   (iii) Personnel, medical, social, psychological, academic achievement and similar files where disclosure would be a clearly unwarranted invasion of personal privacy.

2. Disclosure is prohibited by statute or Executive Order or sound grounds exist for using the exemption given in paragraph (b)(1) of this section.

(c) A request to inspect or copy reports and information shall be in writing and must reasonably describe the reports and information requested. The request may be delivered or mailed to the contractor. Within ten (10) working days after receiving the request, the contractor shall determine whether to grant or deny the request. The requester shall be notified immediately of the determination.

(d) The time limit for making a determination may be extended up to an additional ten (10) working days for good reason. The requester shall be notified in writing of the extension, reasons for the extension, and date on which the determination is expected to be made.

§ 273.50 Annual reporting.

(a) A contractor under this part shall make a detailed annual report to the approving official before September 15 of each year and covering the previous school year. The report shall include, but not be limited to, an accounting of the amounts and purposes for which the contract funds were expended, information on the conduct of the program, a quantitative evaluation of the effectiveness of the contract program in meeting the stated objectives contained in the applicant’s educational plans, and a complete accounting of actual receipts at the end of the contract period.
§ 273.51 Yearly reports.

(b) In addition to the yearly reporting requirement given in paragraph (a) of this section, the contractor shall furnish other contracted-related reports when and as required by the Area Director or Commissioner.

(c) A contractor under this part shall send copies of the reports required by paragraphs (a) and (b) of this section to the Indian Education Committee(s) and to the tribe(s) under the contract at the same time as the reports are sent to the Bureau.

§ 273.51 Penalties.

If any officer, director, agent, or employee of, or connected with, any contractor or subcontractor under this part embezzles, willfully misapplies, steals, or obtains by fraud any of the funds or property connected with the contract or subcontract, he shall be subject to the following penalties:

(a) If the amount involved does not exceed $100, he shall be fined not more than $1,000 or imprisoned not more than one year, or both.

(b) If the amount involved exceeds $100, he shall be fined not more than $10,000 or imprisoned for not more than two years, or both.

§ 273.52 State school laws.

In those States where Pub. L. 83–280, 18 U.S.C. 1162 and 28 U.S.C. 1360 do not confer civil jurisdiction, State employees may be permitted to enter upon Indian tribal lands, reservations, or allotments if the duly-constituted governing body of the tribe adopts a resolution of consent for the following purposes:

(a) Inspecting school conditions in the public schools located on Indian tribal lands, reservations, or allotments.

(b) Enforcing State compulsory school attendance laws against Indian children, parents or persons standing in loco parentis.

§ 273.53 Applicable procurement regulations.

States, school districts, or Indian corporations wanting to contract with the Bureau under this part must comply with the applicable requirements in the Federal Procurement Regulations (41 CFR part 1), as supplemented by the Interior Procurement Regulations (41 CFR part 14), and the Bureau of Indian Affairs Procurement Regulations (41 CFR part 14H), except 41 CFR part 14H–70.

§ 273.54 Privacy Act requirements.

(a) When a contractor operates a system of records to accomplish a Bureau function, the contractor shall comply with subpart D of 43 CFR part 2 which implements the Privacy Act (5 U.S.C. 552a). Examples of the contractor's responsibilities are:

(1) To continue maintaining those systems of records declared by the Bureau to be subject to the Privacy Act as published in the Federal Register.

(2) To make such records available to individuals involved.

(3) To disclose an individual's record to third parties only after receiving permission from the individual to whom the record pertains. 43 CFR 2.56 lists exceptions to this procedure.

(4) To establish a procedure to account for access, disclosures, denials, and amendments to records.

(5) To provide safeguards for the protection of the records.

(b) The contractor may not:

(1) Discontinue or alter any established systems of records without prior approval of the appropriate Bureau systems manager.

(2) Deny requests for notification or access of records without prior approval of the appropriate Bureau systems manager.

(3) Approve or deny requests for amendments of records without prior approval of the appropriate Bureau systems manager.

(4) Establish a new system of records without prior approval of the Department of Interior and the Office of Management and Budget.

(5) Collect information about an individual unless it is relevant or necessary to accomplish a purpose of the Bureau as required by statute or Executive Order.

(c) The contractor is subject to the penalties provided in section (i) of 5 U.S.C. 552a.
§ 273.61 Contract revision or amendment.
Any contract made under this part may be revised or amended as deemed necessary to carry out the purposes of the program being contracted. A contractor may make a written request for a revision or amendment of a contract to the Bureau contracting officer. However, no program approved by the Indian Education Committee shall be altered from the time of its original approval to the end of the contract period without the written approval of the Committee.

§ 273.62 Cancelling a contract for cause.
(a) Any contract entered into under this part may be cancelled for cause when the contractor fails to perform the work called for under the contract or fails to permit an Indian Education Committee to perform its duties pursuant to this part.
(b) Before cancelling the contract, the Bureau will advise the contractor in writing of the following:
(1) The reasons why the Bureau is considering cancelling the contract.
(2) The contractor will be given an opportunity to bring its work up to an acceptable level.
(c) If the contractor does not overcome the deficiencies in its contract performance, the Bureau shall cancel the contract for cause. The Bureau will notify the contractor, in writing, of the cancellation. The notice shall give the reasons for the cancellation and the right of the contractor to appeal under subpart C of 43 CFR part 4.
(d) When a contract is cancelled for cause, the Bureau will attempt to perform the work by another contract.
(e) Any contractor that has a contract cancelled for cause must demonstrate that the cause(s) which led to the cancellation have been remedied before it will be considered for another contract.

§ 273.71 Contract appeal.
A contractor may appeal an adverse decision or action of a Bureau contracting officer regarding a contract under this part as provided in subpart C of 43 CFR part 4.

§ 273.72 Appeal from decision to cancel contract for cause.
A contractor may appeal the decision of a Bureau official to cancel a contract under this part for cause. The appeal shall be made as provided in subpart C of 43 CFR part 4.

§ 273.73 Other appeals.
Any decision or action taken by a Bureau official under this part, other than those given in §§ 273.71 and 273.72, may be appealed as provided in part 2 of this chapter.

275.3 Methods for staffing.
275.4 Implementing regulations.

§ 275.1 Purpose and scope.
The purpose of this part is to outline methods available to tribes for utilizing the services of Bureau employees. These regulations are not intended to prevent an Indian tribe or tribal organization from staffing their programs by other methods they feel appropriate. However, when an Indian tribe or tribal organization decides to provide Bureau employees certain Federal benefits, Civil Service Commission regulations must be adhered to.

§ 275.2 Definitions.
As used in this part:
§ 275.3 Methods for staffing.

(a) An Indian tribal organization may use any of the following three methods to employ or obtain the services of Bureau employees:

(1) Agreement in accordance with the Intergovernmental Personnel Act of 1970 (5 U.S.C. 3371–3376). The agreement may be arranged between the tribal organization, the employee, and the Area Director or Commissioner. Assistance will be provided by the Area Personnel Office in complying with Civil Service instructions (Federal Personnel Manual, chapter 334) for completing an agreement.

