53.104 Overprinting.

Standard and optional forms (obtained as required by 53.107) may be overprinted with names, addresses, and other uniform entries that are consistent with the purpose of the form and that do not alter the form in any way. Exception approval for overprinting is not needed.

53.105 Computer generation.

GENERAL EXPLANATION

The amended Service Contract Act requires the Secretary of Labor to issue wage determinations applicable to employees engaged in the performance of service contracts in excess of \$2,500. Standard Form 98, Notice of Intention to Make a Service Contract, with Attachment A, provides an orderly procedure for a contracting agency to request such a wage determination and for the Department of Labor to respond. Any questions as to whether a notice is required in a particular procurement situation should be resolved by reference to Title 29, Part 4, Code of Federal Regulations, or by submission of the question to the Department of Labor.

Under normal circumstances the Department of Labor will respond to a notice within 30 days of receipt. If there is urgent need for more expeditious handling, this should be explained when the notice is submitted. In the event the necessary response is not received by the contracting agency on a timely basis, the Department of Labor should be contacted.

In any case where section 4(c) of the Act requires adherence to compensation provisions of a collective bargaining agreement applicable under a predecessor contract and the agency desires to request a hearing on the issue of substantial variance between the wages and fringe benefits provided under such agreement and those prevailing in the locality, the request should be submitted with the notice of intent, in accordance with the provisions of 29 CFR 4.10, and sufficiently far in advance of the need for the wage determination to allow time for appropriate action as provided in that section of the regulations.

The notice is divided along functional lines: (1) that part which must be completed by the contracting agency, Items 2 through 10 of the basic form and Items 11 through 14 of the attachment; and (2) the Response to Notice to be completed by the Department of Labor. The basic form and its attachment are provided in quadruplicate sets with carbon inserts. The original and two copies of the basic form and of each set of attachments used (with snap-out carbons removed and the forms fastened together) are to be sent to the address preprinted on the basic form. One copy of the basic form and one copy of the attachment are to be retained by the agency.

INSTRUCTIONS—AGENCY PORTION OF NOTICE

Entries on Basic Form

Item 1—This number is preprinted on the basic form for identification and control purposes. Refer to this number when contacting the Department of Labor about the notice.

Item 2—Enter the estimated solicitation date.

Item 3—Enter the date the bids or proposals are expected to be opened or the negotiations started.

Item 4—Enter the date contract performance is expected to begin.

Item 5—The entry as to place of performance depends on a variety of factors. If the place of performance is fixed, as with a contract for janitorial services at a particular installation, enter the appropriate city, county and State. If performance is to be at several known places, attach a list. If the contract is for transportation services between points, enter the city, county and State of origin and of destination. If the place of performance may be anywhere, depending on who is awarded the contract (as, for example, certain laundry contracts), enter "unknown." If necessary for clarity, attach a brief explanation of the entry in Item 5.

Item 6—Describe the services to be performed in such a manner that it will be clear what type or types of services are called for by the contract. In many instances simple entries will suffice: "Janitorial services at Headquarters Building, Fort Sill," "Food service and kitchen police service at Enlisted Mess, Camp A. P. Hill," "Laundry and drycleaning services for Base Hospital, Eglin AFB," "Garbage collection at Ft. Hood." Unusual types of services must be described in more detail.

Item 7—Mark the appropriate box.

Item 8—It is very important under the amended Service Contract Act that appropriate entries be made in Item 8 if Box A of Item 7 has been marked.

- a. Enter the name and address of the incumbent contractor.
- b. Enter the number(s) of any wage determination(s) made part of the incumbent's contract. For example: 71-69 (Rev. 3) and 69-43 (Rev. 4).
- c. Enter the name(s) of union(s) if any of the services are being performed by the incumbent contractor under collective bargaining agreement(s). If an entry is required in c., a copy of all current applicable collective bargaining agreements must be furnished with the notice. The notice will be returned without action by the Department of Labor if this is not done.

Item 9—It is often necessary for the Department of Labor to get in touch with the contracting official who submitted the notice in order to clarify particular points and expedite a response. The name of this official should be printed or typed in the space provided and he should sign his name above. The telephone number, including area code, should be entered. Enter the date the notice is submitted.

Item 10—Print or type this entry in the space provided within the brackets. This is used by the Department of Labor to identify the contracting agency and for mailing purposes.

ENTRIES ON ATTACHMENT A

Item 11—Enter the notice number found in Item 1 of the basic form. **Item 12**—Enter the classes of service employees to be employed in performing the contract. A simple entry may suffice: "Janitor," "Window cleaner," "Automotive mechanic," "Guard," "Stenographer," "Typist," "Warehouseman," "File clerk." Where more complex jobs are involved, it will expedite handling to use a few lines below the entry for a class to describe briefly what the employee will do—a sort of capsule job description. The entries in Item 12 are crucial as they enable the Department of Labor to "match" the job to be performed against existing wage determinations or available wage payment data.

Item 13—Enter the number of employees to be employed in each class listed in Item 12. Do not omit this figure even though it may be necessary to use a rough estimate.

Item 14—The amended Service Contract Act (section 2(a)(5)) requires the contracting agency to include in the contract: "A statement of the rates that would be paid by the Federal agency to the various classes of service employees if section 5341 of Title 5, United States Code, were applicable to them." The Secretary of Labor is required to give "due consideration" to such rates in making wage and fringe benefit determinations.

For purposes of the entries in Item 14, assume that each class of employees listed in Item 12 is to be Federally employed; that is, to be employed directly as "wage board" or "blue collar" employees by the contracting agency and who, if so employed, would receive wages as provided in 5 United States Code 5341. Enter the hourly wage rate that each such listed class would be paid. The agency's personnel office may be of help in determining the appropriate hourly rate entries.

While the "statement" made part of the contract must include both the hourly wage rates and fringe benefits that would be paid to the various classes, it is not necessary to furnish fringe benefit information as part of the notice. In giving "due consideration" to the fringe benefits that would be paid, the Department of Labor will consult the formula previously made available to all contracting agencies for use in preparing the "statement" required to be made part of the contract.

