(2) If the appellant has been required to post a bond and fails to do so.

part since they have been modified and approved for Indian country.

§ 10.4  What happens if the policies and standards are not followed?

The risk for human and civil rights violations due to lack of common standards will subject the operation and/or facility to unnecessary exposure to liability. Lack of employee standards, particularly for training and background checks, will increase the risk of misconduct and vicarious liability of the tribes and the Federal government through tort claims. Funding sources for detention programs may become scarce to nonexistent because of contract noncompliance. The tribes' opportunity to receive funding from potential resource sharing agreements with other law enforcement agencies may be damaged because the facility may have to be closed for cause due to violation of the life safety codes.

§ 10.5  Where can I find the policies and standards for the administration, operation, services, and physical plant/construction of Indian country detention, community residential, and holding facilities?

The Bureau of Indian Affairs, Department of the Interior, maintains a manual of policies and procedures called the Bureau of Indian Affairs Manual (BIAM). The chapter 69 BIAM titled “Indian Country Detention Facilities and Programs,” contains the BIA's policies, procedures, and standards for detention and holding programs in Indian country. The standards for the programs within the BIAM are in handbook format for easy field reference and use. Copies of the chapter 69 BIAM and handbooks may be obtained from the Director, Office of Law Enforcement Services.

§ 10.6  How is the BIA assured that the policies and standards are being applied uniformly and facilities are properly accredited?

The tribes and BIA programs will use a phased approach to meeting all non-mandatory detention standards and will document progress on uniform reporting. The BIA Office of Law Enforcement Services will conduct periodic operational evaluations for oversight.

§ 10.7  Where do I find help or receive technical assistance in complying with the policies and standards?

The BIA has a trained Detention Specialist on the staff of the Office of Law Enforcement Services, Albuquerque, New Mexico, who is available to conduct evaluations and provide technical assistance or guidance in all facets of Indian country detention programs.

§ 10.8  What minimum records must be kept and reports made at each detention, community residential, or holding facility in Indian country?

The Director, Office of Law Enforcement Services, BIA, will develop all necessary requirements for maintaining records, reporting data, and archiving information. These requirements will be published in 69 BIAM, “Indian Country Detention Facilities and Programs.”

§ 10.9  If a person is detained or incarcerated in an Indian country detention, community residential, or holding facility, how would they know what their rights, privileges, safety, protection and expected behavior would be?

When an individual is incarcerated in an Indian country detention, community residential, or holding facility, he/she will be given, or in some cases notified of the availability of, an Inmate Handbook. This book of guidelines describes in detail the inmate's rights, privileges, protection and safety, cleanliness and sanitation, and general health and nutritional standards. The Inmate Handbook describes the emergency evacuation procedures, medical, counseling, rehabilitation services, visitation procedures, and other appropriate information. The Inmate Handbook is published by the Director, Office of Law Enforcement Services and maintained by the detention facility administrator at each facility location.

§ 10.10 What happens if I believe my civil rights have been violated while incarcerated in an Indian country detention or holding facility?

All allegations of civil rights violations must be reported immediately to the Internal Affairs Branch of the Office of Law Enforcement Services. This office will ensure that such allegations are immediately reported to the Civil Rights Division of the U.S. Department of Justice through established procedures. The BIA Internal Affairs Branch may also investigate alleged violations and make recommendations for additional action as necessary. Detailed instructions on the procedure to report violations can be found in the Inmate Handbook.

§ 10.11 How would someone detained or incarcerated, or their representative, get the BIA policies and standards?

At each detention, community residential, or holding facility located in a tribal jurisdiction where federal funds are used for operations or maintenance programs, the BIA’s policies, standards, and procedures will be made available upon request. The Inmate Handbook will be made available to all persons at the time they are incarcerated or detained in a facility. There may be times when this may be delayed due to the physical or mental condition of the person at time of incarceration. In these cases, the Inmate Handbook will be made available when the person is deemed receptive and cognizant by the detention officer in charge. All policies, standards, procedures, and guidelines are available at each facility to the public or by writing to the Director, Office of Law Enforcement Services.

Subpart A—Responsibilities

§ 12.2 What is the role of the Bureau of Indian Affairs Director of Law Enforcement Services?

The Director of the Office of Law Enforcement Services for the Bureau of Indian Affairs (Director) has been delegated the responsibility for the development of law enforcement and detention policies, standards, and management of all Bureau of Indian Affairs (BIA) criminal investigations, drug enforcement, training, internal affairs, inspection and evaluation, emergency response forces, and other national level Indian country law enforcement initiatives. The Director publishes these policies and standards in law enforcement manuals and handbooks. The Director is also directly responsible for developing crime prevention and outreach programs within Indian country law enforcement.

§ 12.3 Who supervises Bureau of Indian Affairs criminal investigators?

All BIA criminal investigators are supervised by other criminal investigators within the Office of Law Enforcement Services.

§ 12.4 Who supervises the Bureau of Indian Affairs uniformed police, detention, and conservation enforcement functions?

The agency superintendent is directly responsible for the operation and management of BIA uniformed police operations, detention facilities, and conservation enforcement operations at any agency having these programs. The agency superintendent must also ensure technical support is provided to any agency contracting the law enforcement and/or detention program.

Subpart B—Policies and Standards

§ 12.11 Do I have to follow these regulations?

You must follow the minimum standards outlined in the regulations in this part if you are part of a BIA or tribal law enforcement program receiving Federal funding or operating under a BIA law enforcement commission.

§ 12.12 What about self-determination?

The regulations in this part are not intended to discourage contracting of Indian country law enforcement programs under the Indian Self-determination and Education Assistance Act (Pub. L. 93-638, as amended, 25 U.S.C. 450). The Deputy Commissioner of Indian Affairs will ensure minimum standards are maintained in high risk activities where the Federal government retains liability and the responsibility for settling tort claims arising from contracted law enforcement programs. It is not fair to law abiding citizens of Indian country to have anything less than a professional law enforcement program in their community. Indian country law enforcement programs that receive Federal funding and/or commissioning will be subject to a periodic inspection or evaluation to provide technical assistance, to ensure compliance with minimum Federal standards, and to identify necessary changes or improvements to BIA policies.

§ 12.13 What happens if I do not follow the rules in this part?

Your BIA law enforcement commission may be revoked, your law enforcement contract may be canceled, and
§ 12.14 Where can I find specific policies and standards for law enforcement functions in Indian country?

BIA will ensure that all Indian country law enforcement programs are provided a copy of the most current policy manuals and handbooks. Every Indian country law enforcement program covered by the regulations in this part must maintain an effective and efficient law enforcement program meeting minimal qualitative standards and procedures specified in chapter 68 Bureau of Indian Affairs Manual (BIAM) and the Law Enforcement Handbook.

Subpart C—Authority and Jurisdiction

§ 12.21 What authority is given to Indian country law enforcement officers to perform their duties?

BIA law enforcement officers are commissioned under the authority established in 25 U.S.C. 2803. BIA may issue law enforcement commissions to other Federal, State, local and tribal full-time certified law enforcement officers to obtain active assistance in enforcing applicable Federal criminal statutes, including Federal hunting and fishing regulations, in Indian country.

(a) BIA will issue commissions to other Federal, State, local and tribal full-time certified law enforcement officers only after the head of the local government or Federal agency completes an agreement with the Commissioner of Indian Affairs asking that BIA issue delegated commissions. The agreement must include language that allows the BIA to evaluate the effectiveness of these special law enforcement commissions and to investigate any allegations of misuse of authority.

(b) Tribal law enforcement officers operating under a BIA contract or compact are not automatically commissioned as Federal officers; however, they may be commissioned on a case-by-case basis.

§ 12.22 Can Bureau of Indian Affairs law enforcement officers enforce tribal laws?

BIA officers will enforce tribal laws only with the permission of the tribe. Local programs are encouraged to make arrangements and agreements with local jurisdictions to facilitate law enforcement objectives.

§ 12.23 What are the jurisdictional limits in Indian country?

The Department of the Interior and the Department of Justice must maintain and periodically review and update a memorandum of understanding describing the relationship between the Federal Bureau of Investigation and the Bureau of Indian Affairs in the investigation and prosecution of major crimes in Indian country. Any law enforcement programs performing duties under the authority of 25 U.S.C. 2803 must follow the guidelines in the memorandum of understanding and any local United States Attorney's guidelines for the investigation and prosecution of Federal crimes.

Subpart D—Qualifications and Training Requirements

§ 12.31 Are there any minimum employment standards for Indian country law enforcement personnel?

The Director must develop, maintain, and periodically review the qualification standards, including medical qualification standards, for all BIA law enforcement, detention, and conservation enforcement occupational series. The standards will be no less stringent than the minimum standards established by the U.S. Office of Personnel Management (OPM) for these occupational series, and may exceed the OPM standards. BIA standards are available for review at any BIA personnel office. All tribal programs are encouraged to develop standards at least as stringent as those established for BIA officers.

§ 12.32 Do minimum employment standards include a background investigation?

Law enforcement authority is only entrusted to personnel possessing adequate education and/or experience,
§ 12.33 Are Indian country law enforcement officers paid less than other law enforcement officers?

An officer's pay is determined by his/her grade and classification. The Commissioner of Indian Affairs must ensure that all BIA law enforcement officer positions are established at no lower grade level on the Federal scale than similar Federal law enforcement officer positions in other agencies. No BIA position performing commissioned law enforcement duties will be classified in other than the GS 0083, police officer series, for uniformed officers and the GS 1811, criminal investigating series, for criminal investigators.

§ 12.34 Do minimum salaries and position classifications apply to a tribe that has contracted or compacted law enforcement under self-determination?

Any contract or compact with the BIA to provide law enforcement services for an Indian tribe must require a law enforcement officer to be paid at least the same salary as a BIA officer performing the same duties.

§ 12.35 Do Indian country law enforcement officers complete any special training?

Law enforcement personnel of any program funded by the Bureau of Indian Affairs must not perform law enforcement duties until they have successfully completed a basic law enforcement training course prescribed by the Director. The Director will also prescribe mandatory supplemental and in-service training courses.

§ 12.36 Does other law enforcement training count?

All requests for evaluation of equivalent training must be submitted to the Indian Police Academy for review, with final determination made by the Director. Requests for a waiver of training requirements to use personnel before completing the required courses of instruction must be submitted to the Director and approved or disapproved by the Commissioner of Indian Affairs. In no case will such a waiver allow personnel to be used in any position for more than one year without achieving training standards. Failure to complete basic training requirements will result in removal from a law enforcement position.

Subpart E—Records and Information

§ 12.41 Who keeps statistics for Indian country law enforcement activities?

The Director maintains a criminal justice information system for Indian country. The Director will prescribe the types of data to be collected and the reporting format to be used to collect information and assemble reports on crime reported in Indian country. These reports may be provided to the Department of Justice. Any law enforcement program receiving funding from the BIA must use the same reporting format and submit the same statistical reports to the Office of Law Enforcement Services as prescribed by the Director and as are required of all BIA law enforcement programs.

§ 12.42 Do Indian country law enforcement programs share information with their own communities or other agencies?

At intervals established by the Director, each BIA criminal investigations program, and any investigations program receiving BIA funds will consult with local tribal leaders and managers of local patrol and detention programs. They will discuss the quality of the local investigations program and offer feedback and technical assistance. There will be no requirement to disclose confidential investigative information or to compromise ongoing investigations during this process.
Subpart F—Conduct

§ 12.51 Must Indian country law enforcement officers follow a code of conduct?

All law enforcement programs receiving Bureau of Indian Affairs funding or commissioning must establish a law enforcement code of conduct which establishes specific guidelines for conduct on and off duty, impartiality, and professional conduct in the performance of duty, and acceptance of gifts or favors. Each officer must acknowledge in writing receiving and understanding of this code of conduct. The acknowledgment will remain on file with the law enforcement program manager as long as the officer is employed there. Training will be conducted on this code of conduct and other ethics issues at least once each year.

§ 12.52 How do I report misconduct?

The Director will develop and maintain a reporting system that allows any resident of or visitor to Indian country to report officer misconduct. Each law enforcement program in Indian country will maintain instructions on how to register a complaint. An overview of these steps must be posted for public viewing at each law enforcement facility in Indian country.

§ 12.53 Who investigates officer misconduct?

The Director, Office of Law Enforcement Services maintains an internal affairs program that investigates all allegations of misconduct by BIA officers, and any officer receiving funding and/or authority from the BIA. All allegations of misconduct must be thoroughly investigated and appropriate action taken when warranted. Any person having knowledge of officer misconduct must report that information to the officer’s supervisor. The supervisor must immediately report allegations to the internal affairs unit. Depending upon the severity of the allegation, the matter may be dealt with locally or it will be investigated by the internal affairs unit. Failure of any BIA employee to report known allegations may be considered misconduct in itself. Citizens may report officer misconduct directly to the internal affairs unit if that is more practical.

§ 12.54 What can I do if I believe my civil rights have been violated?

All allegations of civil rights violations must be reported immediately to the internal affairs unit. That office will ensure that allegations are immediately reported to the Civil Rights Division of the U. S. Department of Justice through established procedures. BIA’s internal affairs unit may also investigate the matter and make recommendations for additional action as necessary.

§ 12.55 Are there any limits on how much force an officer can use when performing law enforcement duties?

