**§ 226.17 Child care center provisions.**

(a) Child care centers may participate in the Program either as independent centers or under the auspices of a sponsoring organization; provided, however, that public and private nonprofit centers shall not be eligible to participate in the Program under the auspices of a for-profit sponsoring organization. Child care centers participating as independent centers shall comply with the provisions of § 226.15.

(b) All child care centers, independent or sponsored, shall meet the following requirements

(1) Child care centers shall have Federal, State, or local licensing or approval to provide day care services to children. Child care centers which are complying with applicable procedures to renew licensing or approval may participate in the Program during the renewal process, unless the State agency has information which indicates that renewal will be denied. If licensing or approval is not available, a center may participate if:

(i) It receives title XX funds for child care; or

(ii) It demonstrates compliance with the CACFP child care standards or any applicable State or local child care standards to the State agency.

(2) Except for proprietary title XX centers, child care centers shall be public, or have tax exempt status under the Internal Revenue Code of 1986, or be moving toward compliance with the requirements for tax-exempt status, or be currently operating another Federal program requiring nonprofit status. A child care center which has applied to the Internal Revenue Service (IRS) for tax-exempt status may participate in the Program while its application is pending review by IRS. If IRS denies the application for tax-exempt status, the child care center shall immediately notify the State agency of such denial and the State agency shall terminate the participation of the child care center. If IRS certification of nonprofit

status has not been received within 12 months of filing the application with IRS, and IRS indicates that the child care center has failed to provide all required information, the State agency shall terminate the participation of the child care center until such time as IRS tax-exempt status is obtained.

(3) Each child care center participating in the Program shall serve one or more of the following meal types: (i) Breakfast, (ii) lunch, (iii) supper, and (iv) supplemental food. Reimbursement shall not be claimed for more than two meals and one supplement provided daily to each child, except that reimbursement may be claimed for two meals and two supplements or three meals and one supplement served to a child for each day in which that child is maintained in care for eight or more hours.

(4) Each child care center participating in the Program shall claim only the meal types specified in its approved application in accordance with the meal pattern requirements specified in § 226.20. Reimbursement may not be claimed for meals served to children who are not enrolled, or for meals served to children at any one time in excess of the child care center's authorized capacity, or for any meal served at a proprietary title XX center during a calendar month when less than 25 percent of enrolled children or 25 percent of licensed capacity, whichever is less, were title XX beneficiaries. Menus and any other nutritional records required by the State agency shall be maintained to document compliance with such requirements.

(5) A child care center with preschool children may also be approved to serve a breakfast, supplement, and supper to school-age children enrolled in an outside-school-hours care program meeting the criteria of § 226.19(b) which is distinct from its day care program for preschool-age children. The State agency may authorize the service of lunch to such enrolled children who attend a school which does not offer a lunch program provided the limit of not more than two meals and one supplement per child per day is not exceeded. If the majority of children served by the center are participating

in an outside-school-hours care program, the center shall comply with reporting requirements of § 226.19 and, if it is a facility, shall be monitored by the sponsoring organization at the frequency specified in § 226.16(d)(4)(iii).

(6) A child care center may utilize existing school food service facilities or obtain meals from a school food service facility, and the pertinent requirements of this part shall be embodied in a written agreement between the child care center and school. The center shall maintain responsibility for all Program requirements set forth in this part.

(7) Child care centers shall collect and maintain documentation of the enrollment of each child, including information used to determine eligibility for free and reduced price meals in accordance with § 226.23(e)(1).

(8) Each child care center shall maintain daily records of the number of meals by type (breakfast, lunch, supper, and supplements) served to enrolled children, and to adults performing labor necessary to the food service.

**§ 226.18 Day care home provisions.**

(a) Day care homes shall have current Federal, State or local licensing or approval to provide day care services to children. Day care homes which are complying with applicable procedures to renew licensing or approval may participate in the Program during the renewal process, unless the State agency has information which indicates that renewal will be denied. If licensing or approval is not available, a day care home may participate in the Program if:

(1) It receives title XX funds for providing child care; or

(2) It demonstrates compliance with CACFP child care standards or applicable State or local child care standards to the State agency.

(b) Day care homes participating in the program shall operate under the auspices of a public or private non-profit sponsoring organization. Sponsoring organizations shall enter into a

written agreement with each sponsored day care home which specifies the rights and responsibilities of both parties. This agreement shall be developed by the State agency, unless the State agency elects, at the request of the sponsor, to approve an agreement developed by the sponsor. At a minimum, the agreement shall embody:

(1) The right of the sponsoring organization, the State agency, and the Department to visit the day care home and review its meal service and records during its hours of child care operations;

(2) The responsibility of the sponsoring organization to train the day care home's staff in program requirements;

(3) The responsibility of the day care home to prepare and serve meals which meet the meal patterns specified in § 226.20;

(4) The responsibility of the day care home to maintain records of menus, and of the number of meals, by type, served to enrolled children;

(5) The responsibility of the day care home to promptly inform the sponsoring organization about any change in the number of children enrolled for care or in its licensing or approval status;

(6) The meal types approved for reimbursement to the day care home by the State agency;

(7) The right of the day care home to receive in a timely manner the full food service rate for each meal served to enrolled children for which the sponsoring organization has received payment from the State agency. However, if, with the home provider's consent, the sponsoring organization will incur costs for the provision of program food-stuffs or meals in behalf of the home, and subtract such costs from Program payments to the home, the particulars of this arrangement shall be specified in the agreement;

(8) The right of the sponsoring organization or the day care home to terminate the agreement for cause or, subject to stipulations by the State agency, convenience; and

(9) A prohibition of any sponsoring organization fee to the day care home for its Program administrative services.
