Cite this Code: CFR

To cite the regulations in this volume use title, part and section number. Thus, 44 CFR 1.1 refers to title 44, part 1, section 1.
Explanation

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the Federal Government. The Code is divided into 50 titles which represent broad areas subject to Federal regulation. Each title is divided into chapters which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas.

Each volume of the Code is revised at least once each calendar year and issued on a quarterly basis approximately as follows:
Title 1 through Title 16..............................................................as of January 1
Title 17 through Title 27.................................................................as of April 1
Title 28 through Title 41.................................................................as of July 1
Title 42 through Title 50.............................................................as of October 1

The appropriate revision date is printed on the cover of each volume.

LEGAL STATUS

The contents of the Federal Register are required to be judicially noticed (44 U.S.C. 1507). The Code of Federal Regulations is prima facie evidence of the text of the original documents (44 U.S.C. 1510).

HOW TO USE THE CODE OF FEDERAL REGULATIONS

The Code of Federal Regulations is kept up to date by the individual issues of the Federal Register. These two publications must be used together to determine the latest version of any given rule.

To determine whether a Code volume has been amended since its revision date (in this case, October 1, 1998), consult the “List of CFR Sections Affected (LSA),” which is issued monthly, and the “Cumulative List of Parts Affected,” which appears in the Reader Aids section of the daily Federal Register. These two lists will identify the Federal Register page number of the latest amendment of any given rule.

EFFECTIVE AND EXPIRATION DATES

Each volume of the Code contains amendments published in the Federal Register since the last revision of that volume of the Code. Source citations for the regulations are referred to by volume number and page number of the Federal Register and date of publication. Publication dates and effective dates are usually not the same and care must be exercised by the user in determining the actual effective date. In instances where the effective date is beyond the cutoff date for the Code a note has been inserted to reflect the future effective date. In those instances where a regulation published in the Federal Register states a date certain for expiration, an appropriate note will be inserted following the text.

OMB CONTROL NUMBERS

The Paperwork Reduction Act of 1980 (Pub. L. 96-511) requires Federal agencies to display an OMB control number with their information collection request.
Many agencies have begun publishing numerous OMB control numbers as amendments to existing regulations in the CFR. These OMB numbers are placed as close as possible to the applicable recordkeeping or reporting requirements.

**OBsolete Provisions**

Provisions that become obsolete before the revision date stated on the cover of each volume are not carried. Code users may find the text of provisions in effect on a given date in the past by using the appropriate numerical list of sections affected. For the period before January 1, 1986, consult either the List of CFR Sections Affected, 1949-1963, 1964-1972, or 1973-1985, published in seven separate volumes. For the period beginning January 1, 1986, a “List of CFR Sections Affected” is published at the end of each CFR volume.

**CFR Indexes and Tabular Guides**

A subject index to the Code of Federal Regulations is contained in a separate volume, revised annually as of January 1, entitled CFR INDEX AND FINDING AIDS. This volume contains the Parallel Table of Statutory Authorities and Agency Rules (Table I), and Acts Requiring Publication in the Federal Register (Table II). A list of CFR titles, chapters, and parts and an alphabetical list of agencies publishing in the CFR are also included in this volume.

An index to the text of “Title 3—The President” is carried within that volume.

The Federal Register Index is issued monthly in cumulative form. This index is based on a consolidation of the “Contents” entries in the daily Federal Register.

A List of CFR Sections Affected (LSA) is published monthly, keyed to the revision dates of the 50 CFR titles.

**RePublication of Material**

There are no restrictions on the republication of material appearing in the Code of Federal Regulations.

**Inquiries**

For a legal interpretation or explanation of any regulation in this volume, contact the issuing agency. The issuing agency’s name appears at the top of odd-numbered pages.

For inquiries concerning CFR reference assistance, call 202-523-5227 or write to the Director, Office of the Federal Register, National Archives and Records Administration, Washington, DC 20408 or e-mail info@fedreg.nara.gov.

**Sales**

The Government Printing Office (GPO) processes all sales and distribution of the CFR. For payment by credit card, call 202-512-1800, M-F 8 a.m. to 4 p.m. e.s.t. or fax your order to 202-512-2233, 24 hours a day. For payment by check, write to the Superintendent of Documents, Attn: New Orders, P.O. Box 371954, Pittsburgh, PA 15250-7954. For GPO Customer Service call 202-512-1803.

**Electronic Services**

The Office of the Federal Register also offers a free service on the National Archives and Records Administration's (NARA) World Wide Web site for public law numbers, Federal Register finding aids, and related information. Connect to NARA's web site at www.nara.gov/fedreg. The NARA site also contains links to GPO Access.

RAYMOND A. MOSLEY,
Director,
Office of the Federal Register.

October 1, 1998.
Title 44—Emergency Management and Assistance is composed of one volume. The contents of this volume represent all current regulations codified under this title of the CFR as of October 1, 1998.

For this volume, Kenneth R. Payne was Chief Editor. The Code of Federal Regulations publication program is under the direction of Frances D. McDonald, assisted by Alomha S. Morris.
Would you like to know...

if any changes have been made to the Code of Federal Regulations or what documents have been published in the Federal Register without reading the Federal Register every day? If so, you may wish to subscribe to the LSA (List of CFR Sections Affected), the Federal Register Index, or both.

LSA
The LSA (List of CFR Sections Affected) is designed to lead users of the Code of Federal Regulations to amendatory actions published in the Federal Register. The LSA is issued monthly in cumulative form. Entries indicate the nature of the changes—such as revised, removed, or corrected. $27 per year.

Federal Register Index
The index, covering the contents of the daily Federal Register, is issued monthly in cumulative form. Entries are carried primarily under the names of the issuing agencies. Significant subjects are carried as cross-references. $25 per year.

A finding aid is included in each publication which lists Federal Register page numbers with the date of publication in the Federal Register.

Superintendent of Documents Subscription Order Form

Order Processing Code:  
*5421  ☐ YES, send me the following indicated subscriptions for one year:
☐ LSA (List of CFR Sections Affected), (LCS) for $27 per year.
☐ Federal Register Index (FRSU) $25 per year.

The total cost of my order is $.
(includes regular shipping and handling.)

For privacy check box below:
☐ Do not make my name available to other mailers

Check method of payment:
☐ Check payable to Superintendent of Documents
☐ GPO Deposit Account    ☐ VISA ☐ MasterCard    (expiration date)

Credit card No.   (must be 20 digits)

Thank you for your order!

1.14 Additional rulemaking proceedings.
1.15 Hearings.
1.16 Adoption of a final rule.
1.17 Petitions for reconsideration.
1.18 Petition for rulemaking.

SOURCE: 46 FR 32584, June 24, 1981, unless otherwise noted.

Subpart A—General

§ 1.1 Purpose.
(a) This part contains the basic policies and procedures of the Federal Emergency Management Agency (FEMA) for adoption of rules. These policies and procedures incorporate those provisions of section 4 of the Administrative Procedure Act (APA) (5 U.S.C. 553) which FEMA will follow. This part and internal FEMA Manuals implement Executive Order 12291.
(b) Rules which must be published are described in section 3(a) of the APA, 5 U.S.C. 552(a). FEMA implementation of paragraph (a) is contained in 44 CFR part 3, subpart B.
(c) This part contains policies and procedures for implementation of the Regulatory Flexibility Act which took effect January 1, 1981.
(d) A FEMA Manual No. 1140.1, “The Formulation, Drafting, Clearance, and Publication of Federal Register Documents” has been issued describing the internal procedures including policy level oversight of FEMA for:
(1) Publishing the semiannual agenda of significant regulations under development and review;
(2) Making initial determinations with respect to significance of proposed rulemaking;
(3) Determining the need for regulatory analyses; and
(4) Reviewing existing regulations, including the reviews required by the Regulatory Flexibility Act.
(e) As the FEMA Manual deals with internal management it is not subject to the requirements either of 5 U.S.C. 552 or 553. Its provisions are not part of this rule and reference to it is informative only.
[46 FR 32584, June 24, 1981, as amended at 49 FR 33878, Aug. 27, 1984]

§ 1.2 Definitions.
(a) Rule or regulation means the whole or a part of any agency statement of general applicability and future effect designed to (1) implement, interpret, or prescribe law or policy, or (2) describe procedures or practice requirements. It includes any rule of general applicability governing Federal grants to State and local governments for which the agency provides an opportunity for notice and public comment, except that the term rule does not include a rule of particular applicability relating to rates, wages, prices, facilities, appliances, services, or allowances therefor or to valuations, costs or accounting, or practices relating to such rates, wages, structures, prices, appliances, services, or allowances. For purposes of this part the term rule does not include regulations issued with respect to a military or foreign affairs function of the United States.
(b) Rulemaking means the FEMA process for considering and formulating the issuance, amendment or repeal of a rule.

(c) Director means the Director, FEMA, or an official to whom the Director has expressly delegated authority to issue rules.

(d) FEMA means Federal Emergency Management Agency.

(e) Major rule means any regulation that is likely to result in:

(1) An annual effect on the economy of $100 million or more;
(2) A major increase in costs or prices for consumers, individual industries, Federal, State, or local government agencies, or geographic regions; or
(3) Significant adverse effects on competition, employment, investment, productivity, innovation, or on the ability of United States-based enterprises to compete with foreign-based enterprises in domestic or export markets.

§ 1.3 Scope.

(a) This part prescribes general rulemaking procedures for the issuance, amendment, or repeal of rules in which participation by interested persons is required by 5 U.S.C. 553 or other statutes, by Executive Order 12291, by FEMA policy, or by § 1.4 of this part.

(b) Any delegation by the Director of authority to issue rules may not be further delegated, unless expressly provided for in the delegation.

(c) This part does not apply to rules issued in accordance with the formal rulemaking provisions of the Administrative Procedure Act (5 U.S.C. 556, 557).

§ 1.4 Policy and procedures.

(a) In promulgating new regulations, reviewing existing regulations, and developing legislative proposals concerning regulation, FEMA, to the extent permitted by law, shall adhere to the following requirements:

(1) Administrative decisions shall be based on adequate information concerning the need for and consequences of proposed government action;
(2) Regulatory action shall not be undertaken unless the potential benefits to society for the regulation outweigh the potential costs to society;

(3) Regulatory objectives shall be chosen to maximize the net benefits to society;

(4) Among alternative approaches to any given regulatory objective, the alternative involving the least net cost to society shall be chosen; and

(5) FEMA shall set regulatory priorities with the aim of maximizing the aggregate net benefits to society, taking into account the condition of the particular entities affected by regulations, the condition of the national economy, and other regulatory actions contemplated for the future.

(b) It is the policy of FEMA to provide for public participation in rulemaking regarding its programs and functions, including matters that relate to public property, loans, grants, or benefits, or contracts, even though these matters are not subject to a requirement for notice and public comment rulemaking by law.

(c) FEMA will publish notices of proposed rulemaking in the Federal Register and will give interested persons an opportunity to participate in the rulemaking through submission of written data, views, and arguments with or without opportunity for oral presentation.

(d) In order to give the public, including small entities and consumer groups, an early and meaningful opportunity to participate in the development of rules, for a number of regulations the Director will employ additional methods of inviting public participation. These methods include, but are not limited to, publishing advance Notices of Proposed Rulemaking (ANPR), which can include a statement with respect to the impact of the proposed rule on small entities; holding open conferences; convening public forums or panels, sending notices of proposed regulations to publications likely to be read by those affected and soliciting comment from interested parties by such means as direct mail. An ANPR should be used to solicit public comment early in the rulemaking process for significant rules.

(e) It is the policy of FEMA that its notices of proposed rulemaking are to afford the public at least sixty days for
§ 1.6 Ex parte communications.

In rulemaking proceedings subject only to the procedural requirements of 5 U.S.C. 553:

(a) All oral communications from outside FEMA of significant information and argument respecting the merits of a proposed rule, received after notice of proposed informal rulemaking and in its course by FEMA or its offices and divisions or their personnel participating in the decision, should be summarized in writing and placed promptly in the Rules Docket File available for public inspection.

(b) FEMA may conclude that restrictions on ex parte communications in particular rulemaking proceedings are necessitated by consideration of fairness or for other reasons.
§ 1.7 Regulations agendas.
(a) The FEMA semi-annual agenda called for by Executive Order 12291 will be part of the Unified Agenda of Federal Regulations published in April and October of each year. 
(b) In accordance with 5 U.S.C. 605, the regulatory flexibility agenda required by 5 U.S.C. 602 and the list of rules, if any, to be reviewed pursuant to 5 U.S.C. 610 shall be included in the FEMA semiannual agenda described in paragraph (a) of this section.
(c) The semiannual agenda shall, among other items, include:
(1) A summary of the nature of each major rule being considered, the objectives and legal basis for the issuance of the rule, and an approximate schedule for completing action on any major rule for which the agency has issued a notice of proposed rulemaking.
(2) The name and telephone number of a knowledgeable agency official for each item on the agenda; and
(3) A list of existing regulations to be reviewed under the terms of the Order and a brief discussion of each such regulation.
[46 FR 32954, June 24, 1981, as amended at 49 FR 33878, Aug. 27, 1984]

§ 1.8 Regulations review.
(a) In part of the semiannual agenda described in § 1.7 of this part, FEMA will publish in the FEDERAL REGISTER and keep updated a plan for periodic review of existing rules at least within 10 years from date of publication of a rule as final. This includes those that have significant impact on a substantial number of small entities.
(b) The purpose of the review shall be to determine whether such rules should be continued without change, or should be amended or rescinded, consistent with the stated objectives of applicable statutes, including minimizing any significant economic impact of the rules upon a substantial number of small entities.
(c) In reviewing rules FEMA shall consider the following factors:
(1) The continued need for the rule;
(2) The nature, type and number of complaints or comments received concerning the rule from the public;
(3) The complexity of the rule, including need for review of language for clarity;
(4) The extent to which the rule overlaps, duplicates or conflicts with other Federal rules, and, to the extent feasible, with State and local governmental rules; and
(5) The length of time since the rule has been evaluated or the degree to which technology, economic conditions, or other factors have changed in the area affected by the rule.

§ 1.9 Regulatory impact analyses.
(a) FEMA shall, in connection with any major rule, prepare and consider a Regulatory Impact Analysis. Such analysis may be combined with the Regulatory Flexibility Analysis described in §§ 1.12(f) and 1.16(c) of this part.
(b) FEMA shall initially determine whether a rule it intends to propose or to issue is a major rule and, if a major rule, shall prepare Regulatory Impact Analyses and transmit them, along with all notices of proposed rulemaking and all final rules, to the Director, Office of Management and Budget, as follows:
(1) If no notice of proposed rulemaking is to be published for a proposed major rule that is not an emergency rule, the agency shall prepare only a final Regulatory Impact Analysis, which shall be transmitted, along with the proposed rule, to the Director, Office of Management and Budget, at least 60 days prior to the publication of the major rule as a final rule;
(2) With respect to all other major rules, FEMA shall prepare a preliminary Regulatory Impact Analysis, which shall be transmitted, along with a notice of proposed rulemaking, to the Director, Office of Management and Budget, at least 60 days prior to the publication of a notice of proposed rulemaking, and a final Regulatory Impact Analysis, which shall be transmitted along with the final rule at least 30 days prior to the publication of the major rule as a final rule;
(3) For all rules other than major rules, FEMA shall, unless an exemption has been granted, submit to the Director, Office of Management and
Federal Emergency Management Agency

§ 1.12 Notice of proposed rulemaking.

Each notice of proposed rulemaking required by statute, executive order, or by § 1.4 will be published in the Federal Register and will include:

(a) The substance or terms of the proposed rule or a description of the subject matter and issues involved.

(b) A statement of how and to what extent interested persons may participate in the proceeding.

(c) Where participation is limited to written comments, a statement of the time within which such comments must be submitted.

(d) A reference to the legal authority under which the proposal is issued.

(e) In a proceeding which has provided Advance Notice of Proposed Rulemaking, an analysis of the principal issues and recommendations raised by the comments, and the manner in which they have been addressed in the proposed rulemaking.

(f)(1) A brief statement setting forth the agency’s initial determination whether the proposed rule is a major rule, together with the reasons underlying that determination;

(2) For each proposed major rule, a brief summary of the agency’s preliminary Regulatory Impact Analysis; and

(3) The initial regulatory flexibility analysis or a summary thereof as required by the Regulatory Flexibility Act.
§ 1.13 Participation by interested persons.

(a) Unless the notice otherwise provides, any interested person may participate in rulemaking proceedings by submitting written data, views or arguments within the comment time stated in the notice. In addition, the Director may permit the filing of comments in response to original comments.

(b) In appropriate cases, the Director may provide for oral presentation of views in additional proceedings described in §1.14.

(c) Copies of regulatory flexibility analyses shall be furnished the Chief Counsel for Advocacy of the Small Business Administration.

§ 1.14 Additional rulemaking proceedings.

The Director may invite interested persons to present oral arguments, appear at informal hearings, or participate in any other procedure affording opportunity for oral presentation of views. The transcript or minutes of such meetings, as appropriate, will be kept and filed in the Rules Docket.

§ 1.15 Hearings.

(a) The provisions of 5 U.S.C. 556 and 557, which govern formal hearings in adjudicatory proceedings, do not apply to informal rulemaking proceedings described in this part. When opportunity is afforded for oral presentation, the informal “hearing” is a nonadversary, fact-finding proceeding. Any rule issued in a proceeding under this part in which a hearing is held need not be based exclusively on the record of such hearing.

(b) When a hearing is provided, the Director will designate a representative to conduct the hearing.

§ 1.16 Adoption of a final rule.

(a) All timely comments will be considered in taking final action on a proposed rule. Each preamble to a final rule will contain a short analysis and evaluation of the relevant significant issues set forth in the comments submitted, and a clear concise statement of the basis and purpose of the rule.

(b) When determined necessary by the Director in accordance with the provisions of 1 CFR 18.12, the preamble shall contain the following information:

1. A discussion of the background and major issues involved;
2. In the case of a final rule, any significant differences between it and the proposed rule;
3. A response to substantive public comments received; and
4. Any other information the Director considers appropriate.

(c) At the time of publication of the final rule, a statement shall be published describing how the public may obtain copies of the final regulatory flexibility analysis which must be prepared in accordance with 5 U.S.C. 604 unless the procedure for waiver or delay of completion under 5 U.S.C. 608 is followed.

(d) Before approving any final major rule FEMA will:
1. Make a determination that the regulation is clearly within the authority delegated by law and consistent with congressional intent and include in the FEDERAL REGISTER at the time of promulgation a memorandum of law supporting that determination; and
2. Make a determination that the factual conclusions upon which the rule is based have substantial support in the agency record, viewed as a whole, with full attention to public comments in general and the comments of persons directly affected by the rule in particular.
§ 1.17 Petitions for reconsideration.

Petitions for reconsideration of a final rule will not be considered. Such petitions, if filed, will be treated as petitions for rulemaking in accordance with §1.18.

§ 1.18 Petition for rulemaking.

(a) Any interested person may petition the Director for the issuance, amendment, or repeal of a rule. For purposes of this section the term person includes a Federal, State or local government or government agency. Each petition shall:

(1) Be submitted to the Rules Docket Clerk;

(2) Set forth the substance of the rule or amendment proposed or specify the rule sought to be repealed or amended;

(3) Explain the interest of the petitioner in support of the action sought; and

(4) Set forth all data and arguments available to the petitioner in support of the action sought.

(b) No public procedures will be held directly on the petition before its disposition. If the Director finds that the petition contains adequate justification, a rulemaking proceeding will be initiated or a final rule will be issued as appropriate. If the Director finds that the petition does not contain adequate justification, the petition will be denied by letter or other notice, with a brief statement of the ground for denial. The Director may consider new evidence at any time; however, repetitious petitions for rulemaking will not be considered.

PART 2—ORGANIZATION, FUNCTIONS, AND DELEGATIONS OF AUTHORITY

Subpart A—Organization, Functions, and Delegations of Authority

GENERAL

Sec.
2.1 Purpose.
2.2 Organization of FEMA.
2.3 Exercise of authority.
2.4 General limitations and reservations.
2.5 Delegations not included.
2.6 Redlegation of authority.
2.7 General delegations.
2.8 Designation of subordinates to act.
§ 2.2 Organization of FEMA.

(a) The Director is the head of FEMA. All authorities of FEMA are either vested in the Director by statute or have been transferred to or delegated to the Director. Notwithstanding any delegation by the Director to a subordinate officer of FEMA, the Director may also exercise such authority.

(b) FEMA is composed of the Offices, Administrations, and Directorates, the responsibilities of which are described in §§ 2.11 through 2.44.

(c) The Executive Board of FEMA consists of the senior managers appointed by the President and confirmed by the Senate as well as representatives of the Regional Directors and other senior managers as the Director shall designate from time to time. The principal function of the Executive Board is to review the Agency’s overall direction, performance, and policies. The Executive Board will hold regular meetings on a quarterly basis and may hold special meetings at the discretion of the Director.

§ 2.3 Exercise of authority.

Exercise of the authority delegated by this subpart or redelegated pursuant to this subpart is subject to the direction, control, and authority of the Director, and is governed by applicable laws, Executive Orders, Federal agency regulations or issuances applicable to FEMA. Such exercise is also governed by regulations issued by FEMA, and by policies, objectives, directives, manuals, instructions, plans, standards, procedures and limitations issued from time to time by or on behalf of the Director.

§ 2.4 General limitations and reservations.

(a) All powers and duties not delegated by the Director in this subpart, nor otherwise provided for in Title 44, are reserved to the Director.

(b) The following specific authorities are reserved to the Director:

(i) Certain authorities relating to reporting to Congress and the President including those under:

(i) Section 16 of the Federal Fire Prevention and Control Act of 1974 (15 U.S.C. 2215);

(ii) Section 1320 of the National Flood Insurance Act (42 U.S.C. 4027);

(iii) Section 1234 of the National Housing Act (12 U.S.C. 1749bb-10d);

(iv) Section 406 of the Federal Civil Defense Act of 1950, as amended (50 U.S.C. App. 2258);

(v) Section 5(b)(1)(D) of the Earthquake Hazards Reduction Act of 1977 (42 U.S.C. 7704(b)(1)(D)); and

(vi) Section 2-105 of Executive Order 12148 of July 20, 1979.

(2) Authorities connected with declaration of major disasters and emergencies, and with delegations to other agencies including:

(i) The authority to make recommendations to the President concerning the determination that an emergency exists pursuant to section 501 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5130); and

(ii) The authority to make recommendations to the President concerning the issuance of a major disaster declaration pursuant to section 401 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5170); and

(iii) Provision is made in § 2.11 of this part for the Deputy Director to exercise the authorities set out in this paragraph when the Director is unavailable due to illness or incapacity.

(4) Authority to make the determination concerning Federal operation of the program and the report to Congress under section 1340 of the National Flood Insurance Act (42 U.S.C. 4071).

§ 2.5 Delegations not included.

Other delegations of authority have been and will be made in other FEMA regulations and by internal FEMA directives that concern internal FEMA
policies and operations. These are valid delegations. Without in any way limiting the number of those delegations, and without describing all of them in this listing which is not complete, they include those:

(a) Delegations concerning Federal personnel matters such as those concerning appointing authority, compensation, and so on. These are considered internal personnel rules and are not published in this chapter but are published in a FEMA Instruction.

(b) Delegation to the General Counsel as Ethics Counselor under 5 CFR part 2638.

(c) Delegations under parts 5 and 6 of this subchapter relating to the Freedom of Information Act and Privacy Act.

(d) Delegations to several officials relating to authentication of records under 44 CFR 5.82.

(e) Delegations to the General Counsel and Chief Financial Officer with respect to claims under part 11 of this subchapter.

(f) Delegations to classify information originally as Secret or Confidential.

(h) Delegations concerning environmental matters under part 10 of this subchapter; and

(i) Delegations concerning floodplain management and wetlands protection matters under part 9 of this subchapter.

§ 2.6 Redelegation of authority.

(a) It is FEMA's policy that the authorities delegated by this chapter, unless otherwise specifically provided, may be redelegated in whole or in part provided any such redelegation is in writing and approved by the officer to whom the authority is initially delegated. This restriction does not apply to a temporary redelegation of authority to a principal deputy or first assistant to be exercised during the absence of the delegating official.

(b) The authority to issue regulations having general applicability and future effect designed to implement, interpret or prescribe law or policy, and which are to be published in the Federal Register, may be delegated or redelegated only to positions for which it is required that the incumbent be confirmed by the United States Senate. This does not prohibit an acting official from issuing regulations. This paragraph does not apply to rules issued under parts 64, 65, 67, or 70 of this title.

§ 2.7 General delegations.

(a) This section sets forth general delegations to the officers or employees named in paragraph (b) of this section.

(b) The officers authorized to exercise authorities in paragraph (c) of this section are:

(1) Deputy Director;
(2) Chief of Staff;
(3) Inspector General;
(4) General Counsel;
(5) Director of the Office of Congressional and Governmental Affairs;
(6) Director of the Office of Emergency Information and Public Affairs;
(7) Director of the Office of Policy and Assessment;
(8) Director of the Office of Human Resources Management;
(9) Director of the Office of Equal Rights;
(10) Chief Financial Officer;
(11) Director of the Office of Regional Operations;
(12) Regional Directors;
(13) Federal Insurance Administrator;
(14) United States Fire Administrator;
(15) Associate Director for Mitigation;
(16) Associate Director for Preparedness, Training, and Exercises;
§ 2.8

(17) Associate Director for Response and Recovery; and
(18) Associate Director for Operations Support.

(c) Each officer named in paragraph (b) of this section is authorized to:

(1) Approve official travel as temporary duty travel on official business and allowable expenses incidental thereto for employees of their respective organizational units, in accordance with the Federal Travel Regulations; except that travel to and from points outside of the United States is subject to prior notification to the Director and foreign travel (i.e., travel outside the United States and its insular areas) is subject to prior approval of the Director. However, no officer or employee may approve his or her own travel. Travel of officers named in paragraph (b) of this section is approved by the Deputy Director or the Chief of Staff, except that travel of a Regional Director may be approved by the Deputy Regional Director for that Region.

(2) Approve travel advances of funds through disbursing officers or imprest fund cashiers for employees of the respective organizational units who are entitled to per diem or mileage allowance or subsistence expenses in accordance with the Federal Travel Regulations.

(3) Approve travel vouchers for employees of their respective organizational units.

(4) Approve travel by employees of their respective organizations at the invitation and expense of parties outside of the Federal Government, with the concurrence of the Designated Agency Ethics Officer (DAEO) or a Deputy DAEO;

(5) Approve funding requisitions;

(6) As appropriate, issue final agency decisions on individual or class complaints of discrimination because of race, color, national origin, religion, sex, disability, age, or economic status.

(7) Promulgate internal guidance to cover areas of assigned responsibilities.

(8) Approve training costing less than $2500 (all expenses) or training of less than 80 hours in duration, whichever is more restrictive, except that this authority does not include authority to approve training involving the use of facilities of foreign governments or international organizations, which must be approved by the Director; or the authority to approve acceptance by employees of contributions or awards from non-Government organizations, whether in cash or in kind, which must be approved by the Director.

(9) Adjust working hours for individual employees when there is special justification therefor that it is in the interest of FEMA or to accommodate individual needs of employees for legitimate reasons where the work of the agency will not be impeded.

(10) Approve incentive awards to subordinates, Public Service Awards, cash awards of $1,500 or less for individuals and quality within-grade salary increases.

(11) Enter into and administer funded and unfunded memoranda of understanding with respect to assigned duties.

(12) Classify documents derivatively, based on the original classification by other Federal agencies or the Director.

§ 2.8 Designation of subordinates to act.

Each officer named in §2.7(b) shall:

(a) Submit to the Director, for approval, a list of three or more subordinates to act for such officer during his or her absence; and

(b) Ensure that each Division Director, Branch Chief, or head of any other organizational unit under that officer's authority designate one or more subordinate employees to serve as acting head of the unit during the absence of the head of a unit or during a vacancy in the position.

FEMA OFFICES

§ 2.11 Office of the Director.

The Deputy Director is the first assistant to the Director under the Vacancies Act, 5 U.S.C. 3341 et seq., and acts in place of the Director when the Director is not available because of illness or incapacity. The Deputy Director is the Chief Operating Officer of the Agency, with the duties and powers set forth in Presidential Memorandum of October 1, 1993, “Implementing Reform in the Executive Branch.” The Deputy Director is authorized to exercise the

(a) Mission. The Office of the Inspector General serves FEMA as an independent unit to promote economy, efficiency, and effectiveness; to prevent waste, fraud, and abuse; and to keep the Congress and the Director fully informed on these subjects.

(b) Functions. The principal functions of the Office of the Inspector General are:

(1) Performance of all audit functions relating to programs and operations of FEMA;

(2) Inspection of agency activities to identify actual or potential fraud, waste, abuse, or mismanagement and to develop recommendations for corrective action;

(3) Investigation of allegations of illegal, unethical, or other activities that may lead to civil or criminal liability on the part of FEMA or its employees, contractors, or program participants; and

(4) Referral of potential criminal prosecutions to the Department of Justice, under 28 U.S.C. 535.

§ 2.13 Office of the General Counsel.

(a) Mission. The Office of the General Counsel renders legal advice and assistance on all matters related to Agency programs and operation, and conducts the Agency’s ethics program and Freedom of Information Act/Privacy Act program.

(b) Functions. The principal functions of the Office of the General Counsel are:

(1) Rendering legal opinions and advice with respect to the duties, powers, and responsibilities of the Director, FEMA, and other Agency officers and employees and the applications of statutes, rules and regulations, other administrative issuances, and judicial precedents to Agency operations;

(2) Review for legal sufficiency of all Agency documents requiring legal interpretation or opinion.

(3) Establishment of Agency policy for and conduct of all appearances on behalf of FEMA in litigation or administrative proceedings and hearings;

(4) Liaison to the Department of Justice except when otherwise provided by the Office of the Inspector General.

(5) Coordination of the FEMA regulatory program, including liaison to the Office of Management and Budget and the Office of the Federal Register;

(6) Operation of the FEMA legislative reference program, including liaison to the Office of Management and Budget and allied legislative proposals; and

(7) Operation of FEMA’s ethics program and Freedom of Information Act and Privacy Act program.

(c) Delegated authorities. The General Counsel is authorized to exercise the duties and powers of the Director to:

(1) Accept service of process on behalf of the Agency, and on behalf of its officials and employees in connection with performance of their official duties;

(2) Determine the agency’s position with respect to litigation and refer matters directly to the Attorney General for prosecution or for initiation of litigation;

(3) Determine the government’s position in connection with any dispute before a Board of Contract Appeals, including the authority to settle or adjust any such claim.

(4) Consider, compromise and settle tort claims against FEMA, but any award, compromise, or settlement of more than $25,000 requires the prior written approval of the Attorney General or designee;

(5) Serve as the Designated Agency Ethics Officer;

(6) Make technical corrections to all FEMA documents, including rules and regulations submitted to the Federal Register;

(7) Consider, compromise and settle personnel claims of less than $15,000 against FEMA;

(8) Waive claims of the United States against a person arising out of pay and allowances to an employee of FEMA in amounts of not more than $1,500, and in
§ 2.14 Office of Congressional and Governmental Affairs.

(a) Mission. The Office of Congressional and Governmental Affairs coordinates FEMA’s ongoing emergency management relationships with the Congress, public interest groups, and State and local organizations.

(b) Functions. The principal functions of the Office of Congressional and Governmental Affairs are:

(1) Liaison with Congress, the Office of Management and Budget, and the White House on legislative matters directly affecting FEMA;

(2) Advising the Director and other FEMA officials on actions pending or anticipated in Congress;

(3) Liaison with Federal Coordinating Officers following declarations of disasters or emergencies under the Stafford Act, on matters requiring coordination with Congress; and

(4) Liaison with FEMA’s constituencies on FEMA legislative matters.

(c) Delegated authorities. The Director of the Office of Congressional and Governmental Affairs is authorized to exercise the duties and powers of the Director in the Director’s capacity as agency head as set forth in paragraph (b) of this section.

§ 2.15 Office of Emergency Information and Public Affairs.

(a) Mission. The Office of Emergency Information and Public Affairs informs the public about FEMA’s programs and activities, both in time of disaster and in other times.

(b) Functions. The principal functions of the Office of Emergency Information and Public Affairs are:

(1) Gathering and dissemination of information about FEMA’s programs and activities;

(2) Liaison with news media;

(3) Management of Joint Information Centers during disasters.

(c) Delegated authorities. The Director of the Office of Emergency Information and Public Affairs is authorized to exercise the duties and powers of the Director in the Director’s capacity as agency head as set forth in paragraph (b) of this section.

§ 2.16 Office of Policy and Assessment.

(a) Mission. The Office of Policy and Assessment manages and facilitates policy development, strategic planning, planning, performance standards and assessment, innovation, and organizational development to achieve FEMA’s overall mission.

(b) Functions. The principal functions of the Office of Policy and Assessment are:

(1) Facilitation of the development and implementation of Agency policy, including systematic review and evaluation of that policy;

(2) Development and coordination of FEMA’s strategic planning process;

(3) Development of standards and mechanisms for evaluation of Agency performance;

(4) Development and implementation of a system for identifying shortfalls in Agency programs and performance and for monitoring progress towards their remediation;

(6) Oversight of implementation of FEMA’s environmental responsibilities;

(7) Support of the FEMA Executive Board;

(8) Oversight of, and provision of guidance for, FEMA’s renewal and participation in the Reinvention Laboratory process; and

(9) Facilitating institutional change and innovation.

(c) Delegated authorities. The Director of the Office of Policy and Assessment is authorized to exercise the duties and powers of the Director in the Director’s capacity as agency head in support of the functions listed in paragraph (b) of this section.
§ 2.17 Office of Human Resources Management.

(a) Mission. The Office of Human Resources Management provides and maintains a workforce capable of carrying out FEMA's mission.

(b) Functions. The principal functions of the Office of Human Resources Management are:

1. Administration of FEMA's classification and position management programs;
2. Recruitment and placement of employees;
3. Administration of compensation and leave programs;
4. Management of FEMA's disaster personnel program;
5. Administration of workforce and workplace programs;
6. Management of FEMA's labor relations, employee relations, and employee benefit programs;
7. Administration of performance management and incentive awards programs;
8. Establishment and maintenance of personnel records; and
9. Coordination of affirmative employment programs with the Office of Equal Rights and support of FEMA's Offices, Administrations, and Directorates in meeting their affirmative actions goals.

(c) Delegated authorities. The Director of the Office of Human Resources Management is authorized to exercise the duties and powers of the Director in the Director's capacity as agency head in support of the functions listed in paragraph (b) of this section.

§ 2.18 Office of Equal Rights.

(a) Mission. The Office of Equal Rights assists management in fulfilling its responsibilities to ensure Equal Rights for all employees and applicants for employment, and to guarantee protection for the civil rights of every American receiving assistance from FEMA.

(b) Functions. The principal functions of the Office of Equal Rights are:

1. Development, in coordination with Agency management, of multi-year Affirmative Employment Plans and annual updates covering women, minority group members, and persons with disabilities;
2. Training regarding Equal Rights and Civil Rights and Responsibilities;
3. Investigation and non-adjudicatory resolution of complaints of discrimination and referral of unresolved complaints to the Equal Employment Opportunity Commission or the Department of Justice; and
4. Ensuring compliance with Civil Rights guidance in FEMA's programs and operations.

(c) Delegated authorities. The Director of the Office of Equal Rights is authorized to exercise the duties and powers of the Director as set forth in:

1. E.O. 12236, as amended;
2. E.O. 12250;
3. E.O. 12067, as amended;
4. E.O. 11141; and
5. E.O. 11063, as amended.

§ 2.19 Office of Financial Management.

(a) Mission. The Office of Financial Management promotes sound financial management and accountability throughout the Agency by providing financial guidance, information, and services to FEMA management, its employees, and the Agency's customers.

(b) Functions. This office reports directly to the Director of FEMA regarding financial management matters and is headed by the Chief Financial Officer. The principal functions of the Office of Financial Management are:

1. Oversight of all financial management activities relating to the programs and operations of the Agency, including fund manager for all Agency funds;
2. Development, operation, and maintenance of an integrated Agency accounting and financial management system, including internal and external financial reporting;
3. Oversight of the Agency's internal control guidance and review program;
4. Direction, management, and provision of policy guidance and oversight of Agency financial management personnel, activities, and operations;
5. Preparation of the annual report described in 31 U.S.C. 902(a)(6) to the Director of FEMA and to the Office of Management and Budget;
6. Oversight of and responsibility for the formulation and execution of the
§ 2.19

Agency’s budget and accounts for actual expenditures;

(7) Preparation and submission of timely performance reports to the Director of FEMA and operating units;

(8) Review, on a biennial basis, of the fees, royalties, rents, and other charges imposed by the Agency for services and things of value it provides, and recommendation of revision of those charges to reflect costs incurred by the Agency in providing those services and things of value.

(c) Authority. The position of Chief Financial Officer was created by statute (Agency Chief Financial Officers Act, as amended, 31 U.S.C. 901-1114, 3511-3521). The Chief Financial Officer is authorized to exercise the duties and powers set forth in that statute. The Chief Financial Officer is specifically authorized to:

(1) Supervise the activities and functions of the Office of the Financial Management and oversee all financial management activities relating to the programs and operations of the Agency.

(2) Direct, manage, and provide policy guidance and oversight of the Agency financial management personnel, activities and operations.

(3) Establish and maintain an integrated Agency accounting and financial management system, including financial reporting and internal controls, that—

(i) Complies with applicable accounting principles, standards, and requirements and standards prescribed by the Office of Management and Budget, the General Accounting Office, and the Department of the Treasury;

(ii) Provides for complete, reliable and timely information, that is prepared on a uniform basis, and that is responsive to the financial management needs of the Agency; and,

(iii) Complies with any other requirements applicable to such systems;

(4) Authorize and submit a financial statement that conforms to the requirements of 31 U.S.C. 902 and 3515. Develop and implement the 5-year financial management plan as required by 31 U.S.C. 902(a)(5);

(5) Develop the Agency’s financial management plans and budgets, and review legislative proposals and other programmatic proposals to provide advice to the Director on the financial implications of such proposals.

(6) Develop and implement Agency asset management systems, including systems for cash management, credit management, debt collection, and property and inventory management and control.

(7) Review on a biennial basis the fees, royalties, rents and other charges imposed by the Agency for services and things of value it provides, and make recommendations to the Director on revising those charges to reflect actual costs incurred by the Agency in providing those services and things of value. Premiums and other policy holder charges that relate to the issuance of policies (National Flood Insurance and Crime Insurance programs) are set by the Federal Insurance Administrator pursuant to Federal law and regulation.

(8) Develop, operate and maintain an Administrative Fund Control System that provides, for accurate and timely data on the status of each account. This Administrative Fund Control System shall comply with appropriate statutory requirements and regulations issued by General Accounting Office, Office of Management and Budget, the Department of the Treasury, and other central administrative agencies.

(9) Establish and maintain the appropriate accounts designated by the Department of the Treasury, the General Accounting Office, and Office of Management and Budget and such subsidiary records as may be necessary for accounting, audit and management purposes. Establish and maintain controls for appropriations and other special limitations required by law. Maintain reliable accounting records that will be the basis for preparing and supporting the budget requests of the Agency, controlling the execution of the budget and providing financial information required by law and regulation.

(10) Oversee the implementation of internal control systems that conform with rules, circulars, and other directives issued by General Accounting Office, Office of Management and Budget, and the Department of the Treasury. Report to the Director, as required by
law and regulation, whether the Agency’s internal control systems and other financial systems and processes comply with applicable law and regulation.

(11) Develop and implement administrative standards and cost principles for the Agency’s assistance programs in conformity with rules, circulars, and other directives that are issued by the General Accounting Office, the Office of Management and Budget, and the Department of the Treasury.

(12) Develop and maintain procedures for approving requisitions for disbursing funds, reports of current accounts rendered by disbursing officers, and other financial and accounting documents involving FEMA, the General Accounting Office, the Department of the Treasury, and the Office of Management and Budget.

(13) Certify to the General Accounting Office any charge against any officer or agent entrusted with public property, arising from any loss and accruing by this person’s fault, to the Government as to the property so entrusted to this person.

(14) Approve all expenditures and receipt all vouchers and other documents necessary to carry out FEMA’s appropriations and programs.

(15) Certify that all required documents, information and approvals respecting fiscal transactions are present; verify or cause to be verified the accuracy of the financial computations, the consistency of the information included in the various documents; and determine, or cause to be determined, that the financial transactions of the Agency are in strict accord with the law, regulations and decisions.

(16) Authorize officers and employees to certify vouchers.

(17) Receive and credit amounts received to the applicable appropriation of FEMA or to the miscellaneous receipts account.

(18) Request cashier designation and resolution from the Department of the Treasury, and designate cashiers to serve in FEMA.

(20) Have access to records and documents as required by 31 U.S.C. 902(b) (1)(A), (1)(B), and (1)(C). Access to records and documents is subject to the limitations in 31 U.S.C. 902(b)(2).

§ 2.20 Office of Regional Operations.

(a) Mission. The Office of Regional Operations coordinates FEMA’s policies, programs, and administrative and management guidance with Regional Directors and ensures that regional implementation is consistent with the Director’s goals.

(b) Functions. The principal functions of the Office of Regional Operations are:

(1) Liaison between the Regional Directors and the Director, Associate Directors, Administrators, and Office Directors;

(2) Advising the Director, Associate Directors, Administrators, and Office Directors on regional matters; and

(3) Providing guidance to Regional Directors on policy, programs, operations, and administrative matters.

(c) Delegated authorities. The Director of the Office of Regional Operations is authorized to exercise the duties and powers of the Director in the Director’s capacity as agency head in support of the functions listed in paragraph (b) of this section.

§ 2.21 Ombudsman. [Reserved]

§ 2.22 Regional Offices.

(a) Mission. The Regional Offices implement FEMA’s policies and programs at the regional level.

(b) Functions. The principal functions of the Regional Offices are:

(1) Liaison, within the regions, with other Federal agencies, State and local governments, voluntary and other private organizations, and the public;

(2) Recommendations to the Director on implementation of policy and improvement of the administration of FEMA’s programs;

(3) Administration of Comprehensive Cooperative Agreements, grants, and other financial assistance to State and local governments;

(4) Response to disasters and emergencies declared under the Stafford Act, through Regional Response Teams;

(5) Recovery activities under the Stafford Act;
§ 2.31  

(6) Implementation of floodplain management aspects of the National Flood Insurance Program;  

(7) Management of training and field exercises; and  

(8) Technical assistance to Federal agencies, State and local governments, and voluntary and other private organizations regarding emergency response planning, preparedness, mitigation, response, and recovery.  

(c) Delegated authorities. In general, Regional Directors are authorized, within their respective regions, to exercise the duties and powers of the Administrators and Associate Directors as set forth in §§2.32 through 2.44. However, the authorities of the Earthquake Hazards Reduction Act of 1977, as amended, 42 U.S.C. 7701 et seq., are not delegated to Regional Directors (except for the authority of 42 U.S.C. 7704(b)(2)(A)(i), which is delegated). In addition, the authorities of the Federal Insurance Administrator as set forth in §2.31 are not delegated to the Regional Directors.

§ 2.32 United States Fire Administration.  

(a) Mission. The United States Fire Administration works to reduce deaths, injuries, and property loss caused by fires in the United States.  

(b) Functions. The principal functions of the United States Fire Administration are:  

(1) Education of the public about fire problems and high fire risk behaviors;  

(2) Providing training and technical assistance to fire and emergency services providers in incident response, mitigation and management;  

(3) Collection and analysis of fire incident information;  

(4) Investigation of technologies, equipment, and strategies for fire and emergency services providers;  

(5) Coordination with State and local fire and emergency agencies concerning arson investigation and mitigation, use of building and fire codes, fire protection and multi-agency cooperation; and  

(6) Management and operation of the National Emergency Training Center, Emmitsburg, Maryland.  

(c) Delegated authorities. The United States Fire Administrator is authorized to exercise the duties and powers of the Director as set forth in section 1-103 of E.O. 12127.

§ 2.41 Mitigation Directorate.  

(a) Mission. The Mitigation Directorate administers programs to reduce or eliminate loss of life and property from natural and technological hazards.  

(b) Functions. The principal functions of the Mitigation Directorate are:
§ 2.42 Preparedness, Training, and Exercises Directorate.

(a) Mission. The Preparedness, Training, and Exercises Directorate supports the emergency preparedness, training, and exercises capabilities of Federal, State and local governments.
§ 2.43  

(b) Functions. The principal functions of the Preparedness, Training, and Exercises Directorate are:

1. Management of programs to establish, maintain, and enhance the capabilities of Federal, State, and local governments to prepare for, respond to, recover from a broad range of emergencies, including such programs as the Radiological Emergency Preparedness (REP) Program, Chemical Stockpile Emergency Preparedness Program (CSEPP), and the delegated responsibilities under the Federal Civil Defense Act of 1950, as amended (50 U.S.C. App. 2251-2303);

2. Management of Comprehensive Cooperative Agreements with the States, through which agreements the above programs are implemented in the regions;

3. Training of Federal, State, and local government employees to prepare for, respond to, recover from a broad range of emergencies;

4. Testing of Federal, State, and local emergency preparedness and response procedures through a comprehensive exercise, evaluation and corrective action program; and

5. Recommendation of policy for all-hazard emergency preparedness and provision of implementation guidance, as required by statute, international agreement, or executive order.

(c) Delegated authorities. The Associate Director for Preparedness, Training, and Exercises Directorate is authorized to exercise the duties and powers of the Director as set forth in:

1. E.O. 10480, as amended;

2. E.O. 11179, as amended;

3. Sections 1-103(b) and 1-105, E.O. 12127;

4. Section 1-101, E.O. 12148;

5. E.O. 12241;

6. E.O. 12656, other than section 202;

7. E.O. 12657; and

8. E.O. 12742.

§ 2.44  

Operations Support Directorate.

(a) Mission. The Operations Support Directorate provides direct support and services to FEMA's all-hazards emergency management program of mitigation, preparedness, response and recovery.

(b) Functions. The principal functions of the Operations Support Directorate are:

1. Services primarily for the support of internal functions, including:
Federal Emergency Management Agency § 2.44

(i) Management and oversight of the Agency’s procurement system, including acquisition of supplies and services;

(ii) Printing and publications;

(iii) Telecommunications operations;

(iv) Automated data processing;

(v) Software design and engineering;

(vi) Records management;

(vii) Agency-wide logistics and property management;

(viii) Protection of personnel, facilities, and equipment;

(ix) Management of transit subsidies;

(x) Preparation of visual presentations materials;

(xi) Placement of advertisements in general circulation newspapers; and

(2) Services that support organizations outside of FEMA as well as the agency itself, including:

(i) Telecommunications design and engineering;

(ii) Resource and economic modeling;

(iii) Management of data storage and production associated with Geographic Information Systems (GIS) and other analytic systems;

(iv) Security of classified records;

(v) Security of classified communications;

(vi) Background investigations for the granting of security clearances;

(vii) Determination of suitability for employment under 5 CFR part 731; and

(viii) Control of public information collections.

(c) Delegated authorities. Subject to the qualifications of paragraph (d) of this section, the Associate Director for Operations Support is authorized to exercise the duties and powers of the Director as set forth in:

(1) E.O. 10450, as amended;

(2) E.O. 12046, as amended;

(3) E.O. 12356; and

(4) E.O. 12472.

(d) Authorities delegated directly to the Director, Acquisition Services Division. The Director, Acquisition Services Division, Operations Support Directorate, is authorized to:

(1)(i) Exercise authority under section 104(h) of the Comprehensive Environmental Response, Compensation and Liability Act of 1980 delegated to the Director by section 2(f) of Executive Order 12316;

(ii) Exercise authority of the Director concerning extraordinary contractual actions under paragraph 21 of Executive Order 10789.

(iii) Exercise authority delegated to the Director by Executive Order 12352 and act as procurement executive.

(2)(i) Make purchases and contracts by advertising for equipment and supplies, administrative equipment, office supplies, professional services, transportation of persons and property, and nonpersonal services, and determine that the rejection of any bid is in the public interest;

(ii) Negotiate purchases and contracts for equipment and supplies, professional services, transportation of persons and property, and non-personal services without advertising; and make and issue determinations related thereto pursuant to section 302(c) (1), (b)(10), (14) and (15) of the Federal Property and Administrative Services Act of 1949 (41 U.S.C. 252(c) (1)–(10), (14) and (15)) and 40 U.S.C. 541–544 with respect to contracting for services of Architects Engineers;

(iii) Enter into and administer interagency agreements under the Economy Act or any other such agreement involving obligation of funds;

(3) Notwithstanding any general delegation of statutory authority in this part to another officer of FEMA, if the authority delegated in the general statutory delegation contains procurement authority that authority is delegated solely to the Director, Acquisition Services Division, with authority to redelegate to any employee of FEMA. As used in this paragraph (d) the term “procurement” includes acquisition from a recipient including a State or local government, of property or services for the direct benefit or use of the Federal Government. This includes authority under section 201(h) of the Federal Civil Defense Act but excludes authority under section 1362 of the National Flood Insurance Act.

(4) Notwithstanding any general delegation of authority in this part to another officer of FEMA, other than the delegation to Regional Directors under §2.22, if the authority delegated contains authority to award discretionary grants that authority is delegated to the Director, Acquisition Services Division, who is authorized to exercise...
§ 2.80 Purpose.

The purpose of this subpart is to display OMB control numbers assigned to FEMA’s information collection requirements.

§ 2.81 OMB control numbers assigned to information collections.

This section collects and displays the control numbers assigned to information collection requirements of FEMA by OMB pursuant to the Paperwork Reduction Act of 1980. FEMA intends that this section comply with the requirements of section 3507(f) of the Paperwork Reduction Act, which requires that agencies display a current control number assigned by the Director of the Office of Management and Budget for each agency information collection requirement.

48 CFR part or section where identified or described:

4452.226-01(a) 3067-0213
§ 4.1 What is the purpose of these regulations?

(b) These regulations are intended to foster an intergovernmental partnership and a strengthened Federalism by relying on state processes and on State, areawide, regional and local coordination for review of proposed Federal financial assistance and direct Federal development.

(c) These regulations are intended to aid the internal management of FEMA, and are not intended to create any right or benefit enforceable at law by a party against FEMA or its officers.

§ 4.2 What definitions apply to these regulations?

FEMA means the Federal Emergency Management Agency.

Director means the Director of FEMA or an official or employee of FEMA acting for the Director under a delegation of authority.

State means any of the 50 states, the District of Columbia, the Commonwealth of Puerto Rico, the Commonwealth of Northern Mariana Islands, Guam, American Samoa, the U.S. Virgin Islands, or the Trust Territory of the Pacific Islands.

§ 4.3 What programs and activities of FEMA are subject to these regulations?

The Director publishes in the Federal Register a list of FEMA's programs and activities that are subject to these regulations and identifies which of these are subject to the requirements of section 204 of the Demonstration Cities and Metropolitan Development Act.

§ 4.4 [Reserved]

§ 4.5 What is the Director's obligation with respect to Federal interagency coordination?

The Director, to the extent practicable, consults with and seeks advice from all other substantially affected Federal departments and agencies in
§ 4.6 What procedures apply to the selection of programs and activities under these regulations?

(a) A State may select any program or activity published in the Federal Register in accordance with §4.3 of this part for intergovernmental review under these regulations. Each State, before selecting programs and activities, shall consult with local elected officials.

(b) Each State that adopts a process shall notify the Director of FEMA’s programs and activities selected for that process.

(c) A State may notify the Director of changes in its selections at any time. For each change, the State shall submit to the Director an assurance that the State has consulted with local elected officials regarding the change. FEMA may establish deadlines by which States are required to inform the Director of changes in their program selections.

(d) The Director uses a State’s process as soon as feasible, depending on individual programs and activities, after the Director is notified of its selections.

§ 4.7 How does the Director communicate with State and local officials concerning FEMA’s programs and activities?

(a) For those programs and activities covered by a state process under §4.6, the Director, to the extent permitted by law:

(1) Uses the state process to determine views of State and local elected officials; and,

(2) Communicates with State and local elected officials, through the state process, as early in a program planning cycle as is reasonably feasible to explain specific plans and actions.

(b) The Director provides notice to directly affected State, areawide, regional, and local entities in a State of proposed Federal financial assistance or direct Federal development if:

(1) The State has not adopted a process under the Order; or

(2) The assistance or development involves a program or activity not selected for the State process.

This notice may be made by publication in the Federal Register or other appropriate means, which FEMA in its discretion deems appropriate.

§ 4.8 How does the Director provide an opportunity to comment on proposed Federal financial assistance and direct Federal development?

(a) Except in unusual circumstances, the Director gives state processes or directly affected State, areawide, regional and local officials and entities at least 60 days from the date established by the Director to comment on proposed direct Federal development or Federal financial assistance.

(b) This section also applies to comments in cases in which the review, coordination, and communication with FEMA have been delegated.

(c) Applicants for programs and activities subject to section 204 of the Demonstration Cities and Metropolitan Act shall allow areawide agencies a 60-day opportunity for review and comment.

§ 4.9 How does the Director receive and respond to comments?

(a) The Director follows the procedures in §4.10 if:

(1) A State office or official is designated to act as a single point of contact between a state process and all Federal agencies, and

(2) That office or official transmits a state process recommendation for a program selected under §4.6.

(b)(1) The single point of contact is not obligated to transmit comments from State, areawide, regional or local officials and entities where there is no state process recommendation.

(b)(2) If a state process recommendation is transmitted by a single point of contact, all comments from state, areawide, regional, and local officials and entities that differ from it must also be transmitted.

(c) If a State has not established a process, or is unable to submit a state process recommendation, State, areawide, regional and local officials and entities may submit comments to FEMA.
(d) If a program or activity is not selected for a state process, State, areawide, regional and local officials and entities may submit comments to FEMA. In addition, if a state process recommendation for a nonselected program or activity is transmitted to FEMA by the single point of contact, the Director follows the procedures of §4.10 of this part.

(e) The Director considers comments which do not constitute a state process recommendation submitted under these regulations and for which the Director is not required to apply the procedures of §4.10 of this part, when such comments are provided by a single point of contact, by the applicant or directly to FEMA by a commenting party.

§ 4.10 How does the Director make efforts to accommodate intergovernmental concerns?

(a) If a state process provides a state process recommendation to FEMA through its single point of contact, the Director either:

(1) Accepts the recommendation;
(2) Reaches a mutually agreeable solution with the state process; or
(3) Provides the single point of contact with such written explanation of the decision, as the Director in his or her discretion deems appropriate. The Director may also supplement the written explanation by providing the explanation to the single point of contact by telephone, other telecommunication, or other means.

(b) In any explanation under paragraph (a)(3) of this section, the Director informs the single point of contact that:

(1) FEMA will not implement its decision for at least ten days after the single point of contact receives the explanation;
(2) The Director has reviewed the decision and determined that, because of unusual circumstances, the waiting period of at least ten days is not feasible.

(c) For purposes of computing the waiting period under paragraph (b)(1) of this section, a single point of contact is presumed to have received written notification 5 days after the date of mailing of such notification.

§ 4.11 What are the Director’s obligations in interstate situations?

(a) The Director is responsible for:

(1) Identifying proposed Federal financial assistance and direct Federal development that have an impact on interstate areas;
(2) Notifying appropriate officials and entities in states which have adopted a process and which select FEMA’s program or activity;
(3) Making efforts to identify and notify the affected State, areawide, regional, and local officials and entities in those States that have not adopted a process under the Order or do not select FEMA’s program or activity;
(4) Responding pursuant to §4.10 of this part if the Director receives a recommendation from a designated areawide agency transmitted by a single point of contact, in cases in which the review, coordination, and communication with FEMA have been delegated.

(b) The Director uses the procedures in §4.10 if a state process provides a state process recommendation to FEMA through a single point of contact.

§ 4.12 How may a State simplify, consolidate, or substitute federally required State plans?

(a) As used in this section:

(1) Simplify means that a State may develop its own format, choose its own submission date, and select the planning period for a State plan.
(2) Consolidate means that a State may meet statutory and regulatory requirements by combining two or more plans into one document and that the State can select the format, submission date, and planning period for the consolidated plan.
(3) Substitute means that a State may use a plan or other document that it has developed for its own purposes to meet Federal requirements.

(b) If not inconsistent with law, a State may decide to try to simplify, consolidate, or substitute federally required state plans without prior approval by the Director.

(c) The Director reviews each state plan that a State has simplified, consolidated, or substituted and accepts
§ 4.13

the plan only if its contents meet Federal requirements.

§ 4.13 May the Director waive any provision of these regulations?

In an emergency, the Director may waive any provision of these regulations.

PART 5—PRODUCTION OR DISCLOSURE OF INFORMATION

Subpart A—General Provisions

Scope and purposes of part.

This part sets forth policies and procedures concerning the availability of and disclosure of records and information held by the Federal Emergency Management Agency (FEMA) in accordance with 5 U.S.C. 552, popularly known as the “Freedom of Information Act,” (FOIA).

5.1 Scope and purposes of part.

5.2 Application.

5.3 Definitions.

5.4 Availability of records.

5.5 Exemptions.

5.6 Congressional information.

5.7 Records of other agencies.

5.8 Records involved in litigation or other judicial process.

5.9 Inconsistent issuances of FEMA and its predecessor agencies superseded.

Subpart B—Publication of or Availability of General Agency Information, Rules, Orders, Policies, and Similar Material

5.20 Publication of rules and general policies.

5.21 Effect of failure to publish.

5.22 Coordination of publication.

5.23 Incorporation by reference.

5.24 Availability of opinions, orders, policies, interpretations, manuals, and instructions.

5.25 Available materials.

5.26 Rules for public inspection and copying.

5.27 Deletion of identifying details.

5.28 Indexes.

5.29 Effect of failure to make information materials available.

Subpart C—Fees

5.40 Copies of FEMA records available at a fee.

5.41 FEMA publications.

5.42 Fees to be charged—categories of requesters.

5.43 Waiver or reduction of fees.

5.44 Prepayment of fees.

5.45 Form of payment.

5.46 Fee schedule.

5.47 Appeals regarding fees.

Subpart D—Described Records

5.50 General.

5.51 Submission of requests for described records.

5.52 Review of requests.

5.53 Approval of request.

5.54 Denial of request of records.

5.55 Appeal within FEMA of denial of request.

5.56 Extension of time limits.

5.57 Prediscovery notification procedures for confidential commercial information.

5.58 Exhaustion of administrative remedies.

5.59 Judicial relief available to the public.

5.60 Disciplinary action against employees for “arbitrary or capricious” denial.

5.61 Contempt for noncompliance.

Subpart E—Exemptions

5.70 General.

5.71 Categories of records exempt from disclosure under 5 U.S.C. 552.

5.72 Executive privilege exemption.

Subpart F—Subpoenas or Other Legal Demands for Testimony or the Production or Disclosure of Records or Other Information

5.80 Scope and applicability.

5.81 Statement of policy.

5.82 Definitions.

5.83 Authority to accept service of subpoenas.

5.84 Production of documents in private litigation.

5.85 Authentication and attestation of copies.

5.86 Production of documents in litigation or other adjudicatory proceeding in which the United States is a party.

5.87 Testimony of FEMA employees in private litigation.

5.88 Testimony in litigation in which the United States is a party.

5.89 Waiver.

Source: 44 FR 50287, Aug. 27, 1979, unless otherwise noted.

Subpart A—General Provisions

5.1 Scope and purposes of part.

This part sets forth policies and procedures concerning the availability of and disclosure of records and information held by the Federal Emergency Management Agency (FEMA) in accordance with 5 U.S.C. 552, popularly known as the “Freedom of Information Act,” (FOIA).
§ 5.2 Application.
This part applies to all records and information materials generated, developed, or held by FEMA at Headquarters, in Regions, or in the field, or any component thereof.

§ 5.3 Definitions.
For purposes of this part, the following terms have the meanings ascribed to them in this section:
(a) Records. Records means all books, papers, maps, photographs, or other documentary materials, regardless of physical form or characteristics made or received by FEMA in pursuance of Federal Law or in connection with the transaction of public business and preserved, or appropriate for preservation, as evidence of the organization, functions, policies, decisions, procedures, operations, or other activities of FEMA or because of the information value of data contained therein. The term does not include:
1. Material made or acquired and preserved solely for reference or exhibition purposes, extra copies of documents preserved only for convenience of reference, and stocks of publications and of processed documents; or
2. Objects or articles, such as structures, furniture, paintings, sculpture, models, vehicles or equipment; or
3. Formulae, designs, drawings, research data, computer programs, technical data packages, and the like, which are not considered records within the Congressional intent of reference because of development costs, utilization, or value. These items are considered exploitable resources to be utilized in the best interest of all the public and are not preserved for informational value nor as evidence of agency functions. Requests for copies of such material shall be evaluated in accordance with policies expressly directed to the appropriate dissemination or use of these resources. Requests to inspect this material to determine its content for informational purposes shall normally be granted, unless inspection is inconsistent with the obligation to protect the property value of the material, as, for example, may be true for patent information and certain formulae, or is inconsistent with another significant and legitimate governmental purpose.
(b) Reasonably Described. Reasonably described, when applied to a request record, means identifying it to the extent that it will permit the location of the particular document with a reasonable effort.
(c) Agency. Agency, as defined in section 552(e) of title 5 U.S.C., includes any executive department, military department, government corporation, or other establishment in the executive branch of the Government (including the Executive Office of the President), or any independent regulatory agency.
(d) Headquarters FOIA Officer. The FOIA/Privacy Act Specialist or his/her designee.
(e) Regional FOIA Officer. The Regional Director, or his/her designee.

§ 5.4 Availability of records.
(a) FEMA records are available to the greatest extent possible in keeping with the spirit and intent of FOIA and will be furnished promptly to any member of the public upon request addressed to the office designated in §5.26. The person making the request need not have a particular interest in the subject matter, nor must he provide justification for the request.
(b) The requirement of 5 U.S.C. 552 that records be available to the public refers only to records in being at the time the request for them is made. FOIA imposes no obligation to compile a record in response to a request.

§ 5.5 Exemptions.
Requests for FEMA records may be denied if disclosure is exempted under the provisions of 5 U.S.C. 552, as outlined in subpart E. Usually, except when a record is classified, or when disclosure would violate any other Federal statute, the authority to withhold a record from disclosure is permissive rather than mandatory. The authority for nondisclosure will not be invoked unless there is compelling reason to do so.

§ 5.6 Congressional information.
Nothing in this part authorizes withholding information from the Congress.
§ 5.7 Records of other agencies.
If a request is submitted to FEMA to make available current records which are the primary responsibility of another agency, FEMA will refer the request to the agency concerned for appropriate action. FEMA will advise the requester that the request has been forwarded to the responsible agency.

§ 5.8 Records involved in litigation or other judicial process.
Where there is reason to believe that any records requested may be involved in litigation or other judicial process in which the United States is a party, including discovery procedures pursuant to the Federal Rules of Civil Procedure or Federal Rules of Criminal Procedure, the request shall be referred to the General Counsel.

§ 5.9 Inconsistent issuances of FEMA and its predecessor agencies superseded.
Policies and procedures of any of FEMA's predecessor agencies inconsistent with this regulation are superseded to the extent of that inconsistency.

Subpart B—Publication of or Availability of General Agency Information, Rules, Orders, Policies, and Similar Material

§ 5.20 Publication of rules and general policies.
In accordance with 5 U.S.C. 552(a)(1), there are separately stated and currently published, or from time to time there will be published, in the Federal Register for the guidance of the public, the following general information concerning FEMA:
(a) Description of the organization of the Headquarters Office and regional and other offices and the established places at which, the employees from whom, and the methods whereby the public may obtain information, make submittals or requests, or obtain decisions.
(b) Statement of the general course and method by which FEMA functions are channeled and determined, including the nature and requirements of all formal and informal procedures available.
(c) Rules of procedure, descriptions of forms available or the places at which forms may be obtained, and instructions as to the scope and contents of all papers, reports, or examinations.
(d) Substantive rules of general applicability adopted as authorized by law, and statements of general policy or interpretations of general applicability formulated and adopted by FEMA.
(e) Each amendment, revision, or repeal of the materials described in this section. Much of this information will also be codified in this subchapter A.

§ 5.21 Effect of failure to publish.
5 U.S.C. 552(a)(1) provides that, except to the extent that a person has actual and timely notice of the terms thereof, a person may not in any manner be required to resort to, or to be adversely affected by, a matter required to be published in the Federal Register and not so published.

§ 5.22 Coordination of publication.
The General Counsel, FEMA, is responsible for coordination of FEMA materials required to be published in the Federal Register.

§ 5.23 Incorporation by reference.
When deemed appropriate, matter covered by this subpart, which is reasonably available to the class of persons affected thereby may be incorporated by reference in the Federal Register in accordance with standards prescribed from time to time by the Director of the Federal Register (see 1 CFR part 51).

§ 5.24 Availability of opinions, orders, policies, interpretations, manuals, and instructions.
FEMA will make available for public inspection and copying the material described in 5 U.S.C. 552(a)(2) as enumerated in §5.25 and an index of those materials as described in §5.28, at convenient places and times.

§ 5.25 Available materials.
FEMA materials which are available under this subpart are as follows:
§ 5.40 Copies of FEMA records available at a fee.

One copy of FEMA records not available free of charge will be provided at a fee as provided in §5.46. A reasonable number of additional copies will be provided for the applicable fee where

§ 5.26 Rules for public inspection and copying.

(a) Location. Materials are available for public inspection and copying at the following locations:

(1) Headquarters:
Federal Center Plaza, 500 C Street, SW, Washington, DC 20472

(2) Regional Offices
Region I, Room 442, J. W. McCormack Post Office & Court House, Boston, MA 02109;
Region II, 26 Federal Plaza, New York, NY 10278;
Region III, Liberty Square Bldg. (Second Floor), 105 South Seventh Street, Philadelphia, PA 19106;
Region IV, 1371 Peachtree Street, N.E., 7th Floor, Atlanta, GA 30309;
Region V, 300 South Wacker Drive, 24th Floor, Chicago, IL 60606;
Region VI, Federal Regional Center, Denton, TX 76201;
Region VII, 911 Walnut Street, Room 300, Kansas City, MO 64106;
Region VIII, Denver Federal Center, Bldg. 710, Denver, CO 80225-0267;
Region XI, Building 105, Presidio of San Francisco, CA 94129;
Region X, Federal Regional Center, 130-228th Street, SW., Bothell, WA 98021-9796.

(b) Time. Materials will be made available for public inspection and copying during the normal hours of business.

(c) FEMA will furnish reasonable copying services at fees specified in subpart C. Such reproduction services as are required will be arranged by the Office of Administrative Support in the headquarters or by regional offices as appropriate.

(d) Handling of materials. The unlawful removal or mutilation of materials is forbidden by law and is punishable by fine or imprisonment or both. FEMA personnel making materials available will ensure that all materials provided for inspection and copying are returned in the same condition as provided.

§ 5.27 Deletion of identifying details.

To the extent required to prevent a clearly unwarranted invasion of personal privacy, FEMA may delete identifying details when making available or publishing an opinion, statement of policy, interpretation, or staff manual or instruction. However, the justification for each deletion will be explained fully in writing, and will require the concurrence of the General Counsel. A copy of the justification will be attached to the material containing the deletion and a copy will also be furnished to the Headquarters FOIA Officer or appropriate Regional Director.

§ 5.28 Indexes.

FEMA will maintain and make available for public inspection and copying current indexes arranged by subject matter providing identifying information for the public regarding any matter issued, adopted, or promulgated after July 4, 1967, and described in §5.25. FEMA will publish quarterly and make available copies of each index or supplements thereto. The indexes will be maintained for public inspection at the location described in §5.26.

§ 5.29 Effect of failure to make information materials available.

Materials requested to be made available pursuant to §5.24 that affect a member of the public may be relied upon, used, or cited as precedent by FEMA against any private party only if (a) they have been indexed and either made available or published as required by 5 U.S.C. 552(a)(2), or (b) the private party has actual and timely notice of their terms.

Subpart C—Fees
reproduction services are not readily obtainable from private commercial sources.

§ 5.41 FEMA publications.

Anyone may obtain FEMA publications without charge from the FEMA Headquarters, Regional Offices and from FEMA, P.O. Box 8181, Washington, DC 20024 in accordance with standard operating procedures, including limitation on numbers of specific individual publications. FEMA Films may be obtained on loan or certain of these films may be purchased, in which case fees will be charged as set out in a FEMA catalogue. Non-exempt FEMA research reports are available from the National Technical Information Service, United States Department of Commerce, which establishes its own fee schedule. Charges, if any, for these items and similar user charges are established in accordance with other provisions of law as, for example, 31 U.S.C. 9701 and are not deemed search and duplication charges hereunder.

§ 5.42 Fees to be charged—categories of requesters.

(a) There are four categories of FOIA requesters: Commercial use requesters; representatives of news media; educational and noncommercial scientific institutions; and all other requesters. The time limits for processing requests shall only begin upon receipt of a proper request which reasonably identifies records being sought. The Freedom of Information Reform Act of 1986 prescribes specific levels of fees for each of these categories:

(1) When records are being requested for commercial use, the fee policy of FEMA is to levy full allowable direct cost of searching for, reviewing for release, and duplicating the records sought. Commercial users are not entitled to two hours of free search time nor 100 free pages of reproduction of documents. The full allowable direct cost of searching for and reviewing records will be charged even if there is ultimately no disclosure of records. Commercial use is defined as a use that furthers the commercial, trade or profit interests of the requester or person on whose behalf the request is made. In determining whether a requester falls within the commercial use category, FEMA will look to the use to which a requester will put the documents requested. Where a requester does not explain his/her use, or where his/her explanation is insufficient to permit a determination of the nature of the use, FEMA shall require the requester to provide information regarding the use to be made of the information and if the request does not include an agreement to pay all appropriate fees, FEMA will process such request only up to the $30.00 threshold which is the estimated cost to FEMA to collect fees which we are prohibited from charging by law. Requesters must reasonably describe the records sought.

(2) When records are being requested by representatives of the news media, the fee policy of FEMA is to levy reproduction charges only, excluding charges for the first 100 pages. Representatives of the news media refers to any person actively gathering news for an entity that is organized and operated to publish or broadcast news to the public. The term news means information that is about current events or that would be of current interest to the public. Examples of news media entities include television or radio stations broadcasting to the public at large, and publishers of periodicals (but only in those instances where they can qualify as disseminators of "news") who make their products available for purchase or subscription by the general public. These examples are not intended to be all-inclusive. As traditional methods of news delivery evolve (i.e., electronic dissemination of newspapers through telecommunications services), such alternative media would be included in this category. In the case of "freelance" journalists, they may be regarded as working for a news organization if they can demonstrate a solid basis for expecting publication through that organization, even though not actually employed by it. For example, a publication contract would be the clearest proof, but FEMA may also look to the past publication record, press accreditation, guild membership,
§ 5.42 (b) Except for requests that are for a commercial use, FEMA may not charge for the first two hours of search time or for the first 100 pages of reproduction. However, a requester may not file multiple requests at the same time, each seeking portions of a document or documents, solely in order to avoid payment of fees. When FEMA believes that a requester or, on rare occasions, a group of requesters acting in concert, is attempting to break a request down into a series of requests for the purpose of evading the assessment of fees, FEMA may aggregate any such requests and charge accordingly. For example, it would be reasonable to presume that multiple requests of this type made within a 30-day period had been made to avoid fees. For requests made over a longer period, however, FEMA must have a solid basis for determining that aggregation is warranted in such cases. Before aggregating requests from more than one requester, FEMA must have a concrete basis on which to conclude that the requesters are acting in concert and are acting specifically to avoid payment of fees. In no case may FEMA aggregate multiple requests on unrelated subjects from one requester.

(c) In accordance with the prohibition of section (4)(A)(iv) of the Freedom of Information Act, as amended, business registration, Federal Communications Commission licensing, or similar credentials of a requester in making this determination. To be eligible for inclusion in this category, requesters must meet the criteria specified in this section and his or her request must not be made for a commercial use basis as that term is defined under paragraph (a)(1) of this section. A request for records supporting the news dissemination function of the requester shall not be considered to be a request that is for a commercial use. Requesters must reasonably describe the records sought.

(3) When records are being requested by an educational or noncommercial scientific institution whose purpose is scholarly or scientific research, the fee policy of FEMA is to levy reproduction charges only, excluding charges for the first 100 pages. Educational institution refers to a preschool, a public or private elementary or secondary school, an institution of graduate higher education, an institution of undergraduate higher education, an institution of professional education and an institution of vocational education, which operates a program or programs of scholarly research. Noncommercial scientific institution refers to an institution that is not operated on a commercial basis as that term is defined under paragraph (a)(1) of this section and which is operated solely for the purpose of conducting scientific research, the results of which are not intended to promote any particular product or industry. To be eligible for inclusion in this category, requesters must show that the request is being made under the auspices of a qualifying institution and that the records are not sought for a commercial use, but are sought in furtherance of scholarly (if the request is from an educational institution) or scientific (if the request is from a non-commercial scientific institution) research. Requesters must reasonably describe the records sought.

(4) For any other request which does not meet the criteria contained in paragraphs (a)(1) through (3) of this section, the fee policy of FEMA is to levy full reasonable direct cost of searching for and duplicating the records sought, except that the first 100 pages of reproduction and the first two hours of search time shall be furnished without charge. The first two hours of computer search time is based on the hourly cost of operating the central processing unit and the operator's hourly salary plus 16 percent. When the cost of the computer search, including the operator time and the cost of operating the computer to process the request, equals the equivalent dollar amount of two hours of the salary of the person performing the search, i.e., the operator, FEMA shall begin assessing charges for computer search. Requests from individuals requesting records about themselves filed in FEMA's systems of records shall continue to be treated under the fee provisions of the Privacy Act of 1974 which permit fees only for reproduction. Requesters must reasonably describe the records sought.
§ 5.43 Waiver or reduction of fees.

(a) FEMA may waive all fees or levy a reduced fee when disclosure of the information requested is deemed to be in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the Federal Government and is not primarily in the commercial interest of the requester.

(b) A fee waiver request shall indicate how the information will be used, to whom it will be provided, whether the requester intends to use the information for resale at a fee above actual cost, any personal or commercial benefits that the requester reasonably expects to receive by the disclosure, provide justification to support how release would benefit the general public, the requester’s and/or intended user’s identity and qualifications, expertise in the subject area and ability and intention to disseminate the information to the public.

§ 5.44 Prepayment of fees.

(a) When FEMA estimates or determines that allowable charges that a requester may be required to pay are likely to exceed $250.00, FEMA may require a requester to make an advance payment of the entire fee before continuing to process the request.

(b) When a requester has previously failed to pay a fee charged in a timely fashion (i.e., within 30 days of the date of the billing), FEMA may require the requester to pay the full amount owed plus any applicable interest as provided in §5.46(d), and to make an advance payment of the full amount of the estimated fee before the agency begins to process a new request or a pending request from that requester.

(c) When FEMA acts under paragraphs (a) or (b) of this section, the administrative time limits prescribed in subsection (a)(6) of the FOIA (i.e., 10 working days from the receipt of initial requests and 20 working days from receipt of appeals from initial denial, plus permissible extensions of these time limits) will begin only after FEMA has received fee payments described under paragraphs (a) or (b) of this section.

§ 5.45 Form of payment.

Payment shall be by check or money order payable to the Federal Emergency Management Agency and shall be addressed to the official designated by FEMA in correspondence with the requestor or to the Headquarters FOIA Officer or Regional FOIA Officer, as appropriate.

§ 5.46 Fee schedule.

(a) Manual searches for records. FEMA will charge at the salary rate(s), (i.e., basic hourly pay plus 16 percent) of the employee(s) conducting the search. FEMA may assess charges for time spent searching, even if the agency fails to locate the records or if records located are determined to be exempt from disclosure. FEMA may assess charges for time spent searching, even if FEMA fails to locate the
§ 5.50

(a) Except for records made available pursuant to subpart B, FEMA shall promptly make records available to a requestor pursuant to a request which

(b) Computer searches for records. FEMA will charge the actual direct cost of providing the service. This will include the cost of operating the central processing unit (CPU) for that portion of operating time that is directly attributable to searching for records responsive to a FOIA request and operator/programmer salary apportionable to the search. FEMA may assess charges for time spent searching, even if FEMA fails to locate the records or if records located are determined to be exempt from disclosure.

(c) Duplication costs. (1) For copies of documents reproduced on a standard office copying machine in sizes up to 8½ x 14 inches, the charge will be $.15 per page.

(2) The fee for reproducing copies of documents over 8½ x 14 inches or whose physical characteristics do not permit reproduction by routine electrostatic copying shall be the direct cost of reproducing the records through government or commercial sources. If FEMA estimates that the allowable duplication charges are likely to exceed $25, it shall notify the requester of the estimated amount of fees, unless the requester has indicated in advance his/her willingness to pay fees as high as those anticipated. Such a notice shall offer a requester the opportunity to confer with agency personnel with the objective of reformulating the request to meet his/her needs at a lower cost.

(3) For copies prepared by computer, such as tapes or printouts, FEMA shall charge the actual cost, including operator time, of production of the tape or printout. If FEMA estimates that the allowable duplication charges are likely to exceed $25, it shall notify the requester of the estimated amount of fees, unless the requester has indicated in advance his/her willingness to pay fees as high as those anticipated. Such a notice shall offer a requester the opportunity to confer with agency personnel with the objective of reformulating the request to meet his/her needs at a lower cost.

(4) For other methods of reproduction or duplication, FEMA shall charge the actual direct costs of producing the document(s). If FEMA estimates that the allowable duplication charges are likely to exceed $25, it shall notify the requester of the estimated amount of fees, unless the requester has indicated in advance his/her willingness to pay fees as high as those anticipated. Such a notice shall offer a requester the opportunity to confer with agency personnel with the objective of reformulating the request to meet his/her needs at a lower cost.

(d) Interest may be charged to those requesters who fail to pay fees charged. FEMA may begin assessing interest charges on the amount billed starting on the 31st day following the day on which the billing was sent. Interest will be at the rate prescribed in section 3717 of Title 31 U.S.C. and will accrue from the date of the billing.

(e) FEMA shall use the most efficient and least costly methods to comply with requests for documents made under the FOIA. FEMA may choose to contract with private sector services to locate, reproduce and disseminate records in response to FOIA requests when that is the most efficient and least costly method. When documents responsive to a request are maintained for distribution by agencies operating statutory-based fee schedule programs, such as but not limited to the Government Printing Office or the National Technical Information Service, FEMA will inform requesters of the steps necessary to obtain records from those sources.

52 FR 33410, Sept. 3, 1987

§ 5.47 Appeals regarding fees.

A requestor whose application for a fee waiver or a fee reduction is denied may appeal that decision to the Deputy Director in the manner prescribed in subpart D.

Subpart D—Described Records

§ 5.50 General.

(a) Except for records made available pursuant to subpart B, FEMA shall promptly make records available to a requestor pursuant to a request which
§ 5.51 Submission of requests for described records.

(a) For records located in the FEMA Headquarters, requests shall be submitted in writing, to the Headquarters FOIA Officer, Federal Emergency Management Agency, Washington, DC 20472. For records located in the FEMA Regional Offices, requests shall be submitted to the appropriate Regional FOIA Officer, at the address listed in §5.26. Requests should bear the legend “Freedom of Information Request” prominently marked on both the face of the request letter and the envelope. The 10-day time limit for agency determinations set forth in §5.52 shall not start until a request reasonably describing the records is received in the office of the appropriate official identified in this paragraph.

(b) The Headquarters FOIA Officer shall respond to questions concerning the proper office to which Freedom of Information requests should be addressed.

§ 5.52 Review of requests.

(a) Upon receipt of a request for information, the Headquarters FOIA Officer, or the Regional FOIA Officer for a regional office, will forward the request to the FEMA office which has custody of the record.

(b) Upon any request for records made pursuant to §5.20, §5.24, or §5.51, the office having custody of the records shall determine within 10 workdays, after receipt of any such request in the office of the appropriate official identified in §5.51 whether to comply with the request. If the request is approved, the office having custody of the record shall notify the requestor and the Headquarters FOIA Officer whether request originated in Headquarters, Region, or field.

§ 5.53 Approval of request.

When a request is approved, records will be made available promptly in accordance with the terms of the regulation. Copies may be furnished or the records may be inspected and copied as provided in §5.26.

§ 5.54 Denial of request of records.

(a) Each of the following officials within FEMA, any official designated to act for the official, or any official redelegated authority by such officials shall have the authority to make initial denial of requests for disclosure of records in his or her custody, and shall, in accordance with 5 U.S.C. 552a(f)(6)(C) be the responsible official for denial of records under this part.

1. Deputy Director
2. [Reserved]
3. Federal Insurance Administrator
4. Associate Directors
5. United States Fire Administrator
6. Chief of Staff
7. Office Directors
8. General Counsel
9. Inspector General
10. Comptroller
11. Regional Directors

(b) If a request is denied, the appropriate official listed in paragraph (a) of this section shall except as provided in §5.56 advise the requestor within 10 workdays of the receipt of the request that copies may be furnished or the records may be inspected and copied as provided in §5.26.

(c) In the event FEMA cannot locate requested records the appropriate official listed in paragraph (a) of this section shall except as provided in §5.56 advise the requestor within 10 workdays of the receipt of the request that copies may be furnished or the records may be inspected and copied as provided in §5.26.
section will inform the requestor (1) that the agency has determined at the present time to deny the request because the records have not yet been found or examined, but (2) that the agency will review the request within a specified number of days, when the search or examination is expected to be complete. The denial letter will state the name and title or position of the official responsible for the denial of such request. In such event, the requestor may file an agency appeal immediately, pursuant to § 5.55.

§ 5.55 Appeal within FEMA of denial of request.

(a) A requestor denied access, in whole or in part, to FEMA records may appeal that decision within FEMA. All appeals should be addressed to the Headquarters FOIA Officer, Federal Emergency Management Agency, Washington, DC, 20472 regardless of whether the denial being appealed was made at Headquarters, in a field office, or by a Regional Director.

(b) An appeal must be received in the Headquarters FOIA Office no later than thirty calendar days after receipt by the requestor of the initial denial.

(c) An appeal must be in writing and should contain a brief statement of the reasons why the records should be released and enclose copies of the initial request and denial. The appeal letter should bear the legend, “FREEDOM OF INFORMATION APPEAL,” conspicuously marked on both the face of the appeal letter and on the envelope. FEMA has twenty workdays after the receipt of an appeal to make a determination with respect to such appeal. The twenty day time limit shall not begin to run until the appeal is received by the Headquarters FOIA Officer. Misdirected appeals should be promptly forwarded to that office.

(d) The Headquarters FOIA Officer will submit the appeal to the Deputy Director for final administrative determination.

(e) The Deputy Director shall be the deciding official on all appeals except in those cases in which the initial denial was made by him/her. If the Deputy Director made the initial denial, the Director will be the deciding official on any appeal from that denial. In the absence of the Deputy Director, or in case of a vacancy in that office, the Director may designate another FEMA official to perform the Deputy’s functions.

(f) If an appeal is filed in response to a tentative denial pending locating and/or examining of records, as described in § 5.53(c), FEMA will continue to search for and/or examine the requested records and will issue a response immediately upon completion of the search and/or examination. Such action in no way suspends the time for FEMA’s response to the requestor’s appeal which FEMA will continue to process regardless of the response under this paragraph.

(g) If a requestor files suit pending an agency appeal, FEMA nonetheless will continue to process the appeal, and will furnish a response within the twenty day time limit set out in paragraph (c) of this section.

(h) If, on appeal, the denial of the request for records is in whole or in part upheld, the Deputy Director will promptly furnish the requestor a copy of the ruling in writing within the twenty day time limit set out in paragraph (c) of this section except as provided in § 5.55. The notification letter shall contain:

(1) A brief description of the record or records requested;

(2) A statement of the legal basis for nondisclosure;

(3) A statement of the name and title or position of the official or officials responsible for the denial of the initial request as described in § 5.54 and the denial of the appeal as described in paragraph (f) of this section, and

(4) A statement of the requestor’s rights of judicial review.

§ 5.56 Extension of time limits.

In unusual circumstances as specified in this section, the time limits prescribed in §§ 5.52 and 5.55 may be extended by an official named in § 5.54(a) who will provide written notice to the requestor setting forth the reasons for such extension and the date on which a
determination is expected. Such notice will specify no date that would result in an extension of more than ten work days. In unusual circumstances, the Headquarters FOIA Officer may authorize more than one extension, divided between the initial request stage and the appeals stage, but in no event will the combined periods of extension exceed ten work days. As used in this section, “unusual circumstances” include only those circumstances where extension of time is reasonably necessary to the proper processing of the particular request. Examples include:

(a) The need to search for and collect the requested records from field facilities or other establishments that are separate from the office processing the request; or

(b) The need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records which are demanded in a single request; or

(c) The need for consultation, which shall be conducted with all practicable speed, with another agency or with a non-Federal source having a substantial interest in the determination of the request or among two or more components of FEMA having substantial subject matter interest therein.

§ 5.57 Predisclosure notification procedures for confidential commercial information.

(a) In general. Business information provided to FEMA by a business submitter shall not be disclosed pursuant to a Freedom of Information Act (FOIA) request except in accordance with this section. For purposes of this section, the following definitions apply:

(1) Confidential commercial information means records provided to the government by a submitter that arguably contain material exempt from release under Exemption 4 of the Freedom of Information Act, 5 U.S.C. 552(b)(4), because disclosure could reasonably be expected to cause substantial competitive harm.

(2) Submitter means any person or entity who provides confidential commercial information to the government. The term submitter includes, but is not limited to, corporations, State governments, and foreign governments.

(b) Notice to business submitters. FEMA shall provide a submitter with prompt notice of receipt of a Freedom of Information Act request encompassing its business information whenever required in accordance with paragraph (c) of this section, and except as provided in paragraph (g) of this section. The written notice shall either describe the exact nature of the business information requested or provide copies of the records or portions of records containing the business information.

(c) When notice is required. (1) For confidential commercial information submitted prior to January 1, 1988, FEMA shall provide a submitter with notice of receipt of a FOIA request whenever:

(i) The records are less than 10 years old and the information has been designated by the submitter as confidential commercial information;

(ii) FEMA has reason to believe that disclosure of the information could reasonably result in commercial or financial injury to the submitter; or

(iii) The information is subject to prior express commitment of confidentiality given by FEMA to the submitter.

(2) For confidential commercial information submitted to FEMA on or after January 1, 1988, FEMA shall provide a submitter with notice of receipt of a FOIA request whenever:

(i) The submitter has in good faith designated the information as commercially or financially sensitive information; or

(ii) FEMA has reason to believe that disclosure of the information could reasonably result in commercial or financial injury to the submitter.

(3) Notice of a request for confidential commercial information falling within paragraph (c)(2)(i) of this section shall be required for a period of not more than 10 years after the date of submission unless the submitter requests, and provides acceptable justification for, a specific notice period of greater duration.

(4) Whenever possible, the submitter’s claim of confidentiality shall be
§ 5.59 Judicial relief available to the public.

Any person making a request to FEMA for records under this part shall be deemed to have exhausted his administrative remedies with respect to the request if the agency fails to comply with the applicable time limit provisions set forth in §§5.52 and 5.55.

§ 5.58 Exhaustion of administrative remedies.

Any person making a request to FEMA for records under this part shall be deemed to have exhausted his administrative remedies with respect to the request if the agency fails to comply with the applicable time limit provisions set forth in §§5.52 and 5.55.

§ 5.59 Judicial relief available to the public.

Upon denial of a requestor's appeal by the Deputy Director the requestor may file a complaint in a district court of the United States in the district in which the complainant resides, or has his principal place of business, or in
§ 5.60 Disciplinary action against employees for "arbitrary or capricious" denial.

Pursuant to 5 U.S.C. 552(a)(4)(F), whenever the district court, described in §5.59 orders the production of any FEMA records improperly withheld from the complainant and assesses against the United States reasonable attorney fees and other litigation costs, and the court additionally issues a written finding that the circumstances surrounding the withholding raise questions whether FEMA personnel acted arbitrarily or capriciously with respect to the withholding, the Special Counsel in the Merit Systems Protection Board is required to initiate a proceeding to determine whether disciplinary action is warranted against the officer or employee who primarily was responsible for the withholding. The Special Counsel after investigation and consideration of the evidence submitted, submits findings and recommendations to the Director of FEMA and sends copies of the findings and recommendations to the officer or employee or his or her representative. The law requires the Director to take any corrective action which the Special Counsel recommends.

§ 5.61 Contempt for noncompliance.

In the event of noncompliance by FEMA with an order of a district court pursuant to §5.60, the district court may punish for contempt the FEMA employee responsible for the noncompliance, pursuant to 5 U.S.C. 552(a)(4)(G).

Federal Emergency Management Agency

§ 5.80 Scope and applicability.

(a) This subpart sets forth policies and procedures with respect to the disclosure or production by FEMA employees, in response to a subpoena, order or other demand of a court or other authority, of any material contained in the files of the Agency or any information relating to material contained in the files of the Agency or any information acquired by an employee as part of the performance of that person’s official duties or because of that person’s official status.

(b) This subpart applies to State and local judicial, administrative and legislative proceedings, and Federal judicial and administrative proceedings.

(c) This subpart does not apply to Congressional requests or subpoenas for testimony or documents, or to an employee making an appearance solely in his or her private capacity in judicial or administrative proceedings that do not relate to the Agency (such as cases arising out of traffic accidents, domestic relations, etc.).
§ 5.81 Statement of policy.

(a) It is the policy of FEMA to make its records available to private litigants to the same extent and in the same manner as such records are made available to members of the general public, except where protected from disclosure by litigation procedural authority (e.g., Federal Rules of Civil Procedure) or other applicable law.

(b) It is FEMA’s policy and responsibility to preserve its human resources for performance of the official functions of the Agency and to maintain strict impartiality with respect to private litigants. Participation by FEMA employees in private litigation in their official capacities is generally contrary to this policy.

§ 5.82 Definitions.

For purposes of this subpart, the following terms have the meanings ascribed to them in this section:

(a) Demand refers to a subpoena, order, or other demand of a court of competent jurisdiction, or other specific authority (e.g., an administrative or State legislative body), signed by the presiding officer, for the production, disclosure, or release of FEMA records or information or for the appearance and testimony of FEMA personnel as witnesses in their official capacities.

(b) Employee of the Agency includes all officers and employees of the United States appointed by or subject to the supervision, jurisdiction or control of the Director of FEMA.

(c) Private litigation refers to any legal proceeding which does not involve as a named party the United States Government, or the Federal Emergency Management Agency, or any official thereof in his or her official capacity.

§ 5.83 Authority to accept service of subpoenas.

In all legal proceedings between private litigants, a subpoena duces tecum or subpoena ad testificandum or other demand by a court or other authority for the production of records held by FEMA Regional offices or for the oral or written testimony of FEMA Regional employees should be addressed to the appropriate Regional Director listed in §5.26. For records or testimony of the Office of Inspector General, the subpoena should be addressed to the Inspector General, FEMA, Washington, DC 20472. For all other records or testimony, the subpoena should be addressed to the General Counsel, FEMA, Washington, DC 20472. No other official or employee of FEMA is authorized to accept service of subpoenas on behalf of the Agency.

§ 5.84 Production of documents in private litigation.

(a) The production of records held by FEMA in response to a subpoena duces tecum or other demand issued pursuant to private litigation, whether or not served in accordance with the provisions of §5.83 of this subpart, is prohibited absent authorization by the General Counsel or, as to records of the Office of the Inspector General, by the Inspector General.

(b) Whenever an official or employee of FEMA, including any Regional Director, receives a subpoena or other demand for the production of Agency documents or material, he or she shall immediately notify and provide a copy of the demand to the General Counsel, unless the subpoena or demand seeks the production of documents or material maintained by the Office of Inspector General, in which case a copy of the demand shall be provided to the Inspector General.

(c) The General Counsel (or Inspector General), after consultation with other appropriate officials as deemed necessary, shall promptly determine whether to disclose the material or documents identified in the subpoena or other demand. Generally, authorization to furnish the requested material or documents shall not be withheld unless their disclosure is prohibited by relevant law or for other compelling reasons.

(d) Whenever a subpoena or demand commanding the production of any record is served upon any Agency employee other than as provided in §5.83 of this subpart, or the response to a demand is required before the receipt of instructions from the General Counsel (or Inspector General), such employee shall appear in response thereto, respectfully decline to produce the
record(s) on the ground that it is prohibited by this section and state that the demand has been referred for the prompt consideration of the General Counsel (or, where appropriate, the Inspector General).

(e) Where the release of documents in response to a subpoena duces tecum is authorized by the General Counsel (or, as to documents maintained by the Office of Inspector General, the Inspector General), the official having custody of the requested records will furnish, upon the request of the party seeking disclosure, authenticated copies of the documents. No official or employee of FEMA shall respond in strict compliance with the terms of a subpoena duces tecum unless specifically authorized by the General Counsel (or Inspector General).

§ 5.85 Authentication and attestation of copies.

The Director, Deputy Director, Associate Directors, Administrators, the General Counsel, the Docket Clerk, Inspector General, Regional Directors, and their designees, and other heads of offices having possession of records are authorized in the name of the Director to authenticate and attest for copies or reproductions of records. Appropriate fees will be charged for such copies or reproductions based on the fee schedule set forth in section 5.46 of this part.

§ 5.86 Production of documents in litigation or other adjudicatory proceeding in which the United States is a party.

Subpoenas duces tecum issued pursuant to litigation or any other adjudicatory proceeding in which the United States is a party shall be handled as provided at §5.8.

§ 5.87 Testimony of FEMA employees in private litigation.

(a) No FEMA employee shall testify in response to a subpoena or other demand in private litigation as to any information relating to material contained in the files of the Agency, or any information acquired as part of the performance of that person’s official duties or because of that person’s official status, including the meaning of Agency documents. (b) Whenever a demand is made upon a FEMA employee, other than an employee of the Office of Inspector General, for the disclosure of information described in paragraph (a) of this section, that employee shall immediately notify the Office of General Counsel. Employees of the Office of Inspector General shall notify the Inspector General of such demands. The General Counsel (or Inspector General through designated legal counsel), upon receipt of such notice and absent waiver of the general prohibition against employee testimony at his or her discretion, shall arrange with the appropriate United States Attorney the taking of such steps as are necessary to quash the subpoena or seek a protective order.

(c) In the event that an immediate demand for testimony or disclosure is made in circumstances which would preclude prior notice to and consultation with the General Counsel (or Inspector General), the employee shall respectfully request from the demanding authority a stay in the proceedings to allow sufficient time to obtain advice of counsel.

(d) If the court or other authority declines to stay the effect of the demand in response to a request made in accordance with paragraph (c) of this section pending consultation with counsel, or if the court or other authority rules that the demand must be complied with irrespective of instructions not to testify or disclose the information sought, the employee upon whom the demand has been made shall respectfully decline to comply with the demand, citing these regulations and United States ex rel. Touhy v. Ragen, 340 U.S. 462 (1951).

§ 5.88 Testimony in litigation in which the United States is a party.

(a) Whenever, in any legal proceeding in which the United States is a party, the attorney in charge of presenting the case for the United States requests it, the General Counsel shall arrange for an employee of the Agency to testify as a witness for the United States. (b) The attendance and testimony of named employees of the Agency may not be required in any legal proceeding by the judge or other presiding officer.
§ 5.89 Waiver.

The General Counsel (or, as to employees of the Office of Inspector General, the Inspector General) may grant, in writing, a waiver of any policy or procedure prescribed by this subpart, where waiver is considered necessary to promote a significant interest of the Agency or for other good cause. In granting such waiver, the General Counsel (or Inspector General) shall attach to the waiver such reasonable conditions and limitations as are deemed appropriate in order that a response in strict compliance with the terms of a subpoena duces tecum or the providing of testimony will not interfere with the duties of the employee and will otherwise conform to the policies of this part. The Director may, in his or her discretion, review any decision to authorize a waiver of any policy or procedure prescribed by this subpart.

PART 6—IMPLEMENTATION OF THE PRIVACY ACT OF 1974

Subpart A—General

Sec.
6.1 Purpose and scope of part.
6.2 Definitions.
6.3 Collection and use of information (Privacy Act statements).
6.4 Standards of accuracy.
6.5 Rules of conduct.
6.6 Safeguarding systems of records.
6.7 Records of other agencies.
6.8 Subpoena and other legal demands.
6.9 Inconsistent issuances of F E M A and/or its predecessor agencies superseded.
6.10 Assistance and referrals.

Subpart B—Disclosure of Records

6.20 Conditions of disclosure.
6.21 Procedures for disclosure.
6.22 Accounting of disclosures.
§ 6.2 Policies and procedures governing the disclosure and availability of records in general are in part 5 of this chapter. This part also covers: (a) Procedures for notification to individuals of a FEMA system of records pertaining to them; (b) guidance to individuals in obtaining information, including inspections of, and disagreement with, the content of records; (c) accounting of disclosure; (d) special requirements for medical records; and (e) fees.

§ 6.2 Definitions.
For the purpose of this part:
(a) Agency includes any executive department, military department, Government corporation, Government controlled corporation, or other establishment in the executive branch of the Government (including the Executive Office of the President), or any independent regulatory agency (see 5 U.S.C. 552(e)).
(b) Individual means a citizen of the United States or an alien lawfully admitted for permanent residence.
(c) Maintain includes maintain, collect, use, and disseminate.
(d) Record means any item, collection, or grouping of information about an individual that is maintained by an agency, including, but not limited to those concerning education, financial transactions, medical history, and criminal or employment history, and that contains the name or other identifying particular assigned to the individual, such as a fingerprint, voiceprint, or photograph.
(e) System of records means a group of any records under the control of an agency from which information is retrieved by the name of the individual or by some identifying number, symbol, or other identification assigned to that individual.
(f) Statistical record means a record in a system of records maintained for statistical research or reporting purposes only and not used in whole or in part in making any determination about an identifiable individual, except as provided by 13 U.S.C. 8.
(g) Routine use means, with respect to the disclosure of a record, the use of that record for a purpose which is compatible with the purpose for which it was collected.

(h) System manager means the employee of FEMA who is responsible for the maintenance of a system of records and for the collection, use, and dissemination of information therein.
(i) Subject individual means the individual named or discussed in a record of the individual to whom a record otherwise pertains.
(j) Disclosure means a transfer of a record, a copy of a record, or any or all of the information contained in a record to a recipient other than the subject individual, or the review of a record by someone other than the subject individual.
(k) Access means a transfer of a record, a copy of a record, or the information in a record to the subject individual, or the review of a record by the subject individual.
(l) Solicitation means a request by an officer or employee of FEMA that an individual provide information about himself or herself.
(m) Director means the Director, FEMA.
(n) Deputy Director means the Deputy Director, FEMA, or, in the case of the absence of the Deputy Director, or a vacancy in that office, a person designated by the Director to perform the functions under this regulation of the Deputy Director.
(o) Privacy Appeals Officer means the FOIA/Privacy Act Specialist or his/her designee.

§ 6.3 Collection and use of information (Privacy Act statements).
(a) General. Any information used in whole or in part in making a determination about an individual's rights, benefits, or privileges under FEMA programs will be collected directly from the subject individual to the extent practicable. The system manager also shall ensure that information collected is used only in conformance with the provisions of the Act and these regulations.
(b) Solicitation of information. System managers shall ensure that at the time information is solicited the solicited individual is informed of the authority
§ 6.4 Standards of accuracy.

The system manager shall ensure that all records which are used by FEMA to make determinations about any individual are maintained with such accuracy, relevance, timeliness, and completeness as is reasonably necessary to ensure fairness to the individual.

§ 6.5 Rules of conduct.

Employees of FEMA involved in the design, development, operation, or maintenance of any system of records or in maintaining any record, shall conduct themselves in accordance with the rules of conduct concerning the protection of personal information in §3.25 of this chapter.

§ 6.6 Safeguarding systems of records.

(a) Systems managers shall ensure that appropriate administrative, technical, and physical safeguards are established to ensure the security and confidentiality of records and to protect against any anticipated threats or hazards to their security or integrity which could result in substantial harm, embarrassment, inconvenience, or unfairness to any individual on whom information is maintained.

(b) Personnel information contained in both manual and automated systems of records shall be protected by implementing the following safeguards:

1. Official personnel folders, authorized personnel operating or work folders and other records of personnel actions effected during an employee's Federal service or affecting the employee's status and service, including information on experience, education, training, special qualification, and skills, performance appraisals, and conduct, shall be stored in a lockable metal filing cabinet when not in use by an authorized person. A system manager may employ an alternative storage system providing that it furnished an equivalent degree of physical security as storage in a lockable metal filing cabinet.

2. System managers, at their discretion, may designate additional records of unusual sensitivity which require safeguards similar to those described in paragraph (a) of this section.

3. A system manager shall permit access to and use of automated or manual personnel records only to persons whose official duties require such access, or to a subject individual or his or her representative as provided by this part.
§ 6.7 Records of other agencies.

If FEMA receives a request for access to records which are the primary responsibility of another agency, but which are maintained by or in the temporary possession of FEMA on behalf of that agency, FEMA will advise the requestor that the request has been forwarded to the responsible agency. Records in the custody of FEMA which are the primary responsibility of the Office of Personnel Management are governed by the rules promulgated by it pursuant to the Privacy Act.

§ 6.8 Subpoena and other legal demands.

Access to records in systems of records by subpoena or other legal process shall be in accordance with the provisions of part 5 of this chapter.

§ 6.9 Inconsistent issuances of FEMA and/or its predecessor agencies superseded.

Any policies and procedures in any issuances of FEMA or any of its predecessor agencies which are inconsistent with the policies and procedures in this part are superseded to the extent of that inconsistency.

§ 6.10 Assistance and referrals.

Requests for assistance and referral to the responsible system manager or other FEMA employee charged with implementing these regulations should be made to the Privacy Appeals Officer, Federal Emergency Management Agency, Washington, DC 20472.

(45 FR 17152, Mar. 18, 1980)

Subpart B—Disclosure of Records

§ 6.20 Conditions of disclosure.

No employee of FEMA shall disclose any record to any person or to another agency without the express written consent of the subject individual unless the disclosure is:

(a) To officers or employees of FEMA who have a need for the information in the official performance of their duties;

(b) Required by the provisions of the Freedom of Information Act, 5 U.S.C. 552;

(c) For a routine use as published in the notices in the Federal Register;

(d) To the Bureau of the Census for use pursuant to title 13, United States Code;

(e) To a recipient who has provided FEMA with advance adequate written assurance that the record will be used solely as a statistical research or reporting record subject to the following: The record shall be transferred in a form that is not individually identifiable. The written statement should include as a minimum (1) a statement of the purpose for requesting the records; and (2) certification that the records will be used only for statistical purposes. These written statements should be maintained as accounting records. In addition to deleting personal identifying information from records released for statistical purposes, the system manager shall ensure that the identity of the individual cannot reasonably be deduced by combining various statistical records;

(f) To the National Archives of the United States as a record which has sufficient historical or other value to warrant its continued preservation by the United States Government, or for evaluation by the Administrator of The National Archives and Records Administration or his designee to determine whether the record has such value;

(g) To another agency or instrumentality of any governmental jurisdiction within or under the control of the United States for civil or criminal law enforcement activity, if the activity is authorized by law, and if the head of the agency or instrumentality or his designated representative has made a written request to the Director specifying the particular portion desired and the law enforcement activity for which the record is sought;

(h) To a person showing compelling circumstances affecting the health and safety of an individual to whom the record pertains. (Upon such disclosure, a notification must be sent to the last known address of the subject individual.)

(i) To either House of Congress or to a subcommittee or committee (joint or of either House, to the extent that the subject matter falls within their jurisdiction; and

(j) To the Comptroller General or any duly authorized representatives of the
§ 6.21 Procedures for disclosure.

(a) Upon receipt of a request for disclosure, the system manager shall verify the right of the requestor to obtain disclosure pursuant to § 6.20. Up on that verification and subject to other requirements of this part, the system manager shall make the requested records available.

(b) If the system manager determines that the disclosure is not permitted under the provisions of § 6.20 or other provisions of this part, the system manager shall deny the request in writing and shall inform the requestor of the right to submit a request for review and final determination to the Director or designee.

§ 6.22 Accounting of disclosures.

(a) Except for disclosures made pursuant to § 6.20 (a) and (b), an accurate accounting of each disclosure shall be made and retained for 5 years after the disclosure or for the life of the record, whichever is longer. The accounting shall include the date, nature, and purpose of each disclosure, and the name and address of the person or agency to whom the disclosure is made;

(b) The system manager also shall maintain in conjunction with the accounting of disclosures:

(1) A full statement of the justification for the disclosure.

(2) All documentation surrounding disclosure of a record for statistical or law enforcement purposes; and

(3) Evidence of written consent to a disclosure given by the subject individual.

(c) Except for the accounting of disclosures made to agencies or instrumentalities in law enforcement activities in accordance with § 6.20 (g) or of disclosures made from exempt systems the accounting of disclosures shall be made available to the individual upon request. Procedures for requesting access to the accounting are in subpart C of this part.

Subpart C—Individual Access to Records

§ 6.30 Form of requests.

(a) An individual who seeks access to his or her record or to any information pertaining to the individual which is contained in a system of records should notify the system manager at the address indicated in the Federal Register notice describing the pertinent system. The notice should bear the legend “Privacy Act Request” both on the request letter and on the envelope. It will help in the processing of a request if the request letter contains the complete name and identifying number of the system as published in the Federal Register; the full name and address of the subject individual; a brief description of the nature, time, place, and circumstances of the individual’s association with FEMA; and any other information which the individual believes would help the system manager to determine whether the information about the individual is included in the system of records. The system manager shall answer or acknowledge the request within 10 workdays of its receipt by FEMA.

(b) The system manager, at his discretion, may accept oral requests for access subject to verification of identity.

§ 6.31 Special requirements for medical records.

(a) A system manager who receives a request from an individual for access to those official medical records which belong to the U.S. Office of Personnel Management and are described in Chapter 339, Federal Personnel Manual (medical records about entrance qualifications or fitness for duty, or medical records which are otherwise filed in the Official Personnel Folder), shall refer the pertinent system of records to a Federal Medical Officer for review and determination in accordance with this section. If no Federal Medical Officer is available to make the determination...
required by this section, the system manager shall refer the request and the medical reports concerned to the Office of Personnel Management for determination.

(b) If, in the opinion of a Federal Medical Officer, medical records requested by the subject individual indicate a condition about which a prudent physician would hesitate to inform a person suffering from such a condition of its exact nature and probable outcome, the system manager shall not release the medical information to the subject individual nor to any person other than a physician designated in writing by the subject individual, or the guardian or conservator of the individual.

(c) If, in the opinion of a Federal Medical Officer, the medical information does not indicate the presence of any condition which would cause a prudent physician to hesitate to inform a person suffering from such a condition of its exact nature and probable outcome, the system manager shall release it to the subject individual or to any person, firm, or organization which the individual authorizes in writing to receive it.

§ 6.32 Granting access.

(a) Upon receipt of a request for access to non-exempt records, the system manager shall make these records available to the subject individual or shall acknowledge the request within 10 workdays of its receipt by FEMA. The acknowledgment shall indicate when the system manager will make the records available.

(b) If the system manager anticipates more than a 10 day delay in making a record available, he or she also shall include in the acknowledgment specific reasons for the delay.

(c) If a subject individual's request for access does not contain sufficient information to permit the system manager to locate the records, the system manager shall request additional information from the individual and shall have 10 workdays following receipt of the additional information in which to make the records available or to acknowledge receipt of the request and indicate when the records will be available.

(d) Records will be available for authorized access during normal business hours at the offices where the records are located. A requestor should be prepared to identify himself or herself by signature; i.e., to note by signature the date of access and/or produce other identification verifying the signature.

(e) Upon request, a system manager shall permit an individual to examine the original of a non-exempt record, shall provide the individual with a copy of the record, or both. Fees shall be charged in accordance with subpart F.

(f) An individual may request to pick up a record in person or to receive it by mail, directed to the name and address provided by the individual in the request. A system manager shall not make a record available to a third party for delivery to the subject individual except for medical records as outlined in § 6.31.

(g) An individual who selects another person to review, or to accompany the individual in reviewing or obtaining a copy of the record must, prior to the disclosure, sign a statement authorizing the disclosure of the record. The system manager shall maintain this statement with the record.

(h) The procedure for access to an accounting of disclosure is identical to the procedure for access to a record as set forth in this section.

§ 6.33 Denials of access.

(a) A system manager may deny an individual access to that individual's record only upon the grounds that FEMA has published the rules in the Federal Register exempting the pertinent system of records from the access requirement. These exempt systems of records are described in subpart G of this part.

(b) If the system manager believes is contained within an exempt system of records he or she shall forward the request to the appropriate official listed below or to his or her delegate through normal supervisory channels.

(1) Deputy Director
(2) [Reserved]
(3) Federal Insurance Administrator
(4) Associate Directors
The system manager shall append to the request an explanation of the determination that the requested record is contained within an exempt system of records and a recommendation that the request be denied or granted.

(c) In the event that the system manager serves in one of the positions listed in paragraph (b) of this section, he or she shall retain the responsibility for denying or granting the request.

(d) The appropriate official listed in paragraph (b) of this section shall, in consultation with the Office of General Counsel and such other officials as deemed appropriate, determine if the request record is contained within an exempt system of records and:

(1) If the record is not contained within an exempt system of records, the above official shall notify the system manager to grant the request in accordance with §6.32, or

(2) If the record is contained within an exempt system said official shall:

(i) Notify the requestor that the request is denied, including a statement justifying the denial and advising the requestor of a right to judicial review of that decision as provided in §6.57, or

(ii) Notify the system manager to make record available to the requestor in accordance with §6.31, notwithstanding the record's inclusion within an exempt system.

(e) The appropriate official listed in paragraph (b) of this section shall provide the Privacy Appeals Office with a copy of any denial of a requested access.

§ 6.34 Appeal of denial of access within FEMA.

A requestor denied access in whole or in part, to records pertaining to that individual, exclusive of those records for which the system manager is the Director, may file an administrative appeal of that denial. Appeals of denied access will be processed in the same manner as processing for appeals from a denial of a request to amend a record set out in §6.55, regardless whether the denial being appealed is made at headquarters or by a regional official.

Subpart D—Requests To Amend Records

§ 6.50 Submission of requests to amend records.

An individual who desires to amend any record containing personal information about the individual should direct a written request to the system manager specified in the pertinent FEDERAL REGISTER notice concerning FEMA’s systems of records. A current FEMA employee who desires to amend personnel records should submit a written request to the FEMA Director of Personnel, Washington, DC 20472. Each request should include evidence of and justification for the need to amend the pertinent record. Each request should bear the legend “Privacy Act—Request to Amend Record” prominently marked on both the face of the request letter and the envelope.

§ 6.51 Review of requests to amend records.

(a) The system manager shall acknowledge the receipt of a request to amend a record within 10 workdays. If possible, the acknowledgment shall include the system manager’s determination either to amend the record or to deny the request to amend as provided in §6.53.

(b) When reviewing a record in response to a request to amend, the system manager shall assess the accuracy, relevance, timeliness, and completeness of the existing record in light of the proposed amendment and shall determine whether the request for the amendment is justified. With respect to a request to delete information, the system manager also shall review the request and the existing record to determine whether the information is relevant and necessary to accomplish an agency purpose required to be accomplished by statute or Executive Order.
§ 6.52 Approval of requests to amend records.
If the system manager determines that amendment of a record is proper in accordance with the request to amend, he or she promptly shall make the necessary corrections to the record and shall send a copy of the corrected record to the individual. Where an accounting of disclosure has been maintained, the system manager shall advise all previous recipients of the record of the fact that a correction has been made and the substance of the correction. Where practicable, the system manager shall advise the Privacy Appeals Officer that a request to amend has been approved.

§ 6.53 Denial of requests to amend records.
(a) If the system manager determines that an amendment of a record is improper or that the record should be amended in a manner other than that requested by an individual, he shall refer the request to amend and his determinations and recommendations to the appropriate official listed in §6.33(b) through normal supervisory channels.
(b) If the official listed in §6.33, after reviewing the request to amend a record, determines to amend the record in accordance with the request, said official promptly shall return the request to the system manager with instructions to make the requested amendments in accordance with §6.52.
(c) If the appropriate official listed in §6.33, after reviewing the request to amend a record, determines not to amend the record in accordance with the request, the requestor shall be promptly advised in writing of the determination. The refusal letter (1) shall state the reasons for the denial of the request to amend; (2) shall include proposed alternative amendments, if appropriate; (3) shall state the requestor’s right to appeal the denial of the request to amend; and (4) shall state the procedures for appealing and the name and title of the official to whom the appeal is to be addressed.
(d) The appropriate official listed in §6.33 shall furnish the Privacy Appeals Officer a copy of each initial denial of a request to amend a record.

§ 6.54 Agreement to alternative amendments.
If the denial of a request to amend a record includes proposed alternative amendments, and if the requestor agrees to accept them, he or she must notify the official who signed the denial. That official immediately shall instruct the system manager to make the necessary amendments in accordance with §6.52.

§ 6.55 Appeal of denial of request to amend a record.
(a) A requestor who disagrees with a denial of a request to amend a record may file an administrative appeal of that denial. The requestor should address the appeal to the FEMA Privacy Appeals Officer, Washington, DC 20472. If the requestor is an employee of FEMA and the denial to amend involves a record maintained in the employee’s Official Personnel Folder covered by an Office of Personnel Management Government-wide system notice, the appeal should be addressed to the Assistant Director, Information Systems, Agency Compliance and Evaluation Group, Office of Personnel Management, Washington, DC 20415.
(b) Each appeal to the Privacy Act Appeals Officer shall be in writing and must be received by FEMA no later than 30 calendar days from the requestor’s receipt of a denial of a request to amend a record. The appeal should bear the legend “Privacy Act—Appeal,” both on the face of the letter and the envelope.
(c) Upon receipt of an appeal, the Privacy Act Appeals Officer shall consult with the system manager, the official who made the denial, the General Counsel or a member of that office, and such other officials as may be appropriate. If the Privacy Act Appeals Officer in consultation with these officials, determines that the record should be amended, as requested, the system manager shall be instructed immediately to amend the record in accordance with §6.52 and shall notify the requestor of that action.
§ 6.56 Statement of disagreement.

Upon receipt of a final administrative determination denying a request to amend a record, the requester may file a Statement of Disagreement with the appropriate system manager. The Statement of Disagreement should include an explanation of why the requester believes the record to be inaccurate, irrelevant, untimely, or incomplete. The system manager shall maintain the Statement of Disagreement in conjunction with the pertinent record, and shall include a copy of the Statement of Disagreement in any disclosure of the pertinent record. The system manager shall provide a copy of the Statement of Disagreement to any person or agency to whom the record has been disclosed only if the disclosure was subject to the accounting requirements of §6.22.

§ 6.57 Judicial review.

Within 2 years of receipt of a final administrative determination as provided in §6.34 or §6.55, a requester may seek judicial review of that determination. A civil action must be filed in the Federal District Court in which the requestor resides or has his or her principal place of business or in which the agency records are situated, or in the District of Columbia.

Subpart E—Report on New Systems and Alterations of Existing Systems

§ 6.70 Reporting requirement.

(a) No later than 90 calendar days prior to the establishment of a new system of records, the prospective system manager shall notify the Privacy Appeals Officer of the proposed new system. The prospective system manager shall include with the notification a completed FEMA Form 11-2, System of Records Covered by the Privacy Act of 1974, and a justification for each system of records proposed to be established. If the Privacy Appeals Officer determines that the establishment of the proposed system is in the best interest of the Government, then no later than 60 calendar days prior to the establishment of that system of records, a report of the proposal shall be submitted by the Director or a designee thereof, to the President of the Senate, the Speaker of the House of Representatives, and the Administrator, Office of Information and Regulatory Affairs, Office of Management and Budget for
their evaluation of the probable or potential effect of that proposal on the privacy and other personal or property rights of individuals.

(b) No later than 90 calendar days prior to the alteration of a system of records, the system manager responsible for the maintenance of that system of records shall notify the Privacy Appeals Officer of the proposed alteration. The system manager shall include with the notification a completed F E M A Form 11-2. System of Records Covered by the Privacy Act of 1974, and a justification for each system of records he proposes to alter. If it is determined that the proposed alteration is in the best interest of the Government, then, the Director, or a designee thereof, shall submit, no later than 60 calendar days prior to the establishment of that alteration, a report of the proposal to the President of the Senate, the Speaker of the House of Representatives, and the Administrator, Office of Information and Regulatory Affairs, Office of Management and Budget for their evaluation of the probable or potential effect of that proposal on the privacy and other personal or property rights of individuals.

(c) The reports required by this regulation are exempt from reports control.

(d) The Administrator, Office of Information and Regulatory Affairs, Office of Management and Budget may waive the time requirements set out in this section upon a finding that a delay in the establishing or amending the system would not be in the public interest and showing how the public interest would be adversely affected if the waiver were not granted and otherwise complying with OMB Circular A-130.

§ 6.82 Waiver of fee.

The system manager shall make one copy of a record, up to 300 pages, available without charge to a requestor who is an employee of FEMA. The system manager may waive the fee requirement for any other requestor if the cost of collecting the fee is an unduly large part of, or greater than, the fee, or when furnishing the record without the Office of Management and Budget do not object to the establishment of a new system or records or to the alteration of an existing system of records, or

(b) No fewer than 30 calendar days elapse from the date of submission of the proposal to the Senate, the House of Representatives, and the Office of Management and Budget without receipt of an objection to the proposal. The notice shall include all of the information required to be provided in F E M A Form 11-2. System of Records Covered by the Privacy Act of 1974, and such other information as the Director deems necessary.

§ 6.72 Effective date of new system of records or alteration of an existing system of records.

Systems of records proposed to be established or altered in accordance with the provisions of this subpart shall be effective no sooner than 30 calendar days from the publication of the notice required by § 6.71.

Subpart F—Fees

§ 6.80 Records available at fee.

The system manager shall provide a copy of a record to a requestor at a fee prescribed in § 6.85 unless the fee is waived under § 6.82.

[44 FR 50293, Aug. 27, 1979, as amended at 45 FR 17152, Mar. 18, 1980]

§ 6.81 Additional copies.

A reasonable number of additional copies shall be provided for the applicable fee to a requestor who indicates that he has no access to commercial reproduction services.

§ 6.82 Waiver of fee.

The system manager shall make one copy of a record, up to 300 pages, available without charge to a requestor who is an employee of FEMA. The system manager may waive the fee requirement for any other requestor if the cost of collecting the fee is an unduly large part of, or greater than, the fee, or when furnishing the record without
charge conforms to generally established business custom or is in the public interest.

[44 FR 50287, Aug. 27, 1979, as amended at 52 FR 13679, Apr. 24, 1987]

§ 6.83 Prepayment of fees.

(a) When FEMA estimates or determines that allowable charges that a requester may be required to pay are likely to exceed $250.00, FEMA may require a requester to make an advance payment of the entire fee before continuing to process the request.

(b) When a requester has previously failed to pay a fee charged in a timely fashion (i.e., within 30 days of the date of the billing), FEMA may require the requester to pay the full amount owed plus any applicable interest as provided in § 6.85(d), and to make an advance payment of the full amount of the estimated fee before the agency begins to process a new request or a pending request from that requester.

(c) When FEMA acts under § 5.44 (a) or (b), the administrative time limits prescribed in subsection (a)(6) of the FOIA (i.e., 10 working days from the receipt of initial requests and 20 working days from receipt of appeals from initial denial, plus permissible extensions of these time limits) will begin only after FEMA has received fee payments described under § 5.44 (a) or (b).

[52 FR 13679, Apr. 24, 1987]

§ 6.84 Form of payment.

Payment shall be by check or money order payable to The Federal Emergency Management Agency and shall be addressed to the system manager.

§ 6.85 Reproduction fees.

(a) Duplication costs. (1) For copies of documents reproduced on a standard office copying machine in sizes up to 8½ x 14 inches, the charge will be $.15 per page.

(2) The fee for reproducing copies of records over 8½ x 14 inches or whose physical characteristics do not permit reproduction by routine electrostatic copying shall be the direct cost of reproducing the records through Government or commercial sources. If FEMA estimates that the allowable duplication charges are likely to exceed $25, it shall notify the requester of the estimated amount of fees, unless the requester has indicated in advance his/her willingness to pay fees as high as those anticipated. Such a notice shall offer a requester the opportunity to confer with agency personnel with the objective of reformulating the request to meet his/her needs at a lower cost.

(b) Interest may be charged to those requesters who fail to pay fees charged. FEMA may begin assessing interest charges on the amount billed starting on the 31st day following the day on which the billing was sent. Interest will be at the rate prescribed in section 3717 of title 31 U.S.C.

52 FR 13679, Apr. 24, 1987

§ 6.86 General exemptions.

(a) Whenever the Director, Federal Emergency Management Agency, determines it to be necessary and proper, with respect to any system of records maintained by the Federal Emergency Management Agency, to exercise the right to promulgate rules to exempt such systems in accordance with the provisions of 5 U.S.C. 552a (j) and (k), each specific exemption, including the parts of each system to be exempted, the provisions of the Act from which they are exempted, and the justification for each exemption shall be published in the FEDERAL REGISTER as part of FEMA's Notice of Systems of Records.

(b) Exempt under 5 U.S.C. 552a(j)(2) from the requirements of 5 U.S.C. 552a(c) (3) and (4), (d), (e) (1), (2), (3),
(e)(4) (G), (H), and (I), (e)(5) and (B) (f) and (g) of the Privacy Act.

(1) Exempt systems. The following systems of records, which contain information of the type described in 5 U.S.C. 552a(2), shall be exempt from the provisions of 5 U.S.C. 552a listed in paragraph (b) of this section.

General Investigative Files (FEMA/IG-2)—Limited Access

(2) Reasons for exemptions. (i) 5 U.S.C. 552a (e)(4)(G) and (f)(1) enable individuals to be notified whether a system of records contains records pertaining to them. The Federal Emergency Management Agency believes that application of these provisions to the above-listed system of records would give individuals an opportunity to learn whether they are of record either as suspects or as subjects of a criminal investigation; this would compromise the ability of the Federal Emergency Management Agency to complete investigations and identify or detect violators of laws administered by the Federal Emergency Management Agency or other Federal agencies. Individuals would be able (A) to take steps to avoid detection, (B) to inform co-conspirators of the fact that an investigation is being conducted, (C) to learn the nature of the investigation to which they are being subjected, (D) to learn the type of surveillance being utilized, (E) to learn whether they are only suspects or identified law violators, (F) to continue to resume their illegal conduct without fear of detection upon learning that they are not in a particular system of records, and (G) to destroy evidence needed to prove the violation.

(ii) 5 U.S.C. 552a (d)(1), (e)(4)(H) and (f)(2), (3) and (5) enable individuals to gain access to records pertaining to them. The Federal Emergency Management Agency believes that application of these provisions to the above-listed system of records would compromise its ability to complete or continue criminal investigations and to detect or identify violators of laws administered by the Federal Emergency Management Agency or other Federal agencies. Permitting access to records contained in the above-listed system of records would provide individuals with significant information concerning the nature of the investigation, and this could enable them to avoid detection or apprehension in the following ways: (A) By discovering the collection of facts which would form the basis for their arrest, (B) by enabling them to destroy evidence of criminal conduct which would form the basis for their arrest, and (C) by learning that the criminal investigators had reason to believe that a crime was about to be committed, they could delay the commission of the crime or change the scene of the crime to a location which might not be under surveillance. Granting access to ongoing or closed investigative files would also reveal investigative techniques and procedures, the knowledge of which could enable individuals planning criminal activity to structure their future operations in such a way as to avoid detection or apprehension, thereby neutralizing law enforcement officers' established investigative tools and procedures. Further, granting access to investigative files and records could disclose the identity of confidential sources and other informers and the nature of the information which they supplied, thereby endangering the life or physical safety of those sources of information by exposing them to possible reprisals for having provided information relating to the criminal activities of those individuals who are the subjects of the investigative files and records; confidential sources and other informers might refuse to provide criminal investigators with valuable information if they could not be secure in the knowledge that their identities would not be revealed through disclosure of either their names or the nature of the information they supplied, and this would seriously impair the ability of the Federal Emergency Management Agency to carry out its mandate to enforce criminal and related laws. Additionally, providing access to records contained in the above-listed system of records could reveal the identities of undercover law enforcement personnel who compiled information regarding individual's criminal activities, thereby endangering the life or physical safety of those undercover personnel or their families by exposing them to possible reprisals.
(iii) 5 U.S.C. 552a(d) (2), (3) and (4), (e)(4)(H) and (f)(4), which are dependent upon access having been granted to records pursuant to the provisions cited in paragraph (b)(2)(ii) of this section, enable individuals to contest the content of records contained in a system of records and require an agency to note an amended record and to provide a copy of an individual’s statement of disagreement with the agency’s refusal to amend a record to persons or other agencies to whom the record has been disclosed. The Federal Emergency Management Agency believes that the reasons set forth in paragraph (b)(2)(ii) of this section are equally applicable to this paragraph and, accordingly, those reasons are hereby incorporated herein by reference.

(iv) 5 U.S.C. 552a(c)(3) requires that an agency make accountings of disclosures of records available to individuals named in the records at their request; such accountings must state the date, nature and purpose of each disclosure of a record and the name and address of the recipient. The Federal Emergency Management Agency believes that application of this provision to the above-listed system of records would impair the ability of other law enforcement agencies to make effective use of information provided by the Federal Emergency Management Agency in connection with the investigation, detection and apprehension of violators of the criminal laws enforced by those other law enforcement agencies. Making accountings of disclosure available to violators or possible violators would alert those individuals to the fact that another agency is conducting an investigation into their criminal activities, and this could reveal the geographic location of the other agency’s investigation, the nature and purpose of that investigation, and the dates on which that investigation was active. Violators possessing such knowledge would thereby be able to take appropriate measures to avoid detection or apprehension by altering their operations, by transferring their criminal activities to other geographic areas or by destroying or concealing evidence which would form the basis for their arrest. In addition, providing violators with accountings of disclosure would alert those individuals to the fact that the Federal Emergency Management Agency has information regarding their criminal activities and could inform those individuals of the general nature of that information; this, in turn, would afford those individuals a better opportunity to take appropriate steps to avoid detection or apprehension for violations of criminal and related laws.

(v) 5 U.S.C. 552a(c)(4) requires that an agency inform any person or other agency about any correction or notation of dispute made by the agency in accordance with 5 U.S.C. 552a(d) of any record that has been disclosed to the person or agency if an accounting of the disclosure was made. Since this provision is dependent on an individual’s having been provided an opportunity to contest the records pertaining to him/her, and since the above-listed system of records is proposed to be exempt from those provisions of 5 U.S.C. 552a relating to amendments of records as indicated in paragraph (b)(2)(iii) of this section, the Federal Emergency Management Agency believes that this provision should not be applicable to the above system of records.

(vi) 5 U.S.C. 552a(e)(4)(I) requires that an agency publish a public notice listing the categories of sources for information contained in a system of records. The categories of sources of this system of records have been published in the Federal Register in broad generic terms in the belief that this is all that subsection (e)(4)(I) of the Act requires. In the event, however, that this subsection should be interpreted to require more detail as to the identity of sources of the records in this system, exemption from this provision is necessary in order to protect the confidentiality of the sources of criminal and other law enforcement information. Such exemption is further necessary to protect the privacy and physical safety of witnesses and informants.

(vii) 5 U.S.C. 552a(e)(I) requires that an agency maintain in its records only such information about an individual as is relevant and necessary to accomplish a purpose of the agency required
to be accomplished by statute or executive order. The term maintain as defined in 5 U.S.C. 552a(a)(3) includes "collect" and "disseminate." At the time that information is collected by the Federal Emergency Management Agency, there is often insufficient time to determine whether the information is relevant and necessary to accomplish a purpose of the Federal Emergency Management Agency; in many cases information collected may not be immediately susceptible to a determination of whether the information is relevant and necessary, particularly in the early stages of an investigation, and in many cases, information which initially appears to be irrelevant or unnecessary may, upon further evaluation or upon continuation of the investigation, prove to have particular relevance to an enforcement program of the Federal Emergency Management Agency. Further, not all violations of law discovered during a criminal investigation fall within the investigative jurisdiction of the Federal Emergency Management Agency; in order to promote effective law enforcement, it often becomes necessary and desirable to disseminate information pertaining to such violations to other law enforcement agencies which have jurisdiction over the offense to which the information relates. The Federal Emergency Management Agency should not be placed in a position of having to ignore information relating to violations of law not within its jurisdiction when that information comes to the attention of the Federal Emergency Management Agency through the conduct of a lawful FEMA investigation. The Federal Emergency Management Agency, therefore, believes that it is appropriate to exempt the above-listed system of records from the provisions of 5 U.S.C. 552a(e)(1).

(viii) 5 U.S.C. 552a(e)(2) requires that an agency collect information to the greatest extent practicable directly from the subject individual when the information may result in adverse determinations about an individual's rights, benefits, and privileges under Federal programs. The Federal Emergency Management Agency believes that application of this provision to the above-listed system of records would impair the ability of the Federal Emergency Management Agency to conduct investigations and to identify or detect violators of criminal or related laws for the following reasons:

(A) Most information collected about an individual under criminal investigations is obtained from third parties such as witnesses and informers, and it is usually not feasible to rely upon the subject of the investigation as a source for information regarding his/her criminal activities, (B) an attempt to obtain information from the subject of a criminal investigation will often alert that individual to the existence of an investigation, thereby affording the individual an opportunity to attempt to conceal his/her criminal activities so as to avoid apprehension, (C) in certain instances, the subject of a criminal investigation is not required to supply information to criminal investigators as a matter of legal duty, and (D) during criminal investigations it is often a matter of sound investigative procedures to obtain information from a variety of sources in order to verify information already obtained.

(ix) 5 U.S.C. 552a(e)(3) requires that an agency inform each individual whom it asks to supply information, either on the form which the agency uses to collect the information or on a separate form which can be retained by the individual, with the following information: The authority which authorizes the solicitation of the information and whether disclosure of such information is mandatory or voluntary; the principal purposes for which the information is intended to be used; the routine uses which may be made of the information; and the effects on the individual of not providing all or part of the requested information. The Federal Emergency Management Agency believes that the above-listed system of records should be exempted from this provision in order to avoid adverse effects on its ability to identify or detect violators of criminal or related laws. In many cases, information is obtained by confidential sources, other informers or undercover law enforcement officers under circumstances where it is necessary that the true purpose of their actions be kept secret so as to avoid
alerting the subject of the investigation or his/her associates that a criminal investigation is in process. Further, if it became known that the undercover officer was assisting in a criminal investigation, that officer's life or physical safety could be endangered through reprisal, and, under such circumstances it may not be possible to continue to utilize that officer in the investigation. In many cases, individuals, for personal reasons, would feel inhibited in talking to a person representing a criminal law enforcement agency but would be willing to talk to a confidential source or undercover officer who they believe is not involved in law enforcement activities. In addition, providing a source of information with written evidence that he was a source, as required by this provision, could increase the likelihood that the source of information would be the subject of retaliatory action by the subject of the investigation. Further, application of this provision could result in an unwarranted invasion of the personal privacy of the subject of the criminal investigation, particularly where further investigation would result in a finding that the subject was not involved in any criminal activity.

(x) 5 U.S.C. 552a(e)(5) requires that an agency maintain all records used by the agency in making any determination about any individual with such accuracy, relevance, timeliness and completeness as is reasonably necessary to assure fairness to the individual in the determination. Since 5 U.S.C. 552a(a)(3) defines “maintain” to include “collect” and “disseminate,” application of this provision to the above-listed system of records would hinder the initial collection of any information which could not, at the moment of collection, be determined to be accurate, relevant, timely and complete. Similarly, application of this provision would seriously restrict the necessary flow of information from the Federal Emergency Management Agency to other law enforcement agencies when a FEMA investigation revealed information pertaining to a violation of law which was under investigative jurisdiction of another agency. In collecting information during the course of a criminal investigation, it is not possible or feasible to determine accuracy, relevance, timeliness or completeness prior to collection of the information; in disseminating information to other law enforcement agencies it is often not possible to determine accuracy, relevance, timeliness or completeness prior to dissemination because the disseminating agency may not have the expertise with which to make such determinations. Further, information which may initially appear to be inaccurate, irrelevant, untimely or incomplete may, when gathered, grouped, and evaluated with other available information, become more pertinent as an investigation progresses. In addition, application of this provision could seriously impede criminal investigators and intelligence analysts in the exercise of their judgment in reporting on results obtained during criminal investigations. The Federal Emergency Management Agency believes that it is appropriate to exempt the above-listed system of records from the provisions of 5 U.S.C. 552a(e)(5).

(xi) 5 U.S.C. 552a(e)(8) requires that an agency make reasonable effort to serve notice on an individual when any record on the individual is made available to any person under compulsory legal process when such process becomes a matter of public record. The Federal Emergency Management Agency believes that the above-listed system of records should be exempt from this provision in order to avoid revealing investigative techniques and procedures outlined in those records and in order to prevent revelation of the existence on an on-going investigation where there is a need to keep the existence of the investigation secret.

(xii) 5 U.S.C. 552a(g) provides civil remedies to an individual for an agency's refusal to amend a record or to make a review of a request for amendment; for an agency's refusal to grant access to a record; for an agency's failure to maintain accurate, relevant, timely and complete records which are used to make a determination which is adverse to the individual; and for an agency's failure to comply with any other provision of 5 U.S.C. 552a in such a way as to have an adverse effect on an individual. The Federal Emergency Management Agency believes that the
above-listed system of records should be exempted from this provision to the extent that the civil remedies provided therein may relate to provisions of 5 U.S.C. 552a from which the above-listed system of records is proposed to be exempt. Since the provisions of 5 U.S.C. 552a enumerated in paragraphs (b)(2)(i) through (xi) of this section are proposed to be inapplicable to the above-listed systems of records for the reasons stated therein, there should be no corresponding civil remedies for failure to comply with the requirements of those provisions to which the exemption is proposed to apply. Further, the Federal Emergency Management Agency believes that application of this provision to the above-listed system of records would adversely affect its ability to conduct criminal investigations by exposing to civil court action every stage of the criminal investigative process in which information is compiled or used in order to identify, detect, or otherwise investigate persons suspected or known to be engaged in criminal conduct.

(xiii) Individuals may not have access to another agency’s records, which are contained in files maintained by the Federal Emergency Management Agency, when that other agency’s regulations provide that such records are subject to general exemption under 5 U.S.C. 552a(j). If such exempt records are contained in a request for access, FEMA will advise the individual of their existence and of the name and address of the source agency. For any further information concerning the record and the exemption, the individual must contact that source agency.

(45 FR 64580, Sept. 30, 1980)

§ 6.87 Specific exemptions.

(a) Exempt under 5 U.S.C. 552a(k)(1). The Director, Federal Emergency Management Agency has determined that certain systems of records may be exempt from the requirements of (c)(3) and (d) pursuant to 5 U.S.C. 552a(k)(1) to the extent that the system contains any information properly classified under Executive Order 12356 or any subsequent Executive order and which are required to be kept secret in the interest of national defense or foreign policy. To the extent that this occurs, such records in the following systems would be exempt:

- Claims (litigation) (F E M A / G C ± 1 )—L i m i t e d A c c e s s
- FEMA Enforcement (Compliance) (F E M A / G C ± 2 )—L i m i t e d A c c e s s
- General Investigative Files (F E M A / I G ± 1 )—L i m i t e d A c c e s s
- Security Management Information System (F E M A / S E C ± 1 )—L i m i t e d A c c e s s

(b) Exempt under 5 U.S.C. 552a(k)(2) from the requirements of 5 U.S.C. 552a(c)(3), (d), (e)(1), (e)(4)(G), (H), and (I), and (f). The Federal Emergency Management Agency will not deny individuals access to information which has been used to deny them a right, privilege, or benefit to which they would otherwise be entitled.

(1) Exempt systems. The following systems of records, which contain information of the type described in 5 U.S.C. 552a(k)(2), shall be exempt from the provisions of 5 U.S.C. 552a(k)(2) listed in paragraph (b) of this section.

- Claims (litigation) (F E M A / G C ± 1 )—L i m i t e d A c c e s s
- FEMA Enforcement (Compliance) (F E M A / G C ± 2 )—L i m i t e d A c c e s s
- General Investigative Files (F E M A / I G ± 1 )—L i m i t e d A c c e s s
- Equal Employment Opportunity Complaints of Discrimination Files (F E M A / P E R ± 2 )—L i m i t e d A c c e s s

(2) Reasons for exemptions. The Director, Federal Emergency Management Agency believes that application of these provisions to the above-listed systems of records would impair the ability of FEMA to successfully complete investigations and inquiries of suspected violators of civil and criminal laws and regulations under its jurisdiction. In many cases investigations and inquiries into violations of civil and criminal laws and regulations involve complex and continuing patterns of behavior. Individuals, if informed, that they have been identified as suspected violators of civil or criminal laws and regulations, would have an opportunity to take measures to prevent detection of illegal action so as to avoid prosecution or the imposition of civil sanctions. They would also be able to learn the nature and location of
§ 6.87

the investigation or inquiry, the type of surveillance being utilized, and they would be able to transmit this knowledge to co-conspirators. Finally, violators might be given the opportunity to destroy evidence needed to prove the violation under investigation or inquiry.

(ii) 5 U.S.C. 552a (d)(1), (e)(4)(H) and (f)(2), (3) and (5) enable individuals to gain access to records pertaining to them. The Federal Emergency Management Agency believes that application of these provisions to the above-listed systems of records would impair its ability to complete or continue civil or criminal investigations and inquiries and to detect violators of civil or criminal laws. Permitting access to records contained in the above-listed systems of records would provide violators with significant information concerning the nature of the civil or criminal investigation or inquiry. Knowledge of the facts developed during an investigation or inquiry would enable violators of criminal and civil laws and regulations to learn the extent to which the investigation or inquiry has progressed, and this could provide them with an opportunity to destroy evidence that would form the basis for prosecution or the imposition of civil sanctions. In addition, knowledge gained through access to investigatory material could alert a violator to the need to temporarily postpone commission of the violation or to change the intended point where the violation is to be committed so as to avoid detection or apprehension. Further, access to investigatory material would disclose investigative techniques and procedures which, if known, could enable violators to structure their future operations in such a way as to avoid detection or apprehension. Further, access to investigatory material would disclose investigative techniques and procedures which, if known, could enable violators to structure their future operations to avoid detection or apprehension, thereby neutralizing investigators' established and effective investigative tools and procedures. In addition, investigatory material may contain the identity of a confidential source of information or other informer who would not want his/her identity to be disclosed for reasons of personal privacy or for fear of reprisal at the hands of the individual about whom he/she supplied information. In some cases mere disclosure of the information provided by an informer would reveal the identity of the informer either through the process of elimination or by virtue of the nature of the information supplied. If informers cannot be assured that their identities (as sources for information) will remain confidential, they would be very reluctant in the future to provide information pertaining to violations of criminal and civil laws and regulations, and this would seriously compromise the ability of the Federal Emergency Management Agency to carry out its mission. Further, application of 5 U.S.C. 552a (d)(1), (e)(4)(H) and (f)(2), (3) and (5) to the above-listed systems of records would make available attorney's work product and other documents which contain evaluations, recommendations, and discussions of ongoing civil and criminal legal proceedings; the availability of such documents could have a chilling effect on the free flow of information and ideas within the Federal Emergency Management Agency which is vital to the agency's predecisional deliberative process, could seriously prejudice the agency's or the Government's position in a civil or criminal litigation, and could result in the disclosure of investigatory material which should not be disclosed for the reasons stated above.

It is the belief of the Federal Emergency Management Agency that, in both civil actions and criminal prosecutions, due process will assure that individuals have a reasonable opportunity to learn of the existence of, and to challenge, investigatory records and related materials which are to be used in legal proceedings.

(iii) 5 U.S.C. 552a (d)(2), (3) and (4), (e)(4)(H) and (f)(4) which are dependent upon access having been granted to records pursuant to the provisions cited in paragraph (b)(2)(ii) of this section, enable individuals to contest (seek amendment to) the content of records contained in a system of records and require an agency to note an amended record and to provide a copy of an individual's statement (of disagreement with the agency's refusal to amend a record) to persons or other agencies to whom the record has been disclosed. The Federal Emergency Management Agency believes that the reasons set forth in paragraphs (b)(2)(i)
of this section are equally applicable to this paragraph, and, accordingly, those reasons are hereby incorporated herein by reference.

(iv) 5 U.S.C. 552a(c)(3) requires that an agency make accountings of disclosures of records available to individuals named in the records at their request; such accountings must state the date, nature, and purpose of each disclosure of a record and the name and address of the recipient. The Federal Emergency Management Agency believes that application of this provision to the above-listed systems of records would impair the ability of the Federal Emergency Management Agency and other law enforcement agencies to conduct investigations and inquiries into civil and criminal violations under their respective jurisdictions. Making accountings available to violators would alert those individuals to the fact that the Federal Emergency Management Agency or another law enforcement authority is conducting an investigation or inquiry into their activities, and such accountings could reveal the geographic location of the investigation or inquiry, the nature and purpose of the investigation or inquiry and the nature of the information disclosed, and the date on which that investigation or inquiry was active. Violators possessing such knowledge would thereby be able to take appropriate measures to avoid detection or apprehension by altering their operations, transferring their activities to other locations or destroying or concealing evidence which would form the basis for prosecution or the imposition of civil sanctions.

(v) 5 U.S.C. 552a(e)(1) requires that an agency maintain in its records only such information about an individual as is relevant and necessary to accomplish a purpose of the agency required to be accomplished by statute or executive order. The term maintain as defined in 5 U.S.C. 552a(a)(3) includes “collect” and “disseminate.” At the time that information is collected by the Federal Emergency Management Agency there is often insufficient time to determine whether the information is relevant and necessary to accomplish a purpose of the Federal Emergency Management Agency; in many cases information collected may not be immediately susceptible to a determination of whether the information is relevant and necessary, particularly in the early stages of investigation or inquiry, and in many cases information which initially appears to be irrelevant or unnecessary may, upon further evaluation or upon continuation of the investigation or inquiry, prove to have particular relevance to an enforcement program of the Federal Emergency Management Agency. Further, not all violations of law uncovered during a Federal Emergency Management Agency inquiry fall within the civil or criminal jurisdiction of the Federal Emergency Management Agency; in order to promote effective law enforcement, it often becomes necessary and desirable to disseminate information pertaining to such violations to other law enforcement agencies which have jurisdiction over the offense to which the information relates. The Federal Emergency Management Agency should not be placed in a position of having to ignore information relating to violations of law not within its jurisdiction when that information comes to the attention of the Federal Emergency Management Agency through the conduct of a lawful FEMA’s civil or criminal investigation or inquiry. The Federal Emergency Management Agency therefore believes that it is appropriate to exempt the above-listed systems of records from the provisions of 5 U.S.C. 552a(1).

(c) Exempt under 5 U.S.C. 552a(k)(5).

The Director, Federal Emergency Management Agency has determined that certain systems of records are exempt from the requirements of (c)(3) and (d) of 5 U.S.C. 552a.

(1) Exempt systems. The following systems of records, which contain information of the type described in 5 U.S.C. 552a(k)(5), shall be exempt from the provisions of 5 U.S.C. 552a listed in paragraph (c) of this section.

Claims (litigation) (FEMA/GC-1)—Limited Access
FEMA Enforcement (Compliance) (FEMA/GC-2)—Limited Access
General Investigative Files (FEMA/IG-2)—Limited Access
Security Management Information Systems (FEMA/SEC-1)—Limited Access
(2) Reasons for exemptions. All information about individuals in these records that meet the criteria stated in 5 U.S.C. 552a(k)(5) is exempt from the requirements of 5 U.S.C. 552a(c)(3) and (d). These provisions of the Privacy Act relate to making accountings of disclosure available to the subject and access to and amendment of records. These exemptions are claimed because the system of records entitled, FEMA/SEC-1, Security Management Information System, contains investigatory material compiled solely for the purpose of determining suitability, eligibility, or qualifications for access to classified information or classified Federal contracts, but only to the extent that the disclosure would reveal the identity of a source who furnished information to the Government under an express promise or, prior to September 27, 1975, under an implied promise that the identity of the source would be held in confidence. During the litigation process and investigations, it is possible that certain records from the system of records entitled, FEMA/SEC-1, Security Management System may be necessary and relevant to the litigation or investigation and included in these systems of records. To the extent that this occurs, the Director, FEMA, has determined that the records would also be exempted from subsections (c)(3) and (d) pursuant to 5 U.S.C. 552a(k)(5) to protect such records. A determination will be made at the time of the request for a record concerning whether specific information would reveal the identity of a source. This exemption is required in order to protect the confidentiality of the sources of information compiled for the purpose of determining access to classified information. This confidentiality helps maintain the Government's continued access to information from persons who would otherwise refuse to give it.

Federal Emergency Management Agency

§ 7.2

DUTIES OF FEMA RECIPIENTS

7.930 General responsibilities.
7.931 Notice to subrecipients and beneficiaries.
7.932 Assurance of compliance and recipient assessment of age distinctions.
7.933 Information requirement.

INVESTIGATION, CONCILIATION, AND ENFORCEMENT PROCEDURES

7.940 Compliance reviews.
7.941 Complaints.
7.942 Mediation.
7.943 Investigation.

Subpart A—Nondiscrimination in FEMA Programs—General

§ 7.1 Purpose.

The purpose of this regulation is to effectuate the provisions of title VI of the Civil Rights Act of 1964 (hereafter referred to as the “Act”) to the end that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity receiving Federal financial assistance from the Federal Emergency Management Agency.

§ 7.2 Definitions.

As used in this regulation:
(a) The term responsible agency official with respect to any program receiving Federal financial assistance means the Director of the Federal Emergency Management Agency or other official of the agency who by law or by delega-

tion has the principal responsibility within the agency for the administration of the law extending such assistance.
(b) The term United States means the States of the United States, the District of Columbia, Puerto Rico, the Virgin Islands, American Samoa, Guam, Wake Island, the Canal Zone, and the territories and possessions of the United States, and the term State means any one of the foregoing.
(c) The term Federal financial assistance includes (1) grants and loans of Federal funds, (2) the grant or donation of Federal property and interests in property, (3) the detail of Federal personnel, (4) the sale and lease of, and the permission to use (on other than a casual or transient basis), Federal property or any interest in such property without consideration or at a nominal consideration, or at a consideration which is reduced for the purpose of assisting the recipient, or in recognition of the public interest to be served by such sale or lease to the recipient, and (5) any Federal agreement, arrangement, or other contract which has as one of its purposes the provision of assistance.
(d) The term program includes any program, project, or activity for the provision of services, financial aid, or other benefits to individuals (including education or training, health, welfare, rehabilitation, housing, or other services, whether provided through employees of the recipient of Federal financial assistance or provided by others through contracts or other arrangements with the recipient, and including work opportunities and cash or loan or other assistance to individuals), or for the provision of facilities for furnishing services, financial aid or other benefits to individuals. The services, financial aid, or other benefits provided under a program receiving Federal financial assistance shall be deemed to include any services, financial aid, or other benefits provided with the aid of Federal financial assistance or with the aid of any non-Federal funds, property, or other resources required to be expended or made available for the program to meet matching requirements or other conditions which must be met
§ 7.3 Application of this regulation.

No person in the United States shall, on the ground of race, color, or national origin, be denied the benefits of, or be otherwise subjected to discrimination by those receiving assistance under the "Federal Disaster Assistance" program (Pub. L. 81-875; 42 U.S.C. 1855-1855g), or under the "Interim Emergency Management of Resources" program (section 103 of the National Security Act of 1947; Pub. L. 80-253, as amended; 50 U.S.C. 404).

§ 7.4 Further application of this regulation.

This regulation applies to any program for which Federal financial assistance is authorized under a law administered by the Federal Emergency Management Agency. It applies to money paid, property transferred, or other Federal financial assistance extended under any such program after the effective date of the regulation pursuant to an application approved prior to such effective date. This regulation does not apply to (a) any Federal financial assistance by way of insurance or guaranty contracts, (b) money paid, property transferred, or other assistance extended under any such program before the effective date of this regulation, (c) any assistance to any individual who is the ultimate beneficiary under any such program, or (d) any employment practice, under such program, of any employer, employment agency, or labor organization. (Reorganization Plan No. 3 of 1978, E.O. 12127 and E.O. 12148)

§ 7.5 Specific discriminatory actions prohibited.

(a) A recipient under any program to which this regulation applies may not, directly or through contractual or other arrangements, on the ground of race, color, or national origin:

(1) Deny any individual any service, financial aid, or other benefit provided under the program;

(2) Provide any service, financial aid, or other benefit to an individual which is different, or is provided in a different manner, from that provided to others under the program;

(3) Subject an individual to segregation or separate treatment in any matter related to his receipt of any service, financial aid, or other benefit under the program;

(4) Restrict an individual in any way in the enjoyment of any advantage or privilege enjoyed by others receiving any service, financial aid, or other benefit under the program;
§ 7.8 Elementary and secondary schools.

The requirements of section 7 with respect to any elementary or secondary school or school system shall be deemed to be satisfied if such school or school system (a) is subject to a final order of a court of the United States for the desegregation of such school or school system, and provides an assurance that it will comply with such order, including any future modification of such order, or (b) submits a plan for the desegregation of such school or
school system which the United States Commissioner of Education determines is adequate to accomplish the purpose of the Act and this regulation, and provides reasonable assurance that it will carry out such plans; in any case of continuing Federal financial assistance the responsible agency official may reserve the right to redetermine, after such period as may be specified by him, the adequacy of the plan to accomplish the purposes of the Act and this regulation. In any case to which a final order of a court of the United States for the desegregation of such school or school system is entered after submission of such a plan, such plan shall be revised to conform to such final order, including any future modification of such order.

§ 7.9 Assurances from institutions.

(a) In the case of any application for Federal financial assistance to an institution of higher education, the assurance required by section 7 shall extend to admission practices and to all other practices relating to the treatment of students.

(b) The assurances required with respect to an institution of higher education, hospital, or any other institution, insofar as the assurance relates to the institution’s practices with respect to admission or other treatment of individuals as students, patients, or clients of the institutions or to the opportunity to participate in the provision of services or other benefits to such individuals, shall be applicable to the entire institution unless the applicant establishes, to the satisfaction of the Director of the Federal Emergency Management Agency that the institution’s practices in designated parts or programs of the institution will in no way affect its practices in the program of the institution for which Federal financial assistance is sought, or the beneficiaries of or participants in such program. If in any such case the assurance sought is for the construction of a facility or part of a facility, the assurance shall in any event extend to the entire facility and to facilities operated in connection therewith.

§ 7.10 Compliance information.

(a) Cooperation and assistance. The responsible official in the Federal Emergency Management Agency shall to the fullest extent practicable seek the cooperation of recipients in obtaining compliance with this regulation and shall provide assistance and guidance to recipients to help them comply voluntarily with this regulation.

(b) Compliance reports. Each recipient shall keep such records and submit to the responsible agency official or his designee timely, complete, and accurate compliance reports at such times, in such form and containing such information, as the responsible agency official or his designee may determine to be necessary to enable him to ascertain whether the recipient has complied or is complying with this regulation. In the case of any program under which a primary recipient extends Federal financial assistance to any other recipient, such other recipient shall also submit such compliance reports to the primary recipient as may be necessary to enable the primary recipient to carry out its obligations under this regulation.

(c) Access to sources of information. Each recipient shall permit access by the responsible agency official or his designee during normal business hours to such of its books, records, accounts, and other sources of information, and its facilities as may be pertinent to ascertain compliance with this regulation. Where any information required of a recipient is in the exclusive possession of any other agency, institution, or person and this agency, institution, or person shall fail or refuse to furnish this information, the recipient shall certify in its report and shall set forth what efforts it has made to obtain the information.

(d) Information to beneficiaries and participants. Each recipient shall make available to participants, beneficiaries, and other interested persons such information regarding the provisions of this regulation and its applicability to the program under which the recipient receives Federal financial assistance, and make such information available to them in such manner, as the responsible agency official finds necessary to apprise such persons of the protection
§ 7.11 Conduct of investigations.

(a) Periodic compliance reviews. The responsible agency official or his designee shall from time to time review the practices of recipients to determine whether they are complying with this regulation.

(b) Complaints. Any person who believes himself or any specific class of individuals to be subjected to discrimination prohibited by this regulation may by himself or by a representative file with the National Headquarters or any Regional Office of the Federal Emergency Management Agency a written complaint. A complaint must be filed not later than 90 days from the date of the alleged discrimination, unless the time for filing is extended by the responsible agency official or his designee.

(c) Investigations. The responsible agency official or his designee will make a prompt investigation whenever a compliance review, report, complaint, or any other information indicates a possible failure to comply with this regulation. The investigation should include, where appropriate, a review of the pertinent practices and policies of the recipient, the circumstances under which the possible noncompliance with this regulation occurred, and other factors relevant to a determination as to whether the recipient has failed to comply with this regulation.

(d) Resolution of matters. (1) If an investigation pursuant to paragraph (c) of this section indicates a failure to comply with this regulation, the responsible agency official or his designee will so inform the recipient and the matter will be resolved by informal means whenever possible. If it has been determined that the matter cannot be resolved by informal means, action will be taken as provided for in section 12.

(2) If an investigation does not warrant action pursuant to paragraph (d) of this section the responsible agency official or his designee will so inform the recipient and the complainant, if any, in writing.

(e) Intimidatory or retaliatory acts prohibited. No recipient or other person shall intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by section 601 of the Act or this regulation, or because he has made a complaint, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing under this regulation. The identity of complainants shall be kept confidential except to the extent necessary to carry out the purposes of this regulation, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder.

§ 7.12 Procedure for effecting compliance.

(a) General. If there appears to be a failure or threatened failure to comply with this regulation, and if the noncompliance or threatened noncompliance cannot be corrected by informal means, compliance with this regulation may be effected by the suspension or termination of or refusal to grant or to continue Federal financial assistance or by any other means authorized by law. Such other means may include, but are not limited to, (1) a reference to the Department of Justice with a recommendation that appropriate proceedings be brought to enforce any rights of the United States under any law of the United States (including other titles of the Act), or any assurance or other contractual undertaking, and (2) any applicable proceeding under state or local law.

(b) Noncompliance with section 7. If an applicant fails or refuses to furnish an assurance required under section 7 or otherwise fails or refuses to comply with a requirement imposed by or pursuant to that section Federal financial assistance may be refused in accordance with the procedures of paragraph (c) of this section. The agency shall not be required to provide assistance in such a case during the pendency of the administrative proceedings under such paragraph except that the agency shall continue assistance during the pendency of such proceedings where such assistance is due and payable pursuant to an application thereof approved prior to the effective date of this regulation.
§ 7.13 Termination of or refusal to grant or to continue Federal financial assistance.

No order suspending, terminating or refusing to grant or continue Federal financial assistance shall become effective until (1) the responsible agency official has advised the applicant or recipient of his failure to comply and has determined that compliance cannot be secured by voluntary means, (2) there has been an express finding on the record, after opportunity for hearing, of a failure by the applicant or recipient to comply with a requirement imposed by or pursuant to this regulation, (3) the action has been approved by the Director of the Federal Emergency Management Agency pursuant to section 14, and (4) the expiration of 30 days after the Director has filed with the committee of the House and the committee of the Senate having legislative jurisdiction over the program involved, a full written report of the circumstances and the grounds for such action. Any action to suspend or terminate or to refuse to grant or to continue Federal financial assistance shall be limited to the particular political entity, or part thereof, or other applicant or recipient as to whom such a finding has been made and shall be limited in its effect to the particular program, or part thereof, in which such noncompliance has been so found.

(d) Other means authorized by law. No action to effect compliance by any other means authorized by law shall be taken until (1) the responsible agency official has determined that compliance cannot be secured by voluntary means, (2) the action has been approved by the Director of the Federal Emergency Management Agency, (3) the recipient or other person has been notified of its failure to comply and of the action to be taken to effect compliance, and (4) the expiration of at least 10 days after the mailing of such notice to the recipient or other person. During this period of at least 10 days additional efforts shall be made to persuade the recipient or other person to comply with the regulation and to take such corrective action as may be appropriate.

§ 7.13 Hearings.

(a) Opportunity for hearing. Whenever an opportunity for a hearing is required by section 12(c), reasonable notice shall be given by registered or certified mail, return receipt requested, to the affected applicant or recipient. This notice shall advise the applicant or recipient of the action proposed to be taken, the specific provision under which the proposed action against it is to be taken, and the matters of fact or law asserted as the basis for this action, and either (1) fix a date not less than 20 days after the date of such notice within which the applicant or recipient may request of the responsible agency official that the matter be scheduled for hearing or (2) advise the applicant or recipient that the matter in question has been set down for hearing at a stated place and time. The time and place so fixed shall be reasonable and shall be subject to change for cause. The complainant, if any, shall be advised of the time and place of the hearing. An applicant or recipient may waive a hearing and submit written information and argument for the record. The failure of an applicant or recipient to request a hearing under this subsection or to appear at a hearing for which a date has been set shall be deemed to be a waiver of the right to a hearing under section 602 of the Act and section 12(c) of this regulation and consent to the making of a decision on the basis of such information as is available.

(b) Time and place of hearing. Hearings shall be held at the National Headquarters of the Federal Emergency Management Agency in Washington, DC, at a time fixed by the responsible agency official unless he determines that the convenience of the applicant or recipient of the agency requires that another place be selected. Hearings shall be held before the responsible agency official or, at his discretion, before a hearing examiner designated in accordance with section 11 of the Administrative Procedure Act.

(c) Right to counsel. In all proceedings under this section, the applicant or recipient and the agency shall have the right to be represented by counsel.
Federal Emergency Management Agency

§ 7.14

(d) Procedures, evidence, and record. (1) The hearing, decision, and any administrative review thereof shall be conducted in conformity with sections 5-8 of the Administrative Procedure Act, and in accordance with such rules of procedure as are proper (and not inconsistent with this section) relating to the conduct of the hearing, giving of notices subsequent to those provided for in paragraph (a) of this section, taking of testimony, exhibits, arguments and briefs, requests for findings, and other related matters. Both the agency and the applicant or recipient shall be entitled to introduce all relevant evidence on the issues as stated in the notice for hearing or as determined by the officer conducting the hearing at the outset of or during the hearing.

(2) Technical rules of evidence shall not apply to hearings conducted pursuant to this regulation, but rules or principles designed to assure production of the most credible evidence available and to subject testimony to test by cross-examination shall be applied where reasonably necessary by the officer conducting the hearing. The hearing officer may exclude irrelevant, immaterial, or unduly repetitious evidence. All documents and other evidence offered or taken for the record shall be open to examination by the parties and opportunity shall be given to refute facts and arguments advanced on either side of the issues. A transcript shall be made of the oral evidence except to the extent the substance thereof is stipulated for the record. All decisions shall be based upon the hearing record and written findings shall be made.

(e) Consolidated or joint hearings. In cases in which the same or related facts are asserted to constitute non-compliance with this regulation with respect to two or more programs to which this regulation applies, or non-compliance with this regulation and the regulations of one or more other Federal departments or agencies issued under title VI of the Act, the Director of the Federal Emergency Management Agency may, by agreement with such other departments or agencies where applicable, provide for the conduct of consolidated or joint hearings, and for the application to such hearings of rules of procedures not inconsistent with this regulation. Final decisions in such cases, insofar as this regulation is concerned, shall be made in accordance with section 14.

§ 7.14 Decisions and notices.

(a) Decision by person other than the responsible agency official. If the hearing is held by a hearing examiner such hearing examiner shall either make an initial decision, if so authorized, or certify the entire record including his recommended findings and proposed decision to the responsible agency official for a final decision, and a copy of such initial decision or certification shall be mailed to the applicant or recipient. Where the initial decision is made by the hearing examiner the applicant or recipient may within 30 days of the mailing of such notice of initial decision file with the responsible agency official his exceptions to the initial decision, with his reasons therefor. In the absence of exceptions, the responsible agency official may on his own motion within 45 days after the initial decision serve on the applicant or recipient a notice that he will review the decision. Upon the filing of such exceptions or of such notice of review the responsible agency official shall review the initial decision and issue his own decision thereon including the reasons therefor. In the absence of either exceptions or a notice of review the initial decision shall constitute the final decision of the responsible agency official.

(b) Decisions on record or review by the responsible agency official. Whenever a record is certified to the responsible agency official for decision or he reviews the decision of a hearing examiner pursuant to paragraph (a) of this section, or whenever he conducts the hearing, the applicant or recipient shall be given reasonable opportunity to file with him briefs or other written statements of its contentions, and a copy of his final decision shall be given in writing to the applicant or recipient and to the complainant, if any.

(c) Decisions on record where a hearing is waived. Whenever a hearing is waived pursuant to section 13(a) a decision
shall be made by the responsible agency official on the record and a copy of such decision shall be given in writing to the applicant or recipient, and to the complainant, if any.

(d) Rulings required. Each decision of a hearing officer or responsible agency official shall set forth his ruling on each finding, conclusion, or exception presented, and shall identify the requirement or requirements imposed by or pursuant to this regulation with which it is found that the applicant or recipient has failed to comply.

(e) Approval by Director. Any final decision of a responsible agency official (other than the Director of the agency) which provides for the suspension or termination of, or the refusal to grant or continue Federal financial assistance, or the imposition of any other sanction available under this regulation or the Act, shall promptly be transmitted to the Director of the Federal Emergency Management Agency who may approve such decision, may vacate it, or remit or mitigate any sanction imposed.

(f) Content of orders. The final decision may provide for suspension or termination of, or refusal to grant or continue Federal financial assistance, in whole or in part, under the program involved, and may contain such terms, conditions, and other provisions as are consistent with and will effectuate the purposes of the Act and this regulation, including provisions designed to assure that no Federal financial assistance will thereafter be extended under such program to the applicant or recipient determined by such decision to be in default in its performance of an assurance given by it pursuant to this regulation, or to have otherwise failed to comply with this regulation, unless and until it corrects its noncompliance and satisfies the Director of the Federal Emergency Management Agency that it will fully comply with this regulation.

§7.15 Judicial review.

Action taken pursuant to section 602 of the Act is subject to judicial review as provided in section 603 of the Act.

§7.16 Effect on other regulations; forms and instructions.

(a) Effect on other regulations. All regulations, orders, or like directions heretofore issued by any officer of the Federal Emergency Management Agency which impose requirements designed to prohibit any discrimination against individuals on the ground of race, color, or national origin under any program to which this regulation applies, and which authorize the suspension or termination of or refusal to grant or to continue Federal financial assistance to any applicant for or recipient of such assistance under such program for failure to comply with such requirements, are hereby superseded to the extent that such discrimination is prohibited by this regulation, except that nothing in this regulation shall be deemed to relieve any person of any obligation assumed or imposed under any such superseded regulation, order, instruction, or like direction prior to the effective date of this regulation. Nothing in this regulation, however, shall be deemed to supersede Executive Orders 10925 and 11114 (including future amendments thereof) and regulations issued thereunder, or any other regulations or instructions, insofar as such regulations or instructions prohibit discrimination on the ground of race, color, or national origin in any program or situation to which this regulation is inapplicable, or prohibit discrimination on any other ground.

(b) Forms and instructions. Each responsible agency official shall issue and promptly make available to interested persons forms and detailed instructions and procedures for effectuating this regulation as applied to programs to which this regulation applies and for which he is responsible.

(c) Supervision and coordination. The Director of the Federal Emergency Management Agency may from time to time assign to officials of other departments or agencies of the Government with the consent of such departments or agencies, responsibilities in connection with the effectuation of the purposes of title VI of the Act and this regulation (other than responsibility for final decision as provided in section
§ 7.910 What is the purpose of the Age Discrimination Act of 1975?

The Age Discrimination Act of 1975 (the "Act"), as amended, is designed to prohibit discrimination on the basis of age in programs or activities receiving Federal financial assistance. The Act also permits federally-assisted programs and activities, and recipients of Federal funds, to continue to use certain age distinctions and factors other than age which meet the requirements of the Act and this regulation.

§ 7.911 What is the purpose of FEMA's age discrimination regulation?

The purpose of this regulation is to set out FEMA's policies and procedures under the Age Discrimination Act of 1975 and the general governmentwide regulations, 45 CFR part 90. The Act and the general regulations prohibit discrimination on the basis of age in programs or activities receiving Federal financial assistance. The Act and the general regulations permit federally-assisted programs, activities, and recipients of Federal funds, to continue to use age distinctions and factors other than age which meet the requirements of the Act and its implementing regulations.

§ 7.912 To what programs does this regulation apply?

(a) The Act and this regulation apply to each FEMA recipient and to each program or activity operated by the recipient which receives or benefits from Federal financial assistance provided by FEMA.

(b) The Act and this regulation do not apply to:

(1) An age distinction contained in that part of a Federal, State or local statute or ordinance adopted by an elected, general purpose legislative body which:

(i) Provides any benefits or assistance to persons based on age; or

(ii) Establishes criteria for participation in age-related terms; or

(iii) Describes intended beneficiaries or target groups in age-related terms.

(2) Any employment practice of any employer, employment agency, labor organization, or any labor-management joint apprenticeship training program, except for any program or activity receiving Federal financial assistance for public service employment under the Job Training Partnership Act (29 U.S.C. 150, et seq.)

§ 7.913 Definition of terms used in this regulation.

As used in this regulation, the term Act means the Age Discrimination Act of 1975 as amended (title III of Pub. L. 94-135).

Action means any act, activity, policy, rule, standard, or method of administration; or the use of any policy, rule, standard or method of administration.

Age means how old a person is, or the number of years from the date of a person's birth.

Age distinction means any action using age or an age-related term.

Age-related term means a word or words which necessarily imply a particular age or range of ages (for example, children, older persons, but not student).

Agency means the Federal Emergency Management Agency.

Director means the Director of the Federal Emergency Management Agency.

Federal financial assistance means any grant, entitlement, loan, cooperative...
§ 7.920 Rules against discrimination.

The rules stated in this section are limited by the exceptions contained in §§7.921 and 7.922 of these regulations.

(a) General rule: No person in the United States shall, on the basis of age, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under, any program or activity receiving Federal financial assistance.

(b) Specific rules: A recipient may not, in any program or activity receiving Federal financial assistance, directly or through contractual licensing, or other arrangements, use age distinctions or take any other actions which have the effect, on the basis of age, of:

(1) Excluding individuals from, denying them the benefits of, subjecting them to discrimination under, a program or activity receiving Federal financial assistance; or

(2) Denying or limiting individuals in their opportunity to participate in any program or activity receiving Federal financial assistance. The specific forms of age discrimination listed in paragraph (b) of this section do not necessarily constitute a complete list.

§ 7.921 Exceptions to the rules against age discrimination: Normal operation or statutory objective of any program or activity.

A recipient is permitted to take an action, otherwise prohibited by §7.920, if the action reasonably takes into account age as a factor necessary to the normal operation of the achievement of any statutory objective of a program or activity. An action reasonably takes into account age as a factor necessary to the normal operation or the achievement of any statutory objective of a program or activity, if:

(a) Age is used as a measure or approximation of one or more other characteristics; and

(b) The other characteristic(s) must be measured or approximated in order for the normal operation of the program or activity to continue, or to achieve any statutory objective of the program or activity; and

agreement, contract (other than a procurement contract or a contract of insurance or guaranty), or any other arrangement by which the agency provides or otherwise makes available assistance in the form of:

(a) Funds; or

(b) Services or Federal personnel; or

(c) Real and personal property or any interest in or use of property, including:

(1) Transfers or leases of property for less than fair market value or for reduced consideration; and

(2) Proceeds from a subsequent transfer or lease of property if the Federal share of its fair market value is not returned to the Federal Government.

Normal operation means the operation of a program or activity without significant changes that would impair its ability to meet its objective.

Recipient means any State or its political subdivision, any instrumentality of a State or its political subdivision, institution, organization, or other entity, or any person to which Federal financial assistance is extended, directly or through another recipient. Recipient includes any successor, assignee, or transferee, but excludes the ultimate beneficiary of the assistance.

Statutory objective means any purpose of a program or activity expressly stated in any Federal statute, State statute or local statute or ordinance adopted by an elected, general purpose legislative body.

Subrecipient means any of the entities in the definition of “recipient” to which a recipient extends or passes on Federal financial assistance. A subrecipient is generally regarded as a recipient of Federal financial assistance and has all the duties of a recipient in these regulations.

United States includes the States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, Wake Island, the Canal Zone, the Trust Territory of the Pacific Islands and all other territories and possessions of the United States. The term “State” also includes any one of the foregoing.
§ 7.932 Assurance of compliance and recipient assessment of age distinctions.

(a) Each recipient of Federal financial assistance from FEMA shall sign a written assurance as specified by FEMA that it will comply with the Act and this regulation.

(b) Recipient assessment of age distinctions. (1) As part of the compliance review under §7.940 or complaint investigation under §7.943, FEMA may require a recipient employing the equivalent of fifteen or more employees to complete written evaluation, in a manner specified by the responsible Agency official, of any age distinction imposed in its program or activity receiving Federal financial assistance from FEMA to assess the recipient’s compliance with the Act.

(2) Whenever an assessment indicates a violation of the Act and the FEMA regulations, the recipient shall take corrective action.
§ 7.933 Information requirement.

Each recipient shall:
(a) Keep records in a form acceptable to FEMA and containing information which FEMA determines are necessary to ascertain whether the recipient is complying with the Act and this regulation.
(b) Provide to FEMA, upon request, information and reports which FEMA determines are necessary to ascertain whether the recipient is complying with the Act and this regulation.
(c) Permit FEMA reasonable access to the books, records, accounts, and other recipient facilities and sources of information to the extent FEMA determines is necessary to ascertain whether the recipient is complying with the Act and this regulation.

INVESTIGATION, CONCILIATION, AND ENFORCEMENT PROCEDURES

§ 7.940 Compliance reviews.

(a) FEMA may conduct compliance reviews and preaward reviews or use other similar procedures that will permit it to investigate and correct violations of the Act and this regulation. FEMA may conduct these reviews even in the absence of a complaint against a recipient. The reviews may be as comprehensive as necessary to determine whether a violation of the Act and this regulation has occurred.
(b) If a compliance review or preaward review indicates a violation of the Act or this regulation, FEMA will attempt to achieve voluntary compliance with the Act. If voluntary compliance cannot be achieved, FEMA will arrange for enforcement as described in § 7.945.

§ 7.941 Complaints.

(a) Any person, individually or as a member of a class or on behalf of others, may file a complaint with FEMA, alleging discrimination prohibited by the Act or these regulations occurring after the date of final adoption of this rule. A complainant shall file a complaint within 180 days from the date the complainant first had knowledge of the alleged act of discrimination. However, for good cause showing, FEMA may extend this time limit.
(b) FEMA will consider the date a complaint is filed to be the date upon which the complaint is sufficient to be processed. A complaint is deemed “sufficient” when it contains particulars (e.g., names, addresses, and telephone numbers of parties involved; date(s) of alleged discrimination; kind(s) of alleged discrimination) upon which to begin an investigation.
(c) FEMA will attempt to facilitate the filing of complaints wherever possible, including taking the following measures:
(1) Accepting as a sufficient complaint any written statement which identifies the parties involved and the date the complainant first had knowledge of the alleged violation, describes generally the action or practice complained of, and is signed by the complainant.
(2) Freely permitting a complainant to add information to the complaint to meet the requirements of a sufficient complaint.
(3) Notifying the complainant and the recipient of their rights and obligations under the complaint procedure, including the right to have a representative at all stages of the complaint procedure.
(4) Notifying the complainant and the recipient (or their representatives) of their right to contact FEMA for information and assistance regarding the complaint resolution process.
(d) FEMA will return to the complainant any complaint outside the jurisdiction of this regulation, and will state the reason(s) why it is outside the jurisdiction of this regulation.

§ 7.942 Mediation.

(a) FEMA will promptly refer to a mediation agency designated by the Director all sufficient complaints that:
(1) Fall within the jurisdiction of the Act and this regulation, unless the age distinction complained of is clearly within an exception; and,
(2) Contain all information necessary for further processing.
(b) Both the complainant and the recipient shall participate in the mediation process to the extent necessary to reach an agreement or for the mediator to make an informed judgment that an agreement is not possible.
(c) If the complainant and the recipient reach an agreement, the mediator shall prepare a written statement of the agreement and have the complainant and the recipient sign it. The mediator shall send a copy of the agreement to FEMA. FEMA will take no further action on the complaint unless the complainant or the recipient fails to comply with the agreement.

(d) The mediator shall protect the confidentiality of all information obtained in the course of the mediation process. No mediator shall testify in any adjudicative proceeding, produce any document, or otherwise disclose any information obtained in the course of the mediation process without prior approval of the head of the mediation agency.

(e) The mediation will proceed for a maximum of 60 days after a complaint is filed with FEMA. Mediation ends if:

(1) Sixty days elapse from the time the complaint is filed; or
(2) Prior to the end of that 60 day period, an agreement is reached; or
(3) Prior to the end of that 60 day period, the mediator determines that an agreement cannot be reached. This 60 day period may be extended by the mediator, with the concurrence of FEMA, for not more than 30 days if the mediator determines agreement will likely be reached during such extended period.

(f) The mediator shall return unresolved complaints to FEMA.

§ 7.943 Investigation.

(a) Informal investigation. (1) FEMA will investigate complaints that are unresolved after mediation or are reopened because of a violation of a mediation agreement.

(2) As part of the initial investigation, FEMA will use informal fact finding methods, including joint or separate discussion with the complainant and recipient, to establish the facts and, if possible, settle the complaint on terms that are mutually agreeable to the parties. FEMA may seek the assistance of any involved state program agency.

(3) FEMA will put any agreement in writing and have it signed by the parties and an authorized official at FEMA.

(4) The settlement shall not affect the operation of any other enforcement effort of FEMA, including compliance reviews and investigation of other complaints which may involve the recipient.

(5) The settlement is not a finding of discrimination against a recipient.

(b) Formal investigation. If FEMA cannot resolve the complaint through informal investigation, it will begin to develop formal findings through further investigation of the complaint. If the investigation indicates a violation of this regulation, FEMA will attempt to obtain voluntary compliance, it will begin enforcement as described in § 7.945.

§ 7.944 Prohibition against intimidation or retaliation.

A recipient may not engage in acts of intimidation or retaliation against any person who:

(a) Attempts to assert a right protected by the Act or this regulation; or
(b) Cooperates in any mediation, investigation, hearing, or other part of FEMA's investigation, conciliation and enforcement process.

§ 7.945 Compliance procedure.

(a) FEMA may enforce the Act and this regulation through:

(1) Termination of a recipient's Federal financial assistance from FEMA under the program or activity involved where the recipient has violated the Act or this regulation. The determination of the recipient's violation may be made only after a recipient has had an opportunity for a hearing on the record before an administrative law judge.

(2) Any other means authorized by law including but not limited to:

(i) Referral to the Department of Justice for proceedings to enforce any rights of the United States or obligations of the recipient created by the Act or this regulation.

(ii) Use of any requirement of or referral to any Federal, State or local government agency that will have the effect of correcting a violation of the Act or this regulation.
§ 7.946 Hearings, decisions, post-termination proceedings.

Certain FEMA procedural provisions applicable to title VI of the Civil Rights Act of 1964 apply to FEMA enforcement of this regulation. They are found at 44 CFR 7.10 through 7.16.

§ 7.947 Remedial action by recipient.

Where FEMA finds a recipient has discriminated on the basis of age, the recipient shall take any remedial action that FEMA may require to overcome the effects of the discrimination. If another recipient exercises control over the recipient that had discriminated, FEMA may require both recipients to take remedial action.

§ 7.948 Alternate funds disbursal procedure.

(a) When FEMA withholds funds from recipient under this regulation, the Director may, if allowable under the statute governing the assistance, disburse the withheld funds directly to an alternate recipient: Any public or nonprofit private organization or agency, or State or political subdivision of the State.

(b) The Director will require any alternate recipient to demonstrate:
   (1) The ability to comply with this regulation; and
   (2) The ability to achieve the goals of the Federal statute authorizing the program or activity.

§ 7.949 Exhaustion of administrative remedies.

(a) A complainant may file a civil action following the exhaustion of administrative remedies under the Act. Administrative remedies are exhausted if:
   (1) 180 days have elapsed since the complainant filed the complaint and FEMA had made no finding with regard to the complaint; or
   (2) FEMA issues any finding in favor of the recipient.

(b) FEMA will limit any termination under §7.945(a)(1) to the particular recipient and particular program or activity FEMA finds in violation of this regulation. FEMA will not base any part of a deferral on a finding with respect to any program or activity of the recipient which does not and would not, in connection with new funds, receive Federal financial assistance from FEMA.
Federal Emergency Management Agency

§ 8.2

(b) If FEMA fails to make a finding within 180 days or issues a finding in favor of the recipient, FEMA shall:

(1) Promptly advise the complainant in writing of this fact; and

(2) Advise the complainant of his or her right to bring a civil action for injunctive relief; and

(3) Inform the complainant:

(i) That the complainant may bring a civil action only in a United States District Court for the district in which the recipient is located or transacts business;

(ii) That a complainant prevailing in a civil action has the right to be awarded the costs of the action, including reasonable attorney’s fees, but that the complainant must demand these costs in the complaint at the time it is filed.

(iii) That before commencing the action, the complainant shall give 30 days notice by registered mail to the Director, the Attorney General of the United States, and the recipient;

(iv) That the notice must state: The alleged violation of the Act; the relief requested; the court in which the complainant is bringing the action; and whether or not attorney’s fees are demanded in the event the complaint prevails; and

(v) That the complainant may not bring an action if the same alleged violation of the Act by the same recipient is the subject of a pending action in any court (Federal or State) of the United States.

PART 8—NATIONAL SECURITY INFORMATION

§ 8.1 Purpose.

(a) Section 5.3(b) of Executive Order (EO) 12356, “National Security Information” requires agencies to promulgate implementing policies and regulations. To the extent that these regulations affect members of the public, these policies are to be published in the FEDERAL REGISTER.

(b) This regulation provides public notification of the FEMA procedures for processing requests for the mandatory review of classified information pursuant to section 3.4(d) of E.O. 12356.

§ 8.2 Original classification authority.

(a) The Director, Federal Emergency Management Agency (FEMA), has the authority to classify information originally as TOP SECRET, as designated by the President in the FEDERAL REGISTER, Vol 47, No. 91, May 11, 1982, in accordance with section 1.2(a)(2), E.O. 12356.

(b) In accordance with section 1.2(d)(2), E.O. 12356, the following positions have been delegated ORIGINAL TOP SECRET CLASSIFICATION AUTHORITY by the Director, FEMA:

(1) DEPUTY DIRECTOR, FEMA

(2) ASSOCIATE DIRECTOR, NATIONAL PREPAREDNESS DIRECTORATE

(3) DIRECTOR, OFFICE OF SECURITY

(c) The positions delegated original Top Secret Classification Authority in paragraph (b) of this section, are also delegated Original Secret and Confidential Classification Authority by virtue of this delegation. The following positions have been delegated Original Secret and Original Confidential Classification Authority:

(1) Associate Director, State and Local Programs and Support.

(2) Regional Directors.

Any further delegation of original classification authority, for any classification level, will be accomplished only by the Director of the Federal Emergency Management Agency.

(d) The positions delegated ORIGINAL TOP SECRET CLASSIFICATION AUTHORITY in paragraph (b) of this section, are also delegated ORIGINAL SECRET and CONFIDENTIAL CLASSIFICATION AUTHORITY by virtue of this delegation. The positions delegated ORIGINAL SECRET CLASSIFICATION AUTHORITY in paragraph (c) of this section, are also delegated
§ 8.3

ORIGINAL CONFIDENTIAL CLASSIFICATION AUTHORITY by virtue of this delegation. Any further delegation of original classification authority, for any classification level, will be accomplished only by the Director of FEMA.

§ 8.3 Senior FEMA official responsible for the information security program.

The Director of Security, FEMA, has been designated as the senior official to direct and administer the FEMA information security program, in accordance with section 5.3(a), E.O. 12356.

[49 FR 24518, June 14, 1984]

§ 8.4 Mandatory declassification review procedures.

(a) All information classified by FEMA under E.O. 12356 or predecessor orders shall be subject to a review for declassification if such a review is requested by a United States citizen or permanent resident alien, a Federal agency or a State or local government.

(b) Requests for declassification review shall be submitted to the Office of Security, Federal Emergency Management Agency, Washington, DC 20472. All requests shall be in writing and reasonably describe the information sought with sufficient clarity to enable the appropriate FEMA component to identify the information sought. Any requests that do not sufficiently identify the information sought shall be returned to the requestor and he or she shall be asked to clarify the request and/or provide additional information.

(c) If within 30 days the requestor does not respond to the agency’s request for clarification or additional information, the FEMA Office of Security shall notify the requester that no further action can be taken on the request. If the requestor’s response to the agency’s request for clarification and/or additional information is inadequate, the Office of Security shall notify him or her that no further action will be taken until such time as the agency is provided with adequate information concerning the request. In addition, the agency’s response will set forth the agency’s explanation of the deficiencies of the request.

(d) Once a request meets the foregoing requirements for processing, it will be acted upon as follows:

(1) Receipt of all requests shall be acknowledged within ten (10) working days.

(2) FEMA action upon a request shall be completed within sixty (60) calendar days.

(e) The Director of Security shall designate a FEMA component to conduct the declassification review. This will normally be the originating component. The designated program or staff office shall conduct the review and forward its recommendation(s) to the Office of Security. Information no longer requiring protection under E.O. 12356 shall be declassified and released unless withholding is otherwise authorized under applicable law. When information cannot be declassified in its entirety, FEMA will make a reasonable effort to release those declassified portions of the requested information that constitute a coherent segment. If the information may not be released in whole or part, the requestor shall be given a brief statement as to the reason for the denial, a notice of the right to appeal the determination to the Director of FEMA and a notice that such an appeal must be filed within sixty (60) calendar days to be considered.

(f) If the request requires the rendering of services for which fees may be charged under 31 U.S.C. 9701, such fees may be imposed in accordance with the provisions of 44 CFR part 5, subpart C.

(g) The following procedures shall be followed when denials of requests for declassification are appealed:

(1) The Director shall, within fifteen (15) working days of receipt of the appeal, convene a meeting of the FEMA Information Security Oversight Committee (ISOC). Representation on the FEMA ISOC shall include the Director of Security or his/her representative, a representative of the component that denied the original request, a representative from the Office of General Counsel, a representative from the Office of External Affairs and the Chief of Staff or his/her representative.

80
Federal Emergency Management Agency

§ 9.3

(2) If the ISOC upholds the appeal in its entirety, the information will be released in accordance with the provisions of paragraph (e) of this section.

(3) If the ISOC denies the appeal, in part or in its entirety, then it will forward the appeal with its recommendation(s) to the Director of FEMA, for a final determination. A reply will be forwarded to the requestor enclosing the declassified releasable information if any, and an explanation for denying the request in whole or in part.

(4) Final action on appeals shall be completed within thirty (30) working days of receipt of appeal.

PART 9—FLOODPLAIN MANAGEMENT AND PROTECTION OF WETLANDS

Sec.
9.1 Purpose of part.
9.2 Policy.
9.3 Authority.
9.4 Definitions.
9.5 Scope.
9.6 Decision-making process.
9.7 Determination of proposed action’s location.
9.8 Public notice requirements.
9.9 Analysis and reevaluation of practicable alternatives.
9.10 Identify impacts of proposed actions.
9.11 Mitigation.
9.12 Final public notice.
9.13 Public notice requirements.
9.14 Determination of proposed action’s location.
9.15 Planning programs affecting land use.
9.16 Guidance for applicants.
9.17 Instructions to applicants.
9.18 Responsibilities.

APPENDIX A TO PART 9—DECISION-MAKING PROCESS FOR E.O. 11988

SOURCE: 45 FR 59526, Sept. 9, 1980, unless otherwise noted.

§ 9.3 Authority.

The authority for these regulations is (a) Executive Order 11988, May 24, 1977, which replaced Executive Order 11296, August 10, 1966, (b) Executive Order 11990, May 24, 1977, (c) Reorganization Plan No. 3 of 1978 (43 FR 41943); and (d) Executive Order 12127, April 1, 1979 (44 FR 1936). E.O. 11988 was issued in furtherance of the National Flood Insurance Act of 1968, as amended (Pub.
§ 9.4 Definitions.

The following definitions shall apply throughout this regulation.

Action means any action or activity including: (a) Acquiring, managing and disposing of Federal lands and facilities; (b) providing federally undertaken, financed or assisted construction and improvements; and (c) conducting Federal activities and programs affecting land use, including, but not limited to, water and related land resources, planning, regulating and licensing activities.

Actions Affecting or Affected by Floodplains or Wetlands means actions which have the potential to result in the long- or short-term impacts associated with (a) the occupancy or modification of floodplains, and the direct or indirect support of floodplain development, or (b) the destruction and modification of wetlands and the direct or indirect support of new construction in wetlands.

Agency means the Federal Emergency Management Agency (FEMA).

Agency Assistance means grants for projects or planning activities, loans, and all other forms of financial or technical assistance provided by the Agency.

Associate Director means the head of any Office or Administration of the Federal Emergency Management Agency, who has programmatic responsibility for a particular action.

Base Flood means the flood which has a one percent chance of being equalled or exceeded in any given year (also known as a 100-year flood). This term is used in the National Flood Insurance Program (NFIP) to indicate the minimum level of flooding to be used by a community in its floodplain management regulations.

Base Floodplain means the 100-year floodplain (one percent chance floodplain).

Coastal High Hazard Area means the areas subject to high velocity waters including but not limited to hurricane wave wash or tsunamis. On a Flood Insurance Rate Map (FIRM), this appears as zone V1-30, VE or V.

Critical Action means an action for which even a slight chance of flooding is too great. The minimum floodplain of concern for critical actions is the 500-year floodplain, i.e., critical action floodplain. Critical actions include, but are not limited to, those which create or extend the useful life of structures or facilities:

(a) Such as those which produce, use or store highly volatile, flammable, explosive, toxic or water-reactive materials;

(b) Such as hospitals and nursing homes, and housing for the elderly, which are likely to contain occupants who may not be sufficiently mobile to avoid the loss of life or injury during flood and storm events;

(c) Such as emergency operation centers, or data storage centers which contain records or services that may become lost or inoperative during flood and storm events; and

(d) Such as generating plants, and other principal points of utility lines.

Direct Impacts means changes in floodplain or wetland values and functions and changes in the risk to lives and property caused or induced by an action or related activity. Impacts are caused whenever these natural values and functions are affected as a direct result of an action. An action which would result in the discharge of polluted storm waters into a floodplain or wetland, for example, would directly affect their natural values and functions. Construction-related activities, such as dredging and filling operations within the floodplain or a wetland would be another example of impacts caused by an action.

Director means the Director of the Federal Emergency Management Agency (FEMA).
Federal Emergency Management Agency

§ 9.4

Emergency Actions means emergency work essential to save lives and protect property and public health and safety performed under sections 305 and 306 of the Disaster Relief Act of 1974 (42 U.S.C. 5145 and 5146). See 44 CFR part 205, subpart E.

Enhance means to increase, heighten, or improve the natural and beneficial values associated with wetlands.

Facility means any man-made or man-placed item other than a structure.

FEMA means the Federal Emergency Management Agency.

FIA means the Federal Insurance Administration.

Five Hundred Year Floodplain (the 500-year floodplain or 0.2 percent change floodplain) means that area, including the base floodplain, which is subject to inundation from a flood having a 0.2 percent chance of being equalled or exceeded in any given year.

Flood or flooding means a general and temporary condition of partial or complete inundation of normally dry land areas from the overflow of inland and/or tidal waters, and/or the unusual and rapid accumulation or runoff of surface waters from any source.

Flood Fringe means that portion of the floodplain outside of the floodway (often referred to as “floodway fringe”).

Flood Hazard Boundary Map (FHBM) means an official map of a community, issued by the Director, where the boundaries of the flood, mudslide (i.e., mudflow) and related erosion areas having special hazards have been designated as Zone A, M, or E.

Flood Insurance Rate Map (FIRM) means an official map of a community on which the Director has delineated both the special hazard areas and the risk premium zones applicable to the community.

Flood Insurance Study (FIS) means an examination, evaluation and determination of flood hazards and, if appropriate, corresponding water surface elevations or an examination, evaluation and determination of mudslide (i.e., mudflow) and/or flood-related erosion hazards.

Floodplain means the lowland and relatively flat areas adjoining inland and coastal waters including, at a minimum, that area subject to a one percent or greater chance of flooding in any given year. Wherever in this regulation the term “floodplain” is used, if a critical action is involved, “floodplain” shall mean the area subject to inundation from a flood having a 0.2 percent chance of occurring in any given year (500-year floodplain). “Floodplain” does not include areas subject only to mudflow until FIA adopts maps identifying “M” Zones.

Floodproofing means the modification of individual structures and facilities, their sites, and their contents to protect against structural failure, to keep water out, or to reduce effects of water entry.

Floodway means that portion of the floodplain which is effective in carrying flow, within which this carrying capacity must be preserved and where the flood hazard is generally highest, i.e., where water depths and velocities are the greatest. It is that area which provides for the discharge of the base flood so the cumulative increase in water surface elevation is no more than one foot.

Functionally Dependent Use means a use which cannot perform its intended purpose unless it is located or carried out in close proximity to water, (e.g., bridges, and piers).

Indirect Impacts means an indirect result of an action whenever the action induces or makes possible related activities which effect the natural values and functions of floodplains or wetlands or the risk to lives and property. Such impacts occur whenever these values and functions are potentially affected, either in the short- or long-term, as a result of undertaking an action.

Minimize means to reduce to the smallest amount or degree possible.

Mitigation means all steps necessary to minimize the potentially adverse effects of the proposed action, and to restore and preserve the natural and beneficial floodplain values and to preserve and enhance natural values of wetlands.

Natural Values of Floodplains and Wetlands means the qualities of or functions served by floodplains and wetlands which include but are not limited to: (a) Water resource values (natural
moderation of floods, water quality maintenance, groundwater recharge; (b) living resource values (fish, wildlife, plant resources and habitats); (c) cultural resource values (open space, natural beauty, scientific study, outdoor education, archeological and historic sites, recreation); and (d) cultivated resource values (agriculture, aquaculture, forestry).

New Construction means the construction of a new structure (including the placement of a mobile home) or facility or the replacement of a structure or facility which has been totally destroyed.

New Construction in Wetlands includes draining, dredging, channelizing, filling, diking, impounding, and related activities and any structures or facilities begun or authorized after the effective dates of the Orders, May 24, 1977.

Orders means Executive Orders 11988, Floodplain Management, and 11990, Protection of Wetlands.

Practicable means capable of being done within existing constraints. The test of what is practicable depends upon the situation and includes consideration of all pertinent factors, such as environment, cost and technology.

Preserve means to prevent alterations to natural conditions and to maintain the values and functions which operate the floodplains or wetlands in their natural states.

Regional Director means the Regional Director of the Federal Emergency Management Agency for the Region in which FEMA is acting or the Disaster Recovery Manager when one is designated.

Regulatory Floodway means the area regulated by federal, State or local requirements to provide for the discharge of the base flood so the cumulative increase in water surface elevation is no more than a designated amount (not to exceed one foot as set by the National Flood Insurance Program).

Restore means to reestablish a setting or environment in which the natural functions of the floodplain can again operate.

SLPS means the State and Local Programs and Support Directorate.

Structures means walled or roofed buildings, including mobile homes and gas or liquid storage tanks.

Substantial Improvement means any repair, reconstruction or other improvement of a structure or facility, which has been damaged in excess of, or the cost of which equals or exceeds, 50% of the market value of the structure or replacement cost of the facility (including all "public facilities" as defined in the Disaster Relief Act of 1974) (a) before the repair or improvement is started, or (b) if the structure or facility has been damaged and is proposed to be restored, before the damage occurred. If a facility is an essential link in a larger system, the percentage of damage will be based on the relative cost of repairing the damaged facility to the replacement cost of the portion of the system which is operationally dependent on the facility. The term "substantial improvement" does not include any alteration of a structure or facility listed on the National Register of Historic Places or a State Inventory of Historic Places.

Support means to encourage, allow, serve or otherwise facilitate floodplain or wetland development. Direct support results from actions within a floodplain or wetland, and indirect support results from actions outside of floodplains or wetlands.

Wetlands means those areas which are inundated or saturated by surface or ground water with a frequency sufficient to support, or that under normal hydrologic conditions does or would support, a prevalence of vegetation or aquatic life typically adapted for life in saturated or seasonally saturated soil conditions. Examples of wetlands include, but are not limited to, swamps, fresh and salt water marshes, estuaries, bogs, beaches, wet meadows, sloughs, potholes, mud flats, river overflows and other similar areas. This definition includes those wetlands areas separated from their natural supply of water as a result of activities such as the construction of structural flood protection methods or solid-fill road beds and activities such as mineral extraction and navigation improvements. This definition is intended to be consistent with the definition utilized by the U.S. Fish and Wildlife Service in the publication entitled Classification of Wetlands and Deep
§ 9.5 Scope.

(a) Applicability. (1) These regulations apply to all Agency actions which have the potential to affect floodplains or wetlands or their occupants, or which are subject to potential harm by location in floodplains or wetlands.

(2) The basic test of the potential of an action to affect floodplains or wetlands is the action’s potential (both by itself and when viewed cumulatively with other proposed actions) to result in the long- or short-term adverse impacts associated with:

(i) The occupancy or modification of floodplains, and the direct and indirect support of floodplain development; or

(ii) The destruction or modification of wetlands and the direct or indirect support of new construction in wetlands.

(3) This regulation applies to actions that were, on the effective date of the Orders (May 24, 1977), ongoing, in the planning and/or development stages, or undergoing implementation, and are incomplete as of the effective date of these regulations. The regulation also applies to proposed (new) actions. The Agency shall:

(i) Determine the applicable provisions of the Orders by analyzing whether the action in question has progressed beyond critical stages in the floodplain management and wetlands protection decision-making process, as set out below in §9.6. This determination need only be made at the time that followup actions are being taken to complete or implement the action in question; and

(ii) Apply the provisions of the Orders and of this regulation to all such actions to the fullest extent practicable.

(b) Limited exemption of ongoing actions involving wetlands located outside the floodplains. (1) Executive Order 11990, Protection of Wetlands, contains a limited exemption not found in Executive Order 11988, Floodplain Management. Therefore, this exemption applies only to actions affecting wetlands which are located outside the floodplains, and which have no potential to result in harm to or within floodplains or to support floodplain development.

(2) The following proposed actions that impact wetlands located outside of floodplains are exempt from this regulation:

(i) Agency-assisted or permitted projects which were under construction before May 24, 1977; and

(ii) Projects for which the Agency has proposed a draft of a final environmental impact statement (EIS) which adequately analyzes the action and which was filed before October 1, 1977. Proposed actions that impact wetlands outside of floodplains are not exempt if the EIS:

(A) Only generally covers the proposed action;

(B) Is devoted largely to related activities; or

(C) Treats the project area or program without an adequate and specific analysis of the floodplain and wetland implications of the proposed action.

(c) Decision-making involving certain categories of actions. The provisions set forth in this regulation are not applicable to the actions enumerated below except that the Regional Directors shall comply with the spirit of the Order to the extent practicable. For any action which is excluded from the actions enumerated below, the full 8-step process applies (see §9.6) (except as indicated at paragraphs (d), (f) and (g) of this section regarding other categories of partial or total exclusions). The provisions of these regulations do not apply to the following (all references are to the Disaster Relief Act of 1974, Pub. L. 93-288, as amended, except as noted):

(1) Assistance provided for emergency work essential to save lives and protect property and public health and safety performed pursuant to sections 305 and 306;

(2) Emergency Support Teams (section 304);

(3) Unemployment Assistance (section 407);

(4) Emergency Communications (section 415);

(5) Emergency Public Transportation (section 416);
§ 9.5

(6) Fire Suppression Assistance (section 417);
(7) Community Disaster Loans (section 414), except to the extent that the proceeds of the loan will be used for repair of facilities or structures or for construction of additional facilities or structures;
(8) The following Individual and Family Grant Program (section 408) actions:
   (i) Housing needs or expenses, except for restoring, repairing or building private bridges, purchase of mobile homes, and provision of structures as minimum protective measures;
   (ii) Personal property needs or expenses;
   (iii) Transportation expenses;
   (iv) Funeral expenses;
   (v) Limited home repairs;
   (vi) Flood insurance premium;
   (vii) Transportation expenses;
   (viii) Cost estimates;
   (ix) Food expenses; and
   (x) Temporary rental accommodations.
(9) Mortgage and rental assistance under section 404(b);
(10) Use of existing resources in the temporary housing assistance program (section 404(a)), except that Step 1 (§ 9.7) shall be carried out;
(11) Minimal home repairs (section 404(c));
(12) Debris removal (section 403), except those grants involving non-emergency disposal of debris within a floodplain or wetland;
(13) Repairs or replacements under section 402, of less than $5,000 to damaged structures or facilities.
(14) Placement of families in existing resources and Temporary Relocation Assistance provided to those families so placed under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, Public Law 96-510.
(d) For each action enumerated below, the Regional Director shall apply steps 1, 2, 4, 5 and 8 of the decision-making process (§§ 9.7, 9.8, 9.10 and 9.11, see § 9.6). Steps 3 and 6 (§ 9.9) shall be carried out except that alternative sites outside the floodplain or wetland need not be considered. After assessing impacts of the proposed action on the floodplain or wetlands and of the site on the proposed action, alternative actions to the proposed action, if any, and the “no action” alternative shall be considered. The Regional Director may also require certain other portions of the decision-making process to be carried out for individual actions as is deemed necessary. For any action which is excluded from the actions listed below, (except as indicated in paragraphs (c), (f) and (g) of this section regarding other categories of partial or total exclusion), the full 8-step process applies (see § 9.6). The references are to the Disaster Relief Act of 1974, Public Law 93-288, as amended.
(1) Actions performed under the Individual and Family Grant Program (section 408) for restoring or repairing a private bridge, except where two or more individuals or families are authorized to pool their grants for this purpose.
(2) Small project grants (section 419), except to the extent that Federal funding involved is used for construction of new facilities or structures.
(3) Replacement of building contents, materials and equipment. (sections 402 and 419).
(4) Repairs under section 402 to damaged facilities or structures, except any such action for which one or more of the following is applicable:
   (i) FEMA estimated cost of repairs is more than 50% of the estimated reconstruction cost of the entire facility or structure, or is more than $100,000, or
   (ii) The action is located in a floodway or coastal high hazard area, or
   (iii) The facility or structure is one which has previously sustained structural damage from flooding due to a major disaster or emergency or on which a flood insurance claim has been paid, or
   (iv) The action is a critical action.
(e) Other categories of actions. Based upon the completion of the 8-step decision-making process (§ 9.6), the Director may find that a specific category of actions either offers no potential for carrying out the purposes of the Orders and shall be treated as those actions listed in § 9.5(c), or has no practicable alternative sites and shall be treated as those actions listed in § 9.5(d), or has no practicable alternative actions or sites
and shall be treated as those actions listed in §9.5(g). This finding will be made in consultation with the Federal Insurance Administration and the Council on Environmental Quality as provided in section 2(d) of E.O. 11988. Public notice of each of these determinations shall include publication in the Federal Register and a 30-day comment period.