The Director will develop and maintain the use of force policy for all BIA law enforcement personnel, and for programs receiving BIA funding or authority. Training in the use of force, to include non-lethal measures, will be provided annually. All officers will successfully complete a course of instruction in firearms, to include judgement pistol shooting, approved by the Indian Police Academy before carrying a firearm on or off duty.

Subpart G—Support Functions

§ 12.61 Can I be paid for information that helps solve a crime?

The Director can spend money to purchase evidence or information, or to offer a reward, in the investigation of a crime. This is subject to the availability of funds. This authority may be delegated in writing to supervisory criminal investigators within the Office of Law Enforcement Services in the BIA. The Director must develop policies and procedures for the expenditure, control, and audit of these funds before their use.

§ 12.62 Who decides what uniform an Indian country law enforcement officer can wear and who pays for it?

Each local law enforcement program must establish its own uniform requirements for patrol and detention
§ 12.63 Do Indian country law enforcement officers perform other duties as well?

Law enforcement commissions will only be issued by the Bureau of Indian Affairs to persons occupying positions as full-time officers. Bureau of Indian Affairs funded or commissioned criminal investigators will not be responsible for supervising or managing any patrol, detention, or other uniformed police programs.

Subpart A—Purpose

§ 13.1 Purpose.

(a) The regulations of this part establish the procedures by which an Indian tribe that occupies a reservation as defined in 25 U.S.C. 1903(10) over which a state asserts any jurisdiction pursuant to the provisions of the Act of August 15, 1953 (67 Stat. 588) Pub. L. 83-280, or pursuant to any other federal law (including any special federal law applicable only to a tribe or tribes in Oklahoma), may reassume jurisdiction over Indian child custody proceedings as authorized by the Indian Child Welfare Act, Pub. L. 95-608, 92 Stat. 3069, 25 U.S.C. 1918.

(b) On some reservations there are disputes concerning whether certain federal statutes have subjected Indian child custody proceedings to state jurisdiction or whether any such jurisdiction conferred on a state is exclusive of tribal jurisdiction. Tribes located on those reservations may wish to exercise exclusive jurisdiction or other jurisdiction currently exercised by the state without the necessity of engaging in protracted litigation. The procedures in this part also permit such tribes to secure unquestioned exclusive, concurrent or partial jurisdiction over Indian child custody matters without relinquishing their claim that no Federal statute had ever deprived them of that jurisdiction.

(c) Some tribes may wish to join together in a consortium to establish a single entity that will exercise jurisdiction over all their members located on the reservations of tribes participating in the consortium. These regulations also provide a procedure by which tribes may reassume jurisdiction through such a consortium.

(d) These regulations also provide for limited reassumptions including jurisdiction restricted to cases transferred from state courts under 25 U.S.C. 1911(b) and jurisdiction over limited geographical areas.

(e) Unless the petition for reassumption specifically states otherwise, where a tribe reassumes jurisdiction over the reservation it occupies, any land or community occupied by that tribe which subsequently acquires the status of reservation as defined in 25 U.S.C. 1903(10) also becomes subject to tribal jurisdiction over Indian child custody matters.

§ 13.2 Information collection.

The information collection requirement contained in §13.11 has been approved by the Office of Management and Budget under 44 U.S.C. 3501 et seq.
Subpart B—Reassumption

§ 13.11 Contents of reassumption petitions.

(a) Each petition to reassume jurisdiction over Indian child custody proceedings and the accompanying plan shall contain, where available, the following information in sufficient detail to permit the Secretary to determine whether reassumption is feasible:

(1) Full name, address and telephone number of the petitioning tribe or tribes.

(2) A resolution by the tribal governing body supporting the petition and plan. If the territory involved is occupied by more than one tribe and jurisdiction is to be reassumed over all Indians residing in the territory, the governing body of each tribe involved must adopt such a resolution. A tribe that shares territory with another tribe or tribes may reassume jurisdiction only over its own members without obtaining the consent of the other tribe or tribes. Where a group of tribes form a consortium to reassume jurisdiction, the governing body of each participating tribe must submit a resolution.

(3) The proposed date on which jurisdiction would be reassumed.

(4) Estimated total number of members in the petitioning tribe or tribes, together with an explanation of how the number was estimated.

(5) Current criteria for membership in the tribe or tribes.

(6) Explanation of procedure by which a participant in an Indian child custody proceeding may determine whether a particular individual is a member of a petitioning tribe.

(7) Citation to provision in tribal constitution or similar governing document, if any, that authorizes the tribal governing body to exercise jurisdiction over Indian child custody matters.

(8) Description of the tribal court as defined in 25 U.S.C. 1903(12) that has been or will be established to exercise jurisdiction over Indian child custody matters. The description shall include an organization chart and budget for the court. The source and amount of non-tribal funds that will be used to fund the court shall be identified. Funds that will become available only when the tribe reassumes jurisdiction may be included.

(9) Copy of any tribal ordinances or tribal court rules establishing procedures or rules for the exercise of jurisdiction over child custody matters.

(10) Description of child and family support services that will be available to the tribe or tribes when jurisdiction reassumed. Such services include any resource to maintain family stability or provide support for an Indian child in the absence of a family—regardless of whether or not they are the type of services traditionally employed by social services agencies. The description shall include not only those resources of the tribe itself, but also any state or federal resources that will continue to be available after reassumption of jurisdiction.

(11) Estimate of the number of child custody cases expected during a year together with an explanation of how the number was estimated.

(12) Copy of any tribal agreements with states, other tribes or non-Indian local governments relating to child custody matters.

(b) If the petition is for jurisdiction other than transferral jurisdiction under 25 U.S.C. 1911(b), the following information shall also be included in the petition and plan:

(1) Citation of the statute or statutes upon which the state has based its assertion of jurisdiction over Indian child custody matters.

(2) Clear and definite description of the territory over which jurisdiction will be reassumed together with a statement of the size of the territory in square miles.

(3) If a statute upon which the state bases its assertion of jurisdiction is a surplus land statute, a clear and definite description of the reservation
§ 13.12 Criteria for approval of reassumption petitions.

(a) The Assistant Secretary—Indian Affairs shall approve a tribal petition to reassume jurisdiction over Indian child custody matters if:

1. Any reservation, as defined in 25 U.S.C. 1903(10), presently affected by the petition is presently occupied by the petitioning tribe or tribes;

2. The constitution or other governing document, if any, of the petitioning tribe or tribes authorizes the tribal governing body or bodies to exercise jurisdiction over Indian child custody matters;

3. The information and documents required by § 13.11 of this part have been provided;

4. A tribal court, as defined in 25 U.S.C. 1903(12), has been established or will be established before reassumption and that tribal court will be able to exercise jurisdiction over Indian child custody matters in a manner that meets the requirements of the Indian Civil Rights Act, 25 U.S.C. 1302;

5. Child care services sufficient to meet the needs of most children the tribal court finds must be removed from parental custody are available or will be available at the time of reassumption of jurisdiction;

6. The tribe or tribes have established a procedure for clearly identifying persons who will be subject to the jurisdiction of the tribe or tribes upon reassumption of jurisdiction.

(b) If the technical assistance provided by the Bureau to the tribe to correct any deficiency which the Assistant Secretary—Indian Affairs has identified as a basis for disapproving a petition for reassumption of exclusive jurisdiction has proved unsuccessful in eliminating entirely such problem, the Bureau, if requested by the concerned tribe, shall assist the tribe to enter into agreements with a state or states regarding the care and custody of Indian children and jurisdiction over Indian child custody proceedings, including agreements which may provide for the orderly transfer of jurisdiction to the tribe on a case-by-case basis or agreements which provide for concurrent jurisdiction between the state and the Indian tribe.

§ 13.13 Technical assistance prior to petitioning.

(a) Upon the request of a tribe desiring to reassume jurisdiction over Indian child custody matters, Bureau agency and Area Offices shall provide technical assistance and make available any pertinent documents, records, maps or reports in the Bureau's possession to enable the tribe to meet the requirements for Secretarial approval of the petition.

(b) Upon the request of such a tribe, to the extent funds are available, the Bureau may provide funding under the procedures established under 25 CFR 23.22 to assist the tribe in developing the tribal court and child care services that will be needed when jurisdiction is reassumed.

§ 13.14 Secretarial review procedure.

(a) Upon receipt of the petition, the Assistant Secretary—Indian Affairs shall cause to be published in the Federal Register a notice stating that the petition has been received and is under review and that it may be inspected and copied at the Bureau agency office that serves the petitioning tribe or tribes.

1. No final action shall be taken until 45 days after the petition has been received.

2. Notice that a petition has been disapproved shall be published in the Federal Register no later than 75 days after the petition has been received.

3. Notice that a petition has been approved shall be published on a date requested by the petitioning tribe or within 75 days after the petition has been received—whichever is later.
§ 13.16 Technical assistance after disapproval.

If a petition is disapproved, the Bureau shall immediately offer technical assistance to the tribal governing body for the purpose of overcoming the defect in the petition or plan that resulted in the disapproval.

[37 FR 7082, Apr. 8, 1972, as amended at 50 FR 12529, Mar. 29, 1985]
§ 16.2 Scope of regulations.

The regulations in this part set forth procedures for discharging the responsibilities of the Secretary in connection with the performance by State courts, as authorized by Federal statutes, of certain functions which affect properties in which a restricted interest is owned by an Indian of the Five Civilized Tribes. These State court functions pertain to such proceedings as guardianship, heirship determination, will probate, estate administration, conveyance approval, partition of real property, confirmation of title to real property, and appeal from action removing or failing to remove restrictions against alienation. In addition, the regulations in this part set forth procedures for discharging certain other responsibilities of the Secretary not necessarily involving State court functions, such as escheat of estates of deceased Indians of the Five Civilized Tribes.

§ 16.3 Legal representation in State courts.

The statutory duties of the Secretary to furnish legal advice to any Indian of the Five Civilized Tribes, and to represent such Indian in State courts, in matters affecting a restricted interest owned by such Indian, shall be performed by attorneys on the staff of the Solicitor, under the supervision of the Field Solicitor. Such advice and representation shall be undertaken to the extent that the Field Solicitor in his discretion shall consider necessary to discharge said duties, with due regard to the complexity of the legal action contemplated, the availability of staff attorneys for such purposes, the value and extent of the restricted interests involved, possible conflicts between Indians claiming to be owners of such interests, the preference of such owners concerning legal representation, the financial resources available to such owners, the extent to which such owners require similar legal services in connection with their unrestricted properties, and any other factor appropriate for consideration.

§ 16.4 Exchange of information within the Department.

To the extent that information may be useful in discharging the duties covered by the regulations in this part, the Bureau shall furnish to the Field Solicitor, either on a current basis or at periodic intervals, processes and notices received concerning court cases and information, as current and complete as may reasonably be obtainable, concerning the estate and status of an Indian of the Five Civilized Tribes for whom legal assistance should be rendered pursuant to the regulations in this part. Similarly, to the extent that such information may be useful for Bureau action or records, the Field Solicitor shall advise the Bureau of court proceedings, information received, and action taken in furnishing legal services pursuant to the regulations in this part.

Service by the Field Solicitor or any other person of any process or notice, pursuant to any Federal statute which by its express terms is applicable to Indians of the Five Civilized Tribes, may be accepted and acknowledged by the Field Solicitor, or by any attorney authorized to perform the duties specified in §16.3, on behalf of the Secretary and the Bureau, notwithstanding any specific designation in such statute of the official to be served (such as the Secretary, superintendent for the Five Civilized Tribes, Probate Attorney, etc.).

§ 16.6 Authority of attorneys in State court litigation.

Attorneys authorized to perform the duties specified in §16.3 appearing in State court litigation in their official capacities are authorized to take such action as the Secretary could take if he were personally appearing in his official capacity as counsel therein, including but not limited to the filing or decision against filing of initial, responsive, or supplemental pleadings and appeals from adverse judgments, the exercise or decision against exercise of a preferential right to purchase property subject to sale, the removal or decision against removal of actions
§ 16.7 Performance of Federal functions by successor State courts.

All authority to perform functions relating to Indians of the Five Civilized Tribes which by express provisions of Federal statute had been conferred uponprobate or county courts of Oklahoma before such county courts were abolished on January 12, 1969, has since that date been vested in the successor district courts of that State, and all rights of litigants continue undiminished in the successor forum, including the right to appeal from adverse decisions rendered therein to the successor appellate court.

§ 16.8 Summary distribution of small liquid estates.

Where information, furnished by the Bureau pursuant to § 16.4 or otherwise obtained, reveals that the estate of a deceased Indian of the Five Civilized Tribes contains no restricted land but consists of a restricted interest in funds not exceeding $500 on deposit to the credit of the decedent, the Field Solicitor shall, in the absence of any final decree determining the heirs or legatees of the decedent, prepare and furnish to the Bureau a finding and order of distribution, based on affidavit or other proof of death and heirship or bequest, setting forth the facts of death and heirship or bequest and the amount payable from the estate to each person determined to be an heir or legatee of the decedent. The Field Solicitor shall mail to each person considered a possible claimant to any portion of the estate, as an heir or devisee or otherwise, a copy of the order with a notice that the order shall become final 30 days after the date of mailing thereof unless within that period the officer by whom the order was signed shall have received a written request for reconsideration of the order. After final action on any order has been taken by the Field Solicitor, the Bureau shall cause a certified copy thereof to be filed in the land records of each county within which are located any escheated lands described therein and shall cause the tribe to be credited with any funds in said estate which arose from rents or profits from such lands, unless a timely appeal therefrom has been filed in accordance with part 2 of this title.

