funds.
(a) The excess cost requirement prevents an LEA from using funds provided under part B of the Act to pay for all of the costs directly attributable to the education of a child with a disability, subject to paragraph (b) of this section.
(b) The excess cost requirement does not prevent an LEA from using part B funds to pay for all of the costs directly attributable to the education of a child with a disability in any of the age ranges three, four, five, eighteen, nineteen, twenty, or twenty-one, if no local or State funds are available for nondisabled children in that age range. However, the LEA must comply with the nonsupplanting and other requirements of this part in providing the education and services.

§ 300.190 Consolidated applications.
(a) [Reserved]
(b) Required applications. An SEA may require LEAs to submit a consolidated application for payments under part B of the Act if the SEA determines that an individual application submitted by an LEA will be disapproved because—

(c) If an IEU is required by State law to carry out this part, the joint responsibilities given to LEAs under paragraph (b)(2) of this section do not apply to the administration and disbursement of any payments received by the IEU. Those administrative responsibilities must be carried out exclusively by the IEU.

Each application must provide assurance satisfactory to the SEA that the LEA uses funds provided under part B of the Act only for costs that exceed the amount computed under § 300.184 and that are directly attributable to the education of children with disabilities.

§ 300.230 Nonsupplanting.

(a) Each application must provide assurance satisfactory to the SEA that the LEA uses funds provided under part B of the Act to supplement and, to the extent practicable, increase the level of State and local funds expended for the education of children with disabilities, and in no case to supplant those State and local funds.

(b) To meet the requirement in paragraph (a) of this section, the total amount or average per capita amount of State and local school funds budgeted by the LEA for expenditures in the current fiscal year for the education of children with disabilities must be at least equal to the total amount or average per capita amount of State and local school funds actually expended for the education of children with disabilities in the most recent preceding fiscal year for which the information is available. Allowance may be made for—

(1) Decreases in enrollment of children with disabilities; and

(2) Unusually large amounts of funds expended for such long-term purposes as the acquisition of equipment and the construction of school facilities.

§ 300.231 Comparable services.

(a) Each application must provide assurance satisfactory to the SEA that the LEA meets the requirements of this section.

(b) An LEA may not use funds under part B of the Act to provide services to children with disabilities unless the LEA uses State and local funds to provide services to those children that, taken as a whole, are at least comparable to services provided to other children with disabilities in that LEA.

(c) Each LEA shall maintain records that show that the LEA meets the requirement in paragraph (b) of this section.

(Authority: 20 U.S.C. 1414(a)(2)(C))

NOTE: Under the “comparability” requirement, if State and local funds are used to provide certain services, those services must be provided with State and local funds to all children with disabilities in the LEA who need them. Part B funds may then be used to supplement existing services, or to provide additional services to meet special needs. This, of course, is subject to the other requirements of the Act, including the priorities under §§ 300.320-300.324.

(1) Meets the requirements of section 612(1), 612(2)(C)-(E), 612(4), 612(5), 612(6), and 612(7) of the Act (including monitoring and evaluation activities);

(2) Meets the requirements of section 613(a), (2), (3), (4)(B), (5), (6), (7), (10), (11), (12), (13), (14), and (15), 613(b), and 613(e) of the Act;

(4) Meets the requirements of this part that implement the sections of the Act listed in paragraphs (a)(1)-(3) of this section.

(5) Includes a description of how the Secretary of the Interior will coordinate the provision of services under this part with LEAs, tribes and tribal organizations, and other private and Federal service providers;

(6) Includes an assurance that there are public hearings, adequate notice of such hearings, and an opportunity for comment afforded to members of tribes, tribal governing bodies, and affected local school boards before the adoption of the policies, programs, and procedures required under paragraphs (a)(1)-(3) of this section;

(7) Includes an assurance that the Secretary of the Interior will provide such information as the Secretary may require to comply with section 618(b)(1) of the Act, including data on the number of children and youth with disabilities served and the types and amounts of services provided and needed;

(8) Includes an assurance that, by October 1, 1992, the Secretaries of the Interior and Health and Human Services will enter into a memorandum of agreement, to be provided to the Secretary, for the coordination of services, resources, and personnel between their respective Federal, State, and local offices and with SEAs and LEAs and other entities to facilitate the provision of services to Indian children with disabilities residing on or near reservations. § 300.300 Timelines for free appropriate public education.

(a) General. Each State shall ensure that FAPE is available to all children with disabilities aged 3 through 18 within the State not later than September 1, 1978, and to all children with disabilities aged 3 through 21 within the State not later than September 1, 1980.

(b) Age ranges 3-5 and 18-21. This paragraph provides rules for applying the requirement in paragraph (a) of this section to children with disabilities aged 3, 4, 5, 18, 19, 20, and 21:

(1) If State law or a court order requires the State to provide education for children with disabilities in any disability category in any of these age groups, the State must make FAPE available to all children with disabilities of the same age who have that disability.

(2) If a public agency provides education to nondisabled children in any of these age groups, it must make FAPE available to at least a proportionate number of children with disabilities of the same age.

(3) If a public agency provides education to 50 percent or more of its children with disabilities in any disability category in any of these age groups, it must make FAPE available to all its children with disabilities of the same age who have that disability. This provision does not apply to children aged 3 through 5 for any fiscal year for which the State receives a grant under section 619(a)(1) of the Act.

(4) If a public agency provides education to a child with a disability in any of these age groups, it must make FAPE available to that child and provide that child and his or her parents all of the rights under part B of the Act and this part.

(5) A State is not required to make FAPE available to a child with a disability in one of these age groups if—

(i) State law expressly prohibits, or does not authorize, the expenditure of public funds to provide education to nondisabled children in that age group; or

(ii) The requirement is inconsistent with a court order that governs the provision of free public education to children with disabilities in that State.

(c) Children aged 3 through 21 on reservations. With the exception of children identified in § 300.709(a)(1) and (2), the SEA shall be responsible for ensuring that all of the requirements of part B of the Act are implemented for all children aged 3 through 21 on reservations.

Note 1: The requirement to make FAPE available applies to all children with disabilities within the State who are in the age ranges required under § 300.300 and who need special education and related services. This includes children with disabilities already in school and children with less severe disabilities, who are not covered under the priorities under § 300.301.
§ 300.300 Residential placement.

If placement in a public or private residential program is necessary to provide special education and related services to a child with a disability, the program, including non-medical care and room and board, must be at no cost to the parents of the child.

(Authority: 20 U.S.C. 1412(2)(B); 1413(a)(4)(B))

NOTE: This requirement applies to placements that are made by public agencies for educational purposes, and includes placements in State-operated schools for children with disabilities, such as a State school for students with deafness or students with blindness.

§ 300.303 Proper functioning of hearing aids.

Each public agency shall ensure that the hearing aids worn by children with hearing impairments including deafness in school are functioning properly.

(Authority: 20 U.S.C. 1412(2)(B))

NOTE: The report of the House of Representatives on the 1978 appropriation bill includes the following statement regarding hearing aids:

In its report on the 1976 appropriation bill the Committee expressed concern about the condition of hearing aids worn by children in public schools. A study done at the Committee's direction by the Bureau of Education for the Handicapped reveals that up to one-third of the hearing aids are malfunctioning. Obviously, the Committee expects the Office of Education will ensure that hearing impaired school children are receiving adequate professional assessment, follow-up and services.

§ 300.304 Full educational opportunity goal.

(a) Each SEA shall ensure that each public agency establishes and implements a goal of providing full educational opportunity to all children with disabilities in the area served by the public agency.

(b) Subject to the priority requirements of §§ 300.320-300.324, an SEA or LEA may use part B funds to provide facilities, personnel, and services necessary to meet the full educational opportunity goal.

(Authority: 20 U.S.C. 1412(2)(A); 1414(a)(1)(C))

NOTE: In meeting the full educational opportunity goal, the Congress also encouraged
§ 300.305  LEAs to include artistic and cultural activities in programs supported under this part, subject to the priority requirements of §§300.320–300.324. This point is addressed in the following statements from the Senate Report on Public Law 94–142:

The use of the arts as a teaching tool for the handicapped has long been recognized as a viable, effective way not only of teaching special skills, but also of reaching youngsters who had otherwise been unteachable. The Committee envisions that programs under this bill could well include an arts component and, indeed, urges that local educational agencies include the arts in programs for the handicapped funded under this Act. Such a program could cover both appreciation of the arts by the handicapped youngsters, and the utilization of the arts as a teaching tool per se.

Museum settings have often been another effective tool in the teaching of handicapped children. For example, the Brooklyn Museum has been a leader in developing exhibits utilizing the heightened tactile sensory skill of the blind. Therefore, in light of the national policy concerning the use of museums in federally supported education programs enunciated in the Education Amendments of 1974, the Committee also urges local educational agencies to include museums in programs for the handicapped funded under this Act.

§ 300.306  Nonacademic services.

(a) Each public agency shall take steps to provide nonacademic and extracurricular services and activities in such manner as is necessary to afford children with disabilities an equal opportunity for participation in those services and activities.

(b) Nonacademic and extracurricular services and activities may include counseling services, athletics, transportation, health services, recreational activities, special interest groups or clubs sponsored by the public agency, referrals to agencies that provide assistance to individuals with disabilities, and employment of students, including both employment by the public agency and assistance in making outside employment available.

(Authority: 20 U.S.C. 1412(2)(A); 1414(a)(1)(C))

§ 300.307  Physical education.

(a) General. Physical education services, specially designed if necessary, must be made available to every child with a disability receiving FAPE.

(b) Regular physical education. Each child with a disability must be afforded the opportunity to participate in the regular physical education program available to nondisabled children unless—

(1) The child is enrolled full time in a separate facility; or

(2) The child needs specially designed physical education, as prescribed in the child’s IEP.

(c) Special physical education. If specially designed physical education is prescribed in a child’s IEP, the public agency responsible for the education of that child shall provide the services directly, or make arrangements for those services to be provided through other public or private programs.

(d) Education in separate facilities. The public agency responsible for the education of a child with a disability who is enrolled in a separate facility shall ensure that the child receives appropriate physical education services in compliance with paragraphs (a) and (c) of this section.

(Authority: 20 U.S.C. 1401(a)(16); 1412(5)(B); 1414(a)(6))

NOTE: The Report of the House of Representatives on Public Law 94–142 includes the following statement regarding physical education:

Special education as set forth in the Committee bill includes instruction in physical education, which is provided as a matter of course to all non-handicapped children enrolled in public elementary and secondary schools. The Committee is concerned that although these services are available to and required of all children in our school systems,
they are often viewed as a luxury for handicapped children.

The Committee expects the Commissioner of Education to take whatever action is necessary to assure that physical education services are available to all handicapped children, and has specifically included physical education within the definition of special education to make clear that the Committee expects such services, specially designed where necessary, to be provided as an integral part of the educational program of every handicapped child.

§ 300.308 Assistive technology.

Each public agency shall ensure that assistive technology devices or assistive technology services, or both, as those terms are defined in §§ 300.5-300.6, are made available to a child with a disability if required as a part of the child’s—

(a) Special education under §300.17;
(b) Related services under §300.16; or
(c) Supplementary aids and services under §300.550(b)(2).

(Authority: 20 U.S.C. 1412(2), (5)(B))

PRIORITIES IN THE USE OF PART B FUNDS

§ 300.320 Definitions of “first priority children” and “second priority children.”

For the purposes of §§ 300.321-300.324, the term:

(a) First priority children means children with disabilities who—
(1) Are in an age group for which the State must make FAPE available under §300.300; and
(2) Are not receiving any education.

(b) Second priority children means children with disabilities, within each disability category, with the most severe disabilities who are receiving an inadequate education.

(Authority: 20 U.S.C. 1412(3))

Note 1: After September 1, 1978, there should be no second priority children, since States must ensure, as a condition of receiving part B funds for fiscal year 1979, that all children with disabilities will have FAPE available by that date.

New first priority children will continue to be found by the State after September 1, 1978 through on-going efforts to identify, locate, and evaluate all children with disabilities.

§ 300.321 Priorities.

(a) Each SEA and LEA shall use funds provided under part B of the Act in the following order of priorities:

(1) To provide FAPE to first priority children, including the identification, location, and evaluation of first priority children.
(2) To provide FAPE to second priority children, including the identification, location, and evaluation of second priority children.
(3) To meet the other requirements of this part.

(b) The requirements of paragraph (a) of this section do not apply to funds that the State uses for administration under §300.620.

(Authority: 20 U.S.C. 1411 (b)(1)(B), (b)(2)(B), (c)(1)(B), (c)(2)(A)(ii))

Note: SEAs as well as LEAs must use part B funds (except the portion used for State administration) for the priorities. A State may have to set aside a portion of its part B allotment to be able to serve newly identified first priority children.
After September 1, 1978, part B funds may be used—

(1) To continue supporting child identification, location, and evaluation activities;
(2) To provide FAPE to newly identified first priority children;
(3) To meet the full educational opportunity goal required under §300.304, including employing additional personnel and providing inservice training, in order to increase the level, intensity and quality of services provided to individual children with disabilities; and
(4) To meet the other requirements of part B.

§ 300.322 [Reserved]

§ 300.323 Services to other children.

If a State or an LEA is providing FAPE to all of its first priority children, that State or LEA may use funds provided under part B of the Act—
§ 300.324

(a) To provide FAPE to children with disabilities who are not receiving any education and who are in the age groups not covered under §300.300 in that State; or
(b) To provide FAPE to second priority children; or
(c) Both.

§ 300.324 Application of local educational agency to use funds for the second priority.

An LEA may use funds provided under part B of the Act for second priority children, if it provides assurance satisfactory to the SEA in its application (or an amendment to its application)—
(a) That all first priority children have FAPE available to them;
(b) That the LEA has a system for the identification, location, and evaluation of children with disabilities, as described in its application; and
(c) That whenever a first priority child is identified, located, and evaluated, the LEA makes FAPE available to the child.

INDIVIDUALIZED EDUCATION PROGRAMS

§ 300.340 Definitions.

(a) As used in this part, the term individualized education program means a written statement for a child with a disability that is developed and implemented in accordance with §§300.341-300.350.
(b) As used in §§300.346 and 300.347, participating agency means a State or local agency, other than the public agency responsible for a student’s education, that is financially and legally responsible for providing transition services to the student.

(Authority: 20 U.S.C. 1411(a)(20))

§ 300.341 State educational agency responsibility.

(a) Public agencies. The SEA shall ensure that each public agency develops and implements an IEP for each of its children with disabilities.

(b) Private schools and facilities. The SEA shall ensure that an IEP is developed and implemented for each child with a disability who—
(1) Is placed in or referred to a private school or facility by a public agency;
(2) Is enrolled in a parochial school or other private school and receives special education or related services from a public agency.

(Authority: 20 U.S.C. 1412(4), (6); 1413(a)(4))

NOTE: This section applies to all public agencies, including other State agencies (e.g., departments of mental health and welfare) that provide special education to a child with a disability either directly, by contract or through other arrangements. Thus, if a State welfare agency contracts with a private school or facility to provide special education to a child with a disability, that agency would be responsible for ensuring that an IEP is developed for the child.

(Approved by the Office of Management and Budget under control number 1820-0030)

[57 FR 44798, Sept. 29, 1992, as amended at 58 FR 13528, Mar. 11, 1993]

§ 300.342 When individualized education programs must be in effect.

(a) At the beginning of each school year, each public agency shall have in effect an IEP for every child with a disability who is receiving special education from that agency.
(b) An IEP must—
(1) Be in effect before special education and related services are provided to a child; and
(2) Be implemented as soon as possible following the meetings under §300.343.

(Authority: 20 U.S.C. 1412(2)(B), (4), (6); 1414(a)(5); Pub. L. 94–142, sec. 8(c) (1975))

NOTE: Under paragraph (b)(2) of this section, it is expected that the IEP of a child with a disability will be implemented immediately following the meetings under §300.343. An exception to this would be (1) when the meetings occur during the summer or a vacation period, or (2) where there are circumstances that require a short delay (e.g., working out transportation arrangements). However, there can be no undue delay in providing special education and related services to the child.
§ 300.343  Meetings.

(a) General. Each public agency is responsible for initiating and conducting meetings for the purpose of developing, reviewing, and revising the IEP of a child with a disability (or, if consistent with State policy and at the discretion of the LEA, and with the concurrence of the parents, an individualized family service plan described in section 677(d) of the Act for each child with a disability, aged 3 through 5).

(b) [Reserved]

(c) Timeline. A meeting to develop an IEP for a child must be held within 30 calendar days of a determination that the child needs special education and related services.

(d) Review. Each public agency shall initiate and conduct meetings to review each child's IEP periodically and, if appropriate, revise its provisions. A meeting must be held for this purpose at least once a year.

(Authority: 20 U.S.C. 1412(2)(B), (4), (6); 1414(a)(5))

NOTE: The date on which agencies must have IEPs in effect is specified in § 300.342 (the beginning of each school year). However, except for new children with disabilities (i.e., those evaluated and determined to need special education and related services for the first time), the timing of meetings to develop, review, and revise IEPs is left to the discretion of each agency.

In order to have IEPs in effect at the beginning of the school year, agencies could hold meetings either at the end of the preceding school year or during the summer prior to the next school year. Meetings may be held any time throughout the year, as long as IEPs are in effect at the beginning of each school year.

The statute requires agencies to hold a meeting at least once each year in order to review and, if appropriate, revise each child's IEP. The timing of those meetings could be on the anniversary date of the child's last IEP meeting, but this is left to the discretion of the agency.

§ 300.344  Participants in meetings.

(a) General. The public agency shall ensure that each meeting includes the following participants:

1. A representative of the public agency, other than the child's teacher, who is qualified to provide, or supervise the provision of, special education.
2. The child's teacher.
3. One or both of the child's parents, subject to § 300.345.
4. The child, if appropriate.
5. Other individuals at the discretion of the parent or agency.

(b) Evaluation personnel. For a child with a disability who has been evaluated for the first time, the public agency shall ensure—

1. That a member of the evaluation team participates in the meeting; or
2. That the representative of the public agency, the child's teacher, or some other person is present at the meeting, who is knowledgeable about the evaluation procedures used with the child and is familiar with the results of the evaluation.

(c) Transition services participants. (1) If a purpose of the meeting is the consideration of transition services for a student, the public agency shall invite—

i. The student; and
ii. A representative of any other agency that is likely to be responsible for providing or paying for transition services.

(2) If the student does not attend, the public agency shall take other steps to ensure that the student's preferences and interests are considered; and

(3) If an agency invited to send a representative to a meeting does not do so, the public agency shall take other steps to obtain the participation of the other agency in the planning of any transition services.

(Authority: 20 U.S.C. 1401(a)(19), (a)(20); 1412(2)(B), (4), (6); 1414(a)(5))

NOTE 1: In deciding which teacher will participate in meetings on a child's IEP, the agency may wish to consider the following possibilities:

(a) For a child with a disability who is receiving special education, the teacher could be the child's special education teacher. If the child's disability is a speech impairment, the teacher could be the speech-language pathologist.

(b) For a child with a disability who is being considered for placement in special education, the teacher could be the child's regular teacher, or a teacher qualified to
provide education in the type of program in which the child may be placed, or both.

(c) If the child is not in school or has more than one teacher, the agency may designate which teacher will participate in the meeting.

Either the teacher or the agency representative should be qualified in the area of the child's suspected disability.

For a child whose primary disability is a speech or language impairment, the evaluation personnel participating under paragraph (b)(1) of this section would normally be the speech-language pathologist.

NOTE 2: Under paragraph (c) of this section, the public agency is required to invite each student to participate in his or her IEP meeting, if a purpose of the meeting is the consideration of transition services for the student. For all students who are 16 years of age or older, one of the purposes of the annual meeting will always be the planning of transition services, since transition services are a required component of the IEP for these students.

For a student younger than age 16, if transition services are initially discussed at a meeting that does not include the student, the public agency is responsible for ensuring that, before a decision about transition services for the student is made, a subsequent IEP meeting is conducted for that purpose, and the student is invited to the meeting.

§ 300.345 Parent participation.

(a) Each public agency shall take steps to ensure that one or both of the parents of the child with a disability are present at each meeting or are afforded the opportunity to participate, including—

(1) Notifying parents of the meeting early enough to ensure that they will have an opportunity to attend; and

(2) Scheduling the meeting at a mutually agreed on time and place.

(b)(1) The notice under paragraph (a)(1) of this section must indicate the purpose, time, and location of the meeting and who will be in attendance;

(2) If a purpose of the meeting is the consideration of transition services for a student, the notice must also—

(i) Indicate this purpose;

(ii) Indicate that the agency will invite the student; and

(iii) Identify any other agency that will be invited to send a representative.

(c) If neither parent can attend, the public agency shall use other methods to ensure parent participation, including individual or conference telephone calls.

(d) A meeting may be conducted without a parent in attendance if the public agency is unable to convince the parents that they should attend. In this case the public agency must have a record of its attempts to arrange a mutually agreed on time and place such as—

(1) Detailed records of telephone calls made or attempted and the results of those calls;

(2) Copies of correspondence sent to the parents and any responses received; and

(3) Detailed records of visits made to the parent's home or place of employment and the results of those visits.

(e) The public agency shall take whatever action is necessary to ensure that the parent understands the proceedings at a meeting, including arranging for an interpreter for parents with deafness or whose native language is other than English.

(f) The public agency shall give the parent, on request, a copy of the IEP.

(Authority: 20 U.S.C. 1401(a)(20); 1412(2)(B), (4), (6); 1414(a)(5))

NOTE: The notice in paragraph (a) of this section could also inform parents that they may bring other people to the meeting. As indicated in paragraph (c) of this section, the procedure used to notify parents (whether oral or written or both) is left to the discretion of the agency, but the agency must keep a record of its efforts to contact parents.

§ 300.346 Content of individualized education program.

(a) General. The IEP for each child must include—

(1) A statement of the child's present levels of educational performance;

(2) A statement of annual goals, including short-term instructional objectives;

(3) A statement of the specific special education and related services to be provided to the child and the extent that the child will be able to participate in regular educational programs;
(4) The projected dates for initiation of services and the anticipated duration of the services; and

(5) Appropriate objective criteria and evaluation procedures and schedules for determining, on at least an annual basis, whether the short-term instructional objectives are being achieved.

(b) Transition services. (1) The IEP for each student, beginning no later than age 16 (and at a younger age, if determined appropriate), must include a statement of the needed transition services as defined in §300.18, including, if appropriate, a statement of each public agency’s and each participating agency’s responsibilities or linkages, or both, before the student leaves the school setting.

(2) If the IEP team determines that services are not needed in one or more of the areas specified in §300.18(b)(2)(i) through (b)(2)(iii), the IEP must include a statement to that effect and the basis upon which the determination was made.

(Authority: 20 U.S.C. 1401 (a)(19), (a)(20); 1412 (2)(B), (4), (6); 1414(a)(5))

Note 1: The legislative history of the transition services provisions of the Act suggests that the statement of needed transition services referred to in paragraph (b) of this section should include a commitment by any participating agency to meet any financial responsibility it may have in the provision of transition services. See House Report No. 101-544, p. 11 (1990).

Note 2: With respect to the provisions of paragraph (b) of this section, it is generally expected that the statement of needed transition services will include the areas listed in §300.18(b)(2)(i) through (b)(2)(iii). If the IEP team determines that services are not needed in one of those areas, the public agency must implement the requirements in paragraph (b)(2) of this section. Since it is a part of the IEP, the IEP team must reconsider its determination at least annually.

Note 3: Section 602(a)(20) of the Act provides that IEPs must include a statement of needed transition services for students beginning no later than age 16, but permits transition services to students below age 16 (i.e., " * * * and, when determined appropriate for the individual, beginning at age 14 or younger.") 2). Although the statute does not mandate transition services for all students beginning at age 14 or younger, the provision of these services could have a significantly positive effect on the employment and independent living outcomes for many of these students in the future, especially for students who are likely to drop out before age 16. With respect to the provision of transition services to students below age 16, the Report of the House Committee on Education and Labor on Public Law 101-476 includes the following statement:

Although this language leaves the final determination of when to initiate transition services for some students under age 16 to the IEP process, it nevertheless makes clear that Congress expects consideration to be given to the need for transition services for some students by age 14 or younger. The Committee encourages that approach because of their concern that age 16 may be too late for many students, particularly those at risk of dropping out of school and those who need more than two years of transitional services. Students with disabilities are now dropping out of school before age 16, feeling that the education system has little to offer them. Initiating services at a younger age will be critical. (House Report No. 101-544, 10 (1990).)

§ 300.347 Agency responsibilities for transition services.

(a) If a participating agency fails to provide agreed-upon transition services contained in the IEP of a student with a disability, the public agency responsible for the student’s education shall, as soon as possible, initiate a meeting for the purpose of identifying alternative strategies to meet the transition objectives and, if necessary, revising the student’s IEP.

(b) Nothing in this part relieves any participating agency, including a State vocational rehabilitation agency, of the responsibility to provide or pay for any transition service that the agency would otherwise provide to students with disabilities who meet the eligibility criteria of that agency.

If a child with a disability is enrolled in a parochial or other private school and receives special education or related services from a public agency, the public agency shall—

(a) Initiate and conduct meetings to develop, review, and revise an IEP for the child, in accordance with §300.343; and

§ 300.350 Individualized education program—accountability.

Each public agency must provide special education and related services to a child with a disability in accordance with an IEP. However, part B of the Act does not require that any agency, teacher, or other person be held accountable if a child does not achieve the growth projected in the annual goals and objectives.

(Authority: 20 U.S.C. 1412(2)(B); 1414(a) (5), (6); Cong. Rec. at H7152 (daily ed., July 21, 1975))

NOTE: This section is intended to relieve concerns that the IEP constitutes a guarantee by the public agency and the teacher that a child will progress at a specified rate. However, this section does not relieve agencies and teachers from making good faith efforts to assist the child in achieving the goals and objectives listed in the IEP. Further, the section does not limit a parent’s right to complain and ask for revisions of the child’s program, or to invoke due process procedures, if the parent feels that these efforts are not being made.

DIRECT SERVICE BY THE STATE EDUCATIONAL AGENCY

§ 300.360 Use of local educational agency allocation for direct services.

(a) An SEA may not distribute funds to an LEA, and shall use those funds to ensure the provision of FAPE to children with disabilities residing in the area served by the LEA, if the LEA, in any fiscal year—

(1) Is entitled to less than $7,500 for that fiscal year (beginning with fiscal year 1979);

(2) Does not submit an application that meets the requirements of §§300.220–300.240;

(3) Is unable or unwilling to establish and maintain programs of FAPE;

(4) Is unable or unwilling to be consolidated with other LEAs in order to
§ 300.371 State matching.

Beginning with the period July 1, 1978-June 30, 1979, and for each following fiscal year, the funds that a State uses for direct and support services under § 300.370 must be matched on a program basis by the State from funds other than Federal funds. This requirement does not apply to funds that the State uses under § 300.360.

(Authority: 20 U.S.C. 1411(c)(2), (c)(4)(B))

NOTE: The requirement in § 300.371 would be satisfied if the State can document that the amount of State funds expended for each major program area (e.g., the comprehensive system of personnel development) is at least equal to the expenditure of Federal funds in that program area.
§ 300.372 Applicability of nonsupplanting requirement.

Beginning with funds appropriated for fiscal year 1979 and for each following fiscal year, the requirement in section 613(a)(9) of the Act, which prohibits supplanting with Federal funds, does not apply to funds that the State uses from its allocation under §300.706(a) for administration, direct services, or support services.

(Authority: 20 U.S.C. 1411(c)(3))

§ 300.380 General.

Each State shall—
(a) Develop and implement a comprehensive system of personnel development that—
(1) Is consistent with the purposes of the Act and with the comprehensive system of personnel development described in 34 CFR §303.360;
(2) Meets the requirements in §§300.381-300.383; and
(3) Is consistent with the provisions on personnel standards in §300.153; and

(a) General. The procedures and activities required in §§300.381 and 300.382 must include the development and maintenance of a system for determining, on an annual basis, the data required in paragraphs (b) and (c) of this section.
(b) Data on qualified personnel. (1) The system required by paragraph (a) of this section must enable each State to determine, on an annual basis—
(i) The number and type of personnel, including leadership personnel, employed in the provision of special education and related services, by profession or discipline;

(ii) The number and type of personnel who are employed with emergency, provisional, or temporary certification in each profession or discipline who do not hold appropriate State certification, licensure, or other credentials comparable to certification or licensure for that profession or discipline; and

(iii) The number and type of personnel, including leadership personnel, in each profession or discipline needed, and a projection of the numbers of those personnel that will be needed in five years, based on projections of individuals to be served, retirement and other departures of personnel from the field, and other relevant factors.

(c) Data on personnel development. The system required in paragraph (a) of this section must enable each State to determine, on an annual basis, the institutions of higher education within the State that are preparing special education and related services personnel, including leadership personnel, by area of specialization, including—

(1) The numbers of students enrolled in programs for the preparation of special education and related services personnel administered by these institutions of higher education; and

(2) The numbers of students who graduated during the past year with certification or licensure, or with credentials to qualify for certification or licensure, from programs for the preparation of special education and related services personnel administered by institutions of higher education.

(a) If a child with a disability has FAPE available and the parents choose to place the child in a private school or facility, the public agency is not required by this part to pay for the child’s education at the private school or facility. However, the public agency shall make services available to the child as provided under §§ 300.450-300.452.

(2) The number of private school children with disabilities (as defined by §§300.7(a) and 300.450) in the State, as determined by the Secretary on the basis of the most recent satisfactory data available, which may include an estimate of the number of those children with disabilities.

(d) The Secretary deducts from the State's allocation under this part the amount the Secretary determines is necessary to implement a by-pass and pays that amount to the provider of services. The Secretary may withhold this amount from the State's allocation pending final resolution of any investigation or complaint that could result in a determination that a by-pass must be implemented.

The procedures for judicial review are described in section 613(d)(3)(B)-(D) of the Act.

Subpart E—Procedural Safeguards

Due Process Procedures for Parents and Children

§ 300.500 Definitions of “consent,” “evaluation,” and “personally identifiable.”

(a) As used in this part: Consent means that—
(1) The parent has been fully informed of all information relevant to the activity for which consent is sought, in his or her native language, or other mode of communication;
(2) The parent understands and agrees in writing to the carrying out of the activity for which his or her consent is sought, and the consent describes that activity and lists the records (if any) that will be released and to whom; and
(3) The parent understands that the granting of consent is voluntary on the part of the parent and may be revoked at any time.

(b) Evaluation means procedures used in accordance with §§300.530-300.534 to determine whether a child has a disability and the nature and extent of
Off. of Spec. Educ. and Rehab. Services, Education § 300.504

the special education and related services that the child needs. The term means procedures used selectively with an individual child and does not include basic tests administered to or procedures used with all children in a school, grade, or class.

(c) Personally identifiable means that information includes—

(1) The name of the child, the child's parent, or other family member;
(2) The address of the child;
(3) A personal identifier, such as the child's social security number or student number; or
(4) A list of personal characteristics or other information that would make it possible to identify the child with reasonable certainty.

(Authority: 20 U.S.C. 1415, 1417(c))

§ 300.501 General responsibility of public agencies.

Each SEA shall ensure that each public agency establishes and implements procedural safeguards that meet the requirements of §§ 300.500-300.515.

(Authority: 20 U.S.C. 1415(a))

§ 300.502 Opportunity to examine records.

The parents of a child with a disability shall be afforded, in accordance with the procedures of §§ 300.562-300.569, an opportunity to inspect and review all education records with respect to—

(a) The identification, evaluation, and educational placement of the child; and

(b) The provision of FAPE to the child.

(Authority: 20 U.S.C. 1415(b)(1)(A))

§ 300.503 Independent educational evaluation.

(a) General. (1) The parents of a child with a disability have the right under this part to obtain an independent educational evaluation of the child, subject to paragraphs (b) through (e) of this section.

(2) Each public agency shall provide to parents, on request, information about where an independent educational evaluation may be obtained.

(3) For the purposes of this part:

(i) Independent educational evaluation means an evaluation conducted by a qualified examiner who is not employed by the public agency responsible for the education of the child in question.

(ii) Public expense means that the public agency either pays for the full cost of the evaluation or ensures that the evaluation is otherwise provided at no cost to the parent, consistent with § 300.301.

(b) Parent right to evaluation at public expense. A parent has the right to an independent educational evaluation at public expense if the parent disagrees with an evaluation obtained by the public agency. However, the public agency may initiate a hearing under § 300.506 to show that its evaluation is appropriate. If the final decision is that the evaluation is appropriate, the parent still has the right to an independent educational evaluation, but not at public expense.

(c) Parent initiated evaluations. If the parent obtains an independent educational evaluation at private expense, the results of the evaluation—

(1) Must be considered by the public agency in any decision made with respect to the provision of FAPE to the child; and

(2) May be presented as evidence at a hearing under this subpart regarding that child.

(d) Requests for evaluations by hearing officers. If a hearing officer requests an independent educational evaluation as part of a hearing, the cost of the evaluation must be at public expense.

(e) Agency criteria. Whenever an independent evaluation is at public expense, the criteria under which the evaluation is obtained, including the location of the evaluation and the qualifications of the examiner, must be the same as the criteria which the public agency uses when it initiates an evaluation.

(Authority: 20 U.S.C. 1415(b)(1)(A))

§ 300.504 Prior notice; parent consent.

(a) Notice. Written notice that meets the requirements of § 300.505 must be given to the parents of a child with a disability a reasonable time before the public agency—

(1) Proposes to initiate or change the identification, evaluation, or educational placement of the child or the provision of FAPE to the child; or
§ 300.505

(2) Refuses to initiate or change the identification, evaluation, or educational placement of the child or the provision of FAPE to the child.

(b) Consent; procedures if a parent refuses consent. (1) Parental consent must be obtained before—

(i) Conducting a preplacement evaluation; and

(ii) Initial placement of a child with a disability in a program providing special education and related services.

(2) If State law requires parental consent before a child with a disability is evaluated or initially provided special education and related services, State procedures govern the public agency in overriding a parent’s refusal to consent.