(2) Employment of Bureau employees on or before December 31, 1985, when serving under an appointment not limited to one year or less. A mutual agreement will be made between a tribal organization and the employee before leaving Federal employment to retain coverage for any of the following Federal benefits:

(i) Compensation for work injuries.
(ii) Retirement.
(iii) Health insurance.
(iv) Life insurance.

(3) An agreement by an Indian tribe in accordance with the 1834 Act (25 U.S.C. 48) may be made in connection with contracts under section 102 of the Act.

(i) The agreement may provide for the tribal government to direct the day-to-day activities of Bureau employees. Tribal government direction of Bureau employees means the tribal chairman or other tribal official, as designated by the tribal governing body, is responsible for the planning, coordination, and completion of the daily on-the-job assignments of Bureau employees. The daily assignments of each such Bureau employee are limited to those that fall within the general range of duties prescribed in the employee's Bureau position.

(ii) The agreement to direct day-to-day activities of Bureau employees shall include all employees:
Bureau of Indian Affairs, Interior

§ 276.2

(A) Whose positions are in the program or portion of the program to be contracted; or
(B) In a portion of the program to continue under Bureau operation in connection with a contract for other portions of the program.

(iii) The proposed agreement will be worked out between the tribe, the Superintendent, and the Area Director and forwarded to the Commissioner for final approval.

(b) When a contract application under part 900 of this chapter does not include a proposed agreement for direction of Bureau employees, the application must be submitted at least 120 days in advance of the proposed effective date of the contract to allow time for placement of affected employees.

APPENDIX A TO PART 276—PRINCIPLES FOR DETERMINING COSTS APPLICABLE TO GRANTS

APPENDIX B TO PART 276—FINANCIAL REPORTING REQUIREMENTS

SOURCE: 40 FR 51316, Nov. 4, 1975, unless otherwise noted.

§ 276.1 Purpose and scope.

(a) The purpose of the regulations in this part is to give the uniform administrative requirements for grants awarded by the Bureau of Indian Affairs.
(b) The regulations in this part shall apply to all grants awarded by the Bureau of Indian Affairs unless the part which gives the application process and special requirements for the specific type of grant states otherwise.

§ 276.2 Definitions.

As used in this part:
(a) Advance by Treasury check means a payment made by a Treasury check to a grantee upon its request or through the use of predetermined payment schedules before payments are made by the grantee.
(b) Date of completion means the date when all work under a grant is completed or the date in the grant award document, or any supplement or amendment thereto, on which Federal assistance ends.
(c) Disallowed costs means those charges to a grant which the Bureau or its representative determines to be unallowable.
(d) Economic enterprise means any commercial, industrial, agricultural or business activity that is at least 51 percent Indian owned, established or organized for the purpose of profit.
(e) Excess property means property under the control of the Bureau which, as determined by the Commissioner, is no longer required for its needs.
(f) Expendable personal property means all tangible personal property other than nonexpendable property.
(g) Grant closeout means the process by which the Bureau determines that all applicable administrative actions and all required work of the grant have been completed by the grantee and the Bureau.
(h) Grantee means the entity which is responsible for administration of the grant.
(i) Indian tribe means any Indian tribe, band, nation, rancheria, pueblo,
§ 276.3 Cash depositories.

(a) Except for situations described in paragraphs (b) and (c) of this section, the Bureau will not:

(1) Require physical segregation of cash depositories for Bureau grant funds provided to a grantee.

(2) Establish any eligibility requirements for cash depositories in which Bureau grant funds are deposited by grantees or their subgrantees.

(b) A separate bank account shall be used when payments under letter of credit are made on a “check-paid” basis in accordance with agreements entered into by a grantee, the Bureau, and the banking institutions involved. A check-paid basis letter of credit is one under which funds are not drawn from the Treasury until the grantee's checks have been presented to its bank for payment.

(c) Consistent with the national goal of expanding the opportunities for minority business enterprises, grantees are encouraged to use minority banks.

§ 276.4 Bondings and insurance.

In administering Bureau grants, grantees shall observe their regular requirements and practices with respect to bonding and insurance. The Bureau will not impose additional bonding and insurance requirements, including fidelity bonds, except as provided in paragraphs (a) and (b) of this section.

(a) The recipient of a Bureau grant which requires contracting for construction or facility improvement (including any Bureau grant which provides for alterations or renovations of real property) shall follow its own requirements and practices relating to
bid guarantees, performance bonds, and payment bonds except for contracts exceeding $100,000, the minimum requirements shall be as follows:

1. A bid guarantee from each bidder equivalent to five percent of the bid price. The bid guarantee shall consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of his bid, execute such contractual documents as may be required within the time specified.

2. A performance bond on the part of the contractor for 100 percent of the contract price. A performance bond is one executed in connection with a contract to secure fulfillment of all the contractor's obligations under the contract.

3. A payment bond on the part of the contractor for 100 percent of the contract price. A payment bond is one executed in connection with a contract to assure payment as required by law of all persons supplying labor and material in the execution of the work provided for in the contract.

(b) Where, in connection with a Bureau grant, the Bureau also guarantees the payment of money borrowed by the grantee, the Bureau may at its discretion require adequate bonding and insurance if the bonding and insurance requirements of the grantee are not deemed to be sufficient to protect adequately the interests of the Federal Government.

§ 276.5 Recordkeeping.

(a) The Bureau shall not impose record retention requirements over and above those established by the grantee except that financial records, supporting documents, statistical records, and all other records pertinent to a Bureau grant, or to any subgrant (or negotiated contract exceeding $2500) under a grant, shall be retained for a period of three years, with the following qualifications:

1. The records shall be retained beyond the three-year period if audit findings have not been resolved.

2. Records for nonexpendable property which was acquired with Bureau grant funds shall be retained for three years after its final disposition.

3. When grant records are transferred to or maintained by the Bureau, the three-year retention requirement is not applicable to the grantee.

(b) The retention period starts from the date of submission of the final expenditure report or, for grants which are renewed annually, from the date of the submission of the annual expenditure report.

(c) Grantees are authorized, if they desire, to substitute microfilm copies in lieu of original records.

(d) The Bureau shall request transfer of certain records to its custody from grantees when it determines that the records possess long-term retention value. However, in order to avoid duplicate recordkeeping the Bureau may make arrangements with the grantee for the grantee to retain any records which are continuously needed for joint use.

(e) The Secretary of the Interior and the Comptroller General of the United States, or any of their duly authorized representatives shall have access to any books, documents, papers, and records of the grantees and their subgrantees which are pertinent to a specific grant program for the purpose of making audit, examination, excerpts, transcripts and copies at government expense.

(f) Unless otherwise required by law, the Bureau shall not place restrictions on grantees which will limit public access to the grantee's records created as part of the grant except when records must remain confidential. Following are some of the reasons for withholding records:

1. Prevent a clearly unwarranted invasion of personal privacy;

2. Specifically required by statute or Executive Order to be kept secret;

3. Commercial or financial information obtained from a person or firm on a privileged or confidential basis.

§ 276.6 Program income.

(a) No grantee receiving a grant shall be held accountable for interest earned on grant funds, pending their disbursement for program purposes.