Upon the superintendent’s final action of approval or disapproval of a will, he shall immediately notify by mail all attorneys appearing in the case, together with interested parties who are not represented by attorneys, of his decision and of their right to file an appeal.

(b) Any party desiring to appeal from the action of the superintendent shall, within 15 days after the date of the mailing of notice of the decision, file with the superintendent a notice in writing of his intention to appeal to the Secretary, and shall, within 30 days after the mailing date of such notice by the superintendent, perfect his appeal to the Secretary by service of the appeal upon the superintendent who will transmit the entire record to the Secretary. (b) If the action is to reduce, suspend, or terminate financial assistance to the recipient, the written notice shall be provided to the recipient 20 days in advance of the proposed effective date.

(c) Shall advise the applicant or recipient of his right to request a hearing if dissatisfied with the proposed decision.

(d) Shall advise the applicant or recipient of his right to be represented by an authorized representative at no expense to the Bureau.

(e) Shall advise the applicant or recipient that failure to request a hearing within the 20 day period following the date of notice of proposed decision will cause the proposed decision to become final subject to appeal under part 2 of this chapter, and that the decision will not be disturbed except for fraud or gross irregularity or where found by higher authority that failure to appeal on the part of the applicant or recipient would result in inequity or injustice to the parties.

§ 20.14 Adjusting incorrect payments.

(a) When the Bureau finds that an incorrect payment of financial assistance has been made to an individual or family, proper adjustment or recovery shall be required, based upon individual need as appropriate to the circumstances that resulted in an incorrect payment. However, prior to adjustment or recovery by the Bureau, the recipient shall be notified of the proposal to correct the payment and given an informal opportunity to resolve the matter. If an informal resolution cannot be attained the recipient is entitled to a written notice of decision, and a hearing if requested, in accordance with §§20.12, 20.13 and 20.30. Unless a hearing is requested or an appeal made, the proposed decision shall become final within 20 days after written notice is mailed or delivered to the recipient.

Subpart C—Eligibility Conditions

§ 20.20 General.

(a) Basic eligibility conditions shall be:

(1) The applicant must be an Indian, except that in the States of Alaska and Oklahoma a one-fourth degree or more Indian or Native blood quantum will be an additional eligibility requirement; and

(2) The applicant must reside on a reservation; or

(3) The applicant must reside near reservation as specifically defined in §20.1(r) and be a member of the tribe that requested designation of the near reservation service area.

73
§ 20.21 General assistance.

In States where BIA general assistance would otherwise be available, the Bureau will not provide general assistance:

(a) To on or near-reservation members of tribes currently not served by BIA general assistance unless the tribe formally requests, through final governing body action, that the Bureau operate a general assistance program. Such request for BIA general assistance should be timed with the Bureau's next fiscal year for the general assistance program;

(b) In any State having a general assistance program available to meet the needs of eligible citizens, including the needs of Indians, a State general assistance program is available if payments are:

(1) Available statewide to eligible individuals and families, including Indians on reservations;

(2) Authorized by State law with funds regularly appropriated to make such payments, or if State law requires all county governments or localities to make such payments even though payments may fluctuate subject to the limited availability of funds;

(3) For the purpose of meeting monthly minimum essential needs on a continuing basis; and,

(4) Where the Bureau provides general assistance on a reservation in one State and that reservation extends into a bordering State(s), the Bureau will provide general assistance to members of the tribe in the other bordering State(s) based on the standard of assistance in the State where the recipient or applicant resides. However, the Bureau will provide such assistance in the bordering State(s) only to those members who are not eligible for State general assistance as defined in §20.21;

(c) In States where the Bureau provides general assistance, Indians, in order to be considered eligible for general assistance under this part, must meet the requirements prescribed in §20.20(a); and the following conditions:

(1) Must not receive financial assistance from AFDC or Supplemental Security Income (SSI);

(i) Indians eligible to receive AFDC or SSI will be allowed to receive BIA general assistance once they have applied for and until they begin to receive assistance payments from AFDC or SSI, except that payment shall be authorized when good cause reasons, such as physical isolation, lack of transportation or intermittent availability of State eligibility specialists, temporarily prevent concurrent application; and when it can be documented that the application process has been initiated by scheduling an appointment, or that the BIA/tribal case worker has initiated the application process on behalf of the general assistance applicant.

(ii) The Bureau will not make payments for any month for which AFDC or SSI payments are made.

(2) Must have insufficient resources to meet the basic and special need items defined by the Bureau standard of assistance;

(3) Must apply for assistance from other Federal, State, county, or local programs for which they may be eligible concurrent with application to the Bureau for general assistance, unless good cause reasons, such as physical isolation with sporadic access to transportation or intermittent availability of State eligibility specialists, temporarily prevent concurrent application; and when it can be documented that the application process has been initiated by scheduling an appointment, or
that the BIA/tribal caseworker has initiated the application process on behalf of the general assistance applicant.

(d) Redeterminations. (1) The Bureau shall determine eligibility and the amount of the BIA general assistance payment based on its best estimate of income and circumstances which will exist in the month for which the Bureau is to provide assistance. Recipients are required to immediately inform the Bureau of any changes in status which may affect their eligibility or amount of assistance. The Bureau shall redetermine eligibility:
   (i) Whenever there is an indication of a change in circumstances;
   (ii) Not less frequently than every three (3) months for individuals who are not exempt under paragraph 20.22(i) from seeking or accepting employment;
   (iii) Not less frequently than one every six (6) months for all households.

(2) The redetermination process shall include personal contact with the recipient, preferably a home visit, not less than once a year to evaluate changes in living circumstances and household composition, and to assess the need for continued assistance.

(e) Standards of assistance. (1) Where the Bureau operates a general assistance program, its standard of assistance shall be the AFDC payment standard used in the State where the applicant or recipient resides. In a State that meets 100 percent of the need standard, the Bureau standard is the need standard. In a State that does not meet need in full and applies a rateable reduction to the need standard, the Bureau standard is the rateable reduced amount. The AFDC payment standard incorporates the same basic and special need items as the AFDC standard of assistance, and is the amount from which the Bureau will subtract net income and liquid assets to determine eligibility for and the amount of the Bureau’s general assistance payment.

(2) In the event the State has no standard for one adult, the Bureau standard for one adult shall be the difference between the standard for one child and the standard for a household of two which includes an adult, or one-half the amount of the standard for a household of two, whichever is greater.

(f) Resources. In determining eligibility for and the amount of the general assistance payment, the Bureau shall consider all types of income and other liquid assets available for support and maintenance unless otherwise disregarded under §20.21(g), or specifically excluded by Federal statute. All earned or unearned income will be counted as income in the month received and as a liquid asset thereafter, except certain income from the sale of real personal property as provided for under §20.21(f)(2)(i). Resources are considered available both when actually available and when the applicant or recipient has a legal interest in a liquidated sum, as defined at 25 CFR 20.1(w), and has the ability to make such sum available for support and maintenance.

(1) Earned income means in cash or in kind earned by an individual through the receipt of wages, salary, commissions, or profit from activities in which he is engaged as a self-employed individual or as an employee.

(i) Earned income includes earnings over a period of time for which settlement is made at one given time, as in the instance of the sale of farm crops, livestock, etc.

(ii) With respect to self-employment, earned income means total profit from business enterprise, i.e., gross receipts after subtracting business expenses directly related to producing the goods or services and without which the goods or services could not be produced. Business expenses do not include items such as depreciation, personal business and entertainment expenses, personal transportation, purchase of capital equipment and payments on the principal on loans for capital assets or durable goods.

(2) Unearned income includes but is not limited to:

(i) Income from: Interest; oil and gas and other mineral royalties; rental property; cash contributions such as child support and alimony; retirement, disability and unemployment benefits; per capita payments not excluded by Federal statute; sale of trust land and real or personal property which is not
set aside for the purpose of reinvestment in trust land or a primary residence, or if set aside, has not been reinvested in trust land or a primary residence at the end of one year from the date the income was received; Federal and State tax refunds. All of the above shall be counted to the extent they are not disregarded by Federal statute.

(ii) Income in kind contributions providing shelter at no cost to the individual or household: In establishing the amount of the in kind contribution, the Bureau shall use the amount for shelter included in the standard, if identifiable, or 25 percent of the standard unless there is evidence provided that the value of free shelter is less; and,

(iii) Assistance provided by a State, county or local agency.

(3) The Bureau shall prorate (i): Over a 12-month period recurring annual income received by individuals, such as teachers whose regular employment does not engage them on a year round basis; (ii) income received by individuals employed on a contractual basis over the period of the contract; and (iii) intermittent income received quarterly, semiannually or yearly over the period covered by the income. The Bureau shall prorate the income unless there is evidence that the income will not continue to be received in the future. However, for a period of three years from the publication date of these regulations, the Bureau will not prorate lease income which has been obligated by a household in a manner which makes it unavailable in consumable form to the household.

(g) Disregards. (1) The Bureau shall disregard, from the gross amount of earned income, amounts deducted for:

(i) Federal, State and local taxes;
(ii) Social Security (FICA);
(iii) Health insurance;
(iv) Work related expenses, including reasonable transportation costs;
(v) Child care costs except where the other parent in the home is not working or is not disabled; and
(vi) The cost of special clothing, tools and equipment directly related to the individual's employment. All of the above, as appropriate, will be disregarded from self-employment income after deducting costs of doing business.

(2) The Bureau shall disregard as income, or other liquid assets:

(i) The first $1,000 of liquid resources available to the household;
(ii) Any home produce from garden, livestock and poultry utilized by the applicant or recipient and his/her household for their consumption;
(iii) Resources specifically excluded by Federal statute.

(h) Payments. (1) The Bureau shall make assistance payments in an amount not to exceed the difference between the Bureau standard of assistance and all resources not otherwise disregarded. In the event the State in which the individual or household lives applies a rateable reduction to that difference or maintains a system of dollar maximums on the payment, the Bureau shall also apply the rateable reduction and/or the maximum to the payment.

(2) If there is more than one household living in a dwelling and the household(s) receiving general assistance contribute to shelter expenses, the Bureau shall prorate the actual shelter cost, but the amount in the payment for shelter will not exceed the amount in the Bureau standard of assistance for shelter, or if not identifiable, the prorated amount, in addition to other needs, cannot exceed the total amount in the standard for individuals or households in similar circumstances.

(3) The Bureau will round the payment down to the next lower whole dollar.

(4) In no case shall the Bureau provide retroactive payments of general assistance for any period prior to the date of application for assistance.

(i) Employment. (1) An applicant or recipient must actively seek employment, including use of available tribally or Bureau-funded employment assistance services. The individual is also required to accept available local employment. An individual who does not comply will not be eligible for general assistance. These requirements do not apply to:

(i) A person under the age of 16 years;
(ii) A full-time student under the age of 19 who is attending an elementary or secondary school, or a vocational or technical school equivalent to a secondary school;

(i) The 60-day period of ineligibility will be renewed upon each application for general assistance until the applicant complies with the requirement to seek and accept available local employment.

(ii) An unemployed individual against whom a 60-day eligibility suspension has been levied will have the suspension period reduced by 30 days upon providing evidence that he/she has made effort to seek employment.

(iii) Periods of eligibility suspension shall affect only the individual who fails to comply with the provision of this section, but shall not apply to other members of his/her household.

§ 23.3 Policy.

In enacting the Indian Child Welfare Act of 1978, Pub. L. 95-608, the Congress has declared that it is the policy of this Nation to protect the best interests of Indian children and to promote the stability and security of Indian tribes and Indian families by the establishment of minimum Federal standards to prevent the arbitrary removal of Indian children from their families and tribes and to ensure that measures which prevent the breakup of Indian families are followed in child custody proceedings (25 U.S.C. 1902). Indian child and family service programs receiving title II funds and operated by federally recognized Indian tribes and off-reservation Indian organizations shall reflect the unique values of Indian culture and promote the stability and security of Indian children, Indian families and Indian communities. It is the policy of the Bureau of Indian Affairs to emphasize and facilitate the comprehensive design, development and implementation of Indian child and family service programs in coordination with other Federal, state, local, and tribal programs which strengthen and preserve Indian families and Indian tribes.

requested is reasonable under the state standards considering the work actually performed in light of criteria that apply in determining fees and expenses for appointed counsel in state juvenile delinquency proceedings.

(g) Failure of the Area Director to meet the deadline specified in paragraphs (c) and (f) of this section may be treated as a denial for purposes of appeal under paragraph (f) of this section.

(h) Payment for appointed counsel does not extend to Indian tribes involved in state court child custody proceedings or to Indian families involved in Indian child custody proceedings in tribal courts.

Subpart C—Grants to Indian Tribes for Title II Indian Child and Family Service Programs

A tribe may neither submit more than one application for a grant nor be the beneficiary of more than one grant under this subpart.

(1) Through the publication of a Federal Register announcement at the outset of the implementation of the noncompetitive grant award process during which tribal applications will be solicited, the Assistant Secretary will notify eligible tribal applicants under this subpart of the amount of core funds available for their ICWA program. The funding levels will be based on the service area population to be served. Upon the receipt of this notice from the Agency Superintendent or appropriate Area Director, tribal applicants shall submit a completed ICWA application no later than 60 days after the receipt of this notice.

(2) A grant to be awarded under this subpart shall be limited to the tribal governing body(ies) of the tribe(s) to be served by the grant.

