(a) New adjusted base prices for all of the commodities on a calendar year basis and for as many of the commodities on a marketing season average

The parity prices published in other issues may be restricted to those which the National Agricultural Statistics Service, after consultation with the Agricultural Marketing Service, the Farm Service Agency, and any other interested government agency, considers necessary or desirable. § 5.6 Revision of the parity price of a commodity.

(a) *Initiation of hearings.* The "modernized" parity formula specified in section 301(a)(1) of the Agricultural Adjustment Act of 1938, as amended, takes into consideration the average prices received by farmers for agricultural commodities during the last ten years and is designed gradually to adjust relative parity prices of specific commodities for persistent or continuing changes in demand and supply conditions which are reflected in market prices. Accordingly, only in rare cases is it possible for the parity price of any agricultural commodity to become seriously out of line with the parity prices of other agricultural commodities. In any case, however, in which producers of any agricultural commodity believe that the parity price of such

commodity, as computed pursuant to the provisions of section 301(a)(1), is seriously out of line with the parity prices of other agricultural commodities, a request for a public hearing under section 301(a)(1)(F) may be submitted to the Secretary of Agriculture by a substantial number of interested producers. The producers shall also furnish to the Secretary, with such request or separately, data supporting their conclusion that the parity price of such commodity is seriously out of line with the parity prices of other commodities. Upon receipt of such a request with supporting data, or at any time upon the Secretary's own motion, this Department will make a preliminary study of the relationship between the parity price of such commodity and the parity prices of other commodities, and if the Secretary concludes that there appears to be reasonable grounds for believing that the parity price of such commodity is seriously out of line with the parity prices of other agricultural commodities, a hearing will be held pursuant to the provisions of section 301(a)(1)(F).

(b) *Notice of hearing.* If the Secretary of Agriculture determines that such a hearing shall be held, he shall issue a notice of the hearing, which shall be filed with the Hearing Clerk of the United States Department of Agriculture, who shall promptly (1) cause such notice to be published in the FEDERAL REGISTER, and (2) mail a copy thereof to each of the producers who requested the hearing and to grower organizations known to be interested in the hearing. Legal notice of the hearing shall be deemed to be given upon filing such notice with the FEDERAL REGISTER for publication, and failure to give notice in the manner otherwise provided in this paragraph shall not affect the legality of the notice. The notice of hearing shall state the purpose of the hearing and the time and place of the hearing. The time of the hearing shall not be less than fifteen days after the date of publication of the notice in the FEDERAL REGISTER, unless the Secretary shall determine that an emergency exists which requires a shorter period of notice, in which case the period of notice shall be that which the
