Subpart 847.3—Transportation in Supply Contracts

(a) Normally shipments falling within this category will be shipped on a Government bill of lading, except for those shipments covered by 41 CFR 101-41.304-2.

(3) Multi-parcel shipments via express, courier small package, or similar carriers for which transportation charges do not exceed \$250 per shipment.

(b) Orders issued on VA Form 90-2138, Orders for Supplies or Services, will direct the vendor's attention to shipping instructions on the reverse of the form. When VA Form 90-2138 is not used, the vendor will be instructed as follows:

(1) Consistent with the terms of the contract, pack, mark and prepare shipment in conformance with carrier requirements to protect the personal property and assure assessment of the lowest applicable transportation charge.

(2) Add transportation charges as a separate item on your invoice. The invoice must bear the following certification: "The invoiced transportation charges have been paid and evidence of such payment will be furnished upon the Government's request."

(3) Do not include charges for insurance or valuation on the invoice unless the order specifically requires that the shipment be insured or the value be declared.

When the VA Marketing Center contracts for decentralized procured items by all Department of Veterans Affairs installations, the evaluation of bids must follow specific procedures. To place each bid on an equal basis, even though specific quantities required by each hospital cannot be predetermined, an anticipated demand factor will be used in proportion to the number of hospital beds or patient workload. The clause prescribed in 852.247-70 shall be used in these instances.
