

physical access to individuals with handicaps. In cases where a physical alteration to an historic property is not required because of § 8.21(c)(1)(ii) or (iii), alternative methods of achieving program accessibility include using audio-visual materials and devices to depict those portions of an historic property that cannot otherwise be made accessible; assigning persons to guide individuals with handicaps into or through portions of historic properties that cannot otherwise be made accessible; or adopting other innovative methods.

(3) *Time period for compliance.* The recipient shall comply with the obligations established under this section within sixty days of July 11, 1988, except that where structural changes in facilities are undertaken, such changes shall be made within three years of July 11, 1988, but in any event as expeditiously as possible.

(4) *Transition plan.* If structural changes to non-housing facilities will be undertaken to achieve program accessibility, a recipient shall develop, within six months of July 11, 1988, a transition plan setting forth the steps necessary to complete such changes. The plan shall be developed with the assistance of interested persons, including individuals with handicaps or organizations representing individuals with handicaps. A copy of the transition plan shall be made available for public inspection. The plan shall, at a minimum—

(i) Identify physical obstacles in the recipient's facilities that limit the accessibility of its programs or activities to individuals with handicaps;

(ii) Describe in details the methods that will be used to make the facilities accessible;

(iii) Specify the schedule for taking the steps necessary to achieve compliance with this section and, if the time period of the transition plan is longer than one year, identify steps that will be taken during each year of the transition period;

(iv) Indicate the official responsible for implementation of the plan; and

(v) Identify the persons or groups with whose assistance the plan was prepared.

(Approved by the Office of Management and Budget under control number 2529-0034)

§ 8.22 New construction—housing facilities.

(a) New multifamily housing projects (including public housing and Indian housing projects as required by § 8.25) shall be designed and constructed to be readily accessible to and usable by individuals with handicaps.

(b) Subject to paragraph (c) of this section, a minimum of five percent of the total dwelling units or at least one unit in a multifamily housing project, whichever is greater, shall be made accessible for persons with mobility impairments. A unit that is on an accessible route and is adaptable and otherwise in compliance with the standards set forth in § 8.32 is accessible for purposes of this section. An additional two percent of the units (but not less than one unit) in such a project shall be accessible for persons with hearing or vision impairments.

(c) HUD may prescribe a higher percentage or number than that prescribed in paragraph (b) of this section for any area upon request therefor by any affected recipient or by any State or local government or agency thereof based upon demonstration to the reasonable satisfaction of HUD of a need for a higher percentage or number, based on census data or other available current data (including a currently effective Housing Assistance Plan or Comprehensive Homeless Assistance Plan), or in response to evidence of a need for a higher percentage or number received in any other manner. In reviewing such request or otherwise assessing the existence of such needs, HUD shall take into account the expected needs of eligible persons with and without handicaps.