(b) Proceeds from the sale of real or personal property, either provided by
§ 276.7 Standards for grantee financial management systems.

(a) Grantee financial management systems for grants and subgrantee financial management systems for subgrants shall provide for:

(1) Accurate, current, and complete disclosure of the financial results of each grant program in accordance with Federal reporting requirements and for each subgrant in accordance with the grantees' requirements. Except when specifically required by law, the Bureau will not require financial reporting on the accrual basis from tribal organizations whose records are not maintained on that basis. However, when accrual reporting is required by law, tribal organizations whose records are not maintained on that basis will not be required to convert their accounting systems to the accrual basis; they may develop the accrual information through an analysis of the documentation on hand or on the basis of best estimates.

(2) Records which identify adequately the source and application of funds for grant—or subgrant—supported activities. These records shall contain information pertaining to grant or subgrant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays, and income.

(3) Effective control over and accountability for all grant or subgrant funds, and real and personal property acquired with grant or subgrant funds. Grantees and subgrantees shall adequately safeguard all such property and shall assure that it is used solely for authorized purposes.

(4) Comparison of actual with budgeted amounts for each grant or subgrant, and, when specifically required by the performance reporting requirements of the grant or subgrant, relation of financial information with performance or productivity data, including the production of unit cost information.

(5) Procedures to minimize the time elapsing between the transfer of funds from the U.S. Treasury and the disbursement by the grantee, whenever funds are advanced by the Federal Government. When advances are made by a letter-of-credit method, the grantees shall make drawdowns from the U.S. Treasury as close as possible to the time of making the disbursements. Subgrantees shall institute similar procedures when funds are advanced by the grantee.

(6) Procedures for determining the allowability and allocability of costs shall be in accordance with the applicable cost principles prescribed in appendix A of this part.

(7) Accounting records which are supported by source documentation.
§ 276.8 Financial reporting requirements.

Requirements for grantees to report financial information to the Bureau, and for advances and reimbursement when a letter of credit method is not used, are prescribed in appendix B of this part.

§ 276.9 Monitoring and reporting program performances.

(a) Grantees shall constantly monitor the performance under grant-supported activities to assure that adequate progress is being made toward achieving the goals of the grant. This review shall be made for each program, function, or activity of each grant as set forth in the approved grant application.

(b) Grantees shall submit a performance report for each grant which briefly presents the following for each program, function, or activity involved:

1. A comparison of actual accomplishments to the goals established for the period. Where the output of grant programs can be readily quantified, such quantitative data should be related to cost data for computation of unit costs.

2. Reasons for slippage in those cases were established goals were not met.

3. Other pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs.

(c) Grantees shall submit the performance reports to the Bureau with the Financial Status Reports (prescribed in appendix B of this part) in the frequency established by appendix B. The Bureau shall prescribe the frequency with which the performance reports will be submitted with the Request for Advance or Reimbursement (prescribed in appendix B) when that form is used in lieu of the Financial Status Report. In no case shall the performance reports be required more frequently than quarterly or less frequently than annually.

(d) Between the required performance reporting dates, events may occur which have significant impact upon the project or program. In such cases, the grantee shall inform the Bureau as soon as the following types of conditions become known:

1. Problems, delays, or adverse conditions which will materially affect the ability to attain program objectives, prevent the meeting of time schedules and goals, or preclude the attainment of project work units by established time periods. This disclosure shall be accomplished by a statement of the action taken, or contemplated, and any Bureau assistance needed to resolve the situation.

2. Favorable developments or events which enable meeting time schedules and goals sooner than anticipated or producing more work units than originally projected.

(e) If any performance review conducted by the grantee discloses the need for change in the budget estimates in accordance with the criteria established in §276.14, the grantee shall submit a request for budget revision.

(f) The Bureau shall make site visits as frequently as practicable to:

1. Review program accomplishments and management control systems.

2. Provide such technical assistance as may be required, or requested.

§ 276.10 Grant payment requirements.

(a) Except for construction grants for which the letter-of-credit method is optional, the letter-of-credit funding method shall be used by the Bureau where all of the following conditions exist:

1. When there is or will be a continuing relationship between a grantee and the Bureau for at least a 12-month period and the total amount of advances to be received within that period from the Bureau is $120,000, or more, as prescribed by Treasury Circular No. 1075.

2. When the grantee has established or demonstrated to the Bureau the willingness and ability to establish procedures that will minimize the time
§ 276.11 Property management standards.

(a) Grantees may follow their own property management policies and procedures if they observe the requirements of this section. With respect to property covered by this section, the Bureau may not impose on grantees any requirements (including property reporting requirements)—not authorized by this part unless specifically required by Federal law.

(b) Title to real property to be acquired in whole or in part from a Bureau grant under part 900 of this chapter shall vest in one of the following manners:

(1) Title may be taken by the United States in trust for the Indian tribe upon the request of the tribe and when the real property to be acquired is within the reservation boundaries or adjoins on at least two sides other trust or restricted lands as prescribed in part 900 of this chapter.

(2) Fee title to the acquired real property shall vest in the Indian tribe whenever the acquisition does not meet the criteria in paragraph (b)(1) of this section, unless for other reasons a tribe requests title to be taken in the name of the United States. In the absence of applicable statutory authority governing the disposition of real property acquired by a tribe, the tribe shall use the real property for the authorized purposes and in accordance with the provisions of the original grant. Changes in use compatible to other tribal programs may be authorized by the Bureau. When no longer needed for the authorized purposes, the real property shall be used in accordance with §276.11(d)(1) for non-expendable personal property. Accordingly, the following priority order for use of such property shall be:

(i) Other grants from the Bureau.
(ii) Grants from other Federal agencies.
(iii) Tribal purposes consistent with those authorized for support by Bureau grants.
(iv) Tribal official activities.

(3) In those instances where the Indian tribe requests, title may be acquired by the United States. Use of these acquired real property interests will be subject to the authorized purposes and in accordance with the provisions of the original grant. Upon a determination that the real property is no longer needed for the authorized purposes, disposition may be made by
Bureau of Indian Affairs, Interior § 276.11

declaring it excess under provisions of the Act of January 2, 1975 (88 Stat. 1954) and title transferred to the Secretary to be held by the United States in trust for the tribe. Where real property does not meet the requirements under the Act of January 2, 1975 (88 Stat. 1954), the tribe may elect to acquire title under applicable enabling statutory authorities, or in the absence of statutory authority, request withholding disposition in aid of legislation, or authorize disposal under the General Services Administration procedures.

(c) The provisions of paragraphs (b)(2) and (3) of this section shall also apply when real property is acquired in whole or in part by a Bureau grant other than that provided under part 900 of this chapter. However, when such property is acquired by a grantee other than an Indian tribe, or a tribal governing body, fee simple title to the property shall vest in the grantee upon acquisition. In the absence of applicable statutory provisions governing the use or disposition of such property, it shall be subject to the following requirements, in addition to any other requirements imposed by the terms and conditions of the grant:

(1) The grantee shall use the real property for the authorized purpose of the original grant as long as needed.