(f) The National Flood Insurance Program (NFIP). (1) Most of what is done by FIA or SLPS, in administering the National Flood Insurance Program is performed on a program-wide basis. For all regulations, procedures or other issuances making or amending program policy, FIA or SLPS, shall apply the 8-step decision-making process to that program-wide action. The action to which the 8-step process must be applied is the establishment of programmatic standards or criteria, not the application of programmatic standards or criteria to specific situations. Thus, for example, FIA or SLPS, would apply the 8-step process to a programmatic determination of categories of structures to be insured, but not to whether to insure each individual structure. The two prime examples of where FIA or SLPS, does take site specific actions which would require individual application of the 8-step process are property acquisition under section 1362 of the National Flood Insurance Act of 1968, as amended, and the issuance of an exception to a community under 44 CFR 60.6(b). (See also §9.9(e)(6) and §9.11(e).)

(2) The provisions set forth in this regulation are not applicable to the actions enumerated below except that the Federal Insurance Administrator or the Associate Director, SLPS, as appropriate shall comply with the spirit of the Orders to the extent practicable:
(i) The issuance of individual flood insurance policies and policy interpretations;
(ii) The adjustment of claims made under the Standard Flood Insurance Policy;
(iii) The hiring of independent contractors to assist in the implementation of the National Flood Insurance Program;
(iv) The issuance of individual flood insurance maps, Map Information Facility map determinations, and map amendments; and
(v) The conferring of eligibility for emergency or regular program (NFIP) benefits upon communities.

(g) For the action listed below, the Regional Director shall apply steps 1, 4, 5 and 8 of the decision-making process (§§9.7, 9.10 and 9.11). For any action which is excluded from the actions listed below, (except as indicated in paragraphs (c), (d) and (f) of this section regarding other categories of partial or total exclusion), the full 8-step process applies (See §9.6). The Regional Director may also require certain other portions of the decision-making process to be carried out for individual actions as is deemed necessary. The references are to the Disaster Relief Act of 1974, Public Law 93-288. The above requirements apply to repairs, under section 402, between $5,000 and $25,000 to damaged structures of facilities except for:
(1) Actions in a floodway or coastal high hazard area; or
(2) New or substantially improved structures or facilities; or
(3) Facilities or structures which have previously sustained structural damage from flooding due to a major disaster or emergency.

§9.6 Decision-making process.

(a) Purpose. The purpose of this section is to set out the floodplain management and wetlands protection decision-making process to be followed by the Agency in applying the Orders to its actions. While the decision-making process was initially designed to address the floodplain Order’s requirements, the process will also satisfy the wetlands Order’s provisions due to the close similarity of the two directives. The numbering of Steps 1 through 8 does not firmly require that the steps be followed sequentially. As information is gathered throughout the decision-making process and as additional information is needed, reevaluation of lower numbered steps may be necessary.
§ 9.7 Determination of proposed action's location.

(a) The purpose of this section is to establish Agency procedures for determining whether any action as proposed is located in or affects (1) the base floodplain (the Agency shall substitute the 500-year floodplain for the base floodplain where the action being proposed involves a critical action), or (2) a wetland.

(b) Information needed. The Agency shall obtain enough information so that it can fulfill the requirements of the Orders to (1) avoid floodplain and wetland locations unless they are the only practicable alternatives; and (2) minimize harm to and within floodplains and wetlands. In all cases, FEMA shall determine whether the proposed action is located in a floodplain or wetland. In the absence of a finding to the contrary, FEMA may assume that a proposed action involving a facility or structure that has been flooded is in the floodplain. Information about the 100-year and 500-year floods and location of floodways and coastal high hazard areas may also be needed to comply with these regulations, especially §9.11. The following additional flooding characteristics shall be identified by the Regional Director as appropriate:

(i) Velocity of floodwater;
(ii) Rate of rise of floodwater;
(iii) Duration of flooding;
(iv) Available warning and evacuation time and routes;
(v) Special problems: (A) Levees; (B) Erosion; (C) Subsidence; (D) Sink holes; (E) Ice jams;
Federal Emergency Management Agency  § 9.8

(F) Debris load;
(G) Pollutants;
(H) Wave heights;
(I) Groundwater flooding;
(J) Mudflow.

(c) Floodplain determination. (1) In the search for flood hazard information, FEMA shall follow the sequence below:

(i) The Regional Director shall consult the FEMA Flood Insurance Rate Map (FIRM) the Flood Boundary Floodway Map (FBFM) and the Flood Insurance Study (FIS).

(ii) If a detailed map (FIRM or FBFM) is not available, the Regional Director shall consult an FEMA Flood Hazard Boundary Map (FHB). If data on flood elevations, floodways, or coastal high hazard areas are needed, or if the map does not delineate the flood hazard boundaries in the vicinity of the proposed site, the Regional Director shall seek the necessary detailed information and assistance from the sources listed below.

SOURCES OF MAPS AND TECHNICAL INFORMATION

Department of Agriculture: Soil Conservation Service
Department of the Army: Corps of Engineers
Federal Insurance Administration
FEMA Regional Offices/Natural and Technological Hazards Division
Department of the Interior:
Geological Survey
Bureau of Land Management
Bureau of Reclamation
Tennessee Valley Authority
Delaware River Basin Commission
Susquehanna River Basin Commission
States

(iii) If the sources listed do not have or know of the information necessary to comply with the Orders' requirements, the Regional Director shall seek the services of a Federal or other engineer experienced in this type of work.

(2) If a decision involves an area or location within extensive Federal or state holdings or a headwater area, and an FIS, FIRM, FBFM, or FHB is not available, the Regional Director shall seek information from the land administering agency before information and/or assistance is sought from the sources listed in this section. If none of these sources has information or can provide assistance, the services of an experienced Federal or other engineer shall be sought as described above.

(d) Wetland determination. The following sequence shall be followed by the Agency in making the wetland determination.

(1) The Agency shall consult with the U.S. Fish and Wildlife Service (FWS) for information concerning the location, scale and type of wetlands within the area which could be affected by the proposed action.

(2) If the FWS does not have adequate information upon which to base the determination, the Agency shall consult wetland inventories maintained by the Army Corps of Engineers, the Environmental Protection Agency, various states, communities and others.

(3) If state or other sources do not have adequate information upon which to base the determination, the Agency shall carry out an on-site analysis performed by a representative of the FWS or other qualified individual for wetlands characteristics based on the performance definition of what constitutes a wetland.

(4) If an action is in a wetland but not in a floodplain, and the action is new construction, the provisions of this regulation shall apply. Even if the action is not in a wetland, the Regional Director shall determine if the action has the potential to result in indirect impacts on wetlands. If so, all adverse impacts shall be minimized. For actions which are in a wetland and the floodplain, completion of the decision-making process is required. (See §9.6.) In such a case the wetland will be considered as one of the natural and beneficial values of floodplain.

§ 9.8 Public notice requirements.

(a) Purpose. The purpose of this section is to establish the initial notice procedures to be followed when proposing any action in or affecting floodplains or wetlands.

(b) General. The Agency shall provide adequate information to enable the public to have impact on the decision
outcome for all actions having potential to affect, adversely, or be affected by floodplains or wetlands that it proposes. To achieve this objective, the Agency shall:

(1) Provide the public with adequate information and opportunity for review and comment at the earliest possible time and throughout the decision-making process; and upon completion of this process, provide the public with an accounting of its final decisions (see §9.12); and

(2) Rely on its environmental assessment processes, to the extent possible, as vehicles for public notice, involvement and explanation.

(c) Early public notice. The Agency shall provide opportunity for public involvement in the decision-making process through the provision of public notice upon determining that the proposed action can be expected to affect or be affected by floodplains or wetlands. Whenever possible, notice shall precede major project site identification and analysis in order to preclude the foreclosure of options consistent with the Orders.

(1) For an action for which an environmental impact statement is being prepared, the Notice of Intent to File an EIS is adequate to constitute the early public notice, if it includes the information required under paragraph (c)(5) of this section.

(2) For each action having national significance for which notice is being provided, the Agency shall use the FEDERAL REGISTER as the minimum means for notice, and shall provide notice by mail to national organizations reasonably expected to be interested in the action. The additional notices listed in paragraph (c)(4) of this section shall be used in accordance with the determination made under paragraph (c)(3) of this section.

(3) The Agency shall base its determination of appropriate notices, adequate comment periods, and whether to issue cumulative notices (paragraphs (c)(4), (6) and (7) of this section) on factors which include, but are not limited to:

(i) Scale of the action;
(ii) Potential for controversy;
(iii) Degree of public need;
(iv) Number of affected agencies and individuals; and
(v) Its anticipated potential impact.

(4) For each action having primarily local importance for which notice is being provided, notice shall be made in accordance with the criteria under paragraph (c)(3) of this section, and shall entail as appropriate:

(i) Notice to Indian tribes when effects may occur on reservations.
(ii) Information required in the affected State's public notice procedures for comparable actions.
(iii) Publication in local newspapers (in papers of general circulation rather than legal papers).
(iv) Notice through other local media.
(v) Notice to potentially interested community organizations.
(vi) Publication in newsletters that may be expected to reach potentially interested persons.
(vii) Notice to owners and occupants of nearby or affected property.
(viii) Posting of notice on and off site in the area where the action is to be located.
(ix) Holding a public hearing.

(5) The notice shall include:

(i) A description of the action, its purpose and a statement of the intent to carry out an action affecting or affected by a floodplain or wetland;
(ii) Based on the factors in paragraph (c)(3) of this section, a map of the area or other identification of the floodplain and/or wetland areas which is of adequate scale and detail so that the location is discernible; instead of publication of such map, FEMA may state that such map is available for public inspection, including the location at which such map may be inspected and a telephone number to call for information;
(iii) Based on the factors in paragraph (c)(3) of this section, a description of the type, extent and degree of hazard involved and the floodplain or wetland values present; and
(iv) Identification of the responsible official or organization for implementing the proposed action, and from whom further information can be obtained.
§ 9.9 Analysis and reevaluation of practicable alternatives.

(a) Purpose. (1) The purpose of this section is to expand upon the directives set out in §9.6, of this part, in order to clarify and emphasize the Orders' key requirements to avoid floodplains and wetlands unless there is no practicable alternative.

(2) Step 3 is a preliminary determination as to whether the floodplain is the only practicable location for the action. It is a preliminary determination because it comes early in the decision-making process when the Agency has a limited amount of information. If it is clear that there is a practicable alternative, or the floodplain or wetland is itself not a practicable location, FEMA shall then act on that basis. Provided that the location outside the floodplain or wetland does not indirectly impact floodplains or wetlands or support development therein, the remaining analysis set out by this regulation is required. If the preliminary determination is to act in the floodplain, FEMA shall gather the additional information required under Steps 4 and 5 and then reevaluate all the data to determine if the floodplain or wetland is the only practicable alternative.

(b) Analysis of practicable alternatives. The Agency shall identify and evaluate practicable alternatives to carrying out a proposed action in floodplains or wetlands, including:

(1) Alternative sites outside the floodplain or wetland;

(2) Alternative actions which serve essentially the same purpose as the proposed action, but which have less potential to affect or be affected by the floodplain or wetlands; and

(3) No action. The floodplain and wetland site itself must be a practicable location in light of the factors set out in this section.

(c) The Agency shall analyze the following factors in determining the practicability of the alternatives set out in paragraph (b) of this section:

(1) Natural environment (topography, habitat, hazards, etc.);

(2) Social concerns (aesthetics, historical and cultural values, land patterns, etc.);

(3) Economic aspects (costs of space, construction, services, and relocation); and

(4) Legal constraints (deeds, leases, etc.).

(d) Action following the analysis of practicable alternatives. (1) The Agency shall not locate the proposed action in the floodplain or in a wetland if a practicable alternative exists outside the floodplain or wetland.

(2) For critical actions, the Agency shall not locate the proposed action in the 500-year floodplain if a practicable alternative exists outside the 500-year floodplain.

(3) Even if no practicable alternative exists outside the floodplain or wetland, in order to carry out the action the floodplain or wetland must itself be a practicable location in light of the review required in this section.
§ 9.10 Identify impacts of proposed actions.

(a) Purpose. The purpose of this section is to ensure that the effects of proposed Agency actions are identified.

(b) The Agency shall identify the potential direct and indirect adverse impacts associated with the occupancy and modification of floodplains and wetlands and the potential direct and indirect support of floodplain and wetland development that could result from the proposed action. Such identification of impacts shall be to the extent necessary to comply with the requirements of the Orders to avoid floodplain and wetland locations unless they are the only practicable alternatives and to minimize harm to and within floodplains and wetlands.

(c) This identification shall consider whether the proposed action will result in an increase in the useful life of any structure or facility in question, maintain the investment at risk and exposure of lives to the flood hazard or forego an opportunity to restore the natural and beneficial values served by floodplains or wetlands. Regional Offices of the U.S. Fish and Wildlife Service may be contacted to aid in the identification and evaluation of potential

§ 9.10 Identify impacts of proposed actions.

(e) Reevaluation of alternatives. Upon determination of the impact of the proposed action to or within the floodplain or wetland and of what measures are necessary to comply with the requirement to minimize harm to and within floodplains and wetlands (§9.11), FEMA shall:

(1) Determine whether:
   (i) The action is still practicable at a floodplain or wetland site in light of the exposure to flood risk and the ensuing disruption of natural values;
   (ii) The floodplain or wetland site is the only practicable alternative;
   (iii) There is a potential for limiting the action to increase the practicability of previously rejected non-floodplain or wetland sites and alternative actions; and
   (iv) Minimization of harm to or within the floodplain can be achieved using all practicable means.

(2) Take no action in a floodplain unless the importance of the floodplain site clearly outweighs the requirement of E.O. 11988 to:
   (i) Avoid direct or indirect support of floodplain development;
   (ii) Reduce the risk of flood loss;
   (iii) Minimize the impact of floods on human safety, health and welfare; and
   (iv) Restore and preserve floodplain values.

(3) Take no action in a wetland unless the importance of the wetland site clearly outweighs the requirements of E.O. 11990 to:
   (i) Avoid the destruction or modification of the wetlands;
   (ii) Avoid direct or indirect support of new construction in wetlands;
   (iii) Minimize the destruction, loss or degradation of wetlands; and
   (iv) Preserve and enhance the natural and beneficial values of wetlands.

(4) In carrying out this balancing process, give the factors in paragraphs (e)(2) and (e)(3) of this section, the great weight intended by the Orders.

(5) Choose the “no action” alternative where there are no practicable alternative actions or sites and where the floodplain or wetland is not itself a practicable alternative. In making the assessment of whether a floodplain or wetland location is itself a practicable alternative, the practicability of the floodplain or wetland location shall be balanced against the practicability of not carrying out the action at all. That is, even if there is no practicable alternative outside of the floodplain or wetland, the floodplain or wetland itself must be a practicable location in order for the action to be carried out there. To be a practicable location, the importance of carrying out the action must clearly outweigh the requirements of the Orders listed in paragraphs (e)(2) and (e)(3) of this section. Unless the importance of carrying out the action clearly outweighs those requirements, the “no action” alternative shall be selected.

(6) In any case in which the Regional Director has selected the “no action” option, FIA may not provide a new or renewed contract of flood insurance for that structure.

EDITORIAL NOTE: At 45 FR 79070, Nov. 28, 1980, §9.9(e)(6) was temporarily suspended until further notice.
impacts of the proposed action on natural and beneficial floodplain and wetland values.

(d) In the review of a proposed or alternative action, the Regional Director shall specifically consider and evaluate: impacts associated with modification of wetlands and floodplains regardless of its location; additional impacts which may occur when certain types of actions may support subsequent action which have additional impacts of their own; adverse impacts of the proposed actions on lives and property and on natural and beneficial floodplain and wetland values; and the three categories of factors listed below:

(1) Flood hazard-related factors. These include for example, the factors listed in §9.7(b)(2);

(2) Natural values-related factors. These include, for example, the following: Water resource values (natural moderation of floods, water quality maintenance, and ground water recharge); living resource values (fish and wildlife and biological productivity); cultural resource values (archaeological and historic sites, and open space recreation and green belts); and agricultural, aquacultural and forestry resource values.

(3) Factors relevant to a proposed action's effects on the survival and quality of wetlands. These include, for example, the following: Public health, safety, and welfare, including water supply, quality, recharge and discharge; pollution; flood and storm hazards; and sediment and erosion; maintenance of natural systems, including conservation and long term productivity of existing flora and fauna, species and habitat diversity and stability, hydrologic utility, fish, wildlife, timber, and food and fiber resources; and other uses of wetlands in the public interest, including recreational, scientific, and cultural uses.

§ 9.11 Mitigation.

(a) Purpose. The purpose of this section is to expand upon the directives set out in §9.6 of this part, and to set out the mitigative actions required if the preliminary determination is made to carry out an action that affects or is in a floodplain or wetland.

(b) General provisions. (1) The Agency shall design or modify its actions so as to minimize harm to or within the floodplain;
(2) The Agency shall minimize the destruction, loss or degradation of wetlands;
(3) The Agency shall restore and preserve natural and beneficial floodplain values; and
(4) The Agency shall preserve and enhance natural and beneficial wetland values.

(c) Minimization provisions. The Agency shall minimize:

(1) Potential harm to lives and the investment at risk from the base flood, or, in the case of critical actions, from the 500-year flood;
(2) Potential adverse impacts the action may have on others; and
(3) Potential adverse impact the action may have on floodplain and wetland values.

(d) Minimization Standards. In its implementation of the Disaster Relief Act of 1974, the Agency shall apply at a minimum, the following standards to its actions to comply with the requirements of paragraphs (b) and (c), of this section, (except as provided in §9.5 (c), (d), and (g) regarding categories of partial or total exclusion). Any Agency action to which the following specific requirements do not apply, shall nevertheless be subject to the full 8-step process (§9.6) including the general requirement to minimize harm to and within floodplains:

(1) There shall be no new construction or substantial improvement in a floodway, and no new construction in a coastal high hazard area, except for:
(i) A functionally dependent use; or
(ii) A structure or facility which facilitates an open space use.

(2) For a structure which is a functionally dependent use, or which facilitates an open space use, the following applies. There shall be no construction of a new or substantially improved structure in a coastal high hazard area unless it is elevated on adequately anchored pilings or columns, and securely anchored to such piles or columns so that the lowest portion of the structural members of the lowest floor (excluding the pilings or columns) is elevated to or above the base flood level.
(the 500-year flood level for critical actions) (including wave height). The structure shall be anchored so as to withstand velocity waters and hurricane wave wash. The Regional Director shall be responsible for determining the base flood level, including the wave height, in all cases. Where there is a FIRM in effect, it shall be the basis of the Regional Director’s determination. If the FIRM does not reflect wave heights, or if there is no FIRM in effect, the Regional Director is responsible for determining the base flood level, including wave heights.

(3) Elevation of structures. (i) There shall be no new construction or substantial improvement of structures unless the lowest floor of the structures (including basement) is at or above the level of the base flood.

(ii) There shall be no new construction or substantial improvement of structures involving a critical action unless the lowest floor of the structure (including the basement) is at or above the level of the 500-year flood.

(iii) If the subject structure is non-residential, FEMA may, instead of elevating the structure to the 100-year or 500-year level, as appropriate, approve the design of the structure and its attendant utility and sanitary facilities so that below the flood level the structure is water tight with walls substantially impermeable to the passage of water and with structural components having the capability of resisting hydrostatic and hydrodynamic loads and effects of buoyancy.

(iv) The provisions of paragraphs (d)(3)(i), (ii), and (iii) of this section do not apply to the extent that the Federal Insurance Administration has granted an exception under 44 CFR §60.6(b) (formerly 24 CFR 1910.6(b)), or the community has granted a variance which the Regional Director determines is consistent with 44 CFR 60.6(a) (formerly 24 CFR 1910.6(a)). In a community which does not have a FIRM in effect, FEMA may approve a variance from the standards of paragraphs (d)(3)(i), (ii), and (iii) of this section, after compliance with the standards of 44 CFR 60.6(a).

(4) There shall be no encroachments, including fill, new construction, substantial improvements of structures or facilities, or other development within a designated regulatory floodway that would result in any increase in flood levels within the community during the occurrence of the base flood discharge. Until a regulatory floodway is designated, no new construction, substantial improvements, or other development (including fill) shall be permitted within the base floodplain unless it is demonstrated that the cumulative effect of the proposed development, when combined with all other existing and anticipated development, will not increase the water surface elevation of the base flood more than one foot at any point within the community.

(5) Even if an action is a functionally dependent use or facilitates open space uses (under paragraph (d)(1) or (2) of this section) and does not increase flood heights (under paragraph (d)(4) of this section), such action may only be taken in a floodway or coastal high hazard area if:

(i) Such site is the only practicable alternative; and

(ii) Harm to and within the floodplain is minimized.

(6) In addition to standards (d)(1) through (d)(5) of this section, no action may be taken if it is inconsistent with the criteria of the National Flood Insurance Program (44 CFR part 59 et seq.) or any more restrictive Federal, State or local floodplain management standards.

(7) New construction and substantial improvement of structures shall be elevated on open works (walls, columns, piers, piles, etc.) rather than on fill, in all cases in coastal high hazard areas and elsewhere, where practicable.

(8) To minimize the effect of floods on human health, safety and welfare, the Agency shall:

(i) Where appropriate, integrate all of its proposed actions in floodplains into existing flood warning and preparedness plans and ensure that available flood warning time is reflected;

(ii) Facilitate adequate access and egress to and from the site of the proposed action; and

(iii) Give special consideration to the unique hazard potential in flash flood, rapid-rise or tsunami areas.
§ 9.11

(9) In the replacement of building contents, materials and equipment, the Regional Director shall require as appropriate, disaster proofing of the building and/or elimination of such future losses by relocation of those building contents, materials and equipment outside or above the base floodplain or the 500-year floodplain for critical actions.

(e) In the implementation of the National Flood Insurance Program. (1) The Federal Insurance Administration shall make identification of all coastal high hazard areas a priority;

(2) Beginning October 1, 1981, the Federal Insurance Administration of FEMA may only provide flood insurance for new construction or substantial improvements in a coastal high hazard area if:

(i) Wave heights have been designated for the site of the structure either by the Director of FEMA based upon data generated by FEMA or by another source, satisfactory to the Director; and

(ii) The structure is rated by FEMA based on a system which reflects the capacity to withstand the effects of the 100-year frequency flood including, but not limited to, the following factors:

(A) Wave heights;

(B) The ability of the structure to withstand the force of waves.

(3)(i) FEMA shall accept and take fully into account information submitted by a property owner indicating that the rate for a particular structure is too high based on the ability of the structure to withstand the force of waves. In order to obtain a rate adjustment, a property owner must submit to FEMA specific information regarding the structure and its immediate environment. Such information must be certified by a registered professional architect or engineer who has demonstrable experience and competence in the fields of foundation, soils, and structural engineering. Such information should include:

(A) Elevation of the structure (bottom of lowest floor beam) in relation to the Base Flood Elevation including wave height;

(B) Distance of the structure from the shoreline;

(C) Dune protection and other environmental factors;

(D) Description of the building support system; and

(E) Other relevant building details.

Adequate completion of the “V-Zone Risk Factor Rating Form” is sufficient for FEMA to determine whether a rate adjustment is appropriate. The form is available from and applications for rate adjustments should be submitted to:

National Flood Insurance Program
Attention: V-Zone Underwriting Specialist
9001-A George Palmer Highway
Lanham, MD 20706

Pending a determination on a rate adjustment, insurance will be issued at the class rate. If the rate adjustment is granted, a refund of the appropriate portion of the premium will be made. Unless a property owner is seeking an adjustment granted by FEMA, this information need not be submitted.

(ii) FIA shall notify communities with coastal high hazard areas and federally related lenders in such communities, of the provisions of this paragraph. Notice to the lenders may be accomplished by the Federal instrumentalities to which the lenders are related.

(4) In any case in which the Regional Director has been, pursuant to §9.11(d)(1), precluded from providing assistance for a new or substantially improved structure in a floodway, FIA may not provide a new or renewed policy of flood insurance for that structure.

(f) Restore and preserve. (1) For any action taken by the Agency which affects the floodplain or wetland and which has resulted in, or will result in, harm to the floodplain or wetland, the Agency shall act to restore and preserve the natural and beneficial values served by floodplains and wetlands.

(2) Where floodplain or wetland values have been degraded by the proposed action, the Agency shall identify, evaluate and implement measures to restore the values.

(3) If an action will result in harm to or within the floodplain or wetland, the Agency shall design or modify the action to preserve as much of the natural
§ 9.12 Final public notice.

If the Agency decides to take an action in or affecting a floodplain or wetland, it shall provide the public with a statement of its final decision and shall explain the relevant factors considered by the Agency in making this determination.

(a) In addition, those sent notices under §9.8 shall also be provided the final notice.

(b) For actions for which an environmental impact statement is being prepared, the FEIS is adequate to constitute final notice in all cases except where:

(1) Significant modifications are made in the FEIS after its initial publication;

(2) Significant modifications are made in the development plan for the proposed action; or

(3) Significant new information becomes available in the interim between issuance of the FEIS and implementation of the proposed action.

If any of these situations develop, the Agency shall prepare a separate final notice that contains the contents of paragraph (e) of this section and shall make it available to those who received the FEIS. A minimum of 15 days shall, without good cause shown, be allowed for comment on the final notice.

(c) For actions for which an environmental assessment was prepared, the Notice of No Significant Impact is adequate to constitute final public notice, if it includes the information required under paragraph (e) of this section.

(d) For all other actions, the finding shall be made in a document separate from those described in paragraphs (a), (b), and (c) of this section. Based on an assessment of the following factors, the requirement for final notice may be met in a cumulative manner:

(1) Scale of the action;

(2) Potential for controversy;

(3) Degree of public need;

(4) Number of affected agencies and individuals;

(5) Its anticipated potential impact; and

(6) Similarity of the actions, i.e., to the extent that they are susceptible of common descriptions and assessments.

When a damaged structure or facility is already being repaired by the State or local government at the time of the Damage Survey Report, the requirements of Steps 2 and 7 (§§9.8 and 9.12) may be met by a single notice. Such notice shall contain all the information required by both sections.

(e) The final notice shall include the following:

(1) A statement of why the proposed action must be located in an area affecting or affected by a floodplain or a wetland;

(2) A description of all significant facts considered in making this determination;

(3) A list of the alternatives considered;

(4) A statement indicating whether the action conforms to applicable state and local floodplain protection standards;

(5) A statement indicating how the action affects or is affected by the floodplain and/or wetland, and how mitigation is to be achieved;

(6) Identification of the responsible official or organization for implementation and monitoring of the proposed action, and from whom further information can be obtained; and

(7) A map of the area or a statement that such map is available for public inspection, including the location at which such map may be inspected and a telephone number to call for information.

(f) After providing the final notice, the Agency shall, without good cause shown, wait at least 15 days before carrying out the action.

[45 FR 59526, Sept. 9, 1980, as amended at 48 FR 29318, June 24, 1983]

§ 9.13 Particular types of temporary housing.

(a) The purpose of this section is to set forth the procedures whereby the Agency will provide certain specified types of temporary housing.
(b) Prior to providing the types of temporary housing enumerated in paragraph (c) of this section, the Agency shall comply with the provisions of this section. For all temporary housing not enumerated below, the full 8-step process (see §9.6) applies.

(c) The following temporary housing actions are subject to the provisions of this section and not the full 8-step process:

(1) [Reserved]

(2) Placing a mobile home or readily fabricated dwelling on a private or commercial site, but not a group site.

(d) The actions set out in paragraph (c) of this section are subject to the following decision-making process:

(1) The temporary housing action shall be evaluated in accordance with the provisions of §9.7 to determine if it is in or affects a floodplain or wetland.

(2) No mobile home or readily fabricated dwelling may be placed on a private or commercial site in a floodway or coastal high hazard area.

(3) An individual or family shall not be housed in a floodplain or wetland unless the Regional Director has complied with the provisions of §9.9 to determine that such site is the only practicable alternative. The following factors shall be substituted for the factors in §9.9(c) and (e) (2) through (4):

(i) Speedy provision of temporary housing;

(ii) Potential flood risk to the temporary housing occupant;

(iii) Cost effectiveness;

(iv) Social and neighborhood patterns;

(v) Timely availability of other housing resources; and

(vi) Potential harm to the floodplain or wetland.

(4) An individual or family shall not be housed in a floodplain or wetland (except in existing resources) unless the Regional Director has complied with the provisions of §9.11 to minimize harm to and within floodplains and wetlands. The following provisions shall be substituted for the provisions of §9.11(d) for mobile homes:

(i) No mobile home or readily fabricated dwelling may be placed on a private or commercial site unless it is elevated to the fullest extent practicable up to the base flood level and adequately anchored.

(ii) No mobile home or readily fabricated dwelling may be placed on such placement is inconsistent with the criteria of the National Flood Insurance Program (44 CFR part 59 et seq.) or any more restrictive Federal, State or local floodplain management standard. Such standards may require elevation to the base flood level in the absence of a variance.

(iii) Mobile homes shall be elevated on open works (walls, columns, piers, piles, etc.) rather than on fill where practicable.

(iv) To minimize the effect of floods on human health, safety and welfare, the Agency shall:

(A) Where appropriate, integrate all of its proposed actions in placing mobile homes for temporary housing in floodplains into existing flood warning and preparedness plans and ensure that available flood warning time is reflected;

(B) Provide adequate access and egress to and from the proposed site of the mobile home; and

(C) Give special consideration to the unique hazard potential in flash flood and rapid-rise areas.

(5) FEMA shall comply with Step 2 Early Public Notice (§9.8(c)) and Step 7 Final Public Notice (§9.12). In providing these notices, the emergency nature of temporary housing shall be taken into account.

(e) FEMA shall not sell or otherwise dispose of mobile homes or other readily fabricated dwellings which would be located in floodways or coastal high hazard areas. FEMA shall not sell or otherwise dispose of mobile homes or other readily fabricated dwellings which would be located in floodplains or wetlands unless there is full compliance with the 8-step process. Given the vulnerability of mobile homes to flooding, a rejection of a non-floodplain location alternative and of the no-action alternative shall be based on (1) a compelling need of the family or individual to buy a mobile home for permanent housing, and (2) a compelling requirement to locate the unit in a floodplain. Further, FEMA shall not sell or otherwise dispose of mobile homes or other

(a) The purpose of this section is to set forth the procedures whereby the Agency shall dispose of property.

(b) Prior to its disposal by sale, lease or other means of disposal, property proposed to be disposed of by the Agency shall be reviewed according to the decision-making process set out in §9.6 of this part, as follows:

(1) The property shall be evaluated in accordance with the provisions of §9.7 to determine if it affects or is affected by a floodplain or wetland;

(2) The public shall be notified of the proposal and involved in the decision-making process in accordance with the provisions of §9.8;

(3) Practicable alternatives to disposal shall be evaluated in accordance with the provisions of §9.9. For disposals, this evaluation shall focus on alternative actions (conveyance for an alternative use that is more consistent with the floodplain management and wetland protection policies set out in §9.2 than the one proposed, e.g., open space use for park or recreational purposes rather than high intensity uses), and on the “no action” option (retain the property);

(4) Identify the potential impacts and support associated with the disposal of the property in accordance with §9.10;

(5) Identify the steps necessary to minimize, restore, preserve and enhance in accordance with §9.11. For disposals, this analysis shall address all four of these components of mitigation where unimproved property is involved, but shall focus on minimization through floodproofing and restoration of natural values where improved property is involved;

(6) Reevaluate the proposal to dispose of the property in light of its exposure to the flood hazard and its natural values-related impacts, in accordance with §9.9. This analysis shall focus on whether it is practicable in light of the findings from §§9.10 and 9.11 to dispose of the property, or whether it must be retained. If it is determined that it is practicable to dispose of the property, this analysis shall identify the practicable alternative that best achieves all of the components of the Orders’ mitigation responsibility;

(7) To the extent that it would decrease the flood hazard to lives and property, the Agency shall, wherever practicable, dispose of the properties according to the following priorities:

(i) Properties located outside the floodplain;

(ii) Properties located in the flood fringe; and

(iii) Properties located in a floodway, regulatory floodway or coastal high hazard area.

(8) The Agency shall prepare and provide the public with a finding and public explanation in accordance with §9.12.

(9) The Agency shall ensure that the applicable mitigation requirements are fully implemented in accordance with §9.11.

(c) At the time of disposal, for all disposed property, the Agency shall reference in the conveyance uses that are restricted under existing Federal, State and local floodplain management and wetland protection standards relating to flood hazards and floodplain and wetland values.

§ 9.15 Planning programs affecting land use.

The Agency shall take floodplain management into account when formulating or evaluating any water and land use plans. No plan may be approved unless it:

(a) Reflects consideration of flood hazards and floodplain management and wetlands protection; and

(b) Prescribes planning procedures to implement the policies and requirements of the Orders and this regulation.
§ 9.16 Guidance for applicants.
(a) The Agency shall encourage and provide adequate guidance to applicants for agency assistance to evaluate the effects of their plans and proposals in or affecting floodplains and wetlands.
(b) This shall be accomplished primarily through amendment of all Agency instructions to applicants, e.g., program handbooks, contracts, application and agreement forms, etc., and also through contact made by agency staff during the normal course of their activities, to fully inform prospective applicants of:
(1) The Agency's policy on floodplain management and wetlands protection as set out in § 9.2;
(2) The decision-making process to be used by the Agency in making the determination of whether to provide the requested assistance as set out in § 9.6;
(3) The nature of the Orders' practicability analysis as set out in § 9.9;
(4) The nature of the Orders' mitigation responsibilities as set out in § 9.11;
(5) The nature of the Orders' public notice and involvement process as set out in §§ 9.8 and 9.12; and
(6) The supplemental requirements applicable to applications for the lease or other disposal of Agency-owned properties set out in § 9.14.
(c) Guidance to applicants shall be provided where possible, prior to the time of application in order to minimize potential delays in process application due to failure of applicants to recognize and reflect the provisions of the Orders and this regulation.

§ 9.17 Instructions to applicants.
(a) Purpose. In accordance with Executive Orders 11988 and 11990, the Federal executive agencies must respond to a number of floodplain management and wetland protection responsibilities before carrying out any of their activities, including the provision of Federal financial and technical assistance. The purpose of this section is to put applicants for Agency assistance on notice concerning both the criteria that it is required to follow under the Orders, and applicants' responsibilities under this regulation.
(b) Responsibilities of Applicants. Based upon the guidance provided by the Agency under § 9.16, that guidance included in the U.S. Water Resources Council's Guidance for Implementing E.O. 11988, and based upon the provisions of the Orders and this regulation, applicants for Agency assistance shall recognize and reflect in their application:
(1) The Agency's policy on floodplain management and wetlands protection as set out in § 9.2;
(2) The decision-making process to be used by the Agency in making the determination of whether to provide the requested assistance as set out in § 9.6;
(3) The nature of the Orders' practicability analysis as set out in § 9.9;
(4) The nature of the Orders' mitigation responsibilities as set out in § 9.11;
(5) The nature of the Orders' public notice and involvement process as set out in §§ 9.8 and 9.12; and
(6) The supplemental requirements for application for the lease or other disposal of Agency-owned properties, as set out in § 9.14.
(c) Provision of supporting information. Applicants for Agency assistance may be called upon to provide supporting information relative to the various responsibilities set out in paragraph (b) of this section as a prerequisite to the approval of their applications.
(d) Approval of applications. Applications for Agency assistance shall be reviewed for the recognition and reflection of the provisions of this regulation in addition to the Agency's existing approval criteria.

§ 9.18 Responsibilities.
(a) Regional Directors' responsibilities. Regional Directors shall, for all actions falling within their respective jurisdictions:
(1) Implement the requirements of the Orders and this regulation. Anywhere in §§ 9.2, 9.6 through 9.13, and 9.15 where a direction is given to the Agency, it is the responsibility of the Regional Director.
(2) Consult with the General Counsel regarding any question of interpretation concerning this regulation or the Orders.
(b) Associate Directors' responsibilities. Associate Directors/Administrators shall ensure that the offices/administrations under their jurisdiction:
§ 9.18

(1) Implement the requirements of the Orders and this regulation. When a decision of a Regional Director relating to disaster assistance is appealed, the Associate Director for State and Local Programs and Support may make determinations under these regulations on behalf of the Agency.

(2) Identify within ninety (90) days of the effective date of this regulation:

(i) The modifications that are necessary to make their existing floodplain management and wetlands protection procedures adequate to meet the directives of the Orders;

(ii) Which of these modifications should be made a part of this regulation;

(iii) Which of these modifications are to be included in program regulations other than this one; and

(iv) The steps being taken to prepare and implement these modifications.

(3) Are in full compliance with the Orders' provisions through the modification of their processes in accordance with paragraphs (b) (1) and (2) of this section.

(4) Prepare and submit to the Office of General Counsel reports to the Office of Management and Budget in accordance with section 2(b) of E.O. 11988 and section 3 of E.O. 11990. If a proposed action is to be located in a floodplain or wetland, any requests to the Office of Management and Budget for new authorizations or appropriations shall be accompanied by a report indicating whether the proposed action is in accord with the Orders and these regulations.

* FOR CRITICAL ACTIONS SUBSTITUTE "500 YEAR" FOR "BASE" AND FOR WETLANDS DELETE "BASE FLOODPLAIN" AND SUBSTITUTE "WETLANDS".

** FOR WETLANDS "ACTION" INCLUDES "NEW CONSTRUCTION" ONLY.
§ 10.1 Background and purpose.
(a) This part implements the Council on Environmental Quality (CEQ) regulations (National Environmental Policy Act Regulations, 43 FR 55978 (1978)) and provides policy and procedures to enable Federal Emergency Management Agency (FEMA) officials to be informed of and take into account environmental considerations when authorizing or approving major FEMA actions that significantly affect the environment in the United States. The Council on Environmental Quality Regulations implement the procedural provisions, section 102(2), of the National Environmental Policy Act of 1969, as amended (hereinafter NEPA) (Pub. L. 91-190, 42 U.S.C. 4321 et seq.), and Executive Order 11991, 42 FR 26967 (1977).

(b) Section 1507.3, Council on Environmental Quality Regulations (National Environmental Policy Act Regulations, 43 FR 55978 (1978)) directs that Federal agencies shall adopt procedures to supplement the CEQ regulations. This regulation provides detailed FEMA implementing procedures to supplement the CEQ regulations.
(c) The provisions of this part must be read together with those of the CEQ regulations and NEPA as a whole when applying the NEPA process.

§ 10.2 Applicability and scope.
The provisions of this part apply to the Federal Emergency Management Agency, (hereinafter referred to as FEMA) including any office or administration of FEMA, and the FEMA regional offices.

§ 10.3 Definitions.
(a) Regional Director means the Regional Director of the Federal Emergency Management Agency for the region in which FEMA is acting.
(b) The other terms used in this part are defined in the CEQ regulations (40 CFR part 1508).
(c) Environmental Officer means the Chief, Public Assistance Division, Office of Disaster Assistance Programs, State and Local Programs and Support Directorate.

§ 10.4 Policy.
(a) FEMA shall act with care to assure that, in carrying out its responsibilities, including disaster planning, response and recovery and hazard mitigation and flood insurance, it does so in a manner consistent with national environmental policies. Care shall be taken to assure, consistent with other considerations of national policy, that all practical means and measures are used to protect, restore, and enhance the quality of the environment, to avoid or minimize adverse environmental consequences, and to attain the objectives of:
1. Achieving use of the environment without degradation, or undesirable and unintended consequences;
2. Preserving historic, cultural and natural aspects of national heritage and maintaining, wherever possible, an environment that supports diversity and variety of individual choice;
3. Achieving a balance between resource use and development within the sustained carrying capacity of the ecosystem involved; and
4. Enhancing the quality of renewable resources and working toward the maximum attainable recycling of depletable resources.
(b) FEMA shall:
1. Assess environmental consequences of FEMA actions in accordance with §§10.9 and 10.10 of this part and parts 1500 through 1508 of the CEQ regulations;
2. Use a systematic, interdisciplinary approach that will ensure the integrated use of the natural and social sciences, and environmental considerations, in planning and decisionmaking where there is a potential for significant environmental impact;
3. Ensure that presently unmeasured environmental amenities are considered in the decisionmaking process;
4. Consider reasonable alternatives to recommended courses of action in any proposal that involves conflicts concerning alternative uses of resources; and
Federal Emergency Management Agency § 10.5

(5) Make available to States, counties, municipalities, institutions and individuals advice and information useful in restoring, maintaining, and enhancing the quality of the environment.

Subpart B—Agency Implementing Procedures

§ 10.5 Responsibilities.

(a) The Regional Directors shall, for each action not categorically excluded from this regulation and falling within their respective jurisdictions:

(1) Prepare an environmental assessment and submit such assessment to the Environmental Officer and the Office of General Counsel (OGC);

(2) Prepare a finding of no significant impact, or prepare an environmental impact statement;

(3) Coordinate and provide information regarding environmental review with applicants for FEMA assistance;

(4) Prepare and maintain an administrative record for each proposal that is determined to be categorically excluded from this regulation;

(5) Involve environmental agencies, applicants, and the public to the extent practicable in preparing environmental assessments;

(6) Prepare, as required, a supplement to either the draft or final environmental impact statement;

(7) Circulate draft and final environmental impact statements;

(8) Ensure that decisions are made in accordance with the policies and procedures of NEPA and this part, and prepare a concise public record of such decisions;

(9) Consider mitigating measures to avoid or minimize environmental harm, and, in particular, harm to and within floodplains and wetlands; and

(10) Review and comment upon, as appropriate, environmental assessments and impact statements of other Federal agencies and of State and local entities within their respective regions.

(b) The Environmental Officer shall:

(1) Determine, on the basis of the environmental assessment whether an environmental impact statement is required, or whether a finding of no significant impact shall be prepared;

(2) Review all proposed changes or additions to the list of categorical exclusions;

(3) Review all findings of no significant impact;

(4) Review all proposed draft and final environmental statements;

(5) Publish the required notices in the Federal Register;

(6) Provide assistance in the preparation of environmental assessments and impact statements and assign lead agency responsibility when more than one FEMA office or administration is involved;

(7) Direct the preparation of environmental documents for specific actions when required;

(8) Comply with the requirements of this part when the Director of FEMA promulgates regulations, procedures or other issuances making or amending Agency policy;

(9) Provide, when appropriate, consolidated FEMA comments on draft and final impact statements prepared for the issuance of regulations and procedures of other agencies;

(10) Review FEMA issuances that have environmental implications;

(11) Maintain liaison with the Council on Environmental Quality, the Environmental Protection Agency, the Office of Management and Budget, other Federal agencies, and State and local groups, with respect to environmental analysis for FEMA actions affecting the environment.

(c) The Heads of the Office and Administrations of FEMA shall:

(1) Assess environmental consequences of proposed and on-going programs within their respective organizational units;

(2) Prepare and process environmental assessments and environmental impact statements for all regulations, procedures and other issuances making or amending program policy related to actions which do not qualify for categorical exclusions;

(3) Integrate environmental considerations into their decisionmaking processes;

(4) Ensure that regulations, procedures and other issuances making or amending program policy are reviewed for consistency with the requirements of this part;
§ 10.6 Making or amending policy.

For all regulations, procedures, or other issuances making or amending policy, the head of the FEMA office or administration establishing such policy shall be responsible for application of this part to that action. This does not apply to actions categorically excluded. For all policy-making actions not categorically excluded, the head of the office or administration shall comply with the requirements of this part. Thus, for such actions, the office or administration head shall assume the responsibilities that a Regional Director assumes for a FEMA action in his/her respective region. For such policy-making actions taken by the Director of FEMA, the Environmental Officer shall assume the responsibilities that a Regional Director assumes for a FEMA action in his/her respective region.

[citation]

§ 10.7 Planning.

(a) Early planning. The Regional Director shall integrate the NEPA process with other planning at the earliest possible time to ensure that planning decisions reflect environmental values, to avoid delays later in the process, and to head off potential conflicts.

(b) Lead agency. To determine the lead agency for policy-making in which more than one FEMA office or administration is involved or any action in which another Federal agency is involved, FEMA offices and administrations shall apply criteria defined in §1501.5 of the CEQ regulation. If there is disagreement, the FEMA offices and/or administrations shall forward a request for lead agency determination to the Environmental Officer:

(1) The Environmental Officer will determine lead agency responsibility among FEMA offices and administration.

(2) In those cases involving a FEMA office or administration and another Federal agency, the Environmental Officer will attempt to resolve the differences. If unsuccessful, the Environmental Officer will file the request with the Council on Environmental Quality for determination.

(c) Technical assistance to applicants.

(1) Section 1501.2(d) of the CEQ regulations requires agencies to provide for early involvement in actions which, while planned by private applicants or other non-Federal entities, require some form of Federal approval. To implement the requirements of §1501.2(d), the Regional Director shall provide such guidance on a project-by-project basis to applicants seeking assistance from FEMA.

(2) To facilitate compliance with the requirements of paragraph (a) of this section, applicants and other non-Federal entities are expected to:

(i) Contact the Regional Director as early as possible in the planning process for guidance on the scope and level of environmental information required to be submitted in support of their application;
§ 10.8 Determination of requirement for environmental review.

The first step in applying the NEPA process is to determine whether to prepare an environmental assessment or an environmental impact statement. Early determination will help ensure that necessary environmental documentation is prepared and integrated into the decision-making process. Environmental impact statements will be prepared for all major Agency actions (see 40 CFR 1508.18) significantly (see 40 CFR 1508.27) affecting the quality of the human environment.

(a) In determining whether to prepare an environmental impact statement (EIS) the Regional Director will first determine whether the proposal is

1. Normally requires an environmental impact statement; or
2. Normally does not require either an environmental impact statement or an environmental assessment (categorical exclusion).

(b) Actions that normally require an EIS. (1) In some cases, it will be readily apparent that a proposed action will have significant impact on the environment. In that event, the Regional Director will, pursuant to §10.9(g) of this part, submit the notice of preparation of an environmental impact statement to the Environmental Officer.

(2) To assist in determining those actions that normally require an environmental impact statement, the following criteria apply:

(i) If an action will result in an extensive change in land use or the commitment of a large amount of land;
(ii) If an action will result in a land use change which is incompatible with the existing or planned land use of the surrounding area;
(iii) If many people will be affected;
(iv) If the environmental impact of the project is likely to be controversial;
(v) If an action will affect, in large measure, wildlife populations and their habitats, important natural resources, floodplains, wetlands, estuaries, beaches, dunes, unstable soils, steep slopes, aquifer recharge areas, or delicate or rare ecosystems, including endangered species;
(vi) If an action will result in a major adverse impact upon air or water quality;
(vii) If an action will adversely affect a property listed on the National Register of Historic Places or eligible for listing on the Register if, after consultation with the Advisory Council on Historic Preservation an environmental assessment is not deemed sufficient;
(viii) If an action is one of several actions underway or planned for an area and the cumulative impact of these projects is considered significant in terms of the above criteria;
(ix) If an action holds potential for threat or hazard to the public; or
(x) If an action is similar to previous actions determined to require an environmental impact statement.

(3) In any case involving an action that normally does require an environmental impact statement, the Regional Director may prepare an environmental assessment to determine if an environmental impact statement is required.

(c) Statutory exclusions. The following actions are statutorily excluded from NEPA and the preparation of environmental impact statements and environmental assessments by section 316 of
the Robert T. Stafford Disaster Relief and Emergency Assistance Act (Stafford Act), as amended, 42 U.S.C. 5159;

(1) Action taken or assistance provided under sections 402, 403, 407, or 502 of the Stafford Act; and

(2) Action taken or assistance provided under section 406 of the Stafford Act that has the effect of restoring facilities substantially as they existed before a major disaster or emergency.

(d) Categorical Exclusions (CATEXs). CEQ regulations at 40 CFR 1508.4 provide for the categorical exclusion of actions that do not individually or cumulatively have a significant impact on the human environment and for which, therefore, neither an environmental assessment nor an environmental impact statement is required. Full implementation of this concept will help FEMA avoid unnecessary or duplicate effort and concentrate resources on significant environmental issues.

(1) Criteria. The criteria used for determination of those categories of actions that normally do not require either an environmental impact statement or an environmental assessment include:

(i) Minimal or no effect on environmental quality;

(ii) No significant change to existing environmental conditions; and

(iii) No significant cumulative environmental impact.

(2) List of exclusion categories. FEMA has determined that the following categories of actions have no significant effect on the human environment and are, therefore, categorically excluded from the preparation of environmental impact statements and environmental assessments except where extraordinary circumstances as defined in paragraph (d)(5) of this section exist. If the action is of an emergency nature as described in §316 of the Stafford Act (42 U.S.C. 5159), it is statutorily excluded and is noted with [SE].

(i) Administrative actions such as personnel actions, travel, procurement of supplies, etc., in support of normal day-to-day activities and disaster related activities;

(ii) Preparation, revision, and adoption of regulations, directives, manuals, and other guidance documents related to actions that qualify for categorical exclusions;

(iii) Studies that involve no commitment of resources other than manpower and associated funding;

(iv) Inspection and monitoring activities, granting of variances, and actions to enforce Federal, state, or local codes, standards or regulations;

(v) Training activities and both training and operational exercises utilizing existing facilities in accordance with established procedures and land use designations;

(vi) Procurement of goods and services for support of day-to-day and emergency operational activities, and the temporary storage of goods other than hazardous materials, so long as storage occurs on previously disturbed land or in existing facilities;

(vii) The acquisition of properties and the associated demolition/removal [see paragraph (d)(2)(xii) of this section] or relocation of structures [see paragraph (d)(2)(xiii) of this section] under any applicable authority when the acquisition is from a willing seller, the buyer coordinated acquisition planning with affected authorities, and the acquired property will be dedicated in perpetuity to uses that are compatible with open space, recreational, or wetland practices.

(viii) Acquisition or lease of existing facilities where planned uses conform to past use or local land use requirements;

(ix) Acquisition, installation, or operation of utility and communication systems that use existing distribution systems or facilities, or currently used infrastructure rights-of-way;

(x) Routine maintenance, repair, and grounds-keeping activities at FEMA facilities;

(xi) Planting of indigenous vegetation;

(xii) Demolition of structures and other improvements or disposal of uncontaminated structures and other improvements to permitted off-site locations, or both;

(xiii) Physical relocation of individual structures where FEMA has no involvement in the relocation site selection or development;

(xiv) Granting of community-wide exceptions for floodproofed residential
basements meeting the requirements of 44 CFR 60.6(c) under the National Flood Insurance Program;
(xv) Repair, reconstruction, restoration, elevation, retrofitting, upgrading to current codes and standards, or replacement of any facility in a manner that substantially conforms to the pre-existing design, function, and location; [SE, in part]
(xvi) Improvements to existing facilities and the construction of small-scale hazard mitigation measures in existing developed areas, with substantially completed infrastructure, when the immediate project area has already been disturbed, and when those actions do not alter basic functions, do not exceed capacity of other system components, or modify intended land use; provided the operation of the completed project will not, of itself, have an adverse effect on the quality of the human environment;
(xvii) Actions conducted within enclosed facilities where all airborne emissions, waterborne effluent, external radiation levels, outdoor noise, and solid and bulk waste disposal practices comply with existing Federal, state, and local laws and regulations;
(xviii) The following planning and administrative activities in support of emergency and disaster response and recovery:
(A) Activation of the Emergency Support Team and convening of the Catastrophic Disaster Response Group at FEMA headquarters;
(B) Activation of the Regional Operations Center and deployment of the Emergency Response Team, in whole or in part;
(C) Deployment of Urban Search and Rescue teams;
(D) Situation Assessment including ground and aerial reconnaissance;
(E) Information and data gathering and reporting efforts in support of emergency and disaster response and recovery and hazard mitigation; and
(xix) The following emergency and disaster response, recovery and hazard mitigation activities under the Stafford Act:
(A) General Federal Assistance (§402); [SE]
(B) Essential Assistance (§403); [SE]
(C) Debris Removal (§407) [SE]
(D) Temporary Housing (§408), except locating multiple mobile homes or other readily fabricated dwellings on sites, other than private residences, not previously used for such purposes;
(E) Unemployment Assistance (§410);
(F) Individual and Family Grant Programs (§411), except for grants that will be used for restoring, repairing or building private bridges, or purchasing mobile homes or other readily fabricated dwellings;
(G) Food Coupons and Distribution (§412);
(H) Food Commodities (§413);
(I) Legal Services (§415);
(J) Crisis Counseling Assistance and Training (§416);
(K) Community Disaster Loans (§417);
(L) Emergency Communications (§418);
(M) Emergency Public Transportation (§419);
(N) Fire Suppression Grants (§420); and
(O) Federal Emergency Assistance (§502) [SE].
(3) Extraordinary circumstances. If extraordinary circumstances exist within an area affected by an action, such that an action that is categorically excluded from NEPA compliance may have a significant adverse environmental impact, an environmental assessment shall be prepared. Extraordinary circumstances that may have a significant environmental impact include:
(i) Greater scope or size than normally experienced for a particular category of action;
(ii) Actions with a high level of public controversy;
(iii) Potential for degradation, even though slight, of already existing poor environmental conditions;
(iv) Employment of unproven technology with potential adverse effects or actions involving unique or unknown environmental risks;
(v) Presence of endangered or threatened species or their critical habitat, or archaeological, cultural, historical or other protected resources;
(vi) Presence of hazardous or toxic substances at levels which exceed Federal, state or local regulations or
§ 10.9 Preparation of environmental assessments.

(a) When to prepare. The Regional Director shall begin preparation of an environmental assessment as early as possible after the determination that an assessment is required. The Regional Director may prepare an environmental assessment at any time to assist planning and decision-making.

(b) Content and format. The environmental assessment is a concise public document to determine whether to prepare an environmental impact statement, aiding in compliance with NEPA when no EIS is necessary, and facilitating preparation of a statement when one is necessary. Preparation of an environmental assessment generally will not require extensive research or lengthy documentation. The environmental assessment shall contain brief discussion of the following:

(1) Purpose and need for the proposed action;

(A) Obtain the approval of the Environmental Officer and the Office of the General Counsel; and

(B) Publish notice of such proposed change or addition in the FEDERAL REGISTER at least 60 days before the effective date of such change or addition.

(2) Actions that normally require an environmental assessment. When a proposal is not one that normally requires an environmental impact statement and does not qualify as a categorical exclusion, the Regional Director shall prepare an environmental assessment.

(f) Documentation. The Regional Director will prepare and maintain an administrative record of each proposal that is determined to be categorically excluded from the preparation of an environmental impact statement or an environmental assessment.

(g) Actions that normally require an environmental assessment. When a proposal is not one that normally requires an environmental impact statement and does not qualify as a categorical exclusion, the Regional Director shall prepare an environmental assessment.

§ 10.9 Preparation of environmental assessments.

(a) When to prepare. The Regional Director shall begin preparation of an environmental assessment as early as possible after the determination that an assessment is required. The Regional Director may prepare an environmental assessment at any time to assist planning and decision-making.

(b) Content and format. The environmental assessment is a concise public document to determine whether to prepare an environmental impact statement, aiding in compliance with NEPA when no EIS is necessary, and facilitating preparation of a statement when one is necessary. Preparation of an environmental assessment generally will not require extensive research or lengthy documentation. The environmental assessment shall contain brief discussion of the following:

(1) Purpose and need for the proposed action;

(A) Obtain the approval of the Environmental Officer and the Office of the General Counsel; and

(B) Publish notice of such proposed change or addition in the FEDERAL REGISTER at least 60 days before the effective date of such change or addition.

(2) Actions that normally require an environmental assessment. When a proposal is not one that normally requires an environmental impact statement and does not qualify as a categorical exclusion, the Regional Director shall prepare an environmental assessment.

(f) Documentation. The Regional Director will prepare and maintain an administrative record of each proposal that is determined to be categorically excluded from the preparation of an environmental impact statement or an environmental assessment.

(g) Actions that normally require an environmental assessment. When a proposal is not one that normally requires an environmental impact statement and does not qualify as a categorical exclusion, the Regional Director shall prepare an environmental assessment.

§ 10.10 Preparation of environmental impact statements.

(a) Scoping. After determination that an environmental impact statement will be prepared and publication of the notice of intent, the Regional Director will initiate the scoping process in accordance with §1501.7 of the CEQ regulations.

(b) Preparation. Based on the scoping process, the Regional Director will begin preparation of the environmental impact statement. Detailed procedures for preparation of the environmental impact statement are provided in part 1502 of the CEQ regulations.

(c) Supplemental Environmental Impact Statements. The Regional Director may at any time supplement a draft or final environmental impact statement when required under the criteria set forth in §1502.9(2). The Regional Director shall prepare, circulate, and file a supplement to a statement in the same fashion (exclusive of scoping) as a draft or final statement and will introduce the supplement into their formal administrative record.

(d) Circulation of Environmental Impact Statements. The Regional Director shall circulate draft and final environmental impact statements as prescribed in §1502.19 of CEQ regulations. Prior to signing off on a draft or final impact

Federal Emergency Management Agency

§ 10.10

(2) Description of the proposed action.

(3) Alternatives considered.

(4) Environmental impact of the proposed action and alternatives.

(5) Listing of agencies and persons consulted.

(6) Conclusion of whether to prepare an environmental impact statement.

(c) Public participation. The Regional Director shall involve environmental agencies, applicants, and the public, to the extent practicable, in preparing environmental assessments. In determining “to the extent practicable,” the Regional Director shall consider:

(1) Magnitude of the proposal;

(2) Likelihood of public interest;

(3) Need to act quickly;

(4) Likelihood of meaningful public comment;

(5) National security classification issues;

(6) Need for permits; and

(7) Statutory authority of environmental agency regarding the proposal.

(d) When to prepare an EIS. The Regional Director shall prepare an environmental impact statement for all major Agency actions significantly affecting the quality of the human environment. The test of what is a “significant” enough impact to require an EIS is found in the CEQ regulations at 40 CFR 1508.27.

(e) Finding of No Significant Impact. If the Regional Director determines on the basis of the environmental assessment not to prepare an environmental impact statement, the Regional Director shall prepare a finding of no significant impact in accordance with 40 CFR 1501.4(e) of the CEQ regulations. The assessment and the finding shall be submitted to the Environmental Officer and the Office of General Counsel (OGC) for approval. If Environmental Officer and OGC approval is obtained, the Regional Director shall then make the finding of no significant impact available to the public as specified in §1506.6 of the CEQ regulations. A finding of no significant impact is not required when the decision not to prepare an environmental impact statement is based on a categorical exclusion.

(f) Environmental Officer or OGC Disallowance. If the Environmental Officer or OGC disagrees with the finding of no significant impact, the Regional Director shall prepare an environmental impact statement. Prior to preparation of an EIS, the Regional Director shall forward a notice of intent to prepare the EIS to the Environmental Officer who shall publish such notice in the Federal Register.

(g) EIS determination of Regional Director. The Regional Director may decide on his/her own to prepare an environmental impact statement. In such case, the Regional Director shall forward a notice of intent to prepare the EIS to the Environmental Officer who shall publish such notice in the Federal Register. The notice of intent shall be published before initiation of the scoping process.

[45 FR 41142, June 18, 1980, as amended at 47 FR 13149, Mar. 29, 1982]
§ 10.11 Environmental information.

Interested persons may contact the Environmental Officer or the Regional Director for information regarding FEMA’s compliance with NEPA.

§ 10.12 Pre-implementation actions.

(a) Decision-making. The Regional Director shall ensure that decisions are made in accordance with the policies and procedures of the Act and that the NEPA process is integrated into the decision-making process. Because of the diversity of FEMA, it is not feasible to describe in this part the decision-making process for each of the various FEMA programs. Proposals and actions may be initiated at any level. Similarly, review and approval authority may be exercised at various levels depending on the nature of the action, available funding, and statutory authority. FEMA offices and administrations shall provide further guidance, commensurate with their programs and organization, for integration of environmental considerations into the decision-making process. The Regional Director shall:

(1) Consider all relevant environmental documents in evaluating proposals for Agency action;

(2) Make all relevant environmental documents, comments, and responses part of the record in formal rulemaking or adjudicatory proceedings;

(3) Ensure that all relevant environmental documents, comments and responses accompany the proposal through existing Agency review processes;

(4) Consider only those alternatives encompassed by the range of alternatives discussed in the relevant environmental documents when evaluating proposals for Agency action;

(5) Where an EIS has been prepared, consider the specific alternatives analyzed in the EIS when evaluating the proposal which is the subject of the EIS.

(b) Record of decision. In those cases requiring environmental impact statements, the Regional Director at the time of his/her decision, or if appropriate, his/her recommendation to Congress, shall prepare a concise public record of that decision. The record of decision is not intended to be an extensive, detailed document for the purpose of justifying the decision. Rather it is a concise document that sets forth the decision and describes the alternatives and relevant factors considered as specified in 40 CFR 1505.2. The record of decision will normally be less than three pages in length.

(c) Mitigation. Throughout the NEPA process, the Regional Director shall consider mitigating measures to avoid or minimize environmental harm and, in particular, harm to or within flood plains and wetlands. Mitigation measures or programs will be identified in the environmental impact statement and made available to decision-makers. Mitigation and other conditions established in the environmental impact statement or during its review and committed as part of the decision shall be implemented by the Regional Director.

(d) Monitoring. If a Regional Director determines that monitoring is applicable for established mitigation, a monitoring program will be adopted to assure the mitigation measures are accomplished. The Regional Director shall provide monitoring information, upon request, as specified in 40 CFR 1505.3. This does not, however, include standing or blanket requests for periodic reporting.

§ 10.13 Emergencies.

In the event of an emergency, the Regional Director may be required to take immediate action with significant environmental impact. The Regional Director shall notify the Environmental Officer of the emergency action at the earliest possible time so that the Environmental Officer may consult with the Council on Environmental Quality. In no event shall any Regional Director delay an emergency action necessary to the preservation of human life for the purpose of complying with
the provision of this directive or the CEQ regulations.

[45 FR 41142, June 18, 1980, as amended at 47 FR 13149, Mar. 29, 1982]

§ 10.14 Flood plains and wetlands.

For any action taken by FEMA in a flood plain or wetland, the provisions of this part are supplemental to, and not instead of, the provisions of the FEMA regulation implementing Executive Order 11988, Flood Plain Management, and Executive Order 11990, Protection of Wetlands (44 CFR part 9).

PART 11—CLAIMS

Subpart A—General

Sec.
11.1 General collection standards.
11.2 Delegations of authority.

Subpart B—Administrative Claims Under Federal Tort Claims Act

11.10 Scope of regulation.
11.11 Administrative claim; when presented; appropriate FEMA office.
11.12 Administrative claim; who may file.
11.13 Investigations.
11.14 Administrative claim; evidence and information to be submitted.
11.15 Authority to adjust, determine, compromise and settle.
11.16 Limitations on authority.
11.17 Referral to Department of Justice.
11.18 Final denial of claim.
11.19 Action on approved claim.

Subpart C—Collection of Debts by the Government Under the Debt Collection Act of 1982

11.30 Scope of regulations.
11.31 Adoption of joint standards.
11.32 Subdivision and joining of debts.
11.33 Authority of offices to attempt collection of debts.
11.34 Referral of debts to the Chief Financial Officer, Federal Emergency Management Agency.
11.35 Authority of offices to compromise debts or suspend or terminate collection action.
11.36 Debt collection files.
11.37 [Reserved]
11.38 Annual reports to the Director, Office of Management and Budget, and the Secretary of the Treasury.
11.40 Records retention.
11.41 Suspension or revocation of eligibility.
11.42 Demand for payment of debts.
11.43 Collection by administrative offset.
11.44 [Reserved]
11.45 Collection by salary offset.
11.46 Liquidation of collateral.
11.47 Collection in installments.
11.48 Interest, penalties, and administrative charges.
11.49 Omission not a defense.
11.50 Standards for compromise of debts.
11.51 Standards for suspension or termination of collection.
11.52 Referral of delinquent debtors to consumer reporting agencies.
11.53 Securing debtor addresses from the Department of Treasury.
11.54 Contracts with debt collection agencies.
11.55 Referral to GAO or Justice Department.
11.56 Analysis of costs.
11.57 Automation.
11.58 Prevention of overpayments, delinquencies, and defaults.
11.59 Office of General Counsel.
11.60 Sale of debts due the United States arising under programs administered by the Agency.
11.61 Referral of delinquent debts to Department of the Treasury for offsets against tax refunds.
11.62 Administrative charges incurred in referrals for tax refund offset.
11.63 Notice to debtor before tax refund offset.
11.64 Review within Federal Emergency Management Agency.
11.65 Stay of tax refund offset action.

Subpart D—Personnel Claims Regulations

11.70 Scope and purpose.
11.71 Claimants.
11.72 Time limitations.
11.73 Allowable claims.
11.74 Claims not allowed.
11.75 Claims involving carriers and insurers.
11.76 Claims procedures.
11.77 Settlement of claims.
11.78 Computation of amount of award.
11.79 Attorney’s fees.

Authority: 31 U.S.C. 3701 et seq.

Source: 45 FR 15930, Mar. 12, 1980, unless otherwise noted.

Subpart A—General

§ 11.1 General collection standards.

The general standards and procedures governing the collection, compromise, termination and referral to the Department of Justice of claims for money and property that are prescribed in the
§ 11.2 Regulations issued jointly by the General Accounting Office and the Department of Justice pursuant to the Federal Claims Collection Act of 1966 (4 CFR part 101 et seq.), apply to the administrative claim collection activities of the Federal Emergency Management Agency (FEMA).

§ 11.2 Delegations of authority.

Any and all claims that arise under subchapter III of chapter 83, chapter 87 and chapter 88 of title 5, the United States Code, the Retired Federal Employees Health Benefits Act (74 Stat. 849), the Panama Canal Construction Annuity Act (58 Stat. 257), and the Lighthouse Service Widow's Annuity Act (64 Stat. 465) shall be referred to the Director of the Bureau of Retirement and Insurance, Office of Personnel Management, for handling. The General Counsel, FEMA shall act on all other claims against FEMA for money and property.

Subpart B—Administrative Claims Under Federal Tort Claims Act

§ 11.10 Scope of regulation.

This regulation applies to claims asserted under the Federal Tort Claims Act against the Federal Emergency Management Agency (FEMA). It does not include any contractor with FEMA.

§ 11.11 Administrative claim; when presented; appropriate FEMA office.

(a) For the purpose of this part, and the provisions of the Federal Tort Claims Act a claim is deemed to have been presented when FEMA receives, at a place designated in paragraph (b) or (c) of this section, an executed “Claim for Damage or Injury,” Standard Form 95, or other written notification of an incident, accompanied by a claim for money damages in a sum certain for injury, to or loss of property, for personal injury, or for death alleged to have occurred by reason of the incident. A claim which should have been presented to FEMA, but which was mistakenly addressed to or filed with FEMA, the claim shall forthwith be transferred to the appropriate Federal Agency, if ascertainable, or returned to the claimant.

(b) Except as provided in paragraph (c) of this section, a claimant shall mail or deliver his or her claim to the Office of General Counsel, Federal Emergency Management Agency, Washington, DC, 20472.

(c) When a claim is for $200 or less, does not involve a personal injury, and involves a FEMA regional employee, the claimant shall mail or deliver the claim to the Director of the FEMA Regional Office in which is employed the FEMA employee whose negligence or wrongful act or omission is alleged to have caused the loss or injury complained of. The addresses of the Regional Offices of FEMA are set out in part 2 of this chapter.

(d) A claim presented in compliance with paragraph (a) of this section may be amended by the claimant at any time prior to final FEMA action or prior to the exercise of the claimant’s option under 28 U.S.C. 2675(a). Amendments shall be submitted in writing and signed by the claimant or his or her duly authorized agent or legal representative. Upon the timely filing of an amendment to a pending claim, FEMA shall have six months in which to make a final disposition of the claim as amended and the claimant’s option under 28 U.S.C. 2675(a) shall not accrue until six months after the filing of an amendment.

§ 11.12 Administrative claim; who may file.

(a) A claim for injury to or loss of property may be presented by the owner of the property interest which is the subject of the claim, his or her authorized agent, or legal representative. (b) A claim for personal injury may be presented by the injured person or, his or her authorized agent or legal representative.

(c) A claim based on death may be presented by the executor or administrator of the decedent’s estate or by
any other person legally entitled to assert such a claim under applicable State law.

(d) A claim for loss wholly compensated by an insurer with the rights of a subrogee may be presented by the insurer or the insured individually, as their respective interests appear, or jointly. When an insurer presents a claim asserting the rights of a subrogee, he or she shall present with the claim appropriate evidence that he or she has the rights of a subrogee.

(e) A claim presented by an agent or legal representative shall be presented in the name of the claimant, be signed by the agent or legal representative, show the title of legal capacity of the person signing, and be accompanied by evidence of his or her authority to present a claim on behalf of the claimant as agent, executor, administrator, parent, guardian, or other representative.

§ 11.13 Investigations.
FEMA may investigate, or may request any other Federal agency to investigate, a claim filed under this part.

§ 11.14 Administrative claim; evidence and information to be submitted.

(a) Death. In support of a claim based on death the claimant may be required to submit the following evidence or information:

1. An authenticated death certificate or other competent evidence showing cause of death, date of death, and age of the decedent.

2. Decedent’s employment or occupation at time of death, including his or her monthly or yearly salary or earnings (if any), and the duration of his or her last employment or occupation.

3. Full names, addresses, birth dates, kinship, and marital status of the decedent’s survivors, including identification of those survivors who were dependent for support on the decedent at the time of his or her death.

4. Degree of support afforded by the decedent to each survivor dependent on him or her for support at the time of death.

5. Decedent’s general physical and mental condition before death.

6. Itemized bills or medical and burial expenses incurred by reason of the incident causing death, or itemized receipts of payment for such expenses.

7. If damages for pain and suffering before death are claimed, a physician’s detailed statement specifying the injuries suffered, duration of pain and suffering, any drugs administered for pain, and the decedent’s physical condition in the interval between injury and death.

8. Any other evidence or information which may have a bearing on either the responsibility of the United States for the death or the amount of damages claimed.

(b) Personal injury. In support of a claim for personal injury, including pain and suffering, the claimant may be required to submit the following evidence or information:

1. A written report by his or her attending physician or dentist setting forth the nature and extent of the injury, nature and extent of treatment, any degree of temporary or permanent disability, the prognosis, period of hospitalization, and any diminished earning capacity. In addition, the claimant may be required to submit to a physical or mental examination by a physician employed by FEMA or another Federal agency. FEMA shall make available to the claimant a copy of the report of the examining physician on written request by the claimant, if he or she has, on request, furnished the report referred to in the first sentence of this subparagraph and has made or agrees to make available to FEMA any other physician’s reports previously or thereafter made of the physical or mental condition which is the subject matter of the claim.

2. Itemized bills for medical, dental, and hospital expenses incurred, or itemized receipts of payment of such expenses.

3. If the prognosis reveals the necessity for future treatment, a statement of expected expenses for such treatment.

4. If a claim is made for loss of time from employment, a written statement from the employer showing actual time lost from employment, whether he or she is a full- or part-time employee, and wages or salary actually lost.
§ 11.15 Authority to adjust, determine, compromise and settle.

(a) The General Counsel of FEMA, or a designee of the General Counsel, is delegated authority to consider, ascertain, adjust, determine, compromise, and settle claims under the provisions of section 2672 of title 28, United States Code, and this part.

(b) Notwithstanding the delegation of authority in paragraph (a) of this section, a Regional Director is delegated authority to be exercised in his or her discretion, to consider, ascertain, adjust, determine, compromise, and settle under the provisions of section 2672 of title 28, United States Code, and this part, any claim for $200 or less which is based on alleged negligence or wrongful act or omission of an employee of the appropriate Region, except when:

(1) There are personal injuries to either Government personnel or individuals not employed by the Government; or

(2) All damage to Government property or to property being used by FEMA, or both, is more than $200, or all damage to non-Government property being used by individuals not employed by the Government is more than $200.

§ 11.16 Limitations on authority.

(a) An award, compromise, or settlement of a claim under this part in excess of $25,000 may be effected only with the advance written approval of the Attorney General or his or her designee. For the purpose of this paragraph, a principal claim and any derivative or subrogated claim shall be treated as a single claim.

(b) An administrative claim may be adjusted, determined, compromised, or settled under this part only after consultation with the Department of Justice, when, in the opinion of the General Counsel of FEMA or his or her designee:

(1) A new precedent or a new point of law is involved; or

(2) A question of policy is or may be involved; or

(3) The United States is or may be entitled to indemnity or contribution from a third party and FEMA is unable to adjust the third party claim; or

(4) The compromise of a particular claim, as a practical matter, will or may control the disposition of a related claim in which the amount to be paid may exceed $25,000.

(c) An administrative claim may be adjusted, determined, compromised or settled under this part only after consultation with the Department of Justice when FEMA is informed or is otherwise aware that the United States or an employee, agent or cost-type contractor of the United States is involved in litigation based on a claim arising out of the same incident or transaction.

§ 11.17 Referral to Department of Justice.

When Department of Justice approval or consultation is required under §11.16, the referral or request shall be transmitted to the Department
§ 11.18 Final denial of claim.

(a) Final denial of an administrative claim under this part shall be in writing and sent to the claimant, his or her attorney, or legal representative by certified or registered mail. The notification of final denial may include a statement of the reasons for the denial and shall include a statement that, if the claimant is dissatisfied with the F E M A action, he or she may file suit in an appropriate U.S. District Court not later than 6 months after the date of mailing of the notification.

(b) Prior to the commencement of suit and prior to the expiration of the 6-month period provided in 28 U.S.C. 2401(b), a claimant, his or her duly authorized agent, or legal representative, may file a written request with F E M A for reconsideration of a final denial of a claim under paragraph (a) of this section. Upon the timely filing of a request for reconsideration the F E M A shall have 6 months from the date of filing in which to make a final F E M A disposition of the claim and the claimant's option under 28 U.S.C. 2675(a) shall not accrue until 6 months after the filing of a request for reconsideration. Final F E M A action on a request for reconsideration shall be effected in accordance with the provisions of paragraph (a) of this section.

§ 11.19 Action on approved claim.

(a) Payment of a claim approved under this part is contingent on claimant's execution of (1) a "Claim for Damage or Injury," Standard Form 95, or a claims settlement agreement, and (2) a "Voucher for Payment," Standard Form 1145, as appropriate. When a claimant is represented by an attorney, the voucher for payment shall designate both the claimant and his or her attorney as payees, and the check shall be delivered to the attorney, whose address shall appear on the voucher.

(b) Definitions. For purposes of this subpart, the following definitions apply:

(1) Office means any of the following:

(i) United States Fire Administration.

(ii) Federal Insurance Administration.

(iii) National Preparedness Directorate.

(iv) State & Local Programs & Support Directorate.

(v) U.S. Fire Academy/National Emergency Training Center.

of Justice by the General Counsel or his or her designee.

§ 11.30 Scope of regulations.

(a) Scope. This regulation implements policies used by F E M A to collect debts under the Debt Collection Act of 1982, as amended, 31 U.S.C. 3701 et seq. As amended, this Act:

(1) Requires the Director or designee to attempt collection of all debts owed to the United States for money or property arising out of activities of the Agency; and

(2) Authorizes the Director or his designee, for debts not exceeding $100,000 or such higher limit prescribed by the Attorney General of the United States, under the provisions of 31 U.S.C. 3711(a)(2), exclusive of interest, penalty, and administrative charges, to compromise such debts or terminate collection action where it appears that no person is liable on such debt or has the present or prospective financial ability to pay a significant sum therefore or that the cost of collecting such debt is likely to exceed the amount of the recovery.

(b) Definitions. For purposes of this subpart, the following definitions apply:

(1) Office means any of the following:

(i) United States Fire Administration.

(ii) Federal Insurance Administration.

(iii) National Preparedness Directorate.

(iv) State & Local Programs & Support Directorate.

(v) U.S. Fire Academy/National Emergency Training Center.
§ 11.31 Adoption of joint standards.

All administrative actions to collect debts arising out of activities of the Agency shall be performed in accordance with the applicable standards prescribed either in 4 CFR parts 101 through 105 or any standards promulgated jointly by the Attorney General and the Comptroller General. Such standards are adopted as a part of this subpart and are supplemented in this subpart. Additional guidance will be found in the GAO Policy and Procedures Manual for Guidance of Federal Agencies and in the Treasury Fiscal Requirements Manual.

§ 11.32 Subdivision and joining of debts.

(a) A debtor's liability arising from a particular transaction or contract shall be considered as a single debt in determining whether the debt is one not exceeding $100,000 or such higher limit prescribed by the Attorney General in accordance with 31 U.S.C. 3711(a)(2) exclusive of interest for the purpose of compromise or termination of collection action. Such a debt may not be subdivided to avoid the monetary ceiling established by the Act.

(b) Joining of two or more single debts in a demand upon a particular debtor for payment totaling more than $100,000 or such higher limit prescribed by the Attorney General in accordance with 31 U.S.C. 3711(a)(2) does not preclude compromise or termination of collection action with respect to any one of such debts that do not exceed $100,000 or such higher limit prescribed by the Attorney General in accordance with 31 U.S.C. 3711(a)(2) exclusive of interest.

[49 FR 38267, Sept. 28, 1984, as amended at 57 FR 54714, Nov. 20, 1992]

§ 11.33 Authority of offices to attempt collection of debts.

The head of each office and each regional director shall designate a debt collections officer (DCO) who shall attempt to collect in full all debts of the Agency for money or property arising out of the activities of such office. Each DCO shall establish and currently maintain a file with regard to each debt for which collection activities are undertaken. Insofar as it is feasible, debt collection personnel shall have personal interviews or telephone contact with the debtor.

§ 11.34 Referral of debts to the Chief Financial Officer, Federal Emergency Management Agency.

(a) Authority of the Chief Financial Officer (CFO), Federal Emergency Management Agency.

(1) The Chief Financial Officer, Federal Emergency Management Agency, is designated as the Agency Collections Officer (ACO). In this capacity he or she shall exercise such powers and perform duties of the Director in collecting debts owed FEMA. In this regard, the ACO may, after consultation with the Office of the General Counsel, compromise, suspend or terminate collection action on the debts owed the Agency, not exceeding $100,000, or such higher limit prescribed by the Attorney General in accordance with 31 U.S.C. 3711(a)(2), exclusive of interest, except as provided in §11.35 and paragraph (b) of this section. In addition, the CFO is delegated all authority which may be exercised by the Director, Federal Emergency Management Agency in relation to:

(i) Disclosure to a consumer reporting agency in accordance with 31 U.S.C. 3711(f),

(ii) Instituting salary offset procedures in accordance with 5 U.S.C. 5514(a),

(iii) Instituting administrative offset procedures in accordance with 31 U.S.C. 3716,

(iv) Charging of interest and penalties in accordance with 31 U.S.C. 3717,
§ 11.36 Debt collection files.

Each DCO is responsible for obtaining current credit data about each person against whom a debt is pending in his office. The files shall be kept up-to-date by the ACO for claims referred to his/her office for collection. Such credit data may take the form of:

(a) A commercial credit report, showing the debtor’s assets and liabilities and his income and expenses,

(b) The individual debtor’s own financial statement, executed under penalty for false claim, reflecting his assets and liabilities and his income and expenses, or

(c) An audited balance sheet of a corporate debtor.

The file should also contain a checklist or brief summary of action taken to collect or compromise a debt. All debts files relating to debts owed by individuals are to be safeguarded in accordance with 5 U.S.C. 552a, popularly known as the “Privacy Act of 1974”; 31 U.S.C. 3711 et seq., popularly known at the “Debt Collection Act of 1982”; 44 CFR part 6 and this subpart. Each DCO is responsible for maintaining files on debtors with information sufficient to promise a debt or terminate or suspend collection action for debts of $2,500 or less where:

(a) Debtor cannot be located despite vigorous efforts, including but not limited to, use of skip tracing services, have failed to ascertain the debtor’s current address.

(b) Debtor is financially unable to pay in full or in part. DCO’s must obtain a financial statement from the debtor in such cases.

(c) The debt is without merit or cannot be substantiated by evidence. In such cases, debt collection officers should secure the advice of counsel. DCO’s must document the debt file to show all evidence and reasons for compromise or termination of such debts. The DCO must prepare a narrative report and forward a copy of the report to the ACO.

[49 FR 38267, Sept. 28, 1984, as amended at 53 FR 47211, Nov. 22, 1988]

§ 11.35 Authority of offices to compromise debts or suspend or terminate collection action.

Where it appears that the cost of collecting a debt of $2,500 or less will exceed the amount of recovery, the DCO is authorized to compromise the debt or to terminate collection action. Further, DCO’s are authorized to compromise a debt or terminate or suspend collection action for debts of $2,500 or less where:

(v) Entering into contracts for collection of debts in accordance with 31 U.S.C. 3718, except that the execution and administration of such contracts is delegated to Federal Emergency Management Agency contracting officers appointed under provisions of 48 CFR 1.603-3.

(vi) Prescribe debt collection procedures and manage debt collection activities within the Agency.

(2) When initial attempts at collection by the office originating such debt have not been fully successful, the debt file shall be forwarded to the ACO for further administrative collection procedures. Debts shall be referred to the ACO well within the applicable statute of limitations (28 U.S.C. 2415 and 2416).

(b) Exclusions. There shall be no compromised or terminated collection action with respect to any debt: (1) As to which there is an indication of fraud, the presentation of a false claim, or misrepresentation on the part of the debtor or any other party having an interest in the claim; (2) based in whole or in part on conduct in violation of the anti-trust laws; (3) based on tax statutes; or (4) arising from an exception made by the General Accounting Office in the account of an accountable officer. Such a debt shall be promptly referred to the Justice Department, or GAO, as appropriate, after ACO has consulted with the Inspector General and the Office of General Counsel.

(c) Delegation. The ACO may delegate his or her authority in the FEMA debt collection program and under this subpart to a Deputy or to others in the FEMA Office of Financial Management. However, the ACO must personally approve any compromise, suspension or termination of collection efforts on debts exceeding $10,000.00.

enable the Government to effectuate administrative or judicial collection.

(Approved by the Office of Management and Budget under control number 3067-0122)

§ 11.37 [Reserved]

§ 11.38 Annual reports to the Director, Office of Management and Budget, and the Secretary of the Treasury.

(a) The ACO shall gather data on loans, accounts receivable, and debts which are required by 31 U.S.C. 3719 and shall transmit them to the Director, Federal Emergency Management Agency. Such data shall include:

(1) The total amount of loans and accounts receivable owed to the Agency and when the funds owed to the Agency are due to be repaid;

(2) The total amount of receivables and number of debts that are at least thirty days past due;

(3) Total amount written off as uncollectable, actual, and allowed for;

(4) The rate of interest charged for overdue debts and the amount of interest charged and collected on debts;

(5) The total number of debts and total amount collected;

(6) The number of debts and the total amount of debts referred to the Department of Justice for settlement or collection and the total number of debts and the total amount of debts settled or collected by that Department;

(7) For each program or activity administered by the Agency, the data described in paragraphs (a) (1) through (6) of this section; and

(8) Such other data as the Director, Office of Management and Budget, shall prescribe by regulations issued under authority of 31 U.S.C. 3719.

(b) Data described in paragraph (a) of this section shall be collected on a calendar year basis and transmitted to the Director, FEMA not later than the end of January of the year following the year for which the data described in paragraph (a) of this section, were collected. The Director, FEMA, shall report these data to the Secretary of the Treasury and the Director, Office of Management and Budget in accordance with 31 U.S.C. 3719. If the Secretary of the Treasury and the Director, Office of Management and Budget prescribe, by regulation, a different annual reporting cycle, the Agency’s reporting cycle, described in the first sentence of this subsection shall be changed to conform with the cycle prescribed by the Department of the Treasury and Office of Management and Budget regulation.

§ 11.40 Records retention.

The file of each debt on which administrative collection action has been completed shall be retained by the appropriate officer not less than 1 year after the applicable statute of limitations has run.

§ 11.41 Suspension or revocation of eligibility.

(a) Where a contractor, grantee, or other participant in programs sponsored by the Agency fails to pay his debts to the Agency within a reasonable time after demand, the fact shall be reported by the ACO to the Inspector General and to the Office of Acquisition Management, which shall place such defaulting participant’s name on the Agency’s list of debarred, suspended and ineligible contractors and grantees. The participant will be so advised. Suspension or revocation of eligibility may be waived in whole or in part in the case of grants for disaster programs administered by FEMA, if the Director FEMA, so directs.

(b) The failure of any surety to honor its obligations in accordance with 6 U.S.C. 11 is to be reported at once to the ACO, who shall so advise the Treasury Department. That Department will notify this Agency when a surety’s certificate of authority to do business with the Government has been revoked or forfeited.

(c) Failure by a recipient of FEMA financial or nonfinancial assistance to pay a substantial debt or a number of outstanding debts being collected under this subpart may be ground for Government-wide debarment and suspension as described in 44 CFR 17.305(c)(3).

[49 FR 38267, Sept. 28, 1984, as amended at 57 FR 54715, Nov. 20, 1992]

§ 11.42 Demand for payment of debts.

(a) Initial demand. An initial demand shall be made in writing and sent by
certified mail, return receipt requested, or delivered by hand to the debtor identifying the debt and advising that the full amount due should be paid by a specified date, not less than 30 days from the date of mailing or the hand delivery. If the debtor is other than a State or local government or an agency of the United States, the initial demand notice shall also advise the debtor that interest, calculated at rates provided by 31 U.S.C. 3717(a), shall be assessed if the debt is not paid in full by the due date. Interest shall be charged on the outstanding balance due at the rate prescribed by the Secretary of the Treasury in accordance with 31 U.S.C. 3717(a), beginning on the date that the first notice was mailed to the debtor. The debtor shall also be advised that if any portion of the debt remains unpaid for 90 days after the due date, without a repayment schedule satisfactory to the Agency being arranged, then additional penalties, as described in 31 U.S.C. 3717(e)(2), of 6 percent per year shall be charged on the unpaid balance of principal and interest.

(b) Subsequent demands. If the debt is not paid by the due date or if a repayment program acceptable to the ACO, has not been arranged with the debtor, then an initial demand shall be made followed by two progressively stronger written demands at not more than 30-day intervals, will be made unless a response to the initial or subsequent demands indicates that further demands would be futile and that the debtor’s response does not require rebuttal.

(c) Debts arising from contracts executed on or before October 25, 1982. If the claim arises from a contract executed before October 25, 1982, then the initial and subsequent demands shall mention nothing about the imposition of penalties or interest, prior to rendering of judgment by a court of competent jurisdiction.

(d) Waiver of subsequent written demands. If there is valid reason, the sending of second and third demand letters may be waived. Such reasons may include, but are not be limited to, statute of limitations being about to run.

§ 11.43 Collection by administrative offset.

(a) General. The Agency Collections Officer (ACO) or the ACO’s designee may collect debts owed to the United States by means of offsets against monies due from the United States under provisions of 31 U.S.C. 3716 and the procedures set forth below. Under provisions of 31 U.S.C. 3716(h)(1) and reciprocal agreements entered into by the Secretary of the Treasury and the States concerned, the ACO or the ACO’s designee may institute administrative offsets covered in this section to collect debts that are owed to States and which arise under programs administered by FEMA. The procedures prescribed by this section shall not be used if the debtor has executed a written agreement satisfactory to the ACO or the ACO’s designee for the payment of the debt so long as the debtor adheres to the provisions of the agreement. Before using the procedures of this section, the ACO or the ACO’s designee shall examine the debt to determine whether the likelihood of collecting such a debt and the best interests of the United States justify the use of administrative offset. If the debt is over 6 years old but is not 10 years old, the ACO or the ACO’s designee shall examine the debt and decide whether using these procedures is cost effective. Further, FEMA shall not use administrative offset procedures on debts existing for more than 10 years after the Government’s right to collect the debt first accrued unless facts material to the Government’s right to collect the debt were not known and could not have been known by the officials of the Government who were charged with responsibility to discover and collect the debt. FEMA may refer debts to the Department of the Treasury for Government-wide administrative offset under the provisions of 31 U.S.C. 3716(c) and for offsets against Federal tax refunds under provisions of 31 U.S.C. 3720A.
§ 11.43

(b) Written notice. After the ACO or the ACO's designee has examined the debt under procedures set forth in paragraph (a) of this section, FEMA shall hand deliver or send by mail a notice to the debtor advising the debtor of:

(1) Nature and amount of the debt determined by the Agency to be due, and of intention to collect by administrative offset;

(2) Rights available under this section;

(3) Opportunity to inspect and copy the records relating to the debt;

(4) Opportunity for review within the Agency with respect to the debt; and

(5) Opportunity to enter into an agreement with the ACO with respect to the debt. Such agreement may include voluntary but nonrevocable withholding of monies due from the United States to the debtor.

(c) Review within the Federal Emergency Management Agency. The debtor may request, within sixty calendar days after mailing or hand-delivery of the written notice specified in paragraph (b) of this section, review within the Agency as to the existence or amount of the debt or terms of repayment. An attorney in the Office of General Counsel, acting as an Administrative Review Official (ARO), shall conduct the review. The ARO may determine that no debt is due, that the amount of the debts should be reduced, that terms of repayment should be set, or that the demanded amount should be paid in full.

(1) If the debtor has made a timely request for a review within the Agency, then FEMA shall stay any offsets until the ARO has rendered a decision. However, interest, penalties and administrative charges, as specified in §11.48, shall continue to accrue during the pendency of the review within the Agency. If the debtor files a request for a review within the Agency after the 60 days specified above, then FEMA shall continue with the offset action. However, if the ARO finds that the debtor owes less than the amount offset, then FEMA will refund the amount overwithheld. For purposes of determining whether the debtor has filed a timely request for administrative review, the date of FEMA's receipt of the debtor's request establishes the time of filing.

(2) The ARO shall transmit the decision on the debtor's request for review within the Agency. The ARO may contact the debtor directly to request additional information and data in order to allow the ARO to reach a knowledgeable decision. The ARO's decision shall be final insofar as FEMA's administrative processing of the debt is concerned.

(3) FEMA shall use procedures in this section to decide debtors' requests for review within FEMA under the provisions of §11.64(d).

(d) If the debtor does not execute a written agreement, if the debtor does not request review within the Agency, or if the review within the Agency determines that a debt is due, then FEMA shall use administrative offset against monies payable by the United States in accordance with this section and appropriate regulations. However, if a statute or FEMA agreement either prohibits or explicitly provides for collection through administrative offset for the debt or the type of debt involved then the provisions of that statute or FEMA agreement rather than the provisions of this section shall be used for such offset.

(e) If the debtor has a judgment against the United States, then notice shall be provided to the General Accounting Office for offset in accordance with 31 U.S.C. 3728.

(f) In addition to administrative offset remedies described above, FEMA may use its rights to collect debts by offsets conducted under principles of common law.

(g) The debtor's failure to receive notice, described in paragraph (b) of this section, mailed by FEMA to the debtor's last-known address, shall not impair the validity of offsets taken under this section.

(h) If FEMA or any other Federal department or agency incurs costs in taking offsets to collect delinquent debts, then the debtor shall be liable for such costs as administrative costs in accordance with section 11.48(d).

[63 FR 1066, Jan. 8, 1998]
§ 11.45 Collection by salary offset.

(a) General. Where an individual is an employee of the Federal Government or a member of the Armed Forces or a reserve component of the Armed Forces or is receiving retired or retainer pay for service as a Federal employee and where the individual is indebted to the United States and where the individual fails to satisfy his indebtedness voluntarily after the Agency has made demands in accordance with § 11.42 of this part, the ACO may institute collection action by salary or pay offset procedures in accordance with 5 U.S.C. 5514, 5 CFR 550.1101 through 550.1106, 5 CFR part 845, 5 CFR 831.1301 et seq., and the procedures described below.

(b) Notice to debtor. At least 30 days prior to initiating salary offset, the ACO or his designee shall send notice by certified mail, return receipt requested, to the debtor advising him of:

(1) Nature, origin and amount of indebtedness determined by the Agency to be due, the date that the debt was due, and a statement that FEMA has complied with applicable statutes, regulations and procedures,

(2) Agency intention to initiate proceedings to collect the debt by deductions from pay,

(3) Rights available under 5 U.S.C. 5514(a),

(4) Debtor’s opportunity to inspect and copy Government records relating to the debt,

(5) Opportunity to enter into a written agreement, under terms satisfactory to the ACO, to establish terms for the repayment of the debt, and

(6) Opportunity for a hearing, described in paragraph (c) of this section, concerning the existence or the amount of the debt or, if no repayment schedule has been established (in accordance with paragraph (b)(1) of this section) concerning the terms of the repayment schedule,

(7) If there is a statutory provision authorizing waiver, remission, or forgiveness of the debt due the United States; the individual will be notified as to:

(i) Nature of the provision,

(ii) Explanation of the conditions under which the waiver shall be granted,

(iii) Reasonable opportunity to request a waiver,

(iv) If waiver is requested, then a written response will be given to the request.

(c) Hearing. The debtor shall file a written petition for hearing or for a waiver (if applicable) on or before the twentieth calendar day after receipt of notice, referred to in paragraph (b) of this section, addressed to the Agency Collections Officer, Federal Emergency Management Agency, Washington, DC 20472. The postmark or receipt date, if mail is not used, shall establish the date of petition.

(1) The hearing official shall be an Administrative Law Judge or a person of grade GS/GM-14 or higher, not under the supervision or control of the Director, FEMA. The Director may enter into interagency support agreements with other Federal agencies or departments for providing hearing officials.

(2) The hearing shall be informal but the debtor shall be given the basic safeguards of due process. The debtor shall have the right to be represented by an attorney. A summary record shall be made of the proceedings at the hearing. The hearing shall, insofar as possible, be conducted at a location and time convenient to the debtor.

(3) As soon as practicable, but in no event later than 60 days after the filing of the petition for hearing, the hearing official shall render a final decision. If a hearing is requested, no further action shall be taken to collect the debt until the final decision is rendered.

(d) Amount deducted. The amount deducted from pay for any period shall not exceed 15 percent of disposable pay. However, the debtor may voluntarily agree to the deduction of a greater amount of pay. Disposable pay means that part of pay of any individual remaining after the deduction from those earnings of any amounts required by law to be withheld. However, installment payments of less than $25.00 will be accepted only in the most unusual circumstances. Disposable pay is defined in 5 CFR 550.1103 and 5 CFR 581.105(b) through (f).
§ 11.46

(e) Procedural requirements specified in paragraph (c) of this section shall not be used in cases of collections of such obligations as changes in coverage under a Federal benefits program or resulting from ministerial adjustments pay and allowances which cannot be placed in effect immediately because of normal processing delays.

(f) When an employee, who is subject to salary offset in accordance with this section and who is making repayment in installments, finds that total repayment of the debt is about to be made, then the employee must notify the employee’s payroll office, at least two pay periods before the final payment, that final payment is being made.

(g) Debts arising from travel advances provided under 5 U.S.C. 5705 and for travel and transportation expenses for transferred employees under 5 U.S.C. 5724 may be collected by taking offsets in accordance with 44 CFR 11.43.

§ 11.47 Collection in installments.

Debts with accrued interest and penalties should be collected in one lump sum whenever this is possible. However, if the debtor is financially unable to pay the indebtedness in one lump sum, payment with applicable interest may be accepted in regular installments in accordance with a written agreement approved by the ACO or his designee. If possible, installment payments shall be sufficiently large to complete collection in the three years. Installment payments should not be less than $50.00 per month unless there are most unusual circumstances. The Agency may require the debtor to execute a confess-judgment, negotiable note for the amount of the indebtedness. The ACO or DCO may require the debtor to provide a statement as to financial condition.

§ 11.48 Interest, penalties, and administrative charges.

(a) Definition. In §§11.30 through 11.65 of this part, a debt is deemed to be delinquent if the debtor has not paid the debt by the collection due date and if the debtor has not entered into a repayment agreement satisfactory to FEMA. A debt is also deemed delinquent if the debtor has not made payment by the date specified in the applicable agreement.

(b) Interest. FEMA’s delinquent debtors shall be charged interest on the outstanding principal balance due on debts owed the United States at the rate published by the Secretary of the Treasury under provisions of 31 U.S.C. 3717(a). The interest rate in effect at the time that FEMA first mailed or hand delivered to the debtor written notice, stating that the debt was due and that interest would be assessed on the debt, shall be the rate applied throughout the duration of the debt until the debt is paid in full.

(1) However, if the debtor defaults on a debt repayment agreement made with the ACO or the ACO’s designee, then interest shall accrue at the rate published by the Secretary of the Treasury under the provisions of 31 U.S.C. 3717(a). The interest rate in effect at the time that FEMA first informed the debtor that the Agency would assess interest on the debt or some subsequent date specified in the written notice given by FEMA to the debtor stating that interest would be assessed.

(2) However, where FEMA first sent the notice of indebtedness prior to October 25, 1982, interest shall run from the date on or after that date when FEMA first sent the debtor a letter notifying the debtor that the Agency would assess interest.
§ 11.48

(c) Exceptions to interest charges. However, no interest, described in paragraph (a) of this section, shall be charged if:

(1) The amount due is paid in full within 30 days of the mailing of the demand. However, the ACO or the ACO’s designee, as documented by a memorandum in the debt collection file, may extend this 30-day period on a case-by-case basis for good cause shown in accordance with the Federal Claims Collection Standards (4 CFR 102.13(g)), or

(2) The applicable statute, regulation required by statute, loan agreement or contract either prohibits the charging of interest or explicitly fixes interest or charges, which apply to the debt involved.

(d) Penalty charges. Except in the situation described in paragraph (c) of this section, the debtor shall be liable for a penalty of 6% annually on the unpaid principal, interest, and administrative charges if the debtor fails to pay the debt in full within 90 days of the date after the first written notice by FEMA that FEMA would assess penalty charges. However, if the debtor enters into a repayment agreement, satisfactory to the ACO or the ACO’s designee within the 90-day period, then FEMA will not assess penalty so long as the debtor adheres to the provisions of the agreement. Penalty shall accrue starting on and including the day of FEMA’s first written notice where FEMA mentioned that it would assess penalty charges on the debt. Penalty will not be assessed against Federal agencies. Penalty charges shall accrue on administrative charges, starting on the day that FEMA incurred the administrative charge. However, if the debtor pays the debt in full within 90 days of FEMA’s first notice that the Agency would assess penalty charges or if the debtor enters into a repayment agreement satisfactory to the ACO or the ACO’s designee within that time, then FEMA will not assess penalty on accrued administrative charges.

(e) Administrative costs for processing delinquent debts. Debtors shall pay the United States for costs incurred by the Government in collecting the debt in accordance with 31 U.S.C. 3717(e)(1). Administrative cost calculations will be based upon actual costs incurred by FEMA or upon analyses establishing an average of actual costs incurred by FEMA in processing debts in similar stages of delinquency.

(f) Standards for waiver of interest, penalties, and administrative charges. (1) The ACO or the ACO’s designee may waive interest, penalties and administrative charges, either in whole or in part, if the ACO or the ACO’s designee finds that:

(i) The debtor is financially unable to pay;

(ii) The Agency’s enforcement policy will be adequately served if there is a waiver in whole or in part;

(iii) The debtor has shown good cause, satisfactory to the ACO, that the claim was not timely paid. If waiver is granted, the administrative claims file shall be adequately documented; or

(iv) The ACO or the ACO’s designee may waive imposition of interest in accordance with standards set forth in 4 CFR 102.13 and §§ 11.50 and 11.51 of this subpart.

(2) The ACO, with the concurrence of the General Counsel, may waive interest, penalties and administrative costs based on criteria set forth in paragraphs (f)(3) through (f)(5) of this section. When such charges are waived, the Agency Collections Officer or the ACO’s designee shall prepare a memorandum for the debt collection file stating the reasons for not collecting such charges.

(3) If the costs of collection exceed the projected recovery then interest, penalties and administrative costs may be waived.

(4) If FEMA determines that the debtor is unable to pay, as shown by complete and sworn statements as to his or her assets and projected income, then the ACO or the ACO’s designee may waive interest, penalties and administrative charges in whole or in part. If the principal outstanding amount of the debt exceeds $5,000, the determination shall be made by the ACO. If the principal outstanding amount of the debt is $5,000 or less, the determination may be made by the DCO, the ACO, or a person designated by the ACO.
(5) The ACO or the ACO's designee may waive assessing interest, penalty, and administrative charges if such assessment would be against equity and good conscience or not in the best interests of the United States. Examples include, but are not limited to:

(i) FEMA's undue delay in rendering a decision where the debtor had requested an administrative review or review within the Agency. Under these circumstances, interest and penalty would be waived during the period of undue delay.

(ii) The amount of interest is so large, in relation to the debtor's ability to pay that assessment of interest would leave the debtor perpetually indebted to the United States.

(g) Nonapplicability. The provisions of this section do not apply to debts owed by Federal agencies.

(h) Installment collections or partial payments. When a debtor pays a debt either partially or in installments, the payments shall first be applied to administrative costs, second to penalty charges, third to accrued interest, and finally to principal. Partial payments shall be deemed to be made when received at the FEMA office designated to receive the payments. If the debtor owes more than one debt, then the ACO or the ACO's designee will apply the partial payment to the oldest debt first unless the debtor is making a voluntary installment payment. Under voluntary circumstances, the debtor may designate to which debt the payment is to be applied.

(i) Collection of interest, penalties, and administrative charges while an appeal is pending. If the debtor requests administrative review of the existence or the amount of the debt, interest, penalties, and administrative charges may be waived or suspended by the ACO or the ACO's designee under the following circumstances:

(i) If a State or local government requests a review of a proposed referral to the Treasury Offset Program or an administrative review of a proposed administrative offset, then the ACO or the ACO's designee may waive interest, penalty or administrative charges if the State or local government shows to the satisfaction of the ACO or the ACO's designee that its taxes and other revenues would be insufficient to allow the State or local government to provide essential public services if FEMA were to collect interest, penalty, administrative charges, or any two or more, either in whole or in part. The ACO or the ACO's designee may require that the State or local government provide FEMA with such economic, accounting, financial or demographic data as the ACO or the ACO's designee may deem necessary to reach an informed decision as to waiver.

(ii) If a debtor notes an appeal or requests an administrative review that is mandated by law, then FEMA shall not assess interest and penalties while the appeal is pending from the time that the debtor requests an administrative review or an appeal until the Agency has taken final action on the administrative review or the appeal.

(iii) When a debtor notes an appeal or requests an administrative review that is permissive under statute or regulation, then interest, penalties and administrative charges may be waived if:

(i) There is no fault or lack of good faith on the part of the debtor and if the amount of interest, penalties and administrative charges is so high in relation to affordable installment repayments that the debt would never be repaid. In determining whether interest and penalties should be waived, the ACO, the ACO's designee, or the DCO may demand that the debtor provide such financial data as he or she may determine is necessary to reach an informed decision.

(ii) FEMA unreasonably delays in rendering a decision on a debtor's request for an administrative review or review within the Agency, then the ACO or the ACO's designee may waive assessment of interest, penalty, and administrative charge during the period of the unreasonable delay.

(iii) The ACO or the ACO's designee may waive or suspend the collection of interest, penalty and administrative charges, for good cause shown and if such waiver or suspension would serve FEMA's interests. The FEMA official making such a waiver shall prepare a memorandum describing the circumstances and stating the reasons for the grant of a waiver or suspension.
§ 11.51 Standards for suspension or termination of collection.

(a) Suspension of collection action. (1) Collection action shall be suspended temporarily on a debt when the debtor cannot be located after diligent effort but there is reason to believe that future collection action may be sufficiently productive to justify periodic review and action on the claim, making consideration for its size and the amount which may be realized. Collection action may be suspended temporarily on a debt when the debtor owns no substantial equity in realty and is presently unable to make payment on the Agency’s debt or effect a compromise, but his future prospects justify retention of the claim for periodic review and action, and, (i) the applicable statute of limitations has been tolled or started anew, or (ii) future
§ 11.52 Referral of delinquent debtors to consumer reporting agencies.

(a) General. This section implements 31 U.S.C. 3711(f) concerning reporting of debtors having overdue debts to consumer reporting agencies.

(b) Procedures. When a debt is unpaid for 120 days after the initial demand letter has been sent and where the debtor has not repaid the amount due nor has the debtor entered into an agreement for repayment satisfactory to the ACO or his designee, or the debt is not subject to administrative offset (as described in §11.43), the ACO may

(4) Litigative possibilities. The criteria and procedures of §11.50(a)(4) of this subpart may be used to terminate collection efforts if it appears unlikely that the Government would prevail if it were to litigate collection of the debt.

(c) Debts exceeding $100,000. Debts exceeding $100,000 or higher limits prescribed by the Attorney General in accordance with 31 U.S.C. 3711(a)(2) (exclusive of interest, penalty charges and administrative charges) shall not be compromised by FEMA unless the proposed compromise has been referred for approval by the Department of Justice in accordance with 4 CFR 104.1(b). Such proposed compromises shall be referred to the Office of General Counsel, which shall review the proposal before being forwarded to the Department of Justice. However, where a debt claim is of no legal merit, the ACO may compromise such a debt without referral to the Department of Justice but only with the concurrence of the Office of General Counsel.

(d) Enforcement policy. Statutory penalties and forfeitures are used as an aid to secure compliance with FEMA requirements and to compel payment. These may be waived if the Agency’s enforcement policy in terms of securing payment and securing compliance with FEMA regulations would be served by accepting a sum agreed upon. Mere accidental or technical violations will be dealt with less severely than willful or substantial violations.

§ 11.52 Referral of delinquent debtors to consumer reporting agencies.

(4) Litigative possibilities. The criteria and procedures of §11.50(a)(4) of this subpart may be used to terminate collection efforts if it appears unlikely that the Government would prevail if it were to litigate collection of the debt.

(2) No substantial recovery possible. If, at the time that collection is attempted, debtor is without assets or actual or potential income or if the debtor may have exemptions under the bankruptcy laws which make enforced collection of the debt not cost-effective, then collection action may be suspended. However, interest and other charges will accumulate unless waived.

(3) Debtor cannot be located. If the debtor cannot be located or is outside the United States, then collection action may be suspended until the debtor is located. The statute of limitations will be tolled during those periods that the debtor is outside the United States.

(b) Termination of collection action. (1) Collection action may be terminated and the Agency file closed for the following reasons: (i) No substantial amount can be collected; (ii) the debtor cannot be located; (iii) the cost will exceed recovery; (iv) the claim is legally without merit; or (v) the claim cannot be substantiated by evidence.

(2) No substantial recovery possible. If there is little likelihood that collection efforts will result in any substantial recovery, then collection efforts may be terminated. Costs of recovery may be a factor in determining whether any recovery would be substantial. Normally, costs of recovery would be more important in cases of small debts than in cases of large ones.

(3) Debtor cannot be located. Every effort, including, but not limited to, use of governmental records, Internal Revenue Service taxpayer information, private contractor skip tracer and credit agencies, shall be made to locate debtors in advance of the running of the statute of limitations. If the debtor cannot be located, then the Agency Collections Officer may determine, with the concurrence of the General Counsel, that collection efforts may be terminated.
report the claim to consumer reporting agencies if:

(1) The Agency Collections Officer or his designee has determined that the debt is overdue,

(2) Notice has been sent certified mail, return receipt requested, to debtor informing him that:

(i) Payment of the debt is overdue,

(ii) The Agency intends to disclose the debtor’s debt records to a consumer reporting agency within a stated period, not less than 60 days after the mailing of such debt.

(iii) Specified items of information being released shall be listed in the notice. Such items will normally include the debtor’s name, taxpayer account number, last known address, other information necessary to establish the identity of the individual, the nature, amount and status of the outstanding claim, and programs under which the claim arose, and

(iv) The debtor has a right to a full explanation of the debt, to dispute any information in the records concerning the debt, and to have an administrative review. If the debtor petitions for administrative review, then no further action on referring debtor information to consumer reporting agencies shall be undertaken until the administrative review is completed.

(c) Administrative review. The debtor shall send with his petition arguments in writing and documentary evidence to the Agency Collection Officer, Office of Financial Management, Federal Emergency Management Agency, Washington, DC 20472. These shall be reviewed by the ACO or an official designated by him. The reviewing official shall prepare a reply, within 60 days after receipt of the petition, either accepting the debtor’s assertions in whole or in part or rejecting them. If the debtor’s assertions are rejected in whole or in part, then the debt data, described in paragraph (b)(2)(iii) of this section (with correction made as indicated by the reviewing official) shall be sent to consumer reporting agencies.

(d) Information released. Information released to consumer reporting agencies shall be limited to the following items:

(1) Name of debtor, address, taxpayer identification number, and other information necessary to establish the identity of the debtor,

(2) Amount, status and history of the debt and

(3) Program under which the debt arose.

§ 11.54 Contracts with debt collection agencies.

(a) General. FEMA shall utilize mandatory, government-wide debt collection agency contracts negotiated by the General Services Administration or the Department of the Treasury to effect collection of debts owed FEMA.

(b) Debt collection contract provisions. Contracts entered into under authority of this section shall have provisions relating to:

(1) Protection of data relating to individuals which shall not be less than that provided under the terms of the Privacy Act (5 U.S.C. 552a).

(2) Protection of data derived from Department of the Treasury taxpayer identity information files shall in accordance with 26 U.S.C. 6103(p)(4) and 26 CFR parts 301 and 601.

§ 11.53 Securing debtor addresses from the Department of Treasury.

(a) If the ACO is unable to obtain a current address for the debtor, then a written request shall be sent to the Secretary of the Treasury asking for the debtor’s most current mailing address from the Department of the Treasury taxpayer identity information files for Agency use in collecting claims. Any information so received from the Secretary of the Treasury shall be safeguarded in accordance with provisions of 26 U.S.C. 6103(p)(4) and 26 CFR parts 301 and 601.

(b) Taxpayer identity information (which includes IRS current address and social security number) shall be released to consumer reporting agencies only for the purpose of preparation of commercial credit reports for use by Federal agencies in accordance with section 3 of the Debt Collection Act (31 U.S.C. 3711(f)). A notice to this effect shall be placed on each page containing taxpayer identity information which is sent to consumer reporting agencies.

§ 11.54 Contracts with debt collection agencies.

(a) General. FEMA shall utilize mandatory, government-wide debt collection agency contracts negotiated by the General Services Administration or the Department of the Treasury to effect collection of debts owed FEMA.

(b) Debt collection contract provisions. Contracts entered into under authority of this section shall have provisions relating to:

(1) Protection of data relating to individuals which shall not be less than that provided under the terms of the Privacy Act (5 U.S.C. 552a).

(2) Protection of data derived from Department of the Treasury taxpayer identity information files shall in accordance with 26 U.S.C. 6103(p)(4) and 26 CFR parts 301 and 601.
§ 11.55 Authority to terminate collection action, settle or compromise claims shall remain with the Director of the Agency or the ACO rather than with the Contracting Officer.

(4) Resolution of disputes relating to the claim shall remain with the ACO or the Agency Director. Resolution of disputes arising under the contract or with the contractor shall remain with the Agency Contracting Officer who shall handle such disputes in accordance with the Contract Disputes Act (Pub. L. 95-563).

(5) Judicial enforcement of the claim shall be handled by the U.S. Department of Justice.

(6) The contractor shall adhere to Federal and State laws and regulations pertaining to debt collection practices including the Fair Debt Collection Practices Act (15 U.S.C. 1692 et seq.)

(7) Contracts, entered into under provisions of this section, shall be subject to competition to the maximum practicable extent.

(8) The contractor shall be required to strictly account for all amounts collected.

(c) Collection fees. Contracts entered into under this section may provide that fees payable to the contractor may be paid only from the amounts collected from the debtor as determined by the Contracting Officer. However, such contracts shall be funded only from funds available for the time period in which the contract is executed.

(Approved by the Office of Management and Budget under control number 3067-0122)

§ 11.55 Referral to GAO or Justice Department.

(a) Referral to the Department of Justice. With the exception of debts described in paragraph (b), of this section, those debts which cannot be collected or compromised or terminated in accordance with 3 CFR parts 103 and 104 and §§ 11.50 and 11.51, shall be referred to the Department of Justice for collection action. All such referrals shall be made by the ACO, who shall consult with the FEMA Office of General Counsel. The referral shall be accompanied by a copy of the complete debt collection file. In addition, the following information shall be provided:

(1) Current address of debtor. Effort shall be made to locate the debtor if he is missing. If the debtor is a corporation, then the name and address of the agent upon whom service of process may be made, shall be provided.

(2) Credit data which may be in the form of a credit report or a statement, under oath, of the debtor's assets and liabilities.

(3) History of prior collection actions.

(4) Data required by the GAO Claims Collection Litigation Report form. If the debt is less than $600, exclusive of interest, then referral shall not be made to the Department of Justice, except in unusual cases.

(b) Referral to the General Accounting Office. Debts arising from audits exceptions taken by the General Accounting Office (GAO) shall be referred to GAO before referring such debts to the Department of Justice. If the merits of the debt or the propriety of a proposed compromise, suspension or termination are in doubt, then the matter should be referred to GAO prior to referral to the Department of Justice.

(c) Prompt referral. Such referrals shall be made as early as possible consistent with aggressive collection action, and, in any event, well within the statute of limitation for bringing suit against the debtor. Ordinarily, debt collection referrals will be made to the Department of Justice within six months after FEMA has determined that a debt is owing in an amount certain.

§ 11.56 Analysis of costs.

The ACO shall provide for periodic comparison of costs incurred and amounts collected. Data on costs and corresponding recovery rates for debts of different types and in various dollar ranges should be used to compare the cost effectiveness of alternative collection techniques, establish guidelines with respect to the points at which costs of further collection efforts are likely to exceed recoveries, assist in evaluating offers in compromise, and
establish minimum debt amounts below which collection efforts need not be taken. Cost and recovery data should also be useful in justifying adequate resources for an effective collection action.

§ 11.57 Automation.

The ACO shall work to automate the Agency’s debt collection operations to the extent that it is cost effective and feasible.

§ 11.58 Prevention of overpayments, delinquencies, and defaults.

The ACO shall establish procedures to identify the causes of overpayments, delinquencies, and defaults and the corrective actions needed. All debts or loans, when first established, may be reported to commercial credit bureaus.

§ 11.59 Office of General Counsel.

The Office of General Counsel shall provide legal advice on claims collection matters to all debt collection officers and the Agency Collection Officer, as needed.

§ 11.60 Sale of debts due the United States arising under programs administered by the Agency.

Where debts due the United States arising under programs administered by the Agency prove to be uncollectable or unresolvable through procedures described in §§11.33 through 11.35, 11.41 through 11.48, and 11.50 through 11.55 and where the stated value of the debt is less than $100,000 or such higher limit prescribed by the Attorney General in accordance with 31 U.S.C. 3711(a)(2), excluding penalties and interest, then the Agency may contract to sell or assign such debts under competitive sales procedures. The Agency may sell or assign debts valued at $600, or less, excluding penalties and interest, after decision by the ACO. Where the debt exceeds $600, but is less than $100,000 or such higher limit prescribed by the Attorney General in accordance with 31 U.S.C. 3711(a)(2), exclusive of interest and penalties, the Agency may sell or assign such debts only after the ACO has coordinated such action with the Department of Justice and the General Accounting Office.

§ 11.61 Referral of delinquent debts to Department of the Treasury for offsets against tax refunds.

(a) FEMA may refer delinquent debts to the Department of the Treasury for offset against tax refunds in accordance with 31 U.S.C. 3720A and that Department’s implementing regulations.

(b) FEMA will provide information to the Department of the Treasury within time limits prescribed by the Secretary of the Treasury or his or her designee and in accordance with agreements entered into between FEMA and the Department of the Treasury and its constituent agencies.

(1) Information submitted to the Department of the Treasury shall include a description of:

(i) The size and age of FEMA’s inventory of delinquent debts; and

(ii) The prior collection efforts that the inventory reflects; and

(2) In accordance with time limits and record transmission requirements established by the Department of the Treasury or its constituent agencies, FEMA may submit magnetic media containing information on debtors being referred to that Department for tax refund offset. FEMA may use the electronic data transmissions facilities of other federal agencies in transmitting data on debtors or for referral of debts to the Department of the Treasury.

(c) FEMA shall establish a collect-call or toll-free telephone number that the Department of the Treasury or its constituent agencies will furnish to debtors whose refunds have been offset to obtain information from FEMA concerning the offsets taken.

(d) Tax refund offset procedures described in §§11.61 through 11.64 shall apply to debts owed to the United States that are past-due and legally enforceable, and

(1) Except in the case of a judgment debt, the debt has been delinquent for at least three months but has not been delinquent for more than ten years at the time the offset is made; and
(2) Where FEMA has given the debtor at least 60 days from the date of mailing of the notification (described in §11.63 of this part) to request a review within FEMA and to present evidence that all or part of the debt is not past-due or legally enforceable. If the debtor has requested a review and presented evidence, then FEMA has considered the debtor’s evidence and reasons and has determined that all or a part of the debt is past-due and legally enforceable; and
(3) With respect to which FEMA has notified or has made a reasonable attempt to notify the debtor that the debt is past-due and, unless repaid within 60 days of the mailing of the notification the debt will be referred to the Department of the Treasury for offset against any overpayment of tax; and
(4) Is at least $25.00; and
(5) Meets all other requirements of 31 U.S.C. 3720A and the Department of the Treasury regulations relating to the eligibility of a debt for tax refund offset have been satisfied.

[63 FR 1068, Jan. 8, 1998]

§ 11.62 Administrative charges incurred in referrals for tax refund offset.

In accordance with §11.48(e), all administrative costs incurred in connection with the referral of the debts to the Department of the Treasury for collection by tax refund offset shall be added to the amount owed by the debtor. Such costs will include, but not be limited to, a pro-rata share of total costs of taking offsets incurred by the Department of the Treasury in accordance with agreements executed by FEMA, the Department of the Treasury and the Department’s constituent agencies.

[63 FR 1069, Jan. 8, 1998]

§ 11.63 Notice to debtor before tax refund offset.

(a) FEMA will refer a debt to the Department of the Treasury for tax refund offset only after FEMA:
(1) Makes a determination that the debt is owed to the United States;
(2) Sends the debtor a notice of FEMA’s intent to use Department of the Treasury tax refund offset that provides the debtor with items of information described in paragraphs (a)(2)(i) through (vii) as follows:
(i) Debtor owes FEMA an amount due; and
(ii) The debt is past due; and
(iii) Unless the debt is repaid within 60 days of the date of FEMA’s mailing the notice of intent described above, FEMA intends to collect the debt by requesting the Department of the Treasury to take offset to reduce the debtor’s federal tax refund by the amount of the principal amount of the debt and all accumulated interest, penalty, and other charges; and
(iv) Debtor has an opportunity to present arguments and evidence within 60 days of mailing of the notice of intent that all or a part of the debt is not due. A debtor requesting a review within the Agency shall send these arguments to the FEMA office that sent the notice of intent under §11.63(a)(2); and
(v) Debtor has had an opportunity to arrange to inspect and copy records relating to the debt by mailing a request to the FEMA office sending the notice of intent under §11.63(a)(2); and
(vi) If no reply is received from the debtor within 60 days of mailing of the notice, FEMA may refer the debt to the U.S. Department of the Treasury after reviewing the file and determining that the debt is due; and
(vii) Debtor may negotiate a repayment agreement, satisfactory to FEMA, for the repayment of the debt.
(b) If the debtor has presented evidence and arguments as described in subsection (a)(2)(iv) FEMA will refer the debt to the Department of the Treasury only after the FEMA Office of General Counsel has rendered a decision under provisions of §§11.64 and 11.65 of this subpart concerning the debtor’s arguments and evidence, if any, and has determined that the debt is due either in whole or in part. If the debtor has submitted evidence in accordance with paragraph (a)(2)(iv)(g) of this section, the FEMA Office of General Counsel shall notify the debtor of the Agency’s final determination.
(c) If the debtor has questions concerning the debt or procedures being used, the debtor may contact FEMA at
§ 11.64 Review within Federal Emergency Management Agency.

(a) Notification by debtor. A debtor receiving notice of intent under § 11.63(a)(2) has the right to present evidence and arguments within 60 days of mailing of the notice of intent that all of the debt is not past-due or not legally enforceable. To exercise this right, the debtor must:

(1) Send a written request for review of evidence to the FEMA office sending the notice of intent; and

(2) State in the request the amount disputed and the reasons why the debtor believes that the debt is not past-due or is not legally enforceable; and

(3) Include in the request any documents that the debtor wishes to be considered, or state that additional information will be submitted within the remainder of the 60-day period. FEMA is not obligated to consider any of debtor’s evidence received after the 60-day period, except as specified in paragraph (c) of this section.

(b) Submission of evidence. The debtor may submit evidence that all or part of the debt is not past due or legally enforceable along with the notification required by paragraph (a) of this section. Debtor’s failure to submit the notification and evidence within the 60-day period may result in FEMA’s referral of the debt to the Department of the Treasury with only a review by the ACO or the ACO’s designee that FEMA’s records show that the debt is actually due FEMA.

(c) Late filed requests for review within FEMA. If the debtor submits a request for review after the 60-day time limit in paragraph (a) of this section, FEMA shall render a decision as described in paragraph (d) of this section, but FEMA shall not stay offset action as described in §11.65. However, if FEMA, after the review of the debtor’s evidence and arguments, determines that the debtor owes less than the amounts that FEMA has taken through offset, then FEMA shall refund any difference between any amounts offset and amounts that the review within the Agency determines is actually owed.

(d) Review of the evidence. FEMA will review the debtor’s arguments and evidence in accordance with procedures set forth in §11.43(c).

§ 11.65 Stay of tax refund offset action.

If the debtor notifies FEMA that the debtor is exercising rights described in §11.64 and submits evidence within time limits specified in §11.64, any notice to the Department of the Treasury concerning tax refund offset will be stayed until the issuance of a written decision that sustains, amends, or ends collection action resulting from FEMA’s original debt collection decision.

§ 11.70 Scope and purpose.

(a) The Director, Federal Emergency Management Agency (FEMA), is authorized by 31 U.S.C. 3721 to settle and pay (including replacement in kind) claims of officers and employees of FEMA, amounting to not more than $25,000 for damage to or loss of personal property incident to their service.

Property may be replaced in-kind at the option of the Government. Claims are payable only for such types, quantities, or amounts of tangible personal property (including money) as the approving authority shall determine to be reasonable, useful, or proper under the circumstances existing at the time and place of the loss. In determining what is reasonable, useful, or proper, the approving authority will consider the type and quantity of property involved, circumstances attending acquisition and use of the property, and whether possession or use by the claimant at the time of damage or loss was incident to service.

(b) The Government does not underwrite all personal property losses that a claimant may sustain and it does not underwrite individual tastes. While the
Government does not attempt to limit possession of property by an individual, payment for damage or loss is made only to the extent that the possession of the property is determined to be reasonable, useful, or proper. If individuals possess excessive quantities of items, or expensive items, they should have such property privately insured. Failure of the claimant to comply with these procedures may reduce or preclude payment of the claim under this subpart.

§ 11.71 Claimants.

(a) A claim pursuant to this subpart may only be made by: (1) An employee of FEMA; (2) a former employee of FEMA whose claim arises out of an incident occurring before his/her separation from FEMA; (3) survivors of a person named in paragraph (a) (1) or (2) of this section, in the following order of precedence: (i) Spouse; (ii) children; (iii) father or mother, or both or (iv) brothers or sisters, or both; (4) the authorized agent or legal representative of a person named in paragraphs (a) (1), (2), and (3) of this section.

(b) A claim may not be presented by or for the benefit of a subrogee, assignee, conditional vendor, or other third party.

§ 11.72 Time limitations.

(a) A claim under this part may be allowed only if it is in writing, specifies a sum certain and is received in the Office of General Counsel, Federal Emergency Management Agency, Washington, DC 20472: (1) Within 2 years after it accrues; (2) or if it cannot be filed within the time limits of paragraph (a)(1) of this section because it accrues in time of war or in time of armed conflict in which any armed force of the United States is engaged or if such a war or armed conflict intervenes within 2 years after the claim accrues, when the claimant shows good cause, the claim may be filed within 2 years after the cause ceases to exist but not more than 2 years after termination of the war or armed conflict.

(b) For purposes of this subpart, a claim accrues at the time of the accident or incident causing the loss or damage, or at such time as the loss or damage should have been discovered by the claimant by the exercise of due diligence.

§ 11.73 Allowable claims.

(a) A claim may be allowed only if: (1) The damage or loss was not caused wholly or partly by the negligent or wrongful act of the claimant, his/her agent, the members of his/her family, or his/her private employee (the standard to be applied is that of reasonable care under the circumstances); and (2) the possession of the property lost or damaged and the quantity possessed is determined to have been reasonable, useful, or proper under the circumstances; and (3) the claim is substantiated by proper and convincing evidence.

(b) Claims which are otherwise allowable under this subpart shall not be disallowed solely because the property was not in the possession of the claimant at the time of the damage or loss, or solely because the claimant was not the legal owner of the property for which the claim is made. For example, borrowed property may be the subject of a claim.

(c) Subject to the conditions in paragraph (a) of this section, and the other provisions of this subpart, any claim for damage to, or loss of, personal property incident to service with FEMA may be considered and allowed. The following are examples of the principal types of claims which may be allowed, unless excluded by § 11.74.

(1) Property loss or damage in quarters or other authorized places. Claims may be allowed for damage to, or loss of, property arising from fire, flood, hurricane, other natural disaster, theft, or other unusual occurrence, while such property is located at:

(i) Quarters within the 50 states or the District of Columbia that were assigned to the claimant or otherwise provided in-kind by the United States; or

(ii) Any warehouse, office, working area, or other place (except quarters) authorized for the reception or storage of property.

(2) Transportation or travel losses. Claims may be allowed for damage to, or loss of, property incident to transportation or storage pursuant to orders, or in connection with travel...
under orders, including property in the custody of a carrier, an agent or agency of the Government, or the claimant.

(3) Motor vehicles. Claims may be allowed for automobiles and other motor vehicles damaged or lost by overseas shipments provided by the Government. “Shipments provided by the Government” means via Government vessels, charter of commercial vessels, or by Government bills of lading on commercial vessels, and includes storage, unloading, and offloading incident thereto. Other claims for damage to or loss of automobiles and other major vehicles may be allowed when use of the vehicles on a nonreimbursable basis was required by the claimant’s supervisor, but these claims shall be limited to a maximum of $1,000.00.

(4) Mobile homes. Claims may be allowed for damage to or loss of mobile homes and their content under the provisions of paragraph (c)(2) of this section. Claims for structural damage to mobile homes resulting from such structural damage must contain conclusive evidence that the damage was not caused by structural deficiency of the mobile home and that it was not overloaded. Claims for damage to or loss of tires mounted on mobile homes may be allowed only in cases of collision, theft, or vandalism.

(5) Money. Claims for money in an amount that is determined to be reasonable for the claimant to possess at the time of the loss are payable:

(i) Where personal funds were accepted by responsible Government personnel with apparent authority to receive them for safekeeping, deposit, transmission, or other authorized disposition, but were neither applied as directed by the owner nor returned;

(ii) When lost incident to a marine or aircraft disaster;

(iii) When lost by fire, flood, hurricane, or other natural disaster;

(iv) When stolen from the quarters of the claimant where it is conclusively shown that the money was in a locked container and that the quarters themselves were locked. Exceptions to the foregoing “double lock” rule are permitted when the adjudicating authority determines that the theft loss was not caused wholly or partly by the negligent or wrongful act of the claimant, their agent, or their employee. The adjudicating authority should use the test of whether the claimant did their best under the circumstances to protect the property; or

(v) When taken by force from the claimant’s person.

(6) Clothing. Claims may be allowed for clothing and accessories customarily worn on the person which are damaged or lost:

(i) During the performance of official duties in an unusual or extraordinary-risk situation;

(ii) In cases involving emergency action required by natural disaster such as fire, flood, hurricane, or by enemy or other belligerent action;

(iii) In cases involving faulty equipment or defective furniture maintained by the Government and used by the claimant required by the job situation; or

(iv) When using a motor vehicle.

(7) Property used for benefit of the Government. Claims may be allowed for damage to or loss of property (except motor vehicles, see §§11.73(c)(3) and 11.74(b)(13)) used for the benefit of the Government at the request of, or with the knowledge and consent of, superior authority or by reason of necessity.

(8) Enemy action or public service. Claims may be allowed for damage to or loss of property as a direct consequence of:

(i) Enemy action or threat thereof, or combat, guerrilla, brigandage, or other belligerent activity, or unjust confiscation by a foreign power or its nation:

(ii) Action by the claimant to quiet a civil disturbance or to alleviate a public disaster; or

(iii) Efforts by the claimant to save human life or Government property.

(9) Marine or aircraft disaster. Claims may be allowed for personal property damaged or lost as a result of marine or aircraft disaster or accident.

(10) Government property. Claims may be allowed for property owned by the United States only when the claimant is financially responsible to an agency of the Government other than FEMA.

(11) Borrowed property. Claims may be allowed for borrowed property that has been damaged or lost.

(12)(i) A claim against the Government may be made for not more than
§ 11.74 Claims not allowed.

(a) A claim is not allowable if:

(1) The damage or loss was caused wholly or partly by the negligent or wrongful act of the claimant, claimant’s agent, claimant’s employee, or a member of claimant’s family;

(2) The damage or loss occurred in quarters occupied by the claimant within the 50 states and the District of Columbia that were not assigned to the claimant or otherwise provided in-kind by the United States;

(3) Possession of the property lost or damaged was not incident to service or not reasonable or proper under the circumstances.

(b) In addition to claims falling within the categories of paragraph (a) of this section, the following are examples of claims which are not payable:

(1) Claims not incident to service. Claims which arose during the conduct of personal business are not payable.

(2) Subrogation claims. Claims based upon payment or other consideration to a proper claimant are not payable.

(3) Assigned claims. Claims based upon assignment of a claim by a proper claimant are not payable.

(4) Conditional vendor claims. Claims asserted by or on behalf of a conditional vendor are not payable.

(5) Claims by improper claimants. Claims by persons not designated in §11.71 are not payable.

(6) Articles of extraordinary value. Claims are not payable for valuable or expensive articles, such as cameras, watches, jewelry, furs, or other articles of extraordinary value, when shipped with household goods or as unaccompanied baggage (shipment includes storage). This prohibition does not apply to articles in the personal custody of the claimant or articles properly checked, provided that reasonable protection or security measures have been taken, by the claimant.

(7) Articles acquired for other persons. Claims are not payable for articles intended directly or indirectly for persons other than the claimant or members of the claimant’s immediate household. This prohibition includes articles acquired at the request of others and articles for sale.

(8) Property used for business. Claims are not payable for property normally used for business or profit.

(9) Unserviceable property. Claims are not payable for wornout or unserviceable property.

(10) Violation of law or directive. Claims are not payable for property acquired, possessed, or transported in violation of law, regulation, or other directive. This does not apply to limitation imposed on the weight of shipments of household goods.

(11) Intangible property. Claims are not payable for intangible property such as bank books, checks, promissory notes, stock certificates, bonds, bills of lading, warehouse receipts, baggage checks, insurance policies, money orders, and traveler’s checks.

(12) Government property. Claims are not payable for property owned by the United States unless the claimant is financially responsible for the property to an agency of the Government other than FEMA.

(13) Motor vehicles. Claims for motor vehicles, except as provided for by §11.73(c)(3), will ordinarily not be paid. However, in exceptional cases, meritorious claims for damage to or loss of motor vehicles, limited to a maximum
Federal Emergency Management Agency § 11.75

of $1,000.00, may be recommended to the Office of General Counsel for consideration and approval for payment.

(14) Enemy property. Claims are not payable for enemy property, including war trophies.

(15) Losses recoverable from carrier, insurer or contractor. Claims are not payable for losses, or any portion thereof, which have been recovered or are recoverable from a carrier, insurer or under contract except as permitted under §11.75.

(16) Fees for estimates. Claims are not normally payable for fees paid to obtain estimates of repair in conjunction with submitting a claim under this subpart. However, where, in the opinion of the adjudicating authority, the claimant could not obtain an estimate without paying a fee, such a claim may be considered in an amount reasonable in relation to the value for the cost of repairs of the articles involved, provided that the evidence furnished clearly indicates that the amount of the fee paid will not be deducted from the cost of repairs if the work is accomplished by the estimator.

(17) Items fraudulently claimed. Claims are not payable for items fraudulently claimed. When investigation discloses that a claimant, claimant’s agent, claimant’s employee, or member of claimant’s family has intentionally misrepresented an item claimed as to cost, condition, costs to repair, etc., the item will be disallowed in its entirety even though some actual damage has been sustained. However, if the remainder of the claim is proper, it may be paid. This does not preclude appropriate disciplinary action if warranted.

(18) Minimum amount. Loss or damage amounting to less than $10.

§ 11.75 Claims involving carriers and insurers.

In the event the property which is the subject of a claim was lost or damaged while in the possession of a carrier or was insured, the following procedures will apply:

(a) Whenever property is damaged, lost, or destroyed while being shipped pursuant to authorized travel orders, the owner must file a written claim for reimbursement with the last commercial carrier known or believed to have handled the goods, or the carrier known to be in possession of the property when the damage or loss occurred, according to the terms of its bill of lading or contract, before submitting a claim against the Government under this subpart.

(1) If more than one bill of lading or contract was issued, a separate demand should be made against the last carrier on each such document.

(2) The demand should be made within the time limit provided in the policy and prior to the filing of a claim against the Government.

(3) If it is apparent that the damage or loss is attributable to packing, storage, or unpacking while in the custody of the Government, no demand need be made against the carrier.

(b) Whenever property which is damaged, lost, or destroyed incident to the claimant’s service is insured in whole or in part, the claimant must make demand in writing against the insurer for reimbursement under terms and conditions of the insurance coverage, prior to the filing of the concurrent claim against the Government.

(c) Failure to make a demand on a carrier or insurer or to make all reasonable efforts to protect and prosecute rights available against a carrier or insurer and to collect the amount recoverable from the carrier or insurer may result in reducing the amount recoverable from the Government by the maximum amount which would have been recoverable from the carrier or insurer, had the claim been timely or diligently prosecuted. However, no deduction will be made where the circumstances of the claimant’s service preclude reasonable filing of such a claim or diligent prosecution, or the evidence indicates a demand was impracticable or would have been unavailing.

(d) Following the submission of the claim against the carrier or insurer, the claimant may immediately submit a claim against the Government in accordance with the provisions of this subpart, without waiting until either final approval or denial of the claim is made by the carrier or insurer.

(1) Upon submission of a claim to the Government, the claimant must certify in the claim that no recovery (or the
§ 11.76 Claims procedures.

(a) Filing a claim. Applicants shall file claims in writing with the General Counsel, Federal Emergency Management Agency, Washington, DC 20472. Each written claim shall contain, as a minimum:

(1) Name, address, and place of employment of the claimant;
(2) Place and date of the damage or loss;
(3) A brief statement of the facts and circumstances surrounding the damage or loss;
(4) Cost, date, and place of acquisition of each piece of property damaged or lost;
(5) Two itemized repair estimates, or value estimates, whichever is applicable;
(6) Copies of police reports, if applicable;
(7) A statement from the claimant’s supervisor that the loss was incident to service;
(8) A statement that the property was or was not insured;
(9) With respect to claims involving thefts or losses in quarters or other places where the property was reasonably kept, a statement as to what security precautions were taken to protect the property involved;
(10) With respect to claims involving property being used for the benefit of the Government, a statement by the claimant’s supervisor that the claimant was required to provide such property or that the claimant’s providing it was in the interest of the Government; and
(11) Other evidence as may be required.

(b) Single claim. A single claim shall be presented for all lost or damaged property resulting from the same incident. If this procedure causes a hardship, the claimant may present an initial claim with notice that it is a partial claim, an explanation of the circumstances causing the hardship, and an estimate of the balance of the claim and the date it will be submitted. Payment may be made on a partial claim if the adjudicating authority determines that a genuine hardship exists.
(c) Loss in quarters. Claims for property loss in quarters or other authorized places should be accompanied by a statement indicating:
   (1) Geographical location;
   (2) Whether the quarters were assigned or provided in-kind by the Government;
   (3) Whether the quarters are regularly occupied by the claimant;
   (4) Names of the authority, if any, who designated the place of storage of the property if other than quarters;
   (5) Measures taken to protect the property; and
   (6) Whether the claimant is a local inhabitant.

(d) Loss by theft or robbery. Claims for property loss by theft or robbery should be accompanied by a statement indicating:
   (1) Geographical location;
   (2) Facts and circumstances surrounding the loss, including evidence of the crime such as breaking and entering, capture of the thief or robber, or recovery of part of the stolen goods; and
   (3) Evidence that the claimant exercised due care in protecting the property prior to the loss, including information as to the degree of care normally exercised in the locale of the loss due to any unusual risks involved.

(e) Transportation losses. Claims for transportation losses should be accompanied by the following:
   (1) Copies of orders authorizing the travel, transportation, or shipment or a certificate explaining the absence of orders and stating their substance;
   (2) Statement in cases where property was turned over to a shipping officer, supply officer, or contract packer indicating:
      (i) Name (or designation) and address of the shipping officer, supply officer, or contract packer indicating;
      (ii) Date the property was turned over;
      (iii) Inventoried condition when the property was turned over;
      (iv) When and where the property was packed and by whom;
      (v) Date of shipment;
      (vi) Copies of all bills of lading, inventories, and other applicable shipping documents;
   (vii) Date and place of delivery to the claimant;
   (viii) Date the property was unpacked by the carrier, claimant, or Government;
   (ix) Statement of disinterested witnesses as to the condition of the property when received and delivered, or as to handling or storage;
   (x) Whether the negligence of any Government employee acting within the scope of his/her employment caused the damage or loss;
   (xi) Whether the last common carrier or local carrier was given a clear receipt, except for concealed damages;
   (xii) Total gross, tare, and new weight of shipment;
   (xiii) Insurance certificate or policy if losses are privately insured;
   (xiv) Copy of the demand on carrier or insured, or both, when required, and the reply, if any;
   (xv) Action taken by the claimant to locate missing baggage or household effects, including related correspondence.

(f) Marine or aircraft disaster. Claims for property losses due to marine or aircraft disaster should be accompanied by a copy of orders or other evidence to establish the claimant’s right to be, or to have property on board.

(g) Enemy action, public disaster, or public service. Claims for property losses due to enemy action, public disaster, or public service should be accompanied by:
   (1) Copies of orders or other evidence establishing the claimant’s required presence in the area involved; and
   (2) A detailed statement of facts and circumstances showing an applicable case enumerated in §11.73(c)(8).

(h) Money. Claims for loss of money deposited for safekeeping, transmittal, or other authorized disposition should be accompanied by:
   (1) Name, grade, and address of the person or persons who received money and any others involved;
   (2) Name and designation of the authority who authorized such person or persons to accept personal funds and the disposition required; and
   (3) Receipts and written sworn statements explaining the failure to account for funds or return them to the claimant.
§ 11.77 Settlement of claims.

(a) The General Counsel, FEMA, is authorized to settle (consider, ascertain, adjust, determine, and dispose of, whether by full or partial allowance or disallowance) any claim under this subpart.

(b) The General Counsel may formulate such procedures and make such re-delegations as may be required to fulfill the objectives of this subpart.

(c) The General Counsel shall conduct or request the Office of Inspector General to conduct such investigation as may be appropriate in order to determine the validity of a claim.

(d) The General Counsel shall notify a claimant in writing of action taken on their claim, and if partial or full disallowance is made, the reasons therefor.

(e) In the event a claim submitted against a carrier under §11.75 has not been settled, before settlement of the claim against the Government pursuant to this subpart, the General Counsel shall notify such carrier or insurer to pay the proceeds of the claim to FEMA to the extent FEMA has paid such to claimant in settlement.

(f) The settlement of a claim under this subpart, whether by full or partial allowance or disallowance, is final and conclusive.

§ 11.78 Computation of amount of award.

(a) The amount allowed for damage to or loss of any items of property may not exceed the cost of the item (either the price paid in cash or property, or the value at the time of acquisition if not acquired by purchase or exchange), and there will be no allowance for replacement cost or for appreciation in the value of the property. Subject to these limitations, the amount allowable is either:

(1) The depreciated value, immediately prior to the loss or damage, of property lost or damaged beyond economical repair, less any salvage value; or

(2) The reasonable cost or repairs, when property is economically repairable, provided that the cost of repairs does not exceed the amount allowable under paragraph (a)(1) of this section.

(b) Depreciation in value is determined by considering the type of article involved, its costs, its conditions when damaged or lost, and the time elapsed between the date of acquisition and the date of damage or loss.

(c) Replacement of lost or damaged property may be made in-kind whenever appropriate.

§ 11.79 Attorney’s fees.

No more than 10 per centum of the amount paid in settlement of each individual claim submitted and settled under this subpart shall be paid or delivered to or received by any agent or attorney on account of services rendered in connection with that claim. A person violating this section shall be fined not more than $1,000.

(Information collection approved by Office of Management and Budget under Control No. 3067-0167)

§ 12.1 Purpose and applicability.

(a) The regulations in this part implement the Federal Advisory Committee Act, Executive Order 12024 and General Services Administration Regulation 41, C.F.R part 101-6. The provisions of the Federal Advisory Committee Act in this part shall apply to all advisory committees established by the Federal Emergency Management Agency (FEMA), including advisory committees created pursuant to any act of Congress relating to the United States Fire Administration, Federal Insurance Administration, or any other component of the Federal Emergency Management Agency, except to the extent that any act of Congress establishing an advisory committee reporting to the agencies specifically provides otherwise.

(b) This part does not apply to interagency advisory committees or advisory committees established by the President unless specifically made applicable by the establishing authority.

(c) This part does not apply to any local group, contractor, grantee, or other organization whose primary function is to render public service with respect to a Federal program, or any state or local committee, counsel, board, commission, or similar group established to advise or make recommendations to State or local officials or agencies.

§ 12.2 Definitions.

As used in this part—

Act means the Federal Advisory Committee Act (86 Stat. 770).

Advisory Committee is used as per the meaning set forth in section 3(2) of the Act.

Agency means the Federal Emergency Management Agency, established by Presidential Reorganization Plan No. 3 of 1978, or any component thereof.

Administrator, GSA means the Administrator of General Services.

Director means the Director of the Federal Emergency Management Agency.

FEMA means the Federal Emergency Management Agency.

GSA means the General Services Administration.

Presidential Advisory Committee means an advisory committee which advises the President of the United States.

Secretariat means the Committee Management Secretariat of the General Services Administration.

Any officer of the Federal Government means any agency official or employee of the Federal government designated to perform duties with respect to an advisory committee established under this part.

Nonstatutory advisory committee means an advisory committee not established by statute or reorganization plan.

§ 12.3 Policy.

In determining whether an advisory committee should be created, and in reviewing the functions of operating advisory committees, the Agency will:

(a) Establish new advisory committees only when they are determined to be essential, keeping their number to the minimum necessary to accomplish the assigned mission of the agency or its components;

(b) Provide standards and uniform procedures to govern the establishment, operation, administration, and duration of the advisory committees;

(c) Terminate the advisory committees when they are no longer necessary to carry out the purposes for which they were established; and

(d) Keep the Congress and the public informed with respect to the number, purpose, membership, activity, and cost of the advisory committees.

§ 12.4 Interpretations.

Except as specifically authorized in writing by the Director, including internal instructions, no interpretation of the meaning of the regulations in this part by any employee or officer of the Agency, other than a written interpretation by the General Counsel, will be recognized to be binding upon the Agency.
§ 12.5 Advisory committee management officer.

(a) The Director will designate as advisory committee management officer the Chief, Staff Planning and Evaluation, Office of Administrative Support, who shall:

(1) Exercise control and supervision over the establishment, procedures, and accomplishments of the advisory committees established by the Director; and

(2) Assemble and maintain the reports, records, and other papers of any advisory committee during its existence.

(b) The name of the Advisory Committee Management Officer designated in accordance with this part shall be provided to the Secretariat.

§ 12.6 Establishment of advisory committees.

(a) No advisory committee shall be established under this part unless such establishment is:

(1) Specifically authorized by statute or the President of the United States; or

(2) Determined as a matter of formal record by the Director after consultation with the Secretariat, with timely notice published in the Federal Register as a matter of the public interest, in connection with the performance of duties imposed on the agency by law.

(b) The determination required by paragraph (a)(2) of this section shall:

(1) Contain a clearly defined purpose for the advisory committee;

(2) Require the membership of the advisory committee to be fairly balanced in terms of the points of view represented in the functions performed by the advisory committee;

(3) Contain appropriate provisions to assure that the advice and recommendations of the advisory committee will not be inappropriately influenced by the appointing authority or by any special interest, but will instead be the result of the advisory committee’s independent judgment;

(4) Contain provisions dealing with the date for submission of reports (if any), the duration of the advisory committee, and the publication of reports and other materials, to the extent that the agency determines the provisions of §12.16 of this part to be inadequate; and

(5) Contain provisions which will assure that the advisory committee will have adequate staff (either supplied by the Agency or employed by it), will be provided adequate quarters, and will have funds available to meet its other necessary expenses.

(c) Consultation with the Secretariat may be in the form of a letter from the Agency describing the nature and purpose of the proposed advisory committee, including an explanation of why the functions of the proposed committee could not be performed by FEMA or by an existing committee. The letter should describe the Agency’s plan to attain balanced membership on the proposed committee, as prescribed in paragraph (b)(2) of this section. If the Secretariat is satisfied that the establishment of the advisory committee will be in accord with the Act, the Agency shall certify in writing that creation of the advisory committee is in the public interest.

(d) Unless otherwise specifically provided by statute or Presidential directive, advisory committees shall be utilized solely for advisory functions.

§ 12.7 Charter.

(a) No advisory committee established under this part shall meet or take any action until an advisory committee charter has been filed with the Agency and the standing Committee or Committees of the Senate and House of Representatives having legislative jurisdiction over the FEMA component to which the advisory committee renders its advice.

(b) The charter required by paragraph (a) of this section shall contain at least the following information:

(1) The committee’s official designations;

(2) The committee’s objectives and the scope of its activities;

(3) The period of time necessary for the committee to carry out its purposes;

(4) The FEMA component and official to whom the committee reports;
§ 12.8 Meetings.

(a) Advisory committees established under this part shall not hold any meetings, nor shall they render any advice, except at the call of, or with the advice and approval of, the Federal Officer or employee designated in accordance with §12.10 of this part, who shall also approve the agenda of such meetings. Timely notice of each meeting shall be provided in accordance with §12.11 of this part.

(b) The agenda required by paragraph (a) of this section shall list the matters to be considered at the meeting. It shall also indicate when any part of the meeting will concern matters within the exceptions of the (Government) Sunshine Act, 5 U.S.C. 552b, and §12.9 of this part.

(c) Subject to the provisions of §12.9 of this part, each advisory committee meeting shall be open to the public. Meetings which are completely or partly open to the public shall be held at reasonable times and at such a place that is reasonably accessible to the public. The size of the meeting room should be determined by such factors as the size of the committee, the number of members of the public who could reasonably be expected to attend, the number of persons who attended similar meetings in the past, and the resource facilities available.

(d) Any member of the public shall be permitted to file a written statement with the committee related to any meeting that is completely or partly open to the public. Interested persons may also be permitted by the committee chairman to speak at such meetings in accordance with the procedures established by the committee.

§ 12.9 Closed meetings.

(a) The requirements of §12.8 (c) and (d) of this part that meetings shall be open to the public and that the public shall be afforded an opportunity to participate in such meetings shall not apply to any advisory committee meeting which the President or the Director determines is concerned with matters listed in 5 U.S.C. 552b(c).

(b) An advisory committee which seeks to have all or part of its meetings closed shall notify the Director before the scheduled date of the meeting. The notification shall be in writing and shall specify the reasons why any part of the meeting should be closed.

(c) A request that the meeting be closed will be granted upon determination by the Director that the request is in accordance with the policies of this part. The Director's determination will be in writing and will state the specific reasons for closing all or part of the meeting. The determination will be made available to the public upon request.

(d) The Director may delegate responsibility for making the determination required by paragraph (c) of this section. In any case where the determination to close the meeting is made by the Director's delegate, the determination will be reviewed by the General Counsel.

(e) When a meeting is closed to the public, the advisory committee shall issue a report, at least annually, setting forth a summary of its activities
§ 12.10 Designated Federal officer or employee.

(a) The Agency will designate an officer or employee of the Federal Government to chair or attend each meeting of each advisory committee established under this part.

(b) No advisory committee shall conduct any meeting in the absence of the Federal employee or officer designated in accordance with paragraph (a) of this section.

(c) The Federal officer or employee designated in accordance with paragraph (a) of this section is authorized, whenever he/she determines it to be in the public interest, to adjourn any committee meeting he/she is designated to chair or attend.

§ 12.11 Public notice.

(a) The Agency’s determination procedure described by § 12.6 of this part for the creation of the advisory committee, and a description of the nature and purpose of the committee, should be published in the Federal Register at least 15 days prior to the filing of the committee’s charter, unless the Secretariat, for good cause, authorizes a shorter period of time between publication of the notice and the filing of the charter.

(b) Except when the Administrator GSA determines contrarily for reasons of national security, timely notice of each advisory committee meeting, whether open or closed to the public, shall be published in the Federal Register at least 15 days before the meeting date. Such notice should state the name of the advisory committee, the time, place and purpose of the meeting, and should include, where appropriate, a summary of the meeting agenda. Notice ordinarily should state that the meeting is open to the public or explain why the meeting or any portion of the meeting is to be closed. Notices shorter than the time prescribed by this paragraph may be provided in emergency situations, and the reasons for such emergency exceptions should be made part of the meeting notice.

Due to the emergency nature of FEMA’s many programs, it is contemplated that advisory committees may have to be established or meetings called on fairly short notice; however, every effort should be made to comply with the notice requirement, except in cases where delay may result in harm to individuals or damage to property. A request for a determination that notice of a meeting should not be published for reasons of national security shall be submitted to the Administrator GSA with a statement of reasons supporting such request at least 30 days before the meeting is scheduled. Where, however, there is a significant likelihood of severe damage to property or injury to individuals, the notice period may be reduced as necessary to minimize such damage or injury.

(c) In addition to the notice required by paragraph (b) of this section, other forms of notice such as public releases and notices by mail should be used to inform the public of advisory committee meetings.

(d) The Committee Management Officer, in coordination with the Office of Public Affairs, should, where practical, maintain lists of people and organizations interested in advisory committees and notify them of meetings by mail.

(e) Notice of the availability of the annual reports required by § 12.9(e) of this part will be published in the Federal Register no later than 60 days after their completion. Notice will include instructions which will allow the public access to the reports.

§ 12.12 Minutes.

(a) Detailed minutes of each advisory committee meeting shall be kept and shall contain a record of the persons present, a complete summary of matters discussed and conclusions reached, and copies of all reports received, issued, or approved by the advisory committee. The record of persons present shall include the time and place of the meeting, a list of advisory committee members and staff and agency employees present at the meeting, a list of members of the public who presented oral or written statements,
and an estimated number of members of the public who attended the meeting. The minutes shall describe the extent to which the meeting was open to the public and the extent of public participation. If it is impracticable to attach to the minutes of the meeting any report received, issued, or approved by the advisory committee, then the minutes will describe the report in sufficient detail to enable any person requesting the report to readily identify it.

(b) The accuracy of all minutes shall be certified by the chairperson of the advisory committee concerned, except in the case of a subcommittee or subgroup of the advisory committee, in which case the accuracy of the minutes shall be certified by the chairperson of the subcommittee or subgroup concerned and co-signed by the chairperson of the advisory committee.

§ 12.13 Transcripts of the advisory committee meetings and agency proceedings.

Copies of transcripts of advisory committee meetings which have been prepared will be made available to any person at the actual cost of duplication, as prescribed in §12.17 of this part.

§ 12.14 Annual comprehensive review.

(a) The Agency will conduct an annual comprehensive review of the activities and responsibilities of each advisory committee to determine:

(1) Whether such committee is carrying out its purpose;

(2) Whether, consistent with the provisions of applicable statutes, the responsibilities assigned to it should be revised;

(3) Whether it should be merged with any other advisory committee or committees; or

(4) Whether it should be abolished.

(b) Pertinent factors to be considered in the comprehensive review required by paragraph (a) of this section includes the following:

(1) The number of times the committee has met in the past year;

(2) The number of reports or recommendations submitted by the committee;

(3) An evaluation of the substance of the reports or recommendations submitted by the committee, regarding the Agency’s programs or operations;

(4) An evaluation of the utilization by the Agency of the committee’s policy formation recommendations in: program planning, decision making, more effective achievement of program objectives, and more economical accomplishment of programs in general, with emphasis in such evaluation on the preceding 12 month period of the committee’s work;

(5) Whether information or recommendations could be obtained from sources within the Agency or from other advisory committees already in existence;

(6) The degree of duplication of effort by the committee as compared with that of other parts of the Agency or other advisory committees; and

(7) The estimated annual cost of the committee.

(c) The annual review required by this section shall be conducted on a calendar year basis, and results of the review shall be included in the annual report to the Secretariat required by §12.16(b) of this part. The report shall contain a justification of each advisory committee which the Agency determines should be continued, making reference, as appropriate, to the factors specified in paragraph (b) of this section.

(d) The review will examine all advisory committees, and committees found to be no longer needed shall be terminated. Advisory committees established by act of Congress or the President of the United States will be reviewed, and if appropriate, their termination will be recommended.

§ 12.15 Termination and renewal of advisory committees.

(a) Each advisory committee shall terminate not later than the expiration of the 2 year period beginning on the date of its establishment, unless:

(1) In the case of an advisory committee established by the President or an officer of the Federal Government, such advisory committee is renewed by the President or such officer by appropriate action prior to the end of such period; or
§ 12.16 Reports about the advisory committees.

(a) The Agency will furnish a report of the activities of the FEMA advisory committees annually to the Administrator, General Services Administration, in accordance with the Federal Property Management Regulations.

(b) The Agency will furnish a report of the activities of FEMA advisory committees annually to the Secretariat.

(c) The Agency will inform the Secretariat, by letter, of the termination of, or other significant changes with respect to, its advisory committees no later than 10 working days following the end of the month in which the committee is changed. If no changes are made during any given month the report of the Secretariat is not required.

§ 12.17 Availability of documents and information on advisory committees.

(a) Subject to the provisions of §§12.12 and 12.13 of this part, the records, reports, transcripts, minutes, appendices, working papers, drafts, studies, agenda, or other documents which were made available to or prepared for by each advisory committee shall be available for public inspection and copying at a single location in the FEMA Headquarters, Washington, DC, in accordance with the regulations in part 5 of this chapter.

(b) The Agency will maintain systematic information on the nature, functions, and operations of each of its advisory committees. A complete set of the charters of the Agency's advisory committees and copies of the annual reports required by §12.16 will be maintained for public inspection in the FEMA Headquarters.

§ 12.18 Uniform pay guidelines.

(a) Members. Subject to the provisions of this section, the pay of any member of an advisory committee shall be fixed at the daily equivalent rate of the FEMA general salary schedule unless the member is appointed as a consultant, to be compensated as provided in paragraph (c) of this section. In determining an appropriate rate of pay for the members of an advisory committee, consideration shall be given to the significance, scope and technical complexity of the matters with which the
Federal Emergency Management Agency

advisory committee is concerned, and the qualifications required of the members of the advisory committee. The pay of the members of an advisory committee shall not be fixed at a rate higher than the daily equivalent of the maximum rate for GS–15 unless the Director has determined that, under the factors set forth in this paragraph, a higher rate of pay is justified and necessary. Such a determination will be reviewed annually by the Director.

(b) Advisory committee staff. The pay of each member of the staff of an advisory committee shall be fixed at a rate of the general salary schedule in which the staff member’s position would be appropriately compensated for in the FEMA evaluation system applicable to the position. Pay of the member of the staff of an advisory committee shall not be fixed at a rate higher than the daily equivalent of the maximum rate for a GS–15 unless the Director or his designee has determined that, under its evaluation system, the staff member’s position would appropriately be placed in the General Salary Schedule at a grade higher than GS–15. Such a determination will be reviewed by the Director annually.

(c) Consultants. The rate of pay of a consultant to an advisory committee shall not exceed the maximum rate of pay which FEMA may pay experts and consultants under 5 U.S.C. 3109. Consideration shall be given to the qualifications required of the consultant and the significance, scope, and technical complexity of the work in fixing the rate of pay for the consultants.

(d) Voluntary services. The provisions of this section shall not prevent FEMA from accepting the voluntary services of a member of an advisory committee, or a member of the staff of an advisory committee, provided that FEMA has the authority to accept such services without compensation.

(e) Reimbursable travel expenses. The members of an advisory committee and the staff thereof, while engaged in the performance of their duties away from their home or regular places of business, may be allowed travel expenses, including per diem and in lieu of subsistences, as authorized by 5 U.S.C. 5703 for persons employed intermittently in the government service.

§ 12.19 Fiscal and administrative responsibilities.

(a) The Comptroller, FEMA, shall keep such records as will fully disclose the disposition of any funds which may be at the disposal of any FEMA advisory committee.

(b) The FEMA Advisory Committee management officer or designee shall keep such records as are necessary to fully disclose the nature and extent of the activities of the FEMA advisory committees.

(c) Support services shall be provided by FEMA for each advisory committee established by or reporting to it, unless the establishing authority provides otherwise. Where such advisory committee reports to more than one agency, only one agency or component thereof shall be responsible for support services at any one time, and the establishing authority shall designate the agency responsible for providing such services.

PART 13—UNIFORM ADMINISTRATIVE REQUIREMENTS FOR GRANTS AND COOPERATIVE AGREEMENTS TO STATE AND LOCAL GOVERNMENTS

Subpart A—General

Sec.
13.1 Purpose and scope of this part.
13.2 Scope of subpart.
13.3 Definitions.
13.4 Applicability.
13.5 Effect on other issuances.
13.6 Additions and exceptions.

Subpart B—Pre-Award Requirements

13.10 Forms for applying for grants.
13.11 State plans.
13.12 Special grant or subgrant conditions for "high-risk" grantees.

Subpart C—Post-Award Requirements

FINANCIAL ADMINISTRATION

13.20 Standards for financial management systems.
13.21 Payment.
13.22 Allowable costs.
13.23 Period of availability of funds.
13.24 Matching or cost sharing.
13.25 Program income.
§ 13.1

13.26 Non-Federal audit.

13.27 Changes, Property, and Subawards

13.30 Changes.
13.31 Real property.
13.32 Equipment.
13.33 Supplies.
13.34 Copyrights.
13.35 Subawards to debarred and suspended parties.
13.36 Procurement.
13.37 Subgrants.

13.40 Monitoring and reporting program performance.
13.41 Financial reporting.
13.42 Retention and access requirements for records.
13.43 Enforcement.
13.44 Termination for convenience.

13.50 Closeout.
13.51 Later disallowances and adjustments.
13.52 Collection of amounts due.

Subpart E—Entitlements [Reserved]

Source: 53 FR 8078, 8087, Mar. 11, 1988, unless otherwise noted.

Editorial Note: For additional information, see related documents published at 49 FR 24058, June 18, 1984; 52 FR 20178, May 29, 1987; and 53 FR 8028, Mar. 11, 1988.

Subpart A—General

§ 13.1 Purpose and scope of this part.

This part establishes uniform administrative rules for Federal grants and cooperative agreements and subawards to State, local and Indian tribal governments.

§ 13.2 Scope of subpart.

This subpart contains general rules pertaining to this part and procedures for control of exceptions from this part.

§ 13.3 Definitions.

As used in this part:

Accrued expenditures mean the charges incurred by the grantee during a given period requiring the provision of funds for:

1. Goods and other tangible property received;
2. Services performed by employees, contractors, subgrantees, subcontractors, and other payees; and
3. Other amounts becoming owed under programs for which no current services or performance is required, such as annuities, insurance claims, and other benefit payments.

Accrued income means the sum of:

1. Earnings during a given period from services performed by the grantee and goods and other tangible property delivered to purchasers, and
2. Amounts becoming owed to the grantee for which no current services or performance is required by the grantee.

Acquisition cost of an item of purchased equipment means the net invoice unit price of the property including the cost of modifications, attachments, accessories, or auxiliary apparatus necessary to make the property usable for the purpose for which it was acquired. Other charges such as the cost of installation, transportation, taxes, duty or protective in-transit insurance, shall be included or excluded from the unit acquisition cost in accordance with the grantee’s regular accounting practices.

Administrative requirements mean those matters common to grants in general, such as financial management, kinds and frequency of reports, and retention of records. These are distinguished from “programmatic” requirements, which concern matters that can be treated only on a program-by-program or grant-by-grant basis, such as kinds of activities that can be supported by grants under a particular program.

Awarding agency means (1) with respect to a grant, the Federal agency, and (2) with respect to a subgrant, the party that awarded the subgrant.

Cash contributions mean the grantee’s cash outlay, including the outlay of money contributed to the grantee or subgrantee by other public agencies and institutions, and private organizations and individuals. When authorized by Federal legislation, Federal funds...
received from other assistance agreements may be considered as grantee or subgrantee cash contributions.

Contract means (except as used in the definitions for grant and subgrant in this section and except where qualified by Federal) a procurement contract under a grant or subgrant, and means a procurement subcontract under a contract.

Cost sharing or matching means the value of the third party in-kind contributions and the portion of the costs of a federally assisted project or program not borne by the Federal Government.

Cost-type contract means a contract or subcontract under a grant in which the contractor or subcontractor is paid on the basis of the costs it incurs, with or without a fee.

Equipment means tangible, non-expendable, personal property having a useful life of more than one year and an acquisition cost of $5,000 or more per unit. A grantee may use its own definition of equipment provided that such definition would at least include all equipment defined above.

Expenditure report means: (1) For non-construction grants, the SF-269 “Financial Status Report” (or other equivalent report); (2) for construction grants, the SF-271 “Outlay Report and Request for Reimbursement” (or other equivalent report).

Federally recognized Indian tribal government means the governing body or a governmental agency of any Indian tribe, band, nation, or other organized group or community (including any Native village as defined in section 3 of the Alaska Native Claims Settlement Act, 85 Stat 688) certified by the Secretary of the Interior as eligible for the special programs and services provided by him through the Bureau of Indian Affairs.

Government means a State or local government or a federally recognized Indian tribal government.

Grant means an award of financial assistance, including cooperative agreements, in the form of money, or property in lieu of money, by the Federal Government to an eligible grantee. The term does not include technical assistance which provides services instead of money, or other assistance in the form of revenue sharing, loans, loan guarantees, interest subsidies, insurance, or direct appropriations. Also, the term does not include assistance, such as a fellowship or other lump sum award, which the grantee is not required to account for.

Grantee means the government to which a grant is awarded and which is accountable for the use of the funds provided. The grantee is the entire legal entity even if only a particular component of the entity is designated in the grant award document.

Local government means a county, municipality, city, town, township, local public authority (including any public and Indian housing agency under the United States Housing Act of 1937) school district, special district, intrastate district, council of governments (whether or not incorporated as a nonprofit corporation under state law), any other regional or interstate government entity, or any agency or instrumentality of a local government.

Obligations means the amounts of orders placed, contracts and subgrants awarded, goods and services received, and similar transactions during a given period that will require payment by the grantee during the same or a future period.

OMB means the United States Office of Management and Budget.

Outlays (expenditures) mean charges made to the project or program. They may be reported on a cash or accrual basis. For reports prepared on a cash basis, outlays are the sum of actual cash disbursement for direct charges for goods and services, the amount of indirect expense incurred, the value of in-kind contributions applied, and the amount of cash advances and payments made to contractors and subgrantees. For reports prepared on an accrued expenditure basis, outlays are the sum of actual cash disbursements, the amount of indirect expense incurred, the value of in-kind contributions applied, and the new increase (or decrease) in the amounts owed by the grantee for goods and other property received, for services performed by employees, contractors, subgrantees, subcontractors, and other payees, and other amounts becoming owed under programs for which no current services or performance are
required, such as annuities, insurance claims, and other benefit payments.

Percentage of completion method refers to a system under which payments are made for construction work according to the percentage of completion of the work, rather than to the grantee’s cost incurred.

Prior approval means documentation evidencing consent prior to incurring specific cost.

Real property means land, including land improvements, structures and appurtenances thereto, excluding movable machinery and equipment.

Share, when referring to the awarding agency’s portion of real property, equipment or supplies, means the same percentage as the awarding agency’s portion of the acquiring party’s total costs under the grant to which the acquisition costs under the grant to which the acquisition cost of the property was charged. Only costs are to be counted—not the value of third-party in-kind contributions.

State means any of the several States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, or any agency or instrumentality of a State exclusive of local governments. The term does not include any public and Indian housing agency under United States Housing Act of 1937.

Subgrant means an award of financial assistance in the form of money, or property in lieu of money, made under a grant by a grantee to an eligible subgrantee. The term includes financial assistance when provided by contractual legal agreement, but does not include procurement purchases, nor does it include any form of assistance which is excluded from the definition of grant in this part.

Subgrantee means the government or other legal entity to which a subgrant is awarded and which is accountable to the grantee for the use of the funds provided.

Supplies means all tangible personal property other than equipment as defined in this part.

Suspension means depending on the context, either (1) temporary withdrawal of the authority to obligate grant funds pending corrective action by the grantee or subgrantee or a decision to terminate the grant, or (2) an action taken by a suspending official in accordance with agency regulations implementing E.O. 12549 to immediately exclude a person from participating in grant transactions for a period, pending completion of an investigation and such legal or debarment proceedings as may ensue.

Termination means permanent withdrawal of the authority to obligate previously-awarded grant funds before that authority would otherwise expire. It also means the voluntary relinquishment of that authority by the grantee or subgrantee. “Termination” does not include: (1) Withdrawal of funds awarded on the basis of the grantee’s underestimate of the unobligated balance in a prior period; (2) Withdrawal of the unobligated balance as of the expiration of a grant; (3) Refusal to extend a grant or award additional funds, to make a competing or noncompeting continuation, renewal, extension, or supplemental award; or (4) voiding of a grant upon determination that the award was obtained fraudulently, or was otherwise illegal or invalid from inception.

Terms of a grant or subgrant mean all requirements of the grant or subgrant, whether in statute, regulations, or the award document.

Third party in-kind contributions mean property or services which benefit a federally assisted project or program and which are contributed by non-Federal third parties without charge to the grantee, or a cost-type contractor under the grant agreement.

Unliquidated obligations for reports prepared on a cash basis mean the amount of obligations incurred by the grantee that has not been paid. For reports prepared on an accrued expenditure basis, they represent the amount of obligations incurred by the grantee for which an outlay has not been recorded.

Unobligated balance means the portion of the funds authorized by the Federal agency that has not been obligated by the grantee and is determined by deducting the cumulative obligations from the cumulative funds authorized.
§ 13.4 Applicability.

(a) General. Subparts A through D of this part apply to all grants and subgrants to governments, except where inconsistent with Federal statutes or with regulations authorized in accordance with the exception provision of section 13.6, or:

(1) Grants and subgrants to State and local institutions of higher education or State and local hospitals.

(2) The block grants authorized by the Omnibus Budget Reconciliation Act of 1981 (Community Services; Preventive Health and Health Services; Alcohol, Drug Abuse, and Mental Health Services; Maternal and Child Health Services; Social Services; Low-Income Home Energy Assistance; States’ Program of Community Development Block Grants for Small Cities; and Elementary and Secondary Education other than programs administered by the Secretary of Education under title V, subtitle D, Chapter 2, Section 583—the Secretary’s discretionary grant program) and titles I–III of the Job Training Partnership Act of 1982 and under the Public Health Services Act (section 1921), Alcohol and Drug Abuse Treatment and Rehabilitation Block Grant and Part C of title V, Mental Health Service for the Homeless Block Grant.

(3) Entitlement grants to carry out the following programs of the Social Security Act:

(i) Aid to Needy Families with Dependent Children (Title IV–A of the Act, not including the Work Incentive Program (WIN) authorized by section 402(a)(19)(G); HHS grants for WIN are subject to this part);

(ii) Child Support Enforcement and Establishment of Paternity (Title IV–D of the Act);

(iii) Foster Care and Adoption Assistance (Title IV–E of the Act);

(iv) Aid to the Aged, Blind, and Disabled (Titles I, X, XIV, and XVI–AABD of the Act); and

(v) Medical Assistance (Medicaid) (Title XIX of the Act) not including the State Medicaid Fraud Control program authorized by section 1903(a)(6)(B).

(4) Entitlement grants under the following programs of The National School Lunch Act:

(i) School Lunch (section 4 of the Act),

(ii) Commodity Assistance (section 6 of the Act),

(iii) Special Meal Assistance (section 11 of the Act),

(iv) Summer Food Service for Children (section 13 of the Act), and

(v) Child Care Food Program (section 17 of the Act).

(5) Entitlement grants under the following programs of The Child Nutrition Act of 1966:

(i) Special Milk (section 3 of the Act), and

(ii) School Breakfast (section 4 of the Act).

(6) Entitlement grants for State Administrative expenses under The Food Stamp Act of 1977 (section 16 of the Act).

(7) A grant for an experimental, pilot, or demonstration project that is also supported by a grant listed in paragraph (a)(3) of this section;

(8) Grant funds awarded under subsection 412(e) of the Immigration and Nationality Act (8 U.S.C. 1522(e)) and subsection 501(a) of the Refugee Education Assistance Act of 1980 (Pub. L. 96–422, 94 Stat. 1809), for cash assistance, medical assistance, and supplemental security income benefits to refugees and entrants and the administrative costs of providing the assistance and benefits;

(9) Grants to local education agencies under 20 U.S.C. 236 through 243–1(a), and 242 through 244 (portions of the Impact Aid program), except for 20 U.S.C. 238(d)(2)(c) and 240(f) (Entitlement Increase for Handicapped Children); and

(10) Payments under the Veterans Administration’s State Home Per Diem Program (38 U.S.C. 641)(a)).

(b) Entitlement programs. Entitlement programs enumerated above in § 13.4(a) (3) through (8) are subject to subpart E.

§ 13.5 Effect on other issuances.

All other grants administration provisions of codified program regulations, program manuals, handbooks and other nonregulatory materials which are inconsistent with this part are superseded, except to the extent they are required by statute, or authorized in accordance with the exception provision in § 13.6.
§ 13.6 Additions and exceptions.
(a) For classes of grants and grantees subject to this part, Federal agencies may not impose additional administrative requirements except in codified regulations published in the Federal Register.
(b) Exceptions for classes of grants or grantees may be authorized only by OMB.
(c) Exceptions on a case-by-case basis and for subgrantees may be authorized by the affected Federal agencies.

Subpart B—Pre-Award Requirements

§ 13.10 Forms for applying for grants.
(a) Scope. (1) This section prescribes forms and instructions to be used by governmental organizations (except hospitals and institutions of higher education operated by a government) in applying for grants. This section is not applicable, however, to formula grant programs which do not require applicants to apply for funds on a project basis.
(2) This section applies only to applications to Federal agencies for grants, and is not required to be applied by grantees in dealing with applicants for subgrants. However, grantees are encouraged to avoid more detailed or burdensome application requirements for subgrants.
(b) Authorized forms and instructions for governmental organizations. (1) In applying for grants, applicants shall only use standard application forms or those prescribed by the granting agency with the approval of OMB under the Paperwork Reduction Act of 1980.
(2) Applicants are not required to submit more than the original and two copies of preapplications or applications.
(3) Applicants must follow all applicable instructions that bear OMB clearance numbers. Federal agencies may specify and describe the programs, functions, or activities that will be used to plan, budget, and evaluate the work under a grant. Other supplementary instructions may be issued only with the approval of OMB to the extent required under the Paperwork Reduction Act of 1980. For any standard form, except the SF-424 facesheet, Federal agencies may shade out or instruct the applicant to disregard any line item that is not needed.
(4) When a grantee applies for additional funding (such as a continuation or supplemental award) or amends a previously submitted application, only the affected pages need be submitted. Previously submitted pages with information that is still current need not be resubmitted.

§ 13.11 State plans.
(a) Scope. The statutes for some programs require States to submit plans before receiving grants. Under regulations implementing Executive Order 12372, “Intergovernmental Review of Federal Programs,” States are allowed to simplify, consolidate and substitute plans. This section contains additional provisions for plans that are subject to regulations implementing the Executive Order.
(b) Requirements. A State need meet only Federal administrative or programmatic requirements for a plan that are in statutes or codified regulations.
(c) Assurances. In each plan the State will include an assurance that the State shall comply with all applicable Federal statutes and regulations in effect with respect to the periods for which it receives grant funding. For this assurance and other assurances required in the plan, the State may:
(1) Cite by number the statutory or regulatory provisions requiring the assurances and affirm that it gives the assurances required by those provisions,
(2) Repeat the assurance language in the statutes or regulations, or
(3) Develop its own language to the extent permitted by law.
(d) Amendments. A State will amend a plan whenever necessary to reflect: (1) New or revised Federal statutes or regulations or (2) a material change in any State law, organization, policy, or State agency operation. The State will obtain approval for the amendment and its effective date but need submit for approval only the amended portions of the plan.
§ 13.12 Special grant or subgrant conditions for “high-risk” grantees.

(a) A grantee or subgrantee may be considered “high risk” if an awarding agency determines that a grantee or subgrantee:

(1) Has a history of unsatisfactory performance, or
(2) Is not financially stable, or
(3) Has a management system which does not meet the management standards set forth in this part, or
(4) Has not conformed to terms and conditions of previous awards, or
(5) Is otherwise not responsible; and if the awarding agency determines that an award will be made, special conditions and/or restrictions shall correspond to the high risk condition and shall be included in the award.

(b) Special conditions or restrictions may include:

(1) Payment on a reimbursement basis;
(2) Withholding authority to proceed to the next phase until receipt of evidence of acceptable performance within a given funding period;
(3) Requiring additional, more detailed financial reports;
(4) Additional project monitoring;
(5) Requiring the grantee or subgrantee to obtain technical or management assistance; or
(6) Establishing additional prior approvals.

(c) If an awarding agency decides to impose such conditions, the awarding official will notify the grantee or subgrantee as early as possible, in writing, of:

(1) The nature of the special conditions/restrictions;
(2) The reason(s) for imposing them;
(3) The corrective actions which must be taken before they will be removed and the time allowed for completing the corrective actions and
(4) The method of requesting reconsideration of the conditions/restrictions imposed.

§ 13.20 Standards for financial management systems.

(a) A State must expand and account for grant funds in accordance with State laws and procedures for expending and accounting for its own funds. Fiscal control and accounting procedures of the State, as well as its subgrantees and cost-type contractors, must be sufficient to—

(1) Permit preparation of reports required by this part and the statutes authorizing the grant, and

(2) Permit the tracing of funds to a level of expenditures adequate to establish that such funds have not been used in violation of the restrictions and prohibitions of applicable statutes.

(b) The financial management systems of other grantees and subgrantees must meet the following standards:

(1) Financial reporting. Accurate, current, and complete disclosure of the financial results of financially assisted activities must be made in accordance with the financial reporting requirements of the grant or subgrant.

(2) Accounting records. Grantees and subgrantees must maintain records which adequately identify the source and application of funds provided for financially-assisted activities. These records must contain information pertaining to grant or subgrant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays or expenditures, and income.

(3) Internal control. Effective control and accountability must be maintained for all grant and subgrant cash, real and personal property, and other assets. Grantees and subgrantees must adequately safeguard all such property and must assure that it is used solely for authorized purposes.

(4) Budget control. Actual expenditures or outlays must be compared with budgeted amounts for each grant or subgrant. Financial information
must be related to performance or productivity data, including the development of unit cost information whenever appropriate or specifically required in the grant or subgrant agreement. If unit cost data are required, estimates based on available documentation will be accepted whenever possible.

(5) Allowable cost. Applicable OMB cost principles, agency program regulations, and the terms of grant and subgrant agreements will be followed in determining the reasonableness, allowability, and allocability of costs.

(6) Source documentation. Accounting records must be supported by such source documentation as cancelled checks, paid bills, payrolls, time and attendance records, contract and subgrant award documents, etc.

(7) Cash management. Procedures for minimizing the time elapsing between the transfer of funds from the U.S. Treasury and disbursement by grantees and subgrantees must be followed whenever advance payment procedures are used. Grantees must establish reasonable procedures to ensure the receipt of reports on subgrantees' cash balances and cash disbursements in sufficient time to enable them to prepare complete and accurate cash transactions reports to the awarding agency. When advances are made by letter-of-credit or electronic transfer of funds methods, the grantees must make drawdowns as close as possible to the time of making disbursements. Grantees must monitor cash drawdowns by their subgrantees to assure that they conform substantially to the same standards of timing and amount as apply to advances to the grantees.

(c) An awarding agency may review the adequacy of the financial management system of any applicant for financial assistance as part of a preaward review or at any time subsequent to award.

§ 13.21 Payment.

(a) Scope. This section prescribes the basic standard and the methods under which a Federal agency will make payments to grantees, and grantees will make payments to subgrantees and contractors. 

(b) Basic standard. Methods and procedures for payment shall minimize the time elapsing between the transfer of funds and disbursement by the grantee or subgrantee, in accordance with Treasury regulations at 31 CFR part 205.

(c) Advances. Grantees and subgrantees shall be paid in advance, provided they maintain or demonstrate the willingness and ability to maintain procedures to minimize the time elapsing between the transfer of the funds and their disbursement by the grantee or subgrantee.

(d) Reimbursement. Reimbursement shall be the preferred method when the requirements in paragraph (c) of this section are not met. Grantees and subgrantees may also be paid by reimbursement for any construction grant. Except as otherwise specified in regulation, Federal agencies shall not use the percentage of completion method to pay construction grants. The grantee or subgrantee may use that method to pay its construction contractor, and if it does, the awarding agency's payments to the grantee or subgrantee will be based on the grantee's or subgrantee's actual rate of disbursement.

(e) Working capital advances. If a grantee cannot meet the criteria for advance payments described in paragraph (c) of this section, and the Federal agency has determined that reimbursement is not feasible because the grantee lacks sufficient working capital, the awarding agency may provide cash or a working capital advance basis. Under this procedure the awarding agency shall advance cash to the grantee to cover its estimated disbursement needs for an initial period generally geared to the grantee's disbursing cycle. Thereafter, the awarding agency shall reimburse the grantee for its actual cash disbursements. The working capital advance method of payment shall not be used by grantees or subgrantees if the reason for using such method is the unwillingness or inability of the grantee to provide timely advances to the subgrantee to meet the subgrantee's actual cash disbursements.

(f) Effect of program income, refunds, and audit recoveries on payment. (1)
Grantees and subgrantees shall disburse repayments to and interest earned on a revolving fund before requesting additional cash payments for the same activity.

(2) Except as provided in paragraph (f)(1) of this section, grantees and subgrantees shall disburse program income, rebates, refunds, contract settlements, audit recoveries and interest earned on such funds before requesting additional cash payments.

(g) Withholding payments. (1) Unless otherwise required by Federal statute, awarding agencies shall not withhold payments for proper charges incurred by grantees or subgrantees unless—

(i) The grantee or subgrantee has failed to comply with grant award conditions or

(ii) The grantee or subgrantee is indebted to the United States.

(2) Cash withheld for failure to comply with grant award condition, but without suspension of the grant, shall be released to the grantee upon subsequent compliance. When a grant is suspended, payment adjustments will be made in accordance with §13.43(c).

(3) A Federal agency shall not make payment to grantees for amounts that are withheld by grantees or subgrantees from payment to contractors to assure satisfactory completion of work. Payments shall be made by the Federal agency when the grantees or subgrantees actually disburse the withheld funds to the contractors or to escrow accounts established to assure satisfactory completion of work.

(h) Cash depositories. (1) Consistent with the national goal of expanding the opportunities for minority business enterprises, grantees and subgrantees are encouraged to use minority banks (a bank which is owned at least 50 percent by minority group members). A list of minority owned banks can be obtained from the Minority Business Development Agency, Department of Commerce, Washington, DC 20230.

(2) A grantee or subgrantee shall maintain a separate bank account only when required by Federal-State agreement.

(i) Interest earned on advances. Except for interest earned on advances of funds exempt under the Intergovernmental Cooperation Act (31 U.S.C. 6501 et seq.) and the Indian Self-Determination Act (23 U.S.C. 450), grantees and subgrantees shall promptly, but at least quarterly, remit interest earned on advances to the Federal agency. The grantee or subgrantee may keep interest amounts up to $100 per year for administrative expenses.

§ 13.22 Allowable costs.

(a) Limitation on use of funds. Grant funds may be used only for:

(1) The allowable costs of the grantees, subgrantees and cost-type contractors, including allowable costs in the form of payments to fixed-price contractors; and

(2) Reasonable fees or profit to cost-type contractors but not any fee or profit (or other increment above allowable costs) to the grantee or subgrantee.

(b) Applicable cost principles. For each kind of organization, there is a set of Federal principles for determining allowable costs. Allowable costs will be determined in accordance with the cost principles applicable to the organization incurring the costs. The following chart lists the kinds of organizations and the applicable cost principles.

<table>
<thead>
<tr>
<th>For the costs of a—</th>
<th>Use the principles in—</th>

§ 13.23 Period of availability of funds.

(a) General. Where a funding period is specified, a grantee may charge to the award only costs resulting from obligations of the funding period unless carryover of unobligated balances is permitted, in which case the carryover balances may be charged for costs resulting from obligations of the subsequent funding period.
§ 13.24 Matching or cost sharing.

(a) Basic rule: Costs and contributions acceptable. With the qualifications and exceptions listed in paragraph (b) of this section, a matching or cost sharing requirement may be satisfied by either or both of the following:

(1) Allowable costs incurred by the grantee, subgrantee or a cost-type contractor under the assistance agreement. This includes allowable costs borne by non-Federal grants or by others cash donations from non-Federal third parties.

(2) The value of third party in-kind contributions applicable to the period to which the cost sharing or matching requirements applies.

(b) Qualifications and exceptions—(1) Costs borne by other Federal grant agreements. Except as provided by Federal statute, a cost sharing or matching requirement may not be met by costs borne by another Federal grant. This prohibition does not apply to income earned by a grantee or subgrantee from a contract awarded under another Federal grant.

(2) General revenue sharing. For the purpose of this section, general revenue sharing funds distributed under 31 U.S.C. 6702 are not considered Federal grant funds.

(3) Cost or contributions counted towards other Federal costs-sharing requirements. Neither costs nor the values of third party in-kind contributions may count towards satisfying a cost sharing or matching requirement of a grant agreement if they have been or will be counted towards satisfying a cost sharing or matching requirement of another Federal grant agreement, a Federal procurement contract, or any other award of Federal funds.

(4) Costs financed by program income. Costs financed by program income, as defined in §13.25, shall not count towards satisfying a cost sharing or matching requirement unless they are expressly permitted in the terms of the assistance agreement. (This use of general program income is described in §13.25(g).)

(5) Services or property financed by income earned by contractors. Contractors under a grant may earn income from the activities carried out under the contract in addition to the amounts earned from the party awarding the contract. No costs of services or property supported by this income may count toward satisfying a cost sharing or matching requirement unless other provisions of the grant agreement expressly permit this kind of income to be used to meet the requirement.

(6) Records. Costs and third party in-kind contributions counting towards satisfying a cost sharing or matching requirement must be verifiable from the records of grantees and subgrantee or cost-type contractors. These records must show how the value placed on third party in-kind contributions was derived. To the extent feasible, volunteer services will be supported by the same methods that the organization uses to support the allocability of regular personnel costs.

(7) Special standards for third party in-kind contributions. (i) Third party in-kind contributions count towards satisfying a cost sharing or matching requirement only where, if the party receiving the contributions were to pay for them, the payments would be allowable costs.

(ii) Some third party in-kind contributions are goods and services that, if the grantee, subgrantee, or contractor receiving the contribution had to pay for them, the payments would have been an indirect costs. Costs sharing or matching credit for such contributions shall be given only if the grantee, subgrantee, or contractor has established, along with its regular indirect cost rate, a special rate for allocating to individual projects or programs the value of the contributions.

(iii) A third party in-kind contribution to a fixed-price contract may count towards satisfying a cost sharing or matching requirement only if it results in:
Federal Emergency Management Agency

§ 13.24

(A) An increase in the services or property provided under the contract (without additional cost to the grantee or subgrantee) or
(B) A cost savings to the grantee or subgrantee.

(iv) The values placed on third party in-kind contributions for cost sharing or matching purposes will conform to the rules in the succeeding sections of this part. If a third party in-kind contribution is a type not treated in those sections, the value placed upon it shall be fair and reasonable.

(c) Valuation of donated services—(1) Volunteer services. Unpaid services provided to a grantee or subgrantee by individuals will be valued at rates consistent with those ordinarily paid for similar work in the grantee's or subgrantee's organization. If the grantee or subgrantee does not have employees performing similar work, the rates will be consistent with those ordinarily paid by other employers for similar work in the same labor market. In either case, a reasonable amount for fringe benefits may be included in the valuation.

(2) Employees of other organizations. When an employer other than a grantee, subgrantee, or cost-type contractor furnishes free of charge the services of an employee in the employee's normal line of work, the services will be valued at the employee's regular rate of pay exclusive of the employee's fringe benefits and overhead costs. If the services are in a different line of work, the rates will be consistent with those ordinarily paid by other employers for similar work in the same labor market. In either case, a reasonable amount for fringe benefits may be included in the valuation.

(d) Valuation of third party donated supplies and loaned equipment or space.
(1) If a third party donates supplies, the contribution will be valued at the market value of the supplies at the time of donation.

(2) If a third party donates the use of equipment or space in a building but retains title, the contribution will be valued at the fair rental rate of the equipment or space.

(e) Valuation of third party donated equipment, buildings, and land. If a third party donates equipment, buildings, or land, and title passes to a grantee or subgrantee, the treatment of the donated property will depend upon the purpose of the grant or subgrant, as follows:

(1) Awards for capital expenditures. If the purpose of the grant or subgrant is to assist the grantee or subgrantee in the acquisition of property, the market value of that property at the time of donation may be counted as cost sharing or matching.

(2) Other awards. If assisting in the acquisition of property is not the purpose of the grant or subgrant, paragraphs (e)(2) (i) and (ii) of this section apply:

(i) If approval is obtained from the awarding agency, the market value at the time of donation of the donated equipment or buildings and the fair rental rate of the donated land may be counted as cost sharing or matching. In the case of a subgrant, the terms of the grant agreement may require that the approval be obtained from the Federal agency as well as the grantee. In all cases, the approval may be given only if a purchase of the equipment or rental of the land would be approved as an allowable direct cost. If any part of the donated property was acquired with Federal funds, only the non-Federal share of the property may be counted as cost-sharing or matching.

(ii) If approval is not obtained under paragraph (e)(2)(i) of this section, no amount may be counted for donated land, and only depreciation or use allowances may be counted for donated equipment and buildings. The depreciation or use allowances for this property are not treated as third party in-kind contributions. Instead, they are treated as costs incurred by the grantee or subgrantee. They are computed and allocated (usually as indirect costs) in accordance with the cost principles specified in §13.22, in the same way as depreciation or use allowances for purchased equipment and buildings. The amount of depreciation or use allowances for donated equipment and buildings is based on the property's market value at the time it was donated.

(f) Valuation of grantee or subgrantee donated real property for construction/acquisition. If a grantee or subgrantee donates real property for a construction or facilities acquisition project, the current market value of that property may be counted as cost sharing or matching. If any part of the donated property was acquired with Federal
funds, only the non-Federal share of the property may be counted as cost sharing or matching.

(g) Appraisal of real property. In some cases under paragraphs (d), (e) and (f) of this section, it will be necessary to establish the market value of land or a building or the fair rental rate of land or of space in a building. In these cases, the Federal agency may require the market value or fair rental value be set by an independent appraiser, and that the value or rate be certified by the grantee. This requirement will also be imposed by the grantee on subgrantees.

§ 13.25 Program income.

(a) General. Grantees are encouraged to earn income to defray program costs. Program income includes income from fees for services performed, from the use or rental of real or personal property acquired with grant funds, from the sale of commodities or items fabricated under a grant agreement, and from payments of principal and interest on loans made with grant funds. Except as otherwise provided in regulations of the Federal agency, program income does not include interest on grant funds, rebates, credits, discounts, refunds, etc. and interest earned on any of them.

(b) Definition of program income. Program income means gross income received by the grantee or subgrantee directly generated by a grant supported activity, or earned only as a result of the grant agreement during the grant period. During the grant period is the time between the effective date of the award and the ending date of the award reflected in the final financial report.

(c) Cost of generating program income. If authorized by Federal regulations or the grant agreement, costs incident to the generation of program income may be deducted from gross income to determine program income.

(d) Governmental revenues. Taxes, special assessments, fines, and other such revenues raised by a grantee or subgrantee are not program income unless the revenues are specifically identified in the grant agreement or Federal agency regulations as program income.

(e) Royalties. Income from royalties and license fees for copyrighted material, patents, and inventions developed by a grantee or subgrantee is program income only if the revenues are specifically identified in the grant agreement or Federal agency regulations as program income. (See §13.34.)

(f) Property. Proceeds from the sale of real property or equipment will be handled in accordance with the requirements of §§13.31 and 13.32.

(g) Use of program income. Program income shall be deducted from outlays which may be both Federal and non-Federal as described below, unless the Federal agency regulations or the grant agreement specify another alternative (or a combination of the alternatives). In specifying alternatives, the Federal agency may distinguish between income earned by the grantee and income earned by subgrantees and between the sources, kinds, or amounts of income. When Federal agencies authorize the alternatives in paragraphs (g) (2) and (3) of this section, program income in excess of any limits stipulated shall also be deducted from outlays.

1. Deduction. Ordinarily program income shall be deducted from total allowable costs to determine the net allowable costs. Program income shall be used for current costs unless the Federal agency authorizes otherwise. Program income which the grantee did not anticipate at the time of the award shall be used to reduce the Federal agency and grantee contributions rather than to increase the funds committed to the project.

2. Addition. When authorized, program income may be added to the funds committed to the grant agreement by the Federal agency and the grantee. The program income shall be used for the purposes and under the conditions of the grant agreement.

3. Cost sharing or matching. When authorized, program income may be used to meet the cost sharing or matching requirement of the grant agreement. The amount of the Federal grant award remains the same.

(h) Income after the award period. There are no Federal requirements governing the disposition of program income earned after the end of the award period (i.e., until the ending date of the final financial report, see paragraph (a)
§ 13.26 Non-Federal audit.

(a) Basic rule. Grantees and subgrantees are responsible for obtaining audits in accordance with the Single Audit Act Amendments of 1996 (31 U.S.C. 7501-7507) and revised OMB Circular A-133, “Audits of States, Local Governments, and Non-Profit Organizations.” The audits shall be made by an independent auditor in accordance with generally accepted government auditing standards covering financial audits.

(b) Subgrantees. State or local governments, as those terms are defined for purposes of the Single Audit Act Amendments of 1996, that provide Federal awards to a subgrantee, which expends $300,000 or more (or other amount as specified by OMB) in Federal awards in a fiscal year, shall:

(1) Determine whether State or local subgrantees have met the audit requirements of the Act and whether subgrantees covered by OMB Circular A-110, “Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations,” have met the audit requirements of the Act. Commercial contractors (private for-profit and private and governmental organizations) providing goods and services to State and local governments are not required to have a single audit performed. State and local governments should use their own procedures to ensure that the contractor has complied with laws and regulations affecting the expenditure of Federal funds;

(2) Determine whether the subgrantee spent Federal assistance funds provided in accordance with applicable laws and regulations. This may be accomplished by reviewing an audit of the subgrantee made in accordance with the Act, Circular A-110, or through other means (e.g., program reviews) if the subgrantee has not had such an audit;

(3) Ensure that appropriate corrective action is taken within six months after receipt of the audit report in instance of noncompliance with Federal laws and regulations;

(4) Consider whether subgrantee audits necessitate adjustment of the grantee’s own records; and

(5) Require each subgrantee to permit independent auditors to have access to the records and financial statements.

(c) Auditor selection. In arranging for audit services, §13.36 shall be followed.

§ 13.30 Changes.

(a) General. Grantees and subgrantees are permitted to rebudget within the approved direct cost budget to meet unanticipated requirements and may make limited program changes to the approved project. However, unless waived by the awarding agency, certain types of post-award changes in budgets and projects shall require the prior written approval of the awarding agency.

(b) Relation to cost principles. The applicable cost principles (see §13.22) contain requirements for prior approval of certain types of costs. Except where waived, those requirements apply to all grants and subgrants even if paragraphs (c) through (f) of this section do not.

(c) Budget changes—(1) Nonconstruction projects. Except as stated in other regulations or an award document, grantees or subgrantees shall obtain the prior approval of the awarding agency whenever any of the following changes is anticipated under a nonconstruction award:

(i) Any revision which would result in the need for additional funding.

(ii) Unless waived by the awarding agency, cumulative transfers among direct cost categories, or, if applicable, among separately budgeted programs, projects, functions, or activities which exceed or are expected to exceed ten percent of the current total approved budget, whenever the awarding agency’s share exceeds $100,000.

(iii) Transfer of funds allotted for training allowances (i.e., from direct payments to trainees to other expense categories).
§ 13.31

(2) Construction projects. Grantees and subgrantees shall obtain prior written approval for any budget revision which would result in the need for additional funds.

(3) Combined construction and nonconstruction projects. When a grant or subgrant provides funding for both construction and nonconstruction activities, the grantee or subgrantee must obtain prior written approval from the awarding agency before making any fund or budget transfer from nonconstruction to construction or vice versa.

(d) Programmatic changes. Grantees or subgrantees must obtain the prior approval of the awarding agency whenever any of the following actions is anticipated:

1. Any revision of the scope or objectives of the project (regardless of whether there is an associated budget revision requiring prior approval).

2. Need to extend the period of availability of funds.

3. Changes in key persons in cases where specified in an application or a grant award. In research projects, a change in the project director or principal investigator shall always require approval unless waived by the awarding agency.

4. Under nonconstruction projects, contracting out, subgranting (if authorized by law) or otherwise obtaining the services of a third party to perform activities which are central to the purposes of the award. This approval requirement is in addition to the approval requirements of § 13.36 but does not apply to the procurement of equipment, supplies, and general support services.

(e) Additional prior approval requirements. The awarding agency may not require prior approval for any budget revision which is not described in paragraph (c) of this section.

(f) Requesting prior approval. (1) A request for prior approval of any budget revision will be in the same budget format the grantee used in its application and shall be accompanied by a narrative justification for the proposed revision.

(2) A request for a prior approval under the applicable Federal cost principles (see §13.22) may be made by letter.

(3) A request by a subgrantee for prior approval will be addressed in writing to the grantee. The grantee will promptly review such request and shall approve or disapprove the request in writing. A grantee will not approve any budget or project revision which is inconsistent with the purpose or terms and conditions of the Federal grant to the grantee. If the revision, requested by the subgrantee would result in a change to the grantee’s approved project which requires Federal prior approval, the grantee will obtain the Federal agency’s approval before approving the subgrantee’s request.

§ 13.31 Real property.

(a) Title. Subject to the obligations and conditions set forth in this section, title to real property acquired under a grant or subgrant will vest upon acquisition in the grantee or subgrantee respectively.

(b) Use. Except as otherwise provided by Federal statutes, real property will be used for the originally authorized purposes as long as needed for that purposes, and the grantee or subgrantee shall not dispose of or encumber its title or other interests.

(c) Disposition. When real property is no longer needed for the originally authorized purpose, the grantee or subgrantee will request disposition instructions from the awarding agency. The instructions will provide for one of the following alternatives:

1. Retention of title. Retain title after compensating the awarding agency. The amount paid to the awarding agency will be computed by applying the awarding agency’s percentage of participation in the cost of the original purchase to the fair market value of the property. However, in those situations where a grantee or subgrantee is disposing of real property acquired with grant funds and acquiring replacement real property under the same program, the net proceeds from the disposition may be used as an offset to the cost of the replacement property.

2. Sale of property. Sell the property and compensate the awarding agency. The amount due to the awarding agency will be calculated by applying the
award the agency's percentage of participation in the cost of the original purchase to the proceeds of the sale after deduction of any actual and reasonable selling and fixing-up expenses. If the grant is still active, the net proceeds from sale may be offset against the original cost of the property. When a grantee or subgrantee is directed to sell property, sales procedures shall be followed that provide for competition to the extent practicable and result in the highest possible return.

(3) Transfer title. Transfer title to the awarding agency or to a third-party designated/approved by the awarding agency. The grantee or subgrantee shall be paid an amount calculated by applying the grantee or subgrantee's percentage of participation in the purchase of the real property to the current fair market value of the property.

§ 13.32 Equipment.
(a) Title. Subject to the obligations and conditions set forth in this section, title to equipment acquired under a grant or subgrant will vest upon acquisition in the grantee or subgrantee respectively.
(b) States. A State will use, manage, and dispose of equipment acquired under a grant by the State in accordance with State laws and procedures. Other grantees and subgrantees will follow paragraphs (c) through (e) of this section.
(c) Use. (1) Equipment shall be used by the grantee or subgrantee in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by Federal funds. When no longer needed for the original program or project, the equipment may be used in other activities currently or previously supported by a Federal agency.
(2) The grantee or subgrantee shall also make equipment available for use on other projects or programs currently or previously supported by the Federal Government, providing such use will not interfere with the work on the projects or program for which it was originally acquired. First preference for other use shall be given to other programs or projects supported by the awarding agency. User fees should be considered if appropriate.
(3) Notwithstanding the encouragement in §13.25(a) to earn program income, the grantee or subgrantee must not use equipment acquired with grant funds to provide services for a fee to compete unfairly with private companies that provide equivalent services, unless specifically permitted or contemplated by Federal statute.
(4) When acquiring replacement equipment, the grantee or subgrantee may use the equipment to be replaced as a trade-in or sell the property and use the proceeds to offset the cost of the replacement property, subject to the approval of the awarding agency.
(d) Management requirements. Procedures for managing equipment (including replacement equipment), whether acquired in whole or in part with grant funds, until disposition takes place will, as a minimum, meet the following requirements:
(1) Property records must be maintained that include a description of the property, a serial number or other identification number, the source of property, who holds title, the acquisition date, and cost of the property, percentage of Federal participation in the cost of the property, the location, use and condition of the property, and any ultimate disposition data including the date of disposal and sale price of the property.
(2) A physical inventory of the property must be taken and the results reconciled with the property records at least once every two years.
(3) A control system must be developed to ensure adequate safeguards to prevent loss, damage, or theft of the property. Any loss, damage, or theft shall be investigated.
(4) Adequate maintenance procedures must be developed to keep the property in good condition.
(5) If the grantee or subgrantee is authorized or required to sell the property, proper sales procedures must be established to ensure the highest possible return.
(e) Disposition. When original or replacement equipment acquired under a grant or subgrant is no longer needed for the original project or program or...
§ 13.33 Supplies.

(a) Title. Title to supplies acquired under a grant or subgrant will vest, upon acquisition, in the grantee or subgrantee respectively.

(b) Disposition. If there is a residual inventory of unused supplies exceeding $5,000 in total aggregate fair market value upon termination or completion of the award, and if the supplies are not needed for any other federally sponsored programs or projects, the grantee or subgrantee shall compensate the awarding agency for its share.

§ 13.34 Copyrights.

The Federal awarding agency reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for Federal Government purposes:

(a) The copyright in any work developed under a grant, subgrant, or contract under a grant or subgrant; and

(b) Any rights of copyright to which a grantee, subgrantee or a contractor purchases ownership with grant support.

§ 13.35 Subawards to debarred and suspended parties.

Grantees and subgrantees must not make any award or permit any award (subgrant or contract) at any tier to any party which is debarred or suspended or is otherwise excluded from or ineligible for participation in Federal assistance programs under Executive Order 12549, “Debarment and Suspension.”

§ 13.36 Procurement.

(a) States. When procuring property and services under a grant, a State will follow the same policies and procedures it uses for procurements from its non-Federal funds. The State will ensure that every purchase order or other contract includes any clauses required by Federal statutes and executive orders and their implementing regulations. Other grantees and subgrantees will...
follow paragraphs (b) through (i) in this section.

(b) Procurement standards.

(1) Grantees and subgrantees will use their own procurement procedures which reflect applicable State and local laws and regulations, provided that the procurements conform to applicable Federal law and the standards identified in this section.