INSTRUCTIONS—RESPONSE PORTION OF NOTICE

(Completed by Department of Labor)

The original copy of the basic form and the original copy of the attachment will be returned to the contracting agency with appropriate entries by the Department of Labor in that portion of the basic form reserved for Response to Notice.

- A. If this box is marked, the wage determination(s) applicable will be listed by number and attached. The wage rates and fringe benefits reflected in the attached wage determination(s) are applicable to the procurement and must be made part of the contract. (If wage rates and fringe benefits are not provided in the wage determination(s) for particular classes of service employees to be employed on the contract, conforming action must be taken as provided in Title 29, Part 4, section 4.6(b)(2), Code of Federal Regulations.)
- B. If this box is marked, no wage determination applicable to the specified locality and classes of employees is in effect. However, successor contractors may not pay less than the collectively bargained wage rates and fringe benefits, including any prospective increases, applicable to employees of the predecessor contractor except where, upon a hearing, it is found that such wage rates and fringe benefits are substantially at variance with those that prevail in the locality. In no case may an employee be paid less than the minimum wage under section 6(a)(1) of the Fair Labor Standards Act.
- C. From time to time the Department of Labor receives a notice with respect to a proposed contract which, on the basis of the information supplied by the contracting agency, is not subject to the Service Contract Act. If box C is marked, an explanation will be attached.
- D. This box will be marked if the notice must be returned for additional information. An explanation will be attached so that the contracting agency will know what action to take.

ADDITIONAL WAGE DATA

The Department of Labor welcomes any wage rate and fringe benefits data the contracting agency may submit in connection with a notice, as well as any explanatory information that will assist in understanding the proposed procurement.

INSTRUCTIONS

Persons or concerns wishing to be added to a particular agency's bidder's mailing list for supplies or services shall file this properly completed Solicitation Mailing List Application, together with such other lists as may be attached to this application form, with each procurement office of the Federal agency with which they desire to do business. If a Federal agency has attached a Supplemental Commodity list with instructions, complete the application as instructed. Otherwise, identify in Item 10 the equipment, supplies, and/or services on which you desire to bid. (Provide Federal Supply Class or Standard Industrial Classification codes, if available.) The application shall be submitted and signed by the principal as distinguished from an agent, however constituted.

After placement on the bidder's mailing list of an agency, your failure to respond (submission of bid, or notice in writing, that you are unable to bid on that particular transaction but wish to remain on the active bidder's mailing list for that particular item) to solicitations will be understood by the agency to indicate lack of interest and concurrence in the removal of your name from the purchasing activity's solicitation mailing for items concerned.

SIZE OF BUSINESS DEFINITIONS
(See Item 11A.)

a. **Small business concern** - A small business concern for the purpose of Government procurement is a concern, including its affiliates, which is independently owned and operated, is not dominant in the field of operation in which it is competing for Government contracts, and can further qualify under the criteria concerning number of employees, average annual receipts, or the other criteria, as prescribed by the Small Business Administration. (See Code of Federal Regulations, Title 13, Part 121, as amended, which contains detailed industry definitions and related procedures.)

b. **Affiliates** - Business concerns are affiliates of each other when either directly or indirectly (i) one concern controls or has the power to control the other, or (ii) a third party controls or has the power to control both. In determining whether concerns are independently owned and operated and whether or not affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationship. (See Items 8 and 11A.)

c. **Number of employees** - (Item 11B) In connection with the determination of small business status, "number of employees" means the average employment of any concern, including the employees of its domestic and foreign affiliates, based on the number of persons employed on a full-time, part-time, temporary or other basis during each of the pay periods of the preceding 12 months. If a concern has not been in existence for 12 months, "number of employees" means the average employment of such concern and its affiliates during the period that such concern has been in existence based on the number of persons employed during each of the pay periods of the period that such concern has been in business.

TYPE OF OWNERSHIP DEFINITIONS
(See Item 12.)

a. **"Disadvantaged business concern"** - means any business concern (1) which is at least 51 percent owned by one or more socially and economically disadvantaged individuals; or, in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more socially and economically disadvantaged individuals; and (2) whose management and daily business operations are controlled by one or more of such individuals.

b. **"Women-owned business"** - means a business that is at least 51 percent owned by a woman or women who are U.S. citizens and who also control and operate the business.

TYPE OF BUSINESS DEFINITIONS
(See Item 13.)

a. **"Manufacturer or producer"** - means a person (or concern) owning, operating, or maintaining a store, warehouse, or other establishment that produces, on the premises, the materials, supplies, articles or equipment of the general character of those listed in Item 10, or in the Federal Agency's Supplemental Commodity List, if attached.

b. **"Service establishment"** - means a concern (or person) which owns, operates, or maintains any type of business which is principally engaged in the furnishing of nonpersonal services, such as (but not limited to) repairing, cleaning, redecorating, or rental of personal property, including the furnishing of necessary repair parts or other supplies as a part of the services performed.

- **COMMERCE BUSINESS DAILY** - The Commerce Business Daily, published by the Department of Commerce, contains information concerning proposed procurements, sales, and contract awards. For further information concerning this publication, contact your local Commerce Field Office.