(1) A system for licensing or otherwise regulating Indian foster and adoptive homes, such as establishing tribal standards for approval of on-reservation foster or adoptive homes;

(4) Home improvement programs with the primary emphasis on preventing the removal of children due to unsafe home environments by making homes safer, but not to make extensive structural home improvements;

(5) The employment of professional and other trained personnel to assist the tribal court in the disposition of domestic relations and child welfare matters, but not to establish tribal court systems;

(6) Education and training of Indians, including tribal court judges and staff, in skills relating to child and family assistance and service programs;

(8) Guidance, legal representation and advice to Indian families involved in tribal, state, or Federal child custody proceedings; and

(9) Other programs designed to meet the intent and purposes of the Act.

(b) Grants may be provided to tribes in the preparation and implementation of child welfare codes within their jurisdiction or pursuant to a tribal-state agreement.

(c) Grantees under this subpart may enhance their capabilities by utilizing ICWA funds as non-Federal matching shares in connection with funds provided under titles IV-B, IV-E and XX of the Social Security Act or other Federal programs which contribute to and promote the intent and purposes of the Act through the provision of comprehensive child and family services in coordination with other tribal, Federal, state, and local resources available for the same purpose.

(d) Program income resulting from the operation of programs under this subpart, such as day care operations, may be retained and used for purposes similar to those for which the grant was awarded.
§ 23.23 Tribal government application contents.

Grantees must initiate character and background investigations of said personnel prior to their actual employment, and complete the investigations in a timely manner.

7. A program budget and budget narrative justification submitted on an annual basis for the amount of the award and supported by the proposed plan, appropriate program services and activities for the applicable grant year.

8. The Secretary or his/her designee is authorized to make grants to off-reservation Indian organizations to establish and operate off-reservation Indian child and family service programs for the purpose of stabilizing Indian families and tribes, preventing the breakup of Indian families and, in particular, to ensure that the permanent removal of an Indian child from the custody of his/her Indian parent or Indian custodian shall be a last resort. Child and family service programs may include, but are not limited to:

(a) A system for regulating, maintaining, and supporting Indian foster and adoptive homes, including a subsidy program under which Indian adoptive children may be provided support comparable to that for which they would be eligible as Indian foster children, taking into account the appropriate state standards of support for maintenance and medical needs;

(d) Guidance, legal representation and advice to Indian families involved in state child custody proceedings.
(c) Competitive application selection criteria. The Area Director or his/her designated representative shall select those proposals which will in his/her judgment best promote the purposes of the Act. 6. An internal monitoring system the grantee will use to measure progress and accomplishments, and to ensure that the quality and quantity of actual performance conforms to the requirements of the grant;

7. Documentation of the relative accessibility which the Indian population to be served under a specific proposal already has to existing child and family service programs emphasizing the prevention of Indian family breakups, such as mandatory state services. Factors to be considered in determining accessibility include:
   (i) Cultural barriers;
   (ii) Discrimination against Indians;
   (iii) Inability of potential Indian clientele to pay for services;
   (iv) Technical barriers created by existing public or private programs;

Such funds may be carried over for a maximum period of two years beyond the initial grant funding period and must be utilized only for the intent, purpose, and scope of the original grant. These carry-over grant funds shall not be reprogrammed into other appropriation activities or subactivities. Funds carried over into another fiscal year will be added to the grantee's new fiscal year funding amount.

§ 23.52 Grant suspension.

(a) When a grantee has materially failed to comply and remains out of compliance with the terms and conditions of the grant, the grants officer may, after reasonable notice to the grantee and the provision of requested technical assistance, suspend the grant. The notice preceding the suspension shall include the effective date of the suspension, the corrective measures necessary for reinstatement of the grant and, if there is no immediate threat to safety, a reasonable timeframe for corrective action prior to actual suspension.

(b) No obligation incurred by the grantee during the period of suspension shall be allowable under the suspended grant, except that the grants officer
may at his/her discretion allow necessary and proper costs which the grantee could not reasonably avoid during the period of suspension if such costs would otherwise be allowable under the applicable cost principles.

(c) Appropriate adjustments to the payments under the suspended grant will be made either by withholding the payments or by not allowing the grantee credit for disbursements which the grantee may make in liquidation of unauthorized obligations the grantee incurs during the period of suspension.

(d) Suspension shall remain in effect until the grantee has taken corrective action to the satisfaction of the grants officer, or given assurances satisfactory to the grants officer that corrective action will be taken, or until the grants officer cancels the grant.

§ 23.53 Cancellation.

(a) The grants officer may cancel any grant, in whole or in part, at any time before the date of completion whenever it is determined that the grantee has:

(2) Violated the rights as specified in §23.49 or endangered the health, safety, or welfare of any person; or
(3) Been grossly negligent in, or has mismanaged the handling or use of funds provided under the grant.

(b) When it appears that cancellation of the grant will become necessary, the grants officer shall promptly notify the grantee in writing of this possibility. This written notice shall advise the grantee of the reason for the possible cancellation and the corrective action necessary to avoid cancellation. The grants officer shall also offer, and shall provide, if requested by the grantee, any technical assistance which may be required to effect the corrective action. The grantee shall have 60 days in which to effect this corrective action before the grants officer provides notice of intent to cancel the grant as provided for in paragraph (c) of this section.

(c) Upon deciding to cancel for cause, the grants officer shall promptly notify the grantee in writing of that decision, the reason for the cancellation, and the effective date. The Area Director or his/her designated official shall also provide a hearing for the grantee before cancellation. However, the grants officer may immediately cancel the grant, upon notice to the grantee, if the grants officer determines that continuance of the grant poses an immediate threat to safety. In this event, the Area Director or his/her designated official shall provide a hearing for the grantee within 10 days of the cancellation.

(d) The hearing referred to in paragraph (c) of this section shall be conducted as follows:

(1) The grantee affected shall be notified, in writing, at least 10 days before the hearing. The notice shall give the date, time, place, and purpose of the hearing.
(2) A written record of the hearing shall be made. The record shall include written statements submitted at the hearing or within five days following the hearing.

§ 26.6 Program services and client participation.

(a) When a request is made for employment services, the applicant shall be offered assistance to assess his/her job skills and work experience and to relate these to available employment opportunities. In many cases, applicants for placement services will already possess training skills, and/or experience sufficient for entry into job placement. In other cases, applicants may be encouraged to consider further education or training options as a preliminary to permanent employment. In any case, vocational counseling appropriate to the individual situation shall be made available.

(b) Services may be provided either with or without the expenditure of financial grants depending upon the type of service requested and the need for financial assistance. Funds shall not be provided to finance temporary employment except for the following:

shall be required as a basis for applica-
tion of family subsistence rates. In the
case of married persons, proof of mar-
riage shall be required to satisfy this
requirement.

used to supplement the income of a
person already employed.

Information necessary for an application for vocational training assistance will be submitted on an application form which may be obtained at a local Bureau of Indian Affairs Agency or tribal program contractor office. This information is being collected for the purpose of applying for Federal assistance. The information will be used to determine if an Indian individual is eligible to participate in this program and to determine the amount of assistance needed. The obligation to respond is a requirement to obtain the benefits.
Subpart B—Administrative Procedures

§ 27.4 Filing applications.
(a) Applications for adult vocational training services must be filed at Bureau of Indian Affairs agency offices, or at facilities under contract with the Bureau, or contract offices located on or near reservations or other geographic areas of eligibility. Applications are approved by the Agency Superintendent or designated contractor. An eligible applicant should apply, be funded, and receive services at the servicing office nearest to his/her residence at the time of application.

(b) For clarity and uniformity, application forms used will be in accordance with the requirements of the Paperwork Reduction Act, section 3504(h) of Pub. L. 96-511.

§ 27.5 Selection of applicants.
(a) Applicants must be adult Indians residing on or near Indian reservations.

(b) Eligible individuals shall be at least eighteen (18) years of age, except that high school graduates shall be eligible at the age of seventeen (17) years. Also, while the program is designed primarily for persons between the ages of eighteen (18) and thirty-five (35), persons over the age of thirty-five (35) shall be eligible, assuming training and permanent employment to be otherwise feasible in terms of health and physical capability.

(c) An applicant must be in need of training in order to obtain reasonable and satisfactory employment or is underemployed and without additional training would result in extreme hardship for the applicant, and is in need of financial assistance in order to obtain such training. It must also be feasible for the applicant to pursue training.

(d) Selection of applicants shall be made without regard to sex or marital status, providing they meet the requirements of paragraphs (a), (b), and (c) of this section. Non-Indian spouses shall not be eligible for training.

(e) No more than two (2) repeat training services will be allowed. Repeat training services will be on a lower priority than the initial service and will be determined on an individual basis, considering need, ability, prior performance and present motivation of the applicant. In order to be in need of repeat institutional training, an applicant must be unemployed, underemployed, or unable to work in his/her primary occupation due to physical or other disabilities. Time spent in on-the-job training programs will be deducted from the maximum of institutional training eligibility.

(f) Only those applicants who willingly declare intent to accept full time employment as soon as possible after completion of training shall be selected. Plans may subsequently change, but the intent of the training program is preparation for employment, and this must be the initial intent of program participants. The program is not meant to serve as a preliminary to immediate further education.

§ 27.6 Satisfactory progress during training.
An individual who enters training pursuant to the provisions of this part is required to make satisfactory progress in training. Individuals in institutional vocational training courses are required to give evidence of progress by authorizing the institution attended to provide grade and/or progress reports to the appropriate Bureau of Indian Affairs or contract office. Program participants shall maintain a reasonable standard of conduct. Failure to meet these requirements due to reasons within the trainee’s control may result in termination of training benefits.

§ 27.7 Approval of courses for vocational training at institutions.
(a) A course of vocational training at any institution, public or private, offering vocational training may be approved by the Assistance Secretary; provided:

(1) The institution is accredited by a recognized national regional accrediting association; or

(3) It is determined that there is reasonable certainty of employment for graduates of the institution in their respective fields of training.
§ 27.8 Approval of apprenticeship training.

A program of apprenticeship training may be approved when such training:

(a) Is offered by a corporation or association which has furnished such training to bona fide apprentices for at least one year preceding participation in this program;

(b) Is under the supervision of a State apprenticeship agency, a State Apprenticeship Council, or the Federal Apprenticeship Training Services;

(c) Leads to an occupation which requires the use of skills that normally are learned through training on the job and employment which is based upon training on the job rather than upon such elements as length of service, normal turnover, personality, and other personal characteristics; and

(d) Is identified expressly as apprenticeship training by the establishment offering it.

§ 27.9 Approval of on-the-job training.

(a) On-the-job training contracts shall be approved only by the official to whom such authority has been delegated in the 10 BIAM.

(c) Yearly on-the-job training contractual agreements with a specific contractor shall not be renewed beyond the second year without review and written approval from the Assistant Secretary-Indian Affairs. Extension of contracts exceeding two years will be based upon a contractor's demonstrated expansion of the enterprise, need for additional trainees, and placement of trainees completing the program.

(d) Reimbursement to the on-the-job training contractor may include one-half of the hourly wage paid during the training period with the contractor paying the other half. The hourly rate must be at least the established minimum wage under the Fair Labor Standards Act of 1938, as amended.

§ 27.10 Financial assistance for trainees.

(a) Applicants entering full-time training under this part may be granted financial assistance as needed, based upon rates established by the Area Director for the respective areas, or jurisdictions within those areas. Trainees may be assisted to secure educational grants from other sources for which they qualify. Such income shall be considered in computing amounts of financial assistance to be provided by the Bureau of Indian Affairs. Marital status of trainees is not a consideration for determining eligibility for training, but this factor is a consideration in determining appropriate subsistence grants. Proof of a legal relationship requiring support shall be required as a basis for application of family subsistence rates. In the case of married persons, proof of marriage shall be required to satisfy this requirement. Financial assistance may be provided for transportation and subsistence enroute to training; tuition and related training costs; subsistence while in training; emergency assistance is allowed where verified emergencies justify such grants and must have Area Director approval; and supportive services while in training. Supportive services includes tools for employment, initial union dues, transportation of household effects, security and safety deposits, personal appearance and housewares, child care, and cost of vocational training counselors engaged in providing services to trainees (salaries, fringe benefits and travel costs).

(b) Not more than thirty (30) percent of the funds appropriated for any program year may be used to pay for the costs of administration. Administrative costs include salaries and fringe benefits of direct program administrative positions such as program director.
or program officer, program/financial analyst, labor market analyst, clerical personnel, travel costs, materials, supplies, equipment, space and utilities.

§ 27.11 Contracts and agreements.

and for Indian-controlled contract schools operating dormitories.

(b) These academic standards and dormitory criteria will take effect thirty (30) days after the date of their publication in the Federal Register. The Bureau of Indian Affairs intends to review and evaluate the applicability of the academic standards and dormitory criteria under this part after two years and make appropriate revisions.

(c) The information collection requirement contained in §36.61(a) has been approved by the Office of Management and Budget under 44 U.S.C. 3507 and assigned clearance number 1076-0092. The information is being collected to evaluate waiver request(s) from tribal government(s) and school board(s). The information will be used to ascertain the approval of academic waiver request. The Bureau will not refuse to enter into a contract on the basis of failure to meet these standards but will, through contracting procedures, assist the school in reaching compliance, if so requested by the Indian-controlled contract school board.