(3) If there is no State law requiring consent before a child with a disability is evaluated or initially provided special education and related services, the public agency may use the hearing procedures in §§ 300.506-300.508 to determine if the child may be evaluated or initially provided special education and related services without parental consent. If it does so and the hearing officer upholds the agency, the agency may evaluate or initially provide special education and related services to the child without the parent’s consent, subject to the parent’s rights under §§ 300.510-300.513.

(c) Additional State consent requirements. In addition to the parental consent requirements described in paragraph (b) of this section, a State may require parental consent for other services and activities under this part if it ensures that each public agency in the State establishes and implements effective procedures to ensure that a parent’s refusal to consent does not result in a failure to provide the child with FAPE.

(d) Limitation. A public agency may not require parental consent as a condition of any benefit to the parent or the child except for the service or activity for which consent is required under paragraphs (b) or (c) of this section.

(Authority: 20 U.S.C. 1415(b)(1)(C), (D); 1412(2), (6))

NOTE 1: Any changes in a child’s special education program after the initial placement are not subject to the parental consent requirements in paragraph (b)(1) of this section, but are subject to the prior notice requirement in paragraph (a) of this section and the IEP requirements of §§ 300.340-300.350.

NOTE 2: Paragraph (b)(2) of this section means that if State law requires parental consent before evaluation or before special education and related services are initially provided, and the parent refuses (or otherwise withholds) consent, State procedures, such as obtaining a court order authorizing the public agency to conduct the evaluation or provide the education and related services, must be followed.

If, however, there is no legal requirement for consent outside of these regulations, the public agency may use the due process procedures of §§ 300.506-300.508 to obtain a decision to allow the evaluation or services without parental consent. The agency must notify the parent of its actions, and the parent has appeal rights as well as rights at the hearing itself.

NOTE 3: If a State adopts a consent requirement in addition to those described in paragraph (b) of this section and consent is refused, paragraph (d) of this section requires that the public agency must nevertheless provide the services and activities that are not in dispute. For example, if a State requires parental consent to the provision of all services identified in an IEP and the parent refuses to consent to physical therapy services included in the IEP, the agency is not relieved of its obligation to implement those portions of the IEP to which the parent consents.

If the parent refuses to consent and the public agency determines that the service or activity in dispute is necessary to provide FAPE to the child, paragraph (c) of this section requires that the agency must implement its procedures to override the refusal. This section does not preclude the agency from reconsidering its proposal if it believes that circumstances warrant.

§ 300.505 Content of notice.

(a) The notice under § 300.504 must include—

(1) A full explanation of all of the procedural safeguards available to the parents under § 300.500, §§ 300.502-300.515, and §§ 300.562-300.569;

(2) A description of the action proposed or refused by the agency, an explanation of why the agency proposes or refuses to take the action, and a description of any options the agency considered and the reasons why those options were rejected.
(3) A description of each evaluation procedure, test, record, or report the agency uses as a basis for the proposal or refusal; and
(4) A description of any other factors that are relevant to the agency’s proposal or refusal.

(b) The notice must be—
(1) Written in language understandable to the general public; and
(2) Provided in the native language of the parent or other mode of communication used by the parent, unless it is clearly not feasible to do so.

(c) If the native language or other mode of communication of the parent is not a written language, the SEA or LEA shall take steps to ensure—
(1) That the notice is translated orally or by other means to the parent in his or her native language or other mode of communication;
(2) That the parent understands the content of the notice; and
(3) That there is written evidence that the requirements in paragraphs (c)(1) and (2) of this section have been met.

§ 300.507 Impartial hearing officer.

(a) A hearing may not be conducted—
(1) By a person who is an employee of a public agency that is involved in the education or care of the child; or
(2) By any person having a personal or professional interest that would conflict with his or her objectivity in the hearing.

(b) A person who otherwise qualifies to conduct a hearing under paragraph (a) of this section is not an employee of the agency solely because he or she is paid by the agency to serve as a hearing officer.

(c) Each public agency shall keep a list of the persons who serve as hearing officers. The list must include a statement of the qualifications of each of those persons.

(Authority: 20 U.S.C. 1415(b)(2))

§ 300.508 Hearing rights.

(a) Any party to a hearing has the right to:
(1) Be accompanied and advised by counsel and by individuals with special knowledge or training with respect to the problems of children with disabilities.
(2) Present evidence and confront, cross-examine, and compel the attendance of witnesses.
(3) Prohibit the introduction of any evidence at the hearing that has not been disclosed to that party at least five days before the hearing.
(4) Obtain a written or electronic verbatim record of the hearing.
(5) Obtain written findings of fact and decisions. The public agency, after

NOTE: Many States have pointed to the success of using mediation as an intervening step prior to conducting a formal due process hearing. Although the process of mediation is not required by the statute or these regulations, an agency may wish to suggest mediation in disputes concerning the identification, evaluation, and educational placement of children with disabilities, and the provision of FAPE to those children. Mediations have been conducted by members of SEAs or LEA personnel who were not previously involved in the particular case. In many cases, mediation leads to resolution of differences between parents and agencies without the development of an adversarial relationship and with minimal emotional stress. However, mediation may not be used to deny or delay a parent’s rights under §§ 300.500-300.515.
§ 300.509 Hearing decision; appeal.

A decision made in a hearing conducted under § 300.506 is final, unless a party to the hearing appeals the decision under § 300.510 or § 300.511.

(Authority: 20 U.S.C. 1415(c))

§ 300.510 Administrative appeal; impartial review.

(a) If the hearing is conducted by a public agency other than the SEA, any party aggrieved by the findings and decision in the hearing may appeal to the SEA.

(b) If there is an appeal, the SEA shall conduct an impartial review of the hearing. The official conducting the review shall:

(1) Examine the entire hearing record.

(2) Ensure that the procedures at the hearing were consistent with the requirements of due process.

(3) Seek additional evidence if necessary. If a hearing is held to receive additional evidence, the rights in § 300.508 apply.

(4) Afford the parties an opportunity for oral or written argument, or both, at the discretion of the reviewing official.

(5) Make an independent decision on completion of the review.

(6) Give a copy of written findings and the decision to the parties.

(c) The SEA, after deleting any personally identifiable information, shall—

(1) Transmit the findings and decisions referred to in paragraph (b)(6) of this section to the State advisory panel established under § 300.650; and

(2) Make those findings and decisions available to the public.

(d) The decision made by the reviewing official is final unless a party brings a civil action under § 300.511.

(Authority: 20 U.S.C. 1415(c), (d); H. R. Rep. No. 94-664, at p. 49 (1975))

NOTE 1: The SEA may conduct its review either directly or through another State agency acting on its behalf. However, the SEA remains responsible for the final decision on review.

NOTE 2: All parties have the right to continue to be represented by counsel at the State administrative review level, whether or not the reviewing official determines that a further hearing is necessary. If the reviewing official decides to hold a hearing to receive additional evidence, the other rights in § 300.508 relating to hearings also apply.

§ 300.511 Civil action.

Any party aggrieved by the findings and decision made in a hearing who does not have the right to appeal under § 300.510, and any party aggrieved by the decision of a reviewing officer under § 300.510, has the right to bring a civil action under section 615(e)(2) of the Act.

§ 300.512 Timelines and convenience of hearings and reviews.

(a) The public agency shall ensure that not later than 45 days after the receipt of a request for a hearing—

(1) A final decision is reached in the hearing; and

(2) A copy of the decision is mailed to each of the parties.

(b) The SEA shall ensure that not later than 30 days after the receipt of a request for a review—

(1) A final decision is reached in the review; and

(2) A copy of the decision is mailed to each of the parties.

(c) A hearing or reviewing officer may grant specific extensions of time beyond the periods set out in paragraphs (a) and (b) of this section at the request of either party.
(d) Each hearing and each review involving oral arguments must be conducted at a time and place that is reasonably convenient to the parents and child involved.

§ 300.513 Child's status during proceedings.

(a) During the pendency of any administrative or judicial proceeding regarding a complaint, unless the public agency and the parents of the child agree otherwise, the child involved in the complaint must remain in his or her present educational placement.

(b) If the complaint involves an application for initial admission to public school, the child, with the consent of the parents, must be placed in the public school program until the completion of all the proceedings.

(Authority: 20 U.S.C. 1415(e)(3))

NOTE: Section 300.513 does not permit a child's placement to be changed during a complaint proceeding, unless the parents and agency agree otherwise. While the placement may not be changed, this does not preclude the agency from using its normal procedures for dealing with children who are endangering themselves or others.

§ 300.514 Surrogate parents.

(a) General. Each public agency shall ensure that the rights of a child are protected when—

(1) No parent (as defined in § 300.13) can be identified;

(2) The public agency, after reasonable efforts, cannot discover the whereabouts of a parent; or

(3) The child is a ward of the State under the laws of that State.

(b) Duty of public agency. The duty of a public agency under paragraph (a) of this section includes the assignment of an individual to act as a surrogate for the parents. This must include a method: (1) For determining whether a child needs a surrogate parent, and (2) for assigning a surrogate parent to the child.

(c) Criteria for selection of surrogates. (1) The public agency may select a surrogate parent in any way permitted under State law.

(2) Public agencies shall ensure that a person selected as a surrogate—

(i) Has no interest that conflicts with the interest of the child he or she represents; and

(ii) Has knowledge and skills that ensure adequate representation of the child.

(d) Non-employee requirement; compensation. (1) A person assigned as a surrogate may not be an employee of a public agency that is involved in the education or care of the child.

(2) A person who otherwise qualifies to be a surrogate parent under paragraphs (c) and (d)(1) of this section, is not an employee of the agency solely because he or she is paid by the agency to serve as a surrogate parent.

(e) Responsibilities. The surrogate parent may represent the child in all matters relating to—

(1) The identification, evaluation, and educational placement of the child; and

(2) The provision of FAPE to the child.

§ 300.515 Attorneys' fees.

PROTECTION IN EVALUATION PROCEDURES

§ 300.530 General.

(a) Each SEA shall ensure that each public agency establishes and implements procedures that meet the requirements of §§ 300.530-300.534.

(b) Testing and evaluation materials and procedures used for the purposes of evaluation and placement of children with disabilities must be selected and administered so as not to be racially or culturally discriminatory.

(Authority: 20 U.S.C. 1412(5)(C))
§ 300.531 Preplacement evaluation.

Before any action is taken with respect to the initial placement of a child with a disability in a program providing special education and related services, a full and individual evaluation of the child's educational needs must be conducted in accordance with the requirements of § 300.532.

(Authority: 20 U.S.C. 1412(5)(C))

§ 300.532 Evaluation procedures.

State educational agencies and LEAs shall ensure, at a minimum, that:

(a) Tests and other evaluation materials—

1. Are provided and administered in the child's native language or other mode of communication, unless it is clearly not feasible to do so;

2. Have been validated for the specific purpose for which they are used; and

3. Are administered by trained personnel in conformance with the instructions provided by their producer.

(b) Tests and other evaluation materials include those tailored to assess specific areas of educational need and not merely those that are designed to provide a single general intelligence quotient.

(c) Tests are selected and administered so as best to ensure that when a test is administered to a child with impaired sensory, manual, or speaking skills, the test results accurately reflect the child's aptitude or achievement level or whatever other factors the test purports to measure, rather than reflecting the child's impaired sensory, manual, or speaking skills (except where those skills are the factors that the test purports to measure).

(d) No single procedure is used as the sole criterion for determining an appropriate educational program for a child.

(e) The evaluation is made by a multidisciplinary team or group of persons, including at least one teacher or other specialist with knowledge in the area of suspected disability.

(f) The child is assessed in all areas related to the suspected disability, including, if appropriate, health, vision, hearing, social and emotional status, general intelligence, academic performance, communicative status, and motor abilities.

(Authority: 20 U.S.C. 1412(5)(C))

Note: Children who have a speech or language impairment as their primary disability may not need a complete battery of assessments (e.g., psychological, physical, or adaptive behavior). However, a qualified speech-language pathologist would:

1. Evaluate each child with a speech or language impairment using procedures that are appropriate for the diagnosis and appraisal of speech and language impairments, and

2. If necessary, make referrals for additional assessments needed to make an appropriate placement decision.

(Approved by the Office of Management and Budget under control number 1820-0030)

§ 300.533 Placement procedures.

(a) In interpreting evaluation data and in making placement decisions, each public agency shall—

1. Draw upon information from a variety of sources, including aptitude and achievement tests, teacher recommendations, physical condition, social or cultural background, and adaptive behavior;

2. Ensure that information obtained from all of these sources is documented and carefully considered;

3. Ensure that the placement decision is made by a group of persons, including persons knowledgeable about the child, the meaning of the evaluation data, and the placement options; and

4. Ensure that the placement decision is made in conformity with the LRE rules in §§ 300.550-300.554.

(b) If a determination is made that a child has a disability and needs special education and related services, an IEP must be developed for the child in accordance with §§ 300.340-300.350.

(Authority: 20 U.S.C. 1412(5)(C); 1414(a)(5))

Note: Paragraph (a)(1) of this section includes a list of examples of sources that may be used by a public agency in making placement decisions. The agency would not have to use all the sources in every instance. The point of the requirement is to ensure that more than one source is used in interpreting evaluation data and in making placement decisions. For example, while all of the named sources would have to be used for a
child whose suspected disability is mental retardation, they would not be necessary for certain other children with disabilities, such as a child who has a severe articulation impairment as his primary disability. For such a child, the speech-language pathologist, in complying with the multiple source requirement, might use: (1) A standardized test of articulation, and (2) observation of the child’s articulation behavior in conversational speech.

(Approved by the Office of Management and Budget under control number 1820-0030)

§ 300.534 Reevaluation.

Each SEA and LEA shall ensure—

(a) That the IEP of each child with a disability is reviewed in accordance with §§ 300.340–300.350; and

(b) That an evaluation of the child, based on procedures that meet the requirements of § 300.532, is conducted every three years, or more frequently if conditions warrant, or if the child’s parent or teacher requests an evaluation.

(Authority: 20 U.S.C. 1412(5)(c))

ADDITIONAL PROCEDURES FOR EVALUATING CHILDREN WITH SPECIFIC LEARNING DISABILITIES

§ 300.540 Additional team members.

In evaluating a child suspected of having a specific learning disability, in addition to the requirements of § 300.532, each public agency shall include on the multidisciplinary evaluation team—

(a)(1) The child’s regular teacher; or

(2) If the child does not have a regular teacher, a regular classroom teacher qualified to teach a child of his or her age; or

(3) For a child of less than school age, an individual qualified by the SEA to teach a child of his or her age; and

(b) At least one person qualified to conduct individual diagnostic examinations of children, such as a school psychologist, speech-language pathologist, or remedial reading teacher.

(Authority: 20 U.S.C. 1411 note)

§ 300.541 Criteria for determining the existence of a specific learning disability.

(a) A team may determine that a child has a specific learning disability if—

(1) The child does not achieve commensurate with his or her age and ability levels in one or more of the areas listed in paragraph (a)(2) of this section, when provided with learning experiences appropriate for the child’s age and ability levels; and

(2) The team finds that a child has a severe discrepancy between achievement and intellectual ability in one or more of the following areas—

(i) Oral expression;

(ii) Listening comprehension;

(iii) Written expression;

(iv) Basic reading skill;

(v) Reading comprehension;

(vi) Mathematics calculation; or

(vii) Mathematics reasoning.

(b) The team may not identify a child as having a specific learning disability if the severe discrepancy between ability and achievement is primarily the result of—

(1) A visual, hearing, or motor impairment;

(2) Mental retardation;

(3) Emotional disturbance; or

(4) Environmental, cultural or economic disadvantage.

(Authority: 20 U.S.C. 1411 note)

§ 300.542 Observation.

(a) At least one team member other than the child’s regular teacher shall observe the child’s academic performance in the regular classroom setting.

(b) In the case of a child of less than school age or out of school, a team member shall observe the child in an environment appropriate for a child of that age.

(Authority: 20 U.S.C. 1411 note)

§ 300.543 Written report.

(a) The team shall prepare a written report of the results of the evaluation.

(b) The report must include a statement of—

(1) Whether the child has a specific learning disability;

(2) The basis for making the determination;
§ 300.550

(3) The relevant behavior noted during the observation of the child;
(4) The relationship of that behavior to the child's academic functioning;
(5) The educationally relevant medical findings, if any;
(6) Whether there is a severe discrepancy between achievement and ability that is not correctable without special education and related services; and
(7) The determination of the team concerning the effects of environmental, cultural, or economic disadvantage.

(c) Each team member shall certify in writing whether the report reflects his or her conclusion. If it does not reflect his or her conclusion, the team member must submit a separate statement presenting his or her conclusions.

LEAST RESTRICTIVE ENVIRONMENT

§ 300.550 General.

(a) Each public agency shall ensure that each public agency establishes and implements procedures that meet the requirements of §§ 300.550-300.556.
(b) Each public agency shall ensure—
(1) That to the maximum extent appropriate, children with disabilities, including children in public or private institutions or other care facilities, are educated with children who are nondisabled; and
(2) That special classes, separate schooling or other removal of children with disabilities from the regular educational environment occurs only when the nature or severity of the disability is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily.

(Authority: 20 U.S.C. 1412(5)(B); 1414(a)(1)(C)(iv))

§ 300.551 Continuum of alternative placements.

(a) Each public agency shall ensure that a continuum of alternative placements is available to meet the needs of children with disabilities for special education and related services.
(b) The continuum required in paragraph (a) of this section must—
(1) Include the alternative placements listed in the definition of special education under § 300.17 (instruction in regular classes, special classes, special schools, home instruction, and instruction in hospitals and institutions); and
(2) Make provision for supplementary services (such as resource room or itinerant instruction) to be provided in conjunction with regular class placement.

(Authority: 20 U.S.C. 1412(5)(B))

§ 300.552 Placements.

Each public agency shall ensure that:
(a) The educational placement of each child with a disability—
(1) Is determined at least annually;
(2) Is based on his or her IEP; and
(3) Is as close as possible to the child's home.
(b) The various alternative placements included at § 300.551 are available to the extent necessary to implement the IEP for each child with a disability.
(c) Unless the IEP of a child with a disability requires some other arrangement, the child is educated in the school that he or she would attend if nondisabled.
(d) In selecting the LRE, consideration is given to any potential harmful effect on the child or on the quality of services that he or she needs.

(Authority: 20 U.S.C. 1412(5)(B))

NOTE: Section 300.552 includes some of the main factors that must be considered in determining the extent to which a child with a disability can be educated with children who are nondisabled. The overriding rule in this section is that placement decisions must be made on an individual basis. The section also requires each agency to have various alternative placements available in order to ensure that each child with a disability receives an education that is appropriate to his or her individual needs.

The requirements of § 300.552, as well as the other requirements of §§ 300.550-300.556, apply to all preschool children with disabilities who are entitled to receive FAPE. Public agencies that provide preschool programs for nondisabled preschool children must ensure that the requirements of § 300.552(c) are met.
Public agencies that do not operate programs for nondisabled preschool children are not required to initiate such programs solely to satisfy the requirements regarding placement in the LRE embodied in §§300.550-300.556. For these public agencies, some alternative methods for meeting the requirements of §§300.550-300.556 include—

(1) Providing opportunities for the participation (even part-time) of preschool children with disabilities in other preschool programs operated by public agencies (such as Head Start);

(2) Placing children with disabilities in private school programs for non-disabled preschool children or private school programs that integrate children with disabilities and nondisabled children; and

(3) Locating classes for preschool children with disabilities in regular elementary schools.

In each case the public agency must ensure that each child's placement is in the LRE in which the unique needs of that child can be met, based upon the child's IEP, and meets all of the other requirements of §§300.340-300.350 and §§300.550-300.556.

The analysis of the regulations for section 504 of the Rehabilitation Act of 1973 (34 CFR part 104—Appendix, Paragraph 24) includes several points regarding educational placements of children with disabilities that are pertinent to this section:

1. With respect to determining proper placements, the analysis states: "* * * it should be stressed that, where a handicapped child is so disruptive in a regular classroom that the education of other students is significantly impaired, the needs of the handicapped child cannot be met in that environment. Therefore regular placement would not be appropriate to his or her needs * * *.""  

2. With respect to placing a child with a disability in an alternate setting, the analysis states that among the factors to be considered in placing a child is the need to place the child as close to home as possible. Recipients are required to take this factor into account in making placement decisions. The parents' right to challenge the placement of their child extends not only to placement in special classes or separate schools, but also to placement in a distant school, particularly in a residential program. An equally appropriate education program may exist closer to home; and this issue may be raised by the parent under the due process provisions of this subpart.

§ 300.553 Nonacademic settings.

In providing or arranging for the provision of nonacademic and extracurricular services and activities, including meals, recess periods, and the services and activities set forth in §300.306, each public agency shall ensure that each child with a disability participates with nondisabled children in those services and activities to the maximum extent appropriate to the needs of that child.

(Authority: 20 U.S.C. 1412(5)(B))

NOTE: Section 300.553 is taken from a requirement in the final regulations for section 504 of the Rehabilitation Act of 1973. With respect to this requirement, the analysis of the section 504 regulations includes the following statement: "[This paragraph] specifies that handicapped children must also be provided nonacademic services in as integrated a setting as possible. This requirement is especially important for children whose educational needs necessitate their being solely with other handicapped children during most of each day. To the maximum extent appropriate, children in residential settings are also to be provided opportunities for participation with other children." (34 CFR part 104—Appendix, Paragraph 24.)

§ 300.554 Children in public or private institutions.

Each SEA shall make arrangements with public and private institutions (such as a memorandum of agreement or special implementation procedures) as may be necessary to ensure that §300.550 is effectively implemented.

(Authority: 20 U.S.C. 1412(5)(B))

NOTE: Under section 612(5)(B) of the statute, the requirement to educate children with disabilities with nondisabled children also applies to children in public and private institutions or other care facilities. Each SEA must ensure that each applicable agency and institution in the State implements this requirement. Regardless of other reasons for institutional placement, no child in an institution who is capable of education in a regular public school setting may be denied access to an education in that setting.

§ 300.555 Technical assistance and training activities.

Each SEA shall carry out activities to ensure that teachers and administrators in all public agencies—

(a) Are fully informed about their responsibilities for implementing §300.550; and
§ 300.556 Monitoring activities.

(a) The SEA shall carry out activities to ensure that § 300.550 is implemented by each public agency.

(b) If there is evidence that a public agency makes placements that are inconsistent with § 300.550, the SEA shall—
   (1) Review the public agency's justification for its actions; and
   (2) Assist in planning and implementing any necessary corrective action.

§ 300.588 [Reserved]

§ 300.589 Waiver of requirement regarding supplementing and supplanting with part B funds.

(a) Under sections 613(a)(9)(B) and 614(a)(2)(B)(ii) of the Act, SEAs and LEAs must ensure that Federal funds provided under this part are used to supplement and increase the level of Federal, State, and local funds (including funds that are not under the direct control of SEAs or LEAs) expended for special education and related services provided to children with disabilities under this part and in no case to supplant those Federal, State, and local funds. The nonsupplanting requirement applies only to funds allocated to LEAs (See §300.372).

(b) If the State provides clear and convincing evidence that all children with disabilities have FAPE available to them, the Secretary may waive in part the requirement under sections 613(a)(9)(B) and 614(a)(2)(B)(ii) of the Act if the Secretary concurs with the evidence provided by the State.

(c) If a State wishes to request a waiver, it must inform the Secretary in writing. The Secretary then provides the State with a finance and membership report form that provides the basis for the request.

(d) In its request for a waiver, the State shall include the results of a special study made by the State to obtain evidence of the availability of FAPE to all children with disabilities. The special study must include statements by a representative sample of organizations that deal with children with disabilities, and parents and teachers of children with disabilities, relating to the following areas—

(1) The adequacy and comprehensiveness of the State’s system for identifying, locating, and evaluating children with disabilities;

(2) The cost to parents, if any, for education for children enrolled in public and private day schools, and in public and private residential schools and institutions; and

(3) The adequacy of the State’s due process procedures.

(e) In its request for a waiver, the State shall include finance data relating to the availability of FAPE for all children with disabilities, including—

(1) The total current expenditures for regular education programs and special education programs by function and by source of funds (State, local, and Federal) for the previous school year; and

(2) The full-time equivalent membership of students enrolled in regular programs and in special programs in the previous school year.

(f) The Secretary considers the information that the State provides under paragraphs (d) and (e) of this section, along with any additional information he may request, or obtain through on-site reviews of the State’s education programs and records, to determine if all children have FAPE available to them, and if so, the extent of the waiver.
(g) The State may request a hearing with regard to any final action by the Secretary under this section.

Subpart F—State Administration

General

§ 300.600 Responsibility for all educational programs.

(a) The SEA is responsible for ensuring—

(1) That the requirements of this part are carried out; and

(2) That each educational program for children with disabilities administered within the State, including each program administered by any other public agency—

(i) Is under the general supervision of the persons responsible for educational programs for children with disabilities in the SEA; and

(ii) Meets the education standards of the SEA (including the requirements of this part).

(b) The State must comply with paragraph (a) of this section through State statute, State regulation, signed agreement between respective agency officials, or other documents.

(c) This part may not be construed to limit the responsibility of agencies other than educational agencies for providing or paying some or all of the costs of FAPE to children with disabilities in the State.

(Authority: 20 U.S.C. 1412(6))

NOTE: The requirement in §300.600(a) is taken essentially verbatim from section 612(c) of the statute and reflects the desire of the Congress for a central point of responsibility and accountability in the education of children with disabilities within each State. With respect to SEA responsibility, the Senate Report on Pub. L. 94-142 includes the following statements:

This provision is included specifically to assure a single line of responsibility with regard to the education of handicapped children, and to assure that in the implementation of all provisions of this Act and in carrying out the right to education for handicapped children, the State educational agency shall be the responsible agency * * *.

Without this requirement, there is an abdication of responsibility for the education of handicapped children. Presently, in many States, responsibility is divided, depending upon the age of the handicapped child, sources of funding, and type of services delivered. While the Committee understands that different agencies may, in fact, deliver services, the responsibility must remain in a central agency overseeing the education of handicapped children, so that failure to deliver services or the violation of the rights of handicapped children is squarely the responsibility of one agency. (S. Rep. No. 94-168, p. 24 (1975))

In meeting the requirements of this section, there are a number of acceptable options that may be adopted, including the following:

(1) Written agreements are developed between respective State agencies concerning SEA standards and monitoring. These agreements are binding on the local or regional counterparts of each State agency.

(2) The Governor’s Office issues an administrative directive establishing the SEA responsibility.

(3) State law, regulation, or policy designates the SEA as responsible for establishing standards for all educational programs for individuals with disabilities, and includes responsibility for monitoring.

(4) State law mandates that the SEA is responsible for all educational programs.

§ 300.601 Relation of part B to other Federal programs.

This part may not be construed to permit a State to reduce medical and other assistance available to children with disabilities, or to alter the eligibility of a child with a disability, under title V (Maternal and Child Health) or title XIX (Medicaid) of the Social Security Act, to receive services that are also part of FAPE.

(Authority: 20 U.S.C. 1413(e))

USE OF FUNDS

§ 300.620 Federal funds for State administration.

A State may use five percent of the total State allotment in any fiscal year under part B of the Act, or $450,000,
whichever is greater, for administrative costs related to carrying out sections 612 and 613 of the Act. However, this amount cannot be greater than twenty-five percent of the State’s total allotment for the fiscal year under part B of the Act.

(Authority: 20 U.S.C. 1411(b), (c))

§ 300.621 Allowable costs.

(a) The SEA may use funds under § 300.620 for—

(1) Administration of the State plan and for planning at the State level, including planning, or assisting in the planning, of programs or projects for the education of children with disabilities;

(2) Approval, supervision, monitoring, and evaluation of the effectiveness of local programs and projects for the education of children with disabilities;

(3) Technical assistance to LEAs with respect to the requirements of this part;

(4) Leadership services for the program supervision and management of special education activities for children with disabilities; and

(5) Other State leadership activities and consultative services.

(b) The SEA shall use the remainder of its funds under § 300.620 in accordance with § 300.370.

(Authority: 20 U.S.C. 1411(b), (c))

STATE ADVISORY PANEL

§ 300.650 Establishment.

(a) Each State shall establish, in accordance with the provisions of §§ 300.650-300.653, a State advisory panel on the education of children with disabilities.

(b) The advisory panel must be appointed by the Governor or any other official authorized under State law to make those appointments.

(c) If a State has an existing advisory panel that can perform the functions in § 300.652, the State may modify the existing panel so that it fulfills all of the requirements of §§ 300.650-300.653, instead of establishing a new advisory panel.

(Authority: 20 U.S.C. 1413(a)(12))

NOTE: The membership of the State advisory panel, as listed in paragraphs (a)(1)-(5) of this section, is required in section 613(a)(12) of the Act. As indicated in paragraph (b) of this section, the composition of the panel and the number of members may be expanded at the discretion of the State. In adding to the membership, consideration could be given to having—

(1) An appropriate balance between professional groups and consumers (i.e., parents, advocates, and individuals with disabilities);

(2) Broad representation within the consumer-advocate groups, to ensure that the interests and points of view of various parents, advocates and individuals with disabilities are appropriately represented;

(3) Broad representation within professional groups (e.g., regular education personnel: special educators, including teachers, teacher trainers, and administrators, who can properly represent various dimensions in the education of children with disabilities; and appropriate related services personnel); and

(4) Representatives from other State advisory panels (such as vocational education).

If a State elects to maintain a small advisory panel (e.g., 10-15 members), the panel itself could take steps to ensure that it (1) consults with and receives inputs from various consumer and special interest professional groups, and (2) establishes committees for particular short-term purposes composed of representatives from those input groups.

§ 300.652 Advisory panel functions.

The State advisory panel shall—
(a) Advise the SEA of unmet needs within the State in the education of children with disabilities;

(b) Comment publicly on the State plan and rules or regulations proposed for issuance by the State regarding the education of children with disabilities and the procedures for distribution of funds under this part; and

(c) Assist the State in developing and reporting such information and evaluations as may assist the Secretary in the performance of his responsibilities under section 618 of the Act.

(Authority: 20 U.S.C. 1413(a)(12))

§ 300.653 Advisory panel procedures.

(a) The advisory panel shall meet as often as necessary to conduct its business.

(b) By July 1 of each year, the advisory panel shall submit an annual report of panel activities and suggestions to the SEA. This report must be made available to the public in a manner consistent with other public reporting requirements of this part.

(c) Official minutes must be kept on all panel meetings and shall be made available to the public on request.

(d) All advisory panel meetings and agenda items must be publicly announced prior to the meeting, and meetings must be open to the public.

(e) Interpreters and other necessary services must be provided at panel meetings for panel members or participants. The State may pay for these services from funds under §300.620.

(f) The advisory panel shall serve without compensation but the State must reimburse the panel for reasonable and necessary expenses for attending meetings and performing duties. The State may use funds under §300.620 for this purpose.

Subpart G—Allocation of Funds; Reports

ALLOCATIONS

§ 300.700  Special definition of the term "State."

For the purposes of §§ 300.701, 300.702, and §§ 300.704-300.708, the term State does not include Guam, American Samoa, the Virgin Islands, the Commonwealth of the Northern Mariana Islands, the Federated States of Micronesia, the Republic of the Marshall Islands, or Palau.

(Authority: 20 U.S.C. 1411(a)(2))

§ 300.701  State entitlement; formula.

(a) The Secretary calculates the maximum amount of the grant to which a State is entitled under section 611 of the Act in any fiscal year as follows:

(1) If the State is eligible for a grant under section 619 of the Act, the maximum entitlement is equal to the number of children with disabilities aged 6 through 21 in the State who are receiving special education and related services, multiplied by 40 percent of the average per pupil expenditure in public elementary and secondary schools in the United States.

(2) If the State is not eligible for a grant under section 619 of the Act, the maximum entitlement is equal to the number of children with disabilities aged 6 through 21 in the State who are receiving special education and related services, multiplied by 40 percent of the average per pupil expenditure in public elementary and secondary schools in the United States.

(Authority: 20 U.S.C. 1411(a)(1))

(b) [Reserved]

(c) For the purposes of this section, the average per pupil expenditure in public elementary and secondary schools in the United States, means the aggregate expenditures during the second fiscal year preceding the fiscal year for which the computation is made (or if satisfactory data for that year are not available at the time of computation, then during the most recent preceding fiscal year for which satisfactory data are available) of all LEAs in the United States (which, for the purpose of this section, means the 50 States and the District of Columbia), plus any direct expenditures by the State for operation of those agencies (without regard to the source of funds from which either of those expenditures are made), divided by the aggregate number of children in average daily attendance to whom those agencies provided free public education during that preceding year.

(Authority: 20 U.S.C. 1411(a)(4))

§ 300.702  Limitations and exclusions.

(a) In determining the amount of a grant under § 300.701:

(1) If a State serves all children with disabilities aged 3 through 5 in the State, the Secretary does not count children with disabilities aged 3 through 17 in the State to the extent that the number of those children is greater than 12 percent of the number of all children aged 3 through 17 in the State.

(2) If a State does not serve all children with disabilities aged 3 through 5 in the State, the Secretary does not count children with disabilities aged 5
through 17 to the extent that the number of those children is greater than 12 percent of the number of all children aged 5 through 17 in the State.

(3) The Secretary does not count children with disabilities who are counted under subpart 2 of part D of chapter 1 of title I of the Elementary and Secondary Education Act of 1965.

(b) For the purposes of paragraph (a) of this section, the number of children aged 3 through 17 and 5 through 17 in any State is determined by the Secretary on the basis of the most recent satisfactory data available.

§ 300.703 Ratable reductions.

(a) General. If the sums appropriated for any fiscal year for making payments to States under section 611 of the Act are not sufficient to pay in full the total amounts that all States are entitled to receive for that fiscal year, the maximum amount that all States are entitled to receive for that fiscal year shall be ratably reduced. In case additional funds become available for making payments for any fiscal year during which the preceding sentence is applicable, those reduced amounts shall be increased on the same basis they were reduced.

(b) Reporting dates for local educational agencies and reallocations. (1) In any fiscal year that the State entitlement has been ratably reduced, and that additional funds have not been made available to pay in full the total of the amounts under paragraph (a) of this section, the SEA shall fix dates before which each LEA shall report to the State the amount of funds available to it under this part that it estimates it will expend.