<p>Purpose: The policy of the Federal Government in acquiring architectural, engineering, and related professional services is to encourage firms lawfully engaged in the practice of those professions to submit annually a statement of qualifications and performance data. Standard Form 254, "Architect-Engineer and Related Services Questionnaire," is provided for that purpose. Interested A-E firms (including new, small, and/or minority firms) should complete and file SF 254 with each Federal agency and with appropriate regional or district offices for which the A-E is qualified to perform services. The agency head for each proposed project shall evaluate these qualification resumes, together with any other performance data on file or requested by the agency, in relation to the proposed project. The SF 254 may be used as a basis for selecting firms for discussions, or for screening firms preliminary to inviting submission of additional information.</p>	<p>"Branch Office" is a satellite, or subsidiary extension, of a headquarters office of a company, regardless of any differences in name or legal structure of such a branch due to local or state laws. Check appropriate boxes indicating if firm is (a) a small business concern; (b) a small business concern owned and operated by socially and economically disadvantaged individuals; and (c) Woman-owned (See 48 CFR 19.101 and 52.219-9). Branches of subsidiaries of large or parent companies, or conglomerates, should insert name and address of highest-tier owner. <ol style="list-style-type: none"> If present firm is the successor to, or outgrowth of, one or more predecessor firms, show name(s) of former entity(ies) and the year(s) of their original establishment. List not more than two principals from submitting firm who may be contacted by the agency receiving this form. (Different principals may be listed on forms going to another agency.) Listed principals must be empowered to speak for the firm on policy and contractual matters. Beginning with the submitting office, list name, location, total number of personnel, and telephone numbers for all associated or branch offices, (including any headquarters or foreign offices) which provide A-E and related services. <ol style="list-style-type: none"> Show total personnel in all offices. (Should be sum of all personnel, all branches.) Show total number of employees, by discipline, in submitting office. (*If form is being submitted by main or headquarters office, firm should list total employees, by discipline, in all offices.) While some personnel may be qualified in several disciplines, each person should be counted only once in accord with his or her primary function. Include clerical personnel as "administrative." Write in any additional disciplines--sociologists, biologists, etc. -- and number of people in each, in blank spaces.
<p>Definitions: "Architect-Engineer Services" are defined in Part 36 of the Federal Acquisition Regulation. "Parent Company" is that firm, company, corporation, association or conglomerate which is the major stockholder or highest tier owner of the firm completing this questionnaire; i.e., Firm A is owned by Firm B which is, in turn, a subsidiary of Corporation C. The "parent company" of Firm A is Corporation C. "Principals" are those individuals in a firm who possess legal responsibility for its management. They may be owners, partners, corporate officers, associates, administrators, etc. "Discipline," as used in this questionnaire, refers to the primary technological capability of individuals in the responding firm. Possession of an academic degree, professional registration, certification, or extensive experience in a particular field of practice normally reflects an individual's primary technical discipline. "Joint Venture" is a collaborative undertaking by two or more firms or individuals for which the participants are both jointly and individually responsible. "Consultant," as used in this questionnaire, is a highly specialized individual or firm having significant input and responsibility for certain aspects of a project and possessing unusual or unique capabilities for assuring success of the finished work. "Prime" refers to that firm which may be coordinating the concerted and complementary inputs of several firms, individuals or related services to produce a completed study or facility. The "prime" would normally be regarded as having full responsibility and liability for quality of performance by itself as well as by subcontractors professionals under its jurisdiction.</p>	<p>STANDARD FORM 254 (REV. 11-82) Prescribed by GSA - FAR (48 CFR) 53.236-2(b)</p>

Select and enter, in numerical sequence, not more than thirty (30) "Experience Profile Code" numbers from the listing (next page) which most accurately reflect submitting firm's demonstrated technical capabilities and project experience. Carefully review list. (It is recognized some profile codes may be part of other services or projects contained on list; firms are encouraged to select profile codes which best indicate type and scope of services provided on past projects.) For each code number, show total number of projects and gross fees (in thousands) received for profile projects performed by firm during past few years. If firm has one or more capabilities not included on list, insert same in blank spaces at end of list and show numbers in question 10 on the form. In such cases, the filled-in listing must accompany the complete SF 254 when submitted to the Federal agencies.</p> <p>11. Using the "Experience Profile Code" numbers in the same sequence as entered in item 10, give details of at least one recent (within last five years) representative project for each code number, up to a maximum of thirty (30) separate projects, or portions of projects, for which firm was responsible. (Project examples may be used more than once to illustrate different services rendered on the same job. Example: a dining hall may be part of an auditorium or educational facility.) Firms which select less than thirty "profile codes" may list two or more project examples (to illustrate specialization) for each code number so long as total of all project examples does not exceed thirty (30). After each code number in question 11, show: (a) whether firm was "P," the prime professional, or "C," a consultant, or "JV," part of a joint venture on that particular project (new firms, in existence less than five (5) years may use the symbol "JE" to indicate "Individual Experience" as opposed to firm experience); (b) provide name and location of the specific project which typifies firm's (or individual's) performance under that code category; (c) give name and address of the</p>	1. The completed SF 254 should be signed by a principal of the firm, preferably the chief executive officer.</p> <p>13. Additional data, brochures, photos, etc. should not accompany this form unless specifically requested.</p> <p>NEW FIRMS (not reorganized or recently-amalgamated firms) are eligible and encouraged to seek work from the Federal Government in connection with performance of projects for which they are qualified. Such firms are encouraged to complete and submit Standard Form 254 to appropriate agencies. Questions on the form dealing with personnel or experience may be answered by citing experience and capabilities of individuals in the firm, based on performance and responsibility while in the employ of others. In so doing, notation of this fact should be made on the form. In question 9, write in "N/A" to indicate "not applicable" for those years prior to firm's organization.</p>

53.301-255 Standard Form 255, Architect-Engineer and Related Services Questionnaire for Specific Project.