(c) The national criteria for dormitory situations established under subpart H will serve as a minimum requirement and shall be mandatory for all Bureau-operated and Indian-controlled contract schools.

The AEPA has no line authority over agency education programs that are under the jurisdiction of an Agency Superintendent for Education.

Assistant Secretary means the Assistant Secretary for Indian Affairs of the Department of the Interior.

Bureau means the Bureau of Indian Affairs of the Department of the Interior.

Consult, as used in this part and provided in section 1131(d)(1) (B) and (C) of Pub. (3) Any activity in or related to the field of education notwithstanding that academic credits in educational theory and practice are not a formal requirement for the conduct of such activity; or
§ 38.4 Education positions.

(a) The Director shall establish the kinds of positions required to carry out the Bureau's education function. No position will be established or continued for which:

(1) Funds are not available; or

(2) There is not a clearly demonstrable need and intent for it to carry out an education function.

(b) Positions established for regular school operations will be restricted to school term or program duration. Particular care shall be taken to insure that year-long positions are not established unless they are clearly required and involve essential 12-month assignments.

§ 38.5 Qualifications for educators.

(a) Qualifications related to positions. Job qualification requirements shall be at least equivalent to those established by the appropriate licensing and certification authorities of the State in which the position is located.

(b) Qualifications related to individuals. An applicant for an education position must establish that he/she meets the requirements of the position by submitting an application and a college transcript, as appropriate, to the local school supervisor, Agency Superintendent for Education (ASE), Area Education Programs Administrator (AEPA), or Director and appearing for an interview if requested by the official involved. The applicant's education and experience will be subject to verification by the ASE or the AEPA. Employees who falsify experience and employment history may be subject to disciplinary action or discharge from the position to which he/she is appointed.

(1) School boards may waive formal education and State certification requirements for tribal members who are hired to teach tribal culture and language.

(2) Tribal members appointed under this waiver may not have their basic pay rate set higher than the rate paid to qualified educators in teaching positions at that school.

School term is that term which begins usually in the last summer or fall and ends in the Spring. It may be interrupted by one or more vacations.
§ 38.6 Basic compensation for educators and education positions.

(a) Schedule of basic compensation rates. The Director shall establish a schedule for each pay level specified in part 62 of the Bureau of Indian Affairs Manual (BIAM). The schedule will be revised at the same time as and be consistent with rates in effect under the General Schedule or Federal Wage System for individuals with comparable qualifications, and holding comparable positions.

(b) Range of pay rates for positions within pay levels. The range of basic compensation rates for positions assigned to each pay level will be consistent with the General Schedule or Federal Wage System rates that would otherwise be applicable if the position were classified under chapter 51 or subchapter IV of chapter 53 of title 5 of the United States Code (U.S.C.). The maximum pay shall not exceed step 10 of the comparable General Schedule position by more than ten percent.

(c) Schedule of compensation rates for teachers and counselors. The basic compensation for teachers and counselors, including dormitory counselors and homeliving counselors, shall be determined in accordance with rates set by the Defense Department Overseas Teachers Pay and Personnel Practices Act. The schedule used shall be the current published schedule for the school year beginning on or after July 1 of each year.

(d) Adjusting employee basic compensation rates. (1) Except for employees occupying positions of teachers and counselors, including dormitory counselors and homeliving counselors, adjustments in an employee's basic compensation made in connection with each contract renewal will be based on the following:

   (i) Contract renewal incentive—one pay increment for each renewal, not to exceed four increments, unless the educator is covered by a negotiated labor union agreement.

   (ii) Performance—employees whose performance is rated “above satisfactory”; one pay increment; employees whose performance is rated “outstanding”; two pay increments.

   (2) Pay increments based on education may be awarded as outlined in 62 BIAM.

(e) Special additions to basic compensation. The Director is authorized to establish the following special additions to rates of basic compensation:

   (1) The Director may authorize payment of a staffing differential not exceeding 25 per centum of the rate of basic compensation based on a formally-documented request by an ASE or AEPA. Such a staffing differential shall only be authorized in writing when the Director determines that:

      (i) It is warranted by the geographic isolation of the work site or other unusually difficult environmental working or living conditions and/or,

      (ii) It is necessary as a recruitment or retention incentive. This staffing differential is to be computed on the basic schedule rate before any other additions are computed.
§ 38.7 Appointment of educators.

(a) Local school employees. Local Bureau school employees shall be appointed only by the school supervisor. Before the local school employee is employed, the school board shall be consulted. An individual’s appointment may be finalized only upon receipt of a formal written determination certified by the local school board under such uniform procedures as it may adopt. Written determination by the school board should be received within a reasonable period, but not to exceed 30 days. Failure of the school board to act within this period shall have the effect of approving the proposed appointment. The local school board shall use the same written procedure to disapprove an appointment. The school supervisor may appeal to the ASE, or, where appropriate, to the AEPA, any determination by the local school board concerning an individual’s appointment. A written statement of appeal describing the action and the reasons the supervisor believes such action should be overturned must be filed within 10 days of receipt of the action from the local school board. A copy of such statement shall be submitted to the school board and the board shall be afforded an opportunity to respond, not to exceed 10 calendar days, in writing, to the appeal. After reviewing such
written appeal and response, the ASE or AEPA may, for cause, overturn the action of the local school board. The ASE or AEPA must transmit the determination of the appeal (in the form of a written opinion) to the board and to the supervisor identifying the reasons for overturning the action within 10 calendar days. Failure to act within the 10 calendar day period shall have the effect of approving the local school board’s determination.

(b) School supervisors. School supervisors may be appointed only by the ASE, except the AEPA shall appoint school supervisors for off-reservation boarding schools and those few other schools supervised by the AEPA. The school board shall be consulted before the school supervisor is employed. The appointment may be finalized upon receipt of a formal written determination certified by the school board under any uniform procedures as it may adopt. Written determination by the school board shall be received within a reasonable period, but not to exceed 30 days. Failure of the school board to act within this period shall have the effect of approving the proposed appointment. The school board shall use the same written procedure to disapprove an appointment. Within 20 calendar days of receipt of any determination by the school board concerning an individual’s appointment, the ASE may appeal to the Director by filing a written statement describing the determination and the reasons the supervisor believes the determination should be overturned. A copy of the statement shall be submitted to the ASE or AEPA identifying the reasons for overturning the determination. Failure of the Director to act within the 20 calendar day period shall have the effect of approving the school board’s determination.

(c) Agency office education program employees. Appointments to Agency office education positions may be made only by the ASE. The Agency school board shall be consulted before the agency education employee is employed, and the appointment may be finalized upon receipt of a formal, written determination certified by the Agency school board under any uniform procedures as it may adopt. Written determination by the school board shall be received within a reasonable period, but not to exceed 30 days. Failure of the school board to act within this period shall have the effect of approving the proposed appointment. The Agency school board shall use the same written procedure to disapprove an appointment. Within 20 calendar days of receipt of any determination by the school board concerning an individual’s appointment, the ASE may appeal to the Director by filing a written statement describing the determination and the reasons the supervisor believes the determination should be overturned. A copy of the statement shall be submitted to the Agency school board and the board shall be afforded an opportunity to respond, within 10 calendar days, in writing, to such an appeal. After reviewing the written appeal and response, the Director may, for cause, overturn the determination of the Agency school board. Within 20 days of the board’s response, the Director shall transmit the determination of the appeal (in the form of a written opinion) to the board and to the ASE identifying the reasons for overturning the determination. Failure of the Director to act within the 20 calendar day period shall have the effect of approving the school board’s determination.

(d) Employment contracts. The Bureau shall issue employment contracts each year for individuals employed in contract education positions at the Agency or school levels.

(e) Absence of local school boards. Where a local school board has not been established in accordance with section 1139(7) Pub. L. 95-561 with respect to a Bureau school, or where a school board is not operational, and the local school board is required to be consulted by statute or these regulations,
the official involved shall notify or consult with the Agency school board serving the tribe(s) to which the parents of the Indian children attending that school belong, or, in that absence, the tribal organization(s) of the tribe(s) involved.

(f) Provisional contracts. Provisional certification or other limited certificates from the State are not considered full certification and only a provisional contract may be issued. There may be circumstances when no individual who has met the full certification or experience requirements is available for a professional position or when a status quo employee who does not meet full certification or experience requirements desires to convert to contract. When this situation exists, a provisional contract may be issued in accordance with the following:

(1) The contract will be made only:
   (i) After it is determined that an individual already meeting certification or experience requirements is not available; or
   (ii) For conversion of a status quo employee who does not yet meet all established position requirements.

(2) Consultation with the appropriate school board is required prior to the contract.

(3) The contract may be of 12-month or school-term duration.

(4) The employee will be required to make satisfactory progress toward meeting full qualification requirements.

(5) If the employee fails to meet the requirements established under §38.7(f)(4), the contract will be terminated. Such termination cannot be grieved or appealed.

(g) Conditional appointment. As provided in section 1131(d)(4), Pub. L. 95-561, if an individual who has applied at both the national and local levels is appointed from a local list of applicants, the appointment shall be conditional for 90 days. During that period, the individual’s application and background shall be examined to determine if there is a more qualified individual for the position. Removal during this period is not subject to discharge, hearing or grievance procedures.

(h) Short-term contracts. (1) There may be circumstances where immediate action is necessary and it is impossible to consult with the local school board. When this situation exists short-term contracts may be made by the school supervisor in accordance with the following:

   (i) The length of the contract will not exceed 60 days, or the next regularly scheduled school board meeting, whichever comes first.

   (ii) If the board meets and does not take action on the individual in question, the short-term contract may be extended for the duration of the school year.

   (iii) It shall be the responsibility of the school supervisor to fully inform the local school board of all such short-term contracts. Failure to do so may be cited as reason to discharge the school supervisor if so requested by the board.

   (2) The local school board may authorize the school supervisor to make an emergency short-term contract to classroom, dormitory and other positions directly related to the health and safety of students. When this situation exists, short-term contracts may be made in accordance with the following:

      (i) If local and agency lists of qualified applicants are exhausted, short-term contracts may be made without regard to qualifications for the position;

      (ii) The pay level will be based on the qualifications of the individual employed rather than the requirements of the position, if the qualifications of the individual are lower than required;

      (iii) The short-term contract may not exceed the school term and may not be renewed or extended;

      (iv) Every 60 days the school supervisor will determine if qualified individuals have been placed on the local or agency lists. If a qualified individual on the list accepts employment, the school supervisor must terminate the emergency appointment at the time the qualified individual is appointed.

      (i) Temporary contracts. There may be circumstances where a specific position is needed for a period of one year or less. Under these conditions a position may be advertised as a temporary position and be filled under a temporary contract. Such contract requires the same school board approval as a school
§ 38.8 Nonrenewal of contract.

Where the determination is made that an employee's contract shall not be renewed for the following year, the following procedure will apply to those employees who have completed three full continuous school terms of service under consecutive contract appointments and satisfactory performance in the same or comparable education positions.

(a) The employee will be given a written notice of the action and the reasons thereof not less than 60 days before the end of the school term.

(b) The employee will be given 10 calendar days to request an informal hearing before the appropriate official or body. Upon request, the employee may be given official time, not to exceed eight hours, to prepare a written response to the reason(s).

(c) If so requested, an informal hearing shall be held within 30 calendar days of receipt of the request.

(d) The appropriate official or body will render a written determination within seven calendar days after the informal hearing.

(e) The employee has a right to request an administrative review by the ASE or AEPA of the determination within 10 calendar days of that determination. The ASE or AEPA shall then have 20 calendar days to render a final decision. Where the employee is the supervisor of the school or an agency education employee, any appeal of the ASE or AEPA would be addressed to the Director for a decision. If the Director or ASE's or AEPA's decision overturns the appropriate official or
§ 38.9 Discharge of educators.

(a) Discharge for cause. Educators covered under the provision of this section are excluded from coverage under 5 U.S.C. 7511 and 4303. In order to provide due process for educators, the Director shall publish in 62 BIAM representative conditions that could result in the discharge of educators for cause and procedures to be followed in discharge cases.

(b) Discharge for inadequate performance. Action to remove educators for inadequate performance will be taken for failure to meet performance standards established under 5 U.S.C. 4302. Performance standards for all educators will include, among others, lack of student achievement. Willful failure to exercise properly assigned supervisory responsibilities by supervisors shall also be cause for discharge.

(c) Other discharge. The Director shall publish in 62 BIAM a description of the budgetary and programmatic conditions that may result in the discharge of educators for other than cause during the school term. The individual’s personnel record will clearly reflect that the action taken is based upon budgetary or programmatic restraints and is not a reflection on the employee’s performance.

(d) Procedures for discharge for cause. The Director shall publish in 62 BIAM the procedural steps to be followed by school supervisors, ASE’s, and AEPA’s in discharge for cause cases. These procedures shall provide (among other things) for the following:

(1) The educator to be discharged shall receive a written notice of the proposal, specifying the causes or complaints upon which the proposal is based, not less than 30 calendar days before the discharge. However, this shall not prohibit the exclusion of the individual from the education facility in cases where exclusion is required for the safety of the students or the orderly operation of the facility.

(2) A reasonable time, but not less than 10 calendar days, will be allotted for the individual to make written and/or oral responses to the charge.

(3) An opportunity will be afforded the individual to review the material relied upon to support the charge.
§ 38.10 Conditions of employment of educators.  

(a) Supervision not delegated to school boards. School boards may not direct, control, or interrupt the day-to-day activities of BIA employees carrying out Bureau-operated education programs.  

