

§ 1124.9

(a) *Other order plant* means a plant that is fully subject to the pricing and pooling provisions of another order issued pursuant to the Act.

(b) *Producer-handler plant* means a plant operated by a producer-handler as defined in any order (including this part) issued pursuant to the Act.

(c) *Partially regulated distributing plant* means a nonpool plant that is neither an other order plant nor a producer-handler plant, from which during the month an average of more than 300 pounds daily of fluid milk products is disposed of as route disposition in the marketing area.

(d) *Unregulated supply plant* means a nonpool plant that is neither an other order plant nor a producer-handler plant, from which fluid milk products are moved to a pool plant during the month.

(e) *Exempt distributing plant* means a plant, other than a pool supply plant or a regulated plant under another Federal Order that meets all the requirements for status as a pool distributing plant except that its route disposition (exclusive of filled milk) in the marketing area in the month does not exceed an average of 300 pounds daily. For purposes of this paragraph, route disposition shall not include receipts from a transferor-plant pursuant to the proviso of § 1124.3(a).

§ 1124.9 Handler.

Handler means:

(a) The operator of one or more pool plants;

(b) Any cooperative association with respect to producer milk which it caused to be diverted for the account of such cooperative association to another plant or pursuant to § 1124.40(b)(3);

(c) Any cooperative association with respect to milk that it receives for its account from the farm of a producer for delivery to a pool plant of another handler in a tank truck owned and operated by, or under the control of, such cooperative association, unless both the cooperative association and the operator of the pool plant notify the market administrator prior to the time that such milk is delivered to the pool plant that the plant operator will be the handler for such milk and will pur-

7 CFR Ch. X (1-1-98 Edition)

chase such milk on the basis of weights determined from its measurement at the farm and butterfat and nonfat milk solids tests determined from farm bulk tank samples. Milk for which the cooperative association is the handler pursuant to this paragraph shall be deemed to have been received by the cooperative association at the location of the pool plant to which such milk is delivered;

(d) Any person who operates a plant defined in § 1124.8 (a) through (e).

[53 FR 52976, Dec. 30, 1988, as amended at 59 FR 15319, Apr. 1, 1994]

§ 1124.10 Producer-handler.

Producer-handler means a person who is engaged in the production of milk and also operates a plant from which during the month an average of more than 300 pounds daily of fluid milk products, except filled milk, is disposed of as route disposition within the marketing area and who has been so designated by the market administrator upon determination that all of the requirements of this section have been met, and that none of the conditions therein for cancellation of such designation exists. All designations shall remain in effect until canceled pursuant to paragraph (c) of this section. Any state institution shall be a producer-handler exempt from the provisions of this section and §§ 1124.30 and 1124.32 with respect to milk of its own production and receipts from pool plants processed or received for consumption in State institutions and with respect to movements of milk to or from a pool plant.

(a) *Requirements for designation.* (1) The producer-handler has and exercises (in its capacity as a handler) complete and exclusive control over the operation and management of a plant at which it handles and processes milk received from its milk production resources and facilities (designated as such pursuant to paragraph (b)(1) of this section), the operation and management of which are under the complete and exclusive control of the producer-handler (in its capacity as a dairy farmer).
