

(b) When in the opinion of the Administrator or his representatives it may appear necessary, it shall be the duty of each licensed warehouseman to fumigate thoroughly his licensed warehouse with such chemicals as may be approved by the Administrator for that purpose.

§ 737.33 Package identification.

A warehouseman shall mark, stencil, or tag each package of tobacco received for storage in his warehouse with a number by which the identity of such package will be preserved. Such numbers shall be in numerical sequence or any series of numerical sequences approved by the Administrator or his representative, shall be made with some durable substance, and shall be clear and legible. If tags are used they shall be made of substantial material and securely attached to the packages.

§ 737.34 Package arrangement.

(a) A warehouseman shall arrange the tobacco stored in his warehouse so that each package of each depositor can be readily removed for inspecting, weighing, or delivering, and he shall arrange each package of tobacco in his warehouse so that the identification number thereon required by § 737.33 is visible and readily accessible, but when the Administrator shall find that it is not practicable to arrange each package so that the identification numbers are visible and accessible, he may authorize the warehouseman to arrange the packages of tobacco in rows and keep in the warehouse a card or chart upon which shall be clearly shown the identification number of each package stored in each row. Such authorization may be withdrawn at any time that the warehouseman fails to observe this requirement or to keep his record current.

(b) If, at any time, a warehouseman shall be offered tobacco in such quantity for storage so as to exceed the capacity of his warehouse, as shown in his license, he shall not accept such tobacco until he has first secured authority through an amended license, and after such authority has been granted the warehouseman shall continue to arrange the tobacco in accordance with

paragraph (a) of this section, and so as not to obstruct free access to the tobacco and the proper use of sprinkler or other fire protection equipment provided for the warehouse.

§ 737.35 Care of stock and equipment.

Each warehouseman shall at all times, including any period of suspension of his license, exercise such care in regard to tobacco in his custody as a reasonably careful owner would exercise under the same circumstances and conditions. He shall see that the sprinkler or other fire protection equipment, if any, provided for his warehouse is maintained in proper working order.

§ 737.36 Care of other commodities.

If, at any time, a warehouseman shall handle tobacco other than for storage, or shall handle or store any other commodity, he shall so protect the same, and otherwise exercise such care with respect to it, as not to endanger the tobacco in his custody as a warehouseman or impair his ability to meet his obligations and perform his duties under the act and the regulations in this part. If the warehouseman shall store commodities other than those for which he is licensed, a non-licensed receipt shall be issued, which shall contain in its terms a provision that such commodities are accepted for storage only until such time as the space which they may occupy may be needed for products for the storage of which the warehouseman is licensed. Under no circumstances shall any commodities for the storage of which the warehouseman is not licensed be stored if the storage of such commodities might adversely affect the commercial value of, or impair the insurance on, tobacco covered by licensed receipts.

§ 737.37 Removal of tobacco in storage.

Except as permitted by law or the regulations in this part, a warehouseman shall not remove any tobacco in storage from the part of the warehouse shown in the receipt to another part covered by the license, or to any other licensed warehouse, without first securing the receipt and indorsing on it the fact and date of such removal and making an identical indorsement on