(b) Employee handbook. Employee handbook and recruiting guides shall be developed by each local school or agency to provide specific information regarding:

1. The working and hiring conditions for various tribal jurisdictions and Bureau locations;

2. The need for all education personnel to adapt to local situations; and

3. The requirement of all education personnel to comply with and support duly adopted school board policies, including those relating to tribal culture or language.

(c) Contract renewal notification. Employees will be notified 60 calendar days following receipt of the board’s notice. Within 20 calendar days following the receipt of an appeal, the reviewing official may, for good cause, reverse the school board’s determination by a notice in writing to the board. Failure to act within 20 calendar days shall have the effect of approving the board’s determination.  

(f) School board recommendations for discharge. School boards may recommend in writing to school supervisors, ASE’s, or AEPA’s, and the Director that individuals in the education program be discharged. These written recommendations may follow any procedures formally established internally by the school board or tribal government. However, the written recommendations must contain specific causes or complaints that may be verified or established by investigation of factual situations. The official receiving a board recommendation for discharge of an individual shall acknowledge the recommendation in writing within 30 calendar days of receipt and proceed with a fact finding investigation. The official who finally disposes of the recommendation shall notify the school board of the disposition in writing within 60 calendar days of initiation of the fact finding investigation.
days before the end of the school term of the intent to renew or not renew their contract. If an individual's contract is to be renewed, the individual must agree in writing to serve for the next school term. This agreement must be received within 14 calendar days of the date of the notice in order to complete the contract renewal. If this agreement is not received by the fourteenth day, the employee has voluntarily forfeited his or her right to continuing employment. If an individual agrees to serve for the next school term and fails to report for duty at the beginning of the next school term, the contract will be terminated and the individual's future appointment will be subject to the restriction in §38.7(k) of this part.

d) Dual compensation. An employee accepting a renewal of a school term contract may be appointed to another Federal position during the school recess period without regard to the dual compensation regulations in 5 U.S.C. 5533.

e) Discrimination complaints. Equal Employment Opportunity (EEO) procedures established under 29 CFR part 1613 are applicable to contract employees under this part. It is the policy of the BIA that all employees and applicants for employment shall be treated equally when considered for employment or benefits of employment, regardless of race, color, sex, religion, national origin, age, or mental or physical health (handicap), within the parameters of Indian preference.

(f) Grievance procedures. The Director shall publish in 62 BIAM procedures for the rapid and equitable resolution of grievances. In locations and for positions covered by an exclusive bargaining agreement, the negotiated grievance procedure is the exclusive avenue of redress for all matters within the scope of the negotiated grievance procedure.

(g) Performance evaluation. The minimum number of times a supervisor shall meet with an employee to discuss performance and suggest improvements shall be once every three months for the educator's first year at a school or Agency, and twice annually thereafter during the school term.

§ 38.11 Length of the regular school term.

The length of the regular school term shall be at least 180 student instructional days, unless a waiver has been granted under the provisions of 25 CFR 36.61.

§ 38.12 Leave system for education personnel.

(a) Full-time school-term employees. Employees on a full-time school-term contract are authorized the following types of leave:

(1) Personal leave. A school-term employee will receive 28 hours of personal leave to be used for personal reasons and 12 hours of emergency leave. This leave only accrues provided the length of the contract exceeds 24 weeks.

(ii) The school-term employee will request the use of this leave in advance when it is for personal use or personal business (e.g., going to the bank, etc.). When this leave is requested for emergency purposes (e.g., death in immediate family), it will be requested immediately after the emergency is known, if possible, by the employee and before leave is taken or as soon as the supervisor reports to work on the official work day.

(iii) Final approval rests with the supervisor. This leave shall be taken only during the school term. No compensation for or carryover of unused leave is authorized.

(2) Sick leave. Sick leave is an absence approved by the supervisor for incapacity from duty due to injury or illness, not related to or incurred on-the-job and not covered by the Federal Employee's Compensation Act Regulations. Medical and dental appointments may be included under this part. However, whenever possible, medical and dental appointments should be scheduled after instructional time.

(i) Sick leave shall accrue at the rate of four hours each biweekly pay period in pay status during the term of the contract; and no precredit or advance of sick leave is authorized.

(ii) Accumulated sick leave at the time of separation will be recredited to an educator who is reemployed within three years of separation.

(3) School vacation. School term employees may receive up to 136 hours of
school vacation time for use when school is not in session. School vacations are scheduled on the annual school calendar during the instructional year and may not be scheduled before the first day of student instruction or after the last day of student instruction. School vacations are not a right of the employee and cannot be paid for or carried over if the employee is required to work during the school vacation time or if the program will not permit school term employees to take such vacation time.

(b) Leave for full-time, year-long employees. Employees who are on a full-time, year-long contract are authorized the following types of leave:

(1) Vacation leave. Absence approved in advance by the supervisor for rest and relaxation or other personal reasons is authorized on a per year basis of Federal Government service as follows: years 1 and 2 of employment—120 hours; years 3-5 of employment—160 hours; 6 or more years—200 hours. The supervisor will determine when vacation leave may be used. Vacation leave is to be scheduled and used to the greatest extent possible during periods when school is not in session and the students are not in the dormitories. Vacation leave is credited to an employee on the day following his or her date of employment, provided the length of the contract exceeds 24 weeks and may not be accumulated in excess of 104 hours from year to year. An employee may carry over up to 104 hours from one contract year to the next. Leave unused at the time of separation is forfeited.

(2) Sick leave. Sick leave is accumulated on the basis of three hours each biweekly pay period in pay status; no precredit or advance of sick leave is authorized. Accumulated sick leave at the time of separation will be recredited to an educator who is reemployed within three years of separation.

(c) Leave for part-time, year-long employees. Employees who are on part-time, year-long contracts exceeding 20 hours per week are authorized the following types of leave:

(1) Vacation leave. Absence approved in advance by the supervisor for rest and relaxation or other personal reasons is authorized on a per year basis of Federal Government service as follows: years 1 and 2 of employment—64 hours; years 3-5 of employment—80 hours; 6 or more years—104 hours. The supervisor shall determine when vacation leave may be used. Vacation leave is to be scheduled and used to the greatest extent possible during periods when school is not in session and the students are not in the dormitories.

(2) Sick leave. Sick leave is an absence approved by the supervisor for incapacity from duty due to injury or illness, not related to or incurred on-the-job and not covered by the Federal Employee's Compensation Act Regulations. Medical and dental appointments.
may be included under this part. However, whenever possible, medical and dental appointments should be scheduled after instructional time.

(i) Sick leave shall accrue at the rate of three hours each biweekly pay period in pay status for the first 21 pay periods of their contract; no precredit or advance for sick leave is authorized.

(ii) Accumulated sick leave at the time of separation will be recredited to an educator who is reemployed within three years of separation.

(5) School vacation time. Part-time employees may receive up to 102 hours of school vacation time for use when school is not in session. Approval for the use of this time will be administratively determined by the school supervisor, ASE or AEPA, and this time may not be scheduled before the start of school or after the end of school.

(i) All school vacation time for part-time employees will be approved at the convenience of the program and not as a right of the employee.

(ii) Vacation time cannot be paid for or carried over for a part-time employee if the employee is required to work during the school vacation time or if the program will not permit part-time employees to take such vacation time.

(e) Accountable absences for all contract employees. The following are considered accountable absences:

(1) Approved absence. If prescheduled and approved by the school supervisor, ASE or AEPA, as appropriate, an employee may be on leave without pay.

(2) Absence without leave. Any absence is not prescheduled or approved in advance or excused by the supervisor is considered absence without leave.

(3) Court and military leave. Employees are entitled to paid absence for jury or witness service and military duty as a member of the National Guard or Reserve under the same terms or conditions as outlined in sections 6322 and 6323 of title 5 U.S.C., and corresponding provisions of the Federal Personnel Manual, when the absence occurs during the regular contract period. Employees may be requested to schedule their military leave at times other than when school is in session.

(4) Administrative leave. Administrative leave is an excused absence from duty administratively authorized without loss of pay or without charge to leave. This leave is not a substitute for other paid or unpaid leave categories. Administrative leave usually is authorized on an individual basis except when a school is closed or a group of employees are excused for a particular purpose. The school supervisor, ASE or AEPA will grant administrative leave. A school closing must be approved by the ASE or AEPA.

(f) Educators serving with contracts with work weeks of 20 hours a week or less are not eligible for any type of paid leave.

(g) For school term educators, no paid leave is earned nor may accumulated leave be used during any period of employment with the Bureau between school terms.

(h) Employees issued contracts for intermittent work are not eligible for any type of paid leave.

(i) Leave transferred in. Annual leave credited to an employee's accrued leave balance immediately before conversion to a contract education position or appointment under this part will be carried over and made available to the employee. Sick leave credited to an employee's accrued sick leave balance immediately before conversion to a contract education position or appointment under this part shall be credited to the employee's sick leave account under the system in §38.12(a)(2) and (b)(2).

§ 38.13 Status quo employees in education positions.

(a) Status quo employees. Individuals who were Bureau employees on October 31, 1979, with an appointment in either the competitive or excepted service without time limitation, and who are serving in an education position, shall be continued in their positions under the terms and conditions of that appointment with no change in their status or positions. Such employees are entitled to receive any changes in compensation attached to the position. Although such employees occupy 'education positions' as defined in this part, the terms and conditions of their appointment, status, and entitlements are determined by competitive service
§ 38.14 Voluntary services.

(a) Scope. An ASE or AEPA may, subject to the approval of the local school board concerned, accept voluntary services on behalf of Bureau schools from the private sector, including individuals, groups, or students. Voluntary service shall be for all non-hazardous activities where public services, special projects, or school operations are improved and enhanced. Volunteer service is limited to personal services received without compensation (salary or wages) by the Bureau from individuals, groups, and students. Nothing in this section shall be construed to require Federal employees to work without compensation or to allow the use of volunteer services to displace or replace Federal employees.

(b) Volunteer service agreement. An agreement is a written document, jointly completed by the volunteer, the Bureau school supervisor, and the school board, that outlines the responsibilities of each. In the case of students receiving credit for their work (i.e., student teaching) from an education institution, the agreement will be jointly completed by the student, a representative of the institution, and the Bureau school supervisor. In the case of volunteer groups, the agreement shall be signed by an official of the volunteering organization, the Bureau school supervisor, and the school board and a list of signatures and emergency telephone numbers of all participants shall be attached.

(c) Eligibility. Although no minimum age requirement exists for volunteers, schools shall comply with appropriate Federal and State laws and standards on using the services of minors. All volunteers under the age of 18 must obtain written permission from their parents or guardians to perform volunteer activities.

(d) Status. Volunteers participating under this part are not considered Federal employees for any purpose other than:

(1) Title 5 U.S.C. chapter 81, dealing with compensation for injuries sustained during the performance of work assignments.

(3) Department of the Interior Regulations Governing Responsibilities and Conduct.

(e) Travel and other expenses. The decision to reimburse travel and other incidental expenses, as well as the amount of reimbursement, shall be made by the school supervisor, ASE, AEPA, and the respective school board. Payment is made in the same manner as for regular employees. Payment of travel and per diem expenses to a volunteer on a particular assignment must be supported by a specific travel plan.

Subpart A—General

§ 39.1 Purpose and scope.

The purpose of this rule is to provide for the uniform direct funding of BIA operated and tribally operated day schools, boarding schools, and dormitories. These rules apply to all schools and dormitories and administrative units which are funded through the Indian School Equalization Program of the Bureau of Indian Affairs.

§ 39.2 Definitions.

Assistance under this rule is subject to the following definitions and requirements relating to fiscal and administrative matters. Definitions of terms that are used throughout the part are included in this subpart. As used in this part, the term:

(a) Agency means an organizational unit of the Bureau which provides direct services to the governing body or bodies and members of one or more specified Indian Tribes. The term includes Bureau Area Offices only with respect to off-reservation boarding schools administered directly by such Offices.

(b) Agency school board means a body, the members of which are appointed by the school boards of the schools located within such agency, and the number of such members shall be determined by the Director in consultation with the affected tribes, except that, in Agencies serving a single school, the school board of such school shall fulfill these duties.

(c) Agency Superintendent of Education or Superintendent means the Bureau official in charge of Bureau education programs and functions in an Agency who reports to the Director.

(d) Area Director for Education means the Bureau official in charge of Bureau Education programs and functions in a Bureau Area Office and who reports to the Director.

(e) Assistant Secretary means the Assistant Secretary of Indian Affairs, Department of the Interior, or his or her designee.

(f) Average daily membership or ADM means the average of the actual membership in the school, for each student classification given separate weightings in the formula. Only those eligible students shall be counted as members who are:

(1) Listed on the current roll of the school counting them during the count week;

(2) Not listed as enrolled in any other school during the same period; and

(3) In actual attendance at the school counting them at least one full day during the count week in which they are counted.

(g) Bureau means the Bureau of Indian Affairs of the Department of the Interior.

(h) Decision of record means a formal written confirmation of a voted action by a school board during a normally constituted school board meeting.
(i) Director means the Director of the Office of Indian Education Programs for the Bureau of Indian Affairs, or his or her designee.

(k) Entitlement means that amount of funds generated by the Indian School Equalization Formula for the operational support of each school.

(l) Advice of allotment means the formula written document advising a school or an administrative office of its entitlement under the formula. The advice of allotment conveys legal authority to obligate and expend funds in a given fiscal year.