(2) The grantee shall obtain approval by the Bureau for the use of the real property in other projects when the grantee determines that the property is no longer needed for the original grant purposes. Use in other projects shall be limited to those under other Federal grant programs, or programs that have purposes consistent with those authorized for support by the grantor.

(3) When the real property is no longer needed as provided in paragraphs (c)(1) and (2) of this section, the grantee shall return all real property furnished or purchased wholly with Bureau grant funds to the control of the Bureau. In the case of property purchased in part with Bureau grant funds, the grantee may be permitted to take title to the Federal interest therein upon compensating the Federal Government for its fair share of the property. The Federal share of the property shall be the amount computed by applying the percentage of the Federal participation in the total cost of the grant program for which the property was acquired to the current fair market value of the property.

(d) Standards and procedures governing ownership, use, and disposition of nonexpendable personal property furnished by the Bureau or acquired with Bureau funds are set forth below:

(1) Nonexpendable personal property acquired with Bureau funds. When nonexpendable personal property is acquired by a grantee wholly or in part with Bureau funds, title will not be taken by the Bureau except as provided in paragraph (d)(1)(iv) of this section but shall be vested in the grantee subject to the following restrictions on use and disposition of the property:

(i) The grantee shall retain the property acquired with Bureau funds in the grant program as long as there is a need for the property to accomplish the purpose of the grant program whether or not the program continues to be supported by Bureau funds. When there is no longer a need for the property to accomplish the purpose of the grant program, the grantee shall use the property in connection with the other Federal grants it has received in the following order of priority:

(A) Other grants from the Bureau needing the property.

(B) Grants of other Federal agencies needing the property.

(ii) When the grantee no longer has need for the property in any of its Federal grant programs, or programs that have purposes consistent with those authorized for support by the grantor, the property may be used for its own official activities in accordance with the following standards:

(A) Nonexpendable property with an acquisition cost of less than $500 and used four years or more. The grantee may use the property for its own official activities without reimbursement to the Federal government or sell the property and retain the proceeds.

(B) All other nonexpendable property. The grantee may retain the property for its own use if a fair compensation is made to the Bureau for the latter's share of the property. The amount of compensation shall be computed by applying the percentage of
§ 276.11

Bureau participation in the grant program to the current fair market value of the property.

(iii) If the grantee has no need for the property, disposition of the property shall be made as follows:

(A) Nonexpendable property with an acquisition cost of $1,000 or less. Except for that property which meets the criteria of paragraph (d)(1)(ii)(A) of this section, the grantee shall sell the property and reimburse the Bureau an amount which is computed in accordance with paragraph (d)(1)(iii) of this section.

(B) Nonexpendable property with an acquisition cost of over $1,000. The grantee shall request disposition instructions from the Bureau. The Bureau shall determine whether the property can be used to meet the Bureau's requirement. If no requirement exists within the Bureau, the availability of the property shall be reported to the General Services Administration (GSA) by the Bureau to determine whether a requirement for the property exists in other Federal agencies. The Bureau shall issue instructions to the grantee within 120 days and the following procedures shall govern:

(1) If the grantee is instructed to ship the property elsewhere, the grantee shall be reimbursed by the benefiting Federal agency with an amount which is computed by applying the percentage of the grantee's participation in the grant program to the current fair market value of the property, plus any shipping or interim storage costs incurred.

(2) If the grantee is instructed to otherwise dispose of the property, he shall be reimbursed by the Bureau of such costs incurred in its disposition.

(3) If disposition instructions are not issued within 120 days after reporting, the grantee shall sell the property and reimburse the Bureau and amount which is computed by applying the percentage of Bureau participation in the grant program to the sales proceeds. Further, the grantee shall be permitted to retain $100 or 10 percent of the proceeds, whichever is greater, for the grantee's selling and handling expenses.

(iv) Where the Bureau determines that property with an acquisition cost of $1,000 or more and financed solely with Bureau funds is unique, different, or costly to replace, it may reserve title to such property, subject to the following provisions:

(A) The property shall be appropriately identified in the grant agreement or otherwise made known to the grantee.

(B) The Bureau shall issue disposition instructions within 120 days after the completion of the need for the property under the grant for which it was acquired. If the Bureau fails to issue disposition instructions within 120 days, the grantee shall apply the standards of paragraphs (d)(1)(i), (d)(1)(ii)(B), and (d)(1)(iii)(B) of this section.

(2) Federally owned nonexpendable personal property. Unless statutory authority to transfer title has been granted to an agency, title to Federally owned property (property to which the Federal Government retains title including excess property made available by the Bureau to grantees) remains vested by law in the Federal Government. Upon termination of the grant or need for the property, such property shall be reported to the Bureau for further Bureau use or, if appropriate, for reporting to the General Services Administration for other Federal agency use. Appropriate disposition instructions will be issued to the grantee after completion of Bureau review.

(e) The grantee's property management standards for nonexpendable personal property shall also include the following procedural requirements:

(1) Property records shall be maintained accurately and provide for a description of the property; manufacturer's serial number or other identification number; acquisition date and cost; source of the property; percentage of Federal funds used in the purchase of property; location, use, and condition of the property; and ultimate disposition data including sales price or the method used to determine current fair market value if the grantee reimburses the bureau for its share.

(2) A physical inventory of property shall be taken and the results reconciled with the property records at least once every two years to verify the
Bureau of Indian Affairs, Interior

§ 276.12 Procurement standards.

(a) The standards contained in this section do not relieve the grantee of the contractual responsibilities arising under its contracts. The grantee is the responsible authority, without recourse to the Bureau regarding the settlement and satisfaction of all contractual and administrative issues arising out of procurements entered into, in support of a grant. This includes but is not limited to: disputes, claims, protests of award, source evaluation or other matters of a contractual nature. Matters concerning violation of law are to be referred to the tribal, Federal or other authority which has proper jurisdiction.

(b) Grantees may use their own procurement regulations provided that procurements made with Bureau grant

existence, current use, and continued need for the property.

(3) A control system shall be in effect to insure adequate safeguards to prevent loss, damage, or theft to the property. Any loss, damage, or theft of non-expendable property shall be investigated and fully documented.

(4) Adequate maintenance procedures shall be implemented to keep the property in good condition.

(5) Proper sales procedures shall be established for unneeded property which would provide for competition to the extent practicable and result in the highest possible return.

(f) When the total inventory value of any unused expendable personal property exceeds $500 at the expiration of need for any grant purposes, the grantee may retain the property or sell the property as long as he compensates the Bureau for its share in the cost. The amount of compensation shall be computed in accordance with paragraph (d)(1)(ii)(B) of this section.

(g) Specific standards for control of intangible property are provided as follows:

(1) If any program produces patentable items, patent rights, processes, or inventions, in the course of work aided by a Bureau grant, such fact shall be promptly and fully reported to the Bureau. Unless there is prior agreement between the grantee and Bureau on disposition of such items, the Bureau shall determine whether protection on such invention or discovery shall be sought and how the rights in the invention or discovery—including rights under any patent issued on it—shall be allocated and administered in order to protect the public interest consistent with “Government Patent Policy” (President’s memorandum for heads of executive departments and agencies), dated August 23, 1971, and Statement of Government Patent Policy as printed in 36 FR 16689.