(2) The amounts available under paragraph (a) of this section, or any amount that would be available to any other LEA if it were to submit an application meeting the requirements of this part, that the SEA determines will need and be able to use additional funds to carry out approved programs.

§ 300.704 Hold harmless provision.

No State shall receive less than the amount it received under part B of the Act for fiscal year 1977.

§ 300.705 Allocation for State in which by-pass is implemented for private school children with disabilities.

In determining the allocation under §§ 300.700–300.703 of a State in which the Secretary will implement a by-pass for private school children with disabilities under §§ 300.451–300.486, the Secretary includes in the State’s child count—

(a) For the first year of a by-pass, the actual or estimated number of private school children with disabilities (as defined in §§ 300.7(a) and 300.450) in the State, as of the preceding December 1; and

(b) For succeeding years of a by-pass, the number of private school children with disabilities who received special education and related services under the by-pass in the preceding year.

§ 300.706 Within-State distribution: Fiscal year 1979 and after.

Of the funds received under § 300.701 by any State for fiscal year 1979, and for each fiscal year after fiscal year 1979—

(a) 25 percent may be used by the State in accordance with § 300.620 and § 300.370; and

(b) 75 percent shall be distributed to the LEAs in the State in accordance with § 300.707.

§ 300.707 Local educational agency entitlement; formula.

From the total amount of funds available to all LEAs, each LEA is entitled to an amount that bears the same ratio to the total amount as the number of children with disabilities aged 3 through 21 in that agency who are receiving special education and related services bears to the aggregate

number of children with disabilities aged 3 through 21 receiving special education and related services in all LEAs that apply to the SEA for funds under part B of the Act.

§ 300.708 Reallocation of local educational agency funds.

If an SEA determines that an LEA is adequately providing FAPE to all children with disabilities residing in the area served by the local agency with State and local funds otherwise available to the local agency, the SEA may reallocate funds (or portions of those funds that are not required to provide special education and related services) made available to the local agency under §300.707, to other LEAs within the State that are not adequately providing special education and related services to all children with disabilities residing in the areas served by the other LEAs.

§ 300.709 Payments to the Secretary of the Interior for the education of Indian children.

(a) General. (1) The Secretary makes payments to the Secretary of the Interior to meet the need for assistance for the education of children with disabilities on reservations, aged 5 through 21, who are enrolled in elementary and secondary schools for Indian children operated or funded by the Secretary of the Interior.

(2) In the case of Indian students aged 3 through 5 who are enrolled in programs affiliated with Bureau of Indian Affairs (BIA) schools that are required by the States in which the schools are located to attain or maintain State accreditation and had State accreditation prior to October 7, 1991, the schools may count those children for the purpose of distribution of the funds provided under paragraph (a)(1) of this section to the Secretary of the Interior.

(3) The amount of the payment under paragraph (a)(1) of this section for any fiscal year is one percent of the aggregate amounts available to all States under this part for that fiscal year.

(b) Responsibility for meeting the requirements of part B. The Secretary of the Interior shall be responsible for meeting all of the requirements of part B of the Act for the children described in paragraph (a) of this section, in accordance with §300.260.

(Authority: 20 U.S.C. 1411(f))

§ 300.710 Payments to the Secretary of the Interior for Indian tribes or tribal organizations.

(2) The amount of the payment under paragraph (b)(1) of this section for any fiscal year is .25 percent of the aggregate amounts available for all States under this part for that fiscal year.

(3) None of the funds allocated under this section may be used by the Secretary of the Interior for administrative purposes, including child count, and the provision of technical assistance.

(b) Distribution of funds. The Secretary of the Interior shall distribute the total amount of the .25 percent under paragraph (a) of this section in accordance with section 611(f)(4) of the Act.

INDIVIDUALIZED EDUCATION PROGRAMS (IEPs)

Interpretation of Requirements of Part B of the Individuals with Disabilities Education Act

I. PURPOSE OF THE IEP

There are two main parts of the IEP requirement, as described in the Act and regulations: (1) The IEP meeting(s), where parents and school personnel jointly make decisions about an educational program for a child with a disability, and (2) the IEP document itself, that is, a written record of the decisions reached at the meeting. The overall IEP requirement, comprised of these two parts, has a number of purposes and functions:
a. The IEP meeting serves as a communication vehicle between parents and school personnel, and enables them, as equal participants, to jointly decide what the child’s needs are, what services will be provided to meet those needs, and what the anticipated outcomes may be.

b. The IEP process provides an opportunity for resolving any differences between the parents and the agency concerning the special education needs of a child with a disability; first, through the IEP meeting, and second, if necessary, through the procedural protections that are available to the parents.

c. The IEP sets forth in writing a commitment of resources necessary to enable a child with a disability to receive needed special education and related services.

d. The IEP is a management tool that is used to ensure that each child with a disability is provided special education and related services appropriate to the child’s special learning needs.

e. The IEP is a compliance/monitoring document that may be used by authorized monitoring personnel from each governmental level to determine whether a child with a disability is actually receiving the FAPE agreed to by the parents and the school.

f. The IEP serves as an evaluation device for use in determining the extent of the child’s progress toward meeting the projected outcomes.

NOTE: The Act does not require that teachers or other school personnel be held accountable if a child with a disability does not achieve the goals and objectives set forth in the IEP. See §300.350, Individualized education program—accountability.

II. IEP REQUIREMENTS

This part (1) repeats the IEP requirements in §§300.340–300.350 of the regulations (boxed material), (2) provides additional clarification, as necessary, on sections or paragraphs of the regulations on which such clarification is needed, and (3) answers some questions regarding implementation of the IEP requirements that are not expressly addressed in the regulations. These questions and clarifying information are presented in a question and answer format immediately after the particular section of the regulations that is presented.

§ 300.340 Definitions.

(a) As used in this part, the term individualized education program means a written statement for a child with a disability that is developed and implemented in accordance with §§300.341–300.350.

(b) As used in §§300.346 and 300.347, participating agency means a State or local agency, other than the public agency responsible for a student’s education, that is financially and legally responsible for providing transition services to the student.

(Authority: 20 U.S.C. 1401(a)(10))

§300.341 State educational agency responsibility.

(a) Public agencies. The SEA shall ensure that each public agency develops and implements an IEP for each of its children with disabilities.

(b) Private schools and facilities. The SEA shall ensure that an IEP is developed and implemented for each child with a disability who—

(1) Is placed in or referred to a private school or facility by a public agency; or

(2) Is enrolled in a parochial school or other private school and receives special education or related services from a public agency.

(Authority: 20 U.S.C. 1412(a)(1); 1413(a)(4))

NOTE: This section applies to all public agencies, including other State agencies (e.g., departments of mental health and welfare) that provide special education to a child with a disability either directly, by contract or through other arrangements. Thus, if a State welfare agency contracts with a private school or facility to provide special education to a child with a disability, that agency would be responsible for ensuring that an IEP is developed for the child.

1. Who is responsible for ensuring the development of IEPs for children with disabilities served by a public agency other than an LEA?

The answer will vary from State to State, depending upon State law, policy, or practice. In each State, however, the SEA is ultimately responsible for ensuring that each agency in the State is in compliance with the IEP requirements and the other provisions of the Act and regulations. (See §300.600 regarding SEA responsibility for all education programs.)

The SEA must ensure that every child with a disability in the State has FAPE available, regardless of which agency, State or local, is responsible for the child. While the SEA has flexibility in deciding the best means to meet this obligation (e.g., through interagency agreements), there can be no failure to provide FAPE due to jurisdictional disputes among agencies.

NOTE: Section 300.2(b) states that the requirements of the Act and regulations apply to all political subdivisions of the State that are involved in the education of children with disabilities, including (1) the SEA, (2) LEAs, (3) other State agencies (such as Departments of Mental Health and Welfare, and State schools for students with deafness or students with blindness), and (4) State correctional facilities.

The following paragraphs outline (1) some of the SEA's responsibilities for developing policies or agreements under a variety of interagency situations, and (2) some of the responsibilities of an LEA when it initiates the placement of a child with a disability in a school or program operated by another State agency.

a. SEA POLICIES OR INTERAGENCY AGREEMENTS. The SEA, through its written policies or agreements, must ensure that IEPs are properly written and implemented for all children with disabilities in the State. This applies to each interagency situation that exists in the State, including any of the following:

(1) When an LEA initiates the placement of a child in a school or program operated by another State agency (see "LEA-Initiated Placements" in paragraph "b", below); (2) when a State or local agency other than the SEA or LEA places a child in a residential facility or other program; (3) when parents initiate placements in public institutions; and (4) when the courts make placements in correctional facilities.

NOTE: This is not an exhaustive list. The SEA's policies must cover any other interagency situation that is applicable in the State, including placements that are made for both educational and for non-educational purposes.

Frequently, more than one agency is involved in developing or implementing an IEP of a child with a disability (e.g., when the LEA remains responsible for the child, even though another public agency provides the special education and related services, or when there are shared cost arrangements). It is important that SEA policies or agreements define the role of each agency involved in the situations described above, in order to resolve any jurisdictional problems that could delay the provision of FAPE to a child with a disability. For example, if a child is placed in a residential facility, any one or all of the following agencies might be involved in the development and/or implementation of the child's IEP: The child's LEA, the SEA, another State agency, an institution or school under that agency, and the LEA where the institution is located.

NOTE: The SEA must also ensure that any agency involved in the education of a child with a disability is in compliance with the LRE provisions of the Act and regulations, and, specifically, with the requirement that the placement of each child with a disability (1) be determined at least annually, (2) be based on the child's IEP, and (3) be as close as possible to the child's home (§300.325(a), Placements.)

b. LEA-INITIATED PLACEMENTS. When an LEA is responsible for the education of a child with a disability, the LEA is also responsible for developing the child's IEP. The LEA has this responsibility even if development of the IEP results in placement in a State-operated school or program.

NOTE: The IEP must be developed before the child is placed. (See Question 5, below.) When placement in a State-operated school is necessary, the affected State agency or agencies must be involved by the LEA in the development of the IEP. (See response to Question 59, below, regarding participation of a private school representative at the IEP meeting.)

After the child enters the State school, meetings to review or revise the child's IEP could be conducted by either the LEA or the State school, depending upon State law, policy, or practice. However, both agencies should be involved in any decisions made about the child's IEP (either by attending the IEP meetings, or through correspondence or telephone calls). There must be a clear decision, based on State law, as to whether responsibility for the child's education is transferred to the State school or remains with the LEA, since this decision determines which agency is responsible for reviewing or revising the child's IEP.

2. For a child placed out of State by a public agency, is the placing or receiving State responsible for the child's IEP?

The "placing" State is responsible for developing the child's IEP and ensuring that it is implemented. The determination of the specific agency in the placing State that is responsible for the child's IEP would be based on State law, policy, or practice. However, as indicated in Question 1, above, the SEA in the placing State is responsible for ensuring that the child has FAPE available.

§300.342 When individualized education programs must be in effect.

(a) At the beginning of each school year, each public agency shall have in effect an IEP for every child with a disability who is receiving special education from that agency.

(b) An IEP must—

(1) Be in effect before special education and related services are provided to a child; and

(2) Be implemented as soon as possible following the meetings under §300.343.

(Authority: 20 U.S.C. 1412(a)(8), (4), (6); 34 CFR 300.142, sec. 8(c) (1975))

NOTE: Under paragraph (b)(2) of this section, it is expected that the IEP of a child with a disability will be implemented immediately following the meetings under §300.343. An exception to this would be (1) when the meetings occur during the summer or a vacation period, or (2) where there are circumstances that require a short delay (e.g., working out transportation arrangements). However, there can be no undue
3. In requiring that an IEP be in effect before special education and related services are provided, what does “be in effect” mean? As used in the regulations, the term be in effect means that the IEP (1) has been developed properly (i.e., at a meeting(s) involving all of the participants specified in the Act (parent, teacher, agency representative, and, if appropriate, the child)); (2) is regarded by both the parents and agency as appropriate in terms of the child’s needs, specified goals and objectives, and the services to be provided; and (3) will be implemented as written.

4. How much of a delay is permissible between the time an IEP of a child with a disability is finalized and when special education is provided?

In general, a delay is permissible. It is expected that the special education and related services set out in a child’s IEP will be provided by the agency beginning immediately after the IEP is finalized. The Note following §300.342 identifies some exceptions ((1) when the meetings occur during the summer or other vacation period, or (2) when there are circumstances that require a short delay, such as working out transportation arrangements). However, unless otherwise specified in the IEP, the IEP services must be provided as soon as possible following the meeting.

NOTE: Section 300.346(a)(4) requires that the IEP include the projected dates for initiation of services.

5. For a child with a disability receiving special education for the first time, when must an IEP be developed — before placement or after placement?

An IEP must be in effect before special education and related services are provided to a child. (§300.342(b)(1), emphasis added.) The appropriate placement for a given child with a disability cannot be determined until after decisions have been made about what the child’s needs are and what will be provided. Since these decisions are made at the IEP meeting, it would not be permissible to first place the child and then develop the IEP. Therefore, the IEP must be developed before placement. The above requirement does not preclude temporarily placing an eligible child with a disability in a program as part of the evaluation process—before the IEP is finalized—to aid in determining the most appropriate placement for the child.

6. If a child with a disability has been receiving special education in one LEA and moves to another community, must the new LEA hold an IEP meeting before the child is placed in a special education program?

It would not be necessary for the new LEA to conduct an IEP meeting if:

(1) A copy of the child’s current IEP is available; (2) the parents indicate that they are satisfied with the current IEP; and (3) the new LEA determines that the current IEP is appropriate and can be implemented as written.

If the child’s current IEP is not available, or if either the LEA or the parent believes that it is not appropriate, an IEP meeting would have to be conducted. This meeting should take place within a short time after the child enrolls in the new LEA (normally, within one week).

NOTE: The child must be placed in a special education program immediately after the IEP is finalized. (See Question 4, above.) If the LEA or the parents believe that additional information is needed (e.g., the school records from the former LEA) or that a new evaluation is necessary before a final placement decision can be made, it would be permissible to temporarily place the child in an interim program before the IEP is finalized. (See Question 5, above.)

§300.343 Meetings.

(a) General. Each public agency is responsible for initiating and conducting meetings for the purpose of developing, reviewing, and revising the IEP of a child with a disability (or, if consistent with State policy and at the discretion of the LEA and the concurrence of the parents, an individualized family service plan described in section 677(d) of the Act for each child with a disability, aged 3 through 5).
(b) [Reserved]
(c) Timeline. A meeting to develop an IEP for a child must be held within 30 calendar days of a determination that the child needs special education and related services.
(d) Review. Each public agency shall initiate and conduct meetings to review each child's IEP periodically and, if appropriate, revise its provisions. A meeting must be held for this purpose at least once a year.
(Authority: 20 U.S.C. 1412(2)(B), (4), (6); 1414(a)(5))
NOTE: The date on which agencies must have IEPs in effect is specified in §300.342 (the beginning of each school year). However, except for new children with disabilities (i.e., those evaluated and determined to need special education and related services for the first time), the timing of meetings to develop, review, and revise IEPs is left to the discretion of each agency. In order to have IEPs in effect at the beginning of the school year, agencies could hold meetings either at the end of the preceding school year or during the summer prior to the next school year. Meetings may be held any time throughout the year, as long as IEPs are in effect at the beginning of each school year.

The statute requires agencies to hold a meeting at least once each year in order to review and, if appropriate, revise each child's IEP. The timing of those meetings could be on the anniversary date of the child's last IEP, or at the discretion of the agency. In general, meetings (1) will be longer for initial placements and for children who require a variety of complex services, and (2) will be shorter for continuing placements and for children who require only a minimum amount of services. In any event, it is expected that agencies will allow sufficient time at the meetings to ensure meaningful parent participation.

7. What is the purpose of the 30 day timeline in §300.343(c)?

The 30 day timeline in §300.343(c) ensures that there will not be a significant delay between the time a child is evaluated and when the child begins to receive special education. Once it is determined—through the evaluation—that a child has a disability, the public agency has up to 30 days to hold an IEP meeting.

NOTE: See Questions 4 and 5, above, regarding finalization of IEP and placement of the child.

8. Must the agency hold a separate meeting to determine a child's eligibility for special education and related services, or can this step be combined with the IEP meeting?

Paragraph (e) of §300.352 (Evaluation procedures) provides that the evaluation of each child with a disability must be "made by a multidisciplinary team or group of persons * * *". The decisions regarding (1) whether the team members actually meet together, and (2) whether such meetings are separate from the IEP meeting are matters that are left to the discretion of State or local agencies.

In practice, some agencies hold separate eligibility meetings with the multidisciplinary team before the IEP meeting. Other agencies combine the two steps into one. If a combined meeting is conducted, the public agency must include the parents as participants at the meeting. (See §300.345 for requirements on parent participation.)

NOTE: If, at a separate eligibility meeting, a decision is made that a child is not eligible for special education, the parents should be notified about the decision.

9. Must IEPs be reviewed or revised at the beginning of each school year?

No. The basic requirement in the regulations is that IEPs must be in effect at the beginning of each school year. Meetings must be conducted at least once each year to review and, if necessary, revise the IEP of each child with a disability. However, the meetings may be held anytime during the year, including (1) at the end of the school year, (2) during the summer, before the new school year begins, or (3) on the anniversary date of the last IEP meeting on the child.

10. How frequently must IEP meetings be held and how long should they be?

Section 614(a)(5) of the Act provides that each public agency must hold meetings periodically, but not less than annually, to review each child's IEP and, if appropriate, revise its provisions. The legislative history of the Act makes it clear that there should be as many meetings a year as any one child may need. (121 Cong. Rec. S20428±29 (Nov. 19, 1975) (remarks of Senator Stafford))

There is no prescribed length for IEP meetings. In general, meetings (1) will be longer for initial placements and for children who require a variety of complex services, and (2) will be shorter for continuing placements and for children who require only a minimum amount of services. In any event, it is expected that agencies will allow sufficient time at the meetings to ensure meaningful parent participation.

11. Who can initiate IEP meetings?

IEP meetings are initiated and conducted at the discretion of the public agency. However, if the parents of a child with a disability believe that the child is not progressing satisfactorily or that there is a problem with the child's current IEP, it would be appropriate for the parents to request an IEP meeting. The public agency should grant any reasonable request for such a meeting.

NOTE: Under §300.506(a), the parents or agency may initiate a due process hearing at any time regarding any matter related to the child's IEP.

If a child's teacher(s) feels that the child's placement or IEP services are not appropriate to the child, the teacher(s) should follow agency procedures with respect to (1)
calling or meeting with the parents and/or (2) requesting the agency to hold another meeting to review the child's IEP.

12. May IEP meetings be tape-recorded? The use of tape recorders at IEP meetings is not addressed by either the Act or the regulations. Although taping is clearly not required, it is permissible at the option of either the parents or the agency. However, if the recording is maintained by the agency, it is an education record, within the meaning of the Family Educational Rights and Privacy Act ("FERPA"; 20 U.S.C. 1232g), and would, therefore, be subject to the confidentiality requirements of the regulations under both FERPA (34 CFR part 99) and part B (34 CFR 300.560-300.575).

§ 300.344 Participants in meetings.

(a) General. The public agency shall ensure that each meeting includes the following participants:

(1) A representative of the public agency, other than the child's teacher, who is qualified to provide, or supervise the provision of, special education.

(2) The child's teacher.

(3) One or both of the child's parents, subject to § 300.345.

(4) The child, if appropriate.

(5) Other individuals at the discretion of the parent or agency.

(b) Evaluation personnel. For a child with a disability who has been evaluated for the first time, the public agency shall ensure—

(1) That a member of the evaluation team participates in the meeting; or

(2) That the representative of the public agency, the child's teacher, or some other person is present at the meeting, who is knowledgeable about the evaluation procedures used with the child and is familiar with the results of the evaluation.

(c) Transition services participants. (1) If a purpose of the meeting is the consideration of transition services for a student, the public agency shall invite—

(i) The student; and

(ii) A representative of any other agency that is likely to be responsible for providing or paying for transition services.

(2) If the student does not attend, the public agency shall take other steps to ensure that the student's preferences and interests are considered; and

(3) If an agency invited to send a representative to a meeting does not do so, the public agency shall take other steps to obtain the participation of the other agency in the planning of any transition services.

(Authority: 20 U.S.C. 1411(a)(19), (a)(20); 1412(a)(2)(B), (4), (6); 1414(a)(5))

NOTE 1: In deciding which teacher will participate in meetings on a child's IEP, the agency may wish to consider the following possibilities:

(a) For a child with a disability who is receiving special education, the teacher could be the child's special education teacher. If the child's disability is a speech impairment, the teacher could be the speech-language pathologist.

(b) For a child with a disability who is being considered for placement in special education, the teacher could be the child's regular teacher, or a teacher qualified to provide education in the type of program in which the child may be placed, or both.

(c) If the child is not in school or has more than one teacher, the agency may designate which teacher will participate in the meeting.

Either the teacher or the agency representative should be qualified in the area of the child's suspected disability.

For a child whose primary disability is a speech or language impairment, the evaluation personnel participating under paragraph (b)(1) of this section would normally be the speech-language pathologist.

NOTE 2: Under paragraph (c), the public agency is required to invite each student to participate in his or her IEP meeting, if a purpose of the meeting is the consideration of transition services for the student. For all students who are 16 years of age or older, one of the purposes of the annual meeting will always be the planning of transition services, since transition services are a required component of the IEP for these students.

For a student younger than age 16, if transition services are initially discussed at a meeting that does not include the student, the public agency is responsible for ensuring that, before a decision about transition services for the student is made, a subsequent IEP meeting is conducted for that purpose, and the student is invited to the meeting.

13. Who can serve as the representative of the public agency at an IEP meeting? The representative of the public agency could be any member of the school staff, other than the child's teacher, who is qualified to provide, or supervise the provision of, specially designed instruction to meet the unique needs of children with disabilities. (Section 602(a)(20) of the Act.) Thus, the agency representative could be (1) a qualified special education administrator, supervisor, or teacher (including a speech-language pathologist), or (2) a school principal or other administrator—if the person is qualified to provide, or supervise the provision of, special education.

Each State or local agency may determine which specific staff member will serve as the agency representative. However, the representative should be able to ensure that whatever services are set out in the IEP will actually be provided and that the IEP will not be vetoed at a higher administrative.
level within the agency. Thus, the person selected should have the authority to commit agency resources (i.e., to make decisions about the specific special education and related services that the agency will provide to a particular child).

For a child with a disability who requires only a limited amount of special education, the agency representative able to commit appropriate resources could be a special education teacher, or a speech-language pathologist, other than the child's teacher. For a child who requires extensive special education and related services, the agency representative might need to be a key administrator in the agency.

NOTE: IEP meetings for continuing placements could be more routine than those for initial placements, and, thus, might not require the participation of a key administrator.

14. Who is the representative of the public agency if a child with a disability is served by a public agency other than the SEA or LEA?

The answer depends on which agency is responsible, under State law, policy, or practice, for any one or all of the following:

1. The child's education,
2. Placing the child, and
3. Providing (or paying for the provision of) special education and related services to the child.

In general, the agency representative at the IEP meeting would be a member of the agency or institution that is responsible for the child's education. For example, if a State agency (1) places a child in an institution, (2) is responsible under State law for the child's education, and (3) has a qualified special education staff at the institution, then a member of the institution's staff would be the agency representative at the IEP meetings.

Sometimes there is no special education staff at the institution, and the children are served by special education personnel from the LEA where the institution is located. In this situation, a member of the LEA staff would usually serve as the agency representative.

NOTE: In situations where the LEA places a child in an institution, paragraph "b" of the response to Question 1, above, would apply.

15. For a child with a disability being considered for initial placement in special education, which teacher should attend the IEP meeting?

The teacher could be either (1) a teacher qualified to provide special education in the child's area of suspected disability, or (2) the child's regular teacher. At the option of the agency, both teachers could attend. In any event, there should be at least one member of the school staff at the meeting (e.g., the agency representative or the teacher) who is qualified in the child's area of suspected disability.

NOTE: Sometimes more than one meeting is necessary in order to finalize a child's IEP.

If, in this process, the special education teacher who will be working with the child is identified, it would be useful to have that teacher participate in the meeting with the parents and other members of the IEP team in finalizing the IEP. When this is not possible, the agency should ensure that the teacher is given a copy of the child's IEP as soon as possible after the IEP is finalized and before the teacher begins working with the child.

16. If a child with a disability is enrolled in both regular and special education classes, which teacher should attend the IEP meeting?

In general, the teacher at the IEP meeting should be the child's special education teacher. At the option of the agency or the parent, the child's regular teacher also might attend. If the regular teacher does not attend, the agency should either provide the regular teacher with a copy of the IEP or inform the regular teacher of its contents. Moreover, the agency should ensure that the special education teacher, or other appropriate support person, is able, as necessary, to consult with and be a resource to the child's regular teacher.

17. If a child with a disability in high school attends several regular classes, must all of the child's regular teachers attend the IEP meeting?

No. Only one teacher must attend. However, at the option of the LEA, additional teachers of the child may attend. The following points should be considered in making this decision:

a. Generally, the number of participants at IEP meetings should be small. Small meetings have several advantages over large ones. For example, they (1) allow for more open, active parent involvement, (2) are less costly, (3) are easier to arrange and conduct, and (4) are usually more productive.

b. While large meetings are generally inappropriate, there may be specific circumstances where the participation of additional staff would be beneficial. When the participation of the regular teachers is considered by the agency or the parents to be beneficial to the child's success in school (e.g., in terms of the child's participation in the regular education program), it would be appropriate for them to attend the meeting.

c. Although the child's regular teachers would not routinely attend IEP meetings, they should either (1) be informed about the child's IEP by the special education teacher or agency representative, and/or (2) receive a copy of the IEP itself.

18. If a child's primary disability is a speech impairment, must the child's regular teacher attend the IEP meeting?
No. A speech-language pathologist would usually serve as the child's teacher for purposes of the IEP meeting. The regular teacher could also attend at the option of the school.

19. If a child is enrolled in a special education class because of a primary disability, and also receives speech-language pathology services, must both specialists attend the IEP meeting?

No. It is not required that both attend. The special education teacher would attend the meeting as the child's teacher. The speech-language pathologist could either (1) participate in the meeting itself, or (2) provide a written recommendation concerning the nature, frequency, and amount of services to be provided to the child.

20. When may representatives of teacher organizations attend IEP meetings?

Under the Family Educational Rights and Privacy Act ("FERPA"; 20 U.S.C. 1232g) and implementing regulations (34 CFR part 99) and the confidentiality requirements of part B, officials of teacher organizations may not attend IEP meetings if personally identifiable information from the student's education records is discussed—except with the prior written consent of the parents. (See 34 CFR 99.30(a) and 300.571(a)(1).)

In addition, part B does not provide for the participation of representatives of teacher organizations at IEP meetings. The legislative history of the Act makes it clear that attendance at IEP meetings should be limited to those who have an intense interest in the child. (121 Cong. Rec. S10974 (June 18, 1975) (remarks of Sen. Randolph).) Since a representative of a teacher organization would be concerned with the interests of the teacher rather than the interests of the child, it would be inappropriate for such an official to attend an IEP meeting.

21. When may a child with a disability attend an IEP meeting?

Generally, a child with a disability should attend the IEP meeting whenever the parent decides that it is appropriate for the child to do so. Whenever possible, the agency and parents should discuss the appropriateness of the child's participation before a decision is made, in order to help the parents determine whether or not the child's attendance will be (1) helpful in developing the IEP; and/or (2) directly beneficial to the child. The agency should inform the parents before each IEP meeting—as part of the notice of meeting required under §300.345(b)—that they may invite their child to participate.

NOTE: The parents and agency should encourage older children with disabilities (particularly those at the secondary school level) to participate in their IEP meetings.

22. Do the parents of a student with a disability retain the right to attend the IEP meeting when the student reaches the age of majority?

The Act is silent concerning any modification of the rights of the parents of a student with a disability when the student reaches the age of majority.

23. Must related services personnel attend IEP meetings?

No. It is not required that they attend. However, if a child with a disability has an identified need for related services, it would be appropriate for the related services personnel to attend the meeting or otherwise be involved in developing the IEP. For example, when the child's evaluation indicates the need for a specific related service (e.g., physical therapy, occupational therapy, or counseling), the agency should ensure that a qualified provider of that service either (1) attends the IEP meeting, or (2) provides a written recommendation concerning the nature, frequency, and amount of service to be provided to the child.

NOTE: This written recommendation could be a part of the evaluation report.

24. Are agencies required to use a case manager in the development of the IEP of a child with a disability?

No. However, some agencies have found it helpful to have a special educator or some other school staff member (e.g., a social worker, counselor, or psychologist) serve as a coordinator or case manager of the IEP process for an individual child or for all children with disabilities served by the agency. Examples of the kinds of activities that case managers might carry out are (1) coordinating the multidisciplinary evaluation; (2) collecting and synthesizing the evaluation reports and other relevant information about a child that might be needed at the IEP meeting; (3) communicating with the parents; and (4) participating in, or conducting, the IEP meeting itself.

25. For a child with a suspected speech impairment, who must represent the evaluation team at the IEP meeting?

No specific person must represent the evaluation team. However, a speech-language pathologist would normally be the most appropriate representative. For many children whose primary disability is a speech impairment, there may be no other evaluation personnel involved. The note following §300.532 (Evaluation procedures) states:

Children who have a speech impairment as their primary disability may not need a complete battery of assessments (e.g., psychological, physical, or adaptive behavior). However, a qualified speech-language pathologist would (1) evaluate each child with a speech impairment using procedures that are appropriate for the diagnosis and appraisal of speech and language impairments, and (2) if
necessary, make referrals for additional assessments needed to make an appropriate placement decision.

§ 300.345 Parent participation.

(a) Each public agency shall take steps to ensure that one or both of the parents of the child with a disability are present at each meeting or are afforded the opportunity to participate, including—

(1) Notifying parents of the meeting early enough to ensure that they will have an opportunity to attend; and

(2) Scheduling the meeting at a mutually agreed on time and place.

(b)(i) The notice under paragraph (a)(1) of this section must indicate the purpose, time, and location of the meeting and who will be in attendance;

(ii) If a purpose of the meeting is the consideration of transition services for a student, the notice must also—

(i) Indicate this purpose;

(ii) Indicate that the agency will invite the student; and

(iii) Identify any other agency that will be invited to send a representative.

(c) If neither parent can attend, the public agency shall use other methods to ensure parent participation, including individual or conference telephone calls.

(d) A meeting may be conducted without a parent in attendance if the public agency is unable to convince the parents that they should attend. In this case the public agency must have a record of its attempts to arrange a mutually agreed on time and place such as—

(1) Detailed records of telephone calls made or attempted and the results of those calls;

(2) Copies of correspondence sent to the parents and any responses received; and

(3) Detailed records of visits made to the parent’s home or place of employment and the results of those visits.

(e) The public agency shall take whatever action is necessary to ensure that the parent understands the proceedings at a meeting, including arranging for an interpreter for parents with deafness or whose native language is other than English.

(f) The public agency shall give the parent, on request, a copy of the IEP.

(Authority: 20 U.S.C. 1401(a)(20); 1412 (2)(B), (4), (6); 1404(a)(5))

NOTE: The notice in paragraph (a) of this section could also inform parents that they may bring other people to the meeting. As indicated in paragraph (c) of this section, the procedure used to notify parents (whether oral or written or both) is left to the discretion of the agency, but the agency must keep a record of its efforts to contact parents.

26. What is the role of the parents at an IEP meeting? The parents of a child with a disability are expected to be equal participants along with school personnel, in developing, reviewing, and revising the child’s IEP. This is an active role in which the parents (3) participate in the discussion about the child’s need for special education and related services, and (2) join with the other participants in deciding what services the agency will provide to the child.

NOTE: In some instances, parents might elect to bring another participant to the meeting, e.g., a friend or neighbor, someone outside of the agency who is familiar with applicable laws and with the child’s needs, or a specialist who conducted an independent evaluation of the child.

27. What is the role of a surrogate parent at an IEP meeting? A surrogate parent is a person appointed to represent the interests of a child with a disability in the educational decision-making process when that child has no other parent representation. The surrogate has all of the rights and responsibilities of a parent under part B. Thus, the surrogate parent is entitled to (1) participate in the child’s IEP meeting, (2) see the child’s education records, and (3) receive notice, grant consent, and invoke due process to resolve differences. (See §300.514, Surrogate parents.)

28. Must the public agency let the parents know who will be at the IEP meeting? Yes. In notifying parents about the meeting, the agency “must indicate the purpose, time, and location of the meeting, and who will be in attendance.” (§300.345(b), emphasis added.) If possible, the agency should give the name and position of each person who will attend. In addition, the agency should inform the parents of their right to bring other participants to the meeting. (See Question 21, above, regarding participation of the child.) It is also appropriate for the agency to ask whether the parents intend to bring a participant to the meeting.

29. Are parents required to sign IEPs? Parent signatures are not required by either the Act or regulations. However, having such signatures is considered by parents, advocates, and public agency personnel to be useful.

The following are some of the ways that IEPs signed by parents and/or agency personnel might be used:

a. A signed IEP is one way to document who attended the meeting.

NOTE: This is useful for monitoring and compliance purposes.

b. An IEP signed by the parents is one way to indicate that the parents approved the child’s special education program.

NOTE: If, after signing, the parents feel that a change is needed in the IEP, it would
be appropriate for them to request another meeting. See Question 11, above.

c. An IEP signed by an agency representative provides the parents a signed record of the services that the agency has agreed to provide.

**NOTE:** Even if the school personnel do not sign, the agency still must provide, or ensure the provision of, the services called for in the IEP.

30. If the parent signs the IEP, does the signature indicate consent for initial placement?

The parent's signature on the IEP would satisfy the consent requirement concerning initial placement of the child (§ 300.504(b)(3)(i)(I)) only if the IEP includes a statement on initial placement that meets the definition of consent in § 300.505:

- Consent means that: (a) the parent has been fully informed of all information relevant to the activity for which consent is sought * * *
- (b) The parent understands and agrees in writing to the carrying out of the activity for which his or her consent is sought, and the consent describes that activity and lists the records (if any) that will be released and to whom; and
- (c) The parent understands that the granting of consent is voluntary * * * and may be revoked at any time.