(m) Allotment means the amount of the obligational authority conveyed to a given school or Bureau administrative office by its advice of allotment in a given fiscal year.

(n) Indian means a person who is a member of an Indian tribe.

(o) Indian Tribe means any Indian tribe, band, nation, rancheria, pueblo, colony or community, including any Alaska Native village or regional or village corporation as defined in or established pursuant to the Alaska Native Claims Settlement Act (85 Stat. 688) which is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians.

(p) Program means each or any subset of the Indian School Equalization Program (ISEP), but not the ISEP itself, for which a separately computable dollar amount may be generated by a school. Each program classification is a cost account in an accounting system. The following accounting programs are those established by this part:

1. Instructional costs;
2. Boarding costs;
3. Dormitory costs;
4. Bilingual instruction costs;
5. Exceptional child education costs;
6. Intense residential guidance costs;
7. Student transportation fund costs;

(q) School means an educational or residential center operated by or under contract with the Bureau of Indian Affairs offering services to Indian students under the authority of a local school board and the direction of a local school supervisor. A school may be located on more than one physical site. The term school, unless otherwise specified, is meant to encompass day schools, boarding schools, previously private schools, cooperative schools, contract schools and dormitories as those terms are commonly used.

(r) Local School Board, (usually referred to as school board) including off-reservation boarding school boards and dormitory school boards, when used with respect to a Bureau school, means a body chosen to exercise the functions of a school board with respect to a particular Bureau operated or funded school, in accordance with the laws of the tribe to be served or, in the absence of such laws, elected for similar purpose by the parents of the Indian children attending the school, except that in schools serving a substantial number of students from different tribes, the members shall be appointed by the governing bodies of the tribes affected; and the number of such members shall be determined by the Director in consultation with the affected tribes.

(s) Supervisor or local school supervisor means the individual in the position of ultimate authority at any Bureau administered or tribally operated contract school.

(t) Tribally operated contract school or contract school means a school (other than a public school) which is financially assisted under a contract with the Bureau.

(u) Weighted student unit (WSU) means the measure of student membership adjusted by the weights or ratios used as factors in the Indian School Equalization Formula established in §39.10 below. The term weighted student unit also describes the measure by which supplements to the weighted
student count at any school are augmented as the result of the application of small school supplements or Alaskan school supplements.

§ 39.3 General provisions.

(a) All funds appropriated by the Congress for the support and administration of Bureau operated or contracted elementary and secondary educational purposes and programs shall be allocated in accordance with, and be distributed through, the Indian School Equalization Program, unless a specific amount of funds are added or reduced for a particular class of schools through the budget and appropriations process.

(b) Each expenditure of funds authorized in part 39 is without exception subject to the availability of funds.

Subpart B—The Indian School Equalization Formula

§ 39.10 Establishment of the formula.

There is hereby established the Indian School Equalization Formula (ISEF). Funds for the instruction and residential care of Indian children shall be earned as an entitlement by each local school according to a weighted student unit formula. The funds allocated through the formula shall be computed as follows:

(a) The basic instructional average daily membership (ADM) shall be counted at each school location as provided for in subpart C of this part. From the application of ratios or weights as provided in these rules a weighted student unit (WSU) value for each school location is derived by multiplying the student count for each program area by the weights.

(b) If the school is a boarding school or a dormitory, the residential students will produce program units which will, by the application of weights, produce additional WSU’s.

(c) The ADM count of eligible small schools or dormitories may generate additional unit supplements.

(d) All Alaskan schools are eligible under the formula to generate supplemental units.

(e) The total weighted student unit count for each school location is then multiplied by a base unit value to derive the estimated dollar entitlement to each school(s).

The total amount is made available to each school(s), under the rules related to administrative provisions provided in subparts C and D of this part.

§ 39.11 Definitions.

Assistance to approved school(s) under this subpart is subject to the definitions established in §39.2 and to the following definitions for determining student counts in the various weighted areas. As used in the subpart, the term:

(a) Base or base unit means both the weight or ratio of 1.0 and the dollar value annually established for that weight or ratio which represents students in grades 4 through 8 in a typical instructional program.

(b) Basic program means the instructional program provided all students at any age level exclusive of any supplemental programs which are not provided to all students in day or boarding schools.

(c) Grade or Grade Level, followed in most cases by K or a number, means a classroom grouping ordinarily determined by student age and successful completion of a criterion number of years of previous schoolwork. The use of this term does not preclude ISEP funding of programs in which instruction is non-graded or individualized, or which otherwise depart from grade-level school structure. For purposes of funding under the ISEP, students in such programs shall be counted as in the grade level to which they would ordinarily be assigned based on their chronological age and number of years of schooling completed.

(d) Grades 1-3 means a weighted program for a student who is present during the count week (see §39.30(b)) in grades 1 through 3 who is at least 6 years old by December 31 of the fall of the school year during which the count occurs and is a member of an educational program approved by the board which is conducted at least six gross hours daily during at least 180 days per school year. Gross hours means from the start of the school day to the end of the school day including all activities.
§ 39.11

(e) Grades 4-8 and grades 9-12 means a weighted program for a student who is present during the count week (see § 39.30(b)) in either of the programs encompassing grades 4 through 12 who is a member of an educational program approved by the school(s) at least six gross hours daily during at least 180 days per school year and shall not have achieved the age of 21 nor have received a high school diploma or its equivalent.

(f) Kindergarten means a weighted program for a student who is present during the count week (see § 39.30(b)) who is at least 5 years old by December 31 of the fall of the school year during which the count occurs and a member of an educational program approved by the school(s) conducted at least four gross hours daily during at least 180 days per school year. Otherwise eligible students who are in a program conducted less than four hours daily, but at least two gross hours daily are eligible as half-time kindergarten students.

(g) Intense Bilingual means a weighted program for a student who is present during the count week, whose primary language is not English, and who is receiving academic instruction daily through oral and/or written forms of an Indian or Alaskan Native language, as well as specialized instruction in English for non-native speakers of English, under resources of the ISEP.

(h) Intensive residential guidance means the weighted program for a resident student that needs special residential services due to one or more of the problems identified below, and that appropriate documentation is in that student's file as follows:

1. Presenting problem:
   (i) Court of juvenile authority request for placement resulting from a pattern of infractions of the law.
   (ii) Referral by a licensed psychologist, psychiatrist or certified psychiatric social worker as an emotionally disturbed student.

For all students placed in intensive residential guidance programs, there shall be further documentation of a diagnostic workup, a placement decision by a minimum of three staff members, and a record of an individualized treatment plan for each student that specifies service objectives.

(v) No student shall be classified under Intensive residential guidance who is eligible for services at a full-time or part-time service level because of a handicapping condition as defined under Exceptional Child programs in paragraph (i) of this section.

(i) Exceptional Child Program means weighted programs for students who are receiving special education and related services due to one or more of the problems identified below, and that appropriate documentation is in that student's file as follows:

1. Presenting problem:
   (i) Court of juvenile authority request for placement resulting from a pattern of infractions of the law.
   (ii) Referral by a licensed psychologist, psychiatrist or certified psychiatric social worker as an emotionally disturbed student.
   (iii) History of truancy more than 50 days in the last school year or a pattern of extreme disruptive behavior.

2. Documentation required:
   (i) Written request signed by officer of court or juvenile authority;
   (ii) Certification by expelling school;
   (iii) Psychologist, certified psychiatric social worker, or psychiatrist report;
   (iv) Attendance and behavior data from records of prior school, court records, or from social agency records and a written documentation summarizing such data. For all students placed in intensive residential guidance programs, there shall be further documentation of a diagnostic workup, a placement decision by a minimum of three staff members, and a record of an individualized treatment plan for each student that specifies service objectives.

deficits in adaptive behavior and manifested during the developmental period, which adversely affects a child’s educational performance.

(4) Severely multi-handicapped means concomitant impairments (such as mentally retarded-blind; mentally retarded-deaf) the combination of which causes such severe educational problems that they cannot be accommodated in regular educational programs or in special education programs solely for one of the impairments. The term includes deaf-blind children.

(5) Orthopedically impaired means a severe orthopedic impairment which adversely affects a child’s educational performance. The term includes impairments caused by congenital anomaly (e.g., clubfoot, absence of some member, etc.), impairments caused by disease (e.g., poliomyelitis, bone tuberculosis, etc.), and impairments from other causes (e.g., cerebral palsy, amputations, and fractures or burns which cause contractures).

(6) Other health impaired means limited strength, vitality or alertness, due to chronic or acute health problems such as a heart condition, tuberculosis, rheumatic fever, nephritis, asthma, hemophilia, epilepsy, lead poisoning, leukemia, or diabetes or the existence of a physical or mental impairment which substantially limits one or more major life activities, but which is not covered in paragraphs (i) (1) through (12) of this section.

(7) Emotionally disturbed means a condition exhibiting one or more of the following characteristics over a long period of time and to a significant degree, which adversely affects educational performance and requires small group instruction, supervision, and group counseling:

(i) An inability to learn which cannot be explained by intellectual, sensory, or health factors;

(ii) An inability to build or maintain satisfactory interpersonal relationships with peers and teachers;

(iii) Inappropriate types of behavior or feelings under normal circumstances;

The term includes such conditions as perceptual handicaps, brain injury, minimal brain dysfunction, dyslexia, and developmental aphasia. The term does not include children who have learning problems which are primarily the result of vision, hearing, or motor handicaps, or mental retardation, or of environmental, cultural, or economic disadvantage.

(9) Speech impaired means a communication disorder, such as stuttering, impaired articulation, or a voice impairment, which adversely affects a child’s educational performance.

(10) Visually handicapped means a visual impairment which, even with correction, adversely affects a child’s educational performance. The term includes partially seeing, but not fully blind, children.

(11) Severely emotionally disturbed means a condition such as schizophrenia, autism or the presence of the following characteristics over a prolonged period of time and to a marked degree, which seriously affects educational performance and requires intensive individual therapy (which may be conducted either in or out of the school setting), individual instruction, and supervision:

(i) An inability to learn which cannot be explained by intellectual, sensory, or health factors;

(ii) An inability to build or maintain satisfactory interpersonal relationships with peers and teachers;

(as defined in paragraph (i)(3) of this section) which severely restricts and delays major aspects of intellectual functioning so as to require intensive small group instruction and supervision.

(13) Students requiring home/hospital based instruction means students provided a program of instruction in a home or hospital setting because in the judgement of a physician a student cannot receive instruction in a regular public school facility without endangering the health or safety of the student or of other students.

(14) Multihandicapped means concomitant impairments (such as mentally retarded with a minor additional handicap such as speech impaired) the combination of which causes educational problems that can not be accommodated in regular education programs or in part-time special education programs.

In geographically isolated, smaller schools where facilities are limited, a full time program may consist of fifteen or more hours per week (or 60% or more of the total instructional time) of specialized individual or small group instruction or required related services regardless of where the services are actually provided (including the regular classroom).

(17) Part-time—Moderate Service Level means any program of regular education modified to provide specialized instruction and/or required related services (as described in the student's individualized education program) which does not provide at least the number of hours in the definition of Full-time—High Service Level Exceptional Child Program set forth in paragraph (i)(14) of this section.

§ 39.14 Entitlement for small schools.

To compensate for the additional costs of operating small schools, qualified schools shall receive the following adjustments:

(a) Instructional programs in day and boarding schools. For each separate small school having an instructional average daily membership count (called x) of less than 100 students, the formula \( \frac{(100-x)}{200} \times x \) shall be used to generate add-on weighted pupil units for each such school.

(b) Boarding school residential programs. For each separate small boarding school having a resident average daily membership count (called y) of less than 100 students, the formula \( \frac{(100-y)}{200} \times y \) shall be used to generate add-on weighted pupil units for each such boarding school.

(c) Dormitory residential programs serving public schools. For each small dormitory program having an average daily membership count (called z) of less than 100 students, the formula \( \frac{(100-z)}{200} \times z \) shall be used to generate add-on weighted pupil units for each dormitory.

§ 39.15 Alaskan school cost supplements.

To meet the statutory requirements for a salary supplement for Alaskan educational staff, and add-on weight of .25 will be used as a factor by which all pupil program-generated weighted students shall be supplemented. Such generated Alaskan cost supplements will be added to the weighted pupil units generated by each school in the same manner as small school units.

§ 39.16 Computation of school entitlements.

The sum of all weighted student units, including any small school and any Alaskan school cost supplements shall be computed for each school under the management of the Director. The total number of units generated by each approved school shall be multiplied by a base dollar value which is equivalent to a base weight of 1.0 in the formula. This base value shall be computed annually by the Director by dividing the total of all weighted students (WSU) generated by all approved schools into the total amount appropriated for distribution through the Indian School Equalization Formula.

§ 39.17 Comparability with public schools.

(a) In no case shall a Bureau or contract school attended by an Indian student receive less under these regulations than the average payment from the Federal funds received per Indian student, under other provisions of law, by the public school district in which the student resides. Any school which is funded at a lower level per student under the ISEP than either the average daily expenditure per student for instructional costs in the public schools in the State in which it is located, or the amount per Indian student which the local public school district in which it is located receives from all Federal funding sources, shall present
§ 39.18 Documentation of this fact to the Director of the Office of Indian Education Programs.

(b) Upon verification that comparisons in the documentation received cover comparative expenditures, and that the inequity indeed exists, the Director shall adjust the school’s allocation to equal the payment per-Indian student of the public school district or State involved.