(2) When the grant results in a book or other copyrightable material, the author or grantee is eligible to copyright the work if it is found that (i) the retention of the copyright is not precluded by statute and (ii) equity or the public interest is best served by limiting the term of any copyright to be obtained, such limits shall be set forth in the grant agreement. “Developmental” copyrights may be requested during the development, testing, or evaluation of copyrightable materials in order to prevent them from prematurely falling into the public domain. The copyright will be in accordance with copyright laws. However, the Government shall receive a royalty-free, nonexclusive and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use the work for Government purposes. A copy of any copyright obtained by a grantee shall be provided to the Bureau. Program income received as royalties from copyrights on materials produced under grants is retained by the grantee during the grant period and is to be used according to the provisions of §276.6(c). Specific agreements between the Bureau and the grantee shall be entered into before the grant is awarded to determine the uses of the royalty income after the grant is completed or terminated.

(h) The use of Bureau-owned facilities under the jurisdiction of the Commissioner by a grantee for purposes of carrying out a grant may be authorized when the facilities are not needed for Bureau purposes.

§ 276.12 Procurement standards.

(a) The standards contained in this section do not relieve the grantee of the contractual responsibilities arising under its contracts. The grantee is the responsible authority, without recourse to the Bureau regarding the settlement and satisfaction of all contractual and administrative issues arising out of procurements entered into, in support of a grant. This includes but is not limited to: disputes, claims, protests of award, source evaluation or other matters of a contractual nature. Matters concerning violation of law are to be referred to the tribal, Federal or other authority which has proper jurisdiction.

(b) Grantees may use their own procurement regulations provided that procurements made with Bureau grant
funds adhere to the standards set forth as follows:

(1) The grantee shall maintain a code or standards of conduct which shall govern the performance of its officers, employees, or agents in contracting with and expending Bureau grant funds. Grantee's officers, employees or agents, shall neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or potential contractors. To the extent permissible by law, rules or regulations, such standards shall provide for penalties, sanctions, or other disciplinary actions to be applied for violations of such standards by either the grantee officers, employees, or agents, or by contractors or their agents.

(2) All procurement transactions regardless of whether negotiated or advertised and without regard to dollar value shall be conducted in a manner so as to provide maximum open and free competition. The grantee should be alert to organizational conflicts of interest or non-competitive practices among contractors which may restrict or eliminate competition or otherwise restrain trade. However, this provision will apply only after the Indian preference requirements prescribed in §276.13 have been met.

(3) The grantee shall establish procurement procedures which provide for, as a minimum, the following procedural requirements:

(i) Proposed procurement actions shall be reviewed by grantee official to avoid purchasing unnecessary or duplicative items. Where appropriate, an analysis shall be made of lease and purchase alternatives to determine which would be the most economical, practical procurement.

(ii) Invitations for bids or requests for proposals shall be based upon a clear and accurate description of the technical requirements for the material, product, or service to be procured. In competitive procurements, such description shall not contain features which unduly restrict competition. “Brand name or equal” description may be used as a means to define the performance or other salient requirements of a procurement. When so used, the specific features of the named brand which must be met by offerors should be clearly specified.

(iii) Positive efforts shall be made by the grantees to use small business and minority-owned business sources of supplies and services. Such efforts should allow these sources the maximum feasible opportunity to compete for contracts to be performed using Bureau grant funds. However, this provision will apply only after the Indian preference requirements prescribed in §276.13 have been met.

(iv) The type of procuring instruments used (i.e., fixed price contracts, cost reimbursable contracts, etc.) shall be appropriate for the particular procurement and for promoting the best interest of the grant program involved. The “cost-plus-a-percentage-of-cost” method of contracting shall not be used.

(v) Formal advertising, with adequate purchase description, sealed bids, and public openings shall be the required method of procurement unless negotiation pursuant to paragraph (b)(3)(vi) of this section is necessary to accomplish sound procurement. However, procurement of $10,000 or less need not be so advertised. Where such advertised bids are obtained the awards shall be made to the responsible bidder whose bid is responsive to the invitation and is most advantageous to the grantee, price and other factors considered. (Factors such as discounts, transportation costs, taxes may be considered in determining the lowest bid.) Invitations for bids shall clearly set forth all requirements which the bidder must fulfill in order for his bid to be evaluated by the grantee. Any or all bids may be rejected when it is in the grantee's interest to do so.

(vi) Procurements may be negotiated if it is impractical and uneconomic to use formal advertising. Generally, procurements may be negotiated by the grantee if:

(A) The public exigency will not permit the delay incident to advertising;

(B) The material or service to be procured is available from only one person or firm; (all contemplated sole source procurements where the aggregate expenditure is expected to exceed $5,000 shall be referred to the Bureau for prior approval).
(C) The total amount involved does not exceed $10,000.
(D) The contract is for personal or professional services, or for any service to be rendered by a university, college, or other educational institutions;
(E) No acceptable bids have been received after formal advertising;
(F) The purchases are for highly perishable materials or medical supplies; for material or services where the prices are established by law; for technical items or equipment requiring standardization and interchangeability of parts with existing equipment; for experimental, developmental or research work; for supplies purchased for authorized resale; and for technical or specialized supplies requiring substantial initial investment for manufacture;
(G) Otherwise authorized by law, rules or regulations. Notwithstanding the existence of circumstances justifying negotiation, competition shall be obtained to the maximum extent practicable.

(vii) Contracts shall be made only with responsible contractors who possess the potential ability to perform successfully under the terms and conditions of a proposed procurement. Consideration shall be given to such matters as contractor integrity, record of past performance, financial and technical resources, or accessibility to other necessary resources.

(viii) Procurement records or files for purchases in amounts over $10,000 shall provide at least the following pertinent information: Justification for the use of negotiation in lieu of advertising, contractor selection, and the basis for the cost or price negotiation.

(ix) A system for contract administration shall be maintained to assure contractor conformance with terms, conditions, and specifications of the contract or order, and to assure adequate and timely followup of all purchases.

(c) In addition to provisions to define a sound and complete agreement, the grantee shall include the following provisions in all contracts and subgrants:

(1) Contracts shall contain such contractual provisions or conditions which will allow for administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as may be appropriate.

(2) All contracts, amounts for which are over $10,000 shall contain suitable provisions for termination by the grantee including the manner by which it will be effected and the basis for settlement. In addition, such contracts shall describe conditions where the contract may be terminated for default as well as conditions where the contract may be terminated because of circumstances beyond the control of the contractor.

(3) In all contracts for construction or facility improvement awarded over $100,000, grantees shall observe the bonding requirements provided in §276.4.

(4) All construction contracts awarded by recipients and their contractors or subgrantees having a value of more than $10,000, shall contain a provision requiring compliance with Executive Order 11246, entitled “Equal Employment Opportunity,” as amended by Labor Regulations (41 CFR part 87). However, this Equal Employment Opportunity provision will apply only after the Indian preference requirements prescribed in §276.13 have been met.

(5) All contracts and subgrants for construction or repair shall include a provision for compliance with the Copeland “Anti-Kick Back” Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR part 3). This Act provides that each contractor or subgrantee shall be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he is otherwise entitled. The grantee shall report all suspected or reported violations to the Bureau.