31. Do parents have the right to a copy of their child's IEP?

Yes. Section 300.345(f) states that the public agency shall give the parent, on request, a copy of the IEP. In order that parents may know about this provision, it is recommended that they be informed about it at the IEP meeting and/or receive a copy of the IEP itself within a reasonable time following the meeting.

32. Must parents be informed at the IEP meeting of their right to appeal?

If the agency has already informed the parents of their right to appeal, as it is required to do under the prior notice provisions of the regulations (§§ 300.504-300.505), it would not be necessary for the agency to do so again at the IEP meeting.

Section 300.504(a) of the regulations states that "written notice that meets the requirements under § 300.505 must be given to parents a reasonable time before the public agency proposes or refuses "to initiate or change the identification, evaluation, or educational placement of the child or the provision of FAPE to the child."

Section 300.505(a) states that the notice must include "(1) A full explanation of all of the procedural safeguards available to the parents under § 300.50, §§ 300.502–300.515, and §§ 300.562–300.569."

The IEP meeting serves as a communication vehicle between parents and school personnel, and enables them, as equal participants, to jointly decide upon what the child's needs are, what will be provided, and what the anticipated outcomes may be. If, during the IEP meeting, parents and school staff are unable to reach agreement, the agency should remind the parents that they may seek to resolve their differences through the due process procedures under the Act.

**NOTE:** Section 300.505(a) states that "a parent or public educational agency may initiate a hearing on any matters described in § 300.504(a) (1) and (2)."

Every effort should be made to resolve differences between parents and school staff without resort to a due process hearing (i.e., through voluntary mediation or some other informal step). However, mediation or other informal procedures may not be used to deny or delay a parent's right to a due process hearing. (See § 300.506. Impartial due process hearing.)

33. Does the IEP include ways for parents to check the progress of their children?

In general, the answer is yes. The IEP document is a written record of decisions jointly made by parents and school personnel at the IEP meeting regarding the special education program of a child with a disability. That record includes agreed upon items, such as goals and objectives, and the specific special education and related services to be provided to the child.

The goals and objectives in the IEP should be helpful to both parents and school personnel, in a general way, in checking on a child's progress in the special education program. (See Questions 37-43, below, regarding goals and objectives in the IEP.) However, since the IEP is not intended to include the specifics about a child's total educational program that are found in daily, weekly, or monthly instructional plans, parents will often need to obtain more specific, on-going information about the child's progress—through parent-teacher conferences, report cards and other reporting procedures ordinarily used by the agency.

34. Must IEPs include specific checkpoint intervals for parents to confer with teachers and to revise or update their children's IEPs?

No. The IEP of a child with a disability is not required to include specific "checkpoint intervals" (i.e., meeting dates) for reviewing the child's progress. However, in individual situations, specific meeting dates could be designated in the IEP, if the parents and school personnel believe that it would be helpful to do so.

Although meeting dates are not required to be set out in the IEP itself, there are specific provisions in the regulations and in this document regarding agency responsibilities in initiating IEP meetings, including the following:
Public agencies must hold meetings periodically, but not less than annually, to review, and if appropriate, revise, each child’s IEP (§ 300.343(d)); (2) there should be as many meetings a year as the child needs (see Question 10, above); and (3) agencies should grant any reasonable parental request for an IEP meeting (see Question 11, above).

In addition to the above provisions, it is expected that, through an agency’s general reporting procedures for all children in school, there will be specific designated times for parents to review their children’s progress (e.g., through periodic parent-teacher conferences, and/or the use of report cards, letters, or other reporting devices).

35. If the parents and agency are unable to reach agreement at an IEP meeting, what steps should be followed until agreement is reached?

As a general rule, the agency and parents would agree to an interim course of action for serving the child (i.e., in terms of placement and/or services) to be followed until the area of disagreement over the IEP is resolved. The manner in which this interim measure is developed and agreed to by both parties is left to the discretion of the individual State or local agency. However, if the parents and agency cannot agree on an interim measure, the child’s last agreed upon IEP would remain in effect in the areas of disagreement until the disagreement is resolved. The following may be helpful to agencies if there are disagreements:

a. There may be instances where the parents and agency are in agreement about the basic IEP services (e.g., the child’s placement and/or the special education services), but disagree about the provision of a particular related service (i.e., the service is needed and/or the amount to be provided). In such cases, it is recommended (1) that the IEP be implemented in all areas where there is agreement, (2) that the document indicate the points of disagreement, and (3) that procedures be initiated to resolve the disagreement.

b. Sometimes the disagreement is with the placement or kind of special education to be provided (e.g., one party proposes a self-contained placement, and the other proposes a resource room service). In such cases, the agency might, for example, carry out any one or all of the following steps:

(1) Remind the parents that they may resolve their differences through the due process procedures under part B; (2) work with the parents to develop an interim course of action (in terms of placement and/or services) that both parties can agree to until resolution is reached; and (3) recommend the use of mediation, or some other informal procedure for resolving the differences without going to a due process hearing. (See Question 32, above, regarding the right to appeal.)

c. If, because of the disagreement over the IEP, a hearing is initiated by either the parents or agency, the agency may not change the child’s placement unless the parents and agency agree otherwise. (See §300.513, Child’s status during proceedings.) The following two examples are related to this requirement:

(1) A child in the regular fourth grade has been evaluated and found to be eligible for special education. The agency and parents agree that the child has a specific learning disability. However, one party proposes placement in a self-contained program, and the other proposes placement in a resource room. Agreement cannot be reached, and a due process hearing is initiated. Unless the parents and agency agree otherwise, the child would remain in the regular fourth grade until the issue is resolved.

On the other hand, since the child’s need for special education is not in question, both parties might agree—as an interim measure—(1) to temporarily place the child in either one of the programs proposed at the meeting (self-contained program or resource room), or (2) to serve the child through some other temporary arrangement.

(2) A child with a disability is currently receiving special education under an existing IEP. A due process hearing has been initiated regarding an alternative special education placement for the child. Unless the parents and agency agree otherwise, the child would remain in the current placement. In this situation, the child’s IEP could be revised, as necessary, and implemented in all of the areas agreed to by the parents and agency, while the area of disagreement (i.e., the child’s placement) is being settled through due process.

NOTE: If the due process hearing concerns whether or not a particular service should continue to be provided under the IEP (e.g., physical therapy), that service would continue to be provided to the child under the IEP that was in effect at the time the hearing was initiated, (1) unless the parents and agency agree to a change in the services, or (2) until the issue is resolved.

§ 300.346 Content of individualized education program.

(a) General. The IEP for each child must include—

(1) A statement of the child’s present levels of educational performance;

(2) A statement of annual goals, including short-term instructional objectives;

(3) A statement of the specific special education and related services to be provided to the child and the extent that the child will be able to participate in regular educational programs;
Although this language leaves the final determination of when to initiate transition services for students under age 16 to the IEP process, it nevertheless makes clear that Congress expects consideration to be given to the need for transition services for some students by age 14 or younger. The Committee encourages that approach because of their concern that age 16 may be too late for many students, particularly those at risk of dropping out of school and those with the most severe disabilities. Even for those students who stay in school until age 18, many will need more than two years of transitional services. Students with disabilities are now dropping out of school before age 16, feeling that the education system has little to offer them. Initiating services at a younger age will be critical. (House Report No. 101-544, 10 (1990).)

36. What should be included in the statement of the child’s present levels of educational performance?

The statement of present levels of educational performance will be different for each child with a disability. Thus, determinations about the content of the statement for an individual child are matters that are left to the discretion of participants in the IEP meetings. However, the following are some points that should be taken into account in writing this part of the IEP:

a. The statement should accurately describe the effect of the child’s disability on the child’s performance in any area of education that is affected, including (1) academic areas (reading, math, communication, etc.), and (2) non-academic areas (daily life activities, mobility, etc.).

b. The statement should be written in objective measurable terms, to the extent possible. Data from the child’s evaluation would be a good source of such information. Test scores that are pertinent to the child’s diagnosis might be included, if appropriate. However, the scores should be (1) self-explanatory (i.e., they can be interpreted by all participants without the use of test manuals or other aids), or (2) an explanation should be included. Whatever test results are used should reflect the impact of the disability on the child’s performance. Thus, raw scores would not usually be sufficient.

c. There should be a direct relationship between the present levels of educational performance and the other components of the IEP. Thus, if the statement describes a problem with the child’s reading level and points to a deficiency in a specific reading skill, this problem should be addressed under both

(4) The projected dates for initiation of services and the anticipated duration of the services; and

(5) Appropriate objective criteria and evaluation procedures and schedules for determining, on at least an annual basis, whether the short term instructional objectives are being achieved.

(b) Transition services. (1) The IEP for each student, beginning no later than age 16 (and at a younger age, if determined appropriate), must include a statement of the needed transition services as defined in §300.18, including, if appropriate, a statement of each public agency’s and each participating agency’s responsibilities or linkages, or both, before the student leaves the school setting.

(2) If the IEP team determines that services are not needed in one or more of the areas specified in §300.18(b)(2)(i) through (b)(2)(iii), the IEP must include a statement to that effect and the basis upon which the determination was made.

(Authority: 20 U.S.C. 1401(a)(19), (a)(20); 1422(2)(B), (4), (6); 3434(a)(5))

NOTE 1: The legislative history of the transition services provisions of the Act suggests that the statement of needed transition services referred to in paragraph (b) of this section should include a commitment by any participating agency to meet any financial responsibility it may have in the provision of transition services. See House Report No. 101-544, p. 11 (1990).

NOTE 2: With respect to the provisions of paragraph (b) of this section, it is generally expected that the statement of needed transition services will include the areas listed in §300.18(b)(2)(i) through (b)(2)(iii). If the IEP team determines that services are not needed in one of those areas, the public agency must implement the requirements in paragraph (b)(2) of this section. Since it is a part of the IEP, the IEP team must reconsider its determination at least annually.

NOTE 3: Section 602(a)(20) of the Act provides that IEPs must include a statement of needed transition services for students beginning no later than age 16, but permits transition services to students below age 16 (i.e., age 5 and, when determined appropriate for the individual, beginning at age 14 or younger). Although the statute does not mandate transition services for all students beginning at age 14 or younger, the provision of these services could have a significantly positive effect on the employment and independent living outcomes for many of these students in the future, especially for students who are likely to drop out before age 16. With respect to the provision of transition services to students below age 14, the Report of the House Committee on Education and Labor on Pub. L. 101-476 includes the following statement:
(1) goals and objectives, and (2) specific special education and related services to be provided to the child.

37. Why are goals and objectives required in the IEP?

The statutory requirements for including annual goals and short term instructional objectives (section 602(a)(20)(B)), and for having at least an annual review of the IEP of a child with a disability (section 604(a)(5)) provide a mechanism for determining (1) whether the anticipated outcomes for the child are being met (i.e., whether the child is progressing in the special education program) and (2) whether the placement and services are appropriate to the child's special learning needs. In effect, these requirements provide a way for the child's teacher(s) and parents to be able to track the child's progress in special education. However, the goals and objectives in the IEP are not intended to be as specific as the goals and objectives that are normally found in daily, weekly, or monthly instructional plans.

38. What are annual goals in an IEP?

The annual goals in the IEP are statements that describe what a child with a disability can reasonably be expected to accomplish within a twelve month period in the child's special education program. As indicated under Question 36, above, there should be a direct relationship between the annual goals and the present levels of educational performance.

39. What are short term instructional objectives in an IEP?

Short term instructional objectives (also called IEP objectives) are measurable, intermediate steps between the present levels of educational performance of a child with a disability and the annual goals that are established for the child. The objectives are developed based on a logical breakdown of the major components of the annual goals, and can serve as milestones for measuring progress toward meeting the goals.

In some respects, IEP objectives are similar to objectives used in daily classroom instructional plans. For example, both kinds of objectives are used (1) to describe what a given child is expected to accomplish in a particular area within some specified time period, and (2) to determine the extent that the child is progressing toward those accomplishments.

In other respects, objectives in IEPs are different from those used in instructional plans, primarily in the amount of detail they provide. IEP objectives provide general benchmarks for determining progress toward meeting the annual goals. These objectives should be projected to be accomplished over an extended period of time (e.g., an entire school quarter or semester). On the other hand, the objectives in classroom instructional plans deal with more specific outcomes that are to be accomplished on a daily, weekly, or monthly basis. Classroom instructional plans generally include details not required in an IEP, such as the specific methods, activities, and materials (e.g., use of flash cards) that will be used in accomplishing the objectives.

40. Should the IEP goals and objectives focus only on special education and related services, or should they relate to the total education of the child?

IEP goals and objectives are concerned primarily with meeting the needs of a child with a disability for special education and related services, and are not required to cover other areas of the child's education. Stated another way, the goals and objectives in the IEP should focus on offsetting or reducing the problems resulting from the child's disability that interfere with learning and educational performance in school. For example, if a child with a learning disability is functioning several grades below the child's indicated ability in reading and has a specific problem with word recognition, the IEP goals and objectives would be directed toward (1) closing the gap between the child's indicated ability and current level of functioning, and (2) helping the child increase the ability to use word attack skills effectively (or to find some other approach to increase independence in reading).

For a child with a mild speech impairment, the IEP objectives would focus on improving the child's communication skills, by either (1) correcting the impairment, or (2) minimizing its effect on the child's ability to communicate. On the other hand, the goals and objectives for a child with severe mental retardation would be more comprehensive and cover more of the child's school program than if the child has only a mild disability.

41. Should the IEP goals and objectives focus only on special education and related services, or should they relate to the total education of the child?

Yes. There should be a relationship between the goals and objectives in the IEP and those that are in instructional plans of special education personnel.

42. When must IEP objectives be written—before placement or after placement?

IEP objectives must be written before placement. Once a child with a disability is placed in a special education program, the teacher might develop lesson plans or more
detailed objectives based on the IEP; however, such plans and objectives are not required to be a part of the IEP itself.

43. Can short term instructional objectives be changed without initiating another IEP meeting?

No. Section 300.343(a) provides that the agency "is responsible for initiating and conducting meetings for the purpose of developing, reviewing, and revising the IEP of a child with a disability" (emphasis added). Since a change in short term instructional objectives constitutes a revision of the child’s IEP, the agency must (1) notify the parents of the proposed change (see §300.504(a)(1)), and (2) initiate an IEP meeting. Note, however, that if the parents are unable or unwilling to attend such a meeting, their participation in the revision of the IEP objectives can be obtained through other means, including individual or conference telephone calls (see §300.343(c)).

44. Must the IEP include all special education and related services needed by the child or only those available from the public agency?

Each public agency must provide FAPE to all children with disabilities under its jurisdiction. Therefore, the IEP for a child with a disability must include all of the specific special education and related services needed by the child—as determined by the child’s current evaluation. This means that the services must be listed in the IEP even if they are not directly available from the local agency, and must be provided by the agency through contract or other arrangements.

45. Is the IEP a commitment to provide services—i.e., must a public agency provide all of the services listed in the IEP?

Yes. The IEP of each child with a disability must include all services necessary to meet the child’s identified special education and related services needs; and all services in the IEP must be provided in order for the agency to be in compliance with the Act.

46. Must the public agency itself directly provide the services set out in the IEP?

The public agency responsible for the education of a child with a disability could provide IEP services to the child (1) directly, through the agency’s own staff resources, or (2) indirectly, by contracting with another public or private agency, or through other arrangements. In providing the services, the agency may use whatever state, local, federal, and private sources of support are available for those purposes (see §300.307(a)). However, the services must be at no cost to the parents, and responsibility for ensuring that the IEP services are provided remains with the public agency.

47. Does the IEP include only special education and related services or does it describe the total education of the child?

The IEP is required to include only those matters concerning the provision of special education and related services and the extent that the child can participate in regular education programs. (Note: The regulations define special education as specially designed instruction to meet the unique needs of a child with a disability, and related services as those services that are necessary to assist the child to benefit from special education.) (See §§300.17 and 300.16, respectively.)

For some children with disabilities, the IEP will only address a very limited part of their education (e.g., for a child with a speech impairment, the IEP would generally be limited to the child’s speech impairment). For other children (e.g., those with profound mental retardation), the IEP might cover their total education. An IEP for a child with a physical disability with no mental or emotional disability might consist only of specially designed physical education. However, if the child also has a mental or emotional disability, the IEP might cover most of the child’s education.

Note: The IEP is not intended to be detailed enough to be used as an instructional plan. See Question 41, above.

48. If modifications are necessary for a child with a disability to participate in a regular education program, must they be included in the IEP?

Yes. If modifications (supplementary aids and services) to the regular education program are necessary to ensure the child’s participation in that program, those modifications must be described in the child’s IEP (e.g., for a child with a hearing impairment, special seating arrangements or the provision of assignments in writing). This applies to any regular education program in which the student may participate, including physical education, art, music, and vocational education.

49. When must physical education (PE) be described or referred to in the IEP?

Section 300.307(a) provides that physical education services, specially designed if necessary, must be made available to every child with a disability receiving FAPE. The following paragraphs (1) set out some of the different PE program arrangements for students with disabilities, and (2) indicate whether, and to what extent, PE must be described or referred to in an IEP:

a. Regular PE with nondisabled students.

If a student with a disability can participate fully in the regular PE program without any special modifications to compensate for the student’s disability, it would not be necessary to describe or refer to PE in the IEP. On the other hand, if some modifications to the regular PE program are necessary for the
student to be able to participate in that program, those modifications must be described in the IEP.

b. Specially designed PE. If a student with a disability needs a specially designed PE program, that program must be described in all applicable areas of the IEP (e.g., present levels of educational performance, goals and objectives, and services to be provided). However, these statements would not have to be presented in any more detail than the other special education services included in the student's IEP.

c. PE in separate facilities. If a student with a disability is educated in a separate facility, the PE program for that student must be described or referred to in the IEP. However, the kind and amount of information to be included in the IEP would depend on the physical-motor needs of the student and the type of PE program that is to be provided.

Thus, if a student is in a separate facility that has a standard PE program (e.g., a residential school for students with deafness), and if it is determined—on the basis of the student's most recent evaluation—that the student is able to participate in that program without any modifications, then the IEP need only note such participation. On the other hand, if special modifications to the PE program are needed for the student to participate, those modifications must be described in the IEP. Moreover, if the student needs an individually designed PE program, that program must be addressed under all applicable parts of the IEP. (See paragraph "b", above.)

50. If a student with a disability is to receive vocational education, must it be described or referred to in the student's IEP?

The answer depends on the kind of vocational education program to be provided. If a student with a disability is able to participate in the regular vocational education program without any modifications to compensate for the student's disability, it would not be necessary to include vocational education in the student's IEP. On the other hand, if modifications to the regular vocational education program are necessary in order for the student to participate in that program, those modifications must be included in the IEP. Moreover, if the student needs a specially designed vocational education program, then vocational education must be described in all applicable areas of the student's IEP (e.g., present levels of educational performance, goals and objectives, and specific services to be provided). However, these statements would not have to be presented in any more detail than the other special education services included in the IEP.

51. Must the IEP specify the amount of services or may it simply list the services to be provided?

The amount of services to be provided must be stated in the IEP, so that the level of the agency's commitment of resources will be clear to parents and other IEP team members. The amount of time to be committed to each of the various services to be provided must be (1) appropriate to that specific service, and (2) stated in the IEP in a manner that is clear to all who are involved in the development and implementation of the IEP.

Changes in the amount of services listed in the IEP cannot be made without holding another IEP meeting. However, as long as there is no change in the overall amount, some adjustments in scheduling the services should be possible (based on the professional judgment of the service provider) without holding another IEP meeting.

Note: The parents should be notified whenever this occurs.

52. Must the IEP of a child with a disability indicate the extent that the child will be educated in the regular educational program?

Yes. Section 300.346(a)(3) provides that the IEP for each child with a disability must include a "statement of * * * the extent that the child will be able to participate in regular educational programs." One way of meeting this requirement is to indicate the percent of time the child will be spending in the regular education program with nondisabled students. Another way is to list the specific regular education classes the child will be attending.

Note: If a child with a severe disability, for example, is expected to be in a special classroom setting most of the time, it is recommended that, in meeting the above requirement, the IEP include any non-curricular activities in which the child will be participating with nondisabled students (e.g., lunch, assembly periods, club activities, and other special events).

53. Can the anticipated duration of services be for more than twelve months?

In general, the anticipated duration of services would be up to twelve months. There is a direct relationship between the anticipated duration of services and the other parts of the IEP (e.g., annual goals and short term instructional objectives), and each part of the IEP would be addressed whenever there is a review of the child's program. If it is anticipated that the child will need a particular service for more than one year, the duration of that service could be projected beyond that time in the IEP. However, the duration of each service must be reconsidered whenever the IEP is reviewed.

54. Must the evaluation procedures and schedules be included as a separate item in the IEP?

No. The evaluation procedures and schedules need not be included as a separate item
in the IEP, but they must be presented in a recognizable form and be clearly linked to the short term instructional objectives.

NOTE: In many instances, these components are incorporated directly into the objectives.

Other Questions About the Content of an IEP
55. Is it permissible for an agency to have the IEP completed when the IEP meeting begins?

No. It is not permissible for an agency to present a completed IEP to parents for their approval before there has been a full discussion with the parents of (1) the child's need for special education and related services, and (2) what services the agency will provide to the child. Section 602(a)(20) of the Act defines the IEP as a written statement developed in any meeting with the agency representative, the teacher, the parent, and, if appropriate, the child.

It would be appropriate for agency staff to come prepared with evaluation findings, statements of present levels of educational performance, and a recommendation regarding annual goals, short term instructional objectives, and the kind of special education and related services to be provided. However, the agency must make it clear to the parents at the outset of the meeting that the services proposed by the agency are only recommendations for review and discussion with the parents. The legislative history of Public Law 94-142 makes it clear that parents must be given the opportunity to be active participants in all major decisions affecting the education of their children with disabilities. (See, e.g., S. Rep. No. 168, 94th Cong. 1st Sess. 13 (1975); S. Rep. No. 455 (Conference Report), 94th Cong. 1st Sess. 47-50 (1975)).

56. Is there a prescribed format or length for an IEP?

No. The format and length of an IEP are matters left to the discretion of State and local agencies. The IEP should be as long as necessary to adequately describe a child's program. However, as indicated in Question 41 above, the IEP is not intended to be a detailed instructional plan. The Federal IEP requirements can usually be met in a one to three page form.

57. Is it permissible to consolidate the IEP with an individualized service plan developed under another Federal program?

Yes. In instances where a child with a disability must have both an IEP and an individualized service plan under another Federal program, it may be possible to develop a single, consolidated document only if: (1) It contains all of the information required in an IEP, and (2) all of the necessary parties participate in its development.

Examples of individualized service plans that might be consolidated with the IEP are:

(1) The Individualized Care Plan (title XIX of the Social Security Act (Medicaid)), (2) the Individualized Program Plan (title XX of the Social Security Act (Social Services)), (3) the Individualized Service Plan (title XVI of the Social Security Act (Supplemental Security Income)), and (4) the Individualized Written Rehabilitation Plan (Rehabilitation Act of 1973).

58. What provisions on confidentiality of information apply to IEPs?

IEPs are subject to the confidentiality provisions of both (1) part B (section 617(c) of the Act; §§ 300.560-300.576 of the regulations), and (2) the Family Educational Rights and Privacy Act ("FERPA", 20 U.S.C. 1232g) and implementing regulations in 34 CFR part 99. An IEP is an education record as that term is used in the FERPA and implementing regulations (34 CFR § 99.3) and is, therefore, subject to the same protections as other education records relating to the student.

NOTE: Under §99.31(a) of the FERPA regulations, an educational agency may disclose personally identifiable information from the education records of a student without the written consent of the parents if "(1) The disclosure is to other school officials, including teachers, within the agency or institution whom the agency or institution has determined to have legitimate educational interests * * * in that information.

§ 300.348 Private school placements by public agencies.

(a) Developing individualized education programs. (1) Before a public agency places a child with a disability in, or refers a child to, a private school or facility, the agency shall initiate and conduct a meeting to develop an IEP for the child in accordance with §300.343.

(2) The agency shall ensure that a representative of the private school or facility attends the meeting. If the representative cannot attend, the agency shall use other methods to ensure participation by the private school or facility, including individual or conference telephone calls.

(3) [Reserved]

(b) Reviewing and revising individualized education programs. (1) After a child with a disability enters a private school or facility, any meetings to review and revise the child's IEP may be initiated and conducted by the private school or facility at the discretion of the public agency.

(2) If the private school or facility initiates and conducts these meetings, the public agency shall ensure that the parents and an agency representative: (i) Are involved in any decision about the child's IEP; and (ii) Agree to any proposed changes in the program before those changes are implemented.
Responsibility. Even if a private school or facility implements a child's IEP, responsibility for compliance with this part remains with the public agency and the SEA. (Authority: 20 U.S.C. 1413(a)(4)(B))

59. If placement decisions are made at the time the IEP is developed, how can a private school representative attend the meeting?

Generally, a child who requires placement in either a public or private residential school has already been receiving special education, and the parents and school personnel have often jointly been involved over a prolonged period of time in attempting to find the most appropriate placement for the child. At some point in this process (e.g., at a meeting where the child's current IEP is being reviewed), the possibility of residential school placement might be proposed—by either the parents or school personnel. If both agree, then the matter would be explored with the residential school. A subsequent meeting would then be conducted to finalize the IEP. At this meeting, the public agency must ensure that a representative of the residential school either (1) attends the meeting, or (2) participates through individual or conference telephone calls, or by other means.

§ 300.349 Children with disabilities in parochial or other private schools.

If a child with a disability is enrolled in a parochial or other private school and receives special education or related services from a public agency, the public agency shall—

(a) Initiate and conduct meetings to develop, review, and revise an IEP for the child, in accordance with §300.343 and

(b) Ensure that a representative of the parochial or other private school attends each meeting. If the representative cannot attend, the agency shall use other methods to ensure participation by the private school, including individual or conference telephone calls.

(Authority: 20 U.S.C. 1413(a)(4)(A))

§ 300.350 Individualized education program—accountability.

Each public agency must provide special education and related services to a child with a disability in accordance with an IEP. However, part B of the Act does not require that any agency, teacher, or other person be held accountable if a child does not achieve the growth projected in the annual goals and objectives.

(Authority: 20 U.S.C. 1412(2)(B); 1414(a)(5); Cong. Rec. at H7152 (daily ed., July 21, 1975))

NOTE: This section is intended to relieve concerns that the IEP constitutes a guarantee by the public agency and the teacher that a child will progress at a specified rate. However, this section does not relieve agencies and teachers from making good faith efforts to assist the child in achieving the goals and objectives listed in the IEP. Further, the section does not limit a parent's right to complain and ask for revisions of the child's program, or to invoke due process procedures, if the parent feels that these efforts are not being made.

60. Is the IEP a performance contract?

No. Section 300.350 makes it clear that the IEP is not a performance contract that imposes liability on a teacher or public agency if a child with a disability does not meet the IEP objectives. While the agency must provide special education and related services in accordance with the IEP of each child with a disability, the Act does not require that the agency, the teacher, or other persons be held accountable if the child does not achieve the growth projected in the written statement.

2. An amount that bears the same relation to any remaining funds as the increase the State received for the preceding fiscal year over fiscal year 1997 bears to the total of those increases for all States.

(b)(1) If the amount available for allocations is equal to the amount allocated to the States for fiscal year 1997, each State is allocated the amount it received for that year.

(2) If the amount available is less than the amount allocated to States for fiscal year 1997, the Secretary allocates amounts equal to the allocations for fiscal year 1997, ratably reduced.

1. The percentage increase, if any, from the preceding fiscal year in the State's allocation under section 619 of the Act; or

2. The rate of inflation, as measured by the percentage increase, if any, from the preceding fiscal year in the Consumer Price Index For All Urban Consumers, published by the Bureau of Labor Statistics of the Department of Labor.

§ 301.25 Use of funds for State administration.

(a) For the purpose of administering section 619 of the Act (including the coordination of activities under Part B of the Act with, and providing technical assistance to, other programs that provide services to children with disabilities), each State may use not more than twenty percent of the maximum amount it may retain under §301.24 for any fiscal year.

Each State shall use any funds it retains under §301.24 and does not use for administration under §301.25 for any of the following:

(a) Support services (including establishing and implementing the mediation process required by section 615(e) of the Act), which may benefit children with disabilities younger than 3 or older than 5 as long as those services also benefit children with disabilities aged 3 through 5.

(b) Direct services for children eligible for services under section 619 of the Act.

(c) Developing a State improvement plan under subpart 1 of part D of the Act.

(d) Activities at the State and local levels to meet the performance goals established by the State under section 612(a)(16) of the Act and to support implementation of the State improvement plan under subpart 1 of part D of
§ 301.30 Subgrants to local educational agencies.

Each State that receives a grant under section 619 of the Act for any fiscal year shall distribute any funds it does not retain under §301.24 to local educational agencies in the State that have established their eligibility under section 613 of the Act.

(Authority: 20 U.S.C. 1419(g)(1))

§ 301.31 Allocations to local educational agencies.

(a) Base payments. The State shall first award each agency described in §301.30 the amount that agency would have received under section 619 of the Act for fiscal year 1997 if the State had distributed 75 percent of its grant for that year under section 619(c)(3), as then in effect.

(b) Base payment adjustments. For fiscal year 1998 and beyond—

(1) If a new LEA is created, the State shall divide the base allocation determined under paragraph (a) of this section for the LEAs that would have been responsible for serving children with disabilities now being served by the new LEA, among the new LEA and affected LEAs based on the relative numbers of children with disabilities ages 3 through 5 currently provided special education by each of the LEAs;

(2) If one or more LEAs are combined into a single new LEA, the State shall combine the base allocations of the merged LEAs; and

(3) If for two or more LEAs, geographic boundaries or administrative responsibility for providing services to children with disabilities ages 3 through 5 changes, the base allocations of affected LEAs shall be redistributed among affected LEAs based on the relative numbers of children with disabilities ages 3 through 5 currently provided special education by each affected LEA.

(c) Allocation of remaining funds. After making allocations under paragraph (a) of this section, the State shall—

(1) Allocate 85 percent of any remaining funds to those agencies on the basis of the relative numbers of children enrolled in public and private elementary and secondary schools within the agency's jurisdiction; and

(2) Allocate 15 percent of those remaining funds to those agencies in accordance with their relative numbers of children living in poverty, as determined by the SEA.

(3) For the purpose of making grants under this section, States must apply on a uniform basis across all LEAs the best data that are available to them on the numbers of children enrolled in public and private elementary and secondary schools and the numbers of children living in poverty.

(Authority: 20 U.S.C. 1419(g)(1))

§ 301.32 Reallocation of local education agency funds.

(a) If a SEA determines that an LEA is adequately providing a free appropriate public education to all children with disabilities aged 3 through 5 residing in the area served by that agency with State and local funds, the SEA may reallocate any portion of the funds under section 619 of the Act that are not needed by that local agency to provide a free appropriate public education to other local educational agencies in the State that are not adequately providing special education and related services to all children with disabilities aged 3 through 5 residing in the areas they serve.

(b) If a State provides services to preschool children with disabilities because some or all LEAs and ESAs are unable or unwilling to provide appropriate programs, the SEA may use payments that would have been available to those LEAs or ESAs to provide special education and related services to children with disabilities aged 3 through 5 years, and to two-year-old...
children with disabilities receiving services consistent with § 301.1 who are residing in the area served by those LEAs and ESAs.

[58 FR 40959, July 30, 1993, as amended at 63 FR 18294, Apr., 14, 1998]
§ 303.13 Health services.

(a) As used in this part, health services means services necessary to enable a child to benefit from the other early intervention services under this part during the time that the child is receiving the other early intervention services.

(b) The term includes—

(1) Such services as clean intermittent catheterization, tracheostomy care, tube feeding, the changing of dressings or colostomy collection bags, and other health services; and

(2) Consultation by physicians with other service providers concerning the special health care needs of eligible children that will need to be addressed in the course of providing other early intervention services.

(c) The term does not include the following:

(1) Services that are—

(i) Surgical in nature (such as cleft palate surgery, surgery for club foot, or the shunting of hydrocephalus); or

(ii) Purely medical in nature (such as hospitalization for management of congenital heart ailments, or the prescribing of medicine or drugs for any purpose).

(2) Devices necessary to control or treat a medical condition.

(3) Medical-health services (such as immunizations and regular "well-baby" care) that are routinely recommended for all children.

(Authority: 20 U.S.C. 1432(4))

NOTE: The definition in this section distinguishes between the health services that are required under this part and the medical-health services that are not required. The IFSP requirements in subpart D of this part provide that, to the extent appropriate, these other medical-health services are to be included in the IFSP, along with the funding sources to be used in paying for the services or the steps that will be taken to secure the services through public or private sources. Identifying these services in the IFSP does not impose an obligation to provide the services if they are otherwise not required to be provided under this part. (See §303.344(e) and the note 3 following that section.)

§ 303.14 IFSP.

As used in this part, IFSP means the individualized family service plan, as that term is defined in §303.340(b).

(Authority: 20 U.S.C. 1436)

§ 303.15 Include; including.

As used in this part, include or including means that the items named are not all of the possible items that are covered whether like or unlike the ones named.

(Authority: 20 U.S.C. 1431-1445)

§ 303.16 Infants and toddlers with disabilities.

(a) As used in this part, infants and toddlers with disabilities means individuals from birth through age two who need early intervention services because they—

(1) Are experiencing developmental delays, as measured by appropriate diagnostic instruments and procedures, in one or more of the following areas:

(i) Cognitive development.

(ii) Physical development, including vision and hearing.

(iii) Communication development.

(iv) Social or emotional development.

(v) Adaptive development; or

(2) Have a diagnosed physical or mental condition that has a high probability of resulting in developmental delay.

(b) The term may also include, at a State's discretion, children from birth through age two who are at risk of having substantial developmental delays if early intervention services are not provided.

(Authority: 20 U.S.C. 1432(5))

NOTE 1: The phrase "a diagnosed physical or mental condition that has a high probability of resulting in developmental delay," as used in paragraph (a)(2) of this section, applies to a condition if it typically results in developmental delay. Examples of these conditions include chromosomal abnormalities; genetic or congenital disorders; severe sensory impairments, including hearing and vision; inborn errors of metabolism; disorders reflecting disturbance of the development of the nervous system; congenital infections; disorders secondary to exposure to
toxic substances, including fetal alcohol syndrome; and severe attachment disorders.

