

PART 339—MANAGEMENT, ACQUISITION, AND USE OF INFORMATION RESOURCES

Subpart 339.70—ADP Clearances and Systems Security

Sec.

339.7001 ADP Clearances.

339.7002 ADP systems security.

AUTHORITY: 5 U.S.C. 301; 40 U.S.C. 486 (c).

SOURCE: 49 FR 14023, Apr. 9, 1984, unless otherwise noted.

Subpart 339.70—ADP Clearances and Systems Security

339.7001 ADP clearances.

In accordance with Chapter 4-10 of the HHS Information Resources Management (IRM) Manual, the Office of Information Resources Management (OIRM), OASMB-OS, is responsible for the review and approval of all requests for proposed automatic data processing (ADP) systems and modifications to existing ADP systems which require the acquisition of ADP hardware, software packages, and services, and telecommunications equipment, which exceed the dollar thresholds stated in Chapter 4-10.

(a) It is the responsibility of the program office to obtain written approval from OIRM on proposed ADP acquisitions which exceed the thresholds stated in Exhibit 4-10-A of Chapter 4-10 prior to submitting the request for contract to the contracting activity.

(b) The OIRM approval document (delegation of procurement authority (DPA)) is to be attached to the request for contract when it is submitted by the program office to the contracting activity. The contracting activity shall not issue a solicitation based on the request for contract until a properly executed approval document (DPA) is obtained.

339.7002 ADP systems security.

(a) *Program responsibilities.* Whenever a proposed contract action requires the design, development, maintenance, or use of an ADP system or the use of ADP resources, the program office is

required to designate a responsible individual to serve as the ADP system manager who is to ensure, in coordination with the cognizant systems security officer, that ADP security requirements are met and that each contractor maintains an acceptable security program. The project officer is responsible for setting forth the specific portions of Part 6, ADP Systems Security, of the HHS IRM Manual which are applicable to the instant acquisition.

(b) *Contracting responsibilities.* (1) The contracting officer is responsible for ensuring that a certification of ADP systems security requirements, signed by both the ADP system manager and the ADP systems security officer, is submitted with the request for contract. The contracting officer shall not initiate action on the request for contract until the properly executed certification is received. The certification will state that the security requirements specified are reasonably sufficient for the intended application and that they comply with current Federal and HHS computer security policies, procedures, standards, and guidelines.

(2) When developing the request for proposals, the contracting officer shall include in the technical proposal instructions a statement requiring that the offeror present a detailed outline of its proposed ADP system security program which complies with the requirements of the statement of work and applicable portions of Part 6, ADP Systems Security, of the HHS IRM Manual.

(3) The contracting officer shall include a special provision reading substantially as follows in all applicable solicitations and resultant contracts:

The Contractor agrees to comply with the ADP system security requirements set forth in the system of work and applicable portions of Part 6, ADP Systems Security, of the HHS IRM Manual. The Contractor further agrees to include this provision in any subcontract awarded pursuant to this prime contract.

(4) The contracting officer shall ensure that a properly executed certification confirming that the offerors comply with the necessary security requirements is attached to the technical evaluation report received from the evaluation panel before proceeding