(6) When required by the Federal grant program legislation, all construction contracts awarded by grantees and subgrantees over $2,000 shall include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 276a to a-7) and as supplemented by Department of Labor regulations (29 CFR part 5). Under this Act, contractors shall be required to pay wages to laborers and
§ 276.13 Indian preference in grant administration.

Any grant or subgrant shall require that to the greatest extent feasible:

(a) Preferences and opportunities for training and employment in connection with the administration of such a grant or subgrant shall be given to Indians.

(b) Preference in the award of a subgrant, contract or subcontract in connection with administration of a grant shall be given to Indian organizations and economic enterprises.

(c) A tribal governing body may develop its own Indian preference requirements to the extent that such requirements are not inconsistent with the purpose and intent of paragraphs (a) and (b) of this section for grants executed under this part.
§ 276.14 Budget revision.

Criteria and procedures to be followed by grantees in reporting deviations from grant budgets and requesting approval for budget revisions are as follows:

(a) For nonconstruction grants, grantees shall request prior approvals promptly from the Bureau for budget revisions whenever:

1. The revision results from changes in the scope or the objective of the grant-supported program.
2. The revision indicates the need for additional Bureau funding.
3. The grant budget is over $100,000 and the cumulative amount of transfers among direct cost object class budget categories exceeds or is expected to exceed $10,000, or five percent of the grant budget, whichever is greater. The same criteria apply to cumulative amount of transfers among programs, functions, and activities when budgeted separately for a grant, except that the Bureau shall permit no transfer which would cause any Federal appropriation, or part thereof, to be used for purposes other than those intended.
4. The grant budget is $100,000 or less, and the cumulative amount of transfers among direct cost object class budget categories exceeds or is expected to exceed five percent of the grant budget. The same criteria apply to the cumulative amount of transfers among programs, functions, and activities when budgeted separately for a grant, except that the Bureau shall permit no transfer which would cause any Federal appropriation, or part thereof, to be used for purposes other than those intended.
5. The revisions involve the transfer of amounts budgeted for indirect costs to absorb increases in direct costs.
6. The revisions pertain to the addition of items requiring approval in accordance with the provisions of appendix A of this part.

(b) All other changes to nonconstruction grant budgets, except for the changes described in paragraph (d) of this section do not require approval. These changes include:

1. The use of grantee funds in furtherance of program objectives over and above the grantee minimum share included in the approved grant budget and
2. The transfer of amounts budgeted for direct costs to absorb authorized increases in indirect costs.

(c) For construction grants, grantees shall request prior approval promptly from the Bureau for budget revisions whenever:

1. The revision results from changes in the scope or the objective of the grant-supported programs.
2. The revision increases the budgeted amounts of Bureau funds needed to complete the project.

(d) When the Bureau awards a grant which provides support for both construction and nonconstruction work, the Bureau may require, in the grant agreement, the grantee to request prior approval before making any fund or budget transfers between the two types of work supported.

(e) For both construction and nonconstruction grants, the Bureau shall require tribal grantees to notify the Bureau promptly whenever the amount of Bureau authorized funds is expected to exceed the needs of the grantee by more than $5,000 or 5 percent of the Bureau grant, whichever is greater. This notification will not be required when applications for additional funding are submitted for continuing grants.

(f) When requesting approval for budget revisions, grantees shall use the budget forms which were used in the grant application. However, grantees may request by letter the approvals required by the provisions of appendix A of this part.

(g) Within 30 days from the date of receipt of the request for budget revisions, the Bureau shall review the request and notify the grantee whether or not the budget revisions have been approved. If the Bureau does not reach a decision prior to the end of the 30-day period or should the grantee not be notified of the Bureau’s decision by the end of the 30-day period the grantee may appeal directly to the Commissioner.

§ 276.15 Grant closeout.

(a) In closing out Bureau grants, the following shall be observed:

1. Upon request, the Bureau shall make prompt payments to a grantee
§ 276.15

25 CFR Ch. I (4-1-99 Edition)

for allowable reimbursable costs under the grant being closed out.

(2) The grantee shall immediately refund to the Bureau any unencumbered balance of cash advanced to the grantee.

(3) The Bureau shall obtain from the grantee within 90 days after the date of completion of the grant all financial, performance, and other reports required as a condition of the grant. The Bureau may grant extensions when requested by the grantee.

(4) The Bureau shall make a settlement for any upward or downward adjustments to the Federal share of costs after these reports are received.

(5) The grantee shall account for any property acquired with grant funds, or received from the Government in accordance with the provisions of §276.11.

(6) If a final audit has not been performed before the closeout of the grant, the Bureau shall retain the right to recover an appropriate amount after fully considering the recommendations on disallowed costs resulting from the final audit.

(b) Suspension. When a grantee has materially failed to comply with the terms and conditions of a grant, the Bureau may, after reasonable notice to the grantee, suspend the grant. The notice preceding suspension shall include the effective date of the suspension, the reasons for the suspension, the corrective measures necessary for reinstatement of the grant, and, if there is no immediate threat to safety, a reasonable time frame for corrective action prior to actual suspension. No obligations incurred by the grantee during the period of suspension shall be allowable under the suspended grant, except that the Bureau may at its discretion allow necessary and proper costs which the grantee could not reasonably avoid during the period of suspensions if such costs would otherwise be allowable under the applicable cost principles specified in appendix A of this part. Appropriate adjustments to the payments under the suspended grant will be made, either by withholding the payments or by not allowing the grantee credit for disbursements which he may make in liquidation of unauthorized obligations he incurs during the period of suspension. Suspensions shall remain in effect until the grantee has taken corrective action to the satisfaction of the Bureau or given assurances satisfactory to the Bureau that corrective action will be taken, or until the Bureau cancels the grant.

(c)(1) Cancellation for cause. The Bureau may cancel any grant in whole, or in part, at any time before the date of completion, whenever it is determined that the grantee has:

(i) Materially failed to comply with the terms and conditions of the grant;

(ii) Violated the rights or endangered the health, safety, or welfare of any persons;

(iii) Been grossly negligent in or has mismanaged the handling or use of funds provided under the grant.

(2) When it appears that cancellation of a grant shall become necessary, the Bureau shall promptly notify the grantee in writing of this possibility. This written notice shall advise the grantee of the reason for the possible cancellation and the corrective action necessary to avoid cancellation. The Bureau shall also offer, and provide if requested by the grantee, any technical assistance which may be required to effect the corrective action. The grantee shall have 60 days in which to effect this corrective action before the Bureau provide notice of intent to cancel the grant as provided in paragraph (c)(3) of this section.

(3) Upon deciding to cancel for cause, the Bureau shall promptly notify the grantee in writing of that decision, the reasons for the cancellation, and the effective date. The Bureau shall also provide a hearing for the grantee before cancellation, as provided in §272.51. However, the Bureau may immediately cancel the grant, upon notice to the grantee, if the Bureau determines that continuance of the grant poses an immediate threat to safety. In this event, the Bureau shall provide a hearing for the grantee within ten (10) days of cancellation.