<p>STANDARD FORM (SF) 255</p> <p>Architect-Engineer and Related Services Questionnaire for Specific Project</p>	<p>Form Approved OMB No. 9000-0005</p>
<p>Public reporting burden for this collection of information is estimated to average 1.2 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the FAR Secretariat (VRS), Office of Federal Acquisition and Regulatory Policy, GSA, Washington, D.C. 20405; and to the Office of Management and Budget, Paperwork Reduction Project (9000-0005), Washington, D.C. 20503.</p>	
<p>Purpose:</p> <p>This form is a supplement to the "Architect-Engineer and Related Services Questionnaire" (SF 254). Its purpose is to provide additional information regarding the qualifications of interested firms to undertake a specific Federal A-E project. Firms, or branch offices of firms, submitting this form should enclose (or already have on file with the appropriate office of the agency) a current (within the past year) and accurate copy of the SF 254 for that office.</p> <p>The procurement official responsible for each proposed project may request submission of the SF 255 "Architect-Engineer and Related Services Questionnaire for Specific Project" in accord with applicable civilian and military procurement regulations and shall evaluate such submissions, as well as related information contained on the Standard Form 254, and any other performance data on file with the agency, and shall select firms for subsequent discussions leading to contract award in conformance with Public Law 92-582. This form should only be filed by an architect-engineer or related services firm when requested to do so by the agency or by a public announcement. Responses should be as complete and accurate as possible, contain data relative to the specific project for which you wish to be considered, and should be provided, by the required due date, to the office specified in the request or public announcement.</p> <p>This form will be used only for the specified project. Do not refer to this submittal in response to other requests or public announcements.</p> <p>Definitions:</p> <p>"Architect-Engineer Services" are defined in Part 36 of the Federal Acquisition Regulation.</p> <p>"Principals" are those individuals in a firm who possess legal responsibility for its management. They may be owners, partners, corporate officers, associates, administrators, etc.</p> <p>"Discipline" as used in this questionnaire, refers to the primary technological capability of individuals in the responding firm. Possession of an academic degree, professional registration, certification, or extensive experience in a particular field of practice normally reflects an individual's primary technical discipline.</p> <p>"Joint Venture" is a collaborative undertaking by two or more firms or individuals for which the participants are both jointly and individually responsible.</p> <p>"Key Persons, Specialists, and Individual Consultants," as used in this questionnaire, refer to individuals who will have major project responsibility or will provide unusual or unique capabilities for the project under consideration.</p>	
<p>Instructions for Filing (Numbers below correspond to numbers contained in form):</p> <ol style="list-style-type: none"> 1. Give name and location of the project for which this form is being submitted. 2. Provide appropriate data from the <i>Commerce Business Daily</i> (CBD) identifying the particular project for which this form is being filed. <ol style="list-style-type: none"> 2a. Give the date of the <i>Commerce Business Daily</i> in which the project announcement is appeared, or indicate "not applicable" (N/A) if the source of the announcement is other than the CBD. 2b. Write in any additional disciplines -- sociologists, biologists, etc. -- and number of people in each, in blank spaces. 5. Answer only if this form is being submitted by a joint venture of two or more collaborating firms. Show the names and addresses of all individuals or organizations expected to be included as part of the joint venture and describe their particular areas of anticipated responsibility (i.e., technical disciplines, administration, financial, sociological, environmental, etc.). <ol style="list-style-type: none"> 5a. <p style="text-align: center;">STANDARD FORM (SF) 255</p> <p style="text-align: center;">Architect-Engineer and Related Services Questionnaire for Specific Project</p>	<p style="text-align: center;">Standard Form 255 General Services Administration Washington, D. C. 20405</p> <p>6. If respondent is not a joint venture, but intends to use outside (as opposed to in-house or permanently and formally affiliated) consultants or associates, he should provide names and addresses of all such individuals or firms, as well as their particular areas of technical/professional expertise, as it relates to this project. Existence of previous working relationships should be noted. If more than eight outside consultants or associates are anticipated, attach an additional sheet containing requested information.</p> <p>7. Regardless of whether respondent is a joint venture or an independent firm, provide brief resumes of key personnel expected to participate on this project. Care should be taken to limit resumes to only those personnel and specialists who will have major project responsibilities. Each resume must include: (a) name of each key person and specialist and his or her title, (b) the project assignment or role which that person will be expected to fulfill in connection with this project, (c) the name of the firm or organization, if any, with whom that individual is presently associated, (d) years of relevant experience with present firm and other firms, (e) the highest academic degree achieved and the discipline covered (if more than one highest degree, such as two Ph.D.'s, list both), the year received and the particular technical/professional discipline which that individual will bring to the project, (f) if registered as an architect, engineer, surveyor, etc., show only the field of registration and the year that such registration was first acquired. If registered in several states, do not list states, and (g) a synopsis of experience, training, or other qualities which reflect individual's potential contribution to this project. Include such data as: familiarity with Government or agency procedures, similar type of work performed in the past, management abilities, familiarity with the geographic area, relevant foreign language capabilities, etc. Please limit synopsis of experience to directly relevant information.</p> <p>8. List up to ten projects which demonstrate the firm's or joint venture's competence to perform work similar to that likely to be required on this project. The more recent such projects, the better. Prime consideration will be given to projects which illustrate respondent's capability for performing work similar to that being sought. Required information must include: (a) name and location of project, (b) brief description of type and extent of services provided for each project (submissions by joint ventures should indicate which member of the joint venture was the prime on that particular project and what role it played), (c) name and address of the owner of that project (if Government agency, indicate responsible office), and name and phone number of individual to contact for reference (preferably the project manager), (d) completion date (actual, when available, otherwise estimated), (e) total construction cost of completed project (or where no construction was involved, the approximate cost of your work) and that portion of the cost of the project for which the named firm was/is responsible.</p> <p>9. List only those projects which the A-E firm or joint venture, or members of the joint venture, are currently performing under direct contract with an agency or department of the Federal Government. Exclude any grant or loan projects being financed by the Federal Government, but being performed under contract to other non-Federal Governmental entities. Information provided under each heading is similar to that requested in the preceding item 8, except for (d) "Percent Complete." Indicate in this item the percentage of A-E work completed upon filing this form.</p> <p>10. Through narrative discussion, show reason why the firm or joint venture submitting this questionnaire believes it is especially qualified to undertake the project. Information provided should include, but not be limited to, such data as: specialized equipment available for this work, any awards or recognition received by a firm or individuals for similar work, required security clearances, special approaches or concepts developed by the firm relevant to this project, etc. Respondents may say anything they wish in support of their qualifications. When appropriate, respondents may supplement this proposal with graphic material and photographs which best demonstrate design capabilities of the team proposed for this project.</p> <p>11. Completed forms should be signed by the chief executive officer of the joint venture (thereby attesting to the concurrence and commitment of all members of the joint venture), or by the architect-engineer principal responsible for the conduct of the work in the event it is awarded to the organization submitting this form. Joint ventures selected for subsequent discussions regarding this project must make available a statement of participation signed by a principal of each member of the joint venture. ALL INFORMATION CONTAINED IN THE FORM SHOULD BE CURRENT AND FACTUAL.</p>

STANDARD FORM 294 (REV. 8-98)
Prescribed by GSA-FAR (48 CFR) 53.219(a)