(2) Grantees and subgrantees will maintain a contract administration system which ensures that contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders.

(3) Grantees and subgrantees will maintain a written code of standards of conduct governing the performance of their employees engaged in the award and administration of contracts. No employee, officer or agent of the grantee or subgrantee shall participate in selection, or in the award or administration of a contract supported by Federal funds if a conflict of interest, real or apparent, would be involved. Such a conflict would arise when:

(i) The employee, officer or agent,

(ii) Any member of his immediate family,

(iii) His or her partner, or

(iv) An organization which employs, or is about to employ, any of the above, has a financial or other interest in the firm selected for award. The grantee's or subgrantee's officers, employees or agents will neither solicit nor accept gratuities, favors or anything of monetary value from contractors, potential contractors, or parties to subagreements. Grantee and subgrantees may set minimum rules where the financial interest is not substantial or the gift is an unsolicited item of nominal intrinsic value. To the extent permitted by State or local law or regulations, such standards or conduct will provide for penalties, sanctions, or other disciplinary actions for violations of such standards by the grantee's and subgrantee's officers, employees, or agents, or by contractors or their agents. The awarding agency may in regulation provide additional prohibitions relative to real, apparent, or potential conflicts of interest.

(4) Grantee and subgrantee procedures will provide for a review of proposed procurements to avoid purchase of unnecessary or duplicative items. Consideration should be given to consolidating or breaking out procurements to obtain a more economical purchase. Where appropriate, an analysis will be made of lease versus purchase alternatives, and any other appropriate analysis to determine the most economical approach.

(5) To foster greater economy and efficiency, grantees and subgrantees are encouraged to enter into State and local intergovernmental agreements for procurement or use of common goods and services.

(6) Grantees and subgrantees are encouraged to use Federal excess and surplus property in lieu of purchasing new equipment and property whenever such use is feasible and reduces project costs.

(7) Grantees and subgrantees are encouraged to use value engineering clauses in contracts for construction projects of sufficient size to offer reasonable opportunities for cost reductions. Value engineering is a systematic and creative analysis of each contract item or task to ensure that its essential function is provided at the overall lower cost.

(8) Grantees and subgrantees will make awards only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.

(9) Grantees and subgrantees will maintain records sufficient to detail the significant history of a procurement. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price.

(10) Grantees and subgrantees will use time and material type contracts only—

(i) After a determination that no other contract is suitable, and

(ii) If the contract includes a ceiling price that the contractor exceeds at its own risk.
(11) Grantees and subgrantees alone will be responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the grantee or subgrantee of any contractual responsibilities under its contracts. Federal agencies will not substitute their judgment for that of the grantee or subgrantee unless the matter is primarily a Federal concern. Violations of law will be referred to the local, State, or Federal authority having proper jurisdiction.

(12) Grantees and subgrantees will have protest procedures to handle and resolve disputes relating to their procurements and shall in all instances disclose information regarding the protest to the awarding agency. A protestor must exhaust all administrative remedies with the grantee and subgrantee before pursuing a protest with the Federal agency. Reviews of protests by the Federal agency will be limited to:

(i) Violations of Federal law or regulations and the standards of this section (violations of State or local law will be under the jurisdiction of State or local authorities) and

(ii) Violations of the grantee's or subgrantee's protest procedures for failure to review a complaint or protest. Protests received by the Federal agency other than those specified above will be referred to the grantee or subgrantee.

(c) Competition. (1) All procurement transactions will be conducted in a manner providing full and open competition consistent with the standards of section 13.36. Some of the situations considered to be restrictive of competition include but are not limited to:

(i) Placing unreasonable requirements on firms in order for them to qualify to do business,

(ii) Requiring unnecessary experience and excessive bonding,

(iii) Noncompetitive pricing practices between firms or between affiliated companies,

(iv) Noncompetitive awards to consultants that are on retainer contracts,

(v) Organizational conflicts of interest,

(vi) Specifying only a “brand name” product instead of allowing “an equal” product to be offered and describing the performance of other relevant requirements of the procurement, and

(vii) Any arbitrary action in the procurement process.

(2) Grantees and subgrantees will conduct procurements in a manner that prohibits the use of statutorily or administratively imposed in-State or local geographical preferences in the evaluation of bids or proposals, except in those cases where applicable Federal statutes expressly mandate or encourage geographic preference. Nothing in this section preempts State licensing laws. When contracting for architectural and engineering (A/E) services, geographic location may be a selection criteria provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.

(3) Grantees will have written selection procedures for procurement transactions. These procedures will ensure that all solicitations:

(i) Incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description shall not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product or service to be procured, and when necessary, shall set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible. When it is impractical or uneconomical to make a clear and accurate description of the technical requirements, a “brand name or equal” description may be used as a means to define the performance or other salient requirements of a procurement. The specific features of the named brand which must be met by offerors shall be clearly stated; and

(ii) Identify all requirements which the offerors must fulfill and all other factors to be used in evaluating bids or proposals.
(4) Grantees and subgrantees will ensure that all prequalified lists of persons, firms, or products which are used in acquiring goods and services are current and include enough qualified sources to ensure maximum open and free competition. Also, grantees and subgrantees will not preclude potential bidders from qualifying during the solicitation period.

(d) Methods of procurement to be followed—

(1) Procurement by small purchase procedures. Small purchase procedures are those relatively simple and informal procurement methods for securing services, supplies, or other property that do not cost more than the simplified acquisition threshold fixed at 41 U.S.C. 403(11) (currently set at $100,000). If small purchase procedures are used, price or rate quotations shall be obtained from an adequate number of qualified sources.

(2) Procurement by sealed bids (formal advertising). Bids are publicly solicited and a firm-fixed-price contract (lump sum or unit price) is awarded to the responsible bidder whose bid, conforming with all the material terms and conditions of the invitation for bids, is the lowest in price. The sealed bid method is the preferred method for procuring construction, if the conditions in § 13.36(d)(2)(i) apply.

(i) In order for sealed bidding to be feasible, the following conditions should be present:

(A) A complete, adequate, and realistic specification or purchase description is available;

(B) Two or more responsible bidders are willing and able to compete effectively and for the business; and

(C) The procurement lends itself to a firm fixed price contract and the selection of the successful bidder can be made principally on the basis of price.

(ii) If sealed bids are used, the following requirements apply:

(A) The invitation for bids will be publicly advertised and bids shall be solicited from an adequate number of known suppliers, providing them sufficient time prior to the date set for opening the bids;

(B) The invitation for bids, which will include any specifications and pertinent attachments, shall define the items or services in order for the bidder to properly respond;

(C) All bids will be publicly opened at the time and place prescribed in the invitation for bids;

(D) A firm fixed-price contract award will be made in writing to the lowest responsive and responsible bidder. Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs shall be considered in determining which bid is lowest. Payment discounts will only be used to determine the low bid when prior experience indicates that such discounts are usually taken advantage of; and

(E) Any or all bids may be rejected if there is a sound documented reason.

(3) Procurement by competitive proposals. The technique of competitive proposals is normally conducted with more than one source submitting an offer, and either a fixed-price or cost-reimbursement type contract is awarded. It is generally used when conditions are not appropriate for the use of sealed bids. If this method is used, the following requirements apply:

(i) Requests for proposals will be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals shall be honored to the maximum extent practical;

(ii) Proposals will be solicited from an adequate number of qualified sources;

(iii) Grantees and subgrantees will have a method for conducting technical evaluations of the proposals received and for selecting awardees;

(iv) Awards will be made to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered; and

(v) Grantees and subgrantees may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used in procurement of A/E professional services. It cannot be used to purchase other types of services.
§ 13.36

of services though A/E firms are a potential source to perform the proposed effort.

(4) Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source, or after solicitation of a number of sources, competition is determined inadequate.

(i) Procurement by noncompetitive proposals may be used only when the award of a contract is infeasible under sealed bids or competitive proposals and one of the following circumstances applies:

(A) The item is available only from a single source;

(B) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;

(C) The awarding agency authorizes noncompetitive proposals; or

(D) After solicitation of a number of sources, competition is determined inadequate.

(ii) Cost analysis, i.e., verifying the proposed cost data, the projections of the data, and the evaluation of the specific elements of costs and profits, is required.

(iii) Grantees and subgrantees may be required to submit the proposed procurement to the awarding agency for pre-award review in accordance with paragraph (g) of this section.

(e) Contracting with small and minority firms, women's business enterprise and labor surplus area firms. (1) The grantee and subgrantee will take all necessary affirmative steps to assure that minority firms, women's business enterprises, and labor surplus area firms are used when possible.

(2) Affirmative steps shall include:

(i) Placing qualified small and minority businesses and women's business enterprises on solicitation lists;

(ii) Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;

(iii) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority business, and women's business enterprises;

(iv) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority business, and women's business enterprises;

(v) Using the services and assistance of the Small Business Administration, and the Minority Business Development Agency of the Department of Commerce; and

(vi) Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs (e)(2) (i) through (v) of this section.

(f) Contract cost and price. (1) Grantees and subgrantees must perform a cost or price analysis in connection with every procurement action including contract modifications. The method and degree of analysis is dependent on the facts surrounding the particular procurement situation, but as a starting point, grantees must make independent estimates before receiving bids or proposals. A cost analysis must be performed when the offeror is required to submit the elements of his estimated cost, e.g., under professional, consulting, and architectural engineering services contracts. A cost analysis will be necessary when adequate price competition is lacking, and for sole source procurements, including contract modifications or change orders, unless price reasonableness can be established on the basis of a catalog or market price of a commercial product sold in substantial quantities to the general public or based on prices set by law or regulation. A price analysis will be used in all other instances to determine the reasonableness of the proposed contract price.

(2) Grantees and subgrantees will negotiate profit as a separate element of the price for each contract in which there is no price competition and in all cases where cost analysis is performed. To establish a fair and reasonable profit, consideration will be given to the complexity of the work to be performed, the risk borne by the contractor, the contractor's investment, the amount of subcontracting, the quality of its record of past performance, and industry profit rates in the surrounding geographical area for similar work.
(3) Costs or prices based on estimated costs for contracts under grants will be allowable only to the extent that costs incurred or cost estimates included in negotiated prices are consistent with Federal cost principles (see §13.22). Grantees may reference their own cost principles that comply with the applicable Federal cost principles.

(4) The cost plus a percentage of cost and percentage of construction cost methods of contracting shall not be used.

(g) Awarding agency review. (1) Grantees and subgrantees must make available, upon request of the awarding agency, technical specifications on proposed procurements where the awarding agency believes such review is needed to ensure that the item and/or service specified is the one being proposed for purchase. This review generally will take place prior to the time the specification is incorporated into a solicitation document. However, if the grantee or subgrantee desires to have the review accomplished after a solicitation has been developed, the awarding agency may still review the specifications, with such review usually limited to the technical aspects of the proposed purchase.

(2) Grantees and subgrantees must on request make available for awarding agency pre-award review procurement documents, such as requests for proposals or invitations for bids, independent cost estimates, etc. when:

(i) A grantee's or subgrantee's procurement procedures or operation fails to comply with the procurement standards in this section; or

(ii) The procurement is expected to exceed the simplified acquisition threshold and is to be awarded without competition or only one bid or offer is received in response to a solicitation; or

(iii) The procurement, which is expected to exceed the simplified acquisition threshold, specifies a "brand name" product; or

(iv) The proposed award is more than the simplified acquisition threshold and is to be awarded to other than the apparent low bidder under a sealed bid procurement; or

(v) A proposed contract modification changes the scope of a contract or increases the contract amount by more than the simplified acquisition threshold.

(3) A grantee or subgrantee will be exempt from the pre-award review in paragraph (g)(2) of this section if the awarding agency determines that its procurement systems comply with the standards of this section.

(i) A grantee or subgrantee may request that its procurement system be reviewed by the awarding agency to determine whether its system meets these standards in order for its system to be certified. Generally, these reviews shall occur where there is a continuous high-dollar funding, and third-party contracts are awarded on a regular basis.

(ii) A grantee or subgrantee may self-certify its procurement system. Such self-certification shall not limit the awarding agency's right to survey the system. Under a self-certification procedure, awarding agencies may wish to rely on written assurances from the grantee or subgrantee that it is complying with these standards. A grantee or subgrantee will cite specific procedures, regulations, standards, etc., as being in compliance with these requirements and have its system available for review.

(h) Bonding requirements. For construction or facility improvement contracts or subcontracts exceeding the simplified acquisition threshold, the awarding agency may accept the bonding policy and requirements of the grantee or subgrantee provided the awarding agency has made a determination that the awarding agency's interest is adequately protected. If such a determination has not been made, the minimum requirements shall be as follows:

(1) A bid guarantee from each bidder equivalent to five percent of the bid price. The "bid guarantee" shall consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of his bid, execute such contractual documents as may be required within the time specified.

(2) A performance bond on the part of the contractor for 100 percent of the contract price. A "performance bond" is
§ 13.37  Subgrants.

(a) States. States shall follow state law and procedures when awarding and administering subgrants (whether on a

one executed in connection with a contract to secure fulfillment of all the contractor's obligations under such contract.

(3) A payment bond on the part of the contractor for 100 percent of the contract price. A “payment bond” is one executed in connection with a contract to assure payment as required by law of all persons supplying labor and material in the execution of the work provided for in the contract.

(i) Contract provisions. A grantee's and subgrantee's contracts must contain provisions in paragraph (i) of this section. Federal agencies are permitted to require changes, remedies, changed conditions, access and records retention, suspension of work, and other clauses approved by the Office of Federal Procurement Policy.

(1) Administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as may be appropriate. (Contracts more than the simplified acquisition threshold)

(2) Termination for cause and for convenience by the grantee or subgrantee including the manner by which it will be effected and the basis for settlement. (All contracts in excess of $10,000)

(3) Compliance with Executive Order 11246 of September 24, 1965, entitled “Equal Employment Opportunity,” as amended by Executive Order 11375 of October 13, 1967, and as supplemented in Department of Labor regulations (41 CFR chapter 60). (All construction contracts awarded in excess of $10,000 by grantees and their contractors or subgrantees)

(4) Compliance with the Copeland “Anti-Kickback” Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR Part 2). (All construction contracts awarded in excess of $2000 awarded by grantees and subgrantees)

(5) Compliance with the Davis-Bacon Act (40 U.S.C. 276a to 276a-7) as supplemented by Department of Labor regulations (29 CFR Part 5). (Construction contracts in excess of $2000 awarded by grantees and subgrantees when required by Federal grant program legislation)

(6) Compliance with Sections 103 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327-330) as supplemented by Department of Labor regulations (29 CFR Part 5). (Construction contracts awarded by grantees and subgrantees in excess of $2000, and in excess of $2500 for other contracts which involve the employment of mechanics or laborers)

(7) Notice of awarding agency requirements and regulations pertaining to reporting.

(8) Notice of awarding agency requirements and regulations pertaining to patent rights with respect to any discovery or invention which arises or is developed in the course of or under such contract.

(9) Awarding agency requirements and regulations pertaining to copyrights and rights in data.

(10) Access by the grantee, the subgrantee, the Federal grantor agency, the Comptroller General of the United States, or any of their duly authorized representatives to any books, documents, papers, and records of the contractor which are directly pertinent to that specific contract for the purpose of making audit, examination, excerpts, and transcriptions.

(11) Retention of all required records for three years after grantees or subgrantees make final payments and all other pending matters are closed.

(12) Compliance with all applicable standards, orders, or requirements issued under section 306 of the Clean Air Act (42 U.S.C. 1857(h)), section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11736, and Environmental Protection Agency regulations (40 CFR part 15). (Contracts, subcontracts, and subgrants of amounts in excess of $100,000)

(13) Mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94-163, 89 Stat. 871).

[53 FR 8078, 8087, Mar. 11, 1988, as amended at 60 FR 19639, 19645, Apr. 19, 1995]
Federal Emergency Management Agency § 13.40

cost reimbursement or fixed amount basis) of financial assistance to local and Indian tribal governments. States shall:

(1) Ensure that every subgrant includes any clauses required by Federal statute and executive orders and their implementing regulations;

(2) Ensure that subgrantees are aware of requirements imposed upon them by Federal statute and regulation;

(3) Ensure that a provision for compliance with §13.42 is placed in every cost reimbursement subgrant; and

(4) Conform any advances of grant funds to subgrantees substantially to the same standards of timing and amount that apply to cash advances by Federal agencies.

(b) All other grantees. All other grantees shall follow the provisions of this part which are applicable to awarding agencies when awarding and administering subgrants (whether on a cost reimbursement or fixed amount basis) of financial assistance to local and Indian tribal governments. Grantees shall:

(1) Ensure that every subgrant includes a provision for compliance with this part;

(2) Ensure that every subgrant includes any clauses required by Federal statute and executive orders and their implementing regulations; and

(3) Ensure that subgrantees are aware of requirements imposed upon them by Federal statutes and regulations.

(c) Exceptions. By their own terms, certain provisions of this part do not apply to the award and administration of subgrants:

(1) Section 13.10;

(2) Section 13.11;

(3) The letter-of-credit procedures specified in Treasury Regulations at 31 CFR part 205, cited in §13.21; and

(4) Section 13.50.

REPORTS, RECORDS RETENTION, AND ENFORCEMENT

§ 13.40 Monitoring and reporting program performance.

(a) Monitoring by grantees. Grantees are responsible for managing the day-to-day operations of grant and subgrant supported activities. Grantees must monitor grant and subgrant supported activities to assure compliance with applicable Federal requirements and that performance goals are being achieved. Grantee monitoring must cover each program, function or activity.

(b) Nonconstruction performance reports. The Federal agency may, if it decides that performance information available from subsequent applications contains sufficient information to meet its programmatic needs, require the grantee to submit a performance report only upon expiration or termination of grant support. Unless waived by the Federal agency this report will be due on the same date as the final Financial Status Report.

(1) Grantees shall submit annual performance reports unless the awarding agency requires quarterly or semi-annual reports. However, performance reports will not be required more frequently than quarterly. Annual reports shall be due 90 days after the grant year, quarterly or semi-annual reports shall be due 30 days after the reporting period. The final performance report will be due 90 days after the expiration or termination of grant support. If a justified request is submitted by a grantee, the Federal agency may extend the due date for any performance report. Additionally, requirements for unnecessary performance reports may be waived by the Federal agency.

(2) Performance reports will contain, for each grant, brief information on the following:

(i) A comparison of actual accomplishments to the objectives established for the period. Where the output of the project can be quantified, a computation of the cost per unit of output may be required if that information will be useful.

(ii) The reasons for slippage if established objectives were not met.

(iii) Additional pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs.

(3) Grantees will not be required to submit more than the original and two copies of performance reports.
§ 13.41

Financial reporting.

(a) General. (1) Except as provided in paragraphs (a) (2) and (5) of this section, grantees will use only the forms specified in paragraphs (a) through (e) of this section, and such supplementary or other forms as may from time to time be authorized by OMB, for:

(i) Submitting financial reports to Federal agencies, or
(ii) Requesting advances or reimbursements when letters of credit are not used.

(2) Grantees need not apply the forms prescribed in this section in dealing with their subgrantees. However, grantees shall not impose more burdensome requirements on subgrantees.

(3) Grantees shall follow all applicable standard and supplemental Federal agency instructions approved by OMB to the extent required under the Paperwork Reduction Act of 1980 for use in connection with forms specified in paragraphs (b) through (e) of this section. Federal agencies may issue substantive supplementary instructions only with the approval of OMB. Federal agencies may shade out or instruct the grantee to disregard any line item that the Federal agency finds unnecessary for its decisionmaking purposes.

(4) Grantees will not be required to submit more than the original and two copies of forms required under this part.

(5) Federal agencies may provide computer outputs to grantees to expedite or contribute to the accuracy of reporting. Federal agencies may accept the required information from grantees in machine usable format or computer printouts instead of prescribed forms.

(6) Federal agencies may waive any report required by this section if not needed.

(7) Federal agencies may extend the due date of any financial report upon receiving a justified request from a grantee.

(b) Financial Status Report—(1) Form. Grantees will use Standard Form 269 or 269A, Financial Status Report, to report the status of funds for all non-construction grants and for construction grants when required in accordance with paragraph (e)(2)(iii) of this section.

(2) Accounting basis. Each grantee will report program outlays and program income on a cash or accrual basis as prescribed by the awarding agency. If the Federal agency requires accrual information and the grantee’s accounting records are not normally kept on the accrual basis, the grantee shall not be
required to convert its accounting system but shall develop such accrual information through and analysis of the documentation on hand.

(3) Frequency. The Federal agency may prescribe the frequency of the report for each project or program. However, the report will not be required more frequently than quarterly. If the Federal agency does not specify the frequency of the report, it will be submitted annually. A final report will be required upon expiration or termination of grant support.

(4) Due date. When reports are required on a quarterly or semiannual basis, they will be due 30 days after the reporting period. When required on an annual basis, they will be due 90 days after the grant year. Final reports will be due 90 days after the expiration or termination of grant support.

(c) Federal Cash Transactions Report—

(1) Form. (i) For grants paid by letter or credit, Treasury check advances or electronic transfer of funds, the grantee will submit the Standard Form 272, Federal Cash Transactions Report, and when necessary, its continuation sheet, Standard Form 272a, unless the terms of the award exempt the grantee from this requirement.

(ii) These reports will be used by the Federal agency to monitor cash advanced to grantees and to obtain disbursement or outlay information for each grant from grantees. The format of the report may be adapted as appropriate when reporting is to be accomplished with the assistance of automatic data processing equipment provided that the information to be submitted is not changed in substance.

(2) Forecasts of Federal cash requirements. Forecasts of Federal cash requirements may be required in the “Remarks” section of the report.

(3) Cash in hands of subgrantees. When considered necessary and feasible by the Federal agency, grantees may be required to report the amount of cash advances in excess of three days’ needs in the hands of their subgrantees or contractors and to provide short narrative explanations of actions taken by the grantee to reduce the excess balances.

(4) Frequency and due date. Grantees must submit the report no later than 15 working days following the end of each quarter. However, where an advance either by letter of credit or electronic transfer of funds is authorized at an annualized rate of one million dollars or more, the Federal agency may require the report to be submitted within 15 working days following the end of each month.

(d) Request for advance or reimbursement—

(1) Advance payments. Requests for Treasury check advance payments will be submitted on Standard Form 270, Request for Advance or Reimbursement. (This form will not be used for drawdowns under a letter of credit, electronic funds transfer or when Treasury check advance payments are made to the grantee automatically on a predetermined basis.)

(2) Reimbursements. Requests for reimbursement under nonconstruction grants will also be submitted on Standard Form 270. (For reimbursement requests under construction grants, see paragraph (e)(1) of this section.)

(3) The frequency for submitting payment requests is treated in paragraph (b)(3) of this section.

(e) Outlay report and request for reimbursement for construction programs.

(1) Grants that support construction activities paid by reimbursement method.

(i) Requests for reimbursement under construction grants will be submitted on Standard Form 271, Outlay Report and Request for Reimbursement for Construction Programs. Federal agencies may, however, prescribe the Request for Advance or Reimbursement form, specified in paragraph (d) of this section, instead of this form.

(ii) The frequency for submitting reimbursement requests is treated in paragraph (b)(3) of this section.

(2) Grants that support construction activities paid by letter of credit, electronic funds transfer or Treasury check advance.

(i) When a construction grant is paid by letter of credit, electronic funds transfer or Treasury check advances, the grantee will report its outlays to the Federal agency using Standard Form 271, Outlay Report and Request for Reimbursement for Construction Programs. The Federal agency will provide any necessary special instruction.
§ 13.42 Retention and access requirements for records.

(a) Applicability. (1) This section applies to all financial and programmatic records, supporting documents, statistical records, and other records of grantees or subgrantees which are:
   (i) Required to be maintained by the terms of this part, program regulations or the grant agreement, or
   (ii) Otherwise reasonably considered as pertinent to program regulations or the grant agreement.

(2) This section does not apply to records maintained by contractors or subcontractors. For a requirement to place a provision concerning records in certain kinds of contracts, see §13.36(i)(10).

(b) Length of retention period. (1) Except as otherwise provided, records must be retained for three years from the starting date specified in paragraph (c) of this section.

(2) If any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

(3) To avoid duplicate recordkeeping, awarding agencies may make special arrangements with grantees and subgrantees to retain any records which are continuously needed for joint use.
§ 13.44 Termination for convenience.

Except as provided in §13.43 awards may be terminated in whole or in part only as follows:

(a) By the awarding agency with the consent of the grantee or subgrantee in which case the two parties shall agree

(b) By the awarding agency with the consent of the grantee or subgrantee in which case the two parties shall agree

(c) By the awarding agency, if the grantee or subgrantee materially fails to comply with any term of an award, whether stated in a Federal statute or regulation, an assurance, in a State plan or application, a notice of award, or elsewhere, the awarding agency may take one or more of the following actions, as appropriate in the circumstances:

(1) Temporarily withhold cash payments pending correction of the deficiency by the grantee or subgrantee or more severe enforcement action by the awarding agency,

(2) Disallow (that is, deny both use of funds and matching credit for) all or part of the cost of the activity or action not in compliance,

(3) Wholly or partly suspend or terminate the current award for the grantee’s or subgrantee’s program,

(4) Withhold further awards for the program, or

(5) Take other remedies that may be legally available.

(d) Hearings, appeals. In taking an enforcement action, the awarding agency will provide the grantee or subgrantee an opportunity for such hearing, appeal, or other administrative proceeding to which the grantee or subgrantee is entitled under any statute or regulation applicable to the action involved.

(e) Effects of suspension and termination. Costs of grantee or subgrantee resulting from obligations incurred by the grantee or subgrantee during a suspension or after termination of an award are not allowable unless the awarding agency expressly authorizes them in the notice of suspension or termination or subsequently. Other grantee or subgrantee costs during suspension or after termination which are necessary and not reasonably avoidable are allowable if:

(1) The costs result from obligations which were properly incurred by the grantee or subgrantee before the effective date of suspension or termination, are not in anticipation of it, and, in the case of a termination, are noncancellable, and,

(2) The costs would be allowable if the award were not suspended or expired normally at the end of the funding period in which the termination takes effect.

(f) Relationship to Debarment and Suspension. The enforcement remedies identified in this section, including suspension and termination, do not preclude grantee or subgrantee from being subject to “Debarment and Suspension” under E.O. 12549 (see §13.35).

§ 13.43 Enforcement.

(a) Remedies for noncompliance. If a grantee or subgrantee materially fails to comply with any term of an award, whether stated in a Federal statute or regulation, an assurance, in a State plan or application, a notice of award, or elsewhere, the awarding agency may take one or more of the following actions, as appropriate in the circumstances:

(1) Temporarily withhold cash payments pending correction of the deficiency by the grantee or subgrantee or more severe enforcement action by the awarding agency,
§ 13.50 Closeout.

(a) General. The Federal agency will close out the award when it determines that all applicable administrative actions and all required work of the grant has been completed.

(b) Reports. Within 90 days after the expiration or termination of the grant, the grantee must submit all financial, performance, and other reports required as a condition of the grant. Upon request by the grantee, Federal agencies may extend this timeframe. These may include but are not limited to:

(1) Final performance or progress report.
(2) Financial Status Report (SF 269) or Outlay Report and Request for Reimbursement for Construction Programs (SF-271) (as applicable.)
(3) Final request for payment (SF-270) (if applicable)
(4) Invention disclosure (if applicable).
(5) Federally-owned property report.

In accordance with §13.32(f), a grantee must submit an inventory of all federally owned property (as distinct from property acquired with grant funds) for which it is accountable and request disposition instructions from the Federal agency of property no longer needed.

(c) Cost adjustment. The Federal agency will, within 90 days after receipt of reports in paragraph (b) of this section, make upward or downward adjustments to the allowable costs.

(d) Cash adjustments. (1) The Federal agency will make prompt payment to the grantee for allowable reimbursable costs.
(2) The grantee must immediately refund to the Federal agency any balance of unobligated (uncumbered) cash advanced that is not authorized to be retained for use on other grants.

§ 13.51 Later disallowances and adjustments.

(a) The Federal agency's right to disallow costs and recover funds on the basis of a later audit or other review;
(b) The grantee's obligation to return any funds due as a result of later refunds, corrections, or other transactions;
(c) Records retention as required in §13.42;
(d) Property management requirements in §§13.31 and 13.32; and

§ 13.52 Collection of amounts due.

(a) Any funds paid to a grantee in excess of the amount to which the grantee is finally determined to be entitled under the terms of the award constitute a debt to the Federal Government. If not paid within a reasonable period after demand, the Federal agency may reduce the debt by:

(1) Making an administrative offset against other requests for reimbursements,
(2) Withholding advance payments otherwise due to the grantee, or
(3) Other action permitted by law.
(b) Except where otherwise provided by statutes or regulations, the Federal agency will charge interest on an overdue debt in accordance with the Federal Claims Collection Standards (4 CFR Chapter II). The date from which interest is computed is not extended by litigation or the filing of any form of appeal.
Federal Emergency Management Agency

Subpart E—Entitlement [Reserved]

PART 14—ADMINISTRATION OF GRANTS: AUDITS OF STATE AND LOCAL GOVERNMENTS

Sec.
14.1 Scope of part.
14.2 Non-Federal audits.

APPENDIX A TO PART 14—OMB CIRCULAR A–128, “AUDITS OF STATE AND LOCAL GOVERNMENTS”

SOURCE: 51 FR 24347, July 3, 1986, unless otherwise noted.

§ 14.1 Scope of part.

(a) This part contains standards for non-Federal audits of recipients of financial assistance from the Federal Emergency Management Agency (herein called recipients). This includes, without limitation, assistance under the Disaster Relief Act of 1974 as amended, and the Federal Civil Defense Act of 1950, as amended.

(b) FEMA may not impose on recipients additional requirements concerning non-Federal audits. However, it may provide recipients with suggestions and assistance on this subject.

§ 14.2 Non-Federal audits.

(a) Governmental recipients. Recipients that are governments shall comply with OMB Circular A–128 including any amendments published in the Federal Register by OMB. The Circular is codified verbatim as Appendix A to this part.

(b) Grant or contract audits. Recipients of $25,000 or more, but less than $100,000, in Federal financial assistance that choose not to have an organization wide single audit must conduct individual grant or contract audits on all FEMA awards over $25,000.

(c) Submission of audit reports. All copies of audit reports that a recipient is required under OMB Circular A–128 to submit to FEMA shall be addressed to the FEMA District Inspector General responsible for the FEMA Region in which the recipient is located. The FEMA Office of Inspector General will distribute copies as appropriate within the Agency. Recipients therefore are not required to send their audit reports to any FEMA officials other than the responsible District Inspector General.

APPENDIX A TO PART 14—OMB CIRCULAR A–128, “AUDITS OF STATE AND LOCAL GOVERNMENTS”

EXECUTIVE OFFICE OF THE PRESIDENT
Office of Management and Budget
CIRCULAR NO. A–128
April 12, 1985

To the Heads of Executive Departments and Establishments.

Subject: Audits of State and Local Governments.

1. Purpose. This Circular is issued pursuant to the Single Audit Act of 1984, Public Law 98–502. It establishes audit requirements for State and local governments that receive Federal aid, and defines Federal responsibilities for implementing and monitoring those requirements.

3. Background. The Single Audit Act builds upon earlier efforts to improve audits of Federal aid programs. The Act requires State or local governments that receive $100,000 or more a year in Federal funds to have an audit made for that year. Section 7505 of the Act requires the Director of the Office of Management and Budget to prescribe policies, procedures and guidelines to implement the Act. It specifies that the Director shall designate “cognizant” Federal agencies, determine criteria for making appropriate charges to Federal programs for the cost of audits, and provide procedures to assure that small firms or firms owned and controlled by disadvantaged individuals have the opportunity to participate in contracts for single audits.

4. Policy. The Single Audit Act requires the following:

a. State or local governments that receive $100,000 or more a year in Federal financial assistance shall have an audit made in accordance with this Circular.

b. State or local governments that receive between $25,000 and $100,000 a year shall have an audit made in accordance with this Circular, or in accordance with Federal laws and regulations governing the programs they participate in.

c. State or local governments that receive less than $25,000 a year shall be exempt from compliance with the Act and other Federal audit requirements. These State and local...
governments shall be governed by audit requirements prescribed by State or local law or regulation.

d. Nothing in this paragraph exempts State or local governments from maintaining records of Federal financial assistance or from providing access to such records to Federal agencies, as provided for in Federal law or in Circular A-102, "Uniform requirements for grants to State or local governments."

5. Definitions. For the purposes of this Circular the following definitions from the Single Audit Act apply:

a. Cognizant agency means the Federal agency assigned by the Office of Management and Budget to carry out the responsibilities described in paragraph 11 of this Circular.

b. Federal financial assistance means assistance provided by a Federal agency in the form of grants, contracts, cooperative agreements, loans, loan guarantees, property, interest subsidies, insurance, or direct appropriations, but does not include direct Federal cash assistance to individuals. It includes awards received directly from Federal agencies, or indirectly through other units of State and local governments.

c. Federal agency has the same meaning as the term agency in section 551(1) of title 5, United States Code.

d. Generally accepted accounting principles has the meaning specified in the generally accepted government auditing standards.

e. Generally accepted government auditing standards means the Standards For Audit of Government Organizations, Programs, Activities, and Functions, developed by the Comptroller General, dated February 27, 1981.

f. Independent auditor means:

(1) A State or local government auditor who meets the independence standards specified in generally accepted government auditing standards or;

(2) A public accountant who meets such independence standards.

g. Internal controls means the plan of organization and methods and procedures adopted by management to ensure that:

(1) Resource use is consistent with laws, regulations, and policies;

(2) Resources are safeguarded against waste, loss, and misuse; and

(3) Reliable data are obtained, maintained, and fairly disclosed in reports.

h. Indian tribe means any Indian tribe, band, nations, or other organized group or community, including any Alaskan Native village or regional or village corporations (as defined in, or established under, the Alaskan Native Claims Settlement Act) that is recognized by the United States as eligible for the special programs and services provided by the United States to Indians because of their status as Indians.

i. Local government means any unit of local government within a State, including a county, a borough, municipality, city, town, township, parish, local public authority, special district, school district, intrastate district, council of governments, and any other instrumentality of local government.

j. Major Federal Assistance Program, as defined by Public Law 98-502, is described in the Attachment to this Circular.

k. Public accountants means those individuals who meet the qualification standards included in generally accepted government auditing standards for personnel performing government audits.

l. State means any State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, and the Trust Territory of the Pacific Islands, any instrumentality thereof, and any multi-State, regional, or interstate entity that has governmental functions and any Indian tribe.

m. Subrecipient means any person or government department, agency, or establishment that receives Federal financial assistance to carry out a program through a State or local government, but does not include an individual that is a beneficiary of such a program. A subrecipient may also be a direct recipient of Federal financial assistance.

6. Scope of audit. The Single Audit Act provides that:

a. The audit shall be made by an independent auditor in accordance with generally accepted government auditing standards covering financial and compliance audits.

b. The audit shall cover the entire operations of a State or local government or, at the option of that government, it may cover departments, agencies or establishments that received, expended, or otherwise administered Federal financial assistance during the year. However, if a State or local government receives $25,000 or more in General Revenue Sharing Funds in a fiscal year, it shall have an audit of its entire operations. A series of audits of individual departments, agencies, and establishments for the same fiscal year may be considered a single audit.

c. Public hospitals and public colleges and universities may be excluded from State and local audits and the requirements of this Circular. However, if such entities are excluded, audits of these entities shall be made in accordance with statutory requirements and the provisions of Circular A-110, "Uniform requirements for grants to universities, hospitals, and other nonprofit organizations."

d. The auditor shall determine whether:

(1) The financial statements of the government, department, agency or establishment present fairly its financial position and the results of its financial operations in accordance with generally accepted accounting principles;
Federal Emergency Management Agency

(2) The organization has internal accounting and other control systems to provide reasonable assurance that it is managing Federal financial assistance programs in compliance with applicable laws and regulations; and

(3) The organization has complied with laws and regulations that may have material effects on its financial statements and on each major Federal assistance program.

7. Frequency of audit. Audits shall be made annually unless the State or local government has, by January 1, 1987, a constitutional or statutory requirement for less frequent audits. For those governments, the cognizant agency shall permit biennial audits, covering both years, if the government so requests. It shall also honor requests for biennial audits by governments that have an administrative policy calling for audits less frequent than annual, but only for fiscal years beginning before January 1, 1987.

8. Internal control and compliance reviews. The Single Audit Act requires that the independent auditor determine and report on whether the organization has internal control systems to provide reasonable assurance that it is managing Federal assistance programs in compliance with applicable laws and regulations.

a. Internal control review. In order to provide this assurance the auditor must make a study and evaluation of internal control systems used in administering Federal assistance programs. The study and evaluation must be made whether or not the auditor intends to place reliance on such systems. As part of this review, the auditor shall:

(1) Test whether these internal control systems are functioning in accordance with prescribed procedures.

(2) Examine the recipient’s system for monitoring subrecipients and obtaining and acting on subrecipient audit reports.

b. Compliance review. The law also requires the auditor to determine whether the organization has complied with laws and regulations that may have a material effect on each major Federal assistance program.

(3) In order to determine which major programs are to be tested for compliance, State and local governments shall identify in their accounts all Federal funds received and expended and the programs under which they were received. This shall include funds received directly from Federal agencies and through other State and local governments.

(4) The review must include the selection and testing of a representative number of charges from each major Federal assistance program. The selection and testing of transactions shall be based on the auditor’s professional judgment considering such factors as the amount of expenditures for the program and the individual awards; the newness of the program or changes in its conditions; prior experience with the program, particularly as revealed in audits and other evaluations (e.g., inspections, program reviews); the extent to which the program is carried out through subrecipients; the extent to which the program contracts for goods or services; the level to which the program is already subject to program reviews or other forms of independent oversight; the adequacy of the controls for ensuring compliance; the expectation of adherence or lack of adherence to the applicable laws and regulations; and the potential impact of adverse findings.

(a) In making the test of transactions, the auditor shall determine whether:—The amounts reported as expenditures were for allowable services, and—The records show that those who received services or benefits were eligible to receive them.

(b) In addition to transaction testing, the auditor shall determine whether:

—Matching requirements, levels of effort and earmarking limitations were met.—Federal financial reports and claims for advances and reimbursements contain information that is supported by the books and records from which the basic financial statements have been prepared, and—Amounts claimed or used for matching were determined in accordance with OMB Circular A-87, “Cost principles for State and local governments,” and Attachment F of Circular A-102, “Uniform requirements for grants to State and local governments.”

(c) The principal compliance requirements of the largest Federal aid programs may be ascertained by referring to the Compliance Supplement for Single Audits of State and Local Governments, issued by OMB and available from the Government Printing Office. For those programs not covered in the Compliance Supplement, the auditor may ascertain compliance requirements by researching the statutes, regulations, and agreements governing individual programs.

(3) Transactions related to other Federal assistance programs that are selected in connection with examinations of financial statements and evaluations of internal controls shall be tested for compliance with Federal laws and regulations that apply to such transactions.

9. Subrecipients. State or local governments that receive Federal financial assistance and provide $25,000 or more of it in a fiscal year to a subrecipient shall:

a. Determine whether State or local subrecipients have met the audit requirements of this Circular and whether subrecipients covered by Circular A–110, “Uniform requirements for grants to universities, hospitals, and other nonprofit organizations,” have met that requirement.
b. Determine whether the subrecipient spent Federal assistance funds provided in accordance with applicable laws and regulations. This may be accomplished by reviewing the audit of the subrecipient made in accordance with this Circular, Circular A-110, or through other means (e.g., program reviews) if the subrecipient has not yet had such an audit;

c. Ensure that appropriate corrective action is taken within six months after receipt of the audit report in instances of non-compliance with Federal laws and regulations;

d. Consider whether subrecipient audits necessitate adjustment of the recipient's own records; and

e. Require each subrecipient to permit independent auditors to have access to the records and financial statements as necessary to comply with this Circular.

10. Relation to other audit requirements. The Single Audit Act provides that an audit made in accordance with this Circular shall be in lieu of any financial or financial compliance audit required under individual Federal assistance programs. To the extent that a single audit provides Federal agencies with information and assurances they need to carry out their overall responsibilities, they shall rely upon and use such information. However, a Federal agency shall make any additional audits which are necessary to carry out its responsibilities under Federal law and regulation. Any additional Federal audit effort shall be planned and carried out in such a way as to avoid duplication.

a. The provisions of this Circular do not limit the authority of Federal agencies to make, or contract for audits and evaluations of Federal financial assistance programs, nor do they limit the authority of any Federal agency Inspector General or other Federal audit official.

b. The provisions of this Circular do not authorize any State or local government or subrecipient thereof to constrain Federal agencies, in any manner, from carrying out additional audits.

c. A Federal agency that makes or contracts for audits in addition to the audits made by recipients pursuant to this Circular shall, consistent with other applicable laws and regulations, arrange for funding the cost of such additional audits. Such additional audits include economy and efficiency audits, program results audits, and program evaluations.

11. Cognizant agency responsibilities. The Single Audit Act provides for cognizant Federal agencies to oversee the implementation of this Circular.

a. The Office of Management and Budget will assign cognizant agencies for States and their subdivisions and larger local governments and their subdivisions. Other Federal agencies may participate with an assigned cognizant agency, in order to fulfill the cognizant agency's responsibilities. Smaller governments not assigned a cognizant agency will be under the general oversight of the Federal agency that provides them the most funds whether directly or indirectly.

b. A cognizant agency shall have the following responsibilities:

(1) Ensure that audits are made and reports are received in a timely manner and in accordance with the requirements of this Circular.

(2) Provide technical advice and liaison to State and local governments and independent auditors.

(3) Obtain or make quality control reviews of selected audits made by non-Federal audit organizations, and provide the results, when appropriate, to other interested organizations.

(4) Promptly inform other affected Federal agencies and appropriate Federal law enforcement officials of any reported illegal acts or irregularities. They should also inform State or local law enforcement and prosecuting authorities, if not advised by the recipient, of any violation of law within their jurisdiction.

(5) Advise the recipient of audits that have been found not to have met the requirements set forth in this Circular. In such instances, the recipient will be expected to work with the auditor to take corrective action. If corrective action is not taken, the cognizant agency shall notify the recipient and Federal awarding agencies of the facts and make recommendations for followup action. Major inadequacies or repetitive substandard performance of independent auditors shall be referred to appropriate professional bodies for disciplinary action.

(6) Coordinate, to the extent practicable, audits made by or for Federal agencies that are in addition to the audits made pursuant to this Circular; so that the additional audits build upon such audits.

(7) Oversee the resolution of audit findings that affect the programs of more than one agency.

12. Illegal acts or irregularities. If the auditor becomes aware of illegal acts or other irregularities, prompt notice shall be given to recipient management officials above the level of involvement. (See also paragraph 13(a)(3) of this appendix for the auditor's reporting responsibilities.) The recipient, in turn, shall promptly notify the cognizant agency of the illegal acts or irregularities and of proposed and actual actions, if any. Illegal acts and irregularities include such matters as conflicts of interest, falsification of records or reports, and misappropriations of funds or other assets.

13. Audit Reports. Audit reports must be prepared at the completion of the audit. Reports serve many needs of State and local...
governments as well as meeting the requirements of the Single Audit Act.

a. The audit report shall state that the audit was made in accordance with the provisions of this Circular. The report shall be made up of at least:

1. The auditor's report on financial statements and on a schedule of Federal assistance programs as identified in the Catalog of Federal Domestic Assistance, and any program or grant that has not been assigned a catalog number shall be identified under the caption "other Federal assistance."

2. The auditor's report on the study and evaluation of internal control systems must identify the organization's significant internal accounting controls, and those controls designed to provide reasonable assurance that Federal programs are being managed in compliance with laws and regulations. It must also identify the controls that were evaluated, the controls that were not evaluated, and the material weaknesses identified as a result of the evaluation.

3. The auditor's report on compliance containing:
   - A statement of positive assurance with respect to those items tested for compliance, including compliance with law and regulations pertaining to financial reports and claims for advances and reimbursements;
   - Negative assurance on those items not tested;
   - A summary of all instances of noncompliance; and
   - An identification of total amounts questioned, if any, for each Federal assistance program, and claims for advances and reimbursements.

b. The three parts of the audit report may be bound into a single report, or presented at the same time as separate documents.

c. All fraud abuse, or illegal acts or indications of such acts, including all questioned costs found as the result of these acts that auditors become aware of, should normally be covered in a separate written report submitted in accordance with paragraph 13f of this appendix.

d. In addition to the audit report, the recipient shall provide comments on the findings and recommendations in the report, including a plan for corrective action taken or planned and comments on the status of corrective action taken on prior findings. If corrective action is not necessary, a statement describing the reason it is not should accompany the audit report.

e. The reports shall be made available by the State or local government for public inspection within 30 days after the completion of the audit.

f. In accordance with generally accepted government audit standards, reports shall be submitted by the auditor to the organization audited and to those requiring or arranging for the audit. In addition, the recipient shall submit copies of the reports to each Federal department or agency that provided Federal assistance funds to the recipient. Subrecipients shall submit copies to recipients that provided them Federal assistance funds. The reports shall be sent within 30 days after the completion of the audit, but no later than one year after the end of the audit period unless a longer period is agreed to with the cognizant agency.

g. Recipients of more than $100,000 in Federal funds shall submit one copy of the audit report within 30 days after issuance to a central clearinghouse to be designated by the Office of Management and Budget. The clearinghouse will keep completed audits on file and follow up with State and local governments that have not submitted required audit reports.

h. Recipients shall keep audit reports on file for three years from their issuance.

14. Audit Resolution. As provided in paragraph 11, the cognizant agency shall be responsible for monitoring the resolution of audit findings that affect the programs of one Federal agency. Resolution of findings that relate to the programs of a single Federal agency will be the responsibility of the recipient and that agency. Alternate arrangements may be made on a case-by-case basis by agreement among the agencies concerned.

Resolution shall be made within six months after receipt of the report by the Federal departments and agencies. Corrective action should proceed as rapidly as possible.

15. Audit Workpapers and Reports. Workpapers and reports shall be retained for a minimum of three years from the date of the audit report, unless the auditor is notified in writing by the cognizant agency to extend the retention period. Audit workpapers shall be made available upon request to the cognizant agency or its designee or the General Accounting Office, at the completion of the audit.

16. Audit Costs. The cost of audits made in accordance with the provisions of this Circular are allowable charges to Federal assistance programs.

a. The charges may be considered a direct cost or an allocated indirect cost, determined in accordance with the provision of Circular A-87, "Cost principles for State and local governments."

b. Generally, the percentage of costs charged to Federal assistance programs for a single audit shall not exceed the percentage that Federal funds expended represent of total funds expended by the recipient during the fiscal year. The percentage may be exceeded, however, if appropriate documentation demonstrates higher actual cost.
17. Sanctions. The Single Audit Act provides that no cost may be charged to Federal assistance programs for audits required by the Act that are not made in accordance with this Circular. In cases of continued inability or unwillingness to have a proper audit, Federal agencies must consider other appropriate sanctions including:

- Withholding a percentage of assistance payments until the audit is completed satisfactorily.
- Withholding or disallowing overhead costs, and
- Suspending the Federal assistance agreement until the audit is made.

18. Auditor Selection. In arranging for audit services State and local governments shall follow the procurement standards prescribed by Attachment O of Circular A-102, "Uniform requirements for grants to State and local governments." The standards provide that while recipients are encouraged to enter into intergovernmental agreements for audit and other services, analysis should be made to determine whether it would be more economical to purchase the services from private firms. In instances where use of such intergovernmental agreements are required by State statutes (e.g., audit services) these statutes will take precedence.

19. Small and Minority Audit Firms. Small audit firms and audit firms owned and controlled by socially and economically disadvantaged individuals shall have the maximum practicable opportunity to participate in contracts awarded to fulfill the requirements of this Circular. Recipients of Federal assistance shall take the following steps to further this goal:

a. Assure that small audit firms and audit firms owned and controlled by socially and economically disadvantaged individuals are used to the fullest extent practicable.

b. Make information on forthcoming opportunities available and arrange time-frames for the audit so as to encourage and facilitate participation by small audit firms and audit firms owned and controlled by socially and economically disadvantaged individuals.

c. Consider in the contract process whether firms competing for larger audits intend to subcontract with small audit firms and audit firms owned and controlled by socially and economically disadvantaged individuals.

d. Encourage contracting with small audit firms or audit firms owned and controlled by socially and economically disadvantaged individuals.

e. Encourage contracting with consortiums of small audit firms as described in paragraph (a) of section 19 of this appendix when a contract is too large for an individual small audit firm or audit firm owned and controlled by socially and economically disadvantaged individuals.

f. Use the services and assistance, as appropriate, of such organizations as the Small Business Administration in the solicitation and utilization of small audit firms or audit firms owned and controlled by socially and economically disadvantaged individuals.

20. Reporting. Each Federal agency will report to the Director of OMB on or before March 1, 1987, and annually thereafter on the effectiveness of State and local governments in carrying out the provisions of this Circular. The report must identify each State or local government or Indian tribe that, in the opinion of the agency, is failing to comply with the Circular.

21. Regulations. Each Federal agency shall include the provisions of this Circular in its regulations implementing the Single Audit Act.

22. Effective date. This Circular is effective upon publication and shall apply to fiscal years of State and local governments that begin after December 31, 1984. Earlier implementation is encouraged. However, until it is implemented, the audit provisions of Attachment P to Circular A-102 shall continue to be observed.

23. Inquiries. All questions or inquiries should be addressed to Financial Management Division, Office of Management and Budget, telephone number 202/395-3993.

David A. Stockman,
Director.

ATTACHMENT—CIRCULAR A-128

Definition of Major Program as Provided in Public Law 98-502

"Major Federal Assistance Program," for State and local governments having Federal assistance expenditures between $100,000 and $100,000,000, means any program for which Federal expenditures during the applicable year exceed the larger of $300,000, or 3 percent of such total expenditures.

Where total expenditures of Federal assistance exceed $100,000,000, the following criteria apply:

<table>
<thead>
<tr>
<th>Total expenditures of Federal financial assistance for all programs</th>
<th>Major Federal assistance program means any program that exceeds</th>
</tr>
</thead>
<tbody>
<tr>
<td>More than $3 billion</td>
<td>$4 billion</td>

Subpart A—Conduct at the FEMA Special Facility

§ 15.1 Applicability.

These rules and regulations apply to all the property known as the “Special Facility,” located on Mt. Weather on Virginia Route 601 near Berryville, Virginia, which is owned, operated or under the charge and control of the Federal Emergency Management Agency (FEMA) and to all persons entering, while on, or leaving the property.

§ 15.2 Admission.

The Special Facility contains classified material and areas which must be protected in the interest of national security. The facility is designated a restricted area. Access to the Special Facility is closed to the general public and is limited to those persons having official business related to the missions and operations of the Special Facility. Persons and vehicles entering the Special Facility must be approved for admission by the Director, Federal Emergency Management Agency, or his/her designee, registered with the Special Facility security force, and issued a Special Facility identification badge and vehicle parking decal or permit. No person shall enter or remain on the Special Facility premises unless he or she has received permission from the Director, FEMA or his/her designee and has complied with the above procedures.

§ 15.3 Inspection.

All vehicles, packages, handbags, briefcases, and other containers being brought into, while on, or being removed from the Special Facility are subject to inspection by security force personnel and other authorized personnel. A full search may accompany an arrest. Inspection is permitted to prevent the possession and use of items prohibited by these rules and regulations or by other applicable laws, to prevent theft of property and to prevent the wrongful obtaining of defense information under 18 U.S.C. 793. Individuals objecting to such inspections must make their objection known to the officer on duty at the entrance gate prior to entering the Special Facility.
§ 15.4

Individuals refusing to permit an inspection of their vehicle or possessions will not be authorized or allowed to enter the premises of the Special Facility.

§ 15.4 Preservation of property.

The improper disposal of rubbish at the Special Facility, the willful destruction of or damage to property, the theft of property, the creation of any hazard on the property to persons or things, the throwing of articles of any kind from or at a building, or the climbing upon a fence, or the climbing upon the roof or any part of a building is prohibited.

§ 15.5 Conformity with signs and directions.

Persons at the Special Facility shall at all times comply with official signs of a prohibitory, regulatory, or directory nature and with the directions of law enforcement and other authorized officials.

§ 15.6 Disturbances.

Any unwarranted loitering, disorderly conduct, or other conduct at the Special Facility which creates loud or unusual noise or a nuisance; which unreasonably obstructs the usual use of entrances, foyers, lobbies, corridors, offices, elevators, stairways, roadways or parking lots; which otherwise impedes or disrupts the performance of official duties by government employees; or which prevents persons from obtaining the administrative services provided at the Special Facility in a timely manner, is prohibited.

§ 15.7 Gambling.

Participating in games for money or other personal property, or the operating of gambling devices, the conduct of a lottery or pool, or the selling or purchasing of numbers tickets at the Special Facility is prohibited.

§ 15.8 Alcoholic beverages and narcotics.

Operating a motor vehicle at the Special Facility by a person under the influence of or using or possessing any narcotic drug, marijuana, hallucinogen, barbiturate or amphetamine is prohibited. This prohibition shall not apply in cases where the drug has been prescribed for a patient by a physician. Entering upon the property, or being on the property under the influence of alcoholic beverages is prohibited. Bringing alcoholic beverages, narcotic drugs, hallucinogens, marijuana, barbiturates or amphetamines onto the premises of the Special Facility is prohibited unless authorization has been granted by the Director, FEMA or his designee.

§ 15.9 Soliciting, vending, and debt collection.

Soliciting alms and contributions, commercial or political soliciting and vending of all kinds, displaying or distributing commercial advertising, or collecting private debts at the Special Facility is prohibited. This rule does not apply to (a) national or local drives for funds for welfare, health, or other purposes as authorized by the “Manual on Fund Raising Within the Federal Service” issued by the U.S. Office of Personnel Management and sponsored or approved by the occupant agencies (all such drives must have the prior approval of the Director, Federal Emergency Management Agency or his/her designee); (b) concessions or personal notices posted by employees on authorized bulletin boards; and (c) solicitation of labor organization membership or dues authorized by occupant agencies under the Civil Service Reform Act of 1978 (Pub. L. 95-454).

§ 15.10 Distribution of handbills.

The distribution of materials such as pamphlets, handbills and/or flyers, and the displaying of placards or posting of materials on bulletin boards or elsewhere at the Special Facility is prohibited except as authorized in §15.9 of this part or when such distribution or displays are conducted as part of authorized government activities.

§ 15.11 Photographs and other depictions.

The taking of photographs and the making of notes, sketches, or diagrams
Federal Emergency Management Agency

§ 15.31 Purpose.

To set forth the National Emergency Training Center (NETC) policy and procedure relating to the NETC grounds and buildings and to the conduct of all persons entering, while on, and leaving the NETC, and actions to be taken for violation of these rules and regulations.

§ 15.12 Dogs and other animals.

Dogs and other animals, except seeing-eye dogs, shall not be brought onto the Special Facility for other than official purposes.

§ 15.13 Vehicular and pedestrian traffic.

(a) Drivers of all vehicles entering or while at the Special Facility shall drive in a careful and safe manner at all times and shall comply with the signals and directions of security force officers or other authorized individuals and all posted traffic signs;

(b) The blocking of entrances, driveways, walks, loading platforms, or fire hydrants on the property is prohibited;

(c) Except in emergencies, parking on the property is not allowed without a permit. Parking without authority, parking in unauthorized locations or in locations reserved for other persons, or parking contrary to the direction of posted signs is prohibited. Vehicles parked in violation, where warning signs are posted, shall be subject to removal at the owners’ risk and expense. This paragraph may be supplemented from time to time with the approval of the Director of Federal Emergency Management Agency, or his/her designee, by the issuance and posting of such specific traffic directives as may be required, and when so issued and posted such directives shall have the same force and effect as if made a part thereof. Proof that a motor vehicle was parked in violation of these regulations or directives may be taken as prima facie evidence that the registered owner was responsible for the violation.

§ 15.14 Weapons and explosives.

No person entering or while at the Special Facility shall carry or possess firearms, other dangerous or deadly weapons, explosives or items intended to be used or which could reasonably be used to fabricate an explosive or incendiary device, either openly or concealed, except for official purposes and upon the approval of the Director, Federal Emergency Management Agency, or his/her designee.

§ 15.15 Penalties and other laws.

Whoever shall be found guilty of violating any rule or regulation herein is subject to a fine of not more than $50 or imprisonment for not more than 30 days, or both. (See 40 U.S.C. 318c.) Nothing contained in these rules and regulations shall be construed to abrogate any other Federal laws or any State and local laws and regulations applicable to the Special Facility premises. These rules and regulations supplement those penal provisions of Title 18, United States Code, relating to Crimes and Criminal Procedure, which apply without regard to the place of the offense and those penal provisions which apply in areas under the special maritime and territorial jurisdiction of the United States, as defined in 18 U.S.C. 7. However, they supersede those provisions of State law which are made Federal criminal offenses by virtue of the Assimilated Crimes Act (18 U.S.C. 13) to the extent that they are in conflict with these regulations. State and local criminal laws are applicable as such only to the extent that authority in that regard has been reserved to the State by the State consent or cession statute or vested in the State by Federal statute.
§ 15.32 Applicability.

This subpart applies to all the property known as the “National Emergency Training Center,” located on 16825 South Seton Avenue in Emmitsburg, Maryland, which is owned, operated and controlled by the Federal Emergency Management Agency (FEMA) and to all persons entering, while on, or leaving the property.

§ 15.33 Inspection.

All vehicles, packages, handbags, briefcases, and other containers brought into, while on, or being removed from NETC may be subject to inspection. A full search of a person may accompany an arrest or apprehension.

§ 15.34 Preservation of property.

The improper disposal of rubbish at NETC, the willful destruction of or damage to property, the theft of property, the creation of any hazard to persons or things, the throwing of articles of any kind from or at a building, or the climbing upon the roof or any part of the building is prohibited.

§ 15.35 Conformity with signs and directions.

Persons in and on the NETC shall at all times comply with official signs of a prohibitory, regulatory, or directory nature and with the direction of the security force or other authorized individuals.

§ 15.36 Disturbances.

Any unwarranted loitering, disorderly conduct, or other conduct at NETC which creates loud or unusual noise or a nuisance; which unreasonably obstructs the usual use of classrooms, dormitory rooms, entrances, foyers, lobbies, corridors, offices, elevators, stairways, roadways or parking lots; which otherwise impedes or disrupts the performance of official duties by Government employees or Government contractors; which interferes with the delivery of the educational program; or which prevents the general public from obtaining the services provided on the property in a timely manner, is prohibited.

§ 15.37 Gambling.

Participating in games for money or other personal property or the operating of gambling devices, the conduct of a lottery or pool, or the selling or purchasing of numbers tickets at NETC is prohibited.

§ 15.38 Alcoholic beverages and narcotics.

Operating a motor vehicle at NETC by a person under the influence of alcoholic beverages, narcotic drugs, hallucinogens, marijuana, barbiturates, or amphetamines as defined in the Annotated Code of Maryland, Transportation Article, Section or Title 21902 is prohibited. Entering upon, or while on the property under the influence of or using or possessing any narcotic drug, hallucinogen, marijuana, or barbiturate, or amphetamine is prohibited. This prohibition shall not apply in cases where the drug has been prescribed for a patient by a licensed physician. Entering upon the property, or being on the property under the influence of alcoholic beverages as defined in the Annotated Code of Maryland, Transportation Article, Section or Title 21902 is prohibited. Bringing alcoholic beverages, narcotic drugs, hallucinogens, marijuana, barbiturates or amphetamines onto the premises of NETC is prohibited unless the individual has been authorized. The use of alcoholic beverages on the property is prohibited except in the Student Center and other locations and occasions as authorized in writing by the Administrator, U.S. Fire Administration, FEMA, or his/her designee.

§ 15.39 Soliciting, vending and debt collection.

Soliciting alms and contributions, commercial or political solicitation and vending of all kinds, displaying or distributing commercial advertising, or collecting private debts at NETC are prohibited. This does not apply to:

(a) Approved national or local fund drives for health, welfare, or other purposes as authorized by the “Manual on Fund Raising Within the Federal Service” issued by the U.S. Office of Personnel Management and sponsored or approved by the occupant agencies (all
such drives must have the prior approval of the Administrator, U.S. Fire Administration, FEMA or his/her designee;  
(b) Concessions or personal notices posted by employees on authorized bulletin boards; and  
(c) Solicitation of labor organization membership or dues authorized by occupant agencies under the Civil Service Reform Act of 1978, title 5, United States Code, section 1101.

§ 15.40 Distribution of handbills.

The distribution of materials such as pamphlets, handbills, and/or flyers, and the displaying of placards or posting of materials on bulletin boards or elsewhere at NETC is prohibited except as authorized above or when such distribution or displays are conducted as part of authorized government activity.

§ 15.41 Photographs and other depictions.

Photographs may be taken inside classroom or office areas only with the consent of the occupants. Except where security regulations apply or a Federal court order or rule prohibits it, photographs may be taken in entrances, lobbies, foyers, corridors, or auditoriums when used for public meetings. Subject to the foregoing prohibitions, photographs for advertising and commercial purposes may be taken only with written permission of the Director, Office of NETC Operations and Support, U.S. Fire Administration or other authorized official where the photographs are to be taken.

§ 15.42 Dogs and other animals.

Dogs and other animals, except for seeing eye dogs or other guide dogs, shall not be brought into the buildings at NETC for other than official purposes.

§ 15.43 Vehicular and pedestrian traffic.

(a) Drivers of all vehicles entering or while at NETC shall drive in a careful and safe manner at all times and shall comply with the parking and vehicle registration/requirements (except parking of four hours or less), signals and directions of security personnel and all posted traffic signs;  
(b) The blocking of entrances, driveways, walks, loading platforms, or fire hydrants on the property is prohibited; and  
(c) Parking without authority, parking in unauthorized locations or parking contrary to the direction of posted signs is prohibited. Vehicles parked in violation, where warning signs are posted, shall be subject to removal at the owner’s risk and expense. The Administrator, U.S. Fire Administration or his/her designee may supplement this paragraph from time to time by issuing and posting such specific traffic directives as may be required. When issued and posted, such directives shall have the same force and effect as if made a part hereof. Proof that a motor vehicle was parked in violation of these regulations or other directives may be taken as evidence that the registered owner was responsible for the violation.

§ 15.44 Weapons and explosives.

No person entering or while at NETC shall carry or possess firearms, other dangerous or deadly weapons, explosives, or items intended to be used to fabricate an explosive or incendiary device, either openly or concealed, except for official purposes (i.e., Federal, State or local law enforcement; when authorized by the Administrator, U.S. Fire Administration; or his designee or contract security forces when authorized by the contract project officer) and in accordance with FEMA policy governing the possession of firearms.

§ 15.45 Penalties.

(a) Misconduct. Any misconduct will be processed and disposed of in accordance with FEMA/NETC policy or Instruction.  
(b) Parking violations. Vehicles parked in violation of State law, FEMA or NETC Instruction shall be subject to towing at the owner’s expense.

§ 15.46 Other laws.

Nothing contained in this subpart shall be construed to abrogate any other Federal laws or any State and local laws and regulations applicable to the National Emergency Training
Center premises. This subpart supplements the penal provisions of title 18, United States Code, relating to Crimes and Criminal Procedure, which apply without regard to the place of the offense and those penal provisions which apply in areas under the special maritime and territorial jurisdiction of the United States, as defined in 18 U.S.C. 7. However, the content of this subpart supersedes those provisions of State law which are made Federal criminal offenses by virtue of the Assimilated Crime Act (18 U.S.C. 13) to the extent that they are in conflict with this subpart. State and local criminal laws are applicable as such only to the extent that authority in that regard has been reserved to the State by the State consent or cession statute or vested in the State by Federal statute.

PART 16—ENFORCEMENT OF NON-DISCRIMINATION ON THE BASIS OF HANDICAP IN PROGRAMS OR ACTIVITIES CONDUCTED BY THE FEDERAL EMERGENCY MANAGEMENT AGENCY

SOURCE: 53 FR 25885, July 8, 1988, unless otherwise noted.

§ 16.101 Purpose.

The purpose of this regulation is to effectuate section 119 of the Rehabilitation, Comprehensive Services, and Developmental Disabilities Amendments of 1978, which amended section 504 of the Rehabilitation Act of 1973 to prohibit discrimination on the basis of handicap in programs or activities conducted by Executive agencies or the United States Postal Service.

§ 16.102 Application.

This regulation (§§ 16.101 through 16.170) applies to all programs or activities conducted by the agency, except for programs or activities conducted outside the United States that do not involve individuals with handicaps in the United States.

§ 16.103 Definitions.

For purposes of this regulation, the term—
Assistant Attorney General means the Assistant Attorney General, Civil Rights Division, United States Department of Justice.

Auxiliary aids means services or devices that enable persons with impaired sensory, manual, or speaking skills to have an equal opportunity to participate in, and enjoy the benefits of, programs or activities conducted by the agency. For example, auxiliary aids useful for persons with impaired vision include readers, Brailled materials, audio recordings, and other similar services and devices. Auxiliary aids useful for persons with impaired hearing include telephone handset amplifiers, telephones compatible with hearing aids, telecommunication devices for deaf persons (TDD's), interpreters, notetakers, written materials, and other similar services and devices.

Complete complaint means a written statement that contains the complainant's name and address and describes the agency's alleged discriminatory action in sufficient detail to inform the agency of the nature and date of the alleged violation of section 504. It shall be signed by the complainant or by someone authorized to do so on his or her behalf. Complaints filed on behalf of classes or third parties shall describe or identify (by name, if possible) the alleged victims of discrimination.

Facility means all or any portion of buildings, structures, equipment, roads, walks, parking lots, rolling
stock or other conveyances, or other real or personal property.

Historic preservation programs means programs conducted by the agency that have preservation of historic properties as a primary purpose.

Historic properties means those properties that are listed or eligible for listing in the National Register of Historic Places or properties designated as historic under a statute of the appropriate State or local government body.

Individual with handicaps means any person who has a physical or mental impairment that substantially limits one or more major life activities, has a record of such an impairment, or is regarded as having such an impairment.

As used in this definition, the phrase:

(i) Any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: neurological; musculoskeletal; special sense organs; respiratory, including speech organs; cardiovascular; reproductive; digestive; genitourinary; hemic and lymphatic; skin; and endocrine; or

(ii) Any mental or psychological disorder, such as mental retardation, organic brain syndrome, emotional or mental illness, and specific learning disabilities. The term physical or mental impairment includes, but is not limited to, such diseases and conditions as orthopedic, visual, speech, and hearing impairments, cerebral palsy, epilepsy, muscular dystrophy, multiple sclerosis, cancer, heart disease, diabetes, mental retardation, emotional illness, and drug addiction and alcoholism.

Major life activities includes functions such as caring for one self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.

(3) Has a record of such an impairment means has a history of, or has been misclassified as having, a mental or physical impairment that substantially limits one or more major life activities.

(4) Is regarded as having an impairment means—

(i) Has a physical or mental impairment that does not substantially limit major life activities but is treated by the agency as constituting such a limitation;

(ii) Has a physical or mental impairment that substantially limits major life activities only as a result of the attitudes of others toward such impairment;

(iii) Has none of the impairments defined in paragraph (1) of this definition but is treated by the agency as having such an impairment.

Qualified individual with handicaps means—

(1) With respect to preschool, elementary, or secondary education services provided by the agency, an individual with handicaps who meets the essential eligibility requirements and who can achieve the purpose of the program or activity without modifications in the program or activity that the agency can demonstrate would result in a fundamental alteration in its nature;

(2) With respect to any other agency program or activity under which a person is required to perform services or to achieve a level of accomplishment, an individual with handicaps who meets the essential eligibility requirements and who can achieve the purpose of the program or activity without modifications in the program or activity that the agency can demonstrate would result in a fundamental alteration in its nature;

(3) With respect to any other program or activity, an individual with handicaps who meets the essential eligibility requirements for participation in, or receipt of benefits from, that program or activity; and

(4) Qualified handicapped person as that term is defined for purposes of employment in 29 CFR §1613.702(f), which is made applicable to this regulation by §16.140.

Substantial impairment means a significant loss of the integrity of finished materials, design quality, or special character resulting from a permanent alteration.

§§ 16.104-16.109 [Reserved]

§ 16.110 Self-evaluation.
(a) The agency shall, by September 6, 1989, evaluate its current policies and practices, and the effects thereof, that do not or may not meet the requirements of this regulation and, to the extent modification of any such policies and practices is required, the agency shall proceed to make the necessary modifications.
(b) The agency shall provide an opportunity to interested persons, including individuals with handicaps or organizations representing individuals with handicaps, to participate in the self-evaluation process by submitting comments (both oral and written).
(c) The agency shall, for at least three years following completion of the self-evaluation, maintain on file and make available for public inspection:
   (1) A description of areas examined and any problems identified; and
   (2) A description of any modifications made.

§ 16.111 Notice.
The agency shall make available to employees, applicants, participants, beneficiaries, and other interested persons such information regarding the provisions of this regulation and its applicability to the programs or activities conducted by the agency, and make such information available to them in such manner as the head of the agency finds necessary to apprise such persons of the protections against discrimination assured them by section 504 and this regulation.

§§ 16.112-16.129 [Reserved]

§ 16.130 General prohibitions against discrimination.
(a) No qualified individual with handicaps shall, on the basis of handicap, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity conducted by the agency.
   (b)(1) The agency, in providing any aid, benefit, or service, may not, directly or through contractual, licensing, or other arrangements, on the basis of handicap—
   (i) Deny a qualified individual with handicaps the opportunity to participate in or benefit from the aid, benefit, or service;
   (ii) Afford a qualified individual with handicaps an opportunity to participate in or benefit from the aid, benefit, or service that is not as effective in affording equal opportunity to obtain the same result, to gain the same benefit, or to reach the same level of achievement as that provided to others;
   (iii) Provide a qualified individual with handicaps with an aid, benefit, or service that is not as effective in affording equal opportunity to obtain the same result, to gain the same benefit, or to reach the same level of achievement as that provided to others;
   (iv) Provide different or separate aid, benefits, or services to individuals with handicaps or to any class of individuals with handicaps than is provided to others unless such action is necessary to provide qualified individuals with handicaps with aid, benefits, or services that are as effective as those provided to others;
   (v) Deny a qualified individual with handicaps the opportunity to participate as a member of planning or advisory boards;
   (vi) Otherwise limit a qualified individual with handicaps in the enjoyment of any right, privilege, advantage, or opportunity enjoyed by others receiving the aid, benefit, or service.
(2) The agency may not deny a qualified individual with handicaps the opportunity to participate in programs or activities that are not separate or different, despite the existence of permisibly separate or different programs or activities.
(3) The agency may not, directly or through contractual or other arrangements, utilize criteria or methods of administration the purpose or effect of which would—
   (i) Subject qualified individuals with handicaps to discrimination on the basis of handicap; or
   (ii) Deny a qualified individual with handicaps the opportunity to participate in or benefit from the aid, benefit, or service.
program or activity with respect to individuals with handicaps.

(4) The agency may not, in determining the site or location of a facility, make selections the purpose or effect of which would—

(i) Exclude individuals with handicaps from, deny them the benefits of, or otherwise subject them to discrimination under any program or activity conducted by the agency; or

(ii) Defeat or substantially impair the accomplishment of the objectives of a program or activity with respect to individuals with handicaps.

(5) The agency, in the selection of procurement contractors, may not use criteria that subject qualified individuals with handicaps to discrimination on the basis of handicap.

(6) The agency may not administer a licensing or certification program in a manner that subjects qualified individuals with handicaps to discrimination on the basis of handicap, nor may the agency establish requirements for the programs or activities of licensees or certified entities that subject qualified individuals with handicaps to discrimination on the basis of handicap. However, the programs or activities of entities that are licensed or certified by the agency are not, themselves, covered by this regulation.

(c) The exclusion of nonhandicapped persons from the benefits of a program limited by Federal statute or Executive order to individuals with handicaps shall, because the agency's facilities are inaccessible to or unusable by individuals with handicaps, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity conducted by the agency.

§ 16.149 Program accessibility: Discrimination prohibited.

Except as otherwise provided in §16.150, no qualified individual with handicaps shall, because the agency's facilities are inaccessible to or unusable by individuals with handicaps, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity conducted by the agency.

§ 16.150 Program accessibility: Existing facilities.

(a) General. The agency shall operate each program or activity so that the program or activity, when viewed in its entirety, is readily accessible to and usable by individuals with handicaps.

(1) Necessarily require the agency to make each of its existing facilities accessible to and usable by individuals with handicaps;

(2) In the case of historic preservation programs, require the agency to take any action that would result in a substantial impairment of significant historic features of an historic property; or

(3) Require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with §16.150(a) would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity.
activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that individuals with handicaps receive the benefits and services of the program or activity.

(b) Methods—(1) General. The agency may comply with the requirements of this section through such means as redesign of equipment, reassignment of services to accessible buildings, assignment of aides to beneficiaries, home visits, delivery of services at alternate accessible sites, alteration of existing facilities and construction of new facilities, use of accessible rolling stock, or any other methods that result in making its programs or activities readily accessible to and usable by individuals with handicaps. The agency is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with this section. The agency, in making alterations to existing buildings, shall meet accessibility requirements to the extent compelled by the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151 through 4157), and any regulations implementing it. In choosing among available methods for meeting the requirements of this section, the agency shall give priority to those methods that offer programs and activities to qualified individuals with handicaps in the most integrated setting appropriate.

(2) Historic preservation programs. In meeting the requirements of §16.150(a) in historic preservation programs, the agency shall give priority to methods that provide physical access to individuals with handicaps. In cases where a physical alteration to a historic property is not required because of §16.150(a) (2) or (3), alternative methods of achieving program accessibility include—

(i) Using audio-visual materials and devices to depict those portions of a historic property that cannot otherwise be made accessible;

(ii) Assigning persons to guide individuals with handicaps into or through portions of historic properties that cannot otherwise be made accessible; or

(iii) Adopting other innovative methods.

(c) Time period for compliance. The agency shall comply with the obligations established under this section by November 7, 1988, except that where structural changes in facilities are undertaken, such changes shall be made by September 6, 1991, but in any event as expeditiously as possible.

(d) Transition plan. In the event that structural changes to facilities will be undertaken to achieve program accessibility, the agency shall develop, by March 6, 1989, a transition plan setting forth the steps necessary to complete such changes. The agency shall provide an opportunity to interested persons, including individuals with handicaps or organizations representing individuals with handicaps, to participate in the development of the transition plan by submitting comments (both oral and written). A copy of the transition plan shall be made available for public inspection. The plan shall, at a minimum—

(1) Identify physical obstacles in the agency’s facilities that limit the accessibility of its programs or activities to individuals with handicaps;

(2) Describe in detail the methods that will be used to make the facilities accessible;

(3) Specify the schedule for taking the steps necessary to achieve compliance with this section and, if the time period of the transition plan is longer than one year, identify steps that will be taken during each year of the transition period; and

(4) Indicate the official responsible for implementation of the plan.

§16.151 Program accessibility: New construction and alterations.

Each building or part of a building that is constructed or altered on or after October 26, 1988, shall be designed, constructed, or altered so as to be readily accessible to and usable by individuals with handicaps. The definitions, requirements, and standards of the Architectural Barriers Act (42 U.S.C. 4151-4157), as established in 41 CFR 101-19.600 to 101-19.607,
§ 16.160 Communications.

(a) The agency shall take appropriate steps to ensure effective communication with applicants, participants, personnel of other Federal entities, and members of the public.

(1) The agency shall furnish appropriate auxiliary aids where necessary to afford an individual with handicaps an equal opportunity to participate in, and enjoy the benefits of, a program or activity conducted by the agency.

(i) In determining what type of auxiliary aid is necessary, the agency shall give primary consideration to the requests of the individual with handicaps.

(ii) The agency need not provide individually prescribed devices, readers for personal use or study, or other devices of a personal nature.

(2) Where the agency communicates with applicants and beneficiaries by telephone, telecommunication devices for deaf persons (TDD’s) or equally effective telecommunication systems shall be used to communicate with persons with impaired hearing.

(b) The agency shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities.

(c) The agency shall provide signage at a primary entrance to each of its inaccessible facilities, directing users to a location at which they can obtain information about accessible facilities. The international symbol for accessibility shall be used at each primary entrance of an accessible facility.

(d) This section does not require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with §16.160 would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action required to comply with this section would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that, to the maximum extent possible, individuals with handicaps receive the benefits and services of the program or activity.

§§ 16.161-16.169 [Reserved]

§ 16.170 Compliance procedures.

(a) Except as provided in paragraph (b) of this section, this section applies to all allegations of discrimination on the basis of handicap in programs and activities conducted by the agency.

(b) The agency shall process complaints alleging violations of section 504 with respect to employment according to the procedures established by the Equal Employment Opportunity Commission in 29 CFR part 1613 pursuant to section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791).

(c) The Director of Personnel shall be responsible for coordinating implementation of this section. Complaints may be sent to Director of Personnel, Room 810, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472.

(d) The agency shall accept and investigate all complete complaints for which it has jurisdiction. All complete complaints must be filed within 180 days of the alleged act of discrimination. The agency may extend this time period for good cause.

(e) If the agency receives a complaint over which it does not have jurisdiction, it shall promptly notify the complainant and shall make reasonable efforts to refer the complaint to the appropriate Government entity.
§§ 16.171-16.999

(f) The agency shall notify the Architectural and Transportation Barriers Compliance Board upon receipt of any complaint alleging that a building or facility that is subject to the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151-4157), is not readily accessible to and usable by individuals with handicaps.

(g) Within 180 days of the receipt of a complete complaint for which it has jurisdiction, the agency shall notify the complainant of the results of the investigation in a letter containing—

(1) Findings of fact and conclusions of law;

(2) A description of a remedy for each violation found; and

(3) A notice of the right to appeal.

(h) Appeals of the findings of fact and conclusions of law or remedies must be filed by the complainant within 90 days of receipt from the agency of the letter required by paragraph (g) of this section. The agency may extend this time for good cause.

(i) Timely appeals shall be accepted and processed by the head of the agency.

(j) The head of the agency shall notify the complainant of the results of the appeal within 60 days of the receipt of the request. If the head of the agency determines that additional information is needed from the complainant, he or she shall have 60 days from the date of receipt of the additional information to make his or her determination on the appeal.

(k) The time limits cited in paragraphs (g) and (j) of this section may be extended with the permission of the Assistant Attorney General.

(l) The agency may delegate its authority for conducting complaint investigations to other Federal agencies, except that the authority for making the final determination may not be delegated to another agency.

44 CFR Ch. I (10-1-98 Edition)

17.500 GSA responsibilities.
17.505 FEMA responsibilities.
17.510 Participants' responsibilities.
Federal Emergency Management Agency

Subpart F—Drug-Free Workplace Requirements (Grants)

§ 17.600 Purpose.

(a) Executive Order (E.O.) 12549 provides that, to the extent permitted by law, Executive departments and agencies shall participate in a governmentwide system for nonprocurement debarment and suspension. A person who is debarred or suspended shall be excluded from Federal financial and nonfinancial assistance and benefits under Federal programs and activities. Debarment or suspension of a participant in a program by one agency shall have governmentwide effect.

(b) These regulations implement section 3 of E.O. 12549 and the guidelines promulgated by the Office of Management and Budget under section 6 of the E.O. by:

(1) Prescribing the programs and activities that are covered by the governmentwide system;

(2) Prescribing the governmentwide criteria and governmentwide minimum due process procedures that each agency shall use;

(3) Providing for the listing of debarred and suspended participants, participants declared ineligible (see definition of “ineligible” in §17.105), and participants who have voluntarily excluded themselves from participation in covered transactions;

(4) Setting forth the consequences of a debarment, suspension, determination of ineligibility, or voluntary exclusion; and

(5) Offering such other guidance as necessary for the effective implementation and administration of the governmentwide system.

(c) These regulations also implement Executive Order 12689 (3 CFR, 1989 Comp., p. 235) and 31 U.S.C. 6101 note (Public Law 103-355, sec. 2455, 108 Stat. 3327) by—

(1) Providing for the inclusion in the List of Parties Excluded from Federal Procurement and Nonprocurement Programs all persons proposed for debarment, debarred or suspended under the Federal Acquisition Regulation, 48 CFR Part 9, subpart 9.4; persons against which governmentwide exclusions have been entered under this part; and persons determined to be ineligible; and

(2) Setting forth the consequences of a debarment, suspension, determination of ineligibility, or voluntary exclusion.

(d) Although these regulations cover the listing of ineligible participants and the effect of such listing, they do not prescribe policies and procedures governing declarations of ineligibility.

[60 FR 33040, 33061, June 26, 1995]

§ 17.105 Definitions.

The following definitions apply to this part:

Adequate evidence. Information sufficient to support the reasonable belief that a particular act or omission has occurred.

Affiliate. Persons are affiliates of each other if, directly or indirectly, either one controls or has the power to control the other, or, a third person controls or has the power to control both. Indicia of control include, but are
§ 17.105

not limited to: interlocking management or ownership, identity of interests among family members, shared facilities and equipment, common use of employees, or a business entity organized following the suspension or debarment of a person which has the same or similar management, ownership, or principal employees as the suspended, debarred, ineligible, or voluntarily excluded person.

Agency. Any executive department, military department or defense agency or other agency of the executive branch, excluding the independent regulatory agencies.

Civil judgment. The disposition of a civil action by any court of competent jurisdiction, whether entered by verdict, decision, settlement, stipulation, or otherwise creating a civil liability for the wrongful acts complained of; or a final determination of liability under the Program Fraud Civil Remedies Act of 1988 (31 U.S.C. 3801-12).

Conviction. A judgment or conviction of a criminal offense by any court of competent jurisdiction, whether entered upon a verdict or a plea, including a plea of nolo contendere.

Debarment. An action taken by a debarring official in accordance with these regulations to exclude a person from participating in covered transactions. A person so excluded is "debarred."

Debarring official. An official authorized to impose debarment. The debarring official is either:

The agency head, or

An official designated by the agency head.

Indictment. Indictment for a criminal offense. An information or other filing by competent authority charging a criminal offense shall be given the same effect as an indictment.

Ineligible. Excluded from participation in Federal nonprocurement programs pursuant to a determination of ineligibility under statutory, executive order, or regulatory authority, other than Executive Order 12549 and its agency implementing regulations; for example, excluded pursuant to the Davis-Bacon Act and its implementing regulations, the equal employment opportunity acts and executive orders. A person is ineligible where the determination of ineligibility affects such person’s eligibility to participate in more than one covered transaction.

Legal proceedings. Any criminal proceeding or any civil judicial proceeding to which the Federal Government or a State or local government or quasi-governmental authority is a party. The term includes appeals from such proceedings.

List of Parties Excluded from Federal Procurement and Nonprocurement Programs. A list compiled, maintained and distributed by the General Services Administration (GSA) containing the names and other information about persons who have been debarred, suspended, or voluntarily excluded under Executive Orders 12549 and 12689 and these regulations or 48 CFR part 9, subpart 9.4, persons who have been proposed for debarment under 48 CFR part 9, subpart 9.4, and those persons who have been determined to be ineligible.

Notice. A written communication served in person or sent by certified mail, return receipt requested, or its equivalent, to the last known address of a party, its identified counsel, its agent for service of process, or any partner, officer, director, owner, or joint venturer of the party. Notice, if undeliverable, shall be considered to have been received by the addressee five days after being properly sent to the last address known by the agency.

Participant. Any person who submits a proposal for, enters into, or reasonably may be expected to enter into a covered transaction. This term also includes any person who acts on behalf of or is authorized to commit a participant in a covered transaction as an agent or representative of another participant.

Person. Any individual, corporation, partnership, association, unit of government or legal entity, however organized, except: foreign governments or foreign governmental entities, public international organizations, foreign government owned (in whole or in part) or controlled entities, and entities consisting wholly or partially of foreign governments or foreign governmental entities.
§ 17.110 Coverage.

(a) These regulations apply to all persons who have participated, are currently participating or may reasonably be expected to participate in transactions under Federal nonprocurement programs. For purposes of these regulations such transactions will be referred to as “covered transactions.”

(1) Covered transaction. For purposes of these regulations, a covered transaction is a primary covered transaction or a lower tier covered transaction. Covered transactions at any tier need not involve the transfer of Federal funds.

(i) Primary covered transaction. Except as noted in paragraph (a)(2) of this section, a primary covered transaction is any nonprocurement transaction between an agency and a person, regardless of type, including grants, cooperative agreements, scholarships, fellowships, contracts of assistance, loans, loan guarantees, subsidies, insurance, payments for specified use, donation agreements and any other nonprocurement transactions between a Federal agency and a person. Primary covered transactions also include those transactions specially designated by the U.S. Department of Housing and Urban Development in such agency’s regulations governing debarment and suspension.

(ii) Lower tier covered transaction. A lower tier covered transaction is:

(A) Any transaction between a participant and a person other than a procurement contract for goods or services, regardless of type, under a primary covered transaction.

(B) Any procurement contract for goods or services between a participant and a person, regardless of type, expected to equal or exceed the Federal procurement small purchase threshold fixed at 10 U.S.C. 2304(g) and 41 U.S.C. 253(g) (currently $25,000) under a primary covered transaction.

Preponderance of the evidence. Proof by information that, compared with that opposing it, leads to the conclusion that the fact at issue is more probably true than not.

Principal. Officer, director, owner, partner, key employee, or other person within a participant with primary management or supervisory responsibilities; or a person who has a critical influence on or substantive control over a covered transaction, whether or not employed by the participant. Persons who have a critical influence on or substantive control over a covered transaction are:

Principal investigators. [Reserved]

Proposal. A solicited or unsolicited bid, application, request, invitation to consider or similar communication by or on behalf of a person seeking to participate or to receive a benefit, directly or indirectly, in or under a covered transaction.

Respondent. A person against whom a debarment or suspension action has been initiated.

State. Any of the States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, or any agency of a State, exclusive of institutions of higher education, hospitals, and units of local government. A State instrumentality will be considered part of the State government if it has a written determination from a State government that such State considers that instrumentality to be an agency of the State government.

Suspending official. An official authorized to impose suspension. The suspending official is either:

The agency head, or

An official designated by the agency head.

Suspension. An action taken by a suspending official in accordance with these regulations that immediately excludes a person from participating in covered transactions for a temporary period, pending completion of an investigation and such legal, debarment, or Program Fraud Civil Remedies Act proceedings as may ensue. A person so excluded is “suspended.”

Voluntary exclusion or voluntarily excluded. A status of nonparticipation or limited participation in covered transactions assumed by a person pursuant to the terms of a settlement.
§ 17.115 Policy.

(a) In order to protect the public interest, it is the policy of the Federal Government to conduct business only with responsible persons. Debarment and suspension are discretionary actions that, taken in accordance with Executive Order 12549 and these regulations, are appropriate means to implement this policy.

(b) Debarment and suspension are serious actions which shall be used only in the public interest and for the Federal Government’s protection and not for purposes of punishment. Agencies may impose debarment or suspension for the causes and in accordance with the procedures set forth in these regulations.

(c) When more than one agency has an interest in the proposed debarment or suspension of a person, consideration shall be given to designating one agency as the lead agency for making the decision. Agencies are encouraged to establish methods and procedures for coordinating their debarment or suspension actions.
Subpart B—Effect of Action

§ 17.200 Debarment or suspension.

(a) Primary covered transactions. Except to the extent prohibited by law, persons who are debarred or suspended shall be excluded from primary covered transactions as either participants or principals throughout the Executive Branch of the Federal Government for the period of their debarment, suspension, or the period they are proposed for debarment under 48 CFR part 9, subpart 9.4. Accordingly, no agency shall enter into primary covered transactions with such excluded persons during such period, except as permitted pursuant to §17.215.

(b) Lower tier covered transactions. Except to the extent prohibited by law, persons who have been proposed for debarment under 48 CFR part 9, subpart 9.4, debarred or suspended shall be excluded from participating as either participants or principals in all lower tier covered transactions (see §17.110(a)(i)) for the period of their exclusion.

(c) Exceptions. Debarment or suspension does not affect a person’s eligibility for—

(1) Statutory entitlements or mandatory awards (but not subtier awards thereunder which are not themselves mandatory), including deposited funds insured by the Federal Government;

(2) Direct awards to foreign governments or public international organizations, or transactions with foreign governments or foreign governmental entities, public international organizations, foreign governent owned (in whole or in part) or controlled entities, and entities consisting wholly or partially of foreign governments or foreign governmental entities;

(3) Benefits to an individual as a personal entitlement without regard to the individual’s present responsibility (but benefits received in an individual’s business capacity are not excepted);

(4) Federal employment;

(5) Transactions pursuant to national or agency-recognized emergencies or disasters;

(6) Incidental benefits derived from ordinary governmental operations; and

(7) Other transactions where the application of these regulations would be prohibited by law.

[60 FR 33041, 33061, June 26, 1995]

§ 17.205 Ineligible persons.

Persons who are ineligible, as defined in §17.105(i), are excluded in accordance with the applicable statutory, executive order, or regulatory authority.

§ 17.210 Voluntary exclusion.

Persons who accept voluntary exclusions under §17.315 are excluded in accordance with the terms of their settlements. FEMA shall, and participants may, contact the original action agency to ascertain the extent of the exclusion.

§ 17.215 Exception provision.

FEMA may grant an exception permitting a debarred, suspended, or voluntarily excluded person, or a person proposed for debarment under 48 CFR part 9, subpart 9.4, to participate in a particular covered transaction upon a written determination by the agency head or an authorized designee stating the reason(s) for deviating from the Presidential policy established by Executive Order 12549 and §17.200. However, in accordance with the President’s stated intention in the Executive Order, exceptions shall be granted only infrequently. Exceptions shall be reported in accordance with §17.505(a).

[60 FR 33041, 33061, June 26, 1995]

§ 17.220 Continuation of covered transactions.

(a) Notwithstanding the debarment, suspension, proposed debarment under 48 CFR part 9, subpart 9.4, determination of ineligibility, or voluntary exclusion of any person by an agency, agencies and participants may continue covered transactions in existence at the time the person was debarred, suspended, proposed for debarment under 48 CFR part 9, subpart 9.4, declared ineligible, or voluntarily excluded. A decision as to the type of termination action, if any, to be taken should be made only after thorough review to ensure the propriety of the proposed action.
§ 17.225  Failure to adhere to restrictions.

(a) Except as permitted under §17.215 or §17.220, a participant shall not knowingly do business under a covered transaction with a person who is—
(1) Debarred or suspended;
(2) Proposed for debarment under 48 CFR part 9, subpart 9.4; or
(3) Ineligible for or voluntarily excluded from the covered transaction.

(b) Violation of the restriction under paragraph (a) of this section may result in disallowance of costs, annulment or termination of award, issuance of a stop work order, debarment or suspension, or other remedies as appropriate.

c) A participant may rely upon the certification of a prospective participant in a lower tier covered transaction that it and its principals are not debarred, suspended, proposed for debarment under 48 CFR part 9, subpart 9.4, ineligible, or voluntarily excluded from the covered transaction.

§ 17.305  Causes for debarment.

Debarment may be imposed in accordance with the provisions of §§17.300 through 17.314 for:
(a) Conviction of or civil judgment for:
(1) Commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public or private agreement or transaction;
(2) Violation of Federal or State antitrust statutes, including those prescribing price fixing between competitors, allocation of customers between competitors, and bid rigging;
(3) Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, receiving stolen property, making false claims, or obstruction of justice; or
(4) Commission of any other offense indicating a lack of business integrity or business honesty that seriously and directly affects the present responsibility of a person.

(b) Violation of the terms of a public agreement or transaction so serious as to affect the integrity of an agency program, such as:
(1) A willful failure to perform in accordance with the terms of one or more public agreements or transactions;
(2) A history of failure to perform or of unsatisfactory performance of one or more public agreements or transactions; or
(3) A willful violation of a statutory or regulatory provision or requirement applicable to a public agreement or transaction.

c) Any of the following causes:
(1) A nonprocurement debarment by any Federal agency taken before October 1, 1988, the effective date of these regulations, or a procurement debarment by any Federal agency taken pursuant to 48 CFR subpart 9.4;
(2) Knowingly doing business with a debarred, suspended, ineligible, or voluntarily excluded person, in connection with a covered transaction, except as permitted in §17.215 or §17.220;
(3) Failure to pay a single substantial debt, or a number of outstanding debts (including disallowed costs and overpayments, but not including sums owed
§ 17.313 Opportunity to contest proposed debarment.

(a) Submission in opposition. Within 30 days after receipt of the notice of proposed debarment, the respondent may submit, in person, in writing, or through a representative, information and argument in opposition to the proposed debarment.

(b) Additional proceedings as to disputed material facts. (1) In actions not based upon a conviction or civil judgment, if the debarring official finds that the respondent’s submission in opposition raises a genuine dispute over facts material to the proposed debarment, respondent(s) shall be afforded an opportunity to appear with a representative, submit documentary evidence, present witnesses, and confront any witness the agency presents.

(2) A transcript of any additional proceedings shall be made available at cost to the respondent, upon request, unless the respondent and the agency, by mutual agreement, waive the requirement for a transcript.

§ 17.314 Debarring official’s decision.

(a) No additional proceedings necessary. In actions based upon a conviction or civil judgment, or in which there is no genuine dispute over material facts, the debarring official shall make a decision on the basis of all the information in the administrative record, including any submission made by the respondent. The decision shall be made within 45 days after receipt of any information and argument submitted by the respondent, unless the debarring official extends this period for good cause.

(b) Additional proceedings necessary. (1) In actions in which additional proceedings are necessary to determine disputed material facts, written findings of fact shall be prepared. The debarring official shall base the decision on the facts as found, together with any information and argument submitted by the respondent and any other information in the administrative record.

(2) The debarring official may refer disputed material facts to another official for findings of fact. The debarring official may reject any such findings,
§ 17.315 Settlement and voluntary exclusion.

(a) When in the best interest of the Government, FEMA may, at any time, settle a debarment or suspension action.

(b) If a participant and the agency agree to a voluntary exclusion of the participant, such voluntary exclusion shall be entered on the Nonprocurement List (see subpart E).

§ 17.320 Period of debarment.

(a) Debarment shall be for a period commensurate with the seriousness of the cause(s). If a suspension precedes a debarment, the suspension period shall be considered in determining the debarment period.

(1) Debarment for causes other than those related to a violation of the requirements of subpart F of this part generally should not exceed three years. Where circumstances warrant, a longer period of debarment may be imposed.

(2) In the case of a debarment for a violation of the requirements of subpart F of this part (see 17.305(c)(5)), the period of debarment shall not exceed five years.

§ 17.325 Scope of debarment.

(a) Scope in general. (1) Debarment of a person under these regulations constitutes debarment of all its divisions and other organizational elements from all covered transactions, unless the debarment decision is limited by its terms to one or more specifically identified individuals, divisions or other organizational elements or to specific types of transactions.

(2) The debarment action may include any affiliate of the participant that is specifically named and given notice of the proposed debarment and an opportunity to respond (see §§ 17.311 through 17.314).

(b) Imputing conduct. For purposes of determining the scope of debarment, conduct may be imputed as follows:

(1) Conduct imputed to participant. The fraudulent, criminal or other seriously improper conduct of any officer, director, shareholder, partner, employee, or other individual associated with a participant may be imputed to the participant when the conduct occurred in connection with the individual’s performance of duties for or on behalf of the participant, or with the participant’s knowledge, approval, or acquiescence. The participant’s acceptance of the benefits derived from the conduct shall be evidence of such knowledge, approval, or acquiescence.

(2) Conduct imputed to individuals associated with participant. The fraudulent, criminal, or other seriously improper conduct of a participant may be imputed to any officer, director, shareholder, partner, employee, or other individual associated with the participant who participated in, knew of, or
Federal Emergency Management Agency

§ 17.412 Opportunity to contest suspension.

(a) Submission in opposition. Within 30 days after receipt of the notice of suspension, the respondent may submit, in person, in writing, or through a representative, information and argument in opposition to the suspension.

§ 17.411 Notice of suspension.

When a respondent is suspended, notice shall immediately be given:

(a) That suspension has been imposed;

(b) That the suspension is based on an indictment, conviction, or other adequate evidence that the respondent has committed irregularities seriously reflecting on the propriety of further Federal Government dealings with the respondent;

(c) Describing any such irregularities in terms sufficient to put the respondent on notice without disclosing the Federal Government’s evidence;

(d) Of the cause(s) relied upon under §17.405 for imposing suspension;

(e) That the suspension is for a temporary period pending the completion of an investigation or ensuing legal, debarment, or Program Fraud Civil Remedies Act proceedings;

(f) Of the provisions of §17.411 through §17.413 and any other FEMA procedures, if applicable, governing suspension decisionmaking; and

(g) Of the effect of the suspension.

§ 17.410 Procedures.

(a) Investigation and referral. Information concerning the existence of a cause for suspension from any source shall be promptly reported, investigated, and referred, when appropriate, to the suspending official for consideration. After consideration, the suspending official may issue a notice of suspension.

(b) Decisionmaking process. FEMA shall process suspension actions as informally as practicable, consistent with principles of fundamental fairness, using the procedures in §17.411 through §17.413.

§ 17.405 Causes for suspension.

(a) Suspension may be imposed in accordance with the provisions of §§17.400 through 17.413 upon adequate evidence:

(1) To suspect the commission of an offense listed in §17.305(a); or

(2) That a cause for debarment under §17.305 may exist.

(b) Indictment shall constitute adequate evidence for purposes of suspension actions.

§ 17.400 General.

(a) The suspending official may suspend a person for any of the causes in §17.405 using procedures established in §§17.410 through 17.413.

(b) Suspension is a serious action to be imposed only when:

(1) There exists adequate evidence of one or more of the causes set out in §17.405, and

(2) Immediate action is necessary to protect the public interest.

(c) In assessing the adequacy of the evidence, the agency should consider how much information is available, how credible it is given the circumstances, whether or not important allegations are corroborated, and what inferences can reasonably be drawn as a result. This assessment should include an examination of basic documents such as grants, cooperative agreements, loan authorizations, and contracts.

§ 17.401 Subpart D—Suspension

§ 17.402 § 17.412 had reason to know of the participant's conduct.

(3) Conduct of one participant imputed to other participants in a joint venture. The fraudulent, criminal, or other seriously improper conduct of one participant in a joint venture, grant pursuant to a joint application, or similar arrangement may be imputed to other participants if the conduct occurred for or on behalf of the joint venture, grant pursuant to a joint application, or similar arrangement may be imputed to other participants if the conduct occurred for or on behalf of the joint venture, grant pursuant to a joint application, or similar arrangement or with the knowledge, approval, or acquiescence of these participants. Acceptance of the benefits derived from the conduct shall be evidence of such knowledge, approval, or acquiescence.

§ 17.403 Subpart D—Suspension

§ 17.404 General.

(a) The suspending official may suspend a person for any of the causes in §17.405 using procedures established in §§17.410 through 17.413.

(b) Suspension is a serious action to be imposed only when:

(1) There exists adequate evidence of one or more of the causes set out in §17.405, and

(2) Immediate action is necessary to protect the public interest.

(c) In assessing the adequacy of the evidence, the agency should consider how much information is available, how credible it is given the circumstances, whether or not important allegations are corroborated, and what inferences can reasonably be drawn as a result. This assessment should include an examination of basic documents such as grants, cooperative agreements, loan authorizations, and contracts.

§ 17.405 Causes for suspension.

(a) Suspension may be imposed in accordance with the provisions of §§17.400 through 17.413 upon adequate evidence:

(1) To suspect the commission of an offense listed in §17.305(a); or

(2) That a cause for debarment under §17.305 may exist.
§ 17.413 Suspending official’s decision.

The suspending official may modify or terminate the suspension (for example, see §17.320(c) for reasons for reducing the period or scope of debarment) or may leave it in force. However, a decision to modify or terminate the suspension shall be without prejudice to the subsequent imposition of suspension by any other agency or debarment by any agency. The decision shall be rendered in accordance with the following provisions:

(a) No additional proceedings necessary.
In actions: based on an indictment, conviction, or civil judgment; in which there is no genuine dispute over material facts; or in which additional proceedings to determine disputed material facts have been denied on the basis of Department of Justice advice, the suspending official shall make a decision on the basis of all the information in the administrative record, including any submission made by the respondent. The decision shall be made within 45 days after receipt of any information and argument submitted by the respondent, unless the suspending official extends this period for good cause.

(b) Additional proceedings as to disputed material facts.
(1) If the suspending official finds that the respondent’s submission in opposition raises a genuine dispute over facts material to the suspension, respondent(s) shall be afforded an opportunity to appear with a representative, submit documentary evidence, present witnesses, and confront any witness the agency presents, unless:

(i) The action is based on an indictment, conviction or civil judgment, or
(ii) A determination is made, on the basis of Department of Justice advice, that the substantial interests of the Federal Government in pending or contemplated legal proceedings based on the same facts as the suspension would be prejudiced.

(2) A transcribed record of any additional proceedings shall be prepared and made available at cost to the respondent, upon request, unless the respondent and the agency, by mutual agreement, waive the requirement for a transcript.

§ 17.413 Suspending official’s decision.

Additional proceedings necessary.
(1) In actions in which additional proceedings are necessary to determine disputed material facts, written findings of fact shall be prepared. The suspending official shall base the decision on the facts as found, together with any information and argument submitted by the respondent and any other information in the administrative record.

(2) The suspending official may refer matters involving disputed material facts to another official for findings of fact. The suspending official may reject any such findings, in whole or in part, only after specifically determining them to be arbitrary or capricious or clearly erroneous.

(c) Notice of suspending official’s decision. Prompt written notice of the suspending official’s decision shall be sent to the respondent.

§ 17.415 Period of suspension.

(a) Suspension shall be for a temporary period pending the completion of an investigation or ensuing legal, debarment, or Program Fraud Civil Remedies Act proceedings, unless terminated sooner by the suspending official or as provided in paragraph (b) of this section.

(b) If legal or administrative proceedings are not initiated within 12 months after the date of the suspension notice, the suspension shall be terminated unless an Assistant Attorney General or United States Attorney requests its extension in writing, in which case it may be extended for an additional six months. In no event may a suspension extend beyond 18 months, unless such proceedings have been initiated within that period.

(c) The suspending official shall notify the Department of Justice of an impending termination of a suspension, at least 30 days before the 12-month period expires, to give that Department an opportunity to request an extension.

§ 17.420 Scope of suspension.

The scope of a suspension is the same as the scope of a debarment (see §17.325), except that the procedures of §§17.410 through 17.413 shall be used in imposing a suspension.
Subpart E—Responsibilities of GSA, Agency and Participants

§ 17.500 GSA responsibilities.

(a) In accordance with the OMB guidelines, GSA shall compile, maintain, and distribute a list of all persons who have been debarred, suspended, or voluntarily excluded by agencies under Executive Order 12549 and these regulations, and those who have been determined to be ineligible.

(b) At a minimum, this list shall indicate:

(1) The names and addresses of all debarred, suspended, ineligible, and voluntarily excluded persons, in alphabetical order, with cross-references when more than one name is involved in a single action;

(2) The type of action;

(3) The cause for the action;

(4) The scope of the action;

(5) Any termination date for each listing; and

(6) The agency and name and telephone number of the agency point of contact for the action.

§ 17.505 FEMA responsibilities.

(a) The agency shall provide GSA with current information concerning debarments, suspension, determinations of ineligibility, and voluntary exclusions it has taken. Until February 18, 1989, the agency shall also provide GSA and OMB with information concerning all transactions in which FEMA has granted exceptions under §17.215 permitting participation by debarred, suspended, or voluntarily excluded persons.

(b) Unless an alternative schedule is agreed to by GSA, the agency shall advise GSA of the information set forth in §17.500(b) and of the exceptions granted under §17.215 within five working days after taking such actions.

(c) The agency shall direct inquiries concerning listed persons to the agency that took the action.

(d) Agency officials shall check the Nonprocurement List before entering covered transactions to determine whether a participant in a primary transaction is debarred, suspended, ineligible, or voluntarily excluded (Tel. #).

(e) Agency officials shall check the Nonprocurement List before approving principals or lower tier participants where agency approval of the principal or lower tier participant is required under the terms of the transaction, to determine whether such principals or participants are debarred, suspended, ineligible, or voluntarily excluded.

§ 17.510 Participants’ responsibilities.

(a) Certification by participants in primary covered transactions. Each participant shall submit the certification in appendix A to this part for it and its principals at the time the participant submits its proposal in connection with a primary covered transaction, except that States need only complete such certification as to their principals. Participants may decide the method and frequency by which they determine the eligibility of their principals. In addition, each participant may, but is not required to, check the Nonprocurement List for its principals (Tel. #). Adverse information on the certification will not necessarily result in denial of participation. However, the certification, and any additional information pertaining to the certification submitted by the participant, shall be considered in the administration of covered transactions.

(b) Certification by participants in lower tier covered transactions. (1) Each participant shall require participants in lower tier covered transactions to include the certification in Appendix B to this part for it and its principals in any proposal submitted in connection with such lower tier covered transactions.

(2) A participant may rely upon the certification of a prospective participant in a lower tier covered transaction that it and its principals are not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction by any Federal agency, unless it knows that the certification is erroneous. Participants may decide the method and frequency by which they determine the eligibility of their principals. In addition, a participant may, but is not required to, check the Nonprocurement List for its principals and for participants (Tel. #).
§ 17.600 Purpose.

(a) The purpose of this subpart is to carry out the Drug-Free Workplace Act of 1988 by requiring that—

(1) A grantee, other than an individual, shall certify to the agency that it will provide a drug-free workplace;

(2) A grantee who is an individual shall certify to the agency that, as a condition of the grant, he or she will not engage in the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance in conducting any activity with the grant;

(b) Requirements implementing the Drug-Free Workplace Act of 1988 for contractors with the agency are found at 48 CFR subparts 9.4, 23.5, and 52.2.

§ 17.605 Definitions.

(a) Except as amended in this section, the definitions of § 17.105 apply to this subpart.

(b) For purposes of this subpart—

(1) Controlled substance means a controlled substance in schedules I through V of the Controlled Substances Act (21 U.S.C. 812), and as further defined by regulation at 21 CFR 1308.11 through 1308.15;

(2) Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

(3) Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

(4) Drug-free workplace means a site for the performance of work done in connection with a specific grant at which employees of the grantee are prohibited from engaging in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance;

(5) Employee means the employee of a grantee directly engaged in the performance of work under the grant, including:

(i) All “direct charge” employees;

(ii) All “indirect charge” employees, unless their impact or involvement is insignificant to the performance of the grant; and,

(iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee’s payroll.

This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the payroll; or employees of subrecipients or subcontractors in covered workplaces);

(6) Federal agency or agency means any United States executive department, military department, government corporation, government controlled corporation, any other establishment in the executive branch (including the Executive Office of the President), or any independent regulatory agency;

(7) Grant means an award of financial assistance, including a cooperative agreement, in the form of money, or property in lieu of money, by a Federal agency directly to a grantee. The term grant includes block grant and entitlement grant programs, whether or not exempted from coverage under the grants management government-wide common rule on uniform administrative requirements for grants and cooperative agreements. The term does not include technical assistance that provides services instead of money, or other assistance in the form of loans, loan guarantees, interest subsidies, insurance, or direct appropriations; or any veterans’ benefits to individuals,
i.e., any benefit to veterans, their families, or survivors by virtue of the service of a veteran in the Armed Forces of the United States;

(b) With respect to a grantee other than an individual—
   (1) The grantee has violated the certification by failing to carry out the requirements of subparagraphs (A.) (a)-(g) and/or (B.) of the certification (Alternate I to appendix C) or
   (2) Such a number of employees of the grantee have been convicted of violations of criminal drug statutes for violations occurring in the workplace as to indicate that the grantee has failed to make a good faith effort to provide a drug-free workplace.

(c) With respect to a grantee who is an individual—
   (1) The grantee has violated the certification by failing to carry out its requirements (Alternate II to appendix C); or
   (2) The grantee is convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity.

§ 17.620 Effect of violation.

(a) In the event of a violation of this subpart as provided in § 17.615, and in accordance with applicable law, the grantee shall be subject to one or more of the following actions:
   (1) Suspension of payments under the grant;
   (2) Suspension or termination of the grant; and
   (3) Suspension or debarment of the grantee under the provisions of this part.

(b) Upon issuance of any final decision under this part requiring debarment of a grantee, the debarred grantee shall be ineligible for award of any grant from any Federal agency for a period specified in the decision, not to exceed five years (see §17.320(a)(2) of this part).

§ 17.625 Exception provision.

The agency head may waive with respect to a particular grant, in writing, a suspension of payments under a grant, suspension or termination of a grant, or suspension or debarment of a grantee if the agency head determines that such a waiver would be in the public interest. This exception authority cannot be delegated to any other official.
§ 17.630 Certification requirements and procedures.

(a)(1) As a prior condition of being awarded a grant, each grantee shall make the appropriate certification to the Federal agency providing the grant, as provided in appendix C to this part.

(2) Grantees are not required to make a certification in order to continue receiving funds under a grant awarded before March 18, 1989, or under a no-cost time extension of such a grant. However, the grantee shall make a one-time drug-free workplace certification for a non-automatic continuation of such a grant made on or after March 18, 1989.

(b) Except as provided in this section, all grantees shall make the required certification for each grant. For mandatory formula grants and entitlements that have no application process, grantees shall submit a one-time certification in order to continue receiving awards.

(c) A grantee that is a State may elect to make one certification in each Federal fiscal year. States that previously submitted an annual certification are not required to make a certification for Fiscal Year 1990 until June 30, 1990. Except as provided in paragraph (d) of this section, this certification shall cover all grants to all State agencies from any Federal agency. The State shall retain the original of this statewide certification in its Governor's office and, prior to grant award, shall ensure that a copy is submitted individually with respect to each grant, unless the Federal agency has designated a central location for submission.

(d)(1) The Governor of a State may exclude certain State agencies from the statewide certification and authorize these agencies to submit their own certifications to Federal agencies. The statewide certification shall name any State agencies so excluded.

(2) A State agency to which the statewide certification does not apply, or a State agency in a State that does not have a statewide certification, may elect to make one certification in each Federal fiscal year. State agencies that previously submitted a State agency certification are not required to make a certification for Fiscal Year 1990 until June 30, 1990. The State agency shall retain the original of this State agency-wide certification in its central office and, prior to grant award, shall ensure that a copy is submitted individually with respect to each grant, unless the Federal agency designates a central location for submission.

(3) When the work of a grant is done by more than one State agency, the certification of the State agency directly receiving the grant shall be deemed to certify compliance for all workplaces, including those located in other State agencies.

(e)(1) For a grant of less than 30 days performance duration, grantees shall have this policy statement and program in place as soon as possible, but in any case by a date prior to the date on which performance is expected to be completed.

(2) For a grant of 30 days or more performance duration, grantees shall have this policy statement and program in place within 30 days after award.

(3) Where extraordinary circumstances warrant for a specific grant, the grant officer may determine a different date on which the policy statement and program shall be in place.

§ 17.635 Reporting of and employee sanctions for convictions of criminal drug offenses.

(a) When a grantee other than an individual is notified that an employee has been convicted for a violation of a criminal drug statute occurring in the workplace, it shall take the following actions:

(1) Within 10 calendar days of receiving notice of the conviction, the grantee shall provide written notice, including the convicted employee's position title, to every grant officer, or other designee on whose grant activity the convicted employee was working, unless a Federal agency has designated a central point for the receipt of such notifications. Notification shall include the identification number(s) for each of the Federal agency's affected grants.

(2) Within 30 calendar days of receiving notice of the conviction, the grantee shall do the following with respect to the employee who was convicted.
Federal Emergency Management Agency

Pt. 17, App. A

(i) Take appropriate personnel action against the employee, up to and including termination, consistent with requirements of the Rehabilitation Act of 1973, as amended; or

(ii) Require the employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency.

(b) A grantee who is an individual who is convicted for a violation of a criminal drug statute occurring during the conduct of any grant activity shall report the conviction, in writing, within 10 calendar days, to his or her Federal agency grant officer, or other designee, unless the Federal agency has designated a central point for the receipt of such notices. Notification shall include the identification number(s) for each of the Federal agency’s affected grants.

(Approved by the Office of Management and Budget under control number 0991-0002.)

APPENDIX A TO PART 17—CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS—PRIMARY COVERED TRANSACTIONS

Instructions for Certification

1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency’s determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.

6. The prospective primary participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction,” provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent
Pt. 17, App. B

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

  2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant erroneously rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency which this transaction originated may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.

4. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntary exclusion as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of these regulations.

5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transactions,” without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good
Faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Certification Regarding Debarment, Suspension, Ineligibility an Voluntary Exclusion—Lower Tier Covered Transactions

(1) The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.

(2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

[60 FR 33042, 33061, June 26, 1995]

APPENDIX C TO PART 17—CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

Instructions for Certification

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.

2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

3. For grantees other than individuals, Alternate I applies.

4. For grantees who are individuals, Alternate II applies.

5. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee’s drug-free workplace requirements.

6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees’ attention is called, in particular, to the following definitions from these rules:

   Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);
   Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;
   Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;
   Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All “direct charge” employees; (ii) all “indirect charge” employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee’s payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee’s payroll; or employees of subrecipients or subcontractors in covered workplaces).

APPENDIX A TO PART 18—CERTIFICATION REGARDING LOBBYING
APPENDIX B TO PART 18—DISCLOSURE FORM TO REPORT LOBBYING

SOURCE: 55 FR 6737 and 6754, Feb. 26, 1990, unless otherwise noted.

CROSS REFERENCE: See also Office of Management and Budget notice published at 54 FR 52306, December 20, 1989.

Subpart A—General

§ 18.100 Conditions on use of funds.

(a) No appropriated funds may be expended by the recipient of a Federal contract, grant, loan, or cooperative agreement to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any of the following covered Federal actions: the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(b) Each person who requests or receives from an agency a Federal contract, grant, loan, or cooperative agreement shall file with that agency a certification, set forth in appendix A, that the person has not made or has agreed to make any payment prohibited by paragraph (a) of this section if paid for with appropriated funds.

(c) Each person who requests or receives from an agency a Federal contract, grant, loan, or a cooperative agreement shall file with that agency a disclosure form, set forth in appendix B, if such person has made or has agreed to make any payment using nonappropriated funds (to include profits from any covered Federal action), which would be prohibited under paragraph (a) of this section if paid for with appropriated funds.

(d) Each person who requests or receives from an agency a commitment providing for the United States to insure or guarantee a loan shall file with that agency a statement, set forth in appendix A, whether that person has made or has agreed to make any payment to influence or attempt to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with that loan insurance or guarantee.

(e) Each person who requests or receives from an agency a commitment providing for the United States to insure or guarantee a loan shall file with that agency a disclosure form, set forth in appendix B, if such person has made or has agreed to make any payment to influence or attempt to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with that loan insurance or guarantee.

§ 18.105 Definitions.

For purposes of this part:

(a) Agency, as defined in 5 U.S.C. 552(f), includes Federal executive departments and agencies as well as independent regulatory commissions and Government corporations, as defined in 31 U.S.C. 9101(1).

(b) Covered Federal action means any of the following Federal actions:

(1) The awarding of any Federal contract;
(2) The making of any Federal grant;
(3) The making of any Federal loan;
(4) The entering into of any cooperative agreement; and,
(5) The extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
Covered Federal action does not include receiving from an agency a commitment providing for the United States to insure or guarantee a loan. Loan guarantees and loan insurance are addressed independently within this part.

(c) Federal contract means an acquisition contract awarded by an agency, including those subject to the Federal Acquisition Regulation (FAR), and any other acquisition contract for real or personal property or services not subject to the FAR.

(d) Federal cooperative agreement means a cooperative agreement entered into by an agency.

(e) Federal grant means an award of financial assistance in the form of money, or property in lieu of money, by the Federal Government or a direct appropriation made by law to any person. The term does not include technical assistance which provides services instead of money, or other assistance in the form of revenue sharing, loans, loan guarantees, loan insurance, interest subsidies, insurance, or direct United States cash assistance to an individual.

(f) Federal loan means a loan made by an agency. The term does not include loan guarantee or loan insurance.

(g) Indian tribe and tribal organization have the meaning provided in section 4 of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450B). Alaskan Natives are included under the definitions of Indian tribes in that Act.

(h) Influencing or attempting to influence means making, with the intent to influence, any communication to or appearance before an officer or employee or any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any covered Federal action.

(i) Loan guarantee and loan insurance means an agency’s guarantee or insurance of a loan made by a person.

(j) Local government means a unit of government in a State and, if chartered, established, or otherwise recognized by a State for the performance of a governmental duty, including a local public authority, a special district, an intrastate district, a council of governments, a sponsor group representative organization, and any other instrumentality of a local government.

(k) Officer or employee of an agency includes the following individuals who are employed by an agency:

(1) An individual who is appointed to a position in the Government under title 5, U.S. Code, including a position under a temporary appointment;

(2) A member of the uniformed services as defined in section 101(3), title 37, U.S. Code;

(3) A special Government employee as defined in section 202, title 18, U.S. Code; and,

(4) An individual who is a member of a Federal advisory committee, as defined by the Federal Advisory Committee Act, title 5, U.S. Code appendix 2.

(l) Person means an individual, corporation, company, association, authority, firm, partnership, society, State, and local government, regardless of whether such entity is operated for profit or not for profit. This term excludes an Indian tribe, tribal organization, or any other Indian organization with respect to expenditures specifically permitted by other Federal law.

(m) Reasonable compensation means, with respect to a regularly employed officer or employee of any person, compensation that is consistent with the normal compensation for such officer or employee for work that is not furnished to, not funded by, or not furnished in cooperation with the Federal Government.

(n) Reasonable payment means, with respect to professional and other technical services, a payment in an amount that is consistent with the amount normally paid for such services in the private sector.

(o) Recipient includes all contractors, subcontractors at any tier, and subgrantees at any tier of the recipient of funds received in connection with a Federal contract, grant, loan, or cooperative agreement. The term excludes an Indian tribe, tribal organization, or any other Indian organization with respect to expenditures specifically permitted by other Federal law.

(p) Regularly employed means, with respect to an officer or employee of a
person requesting or receiving a Federal contract, grant, loan, or cooperative agreement or a commitment providing for the United States to insure or guarantee a loan, an officer or employee who is employed by such person for at least 130 working days within one year immediately preceding the date of the submission that initiates agency consideration of such person for receipt of such contract, grant, loan, cooperative agreement, loan insurance commitment, or loan guarantee commitment. An officer or employee who is employed by such person for less than 130 working days within one year immediately preceding the date of the submission that initiates agency consideration of such person shall be considered to be regularly employed as soon as he or she is employed by such person for 130 working days.

(q) State means a State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, a territory or possession of the United States, an agency or instrumentality of a State, and a multi-State, regional, or interstate entity having governmental duties and powers.

§ 18.110 Certification and disclosure.

(a) Each person shall file a certification, and a disclosure form, if required, with each submission that initiates agency consideration of such person for:

(1) Award of a Federal contract, grant, or cooperative agreement exceeding $100,000; or

(2) An award of a Federal loan or a commitment providing for the United States to insure or guarantee a loan exceeding $150,000.

(b) Each person shall file a certification, and a disclosure form, if required, upon receipt by such person of:

(1) A Federal contract, grant, or cooperative agreement exceeding $100,000; or

(2) A Federal loan or a commitment providing for the United States to insure or guarantee a loan exceeding $150,000, unless such person previously filed a certification, and a disclosure form, if required, under paragraph (a) of this section.

(c) Each person shall file a disclosure form at the end of each calendar quarter in which there occurs any event that requires disclosure or that materially affects the accuracy of the information contained in any disclosure form previously filed by such person under paragraphs (a) or (b) of this section. An event that materially affects the accuracy of the information reported includes:

(1) A cumulative increase of $25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered Federal action; or

(2) A change in the person(s) or individual(s) influencing or attempting to influence a covered Federal action; or,

(3) A change in the officer(s), employee(s), or Member(s) contacted to influence or attempt to influence a covered Federal action.

(d) Any person who requests or receives from a person referred to in paragraphs (a) or (b) of this section:

(1) A subcontract exceeding $100,000 at any tier under a Federal contract;

(2) A subgrant, contract, or subcontract exceeding $100,000 at any tier under a Federal grant;

(3) A contract or subcontract exceeding $100,000 at any tier under a Federal loan exceeding $150,000; or,

(4) A contract or subcontract exceeding $100,000 at any tier under a Federal cooperative agreement,

shall file a certification, and a disclosure form, if required, to the next tier above.

(e) All disclosure forms, but not certifications, shall be forwarded from tier to tier until received by the person referred to in paragraphs (a) or (b) of this section. That person shall forward all disclosure forms to the agency.

(f) Any certification or disclosure form filed under paragraph (e) of this section shall be treated as a material representation of fact upon which all receiving tiers shall rely. All liability arising from an erroneous representation shall be borne solely by the tier filing that representation and shall not be shared by any tier to which the erroneous representation is forwarded. Submitting an erroneous certification or disclosure constitutes a failure to file the required certification or disclosure, respectively. If a person fails to
§ 18.200

file a required certification or disclosure, the United States may pursue all available remedies, including those authorized by section 1352, title 31, U.S. Code.

(g) For awards and commitments in process prior to December 23, 1989, but not made before that date, certifications shall be required at award or commitment, covering activities occurring between December 23, 1989, and the date of award or commitment. However, for awards and commitments in process prior to the December 23, 1989 effective date of these provisions, but not made before December 23, 1989, disclosure forms shall not be required at time of award or commitment but shall be filed within 30 days.

(h) No reporting is required for an activity paid for with appropriated funds if that activity is allowable under either subpart B or C.

Subpart B—Activities by Own Employees

§ 18.205 Professional and technical services.

(a) The prohibition on the use of appropriated funds, in §18.100 (a), does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal contract, grant, loan, or cooperative agreement.

(b) For purposes of paragraph (a) of this section, professional and technical services shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting of a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational
capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered Federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client’s proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered Federal action.

(c) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.

(d) Only those services expressly authorized by this section are allowable under this section.

§ 18.210 Reporting.

No reporting is required with respect to payments of reasonable compensation made to regularly employed officers or employees of a person.

Subpart C—Activities by Other Than Own Employees

§ 18.300 Professional and technical services.

(a) The prohibition on the use of appropriated funds, in § 18.100 (a), does not apply in the case of any reasonable payment to a person, other than an officer or employee of a person requesting or receiving a covered Federal action, if the payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal contract, grant, loan, or cooperative agreement or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal contract, grant, loan, or cooperative agreement.

(b) The reporting requirements in § 18.110 (a) and (b) regarding filing a disclosure form by each person, if required, shall not apply with respect to professional or technical services rendered directly in the preparation, submission, or negotiation of any commitment providing for the United States to insure or guarantee a loan.

(c) For purposes of paragraph (a) of this section, “professional and technical services” shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting or a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered Federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client’s proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent
to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered Federal action.

(d) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.

(e) Persons other than officers or employees of a person requesting or receiving a covered Federal action include consultants and trade associations.

(f) Only those services expressly authorized by this section are allowable under this section.

Subpart D—Penalties and Enforcement

§ 18.400 Penalties.

(a) Any person who makes an expenditure prohibited herein shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such expenditure.

(b) Any person who fails to file or amend the disclosure form (see appendix B) to be filed or amended if required herein, shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

(c) A filing or amended filing on or after the date on which an administrative action for the imposition of a civil penalty is commenced does not prevent the imposition of such civil penalty for a failure occurring before that date. An administrative action is commenced with respect to a failure when an investigating official determines in writing to commence an investigation of an allegation of such failure.

(d) In determining whether to impose a civil penalty, and the amount of any such penalty, by reason of a violation by any person, the agency shall consider the nature, circumstances, extent, and gravity of the violation, the effect on the ability of such person to continue in business, any prior violations by such person, the degree of culpability of such person, the ability of the person to pay the penalty, and such other matters as may be appropriate.

(e) First offenders under paragraphs (a) or (b) of this section shall be subject to a civil penalty of $10,000, absent aggravating circumstances. Second and subsequent offenses by persons shall be subject to an appropriate civil penalty between $10,000 and $100,000, as determined by the agency head or his or her designee.

(f) An imposition of a civil penalty under this section does not prevent the United States from seeking any other remedy that may apply to the same conduct that is the basis for the imposition of such civil penalty.

§ 18.405 Penalty procedures.

Agencies shall impose and collect civil penalties pursuant to the provisions of the Program Fraud and Civil Remedies Act, 31 U.S.C. 3803 (except subsection (c)), 3804, 3805, 3806, 3807, 3808, and 3812, insofar as these provisions are not inconsistent with the requirements herein.

§ 18.410 Enforcement.

The head of each agency shall take such actions as are necessary to ensure that the provisions herein are vigorously implemented and enforced in that agency.

Subpart E—Exemptions

§ 18.500 Secretary of Defense.

(a) The Secretary of Defense may exempt, on a case-by-case basis, a covered Federal action from the prohibition whenever the Secretary determines, in writing, that such an exemption is in the national interest. The Secretary shall transmit a copy of each such written exemption to Congress immediately after making such a determination.

(b) The Department of Defense may issue supplemental regulations to implement paragraph (a) of this section.
Subpart F—Agency Reports

§ 18.600 Semi-annual compilation.

(a) The head of each agency shall collect and compile the disclosure reports (see appendix B) and, on May 31 and November 30 of each year, submit to the Secretary of the Senate and the Clerk of the House of Representatives a report containing a compilation of the information contained in the disclosure reports received during the six-month period ending on March 31 or September 30, respectively, of that year.

(b) The report, including the compilation, shall be available for public inspection 30 days after receipt of the report by the Secretary and the Clerk.

(c) Information that involves intelligence matters shall be reported only to the Select Committee on Intelligence of the Senate, the Permanent Select Committee on Intelligence of the House of Representatives, and the Committees on Appropriations of the Senate and the House of Representatives in accordance with procedures agreed to by such committees. Such information shall not be available for public inspection.

(d) Information that is classified under Executive Order 12356 or any successor order shall be reported only to the Committee on Foreign Relations of the Senate and the Committee on Foreign Affairs of the House of Representatives or the Committees on Armed Services of the Senate and the House of Representatives (whichever such committees have jurisdiction of matters involving such information) and to the Committees on Appropriations of the Senate and the House of Representatives in accordance with procedures agreed to by such committees. Such information shall not be available for public inspection.

(e) The first semi-annual compilation shall be submitted on May 31, 1990, and shall contain a compilation of the disclosure reports received from December 23, 1989 to March 31, 1990.

(f) Major agencies, designated by the Office of Management and Budget (OMB), are required to provide machine-readable compilations to the Secretary of the Senate and the Clerk of the House of Representatives no later than with the compilations due on May 31, 1991. OMB shall provide detailed specifications in a memorandum to these agencies.

(g) Non-major agencies are requested to provide machine-readable compilations to the Secretary of the Senate and the Clerk of the House of Representatives.

(h) Agencies shall keep the originals of all disclosure reports in the official files of the agency.

§ 18.605 Inspector General report.

(a) The Inspector General, or other official as specified in paragraph (b) of this section, of each agency shall prepare and submit to Congress each year, commencing with submission of the President’s Budget in 1991, an evaluation of the compliance of that agency with, and the effectiveness of, the requirements herein. The evaluation may include any recommended changes that may be necessary to strengthen or improve the requirements.

(b) In the case of an agency that does not have an Inspector General, the agency official comparable to an Inspector General shall prepare and submit the annual report, or, if there is no such comparable official, the head of the agency shall prepare and submit the annual report.

(c) The annual report shall be submitted at the same time the agency submits its annual budget justifications to Congress.

(d) The annual report shall include the following: All alleged violations relating to the agency’s covered Federal actions during the year covered by the report, the actions taken by the head of the agency in the year covered by the report with respect to those alleged violations and alleged violations in previous years, and the amounts of civil penalties imposed by the agency in the year covered by the report.

APPENDIX A TO PART 18—CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of
the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

Statement for Loan Guarantees and Loan Insurance

The undersigned states, to the best of his or her knowledge and belief, that:

If any funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this commitment providing for the United States to insure or guarantee a loan, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

Submission of this statement is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required statement shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.
### DISCLOSURE OF LOBBYING ACTIVITIES

Complete this form to disclose lobbying activities pursuant to 31 U.S.C. 1352

#### 1. Type of Federal Action:
   - [ ] contract
   - [ ] grant
   - [ ] cooperative agreement
   - [ ] loan
   - [ ] loan guarantee
   - [ ] loan insurance

#### 2. Status of Federal Action:
   - [ ] bid/offer application
   - [ ] initial award
   - [ ] post-award

#### 3. Report Type:
   - [ ] a. initial filing
   - [ ] b. material change
   - [ ] c. return to previous state

   **For Material Change Only:**
   - [ ] year
   - [ ] quarter
   - [ ] date of last report

#### 4. Name and Address of Reporting Entity:
   - [ ] Prime
   - [ ] Subawardee

   **Tier:**
   - [ ] if known

   **Congressional District:**
   - [ ] if known

#### 5. If Reporting Entity in No. 4 is Subawardee, Enter Name and Address of Prime:

   **Congressional District:**
   - [ ] if known

#### 6. Federal Department/Agency:
   - [ ]

#### 7. Federal Program Name/Description:
   - [ ]

#### 8. Federal Action Number, if known:
   - [ ]

#### 9. Award Amount, if known:
   - [ ]

#### 10. a. Name and Address of Lobbying Entity:
   - [ ] of individual:
   - [ ] last name, first name, middle initial:

   **b. Individuals Performing Services including addresses of different from No. 10:
   - [ ] last name, first name, middle initial:

#### 11. Amount of Payment (check all that apply):
   - [ ] $ ____________
   - [ ] actual
   - [ ] planned

#### 12. Form of Payment (check all that apply):
   - [ ] a. cash
   - [ ] b. in-kind: specify nature
   - [ ] value

#### 13. Type of Payment (check all that apply):
   - [ ] a. retainer
   - [ ] b. one-time fee
   - [ ] c. commission
   - [ ] d. contingent fee
   - [ ] e. deferred
   - [ ] f. other: specify

#### 14. Brief Description of Services Performed or to be Performed and dates of Service, including officer(s), employee(s), or Member(s) contacted, for Payment Indicated in Item 11:

#### 15. Continuation Sheets SF-L11-A attached:
   - [ ] Yes
   - [ ] No

#### 16. Information reported through this form is authorized by title 5 U.S.C. section 732. The disclosure of lobbying activities is a material representation of fact upon which reliance was placed by the party affected when this transaction was made or entered into. This disclosure is required pursuant to 31 U.S.C. 1352. The information will be reported to the Congress semi-annually and will be available for public inspection. Any person who fails to file this required disclosure shall be subject to a civil penalty not less than $10,000 and not more than $100,000 to each such failure.

INSTRUCTIONS FOR COMPLETION OF SF-LLL DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subawardee or prime Federal recipient, at the initiation of or in connection with a covered Federal action, or a material change to a previous filing, pursuant to title 31 U.S.C. section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered Federal action. Use the SF-LLL-A Continuation Sheet for additional information if the space on the form is inadequate. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1. Identify the type of covered Federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered Federal action.
2. Identify the status of the covered Federal action.
3. Identify the appropriate classification of this report. If this is a followup report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered Federal action.
4. Enter the full name, address, city, state and zip code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subawardee recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants and contract awards under grants.
5. If the organization filing the report in item 4 checks "Subawardee", then enter the full name, address, city, state and zip code of the prime Federal recipient. Include Congressional District, if known.
6. Enter the name of the Federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation, United States Coast Guard.
7. Enter the Federal program name or description for the covered Federal action (item 1). If known, enter the full Catalog of Federal Domestic Assistance (CFDA) number for grants, cooperative agreements, loans, and loan commitments.
8. Enter the most appropriate Federal identifying number available for the Federal action identified in item 1 (e.g., Request for Proposal (RFP) number; Invitation for Bid (IFB) number; grant announcement number; the contract, grant, or loan award number; the application/proposal control number assigned by the Federal agency). Include prefixes, e.g., * "RFP-DE-99-001.*"
9. For a covered Federal action where there has been an award or loan commitment by the Federal agency, enter the Federal amount of the award/loan commitment for the prime entity identified in item 4 or 5.
10. (a) Enter the full name, address, city, state and zip code of the lobbying entity engaged by the reporting entity identified in item 4 to influence the covered Federal action.
(b) Enter the full names of the individual(s) performing services, and include full address if different from 10 (a).
11. Enter the amount of compensation paid or reasonably expected to be paid by the reporting entity (item 4) to the lobbying entity (item 10). Indicate whether the payment has been made (actual) or will be made (planned). Check all boxes that apply. If this is a material change report, enter the cumulative amount of payment made or planned to be made.
12. Check the appropriate box(es). Check all boxes that apply. If payment is made through an in-kind contribution, specify the nature and value of the in-kind payment.
13. Check the appropriate box(es). Check all boxes that apply. If other, specify nature.
14. Provide a specific and detailed description of the services that the lobbyist has performed, or will be expected to perform, and the dates of any services rendered. Include all preparatory and related activity, not just time spent in actual contact with Federal officials. Identify the Federal official(s) or employee(s) contacted or the officer(s), employee(s) of Member(s) of Congress that were contacted.
15. Check whether or not a SF-LLL-A Continuation Sheet(s) is attached.
16. The certifying official shall sign and date the form, print his/her name, title, and telephone number.

Public reporting burden for this collection of information is estimated to average 30 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (1348-0046), Washington, D.C. 20503.

SUBCHAPTER B—INSURANCE AND HAZARD MITIGATION

PARTS 50-54 [RESERVED]

NATIONAL INSURANCE DEVELOPMENT PROGRAM

PARTS 55-58 [RESERVED]

NATIONAL FLOOD INSURANCE PROGRAM

PART 59—GENERAL PROVISIONS

Subpart A—General

Sec.
59.1 Definitions.
59.2 Description of program.
59.3 Emergency program.
59.4 References.

Subpart B—Eligibility Requirements

59.21 Purpose of subpart.
59.22 Prerequisites for the sale of flood insurance.
59.23 Priorities for the sale of flood insurance under the regular program.
59.24 Suspension of community eligibility.

Subpart A—General

§ 59.1 Definitions.

As used in this subchapter—

Act means the statutes authorizing the National Flood Insurance Program that are incorporated in 42 U.S.C. 4001-4128.

Actuarial rates—see risk premium rates.

Administrator means the Federal Insurance Administrator.

Alluvial fan flooding means flooding occurring on the surface of an alluvial fan or similar landform which originates at the apex and is characterized by high-velocity flows; active processes of erosion, sediment transport, and deposition; and, unpredictable flow paths.

Apex means a point on an alluvial fan or similar landform below which the flow path of the major stream that formed the fan becomes unpredictable and alluvial fan flooding can occur.

Applicant means a community which indicates a desire to participate in the Program.

Appurtenant structure means a structure which is on the same parcel of property as the principal structure to be insured and the use of which is incidental to the use of the principal structure.

Area of shallow flooding means a designated AO, AH, AR/AO, AR/AH, or VO zone on a community’s Flood Insurance Rate Map (FIRM) with a 1 percent or greater annual chance of flooding to an average depth of 1 to 3 feet where a clearly defined channel does not exist, where the path of flooding is unpredictable, and where velocity flow may be evident. Such flooding is characterized by ponding or sheet flow.

Area of special flood-related erosion hazard is the land within a community which is most likely to be subject to severe flood-related erosion losses. The area may be designated as Zone E on the Flood Hazard Boundary Map (FHBMap). After the detailed evaluation of the special flood-related erosion hazard area in preparation for publication of the FIRM, Zone E may be further refined.

Area of special flood hazard is the land in the flood plain within a community subject to a 1 percent or greater chance of flooding in any given year. The area may be designated as Zone A on the FHBMap. After detailed ratemaking has been completed in preparation for publication of the flood insurance rate map, Zone A usually is refined into Zones A, AO, AH, A1-30, AE, A99, AR, AR/A1-30, AR/AE, AR/AO, AR/AH, AR/A, VO, or V1-30, VE, or V. For purposes of these regulations, the term “special flood hazard area” is synonymous in meaning with the phrase “area of special flood hazard”.

Area of special mudslide (i.e., mudflow) hazard is the land within a community most likely to be subject to severe mudslides (i.e., mudflows). The area may be designated as Zone M on the FHBMap. After the detailed evaluation of the special mudslide (i.e., mudflow)
hazard area in preparation for publication of the FIRM, Zone M may be further refined.

Base flood means the flood having a one percent chance of being equalled or exceeded in any given year.

Basement means any area of the building having its floor subgrade (below ground level) on all sides.

Breakaway wall means a wall that is not part of the structural support of the building and is intended through its design and construction to collapse under specific lateral loading forces, without causing damage to the elevated portion of the building or supporting foundation system.

Building—see structure.

Chargeable rates mean the rates established by the Administrator pursuant to section 1308 of the Act for first layer limits of flood insurance on existing structures.

Chief Executive Officer of the community (CEO) means the official of the community who is charged with the authority to implement and administer laws, ordinances and regulations for that community.

Coastal high hazard area means an area of special flood hazard extending from offshore to the inland limit of a primary frontal dune along an open coast and any other area subject to high velocity wave action from storms or seismic sources.

Community means any State or area or political subdivision thereof, or any Indian tribe or authorized tribal organization, or Alaska Native village or authorized native organization, which has authority to adopt and enforce flood plain management regulations for the areas within its jurisdiction.

Contents coverage is the insurance on personal property within an enclosed structure, including the cost of debris removal, and the reasonable cost of removal of contents to minimize damage. Personal property may be household goods usual or incidental to residential occupancy, or merchandise, furniture, fixtures, machinery, equipment and supplies usual to other than residential occupancies.

Criteria means the comprehensive criteria for land management and use for flood-prone areas developed under 42 U.S.C. 4102 for the purposes set forth in part 60 of this subchapter.

Critical feature means an integral and readily identifiable part of a flood protection system, without which the flood protection provided by the entire system would be compromised.

Curvilinear Line means the border on either a FHBM or FIRM that delineates the special flood, mudslide (i.e., mudflow) and/or flood-related erosion hazard areas and consists of a curved or contour line that follows the topography.

Deductible means the fixed amount or percentage of any loss covered by insurance which is borne by the insured prior to the insurer’s liability.

Developed area means an area of a community that is:

(a) A primarily urbanized, built-up area that is a minimum of 20 contiguous acres, has basic urban infrastructure, including roads, utilities, communications, and public facilities, to sustain industrial, residential, and commercial activities, and

(1) Within which 75 percent or more of the parcels, tracts, or lots contain commercial, industrial, or residential structures or uses; or

(2) Is a single parcel, tract, or lot in which 75 percent of the area contains existing commercial or industrial structures or uses; or

(3) Is a subdivision developed at a density of at least two residential structures per acre within which 75 percent or more of the lots contain existing residential structures at the time the designation is adopted.

(b) Undeveloped parcels, tracts, or lots, the combination of which is less than 20 acres and contiguous on at least 3 sides to areas meeting the criteria of paragraph (a) at the time the designation is adopted.

(c) A subdivision that is a minimum of 20 contiguous acres that has obtained all necessary government approvals, provided that the actual "start of construction" of structures has occurred on at least 10 percent of the lots or remaining lots of a subdivision or 10 percent of the maximum building coverage or remaining building coverage allowed for a single lot subdivision at the time the designation
is adopted and construction of structures is underway. Residential subdivisions must meet the density criteria in paragraph (a)(3).

Development means any man-made change to improved or unimproved real estate, including but not limited to buildings or other structures, mining, dredging, filling, grading, paving, excavation or drilling operations or storage of equipment or materials.

Director means the Director of the Federal Emergency Management Agency.

Eligible community or participating community means a community for which the Administrator has authorized the sale of flood insurance under the National Flood Insurance Program.

Elevated building means, for insurance purposes, a nonbasement building which has its lowest elevated floor raised above ground level by foundation walls, shear walls, posts, piers, pilings, or columns.

Emergency Flood Insurance Program or emergency program means the Program as implemented on an emergency basis in accordance with section 1336 of the Act. It is intended as a program to provide a first layer amount of insurance on all insurable structures before the effective date of the initial FIRM.

Erosion means the process of the gradual wearing away of land masses. This peril is not per se covered under the Program.

Exception means a waiver from the provisions of part 60 of this subchapter directed to a community which relieves it from the requirements of a rule, regulation, order or other determination made or issued pursuant to the Act.

Existing construction, means for the purposes of determining rates, structures for which the "start of construction" commenced before the effective date of the FIRM or before January 1, 1975, for FIRMs effective before that date. "Existing construction" may also be referred to as "existing structures."

Existing manufactured home park or subdivision means a manufactured home park or subdivision for which the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including, at a minimum, the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads) is completed before the effective date of the floodplain management regulations adopted by a community.

Existing structures see existing construction.

Expansion to an existing manufactured home park or subdivision means the preparation of additional sites by the construction of facilities for servicing the lots on which the manufacturing homes are to be affixed (including the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads).

Federal agency means any department, agency, corporation, or other entity or instrumentality of the executive branch of the Federal Government, and includes the Federal National Mortgage Association and the Federal Home Loan Mortgage Corporation.

Federal instrumentality responsible for the supervision, approval, regulation, or insuring of banks, savings and loan associations, or similar institutions means the Board of Governors of the Federal Reserve System, the Federal Deposit Insurance Corporation, the Comptroller of the Currency, the Federal Home Loan Bank Board, the Federal Savings and Loan Insurance Corporation, and the National Credit Union Administration.

Financial assistance means any form of loan, grant, guaranty, insurance, payment, rebate, subsidy, disaster assistance loan or grant, or any other form of direct or indirect Federal assistance, other than general or special revenue sharing or formula grants made to States.

Financial assistance for acquisition or construction purposes means any form of financial assistance which is intended in whole or in part for the acquisition, construction, reconstruction, repair, or improvement of any publicly or privately owned building or mobile home, and for any machinery, equipment, fixtures, and furnishings contained or to be contained therein, and shall include
the purchase or subsidization of mortgages or mortgage loans but shall exclude assistance pursuant to the Disaster Relief Act of 1974 other than assistance under such Act in connection with a flood. It includes only financial assistance insurable under the Standard Flood Insurance Policy.

First-layer coverage is the maximum amount of structural and contents insurance coverage available under the Emergency Program.

Flood or Flooding means:
(a) A general and temporary condition of partial or complete inundation of normally dry land areas from:
   (1) The overflow of inland or tidal waters.
   (2) The unusual and rapid accumulation or runoff of surface waters from any source.
   (3) Mudslides (i.e., mudflows) which are proximately caused by flooding as defined in paragraph (a)(2) of this definition and are akin to a river of liquid and flowing mud on the surfaces of normally dry land areas, as when earth is carried by a current of water and deposited along the path of the current.

(b) The collapse or subsidence of land along the shore of a lake or other body of water as a result of erosion or undermining caused by waves or currents of water exceeding anticipated cyclical levels or suddenly caused by an unusually high water level in a natural body of water, accompanied by a severe storm, or by an unanticipated force of nature, such as flash flood or an abnormal tidal surge, or by some similarly unusual and unforeseeable event which results in flooding as defined in paragraph (a)(1) of this definition.

Flood elevation determination means a determination by the Administrator of the water surface elevations of the base flood, that is, the flood level that has a one percent or greater chance of occurrence in any given year.

Flood elevation study means an examination, evaluation and determination of flood hazards and, if appropriate, corresponding water surface elevations, or an examination, evaluation and determination of mudslide (i.e., mudflow) and/or flood-related erosion hazards.

Flood Hazard Boundary Map (FHB) means an official map of a community, issued by the Administrator, where the boundaries of the flood, mudslide (i.e., mudflow) related erosion areas having special hazards have been designated as Zones A, M, and/or E.

Flood insurance means the insurance coverage provided under the Program.

Flood Insurance Rate Map (FIRM) means an official map of a community, on which the Administrator has delineated both the special hazard areas and the risk premium zones applicable to the community.

Flood Insurance Study see flood elevation study.

Flood plain or flood-prone area means any land area susceptible to being inundated by water from any source (see definition of "flooding").

Flood plain management means the operation of an overall program of corrective and preventive measures for reducing flood damage, including but not limited to emergency preparedness plans, flood control works and flood plain management regulations.

Flood plain management regulations means zoning ordinances, subdivision regulations, building codes, health regulations, special purpose ordinances (such as a flood plain ordinance, grading ordinance and erosion control ordinance) and other applications of police power. The term describes such state or local regulations, in any combination thereof, which provide standards for the purpose of flood damage prevention and reduction.

Flood protection system means those physical structural works for which funds have been authorized, appropriated, and expended and which have been constructed specifically to modify flooding in order to reduce the extent of the area within a community subject to a “special flood hazard” and the extent of the depths of associated flooding. Such a system typically includes hurricane tidal barriers, dams, reservoirs, levees or dikes. These specialized flood modifying works are those constructed in conformance with sound engineering standards.

Flood proofing means any combination of structural and non-structural additions, changes, or adjustments to structures which reduce or eliminate
flood damage to real estate or improved real property, water and sanitary facilities, structures and their contents.

Flood-related erosion means the collapse or subsidence of land along the shore of a lake or other body of water as a result of undermining caused by waves or currents of water exceeding anticipated cyclical levels or suddenly caused by an unusually high water level in a natural body of water, accompanied by a severe storm, or by an unanticipated force of nature, such as a flash flood or an abnormal tidal surge, or by some similarly unusual and unforeseeable event which results in flooding.

Flood-related erosion area or flood-related erosion prone area means a land area adjoining the shore of a lake or other body of water, which due to the composition of the shoreline or bank and high water levels or wind-driven currents, is likely to suffer flood-related erosion damage.

Flood-related erosion area management means the operation of an overall program of corrective and preventive measures for reducing flood-related erosion damage, including but not limited to emergency preparedness plans, flood-related erosion control works, and flood plain management regulations.

Floodway—see regulatory floodway.

Floodway encroachment lines mean the lines marking the limits of floodways on Federal, State and local flood plain maps.

Freeboard means a factor of safety usually expressed in feet above a flood level for purposes of flood plain management. “Freeboard” tends to compensate for the many unknown factors that could contribute to flood heights greater than the height calculated for a selected size flood and floodway conditions, such as wave action, bridge openings, and the hydrological effect of urbanization of the watershed.

Functionally dependent use means a use which cannot perform its intended purpose unless it is located or carried out in close proximity to water. The term includes only docking facilities, port facilities that are necessary for the loading and unloading of cargo or passengers, and ship building and ship repair facilities, but does not include long-term storage or related manufacturing facilities.

General Counsel means the General Counsel of the Federal Emergency Management Agency.

Highest adjacent grade means the highest natural elevation of the ground surface prior to construction next to the proposed walls of a structure.

Historic Structure means any structure that is:

(a) Listed individually in the National Register of Historic Places (a listing maintained by the Department of Interior) or preliminarily determined by the Secretary of the Interior as meeting the requirements for individual listing on the National Register;

(b) Certified or preliminarily determined by the Secretary of the Interior as contributing to the historical significance of a registered historic district or a district preliminarily determined by the Secretary to qualify as a registered historic district;

(c) Individually listed on a state inventory of historic places in states with historic preservation programs which have been approved by the Secretary of the Interior; or

(d) Individually listed on a local inventory of historic places in communities with historic preservation programs that have been certified either:

(1) By an approved state program as determined by the Secretary of the Interior or

(2) Directly by the Secretary of the Interior in states without approved programs.

Independent scientific body means a non-Federal technical or scientific organization involved in the study of land use planning, flood plain management, hydrology, geology, geography, or any other related field of study concerned with flooding.

Insurance adjustment organization means any organization or person engaged in the business of adjusting loss claims arising under the Standard Flood Insurance Policy.

Insurance company or insurer means any person or organization authorized to engage in the insurance business under the laws of any State.
§ 59.1

Levee means a man-made structure, usually an earthen embankment, designed and constructed in accordance with sound engineering practices to contain, control, or divert the flow of water so as to provide protection from temporary flooding.

Levee System means a flood protection system which consists of a levee, or levees, and associated structures, such as closure and drainage devices, which are constructed and operated in accordance with sound engineering practices.

Lowest Floor means the lowest floor of the lowest enclosed area (including basement). An unfinished or flood resistant enclosure, usable solely for parking of vehicles, building access or storage in an area other than a basement is not considered a building's lowest floor; Provided, that such enclosure is not built so as to render the structure in violation of the applicable non-elevation design requirements of §60.3.

Mangrove stand means an assemblage of mangrove trees which are mostly low trees noted for a copious development of interlacing adventitious roots above the ground and which contain one or more of the following species: Black mangrove (Avicennia Nitida); red mangrove (Rhizophora Mangle); white mangrove (Languncularia Racemosa); and buttonwood (Conocarpus Erecta).

Manufactured home means a structure, transportable in one or more sections, which is built on a permanent chassis and is designed for use with or without a permanent foundation when attached to the required utilities. The term "manufactured home" does not include a "recreational vehicle".

Manufactured home park or subdivision means a parcel (or contiguous parcels) of land divided into two or more manufactured home lots for rent or sale.

Map means the Flood Hazard Boundary Map (FHB) or the Flood Insurance Rate Map (FIRM) for a community issued by the Agency.

Mean sea level means, for purposes of the National Flood Insurance Program, the National Geodetic Vertical Datum (NGVD) of 1929 or other datum, to which base flood elevations shown on a community's Flood Insurance Rate Map are referenced.

Mudslide (i.e., mudflow) describes a condition where there is a river, flow or inundation of liquid mud down a hillside usually as a result of a dual condition of loss of brush cover, and the subsequent accumulation of water on the ground preceded by a period of unusually heavy or sustained rain. A mudslide (i.e., mudflow) may occur as a distinct phenomenon while a landslide is in progress, and will be recognized as such by the Administrator only if the mudflow, and not the landslide, is the proximate cause of damage that occurs.

Mudslide (i.e., mudflow) area management means the operation of an overall program of corrective and preventive measures for reducing mudslide (i.e., mudflow) damage, including but not limited to emergency preparedness plans, mudslide control works, and flood plain management regulations.

Mudslide (i.e., mudflow) prone area means an area with land surfaces and slopes of unconsolidated material where the history, geology and climate indicate a potential for mudflow.

New construction means, for the purposes of determining insurance rates, structures for which the "start of construction" commenced on or after the effective date of an initial FIRM or after December 31, 1974, whichever is later, and includes any subsequent improvements to such structures. For floodplain management purposes, new construction means structures for which the start of construction commenced on or after the effective date of a floodplain management regulation adopted by a community and includes any subsequent improvements to such structures.

New manufactured home park or subdivision means a manufactured home park or subdivision for which the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including at a minimum, the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads) is completed on or after the effective date of floodplain management regulations adopted by a community.
100-year flood see base flood.
Participating community, also known as an eligible community, means a community in which the Administrator has authorized the sale of flood insurance.
Person includes any individual or group of individuals, corporation, partnership, association, or any other entity, including State and local governments and agencies.
Policy means the Standard Flood Insurance Policy.
Premium means the total premium payable by the insured for the coverage or coverages provided under the policy. The calculation of the premium may be based upon either chargeable rates or risk premium rates, or a combination of both.
Primary frontal dune means a continuous or nearly continuous mound or ridge of sand with relatively steep seaward and landward slopes immediately landward and adjacent to the beach and subject to erosion and overtopping from high tides and waves during major coastal storms. The inland limit of the primary frontal dune occurs at the point where there is a distinct change from a relatively steep slope to a relatively mild slope.
Principally above ground means that at least 51 percent of the actual cash value of the structure, less land value, is above ground.
Program means the National Flood Insurance Program authorized by 42 U.S.C. 4001 through 4128.
Program deficiency means a defect in a community's flood plain management regulations or administrative procedures that impairs effective implementation of those flood plain management regulations or of the standards in §§60.3, 60.4, 60.5, or 60.6.
Project cost means the total financial cost of a flood protection system (including design, land acquisition, construction, fees, overhead, and profits), unless the Federal Insurance Administrator determines a given "cost" not to be a part of such project cost.
Recreational vehicle means a vehicle which is:
(a) Built on a single chassis;
(b) 400 square feet or less when measured at the largest horizontal projection;
(c) Designed to be self-propelled or permanently towable by a light duty truck; and
(d) Designed primarily not for use as a permanent dwelling but as temporary living quarters for recreational, camping, travel, or seasonal use.
Reference feature is the receding edge of a bluff or eroding frontal dune, or if such a feature is not present, the normal high-water line or the seaward line of permanent vegetation if a high-water line cannot be identified.
Regular Program means the Program authorized by the Act under which risk premium rates are required for the first half of available coverage (also known as "first layer" coverage) for all new construction and substantial improvements started on or after the effective date of the FIRM, or after December 31, 1974, for FIRM's effective on or before that date. All buildings, the construction of which started before the effective date of the FIRM, or before January 1, 1975, for FIRM's effective before that date, are eligible for first layer coverage at either subsidized rates or risk premium rates, whichever are lower. Regardless of date of construction, risk premium rates are always required for the second layer coverage and such coverage is offered only after the Administrator has completed a risk study for the community.
Regulatory floodway means the channel of a river or other watercourse and the adjacent land areas that must be reserved in order to discharge the base flood without cumulatively increasing the water surface elevation more than a designated height.
Remedy a violation means to bring the structure or other development into compliance with State or local flood plain management regulations, or, if this is not possible, to reduce the impacts of its noncompliance. Ways that impacts may be reduced include protecting the structure or other affected development from flood damages, implementing the enforcement provisions of the ordinance or otherwise deterring future similar violations, or reducing Federal financial exposure with regard to the structure or other development.
Risk premium rates mean those rates established by the Administrator pursuant to individual community studies.
and investigations which are undertaken to provide flood insurance in accordance with section 1307 of the Act and the accepted actuarial principles. “Risk premium rates” include provisions for operating costs and allowances.

Riverine means relating to, formed by, or resembling a river (including tributaries), stream, brook, etc.

Sand dunes mean naturally occurring accumulations of sand in ridges or mounds landward of the beach.

Scientifically incorrect. The methodology(ies) and/or assumptions which have been utilized are inappropriate for the physical processes being evaluated or are otherwise erroneous.

Second layer coverage means an additional limit of coverage equal to the amounts made available under the Emergency Program, and made available under the Regular Program.

Servicing company means a corporation, partnership, association, or any other organized entity which contracts with the Federal Insurance Administration to service insurance policies under the National Flood Insurance Program for a particular area.

Sheet flow area—see area of shallow flooding.

60-year setback means a distance equal to 60 times the average annual long term recession rate at a site, measured from the reference feature.

Special flood hazard area—see “area of special flood hazard”.

Special hazard area means an area having special flood, landslide (i.e., mudflow), or flood-related erosion hazards, and shown on an FHBM or FIRM as Zone A, AO, A1-30, AE, AR, AR/A1-30, AR/ae, AR/AO, AR/AH, AR/A, A99, AH, VO, V1-30, VE, V, M, or E.

Standard Flood Insurance Policy means the flood insurance policy issued by the Federal Insurance Administrator, or an insurer pursuant to an arrangement with the Administrator pursuant to Federal statutes and regulations.

Start of Construction (for other than new construction or substantial improvements under the Coastal Barrier Resources Act (Pub. L. 97-348)), includes substantial improvement, and means the date the building permit was issued, provided the actual start of construction, repair, reconstruction, rehabilitation, addition placement, or other improvement was within 180 days of the permit date. The actual start means either the first placement of permanent construction of a structure on a site, such as the pouring of slab or footings, the installation of piles, the construction of columns, or any work beyond the stage of excavation; or the placement of a manufactured home on a foundation. Permanent construction does not include land preparation, such as clearing, grading and filling; nor does it include the installation of streets and/or walkways; nor does it include excavation for a basement, footings, piers, or foundations or the erection of temporary forms; nor does it include a substantial improvement, the actual start of construction means the first alteration of any wall, ceiling, floor, or other structural part of a building, whether or not that alteration affects the external dimensions of the building.

State means any State, the District of Columbia, the territories and possessions of the United States, the Commonwealth of Puerto Rico, and the Trust Territory of the Pacific Islands.

State coordinating agency means the agency of the state government, or other office designated by the Governor of the state or by state statute at the request of the Administrator to assist in the implementation of the National Flood Insurance Program in that state.

Storm cellar means a space below grade used to accommodate occupants of the structure and emergency supplies as a means of temporary shelter against severe tornado or similar wind storm activity.

Structure means, for flood plain management purposes, a walled and roofed building, including a gas or liquid storage tank, that is principally above ground, as well as a manufactured home. “Structure” for insurance coverage purposes, means a walled and roofed building, other than a gas or liquid storage tank, that is principally above ground and affixed to a permanent site, as well as a manufactured home.
§ 59.2 Description of program.

(a) The National Flood Insurance Act of 1968 was enacted by title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448, August 1, 1968) to provide previously unavailable flood insurance protection to property owners in flood-prone areas. Mudslide (as defined in §59.1) protection was added to the Program by the Housing and Urban Development Act of 1969 (Pub. L. 91-152, December 24, 1969). Flood-related erosion (as defined in §59.1) protection was added to the Program by the Flood Disaster Protection Act of 1973 (Pub. L. 93-234, December 31, 1973). The Flood Disaster Protection Act of 1973 requires the purchase of flood insurance on and after March 2, 1974, as a condition of receiving any form of Federal or federally-related financial assistance for acquisition or construction purposes with respect to insurable buildings and mobile homes within an 

V Zone—see “coastal high hazard area.”

Variance means a grant of relief by a community from the terms of a flood plain management regulation.

Violation means the failure of a structure or other development to be fully compliant with the community’s flood plain management regulations. A structure or other development without the elevation certificate, other certifications, or other evidence of compliance required in §60.3(b)(5), (c)(4), (c)(10), (d)(3), (e)(2), (e)(4), or (e)(5) is presumed to be in violation until such time as that documentation is provided.

Water surface elevation means the height, in relation to the National Geodetic Vertical Datum (NGVD) of 1929, (or other datum, where specified) of floods of various magnitudes and frequencies in the flood plains of coastal or riverine areas.

Zone of imminent collapse means an area subject to erosion adjacent to the shoreline of an ocean, bay, or lake and within a distance equal to 10 feet plus 5 times the average annual long-term erosion rate for the site, measured from the reference feature.
§ 59.3 Emergency program.

The 1968 Act required a risk study to be undertaken for each community before it could become eligible for the sale of flood insurance. Since this requirement resulted in a delay in providing insurance, the Congress, in section 408 of the Housing and Urban Development Act of 1969 (Pub. L. 91-152, December 24, 1969), established an Emergency Flood Insurance Program as a new section 1336 of the National Flood Insurance Act (42 U.S.C. 4056) to permit the early sale of insurance in flood-prone communities. The emergency program does not affect the requirement that a community must adopt adequate flood plain management regulations pursuant to section 60 of this subchapter but permits insurance to be sold before a study is conducted to determine risk premium rates for the community. The program still requires upon the effective date of a FIRM the charging of risk premium rates for all new construction and substantial improvements and for higher limits of coverage for existing structures.

§ 59.4 References.

(a) The following are statutory references for the National Flood Insurance Program, under which these regulations are issued:

(5) Public Law 5-128 (effective October 12, 1977).

(6) The above statutes are included in 42 U.S.C. 4001 et seq.

(b) The following are references relevant to the National Flood Insurance Program:

(1) Executive Order 11988 (Floodplain Management, dated May 24, 1977 (42 FR 26951, May 25, 1977)).

(4) Coastal Zone Management Act (Pub. L. 92-583), as amended Public Law 94-370.

(6) Title I, National Environmental Policy Act (Pub. L. 91-190).
(7) Land and Water Conservation Fund Act (Pub. L. 89-578), and subsequent amendments thereto.
(10) 89th Cong., 2nd Session, H.D. 465.
(11) Required land use element for comprehensive planning assistance under section 701 of the Housing Act of 1954, as amended by the Housing and Community Development Act of 1974 (24 F.R. 60072).
(12) Executive Order 11990 (Protection of Wetlands, dated May 24, 1977 (42 F.R. 26951, May 25, 1977)).

Subpart B—Eligibility Requirements

§ 59.21 Purpose of subpart.

This subpart lists actions that must be taken by a community to become eligible and to remain eligible for the Program.

§ 59.22 Prerequisites for the sale of flood insurance.

(a) To qualify for flood insurance availability a community shall apply for the entire area within its jurisdiction, and shall submit:
(1) Copies of legislative and executive actions indicating a local need for flood insurance and an explicit desire to participate in the National Flood Insurance Program;
(2) Citations to State and local statutes and ordinances authorizing actions regulating land use and copies of the local laws and regulations cited;
(3) A copy of the flood plain management regulations the community has adopted to meet the requirements of §§60.3, 60.4 and/or §60.5 of this subchapter. This submission shall include copies of any zoning, building, and subdivision regulations, health codes, special purpose ordinances (such as a flood plain ordinance, grading ordinance, or flood-related erosion control ordinance), and any other corrective and preventive measures enacted to reduce or prevent flood, mudslide (i.e., mudflow) or flood-related erosion damage;
(4) A list of the incorporated communities within the applicant’s boundaries;
(5) Estimates relating to the community as a whole and to the flood, mudslide (i.e., mudflow) and flood-related erosion prone areas concerning:
(i) Population;
(ii) Number of one to four family residences;
(iii) Number of small businesses; and
(iv) Number of all other structures.
(6) Address of a local repository, such as a municipal building, where the Flood Hazard Boundary Maps (FHBMs) and Flood Insurance Rate Maps (FIRM’s) will be made available for public inspection;
(7) A summary of any State or Federal activities with respect to flood plain, mudslide (i.e., mudflow) or flood-related erosion area management within the community, such as federally-funded flood control projects and State-administered flood plain management regulations;
(8) A commitment to recognize and duly evaluate flood, mudslide (i.e., mudflow) and/or flood-related erosion hazards in all official actions in the areas having special flood, mudslide (i.e., mudflow) and/or flood-related erosion hazards and to take such other official action reasonably necessary to...
§ 59.23 Priorities for the sale of flood insurance under the regular program.

Flood-prone, mudslide (i.e., mudflow) and flood-related erosion-prone communities are placed on a register of areas eligible for ratemaking studies and then selected from this register for ratemaking studies on the basis of the following considerations—

(a) Recommendations of State officials;

(b) Location of community and urgency of need for flood insurance;

(c) Population of community and intensity of existing or proposed development of the flood plain, the mudslide (i.e., mudflow) and the flood-related erosion area;

(d) Availability of information on the community with respect to its flood, mudslide (i.e., mudflow) and flood-related erosion characteristics and previous losses;

(e) Extent of State and local progress in flood plain, mudslide (i.e., mudflow) area and flood-related erosion area management, including adoption of flood plain management regulations consistent with related ongoing programs in the area.

§ 59.24 Suspension of community eligibility.

(a) A community eligible for the sale of flood insurance shall be subject to suspension from the Program for failing to submit copies of adequate flood plain management regulations meeting the minimum requirements of paragraphs (b), (c), (d), (e) or (f) of §60.3 or paragraph (b) of §60.4 or §60.5, within six months from the date the Administrator provides the data upon which the flood plain regulations for the applicable paragraph shall be based. Where there has not been any submission by the community, the Administrator shall notify the community that 90 days remain in the six month period in order to submit adequate flood plain management regulations. Where there has been an inadequate submission, the Administrator shall notify the community of the specific deficiencies in its submitted flood plain management regulations and inform the community of the amount of time remaining within the six month period. If, subsequently, copies of adequate flood plain management regulations are not received by the Administrator, no later than 30 days before the expiration of the original six month period the Administrator shall provide written notice to the community and to the state and assure publication in the Federal Register under part 64 of this subchapter of the community’s loss of eligibility for the sale of flood insurance, such suspension to become effective upon the expiration of the six month period. Should the community remedy the defect and the Administrator receive copies of adequate flood plain management regulations within the notice period, the suspension notice shall be rescinded by the Administrator. If the Administrator receives notice from the State that it has enacted adequate flood plain management regulations for the community within the notice period, the suspension notice shall be rescinded by the Administrator. The community’s eligibility shall remain terminated after suspension until copies of adequate flood plain management regulations have been received and approved by the Administrator.

(b) A community eligible for the sale of flood insurance which fails to adequately enforce flood plain management regulations meeting the minimum requirements set forth in §§60.3, 60.4 and/or 60.5 shall be subject to probation. Probation shall represent formal notification to the community that the Administrator regards the community’s flood plain management program as not compliant with NFIP criteria. Prior to imposing probation, the Administrator (1) shall inform the community upon 90 days prior written notice of the impending probation and of the specific program deficiencies and violations relative to the failure to enforce, (2) shall, at least 60 days before probation is to begin, issue a press release to local media explaining the reasons for and the effects of probation, and (3) shall, at least 90 days before probation is to begin, advise all policyholders in the community of the impending probation and the additional premium that will be charged, as provided in this paragraph, on policies sold or renewed during the period of probation. During this 90-day period the community shall have the opportunity to avoid probation by demonstrating compliance with Program requirements, or by correcting Program deficiencies and remedying all violations to the maximum extent possible. If, at the end of the 90-day period, the Administrator determines that the community has failed to do so, the probation shall go into effect. Probation may be continued for up to one year after the community corrects all Program deficiencies and remedies all violations to the maximum extent possible. Flood insurance may be sold or renewed in the community while it is on probation. Where a policy covers property located in a community placed on probation on or after October 1, 1986, but prior to October 1, 1992, an additional premium of $25.00 shall be charged on each such policy newly issued or renewed during the one-year period beginning on the date the community is placed on probation and during any successive one-year periods that begin prior to October 1, 1992. Where a community’s probation begins on or after October 1, 1992, the additional premium described in the preceding sentence shall be $50.00, which
§ 59.24

shall also be charged during any successive one-year periods during which the community remains on probation for any part thereof. This $50.00 additional premium shall further be charged during any successive one-year periods that begin on or after October 1, 1992, where the preceding one-year probation period began prior to October 1, 1992.

(c) A community eligible for the sale of flood insurance which fails to adequately enforce its flood plain management regulations meeting the minimum requirements set forth in §§ 60.3, 60.4 and/or 60.5 and does not correct its Program deficiencies and remedy all violations to the maximum extent possible in accordance with compliance deadlines established during a period of probation shall be subject to suspension of its Program eligibility. Under such circumstances, the Administrator shall grant the community 30 days in which to show cause why it should not be suspended. The Administrator may conduct a hearing, written or oral, before commencing suspensive action. If a community is to be suspended, the Administrator shall inform it upon 30 days prior written notice and upon publication in the Federal Register under part 64 of this subchapter of its loss of eligibility for the sale of flood insurance. The community eligibility shall remain terminated after suspension until copies of adequate flood plain management regulations have been received and approved by the Administrator.

(d) A community eligible for the sale of flood insurance which repeals its flood plain management regulations, allows its regulations to lapse, or amends its regulations so that they no longer meet the minimum requirements set forth in §§ 60.3, 60.4 and/or 60.5 shall be suspended from the Program. If a community is to be suspended, the Administrator shall inform it upon 30 days prior written notice and upon publication in the Federal Register under part 64 of this subchapter of its loss of eligibility for the sale of flood insurance. A community that has withdrawn from the Program may be reinstated if its application materials specified in §59.22(a).

(e) A community eligible for the sale of flood insurance may withdraw from the Program by submitting to the Administrator a copy of a legislative action that explicitly states its desire to withdraw from the National Flood Insurance Program. Upon receipt of a certified copy of a final legislative action, the Administrator shall withdraw the community from the Program and publish in the Federal Register under part 64 of this subchapter its loss of eligibility for the sale of flood insurance. A community that has withdrawn from the Program may be reinstated if it submits the application materials specified in §59.22(a).

(f) If during a period of ineligibility under paragraphs (a), (d), or (e) of this section, a community has permitted actions to take place that have aggravated existing flood plain, mudslide (i.e., mudflow) and/or flood related erosion hazards, the Administrator may withhold reinstatement until the community submits evidence that it has taken action to remedy to the maximum extent possible the increased hazards. The Administrator may also place the reinstated community on probation as provided for in paragraph (b) of this section.

(g) The Administrator shall promptly notify the servicing company and any insurers issuing flood insurance pursuant to an arrangement with the Administrator of those communities
§ 60.1 Purpose of subpart.

(a) The Act provides that flood insurance shall not be sold or renewed under the program within a community, unless the community has adopted adequate flood plain management regulations consistent with Federal criteria. Responsibility for establishing such criteria is delegated to the Administrator.

(b) This subpart sets forth the criteria developed in accordance with the Act by which the Administrator will determine the adequacy of a community's flood plain management regulations. These regulations must be legally-enforceable, applied uniformly throughout the community to all privately and publicly owned land within flood-prone, mudslide (i.e., mudflow)-prone, or flood-related erosion-prone areas, and the community must provide that the regulations take precedence over any less restrictive conflicting local laws, ordinances or codes. Except as otherwise provided in §60.6, the adequacy of such regulations shall be determined on the basis of the standards set forth in §60.3 for flood-prone areas, §60.4 for mudslide areas, and §60.5 for flood-related erosion areas.

(c) Nothing in this subpart shall be construed as modifying or replacing the general requirement that all eligible communities must take into account flood, mudslide (i.e., mudflow) and flood-related erosion hazards, to the extent that they are known, in all official actions relating to land management and use.

(d) The criteria set forth in this subpart are minimum standards for the adoption of flood plain management regulations by flood-prone, mudslide (i.e., mudflow)-prone and flood-related erosion-prone communities. Any community may exceed the minimum criteria under this part by adopting more comprehensive flood plain management
§ 60.2 Minimum compliance with flood plain management criteria.

(a) A flood-prone community applying for flood insurance eligibility shall meet the standards of §60.3(a) in order to become eligible if a FHBM has not been issued for the community at the time of application. Thereafter, the community will be given a period of six months from the date the Administrator provides the data set forth in §60.3(b), (c), (d), (e) or (f), in which to meet the requirements of the applicable paragraph. If a community has received a FHBM, but has not yet applied for Program eligibility, the community shall apply for eligibility directly under the standards set forth in §60.3(b). Thereafter, the community will be given a period of six months from the date the Administrator provides the data set forth in §60.3(c), (d), (e) or (f) in which to meet the requirements of the applicable paragraph.

(b) A mudslide (i.e., mudflow)-prone community applying for flood insurance eligibility shall meet the standards of §60.4(a) to become eligible. Thereafter, the community will be given a period of six months from the date the mudslide (i.e., mudflow) areas having special mudslide hazards are delineated in which to meet the requirements of §60.4(b).

(c) A flood-related erosion-prone community applying for flood insurance eligibility shall meet the standards of §60.5(a) to become eligible. Thereafter, the community will be given a period of six months from the date the flood-related erosion areas having special erosion hazards are delineated in which to meet the requirements of §60.5(b).

(d) Communities identified in part 65 of this subchapter as containing more than one type of hazard (e.g., any combination of special flood, mudslide (i.e., mudflow), and flood-related erosion hazard areas) shall adopt flood plain management regulations for each type of hazard consistent with the requirements of §§60.3, 60.4 and 60.5.

(e) Local flood plain management regulations may be submitted to the State Coordinating Agency designated pursuant to §60.25 for its advice and concurrence. The submission to the State shall clearly describe proposed enforcement procedures.

(f) The community official responsible for submitting annual or biennial reports to the Administrator pursuant to §59.22(b)(2) of this subchapter shall also submit copies of each annual or biennial report to any State Coordinating Agency.

(g) A community shall assure that its comprehensive plan is consistent with the flood plain management objectives of this part.

(h) The community shall adopt and enforce flood plain management regulations based on data provided by the Administrator. Without prior approval of the Administrator, the community shall not adopt and enforce flood plain management regulations based upon modified data reflecting natural or man-made physical changes.

§ 60.3 Flood plain management criteria for flood-prone areas.

The Administrator will provide the data upon which flood plain management regulations shall be based. If the Administrator has not provided sufficient data to furnish a basis for these regulations in a particular community, the community shall obtain, review and reasonably utilize data available from other Federal, State or other sources pending receipt of data from...
the Administrator. However, when special flood hazard area designations and water surface elevations have been furnished by the Administrator, they shall apply. The symbols defining such special flood hazard designations are set forth in §64.3 of this subchapter. In all cases the minimum requirements governing the adequacy of the flood plain management regulations for flood-prone areas adopted by a particular community depend on the amount of technical data formally provided to the community by the Administrator. Minimum standards for communities are as follows:

(a) When the Administrator has not defined the special flood hazard areas within a community, has not provided water surface elevation data, and has not provided sufficient data to identify the floodway or coastal high hazard area, but the community has indicated the presence of such hazards by submitting an application to participate in the Program, the community shall:

(1) Require permits for all proposed construction or other development in the community, including the placement of manufactured homes, so that it may determine whether such construction or other development is proposed within flood-prone areas;

(2) Review proposed development to assure that all necessary permits have been received from those governmental agencies from which approval is required by Federal or State law, including section 404 of the Federal Water Pollution Control Act Amendments of 1972, 33 U.S.C. 1334;

(3) Review all permit applications to determine whether proposed building sites will be reasonably safe from flooding. If a proposed building site is in a flood-prone area, all new construction and substantial improvements shall (i) be designed (or modified) and adequately anchored to prevent flotation, collapse, or lateral movement of the structure resulting from hydrodynamic and hydrostatic loads, including the effects of buoyancy, (ii) be constructed with materials resistant to flood damage, (iii) be constructed by methods and practices that minimize flood damages, and (iv) be constructed with electrical, heating, ventilation, plumbing, and air conditioning equipment and other service facilities that are designed and/or located so as to prevent water from entering or accumulating within the components during conditions of flooding.

(4) Review subdivision proposals and other proposed new development, including manufactured home parks or subdivisions, to determine whether such proposals will be reasonably safe from flooding. If a subdivision proposal or other proposed new development is in a flood-prone area, any such proposals shall be reviewed to assure that (i) all such proposals are consistent with the need to minimize flood damage within the flood-prone area, (ii) all public utilities and facilities, such as sewer, gas, electrical, and water systems are located and constructed to minimize or eliminate flood damage, and (iii) adequate drainage is provided to reduce exposure to flood hazards;

(5) Require within flood-prone areas new and replacement water supply systems to be designed to minimize or eliminate infiltration of flood waters into the systems; and

(6) Require within flood-prone areas (i) new and replacement sanitary sewage systems to be designed to minimize or eliminate infiltration of flood waters into the systems and discharges from the systems into flood waters and (ii) onsite waste disposal systems to be located to avoid impairment to them or contamination from them during flooding.

(b) When the Administrator has designated areas of special flood hazards (A zones) by the publication of a community’s FIRM or FIRM, but has neither produced water surface elevation data nor identified a floodway or coastal high hazard area, the community shall:

(1) Require permits for all proposed construction and other developments including the placement of manufactured homes, within Zone A on the community’s FIRM or FIRM;

(2) Require the application of the standards in paragraphs (a) (2), (3), (4), (5) and (6) of this section to development within Zone A on the community’s FIRM or FIRM.
§ 60.3

(3) Require that all new subdivision proposals and other proposed developments (including proposals for manufactured home parks and subdivisions) greater than 50 lots or 5 acres, whichever is the lesser, include within such proposals base flood elevation data;

(4) Obtain, review and reasonably utilize any base flood elevation and floodway data available from a Federal, State, or other source, including data developed pursuant to paragraph (b)(3) of this section, as criteria for requiring that new construction, substantial improvements, or other development in Zone A on the community's FHBM or FIRM meet the standards in paragraphs (c)(2), (c)(3), (c)(5), (c)(6), (c)(12), (c)(14), (d)(2) and (d)(3) of this section;

(5) Where base flood elevation data are utilized, within Zone A on the community's FHBM or FIRM:

(i) Obtain the elevation (in relation to mean sea level) of the lowest floor (including basement) of all new and substantially improved structures, and

(ii) Obtain, if the structure has been floodproofed in accordance with paragraph (c)(3)(ii) of this section, the elevation (in relation to mean sea level) to which the structure was floodproofed, and

(iii) Maintain a record of all such information with the official designated by the community under §59.22 (a)(9)(iii);

(6) Notify, in riverine situations, adjacent communities and the State Coordinating Office prior to any alteration or relocation of a watercourse, and submit copies of such notifications to the Administrator;

(7) Assure that the flood carrying capacity within the altered or relocated portion of any watercourse is maintained;

(8) Require that all manufactured homes to be placed within Zone A on a community's FHBM or FIRM shall be installed using methods and practices which minimize flood damage. For the purposes of this requirement, manufactured homes must be elevated and anchored to resist flotation, collapse, or lateral movement. Methods of anchoring may include, but are not to be limited to, use of over-the-top or frame ties to ground anchors. This requirement is in addition to applicable State and local anchoring requirements for resisting wind forces.

(c) When the Administrator has provided a notice of final flood elevations for one or more special flood hazard areas on the community's FIRM and, if appropriate, has designated other special flood hazard areas without base flood elevations on the community's FIRM, but has not identified a regulatory floodway or coastal high hazard area, the community shall:

(1) Require the standards of paragraph (b) of this section within all A1-30 zones, AE zones, A zones, AH zones, and AO zones, on the community's FIRM;

(2) Require that all new construction and substantial improvements of residential structures within Zones A1-30, AE and AH zones on the community's FIRM have the lowest floor (including basement) elevated to or above the base flood level, unless the community is granted an exception by the Administrator for the allowance of basements in accordance with §60.6 (b) or (c);

(3) Require that all new construction and substantial improvements of non-residential structures within Zones A1-30, AE and AH zones on the community's FIRM have the lowest floor (including basement) elevated to or above the base flood level or, (ii) together with attendant utility and sanitary facilities, be designed so that below the base flood level the structure is watertight with walls substantially impermeable to the passage of water and with structural components having the capability of resisting hydrostatic and hydrodynamic loads and effects of buoyancy;

(4) Provide that where a non-residential structure is intended to be made watertight below the base flood level, (i) a registered professional engineer or architect shall develop and/or review structural design, specifications, and plans for the construction, and shall certify that the design and methods of construction are in accordance with accepted standards of practice for meeting the applicable provisions of paragraph (c)(3)(ii) or (c)(8)(ii) of this section, and (ii) a record of such certificates which includes the specific elevation (in relation to mean sea level)
Federal Emergency Management Agency § 60.3

(5) Require, for all new construction and substantial improvements, that fully enclosed areas below the lowest floor that are usable solely for parking of vehicles, building access or storage in an area other than a basement and which are subject to flooding shall be designed to automatically equalize hydrostatic flood forces on exterior walls by allowing for the entry and exit of floodwaters. Designs for meeting this requirement must either be certified by a registered professional engineer or architect or meet or exceed the following minimum criteria: A minimum of two openings having a total net area of not less than one square inch for every square foot of enclosed area subject to flooding shall be provided. The bottom of all openings shall be no higher than one foot above grade. Openings may be equipped with screens, louvers, valves, or other coverings or devices provided that they permit the automatic entry and exit of floodwaters.

(6) Require that manufactured homes that are placed or substantially improved within Zones A1-30, AH, and AE on the community’s FIRM on sites

(i) Outside of a manufactured home park or subdivision,

(ii) In a new manufactured home park or subdivision,

(iii) In an expansion to an existing manufactured home park or subdivision,

(iv) In an existing manufactured home park or subdivision on which a manufactured home has incurred “substantial damage” as the result of a flood, be elevated on a permanent foundation such that the lowest floor of the manufactured home is elevated to or above the base flood elevation and be securely anchored to an adequately anchored foundation system to resist floatation collapse and lateral movement.

(7) Require within any AO zone on the community’s FIRM that all new construction and substantial improvements of residential structures have the lowest floor (including basement) elevated above the highest adjacent grade at least as high as the depth number specified in feet on the community’s FIRM (at least two feet if no depth number is specified);

(8) Require within any AO zone on the community’s FIRM that new construction and substantial improvements of nonresidential structures (i) have the lowest floor (including basement) elevated above the highest adjacent grade at least as high as the depth number specified in feet on the community’s FIRM (at least two feet if no depth number is specified), or (ii) together with attendant utility and sanitary facilities be completely floodproofed to that level to meet the floodproofing standard specified in §60.3(c)(3)(ii);

(9) Require within any A99 zones on a community’s FIRM the standards of paragraphs (a)(1) through (a)(4)(i) and (b)(5) through (b)(9) of this section;

(10) Require until a regulatory floodway is designated, that no new construction, substantial improvements, or other development (including fill) shall be permitted within Zones A1-30 and AE on the community’s FIRM, unless it is demonstrated that the cumulative effect of the proposed development, when combined with all other existing and anticipated development, will not increase the water surface elevation of the base flood more than one foot at any point within the community.

(11) Require within Zones AH and AO, adequate drainage paths around structures on slopes, to guide floodwaters around and away from proposed structures.

(12) Require that manufactured homes to be placed or substantially improved on sites in an existing manufactured home park or subdivision within Zones A1-30, AH, and AE on the community’s FIRM that are not subject to the provisions of paragraph (c)(6) of this section be elevated so that either

(i) The lowest floor of the manufactured home is at or above the base flood elevation, or

(ii) The manufactured home chassis is supported by reinforced piers or other foundation elements of at least equivalent strength that are no less than 36 inches in height above grade and be securely anchored to an adequately anchored foundation system to
§ 60.3

resist floatation, collapse, and lateral movement.

(13) Notwithstanding any other provisions of §60.3, a community may approve certain development in Zones A1-30, AE, and AH, on the community’s FIRM which increase the water surface elevation of the base flood by more than one foot, provided that the community first applies for a conditional FIRM revision, fulfills the requirements for such a revision as established under the provisions of §65.12, and receives the approval of the Administrator.

(14) Require that recreational vehicles placed on sites within Zones A1-30, AH, and AE on the community’s FIRM either

(i) Be on the site for fewer than 180 consecutive days,
(ii) Be fully licensed and ready for highway use, or
(iii) Meet the permit requirements of paragraph (b)(1) of this section and the elevation and anchoring requirements for “manufactured homes” in paragraph (c)(6) of this section.

A recreational vehicle is ready for highway use if it is on its wheels or jacking system, is attached to the site only by quick disconnect type utilities and security devices, and has no permanently attached additions.

(d) When the Administrator has provided a notice of final base flood elevations within Zones A1-30 and/or AE on the community’s FIRM and, if appropriate, has designated AO zones, AH zones, A99 zones, and A zones on the community’s FIRM, and has provided data from which the community shall designate its regulatory floodway, the community shall:

(1) Meet the requirements of paragraphs (c)(1) through (14) of this section;
(2) Select and adopt a regulatory floodway based on the principle that the area chosen for the regulatory floodway must be designed to carry the waters of the base flood, without increasing the water surface elevation of that flood more than one foot at any point;
(3) Prohibit encroachments, including fill, new construction, substantial improvements, and other development within the adopted regulatory floodway unless it has been demonstrated through hydrologic and hydraulic analyses performed in accordance with standard engineering practice that the proposed encroachment would not result in any increase in flood levels within the community during the occurrence of the base flood discharge;
(4) Notwithstanding any other provisions of §60.3, a community may permit encroachments within the adopted regulatory floodway that would result in an increase in base flood elevations, provided that the community first applies for a conditional FIRM and floodway revision, fulfills the requirements for such revisions as established under the provisions of §65.12, and receives the approval of the Administrator.

(e) When the Administrator has provided a notice of final base flood elevations within Zones A1-30 and/or AE on the community’s FIRM and, if appropriate, has designated AH zones, AO zones, A99 zones, and A zones on the community’s FIRM, and has identified on the community’s FIRM coastal high hazard areas by designating Zones V1-30, VE, and/or V, the community shall:

(1) Meet the requirements of paragraphs (c)(1) through (14) of this section;
(2) Within Zones V1-30, VE, and V on a community’s FIRM, (i ) obtain the elevation (in relation to mean sea level) of the bottom of the lowest structural member of the lowest floor (excluding pilings and columns) of all new and substantially improved structures, and whether or not such structures contain a basement, and (ii) maintain a record of all such information with the official designated by the community under §59.22a(9)(iii);
(3) Provide that all new construction within Zones V1-30, VE, and V on the community’s FIRM is located landward of the reach of mean high tide;
(4) Provide that all new construction and substantial improvements in Zones V1-30 and VE, and also Zone V if base flood elevation data is available, on the community’s FIRM, are elevated on pilings and columns so that (i) the bottom of the lowest horizontal structural member of the lowest floor (excluding the pilings or columns) is elevated to
or above the base flood level; and (ii) the pile or column foundation and structure attached thereto is anchored to resist flotation, collapse and lateral movement due to the effects of wind and water loads acting simultaneously on all building components. Water loading values used shall be those associated with the base flood. Wind loading values used shall be those required by applicable State or local building standards. Such enclosed space shall be useable solely for parking of vehicles, building access, or storage.

(6) Prohibit the use of fill for structural support of buildings within Zones V1-30, VE, and V on the community's FIRM;

(7) Prohibit man-made alteration of sand dunes and mangrove stands within Zones V1-30, VE, and V on the community's FIRM which would increase potential flood damage.

(8) Require that manufactured homes placed or substantially improved within Zones V1-30, V, and VE on the community's FIRM meet the requirements of paragraphs (a)(2) through (7) of this section.

(9) Require that recreational vehicles placed on sites within Zones V1-30, V, and VE on the community's FIRM meet the requirements in paragraphs (b)(i) and (e) (2) through (7) of this section.

A recreational vehicle is ready for highway use if it is on its wheels or jacking system, is attached to the site only by quick disconnect type utilities and security devices, and has no permanently attached additions.

(f) When the Administrator has provided a notice of final base flood elevations within Zones A1-30 or AE on
the community’s FIRM, and, if appropriate, has designated AH zones, AO zones, A99 zones, and A zones on the community’s FIRM, and has identified flood protection restoration areas by designating Zones AR, AR/A1-30, AR/AE, AR/AH, AR/AO, or AR/A, the community shall:

(1) Meet the requirements of paragraphs (c)(1) through (14) and (d)(1) through (4) of this section.

(2) Adopt the official map or legal description of those areas within Zones AR, AR/A1-30, AR/AE, AR/AH, AR/AO, or AR/AO that are designated developed areas as defined in §59.1 in accordance with the eligibility procedures under §65.14.

(3) For all new construction of structures in areas within Zone AR that are designated as developed areas and in other areas within Zone AR where the AR flood depth is 5 feet or less:
   (i) Determine the lower of either the AR base flood elevation or the elevation that is 3 feet above highest adjacent grade; and
   (ii) Using this elevation, require the standards of paragraphs (c)(1) through (14) of this section.

(4) For all new construction of structures in those areas within Zone AR that are not designated as developed areas where the AR flood depth is greater than 5 feet:
   (i) Determine the AR base flood elevation; and
   (ii) Using that elevation require the standards of paragraphs (c)(1) through (14) of this section.

(5) For all new construction of structures in areas within Zone AR/A1-30, AR/AE, AR/AH, AR/AO, and AR/A:
   (i) Determine the applicable elevation for Zone AR from paragraphs (a)(3) and (4) of this section;
   (ii) Determine the base flood elevation or flood depth for the underlying A1-30, AE, AH, AO and A Zone; and
   (iii) Using the higher elevation from paragraphs (a)(5)(i) and (ii) of this section require the standards of paragraphs (c)(1) through (14) of this section.

(6) For all substantial improvements to existing construction within Zones AR/A1-30, AR/AE, AR/AH, AR/AO, and AR/A:
   (i) Determine the A1-30 or AE, AH, AO, or A Zone base flood elevation; and
   (ii) Using this elevation apply the requirements of paragraphs (c)(1) through (14) of this section.

(7) Notify the permit applicant that the area has been designated as an AR, AR/A1-30, AR/AE, AR/AH, AR/AO, or AR/A Zone and whether the structure will be elevated or protected to or above the AR base flood elevation.

[41 FR 46975, Oct. 26, 1976]

EDITORIAL NOTE: For Federal Register citations affecting §60.3, see the List of Sections Affected in the Finding Aids section of this volume.

§ 60.4 Flood plain management criteria for mudslide (i.e., mudflow)-prone areas.

The Administrator will provide the data upon which flood plain management regulations shall be based. If the Administrator has not provided sufficient data to furnish a basis for these regulations in a particular community, the community shall obtain, review, and reasonably utilize data available from other Federal, State or other sources pending receipt of data from the Administrator. However, when special mudslide (i.e., mudflow) hazard area designations have been furnished by the Administrator, they shall apply. The symbols defining such special mudslide (i.e., mudflow) hazard designations are set forth in §64.3 of this subchapter. In all cases, the minimum requirements for mudslide (i.e., mudflow)-prone areas adopted by a particular community depend on the amount of technical data provided to the community by the Administrator. Minimum standards for communities are as follows:

(a) When the Administrator has not yet identified any area within the community as an area having special mudslide (i.e., mudflow) hazards, but the community has indicated the presence of such hazards by submitting an application to participate in the Program, the community shall:
   (1) Require permits for all proposed construction or other development in the community so that it may determine whether development is proposed within mudslide (i.e., mudflow)-prone areas;
§ 60.5 Flood plain management criteria for flood-related erosion-prone areas.

The Administrator will provide the data upon which flood plain management regulations for flood-related erosion-prone areas shall be based. If the Administrator has not provided sufficient data to furnish a basis for these regulations in a particular community, the community shall obtain, review, and reasonably utilize data available from other Federal, State or other sources, pending receipt of data from the Administrator. However, when special flood-related erosion hazard area designations have been furnished by the Administrator they shall apply. The symbols defining such special flood-related erosion hazard designations are set forth in §64.3 of this subchapter. In all cases the minimum requirements governing the adequacy of the flood plain management regulations for flood-related erosion-prone areas adopted by a particular community depend on the amount of technical data provided to the community by the Administrator. Minimum standards for communities are as follows:

(a) When the Administrator has delineated Zone M on the community’s FIRM, the community shall:

(1) Meet the requirements of paragraph (a) of this section; and

(2) Adopt and enforce a grading ordinance or regulation in accordance with data supplied by the Administrator which (i) regulates the location of foundation systems and utility systems of new construction and substantial improvements, (ii) regulates the location, drainage and maintenance of all excavations, cuts and fills and planted slopes, (iii) provides special requirements for protective measures including but not necessarily limited to retaining walls, buttress fills, sub-drains, diverter terraces, benchings, etc., and (iv) requires engineering drawings and specifications to be submitted for all corrective measures, accompanied by supporting soils engineering and geology reports. Guidance may be obtained from the provisions of the 1973 edition and any subsequent edition of the Uniform Building Code, sections 7001 through 7006, and 7008 through 7015.

The Uniform Building Code is published by the International Conference of Building Officials, 50 South Los Robles, Pasadena, California 91101.

§ 60.5 Flood plain management criteria for flood-related erosion-prone areas.

The Administrator will provide the data upon which flood plain management regulations for flood-related erosion-prone areas shall be based. If the Administrator has not provided sufficient data to furnish a basis for these regulations in a particular community, the community shall obtain, review, and reasonably utilize data available from other Federal, State or other sources, pending receipt of data from the Administrator. However, when special flood-related erosion hazard area designations have been furnished by the Administrator they shall apply. The symbols defining such special flood-related erosion hazard designations are set forth in §64.3 of this subchapter. In all cases the minimum requirements governing the adequacy of the flood plain management regulations for flood-related erosion-prone areas adopted by a particular community depend on the amount of technical data provided to the community by the Administrator. Minimum standards for communities are as follows:

(a) When the Administrator has not yet identified any area within the community as having special flood-related erosion hazards, but the community has indicated the presence of such hazards by submitting an application to participate in the Program, the community shall

(1) Require the issuance of a permit for all proposed construction, or other development in the area of flood-related erosion hazard, as it is known to the community;

(2) Require review of each permit application to determine whether the proposed site alterations and improvements will be reasonably safe from flood-related erosion and will not cause

(2) Require review of each permit application to determine whether the proposed site and improvements will be reasonably safe from mudslides (i.e., mudflows). Factors to be considered in making such a determination should include but not be limited to (i) the type and quality of soils, (ii) any evidence of ground water or surface water problems, (iii) the depth and quality of any fill, (iv) the overall slope of the site, and (v) the weight that any proposed structure will impose on the slope;

(3) Require, if a proposed site and improvements are in a location that may have mudslide (i.e., mudflow) hazards, that (i) a site investigation and further review be made by persons qualified in geology and soils engineering, (ii) the proposed grading, excavations, new construction, and substantial improvements are adequately designed and protected against mudslide (i.e., mudflow) damages, (iii) the proposed grading, excavations, new construction and substantial improvements do not aggravate the existing hazard by creating either on-site or off-site disturbances, and (iv) drainage, planting, watering, and maintenance be such as not to endanger slope stability.

(b) When the Administrator has delineated Zone M on the community’s FIRM, the community shall:

(1) Meet the requirements of paragraph (a) of this section; and

(2) Adopt and enforce a grading ordinance or regulation in accordance with data supplied by the Administrator which (i) regulates the location of foundation systems and utility systems of new construction and substantial improvements, (ii) regulates the location, drainage and maintenance of all excavations, cuts and fills and planted slopes, (iii) provides special requirements for protective measures including but not necessarily limited to retaining walls, buttress fills, sub-drains, diverter terraces, benchings, etc., and (iv) requires engineering drawings and specifications to be submitted for all corrective measures, accompanied by supporting soils engineering and geology reports. Guidance may be obtained from the provisions of the 1973 edition and any subsequent edition of the Uniform Building Code, sections 7001 through 7006, and 7008 through 7015.

The Uniform Building Code is published by the International Conference of Building Officials, 50 South Los Robles, Pasadena, California 91101.

§ 60.6 Variances and exceptions.

(a) The Administrator does not set forth absolute criteria for granting variances from the criteria set forth in §§60.3, 60.4, and 60.5. The issuance of a variance is for flood plain management purposes only. Insurance premium rates are determined by statute according to actuarial risk and will not be modified by the granting of a variance. The community, after examining the applicant’s hardships, shall approve or disapprove a request. While the granting of variances generally is limited to a lot size less than one-half acre (as set forth in paragraph (a)(2) of this section), deviations from that limitation may occur. However, as the lot size increases beyond one-half acre, the technical justification required for issuing a variance increases. The Administrator may review a community’s findings justifying the granting of variances, and if that review indicates a pattern inconsistent with the objectives of sound flood plain management, the Administrator may take appropriate action under §59.24(b) of this subchapter. Variances may be issued for the repair or rehabilitation of historic structures upon a determination that the proposed repair or rehabilitation will not preclude the structure’s continued designation as a historic structure and the variance is the minimum necessary to preserve the historic character and design of the structure. Procedures for the granting of variances by a community are as follows:

(1) Variances shall not be issued by a community within any designated regulatory floodway if any increase in flood levels during the base flood discharge would result;

(2) Variances may be issued by a community for new construction and substantial improvements to be erected on a lot of one-half acre or less in size contiguous to and surrounded by lots with existing structures constructed below the base flood level, in conformance with the procedures of paragraphs (a)(3), (4), (5) and (6) of this section;

(3) Variances shall only be issued by a community upon (i) a showing of good and sufficient cause, (ii) a determination that failure to grant the variance would result in exceptional hardship to the applicant, and (iii) a determination that the granting of a variance will not result in increased flood heights, additional threats to public safety, extraordinary public expense, create nuisances, cause fraud on or victimization of the public, or conflict with existing local laws or ordinances;

(4) Variances shall only be issued upon a determination that the variance is the minimum necessary, considering the flood hazard, to afford relief;

(5) A community shall notify the applicant in writing over the signature of a community official that (i) the issuance of a variance to construct a structure below the base flood level will result in increased premium rates for flood insurance up to amounts as high as $25 for $100 of insurance coverage and (ii) such construction below
the base flood level increases risks to life and property. Such notification shall be maintained with a record of all variance actions as required in paragraph (a)(6) of this section; and

(6) A community shall (i) maintain a record of all variance actions, including justification for their issuance, and (ii) report such variances issued in its annual or biennial report submitted to the Administrator.

(7) Variances may be issued by a community for new construction and substantial improvements and for other development necessary for the conduct of a functionally dependent use provided that (i) the criteria of paragraphs (a)(1) through (a)(4) of this section are met, and (ii) the structure or other development is protected by methods that minimize flood damages during the base flood and create no additional threats to public safety.

(b)(1) The requirement that each flood-prone, mudslide (i.e., mudflow)-prone, and flood-related erosion prone community must adopt and submit adequate flood plain management regulations as a condition of initial and continued flood insurance eligibility is statutory and cannot be waived, and such regulations shall be adopted by a community within the time periods specified in §§ 60.3, 60.4 or § 60.5. However, certain exceptions from the standards contained in this subpart may be permitted where the Administrator recognizes that, because of extraordinary circumstances, local conditions may render the application of certain standards the cause for severe hardship and gross inequity for a particular community. Consequently, a community proposing the adoption of flood plain management regulations which vary from the standards set forth in §§ 60.3, 60.4, or § 60.5, shall explain in writing to the Administrator the nature and extent of and the reasons for the exception request and shall include sufficient supporting economic, environmental, topographic, hydrologic, and other scientific and technical data, and data with respect to the impact on public safety and the environment.

(2) The Administrator shall prepare a Special Environmental Clearance to determine whether the proposal for an exception under paragraph (b)(1) of this section will have significant impact on the human environment. The decision whether an Environmental Impact Statement or other environmental document will be prepared, will be made in accordance with the procedures set out in 44 CFR part 10. Ninety or more days may be required for an environmental quality clearance if the proposed exception will have significant impact on the human environment thereby requiring an EIS.

(c) A community may propose flood plain management measures which adopt standards for floodproofed residential basements below the base flood level in zones A1-30, AH, AO, and AE which are not subject to tidal flooding. Notwithstanding the requirements of paragraph (b) of this section the Administrator may approve the proposal provided that:

(1) The community has demonstrated that areas of special flood hazard in which basements will be permitted are subject to shallow and low velocity flooding and that there is adequate flood warning time to ensure that all residents are notified of impending floods. For the purposes of this paragraph flood characteristics must include:

(i) Flood depths that are five feet or less for developable lots that are contiguous to land above the base flood level and three feet or less for other lots;

(ii) Flood velocities that are five feet per second or less; and

(iii) Flood warning times that are 12 hours or greater. Flood warning times of two hours or greater may be approved if the community demonstrates that it has a flood warning system and emergency plan in operation that is adequate to ensure safe evacuation of flood plain residents.

(2) The community has adopted flood plain management measures that require that new construction and substantial improvements of residential structures with basements in zones A1-30, AH, AO, and AE shall:

(i) Be designed and built so that any basement area, together with attendant utilities and sanitary facilities below the floodproofed design level, is
§ 60.7  watertight with walls that are impermeable to the passage of water without human intervention. Basement walls shall be built with the capacity to resist hydrostatic and hydrodynamic loads and the effects of buoyancy resulting from flooding to the floodproofed design level, and shall be designed so that minimal damage will occur from floods that exceed that level. The floodproofed design level shall be an elevation one foot above the level of the base flood where the difference between the base flood and the 500-year flood is three feet or less and two feet above the level of the base flood where the difference is greater than three feet.

(ii) Have the top of the floor of any basement area no lower than five feet below the elevation of the base flood;

(iii) Have the area surrounding the structure on all sides filled to or above the elevation of the base flood. Fill must be compacted with slopes protected by vegetative cover;

(iv) Have a registered professional engineer or architect develop or review the building’s structural design, specifications, and plans, including consideration of the depth, velocity, and duration of flooding and type and permeability of soils at the building site, and certify that the basement design and methods of construction proposed are in accordance with accepted standards of practice for meeting the provisions of this paragraph;

(v) Be inspected by the building inspector or other authorized representative of the community to verify that the structure is built according to its design and those provisions of this section which are verifiable.