NOTE 2: With respect to paragraph (b) of this section, children who are at risk may be eligible under this part if a State elects to extend services to that population, even though they have not been identified as disabled.

Under this provision, States have the authority to define who would be "at risk of having substantial developmental delays if early intervention services are not provided." In defining the "at risk" population, States may include well-known biological and environmental factors that can be identified and that place infants and toddlers "at risk" for developmental delay. Commonly cited factors include low birth weight, respiratory distress as a newborn, lack of oxygen, brain hemorrhage, infection, nutritional deprivation, and a history of abuse or neglect. It should be noted that "at risk" factors do not predict the presence of a barrier to development, but they may indicate children who are at higher risk of developmental delay than children without these problems.

§ 303.17 Multidisciplinary.
As used in this part, multidisciplinary means the involvement of two or more disciplines or professions in the provision of integrated and coordinated services, including evaluation and assessment activities in § 303.322 and development of the IFSP in § 303.342.

(Authority: 20 U.S.C. 1435(a)(3), 1436(a))

§ 303.18 Natural environments.
As used in this part, natural environments means settings that are natural or normal for the child's age peers who have no disabilities.

(Authority: 20 U.S.C. 1435 and 1436)

[63 FR 18294, Apr. 14, 1998]

§ 303.19 Parent.
As used in this part, parent means a parent, a guardian, a person acting as a parent of a child, or a surrogate parent who has been appointed in accordance with § 303.406. The term does not include the State if the child is a ward of the State.

(Authority: 20 U.S.C. 1436)

NOTE: The term parent has been defined to include persons acting in the place of a parent, such as a grandparent or stepparent with whom a child lives, as well as persons who are legally responsible for the child’s welfare. The definition in this section is identical to the definition used in the regulations under part B of the Act (34 CFR 300.13).

§ 303.20 Policies.
(a) As used in this part, policies means State statutes, regulations, Governor's orders, directives by the lead agency, or other written documents that represent the State’s position concerning any matter covered under this part.

(b) State policies include—
(1) A State's commitment to maintain the statewide system (see § 303.140);
(2) A State's eligibility criteria and procedures (see § 303.300);
(3) A statement that, consistent with § 303.520(b), provides that services under this part will be provided at no cost to parents, except where a system of payments is provided for under Federal or State law.
(4) A State's standards for personnel who provide services to children eligible under this part (see § 303.361);
(5) A State's position and procedures related to contracting or making other arrangements with service providers under subpart F of this part; and
(6) Other positions that the State has adopted related to implementing any of the other requirements under this part.

[58 FR 40959, July 30, 1993. Redesignated and amended at 63 FR 18294, Apr. 14, 1998]

§ 303.21 Public agency.
As used in this part, public agency includes the lead agency and any other political subdivision of the State that is responsible for providing early intervention services to children eligible under this part and their families.

[58 FR 40959, July 30, 1993. Redesignated at 63 FR 18294, Apr. 14, 1998]

§ 303.22 Qualified.
As used in this part, qualified means that a person has met State approved or recognized certification, licensing,
§ 303.23 Service coordination (case management).

(a) General. (1) As used in this part, except in § 303.12(d)(11), service coordination means the activities carried out by a service coordinator to assist and enable a child eligible under this part and the child's family to receive the rights, procedural safeguards, and services that are authorized to be provided under the State's early intervention program.

(2) Each child eligible under this part and the child's family must be provided with one service coordinator who is responsible for—

(i) Coordinating all services across agency lines; and

(ii) Serving as the single point of contact in helping parents to obtain the services and assistance they need.

(3) Service coordination is an active, ongoing process that involves—

(i) Assisting parents of eligible children in gaining access to the early intervention services and other services identified in the individualized family service plan;

(ii) Coordinating the provision of early intervention services and other services (such as medical services for other than diagnostic and evaluation purposes) that the child needs or is being provided;

(iii) Facilitating the timely delivery of available services; and

(iv) Continuously seeking the appropriate services and situations necessary to benefit the development of each child being served for the duration of the child's eligibility.

(b) Specific service coordination activities. Service coordination activities include—

(1) Coordinating the performance of evaluations and assessments;

(2) Facilitating and participating in the development, review, and evaluation of individualized family service plans;

(3) Assisting families in identifying available service providers;

(4) Coordinating and monitoring the delivery of available services;

(5) Informing families of the availability of advocacy services;

(6) Coordinating with medical and health providers; and

(7) Facilitating the development of a transition plan to preschool services, if appropriate.

(c) Employment and assignment of service coordinators. (1) Service coordinators may be employed or assigned in any way that is permitted under State law, so long as it is consistent with the requirements of this part.

(2) A State's policies and procedures for implementing the statewide system of early intervention services must be designed and implemented to ensure that service coordinators are able to effectively carry out on an interagency basis the functions and services listed under paragraphs (a) and (b) of this section.

(d) Qualifications of service coordinators. Service coordinators must be persons who, consistent with § 303.344(g), have demonstrated knowledge and understanding about—

(1) Infants and toddlers who are eligible under this part;

(2) Part C of the Act and the regulations in this part; and

(3) The nature and scope of services available under the State's early intervention program, the system of payments for services in the State, and other pertinent information.

(Authority: 20 U.S.C. 1432(4))
NOTE 1: If States have existing service coordination systems, the States may use or adapt those systems, so long as they are consistent with the requirements of this part.

NOTE 2: The legislative history of the 1991 amendments to the Act indicates that the use of the term “service coordination” was not intended to affect the authority to seek reimbursement for services provided under Medicaid or any other legislation that makes reference to “case management” services. See H.R. Rep. No. 198, 102d Cong., 1st Sess. 12 (1991); S. Rep. No. 84, 102d Cong., 1st Sess. 20 (1991).

Except as provided in § 303.200(b)(3), State means each of the 50 States, the Commonwealth of Puerto Rico, the District of Columbia, and the jurisdictions of Guam, American Samoa, the Virgin Islands, the Commonwealth of the Northern Mariana Islands.

The statement must provide for—

(a) Making reports in such form and containing such information as the Secretary may require; and

§ 303.122 Control of funds and property.

§ 303.123 Prohibition against commingling.

The statement must include an assurance satisfactory to the Secretary that funds made available under this part will not be commingled with State funds.

(Approved by the Office of Management and Budget under control number 1820-0550)

(Authority: 20 U.S.C. 1437(b)(5)(A))

NOTE: As used in this part, commingle means depositing or recording funds in a general account without the ability to identify each specific source of funds for any expenditure. Under that general definition, it is clear that commingling is prohibited. However, to the extent that the funds from each of a series of Federal, State, local, and private funding sources can be identified— with a clear audit trail for each source—it is appropriate for those funds to be consolidated for carrying out a common purpose. In fact, a State may find it essential to set out a funding plan that incorporates, and accounts for, all sources of funds that can be targeted on a given activity or function related to the State's early intervention program.

Thus, the assurance in this section is satisfied by the use of an accounting system that includes an "audit trail" of the expenditure of funds awarded under this part. Separate bank accounts are not required.

§ 303.124 Prohibition against supplanting.

(a) The statement must include an assurance satisfactory to the Secretary that Federal funds made available under this part will be used to supplement the level of State and local funds expended for children eligible under this part and their families and in no case to supplant those State and local funds.

(b) To meet the requirement in paragraph (a) of this section, the total amount of State and local funds budgeted for expenditures in the current fiscal year for early intervention services for children eligible under this part and their families must be at least equal to the total amount of State and local funds actually expended for early intervention services for these children and their families in the most recent preceding fiscal year for which the information is available. Allowance may be made for—

(1) Decreases in the number of children who are eligible to receive early intervention services under this part; and

(2) Unusually large amounts of funds expended for such long-term purposes as the acquisition of equipment and the construction of facilities.

(Approved by the Office of Management and Budget under control number 1820-0550)

§ 303.125 Fiscal control.

(a) The statewide system of early intervention services required in this part is in effect; and

GENERAL

§ 303.300 State eligibility criteria and procedures.

Each statewide system of early intervention services must include the eligibility criteria and procedures, consistent with § 303.16, that will be used by the State in carrying out programs under this part.

(a) The State shall define developmental delay by—

(2) Stating the levels of functioning or other criteria that constitute a developmental delay in each of those areas.

(b) The State shall describe the criteria and procedures, including the use of informed clinical opinion, that will
be used to determine the existence of a condition that has a high probability of resulting in developmental delay under §303.16(a)(2).

(c) If the State elects to include in its system children who are at risk under §303.16(b), the State shall describe the criteria and procedures, including the use of informed clinical opinion, that will be used to identify those children.

(Authority: 20 U.S.C. 1435(a)(3); 1436 (a)(1), (d)(2), and (d)(3))

NOTE: In instances where an eligible child must have both an IFSP and an individualized service plan under another Federal program, it may be possible to develop a single consolidated document, provided that it (1) contains all of the required information in § 303.344, and (2) is developed in accordance with the requirements of this part.

§ 303.342 Procedures for IFSP development, review, and evaluation.

(a) Meeting to develop initial IFSP—timelines. For a child who has been evaluated for the first time and determined to be eligible, a meeting to develop the initial IFSP must be conducted within the 45-day time period in § 303.321(e).

(b) Periodic review. (1) A review of the IFSP for a child and the child’s family must be conducted every six months,
or more frequently if conditions warrant, or if the family requests such a review. The purpose of the periodic review is to determine—

(i) The degree to which progress toward achieving the outcomes is being made; and

(ii) Whether modification or revision of the outcomes or services is necessary.

(2) The review may be carried out by a meeting or by another means that is acceptable to the parents and other participants.

(c) Annual meeting to evaluate the IFSP. A meeting must be conducted on at least an annual basis to evaluate the IFSP for a child and the child’s family, and, as appropriate, to revise its provisions. The results of any current evaluations conducted under §303.322(c), and other information available from the ongoing assessment of the child and family, must be used in determining what services are needed and will be provided.

(d) Accessibility and convenience of meetings. (1) IFSP meetings must be conducted—

(i) In settings and at times that are convenient to families; and

(ii) In the native language of the family or other mode of communication used by the family, unless it is clearly not feasible to do so.

(2) Meeting arrangements must be made with, and written notice provided to, the family and other participants early enough before the meeting date to ensure that they will be able to attend.

(e) Parental consent. The contents of the IFSP must be fully explained to the parents and informed written consent from the parents must be obtained prior to the provision of early intervention services described in the plan. If the parents do not provide consent with respect to a particular early intervention service or withdraw consent after first providing it, that service may not be provided. The early intervention services to which parental consent is obtained must be provided.

(Approved by the Office of Management and Budget under control number 1820-0550)

(Authority: 20 U.S.C. 1436)

NOTE: The requirement for the annual evaluation incorporates the periodic review process. Therefore, it is necessary to have only one separate periodic review each year (i.e., six months after the initial and subsequent annual IFSP meetings), unless conditions warrant otherwise.

Because the needs of infants and toddlers change so rapidly during the course of a year, certain evaluation procedures may need to be repeated before conducting the periodic reviews and annual evaluation meetings in paragraphs (b) and (c) of this section.
§ 303.344 Content of an IFSP.

(a) Information about the child’s status. 
(1) The IFSP must include a statement of the child’s present levels of physical development (including vision, hearing, and health status), cognitive development, communication development, social or emotional development, and adaptive development. 
(2) The statement in paragraph (a)(1) of this section must be based on professionally acceptable objective criteria.

(b) Family information. With the concurrence of the family, the IFSP must include a statement of the family’s resources, priorities, and concerns related to enhancing the development of the child.

(c) Outcomes. The IFSP must include a statement of the major outcomes expected to be achieved for the child and family, and the criteria, procedures, and timeliness used to determine— 
(1) The degree to which progress toward achieving the outcomes is being made; and 
(2) Whether modifications or revisions of the outcomes or services are necessary.

(d) Early intervention services. (1) The IFSP must include a statement of the specific early intervention services necessary to meet the unique needs of the child and the family to achieve the outcomes identified in paragraph (c) of this section, including—

(i) The frequency, intensity, and method of delivering the services; 
(ii) The natural environments, as described in §303.12(b), §303.18 in which early intervention services will be provided, and a justification of the extent, if any, to which the services will not be provided in a natural environment; 
(iii) The location of the services; and 
(iv) The payment arrangements, if any.

(2) As used in paragraph (d)(1)(i) of this section—

(i) Frequency and intensity mean the number of days or sessions that a service will be provided, the length of time the service is provided during each session, and whether the service is provided on an individual or group basis; and 
(ii) Method means how a service is provided.

(3) As used in paragraph (d)(1)(iii) of this section, location means the actual place or places where a service will be provided.

(e) Other services. (1) To the extent appropriate, the IFSP must include—

(i) Medical and other services that the child needs, but that are not required under this part; and 
(ii) The funding sources to be used in paying for those services or the steps that will be taken to secure those services through public or private sources.

(2) The requirement in paragraph (e)(1) of this section does not apply to routine medical services (e.g., immunizations and “well-baby” care), unless a child needs those services and the services are not otherwise available or being provided.

(f) Dates; duration of services. The IFSP must include— 
(1) The projected dates for initiation of the services in paragraph (d)(1) of this section as soon as possible after the IFSP meetings described in §303.342; and 
(2) The anticipated duration of those services.

(g) Service coordinator. (1) The IFSP must include the name of the service coordinator from the profession most immediately relevant to the child’s or family’s needs (or who is otherwise qualified to carry out all applicable responsibilities under this part), who will be responsible for the implementation of the IFSP and coordination with other agencies and persons.

(2) In meeting the requirements in paragraph (g)(1) of this section, the public agency may—

(i) Assign the same service coordinator who was appointed at the time that the child was initially referred for evaluation to be responsible for implementing a child’s and family’s IFSP; or 
(ii) Appoint a new service coordinator.

(3) As used in paragraph (g)(1) of this section, the term profession includes “service coordination.”
(h) Transition from part C services. (1) The IFSP must include the steps to be taken to support the transition of the child to—
   (i) Preschool services under part B of the Act, in accordance with §303.148, to the extent that those services are considered appropriate; or
   (ii) Other services that may be available, if appropriate.
   (2) The steps required in paragraph (h)(1) of this section include—
   (i) Discussions with, and training of, parents regarding future placements and other matters related to the child's transition;
   (ii) Procedures to prepare the child for changes in service delivery, including steps to help the child adjust to, and function in, a new setting; and
   (iii) With parental consent, the transmission of information about the child to the local educational agency, to ensure continuity of services, including evaluation and assessment information required in §303.322, and copies of IFSPs that have been developed and implemented in accordance with §§303.340 through 303.346.

(Approved by the Office of Management and Budget under control number 1820±0550)

(Authority: 20 U.S.C. 1496(d))

NOTE 1: With respect to the requirements in paragraph (d) of this section, the appropriate location of services for some infants and toddlers might be a hospital setting—during the period in which they require extensive medical intervention. However, for these and other eligible children, early intervention services must be provided in natural environments (e.g., the home, child care centers, or other community settings) to the maximum extent appropriate to the needs of the child.

NOTE 2: Throughout the process of developing and implementing IFSPs for an eligible child and the child's family, it is important for agencies to recognize the variety of roles that family members play in enhancing the child's development. It also is important that the degree to which the needs of the family are addressed in the IFSP process is determined in a collaborative manner with the full agreement and participation of the parents of the child. Parents retain the ultimate decision in determining whether they, their child, or other family members will accept or decline services under this part.

NOTE 3: The early intervention services in paragraph (d) of this section are those services that a State is required to provide to a child in accordance with §303.12.

The "other services" in paragraph (e) of this section are services that a child or family needs, but that are neither required nor covered under this part. While listing the non-required services in the IFSP does not mean that those services must be provided, their identification can be helpful both to the child's family and the service coordinator, for the following reasons: First, the IFSP would provide a comprehensive picture of the child's total service needs (including the need for medical and health services, as well as early intervention services). Second, it is appropriate for the service coordinator to assist the family in securing the non-required services (e.g., by (1) determining if there is a public agency that could provide financial assistance, if needed, (2) assisting in the preparation of eligibility claims or insurance claims, if needed, and (3) assisting the family in seeking out and arranging for the child to receive the needed medical-health services).

Thus, to the extent appropriate, it is important for a State's procedures under this part to provide for ensuring that other needs of the child, and of the family related to enhancing the development of the child, such as medical and health needs, are considered and addressed, including determining (1) who will provide each service, and when, where, and how it will be provided, and (2) how the service will be paid for (e.g., through private insurance, an existing Federal-State funding source, such as Medicaid or EPSDT, or some other funding arrangement).

NOTE 4: Although the IFSP must include information about each of the items in paragraph (b) through (h) of this section, this does not mean that the IFSP must be a detailed, lengthy document. It might be a brief outline, with appropriate attachments that address each of the points in the paragraphs under this section. It is important for the IFSP itself to be clear about (a) what services are to be provided, (b) the actions that are to be taken by the service coordinator in initiating those services, and (c) what actions will be taken by the parents.

[58 FR 40959, July 30, 1993, as amended at 63 FR 18255, Apr. 14, 1998]
evaluation and assessment in § 303.322, if the following conditions are met:
(a) Parental consent is obtained.
(b) An interim IFSP is developed that includes—
   (1) The name of the service coordinator who will be responsible, consistent with § 303.344(g), for implementation of the interim IFSP and coordination with other agencies and persons; and
   (2) The early intervention services that have been determined to be needed immediately by the child and the child’s family.
(c) The evaluation and assessment are completed within the time period required in § 303.322(e).
(Authority: 20 U.S.C. 1436(c))

NOTE: This section is intended to accomplish two specific purposes: (1) To facilitate the provision of services in the event that a child has obvious immediate needs that are identified, even at the time of referral (e.g., a physician recommends that a child with cerebral palsy begin receiving physical therapy as soon as possible), and (2) to ensure that the requirements for the timely evaluation and assessment are not circumvented.

§ 303.346 Responsibility and accountability.
Each agency or person who has a direct role in the provision of early intervention services is responsible for making a good faith effort to assist each eligible child in achieving the outcomes in the child’s IFSP. However, part C of the Act does not require that any agency or person be held accountable if an eligible child does not achieve the growth projected in the child’s IFSP.

(Authority: 20 U.S.C. 1436)

PERSONNEL TRAINING AND STANDARDS

§ 303.360 Comprehensive system of personnel development.
(a) Each system must include a comprehensive system of personnel development.
(b) The personnel development system under this part must—
   (1) Be consistent with the comprehensive system of personnel development required under part B of the Act (34 CFR 300.380 through 300.387);
   (2) Provide for preservice and inservice training to be conducted on an interdisciplinary basis, to the extent appropriate;
   (3) Provide for the training of a variety of personnel needed to meet the requirements of this part, including public and private providers, primary referral sources, paraprofessionals, and persons who will serve as service coordinators; and
   (4) Ensure that the training provided relates specifically to—
      (i) Understanding the basic components of early intervention services available in the State;
      (ii) Meeting the interrelated social or emotional, health, developmental, and educational needs of eligible children under this part; and
      (iii) Assisting families in enhancing the development of their children, and in participating fully in the development and implementation of IFSPs.
(c) A personnel development system under this part may include—
   (1) Implementing innovative strategies and activities for the recruitment and retention of early intervention service providers;
   (2) Promoting the preparation of early intervention providers who are fully and appropriately qualified to provide early intervention services under this part;
   (3) Training personnel to work in rural and inner-city areas; and
   (4) Training personnel to coordinate transition services for infants and toddlers with disabilities from an early intervention program under this part to a preschool program under part B of the Act or to other preschool or other appropriate services.

[58 FR 40959, July 30, 1993, as amended at 63 FR 18295, Apr. 14, 1998]

§ 303.361 Personnel standards.
(a) As used in this part—
   (1) Appropriate professional requirements in the State means entry level requirements that—
§ 303.361

(i) Are based on the highest requirements in the State applicable to the profession or discipline in which a person is providing early intervention services; and

(ii) Establish suitable qualifications for personnel providing early intervention services under this part to eligible children and their families who are served by State, local, and private agencies.

(2) Highest requirements in the State applicable to a specific profession or discipline means the highest entry-level academic degree needed for any State approved or recognized certification, licensing, registration, or other comparable requirements that apply to that profession or discipline.

(3) Profession or discipline means a specific occupational category that—

(i) Provides early intervention services to children eligible under this part and their families;

(ii) Has been established or designated by the State; and

(iii) Has a required scope of responsibility and degree of supervision.

(4) State approved or recognized certification, licensing, registration, or other comparable requirements means the requirements that a State legislature either has enacted or has authorized a State agency to promulgate through rules to establish the entry-level standards for employment in a specific profession or discipline in that State.

(b)(1) Each statewide system must have policies and procedures relating to the establishment and maintenance of standards to ensure that personnel necessary to carry out the purposes of this part are appropriately and adequately prepared and trained.

(b)(2) The policies and procedures required in paragraph (b)(1) of this section must provide for the establishment and maintenance of standards that are consistent with any State-approved or State-recognized certification, licensing, registration, or other comparable requirements that apply to the profession or discipline in which a person is providing early intervention services.

(c) To the extent that a State's standards for a profession or discipline, including standards for temporary or emergency certification, are not based on the highest requirements in the State applicable to a specific profession or discipline, the State's application for assistance under this part must include the steps the State is taking, the procedures for notifying public agencies and personnel of those steps, and the timelines it has established for the retraining or hiring of personnel that meet appropriate professional requirements in the State.

(d)(1) In meeting the requirements in paragraphs (b) and (c) of this section, a determination must be made about the status of personnel standards in the State. That determination must be based on current information that accurately describes, for each profession or discipline in which personnel are providing early intervention services, whether the applicable standards are consistent with the highest requirements in the State for that profession or discipline.

(d)(2) The information required in paragraph (d)(1) of this section must be on file in the lead agency, and available to the public.

(e) In identifying the “highest requirements in the State” for purposes of this section, the requirements of all State statutes and the rules of all State agencies applicable to serving children eligible under this part and their families must be considered.

(f) A State may allow paraprofessionals and assistants who are appropriately trained and supervised, in accordance with State law, regulations, or written policy, to assist in the provision of early intervention services to eligible children under this part.

(g) In implementing this section, a State may adopt a policy that includes making ongoing good-faith efforts to recruit and hire appropriately and adequately trained personnel to provide early intervention services to eligible children, including, in a geographic area of the State where there is a shortage of personnel that meet these qualifications, the most qualified individuals available who are making satisfactory progress toward completing applicable course work necessary to
meet the standards described in paragraph (b)(2) of this section, consistent with State law, within 3 years.

(Approved by the Office of Management and Budget under control number 1820-0550)

(Authority: 20 U.S.C. 1435(a)(9))

NOTE: This section requires that a State use its own existing highest requirements to determine the standards appropriate to personnel who provide early intervention services under this part. The regulations do not require States to set any specified training standard, such as a master's degree, for employment of personnel who provide services under this part.

The regulations permit each State to determine the specific occupational categories required to provide early intervention services to children eligible under this part and their families, and to revise or expand these categories as needed. The professions or disciplines need not be limited to traditional occupational categories.

(Authority: 20 U.S.C. 1439)

§ 303.402 Opportunity to examine records.

In accordance with the confidentiality procedures in the regulations under part B of the Act (34 CFR 300.560 through 300.576), the parents of a child eligible under this part must be afforded the opportunity to inspect and review records relating to evaluations and assessments, eligibility determinations, development and implementation of IFSPs, individual complaints dealing with the child, and any other area under this part involving records about the child and the child's family.

(Authority: 20 U.S.C. 1439(a)(4))

§ 303.403 Prior notice; native language.

(a) General. Written prior notice must be given to the parents of a child eligible under this part a reasonable time before a public agency or service provider proposes, or refuses, to initiate or change the identification, evaluation, or placement of the child, or the provision of appropriate early intervention services to the child and the child's family.

(b) Content of notice. The notice must be in sufficient detail to inform the parents about—
§ 303.404 Parent consent.

(a) Written parental consent must be obtained before—

(1) Conducting the initial evaluation and assessment of a child under §303.322; and
(2) Initiating the provision of early intervention services (see §303.342(e)).

(b) If consent is not given, the public agency shall make reasonable efforts to ensure that the parent—

(1) Is fully aware of the nature of the evaluation and assessment or the services that would be available; and
(2) Understands that the child will not be able to receive the evaluation and assessment or services unless consent is given.

(Authority: 20 U.S.C. 1480(6) and (7))

§ 303.405 Parent right to decline service.

The parents of a child eligible under this part may determine whether they, their child, or other family members will accept or decline any early intervention service under this part in accordance with State law, and may decline such a service after first accepting it, without jeopardizing other early intervention services under this part.

(Authority: 20 U.S.C. 1439(a)(3))

§ 303.406 Surrogate parents.

(a) General. Each lead agency shall ensure that the rights of children eligible under this part are protected if—

(1) No parent (as defined in §303.18) can be identified;
(2) The public agency, after reasonable efforts, cannot discover the whereabouts of a parent; or
(3) The child is a ward of the State under the laws of that State.

(b) Duty of lead agency and other public agencies. The duty of the lead agency, or other public agency under paragraph (a) of this section, includes the assignment of an individual to act as a surrogate for the parent. This must include a method for—

(1) Determining whether a child needs a surrogate parent; and
(2) Assigning a surrogate parent to the child.

(c) Criteria for selecting surrogates. (1) The lead agency or other public agency may select a surrogate parent in any way permitted under State law.

(2) Public agencies shall ensure that a person selected as a surrogate parent—
(i) Has no interest that conflicts with the interests of the child he or she represents; and
(ii) Has knowledge and skills that ensure adequate representation of the child.
(d) Non-employee requirement; compensation. (1) A person assigned as a surrogate parent may not be—
(i) An employee of any State agency; or
(ii) A person or an employee of a person providing early intervention services to the child or to any family member of the child.
(2) A person who otherwise qualifies to be a surrogate parent under paragraph (d)(1) of this section is not an employee solely because he or she is paid by a public agency to serve as a surrogate parent.
(e) Responsibilities. A surrogate parent may represent a child in all matters related to—
(1) The evaluation and assessment of the child;
(2) Development and implementation of the child’s IFSPs, including annual evaluations and periodic reviews;
(3) The ongoing provision of early intervention services to the child; and
(4) Any other rights established under this part.

MEDIATION AND DUE PROCESS PROCEDURES FOR PARENTS AND CHILDREN

§ 303.419 Mediation.
(a) General. Each State shall ensure that procedures are established and implemented to allow parties to disputes involving any matter described in §303.403(a) to resolve the disputes through a mediation process which, at a minimum, must be available whenever a hearing is requested under §303.420. The lead agency may either use the mediation system established under Part B of the Act or establish its own system.
(b) Requirements. The procedures must meet the following requirements:
(1) The procedures must ensure that the mediation process—
(i) Is voluntary on the part of the parties;
(ii) Is not used to deny or delay a parent’s right to a due process hearing under §303.420, or to deny any other rights afforded under Part C of the Act; and
(iii) Is conducted by a qualified and impartial mediator who is trained in effective mediation techniques.
(2) The State shall maintain a list of individuals who are qualified mediators and knowledgeable in laws and regulations relating to the provision of special education and related services.
(3) The State shall bear the cost of the mediation process, including the costs of meetings described in paragraph (c) of this section.
(4) Each session in the mediation process must be scheduled in a timely manner and must be held in a location that is convenient to the parties to the dispute.
(5) An agreement reached by the parties to the dispute in the mediation process must be set forth in a written mediation agreement.
(6) Discussions that occur during the mediation process must be confidential and may not be used as evidence in any subsequent due process hearings or civil proceedings, and the parties to the mediation process may be required to sign a confidentiality pledge prior to the commencement of the process.
(c) Meeting to encourage mediation. A State may establish procedures to require parents who elect not to use the mediation process to meet, at a time and location convenient to the parents, with a disinterested party—
(1) Who is under contract with a parent training and information center or community parent resource center in the State established under sections 602 or 683 of the Act, or an appropriate alternative dispute resolution entity; and
(2) Who would explain the benefits of the mediation process and encourage the parents to use the process.
(Authority: 20 U.S.C. 1415(e) and 1439(a)(8))
[63 FR 18296, Apr. 14, 1998]

§ 303.420 Due process procedures.
Each system must include written procedures including procedures for mediation as described in §303.419, for the timely administrative resolution of
individual child complaints by parents concerning any of the matters in § 303.403(a). A State may meet this requirement by—

(a) Adopting the mediation and due process procedures in 34 CFR 300.506 through 300.512 and developing procedures that meet the requirements of § 303.425; or

(b) Developing procedures that—

(1) Meet the requirements in § 303.419 and §§303.421 through 303.425; and

(2) Provide parents a means of filing a complaint.

(Approved by the Office of Management and Budget under control number 1820-0550)

(Authority: 20 U.S.C. 1439(a)(1))

NOTE 1: Sections 303.420 through 303.425 are concerned with the adoption of impartial procedures for resolving individual child complaints (i.e., complaints that generally affect only a single child or the child's family). These procedures require the appointment of a decision-maker who is impartial, as defined in §303.421(b), to resolve a dispute concerning any of the matters in §303.403(a). The decision of the impartial decision-maker is binding unless it is reversed on appeal.

A different type of administrative procedure is included in §§303.510 through 303.512 of subpart F of this part. Under those procedures, the lead agency is responsible for (1) investigating any complaint that it receives (including individual child complaints and those that are systemic in nature), and (2) resolving the complaint if the agency determines that a violation has occurred.

NOTE 2: It is important that the administrative procedures developed by a State be designed to result in speedy resolution of complaints. An infant's or toddler's development is so rapid that undue delay could be potentially harmful.

§ 303.421 Appointment of an impartial person.

(a) Qualifications and duties. An impartial person must be appointed to implement the complaint resolution process in this subpart. The person must—

(1) Have knowledge about the provisions of this part and the needs of, and services available for, eligible children and their families; and

(2) Perform the following duties:

(i) Listen to the presentation of relevant viewpoints about the complaint, examine all information relevant to the issues, and seek to reach a timely resolution of the complaint.

(ii) Provide a record of the proceedings, including a written decision.

(b) Definition of impartial. (1) As used in this section, impartial means that the person appointed to implement the complaint resolution process—

(i) Is not an employee of any agency or other entity involved in the provision of early intervention services or care of the child; and

(ii) Does not have a personal or professional interest that would conflict with his or her objectivity in implementing the process.

(2) A person who otherwise qualifies under paragraph (b)(1) of this section is not an employee of an agency solely because the person is paid by the agency to implement the complaint resolution process.

(Approved by the Office of Management and Budget under control number 1820-0550)

(Authority: 20 U.S.C. 1439(a)(1))

§ 303.422 Parent rights in administrative proceedings.

(a) General. Each lead agency shall ensure that the parents of children eligible under this part are afforded the rights in paragraph (b) of this section in any administrative proceedings carried out under §303.420.

(b) Rights. Any parent involved in an administrative proceeding has the right to—

(1) Be accompanied and advised by counsel and by individuals with special knowledge or training with respect to early intervention services for children eligible under this part;

(2) Present evidence and confront, cross-examine, and compel the attendance of witnesses;

(3) Prohibit the introduction of any evidence at the proceeding that has not been disclosed to the parent at least five days before the proceeding;

(4) Obtain a written or electronic verbatim transcription of the proceeding; and
(5) Obtain written findings of fact and decisions.
(Approved by the Office of Management and Budget under control number 1820-0550)
(Authority: 20 U.S.C. 1439)

§ 303.423 Convenience of proceedings; timelines.
(a) Any proceeding for implementing the complaint resolution process in this subpart must be carried out at a time and place that is reasonably convenient to the parents.
(b) Each lead agency shall ensure that, not later than 30 days after the receipt of a parent’s complaint, the impartial proceeding required under this subpart is completed and a written decision mailed to each of the parties.
(Approved by the Office of Management and Budget under control number 1820-0550)
(Authority: 20 U.S.C. 1439(a)(1))

NOTE: Under part B of the Act, States are allowed 45 days to conduct an impartial due process hearing (i.e., within 45 days after the receipt of a request for a hearing, a decision is reached and a copy of the decision is mailed to each of the parties). See 34 CFR 300.512. Thus, if a State, in meeting the requirements of §303.420, elects to adopt the due process procedures under part B, that State would also have 45 days for hearings. However, any State in that situation is encouraged (but not required) to accelerate the timeline for the due process hearing for children who are eligible under this part—from 45 days to the 30-day timeline in this section. Because the needs of children in the birth-through-two-age range change so rapidly, quick resolution of complaints is important.

§ 303.424 Civil action.
Any party aggrieved by the findings and decision regarding an administrative complaint has the right to bring a civil action in State or Federal court under section 639(a)(1) of the Act.

§ 303.425 Status of a child during proceedings.
(a) During the pendency of any proceeding involving a complaint under this subpart, unless the public agency and parents of a child otherwise agree, the child must continue to receive the appropriate early intervention services currently being provided.
(b) If the complaint involves an application for initial services under this part, the child must receive those services that are not in dispute.
(Approved by the Office of Management and Budget under control number 1820-0550)
(Authority: 20 U.S.C. 1439(a)(1))

CONFIDENTIALITY

§ 303.460 Confidentiality of information.
(a) Each State shall adopt or develop policies and procedures that the State will follow in order to ensure the protection of any personally identifiable information collected, used, or maintained under this part, including the right of parents to written notice of and written consent to the exchange of this information among agencies consistent with Federal and State law.
(b) These policies and procedures must meet the requirements in 34 CFR 300.560 through 300.576, with the modifications specified in §303.5(b).
(Approved by the Office of Management and Budget under control number 1820-0550)
(Authority: 20 U.S.C. 1439(a)(2), 1442)

NOTE: With the modifications referred to in paragraph (b) of this section, the confidentiality requirements in the regulations implementing part B of the Act (34 CFR 300.560 through 300.576) are to be used by public agencies to meet the confidentiality requirements under part C of the Act and this section (§303.460).
The part B provisions incorporate by reference the regulations in 34 CFR part 99 (Family Educational Rights and Privacy); therefore, those regulations also apply to this part.