GENERAL INSTRUCTIONS

1. This report is not required from small businesses.
2. This report is not required for commercial items for which a commercial plan has been approved, nor from large businesses in the Department of Defense (DOD) Test Program for Negotiation of Comprehensive Subcontracting Plans. The Summary Subcontract Report (SF 295) is required for contractors operating under one of these two conditions and should be submitted to the Government in accordance with the instructions on that form.
3. This form collects subcontract award data from prime contractors/subcontractors that: (a) hold one or more contracts over \$500,000 (over \$1,000,000 for construction of a public facility); and (b) are required to report subcontracts awarded to Small Business (SB), Small Disadvantaged Business (SDB), and Women-Owned Small Business (WOSB) concerns under a subcontracting plan. For the Department of Defense (DOD), the National Aeronautics and Space Administration (NASA), and the Coast Guard, this form also collects subcontract award data for Historically Black Colleges and Universities (HBCUs) and Minority Institutions (MIs).
4. This report is required for each contract containing a subcontracting plan and must be submitted to the administrative contracting officer (ACO) or contracting officer if no ACO is assigned, semi-annually during contract performance for the periods ended March 31st and September 30th. A separate report is required for each contract at contract completion. Reports are due 30 days after the close of each reporting period unless otherwise directed by the contracting officer. Reports are required when due, regardless of whether there has been any subcontracting activity since the inception of the contract or since the previous report.
5. Only subcontracts involving performance within the U.S., its possessions, Puerto Rico, and the Trust Territory of the Pacific Islands should be included in this report.
6. Purchases from a corporation, company, or subdivision that is an affiliate of the prime/subcontractor are not included in this report.
7. Subcontract award data reported on this form by prime contractors/subcontractors shall be limited to awards made to their immediate subcontractors. Credit cannot be taken for awards made to lower tier subcontractors.

SPECIFIC INSTRUCTIONS

- BLOCK 2:** For the Contractor Identification Number, enter the nine-digit Data Universal Numbering System (DUNS) number that identifies the specific contractor establishment. If there is no DUNS number available that identifies the exact name and address entered in Block 1, contact Dun and Bradstreet Information Services at 1-800-333-0505 to get one free of charge over the telephone. Be prepared to provide the following information: (1) Company name; (2) Company address; (3) Company telephone number; (4) Line of business; (5) Chief executive officer/key manager; (6) Date the company was started; (7) Number of people employed by the company; and; (8) Company affiliation.
- BLOCK 4:** Check only one. Note that all subcontract award data reported on this form represents activity since the inception of the contract through the date indicated in this block.
- BLOCK 5:** Check whether this report is a "Regular," "Final," and/or "Revised" report. A "Final" report should be checked only if the contractor has completed the contract or subcontract reported in Block 7. A "Revised" report is a change to a report previously submitted for the same period.
- BLOCK 6:** Identify the department or agency administering the majority of subcontracting plans.
- BLOCK 7:** Indicate whether the reporting contractor is submitting this report as a prime contractor or subcontractor and the prime contract or subcontract number.
- BLOCK 8:** Enter the name and address of the Federal department or agency awarding the contract or the prime contractor awarding the subcontract.
- BLOCK 9:** Check the appropriate block to indicate whether indirect costs are included in the dollar amounts in blocks 10a through 12. To ensure comparability between the goal and actual columns, the contractor may include indirect costs in the actual column only if the

BLOCKS 10a through 12: Under "Current Goal," enter the dollar and percent goals in each category (SB, SDB, and, WOSB) from the subcontracting plan approved for this contract. (If the original goals agreed upon at contract award have been revised as a result of contract modifications, enter the original goals in Block 13. The amounts entered in Blocks 10a through 12 should reflect the revised goals.) Under "Actual Cumulative," enter actual subcontract achievements (dollar and percent) from the inception of the contract through the date of the report shown in Block 4. In cases where indirect costs are included, the amounts should include both direct awards and an appropriate prorated portion of indirect awards.

BLOCK 10a: Report all subcontracts awarded to SBs including subcontracts to SDBs and WOSBs. For DOD, NASA, and Coast Guard contracts, include subcontracting awards to HBCUs and MIs.

BLOCK 10b: Report all subcontracts awarded to large businesses (LBs).

BLOCK 10c: Report on this line the total of all subcontracts awarded under this contract (the sum of lines 10a and 10b).

BLOCKS 11 and 12: Each of these items is a subcategory of Block 10a. Note that in some cases the same dollars may be reported in both Block 11 and Block 12 (i.e., SDBs owned by women).

BLOCK 11: Report all subcontracts awarded to SDBs (including women-owned SDBs). For DOD, NASA, and Coast Guard contracts, include subcontract awards to HBCUs and MIs.

BLOCK 12: Report all subcontracts awarded to Women-Owned firms (including SDBs owned by women).

BLOCK 13: Enter a short narrative explanation if (a) SB, SDB, or WOSB accomplishments fall below that which would be expected using a straight-line projection of goals through the period of contract performance; or (b) if this is a final report, any one of the three goals was not met.

DEFINITIONS

1. Commercial item means a product or service that satisfies the definition of commercial item in Section 2.101 of the Federal Acquisition Regulation.
2. Commercial plan means a subcontracting plan, including goals, that covers the offeror's fiscal year and that applies to the entire production of commercial items sold by either the entire company or a portion thereof (e.g., division, plant, or product line).
3. Subcontract means a contract, purchase order, amendment, or other legal obligation executed by the prime contractor/subcontractor calling for supplies or services required for the performance of the original contract or subcontract.
4. Direct Subcontract Awards are those that are identified with the performance of one or more specific Government contract(s).
5. Indirect costs are those which, because of incurrence for common or joint purposes, are not identified with specific Government contracts; these awards are related to Government contract performance but remain for allocation after direct awards have been determined and identified to specific Government contracts.

DISTRIBUTION OF THIS REPORT

For the Awarding Agency or Contractor:

The original copy of this report should be provided to the contracting officer at the agency or contractor identified in Block 8. For contracts with DOD, a copy should also be provided to the Defense Logistics Agency (DLA) at the cognizant Defense Contract Management Area Operations (DCMAO) office.

For the Small Business Administration (SBA):

A copy of this report must be provided to the cognizant Commercial Market Representative (CMR) at the time of a compliance review. It is **NOT** necessary to mail the SF 294 to SBA unless specifically requested by the CMR.