§ 60.8 Definitions.

The definitions set forth in part 59 of this subchapter are applicable to this part.

Subpart B—Requirements for State Flood Plain Management Regulations

§ 60.11 Purpose of this subpart.

(a) A State is considered a “community” pursuant to §59.1 of this subchapter; and, accordingly, the Act provides that flood insurance shall not be sold or renewed under the Program unless a community has adopted adequate flood plain management regulations consistent with criteria established by the Administrator.

(b) This subpart sets forth the flood plain management criteria required for State-owned properties located within special hazard areas identified by the Administrator. A State shall satisfy such criteria as a condition to the purchase of a Standard Flood Insurance Policy for a State-owned structure or its contents, or as a condition to the approval by the Administrator, pursuant to part 75 of this subchapter, of its plan of self-insurance.

§ 60.12 Flood plain management criteria for State-owned properties in special hazard areas.

(a) The State shall comply with the minimum flood plain management criteria set forth in §§60.3, 60.4, and 60.5. A State either shall:

(1) Comply with the flood plain management requirements of all local communities participating in the program in which State-owned properties are located; or

(2) Establish and enforce flood plain management regulations which, at a minimum, satisfy the criteria set forth in §§60.3, 60.4, and 60.5.

(b) The procedures by which a state government adopts and administers flood plain management regulations satisfying the criteria set forth in
§ 60.22 Planning considerations for flood-prone areas.

(a) The flood plain management regulations adopted by a community for flood-prone areas should:

(1) Permit only that development of flood-prone areas which (i) is appropriate in light of the probability of flood damage and the need to reduce flood losses, (ii) is an acceptable social and economic use of the land in relation to the hazards involved, and (iii) does not increase the danger to human life;

(2) Prohibit nonessential or improper installation of public utilities and public facilities in flood-prone areas.

(b) In formulating community development goals after the occurrence of a flood disaster, each community shall consider—

(1) Preservation of the flood-prone areas for open space purposes;

(2) Relocation of occupants away from flood-prone areas;

(3) Acquisition of land or land development rights for public purposes consistent with a policy of minimization of future property losses;

(4) Acquisition of frequently flood-damaged structures;

(c) In formulating community development goals and in adopting flood plain management regulations, each community shall consider at least the following factors—

(1) Human safety;

(2) Diversion of development to areas safe from flooding in light of the need to reduce flood damages and in light of the need to prevent environmentally incompatible flood plain use;

(3) Full disclosure to all prospective and interested parties (including but not limited to purchasers and renters) that (i) certain structures are located within flood-prone areas, (ii) variances have been granted for certain structures located within flood-prone areas, and (iii) premium rates applied to new structures built at elevations below the base flood substantially increase as the elevation decreases;

(4) Adverse effects of flood plain development on existing development;

(5) Encouragement of floodproofing to reduce flood damage;

(6) Flood warning and emergency preparedness plans;

(7) Provision for alternative vehicular access and escape routes when normal routes are blocked or destroyed by flooding;

(8) Establishment of minimum floodproofing and access requirements for schools, hospitals, nursing homes, orphanages, penal institutions, fire stations, police stations, communications centers, water and sewage pumping stations, and other public or quasi-public facilities already located in the...
§ 60.23 Planning considerations for mudslide (i.e., mudflow)-prone areas.

The planning process for communities identified under part 65 of this subchapter as containing Zone M, or which indicate in their applications for flood insurance pursuant to §59.22 of this subchapter that they have mudslide (i.e., mudflow) areas, should include—

(a) The existence and extent of the hazard;

(b) The potential effects of inappropriate hillside development, including—

(1) Loss of life and personal injuries, and

(2) Public and private property losses, costs, liabilities, and exposures resulting from potential mudslide (i.e., mudflow) hazards;

(c) The means of avoiding the hazard including the (1) availability of land which is not mudslide (i.e., mudflow)-prone and the feasibility of developing such land instead of further encroaching upon mudslide (i.e., mudflow) areas, (2) possibility of public acquisition of land, easements, and development rights to assure the proper development of hillsides, and (3) advisability of preserving mudslide (i.e., mudflow) areas as open space;

(d) The means of adjusting to the hazard, including the (1) establishment by ordinance of site exploration, investigation, design, grading, construction, filing, compacting, foundation, sewerage, drainage, subdrainage, planting, inspection and maintenance standards and requirements that promote proper land use, and (2) provision for proper drainage and subdrainage on public property and the location of public utilities and service facilities, such as sewer, water, gas and electrical systems and streets in a manner designed to minimize exposure to mudslide (i.e.,
mudflow) hazards and prevent their aggravation;
(e) Coordination of land use, sewer, and drainage regulations and ordinances with fire prevention, flood plain, mudslide (i.e., mudflow), soil, land, and water regulation in neighboring communities;
(f) Planning subdivisions and other developments in such a manner as to avoid exposure to mudslide (i.e., mudflow) hazards and the control of public facility and utility extension to discourage inappropriate development;
(g) Public facility location and design requirements with higher site stability and access standards for schools, hospitals, nursing homes, orphanages, correctional and other residential institutions, fire and police stations, communication centers, electric power transformers and substations, water and sewer pumping stations and any other public or quasi-public institutions located in the mudslide (i.e., mudflow) area to enable them to withstand mudslide (i.e., mudflow) damage and to facilitate emergency operations; and
(h) Provision for emergencies, including:
(1) Warning, evacuation, abatement, and access procedures in the event of mudslide (i.e., mudflow),
(2) Enactment of public measures and initiation of private procedures to limit danger and damage from continued or future mudslides (i.e., mudflow),
(3) Fire prevention procedures in the event of the rupture of gas or electrical distribution systems by mudslides,
(4) Provisions to avoid contamination of water conduits or deterioration of slope stability by the rupture of such systems,
(5) Similar provisions for sewers which in the event of rupture pose both health and site stability hazards and
(6) Provisions for alternative vehicular access and escape routes when normal routes are blocked or destroyed by mudslides (i.e., mudflow);
(i) The means for assuring consistency between state, areawide, and local comprehensive plans with the plans developed for mudslide (i.e., mudflow)-prone areas;
(j) Deterring the nonessential installation of public utilities and public facilities in mudslide (i.e., mudflow)-prone areas.

§ 60.24 Planning considerations for flood-related erosion-prone areas.
The planning process for communities identified under part 65 of this subchapter as containing Zone E or which indicate in their applications for flood insurance coverage pursuant to §59.22 of this subchapter that they have flood-related erosion areas should include—
(a) The importance of directing future developments to areas not exposed to flood-related erosion;
(b) The possibility of reserving flood-related erosion-prone areas for open space purposes;
(c) The coordination of all planning for the flood-related erosion-prone areas with planning at the State and Regional levels, and with planning at the level of neighboring communities;
(d) Preventive action in E zones, including setbacks, shore protection works, relocating structures in the path of flood-related erosion, and community acquisition of flood-related erosion-prone properties for public purposes;
(e) Consistency of plans for flood-related erosion-prone areas with comprehensive plans at the state, regional and local levels.

§ 60.25 Designation, duties, and responsibilities of State Coordinating Agencies.
(a) States are encouraged to demonstrate a commitment to the minimum flood plain management criteria set forth in §§60.3, 60.4, and 60.5 as evidenced by the designation of an agency of State government to be responsible for coordinating the Program aspects of flood plain management in the State.
(b) State participation in furthering the objectives of this part shall include maintaining capability to perform the appropriate duties and responsibilities as follows:
(1) Enact, whenever necessary, legislation enabling counties and municipalities to regulate development within flood-prone areas;
§ 60.26 Local coordination.

(a) Local flood plain, mudslide (i.e., mudflow) and flood-related erosion area management, forecasting, emergency preparedness, and damage abatement programs should be coordinated with relevant Federal, State, and regional programs;

(b) A community adopting flood plain management regulations pursuant to these criteria should coordinate with the appropriate State agency to promote public acceptance and use of effective flood plain, mudslide, (i.e., mudflow) and flood-related erosion regulations;

(c) A community should notify adjacent communities prior to substantial commercial developments and large subdivisions to be undertaken in areas having special flood, mudslide (i.e., mudflow) and/or flood-related erosion hazards.

PART 61—INSURANCE COVERAGE AND RATES

Sec. 6L1 Purpose of part.
6L2 Definitions.
6L3 Types of coverage.
6L4 Limitations on coverage.
6L5 Special terms and conditions.
6L6 Maximum amounts of coverage available.
6L7 Risk premium rate determinations.
§ 61.5 Special terms and conditions.

(a) No new flood insurance or renewal of flood insurance policies shall be written for properties declared by a duly constituted State or local zoning or other authority to be in violation of any flood plain, mudslide (i.e., mudflow) or flood-related erosion area management or control law, regulation, or ordinance.

(b) In order to reduce the administrative costs of the Program, of which the Federal Government pays a major share, payment of the full policyholder premium must be made at the time of application.

(c) Because of the seasonal nature of flooding, refunds of premiums upon cancellation of coverage by the insured are permitted only if the insurer ceases to have an ownership interest in the property.

§ 61.6 Maximum amounts of coverage available.

(a) Pursuant to section 1306 of the Act, the following are the limits of coverage available under the emergency program and under the regular program.

<table>

1 Also applies to residential unit contents in other residential building or in multi-unit condominium building.

§ 61.7 Risk premium rate determinations.

(a) Pursuant to section 1307 of the Act, the Administrator is authorized to undertake studies and investigations to enable him/her to estimate the risk premium rates necessary to provide flood insurance in accordance with accepted actuarial principles, including applicable operating costs and allowances. Such rates are also referred to in this subchapter as “actuarial rates.”

(b) The Administrator is also authorized to prescribe by regulation the rates which can reasonably be charged to insureds in order to encourage them to purchase the flood insurance made available under the Program. Such rates are referred to in this subchapter as “chargeable rates.” For areas having special flood, mudslide (i.e., mudflow), and flood-related erosion hazards, chargeable rates are usually lower than actuarial rates.

§ 61.8 Applicability of risk premium rates.

Risk premium rates are applicable to all flood insurance made available for:

(a) Any structure, the construction or substantial improvement of which was started after December 31, 1974 or on or after the effective date of the initial FIRM, whichever is later.

(b) Coverage which exceeds the following limits:

(1) For dwelling properties in States other than Alaska, Hawaii, the Virgin Islands, and Guam
   (i) $35,000 aggregate liability for any property containing only one unit, (ii) $100,000 for any property containing more than one unit, and (iii) $10,000 liability per unit for any contents related to such unit.

(2) For dwelling properties in Alaska, Hawaii, the Virgin Islands, and Guam
   (i) $50,000 aggregate liability for any property containing only one unit, (ii) $250,000 for property containing more than one unit, and (iii) $10,000 aggregate liability per unit for any contents related to such unit.

(3) For churches and other properties
   (i) $100,000 for the structure and (ii) $100,000 for contents of any such unit.

(c) Any structure or the contents thereof for which the chargeable rates prescribed by this part would exceed the risk premium rates.

§ 61.9 Establishment of chargeable rates.

(a) Pursuant to section 1308 of the Act, chargeable rates per year per $100 of flood insurance are established as follows for all areas designated by the Administrator under part 64 of this subchapter for the offering of flood insurance.

<table>
<thead>
<tr>
<th>Type of structure</th>

<td>1.58</td>
</tr>
</tbody>
</table>

(b) The contents rate shall be based upon the use of the individual premises for which contents coverage is purchased.

[60 FR 8223, Mar. 4, 1996]
§ 61.10 Minimum premiums.
The minimum premium required for any policy, regardless of the term or amount of coverage, is $50.00.

[46 FR 13514, Feb. 23, 1981]

§ 61.11 Effective date and time of coverage under the Standard Flood Insurance Policy—New Business Applications and Endorsements.

(a) During the 13-month period beginning on the effective date of a revised Flood Hazard Boundary Map or Flood Insurance Rate Map for a community, the effective date and time of any initial flood insurance coverage shall be 12:01 a.m. (local time) on the first calendar day after the application date and the presentment of payment of premium; for example, a flood insurance policy applied for with the payment of the premium on May 1 will become effective at 12:01 a.m. on May 2.

(b) Where the initial purchase of flood insurance is in connection with the making, increasing, extension, or renewal of a loan, the coverage with respect to the property which is the subject of the loan shall be effective as of the time of the loan closing, provided the written request for the coverage is received by the NFIP and the flood insurance policy is applied for and the presentment of payment of premium is made at or prior to the loan closing.

(c) Except as provided by paragraphs (a) and (b) of this section, the effective date and time of any new policy or added coverage or increase in the amount of coverage shall be 12:01 a.m. (local time) on the 30th calendar day after the application date and the presentment of payment of premium; for example, a flood insurance policy applied for with the payment of the premium on May 1 will become effective at 12:01 a.m. on May 31.

(d) Adding new coverage or increasing the amount of coverage in force is permitted during the term of any policy. The additional premium for any new coverage or increase in the amount of coverage shall be calculated pro rata in accordance with the rates currently in force.

(e) With respect to any submission of an application in connection with new business, the payment by an insured to an agent or the issuance of premium payment by the agent, does not constitute payment to the NFIP, except where a WYO Company receives an application and premium payment from one of its agents and elects to refer the business to the NFIP Servicing Agent because the WYO Company does not wish to write the business, in which case any applicable waiting period under this section shall be calculated in accordance with the first sentence of paragraph (f) of this section. Therefore, it is important that an application for flood insurance and its premium be mailed to the NFIP promptly in order to have the effective date of the coverage based on the application date plus the waiting period. If the application and the premium payment are received at the office of the NFIP within ten (10) days from the date of application, the waiting period will be calculated from the date of application. Also, as an alternative, in those cases where the application and premium payment are mailed by certified mail within four (4) days from the date of application, the waiting period will be calculated from the date of application even though the application and premium payment are received at the office of the NFIP after ten (10) days following the date of application. Thus, if the application and premium payment are received after ten (10) days from the date of application or are not mailed by certified mail within four (4) days from the date of application, the waiting period will be calculated from the date of receipt at the office of the NFIP. To determine the effective date of any coverage added by endorsement to a flood insurance policy already in effect, substitute the term endorsement for the term application in this paragraph (e).

(f) With respect to the submission of an application in connection with new business, a renewal of a policy in effect and an endorsement to a policy in effect, the payment by an insured to an agent or the issuance of premium payment to a Write-Your-Own (WYO) Company by the agent, accompanied by a properly completed application, renewal or endorsement form, as appropriate, shall commence the calculation of any applicable waiting period under this section, provided that the agent is
§ 61.12 Rates based on a flood protection system involving Federal funds.

(a) Where the Administrator determines that a community has made adequate progress on the construction of a flood protection system involving Federal funds which will significantly limit the area of special flood hazards, the applicable risk premium rates for any property, located within a special flood hazard area intended to be protected directly by such system will be those risk premium rates which would be applicable when the system is complete.

(b) Adequate progress in paragraph (a) of this section means that the community has provided information to the Administrator sufficient to determine that substantial completion of the flood protection system has been effected because:

(1) 100 percent of the total financial project cost of the completed flood protection system has been appropriated;

(2) At least 50 percent of the total financial project cost of the completed flood protection system has been expended;

(3) All critical features of the flood protection system, as identified by the Administrator, are under construction, and each critical feature is 50 percent completed as measured by the actual expenditure of the estimated construction budget funds; and

(5) The community has not been responsible for any delay in the completion of the system.

(c) Each request by a community for a determination must be submitted in writing to the Risk Studies Division, Office of Risk Assessment, Federal Insurance Administration, Federal Emergency Management Agency, Washington DC, and contain a complete statement of all relevant facts relating to the flood protection system, including, but not limited to, supporting technical data (e.g., U.S. Army Corps of Engineers flood protection project data), cost schedules, budget appropriation data and the extent of Federal funding of the system's construction. Such facts shall include information sufficient to identify all persons affected by such flood protection system or by such request: A full and precise statement of intended purposes of the flood protection system; and a carefully detailed description of such project, including construction completion target dates. In addition, true copies of all contracts, agreements, leases, instruments, and other documents involved must be submitted with the request. Relevant facts reflected in documents, however, must be included in the statement and not merely incorporated by reference, and must be accompanied by an analysis of their bearing on the requirements of paragraph (b) of this section, specifying the pertinent provisions. The request must contain a statement whether, to the best of the knowledge of the person responsible for preparing the application for the community, the flood protection system is currently the subject matter of litigation before any Federal, State or local court or administrative agency, and
the purpose of that litigation. The request must also contain a statement as to whether the community has previously requested a determination with respect to the same subject matter from the Administrator, detailing the disposition of such previous request. As documents become part of the file and cannot be returned, the original documents should not be submitted.

(d) The effective date for any risk premium rates established under this section shall be the date of final determination by the Administrator that adequate progress toward completion of a flood protection system has been made in a community.

(e) A responsible official of a community which received a determination that adequate progress has been made towards completion of a flood protection system shall certify to the Administrator annually on the anniversary date of receipt of such determination that no present delay in completion of the system is attributable to local sponsors of the system, and that a good faith effort is being made to complete the project.

(f) A community for which risk premium rates have been made available under section 1307(e) of the National Flood Insurance Act of 1968, as amended, shall notify the Administrator if, at any time, all progress on the completion of the flood protection system has been halted or if the project for the completion of the flood protection system has been canceled.

§ 61.13 Standard Flood Insurance Policy

(a) Incorporation of forms. Each of the Standard Flood Insurance Policy forms included in appendix "A" hereto (General Property, Dwelling, and Residential Condominium Building Association) and by reference incorporated herein shall be incorporated into the Standard Flood Insurance Policy.

(b) Endorsements. All endorsements to the Standard Flood Insurance Policy shall be final upon publication in the Federal Register for inclusion in appendix A.

(c) Applications. The application and renewal application forms utilized by the National Flood Insurance Program shall be the only application forms used in connection with the Standard Flood Insurance Policy.

(d) Waivers. The Standard Flood Insurance Policy and required endorsements must be used in the Flood Insurance Program, and no provision of the said documents shall be altered, varied, or waived other than by the express written consent of the Administrator through the issuance of an appropriate amendatory endorsement, approved by the Administrator as to form and substance for uniform use.

(e) Oral and written binders. No oral binder or contract shall be effective. No written binder shall be effective unless issued with express authorization of the Administrator.

(f) The Standard Flood Insurance Policy and endorsements may be issued by private sector "Write-Your-Own" (WYO) property insurance companies, based upon flood insurance applications and renewal forms, all of which instruments of flood insurance may bear the name, as Insurer, of the issuing WYO Company. In the case of any Standard Flood Insurance Policy, and its related forms, issued by a WYO Company, wherever the names "Federal Emergency Management Agency" and "Federal Insurance Administration" appear, the WYO Company is authorized to substitute its own name therefor. Standard Flood Insurance Policies issued by WYO Companies may be executed by the issuing WYO Company as Insurer, in the place and stead of the Federal Insurance Administrator.

(a) Definition. A Standard Flood Insurance Policy Interpretation is a written determination by the Administrator construing the scope of the flood insurance coverage that has been and is provided under the policy.
§ 61.17 Group Flood Insurance Policy.

(a) A Group Flood Insurance Policy (GFIP) is a policy covering all individuals named by a State as recipients under § 411 of the Stafford Act (42 U.S.C. 5178) of an Individual and Family Grant (IFG) program award for flood damage as a result of a Presidential major disaster declaration, and, as a one-time, pilot project, to recipients of the State of Alaska’s own fully funded disaster assistance program for individuals and families suffering damage from flooding in September and October 1995. Alaska’s disaster assistance program is comparable to the IFG program in benefits and eligibility requirements, including income levels. The State of Alaska has also agreed to provide information to the National Flood Insurance Program (NFIP) in a data format compatible with NFIP requirements. The premium for the GFIP, initially, is a flat fee of $200 per policyholder. Thereafter, the premium may be adjusted to reflect NFIP loss experience and any adjustment of benefits under the IFG program. The amount of coverage shall be equivalent to the maximum grant amount established under § 411. The term of the GFIP shall be for 36 months and will begin, for implementation with the IFG program, 60 days from the date of the disaster declaration. For FEMA’s pilot project with the State of Alaska, the term of the three-year policy will begin on May 1, 1996. On and after the inception date of the GFIP, coverage for IFG recipients or for recipients of the one-time pilot project of the GFIP for the State of Alaska’s own comparable fully funded, disaster assistance program, will begin on the 30th day after the NFIP receives the records of GFIP insureds and their premium payments from the State. A Certificate of Flood Insurance shall be sent to each IFG recipient, and, for the one-time pilot project in Alaska, to each individual or family receiving a grant from Alaska’s own fully funded disaster assistance program.

(b) The GFIP is the Standard Flood Insurance Policy Dwelling Form (a copy of which is included in Appendix A(1) of this part), except that:

1. The GFIP provides coverage for losses caused by land subsidence, sewer backup, or seepage of water without regard to the requirement in paragraph B.3. of Article 3 that the structure be insured to 80 percent of its replacement cost or the maximum amount of insurance available under the NFIP.

2. Article 7, Deductibles, does not apply to the GFIP. Instead, a special deductible of $200 (applicable separately to any building loss and any contents loss) applies to insured flood damage losses sustained by the insured property in the course of any subsequent flooding event during the term of the GFIP. The separate deductible applicable to Article 3 B.3 does not apply.

3. Article 9 E., Cancellation of Policy By You, does not apply to the GFIP.

4. Article 9 G., Policy Renewal, does not apply to the GFIP.

(c) A notice will be sent to the GFIP certificate holders approximately 60 days before the end of the 3-year term.
of the GFIP. The notice will (1) encourage them to contact a local insurance agent or producer or a private insurance company selling NFIP policies under the Write Your Own program of the NFIP to apply for a conventional NFIP Standard Flood Insurance Policy and (2) advise them as to the amount of coverage they must maintain in order not to jeopardize their eligibility for future disaster assistance.

[61 FR 19200, May 1, 1996]

APPENDIX A(1) TO PART 61
FEDERAL EMERGENCY MANAGEMENT AGENCY, FEDERAL INSURANCE ADMINISTRATION

STANDARD FLOOD INSURANCE POLICY
[Issued Pursuant to the National Flood Insurance Act of 1968, or Any Acts Amendatory Thereof (Hereinafter Called the Act), and Applicable Federal Regulations in Title 44 of the Code of Federal Regulations, Subchapter B]

DWELLING FORM
Read the policy carefully. The coverage provided is subject to limitations, restrictions and exclusions. This policy covers only:
1. A non-condominium residential building, designed for principal use as a dwelling place of one to four families, or
2. A single family dwelling unit in a condominium building.

INSURING AGREEMENT
Agreement of insurance between the Federal Emergency Management Agency (FEMA), as Insurer, (hereinafter known as "we," "our," and "us," and the Insured, (hereinafter known as "you" and "your").

We insure you against all direct physical loss by or from flood to the insured property, based upon:
1. Your having paid the correct amount of premium; and
2. Our reliance on the accuracy of the information and statements you have furnished; and
3. All the terms of this policy, the National Flood Insurance Act of 1968, as amended, and Title 44 of the Code of Federal Regulations.

On this basis, you are insured up to the lesser of:
1. The actual cash value, except as provided in Article 8, not including any antique value, of the property at the time of loss; or
2. The amount it would cost to repair or replace the property with material of like kind and quality within a reasonable time after the loss.

Article 1—Persons Insured
We insure only:
A. The named Insured and legal representatives;
B. Any mortgagee and loss payee named in the application and declarations page, as well as any other mortgagee or loss payee determined to exist at the time of a loss (See Article 9, paragraph P.), in the order of precedence and to the extent of their interest but for no more, in the aggregate, than the interest of the named Insured.

Article 2—Definitions
As used in this policy—
Actual Cash Value means the replacement cost of an insured item of property at the time of loss, less the value of physical depreciation as to the item damaged.
Application means the statement made and signed by you or your agent, and giving information on the basis of which we determine the acceptability of the risk, the policy to be issued and the correct premium payment. The correct premium payment must accompany the application for the policy to be issued. The application is a part of this flood insurance policy.
Association means the group of unit owners which manages the condominium building in which you, as the insured unit owner, maintain your residence.
Base flood means the flood having a one percent chance of being equalled or exceeded in any given year.
Basement means any area of the building, including any sunken room or sunken portion of a room, having its floor subgrade (below ground level) on all sides.
Building means a walled and roofed structure, other than a gas or liquid storage tank, that is principally above ground and affixed to a permanent site, including a manufactured (i.e., mobile) home on a permanent foundation, subject to Article 6, paragraph H. and a walled and roofed building in the course of construction, alteration or repair.
Cancellation means that ending of the insurance coverage provided by this policy prior to the expiration date.
Coastal High Hazard Area means an area subject to high velocity waters, including hurricane wave wash and tsunamis.
Condominium means a system of individual ownership of units in a multi-unit building or buildings or in single-unit buildings as to which each unit owner in the condominium has an undivided interest in the common areas of the building(s) and facilities that serve the building(s).
Condominium Association Policy means a policy of flood insurance coverage issued to an association pursuant to the Act.
**Federal Emergency Management Agency**

**Pt. 61, App. A(1)**

Declarations Page is a computer generated summary of information furnished by you in the application for insurance. The declarations page also describes the term of the policy, limits of coverage, and displays the premium and our name. The declarations page is a part of this flood insurance policy.

Direct Physical Loss By or From Flood means any loss in the nature of actual loss of or damage to the insured property (building or personal property) which is directly and proximately caused by a flood (as defined in this policy).

Dwelling means a building designed for use as a residence for no more than four families and a single family dwelling unit in a condominium building.

Elevated Building means a non-basement building which has its lowest elevated floor raised above ground level by foundation walls, shear walls, posts, piers, pilings, or columns. Emergency Program Community means a community wherein a Flood Hazard Boundary Map (FHBM) is in effect and only limited and limited community wherein a FIRM is in effect and full coverage are available under the Act.

Expense Constant means a flat charge per policy term, paid by the Insured to defray the Federal Government’s policywriting and other expenses.

Expiration Date means the ending of the insurance coverage provided by this policy on the expiration date shown on the declarations page.

Federal policy fee means a flat charge per policy term, paid by the Insured to defray certain administrative expenses incurred in carrying out the National Flood Insurance Program not covered by the expense constant. This fee was established by section 1307(a)(1)(B)(iii) of the National Flood Insurance Act of 1968, as amended, and is not subject to producers’ commissions, expense allowances, or state or local premium taxes.

Flood means:

- A general and temporary condition of partial or complete inundation of normally dry land area from:
  1. The overflow of inland or tidal waters.
  2. The unusual and rapid accumulation or runoff of surface waters from any source.
  3. Mudslides (i.e., mudflows) which are proximately caused by flooding as defined in subparagraph A-1 above and are akin to a river of liquid and flowing mud on the surfaces of normally dry land areas, including your premises, as when earth is carried by a current of water and deposited along the path of the current.

- The collapse or subsidence of land along the shore of a lake or other body of water as a result of erosion or undermining caused by waves or currents of water exceeding the cyclical levels which result in flooding as defined in subparagraph A-1 above.

Improvements means fixtures, alterations, installations, or additions comprising a part of the insured building or condominium dwelling unit.

Manufactured home means a building transportable in one or more sections, which is built on a permanent chassis and designed to be used with or without a permanent foundation when connected to the required utilities. The term manufactured home does not include park trailers, and other similar vehicles. To be eligible for coverage under this policy, a manufactured home must be on a permanent foundation and, if located in a FEMA designated Special Hazard Area, must meet the requirements of paragraph H. of Article 5.

Mobile home means a manufactured home.

National Flood Insurance Program means the program of flood insurance coverage and floodplain management administered under the Act and applicable Federal regulations in Title 44 of the Code of Federal Regulations, Subchapter B.

Policy means the entire written contract between you and us; it includes this printed form, the application, and declarations page, any endorsements which may be issued and any renewal certificates indicating that coverage has been instituted for a new policy and policy term. Only one dwelling building or unit, specifically described by you in the application, may be insured under this policy, unless application to cover more than one dwelling building or unit is made on a form or in a format approved for that purpose by the Federal Insurance Administrator.

Post-FIRM building means a building for which the start of construction or substantial improvement occurred after December 31, 1974, or on or after the effective date of the initial Flood Insurance Rate Map (FIRM) for the community in which the building is located, whichever is later.

Pre-FIRM rated building means a building for which the start of construction or substantial improvement occurred on or before December 31, 1974, or before the effective date of the initial FIRM for the community in which the building is located, whichever is later.

Probation Additional Premium means a flat charge per policy term paid by the Insured on all new and renewal policies issued covering property in a community that has been placed on probation under the provisions of 44 CFR 59.24.

Regular Program Community means a community wherein a FIRM is in effect and full limits of coverage are available under the Act.

Residential condominium building means a building owned by the members of a Condominium Association containing one or more residential units and in which at least 75 percent of the floor area within the building is residential.
Special hazard area means an area having special flood, mudslide, (i.e., mudflow) and/or flood-related erosion hazards, and shown on a FHBM or FIRM as Zone A, AO, A1-30, AE, A99, AH, AR, VO, V1-30, VE, V, M or E.

Unit means a single family dwelling unit, owned by the named Insured, in a condominium building.

Valued policy means a policy contract in which the Insurer and the Insured agree on the value of the property insured, that value being payable in event of total loss.

Walled and Roofed means the building has in place two or more exterior, rigid walls and the roof is fully secured so that the building will resist flotation, collapse and lateral movement.

Article 3—Losses Not Covered

We only provide coverage for direct physical loss by or from flood which means we do not cover:

A. Compensation, reimbursement or allowance for:
   1. Loss of use of the insured property or premises.
   2. Loss of access to the insured property or premises.
   3. Loss of profits.
   4. Loss resulting from interruption of business, profession, or manufacture.
   5. Your additional living expenses incurred while the insured building is being repaired or is uninhabitable for any reason.
   6. Any increased cost of repair or reconstruction as a result of any ordinance regulating reconstruction or repair except as provided in Coverage D—Increased Cost of Compliance.
   7. Any other economic loss.

B. Losses from other casualties, including loss caused by:
   1. Theft, fire, windstorm, wind, explosion, earthquake, land sinkage, landslide, destabilization or movement of land resulting from the accumulation of water in subsurface land areas, gradual erosion, or any other earth movement except such mudslides (i.e., mudflows) or erosion as is covered under the peril of flood.
   2. Rain, snow, sleet, hail or water spray.
   3. Land subsidence, sewer backup, or seepage of water unless, subject to additional deductibles as provided for at Article 7, (a) there is a general and temporary condition of flooding in the area, (b) the flooding is the proximate cause of the land subsidence, sewer backup, or seepage of water, (c) the land subsidence, sewer backup, or seepage of water damage occurs no later than 72 hours after the flood has receded, and (d) the insured building must be insured, at the time of the loss, for at least 80 percent of its replacement cost or the maximum amount of insurance available under the National Flood Insurance Program.
   4. Freezing, thawing, or the pressure or weight of ice or water.
   5. Water, moisture, mildew, mold or mudslide (i.e., mudflow) damage resulting primarily from any condition substantially confined to the described dwelling or from any condition which is within your control (including but not limited to design, structural or mechanical defects, failures, stoppages or breakages of water or sewer lines, drains, pumps, fixtures or equipment).
   6. Loss to any building or contents located on property leased from the Federal Government, arising from or incident to the flooding of the property by the Federal Government, where the lease expressly holds the Federal Government harmless, under flood insurance issued under any Federal Government program, from loss arising from or incident to the flooding of the property by the Federal Government.

Article 4—Property Covered (Subject to Articles 3, 5, and 6 Provisions, Which Also Apply to the Other Articles, Terms and Conditions of This Policy, Including the Insuring Agreement)

Coverage A—Building Property

Subject to paragraph C, below, we cover your dwelling which includes:

A. A residential building, not a condominium, designed for principal use as a dwelling place for no more than four families, including:
   1. Additions and extensions attached to and in contact with the dwelling by means of a common wall (but see Article 6, paragraph D.2).
   2. Materials and supplies to be used in constructing, altering or repairing the dwelling or an appurtenant structure while stored inside a fully enclosed building:
      a. At the property address; or
b. On an adjacent property at the time of loss; or

c. In case of another building at the property address which does not have walls on all sides, while stored and secured to prevent flotation out of the building during flooding (the flotation out of the building shall be deemed by you and us to establish the conclusive presumption that the materials and supplies were not reasonably secured to prevent flotation, in which case no coverage is provided for such materials and supplies under this policy).

3. As appurtenant structures, detached garages and carports located at the described premises, at your option at the time of loss, in an amount up to 10 percent of the amount of insurance you have purchased to cover the dwelling, including additions to the dwelling. By exercising this option, you reduce the amount of insurance available to cover other loss relating to Coverage A.

This option may not be used to extend coverage to buildings:

a. Occupied, rented or leased in whole or in part for dwelling purposes (or held for such use); or

b. Used in whole or in part for business or farming purposes (or held for such uses); or

c. Which are boathouses.

4. A building in the course of construction before it is walled and roofed subject to the following conditions:

a. The amount of the deductible for each loss occurrence before the building is walled and roofed is two times the deductible which is selected to apply after the building is walled and roofed.

b. Coverage is provided before the building is walled and roofed only while construction is in progress, or if construction is halted, only for a period of up to 90 continuous days thereafter, until construction is resumed; and

c. There is no coverage before the building is walled and roofed where the lowest floor, including basement floor, of a non-elevated building or the lowest elevated floor of an elevated building is below the base flood elevation in Zones AH, AE or A1-30 or is below the base flood elevation adjusted to include the effect of wave action in Zones VE or V1-30. The lowest floor levels are based on the bottom of the lowest horizontal structural member of the floor in Zones VE or V1-30 and the top of the floor in Zones AH, AE or A1-30.

B. Or, we cover your single-family dwelling unit, including improvements therein owned solely by you, in a condominium building. We also cover your share of assessments made against you as a tenant in common in that building's common elements and the common elements of any other building of your Condominium Association covered by insurance that is:

1. In the name of your Condominium Association;

2. Provided under the Act; and

3. In an amount at least equal to the actual cash value of the building's common elements at the beginning of the current policy term or the maximum building coverage limit available under the Act, whichever is less.

Provided, with respect to coverage for single-family dwelling unit assessments:

1. Coverage is available only when each of the unit owners comprising the membership of the Association are also assessed by reason of the same cause and provided the assessment arises out of a direct physical loss by or from flood to the condominium building in which your unit is located or to another condominium building of the Association, as to which the condominium documents (Articles of Association, Declarations, and your Deed) impose upon you the responsibility for such an assessment. The deductibles provisions of Article 7 of this policy do not apply to assessments.

2. Assessments made by the Association to recoup the amount of a loss deductible incurred by the Association in connection with any condominium building or contents policy of insurance are not covered.

3. Assessments made by the Association in connection with loss of or damage to personal property, including any contents of any condominium building of the Association, are not covered.

4. Assessments made by the Association of a condominium building are not covered if the assessments are made to recoup loss not reimbursed to the Association, under a policy of insurance issued pursuant to the National Flood Insurance Program, by reason of the fact that the condominium building insured under such policy was not, at the time of the loss, insured in an amount equal to the lesser of 80 percent or more of the full replacement cost of the building or the maximum amount of insurance available under the National Flood Insurance Program.

C. And we cover fixtures including the following items of property, if owned solely by you, for which coverage is not provided under ‘Coverage B - Personal Property’:

- Furnaces
- Wall mirrors permanently installed
- Permanently Installed Corner Cupboards, Bookcases, Paneling, and Wallpaper
- Venetian Blinds
- Central Air Conditioners
- Awnings and Canopies
- Elevator Equipment
- Fire Sprinkler Systems
- Built-in Dishwashers
- Garbage Disposal Units
- Outdoor Antennas and Aerials
- Pumps and Machinery for operating them
- Carpet Permanently Installed Over Unfinished Flooring
• Built-in Microwave Ovens
• Hot Water Heaters, Including Solar Water Heaters
• Ranges and Stoves
• Radiators
• Kitchen Cabinets
• Light Fixtures
• Plumbing Fixtures
• Refrigerators

Coverage B—Personal Property

A. Subject to paragraphs B. and C. below, we cover personal property:
1. Owned by you as contents incidental to the occupancy of the building.
2. Owned by members of your family in your household.
3. At your option and within the limits of personal property coverage you have purchased, owned by your guests and servants. Such personal property is covered while stored:
   a. Within your dwelling;
   b. Within a fully enclosed building at the property address;
   c. Within a building having in place two or more rigid walls and a fully secured roof if the contents are secured to prevent flotation out of the building during flooding. The flotation out of the building during flooding of any such contents shall be deemed to establish the conclusive presumption that the contents were not reasonably secured to prevent flotation; or
   d. At a temporary location, as expressly authorized under this policy (see Article A, paragraph C.2).
B. Coverage, under this "Coverage B—Personal Property," includes the following property if owned solely by you, for which coverage is not provided under "Coverage A—Building Property":
   • Clothes Washers
   • Clothes Dryers
   • Food Freezers
   • Air Conditioning Units
   • Portable Dishwashers
   • Carpet, including wall-to-wall carpet, over finished flooring and whether or not it is permanently installed
   • Carpet not permanently installed over unfinished flooring
   • Outdoor equipment and furniture stored inside the dwelling or another fully enclosed building at the property address
   • Portable microwave ovens and "cook-out" grills, ovens and the like
C. Limitations. Under this "Coverage B—Personal Property" we shall not reimburse you for loss as to:
1. Personal property owned by you in common with any unit owners comprising the membership of a Condominium Association.
2. The following personal property to the extent the loss to any one or more of such property exceeds, individually or in total, $250.00:
• Artwork, including but not limited to, paintings, etchings, pictures, tapestries, art glass windows including their frames, statuary, marbles, and bronzes;
• Rare books;
• Necklaces, bracelets, gems, precious or semi-precious stones, watches, articles of gold, silver, or platinum; or
• Furs or any article containing fur which represents its principal value.

Coverage C—Debris Removal

Within the limits of your coverage, we cover any expense you incur, including the value of your own labor and the labor of members of your household at prevailing Federal minimum wage rates, as a result of removing debris of, on or from the insured property so long as the debris problem was directly caused by a flood. Under these provisions coverage extends to:
A. Non-owned debris from beyond the boundaries of the described premises which is physically on the insured property.
B. Parts of the insured property which is anywhere:
   1. On the described premises; and
   2. On property beyond the boundaries of the described premises.

Coverage D—Increased Cost of Compliance Coverage

Increased Cost of Compliance coverage (Coverage D) is for the consequential loss brought on by a floodplain management ordinance or law affecting repair and reconstruction involving elevation, floodproofing, relocation, or demolition (or any combination thereof) of a structure, after a direct loss caused by a "flood" as defined by this policy. (Floodproofing activities eligible for Coverage D and referred to hereafter in this policy are limited to residential structures with basements that satisfy the criteria of 44 CFR 60.6 (b) and (c) and to non-residential structures.) The limit of liability under this Coverage D (Increased Cost of Compliance) will not exceed $15,000. This coverage is only applicable to policies with building coverage (Coverage A) and is in addition to the building limit you selected on your application, and appears on the Declarations Page. No separate deductible applies. The maximum amount collectible under this policy for both Coverage A (Building Property) and Coverage D (Increased Cost of Compliance), however, cannot exceed the maximum permitted under the Act.

Eligibility
A structure covered under Coverage A—Building Property—sustaining a loss caused by a "flood" as defined by this policy must:
1. Be a structure that is a repetitive loss structure. A repetitive loss structure means a
structure, covered by a contract for flood insurance issued pursuant to the Act, that has incurred flood-related damage on 2 occasions during a 10-year period ending on the date of the flood event, in which the cost of repairing the flood damage, on the average, equaled or exceeded 25% of the market value of the structure at the time of the flood event. The State or community must have a substantial damage provision or repetitive loss provision in its floodplain management law or ordinance being enforced against the structure; or

2. Be a structure that has had flood damage in which the cost to repair equals or exceeds 50% of the market value of the structure at the time of the flood event. The State or community must have a substantial damage provision in its floodplain management law or ordinance being enforced against the structure.

This Coverage D will not pay for Increased Cost of Compliance to meet State or community floodplain management laws or ordinances which exceed the minimum criteria at 44 CFR 60.3, except as provided in 1. above or a. or b. as follows:

a. elevation or floodproofing in any risk zone to preliminary or advisory base flood elevations provided by FEMA which the State or local government has adopted and is enforcing for flood-damaged structures in such areas. (This includes compliance activities in B, C, X, or D zones which are being changed to zones with base flood elevations. This also includes compliance activities in zones where base flood elevations are being increased, and a flood-damaged structure must comply with the higher advisory base flood elevation.) Increased Cost of Compliance coverage does not respond to situations in B, C, X, or D zones where the community has derived its own elevations and is enforcing elevation or floodproofing requirements for flood-damaged structures to elevations derived solely by the community.

b. elevation or floodproofing above the base flood elevation to meet State or local “freeboard” requirements, i.e., that a structure must be elevated above the base flood elevation.

Under the minimum NFIP criteria at 44 CFR 60.3(b)(4), States and communities must require the elevation or floodproofing of structures in unnumbered A zones to the base flood elevation where elevation data are obtained from a Federal, State, or other source. Such compliance activities are also eligible for this Coverage D.

This coverage will also pay for the incremental cost, after demolition, or relocation, of elevating or floodproofing a structure during its rebuilding at the same or another site to meet State or local floodplain management laws or ordinances, subject to Exclusion (7).

This coverage will also pay to bring a flood-damaged structure into compliance with State or local floodplain management laws or ordinances even if the structure had received a variance before the present loss from the applicable floodplain management requirements.

Conditions

(1) When a structure covered under Coverage A—Building Property—sustains a loss caused by a “flood” as defined by this policy, our payment for the loss under this Coverage D will be for the increased cost to elevate, floodproof, relocate, demolish, or any combination thereof, caused by enforcement of current State or local floodplain management ordinances or laws. Our payment for eligible demolition activities will be for the cost to demolish and clear the site of the building or a portion thereof caused by enforcement of current State or local floodplain management ordinances or laws. Eligible activities for the cost of clearing the site will include those necessary to discontinue utility service to the site and ensure proper abandonment of on-site utilities.

(2) When the building is repaired or rebuilt, it must be intended for the same occupancy as the present building unless otherwise required by current floodplain management ordinances or laws.

Exclusions

Under this Coverage D (Increased Cost of Compliance), we will not pay for:

1. The cost associated with enforcement of any floodplain management ordinance or law in communities participating in the Emergency Program.

2. The cost associated with enforcement of any ordinance or law that requires any insured or others to test for, monitor, clean up, remove, contain, treat, detoxify or neutralize, or in any way respond to, or assess the effects of pollutants. Pollutants include but are not limited to any solid, liquid, gaseous or thermal irritant or contaminant, including smoke, vapor, soot, fumes, acids, alkalis, chemicals and waste. Waste includes but is not limited to materials to be recycled, reconditioned or reclaimed.

3. The loss in value to any covered building or other structure due to the requirements of any ordinance or law.

4. The loss in residual value of the undamaged portion of a building demolished as a consequence of enforcement of any State or local floodplain management law or ordinance.

5. Any increased cost of compliance under this Coverage D.

(a) Until the covered building is actually elevated, floodproofed, demolished or relocated on the same or to another premises; and
(b) Unless the covered building is elevated, floodproofed, demolished, or relocated as soon as reasonably possible after the loss, not to exceed two years.

(6) For any code upgrade requirements, e.g., Plumbing or electrical wiring, not specifically related to the State or local floodplain management law or ordinance.

(7) For any compliance activities needed to bring additions or improvements made after the loss occurred into compliance with State or local floodplain management laws or ordinances.

(8) Loss due to any ordinance or law that you were required to comply with before the current loss.

(9) For any rebuilding activity to standards that do not meet the NFIP's minimum requirements. This includes any situation where the insured has received from the State or community a variance in connection with the current flood loss to rebuild the property to an elevation below the base flood elevation.

(10) Increased cost of compliance for appurtenant structure(s).

(11) For any structure insured under a Group Flood Insurance Policy issued pursuant to 44 CFR 61.17.

(12) Assessments made by a condominium association on individual condominium unit owners to pay increased costs of repairing commonly owned buildings after a flood in compliance with State or local floodplain management ordinances or laws.

Other Provisions

(1) Increased Cost of Compliance coverage will not be included in the calculation to determine whether coverage meets the 80% insurance-to-value requirement for replacement cost coverage under Article 8 or for payment under Article 3.B.3 for loss from land subsidence, sewer backup, or seepage of water.

(2) All other conditions and provisions of the policy apply.

Article 5—Special Provisions Applicable to Coverages A, B, and C

A. Condominium unit owner coverage is excess over Association coverage. The insurance under this policy shall be excess over any insurance in the name of your Condominium Association covering the same property covered by this policy. Loss shall not be paid under "Coverage A—Building Property", paragraph B., and under "Coverage B—Personal Property" until we have verified the extent to which loss to improvements and personal property within your unit, and to the common elements of your building or any other building of your Condominium Association, is covered by any insurance in the name of your Condominium Association.

Should the amount of insurance collectible under this policy for a loss, when combined with any recovery available to you as a tenant in common under any Condominium Association flood insurance policy provided under the Act for the same loss, exceed the statutory permissible limits of building coverage available for the insuring of single family dwellings under the Act, then the limits of building coverage under this policy shall be reduced in regard to that loss by the amount of such excess.

B. This policy is not a valued policy. Loss will be paid, provided you have purchased a sufficient amount of coverage, i.e., in an amount equal to the lesser of the value of the damaged property under the terms and conditions of this policy (and regardless of whether the amount of insurance purchased is greater than such value) or the limit of coverage permitted under the Act.

C. Insured Property, Covered Locations. Your dwelling and personal property are covered while the property is located:

1. At the property address shown on the application or endorsement, if corrected by endorsement; and
2. For 45 days, at another place above ground level or outside of the special hazard area, to which any of the insured property shall necessarily be removed by you in order to protect and preserve it from flood, due to the imminent danger of flood (provided, personal property so removed must be placed in a fully enclosed building or otherwise reasonably protected from the elements to be insured against loss), in which case the reasonable expenses incurred by you, including the value of your own labor and the labor of members of your household at prevailing Federal minimum wage rates, in moving any of your insured property temporarily away from the peril of flood shall be reimbursed to you in an amount not to exceed $500. This policy's deductible amounts, as provided for at Article 7, shall not be applied to this reimbursement.

D. Coverage For Certain Loss Mitigation Measures. When the insurance under this policy covers a building, reasonable expenses incurred by you for the purchase of the following items are also covered, in an aggregate amount not to exceed $750.00:

1. Sandbags, including sand to fill them and plastic sheeting and lumber used in connection with them;
2. Fill for temporary levees;
3. Pumps; and
4. Wood; all for the purpose of saving the building due to the imminent danger of a flood loss, including the value of your own labor and the labor of members of your household at prevailing Federal minimum wage rates. The policy's building deductible amount, as provided for at Article 7, shall not be applied to this reimbursement.

For reimbursement under this paragraph D. to apply, the following conditions must be met:
Federal Emergency Management Agency
Pt. 61, App. A(1)

a. The insured property must be in imminent danger of sustaining flood damage; and
b. The threat of flood damage must be of such imminence as to lead a person of common prudence to apprehend flood damage; and
c. A general and temporary condition of flooding in the area must occur, even if the flooding does not reach the insured property, or a legally authorized official must issue an evacuation order or other civil order for the community in which the insured property is located calling for measures to preserve life and property from the peril of flood.

Article 6—Property Not Covered

We do not cover any of the following:

A. Valuables and commercial property, meaning:
   1. Accounts, bills, currency, deeds, evidences of debt, money, coins, medals, postage stamps, securities, bullion, manuscripts, other valuable papers or records, and personal property used in a business.
   2. Personal property used in connection with any incidental commercial occupancy or use of the building.

B. Property over water or in the open, meaning:
   1. A building and personal property in the building located entirely in, on, or over water or seaward of mean high tide, if the building was newly constructed or substantially improved on or after October 1, 1982.
   2. Personal property in the open.

C. Structures other than buildings, including:
   1. Fences, retaining walls, seawalls, bulkheads, wharves, piers, bridges, and docks.
   2. Indoor and outdoor swimming pools.
   3. Open structures and personal property located in, on, or over water, including boat houses or any structure or building into which boats are floated.
   4. Underground structures and equipment, including wells, septic tanks and septic systems.

D. Other real property, including:
   1. Land, land values, lawns, trees, shrubs, plants, and growing crops.
   2. Those portions of walks, walkways, decks, driveways, patios, and other surfaces, all whether covered or not and all of whatever kind of construction, located outside the perimeter, exterior walls of the insured building or unit.

E. Other personal property, meaning:
   1. Animals, livestock, birds, and fish.
   2. Aircraft.
   3. Any self-propelled vehicle or machine and motor vehicle (other than motorized equipment pertaining to the service of the described unit or building, operated principally on your premises, and not licensed for highway use) including their parts and equipment.
   4. Trailers on wheels and other recreational vehicles whether affixed to a permanent foundation or on wheels.
   5. Watercraft including their furnishings and equipment.

F. Basements, building enclosures lower than the elevated floors of elevated buildings, and personal property, as follows:
   1. In a special hazard area, at an elevation lower than the lowest elevated floor of an elevated Post-FIRM building, including a manufactured (i.e., mobile) home:
      a. Personal property.
      b. Building enclosures, equipment, machinery, fixtures and components, except for the required utility connections and the footings, foundation, posts, pilings, piers or other foundation walls and anchorage system as required for the support of the building.
   2. In a basement as defined in Article 2:
      a. Personal property.
      b. Building equipment, machinery, fixtures and components, including finished walls, floors, ceilings and other improvements, except for the required utility connections, fiberglass insulation, drywalls and sheetrock walls, and ceilings but only to the extent of replacing drywalls and sheetrock walls in an unfinished manner (i.e., nailed to framing but not taped, painted, or covered).
   3. Provided, with regard to both 1. and 2., except for the case of a dwelling unit in a condominium building as to which the Association's coverage is sufficient to cover such property, the following building and personal property items connected to a power source and installed in their functioning location are covered so long as you have purchased building and personal property coverage, as appropriate:
      • Sump pumps
      • Well water tanks and pumps
      • Oil tanks and the oil in them
      • Cisterns and the water in them
      • Natural gas tanks and the gas in them
      • Pumps and or tanks used in conjunction with solar energy
      • Furnaces
      • Hot water heaters
      • Clothes washers and dryers
      • Food freezers and the food in them
      • Air conditioners
      • Heat pumps
      • Electrical junction and circuit breaker boxes
      • Clean-up
      • Stairways and staircases attached to the building which are not separated from the building by elevated walkways.
      • Elevators, dumbwaiters, and relevant equipment, except for such relevant equipment located below the base flood elevation if such relevant equipment was installed on or after October 1, 1987.

G. Property below ground, meaning a building or unit and its contents, including personal
property and machinery and equipment, which are part of the building or unit, where more than 49 percent of the actual cash value of such building or unit is below ground, unless the lowest level is at or above the base flood elevation (in the Regular Program) or the adjacent ground level (in the Emergency Program) by reason of earth having been used as an insulation material in conjunction with energy efficient building techniques.

H. Certain manufactured homes, meaning a mobile (i.e., mobile) home located or placed within a FEMA designated Special Hazard Area that is not anchored to a permanent foundation to resist flotation, collapse, or lateral movement:
1. By over-the-top or frame ties to ground anchors; or
2. In accordance with manufacturer’s specifications; or
3. In compliance with the community’s floodplain management requirements; unless it is a manufactured (i.e., mobile) home on a permanent foundation continuously insured by the National Flood Insurance Program at the same site at least since September 30, 1982.

Article 7—Deductibles

A. Each loss to your insured property is subject to a deductible provision under which you bear a portion of the loss before payment is made under the policy.

B. The loss deductible shall apply separately to each building and personal property loss including, as to each, any appurtenant structure loss and debris removal expense.

C. For any flood insurance policy issued or renewed for a property located in an Emergency Program community or for any property located in a Regular Program community in Zones A, AO, AH, A1-A30, AE, AR, AR/AE, AR/AH, AR/O, AR/A1-A30, AR/A, VO, V1-V30, VE, or V where the rates available for buildings built before the effective date of the Initial Flood Insurance Rate Map or December 31, 1974, whichever is later, are used to compute the premium, the amount of the deductible for each loss occurrence is determined as follows: We shall be liable only when such loss exceeds $1,000, or the amount of any other deductible that you selected when you applied for this policy or subsequently by endorsement.

D. For policies other than those described in paragraph C. above, the amount of the deductible for each loss occurrence is determined as follows: We shall be liable only when such loss exceeds $500.00, or the amount of any higher deductible which you selected when you applied for this policy or subsequently by endorsement.

E. Notwithstanding the applicable deductible in paragraphs C. or D. above, an additional deductible in the sum of $250.00 shall apply separately to each building and contents loss before payment is made under the policy for land subsidence, sewer backup, or seepage of water as provided for in Article 3, paragraph B.3.

Article 8—Replacement Cost Provisions

Subject to Article 7 and the limits of building coverage you have purchased, these provisions shall apply only to a single family dwelling which is your principal residence and which is covered under this policy.

For purposes of this Article 8, a single family dwelling qualifies as your principal residence provided that, at the time of the loss, you or your spouse have lived in your building for either:
1. 80 percent of the calendar year immediately preceding the loss; or
2. 80 percent of the period of your ownership of the insured building, if less than one calendar year immediately preceded the loss.

The following are excluded from replacement cost coverage:
1. A unit, in a condominium building, not used exclusively for single family dwelling purposes.
2. Outdoor antennas and aerials, awnings, and other outdoor equipment, all whether attached to the building or not.
3. Carpentry.
4. Appliances.

Under this Article:
A. If at the time of loss the total amount of insurance applicable to the dwelling is 80 percent or more of the full replacement cost of such dwelling, or is the maximum amount of insurance available under the National Flood Insurance Program, the coverage of this policy applicable to the dwelling is extended to include the full cost of repair or replacement (without deduction for depreciation).

B. If at the time of loss the total amount of insurance applicable to the dwelling is less than 80 percent of the full replacement cost of such dwelling and less than the maximum amount of insurance available under the National Flood Insurance Program, our liability for loss shall not exceed the larger of the following amounts:
1. The actual cash value (meaning replacement cost less depreciation) of that part of the dwelling damaged or destroyed,
2. That portion of the full cost of repair or replacement without deduction for depreciation of that part of the dwelling damaged or destroyed, which the total amount of insurance applicable to the dwelling bears to 80
percent of the full replacement cost of such dwelling.

If 80 percent of the full replacement cost of such dwelling is greater than the maximum amount of insurance available under the National Flood Insurance Program, use the maximum amount in lieu of the 80 percent figure in the application of this limit.

C. Our liability for loss under this policy shall not exceed the smallest of the following amounts:

1. The limit of liability of this policy applicable to the damaged or destroyed building;
or
2. The replacement cost of the dwelling or any part thereof identical with such dwelling on the same premises and intended for the same occupancy and use; or
3. The amount actually and necessarily expended in repairing or replacing said dwelling or any part thereof intended for the same occupancy and use.

D. When the full cost of repair or replacement is more than $1,000 or more than 5 percent of the whole amount of insurance applicable to said dwelling, we shall not be liable for any loss under paragraph A. or subparagraph B.2. of these provisions unless and until actual repair or replacement is completed.

E. In determining if the whole amount of insurance applicable to said dwelling is 80 percent or more of the full replacement cost of such dwelling, the cost of excavations, underground flues and pipes, underground wiring and drains, and brick, stone and concrete foundations, piers and other supports which are below the surface of the lowest basement floor, or where there is no basement, which are below the surface of the ground inside the foundation walls, shall be disregarded.

F. You may elect to disregard this condition in making claim hereunder, but such election shall not prejudice your right to make further claim within 180 days after loss for any additional liability brought about by these provisions.

G. These Replacement Cost Provisions do not apply to any manufactured (i.e., mobile) home which when assembled is not at least 16 feet wide or does not have an area within its perimeter walls of at least 600 square feet or personal property (contents) covered under this policy, nor do they apply to any loss where insured property is abandoned and remains as debris at the property address following a loss.

H. If your dwelling sustains a total loss or if we should pay you the entire building loss proceeds under these Replacement Cost Provisions, there is no requirement that you rebuild the building at the insured property address.

1. If the community in which your property is located has been converted from the Emergency Program to the Regular Program during the current policy term, then these Replacement Cost Provisions shall be applied based on the maximum amount of insurance available under the National Flood Insurance Program at the beginning of the current policy term instead of at the time of loss.

Article 9—General Conditions and Provisions

A. Pair and Set Clause: If you lose an article which is part of a pair or set, we will have the option of paying you an amount equal to the cost of replacing the lost article, less depreciation, or an amount which represents the fair proportion of the total value of the pair or set that the lost article bears to the pair or set.

B. Concealment, Fraud: We will not cover you under this policy, which shall be void, nor can this policy be renewed or any new flood insurance coverage be issued to you if:

1. You have sworn falsely, or willfully concealed or misrepresented any material fact;
or
2. You have done any fraudulent act concerning this insurance (see paragraph F.1.d. below); or
3. You have willfully concealed or misrepresented any fact on a “Recertification Questionnaire,” which causes us to issue a policy to you based on a premium amount which is less than the premium amount which would have been payable by you were it not for the misstatement of fact (see paragraph G. below).

C. Other Insurance. If a loss covered by this policy is also covered by other insurance whether collectible or not, except insurance in the name of the Condominium Association issued pursuant to the Act, we will pay only the proportion of the loss that the limit of liability that applies under this policy bears to the total amount of insurance covering the loss.

If there is other insurance in the name of the Condominium Association covering the same property covered by this policy, this insurance shall be excess over the other insurance.

D. Amendments, Waivers, Assignment: This policy cannot be amended nor can any of its provisions be waived without the express written consent of the Federal Insurance Administrator. No action we take under the terms of this policy can constitute a waiver of any of our rights. Except in the case of 1. a contents only policy, and 2. a policy issued to cover a building in the course of construction, assignment of this policy, in writing, is allowed upon transfer of title.

E. Cancellation of Policy By You:

You may cancel this policy at any time but a refund of premium money will only be made to you when:

1. You cancel because you have transferred ownership of the described building or unit to someone else. In this case, we will refund to you, once we receive your written request for
cancelation (signed by you), the excess of premiums paid by you which apply to the unused portion of the policy's term, pro rata but with retention of the expense constant and the Federal policy fee.

2. You cancel a policy having a term of 3 years, on an anniversary date, and the reason for the cancellation is:
   a. The policy of flood insurance has been obtained or is being obtained in substitution for this policy and we have received a written concurrence in the cancellation from any mortgagor of which we have actual notice; or
   b. You have extinguished the insured mortgage debt and are no longer required by the mortgagor to maintain the coverage.

Refund of any premium, under this subparagraph 2, shall be pro rata but with retention of the expense constant and the Federal policy fee.

3. You cancel because we have determined that your property is not, in fact, in a special hazard area; and you were required to purchase flood insurance coverage by a private lender or Federal agency pursuant to the Act; and the lender or Federal agency no longer requires the retention by you of the coverage. In this event, if no claims have been paid or are pending, your premium payments will be refunded to you in full, according to our applicable regulations.

F. Voidance, Reduction or Reformation of the Coverage By Us:

1. Voidance: This policy shall be void and of no legal force and effect in the event that any one of the following conditions occurs:
   a. The property listed on the application is not eligible for coverage, in which case the policy is void from its inception;
   b. The community in which the property is located was not participating in the National Flood Insurance Program on the policy's inception date and did not qualify as a participating community during the policy's term and before the occurrence of any loss for which you may receive compensation under the policy;
   c. If, during the term of the policy, the participation in the National Flood Insurance Program of the community in which your property is located ceases, in which case the policy shall be deemed void effective at the end of the last day of the policy year in which such cessation occurred and shall not be renewed.

In the event the voided policy included 3 policy years in a contract term of 3 years, you shall be entitled to a pro rata refund of any premium applicable to the remainder of the policy's term;

   d. In the event you or your agent have:
      (1) Fraudulently or willfully concealed or misrepresented any material fact including facts relevant to the rating of this policy in the application for coverage, or upon any renewal of coverage, or in connection with the submission of any claim brought under the policy, in which case this entire policy shall be void as of the date the wrongful act was committed or from its inception if this policy is a renewal policy and the wrongful act occurred in connection with an application for or renewal or endorsement of a policy issued to you in a prior year and affects the rating of or premium amount received for this policy. Refunds of premiums, if any, shall be subject to offsets for our administrative expenses (including the payment of agent's commissions for any voided policy year) in connection with the issuance of the policy;
      e. The premium you submit is less than the minimum set forth in 44 CFR 61.10 in connection with any application for a new policy or policy renewal, in which case the policy is void from its inception date.

2. Reduction of Coverage Limits or Reformation: In the event that the premium payment received by us is not sufficient (whether evident or not) to purchase the amount of coverage requested by an application, renewal, endorsement, or other form and paragraph F.1.d. does not apply, then the policy shall be deemed to provide only such coverage as can be purchased for the entire term of the policy, for the amount of premium received, subject to increasing the amount of coverage pursuant to 44 CFR 61.11; provided, however:
   a. If the insufficient premium is discovered by us prior to a loss and we can determine the amount of insufficient premium from information in our possession at the time of our discovery of the insufficient premium, we shall give a notice of additional premium due, and if you remit and we receive the additional premium required to purchase the limits of coverage for any kind of coverage as was initially requested by you within 30 days from the date we give you written notice of additional premium due, the policy shall be reformed, from its inception date, or, in the case of an endorsement, from the effective date of the endorsement, to provide flood insurance coverage in the amount of coverage initially requested.
   b. If the insufficient premium is discovered by us at the time of a loss under the policy, we shall give a notice of premium due, and if you remit and we receive the additional premium required to purchase (for the current policy term and the previous policy term, if then insured) the limits of coverage for each kind of coverage as was initially requested by you within 30 days from the date we give you written notice of additional premium due, the policy shall be reformed, from its inception date, or, in the case of an endorsement, from the effective date of the endorsement, to provide flood insurance coverage in the amount of coverage initially requested.
   c. Under subparagraphs a. and b. as to any mortgagor or trustee named in the policy, we shall give a notice of additional premium...
Federal Emergency Management Agency

G. Policy Renewal: The term of this policy commences on its inception date and ends on its expiration date, as shown on the declarations page, or on that date on which the renewal premium is actually and timely received by us prior to the due date for the renewal premium, the following procedures shall be followed:

1. Send you any renewal notice or other notice that your policy term is coming to an end and the receipt of any such notice by you shall not be deemed to be a waiver of this provision on our part.

2. Assume that policy changes reflected in endorsements submitted by you during the policy term are accepted by us and are included in any renewal notice or new policy which we send to you. Policy changes includes the addition of any increases in the amounts of coverage. This policy shall not be renewed and the coverage provided by it shall not continue into any successive policy term unless the renewal premium payment is received by us at the office of the National Flood Insurance Program prior to the expiration date, or within 30 days of the expiration date of this policy, subject to Article 9, paragraph F. above. If the renewal premium payment is mailed by certified mail to the National Flood Insurance Program prior to the expiration date, it shall be deemed to have been received within the required 30 days. The coverage provided by the renewal policy is in effect for any loss occurring during this 30-day period even if the loss occurs before the renewal premium payment is received, so long as the renewal premium payment is received within the required 30 days. In all other cases, this policy shall terminate as of the expiration date of the last policy term for which the premium payment was timely received at the office of the National Flood Insurance Program and, in that event, we shall not be obligated to provide you with any cancellation, termination, policy lapse, or policy renewal notice.

In connection with the renewal of this policy, you may be requested to answer questions on a Recertification Questionnaire which we will provide you, the rating information used to rate your most recent application for or renewal of insurance.

Notwithstanding your responsibility to submit the appropriate renewal premium in sufficient time to permit its receipt by us prior to the expiration of the policy being renewed, we have established a business procedure for mailing renewal notices to assist Insureds in meeting their responsibility. Regarding our business procedure, evidence of the placing of any such notices into the U.S. Postal Service, addressed to you at the address appearing on your most recent application or other appropriate form (received by the National Flood Insurance Program prior to the mailing of the renewal notice by us), does, in all respects for purposes of the National Flood Insurance Program, presumptively establish delivery to you for all purposes irrespective of whether you actually received the notice.

However, in the event we determine that, through any circumstances, any renewal notice was not placed into the U.S. Postal Service, or, if placed, was prepared or addressed in a manner which we determine could preclude the likelihood of its being actually and timely received by you prior to the due date for the renewal premium, the following procedures shall be followed:

In the event that you or your agent noticed us, not later than 1 year after the date on which the payment of the renewal was due, of a nonreceipt of a renewal notice prior to the due date for the renewal premium, which we determine was attributable to the above circumstance, we shall mail a second bill providing a revised due date, which shall be 30 days after the date on which the bill is mailed.

If the renewal payment requested by reason of the second bill is not received by the revised due date, no renewal shall occur and the policy shall remain as an expired policy as of the expiration date as prescribed on the policy.

H. Conditions Suspending or Restricting Insurance: Unless otherwise provided in writing added hereto, we shall not be liable for loss occurring while the hazard is increased by any means within your control or knowledge.

I. Alterations and Repairs: You may, at any time and at your own expense, make alterations, additions and repairs to the insured property, and complete structures in the course of construction.

J. Requirements in Case of Loss: Should a flood loss occur to your insured property, you must:

1. Notify us in writing as soon as practicable;
2. As soon as reasonably possible, separate the damaged and undamaged property, putting it in the best possible order so that we may examine it; and
3. Within 60 days after the loss, send us a proof of loss, which is your statement as to the amount you are claiming under the policy and sworn to by you and furnishing us with the following information:
   a. The date and time of the loss;
   b. A brief explanation of how the loss happened;
   c. Your interest in the property damaged (for example, "owner") and the interest, if any, of others in the damaged property;
   d. The actual cash value or replacement cost, whichever is appropriate, of each damaged item of insured property and the amount of damages sustained;
e. Names of mortgagees or anyone else having a lien, charge or claim against the insured property;

f. Details as to any other contracts of insurance covering the property, whether valid or not;

g. Details of any changes in ownership, use, occupancy, location or possession of the insured property since the policy was issued;

h. Details as to who occupied any insured building at the time of loss and for what purpose; and

i. The amount you claim is due under this policy to cover the loss, including statements concerning:

   (1) The limits of coverage stated in the policy;

   (2) The cost to repair or replace the damaged property (whichever costs less).

4. Cooperate with our adjuster or representative in the investigation of the claim;

5. Document the loss with all bills, receipts, and related documents for the amount being claimed;

6. The insurance adjuster whom we hire to investigate your claim may furnish you with a proof of loss form, and she or he may help you to complete it. However, this is a matter of courtesy only, and you must still send us a proof of loss within 60 days after the loss even if the adjuster does not furnish the form or help you complete it.

   In completing the proof of loss, you must use your own judgment concerning the amount of loss and the justification for that amount.

   The adjuster is not authorized to approve or disapprove claims or tell you whether your claim will be approved by us.

7. We may, at our option, waive the requirement for the completion and filing of a proof of loss in certain cases, in which event you will be required to sign and, at our option, swear to an adjuster's report of the loss which includes information about your loss and the damages sustained, which is needed by us in order to adjust your claim.

8. Any false statements made in the course of presenting a claim under this policy may be punishable by fine or imprisonment under the applicable Federal Laws.

K. Our Options After a Loss: Options we may, in our sole discretion, exercise after loss include the following:

1. Evidence of Loss: If we specifically request it, in writing, you may be required to furnish us with a complete inventory of the destroyed, damaged and undamaged property, including details as to quantities, costs, actual cash values or replacement cost (whichever is appropriate), amounts of loss claimed, and any written plans and specifications for repair of the damaged property which you can make reasonably available to us.

2. Examination Under Oath and Access to Insured Property Ownership Records and Condominium Documents: We may require you to:

   a. Show us, or our designee, the damaged property, to be examined under oath by our designee and to sign any transcripts of such examinations; and

   b. At such reasonable times and places as we may designate, permit us to examine and make extracts and copies of any policies of property insurance insuring you against loss; and the condominium documents including the Declarations of the condominium, its Articles of Association or Incorporation, Bylaws, rules and regulations, and other condominium documents if you are a unit owner in a condominium building; and all books of accounts, bills, invoices and other vouchers, or certified copies thereof if the originals are lost, pertaining to the damaged property.

3. Options to Replace: We may take all or any part of the damaged property at the agreed or appraised value and, also, repair, rebuild or replace the property destroyed or damaged with other of like kind and quality within a reasonable time, on giving you notice of our intention to do so within 30 days after the receipt of the proof of loss herein required under paragraph J, 3 above.

4. Adjustment Options: We may adjust loss to any insured property of others with the owners of such property or with you for their account. Any such insurance under this policy shall not inure directly or indirectly to the benefit of any carrier or other bailee for hire.

L. When Loss Payable: Loss is payable within 60 days after you file your proof of loss (or within 90 days after the insurance adjuster files an adjuster's report signed and sworn to by you in lieu of a proof of loss) and ascertainment of the loss is made either by agreement between us and you expressed in writing or by the filing with us of an award as provided in paragraph N, below.

   If we reject your proof of loss in whole or in part, you may accept such denial of your claim, or exercise your rights under this policy, or file an amended proof of loss as long as it is filed within 60 days of the date of the loss or any extension of time allowed by the Administrator.

M. Abandonment: You may not abandon damaged or undamaged insured property to us.

   However, we may permit you to keep damaged, insured property ("salvage") after a loss and we will reduce the amount of the loss proceeds payable to you under the policy by the value of the salvage.

   N. Appraisal: If at any time after a loss, we are unable to agree with you as to the actual cash value or, if applicable, replacement cost of the damaged property so as to determine the amount of loss to be paid to you, then,
on the written demand of either one of us, each of us shall select a competent and disinterested appraiser and notify the other of the appraiser selected within 20 days of such demand. The appraisers shall first select a competent and disinterested umpire; and failing, after 15 days, to agree upon such umpire, then, on your request or our request, such umpire shall be selected by a judge of a court of record in the State in which the insured property is located. The appraisers shall then appraise the loss, stating separately replacement cost, actual cash value and loss to each item; and, failing to agree, shall submit their differences, only, to the court of record. An award in writing, so itemized, of any two (appraisers or appraiser and umpire) when filed with us shall determine the amount of actual cash value and loss or, should this policy’s replacement cost provisions apply, the amount of replacement cost and loss. Each appraiser shall be paid by the party selecting him or her and the expenses of appraisal and umpire shall be paid by both of us equally.

O. Loss Clause: If we pay you for damage to property sustained in a flood loss, you are still eligible, during the term of the policy, to collect for a subsequent loss due to another flood. Of course, all loss arising out of a single, continuous flood of long duration shall be adjusted as one flood loss.

P. Mortgage Clause: (Applicable to building coverage only and effective only when the policy is made payable to a mortgagee or trustee named in the application and declarations page attached to this policy or of whom we have actual notice prior to the payment of loss proceeds under this policy). Loss, if any, under this policy, shall be payable to the aforesaid as mortgagee or trustee as interest may appear under all present or future mortgages upon the property described in which the aforesaid may have an interest as mortgagee or trustee, in order of precedence of said mortgages, and this insurance, as to the interest of the mortgagee or trustee only therein, shall not be invalidated by any act or neglect of the mortgagor or owner of the described property, nor by any foreclosure or other proceedings or notice of sale relating to the property, nor by any change in the title or ownership of the property, nor by the occupation of the premises for purposes more hazardous than are permitted by this policy; provided, that in case the mortgagor or owner shall neglect to pay any premium due under this policy, the mortgagee or trustee shall, on demand, pay the same.

Provided, also, that the mortgagee or trustee shall notify us of any change of ownership or occupancy or increase of hazard which shall come to the knowledge of said mortgagee or trustee and, unless permitted by this policy, it shall be noted thereon and the mortgagee or trustee shall, on demand, pay the premium for such increased hazard for the term of the use thereof; otherwise, this policy shall be null and void.

If this policy is cancelled by us, it shall continue in force for the benefit only of the mortgagee or trustee for 30 days after written notice to the mortgagee or trustee of such cancellation and shall then cease, and we shall have the right, on like notice, to cancel this agreement.

Whenever we shall pay the mortgagee or trustee any sum for loss under this policy and shall claim that, as to the mortgagor or owner, no liability thereof existed, we shall, to the extent of such payment, be thereupon legally subrogated to all the rights of the party to whom such payment shall be made, under all securities held as collateral to the mortgage debt, or may, at our option, pay to the mortgagee or trustee the whole principal due or to grow due on the mortgage with interest, and shall thereupon receive a full assignment and transfer of the mortgage and any such other securities; but no subrogation shall impair the right of the mortgagee or trustee to recover the full amount of said mortgagee’s or trustee’s claim.

Q. Mortgagee Obligations: If you fail to render proof of loss, the named mortgagee or trustee, upon notice, shall render proof of loss in the form herein specified within 60 days thereafter and shall be subject to the provisions of this policy relating to appraisal and time of payment and of bringing suit.

R. Conditions for Filing a Lawsuit: You may not sue us to recover money under this policy unless you have complied with all the requirements of the policy. If you do sue, you must start the suit within 12 months from the date we mailed you notice that we have denied your claim, or part of your claim, and you must file the suit in the United States District Court of the district in which the insured property was located at the time of loss.

S. Subrogation: Whenever we make a payment for a loss under this policy, we are subrogated to your right to recover for that loss from any other person. That means that your right to recover for a loss that was partly or totally caused by someone else is automatically transferred to us, to the extent that we have paid you for the loss. We may require you to acknowledge this transfer in writing. After the loss, you may not give up our right to recover this money or do anything which would prevent us from recovering it. If you make any claim against any person who caused your loss and recover any money, you must pay us back first before you may keep any of that money.

T. Continuous Lake Flooding: Where the insured building has been inundated by rising lake waters continuously for 90 days or more and it appears reasonably certain that a continuation of this flooding will result in damage, reimbursable under this policy, to the
insured building equal to or greater than the building policy limits plus the deductible(s) or the maximum payable under the policy for any one building loss, we will pay you the lesser of the two amounts without waiting for the further damage to occur if you sign a release agreeing:

1. To make no further claim under this policy;
2. Not to seek renewal of this policy; and
3. Not to apply for any flood insurance under the Act for property at the property location of the insured building.

If the policy term ends before the insured building has been flooded continuously for 90 days, the provisions of this paragraph T. still apply so long as the first building damage reimbursable under this policy from the continuous flooding occurred before the end of the policy term.

U. Duplicate Policies Not Allowed: Property may not be insured under more than one policy issued under the Act. When we find that duplicate policies are in effect, we shall by written notice give you the option of choosing which policy is to remain in effect under the following procedures:

1. If you choose to keep in effect the policy with the earlier effective date, we shall by the same written notice give you an opportunity to add the coverage limits of the later policy to those of the earlier policy, as of the effective date of the later policy.
2. If you choose to keep in effect the policy with the later effective date, we shall by the same written notice give you an opportunity to add the coverage limits of the earlier policy to those of the later policy, as of the effective date of the later policy.

In either case, you must pay the pro rata premium for the increased coverage limits within 30 days of the written notice. In no event shall the resulting coverage limits exceed the statutorily permissible limits of coverage under the Act or your insurable interests, whichever is less.

We shall make a refund to you, according to applicable National Flood Insurance Program rules, of the premium for the policy not being kept in effect. For purposes of this paragraph U., the term effective date means the date coverage that has been in effect should we have chosen to keep in effect. For purposes of this paragraph U., the term effective date of the later policy means the date coverage under the Act or your insurable interests, whichever is less, were first placed in effect.

In addition to the provisions of this paragraph U. for increasing policy limits, the usual procedures for increasing policy limits, by mid-term endorsement or at renewal time with the appropriate waiting period, are applicable to the policy you choose to keep in effect.

Article 10—Liberalization Clause

If during the period that insurance is in force under this policy or within 45 days prior to the inception date thereof, should we have adopted under the Act, any forms, endorsements, rules or regulations by which this policy could be extended or broadened, without additional premium charge, by endorsement or substitution of form, then, such extended or broadened insurance shall inure to your benefit as though such endorsement or substitution of form had been made. Any broadening or extension of this policy to your benefit shall only apply to losses occurring on or after the effective date of the adoption of any forms, endorsements, rules or regulations affecting this policy.

Article 11—What Law Governs

This policy is governed by the flood insurance regulations issued by FEMA, the National Flood Insurance Act of 1968, as amended (42 U.S.C. 4001, et seq.) and Federal common law.

In witness whereof, we have signed this policy below and hereby enter into this Insurance Agreement.

James L. Witt,
Director, Federal Emergency Management Agency.

(As required under the terms of this policy has been approved by the Office of Management and Budget under OMB control number 3067-0021.)

APPENDIX A(2) TO PART 61
FEDERAL EMERGENCY MANAGEMENT AGENCY, FEDERAL INSURANCE ADMINISTRATION

STANDARD FLOOD INSURANCE POLICY
[Issued Pursuant to the National Flood Insurance Act of 1968, or Any Acts Amendatory Thereof (Hereinafter Called the Act), and Applicable Federal Regulations in Title 44 of the Code of Federal Regulations, Subchapter B]

GENERAL PROPERTY FORM

Read the policy carefully. The coverage provided is subject to limitations, restrictions and exclusions.

This policy provides no coverage:
1. In a regular program community, for a residential condominium building, as defined in this policy; and
2. Except for personal property coverage, for a unit in a condominium building.

INSURING AGREEMENT

The Insurer insures the Insured against all Direct physical loss by or from flood to the insured property, based upon:
1. The Insured having paid the correct amount of premium; and
Federal Emergency Management Agency

Article 1—Persons Insured

The following are insured under this policy:

A. The named insured and legal representatives;

B. Any mortgagee and trustee named in the application and declarations page, as well as any other mortgagee or loss payee determined to exist at the time of a loss (See Article 8, paragraph L.), in the order of precedence and to the extent of their interest but for no more, in the aggregate, than the interest of the named insured.

Article 2—Definitions

As used in this policy:

Act means the National Flood Insurance Act of 1968 and any acts amendatory thereof.

Actual Cash Value means the replacement cost of an insured item of property at the time of loss, less the value of physical depreciation as to the item damaged.

Application means the statement made and signed by the insured, or the insured's agent, and giving information on the basis of which the insurer determines the acceptability of the risk, the policy to be issued and the correct premium payment, which must accompany the application in order for the policy to be issued. The application is a part of this flood insurance policy.

Association means the group of unit owners which manages the described Condominium Building.

Base flood means the flooding having a one percent chance of being equaled or exceeded in any given year.

Basement means any area of the building, including any sunken room or sunken portion of a room, having its floor subgrade (below ground level) on all sides.

Building means a walled and roofed structure, other than a gas or liquid storage tank, that is principally above ground and affixed to a permanent site, including a walled and roofed building in the course of construction, alteration or repair and a manufactured (i.e., mobile) home on a permanent foundation, subject to Article 6, paragraph H.

Cancellation means that ending of the insurance coverage provided by this policy prior to the expiration date.

Coastal High Hazard Area means an area subject to high velocity waters, including hurricane wave wash and tsunamis.

Condominium means a system of individual ownership of units in a multi-unit building or buildings or in single-unit buildings as to which each unit owner in the condominium has an undivided interest in the common areas of the building(s) and facilities that serve the building(s).

Declarations Page is a computer generated summary of information furnished by the insured in the application for insurance. The declarations page also describes the term of the policy, limits of coverage, and displays the premium and the name of the insurer. The declarations page is a part of this flood insurance policy.

Direct Physical Loss By or From Flood means any loss in the nature of actual loss of or physical damage, evidenced by physical changes, to the insured property (building or personal property) which is directly and proximately caused by a “flood” (as defined in this policy).

Elevated Building means a non-basement building which has its lowest elevated floor raised above ground level by foundation walls, shear walls, posts, piers, pilings, or columns.

Emergency Program Community means a community wherein a Flood Hazard Boundary Map (FHBM) is in effect and only limited amounts of insurance are available under the Act.

Expense Constant means a flat charge per policy term, paid by the insured to defray the Federal Government’s policywriting and other expenses.

Expiration Date means the ending of the insurance coverage provided by this policy on the expiration date shown on the declarations page.

Federal policy fee means a flat charge per policy term, paid by the insured to defray certain administrative expenses incurred in carrying out the National Flood Insurance Program not covered by the expense constant. This fee was established by section 1307(a)(2)(B)(iii) of the National Flood Insurance Act of 1968, as amended, and is not subject to producers’ commissions, expense allowances, or state or local premium taxes.

Flood means:

A. A general and temporary condition of partial or complete inundation of normally dry land areas from:

1. The overflow of inland or tidal waters.
2. The unusual and rapid accumulation or runoff of surface waters from any source.
3. Mudslides (i.e., mudflows) which are proximately caused by flooding as defined in subparagraph A-2 above and are akin to a
river of liquid and flowing mud on the surfaces of normally dry land areas as when earth is carried by a current of water and deposited along the path of the current.

B. The collapse or subsidence of land along the shore of a lake or other body of water as a result of erosion or undermining caused by waves or currents of water exceeding the cyclical levels which result in flooding as defined in subparagraph A-1 above.

Improvements means fixtures, alterations, or additions comprising a part of the insured building.

Manufactured home means a building transportable in one or more sections, which is built on a permanent chassis and designed to be used with or without a permanent foundation when connected to the required utilities. The term manufactured home does not include park trailers, and other similar vehicles. To be eligible for coverage under this policy, a manufactured home must be on a permanent foundation and, if located in a FEMA designated Special Hazard Area, must meet the requirements of paragraph H. of Article 6.

Mobile home means a manufactured home.

National Flood Insurance Program means the program of flood insurance coverage and floodplain management administered under the Act and applicable Federal regulations in Title 44 of the Code of Federal Regulations, Subchapter B.

Policy means the entire written contract between the Insured and the Insurer, including this printed form, the application, and declarations page, any endorsements which may be issued and any renewal certificates indicating that coverage has been instituted for a new policy and policy term. Only one building, specifically described by the Insured in the application, may be insured under this policy, unless application to cover more than one building is made on a form or in a format approved for that purpose by the Federal Insurance Administrator.

Post-FIRM building means a building for which the start of construction or substantial improvement occurred after December 31, 1974, or on or after the effective date of the initial Flood Insurance Rate Map (FIRM) for the community in which the building is located, whichever is later.

Pre-FIRM rated building means a building for which the start of construction or substantial improvement occurred on or before December 31, 1974, or before the effective date of the initial FIRM for the community in which the building is located, whichever is later.

Probation Additional Premium means a flat charge per policy term paid by the insured on all new and renewal policies issued covering property in a community that has been placed on probation under the provisions of 44 CFR 59.24.

Regular Program Community means a community wherein a FIRM is in effect and full limits of coverage are available under the Act.

Residential Condominium Building means a building owned by the members of a condominium association containing one or more residential units and in which at least 75% of the floor area within the building is residential.

Special hazard area means an area having special flood, mudslide (i.e., mudflow), and/or flood-related erosion hazards, and shown on a FHBM or FIRM as Zone A, AO, A1-30, AE, A99, AH, AR, VO, V1-30, VE, V, M or E.

Unit means a unit in the insured Condominium Building.

Value property means a policy contract in which the Insurer and the Insured agree on the value of the property insured, that value being payable in event of total loss.

Walled and Roofed means the building has in place two or more exterior, rigid walls and the roof is fully secured so that the building will resist flotation, collapse and lateral movement.

Article 3—Losses Not Covered

The Insurer only provides coverage for direct physical loss by or from flood which means the following are not covered:

A. Compensation, reimbursement or allowance for:
   1. Loss of use of the insured property or premises.
   2. Loss of access to the insured property or premises.
   3. Loss of profits.
   4. Loss resulting from interruption of business, profession, or manufacture.
   5. Any additional expenses incurred while the insured building is being repaired or is uninhabitable for any reason.
   6. Any increased cost of repair or reconstruction as a result of any ordinance regulating reconstruction or repair except as provided in Coverage D—Increased Cost of Compliance.
   7. Any other economic loss.

B. Loss from other casualties, including loss caused by:
   1. Theft, fire, windstorm, wind, explosion, earthquake, land subsidence, landslide, stabilization or movement of land resulting from the accumulation of water in subsurface land areas, gradual erosion, or any other earth movement except such mudslides (i.e., mudflows) or erosion as is covered under the peril of flood.
   2. Rain, snow, sleet, hail or water spray.
   3. Land subsidence, sewer backup, or seepage of water unless, subject to additional deductibles as provided for at Article 7, (a) there is a general and temporary condition of flooding in the area, (b) the flooding is the proximate cause of the land subsidence, sewer backup, or seepage of water, (c) the
Federal Emergency Management Agency

Land subsidence, sewer back up, or seepage of water damage occurs no later than 72 hours after the flood has receded, and (d) the insured building must be insured, at the time of or after the insured building becomes effective.

4. Freezing, thawing, or the pressure or weight of ice or water.
5. Water, moisture, mildew, mold or mudslide (i.e., mudflow) damage resulting primarily from any condition substantially confined to the insured building or from any condition which is within the Insured’s control (including but not limited to design, structural or mechanical defects, failures, stoppages or breakages of water or sewer lines, drains, pumps, fixtures or equipment).

C. Losses of the following nature:

1. A loss which is already in progress as of 12:01 a.m. of the first day of the policy term, or, as to any increase in the limits of coverage which is requested by the Insured, a loss which is already in progress as of 12:01 a.m. on the date when the additional coverage becomes effective.

2. A loss from a flood which is confined to the premises on which the insured property is located unless the flood is displaced over two acres of the premises.

3. A loss caused by the Insured’s modification to the insured property which materially increases the risk of flooding.

4. A loss caused intentionally by the Insured.

5. A loss caused by or resulting from power, heating or cooling failure, unless such failure results from physical damage to power, heating or cooling equipment situated on the premises where the described building or unit is located, caused by a flood.

6. A loss to any building or contents located on property leased from the Federal Government, arising from or incident to the flooding of the property by the Federal Government where the lease expressly holds the Federal Government harmless, under flood insurance issued under any Federal Government program, from loss arising from or incident to the flooding of the property by the Federal Government.

Article 4—Property Covered (Subject to Articles 3, 5 and 6 Provisions, Which Also Apply to the Other Articles, Terms, and Conditions of This Policy, Including the Insuring Agreement)

Coverage A—Building Property

This policy covers a building (the “building”) at the premises which is described in the application, and includes:

1. The entire building, for its real property elements, including, if owned in common by a Condominium Association, as named Insured, all units within the building and the improvements within the units.

2. Additions and extensions attached to and in contact with the building by means of a common wall (but see Article 6, paragraph D.2).

3. Fixtures, machinery and equipment, including the following property, all while within the building and owned by the named Insured, as to which coverage is not provided under “Coverage B—Personal Property”:

   • Furnaces
   • Wall Mirrors Permanently Installed
   • Permanently Installed Corner Cupboards, Bookcases, Paneling, and Wallpaper
   • Ventilating Equipment
   • Fire Extinguishing Apparatus
   • Venetian Blinds
   • Central Air Conditioners
   • Awnings and Canopies
   • Elevator Equipment
   • Fire Sprinkler Systems
   • Outdoor Antennas and Aerials
   • Pumps and Machinery for Operating Them
   • Carpet Permanently Installed Over Unfinished Flooring
   • In the Units Within the Building, Installed:
     • Built-in Dishwashers
     • Garbage Disposal Units
     • Hot Water Heaters
     • Kitchen Cabinets
     • Built-in Microwave Ovens
     • Plumbing Fixtures
     • Radiators
     • Ranges
     • Refrigerators
     • Stoves
   • Materials and supplies to be used in constructing, altering or repairing the building while stored inside a fully enclosed building:
     a. At the property address; or
     b. On an adjacent property at the time of loss; or
     c. In case of another building at the property address which does not have walls on all sides, while stored and secured to prevent flotation out of the building during flooding (the flotation out of the building shall be deemed to establish the conclusive presumption that the materials and supplies were not reasonably secured to prevent flotation, in which case no coverage is provided for such materials and supplies under this policy).

4. Materials and supplies to be used in constructing, altering or repairing the building while stored inside a fully enclosed building:

   a. The amount of the deductible for each loss occurrence before the building is walled and roofed is two times the deductible which is selected to apply after the building is walled and roofed;
   b. Coverage is provided before the building is walled and roofed only while construction is in progress, or if construction is halted, only for a period of up to 90 continuous days thereafter, until construction is resumed; and
Pt. 61, App. A(2)

The lowest floor levels are based on the bottom of the lowest horizontal structural member of the floor in Zones VE or V1-30 and the top of the floor in Zones AH, AE or A1-30.

Coverage B—Personal Property

A. Subject to paragraphs B, C, and D, below, the policy covers personal property which is in or on the insured, fully enclosed building and is:

1. Owned solely by the Insured, or in common by the unit owners of a condominium, i.e., as to which each unit owner has an undivided ownership interest; or
2. In the case of a condominium, owned solely by a condominium association and used exclusively in the conduct of the business affairs of the condominium.

B. When the insurance under this policy covers personal property (contents), coverage shall be for either household contents or other than household contents, but not for both.

1. When the insurance under this policy covers other than household contents, such insurance shall cover, subject to "Coverage A—Building Property", paragraph 3: All household contents, personal property usual or incidental to the occupancy of the premises as a residence, except any property more specifically covered in whole or in part by other insurance including the peril insured against in this policy, belonging to the Insured or members of the Insured's family of the same household or for which the Insured may be liable, or, at the option of the Insured, belonging to a servant or guest of the Insured—all while within the described enclosed building.

G. In the case of personal property owned by the Insured in a condominium building, as a condominium unit owner, as well as in common with other condominium unit owners, the amount of insurance collectible under this policy for a loss, when combined with any recovery available to the insured as a tenant in common under any condominium association flood insurance coverage provided under the Act for the same loss, exceed the statutory permissible limits of personal property coverage available under the Act for

b. There is no coverage before the building is walled and roofed where the lowest floor, including basement floor, of a non-elevated building or the lowest elevated floor of an elevated building is below the base flood elevation in Zones AH, AE or A1-30 or is below the base flood elevation adjusted to include the effect of wave action in Zones VE or V1-30. The lowest floor levels are based on the bottom of the lowest horizontal structural member of the floor in Zones VE or V1-30 and the top of the floor in Zones AH, AE or A1-30.

C. Coverage for personal property includes the following property, subject to paragraph A. 1. and 2., above, for which coverage is not provided (irrespective of the manner in which the property is installed in or adapted to the building) under "Coverage A—Building Property":

- Clothes Washers
- Clothes Dryers
- Food Freezers
- Air Conditioning Units Installed in the Building
- Portable Dishwashers
- Carpet, including wall-to-wall carpet, over finished flooring and whether or not it is permanently installed
- Outdoor equipment and furniture stored inside the dwelling or another fully enclosed building at the property address
- Portable microwave ovens and "cook-out" grills, ovens and the like
- Artwork, including but not limited to, paintings, etchings, pictures, tapestries, art glass windows including their frames, statuary, marbles, and bronzes;
- Rare books;
- Necklaces, bracelets, gems, precious or semi-precious stones, watches, articles of gold, silver, or platinum; or
- Furs or any article containing fur which represents its principal value.

D. The Insured, if a tenant in common in the described building, may apply up to 10 percent of the amount of insurance applicable to the personal property covered under this item, not as an additional amount of insurance, to cover loss to the interior walls, floors, and ceilings that are not otherwise covered under a condominium association policy insuring the described non-residential condominium building.

E. The Insured, if a tenant in common in the described building, may apply up to 10 percent of the amount of insurance on personal property covered under this policy, not as an additional amount of insurance, to cover loss to the interior walls, floors, and ceilings that are not otherwise covered under a condominium association policy insuring the described non-residential condominium building.

44 CFR Ch. I (10-1-98 Edition)
the insuring of the personal property, then the limits of personal property coverage under this policy shall be reduced in regard to that loss by the amount of such excess.

The insurance under this policy shall be excess over any insurance in the name of the Condominium Association covering the same property. Loss shall not be paid under this policy until the Insurer has verified the extent to which such loss is covered by any insurance in the name of a condominium association.

Coverage C—Debris Removal

This insurance covers expense incurred in the removal of debris of, or on, or from the building or personal property covered hereunder, which may be occasioned by loss caused by a flood. Under these provisions coverage extends to:

1. Non-owned debris from beyond the boundaries of the described premises which is physically on the insured property (i.e., on the building or the personal property).
2. Parts of the insured property anywhere:
   a. On the described premises; and
   b. On property beyond the boundaries of the described premises.

The total liability under this policy for both loss to property and debris removal expense shall not exceed the amount of insurance applying under this policy to the property covered.

Coverage D—Increased Cost of Compliance Coverage

Increased Cost of Compliance coverage (Coverage D) is for the consequent loss brought on by a floodplain management ordinance or law affecting repair and reconstruction involving elevation, floodproofing, relocation, or demolition (or any combination thereof) of a structure, after a direct loss caused by a “flood” as defined by this policy. (Floodproofing activities eligible for Coverage D and referred to hereafter in this policy are limited to residential structures with basements that satisfy the criteria of 44 CFR 60.6(b) or (c) and to non-residential structures.)

The liability under this Coverage D (Increased Cost of Compliance) will not exceed $15,000. This coverage is only applicable to policies with building coverage (Coverage A) and is in addition to the building limit you selected on your application, and appears on the Declarations Page. No separate deductible applies. The maximum amount collected under this policy for both Coverage A (Building Property) and Coverage D (Increased Cost of Compliance), however, cannot exceed the maximum permitted under the Act.

Eligibility

A structure covered under Coverage A—Building Property—sustaining a loss caused by a “flood” as defined by this policy must:

1. Be a structure that is a repetitive loss structure. A repetitive loss structure means a structure, covered by a contract for flood insurance issued pursuant to the Act, that has incurred flood-related damage on 2 occasions during a 10-year period ending on the date of the event for which a second claim is made, in which the cost of repairing the flood damage, on the average, equaled or exceeded 25% of the market value of the structure at the time of each such flood event. In addition to the current claim, the National Flood Insurance Program must have paid the previous qualifying claim, and the State or community must have a cumulative, substantial damage provision or repetitive loss provision in its floodplain management law or ordinance being enforced against the structure; or

2. Be a structure that has had flood damage in which the cost to repair equals or exceeds 50% of the market value of the structure at the time of the flood event. The State or community must have a substantial damage provision in its floodplain management law or ordinance being enforced against the structure.

This Coverage D will not pay for Increased Cost of Compliance to meet State or community floodplain management laws or ordinances which exceed the minimum criteria at 44 CFR 60.3, except as provided in 1. above or a. or b. as follows:

a. Elevation or floodproofing in any risk zone to preliminary or advisory base flood elevations provided by FEMA which the State or local government has adopted and is enforcing for flood-damaged structures in such areas. (This includes compliance activities in B, C, X, or D zones which are being changed to zones with base flood elevations. This also includes compliance activities in zones where base flood elevations are being increased, and a flood-damaged structure must comply with the higher advisory base flood elevation.) Increased Cost of Compliance coverage does not respond to situations in B, C, X, or D zones where the community has derived its own elevations and is enforcing elevation or floodproofing requirements for flood-damaged structures to elevations derived solely by the community.

b. Elevation or floodproofing above the base flood elevation to meet State or local “freeboard” requirements, i.e., that a structure must be elevated above the base flood elevation.

Under the minimum NFIP criteria at 44 CFR 60.3(b)(4), States and communities must require the elevation or floodproofing of structures to the base flood elevation where elevation data are obtained from a Federal, State, or other source. Such compliance activities are also eligible for this Coverage D.
This coverage will also pay for the incremental cost, after demolition, of elevating or floodproofing a structure during its rebuilding at the same or another site to meet State or local floodplain management laws or ordinances, subject to Exclusion (7).

This coverage will also pay to bring a flood-damaged structure into compliance with State or local floodplain management laws or ordinances even if the structure had received a variance before the present loss from the applicable floodplain management requirements.

Conditions

(1) When a structure covered under Coverage A—Building Property—sustains a loss caused by a “flood” as defined by this policy, our payment for the loss under this Coverage D will be for the increased cost to elevate, floodproof, relocate, demolish, or any combination thereof, caused by enforcement of current State or local floodplain management ordinances or laws. Our payment for eligible demolition activities will be for the cost to demolish and clear the site of the building or a portion thereof caused by enforcement of current State or local floodplain management ordinances or laws. Eligible activities for the cost of clearing the site will include those necessary to discontinue utility service to the site and ensure proper abandonment of on-site utilities.

(2) When the building is repaired or rebuilt, it must be intended for the same occupancy as the present building unless otherwise required by current floodplain management ordinances or laws.

Exclusions

Under this Coverage D (Increased Cost of Compliance), we will not pay for:

(a) The cost associated with enforcement of any floodplain management ordinance or law in communities participating in the Emergency Program.

(2) The cost associated with enforcement of any ordinance or law that requires any insured or others to test for, monitor, clean up, remove, contain, treat, detoxify or neutralize, or in any way respond to, or assess the effects of pollutants. Pollutants include but are not limited to any solid, gaseous or thermal irritant or contaminant, including smoke, vapor, soot, fumes, acid, alkalis, chemicals and waste. Waste includes but is not limited to materials to be recycled, reconditioned or reclaimed.

(3) Loss in value to any covered building or other structure due to the requirements of any ordinance or law.

(4) The loss in residual value of the undamaged portion of a building demolished as a consequence of enforcement of any State or local floodplain management law or ordinance.

(5) Any increased cost of compliance under this Coverage D:

(a) Until the covered building is actually elevated, floodproofed, demolished or relocated on the same or to another premises; and

(b) Unless the covered building is elevated, floodproofed, demolished, or relocated as soon as reasonably possible after the loss, not to exceed two years.

(6) For any code upgrade requirements, e.g., plumbing or electrical wiring, not specifically related to the State or local floodplain management law or ordinance.

(7) For any compliance activities needed to bring additions or improvements made after the loss occurred into compliance with State or local floodplain management laws or ordinances.

(8) Loss due to any ordinance or law that you were required to comply with before the current loss.

(9) For any rebuilding activity to standards that do not meet the NFIP’s minimum requirements. This includes any situation where the insured has received from the State or community a variance in connection with the current flood loss to rebuild the property to an elevation below the base flood elevation.

(10) For any structure insured under a Group Flood Insurance Policy issued pursuant to 44 CFR 61.17.

Other Provisions

(1) Increased Cost of Compliance coverage will not be included in the calculation to determine whether coverage meets the 80% insurance-to-value requirement for payment under Article 3.B.3 for loss from land subsidence, sewer backup, or seepage of water.

(2) All other conditions and provisions of the policy apply.

Article 5—Special Provisions Applicable to Coverages A, B, and C

A. This policy is not a valued policy. Loss will be paid, provided the insured has purchased a sufficient amount of coverage, i.e., in an amount equal to the lesser of the value of the damaged property under the terms and conditions of this policy (and regardless of whether the amount of insurance purchased is greater than such value) or the limit of coverage permitted under the Act.

B. Insured Property, Covered Locations. The building and personal property are covered while the property is located:

1. At the property address shown on the application; and

2. For 45 days at another place above ground level or outside of the special hazard area, to which any of the insured property shall necessarily be removed in order to protect and preserve it from flood, due to the imminent danger of flood (provided, personal property so removed must be placed in a
fully enclosed building or otherwise reasonably protected from the elements to be insured against loss, in which case the reasonable expenses incurred by the insured, including the value of its own labor at prevailing Federal minimum wage rates, in moving any of the insured property temporarily away from the peril of flood shall be reimbursed in an amount not to exceed $500.00. This policy’s deductible amounts, as provided for at Article 7, shall not be applied to this reimbursement, but shall be applied to any other benefits under this policy’s coverage.  

C. Coverage For Certain Loss Mitigation Measures. When the insurance under this policy covers a building, reasonable expenses incurred by the insured for the purchase of the following items are also covered, in an aggregate amount not to exceed $750.00:  

1. Sandbags, including sand to fill them and plastic sheeting and lumber used in connection with them;  
2. Fill for temporary levees;  
3. Pumps; and  
4. Wood;  

all for the purpose of saving the building due to the imminent danger of a flood loss, including the value of the insured’s own labor at prevailing Federal minimum wage rates.  

For reimbursement under this paragraph C. to apply, the following conditions must be met:  

a. The insured property must be in imminent danger of sustaining flood damage; and  
b. The threat of flood damage must be of such imminence as to lead a person of common prudence to apprehend flood damage; and  
c. A general and temporary condition of flooding in the area must occur, even if the flooding does not reach the insured property, or a legally authorized official must issue an evacuation order or other civil order for the community in which the insured property is located calling for measures to preserve life and property from the peril of flood.  

The policy’s building deductible amount, as provided for at Article 7, shall not be applied to this reimbursement, but shall be applied to any other benefits under the policy’s building coverage.  

Article 6—Property Not Covered  

This policy shall not cover any of the following:  

A. Valuables and commercial property, meaning:  
1. Accounts, bills, currency, deeds, evidences of debt, money, coins, medals, postage stamps, securities, bullion, manuscripts, other valuable papers or records, and personal property used in a business.  
2. Personal property used in connection with any incidental commercial occupancy or use of the building.  

B. Property over water or in the open, meaning:  
1. A building and personal property in the building located entirely in, on, or over water or seaward of mean high tide, if the building was newly constructed or substantially improved on or after October 1, 1982.  
2. Personal property in the open.  
3. Structures other than buildings, including:  
   1. Fences, retaining walls, seawalls, bulkheads, wharves, piers, bridges, and docks.  
   2. Indoor and outdoor swimming pools.  
   3. Open structures and personal property located in, on, or over water, including boat houses or any structure or building into which boats are floated.  
   4. Underground structures and equipment, including wells, septic tanks and septic systems.  
4. Other real property, including:  
   1. Land, land values, lawns, trees, shrubs, plants, and growing crops.  
   2. Those portions of walks, walkways, decks, driveways, patios, and other surfaces, all whether covered or not and all of whatever kind of construction, located outside the perimeter, exterior walls of the insured building.  
   3. Other personal property, meaning:  
      1. Animals, livestock, birds, and fish.  
      2. Aircraft.  
      3. Any self-propelled vehicle or machine and motor vehicle (other than motorized equipment pertaining to the service of the described unit or building, operated principally on the premises of the insured, and not licensed for highway use) including their parts and equipment.  
   4. Trailers on wheels and other recreational vehicles whether affixed to a permanent foundation or on wheels.  
   5. Watercraft including their furnishings and equipment.  
   6. Personal property owned by or in the care, custody or control of a unit owner, except for the property described in Article 4 under “Coverage B—Personal Property”, paragraph B. of this policy.  
6. Basements, building enclosures lower than the elevated floors of elevated buildings, and personal property, as follows:  
1. In a special hazard area, at an elevation lower than the lowest elevated floor of an elevated Post-FIRM building, including a manufactured (i.e., mobile) home:  
   a. Personal property.  
   b. Building enclosures, equipment, machinery, fixtures and components, except for the required utility connections and the footings, foundation, posts, pilings, piers or other foundation walls and anchorage system as required for the support of the building.  
2. In a basement as defined in Article 2:  
   a. Personal property.  
   b. Building equipment, machinery, fixtures and components, including finished walls,
floors, ceilings and other improvements, except for the required utility connections, fiberglass insulation, drywalls and sheetrock walls, and ceilings but only to the extent of replacing drywalls and sheetrock walls in an unfinished manner (i.e., nailed to framing but not taped, painted, or covered).

3. Provided, with regard to both 1. and 2. above, the following building and personal property items connected to a power source and installed in their functioning location are covered so long as the Insured has purchased building and personal property coverage, as appropriate:
   • Sump pumps
   • Well water tanks and pumps
   • Oil tanks and the oil in them
   • Cisterns and the water in them
   • Natural gas tanks and the gas in them
   • Pumps and/or tanks used in conjunction with solar energy
   • Furnaces
   • Hot water heaters
   • Clothes washers and dryers
   • Food freezers and the food in them
   • Air conditioners
   • Heat pumps
   • Electrical junction and circuit breaker boxes
   • Stairways and staircases attached to the building which are not separated from the building by elevated walkways
   • Clean-up
   • Elevators, dumbwaiters, and relevant equipment, except for such relevant equipment located below the base flood elevation if such relevant equipment was installed on or after October 1, 1987.

G. Property below ground, meaning a building or unit and its contents, including personal property and machinery and equipment, which are part of the building or unit, where more than 49 percent of the actual cash value of such building or unit is below ground, unless the lowest level is at or above the base flood elevation (in the Regular Program) or the adjacent ground level (in the Emergency Program) by reason of earth having been used as an insulation material in conjunction with energy efficient building techniques.

H. Certain manufactured homes, meaning a manufactured (i.e., mobile) home located or placed within a FEMA designated Special Hazard Area that is not anchored to a permanent foundation to resist flotation, collapse, or lateral movement:
   1. By over-the-top or frame ties to ground anchors; or
   2. In accordance with manufacturer's specifications; or
   3. In compliance with the community's floodplain management requirements; unless it is a manufactured (i.e., mobile) home on a permanent foundation continuously insured by the National Flood Insurance Program at the same site at least since September 30, 1982.

I. Containers such as but not limited to gas tanks or liquid tanks.

K. Residential condominium buildings and their contents owned by the Insured as a tenant in common with others under a condominium form of ownership and any building components and contents owned solely by the Insured in connection with a residential condominium building in a Regular Program community.

Article 7—Deductibles

A. Each loss to the insured property is subject to a deductible provision under which the Insured bears a portion of the loss before payment is made under the policy.

B. The loss deductible shall apply separately to each building and personal property coverage loss including, as to each, any appurtenant structure loss and debris removal expense.

C. For any flood insurance policy issued or renewed for a property located in an Emergency Program community or for any property located in a Regular Program community in Zones A, AO, AH, AI-30, AE, AR, AR/AE, AR/AH, AR/AO, AR/A1-30, AR/A, VO, V1-V30, VE, or V where the rates available for such buildings built before the effective date of the initial Flood Insurance Rate Map or December 31, 1974, whichever is later, are used to compute the premium, the amount of the deductible for each loss occurrence is determined as follows: The Insurer shall be liable only when such loss exceeds $1,000, or the amount of any other deductible that the Insured selected when it applied for this policy or subsequently by endorsement.

D. For policies other than those described in paragraph C. above, the amount of the deductible for each loss occurrence is determined as follows: The Insurer shall be liable only when such loss exceeds $500.00, or the amount of any higher deductible which the Insured selected when it applied for this policy or subsequently by endorsement.

E. Notwithstanding the applicable deductible in paragraphs C. or D. above, an additional deductible in the sum of $250.00 shall apply separately to each building and contents loss before payment is made under the policy for land subsidence, sewer backup, or seepage of water as provided for in Article 3, paragraph B.3.

Article 8—General Conditions and Provisions

A. Pair and Set Clause: If there is loss of an article which is part of a pair or set, the
measure of loss shall be a reasonable and fair proportion of the total value of the pair or set, giving consideration to the importance of said article, but such loss shall not be considered as a total loss of the pair or set.

B. Concealment, Fraud: This policy shall be void, nor can this policy be renewed or any new flood insurance coverage be issued to the Insured if any person insured under Article I, paragraph A., whether before or after a loss, has:

1. Sworn falsely, or willfully concealed or misrepresented any material fact; or
2. Done any fraudulent act concerning this insurance (See paragraph E.1.d. below); or
3. Willfully concealed or misrepresented any fact on a “Recertification Questionnaire,” which causes the Insurer to issue a policy based on a premium amount which is less than the premium amount which would have been payable were it not for the misstatement of fact (see paragraph F. below).

C. Other Insurance: If a loss covered by this policy is also covered by other insurance, whether collectible or not, the Insurer will pay only the proportion of the loss that the limit of liability that applies under this policy bears to the total amount of insurance covering the loss, provided, if at the time of loss, there is other insurance made available under the Act, in the name of a unit owner which provides coverage for the same loss covered by this policy, this policy’s coverage shall be primary and not contributing with such other insurance.

D. Amendments and Waivers, Assignment: This Standard Flood Insurance Policy cannot be amended nor can any of its provisions be waived without the express written consent of the Federal Insurance Administrator. No action the Insurer takes under the terms of this policy can constitute a waiver of any of its rights. Except in the case of 1. a contents content; and 2. a policy issued to cover a building in the course of construction, assignment of this policy, in writing, is allowed upon transfer of title.

E. Voidance, Reduction or Reformation of the Coverage

1. Voidance: This policy shall be void and of no legal force and effect in the event that any one of the following conditions occurs:

   a. The property listed on the application is not eligible for coverage, in which case the policy is void from its inception;
   b. The community in which the property is located was not participating in the National Flood Insurance Program on the policy’s inception date and did not qualify as a participating community during the policy’s term and before the occurrence of any loss;
   c. If, during the term of the policy, the participation in the National Flood Insurance Program of the community in which the property is located ceases, in which case the policy shall be deemed void effective at the end of the last day of the policy year in which such cessation occurred and shall not be renewed.

2. Reduction of Coverage Limits or Reformation: In the event the voided policy included 3 policy years in a contract term of 3 years, the Insured shall be entitled to a pro-rata refund of any premium applicable to the remainder of the policy’s term.

d. In the event any Insured or its agent has:

   (1) Sworn falsely; or
   (2) Fraudulently or willfully concealed or misrepresented any material fact including facts relevant to the rating of this policy in the application for coverage, or upon any renewal of coverage, or in connection with the submission of any claim brought under the policy, in which case this entire policy shall be void as of the date the wrongful act was committed or from its inception if this policy is a renewal policy and the wrongful act occurred in connection with an application for or renewal of endorsement of a policy issued to the Insured in a prior year and affects the rating of or premium amount received for this policy. Refunds of premiums, if any, shall be subject to offsets for the Insurer’s administrative expenses (including the payment of agent’s commissions for any voided policy year) in connection with the issuance of the policy;

   e. The premium submitted is less than the minimum set forth in 44 CFR 61.10 in connection with any application for a new policy or policy renewal, in which case the policy is void from its inception date.

2. Reduction of Coverage Limits or Reformation: In the event the premium payment is not sufficient (whether evident or not) to purchase the amount of coverage requested by an application, renewal, endorsement, or other form and paragraph E.1.d. does not apply, the policy shall be deemed to provide only such coverage as can be purchased for the entire term of the policy, for the amount of premium received, subject to increasing the amount of coverage pursuant to 44 CFR 61.11; provided, however:

   a. If the insufficient premium is discovered by the Insurer prior to a loss and the Insurer can determine the amount of insufficient premium from information in its possession at the time of its discovery of the insufficient premium, the Insurer shall give a notice of additional premium due, and if the Insured remits and the Insurer receives the additional premium required to purchase the limits of coverage for each kind of coverage as was initially requested by the Insured within 30 days from the date the Insurer gives the Insured written notice of additional premium due, the policy shall be reformed, from its inception date, or in the case of an endorsement, from the effective date of the endorsement, to provide flood insurance coverage in the amount of coverage initially requested.
b. If the insufficient premium is discovered by the Insurer at the time of a loss under the policy, the Insurer shall give a notice of premium due, and if the Insured remits and the Insurer gives notice of additional premium required to purchase (for the current policy term and the previous policy term, if then insured) the limits of coverage for each kind of coverage as of the inception date, the Insurer gives the Insured written notice of additional premium due, the policy shall be reformed, from its inception date, or, in the case of an endorsement, from the effective date of the endorsement, to provide flood insurance coverage in the amount of coverage initially requested.

c. Under subparagraphs a. and b. as to any mortgagee or trustee named in the policy, the Insurer shall give a notice of additional premium due and the right of reformation shall continue in force for the benefit only of the mortgagee or trustee, up to the amount of the Insured’s indebtedness, for 30 days after written notice to the mortgagee or trustee.

F. Policy Renewal: The term of this policy commences on its inception date and ends on its expiration date, as shown on the declarations page which is attached to the policy. The Insurer is under no obligation to:

1. Send the Insured any renewal notice or other notice that the policy term is coming to an end and the receipt of any such notice by the Insured shall not be deemed to be a waiver of this provision on the Insurer’s part.

2. Assure that policy changes reflected in endorsements submitted during the policy term are included in any renewal notice or new policy sent to the Insured. Policy changes include the addition of any increases in the amounts of coverage.

This policy shall not be renewed and the coverage provided by it shall not continue into any successive policy term unless the renewal premium payment is received by the Insurer at the office of the National Flood Insurance Program within 30 days of the expiration date of this policy, subject to paragraph E above. If the renewal premium payment is mailed by certified mail to the Insurer prior to the expiration date, it shall be deemed to have been received within the required 30 days. The coverage provided by the renewal policy is in effect for any loss occurring during this 30-day period even if the loss occurs before the renewal premium payment is received, so long as the renewal premium payment is received within the required 30 days.

In all other cases, this policy shall terminate as of the expiration date of the last policy term for which the premium payment was timely received and in that event, the Insurer shall not be obligated to provide the Insured with any cancellation, termination, policy lapse, or policy renewal notice.

In connection with the renewal of this policy, the Insurer may be requested during the policy term to recertify, on a Recertification Questionnaire the Insurer will provide, the rating information used to rate the most recent application for or renewal of insurance.

Notwithstanding the Insured’s responsibility to submit the appropriate renewal premium in sufficient time to permit its receipt by the Insurer prior to the expiration of the policy being renewed, the Insurer has established a business procedure for mailing renewal notices to assist Insureds in meeting their responsibility. Regarding the business procedure, evidence of the placing of any such notices into the U.S. Postal Service, addressed to the Insured at the address appearing on its most recent application or other appropriate form (received by the Insurer prior to the mailing of the renewal notice), does, in all respects, for purposes of the National Flood Insurance Program, presumptively establish delivery to the Insured for all purposes irrespective of whether the Insured actually received the notice.

However, in the event the Insurer determines that, through any circumstances, any renewal notice was not placed into the U.S. Postal Service, or, if placed, was prepared or addressed in a manner which the Insurer determines could preclude the likelihood of its being actually and timely received by the Insured prior to the due date for the renewal premium, the following procedures shall be followed:

In the event that the Insured or its agent notified the Insurer, not later than 1 year after the date on which the payment of the renewal premium was due, of a nonreceipt of a renewal notice prior to the due date for the renewal premium, which the Insurer determines was attributable to the above circumstance, the Insurer shall mail a second bill providing a revised due date, which shall be 30 days after the date on which the bill is mailed.

If the renewal payment requested by reason of the second bill is not received by the Insurer, no renewal shall occur and the policy shall remain as an expired policy as of the expiration date prescribed on the policy.

G. Conditions Suspending or Restricting Insurance: Unless otherwise provided in writing added hereto, the Insurer shall not be liable for loss occurring while the hazard is increased by any means within the control or knowledge of the Insured.

H. Liberalization clause: If during the period that insurance is in force under this policy or within 45 days prior to the inception date thereof, should the Insurer have adopted under the Act, any forms, endorsements, rules or regulations by which this policy could be extended or broadened, without additional premium charge, by endorsement or substitution of form, then, such extended or
Federal Emergency Management Agency
Pt. 61, App. A(2)

broadened insurance shall inure to the benefit of the insured as though such endorsement or substitution of form had been made. Any broadening or extension of this policy to the insured's benefit shall only apply to losses occurring on or after the effective date of the adoption of any forms, endorsements, rules or regulations affecting this policy.

I. Alterations and repairs: The insured may, at the insured's own expense, make alterations, additions and repairs, and complete structures in the course of construction.

J. Cancellation of Policy by Insured: The insured may cancel this policy at any time but a refund of premium money will only be made when:

1. Except with respect to a condominium building or a building which has a condominium form of ownership, the insured cancels because the insured has transferred ownership of the insured property to someone else. In this case, the insurer will refund to the insured, once the insurer receives the insured's written request for cancellation (signed by the insured) the excess of premiums paid by the insured which apply to the unused portion of the policy's term, pro rata but with retention of the expense constant and the Federal policy fee.

2. The insured cancels a policy having a term of 3 years, on an anniversary date, and the reason for the cancellation is that:

   a. A policy of flood insurance has been obtained or is being obtained in substitution for this policy and the insurer has received a written concurrence in the cancellation from any mortgagee of which the insurer has actual notice, or

   b. The insured has extinguished the insured mortgage debt and is no longer required by the mortgagee to maintain the coverage. Refund of any premium, under this subparagraph 2, shall be pro rata but with retention of the expense constant and the Federal policy fee.

3. The insured cancels because the insurer has determined that the property is not, in fact, in a special hazard area, and the insured was required to purchase flood insurance coverage by a private lender or Federal agency pursuant to Public Law 93-234, section 102 and the lender or agency no longer requires the retention of the coverage. In this event, if no claims have been paid or are pending, the premium payments will be refunded in full, according to applicable National Flood Insurance Program regulations.

K. Loss Clause: Payment of any loss under this policy shall not reduce the amount of insurance applicable to any other loss during the policy term which arises out of a separate occurrence of the peril insured against hereunder; provided, that all loss arising out of a continuous or protracted occurrence shall be deemed to constitute loss arising out of a single occurrence.

L. Mortgage Clause: (Applicable to building coverage only and effective only when the policy is made payable to a mortgagee or trustee named in the application and declarations page attached to this policy or of whom the insurer has actual notice prior to the payment of loss proceeds under this policy.) Loss, if any, under this policy, shall be payable to the aforesaid as mortgagee or trustee, as interest may appear under all present or future mortgages upon the property described in which the aforesaid may have an interest as mortgagee or trustee, in order of precedence of said mortgages, and this insurance, as to the interest of the mortgagee or trustee only therein, shall not be invalid:

1. By any act or neglect of the mortgagor or owner of the described property; nor

2. By any foreclosure or other proceedings or notice of sale relating to the property; nor

3. By any change in the title or ownership of the property; nor

4. By the occupation of the premises for purposes more hazardous than are permitted by this policy, provided, that in case the mortgagor or owner shall neglect to pay any premium due under this policy, the mortgagee or trustee shall, on demand, pay the same.

Provided, also, that the mortgagee or trustee shall notify the insurer of any change of ownership or occupancy of the building or increase of hazard which shall come to the knowledge of said mortgagee or trustee and, unless permitted by this policy, it shall be noted thereon and the mortgagee or trustee shall, on demand, pay the premium for such increased hazard for the term of the use thereof; otherwise, this policy shall be null and void.

If this policy is cancelled by the insurer, it shall continue in force for the benefit of the mortgagee or trustee for 30 days after written notice to the mortgagee or trustee of such cancellation and shall then cease.

Whenever the insurer pays the mortgagee or trustee any sum for loss under this policy and shall claim that, as to the mortgagor or owner, no liability therefor existed, the insurer shall, at the extent of such payment, be thereupon legally subrogated to all the rights of the party to whom such payment shall be made, under all securities held as collateral to the mortgage debt, or may, at its option, pay to the mortgagee or trustee the whole principal due or to grow due on the mortgage with interest, and shall thereupon receive a full assignment and transfer of the mortgage and of all such other securities, but no subrogation shall impair the right of the mortgagee or trustee to recover the full amount of said mortgagee's or trustee's claim.

M. Mortgagee Obligations: If the insured fails to render proof of loss, the named mortgagee or trustee, upon notice, shall render
proof of loss in the form herein specified within 60 days thereafter and shall be subject to the provisions of this policy relating to appraisal and time of payment and of bringing suit.

N. Loss Payable Clause (Applicable to contents items only): Loss, if any, shall be adjusted with the Insured and shall be payable to the Insured and loss payee as their interests may appear.

O. Requirements in Case of Loss: Should a flood loss occur to the insured property, the Insured must:

1. Notify the Insurer in writing as soon as practicable;
2. As soon as reasonably possible, separate the damaged and undamaged property, putting it in the best possible order so that the Insurer may examine it; and
3. Within 60 days after the loss, send the Insurer a proof of loss, which is the Insured’s statement as to the amount it is claiming under the policy signed and sworn to by the Insured and furnishing the following information:
   a. The date and time of the loss;
   b. A brief explanation of how the loss happened;
   c. The Insured’s interest in the property damaged (for example, “owner”) and the interests, if any, of others in the damaged property;
   d. The actual cash value of each damaged item of insured property and the amount of damages sustained;
   e. The names of mortgagees or anyone else having a lien, charge or claim against the insured property;
   f. Details as to any other contracts of insurance covering the property, whether valid or not;
   g. Details of any changes in ownership, use, occupancy, location or possession of the insured property since the policy was issued;
   h. Details as to who occupied any insured building at the time of loss and for what purpose; and
   i. The amount the Insured claims is due under this policy to cover the loss, including statements concerning:
      (1) The limits of coverage stated in the policy; and
      (2) The cost to repair or replace the damaged property (whichever costs less).
4. Cooperate with the Insurer’s adjuster or representative in the investigation of the claim;
5. Document the loss with all bills, receipts, and related documents for the amount being claimed;
6. The insurance adjuster whom the Insurer hires to investigate the claim may furnish the Insured with a proof of loss form, and she or he may help the Insured to complete it. However, this is a matter of courtesy only, and the Insured must still send the Insurer a proof of loss within 60 days after the loss even if the adjuster does not furnish the form or help the Insured complete it. In completing the proof of loss, the Insured must use its own judgment concerning the amount of loss and the justification for the amount.

The adjuster is not authorized to approve or disapprove claims or to tell the Insured whether the claim will be approved by the Insurer.

7. The Insurer may, at its option, waive the requirement for the completion and filing of a proof of loss in certain cases, in which event the Insured will be required to sign and, at the Insurer’s option, swear to an adjuster’s report of the loss which includes information about the loss and the damages needed by the Insurer in order to adjust the claim.

8. Any false statements made in the course of presenting a claim under this policy may be punishable by fine or imprisonment under the applicable Federal laws.

P. Options After a Loss: Options the Insurer may, in its sole discretion, exercise after loss include the following:

1. Evidence of Loss: If the Insurer specifically requests it, in writing, the Insured may be required to furnish a complete inventory of the destroyed, damaged and undamaged property, including details as to quantities, costs, actual cash values, amount of loss claims, and any written plans and specifications for repair of the damaged property which can reasonably be made available to the Insurer.

2. Examination Under Oath and Access to the Condominium Association’s Articles of Association or Incorporation, Property Insurance Policies, and Other Condominium Documents: The Insurer may require the Insured to:
   a. Show the Insurer, or its designee, the damaged property;
   b. Be examined under oath by the Insurer or its designee;
   c. Sign any transcripts of such examinations; and
   d. At such reasonable times and places as the Insurer may designate, permit the Insurer to examine and make extracts and copies of any condominium documents, including the Articles of Association or Incorporation, Bylaws, rules and regulations, Declarations of the condominium, property insurance policies, and other condominium documents; and all books of accounts, bills, invoices and vouchers, or certified copies thereof if the originals are lost, pertaining to the damaged property.

3. Options to Repair or Replace: The Insurer may take all or any part of the damaged property at the agreed or appraised value and, also, repair, rebuild or replace the property destroyed or damaged with other of like kind and quality within a reasonable time, on giving the Insured notice of the Insurer’s
ties equally.

285
Insurer shall by the same written notice give the insured the opportunity to add the coverage limits of the earlier policy to those of the later policy, as of the effective date of the later policy.

In either case, the insured must pay the pro rata premium for the increased coverage limits within 30 days of the written notice. In no event shall the resulting coverage limits exceed the statutorily permissible limits of coverage under the Act or the insured's insurable interest, whichever is less.

The insurer shall make a refund to the insured, according to applicable National Flood Insurance Program rules, of the premium for the policy not being kept in effect.

For purposes of this paragraph W., the term effective date means the date coverage that has been in effect without any lapse was first placed in effect. In addition to the provisions of this paragraph W. for increasing limits by mid-term endorsement or policy, the usual procedures for increasing limits by mid-term endorsement or at renewal time, with the appropriate waiting period, are applicable to the policy the insured chooses to keep in effect.

Article 9—What Law Governs

This policy is governed by the flood insurance regulations issued by FEMA, the National Flood Insurance Act of 1968, as amended (42 U.S.C. 4001, et seq.) and Federal common law.

In witness whereof, the insurer has executed and attested these presents.

JAMES L. WITT,
Director, Federal Emergency Management Agency.

(The information required under the terms of this policy has been approved by the Office of Management and Budget under OMB control number 3067-0021.)

APPENDIX A(3) TO PART 61

FEDERAL EMERGENCY MANAGEMENT AGENCY, FEDERAL INSURANCE ADMINISTRATION

STANDARD FLOOD INSURANCE POLICY

RESIDENTIAL CONDOMINIUM BUILDING ASSOCIATION POLICY

Read the policy carefully. The coverage provided is subject to limitations, restrictions and exclusions.

This policy covers only a residential condominium building in a regular program community. If the community reverts to emergency program status during the policy term and remains as an emergency program community at time of renewal, this policy cannot be renewed.

INSURING AGREEMENT

Agreement of insurance between the Federal Emergency Management Agency (FEMA), as insurer, and the insured.

The insurer insures the insured against all direct physical loss by or from flood to the insured property, based upon:

1. The insured having paid the correct amount of premium; and
2. The insurer's reliance on the accuracy of the information and statements the insured has furnished; and
3. All the terms of this policy, the National Flood Insurance Act of 1968, as amended, and Title 44 of the Code of Federal Regulations.

On this basis, the insured is insured up to the lesser of:

1. The actual cash value, except as provided in Article B, not including any antique value, of the property at the time of loss; or
2. The amount it would cost to repair or replace the property with material of like kind and quality within a reasonable time after the loss.

Article 1—Persons Insured

The following are insured under this policy:

A. The named insured condominium association, unit owners in the insured residential condominium building and legal representatives;
B. Any mortgagee and trustee named in the application and declarations page, as well as any other mortgagee or loss payee determined to exist at the time of a loss (See Article 10, paragraph L.); and
C. Any other person in whose name any insured item is shown.

Article 2—Definitions

As used in this Policy:

Act means the National Flood Insurance Act of 1968 and any acts amendatory thereof.

Actual Cash Value means the replacement cost of an insured item of property at the time of loss, less the value of physical depreciation as to the item damaged.

Application means the statement made and signed by the insured, or the insured's agent, and giving information on the basis of which the insurer determines the acceptability of the risk, the policy to be issued and the correct premium payment, which must accompany the application in order for the policy to be issued. The application is a part of this flood insurance policy.
Federal Emergency Management Agency

Pt. 61, App. A(3)

Association means the group of unit owners which manages the described Residential Condominium Building.

Base flood means the flood having a one percent chance of being equaled or exceeded in any given year.

Basement means any area of the building, including any sunken room or sunken portion of a room, having its floor subgrade (below ground level) on all sides.

Building means a walled and roofed structure, other than a gas or liquid storage tank, that is principally above ground and affixed to a permanent site, including a walled and roofed building in the course of construction, alteration or repair and a mobile (i.e., mobile) home on a permanent foundation, subject to Article 6, paragraph H.

Cancellation means that ending of the insurance coverage provided by this policy prior to the expiration date.

Coastal High Hazard Area means an area subject to high velocity waters, including hurricane wave wash and tsunamis.

Coinsurance means that the Insurer’s liability for loss under the policy shall be in an amount which is of no greater proportion to the amount of loss than the amount of insurance which the Insured has purchased to cover the property bears, at the time of loss, to the value of the insured property under the terms and conditions of this policy, provided, if the property is insured at the time of loss in an amount equal to the lesser of 80 percent or more of its full replacement cost or the maximum amount of insurance available under the National Flood Insurance Program, the loss will be adjusted, subject to the policy’s limit of coverage and all of the other terms and conditions of the policy, as if the amount of insurance and the value of the insured property are equal.

Condominium means a system of individual ownership of units in a multi-unit building or buildings or in single-unit buildings as to which each unit owner in the condominium has an undivided interest in the common areas of the building(s) and facilities that serve the building(s).

Declarations Page is a computer generated summary of information furnished by the Insured in the application for insurance. The declarations page also describes the term of the policy, limits of coverage, and displays the premium and the name of the Insurer. The declarations page is a part of this flood insurance policy.

Direct Physical Loss By or From Flood means any loss in the nature of actual loss of or physical damage, evidenced by physical changes, to the insured property (building or personal property) which is directly and proximately caused by a flood (as defined in this policy).

Elevated Building means a non-basement building which has its lowest elevated floor raised above ground level by foundation walls, shear walls, posts, piers, pilings, or columns.

Emergency Program Community means a community wherein a Flood Hazard Boundary Map (FHBMap) is in effect and only limited amounts of insurance are available under the Act.

Expense Constant means a flat charge per policy term, paid by the Insured to defray the Federal Government’s policywriting and other expenses.

Expiration Date means the ending of the insurance coverage provided by this policy on the expiration date shown on the declarations page.

Federal policy fee means a flat charge per policy term, paid by the Insured to defray certain administrative expenses incurred in carrying out the National Flood Insurance Program not covered by the expense constant. This fee was established by section 1307(a)(1)(B)(iii) of the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4014, and is not subject to producers’ commissions, expense allowances, or state or local premium taxes.

Flood means:
A. A general and temporary condition of partial or complete inundation of normally dry land areas from:
1. The overflow of inland or tidal waters.
2. The unusual and rapid accumulation or runoff of surface waters from any source.
3. Mudslides (i.e., mudflows) which are proximately caused by flooding as defined in subparagraph A-2 above and are akin to a river of liquid and flowing mud on the surfaces of normally dry land areas as when earth is carried by a current of water and deposited along the path of the current.
B. The collapse or subsidence of land along the shore of a lake or other body of water as a result of erosion or undermining caused by waves or currents of water exceeding the cyclical levels which result in flooding as defined in subparagraph A-1 above.
C. Improvements means fixtures, alterations, or additions comprising a part of the insured building, including the units within the insured building.
D. Manufactured home means a manufactured home. A manufactured home means a building transportable in one or more sections, which is built on a permanent chassis and designed to be used with or without a permanent foundation when connected to the required utilities. The term manufactured home does not include park trailers, and other similar vehicles. To be eligible for coverage under this policy, a manufactured home must be on a permanent foundation and, if located in a FEMA designated Special Hazard Area, must meet the requirements of paragraph H. of Article 6.
E. Mobile home means a manufactured home.

National Flood Insurance Program means the program of flood insurance coverage and floodplain management administered under
the Act and applicable Federal regulations in title 44 of the Code of Federal Regulations, subchapter B.

Policy means the entire written contract between the Insured and the Insurer, including this printed form, the application, and declarations page, any endorsements which may be issued and any renewal certificates indicating that coverage has been instituted for a new policy and policy term. Only one building, specifically described by the Insured in the application, may be insured under this policy, unless application to cover more than one building is made on a form or in a format approved for that purpose by the Federal Insurance Administration.

Post-FIRM building means a building for which the start of construction or substantial improvement occurred after December 31, 1974, or on or after the effective date of the initial Flood Insurance Rate Map (FIRM) for the community in which the building is located, whichever is later.

Pre-FIRM rated building means a building for which the start of construction or substantial improvement occurred on or before December 31, 1974, or before the effective date of the initial FIRM for the community in which the building is located, whichever is later.

Probation Additional Premium means a flat charge per policy term paid by the Insured on all new and renewal policies issued covering property in a community that has been placed on probation under the provisions of 44 CFR 59.24.

Regular Program Community means a community wherein a FIRM is in effect and full limits of coverage are available under the Act.

Residential Condominium Building means a building owned by the members of a condominium association containing one or more residential units and in which at least 75 percent of the floor area within the building is residential.

Residential Condominium Building Association Policy means a policy of flood insurance coverage issued to an Association pursuant to the Act.

Special hazard area means an area having special flood, mudslide (i.e., mudflow), and/or flood-related erosion hazards, and shown on a FHBM or FIRM as Zone A, AO, A1-30, AE, A99, AH, AR, VO, V1-30, VE, V, M or E.

Unit means a single family dwelling unit, in a Residential Condominium Building.

Valued policy means a policy contract in which the Insurer and the Insured agree on the value of the property insured, that value being payable in event of total loss.

Walled and Roofed means the building has in place two or more exterior, rigid walls and the roof is fully secured so that the building will resist flotation, collapse and lateral movement.
Federal Government.

cident to the flooding of the property by the
insurance issued under any Federal Govern-
ment where the lease expressly holds the
management where the lease expressly holds the
Federal Government harmless, under
management where the lease expressly holds the
Federal Government, arising from or incident to the flood-
on property leased from the Federal Govern-
ment.

Article 4—Property Covered (Subject to Articles
3, 5 and 6 Provisions, Which Also Apply to the
Other Articles, Terms, and Conditions of This
Policy, Including the Insuring Agreement)

Coverage A—Building Property

This policy covers the Residential Condominium
Building (the building) at the premises
which is described in the application, and in-
cludes:
1. The entire building, for its real property
elements, including all units within the
building and the improvements within the
units.
2. Additions and extensions attached to
and in contact with the building by means of
a common wall (but see Article 6, paragraph
D.2.).
3. Fixtures, machinery and equipment, in-
cluding the following property, all while
within the building, including its units, as to
which coverage is not provided under “Coverage B—Personal Property”:
- Furnaces.
- Wall Mirrors Permanently Installed.
- Permanently Installed Corner Cupboards,
Bookcases, Paneling, and Wallpaper.
- Ventilating Equipment.
- Fire Extinguishing Apparatus.
- Venetian Blinds.
- Central Air Conditioners.
- Awnings and Canopies.
- Elevator Equipment.
- Fire Sprinkler Systems.
- Outdoor Antennas and Aerials.
- Pumps and Machinery for Operating
them.
- Carpet Permanently Installed Over Un-
finished Flooring.
- Kitchen Cabinets.
- Built-in Microwave Ovens.
- Plumbing Fixtures.
- Radiators.
- Ranges.
- Refrigerators.
- Stoves.

4. Materials and supplies to be used in con-
structing, altering or repairing the building
while stored inside a fully enclosed building:
   a. At the property address; or
b. On an adjacent property at the time of
   loss; or
   c. In case of another building at the prop-
      erty address which does not have walls on all
      sides, while stored and secured to prevent
      flotation out of the building during flooding
      (the flotation out of the building shall be
deemed to establish the conclusive presump-
tion that the materials and supplies were not
reasonably secured to prevent flotation, in
which case no coverage is provided for such
materials and supplies under this policy).

5. A building in the course of construction
before it is walled and roofed subject to the
following conditions:
   a. The amount of the deductible for each
      loss occurrence before the building is walled
      and roofed is two times the deductible which
      is selected to apply after the building is
      walled and roofed;
   b. Coverage is provided before the building
      is walled and roofed only while construction
      is in progress, or if construction is halted,
      only for a period of up to 90 continuous days
      thereafter, until construction is resumed;
   c. There is no coverage before the building
      is walled and roofed where the lowest floor,
including basement floor, of a non-elevated
building or the lowest elevated floor of an
elevated building is below the base flood ele-
vation in Zones AH, AE or A1-30 or is below
the base flood elevation adjusted to include
the effect of wave action in Zones VE or V1-
30. The lowest floor levels are based on the
bottom of the lowest horizontal structural
member of the floor in Zones VE or V1-30
and the top of the floor in Zones AH, AE or

Coverage B—Personal Property

A. Subject to paragraphs B. and C. below,
this policy covers personal property which is
in or on the insured, fully enclosed building
and is:
1. Owned by the unit owners of the con-
dominium in common, i.e., as to which each
unit owner has an undivided ownership inter-
est; or
2. Owned solely by the Condominium Association and used exclusively in the conduct of the business affairs of the condominium.

3. Such personal property is also covered while stored at a temporary location, as expressly authorized under this policy (see Article 5, paragraph B.2).

B. Coverage for personal property includes the following property, whether owned by the Association or unit owner and subject to paragraph A. 1. and 2., above, for which coverage is not provided (irrespective of the manner in which the property is installed in or adapted to the building) under “Coverage A—Building Property”:

- Clothes Washers.
- Clothes Dryers.
- Food Freezers.
- Air Conditioning Units Installed in the building.
- Portable Dishwashers.
- Carpet, including wall-to-wall carpet, over finished flooring and whether or not it is permanently installed.
- Carpet not permanently installed over unfinished flooring.
- Outdoor equipment and furniture stored inside the dwelling or another fully enclosed building at the property address.
- Portable microwave ovens and “cookout” grills, ovens and the like.

C. Limitations. Under this “Coverage B—Personal Property”, the Insured shall not be reimbursed for loss as to the following personal property to the extent the loss to any one or more of such property exceeds, individually or in total, $250.00:

- Artwork, including but not limited to, paintings, etchings, pictures, tapestries, art glass windows including their frames, statuary, marbles, and bronzes;
- Rare books;
- Necklaces, bracelets, gems, precious or semi-precious stones, watches, articles of gold, silver, or platinum; or
- Furs or any article containing fur which represents its principal value.

Coverage C—Debris Removal

This insurance covers expense incurred in the removal of debris of, or on, or from the building or personal property covered hereunder, which may be occasioned by loss caused by a flood. Under these provisions coverage extends to:

1. Non-owned debris from beyond the boundaries of the described premises which is physically on the insured property (i.e., on the building or the personal property).
2. Parts of the insured property anywhere:
   a. On the described premises; and
   b. On property beyond the boundaries of the described premises.

The total liability under this policy for both loss to property and debris removal expense shall not exceed the amount of insurance applying under this policy to the property covered.

Coverage D—Increased Cost of Compliance Coverage

Increased Cost of Compliance coverage (Coverage D) is for the consequential loss brought on by a floodplain management ordinance or law affecting repair and reconstruction involving elevation, floodproofing, relocation, or demolition (or any combination thereof) of a structure, after a direct loss caused by a “flood” as defined by this policy. (Floodproofing activities eligible for Coverage D and referred to hereafter in this policy are limited to residential structures with basements that satisfy the criteria of 44 CFR 60.6 (b) (c) and to non-residential structures.)

The limit of liability under this Coverage D (Increased Cost of Compliance) will not exceed $15,000. This coverage is only applicable to policies with building coverage (Coverage A) and is in addition to the Building limit you selected on your application, and appears on the Declarations Page. No separate deductible applies. The maximum amount collectible under this policy for both Coverage A (Building Property) and Coverage D (Increased Cost of Compliance), however, cannot exceed the maximum permitted under the Act.

Eligibility

A structure covered under Coverage A—Building Property—sustaining a loss caused by a “flood” as defined by this policy must:

1. Be a structure that is a repetitive loss structure. A repetitive loss structure means a structure, covered by a contract for flood insurance issued pursuant to the Act, that has incurred flood-related damage on 2 occasions during a 10-year period ending on the date of the event for which a second claim is made, in which the cost of repairing the flood damage, on the average, equaled or exceeded 25% of the market value of the structure at the time of each such flood event. In addition to the current claim, the National Flood Insurance Program must have paid the previous qualifying claim, and the State or community must have a cumulative, substantial damage provision or repetitive loss provision in its floodplain management law or ordinance being enforced against the structure;

2. Be a structure that has had flood damage in which the cost to repair equals or exceeds 50% of the market value of the structure at the time of the flood event. The State or community must have a substantial damage provision in its floodplain management law or ordinance being enforced against the structure.

This Coverage D will not pay for Increased Cost of Compliance to meet State or community floodplain management laws or ordinances which exceed the minimum criteria.
Federal Emergency Management Agency

at 44 CFR 60.3, except as provided in 1. above or a. or b. as follows:

a. Elevation or floodproofing in any risk zone to preliminary or advisory base flood elevations provided by FEMA, which the State or local government has adopted and is enforcing for flood-damaged structures in such areas. (This includes compliance activities in B, C, X, or D zones which are being changed to zones with base flood elevations. This also includes compliance activities in zones where base flood elevations are being increased and any damaged structure must comply with the higher advisory base flood elevation.) Increased Cost of Compliance coverage does not respond to situations in B, C, X, or D zones where the community has derived its own elevations and is enforcing elevation or floodproofing requirements for flood-damaged structures to elevations derived solely by the community.

b. Elevation or floodproofing above the base flood elevation to meet State or local "freeboard" requirements, i.e., that a structure must be elevated above the base flood elevation.

Under the minimum NFIP criteria at 44 CFR 60.3(b)(4), States and communities must require the elevation or floodproofing of structures to the base flood elevation where elevation data are obtained from a Federal, State, or other source. Such compliance activities are also eligible for this Coverage D.

This coverage will also pay for the incremental cost, after demolition, or relocation, of elevating or floodproofing a structure during its rebuilding at the same or another site to meet State or local floodplain management laws or ordinances, subject to Exclusion (7).

This coverage will also pay to bring a flood-damaged structure into compliance with State or local floodplain management laws or ordinances even if the structure had received a variance before the loss if the structure was not elevated or floodproofed to a point above the base flood elevation. (10) For any structure insured under a Group Flood Insurance Policy issued pursuant to 44 CFR 61.17, Other Provisions.
(1) Increased Cost of Compliance coverage will not be included in the calculation to determine whether coverage meets the 80% replacement cost requirement under Article 9 or for payment under Article 3.B.3 for loss from land subsidence, sewer backup, or seepage of water.

(2) All other conditions and provisions of the policy apply.

Article 5—Special Provisions Applicable to Coverages A, B, and C

A. This policy is not a valued policy. Loss will be paid, provided the insured has purchased a sufficient amount of coverage, i.e., in an amount equal to the lesser of the value of the damaged property under the terms and conditions of this policy (and regardless of whether the amount of insurance purchased is greater than such value) or the limit of coverage permitted under the Act.

B. Insured Property, Covered Locations. The building and personal property are covered while the property is located:

1. At the property address shown on the application; and
2. For 45 days at another place above ground level or outside of the special hazard area, to which any of the insured property shall necessarily be removed in order to protect and preserve it from flood, due to the imminent danger of flood (provided, personal property so removed must be placed in a fully enclosed building or otherwise reasonably protected from the elements to be insured against loss), in which case the reasonable expenses incurred by the insured, including the value of its own labor at prevailing Federal minimum wage rates, in moving any of the insured property temporarily away from the peril of flood shall be reimbursed in an amount not to exceed $500.00.

This policy's deductible amounts, as provided for at Article 7, shall not be applied to this reimbursement, but shall be applied to any other benefits under this policy's coverage.

C. Coverage For Certain Loss Mitigation Measures. When the insurance under this policy covers a building, reasonable expenses incurred by the insured for the purchase of the following items are also covered, in an aggregate amount not to exceed $750.00:

1. Sandbags, including sand to fill them and plastic sheeting and lumber used in connection with them;
2. Fill for temporary levees;
3. Pumps; and
4. Wood;

all for the purpose of saving the building due to the imminent danger of a flood loss, including the value of the insured's own labor at prevailing Federal minimum wage rates.

The policy's building deductible amount, as provided for at Article 7, shall not be applied to this reimbursement, but shall be applied to any other benefits under the policy's building coverage.

For reimbursement under this paragraph C. to apply, the following conditions must be met:

a. The insured property must be in imminent danger of sustaining flood damage; and
b. The threat of flood damage must be of such imminence as to lead a person of common prudence to apprehend flood damage; and
c. A general and temporary condition of flooding in the area must occur, even if the flooding does not reach the insured property, or a legally authorized official must issue an evacuation order or other civil order for the community in which the insured property is located calling for measures to preserve life and property from the peril of flood.

Article 6—Property Not Covered

This policy shall not cover any of the following:

A. Valuables and commercial property, meaning:

1. Accounts, bills, currency, deeds, evidences of debt, money, coins, medals, postage stamps, securities, bullion, manuscripts, other valuable papers or records, and personal property used in a business.
2. Personal property used in connection with any incidental commercial occupancy or use of the building.

B. Property over water or in the open, meaning:

1. A building and personal property in the building located entirely in, on, or over water or seaward of mean high tide, if the building was newly constructed or substantially improved on or after October 1, 1962.
2. Personal property in the open.

C. Structures other than buildings, including:

1. Fences, retaining walls, seawalls, bulkheads, wharves, piers, piers, bridges, and docks.
2. Indoor and outdoor swimming pools.
3. Open structures and personal property located in, on, or over water, including boat houses or any structure or building into which boats are floated.
4. Underground structures and equipment, including wells, septic tanks and septic systems.

D. Other real property, including:

1. Land, land values, lawns, trees, shrubs, plants, and growing crops.
2. Those portions of walks, walkways, decks, driveways, patios, and other surfaces, all whether covered or not and all of whatever kind of construction, located outside the perimeter, exterior walls of the insured building.
3. Other personal property, meaning:

1. Animals, livestock, birds, and fish.
2. Aircraft.
3. Any self-propelled vehicle or machine and motor vehicle (other than motorized equipment pertaining to the service of the
Federal Emergency Management Agency

described unit or building, operated principally on the premises of the Insured, and not licensed for highway use including their parts and equipment.

4. Trailers on wheels and other recreational vehicles whether affixed to a permanent foundation or on wheels.

5. Watercraft including their furnishings and equipment.

6. Personal property owned by or in the care, custody or control of a unit owner, except for the property described in Article 4 under “Coverage B—Personal Property”, paragraph B. of this policy.

F. Basements, building enclosures lower than the elevated floors of elevated buildings, and personal property as follows:

1. In a special hazard area, at an elevation lower than the lowest elevated floor of an elevated Post-FIRM building, including a manufactured (i.e., mobile) home:
   a. Personal property.
   b. Building enclosures, equipment, machinery, fixtures and components, except for the required utility connections and the footings, foundation, posts, pilings, piers or other foundation walls and anchorage system as required for the support of the building.

2. In a basement as defined in Article 2:
   a. Personal property.
   b. Building equipment, machinery, fixtures and components, including finished walls, floors, ceilings and other improvements, except for the required utility connections, fiberglass insulation, drywalls and sheetrock walls, and ceilings but only to the extent of replacing drywalls and sheetrock walls in an unfinished manner (i.e., nailed to framing but not taped, painted, or covered).

3. Provided, with regard to both 1. and 2. above, the following building and personal property items connected to a power source and installed in their functioning location are covered so long as the Insured has purchased building and personal property coverage, as appropriate:
   - Sump pumps.
   - Well water tanks and pumps.
   - Oil tanks and the oil in them.
   - Cisterns and the water in them.
   - Natural gas tanks and the gas in them.
   - Pumps and/or tanks used in conjunction with solar energy.
   - Furnaces.
   - Hot water heaters.
   - Clothes washers and dryers.
   - Food freezers and the food in them.
   - Air conditioners.
   - Heat pumps.
   - Electrical junction and circuit breaker boxes.
   - Stairways and staircases attached to the building which are not separated from the building by elevated walkways.
   - Clean-up.

- Elevators, dumbwaiters, and relevant equipment, except for such relevant equipment located below the base flood elevation if such relevant equipment was installed on or after October 1, 1987.

G. Property below ground, meaning a building or unit and its contents, including personal property and machinery and equipment, which are part of the building or unit, where more than 49 percent of the actual cash value of such building or unit is below ground, unless the lowest level is at or above the base flood elevation by reason of earth having been used as an insulation material in conjunction with energy efficient building techniques.

H. Certain manufactured homes, meaning a manufactured (i.e., mobile) home located or placed within a FEMA designated Special Hazard Area that is not anchored to a permanent foundation to resist flotation, collapse, or lateral movement:

1. By over-the-top or frame ties to ground anchors; or

2. In accordance with manufacturer’s specifications; or

3. In compliance with the community’s floodplain management requirements; unless it is a manufactured (i.e., mobile) home on a permanent foundation continuously insured by the National Flood Insurance Program at the same site at least since September 30, 1982.

1. Containers such as but not limited to gas tanks or liquid tanks.

Article 7—Deductibles

A. Each loss to the insured property is subject to a deductible provision under which the Insured bears a portion of the loss before payment is made under the policy.

B. The loss deductible shall apply separately to each building and personal property coverage loss including, as to each, any appurtenant structure loss and debris removal expense.

C. For any flood insurance policy issued or renewed for any property located in Zones A, AO, AH, A1-A30, AE, AR, AR/AE, AR/AR, AR/AO, AR/A1-A30, AR/A, VO, V1-V30, VE, or V where the rates available for buildings built before the effective date of the initial Flood Insurance Rate Map or December 31, 1974, whichever is later, are used to compute the premium, the amount of the deductible for each loss occurrence is determined as follows: The Insurer shall be liable only when such loss exceeds $1,000, or the amount of any other deductible that the Insured selected when it applied for this policy or subsequently by endorsement.
D. For policies other than those described in paragraph C. above, the amount of the deductible for each loss occurrence is determined as follows: The Insurer shall be liable only when such loss exceeds $500.00, or the amount of any higher deductible which the Insured selected when it applied for this policy or subsequently by endorsement.

E. Notwithstanding the applicable deductible in paragraphs C. or D. above, an additional deductible in the sum of $250.00 shall apply separately to each building and contents loss before payment is made under the policy for land subsidence, sewer backup, or seepage of water as provided for in Article 3, paragraph B.3.

Article 8—Replacement Cost Coverage (For Building Coverage Only)

Subject to Articles 7 and 9, this policy will, in the event of a loss for which there is coverage and subject to the limits of building coverage purchased, pay the full cost of repair or replacement of the damaged parts of the building without deduction for depreciation. Under this Article:

A. The following outdoor property, whether attached to the insured building or not, are excluded from Replacement Cost Coverage: Antennas, aerials, carpeting, awnings, appliances, and other outdoor equipment.

B. Carpeting inside the insured building and laid over or affixed to finished or unfinished flooring is excluded from Replacement Cost Coverage.

C. The Insurer’s liability for loss under this policy shall not exceed the smallest of the following amounts:

1. The limit of liability of this policy applicable to the damaged or destroyed building;

2. The cost to repair or replace the building or any part thereof with material of like kind and quality on the same premises and intended for the same occupancy and use;

3. The amount actually and necessarily expended in repairing or replacing said building or any part thereof intended for the same occupancy and use.

D. The Insurer shall not be liable for any loss on a Replacement Cost Coverage basis unless and until actual repair or replacement of the damaged building, or parts thereof, is completed.

E. These Replacement Cost Provisions do not apply to any manufactured (i.e., mobile) home which when assembled is not at least 16 feet wide or does not have an area within its perimeter walls of at least 600 square feet nor do they apply to any loss where insured property is abandoned and remains as debris at the property address following a loss.

F. If the building sustains a total loss or if the Insurer should pay the entire building loss proceeds under these Replacement Cost Provisions, there is no requirement that the building be rebuilt at the insured property address.

Article 9—Coinsurance (For Building Coverage Only)

A. In consideration of the rate and form under which this policy is written, it is expressly stipulated and made a condition of this contract that the Insurer’s liability for loss under this policy shall be in an amount which is of no greater proportion to the amount of loss than the amount of insurance which the Insured has purchased to cover the insured property bears, at the time of loss, to the replacement cost value of the insured property, as follows:

1. If at the time of loss the total amount of insurance applicable to the insured property is the lesser of 80 percent or more of the full replacement cost of the insured property or the maximum amount of insurance available under the National Flood Insurance Program, the loss will be adjusted, subject to the policy’s limit of coverage and all of the other terms and conditions of this policy, as if the amount of insurance and the value of the insured property are equal.

2. If at the time of loss the Insured has not purchased the maximum amount of insurance available under the National Flood Insurance Program, or if the replacement cost value of the covered property at the time of the loss times 80 percent is greater than the amount of insurance purchased to cover the property, the full cost of replacement or repair of the insured property, subject to the terms and conditions of this policy, arising out of a covered loss, shall not be paid and payment shall be made as follows:

To the extent the Insured has not purchased insurance in an amount equal to the lesser of 80 percent or more of the full replacement cost of the insured property at the time of loss or the maximum amount of insurance available under the National Flood Insurance Program, the Insured will not be reimbursed fully for a loss. The amount of loss to be paid in such cases shall be determined in accordance with the following formula:

\[
\frac{\text{Insurance Carried}}{\text{Insurance Required}} \times \text{Amount of Loss} = \text{Limit of Recovery}
\]
Federal Emergency Management Agency

Pt. 61, App. A(3)

a. Example 1: The insurance carried is $500,000.00, the replacement cost value of the building is $1,000,000.00 (which is available under the National Flood Insurance Program) and the amount of the loss is $240,000.00. The formula is applied as follows:

$500,000.00
$1,000,000.00 × 80% = $240,000.00 = $149,500.00 Limit of Recovery *

(*($350,000 Less Deductible) The balance of the loss in the sum of $90,500.00 is not covered.

b. Example 2: The insurance carried is $1,850,000.00, the replacement cost value of the building is $2,000,000.00 and the amount of loss is $1,800,000.00. The formula is not applied because $1,850,000 exceeds $1,600,000 (2,000,000×80%). The Insured is paid the full amount of the loss ($1 Million).

B. In determining if the whole amount of insurance applicable to the building is 80 per cent or more of the full replacement cost of such building:

1. The replacement cost value of any covered building property described in Article 4 shall be included and the replacement cost value of any building property described in Article 4 which constitutes property not covered under this policy shall not be included.

2. Regarding improvements, only the replacement cost value of improvements installed by the Association shall be included.

3. Willfully concealed or misrepresented any material fact including:

a. The property listed on the application is not eligible for coverage, in which case the policy is void from its inception;

b. The community in which the property is located was not participating in the National Flood Insurance Program on the policy’s inception date and did not qualify as a participating community during the policy’s term and before the occurrence of any loss;

c. If, during the term of the policy, the participation in the National Flood Insurance Program of the community in which the property is located ceases, in which case the policy shall be deemed void effective at the end of the last day of the policy year in which such cessation occurred and shall not be renewed.

In the event the voided policy included 3 policy years in a contract term of 3 years, the Insured shall be entitled to a pro-rata refund of any premium applicable to the remainder of the policy’s term;

d. In the event any Insured or its agent has:

(1) Sworn falsely; or

(2) Fraudulently or willfully concealed or misrepresented any material fact including facts relevant to the rating of this policy in the application for coverage, or upon any renewal of coverage, or in connection with the submission of any claim brought under the policy, in which case this entire policy shall be void as of the date the wrongful act was
committed or from its inception if this policy is a renewal policy and the wrongful act occurred in connection with an application for or renewal or endorsement of a policy issued to the policy, the Insurer shall give a notice of additional premium due, and the right of reformation shall continue in force for the benefit only of the mortgagee or trustee, up to the amount of additional premium due and the right of reformation; provided, however:

1. Send the Insured any renewal notice or other notice that the policy term is coming to an end and the receipt of any such notice by the Insured shall not be deemed to be a waiver of this provision on the Insurer's part.

2. Assurance that policy changes reflected in endorsements submitted during the policy term are included in any renewal notice or new policy sent to the Insured. Policy changes include the addition of any increases in the amounts of coverage.

This policy shall not be renewed and the coverage provided by it shall not continue into any successive policy term unless the renewal premium payment is received by the Insurer at the office of the National Flood Insurance Program within 30 days of the expiration date, as shown on the declarations page which is attached to the policy. The Insurer is under no obligation to:

a. If the insufficient premium is discovered by the Insurer prior to a loss and the Insurer can determine the amount of insufficient premium from information in its possession at the time of its discovery of the insufficient premium, the Insurer shall give a notice of additional premium due, and if the Insured remits the Insurer receives the additional premium required to purchase the limits of coverage for each kind of coverage as was initially requested by the Insured within 30 days from the date the Insurer gives the Insured written notice of additional premium due, the policy shall be reformed, from its inception date, or, in the case of an endorsement, from the effective date of the endorsement, to provide flood insurance coverage in the amount of coverage initially requested.

b. If the insufficient premium is discovered by the Insurer at the time of a loss under the policy, the Insurer shall give a notice of premium due, and if the Insured remits the Insurer receives the additional premium required to purchase (for the current policy term and the previous policy term, if then issued) the limits of coverage for each kind of coverage as was initially requested by the Insurer within 30 days from the date the Insurer gives the Insured written notice of additional premium due, the policy shall be reformed, from its inception date, or, in the case of an endorsement, from the effective date of the endorsement, to provide flood insurance coverage in the amount of coverage initially requested.

c. Under subparagraphs a. and b. as to any mortgagee or trustee named in the policy, the Insurer shall give a notice of additional premium due and the right of reformation shall continue in force for the benefit only of the mortgagee or trustee, up to the amount of additional premium due and the right of reformation; provided, however:

a. If the insufficient premium is discovered by the Insurer prior to a loss and the Insurer can determine the amount of insufficient premium from information in its possession at the time of its discovery of the insufficient premium, the Insurer shall give a notice of additional premium due, and if the Insured remits the Insurer receives the additional premium required to purchase the limits of coverage for each kind of coverage as was initially requested by the Insurer within 30 days from the date the Insurer gives the Insured written notice of additional premium due, the policy shall be reformed, from its inception date, or, in the case of an endorsement, from the effective date of the endorsement, to provide flood insurance coverage in the amount of coverage initially requested.

b. If the insufficient premium is discovered by the Insurer at the time of a loss under the policy, the Insurer shall give a notice of premium due, and if the Insured remits the Insurer receives the additional premium required to purchase (for the current policy term and the previous policy term, if then issued) the limits of coverage for each kind of coverage as was initially requested by the Insurer within 30 days from the date the Insurer gives the Insured written notice of additional premium due, the policy shall be reformed, from its inception date, or, in the case of an endorsement, from the effective date of the endorsement, to provide flood insurance coverage in the amount of coverage initially requested.

c. Under subparagraphs a. and b. as to any mortgagee or trustee named in the policy,
appropriate form (received by the Insurer prior to the mailing of the renewal notice), does, in all respects, for purposes of the National Flood Insurance Program, presumptive evidence of delivery to the Insured for all purposes irrespective of whether the Insured actually received the notice.

However, in the event the Insurer determines that, through any circumstances, any renewal notice was not placed into the U.S. Postal Service, or, if placed, was prepared or addressed in a manner which the Insurer determines could preclude the likelihood of its being actually and timely received by the Insured prior to the due date for the renewal premium, the following procedures shall be followed:

In the event that the Insured or its agent notified the Insurer, not later than 1 year after the date on which the payment of the renewal premium was due, of a nonreceipt of a renewal notice prior to the due date for the renewal premium, which the Insurer determines was attributable to the above circumstance, the Insurer shall mail a second bill providing a revised due date, which shall be 30 days after the date on which the bill is mailed.

If the renewal payment requested by reason of the second bill is not received by the revised due date, no renewal shall occur and the policy shall remain as an expired policy as of the expiration date prescribed on the policy.

G. Conditions Suspending or Restricting Insurance. Unless otherwise provided in writing added hereto, the Insurer shall not be liable for loss occurring while the hazard is increased by any means within the control or knowledge of the Insured.

H. Liberalization Clause: If during the period that insurance is in force under this policy or within 45 days prior to the inception date thereof, should the Insurer have adopted under the Act, any forms, endorsements, rules or regulations by which this policy could be extended or broadened, without additional premium charge, by endorsement or substitution of form, then, such extended or broadened insurance shall inure to the benefit of the Insured as though such endorsement or substitution of form had been made. Any broadening or extension of this policy to the Insured's benefit shall only apply to losses occurring on or after the effective date of the adoption of any forms, endorsements, rules or regulations affecting this policy.

I. Alterations and Repairs: The Insured may, at the Insured's own expense, make alterations, additions and repairs, and complete structures in the course of construction.

J. Cancellation of Policy By Insured: The Insured may cancel this policy at any time but a refund of premium money will only be made when:

1. The Insured cancels a policy having a term of 3 years, on an anniversary date, and the reason for the cancellation is that:

a. A policy of flood insurance has been obtained or is being obtained in substitution for this policy and the Insurer has received a written concurrence in the cancellation from any mortgagee of which the Insurer has actual notice, or

b. The Insured has extinguished the insured mortgage debt and is no longer required by the mortgagee to maintain the coverage. Refund of any premium, under this subparagraph 1., shall be pro rata but with retention of the expense constant and the Federal policy fee.

2. The Insured cancels because the Insurer has determined that the property is not, in fact, in a special hazard area; and the Insured was required to purchase flood insurance coverage by a private lender or Federal agency pursuant to Public Law 93-234, section 102 and the lender or agency no longer requires the retention of the coverage. In this event, if no claims have been paid or are pending, the premium payments will be refunded in full, according to applicable National Flood Insurance Program regulations.

K. Loss Clause: Payment of any loss under this policy shall not reduce the amount of insurance applicable to any other loss during the policy term which arises out of a separate occurrence of the peril insured against hereunder; provided, that all loss arising out of a continuous or protracted occurrence shall be deemed to constitute loss arising out of a single occurrence.

L. Mortgage Clause: (Applicable to building coverage only and effective only when the policy is made payable to a mortgagee or trustee named in the application and declarations page attached to this policy or of whom the Insurer has actual notice prior to the payment of loss proceeds under this policy.) Loss, if any, under this policy, shall be payable to the aforesaid as mortgagee or trustee as interest may appear under all present or future mortgages upon the property described in which the aforesaid may have an interest as mortgagee or trustee, in order of precedence of said mortgages, and this insurance, as to the interest of the mortgagee or trustee only therein, shall not be invalidated:

1. By any act or neglect of the mortgagor or owner of the described property; nor

2. By any foreclosure or other proceedings or notice of sale relating to the property; nor

3. By any change in the title or ownership of the property; nor

4. By the occupation of the premises for purposes more hazardous than are permitted by this policy, provided, that it in case the mortgagor or owner shall neglect to pay any premium due under this policy, the mortgagee or trustee shall, on demand, pay the same.

Provided, also, that the mortgagee or trustee shall notify the Insurer of any change of
ownership or occupancy of the building or increase of hazard which shall come to the knowledge of said mortgagee or trustee and, unless permitted by this policy, it shall be noted thereon and the mortgagee or trustee shall, on demand, pay the premium for such increased hazard for the term of the use thereof; otherwise, this policy shall be null and void.

If this policy is cancelled by the Insurer, it shall continue in force for the benefit of the mortgagee or trustee for 30 days after written notice to the mortgagee or trustee of such cancellation and shall then cease.

Whenever the Insurer shall pay the mortgagee or trustee any sum for loss under this policy and shall claim that, as to the mortgagee or owner, no liability therefor existed, the Insurer shall, to the extent of such payment, be thereupon legally subrogated to all the rights of the party to whom such payment shall be made, under all securities held as collateral to the mortgage debt, or may, at its option, pay to the mortgagee or trustee the whole principal due or to grow due on the mortgage with interest, and shall thereupon receive a full assignment and transfer of the mortgage and of all such other securities, but no subrogation shall impair the rights of the mortgagee or trustee to recover the full amount of said mortgagee's or trustee's claim.

M. Mortgagee Obligations: If the Insured fails to render proof of loss, the named mortgagee or trustee, upon notice, shall render proof of loss in the form herein specified within 60 days thereafter and shall be subject to the provisions of this policy relating to appraisal and time of payment and of bringing suit.

N. Loss Payable Clause (Applicable to contents items only): Loss, if any, shall be adjusted with the Insured and shall be payable to the Insured and loss payee as their interests may appear.

O. Requirements in Case of Loss: Should a flood loss occur to the insured property, the Insured must:

1. Notify the Insurer in writing as soon as practicable;
2. As soon as reasonably possible, separate the damaged and undamaged property, putting it in the best possible order so that the Insurer may examine it; and
3. Within 60 days after the loss, send the Insurer a proof of loss, which is the Insurer's statement as to the amount it is claiming under the policy signed and sworn to by the Insured and furnishing the following information:
   a. The date and time of the loss;
   b. A brief explanation of how the loss happened;
   c. The Insured's interest in the property damaged (for example, "owner") and the interests, if any, of others in the damaged property;
   d. The actual cash value or replacement cost, whichever is appropriate, of each damaged item of insured property and the amount of damages sustained;
   e. The names of mortgagees or anyone else having a lien, charge or claim against the insured property;
   f. Details as to any other contracts of insurance covering the property, whether valid or not;
   g. Details of any changes in ownership, use, occupancy, location or possession of the insured property since the policy was issued;
   h. Details as to who occupied any insured building at the time of loss and for what purpose; and
   i. The amount the Insured claims is due under this policy to cover the loss, including statements concerning:
      (1) The limits of coverage stated in the policy; and
      (2) The cost to repair or replace the damaged property (whichever costs less).
4. Cooperate with the Insurer's adjuster or representative in the investigation of the claim;
5. Document the loss with all bills, receipts, and related documents for the amount being claimed;
6. The insurance adjuster whom the Insurer hires to investigate the claim may furnish the Insured with a proof of loss form, and she or he may help the Insured to complete it. However, this is a matter of courtesy only, and the Insured must still send the Insurer a proof of loss within 60 days after the loss if the adjuster does not furnish the form or help the Insured complete it. In completing the proof of loss, the Insured must use its own judgment concerning the amount of loss and the justification for the amount.
   The adjuster is not authorized to approve or disapprove claims or to tell the Insured whether the claim will be approved by the Insurer.
7. The Insurer may, at its option, waive the requirement for the completion and filing of a proof of loss in certain cases, in which event the Insured will be required to sign and, at the Insurer's option, swear to an adjuster's report of the loss which includes information about the loss and the damages needed by the Insurer in order to adjust the claim.
8. Any false statements made in the course of presenting a claim under this policy may be punishable by fine or imprisonment under the applicable Federal laws.

P. Options After a Loss: Options the Insurer may, in its sole discretion, exercise after loss include the following:
1. Evidence of Loss: If the Insurer specifically requests it, in writing, the insured may be required to furnish a complete inventory of the destroyed, damaged and undamaged property, including details as to quantities, costs, actual cash values or replacement cost.
(whichever is appropriate), amount of loss claims, and any written plans and specifications for repair of the damaged property which can reasonably be made available to the Insurer.

2. Examination Under Oath and Access to the Condominium Association's Articles of Association or Incorporation, Property Insurance Policies, and Other Condominium Documents: The Insurer may require the Insured to:
   a. Show the Insurer, or its designee, the damaged property;
   b. Be examined under oath by the Insurer or its designee;
   c. Sign any transcripts of such examinations; and
   d. At such reasonable times and places as the Insurer may designate, permit the Insurer to examine and make extracts and copies of any condominium documents, including the Articles of Association or Incorporation, Bylaws, rules and regulations, Declarations of the condominium, property insurance policies, and other condominium documents; and all books of accounts, bills, invoices and vouchers, or certified copies thereof if the originals are lost, pertaining to the damaged property.

3. Options to Repair or Replace: The Insurer may take all or any part of the damaged property at the agreed or appraised value and, also, repair, rebuild or replace the property destroyed or damaged with other of like kind and quality within a reasonable time, on giving the Insured notice of the Insurer's intention to do so within 30 days after the receipt of the proof of loss herein required under paragraph O. above.

4. Adjustment Options: The Insurer may adjust loss to any insured property of others with the owners of such property or with the Insured for their account. Any such insurance under this policy shall not inure directly or indirectly to the benefit of any carrier or other bailee for hire.

Q. When Loss Payable: Loss is payable within 60 days after the Insured files its proof of loss (or within 90 days after the insurance adjuster files an adjuster's report signed and sworn to by the Insured in lieu of a proof of loss) and ascertainment of the loss is made either by agreement between the Insured and the Insurer in writing or by the filing with the Insurer of an award as provided in paragraph S. below.

R. Abandonment: The Insured may not abandon damaged or undamaged insured property to the Insurer.

However, the Insurer may permit the Insured to keep damaged, insured property ("salvage") after a loss and reduce the amount of the loss proceeds payable to the Insured under the policy by the value of the salvage.

S. Appraisal: If at any time after a loss, the Insurer is unable to agree with the Insured as to the actual cash value—or, if applicable, replacement cost—of the damaged property so as to determine the amount of loss to be paid to the Insured, then:
   1. On the written demand of either the Insurer or the Insured, each shall select a competent and disinterested appraiser and notify the other of the appraiser selected within 20 days of such demand.
   2. The appraisers shall first select a competent and disinterested umpire and failing, after 15 days, to agree upon such umpire, then on the Insurer's request or the Insured's request, such umpire shall be selected by a judge of a court of record in the State in which the insured property is located.
   3. The appraisers shall then appraise the loss, stating separately replacement cost, actual cash value and loss to each item; and, failing to agree, shall submit their differences, only, to the umpire.
   4. An award in writing, so itemized, of any two (appraisers or appraiser and umpire) when filed with the Insurer shall determine the amount of the replacement cost and loss.
   5. Each appraiser shall be paid by the party selecting him or her and the expenses of appraisal and umpire shall be paid by both parties equally.

T. Action Against the Insurer: No suit or action on this policy for the recovery of any claim shall be sustainable in any court of law or equity unless all the requirements of this policy shall have been complied with, and unless commenced within 12 months next after the date of mailing of notice of disallowance or partial disallowance of the claim. An action on such claim against the Insurer must be instituted, without regard to the amount in controversy, in the United States District Court for the district in which the property shall have been situated.

U. Subrogation: In the event of any payment under this policy, the Insurer shall be subrogated to all the Insured's rights of recovery therefor against any party, and the Insurer may require from the Insured an assignment of all rights of recovery against any party for loss to the extent that payment therefor is made by the Insurer. The Insured shall do nothing after loss to prejudice such rights; however, this insurance shall not be invalidated should the Insured waive in writing prior to a loss any or all rights of recovery against any party for loss occurring to the described property.

V. Continuous Lake Flooding: Where the insured building has been inundated by rising
Pt. 62

Lake waters continuously for 90 days or more and it appears reasonably certain that a continuation of this flooding will result in damage, reimbursable under this policy, to the insured building equal to or greater than the building policy limits plus the deductible(s) or the maximum payable under the policy for any one building loss, the insurer will pay the insured the lesser of these two amounts without waiting for the further damage to occur if the insured signs a release agreeing to:

1. Make no further claim under this policy; and
2. Not seek renewal of this policy; and
3. Not apply for any flood insurance under the Act for property at the property location of the insured building.

If the policy term ends before the insured building has been flooded continuously for 90 days, the provisions of this paragraph are applicable to the policy from the continuous flooding occurred before the end of the policy term.

W. Duplicate Policies Not Allowed: Property may not be insured under more than one policy issued under the Act. When the insurer finds that duplicate policies are in effect, the insurer shall by written notice give the insured the option of choosing which policy is to remain in effect, under the following procedures:

1. If the insured chooses to keep in effect the policy with the earlier effective date, the insurer shall by the same written notice give the insured an opportunity to add the coverage limits of the later policy to those of the earlier policy, as of the effective date of the later policy.
2. If the insured chooses to keep in effect the policy with the later effective date, the insurer shall by the same written notice give the insured the opportunity to add the coverage limits of the earlier policy to those of the later policy, as of the effective date of the later policy.

In either case, the insured must pay the pro rata premium for the increased coverage limits within 30 days of the written notice. In no event shall the resulting coverage limits exceed the statutorily permissible limits of coverage under the Act or the insured’s insurable interest, whichever is less.

The insurer shall make a refund to the insured, according to applicable National Flood Insurance Program rules, of the premium for the policy not being kept in effect.

For purposes of this paragraph W., the term effective date means the date coverage that has been in effect without any lapse was first placed in effect. In addition to the provisions of this paragraph W. for increasing policy limits, the usual procedures for increasing limits by mid-term endorsement or at renewal time, with the appropriate waiting period, are applicable to the policy the insured chooses to keep in effect.

Article 11—What Law Governs

This policy is governed by the flood insurance regulations issued by FEMA, the National Flood Insurance Act of 1968, as amended (42 U.S.C. 4001, et seq.) and Federal common law.

In witness whereof, the insurer has executed and attested these presents.

JAMES L. WITT, Director, Federal Emergency Management Agency.

(The information required under the terms of this policy has been approved by the Office of Management and Budget under OMB control number 3067-0021.)

PART 62—SALE OF INSURANCE AND ADJUSTMENT OF CLAIMS

Subpart A—Issuance of Policies

Sec.
62.1 Purpose of part.
62.2 Definitions.
62.3 Servicing agent.
62.4 Limitation on sale of policies.
62.5 Premium refund.
62.6 Minimum commissions.

Subpart B—Claims Adjustment and Judicial Review

62.21 Claims adjustment.
62.22 Judicial review.

Subpart C—Write-Your-Own (WYO) Companies

62.23 WYO Companies authorized.
62.24 WYO Company participation criteria: new applicants.

APPENDIX A TO PART 62—FEDERAL EMERGENCY MANAGEMENT AGENCY, FEDERAL INSURANCE ADMINISTRATION, FINANCIAL ASSISTANCE/SUBSIDY ARRANGEMENT

APPENDIX B TO PART 62—NATIONAL FLOOD INSURANCE PROGRAM

Federal Emergency Management Agency § 62.5

Subpart A—Issuance of Policies

§ 62.1 Purpose of part.

The purpose of this part is to set forth the manner in which flood insurance under the Program is made available to the general public in those communities designated as eligible for the sale of insurance under part 64 of this subchapter, and to prescribe the general method by which the Administrator exercises his/her responsibility regarding the manner in which claims for losses are paid.

§ 62.2 Definitions.

The definitions set forth in part 59 of this subchapter are applicable to this part.

§ 62.3 Servicing agent.

(a) Pursuant to sections 1345 and 1346 of the Act, the Administrator has entered into the Agreement with a servicing agent to authorize it to assist in issuing flood insurance policies under the Program in communities designated by the Administrator and to accept responsibility for delivery of policies and payment of claims for losses as prescribed by and at the discretion of the Administrator.

(b) National Con-Serv, Inc., whose offices are located in Rockville, Maryland, is the servicing agent for the Federal Insurance Administration.

(c) The servicing agent will arrange for the issuance of flood insurance to any person qualifying for such coverage under parts 61 and 64 of this subchapter who submits an application to the servicing agent in accordance with the terms and conditions of the contract between the Agency and the servicing agent.

§ 62.4 Limitations on sale of policies.

(a) The servicing agent shall be deemed to have agreed, as a condition of its contract that it shall not offer flood insurance under any authority or auspices in any amount within the maximum limits of coverage specified in § 61.6 of this subchapter, in any area

the Administrator designates in part 64 of this subchapter as eligible for the sale of flood insurance under the Program, other than in accordance with this part, and the Standard Flood Insurance Policy.

(b) The agreement and all activities thereunder are subject to title VI of the Civil Rights Act of 1964, 42 U.S.C. 2000d, and to the applicable Federal regulations and requirements issued from time to time pursuant thereto. No person shall be excluded from participation in, denied the benefits of, or subjected to discrimination under the Program, on the ground of race, color, sex, creed or national origin. Any complaint or information concerning the existence of any such unlawful discrimination in any matter within the purview of this part should be referred to the Administrator.

§ 62.5 Premium refund.

A Standard Flood Insurance Policyholder whose property has been determined not to be in a special hazard area after the map revision or a Letter of Map Amendment under part 70 of this subchapter may cancel the policy within the current policy year provided (a) he was required to purchase or to maintain flood insurance coverage, or both, as a condition for financial assistance, and (b) his property was located in an identified special hazard area as represented on an effective FMB or FIR when the financial assistance was provided. If no claim under the policy has been paid or is pending, the full premium shall be refunded for the current policy year, and for an additional policy year where the insured had been required to renew the policy during the period when a revised map was being reprinted or the insured has been required to renew the policy during the period when a revised map was being reprinted. A Standard Flood Insurance Policyholder may cancel a policy having a term of three (3) years, on an anniversary date, where the reason for the cancellation is that a policy of flood insurance has been obtained or is being obtained in substitution for the NFIP policy and the NFIP obtains a written concurrence in the cancellation from any mortgage of which the NFIP has actual notice; or
§ 62.6 Minimum commissions.

(a) The earned commission which shall be paid to any property or casualty insurance agent or broker duly licensed by a state insurance regulatory authority, with respect to each policy or renewal the agent duly procures on behalf of the insured, in connection with policies of flood insurance placed with the NFIP, at the offices of its servicing agent, but not with respect to policies of flood insurance issued pursuant to Subpart C of this part, shall not be less than $10 and is computed as follows:

(1) In the case of a new or renewal policy, the following commissions shall apply based on the total premiums paid for the policy term:

<table>
<thead>
<tr>
<th>Premium amount</th>
<th>Commissions (percent)</th>
</tr>
</thead>
<tbody>
<tr>
<td>First $2,000 of Premium</td>
<td>15</td>
</tr>
<tr>
<td>Excess of $2,000</td>
<td>5</td>
</tr>
</tbody>
</table>

(2) In the case of mid-term increases in amounts of insurance added by endorsements, the following commissions shall apply based on the total premiums paid for the increased amounts of insurance:

<table>
<thead>
<tr>
<th>Premium amount</th>
<th>Commissions (percent)</th>
</tr>
</thead>
<tbody>
<tr>
<td>First $2,000 of Premium</td>
<td>15</td>
</tr>
<tr>
<td>Excess of $2,000</td>
<td>5</td>
</tr>
</tbody>
</table>

(b) Any refunds of premiums authorized under this subchapter shall not affect a previously earned commission; and no agent shall be required to return that earned commission, unless the refund is made to establish a common policy term anniversary date with other insurance providing coverage against loss by other perils in which case a return of commission will be required by the agent on a pro rata basis. In such cases, the policy shall be immediately rewritten for a new term with the same amount(s) of coverage and with premium calculated at the then current rate and, as to return premium, returned, pro rata, to the insured based on the former policy’s premium rate.

Subpart B—Claims Adjustment and Judicial Review

§ 62.21 Claims adjustment.

(a) In accordance with the Agreement, the servicing agent shall arrange for the prompt adjustment and settlement and payment of all claims arising from policies of insurance issued under the program. Investigation of such claims may be made through the facilities of its subcontractors or insurance adjustment organizations, to the extent required and appropriate for the expeditious processing of such claims.

(b) All adjustment of losses and settlements of claims shall be made in accordance with the terms and conditions of the policy and parts 61 and 62 of this subchapter.

§ 62.22 Judicial review.

(a) Upon the disallowance by the Federal Insurance Administration or the servicing agent of any claim on grounds other than failure to file a proof of loss, or upon the refusal of the claimant to accept the amount allowed upon any such claim, after appraisal pursuant to policy provisions, the claimant, within one year after the date of mailing by the Federal Insurance Administration or the servicing agent of the notice of disallowance or partial disallowance of the claim, may, pursuant to 42 U.S.C. 4072, institute an action on such claim against the Federal Insurance Administrator in the U.S. District Court for the district in which the insured property or the major portion thereof shall have been situated, without regard to the amount in controversy.

(b) Service of process for all judicial proceedings where a claimant is suing Director pursuant to 42 U.S.C. 4071 shall be made upon the appropriate
Subpart C—Write-Your-Own
(WYO) Companies

§ 62.23 WYO Companies authorized.

(a) Pursuant to section 1345 of the Act, the Administrator may enter into arrangements with individual private sector property insurance companies whereby such companies may offer flood insurance coverage under the Program to eligible applicants for such insurance, including policyholders insured by them under their own property business lines of insurance pursuant to their customary business practices including their usual arrangements with agents and producers, in any State in which such WYO Companies are licensed to engage in the business of property insurance. Arrangements entered into by WYO Companies under this subpart shall be in the form and substance of the standard arrangement, entitled “Financial Assistance/Subsidy Arrangement”, a copy of which is included in appendix A of this part and made a part of these regulations.

(b) Any duly licensed insurer so engaged in the Program shall be a WYO Company.

(c) A WYO Company is authorized to arrange for the issuance of flood insurance in any amount within the maximum limits of coverage specified in §61.6 of this subchapter, as Insurer, to any person qualifying for such coverage under parts 61 and 64 of this subchapter who submits an application to the WYO Company; coverage shall be issued under the Standard Flood Insurance Policy.

(d) A WYO Company issuing flood insurance coverage shall arrange for the adjustment, settlement, payment and defense of all claims arising from policies of flood insurance it issues under the Program, based upon the terms and conditions of the Standard Flood Insurance Policy.

(e) In carrying out its functions under this subpart, a WYO Company shall use its own customary standards, staff and independent contractor resources, as it would in the ordinary and necessary conduct of its own business affairs, subject to the Act and regulations prescribed by the Administrator under the Act.

(f) To facilitate the marketing of flood insurance coverage under the Program to policyholders of WYO Companies, the Administrator will enter into arrangements with such companies whereby the Federal Government will be a guarantor in which the primary relationship between the WYO Company and the Federal Government will be one of a fiduciary nature, i.e., to assure that any taxpayer funds are accounted for and appropriately expended. In furtherance of this end, the Administrator has established “A Plan to Maintain Financial Control for Business Written Under the Write Your Own Program”, a copy of which is included in appendix B of this part and made a part of these regulations.

(g) WYO Companies shall not be agents of the Federal Government and are solely responsible for their obligations to their insureds under any flood insurance policies issued under agreements entered into with the Administrator.

(h) To facilitate the underwriting of flood insurance coverage by WYO Companies, the following procedures will be used by WYO Companies:

(1) To expedite business growth, the WYO Company will encourage its present property insurance policyholders to purchase flood insurance through the NFIP WYO Program.

(2) To conform its underwriting practices to the underwriting rules and rates in effect as to the NFIP, the WYO Company will establish procedures to carry out the NFIP rating system and provide its policyholders with the same coverage as is afforded under the NFIP.

(3) The WYO Company may follow its customary billing practices to meet the Federal rules on the presentment of premium and net premium deposits to a Letter of Credit bank account authorized by the Administrator and reduction of coverage when an underpayment is discovered.
§ 62.23

(4) The WYO Company is expected to meet the recording and reporting requirements of the WYO Transaction Record Reporting and Processing Plan. Transactions reported by the WYO Company under the WYO Transaction Record Reporting and Processing Plan will be analyzed by the NFIP Bureau & Statistical Agent. A monthly report will be submitted to the WYO Company and the FIA. The analysis will cover the timeliness of WYO Company submissions, the disposition of transactions that have not passed systems edits and the reconciliation of the totals generated from transaction reports with those submitted on the WYO Company’s reconciliation reports.

(5) If a WYO Company rejects an application from an agent or a producer, the agent or producer shall be notified so that the business can be placed through the NFIP Servicing Agent, or another WYO Company.

(6) Flood insurance coverage will be issued by the WYO Company on a separate policy form and will not be added, by endorsement, to the Company’s other property insurance forms.

(7) Premium payment plans can be offered by the WYO Company so long as the net premium depository requirements specified under the NFIP/WYO Program accounting procedures are met. A cancellation by the WYO Company for non-payment of premium will not produce a pro rata return of the net premium deposit to the WYO Company.

(8) NFIP business will not be assumed by the WYO Companies at any time other than at renewal time, at which time the insurance producer may submit the business to the WYO Company as new business. However, it is permissible to cancel any unallocated or allocated claim expense allowance, depending on whether a staff counsel or an outside attorney handles the defense of the matter. Claims in litigation will be reported by WYO Companies to FIA upon joinder of issue and FIA may inquire and be advised of the disposition of such litigation.

(i) To facilitate the adjustment of flood insurance claims by WYO Companies, the following procedures will be used by WYO Companies.

(1) Under the terms of the Agreement set forth at appendix A of this part, WYO Companies will adjust claims in accordance with general Company standards, guided by NFIP Claims manuals. The Agreement also provides that claim adjustments shall be binding upon the FIA. For example, the entire responsibility for providing a proper adjustment for both combined wind and water claims and flood-alone claims is the responsibility of the WYO Company. The responsibility for providing a proper adjustment for combined wind and water claims is to be conducted by listing in concert with the Single Adjuster provisions listed in appendix A.

(2) The WYO Company may use its staff adjusters, independent adjusters, or both. It is important that the Company’s Claims Department verifies the correctness of the coverage interpretations and reasonableness of the payments recommended by the adjusters.

(3) An established loss adjustment Fee Schedule is part of the Agreement and cannot be changed during an Agreement year. This is the expense allowance to cover costs of independent or WYO Company adjusters.

(4) The normal catastrophe claims procedure currently operated by a WYO Company should be implemented in the event of a claim catastrophic situation. Flood claims will be handled along with other catastrophe claims.

(5) It will be the WYO Company’s responsibility to try to detect fraud (as it does in the case of property insurance) and coordinate its findings with FIA.

(6) Pursuant to the Agreement, the responsibility for defending claims will be upon the Write Your Own Company and defense costs will be part of the allocated or unallocated claim expense allowance, depending on whether a staff counsel or an outside attorney handles the defense of the matter. Claims in litigation will be reported by WYO Companies to FIA upon joinder of issue and FIA may inquire and be advised of the disposition of such litigation.

(7) The claim reserving procedures of the individual WYO Company can be used.

(8) Regarding the handling of subrogation, if a WYO Company prefers to forego pursuit of subrogation recovery, it may do so by referring the matter, with a complete copy of the claim file, to FIA. Subrogation initiatives may be truncated at any time before suit is commenced (after commencing an action, special arrangement must be
made). FIA, after consultation with FEMA’s Office of the General Counsel (OGC), will forward the cause of action to OGC or to the NFIP Bureau and Statistical Agent for prosecution. Any funds received will be deposited, less expenses, in the National Flood Insurance Fund.

(9) Special allocated loss adjustment expenses will include such items as: nonstaff attorney fees, engineering fees and special investigation fees over and above normal adjustment practices.

(10) The customary content of claim files will include coverage verification, normal adjuster investigations, including statements where necessary, police reports, building reports and investigations, damage verification and other documentation relevant to the adjustment of claims under the NFIP’s and the WYO Company’s traditional claim adjustment practices and procedures. The WYO Company’s claim examiners and managers will supervise the adjustment of flood insurance claims by staff and independent claims adjusters.

(11) The WYO Company will extend reasonable cooperation to FEMA’s Office of the General Counsel on matters pertaining to litigation and subrogation, under paragraph (i)(8) of this section.

(i) To facilitate establishment of financial controls under the WYO Program, the WYO Company will:

(1) Select a Certified Public Accountant (CPA) firm to conduct biennial audits of the financial, claims and underwriting records of the company. These audits shall be performed in accordance with the Government Auditing Standards issued by the Comptroller General of the United States (commonly known as the “yellow book”). FIA further requires that pre-selected policy and claims files the CPA firm is asked to review are in addition to any files that the auditors may select for their sample. A report of the detailed biennial audit conducted will be filed with the FIA which, after a review of the audit report, will convey its determination to the Standards Committee. The CPA firm chosen to conduct the audit is expected to use qualified, skilled persons with the requisite background in property insurance and a knowledge of the NFIP. Persons performing claims audits are expected to possess claims expertise which would allow them to ascertain whether the scope of damage was proper, and if all applicable NFIP policy provisions were properly followed. Persons performing underwriting audits should be able to ascertain if the risk has been properly rated, which would necessitate being aware of special NFIP rating situations, such as elevated buildings.

(2) Meet the recording and reporting requirements of the WYO Transaction Record Reporting and Processing Plan and the WYO Accounting Procedures Manual. Transactions reported to the National Flood Insurance Program’s (NFIP’s) Bureau and Statistical Agent by the WYO Company under the WYO Transaction Record Reporting and Processing Plan and the WYO Accounting Procedures Manual will be analyzed by the Bureau and Statistical Agent and a monthly report will be submitted to the WYO Company and the FIA. The analysis will cover the timeliness of the WYO Company submissions, the disposition of transactions which do not pass systems edits and the reconciliation of the totals generated from transaction reports with those submitted on WYO Company reconciliation reports.

(4) Cooperate with FIA in the implementation of a claims reinspection program.

(5) Cooperate with FIA in the verification of risk rating information.

(k) To facilitate the operation of the WYO Program and in order that a WYO Company can use its own customary standards, staff and independent contractor resources, as it would in the ordinary and necessary conduct of its own business affairs, subject to the Act, the Administrator, for good cause shown, may grant exceptions to and waivers of the regulations contained in this title relative to the administration of the NFIP.

(l)(1) WYO Companies may, on a voluntary basis, elect to participate in the
Mortgage Portfolio Protection Program (MPPP), under which they can offer, as a last resort, flood insurance at special high rates, sufficient to recover the full cost of this program in recognition of the uncertainty as to the degree of risk a given building presents due to the limited underwriting data required, to properties in a lending institution’s mortgage portfolio to achieve compliance with the flood insurance purchase requirements of the Flood Disaster Protection Act of 1973. Flood insurance policies under the MPPP may only be issued for those properties that:

(i) Are determined to be located within special flood hazard areas of communities that are participating in the NFIP, and

(ii) Are not covered by a flood insurance policy even after a required series of notices have been given to the property owner (mortgagor) by the lending institution of the requirement for obtaining and maintaining such coverage, but the mortgagor has failed to respond.

(2) WYO Companies participating in the MPPP must provide a detailed implementation package to any lending institution that, on a voluntary basis, chooses to participate in the MPPP to ensure the lending institution has full knowledge of the criteria in that program and must obtain a signed receipt for that package from the lending institution. Participating WYO Companies must also maintain evidence of compliance with paragraph (l)(3) of this section for review during the audits and reviews required by the WYO Financial Control Plan contained in appendix B of this part.

(3) The mortgagor must be protected against the lending institution’s arbitrary placing of flood insurance for which the mortgagor will be billed by being sent three notification letters as described in paragraphs (l)(4) through (6) of this section.

(4) The initial notification letter must:

(i) State the requirements of the Flood Disaster Protection Act of 1973, as amended;

(ii) Announce the determination that the mortgagor’s property is in an identified special flood hazard area as delineated on the appropriate FEMA map, necessitating flood insurance coverage for the duration of the loan;

(iii) Describe the procedure to follow should the mortgagor wish to challenge the determination;

(iv) Request evidence of a valid flood insurance policy or, if there is none, encourage the mortgagor to obtain a Standard Flood Insurance Policy (SFIP) promptly from a local insurance agent (or WYO Company);

(v) Advise that the premium for a MPPP policy is significantly higher than a conventional SFIP policy and advise as to the option for obtaining less costly flood insurance; and

(vi) Advise that a MPPP policy will be purchased by the lender if evidence of flood insurance coverage is not received by a date certain.

(5) The second notification letter must remind the mortgagor of the previous notice and provide essentially the same information.

(6) The final notification letter must:

(i) Enclose a copy of the flood insurance policy purchased under the MPPP on the mortgagor’s (insured’s) behalf, together with the Declarations Page,

(ii) Advise that the policy was purchased because of the failure to respond to the previous notices, and

(iii) Remind the insured that similar coverage may be available at significantly lower cost and advise that the policy can be cancelled at any time during the policy year and a pro rata refund provided for the unearned portion of the premium in the event the insured purchases another policy that is acceptable to satisfy the requirements of the 1973 Act. “(Approved by the Office of Management and Budget under OMB control number 3067-0229).”

§ 62.24 WYO Company participation criteria: new applicants.

New companies seeking to participate in the WYO Program, as well as former WYO Companies seeking to return to the WYO Program, must meet standards for financial capability and stability, for statistical and financial reporting, and for commitment to Program objectives.

(a) To demonstrate the ability to meet the financial requirements, an
applicant for entry or reentry into the WYO Program must:

1. be a licensed property insurance company;
2. have a five (5) year history of writing property insurance;
3. disclose any legal proceedings, suspensions, judgments, settlements, or agreements reached with any State insurance department, State attorney general, State corporation commission, or the Federal government during the immediate prior five (5) years regarding the company's business practices;
4. submit its most recent National Association of Insurance Commissioners (NAIC) annual statement;
5. submit, as data become available, information to indicate that the company meets or exceeds NAIC standards for risk-based capital and surplus; and
6. submit its last State or regional audit, which should contain no material negative findings.

(b) An applicant for entry or reentry into the WYO Program must also pass a test to determine the company's ability to process flood insurance and meet the Transaction Record Reporting and Processing (TRRRP) Plan requirements of the WYO Financial Control Plan. Unless the test requirement is waived, e.g., where the company's reporting requirements will be fulfilled by an already qualified performer, the applicant must prepare and submit test output monthly tape(s) and monthly financial statements and reconciliations for processing by the NFIP Bureau and Statistical Agent contractor. For test purposes, no error tolerance will be allowed. If the applicant fails the initial test, a second test will be run, which the applicant must pass to participate in the Program.

(c) To satisfy the requirement for commitment to Program goals, including marketing of flood insurance policies, the company shall submit information concerning the company’s plans for the Write Your Own Program including plans for the training and support of producers and staff, marketing plans and sales targets, and claims handling and disaster response plans. Applicants must also identify those aspects of their planned flood insurance operations to be performed by another organization, managing agent, another WYO Company, a WYO vendor, a service bureau or related organization. Applicant companies shall also name, in addition to a Principal Coordinator, a corporate officer point of contact—an individual, e.g., at the level of a Senior Executive Vice President, who reports directly to the Chief Executive Officer or the Chief Operating Officer. Each applicant shall furnish the latest available information regarding the number of its fire, allied lines, farmowners multiple peril, homeowners multiple peril, and commercial multiple peril policies in force, by line, and the company's Best's Financial Size Category for the purpose of setting marketing goals.

[59 FR 38572, July 29, 1994]
Whereas, this Financial Assistance/Subsidy Arrangement has been developed to enable any interested qualified insurer to write flood insurance under its own name; and

Whereas, one of the primary objectives of the Program is to provide coverage to the maximum number of structures at risk and because the insurance industry has marketing access through its existing facilities not directly available to the FIA, it has been concluded that coverage will be extended to those who would not otherwise be insured under the Program; and

Whereas, flood insurance policies issued subject to this Arrangement shall be only that insurance written by the Company in its own name under prescribed policy conditions and pursuant to this Arrangement and the Act; and

Whereas, over time, the Program is designed to increase industry participation, and, accordingly, reduce or eliminate Government as the principal vehicle for delivering flood insurance to the public; and

Whereas, the direct beneficiaries of this Arrangement will be those Company policyholders and applicants for flood insurance who otherwise would not be covered against the peril of flood.

Now, therefore, the parties hereto mutually undertake the following:

ARTICLE II—UNDERTAKING OF THE COMPANY

A. Eligibility Requirements for Participation in the NFIP:
   1. Policy Administration. All fund receipt, recording, control, timely deposit requirements, and disbursement in connection with all Policy Administration and any other related activities or correspondences, must meet all requirements of the Financial Control Plan. The Company shall be responsible for:
      a. Compliance with the Community Eligibility/Rating Criteria
      b. Making Policyholder Eligibility Determinations
      c. Policy Issuance
      d. Policy Endorsements
      e. Policy Cancellations
      f. Policy Correspondence
      g. Payment of Agents’ Commissions
   2. Claims Processing. All claims processing must be processed in accordance with the processing of all the companies’ insurance policies and with the Financial Control Plan. Companies will also be required to comply with FIA Policy Issuances and other guidance authorized by FIA or the Federal Emergency Management Agency (“FEMA”).
      3. Reports:
         a. Monthly Financial Reporting and Statistical Transaction reporting requirements. All monthly financial reporting and statistical transaction reporting shall be in accordance with the requirements of the NFIP Transaction Record Reporting and Processing Plan for the Company Program and the Financial Control Plan for business written under the WYO (Write Your Own) Program.

44 CFR Ch. I (10-1-98 Edition)
1. The flood insurance subject to this Arrangement shall be only that insurance written by the Company in its own name pursuant to the Act.

2. The Company shall issue policies under the regulations prescribed by the Administrator in accordance with the Act.

3. All such policies of insurance shall conform to the regulations prescribed by the Administrator pursuant to the Act, and be issued on a form approved by the Administrator.

4. All policies shall be issued in consideration of such premiums and upon such terms and conditions and in such States or areas or subdivisions thereof as may be designated by the Administrator and only where the Company is licensed by State law to engage in the property insurance business.

5. The Administrator may require the Company to discontinue issuing policies subject to this Arrangement immediately in the event Congressional authorization or appropriation for the National Flood Insurance Program is withdrawn.

E. The Company shall separate Federal flood insurance funds from all other Company accounts, at a bank or banks of its choosing for the collection, retention and disbursement of Federal funds relating to its obligation under this Arrangement. Less the Company’s expenses as set forth in Article III, and the operation of the Letter of Credit established pursuant to Article IV. All funds not required to meet current expenditures shall be remitted to the United States Treasury, in accordance with the provisions of the WYO Accounting Procedures Manual.

F. The Company shall investigate, adjust, settle and defend all claims or losses arising from policies issued under this Arrangement. Payment of flood insurance claims by the Company shall be binding upon the FIA.

G. The Company shall market flood insurance policies in a manner consistent with the marketing guidelines established pursuant to Article II, Section E and, if such funds are depleted, from funds derived by drawing against the Letter of Credit established pursuant to Article IV.

ARTICLE III—LOSS COSTS, EXPENSES, EXPENSE REIMBURSEMENT, AND PREMIUM REFUNDS

A. The Company shall be liable for operating, administrative and production expenses, including any State premium taxes, dividends, agents’ commissions or any other expense of whatever nature incurred by the Company in the performance of its obligations under this Arrangement but excluding other taxes or fees, such as surcharges on flood insurance premium and guaranty fund assessments.

B. The Company shall be entitled to withhold, as operating and administrative expenses, including agents’ or brokers’ commissions, an amount from the Company’s written premium on the policies covered by this Arrangement in reimbursement of all of the Company’s marketing, operating and administrative expenses, except for allocated and unallocated loss adjustment expenses described in Section C, of this Article, which amount shall be a minimum of 31.6% of the Company’s written premium on the policies covered by this Arrangement.

The amount of expense allowance retained by the company may be increased to a maximum of 32.9%, depending on the extent to which the company meets the marketing goals for the 1997-1998 Arrangement year contained in marketing guidelines established pursuant to Article II, Section E. The amount of any increase shall be paid to the company after the end of the 1997-1998 Arrangement year.

The Company, with the consent of the Administrator as to terms and costs, shall be entitled to utilize the services of a national rating organization, licensed under state law, to assist the FIA in undertaking and carrying out such studies and investigations as are necessary in determining more equitable and accurate estimates of flood insurance risk premium rates as authorized under the National Flood Insurance Act of 1968, as amended. The Company shall be reimbursed in accordance with the provisions of the WYO Accounting Procedures Manual for the charges or fees for such services.

C. Loss Adjustment Expenses shall be reimbursed as follows:

1. Unallocated loss adjustment shall be an expense reimbursement of 3.3% of the incurred loss (except that it does not include “Incurred but not reported”).

2. Allocated loss adjustment expense shall be reimbursed to the Company pursuant to a “Fee Schedule” coordinated with the Company and provided by the Administrator.

D. Loss Payments.

1. Loss payments under policies of flood insurance shall be made by the Company from funds retained in the bank account(s) established under Article II, Section E and, if such funds are depleted, from funds derived by drawing against the Letter of Credit established pursuant to Article IV.

2. Loss payments include payments as a result of litigation which arise under the scope of this Arrangement, and the Authorities set forth above. All such loss payments must meet the documentation requirements of the Financial Control Plan and of this Arrangement. The Company will be reimbursed for errors and omissions only as set forth at Article IX of this Arrangement.

3. Notification of claims in litigation against the Company. To ensure reimbursement of costs expended to defend a claim in litigation against the Company, the Company must promptly notify FIA.
Prompt notice, in duplicate, of any such claim in litigation within the scope of this section (D) shall be sent to the FIA along with a copy of any material pertinent to the claim in litigation. FIA shall forward a copy of all such claims to the Associate General Counsel for Litigation, FEMA OGC, to ensure that the FEMA OGC is aware of all pending litigation. Following the initial notice of claims in litigation, to ensure expeditious reimbursement, the company must submit all pertinent material and billing documentation as it becomes available. Within 60 days of the receipt of a notice of claim in litigation by the Company, the Company must submit an initial case analysis and legal fee estimate for billing support. Failure to meet these notice requirements may result in the Administrator’s decision not to reimburse expenses for which FIA and the FEMA OGC have not been notified in a timely manner.