(4) Payments made to grantees or recoveries by the Bureau under grants cancelled for cause shall be in accordance with the legal rights and obligations of the parties.

(d)(1) Cancellation on other grounds. Except as provided in paragraph (c) of
this section, grants may be cancelled in whole or in part only as follows:

(i) By the Bureau with the consent of the grantee, in which case the two parties shall agree upon the cancellation conditions, including the effective date, and in the case of partial cancellation, the portion to be cancelled; or

(ii) By the grantee, upon written notice to the Bureau, setting forth the reasons for the cancellation, the effective date, and, in the case of partial cancellation, the portion to be cancelled.

(2) When a grant is cancelled in accordance with paragraph (d) of this section, the grantee shall not incur new obligations for the cancelled portion after the effective date, and shall cancel as many outstanding obligations as possible. The Bureau shall allow full credit to the grantee for the Bureau share of the noncancellable obligations properly incurred by the grantee before cancellation.

§ 276.16 Subgrants and subcontracts to non-profit organizations.

The uniform administrative requirements in this part, including the cost principles in appendix A, to this part, are applicable to all subgrants or subcontracts made by a grantee in accordance with the provisions of this chapter. However, these requirements and cost principles are applicable as minimum standards for subgrants or subcontracts made to nonprofit organizations. Accordingly, the grantee may prescribe additional or more stringent requirements with regard to subgrants or subcontracts made to non-profit organizations.

§ 276.17 Printing.

As permitted by paragraph 36-2(c) in the Government Printing and Binding Regulations (October 1974, No. 23), published by the Joint Committee on Printing (JCP), printing required by a grantee in performing work under a grant is considered "incidental printing" (e.g., material which the grantee needs to use to respond to the terms of the grant). Whenever the incidental printing is likely to exceed the exclusions in paragraphs 36-3 and 36-4 of the Joint Committee on Printing (JCP) Printing and Binding Regulations, specific provisions on printing as may be required shall be included in the grant agreement. Grantees shall be given the option of using sources other than the Government Printing Office for incidental printing.

[43 FR 37446, Aug. 23, 1978]

APPENDIX A TO PART 276—PRINCIPLES FOR DETERMINING COSTS APPLICABLE TO GRANTS

PART I—GENERAL

A. Purpose and scope. 1. Objectives. This attachment sets forth principles for determining the allowable costs of programs administered by grantees under grants from the Bureau. The principles are for the purpose of cost determination and are not intended to identify the circumstances or dictate the extent of Bureau and tribal participation in the financing of a particular grant. They are designed to provide that Bureau assisted programs bear their fair share of costs recognized under these principles, except where restricted or prohibited by law. No provision for profit or other increment above cost is intended.

2. Policy guides. The application of these principles is based on the fundamental premises that:

a. Grantees are responsible for the efficient and effective administration of grant programs through the application of sound management practices.

b. The grantee assumes the responsibility for seeing that Bureau assisted program funds have been expended and accounted for consistent with underlying agreements and program objectives.

c. Each grantee organization, in recognition of its own unique combination of staff facilities and experience, will have the primary responsibility for employing whatever form of organization and management techniques may be necessary to assure proper and efficient administration.

3. Application. These principles will be applied by the Bureau in determining costs incurred by grantees under Bureau grants (including subgrants, contracts by grantees and subcontracts).

B. Definitions. 1. Approval or authorization of the Bureau means documentation evidencing consent prior to incurring specific cost.

2. Cost allocation plan means the documentation identifying, accumulating, and distributing allowable costs under grants and contracts together with the allocation methods used.
3. Cost, as used herein, means cost as determined on a cash, accrual, or other basis acceptable to the Bureau as a discharge of the grantee's accountability for Bureau funds.

4. Cost objective means a pool, center, or area established for the accumulation of cost. Such areas include organizational units, functions, objects or items of expense as well as ultimate cost objectives including specific grants, projects, contracts, and other activities.

5. Federal agency means any department, agency, commission, or instrumentality in the executive branch of the Federal Government which makes grants to grantees.

6. Grant means an agreement between the Bureau and a grantee whereby the Bureau provides funds or aid in kind to carry out specified programs, services, or activities. The principles and policies stated in this appendix as applicable to grants in general also apply to any Federally sponsored cost reimbursement type of agreement performed by a grantee, including contracts, subcontracts and subgrants.

7. Grant program means those activities and operations of the grantee which are necessary to carry out the purposes of the grant, including any portion of the program financed by the grantee.

8. Grantee means the entity which is responsible for administration of the grant.

9. Services, as used herein, means goods and facilities, as well as services.

10. Supporting services means auxiliary functions necessary to sustain the direct effort involved in administering a grant program or an activity providing service to the grant program. These services may be centralized in the grantee department or in some other agency, and include procurement, payroll, personnel functions, maintenance and operation of space, data processing, accounting, budgeting, auditing, mail and messenger service, and the like.

C. Basic guidelines.

1. Factors affecting allowability of costs. To be allowable under a grant program, costs must meet the following general criteria:
   a. Be necessary and reasonable for proper and efficient administration of the grant program, be allocable thereto under these principles, and, except as specifically provided herein, not be a general expense required to carry out the overall responsibilities of a grantee.
   b. Be authorized or not prohibited under applicable laws or regulations.
   c. Conform to any limitations or exclusions set forth in these principles, Federal laws, or other governing limitations as to types or amounts of cost items.
   d. Be consistent with policies, regulations, and procedures that apply uniformly to both Federally assisted and other activities of which the grantee is a part.

2. Classification of costs. There is no universal rule for classifying certain costs as either direct or indirect under every accounting system. A cost may be direct with respect to some specific service or function, but indirect with respect to the grant or other ultimate cost objective. It is essential, therefore, that each item of cost be treated consistently either as a direct or an indirect cost. Specific guides for determining direct and indirect costs allocable under grant programs are provided in the sections which follow.

D. Composition of cost.

1. Total cost. The total cost of a grant program is comprised of allowable direct cost incident to its performance, plus its allocable portion of allowable indirect costs, less applicable credits.

2. Applicable credits. There is no universal rule for classifying certain costs as either direct or indirect under every accounting system. A cost may be direct with respect to some specific service or function, but indirect with respect to the grant or other ultimate cost objective. It is essential, therefore, that each item of cost be treated consistently either as a direct or an indirect cost. Specific guides for determining direct and indirect costs allocable under grant programs are provided in the sections which follow.

E. Direct costs.

1. General. Direct costs are those that can be identified specifically with a particular cost objective. These costs may be charged directly to grants, contracts, or
to other programs against which costs are finally lodged. Direct costs may also be charged to cost objectives used for the other ultimate cost objectives.

2. Indirect costs. Indirect costs chargeable to grant programs are:
   a. Compensation of employees for the time and effort devoted specifically to the execution of a grant or only an identifiable portion of a grant.
   b. Cost of materials acquired, consumed, or expended specifically for the purpose of the grant.
   c. Equipment and other approved capital expenditures.
   d. Other items of expense incurred specifically to carry out the grant agreement.
   e. Services furnished specifically for the grant program by other agencies, provided such charges are consistent with criteria outlined in section G of these principles.