Prescribed by GSA - FAR (48 CFR) 53.219(a)

GENERAL INSTRUCTIONS

1. This report is not required from small businesses.
2. This form collects subcontract award data from prime contractors/subcontractors that: (a) hold one or more contracts over \$500,000 (over \$1,000,000 for construction of a public facility); and (b) are required to report subcontracts awarded to Small Business (SB), Small Disadvantaged Business (SDB), and Women-Owned Small Business (WOSB) concerns under a subcontracting plan. For the Department of Defense (DOD), the National Aeronautics and Space Administration (NASA), and the Coast Guard, this form also collects subcontract award data for Historically Black Colleges and Universities (HBCUs) and Minority Institutions (MIs).
3. This report must be submitted semi-annually (for the six months ended March 31st and the twelve months ended September 30th) for contracts with the Department of Defense (DOD) and annually (for the twelve months ended September 30th) for contracts with civilian agencies, except for contracts covered by an approved Commercial Plan (see special instructions in right-hand column). Reports are due 30 days after the close of each reporting period.
4. This report may be submitted on a corporate, company, or subdivision (e.g., plant or division operating on a separate profit center) basis, unless otherwise directed by the agency awarding the contract.
5. If a prime contractor/subcontractor is performing work for more than one Federal agency, a separate report shall be submitted to each agency covering only that agency's contracts, provided at least one of that agency's contracts is over \$500,000 (over \$1,000,000 for construction of a public facility) and contains a subcontracting plan. (Note that DOD is considered to be a single agency; see next instruction.)
6. For DOD, a consolidated report should be submitted for all contracts awarded by military departments/agencies and/or subcontracts awarded by DOD prime contractors. However, DOD contractors involved in construction and related maintenance and repair must submit a separate report for each DOD component.
7. Only subcontracts involving performance within the U.S., its possessions, Puerto Rico, and the Trust Territory of the Pacific Islands should be included in this report.
8. Purchases from a corporation, company, or subdivision that is an affiliate of the prime/subcontractor are not included in this report.
9. Subcontract award data reported on this form by prime contractors/subcontractors shall be limited to awards made to their immediate subcontractors. Credit cannot be taken for awards made to lower tier subcontractors.
10. See special instructions in right-hand column for Commercial Plans.

SPECIFIC INSTRUCTIONS

- BLOCK 2:** For the Contractor Identification Number, enter the nine-digit Data Universal Numbering System (DUNS) number that identifies the specific contractor establishment. If there is no DUNS number available that identifies the exact name and address entered in Block 1, contact Dun and Bradstreet Information Services at 1-800-333-0505 to get one free of charge over the telephone. Be prepared to provide the following information: (1) Company name; (2) Company address; (3) Company telephone number; (4) Line of business; (5) Chief executive officer/key manager; (6) Date the company was started; (7) Number of people employed by the company; and (8) Company affiliation.
- BLOCK 4:** Check only one. Note that March 31 represents the six months from October 1st and that September 30th represents the twelve months from October 1st. Enter the year of the reporting period.
- BLOCK 5:** Check whether this report is a "Regular," "Final," and/or "Revised" report. - BLOCK 6:** Identify the department or agency administering the majority of subcontracting plans.
- BLOCK 7:** This report encompasses all contracts with the Federal Government for the agency to which it is submitted, including subcontracts received from other large businesses that have contracts with the same agency. Indicate in this block whether the contractor is a prime contractor, subcontractor, or both (check only one).

(The indirect portion is based on the percentage of work being performed for the organization to which the report is being submitted in relation to other work being performed by the prime contractor/subcontractor.) Do not include awards made in support of commercial business unless "Commercial" is checked in Block 8 (see Special Instructions for Commercial Plans in right hand column).

We, the Principal and Surety(ies) are firmly bound to the United States of America (hereinafter called the Government) in the above penal sum. For payment of the penal sum, we bind ourselves, our heirs, executors, administrators, and successors, jointly and severally. However, where the Sureties are corporations acting as co-sureties, we, the sureties, bind ourselves in such sum "jointly and severally" as well as "severally" only for the purpose of allowing a joint action or actions against any or all of us. For all other purposes, each Surety binds itself, jointly and severally with the Principal, for the payment of the sum shown opposite the name of the surety. If no limit of liability is indicated, the limit of liability is the full amount of the penal sum.

CONDITIONS:

The principal has entered into the contract identified above.

THEREFORE:

(a) The above obligation is void if the Principal promptly makes payment to all persons (claimants) having a contract relationship with the Principal or a subcontractor of the Principal for furnishing labor, material or both in the prosecution of the work provided for in the contract identified above and any duly authorized modifications thereof. Notice of those modifications to the Surety(ies) are waived.

(b) The above obligation shall remain in full force if the Principal does not promptly make payments to all persons (claimants) having a contract relationship with the Principal or a subcontractor of the Principal for furnishing labor, material or both in the prosecution of the contract identified above. In these cases, persons not paid in full before the expiration of ninety (90) days after the date of which the last labor was performed or material furnishing, have a direct right of action against the Principal and Surety(ies) on this bond for the sum or sums justly due. The claimant, however, may not bring a suit or any action -

(1) Unless claimant, other than one having a direct contract with the Principal, had given written notice to the Principal within ninety (90) days after the claimant did or performed the last of the work or labor, or furnished or supplied the last of the materials for which the claim is made. The notice is to state with substantial accuracy the amount claimed and the name of the party to whom the materials were furnished or supplied, or for whom the work or labor was done or performed. Such notice shall be served by mailing the same by registered or certified mail, postage prepaid, in an envelope addressed to the Principal at any place where an office is regularly maintained for the transaction of business, or served in any manner in which legal process is served in the state in which the contract is being performed, save that such service need not be made by a public officer.

(2) After the expiration of one (1) year following the date on which claimant did or performed the last of the work or labor, or furnished or supplied the last of the materials for which the suit is brought.

(3) Other than in the United States District Court for the district in which the contract, or any part thereof, was performed and executed, and not elsewhere.

WITNESS:

The Principal and Surety(ies) executed this payment bond and affixed their seals on the above date.