Subpart F—State Administration

GENERAL

§ 303.500 Lead agency establishment or designation.
Each system must include a single line of responsibility in a lead agency that—
§ 303.501

(a) Is established or designated by the Governor; and
(b) Is responsible for the administration of the system, in accordance with the requirements of this part.

(Approved by the Office of Management and Budget under control number 1820-0550)

(Authority: 20 U.S.C. 1435(a)(10))

§ 303.501 Supervision and monitoring of programs.

(a) General. Each lead agency is responsible for—
(1) The general administration and supervision of programs and activities receiving assistance under this part; and
(2) The monitoring of programs and activities used by the State to carry out this part, whether or not these programs or activities are receiving assistance under this part, to ensure that the State complies with this part.

(b) Methods of administering programs. In meeting the requirement in paragraph (a) of this section, the lead agency shall adopt and use proper methods of administering each program, including—

(3) Providing technical assistance, if necessary, to those agencies, institutions, and organizations; and
(4) Correcting deficiencies that are identified through monitoring.

(Approved by the Office of Management and Budget under control number 1820-0550)

(Authority: 20 U.S.C. 1476(b)(9))

§ 303.510 Adopting complaint procedures.

Each lead agency shall adopt written procedures for—
(a) Resolving any complaint that any public agency is violating a requirement of part C of the Act or this part by
(1) Providing for the filing of a complaint with the lead agency; and
(2) At the lead agency’s discretion, providing for the filing of a complaint with a public agency and the right to have the lead agency review the public agency’s decision on the complaint; and
(b) Informing parents and other interested individuals about the procedures in §§ 303.510 through 303.512.

(Approved by the Office of Management and Budget under control number 1820-0550)

(Authority: 20 U.S.C. 1476(b)(9))

NOTE: Because of the interagency nature of part C of the Act, complaints received under these regulations could concern violations by (1) any public agency in the State that receives funds under this part (e.g., the lead agency and the Council), (2) other public agencies that are involved in the State’s early intervention program, or (3) private service providers that receive part C funds on a contract basis from a public agency to carry out a given function or provide a given service required under this part. These complaint procedures are in addition to any other rights under State or Federal law. The lead agency must provide for the filing of a complaint with the lead agency and, at the lead agency’s discretion, with a public agency subject to a right of appeal to the lead agency.

§ 303.511 An organization or individual may file a complaint.

An individual or organization may file a written signed complaint under § 303.510. The complaint must include—

(b) The facts on which the complaint is based.

(Approved by the Office of Management and Budget under control number 1820-0550)

(Authority: 20 U.S.C. 1476(b)(9))

§ 303.512 Minimum State complaint procedures.

Each lead agency shall include the following in its complaint procedures:

(2) Give the complainant the opportunity to submit additional information, either orally or in writing, about the allegations in the complaint;

(3) Review all relevant information and make an independent determination as to whether the public agency is violating a requirement of part C of the Act or of this part; and

(i) Findings of fact and conclusions; and

(ii) The reasons for the lead agency’s final decision.

(b) An extension of the time limit under paragraph (a) of this section only if exceptional circumstances exist with respect to a particular complaint.

(c) Procedures for effective implementation of the lead agency’s final decision, if needed, including technical assistance activities, negotiations, and corrective actions to achieve compliance.

(d) The right of the complainant or the public agency to request the Secretary to review the lead agency’s final decision.

§ 303.521 Fees.

(a) General. A State may establish, consistent with § 303.12(a)(3)(iv), a system of payments for early intervention services, including a schedule of sliding fees.

(b) Functions not subject to fees. The following are required functions that must be carried out at public expense by a State, and for which no fees may be charged to parents:

(2) Evaluation and assessment, as included in § 303.32, and including the functions related to evaluation and assessment in § 303.12.

(a) Each lead agency is responsible for—

(1) The identification and coordination of all available resources for early intervention services within the State, including those from Federal, State, local, and private sources; and

(2) Updating the information on the funding sources in paragraph (a)(1) of this section, if a legislative or policy change is made under any of those sources.

(b) The Federal funding sources in paragraph (a)(1) of this section include—

(1) Title V of the Social Security Act (relating to Maternal and Child Health);

(2) Title XIX of the Social Security Act (relating to the general Medicaid Program, and EPSDT);

Each agreement must meet the requirements in paragraphs (b) through (d) of this section.

(b) Financial responsibility. Each agreement must define the financial responsibility, in accordance with §303.143, of the agency for paying for early intervention services (consistent with State law and the requirements of this part).

(c) Procedures for resolving disputes. (1) Each agreement must include procedures for achieving a timely resolution of intra-agency and interagency disputes about payments for a given service, or disputes about other matters related to the State’s early intervention program. Those procedures must include a mechanism for making a final determination that is binding upon the agencies involved.

(2) The agreement with each agency must—

(i) Permit the agency to resolve its own internal disputes (based on the agency’s procedures that are included in the agreement), so long as the agency acts in a timely manner; and

(ii) Include the process that the lead agency will follow in achieving resolution of intra-agency disputes, if a given agency is unable to resolve its own internal disputes in a timely manner.

(d) Additional components. Each agreement must include any additional components necessary to ensure effective cooperation and coordination among all agencies involved in the State’s early intervention program.

(Approved by the Office of Management and Budget under control number 1820-0550)

(Authority: 20 U.S.C. 1435(a)(10)(C) and (a)(10)(F))

NOTE: A State may meet the requirement in paragraph (c)(1) of this section in any way permitted under State law, including (1) providing for a third party (e.g., an administrative law judge) to review a dispute and render a decision, (2) assignment of the responsibility by the Governor to the lead agency or Council, or (3) having the final decision made directly by the Governor.

§ 303.524 Resolution of disputes.

(a) Each lead agency is responsible for resolving individual disputes, in accordance with the procedures in §303.523(c)(2)(ii).
(b)(1) During a dispute, the individual or entity responsible for assigning financial responsibility among appropriate agencies under §303.143 ("financial designee") shall assign financial responsibility to—

(i) an agency, subject to the provisions in paragraph (b)(2) of this section; or

(ii) the lead agency, in accordance with the "payor of last resort" provisions in §303.527.

(2) If, during the lead agency's resolution of the dispute, the financial designee determines that the assignment of financial responsibility under paragraph (b)(1)(i) of this section was inappropriately made—

(i) the financial designee shall realign the responsibility to the appropriate agency; and

(ii) the lead agency shall make arrangements for reimbursement of any expenditures incurred by the agency originally assigned responsibility.

(c) To the extent necessary to ensure compliance with its action in paragraph (b)(2) of this section, the lead agency shall—

(1) refer the dispute to the Council or the Governor; and

(2) implement the procedures to ensure the delivery of services in a timely manner in accordance with §303.525.

(Approved by the Office of Management and Budget under control number 1820-0550)

(Approved by the Office of Management and Budget under control number 1820-0550)

(Authority: 20 U.S.C. 1435(a)(10)(D))

§ 303.526 Policy for contracting or otherwise arranging for services.

Each system must include a policy pertaining to contracting or making other arrangements with public or private service providers to provide early intervention services. The policy must include—

(a) a requirement that all early intervention services must meet State standards and be consistent with the provisions of this part;

(b) the mechanisms that the lead agency will use in arranging for these services, including the process by which awards or other arrangements are made; and

(c) the basic requirements that must be met by any individual or organization seeking to provide these services for the lead agency.

(Approved by the Office of Management and Budget under control number 1820-0550)

(Authority: 20 U.S.C. 1435(a)(11))

NOTE: In implementing the statewide system, States may elect to continue using agencies and individuals in both the public and private sectors that have previously been involved in providing early intervention services, so long as those agencies and individuals meet the requirements of this part.

§ 303.527 Payor of last resort.

(a) Nonsubstitution of funds. Except as provided in paragraph (b)(1) of this section, funds under this part may not be used to satisfy a financial commitment for services that would otherwise have been paid for from another public or private source, including any medical program administered by the Secretary of Defense, but for the enactment of part C of the Act. Therefore, funds under this part may be used only for early intervention services that an eligible child needs but is not currently entitled to under any other Federal, State, local, or private source.

(b) Interim payments—reimbursement.

(1) If necessary to prevent a delay in the timely provision of services to an eligible child or the child's family, funds under this part may be used to pay the provider of services, pending reimbursement from the agency or entity that has ultimate responsibility for the payment.

(2) Payments under paragraph (b)(1) of this section may be made for—

(i) early intervention services, as described in §303.12;
(ii) Eligible health services (see § 303.13); and
(iii) Other functions and services authorized under this part, including child find and evaluation and assessment.

(3) The provisions of paragraph (b)(1) of this section do not apply to medical services or “well-baby” health care (see § 303.13(c)(1)).

(c) Non-reduction of benefits. Nothing in this part may be construed to permit a State to reduce medical or other assistance available or to alter eligibility under title V of the Social Security Act (SSA) (relating to maternal and child health) or title XIX of the SSA (relating to Medicaid for children eligible under this part) within the State.

(Authority: 20 U.S.C. 1440)

Subpart B—What Kinds of Projects Does the Secretary Assist Under This Program?

§ 318.10 What activities may the Secretary fund?

(a) The Secretary supports training programs in the following eight areas:

(1) Preservice training of personnel for careers in special education, related services, and early intervention, including careers in—

(i) Special education teaching, including speech-language pathology, audiology, adapted physical education, and instructional and assistive technology;

(ii) Related services for children with disabilities in educational and other settings; and
§ 318.11 What priorities may the Secretary establish?

(a) The Secretary may, through a notice published in the Federal Register, select annually one or more of the following priority areas for funding:

(1) Preparation of personnel for careers in special education. This priority supports preservice preparation of personnel for careers in special education. Preservice training includes additional training for currently employed teachers seeking additional degrees, certifications, or endorsements. Training at the baccalaureate, masters, or specialist level is appropriate. Under this priority, “personnel” includes special education teachers, speech-language pathologists, audiologists, adapted physical education teachers, vocational educators, and instructive and assistive technology specialists.

(2) Preparation of related services personnel. This priority supports preservice preparation of individuals to provide developmental, corrective, and other supportive services that assist children and youth with disabilities to benefit from special education. These include paraprofessional personnel, therapeutic recreation specialists, school social workers, health service providers, physical therapists, occupational therapists, school psychologists, counselors (including rehabilitation counselors), interpreters, orientation and mobility specialists, respite care providers, art therapists, volunteers, physicians, and other related services personnel.

(i) Projects to train personnel identified as special education personnel in the regulations in this part are not appropriate, even if those personnel may be considered related services personnel in other settings.

(ii) This priority is not designed for general training. Projects must include inducements and preparation to increase the probability that graduates will direct their efforts toward supportive services to special education. For example, a project in occupational therapy (OT) might support a special component on pediatric or juvenile psychiatric OT, support those students whose career goal is OT in the schools, or provide for practica and internships in school settings.

(3) Training early intervention and preschool personnel. This priority supports projects that are designed to provide preservice preparation of personnel who serve infants, toddlers, and preschool children with disabilities, and their families. Personnel may be prepared to provide short-term services or
long-term services that extend into a child's school program. The proposed training program must have a clear and limited focus on the special needs of children within the age range from birth through five, and must include consideration of family involvement in early intervention and preschool services. Training programs under this priority must have a significant interdisciplinary focus.

(4) Preparation of leadership personnel. This priority supports projects that are designed to provide preservice professional preparation of leadership personnel in special education, related services, and early intervention. Leadership training is considered to be preparation in—
(i) Supervision and administration at the advanced graduate, doctoral, and post-doctoral levels;
(ii) Research; and
(iii) Personnel preparation at the doctoral and post-doctoral levels.

(5) Special projects. This priority supports projects that include development, evaluation, and distribution of innovative approaches to personnel preparation; development of curriculum materials to prepare personnel to educate or provide early intervention services; and other projects of national significance related to the preparation of personnel needed to serve infants, toddlers, children, and youth with disabilities.

(i) Appropriate areas of interest include—
(A) Preservice training programs to prepare regular educators to work with children and youth with disabilities and their families;
(B) Training teachers to work in community and school settings with children and youth with disabilities and their families;
(C) Inservice and preservice training of personnel to work with infants, toddlers, children, and youth with disabilities and their families;
(D) Inservice and preservice training of personnel to work with minority infants, toddlers, children, and youth with disabilities, and their families;
(E) Preservice and inservice training of special education and related services personnel in assistive technology to benefit infants, toddlers, children, and youth with disabilities; and
(F) Recruitment and retention of special education, related services, and early intervention personnel.

(ii) Both inservice and preservice training must include a component that addresses the coordination among all service providers, including regular educators.

(6) Professional development partnerships. This priority, listed in §318.10(a)(4), supports the formation of consortia or partnerships of public and private entities for the purpose of providing opportunities for career advancement or competency-based training, including but not limited to certificate- or degree-granting programs in special education, related services, and early intervention for current workers at public and private agencies that provide services to infants, toddlers, children, and youth with disabilities. Activities authorized under this priority include, but are not limited to, the following:
(i) Establishing a program with colleges and universities to develop creative new programs and coursework options or to expand existing programs in the field of special education, related services, or early intervention. Funds may be used to provide release time for faculty and staff for curriculum development, instructional costs, and modest start-up and other program development costs.
(ii) Establishing a career development mentoring program using faculty and professional staff members of participating agencies as role models, career sponsors, and academic advisors for experienced State, city, county, and voluntary sector workers who have demonstrated a commitment to working in these fields and who are enrolled in higher education institution programs relating to these fields.
(iii) Supporting a wide range of programmatic and research activities aimed at increasing opportunities for career advancement and competency-based training in these fields.
(iv) Identifying existing public agency, private agency, and labor union personnel policies and benefit programs that may facilitate the ability of workers to take advantage of higher
education opportunities such as leave time and tuition reimbursement.

(7) Technical assistance to professional development partnerships. This priority, listed in §318.10(a)(5), supports technical assistance to States or entities receiving awards under professional development partnership projects. Activities must include, but are not limited to, the following:

(i) Identifying the specific technical assistance needs of individual projects.

(ii) Conducting annual meetings at the national level.

(iii) Identifying other projects under the Act related to professional development for the purpose of coordinating professional development projects. Coordination activities may include conferences, publications, and maintenance of documents and data relevant to the activities of the professional development projects.

(iv) Cooperating with other projects and organizations on common goals.

(v) Disseminating information through media, newsletters, computers, and written documentation.

(vi) Evaluating center activities, including impact determination, and evaluation assistance to centers.

(8) Utilizing innovative recruitment and retention strategies. This priority supports projects to develop emerging and creative sources of supply of personnel with degrees and certification in appropriate disciplines, and innovative strategies related to recruitment and retention of personnel.

(9) Promoting full qualifications for personnel serving infants, toddlers, children, and youth with disabilities. This priority supports projects designed specifically to train personnel who are working with less than full certification or outside their field of specialization, to assist them in becoming fully qualified. The following are appropriate under this priority: student incentives; extension, summer, and evening programs; internships; alternative certification plans; and other innovative practices.

(10) Training personnel to serve low incidence disabilities. This priority supports projects to train teachers of children with visual impairments including blindness, hearing impairments including deafness, orthopedic impairments, other health impairments, autism, traumatic brain injury, and severe and multiple disabilities.

(11) Training personnel to work in rural areas. This priority supports projects to train personnel to serve infants, toddlers, children, and youth with disabilities in rural areas. Projects, including curricula, procedures, practica, and innovative use of technology, must be designed to provide training to assist personnel to work with parents, teachers, and administrators in these special environments. Special strategies must be designed to recruit personnel from rural areas who will most likely return to those areas.

(12) Training personnel to provide transition assistance from school to adult roles. This priority supports projects for preparation of personnel who assist youth with disabilities in their transition from school to adult roles. Personnel may be prepared to provide short-term transition services, long-term structured employment services, or instruction in community and school settings with secondary school students. It is especially important that preparation of transition personnel include training in instructional and assistive technology.

(13) Preparation of paraprofessionals. This priority supports projects for the preparation of paraprofessionals. This includes programs to train teacher aids, job coaches, interpreters, therapy assistants, and other personnel who provide support to professional staff in delivery of services to infants, toddlers, children, and youth with disabilities.

(14) Improving services for minorities. This priority supports projects to prepare personnel to serve infants, toddlers, children, and youth with disabilities who, because of minority status, require that personnel obtain professional competencies in addition to those needed to teach other children with similar disabilities. Projects funded under this priority must focus on specific minority populations, determine the additional competencies that are needed by professionals serving those populations, and develop those competencies.

(15) Training minorities and individuals with disabilities. This priority supports projects to recruit and prepare minority individuals and individuals with
disabilities for careers in special education, related services, and early intervention.

(16) Minority institutions. This priority supports awards to Historically Black Colleges and Universities and other institutions of higher education whose minority student enrollment is at least 25 percent. Awards may provide training of personnel in all areas noted in § 318.10(a) (1) and (2), and must be designed to increase the capabilities of the institution in appropriate training areas.

(17) Preparing personnel to meet the National Education Goals. This priority supports projects that develop or expand innovative preservice and inservice training programs that are designed to provide personnel serving children with disabilities with skills that are needed to help schools meet the National Education Goals. These programs must promote the following:

(i) Increased collaboration among providers of special education, regular education, bilingual education, migrant education, and vocational education, and among public and private agencies and institutions.

(ii) Improved coordination of services among health and social services agencies and within communities regarding services for children with disabilities and their families.

(iii) Increased systematic parental involvement in the education of their children with disabilities.

(iv) Inclusion of children with disabilities in all aspects of education and society.

(v) Training that is designed to enable special education teachers to teach, as appropriate, to world class standards (such as those developed by the National Council on Teachers of Mathematics) as those standards are developed.

(18) Training educational interpreters. This priority supports projects for the establishment or continuation of educational interpreter training programs to train personnel to effectively meet the various communication needs of elementary and secondary students who are deaf or deaf-blind. These programs may also provide for the training or retraining (including short-term and inservice training) of regular education teachers who are involved in providing instruction to individuals who are deaf, but who are not certified as teachers of such individuals, and other personnel who work with such individuals, on the role of educational interpreters.

(19) Attention deficit disorders. This priority supports projects to devise new inservice and preservice training strategies for special education and regular classroom teachers and administrators to address the needs of children with attention deficit disorders (ADD). The purpose is not to develop distinct categorical programs for training personnel to teach children with ADD, but rather to enhance the skills of general and special education teachers and administrators to better serve this population of students. These strategies must be infused into personnel preparation programs of national organizations serving regular and special education personnel.

(20) Regional model demonstration training programs on deafness and secondary disabilities. This priority supports regional model demonstration training programs on deafness and secondary disabilities. These programs shall provide preservice and inservice training to teachers, school administrators, leadership personnel, and related services personnel in the education of students with deafness.

(21) Training regular educators who serve students with deafness. This priority supports projects to provide for the training or retraining of regular education teachers who are involved in providing instruction to individuals who are deaf, but who are not certified as teachers of such individuals, to meet the communication needs of such individuals.

(b) Under paragraph (a) of this section, the Secretary may identify an amount of funds to be set aside for projects to address the needs of children with particular disabilities and in particular States or geographic areas. Decisions to implement this paragraph would be based on review of each State’s comprehensive systems of personnel development, special studies, and other information.

(d) Required redesignation of the lead agency.

(Authority: 29 U.S.C. 2215(b)(2); section 105(b)(2) of the Act)

§ 345.62 How does a State redesignate the lead agency when it is subject to corrective action?

(a) Once a State becomes subject to a corrective action plan under §345.60, the Governor of the State, subject to approval by the Secretary, shall appoint, within 30 days after the submission of the plan to the Secretary, a monitoring panel consisting of the following representatives:

(1) The head of the lead agency designated by the Governor;

(2) Two representatives from different public or private nonprofit organizations that represent the interests of individuals with disabilities;

(e) The panel shall carry out the duties of the panel for the entire period of the corrective action plan, as determined by the Secretary.

(f) A failure by a Governor of a State to comply with the requirements of paragraphs (a) through (e) of this section results in the termination of funding for the State under this part.

(g) Based on its findings, a monitoring panel may determine that a lead agency designated by a Governor has not accomplished the purposes described in §345.2(a) and that there is good cause for redesignation of the agency and the temporary loss of funds by the State under this part.

(h) For the purposes of this section, "good cause" includes the following:

(1) Lack of progress with employment of qualified staff;

(2) Lack of consumer-responsive activities;

(5) Inadequate fiscal management.
§ 345.63 How does a State change the entity responsible for providing protection and advocacy services?

(a) The Governor of a State, based on input from individuals with disabilities and their family members, guardians, advocates, or authorized representatives, may determine that the entity providing protection and advocacy services has not met the protection and advocacy service needs of the individuals with disabilities and their family members, guardians, advocates, or authorized representatives, for securing funding for and access to assistive technology devices and assistive technology services, and that there is good cause to provide the protection and advocacy services for the State through a contract with a second entity.

(b) On making the determination in paragraph (a) of this section, the Governor may not enter into a contract with a second entity to provide the protection and advocacy services unless good cause exists and unless—

1. The Governor has given the first entity 30 days notice of the intention to enter into the contract, including specification of good cause, and an opportunity to respond to the assertion that good cause has been shown;

2. Individuals with disabilities and their family members, guardians, advocates, or authorized representatives, have timely notice of the determination and opportunity for public comment; and

3. The first entity has the opportunity to appeal the determination to the Secretary within 30 days of the determination on the basis that there is not good cause to enter into the contract.

(c)(1) When the Governor of a State determines that there is good cause to enter into a contract with a second entity to provide the protection and advocacy services, the Governor shall hold an open competition within the State and issue a request for proposals by entities desiring to provide the services.

(2) The Governor shall not issue a request for proposals by entities desiring to provide protection and advocacy services until the first entity has been given notice and an opportunity to respond. If the first entity appeals the determination to the Secretary, the Governor shall issue such request only if the Secretary decides not to overturn the determination of the Governor. The Governor shall issue such request within 30 days after the end of the period during which the first entity has the opportunity to respond, or after the decision of the Secretary, as appropriate.

(3) The competition shall be open to entities with the same expertise and ability to provide legal services as a system in §345.30(b)(12). The competition shall ensure public involvement, including a public hearing and adequate opportunity for public comment.

NOTE: The following excerpt from page 33 of Senate Report No. 102-357 further clarifies the provision of transition services by the State vocational rehabilitation agency:

The overall purpose of this provision is to ensure that all students who require vocational rehabilitation services receive those services in a timely manner. There should be no gap in services between the education system and the vocational rehabilitation system. The committee intends that students with disabilities who are eligible for, and who need, vocational rehabilitation services will receive those services as soon as possible, consistent with Federal and State law. These provisions are not intended in any way to shift the responsibility of service delivery from education to rehabilitation during the transition years. School officials will continue to be responsible for providing a free and appropriate public education as defined by the IEP. The role of the rehabilitation system is primarily one of planning for the student’s years after leaving school. (S. Rep. No. 357, 102d Cong., 2d Sess. 33 (1992))

(c) Reciprocal referral services with a separate agency for individuals who are blind. If there is a separate State unit for individuals who are blind, the State plan must assure that the two State units establish reciprocal referral services, use each other’s services and facilities to the extent feasible, jointly plan activities to improve services in the State for individuals with multiple impairments, including visual impairments, and otherwise cooperate to provide more effective services, including, if appropriate, entering into a written cooperative agreement.

(a) Availability. The State unit may provide services in one or more political subdivisions of the State that increase services or expand the scope of services that are available statewide under the State plan if—

(1) The non-Federal share of the cost of these services is met from funds provided by a local public agency, including funds contributed to a local public agency by a private agency, organization, or individual;

(2) The services are likely to promote the vocational rehabilitation of substantially larger numbers of individuals with disabilities or of individuals with disabilities with particular types of impairments; and

(3) The State includes in its State plan, and the Secretary approves, a request for a waiver of the statewideness requirement, in accordance with the requirements of paragraph (b) of this section.

(b) Request for waiver. The request for a waiver of statewideness must—

§ 361.27 Shared funding and administration of joint programs.

(a) If the State plan provides for a joint program involving shared funding and administrative responsibility with another State agency or a local public agency to provide services to individuals with disabilities, the plan must include a description of the nature and scope of the joint program, the services to be provided, the respective roles of each participating agency in the provision of services and in their administration, and the share of the costs to be assumed by each agency.

(1) The services provided by the cooperating agency are not the customary or typical services provided by that agency but are new services that have a vocational rehabilitation focus or existing services that have been modified, adapted, expanded, or reconfigured to have a vocational rehabilitation focus;

(2) For the purposes of paragraph (b) of this section, special consideration for States under an order of selection means that those public safety officers who meet the requirements of paragraph (b)(1) of this section must receive priority for services over other eligible individuals in the same priority category of the order of selection.

(3) For the purposes of paragraph (b) of this section, criminal act means any crime, including an act, omission, or possession under the laws of the United States, a State, or a unit of general local government that poses a substantial threat of personal injury, notwithstanding that by reason of age, insanity, intoxication, or otherwise, the person engaging in the act, omission, or possession was legally incapable of committing a crime.

(a) General provisions. (1) The State plan must contain—
   (i) An assurance that the designated State unit is able to provide the full range of services listed in section 103(a) of the Act, as appropriate, to all eligible individuals. The assurance must be supported by an explanation that satisfies the requirements of paragraph (a)(2) or (a)(3) of this section and describes how, on the basis of the designated State unit's projected fiscal and personnel resources and its assessment of the rehabilitation needs of individuals with severe disabilities within the State, it will—
      (A) Continue to provide services to all individuals currently receiving services;
      (B) Provide assessment services to all individuals expected to apply for services in the next fiscal year;

(2) For those designated State units that provided assurances in their State plans for the current fiscal year and the preceding fiscal year that they are able to provide the full range of services, as appropriate, to all eligible individuals, the explanation required by paragraph (a)(1)(i) of this section must include a statement that, during the current fiscal year and the preceding fiscal year, the DSU has in fact—
   (i) Provided assessment services to all applicants and the full range of services, as appropriate, to all eligible individuals;

(b) Time for determining need for an order of selection. (1) The designated State unit shall determine, prior to the beginning of each fiscal year, whether to establish and implement an order of selection.

(2) If the designated State unit determines that it does not need to establish an order of selection, it shall reevaluate this determination whenever changed circumstances during the course of a fiscal year, such as a decrease in its fiscal or personnel resources or an increase in its program costs, indicate that it may no longer be able to provide the full range of services, as appropriate, to all eligible individuals.

(c) Establishing an order of selection—(1) Basis for order of selection. An order of selection must be based on a refinement of the three criteria in the definition of “individual with a severe disability” in section 7(15)(A) of the Act.

(4) Ensure that its funding arrangements for providing services under the State plan, including third-party arrangements and awards under the establishment authority, are consistent with the order of selection. If any funding arrangements are inconsistent with the order of selection, the designated State unit shall renegotiate these funding arrangements so that they are consistent with the order of selection.

(1) Need to establish an order of selection, including any reevaluation of the need under paragraph (b)(2) of this section;

(c) Special circumstances. If the State unit is operating under an order of selection for services, the State unit may elect to establish an expanded information and referral program under paragraph (c) of this section, the State plan must include—

(i) A description of how the expanded information and referral program will be established and how it will function, including the level of commitment of State unit staff and resources; and

(ii) An assurance that, in carrying out this program, the State unit will not use funds that are needed to provide vocational rehabilitation services under IWRPs for eligible individuals in the priority category or categories receiving services under the State unit's order of selection or for other eligible individuals who have begun to receive services prior to the effective date of the order of selection.

§ 361.38 Protection, use, and release of personal information.

(b) State program use. All personal information in the possession of the State agency or the designated State unit must be used only for the purposes directly connected with the administration of the vocational rehabilitation program. Information containing identifiable personal information may not be shared with advisory or other bodies that do not have official responsibility for administration of the program. Personal information may be released to an organization, agency, or individual engaged in audit, evaluation, or research only for purposes directly connected with the administration of the vocational rehabilitation program, or for purposes that would significantly improve the quality of life for applicants and eligible individuals and only if the organization, agency, or individual assures that—

(2) The information will be released only to persons officially connected with the audit, evaluation, or research;

(3) The information will not be released to the involved individual;

§ 361.41 Processing referrals and applications.

(a) Referrals. The State plan must assure that the designated State unit has established and implemented standards for the prompt and equitable handling of referrals of individuals for vocational rehabilitation services. The standards must include timelines for making good faith efforts to inform these individuals of application requirements and to gather information necessary to initiate an assessment for determining eligibility and priority for services.

(b) Applications. (1) The State plan must assure that once an individual has submitted an application for vocational rehabilitation services, an eligibility determination will be made within 60 days, unless—

(i) Exceptional and unforeseen circumstances beyond the control of the agency preclude a determination within 60 days and the agency and the individual agree to a specific extension of time; or

(ii) An extended evaluation is necessary, in accordance with §361.42(d).

The assessment must be conducted in the most integrated setting possible, consistent with the individual's needs and informed choice, and in accordance with the following provisions:

(a) Eligibility requirements—(1) Basic requirements. The State plan must assure that the State unit's determination of an applicant's eligibility for vocational rehabilitation services is based only on the following requirements:

(c) Review and assessment of data for eligibility determination. Except as provided in paragraph (d) of this section, the designated State unit shall base its determination of each of the basic eligibility requirements in paragraph (a) of this section on—

(1) Prior to any determination that an individual with a severe disability is incapable of benefiting from vocational rehabilitation services in terms of an employment outcome because of the severity of that individual’s disability, the State unit shall conduct an extended evaluation to determine whether or not there is clear and convincing evidence to support such a determination.

(2) During the extended evaluation period, which may not exceed 18 months, vocational rehabilitation services must be provided in the most integrated setting possible, consistent with the informed choice of the individual.

(3) During the extended evaluation period, the State unit shall develop a written plan for determining eligibility and for determining the nature and scope of services required to achieve an employment outcome. The State unit may provide during this period only those services that are necessary to make these two determinations.

(4) The State unit shall assess the individual’s progress as frequently as necessary, but at least once every 90 days, during the extended evaluation period.

(5) The State unit shall terminate extended evaluation services at any point during the 18-month extended evaluation period if the State unit determines that—

(i) There is sufficient evidence to conclude that the individual can benefit from the provision of vocational rehabilitation services in terms of an employment outcome; or

(ii) There is clear and convincing evidence that the individual is incapable of benefiting from vocational rehabilitation services in terms of an employment outcome.

(e) Data for determination of priority for services under an order of selection. If the State unit is operating under an order of selection, as provided in §361.36, the State unit shall base its priority assignments on—

(1) A review of the data that was developed under paragraphs (c) and (d) of this section to make the eligibility determination; and

(2) An assessment of additional data, to the extent necessary.

NOTE: Clear and convincing evidence means that the designated State unit shall have a high degree of certainty before it can conclude that an individual is incapable of benefiting from services in terms of an employment outcome. The “clear and convincing” standard constitutes the highest standard used in our civil system of law and is to be individually applied on a case-by-case basis. The term clear means unequivocal. Given these requirements, a review of existing information generally would not provide clear and convincing evidence. For example, the use of an intelligence test result alone would not constitute clear and convincing evidence. Clear and convincing evidence might include a description of assessments, including situational assessments and supported employment assessments, from service providers who have concluded that they would be unable to meet the individual’s needs due to the severity of the individual’s disability. The demonstration of “clear and convincing evidence” must include, if appropriate, a functional assessment of skill development activities, with any necessary supports (including assistive technology), in real life settings. § 361.44 Closure without eligibility determination.

The State plan must assure that the State unit may not close an applicant's record of services prior to making an eligibility determination unless the applicant declines to participate in, or is unavailable to complete an assessment for determining eligibility and priority for services, and the State unit has made a reasonable number of attempts to contact the applicant or, if appropriate, the applicant's representative to encourage the applicant's participation.

§ 361.45 Development of the individualized written rehabilitation program.

(a) Purpose. The State plan must assure that the State unit conducts an assessment for determining vocational rehabilitation needs for each eligible individual or, if the State is operating under an order of selection, for each eligible individual to whom the State is able to provide services. The purpose of this assessment is to determine the long-term vocational goal, intermediate rehabilitation objectives, and the nature and scope of vocational rehabilitation services to be included in the IWRP, which must be designed to achieve an employment outcome that is consistent with the individual's unique strengths, priorities, concerns, abilities, capabilities, career interests, and informed choice.

(b) Procedural requirements. The State plan must assure that—

(1) The IWRP is developed jointly, agreed to, and signed by the vocational rehabilitation counselor or coordinator and the individual or, as appropriate, the individual's representative within the framework of a counseling and guidance relationship;

(2) The State unit has established and implemented standards for the prompt development of IWRPs for the individuals identified under paragraph (a) of this section, including timelines that take into consideration the needs of the individual;

(3) The State unit advises each individual or, as appropriate, the individual's representative of all State unit procedures and requirements affecting the development and review of an IWRP, including the availability of appropriate modes of communication;

(4) In developing an IWRP for a student with a disability who is receiving special education services, the State unit considers the student's individualized education program;

(5) The State unit reviews the IWRP with the individual or, as appropriate, the individual's representative as often as necessary, but at least once each
(6) The State unit incorporates into the IWRP any revisions that are necessary to reflect changes in the individual’s vocational goal, intermediate objectives, or vocational rehabilitation services, and obtains the agreement and signature of the individual or, as appropriate, of the individual’s representative to the revisions; and

(7) The State unit promptly provides each individual or, as appropriate, the individual’s representative, a copy of the IWRP and its amendments in the native language, or appropriate mode of communication, of the individual or, as appropriate, of the individual’s representative.

c) Data for preparing the IWRP—

(1) Preparation without comprehensive assessment. To the extent possible, the vocational goal, intermediate objectives, and the nature and scope of rehabilitation services to be included in the individual’s IWRP must be determined based on the data used for the assessment of eligibility and priority for services under §361.42.

(2) Preparation based on comprehensive assessment. (i) If additional data are necessary to prepare the IWRP, the designated State unit shall conduct a comprehensive assessment of the unique strengths, resources, priorities, concerns, abilities, capabilities, interests, and needs, including the need for supported employment services, of an eligible individual, in the most integrated setting possible, consistent with the informed choice of the individual.