4. Limitation on Litigation Costs. Following receipt of notice of such claim, the Office of General Counsel (OGC), FEMA, shall review the information submitted. If it is determined that the claim is grounded in actions by the Company that are outside the scope of this Arrangement, the National Flood Insurance Act, and 44 CFR chapter 1, subchapter B, and/or involve issues of insurer/agent negligence as discussed in Article IX of this Arrangement, the OGC shall make a recommendation to the Administrator as to whether the claim is grounded in actions by the Company that are significantly outside the scope of this Arrangement. In the event the Administrator determines that the claim is grounded in actions by the Company that are significantly outside the scope of this Arrangement, the Company will be notified, in writing, within thirty (30) days of the Administrator’s decision, if the decision is that any award or judgment for damages arising out of such actions will not be recognized under Article III of this Arrangement as a reimbursable loss cost, expense or expense reimbursement. In the event that the Company wishes to petition for reconsideration of the determination that it will not be reimbursed for the award or judgment made under the above circumstances, it may do so by mailing, within thirty days of the notice declining to recognize any such award or judgment as reimbursable under Article III, a written petition to the Chairman of the WYO Standards Committee established under the Financial Control Plan. The WYO Standards Committee will, then, consider the petition at its next regularly scheduled meeting or at a special meeting called for that purpose by the Chairman and issue a written recommendation to the Administrator within thirty days of the meeting. The Administrator’s final determination will be made, in writing, to the Company within thirty days of the recommendation made by the WYO Standards Committee.

E. Premium refunds to applicants and policyholders required pursuant to rules contained in the National Flood Insurance Program (NFIP) “Flood Insurance Manual” shall be made by the Company from Federal flood insurance funds referred to in Article II, Section E, and, if such funds are depleted, from funds derived by drawing against the Letter of Credit established pursuant to Article IV.

ARTICLE IV—UNDERTAKINGS OF THE GOVERNMENT

A. Letter(s) of Credit shall be established by the Federal Emergency Management Agency (FEMA) against which the Company may withdraw funds daily, if needed, pursuant to prescribed procedures implemented by FEMA. The amounts of the authorizations will be increased as necessary to meet the obligations of the Company under Article III, Sections C, D, and E. Request for funds shall be made only when net premium income has been depleted. The timing and amount of cash advances shall be as close as administratively feasible to the actual disbursements by the recipient organization for allowable Letter of Credit expenses.

Request for payment on Letters of Credit shall not ordinarily be drawn more frequently than daily nor in amounts less than $5,000, and in no case more than $5,000,000 unless so stated on the Letter of Credit. This Letter of Credit may be drawn by the Company for any of the following reasons:

1. Payment of claim as described in Article III, Section D;
2. Refunds to applicants and policyholders for insurance premium overpayment, or if the application for insurance is rejected or when cancellation or endorsement of a policy results in a premium refund as described in Article III, Section E; and
3. Allocated and unallocated Loss Adjustment Expenses as described in Article III, Section C.

B. The FIA shall provide technical assistance to the Company as follows:

1. The FIA’s policy and history concerning underwriting and claims handling.
2. A mechanism to assist in clarification of coverage and claims questions.
3. Other assistance as needed.

ARTICLE V—COMMENCEMENT AND TERMINATION

A. Upon signature of authorized officials for both the Company and the FIA, this Arrangement shall be effective for the period October 1 through September 30. The FIA shall provide financial assistance only for policy applications and endorsements accepted by the Company during this period.
Federal Emergency Management Agency
Pt 62, App. A

pursuant to the Program's effective date, underwriting and eligibility rules.

B. By June 1 of each year, the FIA shall publish in the Federal Register and make available a report on the terms for the re-subscription of this Financial Assistance/ Subsidy Arrangement. In the event the Company chooses not to re-subscribe, it shall notify the FIA to that effect by the following July 1.

C. In the event the Company elects not to participate in the Program in any subsequent fiscal year, or the FIA chooses not to renew the Company's participation, the FIA, at its option, may require (1) the continued performance of this entire Arrangement for a period not to exceed one (1) year following the original term of this Arrangement, or any renewal thereof, or (2) the transfer to the FIA of:

1. All data received, produced, and maintained through the life of the Company's participation in the Program, including certain data, as determined by FIA, in a standard format and medium; and
2. A plan for the orderly transfer to the FIA of any continuing responsibilities in administering the policies issued by the Company under the Program including provisions for coordination assistance; and
3. All claims and policy files, including those pertaining to receipts and disbursements that have occurred during the life of each policy. In the event of a transfer of the services provided, the Company shall provide the FIA with a report showing, on a policy basis, any amounts due from or payable to insureds, agents, brokers, and others as of the transition date.

D. Financial assistance under this Arrangement may be canceled by the FIA in its entirety upon 30 days written notice to the Company by certified mail stating one of the following reasons for such cancellation: (1) Fraud or misrepresentation by the Company subsequent to the inception of the contract, or (2) nonpayment to the FIA of any amount due the FIA. Under these very specific conditions, the FIA may require the transfer of data as shown in Section C., above. If transfer is required, the unearned expenses retained by the Company shall be remitted to the FIA. In such event the Government will assume all obligations and liabilities owed to policyholders under such policies arising before and after the date of transfer.

E. In the event the Act is amended, or re-enacted, or expires, or if the FIA is otherwise without authority to continue the Program, financial assistance under this Arrangement may be canceled for any new or renewal business, but the Arrangement shall continue for policies in force that shall be allowed to run their term under the Arrangement.

F. In the event that the Company is unable to, or otherwise fails to, carry out its obligations under this Arrangement by reason of any order or directive duly issued by the Department of Insurance of any jurisdiction to which the Company is subject, the Company agrees to transfer, and the Government will accept, any and all WYO policies issued by the Company and in force as of the date of such inability or failure to perform. In such event the Government will assume all obligations and liabilities owed to policyholders under such policies arising before and after the date of transfer and the Company will immediately transfer to the Government all funds in its possession with respect to all such policies transferred and the unearned portion of the Company expenses for operating, administrative, and loss adjustment on all such policies.

ARTICLE VI—INFORMATION AND ANNUAL STATEMENTS

The Company shall furnish to FEMA such summaries and analyses of information including claim file information, and property address, location, and/or site information in its records as may be necessary to carry out the purposes of the National Flood Insurance Act of 1968, as amended, in such form as the FIA, in cooperation with the Company, shall prescribe. The Company shall be a property/casualty insurer domiciled in a State or territory of the United States. Upon request, the Company shall file with the FIA a true and correct copy of the Company's Fire and Casualty Annual Statement, and Insurance Expense Exhibit or amendments thereof as filed with the State Insurance Authority of the Company's domiciliary State.

ARTICLE VII—CASH MANAGEMENT AND ACCOUNTING

A. FEMA shall make available to the Company during the entire term of this Arrangement and any continuation period required by FIA pursuant to Article V, Section C., the Letter of Credit provided for in Article IV drawn on a repository bank within the Federal Reserve System upon which the Company may draw for reimbursement of its expenses as set forth in Article IV that exceed net written premiums collected by the Company from the effective date of this Arrangement or continuation period to the date of the draw.

B. The Company shall remit all funds, including interest, not required to meet current expenditures to the United States Treasury, in accordance with the provisions of the WYO Accounting Procedures Manual or procedures approved in writing by the FIA.

C. In the event the Company elects not to participate in the Program in any subsequent fiscal year, the Company and FIA shall make a provisional settlement of all amounts due or owing within three months of the termination of this Arrangement. This
ARTICLE VIII—ARBITRATION

If any misunderstanding or dispute arises between the Company and the FIA with reference to any factual issue under any provisions of this Arrangement or with respect to the FIA’s non-renewal of the Company’s participation, other than as to legal liability under or interpretation of the standard flood insurance policy, such misunderstanding or dispute may be submitted to arbitration for a determination that shall be binding upon approval by the FIA. The Company and the FIA may agree on and appoint an arbitrator who shall investigate the subject of the misunderstanding or dispute and make a determination. If the Company and the FIA cannot agree on the appointment of an arbitrator, then two arbitrators shall be appointed, one to be chosen by the Company and one by the FIA.

The two arbitrators so chosen, if they are unable to reach an agreement, shall select a third arbitrator who shall act as umpire, and such umpire’s determination shall become final only upon approval by the FIA.

The Company and the FIA shall bear in equal shares all expenses of the arbitration. Findings, proposed awards, and determinations resulting from arbitration proceedings carried out under this section, upon objection by FIA or the Company, shall be inadmissible as evidence in any subsequent proceedings in any court of competent jurisdiction.

This Article shall indefinitely succeed the term of this Arrangement.

ARTICLE IX—ERRORS AND OMISSIONS

The parties shall not be liable to each other for damages caused by inadvertent delay, error, or omission made in connection with any transaction under this Arrangement. In the event of such actions, the responsible party must attempt to rectify that error as soon as possible after discovery of the error and act to mitigate any costs incurred due to that error. In the event that steps are not taken to rectify the situation and such action leads to claims against the company, the NFIP, or other related entities, the responsible party shall bear all liability attached to that delay, error or omission to the extent permissible by law.

However, in the event that the Company has made a claim payment to an insured without including a mortgagee (or trustee) of which the Company had actual notice prior to making payment, and subsequently determines that the mortgagee (or trustee) is also entitled to any part of said claim payment, any additional payment shall not be paid by the Company from any portion of the premium and any funds derived from any Federal Letter of Credit deposited in the bank account described in Article II, section E. In addition, the Company agrees to hold the Federal Government harmless against any claim asserted against the Federal Government by any such mortgagee (or Trustee), as described in the preceding sentence, by reason of any claim payment made to any insured under the circumstances described above.

ARTICLE X—OFFICIALS NOT TO BENEFIT

No Member or Delegate to Congress, or Resident Commissioner, shall be admitted to any share or part of this Arrangement, or to any benefit that may arise therefrom; but this provision shall not be construed to extend to this Arrangement if made with a corporation for its general benefit.

ARTICLE XI—OFFSET

At the settlement of accounts the Company and the FIA shall have, and may exercise, the right to offset any balance or balances, whether on account of premiums, commissions, losses, loss adjustment expenses, salvage, or otherwise due one party to the other, its successors or assigns, hereunder or under any other Arrangements heretofore or hereafter entered into between the Company and the FIA. This right of offset shall not be affected or diminished because of insolvency of the Company.

All debts or credits of the same class, whether liquidated or unliquidated, in favor of or against either party to this Arrangement on the date of entry, or any order of conservation, receivership, or liquidation, shall be deemed to be mutual debts and credits and shall be offset with the balance only to be allowed or paid. No offset shall be allowed where a conservator, receiver, or liquidator has been appointed and where an obligation was purchased by or transferred to a party hereunder to be used as an offset.

Although a claim on the part of either party against the other may be unliquidated or undetermined in amount on the date of the entry of the order, such claim will be regarded as being in existence as of the date of such order and any credits or claims of the same class then in existence and held by the other party may be offset against it.
Federal Emergency Management Agency

ARTICLE XII—EQUAL OPPORTUNITY

The Company shall not discriminate against any applicant for insurance because of race, color, religion, sex, age, handicap, marital status, or national origin.

ARTICLE XIII—RESTRICTION ON OTHER FLOOD INSURANCE

As a condition of entering into this Arrangement, the Company agrees that in any area in which the Administrator authorizes the purchase of flood insurance pursuant to the Program, all flood insurance offered and sold by the Company to persons eligible to buy pursuant to the Program for coverages available under the Program shall be written pursuant to this Arrangement. However, this restriction applies solely to policies providing only flood insurance. It does not apply to policies provided by the Company of which flood is one of the several perils covered, or where the flood insurance coverage amount is over and above the limits of liability available to the insured under the Program.

ARTICLE XIV—ACCESS TO BOOKS AND RECORDS

The FIA and the Comptroller General of the United States, or their duly authorized representatives, for the purpose of investigation, audit, and examination shall have access to any books, documents, papers and records of the Company that are pertinent to this Arrangement. The Company shall keep records that fully disclose all matters pertinent to this Arrangement, including premiums and claims paid or payable under policies issued pursuant to this Arrangement. Records of accounts and records relating to financial assistance shall be retained and available for three (3) years after final settlement of accounts, and to financial assistance, three (3) years after final adjustment of such claims. The FIA shall have access to policyholder and claim records at all times for purposes of the review, defense, examination, adjustment, or investigation of any claim under a flood insurance policy subject to this Arrangement.

ARTICLE XV—COMPLIANCE WITH ACT AND REGULATIONS

This Arrangement and all policies of insurance issued pursuant thereto shall be subject to the provisions of the National Flood Insurance Act of 1968, as amended, the Flood Disaster Protection Act of 1973, as amended, the National Flood Insurance Reform Act of 1994, and Regulations issued pursuant thereto and all Regulations affecting the work that are issued pursuant thereto, during the term hereof.

ARTICLE XVI—RELATIONSHIP BETWEEN THE PARTIES (FEDERAL GOVERNMENT AND COMPANY) AND THE INSURED

Inasmuch as the Federal Government is a guarantor hereunder, the primary relationship between the Company and the Federal Government is one of a fiduciary nature, i.e., to assure that any taxpayer funds are accounted for and appropriately expended. The Company is not the agent of the Federal Government. The Company is solely responsible for its obligations to its insured under any flood policy issued pursuant hereto.

significantly reduce the need for extensive on-site reviews of Company files by the FIA staff or their designee. Furthermore, we believe that this process is consistent with customary examination practices, avoids duplication of examinations performed under the auspices of individual State Insurance Departments, NAIC Zone examinations, and independent CPA firms.

The WYO Financial Control Plan requires the WYO Company to meet the minimum requirements established by the Standards Committee. The Standards Committee consists of four (4) members from FIA, one (1) member from the Federal Emergency Management Agency’s (FEMA’s) Office of Financial Management, one (1) member designated by the Administrator who is not directly involved in the WYO Program, and one (1) member from each of six (6) designated WYO Companies, pools or other entities.

The WYO Financial Control Plan must require the WYO Company to:
1. Have a biennial audit of the flood insurance financial statements and claims and underwriting activity conducted by an independent accounting firm at the Company’s expense to ensure that the financial data reported to FIA accurately represents the flood insurance activities of the Company. Require that the CPA firm’s audit be performed in accordance with GAO yellow book requirements. Require that the auditors conduct their own review sample, even if pre-selected policy and claims files are given to them for review.
2. Meet the recording and reporting requirements of the WYO Transaction Record Reporting and Processing Plan. Transactions reported to the National Flood Insurance Program’s (NFIP’s) Bureau and Statistical Agent by the WYO Company under the WYO Transaction Record Reporting and Processing Plan will be analyzed by the Bureau and Statistical Agent and a monthly report will be submitted to the WYO Company and the FIA. The analysis will cover the timeliness of the WYO Company’s submissions, the disposition of transactions that do not pass systems edits, and the reconciliation of the total generated from transaction reports with those submitted on the WYO Company’s reports (part 1).
4. Cooperate with FIA in the implementation of a claims reinspection program (part 2).
5. Cooperate with FIA in the verification of risk rating information.

The Standards Committee will review and make a recommendation to the Administrator concerning any adverse action arising from the implementation of the Financial Control Plan. Adverse actions include, but are not limited to, the FIA Operations Division’s recommendation not to renew a particular Company’s WYO arrangement.

This Plan includes the following guidelines:

Part 1—Transaction Record Reporting and Processing Plan Reconciliation Procedures
Part 2—Claims Reinspection Program
Part 3—Financial Audits, Underwriting Audits, Claims Audits, Audits for Cause, and State Insurance Department Audits
Part 4—Reports Certifications
Part 5—WYO Financial Assistance/Subsidy Arrangement (Incorporated by Reference)
Part 6—Transaction Record Reporting and Processing Plan (Incorporated by Reference)
Part 7—Write Your Own (WYO) Accounting Procedures Manual (Incorporated by Reference)

The objectives are: To reconcile transaction detail with monthly financial statements submitted by the WYO Companies; to assess the quality and timeliness of submitted data; and to provide for the identification and resolution of discrepancies in the data. The reliance on computer processing to perform the review of transaction and financial data will help minimize the necessity for on-site audits of WYO Companies. Reconciliation of the statistical reports submitted will be performed by the WYO Companies and independently by the NFIP Bureau and Statistical Agent.

The review of monthly financial statements and transaction level detail will involve six areas:

A. Financial control;
B. Quality control (audit trails);
C. Quality review of submitted data;
D. Policy rating;
E. Timeliness of reporting; and
F. Monthly reports.

A. Financial Control

1. WYO Companies are required to submit a reconciliation report (Exhibit “A”) with the submission of transaction level detail. This report will reconcile the transaction records data to the financial report, explaining any discrepancies.
2. WYO Companies are required to submit, on a form approved by the Administrator, a tape transmit document with the submission of the statistical tape containing transaction detail. This will be used to validate record counts and dollar amounts.
3. The NFIP will review, at a minimum, the categories on the attached format and
produce a similar report reconciling the transaction data to the monthly financial statement submitted by each WYO Company.

4. To facilitate financial reconciliation, transaction records which do not pass various edits employed by the NFIP to review the quality of submitted data will be so identified, but will be maintained whenever possible until the error is corrected by the company in order to reconcile all financial data submitted to the NFIP.

B. Quality Control

Transaction level detail will be maintained in policy and claim history files for record-keeping and audit purposes.

C. Quality Review of Submitted Data

1. Transaction records will be edited for correct format and values.

2. Relational edits will be performed on individual transactions as well as between policy and claim transactions submitted against those policies.

3. Record validation will be performed to check that the transaction type is allowable for the type of policy or claim indicated.

4. Errors will be categorized as critical or non-critical. The rate of critical errors in the submission of statistical data will be the basis by which company performance is reported to the Standards Committee. Critical errors include those made in required data elements. Required data elements include:
   a. Identify the policyholder, the policy, the loss, and the property location;
   b. Provide information necessary to rate the policy;
   c. Provide information used in financial control; and
   d. Provide information used for actuarial review of NFIP experience.

5. Non-critical errors are those made in data elements reported by the WYO Companies at their option.

D. Policy Rating

1. The rating will be validated by the NFIP for all policies for which the following transactions have been submitted:
   a. New Business;
   b. Renewals;
   c. Endorsements involving type A transaction records; and
   d. Corrections of type A transaction records previously submitted for premium transactions.

2. Incorrect rating will be considered a critical error.

E. Timeliness of Reporting

1. WYO Companies will be expected to submit monthly statistical and financial reports within thirty days of the end of the month of record.

2. The NFIP will produce reports based on review of submitted data within thirty days after the due date or the first processing cycle subsequent to the receipt of WYO Company submissions, whichever is later.

F. Monthly Reports

1. Reports for each WYO Company’s data submission will be sent to the respective WYO Company and the FIA explaining any discrepancies found by the NFIP review.

2. Report to WYO Companies. Transaction records that fail to pass the quality review or policy rating edits will be reported to the appropriate Company in transaction detail with error codes, classification of errors as either critical or non-critical and any codes used by the Company to identify the source of the transaction data.

3. Reports to WYO Companies and the FIA:
   a. Summary statistics will be generated for each monthly submission of transaction data. These will include:
      i. Absolute numbers of transactions read and transactions rejected by transaction type; and
      ii. Dollar amounts associated with transactions read and transactions rejected.
   b. Summary statistics for all policy and claim records submitted to date (which may each be the result of multiple transactions) will be generated, separately for critical and non-critical errors. These will include:
      i. Absolute number of policy and claim records on file and those containing errors; and
      ii. Relative values for the number of records containing critical errors.
   c. Control totals will be generated for tapes submitted to and processed by the NFIP. This front-end balancing procedure will include:
      i. Numbers of records submitted according to the NFIP compared with numbers of records submitted according to the WYO Company transmittal document; and
      ii. Dollar amounts submitted according to the NFIP compared with dollar amounts submitted according to the WYO Company transmittal document.
   d. If there is any discrepancy between the NFIP reading of dollar amounts from the tape and the WYO Company tape transmittal document, then the monthly statistical tape submission will be rejected and returned to the Company. The rejected tape must be corrected and resubmitted by the next monthly submission due date.
   e. In cases where the NFIP reconciliation of transaction level detail with the financial statements does not agree with the reconciliation report submitted by the WYO Company, a separate report will be generated and transmitted to the Company for resolution and to the FIA.

PART 2—CLAIMS REINSPECTION PROGRAM

WYO-NFIP CLAIMS REINSPECTION PROGRAM

To keep WYO-NFIP Claims Management informed, to assist in the overall claims operation, and to provide necessary assurances and documentation for dealing with GAO, Congressional Oversight Committees, and the public, the FIA and WYO Companies have established a Claims Reinspection Program. The Program is comprised of the following major elements:

A. All files are subject to reinspection.
B. Files for reinspection may be randomly selected by flood event, or size of loss, or class of business, as determined by WYO-NFIP Claims Management.
C. WYO-NFIP Claims Management will utilize a binomial table to define sample size for reinspections prior to payment. A larger

317
PART 3—BIENNIAL FINANCIAL AUDITS, UNDERWRITING AUDITS, CLAIMS AUDITS, AUDITS FOR CAUSE, AND STATE INSURANCE DEPARTMENT AUDITS

A. Biennial Financial, Underwriting and Claims Audits

1. Objectives of WYO Biennial Financial Underwriting and Claims Audit. The biennial, financial, underwriting and claims audit is intended to provide the Federal Emergency Management Agency with independent assessment of the quality of financial controls over activities relating to the Company's participation in the National Flood Insurance Program as well as the integrity of the underwriting and claims data reported to FEMA.

   a. Participating WYO companies are responsible for selecting and funding independent Certified Public Accounting firms to conduct the biennial audits. Such costs are considered part of the normal administrative cost of operating the WYO program and as such are included in the WYO expense allowance.

   b. The WYO Company's representative will be notified in writing to arrange for a biennial audit. This notice should provide the WYO Company at least 120 days to prepare for the biennial audit.

   c. It is also intended that the biennial audit will reduce if not eliminate the need for FEMA auditors or their designees to conduct on-site visits to WYO companies in their review of financial activity. However, the requirement may still exist for such visits to occur as determined by the auditors. The CPA firm's audit shall be performed in accordance with GAO yellow book requirements. Further, the CPA firm's audit shall be performed with pre-selected policy and claim files for review. In addition, nothing in this section should be construed as limiting the ability of the General Accounting Office or FEMA's Office of Inspector General to review the activities of the WYO Program.

   d. The purpose of the biennial audit is to provide opinion on the fairness of the financial statements, the adequacy of internal controls, and the extent of compliance with laws and regulations.

   e. Any WYO Company which has been subject to a comprehensive audit by the CPA firm under contract with the FEMA OIG is exempted by its selected Certified Public Accountant firm.

2. Criteria for Initiating a Biennial Audit

   a. Excessively high frequency of errors in underwriting.

   b. Abnormally high rate of policy cancellations or non-renewals.

   c. Policies not processed in a timely fashion.

   d. Duplication of policy coverage noted.

   e. Relational type edits indicate an unusually high or low premium amount per policy for the geographical area.

   f. Biennial audit results indicate unusual volume of errors in underwriting.

2. Claims

   a. Reinspection indicates consistent patterns of:

      i. Losses being paid when not covered.

      ii. Statistical information being reported on original loss adjustment found to be incorrect on reinspection.

      iii. Salvage/subrogation not being adequately addressed.

      iv. Consistent overpayment of claims.

   b. Unusually high count of erroneous assignments and/or claims closed without payment (CWP).

   c. Unusually low count of CWP. (May indicate inadequate follow-up of claims submitted).

   d. Average claim payments that significantly exceed the average for the Program as a whole.

   e. Lack of (adequate) documentation for paid claims.
f. Claims not processed in a timely fashion.
g. Consistent failure of WYO Company to receive authorization for special allocated loss adjustment expenses prior to incurring them.
h. High submission of Special Allocated Loss Adjustment Expenses (SALAE).
i. Consistently high policyholder complaint level.
j. Low/high count of salvage/subrogation.
k. Biennial audit indicates significant problems.

3. Financial Reporting/Accounting
   a. Consistently high reconciliation variations and/or errors in statistical information.
   b. Financial and/or statistical information not received in a timely fashion.
   c. Letter of Credit violations are found.
   d. WYO Company is not depositing funds to the Restricted Account in a timely manner.
   e. Premium suspense is consistently significant, older than 60 days, and/or cannot be detailed sufficiently, or both.
   f. Large/unusual balance in Cash-Other (Receivables and/or Payable).
   g. Large, unexplained differences in cash reconciliation.
   h. Large/unusual balances or variations between months noted for key reported financial data.
   i. Financial statement to statistical data reconciliation sheets improperly completed indicating proper review of information is not being performed prior to signing certification statement.
   j. Repeated failure to respond fully in a timely manner to questions raised by FIA or the NFIP Bureau and Statistical Agent concerning monthly financial reporting.
   k. Biennial audit indicates significant problems.

C. Underwriting Audit

1. Samples of new business policies, renewals, endorsements and cancellations will be provided by the FIA with the biennial audit instructions, including samples of the Mortgage Portfolio Protection business, where applicable. The audit is to be conducted in accordance with GAO yellow book requirements. The CPA firm may supplement with its own sample of risks which were in force during all or part of the Arrangement Year under audit for detail testing.

2. Underwriting Audit Outline
   a. Review of the Underwriting Department’s responsibilities, authorities and composition.
   b. Personal interviews with management and key clerical personnel to determine current processing activities, planned changes and problems.
   c. Administrative review to verify compliance with company procedures.
   d. Thorough examination of a random sample of underwriting files to measure the quality of work. The CPA firm is expected to provide a representative sample of its review to substantiate its opinion and findings. At a minimum, the files should be reviewed to verify the following:
      i. Policies are issued for eligible risks;
      ii. Rates are correct and consistent with the amount of insurance requested on the application;
      iii. Waiting period for new business is consistent with government regulations;
      iv. Elevation certification or difference is correctly shown on application;
      v. The coverage does not include more than one building and/or its contents per policy;
      vi. No binder is effective unless issued with the authorization of FIA;
      vii. The FIRM zone shown on the application to the community in which the property is located;
      viii. Community shown on application is eligible to purchase insurance under the NFIP;
      ix. Information on type of building, etc., is fully complete;
      x. Applicable deductibles are recorded;
      xi. A new, fully completed application or a photocopy of the most recent application, or similar documentation, with the appropriate updates to reflect current information is on file for each risk, including those formerly written by the NFIP Servicing Facility;
      xii. If any files to be audited are unavailable, determine the reason for the absence.
   e. Endorsement Processing.
      1. Complete tasks as applicable.
      2. Review requests for additional coverage to ensure that they are subject to the waiting period rule.
   f. Cancellation Processing. Verify controls to ensure that all necessary information needed to complete the transaction is provided.
   g. Renewal Processing. Determine controls to ensure that each step is carried out at the proper time.
   h. Expired Policies. Determine controls to ensure that each step is carried out at the proper time.
   i. Observance of Waiting Period. Establish procedures to document, as a matter of WYO Company business record and in each transaction involving a new application, renewal,
and endorsement, that any applicable effective date and premium receipt rules have been observed (44 CFR 61.11). Documentation reasonably suitable for the purpose includes retention of postmarked envelopes (for three (3) years) from date, date stamping and retention (via hard copy or microfilm process) of application, renewal and endorsement documents and checks received in payment of premium; computer input of document and premium receipt transactions and retention of such records in the computer system; and other reasonable insurer methods of verifying transactions involving requests for coverage and receipts of premium.

D. Claims Audit Outline

1. Review of the Claims Department’s responsibilities, authorities, and composition.
2. Personal interviews with management and key clerical personnel to determine current processing activities, planned changes and problems.
3. Administrative review to verify compliance with company procedures.
4. Thorough examination of a random sample of claims files which may be provided by FIA to measure the quality of work. At a minimum, the files should be reviewed to verify the following:
   a. Verify controls to ensure that a file is set up for each Notice of Loss Received.
   b. Review adjuster reports to determine whether they contain adequate evidence to substantiate the payment or denial of claims, including amount of losses claimed, any salvage proceeds, depreciation and potential subrogation.
   c. Ascertain that building and contents allocations are correct.
   d. Determine whether the file contains evidence identifying subrogation possibilities.
   e. Verify that partial payments were properly considered in processing the final draft or check.
   f. Verify that the loss payees are listed correctly (consider insured and mortgagee).
   g. Verify that the total amount of the drafts or checks is within the policy limits.
   h. Ascertain the relevance and validity of the criteria used by the carrier to judge effectiveness of its claims servicing operation.
   i. Confirm that when information is received from an independent adjuster, the examiner either acts promptly to give proper feedback with instructions or takes action to pay or deny the loss.
   j. Determine whether the Claims Department is using an “impression of risk” program in reporting misrated policies, etc.
   k. Where attempts at fraud occur, verify that these instances are being reported to FIA for referral to the FEMA Inspector General’s office.

If any files to be audited are unavailable, determine the reason for their absence. In undertaking this portion of the biennial audit, the Administrative Review Checklist (Exhibit B) below should be utilized.

#### E. State Insurance Department Examination

1. It is expected that audits of WYO companies by independent accountants and/or state insurance departments, aside from those conducted by the FIA or its designee, will include flood insurance activity. When such audits occur, a financial officer for the WYO Company will notify the FIA, identifying the auditing entity and providing a brief statement of the overall conclusions that relate to flood insurance and the insurer’s financial condition, when available. In the case of an audit in progress, a brief statement on the scope of the audit should be provided to the FIA. A checklist will be utilized for this reporting and will be provided to WYO Companies by the FIA.

2. The WYO Companies will maintain on file the reports resulting from audits, subject to on-site inspection by the FIA or its designee. At the FIA’s request, the WYO Company will submit a copy of the auditor’s opinion, should one be available, summarizing the audit conclusion. “(Approved by the Office of Management and Budget under OMB control number 3067-0369)”
XYZ Company as of __________. All information included in these statements is the representation of the XYZ Company.

Based on my review (with the exception of the matter(s) described in the following paragraphs, if applicable), I certify that I am not aware of any material modifications that should be made to the accompanying reports.

[61 FR 51221, Oct. 1, 1996]

SUBPART A—GENERAL

§ 63.1 Purpose of part.

The purpose of this part is to implement section 1306(c) of the National Flood Insurance Act of 1968, as amended (the Act). Section 544 of the Housing and Community Development Act of 1987 (Pub. L. 100-242) amended the Act by adding subsection (c) to section 1306 of the Act. Under this amendment, effective February 5, 1988, section 1306(c) of the Act provides for benefit payments under the Standard Flood Insurance Policy (SFIP) for demolition or relocation of a structure insured under the Act that is located along the shore of a lake or other body of water and that is certified by an appropriate State or local land use authority to be subject to imminent collapse or subsidence as a result of erosion or undermining caused by waves or currents of water exceeding anticipated cyclical levels. This part establishes criteria by which States can obtain the approval of the Administrator to make these certifications and sets forth the procedures and data requirements to be used by those States in making these certifications. This part also contains provisions regarding other aspects of section 1306(c) of the Act. For example, there are provisions regarding section 1306(c)(6)(B) of the Act (which provides for condemnation in lieu of certification), including clarification as to the form of condemnation issued under a State or local law that is required.

§ 63.2 Condemnation in lieu of certification.

(a) The condemnation required by section 1306(c)(6)(B) of the Act in lieu of certification need not be grounded in a finding that the structure is subject to imminent collapse or subsidence as
a result of erosion, but may be issued for other reasons deemed sufficient by the State or local authority.

(b) The condemnation may be in the form of a court order or other instrument authorized by State or local law, e.g., a notification to the property owner of an unsafe condition, or unsanitary condition, or other deficiency at the property address, coupled with a statement that the property owner must vacate the property if the condition giving rise to the condemnation notice is not cured by repair, removal, or demolition of the building by a date certain.

(c) In addition to a condemnation in accordance with paragraphs (a) and (b) of this section, a structure must be found by the Administrator to be subject to imminent collapse or subsidence as a result of erosion or undermining caused by waves or currents of water exceeding anticipated cyclical levels to be eligible for benefits under section 1306(c) of the Act.

§ 63.3 Requirement to be covered by a contract for flood insurance by June 1, 1988.

The requirement in section 1306(c)(4)(C)(i) of the Act that a structure be “covered by a contract for flood insurance under this title—(i) on or before June 1, 1988” was met if presentation of the appropriate premium and a properly completed flood insurance application form was made to the National Flood Insurance Program or a Write Your Own (WYO) Company on or before June 1, 1988.

§ 63.4 Property not covered.

Benefits under section 1306(c) of the Act do not include compensation for items excluded under the provisions of the Standard Flood Insurance Policy (SFIP).

§ 63.5 Coverage for contents removal.

Whenever a structure is subject to imminent collapse or subsidence as a result of erosion or undermining caused by waves or currents of water exceeding anticipated cyclical levels and otherwise meets the requirements of section 1306(c) of the Act so that benefits are payable under those provisions, the coverage in the definition of “Direct Physical Loss by or from Flood” in the SFIP for the expense of removing contents, up to the minimum deductible of $500.00, to protect and preserve them from flood or from the imminent danger of flood, applies if contents coverage is in effect.

§ 63.6 Reimbursable relocation costs.

In addition to the coverage described in §63.5 of this part, relocation costs for which benefits are payable under section 1306(c) of the Act include the costs of:

(a) Removing the structure from the site,

(b) Site cleanup,

(c) Debris removal,

(d) Moving the structure to a new site, and

(e) At the new site, a new foundation and related grading, including elevating the structure as required by local flood plain management ordinances, and sewer, septic, electric, gas, telephone, and water connections at the building.

§ 63.7 Amount of coverage and deductible on effective date of condemnation or certification.

The amount of building coverage and the deductible applicable to a claim for benefits under section 1306(c) of the Act are what was in effect on the date of condemnation or the date of application for certification.

§ 63.8 Limitation on amount of benefits.

(a) In section 1306(c)(3)(C) of the Act, the phrase under the flood insurance contract issued pursuant to this title means the value of the structure under section 1306(c)(3)(C) of the Act is limited to the amount of building coverage provided by the insured’s policy.

(b) Where the amount payable under section 1306(c)(1)(A)(ii) of the Act for the cost of demolition, together with the amount payable under section 1306(c)(1)(A) of the Act for the value of the structure under the demolition option, exceeds the amount of building coverage provided by the insured’s policy, such amounts will be paid beyond the amount of that building coverage,
§ 63.9

even if this payment exceeds the limits of coverage otherwise authorized by section 1306(a) of the Act for the particular class of property.

§ 63.9 Sale while claim pending.

If a claimant sells a structure prior to its demolition or relocation, no benefits are payable to that claimant under section 1306(c) of the Act, and any payments which may have been made under those provisions shall be reimbursed to the insurer making them.

§ 63.10 Demolition or relocation contractor to be joint payee.

If a demolition or relocation contractor is used, the instrument of payment for benefits under section 1306(c) of the Act for the fee of that contractor, shall include that contractor as a joint payee, unless that contractor has already been paid when the instrument of payment is issued.

§ 63.11 Requirement for a commitment before October 1, 1989.

The requirement in section 1306(c)(7) of the Act that a commitment be made on or before September 30, 1989 as a necessary condition to making any payments after September 30, 1989, is met if before October 1, 1989:

(a) There is either a condemnation in accordance with §63.2 of this part or a certification in accordance with subpart B of this part, and

(b) A policyholder’s notice of claim for benefits under section 1306(c) of the Act is received by the insurer.

§ 63.12 Setback and community flood plain management requirements.

(a) Where benefits have been paid under section 1306(c) of the Act, the setback requirements in section 1306(c)(5) of the Act, which if not met result in a prohibition against subsequently providing flood insurance or assistance under the Disaster Relief Act of 1974, shall apply:

(1) To the structure involved wherever it is located, and

(2) To any other structure subsequently constructed on or moved to the parcel of land on which the structure involved was located when the claim under section 1306(c) of the Act arose.

(b) In addition, any structures relocated under section 1306 of the Act must comply with the flood plain management criteria set forth in §60.3 of this chapter.

Subpart B—State Certification of Structures Subject to Imminent Collapse

§ 63.13 Purpose of subpart.

The purpose of this subpart is to establish criteria under the provisions of section 1306(c) of the National Flood Insurance Act of 1968, as amended, by which States can obtain approval from the Administrator to certify that structures are subject to imminent collapse or subsidence as a result of erosion or undermining caused by waves or currents of water exceeding anticipated cyclical levels. The subpart also sets forth the procedures and data requirements to be utilized by those States in certifying structures as subject to imminent collapse. The State certification procedure represents an option to the use of the procedure whereby a structure is condemned by a State or local authority as a prerequisite to consideration for imminent collapse insurance benefits.

§ 63.14 Criteria for State qualification to perform imminent collapse certifications.

In order to qualify under this subpart, the State must be administering a coastal zone management program which includes the following components, as a minimum:

(a) A state-wide requirement that prohibits new construction and the relocation of structures seaward of an adopted erosion setback. Such setback must be based in whole or in part on some multiple of the local mean annual erosion (recession) rate; and

(b) An established, complete and functional data base of mean annual erosion rates for all reaches of coastal shorelines subject to erosion in the State, which is used as the basis to enforce these setback requirements.
§ 63.15 State application for eligibility to certify structures subject to imminent collapse.

(a) Application pursuant to this part shall be made by the Governor or other duly authorized official of the State.

(c) Documents to be included in the application are as follows:

(1) Copies of all applicable State statutes and regulations verifying the existence of a coastal zone management program including setback requirements for new and relocated construction which are based in whole or in part on mean annual erosion rates established for the State's shorelines.

(2) A copy of the State's mean annual erosion rate data base, if not already provided, showing such rates for all reaches of coastal shorelines subject to erosion within the State.

(3) The title, address and phone number of a contact person within the State agency having authority for administering the coastal zone management program.

(4) A statement that adequate resources are available to carry out the certification services, and that certifications will be performed in accordance with the procedures described in § 63.17.

§ 63.16 Review of State application by the Administrator.

(a) The Administrator may return the application for eligibility upon finding it incomplete or upon finding that additional information is required in order to make a determination as to the adequacy of the coastal zone management program and erosion rate data base.

(b) Upon determining that the State's program and/or data base does not meet the criteria set forth in § 63.14, the Administrator shall in writing reject the application for eligibility and indicate in what respects the State program and/or data base fails to comply with the criteria.

(c) Upon determining that the State program and data base meets the criteria set forth in § 63.14, the Administrator shall approve the State as eligible to certify structures subject to imminent collapse. Such approval, however, is in all cases provisional. The Administrator shall review the State program and data base for continued compliance with the criteria set forth in this part and may request updated documentation for the purpose of such review. If the program and/or data base is found to be inadequate and is not corrected within ninety days from the date that such inadequacies were identified, the Administrator may revoke his approval.

§ 63.17 Procedures and data requirements for imminent collapse certifications by States.

Any State that has been determined to be eligible by the Administrator may certify that a coastal structure is subject to imminent collapse. Such certification requires that the State collect scientific or technical information relative to the structure and its site and provide such information to the insured to be filed with a claim for insurance benefits under Section 1306 of the National Flood Insurance Act of 1968, as amended. The information which is provided to the insured shall include, but is not limited to, the following:

(a) Certification from the State agency that the structure is subject to imminent collapse. The certification shall cite the property address, legal description (e.g., lot, block), the date of application for certification, and the date and basis for the certification, and

(b) Supporting scientific and technical data to substantiate the certification consisting of the following:

(i) Photographs of the structure in relation to the obvious peril. All photographs should be labeled with the location, direction, date and time from which they were taken. The collection of photographs should adequately display the following:

(ii) Any evidence of existing damage. The damage can include loss or erosion of soil near or around the foundation, or structural damage to the foundation components.

(iii) Structure and waterbody. These photographs shall show both the structure and the waterbody that presents
the peril. If the structure is on a high bluff or dune and not accessible from the water side, the top edge of the bluff or dune will be sufficient. These will usually be taken from one or both sides of the structure.

(iii) Physical reference features used in the measurements discussed above. The reference feature shall be in or near the area affected by normal tides, when applicable. If a reference is not clearly distinguishable on the photograph, it should be annotated to identify the feature. If possible, all reference features described below should be photographed showing their relationship to the site of the threatened structure.

(2) Identification and selection of reference features. The following reference features are presented according to priority. If the first feature is not present, the next feature shall be located and photographed, and so forth.

(i) Top edge of bluff (cliff top).

(ii) Top edge of escarpment on an eroding dune (i.e., a nearly vertical erosional cut at the seaward face of the dune). The normal high tide should be near the toe of the dune and there should be indications that the dune is actively eroding.

(iii) The normal high tide limit may be indicated by one of the following:
   (A) Vegetation line (the seaward most edge of permanent vegetation).
   (B) Beach scarp (erosion line on beach, usually a sharp, nearly vertical drop of 0.5 to 3.0 feet at the upper limit of high tide).
   (C) Debris line deposited by the normal high tide, not by a recent storm.
   (D) Upper limit of wet sand.

(3) Distance measurements from the threatened structure to the nearest points on the reference features. These measurements should be taken from all photographed reference features to the closest point on the supporting foundation. For purposes of making this measurement, decks, stairs, and other exterior attachments that do not contribute to the structural support of the building are not considered part of the structure. The measurements shall be taken horizontally with a tape and recorded to the nearest foot. The date and time of the measurement shall be noted. The location of the measurements (i.e., reference feature and closest structural member) shall be identified on the appropriate photograph or sketch of the site. If some or all of the reference features coincide, this shall also be noted and identified on the photographs. Reference features landward of the structure need not be measured, but shall be noted on the photographs.

(4) A determination of the average annual erosion rate at the site and a copy of the pertinent section of the reference document used to obtain the annual erosion rate at the site.

(5) Copy of the effective Flood Insurance Rate Map panel annotated with the location of the threatened structure.

(6) In the event that a structure is not situated within a “zone of imminent collapse” using the criteria and procedures in paragraphs (b) (1) through (5) of this section, then the State may submit other scientific and technical data, in addition to the information described in paragraphs (b) (1) through (5) of this section, that would reveal unusual erosive or stability conditions at the site. Such data must include engineering analyses or reports performed on the structure or site which evaluates local rates of erosion, or the condition or stability of the structure’s foundation including supporting soil.

(c) In the case of structures planned to be relocated, a certification as to whether the proposed relocation site is outside the 30-year setback for 1-4 family residential structures, or outside the 60-year setback for all other structures, must also be submitted by the State.

§ 63.18 Review of State certification by the Administrator.

The Administrator, after a claim has been filed by the property owner, will review the certification and data prepared by the State. Upon completion of the review, the State will be notified that:

(a) The structure has been determined to be subject to imminent collapse, or
(b) The structure has not been determined to be subject to imminent collapse and the basis for such determination, or
(c) Additional data are needed to verify that the procedures and criteria for imminent collapse certification have been met.

PART 64—COMMUNITIES ELIGIBLE FOR THE SALE OF INSURANCE

Sec. 64.1 Purpose of part.
64.2 Definitions.
64.3 Flood Insurance Maps.
64.4 Effect on community eligibility resulting from boundary changes, governmental reorganization, etc.
64.5 Relationship of rates to zone designations.
64.6 List of eligible communities.

§ 64.1 Purpose of part.

(a) 42 U.S.C. 4012(c), 4022 and 4102 require that flood insurance in the maximum limits of coverage under the regular program shall be offered in communities only after the Administrator has: (1) Identified the areas of special flood, mudslide (i.e., mudflow) or flood-related erosion hazards within the community; and/or (2) completed a risk study for the applicant community. The priorities for conducting such risk studies are set forth in §§59.23 and 60.25 of this subchapter. The purpose of this part is to define the types of zones which the Agency will use for identifying the hazard areas on maps.

(b) 42 U.S.C. 4056 authorizes an emergency implementation of the National Flood Insurance Program whereby the Administrator may make subsidized coverage available to eligible communities prior to the completion of detailed risk studies for such areas. This part also describes procedures under the emergency program and lists communities which become eligible under the NFIP.

§ 64.2 Definitions.
The definitions set forth in part 59 of this subchapter are applicable to this part.

§ 64.3 Flood Insurance Maps.

(a) The following maps may be prepared by the Administrator for use in connection with the sale of flood insurance:

(1) Flood Insurance Rate Map (FIRM): This map is prepared after the risk study for the community has been completed and the risk premium rates have been established. It indicates the risk premium rate zones applicable in the community and when those rates are effective. The symbols used to designate those zones are as follows:

<table>
<thead>
<tr>
<th>Zone symbol</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>A ...........</td>
<td>Area of special flood hazard without water surface elevations determined</td>
</tr>
<tr>
<td>A1-30, AE ...</td>
<td>Area of special flood hazard with water surface elevations determined</td>
</tr>
<tr>
<td>A0 ..........</td>
<td>Area of special flood hazards having shallow water depths and/or unpredictable flow paths between (1) and (3) ft.</td>
</tr>
<tr>
<td>A99 ..........</td>
<td>Area of special flood hazard where enough progress has been made on a protective system, such as dikes, dams, and levees, to consider it complete for insurance rating purposes</td>
</tr>
<tr>
<td>AH ..........</td>
<td>Areas of special flood hazards having shallow water depths and/or unpredictable flow paths between (1) and (3) feet, and with water surface elevations determined</td>
</tr>
<tr>
<td>AR ..........</td>
<td>Area of special flood hazard that results from the decertification of a previously accredited flood protection system that is determined to be in the process of being restored to provide base flood protection</td>
</tr>
<tr>
<td>V ...........</td>
<td>Area of special flood hazards without water surface elevations determined, and with velocity, that is inundated by tidal floods (coastal high hazard area)</td>
</tr>
<tr>
<td>V1-30, VE ....</td>
<td>Area of special flood hazards, with water surface elevations determined and with velocity, that is inundated by tidal floods (coastal high hazard area)</td>
</tr>
<tr>
<td>V0 ..........</td>
<td>Area of special flood hazards having shallow water depths and/or unpredictable flow paths between (1) and (3) ft. and with velocity</td>
</tr>
<tr>
<td>B, X ..........</td>
<td>Area of moderate flood hazards</td>
</tr>
<tr>
<td>C, X ..........</td>
<td>Area of minimal hazards</td>
</tr>
<tr>
<td>D ..........</td>
<td>Area of undetermined but possible, flood hazards</td>
</tr>
<tr>
<td>M ..........</td>
<td>Area of special mudslide (i.e., mudflow) hazards</td>
</tr>
<tr>
<td>N ..........</td>
<td>Area of moderate mudslide (i.e., mudflow) hazards</td>
</tr>
<tr>
<td>P ..........</td>
<td>Area of undetermined, but possible, mudslide hazards</td>
</tr>
</tbody>
</table>

327
Areas identified as subject to more than one hazard (flood, mudslide (i.e., mudflow), flood-related erosion) will be designated by use of the proper symbols in combination.

(2) Flood Hazard Boundary Map (FHBM). This map is issued by the Administrator delineating Zones A, M, and E within a community.

(b) Notice of the issuance of new or revised FHBMs or FIRMs is given in Part 65 of this subchapter. The mandatory purchase of insurance is required within designated Zones A, A1-30, AE, A99, AO, AH, AR, AR/A1-30, AR/AE, AR/AO, AR/AH, AR/A, V1-30, VE, V, VO, M, and E.

(c) The FHBM or FIRM shall be maintained for public inspection at the following locations:

(1) The information office of the State agency or agencies designated by statute or the respective Governors to cooperate with the Administrator in implementing the Program whenever a community becomes eligible for Program participation and the sale of insurance pursuant to this section or is identified as flood prone.

(2) One or more official locations within the community in which flood insurance is offered.

(3) [Reserved]

(4) The official record copy of each official map shall be maintained in FEMA files in Washington, DC.

§ 64.4 Effect on community eligibility resulting from boundary changes, governmental reorganization, etc.

(a) When a community not participating in the Program acquires by means of annexation, incorporation, or otherwise, another area which was previously located in a community either participating or not participating in the Program, the community shall have six months from the date of acquisition to formally amend its flood plain management regulations in order to include all flood-prone areas within the newly acquired area. The amended regulations shall satisfy the applicable requirements in §60.3 of this subchapter based on the data previously provided by the Administrator. In the event that the newly acquired area was previously located in a community either participating or not participating in the Program, the provisions of this section shall only apply if the community, upon acquisition, and pending formal adoption of the amendment to its flood plain management regulations, certifies in writing over the signature of a community official that within the newly acquired area the flood plain management requirements previously applicable in the area remain in force. In the event that the newly-acquired area was previously located in a community not participating in the Program, the provisions of the section shall only apply if the community, upon acquisition, and pending formal adoption of the amendments to its flood plain management regulations, certifies in writing over the signature of a community official that it shall enforce within the newly-month period, existing flood insurance policies shall remain in effect until their date of expiration may be renewed, and new policies may be issued. Failure to satisfy the applicable requirements in §60.3 shall result in the community's suspension from Program participation pursuant to §59.24 of this subchapter.

(b) When a community participating in the Program acquires by means of annexation, incorporation, or otherwise, another area which was previously located in a community either participating or not participating in the Program, the community participates in the Program. Until the effective date of participation, existing flood insurance policies remain in effect until the policy's date of expiration, but shall not be renewed.

(c) When an area previously a part of a community participating in the Program becomes autonomous or becomes a portion of a newly autonomous community resulting from boundary changes, governmental reorganization,
changes in state statutes or constitution, or otherwise, such new community shall be given six months from the date of its independence, to adopt flood plain management regulations within the special hazard areas subject to its jurisdiction and to submit its application for participation as a separate community in order to retain eligibility for the sale of flood insurance. The regulations adopted by such new community shall satisfy the applicable requirements in §60.3 of this subchapter based on the data previously provided by the Administrator. The provisions of this section shall only apply where the new community upon the date of its independence certifies in writing over the signature of a community official that, pending formal adoption of flood plain management regulations, the flood plain management requirements previously applicable in that area remain in effect. During the six month period, existing flood insurance policies shall remain in effect until their dates of expiration may be renewed, and new policies may be issued. Failure to satisfy the applicable requirements in §60.3 of this subchapter shall result in the community’s suspension from Program participation pursuant to §59.24 of this subchapter.

(d) Where any community or any area within a community had in effect a FHBM or FIRM, but all or a portion of that community has been acquired by another community, or becomes autonomous, that map shall remain in effect until it is superseded by the Administrator, whether by republication as part of the map of the acquiring community, or otherwise.

(e) When a community described in paragraph (a), (b), (c), or (d) of this section has flood elevations in effect, no new appeal period under parts 66, 67, and 68 of this subchapter will begin except as new scientific and technical data are available.

§64.6 List of eligible communities.

The sale of flood insurance pursuant to the National Flood Insurance Program (42 U.S.C. 4001-4128) is authorized for the communities set forth under this section. Previous listings under this part continue in effect until revised.

EDITORIAL NOTE: For references to FR pages showing lists of eligible communities, see the List of CFR Sections Affected appearing in the Finding Aids section of this volume.
§ 65.5 Revision to special flood hazard area boundaries with no change to base flood elevation determinations.

§ 65.6 Revision of base flood elevation determinations.

§ 65.7 Floodway revisions.

§ 65.8 Review of proposed projects.

§ 65.9 Review and response by the Administrator.

§ 65.10 Mapping of areas protected by levee systems.

§ 65.11 Evaluation of sand dunes in mapping coastal flood hazard areas.

§ 65.12 Revision of flood insurance rate maps to reflect base flood elevations caused by proposed encroachments.

§ 65.13 Mapping and map revisions for areas subject to alluvial fan flooding.

§ 65.14 Remapping of areas for which local flood protection systems no longer provide base flood protection.

§ 65.15 List of communities submitting new technical data.

§ 65.16 Standard Flood Hazard Determination Form and instructions.

§ 65.17 Review of determinations.

§ 65.1 Purpose of part.

42 U.S.C. 4104 authorizes the Director to identify and publish information with respect to all areas within the United States having special flood, mudslide (i.e., mudflow) and flood-related erosion hazards. The purpose of this part is to outline the steps a community needs to take in order to assist the Agency's effort in providing up-to-date identification and publication, in the form of the maps described in part 64, on special flood, mudslide (i.e., mudflow) and flood-related erosion hazards.

[48 FR 28278, June 21, 1983]

§ 65.2 Definitions.

(a) Except as otherwise provided in this part, the definitions set forth in part 59 of this subchapter are applicable to this part.

(b) For the purpose of this part, a certification by a registered professional engineer or other party does not constitute a warranty or guarantee of performance, expressed or implied. Certification of data is a statement that the data is accurate to the best of the certifier's knowledge. Certification of analyses is a statement that the analyses have been performed correctly and in accordance with sound engineering practices. Certification of structural works is a statement that the works are designed in accordance with sound engineering practices to provide protection from the base flood. Certification of "as built" conditions is a statement that the structure(s) has been built according to the plans being certified, is in place, and is fully functioning.

[51 FR 30313, Aug. 25, 1986]

§ 65.3 Requirement to submit new technical data.

A community's base flood elevations may increase or decrease resulting from physical changes affecting flooding conditions. As soon as practicable, but not later than six months after the date such information becomes available, a community shall notify the Administrator of the changes by submitting technical or scientific data in accordance with this part. Such a submission is necessary so that upon confirmation of those physical changes affecting flooding conditions, risk premium rates and floodplain management requirements will be based upon current data.

[51 FR 30313, Aug. 25, 1986]

§ 65.4 Right to submit new technical data.

(a) A community has a right to request changes to any of the information shown on an effective map that does not impact floodplain or floodway delineations or base flood elevations, such as community boundary changes, labeling, or planimetric details. Such a submission shall include appropriate supporting documentation in accordance with this part and may be submitted at any time.

(b) All requests for changes to effective maps, other than those initiated by FEMA, must be made in writing by the Chief Executive Officer of the community (CEO) or an official designated by the CEO. Should the CEO refuse to submit such a request on behalf of another party, FEMA will agree to review it only if written evidence is provided indicating the CEO or designee has been requested to do so.
(c) Requests for changes to effective Flood Insurance Rate Maps (FIRM) and Flood Boundary and Floodway Maps (FBMW) are subject to the cost recovery procedures described in 44 CFR part 72. As indicated in part 72, revisions requested to correct mapping errors or errors in the Flood Insurance Study analysis are not to be subject to the cost-recovery procedures.

EDITORIAL NOTE: For references to FR pages showing lists of eligible communities, see the List of CFR Sections Affected appearing in the Finding Aids section of this volume.

§ 65.5 Revision to special flood hazard area boundaries with no change to base flood elevation determinations.

(a) Data requirements for topographic changes. In many areas of special flood hazard (excluding V zones and floodways) it may be feasible to elevate areas with earth fill above the base flood elevation. Scientific and technical information to support a request to gain exclusion from an area of special flood hazard of a structure or parcel of land that has been elevated by the placement of fill shall include the following:

(1) A copy of the recorded deed indicating the legal description of the property and the official recordation information (deed book volume and page number) and bearing the seal of the appropriate recordation official (e.g., County Clerk or Recorder of Deeds).

(2) If the property is recorded on a plat map, a copy of the recorded plat indicating both the location of the property and the official recordation information (plat book volume and page number) and bearing the seal of the appropriate recordation official. If the property is not recorded on a plat map, copies of the tax map or other suitable maps are required to aid FEMA in accurately locating the property.

(3) If a legally defined parcel of land is involved, a topographic map indicating present ground elevations and date of fill. FEMA’s determination as to whether a legally defined parcel of land is to be excluded from the area of special flood hazard shall be based upon a comparison of the ground elevations of the parcel with the elevations of the base flood. If the ground elevations of the entire legally defined parcel of land are at or above the elevations of the base flood, the parcel may be excluded from the area of special flood hazard.

(4) If a structure is involved, a topographic map indicating structure location and ground elevations including the elevations of the lowest floor (including basement) and the lowest adjacent grade to the structure. FEMA’s determination as to whether a structure is to be excluded from the area of special flood hazard shall be based upon a comparison of the elevation of the lowest floor (including basement) and the elevation of the lowest adjacent grade with the elevation of the base flood. If the entire structure and the lowest adjacent grade are at or above the elevation of the base flood, the structure may be excluded from the area of special flood hazard.

(5) Data to substantiate the base flood elevation. If FEMA has completed a Flood Insurance Study (FIS), that data will be used to substantiate the base flood. Otherwise, data provided by an authoritative source, such as the U.S. Army Corps of Engineers, U.S. Geological Survey, U.S. Soil Conservation Service, state and local water resource departments, or technical data prepared and certified by a registered professional engineer may be submitted. If base flood elevations have not previously been established, hydraulic calculations may also be requested.

(6) Where fill has been placed to raise the ground surface to or above the base flood elevation and the request to gain exclusion from an area of special flood hazard includes more than a single structure or a single lot, it must be demonstrated that fill will not settle below the elevation of the base flood, and that the fill is adequately protected from the forces of erosion, scour, or differential settlement as described below:

(i) Fill must be compacted to 95 percent of the maximum density obtainable with the Standard Proctor Test.
method issued by the American Society for Testing and Materials (ASTM Standard D-698). This requirement applies to fill pads prepared for residential or commercial structure foundations and does not apply to filled areas intended for other uses.

(ii) Fill slopes for granular materials are not steeper than one vertical on one-and-one-half horizontal unless substantiating data justifying steeper slopes is submitted.

(iii) Adequate protection is provided fill slopes exposed to flood waters with expected velocities during the occurrence of the base flood of five feet per second or less by covering them with grass, vines, weeds, or similar vegetation undergrowth.

(iv) Adequate protection is provided fill slopes exposed to flood waters with velocities during the occurrence of the base flood of greater than five feet per second by armoring them with stone or rock slope protection.

(7) A revision of flood plain delineations based on fill must demonstrate that any such fill has not resulted in a floodway encroachment.

(b) New topographic data. The procedures described in paragraphs (a) (1) through (5) of this section may be also followed to request a map revision when no physical changes have occurred in the area of special flood hazard, when no fill has been placed, and when the natural ground elevations, as evidenced by new topographic maps, more detailed or more accurate than those used to prepare the map to be revised, are shown to be above the elevation of the base flood.

(c) Certification requirements. The items required in paragraphs (a) (3) and (4) and (b) of this section shall be certified by a registered professional engineer or licensed land surveyor. Items required in paragraph (a)(6) of this section shall be certified by the community's NFIP permit official, a registered professional engineer, or an accredited soils engineer. Such certifications are subject to the provisions of §65.2 of this subchapter.

(d) Submission procedures. All requests shall be submitted to the FEMA Regional Office servicing the community's geographic area or to the FEMA Headquarters Office in Washington, DC, and shall be accompanied by the appropriate payment, in accordance with 44 CFR part 72.

§ 65.6 Revision of base flood elevation determinations.

(a) General conditions and data requirements. (1) The supporting data must include all the information FEMA needs to review and evaluate the request. This may involve the requestor's performing new hydrologic and hydraulic analysis and delineation of new flood plain boundaries and floodways, as necessary.

(2) To avoid discontinuities between the revised and unrevised flood data, the necessary hydrologic and hydraulic analyses submitted by the map revision requestor must be extensive enough to ensure that a logical transition can be shown between the revised flood elevations, flood plain boundaries, and floodways and those developed previously for areas not affected by the revision. Unless it is demonstrated that it would not be appropriate, the revised and unrevised base flood elevations must match within one-half foot where such transitions occur.

(3) Revisions cannot be made based on the effects of proposed projects or future conditions. Section 65.8 of this subchapter contains provisions for obtaining conditional approval of proposed projects that may effect map changes when they are completed.

(4) The datum and date of releveling of benchmarks, if any, to which the elevations are referenced must be indicated.

(5) Maps will not be revised when discharges change as a result of the use of an alternative methodology or data for computing flood discharges unless the change is statistically significant as measured by a confidence limits analysis of the new discharge estimates.

(6) Any computer program used to perform hydrologic or hydraulic analyses in support of a flood insurance map revision must meet all of the following criteria:
(i) It must have been reviewed and accepted by a governmental agency responsible for the implementation of programs for flood control and/or the regulation of flood plain lands. For computer programs adopted by non-Federal agencies, certification by a responsible agency official must be provided which states that the program has been reviewed, tested, and accepted by that agency for purposes of design of flood control structures or flood plain land use regulation.

(ii) It must be well-documented including source codes and user’s manuals.

(iii) It must be available to FEMA and all present and future parties impacted by flood insurance mapping developed or amended through the use of the program. For programs not generally available from a Federal agency, the source code and user’s manuals must be sent to FEMA free of charge, with fully-documented permission from the owner that FEMA may release the code and user’s manuals to such impacted parties.

(7) A revised hydrologic analysis for flooding sources with established base flood elevations must include evaluation of the same recurrence interval(s) studied in the effective FIS, such as the 10-, 50-, 100-, and 500-year flood discharges.

(8) A revised hydraulic analysis for a flooding source with established base flood elevations must include evaluation of the same recurrence interval(s) studied in the effective FIS, such as the 10-, 50-, 100-, and 500-year flood elevations, and of the floodway. Unless the basis of the request is the use of an alternative hydraulic methodology or the requestor can demonstrate that the data of the original hydraulic computer model is unavailable or its use is inappropriate, the analysis shall be made using the same hydraulic computer model used to develop the base flood elevations shown on the effective Flood Insurance Rate Map and updated to show present conditions in the flood plain. Copies of the input and output data from the original and revised hydraulic analyses shall be submitted.

(9) A hydrologic or hydraulic analysis for a flooding source without established base flood elevations may be performed for only the 100-year flood.

(10) A revision of flood plain delineations based on topographic changes must demonstrate that any topographic changes have not resulted in a floodway encroachment.

(11) Delineations of flood plain boundaries for a flooding source with established base flood elevations must provide both the 100- and 500-year flood plain boundaries. For flooding sources without established base flood elevations, only 100-year flood plain boundaries need be submitted. These boundaries should be shown on a topographic map of suitable scale and contour interval.

(12) If a community or other party seeks recognition from FEMA, on its FHBM or FIRM, that an altered or relocated portion of a watercourse provides protection from, or mitigates potential hazards of, the base flood, the Administrator may request specific documentation from the community certifying that, and describing how, the provisions of §60.3(b)(7) of this subchapter will be met for the particular watercourse involved. This documentation, which may be in the form of a written statement from the Community Chief Executive Officer, an ordinance, or other legislative action, shall describe the nature of the maintenance activities to be performed, the frequency with which they will be performed, and the title of the local community official who will be responsible for assuring that the maintenance activities are accomplished.

(13) Notwithstanding any other provisions of §65.6, a community may submit, in lieu of the documentation specified in §65.6(a)(12), certification by a registered professional engineer that the project has been designed to retain its flood carrying capacity without periodic maintenance.

(b) Data requirements for correcting map errors. To correct errors in the original flood analysis, technical data submissions shall include the following:

(1) Data identifying mathematical errors.

(2) Data identifying measurement errors and providing correct measurements.
(c) Data requirements for changed physical conditions. Revisions based on the effects of physical changes that have occurred in the flood plain shall include:

(1) Changes affecting hydrologic conditions. The following data must be submitted:
   (i) General description of the changes (e.g., dam, diversion channel, or detention basin).
   (ii) Construction plans for as-built conditions, if applicable.
   (iii) New hydrologic analysis accounting for the effects of the changes.
   (iv) New hydraulic analysis and profiles using the new flood discharge values resulting from the hydrologic analysis.
   (v) Revised delineations of the flood plain boundaries and floodway.

(2) Changes affecting hydraulic conditions. The following data shall be submitted:
   (i) General description of the changes (e.g., channelization or new bridge, culvert, or levee).
   (ii) Construction plans for as-built conditions.
   (iii) New hydraulic analysis and flood elevation profiles accounting for the effects of the changes and using the original flood discharge values upon which the original map is based.
   (iv) Revised delineations of the flood plain boundaries and floodway.

(3) Changes involving topographic conditions. The following data shall be submitted:
   (i) General description of the changes (e.g., grading or filling).
   (ii) New topographic information, such as spot elevations, cross sections grading plans, or contour maps.
   (iii) Revised delineations of the flood plain boundaries and, if necessary, floodway.

(d) Data requirements for incorporating improved data. Requests for revisions based on the use of improved hydrologic, hydraulic, or topographic data shall include the following data:

(1) Data that are believed to be better than those used in the original analysis (such as additional years of stream gage data).
(2) Documentation of the source of the data.
(3) Explanation as to why the use of the new data will improve the results of the original analysis.
(4) Revised hydrologic analysis where hydrologic data are being incorporated.
(5) Revised hydraulic analysis and flood elevation profiles where new hydrologic or hydraulic data are being incorporated.
(6) Revised delineations of the flood plain boundaries and floodway where new hydrologic, hydraulic, or topographic data are being incorporated.

(e) Data requirements for incorporating improved methods. Requests for revisions based on the use of improved hydrologic or hydraulic methodology shall include the following data:

(1) New hydrologic analysis when an alternative hydrologic methodology is being proposed.
(2) New hydraulic analysis and flood elevation profiles when an alternative hydrologic or hydraulic methodology is being proposed.
(3) Explanation as to why the alternative methodologies are superior to the original methodologies.
(4) Revised delineations of the flood plain boundaries and floodway based on the new analysis(es).

(f) Certification requirements. All analysis and data submitted by the requester shall be certified by a registered professional engineer or licensed land surveyor, as appropriate, subject to the definition of “certification” given at §65.2 of this subchapter.

(g) Submission procedures. All requests shall be submitted to the FEMA Regional Office servicing the community’s geographic area or to the FEMA Headquarters Office in Washington, DC, and shall be accompanied by the appropriate payment, in accordance with 44 CFR part 72.
When it has been determined by a community that no practicable alternatives exist to revising the boundaries of its previously adopted floodway, the procedures below shall be followed.

(b) Data requirements when base flood elevation changes are requested. When a floodway revision is requested in association with a change to base flood elevations, the data requirements of §65.6 shall also be applicable. In addition, the following documentation shall be submitted:

(1) Copy of a public notice distributed by the community stating the community’s intent to revise the floodway or a statement by the community that it has notified all affected property owners and affected adjacent jurisdictions.

(2) Copy of a letter notifying the appropriate State agency of the floodway revision when the State has jurisdiction over the floodway or its adoption by communities participating in the NFIP.

(3) Documentation of the approval of the revised floodway by the appropriate State agency (for communities where the State has jurisdiction over the floodway or its adoption by communities participating in the NFIP).

(4) Engineering analysis for the revised floodway, as described below:

(i) The floodway analysis must be performed using the hydraulic computer model used to determine the proposed base flood elevations.

(ii) The floodway limits must be set so that neither the effective base flood elevations nor the proposed base flood elevations if less than the effective base flood elevations, are increased by more than the amount specified under §60.3(d)(2). Copies of the input and output data from the original and modified computer models must be submitted.

(5) Delineation of the revised floodway on a copy of the effective NFIP map and a suitable topographic map.

(c) Data requirements for changes not associated with base flood elevation changes. The following data shall be submitted:

(1) Items described in paragraphs (b) (1) through (3) of this section must be submitted.

(2) Engineering analysis for the revised floodway, as described below:

(i) The original hydraulic computer model used to develop the established base flood elevations must be modified to include all encroachments that have occurred in the flood plain since the existing floodway was developed. If the original hydraulic computer model is not available, an alternate hydraulic computer model may be used provided the alternate model has been calibrated so as to reproduce the original water surface profile of the original hydraulic computer model. The alternate model must be then modified to include all encroachments that have occurred since the existing floodway was developed.

(ii) The floodway analysis must be performed with the modified computer model using the desired floodway limits.

(iii) The floodway limits must be set so that combined effects of the past encroachments and the new floodway limits do not increase the effective base flood elevations by more than the amount specified in §60.3(d)(2). Copies of the input and output data from the original and modified computer models must be submitted.

(d) Certification requirements. All analyses submitted shall be certified by a registered professional engineer. All topographic data shall be certified by a registered professional engineer or licensed land surveyor. Certifications are subject to the definition given at §65.2 of this subchapter.

(e) Submission procedures. All requests that involve changes to floodways shall be submitted to the appropriate FEMA Regional Office servicing the community’s geographic area.

[51 FR 30315, Aug. 25, 1986]
§ 65.9 Map Revision, in accordance with 44 CFR part 72. The data required to support such requests are the same as those required for final revisions under §§65.5, 65.6, and 65.7, except as-built certification is not required. All such requests shall be submitted to the FEMA Headquarters Office in Washington, DC, and shall be accompanied by the appropriate payment, in accordance with 44 CFR part 72.

§ 65.9 Review and response by the Administrator.

If any questions or problems arise during review, FEMA will consult the Chief Executive Officer of the community (CEO), the community official designated by the CEO, and/or the requester for resolution. Upon receipt of a revision request, the Administrator shall mail an acknowledgment of receipt of such request to the CEO. Within 90 days of receiving the request with all necessary information, the Administrator shall notify the CEO of one or more of the following:

(a) The effective map(s) shall not be modified;

(b) The base flood elevations on the effective FIRM shall be modified and new base flood elevations shall be established under the provisions of part 67 of this subchapter;

(c) The changes requested are approved and the map(s) amended by Letter of Map Revision (LOMR);

(d) The changes requested are approved and a revised map(s) will be printed and distributed;

(e) The changes requested are not of such a significant nature as to warrant a reissuance or revision of the flood insurance study or maps and will be deferred until such time as a significant change occurs;

(f) An additional 90 days is required to evaluate the scientific or technical data submitted; or

(g) Additional data are required to support the revision request.

(h) The required payment has not been submitted in accordance with 44 CFR part 72, no review will be conducted and no determination will be issued until payment is received.

§ 65.10 Mapping of areas protected by levee systems.

(a) General. For purposes of the NFIP, FEMA will only recognize in its flood hazard and risk mapping effort those levee systems that meet, and continue to meet, minimum design, operation, and maintenance standards that are consistent with the level of protection sought through the comprehensive flood plain management criteria established by §60.3 of this subchapter. Accordingly, this section describes the types of information FEMA needs to recognize, on NFIP maps, that a levee system provides protection from the base flood. This information must be supplied to FEMA by the community or other party seeking recognition of such a levee system at the time a flood risk study or restudy is conducted, when a map revision under the provisions of part 65 of this subchapter is sought based on a levee system, and upon request by the Administrator during the review of previously recognized structures. The FEMA review will be for the sole purpose of establishing appropriate risk zone determinations for NFIP maps and shall not constitute a determination by FEMA as to how a structure or system will perform in a flood event.

(b) Design criteria. For levees to be recognized by FEMA, evidence that adequate design and operation and maintenance systems are in place to provide reasonable assurance that protection from the base flood exists must be provided. The following requirements must be met:

(1) Freeboard. (i) Riverine levees must provide a minimum freeboard of three feet above the water-surface level of the base flood. An additional one foot above the minimum is required within 100 feet in either side of structures (such as bridges) riverward of the levee or wherever the flow is constricted. An additional one-half foot above the minimum at the upstream end of the levee, tapering to not less than the minimum...
at the downstream end of the levee, is also required.

(ii) Occasionally, exceptions to the minimum riverine freeboard requirement described in paragraph (b)(1)(i) of this section, may be approved. Appropriate engineering analyses demonstrating adequate protection with a lesser freeboard must be submitted to support a request for such an exception. The material presented must evaluate the uncertainty in the estimated base flood elevation profile and include, but not necessarily be limited to an assessment of statistical confidence limits of the 100-year discharge; changes in stage-discharge relationships; and the sources, potential, and magnitude of debris, sediment, and ice accumulation. It must be also shown that the levee will remain structurally stable during the base flood when such additional loading considerations are imposed. Under no circumstances will freeboard of less than two feet be accepted.

(iii) For coastal levees, the freeboard must be established at one foot above the height of the one percent wave or the maximum wave runup (whichever is greater) associated with the 100-year stillwater surge elevation at the site. Occasionally, exceptions to the minimum coastal levee freeboard requirement described in paragraph (b)(1)(iii) of this section, may be approved. Appropriate engineering analyses demonstrating adequate protection with a lesser freeboard must be submitted to support a request for such an exception. The material presented must evaluate the uncertainty in the estimated base flood loading conditions. Particular emphasis must be placed on the effects of wave attack and overtopping on the stability of the levee. Under no circumstances will freeboard of less than two feet above the 100-year stillwater surge elevation be accepted.

(2) Closures. All openings must be provided with closure devices that are structural parts of the system during operation and design according to sound engineering practice.

(3) Embankment protection. Engineering analyses must be submitted that demonstrate that no appreciable erosion of the levee embankment can be expected during the base flood, as a result of either currents or waves, and that anticipated erosion will not result in failure of the levee embankment or foundation directly or indirectly through reduction of the seepage path and subsequent instability. The factors to be addressed in such analyses include, but are not limited to: Expected flow velocities (especially in constricted areas); expected wind and wave action; ice loading; impact of debris; slope protection techniques; duration of flooding at various stages and velocities; embankment and foundation materials; levee alignment, bends, and transitions; and levee side slopes.

(4) Embankment and foundation stability. Engineering analyses that evaluate levee embankment stability must be submitted. The analyses provided shall evaluate expected seepage during loading conditions associated with the base flood and shall demonstrate that seepage into or through the levee foundation and embankment will not jeopardize embankment or foundation stability. An alternative analysis demonstrating that the levee is designed and constructed for stability against loading conditions for Case IV as defined in the U.S. Army Corps of Engineers (COE) manual, “Design and Construction of Levees” (EM 1110-2-1913, Chapter 6, Section II), may be used. The factors that shall be addressed in the analyses include: Depth of flooding, duration of flooding, embankment geometry and length of seepage path at critical locations, embankment and foundation materials, embankment compaction, penetrations, other design factors affecting seepage (such as drainage layers), and other design factors affecting embankment and foundation stability (such as berms).

(5) Settlement. Engineering analyses must be submitted that assess the potential and magnitude of future losses of freeboard as a result of levee settlement and demonstrate that freeboard will be maintained within the minimum standards set forth in paragraph (b)(1) of this section. This analysis must address embankment loads, compressibility of embankment soils, compressibility of foundation soils, age of the levee system, and construction
compaction methods. In addition, detailed settlement analysis using procedures such as those described in the COE manual, “Soil Mechanics Design—Settlement Analysis” (EM 1100-2-1904) must be submitted.

(6) Interior drainage. An analysis must be submitted that identifies the source(s) of such flooding, the extent of the flooded area, and, if the average depth is greater than one foot, the water-surface elevation(s) of the base flood. This analysis must be based on the joint probability of interior and exterior flooding and the capacity of facilities (such as drainage lines and pumps) for evacuating interior floodwaters.

(7) Other design criteria. In unique situations, such as those where the levee system has relatively high vulnerability, FEMA may require that other design criteria and analyses be submitted to show that the levees provide adequate protection. In such situations, sound engineering practice will be the standard on which FEMA will base its determinations. FEMA will also provide the rationale for requiring this additional information.

(c) Operation plans and criteria. For a levee system to be recognized, the operational criteria must be as described below. All closure devices or mechanical systems for internal drainage, whether manual or automatic, must be operated in accordance with an officially adopted operation manual, a copy of which must be provided to FEMA by the operator when levee or drainage system recognition is being sought or when the manual for a previously recognized system is revised in any manner. All operations must be under the jurisdiction of a Federal or State agency, an agency created by Federal or State law, or an agency of a community participating in the NFIP.

(1) Closures. Operation plans for closures must include the following:

(i) Documentation of the flood warning system, under the jurisdiction of Federal, State, or community officials, that will be used to trigger emergency operation activities and demonstration that sufficient flood warning time exists to permit activation of mechanized portions of the drainage system.

(ii) A formal plan of operation including specific actions and assignments of responsibility by individual name or title.

(iii) Provisions for periodic operation, at not less than one-year intervals, of the closure structure for testing and training purposes.

(2) Interior drainage systems. Interior drainage systems associated with levee systems usually include storage areas, gravity outlets, pumping stations, or a combination thereof. These drainage systems will be recognized by FEMA on NFIP maps for flood protection purposes only if the following minimum criteria are included in the operation plan:

(i) Documentation of the flood warning system, under the jurisdiction of Federal, State, or community officials, that will be used to trigger emergency operation activities and demonstration that sufficient flood warning time exists to permit activation of mechanized portions of the drainage system.

(ii) A formal plan of operation including specific actions and assignments of responsibility by individual name or title.

(iii) Provision for manual backup for the activation of automatic systems.

(iv) Provisions for periodic inspection of interior drainage systems and periodic operation of any mechanized portions for testing and training purposes. No more than one year shall elapse between either the inspections or the operations.

(3) Other operation plans and criteria. Other operating plans and criteria may be required by FEMA to ensure that adequate protection is provided in specific situations. In such cases, sound emergency management practice will be the standard upon which FEMA determinations will be based.

(d) Maintenance plans and criteria. For levee systems to be recognized as providing protection from the base flood, the maintenance criteria must be as described herein. Levee systems must be maintained in accordance with an officially adopted maintenance plan, and a copy of this plan must be provided to FEMA by the owner of the levee system when recognition is being
sought or when the plan for a previously recognized system is revised in any manner. All maintenance activities must be under the jurisdiction of a Federal or State agency, an agency created by Federal or State law, or an agency of a community participating in the NFIP that must assume ultimate responsibility for maintenance. This plan must document the formal procedure that ensures that the stability, height, and overall integrity of the levee and its associated structures and systems are maintained. At a minimum, maintenance plans shall specify the maintenance activities to be performed, the frequency of their performance, and the person by name or title responsible for their performance.

(e) Certification requirements. Data submitted to support that a given levee system complies with the structural requirements set forth in paragraphs (b)(1) through (7) of this section must be certified by a registered professional engineer. Also, certified as-built plans of the levee must be submitted. Certifications are subject to the definition given at §65.2 of this subchapter. In lieu of these structural requirements, a Federal agency with responsibility for levee design may certify that the levee has been adequately designed and constructed to provide protection against the base flood.

[53 FR 16279, May 6, 1988]

§65.12 Revision of flood insurance rate maps to reflect base flood elevations caused by proposed encroachments.

(a) When a community proposes to permit encroachments upon the flood plain when a regulatory floodway has not been adopted or to permit encroachments upon an adopted regulatory floodway which will cause base flood elevation increases in excess of those permitted under paragraphs (c)(10) or (d)(3) of §60.3 of this subchapter, the community shall apply to the Administrator for conditional approval of such action prior to permitting the encroachments to occur and shall submit the following as part of its application:

(1) A request for conditional approval of map change and the appropriate initial fee as specified by §72.3 of this subchapter or a request for exemption from fees as specified by §72.5 of this subchapter, whichever is appropriate;

(2) An evaluation of alternatives which would not result in a base flood elevation increase above that permitted under paragraphs (c)(10) or (d)(3) of §60.3 of this subchapter demonstrating why these alternatives are not feasible;

(3) Documentation of individual legal notice to all impacted property owners within and outside of the community, explaining the impact of the proposed action on their property.

(4) Concurrence of the Chief Executive Officer of any other communities impacted by the proposed actions;

(5) Certification that no structures are located in areas which would be impacted by the increased base flood elevation;

[51 FR 30316, Aug. 25, 1986]

§65.11 Evaluation of sand dunes in mapping coastal flood hazard areas.

(a) General conditions. For purposes of the NFIP, FEMA will consider storm-induced dune erosion potential in its determination of coastal flood hazards and risk mapping efforts. The criterion to be used in the evaluation of dune erosion will apply to primary frontal dunes as defined in §59.1, but does not apply to artificially designed and constructed dunes that are not well-established with long-standing vegetative cover, such as the placement of sand materials in a dune-like formation.

(b) Evaluation criterion. Primary frontal dunes will not be considered as effective barriers to base flood storm surges and associated wave action where the cross-sectional area of the primary frontal dune, as measured perpendicular to the shoreline and above the 100-year stillwater flood elevation and seaward of the dune crest, is equal to, or less than, 540 square feet.

(c) Exceptions. Exceptions to the evaluation criterion may be granted where it can be demonstrated through authoritative historical documentation that the primary frontal dunes at a specific site withstood previous base flood storm surges and associated wave action.
§ 65.13   Mapping and map revisions for areas subject to alluvial fan flooding.

This section describes the procedures to be followed and the types of information FEMA needs to recognize on a NFIP map that a structural flood control measure provides protection from the base flood in an area subject to alluvial fan flooding. This information must be supplied to FEMA by the community or other party seeking recognition of such a flood control measure at the time a flood risk study or restudy is conducted, when a map revision under the provisions of part 65 of this subchapter is sought, and upon request by the Administrator during the review of previously recognized flood control measures. The FEMA review will be for the sole purpose of establishing appropriate risk zone determinations for NFIP maps and shall not constitute a determination by FEMA as to how the flood control measure will perform in a flood event.

(a) The applicable provisions of §§ 65.2, 65.3, 65.4, 65.6, 65.8 and 65.10 shall also apply to FIRM revisions involving alluvial fan flooding.

(b) The provisions of § 65.5 regarding map revisions based on fill and the provisions of part 70 of this chapter shall not apply to FIRM revisions involving alluvial fan flooding. In general, elevations of a parcel of land or a structure by fill or other means, will not serve as a basis for removing areas subject to alluvial fan flooding from an area of special flood hazards.

(c) FEMA will credit on NFIP maps only major structural flood control measures whose design and construction are supported by sound engineering analyses which demonstrate that the measures will effectively eliminate alluvial fan flood hazards from the area protected by such measures. These analyses must include, but are not necessarily limited to, the following:

(1) Engineering analyses that quantify the discharges and volumes of water, debris, and sediment movement associated with the flood that has a one-percent probability of being exceeded in any year at the apex under current watershed conditions and under potential adverse conditions (e.g., deforestation of the watershed by fire). The potential for debris flow and sediment movement must be assessed using an engineering method acceptable to FEMA. The assessment should consider the characteristics and availability of sediment in the drainage basin above the apex and on the alluvial fan.

(2) Engineering analyses showing that the measures will accommodate the estimated peak discharges and volumes of water, debris, and sediment, as determined in accordance with paragraph (c)(1) of this section, and will withstand the associated hydrodynamic and hydrostatic forces.

(3) Engineering analyses showing that the measures have been designed to withstand the potential erosion and scour associated with estimated discharges.

(4) Engineering analyses or evidence showing that the measures will provide protection from hazards associated with the possible relocation of flow paths from other parts of the fan.

(5) Engineering analyses that assess the effect of the project on flood hazards, including depth and velocity of floodwaters and scour and sediment deposition, on other areas of the fan.

(6) A request for revision of base flood elevation determination according to the provisions of § 65.6 of this part;

(7) A request for floodway revision in accordance with the provisions of § 65.7 of this part;

(b) Upon receipt of the Administrator's conditional approval of map change and prior to approving the proposed encroachments, a community shall provide evidence to the Administrator of the adoption of flood plain management ordinances incorporating the increased base flood elevations and/or revised floodway reflecting the post-project condition.

(c) Upon completion of the proposed encroachments, a community shall provide as-built certifications in accordance with the provisions of § 65.3 of this part. The Administrator will initiate a final map revision upon receipt of such certifications in accordance with part 67 of this subchapter.

[53 FR 16279, May 6, 1988]
§65.14 Remapping of areas for which local flood protection systems no longer provide base flood protection.

(a) General. (1) This section describes the procedures to follow and the types of information FEMA requires to designate flood control restoration zones. A community may be eligible to apply for this zone designation if the Administrator determines that it is engaged in the process of restoring a flood protection system that was:

(i) Constructed using Federal funds;
(ii) Recognized as providing base flood protection on the community's effective FIRM; and

(iii) Decertified by a Federal agency responsible for flood protection design or construction.

(2) Where the Administrator determines that a community is in the process of restoring its flood protection system to provide base flood protection, a FIRM will be prepared that designates the temporary flood hazard areas as a flood control restoration zone (Zone AR). Existing special flood hazard areas shown on the community's effective FIRM that are further inundated by Zone AR flooding shall be designated as a "dual" flood insurance rate zone. Zone AR/AE or AR/AH with Zone AR base flood elevations, and AE or AH with base flood elevations and Zone AR/AV with Zone AR base flood elevations and Zone AO with flood depths, or Zone AR/A with Zone AR base flood elevations and Zone A without base flood elevations.

(b) Limitations. A community may have a flood control restoration zone designation only once while restoring a flood protection system. This limitation does not preclude future flood control restoration zone designations should a fully restored, certified, and accredited system become decertified for a second or subsequent time.

(1) A community that receives Federal funds for the purpose of designing or constructing, or both, the restoration project must complete restoration or meet the requirements of 44 CFR 61.12 within a specified period, not to exceed a maximum of 10 years from the date of submittal of the community's application for designation of a flood control restoration zone.

(2) A community that does not receive Federal funds for the purpose of constructing the restoration project must complete restoration within a specified period, not to exceed a maximum of 5 years from the date of submittal of the community's application for designation of a flood control restoration zone. Such a community is not eligible for the provisions of §61.12. The designated restoration period may not be extended beyond the maximum allowable under this limitation.

(c) Exclusions. The provisions of these regulations do not apply in a coastal high hazard area as defined in 44 CFR
§65.14 44 CFR Ch. I (10-1-98 Edition)

59.1, including areas that would be subject to coastal high hazards as a result of the decertification of a flood protection system shown on the community’s effective FIRM as providing base flood protection.

(d) Effective date for risk premium rates. The effective date for any risk premium rates established for Zone AR shall be the effective date of the revised FIRM showing Zone AR designations.

(e) Application and submittal requirements for designation of a flood control restoration zone. A community must submit a written request to the Administrator, signed by the community’s Chief Executive Officer, for a flood plain designation as a flood control restoration zone. The request must include a legislative action by the community requesting the designation. The Administrator will not initiate any action to designate flood control restoration zones without receipt of the formal request from the community that complies with all requirements of this section. The Administrator reserves the right to request additional information from the community to support or further document the community’s formal request for designation of a flood control restoration zone, if deemed necessary.

(1) At a minimum, the request from a community that receives Federal funds for the purpose of designing, constructing, or both, the restoration project must include:

(i) A statement whether, to the best of the knowledge of the community’s Chief Executive Officer, the flood protection system is currently the subject matter of litigation before any Federal, State or local court or administrative agency, and if so, the purpose of that litigation;

(ii) A statement whether the community has previously requested a determination with respect to the same subject matter from the Administrator, and if so, a statement that details the disposition of such previous request;

(iii) A statement from the community and certification by a Federal agency responsible for flood protection design or construction that the existing flood control system shown on the effective FIRM was originally built using Federal funds, that it no longer provides base flood protection, but that it continues to provide protection from the flood having at least a 3-percent chance of occurrence during any given year;

(iv) An official map of the community or legal description, with supporting documentation, that the community will adopt as part of its flood plain management measures, which designates developed areas as defined in §59.1 and as further defined in §60.3(f);

(v) A restoration plan to return the system to a level of base flood protection. At a minimum, this plan must:

(A) List all important project elements, such as acquisition of permits, approvals, and contracts and construction schedules of planned features;

(B) Identify anticipated start and completion dates for each element, as well as significant milestones and dates;

(C) Identify the date on which “as built” drawings and certification for the completed restoration project will be submitted. This date must provide for a restoration period not to exceed the maximum allowable restoration period for the flood protection system, or;

(D) Identify the date on which the community will submit a request for a finding of adequate progress that meets all requirements of §61.12. This date may not exceed the maximum allowable restoration period for the flood protection system;

(vi) A statement identifying the local project sponsor responsible for restoration of the flood protection system;

(vii) A copy of a study, performed by a Federal agency responsible for flood protection design or construction in consultation with the local project sponsor, which demonstrates a Federal interest in restoration of the system and which deems that the flood protection system is restorable to a level of base flood protection;

(viii) A joint statement from the Federal agency responsible for flood protection design or construction involved in restoration of the flood protection system and the local project sponsor certifying that the design and construction of the flood control system involves Federal funds, and that
Federal Emergency Management Agency

§65.14

the restoration of the flood protection system will provide base flood protection;

(2) At a minimum, the request from a community that receives no Federal funds for the purpose of constructing the restoration project must:

(i) Meet the requirements of §65.14(e)(1)(i) through (iv);

(ii) Include a restoration plan to return the system to a level of base flood protection. At a minimum, this plan must:

(A) List all important project elements, such as acquisition of permits, approvals, and contracts and construction schedules of planned features;

(B) Identify anticipated start and completion dates for each element, as well as significant milestones and dates; and

(C) Identify the date on which “as built” drawings and certification for the completed restoration project will be submitted. This date must provide for a restoration period not to exceed the maximum allowable restoration period for the flood protection system;

(iii) Include a statement identifying the local agency responsible for restoration of the flood protection system;

(iv) Include a copy of a study, certified by registered Professional Engineer, that demonstrates that the flood protection system is restorable to provide protection from the base flood;

(v) Include a statement from the local agency responsible for restoration of the flood protection system certifying that the restored flood protection system will meet the applicable requirements of Part 65; and

(vi) Include a statement from the local agency responsible for restoration of the flood protection system that identifies the source of funds for the purpose of constructing the restoration project and a percentage of the total funds contributed by each source. The statement must demonstrate, at a minimum, that 100 percent of the total financial project cost of the completed flood protection system has been appropriated.

(g) Requirements for maintaining designation of a flood control restoration zone. During the restoration period, the community and the cost-sharing Federal agency, if any, must certify annually to the FEMA Regional Office having jurisdiction that the restoration will be completed in accordance with the restoration plan within the time period specified by the plan. In addition, the community and the cost-sharing Federal agency, if any, will update the restoration plan and will identify any permitting or construction problems that will delay the project completion from the restoration plan previously submitted to the Administrator. The FEMA Regional Office having jurisdiction will make an annual assessment and recommendation to the Administrator as to the viability of the restoration plan and will conduct periodic on-site inspections of the flood protection system under restoration.

(h) Procedures for removing flood control restoration zone designation due to adequate progress or complete restoration of the flood protection system. At any time during the restoration period:

(1) A community that receives Federal funds for the purpose of designing, constructing, or both, the restoration project shall provide written evidence of certification from a Federal agency having flood protection design or construction responsibility that the necessary improvements have been completed and that the system has been restored to provide protection from the base flood, or submit a request for a finding of adequate progress that meets all requirements of §61.12. If the Administrator determines that adequate progress has been made, FEMA will revise the zone designation from a flood control restoration zone designation to Zone A99.

(2) After the improvements have been completed, certified by a Federal agency as providing base flood protection, and reviewed by FEMA, FEMA will revise the FIRM to reflect the completed flood control system.

(3) A community that receives no Federal funds for the purpose of constructing the restoration project must provide written evidence that the restored flood protection system meets
§ 65.15  List of communities submitting new technical data.

This section provides a cumulative list of communities where modifications of the base flood elevation determinations have been made because of submission of new scientific or technical data. Due to the need for expediting the modifications, the revised map is already in effect and the appeal period commences on or about the effective date of the modified map. An interim rule, followed by a final rule, will list the revised map effective date, local repository and the name and address of the Chief Executive Officer of the community. The map(s) is (are) effective for both flood plain management and insurance purposes.

§ 65.16  Standard Flood Hazard Determination Form and Instructions.

(a) Section 528 of the National Flood Insurance Reform Act of 1994 (42 U.S.C. 1365(a)) directs FEMA to develop a standard form for determining, in the case of a loan secured by improved real estate or a mobile home, whether the building or mobile home is located in an area having special flood hazards and in which flood insurance under this title is available. The purpose of the form is to determine whether a building or mobile home is located within an identified Special Flood Hazard Area (SFHA), whether flood insurance is required, and whether federal flood insurance is available. Use of this form will ensure that required flood insurance coverage is purchased for structures located in an SFHA, and will assist federal entities for lending regulation in assuring compliance with these purchase requirements.
Federal Emergency Management Agency

(b) The form is available by written request to Federal Emergency Management Agency, PO Box 2012, Jessup, MD 20794; ask for the Standard Flood Hazard Determination form. It is also available by fax-on-demand; call (202) 646-3362, form # 23103. Finally, the form is available through the Internet at http://www.fema.gov/nfip/mpurfi.htm.

§ 65.17 Review of determinations.

This section describes the procedures that shall be followed and the types of information required by FEMA to review a determination of whether a building or manufactured home is located within an identified Special Flood Hazard Area (SFHA).

(a) General conditions. The borrower and lender of a loan secured by improved real estate or a manufactured home may jointly request that FEMA review a determination that the building or manufactured home is located in an identified SFHA. Such a request must be submitted within 45 days of the lender’s notification to the borrower that the building or manufactured home is in an SFHA and that flood insurance is required. Such a request must be submitted jointly by the lender and the borrower and shall include the required fee and technical information related to the building or manufactured home. Elevation data will not be considered under the procedures described in this section.

(b) Data and other requirements. Items required for FEMA’s review of a determination shall include the following:

(1) Payment of the required fee by check or money order, in U.S. funds, payable to the National Flood Insurance Program;

(2) A request for FEMA’s review of the determination, signed by both the borrower and the lender;

(3) A copy of the lender’s notification to the borrower that the building or manufactured home is in an SFHA and that flood insurance is required (the request for review of the determination must be postmarked within 45 days of borrower notification);

(4) A completed Standard Flood Hazard Determination Form for the building or manufactured home, together with a legible hard copy of all technical data used in making the determination; and

(5) A copy of the effective NFIP map (Flood Hazard Boundary Map (FHBM) or Flood Insurance Rate Map (FIRM)) panel for the community in which the building or manufactured home is located, with the building or manufactured home location indicated. Portions of the map panel may be submitted but shall include the area of the building or manufactured home in question together with the map panel title block, including effective date, bar scale, and north arrow.

(c) Review and response by FEMA. Within 45 days after receipt of a request to review a determination, FEMA will notify the applicants in writing of one of the following:

(1) Request submitted more than 45 days after borrower notification; no review will be performed and all materials are being returned;

(2) Insufficient information was received to review the determination; therefore, the determination stands until a complete submittal is received; or

(3) The results of FEMA’s review of the determination, which shall include the following:

(i) The name of the NFIP community in which the building or manufactured home is located;

(ii) The property address or other identification of the building or manufactured home to which the determination applies;

(iii) The NFIP map panel number and effective date upon which the determination is based;

(iv) A statement indicating whether the building or manufactured home is within the Special Flood Hazard Area;

(v) The time frame during which the determination is effective.

[63 FR 27857, May 21, 1998]

PART 66—CONSULTATION WITH LOCAL OFFICIALS

Sec.
66.1 Purpose of part.
66.2 Definitions.
66.3 Establishment of community case file and flood elevation study docket.
66.4 Appointment of consultation coordination officer.
§ 66.1 Purpose of part.

(a) The purpose of this part is to comply with section 206 of the Flood Disaster Protection Act of 1973 (42 U.S.C. 4107) by establishing procedures for flood elevation determinations of Zones A1-30, AE, AH, AO and V1-30, and VE within the community so that adequate consultation with the community officials shall be assured.

(b) The procedures in this part shall apply when base flood elevations are to be determined or modified.

(c) The Administrator or his delegate shall:

(1) Specifically request that the community submit pertinent data concerning flood hazards, flooding experience, plans to avoid potential hazards, estimate of historical and prospective economic impact on the community, and such other appropriate data (particularly if such data will necessitate a modification of a base flood elevation).

(2) Notify local officials of the progress of surveys, studies, investigations, and of prospective findings, along with data and methods employed in reaching such conclusions; and

(3) Encourage local dissemination of surveys, studies, and investigations so that interested persons will have an opportunity to bring relevant data to the attention of the community and to the Administrator.

(4) Carry out the responsibilities for consultation and coordination set forth in §66.5 of this part.

§ 66.2 Definitions.

The definitions set forth in part 59 of this subchapter are applicable to this part.

§ 66.3 Establishment of community case file and flood elevation study docket.

(a) A file shall be established for each community at the time initial consideration is given to studying that community in order to establish whether or not it contains flood-prone areas. Thereafter, the file shall include copies of all correspondence with officials in that community. As the community is tentatively identified, provided with base flood elevations, or suspended and reinstated, documentation of such actions by the Administrator shall be placed in the community file. Even if a map is administratively rescinded or withdrawn after notice under part 65 of this subchapter or the community successfully rebuts its flood-prone designation, the file will be maintained indefinitely.

(b) A portion of the community file shall be designated a flood elevation study consultation docket and shall be established for each community at the time the contract is awarded for a flood elevation study. The docket shall include copies of (1) all correspondence between the Administrator and the community concerning the study, reports of any meetings among the Agency representatives, property owners of the community, the state coordinating agency, study contractors or other interested persons, (2) relevant publications, (3) a copy of the completed flood elevation study, and (4) a copy of the Administrator's final determination.

(c) A flood elevation determination docket shall be established and maintained in accordance with part 67 of this subchapter.

§ 66.4 Appointment of consultation coordination officer.

The Administrator may appoint an employee of the Federal Emergency Management Agency, or other designated Federal employee, as the Consultation Coordination Officer, for each community when an analysis is undertaken to establish or to modify flood elevations pursuant to a new study or a restudy. When a CCO is appointed by

67.9 Final determination in the absence of an appeal by the community.
67.10 Rates during pendency of final determination.
67.11 Notice of final determination.
67.12 Appeal to District Court.

§ 67.1 Purpose of part.

The purpose of this part is to establish procedures implementing the provisions of section 110 of Flood Disaster Protection Act of 1973.

§ 67.2 Definitions.

The definitions set forth in part 59 of this subchapter are applicable to this part.

Federal Emergency Management Agency

the Administrator, the responsibilities for consultation and coordination as set forth in § 66.5 shall be carried out by the CCO. The Administrator shall advise the community and the state coordinating agency, in writing, of this appointment.

§ 66.5 Responsibilities for consultation and coordination.

(a) Contact shall be made with appropriate officials of a community in which a proposed investigation is undertaken, and with the state coordinating agency.

(b) Local dissemination of the intent and nature of the investigation shall be encouraged so that interested parties will have an opportunity to bring relevant data to the attention of the community and to the Administrator.

(c) Submission of information from the community concerning the study shall be encouraged.

(d) Appropriate officials of the community shall be fully informed of (1) The responsibilities placed on them by the Program, (2) the administrative procedures followed by the Federal Emergency Management Agency, (3) the community’s role in establishing elevations, and (4) the responsibilities of the community if it participates or continues to participate in the Program.

(e) Before the commencement of an initial Flood Insurance Study, the CCO or other FEMA representative, together with a representative of the organization undertaking the study, shall meet with officials of the community. The state coordinating agency shall be notified of this meeting and may attend. At this meeting, the local officials shall be informed of (1) The date when the study will commence, (2) the nature and purpose of the study, (3) areas involved, (4) the manner in which the study shall be undertaken, (5) the general principles to be applied, and (6) the intended use of the data obtained. The community shall be informed in writing if any of the six preceding items are or will be changed after this initial meeting and during the course of the ongoing study.

(f) The community shall be informed in writing of any intended modification to the community’s final flood elevation determinations or the development of new elevations in additional areas of the community as a result of a new study or restudy. Such information to the community will include the data set forth in paragraph (e) of this section. At the discretion of the Chief of the Natural and Technological Hazards Division in each FEMA Regional Office, a meeting may be held to accomplish this requirement.

§ 67.3 Establishment and maintenance of a flood elevation determination docket (FEDD).

The Administrator shall establish a docket of all matters pertaining to flood elevation determinations. The docket files shall contain the following information:

(a) The name of the community subject to the flood elevation determination;
(b) A copy of the notice of the proposed flood elevation determination to the Chief Executive Officer (CEO) of the Community;
(c) A copy of the notice of the proposed flood elevation determination published in the FEDERAL REGISTER;
(d) Copies of all appeals by private persons received by the Administrator from the CEO;
(e) Copies of all comments received by the Administrator on the notice of the proposed flood elevation determination published in the FEDERAL REGISTER;
(g) A copy of the community’s appeal or a copy of its decision not to appeal the proposed flood elevation determination;
(h) A copy of the flood insurance study for the community;
(i) A copy of the FIRM for the community;
(j) Copies of all materials maintained in the flood elevation study consultation docket; and
(k) A copy of the final determination with supporting documents.

(c) Publication of the proposed flood elevation determination in a prominent local newspaper at least twice during the ten day period immediately following the notification of the CEO.

§ 67.4 Proposed flood elevation determination.

The Administrator shall propose flood elevation determinations in the following manner:

(a) Publication of the proposed flood elevation determination for comment in the FEDERAL REGISTER;
(b) Notification by certified mail, return receipt requested, of the proposed flood elevation determination to the CEO; and

(b) Data requirements. (1) If an appellant believes the proposed base flood elevations are technically incorrect due to a mathematical or measurement error or changed physical conditions, then the specific source of the error must be identified. Supporting data must be furnished to FEMA including
§ 67.8 Appeal procedure.

(a) If a community appeals the proposed flood elevation determination, the Administrator shall review and take fully into account any technical or scientific data submitted by the community that tend to negate or contradict the information upon which his/her proposed determination is based.

(b) The Administrator shall resolve such appeal by consultation with officials of the local government, or by administrative hearings under the procedures set forth in part 68 of this subchapter, or by submission of the conflicting data to an independent scientific body or appropriate Federal agency for advice.

(c) The final determination by the Administrator where an appeal is filed shall be made within a reasonable time.

(d) Nothing in this section shall be considered to compromise an appellant's rights granted under §67.12.
§ 67.9 Final determination in the absence of an appeal by the community.

(a) If the Administrator does not receive an appeal from the community within the ninety days provided, he shall consolidate and review on their own merits the individual appeals which, in accordance with §67.7 are filed within the community and forwarded by the CEO.

(b) The final determination shall be made pursuant to the procedures in §67.8 and, modifications shall be made of his proposed determination as may be appropriate, taking into account the written opinion, if any, issued by the community in not supporting such appeals.

§ 67.10 Rates during pendency of final determination.

(a) Unless such time as a final determination is made and proper notice is given, no person within a participating community shall be denied the right to purchase flood insurance at the subsidized rate.

(b) After the final determination and upon the effective date of a FIRM, risk premium rates will be charged for new construction and substantial improvements. The effective date of a FIRM shall begin not later than six months after the final flood elevation determination.

§ 67.11 Notice of final determination.

The Administrator’s notice of the final flood elevation determination for a community shall be in written form and published in the Federal Register, and copies shall be sent to the CEO, all individual appellants and the State Coordinating Agency.

§ 67.12 Appeal to District Court.

(a) An appellant aggrieved by the final determination of the Administrator may appeal such determination only to the United States District Court for the District within which the community is located within sixty days after receipt of notice of determination.

(b) During the pendency of any such litigation, all final determinations of the Administrator shall be effective for the purposes of this title unless stayed by the court for good cause shown.

(c) The scope of review of the appellate court shall be in accordance with the provisions of 5 U.S.C. 706, as modified by 42 U.S.C. 4104(b).

Federal Emergency Management Agency

§ 68.1 Purpose of part.

The purpose of this part is to establish procedures for appeals of the Administrator's base flood elevation determinations, whether proposed pursuant to section 1363(e) of the Act (42 U.S.C. 4104) or modified because of changed conditions or newly acquired scientific and technical information.

§ 68.2 Definitions.

The definitions set forth in part 59 of this subchapter are applicable to this part.

§ 68.3 Right to administrative hearings.

If a community appeals the Administrator's flood elevation determination established pursuant to § 67.8 of this subchapter, and the Administrator has determined that such appeal cannot be resolved by consultation with officials of the community or by submitting the conflicting data to an independent scientific body or appropriate Federal agency for advice, the Administrator shall hold an administrative hearing to resolve the appeal.

§ 68.4 Hearing board.

(a) Each hearing shall be conducted by a three-member hearing board (hereinafter “board”). The board shall consist of a hearing officer (hereinafter "Judge") appointed by the Director based upon a recommendation by the Office of Personnel Management and two members selected by the Judge who are qualified in the technical field of flood elevation determinations. The Judge shall consult with anyone he deems appropriate to determine the technical qualifications of individuals being considered for appointment to the board. The board members shall not be FEMA employees.

(b) The Judge shall be responsible for conducting the hearing, and shall make all procedural rulings during the course of the hearing. Any formal orders and the final decision on the merits of the hearing shall be made by a majority of the board. A dissenting member may submit a separate opinion for the record.

(c) A technically qualified alternate will be appointed by the Judge as a member of the board when a technically qualified appointed member becomes unavailable. The Director will appoint an alternate Judge if the appointed Judge becomes unavailable.

§ 68.5 Establishment of a docket.

The General Counsel shall establish a docket for appeals referred to him/her by the Administrator for administrative hearings. This docket shall include, for each appeal, copies of all materials contained in the flood elevation determination docket (FEDD) file on the matter, copies of all correspondence in connection with the appeal, all motions, orders, statements, and other legal documents, a transcript of the hearing, and the board's final determination.

§ 68.6 Time and place of hearing.

(a) The time and place of each hearing shall be designated by the Judge for that hearing. The Administrator and the General Counsel shall be promptly advised of such designations.

(b) The board's notice of the time and place of hearing shall be sent by the Flood Insurance Docket Clerk by registered or certified mail, return receipt requested, to all appellants. Such notice shall include a statement indicating the nature of the proceedings and their purpose and all appellants' entitlement to counsel. Notice of the hearing shall be sent no later than 30 days before the date of hearing unless such period is waived by all appellants.

§ 68.7 Conduct of hearings.

(a) The Judge shall be responsible for the fair and expeditious conduct of proceedings.

(b) The Administrator shall be represented by the General Counsel or his/her designee.
§ 68.8 Scope of review.

Review at administrative hearings shall be limited to: An examination of any information presented by each appellant within the 90 day appeal period indicating that elevations proposed by the Administrator are scientifically or technically incorrect; the FIRM; the flood insurance study; its backup data and the references used in development of the flood insurance study; and responses by FEMA to the issues raised by the appellant(s).

§ 68.9 Admissible evidence.

(a) Legal rules of evidence shall not be in effect at administrative hearings. However, only evidence relevant to issues within the scope of review under § 68.8 shall be admissible.

(b) Documentary and oral evidence shall be admissible.

(c) Admissibility of non-expert testimony shall be within the discretion of the board.

(d) All testimony shall be under oath.

(e) Res judicata/ collateral estoppel. Where there has been a previous determination, decision or finding of fact by the Director, one of his delegees, an administrative law judge, hearing officer, or hearing board regarding the base flood elevations of any other community, such determination, decision, or finding of fact shall not be binding on the board and may only be admissible into evidence if relevant.

§ 68.10 Burden of proof.

The burden shall be on appellant(s) to prove that the flood elevation determination is not scientifically or technically correct.

§ 68.11 Determination.

The board shall render its written decision within 45 days after the conclusion of the hearing. The entire record of the hearing including the board's decision will be sent to the Director for review and approval. The Director shall make the final base flood elevation determination by accepting in whole or in part or by rejecting the board's decision.

§ 68.12 Relief.

The final determination may be appealed by the appellant(s) to the United States district court as provided in section 1363(f) of the Act (42 U.S.C. 4104).
Federal Emergency Management Agency § 70.4

Mapping Deficiencies Unrelated to Community-Wide Elevation Determinations

§ 70.1 Purpose of part. The purpose of this part is to provide an administrative procedure whereby the Administrator will review the scientific or technical submissions of an owner or lessee of property who believes his property has been inadvertently included in designated A, AO, A1-30, AE, AH, A99, AR, AR/A1-30, AR/AE, AR/AO, AR/AH, AR/A, VO, V1-30, VE, and V Zones, as a result of the transposition of the curvilinear line to either street or to other readily identifiable features. The necessity for this part is due in part to the technical difficulty of accurately delineating the curvilinear line on either an FHBM or FIRM. These procedures shall not apply when there has been any alteration of topography since the effective date of the first NFIP map (i.e., FHBM or FIRM) showing the property within an area of special flood hazard. Appeals in such circumstances are subject to the provisions of part 65 of this subchapter. [62 FR 55718, Oct. 27, 1997]

§ 70.2 Definitions. The definitions set forth in part 59 of this subchapter are applicable to this part. [41 FR 46991, Oct. 26, 1976. Redesignated at 44 FR 31177, May 31, 1979]

§ 70.3 Right to submit technical information. (a) Any owner or lessee of property (applicant) who believes his property has been inadvertently included in a designated A, AO, A1-30, AE, AH, A99, AR, AR/A1-30, AR/AE, AR/AO, AR/AH, AR/A, VO, V1-30, VE, and V Zones on a FHBM or a FIRM, may submit scientific or technical information to the Administrator for the Administrator’s review. (b) Scientific and technical information for the purpose of this part may include, but is not limited to the following: (1) An actual copy of the recorded plat map bearing the seal of the appropriate recordation official (e.g. County Clerk, or Recorder of Deeds) indicating the official recordation and proper citation (Deed or Plat Book Volume and Page Numbers), or an equivalent identification where annotation of the deed or plat book is not the practice. (2) A topographical map showing: (i) ground elevation contours in relation to the National Geodetic Vertical Datum (NVGD) of 1929; (ii) the total area of the property in question; (iii) the location of the structure or structures located on the property in question; (iv) the elevation of the lowest adjacent grade to a structure or structures; and (v) an indication of the curvilinear line which represents the area subject to inundation by a base flood. The curvilinear line should be based upon information provided by any appropriate authoritative source, such as a Federal Agency, the appropriate state agency (e.g. Department of Water Resources), a County Water Control District, a County or City Engineer, a Federal Emergency Management Agency Flood Insurance Study, or a determination by a Registered Professional Engineer; (3) A copy of the FHBM or FIRM indicating the location of the property in question; (4) A certification by a Registered Professional Engineer or Licensed Land Surveyor that the lowest grade adjacent to the structure is above the base flood elevation. [41 FR 46991, Oct. 26, 1976. Redesignated at 44 FR 31177, May 31, 1979, as amended at 48 FR 44544 and 44553, Sept. 29, 1983; 49 FR 4751, Feb. 8, 1984; 50 FR 36028, Sept. 4, 1985; 51 FR 30317, Aug. 25, 1986; 53 FR 16280, May 6, 1988; 59 FR 53603, Oct. 25, 1994; 62 FR 55718, Oct. 27, 1997]

§ 70.4 Review by the Director. The Administrator, after reviewing the scientific or technical information submitted under the provisions of § 70.3, shall notify the applicant in writing of his/her determination within 60 days from the date of receipt of the applicant’s scientific or technical information that either the ground elevations of an entire legally defined parcel of land or the elevation of the lowest adjacent grade to a structure have been compared with the elevation of the base flood and that:
§ 70.5

(a) The property is within a designated A, AO, A1-30, AE, AH, A99, AR, AR/A1-30, AR/AE, AR/AO, AR/AH, AR/A, VO, V1-30, VE, or V Zone, and shall set forth the basis of such determination; or

(b) The property should not be included within a designated A, AO, A1-30, AE, AH, A99, AR, AR/A1-30, AR/AE, AR/AO, AR/AH, AR/A, VO, V1-30, VE, or V Zone and that the FHBM or FIRM will be modified accordingly; or

(c) An additional 60 days is required to make a determination.

§ 70.6 Distribution of Letter of Map Amendment.

(a) A copy of the Letter of Map Amendment shall be sent to the applicant who submitted scientific or technical data to the Administrator.

(b) A copy of the Letter of Map Amendment shall be sent to the local map repository with instructions that it be attached to the map which it is amending.

(c) A copy of the Letter of Map Amendment shall be sent to the map repository in the state with instructions that it be attached to the map which it is amending.

(d) A copy of the Letter of Map Amendment will be sent to any community or governmental unit that requests such Letter of Map Amendment.

(e) [Reserved]

(f) A copy of the Letter of Map Amendment will be maintained by the Agency in its community case file.

§ 70.7 Notice of Letter of Map Amendment.

(a) The Administrator shall not publish a notice in the Federal Register that the FIRM for a particular community has been amended by letter determination pursuant to this part unless such amendment includes alteration or change of base flood elevations established pursuant to part 67. Where no change of base flood elevations has occurred, the Letter of Map Amendment provided under §§ 70.5 and 70.6 serves to inform the parties affected.

EDITORIAL NOTE: For a list of communities issued under this section and not carried in the CFR see the List of CFR Sections Affected appearing in the Finding Aids Section of this volume.

§ 70.8 Premium refund after Letter of Map Amendment.

A Standard Flood Insurance Policyholder whose property has become the subject of a Letter of Map Amendment under this part may cancel the policy within the current policy year and receive a premium refund under the conditions set forth in § 62.5 of this subchapter.

Amendment. The data required to support such requests are the same as those required for final Letters of Map Amendment in accordance with §70.3, except as-built certification is not required and the requests shall be accompanied by the appropriate payment, in accordance with 44 CFR part 72. All such requests for CLOMAs shall be submitted to the FEMA Regional Office servicing the community’s geographic area or to the FEMA Headquarters Office in Washington, DC.

November 16, 1990, is a "substantial improvement" if the substantial improvement of such structure took place on or after November 16, 1990.

(g) For the purpose of this part, a structure located in an "otherwise protected area" is a "substantial improvement" if the substantial improvement of such structure took place after November 16, 1991.

(h) For the purpose of this part, a policy of flood insurance means a policy issued pursuant to the National Flood Insurance Act of 1968, as amended. This includes a policy issued directly by the Federal Government as well as by a private sector insurance company under the Write Your Own Program as authorized by 44 CFR part 62.

(i) For the purpose of this part, new policy of flood insurance other than one issued by an insurer (Write Your Own insurer or the Federal Government as the direct insurer) effective upon the expiration of a prior policy of flood insurance issued by the same insurer without any lapse in coverage between these two policies.

(j) For the purpose of this part, new flood insurance coverage means a new or renewed policy of flood insurance.

(k) For the purpose of this part, otherwise protected area means an undeveloped coastal barrier within the boundaries of an area established under Federal, State, or local law, or held by a qualified organization, primarily for wildlife refuge, sanctuary, recreational, or natural resource conservation purposes and identified and depicted on the maps referred to in section 4(a) of the Coastal Barrier Resources Act, as amended by the Coastal Barrier Improvement Act of 1990, as an area that is:

(1) Not within the CBRS and
(2) In an "otherwise protected area."

§ 71.3 Denial of flood insurance.

(a) No new flood insurance coverage may be provided on or after October 1, 1983, for any new construction or substantial improvement of a structure located in an area identified as being in the CBRS both as of October 18, 1982, and as of November 16, 1990.

(b) No new flood insurance coverage may be provided on or after November 16, 1990, for any new construction or substantial improvement of a structure located in any area newly identified as being in the CBRS as of November 16, 1990.

(c) No new flood insurance coverage may be provided after November 16, 1991, for any new construction or substantially improved in an "otherwise protected area" if the building is used in a manner consistent with the purpose for which the area is protected.

[57 FR 22662, May 29, 1992]

§ 71.4 Documentation.

(a) In order to obtain a new policy of flood insurance for a structure which is located in an area identified as being in the CBRS as of November 16, 1990, or in order to obtain a new policy of flood insurance after November 16, 1991, for a structure located in an "otherwise protected area," the owner of the structure must submit the documentation described in this section in order to show that such structure is eligible to receive flood insurance. However, if the new policy of flood insurance is being obtained from an insurer (Write Your Own or the Federal Government as direct insurer) that has previously obtained the documentation described in this section, the property owner need only submit a signed written certification that the structure has not been substantially improved since the date of the previous documentation.

(b) The documentation must be submitted along with the application for the flood insurance policy.

(c) For a structure located in an area identified as being in the CBRS both as of October 18, 1982, and as of November 16, 1990, where the start of construction of the structure took place prior to October 18, 1982, the documentation shall consist of:
§ 71.4

(1) A legally valid building permit or its equivalent for the construction of the structure dated prior to October 18, 1982;

(i) If the community did not have a building permit system at the time the structure was built, a written statement to this effect signed by the responsible community official will be accepted in lieu of the building permit;

(ii) If the building permit was lost or destroyed, a written statement to this effect signed by the responsible community official will be accepted in lieu of the building permit. This statement must also include a certification that the official has inspected the structure and found no evidence that the structure was not in compliance with the building code at the time it was built; and

(2) A written statement signed by the community official responsible for building permits, attesting to the fact that he or she knows of his/her own knowledge or from official community records, that:

(i) The structure constituted an insurable building, having walls and a roof permanently in place no later than October 1, 1983; and

(ii) The structure has not been substantially improved since September 30, 1983; and

(3) A community issued final certificate of occupancy or other use permit or equivalent proof certifying the building was completed (walled and roofed) by October 1, 1983.

(e) For a structure located in an area newly identified as being in the CBR S as of November 16, 1990, where the start of construction of the structure took place prior to November 16, 1990, the documentation shall consist of:

(1) A legally valid building permit or its equivalent for the construction of the structure, dated prior to November 16, 1990.

(i) If the community did not have a building permit system at the time the structure was built, a written statement to this effect signed by the responsible community official will be accepted in lieu of the building permit;

(ii) If the building permit was lost or destroyed, a written statement to this effect signed by the responsible community official will be accepted in lieu of the building permit. This statement must also include a certification that the official has inspected the structure and found no evidence that the structure was not in compliance with the building code at the time it was built; and

(2) A written statement signed by the community official responsible for building permits, attesting to the fact that he or she knows of his/her own knowledge or from official community records, that:

(i) The start of construction took place prior to November 16, 1990; and

(ii) The structure has not been substantially improved since November 15, 1990.
§ 71.5 Violations.

(a) Any flood insurance policy which has been issued where the terms of this section have not been complied with or is otherwise inconsistent with the provisions of this section, is void ab initio and without effect.

(b) Any false statements or false representations of any kind made in connection with the requirements of this part may be punishable by fine or imprisonment under 18 U.S. Code section 1001.
PART 72—PROCEDURES AND FEES FOR PROCESSING MAP CHANGES

Sec.
72.1 Purpose of part.
72.2 Definitions.
72.3 Fee schedule.
72.4 Submittal/payment procedures and FEMA response.
72.5 Exemptions.
72.6 Unfavorable response.
72.7 Resubmittals.

§ 72.1 Purpose of part.
This part provides administrative and cost-recovery procedures for the engineering review and administrative processing associated with FEMA’s response to requests for Conditional Letters of Map Amendment (CLOMAs), Conditional Letters of Map Revision (CLOMRs), Conditional Letters of Map Revision Based on Fill (CLOMR±Fs), Letters of Map Revision Based on Fill (LOMR±Fs), Letters of Map Revision (LOMRs), and Physical Map Revisions (PMRs). Such requests are based on proposed or actual manmade alterations within the floodplain, such as the placement of fill; modification of a channel; construction or modification of a bridge, culvert, levee, or similar measure; or construction of single or multiple residential or commercial structures on single or multiple lots.

§ 72.2 Definitions.
Except as otherwise provided in this part, the definitions in 44 CFR part 59 are applicable to this part. For the purposes of this part, the products are defined as follows:

CLOMA. A CLOMA is FEMA’s comment on a proposed structure or group of structures that would, upon construction, be located on existing natural ground above the base (1-percent-annual-chance) flood elevation on a portion of a legally defined parcel of land that is partially inundated by the base flood.

CLOMR. A CLOMR is FEMA’s comment on a proposed project that would, upon construction, affect the hydrologic or hydraulic characteristics of a flooding source and thus result in the modification of the existing regulatory floodway, the effective base flood elevations, or the Special Flood Hazard Area (SFHA).

CLOMR±F. A CLOMR±F is FEMA’s comment on a proposed project that would, upon construction, result in a modification of the SFHA through the placement of fill outside the existing regulatory floodway.

LOMR. A LOMR is FEMA’s modification to an effective Flood Insurance Rate Map (FIRM), or Flood Boundary and Floodway Map (FBFM), or both. LOMRs are generally based on the implementation of physical measures that affect the hydrologic or hydraulic characteristics of a flooding source and thus result in the modification of the existing regulatory floodway, the effective base flood elevations, or the SFHA. The LOMR officially revises the FIRM or FBFM, and sometimes the Flood Insurance Study (FIS) report, and, when appropriate, includes a description of the modifications. The LOMR is generally accompanied by an annotated copy of the affected portions of the FIRM, FBFM, or FIS report.

LOMR±F. A LOMR±F is FEMA’s modification of the SFHA shown on the FIRM based on the placement of fill outside the existing regulatory floodway.

PMR. A PMR is FEMA’s physical revision and republication of an effective FIRM, FBFM, or FIS report. PMRs are generally based on physical measures that affect the hydrologic or hydraulic characteristics of a flooding source and thus result in the modification of the existing regulatory floodway, the effective base flood elevations, or the SFHA.

§ 72.3 Fee schedule.
(a) For requests for CLOMAs, CLOMRs, and PMRs based on structural measures on alluvial fans, an initial fee of $5,000, subject to the provisions of §72.4, shall be paid to FEMA before FEMA begins its review of the request. The initial fee represents the minimum cost for reviewing these requests and is based on the prevailing private-sector labor rate. A revision to this initial cost shall be paid to FEMA as the request is processed.

§ 72.4 Submittal/payment procedures and FEMA response.

(a) The initial fee shall be submitted with a request for FEMA review and processing of CLOMRs, LOMRs, and PMRs based on structural measures on alluvial fans; the appropriate flat user fee shall be submitted with all other requests for FEMA review and processing.

(b) FEMA must receive initial or flat user fees before it will begin any review. The fee is non-refundable once FEMA begins its review.

(c) Following completion of FEMA’s review for any CLOMR, LOMR, or PMR based on structural measures on alluvial fans, FEMA shall invoice the requester at the established hourly rate for any actual costs exceeding the initial fee incurred for review and processing. FEMA shall not issue a determination letter or revised map panel(s) until it receives the invoiced amount.

(d) For all map revision requests, FEMA shall bear the cost of reprinting and distributing the revised FIRM panel(s), FBFM panel(s), or combination.

(e) The entity that applies to FEMA through the local community for review is responsible for the cost of the review. The local community incurs no financial obligation under the reimbursement procedures of this part when another party sends the application to FEMA.

(f) Requesters shall submit payments by check or money order or by credit card. Checks or money orders, in U.S. currency, must be payable to the “Department of Homeland Security, Federal Emergency Management Agency.”
funds, shall be made payable to the National Flood Insurance Program.

(g) For CLOMA, CLOMR, LOMA, and LOMR-F requests, FEMA shall:
   (1) Notify the requester and community within 30 days as to the adequacy of the submittal, and
   (2) Provide to the requester and the community, within 60 days of receipt of adequate information and fee, a determination letter or other written comment in response to the request.

(h) For CLOMR, LOMR, and PMR requests, FEMA shall:
   (1) Notify the requester and community within 30 days as to the adequacy of the submittal; and
   (2) Provide to the requester and the community, within 60 days of receipt of adequate information and fee, a CLOMR, a LOMR, other written comment in response to the request, or preliminary copies of the revised FIRM panels, FBFM panels, and/or affected portions of the FIS report for review and comment.

§ 72.5 Exemptions.

(a) Requests for map changes based on mapping or study analysis errors or the effects of natural changes within SFHAs shall be exempt from fees.

(b) Requests for LOMAs shall be exempt from fees.

(c) Map change requests based on the following shall be exempt from fees:
   (1) Federally sponsored flood-control projects where 50 percent or more of the project's costs are federally funded; and
   (2) Detailed hydrologic and hydraulic studies conducted by Federal, State, or local agencies to replace approximate studies conducted by FEMA and shown on the effective FIRM.

§ 72.6 Unfavorable response.

(a) Requests for CLOMAs, CLOMRs, or CLOMR-Fs may be denied or the determinations may contain specific comments, concerns, or conditions regarding proposed projects or designs and their impacts on flood hazards in a community. Requesters are not entitled to any refund of fees paid if the determinations contain such comments, concerns, or conditions, or if the requests are denied. Requesters are not entitled to any refund of fees paid if the requesters are unable to provide the appropriate scientific or technical documentation or to obtain required authorizations, permits, financing, etc., for which requesters seek the CLOMAs, CLOMRs, or CLOMR-Fs.

(b) Requests for LOMRs, LOMR-Fs, or PMRs may be denied or the revisions to the FIRM, FBFM, or both, may not be in the manner or to the extent desired by the requesters. Requesters are not entitled to any refund of fees paid if the revision requests are denied or if the LOMRs, LOMR-Fs, or PMRs do not revise the map specifically as requested.

§ 72.7 Resubmittals.

(a) Resubmittals of CLOMA, CLOMR, CLOMR-F, LOMR, LOMR-F, or PMR requests more than 90 days after FEMA notification that the requests were denied or after FEMA ended its review because the requester provided insufficient information will be treated as original submissions and subject to all submittal/payment procedures described in §72.4. The procedure in §72.4 also applies to a resubmitted request (regardless of when submitted) if the project on which the request is based has been altered significantly in design or scope other than as necessary to respond to comments, concerns, or other findings made by FEMA regarding the original submission.

(b) When LOMR, LOMR-F, or PMR requests are made after FEMA issues CLOMRs or CLOMR-Fs, the procedures in §72.4 and the appropriate fee apply, as referenced in §72.3(c). When the as-built conditions differ from the proposed conditions on which FEMA issued the CLOMRs or CLOMR-Fs, the reduced fee for as-built requests will not apply.

PART 73—IMPLEMENTATION OF SECTION 1316 OF THE NATIONAL FLOOD INSURANCE ACT OF 1968
§ 73.1

73.2 Definitions.
73.3 Denial of flood insurance coverage.
73.4 Restoration of flood insurance coverage.

Source: 51 FR 30318, Aug. 25, 1986, unless otherwise noted.

§ 73.1 Purpose of part.
This part implements section 1316 of the National Flood Insurance Act of 1968.

§ 73.2 Definitions.
(a) Except as otherwise provided in this part, the definitions set forth in part 59 of this subchapter are applicable to this part.
(b) For the purpose of this part a duly constituted State or local zoning authority or other authorized public body means an official or body authorized under State or local law to declare a structure to be in violation of a law, regulation or ordinance.
(c) For the purpose of this part, State or local laws, regulations or ordinances intended to discourage or restrict development or occupancy of flood-prone areas are measures such as those defined as flood plain management regulations in §59.1 of this subchapter. Such measures are referred to in this part as State or local flood plain management regulations.

§ 73.3 Denial of flood insurance coverage.
(a) No new flood insurance shall be provided for any property which the Administrator finds has been declared by a duly constituted State or local zoning authority or other authorized public body, to be in violation of State or local laws, regulations or ordinances which are intended to discourage or otherwise restrict land development or occupancy in flood-prone areas.
(b) New and renewal flood insurance shall be denied to a structure upon a finding by the Administrator of a valid declaration of a violation.
(c) States and communities shall determine whether to submit a declaration to the Administrator for the denial of insurance.
(d) A valid declaration shall consist of:
(1) The name(s) of the property owner(s) and address or legal description of the property sufficient to confirm its identity and location;
(2) A clear and unequivocal declaration that the property is in violation of a cited State or local law, regulation or ordinance;
(3) A clear statement that the public body making the declaration has authority to do so and a citation to that authority;
(4) Evidence that the property owner has been provided notice of the violation and the prospective denial of insurance; and
(5) A clear statement that the declaration is being submitted pursuant to section 1316 of the National Flood Insurance Act of 1968, as amended.

§ 73.4 Restoration of flood insurance coverage.
(a) Insurance availability shall be restored to a property upon a finding by the Administrator of a valid rescission of a declaration of a violation.
(b) A valid rescission shall be submitted to the Administrator and shall consist of:
(1) The name of the property owner(s) and an address or legal description of the property sufficient to identify the property and to enable FEMA to identify the previous declaration;
(2) A clear and unequivocal statement by an authorized public body rescinding the declaration and giving the reason(s) for the rescission;
(3) A description of and supporting documentation for the measures taken in lieu of denial of insurance in order to bring the structure into compliance with the local flood plain management regulations; and
(4) A clear statement that the public body rescinding the declaration has the authority to do so and a citation to that authority.
§ 75.11 Standards.

(a) In order to be exempt under this part, the State's self-insurance plan shall, as a minimum:

(1) Constitute a formal policy or plan of self-insurance created by statute or regulation authorized pursuant to statute.

(2) Specify that the hazards covered by the self-insurance plan expressly include the flood and flood-related hazards which are covered under the Standard Flood Insurance Policy.

(3) Provide coverage to state-owned structures and their contents equal to that which would otherwise be available under a Standard Flood Insurance Policy.

(4) Consist of a self-insurance fund, or a commercial policy of insurance or reinsurance, for which provision is made in statute or regulation and that is funded by periodic premiums or charges allocated for state-owned structures and their contents in areas identified by the Administrator as A, AO, AR, AR/A1±30, AR/AE, AR/AO, AR/AH, AR/A, A99, M, V, VO, V1±30, VE, and E Zones, and in which the sale of flood insurance has been made available under the National Flood Insurance Act of 1968, as amended, provided that the State has established a plan of self-insurance determined by the Administrator to equal or exceed the standards set forth in this subpart.

§ 75.12 Application by a State for exemption.

Application for exemption made pursuant to this part shall be made by the Governor or other duly authorized official of the State accompanied by sufficient supporting documentation which certifies that the plan of self-insurance upon which the application for exemption is based meets or exceeds the standards set forth in §75.11.

§ 75.13 Review by the Director.

(a) The Administrator may return the application for exemption upon finding it incomplete or upon finding that additional information is required in order to make a determination as to the adequacy of the self-insurance plan.

(b) Upon determining that the State’s plan of self-insurance is inadequate, the Administrator shall in
writing reject the application for exemption and shall state in what respects the plan fails to comply with the standards set forth in §75.11 of this subpart.

(c) Upon determining that the State's plan of self-insurance equals or exceeds the standards set forth in §75.11 of this subpart, the Administrator shall certify that the State is exempt from the requirement for the purchase of flood insurance for State-owned structures and their contents located or to be located in areas identified by the Administrator as A, AO, AH, A1-30, AE, AR, AR/A1-30, AR/AE, AR/AO, AR/AH, AR/A, A99, M, V, VO, V1-30, VE, and E Zones. Such exemption, however, is in all cases provisional. The Administrator shall review the plan for continued compliance with the criteria set forth in this part and may request updated documentation for the purpose of such review. If the plan is found to be inadequate and is not corrected within ninety days from the date that such inadequacies were identified, the Administrator may revoke his certification.

(d) Documentation which cannot reasonably be provided at the time of application for exemption shall be submitted within six months of the application date. The Administrator may revoke his certification for a State's failure to submit adequate documentation after the six month period.

§ 75.14 States exempt under this part.

The following States have submitted applications and adequate supporting documentation and have been determined by the Administrator to be exempt from the requirement of flood insurance on State-owned structures and their contents because they have in effect adequate State plans of self-insurance: Florida, Georgia, Iowa, Kentucky, Maine, New Jersey, New York, North Carolina, Oregon, Pennsylvania, South Carolina, Tennessee, and Vermont.

§ 77.2 Criteria for acquisition.

(a) The objectives of the Flooded Property Purchase Program under the National Flood Insurance Program are:

(1) To reduce future flood insurance and disaster assistance costs by removing repetitively and/or substantially damaged structures from flood risk areas;

(2) To provide an opportunity for owners of repetitively and substantially damaged structures to be permanently removed from flood risk areas, and to reduce risk to life from flooding; and

(3) To complement Federal, State and local efforts to restore flood plain values, protect the environment and provide recreational and open space resources.

(b) The Administrator will, when he or she deems it to be in the public interest, enter into negotiation with property owners whose improved real property has been damaged by flooding for the purpose of purchasing such buildings and associated land or lot for transfer by sale, lease, or donation to a community when the following conditions are met:

(1) The property must be located in a flood risk area as determined by the Administrator;

(2) The property must have been covered by a flood insurance policy under the National Flood Insurance Program at the time damage took place.

(3) The building, while covered by flood insurance under the National Flood Insurance program, must have been damaged substantially beyond repair or must have been damaged not less than three previous times during the preceding five year period, each time the cost of repair equalling 25 percent or more of the structure’s value, or must have been damaged from a single casualty of any nature so that a statute, ordinance or regulation precludes its repair or restoration or permits repair or restoration only at significantly increased cost.

(4) A State or local community must enter into an agreement authorized by ordinance or legally binding resolution to take title to and manage the property in a manner consistent with sound land management use as determined by the Administrator.

(5) The community must agree to remove without cost to the Federal Emergency Management Agency (FEMA), by demolition, relocation, donation or sale any damaged structures to which the community accepts title from FEMA, provided the Administrator may, when it is in the public interest to do so, agree to assume a part or all of the cost of such removal.

(c) Title to the real property acquired by FEMA shall be conveyed to local communities subject to specific restrictive covenants, conditions and agreements which will run with the land and be binding on subsequent successors, grantees and assigns. These restrictive covenants, conditions and agreements will be recited in the deed a community receives from FEMA and the community shall join in the execution of the deed.

(d) The general criteria from which specific deed restrictions will be developed may include, among other things, that:

(1) The land must be dedicated in perpetuity for open space purposes, or such other purposes as the Administrator may agree are consistent with the objectives set forth in paragraphs (a)(1) through (3) of this section; that the community shall faithfully manage the land for its dedicated purposes; that the community shall not erect or permit to be erected and structures or other improvements on the land
such structures are, except for restrooms, open on all sides and functionally related to a designated open space use without the prior approval in writing of the Administrator; and that the community shall not permit any use which will create a threat to human life from flooding.

(2) In general, allowable open space uses include parks for outdoor recreational activities, nature reserves, cultivation, grazing, camping (except where adequate warning time is not available to allow evacuation), temporary storage in the open of wheeled vehicles which are easily movable (except mobile homes), unimproved parking lots, buffer zones, or open space areas that are part of Planned Unit Developments (PUD’s). Structures functionally related to these uses are open-sided picnic and camping facilities, kiosks and refreshment stands or non-habitable, elevated or floodproofed service structures associated with a marina.

(3) The rights to enforce the restrictive covenants shall be assigned to the Administrator as assignee, together with a declaration that any future violation of the restrictive covenants or agreements, delivered in writing to the Chief Executive Officer within thirty (30) days from the date the Administrator receives actual notice of the violation, shall be deemed at the Administrator’s option to cause a reversion of title to FEMA.

(4) The property shall be transferred subject to zoning and building laws and ordinances; easements, agreements, reservations, covenants and restriction of record; any state of facts an accurate survey might show; encroachments and variations from the record lines of hedges, retaining walls, sidewalks and fences;

(e) Any structures, as described at paragraph (d)(2) of this section, and built in accordance with the deed restrictions shall be floodproofed or elevated to withstand the effects of the 500 year or .02 percent chance flood.

(f) Appraisals for the determination of compensation for flood damaged real property will be undertaken in conformance with the “Uniform Appraisal Standards for Federal Land Acquisitions” published by the Inter-agency Land Acquisition Conference, GPO (1973). Appraisals will reflect the adjusted (for time) pre-damage fair market value (FMV) of the structure and land to the extent that this FMV may have been reduced or depressed in the open market as a result of flooding. Actual compensation of FMV will be inclusive of any flood insurance claim payments made or to be made as a result of the most recent flood event to the extent that repairs have not yet been made.

(g) Agreement to sell real property on the part of owners will be completely voluntary. No property owners will be required to sell their properties under section 1362.

(h) Relocation assistance under the Uniform Relocation Assistance and Real Property Acquisition Policies Act (42 U.S.C. 4601 et seq.) is not available to property owners who sell their properties under section 1362.

PART 78—FLOOD MITIGATION ASSISTANCE

§ 78.1 Purpose.

(a) The purpose of this part is to prescribe actions, procedures, and requirements for administration of the Flood Mitigation Assistance (FMA) program,
§ 78.2 Definitions.

(a) Except as otherwise provided in this part, the definitions set forth in part 59 of this subchapter are applicable to this part.

(b) Community means:

(1) A political subdivision, including any Indian tribe or authorized tribal organization or Alaskan native village or authorized native organization, that has zoning and building code jurisdiction over a particular area having special flood hazards, and is participating in the NFIP; or

(2) A political subdivision of a State, or other authority, that is designated to develop and administer a mitigation plan by political subdivisions, all of which meet the requirements of paragraph (b)(1) of this section.

§ 78.3 Responsibilities.

(a) Federal. The Director will allocate available funds to each FEMA Region. The FEMA Regional Director will:

(1) Allocate Technical Assistance and Planning Grants to each State through the annual Cooperative Agreements;

(2) Approve Flood Mitigation Plans in accordance with §78.6; and

(3) Award all FMA project grants, after evaluating applications for minimum eligibility criteria and ensuring compliance with applicable Federal laws.

(b) State. The State will serve as grantee through the State Point of Contact (POC) designated by the Governor. The POC must have working knowledge of NFIP goals and processes and will ensure that FMA is coordinated with other mitigation activities at the State level. If a Governor chooses not to identify a POC to coordinate the FMA, communities may follow alternative procedures as described in §78.14. States will:

(1) Provide technical assistance to communities to assist them in developing applications and implementing approved applications;

(2) Award planning grants;

(3) Submit plans to the FEMA Regional Director for approval;

(4) Evaluate project applications, selecting projects to forward to the FEMA Regional Director for final approval; and

(c) Community. The community will:

(1) Complete and submit applications to the State POC for the Planning and Projects Grants;

(2) Prepare and submit the Flood Mitigation Plan;

(3) Implement all approved projects;

(4) Comply with FMA requirements, 44 CFR parts 13 and 14, the grant agreement, applicable Federal, State and local laws and regulations (as applicable); and

(5) Account for the appropriate use of grant funds to the State POC.

§ 78.4 Applicant eligibility.

(a) The State is eligible to apply for grants for Technical Assistance.

(b) State agencies and communities are eligible to apply for Planning and Project Grants and to act as subgrantee. Communities on probation or suspended under 44 CFR part 60 of the NFIP are not eligible. To be eligible for Project Grants, an eligible applicant will develop, and have approved by the FEMA Regional Director, a Flood Mitigation Plan in accordance with §78.5.
§ 78.5 Flood Mitigation Plan development.

A Flood Mitigation Plan will articulate a comprehensive strategy for implementing technically feasible flood mitigation activities for the area affected by the plan. At a minimum, plans will include the following elements:

(a) Description of the planning process and public involvement. Public involvement may include workshops, public meetings, or public hearings.

(b) Description of the existing flood hazard and identification of the flood risk, including estimates of the number and type of structures at risk, repetitive loss properties, and the extent of flood depth and damage potential.

(c) The applicant’s floodplain management goals for the area covered by the plan.

(d) Identification and evaluation of cost-effective and technically feasible mitigation actions considered.

(e) Presentation of the strategy for reducing flood risks and continued compliance with the NFIP, and procedures for ensuring implementation, reviewing progress, and recommending revisions to the plan.

(f) Documentation of formal plan adoption by the legal entity submitting the plan (e.g., Governor, Mayor, County Executive).

§ 78.6 Flood Mitigation Plan approval process.

The State POC will forward all Flood Mitigation Plans to the FEMA Regional Director for approval. The Regional Director will notify the State POC of the approval or disapproval of the plan within 120 days after submission. If the Regional Director does not approve a mitigation plan, the Regional Director will notify the State POC of the reasons for non-approval and offer suggestions for improvement.

§ 78.7 Grant application procedures.

States will apply for Technical Assistance and Planning Grants through the annual Cooperative Agreement between FEMA and the State. The State POC will be notified regarding their available funds for project grants each fiscal year. The State may forward project applications to FEMA for review at any time.

§ 78.8 Grant funding limitations.

(a) The Director will allocate the available funds for FMA each fiscal year. Each State will receive a base amount of $10,000 for Planning Grants and $100,000 for Project Grants, with the remaining funds distributed based on the number of NFIP policies, repetitive loss structures, and other such criteria as the Director may determine in furtherance of the disaster resistant community concept.

(b) A maximum of $1,500,000 may be allocated for Planning Grants nationally each fiscal year. A Planning Grant will not be awarded to a State or community more than once every 5 years, and an individual Planning Grant will not exceed $150,000 to any State agency applicant, or $50,000 to any community applicant. The total Planning Grant made in any fiscal year to any State, including all communities located in the State, will not exceed $300,000.

(c) A maximum of ten percent of the funds available for Project Grants will be allocated to Technical Assistance grants each fiscal year.

(d) The total amount of FMA Project Grant funds provided during any 5-year period will not exceed $10,000,000 to any State or $3,300,000 to any community. The total amount of Project Grant funds provided to any State, including all communities located in the State will not exceed $20,000,000 during any 5-year period.

§ 78.9 Planning grant approval process.

The State POC will evaluate and approve applications for Planning Grants. Funds will be provided only for the flood portion of any mitigation plan, and Planning Grants will not be awarded to develop new or improved floodplain maps. The performance period for each Planning Grant will not exceed 3 years.

§ 78.10 Project grant approval process.

The State POC will solicit applications from eligible applicants, review projects for eligibility, and select applications for funding. Those project applications will then be forwarded to
§ 78.11 Minimum project eligibility criteria.

The identification of a project or activity in an approved Flood Mitigation Plan does not mean it meets FMA eligibility criteria. Projects must:

(a) Be cost-effective, not costing more than the anticipated value of the reduction in both direct damages and subsequent negative impacts to the area if future floods were to occur. Both costs and benefits are computed on a net present value basis.

(b) Be in conformance with 44 CFR part 9, Floodplain Management and Protection of Wetlands; Executive Order 12699, Seismic Safety of Federal and Federally Assisted or Regulated New Building Construction; 44 CFR part 10, Environmental Considerations; and any applicable environmental laws and regulations.

(c) Be technically feasible.

(d) Be in conformance with the minimum standards of the NFIP Floodplain Management Regulations at 44 CFR part 60.

(e) Be in conformance with the Flood Mitigation Plan; the type of project being proposed must be identified in the plan.

(f) Be located physically in a participating NFIP community that is not on probation or must benefit such community directly by reducing future flood damages.

§ 78.12 Eligible types of projects.

The following types of projects are eligible for funding through FMA, providing they meet all other eligibility criteria.

(a) Acquisition of insured structures and underlying real property in fee simple and easements restricting real property to open space uses.

(b) Relocation of insured structures from acquired or restricted real property to non hazard-prone sites.

(c) Demolition and removal of insured structures on acquired or restricted real property.

(d) Elevation of insured residential structures in accordance with 44 CFR 60.3.

(e) Elevation or dry floodproofing of insured non-residential structures in accordance with 44 CFR 60.3.

(f) Other activities that bring an insured structure into compliance with the floodplain management requirements at 44 CFR 60.3.

(g) Minor physical flood mitigation projects that reduce localized flooding problems and do not duplicate the flood prevention activities of other Federal agencies.

(h) Beach nourishment activities.

§ 78.13 Grant administration.

(a) FEMA may contribute up to 75 percent of the total eligible costs of each grant. At least 25 percent of the total eligible costs will be provided from a nonfederal source. Of this amount, not more than one half will be provided from in-kind contributions. Allowable costs will be governed by OMB Circular A-87 and 44 CFR part 13.

(b) The grantee must submit performance and financial reports to FEMA and must ensure that all subgrantees are aware of their responsibilities under 44 CFR parts 13 and 14.

(c) FEMA will recapture any funds provided to a State or a community under FMA and deposit the amounts in the National Flood Mitigation Fund if the applicant has not provided the appropriate matching funds, the approved project has not been completed within the timeframes specified in the grant agreement, or the completed project does not meet the criteria specified in the regulations in this part.

§ 78.14 Alternative procedures.

For the purposes of this part, alternative procedures are available which allow the community to coordinate directly with FEMA in implementing the program. These alternative procedures are available in the following circumstances. Native American tribes or authorized tribal organizations may submit plans and applications to the State POC or directly to the FEMA Regional Director. If a Governor chooses
not to identify a POC to coordinate the FMA, communities may also submit plans and applications to the FEMA Regional Director.

PART 79 [RESERVED]

FEDERAL CRIME INSURANCE PROGRAM

PART 80—DESCRIPTION OF PROGRAM AND OFFER TO AGENTS

Sec. 80.1 Definitions.
80.2 Description of program.
80.3 Operation of program and inapplicability of State laws.
80.4 Offer to pay commissions to State licensed property insurance agents and brokers for submitting applications on behalf of purchasers for Federal crime insurance.
80.5 Duties of servicing companies.
80.6 Name and address of invoicing company.

§ 80.1 Definitions.
(a) As used in this subchapter and in the crime insurance policies issued by the Federal Insurance Administrator, unless otherwise defined in the text of such policies—
(1) [Reserved]
(2) Adjuster means any person engaged in the business of adjusting loss claims arising under property insurance policies issued by an insurance company. The term also includes the staff adjusters of servicing companies;
(3) Affordable rate means such premium rate as the Director determines would permit the purchase of a specific type of insurance coverage by a reasonably prudent person in similar circumstances with due regard to the costs and benefits involved. For the purposes of the sale of Federal crime insurance, the rates set forth in part 83 of this chapter shall be deemed affordable;
(4) Agent or broker means any person authorized to engage in the property insurance business as an agent or broker under the laws of any State;
(5) Crime insurance means insurance against losses resulting from robbery, burglary, larceny, and similar crimes, as more specifically defined and limited in part 83 of this chapter and in the various crime insurance policies issued by the insurer. The term does not include automobile insurance or losses resulting from embezzlement;
(6) Discounts. The premium credit issued to a residential or business insured protected by a burglar alarm system, or other protective devices or methods used to mitigate losses and considered adequate by the Administrator for the type of risk involved, such as protective armored car services.
(7) Deductible means the fixed amount or percentage of any loss not covered by an insurance policy. The amount of the deductible must be exceeded before insurance coverage takes effect;
(8) Eligible premises means a property eligible for crime insurance coverage under one or more of the types of policies described in part 83 of this chapter;
(9) Insurance company means any property insurance company, or group of companies, authorized to engage in the insurance business under the laws of any State;
(11) Policyholder premium means the total insurance premium payable by the insured for the coverage or coverages provided under any insurance policy;
(13) Protective device means any structural, mechanical, electrical, chemical, or other physical obstacle or device that can be utilized by a property owner to prevent or deter crime or to minimize losses;
(14) Protective measure means any protective device or other measure or procedure employed to prevent or deter crime or to minimize losses; and
(15) Servicing company means an insurance company or other organization that has entered into an agreement with the insurer to issue and service Federal crime insurance policies on the insurer's behalf in one or more States.
or areas eligible for the sale of such insurance.

16. Act means the Urban Property Protection and Reinsurance Act of 1968, codified as title XII of the National Housing Act (12 U.S.C. 1746bb–1746bb–21), which authorized the program. Section references are to the National Housing Act;

17. Administrator means the Federal Insurance Administrator within the Federal Emergency Management Agency, to whom the Director has delegated the administration of the program;

18. Binder means a temporary and preliminary contract of insurance to protect owner against loss from the occurrence of an insurable event before a policy is issued;

19. Person includes any individual, group of individuals, corporation, partnership, association, or any other organized group of persons;

20. Property owner or owner, with respect to any real property, personal property, or mixed real and personal property, means any person having an insurable interest in such property;

21. Director means the Director of the Federal Emergency Management Agency;

22. State means the several States, the District of Columbia, the Commonwealth of Puerto Rico, the territories and possessions, and the Trust Territory of the Pacific Islands;

23. State insurance authority means the person having legal responsibility for regulating the business of insurance within a State.

24. Vacant Property means a property “without contents”, that is, a premises from which all personal property has been removed.

(b) Technical or trade terms used in this subchapter or in the crime insurance policies issued by the Federal Insurance Administrator and not otherwise defined therein shall be deemed to have the most general meaning they have in the standard crime insurance policies providing similar coverages issued by private insurance companies.

§ 80.3 Operation of program and inapplicability of State laws.

(a) The crime insurance program authorized by the Act is a direct Federal program, and its operations, receipts, and funds are exempt from any form of Federal, State, or local taxation in accordance with section 1250 of the Act (12 U.S.C. 1749bbb-20). In carrying out the program, the Administrator is authorized to define terms (sections 1203 (b); 1749bbb-2(b)), to issue regulations (sections 1247; 1749bbb-17), to establish premium rates (sections 1233; 1749bbb-10c), to prescribe terms, conditions, and limits of coverage (sections 1231(b); 1749bbb-10a(b)), and to make use of the existing facilities and services of insurance companies, agents, and brokers as fiscal agents of the United States (sections 1232; 1749bbb-10b).

(b) No Federal crime insurance policy issued by or on behalf of the insurer shall be subject to any State or local tax or insurance law or regulation, nor shall any agent, broker, or servicing company be subject thereto with respect to any monies received or action taken in providing insurance to the public under the authority of this subchapter; and no insurance policy shall be written by any agent, broker, or servicing company in the name or on behalf of the insurer in any form, or on terms and conditions, or with limits of coverage, or at premium rates, other than those then currently prescribed by the insurer. Failure by any insurance company, broker, or agent to comply with this requirement may result in the immediate suspension or debarment of the violator from any further participation in the program.

(c) Nothing in this § 80.3 shall be construed as authorizing or denying any State or subdivision thereof the right to impose any income or other tax on fees, commissions, or profits earned by agents, brokers, or servicing companies solely for their own account.

§ 80.4 Offer to pay commissions to State licensed property insurance agents and brokers for submitting applications on behalf of purchasers for Federal crime insurance.

(a) The insurer hereby offers to pay to an eligible State licensed property insurance agent or broker a commission in an amount equal to the specified percentage of the applicable policyholder premium with respect to each Federal crime insurance policy procured for an eligible applicant in accordance with the provisions of this subchapter. The actual submission of a valid and complete application, together with the applicable premium, resulting in the issuance of a policy to an eligible insured, all on approved forms and in accordance with the provisions of this subchapter, shall be deemed an acceptance of this offer subject to avoidance from the inception of the policy in the event of fraud or misrepresentation and to cancellation by the insurer (for any of the reasons set forth in § 81.7 of this chapter) or by the insured. Failure by any agent or broker promptly to submit the application and to transmit the gross amount of the policyholder premium then due to the insurer and comply with respect to such policy, with any additional procedural requirements the insurer may then have imposed. It shall be a further condition of this offer that the agent or broker must certify on the application that any duties set forth in the application have been fully carried out. The amount of the commission shall be prorated in the event of the cancellation of any validly issued policy, and the agent or broker shall repay to the insurer the amount of any unearned commission in excess of the minimum annual commission applicable to the then current term of the policy resulting from any such cancellation. Premiums must be paid by a check or money order made payable to the Federal Crime Insurance Program, and no agent or broker shall cause any applicant to make any Federal crime insurance premium payable to anyone other than the Federal Crime Insurance Program.

(b) Commissions earned by eligible agents and brokers under the authority of paragraph (a) of this section shall be paid to them in a lump sum by the insurer either monthly or on such other equitable basis as the insurer may approve.

(c) Subject to a minimum annual commission of $15 on each commercial
§ 80.5 Duties of servicing companies.

(a) The general duties of servicing companies shall be as set forth in this §80.5, subject to the provisions of the actual contracts entered into with such companies by the insurer.

(b) Except as otherwise required by their contracts with the insurer, servicing companies shall:

(1) Provide information to eligible property owners and to interested agents and brokers within the servicing area;

(2) Provide crime insurance manuals to eligible agents and brokers within the servicing area;

(3) Supply application forms and notice and proof of loss forms to eligible agents and brokers and to prospective applicants on request;

(4) Maintain, control, and account for applications for insurance received from eligible agents, brokers, and applicants;
(5) Verify the eligibility of applicants for the coverages sought;
(6) Issue policies only on forms prescribed and supplied by the insurer, or else promptly notify applicants (through the appropriate agent or broker, if any) of ineligibility;
(7) Deposit the applicant’s premium check in a special bank account. If no policy is issued, refund the amount of the premium to the applicant.
(8) Issue periodic commission payment checks to cooperating agents and brokers;
(9) Provide statistical and accounting records, coding, and reports, in hard copy and machine-readable forms, as specified in the insurer’s statistical plan and accounting instructions, and as may be specifically requested by the insurer, all in timely fashion;
(10) Receive, control, and account for all crime insurance claims submitted within its servicing area;
(11) Verify claims data and existence of required protective devices, adjust losses as required by insurer through an impartial selection of adjusters, and promptly pay all valid claims;
(12) Bill policyholders directly at least 30 days in advance of due dates, and send a copy of each premium or renewal notice to the agent or broker of record, if any;
(13) Periodically obtain updated applications or certifications from insureds for verification and incorporation in statistical and accounting records.

§ 81.6 Name and address of invoicing company.

The following company has been designated to act as servicing company for the Federal Crime Insurance Program, National Con-Serv, Inc. Written communications with the servicing company should be addressed to: Federal Crime Insurance, P.O. Box 6301, Rockville, MD 20850. The toll free telephone number for the servicing company is 800-638-8780 (policyholder service) and 800-526-2662 (claim inquiries). These numbers serve the continental United States, Puerto Rico and the Virgin Islands, except Maryland and the Washington Metropolitan Area. In the Washington Metropolitan Area call 251-1660. In Maryland, outside the Washington Metropolitan Area, call collect 301-251-1660.

[52 FR 30684, Aug. 17, 1987]

§ 81.2

Eligibility requirements applicable to property owners.

(a) To be eligible for the purchase of Federal crime insurance under the program, a property owner or tenant must:

(1) Apply separately for coverage for each eligible premises within an eligible State and personally sign each application, either on the application form itself or on any applicable amendatory endorsement, or both, as the insurer may require;

(2) Pay the annual premium or six-month premium installment at the time of application. Coverage will commence in accordance with §§83.5 and 83.25a.

(3) Agree to permit inspections of the insured premises by the insurer or his representative at any reasonable time or times; and

(4) Agree to report to law enforcement authorities all crime losses of property covered under each policy, whether or not a claim is filed.

(b) Failure to comply fully with the requirements of paragraph (a) of this section may result in the avoidance, cancellation, or nonrenewal of coverage, as set forth in §81.7.

(c) Any material misstatement of fact in the application or in any form submitted at the time of any subsequent renewal may result in the voiding of the policy and the denial of any claim. Intentionally false or misleading statements, either in the application, at the time of subsequent renewals, or in connection with any claim submitted under this program may also result in prosecution.

§ 81.3 Use of prescribed forms required.

No Federal crime insurance is authorized to be written under the program on any form other than the form prescribed by the insurer for the type of coverage involved. Any insurance policy purportedly issued on behalf of the insurer or any other form shall not be binding upon the insurer and shall

not confer any liability upon the in-
surer by reason of any act or represen-
tation of the agent, broker, or servic-
ing company in illegally causing such
policy to be issued.

§ 81.4 Terms and conditions of policy
to govern.

(a) Except as otherwise specifically
provided by this subchapter, the re-
spective rights and duties of the in-
surer and the insured shall be as set
forth in the prescribed application
form and the prescribed policy form.
All purchasers of Federal crime insur-
ance shall be deemed to have knowl-
edge of the terms and conditions of
coverage set forth in such policies and
in this subchapter. Although the in-
surer will endeavor to provide actual
notice of policy changes through the
appropriate servicing company, modi-
fications of this subchapter that are
made during the term of an existing
policy shall automatically become ap-
licable to the policy at the time of its
next renewal. All Federal crime insur-
ance policies shall be issued for a term
of 1 year, subject to semiannual pre-
mium payments.

(b) The rights of the insurer to re-
quire inspections of the insured prem-
ises, production of books and records,
appraisals of damaged property, sub-
rogation in the event of payment, and
prompt notice in the event of loss,
shall be as specified in the prescribed
policy, of which the application forms
a part. The rights of the insured with
respect to the coverages provided, ex-
tensions of coverage outside the in-
sured premises or with respect to other
persons, limits of such coverages, ap-
praisals, cancellations, and judicial re-
view shall be as set forth in the pre-
scribed policy.

(c) Changes in the provisions of this
subchapter which broaden or liberalize
the coverages being provided under the
prescribed policy forms, but do not re-
quire any additional premium to be
charged, shall be applicable to all ex-
isting and future policies of insurance
as of the date of their adoption, with-
out the necessity of endorsement.

§ 81.5 Where to purchase coverage.

Subject to the provisions of this sub-
chapter, Federal crime insurance cov-
verage may be purchased from any prop-
erty insurance agent or broker author-
ized to do business in the State in
which the premises to be insured are
located, or directly from the appro-
priate servicing company.

§ 81.6 How to report claims.

Losses under a Federal crime insur-
ance policy which exceed the applica-
table deductible may be reported either
to the agent or broker through whom
the application was submitted, or di-
rectly to the servicing company des-
ignated for the area in which the loss
occurs. The claimant will be required
to report all pertinent information, in-
cluding a description of the loss, time,
place, ownership, manner of acquisi-
tion, cost, depreciation, current value,
amount of claim, and whether the in-
sured has incurred previous losses
under the policy. A sworn proof of loss
statement must be submitted to the
adjuster or servicing company that
processes the claim.

§ 81.7 Cancellations, modifications,
and renewals of coverage.

(a) Unless coverage has previously
been canceled or renewal is refused by
the insurer for one or more of the rea-
sions set forth in this part, each prop-
erty owner within an eligible State
who is validly insured under any policy
or policies of insurance issued under
the Federal crime insurance program
shall be entitled to renew (i.e., to pur-
chase the then current and applicable
form of crime insurance) coverage upon
the expiration of such existing policy
or policies. The renewal shall be sub-
ject to the rules, regulations, and pol-
icy terms, conditions, and rates then in
effect.

(b) A renewal notice will be sent by
the servicing company to the insured
at least 30 days prior to the expiration
date of each policy. Insureds renewing
policies shall be furnished with such
additional forms, if any, as the insurer
may require in order to obtain current
information pertaining to the risk.
Any such form must be completed and
§ 81.7

44 CFR Ch. I (10-1-98 Edition)

returned by the insured with the premium. The 6-month premium installment due, together with the insured's certification as required, must be received by the servicing company not later than the expiration date of the previous policy in order to prevent a lapse in coverage. If timely payment is received, no new policy will normally be issued, and an eligible insured's check or receipt shall constitute his proof of payment. However, if timely payment is not received, or if substantial changes have been made in the regulations or provisions governing the pertinent crime insurance coverage during the term of the insured's previous coverage, a new policy in its entirety may be issued. Reinstatement of lapsed policies by servicing companies shall not be permitted.

(c) Changes in coverage or limits of coverage may be made at any time upon submission of a new application with the applicable semi-annual premium. If the ownership of the insured premises is changed, the new owner must submit a new application with the applicable semi-annual premium. Policy coverage ceases at the time of ownership change and a policy may not be transferred or assigned to a new owner or tenant except by submission of a new application. Policy coverage ceases at the time of any change in the ownership of or insurable interest in the premises specified in the application. Upon receipt of information indicating that such a change in ownership or insurable interest has occurred, the insurer shall issue a notice of cancellation effective the date of such change. Return of premium on a cancelled policy shall be on a pro rata basis when such cancellation is made for the purpose of changing address or coverage or for purchasing crime insurance coverage in the private insurance market. Short-rate cancellation procedures shall be applicable to any other cancellation during the term of any policy. The insurer may, at the request of the insured, permit a retroactive cancellation of a policy, but in no event shall such cancellation be effective earlier than thirty days before receipt by the insurer of a lost policy release or the original policy, and such cancellation shall apply only to the policy in force at the time of the receipt of such request.

(d) Notwithstanding any unqualified cancellation provisions contained in the prescribed policy forms, the insurer hereby limits his right to cancel, or to refuse to renew coverage, to the following grounds:

(1) Any nonpayment of premium,
(2) Fraud or misrepresentation in the application or upon any renewal of coverage, or in connection with either,
(3) Fraud or misrepresentation in connection with the submission of a claim,
(4) The use of the insured premises with the knowledge of any insured for any illegal activity, or
(5) Any other substantial failure to comply with the provisions of this subchapter or of the insurance policy as determined by the insurer and stated in its notice of cancellation. Cancellations or any of the grounds in paragraph (d) (2), (3), or (4) of this section may, at the discretion of the insurer, be made retroactive to the date of application or renewal which immediately precedes the first known wrongful act. Refunds of unearned premiums, if any, shall be subject to offsets for the insurer's administrative expenses (including the payment of agent's commissions, if any) in connection with the issuance of the policy, any inspections of the insured's premises and the expense of claims adjustment, if any. Cancellations by the insurer on the basis of paragraph (d)(5) of this section or as provided by paragraph (e) of this section shall be upon 30 days written notice, and the insured shall be entitled to a short rate refund of premium, if any.

(e) Willful or repeated failures of an insured to report to law enforcement authorities any losses of property covered under the policy, as required by § 81.2(a)(5), may be deemed by the insurer to warrant cancellation upon 30 days' written notice. However, such failure may be waived by the insurer prior to cancellation for good cause shown.

(f) No property owner whose Federal insurance coverage has been canceled (whether from inception or after notice) or for whom the insurer has refused to renew coverage, for any of the
reasons in paragraph (d) (2), (3), (4), or (5) of this section or under paragraph (e) of this section, shall be eligible for any further insurance under the program except upon the written waiver of the Administrator, granted for good cause shown.

§ 81.7a Cancellations in order to renew.

Notwithstanding the provisions of § 81.7(c), an insured shall not be permitted after the effective date of any applicable rate reduction to cancel and rewrite an existing crime insurance policy and receive a pro rata refund of unearned premium. Further, cancellation and rewrite of coverage to avoid an impending rate increase shall not be permitted, unless such cancellation was made to accomplish an increase in the amount of insurance coverage or as a result of the removal of insured to another premises.

[52 FR 30684, Aug. 17, 1987]

§ 81.8 Inquiries and complaints.

(a) Inquiries or complaints about the Federal crime insurance program should initially be directed to the property owner's agent or broker, or to the servicing company designated for the area in which the premises are located.

(b) Inquiries or complaints with respect to which satisfactory information or action cannot be obtained through local sources, and general or legal inquiries pertaining to the nature of the program, may be addressed to the Federal Insurance Administrator, Federal Emergency Management Agency, Washington, DC.

§ 81.9 Penalties for false statements.

All information provided by an applicant or a claimant on any form approved by the insurer, including representations as to the date on which such form is signed, shall be deemed material to the issuance of the policy applied for and to the disposition of claims submitted thereunder. Any false statement, misrepresentation, or concealment in the execution or submission of such forms, or in any writing or document knowingly submitted by the applicant or claimant in connection therewith, may result in his prosecution by the United States for fraud under 18 U.S.C. 1001, subject to a fine of not more than $10,000 or imprisonment of not more than 5 years, or both.

§ 81.10 Nondiscrimination.

The Federal Crime Insurance Program and all policies issued or serviced thereunder are subject to applicable Federal regulations and requirements issued from time to time pursuant thereto. No persons shall be excluded from participation in, denied the benefits of, or subjected to discrimination under the Program on the grounds of race, color, sex, marital status, age or national origin. Any complaint or information concerning the existence of any such unlawful discrimination in any matter within the purview of this subchapter should be referred to the Administrator.

[45 FR 41951, June 23, 1980]

PART 82—PROTECTIVE DEVICE REQUIREMENTS

Subpart A—General
Sec. 82.1 Definitions.
82.2 Purpose of protective device requirements.
82.3 Classification of properties.
82.4 Inspection of residential premises following losses.
82.5 Inspection of commercial premises.

Subpart B—Residential Properties
82.21 Minimum standards for residences and apartments.

Subpart C—Nonresidential Properties
82.31 Minimum standards for industrial and commercial properties.

§ 82.1 Definitions.

As used in this subchapter, the term—

(a) Baffle means a piece of metal that covers the opening between a door and its frame at the area of penetration of the bolt or latch to deter the insertion of tools and prevent the exertion of pressure against the bolt or latch;

(b) Central station, supervised service alarm system means a silent alarm system that is professionally installed and is regularly maintained, that is constantly in operation, that is equipped with a telephone and electricity line security mechanism that activates the alarm if either line is cut, and which signals upon any breach of a door, window (including storefront windows and unbarred skylights), or other accessible opening to the protected premises, at a private sentry or guard headquarters that is attended and monitored 24 hours a day, that dispatches guards to the protected premises for which they have keys immediately upon the activation of the alarm, that periodically checks the operation and effectiveness of the system, and that notifies law enforcement authorities as soon as a breach of the premises is confirmed;

(c) Central station, supervised alarm system (without guard dispatch) means a silent alarm system that is professionally installed and is regularly maintained that is constantly in operation, that is equipped with a telephone and electricity line mechanisms that activates the alarm if either line is cut, and which signals upon any breach of a door, windows (including store front windows and unbarred skylights), or other accessible opening to the protected premises, at an office of the law enforcement authorities or at an office of an independent agency located away from the protected property. Accessible, but inconspicuous, buttons at hand or foot or knee levels are placed throughout the premises. An insured may, at his option, cause the alarm to sound on the premises, in addition to the remote location.

(d) Dead bolt means a locking device using a fixed bolt that, when in locked position, cannot be retracted into a door or window by the use of tools inserted between the frame of the door or window and the door or window itself. Except as otherwise indicated, a dead lock may be equipped with a dead bolt or a dead latch;

(e) Dead latch means a locking device, usually spring-operated, that incorporates a feature to render the latch rigid in its locked position and incapable of release by prying or by the turning of an outside door knob or handle or similar door opening device;

(f) Dead lock means a locking device incorporating a lock that cannot be pushed or retracted into a door or window by the use of tools inserted between the frame of the door or window and the door or window itself. Except as otherwise indicated, a dead lock may be equipped with a dead bolt or a dead latch;

(g) Double cylinder dead bolt lock means a deadbolt lock that can be released from its locked position only by a key, whether on the inside or the outside of the door;

(h) Holdup Alarm means a holdup alarm system that is constantly in operation and signals at an office of law enforcement authorities or at an office of an independent agency located away from the protected property. Accessible, but inconspicuous, buttons at hand or foot or knee levels are placed throughout the premises. An insured may, at his option, cause the alarm to sound on the premises, in addition to the remote location.

(i) Local alarm system means an alarm system that is professionally installed and is regularly maintained, that signals loudly at the premises by means of one or more tamper-protected sounding devices upon any breach of a door, window (including storefront windows and unbarred skylights), or other accessible opening to the protected premises;

(j) Silent alarm system means an alarm system that is professionally installed and is regularly maintained, that signals at a local other than the location where it is installed upon any breach of a door, window (including storefront windows and unbarred skylights), or other accessible opening to the protected premises;

(k) Throw, when used in the context of a locking device, means the distance that its bolt or latch protrudes from the body of the device when the bolt or latch is in a locked position.
§ 82.3 Classification of properties.

The protective devices required under this part fall into two broad categories, residential and commercial. Requirements for residential properties
are expected to remain relatively stable and are not likely to vary by classes. The protective devices required for commercial and industrial properties will vary greatly by the type of risk involved and will be changed periodically as experience and knowledge are gained under the program and from studies being undertaken by other public and private agencies.

§ 82.4 Inspection of residential premises following losses.

(a) Each residential applicant applying for Federal Crime Insurance shall be responsible for meeting the protective device requirements applicable to his premises. Any person who is doubtful as to whether the protective devices existing on his premises at the time of application meet such requirements should examine the descriptive materials and illustrations available from the servicing company and direct any specific questions to the servicing company.

(b) In addition insurance agents and brokers are expected to assist and advise prospective insureds concerning the protective device requirements for residential premises. However, no agent or broker shall be authorized to approve or disapprove on behalf of the insurer the adequacy of any required protective devices, and any representation to the contrary is false and shall be void.

(c) Upon receiving any notice of loss from an insured, the Administrator shall cause an inspection of the insured residential premises to be made in the course of the adjustment of the claim in order to determine whether the premises meet the protective device requirements of the program. If no inspection of the premises has previously been made and if the first such inspection reveals that the insured premises does not comply with the applicable protective device requirements, any first loss covered by the terms of the insurance policy, involving robbery or burglary evidenced by visible marks of forcible entry, will be paid irrespective of any deficiencies in the insured’s compliance with the protective device requirements. However, the insured will be given thirty days from the date on which he is notified in writing of any deficiencies to correct such deficiencies. During that thirty day period, robbery or burglary losses covered by the terms of the insurance policy will continue to be paid irrespective of any deficiencies in the insured’s compliance with the protective device requirements. Losses occurring more than thirty days after the date on which the insured has been notified in writing of the results of the inspection will be paid only if it is determined that a loss, covered by the terms of the insurance policy, did not result in whole or in part from a protective device deficiency of which the insured was previously placed on written notice.

§ 82.5 Inspection of commercial premises.

(a) All premises for which an application for commercial crime insurance against burglary losses is submitted shall be inspected by the servicing company to determine whether the premises comply with the applicable protective device requirements.

(b) Coverage under a commercial crime insurance policy indemnifying against burglary losses shall not commence unless it is determined that the premises sought to be insured comply with all applicable protective device requirements. Provided, that all commercial premises whose exterior doors and accessible openings are found upon inspection to be protected by central station supervised service alarm systems or silent alarm systems (as those systems are defined in paragraphs (b), (c), (i), (j) and (n) of § 82.31 pertaining to the protection of those exterior doors and accessible openings by such devices as bars, grillwork, and other physical barriers. The benefit of this provision, therefore, applies also to commercial premises which, because of their particularly high risk inventories of merchandise continue to be required by paragraphs (f) (1) and (2) of § 82.31 to have exterior doors and accessible openings protected by specific types of alarm systems, namely, supervised service alarm systems for the highest risk inventories and silent
alarm systems for less high risk inventories.

(c) An insured whose commercial premises is not one which is required by §82.31 to be protected by any type of alarm system but who elects to utilize an alarm system may select particular accessible openings and exterior doors to be protected only by the alarm systems and may protect other accessible and exterior doors with the physical barriers specified in paragraphs (c) and (e) of §82.31.

(d) Because the statement of annual gross receipts is a significant factor in the determination of the correct premium, the annual gross receipts figures (ventas netas for Puerto Rico) or the Total Income of the tax returned as derived from interest, rents, capital gains, etc., reported on the application or at the time of renewal shall be verified at the time of the adjustment of any loss. The applicant or insured shall at the time make available any necessary documentation to substantiate the annual gross receipts figure reported.

(e) The Administrator may in his discretion waive one or more protective device requirements with respect to any policy where he determines that compliance would be impractical and would impose a cost not reasonably commensurate with the protection derived. However, in the event of any loss contributed in whole or in part by a protective device deficiency with respect to any device which the insured was required to have installed as a condition of eligibility, and which device was found to be present at the time of a previous investigation, if the deficiency resulted from the inoperability, alteration, removal or disconnection of said required protective device by or with the knowledge of the insured, subsequent to the previous inspection of the premises.

(f) If, during the course of adjusting a claim submitted by an insured, an adjuster or other investigator discovers a protective device deficiency, not previously discovered and noted by an investigator, with respect to a device, described in any of paragraphs (a), (b), (c), (d), (e), and (f) of §82.31, which the insured was required to have installed as a condition of eligibility for insurance coverage, the deficiency shall be made known to the insured who will be given thirty days after his receipt of such written notice within which to remedy the deficiency. During that thirty-day period, burglary losses covered by the terms of the policy will be paid irrespective of the deficiency. Burglary losses occurring more than thirty days after the date on which an insured is notified of the deficiency will be paid only if it is determined that the deficiency was corrected prior to the loss. However, no loss shall be payable at any time if caused in whole or in part by a protective device deficiency with respect to any device which the insured was required to have installed as a condition of eligibility, and which device was found to be present at the time of a previous investigation, if the deficiency resulted from the inoperability, alteration, removal or disconnection of said required protective device by or with the knowledge of the insured, subsequent to the previous inspection of the premises.

(g) An insured who has knowledge of an inoperability or other malfunction of a protective device which the insured was required to have installed as a condition of eligibility for insurance coverage shall immediately notify the Administrator of such deficiency in writing, or by use of the servicing company’s toll-free telephone number 800-638-8780. If the insured complies with such emergency protective measures as the Administrator may specify following receipt of such notice, and if the deficiency is corrected within the time specified by the Administrator, no loss of coverage will result during the period of inoperability or malfunction.
(h) If an insured cancels a commercial policy because of a move to a new premises and applies for insurance at the new premises, there shall be a mandatory inspection to determine compliance with protective device requirements at the new location. However, protective device requirements shall not be applicable to the new premises until 30 days after the insured's receipt of written notice of either compliance or of a deficiency, thus giving the insured time in which to remedy the deficiency. Burglary losses occurring more than 30 days after the date on which the insured received notice of a deficiency will be paid only if it is determined that the deficiency was corrected prior to the loss.

(i) If an applicant occupies a premises jointly with other businesses, and there exists no physical barrier separating the business of the applicant from the other businesses, the applicant may still obtain insurance coverage provided that the exterior boundaries of the premises that enclose the business of the applicant and the other businesses are protected in accordance with the protective device requirements applicable to the classification governing the applicant's business. In such a case the applicant, as an insured, will be responsible for the continued existence and maintenance and functioning of the required protective devices. For purposes of the burglary insurance coverage, the premises to which there must be forcible signs of entry is the overall premises confining the business of the applicant and the other businesses. As noted in §83.22, the maximum limit of coverage which consists of $15,000 may not be increased by insuring several departments of a single business or institution at one premises as separate premises and this paragraph does not supersede §83.22.

screens or grillwork (unless permanently installed) shall be equipped with locks that meet the requirements of paragraph (a) of this section.

(c) Except for doorways that are completely protected during nonbusiness hours by heavy-duty overhead doors or metal security screens or the equivalent, each exterior door shall be of heavy gauge metal, tempered glass, or solid wood core (not less than 1¾ inches thick) construction, or else shall be covered with metal sheeting of at least 16 gauge (¼-inch thick) or its equivalent, or with grillwork, to give like protection;

(d) Outside hinge pins shall be welded, flanged, or screw-secured, non-removable pins unless the hinge is constructed so as to provide equivalent protection against the removal of the door to which it is attached when the door is in the closed position.

(e) Except where expressly prohibited by applicable laws pertaining to fire protection, accessible openings exceeding 96 square inches in area and 6 inches in the smallest dimension (other than storefront display windows), shall either meet the standards for exterior doors, or else shall be protected by inside or outside iron bars one-half inch in diameter, or by flat steel material, spaced not more than 5 inches apart and securely fastened, or by iron or steel grills of ¼-inch material of 2-inch mesh, securely fastened, or by other heavy-duty material that provides equivalent protection. The requirements of this paragraph shall not apply to skylights protected by alarm systems. For the purposes of this paragraph, an “accessible opening” is an opening such as a window, transom, skylight, or vent, regardless of whether it is made to be opened, which exceeds 96 square inches in area and 6 inches in the smallest dimension, any part of which is—

(1) 18 feet or less above either the ground or the roof of an adjoining building, or
(2) 14 feet or less from directly or diagonally opposite windows, fire escapes, or roofs, or
(3) 3 feet or less from openings, fire escapes, etc., in or projecting from the same wall or an adjacent wall leading to other premises.

(f) The following types of establishments whose inventories pose a particularly serious risk shall, as a minimum, in addition to the requirements of paragraphs (a), (b), and (d) of this section be protected by the type of alarm system indicated. If the system specified in paragraphs (f)(1) and (f)(2) of this section is not available in the community in which the premises are located, the type of system specified in paragraph (f)(3) of this section shall be permitted.

(1) Central Station (with Guard dispatch) supervised service alarm system shall be required for the following businesses:

   (i) Beer/Wine (wholesale)
   (ii) Boutiques
   (iii) Cameras/Photo/Film Processing
   (iv) Clothing Children's 12 & Under
   (v) Clothing Mfg./Tailoring
   (vi) Clothing Men's
   (vii) Clothing Women's
   (viii) Drug Stores
   (ix) Drugs (wholesale)
   (x) Electrical Appliances/Parts
   (xi) Food Stuffs (wholesale)
   (xii) Gasoline Service Station
   (xiii) Gift Store/Costume Jewelry
   (xiv) Jewelry
   (xv) Leather Products
   (xvi) Liquor Stores
   (xvii) Pawn Brokers
   (xviii) Precious Metals/Electroplating (retail)
   (xix) Radio/TV/Electronic Equip.
   (xx) Record Shop
   (xxi) Savings & Loans/Banks
   (xxii) Shoe Stores
   (xxiii) Tobacco Dealers (wholesale)
   (xxiv) Used Clothing/Shoe Repair/Thrift Stores

(2) Central Station (without Guard dispatch) supervised service alarm system shall be required for the following businesses:

   (i) Antique Stores
   (ii) Art Supplies
   (iii) Auto Parts—no service
   (iv) Beauty & Health Supplies
   (v) Beer/Wine with Food (retail)
   (vi) Candy/Nuts Stores
   (vii) Dry Goods—Textile/Sewing
   (viii) Furniture/Home Furnishings
   (ix) Furriers
   (x) Grocery Stores/Deli/Health Food Stores
(xii) Liquor (wholesale)
(xiv) Motorbikes/Bicycles
(xv) Music Stores/Instruments
(xvi) Precious Metals/Electroplating
(storage)
(xviii) Sports Goods/General
(xix) Tobacco Dealers (retail)
(xx) Wig Shops
(3) Silent or Local Alarm system shall be required for the following businesses:
(i) All Risks Not Otherwise Classified
(ii) Amusement Enterprises
(iii) Art Galleries
(iv) Auto Parts—sales/service
(v) Beach Concessions
(vi) Beauty/Barber Shops
(vii) Billiard/Pool Parlors
(viii) Building Contractors/Materials
(ix) Check Cashing/Money Exchange/Collectors
(x) Clubs (serving alcohol)
(xi) Coin/Stamp Shop
(xii) Discos/Dance Halls/Pavilions
(xiii) Distributors—Variety/Non-alcoholic
(xiv) Donut/Pastry/Coffee Shop (seated)
(xv) Dry Cleaners
(xvi) Fast Food/Bakery/Donut (carry-out)
(xvii) Fine Arts
(xviii) Flea Markets/Auction Houses
(xix) Florists
(xx) Fruit/Newspaper Stands
(xxi) Garages/Auto Repair
(xxii) Golf & Other Prof. Sports Shops
(xxiv) Hardware/Housewares
(xxv) Health Clubs/Massage Parlors
(xxvi) Hobby/Toys/Novelty
(xxvii) Hotel/Motel/Apartments
(xxviii) Industrial Materials/Metal Work
(xxix) Laundries
(x) Marine/Aircraft—Sales/Service
(xxxi) Medical Supplies
(xxii) Nursing/Convalescent Homes
(xxiii) Office Supplies/Equipment
(xxiv) Parking/Rental Cars/Car Wash/Taxi Office
(xxv) Photographers Studios
(xxvi) Professional Services
(xxvii) Radio/TV/Elec Eq. (service only)

(xxxviii) Realty/Insurance/Travel/Employment Agency
(xxxxix) Restaurant/Caterer
(xl) Schools/Day Care
(xli) Security/Locksmiths/Alarms
(xlii) Specialized Clothing—Sportswear/Lingerie
(xliii) Stationery/Books/Printing/Paper
(xliv) Tavern/Bar/Lounge
(xlv) Vending Machines

(g) The protective device requirements set forth in this section shall not apply to premises which are insured only under Option 2 against the peril of robbery only, as provided in paragraph (c) of §83.25 of this chapter.

PART 83—COVERAGES, RATES, AND PRESCRIBED POLICY FORMS

Subpart A—Residential Crime Insurance Coverage

Sec.
83.1 Description of residential coverage.
83.2 Limits of residential coverage.
83.3 Amount of residential policy deductible.
83.4 Residential crime insurance rates.
83.5 Required residential policy form.

Subpart B—Commercial Crime Insurance Coverage

83.21 Description of commercial coverage.
83.22 Limits of coverage and number of applications required.
83.23 Amount of commercial policy deductible.
83.24 Classification of commercial risks.
83.25 Commercial crime insurance rates.
83.25a Application and date of commencement of coverage.
83.26 Required commercial policy form.

Subpart A—Residential Crime Insurance Coverage

§ 83.1 Description of residential coverage.

(a) The purpose of this §83.1 is descriptive only, and it shall be subject
Federal Emergency Management Agency

§ 83.4

to the express terms and conditions of the policy form prescribed in §83.5.

(b) The initial policy issued by the insurer for residential properties shall be known as the residential crime insurance policy. Subject to its terms, the policy reimburses an insured for loss from burglary and larceny incident thereto, robbery (including observed theft), or attempt thereat, of personal property from the premises or in the presence of an insured, and for damage to the premises caused by any such attempt. It also covers damage to the interior of the part of the building occupied by the named insured's household at the described premises, and to the insured property both therein and away from the premises, caused by vandalism or malicious mischief. Provided, That with respect to damage to the building an insured is the owner thereof or is liable for such damage. The policy is subject to the exclusions set forth therein.

(c) The residential crime insurance policy shall be written only for an individual or for a single family or household with respect to a one to four family house or separate living quarters in an apartment building or dormitory. Premises in hotels (other than residence hotels where normal occupancy exceeds 6 months in duration) and premises within residential properties used in whole or in part for business purposes are not eligible for coverage under the residential policy. A mobile home used as a residence may be insured on a residential application form provided the mobile home has been rendered immobile on a permanent foundation and anchored to resist flotation or lateral movement. A residential premises or a portion thereof owned or leased by a business, corporate or otherwise, may not be insured by said business under a residential policy. A model home held for eventual sale may not be insured under a residential policy. A storeroom used for temporary storage of personal property not pertaining to a business may be insured under a residential policy, provided that the storage area is surrounded by physical barriers which separate it from other storage areas available to other persons and that the storage area utilized by the insured complies with the protective device requirements applicable to residential premises.

§ 83.2 Limits of residential coverage.

The residential policy may be written in amounts not less than $1,000 and not in excess of $10,000 for each insurable premises. An insurable premises is defined as a physically separate area occupied for residential purposes by one or more persons who are permanent members of a single household. The $10,000 limit of coverage for each insurable premises may not be increased by subdividing the premises shared by members of a common household. Any amount of insurance or fraction thereof, above a specified limit shall be charged the applicable rate for the next higher limit of coverage. Specified limits of coverage are set forth in §83.4.

§ 83.3 Amount of residential policy deductible.

The residential crime insurance policy shall be subject to a deductible in the amount of $100 for each loss occurrence, or 5 percent of the gross amount of the loss, whichever is greater. The face amount of coverage specified in the policy is not reduced by the application of this deductible. Thus, if an insured having a $5,000 policy incurs a $5,000 covered loss, he would receive $4,750. If the loss were $6,000, he would receive the full $5,000.

§ 83.4 Residential crime insurance rates.

The specific limits of coverage for applicable annual premiums for residential crime insurance coverage are revised to read as follows:

<table>
<thead>
<tr>
<th>Policy Limits</th>
<th>Annual premium</th>
</tr>
</thead>
<tbody>
<tr>
<td>$1,000</td>
<td>$32</td>
</tr>
<tr>
<td>2,000</td>
<td>42</td>
</tr>
<tr>
<td>3,000</td>
<td>52</td>
</tr>
</tbody>
</table>
§ 83.5 Required residential policy form.

The following shall constitute the policy form for the residential crime insurance policy and no other policy form shall be used. Coverage will commence at 12 noon following the date of a U.S. Post Office affixed postmark or proof of Certified or Registered mailing. In the absence of such postmark or other proof sufficient to substantiate the date of mailing, coverage will be effective at 12 noon following receipt by the servicing company, unless a later date is specified in the application.

(a) Owner's or tenant's Residential Crime Insurance Policy form:

**FEDERAL INSURANCE ADMINISTRATION RESIDENTIAL CRIME INSURANCE POLICY**

The Federal Insurance Administrator, herein called the Insurer, agrees with the insured, named in the Application made a part hereof, in consideration of the payment of the premium and in reliance upon the statements in the Application, and subject to (1) the provisions of title VI of Public Law 91-609 (12 U.S.C. 1749bbb-10a, et seq.) and subchapter B, chapter I, title 44 of the Code of Federal Regulations (44 CFR parts 80 through 84), and (2) the limits of liability, exclusions, conditions, deductibles, and other terms of this Policy with respect to the following criminal acts:

**Insuring Agreements**

I. Loss by burglary and larceny or robbery, including observed theft. (a) To pay for loss by burglary and larceny incident thereto, or robbery, including observed theft, of all personal property from the premises or in the building occupied by the named insured's household at the premises and to the insured property therein or away from the premises by vandalism or malicious mischief which occurs during a burglary or robbery, provided that with respect to damage to the building an insured is the owner thereof or is liable for repairing such damage.

With respect to loss occurring at any part of the premises not occupied exclusively by the named insured's household, this Insuring Agreement applies only to property owned or used by an insured.

II. Application of insurance while the premises are rented to another. Such insurance as is afforded for loss at or damage to the premises applies while the premises are rented by an insured owner or tenant to another for use as a private residence only, subject to the following provisions:

1. The insurance applies only with respect to property owned by an insured.

2. The insurance does not apply (a) to money, securities, jewelry, watches, necklaces, bracelets, gems, precious and semiprecious stones, and articles of gold or platinum, furs, fine arts, antiques, coin or stamp collections, or (b) to loss caused by a tenant of such premises or any of his employees or members of his household.

IV. Application of insurance while the premises are occupied by three or more persons not related to the named insured. Such insurance as is afforded for loss at or damage to the premises applies while the premises are occupied by three or more persons not related to the named insured owner or tenant, subject to the following provisions:

1. The insurance applies only with respect to property owned by the named insured.

2. The insurance does not apply (a) to money, securities; gems, precious and semiprecious stones, gold or platinum (other than jewelry); antiques, coin or stamp collections; or (b) to loss caused by a tenant of such premises or any of his employees or members of his household.

3. Under this insuring agreement, the actual cash value of any one article of jewelry (including watches) shall be deemed not to exceed $50.

V. Removal to other premises. If the named insured moves to other premises which he intends to occupy permanently as his private residence, such insurance as it afforded for loss at or damage to the premises designated in the Application applies subject to the following provisions:

1. During the moving, for a period not to exceed thirty (30) days, the insurance applies at the premises and at the other premises and to the insured property while in transit.

2. Upon completion of the moving the insurance applies at the other premises and no longer applies at the original premises: Provided, That all coverage under this policy shall cease at the end of the thirty (30) day period, and the policy shall be deemed canceled by the Insurer as of such date.

VI. Policy period, territory. This policy applies only to loss which occurs during the...
policy period within a State, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, the territories and possessions of the United States and the Trust Territory of the Pacific Islands as defined in 12 U.S.C. 1749bbb-2 and set forth in 44 CFR 55.1.

Exclusions

This Policy does not apply:
(a) To loss committed by an insured;
(b) To loss of (1) any aircraft, motor vehicle (other than motorized equipment designed for service purposes and not licensed for highway use), trailer, boat or the equipment thereof, (2) articles carried or held as samples or for sale or for delivery after sale, or (3) animals, fish or birds;
(c) To loss sustained by a person not related to an insured who pays board or rent to an insured;
(d) To loss of property pertaining to a business, trade, profession or occupation of an insured;
(e) To loss if the premises are not protected in accordance with the regulations of the Federal Insurance Administration, as published at the time of the inception of the then current term of the Policy in Crime Insurance Program 44 CFR part 80 et seq.
(f) To any burglary loss from a motor vehicle.
(g) To loss while the property is vacant.

Conditions

1. Definitions—
(a) Named insured. "Named Insured" means the insured named in the Application. Insured means the named insured and any person while a permanent member of the insured's household, including a residence employee, but not including a tenant who is not related to the named insured, the named insured's spouse, or any other permanent member of the named insured's household, and who pays board or rent to the named insured.
(b) Premises. "Premises" of paragraph 1 means the premises designated in the application and includes garages and other outbuildings incidental thereto.
(c) Burglary. "Burglary" or "burglary and larceny incident thereto" mean the felonious abstraction of insured property from within the premises by a person making felonious entry.
(d) Robbery. Robbery or robbery, including observed theft, means the taking of insured property (1) by violence inflicted on an insured; (2) by putting him in fear of violence; (3) by any other overt felonious act committed in his presence and of which he was actually cognizant, provided such other act is not committed by an insured; or (4) from the person or direct care and custody of an insured who has been killed or rendered unconscious.
(e) Money. "Money" means currency, coins, bank notes, and bullion.
(f) Securities. "Securities" mean all negotiable and nonnegotiable instruments or contracts representing either money or other property and includes revenue and other stamps in current use, tokens, and tickets, but does not include money.
(g) Business. "Business" includes trade, profession, or occupation.

(h) Loss. "Loss" includes damage.
(i) Residence employee. "Residence employee" means an employee of an insured who performs duties in connection with the maintenance or use of the residence premises, including household or domestic service.

2. Interests covered. The insurance does not apply to the interest in insured property of any person or organization, unless included in the named insured's proof of loss.

3. Limits of liability; settlement options. The Insurer shall not be liable on account of any loss unless the amount of such loss shall exceed the amount of the deductible described in the Application which is made a part of this Policy and the Insurer shall then be liable only for such excess over and above the deductible, subject to and within the limit of insurance covered by the Policy. The limit of the Insurer's liability for loss or damage in any one occurrence shall not exceed the applicable limit of insurance stated in the Application, nor what it would cost at the time of loss to repair or replace the property with other of like kind and quality, nor the actual cash value thereof at the time of loss: Provided, however, that the limit of the Insurer's liability for loss of money is $200 and for loss of securities is $500, and for loss of jewelry, including without limitation, watches, necklaces, bracelets, rings, gems, precious and semi-precious stones, and articles of gold, silver or platinum, including flatware and holloware, furs, fine arts, antiques, coin or stamp collections is $500 for any one article and $1500 in the aggregate per occurrence.

If there is a loss of an article which is part of a pair or set, the measure of loss shall be a reasonable and fair proportion of the total value of the pair or set, giving consideration to the importance of said article, but such loss shall not be construed to mean total loss of the pair or set.

The applicable limit of insurance stated in the application is the total limit of the Insurer's liability with respect to all loss of property of one or more persons or organizations arising out of any one occurrence.

All loss incidental to an actual or attempted fraudulent, dishonest or criminal act or series of related acts at the premises, whether committed by one or more persons, shall be deemed to arise out of one occurrence.

The Insurer may pay for the loss in money or may repair or replace the property and
may settle any claim for loss of property either with the named insured or the owner thereof. Any property so paid for or replaced shall become the property of the Insurer. Any property recovered after settlement of a loss shall be applied first to the expense of the parties in making such recovery, with any balance applied as if the recovery had been made prior to said settlement, and loss readjusted accordingly. The insured or the Insurer, upon recovery of any such property, shall give notice thereof as soon as practicable to the other.

4. Insured’s duties when loss occurs. Upon knowledge of loss or of an occurrence which may give rise to a claim for loss, the insured shall (a) give notice thereof as soon as practicable to law enforcement authorities and to the Insurer through its authorized agent and (b) file detailed proof of loss, duly sworn to, with the Insurer through its authorized agent within sixty (60) days after the discovery of loss unless such time is extended by the Federal Insurance Administrator in writing. The administrator may, in his/her discretion, waive the requirement that the proof of loss be sworn to. Upon the insurer’s request, the insured and every claimant hereunder shall submit to examination by the insurer, subscribe the same under penalty of 18 U.S.C. 1001 pertaining to fraud and false representation, and produce all pertinent records, all at such reasonable times and places as shall be designated, and shall cooperate in all matters pertaining to loss or claims with respect thereto. The insured shall as a condition of continued coverage take reasonable action immediately following the discovery of a loss to protect the premises from further loss.

5. Other insurance. If there is any other valid and collectible insurance which would apply in the absence of this Policy, the insurance under this Policy shall apply only as excess insurance over such other insurance; provided, that the insurance shall not apply: (a) to property which is separately described and enumerated and specifically insured in whole or in part by any other insurance; or (b) to property otherwise insured unless such property is named by an insured.

6. No benefit to bailee. The insurance afforded by this Policy shall not inure directly or indirectly to the benefit of any carrier or bailee.

7. Appraisal. If the named insured and the Insurer fail to agree as to the amount of loss, or to the propriety of making any settlement, or to the propriety of any payments made under the terms of this Policy, or to the propriety of any services performed under the terms of this Policy, or to the propriety of any other claim under the terms of this Policy, they shall, upon written demand by either, appoint as appraisers two appraisers. If the appraisers fail to agree, they shall jointly select a competent and disinterested third appraiser and submit the question to him within fifteen (15) days thereafter. The first two appraisers shall state separately the actual cash value at time of loss and the amount of the loss. Subsequent agreement in writing by any two of the three appraisers within thirty (30) days after the third appraiser was selected shall be considered by the Insurer in determining the amount of the loss but shall not be considered binding upon him and shall not be admissible as such in court. The named insured and the Insurer shall each pay its chosen appraiser and shall bear equally the expenses of the third appraiser and the other expenses of appraisal.

The Insurer shall not be held to have waived any of its rights such as, without limitation, the right to deny liability under the Policy by any act relating to appraisal.

8. Action against insurer. No action shall lie against the Insurer unless, as a condition precedent thereto, there shall have been full compliance with all the terms of this Policy, nor until ninety (90) days after the required proofs of loss have been filed with the Insurer, nor at all unless commenced within 2 years from the date when the insured first has knowledge of the loss and within 1 year after the date upon which the claimant received written notice of disallowance or partial disallowance of the claim. Any such action shall be brought in a U.S. district court, as required by 12 U.S.C. 1749bbb-11.

9. Subrogation. In the event of any payment under this Policy, the Insurer shall be subrogated to all the insured’s rights of recovery therefor against any person or organization and the insured shall execute and deliver instruments and papers and do whatever else is necessary to secure such rights. The insured shall do nothing after loss to prejudice such rights.

10. Changes. Notice to any agent or knowledge possessed by any agent or by any other person shall not effect a waiver or a change in any part of this Policy or estop the Insurer from asserting any right under the terms of this Policy; nor shall the terms of this Policy be waived or changed, except by endorsement issued to form a part of this Policy, as approved by the Federal Insurance Administrator.

11. Cancellation. This Policy may be canceled by the named insured by surrender thereof to the insurer or to any of its authorized agents or by mailing to the Insurer written notice stating when thereafter the cancellation shall be effective. The grounds for cancellation of coverage by the Insurer shall be limited to those set forth in subchapter B, parts 80 et seq., chapter I, title 44 of the Code of Federal Regulations. Except as otherwise provided by such regulations and by Insuring Agreement V(2), notice of cancellation by the Insurer shall be mailed to the named insured at the address shown in this Policy, stating when not less than thirty (30) days
Federal Emergency Management Agency

§ 83.21

thereafter such cancellation shall be effective. The premium due notice for installment or renewal premiums is issued to notify the insured that the policy will be cancelled or will expire, as appropriate, unless the insured pays the premium in sufficient time for it to be received by the insurer, or postmarked by the United States Postal Service, on or before the due date. The mailing of any premium due notice, cancellation notice, or any other notice required by the policy, to the mailing address shown on the application or policy shall be conclusive evidence of notice to the insured. The mailing of notice as aforesaid shall be sufficient proof of notice. The time of the surrender or the date of cancellation stated in the notice shall become the end of the Policy period. Delivery of such written notice either by the named insured or by the Insurer shall be equivalent to mailing.

In the event of cancellation, earned premium shall be computed in accordance with the customary short rate table and procedure, unless otherwise specifically provided in said regulations issued by the Insurer. Premium adjustment may be made either at the time cancellation is effected or as soon as practicable after cancellation becomes effective, but payment or tender of unearned premium is not a condition of cancellation.

12. Assignment. Assignment of interest under this Policy shall not bind the Insurer until its consent is endorsed hereon; if, however, the named insured shall die, this Policy shall cover the named insured’s spouse, if a resident of the same household at the time of such death, and legal representative as provided, that notice of cancellation addressed to the insured named in the application and mailed to the address shown in this Policy shall be sufficient notice to effect cancellation of this Policy. If the legal representative of the named insured is not a person who was a permanent member of the named insured’s household at the time of the death of the named insured, this Policy shall apply as it applied prior to such death but shall not apply to loss of property owned or used by such legal representative, a member of his household or a residence employee thereof, unless such loss occurs at a part of the premises occupied exclusively by said named insured’s household.

13. Declarations. By signing the Application or by acceptance of this Policy the named insured certifies and agrees, under penalty of Federal law dealing with fraud and false representations (18 U.S.C. 1001), that the statements in the Application are his agreements and representations, that this Policy is issued in reliance upon the truth of such representations, that he is aware of the applicability of the Regulations issued by the Insurer, and that this Policy and said regulations embody all agreements existing between himself and the Insurer or any of its agents relating to this insurance.

In witness whereof, the Federal Insurance Administration has accepted the declarations of the insured set forth in the Application and has caused this Policy to be issued.

Federal Insurance Administrator.

(b) Such endorsements to the owner’s or tenant’s Residential Crime Insurance Policy forms as the insurer may approve.

Subpart B—Commercial Crime Insurance Coverage

§ 83.21 Description of commercial coverage.

(a) The purpose of this §83.21 is descriptive only, and it shall be subject to the express terms and conditions of the policy form prescribed in §83.26.

(b) The initial policy issued by the insurer for commercial properties shall be known as the Commercial Crime Insurance Policy. Subject to its terms, the policy reimburses an insured for loss from robbery inside the premises, robbery outside the premises (up to a limit of $5,000 unless an armed guard accompanies the insured’s messenger), the wrongful taking of insured property by compelling an insured to admit a person into the premises, safe burglary and larceny incident thereto (up to a limit of $5,000 unless the insured property is in a Class E safe anchored to the floor), theft observed by the insured, burglary and larceny incident thereto, robbery of a watchman (not to exceed $50 for any one article of jewelry), and damage to the premises (of which the insured is owner or for which the insured is liable) as a result of any of the foregoing. The policy is subject to the exclusions set forth in §83.22, subject to the applicable requirements of this subchapter, such as
§ 83.22 Limits of coverage and number of applications required.

The Commercial Crime Insurance Policy may be written in amounts not less than $1,000 and not in excess of $15,000 for each insured premises. The maximum limit may not be increased (a) by insuring several departments of a single business or institution at one insurable premises as separate premises, or (b) by establishing separate businesses for different portions of business operations having a common majority ownership which are located at one insurable premises. Each $1,000 of insurance or fraction thereof shall be charged the applicable rate for the full $1,000 of insurance coverage. Insurable premises is defined as one premises or portion thereof utilized for the purpose of conducting the business of the insured. Two or more buildings which are adjoining and have a common connecting door or passageway are considered one building and should be included in one application. Multiple rooms or floors within one building are considered one premises and should be specifically enumerated on one application. Physically separate buildings or portions thereof must be covered on separate applications using the appropriate IRS number, with a different suffix on each application, in order to identify multiple premises of one business. The commercial policy form must be used by a business for residential properties owned or leased by said business, incorporated or otherwise and for model homes. Such risks must meet commercial protective device requirements. If an insured shares a premises with one or more other businesses but there is no physical barrier meeting protective device requirements to separate the business, the insured is entitled to coverage with limitations as described in §§82.5(i) and 83.22.  

§ 83.23 Amount of commercial policy deductible.

(a) The Commercial Crime Insurance Policy for industrial and commercial risks shall be subject to a deductible in the following amounts for each loss occurrence or 5 percent of the gross amount of the loss, whichever is greater, in accordance with the following categories of annual gross receipts (or operating budget, if applicable):

<table>
<thead>
<tr>
<th>Category of Annual Gross Receipts</th>
<th>Deductible</th>
</tr>
</thead>
<tbody>
<tr>
<td>Less than $299,999</td>
<td>$250</td>
</tr>
<tr>
<td>$300,000 to $499,999</td>
<td>350</td>
</tr>
<tr>
<td>$500,000 and above</td>
<td>500</td>
</tr>
</tbody>
</table>

(b) The Commercial Crime Insurance Policy for non-profit or public property risks shall be subject to a deductible in the amount of $250 for each loss occurrence or 5 percent of the amount of loss, whichever is greater.

(c) Higher deductibles, percentage participation clauses and other underwriting devices may be employed by the insurer to meet special problems of insurability.

§ 83.24 Classification of commercial risks.

(a) The governing factor in determining the risk classification applicable to a particular premises is the kind of business conducted by the insured at that location. If there are several types of merchandise applicable to the risk, the highest classification of merchandise inventoried and held for sale governs. For example, a business with the following types of merchandise inventoried, 60% handbags and wigs, and 40% fine jewelry, shall be classified as Class 5 Fine Jewelry.