CERTIFICATE

This is to certify that the undersigned, individually, and as an authorized representative of the Contractor, has examined this termination settlement proposal and that, to the best knowledge and belief of the undersigned:

(a) AS TO THE CONTRACTOR'S OWN CHARGES. The proposed settlement (exclusive of charges set forth in Item 10) and supporting schedules and explanations have been prepared from the books of account and records of the Contractor in accordance with recognized commercial accounting practices; they include only those charges allocable to the terminated portion of this contract; they have been prepared with knowledge that they will, or may, be used directly or indirectly as the basis of settlement of a termination settlement proposal or claim against an agency of the United States; and the charges as stated are fair and reasonable.

(b) AS TO THE SUBCONTRACTORS' CHARGES. (1) The Contractor has examined, or caused to be examined, to an extent it considered adequate in the circumstances, the termination settlement proposals of its immediate subcontractors (exclusive of proposals filed against these immediate subcontractors by their subcontractors); (2) The settlements on account of immediate subcontractors' own charges are fair and reasonable, the charges are allocable to the terminated portion of this contract, and the settlements were negotiated in good faith and are not more favorable to its immediate subcontractors than those that the Contractor would make if reimbursement by the Government were not involved; (3) The Contractor has received from all its immediate subcontractors appropriate certificates with respect to their termination settlement proposals, which certificates are substantially in the form of this certificate; and (4) The Contractor has no information leading it to doubt (i) the reasonableness of the settlements with more remote subcontractors or (ii) that the charges for them are allocable to this contract. Upon receipt by the Contractor of amounts covering settlements with its immediate subcontractors, the Contractor will pay or credit them promptly with the amounts so received, to the extent that it has not previously done so. The term "subcontractors," as used above, includes suppliers.

NOTE: The Contractor shall, under conditions stated in FAR 15.403, be required to submit a Certificate of Current Cost or Pricing Data (see FAR 15.406-2 and 15.408 Table 15-2).

INSTRUCTIONS

1. This settlement proposal should be submitted to the contracting officer, if you are a prime contractor, or to your customer, if you are a subcontractor. The term contract as used hereinafter includes a subcontract or a purchase order.

2. Proposals that would normally be included in a single settlement proposal, such as those based on a series of separate orders for the same item under one contract should be consolidated wherever possible, and must not be divided in such a way as to bring them below \$10,000.

3. You should review any aspects of your contract relating to termination and consult your customer or contracting officer for further information. Government regulations pertaining to the basis for determining a fair and reasonable termination settlement are contained in Part 49 of the Federal Acquisition Regulation. Your proposal for fair compensation should be prepared on the basis of the costs shown by your accounting records. Where your costs are not so shown, you may use any reasonable basis for estimating your costs which will provide for fair compensation for the preparations made and work done for the terminated portion of the contract, including a reasonable profit on such preparation and work.

4. Generally your settlement proposal may include under items 2, 3, and 4, the following:

a. COSTS - Costs incurred which are reasonably necessary and are properly allocable to the terminated portion of your contract under recognized commercial accounting practices, including direct and indirect manufacturing, selling and distribution, administrative, and other costs and expenses incurred.

b. SETTLEMENT WITH SUBCONTRACTORS - Reasonable settlements of proposals of subcontractors allocable to the terminated portion of the subcontract. Copies of such settlements will be attached hereto.

c. SETTLEMENT EXPENSES - Reasonable costs of protecting and preserving termination inventory in your possession and preparing your proposal.

d. PROFIT - A reasonable profit with respect to the preparations you have made and work you have actually done for the terminated portion of your contract. No profit should be included for work which has not been done, nor shall profit be included for settlement expenses, or for settlement with subcontractors.

5. If you use this form, your total charges being proposed (line 5), must be less than \$10,000. The Government has the right to examine your books and records relative to this proposal, and if you are a subcontractor your customer must be satisfied with your proposal.

SECTION II - GENERAL INSTRUCTIONS. DATE. In the space provided in the heading enter the date through which costs have been accumulated from inception for inclusion in this request. This date is applicable to item entries in Sections II and III.

Cost Basis. For all contracts with Small Business concerns, the base for progress payments is total costs incurred. For contracts with concerns other than Small Business, the progress payment base will be the total recorded paid costs, together with the incurred costs per the Computation of Amounts paragraph of the progress payment clause in FPR 1-30.510-11(a) or FAR 52.232-16, as appropriate. Total costs include all expenses paid and incurred, including applicable manufacturing and production expense, general and administrative expense for performance of contract, which are reasonable, allocable to the contract, consistent with sound and generally accepted accounting principles and practices, and which are not otherwise excluded by the contract.

Manufacturing and Production Expense, General and Administrative Expense. In connection with the first progress payment request on a contract, attach an explanation of the method, bases and period used in determining the amount of each of these two types of expenses. If the method, bases or periods used for computing these expenses differ in subsequent requests for progress payments under this contract, attach an explanation of such changes to the progress payment request involved.

Incurred Costs Involving Subcontractors for Contracts with Small Business Concerns. If the incurred costs eligible for progress payments under the contract include costs shown in invoices of subcontractors, suppliers and others, that portion of the costs computed on such invoices can only include costs for: (1) completed work to which the prime contractor has acquired title; (2) materials delivered to which the prime contractor has acquired title; (3) services rendered; and (4) costs billed under cost reimbursement or time and material subcontracts for work to which the prime contractor has acquired title.

SECTION II - SPECIFIC INSTRUCTIONS

Item 9. PAID COSTS ELIGIBLE UNDER PROGRESS PAYMENT CLAUSE - Line 9 will not be used for Small Business Contracts.

For large business contracts, costs to be shown in Item 9 shall include only those recorded costs which have resulted at time of request in payment made by cash, check, or other form of actual payment for items or services purchased directly for the contract. This includes items delivered, accepted and paid for, resulting in liquidation of subcontractor progress payments.

Costs to be shown in Item 9 are not to include advance payments, downpayments, or deposits, all of which are not eligible for reimbursement; or progress payments made to subcontractors, suppliers or others, which are to be included in Item 14. See "Cost Basis" above.

Item 10. INCURRED COSTS ELIGIBLE UNDER PROGRESS PAYMENT CLAUSE - For all Small Business Contracts, Item 10 will show total costs incurred for the contract.