F. Indirect costs. 1. General. Indirect costs are those (a) incurred for a common or joint purpose benefiting more than one cost objective, and (b) not readily assignable to the cost objectives specifically benefited, without effort disproportionate to the results achieved. The term "indirect costs," as used herein, applies to costs of this type originating in the grantee department, as well as those incurred by other departments in supplying goods, services, and facilities, to the grantee department. To facilitate equitable distribution of indirect expenses to the cost objectives served, it may be necessary to establish a number of pools of indirect cost within a grantee department or in other agencies providing services to a grantee department. Indirect cost pools should be distributed to benefitting cost objectives on bases which will produce an equitable result in consideration or relative benefits derived.

2. Grantee departmental indirect costs. All grantee departmental indirect costs, including the various levels of supervision, are eligible for allocation to grant programs provided they meet the conditions set forth in this part. In lieu of determining the actual amount of grantee departmental indirect cost allocable to a grant program, the following methods may be used:
   a. Predetermined fixed rates for indirect costs. A predetermined fixed rate for computing indirect costs applicable to a grant may be negotiated annually in situations where the cost experience and other pertinent facts available are deemed sufficient to enable the contracting parties to reach an informed judgment (1) as to the probable level of indirect costs in the grantee department during the period to be covered by the negotiated rate, and (2) that the amount allowable under the predetermined rate would not exceed actual indirect cost.
   b. Negotiated lump sum for overhead. A negotiated fixed amount in lieu of indirect costs may be appropriate under circumstances where the benefits derived from a grantee department’s indirect services cannot be readily determined as in the case of small, self-contained or isolated activity. When this method is used, a determination should be made that the amount negotiated will be approximately the same as the actual indirect cost that may be incurred. Such amounts negotiated in lieu of indirect costs will be treated as an offset to total indirect expenses of the grantee department before allocation to remaining activities. The base on which such remaining expenses are allocated should be appropriately adjusted.

3. Limitation on indirect costs. a. Bureau grants may be subject to laws that limit the amount of indirect costs that may be allowed. In this event, the Bureau will establish procedures which will assure that the amount actually allowed for indirect costs under each such grant does not exceed the maximum allowable under the statutory limitation or the amount otherwise allowable under this appendix, whichever is the smaller.
   b. When the amount allowable under a statutory limitation is less than the amount otherwise allocable as indirect costs under this appendix the amount not recoverable as indirect costs under a grant may not be shifted to another Federally sponsored grant program or contract.

G. Cost incurred by organizations other than the grantee. 1. General. The cost of service provided by other organizations may only include allowable direct costs of the service plus a prorata share of allowable supporting costs and supervision directly required in performing the service, but not supervision of a general nature such as that provided by the head of an organization and his staff assistants not directly involved in operations. However, supervision by the head of an organization whose sole function is providing the service furnished would be an eligible cost. Supporting costs include those furnished by other units of the supplying organizations.

2. Alternative methods of determining indirect cost. In lieu of determining actual indirect cost related to a particular service furnished by another organization, either of the following alternative methods may be used provided only one method is used for a specific service during the fiscal year involved.
   a. Standard indirect rate. An amount equal to ten percent of direct labor cost in providing the service performed by another organization (excluding overtime, shift, or holiday premiums and fringe benefits) may be allowed in lieu of actual allowable indirect cost for that service.
   b. Predetermined fixed rate. A predetermined fixed rate for indirect cost of the unit or activity providing service may be negotiated as set forth in section F.2.a.

H. Cost incurred by grantee for others. 1. General. The principles provided in section G will
also be used in determining the cost of services provided by the grantee to another agency.

1. Cost allocation plan. 1. General. A plan for allocation of costs will be required to support the distribution of any joint costs related to the grant program. All costs included in the plan will be supported by formal accounting records which will substantiate the propriety of eventual charges.

2. Requirements. The allocation plan of the grantee should cover all joint costs of the grantees as well as costs to be allocated under plans of other agencies or organizational units which are to be included in the costs of federally sponsored programs. The cost allocation plans of all the agencies rendering services to the grantee, to the extent feasible, should be presented in a single document. The allocation plan should contain, but not necessarily be limited to, the following:

   a. The nature and extent of services provided and their relevance to the federally sponsored programs.
   b. The items of expense to be included.
   c. The methods to be used in distributing cost.

3. Instructions for preparation of cost allocation plans. The Bureau, in consultation with the other federal agencies concerned, will be responsible for developing and issuing the instructions for use by grantees in preparation of cost allocation plans.

4. Submission of indirect cost proposal and negotiation of indirect cost rates.

   a. A grantee should submit its indirect cost proposal to the Federal agency which provides the largest dollar volume of contracts and grants. However, once a Federal agency has handled an indirect cost proposal, that same Federal agency should continue to act upon the proposal even though the preponderance of financial interest may have shifted to another Federal agency, and grantee shall not resubmit its indirect cost proposal to a second Federal agency.

   b. Where the grantee submits its proposal to the Department of Interior, the proposal should be sent by the Bureau of Indian Affairs to the cognizant Regional Office of the Department’s Office of Audit and Investigation. The Office of Audit and Investigation is responsible for the audit and review of the proposals and negotiation of the indirect cost rates.

   c. Grant administrators officers will usually, but are not required to, accept indirect cost rates negotiated by other Federal agencies.

   d. The Bureau of Indian Affairs will provide technical assistance in developing indirect cost proposals, if needed.

PART II—STANDARDS FOR SELECTED ITEMS OF COST

A. Purpose and applicability. 1. Objective. This attachment provides standards for determining the allowability of selected items of cost.

2. Application. These standards will apply irrespective of whether a particular item of cost is treated as direct or indirect cost. Failure to mention a particular item of cost in the standards is not intended to imply that it is either allowable or unallowable, rather determination of allowability in each case should be based on the treatment of standards provided for similar or related items of cost. The allowability of the selected items of cost is subject to the general policies and principles stated in part I of this appendix.

B. Allowable costs. 1. Accounting. The cost of establishing and maintaining accounting and other information systems required for the management of grant programs is allowable. This includes cost incurred by central service agencies for these purposes. The cost of maintaining central accounting records required for overall tribal government purposes, such as appropriation and fund accounts by the Treasurer, Comptroller, or similar officials, is considered to be a general expense of government and is not allowable.

2. Advertising. Advertising media includes newspapers, magazines, radio and television programs, direct mail, trade papers, and the like. The advertising costs allowable are those which are solely for:

   a. Recruitment of personnel required for the grant program.
   b. Solicitation of bids for the procurement of goods and services required.
   c. Disposal of scrap or surplus materials acquired in the performance of the grant agreement.
   d. Other purposes specifically provided for in the grant agreement.

3. Advisory councils. Costs incurred by grantee advisory councils or committees established pursuant to Bureau requirements to carry out grant programs are allowable. The cost of like organizations is allowable when provided for in the grant agreement.

4. Audit service. The cost of audits necessary for the administration and management of functions related to grant programs is allowable.

5. Bonding. Costs of premiums on bonds covering employees who handle grantee funds are allowable.