Any change in classification must be reported to the insurer through the servicing company.
(b) Individual concessionaires operating within a premises are classified according to the business or merchandise of the concessionaire.

(c) Warehouses and/or other storage areas shall take the classification of the merchandise or inventory comprising the majority value of the contents.

(d) Following are minimum alarm requirements for various classifications of businesses:

<table>

Federal Emergency Management Agency § 83.24

393
§ 83.24a Gross receipts.

The annual gross receipts figure of a business is used as a significant factor in calculating the annual premium and for determining the deductible applicable to any loss. It is therefore material to the issuance of a policy and must be correctly stated. Misstatement of gross receipts at the time of application or any subsequent renewal will cause the policy to be voided and any claim denied. Gross receipts must be verified at the time of adjustment of any loss. Renewal payment of a Commercial Crime Insurance Policy will not be accepted and the policy renewed unless the current gross receipts figure is submitted with the premium payment. Failure to submit the gross receipts figure may result in a lapse of coverage. The following guidelines are applicable in determining the correct annual gross receipts figure to be reported.

(a) The annual gross receipts figure should be taken from the most recent annual Federal Income Tax Return (or comparable tax return in Puerto Rico and Virgin Islands) filed prior to the date of the application or renewal date. The figure is applicable to the policy for a period of one year and the policy can be changed in term to reduce or increase the premium because of a reduction or increase in gross receipts provided there are no incurred claims.

(b) A new business that has not as yet filed an annual Federal Income Tax Return (or ventas netas in Puerto Rico) shall insert an estimated projection of gross sales. However, an applicant is not considered to be a “new business” if any of the owners or officers of any similar business previously operated at the same address. In such a case the annual gross receipts figure as listed in the most recently filed income tax return of the former business should be used, if available. If such figure is not available, an estimate by the insured’s accountant of the annual gross receipts reasonably anticipated during the first year of operation will be accepted.

(c) A non-profit or public entity that has no gross receipts (ventas netas in Puerto Rico) or whose annual operating budget exceeds the gross receipts shall report its operating budget rather than gross receipts.

(d) The gross receipts figure for a bank or other financial institution shall be the total income line of the tax return (ventas netas in Puerto Rico) as derived from dividends, interest, investment income, capital gains and other income. If several branches of one business are covered, the total income shall be divided equally among the branches insured.

(e) The gross receipts figure (ventas netas for Puerto Rico) for a real estate, property management or similar type of business shall be the “Total Income” line of the tax return as derived from interest, rents, capital gains, other, etc.

(f)(1) A warehouse operated as a distribution center for store(s) under common ownership and management shall report the total gross receipts of the store(s) it supplies. If a warehouse supplies more than one store, it shall report the sum of the gross receipts figures for all the stores it supplies. If more than one warehouse supplies one store, the gross receipts figure applicable to the store shall be apportioned among the warehouses according to the percentage the value of merchandise supplied by each warehouse bears to the total value of merchandise supplied.

(2) A warehouse operated as a distribution center for store(s) not under common ownership and management shall report the total gross receipts of the warehouse only, if the business is taxed on gross receipts.

(3) A warehouse operated as a distribution center for store(s) not under common ownership and management shall report the “Total Income” line of the tax return as derived from interest, rents, capital gains, other, etc., if the business is not taxed on gross receipts.

(g) If an insured has multiple premises as defined in § 83.22, the gross receipts of the total business shall be divided among the various locations in accordance with the percentage of the total gross receipts generated by each location.

(h) If an insured premises is regularly utilized as a collection center for performing accounting or bookkeeping functions with respect to the receipts...
delivered from two or more other premises, resulting in the accumulation of the combined receipts from such other premises at one location, the gross receipts for such location shall be determined by using the sum of the gross receipts amounts of all the other premises from which receipts are received. Further, if such insured premises is regularly utilized as a collection center at which there is accumulated money or property for distribution to one or more other insured premises, the gross receipts for such location shall be determined by using the sum of the gross receipt amounts of all the other insured premises to which distribution is made.

(i) Any questions regarding gross receipts or unique or unusual risk requiring special rating treatment shall be submitted to the servicing company listed in §80.6 of this chapter for rate quotation.

§ 83.25 Commercial crime insurance rates.

(a) Premium rates for Commercial Crime Insurance Policies for risks shall be determined by reference to the rate charts contained in paragraph (e) of this section. The annual gross receipts shall be determined in accordance with §83.24(a).

(b) Option 1: An applicant may apply for insurance coverage under Insuring Agreements I, II, III, IV, and VII of the Commercial Policy dealing with Safe Burglary, Theft from Night Depository, and Burglary or Robbery of a Watchman, and Damage resulting from losses under Insuring Agreements I and VII only. Such coverage shall be referred to as Option 1.

(c) Option 2: An applicant may apply for insurance coverage under Insuring Agreements V, VI, VII, and VIII of the Commercial Policy dealing with Robbery and Observed Theft inside and outside the premises and Damage resulting from losses under Insuring Agreements V and VI only. Such coverage shall be referred to as Option 2.

(d) Option 3: An applicant may apply for insurance coverage under all of the Insuring Agreements I, II, III, IV, V, VI, and VII of the Commercial Crime Insurance Policy. This Option provides for uniform as well as varying limits of coverage under Option 1 and 2 but only in the same policy. Both Options 1 and 2 must be applied for at the same time. If one of the options has been selected the other option may be added upon a renewal or upon an endorsement of the original policy. A discount will be provided for Combined Coverage, Option 3.

(e) The following tables shall be used to determine rates for commercial risks:

Package Discount

Apply a factor of .90 to the total premium if both burglary and robbery are purchased.

§ 83.25a Application and date of commencement of coverage.

(a) Application for commercial Federal crime insurance shall be made only on forms approved by the Administrator. When a property is found by preinspection to comply with the applicable protective device requirements, coverage on property under a policy covering burglary losses will commence at 12:00 noon following the date of a U.S. Post Office affixed postmark, or proof of Certified or Registered mailing. In the absence of such postmark or other proof sufficient to substantiate the date of mailing, coverage will be effective at 12:00 noon following receipt by the servicing company, unless a later date is specified in the application.

(b) Coverage under a policy covering robbery only will commence as described in paragraph (a) of this section, except that protective device preinspection is not applicable. When both robbery and burglary coverages are applied for on an application, an advance request may be submitted with the application to issue a policy for Option 2 Robbery Only insurance coverage if the premises falls to meet the protective device requirements which must be complied with as a prerequisite to obtaining burglary coverage. In such an event the Option 2 policy covering only robbery losses will commence as described above.

[45 FR 41956, June 23, 1980]

§ 83.26 Required commercial policy form.

The following shall constitute the policy form for the commercial crime insurance policy, and no other policy form shall be used unless otherwise provided by this § 83.26.

(a) [Reserved]

(b) Commercial Crime Insurance Policy form:

Federal Insurance Administration

Commercial Crime Insurance Policy

The Federal Insurance Administrator, herein called the Insurer, agrees with the insured, named in the Application made a part hereof, in consideration of the payment of the premium and in reliance upon the statements in the Application, and subject to (1) the provisions of title VI of Public Law 91-609 and subchapter B, parts 80 et seq., chapter I, title 44 of the Code of Federal Regulations, and (2) the limits of insurance, exclusions, conditions, deductibles, and other terms of this Policy with respect to the following criminal acts:

Insuring Agreements

Option 1 (Burglary Only Including Safe Burglary)

Option 1 includes insurance coverage only under the individually numbered insuring Agreements I, II, III, and IV listed below.

I. Burglary: Robbery of a Watchman

To pay for loss by burglary or by robbery of a watchman, while the named premises are not open for business, of merchandise, furniture, fixtures and equipment within the named premises provided that this Insuring Agreement does not extend to the loss of money or securities or to cash value in excess of $50 for any item of jewelry unless such property is forcibly extracted from a locked safe as provided under Insuring Agreement II entitled “Safe Burglary” which follows:

II. Safe Burglary

To pay for loss by safe burglary of money, securities and merchandise within the named premises while the premises are not open for business, but no payment shall be made for loss not forcibly extracted from a locked safe, nor by a loss in excess of $5,000 except with respect to loss by safe burglary of a safe rated for burglary resistance as Class E or better weighing at least seven hundred and fifty pounds or securely anchored to the floor.

III. Damage

To pay for damage to the named premises and to money, securities, merchandise, furniture, fixtures and equipment within the named premises by burglary, robbery of a watchman, safe burglary or attempt thereat.
provided the insured is the owner thereof or is liable for such damage.

IV. Policy Period, Territory
To pay for losses under Insuring Agreements I, II, and III only when occurring during the policy period within a State, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands and such other territories or possessions of the United States, including the Trust Territory of the Pacific Islands, as defined in 12 U.S.C. 1746bbb-10a et seq. and set forth in 44 CFR part 80 et seq.

Option 2 (Robbery Only)
Option 2 includes insurance coverage only under the individually numbered insuring Agreement V, VI, VII and VIII listed below.

V. Robbery, Including Observed Theft Inside the Premises
To pay for loss by robbery or observed theft of money, securities, merchandise, furniture, fixtures, and equipment within the named premises.

VI. Robbery, Including Observed Theft, Outside of the Premises
To pay for loss by robbery or observed theft of money, securities and merchandise, including the wallet or bag containing such property while such property is in conveyance by the insured or his messenger outside the named premises, but no payment shall be made for any loss in excess of $5,000 except when the insured or his messenger is accompanied by a guard armed with a firearm. The person carrying the insured property and the armed guard cannot be the same person.

This Insuring Agreement includes theft from a night depository but only if a deposit of money has been made at a night depository of a banking institution by a bonded armored car messenger service.

VII. Damage
To pay for damage to the named premises and to money, securities, merchandise, furniture, fixtures and equipment within the named premises, by robbery or attempt thereat, provided the insured is the owner thereof or is liable for such damage.

VIII. Policy Period, Territory
To pay for losses under Insuring Agreements V, VI, VII only when occurring during the policy period within a State, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands and such other territories or possessions of the United States, including the Trust Territory of the Pacific Islands, as defined in 12 U.S.C. 1746bbb-10a et seq. and set forth in 44 CFR part 80 et seq.

Option 3 (Robbery and Burglary in Uniform and Varying Amounts)
Option 3 shall provide for uniform and varying limits of coverage under Option 1 and 2 but only in the same policy. Both Option 1 and 2 must be applied for at the same time.

If one of the options has been selected, the other option may be added upon a renewal or upon an endorsement of the original policy. A discount will be provided for Combined Coverage, Option 3.

Option 1 includes insurance coverage under all of the individually numbered Insuring Agreements listed under the headings Option 2 and Option 3, thus constituting a combination of equal amounts of robbery and burglary insurance coverage.

Option 2 includes insurance coverage only under the individually numbered insuring Agreements I, II, III and IV listed below:

I. Robbery, including observed theft inside the premises
To pay for loss by robbery or observed theft of money, securities, merchandise, furniture, fixtures, and equipment within the named premises.

II. Robbery, including observed theft outside of the premises
To pay for loss by robbery or observed theft of money, securities and merchandise, including the wallet or bag containing such property while such property is in conveyance by the insured or his messenger outside the named premises, but no payment shall be made for any loss in excess of $5,000 except when the insured or his messenger is accompanied by a guard armed with a firearm. The person carrying the insured property and the armed guard cannot be the same person.

This Insuring Agreement includes theft from a night depository but only if a deposit of money has been made at a night depository of a banking institution by a bonded armored car messenger service.

III. Damage
To pay for damage to the named premises and to money, securities, merchandise, furniture, fixtures and equipment within the named premises, by robbery or attempt thereat, provided the insured is the owner thereof or is liable for such damage.

IV. Policy Period, Territory
To pay for losses under Insuring Agreements I, II and III only when occurring during the policy period within a State, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands and such other territories or possessions of the United States, including the Trust Territory of the
§ 83.26

Option 3 includes insurance coverage only under the individually numbered Insuring Agreements V, VI, VII and VIII listed below.

V. Burglary, robbery of a watchman

To pay for loss by burglary or by robbery of a watchman, while the named premises are not open for business, of merchandise, furniture, fixtures and equipment within the named premises provided that the Insuring Agreement does not extend to the loss of money or securities or to cash value in excess of $50 for any item of jewelry unless such property is forcibly extracted from a locked safe as provided under Insuring Agreement VI entitled “Safe Burglary” which follows.

VI. Safe burglary

To pay for loss by safe burglary of money, securities and merchandise within the named premises while the premises are not open for business, but no payment shall be made for a loss in excess of $5000 except with respect to loss by safe burglary of a safe rated for burglary resistance as Class E or better weighing at least seven hundred and fifty pounds or securely anchored to the floor.

VII. Damage

To pay for damage to the named premises and to money, securities, merchandise, furniture, fixtures and equipment within the named premises by burglary, robbery of a watchman, safe burglary or attempt thereof, provided the insured is the owner thereof or is liable for such damage.

VIII. Policy period, territory

To pay for losses under Insuring Agreements V, VI, and VII only when occurring during the policy period within a State, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands and such other territories or possessions of the United States, including the Trust Territory of the Pacific Islands as defined in 12 U.S.C. 1749bb-2 and set forth in 44 CFR 55.1.

Option 4 shall include insurance coverage under all of the individually numbered Insuring Agreements listed under the headings Option 2 and 3 but constituting a combination of unequal amounts of burglary and glary insurance coverages.

Exclusions

This Policy does not apply:

(a) To loss due to embezzlement or to any fraudulent, dishonest or criminal act by any insured, a partner therein, or an officer, employee, director, trustee or authorized representative thereof while working or otherwise and whether acting alone or in collusion with others; provided that this exclusion does not apply to robbery or safe burglary by other than an insured, an officer or a partner thereof.

(b) To loss due to war, whether or not declared, civil war, insurrection, rebellion, or revolution, or to any act or condition incident to any of the foregoing;

(c) To loss of manuscripts, records, or accounts;

(d) Under Insuring Agreement I and II to loss occurring during a fire in the premises;

(e) To loss due to nuclear reaction, nuclear radiation, or radioactive contamination, or to any act or condition incident to any of the foregoing;

(f) To any loss if the premises are not equipped with the protective devices required as a condition of eligibility for the purchase of this policy or if the insured has failed to take reasonable action to maintain the protective devices in working order in accordance with the regulations of the Federal Insurance Administration, as published at the time of the inception of the current term of the policy in subchapter B, part 80 et seq., chapter I, Title 44, Code of Federal Regulations.

(g) To loss of personal property of: (1) The insured, an officer or partner thereof, (2) a permanent member of the household of an insured, (3) an employee of an insured; provided that this exclusion does not apply if such personal property is used in furtherance of the conduct of the insured's business.

(h) To loss of any vehicle having four or more wheels designed to be operated on any highway and for which a motor vehicle registration is required for such use.

(i) To loss from burglary or safe burglary at any embassy or consulate of any government other than that of the United States.

(j) To loss from burglary or safe burglary at any named premises which is vacant for a period of more than 60 days.

(k) To loss of property of a business (other than the insured’s business) that jointly occupies the named premises with the insured but whose business area is not separated from the insured's business area by a physical barrier. In such an instance the insured shall not be deemed liable to any persons for the property of the other business or businesses despite the location of such property in the same premises named by insured in his or its location.

(l) To loss from a night depository.

Conditions

1. Definitions—(a) Money. “Money” means currency, coins, bank notes, and bullion; and travelers checks, register checks, and money orders held for sale to the public.

(b) Securities. “Securities” means all negotiable and nonnegotiable instruments or contracts representing either money or other property and includes revenue and other
§ 83.26

Money, securities or merchandise willfully and knowingly under writed, coerced, threatened, or induced in any way, including any person who is in the regular service of and duly authorized by the insured, a partner therein, an officer thereof, or any employee thereof who is in the regular service of and duly authorized by the insured to have the care and custody of the insured property within the premises, excluding any person while acting as a watchman, porter, or janitor.

e. Messenger. “Messenger” means the insured, a partner therein, an officer thereof, or any employee thereof who is in the regular service of and duly authorized by the insured to have the care and custody of the insured property outside the premises. In addition “messenger” includes a bonded professional guard and an employee of a bonded armored car service.

f. In conveyance. Money, securities or merchandise is in conveyance while being transported by the insured or his messenger. If the transportation is interrupted for any purpose which is not incidental to or in furtherance of the transportation of the money or property to its destination, the conveyance ceases. Any merchandise offered for sale by the insured or messenger at a location other than the premises named in the policy is not in conveyance. However, the sale of an item merchandise or the performance of a service, other than check cashing, related to the insured’s business outside the premises which causes the insured or messenger to collect money from a customer is deemed incidental to and in furtherance of the transportation of money to its destination and that money thus collected and any other money is and remains in conveyance.

Conveyance is interrupted and coverage ceases when (1) the money, securities or merchandise is delivered into and possession relinquished at any premises other than the premises named in the policy, or (2) the money is deposited in a bank, or (3) when an insured or a messenger collecting money, securities or merchandise previously accumulated for his pickup, from more than one location remains with such property in any location for any time longer than reasonably necessary for him to take custody of such property, or (4) when an insured or a messenger transporting money, securities or merchandise willfully and knowingly under

takes any activity that increases the likelihood of his being exposed to robbery or reduces his ability to carry out his responsibility for the custody of the money or property.

Robbery. Robbery or robbery, including observed theft, means the taking of insured property (1) by violence inflicted upon a messenger or a custodian; (2) by putting him in fear of violence; (3) by entry or by larceny incident thereto.

b. Robbery. Robbery of a watchman is a felony committed in his presence and of which he was actually cognizant, provided such other act is not committed by an officer, partner, or employee of the insured; (4) from the person or direct care and custody of a messenger or custodian who has been killed or rendered unconscious; (5) from the premises by compelling a messenger or custodian by violence or threat of violence while outside the premises to admit a person into the premises or to furnish him with means of ingress into the premises; or (6) from a showcase or show window within the premises while regularly open for business, by a person who has broken the glass thereof from outside the premises.

g. Robbery of a watchman. “Robbery of a watchman” means a felonious taking of insured property by violence or threat of violence inflicted upon a private watchman employed exclusively by the insured and while such watchman is on duty within the premises.

i. Burglary. Burglary or burglary and larceny incident thereto means the felonious abstraction of insured property from within the premises by a person making felonious entry therein by actual force and violence, evidenced by visible marks upon, or physical damage to, the exterior of the premises at the place of such entry.

j. Safe burglary. Safe burglary or safe burglary and larceny incident thereto means (1) the felonious abstraction of insured property from within a vault or safe, the door or vault containing the safe, the door of which is equipped with a combination lock, located within the premises, by a person making felonious entry into such vault or such safe and any vault containing the safe, when all doors thereof are duly closed and locked by all combination locks thereon, provided such entry (2) shall be made by actual force and violence, evidenced by visible marks upon the exterior of (a) all of said doors of such vault or such safe and any vault containing the safe, if entry is made, if not made through such doors, or (b) the top, bottom, or walls of such vault or such safe and any vault containing the safe through which entry is made, if not made through such doors, or (2) the felonious abstraction of such safe from within the premises.

k. Jewelry. “Jewelry” means jewelry, watches, gems, precious or semiprecious stones, and articles containing one or more gems.

l. Loss. “Loss,” except as used in Insuring Agreements I through V, includes damage.
§ 83.26  44 CFR Ch. I (10–1–98 Edition)

(m) Safe. A safe is a non-portable money storage compartment not on wheels, which is reinforced with a minimum of ¼ inch solid steel plate throughout, with the exception of the door, which must be at least one inch thick, solid steel plate and equipped with a combination lock which is an integral part of the door.

A Class E Safe means a safe having walls at least 1 inch thick and doors at least 1 and ½ inches thick, or a vault of steel at least ½ inch thick or of reinforced concrete or stone at least 9 inches thick or of non-reinforced concrete or stone at least 9 inches thick or of non-reinforced concrete or stone at least 12 inches thick, with steel doors at least 1 and ½ inches thick.

(n) Merchandise includes customer’s property held for repair or other such work.

2. Ownership of property; interests covered. The insured property may be owned by the insured or held by him in any capacity, whether or not the insured is liable for the loss thereof: Provided, That the insurance applies only to the interest of the insured in such property, including the insured’s liability to others, and does not apply to the interest of any other person or organization in any of said property unless included in the insured’s proof of loss.

3. Joint insured. If more than one insured is named in the Application, the insured first named shall act for every insured for all purposes of this Policy. Knowledge possessed or discovery made by any insured shall, for all purposes, constitute knowledge possessed or discovery made by every insured.

4. Books and records. The insured shall keep records of all the insured property in such manner that the Insurer can accurately determine therefrom the amount of loss, and if the insured maintains cash funds for the purpose of check cashing, a complete record of each check negotiated shall be kept by the insured showing the names of the maker, payee and drawee bank, and the date and amount of the check, and such records shall be maintained in a receptacle other than used for money and securities.

5. Limits of liability; settlement options. The Insurer shall not be liable on account of any loss unless the amount of such loss shall exceed the amount of the deductible described in the Application which is made a part of the Policy and the insurer shall then be liable only for such excess over and above the deductible, subject to and within the limit of insurance covered by the Policy.

The limit of the insurer’s liability for loss shall not exceed the applicable limit of insurance stated in the Application, nor what it would cost at the time of loss to repair or replace the property with property of like kind and quality, nor as respects securities the actual cash value thereof at the close of business on the business day next preceding the day on which the loss was discovered, nor as respects other property to the actual cash value thereof at the time of loss: provided, however, that the actual cash value of such other property held or originally acquired by the insured as a pledge, or as collateral for an advance or a loan, shall be deemed not to exceed the value of the property as determined and recorded by the insured when making the advance or loan, nor, in the absence of such record, the unpaid portion of the advance or loan plus accrued interest thereon at legal rates.

The applicable limit of insurance stated in the Application is the total limit of the Insurer’s liability with respect to all loss of property of one or more persons or organizations arising out of any one occurrence. All loss incidental to an actual or attempted fraudulent, dishonest or criminal act or series of related acts at the premises, whether committed by one or more persons, shall be deemed to arise out of one occurrence.

The Insurer may pay for the loss in money or may repair or replace the property and may settle any claim for loss of property either with the insured or the owner thereof. Any property so paid for or replaced shall become the property of the Insurer. Any property recovered after settlement of a loss shall be applied first to the expense of the parties in making such recovery, with any balance applied as if the recovery had been made prior to said settlement, and loss readjusted accordingly. The insured or the Insurer, upon recovery of any such property, shall give notice thereof as soon as practicable to the other.

(6) Upon knowledge of loss or of an occurrence which may give rise to a claim for loss, the insured shall (a) give notice thereof as soon as practicable to law enforcement authorities and to the Insurer through its authorized agent and (b) file detailed proof of loss duly sworn to, with the Insurer through its authorized agent within sixty (60) days after the discovery of loss unless such time is extended by the Federal Insurance Administrator in writing. The Administrator may, in his or her discretion, waive the requirement that the proof of loss be sworn to. Upon the insurer’s request, the insured and every claimant hereunder shall submit to examination by the insurer, subscribe the same under penalty of 18 U.S.C. 1003 pertaining to fraud and false representation, and produce all pertinent records, all at such reasonable times and places as shall be designated, and shall cooperate with the insurer in all matters pertaining to loss or claims with respect thereto. The insured shall as a condition of continued coverage take reasonable action immediately following the discovery of a loss to protect the premises from further loss.

7. Other insurance. If there is any other valid and collectible insurance which would
apply in the absence of this Policy, the insurance under this Policy shall apply only as excess insurance over such other insurance: Provided, that the insurance shall not apply (a) to property which is separately described and enumerated and specifically insured in whole or in part by any other insurance; or (b) to property otherwise insured unless such property is owned by the insured.

8. Appraisal. If the Insured and the Insurer fail to agree as to the amount of loss, each shall, on the written demand of either, made within sixty (60) days after receipt of proof of loss by the Insurer, appoint a competent and disinterested appraiser, and the appraisal shall be made at a reasonable time and place within thirty (30) days after the two appraisers are appointed. If the appraisers fail to agree, they shall jointly select a competent and disinterested third appraiser and submit the question to him within fifteen (15) days thereafter. The first two appraisers shall state separately the actual cash value at time of loss and the amount of the loss. Subsequent agreement in writing by any two of the three appraisers within thirty (30) days after the third appraiser was selected shall be considered binding upon him and shall not be considered binding upon any of the other two appraisers unless the amount of the loss shall be considered by the Insurer in determining the amount of the loss but shall not be admissible as such in court. The insured and the Insurer shall each pay its chosen appraiser and shall bear equally the expenses of the third appraiser and the other expenses of appraisal. The Insurer shall not be held to have waived any of its rights by any act relating to appraisal.

9. Action against insurer. No action shall lie against the Insurer unless, as a condition precedent thereto, there shall have been compliance with all the terms of this Policy and the applicable regulations of the Federal Insurance Administration, nor until ninety (90) days after the required proofs of loss have been filed with the Insurer, nor at all unless commenced within two years from the date when the insured discovers the loss and within one year after the date upon which the claimant received written notice of disallowance or partial disallowance of the claim. Any such action shall be brought in a U.S. district court, as required by 12 U.S.C. 1749b-11.

10. Subrogation. In the event of any payment under this Policy, the Insurer shall be subrogated to all the insured’s rights of recovery therefor against any person or organization and the insured shall execute and deliver instruments and papers and do whatever else is necessary to secure such rights. The insured shall do nothing after loss to prejudice such rights.

11. Changes. Notice to any agent or knowledge possessed by any agent or by any other person shall not effect a waiver or a change in any part of this Policy or upset the Insurer from the asserting any right under the terms of this Policy; nor shall the terms of this Policy be waived or challenged, except by endorsement issued to form a part of this Policy, as approved by the Federal Insurance Administrator.

12. Cancellation. This Policy may be cancelled by the insured by surrender thereof to the Insurer or any of its authorized agents or by mailing to the Insurer written notice stating when thereafter the cancellation shall be effective. The grounds for cancellation of coverage by the Insurer shall be limited to those set forth in subchapter B, parts 80 et seq., chapter I, Title 44 of the Code of Federal Regulations. Except as otherwise provided by such regulations, notice of cancellation by the Insurer shall be mailed to the named insured at the address shown in this Policy, stating when the loss shall be the thirtieth (30) days thereafter such cancellation shall be effective. The mailing of notice as aforesaid shall be sufficient proof of notice. The time of the surrender or the effective date of cancellation stated in the notice shall become the end of the Policy period. Delivery of such written notice either by the named insured or by the Insurer shall be equivalent to mailing. In the event of cancellation, earned premium shall be computed in accordance with the customary short rate table and procedure, unless otherwise specifically provided in said regulations issued by the Insurer. Premium adjustment may be made either at the time cancellation is effected or as soon as practicable after cancellation becomes effective, but payment or tender of unearned premium is not a condition of cancellation.

13. Assignment. Assignment of interest under this Policy shall not bind the Insurer until its consent is endorsed hereon; if, however, the insured shall die, this Policy shall cover the insured’s legal representative as insured: provided that notice of cancellation addressed to the insured named in the Application and mailed to the address shown in this Policy shall be sufficient notice to effect cancellation of this Policy.

14. Declarations. By signing the Application or by acceptance of this Policy the insured certifies and agrees, under penalty of Federal law dealing with fraud and false representation (18 U.S.C. 1001), that the statements in the Application are his agreements and representations, that this Policy is issued in reliance upon the truth of such representations, that he is aware of the applicability of the regulations issued by the Insurer, and that this Policy and said regulations embody all agreements existing between himself and the Insurer or any of its agents relating to this insurance.

In witness whereof, the Federal Insurance Administrator has accepted the declarations.
of the insured set forth in the Application
and has caused this Policy to be issued.

(c) Such endorsements to the Commercial Crime Insurance Policy forms as the insurer may approve.

[Federal Insurance Administrator.]

§ 150.1 Background and purpose.

The regulations in this part are issued under the authority of the Federal Fire Prevention and Control Act of 1974 (the Act), 15 U.S.C. 2201 et seq. The Act establishes two classes of honorary awards for public safety officers and directs the issuance of the necessary joint regulations by the Director of the Federal Emergency Management Agency (FEMA) and the Attorney General. The functions of the Secretary of Commerce were transferred by Reorganization Plan No. 3 of 1978 to the Director, FEMA. Since initial passage of the Act, civil defense functions which then were delegated to the Secretary of Defense have been delegated to the Director, FEMA. Section 15 of the Act has been amended to delete the Secretary of Defense from participating in the granting of awards. See Public Law 98-241, 98 Stat. 95, 96 (1984). The Director, FEMA, and the Attorney General are issuing this regulation to implement the statutory provisions for FEMA and the Department of Justice.

§ 150.2 Definitions.

Civil defense officer (or member of a recognized civil defense or emergency preparedness organization) means any individual who is assigned to and is performing the assigned tasks of the unit or organization which has been given a mission under the direction or operational control of a Civil Defense or Emergency Preparedness Director/Coordinator in accordance with a Federal, State or local emergency plan and sanctioned by the government concerned. This also includes emergency management officers. This includes volunteers and paid employees for any governmental entity.

Distinguished Public Safety Service Award means the Secretary's Award for Distinguished Public Safety Service, presented by either the Attorney General or the Director of FEMA to public safety officers for distinguished service in the field of public safety.

FEMA means the Federal Emergency Management Agency.

Firefighter means a member, regardless of rank or duties, of any organization (including such Federal organizations) in any State consisting of personnel, apparatus, and equipment which has as its purpose protecting property and maintaining the safety and welfare of the public from the dangers of fire. This term includes volunteer or paid employees. The location of any such organization may include, but is not limited to, a Federal installation, a State, city, town, borough, parish, county, fire district, rural fire district or other special district.

Law enforcement officer means a person involved in the control or reduction of crime and juvenile delinquency or enforcement of the criminal laws. This includes, but is not limited to, police, corrections, probation, parole, and court officers, and Federal civilian officers in such capacities.

Nominating official means the head of a Federal government department or agency, or his delegate(s), the governor or other head of a State, or the chief executive or executives of any
§ 150.3 Nomination process.

(a) The Nominating Officials nominating Firefighters and Civil Defense Officers shall submit their nominations for the President’s Award or Distinguished Public Safety Service Award to the Executive Secretary, Joint Public Safety Awards Board, National Emergency Training Center, Emmitsburg, MD 21727. Copies of all nominations shall also be forwarded, depending on the category of the nominee, as follows:

(1) Firefighter:

FEMA, Attention: Superintendent, National Fire Academy, Emmitsburg, MD 21727

(2) Civil defense officer (or member of a recognized civil defense or emergency preparedness organization):

FEMA, Attention: Superintendent, Emergency Management Institute, Emmitsburg, MD 21727

(b) The Nominating Officials nominating law enforcement, corrections or court officers shall submit their nominations for the President’s Award or Distinguished Public Safety Service Awards to: Assistant Attorney General for Administration, U.S. Department of Justice, Washington, DC 20530.

(c) All nominations shall be submitted in writing in accordance with the requirements prescribed in this section and §150.4 at the earliest practicable date after the performance of the act or acts for which the nomination is made. Nominations for each year shall be made before November 15; any received thereafter will be considered as having been made for the following year. However, for the year 1983, nominations may be made by February 28, 1985.

(d) Nominations for the President’s Award or the Distinguished Public Safety Service Award should include the name of the candidate, his/her position, title and address, and public agency served, the locale where the candidate performs his/her duties, the name, address and telephone number of the nominating official, a summary describing the outstanding contribution, distinguished service or extraordinary valor, and the dates relating thereto. The description should be sufficiently concise and specific to justify the request for recognition of the public safety officer through the presentation of either of the awards. Copies of any published factual accounts of the nominee’s accomplishment should also be attached when available.

(e) An annual invitation shall be issued by the Joint Board for nominations for the President’s Award and, on behalf of the Attorney General and the Director of FEMA, for the Distinguished Public Safety Service Award. The invitation shall be issued by letter or by notice in appropriate publications of interest to the public safety community. However, nominating officials need not wait for such invitation but may nominate at the most appropriate time in accordance with the other provisions of this part. Approved by the Office of Management and Budget under Control No. 3067-0150.

§ 150.4 Nomination and selection criteria.

(a) Nominations for the President’s Award of the Distinguished Public Safety Service Award shall be made on the basis of, and in conformity with, the following uniform criteria.

(1) President’s Award. Documentation accompanying the nomination for this
Federal Emergency Management Agency § 150.6

Award must indicate not only that the nominee unquestionably meets the standards established for the Distinguished Public Safety Service Award (see paragraph (a)(2) of this section), but also deserves greater public recognition because he/she has demonstrated unique qualities of courage, imagination or ability, which have resulted in outstanding contributions to the public safety.

(2) Distinguished Public Safety Service Award. Nomination for this award shall clearly show that the public safety officer’s qualifying service or act is marked by courage, imagination or ability or has resulted in a significant contribution to the public safety accomplished through an originality of effort which far exceeds the expected quality of performance of the normal duties assigned to the nominee.

(b) A nomination shall specify whether it is being submitted for the President's Award or the Distinguished Public Safety Award.

§150.5 Joint Public Safety Awards Board.

(a) A Joint Public Safety Awards Board (Joint Board) is hereby established to fulfill the responsibilities of the Director of FEMA and the Attorney General by administering the process of nomination for the President's Award and by participating in the selection process with the Executive Office of the President. The Joint Board shall consist of ten representatives who are Federal employees and are of appropriate rank (at or equivalent to grades GM-14 or above). Five persons shall be named by and represent the Director of FEMA, and five persons shall be named by and represent the Attorney General. The representatives serving on the Joint Board shall select one of their number to act as the chairperson.

(b) Representatives on the Joint Board shall serve in addition to their regular duties and without additional compensation. Consistent with the requirements of this part, the members of the Joint Board shall establish the procedures by which the selections for the President's Award shall be made to assure the timely presentation of these awards.

(c) A National Emergency Training Center employee shall act as Executive Secretary of the Joint Board. The Executive Secretary shall perform such functions as are appropriate to the Board's responsibilities, including the receipt of all nominations and the communication of nomination information, for the purpose of receiving comments thereon, from members of the public safety community pursuant to §150.5(e). The Executive Secretary shall be appointed by the Associate Director, Training and Fire Programs of FEMA.

(d) The Joint Board shall review the nominations for the President's Award and shall recommend to the Director, FEMA, and the Attorney General by February 1 of each year, those nominees determined by it to merit consideration for the President's Award together with reasons therefor. The Director and the Attorney General shall then recommend to the President those nominees determined by them to merit the President's Award, together with the reasons therefor. Recommendations for 1983 shall be submitted on or before March 29, 1985.

(e) The Joint Board may request that persons representing a cross-section of the national public safety community comment upon nominations made to the Board for the President's Award. Both the request for comments and the comments themselves shall be made in writing.

[49 FR 39845, Oct. 11, 1984, as amended at 50 FR 3350, Jan. 24, 1985]

§150.6 Design and procurement of awards.

(a) The Joint Board shall consult with the Department of the Treasury and the Executive Office of the President in regard to the design and procurement of the appropriate citations and medal for the President's Award in accordance with applicable laws and regulations.

(b) Insofar as practicable, the designs for Distinguished Public Safety Service Awards of FEMA and the Department of Justice shall be coordinate so as to avoid distinctly different recognition of the various public safety officers.
§ 150.7 Selection process.

(a) President's Award. Nominations for the President's Award shall be reviewed, and winners selected by the President (or his designee) in accordance with the requirements of §150.3, the criteria in §150.4(a)(1), and the procedures of §150.5.

(b) Distinguished Public Safety Service Award. Upon receipt of nominations for this Award, the Director of FEMA or the Attorney General shall cause an evaluation and selection of the nominees to be made in accordance with the requirements of §150.3 and the criteria prescribed in §150.4(a)(2). In reviewing nominations, the Attorney General or the Director of FEMA may request that persons representing the relevant segment of the national public safety community comment upon the nomination and accompanying documentation. Both the request for comments and the comments themselves shall be made in writing.

(c) Individuals nominated for the President's Award who are considered not to meet the criteria for the Award by the Joint Board or who are not recommended to or selected by the President shall be automatically considered by the appropriate authority for nomination for the Distinguished Public Safety Service Award.

(d) Individuals nominated for the Distinguished Public Safety Service Award may be considered by the Joint Board for the President's Award if the Director of FEMA or the Attorney General determines that consideration for the President's Award is merited.

§ 150.8 Presentation of awards.

(a) Presentation of the President's Award shall be made at such time, place and circumstances as the Executive Office of the President directs. There shall not be more than twelve President's Awards given out during any calendar year.

(b) Presentation of the Distinguished Public Safety Service Award shall be made by the Attorney General or the Director of FEMA or a designee at such time, place and circumstances as the Director of FEMA or the Attorney General determines. There is no limit on the number of these awards made during any calendar year.

§ 150.9 Funding.

(a) President's Award. The costs involved in designing and striking the medal to be presented in conjunction with the President's Award shall be prorated among the agencies concerned. The cost of producing the medal and printing the certificate shall be borne by FEMA if the recipient is a firefighter or a civil defense officer. If the award recipient is a law enforcement officer, then such cost shall be borne by the Department of Justice.

(b) Distinguished Public Safety Service Award. All expenses in connection with this Award shall be borne by the appropriate Agency.

§ 150.10 Date of submission of nominations.

Nominations may only be submitted for acts, services, or contributions occurring within two years preceding the November 15 cut-off date described in §150.3(c) of this part. However, nominations submitted prior to the February 28, 1985 cut-off date may be made for acts, services or contributions occurring on or after October 29, 1972 (two years before the effective date of the Act).

[50 FR 3350, Jan. 24, 1985]
Federal Emergency Management Agency

§ 151.03

SOURCE: 49 FR 5929, Feb. 16, 1984, unless otherwise noted.

Subpart A—Purpose, Scope, Definitions

§ 151.01 Purpose.

Section 11 of the Federal Fire Prevention and Control Act of 1974, provides that “each fire service that engages in the fighting of a fire on property which is under the jurisdiction of the United States may file a claim with the Director of the Federal Emergency Management Agency for the amount of direct expenses and direct losses incurred by such fire service as a result of fighting such fire.” This part, implements section 11 of the Act and governs the submission, determination, and appeal of claims under section 11.

§ 151.02 Scope.

Fire services, in any State, may file claims for reimbursement under section 11 and this part for the direct expenses and losses which are additional firefighting costs over and above normal operating costs incurred while fighting a fire on property which is under the jurisdiction of the United States. Section 11 requires that certain payments be deducted from those costs and that the Treasury Department will ordinarily pay the amount resulting from the application of that formula. Where the United States has entered into a contract (which is not a mutual aid agreement, defined in § 151.03) for the provision of fire protection, and it is the intent of the parties that reimbursement under section 11 is unavailable, this intent will normally govern. Where a mutual aid agreement is in effect between the claimant and an agency of the United States for the property upon which the fire occurred, reimbursement will be available in otherwise proper situations. However, any payments (including the value of services) rendered under the agreement during the term of the agreement (or the Federal fiscal year in which the fire occurred, if no term is discernible) shall be deducted from the costs claimed, pursuant to § 151.12.

§ 151.03 Definitions.

(b) Additional firefighting costs over and above normal operating costs means reasonable and authorized (or ratified by a responsible Federal official) costs ordinarily associated with the function of firefighting as performed by a fire service. Such costs would normally arise out of response of personnel and apparatus to the site of the fire, search and rescue, exposure protection, fire containment, ventilation, salvage, extinguishment, overhaul, and preparation of the equipment for further use. This would also include costs associated with emergency medical services to the extent normally rendered by a fire service in connection with a fire. Not included are administrative expenses, costs of employee benefits, insurance, disability, death, litigation or health care, and the costs associated with processing claims under section 11 of the Act and this part.

(c) Director means the Director of the Federal Emergency Management Agency, or his/her designee.

(d) Claimant means a fire service as defined in paragraph (g) of this section.

(e) Direct expenses and losses means expenses and losses which would not have been incurred had not the fire in question taken place. This includes salaries for specially employed personnel, overtime pay, the cost of supplies expended, and the depreciated value of equipment destroyed or damaged. It does not include such costs as the ordinary wages of firefighters, overhead costs, or depreciation (if based on other than hours of use during fires). Expenses as defined herein would normally be incurred after the first call or alarm and would normally cease upon the first of the following: Return to station, report in-service and ready for further operations, or commence response to another incident.

(f) Fire means any instance of destructive or uncontrolled burning, including scorch burns and explosions of combustible dusts or solids, flammable liquids, and gases. The definition does
§ 151.11 Submission of claims.

Any fire service in any State which believes it has a claim(s) cognizable under section 11 shall submit its claim(s) in writing within 90 days of the occurrence of the fire(s) for which a claim(s) is made. If the fire is of such duration that the claimant desires to submit a claim before its conclusion, it may do so, but only for the eligible costs actually incurred to date. Additional claims may be filed for costs not included the following except where they cause fire or occur as a consequence of fire: Lightning or electrical discharge, explosion of steam boilers, hot water tanks, or other pressure vessels, explosions of ammunition or other detonating materials, overheating, mechanical failures, or breakdown of electrical equipment in power transmission facilities, and accidents involving ships, aircraft, or other vehicles. Not included in this definition are any costs associated with false alarms, regardless of cause.

(g) Fire service means any organization in any State consisting of personnel, apparatus, and equipment which has as its purpose protecting property and maintaining the safety and welfare of the public from the dangers of fire, including a private firefighting brigade. The personnel of any such organization may be paid employees or unpaid volunteers or any combination thereof. The location of any such organization and its responsibility for extinguishment and suppression of fires may include, but need not be limited to, a State, city, town, borough, parish, county, fire district, fire protection district, rural fire district, or other special district.

(h) Mutual aid agreement means any reciprocal agreement whether written or oral between a Federal agency and the claimant fire service or its parent jurisdiction, for the purpose of providing fire protection for the property of the United States upon which the fire which gave rise to the claim occurred and for other property for which the claimant normally provides fire protection. Such agreement must be primarily one of service rendered for service, or must be entered into under 42 U.S.C. 1856 through 1856d. Not included are all other agreements and contracts, particularly those in which the intent of the parties is that the United States pays for fire protection.

(i) FEMA means the Federal Emergency Management Agency.

(j) Over and above normal operating expenses means costs, losses and expenses which are not ordinarily and necessarily associated with the maintenance, administration, and day-to-day operations of a fire service and which would not have been incurred absent the fire out of which the claim arises.

(k) Payments to the fire service or its parent jurisdiction, including taxes or payments in lieu of taxes, the United States has made for the support of fire services on the property in question means any Federal monies, or the value of services, including those made available through categorical or block grants, contracts, mutual aid agreements, taxes, and payments in lieu of taxes which the United States has paid to the fire service or its parent jurisdiction for fire protection and firefighting services. Such payments will be determined on the basis of the term of the arrangement, or if no such term is discernible, on the basis of the Federal fiscal year in which the fire occurred.

(l) Property which is under the jurisdiction of the United States means real property and Federal improvements thereon and appurtenances thereto in which the United States holds legal fee simple title. This excludes Federal leasehold interests. This likewise excludes Federal personal property on land in which the United States does not hold fee simple title.

(m) State means any State of the United States of America, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, The Commonwealth of the Northern Mariana Islands, the Trust Territory of the Pacific Islands, and any other territory or possession of the United States.
Federal Emergency Management Agency

§ 151.12

later incurred. Claims shall be submitted to the Director, FEMA, Washington, DC, 20472. Each claim shall include the following information:

(a) Name, address, jurisdiction and nature (volunteer, private, municipal, etc.) of claimant’s fire service organization;

(b) Name, title, address and telephone number of individual authorized by the claimant fire service to make this claim in its behalf and his/her certification as to the accuracy of the information provided;

(c) Name and telephone number of Federal employee familiar with the facts of the event and the name and address of the Federal agency having jurisdiction over the property on which the fire occurred;

(d) Proof of authority to fight the fire (source of alarm, whether fire service was requested by responsible Federal official or whether such an official accepted the assistance when offered);

(e) Personnel and equipment committed to fighting of fire (type of equipment and number of items); and an itemized list of direct expenses (e.g., hours of equipment operation, fuel costs, consumables, overtime pay and wages for any specially hired personnel) and direct losses (e.g., damaged or destroyed equipment, to include purchase cost, estimate of the cost of repairs, statement of depreciated value immediately preceding and subsequent to the damage or destruction and the extent of insurance coverage) actually incurred in fighting the fire. A statement should be included explaining why each such expense or loss is considered by the claimant not to be a normal operating cost, or to be in excess of normal operating costs;

(f) Copy of fire report which includes the location of the fire, a description of the property burned, the time of alarm, etc.;

(g) Such other information or documentation, as the Director considers relevant to those considerations to be made in determining the amount authorized for payment, as set forth in § 151.12 of these regulations;

(h) Source and amount of any payments received or to be received for the fiscal year in which the fire occurred, including taxes or payments in lieu of taxes and including all monies received or receivable from the United States through any program or agreement including categorical or block grants, and contracts, by the claimant fire service or its parent jurisdiction for the support of fire services on the property on which the fire occurred. If this information is available when the claim is submitted, it should accompany the claim. If it is not, the information should be submitted as soon as practicable, but no later than 15 days after the end of the Federal fiscal year in which the fire occurred.

(Approved by Office of Management and Budget under control number 3067-0141)

§ 151.12 Determination of amount authorized for payment.

(a) The Director shall determine the amount to be paid on a claim (subject to payment by the Department of the Treasury). The amount to be paid is the total of eligible expenses, costs and losses under paragraph (a)(1) of this section which exceeds the amount of payments under paragraph (a)(2) of this section. The Director shall establish the reimbursable amount by determining:

(1) The extent to which the fire service incurred additional firefighting costs, over and above its normal operating costs, in connection with the fire which is the subject of the claim, i.e., the “amount of costs”; and

(2) What payments, if any, including taxes or payments in lieu of taxes, the fire service or its parent jurisdiction has received from the United States for the support of fire services on the property on which the fire occurred.

The reimbursable amount is the amount, if any, by which the amount of costs, determined under paragraph (a)(1) of this section exceeds the amount of payments determined under paragraph (a)(2) of this section. Where more than one claim is filed the aggregate reimbursable amount is the amount by which the total amount of costs, determined under paragraph (a)(1) of this section exceed the amount of Federal payments (in the case of a mutual aid agreement—its term or if
§ 151.13

none is determinable, the Federal fiscal year) determined under paragraph (a)(2) of this section.

(b) The Director will first determine the costs as contemplated in paragraph (a)(1) of this section. The Director will then notify the claimant as to that amount. The claimant must indicate within 30 days its acceptance or rejection of that amount.

(1) If the determination is accepted by the claimant, this will be the final and conclusive determination of the amount of costs by the claimant in conjunction with the fire for which the claims are submitted.

(2) If the claimant rejects this amount, it must notify the Director, within 30 days, of its reasons for its rejection. Upon receipt of notification of rejection, the Director shall reconsider his determination and notify the claimant of the results of the reconsideration. The amount determined on reconsideration will constitute the costs to be used by the Director in determining the reimbursable amount.

(c) Upon receipt of documentation from the claimant on the amount of payments the Federal Government has made for the support of fire services on the property in question, the Director will, following such verification or investigation as the Director may deem appropriate, calculate the full amount to be reimbursed under the section 11 formula as set forth in §151.12(a). This calculation of the reimbursable amount is based upon the costs determined pursuant to §151.12(b) and the documentation of Federal payments that the claimant submitted.

(d) The Director's determination of the reimbursable amount will be sent to the Secretary of the Treasury. The Secretary of the Treasury shall, upon receipt of the claim and determination made under §151.12(a), (b), and (c), determine the amount authorized for payment, which shall be the amount actually available for payment from any moneys in the Treasury not otherwise appropriated but subject to reimbursement (from any appropriations which may be available or which may be made available for the purpose) by the Federal department or agency under whose jurisdiction the fire occurred. This shall be a sum no greater, although it may be less, that the reimbursable amount determined by the Director, FEMA, with respect to the claim under §151.12(a), (b) and (c).

(e) Upon receipt of written notification from the claimant of its intention to accept the amount authorized as full settlement of the claim, accompanied by a properly executed document of release, the Director will forward the claim, a copy of the Director's determination and the claimant's document of release to the Secretary of the Treasury for payment of the claim in the amount authorized.

(f) Subject to the discovery of additional material evidence, the Director may reconsider any determination in this section, whether or not made as his final determination.

[49 FR 5929, Feb. 16, 1984, as amended at 49 FR 38119, Sept. 27, 1984]

§ 151.13 Reconsideration of amount authorized for payment.

(a) If the claimant elects to protest the amount authorized for payment, after the applicable procedures of §151.12 have been followed, it must within 30 days of receipt of notification of the amount authorized notify the Director in writing of its objections and set forth the reasons why the Director should reconsider the determination. The Director will upon notice of protest and receipt of additional evidence reconsider the determination of the amount of Federal payments under §151.12(a)(2) but not the determination of the amount of costs under §151.12(a)(1). The Director shall cause a reconsideration by the Secretary of the Treasury of the amount actually available and authorized for payment by the Treasury. The Director, upon receipt of the Secretary of the Treasury's reconsidered determination, will notify the claimant in writing of the amount authorized, upon reconsideration, for payment in full settlement of the claim.

(b) If the claimant elects to accept the amount authorized, upon reconsideration, for payment in full settlement of its claims, it must within 30 days (or a longer period of time acceptable to the Director) of its receipt of that determination notify the Director of its acceptance in writing accompanied by

Source: 60 FR 11236, Mar. 1, 1995, unless otherwise noted.

Subpart A—Purpose, Scope, Definitions

§ 152.1 Purpose.
This part establishes the uniform administrative rules under which States or consortia of States will request consideration for competitive arson research, prevention and control grant award(s), and details the associated administrative procedures which will be required of applicants and recipients.

§ 152.2 Scope.
This part applies to all States or consortia of States requesting competitive consideration of their respective proposals, and all those States or consortia of States actually awarded arson grants under this authority.

§ 152.3 Definitions.
Administrative costs means those actual expenses incurred by a grantee to oversee and execute the specific administrative provisions of the grant award,
§ 152.4 Grant goals.

Grant applications for these grant awards must promote one or more of the following 10 goals:

(a) To improve the training by States leading to professional certification of arson investigators in accordance with nationally recognized certification standards. Certification of arson investigators is to be accomplished in accordance with State guidelines, by appropriate State authorities.

(b) To provide resources for the formulation of arson task forces or interagency organizational arrangements involving police and fire departments and other relevant local agencies, such as a State arson bureau and the office of a fire marshal of a State.

(c) To combat fraud as a cause of arson, and to advance research at the State and local levels on the significance and prevention of fraud as a motive for setting fires.

(d) To provide for the management of arson squads including:

1. Training courses for fire departments in arson case management including standardization of investigative techniques and reporting methodology;
2. The preparation of arson unit management guides; and
3. The development and dissemination of new public education materials relating to the arson problem; proposals should address all three subactivities in support of the management of an arson squad.

(e) To combat civil unrest as a cause of arson, and to advance research at the State and local levels on the prevention and control of arson linked to urban disorders.

(f) To combat juvenile arson, such as juvenile fire setter counseling programs and similar intervention programs, and to advance research at the State and local levels on the prevention of juvenile arson.

(g) To combat drug-related arson, and to advance research at the State and local levels on the causes and prevention of drug-related arson.

(h) To combat domestic violence as a cause of arson, and to advance research...
at the State and local levels on the prevention of arson arising from domestic violence.

(i) To combat arson in rural areas and to improve the capability of firefighters to identify and prevent arson initiated fires in rural areas and public forests.

(j) To improve the capability of firefighters to identify and combat arson through expanded training programs, including:

(1) Training courses at the State fire academies; and

(2) Innovative courses at the National Fire Academy (NFA) and made available to volunteer firefighters through regional delivery methods, including teleconferencing and satellite delivered television programs.

(k) Proposals addressing goals in paragraphs (a), (i), and (j) of this section would be encouraged to rely, at least in part on training course materials and offerings currently available through the NFA. Proposals should specifically identify which training components would be utilized and how they would be delivered. In the event Course content, other than that available from the NFA is proposed, the applicant will include copies of the proposed training materials with the proposal.

(l) In addition, applicants should make specific reference in their proposal(s) as to those efforts being made to provide improved and more widely available arson training courses which demonstrate particular emphasis on the needs of volunteer firefighters.

§ 152.5 State qualification criteria.

Each State or consortium of States will demonstrate by appropriate means and provide such assurances as are deemed adequate by the Administrator that the State, or consortium of States:

(a) Will obtain at least 25 percent of the cost(s) funded by the grant, in cash or in kind, from non-Federal sources.

(b) Will not as a result of receiving the grant decrease the prior level of spending of funds of the State or consortium from non-Federal sources for arson research, prevention, and control programs. The applicant(s) will provide a concise overview of the level of funding dedicated to these areas for each of the two previous fiscal years. This information will be included in the grant file and is subject to post audit reviews. The applicant's responsible official will provide appropriate certification that the recipient is cognizant of this condition of award, and that no diminution of funding is to result in such anti-arson efforts in the event of a grant award. Violation of this grant award condition may subject the recipient to termination of the grant, and forfeiture of unused portions of grant funds, and other applicable administrative or criminal sanctions.

(c) Will use no more than 10 percent of the funds provided under the grant for administrative costs of the programs. Actual administrative cost incurred, not to exceed 10 percent for the funds provided, may be funded through the grant. It is recognized that the administrative costs may exceed the allocation limit, in such cases the additional expense will be born by the recipient. Excess administrative costs will not be considered part of the recipients required `contribution' as noted in paragraph (a) of this section; and

(d) Is making efforts to ensure that all local jurisdictions will provide arson data to the National Fire Incident Reporting System (NFIRS) or the
§ 152.6 Uniform Crime Reporting (UCR) program.

(1) The State, or consortia of States, will provide, as part of the application process, such information as will describe its current efforts to ensure that all local jurisdictions will provide data to NFIRS or UCR.

(2) This description should include the current level of local jurisdiction participation in each of the respective data collection programs. It should detail the State's reporting criteria, and data collection requirements, and statutory reporting mandates, if applicable. It should specifically identify the constructive efforts (both incentives and penalties to local jurisdiction's participation) underway to achieve complete reporting, and identify the actions, if any, to be taken under the proposed grant to achieve the participation target; and

(e) Has a policy to promote actively the training of its firefighters in cardiopulmonary resuscitation (CPR). The applicant(s) may demonstrate their fulfillment of this requirement by providing a true copy of the policy with the proposal, or by such other means as would reasonably attest to the applicant's active promotion of CPR training for all firefighters.

§ 152.6 Grant application procedures.

(a)(1) Applicants, both singly and in consortia, must format their proposals so as to assure the grant goal(s) identified in § 152.4 are clearly addressed and that the work plan descriptions of the level of effort, program activity, and program budgets are specific to each of the selected target goals.

(2) The legislation directs that awards be made in support of each of the ten (10) goals enumerated in § 152.4. The competitive evaluation of the proposals will be done on a goal by goal basis, and the grant awards will be made accordingly. In effect, all of the proposals received that address, for example § 152.4(a), will be reviewed against the competitive evaluation criteria detailed in § 152.8 in relation to achieving that goal. The best overall proposal will be the recipient of the award. Each of the other proposals offered in support of each of the other goals will likewise be assessed. The State or consortia of States may submit proposals addressing more than one of the goals. Applicants must however insure that the proposal detail is separable in its entirety, goal by goal. States, or consortia of States, applying for the competitive grants available under this section will comply with and are bound by all of the applicable provisions of 44 CFR parts 13 and 14 with respect to the Uniform Administrative Requirements for Grants to State Governments, and the Administration of Grants: Audits of State Governments.

(b) The application will identify the requestor's status as a:

(1) State; or

(2) Consortium of States, (detailing each of the States in the consortium).

(c) The application will specifically identify both the responsible State organizational element (e.g., the Office of the State Fire Marshal) and the responsible Official/Individual who will administer the grant in the event of an award. Grant requests from consortia of States will include this information for each of the States, and will identify which one of these responsible Officials will serve as the grant's administrative coordinator with USFA.

(d) The information provided will include the following:

(1) The applicant's complete organizational title;

(2) The applicant's complete mailing address;

(3) The name and title of the State's designated responsible Official;

(4) The responsible Official's complete mailing address; and

(5) The responsible Official's telephone and facsimile numbers.

(e) The application will indicate specifically which of the 10 grant goals in § 152.4 the proposed grant activities are intended to address. Consortia proposals may propose that each of the consortia States address a particular goal or group of goals singularly, or the States may approach the selected goals, in part or in whole, collectively.

(f) The application will provide specific work plans which detail the means by which the applicant(s) intends to pursue the selected goal's attainment through the grant. The work
§ 152.8 Competitive evaluation criteria.

Each grant application-program proposal received will be competitively assessed against the following criteria:

(a) The degree to which the proposal is seen to address the targeted goal or each goal in a combination of goals;

(b) The scope and effect of the proposed initiative in relation to the proposed program cost;

(c) The degree to which the proposed activity demonstrates an effective and efficient integration of a variety of program resources;

(d) The degree to which the proposed activity could sustain itself upon the completion of the grant performance period;

(e) The degree to which the proposed activity supports a “model program initiative” suitable for replication in other jurisdictions;

(f) The degree to which the proposed activity would target intervention strategies addressing high-risk groups, properties, or specific conditions.

(g) The degree to which the activity proposed would produce a lasting anti-arson program, initiative, or other such appropriate outcome;

(h) The degree to which the proposed activity promotes the introduction of new technology, innovative techniques, or nontraditional approaches to reduce the nation’s arson problem;
§ 152.9 Reporting requirements.

(a) Each State, or consortium of States, which is the recipient of a grant under this authority, by acceptance of the award, agrees to provide to the satisfaction of the Administrator and in timely fashion, any and all such documentation as may be requested or required to detail the methods and amounts of grant funds disbursement and such other record keeping, retention of records and the additional provision of information by the Grantee as may be required by the awarding Agency and applicable regulation.

(b) The reporting requirements will consist of primarily the two following types:

(1) Quarterly progress and financial status reports; and
(2) Final progress report and financial status report. The final progress report will include a summary evaluation of the program related activities under the grant. It will identify the evaluation methodology and the assessment values applied to critique the grant’s effectiveness in relation to achieving the targeted goal(s).

Subpart C—Administration

§ 152.10 Extension.

The Administrator has discretionary authority to extend the duration of grants made under this part for one or more additional periods. Grant recipients desiring an extension of the grant performance period, will request such extensions in writing at least sixty (60) days prior to the expiration of the grant period. The request will include the reason for the requested extension, a description of the effect(s) on the program if the extension is not granted, and a statement that no additional Federal funds would be necessary to support the grant activities during the extension period. Grant extension requests may not be utilized to request additional funding.

§ 152.11 Technical assistance.

The Administrator shall provide technical assistance to States in carrying out the program(s) funded by grants under the Act. This assistance will consist of providing the customary and usual information on the application process, deadlines, program and financial reporting requirements, and related grant program activities support. This provision is not intended to suggest that USFA will provide other than grant related support and technical assistance. Grant proposals should not suggest or rely upon other program related services, staff support or monies from USFA to be any part of the proposed grant activities, except as provided in this part.

§ 152.12 Consultation and cooperation.

The Administrator would consult and cooperate with other Federal agencies to enhance program effectiveness and avoid duplication of effort, including the conduct of regular meetings initiated by the Administrator with representatives of other Federal agencies concerned with arson and concerned with efforts to develop a more comprehensive profile of the magnitude of the national arson problem.

§ 152.13 Audits.

In accordance with applicable regulations, all the grants awarded under this part and all records of the recipient would be subject to audit by appropriate Federal Emergency Management Agency staff or other responsible authority.

§ 152.14 Penalties.

The recipient designated responsible official or others who provide information or documentation to Federal officials in connection with the activities or funds authorized by or expended through these grants are subject to, among other laws, the criminal penalties of 18 U.S.C. 287 and 1001, which punish the submission of false, fictitious or fraudulent claims and the making of false, fictitious or fraudulent statements. Such actions are punishable by the imposition of a fine not
to exceed $10,000.00 or imprisonment for not more than five (5) years, or both. Such a violation may also subject the responsible official to the civil penalties set out in 31 U.S.C. 3729 and 3730.

Subpart A—General

Source: 55 FR 2288, Jan. 23, 1990, unless otherwise noted.

§ 206.1 Purpose.

(a) Purpose. The purpose of this subpart is to prescribe the policies and procedures to be followed in implementing those sections of Public Law 93-288, as amended, delegated to the Director, Federal Emergency Management Agency (FEMA). The rules in this subpart apply to major disasters and emergencies declared by the President on or after November 23, 1988, the date of enactment of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121 et seq.

(b) Prior regulations. Prior regulations relating to major disasters and emergencies declared by the President before November 23, 1988 were published in 44 CFR part 205 (see 44 CFR part 205 as contained in the CFR edition revised as of October 1, 1994).

[59 FR 53363, Oct. 24, 1994]

§ 206.2 Definitions.

(a) General. The following definitions have general applicability throughout this part:

(2) Applicant: Individuals, families, States and local governments, or private nonprofit organizations who apply
for assistance as a result of a declaration of a major disaster or emergency.

(3) Associate Director or Executive Associate Director:
   (i) Unless otherwise specified in subparts A through L of this part, the Associate Director or Executive Associate Director of the Response and Recovery Directorate, or his/her designated representative.
   (ii) Unless otherwise specified in subparts M and N of this part, the Associate Director or Executive Associate Director of the Mitigation Directorate, or his/her designated representative.

(4) Concurrent, multiple major disasters:
   In considering a request for an advance, the term concurrent multiple major disasters means major disasters which occur within a 12-month period immediately preceding the major disaster for which an advance of the non-Federal share is requested pursuant to section 319 of the Stafford Act.

(5) Contractor: Any individual, partnership, corporation, agency, or other entity (other than an organization engaged in the business of insurance) performing work by contract for the Federal Government or a State or local agency.

(6) Designated area: Any emergency or major disaster-affected portion of a State which has been determined eligible for Federal assistance.

(7) Director: The Director, FEMA.

(8) Disaster Recovery Manager (DRM): The person appointed to exercise the authority of a Regional Director for a particular emergency or major disaster.

(9) Emergency: Any occasion or instance for which, in the determination of the President, Federal assistance is needed to supplement State and local efforts and capabilities to save lives and to protect property and public health and safety, or to lessen or avert the threat of a catastrophe in any part of the United States.

(10) Federal agency: Any department, independent establishment, Government corporation, or other agency of the executive branch of the Federal Government, including the United States Postal Service, but shall not include the American National Red Cross.

(11) Federal Coordinating Officer (FCO): The person appointed by the Director, or in his absence, the Deputy Director, or alternatively the Associate Director, to coordinate Federal assistance in an emergency or a major disaster.

(12) Governor: The chief executive of any State or the Acting Governor.

(13) Governor’s Authorized Representative (GAR): The person empowered by the Governor to execute, on behalf of the State, all necessary documents for disaster assistance.

(14) Hazard mitigation: Any cost effective measure which will reduce the potential for damage to a facility from a disaster event.

(15) Individual assistance: Supplementary Federal assistance provided under the Stafford Act to individuals and families adversely affected by a major disaster or an emergency. Such assistance may be provided directly by the Federal Government or through State or local governments or disaster relief organizations. For further information, see subparts D, E, and F of these regulations.

(16) Local government: Any county, city, village, town, district, or other political subdivision of any State; any Indian tribe or authorized tribal organization; any Alaska Native village or organization; and includes any rural community, unincorporated town or village, or other public entity for which an application for assistance is made by a State or political subdivision thereof.

(17) Major disaster: Any natural catastrophe (including any hurricane, tornado, storm, high water, wind-driven water, tidal wave, tsunami, earthquake, volcanic eruption, landslide, mudslide, snowstorm, or drought), or, regardless of cause, any fire, flood, or explosion, in any part of the United States, which in the determination of the President causes damage of sufficient severity and magnitude to warrant major disaster assistance under this Act to supplement the efforts and available resources of States, local governments, and disaster relief organizations in alleviating the damage, loss, hardship, or suffering caused thereby.

(18) Mission assignment: Work order issued to a Federal agency by the Regional Director, Associate Director, or
Director, directing completion by that agency of a specified task and citing funding, other managerial controls, and guidance.

(19) Private nonprofit organization: Any nongovernmental agency or entity that currently has:
   (i) An effective ruling letter from the U.S. Internal Revenue Service granting tax exemption under section 501 (c), (d), or (e) of the Internal Revenue Code of 1954, or
   (ii) Satisfactory evidence from the State that the organization or entity is a nonprofit one organized or doing business under State law.

(20) Public assistance: Supplementary Federal assistance provided under the Stafford Act to State and local governments or certain private, nonprofit organizations other than assistance for the direct benefit of individuals and families. For further information, see subparts G and H of these regulations. Community Disaster Loans under section 417 of the Stafford Act and Fire Suppression Grants under section 420 of the Stafford Act are also included in Public Assistance. See subparts K and L of these regulations.

(21) Regional Director: A director of a regional office of FEMA, or his/her designated representative. As used in these regulations, Regional Director also means the Disaster Recovery Manager who has been appointed to exercise the authority of the Regional Director for a particular emergency or major disaster.

(22) State: Any State of the United States, the District of Columbia, Puerto Rico, the Virgin Islands, Guam, American Samoa, the Trust Territory of the Pacific Islands, the Commonwealth of the Northern Mariana Islands, the Federated States of Micronesia, or the Republic of the Marshall Islands.

(23) State Coordinating Officer (SCO): The person appointed by the Governor to act in cooperation with the Federal Coordinating Officer to administer disaster recovery efforts.

(24) State emergency plan: As used in section 401 or section 501 of the Stafford Act means that State plan which is designated specifically for State-level response to emergencies or major disasters and which sets forth actions to be taken by the State and local governments, including those for implementing Federal disaster assistance.

(25) Temporary housing: Temporary accommodations provided by the Federal Government to individuals or families whose homes are made uninhabitable by an emergency or a major disaster.

(26) United States: The 50 States, the District of Columbia, Puerto Rico, the Virgin Islands, Guam, American Samoa, the Trust Territory of the Pacific Islands, and the Northern Mariana Islands.

(27) Voluntary organization: Any chartered or otherwise duly recognized tax-exempt local, State, or national organization or group which has provided or may provide needed services to the States, local governments, or individuals in coping with an emergency or a major disaster.

(b) Additional definitions. Definitions which apply to individual subparts are found in those subparts.

§ 206.3 Policy.

It is the policy of FEMA to provide an orderly and continuing means of assistance by the Federal Government to State and local governments in carrying out their responsibilities to alleviate the suffering and damage that result from major disasters and emergencies by:

(a) Providing Federal assistance programs for public and private losses and needs sustained in disasters;

(b) Encouraging the development of comprehensive disaster preparedness and assistance plans, programs, capabilities, and organizations by the States and local governments;

(c) Achieving greater coordination and responsiveness of disaster preparedness and relief programs;

(d) Encouraging individuals, States, and local governments to obtain insurance coverage and thereby reduce their dependence on governmental assistance; and

(e) Encouraging hazard mitigation measures, such as development of land-use and construction regulations, floodplain management, protection of wetlands, and environmental planning, to reduce losses from disasters.
§ 206.4  State emergency plans.

The State shall set forth in its emergency plan all responsibilities and actions specified in the Stafford Act and these regulations that are required of the State and its political subdivisions to prepare for and respond to major disasters and emergencies and to facilitate the delivery of Federal disaster assistance. Although not mandatory, prior to the adoption of the final plan, the State is encouraged to circulate the plan to local governments for review and comment.

§ 206.5  Assistance by other Federal agencies.

(a) In any declared major disaster, the Associate Director or the Regional Director may direct any Federal agency to utilize its authorities and the resources granted to it under Federal law (including personnel, equipment, supplies, facilities, and managerial, technical, and advisory services) to support State and local assistance efforts.

(b) In any declared emergency, the Associate Director or the Regional Director may direct any Federal agency to utilize its authorities and the resources granted to it under Federal law (including personnel, equipment, supplies, facilities, and managerial, technical, and advisory services) to support emergency efforts by State and local governments to save lives; protect property, public health and safety; and lessen or avert the threat of a catastrophe.

(c) In any declared major disaster or emergency, the Associate Director or the Regional Director may direct any Federal agency to provide emergency assistance necessary to save lives and to protect property, public health, and safety by:

(1) Utilizing, lending, or donating to State and local governments Federal equipment, supplies, facilities, personnel, and other resources, other than the extension of credit, for use or distribution by such governments in accordance with the purposes of this Act;

(2) Distributing medicine, food, and other consumable supplies; or

(3) Performing work or services to provide emergency assistance authorized in the Stafford Act.

(d) Disaster assistance by other Federal agencies is subject to the coordination of the FCO. Federal agencies shall provide any reports or information about disaster assistance rendered under the provisions of these regulations or authorities independent of the Stafford Act, that the FCO or Regional Director considers necessary and requests from the agencies.

(e) Assistance furnished by any Federal agency under paragraphs (a), (b), or (c) of this section is subject to the criteria provided by the Associate Director under these regulations.

(f) Assistance under paragraphs (a), (b), or (c) of this section, when directed by the Associate Director or Regional Director, does not apply to nor shall it affect the authority of any Federal agency to provide disaster assistance independent of the Stafford Act.

(g) In carrying out the purposes of the Stafford Act, any Federal agency may accept and utilize, with the consent of the State or local government, the services, personnel, materials, and facilities of any State or local government, agency, office, or employee. Such utilization shall not make such services, materials, or facilities Federal in nature nor make the State or local government or agency an arm or agent of the Federal Government.

(h) Any Federal agency charged with the administration of a Federal assistance program may, if so requested by the applicant State or local authorities, modify or waive, for a major disaster, such administrative conditions for assistance as would otherwise prevent the giving of assistance under such programs if the inability to meet such conditions is a result of the major disaster.

§ 206.6  Donation or loan of Federal equipment and supplies.

(a) In any major disaster or emergency, the Associate Director or the Regional Director may direct Federal agencies to donate or loan their equipment and supplies to State and local governments for use and distribution by them for the purposes of the Stafford Act.
Federal Emergency Management Agency

§ 206.8

(b) A donation or loan may include equipment and supplies determined under applicable laws and regulations to be surplus to the needs and responsibilities of the Federal Government. The State shall certify that the surplus property is usable and necessary for current disaster purposes in order to receive a donation or loan. Such a donation or loan is made in accordance with procedures prescribed by the General Services Administration.

§ 206.7 Implementation of assistance from other Federal agencies.

All directives, known as mission assignments, to other Federal agencies shall be in writing, or shall be confirmed in writing if made orally, and shall identify the specific task to be performed and the requirements or criteria to be followed. If the Federal agency is to be reimbursed, the letter will also contain a dollar amount which is not to be exceeded in accomplishing the task without prior approval of the issuing official.

§ 206.8 Reimbursement of other Federal agencies.

(a) Assistance furnished under §206.5 (a) or (b) of this subpart may be provided with or without compensation as considered appropriate by the Associate Director or Regional Director.

(b) The Associate Director or the Regional Director may not approve reimbursement of costs incurred while performing work pursuant to disaster assistance authorities independent of the Stafford Act.

(c) Expenditures eligible for reimbursement. The Associate Director or the Regional Director may approve reimbursement of the following costs which are incurred in providing requested assistance.

(1) Overtime, travel, and per diem of permanent Federal agency personnel.

(2) Wages, travel, and per diem of temporary Federal agency personnel assigned solely to performance of services directed by the Associate Director or the Regional Director in the major disaster or emergency area designated by the Regional Director.

(3) Cost of work, services, and materials procured under contract for the purposes of providing assistance directed by the Associate Director or the Regional Director.

(4) Cost of materials, equipment, and supplies (including transportation, repair, and maintenance) from regular stocks used in providing directed assistance.

(5) All costs incurred which are paid from trust, revolving, or other funds, and whose reimbursement is required by law.

(7) Costs submitted by an agency with written justification or otherwise agreed to in writing by the Associate Director or the Regional Director and the agency.

(d) Procedures for reimbursement. Federal agencies performing work under a mission assignment will submit requests for reimbursement, as follows:

(1) Federal agencies may submit requests for reimbursement of amounts greater than $1,000 at any time. Requests for lesser amounts may be submitted only quarterly. An agency shall submit a final accounting of expenditures after completion of the agency’s work under each directive for assistance. The time limit and method for submission of reimbursement requests will be stipulated in the mission assignment letter.

(2) An agency shall document its request for reimbursement with specific details on personnel services, travel, and all other expenses by object class as specified in OMB Circular A-12 and by any other subobject class used in the agency’s accounting system. Where contracts constitute a significant portion of the billings, the agency shall provide a listing of individual contracts and their associated costs.

(3) Reimbursement requests shall cite the specific mission assignment under which the work was performed, and the major disaster or emergency identification number. Requests for reimbursement of costs incurred under more than one mission assignment may not be combined for billing purposes.
§ 206.9 Nonliability.

The Federal Government shall not be liable for any claim based upon the exercise or performance of, or the failure to exercise or perform a discretionary function or duty on the part of a Federal agency or an employee of the Federal Government in carrying out the provisions of the Stafford Act.

§ 206.10 Use of local firms and individuals.

In the expenditure of Federal funds for debris removal, distribution of supplies, reconstruction, and other major disaster or emergency assistance activities which may be carried out by contract or agreement with private organizations, firms, or individuals, preference shall be given, to the extent feasible and practicable, to those organizations, firms, and individuals residing or doing business primarily in the area affected by such major disaster or emergency. This shall not be considered to restrict the use of Department of Defense resources in the provision of major disaster assistance under the Stafford Act.

§ 206.11 Nondiscrimination in disaster assistance.

(a) Federal financial assistance to the States or their political subdivisions is conditioned on full compliance with 44 CFR part 7, Nondiscrimination in Federally-Assisted Programs.

(b) All personnel carrying out Federal major disaster or emergency assistance functions, including the distribution of supplies, the processing of the applications, and other relief and assistance activities, shall perform their work in an equitable and impartial manner, without discrimination on the grounds of race, color, religion, nationality, sex, age, or economic status.

(c) As a condition of participation in the distribution of assistance or supplies under the Stafford Act, or of receiving assistance under the Stafford Act, government bodies and other organizations shall provide a written assurance of their intent to comply with regulations relating to nondiscrimination.

(d) The agency shall make available to employees, applicants, participants, beneficiaries, and other interested parties such information regarding the provisions of this regulation and its applicability to the programs or activities conducted by the agency, and make such information available to them in such manner as the head of the agency finds necessary to apprise such persons of the protections against discrimination assured them by the Act and this regulation.

§ 206.12 Use and coordination of relief organizations.

(a) In providing relief and assistance under the Stafford Act, the FCO or Regional Director may utilize, with their consent, the personnel and facilities of the American National Red Cross, the Salvation Army, the Mennonite Disaster Service, and other voluntary organizations in the distribution of medicine, food, supplies, or other items, and in the restoration, rehabilitation, or reconstruction of community services and essential facilities, whenever the FCO or Regional Director finds that such utilization is necessary.

(b) The Associate Director is authorized to enter into agreements with the American Red Cross, The Salvation Army, the Mennonite Disaster Service, and other voluntary organizations engaged in providing relief during and after a major disaster or emergency. Any agreement shall include provisions assuring that use of Federal facilities, supplies, and services will be in compliance with §206.11, Nondiscrimination in
§ 206.16 Audit and investigations.

(a) Subject to the provisions of chapter 75 of title 31, United States Code, and 44 CFR part 14, relating to requirements for single audits, the Associate Director or Regional Director shall conduct audits and investigations as necessary to assure compliance with the Stafford Act, and in connection therewith may question such persons as may be necessary to carry out such audits and investigations.

(b) For purposes of audits and investigations under this section, FEMA or State auditors, the Governor’s Authorized Representative, the Regional Director, the Associate Director, and the Comptroller General of the United States, or their duly authorized representatives, may inspect any books, documents, papers, and records of any

Federal Emergency Management Agency

Disaster Assistance, and § 206.191, Duplication of Benefits, of these regulations and such other regulations as the Associate Director may issue. The FCO may coordinate the disaster relief activities of the voluntary organizations which agree to operate under his/her direction.

(c) Nothing contained in this section shall be construed to limit or in any way affect the responsibilities of the American National Red Cross as stated in Public Law 58-4.

§ 206.13 Standards and reviews.

(a) The Associate Director shall establish program standards and assess the efficiency and effectiveness of programs administered under the Stafford Act by conducting annual reviews of the activities of Federal agencies and State and local governments involved in major disaster or emergency response efforts.

(b) In carrying out this provision, the Associate Director or Regional Director may direct Federal agencies to submit reports relating to their disaster assistance activities. The Associate Director or the Regional Director may request similar reports from the States relating to these activities on the part of State and local governments. Additionally, the Associate Director or Regional Director may conduct independent investigations, studies, and evaluations as necessary to complete the reviews.

§ 206.14 Criminal and civil penalties.

(a) Misuse of funds. Any person who knowingly misapplies the proceeds of a loan or other cash benefit obtained under this Act shall be fined an amount equal to one and one-half times the misapplied amount of the proceeds or cash benefit.

(b) Civil enforcement. Whenever it appears that any person has violated or is about to violate any provision of this Act, including any civil penalty imposed under this Act, the Attorney General may bring a civil action for such relief as may be appropriate. Such action may be brought in an appropriate United States district court.

(c) Referral to Attorney General. The Associate Director shall expeditiously refer to the Attorney General for appropriate action any evidence developed in the performance of functions under this Act that may warrant consideration for criminal prosecution.

(d) Civil penalty. Any individual who knowingly violates any order or regulation issued under this Act shall be subject to a civil penalty of not more than $5,000 for each violation.

§ 206.15 Recovery of assistance.

(a) Party liable. Any person who intentionally causes a condition for which Federal assistance is provided under this Act or under any other Federal law as a result of a declaration of a major disaster or emergency under this Act shall be liable to the United States for the reasonable costs incurred by the United States in responding to such disaster or emergency to the extent that such costs are attributable to the intentional act or omission of such person which caused such condition. Such action shall be brought in an appropriate United States District Court.

(b) Rendering of care. A person shall not be liable under this section for costs incurred by the United States as a result of actions taken or omitted by such person in the course of rendering care or assistance in response to a major disaster or emergency.

§ 206.16 Audit and investigations.

(a) Subject to the provisions of chapter 75 of title 31, United States Code, and 44 CFR part 14, relating to requirements for single audits, the Associate Director or Regional Director shall conduct audits and investigations as necessary to assure compliance with the Stafford Act, and in connection therewith may question such persons as may be necessary to carry out such audits and investigations.

(b) For purposes of audits and investigations under this section, FEMA or State auditors, the Governor’s Authorized Representative, the Regional Director, the Associate Director, and the Comptroller General of the United States, or their duly authorized representatives, may inspect any books, documents, papers, and records of any
§ 206.17

person relating to any activity undertaken or funded under the Stafford Act.

§ 206.17 Effective date.

These regulations are effective for all major disasters or emergencies declared on or after November 23, 1988.

§§ 206.18-206.30 [Reserved]

Subpart B—The Declaration Process

SOURCE: 55 FR 2292, Jan. 23, 1990, unless otherwise noted.

§ 206.31 Purpose.

The purpose of this subpart is to describe the process leading to a Presidential declaration of a major disaster or an emergency and the actions triggered by such a declaration.

§ 206.32 Definitions.

All definitions in the Stafford Act and in §206.2 apply. In addition, the following definitions apply:

(a) Appeal: A request for reconsideration of a determination on any action related to Federal assistance under the Stafford Act and these regulations. Specific procedures for appeals are contained in the relevant subparts of these regulations.

(b) Commitment: A certification by the Governor that the State and local governments will expend a reasonable amount of funds to alleviate the effects of the major disaster or emergency, for which no Federal reimbursement will be requested.

(c) Disaster Application Center: A center established in a centralized location within the disaster area for individuals, families, or businesses to apply for Federal aid.

(d) FEMA-State Agreement: A formal legal document stating the understandings, commitments, and binding conditions for assistance applicable as the result of the major disaster or emergency declared by the President.

(e) Incident: Any condition which meets the definition of major disaster or emergency as set forth in §206.2 which causes damage or hardship that may result in a Presidential declaration of a major disaster or an emergency.

(f) Incident period: The time interval during which the disaster-causing incident occurs. No Federal assistance under the Act shall be approved unless the damage or hardship to be alleviated resulted from the disaster-causing incident which took place during the incident period or was in anticipation of that incident. The incident period will be established by FEMA in the FEMA-State Agreement and published in the Federal Register.

§ 206.33 Preliminary damage assessment.

The preliminary damage assessment (PDA) process is a mechanism used to determine the impact and magnitude of damage and the resulting unmet needs of individuals, businesses, the public sector, and the community as a whole. Information collected is used by the State as a basis for the Governor’s request, and by FEMA to document the recommendation made to the President in response to the Governor’s request. It is in the best interest of all parties to combine State and Federal personnel resources by performing a joint PDA prior to the initiation of a Governor’s request, as follows.

(a) Preassessment by the State. When an incident occurs, or is imminent, which the State official responsible for disaster operations determines may be beyond the State and local government capabilities to respond, the State will request the Regional Director to perform a joint FEMA-State preliminary damage assessment. It is not anticipated that all occurrences will result in the requirement for assistance; therefore, the State will be expected to verify their initial information, in some manner, before requesting this support.

(b) Damage assessment teams. Damage assessment teams will be composed of at least one representative of the Federal Government and one representative of the State. A local government representative, familiar with the extent and location of damage in his/her community, should also be included, if possible. Other State and Federal agencies, and voluntary relief organizations may also be asked to participate, as
needed. It is the State's responsibility to coordinate State and local participation in the PDA and to ensure that the participants receive timely notification concerning the schedule. A FEMA official will brief team members on damage criteria, the kind of information to be collected for the particular incident, and reporting requirements.

(c) Review of findings. At the close of the PDA, FEMA will consult with State officials to discuss findings and reconcile any differences.

(d) Exceptions. The requirement for a joint PDA may be waived for those incidents of unusual severity and magnitude that do not require field damage assessments to determine the need for supplemental Federal assistance under the Act, or in such other instances determined by the Regional Director upon consultation with the State. It may be necessary, however, to conduct an assessment to determine unmet needs for managerial response purposes.

§ 206.34 Request for utilization of Department of Defense (DOD) resources.

(a) General. During the immediate aftermath of an incident which may ultimately qualify for a Presidential declaration of a major disaster or emergency, when threats to life and property are present which cannot be effectively dealt with by the State or local governments, the Associate Director may direct DOD to utilize DOD personnel and equipment for removal of debris and wreckage and temporary restoration of essential public facilities and services.

(b) Request process. The Governor of a State, or the Acting Governor in his/her absence, may request such DOD assistance. The Governor should submit the request to the Associate Director through the appropriate Regional Director to ensure prompt acknowledgment and processing. The request must be submitted within 48 hours of the occurrence of the incident. Requests made after that time may still be considered if information is submitted indicating why the request for assistance could not be made during the initial 48 hours. The request shall include:

(1) Information describing the types and amount of DOD emergency assistance being requested;

(2) Confirmation that the Governor has taken appropriate action under State law and directed the execution of the State emergency plan;

(3) A finding that the situation is of such severity and magnitude that effective response is beyond the capabilities of the State and affected local governments and that Federal assistance is necessary for the preservation of life and property;

(4) A certification by the Governor that the State and local government will reimburse FEMA for the non-Federal share of the cost of such work; and

(5) An agreement:

(i) To provide all lands, easements and rights-of-way necessary to accomplish the approved work without cost to the United States;

(ii) To hold and save the United States free from damages due to the requested work, and to indemnify the Federal government against any claims arising from such work; and

(iii) To assist DOD in all support and local jurisdictional matters.

(c) Processing the request. Upon receipt of the request, the Regional Director shall gather adequate information to support a recommendation and forward it to the Associate Director. If the Associate Director determines that such work is essential to save lives and protect property, he/she will issue a mission assignment to DOD authorizing direct Federal assistance to the extent deemed appropriate.

(d) Implementation of assistance. The performance of emergency work may not exceed a period of 10 days from the date of the mission assignment.

(e) Limits. Generally, no work shall be approved under this section which falls within the statutory authority of DOD or another Federal agency. However, where there are significant unmet needs of sufficient severity and magnitude, not addressed by other assistance, which could appropriately be addressed under this section of the Stafford Act, the involvement of other Federal agencies would not preclude the authorization of DOD assistance by the Associate Director.
§ 206.35 Requests for emergency declarations.

(a) When an incident occurs or threatens to occur in a State, which would not qualify under the definition of a major disaster, the Governor of a State, or the Acting Governor in his/her absence, may request that the President declare an emergency. The Governor should submit the request to the President through the appropriate Regional Director to ensure prompt acknowledgment and processing. The request must be submitted within 5 days after the need for assistance under title V becomes apparent, but no longer than 30 days after the occurrence of the incident, in order to be considered. The period may be extended by the Associate Director provided that a written request for such extension is made by the Governor, or Acting Governor, during the 30-day period immediately following the incident. The extension request must stipulate the reason for the delay.

(b) The basis for the Governor's request must be the finding that the situation:

1. Is of such severity and magnitude that effective response is beyond the capability of the State and the affected local government(s); and
2. Requires supplementary Federal emergency assistance to save lives and to protect property, public health and safety, or to lessen or avert the threat of a disaster.

(c) In addition to the above findings, the complete request shall include:

1. Confirmation that the Governor has taken appropriate action under State law and directed the execution of the State emergency plan;
2. Information describing the State and local efforts and resources which have been or will be used to alleviate the emergency;
3. Information describing other Federal agency efforts and resources which have been or will be used in responding to this incident; and
4. Identification of the type and extent of additional Federal aid required.

(d) Modified declaration for Federal emergencies. The requirement for a Governor's request under paragraph (a) of this section can be waived when an emergency exists for which the primary responsibility rests in the Federal government because the emergency involves a subject area for which, under the Constitution or laws of the United States, the Federal government exercises exclusive or preeminent responsibility and authority. Any party may bring the existence of such a situation to the attention of the FEMA Regional Director. Any recommendation for a Presidential declaration of emergency in the absence of a Governor's request must be initiated by the Regional Director or transmitted through the Regional Director by another Federal agency. In determining that such an emergency exists, the Associate Director or Regional Director shall consult the Governor of the affected State, if practicable.

(e) Other authorities. It is not intended for an emergency declaration to preempt other Federal agency authorities and/or established plans and response mechanisms in place prior to the enactment of the Stafford Act.
Federal Emergency Management Agency

§ 206.36 Requests for major disaster declarations.

(a) When a catastrophe occurs in a State, the Governor of a State, or the Acting Governor in his/her absence, may request a major disaster declaration. The Governor should submit the request to the President through the appropriate Regional Director to ensure prompt acknowledgment and processing. The request must be submitted within 30 days of the occurrence of the incident in order to be considered. The 30-day period may be extended by the Associate Director, provided that a written request for an extension is submitted by the Governor, or Acting Governor, during this 30-day period. The extension request will stipulate reasons for the delay.

(b) The basis for the request shall be a finding that:

(1) The situation is of such severity and magnitude that effective response is beyond the capabilities of the State and affected local governments; and

(2) Federal assistance under the Act is necessary to supplement the efforts and available resources of the State, local governments, disaster relief organizations, and compensation by insurance for disaster-related losses.

(c) In addition to the above findings, the complete request shall include:

(1) Confirmation that the Governor has taken appropriate action under State law and directed the execution of the State emergency plan;

(2) An estimate of the amount and severity of damages and losses stating the impact of the disaster on the public and private sector;

(3) Information describing the nature and amount of State and local resources which have been or will be committed to alleviate the results of the disaster;

(4) Preliminary estimates of the types and amount of supplementary Federal disaster assistance needed under the Stafford Act; and

(b) Certification by the Governor that State and local government obligations and expenditures for the current disaster will comply with all applicable cost sharing requirements of the Stafford Act.

(d) For those catastrophes of unusual severity and magnitude when field damage assessments are not necessary to determine the requirement for supplemental Federal assistance, the Governor or Acting Governor may send an abbreviated written request through the Regional Director for a declaration of a major disaster. This may be transmitted in the most expeditious manner available. In the event the FEMA Regional Office is severely impacted by the catastrophe, the request may be addressed to the Director of FEMA. The request must indicate a finding in accordance with §206.36(b), and must include as a minimum the information requested by §206.36(c)(1), (c)(3), and (c)(5). Upon receipt of the request, FEMA shall expedite the processing of reports and recommendations to the President. Notification to the Governor of the Presidential declaration shall be in accordance with 44 CFR 206.39. The Associate Director shall assure that documentation of the declaration is later assembled to comply fully with these regulations.

§ 206.37 Processing requests for declarations of a major disaster or emergency.

(a) Acknowledgment. The Regional Director shall provide written acknowledgment of the Governor’s request.

(b) Regional summary. Based on information obtained by FEMA/State preliminary damage assessments of the affected area(s) and consultations with appropriate State and Federal officials and other interested parties, the Regional Director shall promptly prepare a summary of the PDA findings. The data will be analyzed and submitted with a recommendation to the Associate Director. The Regional Analysis shall include a discussion of State and local resources and capabilities, and other assistance available to meet the major disaster or emergency-related needs.

(c) FEMA recommendation. Based on all available information, the Director shall formulate a recommendation which shall be forwarded to the President with the Governor’s request.

(1) Major disaster recommendation. The recommendation will be based on a finding that the situation is or is not of such severity and magnitude as to be beyond the capabilities of the State
and its local governments. It will also contain a determination of whether or not supplemental Federal assistance under the Stafford Act is necessary and appropriate. In developing a recommendation, FEMA will consider such factors as the amount and type of damages; the impact of damages on affected individuals, the State, and local governments; the available resources of the State and local governments, and other disaster relief organizations; the extent and type of insurance in effect to cover losses; assistance available from other Federal programs and other sources; imminent threats to public health and safety; recent disaster history in the State; hazard mitigation measures taken by the State or local governments, especially implementation of measures required as a result of previous major disaster declarations; and other factors pertinent to a given incident.

(2) Emergency recommendation. The recommendation will be based on a report which will indicate whether or not Federal emergency assistance under section 502 of the Stafford Act is necessary to supplement State and local efforts to save lives, protect property and public health and safety, or to lessen or avert the threat of a catastrophe. Only after it has been determined that all other resources and authorities available to meet the crisis are inadequate, and that assistance provided in section 502 of the Stafford Act would be appropriate, will FEMA recommend an emergency declaration to the President.

(d) Modified Federal emergency recommendation. The recommendation will be based on a report which will indicate that an emergency does or does not exist for which assistance under section 502 of the Stafford Act would be appropriate. An emergency declaration will not be recommended in situations where the authority to respond or coordinate is within the jurisdiction of one or more Federal agencies without a Presidential declaration. However, where there are significant unmet needs of sufficient severity and magnitude, not addressed by other assistance, which could appropriately be addressed under the Stafford Act, the involvement of other Federal agencies would not preclude a declaration of an emergency under the Act.

§ 206.38 Presidential determination.

(a) The Governor’s request for a major disaster declaration may result in either a Presidential declaration of a major disaster or an emergency, or denial of the Governor’s request.

(b) The Governor’s request for an emergency declaration may result only in a Presidential declaration of an emergency, or denial of the Governor’s request.

§ 206.39 Notification.

(a) The Governor will be promptly notified by the Director or his/her designee of a declaration by the President that an emergency or a major disaster exists. FEMA also will notify other Federal agencies and other interested parties.

(b) The Governor will be promptly notified by the Director or his/her designee of a determination that the Governor’s request does not justify the use of the authorities of the Stafford Act.

(c) Following a major disaster or emergency declaration, the Regional Director or Associate Director will promptly notify the Governor of the designations of assistance and areas eligible for such assistance.

§ 206.40 Designation of affected areas and eligible assistance.

(a) Eligible assistance. The Associate Director has been delegated authority to determine and designate the types of assistance to be made available. The initial designations will usually be announced in the declaration. Determinations by the Associate Director of the types and extent of FEMA disaster assistance to be provided are based upon findings whether the damage involved and its effects are of such severity and magnitude as to be beyond the response capabilities of the State, the affected local governments, and other potential recipients of supplementary Federal assistance. The Associate Director may authorize all, or only particular types of, supplementary Federal assistance requested by the Governor.
Federal Emergency Management Agency

§ 206.42
(b) Areas eligible to receive assistance. The Associate Director also has been delegated authority to designate the disaster-affected areas eligible for supplementary Federal assistance under the Stafford Act. These designations shall be published in the Federal Register. A disaster-affected area designated by the Associate Director includes all local government jurisdictions within its boundaries. The Associate Director may, based upon damage assessments in any given area, designate all or only some of the areas requested by the Governor for supplementary Federal assistance.

(c) Requests for additional designations after a declaration. After a declaration by the President, the Governor, or the GAR, may request that additional areas or types of supplementary Federal assistance be authorized by the Associate Director. Such requests shall be accompanied by appropriate verified assessments and commitments by State and local governments to demonstrate that the requested designations are justified and that the unmet needs are beyond State and local capabilities without supplementary Federal assistance. Additional assistance or areas added to the declaration will be published in the Federal Register.

(d) Time limits to request. In order to be considered, all supplemental requests under paragraph (c) of this section must be submitted within 30 days from the termination date of the incident, or 30 days after the declaration, whichever is later. The 30-day period may be extended by the Associate Director provided that a written request is made by the appropriate State official during this 30-day period. The request must include justification of the State's inability to meet the deadline.

§ 206.41 Appointment of disaster officials.

(a) Federal Coordinating Officer. Upon a declaration of a major disaster or of an emergency by the President, the Director, or in his absence, the Deputy Director, or alternately, the Associate Director shall appoint an FCO who shall initiate action immediately to assure that Federal assistance is provided in accordance with the declaration, applicable laws, regulations, and the FEMA-State Agreement.

(b) Disaster Recovery Manager. The Regional Director shall designate a DRM to exercise all the authority of the Regional Director in a major disaster or an emergency.

(c) State Coordinating Officer. Upon a declaration of a major disaster or of an emergency, the Governor of the affected State shall designate an SCO who shall coordinate State and local disaster assistance efforts with those of the Federal Government.

(d) Governor's Authorized Representative. In the FEMA-State Agreement, the Governor shall designate the GAR, who shall administer Federal disaster assistance programs on behalf of the State and local governments and other grant or loan recipients. The GAR is responsible for the State compliance with the FEMA-State Agreement.

§ 206.42 Responsibilities of coordinating officers.

(a) Following a declaration of a major disaster or an emergency, the FCO shall:

(1) Make an initial appraisal of the types of assistance most urgently needed;

(2) In coordination with the SCO, establish field offices and Disaster Application Centers as necessary to coordinate and monitor assistance programs, disseminate information, accept applications, and counsel individuals, families and businesses concerning available assistance;

(3) Coordinate the administration of relief, including activities of State and local governments, activities of Federal agencies, and those of the American Red Cross, the Salvation Army, the Mennonite Disaster Service, and other voluntary relief organizations which agree to operate under the FCO’s advice and direction;

(4) Undertake appropriate action to make certain that all of the Federal agencies are carrying out their appropriate disaster assistance roles under their own legislative authorities and operational policies; and

(5) Take other action, consistent with the provisions of the Stafford Act,
§ 206.43 Emergency support teams.

The Federal Coordinating Officer may activate emergency support teams, composed of Federal program and support personnel, to be deployed into an area affected by a major disaster or emergency. These emergency support teams assist the FCO in carrying out his/her responsibilities under the Stafford Act and these regulations. Any Federal agency can be directed to detail personnel within the agency's administrative jurisdiction to temporary duty with the FCO. Each detail shall be without loss of seniority, pay, or other employee status.

§ 206.44 FEMA-State Agreements.

(a) General. Upon the declaration of a major disaster or an emergency, the Governor, acting for the State, and the FEMA Regional Director or his/her designee, acting for the Federal Government, shall execute a FEMA-State Agreement. The FEMA-State Agreement states the understandings, commitments, and conditions for assistance under which FEMA disaster assistance shall be provided. This Agreement imposes binding obligations on FEMA, States, their local governments, and private nonprofit organizations within the States in the form of conditions for assistance which are legally enforceable. No FEMA funding will be authorized or provided to any grantees or other recipients, nor will direct Federal assistance be authorized by mission assignment, until such time as this Agreement for the Presidential declaration has been signed, except where it is deemed necessary by the Regional Director to begin the process of providing essential emergency services or temporary housing.

(b) Terms and conditions. This Agreement describes the incident and the incident period for which assistance will be made available, the type and extent of the Federal assistance to be made available, and contains the commitment of the State and local government(s) with respect to the amount of funds to be expended in alleviating damage and suffering caused by the major disaster or emergency. The Agreement also contains such other terms and conditions consistent with the declaration and the provisions of applicable laws, Executive Order and regulations.

(c) Provisions for modification. In the event that the conditions stipulated in the original Agreement are changed or modified, such changes will be reflected in properly executed amendments to the Agreement, which may be signed by the GAR and the Regional Director or his/her designee for the specified major disaster or emergency. Amendments most often occur to close or amend the incident period, to add forms of assistance not originally authorized, or to designate additional areas eligible for assistance.

(d) In a modified declaration for a Federal emergency, a FEMA-State Agreement may or may not be required based on the type of assistance being provided.

§ 206.45 Loans of non-Federal share.

(a) Conditions for making loans. At the request of the Governor, the Associate Director may lend or advance to a State, either for its own use or for the use of public or private nonprofit applicants for disaster assistance under the Stafford Act, the portion of assistance for which the State or other eligible disaster assistance applicant is responsible under the cost-sharing provisions of the Stafford Act in any case in which:

(1) The State or other eligible disaster assistance applicant is unable to assume their financial responsibility under such cost sharing provisions:
(i) As a result of concurrent, multiple
major disasters in a jurisdiction, or
(ii) After incurring extraordinary
costs as a result of a particular disas-
ter;
(2) The damages caused by such dis-
asters or disaster are so overwhelming
and severe that it is not possible for
the State or other eligible disaster as-
sistance applicant to immediately as-
sume their financial responsibility
under the Act; and
(3) The State and the other eligible
disaster applicants are not delinquent
in payment of any debts to FEMA in-
curred as a result of Presidentially de-
clared major disasters or emergencies.

(b) Repayment of loans. Any loan
made to a State under paragraph (a) of
this section must be repaid to the
United States. The Governor must in-
clude a repayment schedule as part of
the request for advance.
(1) The State shall repay the loan
(the principal disbursed plus interest)
in accordance with the repayment
schedule approved by the Associate Di-
rector.
(2) If the State fails to make pay-
ments in accordance with the approved
repayment schedule, FEMA will offset
delinquent amounts against the cur-
rent, prior, or any subsequent disas-
ters, or monies due the State under
other FEMA programs, in accordance
with the established Claims Collection
procedures.

(c) Interest. Loans or advances under
paragraph (a) of this section shall bear
interest at a rate determined by the
Secretary of the Treasury, taking into
consideration the current market yields on outstanding marketable obli-
gations of the United States with re-
maining periods to maturity com-
parable to the reimbursement period of
the loan or advance. Simple interest
will be computed from the date of the
disbursement of each drawdown of the
loan/advance by the State based on 365
days/year.

§ 206.46 Appeals.

(a) Denial of declaration request. When
a request for a major disaster declara-
tion or for any emergency declaration
is denied, the Governor may appeal the
decision. An appeal must be made with-
in 30 days after the date of the letter
denyng the request. This one-time re-
quest for reconsideration, along with
appropriate additional information, is
submitted to the President through the
appropriate Regional Director. The
processing of this request is similar to
the initial request.
(b) Denial of types of assistance or
areas. In those instances when the type
of assistance or certain areas requested
by the Governor are not designated or
authorized, the Governor, or the GAR,
may appeal the decision. An appeal
must be submitted in writing within 30
days of the date of the letter denying
the request. This one-time request for
reconsideration, along with justifica-
tion and/or additional information, is
sent to the Associate Director through
the appropriate Regional Director.
(c) Denial of advance of non-Federal
share. In those instances where the
Governor's request for an advance is
denied, the Governor may appeal the
decision. An appeal must be submitted
in writing within 30 days of the date of
the letter denying the request. This
one-time request for reconsideration,
along with justification and/or addi-
tional information, is sent to the Asso-
ciate Director through the appropriate
Regional Director.
(d) Extension of time to appeal. The 30-
day period referred to in paragraphs
(a), (b), or (c) of this section may be ex-
tended by the Associate Director pro-
vided that a written request for such
an extension, citing reasons for the
delay, is made during this 30-day pe-
riod, and if the Associate Director
agrees that there is a legitimate basis
for extension of the 30-day period. Only
the Governor may request a time ex-
tension for appeals covered in para-
graphs (a) and (c) of this section. The
Governor, or the GAR if one has been
named, may submit the time extension
request for appeals covered in para-
graph (b) of this section.

§§ 206.47-206.60 [Reserved]
§ 206.61 Purpose.

The purpose of this subpart is to identify the forms of assistance which may be made available under an emergency declaration.

§ 206.62 Available assistance.

In any emergency declaration, the Associate Director or Regional Director may provide assistance, as follows:

(a) Direct any Federal agency, with or without reimbursement, to utilize its authorities and the resources granted to it under Federal law (including personnel, equipment, supplies, facilities, and managerial, technical and advisory services) in support of State and local emergency assistance efforts to save lives, protect property and public health and safety, and lessen or avert the threat of a catastrophe;

(b) Coordinate all disaster relief assistance (including voluntary assistance) provided by Federal agencies, private organizations, and State and local governments;

(c) Provide technical and advisory assistance to affected State and local governments for:
   (1) The performance of essential community services;
   (2) Issuance of warnings of risks or hazards;
   (3) Public health and safety information, including dissemination of such information;
   (4) Provision of health and safety measures; and
   (5) Management, control, and reduction of immediate threats to public health and safety;

(d) Provide emergency assistance under the Stafford Act through Federal agencies;

(e) Remove debris in accordance with the terms and conditions of section 407 of the Stafford Act;

(f) Provide temporary housing assistance in accordance with the terms and conditions of section 408 of the Stafford Act; and

(g) Assist State and local governments in the distribution of medicine, food, and other consumable supplies, and emergency assistance.

§ 206.63 Provision of assistance.

Assistance authorized by an emergency declaration is limited to immediate and short-term assistance, essential to save lives, to protect property and public health and safety, or to lessen or avert the threat of a catastrophe.

§ 206.64 Coordination of assistance.

After an emergency declaration by the President, all Federal agencies, voluntary organizations, and State and local governments providing assistance shall operate under the coordination of the Federal Coordinating Officer.

§ 206.65 Cost sharing.

The Federal share for assistance provided under this title shall not be less than 75 percent of the eligible costs.

§ 206.66 Limitation on expenditures.

Total assistance provided in any given emergency declaration may not exceed $5,000,000, except when it is determined by the Associate Director that:

(a) Continued emergency assistance is immediately required;

(b) There is a continuing and immediate risk to lives, property, public health and safety; and

(c) Necessary assistance will not otherwise be provided on a timely basis.

§ 206.67 Requirement when limitation is exceeded.

Whenever the limitation described in §206.66 is exceeded, the Director must report to the Congress on the nature and extent of continuing emergency assistance requirements and shall propose additional legislation if necessary.

§§ 206.68-206.100 [Reserved]

Subpart D—Temporary Housing Assistance

§ 206.101 Temporary housing assistance.

(a) Purpose. This section prescribes the policy to be followed by the Federal Government or any other organization when implementing section 408 of the Stafford Act.

(b) Program intent. Assistance under this program is made available to applicants who require temporary housing as a result of a major disaster or emergency that is declared by the President. Eligibility for assistance is
based on need created by disaster-related unlivability of a primary residence or other disaster-related displacement, combined with a lack of adequate insurance coverage. Eligible applicants may be paid for authorized accommodations and/or repairs. In the interest of assisting the greatest number of people in the shortest possible time, applicants who are able to do so will be encouraged to make their own arrangements for temporary housing. Although numerous instances of minor damage may cause some inconvenience to the applicant, the determining eligibility factor must be the livability of the primary residence. FEMA has also determined that it is reasonable to expect applicants or their landlords to make some repairs of a minor nature. Temporary housing will normally consist of a check to cover housing-related costs wherever possible.

(c) Definitions.
(1) Adequate alternate housing means housing that:
(i) Accommodates the needs of the occupants.
(ii) Is within reasonable commuting distance of work, school, or agricultural activities which provide over 25% of the household income.
(iii) Is within the financial ability of the occupant in the realization of a permanent housing plan.
(2) Effective date of assistance means the date the eligible applicant received temporary housing assistance but, where applicable, only after appropriate insurance benefits are exhausted.
(3) Essential living area means that area of the residence essential to normal living, i.e., kitchen, one bathroom, dining area, living room, entrances and exits, and essential sleeping areas. It does not include family rooms, guest rooms, garages, or other nonessential areas, unless hazards exist in these areas which impact the safety of the essential living areas.
(4) Fair market rent means a reasonable amount to pay in the local area for the size and type of accommodations which meets the applicant's needs.
(5) Financial ability is the determination of the occupant's ability to pay housing costs. The determination is based upon the amount paid for housing before the disaster, provided the household income has not changed subsequent to or as a result of the disaster or 25 percent of gross post disaster income if the household income changed as a result of the disaster. When computing financial ability, extreme or unusual financial circumstances may be considered by the Regional Director.
(6) Household means all residents of the predisaster residence who request temporary housing assistance, plus any additions during the temporary housing period, such as infants, spouses, or part-time residents who were not present at the time of the disaster but who are expected to return during the temporary housing period.
(7) Housing costs means shelter rent and mortgage payments including principal, interest, real estate taxes, real property insurance, and utility costs, where appropriate.
(8) Occupant means an eligible applicant residing in temporary housing provided under this section.
(9) Owner-occupied means that the residence is occupied by: the legal owner; a person who does not hold formal title to the residence and pays no rent but is responsible for the payment of taxes, or maintenance of the residence; or a person who has lifetime occupancy rights with formal title vested in another.
(10) Primary residence means the dwelling where the applicant normally lives during the major portion of the calendar year, a dwelling which is required because of proximity to employment, or to agricultural activities as referenced in paragraph (c)(1)(ii) of this section.
(d) Duplication of benefits—(1) Requirement to avoid duplication. Temporary housing assistance shall not be provided to an applicant if such assistance has been provided by any other source. If any State or local government or voluntary agency has provided temporary housing, the assistance under this section begins at the expiration of such assistance, and may continue for a period not to exceed 18 months from the date of declaration, provided the criteria for continued assistance in paragraph (k)(3) of this section are met. If it is determined that
temporary housing assistance will be provided under this section, notification shall be given those agencies which have the potential for duplicating such assistance. In the instance of insured applicants, temporary housing assistance shall be provided only when:

(i) Payment of the applicable benefits has been significantly delayed;
(ii) Applicable benefits have been exhausted;
(iii) Applicable benefits are insufficient to cover the temporary housing need; or
(iv) Housing is not available on the private market.

(2) Recovery of funds. Prior to provision of assistance, the applicant must agree to repay to FEMA from insurance proceeds or recoveries from any other source an amount equivalent to the value of the temporary housing assistance provided. In no event shall the amount recovered by the applicant exceed the amount recovered by FEMA. All claims shall be collected in accordance with agency procedures for debt collection.

(e) Applications—(1) Application period. Applications for temporary housing assistance shall be accepted for a 60-day period following the date of a declaration of a major disaster or emergency, unless additional time for submission of applications is authorized by the Regional Director in order to achieve uniformity of application periods in contiguous States. After the established period, applications shall be accepted; however, processing shall not be completed unless authorized by the Regional Director on a case-by-case basis.

(2) Household composition. Members of a household shall be included on a single application and be provided one temporary housing residence unless it is determined by the Regional Director that the size of the household requires that more than one residence be provided.

(f) General eligibility guidelines. Temporary housing assistance may be made available to those applicants who, as a result of a major disaster or emergency declared by the President, are qualified for such assistance.

(1) Conditions of eligibility. Temporary housing assistance may be provided only when both of the following conditions are met:

(i) The applicant's primary residence has been made unlivable or the applicant has been displaced as the result of a major disaster or emergency because:

(A) The residence has been destroyed, essential utility service has been interrupted, or the essential living area has been damaged as a result of the disaster to such an extent as to constitute a serious health or safety hazard which did not exist prior to the disaster. The Regional Director shall prepare additional guidelines when necessary to respond to a particular disaster;

(B) The residence has been made inaccessible as a result of the incident to the extent that the applicant cannot reasonably be expected to gain entry due to the disruption or destruction of transportation routes, other impediments to access, or restrictions placed on movement by a responsible official due to continued health and safety problems;

(C) The owner of the applicant's residence requires the residence to meet their personal needs because the owner's predisaster residence was made unlivable as a result of the disaster;

(D) Financial hardship resulting from the disaster has led to eviction or dispossess; or

(E) Other circumstances resulting from the disaster, as determined by the Regional Director, prevent the applicant from occupying their predisaster primary residence.

(ii) Insured applicants have made every reasonable effort to secure insurance benefits, and the insured has agreed to repay FEMA from whatever insurance proceeds are later received, pursuant to paragraph (d)(2) of this section.

(2) Conditions of ineligibility. Except as provided for in section 408(b), Temporary Housing Assistance shall not be provided:

(i) To an applicant who is displaced from other than their primary residence; or

(ii) When the residence in question is livable, i.e., only minor damage exists and it can reasonably be expected to be repaired by the applicant/owner or the landlord; or
(iii) When the applicant owns a secondary or vacation residence, or unoccupied rental property which meets their temporary housing needs; or

(iv) To an applicant who has adequate rent-free housing accommodations; or

(v) To an applicant who has adequate insurance coverage and there is no indication that benefits will be delayed; or

(vi) When a late application is not approved for processing by the Regional Director; or

(vii) To an applicant who evacuated the residence in response to official warnings solely as a precautionary measure, and who is able to return to the residence immediately after the incident (i.e., the applicant is not otherwise eligible for temporary housing assistance).

(g) Forms of Temporary Housing Assistance. All proceeds received or receivable by the applicant under § 206.101 shall be exempt from garnishment, seizure, encumbrance, levy, execution, pledge, attachment, release, or waiver. No rights under this provision are assignable or transferable.

(1) Temporary Housing Assistance is normally provided in the form of a check to cover the cost of rent or essential home repairs. The exceptions to this are when existing rental resources are not available and repairs to the home will not make it livable in a reasonable period of time, or when the eligible applicant is unable to physically leave the home due to the need to tend crops or livestock.

(i) Government-owned, private, and commercial properties. When an eligible applicant is unable to obtain an available temporary housing unit, FEMA may enter into a leasing agreement for the eligible applicant. Rent payments shall be in accordance with the fair market rent (FMR) rates established for each operation for the type and size residence.

(ii) Transient accommodations. Immediately following a Presidentially declared major disaster or emergency, disaster victims are expected to stay with family or friends without FEMA assistance, or to make use of mass shelters to the fullest extent possible for short-term housing. Transient accommodations may be provided when individual circumstances warrant such assistance for only a short period of time or pending provision of other temporary housing resources. Transient accommodations may be provided for up to 30 days unless this period is extended by the Regional Director. Authorized expenditures for transient accommodations shall be restricted to the rental cost including utilities except for those which are separately metered. Payment for food, telephone, or other similar services is not authorized under this section.

(2) Mobile homes, travel trailers, and other manufactured housing units. Government-owned or privately owned mobile homes, travel trailers, and other manufactured housing units may be placed on commercial, private, or group sites. The placement must comply with applicable State and local codes and ordinances as well as FEMA's regulations at 44 CFR part 9, Floodplain Management and Protection of Wetlands, and the regulations at 44 CFR part 10, Environmental Considerations.

(i) A commercial site is a site customarily leased for a fee because it is fully equipped to accommodate a housing unit. In accordance with section 408(a)(2)(B), the Associate Director has determined that leasing commercial sites at Federal expense is in the public interest. When the Regional Director determines that upgrading of commercial sites or installation of utilities on such sites will provide more cost-effective, timely, and suitable temporary housing than other types of resources, they may authorize such action at Federal expense.

(ii) A private site is a site provided or obtained by the applicant at no cost to the Federal Government. Also in accordance with section 408(a)(2)(B), the Associate Director has determined that the cost of installation or repairs of essential utilities on private sites is authorized at Federal expense when such actions will provide more cost-effective, timely, and suitable temporary housing than other types of resources.

(iii) A group site is a site which accommodates two or more units. In accordance with section 408(a)(2)(A), locations for group sites shall be provided
§ 206.101

by State or local government complete with utilities. However, the Associate Director may authorize development of group sites, including installation of essential utilities, by the Federal Government, based on a recommendation from the Regional Director; provided, however, that the Federal expense is limited to 75 percent of the cost of construction and development (including installation of utilities). In accordance with section 408(a)(4) of the Stafford Act, the State or local government shall pay any cost which is not paid from the Federal share, including long-term site maintenance such as snow removal, street repairs and other services of a governmental nature.

(3) Temporary mortgage and rental payments. Assistance in the form of mortgage or rental payments may be paid to or provided on behalf of eligible applicants who, as a result of a major disaster or emergency, have received written notice of dispossession or eviction from their primary residence by foreclosure of any mortgage or lien, cancellation of any contract of sale, or termination of any lease entered into prior to the disaster. Written notice, for the purpose of this paragraph, means a communication in writing by a landlord, mortgage holder, or other party authorized under State law to file such notice. The purpose of such notice is to notify a person of impending termination of a lease, foreclosure of a mortgage or lien, or cancellation of any contract of sale, which would result in the person’s dispossession or eviction. Applications for this type of assistance may be filed for up to 6 months following the date of declaration. This assistance may be provided for a period not to exceed 18 months or for the duration of the period of financial hardship, as determined by the Regional Director, whichever is less. The location of the residence of an applicant for assistance under this section shall not be a consideration of eligibility.

(4) Home repairs. Repairs may be authorized to quickly repair or restore to a livable condition that portion of or areas affecting the essential living area of, or private access to, an owner-occupied primary residence which was damaged as a result of the disaster. Installation of utilities or conveniences not available in the residence prior to the disaster shall not be provided. However, repairs which are authorized shall conform to applicable local and/or State building codes; upgrading of existing damaged utilities may be authorized when required by these codes.

(i) Options for repairs. Eligible applicants approved for repairs may be assisted through one or a combination of the following methods:

(1) Cash payment. Payment shall be limited to the reasonable costs for the repairs and replacements in the locality, as determined by the Regional Director. This will be the method normally used, unless unusual circumstances warrant the methods listed under paragraph (g)(4), (i)(B) or (C) of this section.

(B) Provision of materials and replacement items.

(C) Government awarded repair contracts when authorized by the Associate Director.

(ii) Feasibility. Repairs may be provided to those eligible applicants:

(A) Who are owner-occupants of the residence to be made livable;

(B) Whose residence can be made livable by repairs to the essential living area within 30 days following the feasibility determination. The Regional Director may extend this period for extenuating circumstances by determining that this type of assistance is still more cost effective, timely and otherwise suitable than other forms for temporary housing; and

(C) Whose residence can be made livable by repairs to the essential living area, the cost of which do not exceed the dollar limitations established by the Associate Director. The Regional Director may, on a case-by-case basis, waive the dollar limitations when repairs are more cost effective and appropriate than other forms of housing assistance or when extenuating circumstances warrant.

(iii) Scope of work. The type of repair or replacement authorized may vary depending upon the nature of the disaster. Items will be repaired where feasible or replaced only when necessary to insure the safety or health of the occupant. Replacement items shall be of
average quality, size, and capacity taking into consideration the needs of the occupant. Repairs shall be disaster related and shall be limited to:

(A) Repairs to the plumbing system, including repairs to or replacement of fixtures, providing service to the kitchen and one bathroom;

(B) Repairs to the electrical system providing service to essential living areas, including repairs to or replacement of essential fixtures;

(C) Repairs to the heating unit, including repairs to duct work, vents, and integral fuel and electrical systems. If repair or replacement through other forms of assistance cannot be accomplished before the start of the season requiring heat, home repairs may be authorized by the Regional Director when an inspection shows that the unit has been damaged beyond repair, or when the availability of necessary parts or components makes repair impossible;

(D) Repairs to or replacement of essential components of the fuel system to provide for cooking;

(E) Pumping and cleaning of the septic system, repairs to or replacement of the tank, drainfield, or repairs to sewer lines;

(F) Flushing and/or purifying the water well, and repairs to or replacement of the pump, controls, tank, and pipes;

(G) Repairs to or replacement of exterior doors, repair of windows and/or screens needed for health purposes;

(H) Repairs to the roof, when the damages affect the essential living area;

(I) Repairs to interior floors, when severe buckling or deterioration creates a serious safety hazard;

(J) Blocking, leveling, and anchoring of a mobile home; and reconnecting and/or resetting mobile home sewer, water, electrical and fuel lines, and tanks;

(K) Emergency repairs to private access routes, limited to those repairs that meet the minimum safety standards and using the most economical materials available. Such repairs are provided on a one-time basis when no alternative access facilities are immediately available and when the repairs are more cost effective, timely or otherwise suitable than other forms of temporary housing.

(L) Repairs to the foundation piers, walls or footings when the damages affect the structural integrity of the essential living area;

(M) Repairs to the stove and refrigerator, when feasible; and

(N) Elimination of other health and safety hazards or performance of essential repairs which are authorized by the Regional Director as not available through emergency services provided by voluntary or community agencies, and cannot reasonably be expected to be completed on a timely basis by the occupant without FEMA assistance.

(iv) Requirements of the Flood Disaster Protection Act. FEMA has determined that flood insurance purchase requirements need not be imposed as a condition of receiving assistance under paragraph (g)(4) of this section. Repair recipients will normally receive assistance for further repairs from other programs which will impose the purchase and maintenance requirements. Home repairs may not be provided in Zones A or V of a sanctioned or suspended community except for items that are not covered by flood insurance.

(h) Appropriate form of temporary housing. The form of temporary housing provided should not exceed occupants’ minimum requirements, taking into consideration items such as timely availability, cost effectiveness, permanent housing plans, special needs (handicaps, the location of crops and livestock, etc.) of the occupants, and the requirements of FEMA’S floodplain management regulations at 44 CFR part 9. An eligible applicant shall receive one form of temporary housing, except for transient accommodations or when provision of an additional form is in the best interest of the Government. An eligible applicant is expected to accept the first offer of temporary housing; unwarranted refusal shall result in forfeiture of temporary housing assistance. Existing rental resources and home repairs shall be utilized to the fullest extent practicable prior to provision of government-owned mobile homes.

(i) Utility costs and security deposits. All utility costs shall be the responsibility of the occupant except where
utility services are not metered separately and are therefore a part of the rental charge. Utility use charges and deposits shall always be the occupants responsibility. When authorized by the Regional Director, the Federal Government may pay security deposits; however, the owner or occupant shall reimburse the full amount of the security deposit to the Federal Government before or at the time that the temporary housing assistance is terminated.

(j) Furniture. An allowance for essential furniture may be provided to occupants when such assistance is required to occupy the primary or temporary housing residence. However, loss of furniture does not in and of itself constitute eligibility for temporary housing assistance. Luxury items shall not be provided.

(k) Duration of assistance—(1) Commencement. Temporary housing assistance may be provided as of the date of the incident of the major disaster or emergency as specified in the Federal Register notice and may continue for 18 months from the date of declaration. An effective date of assistance shall be established for each applicant.

(2) Continued assistance. Predisaster renters normally shall be provided no more than 1 month of assistance unless the Regional Director determines that continued assistance is warranted in accordance with paragraph (k)(3) of this section. All other occupants of temporary housing shall be certified eligible for continued assistance in increments not to exceed 3 months. Recertification of eligibility for continued assistance shall be in accordance with paragraph (k)(3) of this section, taking into consideration the occupant’s permanent housing plan. A realistic permanent housing plan shall be established for each occupant requesting additional assistance no later than at the time of the first recertification.

(3) Criteria for continued assistance. A temporary housing occupant shall make every effort to obtain and occupy permanent housing at the earliest possible time. A temporary housing occupant will be required to provide receipts documenting disaster related housing costs and shall be eligible for continued assistance when:

(i) Adequate alternate housing is not available;
(ii) The permanent housing plan has not been realized through no fault of the occupant; or
(iii) In the case of FEMA-owner leases, the occupant is in compliance with the terms of the lease/rental agreement.

(l) Period of assistance. Provided the occupant is eligible for continued assistance, assistance shall be provided for a period not to exceed 18 months from the declaration date.

(m) Appeals. Occupants shall have the right to appeal a program determination in accordance with the following:

(1) An applicant declared ineligible for temporary housing assistance, an applicant whose application has been cancelled for cause, an applicant whose application has been refused because of late filing, and an occupant who received a direct housing payment but is not eligible for continued assistance in accordance with paragraph (k) of this section, shall have the right to dispute such a determination within 60 calendar days following notification of such action. The Regional Director shall reconsider the original decision within 15 calendar days after its receipt. The appellant shall be given a written notice of the disposition of the dispute. The decision of the Regional Director is final.

(2) An occupant who has been notified that his/her request to purchase a mobile home or manufactured housing unit or that a request for an adjustment to the sales price has been denied shall have the right to dispute such a determination within 60 business days after receipt of such notice. The Regional Director shall reconsider the original decision within 15 calendar days after receipt of the appeal. The appellant shall receive written notice of the disposition of the dispute. The decision of the Regional Director is final.

(3) Termination of assistance provided through a FEMA lease agreement shall be initiated with a 15-day written notice after which the occupant shall be liable for such additional charges as
are deemed appropriate by the Regional Director including, but not limited to, the fair market rental for the temporary housing residence.

(i) Grounds for termination. Temporary housing assistance may be terminated for reasons including, but not limited to the following:

(A) Adequate alternate housing is available to the occupant(s);
(B) The temporary housing assistance was obtained either through misrepresentation or fraud; or
(C) Failure to comply with any term of the lease/rental agreement.

(ii) Termination procedures. These procedures shall be utilized in all instances except when a State is administering the Temporary Housing Assistance program. States shall be subject to their own procedures provided they afford the occupant(s) with due process safeguards described in paragraph (m)(2)(v)(B) of this section.

(A) Notification to occupant. Written notice shall be given by FEMA to the occupant(s) at least 15 days prior to the proposed termination of assistance. This notice shall specify: the reasons for termination of assistance/occupancy; the date of termination, which shall be not less than 15 days after receipt of the notice; the administrative procedure available to the occupant if they wish to dispute the action; and the occupant’s liability after the termination date for additional charges.

(B) Filing of appeal. If the occupant desires to dispute the termination, upon receipt of the written notice specified in paragraph (m)(2)(ii) of this section, he/she shall present an appeal in writing to the appropriate office in person or by mail within 60 days from the date of the termination notice. The appeal must be signed by the occupant and state the reasons why the assistance or occupancy should not be terminated. If a hearing is desired, the appeal should so state.

(C) Response to appeal. If a hearing pursuant to paragraph (m)(2)(ii) of this section has not been requested, the occupant has waived the right to a hearing. The appropriate program official shall deliver or mail a written response to the occupant within 5 business days after the receipt of the appeal.

(D) Request for hearing. If the occupant requests a hearing pursuant to paragraph (m)(2)(ii) of this section, FEMA shall schedule a hearing date within 10 business days from the receipt of the appeal, at a time and place reasonably convenient to the occupant, who shall be notified promptly thereof in writing. The notice of hearing shall specify the procedure governing the hearing.

(E) Hearing—(1) Hearing officer. The hearing shall be conducted by a Hearing Officer, who shall be designated by the Regional Director, and who shall not have been involved with the decision to terminate the occupant’s temporary housing assistance, nor be a subordinate of any individual who was so involved.

(2) Due process. The occupant shall be afforded a fair hearing and provided the basic safeguards of due process, including cross-examination of the responsible official(s), access to the documents on which FEMA is relying, the right to counsel, the right to present evidence, and the right to a written decision.

(3) Failure to appear. If an occupant fails to appear at a hearing, the Hearing Officer may make a determination that the occupant has waived the right to a hearing, or may, for good cause shown, postpone the hearing for no more than 5 business days.

(4) Proof. At the hearing, the occupant must first attempt to establish that continued assistance is appropriate; thereafter, FEMA must sustain the burden of proof in justifying that termination of assistance is appropriate. The occupant shall have the right to present evidence and arguments in support of their complaint, to controvert evidence relied on by FEMA, and to cross examine all witnesses on whose testimony or information FEMA relies. The hearing shall be conducted by the Hearing Officer, and any evidence pertinent to the facts and issues raised may be received without regard to its admissibility under rules of evidence employed in formal judicial proceedings.

(F) Decision. The decision of the Hearing Officer shall be based solely upon applicable Federal and State law,
and FEMA regulations and requirements promulgated thereunder. The Hearing Officer shall prepare a written decision setting forth a statement of findings and conclusions together with the reasons therefor, concerning all material issues raised by the complainant within 5 business days after the hearing. The decision of the Hearing Officer shall be binding on FEMA, which shall take all actions necessary to carry out the decision or refrain from any actions prohibited by the decision.

1 The decision shall include a notice to the occupant that he/she must vacate the premises within 3 days of receipt of the written notice or on the termination date stated in the original notice of termination, as required in paragraph (m)(2)(i) of this section, whichever is later. If the occupant does not quit the premises, appropriate action shall be taken, and if suit is brought, the occupant may be required to pay court costs and attorney fees.

2 If the occupant is required to give a specific number of days’ notice which exceeds the number of days in the termination notice, the Regional Director may approve the payment of rent for this period of time if requested by the occupant.

(n) Disposition of temporary housing units—(1) Acquisition. The Associate Director may purchase mobile homes or other manufactured housing units for those who require temporary housing. After such temporary housing is vacated, it shall be returned to one of the FEMA-operated Strategic Storage Centers for refurbishment and storage until needed in a subsequent major disaster or emergency. When returning the unit to a Strategic Storage Center is not feasible or cost effective, the Associate Director may prescribe a different method of disposition in accordance with applicable Federal statutes and regulations.

(2) Sales—(i) Eligibility. When adequate alternate housing is not available, the Regional Director shall make available for sale directly to a temporary housing occupant(s) any mobile home or manufactured housing unit acquired by purchase, in accordance with the following:

(A) The unit is to be used as a primary residence;
(B) The purchaser has a site that complies with local codes and ordinances as well as FEMA’s floodplain management regulations at 44 CFR part 9 (in particular §9.13(e)); and
(C) The purchaser has sufficient funds to purchase and, if necessary, relocate the unit. The Associate Director may approve the sale of a mobile home or manufactured housing unit to a temporary housing occupant when adequate alternate housing is available but only when such sales are clearly in the best interest of the Government.

(ii) Sales price. Units shall be sold at prices that are fair and equitable to the purchaser and to the Government, as determined by the Associate Director. The purchaser shall pay the total sales price at the time of sale.

(iii) Adjustment to the sales price.
(A) Adjustments to the sales price may be provided only when both of the following conditions are met:
(1) There is a need to purchase the unit for use as the purchaser’s primary residence because other adequate alternate housing is unavailable. Adequate alternate housing must meet the criteria in paragraph (c)(1) of this section, and may consist of:
(i) Existing housing;
(ii) Additional resources such as disaster-damaged rental accommodations which can reasonably be expected to be repaired and become available in the near future;
(iii) New housing construction or housing to be made available through Government subsidy which is included in the immediate recovery plans for the area; and
(iv) Residences which can be repaired by the predisaster owner/occupant through funds available from insurance, other disaster assistance programs, or through their own resources.

(B) In addition to his/her resources, the purchaser cannot obtain sufficient funds through insurance proceeds, disaster loans, grants, and commercial lending institutions to cover the sales price.
(B) To determine the adjusted sales price, the current available financial resources of the purchaser shall be calculated. If the financial resources are
equal to or greater than the basic sales price, then no adjustment shall be approved. If the purchaser’s financial resources are less than the basic sales price, the sales price shall be adjusted to take into consideration the financial resources available but shall include some consideration. Deviations from this rule may be reviewed on a case-by-case basis by the Associate Director.

(C) The Regional Director must approve all adjustments to the sales price of a mobile home.

(iv) Other conditions of sale.
(A) A unit shall be sold “as is, where is” except for repairs necessary to protect health or safety, which are to be completed prior to sale. There shall be no implied warranties. In addition, the purchaser must be informed that he/she may have to bring the unit up to codes and standards which are applicable at the proposed site.

(B) In accordance with the Flood Disaster Protection Act of 1973, Public Law 93-234, as amended, the sale of a unit for the purpose of meeting the permanent housing need of an individual or family may not be approved where the unit would be placed in a designated special flood hazard area which has been identified by the Director for at least 1 year as flood prone unless the community in which the unit is to be located after the sale is, at the time of approval, participating in the National Flood Insurance Program. The purchaser must agree to buy and maintain an adequate flood insurance policy for as long as the unit is occupied by the purchaser. An adequate policy for purposes of this paragraph shall mean one which provides coverage for the basic sales price of the unit. The purchaser must provide proof of purchase of the initial flood insurance policy.

(3) Transfer. The Associate Director may lend temporary housing units purchased under section 408(a) of the Act directly to States, other Governmental entities, or voluntary organizations. Such transfers may be made only in connection with a Presidential declaration of a major disaster or emergency. Donations may be made only when it is in the best interest of the Government, such as when future re-use by the Federal Government would not be economically feasible. As a condition of such transfers, the Associate Director shall require that the recipient:

(i) Utilize the units for the purpose of providing temporary housing for victims of major disasters or emergencies in accordance with the written agreement; and

(ii) Comply with the current applicable FEMA policies and regulations, including this section; 44 CFR part 9 (especially §§9.13 and 9.14), Floodplain Management and Protection of Wetlands; 44 CFR part 10, Environmental Considerations. The Associate Director may order returned any temporary housing unit made available under this section which is not used in accordance with the terms of transfer.

(o) Reports. The Associate Director, Regional Director, or Federal Coordinating Officer may require from field operations such reports, plans, and evaluations as they deem necessary to carry out their responsibilities under the Act and these regulations.

(p) Federal responsibility. The Federal financial and operational responsibility for the Temporary Housing Assistance program shall not exceed 18 months from the date of the declaration of the major disaster or emergency. This period may be extended in writing by the Associate Director, based on a determination that an extension is necessary and in the public interest. The Regional Director may authorize continued use on a non-reimbursable basis of Government property, office space, and equipment by a State, other Government entity, or voluntary organization after the 18 month period.

(q) Applicant notification—(1) General. All applicants for temporary housing assistance will be notified regarding the type and amount of assistance for which they are qualified. Whenever practicable, such notification will be provided within 7 days of their application and will be in writing.

(2) Eligible applicants for temporary housing assistance will be provided information regarding:

(i) All forms of housing assistance available;

(ii) The criteria which must be met to qualify for each type of assistance; and

(iii) Any limitations which apply to each type of assistance; and
§ 206.101

(iv) The address and telephone number of offices responsible for responding to appeals and requests for changes in the type or amount of assistance provided.

(r) Location. In providing temporary housing assistance, consideration will be given to the location of:

(1) The eligible applicants' home and place of business;

(2) Schools which the eligible applicant or members of the household attend; and

(3) Agricultural activities which provide 25 percent or more of the eligible applicants' annual income.

(s) Nonfederal administration of temporary housing assistance. A State may request authority to administer all or part of the temporary housing assistance program in the Governor's request for a declaration or in a subsequent written request to the Regional Director from the Governor or his/her authorized representative. The Associate Director shall approve such a request based on the Regional Director's recommendation and based on a finding that State administration is both in the interest of the Federal Government and those needing temporary housing assistance. The State must have an approved plan prior to the incident and an approved operational annex within 3 days of the declaration in order to administer the program. When administering the program the State must comply with FEMA program regulations and policies.

(1) State temporary housing assistance plan. (i) States which have an interest in administering the Temporary Housing Assistance program shall be required to develop a plan that includes, at a minimum, the items listed below:

(A) Assignment of temporary housing assistance responsibilities to State and/or local officials and agencies;

(B) A description of the program, its functions, goals and objectives of the program, and proposed organization and staffing plan;

(C) Procedures for:

(1) Accepting applications at Disaster Application Centers and subsequently at a State established disaster housing office;

(2) Determining eligibility utilizing FEMA's habitability contract and notifying applicants of the determination;

(3) Preventing duplication of benefits between temporary housing assistance and assistance from other means, as well as a recoupment procedure when duplication occurs;

(4) Providing the various types of assistance (home repairs, existing rental resources, transient accommodations, and mobile homes);

(5) Providing furniture assistance;

(6) Recertifying occupants for continued assistance;

(7) Terminating assistance;

(8) Contracting for services and/or supplies;

(9) Quality control;

(10) Maintaining a management information system;

(11) Financial management;

(12) Public information;

(13) Processing appeals; and

(14) Arranging for a program review.

(ii) The Governor or his/her designee may request the Regional Director to provide technical assistance in the preparation of an administrative plan.

(iii) The Governor or designee shall submit the plan to the Regional Director for approval. Plans shall be reviewed, as necessary, and shall be reviewed at least annually by the Regional Director.

(2) Operational annex. Prior to the State administering the program, the state must submit an operational annex which tailors the approved State plan to the particular disaster or emergency. The annex must be reviewed and approved by the Regional Director within 3 days of the declaration or the State shall not be permitted to administer the program. The operational annex shall include but not be limited to:

(i) Organization and staffing specific to the major disaster or emergency;

(ii) Pertinent goals and management objectives;

(iii) A proposed budget; and

(iv) A narrative which describes methods for orderly tracking and processing of applications; assuring timely delivery of assistance; identification of potential problem areas; and any deviations from the approved plan. The Regional Director may require additional

446
annexes as necessary for subsequent phases of the operation.

(3) Evaluation of capability. State and local government assumption of the temporary housing assistance program for a particular disaster shall be approved by the Associate Director based on an evaluation of the capabilities and commitment of the entity by the Regional Director. At a minimum, the evaluation shall include a review of the following:

(i) The State temporary housing assistance plan which has been approved by the Regional Director prior to the incident, and the specific operational annex which has been approved in accordance with paragraph (s)(2) of this section,

(ii) Past performance in administration of temporary housing assistance or other similar operations;

(iii) Management and staff capabilities; and

(iv) Demonstrated understanding of the tasks to be performed.

(4) Grant application. Approval of funding shall be obtained through submission of a project application by the State or local government through the Governor’s Authorized Representative. The State shall maintain adequate documentation according to the requirements of 44 CFR part 13, Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments, to enable analysis of the program. Final reimbursement to the State, or final debt collection, shall be based on an examination of the voucher filed by the State.

(5) Authorized costs. All expenditures associated with administering the program are authorized if in compliance with 44 CFR 13.22, Allowable Costs, and the associated OMB Circular A-87, Cost Principles for State and Local Governments. Examples of program costs allowable under the Temporary Housing Assistance program include home repairs, costs associated with rental payments, reimbursements for temporary housing including transient accommodations and commercial site rental, mobile home installation and maintenance, mobile home private site development, cost of supplemental assistance, mortgage and rental payments, other necessary costs, when approved by the Associate Director. All contracts require the review and approval of the Regional Director prior to award, in order to be considered as an authorized expenditure.

(6) Federal monitoring and oversight. The Regional Director shall monitor State-administered activities since he/she remains responsible for the overall delivery of temporary housing assistance. In addition, policy guidance and interpretations to meet specific needs of a disaster shall be provided through the oversight function.

(7) Technical assistance. The Regional Director shall provide technical assistance as necessary to support State-administered operations through training, procedural issuances, and by providing experienced personnel to assist the State and local staff.

(8) Operational resources. The Regional Director shall make available for use in State or locally administered temporary housing programs Federal stand-by contracts, memoranda of understanding with Government and voluntary agencies, and Federal property, such as government-owned mobile homes and travel trailers.

(9) Program reviews and audits. The State shall conduct program review of each operation. All operations are subject to Federal audit.

(Approved by the Office of Management and Budget under OMB Control Numbers 3067-0009 and 3067-0043)

§§ 206.102-206.130 [Reserved]

Subpart E—Individual and Family Grant Programs

§ 206.131 Individual and family grant programs.

(a) General. The Governor may request that a Federal grant be made to a State for the purpose of such State making grants to individuals or families who, as a result of a major disaster, are unable to meet disaster-related necessary expenses or serious needs. The total Federal grant under this section will be equal to 75 percent of the
§ 206.131  44 CFR Ch. I (10-1-98 Edition)

actual cost of meeting necessary expenses or serious needs of individuals and families, plus State administrative expenses not to exceed 5 percent of the Federal grant (see paragraph (g) of this section). The total Federal grant is made only on condition that the remaining 25 percent of the actual cost of meeting individuals’ or families’ necessary expenses or serious needs is paid from funds made available by the State. With respect to any one major disaster, an individual or family may not receive a grant or grants under this section totaling more than $10,000 including both the Federal and State shares. The $10,000 limit will be adjusted annually, at the beginning of each fiscal year, to reflect changes in the Consumer Price Index for all Urban Consumers. IFG assistance for damages or losses to real or personal property, or both, will be provided to individuals or families with those IFG-eligible losses totaling $201 or more; those individuals with damages or losses of $200 or less to real or personal property, or both, are ineligible. The Governor or his/her designee is responsible for the administration of the grant program. The provisions of this regulation are in accordance with 44 CFR Part 13, Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments.

(b) Purpose. The grant program is intended to provide funds to individuals or families to permit them to meet those disaster-related necessary expenses or serious needs for which assistance from other means is either unavailable or inadequate. Meeting those expenses and needs as expeditiously as possible will require States to make an early commitment of personnel and resources. States may make grants in instances where the applicant has not received other benefits to which he/she may be entitled by the time of application to the IFG program, and if the applicant agrees to repay all duplicated assistance to the State. The grant program is not intended to indemnify disaster losses or to permit purchase of items or services which may generally be characterized as nonessential, luxury, or decorative. Assistance under this program is not to be counted as income or a resource in the determination of eligibility for welfare or other income-tested programs supported by the Federal Government, in that IFG assistance is intended to address only disaster-related needs.

(c) Definitions used in this section.

(1) Necessary expense means the cost of a serious need.

(2) Serious need means the requirement for an item or service essential to an individual or family to prevent, mitigate, or overcome a disaster-related hardship, injury, or adverse condition.

(3) Family means a social unit living together and composed of:

(i) Legally married individuals or those couples living together as if they were married and their dependents; or

(ii) A single person and his/her dependents; or

(iii) Persons who jointly own the residence and their dependents.

(4) Individual means anyone who is not a member of a family as described above.

(5) Dependent means someone who is normally claimed as such on the Federal tax return of another, according to the Internal Revenue Code. It may also mean the minor children of a couple not living together where the children live in the affected residence with the parent who does not actually claim them on the tax return.

(6) Expendable items means consumables, as follows: linens, clothes, and basic kitchenware (pots, pans, utensils, dinnerware, flatware, small kitchen appliances).

(7) Assistance from other means means assistance including monetary or in-kind contributions, from other governmental programs, insurance, voluntary or charitable organizations, or from any sources other than those of the individual or family. It does not include expendable items.

(8) Owner-occupied means that the residence is occupied by: The legal owner; a person who does not hold formal title to the residence but is responsible for payment of taxes, maintenance of the residence, and pays no rent; or a person who has lifetime occupancy rights in the residence with formal title vested in another. In States where documentation proving ownership is not recorded or does not exist,
the State is required to include in its administrative plan a State Attorney
General approved set of conditions describing adequate proof of ownership.

(9) Flowage easement means an area where the landowner has given the
right to overflow, flood, or submerge the land to the government or other
entity for a public purpose.

(d) National eligibility criteria. In administer the IFG program, a State
shall determine the eligibility of an individual or family in accordance with
the following criteria:

(1) General. (i) To qualify for a grant under this section, an individual or
family representative must:

(A) Make application to all applicable available governmental disaster as-
sistance programs for assistance to meet a necessary expense or serious
need, and be determined not qualified for such assistance, or demonstrate
that the assistance received does not satisfy the total necessary expense or
serious need;

(B) Not have previously received or refused assistance from other means
for the specific necessary expense or serious need, or portion thereof, for
which application is made; and

(C) Certify to refund to the State that part of the grant for which assist-
ance from other means is received, or which is not spent as identified in the
grant award document.

(ii) Individuals and families who incur a necessary expense or serious
need in the major disaster area may be eligible for assistance under this sec-
tion without regard to their alienage, their residency in the major disaster
area, or their residency within the State in which the major disaster has
been declared except that for assistance in the “housing” category, owner-
ship and residency in the declared dis-
aster area are required (see paragraph
(d)(2)(i) of this section).

(iii) The Flood Disaster Protection
Act of 1973, Public Law 93-234, as
amended, imposes certain restriction
on approval of Federal financial assis-
tance for acquisition and construction
purposes. This paragraph states those
requirements for the IFG program.

(A) For the purpose of this para-
graph, financial assistance for acquisition
or construction purposes means a grant
to an individual or family to repair, re-
place, or rebuild the insurable portions
of a home, and/or to purchase or repair
insurable contents. For a discussion of
what elements of a home and contents
are insurable, see 44 CFR part 61, Insur-
ance Coverage and Rates.

(B) A State may not make a grant for
acquisition or construction purposes
where the structure to which the grant
assistance relates is located in a des-
ignated special flood hazard area which
has been identified by the Director for
at least 1 year as flood prone, unless the
community in which the structure is
located is participating in the National
Flood Insurance Program (NFIP). How-
ever, if a community qualifies for and
enters the NFIP during the 6-month pe-
riod following the major disaster decl-
oration, the Governor’s Authorized
Representative (GAR) may request a
time extension (see paragraph (j)(1)(ii)
of this section) from the Regional Di-
rector for the purpose of accepting and
processing grant applications in that
community. The Regional Director or
Associate Director, as appropriate,
may approve the State’s request if
those applicable governmental disaster
assistance programs which were avail-
able during the original application pe-
riod are available to the grant appli-
cants during the extended application
period.

(C)(i) The State may not make a
grant for acquisition or construction
purposes in a designated special flood
hazard area in which the sale of flood
insurance is available under the NFIP
unless the individual or family obtains
adequate flood insurance and main-
tains such insurance for as long as they
live at that property address. The cov-
ery shall equal the maximum grant
amount established under §411(f) of the
Stafford Act. If the grantee is a home-
owner, flood insurance coverage must
be maintained on the residence at the
flood-damaged property address for as
long as the structure exists if the
grantee, or any subsequent owner of
that real estate, ever wishes to be as-
sisted by the Federal government with
any subsequent flood damages or losses
to real or personal property, or both. If
the grantee is a renter, flood insurance
coverage must be maintained on the
contents for as long as the renter resides at the flood-damaged property address. The restriction is lifted once the renter moves from the rental unit.

(2) Individuals named by a State as eligible recipients under §411 of the Stafford Act for an IFG program award for flood damage as a result of a Presidential major disaster declaration will be included in a Group Flood Insurance Policy (GFIP) established under the National Flood Insurance Program (NFIP) regulations, at 44 CFR 61.17.

(i) The premium for the GFIP is a necessary expense within the meaning of this section. The State shall withhold this portion of the IFG award and provide it to the NFIP on behalf of individuals and families who are eligible for coverage. The coverage shall be equivalent to the maximum grant amount established under §411(f) of the Stafford Act.

(ii) The State IFG program staff shall provide the NFIP with records of individuals who received an IFG award and are, therefore, to be insured. Records of IFG grantees to be insured shall be accompanied by payments to cover the premium amounts for each grantee for the 3-year policy term. The NFIP will then issue a Certificate of Flood Insurance to each grantee. Flood insurance coverage becomes effective on the 30th day following the receipt of records of GFIP insureds and their premium payments from the State, and terminates 36 months from the inception date of the GFIP, i.e., 60 days from the date of the disaster declaration.

(iii) Insured grantees would not be covered if they are determined to be ineligible for coverage based on a number of exclusions established by the NFIP. Therefore, once grantees/policyholders receive the Certificate of Flood Insurance that contains a list of the policy exclusions, they should review that list to see if they are ineligible for coverage. Those grantees who fail to do this may find that their property is, in fact, not covered by the insurance policy when the next flooding incident occurs and they file for losses. Once the grantees find that their damaged buildings, contents, or both, are ineligible for coverage, they should notify the NFIP in writing in order to have their names removed from the GFIP, and to have the flood insurance maintenance requirement expunged from the NFIP data-tracking system. (If the grantee wishes to refer to or review a Standard Flood Insurance Policy, it will be made available by the NFIP upon request.)

(D) A State may not make a grant to any individual or family who received Federal disaster assistance for flood damage occurring after September 23, 1994, if that property has already received Federal flood-disaster assistance in a disaster declared after September 23, 1994, a flood insurance purchase and maintenance requirement was levied as a condition or result of receiving that Federal disaster assistance, and flood insurance was, in fact, not maintained in an amount at least equal to the maximum IFG grant amount. However, if that property was determined to be ineligible for NFIP flood insurance coverage and is in a special flood hazard area located in a community participating in the NFIP, then the State may continue to make grants to those individuals or families that receive additional damage in all subsequent Presidentially declared major disasters involving floods.

(iv) In order to comply with the President's Executive Orders on Floodplain Management (E.O. 11988) and Protection of Wetlands (E.O. 11990), the State must implement the IFG program in accordance with FEMA regulations 44 CFR part 9. That part specifies which IFG program actions require a floodplain management decision-making process before a grant may be made, and also specifies the steps to follow in the decisionmaking process. Should the State determine that an individual or family is otherwise eligible for grant assistance, the State shall accomplish the necessary steps in accordance with that section, and request the Regional Director to make a final floodplain management determination.

(2) Eligible categories. Assistance under this section shall be made available to meet necessary expenses or serious needs by providing essential items or services in the following categories:

(i) Housing. With respect to primary residences (including mobile homes) which are owner-occupied at the time
of the disaster, grants may be authorized to:

(A) Repair, replace, or rebuild;
(B) Provide access. When an access serves more than one individual or family, an owner-occupant whose primary residence is served by the access may be eligible for a proportionate share of the cost of jointly repairing or providing such access. The owner-occupant may combine his/her grant funds with funds made available by the other individuals or families if a joint use agreement is executed (with no cost or charge involved) or if joint ownership of the access is agreed to;
(C) Clean or make sanitary;
(D) Remove debris from such residences. Debris removal is limited to the minimum required to remove health or safety hazards from, or protect against additional damage to the residence;
(E) Provide or take minimum protective measures required to protect such residences against the immediate threat of damage, which means that the disaster damage is causing a potential safety hazard and, if not repaired, will cause actual safety hazards from common weather or environmental events (example: additional rain, flooding, erosion, wind); and
(F) Minimization measures required by owner-occupants to comply with the provision of 44 CFR part 9 (Floodplain Management and Protection of Wetlands), to enable them to receive assistance from other means, and/or to enable them to comply with a community’s floodplain management regulations.

(ii) Personal property. Proof of ownership of personal property is not required. This category includes:

(A) Clothing;
(B) Household items, furnishings, or appliances. If a predisaster renter receives a grant for household items, furnishings, or appliances and these items are an integral part of mobile home or other furnished unit, the predisaster renter may apply the funds awarded for these specific items toward the purchase of the furnished unit, and toward mobile home site development, towing, set-up, connecting and/or reconnecting;
(C) Tools, specialized or protective clothing, and equipment which are required by an employer as a condition of employment;
(D) Repairing, cleaning or sanitizing any eligible personal property item; and
(E) Moving and storing to prevent or reduce damage.

(iii) Transportation. Grants may be authorized to repair, replace, or provide privately owned vehicles or to provide public transportation.

(iv) Medical or dental expenses.

(v) Funeral expenses. Grants may include funeral and burial (and/or cremation) and related expenses.

(vi) Cost of the first year’s flood insurance premium to meet the requirement of this section.

(vii) Costs for estimates required for eligibility determinations under the IFG program. Housing and personal property estimates will be provided by the government. However, an applicant may appeal to the State if he/she feels the government estimate is inaccurate. The cost of an applicant-obtained estimate to support the appeal is not an eligible cost.

(viii) Other. A State may determine that other necessary expenses and serious needs are eligible for grant assistance. If such a determination is made, the State must summarize the facts of the case and thoroughly document its findings of eligibility. Should the State require technical assistance in making a determination of eligibility, it may provide a factual summary to the Regional Director and request guidance. The Associate Director also may determine that other necessary expenses and serious needs are eligible for grant assistance. Following such a determination, the Associate Director shall advise the State, through the Regional Director, and provide the necessary program guidance.

(3) Ineligible categories. Assistance under this section shall not be made available for any item or service in the following categories:

(i) Business losses, including farm businesses and self-employment;
(ii) Improvements or additions to real or personal property, except those required to comply with paragraph (d)(2)(ii)(F) of this section;
(iii) Landscaping;
§ 206.131  

(iv) Real or personal property used exclusively for recreation; and

(v) Financial obligations incurred prior to the disaster.

(4) Verification. The State will be provided most verification data on IFG applicants who were not required to first apply to the SBA. The FEMA Regional Director shall be responsible for performing most of the required verifications in the categories of housing (to include documentation of home ownership and primary residency); personal property; and transportation (to include notation of the plate or title number of the vehicle; the State may wish to follow up on this). Certain verifications may still be required to be performed by the State, such as on late applicants or reverifications, when FEMA or its contractors are no longer available, and on medical/dental, funeral and “other” categories. Eligibility determination functions shall be performed by the State. The SBA will provide copies of verification performed by SBA staff on housing and personal property (including vehicles) for those applicants who were first required to apply to SBA. This will enable the State to make an eligibility determination on those applicants. When an applicant disagrees with the grant award, he/she may appeal to the State. The cost of any estimate provided by the applicant in support of his/her appeal is not eligible under the program.

(e) State administrative plan. (1) The State shall develop a plan for the administration of the IFG program that includes, as a minimum, the items listed below.

(i) Assignment of grant program responsibilities to State officials or agencies.

(ii) Procedures for:

(A) Notifying potential grant applicants of the availability of the program, to include the publication of application deadlines, pertinent program descriptions, and further program information on the requirements which must be met by the applicant in order to receive assistance;

(B) Participating with FEMA in the registration and acceptance of applications, including late applications, up to the prescribed time limitations;

(C) Reviewing verification data provided by FEMA and performing verifications for medical, dental, funeral, and “other” expenses, and also for all grant categories in the instance of late applications and appeals. FEMA will perform any necessary reverifications while its contract personnel are in the disaster area, and the State will perform any others;

(D) Determining applicant eligibility and grant amounts, and notifying applicants of the State’s decision;

(E) Determining the requirement for flood insurance;

(F) Preventing duplication of benefits between grant assistance and assistance from other means;

(G) At the applicant’s request, and at the State’s option, reconsidering the State’s determinations;

(H) Processing applicant appeals, recognizing that the State has final authority. Such procedures must provide for:

(1) The receipt of oral or written evidence from the appellate or representative;

(2) A determination on the record; and

(3) A decision by an impartial person or board;

(I) Disbursing grants in a timely manner;

(J) Verifying by random sample that grant funds are meeting applicants' needs, are not duplicating assistance from other means, and are meeting floodplain management and flood insurance requirements. Guidance on the sample size will be provided by the Regional Director;

(K) Recovering grant funds obtained fraudulently, expended for unauthorized items or services, expended for items for which assistance is received from other means, or authorized for acquisition or construction purposes where proof of purchase of flood insurance is not provided to the State. Except for those mentioned in the previous sentence, grants made properly by the State on the basis of federally sponsored verification information are not subject to recovery by the State, i.e., FEMA will not hold the State responsible for repaying to FEMA the Federal share of those grants. The State is responsible for its 25 percent
Federal Emergency Management Agency § 206.131

share of those grants. As an attachment to its voucher, the State must identify each case where recovery actions have been taken or are to be taken, and the steps taken or to be taken to accomplish recovery;

(L) Conducting any State audits that may be performed in compliance with the Single Audit Act of 1984 and ensuring that appropriate corrective action is taken within 6 months after receipt of the audit report in instances of noncompliance with Federal laws and regulations;

(M) Reporting to the Regional Director, and to the Federal Coordinating Officer as required; and

(N) Reviewing and updating the plan each January.

(iii) National eligibility criteria as defined in paragraph (d) of this section.

(iv) Provisions for compliance with 44 CFR part 13, Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments; 44 CFR part 11, Claims; the State’s own debt collection procedures; and all applicable Federal laws and regulations.

(v) Pertinent time limitations for accepting applications, grant award activities, and administrative activities, to comply with Federal time limitations.

(vi) Provisions for specifically identifying, in the accounts of the State, all Federal and State funds committed to each grant program; for repaying the loaned State share as of the date agreed upon in the FEMA-State Agreement; and for immediately returning, upon discovery, all Federal funds that are excess to program needs.

(vii) Provisions for safeguarding the privacy of applicants and the confidentiality of information, except that the information may be provided to agencies or organizations who require it to make eligibility decisions for assistance programs, or to prevent duplication of benefits, to State agencies responsible for audit or program review, and to FEMA or the General Accounting Office for the purpose of making audits or conducting program reviews.

(viii) A section identifying the management and staffing functions in the IFG program, the sources of staff to fill these functions, and the management and oversight responsibilities of:

(A) The GAR;

(B) The department head responsible for the IFG program;

(C) The Grant Coordinating Officer, i.e., the State official assigned management responsibility for the IFG program; and

(D) The IFG program manager, where management responsibilities are assigned to such a person on a day-to-day basis.

(2) The Governor or his/her designee may request the Regional Director to provide technical assistance in the preparation of an administrative plan to implement this program.

(3) The Governor shall submit a revised State administrative plan each January to the Regional Director. The Regional Director shall review and approve the plan annually. In each disaster for which assistance under this section is requested, the Regional Director shall request the State to prepare any amendments required to meet current policy guidance. The Regional Director must then work with the State until the plan and amendment(s) are approved.

(4) The State shall make its approved administrative plan part of the State emergency plan, as described in subpart A of these regulations.

(f) State initiation of the IFG program.

To make assistance under this section available to disaster victims, the Governor must, either in the request of the President for a major disaster declaration or by separate letter to the Regional Director, express his/her intention to implement the program. This expression of intent must include an estimate of the size and cost of the program. In addition, this expression of intent represents the Governor’s agreement to the following:

(1) That the program is needed to satisfy necessary expenses and serious needs of disaster victims which cannot otherwise be met;

(2) That the State will pay its 25 percent share of all grants to individuals and families;

(3) That the State will return immediately upon discovery advanced Federal funds that exceed actual requirements;
(4) To implement an administrative plan as identified in paragraph (e) of this section;

(5) To implement the grant program throughout the area designated as eligible for assistance by the Associate Director; and

(6) To maintain close coordination with and provide reports to the Regional Director.

(g) Funding. (1) The Regional Director may obligate the Federal share of the IFG program based upon the determination that:

(i) The Governor has indicated the intention to implement the program, in accordance with paragraph (f) of this section;

(ii) The State's administrative plan meets the requirements of this section and current policy guidance; and

(iii) There is no excess advance of the Federal share due FEMA from a prior IFG program. The State may eliminate any such debt by paying it immediately, or by accepting an offset of the owed funds against other funds payable by FEMA to the State. When the excess Federal share has been repaid, the Regional Director may then obligate funds for the Federal share for the current disaster.

(2) The Regional Director may increase the State's letter of credit to meet the Federal share of program needs if the above conditions are met. The State may withdraw funds for the Federal share in the amount made available to it by the Regional Director. Advances to the State are governed by 44 CFR 13.21, Payment.

(3) The Regional Director may lend to the State its share in accordance with subpart A of these regulations.

(4) Payable costs are governed by 44 CFR 13.22, Allowable Costs, and the associated OMB Circular A-87, Cost Principles for State and Local Governments. Also, the costs must be in accordance with the national eligibility criteria stated in paragraph (d) of this section, and the State's administrative plan, as stated in paragraph (e) of this section. The Federal contribution to this program shall be 75 percent of program costs and shall be made in accordance with 44 CFR 13.25, Matching or Cost-Sharing.

(h) Final payment. Final payment to the State for the Federal share of the IFG program plus administrative costs, is governed by 44 CFR 13.21, Payment, and 44 CFR 13.50, Closeout. The voucher is Standard Form 270, Request for Advance or Reimbursement. A separate voucher for the State share will be prepared, to include all disaster programs for which the State is requesting a loan of the non-Federal share. The FEMA Regional Director will analyze the voucher and approve, disapprove, or suspend approval until deficiencies are corrected.

(i) Audits. The State should perform the audits required by the Single Audit Act of 1984. Refer to 44 CFR part 14, Administration of Grants; Audits of State and Local Governments, which implements OMB Circular A-128 regarding audits. All programs are subject to Federal audit.

(j) Time limitations. (1) In the administration of the IFG program:

(i) The Governor shall indicate his/her intention to implement the IFG program no later than 7 days following the day on which the major disaster was declared and in the manner set forth in paragraph (f) of this section;

(ii) Applications shall be accepted from individuals or families for a period of 60 days following the declaration, and for no longer than 30 days thereafter when the State determines that extenuating circumstances beyond the applicants' control (such as, but not limited to, hospitalization, illness, or inaccessibility to application centers) prevented them from applying in a timely manner. Exception: If applicants exercising their responsibility to first apply to the Small Business Administration do so after SBA's deadline, and SBA accepts their case for processing because of "substantial causes essentially beyond the control of the applicant," and provides a formal decline or insufficient loan based on lack of repayment ability, unsatisfactory credit, or unsatisfactory experience with prior loans (i.e., the reasons a loan denial client would normally be eligible for IFG assistance), then such an application referred to the State by the SBA is considered as meeting the IFG filing deadline. The State may then apply its own criteria.
in determining whether to process the case for grant assistance. The State automatically has an extension of time to complete the processing, eligibility, and disbursement functions. However, the State must still complete all administrative activity within the 270-day period described in this section.

(iii) The State shall complete all grant award activity, including eligibility determinations, disbursement, and disposition of State level appeals, within 180 days following the declaration date. The Regional Director shall suspend all grant awards disbursed after the specified completion date; and

(iv) The State shall complete all administrative activities and submit final reports and vouchers to the Regional Director within 90 days of the completion of all grant award activity.

(2) The GAR may submit a request with appropriate justification for the extension of any time limitation. The Regional Director may approve the request for a period not to exceed 90 days. The Associate Director may approve any request for a further extension of the time limitations.

(k) Appeals—(1) Bills for collection (BFC's). The State may appeal the issuance of a BFC by the Regional Director. Such an appeal shall be made in writing within 60 days of the issuance of the bill. The appeal must include information justifying why the bill is incorrect. The Regional Director shall review the material submitted and notify the State, in writing, within 15 days of receipt of the appeal, of his/her decision. Interest on BFC's starts accruing on the date of issuance of the BFC, but is not charged if the State pays within 30 days of issuance. If the State is unsuccessful in its appeal, interest will not be charged; if unsuccessful, interest is due and payable, as above.

(2) Other appeals. The State may appeal any other decision of the Regional Director. Such appeals shall be made in writing within 60 days of the Regional Director's decision. The appeal must include information justifying a reversal of the decision. The Regional Director shall review the material submitted and notify the State, in writing, within 15 days of receipt of the appeal, of his/her decision. (3) Appeals to the Associate Director. The State may further appeal the Regional Director's decisions to the Associate Director. This appeal shall be made in writing within 60 days of the Regional Director's decision. The appeal must include information justifying a reversal of the decision. The Associate Director shall review the material submitted and notify the State, in writing, within 15 days of receipt of the appeal, of his/her decision.

(l) Exemption from garnishment. All proceeds received or receivable under the IFG program shall be exempt from garnishment, seizure, encumbrance, levy, execution, pledge, attachment, release, or waiver. No rights under this provision are assignable or transferable. The above exemptions will not apply to the requirement imposed by paragraph (e)(1)(ii)(K) of this section.

(m) Debt collection. If the State has been unable to recover funds as stated in paragraph (e)(1)(k) of this section, the Regional Director shall institute debt collection activities against the individual according to the procedures outlined in 44 CFR part 11, Claims, and 44 CFR 13.52, Collection of Amounts Due.

§§ 206.132–206.140 [Reserved]

Subpart F—Other Individual Assistance

§ 206.141 Disaster unemployment assistance.

The authority to implement the disaster unemployment assistance (DUA) program authorized by section 410 of the Stafford Act, and the authority to issue regulations, are currently delegated to the Secretary of Labor.

§§ 206.142–206.150 [Reserved]

§ 206.151 Food commodities.

(a) The Associate Director will assure that adequate stocks of food will be ready and conveniently available for emergency mass feeding or distribution in any area of the United States which suffers a major disaster or emergency.
(b) In carrying out the responsibilities in paragraph (a) of this section, the Associate Director may direct the Secretary of Agriculture to purchase food commodities in accordance with authorities prescribed in section 413(b) of the Stafford Act.

§§ 206.152-206.160 [Reserved]

§ 206.161 Relocation assistance.

Notwithstanding any other provision of law, no person otherwise eligible for any kind of replacement housing payment under the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (Pub. L. 91-646) shall be denied such eligibility as a result of his being unable, because of a major disaster as determined by the President, to meet the occupancy requirements set by such Act.

§§ 206.162-206.163 [Reserved]

§ 206.164 Disaster legal services.

(a) Legal services, including legal advice, counseling, and representation in non-fee-generating cases, except as provided in paragraph (b) of this section, may be provided to low-income individuals who require them as a result of a major disaster. For the purpose of this section, low-income individuals means those disaster victims who have insufficient resources to secure adequate legal services, whether the insufficiency existed prior to or results from the major disaster. In cases where questions arise about the eligibility of an individual for legal services, the Regional Director or his/her representative shall make a determination.

(b) Disaster legal services shall be provided free to such individuals. Fee-generating cases shall not be accepted by lawyers operating under these regulations. For purposes of this section, a fee-generating case is one which would not ordinarily be rejected by local lawyers as a result of its lack of potential remunerative value. Where any question arises as to whether a case is fee-generating as defined in this section, the Regional Director or his/her representative, after any necessary consultation with local or State bar associations, shall make the determination. Any fee-generating cases shall be referred by the Regional Director or his/her representative to private lawyers, through existing lawyer referral services, or, where that is impractical or impossible, the Regional Director may provide a list of lawyers from which the disaster victim may choose. Lawyers who have rendered voluntary legal assistance under these regulations are not precluded from taking fee-generating cases referred to them in this manner while in their capacity as private lawyers.

(c) When the Regional Director determines after any necessary consultation with the State Coordinating Officer, that implementation of this section is necessary, provision of disaster legal services may be accomplished by:

(1) Use of volunteer lawyers under the terms of appropriate agreements;

(2) Use of Federal lawyers, provided that these lawyers do not represent an eligible disaster victim before a court or Federal agency in a matter directly involving the United States, and further provided that these lawyers do not act in a way which will violate the standards of conduct of their respective agencies or departments;

(3) Use of private lawyers who may be paid by the Federal Emergency Management Agency when the Regional Director has determined that there is no other means of obtaining adequate legal assistance for qualified disaster victims; or

(4) Any other arrangement the Regional Director deems appropriate.

The Associate Director shall coordinate with appropriate Federal agencies and the appropriate national, state and local bar associations, as necessary, in the implementation of the disaster legal services programs.

(d) In the event it is necessary for FEMA to pay lawyers for the provision of legal services under these regulations, the Regional Director, in consultation with State and local bar associations, shall determine the amount of reimbursement due to the lawyers who have provided disaster legal services at the request of the Regional Director. At the Regional Director’s discretion, administrative costs of lawyers providing legal services requested by him or her may also be paid.
(e) Provision of disaster legal services is confined to the securing of benefits under the Act and claims arising out of a major disaster.

(f) Any disaster legal services shall be provided in accordance with subpart A of these regulations, Non-discrimination in disaster assistance.

§§ 206.165–206.170 [Reserved]

§ 206.171 Crisis counseling assistance and training.

(a) Purpose. This section establishes the policy, standards, and procedures for implementing section 416 of the Act, Crisis Counseling Assistance and Training. FEMA will look to the Director, National Institute of Mental Health (NIMH), as the delegate of the Secretary of the Department of Health and Human Services (DHHS).

(b) Definitions. (1) Assistant Associate Director means the head of the Office of Disaster Assistance Programs, FEMA; the official who approves or disapproves a request for assistance under section 416 of the Act, and is the final appeal authority.

(2) Crisis means any life situation resulting from a major disaster or its aftermath which so affects the emotional and mental equilibrium of a disaster victim that professional mental health counseling services should be provided to help preclude possible damaging physical or psychological effects.

(3) Crisis counseling means the application of individual and group treatment procedures which are designed to ameliorate the mental and emotional crises and their subsequent psychological and behavioral conditions resulting from a major disaster or its aftermath.

(4) Federal Coordinating Officer (FCO) means the person appointed by the Associate Director to coordinate Federal assistance in an emergency or a major disaster.

(5) Grantee means the State mental health agency or other local or private mental health organization which is designated by the Governor to receive funds under section 416 of the Act.

(6) Immediate services means those screening or diagnostic techniques which can be applied to meet mental health needs immediately after a major disaster. Funds for immediate services may be provided directly by the Regional Director to the State or local mental health agency designated by the Governor, prior to and separate from the regular program application process of crisis counseling assistance.

(7) Major disaster means any natural catastrophe (including any hurricane, tornado, storm, high water, wind-driven water, tidal wave, tsunami, earthquake, volcanic eruption, landslide, mudslide, snowstorm or drought), or, regardless of cause, any fire, flood, or explosion, in any part of the United States, which in the determination of the President causes damage of sufficient severity and magnitude to warrant major disaster assistance under this Act to supplement the efforts and available resources of States, local governments, and disaster relief organizations in alleviating the damage, loss, hardship, or suffering caused thereby.

(8) Project Officer means the person assigned by the Secretary, DHHS, to monitor a crisis counseling program, provide consultation, technical assistance, and guidance, and be the contact point within the DHHS for program matters.

(9) Regional Director means the director of a regional office of FEMA, or the Disaster Recovery Manager, as the delegate of the Regional Director.

(10) Secretary means the Secretary of DHHS or his/her delegate.

(11) State Coordinating Officer (SCO) means the person appointed by the Governor to act in cooperation with the FCO.

(c) Agency policy. (1) It is agency policy to provide crisis counseling services, when required, to victims of a major disaster for the purpose of relieving mental health problems caused or aggravated by a major disaster or its aftermath. Assistance provided under this section is short-term in nature and is provided at no cost to eligible disaster victims.

(2) The Regional Director and Assistant Associate Director, in fulfilling their responsibilities under this section, shall coordinate with the Secretary.

(3) In meeting the responsibilities under this section, the Secretary or
his/her delegate will coordinate with the Assistant Associate Director.

(d) State initiation of the crisis counseling program. To obtain assistance under this section, the Governor or his/her authorized representative must initiate an assessment of the need for crisis counseling services within 10 days of the date of the major disaster declaration. The purpose of the assessment is to provide an estimate of the size and cost of the program needed and to determine if supplemental Federal assistance is required. The factors of the assessment must include those described in paragraphs (f)(2) (ii) and (iii) and (g)(2) (iii) and (iv) of this section.

(e) Public or private mental health agency programs. If the Governor determines during the assessment that because of unusual circumstances or serious conditions within the State or local mental health network, the State cannot carry out the crisis counseling program, he/she may identify a public or private mental health agency or organization to carry out the program or request the Regional Director to identify, with the assistance of the Secretary, such an agency or organization. Preference should be given to the extent feasible and practicable to those public and private agencies or organizations which are located in or do business primarily in the major disaster area.

(f) Immediate services. If, during the course of the assessment, the State determines that immediate mental health services are required because of the severity and magnitude of the disaster, and if State or local resources are insufficient to provide these services, the State may request and the Regional Director, upon determining that State resources are insufficient, may provide funds to the State, separate from the application process for regular program funds (described at paragraph (g) of this section).

(i) That the program, if approved, will be implemented according to the plan contained in the application approved by the Regional Director;

(ii) To maintain close coordination with and provide reports to the Regional Director, and

(iv) To include mental health disaster planning in the State’s emergency plan prepared under title II of the Stafford Act.

(2) The application must include:

(i) The geographical areas within the designated disaster area for which services will be provided;

(ii) An estimate of the number of disaster victims requiring assistance;

(iii) A description of the State and local resources and capabilities, and an explanation of why these resources cannot meet the need;

(iv) A description of response activities from the date of the disaster incident to the date of application;

(v) A plan of services to be provided to meet the identified needs; and

(vi) A detailed budget, showing the cost of proposed services separately from the cost of reimbursement for any eligible services provided prior to application.

(3) Reporting requirements. The State shall submit to the Regional Director:

(i) A mid-program report only when a regular program grant application is being prepared and submitted. This report will be included as part of the regular program grant application;

(ii) A final program report, a financial status report, and a final voucher 90 days after the last day of immediate services funding.

(4) Immediate services program funding:

(i) Shall not exceed 60 days following the declaration of the major disaster, except when a regular program grant application has been submitted;

(ii) May continue for up to 30 additional days when a regular program grant application has been submitted;

(iii) May be extended by the Regional Director, upon written request from the State, documenting extenuating circumstances; and

(iv) May reimburse the State for documented, eligible expenses from the date of the occurrence of the event or
incurred in anticipation of and immediately preceding the disaster event which results in a declaration.

(v) Any funds granted pursuant to an immediate services program, paragraph (f) of this section, shall be expended solely for the purposes specified in the approved application and budget, these regulations, the terms and conditions of the award, and the applicable principles prescribed in 44 CFR part 13.

(5) Appeals. There are two levels of appeals. If a State submits appeals at both levels, the first appeal must be submitted early enough to allow the latter appeal to be submitted within 60 days following the date of the funding determination on the immediate services program application.

(i) The State may appeal the Regional Director’s decision. This appeal must be submitted in writing within 60 days of the date of notification of the application decision, but early enough to allow for further appeal if desired. The appeal must include information justifying a reversal of the decision. The Regional Director shall review the material submitted, and after consultation with the Secretary, notify the State, in writing within 15 days of receipt of the appeal, of his/her decision;

(ii) The State may further appeal the Regional Director’s decision to the Assistant Associate Director. This appeal shall be made in writing within 60 days of the date of the Regional Director’s notification of the decision on the immediate services application. The appeal must include information justifying a reversal of the decision. The Assistant Associate Director, or other impartial person, shall review the material submitted, and after consultation with the Secretary and Regional Director, notify the State, in writing, within 15 days of receipt of the appeal, of his/her decision.

(g) Regular program. (1) The application must be submitted by the Governor or his/her authorized representative to the Assistant Associate Director through the Regional Director, and simultaneously to the Secretary no later than 60 days following the declaration of the major disaster. This application represents the Governor’s agreement and/or certification:

(i) That the requirements are beyond the State and local governments’ capabilities;

(ii) That the program, if approved, will be implemented according to the plan contained in the application approved by the Assistant Associate Director;

(iii) To maintain close coordination with and provide reports to the Regional Director, the Assistant Associate Director, and the Secretary; and

(iv) To include mental health disaster planning in the State’s emergency plan prepared under title II of the Stafford Act.

(2) The application must include:

(i) Standard Form 424, Application for Federal Assistance;

(ii) The geographical areas within the designated disaster area for which services will be supplied;

(iii) An estimate of the number of disaster victims requiring assistance. This documentation of need should include the extent of physical, psychological, and social problems observed, the types of mental health problems encountered by victims, and a description of how the estimate was made;

(iv) A description of the State and local resources and capabilities, and an explanation of why these resources cannot meet the need;

(v) A plan of services which must include at a minimum:

(A) The manner in which the program will address the needs of the affected population, including the types of services to be offered, an estimate of the length of time for which mental health services will be required, and the manner in which long-term cases will be handled;

(B) A description of the organizational structure of the program, including designation by the Governor of an individual to serve as administrator of the program. If more than one agency will be delivering services, the plan to coordinate services must also be described;

(C) A description of the training program for project staff, indicating the number of workers needing such training;

(D) A description of the facilities to be utilized, including plans for securing
office space if necessary to the project; and

(E) A detailed budget, including identification of the resources the State and local governments will commit to the project, proposed funding levels for the different agencies if more than one is involved, and an estimate of the required Federal contribution.

(3) Reporting requirements. The State shall submit the following reports to the Regional Director, the Secretary, and the State Coordinating Officer:

(i) Quarterly progress reports, as required by the Regional Director or the Secretary, due 30 days after the end of the reporting period. This is consistent with 44 CFR 13.40, Monitoring and Reporting Program Performance;

(ii) A final program report, to be submitted within 90 days after the end of the program period. This is also consistent with 44 CFR 13.40, Monitoring and Reporting Program Performance;

(iii) An accounting of funds, in accordance with 44 CFR 13.41, Financial Reporting, to be submitted with the final program report; and

(iv) Such additional reports as the Regional Director, Secretary, or SCO may require.

(4) Regular program funding:

(i) Shall not exceed 9 months from the date of the DHHS notice of grant award, except that upon the request of the State to the Regional Director and the Secretary, the Assistant Associate Director may authorize up to 90 days of additional program period because of documented extenuating circumstances;

(ii) The amount of the regular program grant award may be reduced to the extent that the Secretary's estimate of the sum necessary to carry out the grant purpose.

(iii) Any funds granted pursuant to a regular program, paragraph (g) of this section, shall be expended solely for the purposes specified in the approved application and budget, these regulations, the terms and conditions of the award, and the applicable cost principles prescribed in subpart Q of 45 CFR part 92.

(5) Appeals. The State may appeal the Assistant Associate Director's decision in writing, within 60 days of the date of notification of the decision.

The appeal must include information justifying a reversal of the decision. The Assistant Associate Director, or other impartial person, in consultation with the Secretary and Regional Director, shall review the material submitted and notify the State, in writing within 15 days of receipt of the appeal, of his/her decision.

(h) Eligibility guidelines.

(1) For services. An individual may be eligible for crisis counseling services if he/she was a resident of the designated major disaster areas or was located in the area at the time of the disaster event and if:

(i) He/she has a mental health problem which was caused or aggravated by the major disaster or its aftermath; or

(ii) He/she may benefit from preventive care techniques.

(2) For training. (i) The crisis counseling project staff or consultants to the project are eligible for the specific instruction that may be required to enable them to provide professional mental health crisis counseling to eligible individuals;

(ii) All Federal, State, and local disaster workers responsible for assisting disaster victims are eligible for general instruction designed to enable them to deal effectively and humanely with disaster victims.

(i) Assignment of responsibilities. (1) The Regional Director shall:

(i) In the case of an immediate services program application, acknowledge receipt of the request, verify (with assistance from the Secretary) that State resources are insufficient, approve or disapprove the State's application, obligate and advance funds for this purpose, review appeals, make a determination (with assistance from the Secretary), and notify the State;

(ii) In the case of a regular program grant application:

(A) Acknowledge receipt of the request;

(B) Request the Secretary to conduct a review to determine the extent to which assistance requested by the Governor or his/her authorized representative is warranted;

(C) Considering the Secretary's recommendation, recommend approval or
disapproval of the application for assistance under this section; and forward the Regional Director's and Secretary's recommendations and documentation to the Assistant Associate Director;

(D) Assist the State in preliminary surveys and provide guidance and technical assistance if requested to do so;

and

(E) Maintain liaison with the Secretary and look to the Secretary for program oversight and monitoring.

(2) The Secretary shall:

(i) Provide technical assistance, consultation, and guidance to the Regional Director in reviewing a State's application, to a State during program implementation and development, and to mental health agencies, as appropriate;

(ii) At the request of the Regional Director, conduct a review to verify the extent to which the requested assistance is needed and provide a recommendation on the need for supplementary Federal assistance. The review must include:

(A) A verification of the need for services with an indication of how the verification was conducted;

(B) Identification of the Federal mental health programs in the area, and the extent to which such existing programs can help alleviate the need;

(C) An identification of State, local, and private mental health resources, and the extent to which these resources can assume the workload without assistance under this section and the extent to which supplemental assistance is warranted;

(D) A description of the needs; and

(E) A determination of whether the plan adequately addresses the mental health needs;

(iii) If the application is approved, provide grant assistance to States or the designated public or private entities;

(iv) If the application is approved, monitor the progress of the program and perform program oversight;

(v) Coordinate with, and provide program reports to, the Regional Director, and the Assistant Associate Director;

(vi) Make the appeal determination, for regular program grants, involving allowable costs and termination for cause as described in paragraph (j)(2) of this section;

(vii) As part of the project monitoring responsibilities, report to the Regional Director and Assistant Associate Director at least quarterly on the progress of crisis counseling programs, in a report format jointly agreed upon by the Secretary and FEMA; provide special reports, as requested by the Regional Director, FCO, or Assistant Associate Director;

(viii) Require progress reports and other reports from the grantee to facilitate higher project monitoring responsibilities;

(ix) Properly account for all Federal funds made available to grantees under this section. Submit to the Assistant Associate Director, within 120 days of completion of a program, a final accounting of all expenditures for the program and return to FEMA all excess funds. Attention is called to the reimbursement requirements of this part.

(3) The Assistant Associate Director shall:

(i) Approve or disapprove a State's request for assistance based on recommendations of the Regional Director and the Secretary;

(ii) Obligate funds and authorize advances of funds to the DHHS;

(iii) Request that the Secretary designate a Project Officer;

(iv) Maintain liaison with the Secretary and Regional Director; and

(v) Review and make determinations on appeals, except for regular program appeals involving allowable costs and termination for cause as described in paragraph (j)(2) of this section, and notify the State of the decision.

(j) Grant awards. (1) Neither the approval of any application nor the award of any grant commits or obligates the United States in any way to make any additional, supplemental, continuation, or other award with respect to any approved application or portion of any approved application.

(2) Several other regulations of the DHHS apply to grants under this section. These include, but are not limited to:

45 CFR part 16—DHHS grant appeals procedures

42 CFR part 50, subpart D—PHS grant appeals procedures
§§ 206.172-206.180

45 CFR part 74—Administration of grants
45 CFR part 75—Informal grant appeals procedures (indirect cost rates and other cost allocations)
45 CFR part 80—Nondiscrimination under programs receiving Federal assistance through the DHHS (effectuation of Title VI of the Civil Rights Act of 1964)
45 CFR part 81—Practice and procedure for hearings under part 80
45 CFR part 85—Nondiscrimination on the basis of handicap in federally assisted programs
45 CFR part 84—Nondiscrimination on the basis of handicap in federally assisted programs
45 CFR part 86—Nondiscrimination on the basis of sex in federally assisted programs
45 CFR part 81—Uniform administrative requirements for grants and cooperative agreements to State and local governments

(k) Federal audits. The crisis counseling program is subject to Federal audit. The Associate Director, the Regional Director, the FEMA Inspector General, The Secretary, and the Comptroller General of the United States, or their duly authorized representatives, shall have access to any books, documents, papers, and records that pertain to Federal funds, equipment, and supplies received under this section for the purpose of audit and examination.

§§ 206.172-206.180 [Reserved]

§ 206.181 Use of gifts and bequests for disaster assistance purposes.

(a) General. FEMA sets forth procedures for the use of funds made possible by a bequest of funds from the late Cora C. Brown of Kansas City, Missouri, who left a portion of her estate to the United States for helping victims of natural disasters and other disasters not caused by or attributable to war. FEMA intends to use the funds, and any others that may be bequeathed under this authority, in the manner and under the conditions described below.

(b) Purposes for awarding funds. Money from the Cora Brown Fund may only be used to provide for disaster-related needs that have not been or will not be met by governmental agencies or any other organizations which have programs to address such needs; however, the fund is not intended to replace or supersede these programs. For example, if assistance is available from another source, including the Individual and Family Grant program and government-sponsored disaster loan assistance, then money from the Cora Brown Fund will not be available to the applicant for the same purpose. Listed below are the general categories of assistance which can be provided by the Cora Brown Fund:

(1) Disaster-related home repair and rebuilding assistance to families for permanent housing purposes, including site acquisition and development, relocation of residences out of hazardous areas, assistance with costs associated with temporary housing or permanent rehousing (e.g., utility deposits, access, transportation, connection of utilities, etc.);

(2) Disaster-related unmet needs of families who are unable to obtain adequate assistance under the Act or from other sources. Such assistance may include but is not limited to: health and safety measures; evacuation costs; assistance delineated in the Act or other Federal, State, local, or volunteer programs; hazard mitigation or floodplain management purposes; and assistance to self-employed persons (with no employees) to reestablish their businesses; and

(3) Other services which alleviate human suffering and promote the well being of disaster victims. For example, services to the elderly, to children, or to handicapped persons, such as transportation, recreational programs, provision of special ramps, or hospital or home visiting services. The funds may be provided to individual disaster victims, or to benefit a group of disaster victims.

(c) Conditions for use of the Cora Brown Fund. (1) The Cora Brown Fund is available only when the President declares that a major disaster or emergency exists under the Act, only in areas designated as eligible for Federal disaster assistance through notice in the Federal Register, and only at the discretion of the Assistant Associate Director, Office of Disaster Assistance Programs, FEMA. The fund is limited to the initial endowment plus accrued interest, and this assistance program will cease when the fund is used up.

(2) A disaster victim normally will receive no more than $2,000 from this
fund in any one declared disaster unless the Assistant Associate Director determines that a larger amount is in the best interest of the disaster victim and the Federal Government. Funds to provide service which benefit a group may be awarded in an amount determined by the Assistant Associate Director, based on the Regional Director’s recommendation.

(3) The fund may not be used in a way that is inconsistent with other federally mandated disaster assistance or insurance programs, or to modify other generally applicable requirements.

(4) Funds awarded to a disaster victim may be provided by FEMA jointly to the disaster victim and to a State or local agency, or volunteer organization, to enable such an agent to assist in providing the approved assistance to an applicant. Example: Repair funds may be provided jointly to an applicant and the Mennonite Disaster Service, who will coordinate the purchase of supplies and provide the labor.

(5) Money from this fund will not duplicate assistance for which a person is eligible from other sources.

(6) In order to comply with the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), as amended, any award for acquisition or construction purposes shall carry a requirement that any adequate flood insurance policy be purchased and maintained. The Assistant Associate Director shall determine what is adequate based on the purpose of the award.

(7) The fund shall be administered in an equitable and impartial manner without discrimination on the grounds of race, color, religion, national origin, sex, age, or economic status.

(8) Funds awarded to a disaster victim from this fund may be combined with funds from other sources.

(d) Administrative procedures. (1) The Assistant Associate Director, Office of Disaster Assistance Programs, shall be responsible for awarding funds and authorizing disbursement.

(2) The Comptroller of FEMA shall be responsible for fund accountability and, in coordination with the Assistant Associate Director, for liaison with the Department of the Treasury concerning the investment of excess money in the fund pursuant to the provisions contained in section 601 of the Act.

(3) Each FEMA Regional Director may submit requests to the Assistant Associate Director on a disaster victim’s behalf by providing documentation describing the needs of the disaster victim, a verification of the disaster victim’s claim, a record of other assistance which has been or will be available for the same purpose, and his/her recommendation as to the items and the amount. The Assistant Associate Director shall review the facts and make a determination. If the award amount is below $2,000, the Assistant Associate Director may appoint a designee to have approval authority; approval authority of $2,000 or above shall be retained by the Assistant Associate Director. The Assistant Associate Director shall notify the Comptroller of a decision for approval, and the Comptroller shall order a check to be sent to the disaster victim (or jointly to the disaster victim and an assistance organization), through the Regional Director. The Assistant Associate Director shall also notify the Regional Director of the decision, whether for approval or disapproval. The Regional Director shall notify the disaster victim in writing, identify any award as assistance from the Cora Brown Fund, and advise the recipient of appeal procedures.

(4) If the award is to be for a service to a group of disaster victims, the Regional Director shall submit his/her recommendation and supporting documentation to the Assistant Associate Director (or his/her designee if the award is below $2,000), who shall review the information and make a determination. In cases of approval, the Assistant Associate Director shall request the Comptroller to send a check to the intended recipient or provider, as appropriate. The Assistant Associate Director shall request the Regional Director of the decision. The Regional Director shall notify a representative of the group in writing.

(5) The Comptroller shall process requests for checks, shall keep records of disbursements and balances in the account, and shall provide the Assistant Associate Director with quarterly reports.
(e) Audits. The Inspector General of FEMA shall audit the use of money in this account to determine whether the funds are being administered according to these regulations and whether the financial management of the account is adequate. The Inspector General shall provide his/her findings to the Associate Director, State and Local Programs and Support, for information, comments and appropriate action. A copy shall be provided to the Comptroller for the same purpose.

§§ 206.182-206.190 [Reserved]

§ 206.191 Duplication of benefits.
(a) Purpose. This section establishes the policies for implementing section 312 of the Stafford Act, entitled Duplication of Benefits. This section relates to assistance for individuals and families.

(b) Government policy. (1) Federal agencies providing disaster assistance under the Act or under their own authorities triggered by the Act, shall cooperate to prevent and rectify duplication of benefits, according to the general policy guidance of the Federal Emergency Management Agency. The agencies shall establish appropriate agency policies and procedures to prevent duplication of benefits.

(2) Major disaster and emergency assistance provided to individuals and families under the Act, and comparable disaster assistance provided by States, local governments, and disaster assistance organizations, is not considered as income or a resource when determining eligibility for or benefit levels under federally funded income assistance or resource-tested programs. Examples of federally funded income assistance or resource-tested programs are the food stamp program and welfare assistance programs.

(c) FEMA policy. It is FEMA policy:
(1) To prevent duplication of benefits between its own programs and insurance benefits, and between its own programs and other disaster assistance. Assistance under the Act may be provided in instances where the applicant has not received other benefits to which he/she may be entitled by the time of application and if the applicant agrees to repay all duplicated assistance to the agency providing the Federal assistance;

(2) To examine a debt resulting from duplication to determine that the likelihood of collecting the debt and the best interests of the Federal Government justify taking the necessary recovery actions to remedy duplication which has occurred when other assistance has become available;

(3) To assure uniformity in preventing duplication of benefits, by consulting with other Federal agencies and by performing selected quality control reviews, that the other disaster relief agencies establish and follow policies and procedures to prevent and remedy duplication among their programs, other programs, and insurance benefits; and

(4) To coordinate the effort of agencies providing assistance so that each agency understands the prevention and remedial policies of the others and is able to fulfill its own responsibilities regarding duplication of benefits.

(d) Guidance to prevent duplication of benefits. (1) Delivery sequence. FEMA provides the following policy and procedural guidance to ensure uniformity in preventing duplication of benefits.

(i) Duplication occurs when an agency has provided assistance which was the primary responsibility of another agency, and the agency with primary responsibility later provides assistance. A delivery sequence establishes the order in which disaster relief agencies and organizations provide assistance. The specific sequence, in accordance with the mandates of the assistance programs, is to be generally followed in the delivery of assistance.

(ii) When the delivery sequence has been disrupted, the disrupting agency is responsible for rectifying the duplication. The delivery sequence pertains to that period of time in the recovery phase when most of the traditional disaster assistance programs are available.

(2) The delivery sequence is, in order of delivery:

(i) Volunteer agencies' emergency assistance (except expendable items such as clothes, linens, and basic kitchenware); insurance (including flood insurance);
Federal Emergency Management Agency § 206.191

(ii) Temporary housing assistance (to include provision of a housing unit and minimal repairs);
(iii) Small Business Administration and Farmers Home Administration disaster loans;
(iv) Individuals and Family Grant program assistance;
(v) Volunteer agencies’ “additional assistance” programs; and
(vi) The “Cora Brown Fund.”

(3) Two significant points about the delivery sequence are that:
(i) Each assistance agency should, in turn, offer and be responsible for delivering assistance without regard to duplication with a program later in the sequence; and
(ii) The sequence itself determines what types of assistance can duplicate other assistance (i.e., a Federal program can duplicate insurance benefits, however, insurance benefits cannot duplicate the Federal assistance). An agency’s position in the sequence determines the order in which it should provide assistance and what other resources it must consider before it does so.

(4) If following the delivery sequence concept would adversely affect the timely receipt of essential assistance by a disaster victim, an agency may offer assistance which is the primary responsibility of another agency to provide, according to the delivery sequence; and determine whether that primary response agency can provide assistance in a timely way.

(ii) If it is determined that timely assistance can be provided by the agency with primary responsibility, refrain from providing assistance under the Act. If it is determined that assistance from the agency with primary responsibility will be delayed, assistance under the Act may be provided, but then must be recovered from the applicant when the other assistance becomes available.

(2) Programs under the Act vs. insurance. In making an eligibility determination, the FEMA Regional Director or State shall:
(i) Remind the applicant about his/her responsibility to pursue an adequate settlement. The applicant must provide information concerning insurance recoveries.
(ii) Determine whether the applicant’s insurance settlement will be sufficient to cover the loss or need without disaster assistance; and
(iii) Determine whether insurance benefits (including flood insurance) will be provided in a timely way. Where flood insurance is involved, the Regional Director shall coordinate with the Federal Insurance Administration. The purpose of this coordination is to obtain information about flood insurance coverage and settlements.

(3) Random sample. Each disaster assistance agency is responsible for preventing and rectifying duplication of benefits under the coordination of the Federal Coordinating Officer (FCO) and the general authority of section 312. To determine whether duplication has occurred and established procedures have been followed, the Regional Director shall, within 90 days after the close of the disaster assistance programs application period, for selected disaster declarations, examine on a random sample basis, FEMA’s and other government and voluntary agencies’ case files and document the findings in writing.

(4)Duplication when assistance under the Act is involved. If duplication is discovered, the Regional Director shall determine whether the duplicating
agency followed its own remedial procedures.

(i) If the duplicating agency followed its procedures and was successful in correcting the duplication, the Regional Director will take no further action. If the agency was not successful in correcting the duplication, and the Regional Director is satisfied that the duplicating agency followed its remedial procedures, no further action will be taken.

(ii) If the duplicating agency did not follow its duplication of benefits procedures, or the Regional Director is not satisfied that the procedures were followed in an acceptable manner, then the Regional Director shall provide an opportunity for the agency to take the required corrective action. If the agency cannot fulfill its responsibilities for remedial action, the Regional Director shall notify the recipient of the excess assistance, and after examining the debt, if it is determined that the likelihood of collecting the debt and the best interests of the Federal Government justify taking the necessary recovery actions, then take those recovery actions in conjunction with agency representatives for each identified case in the random sample (or larger universe, at the Regional Director's discretion).

(5) Duplication when assistance under other authorities is involved. When the random sample shows evidence that duplication has occurred and corrective action is required, the Regional Director and the FCO shall urge the duplicating agency to follow its own procedures to take corrective action, and shall work with the agency toward that end. Under his/her authority in section 312, the Regional Director shall require the duplicating agency to report to him/her on its attempt to correct the duplications identified in the sample.

(f) Recovering FEMA funds: debt collection. Funds due to FEMA are recovered in accordance with FEMA's Debt Collection Regulations (44 CFR part 11, subpart C).
Federal Emergency Management Agency

§ 206.202  Application procedures.

(a) General. This section describes the policies and procedures for processing grants for Federal disaster assistance to States. For purposes of this regulation the State is the grantee. The State is responsible for processing subgrants to applicants in accordance with 44 CFR parts 13, 14, and 206, and its own policies and procedures.

(b) Grantee. The Grantee serves as the grant administrator for all funds provided under the Public Assistance grant program. The Grantee’s responsibilities as they pertain to procedures outlined in this section include providing technical advice and assistance to eligible subgrantees, providing State support for damage survey activities, ensuring that all potential applicants are aware of assistance available, and submission of those documents necessary for grants award.

(c) Notice of interest (NOI). The Grantee must submit to the RD a completed NOI (FEMA Form 90-49) for each applicant requesting assistance. NOI’s must be submitted to the RD within 30 days following designation of the area in which the damage is located.

(d) Damage Survey Reports (DSRs). (1) Damage surveys are conducted by an inspection team. An authorized local representative accompanies the inspection team and is responsible for representing the applicant and ensuring that all eligible work and costs are identified. The inspectors prepare a Damage Survey Report-Data Sheet (FEMA Form 90-91) for each site. On the Damage Survey Report-Data Sheet the inspectors will identify the eligible scope of work and prepare a quantitative estimate for the eligible work. Any damage that is not shown to the inspection team during its initial visit shall be reported in writing to the Regional Director by the Grantee within 60 days after the initial visit.

(2) When the estimate of work at a damage site is less than $1000, such work is not eligible and a DSR will not be written. This minimum amount for a DSR shall be reviewed periodically by
§ 206.203 Federal grant assistance.

(a) General. This section describes the types and extent of Federal funding available under State disaster assistance grants, as well as limitations and special procedures applicable to each.

(b) Cost sharing. All projects approved under State disaster assistance grants will be subject to the cost sharing provisions established in the FEMA-State Agreement and the Stafford Act.

(c) Project funding—(1) Large projects. When the approved estimate of eligible costs for an individual project is $35,000 or greater, Federal funding shall equal the Federal share of the actual eligible costs documented by a grantee. Such $35,000 amount shall be adjusted annually to reflect changes in the Consumer Price Index for All Urban Consumers published by the Department of Labor.

(2) Small projects. When the approved estimate of costs for an individual project is less than $35,000, Federal funding shall equal the Federal share of the approved estimate of eligible costs. Such $35,000 amount shall be adjusted annually as indicated in paragraph (c)(1) of this section.

(d) Funding options—(1) Improved projects. If a subgrantee desires to make improvements, but still restore the predisaster function of a damaged facility, the Grantee's approval must be obtained. Federal funding for such improved projects shall be limited to the Federal share of the approved estimate of eligible costs.

(2) Alternate projects. In any case where a subgrantee determines that the public welfare would not be best served by restoring a damaged public facility or the function of that facility, the Grantee may request that the RD approve an alternate project.

(i) The alternate project option may be taken only on permanent restorative work.

(ii) Federal funding for such alternate projects shall equal 90 percent of the Federal share of the approved estimate of eligible costs.

(iii) Funds contributed for alternate projects may be used to repair or expand other selected public facilities, to construct new facilities, or to fund hazard mitigation measures. These funds may not be used to pay the nonfederal share of any project, nor for any operating expense.

(iv) Prior to the start of construction of any alternate project the Grantee shall submit for approval by the RD the following: a description of the proposed alternate project(s); a schedule of work; and the projected cost of the project(s). The Grantee shall also provide the necessary assurances to document compliance with special requirements, including, but not limited to floodplain management, environmental

(Expanded text continues...)
§ 206.204 Project performance.

(a) General. This section describes the policies and procedures applicable during the performance of eligible work.

(b) Advances of funds. Advances of funds will be made in accordance with 44 CFR 13.21, Payment.

(c) Time limitations for completion of work—(1) Deadlines. The project completion deadlines shown below are set from the date that a major disaster or emergency is declared and apply to all projects approved under State disaster assistance grants.

<table>
<thead>
<tr>
<th>Type of work</th>
<th>Months</th>
</tr>
</thead>
<tbody>
<tr>
<td>Debris clearance</td>
<td>6</td>
</tr>
<tr>
<td>Emergency work</td>
<td>6</td>
</tr>
<tr>
<td>Permanent work</td>
<td>18</td>
</tr>
</tbody>
</table>

(2) Exceptions. (i) The Grantee may impose lesser deadlines for the completion of work under paragraph (c)(1) of this section if considered appropriate.

(ii) Based on extenuating circumstances or unusual project requirements beyond the control of the subgrantee, the Grantee may extend the deadlines under paragraph (c)(1) of this section for an additional 6 months for debris clearance and emergency work and an additional 30 months, on a project by project basis for permanent work.

(d) Requests for time extensions. Requests for time extensions beyond the Grantee’s authority shall be submitted by the Grantee to the RD and shall include the following:

(1) The dates and provisions of all previous time extensions on the project; and

(2) A detailed justification for the delay and a projected completion date. The RD shall review the request and make a determination. The Grantee shall be notified of the RD’s determination in writing. If the RD approves the request, the letter shall reflect the approved completion date and any other requirements the RD may determine necessary to ensure that the new completion date is met. If the RD denies the time extension request, the grantee may, upon completion of the project, be reimbursed for eligible project costs incurred only up to the latest approved completion date. If the project is not completed, no Federal funding will be provided for that project.

(e) Cost overruns. During the execution of approved work a subgrantee may find that actual project costs are exceeding the approved DSR estimates. Such cost overruns normally fall into the following three categories:

(1) Variations in unit prices;

(2) Change in the scope of eligible work; or

(3) Delays in timely starts or completion of eligible work.

The subgrantee shall evaluate each cost overrun and, when justified, submit a request for additional funding through the grantee to the RD for a final determination. All requests for the RD’s approval shall contain sufficient documentation to support the eligibility of all claimed work and costs. The grantee shall include a written recommendation when forwarding the request. The RD shall notify the Grantee in writing of the final determination. FEMA will not normally review an overrun for an individual small project. The normal procedure for small projects will be that when a subgrantee discovers a significant overrun related to the total final cost for all small projects, the subgrantee may submit an appeal for additional funding in accordance with §206.206 below, within 60 days following the completion of all of its small projects.

(f) Progress reports. Progress reports will be submitted by the Grantee to the RD quarterly. The RD and Grantee shall negotiate the date for submission of the first report. Such reports will describe the status of those projects on which a final payment of the Federal share has not been made to the Grantee and outline any problems or circumstances expected to result in noncompliance with the approved grant conditions.

§ 206.205 Payment of claims.

(a) Small projects. Final payment of the Federal share of these projects shall be made to the Grantee upon approval of the project. The grantee shall
§ 206.206  Appeals.

An eligible applicant, subgrantee, or grantee may appeal any determination previously made related to an application for or the provision of Federal assistance according to the procedures below.

(a) Format and Content. The applicant or subgrantee will make the appeal in writing through the grantee to the Regional Director. The grantee shall review and evaluate all subgrantee appeals before submission to the Regional Director. The grantee may make grantee-related appeals to the Regional Director. The appeal shall contain documented justification supporting the appellant's position, specifying the monetary figure in dispute and the provisions in Federal law, regulation, or policy with which the appellant believes the initial action was inconsistent.

(b) Levels of Appeal. (1) The Regional Director will consider first appeals for public assistance-related decisions under subparts A through L of this part.

(2) The Associate Director/Executive Associate Director for Response and Recovery will consider appeals of the Regional Director's decision on any first appeal under paragraph (b)(1) of this section.

(c) Time Limits. (1) Appellants must file appeals within 60 days after receipt of a notice of the action that is being appealed.

(2) The grantee will review and forward appeals from an applicant or subgrantee, with a written recommendation, to the Regional Director within 60 days of receipt.

(3) Within 90 days following receipt of an appeal, the Regional Director (for first appeals) or Associate Director/Executive Associate Director (for second appeals) will notify the grantee in writing of the disposition of the appeal or of the need for additional information. A request by the Regional Director or Associate Director/Executive Associate Director for additional information will include a date by which the information must be provided. Within 90 days following the receipt of the requested additional information or following expiration of the period for providing the information, the Regional Director or Associate Director/Executive Associate Director will notify the grantee in writing of the disposition of the appeal. If the decision is to grant the appeal, the Regional Director will take appropriate implementing action.

(d) Technical Advice. In appeals involving highly technical issues, the Regional Director or Associate Director/Executive Associate Director may, at
his or her discretion, submit the appeal to an independent scientific or technical person or group having expertise in the subject matter of the appeal for advice or recommendation. The period for this technical review may be in addition to other allotted time periods. Within 90 days of receipt of the report, the Regional Director or Associate Director/Executive Associate Director will notify the grantee in writing of the disposition of the appeal.

(e) Transition. (1) This rule is effective for all appeals pending on and appeals from decisions issued on or after May 8, 1998, except as provided in paragraph (e)(2) of this section.