(ii) The comprehensive assessment must be limited to information that is necessary to identify the rehabilitation needs of the individual and develop the IWRP and may, to the extent needed, include—

(A) An analysis of pertinent medical, psychiatric, psychological, neuropsychological, and other pertinent vocational, educational, cultural, social, recreational, and environmental factors, and related functional limitations, that affect the employment and rehabilitation needs of the individual;

(B) An analysis of the individual’s personality, career interests, interpersonal skills, intelligence and related functional capacities, educational achievements, work experience, vocational aptitudes, personal and social adjustments, and employment opportunities;

(C) An appraisal of the individual’s patterns of work behavior and services needed to acquire occupational skills and to develop work attitudes, work habits, work tolerance, and social and behavior patterns suitable for successful job performance; and

(D) An assessment, through provision of rehabilitation technology services, of the individual’s capacities to perform in a work environment, including in an integrated setting, to the maximum extent feasible and consistent with the individual’s informed choice.

(iii) In preparing a comprehensive assessment, the State unit shall use, to the maximum extent possible and appropriate and in accordance with confidentiality requirements, existing information, including information that is provided by the individual, the family of the individual, and education agencies.

The decision, and the reasons on which the decision...
was based, must be included as an amendment to the IWRP.

§ 361.49 Scope of vocational rehabilitation services for groups of individuals with disabilities.

(a) The State plan may also provide for the following vocational rehabilitation services for the benefit of groups of individuals with disabilities:

(1) The establishment, development, or improvement of a public or other nonprofit community rehabilitation program that is used to provide services that promote integration and competitive employment, including under special circumstances, the construction of a facility for a public or nonprofit community rehabilitation program. Examples of “special circumstances” include the destruction by natural disaster of the only available center serving an area or a State determination that construction is necessary in a rural area because no other public agencies or private nonprofit organizations are currently able to provide services to individuals.
(2) Telecommunications systems that have the potential for substantially improving vocational rehabilitation service delivery methods and developing appropriate programming to meet the particular needs of individuals with disabilities, including telephone, television, video description services, satellite, tactile-vibratory devices, and similar systems, as appropriate.

(3) Special services to provide recorded material or video description services for individuals who are blind, captioned television, films, or video cassettes for individuals who are deaf, tactile materials for individuals who are deaf-blind, and other special services that provide information through tactile, vibratory, auditory, and visual media.

(4) Technical assistance and support services, such as job site modification and other reasonable accommodations, to businesses that are not subject to title I of the Americans with Disabilities Act of 1990 and that are seeking to employ individuals with disabilities.

(5) In the case of small business enterprises operated by individuals with the most severe disabilities under the supervision of the State unit, including enterprises established under the Randolph-Sheppard program, management services and survey of the initial establishment period, which may not exceed six months.

(iv) If the State plan provides for these services, it must contain an assurance that only individuals with the most severe disabilities will be selected to participate in this supervised program.

(v) If the State plan provides for these services and the State unit chooses to set aside funds from the proceeds of the operation of the small business enterprises, the State plan also must assure that the State unit maintains a description of the methods used in setting aside funds and the purposes for which funds are set aside. Funds may be used only for small business enterprises purposes, and benefits that are provided to operators from set-aside funds must be provided on an equitable basis.

Examples of those other services might include the purchase or lease of a bus to provide transportation to a group of applicants or eligible individuals or the purchase of equipment or instructional materials that would benefit a group of applicants or eligible individuals.

(b) If the State plan provides for vocational rehabilitation services for groups of individuals, the State plan must assure that the designated State unit—

(1) Develops and maintains written policies covering the nature and scope of each of the vocational rehabilitation services it provides and the criteria under which each service is provided; and

(2) Maintains information to ensure the proper and efficient administration of those services in the form and detail and at the time required by the Secretary, including the types of services provided, the costs of those services, and, to the extent feasible, estimates of the numbers of individuals benefiting from those services.

§ 361.50 Written policies governing the provision of services for individuals with disabilities.

The State plan must assure that the State unit develops and maintains written policies covering the nature and scope of each of the vocational rehabilitation services specified in §361.48 and the criteria under which each service is provided. The policies must ensure that the provision of services is based on the rehabilitation needs of each individual as identified in that individual's IWRP and is consistent with the individual's informed choice. The written policies may not establish any arbitrary limits on the nature and scope of vocational rehabilitation services to be provided to the individual to achieve an employment outcome. The policies must be developed in accordance with the following provisions:

(a) Out-of-State services. (1) The State unit may establish a preference for in-State services, provided that the preference does not effectively deny an individual a necessary service. If the individual chooses an out-of-State service at a higher cost than an in-State service, if either service would meet the individual's rehabilitation needs, the designated State unit is not responsible for those costs in excess of the cost of the in-State service.

(2) The State unit may not establish policies that effectively prohibit the provision of out-of-State services.

(b) Payment for services. (1) The State unit shall establish and maintain written policies to govern the rates of payment for all purchased vocational rehabilitation services.

(2) The State unit may establish a fee schedule designed to ensure a reasonable cost to the program for each service, provided that the schedule is—

(i) Not so low as to effectively deny an individual a necessary service; and

(ii) Not absolute and permits exceptions so that individual needs can be addressed.

(3) The State unit may not place absolute dollar limits on specific service categories or on the total services provided to an individual.

(c) Duration of services. (1) The State unit may establish reasonable time periods for the provision of services provided that the time periods are—

(i) Not so short as to effectively deny an individual a necessary service; and

(ii) Not absolute and permit exceptions so that individual needs can be addressed.

(2) The State unit may not establish absolute time limits on the provision of specific services or on the provision of services to an individual. The duration of each service needed by an individual must be determined on an individual basis and reflected in that individual's IWRP.

(d) Authorization of services. The State unit shall establish policies related to the timely authorization of services, including any conditions under which verbal authorization can be given.

§ 361.51 Written standards for facilities and providers of services.

The State plan must assure that the designated State unit establishes, maintains, makes available to the public, and implements written minimum standards for the various types of facilities and providers of services used by the State unit in providing vocational rehabilitation services, in accordance with the following requirements:

(a) Accessibility of facilities. Any facility in which vocational rehabilitation services are provided must be accessible to individuals receiving services and must comply with the requirements of the Architectural Barriers Act of 1968, the Uniform Accessibility Standards and their implementing regulations in 41 CFR part 101, subpart 101-19.6, the Americans with Disabilities Act of 1990, and section 504 of the Act.

(b) Personnel standards. (1) Qualified personnel. Providers of vocational rehabilitation services shall use qualified personnel, in accordance with any applicable national or State-approved or recognized certification, licensing, or registration requirements, or, in the absence of these requirements, other
comparable requirements (including State personnel requirements), that apply to the profession or discipline in which that category of personnel is providing vocational rehabilitation services.

(2) Affirmative action. Providers of vocational rehabilitation services shall take affirmative action to employ and advance in employment qualified individuals with disabilities.

(3) Special communication needs personnel. Providers of vocational rehabilitation services shall—

(i) Include among their personnel, or obtain the services of, individuals able to communicate in the native languages of applicants and eligible individuals who have limited English speaking ability; and

(ii) Ensure that appropriate modes of communication for all applicants and eligible individuals are used.

(c) Fraud, waste, and abuse. Providers of vocational rehabilitation services shall have adequate and appropriate policies and procedures to prevent fraud, waste, and abuse.

§ 361.52 Opportunity to make informed choices.

The State plan must describe the manner in which the State unit will provide each applicant, including individuals who are receiving services during an extended evaluation, and each eligible individual the opportunity to make informed choices throughout the vocational rehabilitation process in accordance with the following requirements:

(a) Each State unit, in consultation with its State Rehabilitation Advisory Council, if it has one, shall develop and implement written policies and procedures that enable each individual to make an informed choice with regard to the selection of a long-term vocational goal, intermediate rehabilitation objectives, vocational rehabilitation services, including assessment services, and service providers. These policies and procedures must ensure that each individual receives, through appropriate modes of communication, information concerning the availability and scope of informed choice, the manner in which informed choice may be exercised, and the availability of support services for individuals with cognitive or other disabilities who require assistance in exercising informed choice.

(b) In developing an individual's IWRP, the State unit shall provide the individual, or assist the individual in acquiring, information necessary to make an informed choice about the specific services, including the providers of those services, that are needed to achieve the individual's vocational goal. This information must include, at a minimum, information relating to the cost, accessibility, and duration of potential services, the consumer satisfaction with those services to the extent that information relating to consumer satisfaction is available, the qualifications of potential service providers, the types of services offered by those providers, and the degree to which services are provided in integrated settings.

(c) In providing, or assisting the individual in acquiring, the information required under paragraph (b) of this section, the State unit may use, but is not limited to, the following methods or sources of information:

(1) State or regional lists of services and service providers.

(2) Periodic consumer satisfaction surveys and reports.

(3) Referrals to other consumers, local consumer groups, or disability advisory councils qualified to discuss the services or service providers.

(4) Relevant accreditation, certification, or other information relating to the qualifications of service providers.

(Approved by the Office of Management and Budget under control number 1820-0500)

§ 361.53 Availability of comparable services and benefits.

(a) The State plan must assure that—
§ 361.54 Participation of individuals in cost of services based on financial need.

(a) No Federal requirement. There is no Federal requirement that the financial need of individuals be considered in the provision of vocational rehabilitation services.

(b) State unit requirements. (1) The State unit may choose to consider the financial need of eligible individuals or individuals who are receiving services during an extended evaluation for purposes of determining the extent of their participation in the costs of vocational rehabilitation services, other than those services identified in paragraph (b)(3) of this section.

(2) If the State unit chooses to consider financial need—

(i) It shall maintain written policies covering the determination of financial need;

(ii) The State plan must specify the types of vocational rehabilitation services for which the unit has established a financial needs test;

(iii) The policies must be applied uniformly to all individuals in similar circumstances;

(iv) The policies may require different levels of need for different geographic regions in the State, but must be applied uniformly to all individuals within each geographic region; and

(v) The policies must ensure that the level of an individual's participation in the cost of vocational rehabilitation services is—

(A) Reasonable;

(B) Based on the individual's financial need, including consideration of any disability-related expenses paid by the individual; and

(C) Not so high as to effectively deny the individual a necessary service.

(3) The State plan must assure that no financial needs test is applied and no financial participation is required

(1) Prior to providing any vocational rehabilitation services to an eligible individual, or to members of the individual's family, except those services listed in paragraph (b) of this section, the State unit shall determine whether comparable services and benefits exist under any other program and whether those services and benefits are available to the individual;

(2) If comparable services or benefits exist under any other program and are available to the eligible individual at the time needed to achieve the rehabilitation objectives in the individual's IWRP, the State unit shall use those comparable services or benefits to meet, in whole or in part, the cost of vocational rehabilitation services; and

(3) If comparable services or benefits exist under any other program, but are not available to the individual at the time needed to satisfy the rehabilitation objectives in the individual's IWRP, the State unit shall provide vocational rehabilitation services until those comparable services and benefits become available.

(b) The following services are exempt from a determination of the availability of comparable services and benefits under paragraph (a) of this section:

(1) Assessment for determining eligibility and priority for services.

(2) Assessment for determining vocational rehabilitation needs.

(3) Vocational rehabilitation counseling, guidance, and referral services.

(4) Vocational and other training services, such as personal and vocational adjustment training, books (including alternative format books accessible by computer and taped books), tools, and other training materials in accordance with §361.48(a)(6).

(5) Placement services.

(6) Rehabilitation technology.

(7) Post-employment services consisting of the services listed under paragraphs (b)(1) through (6) of this section.

(c) The requirements of paragraph (a) of this section also do not apply if—

(1) The determination of the availability of comparable services and benefits under any other program would delay the provision of vocational rehabilitation services to any individual who is determined to be at extreme medical risk, based on medical evidence provided by an appropriate qualified medical professional; or

(2) An immediate job placement would be lost due to a delay in the provision of comparable services and benefits.

The State plan must assure that the State unit—

(a) Reviews and re-evaluates at least annually the status of each individual determined by the State unit to have achieved an employment outcome in an extended employment setting in a community rehabilitation program or other employment setting in which the individual is compensated in accordance with section 14(c) of the Fair Labor Standards Act. This review or re-evaluation must include input from the individual or, in an appropriate case, the individual’s representative to determine the interests, priorities, and needs of the individual for employment in, or training for, competitive employment in an integrated setting in the labor market;

(b) Makes maximum effort, including the identification of vocational rehabilitation services, reasonable accommodations, and other support services, to enable the eligible individual to benefit from training in, or to be placed in employment in, an integrated setting; and

(c) Provides services designed to promote movement from extended employment to integrated employment, including supported employment, independent living, and community participation.

§ 361.56 Individuals determined to have achieved an employment outcome.

The State plan must assure that an individual is determined to have achieved an employment outcome only if the following requirements are met:

(a) The provision of services under the individual’s IWRP has contributed to the achievement of the employment outcome.

(b) The employment outcome is consistent with the individual’s strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice.

(c) The employment outcome is in the most integrated setting possible, consistent with the individual’s informed choice.

(d) The individual has maintained the employment outcome for a period of at least 90 days.

(e) At the end of the appropriate period under paragraph (d) of this section, the individual and the rehabilitation counselor or coordinator consider the employment outcome to be satisfactory and agree that the individual is performing well on the job.

(Authority: Secs. 12(c), 101(a)(6), and 106(a)(2) of the Act; 29 U.S.C. 711(c), 721(a)(6), and 726(a)(2))

§ 361.57 Review of rehabilitation counselor or coordinator determinations.

The State plan must contain procedures, including standards of review under paragraph (b)(7) of this section, established by the director of the designated State unit to ensure that any applicant or eligible individual who is dissatisfied with any determinations made by a rehabilitation counselor or coordinator concerning the furnishing or denial of services may request, or, if appropriate, may request through the individual’s representative, a timely review of those determinations. The procedures established by the director of the State unit must be in accordance with the following provisions:
(a) Informal resolution. The State unit may establish an informal process to resolve a request for review without conducting a formal hearing. However, a State's informal process must be conducted and concluded within the time period established under paragraph (b)(1) of this section for holding a formal hearing. If informal resolution is not successful, a formal hearing must be conducted by the end of this same period, unless the parties agree to a specific extension of time.

(b) Formal hearing procedures. Except as provided in paragraph (d) of this section, the State unit shall establish formal review procedures that provide that—

(1) A hearing by an impartial hearing officer, selected in accordance with paragraph (c) of this section, must be held within 45 days of an individual's request for review, unless informal resolution is achieved prior to the 45th day or the parties agree to a specific extension of time;

(2) The State unit may not institute a suspension, reduction, or termination of services being provided under an IWRP pending a final determination of the formal hearing under this paragraph or informal resolution under paragraph (a) of this section, unless the individual or, in an appropriate case, the individual's representative so requests or the agency has evidence that the services have been obtained through misrepresentation, fraud, collusion, or criminal conduct on the part of the individual;

(3) The individual or, if appropriate, the individual's representative must be afforded an opportunity to present additional evidence, information, and witnesses to the impartial hearing officer, to be represented by counsel or other appropriate advocate, and to examine all witnesses and other relevant sources of information and evidence;

(4) The impartial hearing officer shall make a decision based on the provisions of the approved State plan, the Act, Federal vocational rehabilitation regulations, and State regulations and policies that are consistent with Federal requirements and shall provide to the individual or, if appropriate, the individual's representative and to the director of the designated State unit a full written report of the findings and grounds for the decision within 30 days of the completion of the hearing;

(5) If the director of the designated State unit decides to review the decision of the impartial hearing officer, the director shall notify in writing the individual or, if appropriate, the individual's representative of that intent within 20 days of the mailing of the impartial hearing officer's decision;

(6) If the director of the designated State unit fails to provide the notice required by paragraph (b)(5) of this section, the impartial hearing officer's decision becomes a final decision;

(7) The decision of the director of the designated State unit to review any impartial hearing officer's decision must be based on standards of review contained in written State unit policy;

(8) If the director of the designated State unit decides to review the decision of the impartial hearing officer, the director shall provide the individual or, if appropriate, the individual's representative an opportunity to submit additional evidence and information relevant to the final decision;

(9) The director may not overturn or modify a decision, or part of a decision, of an impartial hearing officer that supports the position of the individual unless the director concludes, based on clear and convincing evidence, that the decision of the impartial hearing officer is clearly erroneous because it is contrary to the approved State plan, the Act, Federal vocational rehabilitation regulations, or State regulations or policies that are consistent with Federal requirements;

(10) Within 30 days of providing notice of intent to review the impartial hearing officer's decision, the director of the designated State unit shall make a final decision and provide a full report in writing of the decision, including the findings and the statutory, regulatory, or policy grounds for the decision, to the individual or, if appropriate, the individual's representative;

(11) The director of the designated State unit may not delegate responsibility to make any final decision to any other officer or employee of the designated State unit; and

(12) Except for the time limitations established in paragraphs (b)(1) and
(b)(5) of this section, each State's review procedures may provide for reasonable time extensions for good cause shown at the request of a party or at the request of both parties.

(c) Selection of impartial hearing officers. Except as provided in paragraph (d) of this section, the impartial hearing officer for a particular case must be selected—

(1) From among the pool of persons qualified to be an impartial hearing officer, as defined in §361.5(b)(22), who are identified by the State unit, if the State unit is an independent commission, or jointly by the designated State unit and those members of the State Rehabilitation Advisory Council designated in section 102(d)(2)(C) of the Act, if the State has a Council; and

(2)(i) On a random basis; or

(ii) By agreement between the director of the designated State unit and the individual or, if appropriate, the individual's representative.

(d) State fair hearing board. The provisions of paragraphs (b) and (c) of this section are not applicable if the State has a fair hearing board that was established before January 1, 1985, that is authorized under State law to review rehabilitation counselor or coordinator determinations and to carry out the responsibilities of the director of the designated State unit under this section.

(e) Informing affected individuals. The State unit shall inform, through appropriate modes of communication, all applicants and eligible individuals of—

(1) Their right to review under this section, including the names and addresses of individuals with whom appeals may be filed; and

(2) The manner in which an impartial hearing officer will be selected consistent with the requirements of paragraph (c) of this section.

(f) Data collection. The director of the designated State unit shall collect and submit, at a minimum, the following data to the Secretary for inclusion each year in the annual report to Congress under section 13 of the Act:

(1) The number of appeals to impartial hearing officers and the State director, including the type of complaints and the issues involved;

**Subpart C—Financing of State Vocational Rehabilitation Programs**

§361.60 Matching requirements.

(a) Federal share—(1) General. Except as provided in paragraphs (a)(2) and (a)(3) of this section, the Federal share for expenditures made by the State unit under the State plan, including expenditures for the provision of vocational rehabilitation services, administration of the State plan, and the development and implementation of the strategic plan, is 78.7 percent.

(2) Construction projects. The Federal share for expenditures made for the construction of a facility for community rehabilitation program purposes may not be more than 50 percent of the total cost of the project.

(3) Innovation and expansion grant activities. The Federal share for the cost of innovation and expansion grant activities funded by appropriations under part C of title I of the Act is 90 percent.

(b) Non-Federal share—(1) General. Except as provided in paragraphs (b)(2) and (b)(3) of this section, expenditures made under the State plan to meet the non-Federal share under this section must be consistent with the provisions of 34 CFR 80.24.

(2) Third party in-kind contributions. Third party in-kind contributions specified in 34 CFR 80.24(a)(2) may not be used to meet the non-Federal share under this section.

(3) Contributions by private entities. Expenditures made from contributions by private organizations, agencies, or individuals that are deposited in the account of the State agency or sole local agency in accordance with State law and that are earmarked, under a condition imposed by the contributor,
§ 361.61 Limitation on use of funds for construction expenditures.

No more than 10 percent of a State’s allotment for any fiscal year under section 110 of the Act may be spent on the construction of facilities for community rehabilitation program purposes.

§ 361.62 Maintenance of effort requirements.

(a) General requirements. (1) The Secretary reduces the amount otherwise payable to a State for a fiscal year by the amount by which the total expenditures from non-Federal sources under the State plan for the previous fiscal year were less than the total of those expenditures for the fiscal year two years prior to the previous fiscal year. For example, for fiscal year 1996, a State’s maintenance of effort level is based on the amount of its expenditures from non-Federal sources for fiscal year 1994. Thus, if the State’s non-Federal expenditures in 1996 are less than they were in 1994, the State has a maintenance of effort deficit, and the Secretary reduces the State’s allotment in 1997 by the amount of that deficit.

(2) If, at the time the Secretary makes a determination that a State has failed to meet its maintenance of effort requirements, it is too late for the Secretary to make a reduction in accordance with paragraph (a)(1) of this section, then the Secretary recovers the amount of the maintenance of effort deficit through audit disallowance.

(b) Specific requirements for construction of facilities. If the State plan provides for the construction of a facility for community rehabilitation program purposes, the amount of the State’s share of expenditures for vocational rehabilitation services under the plan, other than for the construction of a facility for community rehabilitation program purposes or the establishment of a facility for community rehabilitation purposes, must be at least equal to the expenditures for those services for the second prior fiscal year. If a State fails to meet the requirements of this paragraph, the Secretary recovers the amount of the maintenance of effort deficit through audit disallowance.

(c) Separate State agency for vocational rehabilitation services for individuals who are blind. If there is a separate part of
§ 361.63 Program income.

(a) Definition—Program income means gross income received by the State that is directly generated by an activity supported under this part.

(b) Sources. Sources of program income include, but are not limited to, payments from the Social Security Administration for rehabilitating Social Security beneficiaries, payments received from workers’ compensation funds, fees for services to defray part or all of the costs of services provided to particular individuals, and income generated by a State-operated community rehabilitation program.

(c) Use of program income. (1) Except as provided in paragraph (c)(2) of this section, program income, whenever earned, must be used for the provision of vocational rehabilitation program purposes, the establishment of a facility for community rehabilitation program purposes, or the acquisition of equipment.

(2) The Secretary may waive or modify the maintenance of effort requirement in paragraph (b) of this section if the Secretary determines that a waiver or modification is necessary to permit the State to respond to exceptional or uncontrollable circumstances, such as a major natural disaster or a serious economic downturn, that—

(i) Cause significant unanticipated expenditures or reductions in revenue; and

(ii) Result in—

(A) A general reduction of programs within the State; or

(B) The State making substantial expenditures in the vocational rehabilitation program for long-term purposes due to the one-time costs associated with the construction of a facility for community rehabilitation program purposes, the establishment of a facility for community rehabilitation program purposes, or the acquisition of equipment.

(2) The Secretary may waive or modify the maintenance of effort requirement in paragraph (b) of this section if the Secretary determines that a waiver or modification is necessary to permit the State to respond to exceptional or uncontrollable circumstances, such as a major natural disaster, that result in significant destruction of existing facilities and require the State to make substantial expenditures for the construction of a facility for community rehabilitation program purposes or the establishment of a facility for community rehabilitation program purposes in order to provide vocational rehabilitation services.

(3) A written request for waiver or modification, including supporting justification, must be submitted to the Secretary as soon as the Secretary determines that an exceptional or uncontrollable circumstance will prevent it from making its required expenditures from non-Federal sources.

(a) Except as provided in paragraph (b) of this section, any Federal funds, including reallocated funds, that are appropriated for a fiscal year to carry out a program under this part that are not obligated by the State unit by the beginning of the succeeding fiscal year and any program income received during a fiscal year that is not obligated by the State unit by the beginning of the succeeding fiscal year must remain available for obligation by the State unit during that succeeding fiscal year.

(b) Federal funds appropriated for a fiscal year remain available for obligation in the succeeding fiscal year only to the extent that the State unit met the matching requirement for those Federal funds by obligating, in accordance with 34 CFR 76.707, the non-Federal share in the fiscal year for which the funds were appropriated.

§ 366.29 When may the Director of the designated State unit (DSU) award grants to centers?

(a) The Director of the DSU (Director) may award grants under section 723 of the Act and this subpart to centers located within the State or in a bordering State in a fiscal year if—

(1) The Director submits to the Secretary and obtains approval of an application to award grants for that fiscal year under section 723 of the Act and § 366.32 (a) and (b); and

(d)(1) In the case of a State in which there is both a DSU responsible for providing IL services to the general population and a DSU responsible for providing IL services for individuals who are blind, for purposes of subparts D and E of this part, the “Director” shall be the Director of the general DSU.

(1) Was a grantee under section 112 of the Act by serving as a client assistance agency and directly carrying out a CAP; and
(2) Was, at the same time, a grantee under any other provision of the Act.

(e) Except as permitted in paragraph (f) of this section, an agency designated by the Governor of a State to conduct the State's CAP under this part may not award a subgrant to or enter into a contract with an agency that provides services under this Act either to carry out the CAP or to provide services under the CAP.

(b) Any individual with a disability is eligible to receive information on the services and benefits available to individuals with disabilities under the Act and title I of the ADA.

(Authority: 29 U.S.C. 732(a))

The following regulations apply to the expenditure of funds under the CAP:
(a) The Education Department General Administrative Regulations (EDGAR) as follows:
(1) 34 CFR part 74 (Administration of Grants to Institutions of Higher Education, Hospitals and Nonprofit Organizations) applies to the designated agency if the designated agency is not a State agency, local government agency, or Indian tribal organization. As the entity that eventually, if not directly, receives the CAP grant funds, the designated agency is considered a recipient for purposes of part 74.
(2) 34 CFR part 76 (State-Administered Programs) applies to the State and, if the designated agency is a State or local government agency, to the designated agency, except for—
(i) § 76.103;
(ii) §§ 76.125 through 76.137;
(iii) §§ 76.300 through 76.401;
(iv) § 76.708;
(v) § 76.734; and
(vi) § 76.740.
(3) 34 CFR part 77 (Definitions That Apply to Department Regulations).

As the entity that eventually, if not directly, receives the CAP grant funds, the designated agency is considered a recipient for purposes of Part 81.
(7) 34 CFR part 82 (New Restrictions on Lobbying).
§ 370.6 What definitions apply?

(a) Definitions in EDGAR. The following terms used in this part are defined in 34 CFR 77.1:

Award
EDGAR
Fiscal year
Nonprofit
Private
Public
Secretary

(b) Other definitions. The following definitions also apply to this part:

Act means the Rehabilitation Act of 1973, as amended.

Advocacy means pleading an individual's cause or speaking or writing in support of an individual. Advocacy may be formal, as in the case of a lawyer representing an individual in a court of law or in formal administrative proceedings before government agencies (whether State, local or Federal). Advocacy also may be informal, as in the case of a lawyer or non-lawyer representing an individual in negotiations, mediation, or informal administrative proceedings before government agencies (whether State, local or Federal), or as in the case of a lawyer or non-lawyer representing an individual’s cause before private entities or organizations, or government agencies (whether State, local or Federal). Advocacy may be on behalf of—

(1) A single individual, in which case it is individual advocacy;

(2) More than one individual or a group or class of individuals, in which case it is systems (or systemic) advocacy; or

(3) Oneself, in which case it is self advocacy.

Class action means a formal legal suit on behalf of a group or class of individuals filed in a Federal or State court that meets the requirements for a "class action" under Federal or State law. "Systems (or systemic) advocacy" that does not include filing a formal class action in a Federal or State court is not considered a class action for purposes of this part.

Client or client applicant means an individual receiving or seeking services under the Act, respectively.

Designated agency means the agency designated by the Governor under §370.2 to conduct a client assistance program under this part.

Mediation means the act or process of using an independent third party to act as a mediator, intermediary, or conciliator to settle differences or disputes between persons or parties. The third party who acts as a mediator, intermediary, or conciliator may not be any entity or individual who is connected in any way with the eligible system or the agency, entity, or individual with whom the individual with a disability has a dispute. Mediation may involve the use of professional mediators or any other independent third party mutually agreed to by the parties to the dispute.

Services under the Act means vocational rehabilitation, independent living, supported employment, and other similar rehabilitation services provided under the Act. For purposes of the CAP, the term "services under the Act" does not include activities carried out under the protection and advocacy program authorized by section 509 of the Act (i.e., the Protection and Advocacy of Individual Rights (PAIR) program, 34 CFR part 381).

State means, in addition to each of the several States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, The United States Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, and the Republic of Palau (but only until September 30, 1998), except for purposes of the allotments under section 112 of the
§ 370.7 What shall the designated agency do to make its services accessible?

The designated agency shall provide, as appropriate, the CAP services described in § 370.4 in formats that are accessible to clients or client applicants who seek or receive CAP services.

(Authority: 29 U.S.C. 711(c))

§ 370.10 When do the requirements for redesignation apply?

(a) The Governor may not redesignate the agency designated pursuant to section 112(c) of the Act and § 370.2(b) without good cause and without complying with the requirements of §§ 370.10 through 370.17.

(b) For purposes of §§ 370.10 through 370.17, a “redesignation of” or “to redesignate” a designated agency means any change in or transfer of the designation of an agency previously designated by the Governor to conduct the State’s CAP to a new or different agency, unit, or organization, including—

(1) A decision by a designated agency to cancel its existing contract with another entity with which it has previously contracted to carry out and operate all or part of its responsibilities under the CAP (including providing advisory, assistance, or advocacy services to eligible clients and client applicants); or

(2) A decision by a designated agency not to renew its existing contract with another entity with which it has previously contracted. Therefore, an agency that is carrying out a State’s CAP under a contract with a designated agency is considered a designated agency for purposes of §§ 370.10 through 370.17.

(c) For purposes of paragraph (a) of this section, a designated agency that does not renew a contract for CAP services because it is following State procurement laws that require contracts to be awarded through a competitive bidding process is presumed to have good cause for not renewing an existing contract. However, this presumption may be rebutted.

(d) If State procurement laws require a designated agency to award a contract through a competitive bidding process, the designated agency must hold public hearings on the request for proposal before awarding the new contract.

(Authority: 29 U.S.C. 711(c) and 732(c)(1)(B))

§ 370.11 What requirements apply to a notice of proposed redesignation?

(a) Prior to any redesignation of the agency that conducts the CAP, the Governor shall give written notice of the proposed redesignation to the designated agency, the State Rehabilitation Advisory Council (SRAC), and the State Independent Living Council (SILC) and publish a public notice of the Governor’s intention to redesignate. Both the notice to the designated agency, the SRAC, and the SILC and the public notice must include, at a minimum, the following:

(1) The Federal requirements for the CAP (section 112 of the Act).

(2) The goals and function of the CAP.

(3) The name of the current designated agency.

(4) A description of the current CAP and how it is administered.

(5) The reason or reasons for proposing the redesignation, including why the Governor believes good cause exists for the proposed redesignation.

(6) The effective date of the proposed redesignation.

(7) The name of the agency the Governor proposes to administer the CAP.

(8) A description of the system that the redesignated (i.e., new) agency would administer.

(b) The notice to the designated agency must—

(1) Be given at least 30 days in advance of the Governor’s written decision to redesignate; and
(2) Advise the designated agency that it has at least 30 days from receipt of the notice of proposed redesignation to respond to the Governor and that the response must be in writing.

(c) The notice of proposed redesignation must be published in a place and manner that provides the SRAC, the SILC, individuals with disabilities or their representatives, and the public with at least 30 days to submit oral or written comments to the Governor.

(d) Following public notice, public hearings concerning the proposed redesignation must be conducted in an accessible format that provides individuals with disabilities or their representatives an opportunity for comment. The Governor shall maintain a written public record of these hearings.

(e) The Governor shall fully consider any public comments before issuing a written decision to redesignate.

§ 370.12 How does a designated agency preserve its right to appeal a redesignation?

(a) To preserve its right to appeal a Governor’s written decision to redesignate (see § 370.13), a designated agency must respond in writing to the Governor within 30 days after it receives the Governor’s notice of proposed redesignation.

(b) The designated agency shall send its response to the Governor by registered or certified mail, return receipt requested, or other means that provides a record that the Governor received the designated agency’s response.

§ 370.13 What are the requirements for a decision to redesignate?

(a) If, after complying with the requirements of §370.11, the Governor decides to redesignate the designated agency, the Governor shall provide to the designated agency a written decision to redesignate that includes the rationale for the redesignation. The Governor shall send the written decision to redesignate to the designated agency by registered or certified mail, return receipt requested, or other means that provides a record that the designated agency received the Governor’s written decision to redesignate.

(b) If the designated agency submitted to the Governor a timely response to the Governor’s notice of proposed redesignation, the Governor shall inform the designated agency that it has at least 15 days from receipt of the Governor’s written decision to redesignate to file a formal written appeal with the Secretary.

§ 370.14 How does a designated agency appeal a written decision to redesignate?

(a) A designated agency may appeal to the Secretary a Governor’s written decision to redesignate only if the designated agency submitted to the Governor a timely written response to the Governor’s notice of proposed redesignation in accordance with §370.12.

(b) To appeal to the Secretary a Governor’s written decision to redesignate, a designated agency shall file a formal written appeal with the Secretary within 15 days after the designated agency’s receipt of the Governor’s written decision to redesignate. The date of filing of the designated agency’s written appeal with the Secretary will be determined in a manner consistent with the requirements of 34 CFR 81.12.

(c) If the designated agency files a written appeal with the Secretary, the designated agency shall send a separate copy of this appeal to the Governor by registered or certified mail, return receipt requested, or other means that provides a record that the Governor received a copy of the designated agency’s appeal to the Secretary.

(d) The designated agency’s written appeal to the Secretary must state why the Governor has not met the burden of showing that good cause for the redesignation exists or has not met the procedural requirements under §§370.11 and 370.13.
(e) The designated agency's written appeal must be accompanied by the designated agency's written response to the Governor's notice of proposed redesignation and may be accompanied by any other written submissions or documentation the designated agency wishes the Secretary to consider.

(f) As part of its submissions under this section, the designated agency may request an informal meeting with the Secretary at which representatives of both parties will have an opportunity to present their views on the issues raised in the appeal.

(Approved by the Office of Management and Budget under control number 1820-0520)

(Authority: 29 U.S.C. 711(c) and 732(c)(1)(B))

§ 370.16 How does the Secretary review an appeal of a redesignation?