Costs to be shown in Item 10 are not to include advance payments, downpayments, deposits, or progress payments made to subcontractors, suppliers or others.

For large business contracts, costs to be shown in Item 10 shall include all costs incurred (see "Cost Basis" above) for: materials which have been issued from the stores inventory and placed into production process for use on the contract; for direct labor; for other direct in-house costs; and for properly allocated and allowable indirect costs as set forth under "Cost Basis" above.

Item 12a. Enter the total contract costs incurred to date; if the actual amount is not known, enter the best possible estimate. If an estimate is used, enter (E) after the amount.

Item 12b. Enter the estimated cost to complete the contract. The estimate may be the last estimate made, adjusted for costs incurred since the last estimate; however, estimates shall be made not less frequently than every six months.

Items 14a through 14e. Include only progress payments on subcontracts which conform to progress payment provisions of the prime contract.

Item 14a. Enter only progress payments actually paid.

Item 14b. Enter total progress payments recouped from subcontractors.

Item 14d. For Small Business prime contracts, include the amount of unpaid subcontract progress payment billings which have been approved by the contractor for the current payment in the ordinary course of business. For other contracts, enter "0" amount.

SECTION III - SPECIFIC INSTRUCTIONS. This Section must be completed only if the contractor has received advance payments against this contract, or if items have been delivered, invoiced and accepted as of the date indicated in the heading of Section II above. EXCEPTION: Item 27 must be filled in by the Contracting Officer.

Item 20a. Of the costs reported in Item 11, compute and enter only costs which are properly allocable to items delivered, invoiced and accepted to the applicable date. In order of preference, these costs are to be computed on the basis of one of the following: (a) The actual unit cost of items delivered, giving proper consideration to the deferral of the starting load costs or, (b) projected unit costs based on experienced costs plus the estimated cost to complete the contract, where the contractor maintains cost data which will clearly establish the reliability of such estimates.

Item 20d. Enter amount from 14e.

Item 21a. Enter the total billing price, as adjusted, of items delivered, accepted and invoiced to the applicable date.

Item 23. Enter total progress payments liquidated and those to be liquidated from billings submitted but not yet paid.

Item 25. Self-explanatory. (NOTE: If the entry in this item is a negative amount, there has been an overpayment which requires adjustment.)

Item 26. Self-explanatory, but if a lesser amount is requested, enter the lesser amount.

SPECIAL INSTRUCTIONS FOR USE UNDER FEDERAL ACQUISITION REGULATION (FAR).

Items 20 and 20e. Delete the references to a(3)(i) of the progress payment clause.

Items 21 and 21e. Delete the references to a(3)(ii) of the progress payment clause.

In order to place in effect such security controls, the Contractor further agrees to prepare <i>Standard Practice Procedures</i> for its or his own use, such procedures to be consistent with the Department of Defense Industrial Security Manual for Safeguarding Classified Information. In the event of any inconsistency between the Contractor's Standard Practice Procedures and the Department of Defense Industrial Security Manual for Safeguarding Classified Information as the same may be revised, the Manual shall control.</p>	<p>(B) The Government agrees that it shall indicate when necessary by security classification (<i>Top Secret, Secret, or Confidential</i>), the degree of importance to the national defense of information pertaining to supplies, services, and other matters to be furnished by the Contractor to the Government or the Government to the Contractor, and the Government shall give written notice of such security classification to the Contractor and of any subsequent changes thereof; provided, however, that matters requiring security classification will be assigned the least restrictive security classification consistent with proper safeguarding of the matter concerned, since overclassification causes unnecessary operational delays and depreciates the importance of correctly classified matter. The Contractor is authorized to rely on any letter or other written instrument signed by the contracting officer changing the classification of matter. The Government also agrees upon written application of the Contractor to designate employees of the Contractor who may have access to information classified Top Secret or Secret or to information classified Confidential when "Restricted Data" is involved, or to matter involving research, development, or production of cryptographic equipment, regardless of its military classification; and alien employees to have access to any classified matter.</p> <p>(C) The Contractor agrees that it or he shall determine that any subcontractor, subbidder, individual, or organization proposed by it or him for the furnishing of supplies or services which will involve access to classified information in its or his custody has executed a Department of Defense Security Agreement which is still in effect, with any Military Department, prior to being accorded access to such classified information.</p> <p>Section II—INSPECTION</p> <p>Designated representatives of the Government responsible for inspection pertaining to industrial plant security shall have the right to inspect at reasonable intervals the procedures, methods, and facilities utilized by the Contractor in complying with the requirements of the terms and conditions of the Department of Defense Industrial Security Manual for Safeguarding Classified Information. Should the Government, through its authorized representative, determine that the Contractor's security methods, procedures, or facilities do not comply with such requirements, it shall submit a written report to the Contractor advising him of the deficiencies.</p>

<p>Section III—MODIFICATION Modification of this security agreement (as distinguished from the Industrial Security Manual for Safeguarding Classified Information, which may be modified in accordance with section 1 of this agreement) may be made only by written agreement of the parties hereto.</p> <p>Section IV—TERMINATION This agreement shall remain in effect until terminated through the giving of 30 days' written notice to the other party of intention to terminate; provided, however, notwithstanding any such termination, the terms and conditions of this agreement shall continue in effect so long as the Contractor has classified information in his possession or under his control.</p> <p>Section V—PRIOR SECURITY AGREEMENTS As of the date hereof, this security agreement replaces and succeeds any and all prior security or secrecy agreements, understand-</p>	<p>ings, and representations with respect to the subject matter included herein, entered into between the Contractor and the Department of the Army, the Department of the Navy, and/or the Department of the Air Force: <i>Provided</i>, That the term "security or secrecy agreements, understandings, and representations" shall not include agreements, understandings, and representations contained in contracts for the furnishing of supplies or services to the Government heretofore entered into between the Contractor and the Department of the Army, the Department of the Navy, and/or the Department of the Air Force.</p> <p>Section VI—SECURITY COSTS This agreement does not obligate Government funds, and the Government shall not be liable for any costs or claims of the Contractor arising out of this agreement or instructions issued hereunder.