(2) Appeals pending from a decision of an Associate Director/Executive Associate Director before May 8, 1998 may be appealed to the Director in accordance with 44 CFR 206.440 as it existed before May 8, 1998 (44 CFR, revised as of October 1, 1997).

(3) The decision of the FEMA official at the next higher appeal level shall be the final administrative decision of FEMA.

§ 206.208 Direct Federal assistance.

(a) General. When the State and local government lack the capability to perform or to contract for eligible emergency work and/or debris removal, under sections 402(4), 403 or 407 of the Act, the Grantee may request that the work be accomplished by a Federal agency. Such assistance is subject to the cost sharing provisions outlined in §206.203(b) of this subpart. Direct Federal assistance is also subject to the eligibility criteria contained in Subpart H of these regulations. FEMA will reimburse other Federal agencies in accordance with Subpart A of these regulations.

(b) Requests for assistance. All requests for direct Federal assistance shall be submitted by the Grantee to the RD and shall include:

(1) A written agreement that the State will:

(i) Provide without cost to the United States all lands, easements and rights-of-ways necessary to accomplish the approved work;

(ii) Hold and save the United States free from damages due to the requested work, and shall indemnify the Federal Government against any claims arising from such work;

(iii) Provide reimbursement to FEMA for the nonFederal share of the cost of such work in accordance with the provisions of the FEMA-State Agreement; and

(iv) Assist the performing Federal agency in all support and local jurisdictional matters.

(2) A statement as to the reasons the State and the local government cannot perform or contract for performance of the requested work.

(3) A written agreement from an eligible applicant that such applicant will be responsible for the items in subparagraph (b)(1) (i) and (ii) of this section, in the event that a State is legally unable to provide the written agreement.

(c) Implementation. (1) If the RD approves the request, a mission assignment will be issued to the appropriate Federal agency. The mission assignment letter to the agency shall define the scope of eligible work. Prior to execution of work on any project, the RD shall prepare a DSR establishing the scope and estimated cost of eligible work. The Federal agency shall not exceed the approved funding limit without the authorization of the RD.

(2) If all or any part of the requested work falls within the statutory authority of another Federal agency, the RD shall not approve that portion of the request. In such case, the unapproved portion of the request will be referred to the appropriate agency for action.

(d) Time limitation. The time limitation for completion of work by a Federal agency under a mission assignment is 60 days after the President’s declaration. Based on extenuating circumstances or unusual project requirements, the RD may extend this time limitation.

(e) Project management. (1) The performing Federal agency shall ensure that the work is completed in accordance with the RD’s approved scope of work, costs and time limitations. The performing Federal agency shall also keep the RD and Grantee advised of work progress and other project developments. It is the responsibility of the
performing Federal agency to ensure compliance with applicable Federal, State and local legal requirements. A final inspection report will be completed upon termination of all direct Federal assistance work. Final inspection reports shall be signed by a representative of the performing Federal agency and the State. Once the final eligible cost is determined (including Federal agency overhead), the State will be billed for the non-Federal share of the mission assignment in accordance with the cost sharing provisions of the FEMA-State Agreement.

(2) Pursuant to the agreements provided in the request for assistance the Grantee shall assist the performing Federal agency in all State and local jurisdictional matters. These matters include securing local building permits and rights of entry, control of traffic and pedestrians, and compliance with local building ordinances.

§§ 206.209-206.219 [Reserved]

Subpart H—Public Assistance Eligibility

SOURCE: 55 FR 2307, Jan. 23, 1990, unless otherwise noted.

§ 206.220 General.

This subpart provides policies and procedures for determinations of eligibility of applicants for public assistance, eligibility of work, and eligibility of costs for assistance under sections 402, 403, 406, 407, 418, 419, 421(d), 502 and 503 of the Stafford Act. Assistance under this subpart must also conform to requirements of 44 CFR part 206, subparts G—Public Assistance Project Administration, I—Public Assistance Insurance Requirements, J—Coastal Barrier Resources Act, and M—Hazard Mitigation Planning. Regulations under 44 CFR part 9—Floodplain Management and 44 CFR part 10—Environmental Considerations, also apply to this assistance.

§ 206.221 Definitions.

(a) Educational institution means:

(1) Any elementary school as defined by section 801(c) of the Elementary and Secondary Education Act of 1965; or

(2) Any secondary school as defined by section 801(h) of the Elementary and Secondary Education Act of 1965; or

(3) Any institution of higher education as defined by section 1201 of the Higher Education Act of 1965.

(b) Force account means an applicant's own labor forces and equipment.

(c) Immediate threat means the threat of additional damage or destruction from an event which can reasonably be expected to occur within five years.

(d) Improved property means a structure, facility or item of equipment which was built, constructed or manufactured. Land used for agricultural purposes is not improved property.

(e) Private nonprofit facility means any private nonprofit educational, utility, emergency, medical, or custodial care facility, including a facility for the aged or disabled, and other facility providing essential governmental type services to the general public, and such facilities on Indian reservations. Further definition is as follows:

(1) Educational facilities means classrooms plus related supplies, equipment, machinery, and utilities of an educational institution necessary or appropriate for instructional, administrative, and support purposes, but does not include buildings, structures and related items used primarily for religious purposes or instruction.

(2) Utility means buildings, structures, or systems of energy, communication, water supply, sewage collection and treatment, or other similar public service facilities.

(3) Emergency facility means those buildings, structures, equipment, or systems used to provide emergency services, such as fire protection, ambulancce, or rescue, to the general public, including the administrative and support facilities essential to the operation of such emergency facilities even if not contiguous.

(4) Medical facility means any hospital, outpatient facility, rehabilitation facility, or facility for long term care as such terms are defined in section 645 of the Public Health Service Act (42 U.S.C. 2910) and any similar facility offering diagnosis or treatment of mental or physical injury or disease,
including the administrative and support facilities essential to the operation of such medical facilities even if not contiguous.

(5) Custodial care facility means those buildings, structures, or systems including those for essential administration and support, which are used to provide institutional care for persons who require close supervision and some physical constraints on their daily activities for their self-protection, but do not require day-to-day medical care.

(6) Other essential governmental service facility means museums, zoos, community centers, libraries, homeless shelters, senior citizen centers, rehabilitation facilities, shelter workshops and facilities which provide health and safety services of a governmental nature. All such facilities must be open to the general public.

(f) Private nonprofit organization means any nongovernmental agency or entity that currently has:

(1) An effective ruling letter from the U.S. Internal Revenue Service, granting tax exemption under sections 501(c), (d), or (e) of the Internal Revenue Code of 1954, or

(2) Satisfactory evidence from the State that the nonrevenue producing organization or entity is a nonprofit one organized or doing business under State law.

(g) Public entity means an organization formed for a public purpose whose direction and funding are provided by one or more political subdivisions of the State.

(h) Public facility means the following facilities owned by a State or local government: any flood control, navigation, irrigation, reclamation, public power, sewage treatment and collection, water supply and distribution, watershed development, or airport facility; any non-Federal aid, street, road, or highway; and any other public building, structure, or system, including those used for educational, recreational, or cultural purposes; or any park.

(i) Standards means codes, specifications or standards required for the construction of facilities.
§ 206.224 Debris removal.

(a) Public interest. Upon determination that debris removal is in the public interest, the Regional Director may provide assistance for the removal of debris and wreckage from publicly and privately owned lands and waters. Such removal is in the public interest when it is necessary to:

(1) Eliminate immediate threats to life, public health, and safety; or

(2) Eliminate immediate threats of significant damage to improved public or private property; or

(3) Ensure economic recovery of the affected community to the benefit of the community-at-large.

(b) Debris removal from private property. When it is in the public interest for an eligible applicant to remove debris from private property in urban, suburban and rural areas, including large lots, clearance of the living, recreational and working area is eligible except those areas used for crops and livestock or unused areas.

(c) Assistance to individuals and private organizations. No assistance will be provided directly to an individual or private organization, or to an eligible applicant for reimbursement of an individual or private organization, for the cost of removing debris from their own property. Exceptions to this are those private nonprofit organizations operating eligible facilities.

§ 206.225 Emergency work.

(a) General. (1) Emergency protective measures to save lives, to protect public health and safety, and to protect improved property are eligible.

(2) In determining whether emergency work is required, the Regional Director may require certification by local State, and/or Federal officials that a threat exists, including identification and evaluation of the threat and recommendations of the emergency work necessary to cope with the threat.

(3) In order to be eligible, emergency protective measures must:

(i) Eliminate or lessen immediate threats to life, public health or safety; or

(ii) Eliminate or lessen immediate threats of significant additional damage to improved public or private property through measures which are cost effective.

(b) Emergency access. An access facility that is not publicly owned or is not the direct responsibility of an eligible applicant for repair or maintenance may be eligible for emergency repairs or replacement provided that emergency repair or replacement of the facility economically eliminates the need for temporary housing. The work will be limited to that necessary for the access to remain passable through events which can be considered an immediate threat. The work must be performed by an eligible applicant and will be subject to cost sharing requirements.

(c) Emergency communications. Emergency communications necessary for the purpose of carrying out disaster relief functions may be established and may be made available to State and local government officials as deemed appropriate. Such communications are intended to supplement but not replace normal communications that remain operable after a major disaster. FEMA funding for such communications will be discontinued as soon as the needs have been met.

(d) Emergency public transportation. Emergency public transportation to meet emergency needs and to provide transportation to public places and such other places as necessary for the community to resume its normal pattern of life as soon as possible is eligible. Such transportation is intended to supplement but not replace predisaster transportation facilities that remain operable after a major disaster. FEMA funding for such transportation will be discontinued as soon as the needs have been met.

§ 206.226 Restoration of damaged facilities.

Work to restore eligible facilities on the basis of the design of such facilities as they existed immediately prior to the disaster and in conformity with the following is eligible:

(a) Assistance under other Federal agency (OFA) programs. (1) Generally, disaster assistance will not be made available under the Stafford Act when another Federal agency has specific authority to restore facilities damaged or
destroyed by an event which is declared a major disaster.

(2) An exception to the policy described in paragraph (a)(1) of this section exists for public elementary and secondary school facilities which are otherwise eligible for assistance from the Department of Education (ED) under 20 U.S.C. 241-1 and 20 U.S.C. 646. Such facilities are also eligible for assistance from FEMA under the Stafford Act, and grantees shall accept applications from local educational agencies for assistance under the Stafford Act.

(3) The exception does not cover payment of increased current operating expenses or replacement of lost revenues as provided in 20 U.S.C. 241-1(a) and implemented by 34 CFR 219.14. Such assistance shall continue to be granted and administered by the Department of Education.

(b) Standards. For the costs of Federal, State, and local repair or replacement standards which change the predisaster construction of facility to be eligible, the standards must:

(1) Apply to the type of repair or restoration required;

(2) Be appropriate to the predisaster use of the facility;

(3)(i) Be found reasonable, in writing, and formally adopted and implemented by the State or local government on or before the disaster declaration date or be a legal Federal requirement applicable to the type of restoration.

(ii) This paragraph (b) applies to local governments on January 1, 1999 and States on January 1, 2000. Until the respective applicability dates, the standards must be in writing and formally adopted by the applicant prior to project approval or be a legal Federal or State requirement applicable to the type of restoration.

(4) Apply uniformly to all similar types of facilities within the jurisdiction of the facility;

(5) For any standard in effect at the time of a disaster, it must have been enforced during the time it was in effect.

(c) Hazard mitigation. In approving grant assistance for restoration of facilities, the Regional Director may require cost effective hazard mitigation measures not required by applicable standards. The cost of any requirements for hazard mitigation placed on restoration projects by FEMA will be an eligible cost for FEMA assistance.

(d) Repair vs. replacement. (1) A facility is considered repairable when disaster damages do not exceed 50 percent of the cost of replacing a facility to its predisaster condition, and it is feasible to repair the facility so that it can perform the function for which it was being used as well as it did immediately prior to the disaster.

(2) If a damaged facility is not repairable in accordance with paragraph (d)(1) of this section, approved restorative work may include replacement of the facility. The applicant may elect to perform repairs to the facility, in lieu of replacement, if such work is in conformity with applicable standards. However, eligible costs shall be limited to the less expensive of repairs or replacement.

(3) An exception to the limitation in paragraph (d)(2) of this section may be allowed for facilities eligible for or on the National Register of Historic Properties. If an applicable standard requires repair in a certain manner, costs associated with that standard will be eligible.

(e) Relocation. (1) The Regional Director may approve funding for and require restoration of a destroyed facility at a new location when:

(i) The facility is and will be subject to repetitive heavy damage;

(ii) The approval is not barred by other provisions of title 44 CFR; and

(iii) The overall project, including all costs, is cost effective.

(2) When relocation is required by the Regional Director, eligible work includes land acquisition and ancillary facilities such as roads and utilities, in addition to work normally eligible as part of a facility reconstruction. Demolition and removal of the old facility is also an eligible cost.

(3) When relocation is required by the Regional Director, no future funding for repair or replacement of a facility at the original site will be approved, except those facilities which facilitate an open space use in accordance with 44 CFR part 9.
§ 206.227

(4) When relocation is required by the Regional Director, and, instead of relocation, the applicant requests approval of an alternate project [see § 206.203(d)(2)], eligible costs will be limited to 90 percent of the estimate of restoration at the original location excluding hazard mitigation measures.

(5) If relocation of a facility is not feasible or cost effective, the Regional Director shall disapprove Federal funding for the original location when he/she determines in accordance with 44 CFR part 9, 44 CFR part 10, or 44 CFR part 206, subpart M, that restoration in the original location is not allowed. In such cases, an alternate project may be applied for.

(f) Equipment and furnishings. If equipment and furnishings are damaged beyond repair, comparable items are eligible as replacement items.

(g) Library books and publications. Replacement of library books and publications is based on an inventory of the quantities of various categories of books or publications damaged or destroyed. Cataloging and other work incidental to replacement are eligible.

(h) Beaches. (1) Replacement of sand on an unimproved natural beach is not eligible.

(2) Improved beaches. Work on an improved beach may be eligible under the following conditions:
   (i) The beach was constructed by the placement of sand (of proper grain size) to a designed elevation, width, and slope; and
   (ii) A maintenance program involving periodic renourishment of sand must have been established and adhered to by the applicant.

(i) Restrictions—(1) Alternative use facilities. If a facility was being used for purposes other than those for which it was designed, restoration will only be eligible to the extent necessary to restore the immediate predisaster alternate purpose.

(2) Inactive facilities. Facilities that were not in active use at the time of the disaster are not eligible except in those instances where the facilities were only temporarily inoperative for repairs or remodeling, or where active use by the applicant was firmly established in an approved budget or the owner can demonstrate to FEMA’s satisfaction an intent to begin use within a reasonable time.

§ 206.227 Snow assistance.

Emergency or major disaster declarations based on snow or blizzard conditions will be made only for cases of record or near record snowstorms, as established by official government records. Federal assistance will be provided for all costs eligible under 44 CFR 206.225 for a specified period of time which will be determined by the circumstances of the event.

§ 206.228 Allowable costs.

General policies for determining allowable costs are established in 44 CFR 13.22. Exceptions to those policies as allowed in 44 CFR 13.4 and 13.6 are explained below.

(a) Eligible direct costs—(1) Applicant-owned equipment. Reimbursement for ownership and operation costs of applicant-owned equipment used to perform eligible work shall be provided in accordance with the following guidelines:

   (i) Rates established under State guidelines. In those cases where an applicant uses reasonable rates which have been established or approved under State guidelines, reimbursement for equipment which has an hourly rate of $75 or less shall be based on such rates. Reimbursement for equipment which has an hourly rate in excess of $75 shall be based on rates established under State guidelines, in its normal daily operations, reimbursement for applicant-owned equipment which has an hourly rate of $75 or less shall be based on such rates.

   (ii) Rates established under local guidelines. Where local guidelines are used to establish equipment rates, reimbursement will be based on those rates or rates in a Schedule of Equipment Rates published by FEMA, whichever is lower. If an applicant certifies that its locally established rates do not reflect actual costs, reimbursement may be based on the FEMA Schedule of Equipment Rates, but the applicant will be expected to provide documentation if requested. If an applicant wishes to claim an equipment rate which exceeds the FEMA Schedule, it must document
§ 206.250 General.

(a) Sections 311 and 406(d) of the Stafford Act, and the Flood Disaster Protection Act of 1973, Public Law 93-234, set forth certain insurance requirements which apply to disaster assistance provided pursuant to section 406 of the Stafford Act with respect to any major disaster declared by the President after November 23, 1988.

(b) Insurance requirements prescribed in this subpart shall apply equally to private nonprofit (PNP) facilities which receive assistance under...
§ 206.251 Definitions.

(a) Assistance means any form of a Federal grant under section 406 of the Stafford Act to replace, restore, repair, reconstruct, or construct any facility and/or its contents as a result of a major disaster.

(b) Building means a walled and roofed structure, other than a gas, or liquid storage tank, that is principally above ground and affixed to a permanent site, as well as a manufactured home on a permanent foundation.

(c) Community means any State or political subdivision thereof, or any Indian tribe or authorized tribal organization, or Alaskan Native Village or authorized native organization which has authority to adopt and enforce floodplain management regulations for the areas within its jurisdiction.

(d) National Flood Insurance Program (NFIP) means the program authorized by the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4001 et seq.

(e) Special flood hazard area means an area having special flood, mudslide, and/or flood-related erosion hazards, and shown on a Flood Hazard Boundary map (FHB M) or the Flood Insurance Rate Map (FIRM) issued by FEMA as Zone A, AO, A1-30, AE, A99, AH, V0, V1-30 VE, V, M, or E. “Special flood hazard area” is synonymous with “special hazard area”, as defined in 44 CFR part 59.

(f) Standard Flood Insurance Policy means the flood insurance policy issued by the Federal Insurance Administrator, or by a Write-Your-Own Company pursuant to 44 CFR 62.23.

§ 206.252 Insurance requirements for facilities damaged by flood.

(a) Where an insurable building damaged by flooding is located in a special flood hazard area identified for more than one year by the Director, assistance pursuant to section 406 of the Stafford Act shall be reduced. The amount of the reduction shall be the maximum amount of the insurance proceeds which would have been received had the building and its contents been fully covered by a standard flood insurance policy.

(b) The reduction stated above shall not apply to a PNP facility which could not be insured because it was located in a community not participating in the NFIP. However, the provisions of the Flood Disaster Protection Act of 1973 prohibit approval of assistance for the PNP unless the community agrees to participate in the NFIP within six months after the major disaster declaration date, and the required flood insurance is purchased.

(c) Prior to approval of a Federal grant for the restoration of a facility and its contents which were damaged by a flood, the Grantee shall notify the Regional Director of any entitlement to an insurance settlement or recovery. The Regional Director shall reduce the eligible costs by the amount of insurance proceeds which the grantee receives.

(d) The grantee or subgrantee is required to obtain and maintain flood insurance in the amount of eligible disaster assistance, as a condition of receiving Federal assistance that may be available. This requirement also applies to insurable flood damaged facilities located outside a special flood hazard area when it is reasonably available, adequate, and necessary. However, the Regional Director shall not require greater types and amounts of insurance than are certified as reasonable by the State Insurance Commissioner. The requirement to purchase flood insurance is waived when eligible
§ 206.253 Insurance requirements for facilities damaged by disasters other than flood.

(a) Prior to approval of a Federal grant for the restoration of a facility and its contents which were damaged by a disaster other than flood, the Grantee shall notify the Regional Director of any entitlement to insurance settlement or recovery for such facility and its contents. The Regional Director shall reduce the eligible costs by the actual amount of insurance proceeds relating to the eligible costs.

(b)(1) Assistance under section 406 of the Stafford Act will be approved only on the condition that the grantee obtain and maintain such types and amounts of insurance as are reasonable and necessary to protect against future loss to such property from the types of hazard which caused the major disaster. The extent of insurance to be required will be based on the eligible damage that was incurred to the damaged facility as a result of the major disaster. The Regional Director shall not require greater types and extent of insurance than are certified as reasonable by the State Insurance Commissioner.

(2) Due to the high cost of insurance, some applicants may request to insure the damaged facilities under a blanket insurance policy covering all their facilities, an insurance pool arrangement, or some combination of these options. Such an arrangement may be accepted for other than flood damages. However, if the same facility is damaged in a similar future disaster, eligible costs will be reduced by the amount of eligible damage sustained on the previous disaster.

(c) The Regional Director shall notify the Grantee of the type and amount of insurance required. The grantee may request that the State Insurance Commissioner review the type and extent of insurance required to protect against future loss to a disaster-damaged facility, the Regional Director shall not require greater types and extent of insurance than are certified as reasonable by the State Insurance Commissioner.

(d) The requirements of section 311 of the Stafford Act are waived when eligible costs for an insurable facility do not exceed $5,000. The Regional Director may establish a higher waiver amount based on hazard mitigation initiatives which reduce the risk of future damages by a disaster similar to the one which resulted in the major disaster declaration which is the basis for the application for disaster assistance.

(e) The Grantee shall provide assurances that the required insurance coverage will be maintained for the anticipated life of the restorative work or the insured facility, whichever is the lesser.

(f) No assistance shall be provided under section 406 of the Stafford Act for any facility for which assistance was provided as a result of a previous major disaster unless all insurance required by FEMA as a condition of the previous assistance has been obtained and maintained.

§§ 206.254-206.339 [Reserved]

Subpart J—Coastal Barrier Resources Act

SOURCE: 55 FR 2311, Jan. 23, 1990, unless otherwise noted.

§ 206.340 Purpose of subpart.

This subpart implements the Coastal Barrier Resources Act (CBRA) (Pub. L. 97-348) as that statute applies to disaster relief granted to individuals and State and local governments under the Stafford Act. CBRA prohibits new expenditures and new financial assistance within the Coastal Barrier Resources System (CBRS) for all but a few types of activities identified in CBRA. This subpart specifies what actions may and may not be carried out within the CBRS. It establishes procedures for compliance with CBRA in the administration of disaster assistance by FEMA.

§ 206.341 Policy.

It shall be the policy of FEMA to achieve the goals of CBRA in carrying out disaster relief on units of the Coastal Barrier Resources System. It is FEMA’s intent that such actions be consistent with the purpose of CBRA to
minimize the loss of human life, the wasteful expenditure of Federal revenues, and the damage to fish, wildlife and other natural resources associated with coastal barriers along the Atlantic and Gulf coasts and to consider the means and measures by which the long-term conservation of these fish, wildlife, and other natural resources may be achieved under the Stafford Act.

§ 206.342 Definitions.

Except as otherwise provided in this subpart, the definitions set forth in part 206 of subchapter D are applicable to this subject.

(a) Consultation means that process by which FEMA informs the Secretary of the Interior through his/her designated agent of FEMA proposed disaster assistance actions on a designated unit of the Coastal Barrier Resources System and by which the Secretary makes comments to FEMA about the appropriateness of that action. Approval by the Secretary is not required in order that an action be carried out.

(b) Essential link means that portion of a road, utility, or other facility originating outside of the system unit but providing access or service through the unit and for which no alternative route is reasonably available.

(c) Existing facility on a unit of CBRS established by Public Law 97-348 means a publically owned or operated facility on which the start of a construction took place prior to October 18, 1982, and for which this fact can be adequately documented. In addition, a legally valid building permit or equivalent documentation, if required, must have been obtained for the construction prior to October 18, 1982. If a facility has been substantially improved or expanded since October 18, 1982, it is not an existing facility. For any other unit added to the CBRS by amendment to Public Law 97-348, the enactment date such amendment is substituted for October 18, 1982, in this definition.

(d) Expansion means changing a facility to increase its capacity or size.

(e) Facility means “public facility” as defined in §206.201. This includes any publically owned flood control, navigation, irrigation, reclamation, public power, sewage treatment and collection, water supply and distribution, watershed development, or airport facility; and nonfederal-aid street, road, or highway; and any other public building, structure, or system, including those used for educational, recreational, or cultural purposes, or any park.

(f) Financial assistance means any form of Federal loan, grant guaranty, insurance, payment rebate, subsidy or any other form of direct or indirect Federal assistance.

(g) New financial assistance on a unit of the CBRS established by Public Law 97-348 means an approval by FEMA of a project application or other disaster assistance after October 18, 1982. For any other unit added to the CBRS by amendment to Public Law 97-348, the enactment date such amendment is substituted for October 18, 1982, in this definition.

(h) Start of construction for a structure means the first placement of permanent construction, such as the placement of footings or slabs or any work beyond the stage of excavation. Permanent construction for a structure does not include land preparation such as clearing, grading, and placement of fill, nor does it include excavation for a basement, footings, or piers. For a facility which is not a structure, start of construction means the first activity for permanent construction of a substantial part of the facility. Permanent construction for a facility does not include land preparation such as clearing and grubbing but would include excavation and placement of fill such as for a road.

(i) Structure means a walled and roofed building, including a gas or liquid storage tank, that is principally above ground, as well as a mobile home.

(j) Substantial improvement means any repair, reconstruction or other improvement of a structure or facility, that has been damaged in excess of, or the cost of which equals or exceeds, 50 percent of the market value of the structure or placement cost of the facility (including all “public facilities”) as defined in the Stafford Act) either:

(1) Before the repair or improvement is started; or
(2) If the structure or facility has been damaged and is proposed to be restored, before the damage occurred. If a facility is a link in a larger system, the percentage of damage will be based on the relative cost of repairing the damaged facility to the replacement cost of that portion of the system which is operationally dependent on the facility. The term substantial improvement does not include any alternation of a structure or facility listed on the National Register of Historic Places or a State Inventory of Historic Places.

(k) System unit means any undeveloped coastal barrier, or combination of closely related undeveloped coastal barriers included within the Coastal Barrier Resources System as established by the section 4 of the CBRA, or as modified by the Secretary in accordance with that statute.

§ 206.345 Exceptions.

The following types of disaster assistance actions are exceptions to the prohibitions of §206.344.

(a) After consultation with the Secretary of the Interior, the FEMA Regional Director may make disaster assistance available within the CBRS for:

(1) Replacement, reconstruction, or repair, but not the expansion, of publicly owned or publicly operated roads, structures, or facilities that are essential links in a larger network or system;

(2) Repair of any facility necessary for the exploration, extraction, or transportation of energy resources which activity can be carried out only on, in, or adjacent to coastal water areas because the use or facility requires access to the coastal water body; and

(3) Restoration of existing channel improvements and related structures, such as jetties, and including the disposal of dredge materials related to such improvements.

(b) After consultation with the Secretary of the Interior, the FEMA Regional Director may make disaster assistance available within the CBRS for the following types of actions, provided such assistance is consistent with the purposes of CBRA:

(1) Emergency actions essential to the saving of lives and the protection of property and the public health and safety, if such actions are performed pursuant to sections 402, 403, and 502 of the Stafford Act and are limited to actions that are necessary to alleviate the impacts of the event;
§ 206.346  Applicability to disaster assistance.

(a) Emergency assistance. The Regional Director may approve assistance pursuant to sections 402, 403, or 502 of the Stafford Act, for emergency actions which are essential to the saving of lives and the protection of property and the public health and safety, are necessary to alleviate the emergency, and are in the public interest. Such actions include but are not limited to:

1. Removal of debris from public property;
2. Emergency protection measures to prevent loss of life, prevent damage to improved property and protect public health and safety;
3. Emergency restoration of essential community services such as electricity, water or sewer;
4. Provision of access to a private residence;
5. Provision of emergency shelter by means of providing emergency repair of utilities, provision of heat in the season requiring heat, or provision of minimal cooking facilities;
6. Relocation of individuals or property out of danger, such as moving a mobile home to an area outside of the CBRS (but disaster assistance funds may not be used to relocate facilities back into the CBRS);
7. Home repairs to private owner-occupied primary residences to make them habitable;
8. Housing eligible families in existing resources in the CBRS; and
9. Mortgage and rental payment assistance.

(b) Permanent restoration assistance. Subject to the limitations set out below, the Regional Director may approve assistance for the repair, reconstruction, or replacement but not the expansion of the following publicly owned or operated facilities and certain private nonprofit facilities.

1. Roads and bridges;
2. Drainage structures, dams, levees;
3. Buildings and equipment;
4. Utilities (gas, electricity, water, etc.); and
5. Park and recreational facilities.

§ 206.347  Requirements.

(a) Location determination. For each disaster assistance action which is proposed on the Atlantic or Gulf Coasts, the Regional Director shall:

1. Review a proposed action’s location to determine if the action is on or connected to the CBRS unit and thereby subject to these regulations. The appropriate Department of Interior map identifying units of the CBRS will be the basis of such determination. The CBRS units are also identified on FEMA Flood Insurance Maps (FIRM’s) for the convenience of field personnel.
2. If an action is determined not to be on or connected to a unit of the CBRS, no further requirements of these regulations need be met, and the action may be processed under other applicable disaster assistance regulations.
3. If an action is determined to be on or connected to a unit of the CBRS, it is subject to the consultation and consistency requirements of CBRA as prescribed in §§ 206.348 and 206.349.

(b) Emergency disaster assistance. For each emergency disaster assistance action listed in § 206.346(a), the Regional Director shall perform the required consultation. CBRA requires that FEMA consult with the Secretary of the Interior before taking any action on a System unit. The purpose of such
consultation is to solicit advice on whether the action is or is not one which is permitted by section 6 of CBRA and whether the action is or is not consistent with the purposes of CBRA as defined in section 1 of that statute.

(1) FEMA has conducted advance consultation with the Department of the Interior concerning such emergency actions. The result of the consultation is that the Secretary of the Interior through the Assistance Secretary for Fish and Wildlife and Parks has concurred that the emergency work listed in §206.346(a) is consistent with the purposes of CBRA and may be approved by FEMA without additional consultation.

(2) Notification. As soon as practicable, the Regional Director will notify the designated Department of the Interior representative at the regional level of emergency projects that have been approved. Upon request from the Secretary of the Interior, the Associate Director, SLPS, or his or her designee will supply reports of all current emergency actions approved on CBRS units. Notification will contain the following information:

(i) Identification of the unit in the CBRS;
(ii) Description of work approved;
(iii) Amount of Federal funding; and
(iv) Additional measures required.

(c) Permanent restoration assistance. For each permanent restoration assistance action including but not limited to those listed in §206.346(b), the Regional Director shall meet the requirements set out below.

(1) Essential links. For the repair or replacement of publicly owned or operated roads, structures or facilities which are essential links in a larger network or system:

(i) No facility may be expanded beyond its predisaster design.
(ii) Consultation in accordance with §206.348 shall be accomplished.

(2) Channel improvements. For the repair of existing channels, related structures and the disposal of dredged materials:

(i) No channel or related structure may be repaired, reconstructed, or replaced unless funds were appropriated for the construction of such channel or structure before October 18, 1982;
(ii) Expansion of the facility beyond its predisaster design is not permitted;
(iii) Consultation in accordance with §206.348 shall be accomplished.

(3) Energy facilities. For the repair of facilities necessary for the exploration, extraction or transportation of energy resources:

(i) No such facility may be repaired, reconstructed or replaced unless such function can be carried out only in, on, or adjacent to a coastal water area because the use or facility requires access to the coastal water body;
(ii) Consultation in accordance with §206.348 shall be accomplished.

(4) Special-purpose facilities. For the repair of facilities used for the study, management, protection or enhancement of fish and wildlife resources and habitats and related recreational projects; air and water navigation aids and devices and access thereto; and facilities used for scientific research, including but not limited to aeronautical, atmospheric, space, geologic, marine, fish and wildlife and other research, development, and applications; and, nonstructural facilities that are designed to mimic, enhance or restore natural shoreline stabilization systems:

(i) Consultation in accordance with §206.348 shall be accomplished;
(ii) Consultation in accordance with §206.348 shall be accomplished;

(5) Other public facilities. For the repair, reconstruction, or replacement of publicly owned or operated roads, structures, or facilities that do not fall within the categories identified in paragraphs (c)(1), (2), (3), and (4) of this section:

(i) No such facility may be repaired, reconstructed, or replaced unless it is otherwise consistent with the purposes of CBRA in accordance with §206.349.

(ii) Expansion of the facility beyond its predisaster design is not permitted;
(iii) Consultation in accordance with §206.348 shall be accomplished;
(iv) No such facility may be repaired, reconstructed, or replaced unless it is otherwise consistent with the purposes of CBRA in accordance with §206.349.
§ 206.348

(6) Private nonprofit facilities. For eligible private nonprofit facilities as defined in these regulations and of the type described in paragraphs (c)(1), (2), (3), and (4) of this section:

(i) Consultation in accordance with § 206.348 shall be accomplished.

(ii) No such facility may be repaired, reconstructed, or replaced unless it is otherwise consistent with the purposes of CBRA in accordance with § 206.349.

(7) Improved project. An improved project may not be approved for a facility in the CBRS if such grant is to be combined with other funding, resulting in an expansion of the facility beyond the predisaster design. If a facility is exempt from the expansion prohibitions of CBRA by virtue of falling into one of the categories identified in paragraph (c)(1), (2), (3), or (4) of this section, then an improved project for such facilities is not precluded.

(8) Alternate project. A new or enlarged facility may not be constructed on a unit of the CBRS under the provisions of the Stafford Act unless the facility is exempt from the expansion prohibitions of CBRA by virtue of falling into one of the categories identified in paragraph (c)(1), (2), (3), or (4) of this section.

§ 206.348 Consultation.

As required by section 6 of the CBRA, the FEMA Regional Director will consult with the designated representative of the Department of the Interior (DOI) at the regional level before approving any action involving permanent restoration of a facility or structure on or attached to a unit of the CBRS.

(a) The consultation shall be by written memorandum to the DOI representative and shall contain the following:

(1) Identification of the unit within the CBRS;

(2) Description of the facility and the proposed repair or replacement work; including identification of the facility as an exception under section 6 of CBRA; and full justification of its status as an exception;

(3) Amount of proposal Federal funding;

(4) Additional mitigation measures required; and

(5) A determination of the action's consistency with the purposes of CBRA, if required by these regulations, in accordance with § 206.349.

(b) Pursuant to FEMA understanding with DOI, the DOI representative will provide technical information and an opinion whether or not the proposed action meets the criteria for a CBRA exception, and on the consistency of the action with the purposes of CBRA (when such consistency is required). DOI is expected to respond within 12 working days from the date of the FEMA request for consultation. If a response is not received within the time limit, the FEMA Regional Director shall contact the DOI representative to determine if the request for consultation was received in a timely manner. If it was not, an appropriate extension for response will be given. Otherwise, he or she may assume DOI concurrence and proceed with approval of the proposed action.

(c) For those cases in which the regional DOI representative believes that the proposed action should not be taken and the matter cannot be resolved at the regional level, the FEMA Regional Director will submit the issue to the FEMA Assistant Associate Director for Disaster Assistance Programs (DAP). In coordination with the Office of General Counsel (OGC), consultation will be accomplished at the FEMA National Office with the DOI consultation officer. After this consultation, the Assistant Associate Director, DAP, determines whether or not to approve the proposed action.

§ 206.349 Consistency determinations.

Section 6(a)(6) of CBRA requires that certain actions be consistent with the purposes of that statute if the actions are to be carried out on a unit of the CBRA. The purpose of CBRA, as stated in section 2(b) of that statute, is to minimize the loss of human life, wasteful expenditure of Federal revenues, and the damage to fish, wildlife, and other natural resources associated with the coastal barriers along with Atlantic and Gulf coasts. For those actions where a consistency determination is required, the FEMA Regional Director shall evaluate the action according to the following procedures, and the evaluation shall be included in the written request for consultation with DOI.
Federal Emergency Management Agency

§ 206.361

(a) Impact identification. FEMA shall identify impacts of the following types that would result from the proposed action:

(1) Risks to human life;
(2) Risks of damage to the facility being repaired or replaced;
(3) Risks of damage to other facilities;
(4) Risks of damage to fish, wildlife, and other natural resources;
(5) Condition of existing development served by the facility and the degree to which its redevelopment would be encouraged; and
(6) Encouragement of new development.

(b) Mitigation. FEMA shall modify actions by means of practicable mitigation measures to minimize adverse effects of the types listed in paragraph (a) of this section.

(c) Conservation. FEMA shall identify practicable measures that can be incorporated into the proposed action and will conserve natural and wildlife resources.

(d) Finding. For those actions required to be consistent with the purposes of CBRA, the above evaluation must result in a finding of consistency with CBRA by the Regional Director before funding may be approved for that action.

§§ 206.350-206.359 [Reserved]

Subpart K—Community Disaster Loans

SOURCE: 55 FR 2314, Jan. 23, 1990, unless otherwise noted.

§ 206.360 Purpose.

This subpart provides policies and procedures for local governments and State and Federal officials concerning the Community Disaster Loan program under section 417 of the Act.

§ 206.361 Loan program.

(a) General. The Associate Director, State and Local Programs and Support (the Associate Director) may make a Community Disaster Loan to any local government which has suffered a substantial loss of tax and other revenues as a result of a major disaster and which demonstrates a need for Federal financial assistance in order to perform its governmental functions.

(b) Amount of loan. The amount of the loan is based on need, not to exceed 25 percent of the operating budget of the local government for the fiscal year in which the disaster occurs. The term of the loan as used in this subpart means the local government’s fiscal year.

(c) Interest rate. The interest rate is the rate for five year maturities as determined by the Secretary of the Treasury in effect on the date that the Promissory Note is executed. This rate is from the monthly Treasury schedule of certified interest rates which takes into consideration the current average yields on outstanding marketable obligations of the United States, adjusted to the nearest 1/8 percent.

(d) Time limitation. The Associate Director may approve a loan in either the fiscal year in which the disaster occurred or the fiscal year immediately following that year. Only one loan may be approved under section 417(a) for any local government as the result of a single disaster.

(e) Term of loan. The term of the loan is 5 years, unless otherwise extended by the Associate Director. The Associate Director may consider requests for extensions of loans based on the local government’s financial condition. The total term of any loan under section 417(a) normally may not exceed 10 years from the date the Promissory Note was executed. However, when extenuating circumstances exist and the Community Disaster Loan recipient demonstrates an inability to repay the loan within the initial 10 years, but agrees to repay such loan over an extended period of time, additional time may be provided for loan repayment. (See §206.367(c).)

(f) Use of loan funds. The local government shall use the loaned funds to carry on existing local government functions of a municipal operation character or to expand such functions to meet disaster-related needs. The funds shall not be used to finance capital improvements nor the repair or restoration of damaged public facilities. Neither the loan nor any cancelled portion of the loans may be used as the
§ 206.362 Responsibilities.

(a) The local government shall submit the financial information required by FEMA in the application for a Community Disaster Loan and in the application for loan cancellation, if submitted, and comply with the assurances on the application, the terms and conditions of the Promissory Note, and these regulations. The local government shall send all loan application, loan administration, loan cancellation, and loan settlement correspondence through the GAR and the FEMA Regional Office to the FEMA Associate Director.

(b) The GAR shall certify on the loan application that the local government can legally assume the proposed indebtedness and that any proceeds will be used and accounted for in compliance with the FEMA-State Agreement for the major disaster. States are encouraged to take appropriate pre-disaster action to resolve any existing State impediments which would preclude a local government from incurring the increased indebtedness associated with a loan in order to avoid protracted delays in processing loan application requests in major disasters or emergencies.

(c) The Regional Director or designee shall review each loan application or loan cancellation request received from a local government to ensure that it contains the required documents and transmit the application to the Associate Director. He/she may submit appropriate recommendations to the Associate Director.

(d) The Associate Director, or a designee, shall execute a Promissory Note with the local government, and the Office of Disaster Assistance Programs in Headquarters, FEMA, shall administer the loan until repayment or cancellation is completed and the Promissory Note is discharged.

(e) The Associate Director or designee shall approve or disapprove each loan request, taking into consideration the information provided in the local government’s request and the recommendations of the GAR and the Regional Director. The Associate Director or designee shall approve or disapprove a request for loan cancellation in accordance with the criteria for cancellation in these regulations.

(f) The Comptroller shall establish and maintain a financial account for each outstanding loan and disburse funds against the Promissory Note.

§ 206.363 Eligibility criteria.

(a) Local government. (1) The local government must be located within the area designated by the Associate Director as eligible for assistance under a major disaster declaration. In addition, State law must not prohibit the local government from incurring the indebtedness resulting from a Federal loan.

(2) Criteria considered by FEMA in determining the eligibility of a local government for a Community Disaster Loan include the loss of tax and other revenues as a result of a major disaster, a demonstrated need for financial assistance in order to perform its governmental functions, the maintenance of an annual operating budget, and the responsibility to provide essential municipal operating services to the community. Eligibility for other assistance under the Act does not, by itself, establish entitlement to such a loan.

(b) Loan eligibility—(1) General. To be eligible, the local government must show that it may suffer or has suffered a substantial loss of tax and other revenues as a result of a major disaster or emergency and must demonstrate a need for financial assistance in order to perform its governmental functions.
Loan eligibility is based on the financial condition of the local government and a review of financial information and supporting justification accompanying the application.

(2) Substantial loss of tax and other revenues. The fiscal year of the disaster or the succeeding fiscal year is the base period for determining whether a local government may suffer or has suffered a substantial loss of revenue. Criteria used in determining whether a local government has or may suffer a substantial loss of tax and other revenue include the following disaster-related factors:

(i) Whether the disaster caused a large enough reduction in cash receipts from normal revenue sources, excluding borrowing, which affects significantly and adversely the level and/or categories of essential municipal services provided prior to the disaster;

(ii) Whether the disaster caused a revenue loss of over 5 percent of total revenue estimated for the fiscal year in which the disaster occurred or for the succeeding fiscal year;

(3) Demonstrated need for financial assistance. The local government must demonstrate a need for financial assistance in order to perform its governmental functions. The criteria used in making this determination include the following:

(i) Whether there are sufficient funds to meet current fiscal year operating requirements;

(ii) Whether there is availability of cash or other liquid assets from the prior fiscal year;

(iii) Current financial condition considering projected expenditures for governmental services and availability of other financial resources;

(iv) Ability to obtain financial assistance or needed revenue from State and other Federal agencies for direct program expenditures;

(v) Debt ratio (relationship of annual receipts to debt service);

(vi) Ability to obtain financial assistance or needed revenue from State and other Federal agencies for direct program expenditures;

(vii) Displacement of revenue-producing business due to property destruction;

(viii) Necessity to reduce or eliminate essential municipal services; and

(ix) Danger of municipal insolvency.

§ 206.364 Loan application.

(a) Application. (1) The local government shall submit an application for a Community Disaster Loan through the GAR. The loan must be justified on the basis of need and shall be based on the actual and projected expenses, as a result of the disaster, for the fiscal year in which the disaster occurred and for the 3 succeeding fiscal years. The loan application shall be prepared by the affected local government and be approved by the GAR. FEMA has determined that a local government, in applying for a loan as a result of having suffered a substantial loss of tax and other revenue as a result of a major disaster, is not required to first seek credit elsewhere (see § 206.367(c)).

(2) The State exercises administrative authority over the local government's application. The State's review should include a determination that the applicant is legally qualified, under State law, to assume the proposed debt, and may include an overall review for accuracy for the submission. The Governor's Authorized Representative may request the Regional Director to waive the requirement for a State review if an otherwise eligible applicant is not subject to State administration authority and the State cannot legally participate in the loan application process.

(b) Financial requirements. (1) The loan application shall be developed from financial information contained in the local government's annual operating budget (see § 206.364(b)(2)) and shall include a Summary of Revenue Loss and Unreimbursed Disaster-Related Expenses, a Statement of the Applicant's Operating Results—Cash Position, a Debt History, Tax Assessment Data, Financial Projections, Other Information, a Certification, and the Assurances listed on the application.

(i) Copies of the local government's financial reports (Revenue and Expense and Balance Sheet) for the 3 fiscal years immediately prior to the fiscal year of the disaster and the applicant's most recent financial statement must accompany the application. The local
government’s financial reports to be submitted are those annual (or interim) consolidated and/or individual official annual financial presentations for the General Fund and all other funds maintained by the local government.

(iii) Each application for a Community Disaster Loan must also include:

(A) A statement by the local government identifying each fund (i.e. General Fund, etc.) which is included as its annual Operating budget, and

(B) A copy of the pertinent State statutes, ordinance, or regulations which prescribe the local government’s system of budgeting, accounting and financial reporting, including a description of each fund account.

(2) Operating budget. For loan application purposes, the operating budget is that document or documents approved by an appropriating body, which contains an estimate of proposed expenditures, other than capital outlays for fixed assets for a stated period of time, and the proposed means of financing the expenditures. For loan cancellation purposes, FEMA interprets the term “operating budget” to mean actual revenues and expenditures of the local government as published in the official financial statements of the local government.

(3) Operating budget increases. Budget increases due to increases in the level of, or additions to, municipal services not rendered at the time of the disaster or not directly related to the disaster shall be identified.

(4) Revenue and assessment information. The applicant shall provide information concerning its method of tax assessment including assessment dates and the dates payments are due. Tax revenues assessed but not collected, or other revenues which the local government chooses to forgive, stay, or otherwise not exercise the right to collect, are not a legitimate revenue loss for purposes of evaluating the loan application.

(5) Estimated disaster-related expense. Unreimbursed disaster-related expenses of a municipal operating character should be estimated. These are discussed in §206.366(b).

(c) Federal review. (1) The Associate Director or designee shall approve a community disaster loan to the extent it is determined that the local government has suffered a substantial loss of tax and other revenues and demonstrates a need for financial assistance to perform its governmental function as the result of the disaster.

(2) Resubmission of application. If a loan application is disapproved, in whole or in part, by the Associate Director because of inadequacy of information, a revised application may be resubmitted by the local government within sixty days of the date of the disapproval. Decision by the Associate Director on the resubmission is final.

(d) Community disaster loan. (1) The loan shall not exceed the lesser of:

(i) The amount of projected revenue loss plus the projected unreimbursed disaster-related expenses of a municipal operating character for the fiscal year of the major disaster and the subsequent 3 fiscal years, or

(ii) 25 percent of the local government’s annual operating budget for the fiscal year in which the disaster occurred.

(2) Promissory note. (i) Upon approval of the loan by the Associate Director or designee, he or she, or a designated Loan Officer will execute a Promissory Note with the applicant. The Note must be co-signed by the State (see §206.364(d)(2)(ii)). The applicant should indicate its funding requirements on the Schedule of Loan Increments on the Note.

(ii) If the State cannot legally cosign the Promissory Note, the local government must pledge collateral security, acceptable to the Associate Director, to cover the principal amount of the Note. The pledge should be in the form of a resolution by the local governing body identifying the collateral security.

(Approved by Office of Management and Budget under Control Number 3067-0034)

§ 206.365 Loan administration.

(a) Funding. (1) FEMA will disburse funds to the local government when requested, generally in accordance with the Schedule of Loan Increments in the Promissory Note. As funds are disbursed, interest will accrue against each disbursement.
(2) When each incremental disbursement is requested, the local government shall submit a copy of its most recent financial report (if not submitted previously) for consideration by FEMA in determining whether the level and frequency of periodic payments continue to be justified. The local government shall also provide the latest available data on anticipated and actual tax and other revenue collections. Desired adjustments in the disbursement schedule shall be submitted in writing at least 10 days prior to the proposed disbursement date in order to ensure timely receipt of the funds. A sinking fund should be established to amortize the debt.

(b) Financial management. (1) Each local government with an approved Community Disaster Loan shall establish necessary accounting records, consistent with local government’s financial management system, to account for loan funds received and disbursed and to provide an audit trail.

(2) FEMA auditors, State auditors, the GAR, the Regional Director, the Associate Director, and the Comptroller General of the United States or their duly authorized representatives shall, for the purpose of audits and examination, have access to any books, documents, papers, and records that pertain to Federal funds, equipments, and supplies received under these regulations.

(c) Loan servicing. (1) The applicant annually shall submit to FEMA copies of its annual financial reports (operating statements, balance sheets, etc.) for the fiscal year of the major disaster, and for each of the 3 subsequent fiscal years.

(2) The Headquarters, FEMA Office of Disaster Assistance Programs, will review the loan periodically. The purpose of the reevaluation is to determine whether projected revenue losses, disaster-related expenses, operating budgets, and other factors have changed sufficiently to warrant adjustment of the scheduled disbursement of the loan proceeds.

(3) The Headquarters, FEMA Office of Disaster Assistance Programs, shall provide each loan recipient with a loan status report on a quarterly basis. The recipient will notify FEMA of any changes of the responsible municipal official who executed the Promissory Note.

(d) Inactive loans. If no funds have been disbursed from the Treasury, and if the local government does not anticipate a need for such funds, the note may be cancelled at any time upon a written request through the State and Regional Office to FEMA. However, since only one loan may be approved, cancellation precludes submission of a second loan application request by the same local government for the same disaster.

§ 206.366 Loan cancellation.

(a) Policies. (1) FEMA shall cancel repayment of all or part of a Community Disaster Loan to the extent that the Associate Director determines that revenues of the local government during the full three fiscal year period following the disaster are insufficient, as a result of the disaster, to meet the operating budget for the local government, including additional unreimbursed disaster-related expenses for a municipal operating character. For loan cancellation purposes, FEMA interprets that term operating budget to mean actual revenues and expenditures of the local government as published in the official financial statements of the local government.

(2) If the tax and other revenue rates or the tax assessment valuation of property which was not damaged or destroyed by the disaster are reduced during the 3 fiscal years subsequent to the major disaster, the tax and other revenue rates and tax assessment valuation factors applicable to such property in effect at the time of the major disaster shall be used without reduction for purposes of computing revenues received. This may result in decreasing the potential for loan cancellations.

(3) If the local government’s fiscal year is changed during the “full 3 year period following the disaster” the actual period will be modified so that the required financial data submitted covers an inclusive 36-month period.

(4) If the local government transfers funds from its operating funds accounts to its capital funds account, utilizes operating funds for other than...
§ 206.366
44 CFR Ch. I (10-1-98 Edition)

routine maintenance purposes, or significantly increases expenditures which are not disaster related, except increases due to inflation, the annual operating budget or operating statement expenditures will be reduced accordingly for purposes of evaluating any request for loan cancellation.

(5) It is not the purpose of this loan program to underwrite predisaster budget or actual deficits of the local government. Consequently, such deficits carried forward will reduce any amounts otherwise eligible for loan cancellation.

(b) Disaster-related expenses of a municipal operation character. (1) For purpose of this loan, unreimbursed expenses of a municipal operating character are those incurred for general government purposes, such as police and fire protection, trash collection, collection of revenues, maintenance of public facilities, flood and other hazard insurance, and other expenses normally budgeted for the general fund, as defined by the Municipal Finance Officers Association.

(2) Disaster-related expenses do not include expenditures associated with debt service, any major repairs, rebuilding, replacement or reconstruction of public facilities or other capital projects, intragovernmental services, special assessments, and trust and agency fund operations. Disaster expenses which are eligible for reimbursement under project applications or other Federal programs are not eligible for loan cancellation.

(3) Each applicant shall maintain records including documentation necessary to identify expenditures for unreimbursed disaster-related expenses. Examples of such expenses include but are not limited to:

(i) Interest paid on money borrowed to pay amounts FEMA does not advance toward completion of approved Project Applications.

(ii) Unreimbursed costs to local governments for providing usable sites with utilities for mobile homes used to meet disaster temporary housing requirements.

(iii) Unreimbursed costs required for police and fire protection and other community services for mobile home parks established as the result of or for use following a disaster.

(iv) The cost to the applicant of flood insurance required under Public Law 93-234, as amended, and other hazard insurance required under section 311, Public Law 93-288, as amended, as a condition of Federal disaster assistance for the disaster under which the loan is authorized.

(4) The following expenses are not considered to be disaster-related for Community Disaster Loan purposes:

(i) The local government’s share for assistance provided under the Act including flexible funding under section 406(c)(1) of the Act.

(ii) Improvements related to the repair or restoration of disaster public facilities approved on Project Applications.

(iii) Otherwise eligible costs for which no Federal reimbursement is requested as a part of the applicant’s disaster response commitment, or cost sharing as specified in the FEMA-State Agreement for the disaster.

(iv) Expenses incurred by the local government which are reimbursed on the applicant’s project application.

(c) Cancellation application. A local government which has drawn loan funds from the Treasury may request cancellation of the principal and related interest by submitting an Application for Loan Cancellation through the Governor’s Authorized Representative to the Regional Director prior to the expiration date of the loan.

(1) Financial information submitted with the application shall include the following:

(i) Annual Operating Budgets for the fiscal year of the disaster and the 3 subsequent fiscal years;

(ii) Annual Financial Reports (Revenue and Expense and Balance Sheet) for each of the above fiscal years. Such financial records must include copies of the local government’s annual financial reports, including operating statements balance sheets and related consolidated and individual presentations for each fund account. In addition, the local government must include an explanatory statement when figures in the Application for Loan Cancellation form differ from those in the supporting financial reports.
(iii) The following additional information concerning annual real estate property taxes pertaining to the community for each of the above fiscal years:

(A) The market value of the tax base (dollars);
(B) The assessment ratio (percent);
(C) The assessed valuation (dollars);
(D) The tax levy rate (mils);
(E) Taxes levied and collected (dollars).

(iv) Audit reports for each of the above fiscal years certifying to the validity of the Operating Statements. The financial statements of the local government shall be examined in accordance with generally accepted auditing standards by independent certified public accountants. The report should not include recommendations concerning loan cancellation or repayment.

(v) Other financial information specified in the Application for Loan Cancellation.

(2) Narrative justification. The application may include a narrative presentation to amplify the financial material accompanying the application and to present any extenuating circumstances which the local government wants the Associate Director to consider in rendering a decision on the cancellation request.

(d) Determination.

(1) If, based on a review of the Application for Loan Cancellation and FEMA audit, when determined necessary, the Associate Director determines that all or part of the Community Disaster Loan funds should be canceled, the principal amount which is canceled will become a grant, and the related interest will be forgiven. The Associate Director’s determination concerning loan cancellation will specify that any uncancelled principal and related interest must be repaid immediately and that, if immediate repayment will constitute a financial hardship, the local government must submit for FEMA review and approval, a repayment schedule for settling the indebtedness on timely basis. Such payments must be made to the Treasurer of the United States and be sent to FEMA, Attention: Office of the Comptroller.

(2) A loan or cancellation of a loan does not reduce or affect other disaster-related grants or other disaster assistance. However, no cancellation may be made that would result in a duplication of benefits to the applicant.

(3) The uncancelled portion of the loan must be repaid in accordance with § 206.367.

(4) Appeals. If an Application for Loan Cancellation is disapproved, in whole or in part, by the Associate Director or designee, the local government may submit any additional information in support of the application within 60 days of the date of disapproval. The decision by the Associate Director or designee is final.

(Approved by the Office of Management and Budget under Control Number 3067-0026)

§ 206.367 Loan repayment.

(a) Prepayments. The local government may make prepayments against loan at any time without any prepayment penalty.

(b) Repayment. To the extent not otherwise cancelled, Community Disaster Loan funds become due and payable in accordance with the terms and conditions of the Promissory Note. The note shall include the following provisions:

(1) The term of a loan made under this program is 5 years, unless extended by the Associate Director. Interest will accrue on outstanding cash from the actual date of its disbursement by the Treasury.

(2) The interest amount due will be computed separately for each Treasury disbursement as follows: $1 = P \times R \times T$, where $I =$ the amount of simple interest, $P =$ the principal amount disbursed; $R =$ the interest rate of the loan; and, $T =$ the outstanding term in years from the date of disbursement to date of repayment, with periods less than 1 year computed on the basis of 365 days/year. If any portion of the loan is cancelled, the interest amount due will be computed on the remaining principal with the shortest outstanding term.

(3) Each payment made against the loan will be applied first to the interest computed to the date of the payment, and then to the principal. Prepayments
of scheduled installments, or any portion thereof, may be made at any time and shall be applied to the installments last to become due under the loan and shall not affect the obligation of the borrower to pay the remaining installments.

(4) The Associate Director may defer payments of principal and interest until FEMA makes its final determination with respect to any Application for Loan Cancellation which the borrower may submit. However, interest will continue to accrue.

(5) Any costs incurred by the Federal Government in collecting the note shall be added to the unpaid balance of the loan, bear interest at the same rate as the loan, and be immediately due without demand.

(6) In the event of default on this note by the borrower, the FEMA claims collection officer will take action to recover the outstanding principal plus related interest under Federal debt collection authorities, including administrative offset against other Federal funds due the borrower and referral to the Department of Justice for judicial enforcement and collection.

(c) Additional time. In unusual circumstances involving financial hardship, the local government may request an additional period of time beyond the original 10 year term to repay the indebtedness. Such request may be approved by the Associate Director subject to the following conditions:

(1) The local government must submit documented evidence that it has applied for the same credit elsewhere and that such credit is not available at a rate equivalent to the current Treasury rate.

(2) The principal amount shall be the original uncancelled principal plus related interest.

(3) The interest rate shall be the Treasury rate in effect at the time the new Promissory Note is executed but in no case less than the original interest rate.

(4) The term of the new Promissory Note shall be for the settlement period requested by the local government but not greater than 10 years from the date the new note is executed.
§ 206.393 Providing assistance.
Following the Associate Director's decision on the State request, the Regional Director will notify the Governor and the Federal firefighting agency involved. The Regional Director may request assistance from Federal agencies if requested by the State. For each fire or fire situation, the State shall prepare a separate Fire Project Application based on Federal Damage Survey Reports and submit it to the Regional Director for approval.

§ 206.394 Cost eligibility.
(b) Program specific eligible costs. (1) Expenses to provide field camps and meals when made available to the eligible employees in lieu of per diem costs.
(2) Costs for use of publicly owned equipment used on eligible fire suppression work based on reasonable State equipment rates.
(3) Costs to the State for use of U.S. Government-owned equipment based on reasonable costs as billed by the Federal agency and paid by the State. Only direct costs for use of Federal Excess Personal Property (FEPP) vehicles and equipment on loan to State Forestry and local cooperators, can be paid.
(4) Cost of firefighting tools, materials, and supplies expended or lost, to the extent not covered by reasonable insurance.
(5) Replacement value of equipment lost in fire suppression, to the extent not covered by reasonable insurance.
(6) Costs for personal comfort and safety items normally provided by the State under field conditions for firefighter health and safety.
(7) Mobilization and demobilization costs directly relating to the Federal fire suppression assistance approved by the Associate Director.
(8) Eligible costs of local governmental firefighting organizations which are reimbursed by the State pursuant to an existing cooperative mutual aid agreement, in suppressing an approved incident fire.
(9) State costs for suppressing fires on Federal land in cases in which the State has a responsibility under a cooperative agreement to perform such action on a nonreimbursable basis. This provision is an exception to normal FEMA policy under the Act and is intended to accommodate only those rare instances that involve State fire suppression of section 420 incident fires involving co-mingled Federal/State and privately owned forest or grassland.
(10) In those instances in which assistance under section 420 of the Act is provided in conjunction with existing Interstate Forest Fire Protection Compacts, eligible costs are reimbursed in accordance with eligibility criteria established in this section.
(c) Program specific ineligible costs. (1) Any costs for presuppression, salvaging timber, restoring facilities, seeding and planting operations.
(2) Any costs not incurred during the incident period as determined by the Regional Director other than reasonable and directly related mobilization and demobilization costs.
(3) State costs for suppressing a fire on co-mingled Federal land where such costs are reimbursable to the State by a Federal agency under another statute (see 44 CFR part 151).

§ 206.395 Grant administration.
(a) Project administration shall be in accordance with 44 CFR part 13, and applicable portions of subpart G, 44 CFR part 206.
(b) In those instances in which reimbursement includes State fire suppression assistance on co-mingled State and Federal lands (§ 206.394(b)(9)), the Regional Director shall coordinate with other Federal programs to preclude any duplication of payments. (See 44 CFR part 151.)
(c) Audits shall be in accordance with the Single Audit Act of 1984, Pub. L. 98-502. (See subpart G of this part.)
(d) A State may appeal a determination by the Regional Director on any action related to Federal assistance for fire suppression. Appeal procedures are contained in 44 CFR 206.206.
§§ 206.396-206.399 [Reserved]

Subpart M—Hazard Mitigation Planning

SOURCE: 55 FR 35529, Aug. 30, 1990, unless otherwise noted.

§ 206.400 General.

This subpart prescribes the requirements for implementation of section 409 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (Pub. L. 93-288, as amended, hereinafter referred to as the “Stafford Act”) and prescribes Federal, State and local hazard mitigation planning responsibilities following the declaration of a major disaster or emergency, or declaration for fire suppression assistance pursuant to section 420 of the Stafford Act.

§ 206.401 Definitions.

Federal Hazard Mitigation Officer is the FEMA employee responsible for carrying out the overall responsibilities for hazard mitigation and for this subpart, including coordinating post-disaster hazard mitigation actions with other agencies of government at all levels.

Hazard Mitigation means any action taken to reduce or eliminate the long-term risk to human life and property from natural hazards.

Hazard Mitigation Grant Program means the program authorized under section 404 of the Stafford Act, which may provide funding for certain mitigation measures identified through the evaluation of hazards conducted under section 409 of the Stafford Act.

Hazard Mitigation Grant Program means the plan resulting from a systematic evaluation of the nature and extent of vulnerability to the effects of natural hazards present in society and includes the actions needed to minimize future vulnerability to hazards, as required under section 409 of the Stafford Act.

Hazard Mitigation Plan Update means an update to the existing hazard mitigation plan, which may be accomplished either by updating the status of mitigation actions within the existing plan, or by expanding the existing plan to address additional hazards or mitigation issues.

Hazard Mitigation Survey Team means the FEMA/State/Local survey team that is activated following disasters to identify immediate mitigation opportunities and issues to be addressed in the section 409 hazard mitigation plan. The Hazard Mitigation Survey Team may include representatives of other Federal agencies, as appropriate.

Interagency Hazard Mitigation Team means the mitigation team that is activated following flood related disasters pursuant to the July 10, 1980 Office of Management and Budget directive on Nonstructural Flood Protection Measures and Flood Disaster Recovery, and the subsequent December 15, 1980 Interagency Agreement for Nonstructural Damage Reduction.

Local Hazard Mitigation Officer is the representative of local government who serves on the Hazard Mitigation Survey Team or Interagency Hazard Mitigation Team and who is the primary point of contact with FEMA, other Federal agencies, and the State in the planning and implementation of post-disaster hazard mitigation activities.

Measure means any mitigation measure, project, or action proposed to reduce risk of future damage, hardship, loss or suffering from disasters.

Natural Disaster is any natural catastrophe, including any hurricane, tornado, storm, high water, wind driven water, tidal wave, tsunami, earthquake, volcanic eruption, landslide, mudslide, snowstorm, fire, or drought.

State Hazard Mitigation Officer is the representative of State government who is the primary point of contact with FEMA, other Federal agencies, and local units of government in the planning and implementation of post-disaster mitigation programs and activities required under the Stafford Act.

§ 206.402 Responsibilities.

(a) General. This section identifies the key responsibilities of FEMA, States, and local participants in carrying out the requirements of section 409 of the Stafford Act.

(b) FEMA. The key responsibilities of the FEMA Regional Director are to:
(1) Oversee all F E M A-related pre- and post-disaster hazard evaluation and mitigation programs and activities;
(2) Appoint a Federal Hazard Mitigation Officer for each disaster to manage hazard mitigation programs and activities;
(3) Provide technical assistance to State and local governments in fulfilling mitigation responsibilities;
(4) Conduct periodic review of State hazard mitigation activities and programs to ensure that States are adequately prepared to meet their responsibilities under the Stafford Act;
(5) Assist the State in the identification of the appropriate mitigation actions that a State or locality must take in order to have a measurable impact on reducing or avoiding the adverse effects of a specific hazard or hazardous situation.
(6) Subsequent to a declaration, follow-up with State and local governments to ensure that mitigation commitments are fulfilled, and when necessary, take action, including recovery of funds or denial of future funds, if mitigation commitments are not fulfilled.
(c) States. The key responsibilities of the State are to coordinate all State and local responsibilities regarding hazard evaluation and mitigation, and to;
(1) Appoint a State Hazard Mitigation Officer, who reports to the governor's authorized representative, and who serves as the point of contact for and coordinates all matters relating to section 409 hazard mitigation planning and implementation;
(2) Prepare and submit, in accordance with the F E M A/State Agreement and the requirements of this subpart, a hazard mitigation plan(s) or update to existing plan(s), as required under §206.405. Such plan or update is to include an evaluation of the natural hazards in the declared area, and an identification of appropriate actions to mitigate those hazards;
(3) Participate in the Hazard Mitigation Survey Team or Interagency Hazard Mitigation Team activated after the declaration;
(4) Arrange for appropriate State and local participation on the Hazard Mitigation Survey Team or Interagency Hazard Mitigation Team and in the section 409 planning process;
(5) Follow-up with State agencies and local governments to assure that appropriate hazard mitigation actions are taken. This involves coordination of plans and actions of local governments to assure that they are not in conflict with each other or with State plans;
(6) Ensure that the activities, programs and policies of all State agencies related to hazard evaluation, vulnerability, and mitigation are coordinated and contribute to the overall lessening or avoiding of vulnerability to natural hazards.
(d) Local governments. The key responsibilities of local governments are to:
(1) Participate in the process of evaluating hazards and adoption of appropriate hazard mitigation measures, including land use and construction standards;
(2) Appoint a Local Hazard Mitigation Officer, if appropriate;
(3) Participate on Hazard Mitigation Survey Teams and Interagency Hazard Mitigation Teams, as appropriate;
(4) Participate in the development and implementation of section 409 plans or plan updates, as appropriate;
(5) Coordinate and monitor the implementation of local hazard mitigation measures.
§ 206.403 Pre-declaration activities.
(a) General. As part of F E M A's response to a Governor's request for a declaration, F E M A will evaluate information concerning the status of hazard mitigation efforts in the impacted State and localities.
(b) Mitigation evaluation. The mitigation review of State and local government activities in the impacted area shall include:
(1) The status of a statewide comprehensive hazard mitigation plans, programs, or strategies;
(2) The status of hazard mitigation plans or plan updates required as a condition of any previous declaration;
(3) The status of any actions which the State or localities agreed to undertake as a condition of past disaster assistance;
(4) The status of any mitigation measures funded under section 404 of
§ 206.404 Mitigation survey teams.

(a) Hazard mitigation surveys. Hazard mitigation surveys are performed immediately following the declaration of a disaster to identify the following:

(1) Hazard evaluation and mitigation measures that must be incorporated into the recovery process;

(2) Possible measures for funding under the Hazard Mitigation Grant Program, or under other disaster assistance programs;

(3) Issues for inclusion in the section 409 hazard mitigation plan.

(b) Hazard Mitigation Survey Teams. Hazard Mitigation Survey Teams shall be activated by the Regional Director immediately following the declaration to conduct hazard mitigation surveys. The Hazard Mitigation Survey Team shall consist of FEMA, State, and appropriate local government representatives, and representatives of any other Federal agencies that may be appropriate. In the case of flood declarations, the Interagency Hazard Mitigation Team will serve the purpose of the Hazard Mitigation Survey Team.

(c) Survey team reports. Within 15 days following a declaration Hazard Mitigation Survey Team report shall be prepared and distributed in accordance with FEMA policies and procedures. The Regional Director has the authority to extend this due date when necessary.

§ 206.405 Hazard mitigation plan.

(a) General. In order to fulfill the requirement to evaluate natural hazards within the designated area and to take appropriate action to mitigate such hazards the State shall prepare and implement a hazard mitigation plan or plan update. At a minimum the plan shall contain the following:

(1) An evaluation of the natural hazards in the designated area;

(2) A description and analysis of the State and local hazard management policies, programs, and capabilities to mitigate the hazards in the area;

(3) Hazard mitigation goals and objectives and proposed strategies, programs, and actions to reduce or avoid long term vulnerability to hazards;

(4) A method of implementing, monitoring, evaluating, and updating the mitigation plan. Such evaluation is to occur at least on an annual basis to ensure that implementation occurs as planned, and to ensure that the plan remains current.

(b) Plan approach. Hazard mitigation plans should be oriented toward helping States and localities to develop hazard management capabilities and programs as part of normal governmental functions. All States are encouraged to develop a basic mitigation plan prior to the occurrence of a disaster, so that the basic plan can simply be expanded or updated to address specific issues arising from the disaster. At the time of a declaration, the Regional Director, in consultation with the State, shall determine whether a new mitigation plan is required as a result of the declaration, or whether an existing plan can simply be updated or expanded.

(c) Plan content and format. The specific content and format of a hazard mitigation plan or plan update shall be determined through guidance and technical assistance that the Regional Director provides to the State during the section 409 planning process. At a minimum, the plan or update must address the items listed in paragraph (a) of this section.

(d) Plan submission. All States shall submit a hazard mitigation plan or plan update on behalf of the State and any appropriate local governments included in the designated area. The plan
§ 206.406 Hazard mitigation planning process.

(a) General. A sound planning process is essential to the development and implementation of an effective hazard mitigation plan. A critical element of successful mitigation planning is the involvement of key State agencies, local units of government, and other public or private sector bodies or agencies that influence hazard management or development policies within a State or local unit of government. This section identifies principal components of the mitigation planning process.

(b) FEMA technical assistance. States may request the Regional Director to provide technical assistance and guidance throughout the planning process to ensure that the plan or update adequately addresses mitigation concerns related to the disaster. Technical assistance may include but is not limited to:

(1) Identification of mitigation issues through the Interagency Hazard Mitigation Team or Hazard Mitigation Survey Team report;

(2) Initial meeting with the State to identify key staff, timeline, and scope of work for development of the hazard mitigation plan or update;

(3) Review of timelines, outlines, drafts, and other appropriate material during development of the hazard mitigation plan or update.

(4) Provision of Federal technical assistance information and identification of technical experts, if needed.

(c) State involvement. Though the primary responsibility for development of a hazard mitigation plan is assigned to one State agency, any State agency that influence development within hazardous areas through ongoing programs and activities should be involved in the development and implementation of hazard mitigation plans. This includes, but is not limited to, agencies involved with emergency management, natural resources, environmental regulations, planning and zoning, community development, building regulations, infrastructure regulation or construction, public information, and insurance. It is the responsibility of the State agency assigned lead responsibility for hazard mitigation to ensure that all other appropriate State agencies have the opportunity to participate in development and implementation of hazard mitigation planning.

(d) Local involvement. Local participation in hazard mitigation planning is essential because regulation and control of development within hazardous areas normally occurs at the local level. It is the responsibility of the State to ensure that appropriate local participation is obtained during development and implementation of hazard mitigation planning.

(e) Private sector involvement. When appropriate, a State or local government may choose to involve the private sector in the planning process. Support from the private sector is often essential to successful implementation of mitigation strategies at the local level. Involvement of the private sector in the early stages of the planning process may facilitate understanding and support for mitigation.

(f) Development of hazard mitigation goals and objectives. The participants in the planning process shall develop the basic mitigation goals and objectives from which the proposed hazard mitigation strategies, programs, and actions required under § 206.405(3) shall be drawn.

(g) Identification of projects to be funded under the Hazard Mitigation Grant
§ 206.407  

Program. The Hazard Mitigation Grant Program, authorized under section 404 of the Stafford Act, provides up to 50 percent Federal funding for cost-effective mitigation measures that are consistent with the evaluation of hazards under section 409. Throughout the process of preparing a hazard mitigation plan or plan update, the State and local governments will be evaluating natural hazards and identifying potential mitigation measures which may be eligible for funding under the Hazard Mitigation Grant Program. 44 CFR part 206, subpart N sets forth the regulations for funding these mitigation measures.

(h) Coordination with other hazard evaluation and mitigation planning efforts. During the process of developing a mitigation plan to satisfy requirements under this subpart, the State will ensure that the planning effort is coordinated with any other hazard evaluation and mitigation planning program within the State or local unit of government, including but not limited to the Disaster Preparedness Improvement Grant Program, the Hurricane Program, the Earthquake Hazard Reduction Program, the Dam Safety Program, the National Flood Insurance Program, and other similar programs of FEMA and other Federal agencies.

(i) Evaluation and monitoring. The State is responsible for monitoring and evaluating implementation of the hazard mitigation plan and for submitting annual progress reports to FEMA. The progress report will briefly indicate the status of implementation of the mitigation actions contained within the plan, and will include documentation relating to measures which have been implemented, where appropriate. The Regional Director may require the State to provide additional progress reports or more specific information on particularly critical mitigation actions, if necessary.

§ 206.407  Minimum standards.  

(a) General. As a condition of any disaster loan or grant made under the Stafford Act, section 409 requires that the recipient shall agree that any repair or construction shall be in accordance with applicable standards of safety, decency, and sanitation, and in conformity with applicable codes, specifications, and standards. The hazard mitigation planning process required under section 409 can assist with the identification of inadequate standards as described below.

(b) Local standards. The cost of bringing a facility up to minimum standards is an eligible cost under subpart H of this part when such standards apply to the types of work being performed. These standards, including standards for hazard mitigation, can either be in place at the time of the disaster or can be adopted prior to approval of the project. Where current mitigation standards are inadequate, new standards may be identified in the following ways:

(1) Through the Interagency Hazard Mitigation Team or Hazard Mitigation Survey Team;

(2) Through the hazard mitigation planning process;

(3) By the State or local governments;

(4) Through the public assistance program; and,

(5) Through identification of mitigation measures under the Hazard Mitigation Grant Program.

(c) Compliance. The State shall ensure that the sub-grantee meets compliance with minimum standards as that term is used in section 409.

Subpart N—Hazard Mitigation Grant Program

SOURCE: 55 FR 35537, Aug. 30, 1990, unless otherwise noted.

§ 206.430  General.  

This subpart provides guidance on the administration of hazard mitigation grants made under the provisions of section 404 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5170c, hereafter Stafford Act, or the Act.

[59 FR 24356, May 11, 1994]

§ 206.431  Definitions.  

(a) Applicant means a State agency, local government, or eligible private nonprofit organization, as defined in subpart H of this part, submitting an
§ 206.432 Federal grant assistance.

(a) General. This section describes the extent of Federal funding available under the State’s grant, as well as limitations and special procedures applicable to each.

(b) Limitations on Federal expenditures. The total of Federal assistance under section 404 shall not exceed 15 percent of the total estimated Federal assistance (excluding any associated administrative costs) provided under sections 403, 406, 407, 408, 410, 411, 416, and 601 of the Stafford Act.

(c) Cost sharing. All mitigation measures approved under the State’s grant will be subject to the cost sharing provisions established in the FEMA-State Agreement. FEMA may contribute up to 75 percent of the cost of measures approved for funding under the Hazard Mitigation Grant Program for major disasters declared on or after June 10, 1993. FEMA may contribute up to 50 percent of the cost of measures approved for funding under the Hazard Mitigation Grant Program for major disasters declared before June 10, 1993. The non-Federal share may exceed the Federal share. FEMA will not contribute to costs above the Federally approved estimate.

(i) Subgrant means an award of financial assistance under a grant by a grantee to an eligible subgrantee.

(j) Subgrantee means the government or other legal entity to which a subgrant is awarded and which is accountable to the grantee for the use of the funds provided. Subgrantees can be a State agency, local government, private non-profit organization, or Indian tribe as outlined in §206.434.

(k) Supplement means an amendment to the hazard mitigation application to add or modify one or more mitigation measures.

§ 206.433 State responsibilities.

(a) Grantee. The State will be the Grantee to which funds are awarded and will be accountable for the use of those funds. There may be subgrantees within the State government.

(b) Priorities. The State will determine priorities for funding. This determination must be made in conformance with § 206.435.

(c) Hazard Mitigation Officer. The State must appoint a Hazard Mitigation Officer, as required under 44 CFR part 206 subpart M, who serves as the responsible individual for all matters related to the Hazard Mitigation Grant Program.

(d) Administrative plan. The State must have an approved administrative plan for the Hazard Mitigation Grant Program in conformance with § 206.437.

§ 206.434 Eligibility.

(a) Applicants. The following are eligible to apply for the Hazard Mitigation Program Grant:

(1) State and local governments;

(2) Private non-profit organizations or institutions that own or operate a private non-profit facility as defined in § 206.221(e);

(3) Indian tribes or authorized tribal organizations and Alaska Native villages or organizations, but not Alaska native corporations with ownership vested in private individuals.

(b) Minimum project criteria. To be eligible for the Hazard Mitigation Grant Program, a project must:

(1) Be in conformance with the hazard mitigation plan developed as a requirement of section 409;

(2) Have a beneficial impact upon the designated disaster area, whether or not located in the designated area;

(3) Be in conformance with 44 CFR part 9, Floodplain Management and Protection of Wetlands, and 44 CFR part 10, Environmental Considerations;

(4) Solve a problem independently or constitute a functional portion of a solution where there is assurance that the project as a whole will be completed. Projects that merely identify or analyze hazards or problems are not eligible;

(5) Be cost-effective and substantially reduce the risk of future damage, hardship, loss, or suffering resulting from a major disaster. The grantee must demonstrate this by documenting that the project:

(i) Addresses a problem that has been repetitive, or a problem that poses a significant risk to public health and safety if left unsolved,

(ii) Will not cost more than the anticipated value of the reduction in both direct damages and subsequent negative impacts to the area if future disasters were to occur. Both costs and benefits will be computed on a net present value basis,

(iii) Has been determined to be the most practical, effective, and environmentally sound alternative after consideration of a range of options,

(iv) Contributes, to the extent practicable, to a long-term solution to the problem it is intended to address,

(v) Considers long-term changes to the areas and entities it protects, and has manageable future maintenance and modification requirements.

(c) Types of projects. Projects may be of any nature that will result in protection to public or private property. Eligible projects include, but are not limited to:

(1) Structural hazard control or protection projects;

(2) Construction activities that will result in protection from hazards;

(3) Retrofitting of facilities;

(4) Property acquisition or relocation, as defined in § 206.434(d);

(5) Development of State or local mitigation standards;

(6) Development of comprehensive hazard mitigation programs with implementation as an essential component;

(7) Development or improvement of warning systems.

(d) Property acquisition and relocation requirements. A project involving property acquisition or the relocation of structures and individuals is eligible for assistance only if the applicant enters an agreement with the FEMA Regional Director that provides assurances that:

(1) The following restrictive covenants shall be conveyed in the deed to any property acquired, accepted, or from which structures are removed (hereafter called in section (d) the property):

(2) ...
§ 206.435 Project identification and selection criteria.

(a) Identification. It is the State's responsibility to identify and select hazard mitigation projects. All funded projects must be consistent with the State's section 409 hazard mitigation plan. Hazard mitigation projects may be identified through the section 409 planning process, or through any other appropriate means. Procedures for the identification, funding, and management of mitigation projects shall be included in the State's administrative plan.

(b) Selection. The State will establish procedures and priorities for the selection of mitigation measures. At a minimum the criteria must be consistent with the criteria stated in §206.434(b) and include:

(1) Measures that best fit within an overall plan for development and/or hazard mitigation in the community, disaster area, or State;

(2) It provides for such purchase solely as a result of such flooding;

(3) It is carried out by or through a State or unit of general local government;

(4) The purchasing agency (grantee or subgrantee) notifies all potential property owners in writing that it will not use its power of eminent domain to acquire the properties if a voluntary agreement is not reached;

(5) The project is being assisted with amounts made available for:

(i) Disaster relief by the Federal Emergency Management Agency; or

(ii) By other Federal financial assistance programs.

(f) Duplication of programs. Section 404 funds cannot be used as a substitute or replacement to fund projects or programs that are available under other Federal authorities, except under limited circumstances in which there are extraordinary threats to lives, public health or safety or improved property.

(g) Packaging of programs. Section 404 funds may be packaged or used in combination with other Federal, State, local, or private funding sources when appropriate to develop a comprehensive mitigation solution, though section 404 funds cannot be used as a match for other Federal funds.

§ 206.436 Application procedures.

(a) General. This section describes the procedures to be used by the State in submitting an application for funding for hazard mitigation grants. Under the Hazard Mitigation Grant Program the State is the grantee and is responsible for processing subgrants to applicants in accordance with 44 CFR parts 13 and 206.

(b) Governor's Authorized Representative. The Governor's Authorized Representative serves as the grant administrator for all funds provided under the Hazard Mitigation Grant Program. The Governor's Authorized Representative's responsibilities as they pertain to procedures outlined in this section include providing technical advice and assistance to eligible subgrantees, and ensuring that all potential applicants are aware of assistance available and submission of those documents necessary for grant award.

(c) Letter of intent to participate. Within 60 days of the disaster declaration, the Governor's Authorized Representative (GOVERNS) will notify FEMA in writing of its intent to participate or not participate in the Hazard Mitigation Grant Program. States are also encouraged to submit a hazard mitigation application within this timeframe so that immediate post-disaster opportunities for hazard mitigation are not lost.

(d) Hazard mitigation application. Upon identification of mitigation measures, the State (Governor's Authorized Representative) will submit its section 404 Hazard Mitigation Application to the FEMA Regional Director.

(e) Application will identify one or more mitigation measures for which funding is requested. The Application must include a Standard Form (SF) 424, Application for Federal Assistance, SF 424D, Assurances for Construction Programs if appropriate, and a narrative statement. The narrative statement will contain any pertinent project management information not included in the State's administrative plan for Hazard Mitigation. The narrative statement will also serve to identify the specific mitigation measures for which funding is requested. Information required for each mitigation measure shall include the following:

(1) Name of the subgrantee, if any;
(2) State or local contact for the measure;
(3) Location of the project;
(4) Description of the measure;
(5) Cost estimate for the measure;
(6) Analysis of the measure's cost-effectiveness and substantial risk reduction, consistent with § 206.434(b);
(7) Work schedule;
(8) Justification for selection;
(9) Alternatives considered;
(10) Environmental information consistent with 44 CFR part 9, Floodplain Management and Protection of Wetlands, and 44 CFR part 10, Environmental Considerations;

(f) Supplements. The application may be amended as the State and subgrantees develop the section 409 hazard mitigation plan and continue to identify measures to be funded. Amendments to add or modify measures are made by submitting supplements to the application. All supplements to the application for the purpose of identifying new mitigation measures must be submitted to FEMA within 90 days of FEMA approval of the section 409 plan. The Regional Director may grant up to a 90 day extension to this deadline upon receipt of written justification from the State that the extension is warranted. The supplements shall contain all necessary information on the measure as described in paragraph (d) of this section.

(g) FEMA approval. The application and supplement(s) will be submitted to
(g) Exceptions. The following are exceptions to the above outlined procedures and time limitations.

(1) Grant applications. An Indian tribe or authorized tribal organization may submit a SF 424 directly to the Regional Director when assistance is authorized under the Act and a State is unable to assume the responsibilities prescribed in these regulations.

(2) Time limitations. The time limitation shown in paragraph (c) of this section may be extended by the Regional Director when justified and requested in writing by the Governor's Authorized Representative.

(Approved by the Office of Management and Budget under OMB Control Number 3067-0207)

§ 206.437 State administrative plan.

(a) General. The State shall develop a plan for the administration of the Hazard Mitigation Grant Program.

(b) Minimum criteria. At a minimum, the State administrative plan must include the items listed below:

(1) Designation of the State agency will have responsibility for program administration;

(2) Identification of the State Hazard Mitigation Officer responsible for all matters related to the Hazard Mitigation Grant Program;

(3) Determination of staffing requirements and sources of staff necessary for administration of the program;

(4) Establishment of procedures to:
   (i) Identify and notify potential applicants (subgrantees) of the availability of the program;
   (ii) Ensure that potential applicants are provided information on the application process, program eligibility and key deadlines;
   (iii) Determine applicant eligibility;
   (iv) Conduct environmental and floodplain management reviews;
   (v) Establish priorities for selection of mitigation projects;
   (vi) Process requests for advances of funds and reimbursement;
   (vii) Monitor and evaluate the progress and completion of the selected projects;
   (viii) Review and approve cost overruns;
   (ix) Process appeals;
   (x) Provide technical assistance as required to subgrantee(s);
   (xi) Comply with the administrative requirements of 44 CFR parts 13 and 206;
   (xii) Comply with audit requirements of 44 CFR part 14;
   (xiii) Provide quarterly progress reports to the Regional Director on approved projects.

(c) Format. The administrative plan is intended to be a brief but substantive plan documenting the State's process for the administration of the Hazard Mitigation Grant Program and management of the section 404 funds. This administrative plan should become a part of the State's overall emergency response or operations plan as a separate annex or chapter.

(d) Approval. The State must submit the administrative plan to the Regional Director for approval. Following each major disaster declaration, the State shall prepare any updates, amendments, or plan revisions required to meet current policy guidance or changes in the administration of the Hazard Mitigation Grant Program. Funds shall not be awarded until the State administrative plan is approved by the FEMA Regional Director.

(Approved by the Office of Management and Budget under OMB control number 3067-0208)

§ 206.438 Project management.

(a) General. The State serving as grantee has primary responsibility for project management and accountability of funds as indicated in 44 CFR part 13. The State is responsible for ensuring that subgrantees meet all program and administrative requirements.

(b) Cost overruns. During the execution of work on an approved mitigation measure the Governor's Authorized Representative may find that actual project costs are exceeding the approved estimates. Cost overruns which can be met without additional Federal funds, or which can be met by offsetting cost underruns on other projects, need not be submitted to the Regional
Director for approval, so long as the full scope of work on all affected projects can still be met. For cost overruns which exceed Federal obligated funds and which require additional Federal funds, the Governor's Authorized Representative shall evaluate each cost overrun and shall submit a request with a recommendation to the Regional Director for a determination. The applicant's justification for additional costs and other pertinent material shall accompany the request. The Regional Director shall notify the Governor's Authorized Representative in writing of the determination and process a supplement, if necessary. All requests that are not justified shall be denied by the Governor's Authorized Representative. In no case will the total amount obligated to the State exceed the funding limits set forth in §206.432(b). Any such problems or circumstances affecting project costs shall be identified through the quarterly progress reports required in paragraph (c) of this section.

(c) Progress reports. The grantee shall submit a quarterly progress report to FEMA indicating the status and completion date for each measure funded. Any problems or circumstances affecting completion dates, scope of work, or project costs which are expected to result in noncompliance with the approved grant conditions shall be described in the report.

(d) Payment of claims. The Governor's Authorized Representative shall make a claim to the Regional Director for reimbursement of allowable costs for each approved measure. In submitting such claims the Governor's Authorized Representative shall certify that reported costs were incurred in the performance of eligible work, that the approved work was completed and that the mitigation measure is in compliance with the provisions of the FEMA-State Agreement. The Regional Director shall determine the eligible amount of reimbursement for each claim and approve payment. If a mitigation measure is not completed, and there is not adequate justification for noncompletion, no Federal funding will be provided for that measure.

(e) Audit requirements. Uniform audit requirements as set forth in 44 CFR part 14 apply to all grant assistance provided under this subpart. FEMA may elect to conduct a Federal audit on the disaster assistance grant or on any of the subgrants.

§ 206.439 Allowable costs.

(a) General. General policies for determining allowable costs are established in 44 CFR 13.22. Exceptions to those policies as allowed in 44 CFR 13.4 and 13.6 are explained below.

(b) Eligible direct costs. The eligible direct costs for administration and management of the program are divided into the following two categories.

(1) Statutory administrative costs—(i) Grantee. Pursuant to 406(f)(2) of the Stafford Act, an allowance will be provided to the State to cover the extraordinary costs incurred by the State for preparation of applications, quarterly reports, final audits, and related field inspections by State employees, including overtime pay and per diem and travel expenses, but not including regular time for such employees. The allowance will be based on the following percentages of the total amount of assistance provided (Federal share) for all subgrantees in the State under section 404 of the Stafford Act:

(A) For the first $100,000 of total assistance provided (Federal share), three percent of such assistance.

(B) For the next $900,000, two percent of such assistance.

(C) For the next $4,000,000, one percent of such assistance.

(D) For assistance over $5,000,000, one-half percent of such assistance.

(ii) Subgrantee. Pursuant to section 406(f)(1) of the Stafford Act, necessary costs of requesting, obtaining, and administering Federal disaster assistance subgrants will be covered by an allowance which is based on the following percentages of total net eligible costs under section 404 of the Stafford Act, for an individual applicant (applicants in this context include State agencies):

(A) For the first $100,000 of net eligible costs, three percent of such costs.

(B) For the next $900,000, two percent of such costs.

(C) For the next $4,000,000, one percent of such costs.

(D) For those costs over $5,000,000, one-half percent of such costs.
§ 206.440 Appeals.

An eligible applicant, subgrantee, or grantee may appeal any determination previously made related to an application or the provision of Federal assistance according to the procedures below.

(a) Format and Content. The applicant or subgrantee will make the appeal in writing through the grantee to the Regional Director. The grantee shall review and evaluate all subgrantee appeals before submission to the Regional Director. The grantee may make grantee-related appeals to the Regional Director. The appeal shall contain documented justification supporting the appellant's position, specifying the monetary figure in dispute and the provisions in Federal law, regulation, or policy with which the appellant believes the initial action was inconsistent.

(b) Levels of Appeal. (1) The Regional Director will consider first appeals for hazard mitigation grant program-related decisions under subparts M and N of this part.

(2) The Associate Director/Executive Associate Director for Mitigation will consider appeals of the Regional Director's decision on any first appeal under paragraph (b)(1) of this section.

(c) Time Limits. (1) Appellants must make appeals within 60 days after receipt of a notice of the action that is being appealed.

(2) The grantee will review and forward appeals from an applicant or subgrantee, with a written recommendation, to the Regional Director within 60 days of receipt.

(3) Within 90 days following receipt of an appeal, the Regional Director (for first appeals) or Associate Director/Executive Associate Director (for second appeals) will notify the grantee in writing of the disposition of the appeal or of the need for additional information. A request by the Regional Director or Associate Director/Executive Associate Director for additional information will include a date by which the information must be provided. Within 90 days following the receipt of the requested additional information or following expiration of the period for providing the information, the Regional Director or Associate Director/Executive Associate Director will notify the grantee in writing of the disposition of the appeal. If the decision is to grant the appeal, the Regional Director will take appropriate implementing action.

(d) Technical Advice. In appeals involving highly technical issues, the Regional Director or Associate Director/Executive Associate Director may, at his or her discretion, submit the appeal to an independent scientific or technical person or group having expertise in the subject matter of the appeal for advice or recommendation. The period for this technical review may be in addition to other allotted time periods. Within 90 days of receipt of the report, the Regional Director or Associate Director/Executive Associate Director
will notify the grantee in writing of the disposition of the appeal.

(e) Transition. (1) This rule is effective for all appeals pending on and appeals from decisions issued on or after May 8, 1998, except as provided in paragraph (e)(2) of this section.

(2) Appeals pending from a decision of an Associate Director/Executive Associate Director before May 8, 1998 may be appealed to the Director in accordance with 44 CFR 206.440 as it existed before May 8, 1998.

(3) The decision of the FEMA official at the next higher appeal level shall be the final administrative decision of FEMA.

[63 FR 17111, Apr. 8, 1998]

PART 207—GREAT LAKES PLANNING ASSISTANCE

Sec.
207.1 General.
207.2 Definitions.
207.3 Eligibility.
207.4 Application procedures.
207.5 Project management.
207.6 Technical assistance.

SOURCE: 55 FR 7329, Mar. 1, 1990, unless otherwise noted.

§ 207.1 General.

This subpart provides requirements and establishes general procedures for administration of one-time grants to States under the provisions of section 202 of the Great Lakes Planning Assistance Act of 1988. The Act authorizes the Director of the Federal Emergency Management Agency (FEMA) to provide assistance to the Great Lakes States to reduce and prevent damage attributable to high water levels in the Great Lakes. The assistance would include a one-time grant of not more than $250,000 for preparation of mitigation and emergency plans, coordinating available State and Federal assistance, developing and implementing measures to reduce damages due to high water levels, and assisting local governments in developing and implementing plans to reduce damages. Each State receiving a grant shall match it with an amount equal to 25 percent of the Federal grant. The grant should be used to supplement and extend existing activities and programs, to the extent possible.

§ 207.2 Definitions.

(a) Applicant means a Great Lakes State.

(b) Grant means an award of financial assistance.

(c) Grantee means the State government to which a grant is awarded and which is accountable for the use of the funds provided. The grantee is the entire legal entity even if only a particular component of the entity is designated in the grant award. For the purposes of this regulation, the State is the grantee.

(d) Grant application means the official request for funding under the Great Lakes Planning Assistance Grant program.

(e) Great Lakes means Lake Ontario, Lake Erie, Lake Huron, Lake Michigan, Lake Superior, and Lake St. Clair, to the extent those lakes are subject to the jurisdiction of the United States.

(f) Great Lake States means the States of Illinois, Indiana, Michigan, Minnesota, New York, Ohio, Pennsylvania, and Wisconsin.

(g) High water includes static water level, wind generated waves, and runup.

(h) Nonstructural measures, as the term is used in part 207, are those actions taken to protect people and property from the effects of a hazard, but do not modify the nature, frequency, or intensity of the hazard. They include measures such as setbacks, land use and development standards, floodproofing, and elevation or relocation of properties and structures at risk.

(i) Structural measures, as the term is used in part 207, are those actions taken to protect people and property from the effects of a hazard by modifying the nature, frequency or intensity of a hazard. They include measures such as floodwalls, levees, retaining walls, jetties, groins and other engineering works designed to control flooding and erosion.

(j) Subgrant means an award of financial assistance under a grant by a grantee to an eligible subgrantee.
§ 207.4 Application procedures.

(a) General. Technical proposals were required to have been filed by November 23, 1989.

(b) Grant application. A formal grant application will not be required until such time as funds are appropriated for this grant program. At that time, the State will be given the opportunity to review and revise the technical proposal. The formal grant application will consist of the revised technical proposal and appropriate reports in accordance with 44 CFR part 13.

(b) Cost share requirement. States receiving a grant shall match the grant with an amount no less than 25 percent of the amount of the Federal grant.
§ 207.5 Project management.

The State serving as grantee has primary responsibility for project management and accountability of funds as indicated in 44 CFR part 13. The State is responsible for ensuring that subgrantees meet all program requirements.

§ 207.6 Technical assistance.

(a) General. Requests from a State to FEMA for technical assistance in carrying out any activity of this grant program shall be made by the Governor or his/her designated representative to the Regional Director (reference § 202(c) of the Act).

(b) Content of request. The request for technical assistance shall indicate as specifically as possible the objectives, nature, and duration of the requested assistance; the professional disciplinary capabilities needed; the recipient agency or organization within the State; the manner in which such assistance is to be utilized; and any other information needed for a full understanding of the need for such requested assistance.

(c) State participation. The request for assistance requires participation by the State in the technical assistance process. As part of its request for such assistance, the State shall agree to facilitate coordination among FEMA and all subgrantees in need of assistance.

(Approved by the Office of Management and Budget under OMB control number 3067-0203)

PARTS 208-219 [RESERVED]

PART 220—TEMPORARY RELOCATION ASSISTANCE

§ 220.1 Purpose.

This regulation prescribes the policies to be followed by the Federal Emergency Management Agency (FEMA) or any State or local government when implementing Temporary Relocation Assistance under the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (CERCLA), as amended, 42 U.S.C. 9601, et seq., also known as Superfund.

§ 220.2 Definitions.

Cost Share means the portion of the allowable project cost which is not derived from Federal assistance.

Evacuation means the emergency relocation of threatened individuals from an area. This activity is normally carried out by the State as part of its public health and safety responsibility.

Fair market rent means a reasonable amount to pay in the local area for the size and type of accommodations provided. (The formula is provided in §220.11 of this part.)

Household means the residents of the pre-incident residence who are offered Temporary Relocation Assistance. It includes any authorized additions during the temporary housing period, such as children, spouses, or part-time residents who were not present at the time of the announcement, but who are expected to return during the temporary housing period.

Occurrent means an eligible applicant residing in temporary housing.
Primary residence means the dwelling where the applicant normally resides during the major portion of the calendar year, or a dwelling which is required because of proximity to employment.

Transient accommodations means hotels, motels or other similar accommodations which are utilized to assist eligible applicants who require temporary housing for only a short period of time, or who require such assistance pending provision of another temporary housing resource. Transient accommodations may be provided for up to 30 days unless this period is extended by the FEMA Regional Director or official designee.

§ 220.3 Program intent.

Temporary Relocation Assistance is provided to eligible individuals, identified by EPA, who are displaced from their primary residence in connection with a hazardous substance response action, to relocate for their own health and safety, and/or to allow the EPA, or its agents to conduct clean-up activities. It is not intended to totally compensate these individuals for all expenses and losses associated with contamination of the site on which they reside. Assistance covers reasonable living expenses that are additional to the living expenses which existed prior to the relocation. Applicants are eligible only for categories of assistance where additional expenses are actually incurred. Nine categories of eligible assistance, designed to pay costs directly related to the temporary relocation program include: (a) Temporary housing in locally available private rentals; (b) subsistence payments for individuals placed in transient accommodations; (c) furniture assistance when individuals are placed in unfurnished temporary housing; (d) the furniture at the permanent residence is contaminated; (d) transportation of household goods to temporary and back to permanent residence; (e) utility subsidy covering the costs for primary residence; (f) utility connection costs at the temporary housing residence; (g) kennel costs; (h) personal property purchase or decontamination costs; and (i) other expenses directly related to the relocation. The establishment of these categories of assistance does not prohibit advance of funds or establishment of fixed funding rates for certain categories of assistance, when it is determined to be appropriate and cost-effective.

§ 220.4 Duplication of benefits.

FEMA has determined that Temporary Relocation Assistance shall not be provided to an applicant if such assistance or its equivalent is received from any other source. This also prohibits duplication of benefits by receipt of temporary relocation assistance, and permanent relocation under CERCLA, or any disaster assistance. If any State or local government or volunteer agency is providing assistance for the same purpose as temporary relocation assistance, temporary relocation assistance under CERCLA, as amended, shall not begin until such other assistance is terminated. In the instance of insured applicants, assistance shall not be provided if insurance proceeds are available, unless there is a delay by the insurer in determining whether the proceeds will be available; there is ample reason to believe that payment of the proceeds may be significantly delayed; such proceeds have been exhausted; or, the proceeds are insufficient to provide the full cost of relocation benefits. Prior to provision of assistance, the insured applicant shall agree to repay FEMA from insurance proceeds he/she receives for additional living expenses, an amount equivalent to the assistance provided, or that portion of insurance proceeds, whichever is less.

§ 220.5 Site specific plan.

Each FEMA regional office must prepare a site specific Temporary Relocation Plan to be approved by the Regional Director or his or her official designee. The approved plan shall be submitted to the Assistant Associate Director, Disaster Assistance Programs (DAP), for review within seven days of signing an IAG with EPA. The Assistant Associate Director, DAP, or official designee, assumes Regional Director responsibilities when Headquarters is implementing temporary relocation. The requirements of the plan are outlined in §220.18.
§ 220.6 Applications.

Applications for Superfund Temporary Relocation Assistance under CERCLA, as amended, shall be accepted throughout the relocation period identified by EPA. Members of each household shall be included on a single application. Household members shall be provided a safe, sanitary and secure residence.

(Approved by the Office of Management and Budget under OMB Control Number 3067–0168)

§ 220.7 Eligibility criteria.

Temporary Relocation Assistance may be made available to those individuals displaced from this primary residence as a result of a determination by EPA that relocation is necessary. Temporary Relocation Assistance for a particular site shall be available only in the area identified by EPA through property addressed, site map or names of families.

§ 220.8 Eligible categories of assistance.

The following categories of assistance may be provided, based on individual needs:

(a) Temporary housing. This may include locally available private rentals (houses and apartments), including hotels/motels (transient or other accommodations). Sharing of accommodations with family and friends is an allowable form of assistance only when an eligible applicant elects it as his/her form of assistance. FEMA will pay fair market value for existing resources in accordance with the criteria in §220.11 of this part. When authorized by the FEMA Regional Director, security deposits may be paid. Pet fees/deposits are authorized. All deposits must be recovered from the owner/agent or occupant, before or at the time that assistance is terminated. Cleaning fees and laundry fees at the temporary housing residence are the responsibility of the occupant(s).

(b) Subsistence payment. A daily allotment may be provided to cover additional costs such as food and laundry expenses, when individuals are placed in hotels/motels or other transient accommodations. Allotment shall be based on the Federal per diem rate, when FEMA administers the program.

(c) Furniture assistance. When it is impractical to move furniture to the temporary housing or when EPA has determined that furniture is contaminated, essential furniture may be provided to eligible occupants of unfurnished temporary housing. Furniture items are provided on a loan basis for the duration of the temporary relocation. Items provided shall be of average construction and quality. Luxury items shall not be provided. Furniture rental assistance may be handled by direct reimbursement, or advancement of funds. Receipts must be provided by the applicant.

Items are to be provided in accordance with family size and needs, and include:

1. Sofa
2. Living room chair
3. Coffee table
4. End tables
5. Dining table
6. Dining chairs
7. Range
8. Refrigerator
9. Double bed (Mattress, box springs, frame)
10. Single bed (Mattress, box springs, frame)
11. Crib w/mattress
12. Bunk bed set
13. Night table (per bedroom)
14. Table lamp (per bedroom)
15. Chest of drawers
16. Television (Maximum 19")
17. One per person.

(d) Expenses for transportation of household goods. This shall include the reasonable cost of moving to temporary housing and back to the primary residence or to another permanent residence. It shall also include one move to a permanent residence when the individuals displaced decide to forego a move to temporary housing and move to permanent housing instead.

(e) Utility subsidy. Costs for essential utilities at the primary residence, only during the period of temporary housing, may be authorized since these costs are additional to utility costs at the temporary housing resource, which are the responsibility of the occupant. Payment for essential utilities shall include gas, electricity, oil, water, sewer, and telephone. If cost effective,
Federal Emergency Management Agency § 220.12

Winterization costs may be paid as an alternative or in conjunction with the utility subsidy. This must be approved by the FEMA Regional Director or his/her representative. When permanent relocation is also authorized, utilities at the unoccupied primary residence should be disconnected, when practical, eliminating the need for utility subsidy.

(f) Utility connection costs. If the costs of connecting and/or disconnecting utilities cannot be waived by utility companies, the costs for connecting or disconnecting the essential utilities at the temporary housing residence shall be paid. Also, if cost effective when compared to utilities subsidy, reconnection costs shall be paid at the primary residence.

(g) Kennel costs. When necessary, payment of actual reasonable kennel and pasturing costs shall be authorized.

(h) Personal property. Contaminated personal property shall be decontaminated or acquired by FEMA or its agent when EPA specifically determines the need for decontamination or acquisition as part of temporary relocation. Only reasonable actual expenditures shall be paid for decontamination of property, excluding applicant labor.

(i) Other expenses directly related to relocation. When appropriate, the Regional Director may recommend that such other expenses directly related to the temporary relocation become eligible. This request must be approved by the Assistant Associate Director, Disaster Assistance Programs.

§ 220.9 Ineligible categories.

The following items shall not be eligible for payment under Temporary Relocation Assistance:

(a) Rental payments or mortgage payments for homes owned by the eligible applicant;

(b) Business losses. This does not prohibit use of a temporary housing residence for a home business. However, additional costs necessitated by the operation of a home business are not authorized;

(c) Personal transportation costs;

(d) Insurance premiums for the temporary housing unit and the primary residence; and

(e) Cleaning fees and laundry fees at the temporary relocation residence.

§ 220.10 Site security.

The EPA is responsible for site security.

§ 220.11 Fair market rent guidelines.

At each site, fair market rent guidelines for each size residence shall be established by averaging the cost of available residences per bedroom size for each locality where temporary housing will be provided. Where privately owned mobile homes are to be used, a separate guideline shall also be developed. Guidelines for hotel, motel and other short-term resources shall be developed only when there is a substantial variance in price among the available supply. The purpose of these fair market rent guidelines is to prevent development of an inflated rental market resulting from the incident and to insure cost-effectiveness. These guidelines reflect the desired maximum payment. Use of resources more costly than the guidelines may be authorized by the FEMA Regional Director or official designee for full payment only when other existing resources are not available. When less than 10 families are being relocated, fair market rent guidelines may be established by a less time-consuming means, e.g., using an estimate provided by real estate agencies or conducting a sampling instead of a comprehensive survey.

§ 220.12 Transfer of occupants.

(a) Transfers requested by occupants. Occupants who request to transfer from one temporary housing unit to another, solely for their own convenience or for reasons necessitated through their fault, shall be responsible for all expenses associated with the move, including any increase in temporary housing rent.

(b) Transfers for other reasons. If FEMA initiates a transfer or if a transfer is necessitated for reasons which are not the fault of an occupant, all essential costs of the move shall be paid by FEMA. Such transfers shall be conducted in a manner that will cause minimum inconvenience to the occupants.
§ 220.13 Personal property acquisition.

Personal property identified by EPA as contaminated and unable to undergo a successful process of decontamination will be purchased. Such purchase will be contingent upon authorization in the site-specific interagency agreement. Possession or ownership of the acquired personal property shall pass directly to EPA from the seller. The acquisition of personal property shall be conducted along the following lines:

(a) An inventory of eligible personal property shall be prepared to include the manufacturer’s name, model number and other information which might assist in establishing the quality and value of the property to be acquired.

(b) Payment shall be made for replacement value of similar items. With regard to valuable antiques, owners shall be paid whatever benefits they would have received if this loss had been exclusively covered by their homeowners insurance policy. If they do not have homeowners insurance for personal property, owners shall be paid the cost of replacement with an item of similar quality with the same functional use.

(c) An appraisal shall be required in all instances.

(d) Based on the appraisal, FEMA shall present the initial offer to acquire to the temporary relocation applicant. The offer to acquire shall be in writing and will include a list of items to be purchased. The total value of the listed items will be presented in the offer.

(e) A written sales contract shall specify what is being purchased and the terms and conditions of the sale, as well as the responsibilities of the seller.

(f) When negotiations fail, after a reasonable effort by both parties, an individual who disputes the amount of the offer to acquire shall have the right to submit a written appeal to the Regional Director. The Regional Director shall make a final decision concerning the offer to acquire within 10 business days from receipt of the written appeal. The decision of the Regional Director is final.

(g) FEMA may not move an applicant’s contaminated furniture to the temporary relocation residence.

(h) FEMA shall not be responsible for management and/or disposition of the acquired property.

§ 220.14 Floodplain management guidelines.

FEMA has determined that placement of families in existing resources under Temporary Relocation Assistance is exempt from the floodplain management requirements of part 9 in 44 CFR 9.5(c)(14), Floodplain Management and Protection of Wetlands. However, efforts shall be made to use existing resources outside of the floodplain when possible and families shall be notified in writing when they are referred by FEMA to existing resources which are in the floodplain. Referrals shall not be made to existing resources in the floodplain within communities which are not participating in the National Flood Insurance Program.

§ 220.15 Effective date of assistance.

The effective date of assistance is the date the applicant obtains his/her own authorized accommodations or the date FEMA provides other relocation assistance. Temporary Relocation Assistance may be provided as of the date identified by EPA in the FEMA/EPA Interagency Agreement.

§ 220.16 Termination of assistance.

Termination of temporary housing may be initiated with a 30-day written notice, after which the occupant shall be liable for such additional charges as are deemed appropriate by the Regional Director including, but not limited to, the fair market rental for the temporary housing residence. Termination may be in the form of eviction from temporary housing (if FEMA leased the housing) or termination of financial assistance (if cash payment is made to the occupant).

(a) Grounds for termination. Temporary housing (including transient accommodations) may be terminated for reasons, including, but not limited to, the following:

(1) A determination has been made by EPA that the residence from which the occupant was displaced is now available for occupancy.

(2) FEMA has determined that the temporary housing occupant has failed
§ 220.16

to comply with the terms of the lease or reimbursement agreement.

(3) An offer for permanent acquisition of the housing from which the individual has been displaced has been made (and the time period for temporary housing allocated by FEMA's permanent relocation plan for the specific location involved has passed). This includes an offer of relocation assistance, if appropriate.

(4) The temporary housing occupant has failed to take due care of the temporary dwelling.

(5) FEMA has determined that temporary housing was obtained through misrepresentation or fraud.

(6) The temporary housing occupant has failed to pay utilities or other charges, responsibility for which has been assigned by the lease or reimbursement agreement.

(7) FEMA has determined that the temporary housing occupant has permanently relocated to a new location.

(b) Termination procedures. These procedures shall be utilized in all instances, except when a State is administering the Temporary Relocation Assistance Program. States shall be subject to their own procedures provided they afford the occupant(s) due process safeguards described in paragraph (b)(5)(iv) of this section.

(1) Notification of occupants. Written notice shall be given by FEMA (or the entity designated to administer the program) to the occupant(s) at least 30 days prior to the proposed termination of assistance. This notice shall specify: The reasons for termination of assistance/occupancy; the date of termination, which shall not be less than 30 days after receipt of the notice; the administrative procedure available to the occupant(s) if he/she wishes to dispute the action; and the occupant's liability after the termination date for additional charges.

Exception: Where the temporary housing occupants have been informed in writing, prior to receiving assistance from FEMA that the duration of the temporary housing assistance will be 30 days or less, there is no requirement for a written notice. The notice of the limited duration of such assistance or occupancy will also serve as notice of termination of the assistance for occupancy. Those occupants will be notified by telephone or personal conversation as to the exact date of termination of assistance. If occupying FEMA-leased housing, occupants shall be required to leave within 24 hours from the time of the conversation regarding termination.

(2) Filing of appeal. If the occupant desires to dispute the termination of temporary housing assistance, upon receipt of the written notice specified in paragraph (b)(1) of this section, he/she shall present the appeal in writing to the appropriate FEMA office in person or by mail within 5 business days. The appeal must be signed by the occupant and state the reasons why the assistance or occupancy should not be terminated. If a hearing is desired, the appeal should so state.

(3) Response to appeal. If a hearing pursuant to paragraph (b)(2) of this section has not been requested, the occupant will be deemed to have waived the right to a hearing. Under such circumstances, the appropriate FEMA official shall deliver or mail a written response to the occupant within 5 business days after the receipt of the appeal.

(4) Request for a hearing. If the occupant requests a hearing pursuant to paragraph (b)(2) of this section, FEMA shall schedule a hearing date within 10 days from the receipt of the appeal, at a time and place reasonably convenient to the occupant, who shall be notified promptly thereof in writing. The notice of hearing shall specify the procedure governing the hearing.

(5) Hearing—(i) Hearing officer. The hearing shall be conducted by a Hearing Officer who shall be designated by the FEMA Regional Director, and who shall not have been involved with the decision to terminate the occupant's temporary housing assistance, nor be a subordinate of any individual who was so involved.

(ii) Due process. The occupant shall be afforded a fair hearing and provided the basic safeguards of due process, including cross-examination of the responsible official(s), access to the documents on which FEMA is relying, the right to counsel at his/her expense, the right to present evidence, and the right to a written decision.

(iii) Failure to appear. If an occupant fails to appear at a hearing, the Hearing Officer may make a determination
that the occupant has waived his/her right to a hearing, or may, for good cause shown, postpone the hearing for no more than 5 business days.

(iv) Proof. At the hearing, the occupant must first attempt to establish that continued assistance is appropriate; thereafter, FEMA must sustain the burden of proof in justifying that the termination is appropriate. The occupant shall have the right to present evidence and arguments in support of his/her complaint, to disprove evidence relied on by FEMA, and to confront in a reasonable manner and cross-examine all witnesses on whose testimony or information FEMA relies. The hearing shall be conducted by the Hearing Officer and any evidence pertinent to the facts and issues raised may be received without regard to its admissibility under rules of evidence employed in formal judicial proceedings.

(6) Decision. The decision of the Hearing Officer shall be based solely upon applicable Federal and State law, and FEMA regulations and requirements promulgated thereunder. The Hearing Officer shall prepare a written decision setting forth a statement of findings and conclusions together with the reasons therefore, concerning all material issues raised by the complainant within five business days after the hearing. The decision of the Hearing Officer shall be binding on FEMA which shall take all actions necessary to carry out the decision or refrain from any actions prohibited by the decision, unless the FEMA Regional Director determines and notifies the complainant in writing within 30 days, or such additional time as FEMA may for good cause allow, that the decision of the Hearing Officer is not supportable.

(i) If the determination is to evict, the decision shall include a notice to the occupant that he/she must vacate the premises within three days of receipt of the written notice or on the termination, as required in paragraph (b) of this section, whichever is later. If the occupant does not quit the premises, appropriate action shall be taken and, if suit is brought, the occupant may be required to pay court costs and attorney fees.

(ii) If the determination is to terminate financial assistance, such assistance shall be terminated in accordance with the original notice given pursuant to paragraph (b)(1) of this section. If the occupant is required to give a specific number of days notice to the landlord which exceeds the number of days in the termination notice, the Regional Director, may approve the payment of rent for this period of time if requested by the occupant.

§ 220.17 Cost sharing.

State cost sharing, during a temporary relocation, will be required when the temporary relocation is determined to be a remedial action. The cost sharing policies are outlined in the Superfund Cost Share Eligibility Criteria for Permanent and Temporary Relocation, 44 CFR part 222.

§ 220.18 State administration of temporary relocation assistance.

When administering this program, the State must comply with FEMA regulations and policies. The State shall maintain adequate documentation to enable analysis of the program in accordance with regulations, manuals, handbooks and guidance.

(a) Site specific plan. When it is agreed that a State will administer all or part of temporary relocation activity, the State must submit a site-specific Temporary Relocation Assistance Plan for approval by the Regional Director or official designee within seven days of the signing of the FEMA/State Cooperative Agreement. This plan shall include the items listed below, as appropriate:

(1) Budget and estimated outlay schedule, and allocation advice;
(2) Time frames within which tasks will be completed;
(3) Assignment of relocation responsibilities to State and/or local officials or agencies;
(4) Method for notifying affected residents and taking applications;
(5) Method for developing fair market rent guidelines;
(6) Requirement for developing fair market rent guidelines;
(7) Amount of food subsidy and the method for development of same;
(8) Policy for paying utility subsidy and/or connection costs;
Federal Emergency Management Agency § 221.1

(9) Method for providing site security;
(10) Method for payment for acquisition of contaminated personal property, when required by FEMA;
(11) Termination procedures;
(12) Contracting procedures;
(13) Quality control procedures;
(14) Documentation and control system provisions; and
(15) Arrangements for program review.

(Approved by the Office of Management and Budget under OMB Control Number 3067-0356)

(b) Authorized costs. All expenditures associated with administering the relocation activity are authorized if in compliance with this part, applicable FEMA/State Cooperative Agreements, OMB Circular A–87 Revised, Costs Principles for State and Local Governments (46 FR 9548), OMB Circular A–102 Revised and FEMA regulations on Uniform Administrative Requirements for Grants and Cooperative Agreements (44 CFR part 13), and other FEMA regulations, as applicable.

(c) Federal monitoring and oversight. The Regional Director shall monitor State-administered activities since he/she remains responsible for the delivery of Temporary Relocation Assistance. In addition, policy guidance and interpretations to meet specific needs of an incident shall be provided through the oversight function. As determined necessary by FEMA, monitoring and oversight functions shall include on-site program reviews.

(d) Technical assistance. The Regional Director shall provide technical assistance as necessary to support State-administered operations through training, policies and regulations and through the use of personnel for technical assistance to the State or local staff.

(e) Audits. The State shall conduct a program review of each operation. All site-specific activities are subject to Federal audit.

§ 220.19 Reports.

The Associate Director for State and Local Programs and Support and the Regional Director may require from field operations such reports, plans and evaluations as they deem necessary to carry out their responsibilities under these regulations.

Subpart F—Mobile Homes

221.14 Mobile homes.

Source: 54 FR 11951, Mar. 23, 1989, unless otherwise noted.

Subpart A—General

§ 221.1 Purpose.

This part prescribes the policies to be followed by the Federal Emergency Management Agency (FEMA), other Federal Agencies, any State, or other entity when providing permanent relocation assistance under the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (CERCLA), as amended, 42 U.S.C. 9601 et seq. also known as Superfund. This regulation is to be used in concert with the regulations which implement the
§ 221.2 Definitions.

For the purpose of this part:
(a) CERCLA or Superfund is the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended.
(b) Cooperative agreement is an agreement between FEMA and a State that outlines the roles and responsibilities of the parties in implementing a CERCLA permanent relocation project.
(c) Determination is the decision EPA makes that permanent relocation of residents, businesses, and community facilities is required under CERCLA.
(d) Disaster assistance means assistance provided as a result of major disaster declaration or emergency declaration under the Disaster Relief Act of 1974, Public Law 93-288.
(e) Fair Market Value is the price which a property will bring in a competitive and open market, the buyer and seller each acting prudently and knowledgeably. In permanent relocation programs under CERCLA, the fair market value is the value a willing buyer would have paid and a willing seller would have sold a property for the absence of hazardous material contamination.
(f) Interagency agreement is the agreement between the EPA and FEMA that identifies those property owners eligible for permanent relocation assistance, and provides funding to FEMA to cover the cost of the relocation.
(g) Lead Federal Agency is the Federal agency that has primary responsibility for coordinating a CERCLA response action.
(h) Memorandum of understanding (MOU) is the FEMA/EPA document that outlines the Agencies' responsibilities in implementing permanent and temporary relocation assistance under CERCLA.
(i) On Scene Coordinator (OSC) is the Federal official predesignated by the Lead Federal Agency to coordinate and direct Federal response.
(j) Permanent relocation assistance is the acquisition of real and/or personal property and the provision of assistance to residents, businesses and community facilities in finding, acquiring and/or renting replacement housing under CERCLA.
(k) Temporary relocation assistance is that assistance provided under FEMA Temporary Relocation Assistance Regulations, 44 CFR part 220, to those persons temporarily displaced as a result of CERCLA actions.

§ 221.3 Program intent.
The intent of the FEMA Permanent Relocation Assistance Program is to acquire real and personal property, at a fair and equitable price, and to provide relocation assistance to eligible residents, businesses, and community facilities which are displaced for public health and safety reasons in connection with a Superfund hazardous substance response action and/or to allow the EPA or its agents to conduct clean-up activities. The program is not necessarily intended to totally compensate affected parties for all expenses and losses associated with contamination of the site.

§ 221.4 Eligibility criteria.
Permanent Relocation Assistance is provided to those residents, businesses, and community facilities determined by EPA to need permanent relocation in connection with a CERCLA action.

§ 221.5 Duplication of benefits.
Otherwise eligible permanent relocation benefits shall not be provided to a relocatee if such benefits would duplicate assistance which has been or will be provided by any other governmental source. Duplication of benefits between permanent relocation and temporary relocation assistance under CERCLA, or between permanent relocation assistance and disaster assistance provided by government or private sources, is also prohibited.

§ 221.6 FEMA administration.
(a) The Associate Director (AD) for State and Local Programs and Support
(SLPS) is responsible for the permanent relocation assistance program. The AD executes Cooperative Agreements with States for implementation of the permanent relocation programs.

(b) The Assistant Associate Director (AAD) for Disaster Assistance Programs (DAP) is responsible for managing the permanent relocation assistance program and site-specific operations including:

(1) Participating with EPA in preliminary site-specific planning, review of relocation options, and in determining relocation cost projections;

(2) Negotiating interagency agreements with EPA which define the scope and funding level of permanent relocation projects;

(3) Negotiating cooperative agreement with States and other parties to address the roles and responsibilities of FEMA and other parties involved in permanent relocation programs; and

(4) Providing permanent relocation assistance.

(c) FEMA Regional Directors are responsible for the following:

(1) Referring all inquiries concerning permanent relocation actions to the Assistant Associate Director, DAP, and

(2) Providing staff support to the Assistant Associate Director, DAP.

§ 221.7 State commitments.

Permanent relocation assistance can be implemented only after the State enters into a cooperative agreement with FEMA which documents its agreements to the following:

(a) To take title to all real property in accordance with section 104(j)(2) of CERCLA, as amended;

(b) To condemn property when necessary to obtain title, unless the State is able to demonstrate that State law does not authorize such condemnations;

(c) To pay the percentage of the cost of the permanent relocation program required by section 104(c)(3) of CERCLA, as amended;

(d) To restrict the use of purchased property to those purposes determined to be acceptable by State and Federal health officials and to distribute proceeds of any subsequent sale on the same cost-share basis indicated in paragraph (c) of this section; and

(e) To coordinate all permanent relocation activities with FEMA.

§ 221.8 State administration.

States may elect to administer permanent relocation activities in lieu of FEMA administration. When a State agrees to administer all or part of the relocation activity, the State must submit a permanent relocation plan to the Assistant Associate Director, Disaster Assistance Program, State and Local Programs and Support for FEMA approval and implement the plan in accordance with these regulations and the Uniform Regulations. The plan shall include the items listed below:

(a) Identification of the State and/or local agencies assigned relocation responsibilities;

(b) A narrative defining the scope of the relocation project to include an organization and staffing plan;

(c) Budget and estimated outlay schedule;

(d) Time frames within which tasks will be accomplished; and

(e) Procedures to be used in providing assistance.

(Approved by the Office of Management and Budget under control number 3067-0156)

Subpart B—Real and Personal Property Acquisition

§ 221.9 Real property acquisition.

(a) Real property will be acquired when EPA determines acquisition is necessary under CERCLA.

(b) Real property will be acquired pursuant to 49 CFR part 24.

(c) Only real property specifically identified by EPA or the lead Federal agency by individual address or site boundaries will be acquired.

(d) The property owner must grant the government permission to conduct CERCLA related activities on his or her property before relocation assistance may be provided to the owner.

(e) Only real property located within the site boundary at the time of the formal announcement (as defined in 49 CFR part 24, subpart A, §24.2(k)) by EPA of the need for a permanent relocation, and which remains within the site boundaries at the time of closing, will be acquired.
\section*{§ 221.10 Personal property acquisition.}

Personal property acquisition will be accomplished as prescribed in 44 CFR 220.13.

\section*{Subpart C—Relocation Assistance}

\section*{§ 221.11 Relocation assistance.}

Relocation assistance will be provided to all displaced persons pursuant to 49 CFR part 24, subpart C. Additional requirements and considerations are:

(a) Those eligible for permanent relocation assistance may be required to vacate their property immediately to a temporary location because of the danger continued occupancy may pose to the health and safety of the occupants or the public.

(b) Pursuant to the requirements of Executive Order 11988 and 44 CFR part 9, persons displaced by a CERCLA action will not be relocated to areas in a floodplain unless there are not practicable alternative housing sites.

(c) Persons displaced by a CERCLA action and who permanently relocate to an area of special hazard (as defined in the Flood Disaster Protection Act of 1973, Pub. L. 93-234) will not be eligible for Federal financial assistance for acquisition or construction purposes (pursuant to section 102(a) of the Act) if they do not purchase flood insurance.

(d) Persons displaced are not eligible for assistance to relocate to special flood hazard areas of communities which do not participate in the Flood Insurance Program.

\section*{Subpart D—Payments for Moving and Related Expenses}

\section*{§ 221.12 Moving and related expenses.}

Payments for moving and related expenses will be provided as prescribed in 49 CFR part 24, subpart D.

\section*{Subpart E—Replacement Housing Payments}

\section*{§ 221.13 Replacement housing payments.}

Payments for replacement housing will be provided as prescribed in 49 CFR part 24, subpart E.

\section*{§ 221.14 Mobile homes.}

Assistance for mobile home owners and occupants will be provided as prescribed in 49 CFR part 24, subpart F.

\section*{PART 222—SUPERFUND COST SHARE ELIGIBILITY CRITERIA FOR PERMANENT AND TEMPORARY RELOCATION}

\section*{§ 222.1 Purpose.}

This part prescribes the criteria to be followed by the Federal Emergency Management Agency (FEMA), or any state acting on its behalf when implementing cost sharing under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA), as amended, also known as Superfund.

\section*{§ 222.2 Definitions.}

(a) Acceptable contributions means either cash (or its equivalent, appropriated funds) or the value of contributions of goods, facilities or services, or combinations of these, that can qualify for and meet matching share requirements.

(b) Allowable costs means those eligible, reasonable and necessary, costs which are permitted under the appropriate Federal cost principles, in accordance with FEMA policy, within the scope of the project, authorized for FEMA participation and in accordance with the requirements of 44 CFR part 220.
§ 222.5 Criteria for acceptable contributions.

(a) The value of any resources accepted as a matching share under one Federal agreement or program cannot be counted again as a contribution under another.

(b) The state seeking the match shall submit documentation sufficient for FEMA to determine that the contribution meets the following requirements. The match shall be:

(1) Necessary and reasonable for proper, cost-effective and efficient administration of the project, allocable solely thereto (subject to valid approved credit from a previous project), and except as specifically provided

Federal Emergency Management Agency

with OMB Circular A–87, Cost Principles for State and Local Governments.

(c) Cash contributions means the recipient's (state or local government) cash outlay, including the outlay of money contributed to the recipient by other public agencies, institutions, private organizations, and individuals.

(d) Cost share means that portion of the allowable project cost which is not derived from Federal assistance.

(e) Value is the cost to the state for services and facilities or goods.

§ 222.3 Program intent.

(a) This regulation is intended to provide criteria with regard to the states' allowable costs associated with the administration of temporary and permanent relocation activities under CERCLA. CERCLA section 104(c)(3), as amended, states that the state will pay or assure payment of (1) 10 per centum of the costs of the remedial action, including all future maintenance or, (2) 50 per centum (or such greater amount as the President may determine appropriate, taking into account the degree of responsibility of the state or political subdivision for the release) of any sums expended in response to a release at a facility that was operated by the state or a political subdivision thereof, either directly, or through a contractual relationship or otherwise at the time of any disposal of hazardous substances therein. The Federal Government will pay 90 per centum under (a)(1) and 50 per centum or less under (a)(2).

(b) FEMA will determine, based on policy determinations with prospective effect, applying the criteria set out in §§222.4 and 222.5, the eligibility of any matching contributions not covered by this regulation. Expenditures and other actions must be in compliance with applicable FEMA/State cooperative agreements, contracts, Uniform Relocation Assistance and Real Property Acquisition for Federal and Federally-Assisted Programs (Uniform Regulations) 44 CFR part 25; and Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (84 Stat. 1894; 42 U.S.C. 9615)

§ 222.4 Matching contributions.

Either cash and/or the value of goods, services or facilities can qualify as matching contributions. Matching contributions need not be applied at the exact time or in proportion to the obligation of the Federal funds. However, the full matching share must be obligated by the end of the project for which the Federal funds have been made available for obligation under an approved program or project.
§ 222.6 Documentation of matching contributions.

(a) The state shall maintain documentation for all items related to the relocation that it plans to use as a matching contribution. For items eligible for matching contributions, documentation of dates on which the action took place, who performed such action, the cost, and specific work performed shall be sufficient.

(b) When items are not specifically on the list of General Eligible Costs, §222.7 of this part) the following shall be required in addition to the documentation in paragraph (a) of this section: Sufficient supporting documentation detailing the type of work eligible, and justification to the relocation activity.

(c) The state shall also comply with the following requirements for all matching contributions:

1. The state is responsible for maintaining records of the match and providing the documentation by eligible category when requested by FEMA or its agent.

2. The basis by which the state determines the value of the match must be documented and a copy retained as part of the official record. State matching share records are subject to audit inspections in the same manner and to the same extent as records dealing with the receipt and disposition of Federal funding.

3. These records shall become property of FEMA following completion of the project or, at FEMA’s request, shall be retained by the state for a period of ten years.

(Approved by the Office of Management and Budget under Control Number 3067-0184)

§ 222.7 General eligible costs.

Subject to the provision of section 104(c)(5) of CERCLA, as amended, the following is a list of eligible expenditures. When items do not appear on the list they will be considered on a case-by-case basis for policy determinations, based on the criteria set forth in §222.5. All costs must be reasonable.

(a) Direct and indirect salaries or wages (including overtime) of employees hired specifically for the permanent or temporary relocation when engaged in the performance of eligible work for the permanent or temporary relocation.

(b) Direct and indirect salaries or wages (including overtime) of state employees whose duties change, when they are engaged in the performance of eligible work for the permanent or temporary relocation.

(c) Regular salaries or wages of regularly employed police and fire personnel when they are engaged in the performance of work for the permanent or temporary relocation.

(d) Reasonable costs for work performed by private contractors on eligible projects contracted for by the state.

(e) Audit costs for the relocation activity.

(f) Costs for providing site security.

(g) Travel costs and per diem costs of state employees not to exceed the actual subsistence expense basis for the permanent or temporary activity.

(h) Costs for rental of protective gear and costs for protective gear reasonably lost, worn out or destroyed when used in performing work directly related to the permanent relocation activity and fully documented. Protective gear may be purchased if it cannot be rented more cheaply.
(i) Only costs for the control of vectors which exceed the average cost included for same during the previous three years, when such controls are in the public interest.

(j) Costs for providing permanent relocation assistance and real property acquisition when in accordance with Public Law 91-646, the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (84 Stat. 1894; 42 U.S.C. 9615) and FEMA regulations and criteria issued pursuant thereto. These costs include:

(1) Costs for exercising the power of eminent domain to obtain real property interest;

(2) Costs for the filing and recording of deeds in the recorder’s office;

(3) Costs for the review of all sales contracts, title insurance commitments and deeds regarding the conveyance of real property interests prior to the purchase of such real property interests; and

(4) Costs for the development and implementation of a property acquisition and permanent relocation assistance program. These include, but are not limited to the following costs:

(i) Development of a permanent relocation analysis;

(ii) Development and implementation of a community relations program;

(iii) Title searches and appraisals for property within the boundaries of the project;

(iv) A relocation assistance advisory program;

(v) Title reviews, settlements and closings associated with properties located within boundaries of the project;

(vi) The preparation of offers of compensation;

(vii) Acquisition of properties;

(viii) Costs for administrative settlements;

(ix) Costs for relocation assistance; and

(x) Costs for replacement housing payments.

(k) Costs for providing temporary relocation assistance in accordance with FEMA policies which include: Negotiating leases, rent reimbursements, moving expenses, essential utility costs at original residence, food subsidy during transient accommodations, rental of essential furniture, and kennel costs.

§ 222.8 Ineligible costs.

(a) Regular salaries or wages of state employees, other than police or fire personnel, whose duties do not change or are not directly associated with the permanent or temporary relocation are ineligible.

(b) Replacement of revenue lost as a result of contamination in the project area are not eligible.

(c) Costs associated with potential litigation as a result of the states’ pursuit and recovery of the states’ cost share.

§ 222.9 Appeals.

(a) The Assistant Associate Director, Disaster Assistance Programs, State and Local Programs and Support, shall be responsible for making all policy determinations regarding Superfund cost-sharing eligibility for permanent and temporary relocation. The allowability of matching contributions, particularly those not covered in this regulation, will also be determined by the Assistant Associate Director.

(b) Appeals from the determinations of the Assistant Associate Director may be made to the Associate Director, State and Local Programs and Support.

PARTS 223-299 [RESERVED]
PART 300—DISASTER PREPAREDNESS ASSISTANCE

Sec. 300.1 Definitions.
300.2 Technical assistance.
300.3 Financial assistance.

Source: 45 FR 13464, Feb. 29, 1980, unless otherwise noted.

§ 300.1 Definitions.

As used in this part:
(b) Disaster assistance plans means those plans which identify tasks needed to deliver disaster assistance and to avoid, reduce, or mitigate natural hazards; make assignments to execute those tasks; reflect State authorities for executing disaster assignments; and provide for adequate training of personnel in their disaster or mitigation assignments.
(c) Mitigation means the process of systematically evaluating the nature and extent of vulnerability to the effects of natural hazards present in society and planning and carrying out actions to minimize future vulnerability to those hazards to the greatest extent practicable.
(d) State means any State of the United States, the District of Columbia, Puerto Rico, the Virgin Islands, Guam, American Samoa, Commonwealth of the Northern Mariana Islands, the Trust Territory of the Pacific Islands, the Federated States of Micronesia, or the Republic of the Marshall Islands.

[54 FR 2128, Jan. 19, 1989]

§ 300.2 Technical assistance.

Requests for technical assistance under section 201(b) of the Act shall be made by the Governor or his/her designated representative to the Regional Director.

(a) The request for technical assistance shall indicate as specifically as possible the objectives, nature, and duration of the requested assistance; the recipient agency or organization within the State; the State official responsible for utilizing such assistance; the manner in which such assistance is to be utilized; and any other information needed for a full understanding of the need for such requested assistance.

(b) The request for assistance requires participation by the State in the technical assistance process. As part of its request for such assistance, the State shall agree to facilitate coordination among FEMA, local governments, State agencies and the businesses and industries in need of assistance in the areas of disaster preparedness and mitigation.

[54 FR 2129, Jan. 19, 1989]

§ 300.3 Financial assistance.

(a) The Regional Director may provide to States upon written request by the State Governor or an authorized representative, an annual improvement grant up to $50,000, but not to exceed 50 percent of eligible costs, except where separate legislation requires or permits a waiver of the State's matching share, e.g., with respect to "insular areas", as that term is defined at 48 U.S.C. 1469a(d). The non-Federal share in all cases may exceed the Federal share.

(b) The improvement grant shall be product-oriented; that is, it must produce something measurable in a way that determines specific results, to substantiate compliance with the grant workplan objectives and to evidence contribution to the State's disaster capability. The following list, which is neither exhaustive nor ranked in priority order, offers examples of eligible products under the Disaster Preparedness Improvement Grant Program:

(1) Evaluations of natural hazards and development of the programs and actions required to mitigate such hazards;

(2) Hazard mitigation activities, including development of predisaster natural hazard mitigation plans, policies, programs and strategies for State-level multi-hazard mitigation;
Federal Emergency Management Agency

§ 301.2

(3) Updates to State disaster assistance plans, including plans for the Individual and Family Grant (IFG) Program, Public Assistance Program, Hazard Mitigation Grant Program, Disaster Application Center operations, damage assessment, etc.;

(4) Handbooks to implement State disaster assistance program activities;

(5) Exercise materials (EXPLAN, scenario, injects, etc.) to test and exercise procedures for State efforts in disaster response, including provision of individual and public assistance;

(6) Standard operating procedures for individual State agencies to execute disaster responsibilities for IFG, crisis counseling, mass care or other functional responsibilities;

(7) Training for State employees in their responsibilities under the State’s disaster assistance plan;

(8) Report of formal analysis of State enabling legislation and other authorities to ensure efficient processing by the State of applications by governmental entities and individuals for Federal disaster relief;

(9) An inventory of updated inventory of State/local critical facilities (including State/local emergency operations centers) and their proximity to identified hazard areas;

(10) A tracking system of critical actions (identified in postdisaster critiques) to be executed by State or local governments to improve disaster assistance capabilities or reduce vulnerability to natural hazards.

(11) Plans or procedures for dealing with disasters not receiving supplementary Federal assistance;

(12) Damage assessment plans or procedures;

(13) Procedures for search and rescue operations; and,

(14) Disaster accounting procedures.

(c) The State shall provide quarterly financial and performance reports to the Regional Director. Reporting shall be by program quarter unless otherwise agreed to by the Regional Director.

[54 FR 2129, Jan. 19, 1989]
(e) FEMA. Federal Emergency Management Agency. Where action is to be taken, this term denotes the Director or other duly authorized official(s) acting under the authority delegated.

(g) Grantee. A State, and where applicable, a political subdivision joining in the State's application, which holds a FEMA-approved project application for Federal financial assistance under section 201(i) of the act, which has not been closed out by completion or termination under FEMA procedures set forth in CPG 1-3.

(h) Materials. All materials, supplies, medicines, equipment, component parts, and technical information (including training courses) and processes necessary for civil defense.

(i) Organizational equipment. Equipment (other than materials and facilities) determined by the FEMA to be (1) necessary to a civil defense organization, as distinguished from personal equipment, and (2) of such type or nature as to require it to be financed in whole or in part by the Federal Government. It shall not be construed to include those items which the local community normally utilizes in combating local disasters except when required in unusual quantities dictated by the requirement of the civil defense plans.

(j) Program. A course of action adopted by a State (or political subdivision) in a specific civil defense area of activity.

(k) Project. A definable part of a program which is complete in itself.

(l) State. Any of the several States; the District of Columbia; the Commonwealth of Puerto Rico; the Government of the Northern Mariana Islands; the territories of American Samoa, Guam, and the Virgin Islands; and interstate civil defense authorities established by interstate compact pursuant to section 201(g) of the act.

§ 301.3 Project applications.

(a) Forms and assurances. A request for a Federal financial contribution shall be made on a FEMA-prescribed project application form conforming to the requirements of Attachment M of OMB Circular No. A-102, and, in addition to acknowledgement of the applicant's receipt of a copy of CPG 1-3 shall contain assurances of and agreement for compliance with the regulations, policies, guidelines and requirements of FEMA regulations in subchapter E, chapter I, of title 44 of the Code of Federal Regulations, CPG 1-3, OMB Circular A-87 and OMB Circular No. A-102.

(b) Scope. The project application should cover a definable civil defense purpose, complete in itself. Although explanatory information for cost estimate purposes must be detailed, applicants are to define the project in terms of civil defense measures to be undertaken rather than as a shopping list for purchase. For example, in terms of providing a civil defense warning system for a given geographical area's population, the specific number and types of sirens and other equipment expected to be required would be indicated as background information for the budget summary.

(c) Signature. The project application must be signed by an authorized official of the State and in the case of a political subdivision joining the State in its application, also by an authorized official of such political subdivision. Except as otherwise required by law, no authorized official will be required to sign the same project application more than once. However, should changes in the scope of the project, the applicable terms and conditions, or the amount of funding be requested, an authorized official representing each applicant may be required to sign the same project application on the same form as the original, but no applicant shall be required to provide information which was previously provided in the original application.

(d) Procedures. Procedures for the processing of project applications are set forth in CPG 1-3. They include provisions for informing the applicant of the basis for any rejection of its application.

(e) Deadlines. Project applications, addenda thereto, revised applications,
and requests for changes or supplements to approved grants must be timed to accommodate fiscal year limitations on the obligation of Federal funds. (See § 301.8 of this part.)

(f) Construction projects. Project applications for all grants where a major portion of the project involves construction work must be submitted on a FEMA prescribed project application form conforming to the requirements of Attachment M of OMB Circular No. A-102 pertaining to application for Federal assistance for construction programs, and the project must be carried out in accordance with the applicable requirements of FEMA regulations for federally assisted construction. Some examples of projects where a major portion normally would be considered to involve construction work are those for incorporating an emergency operating center in the construction of a new public building, the modification of a portion of an existing public building for use as an emergency operating center, the erection of antenna towers for a civil defense communications system, the erection of towers or poles for sirens for use in a civil defense warning system, and the installation of an emergency generator for civil defense use.

(g) Appeals. Upon rejection of a project application by the Regional Director, FEMA on a basis other than a lack of available funding, the applicant may appeal to the Director, FEMA, under procedures set forth in CPG 1-3.

§ 301.4 Conditions of contributions.

FEMA contributions for civil defense equipment costs are subject to the following conditions:

(a) Certification. The making of a request for a contribution shall constitute a certification by the State (and political subdivision, where applicable) that the State's matching share is available or will be available before Federal funds are disbursed; that the civil defense equipment, regarding which a contribution is requested, is needed by the applicant over and above its other-than-civil defense needs, in order to meet its requirements under civil defense operational plans approved by FEMA (local plans are approved as part of the State plans); and that the State (and political subdivision, where applicable) will comply with the policies, guidelines and requirements contained in the Assurances section of the project application, including without limitation, FEMA regulations (Code of Federal Regulations, title 44, chapter I—Federal Emergency Management Agency, subchapter E) and with criteria and procedures set forth in CPG 1-3.

(b) Standards and specifications. Civil defense equipment procured by the State (or political subdivision) must meet such FEMA-prescribed minimum standards and specifications as are set forth in CPG 1-3 or other FEMA guidance material referenced therein. Application of such standards and specifications to unique installation or uses of equipment shall be as determined by FEMA following receipt of full information in accordance with procedures set forth in CPG 1-3.

(c) Financial management—(1) System. Grantees shall establish and maintain a financial management system in conformity with the standards set forth in CPG 1-3 as required by Attachment G of OMB Circular No. A–102.

(2) Reporting. Grantees shall comply with the uniform financial reporting requirements set forth in section 2 of Chapter 3 of CPG 1-3, as required by Attachment H of OMB Circular No. A–102.

(d) Property management—(1) Standards. Grantees shall comply with the standards set forth in CPG 1-3, as required by Attachment N of OMB Circular No. A–102, governing the utilization and disposition of property which has been furnished by the Federal Government, acquired in whole or in part with Federal funds, or whose cost has been charged to a project supported by a Federal grant.

(2) Release of Federal interest. As to the requirement of CPG 1-3 (Attachment N of OMB Circular No. A–102) for payment to FEMA of an amount equal to the Federal share of its fair market value prior to disposal or other than authorized use of an item of non-expendable personal property procured
§ 301.5

by a political subdivision at a unit acquisition cost of $1,000 or more, where guaranty by the State of such payment to FEMA is not permissible under State law, the guaranty by the State, as joint applicant with its political subdivision shall be limited to an amount not to exceed the amount of the Federal contribution paid by FEMA toward procurement of the particular item of property.

(3) Use. With regard to application of the property management standards set forth in appendix D of CPG 1-3, “purpose of the grant program,” includes use for providing emergency assistance in any area of the United States which suffers a disaster other than a disaster caused by enemy attack. Detailed guidance is set forth in CPG 1-3.

(e) Monitoring and reporting program performance. Grantees shall comply with the provisions set forth in CPG 1-3, as required by OMB Circular No. A-102, regarding the monitoring and reporting of grant-supported activities and programs.

(f) Records retention and availability. Financial records, supporting documents, and all other records pertinent to a grant shall be retained by the grantee and made available as prescribed by appendix B of CPG 1-3 in accordance with the requirements of OMB Circular No. A-102.

§ 301.6 Billing and payment.

When civil defense equipment procured by a State (or political subdivision) has been delivered to the State (or political subdivision), the FEMA, upon the receipt of proper billing, shall make payment, by check drawn against the Treasury of the United States, to the authorized official of the State or political subdivision designated by the State.

§ 301.7 Advances of Federal funds.

The State (and where appropriate, the political subdivision) shall submit their requests for advance payment on the “Request for Advance or Reimbursement” form (FEMA Form No. 1406) prescribed in Attachment H of OMB Circular No. A-102. Advances by Treasury check will be made in accordance with the provisions of Treasury Circular No. 1075 and FEMA promulgated guidance material furnished the State and political subdivision; provided, that the State (and where applicable, its political subdivision) has established a financial management system meeting the standards for fund control and accountability prescribed in Attachment G of OMB Circular No. A-102 “Standards for Grantee Financial Management Systems.”

§ 301.8 Limitations on amount and obligation of Federal funds.

(a) Federal-grantee share. The Federal contribution shall not exceed 50 percent of the total allowable cost of the civil defense equipment. The grantee’s share of such cost may be derived from any source it determines consistent with its laws; provided, however, that except as otherwise expressly provided by Federal law, no part of the grantee’s share has been or will be derived from Federal funds. No Federal contribution shall be made for the procurement of land. The value of any land contributed to the program or project shall be excluded from the computation of the grantee’s share.

(b) Fiscal year control. Federal funds are available for obligation under the program in this part on a Federal fiscal year basis (October 1 to September 30, inclusive) and cannot be used to cover obligations incurred or expenditures made by a grantee prior to the date of first availability of the appropriation otherwise remaining available for obligation. With regard to services, such as...
Federal Emergency Management Agency § 302.1

maintenance and utility services, being rendered over a continuing period of time, contributions shall be only for eligible services required to serve the civil defense needs of the grantee during the Federal fiscal year current at the time the project application is approved by FEMA.

§ 301.9 Procurement.

Grantees shall comply with the provisions of CPG 1–3, as required by OMB Circular No. A–102, regarding the procurement of supplies, equipment, construction, and other services with the assistance of Federal funds. Included, without limitation, is a provision that, with certain specified exceptions, formal advertising, with adequate purchase description, sealed bids, and public openings shall be the required method of procurement. Where such advertised bids are obtained, the awards shall be made to the responsible bidder whose bid is responsive to the invitation and is most advantageous to the grantee, price and other factors considered and FEMA’s contribution will be limited to its share of the allowable costs under such lowest acceptable bid.

§ 301.10 [Reserved]

§ 301.11 Compliance.

(a) The State (or political subdivision) must be prepared to furnish the FEMA, upon its request, with proper documentation that there has been compliance with the requirements of the regulations in this part and the related procedures and criteria prescribed in CPG 1–3 in connection with its procurement of any item of civil defense equipment and its request and receipt of a Federal contribution therefor.

(b) Where, after reasonable notice to the State and opportunity for hearing in accordance with part 303 of this chapter, the FEMA finds that the State (or political subdivision) has failed or is failing to expend funds in accordance with the requirements of the Act or the terms and conditions of the regulations in this part, the FEMA may withhold payments of any financial contributions to such State, due or to become due.

PART 302—CIVIL DEFENSE-STATE AND LOCAL EMERGENCY MANAGEMENT ASSISTANCE PROGRAM (EMA)

Sec.
302.1 Purpose.
302.2 Definitions.
302.3 Documentation of eligibility.
302.4 Merit personnel systems.
302.5 Allocations and reallocations.
302.6 Fiscal year limitation.
302.7 Use of funds, materials, supplies, equipment, and personnel.
302.8 Waiver of ‘‘single’’ State agency requirements.

SOURCE: 48 FR 44211, Sept. 28, 1983, unless otherwise noted.

§ 302.1 Purpose.

(a) The regulations in this part prescribe the requirements applicable to the Emergency Management Assistance (EMA) program for Federal financial contributions to the States, and through the States to their political subdivisions, for up to one half of the necessary and essential State and local civil defense personnel and administrative expenses, under section 205 of the Federal Civil Defense Act of 1950, as amended, and set forth the conditions under which such contributions will be made.

(b) The intent of this program is to increase civil defense operational capability at the State and local levels of government by providing Federal financial assistance so that personnel and other resources can be made available for essential planning and other administrative functions and activities required in order to accomplish this objective.

527
§ 302.2 Definitions.

Except as otherwise stated or clearly apparent by context, the definitions ascribed in this section to each of the listed terms shall constitute their meaning when used in the regulations in this part. Terms not defined in this part shall have the meaning set forth in their definition, if any, in the Federal Civil Defense Act of 1950, as amended.

(b) Administrative expenses. Necessary and essential expenses, other than personnel expenses as defined in this section, of a grantee and its subgrantees incurred in the administration of their civil defense programs, as detailed in CPG 1-3, Federal Assistance Handbook, and in CPG 1-32, FEMA Financial Assistance Guidelines.

(c) Annual submission. The State's annual request for participation in the contributions program authorized by section 205 of the Act. As specified in CPG 1-3, it includes staffing patterns (including job description changes), budget requirements, and any amendments to the State administrative plan, a request for funds covering the State and its subgrantees and program statements of work for the grantee and subgrantees under the Comprehensive Cooperative Agreement.

(d) Approval. All approvals by the Federal Emergency Management Agency (FEMA) as grantor agency required under the regulations in this part mean prior approval in writing signed by an authorized FEMA official. When failure to obtain prior approval of an action has not resulted and is not expected to result in any failure of compliance with a substantive requirement, and approval after the fact is not contrary to law (or regulation having the effect of law), written approval after the fact may be granted at the discretion of the authorized official.

(e) CPG 1-3 Civil Preparedness Guide entitled “Federal Assistance Handbook,” which sets forth detailed guidance on procedures that a State and, where applicable, its political subdivisions must follow in order to request financial assistance from the grantor agency. It also sets forth detailed requirements, terms, and conditions upon which financial assistance is granted under these regulations. Included are amendments by numbered changes. References to CPG 1-3 include provisions of any other volumes of the CPG series specifically referenced in CPG 1-3. Copies of the Civil Preparedness Guides and the Civil Preparedness Circulars may be ordered by FEMA Regional Offices using FEMA Form 60-8 transmitted to FEMA, P.O. Box 8181, Washington, DC, 20024. One or more copies of CPG 1-3 have been distributed to each State and to each local government participating in the program under the regulations in this part. Copies of revisions and amendments are distributed to participating governments (addressed to the Emergency Management Coordinator) upon issuance.

(f) Comprehensive Cooperative Agreement (CCA). Provides for each State a single vehicle for applying for and receiving financial assistance for several discrete FEMA programs and for organizing and reporting on emergency management objectives and accomplishments, particularly under the funded programs.

(g) Emergency management. Refers to the activities and measures undertaken by a State, or one of its political subdivisions, to manage a “civil defense program” as defined and provided for by the Federal Civil Defense Act of 1950, as amended, including without limitation Title V, added by Public Law 96-342, and section 207, added by Public Law 97-86. Title V calls for an improved civil defense program that includes:

(1) A program structure for the resources to be used for attack-related civil defense; (2) a program structure for the resources to be used for disaster-related civil defense; and (3) criteria and procedures under which those resources planned for attack-related civil defense and those planned for disaster-related civil defense can be used interchangeably. Thus, emergency management includes “civil defense” for and operations in either attack-related or disaster-related emergencies. Section 207 allows Federal Civil Defense Act funds to be used for disaster preparedness and response if such use...
Federal Emergency Management Agency § 302.2

"is consistent with, contributes to, and does not detract from attack-related civil defense preparedness." Also 44 CFR part 312, Use of Civil Defense Personnel, Materials, and Facilities for Natural Disaster Purposes, provides terms and conditions for such use.

(h) Director. The head of the grantor agency or another official of the Agency authorized in writing by the Director to act officially on behalf of the Director.

(i) Forms prescribed by the grantor agency. Forms prescribed by the grantor agency are identified in CPG 1-3 and may be ordered by FEMA Regional Offices using FEMA Form 60-8 transmitted to FEMA, P.O. Box 8181, Washington, DC, 20024.

(j) Grantee. A State that has received EMA funds as a result of having a State administrative plan, a statement of work, and an annual submission, all approved by the grantor agency as meeting the requirements prescribed in this part and in CPG 1-3 for necessary and essential State and local civil defense personnel and administrative expenses for a current Federal fiscal year.

(l) Interstate civil defense authority. Any civil defense authority established by interstate compact pursuant to section 201(g) of the Act.

(m) Necessary and essential civil defense expenses. Necessary and essential civil defense expenses are those required for the proper and efficient administration of the civil defense program of a grantee or a subgrantee as described in a State administrative plan and statement of work approved by the Regional Director as being consistent with the national plan (i.e., program) for civil defense and as meeting other requirements for civil defense prescribed by or under provisions of the Act.

(n) OMB Circular A-87, "Cost Principles Applicable to Grants and Contracts with State and Local Governments," promulgated by the Office of Management and Budget, Executive Office of the President (46 FR 5638) and subsequent amendments or revisions. (See CPG 1-32, Financial Assistance Guidelines).

(p) Emergency Operations Plan (EOP). State or local government Emergency Operations Plans identify the available personnel, equipment, facilities, supplies, and other resources in the jurisdiction and states the method or scheme for coordinated actions to be taken by individuals and government services in the event of natural, man-made and attack-related disasters.

(q) Personnel expenses. Necessary and essential civil defense expenses for personnel on the approved staffing pattern of a grantee or subgrantee (including but not necessarily limited to salaries, wages, and supplementary compensation and fringe benefits) for such employees appointed in accordance with State and local government laws and regulations under a system which meets Federal merit system and other applicable Federal requirements. Such expenses must be supported by job descriptions, payrolls, time distribution records, and other documentation as detailed in CPG 1-3. Personnel compensation and other costs incurred with regard to employees who are not on the civil defense staff but whose work serves the civil defense agency (e.g., State's budget and accounting office) may be charged as civil defense expense to the extent covered therefore in a federally approved indirect cost allocation plan.

(r) Political subdivisions. Local governments, including but not limited to cities, towns, incorporated communities, counties or parishes, and townships.

(s) Regional Director. A FEMA official delegated authority to exercise specified functions as they apply to grantees and subgrantees, within the geographical area of a particular region as identified (including address) in 44 CFR part 2.
§ 302.3 Documentation of eligibility.

In order to remain eligible for Federal financial contributions under the regulations in this part, each State must have on file with FEMA a current State administrative plan, an emergency operations plan for civil defense, and an annual submission (including a statement of work) which have been approved by the Regional Director as being consistent with the national plan (i.e., program) for civil defense and as meeting the requirements of the regulations in this part and CPG 1-3. A State may allocate a portion of its EMA funds to an Indian tribe as a subgrantee where the State has assumed jurisdiction pursuant to State law and tribal regulations.

(a) State administrative plans. Every State has a State administrative plan on file with FEMA and is required to keep the plan current through amendments as necessary. Such plans and amendments shall be reviewed by the Regional Director, who will advise the State in writing as to the effect, if any, changes will have on the continued eligibility of the State and its subgrantees. The Regional Director shall not, however, approve any amendments that would result in failure of the plan to meet these criteria:

(1) Provides for and is, pursuant to State law, in effect in all political subdivisions of the State, mandatory on them, and, unless waived by the Director under section 204 of the Intergovernmental Cooperation Act of 1968 (42 U.S.C. 4214), administered or supervised by a single State administrative agency. In demonstrating that the State administrative plan for civil defense is in effect in all political subdivisions of the State and mandatory on them, the plan shall contain references to the applicable State statutes and local ordinances, executive orders and directives, and rules and regulations at the State and local level that establish the civil defense authority, structure, plans, and procedures, including those relating to emergency operations, throughout the State.

(b) Statement of work. Formal identification of specific actions to be accomplished by a State and its political subdivisions during the fiscal year for which Federal funds are being requested by the State. Submission is made to the FEMA Regional Director as part of the CCA Program Narrative.

(c) Subgrantee. A political subdivision of a State listed in the State's annual submission (or amendments thereto) as approved by the grantor agency (including any grantor agency-approved amendments thereto) as eligible to receive a portion of the Federal financial contribution provided for use within the State. The term includes Indian tribes when the State has assumed jurisdiction pursuant to State law and tribal regulations.

but not from another Federal source unless Federal law specifically authorizes the use of funds from such Federal source as part of the State's share.

(3) Provides for the development of State and local government civil defense emergency operations plans pursuant to the standards approved by the Director.

(4) Provides for the employment by the State of full-time civil defense director or deputy director.

(5) Provides for the establishment and maintenance of methods of personnel administration in public agencies administering or supervising the civil defense program, at both the State and local government levels, in conformity with the Standards for a Merit System of Personnel Administration (5 CFR part 900), which incorporate the Intergovernmental Personnel Act Merit Principles (Pub. L. 91-648, section 2, 84 Stat. 1908) prescribed by the Office of Personnel Management pursuant to section 208 of the Intergovernmental Personnel Act of 1970, as amended.

(6) Provides for the establishment of safeguards to prohibit State and local government employees from using their positions for a purpose that is or gives the appearance of being motivated by desire for private gain for themselves or others, particularly those with whom they have family, business, or other ties.

(7) Provides that the State shall make such reports (including without limitation financial reports) in such form and content as the Director may require.

(8) Provides that the State and all subgrantees shall retain, in accordance with OMB Circular A-102, and make available to duly authorized representatives of the Director and the U.S. Comptroller General all books, records, and papers pertinent to the grant program for the purpose of making audits, examinations, excerpts, and transcripts necessary to conduct audits.

(9) Provides for establishment and maintenance of a financial management system of grant-supported activities of the State and all subgrantees which meets the federally prescribed standards promulgated in “Standards for Grantee Financial Management Systems,” Attachment G of OMB Circular A-102.

(10) Provides for establishment and maintenance of procedures for monitoring and reporting grant program and project performance of the State and its subgrantees which meet the federally prescribed standards set forth in Attachment I of OMB Circular A-102.

(11) Provides for the establishment and maintenance at the State level and by subgrantees of property management systems in accordance with the federally prescribed standards set forth in Attachment N of OMB Circular A-102.

(12) Provides for the establishment and maintenance at the State level and by subgrantees of systems for the procurement of supplies, equipment, construction, and other services, with the assistance of grant funds, in accordance with federally prescribed standards set forth in Attachment O of OMB Circular A-102.

(13) Provides for disbursement of the appropriate share of the Federal grant to the State's subgrantees in accordance with requirements detailed in CPG 1-3.

(14) Provides for the State's supervision and review of the civil defense plans, programs, and operations of its subgrantees to obtain conformity and compliance with Federal requirements and goals set forth or referenced in the regulations in this part and as detailed in CPG 1-3.

(15) Contains a Statement of Compliance with grantor agency regulations relating to nondiscrimination in FEMA programs (see 44 CFR part 7).

(16) Provides for timely submission to the appropriate Regional Director of amendments to the administrative plan as necessary to reflect the current laws, regulation, criteria, plans, methods, practices, and procedures for administration of the State's civil defense program and those of its subgrantees.

(17) Conforms to other Federal standards and requirements set forth or referenced in the regulations in this part and as detailed in CPG 1-3.

(18) Provides for performance of independent organizationwide audits by
State and local governments that receive EMA funds of their financial operations, including compliance with certain provisions of Federal law and regulation.

(b) Emergency Operations Plans (EOP's). (1) Each participating State shall have an EOP approved by the Regional Director and conforming with the requirements for plan content set forth in this part and in CPG 1-3, and in CPG 1-8A “Guide for the Development of State and Local Emergency Operations Plans” and in CPG 1-8B, “Guide for the Review of State and Local Emergency Operations Plans,” which plan must provide for coordinated actions to be undertaken throughout the State in the event of attack and in the event of other disasters.

(2) Each subgrantee jurisdiction shall have a local EOP which conforms with the requirements for plan content as set forth in CPG 1-3 and CPG 1-8 and CPG 1-8A, and which has been approved by the local chief executive or other authorized official and accepted by the Governor or other authorized State official as being consistent with the State’s EOP.

(c) Annual submission. Each State should include in its annual CCA application the amount of EMA funding requested (see §302.5(c)). In order to participate for a particular Federal fiscal year, however, each State must also, within 60 days of receipt or notice of a formal allocation made pursuant to the criteria set forth in §302.5 and in accordance with procedures and criteria specified in CPG 1-3, submit to the Regional Director an approvable annual submission which includes:

(1) A request or amended request for a financial contribution from FEMA in a specified amount for civil defense personnel and administrative expenses; (see §302.5(d) through (h)).

(2) Unless previously submitted for the particular Federal fiscal year, a statement of work for the State and proposed subgrantees or amendments to a statement of work previously submitted under the CCA.

(3) Staffing patterns (including new or revised job descriptions not previously submitted) on forms prescribed by FEMA for the civil defense organizations of the State and proposed subgrantees; and

(4) Any amendments to the State administrative plan required to reflect current status.

(d) Approval of State administrative plan and annual submission. If the State administrative plan and the annual submission are determined to be approvable, the Regional Director will so notify the State in writing. The State administrative plan is a one-time submission. Unless amendments are necessary to meet Federal standards prescribed in the regulations in this part or in CPG 1-3 or to reflect changes in the State’s administrative structure, procedures, criteria, or activities, or unless a portion were conditionally approved by the Regional Director as provided for in paragraph (e) of this section, no approval regarding the State administrative plan will be required for a State which participated for the preceding Federal fiscal year.

(e) Agreement for contribution. Approval pursuant to procedures and criteria described in this part and in CPG 1-3 of an annual submission of a State whose administrative plan is approved and current shall constitute agreement between FEMA and the State as grantee for its participation and that of its subgrantees in this program during the Federal fiscal year covered by the approved annual submission on the basis of the requirements and conditions prescribed in this part, in CPG 1-3, and in other federally promulgated criteria referenced in this part. Refusal or failure to comply with such requirements and conditions may result in the grantee for its participation and that of its subgrantees in this program during the Federal fiscal year covered by the approved annual submission on the basis of the requirements and conditions prescribed in this part, in CPG 1-3, and in other federally promulgated criteria referenced in this part. Refusal or failure to comply with such requirements and conditions may result in the grantee or subgrantee until satisfactory assurance of future compliance has been received.

(f) Disapproval or conditional approval. If a State’s administrative plan or annual submission is disapproved, the Regional Director will advise the State in writing, including the reasons for such disapproval and the revisions required for approval. The State shall have 30 days from date of such notification in which to submit its revisions. In the event more time is required in which to
place the revisions into effect, the Regional Director may conditionally approve the State administrative plan or annual submission subject to the specified conditions to be met within a specified time, as agreed by the State and FEMA.

(g) Appeals. (1) Appeal from a Regional Director's disapproval of a State administrative plan or an annual submission may be made by letter to the Associate Director, State and Local Programs and Support (FEMA), signed by an authorized State official and submitted through the Regional Director. Such appeal letter shall be mailed or otherwise transmitted so as to reach the Regional Director within 30 days after receipt of the notification of disapproval. Failure to file its appeal on time may result in withdrawal of the State's allocation and the proposed funding being reallocated by the Director.

(2) A local jurisdiction that regards the final action on its subgrant made by a State as unjustified under the criteria in CPG 1-3 may submit an appeal through the State to the Regional Director. Upon receipt of such an appeal, the Regional Director shall forward the letter, together with all available pertinent documentation from the Regional Director's files and any additional documentation submitted by the local jurisdiction in support of its appeal, to the Associate Director, State and Local Programs and Support, for review and determination. The appeal shall contain all of the exceptions being taken by the State or local jurisdiction, and no exceptions will be determined piecemeal.

(3) No portion of the appellant State's allocation shall be reallocated by FEMA, and no portion of a local jurisdiction's allocation shall be reallocated by the State, pending determination of its appeal by the Director. The State and local jurisdiction (if applicable) will be notified in writing of the Director's decision, including a statement of the reasons therefor.

(Approved by Office of Management and Budget under control number 3067-0138)

§ 302.5 Allocations and reallocations.

(a) The Director shall allocate the entire amount of funds available for the purposes of this program from the appropriation for each fiscal year. The allocation made to each State represents the total amount of funds available to pay the Federal share of necessary and essential civil defense personnel and administrative expenses of the State and its participating subdivisions during the fiscal year.

(b) The first calculation for developing the allocation for each State will be a formula distribution in accordance with section 205(d) of the Act, made by applying the following percentages to

Federal Emergency Management Agency

§ 302.4 Merit personnel systems.

(a) Background. Section 208 of the Intergovernmental Personnel Act, as amended (42 U.S.C. 4728) authorizes Federal agencies to require, as a condition of participation in Federal assistance programs, systems of personnel administration consistent with personnel standards prescribed by the Office of Personnel Management (OPM). OPM has promulgated Standards for a System of Personnel Administration (5 CFR part 900) which prescribe intergovernmental personnel standards on a merit basis as a condition of eligibility in the administration of grant programs. OPM has approved FEMA adoption of these standards by the regulations in this part.

(b) Standard. Participation by each grantee and each subgrantee under the program covered in this part is subject to compliance with the following conditions regarding merit personnel systems:

Methods of personnel administration will be established and maintained in public agencies administering or supervising the administration of the civil defense program in conformity with the Standards for a Merit System of Personnel Administration 5 CFR part 900, which incorporate the Intergovernmental Personnel Act Merit Principles (Pub. L. 91-648, section 2, 84 Stat. 1909) prescribed by the Office of Personnel Management pursuant to section 208 of the Intergovernmental Personnel Act of 1970 as amended.

Section 302.3(a)(5) of this part provides, in part, that State administrative plans that fail to provide for fulfilling this condition are not approvable.

§ 302.5 Allocations and reallocations.

(a) The Director shall allocate the entire amount of funds available for the purposes of this program from the appropriation for each fiscal year. The allocation made to each State represents the total amount of funds available to pay the Federal share of necessary and essential civil defense personnel and administrative expenses of the State and its participating subdivisions during the fiscal year.

(b) The first calculation for developing the allocation for each State will be a formula distribution in accordance with section 205(d) of the Act, made by applying the following percentages to

§ 302.5 Allocations and reallocations.
the total sum of Emergency Management Assistance in the President’s budget request to Congress:

(1) Fifty (50) percent will be allocated on the basis of the prior-year State allocations, in fulfillment of the statutory requirement to give due regard to “the relative state of development of civil defense readiness of the State” (State and local levels).

(2) Thirty-three (33) percent will be allocated on the basis of the ratio of the State’s population to the national population (50 States, District of Columbia, and Puerto Rico), in fulfillment of the statutory requirements to give due regard to “population” and to “the criticality of target and support areas and the areas which may be affected by natural disasters with respect to the development of the total civil defense readiness of the Nation.”

(3) Fifteen (15) percent will be divided equally among the 50 States, the District of Columbia, and Puerto Rico.

(4) In consonance with the statutory provision allowing the Director to prescribe other factors concerning the State allocations, the remaining two (2) percent will be held temporarily in reserve, to be used first to fund the four territories of the Virgin Islands, American Samoa, Guam, and the Commonwealth of the Northern Mariana Islands. Conditions peculiar to those areas make strict application of the mathematical formula in §302.5(b) inequitable. Therefore, the Director will consider prior-year allocations, percentage of total United States population, and the factors set out in §302.5(e) (1), (2), (4), and (5) in determining their allocations. The remaining balance of the reserve fund will then be used to restore any State which would receive less by formula share than its formula share for the previous fiscal year, provided that the reserve balance is sufficient to do this for all such States. Any remaining balance after this has been done will constitute a supplemental fund from which the Director will consider State requests for additional funding and the needs of any interstate civil defense authorities.

(c) For initial planning purposes only, each State will then be informed of the amount by the Regional Director. The State will base its initial EMA application upon that figure but may request a smaller amount or with appropriate justification a larger amount.

(d) The amount requested by the State shall not exceed 50 percent of its estimate of necessary and essential State and local personnel and administrative expenses for the fiscal year.

(e) The formula distribution shall be reviewed and evaluated, and adjusted as appropriate, by the Director, based on the current situation in each State, the requests of all States, and recommendations by the Regional Directors. The Director will consider the following five factors:

(1) The ability of the State and its subgrantees to effectively expend such an amount for necessary and essential civil defense personnel and administrative purposes. Past performance is a factor in this determination.

(2) Special circumstances existing in the State at the time of allocating which require unusual expenditures for civil defense.

(3) Conditions peculiar to the State which make strict application of mathematical formula inequitable either to that State or other States.

(4) The relative cost of civil defense personnel and administrative services in that State; that is, whether such costs are considerably above or below the national average for similar services and expenses.

(5) Substantial changes in the civil defense readiness of the State not reflected by its recent civil defense expenditures.

(f) In September of each year, based on applications received and recommendations by the Regional Directors, the Director will make a tentative allocation to the States. This will include adjustments for States that have indicated they will not be using the total of the formula distribution amount. States can then revise their earlier plans and applications to more nearly reflect the level of funding expected to become available.

(g) A State may provide to the Regional Director a preliminary annual submission in an amount not to exceed its tentative allocation.

(h) By September 30 (or as soon thereafter as feasible) the Director will make a formal allocation based on,
Federal Emergency Management Agency § 302.6

or subject to, appropriation by Congress and allotment of the funds. This allocation for each State may include any additional amounts from the reserve portion of the EMA funds, and shall be in accordance with the regulations in this part and CPG 1-3.

(i) Upon the appropriation becoming available, and if requested by a State, the Regional Director may approve such State's preliminary annual submission (if found to meet all requirements in this part and CPG 1-3) in an appropriate amount which does not exceed the amount of the State's share of the Director's formal allocation of the Federal appropriation. An award document obligating Federal funds on the basis of the approved preliminary annual submission may be executed in accordance with the provisions of CPG 1-3.

(j) Based on and within 60 days after notification of its formal allocation, each State must provide to the Regional Director a final annual submission which meets all requirements in this part and CPG 1-3. If no changes are necessary, a State and the Regional Director may adopt in writing the State's preliminary annual submission as its final annual submission. If no award document was executed based on a State's preliminary annual submission, such document will be executed on the basis of that State's approved final annual submission.

(k) With regard to any State whose award document was executed pursuant to a preliminary annual submission covering only part of its formal allocation, upon approval (by the Regional Director) of the final annual submission (including a revised statement of work supporting the additional funding request) the Regional Director shall execute an amended award document obligating the balance of such State's formal allocation.

(l) After being advised of its annual formal allocation, if a State fails to submit, within 60 days, an approvable annual submission in the amount of its allocation, the Regional Director may reallocate the unused portion to other States in the region in such amounts as in his/her judgment will best assure adequate development of the civil defense capability of the Nation. The exception to this authority is in the event a State, or local jurisdiction, refuses to participate in attack preparedness activities. EMA funds withheld or returned for that reason are to be released to headquarters for reallocation on a national basis. In addition, the Regional Director may from time to time reallocate the amounts released by a State from its allocation as no longer being required for utilization in accordance with an approved annual submission and award document.

(m) Immediate notice to the headquarters EMA Program Manager of State reallocations is required in the form of copies of EMA-approved Annual Submission amendment documents, accompanied by copies of assistance award/amendment documents signed by regional and State authorized officials of both the releasing and recipient States.

(n) There is no dollar ceiling on the amount of funds that may be reallocated among States in a region. However, at any time that there are funds surplus to the eligible needs of the States within a region, those funds should be promptly released to headquarters for reallocation to other States with unfunded additional requirements.

(o) On July 1 of each fiscal year, the authority to reallocate EMA funds shall revert to the Director. In addition, any excess EMA funds available on that date, or that become available during the remainder of the fiscal year, are to be promptly released to headquarters for reallocation by the Director.

§ 302.6 Fiscal year limitation.

Federal appropriations for the program covered by the regulations in this part are limited for obligation on a Federal fiscal year basis. Each annual submission (or amendment thereto) which results in a change in scope (e.g., an increase in the amount of funds other than a cost overrun) must be approved during the Federal fiscal year for which the funds to be charged were appropriated. Valid expenses incurred by a State or its subgrantee during the
§ 302.7 Use of funds, materials, supplies, equipment, and personnel.

Financial contributions provided under the authority of section 205 of the Act are provided for necessary and essential State and local civil defense personnel and administrative expenses as prescribed by the regulations in this part and the provisions of CPG 1-3, and are obligated only on the basis of documentation justifying such need.

(a) Emergencies. In addition to such civil defense use, Federal funds obligated under a grantee’s approved annual submission may be used, to the extent and under such terms and conditions as prescribed by the Director in CPG 1-3, for providing emergency assistance, including the use of civil defense personnel, organizational equipment, materials, and facilities, in preparation for and response to actual attack-related events or natural disasters (including manmade catastrophes).

(b) Limitations. Section 207 of the Act allows use of funds under the Act, including those for this program, for natural (including manmade) disaster preparedness and response purposes only to the extent that such use is consistent with, contributes to, and does not detract from attack-related preparedness (reference 44 CFR part 312).

§ 302.8 Waiver of “single” State agency requirements.

Section 205 of the Act requires that plans for civil defense of the United States be administered or supervised by a single State agency (50 U.S.C. App. 2286). Notwithstanding such law, section 204 of the Intergovernmental Cooperation Act of 1968 (42 U.S.C. 4214) provides authority for the Director as head of the grantor agency, upon the State’s request, to waive the single State agency requirement and to approve other State administrative structure or arrangements, upon adequate showing that the requirement prevents the establishment of the most effective and efficient organizational arrangements within the State government. First, however, the Director must have found that the objectives of the Act (50 U.S.C. app. 2251 et seq.) will not be endangered by the use of such other State structure or arrangements. Attachment D of OMB Circular A-102 requires that such requests be given expeditious handling by the grantor agency and that, whenever possible, an affirmative response be made.

PART 303—PROCEDURE FOR WITHHOLDING PAYMENTS FOR FINANCIAL CONTRIBUTIONS UNDER THE FEDERAL CIVIL DEFENSE ACT

Sec.
303.1 Purpose.
303.2 Definitions.
303.3 Scope.
303.4 Notice of intention to withhold payments.
303.5 Notice of hearing.
303.6 Hearings.
303.7 Withholding of payments.

Source: 40 FR 16314, Apr. 11, 1975, unless otherwise noted. Redesignated at 44 FR 56173, Sept. 28, 1979.

§ 303.1 Purpose.

The purpose of the regulation in this part is to establish, pursuant to section 401(h) of the Act, a procedure by which the Director may withhold payments of financial contributions to States or persons, or may limit such payments to specified programs or projects.

§ 303.2 Definitions.

As used herein the following terms shall have the following meanings:

(b) FEMA. Federal Emergency Management Agency.

(c) Director. Director, FEMA.

(d) State. The several States, the District of Columbia, Puerto Rico, and the Territories and possessions of the United States.
Federal Emergency Management Agency

§ 303.7

(e) Person. A political subdivision of any State, or combination or group thereof; any interstate civil defense authority established pursuant to section 201(g) of the Act, or any person, corporation, association or other entity of any nature whatsoever, including but not limited to, instrumentalities of States and political subdivisions.

§ 303.3 Scope.

(a) Section 401(h) of the Act authorizes the Director to withhold payment of any financial contribution under section 201 or section 205 of the Act to a State or a person, or to limit payments to specified programs or projects upon (1) a finding by the Director of failure by a State or person to expend funds in accordance with the regulations, terms, and conditions established under the Act for approved civil defense plans, programs or projects; and (2) notification to the State or person that certain payments for approved financial contributions will not be made until the Director determines, after notice and hearing, that there has been a failure to expend funds in accordance with the regulations, terms, and conditions established pursuant to the Act.

§ 303.4 Notice of intention to withhold payments.

(a) Whenever the Director has reason to believe that a State or person has failed to expend funds in accordance with the regulations, terms, or conditions governing a Federal financial contribution established pursuant to the Act, he shall notify the State and person, where applicable, of such fact and of his intention to withhold any further contributions or payments, or contributions or payments for specific programs or projects, unless the alleged failure is satisfactorily explained, or until he is satisfied that there is no longer such failure to comply.

(b) The notice shall specify (1) the date on which he will stop or withhold further payments; (2) the regulations, terms, or conditions which he believes have not been complied with in the expenditure of funds; and (3) the contributions or payments which he intends to withhold; and shall inform the State and person, where applicable, of the right to obtain a hearing.

(c) This notice shall be delivered by certified mail, return receipt requested.

§ 303.5 Notice of hearing.

If, within 15 days after receipt of the notice described in § 303.4, the State or person requests the Director to hold a hearing, the Director will set the matter for hearing. The Director will give the State (and person, where applicable) reasonable notice of the time and place of the hearing.

§ 303.6 Hearings.

(a) Any hearing under this part shall be held before the Director provided that, in his discretion, the Director may designate a hearing officer who will take evidence and certify, to the Director, the entire record, including recommended findings, and a proposed decision.

(b) The regulations in this part specify (1) the notice which must be given to a State or person, (2) the procedures for obtaining a hearing, and (3) the terms of the notification to the State or person that further payments will not be made if the Director determines, after notice and hearing, that there has been a failure to expend funds in accordance with the regulations, terms, and conditions established pursuant to the Act.

§ 303.7 Withholding of payments.

(a) If after the hearing, or after opportunity therefor, the Director finds that there has been a failure to expend funds in accordance with the regulations, terms, and conditions established pursuant to the Act, the Director will withhold such contributions and payments as he may consider advisable until the failure to expend funds in accordance with the regulations, terms, and conditions has been
corrected or he is satisfied that there will no longer be any such failure.

(b) If, upon the expiration of the 15 day period stated in §303.5, a hearing has not been requested, the Director may issue the finding described in paragraph (a) of this section, and thereupon withhold contributions and payments until he is satisfied that there will no longer be any failure to expend funds in accordance with regulations, terms, and conditions governing a Federal contribution for an approved program or project.

§ 304.3 Conditions for a consolidated grant.

(a) In order to participate, an insular area must submit a (one-time) administrative plan as provided for in FEMA guidance material (to be maintained in current status) and must sign a (one-time) civil rights assurance and a (one-time) grant agreement agreeing to comply with Federal requirements.

(b) An insular area need not submit an application for a consolidated grant, but must submit an annual program paper which meets the requirements prescribed in FEMA guidance material.

(c) Funds made available under a consolidated grant must be expended for State and local management program expenses and/or State and local maintenance and services program expenses as defined and described in FEMA guidance material. Each participating insular area will determine the proportion in which funds granted to it will be allocated between the two programs.

(d) Participating insular areas need not provide matching funds for consolidated grants.

§ 304.4 Allocations.

For each Federal fiscal year concerned, the Director, FEMA, shall allocate to each participating insular area an amount not less than the sum of grants for the two programs which the Director, FEMA, has determined such insular area would otherwise be entitled to receive for such fiscal year.

§ 304.5 Audits and records.

(a) Audits. FEMA will maintain adequate auditing, accounting and review procedures as outlined in FEMA guidance material and OMB Circulars No. A–73 and A–102.

(b) Records. Financial records, supporting documents, statistical records, and all other records pertinent to a consolidated grant shall be retained for
§ 306.3 Prescribed insigne.

(a) The prescribed insigne shall be the design covered under Letters Patent 129797, October 7, 1941, consisting of the “CD” symbol in bright red, centered within a white equilateral triangle superimposed upon a dark blue circle.

(b) The prescribed insigne may be reproduced in the above colors, in black and white, or in the color of the surface upon which reproduced and one other color: Provided, That if the color of the surface or the ground is orange, the triangle shall not be blue. The intent of this restriction is that this insigne shall not be confused with the international civil defense sign established in the Protocol Additional to the Geneva Conventions of 12 August 1949, and Relating to the Protection of Victims of International Armed Conflicts (Protocol I) and Annexes.

(c) Where appropriate, the name of a particular civil defense service, the
§ 306.4 Official articles.

(a) Official articles shall consist of the following articles embodying the insignia:
   (1) Arm bands.
   (2) Badges.
   (3) Hat bands.
   (4) Helmets.
   (5) Pennants, placards, plates, or stickers for aircraft, vehicles, or vessels.
   (6) Membership cards.

(b) No person shall possess, display, wear, or use an official article unless such person is authorized to do so by the Director, FEMA or by a Civil Defense Director, or by the Boy Scouts of America, together with the reproduction of such merit badge on any publication or certificate of award to be used or issued by said organization in connection therewith.

§ 306.5 Manufacture, reproduction and display of the prescribed insignia.

(a) Any individual, association or business entity may manufacture the prescribed insignia and official articles in compliance with these regulations.

(b) The prescribed insignia may be manufactured, reproduced, and displayed only:
   (1) On official articles.
   (2) On organizational equipment.
   (3) On facilities and equipment designated for emergency operational use by a Civil Defense Director.
   (4) In connection with articles or advertisements in newspapers, magazines, or other publications, or in connection with television or other public information media: Provided, Such use is not intended to discredit the Federal Emergency Management Agency or a Civil Defense Agency, or to mislead, confuse, misrepresent, defraud, or does not erroneously confer the impression of endorsement, approval, or relationship to the Federal Emergency Management Agency or a Civil Defense Agency.

(c) On the merit badge for “Emergency Preparedness” designed for and as authorized and awarded by the Boy Scouts of America, together with the reproduction of such merit badge on any publication or certificate of award to be used or issued by said organization in connection therewith.

(d) On such other items, whether official articles or not, as may be designated or approved by the Director, FEMA or by an authorized Civil Defense Director.
Federal Emergency Management Agency

§ 308.2 Definitions.

The regulations in this part are supplemental to those contained in 29 CFR part 5 and together they prescribe the labor standards applicable to construction work financed with the assistance of a contribution of Federal funds made under the provisions of section 201(i) of the Federal Civil Defense Act of 1950, as amended (50 U.S.C. App. 2281) to any State (and political subdivision thereof, where applicable). The regulations in this part, to the extent that they vary from those published in 29 CFR part 5, have been approved by the Secretary of Labor under 29 CFR part 5 to meet the particular needs of the Federal Emergency Management Agency. To assure full labor standards compliance reference should be made to the regulations contained in 29 CFR part 5 as well as those published herein.

§ 308.1 Purpose and scope.

The regulations in this part are supplemental to those contained in 29 CFR part 5 and together they prescribe the labor standards applicable to construction work financed with the assistance of a contribution of Federal funds made under the provisions of section 201(i) of the Federal Civil Defense Act of 1950, as amended (50 U.S.C. App. 2281) to any State (and political subdivision thereof, where applicable). The regulations in this part, to the extent that they vary from those published in 29 CFR part 5, have been approved by the Secretary of Labor under 29 CFR part 5 to meet the particular needs of the Federal Emergency Management Agency. To assure full labor standards compliance reference should be made to the regulations contained in 29 CFR part 5 as well as those published herein.

§ 308.2 Definitions.

Except where otherwise clearly required by the context, each of the following terms shall have the meaning defined in this section when used in the regulations in this part:

(a) Building or work. Construction activity as distinguished from manufacturing, furnishing of materials, or servicing and maintenance work; including without limitation, buildings, structures, and improvements of all types such as shelters, ramps, roadways, parking lots, tunnels, mains, power lines, pumping and generator stations, terminals, plants, rehabilitation and reactivation of plants, scaffolding, drilling, blasting, clearing, and landscaping. The manufacture or furnishing of materials, articles, supplies, or equipment is not a “building” or “work” within the meaning of the regulations in this part unless conducted in connection with and at the site of such building or work as defined hereunder.

(b) Construction. All types of work done on a particular building or work at the site thereof, including without limitation, altering, repairing, remodeling, painting, and decorating, the transporting of materials and supplies
to or from the building or work by the employees of the construction contractor or the construction subcontractor, and the manufacturing or furnishing of materials, articles, supplies or equipment on the site of the building or work by persons employed by the contractor or the subcontractor.

(c) Contract. Any contract which is entered into for actual construction, alteration, or repair, including painting and decorating, of a building or work financed with the assistance of any contribution of Federal funds made under the provisions of section 201(i) of the Federal Civil Defense Act of 1950, as amended (50 U.S.C. App. 2281).

(d) Employed. Every person paid by a contractor or subcontractor in any manner for his labor on construction work financed with the assistance of any contribution of Federal funds made under the provisions of section 201(i) of the Federal Civil Defense Act of 1950, as amended (50 U.S.C. App. 2281) is “employed” and receiving “wages,” regardless of any contractual relationship alleged to exist.

§ 308.3 Contract award requirements.

The obligations of the State, and of any political subdivision joining the State in its application for a Federal financial contribution under section 201(i) or section 205 of the Federal Civil Defense Act of 1950, as amended (50 U.S.C. App. 2281), include, without limitation, the following:

(a) The requirement that the State include, verbatim, in each contract involving construction work in excess of $2,000 and cause to be included, verbatim, in each subcontract thereunder, the provisions prescribed in § 308.4 and cause to be attached the applicable wage determination decision of the Secretary of Labor.

(b) The requirement that each advertisement of an invitation to bid shall indicate expressly that if the construction phase of the contract exceeds $2,000:

(1) All laborers and mechanics employed by contractors or subcontractors in performance of the construction work shall be paid wages at rates not less than those determined by the Secretary of Labor in accordance with the Davis-Bacon Act, as amended (40 U.S.C. 276a et seq.), and every such employee shall receive compensation at a rate not less than one and one-half times his basic rate of pay for all hours worked in excess of eight hours in any calendar day or in excess of forty hours in any work-week, as the case may be, as provided in section 201(i) of the Federal Civil Defense Act of 1950, as amended (50 U.S.C. App. 2281) and in the Contract Work Hours Standards Act (76 Stat. 357).

(2) Bid specifications shall contain the labor standards provisions prescribed in § 308.4 of this part and shall have attached thereto the wage determination decision of the Secretary of Labor applicable to the project.

§ 308.4 Contract provisions.

Each contract involving construction work in excess of $2,000 and all subcontracts thereunder shall include as a part thereof the following labor standards provisions, in completed form, verbatim:

(a) Minimum wages. (1) All mechanics and laborers employed by the contractor or subcontractor in the performance of construction work hereunder will be paid unconditionally and not less than once a week and without subsequent deduction or rebate on any account, except such payroll deductions as are permitted by the Copeland Regulations (29 CFR part 3) of the Secretary of Labor, the full amounts due at time of payment computed at wage rates not less than those contained in the wage determination decision of the Secretary of Labor which is attached here to and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor or subcontractor and such laborers or mechanics.

are considered wages paid to such laborers or mechanics, subject to the provisions of 29 CFR 5.5(a)(1)(iv). Also for the purpose of this clause, regular contributions made or costs incurred for more than a weekly period under plans, funds, or programs, but covering the particularly weekly period, are deemed to be constructively made or incurred during such weekly period.

(2) The contracting officer of the (write in the name of the State or political subdivision) shall require that any class of laborers or mechanics, including apprentices and trainees, which is not listed in the wage determination and which is to be employed under the contract, shall be classified or reclassified conformably to the wage determination, and a report of the action taken shall be sent by the State through the Federal Emergency Management Agency to the Secretary of Labor. In the event the interested parties cannot agree on the proper classification or reclassification of a particular class of laborers and mechanics, including apprentices and trainees, to be used, the question accompanied by the recommendation of the contracting officer of the (write in the name of the State or political subdivision) shall be referred by the State through the Federal Emergency Management Agency to the Secretary of Labor for final determination.

(3) The contracting officer of the (write in the name of the State or political subdivision) shall require, whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly wage rate and the contractor is obligated to pay a cash equivalent of such a fringe benefit, an hourly cash equivalent thereof to be established. In the event the interested parties cannot agree upon a cash equivalent of the fringe benefit, the question accompanied by the recommendation of the contracting officer of the (write in the name of the State or political subdivision) shall be referred by the State through the Federal Emergency Management Agency to the Secretary of Labor for determination.

(4) If the contractor does not make payments to a trustee or other third person, he may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing benefits under a plan or program of a type expressly listed in the wage determination decision of the Secretary of Labor which is a part of this contract. Provided, however, The Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(b) Overtime requirements. (As used in this clause, the terms “laborers” and “mechanics” include watchmen and guards.) No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any laborer or mechanic to be employed on such work in excess of 8 hours in any calendar day or in excess of 40 hours in any workweek unless such laborer or mechanic receives compensation at a rate of not less than 1 1/2 times his basic rate of pay for all hours worked in excess of 8 hours in any such calendar day or in excess of 40 hours in any such workweek, as the case may be.

(c) Violations; liability for unpaid wages; liquidated damages. In the event of any violation of paragraph (a) or (b) of this section the contractor and any subcontractor responsible therefor shall be liable to any affected employee for his unpaid wages. In addition, in the event of any violation of paragraph (b) of this section, such contractor and subcontractor shall be liable to the United States (in the case of work under contract for the District of Columbia or a territory, to such District or to such territory) for liquidated damages. Such liquidated damages shall be computed, with respect to each individual laborer or mechanic (including watchmen and guards) employed in violation of paragraph (b) of this section, in the sum of $10 for each calendar day on which such employee was required or permitted to work in excess of 8 hours or in excess of the standard workweek of 40 hours without payment.
of the overtime wages required by paragraph (b) of this section.

(d) Withholding for liquidated damages and unpaid wages. The (write in the name of the State or political subdivision) may withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor, such sums as may administratively be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in paragraph (c) of this section. In the event of failure to pay any laborer or mechanic, including apprentices and trainees, employed by the contractor or subcontractor in the performance of construction work hereunder, all or part of the wages required by the contract, the (write in the name of the State or political subdivision) may, after written notice to the contractor, take such action as may be necessary to cause the suspension of any further payment, advance or guarantee of funds until such violations have ceased.

(e) Payrolls and basic records. (1) Payrolls and basic records relating thereto will be maintained during the course of the work and preserved for a period of 3 years thereafter for all laborers and mechanics working at the site of the work. Such records will contain the name and address of each such employee, his correct classification, rates of pay (including rates of contributions or costs anticipated of the types described in section 1(b)(2) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits.

(2) The contractor will submit weekly a copy of all payrolls to the (write in the name of the State or political subdivision) accompanied by a statement signed by the employer or his agent indicating that the payrolls are correct and complete, that the wage rates contained therein are not less than those determined by the Secretary of Labor and that the classifications set forth for each laborer or mechanic conform with the work he performed. A submission of a “weekly Statement of Compliance” which is required under this contract and the Copeland Regulations (29 CFR part 3) of the Secretary of Labor and the filing with the initial payroll or any subsequent payroll of a copy of any findings by the Secretary of Labor under 29 CFR 5.5(a)(1)(iv) shall satisfy this requirement. The prime contractor shall be responsible for the submission of copies of payrolls of all subcontractors. The contractor will make the records required under the labor standards clauses of the contract available for inspection by authorized representatives of the (write in the name of the State and the political subdivision, if any); the Federal Emergency Management Agency; and the Department of Labor; and will permit such representatives to interview employees during working hours on the job. Contractors employing apprentices or trainees under approved programs shall include a notation on the first weekly certified payrolls submitted to the contracting State (or political subdivision, as applicable) that their employment is pursuant to an approved program and shall identify the program.

(f) Apprentices and trainees—(1) Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Manpower Administration, Bureau of Apprenticeship and Training, or with a State Apprenticeship Agency recognized by the Bureau, or if a person is employed in his first 90 days of probationary employment as an apprentice.
in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Bureau of Apprenticeship and Training or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen in any craft classification shall not be greater than the ratio permitted to the contractor as to his entire work force under the registered program. Any employee listed on a payroll at an apprentice wage rate, who is not a trainee as defined in paragraph (f)(2) of this section or is not registered or otherwise employed as stated above, shall be paid the wage rate determined by the Secretary of Labor for the classification of work he actually performed. The contractor or subcontractor will be required to furnish to the contracting officer or a representative of the Wage-Hour Division of the U.S. Department of Labor written evidence of the registration of his program, the registration of the trainees, and the ratios and wage rates prescribed in that program. In the event the Bureau of Apprenticeship and Training withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(g) Compliance with Copeland Regulations (29 CFR part 3). The contractor shall comply with the Copeland Regulations (29 CFR part 3) of the Secretary of Labor which are herein incorporated by reference.

(h) Ineligible bidders. The contractor herein certifies as a condition of the contract that he is not listed on the Comptroller General’s list of ineligible bidders published pursuant to regulations issued by the Secretary of Labor (29 CFR part 5) and the Davis-Bacon Act, as amended (40 U.S.C. 276a et seq.). This certification shall constitute a warranty, the falsity of which will render void this contract or subcontract, as the case may be.

(i) Subcontracts. The contractor will insert in any subcontracts in paragraphs (a) through (h) and (j) of this section and such other clauses as the Federal Emergency Management Agency may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts which they may enter into, together with a clause requiring this insertion in any further subcontracts that may in turn be made.

(j) Contract termination; debarment. A breach of any of paragraphs (a) through
§ 308.5 Examination of payrolls.

(a) In cases where the contract involves construction work in excess of $2,000, a certified copy of all payrolls and statements required to be submitted under the contract provisions prescribed in § 308.4, shall be checked by the State (or political subdivision, as applicable) against the applicable wage determination decision of the Secretary of Labor to verify labor standards compliance and to ascertain the following:

1. That the rates paid to various classifications of employees are in conformity with the applicable wage determination decision.
2. That each classification shown in the payrolls is a classification for which a rate was predetermined in the applicable wage determination decision.
3. That there are included in the payrolls those classifications of workers who would logically perform the work performed during the weeks in question.
4. That there is no disproportionate employment of laborers, helpers, apprentices or trainees.

(b) Unless transferred to the Federal Emergency Management Agency, the payrolls and statements shall be preserved by the State (or political subdivision, as applicable) for a period of three years from the date of completion of the contract and shall be produced at the request of the Secretary of Labor at any time during the three-year period.

[40 FR 42738, Sept. 16, 1975. Redesignated at 44 FR 56373, Sept. 28, 1979]

§ 308.6 Compliance.

In cases where the contract involves construction work in excess of $2,000:

(a) The State shall make (or cause the political subdivision to make) an "on the site" labor standards check, at least once during the project and at least every six months on projects of long duration, including without limitation the following:

1. Interviewing of a representative number of employees including but not necessarily limited to one employee in each classification or craft to ascertain what work the employee is doing and his regular rate of pay. This information shall be checked against the payrolls and the applicable wage determination decision to verify compliance or noncompliance.
2. Examining evidence of registration and certification with respect to apprenticeship and training plans to determine the correctness of classifications and any disproportionate employment of laborers, helpers, apprentices or trainees.

(b) In conducting investigations, including those of complaints of alleged violations (which shall be given priority) all statements, written or oral, made by an employee are to be treated as confidential and shall not be disclosed to his employer without the consent of the employee. All indications, including but not limited to all complaints, of alleged violations of labor standards brought to its attention shall be investigated by the State (or political subdivision at the State's direction) and the State shall require that all such indications brought to the attention of a political subdivision be forthwith brought to the attention of the State.

(c) If there is evidence of labor standards noncompliance, restitution shall be required of the contractor or subcontractor and the State (or political subdivision, as applicable) shall, after written notice to the contractor, withhold from the contractor such advances, guarantees and accrued payments as are administratively determined necessary to cover any liquidated damages and the restitution due laborers and mechanics employed by the contractor or subcontractor. The State (or political subdivision, as applicable) also has the option of terminating the contract in accordance with its provisions. If there is evidence that these violations were aggravated, willful, or resulted in underpayments of $500 or more, a detailed report, including information as to restitution...
made, payments, advances and guarantees of funds withheld, contract terminations, and the name and address of each laborer and mechanic and contractor or subcontractor affected, and the day or days of such violations, shall be submitted by the State to the Federal Emergency Management Agency. Except where the Federal Emergency Management Agency has expressly requested that the investigation be made, no report need be made where the underpayments total less than $500, if nonwillful, restitution has been made and the State has received assurance of future compliance.

§ 308.7 Certification of compliance.

(a) After the beginning of construction (under a contract involving construction in excess of $2,000), no payment or advance to the contracting State (or where applicable, to the contracting political subdivision) shall be approved by the Federal Emergency Management Agency unless and until it has received a certification by the contractor that his contract and those of his subcontractors contain the provisions prescribed in § 308.4 and that he of his subcontractors contain the provisions prescribed in § 308.4 and that he and his contractors have complied therewith, or that there is a substantial dispute with respect to the required provisions.

(b) Before making final payment on any contract involving construction work in excess of $2,000, the State (or political subdivision, as applicable) shall submit to the Federal Emergency Management Agency the following certification, verbatim, in completed form:

CERTIFICATE OF LABOR STANDARDS COMPLIANCE

Knowing that my statements will be relied upon by the Federal Emergency Management Agency, in its payment to the State under an approved project application for a Federal financial contribution under section 203(i) of the Federal Civil Defense Act of 1950, as amended (50 U.S.C. App. 2281) I do hereby certify as follows:

1. That I am the Contracting Officer of [name] (write in the name of the political subdivision and/or State, as applicable), applicant under Federal Emergency Management Agency, Project Application No. [number].

2. That in my official capacity I have personally, or through authorized employee(s) of the above named applicant for purposes of this certification, completed the following: (i) Examinations of all contracts involving construction work in excess of $2,000 on the civil defense project covered by the aforementioned project application, and all subcontracts thereunder; (ii) examinations of all payrolls and statements required to be submitted under such contracts and comparison with the applicable wage determination decision of the Secretary of Labor as required by § 308.5 of subchapter E, chapter I, of title 44 of the Code of Federal Regulations; and (iii) investigations of all indications of alleged labor standards violations including, without limitation, at least one "on the site" labor standards check, and other investigations as required by § 308.6 of subchapter E, chapter I, of title 44 of the Code of Federal Regulations.

3. That, based upon the aforementioned examinations and investigations, I have determined that: (i) The labor standards provisions have been included and the applicable wage determination decision has been attached, all as a part of the conditions of each contract involving construction work in excess of $2,000 and all subcontracts thereunder as required by § 308.4 of subchapter E, chapter I, of title 44 of the Code of Federal Regulations; and (ii) the contractor and all subcontractors were in compliance, or have come into compliance, with the labor standards provisions, wage determination decision and Copeland Regulations (29 CFR part 3) except that [List names of all contractors not in compliance or if no exceptions, state "none"]) and $[_amount] restitution is due to the employees of the listed contractor and/or subcontractors (set forth the amount or "none," in accordance with the facts).

PART 312—USE OF CIVIL DEFENSE PERSONNEL, MATERIALS, AND FACILITIES FOR NATURAL DISASTER PURPOSES

Sec. 312.1 Purpose.
312.2 Definitions.
312.3 Policy.
312.4 General.
312.5 Personnel.
312.6 Materials and facilities.

AUTHORITY: Sec. 803(a)(3) Pub. L. 97-86; sec. 401, Federal Civil Defense Act of 1950, as amended, 50 U.S.C. app. 2251, et seq., hereinafter referred to as "the Act", may be used for natural disasters, to the extent that such usage is consistent with, contributes to, and does not detract from attack-related civil defense preparedness.

§ 312.1 Purpose.
The purpose of the regulations in this part is to prescribe the terms and conditions under which civil defense personnel, materials, and facilities, supported in whole or in part through contributions under the Federal Civil Defense Act of 1950, as amended, 50 U.S.C. App. 2251, et seq., hereinafter referred to as "the Act", may be used for natural disasters, to the extent that such usage is consistent with, contributes to, and does not detract from attack-related civil defense preparedness.

§ 312.2 Definitions.
Except as otherwise stated, when used in the regulations in this part, the meaning of the listed terms are as follows:

(a) The term attack means any attack or series of attacks by an enemy of the United States causing, or which may cause, substantial damage or injury to civilian property or persons in the United States in any manner by sabotage or by use of bombs, shellfire, or atomic-radiological, chemical, bacteriological, or biological means or other weapons or processes;
(b) The term natural disaster means any hurricane, tornado, storm, flood, high water, wind-driven water, tidal wave, tsunami, earthquake, volcanic eruption, landslide, mudslide, snowstorm, drought, fire, or other catastrophe in any part of the United States which causes, or which may cause, substantial damage or injury to civilian property or persons and, for the purposes of the Act, any explosion, civil disturbance, or any other manmade catastrophe shall be deemed to be a natural disaster;
(c) The term civil defense means all those activities and measures designed or undertaken (1) to minimize the effects upon the civilian population caused, or which would be caused, by an attack upon the United States, or by natural disaster, (2) to deal with the immediate emergency conditions which would be created by any such attack, or natural disaster, and (3) to effectuate emergency repairs to, or the emergency restoration of vital utilities and facilities destroyed or damaged by any such attack or natural disaster. Such term shall include, but shall not be limited to, (i) measures to be taken in preparation for anticipated attack or natural disaster (including the establishment of appropriate organizations, operational plans, and supporting agreements; the recruitment and training of personnel; the conduct of research; the procurement and stockpiling of necessary materials and supplies; the provision of suitable warning systems; the construction or preparation of shelter areas, and control centers; and, when appropriate, the non-military evacuation of civil population); (ii) measures to be taken during attack or natural disaster (including the enforcement of passive defense regulations prescribed by duly established military or civil authorities; the evacuation of personnel to shelter areas; the control of traffic and panic; and the control and use of lighting and civil communications); and (iii) measures to be taken following attack or natural disaster (including activities for firefighting; rescue, emergency medical, health and sanitation services; monitoring for specific hazards of special weapons; unexploded bomb reconnaissance; essential debris clearance; emergency welfare measures; and immediately essential emergency repair or restoration of damaged vital facilities);
(d) The word materials shall include raw materials, supplies, medicines, equipment, component parts and technical information and processes necessary for civil defense;
(e) The word facilities, except as otherwise provided herein, shall include buildings, shelters, utilities, and land;

(f) The term United States or States shall include the several States, the District of Columbia, the Territories, and the possessions of the United States;

(g) The term political subdivisions shall include local governments, including but not limited to cities, towns, incorporated communities, counties, parishes, and townships; and

(h) The term CPG 1-3 refers to FEMA's “Federal Assistance Handbook” promulgated as Civil Preparedness Guide (CPG) 1-3, as amended, by numbered changes thereto and by Civil Preparedness Circulars (CPC). CPG 1-3 sets forth detailed guidance on procedures which a State and, where applicable, its political subdivisions must follow in order to request financial assistance from FEMA. It also sets forth detailed requirements, terms, and conditions upon which financial assistance is granted.

(Reorganization Plan No. 3 of 1978, E.O. 12127 and E.O. 12148)

§ 312.3 Policy.