(a) If either party requests a meeting under § 370.14(f) or § 370.15(b), the meeting is to be held within 30 days of the submissions by the Governor under § 370.15, unless both parties agree to waive this requirement. The Secretary promptly notifies the parties of the date and place of the meeting.

(b) Within 30 days of the informal meeting permitted under paragraph (a) of this section or, if neither party has requested an informal meeting, within 60 days of the submissions required from the Governor under § 370.15, the Secretary issues to the parties a final written decision on whether the redesignation was for good cause.

(c) The Secretary reviews a Governor's decision based on the record submitted under §§ 370.14 and 370.15 and any other relevant submissions of other interested parties. The Secretary may affirm or, if the Secretary finds that the redesignation is not for good cause, remand for further findings or reverse a Governor's redesignation.

(d) The Secretary sends copies of the decision to the parties by registered or certified mail, return receipt requested, or other means that provide a record of receipt by both parties.

(Approved by the Office of Management and Budget under control number 1820-0520)

(Authority: 29 U.S.C. 711(c) and 732(c)(1)(B))

§ 370.17 When does a redesignation become effective?

A redesignation does not take effect for at least 15 days following the designated agency's receipt of the Governor's written decision to redesignate or, if the designated agency appeals, for at least 5 days after the Secretary has affirmed the Governor's written decision to redesignate.

(Authority: 29 U.S.C. 711(c) and 732(c)(1)(B))

Subpart C—How Does a State Apply for a Grant?

§ 370.20 What must be included in a request for a grant?

(a) Each State seeking assistance under this part shall submit to the Secretary, in writing, each fiscal year, an
§ 370.30 How does the Secretary allocate and reallocate funds to a State?

(a) The Secretary allocates the funds available under this part for any fiscal year to the States on the basis of the relative population of each State. The Secretary allocates at least $50,000 to each State, unless the provisions of section 112(e)(1)(D) of the Act (which provides for increasing the minimum allotment if the appropriation for the CAP exceeds $7,500,000 or the appropriation is increased by a certain percentage described in section 112(e)(1)(D)(ii) of the Act) are applicable.

(b) The Secretary allocates $30,000 each, unless the provisions of section 112(e)(1)(D) of the Act are applicable, to American Samoa, Guam, the Virgin Islands, the Northern Mariana Islands, and the Republic of Palau, except that the Secretary allocates to the Republic of Palau only 75 percent of this allotment in fiscal year 1996, only 50 percent of this allotment in fiscal year 1997, only 25 percent of this allotment in fiscal year 1998, and none of this allotment in fiscal year 1999 and thereafter.

(c) Unless prohibited or otherwise provided by State law, regulation, or policy, the Secretary pays to the designated agency, from the State allotment under paragraph (a) or (b) of this section, the amount specified in the State's approved request. Because the designated agency is the eventual, if not the direct, recipient of the CAP grant, 34 CFR parts 74 and 81 apply to the designated agency, whether or not the designated agency is the actual recipient of the CAP grant. However, because it is the State that submits an application for and receives the CAP grant, the State remains the grantee for purposes of 34 CFR parts 76 and 80.
In addition, both the State and the designated agency are considered recipients for purposes of 34 CFR part 81.

§ 370.31 How does the Secretary reallocate funds?

(a) The Secretary reallocates funds in accordance with section 112(e)(2) of the Act.

(b) A designated agency shall inform the Secretary at least 90 days before the end of the fiscal year for which CAP funds were received whether the designated agency is making available for reallocation any of those CAP funds that it will be unable to obligate in that fiscal year.

(Approved by the Office of Management and Budget under control number 1820-0520)

(Authority: 29 U.S.C. 711(c) and 732(e)(2))

Subpart E—What Post-Award Conditions Must Be Met by a Designated Agency?

§ 370.40 What are allowable costs?

(a) If the designated agency is a State or local government agency, the designated agency shall apply the cost principles in accordance with 34 CFR 80.22(b).

(b) If the designated agency is a private nonprofit organization, the designated agency shall apply the cost principles in accordance with subpart Q of 34 CFR part 74.

(c) In addition to those allowable costs established in EDGAR, and consistent with the program activities listed in §370.4, the cost of travel in connection with the provision to a client or client applicant of assistance under this program is allowable. The cost of travel includes the cost of travel for an attendant if the attendant must accompany the client or client applicant.

(d) The State and the designated agency are accountable, both jointly and severally, to the Secretary for the proper use of funds made available under this part. However, the Secretary may choose to recover funds under the procedures in 34 CFR part 81 from either the State or the designated agency, or both, depending on the circumstances of each case.

(Authority: 29 U.S.C. 711(c) and 732(c)(3))

§ 370.41 What conflict of interest provision applies to employees of a designated agency?

(a) Except as permitted by paragraph (b) of this section, an employee of a designated agency, of a center under contract with a designated agency (as permitted by §370.2(f)), or of an entity or individual under contract with a designated agency, who carries out any CAP duties or responsibilities, while so employed, may not—

(1) Serve concurrently as a staff member of, consultant to, or in any other capacity within, any other rehabilitation project, program, or community rehabilitation program receiving assistance under the Act in the State; or

(2) Provide any services under the Act, other than CAP and PAIR services.

(b) An employee of a designated agency or of a center under contract with a designated agency, as permitted by §370.2(f), may—

(4) Consult with policymaking and administrative personnel in State and local rehabilitation programs, projects, and community rehabilitation programs, if consultation with the designated agency is specifically permitted or mandated by the Act.

(Authority: 29 U.S.C. 732(g)(1))

§ 370.42 What access must the CAP be afforded to policymaking and administrative personnel?

The CAP must be afforded reasonable access to policymaking and administrative personnel in State and local rehabilitation programs, projects, and community rehabilitation programs. One way in which the CAP may be provided that access would be to include
§ 370.43

The director of the designated agency among the individuals to be consulted on matters of general policy development and implementation, as required by sections 101(a) (18) and (23) of the Act.

(Authority: 29 U.S.C. 721(a) (18) and (23) and 732(g)(2))

§ 370.43 What requirement applies to the use of mediation procedures?

(a) Each designated agency shall implement procedures designed to ensure that, to the maximum extent possible, good faith negotiations and mediation procedures are used before resorting to formal administrative or legal remedies. In designing these procedures, the designated agency may take into account its level of resources.

(b) For purposes of this section, mediation may involve the use of professional mediators, other independent third parties mutually agreed to by the parties to the dispute, or an employee of the designated agency who—

(1) Is not assigned to advocate for or otherwise represent or is not involved with advocating for or otherwise representing the client or client applicant who is a party to the mediation; and

(2) Has not previously advocated for or otherwise represented or been involved with advocating for or otherwise representing that same client or client applicant.

(Authority: 29 U.S.C. 732(g)(3))

§ 370.44 What reporting requirement applies to each designated agency?

In addition to the program and fiscal reporting requirements in EDGAR that are applicable to this program, each designated agency shall submit to the Secretary, no later than 90 days after the end of each fiscal year, an annual report on the operation of its CAP during the previous year, including a summary of the work done and the uniform statistical tabulation of all cases handled by the program. The annual report must contain information on—

(a) The number of requests received by the designated agency for information on services and benefits under the Act and title I of the ADA;

(b) The number of referrals to other agencies made by the designated agency and the reason or reasons for those referrals;

(c) The number of requests for advocacy services received by the designated agency from clients or client applicants;

(d) The number of the requests for advocacy services from clients or client applicants that the designated agency was unable to serve;

(e) The reasons that the designated agency was unable to serve all of the requests for advocacy services from clients or client applicants; and

(f) Any other information that the Secretary may require.

(Authority: 29 U.S.C. 732(d))

§ 370.46 What consultation requirement applies to a Governor of a State?

In designating a client assistance agency under §370.2, redesignating a client assistance agency under §370.10(a), and carrying out the other provisions of this part, the Governor shall consult with the director of the State vocational rehabilitation agency (or, in States with both a general agency and an agency for the blind, the directors of both agencies), the head of the developmental disability protection and advocacy agency, and representatives of professional and consumer organizations serving individuals with disabilities in the State.

(Authority: 29 U.S.C. 732(c)(2))

§ 370.47 When must grant funds be obligated?

fiscal year in accordance with 34 CFR 76.705 through 76.707.

(b) A designated agency shall inform the Secretary within 90 days after the end of the fiscal year for which the CAP funds were made available whether the designated agency carried over to the succeeding fiscal year any CAP funds that it was unable to obligate by the end of the fiscal year.

(f) In addition to the protection afforded by paragraph (d) of this section, the right of a person or designated agency not to produce documents or disclose information to the Secretary is governed by the common law of privileges, as interpreted by the courts of the United States.

AUTHORITY: Secs. 12(c) and 621 of the Act; 29 U.S.C. 711(c) and 795g, unless otherwise noted.
SOURCE: 46 FR 5432, Jan. 19, 1981, unless otherwise noted.

Subpart A—General

§ 379.1 What is the Projects With Industry (PWI) program?
This program is designed to—
(a) Create and expand job and career opportunities for individuals with disabilities in the competitive labor market by engaging the talent and leadership of private industry as partners in the rehabilitation process;
(b) Identify competitive job and career opportunities and the skills needed to perform these jobs;
(c) Create practical settings for job readiness and job training programs; and
(d) Provide job placements and career advancement.

(Authority: Sec. 621(a)(1) of the Act; 29 U.S.C. 795g(a)(1))

§ 379.2 Who is eligible for a grant award under this program?
(a) The Secretary may make a grant under this program to any—
(1) Community rehabilitation program provider;
(2) Designated State unit;
(3) Employer;
(4) Indian tribe or tribal organization;
(5) Labor union;
(6) Nonprofit agency or organization;
(7) Trade association; or
(8) Other agency or organization with the capacity to create and expand job and career opportunities for individuals with disabilities.

(b) New awards may be made only to those eligible entities identified in paragraph (a) of this section that propose to serve individuals with disabilities in States, portions of States, Indian tribes, or tribal organizations that are currently unserved or underserved by the PWI program.

(Authority: Secs. 621(a)(2) and 621(e)(2) of the Act; 29 U.S.C. 795g(a)(2) and 795g(e)(2))

§ 379.3 Who is eligible for services under this program?

(a) An individual is eligible for services under this program if the appropriate State vocational rehabilitation unit determines the individual to be an individual with a disability or an individual with a severe disability, as defined in sections 7(8)(A) and 7(15)(A), respectively, of the Act.

(b) In making the determination under paragraph (a) of this section, the State vocational rehabilitation unit shall rely on the determination made by the recipient of the grant under which the services are provided, to the extent that the determination is appropriate, available, and consistent with the requirements of the Act.

(c) If a State vocational rehabilitation unit does not notify a recipient of a grant within 60 days that the determination of the recipient is inappropriate, the recipient of the grant may consider the individual to be eligible for services.

(Authority: Sec. 621(a)(3) of the Act; 29 U.S.C. 795g(a)(3))

APPENDIX TO § 379.3

The following guidance is provided regarding the determination of eligibility for PWI project services:

(1) If an individual is referred to the PWI project by the State vocational rehabilitation (VR) unit and the individual has been determined by the State VR unit to be an “individual with a disability” under section 102(a)(15)(A) of the Act, then the PWI grantees may initiate services to that individual. In these instances, the State VR unit should provide documentation of this determination to the PWI grantees. If the State VR unit has determined that the individual also meets the definition of an “individual with a severe disability” under section 7(15)(A) of the Act, the PWI grantees should be advised of that determination and provided appropriate documentation of that determination.

(2) If an individual is not referred to the PWI project by the State VR unit, then the PWI grantees make an initial or preliminary determination that the individual is eligible for services because the individual meets the definition of an “individual with a disability” or an “individual with a severe disability.” The State VR unit has a maximum of 60 days to assess the appropriateness of the preliminary determination. If the State VR unit does not decide that the preliminary eligibility determination is inappropriate within this time period, the eligibility determination becomes final.

§ 379.4 What regulations apply?

The following regulations apply to the Projects With Industry program:

(a) The regulations in this part 379; and

(b) The regulations in 34 CFR part 369, except for the regulations in §§ 369.30 and 369.31.

(Authority: Sec. 621 of the Act; 29 U.S.C. 795g)

§ 379.5 What definitions apply?

(a) The definitions in 34 CFR part 369 apply to this program.

(b) The following definitions also apply to this program:

(1) Career advancement services mean services that develop specific job skills beyond those required by the position currently held by an individual with a disability to assist the individual to compete for a promotion or achieve an advanced position.

(2) Competitive employment, as the placement outcome under this program, means work—

(i) In the competitive labor market that is performed on a full-time or part-time basis in an integrated setting; and

(ii) For which an individual is compensated at or above the minimum wage, but not less than the customary or usual wage and terms and conditions provided by the employer for the same
§ 379.10 What types of project activities are required of each grantee under this program?

Each grantee under the PWI program shall—

(a) Arrange for the provision of, or provide individuals with disabilities with, job training in a realistic work setting, if appropriate to the needs of the individual, in order to prepare individuals for employment and career advancement in the competitive labor market;

(b) Provide individuals with disabilities with job placement and career advancement services;

(c) Provide individuals with disabilities with supportive services that are necessary to permit them to maintain the employment and career advancement for which they have received training under this program;

(d) To the extent appropriate, provide for—

(1) The development and modification of jobs and careers to accommodate the special needs of the individuals with disabilities being trained and employed under this program;

(2) The purchase and distribution of rehabilitation technology to meet the needs of individuals with disabilities at job sites; and

(3) The modification of any facilities or equipment of the employer that are to be used by individuals with disabilities under this program; and

(e) Provide for the establishment of a Business Advisory Council (BAC) comprised of representatives of private industry, business concerns, organized labor, and individuals with disabilities and their representatives who will identify job and career availability within the community, the skills necessary to perform those jobs and careers, and prescribe appropriate training programs.

APPENDIX TO § 379.10

A PWI grantee can meet the requirements of § 379.10(a) (1) by directly providing job training to project participants, (2) by arranging for the provision of this training by other entities and taking appropriate follow-up measures to ensure that the training is, in fact, provided, or (3) by a combination of both (1) and (2). The job training provided must meet the definition of job training in other parts of this subpart.
§ 379.5(b)(5) and must be provided as appropriate to the needs of each individual served by the project. Although each individual served by the project may not need job training, the Secretary expects that each PWI project will have an identifiable job training component that is available to those individuals who need it. In order to meet the requirements of §379.10(a), the job training must be provided while the individual is participating in the project (i.e. prior to, or within 90 days of, attaining competitive employment). Therefore, training provided by an employer more than 90 days after the individual begins competitive employment would not meet this requirement. In addition, a project that provides only job readiness training, as defined in §379.5(b)(4), would not meet the requirements of §379.10(a).

(Authority: Sec. 621(a) of the Act; 29 U.S.C. 795g)

§ 379.11 What additional types of project activities may be authorized under this program?

(a) Assisting employers in hiring individuals with disabilities.

(b) Improving or developing relationships between grant recipients or prospective grant recipients and employers or organized labor.

(c) Assisting employers in understanding and meeting the requirements of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) as that Act relates to employment of individuals with disabilities.

(A) For a period not to exceed 18 months, unless under special circumstances a longer period to achieve job stabilization has been jointly agreed to by the individual and the rehabilitation counselor and established in the individual’s program of services, before an individual with the most severe disabilities makes the transition to extended services; and

(b) The State licensing agency shall establish in writing and maintain policies determining whether the vendor-owner or the State licensing agency shall be required to maintain the vending facility in good repair and in an attractive condition and replace worn-out or obsolete equipment; and if the former, such policies shall provide that upon such vendor-owner’s failure to do so, the State licensing agency may make the necessary maintenance, replacement, or repairs and make equitable arrangements for reimbursement;

(c) Vending machine income which is retained under paragraph (a) of this section by a State licensing agency shall be used by such agency for the establishment and maintenance of retirement or pension plans, for health insurance contributions, and for the provision of paid sick leave and vacation time for blind vendors in such State, if it is so determined by a majority vote of blind vendors licensed by the State licensing agency, after such agency has provided to each such vendor information on all matters relevant to such purposes. Any vending machine income not necessary for such purposes shall be used by the State licensing agency for the maintenance and replacement of equipment, the purchase of new equipment, management services, and assuring a fair minimum return to vendors. Any assessment charged to blind vendors by a State licensing agency shall be reduced pro rata in an amount equal to the total of such remaining vending machine income.

When such blind vendor is dissatisfied with any action taken or decision rendered as a result of such hearing, he may file a complaint with the Secretary. Such complaint shall be accompanied by all available supporting documents, including a statement of the decision which was rendered and the reasons in support thereof.

(b) The filing of a complaint under paragraph (a) of this section with either the State licensing agency or the Secretary shall indicate consent by the blind vendor for the release of such information as is necessary for the conduct of a full evidentiary hearing or

(d) The arbitration panel convened by the Secretary to hear the grievances of blind vendors shall be composed of three members appointed as follows:

Such application shall be submitted for the approval of the head of the Federal property managing department, agency, or instrumentality. (b) If, after the lapse of a reasonable time, the Secretary is of the opinion that such failure to comply still continues and that the State licensing agency is not taking the necessary steps to comply, he shall offer to such agency, by reasonable notice in writing thereto and to the chief executive of the State, an opportunity for a hearing before the Secretary (or person designated by the Secretary) to determine whether there is a failure on the part of such agency to comply substantially with the provisions of the Act and of this part.

(c) If it is thereupon determined that there is a failure on the part of such agency to comply substantially with the Act and this part, appropriate written notice shall be given to such agency and to the chief executive of the State suspending such agency’s designation as licensing agency effective 90 days from the date of such notice. A copy of such written notice shall be given to each department, agency, or instrumentality of the United States responsible for the maintenance, operation, and protection of Federal property on which vending machines subject to the requirements of § 395.32 are located in the State. Upon the suspension of such designation, vending machine income from vending machines on Federal property due for accrual to the State licensing agency under § 395.32 shall be retained in escrow by such department, agency, or instrumentality of the United States responsible for the maintenance, operation and protection of the Federal property on which such vending machines are located, pending redesignation of the State licensing agency or rescission of the suspension under paragraph (e) of this section.

(d) If, before the expiration of such 90 days, the Secretary (or person designated by him) determines that the State licensing agency is taking the necessary steps to comply, he may postpone the effective date of such suspension for such time as he deems necessary in the best interest of the program.
§ 395.30

(e) If, prior to the effective date of such suspension, the Secretary (or person designated by him) finds that there is no longer a failure on the part of the State licensing agency to comply substantially with the provisions of the Act and this part, he shall so notify the agency, the chief executive of the State, and each Federal department, agency, or instrumentality required to place funds in escrow under paragraph (c) of this section, in which event the suspension of the designation shall not become effective and the requirement to place funds in escrow shall be terminated.

(a) Each department, agency, or instrumentality of the United States in control of the maintenance, operation, and protection of Federal property shall take all steps necessary to assure that, wherever feasible, in light of appropriate space and potential patronage, one or more vending facilities for operation by blind licensees shall be located on all Federal property provided that the location or operation of such facility or facilities would not adversely affect the interests of the United States. Blind persons licensed by State licensing agencies shall be given priority in the operation of vending facilities on any Federal property.

(b) Any limitation on the location or operation of a vending facility for blind vendors by a department, agency or instrumentality of the United States based on a finding that such location or operation or type of location or operation would adversely affect the interests of the United States shall be fully justified in writing to the Secretary who shall determine whether such limitation is warranted. A determination made by the Secretary concerning such limitation shall be binding on any department, agency, or instrumentality of the United States affected by such determination. The Secretary shall publish such determination in the Federal Register along with supporting documents directly relating to the determination.

(c) Priority in the operation of vending facilities in areas administered by the National Park Service or the National Aeronautics and Space Administration shall be given to blind vendors. Priority in the awarding of contracts for the operation of concessions in such areas when such concessions provide accommodations, facilities, and services of a scope or of a character not generally available in vending facilities operated by blind vendors shall be given in accordance with the provisions of the Concession Policy Act (Pub. L. 98-249, 16 U.S.C. 1) or the National Aeronautics and Space Act of 1958, as amended (Pub. L. 85-568, 42 U.S.C. 2473).

The provisions of this part shall not apply when all accommodations, facilities, or services in such areas are operated by a single responsible concessioner.

§ 395.31 Acquisition and occupation of Federal property.

(a) Effective January 2, 1975, no department, agency, or instrumentality of the United States shall undertake to acquire by ownership, rent, or lease, or to otherwise occupy, in whole or in part, any building unless it is determined that such building includes a satisfactory site or sites for the location and operation of a vending facility by a blind vendor. In those cases where a purchase contract, an agreement to lease, or other similar commitment was entered into prior to January 2, 1975, the provisions of this paragraph shall not apply.

(b) Effective January 2, 1975, no department, agency, or instrumentality of the United States shall undertake to occupy, in whole or in part, any building which is to be constructed, substantially altered, or renovated, or in the case of a building which is occupied on January 2, 1975 by a department, agency, or instrumentality of the United States, no such department, agency, or instrumentality shall undertake to substantially alter or renovate such building, unless it is determined that the design for such construction, substantial alteration, or renovation includes a satisfactory site or sites for the location and operation of a vending

For purposes of this paragraph, substantial alteration or renovation of a building means a permanent material change in the floor area of such building which would render such building appropriate for the location and operation of a vending facility by a blind vendor.

(c) The determination that a building contains a satisfactory site or sites under paragraph (a) or (b) of this section shall be made after consultation between the State licensing agency and the head of the department, agency, or instrumentality of the United States which is planning to acquire or otherwise occupy such building. In order to make such determination, effective on the publication date of this part each such department, agency, or instrumentality shall provide to the appropriate State licensing agency written notice of its intention to acquire or otherwise occupy such building. Such written notice shall be by certified or registered mail with return receipt and shall be provided as early as practicable but no later than 60 days prior to such intended action. The written notice shall indicate that a satisfactory site or sites for the location and operation of a vending facility by blind persons is included in the plans for the building to be acquired or otherwise occupied and shall further assure that the State licensing agency shall be afforded the opportunity to determine whether such building includes a satisfactory site or sites for a vending facility. The written notice shall further assure that the State licensing agency, subject to the approval of the head of the Federal property managing department, agency, or instrumentality, shall be offered the opportunity to select the location and type of vending facility to be operated by a blind vendor prior to the completion of the final space layout of the building. The receipt of such written notice shall be acknowledged in writing promptly by the State licensing agency but no later than within 30 days and the State licensing agency shall indicate at that time whether it is interested in establishing a vending facility. A copy of the written notice to the State licensing agency and the State licensing agency's acknowledgment shall be provided to the Secretary.

(d) When, after a written notice has been provided under paragraph (c) of this section, the State licensing agency determines that the number of persons using the Federal property is or will be insufficient to support a vending facility, and the Secretary concurs with such determination, the provisions of paragraphs (a) and (b) of this section shall also not apply when fewer than 100 Federal Government employees are or will be located during normal working hours in the building to be acquired or otherwise occupied or when such building contains less than 15,000 square feet of interior space to be utilized for Federal Government purposes in the case of buildings in which services are to be provided to the public.

(e) The operation of a vending facility established under pre-existing arrangements shall not be affected by the provisions of this section. The provisions of this section shall further not preclude future arrangements under which vending facilities to be operated by blind vendors may be established in buildings of a size or with an employee population less than that specified in paragraph (d) of this section: Provided, That both the State licensing agency and the Federal property managing department, agency or instrumentality concur in such establishment.

(f) Each department, agency, and instrumentality of the United States, when leasing property in privately owned buildings, shall make every effort to lease property capable of accommodating a vending facility. When, however, such department, agency, or instrumentality is leasing part of a privately owned building in which prior to the execution of the lease, the lessor or any of his tenants had in operation or had entered into a contract for the operation of a restaurant or other food facility in a part of the building not included in such lease and the operation of a vending facility by a blind vendor would be in proximate and substantial
§ 395.32 Collection and distribution of vending machine income from vending machines on Federal property.

(a) The on-site official responsible for the Federal property of each property managing department, agency, or instrumentality of the United States, in accordance with established procedures of such department, agency, or instrumentality, shall be responsible for the collection of, and accounting for, vending machine income from vending machines on Federal property under his control and shall otherwise ensure compliance with the provisions of this section.

(b) Effective January 2, 1975, 100 per centum of all vending machine income from vending machines on Federal property which are in direct competition with a vending facility operated by a blind vendor shall accrue to the State licensing agency which shall disburse such income to such blind vendor operating such vending facility on such property. In the event that there is no blind vendor on such property, such income shall accrue to the State licensing agency, except as indicated under paragraph (d) of this section. The total amount of such income disbursed to such blind vendor shall not exceed the maximum amount determined under § 395.8(a). In the event that there is income from such vending machines in excess of the maximum amount which may accrue to the blind vendor under § 395.8(a), such additional income shall accrue to the State licensing agency for purposes determined in accordance with § 395.8(c).

(d) Effective January 2, 1975, 30 per centum of all vending machine income from vending machines, which are not in direct competition with a vending facility operated by a blind vendor and which are on Federal property at which at least 50 per centum of the total hours worked on the premises occurs during a period other than normal working hours, shall accrue to the State licensing agency which shall disburse such income to the blind vendor operating a vending facility on such property. In the event that there is no blind vendor on such property, such income shall accrue to the State licensing agency, except as indicated under paragraph (d) of this section. The total amount of such income disbursed to such blind vendor shall not exceed the maximum amount determined under § 395.8(a). In the event that there is income from such vending machines in excess of the maximum amount which may be disbursed to the blind vendor under § 395.8(a), such additional income shall accrue to the State licensing agency for purposes determined in accordance with § 395.8(c).
or instrumentality, from vending machine income due to the State licensing agency under paragraphs (b), (c), or (d) of this section.

(g) The collection of vending machine income and its disbursement to the appropriate State licensing agency shall be conducted on at least a quarterly basis.

(h) All arrangements pertaining to the operation of vending machines on Federal property not covered by contract with, or by permits issued to, State licensing agencies, shall be renegotiated upon the expiration of the existing contract or other arrangement for consistency with the provisions of this section.

(i) The provisions of this section shall not apply to income from vending machines within operated retail sales outlets under the control of post exchange or ships’ stores systems authorized under title 10 U.S.C.; to income from vending machines operated by the Veterans Canteen Service; or to income from vending machines not in direct competition with a blind vending facility at individual locations, installations, or facilities on Federal property the total of which at such individual locations, installations, or facilities does not exceed $3,000 annually.

(j) The provisions of this section shall not operate to preclude existing or future arrangements, or regulations of departments, agencies, or instrumentalities of the United States, under which blind vendors or State licensing agencies may:

1. Receive a greater percentage or amount of vending machine income than that specified in paragraphs (b), (c), and (d) of this section, or

2. Receive vending machine income from individual locations, installations, or facilities on Federal property the total of which at such individual locations, installations, or facilities does not exceed $3,000 annually.

§ 395.33 Operation of cafeterias by blind vendors.

(a) Priority in the operation of cafeterias by blind vendors on Federal property shall be afforded when the Secretary determines, on an individual basis, and after consultation with the appropriate property managing department, agency, or instrumentality, that such operation can be provided at a reasonable cost, with food of a high quality comparable to that currently provided employees, whether by contract or otherwise. Such operation shall be expected to provide maximum employment opportunities to blind vendors to the greatest extent possible.

(b) In order to establish the ability of blind vendors to operate a cafeteria in such a manner as to provide food service at comparable cost and of comparable high quality as that available from other providers of cafeteria services, the appropriate State licensing agency shall be invited to respond to solicitations for offers when a cafeteria contract is contemplated by the appropriate property managing department, agency, or instrumentality. Such solicitations for offers shall establish criteria under which all responses will be judged. Such criteria may include sanitation practices, personnel, staffing, menu pricing and portion sizes, menu variety, budget and accounting practices. If the proposal received from the State licensing agency is judged to be within a competitive range and has been ranked among those proposals which have a reasonable chance of being selected for final award, the property managing department, agency, or instrumentality shall consult with the Secretary as required under paragraph (a) of this section. If the State licensing agency is dissatisfied with an action taken relative to its proposal, it may file a complaint with the Secretary under the provisions of §395.37.

(c) All contracts or other existing arrangements pertaining to the operation of cafeterias on Federal property not covered by contract with, or by permits issued to, State licensing agencies shall be renegotiated subsequent to the effective date of this part on or before the expiration of such contracts or other arrangements pursuant to the provisions of this section.

(d) Notwithstanding the requirements of paragraphs (a) and (b) of this section, Federal property managing departments, agencies, and instrumentalities may afford priority in the operation of cafeterias by blind vendors on
Federal property through direct negotiations with State licensing agencies whenever such department, agency, or instrumentality determines, on an individual basis, that such operation can be provided at a reasonable cost, with food of a high quality comparable to that currently provided employees: Provided, however, that the provisions of paragraphs (a) and (b) of this section shall apply in the event that the negotiations authorized by this paragraph do not result in a contract.

§ 395.34 Application for permits.

Applications for permits for the operation of vending facilities other than cafeterias shall be made in writing on the appropriate form, and submitted for the review and approval of the head of the Federal property managing department, agency, or instrumentality.

§ 395.35 Terms of permit.

Every permit shall describe the location of the vending facility including any vending machines located on other than the facility premises and shall be subject to the following provisions:

(a) The permit shall be issued in the name of the applicant State licensing agency which shall:
   (1) Prescribe such procedures as are necessary to assure that in the selection of vendors and employees for vending facilities there shall be no discrimination because of sex, race, age, creed, color, national origin, physical or mental disability, or political affiliation; and
   (2) Take the necessary action to assure that vendors do not discriminate against any person or persons in furnishing, or by refusing to furnish, to such person or persons the use of any vending facility, including any and all services, privileges, accommodations, and activities provided thereby, and comply with title VI of the Civil Rights Act of 1964 and regulations issued pursuant thereto.

(b) The permit shall be issued for an indefinite period of time subject to suspension or termination on the basis of compliance with agreed upon terms.

(c) The permit shall provide that:
   (1) No charge shall be made to the State licensing agency for normal cleaning, maintenance, and repair of the building structure in and adjacent to the vending facility areas;
   (2) Cleaning necessary for sanitation, and the maintenance of vending facilities and vending machines in an orderly condition at all times, and the installation, maintenance, repair, replacement, servicing, and removal of vending facility equipment shall be without cost to the department, agency, or instrumentality responsible for the maintenance of the Federal property; and
   (3) Articles sold at vending facilities operated by blind licensees may consist of newspapers, periodicals, publications, confections, tobacco products, foods, beverages, chances for any lottery authorized by State law and conducted by an agency of a State within such State, and other articles or services as are determined by the State licensing agency, in consultation with the on-site official responsible for the Federal property of the property managing department, agency or instrumentality, to be suitable for a particular location. Such articles and services may be dispensed automatically or manually and may be prepared on or off the premises in accordance with all applicable health laws.

(d) The permit shall further provide that vending facilities shall be operated in compliance with applicable health, sanitation, and building codes or ordinances.

(e) The permit shall further provide that installation, modification, relocation, removal, and renovation of vending facilities shall be subject to the prior approval and supervision of the on-site official responsible for the Federal property of the property managing department, agency, or instrumentality, and the State licensing agency; that costs of relocations initiated by the State licensing agency shall be paid by the State licensing agency; and that costs of relocations initiated by the department, agency, or instrumentality shall be borne by such department, agency, or instrumentality.

(f) The operation of a cafeteria by a blind vendor shall be covered by a contractual agreement and not by a permit.
§ 395.36 Enforcement procedures.

(a) The State licensing agency shall attempt to resolve day-to-day problems pertaining to the operation of the vending facility in an informal manner with the participation of the blind vendor and the on-site official responsible for the property of the property managing department, agency, or instrumentality as necessary.

(b) Unresolved disagreements concerning the terms of the permit, the Act, or the regulations in this part and any other unresolved matters shall be reported in writing to the State licensing agency supervisory personnel by the Regional or other appropriate official of the Federal property managing department, agency, or instrumentality in an attempt to resolve the issue.

§ 395.37 Arbitration of State licensing agency complaints.

(a) Whenever any State licensing agency determines that any department, agency, or instrumentality of the United States which has control of the maintenance, operation, and protection of Federal property is failing to comply with the provisions of the Act or of this part and all informal attempts to resolve the issues have been unsuccessful, such licensing agency may file a complaint with the Secretary.

(b) Upon receipt of a complaint filed under paragraph (a) of this section, the Secretary shall convene an ad hoc arbitration panel which shall, in accordance with the provisions of 5 U.S.C. ch. 5, subchapter II, give notice, conduct a hearing and render its decision which shall be final and binding on the parties except that such decision shall be subject to appeal and review as a final agency action for purposes of the provisions of 5 U.S.C. ch. 7. The arbitration panel convened by the Secretary to hear complaints filed by a State licensing agency shall be composed of three members appointed as follows:

(1) One individual designated by the State licensing agency;

(2) One individual designated by the head of the Federal department, agency, or instrumentality controlling the Federal property over which the dispute arose; and

(3) One individual, not employed by the Federal department, agency, or instrumentality controlling the Federal property over which the dispute arose, who shall be jointly designated by the other members of the panel and who shall serve as chairman of the panel.

(c) If either the State licensing agency or the head of the Federal department, agency, or instrumentality fails to designate a member of an arbitration panel, the Secretary shall designate such member on behalf of such party.

(d) If the panel finds that the acts or practices of any department, agency, or instrumentality are in violation of the Act or of this part, the head of any such department, agency, or instrumentality (subject to any appeal under paragraph (b) of this section) shall cause such acts or practices to be terminated promptly and shall take such other action as may be necessary to carry out the decision of the panel.

(e) The decisions of an arbitration panel convened by the Secretary under this section shall be matters of public record and shall be published in the FEDERAL REGISTER.

(f) The Secretary shall pay all reasonable costs of arbitration under this section in accordance with a schedule of fees and expenses which shall be published in the FEDERAL REGISTER.

§ 395.38 Reports.

At the end of each fiscal year, each property managing department, agency, or instrumentality of the United States shall report to the Secretary the total number of applications for vending facility locations received from State licensing agencies, the number accepted, the number denied, the number still pending, the total amount of vending machine income collected and the amount of such vending machine income disbursed to the State licensing agency in each State.