(a) It is the policy of FEMA to provide a means of assistance to States and their political subdivisions in their carrying out responsibilities to alleviate the suffering and damage from attack-related or natural disasters by:

(1) Providing contributions for personnel, equipment, materials and facilities that may be used in preparing for or responding to disasters, provided that the use of such funds for natural disasters is consistent with, contributes to, and does not detract from attack-related civil defense preparedness.

(2) Encouraging the development of comprehensive disaster preparedness and assistance plans, programs, capabilities, and organizations by the State and its political subdivisions.

(3) Assisting in achieving greater coordination of disaster preparation and response programs.

(4) Providing technical advice and guidance to States and their political subdivisions for organizing and preparing to meet the effects of disasters.

(b) These regulations are not to be interpreted as authorizing States and their political subdivisions to request or receive additional assistance relating to particular disaster incidents.

§ 312.4 General.

(a) The Director, FEMA, will provide statements to States and their political subdivisions concerning Agency mission and goals, Annual Program Emphasis, and other directions, instructions, and technical guidance which together specify preparedness and response activities for both attack-related and natural disasters.

(b) States and their political subdivisions may apply to FEMA for financial assistance under the Act in a manner prescribed by Federal Regulations governing grants and cooperative agreements. Such applications must be compatible with FEMA's goals and requirements described in paragraph (a) of this section.

(c) Financial contributions to States and their political subdivisions are made by FEMA based on approval of the activities and projects described in the Annual Program Paper, and/or Comprehensive Cooperative Agreement, and which are in conformance with provisions of CPG 1-3, and applicable FEMA regulations set forth in chapter 1 of this title 44, chapter 1, subchapter E, of the Code of Federal Regulations. Financial contributions will not be made unless substantive activities and projects in preparation for and response to attack-related disasters are identified, and progress is indicated in the submissions, and recorded in program reporting systems. The presence of unavoidable circumstances, and the good faith effort of the applicant, will be considered if certain objectives are not met.

(d) State and local officials may use personnel, equipment, and facilities for natural disasters outside the physical boundaries of the jurisdiction and under the conditions stated within this regulation.

(e) Specific criteria relating to the preparedness and response activities are given in §§ 312.5 and 312.6 of this part.
§ 312.5 Personnel.

FEMA contributes to the development and support of emergency management organizations in the States and their political subdivisions, and to the development, operation, and maintenance of specific programs, through payment of salaries and benefits of State and local civil defense staff, and the payment of administrative expenses and travel, not to exceed 50 percent. FEMA also provides contributions for training and education expenses. The following use of such personnel for natural disaster purposes is allowable provided that such usage is consistent with, contributes to, and does not detract from attack-related civil defense preparedness:

(a) In developing, maintaining, testing and exercising plans, systems, and procedures for the protection of people and property from the effects of attack-related disasters, States and their political subdivisions may include and provide for natural disasters.

(b) Personnel supported in part through contributions under the Act may be assigned responsibilities for preparation for and response to natural disasters in any specific emergency occurring in a State or its political subdivisions as determined by the responsible State or local officials, respectively.

(c) Personnel supported in whole under the Act, may be assigned to emergency response operations for 15 days at the discretion of State officials; approval of the FEMA Regional Director is required for the use of these personnel in excess of 15 days. An assignment to emergency response operations does not preclude the accomplishment of program work and objectives. Failure to accomplish such work may subject the State to the withholding of funds contributed under the Act, or to collection of funds already obligated, not to exceed the estimated cost of the work not performed, as determined by the Regional Director.

(d) In the event of an emergency or major disaster declared under the Disaster Relief Act of 1974, as amended, personnel will not be provided overtime compensation and expenses under the Act.

§ 312.6 Materials and facilities.

FEMA also contributes to the development and support of emergency management in the States and their political subdivisions, and to the development, operation, and maintenance of specific programs, through providing certain materials and facilities. The following may be used for natural disaster purposes provided that such usage is consistent with, contributes to, and does not detract from attack-related civil defense preparedness:

(a) Materials provided and maintained through contributions under the Act.

(b) Technical information, guidance through which technical assistance is provided, and training courses, may contain examples, illustrations, discussion, suggested applications and uses of material.

(c) Equipment loaned under provisions of the Contributions Project Loan Program.

(d) Facilities, such as Emergency Operating Centers, provided and maintained through contributions under the Act.

(e) Equipment loaned or granted to the States for civil defense purposes (e.g., radiological instruments, shelter supplies).

PARTS 313-319 [RESERVED]

PART 320—DISPERSION AND PROTECTIVE CONSTRUCTION: POLICY, CRITERIA, RESPONSIBILITIES (DMO-1)

Sec. 320.1 Policy.

320.2 Criteria.

320.3 Responsibilities.

Source: 45 FR 44575, July 1, 1980, unless otherwise noted.

§ 320.1 Policy.

It is the policy of the United States to encourage and, when appropriate, to require that new facilities and major
Federal Emergency Management Agency § 320.3

expansions of existing facilities important to national security be located in so far as practicable, so as to reduce the risk of damage in the event of attack; and to encourage and, when appropriate, require the incorporation of protective construction features in new and existing facilities to provide resistance to weapons effects suitable to the locations of said facilities.

§ 320.2 Criteria.

(a) The distance of a facility from the probable area of destruction is the controlling factor in reducing the risk of attack damage to such facility. In determining the appropriate distance consideration will be given to all relevant factors, including:

(1) The most likely objects or targets of enemy attack, such as certain military, industrial, population, and governmental concentrations.

(2) The size of such targets.

(3) The destructive power of a large yield weapon or weapons suitable to the particular target.

(4) The gradation of pressures and thermal radiation at various distances from an assumed point of detonation.

(5) The characteristics of the proposed facility, including underground and built-in protective construction features, with respect to its resistance to nuclear, chemical, and unconventional weapons.

(6) The degree of damage which a facility could sustain and still remain operable.

(7) The ground environment or natural barriers which might provide added protection to the facility.

(8) The economic, operational, and administrative requirements in carrying out the functions for which the facility is to be provided.

(b) While no single distance standard and no single set of protective construction specifications against nuclear, chemical and unconventional weapons are feasible for all situations, the above factors will be applied so as to achieve the most protection practicable for a specific situation.

§ 320.3 Responsibilities.

(a) All departments and agencies of the Executive Branch of the Federal Government are responsible for adherence to the policy and criteria herein set forth with respect to programs under their control. Without limitation, specific reference is made to the following:

(1) All agencies:

(i) Programs for minimizing the vulnerability of the mobilization base (DMO I-4, paragraph 17);

(ii) Consideration of dispersed location and protective construction in the review of application for tax amortization (DMO III-1, paragraphs 4 and 5);

(iii) Application of Dispersion Standards to Facilities of the Executive Branch, in accordance with policy and standards issued by the Director, Federal Emergency Management Agency.

(2) Department of Defense—Programs for maximum use of dispersed plants, and development of standards for strategic locations and physical security. (DMO I-12, paragraph 2, g, h, and o.)

(3) Department of the Interior—Programs for continuity of production of certain assigned industries.

(4) Department of Agriculture—Programs for operation of vital food facilities.

(5) Department of Commerce—Programs for dispersion and continuity of production.

(6) Federal Emergency Management Agency—Development and coordination of plans and programs for the reduction of urban vulnerability.

(b) The Department of Commerce is responsible for providing guidance and assistance to departments and agencies of the Federal Government, to industry, public and private persons and organizations including local Dispersion Committees, in the application of the policy and criteria contained herein.

(1) By agreement between the Department of Defense and the Department of Commerce, Department of Defense will provide guidance on certain industrial and other non-military projects in which it has a direct and special interest.

(2) The Department of Commerce may make similar arrangements with other departments and agencies to provide guidance on projects in which they have a direct and special interest, provided that reasonable safeguards to assure consistency and uniformity in the
application of the policy and standards are maintained.

(3) The Department of Defense is responsible for the application of this policy to military projects without consultation with the Department of Commerce, but with due regard to the location of other vital facilities and plans for reduction of urban vulnerability as developed by the Federal Emergency Management Agency.

(c) The Federal Emergency Management Agency, responsible for the development and coordination of plans and programs for the reduction of urban vulnerability, is responsible for integrating at the metropolitan target zone level dispersion actions with all other measures which can make urban areas less attractive targets. It is also responsible for promulgating construction standards and specifications for the protection of persons and property from nuclear and unconventional weapons effects. The Department of Commerce and all others concerned will be governed by such standards in rendering the guidance and assistance described in paragraph (b) of this section.

PART 321—MAINTENANCE OF THE MOBILIZATION BASE (DEPARTMENT OF DEFENSE, DEPARTMENT OF ENERGY, MARITIME ADMINISTRATION)

Sec. 321.1 General.
321.2 Selection of the mobilization base.
321.3 Maintaining the mobilization base.
321.4 Achieving production readiness.
321.5 Retention of industrial facilities.
321.6 Participation of small business.
321.7 [Reserved]
321.8 Reports.

SOURCE: 45 FR 44576, July 1, 1980, unless otherwise noted.

§ 321.1 General.

A sustained state of mobilization production readiness is necessary to place the United States in a defense posture which will enable the nation to defend itself against aggression in peripheral conflicts or general war involving nuclear attacks on this country. Therefore, the facilities, machine tools, production equipment, and skilled workers necessary to produce the wartime requirements of the Department of Defense, Department of Energy, and the Maritime Administration shall be maintained in a state of readiness which will facilitate their immediate use or conversion in time of emergency, with especial emphasis on measures to maximize the probability of continued post-attack production of those items judged to be vital to survival and victory.

§ 321.2 Selection of the mobilization base.

(a) The Department of Defense shall select, for its mobilization base, facilities which produce or are capable of producing critically important military items or components (military class A components used entirely in the production, maintenance, or repair of military items) which meet one of the following:

(1) Those items which would be so urgent to the defense of this country that utmost effort must be exerted to produce them even in case of general war involving severe damage to the facilities necessary to produce these items and the components thereof.

(2) Those items essential to survival and retaliation, maintenance of health, or combat efficiency required to support peripheral war and which meet one or more of the following criteria:

(i) Items requiring a long lead-time or long manufacturing cycle.

(ii) Items currently not in production or which are required in quantities far in excess of peacetime production.

(iii) Items requiring the conversion of an industry or a number of plants within an industry.

(iv) Items requiring materials or manufacturing processes essentially different from those in current use.

(v) Items for which industry does not have production experience.

Paragraph (a)(2) of this section is inclusive of the Department of Defense Preferential Planning List of End Items.
§ 321.3 Maintaining the mobilization base.

(a) Facilities selected to produce “urgent” items shall be maintained within limits of existing procurement authority and funds available by the Department of Defense, the Department of Energy, and the Maritime Administration in the following manners to the maximum practical degree:

(1) Current procurement shall be placed in these facilities to the extent which will maintain them in a state of readiness compatible with the plans of the procuring agency.

(2) Machine tools and production equipment will be installed in these facilities to the extent found necessary by the procuring agency.

(3) Develop and maintain plans for alternate production capacity in case disaster destroys current facilities, such capacity to be located to the maximum extent possible away from highly concentrated industrial areas and major military installations.

(b) Other facilities selected as part of the mobilization base, shall be maintained to the fullest extent possible.

(1) Procurement agencies shall integrate current procurement with their industrial mobilization plans to the greatest possible extent with the objective of supporting the mobilization base within authorities and funds available.

(2) Data assembled on essential mobilization suppliers by the industrial mobilization planning of these agencies shall be used in planning current procurement. The policy of using contractors and facilities essential to the mobilization base is considered to be in the best interest of the Government.

(3) Planned producers that are deemed to be a part of the mobilization base will be invited to participate in appropriate current procurement.

(4) Upon expiration of current procurement contracts in a facility, the procuring agency shall take such of the following actions as are compatible with its plans for maintaining a state of readiness:

(i) Government-owned facilities and tools. Within the limitations that may be imposed by Congressional appropriations, place government-owned facilities and tools in standby status and establish provisions for their adequate maintenance. This does not preclude the use of government-owned production equipment, on a loan basis, to enable the military departments to meet current production schedules, as provided in DMO-VII-4, Amendment 1.

(ii) Privately-owned facilities and government-owned tools. (A) Arrange with management of privately-owned facilities, wherever possible, to place government-owned tools and production equipment in the status provided by DMO-VII-4, as amended, taking into account the desirability of safe location.

(B) Arrange with management, on a voluntary basis, to keep a group of key managers, engineers, and skilled workers familiar with the items planned for mobilization production.

(C) Determine the gaps which exist in government-owned packages of tools and production equipment needed to produce mobilization requirements in privately-owned plants. Within the limit of fund availability, plan the procurement of such tools and equipment, when procured, should be placed in the status provided.
§ 321.4 Achieving production readiness.

(a) In order to achieve a capability for maximum production of "urgent" items during the initial phase of war, the following readiness measures shall be taken where advisable for facilities producing such items:

(1) Establishment of emergency production schedules.

(2) Development of a production capability which would function under widespread disruption and damage imposed by enemy attack, including:

(i) Maintenance of an increased inventory of finished components and related production supplies at assembly plants, or arrangements for alternative supply lines where increased inventories are not feasible.

(ii) A capability to carry on urgent production without dependence on additional personnel, external sources of power, fuel, and water, or on long-distance communications; with spare replacements for highly vulnerable or unreliable parts of production equipment.

(iii) Protection of production facilities from enemy sabotage through adequate physical security measures.

(iv) Protection of personnel from widespread radiological fallout through provisions for decontamination and shelter.

§ 321.5 Retention of industrial facilities.

(a) Industrial properties, owned by the Department of Defense, the Department of Energy, and the Maritime Administration, shall be retained in the industrial reserves (National Industrial Reserve, Departmental Industrial Reserve for the Department of Defense) of the department and agencies to the extent the capacity of said reserves is necessary for the production of defense or defense-supporting end items, materials or components in a mobilization period.

(b) Each idle plant in the reserves shall be reviewed annually by the heads of the respective agencies to determine if the capacity of the plant continues necessary for mobilization purposes.

(c) Upon the determination by the head of the agency that the capacity of a plant is excess to the mobilization requirements of the agency immediate steps will be taken to dispose of the plant through existing government channels for surplus disposal. The Federal Emergency Management Agency shall be informed by General Services Administration of each proposed surplus action prior to final determination.

§ 321.6 Participation of small business.

The agencies concerned with the order shall, in all of their programs for maintaining the mobilization base, be mindful of the national policy to protect the interests of small business, and to assure the maximum participation of small business in the mobilization base, including current procurement.

§ 321.7 [Reserved]

§ 321.8 Reports.

The Department of Defense, Department of Energy, and Maritime Administration shall furnish the Director of the Federal Emergency Management Agency with reports on items and facilities for programs under § 321.2 (a) and (b) of this part, and with such other periodic and special reports as he may require affecting the maintenance of the mobilization base.

PART 323—GUIDANCE ON PRIORITY USE OF RESOURCES IN IMMEDIATE POST ATTACK PERIOD (DMO-4)

Sec.
323.1 Purpose.
323.2 General policy.
323.3 Responsibilities.
323.4 Priority activities in immediate post-attack period.
323.5 Assignment of resources.
Federal Emergency Management Agency

APPENDIX 1 TO PART 323—LIST OF ESSENTIAL SURVIVAL ITEMS

SOURCE: 45 FR 44579, July 1, 1980, unless otherwise noted.

§ 323.1 Purpose.
This part:
(a) States the policy of the Federal Government on use of resources in the period immediately following a nuclear attack on the United States;
(b) Provides general guidance for Federal, State, and local government officials on activities to be accorded priority in the use of postattack resources; and
(c) Lists those items essential to national survival in the immediate postattack period.

§ 323.2 General policy.
(a) In an immediate postattack period all decisions regarding the use of resources will be directed to the objective of national survival and recovery. In order to achieve this objective, postattack resources will be assigned to activities concerned with the maintenance and saving of lives, immediate military defense and retaliatory operations, economic activities essential to continued survival and recovery.
(b) This guidance is designed to achieve a degree of national equity in the use of resources and to assign and conserve resources effectively in the immediate postattack period. Until more specific instructions are available, these are the general guidelines within which managerial judgment and common sense must be used to achieve national objectives under widely differing emergency conditions.

§ 323.3 Responsibilities.
(a) As stated in The National Plan for Emergency Preparedness, the direction of resources mobilization is a Federal responsibility. However, in the period immediately following an attack, certain geographical areas may be temporarily isolated, and State and local governments will assume responsibility for the use of resources remaining in such areas until effective Federal authority can be restored. State and local governments will not assume responsibility for resources under the jurisdiction of a Federal agency where the Federal agency is able to function.
(b) As soon as possible after an attack and until specific national direction and guidance on the use of resources is provided, Federal, State, and local officials will determine what resources are available, to what needs they can be applied, how they are to be used, and the extent to which resources are deficient or in excess of survival needs. They will base determinations as to the relative urgency for use of resources primarily upon the importance of specific needs of defense, survival, and recovery.

§ 323.4 Priority activities in immediate postattack period.
The following activities are to be accorded priority over all other claims for resources. There is no significance in the order of the listing—all are important. The order in which and the extent to which they are supported locally may vary with local conditions and circumstances. If local conditions necessitate the establishment of an order of priority among these activities, that order shall be based on determinations of relative urgency among the activities listed, the availability of resources for achieving the actions required, and the feasibility and timeliness of the activities in making the most rapid and effective contribution to national survival.
(a) The immediate defense and retaliatory combat operations of the Armed Forces of the United States and its Allies: This includes support of military personnel and the production and distribution of military and atomic weapons, materials and equipment required to carry out these immediate defense and retaliatory combat operations.
(b) Maintenance or reestablishment of Government authority and control to restore and preserve order and to assure direction of emergency operations essential for the safety and protection of the people. This includes:
(1) Police protection and movement direction;
§ 323.5 Assignment of resources.

Resources required for essential uses, including manpower, will be assigned to meet the emergency requirements of the priority activities indicated above. The principal objectives are to use available resources to serve essential needs promptly and effectively, and to:

(a) Protect and to prevent waste or dissipation of resources prior to their assignment to priority activities;

(b) Support production of essential goods. Other production will be permitted to continue only from inventories on hand and when there is no emergency requirement for the resources vital to this production.

(c) Support construction for emergency repair and restoration, construction of facilities needed for survival, or the conversion of facilities to survival use, where this can be accomplished quickly. Other construction already under way should be stopped, and no new construction started unless it can be used immediately for essential purposes upon completion.

APPENDIX 1 TO PART 323—LIST OF ESSENTIAL SURVIVAL ITEMS

This document contains a list of items considered essential to sustain life at a productive level to assure national survival in an emergency. The list identifies items to which major attention should be given in all phases of preattack planning to insure the availability of basic essentials for a productive economy in the event of a nuclear attack. Supply-requirements studies and assessments for these items will be made to disclose critical deficiencies or other problems that can be anticipated. Revisions will be made as necessary to keep the items as up-to-date as possible.

The items are arranged by seven major groups:

(1) Health Supplies and Equipment,
(2) Food,
(3) Body Protection and Household Operations,
(4) Electric Power and Fuels,
(5) Sanitation and Water Supply,
(6) Emergency Housing and Construction Materials and Equipment, and
(7) General Use Items.

Survival items are defined as "those items without which large segments of the population would die or have their health so seriously impaired as to render them both burdensome and non-productive." The items have been classified into Group A or Group B, with Group A representing end products consumed or used directly by the population, and Group B consisting of those items essential to the effective production and utilization of the Group A items, which are consumed or used directly by the people.

There are no Group B items in the categories of Health Supplies and Equipment, Body Production and Household Operations, and Emergency Housing and Construction Materials and Equipment. All of these items are considered to be consumed directly and any attempt to separate them into A and B groupings would be too arbitrary to be meaningful.

It is important to keep in mind the fact that while the items listed are the basic essentials necessary for maintaining a viable economy during the first six months following an attack, not all of them would create problems that would require government action preattack to insure adequate supplies. The aforementioned supply-requirements studies will be undertaken to identify the problem areas. In developing supply data, all available production capacity, existing inventories, and possible substitutions will be considered. For example, in analyzing clothing items, all available supplies would be considered from sport to dress shirts, from
overalls to dress suits. However, new production would be limited to the simplest form of the basic item which can be produced. The final determination as to which of the items are most critical and which may require preattack actions by the Government, as well as the type of actions which must be taken, can be made only after a comprehensive supply-requirements analysis is completed.

LIST OF ESSENTIAL SURVIVAL ITEMS

I. HEALTH SUPPLIES AND EQUIPMENT

Group A

1. Pharmaceuticals:
   - Alcohol.
   - Analgesics, non-narcotic.
   - Antibiotics and antibacterials.
   - Antidiabetic agents, oral.
   - Antihistamines.
   - Antimalarials.
   - Atropine.
   - Blood derivatives.
   - Carbon dioxide absorbent.
   - Cardiovascular depressants.
   - Cardiovascular stimulants.
   - Corticosteroids.
   - Diuretics.
   - General anesthetics.
   - Hypnotics.
   - Insulin.
   - Intravenous solutions for replacement therapy.
   - Local anesthetics.
   - Lubricant, surgical.
   - Morphine and substitutes.
   - Oral electrolytes.
   - Oxygen.
   - Surgical antiseptics.
   - Sulfa drugs.
   - Synthetic plasma volume expanders.
   - Vitamin preparations, pediatric.
   - Water for injection.

2. Blood Collecting and Dispensing Supplies:
   - Blood collecting and dispensing containers.
   - Blood donor sets.
   - Blood grouping and typing sera.
   - Blood recipient sets.
   - Blood shipping containers.

3. Biologics:
   - Diphtheria toxoid.
   - Diphtheria antitoxin.
   - Diphtheria and tetanus toxoids and pertussis vaccine.
   - Gas gangrene antitoxin.
   - Poliomyelitis vaccine, oral.
   - Rabies vaccine.
   - Smallpox vaccine.
   - Tetanus antitoxin.
   - Tetanus toxoid, absorbed.
   - Typhoid vaccine.
   - Typhus vaccine, epidemic.
   - Yellow fever vaccine.

4. Surgical Textiles:
   - Adhesive plaster.
   - Bandage, gauze.
   - Bandage, muslin.
   - Bandage, plaster of paris.
   - Cotton, USP.
   - Surgical pads.
   - Stockinette, surgical.
   - Wadding, cotton sheet.

5. Emergency Surgical Instruments and Supplies:
   - Airway, pharyngeal.
   - Anesthesia apparatus.
   - Basin, wash, solution.
   - Blade, surgical knife.
   - Brush, scrub, surgical.
   - Catheter, urethral.
   - Containers for sterilization.
   - Chisel, bone.
   - Drain, Penrose.
   - Dusting powder.
   - Forceps, dressing.
   - Forceps, hemostatic.
   - Forceps, obstetrical.
   - Forceps, tissue.
   - Gloves, surgeon's.
   - Handles, surgical knife.
   - Holder, suture needle.
   - Inhaler, anesthesia, Yankauer (ether mask).
   - Intravenous injection sets.
   - Knife, cast cutting.
   - Lamps, for diagnostic instruments.
   - Lamps, for surgical lights.
   - Laryngoscope.
   - Light, surgical, portable.
   - Litter.
   - Mallet, bone surgery.
   - Needles, hypodermic, reusable.
   - Needles, suture, eyed.
   - Otoscope and ophthalmoscope set.
   - Probe, general operating.
   - Razor and blades (for surgical preparation).
   - Retractor, rib.
   - Retractor set, general operating.
   - Rongeur, bone.
   - Saw, amputating.
   - Saw, bone cutting, wire (Gigli).
   - Scissors, bandage.
   - Scissors, general surgical.
   - Sigmoidoscope.
   - Speculum, vaginal.
   - Sphygmomanometer.
   - Splint, leg, Thomas.
   - Splint, wire, ladder.
   - Sterilizer, pressure, portable.
   - Stethoscope.
   - Sutures, absorbable.
   - Sutures, absorbable, with attached needle.
   - Sutures, nonabsorbable.
   - Sutures, nonabsorbable, with attached needle.
   - Syringes, Luer, reusable (hypodermic syringes).
   - Thermometers, clinical.
   - Tracheotomy tube.
   - Tube, nasogastric.
   - Tubing, rubber or plastic, and connectors.
   - Vascular prostheses.
Webbing, textile, with buckle.
6. Laboratory Equipment and Supplies:
Bacteriological culture media and apparatus.
Balance, laboratory with weights.
Blood and urine analysis instruments, equipment and supplies.
Chemical reagents, stains and apparatus.
Glassware cleaning equipment.
Laboratory glassware.
Microscope and slides.
Water purification apparatus.

Group B

None.

II. FOOD

Group A
1. Milk group. Milk in all forms, milk products. Important for calcium, riboflavin, protein, and other nutrients.
2. Meat and meat alternate group. Meat, poultry, fish, eggs; also dry beans, peas, nuts. Important for protein, iron, and B-vitamins.
3. Vegetable-fruit group. Including 1. Dark green and yellow vegetables. Important for Vitamin A. 2. Citrus fruit or other fruit or vegetables. Important for Vitamin C. 3. Other fruits and vegetables, including potatoes.
5. Fats and oils. Including butter, margarine, lard, and other shortening oils. Important for palatability and food energy; some for Vitamin A and essential fatty acids.
6. Sugars and syrups. Important for palatability and food energy.
7. Food adjuncts. Certain food adjuncts should be provided to make effective use of available foods. These include antioxidants and other food preservatives, yeast, baking powder, salt, soda, seasonings and other condiments. In addition, coffee, tea, and cocoa are important for morale support.

Group B

Food containers.
Nitrogenous fertilizers.
Seed and livestock feed.
Salt for livestock.
Veterinary Medical Items:
Anthrax vaccine.
Black leg vaccine.
Hog cholera vaccine.
Newcastle vaccine.

Group A

1. Clothing:
Gloves and mittens.

IV. ELECTRIC POWER AND FUELS

1. Electric Power.

Group A

Electricity.

Group B

Conductors (copper and/or aluminum), including bare cable for high voltage lines and insulated wire or cable for lower voltage distribution circuits.
Switches and circuit breakers.
Insulators.
Pole line hardware.
Poles and crossarms.
Transformers (distribution, transmission, and mobile).
Tools for live-circuit operations, including rubber protective equipment, and linemen's tools.
Utility repair trucks, fully equipped.
Prime mover generator sets up to 501 kilowatts and 2400 volts, including portable and mobile sets up to 150 kilowatts and 110/220/440 volts, 3-phase, 60-cycle complete with fuel tank and switchgear in self-contained units.

Headwear.
Hosiery.
Outerwear.
Shoes and other footwear.
Underwear.
Waterproof outer garments.

Personal Hygiene Items:
Diapers, all types.
Disposable tissues.
First aid items (included on Health Supplies and Equipment List).
Nipples.
Nursing bottles, all types.
Pins.
Sanitary napkins.
Soaps, detergents, and disinfectants.
Toilet tissue.

3. Household Equipment:
Bedding.
Canned heat.
Cots.
Hand sewing equipment.
Heating and cooking stoves.
Incandescent hand portable lighting equipment (including flashlights, lamps, batteries).
Kitchen, cooking, and eating utensils.
Lamps (incandescent medium base) and lamp holders.
Matches.
Nonelectric lighting equipment.
Sleeping bags.

Group B

None.
Federal Emergency Management Agency

Pt. 323, App. 1

Group A
Gasoline.
Kerosene.
Distillate fuel oil.
Residual fuel oil.
Liquefied petroleum oil.
Lubricating oil.

Grease.

Group B
Storage tanks.
Pumps for loading and unloading.
Pressure containers and fittings for liquefied petroleum gas.

Group A
Natural gas.
Manufactured gas.

Group B
Various sizes of pipe (mostly steel).
Various sizes of valves, fittings, and pressure regulators.
Specialized repair trucks and equipment.

Group A
Coal and coke.

Group B
Conveyor belting.
Insulated trail cables.
Trolley feeder wire.
Roof bolts.

V. SANITATION AND WATER SUPPLY

Group A
1. Water.

2. Water Supply Materials:
   a. Coagulation:
      Ferric chloride.
      Ferrous sulfate.
      Ferric sulfate.
      Chlorinated copperas.
      Filter alum.
      Hydrated lime.
      Pulverized limestone.
      Soda ash.
   b. Disinfection Chemicals:
      High-test hypochlorites (70 percent) in drums, cans, ampules.
      Iodine tablets.
      Liquid chlorine, including containers.
      Chlorine compounds (not gas).
   c. Miscellaneous Materials:
      Diatomaceous earth.
      Activated carbon.
   3. Chemical Biological, and Radiological CBR Detection, Protection, and Decontamination Items:
      Calibrators.

Chemical agent detection kits, air, food, and water.
Dosimeters and chargers.
Protective masks, clothing, helmets.
Survey meters (Alpha, Beta, Gamma).
Warning signs—biological, chemical, and radiological contamination.

4. Insect and Rodent Control Items:
   a. Insecticides:
      DDT, water dispersible powder (75 percent).
      Lindane powder, dusting (1 percent).
      Malathion, liquid, emulsifiable concentrate (57 percent).
      Deet (diethyltoluamide) 75 percent in denatured alcohol.
      Pyrethrum.
   b. Rodenticides:
      Anticoagulant type, ready-mixed bait.
      “1080” (sodium monofluoroacetate) (for controlled use only).

5. General Sanitation:
Lye.

Group B
1. General Supplies and Equipment:
   Chemical feeders.
   Mobile and portable pressure filters.
   Chlorinators (gas and hypochlorites).
   Pumps and appurtenances, Hand—Electric—Gasoline—Diesel.
   Well-drilling equipment, including well casing, drive pipe and drive points.

2. Storage and Transport Equipment:
   Lyster bags.
   Storage tanks, collapsible and portable.
   Storage tanks, rigid, transportable.
   Storage tanks, wood stove, knock-down.

3. Laboratory Equipment and Supplies:
   Membrane filter kits with filters and media.
   Chlorine and pH determination equipment.

4. Sanitation Equipment:
   Hand sprayer, continuous type.
   Hand sprayer, compression type.
   Hand duster, plunger type.
   Spraying equipment for use with helicopter, fixed-wing light aircraft, high-speed fixed-wing attack aircraft, and cargo-type aircraft.

VI. EMERGENCY HOUSING AND CONSTRUCTION MATERIALS AND EQUIPMENT

Group A
Asphalt and tar roofing and siding products.
Builders hardware—hinges, locks, handles, etc.
Building board, including insulating board, laminated fiberboard, hardpressed fiberboard, gypsum board, and asbestos cement (flat sheets and wallboard).
Building papers.
Plastic patching, couplings, clamps, etc. for emergency repairs.
Plumbing fixtures and fittings.
Prefabricated emergency housing.

559
§ 324.1 Purpose.
This part provides current policy on the training and utilization of scientific and engineering manpower as it affects the national security.

§ 324.2 Background.
(a) The essential role of scientific and engineering manpower in any period of national emergency is well recognized. While the quantity and quality of scientific and engineering manpower are materially influenced by Government action, the development and use of such manpower are greatly dependent upon policies and actions of the private sector.

(b) Since the issuance of Defense Manpower Policy 8, many steps have been taken by the Government and the private sector to assure the adequacy of scientific and engineering manpower for total national security. This statement of current Government policy is intended to continue the constructive policies and actions already in being and to assure the adequacy of this important national resource during a major emergency.

§ 324.3 Policy.
It is the policy of the Federal Government to project the Nation’s scientific and engineering manpower requirements sufficiently into the future to permit long-range planning; to relate those requirements to other resource requirements, including requirements for other manpower skills; to relate peacetime and emergency requirements; and to cooperate with educators, industry, professional societies, and employee associations to:

(a) Support training and education programs which enhance our national security through the development of defense related skills.

(b) Stimulate individuals with scientific and technical aptitudes to attain the highest level of formal education in science and technology for which they are capable.

(c) Stress basic principles and fundamentals of science and technology in educational curricula.

(d) Offer significant on-the-job training which will broaden the experience and capabilities of individual scientists and engineers.
Federal Emergency Management Agency

§ 325.3

(e) Provide realistic retraining opportunities which will assist in updating the knowledge and skills of scientists and engineers.

(f) Broaden the selection base in order to assure entry of all qualified individuals, including women and members of minority groups, into scientific and technical positions.

(g) Encourage continued employment of senior scientists and engineers who are yet capable of efficient performance, even though the retention of such personnel may be only on a part-time basis.

(h) For maximum security explore and, where appropriate, adopt the principle of decentralized scientific and technical operations.

§ 324.4 Action.

Consistent with the policies contained herein, each department and agency of the Federal Government should (a) review its current manpower policies and update its policies and programs for scientific and engineering manpower to assure their maximum contribution to national security and emergency preparedness, (b) base its policies and actions on projected peacetime and emergency requirements, and (c) encourage and support private sector efforts to assure the fulfillment of future requirements for this critical manpower resource.

PART 325—EMERGENCY HEALTH AND MEDICAL OCCUPATIONS

Sec. 325.1 Purpose.

325.2 Scope and applicability.

325.3 Policy.

SOURCE: 45 FR 8601, Feb. 8, 1980, unless otherwise noted. Redesignated at 45 FR 8601, July 1, 1980.

§ 325.1 Purpose.

The Director, Federal Emergency Management Agency, after agreement with the Secretary of Labor and the Secretary of Health, Education, and Welfare, issues this List of Emergency Health and Medical Occupations in support of part 11, Executive Order 11490, as amended. This List provides guidance to all officials concerned with planning for the emergency training and emergency assignment of health and medical personnel engaged in the listed occupations.

§ 325.2 Scope and applicability.

The list of Emergency Health and Medical Occupations identifies those occupations which would be needed to provide public health and medical services during and immediately after an emergency in which survival of the population is the primary consideration.

§ 325.3 Policy.

(a) Training for emergency. Sections 1101, 1103(1), 1104(2), and 1325(4) of Executive Order 11490 specify emergency training responsibilities of the Secretary of Health and Human Services. Depending on the availability of resources, the Secretary of Health and Human Services, in cooperation with other Federal departments/agencies, State and local governments, and appropriate private sector organizations, shall:

(1) Define the emergency roles which would be performed by those filling the occupations included on the List of Emergency Health and Medical Occupations;

(2) Develop and implement appropriate emergency training programs designed to prepare individuals in these occupations to perform effectively their specialized roles in a national emergency as distinguished from their peacetime functions; and

(3) Set quantitative and qualitative training objectives for each occupational category and develop arrangements for payment for the training.

(b) Allocation of the health and medical workforce in emergencies. During a declared national emergency, in which survival of the population is the preeminent consideration, the provision of health and medical services would be a priority emergency response and recovery function. To ensure that this priority need is met, officials responsible for the allocation of the workforce in emergency will use the List of Emergency Health and Medical Occupations as an aid in the mobilization of available health and medical personnel and
the staffing of emergency health and medical services. Emergency situations may dictate the need to redistribute, on a temporary basis, health and medical personnel in order to provide for equitable and needed coverage of the emergency caseload. Although Federal, State, and local health officials are expected to have the requisite authority to take such actions in a declared national emergency, it is probable that the traditional role of volunteerism in the health and medical field will prevail and minimize the need for involuntary controls. Jurisdiction over health and medical personnel in actual emergencies would remain with their employers and the integrity of institutional services will be preserved wherever possible, except as noted above.

(c) Use of health and medical personnel in other priority emergency activities. While health and medical services will be an immediate priority need in most declared national emergencies, as the situation unfolds, different priority needs will evolve, placing unusual demand on scarce workforce resources. As emergency health hazards and medical care loads are brought under control, it may be possible to release certain health and medical personnel who fill positions in the occupational categories listed on the List of Emergency Health and Medical Occupations for augmentation of other essential work groups on a temporary basis. Where possible, such reassignments should be accomplished on a consultative, voluntary basis.

(d) Ancillary and support personnel. Vital to the effective performance of the emergency health and medical team are individuals in direct support occupations such as hospital, sanitation, and laboratory helpers, as well as engineering, clerical, food service, and custodial personnel. Personnel in these ancillary and support categories will remain on their jobs during and after a declared national emergency until health hazards and medical care loads are brought under control. Reassignment of these personnel will follow the policy cited in paragraph (c) of this section.

(e) List of emergency health manpower occupations.¹

¹Includes students, trainees, and interns whose training or education leading to any of the indicated skills is sufficiently advanced to qualify them to contribute to the technical tasks of providing health services.
§ 327.1 Purpose.

This part establishes policy on the use by private industry of Government-owned industrial plant equipment. This policy is necessary to maintain a highly effective and immediately available reserve of such equipment for the emergency preparedness programs of the U.S. Government.

§ 327.2 Scope and applicability.

(a) This part applies to all Federal departments and agencies having, for purposes of mobilization readiness, Government-owned industrial plant equipment under their jurisdiction or control and having emergency preparedness functions assigned by Executive orders concerning use of that equipment.

(b) As used herein, industrial plant equipment means those items of equipment, each with an acquisition cost of $1,000 or more, that fall within specified classes of equipment listed in DOD regulations. Classes of equipment may from time to time be added to or deleted from this list.

§ 327.3 Policy.

(a) General. (1) Primary reliance for defense production shall be placed upon private industry.

(2) When it is determined by an agency that, because of the lack of specific industrial plant equipment, private industry of the United States cannot be

---

2 Though current planning provides that many veterinarians be utilized in casualty care and preventive medicine activities immediately after an emergency, veterinarians will continue to be needed to perform services of a strictly veterinary nature after most of the human casualties have been cared for temporarily. Such veterinary activities will include protection of food, animals against diseases and the effects of atomic, biological, and chemical warfare; and supplementing food inspection forces for certain food processing plants, and food storage facilities.

relied upon for needed Government production, that agency may provide to private industry such Government-owned industrial plant equipment as is deemed necessary to ensure required production capability. Requirements for such equipment should be reviewed at least annually to ascertain the continuing need, particularly with a view toward private industry furnishing the equipment for long term requirements.

(3) When it is necessary for Federal agencies to supply Government-owned industrial plant equipment to private industry, these agencies will maintain uniformity and fairness in the arrangements for the use of this equipment by following regulations for the use of such equipment as developed and published by the Secretary of Defense pursuant to section 809 of Public Law 93-155. The regulations to be developed by the Secretary of Defense shall be in consonance with this order. These regulations will attempt to ensure that no Government contractor is afforded an advantage over his competitors and that Government-owned industrial plant equipment is maintained properly and kept immediately available for the emergency preparedness needs of the United States.

(b) Interagency use of idle equipment. In any instances in which a Government contractor cannot meet Government production schedules because necessary industrial plant equipment is not available from private industry or from the contracting Federal department or agency, idle industrial plant equipment under the control of other Federal agencies may be made available for this purpose through existing authorities on a transfer, loan, or replacement basis by interagency agreement.

(c) Availability of equipment for emergency use. Government-owned industrial plant equipment may be provided by controlling agencies for emergency use by essential Government contractors whose facilities have been damaged or destroyed.

(d) Uniform rental rates. All new agreements entered into by any agency of the Federal Government under which private business establishments are provided with Government-owned industrial plant equipment shall be subject to rental rates established by the Secretary of Defense pursuant to section 809 of Public Law 93-155. The rental rates shall ensure a fair and equitable return to the U.S. Government and be generally competitive with commercial rates for like equipment.

(e) Use of Government-owned industrial plant equipment for commercial (non-Government) purposes. Subject to adequate controls being established under DOD regulations pursuant to Public Law 93-155, and statutory authority for leasing, Government-owned industrial plant equipment may be authorized for commercial use by contractors performing contracts or subcontracts for the Government agency if it is necessary to keep the equipment in a high state of operational readiness through regular usage to support the emergency preparedness programs of the U.S. Government.

§ 327.4 Disputes.

In the event of an interagency dispute about the regulations developed by the Department of Defense in accordance with this order, the Director, Federal Emergency Management Agency, shall adjudicate.

§ 327.5 Reports.

Such reports of operations under this order as may be required by the Federal Emergency Management Agency, shall be submitted to the Director.

PART 328—GENERAL POLICIES FOR STRATEGIC AND CRITICAL MATERIALS STOCKPILING (DMO-11)

Sec. 328.1 Purpose.
328.2 Policies.
328.3 Delegation of authority—Preparation of reports.

SOURCE: 45 FR 44584, July 1, 1980, unless otherwise noted.
§ 328.1 Purpose.
This part sets forth revised policies for the administration of strategic and critical materials stockpiling.

§ 328.2 Policies.
By virtue of the authority vested in me by Executive Order 11051, the following policies are promulgated to govern the administration of strategic and critical materials stockpiling:

(a) General. The strategic stockpile shall be so administered as to assure the availability of strategic and critical materials in times of national emergency.

(b) Period covered by stockpiling. All strategic stockpile goals for conventional war shall be limited to meeting estimated shortages of materials for the first three years of a war.

(c) Stockpile objectives. Strategic stockpile goals shall be adequate for supplies of these materials in time of national emergency.

(d) Emergency requirements. The requirements estimates for use in times of national emergency, where appropriate, reflect specific requirements to the extent available. It shall be assumed that the total requirements will approximate the capacity of industry to consume, taking into account necessary wartime limitation, conservation and substitution measures. Departments and agencies having responsibilities with regard to requirements data on stockpile materials shall review such data and provide, upon his request, the Director of the Federal Emergency Management Agency with information as to all significant changes.

(e) Emergency supplies. Estimates of supply for the mobilization period shall be based on readily available capacity and known resources in the United States and such other countries as directed by the National Security Council. Departments and agencies having the responsibilities with regard to supply data on stockpile materials shall review such data and provide the Director of the Federal Emergency Management Agency with information as to all significant changes.

(f) Provision for special-property materials. Arrangements shall be made for the regular availability of objective scientific advice to assist in the evaluation of prospective needs for high-temperature and other special-property materials. Such materials shall be stockpiled if reasonably firm minimum requirements indicate the existence of a supply deficit in the event of an emergency.

(g) Supply-requirements reviews. The supply-requirements balance for any material that is now or may become important to defense shall be kept under continuing surveillance. Supply-requirements data submitted pursuant to paragraphs (d) and (e) of this section shall be examined upon receipt. A full-scale review may be undertaken at anytime that a change is believed to be taken place that would have a significant bearing on the wartime readiness position. Priority of review shall be given to materials under procurement.

(h) Procurement policy. Unfilled objectives shall be attained expeditiously by cash procurement or otherwise as the Director shall deem appropriate. Long-term contracts shall contain termination clauses whenever possible. All feasible measures for meeting materials deficits in an emergency shall be considered. Stockpiling shall be undertaken only when it is clear that it is the best solution.

(i) Maintenance of the mobilization base. A portion of the mobilization base comprises existing or projected productive capacity the output of which will be relied on to fill defense requirements. All inventories of Government-owned materials held for long-term storage are a part of the mobilization base and should be weighed in determining the need for a relevant portion of the productive segment of the mobilization base. The maintenance of any portion of the productive segment of the mobilization base through stockpile procurement shall be undertaken only within unfilled stockpile objectives.

(j) Upgrading to ready usability. In order to satisfy the initial surge of abnormal demands following intensive mobilization in a period of national emergency, stockpile objectives of upgraded forms of such materials shall be established for immediate use in such
§ 328.3 Delegation of authority—Preparation of reports.

The Administrator of General Services shall prepare on behalf of the Director of the Federal Emergency Management Agency and forward to him for transmittal to the Congress reports as required by the Director.

PART 329—USE OF PRIORITIES AND ALLOCATION AUTHORITY FOR FEDERAL SUPPLY CLASSIFICATION (FSC) COMMON USE ITEMS

Sec. 329.1 Purpose.
329.2 Policies.
329.3 Procedures.
329.4 Implementation.
Federal Emergency Management Agency § 329.4

SOURCE: 45 FR 44585, July 1, 1980, unless otherwise noted.

§ 329.1 Purpose.
This part provides policy guidance concerning the use of priorities and allocation authority under title I of the Defense Production Act of 1950, as amended, for the procurement of common use items in the Federal Supply Classification (FSC).

§ 329.2 Policies.
The following guidance is provided pursuant to the Defense Production Act of 1950, as amended; section 201 of Executive Order 10480, and § 322.2 of this chapter (DMO−3).

(a) Priority ratings under title I of the Defense Production Act of 1950, as amended, are not authorized for certain FSC Groups, Classes, and Items:
(1) Which are of the types commonly available in commercial markets for general consumption,
(2) Which do not require major modification when purchased for military or other ratable government use, and
(3) Which are in sufficient supply as to cause no hindrance to the accomplishment of military or other national defense objectives.

Such Groups, Classes, and Items will be as specified from time to time by the Department of Commerce with the approval of the Federal Emergency Management Agency. Procurement in these Groups, Classes, and Items is to be made without priority assistance, including single service procurement that may include defense and defense-supporting needs. In the event procurement difficulties are encountered which threaten timely delivery, application for special assistance may be made for those categories of supply authorized special assistance in existing lists, and must be accompanied by full justification to support the need for such assistance.

(b) Priority ratings may be used for the procurement of other authorized FSC Groups, Classes, and Items only in quantities required to meet the needs of approved programs of ratable agencies. The quantities of current procurement of each Group, Class, and Item shall be based on and shall not exceed the ratio of rated purchases to total purchases for that Group, Class, and Item that was consummated in the 6-month period preceding the first day of January and July in each year. Any other periodic cycle considered suitable and agreed to by the Domestic and International Business Administration, Department of Commerce, and the procuring agency may be substituted.

(c) In the interest of minimizing administrative costs, where rated procurement under paragraph (b)(2) of this section, constitutes 97 percent or more of the total procurement of a Group, Class, or Item, all of the Group, Class, or Item may be bought on ratings.

§ 329.3 Procedures.
Requests for additional authorizations of Classes, Groups, or Items should be presented to General Services Administration (AP), Washington, DC, 20405, accompanied by a statement of justification indicating why the Class, Group, or Item should be regarded as necessary or appropriate to promote the national defense and why defense-related requirements cannot be met without the use of priorities.

§ 329.4 Implementation.
Departments and agencies involved with this program shall issue implementing instructions and directives no later than 30 work days from the effective date of this order. Copies of such instructions, directives, and related documents shall be furnished to the General Services Administration (AP) on a routine basis as issued.
PART 330—POLICY GUIDANCE AND DELEGATION OF AUTHORITY FOR USE OF PRIORITIES AND ALLOCATIONS TO MAXIMIZE DOMESTIC ENERGY SUPPLIES IN ACCORDANCE WITH SUBSECTION 101(c) OF THE DEFENSE PRODUCTION ACT OF 1950, AS AMENDED (DMO-13)

Sec. 330.1 Purpose.

330.2 Policies.

330.3 Delegation of authority.

AUTHORITY: Defense Production Act of 1950, as amended, including amendment to sec. 101(c) by sec. 104 of the Energy Policy and Conservation Act (Pub. L. 94-163, 90 Stat. 878), which added subsection 101(c) to the Defense Production Act of 1950, as amended (the Act); and

SOURCE: 45 FR 44586, July 1, 1980, unless otherwise noted.

§ 330.1 Purpose.

This part:

(a) Establishes policy guidance on determination and use of priorities and allocations for materials and equipment to maximize domestic energy supplies pursuant to section 104 of the Energy Policy and Conservation Act (Pub. L. 94-163, 89 Stat. 878), which added subsection 101(c) to the Defense Production Act of 1950, as amended (the Act); and

(b) Delegates authority and assigns responsibility related thereto pursuant to sections 7 and 8 of Executive Order 11912, dated April 13, 1976.

§ 330.2 Policies.

(a) The authority of subsection 101(c) of the Act to require the allocation of, or priority performance under contracts or orders relating to, supplies of materials and equipment to maximize domestic energy supplies shall be limited to those exceptional circumstances when it is found that:

(1) Such supplies of material and equipment are scarce, critical, and essential; and

(2) The maintenance or furtherance of exploration, production, refining, transportation, or conservation of energy supplies, or the construction and maintenance of energy facilities, cannot reasonably be accomplished without exercising this authority.

(b) The authority contained in subsection 101(c) shall not be used to require priority performance under contracts or orders relating to, or the allocation of, any supplies of materials and equipment except for programs or projects to maximize domestic energy supplies as specifically determined by the Secretary of Energy, after coordination with the Director, Federal Emergency Management Agency.

(c) The allocation of, or priority performance under contracts or orders relating to, supplies of materials and equipment in support of authorized programs or projects shall be so undertaken as to ensure that:

(1) Supplies of the specified materials and equipment are available to the extent practicable on time and in proper quantity to authorized programs or projects.

(2) The demands of these authorized programs or projects are distributed among suppliers on a fair and equitable basis.

(3) Allotments of supplies of materials and equipment are not made in excess of actual current requirements of these authorized programs or projects.

(4) Fulfillment of the needs of these authorized programs and projects are achieved in such manner and to such degree as to minimize hardship in the market place.

(d) The authority of subsection 101(c) of the Act will not be used to control the general distribution of any supplies of material and equipment in the civilian market, as that phrase is used in subsection 101(b) of the Act, except after Presidential approval as required by subsection 7(d) of Executive Order 11912.

§ 330.3 Delegation of authority.

(a) The functions of the Director of the Federal Management Agency under subsection 101(c) of the Act are hereby delegated to the Secretary of Commerce with respect to the areas of responsibility designated and subject to the limitations prescribed and section 7 of Executive Order 11912. Specifically:
(1) The Secretary of Commerce is delegated the function, provided in subsection 101(c)(1) of the Act, of requiring the allocation of, or priority performance under contracts or orders (other than contracts of employment) relating to, supplies of materials and equipment to maximize domestic energy supplies, if the findings specified in subsection 101(c)(3) of the Act are made.

(2) The Secretary of Commerce is delegated those functions provided in subsection 101(c)(3) of the Act, but shall redelegate to the Secretary of Energy the function of making the findings that supplies of materials and equipment are critical and essential to maximize domestic energy supplies. The Secretary of Commerce shall retain the functions of finding that supplies of materials and equipment are scarce, and that the purposes described in subsection 101(c)(3)(B) of the Act cannot reasonably be accomplished without exercising the authority specified in subsection 101(c)(1). This finding will include, to the extent practicable, an assessment of the effects of using the authority for the project in question on other significantly impacted projects.

(b) The Director of the Federal Emergency Management Agency shall be responsible for the overall coordination and direction of the functions provided by subsection 101(c) of the Act in a manner similar to the exercise of functions under subsections 101(a) and 101(b) of the Act. In line with these functions, the Director is also responsible for resolving any conflicts between claimant agencies regarding particular supplies of materials and equipment. In addition, the Federal Emergency Management Agency will monitor the impact of the implementation of the authorities of subsection 101(c) and other authorities under section 101 of the Defense Production Act on each other and on the national economy.

(c) The functions assigned, delegated, or required to be redelegated by this order to the Secretary of Commerce and the Secretary of Energy may not be redelegated to other agencies without first being coordinated with the Director, Federal Emergency Management Agency.

(d) Procedures to execute the above delegations will be carried out in accordance with guidance provided by the Director, Federal Emergency Management Agency, pursuant to this order and Executive Order 11912.

PART 331—PRESERVATION OF THE MOBILIZATION BASE THROUGH THE PLACEMENT OF PROCUREMENT AND FACILITIES IN LABOR SURPLUS AREAS

§ 331.1 Purpose.

Success of the national defense program depends upon efficient use of all of our resources, including the labor force and production facilities, which are preserved through utilizing the skills of both management and labor. A primary aim of Federal manpower policy is to encourage full utilization of existing production facilities and workers in preference to creating new plants or moving workers, thus assisting in the maintenance of economic balance and employment stability. When large numbers of new workers move to labor surplus areas, heavy burdens are placed on community facilities, such as schools, hospitals, housing, transportation, and utilities. On the other hand, when unemployment develops in certain areas, unemployment costs increase the total cost to the Government, and plants, tools, and workers' skills remain idle and unable to contribute to our national defense program. Consequently, it is the purpose of Defense Manpower Policy No. 48 to direct attention to the potential of labor surplus areas when awarding appropriate procurement contracts and when locating new plants or facilities.
§ 331.2 Policy.

(a) It is the policy of the Federal Government to award appropriate contracts to eligible labor surplus area concerns, to place production facilities in labor surplus areas, and to make the best use of our natural, industrial and labor resources in order to achieve the following objectives:

1. To preserve management and employee skills necessary to the fulfillment of Government contracts and purchases;
2. To maintain productive facilities;
3. To improve utilization of the Nation’s total economic potential by making use of the labor force resources of each area; and
4. To help ensure timely delivery of required goods and services and to promote readiness for mobilization by locating procurement where the needed labor force and facilities are fully available.

(b) This policy is consonant with the intent of Public Law 95-89 and Public Law 95-507 as implemented by E.O. 12073. In carrying out this policy, Federal departments and agencies shall be guided by E.O. 12073, the policy direction of the Office of Federal Procurement Policy and implementing regulations.

§ 331.3 Scope and applicability.

The provisions of this policy apply to all Federal departments and agencies, except as otherwise prohibited by law. In addition to these normal duties:

(a) The Secretary of Commerce shall:
1. In cooperation with State economic development agencies, the Secretary of Defense, the Administrator of General Services, and the Administrator of Small Business Administration, assist concerns which have agreed to perform contracts in labor surplus areas in obtaining Government procurement business by providing such concerns with timely information on proposed Government procurements.
2. Urge concerns planning new production facilities to consider the advantages of locating in labor surplus areas.
3. Provide technical advice and counsel to groups and organizations in labor surplus areas on planning industrial parks, industrial development organizations, expanding tourist business, and available Federal aids.
(b) The Administrator of the Small Business Administration shall make available to small business concerns in labor surplus areas all of its services, endeavor to ensure opportunity for maximum participation by such concerns in Government procurement, and give consideration to the needs of these concerns in the making of joint small business set-asides with Government procurement agencies.
(c) OFPP shall coordinate the maintenance by Federal agencies of current information on the manufacturing capabilities of labor surplus area concerns with respect to Government procurement and disseminate such information to Federal departments and agencies.

§ 331.4 Special consideration.

When an entire industry that sells a significant proportion of its production to the Government is generally depressed or has a significant proportion of its production, manufacturing and service facilities located in a labor surplus area, the Director, Federal Emergency Management Agency, or successor in function, after notice to and hearing of interested parties, will give consideration to appropriate measures applicable to the entire industry.

§ 331.5 Production facilities.

All Federal departments and agencies shall give consideration to labor surplus areas in the selection of sites for Government-financed production facilities, including expansion, to the extent that such selection is consistent with existing law and essential economic and strategic factors.
Federal Emergency Management Agency

§ 332.2

(a) Pursuant to section 708 of the Defense Production Act of 1950, as amended (50 U.S.C. app. 2158), the President may consult with representatives of industry, business, financing, agriculture, labor, or other interests, and may approve the making of voluntary agreements to help provide for the defense of the United States by developing preparedness programs and expanding productive capacity and supply beyond levels needed to meet essential civilian demand.

(b) Sponsor. (1) As used in this part, "sponsor" of a voluntary agreement is an officer of the Government who, pursuant to a delegation or redelegation of the functions given to the President by section 708 of the Defense Production Act (DPA) of 1950, as amended, proposes or otherwise provides for the development or carrying out of a voluntary agreement.

(2) The use of voluntary agreements, as authorized by section 708 of the DPA to help provide for the defense of the United States through the development of preparedness programs, is an activity coordinated by the Director of the Federal Emergency Management Agency, as provided by sections 101 and 501(a) of Executive Order 10480, as amended.

(3) The sponsor of a voluntary agreement shall carry out sponsorship functions subject to the direction and control of the Director of the Federal Emergency Management Agency.

(c) This part applies to the development and carrying out under section 708 of the DPA, as amended, of all voluntary agreements, and the carrying out of any voluntary agreement which was entered into under former section 708 of the DPA and in effect immediately prior to April 14, 1976, and which is in a period of extension as authorized by subsection 708(f)(2) of the DPA.

(d) The rules in the part void any provision of a voluntary agreement to which they apply, if that provision is contrary to or inconsistent with them. Each voluntary agreement shall be construed as containing every substantive provision that these rules require, whether or not a particular provision is included in the agreement.

(e) Pursuant to subsection 708(d) of the DPA, the sponsor may establish such advisory committees as he deems to be necessary for developing or carrying out voluntary agreements. Such advisory committees shall comply with this part as well as with the requirements and procedures of the Federal Advisory Committee Act (Pub. L. 92-463, as amended).

§ 332.2 Developing voluntary agreements.

(a) Purpose and scope. This section establishes the standards and procedures by which voluntary agreements may be developed through consultation, pursuant to subsection 708(c) of the DPA.

(1) A sponsor who wishes to develop a voluntary agreement shall submit to the Attorney General and the Director of the Federal Emergency Management Agency a document proposing the agreement. The proposal will include statements as to: The purpose of the agreement; the factual basis for making the finding required in subsection 708(c)(1) of the DPA; the proposed participants in the agreement; and any coordination with other Federal agencies accomplished in connection with the proposal.

(2) The use of voluntary agreements, as authorized by section 708 of the DPA to help provide for the defense of the United States through the development of preparedness programs, is an activity coordinated by the Director of the Federal Emergency Management Agency, as provided by sections 101 and 501(a) of Executive Order 10480, as amended.

(3) The sponsor of a voluntary agreement shall carry out sponsorship functions subject to the direction and control of the Director of the Federal Emergency Management Agency.

(4) This part applies to the development and carrying out under section 708 of the DPA, as amended, of all voluntary agreements, and the carrying out of any voluntary agreement which was entered into under former section 708 of the DPA and in effect immediately prior to April 14, 1976, and which is in a period of extension as authorized by subsection 708(f)(2) of the DPA.

(5) The rules in the part void any provision of a voluntary agreement to which they apply, if that provision is contrary to or inconsistent with them. Each voluntary agreement shall be construed as containing every substantive provision that these rules require, whether or not a particular provision is included in the agreement.

(6) Pursuant to subsection 708(d) of the DPA, the sponsor may establish such advisory committees as he deems to be necessary for developing or carrying out voluntary agreements. Such advisory committees shall comply with this part as well as with the requirements and procedures of the Federal Advisory Committee Act (Pub. L. 92-463, as amended).
§ 332.3 Carrying out voluntary agreements.

(a) Purpose and scope. This section establishes the standards and procedures by which the participants in each approved voluntary agreement shall carry out the agreement.

(b) Participants. The participants in each voluntary agreement shall be reasonably representative of the appropriate industry or segment of that industry.

(c) Conduct of meetings held to carry out an agreement. (1) The sponsor of a voluntary agreement shall initiate, or approve in advance, each meeting of the participants in the agreement held to discuss problems, determine policies, recommend actions, and make decisions necessary to carry out the agreement.

(2) The sponsor shall provide to the Attorney General, the Chairman of the Federal Trade Commission, and the Director of the Federal Emergency Management Agency adequate prior notice of the time, place, and nature of each meeting, and a proposed agenda of each meeting. The sponsor shall also publish in the Federal Register, reasonably in advance of each meeting, a notice of time, place, and nature of the meeting. If the sponsor has determined, pursuant to § 332.5 of this part, to limit attendance at the meeting, the sponsor shall publish this Federal Register notice within ten days of the meeting.

(3) Any interested person may attend a meeting held to carry out a voluntary agreement unless the sponsor has restricted attendance pursuant to § 332.5 of this part. A person attending a meeting under this section may present oral or written data, views, and arguments to any limitations on the manner of presentation that the sponsor may impose.

(4) No meeting shall be held to carry out any voluntary agreement unless a Federal employee, other than an individual employed pursuant to 5 U.S.C. 3109, is in attendance. Any meeting to carry out a voluntary agreement may be attended by the sponsor of the agreement, the Attorney General, the Chairman of the Federal Trade Commission, the Director of the Federal Emergency Management Agency, or their delegates.
Federal Emergency Management Agency

(5) Notwithstanding any other provision of this section, a meeting between a single participant and the sponsor solely to deliver or exchange information is not subject to the requirements and procedures of this section, provided that a copy of the information is promptly delivered to the Attorney General, the Chairman of the Federal Trade Commission, and the Director of the Federal Emergency Management Agency.

(d) Maintenance of records. (1) The participants in any voluntary agreement shall maintain for five years all minutes of meetings, transcripts, records, documents, and other data, including any communications among themselves or with any other member of their industry, related to the carrying out of the voluntary agreement. The participants shall agree, in writing, to make available to the sponsor, the Attorney General, the Chairman of the Federal Trade Commission and the Director of the Federal Emergency Management Agency for inspection and copying at reasonable times and upon reasonable notice any item that this section requires them to maintain.

(2) Any person required by this paragraph to maintain records shall indicate specific portions, if any, that such person believes should not be disclosed to the public pursuant to §332.5 of this part, and the reasons therefor. Any item made available to a Government official named in this paragraph shall be available from that official for public inspection and copying to the extent set forth in §332.5 of this part.

§ 332.4 Termination or modifying voluntary agreements.

The Attorney General may terminate or modify a voluntary agreement, in writing, after consultation with the Chairman of the Federal Trade Commission and the sponsor of the agreement. The sponsor of the agreement, with the concurrence of or at the direction of the Director of the Federal Emergency Management Agency, may terminate or modify a voluntary agreement, in writing, after consultation with the Attorney General and the Chairman of the Federal Trade Commission. Any person who is a party to a voluntary agreement may terminate his participation in the agreement upon written notice to the sponsor. Any antitrust immunity conferred upon the participants in that agreement by subsection 708(j) of the DPA shall not apply to any act or omission occurring after the termination of the voluntary agreement. Immediately upon modification of a voluntary agreement, no antitrust immunity shall apply to any subsequent act or omission that is beyond the scope of the modified agreement.

§ 332.5 Public access to records and meetings.

(a) Interested persons may, pursuant to 5 U.S.C. 552, inspect or copy any voluntary agreement, minutes of meetings, transcripts, records, or other data maintained pursuant to these rules.

(b) Except as provided by paragraph (c) of this section, interested persons may attend any part of a meeting held to develop or carry out a voluntary agreement pursuant to these rules.

(2) Any person required by this paragraph to maintain records shall indicate specific portions, if any, that such person believes should not be disclosed to the public pursuant to §332.5 of this part, and the reasons therefor. Any item made available to a Government official named in this paragraph shall be available from that official for public inspection and copying to the extent set forth in §332.5 of this part.

PART 333—PEACETIME SCREENING

Sec.
333.1 Purpose.
333.2 Scope and applicability.
333.3 Policy.
333.4 Procedures.
333.5 Responsibilities.
§ 333.1 Purpose.
To provide procedures for eliminating conflict between key civil employment and military assignment of Ready Reservists in the event of a mobilization of the Ready Reserve.

§ 333.2 Scope and applicability.
(a) Employees are responsible for informing employers of their reserve status. If mobilization is directed, procedures in § 333.4(e) will terminate and all members of the Ready Reserve will be subject to mobilization.
(b) Employers in State and local governments and private industry should identify and inform the Department of Defense of those reservists who continue to occupy key positions in their organizations after other remedies to staff these positions with non-reserve personnel are inappropriate.

§ 333.3 Policy.
(a) Ready Reservists will be called into active military service in a national emergency. No deferment from mobilization will be granted because of civil employment.
(b) The Federal Emergency Management Agency and the Department of Defense recognize that a potential for conflict between military and civil employment could exist for Ready Reservists. They have agreed to consider changing a reservist’s assignment if they are essential civil employees. This change in status could only be made prior to a mobilization.
(c) It is in the interest of employers that key positions held by Ready Reservists be screened and appropriate steps be taken to correct military and civil assignments.

§ 333.4 Procedures.
Prior to a mobilization, State and local governments, and private industry may identify all key employees who are members of the Ready Reserve, assess impact on their organization of a call-up of Reservists, and use the following procedures as appropriate:
(a) Prepare other employees to assume the essential functions of Ready Reservists.
(b) Transfer the essential functions of Ready Reservists to other employees.
(c) Develop plans to fill positions vacated by Ready Reservists in a mobilization.
(d) Make other arrangements to have the essential functions of Ready Reservists performed.
(e) If these remedies are not appropriate, these organizations can use the criteria and procedures in Department of Defense Regulation 32 CFR part 44 on a case-by-case basis to request that particular key employees be screened out of the Ready Reserve.

§ 333.5 Responsibilities.
(a) Employers of Ready Reservists may notify the Armed Forces in order to determine if potential conflicts affecting their employees between military or civil duties warrant change in Ready Reserve status. The Department of Labor, through appropriate national and regional offices, will be available to advise State and local government and private industry in support of a mobilization and assist such entities in substantiating their claims for essential civil positions.
(b) The Department of Defense may advise civilian employers of Ready Reservists of their employees’ Ready Reserve status, including name, social security number, and other data necessary to identify Ready Reserve employees.
(c) In all cases, 32 CFR part 44 procedures shall pertain. If an organization’s request for exemption from military duties is denied by DOD and should continued conflict between DOD and employers persist on essential civil employment, on the basis of criteria adopted jointly by the Departments of Commerce, Defense, and Labor and the Federal Emergency Management Agency, then FEMA shall adjudicate the differences.
PART 334—GRADUATED MOBILIZATION RESPONSE

§ 334.1 Purpose.
(a) Provides policy guidance pursuant to the Defense Production Act of 1950, as amended, 50 U.S.C. 404; Defense Production Act of 1950, as amended, 50 U.S.C. app. 2061 et seq.; section 104(f) of Executive Order 12656; section 104(c) of Executive Order 12656; and part 2 of Executive Order 10480.
(b) Establishes a Graduated Mobilization Response (GMR) system for developing and implementing mobilization actions that are responsive to a wide range of national security threats and ambiguous or specific warning indicators. GMR provides for a coherent decision making process with which to proceed with specific responses to an identified crisis or emergency.
(c) Provides guidance to the Federal departments and agencies for developing plans that are responsive to a GMR system and for preparing costed option packages, as appropriate, to implement the plans.

§ 334.2 Policy.
(a) As established in Executive Order 12656, the policy of the United States is to have sufficient emergency response capabilities at all levels of government to meet essential defense and civilian needs during any national security emergency. Accordingly, each Federal department and agency shall prepare its national security emergency preparedness plans and programs to respond adequately and in a timely manner to all national security emergencies.
(b) As part of emergency response, the GMR system should be incorporated in each department’s and agency’s emergency preparedness plans and programs to provide appropriate and effective response options for consideration in reacting to ambiguous and specific warnings.
(c) Departments and agencies will be provided early warning information developed by the intelligence community and policy statements of the President.
(d) Emergency resource preparedness planning is essential to ensure that the nation is adequately prepared to respond to potential national emergencies. Such emergency resource preparedness planning requires an exchange of information and planning factors among the various departments and agencies responsible for different resource preparedness activities.
(e) To carry out their emergency planning activities, civilian departments and agencies require the Department of Defense’s (DOD) assessment of potential military demands that would be made on the economy in a full range of possible national security emergencies. Similarly, DOD planning should be conducted using planning regimes consistent with the policies and plans of the civilian resource departments and agencies.
(f) Under section 104(c) of Executive Order 12656, FEMA is responsible for coordinating the implementation of national emergency preparedness policy with Federal departments and agencies and with state and local governments and, therefore, is responsible for developing a system of planning procedures for integrating the emergency preparedness actions of federal, state and local governments.
(g) Federal departments and agencies shall design their preparedness measures to permit a rapid and effective transition from routine to emergency operations, and to make effective use of the period following initial indication of a probable national security emergency. This will include:
(1) Development of a system of emergency actions that defines alternatives, processes, and issues to be considered
§ 334.3 Background.

(a) The GMR system is designed to take into account the need to mobilize the Nation’s resources in response to a wide range of crisis or emergency situations. GMR is a flexible decision making process of preparedness and response actions which are appropriate to warning indicators or an event. Thus, GMR allows the government, as a whole, to take small or large, often reversible, steps to increase its national security emergency preparedness posture.

(b) Crises, especially those resulting in major military activities, always have some political or economic context. As the risks of military action increase, nations undertake more extensive preparations over a longer period of time to increase their military power. Such preparations by potential adversaries shape the nature and gravity of the threat as well as its likelihood and timing of occurrence. These measures permit the development of reliable indicators of threat at an early time in the evolution of a crisis. Depending on the nature of the situation or event and the nation involved, these early warning indicators may emanate from the political, socio-economic and/or industrial sectors.

(c) The GMR system enables the nation to approach mobilization planning and actions as part of the deterrent response capability and to use it to reduce the probability of conflict. Alternatively, if deterrence should fail, the GMR system would enable the nation to undertake a series of phased actions intended to increase its ability to meet defense and essential civilian requirements. The GMR system integrates the potential strength of the national economy into U.S. national security strategy.

§ 334.4 Definitions.

(a) Graduated Mobilization Response (GMR) is a system for integrating mobilization actions designed to respond to ambiguous and/or specific warnings. These actions are designed to mitigate the impact of an event or crisis and reduce significantly the lead time associated with full emergency action implementation.

(b) National security emergency is any occurrence, including natural disaster, military attack, technological emergency, or other emergency, that seriously degrades or threatens the national security of the United States.

(c) Mobilization is the process of marshalling resources, both civil and military, to respond to and manage a national security emergency.

(d) GMR Plans are those agency documents that describe, in general, the actions that an agency could take in the early stages of a national security emergency, or upon receipt of warning information about a possible national security emergency. These actions would be designed to mitigate the impact of, or reduce significantly, the lead times associated with full emergency action implementation. Such plans are required by section 201(4)(b) of Executive Order 12656.

(e) A Costed Option Package is a document that describes in detail a particular action that an agency could take in the early stages of a national security emergency. The general content of a GMR costed option package includes alternative response options; the resource implications of each option; shortfalls, costs, timeframes and political feasibility.

§ 334.5 GMR system description.

The GMR system contains three stages of mobilization activity (additional intermediate GMR stages may be developed). For example, a Federal department or agency might divide “Crisis Management” into two, three, or more levels as suits its needs.

(a) Stage 3, Planning and Preparation. During the planning and preparation stage, Federal departments and agencies develop their GMR plans and maintain capability to carry out their mobilization-related responsibilities in...
§ 334.6 Department and agency responsibilities.

(a) During Stage 3, each Federal department and agency with mobilization responsibilities will develop GMR plans as part of its emergency preparedness planning process in order to meet possible future crisis. Costed Option Packages will be developed for actions that may be necessary in the early warning period. Option packages will be reviewed, focused and refined during Stage 2 to meet the particular emergency.

(b) Each department and agency should identify response actions appropriate for the early stage of any crisis or emergency situation, which then will be reviewed, focused and refined in Stage 2 for execution, as appropriate. GMR plans should contain a menu of costed option packages that provide details of alternative measures that may be used in an emergency situation.

(c) FEMA will provide guidance pursuant to Executive Order 12656 and will coordinate GMR plans and option packages of DOD and the civilian departments and agencies to ensure consistency and to identify areas where additional planning or investment is needed.

(d) During Stage 2, FEMA will coordinate department and agency recommendations for action and forward them to the National Security Advisor to make certain that consistency with the overall national strategy planning is achieved.

(e) Departments and agencies will refine their GMR plans to focus on the specific crisis situation. Costed option packages should be refined to identify the resources necessary for the current crisis, action taken to obtain those resources, and GMR plans implemented consistent with the seriousness of the crisis.

(f) At Stage 1, declaration of national emergency or war, the crisis is under the control of NSC or other central authority, with GMR being integrated into partial, full or total mobilization. At this point the more traditional mechanisms of resource mobilization...
§ 334.7 Reporting.
The Director of FEMA shall provide the President with periodic assessments of the Federal departments and agencies capabilities to respond to national security emergencies and periodic reports to the National Security Council on the implementation of the national security emergency preparedness policy. Pursuant to section 201(15) of Executive Order 12656, departments and agencies, as appropriate, shall consult and coordinate with the Director of FEMA to ensure that their activities and plans are consistent with current National Security Council guidelines and policies. An evaluation of the Federal departments and agencies participation in the graduated mobilization response program may be included in these reports.

PART 335 [RESERVED]

PART 336—PREDESIGNATION OF NONINDUSTRIAL FACILITIES (NIF) FOR NATIONAL SECURITY EMERGENCY USE

Sec. 336.1 Purpose. 336.2 Applicability and scope. 336.3 Reference. 336.4 Definitions. 336.5 Background. 336.6 Policy. 336.7 Federal responsibilities. 336.8 State and local Government emergency planning agencies. 336.9 Reporting.

SOURCE: 55 FR 30458, July 26, 1990, unless otherwise noted.

§ 336.1 Purpose.
(a) This part establishes policy and procedural guidance to assist the Federal departments and agencies in the development of plans for the predesignation and assignment of nonindustrial facilities to ensure that emergency requirements can be met in time of a national security emergency.
(b) Specifically, this part provides:
(1) Policy guidance for the predesignation of nonindustrial facilities for essential needs in a national security emergency.
(2) Criteria guidance for the Federal departments and agencies to assess and select on a priority basis the nonindustrial facilities that are needed for national security emergencies.
(3) Planning guidance for the Federal departments and agencies to develop plans and programs for the usage of nonindustrial facilities and avoid or minimize disruptions of essential services during any national security emergency.

§ 336.2 Applicability and scope.
This part is applicable to all Federal departments and agencies, State and local governments and the private sector and provides policy and procedural guidance for carrying out the NIF program. The NIF program helps ensure our ability to mobilize essential nonindustrial facilities for Department of Defense (DOD) and essential civilian needs in the event of a national security emergency or contingency.

§ 336.3 Reference.
Department of Defense Directive 4165.6, Real Property Acquisition Management and Disposal, dated September 1, 1967, which may be obtained from Headquarters, U. S. Forces Command, Fort McPherson, Georgia 30330-6000, Attn: FCEN-CDP.

§ 336.4 Definitions.
(a) Agency. Agency refers to all of the Federal departments and agencies and the State and local entities participating in the NIF program to predesignate nonindustrial facilities.
(b) Allocation. Allocation means the NIF predesignation has been granted to the requesting organization.

(c) Denial. Denial means that predesignation of a NIF was not allocated due to a conflict between Federal or State NIF requests.

(d) Graduated Mobilization Response is a system for integrating mobilization actions designed to respond to ambiguous and/or specific warnings. These actions are designed to mitigate the impact of an event or crisis and reduce significantly the lead time associated with a full national emergency action implementation.

(e) National security emergency. A national security emergency is any occurrence, including natural disaster, military attack, technological emergency, or other emergency, that seriously degrades or seriously threatens the national security of the United States.

(f) Nonindustrial Facility. Nonindustrial Facility refers to a unit of real property that can be used for housing, training or another non-industrial purpose; for example hotels, motels, educational institutions, office buildings, and other real estate (excluding farms, churches or other places of worship, or private dwelling houses).

(g) Predesignation. Predesignation means the advanced identification and screening of a NIF to help ensure there will be no conflict of requirements for its use during a national security emergency.

§ 336.6 Policy.

(a) The policy of the United States is to have sufficient emergency response capabilities at all levels of government to meet essential defense and civilian needs during any national security emergency. Accordingly, each Federal Department and agency shall enhance its emergency preparedness response capabilities and plans through the use of nonindustrial facilities in national security emergencies.

(b) Federal Departments and agencies will determine their requirements for nonindustrial facilities and shall identify the specific facilities needed to meet these emergency requirements.

(c) Federal Departments and agencies will develop their nonindustrial facilities requirements and planning in conformance with Stage 3 of the Graduated Mobilization Response System to provide appropriate and effective response options for consideration in reacting to a national security emergency.

§ 336.7 Federal responsibilities.

(a) Departments and Agencies. The heads of Federal departments and agencies are responsible for:

(1) Meeting their emergency preparedness facilities requirements by developing programs for the selection and predesignation of nonindustrial facilities;

(2) Assessing essential emergency requirements and plans for the use of alternative nonindustrial facilities to meet critical demands during and following national security emergencies;

(3) Submitting the NIF requests to the FEMA Regional Director in the area where the facility is located. Copies of the applications and instructions may be obtained by writing the appropriate FEMA regional office listed in Appendix A to this part.

(4) Making the necessary arrangements with the owners and operators of the predesignated nonindustrial facility to permit a rapid and effective transition from routine to emergency operations and the effective use of nonindustrial facilities in emergency operations.

(5) Notifying the appropriate FEMA regional office that the necessary arrangements with the owners and operators for the use of nonindustrial facilities have been completed.

(b) The Federal Emergency Management Agency (FEMA). The Director of the FEMA or designee, shall:

(1) Convey national security emergency preparedness policies of the National Security Council and provide planning guidance and assistance to the Federal departments and agencies;

(2) Coordinate emergency planning programs and national security emergency preparedness activities of the Federal Government, including the NIF Program;

(3) Provide procedures and guidance for coordinating the predesignation of nonindustrial facilities;

(4) Resolve conflicting NIF requests that cannot be resolved at the regional office level and refer appropriate issues to the National Security Advisor for resolution;

(c) The FEMA Regional Directors shall:

(1) Advise and assist State and local governments and, as appropriate, private organizations on the NIF program.

(2) Seek clearance with appropriate State authorities on nonindustrial facilities selected for Federal use in their States.

(3) Coordinate arrangements between Federal departments and agencies; and with State authorities on facility predesignation and allocation.

(4) Consider the multi-use of predesignated facilities based on competing requirements for the same facility, unless single use is necessary or appropriate for the national defense.

(5) Forward to FEMA Headquarters competing NIF requests that cannot be resolved at the regional level.

(6) Provide the appropriate State emergency planning agencies with a copy of a periodic report of Predesignated Nonindustrial Facilities for their particular region.

§ 336.8 State and local Government emergency planning agencies.

(a) State and local emergency planning agencies have a crucial role to play in achieving a coordinated program to predesignate nonindustrial facilities to meet emergency requirements. Consequently, it is essential that precise plans are developed for the conditions under which each facility is to be used in order to provide efficient and effective means to accommodate civilian and military requirements in accessing nonindustrial facilities in
the event of a national security emergency, to avoid conflicting requirements between Federal, and State and local agencies.

(b) In response to requests for clearance by FEMA regional offices of designations of nonindustrial facilities by Federal departments and agencies, the appropriate State agency will review the request and provide an appropriate reply.

§ 336.9 Reporting.

The Director of FEMA may provide the President with periodic assessments of the Federal departments and agencies capability to respond to national security emergencies. Pursuant to section 201(15) of Executive Order 12656, departments and agencies, as appropriate, shall consult and coordinate with the Director of FEMA to ensure that their activities and plans are consistent with current National Security Council guidelines and policies. An evaluation of the programs of Federal departments and agencies to predesignate nonindustrial facilities may be included in this report.

APPENDIX A—FEMA REGIONAL OFFICES

The addresses for the regional office contacts for FEMA Region I through X are as follows:

FEMA Region I, Chief, Emergency Management and National Preparedness Programs Division, J.W. McCormack Post Office and Courthouse Building, Room 442, Boston, MA 02109

FEMA Region II, Chief, Emergency Management and National Preparedness Division, 26 Federal Plaza, Room 1338, New York, NY 10078

FEMA Region III, Chief, Emergency Management and National Preparedness, Liberty Square Building (Second Floor), 105 South Seventh Street, Philadelphia, PA 19106

FEMA Region IV, Chief, Emergency Management and National Preparedness Division, 1371 Peachtree Street, N.E., Suite 700, Atlanta, GA 30309

FEMA Region V, Chief, Emergency Management and National Preparedness Division, 175 West Jackson Blvd., 4th Floor, Chicago, IL 60604-2368

FEMA Region VI, Chief, Emergency Management and National Preparedness Division, Federal Regional Center, 800 N. Loop 288, Denton, TX 76201-3696

FEMA Region VII, Chief, Emergency Management and National Preparedness Division, 911 Walnut Street, Room 200, Kansas City, MO 64106

FEMA Region VIII, Chief, Emergency Management and National Preparedness Division, Denver Federal Center, Building 710, Box 25267, Denver, CO 80225-0267

FEMA Region IX, Chief, Emergency Management and National Preparedness Division, Building 108, Presidio of San Francisco, CA 94129

FEMA Region X, Chief, Emergency Management and National Preparedness Division, 130 228th Street, Southwest, Federal Regional Center, Bothell, WA 98021-9796

PARTS 337-349 [RESERVED]
§ 350.2 Definitions.

As used in this part, the following terms are defined:

(a) Director means the Director, FEMA, or designee;
(b) Regional Director means a Regional Director of FEMA, or designee;
(c) Associate Director means the Associate Director, State and Local Programs and Support, FEMA, or designee;
(d) FEMA means the Federal Emergency Management Agency;
(e) NRC means the Nuclear Regulatory Commission;
(f) EPZ means Emergency Planning Zone;
(g) Emergency Planning Zone (EPZ) is a generic area around a commercial nuclear facility used to assist in offsite emergency planning and the development of a significant response base. For commercial nuclear power plants, EPZs of about 10 and 50 miles are delineated for the plume and ingestion exposure pathways respectively.
(h) Plume Exposure Pathway refers to whole body external exposure to gamma radiation from the plume and from deposited materials and inhalation exposure from the passing radioactive plume. The duration of primary exposures could range in length from hours to days.
(i) Ingestion Exposure Pathway refers to exposure primarily from ingestion of water or foods such as milk and fresh vegetables that have been contaminated with radiation. The duration of primary exposure could range from hours to months.
(j) Full participation refers to an exercise in which: (1) State and local government emergency personnel are engaged in sufficient numbers to verify the capability to respond to the actions required by the accident scenario; (2) the integrated capability to adequately assess and respond to an accident at a commercial nuclear power plant is tested; and (3) the implementation of the observable portions of State and/or local plans is tested.
(k) Partial participation refers to the engagement of State and local government emergency personnel in an exercise sufficient to adequately test direction and control functions for protective action decisionmaking related to emergency action levels and communication capabilities among affected State and local governments and the licensee.
(l) Remedial exercise is one that tests deficiencies of previous joint exercise that are considered significant enough to impact on the public health and safety.
(m) Local government refers to boroughs, cities, counties, municipalities, parishes, towns, townships and other local jurisdictions within the plume exposure pathway EPZ when any of these entities has specific roles in emergency planning and preparedness in the EPZ.
(n) Site refers to the location at which there is one or more commercial nuclear power plants. A nuclear power plant is synonymous with a nuclear power facility.

§ 350.3 Background.

(a) On December 7, 1979, the President directed the Director of FEMA to take the lead in State and local emergency planning and preparedness activities with respect to nuclear power facilities. This included a review of the existing emergency plans both in States with operating reactors and those with plants scheduled for operation in the near future.
(b) This assignment was given to FEMA because of its responsibilities under Executive Order 12148 to establish Federal policies for and coordinate civil emergency planning, management and assistance functions and to represent the President in working with State and local governments and the private sector to stimulate vigorous participation in civil emergency preparedness programs. Under section 201 of the Disaster Relief Act of 1974 (42 U.S.C. 5131), and other statutory functions, the Director of FEMA is charged with the responsibility to develop and implement plans and programs of disaster preparedness.
(c) There are two sections in the NRC's fiscal year 1982/1983 Appropriation Authorization (Pub. L. 97-415) that pertain to the scope of this rule.

(1) Section 5 provides for the issuance of an operating license for a commercial nuclear power plant by the NRC if it is determined that there exists a State, local or utility plan which provides assurance that public health and safety is not endangered by the operation of the facility. This section would allow the NRC to issue an operating license for such plants without FEMA-approved State and local government plans.

(2) Section 11 provides for the issuance of temporary licenses for operating a utilization facility at a specific power level to be determined by the Commission, pending final action by the Commission on the application. Also, this section authorizes the NRC to issue temporary operating licenses for these facilities without the completion of the required (NRC) Commission hearing process. A petition for such a temporary license may not be filed until certain actions are completed including the submission of a State, local or utility emergency response plan for the facility.

(d) To carry out these responsibilities, FEMA is engaged in a cooperative effort with State and local governments and other Federal agencies in the development of State and local plans and preparedness to cope with the offsite effects resulting from radiological emergencies at commercial nuclear power facilities. FEMA developed and published the Federal Radiological Emergency Response Plan 50 FR 46542 Nov. 8, 1985, to provide the overall support to State and local governments, for all types of radiological incidents including those occurring at nuclear power plants.

(e) FEMA has entered into a Memorandum of Understanding (MOU) with the NRC to which it will furnish assessments, findings and determinations as to whether State and local emergency plans and preparedness are adequate and continue to be capable of implementation (e.g., adequacy and maintenance of procedures, training, resources, staffing levels and qualification and equipment adequacy). These findings and determinations will be used by NRC under its own rules in connection with its licensing and regulatory requirements and FEMA will support its findings in the NRC licensing process and related court proceedings.

(f) Notwithstanding the procedures set forth in these rules for requesting and reaching a FEMA administrative approval of State and local plans, findings and determinations on the current status of emergency preparedness around particular sites may be requested by the NRC and provided by FEMA for use as needed in the NRC licensing process. These findings and determinations may be based upon plans currently available to FEMA or furnished to FEMA by the NRC through the NRC/FEMA Steering Committee.

(g) An environmental assessment has been prepared on which FEMA has determined that this rule will not have a significant impact on the quality of the human environment.

§ 350.4 Exclusions.

The regulation in this part does not apply to, nor will FEMA apply any criteria with respect to, any evaluation, assessment or determination regarding the NRC licensee's emergency plans or preparedness, nor shall FEMA make any similar determination with respect to the integration of offsite and NRC licensee emergency preparedness except as these assessments and determinations affect the emergency preparedness of State and local governments. The regulation in this part applies only to State and local planning and preparedness with respect to emergencies at commercial nuclear power facilities and does not apply to other facilities which may be licensed by NRC, nor to United States Government-owned, non-licensed facilities nor the jurisdictions surrounding them.

§ 350.5 Criteria for review and approval of State and local radiological emergency plans and preparedness.

(a) Section 50.47 of NRC's Emergency Planning Rule (10 CFR parts 50 (appendix E) and 70 as amended) and the joint
FEMA-NRC Criteria for Preparation and Evaluation of Radiological Emergency Response Plans and Preparedness in Support of Nuclear Power Plants (NUREG-0654/FEMA-REP-1, Rev. 1, November 1980) which apply insofar as FEMA is concerned to State and local governments, are to be used in reviewing, evaluating and approving State and local radiological emergency plans and preparedness and in making any findings and determinations with respect to the adequacy of the plans and the capabilities of State and local governments to implement them. Both the planning and preparedness standards and related criteria contained in NUREG-0654/FEMA-REP-1, Rev. 1 are to be used by FEMA and the NRC in reviewing and evaluating State and local government radiological emergency plans and preparedness. For brevity, only the planning standards contained in NUREG-0654/FEMA-REP-1, Rev. 1 are presented below.

(1) Primary responsibilities for emergency response by the nuclear facility licensee, and by State and local organizations within the Emergency Planning Zones have been assigned, the emergency responsibilities of the various supporting organizations have been specifically established and each principal response organization has staff to respond to and augment its initial response on a continuous basis.

(2) On-shift facility licensee responsibilities for emergency response are unambiguously defined, adequate staffing to provide initial facility accident response in key functional areas is maintained at all times, timely augmentation of response capabilities is available and the interfaces among various onsite response activities and offsite support and response activities are specified. (This standard applies only to NRC licensees but is included here for completeness.)

(3) Arrangements for requesting and effectively using assistance resources have been made, arrangements to accommodate State and local staff at the licensee's near-site Emergency Operations Facility have been made and other organizations capable of augmenting the planned response have been identified.

(4) A standard emergency classification and action level scheme, the bases of which include facility system and effluent parameters, is in use by the nuclear facility licensee, and State and local response plans call for reliance on information provided by facility licensees for determinations of minimum initial offsite response measures.

(5) Procedures have been established for notification, by the licensee, of State and local response organizations and for the notification of emergency personnel by all response organizations; the content of initial and follow-up messages to response organizations and the public has been established; and means to provide early notification and clear instruction to the populace within the plume exposure pathway Emergency Planning Zone have been established.

(6) Provisions exist for prompt communications among principal response organizations to emergency personnel and to the public.

(7) Information is made available to the public on a periodic basis on how they will be notified and what their initial actions should be in an emergency (e.g., listening to a local broadcast station and remaining indoors), the principal points of contact with the news media for dissemination of information during an emergency (including the physical location or locations) are established in advance and procedures for coordinated dissemination of information to the public are established.

(8) Adequate emergency facilities and equipment to support the emergency response are provided and maintained.

(9) Adequate methods, systems and equipment for assessing and monitoring actual or potential offsite consequences of a radiological emergency condition are in use.

(10) A range of protective actions has been developed for the plume exposure pathway EPZ for emergency workers and the public. Guidelines for the choice of protective actions during an emergency, consistent with Federal guidance, are developed and in place and protective actions for the ingestion exposure pathway EPZ appropriate to the locale have been developed.

(11) Means for controlling radiological exposures, in an emergency, are
§ 350.7 Application by State for review and approval.

(a) A State which seeks formal review and approval by FEMA of the State's radiological emergency plan shall submit an application for such review and approval to the FEMA Regional Director of the Region in which the State is located. The application, in the form of a letter from the Governor or from such other State official as the Governor may designate, shall contain one copy of the completed State plan, including coverage of response in the ingestion exposure pathway EPZ. The application will also include plans of all appropriate local governments. The application shall specify the site or sites for which plan approval is sought. For guidance on the local government plans that should be included with an application, refer to Part I.E. NUREG-0654/FEMA-REP-1, Rev. 1, entitled Contiguous Jurisdictional Governmental Emergency Planning (see (e)). Only a State may request formal review of State or local radiological emergency plans.
(b) Generally, the plume exposure pathway EPZ for nuclear power facilities shall consist of an area about 10 miles (16 Km) in radius and the ingestion exposure pathway EPZ shall consist of an area about 50 miles (80 Km) in radius. The exact size and configuration of the EPZs surrounding a particular nuclear power facility shall be determined by State and local governments in consultation with FEMA and NRC taking into account such local conditions as demography, topography, land characteristics, access routes and local jurisdiction boundaries. The size of the EPZs may be determined by NRC in consultation with FEMA on a case-by-case basis for gas cooled reactors and for reactors with an authorized power level less than 250 Mw thermal. The plans for the ingestion exposure pathway shall focus on such actions as are appropriate to protect the public from ingesting contaminated food and water.

(c) A State may submit separately its plans for the EPZs and the local government plans related to individual nuclear power facilities. The purpose of separate submissions is to allow approval of a State plan, and of the plans necessary for specific nuclear power facilities in a multiple-facility State, while not approving or acting on the plans necessary for other nuclear power facilities within the State. If separate submissions are made, appropriate adjustments in the State plan may be necessary. In any event, FEMA approval of State plans and appropriate local government plans shall be site specific.

(d) The applications shall contain a statement that the State plan, together with the appropriate local plans, is, in the opinion of the State, adequate to protect the public health and safety of its citizens living within the emergency planning zones for the nuclear power facilities included in the submission by providing reasonable assurance that State and local governments can and intend to effect appropriate protective measures offsite in the event of a radiological emergency.

(e) FEMA and the States will make suitable arrangements in the case of overlapping or adjacent jurisdictions to permit an orderly assessment and approval of interstate or interregional plans.

§ 350.8 Initial FEMA action on State plan.

(a) The Regional Director shall acknowledge in writing within ten days the receipt of the State application.

(b) FEMA shall publish a notice signed by the Regional Director or designee in the Federal Register within 30 days after receipt of the application, that an application from a State has been received and that copies are available at the Regional Office for review and copying in accordance with 44 CFR 5.26.

(c) The Regional Director shall furnish copies of the plan to members of the RAC for their analysis and evaluation.

(d) The Regional Director shall make a detailed review of the State plan, including those of local governments, and assess the capability of State and local governments to effectively implement the plan (e.g., adequacy and maintenance of procedures, training, resources, staffing levels and qualification and equipment adequacy). Evaluation and comments of the RAC members will be used as part of the review process.

(e) In connection with the review, the Regional Director may make suggestions to States concerning perceived gaps or deficiencies in the plans, and the State may amend the plan at any time prior to forwarding to the Associate Director of FEMA.

(f) Two conditions for FEMA approval of State plans (including local government plans) are the requirements for an exercise (see §350.9), and for public participation (see §§350.9 and 350.10). These activities occur during the Regional review and prior to the forwarding of the plan to the Associate Director.

§ 350.9 Exercises.

(a) Before a Regional Director can forward a State plan to the Associate Director for approval, the State, together with all appropriate local governments, must conduct a joint exercise of that State plan, involving full
participation\(^1\) of appropriate local government entities, the State and the appropriate licensee of the NRC. To the extent achievable, this exercise shall include participation by appropriate Federal agencies. This exercise shall be observed and evaluated by FEMA and by representatives of other Federal agencies with membership on the RACs and by NRC with respect to licensee response. Within 48 hours of the completion of the exercise, a briefing involving the exercise participants and Federal observers shall be conducted by the Regional Director to discuss the preliminary results of the exercise. If the exercise discloses any deficiencies in the State and local plans, or the ability of the State and local governments to implement the plans, the FEMA representatives shall make them known promptly in writing to appropriate State officials. To the extent necessary, the State shall amend the plan to incorporate recommended changes or improvements or take other corrective measures, such as remedial exercises,\(^2\) to demonstrate to the Regional Director that identified weaknesses have been corrected.

(b) The Regional Director shall be the FEMA official responsible for certifying to the Associate Director that an exercise of the State plan has been conducted, and that changes and corrective measures in accordance with paragraph (a) of this section have been made.

(c) State and local governments that have fully participated in a joint exercise within one year prior to the effective date of this final rule will have continuing approval of their radiological emergency plans and preparedness by following the frequency indicated in paragraphs (c) (1) through (4) of this section. State and local governments that have not fully participated in a joint exercise within one year prior to the effective date of this final rule will follow the frequency indicated in paragraphs (c) (1) through (4) of this section after completion of a joint exercise in which they have fully participated. If, in developing exercise schedules with State and local governments to implement the requirements in paragraphs (c) (1) through (4) of this section, the Regional Director finds that unusual hardships would result, he may seek relief from the Associate Director.

(1) Each State which has a commercial nuclear power site within its boundaries or is within the 10-mile plume exposure pathway Emergency Planning Zone of such site shall fully participate in an exercise jointly with the nuclear power plant licensee and appropriate local governments at least every two years.

(2) Each State with multiple sites within its boundaries shall fully participate in a joint exercise at some site on a rotational basis at least every 2 years. When not fully participating in an exercise at a site, the State shall partially participate\(^2\) at that site to support the full participation of appropriate local governments. Priority shall be given to new facilities seeking an operating license from the NRC and which have not fully participated in a joint exercise involving the State, local governments and the licensee at that site. State and local governments will coordinate the scheduling of these exercises with the appropriate FEMA and NRC Regional Offices and the affected licensees.

(3) Each appropriate local government which has a site within its boundaries or is within the 10-mile emergency planning zone shall fully participate in a joint exercise with the licensee and the State at least every two years. For those local governments that have planning and preparedness responsibilities for more than one facility, the Regional Director may seek an exemption from this requirement by recommending alternative arrangements for approval by the Associate Director.

(4) States within the 50-mile emergency planning zone of a site shall exercise their plans and preparedness related to ingestion exposure pathway measures at least once every five years in conjunction with a plume exposure pathway exercise for that site.

(5) Remedial exercises may be required to correct deficiencies observed

---

\(^1\)See §350.2 for definitions of “full participation” and “remedial exercises”.

\(^2\)See §350.2 for definition of “partial exercise”.
§ 350.10 Public meeting in advance of FEMA approval.

(a) During the FEMA Regional Office review of a State plan and prior to the submission by the Regional Director of the evaluation of the plan and exercise to the Associate Director, the FEMA Regional Director shall assure that there is at least one public meeting conducted in the vicinity of the nuclear power facility. The purpose of such a meeting, which may be conducted by the State or by the Regional Director, shall be to:

(1) Acquaint the members of the public in the vicinity of each facility with the content of the State and related local plans, and with the conduct of the joint exercise which tested the plans;

(2) Answer any questions about FEMA review of the plan and the exercise;

(3) Receive suggestions from the public concerning improvements or changes that may be necessary; and

(4) Describe to the public the way in which the plan is expected to function in the event of an actual emergency.

(b) The Regional Director should assure that representatives from appropriate State and local government agencies, and the affected utility appear at such meetings to make presentations and to answer questions from the public. The public meeting should be held after the first joint (utility, State and local governments) exercise at a time mutually agreed to by State and local authorities, licensee and FEMA and NRC Regional officials. This meeting shall be noticed in the local newspaper with the largest circulation in the area, or other such media as the Regional Director may select, on at least two occasions, one of which is at least two weeks before the meeting takes place and the other is within a few days of the meeting date. Local radio and television stations should be notified of the scheduled meeting at least one week in advance. Representatives from NRC and other appropriate Federal agencies should also be invited to participate in these meetings. If, in the judgment of the FEMA Regional Director, the public meeting or meetings reveal deficiencies in the State plan and/or the joint exercise, the Regional Director shall inform the State
Federal Emergency Management Agency § 350.12

§ 350.12 FEMA Headquarters review and approval.

(a) Upon receipt from a Regional Director of a State plan, the Associate Director shall conduct such review of the State plan as he or she shall deem necessary. The Associate Director shall arrange for copies of the plan, together with the Regional Director's evaluation, to be made available to the members of the Federal Radiological Preparedness Coordinating Committee (FRPCC) and to other offices of FEMA with appropriate guidance relative to any assistance that may be needed in the FEMA review and approval process.

(b) If, after formal submission of the State plan and the Regional Director's evaluation, the Associate Director determines that the State plans and preparedness:

(1) Are adequate to protect the health and safety of the public living in the vicinity of the nuclear power facility by providing reasonable assurance that appropriate protective measures can be taken offsite in the event of a radiological emergency; and

(2) Are capable of being implemented (e.g., adequacy and maintenance of procedures, training, resources, staffing levels and qualification and equipment adequacy); the Associate Director shall approve in writing the State plan. The Associate Director shall concurrently communicate this FEMA approval to the Governor of the State(s) in question, the NRC and the pertinent Regional Director(s) and immediately shall publish in the FEDERAL REGISTER a notice of this effect.

(c) If, after formal submission of the State plan, the Associate Director is not satisfied with the adequacy of the plan or preparedness with respect to a particular site, he or she shall concurrently communicate that decision to the Governor(s) of the State(s), the NRC and the pertinent Regional Director(s), together with a statement in writing explaining the reasons for the decision and requesting appropriate plan or preparedness revision. Such statement shall be transmitted to the Governor(s) through the appropriate Regional Director(s). The Associate Director shall immediately publish a notice to this effect in the FEDERAL REGISTER.

(d) The approval shall be of the State plan together with the local plans for each nuclear power facility (including out-of-State facilities) for which approval has been requested. FEMA may withhold approval of plans applicable to a specific nuclear power facility in a multi-facility State, but nevertheless approve the State plan and associated local plans applicable to other facilities in a State. Approval may be withheld for a specific site until plans for all jurisdictions within the emergency include
§ 350.13 Withdrawal of approval.

(a) If, at any time after granting approval of a State plan, the Associate Director determines, on his or her own initiative, motion or on the basis of information another person supplied, that the State or local plan is no longer adequate to protect public health and safety by providing reasonable assurance that appropriate protective measures can be taken, or is no longer capable of being implemented, he or she shall immediately advise the Governor of the affected State, through the appropriate Regional Director and the NRC of that initial determination in writing. FEMA shall spell out in detail the reasons for its initial determination, and shall describe the deficiencies in the plan or the preparedness of the State. If, after four months from the date of such an initial determination, the State in question has not either:

(1) Corrected the deficiencies noted, or (2) submitted an acceptable plan for correcting those deficiencies, the Associate Director shall withdraw approval and shall immediately inform the NRC and the Governor of the affected State, of the determination to withdraw approval and shall publish in the FEDERAL REGISTER and the local newspaper having the largest daily circulation in the affected State notice of its withdrawal or approval. The basis upon which the Associate Director makes the determination for withdrawal of approval is the same basis used for reviewing plans and exercises, i.e., the planning standards and related criteria in NUREG0654/FEMA/REP-1, Rev. 1.

(b) In the event that the State in question shall submit a plan for correcting the deficiencies, the Associate Director shall negotiate a schedule and a timetable under which the State shall correct the deficiencies. If, on the agreed upon date, the deficiencies have been corrected, the Associate Director shall withdraw the initial determination and the approval previously granted shall remain valid. He or she shall inform the Governor(s), the NRC, the pertinent Regional Directors(s) and notify the public as stated in paragraph (a) of this section. If, however, on the agreed upon date, the deficiencies are not corrected, FEMA shall withdraw its approval and shall communicate its decision to the Governor of the State whose plan is in question, the NRC, the appropriate Federal agencies and notify the public as indicated above.

(c) Within 30 days after the date of notification of withdrawal of approval of a State or local plan, any interested person may appeal the decision of the Associate Director to the Director; however, such an appeal must be made solely upon the ground that the Associate Director’s decision, based on the available record, was unsupported by substantial evidence. (See § 350.15 for appeal procedures.)

§ 350.14 Amendments to State plans.

(a) The State may amend a plan submitted to FEMA for review and approval under § 350.7 at any time during the review process or may amend a plan at any time after FEMA approval has been granted under § 350.12. A State must amend its plan in order to extend the coverage of the plan to any new nuclear power facility which becomes operational after a FEMA approval or in case of any other significant change. The State plan shall remain in effect as approved while any significant change is under review.

(b) A significant change is one which involves the evaluation and assessment of a planning standard or which involves a matter which, if presented with the plan, would need to have been considered by the Associate Director in making a decision that State or local plans and preparedness are:

(1) Adequate to protect the health and safety of the public living in the
Federal Emergency Management Agency

§ 351.1 Purpose.

This part sets out Federal agency roles and assigns tasks regarding Federal assistance to State and local governments in their radiological emergency planning and preparedness activities. Assignments in this part are applicable to radiological accidents at fixed nuclear facilities and transportation accidents involving radioactive materials.
§ 351.2 Scope.

The emergency planning and preparedness responsibilities covered by this part relate to consequences and activities which extend beyond the boundaries of any fixed nuclear facility with a potential for serious consequences and the area affected by a transportation accident involving radioactive materials.

§ 351.3 Limitation of scope.

(a) This part covers Federal agency assignments and responsibilities in connection with State and local emergency plans and preparedness measures. It does not set forth criteria used in the review and approval of these plans and does not include any of the requirements associated with FEMA findings and determinations on the adequacy of State and local government radiological emergency preparedness. FEMA has published a separate rule on procedures and criteria for reviewing and approving these plans and preparedness capabilities. Furthermore, this part does not set forth Federal agency responsibilities or capabilities for responding to an accident at a fixed nuclear facility or a transportation accident involving radioactive materials. These responsibilities are addressed in the “Federal Radiological Emergency Response Plan” (50 FR 46542, November 8, 1985).

(b) Nothing in this part authorizes access to or disclosure of classified information required to be protected in accordance with Federal law or regulation in the interest of national security.

Subpart B—Federal Radiological Preparedness Coordinating Committee and Regional Assistance Committees

§ 351.10 Establishment of committees.

(a) The Federal Radiological Preparedness Coordinating Committee (FRPCC) consists of the Federal Emergency Management Agency, which chairs the Committee, Nuclear Regulatory Commission, Environmental Protection Agency, Department of Health and Human Services, Department of Energy, Department of Transportation, Department of Defense, United States Department of Agriculture, Department of Commerce and, where appropriate and on an ad hoc basis, other Federal departments and agencies. In chairing the committee, FEMA will be responsible for assuring that all agency assignments described in this rule are coordinated through the Committee and carried out with or on behalf of State and local governments.

(b) The Regional Assistance Committees (RACs), one in each of 10 standard Federal regions, consist of a FEMA Regional Representative who chairs the Committee and representatives from the Nuclear Regulatory Commission, Environmental Protection Agency, Department of Health and Human Services, Department of Energy, Department of Transportation, United States Department of Agriculture, Department of Commerce and other Federal departments and agencies such as the Department of Defense, as appropriate. The FEMA Chairperson of the RACs will provide guidance and orientation to other agency members to assist them in carrying out their functions.

§ 351.11 Functions of committees.

(a) The FRPCC shall assist FEMA in providing policy direction for the program of Federal assistance to State and local governments in their radiological emergency planning and preparedness activities. The FRPCC will establish subcommittees to aid in carrying out its functions; e.g., research, training, emergency instrumentation, transportation, information, education and Federal response. The FRPCC will assist FEMA in resolving issues relating to granting of final FEMA approval of a State plan. The FRPCC will coordinate research and study efforts of its member agencies related to State and local government radiological

1[1 (Boston); II (New York); III (Philadelphia); IV (Atlanta); V (Chicago); VI (Dallas); VII (Kansas City); VIII (Denver); IX (San Francisco) and X (Seattle).]
emergency preparedness to assure minimum duplication and maximum benefits to State and local governments. The FRPCC will also assure that the research efforts of its member agencies are coordinated with the Interagency Radiation Research Committee.

(b) The RACs will assist State and local government officials in the development of their radiological emergency plans and will review these plans and observe exercises to evaluate adequacy of the plans. Each Federal agency member of the RACs will support the functions of these committees by becoming knowledgeable of Federal planning and guidance related to State and local radiological emergency plans, of their counterpart State organizations and personnel, where their agency can assist in improving the preparedness and by participating in RAC meetings.

Subpart C—Interagency Assignments

§ 351.20 The Federal Emergency Management Agency.

(a) Establish policy and provide leadership via the FRPCC in the coordination of all Federal assistance and guidance to State and local governments for developing, reviewing, assessing and testing the State and local radiological emergency plans.

(b) Issue guidance in cooperation with other Federal agencies concerning their responsibilities for providing radiological emergency planning and preparedness assistance to State and local governments.

(c) Foster cooperation of industry, technical societies, Federal agencies and other constituencies in the radiological emergency planning and preparedness of State and local governments.

(d) Develop and promulgate preparedness criteria and guidance to State and local governments, in coordination with other Federal agencies, for the preparation, review and testing of State and local radiological emergency plans.

(e) Provide assistance to State and local governments in the preparation, review and testing of radiological emergency plans.

(f) Assess, with the assistance of other Federal agencies, the adequacy of State and local government emergency plans and the capability of the State and local government officials to implement them (e.g., adequacy and maintenance of equipment, procedures, training, resources, staffing levels and qualifications) and report the findings and determinations to NRC.

(g) Review and approve State radiological emergency plans and preparedness in accordance with FEMA procedures in 44 CFR part 350.

(h) Develop, implement and maintain a program of public education and information to support State and local radiological emergency plans and preparedness.

(i) Develop and manage a radiological emergency response training program to meet State and local needs, using technical expertise and resources of other involved agencies. Develop and field test exercise materials and coordinate the Federal assistance required by States and localities in conducting exercises, including guidance for Federal observers.

(j) Develop, with NRC and other Federal Agencies, representative scenarios from which NRC licensed facility operators and State and local governments may select for use in testing and exercising radiological emergency plans.

(k) Issue guidance for establishment of State and local emergency instrumentation systems for radiation detection and measurement.

(l) Provide guidance and assistance, in coordination with NRC and HHS, to State and local governments concerning the storage and distribution of radioprotective substances and prophylactic use of drugs (e.g., potassium iodide) to reduce the radiation dose to specific organs as a result of radiological emergencies.

§ 351.21 The Nuclear Regulatory Commission.

(a) Assess NRC nuclear facility (e.g., commercial power plants, fuel processing centers and research reactors) licensee emergency plans for adequacy to protect the health and safety of the public.
§ 351.22 The Environmental Protection Agency.

(a) Establish Protective Action Guides (PAGs) for all aspects of radiological emergency planning in coordination with appropriate Federal agencies.

(b) Where not already established, determine, in cooperation with other Federal agencies, the appropriate planning bases for NRC licensed nuclear facilities including distances, times and radiological characteristics.

(c) Assist FEMA in developing and promulgating guidance to State and local governments for the preparation of radiological emergency plans.

(d) Assist FEMA in the development, implementation and presentation to the extent that resources permit of training programs for Federal, State and local radiological emergency preparedness personnel.

(e) Assist FEMA in providing guidance and assistance to State and local governments concerning the storage and distribution of radioprotective substances and prophylactic use of drugs (e.g., potassium iodide) to reduce the radiation dose to specific organs as a result of radiological emergencies.

§ 351.22 The Environmental Protection Agency.

(a) Establish Protective Action Guides (PAGs) for all aspects of radiological emergency planning in coordination with appropriate Federal agencies.

(b) Where not already established, determine, in cooperation with other Federal agencies, the appropriate planning bases for NRC licensed nuclear facilities including distances, times and radiological characteristics.

(c) Assist FEMA in developing and promulgating guidance to State and local governments for the preparation of radiological emergency plans.

(d) Assist FEMA in the development, implementation and presentation to the extent that resources permit of training programs for Federal, State and local radiological emergency preparedness personnel.

(e) Assist FEMA in providing guidance and assistance to State and local governments concerning the storage and distribution of radioprotective substances and prophylactic use of drugs (e.g., potassium iodide) to reduce the radiation dose to specific organs as a result of radiological emergencies.

§ 351.22 The Environmental Protection Agency.

(a) Establish Protective Action Guides (PAGs) for all aspects of radiological emergency planning in coordination with appropriate Federal agencies.

(b) Where not already established, determine, in cooperation with other Federal agencies, the appropriate planning bases for NRC licensed nuclear facilities including distances, times and radiological characteristics.

(c) Assist FEMA in developing and promulgating guidance to State and local governments for the preparation of radiological emergency plans.

(d) Assist FEMA in the development, implementation and presentation to the extent that resources permit of training programs for Federal, State and local radiological emergency preparedness personnel.

(e) Assist FEMA in providing guidance and assistance to State and local governments concerning the storage and distribution of radioprotective substances and prophylactic use of drugs (e.g., potassium iodide) to reduce the radiation dose to specific organs as a result of radiological emergencies.

§ 351.22 The Environmental Protection Agency.

(a) Establish Protective Action Guides (PAGs) for all aspects of radiological emergency planning in coordination with appropriate Federal agencies.

(b) Where not already established, determine, in cooperation with other Federal agencies, the appropriate planning bases for NRC licensed nuclear facilities including distances, times and radiological characteristics.

(c) Assist FEMA in developing and promulgating guidance to State and local governments for the preparation of radiological emergency plans.

(d) Assist FEMA in the development, implementation and presentation to the extent that resources permit of training programs for Federal, State and local radiological emergency preparedness personnel.

(e) Assist FEMA in providing guidance and assistance to State and local governments concerning the storage and distribution of radioprotective substances and prophylactic use of drugs (e.g., potassium iodide) to reduce the radiation dose to specific organs as a result of radiological emergencies.
(g) Provide representation to and support for the FRPCC and the RACs.
(h) Assist FEMA in developing representative scenarios from which nuclear facility operators and State and local governments may select for use in testing and exercising radiological emergency plans.
(i) Assist FEMA in the development, implementation and maintenance of public information and education programs.

§ 351.23 The Department of Health and Human Services.

(a) Develop and specify protective actions and associated guidance to State and local governments for human food and animal feed (in cooperation with the Environmental Protection Agency).
(b) Provide guidance and assistance to State and local governments in preparing programs related to mental health, behavioral disturbances and epidemiology associated with radiological emergencies.
(c) Assist FEMA in the development, implementation and maintenance of public information and education programs to support State and local government radiological emergency plans and preparedness.
(d) Assist FEMA with the development, implementation and presentation to the extent that resources permit of a radiological emergency training program to support State and local government personnel in accident assessment, protective actions and decisionmaking.
(e) Develop and assist in providing the requisite training programs for State and local health, mental health and social service agencies.
(f) Provide guidance to State and local governments on the use of radioprotective substances and prophylactic use of drugs (e.g., potassium iodide) to reduce the radiation dose to specific organs including dosage and projected radiation exposures at which such drugs should be used.
(g) Assist FEMA in developing and promulgating guidance to State and local governments for the preparation of radiological emergency plans.
(h) Assist FEMA in developing their radiological emergency plans, evaluating exercises to test plans and evaluating the plans and preparedness.
(i) Provide representation to and support for the FRPCC and the RACs.
(j) Assist FEMA in developing representative scenarios from which nuclear facility operators and State and local governments may select for use in testing and exercising radiological emergency plans.
(k) Assist FEMA in the development of guidance for State and local governments on emergency instrumentation systems for radiation detection and measurement.
(l) Assist, in cooperation with the United States Department of Agriculture (USDA), the State and local governments in the planning for the safe production, during radiological emergencies, of human food and animal feed in the emergency planning zones around fixed nuclear facilities.
(m) Assist FEMA, through the Interagency Radiation Research Committee, chaired by the Department of Health and Human Services, in the coordination of Federal research efforts, primarily in areas related to the bioeffects of radiation, applicable to State and local plans and preparedness.

§ 351.24 The Department of Energy.

(a) Determine the appropriate planning bases for the Department of Energy (DOE) owned and contractor operated nuclear facilities (e.g., research and weapon production facilities) including distances, time and radiological characteristics.
(b) Assess DOE nuclear facility emergency plans for adequacy in contributing to the health and safety of the public.
(c) Verify that DOE nuclear facility emergency plans can be adequately implemented (e.g., adequacy and maintenance of equipment, procedures, training, resources, staffing levels and qualifications).
(d) Assist State and local governments, within the constraints of national security and in coordination with FEMA, in the preparation of those portions of their radiological emergency plans related to DOE owned and
§ 351.25 The Department of Transportation.

(a) Assist FEMA, along with NRC, in the preparation and promulgation of guidance to State and local governments for their use in developing the transportation portions of radiological emergency plans.

(b) Assist FEMA in its review and approval of State and local radiological emergency plans and in the evaluation of exercises to test such plans.

(c) Provide guidance and materials for use in training emergency services and other response personnel for transportation accidents involving radioactive materials and participate in interagency planning for such training.

(d) Provide representation to and support for the FRPCC and the RACs.

§ 351.26 The United States Department of Agriculture.

(a) Assist FEMA in developing and promulgating guidance to State and local governments for the preparation of radiological emergency plans.

(b) Participate with FEMA in assisting State and local governments in developing their radiological emergency plans, evaluating exercises to test plans and reviewing and evaluating the plans and preparedness.

(c) Assist State and local governments in preparing to implement protective actions in food ingestion pathway emergency planning zones around fixed nuclear facilities.

(d) Develop, in coordination with FEMA, the HHS and other Federal agencies, guidance for assisting State and local governments in the production, processing and distribution of food resources under radiological emergency conditions.

(e) Assist FEMA with the development, implementation and presentation to the extent that resources permit of training programs of Federal, State and local radiological emergency personnel.

(f) Provide representation to and support for the FRPCC and the RACs.

§ 351.27 The Department of Defense.

(a) Determine appropriate planning bases for Department of Defense (DOD) nuclear facilities and installations.
(e.g., missile bases, nuclear submarine facilities and weapon storage sites) including distances, time and radiological characteristics.

(b) Develop, with FEMA, representative scenarios from which DOD nuclear facility commanders and State and local governments may select for use in testing and exercising radiological emergency plans.

(c) Assist State and local governments, within the constraints of national security and in coordination with FEMA, in the development, review and assessment of those portions of their radiological emergency plans related to DOD nuclear facilities and assist State officials with planning for response to accidents involving DOD controlled radioactive materials in transit.

(d) Provide representation to and support for the FRPCC and the RACs when appropriate.

§ 351.28 The Department of Commerce.

(a) Assist State and local governments in determining their requirements for meteorological and hydrological services for radiological emergencies and assist State and local governments in preparing to meet these requirements within the limits of available resources.

(b) Assist FEMA in developing and promulgating guidance to State and local governments for the preparation of radiological emergency plans.

(c) Participate with FEMA in assisting State and local governments in developing their radiological emergency plans, evaluating exercises to test plans and evaluating the plans and preparedness.

(d) Assist FEMA with the development, implementation and presentation to the extent that resources permit of technical training for State and local officials in the use of meteorological information in responding to radiological emergencies.

(e) Provide representation to and support for the FRPCC and the RACs.

(f) Assist FEMA in the development of guidance for State and local governments on the exposure and location of emergency instrumentation systems for radiation detection and measurement.

(g) The Federal Coordinator for Meteorological Services and Supporting Research will, consistent with the provisions of the Office of Management and Budget Circular A-62, serve as the coordinating agent for any multi-agency meteorological aspects of assisting State and local governments in their radiological emergency planning and preparedness.

PART 352—COMMERCIAL NUCLEAR POWER PLANTS: EMERGENCY PREPAREDNESS PLANNING

Sec.

352.1 Definitions.
352.2 Scope, purpose and applicability.

Subpart A—Certifications and Determinations

352.3 Purpose and scope.
352.4 Licensee certification.
352.5 FEMA action on licensee certification.
352.6 FEMA determination on the commitment of Federal facilities and resources.
352.7 Review and evaluation.

Subpart B—Federal Participation

352.20 Purpose and scope.
352.21 Participating Federal agencies.
352.22 Functions of the Federal Radiological Preparedness Coordinating Committee (FRPCC).
352.23 Functions of a Regional Assistance Committee (RAC).
352.24 Provision of technical assistance and Federal facilities and resources.
352.25 Limitation on committing Federal facilities and resources for emergency preparedness.
352.26 Arrangements for Federal response in the licensee offsite emergency response plan.
352.27 Federal role in the emergency response.
352.28 Reimbursement.
352.29 Appeal process.

SOURCE: 54 FR 31925, Aug. 2, 1989, unless otherwise noted.
§ 352.1 Definitions.

As used in this part, the following terms and concepts are defined:

(a) Associate Director means the Associate Director, State and Local Programs and Support, FEMA or designee.
(b) Director means the Director, FEMA or designee.
(c) EPZ means Emergency Planning Zone.
(d) FEMA means the Federal Emergency Management Agency.
(e) NRC means the Nuclear Regulatory Commission.
(f) Regional Director means the Regional Director of FEMA or designee.
(g) Local government means boroughs, cities, counties, municipalities, parishes, towns, townships or other local jurisdictions within the plume and ingestion exposure pathway EPZs that have specific roles in emergency planning and preparedness.
(h) Decline or fail means a situation where State or local governments do not participate in preparing offsite emergency plans or have significant planning or preparedness inadequacies and have not demonstrated the commitment or capabilities to correct those inadequacies in a timely manner so as to satisfy NRC licensing requirements.
(i) Governor means the Governor of a State or his/her designee.
(j) Certification means the written justification by a licensee of the need for Federal compensatory assistance. This certification is required to activate the Federal assistance under this part.
(k) Responsible local official means the highest elected official of an appropriate local government.
(l) Technical assistance means services provided by FEMA and other Federal agencies to facilitate offsite radiological emergency planning and preparedness such as: Provision of support for the preparation off site radiological emergency response plans and procedures; FEMA coordination of services from other Federal agencies; provision and interpretation of Federal guidance; provision of Federal and contract personnel to offer advice and recommendations for specific aspects of preparedness such as alert and notification and emergency public information.
(m) Federal facilities and resources means personnel, property (land, buildings, vehicles, equipment), and operational capabilities controlled by the Federal government related to establishing and maintaining radiological emergency response preparedness.
(n) Licensee means the utility which has applied for or has received a license from the NRC to operate a commercial nuclear power plant.
(o) Reimbursement means the payment to FEMA/Federal agencies, jointly or severally, by a licensee and State and local governments for assistance and services provided in processing certifications and implementing Federal compensatory assistance under this part.
(p) Host FEMA Regional Office means the FEMA Regional Office that has primary jurisdiction by virtue of the nuclear power plant being located within its geographic boundaries.
(q) Command and control means making and issuing protective action decisions and directing offsite emergency response resources, agencies, and activities.

§ 352.2 Scope, purpose and applicability.

(a) This part applies whenever State or local governments, either individually or together, decline or fail to prepare commercial nuclear power plant offsite radiological emergency preparedness plans that are sufficient to satisfy NRC licensing requirements or to participate adequately in the preparation, demonstration, testing, exercise, or use of such plans. In order to request the assistance provided for in this part, an affected nuclear power plant applicant or licensee shall certify in writing to FEMA that the above situation exists.
(b) The purposes of this part are as follows: (1) To establish policies and procedures for the submission of a licensee certification for Federal assistance under Executive Order 12657; (2) set forth policies and procedures for FEMA’s determination to accept, accept with modification, or reject the licensee certification; (3) establish a
Federal Emergency Management Agency § 352.5

framework for providing Federal assistance to licensees; and (4) provide procedures for the review and evaluation of the adequacy of offsite radiological emergency planning and preparedness. Findings and determinations on offsite planning and preparedness made under this part are provided to the NRC for its use in the licensing process.

(c) This part applies only in instances where Executive Order 12657 is used by a licensee and its provisions do not affect the validity of the emergency preparedness developed by the licensee independent of or prior to Executive Order 12657.

Subpart A—Certifications and Determinations

§ 352.3 Purpose and scope.

This subpart establishes policies and procedures for submission by a commercial nuclear power plant licensee of a certification for Federal assistance under Executive Order 12657. It contains policies and procedures for FEMA’s determinations, with respect to a certification. It establishes a framework for providing Federal assistance to licensees. It also provides procedures for review and evaluation of the adequacy of licensee offsite radiological emergency planning and preparedness.

§ 352.4 Licensee certification.

(a) A licensee which seeks Federal assistance under this part shall submit a certification to the host FEMA Region Director that a decline or fail situation exists. The certification shall be in the form of a letter from the chief executive officer of the licensee. The contents of this letter shall address the provisions set forth in paragraphs (b) and (c) of this section.

(b) The licensee certification shall delineate why such assistance is needed based on the criteria of decline or fail for the relevant State or local government.

(c) The licensee certification shall document requests to and responses from the Governor(s) or responsible local official(s) with respect to the efforts taken by the licensee to secure their participation, cooperation, commitment of resources or timely correction of planning and preparedness failures.

(Approved by the Office of Management and Budget (OMB) under control number 3067-0201)

§ 352.5 FEMA action on licensee certification.

(a) Upon receiving a licensee certification, the host Regional Director shall immediately notify FEMA Headquarters of the licensee certification. Within 5 days the host Regional Director shall notify the Governor of an affected State and the chief executive officer of any local government that a certification has been received, and make a copy of the certification available to such persons. Within 10 days, the host Regional Director shall acknowledge in writing the receipt of the certification to the licensee.

(b) Within 15 days of receipt of the certification, the Regional Director shall publish a notice in the FEDERAL REGISTER that a certification from the licensee has been received, and that copies are available at the Regional Office for review and copying in accordance with 44 CFR 5.26.

(c) FEMA Headquarters shall notify the NRC of receipt of the certification and shall request advice from the NRC on whether a decline or fail situation exists.

(d) State and local governments may submit written statements to the host Regional Director outlining their position as to the facts stated in the letter of certification. Such statements shall be submitted to FEMA within 10 days of the date of notification provided to State and local government under §352.5(a). Any such statements shall be a part of the record and will be considered in arriving at recommendations or determinations made under the provisions of this part.

(e) The host FEMA Regional Office shall provide, after consulting with State and responsible local officials, a recommended determination on whether a decline or fail situation exists to the FEMA Associate Director within 30 days of receipt of the licensee certification.

599
§ 352.6 FEMA determination on the commitment of Federal facilities and resources.

(a) A licensee request for Federal facilities and resources shall document the licensee's maximum feasible use of its resources and its efforts to secure the use of State and local government and volunteer resources.

(b) Upon a licensee request for Federal facilities and resources, FEMA headquarters shall notify NRC and request advice from the NRC as to whether the licensee has made maximum use of its resources and the extent to which the licensee has complied with 10 CFR 50.47(c)(1). The host FEMA Regional Director shall make a recommendation to the FEMA Associate Director on whether the provision of these facilities and resources is warranted. The FEMA Associate Director shall make a final determination as to whether Federal facilities and resources are needed.

(c) In making the determination under paragraph (b) of this section, FEMA:

(1) Shall work actively with the licensee, and before relying upon any Federal resources, shall make maximum feasible use of the licensee's own resources, which may include agreements with volunteer organizations and other government entities and agencies; and

(2) Shall assume that, in the event of an actual radiological emergency or disaster, State and local authorities would contribute their full resources and exercise their authorities in accordance with their duties to protect the public and would act generally in conformity with the licensee's radiological emergency preparedness plan.

(d) The FEMA Associate Director shall make a determination on the need for and commitment of Federal facilities and resources. The FEMA determination shall be made in consultation with affected Federal agencies and in accordance with 44 CFR 352.21. FEMA shall inform the licensee, the States and affected local governments in writing of the Federal support which will be provided. This information shall identify Federal agencies that are to provide Federal support, the extent and purpose of the support to be provided, the Federal facilities and resources to be committed and the limitations on their use. The provision of the identified Federal support shall be made under the policies and procedures of subpart B of this part.

§ 352.7 Review and evaluation.

FEMA shall conduct its activities and make findings under this part in a manner consistent with 44 CFR part 350 to the extent that those procedures are appropriate and not inconsistent with the intent and procedures required by E.O. 12657. This Order shall take precedence, and any inconsistencies shall be resolved under the procedures in the NRC/FEMA Memorandum of Understanding (MOU) on planning and preparedness. (50 FR 15485, April 18, 1985)

Subpart B—Federal Participation

§ 352.20 Purpose and scope.

This subpart establishes policy and procedures for providing support for offsite radiological emergency planning and preparedness in a situation where Federal support under Executive Order 12657 (E.O. 12657) has been requested. This subpart:

(a) Describes the process for providing Federal technical assistance to the licensee for developing its offsite emergency response plan after an affirmative determination on the licensee certification under subpart A (44 CFR 352.5(f));

(b) Describes the process for providing Federal facilities and resources to the licensee after a determination under subpart A (44 CFR 352.6(d)) that Federal resources are required;

(c) Describes the principal response functions which Federal agencies may be called upon to provide;
(d) Describes the process for allocating responsibilities among Federal agencies for planning site-specific emergency response functions; and
(e) Provides for the participation of Federal agencies, including the members of the FRPCC and the RACs.

§ 352.21 Participating Federal agencies.

(a) FEMA may call upon any Federal agency to participate in planning for the use of Federal facilities and resources in the licensee offsite emergency response plan.
(b) FEMA may call upon the following agencies, and others as needed, to provide Federal technical assistance and Federal facilities and resources:
   (1) Department of Commerce;
   (2) Department of Defense;
   (3) Department of Energy;
   (4) Department of Health and Human Services;
   (5) Department of Housing and Urban Development;
   (6) Department of the Interior;
   (7) Department of Transportation;
   (8) Environmental Protection Agency;
   (9) Federal Communications Commission;
   (10) General Services Administration;
   (11) National Communications System;
   (12) Nuclear Regulatory Commission;
   (13) United States Department of Agriculture; and
   (14) Department of Veterans Affairs.
(c) FEMA is the Federal agency primarily responsible for coordinating Federal assistance. FEMA may enter into Memorandums of Understanding (MOU) and other instruments with Federal agencies to provide technical assistance and to arrange for the commitment and utilization of Federal facilities and resources as necessary. FEMA also may use a MOU to delegate to another Federal agency, with the consent of that agency, any of the functions and duties assigned to FEMA. Following review and approval by OMB, FEMA will publish such documents in the Federal Register.

§ 352.22 Functions of the Federal Radiological Preparedness Coordinating Committee (FRPCC).

Under 44 CFR part 351, the role of the FRPCC is to assist FEMA in providing policy direction for the program of technical assistance to State and local governments in their radiological emergency planning and preparedness activities. Under this subpart, the role of the FRPCC is to provide advice to FEMA regarding Federal assistance and Federal facilities and resources for implementing subparts A and B of this part. This assistance activity is extended to licensees. The FRPCC will assist FEMA in revising the Federal Radiological Emergency Response Plan (FRERP).

§ 352.23 Functions of a Regional Assistance Committee (RAC)

(a) Under 44 CFR part 351, the role of a RAC is to assist State and local government officials to develop their radiological emergency plans, to review the plans, and to observe exercises to evaluate the plans. Under subparts A and B of this part, these technical assistance activities are extended to the licensee.
(b) Prior to a determination under subpart A (44 CFR 352.6(d)) that Federal facilities and resources are needed, the designated RAC for the specific site will assist the licensee, as necessary, in evaluating the need for Federal facilities and resources, in addition to providing technical assistance under §352.23(a).
(c) In accomplishing the foregoing, the RAC will use the standards and evaluation criteria in NUREG-0054/FEMA-REP-1, Rev. 1 and Supp. 1, or approved alternative approaches, and RAC members shall render such technical assistance as appropriate to their agency mission and expertise.
(d) Following determination under subpart A (44 CFR 352.6(d)) that Federal facilities and resources are needed, the RAC will assist FEMA in identifying agencies and specifying the Federal facilities and resources which the agencies are to provide.

1Copy available from FEMA Distribution Center, P.O. Box 70274 Washington, DC 20024
§ 352.24 Provision of technical assistance and Federal facilities and resources.

(a) Under a determination under subpart A (44 CFR 352.5(f) and 352.4(e)) that a decline or fail situation exists, FEMA and other Federal agencies will provide technical assistance to the licensee. Such assistance may be provided during the pendency of an appeal under § 352.29.

(b) The applicable criteria for the use of Federal facilities and resources are set forth in subpart A (44 CFR 352.6(c)(1)(2)). Upon a determination under subpart A (44 CFR 352.6(d)) that Federal resources or facilities will be required, FEMA will consult with the FRPCC, the RAC, the individual Federal agencies, and the licensee, to determine the extent of Federal facilities and resources that the government could provide, and the most effective way to do so. After such consultation, FEMA will specifically request Federal agencies to provide those Federal facilities and resources. The Federal agencies, in turn, will respond to confirm the availability of such facilities and resources provide estimates of their costs.

(c) FEMA will inform the licensee in writing of the Federal support which will be provided. This information will identify Federal agencies which are to be included in the plan, the extent and purpose of technical assistance to be provided and the Federal facilities and resources to be committed, and the limitations of their use. The information will also describe the requirements for reimbursement to the Federal Government for this support.

(d) FEMA will coordinate the Federal effort in implementing the determinations made under subpart A (44 CFR 352.5(f) and 352.6(d)) so that each Federal agency maintains the committed technical assistance, facilities, and resources after the licensee offsite emergency response plan is completed. FEMA and other Federal agencies will participate in training, exercises, and drills, in support of the licensee offsite emergency response plan.

(e) In carrying out paragraphs (a) through (c) of this section, FEMA will keep affected State and local governments informed of actions taken.

(Approval by the OMB under control number 3067-0201)

§ 352.25 Limitation on committing Federal facilities and resources for emergency preparedness.

(a) The commitment of Federal facilities and resources will be made through the authority of the affected Federal agencies.

(b) In implementing a determination under subpart A (44 CFR 352.6(d)), that Federal facilities and resources are necessary for emergency preparedness, FEMA shall take care not to supplant State and local resources. Federal facilities and resources shall be substituted for those of the State and local governments in the licensee offsite emergency response plan only to the extent necessary to compensate for the nonparticipation or inadequate participation of those governments, and only as a last resort after consultation with the Governor(s) and responsible local officials in the affected area(s) regarding State and local participation.

(c) All Federal planning activities described in this subpart will be conducted under the assumption that, in the event of an actual radiological emergency or disaster, State and local authorities would contribute their full resources and exercise their authorities in accordance with their duties to protect the public from harm and would act, generally, in conformity with the licensee's offsite emergency response plan.

§ 352.26 Arrangements for Federal response in the licensee offsite emergency response plan.

Federal agencies may be called upon to assist the licensee in developing a licensee offsite emergency response plan in areas such as:

(a) Arrangements for use of Federal facilities and resources for response functions such as:
   (1) Prompt notification of the emergency to the public;
   (2) Assisting in any necessary evacuation;
(3) Providing reception centers or shelters and related facilities and services for evacuees;
(4) Providing emergency medical services at Federal hospitals; and
(5) Ensuring the creation and maintenance of channels of communication from commercial nuclear power plant licensees to State and local governments and to surrounding members of the public.
(b) Arrangements for transferring response functions to State and local governments during the response in an actual emergency; and
(c) Arrangements which may be necessary for FEMA coordination of the response of other Federal agencies.
§ 352.27 Federal role in the emergency response.
In addition to the Federal component of the licensee offsite emergency response plan described in subpart B (§352.26), and after complying with E.O. 12657, Section 2(b)(2), which states that FEMA:
(2) Shall take care not to supplant State and local resources and that FEMA shall substitute its own resources for those of State and local governments only to the extent necessary to compensate for the nonparticipation or inadequate participation of those governments, and only as a last resort after appropriate consultation with the Governors and responsible local officials in the affected area regarding State and local participation;
FEMA shall provide for initial Federal response activities, including command and control of the offsite response, as may be needed. Any Federal response role, undertaken pursuant to this section, shall be transferred to State and local governments as soon as feasible after the onset of an actual emergency.
§ 352.28 Reimbursement.
In accordance with Executive Order 12657, Section 6(d), and to the extent permitted by law, FEMA will coordinate full reimbursement, either jointly or severally, to the agencies performing services or furnishing resources, from any affected licensee and from any affected nonparticipating or inadequately participating State or local government.
§ 352.29 Appeal process.
(a) Any interested party may appeal a determination made by the Associate Director, under §§352.5 and 352.6 of this part, by submitting to the Director, FEMA, a written notice of appeal, within 30 days after issuance. The appeal is to be addressed to the Director, Federal Emergency Management Agency, 500 C Street SW, Washington, DC 20472. The appeal letter shall state the specific reasons for the appeal and include documentation to support appellant arguments. The appeal is limited to matters of record under §§352.5 and 352.6.
(b) Within 30 days of receipt of this letter, the FEMA Director or designee will review the record and make a final determination on the matter.
(c) Copies of this determination shall be furnished to the Appellant, the State(s), affected local governments, and the NRC.
(d) For purposes of this section, the term interested party means only a licensee, a State or a local government, as defined in §352.1(g).
PART 353—FEE FOR SERVICES IN SUPPORT, REVIEW AND APPROVAL OF STATE AND LOCAL GOVERNMENT OR LICENSEE RADIOLOGICAL EMERGENCY PLANS AND PREPAREDNESS
Sec.
353.1 Purpose.
353.2 Scope.
353.3 Definitions.
353.4 Payment of fees.
353.5 Average cost per FEMA professional staff-hour.
353.6 Schedule of services.
353.7 Failure to pay.
APPENDIX A TO PART 353—MEMORANDUM OF UNDERSTANDING BETWEEN FEDERAL EMERGENCY MANAGEMENT AGENCY AND NUCLEAR REGULATORY COMMISSION
Source: 56 FR 9455, March 6, 1991, unless otherwise noted.
§ 353.1 Purpose.
This part sets out fees charged for site-specific radiological emergency planning and preparedness services rendered by the Federal Emergency Management Agency, as authorized by 31 U.S.C. 9701.

§ 353.2 Scope.
The regulation in this part applies to all licensees who have applied for or have received a license from the Nuclear Regulatory Commission to operate a commercial nuclear power plant.

§ 353.3 Definitions.
As used in this part, the following terms and concepts are defined:
(a) FEMA means the Federal Emergency Management Agency.
(b) NRC means the Nuclear Regulatory Commission.
(c) Certification means the written justification by a licensee of the need for Federal compensatory assistance, as authorized in 44 CFR part 352 and E.O. 12657.
(d) Technical assistance means services provided by FEMA to facilitate offsite radiological emergency planning and preparedness such as provision of support for the preparation of offsite radiological emergency response plans and procedures; provision of advice and recommendations for specific aspects of preparedness such as alert and notification and emergency public information.
(e) Licensee means the utility which has applied for or has received a license from the NRC to operate a commercial nuclear power plant.
(f) Governor means the Governor of a State or his/her designee.
(g) RAC means Regional Assistance Committee chaired by FEMA with representatives from the Nuclear Regulatory Commission, Environmental Protection Agency, Department of Health and Human Services, Department of Interior, Department of Energy, Department of Transportation, United States Department of Agriculture, Department of Commerce and other Federal Departments and agencies as appropriate.
(h) REP means FEMA’s Radiological Emergency Preparedness Program.
(i) Fiscal Year means Federal fiscal year commencing on the first day of October through the thirtieth day of September.

(j) Federal Radiological Preparedness Coordinating Committee is the national level committee chaired by FEMA with representatives from the Nuclear Regulatory Commission, Environmental Protection Agency, Department of Health and Human Services, Department of Interior, Department of Energy, Department of Transportation, United States Department of Agriculture, Department of Commerce and other Federal Departments and agencies as appropriate.

§ 353.4 Payment of fees.
Fees for site-specific offsite radiological emergency plans and preparedness services and related site-specific legal services are payable upon notification by FEMA. FEMA services will be billed at 6-month intervals for all accumulated costs on a site-specific basis. Each bill will identify the costs related to services for each nuclear power plant site.

§ 353.5 Average cost per FEMA professional staff-hour.
Feas for FEMA services rendered will be calculated based upon the costs for such services using a professional staff rate per hour equivalent to the sum of the average cost to the agency of maintaining a professional staff member performing site-specific services related to the Radiological Emergency Preparedness Program, including salary, benefits, administrative support, travel and overhead. This rate will be charged when FEMA performs such services as: Development of exercise objectives and scenarios, pre-exercise logistics, exercise conduct and participation, evaluation, meetings and reports; review and approval of Plan revisions that are utility-requested or exercise inadequacy related; remedial exercise, medical drill or any other exercise or drill upon which a license is predicated, with regard to preparation, review, conduct, participation, evaluation, meetings and reports; the issuance of interim findings pursuant to the FEMA/NRC Memorandum of Understanding (MOU) (App. A of this part); review of utility plan submissions...
through the NRC under the MOU; utility certification submission review under 44 CFR part 352 and follow-on activities; site-specific adjudicatory proceedings and any other site-specific legal costs and technical assistance that is utility requested or exercise inadequacy related. The professional staff rate for FY 91 is $39.00 per hour. The referenced FEMA/NRC MOU is provided in this rule as appendix A. The professional staff rate for the REP Program and related legal services will be revised on a fiscal year basis using the most current fiscal data available and the revised hourly rate will be published as a notice in the Federal Register for each fiscal year if the rate increases or decreases.

§ 353.6 Schedule of services.

Recipients shall be charged the full cost of site-specific services based upon the appropriate professional hourly staff rate for the FEMA services described in this Section and for related contractual services which will be charged to the licensee by FEMA, at the rate and cost incurred.

(a) When a State seeks formal review and approval by FEMA of the State's radiological emergency response plan pursuant to 44 CFR part 350 (Review and Approval Process of State and Local Radiological Emergency Plans and Preparedness), FEMA shall provide the services as described in 44 CFR part 350 in regard to that request and fees will be charged for such services to the licensee, which is the ultimate beneficiary of FEMA services. This provision does not apply where an operating license has been granted or the application denied or withdrawn, except as necessary to support biennial exercises and related activities. Fees will be charged for all FEMA, but not other Federal agency activities related to such services, including but not limited to the following:

(1) Development of exercise objectives and scenarios, preexercise logistics, exercise conduct and participation, evaluation and post-exercise meetings and reports.

(2) Notice and conduct of public meeting.

(3) Regional finding and determination of adequacy of plans and preparedness followed by review by FEMA Headquarters resulting in final FEMA determination of adequacy of plans and preparedness.

(4) Remedial exercise, medical drill, or any other exercise or drill upon which maintenance of a license is predicated, with regard to preparation, review, conduct, participation, evaluation, meetings and reports.

(b) Interim findings. Where the NRC seeks from FEMA under the FEMA/NRC MOU an interim finding of the status of radiological emergency planning and preparedness at a particular time for a nuclear power plant, FEMA shall assess a fee to the licensee for providing this service. The provision of this service consists of making a determination whether the plans are adequate to protect the health and safety of the public living in the vicinity of the nuclear power facility by providing reasonable assurance that appropriate protective measures can be taken off-site in the event of a radiological emergency and that such plans are capable of being implemented.

(c) NRC utility plan submissions. Fees will be charged for all FEMA but not other Federal agency activities related to such services, including but not limited to the following:

(1) Development of exercise objectives and scenarios, preexercise logistics, exercise conduct and participation, evaluation and post-exercise meetings and reports.

(2) Notice and conduct of public meeting.

(3) Regional finding and determination of adequacy of plans and preparedness followed by review by FEMA Headquarters resulting in final FEMA determination of adequacy of plans and preparedness,

(4) Remedial exercise, medical drill, or any other exercise or drill upon which maintenance of a license is predicated, with regard to preparation, review, conduct, participation, evaluation, meetings and reports.

(d) Utility certification submission review. When a licensee seeks Federal assistance within the framework of 44 CFR part 352 due to the decline or failure of a State or local government to adequately prepare an emergency plan, FEMA shall process the licensee's certification and make the determination whether a decline or failure exists. Fees will be charged for services rendered in making the determination.
Upon the determination that a decline or fail situation does exist, any services provided or secured by FEMA consisting of assistance to the licensee, as described in 44 CFR part 352, will have a fee charged for such services.

(e) FEMA participation in site-specific NRC adjudicatory proceedings and any other site-specific legal costs. Where FEMA participates in NRC licensing proceedings and any related court actions to support FEMA findings as a result of its review and approval of offsite emergency plans and preparedness, or provides legal support for any other site specific FEMA activities comprised in this rule, fees will be charged to the licensee for such participation.

(f) Rendering technical assistance. Where FEMA is requested by a licensee to provide any technical assistance, or where a State or local government requests technical assistance in order to correct an inadequacy identified as a result of a biennial exercise or any other drill or exercise upon which maintenance of a license is predicated, FEMA will charge such assistance to the licensee for the provision of such service.

§ 353.7 Failure to pay.

In any case where there is a dispute over the FEMA bill or where FEMA finds that a licensee has failed to pay a prescribed fee required under this part, procedures will be implemented in accordance with 44 CFR part 11 subpart C to effectuate collections under the Debt Collection Act of 1982 (31 U.S.C. 3711 et seq.).

APPENDIX A TO PART 353—MEMORANDUM OF UNDERSTANDING BETWEEN FEDERAL EMERGENCY MANAGEMENT AGENCY AND NUCLEAR REGULATORY COMMISSION

The Federal Emergency Management Agency (FEMA) and the Nuclear Regulatory Commission (NRC) have entered into a new Memorandum of Understanding (MOU) Relating To Radiological Emergency Planning and Preparedness. This supersedes a memorandum entered into on November 1, 1980 (published December 16, 1980, 45 FR 82713; revised April 9, 1985 (published April 18, 1985, 50 FR 15485), and published as Appendix A to 44 CFR part 353. The substantive changes in the new MOU are: (1) Self-initiated review by the NRC; (2) Early Site Permit process; (3) adoption of FEMA exercise time-frames; (4) incorporation of FEMA definition of exercise deficiency; (5) NRC commitment to work with licensees in support of State and local governments to correct exercise deficiencies; (6) correlation of FEMA actions on withdrawal of approvals under 44 CFR part 350 and NRC enforcement actions; and (7) disaster-initiated reviews in situations that affect offsite emergency infrastructures. The text of the MOU follows.

MEMORANDUM OF UNDERSTANDING BETWEEN NRC AND FEMA RELATING TO RADIOLOGICAL EMERGENCY PLANNING AND PREPAREDNESS

I. Background and Purposes

This Memorandum of Understanding (MOU) establishes a framework of cooperation between the Federal Emergency Management Agency (FEMA) and the U.S. Nuclear Regulatory Commission (NRC) in radiological emergency response planning matters so that their mutual efforts will be directed toward more effective plans and related preparedness measures at and in the vicinity of nuclear reactors and fuel cycle facilities which are subject to 10 CFR part 50, appendix E, and certain other fuel cycle and materials licensees which have potential for significant accidental offsite radiological releases. The memorandum is responsive to the President’s decision of December 7, 1979, that FEMA will take the lead in offsite planning and response, his request that NRC assist FEMA in carrying out this role, and the NRC’s continuing statutory responsibility for the radiological health and safety of the public.

On January 14, 1980, the two agencies entered into a “Memorandum of Understanding Between NRC and FEMA to Accomplish a Prompt Improvement in Radiological Emergency Preparedness;’ that was responsive to the President’s December 7, 1979, statement. A revised and updated Memorandum of Understanding became effective November 1, 1980. The MOU was further revised and updated on April 9, 1985. This MOU is a further revision to reflect the evolving relationship between NRC and FEMA and the experience gained in carrying out the provisions of the previous MOU’s. This MOU supersedes these two earlier versions of the MOU.

The general principles agreed to in the previous MOU’s and reaffirmed in this MOU, are as follows: FEMA coordinates all Federal
Federal Emergency Management Agency

Pt. 353, App. A

Planning for the offsite impact of radiological emergencies and takes the lead for assessing offsite radiological emergency response plans and preparedness, makes findings and determinations as to the adequacy and capability of implementing offsite plans, and communicates those findings and determinations to the NRC. The NRC reviews those FEMA findings and determinations in conjunction with the NRC onsite findings for the purpose of making determinations on the overall state of emergency preparedness. These overall findings and determinations are used by NRC to make radiological health and safety decisions in the issuance of licenses and the continued operation of licensed plants to include taking enforcement actions as notices of violations, civil penalties, orders, or shutdown of operating reactors. This delineation of responsibilities avoids duplicative efforts by the NRC staff in offsite preparedness matters. However, if FEMA informs the NRC that an emergency, unforeseen contingency, or other reason would prevent FEMA from providing a requested finding in a reasonable time, then, in consultation with FEMA, the NRC might initiate its own review of offsite emergency preparedness.

A separate MOU dated October 22, 1980, deals with NRC/FEMA cooperation and responsibilities in response to an actual or potential radiological emergency. Operations Response Procedures have been developed that implement the provisions of the Incidents MOU. These documents are intended to be consistent with the Federal Radiological Emergency Response Plan which describes the relationships, roles, and responsibilities of Federal Agencies for responding to accidents involving peacetime nuclear emergencies. On December 1, 1991, the NRC and FEMA also concluded a separate MOU in support of Executive Order 12657 (FEMA Assistance in Emergency Preparedness Planning at Commercial Nuclear Power Plants).

II. Authorities and Responsibilities

FEMA-Executive Order 12148 charges the Director, FEMA, with the responsibility to "* * * establish Federal policies for, and coordinate, all civil defense and civil emergency planning, management, mitigation, and assistance functions of Executive agencies" (Section 2-101) and "* * * represent the President in working with State and local governments and the private sector to stimulate vigorous participation in civil emergency preparedness, mitigation, response, and recovery programs" (Section 2-104).

On December 7, 1979, the President, in response to the recommendations of the Kemeny Commission on the Accident at Three Mile Island, directed that FEMA assume lead responsibility for all offsite nuclear emergency planning and response.

Specifically, the FEMA responsibilities with respect to radiological emergency preparedness as they relate to NRC are:

1. To take the lead in offsite emergency planning and to review and assess offsite emergency plans and preparedness for adequacy.

2. To make findings and determinations as to whether offsite emergency plans are adequate and can be implemented (e.g., adequacy and maintenance of procedures, training, resources, staffing levels and qualifications, and equipment). Notwithstanding the procedures which are set forth in 44 CFR part 350 for requesting and reaching a FEMA administrative approval of State and local plans, findings, and determinations on the current status of emergency planning and preparedness around particular sites, referred to as interim findings, will be provided by FEMA for use as needed in the NRC licensing process. Such findings will be provided by FEMA on mutually agreed to schedules or on specific NRC request. The request and findings will normally be by written communications between the co-chairs of the NRC/FEMA Steering Committee. An interim finding provided under this arrangement will be an extension of FEMA's procedures for review and approval of offsite radiological emergency plans and preparedness set forth in 44 CFR part 350. It will be based on the review of currently available plans and, if appropriate, joint exercise results related to a specific nuclear power plant site.

If the review involves an application under 10 CFR part 52 for an early site permit, the NRC will forward to FEMA pertinent information provided by the applicant and consult with FEMA as to whether there is any significant impediment to the development of offsite emergency plans. As appropriate, depending upon the nature of information provided by the applicant, the NRC will also request that FEMA determine whether major features of offsite emergency plans submitted by the applicant are acceptable, or whether offsite emergency plans submitted by the applicant are adequate, as discussed below.

An interim finding based only on the review of currently available offsite plans will include an assessment as to whether these plans are adequate when measured against the standards and criteria of NUREG-0654/ FEMA-REP-1 and, pending a demonstration...
through an exercise, whether there is reasonable assurance that the plans can be implemented. The finding will indicate one of the following conditions: (1) Plans are adequate and can be implemented as demonstrated in an exercise; (2) there are deficiencies that must be corrected; or (3) plans are inadequate and cannot be implemented until they are revised to correct deficiencies noted in the Federal review.

If, in FEMA's view, the plans that are available are not completed or are not ready for review, FEMA will provide NRC with a status report delineating milestones for preparation of the plan by the offsite authorities as well as FEMA's actions to assist in timely development and review of the plans.

An interim finding on preparedness will be based on review of currently available plans and joint exercise results and will include an assessment as to (1) whether offsite emergency plans are adequate as measured against the standards and criteria of NUREG-0654/FEMA-REP-1 and (2) whether the exercise(s) demonstrated that there is reasonable assurance that the plans can be implemented emergently.

An interim finding on preparedness will indicate one of the following conditions: (1) There is reasonable assurance that the plans are adequate and can be implemented as demonstrated in an exercise; (2) there are deficiencies that must be corrected; or (3) FEMA is undecided and will make a schedule of actions leading to a decision.

1. To assess licensee emergency plans for adequacy. This review will include consideration of overall emergency preparedness as a part of the licensing process. The NRC rules (10 CFR 50.33, 50.34, 50.47, 50.54, and appendix E to 10 CFR part 50, and 10 CFR part 52) include requirements for the licensee's emergency plans.

Specifically, the NRC responsibilities for radiological emergency preparedness are:

1. To assess licensee emergency plans for adequacy. This review will include consideration of overall emergency preparedness as a part of the licensing process. The NRC rules (10 CFR 50.33, 50.34, 50.47, 50.54, and appendix E to 10 CFR part 50, and 10 CFR part 52) include requirements for the licensee's emergency plans.

2. To verify that licensee emergency plans are adequately implemented (e.g., adequacy and maintenance of procedures, training, resources, staffing levels and qualifications, and equipment). The NRC requires consideration of overall emergency preparedness as a part of the licensing process.

3. To review the FEMA findings and determinations for consistency with NRC findings and determinations related to reactor license reviews. To support its findings and determinations, FEMA will conduct a review of NRC safety evaluation reports.

4. To make radiological health and safety decisions with regard to the overall state of emergency preparedness (i.e., integration of emergency preparedness and health and safety considerations) in NRC safety evaluation reports.

Specifically, the NRC responsibilities for radiological emergency preparedness are:

1. To assess licensee emergency plans for adequacy. This review will include consideration of overall emergency preparedness as a part of the licensing process. The NRC rules (10 CFR 50.33, 50.34, 50.47, 50.54, and appendix E to 10 CFR part 50, and 10 CFR part 52) include requirements for the licensee's emergency plans.

2. To verify that licensee emergency plans are adequately implemented (e.g., adequacy and maintenance of procedures, training, resources, staffing levels and qualifications, and equipment). The NRC requires consideration of overall emergency preparedness as a part of the licensing process.

3. To review the FEMA findings and determinations for consistency with NRC findings and determinations related to reactor license reviews. To support its findings and determinations, FEMA will conduct a review of NRC safety evaluation reports.

4. To make radiological health and safety decisions with regard to the overall state of emergency preparedness (i.e., integration of emergency preparedness and health and safety considerations) in NRC safety evaluation reports.

III. Areas of Cooperation

A. NRC Licensing Reviews

FEMA will provide support to the NRC for licensing reviews related to reactors, fuel facilities, and materials licensees with regard to the assessment of the adequacy of offsite radiological emergency response plans and preparedness. This will include timely submittal of an evaluation suitable for inclusion in NRC safety evaluation reports.

Substantially prior to the time that a FEMA evaluation is required with regard to fuel facility or materials license review, NRC will identify those fuel and materials licensees with potential for significant accidental offsite radiological releases and transmit a request for review to FEMA as the emergency plans are completed.

FEMA routine support will include providing assessments, findings and determinations (interim and final) on offsite plans and preparedness related to reactor license reviews. To support its findings and determinations, FEMA will conduct a review of NRC safety evaluation reports.

Specifically, the NRC responsibilities for radiological emergency preparedness are:

1. To assess licensee emergency plans for adequacy. This review will include consideration of overall emergency preparedness as a part of the licensing process. The NRC rules (10 CFR 50.33, 50.34, 50.47, 50.54, and appendix E to 10 CFR part 50, and 10 CFR part 52) include requirements for the licensee's emergency plans.

2. To verify that licensee emergency plans are adequately implemented (e.g., adequacy and maintenance of procedures, training, resources, staffing levels and qualifications, and equipment). The NRC requires consideration of overall emergency preparedness as a part of the licensing process.

3. To review the FEMA findings and determinations for consistency with NRC findings and determinations related to reactor license reviews. To support its findings and determinations, FEMA will conduct a review of NRC safety evaluation reports.

4. To make radiological health and safety decisions with regard to the overall state of emergency preparedness (i.e., integration of emergency preparedness and health and safety considerations) in NRC safety evaluation reports.

Specifically, the NRC responsibilities for radiological emergency preparedness are:

1. To assess licensee emergency plans for adequacy. This review will include consideration of overall emergency preparedness as a part of the licensing process. The NRC rules (10 CFR 50.33, 50.34, 50.47, 50.54, and appendix E to 10 CFR part 50, and 10 CFR part 52) include requirements for the licensee's emergency plans.

2. To verify that licensee emergency plans are adequately implemented (e.g., adequacy and maintenance of procedures, training, resources, staffing levels and qualifications, and equipment). The NRC requires consideration of overall emergency preparedness as a part of the licensing process.

3. To review the FEMA findings and determinations for consistency with NRC findings and determinations related to reactor license reviews. To support its findings and determinations, FEMA will conduct a review of NRC safety evaluation reports.

4. To make radiological health and safety decisions with regard to the overall state of emergency preparedness (i.e., integration of emergency preparedness and health and safety considerations) in NRC safety evaluation reports.

Specifically, the NRC responsibilities for radiological emergency preparedness are:

1. To assess licensee emergency plans for adequacy. This review will include consideration of overall emergency preparedness as a part of the licensing process. The NRC rules (10 CFR 50.33, 50.34, 50.47, 50.54, and appendix E to 10 CFR part 50, and 10 CFR part 52) include requirements for the licensee's emergency plans.

2. To verify that licensee emergency plans are adequately implemented (e.g., adequacy and maintenance of procedures, training, resources, staffing levels and qualifications, and equipment). The NRC requires consideration of overall emergency preparedness as a part of the licensing process.

3. To review the FEMA findings and determinations for consistency with NRC findings and determinations related to reactor license reviews. To support its findings and determinations, FEMA will conduct a review of NRC safety evaluation reports.

4. To make radiological health and safety decisions with regard to the overall state of emergency preparedness (i.e., integration of emergency preparedness and health and safety considerations) in NRC safety evaluation reports.
Federal Emergency Management Agency

FEMA is not a party to NRC proceedings and, therefore, is not subject to formal discovery requirements placed upon parties to NRC proceedings. Consistent with available resources, however, FEMA will respond informally to discovery requests by parties. Specific assignment of professional responsibilities between NRC and FEMA counsel will be primarily the responsibility of the attorneys assigned to a particular case. In situations where questions of professional responsibility cannot be resolved by the attorneys assigned, resolution of any differences will be made by the General Counsel of FEMA and the General Counsel of the NRC or their designees. NRC will request the presiding Board to place FEMA on the service list for all litigation in which it is expected to participate.

Nothing in this MOU shall be construed in any way to diminish NRC's responsibility for protecting the radiological health and safety of the public.

B. FEMA Review of Offsite Plans and Preparedness

NRC will assist in the development and review of offsite plans and preparedness through its membership on the Regional Assistance Committees (RAC). FEMA will chair the Regional Assistance Committees. Consistent with NRC's statutory responsibility, NRC will recognize FEMA as the interface with State and local governments for interpreting offsite radiological emergency planning and preparedness criteria as they affect those governments and for reporting to those governments the results of any evaluation of their radiological emergency plans and preparedness.

Where questions arise concerning the interpretation of the criteria, such questions will continue to be referred to FEMA Headquarters, and when appropriate, to the NRC/FEMA Steering Committee to assure uniform interpretation.

C. Preparation for and Evaluation of Joint Exercises

FEMA and NRC will cooperate in determining exercise requirements for licensees, and State and local governments. They will also jointly observe and evaluate exercises. NRC and FEMA will institute procedures to enhance the review of objectives and scenarios for joint exercises. This review is to assure that both the onsite considerations of NRC and the offsite considerations of FEMA are adequately addressed and integrated in a manner that will provide for a technically sound exercise upon which an assessment of preparedness capabilities can be based. The NRC/FEMA procedures will provide for the availability of exercise objectives and scenarios sufficiently in advance of scheduled exercises to allow enough time for adequate review by NRC and FEMA and correction of any deficiencies by the licensee. The failure of a licensee to develop a scenario that adequately addresses both onsite and offsite considerations may result in NRC taking enforcement actions.

The FEMA reports will be a part of an interim finding on emergency preparedness; or will be the result of an exercise conducted pursuant to FEMA's review and approval procedures under 44 CFR part 350 and NRC's requirement under 10 CFR part 50, appendix E. Section IV.F. Exercise evaluations will identify one of the following conditions: (1) There is reasonable assurance that the plans are adequate and can be implemented as demonstrated in the exercise; (2) there are deficiencies that must be corrected; or (3) FEMA is undecided and will provide a schedule of actions leading to a decision. The schedule for issuance of the draft and final exercise reports will be as shown in FEMA-REP-14 (Radiological Emergency Preparedness Exercise Manual).

The deficiency referred to in (2) above is defined as an observed or identified inadequacy of organizational performance in an exercise that could cause a finding that offsite emergency preparedness is not adequate to provide reasonable assurance that appropriate protective measures can be taken in the event of a radiological emergency to protect the health and safety of the public living in the vicinity of a nuclear power plant. Because of the potential impact of deficiencies on emergency preparedness, they should be corrected within 120 days through appropriate remedial actions, including remedial exercises, drills, or other actions.

Where there are deficiencies of the types noted above, and when there is a potential for remedial actions, FEMA Headquarters will promptly (1-2 days) discuss these with NRC Headquarters. Within 10 days of the exercise, official notification of identified deficiencies will be made by FEMA to the State, NRC Headquarters, and the RAC with an information copy to the licensee. NRC will formally notify the licensee of the deficiencies and monitor the licensee's efforts to work with State and local authorities to correct the deficiencies. Approximately 60 days after official notification of the deficiency, the NRC, in consultation with FEMA, will assess the progress being made toward resolution of the deficiencies.

D. Withdrawal of Reasonable Assurance Finding

If FEMA determines under 44 CFR 350.13 of its regulations that offsite emergency plans or preparedness are not adequate to provide reasonable assurance that appropriate protective measures can be taken in the event of radiological emergency to protect the health and safety of the public, FEMA shall, as described in its rule, withdraw approval.
Upon receiving notification of such action from FEMA, the NRC will promptly review FEMA’s findings and determinations and formally document the NRC’s position. When, as described in 10 CFR 50.54(s)(2)(ii) and 50.54(s)(3) of its regulations, the NRC finds the state of emergency preparedness does not provide reasonable assurance that adequate protective measures can and will be taken in the event of a radiological emergency, the NRC will notify the affected licensee accordingly and start the “120-day clock.”

E. Emergency Planning and Preparedness Guidance

NRC has lead responsibility for the development of emergency planning and preparedness guidance for licensees. FEMA has lead responsibility for the development of radiological emergency planning and preparedness guidance for State and local agencies. NRC and FEMA recognize the need for an integrated, coordinated approach to radiological emergency planning and preparedness by NRC licensees and State and local governments. NRC and FEMA will each, therefore, provide opportunity for the other agency to review and comment on such guidance (including interpretations of agreed joint guidance) prior to adoption as formal agency guidance.

F. Support for Document Management System

FEMA and NRC will each provide the other with continued access to those automatic data processing support systems which contain relevant emergency preparedness data.

G. Ongoing NRC Research and Development Programs

Ongoing NRC and FEMA research and development programs that are related to State and local radiological emergency planning and preparedness will be coordinated. NRC and FEMA will each provide opportunity for the other agency to review and comment on relevant research and development programs prior to implementing them.

H. Public Information and Education Programs

FEMA will take the lead in developing public information and educational programs. NRC will assist FEMA by reviewing for accuracy educational materials concerning radiation, and its hazards and information regarding appropriate actions to be taken by the general public in the event of an accident involving radioactive materials.

I. Recovery from Disasters Affecting Offsite Emergency Preparedness

Disasters that destroy roads, buildings, communications, transportation resources or other offsite infrastructure in the vicinity of a nuclear power plant can degrade the capabilities of offsite response organizations in the 10-mile plume emergency planning zone. Examples of events that could cause such devastation are hurricanes, tornadoes, earthquakes, tsunamis, volcanic eruptions, major fires, large explosions, and riots.

If a disaster damages the area around a licensed operating nuclear power plant to an extent that FEMA seriously questions the continued adequacy of offsite emergency preparedness, FEMA will inform the NRC promptly. Likewise, the NRC will inform FEMA promptly of any information it receives from licensees, its inspectors, or others, that raises serious questions about the continued adequacy of offsite emergency preparedness. If FEMA concludes that a disaster-initiated review of offsite radiological emergency preparedness is necessary to determine if offsite emergency preparedness is still adequate, it will inform the NRC in writing, as soon as practicable, including a schedule for conduct of the review. FEMA will also give the NRC (1) interim written reports of its findings, as appropriate, and (2) a final written report on the results of its review.

The disaster-initiated review is performed to reaffirm the radiological emergency preparedness capabilities of affected offsite jurisdictions located in the 10-mile emergency planning zone and is not intended to be a comprehensive review of offsite plans and preparedness.

The NRC will consider information provided by FEMA Headquarters and pertinent findings from FEMA’s disaster-initiated review in making decisions regarding the restart or continued operation of an affected operating nuclear reactor. The NRC will notify FEMA Headquarters, in writing, of the schedule for restart of an affected reactor and keep FEMA Headquarters informed of changes in that schedule.

IV. NRC/FEMA Steering Committee

The NRC/FEMA Steering Committee on Emergency Preparedness will continue to be
Federal Emergency Management Agency

§ 354.1 Purpose.

This part establishes the methodology for FEMA to assess and collect user fees from Nuclear Regulatory Commission (NRC) licensees of commercial nuclear power plants to recover at least 100 percent of the amounts anticipated by FEMA to be obligated for its Radiological Emergency Preparedness (REP) Program as
§ 354.2 Scope.

The regulation in this part applies to all persons or licensees who have applied for or have received from the NRC:

(a) A license to construct or operate a commercial nuclear power plant;
(b) A possession-only license for a commercial nuclear power plant, with the exception of licensees that have received an NRC-approved exemption to 10 CFR 50.54(q) requirements;
(c) An early site permit for a commercial nuclear power plant;
(d) A combined construction permit and operating license for a commercial nuclear power plant; or
(e) Any other NRC license that is now or may become subject to requirements for offsite radiological emergency planning and preparedness activities.

As used in this part, the following terms and concepts are defined:

(a) FEMA means the Federal Emergency Management Agency.
(b) NRC means the U. S. Nuclear Regulatory Commission.
(c) Technical assistance means services provided by FEMA to accomplish offsite radiological emergency planning, preparedness and response, including but not limited to, provision of support for the preparation of offsite radiological emergency response plans and procedures, and provision of advice and recommendations for specific aspects of radiological emergency plan-

§ 354.3 Definitions.

As used in this part, the following terms and concepts are defined:

(a) FEMA means the Federal Emergency Management Agency.
(b) NRC means the U. S. Nuclear Regulatory Commission.
(c) Technical assistance means services provided by FEMA to accomplish offsite radiological emergency planning, preparedness and response, including but not limited to, provision of support for the preparation of offsite radiological emergency response plans and procedures, and provision of advice and recommendations for specific aspects of radiological emergency plan-

44 CFR Ch. I (10-1-98 Edition)
§ 354.4 Assessment of fees.

Assessment of user fees from licensees is based on a methodology that includes charges for REP Program services provided by both FEMA personnel and FEMA contractors. Beginning with FY 1995, a four year cycle is established with predetermined user fee assessments which will be collected each year of the cycle. The assessments will initially be at the level indicated in the FY 1995 bills and, as described in paragraphs (b) and (d) of this section, for the remainder of the four year cycle, as authorized. The initial four year cycle will run from FY 1995-1998. The following four year cycle will run from FY 1999-2003. Fees will be assessed only for REP Program services provided by FEMA personnel and by FEMA contractors and not for those services provided by other Federal agencies involved in the FRPCC or the RACs.

(a) Description of fee components. The fee for each site consists of two distinct components:

(1) A site-specific, biennial exercise-related component to recover the portion of the REP Program budgeted funding which does not include biennial exercise-related activities.

(b) Determination of site-specific, biennial exercise-related component for FEMA personnel. An average biennial exercise-related cost for FEMA personnel has been determined for each commercial nuclear power plant site in the REP Program. This cost, which has been annualized (dividing the average biennial exercise-related cost by two), is based on the average number of hours expended by FEMA personnel in REP exercise-related activities for each site. The average number of hours has been determined based on an analysis of site-specific exercise activity expended since the inception of FEMA’s user fee program (1991). The actual user fee assessment for this component is determined by multiplying the average number of REP exercise-related hours, which has been determined and annualized for each site, by the average hourly rate for a REP Program employee in effect for the fiscal year. In FY 1995, the hourly rate has been determined to be $29.34 by the Chief Financial Officer of FEMA. The hourly rate will be revised annually to reflect actual budget and cost of living factors, but the number of site-specific exercise hours, as annualized, will remain constant for user fee calculations and assessments throughout the four year cycle, e.g., FY 1995-1998. Exercise activity will continue to be tracked and monitored during the initial and subsequent four year cycles. Appropriate adjustments will be made to this component for calculation of user fee assessments during subsequent four year cycles.

(c) Determination of site-specific, biennial exercise-related component for FEMA contract personnel. An average biennial exercise-related cost for REP contractors has been determined for each commercial nuclear power plant site in the REP Program. This cost, which has been annualized (dividing the average biennial exercise-related cost by two),
§ 354.5 Description of services.

Site-specific and other REP Program services provided by FEMA and FEMA contractors for which licensees would be assessed fees include, but are not limited to, the following:

(a) Site-specific, plume pathway EPZ biennial exercise-related component services.
   (1) Scheduling of plume pathway EPZ biennial exercises.
   (2) Review of plume pathway EPZ biennial exercise objectives and scenarios.
   (3) Pre-plume pathway EPZ biennial exercise logistics.
   (4) Conduct of plume pathway EPZ biennial exercises, evaluations, and post exercise briefings.
   (5) Preparing, reviewing and finalizing plume pathway EPZ biennial exercise reports, notice and conduct of public meetings.
   (6) Activities related to Medical Services and other drills conducted in support of a biennial, plume pathway exercise.

(b) Flat fee component services.
   (1) Evaluation of State and local offsite radiological emergency plans and preparedness.
   (2) Scheduling of other than plume pathway EPZ biennial exercises.
   (3) Development of other than plume pathway EPZ biennial exercise objectives and scenarios.
   (4) Pre-other than plume pathway EPZ biennial exercise logistics.
   (5) Conduct of other than plume pathway EPZ biennial exercises and evaluations.
   (6) Preparing, reviewing and finalizing other than plume pathway EPZ biennial exercise reports, notice and conduct of public meetings.
   (7) Preparation of findings and determinations on the adequacy or approval of plans and preparedness.
   (8) Conduct of the formal 44 CFR part 350 review process.
   (9) Providing technical assistance to States and local governments.
   (10) Review of licensee submissions pursuant to 44 CFR part 352.
   (11) Review of NRC licensee offsite plan submissions under the NRC/FEMA Memorandum of Understanding on Planning and Preparedness, and NUREG-0654/FEMA-REP-1, Revision 1, Supplement 1. Copies of the NUREG-0654 may be obtained from the Superintendent of Documents, P.O. Box 371954, Pittsburgh, PA 15250-7954.
   (12) Participation in NRC adjudicatory proceedings and any other site-specific legal forums.
   (13) Alert and notification system reviews.
   (14) Responses to petitions filed under 10 CFR 2.206.
   (15) Disaster-initiated reviews and evaluations.
   (16) Congressionally-initiated reviews and evaluations.
   (17) Responses to licensee’s challenges to FEMA’s administration of the fee program.
Federal Emergency Management Agency

§ 360.2

PARTS 355–359 [RESERVED]

PART 360—STATE ASSISTANCE PROGRAMS FOR TRAINING AND EDUCATION IN COMPREHENSIVE EMERGENCY MANAGEMENT

Sec. 360.1 Purpose.
360.2 Description of program.
360.3 Eligible applicants.
360.4 Administrative procedures.
360.5 General provisions for State Cooperative Agreement.

AUTHORITY: Reorganization Plan No. 3 (3 CFR, 1978 Comp., p. 329); E.O. 12127 (44 FR 19367); E.O. 12148 (44 FR 43239).

SOURCE: 46 FR 1271, Jan. 6, 1981, unless otherwise noted.

§ 360.1 Purpose.

The Emergency Management Training Program is designed to enhance the States' emergency management training program to increase State capabilities and those of local governments in this field, as well as to give States the opportunity to develop new capabilities and techniques. The Program is an ongoing intergovernmental endeavor which combines financial and human resources to fill the unique training needs of local government, State emergency staffs and State agencies, as well as the general public. States will have the opportunity to develop, implement and evaluate various approaches to accomplish FEMA emergency objectives as well as goals and objectives of their own. The intended result is an enhanced capability to protect lives and property through planning, mitigation, operational skill, and rapid response in case of disaster or attack on this country.

§ 360.2 Description of program.

(a) The program is designed for all States regardless of their present level of involvement in training or their degree of expertise in originating and presenting training courses in the past. The needs of individual States, difference in numbers to be trained, and levels of sophistication in any previous training program have been recognized. It is thus believed that all States are best able to meet their own unique situations and those of local government

§ 360.2 Description of program.

(a) The program is designed for all States regardless of their present level of involvement in training or their degree of expertise in originating and presenting training courses in the past. The needs of individual States, difference in numbers to be trained, and levels of sophistication in any previous training program have been recognized. It is thus believed that all States are best able to meet their own unique situations and those of local government
§ 360.2

by being given this opportunity and flexibility.

(b) Each State is asked to submit an acceptable application, to be accompanied by a Training and Education (T&E) plan for a total of three years, only the first year of which will be required to be detailed. The remaining two year program should be presented in terms of ongoing training objectives and programs. In the first year plan applicants shall delineate their objectives in training and education, including a description of the programs to be offered, and identify the audiences and numbers to be trained. Additionally, the State is asked to note the month in which the activity is to be presented, the location, and cost estimates including instructional costs and participant's travel and per diem. These specifics of date, place, and costs will be required for the first year of any three year plan. A three year plan will be submitted each year with an application. Each negotiated agreement will include a section of required training (Radiological Defense), and a section including optional courses to be conducted in response to State and local needs.

(c) FEMA support to the States in their training program for State and local officials, has been designed around three Program elements. Each activity listed in the State Training and Education (T&E) Plan will be derived from the following three elements:

(1) Government Conducted Courses: Such courses require the least capability on the part of the State. They are usually conducted through provisions in a FEMA Regional Support Contract and/or FEMA or other Federal agency staff. The State's responsibilities fall primarily into administrative areas of recruiting participants, making all arrangements for the facilities needed for presentation of the course, and the handling of the cost reimbursement to participants, though State staff may participate as instructors. These courses for example include:

(i) Career Development Courses: Phases I, II, and III,
(ii) Radiological Officer and Instructor Courses,
(iii) Technical Workshops on Disaster Recovery or Hazard Mitigation.

(2) Government and recipient conducted courses: Responsibilities in these courses fall jointly upon Federal and State government as agreed in the planning for the course. Courses in this category might include:

(i) Emergency Management Workshops,
(ii) Multijurisdictional Emergency Operations Simulation Training.

In this category also, it is expected that the State will be responsible for administrative and logistical requirements, plus any instructional activity as agreed upon prior to the conduct of the course.

(3) Recipient conducted courses: This element requires the greatest degree of sophistication in program planning and delivery on the part of the State. Training events proposed by the State must be justified as addressing Emergency Management Training Program objectives. Additionally, they must address State or community needs and indicate the State's ability to present and carry out the Program of Instruction. Courses in this category could include:

(i) Radiological Monitoring,
(ii) Emergency Operations Simulating Training,
(iii) Shelter Management.

(d) In order that this three year comprehensive Training and Education Program planning can proceed in a timely and logical manner, each State will be provided three target appropriation figures, one for each of the three program years. States will develop their proposals, using the target figure to develop their scope of work. Adjustments in funding and the scope of work will be subject to negotiation before finalization. Both the funding and the scope of work will be reviewed each year and adjustments in the out years will reflect increased sophistication and expertise of the States as well as changing training needs within each State.

(e)(1) FEMA funding through the State Cooperative Agreement for the training activities is to be used for travel and per diem expenses of students selected by the States for courses
reflecting individually needed or required training. Additionally funds may be expended for course materials and instructor expenses. The funding provided in the State Cooperative Agreement is not for the purpose of conducting ongoing State activities or for funding staff positions to accomplish work to be performed under this Agreement. Nor is the Agreement for the purpose of purchasing equipment which may be obtained with the help of Personnel and Administrative funds. In cases where equipment has been identified as needed in the scope of work submitted with the application, and where it serves as an outreach to a new audience or methodology, equipment purchase may be approved at the time of initial application approval.

(2) Allowable cost will be funded at 100%.

§ 360.3 Eligible applicants.

Each of the 50 States, independent commonwealths, and territories is eligible to participate in a State Cooperative Agreement with FEMA. The department, division, or agency of the State government assigned the responsibility for State training in comprehensive emergency management should file the application.

§ 360.4 Administrative procedures.

(a) Award. Each State desiring to participate will negotiate the amount of financial support for the training and education program. Deciding factors will be the scope of the program, a prudent budget, the number of individuals to be trained, and variety of audiences included which are in need of training. All these factors are part of the required application as discussed in § 360.2.

(b) Period of agreement. Agreements will be negotiated annually and will be in effect for a period of 12 months. Each agreement, however, will include a scope of work for three years as reflected in § 360.2(b) to give continuity to the total training and education program.

(c) Submission procedure. Each State applicant shall comply with the following procedures:

1. Issuance of a request for application: Each State emergency management agency will receive a Request for Application Package from the State’s respective FEMA Regional Director.

2. How to submit: Each State shall submit the completed application package to the Regional Director of the Appropriate Region.

3. Application package: The Application Package should include:

   (i) A transmittal letter signed by the State Director of the agency tasked with emergency management responsibilities for that State.

   (ii) A three year projected training and education scope of work including both “required” training and “optional” courses. The first of the projected three year program is to be detailed as to list of courses, description of training to be offered, audiences to be reached and numbers to be trained. Dates and locations of training as well as costs of delivery and student travel and per diem are to be estimated. Special instructions for this portion of the submittal will be included in the Application Package.

   (iii) Standard Form 270 “Request for Advance or Reimbursement” as required by OMB Circular A-102 and FEMA General Provisions for Cooperative Agreements.

(d) Reporting agreements. Recipients of State Agreement benefits will report quarterly during the Federal Fiscal year, directly to the Regional Director of their respective Regions. The report should include a narrative of the training programs conducted accompanied by rosters for each event, agenda, and a summary financial statement on the status of the Agreement funds. Any course or training activity included in the Scope of Work and not presented as scheduled should be explained in detail as to the reason for cancellation in the quarterly report. The costs allocated to this cancelled activity should be reprogrammed to another training activity approved by the Regional Director no later than the last day of the 3rd quarter, or released to the Region. An evaluation of the degree to which objectives were met, the effectiveness of the methodology, and the appropriateness of the resources and references used
§ 360.5

should also be included in the quarterly report. The report is due in the Regional Office no later than the 15th day of January, April, and July. A final report for the year is due the 15th of October.

§ 360.5 General provisions for State Cooperative Agreement.

The legal funding instrument for the State Assistance Program for Training and Education FEMA is the State Cooperative Agreement. All States will be required to comply with FEMA General Provisions for the State Cooperative Agreement. The General Provisions for the State Cooperative Agreement will be provided to the States as part of the Request for Application package. The General Provisions will become part of the Cooperative Agreement.

PART 361—NATIONAL EARTHQUAKE HAZARDS REDUCTION ASSISTANCE TO STATE AND LOCAL GOVERNMENTS

Subpart A—Earthquake Hazards Reduction Assistance Program

Sec.

361.1 Purpose.
361.2 Definitions.
361.3 Project description.
361.4 Matching contributions.
361.5 Criteria for program assistance, matching contributions, and return of program assistance funds.
361.6 Documentation of matching contributions.
361.7 General eligible expenditures.
361.8 Ineligible expenditures.

Subpart B [Reserved]

Source: 57 FR 34869, Aug. 7, 1992, unless otherwise noted.
§ 361.3 Project description.

(a) An objective of the Earthquake Hazards Reduction Act is to develop, in areas of seismic risk, improved understanding of and capability with respect to earthquake-related issues, including methods of mitigating earthquake damage, planning to prevent or minimize earthquake damage, disseminating warnings of earthquakes, organizing emergency services, and planning for post-earthquake recovery. To achieve this objective, FEMA has implemented an earthquake hazards reduction assistance program for State and local governments in seismic risk areas.

(b) This assistance program provides funding for earthquake hazards reduction activities which are eligible according to the definition in §361.2. The categories, or program elements, listed therein comprise a comprehensive earthquake hazards reduction project for any given seismic hazard area. Key aspects of each of these elements are as follows:

(1) Mitigation involves developing and implementing strategies for reducing losses from earthquakes by incorporating principles of seismic safety into public and private decisions regarding the siting, design, and construction of structures (i.e., updating building and zoning codes and ordinances to enhance seismic safety), and regarding buildings' nonstructural elements, contents and furnishings. Mitigation includes preparing inventories of and conducting seismic safety inspections of critical structures and lifelines, and developing plans for identifying and retrofitting existing structures that pose threats to life or would suffer major damage in the event of a serious earthquake.

(2) Preparedness/response planning are closely related and usually considered as one comprehensive activity. They do differ, however, in that preparedness planning involves those efforts undertaken before an earthquake to prepare for or improve capability to respond to the event, while response planning can be defined as the planning necessary to implement an effective response once the earthquake has occurred. Preparedness/response planning usually considers functions related to the following:
§ 361.3

(i) Rescue and fire services;
(ii) Medical services;
(iii) Damage assessments;
(iv) Communications;
(v) Security;
(vi) Restoration of lifeline and utility services;
(vii) Transportation;
(viii) Sheltering, food and water supplies;
(ix) Public health and information services;
(x) Post-disaster recovery and the return of economic stability;
(xi) Secondary impacts, such as dam failures, toxic releases, etc.; and
(xii) Organization and management.

(3) Public awareness/earthquake education activities are designed to increase public awareness of earthquakes and their associated risks, and to stimulate behavioral changes to foster a self-help approach to earthquake preparedness, response, and mitigation. Audiences that may be targeted for such efforts include:

(i) The general public;
(ii) School populations (administrators, teachers, students, and parents);
(iii) Special needs groups (e.g., elderly, disabled, non-English speaking);
(iv) Business and industry;
(v) Engineers, architects, builders;
(vi) The media; and
(vii) Public officials.

(4) Other Activities in support of those listed in § 361.3(b)(1), (b)(2), and (b)(3) may include, but are not limited to, State seismic advisory boards which provide State and local officials responsible for implementing earthquake hazards reduction projects with expert advice in a variety of fields; hazard identification which defines the potential for earthquakes and their related geological hazards in a particular area; and vulnerability assessments, also known as loss estimation studies, which provide information on the impacts and consequences of an earthquake on an area's resources, as well as opportunities for earthquake hazards mitigation.

(c) State eligibility for financial assistance to States under this section is determined by FEMA based on a combination of the following criteria:

(1) Seismic hazard, including the historic occurrence of damaging earthquakes, as well as probable seismic activity;
(2) Total population and major urban concentrations exposed to such risk; and
(3) Other factors, the loss, damage, or disruption of which by a severe earthquake would have serious national impacts upon national security, such as industrial concentrations, concentrations or occurrences of natural resources, financial/economic centers and national defense facilities.

(d) Each fiscal year, FEMA will establish a target allocation of earthquake program funds for each eligible State.

(e) The specific activities, and the distribution of funds among them, that will be undertaken with this assistance will be determined during the annual Comprehensive Cooperative Agreement (CCA) negotiations between FEMA and the State, and will be based upon the following:

(1) The availability of information regarding identification of seismic hazards and vulnerability to those hazards;
(2) Earthquake hazards reduction accomplishments of the State to date;
(3) State and Federal priorities for needed earthquake hazards reduction activities; and
(4) State and local capabilities with respect to staffing, professional expertise, and funding.

(f) As a condition of receiving FEMA funding, a percentage of the amount of the total State project (FEMA State assistance, combined with the State match) must be spent for activities under the Mitigation Planning element. The percentage, to be determined by FEMA, may be increased by no more than 5 percent annually, beginning at 15 percent in fiscal year 1991 with a limit of 50 percent of the total State project. The increase will take into account the amount of time a State has been participating in the program. States may expend more than the required percentage of funding on eligible mitigation activities.

(g) The State match may be distributed among the eligible activities in any manner that is mutually agreed upon by FEMA and the State in the CCA negotiations.
(h) Negotiations between FEMA and the State regarding the scope of work and the determination of the amount of State assistance to be awarded shall consider earthquake hazards reduction activities previously accomplished by the State, as well as the quality of their performance.

§ 361.4 Matching contributions.

(a) All State assistance will be cost shared after the first year of funding. States which received a grant before October 1, 1990, which included the 50 percent non-Federal contribution to the State program, will continue to match the Federal funds on a 50 percent cash match basis.

(b) States which did not receive a grant before October 1, 1990, will assume cost sharing on a phased-in basis over a period of four years with the full cost sharing requirements being implemented in the fourth year. The sequence is as follows:

(1) For the first fiscal year, cost sharing will be voluntary. FEMA will provide State assistance without requiring a State match. Those States that are able to cost-share are encouraged to do so (on either a cash or in-kind basis).

(2) For the second fiscal year, the minimum acceptable non-Federal contribution is 25 percent of the total project cost, which may be satisfied through an in-kind contribution. Those States that are able to cost-share on a cash-contribution basis are encouraged to do so.

(3) For the third fiscal year, the minimum acceptable non-Federal contribution is 35 percent of the total project cost, which may be satisfied through an in-kind contribution. Those States that are able to cost-share on a cash-contribution basis are encouraged to do so.

(4) For the fourth and subsequent fiscal years, full cost sharing will be implemented, requiring a minimum of a 50 percent non-Federal contribution to a State program, with this share required to be cash. In-kind matching will no longer be acceptable. Thus, every dollar FEMA provides to a State must be matched by one dollar from the State. States that can contribute an amount greater than that required by the match are permitted and encouraged to do so. However, State assistance will not exceed the established target allocation.

(c) The State contribution need not be applied at the exact time of the obligation of the Federal funds. However, the State full matching share must be obligated by the end of the project period for which the State assistance has been made available for obligation under an approved program or budget.

(d) In the event a State interrupts its participation in this program, if it later elects to participate again, the nature and amount of that State's cost sharing shall be determined by the regulations then in effect, taking into account the number of years in which the State previously participated.

§ 361.5 Criteria for program assistance, matching contributions, and return of program assistance funds.

(a) In order to qualify for assistance, a State must:

(1) Demonstrate that the assistance will result in enhanced seismic safety in the State;

(2) Provide a share of the costs of the activities for which assistance is being given, in accordance with §361.4; and

(3) Demonstrate that it is taking actions to ensure its ability to meet the 50 percent cash contribution commitment either on an ongoing basis or for new States, by the fourth year of funding.

(i) The Governor of newly participating State must certify to the FEMA Regional Director the State will take steps to meet the 50 percent cash contribution commitment either on an ongoing basis or for new States, by the fourth year of funding.

(ii) The Governor must certify the State's continued commitment in the second and third years of funding. The certification will describe the progress made on the steps contained in the previous year's certification and steps to be taken in the future. The certification must be submitted prior to the State receiving program funds.

(iii) The Governor must certify the State's continued commitment in the second and third years of funding. The certification will describe the progress made on the steps contained in the previous year's certification and steps to be taken in the future. The certification must be submitted prior to the Regional Director before the State will receive program funds.

(iii) If a State encounters difficulties meeting the 50 percent cash contribution requirement for the target allocation following the fourth year of funding, the Regional Director may require the Governor to continue certifying the State is working to resolve the difficulty.

(iv) A State will not receive Federal funds if it cannot provide the required cash contribution.

(b) The value of any resources accepted as a matching share under one Federal agreement or program cannot be counted again as a contribution under another.

(c) The State seeking the match shall submit documentation sufficient for FEMA to determine that the contribution meets the following requirements. The match shall be:

(1) Necessary and reasonable for proper, cost-effective and efficient administration of the project, allocable solely thereto, and except as specifically provided herein, not be a general expense required to carry out the overall responsibilities of State and local governments;

(2) Verifiable from the recipient State's records;

(3) Not allocable to or included as a cost of any other Federally financed program in either the current or a prior period;

(4) Authorized under State law;

(5) Consistent with any limitations or exclusions set forth in these regulations, Federal laws or other governing limitations as to types of cost items;

(6) Accorded consistent treatment through application of generally accepted accounting principles appropriate to the circumstances;

(7) Provided for in the approved budget/workplan of the State; and

(d) A State must submit and FEMA must approve a statement of work before the State receives any grant funds. The statement of work and target allocation of funds are based on a 12-month performance period. Except under extenuating circumstances, the funds initially obligated to the State will be based on the amount of time remaining in the performance period at the time the statement of work is approved.

(e) States are expected to perform activities and therefore expend funds on a quarterly basis in accordance with the approved statement of work. At the end of the third quarter, State and FEMA regional office staff will review the State’s accomplishments to date. Funds not expended in accordance with the approved statement of work by the end of the third quarter of the performance period will not be made available to the State unless the State can demonstrate, and FEMA approves, its ability to perform activities adequately resulting in the expenditure of the funds by the end of the performance period.

§ 361.6 Documentation of matching contributions.

(a) The statement of work provided by the State to FEMA describing the specific activities comprising its earthquake hazards reduction project, including the project budget, shall reflect a level of effort commensurate with the total of the State and FEMA contributions.

(b) The basis by which the State determines the value of an in-kind match must be documented and a copy retained as part of the official record.

(c) The State shall maintain all records pertaining to matching contributions for a three-year period after the date of submission of the final financial report required by the CCA, or date of audit, whichever date comes first.

§ 361.7 General eligible expenditures.

(a) Expenditures must be for activities described in the statement of work mutually agreed to by FEMA and the State during the annual negotiation process, or for activities that the State agrees to perform as a result of subsequent modifications to that statement of work. These activities shall be consistent with the definition of eligible activities in §361.2.
§ 362.2 Definitions.

As used in this part—

Gifts of property means a gratuitous, voluntary transfer or conveyance of ownership in property by one person to another without any consideration, including transfer by donation, devise or bequest.

Gifts of services means a gratuitous, voluntary offer of labor or professional work by one person to another without any compensation for that labor or professional work.

Program Agencies means the Federal Emergency Management Agency, the United States Geological Survey, the National Science Foundation, and the National Institute of Standards and Technology.

Property means real or personal property, tangible or intangible, including equipment that will support the earthquake hazards reduction activities in its scope of work (see §361.7(a)); and

(2) Claim as credit for its match, if the equipment is to be used for purposes in addition to support of earthquake hazards reduction activities, only that proportion of costs directly related to its earthquake hazards reduction project.
§ 362.3 Criteria for determining acceptance.

The following criteria shall be applied whenever a gift of property or gift of services is offered to the Director for the benefit of the National Earthquake Hazards Reduction Program.

(a) The gift of property or gift of services must clearly and directly further the objectives of the National Earthquake Hazards Reduction Program, as defined in 42 U.S.C. 7702.

(b) All gifts of property must be offered unconditionally, with sole discretion of use, administration and disposition of such property to be determined by the Director or his designee.

(c) The Director may accept and use gifts of services of voluntary and uncompensated personnel, and may provide transportation and subsistence as authorized by 5 U.S.C. 5703 for persons serving without compensation.

(d) Employees of FEMA or the Program agencies may not solicit gifts of property, or gifts of services.

(e) Acceptance of gifts of property, or gifts of services must first be approved by the Office of the General Counsel, FEMA, for conformance with all applicable laws and regulations.

(f) In all cases where it is determined that the acceptance of a gift may create a conflict of interest, or the appearance of a conflict of interest, the gift will be declined.

PART 401—SHIPPING RESTRICTIONS (T-1)

Sec. 401.1 Prohibited transportation and discharge.

No person shall transport in any ship documented under the laws of the United States or in any aircraft registered under the laws of the United States any commodity at the time not identified by the Symbol B in the last column of the Commodity Control List (339.1 of the Comprehensive Export Schedule, issued by the Bureau of International Commerce, Department of Commerce (15 CFR parts 368 through 399), any article designated as arms, ammunition, and implements of war in the United States Munitions List (22 CFR parts 121 through 128), or any commodity, including fissionable materials controlled for export under the Atomic Energy Act of 1954, as amended, to any destination at the time in country groups X, Y, or Z as set forth in the Comprehensive Export Schedule (15 CFR 370.11g(2)), and no person shall discharge from any such ship or any such aircraft any such commodity or article at any such port or place or at any other port or place in transit to any such destination, unless a validated export license under the Export Control Act of 1949, as amended, under section 414 of the Mutual Security Act of 1954, as amended, or under the Atomic Energy Act of 1954, as amended, has been obtained from the Assistant Secretary for Domestic and International Business. This prohibition applies to the owner of the ship or aircraft, the master of the ship or aircraft, or any other officer, employee or agent of the owner of the ship or aircraft who participates in the transportation. The consular officers of the United States are furnished with current copies of the Commodity Control List.

§ 401.2 Application for adjustment or exceptions.

Any person affected by any provisions of this order may file an application for an adjustment or exception upon the ground that such provision works an exceptional hardship upon him, not suffered by others, or that its enforcement against him would not be in the interest of the national defense program. Such an application may be made by letter or telegram addressed to the Assistant Secretary for Domestic and International Business, Department of Commerce, Washington, DC, 20230, reference T-1. If authorization is requested, any such application should specify in detail the material to be shipped, the name and address of the shipper and of the recipient of the shipment, the ports or places from which and to which the shipment is being made and the use to which the material shipped will be put. The application should also specify in detail the facts which support the applicant’s claim for an exception.

§ 401.3 Reports.

Persons subject to this order shall submit such reports to the Assistant Secretary for Domestic and International Business as he shall require, subject to the terms of the Federal Reports Act.

§ 401.4 Records.

Each person participating in any transaction covered by this order shall retain in his possession, for at least 2 years, records of shipments in sufficient detail to permit an audit that determines for each transaction that the provisions of this order have been met. This does not specify any particular accounting method and does not require alteration of the system of records customarily maintained, provided such records supply an adequate basis for
§ 401.5 Audit. Records may be retained in the form of microfilm or other photographic copies instead of the originals.

§ 401.5 Defense against claims for damages.

No person shall be held liable for damages or penalties for any default under any contract or order which shall result directly or indirectly from compliance with this order or any provision thereof, notwithstanding that this order or such provision shall thereafter be declared by judicial or other competent authority to be invalid.

§ 401.6 Violations.

Any person who wilfully violates any provisions of this order or wilfully conceals a material fact or furnishes false information in the course of operation under this order is guilty of a crime and upon conviction may be punished by fine or imprisonment or both. In addition, administrative action may be taken against any such person, denying him the privileges generally accorded under this order.

PART 402—SHIPMENTS ON AMERICAN FLAG SHIPS AND AIRCRAFT (T-1, INT. 1)

Sec. 402.1 Shipments from the United States.
402.2 Restricted commodities.
402.3 Addition of commodities to the Positive List.
402.4 Calls at restricted ports en route to an unrestricted port with restricted cargo.
402.5 Forwarding commodities previously shipped.
402.6 Relation to Transportation Order T-2.

Source: Transportation Order T-1, Interpretation 1, 15 FR 9045, Dec. 21, 1950; 32 FR 1958, Nov. 17, 1967. Redesignated at 45 FR 44574, July 1, 1980, unless otherwise noted.

§ 402.1 Shipments from the United States.

Transportation Order T-1 applies to shipments from the United States, as well as to shipments from foreign ports, on American flag ships and aircraft.

§ 402.2 Restricted commodities.

The restrictions of Transportation Order T-1 apply to the transportation or discharge of (a) commodities on the Positive List (15 CFR part 399) (as amended from time to time) of the Comprehensive Export Schedule of the Office of International Trade, Department of Commerce, (b) articles on the list of arms, ammunition and implements of war coming within the meaning of Proclamation No. 2776 of March 26, 1948, and (c) commodities, including fissionable materials, controlled for export under the Atomic Energy Act of 1946. The restrictions imposed by Transportation Order T-1 do not apply to other commodities, not within these restricted classes at the time of transportation or discharge, even though authorization for the export of the commodity from the United States to the particular destination is required under regulations of the Office of International Trade or under other Federal law or regulation. In this respect, Order T-1 is different from Order T-2 which applies to all commodities destined to Communist China. Order T-1 does not relax or modify any of the requirements of any other regulation or law.

§ 402.3 Addition of commodities to the Positive List.

Order T-1 applies to the transportation or discharge of commodities which are restricted at the time of transportation or discharge. Accordingly, if a commodity is added to the Positive List while the commodity is being transported on an American flag ship or aircraft, the restrictions of Order T-1 immediately apply and the commodity may not be transported to or discharged at any of the restricted ports or discharged in transit to one of the restricted ports, unless authorization under Order T-1 is obtained.

§ 402.4 Calls at restricted ports en route to an unrestricted port with restricted cargo.

Order T-1 does not prohibit an American flag ship or aircraft from going to or calling at one of the restricted ports, on American flag ships and aircraft.
ports, even though it has on board a commodity which could not be discharged at that port. (Note, however, that Order T-2 prohibits American flag ships and aircraft from calling at any port or other place in Communist China.) For example, an American flag ship may call at one of the restricted ports (except one in Communist China), even though it has on board the following classes of commodities:

(a) A Positive List commodity manifested to a destination outside the restricted area, with an export license and an export declaration showing the unrestricted destination at the ultimate destination, 
(b) A Positive List commodity destined for the restricted port of call which cannot be discharged there because there is no export license or authorization from the Assistant Secretary for Domestic and International Business permitting discharge at the restricted port of call, 
(c) A commodity of any kind destined for Communist China (the transportation and discharge of which is covered by Order T-2).

None of these commodities may be discharged at the restricted port of call. Discharge of any of these commodities at the port covered by the restrictions of Order T-1 is prohibited and subject to penalty, regardless of the circumstances under which the discharge of the cargo at the restricted port occurs, unless appropriate authorization is obtained.

§ 402.5 Forwarding commodities previously shipped.

Order T-1 applies to transportation on or discharge from ships documented under the laws of the United States and aircraft registered under the laws of the United States. These restrictions apply either in the case of a discharge at one of the restricted ports or to discharge at any other port in transit to a restricted destination. The restrictions of Order T-1 do not apply to transportation by foreign carriers, as long as there is no prohibited transportation or discharge by or from a United States flag ship or aircraft after the issuance of Order T-1. Accordingly, if an American flag ship or aircraft, before the issuance of Order T-1, had transported restricted commodities manifested to restricted destinations, and had completed the transportation to a foreign intermediate point and had completed the discharge from the American flag ship or aircraft before the issuance of Order T-1, no violation of that order would have occurred, but Order T-1 would prohibit further shipment on an American flag ship or aircraft unless authorization under Order T-1 is obtained.

§ 402.6 Relation to Transportation Order T-2.

Transportation Order T-1 applies to the transportation of commodities to, or in transit to, destinations in Sub-Group A, Hong Kong or Macao. It applies, however, only to commodities on the Positive List of the Office of International Trade, arms and ammunition, and commodities controlled under the Atomic Energy Act (see section 2 of this interpretation). Transportation Order T-2 applies to the transportation of commodities of any kind which are destined to Communist China (Order T-2 also prohibits American ships and aircraft from calling at any port or place in Communist China). Since Communist China is in Sub-Group A, the restrictions of both orders apply to the transportation of commodities to Communist China or to any other point in transit to Communist China.

PART 403—SHIPPING RESTRICTIONS; NORTH KOREA AND THE COMMUNIST-CONTROLLED AREA OF VIETNAM (T-2)

Sec.
403.1 Prohibition of movement of American carriers to North Korea.
403.2 Prohibition on transportation of goods destined for North Korea.
403.3 Persons affected.
403.4 Reports.
403.5 Records.
403.6 Defense against claims for damages.
403.7 Violations.

AUTHORITY: Sec. 704, 64 Stat. 816, as amended; 50 U.S.C. app. 2154.\footnote{1} Interpret or apply sec. 101, 64 Stat. 799, as amended; 50 U.S.C. app. 2071; E.O. 10480, 18 FR 4939, 3 CFR, 1953

§ 403.1

Prohibition of movement of American carriers to North Korea.

No person shall sail, fly, navigate, or otherwise take any ship documented under the laws of the United States or any aircraft registered under the laws of the United States to North Korea.

(59 FR 8413, Feb. 22, 1994)

§ 403.2

Prohibition on transportation of goods destined for North Korea.

No person shall transport, in any ship documented under the laws of the United States, or in any aircraft registered under the laws of the United States, any material, commodity, or cargo of any kind. No person shall take on board any ship documented under the laws of the United States or any aircraft registered under the laws of the United States any material, commodity, or cargo of any kind if that person knows or has reason to believe that the material, commodity, or cargo is destined, directly or indirectly for North Korea. No person shall discharge from any ship documented under the laws of the United States or from any aircraft registered under the laws of the United States, at any place other than the port where the cargo was loaded, or within territory under the jurisdiction of the United States any material, commodity, or cargo of any kind which that person knows or has reason to believe is destined for North Korea.

(59 FR 8413, Feb. 22, 1994)

§ 403.3

Persons affected.

The prohibitions of this order apply to the owner of the ship or aircraft, to the master of the ship or aircraft, and to any other officer, employee, or agent of the owner of the ship or to any other person who participates in the prohibited activities.

§ 403.4

Reports.

Persons subject to this order shall submit such reports to either the Assistant Secretary of Commerce for Domestic and International Business, Assistant Secretary of Commerce for Maritime Affairs, or the Assistant Secretary of Transportation for Policy and International Affairs, for, respectively, cargoes, vessels or aircraft as shall be required, subject to the terms of the Federal Reports Act.

§ 403.5

Records.

Each person participating in any transaction covered by this order shall retain in his possession, for at least 2 years, records of voyages and shipments in sufficient detail to permit an audit that will determine for each transaction that the provisions of this order have been met. This provision does not require any particular accounting method and does not require alteration of the system customarily maintained, provided such records supply an adequate basis for audit. Records may be retained in the form of microfilm or other photographic copies instead of the originals.

§ 403.6

Defense against claims for damages.

No person shall be held liable for damages or penalties for any default under any contract or order which shall result directly or indirectly from compliance with this order or any provision thereof, notwithstanding that this order or such provision shall thereafter be declared by judicial or other competent authority to be invalid.

§ 403.7

Violations.

Any person who willfully violates any provisions of this order, or willfully conceals a material fact, or furnishes false information in the course of operation under this order, shall, upon conviction, be punished by fine or imprisonment, or both. In addition, administrative action may be taken against any such person, denying him the privileges generally accorded under this order.