(c) Funds for such adjustment shall be taken from the Formula Implementation Set Aside established under § 39.78 of these regulations.

§ 39.18 Recomputations of current year entitlements.

The Director shall continuously monitor the processes by which the final allocation of each school’s entitlement is made. When changes occur either in the total amount of funds available for the operations of schools or in the total number of weighted student units for all schools due to a change in the number of weighted student units reported or altered by auditing, the Director shall consider whether adjustments are necessary in order that the full available appropriations are fairly allocated to the schools, and that all funds are fully allotted to schools.

§ 39.19 Phase-in provisions.

(a) Limits on excess gains. No school shall receive a percentage increase in its total fund entitlement, over the comparable budget amount per school in the FY 79 Bureau Education budget, which is greater than the following percentage ratios:

(1) In FY 80—20%
(2) In FY 81—70%

(b) Limits on excess losses. No school shall receive a percentage decrease in its total fund entitlement, below the comparable budget amount in the FY 79 Bureau Education budget, which is greater than the following percentage ratios:

(1) In FY 80—10%
(2) In FY 81—30%

(c) Effects of limits on losses and gains. Local school gains in excess of the above limits shall be withdrawn from the common base for all schools and distributed to the schools subject to such excess losses.

(d) Transfer of fiscal accountability. To allow time for developing fiscal accountability, knowledge, skill and responsibility at the local school level and in order to support accountability by responsible Fiscal Agents under section 3679 of the Revised Statutes (the Anti-Deficiency Act), a period of one year (FY 1980) shall be used during which the legal allottee for each Bureau-operated school shall be the Education Superintendent of the Agency within which the school is located. In the case of off-reservation boarding schools and other Bureau-operated schools not served by an Agency Education Office, the Area Education Director shall be the legal allottee. Further allocation of funds under this rule shall be fully in accordance with the Indian School Equalization Program and Formula, and expenditures shall be made in accordance with the financial planning provisions of section E of this rule.

(e) Beginning in FY 1981, the allottee shall be as otherwise determined in this rule.

§ 39.20 Development of uniform, objective and auditable student weighted area placement criteria and guidelines.

The Director shall develop:

(a) Uniform, objective and auditable placement criteria and guidelines for placement of students in dormitories and residential care programs of boarding schools and in special weighted program areas which expand upon the definitions in this part; and

(b) A uniform and auditable system of enrollment criteria and attendance boundaries for each school in the Bureau educational program.

The Director shall publish these criteria and guidelines in the Bureau Manual (BIAM) and widely disseminate them to each school prior to September 1, 1980, so that appropriate student placements can occur before the FY 1981 October student count.
§ 39.21 Future considerations for weighted programs.

(a) Within twelve months of the final publication of this rule, the Director shall review the following factors in depth, and determine whether to incorporate each into the weighted pupil formula:

1. A rural isolation adjustment.
2. A staff cost adjustment.
3. A gifted and talented student program.
4. A vocational education program.
5. A facilities operation and maintenance program.
6. Additional institutional size factors.

(b) The Director may also recommend incorporation of other factors, based upon the Bureau’s experience in the first year’s operation of the ISEP, and upon the Standards to be developed under section 1121 of the Act.

(c) The Director shall also review the adequacy of the weighted factors, procedures, criteria and definitions now in this rule, throughout part 39. On the basis of this review, the Director shall present a comprehensive report of findings, with recommendations for amendment of this rule, to the Secretary, who shall incorporate them in a Notice of Proposed Rulemaking to include a minimum of sixty (60) days for public comment.

§ 39.22 Authorization of new program development, and termination of programs.

(a) Within one year of the final publication of this rule, the Secretary shall develop uniform procedures and criteria for the authorization of new schools where no Bureau funded or operated school program has previously existed, and for authorization of expansions of existing Bureau funded or operated school programs to serve additional age groups not previously served. These procedures and criteria shall be published as amendments to this rule under a new Notice of Proposed Rulemaking, which shall contain provisions for a minimum of sixty (60) days of public review and comment prior to final publication.

(b) Procedures and criteria developed under this section shall be integrated with existing procedures under 25 CFR part 900 for determining contractable functions of the Bureau, in order to produce a coherent system for authorization of Tribally initiated program development under contracting procedures of Pub. L. 93-638, which is compatible with Bureau initiated program development.

(c) Procedures and criteria developed under this rule shall also contain provisions for making decisions regarding closing schools and terminating Bureau programs of education. These shall provide for full consultation with the Indian persons and Tribes served by the programs and schools involved in any such decisions.

§ 39.23 Review of contract schools supplemental funds.

Before the end of formula phase-in, the Director shall consider the impact on equalization of supplemental funds appropriated for aid to schools under the Johnson O’Malley Act and under title IV of the Indian Education Act, which are available to contract schools but not to Bureau schools, and determine appropriate adjustments, if any. Any adjustments in the ISEP which results from this review shall be effected by formal revision of this rule, under a Notice of Intended Rulemaking published in the Federal Register, and shall be subject to public comment for a minimum of sixty (60) days prior to final rulemaking.

Subpart C—Formula Funding Administrative Procedures

§ 39.30 Definitions.

As used in this subpart, the term:
(a) Certifying the validity of student counts means that counts of student ADM have been accurately recorded in compliance with specifications of these rules, and that the Agency Superintendent of Schools, the local school supervisor, and local school board chairperson, where a school board exists, testify to and confirm the correctness of this count.
§ 39.31 Conditions of eligibility for funding.

(a) To be eligible for direct formula funding as established in subpart B of this part, a day school, boarding school, or dormitory must meet minimum standards, or, failing to do so, must include in its financial plan steps acceptable to the Director for taking corrective action to meet the standards to be prescribed pursuant to section 1121 of the Education Amendments of 1978 (Pub. L. 95–561; 25 U.S.C. 2001). Until such standards are prescribed, the Director shall determine eligibility for funding in accordance with established procedures for authorizing Bureau operated schools.

(b) To be eligible for direct formula funding, a tribally operated day or boarding school or dormitory must meet the requirements of part 900 of this chapter (25 CFR part 900) for receipt of Bureau Education funds under contracts for school operation.

§ 39.32 Annual computation of average daily membership.

(a) Average daily membership (ADM) as defined in § 39.2(f) shall be determined during the last full school week in September during which all students eligible under the definition shall be counted by student program classification.

(b) The Director shall direct the receipt and management of information necessary to obtain timely ADM reports from schools. Agency education offices and, in the case of off-reservation boarding schools, Area education offices together with each school’s supervisor and school board chairperson where a board exists shall be responsible for certifying the validity of each school’s student counts. The September ADM will be used to determine final allotments for the school year.

§ 39.33 Special education unduplicated count provision.

In counting special education ADM with the exception of speech therapy, no child shall be counted or funded twice for participation in more than one special education program.

§ 39.34 Substitution of a count week.

A school may petition the Director to substitute another week in the same month for the specified count week if it can be established that to use the specified count week would result in grossly inaccurate student counts. Where tribal ceremonial days are known in advance, such a petition shall be submitted in advance of the determined count week.

Unobligated funds from the School Disaster Contingency Fund shall be continued over at the end of a fiscal year in the same account for the next year, except when otherwise provided in appropriations acts. Applications shall be subject to review and comment by the Superintendent, and the Area Director for Education of the Area in which the school is located, but shall not require the approval of these officers. Such review and comment activities shall be carried out concurrently with the Director’s processing of the application so that there are no delays in the transmission of the application to the Director. The Director shall develop such application forms and requests for information and documentation as are necessary to prove both loss and the fact that replacement costs are outside the normal budgetary capacity of the school operation at either the local school, Agency, or Area levels.

§ 39.75 Disbursement procedures.

Disbursements from the SDCF shall be made only on the direct authorization of the Director, on the merits of each such application received, on a first come, first served basis and in amounts determined at the Director’s discretion in accordance with the purposes and expenditure prohibitions set forth in this section.

§ 39.76 Prohibitions of expenditures.

(a) The following costs shall not be reimbursed or paid under the SDCF:

Payments for such may, however, come from the school’s operational budget, if so designated and approved in the school’s operational budget, if so designated and approved in the school’s local educational finance plan. The maximum amounts of such payments shall be determined in accordance with the laws or regulations of the tribe involved and shall be subject to approval by the Director. In the absence of such tribal laws or regulations, such maximums shall be determined by the Director in consultation with the school board. Payments under this subpart may not be made to any employee of a school served by the school board being trained or assisted.

The policy of the Department of the Interior is to support and encourage the establishment, operation, and improvement of tribally controlled community colleges to ensure continued and expanded educational opportunities for Indian students. The regulations in this subpart prescribe procedures for providing financial and technical assistance to this end under the Tribally Controlled Community College Assistance Act of 1978 (Pub. L. 95-471, 92 Stat. 1325, 25 U.S.C. 1801 et seq.).

§ 41.3  25 CFR Ch. I (4-1-99 Edition)

(12)), calculated on the basis of registrations as in effect at the conclusion of the sixth week of an academic term. The formula for calculating the Indian FTE for an academic term is expressed mathematically as $FTE = FT + \frac{PTCR}{12}$ where $FT$ is the number of full time Indian students (those carrying 12 or more credit hours at the end of the sixth week of the academic term) and $PTCR$ is the number of credit hours for which part-time Indian students are registered at the end of the sixth week of an academic term.

which the Community College believes to be inappropriate;

Except as provided in paragraph (d)(3) of this section grants shall be in an amount equal to $4,000 multiplied by the number of FTE Indian students in attendance at such college during each academic term divided by the number of academic terms in the academic year.

\[
BG\text{ (Base Grant)}= \frac{4,000 \times \sum_{\text{TERM}1}^{\text{TERM}2} \ldots N \text{FTE}}{N}
\]

where FTE is the Indian FTE for each of the academic terms during the academic year calculated in conformity with §41.3(g) of this subpart and N is the number of academic terms in the academic year.

(2) For the first Federal fiscal year for which funds are appropriated for grants under this subpart, not less than eight (8) nor more than fifteen (15) grants shall be approved; priority in awarding such grants shall be given to Community Colleges which are operating on October 17, 1978, and which have a history of service to the Indian people. (If more than fifteen (15) Community Colleges meeting these two (2) conditions submit applications for the first fiscal year, a further priority for awarding grants among them shall be given to those who appear to be in the best position to fulfill the purpose of the Act and to those whose continued existence would be threatened if they did not receive such a grant).

(3) All grants under this section shall be subject to the availability of appropriations and the amount thereof shall
be ratably reduced for all Community Colleges if the sums appropriated for any fiscal year for financial assistance under this subpart are not sufficient to pay the full amounts to which the eligible Community Colleges are otherwise entitled under paragraph (d)(1) of this section.

(e) The Director of Education shall authorize payments to each such Community College in advance installments by letter of credit or Treasury check in an amount equal to fifty percent (50%) of the grant amount available for allotment to such Community College for such academic year under paragraph (d) of this section on or before October 1st of such College's academic year (except for 1979-80) or the first day on which appropriations for the fiscal year beginning on such date are available for obligation by BIA whichever occurs later, based on the number of FTE Indian students calculated on the basis of registrations as in effect at the conclusion of the sixth week of the final academic term of the preceding academic year. On or before January 1st (or such other date that is the first day of the fifth month) of such College's academic year, payments shall be made in the form of advance installments to each Community College in an amount equal to seventy-five percent (75%) of the grant amount available for allotment to such Community College for such academic year under paragraph (d) of this section, calculated on the basis of registrations at the conclusion of sixth week of the academic year, less the amount previously advanced for such academic year. On or before July 1st (or such other date that is the first day of the eleventh month) of each such academic year the balance of the grant amount to which each College is entitled under paragraph (d) of this section shall be paid to such College. In the event that additional sums are appropriated to which such Community Colleges are entitled under section 110a of the Act and paragraph (d) of this section, these amounts shall be included in such final payments.

(f) If with respect to any academic year the amounts of financial assistance hereunder have been ratably reduced as provided in paragraph (d)(3) of this section and additional funds have not been appropriated to pay the full amount of such reductions on or before June 1st of such year, the Director of Education shall notify each Community College of such fact in writing, and each Community College shall report in writing to the Director of Education on or before July 1st of such year the amount of unused portion of received funds. The total of such reported unused portions of received funds shall be reallocated by the Director of Education in proportion to the amount of financial assistance to which each Community College is entitled under paragraph (d) but which has not been provided due to the ratable reductions provided for therein, (except that no Community College shall receive more than the total annual cost of the education programs provided by such College) and payments shall be made reflecting such reallocations on or before August 1st of such academic year.

(g) If the Director of Education determines that a Community College has received, through mistake or fraud, payments of financial assistance under this subpart to which it was not entitled, the Director shall promptly notify the college, which may appeal the Director's determination under the procedures set forth in §41.7, and adjust the amount of payments to the college under this subpart for the same or subsequent academic years to compensate for such overpayments or otherwise attempt to recover such overpayments.

(h) Eligibility for grants under this subpart shall not, by itself, bar a Community College from qualifying for or receiving financial assistance under any other Federal program for which it may qualify.

§ 41.9 Reports.

Each Community College receiving financial assistance under this subpart shall provide to the Director of Education on or before December 1st of each year a report which shall include an accounting of the amounts and purposes for which such financial assistance was expended during the preceding academic year; the annual cost of education programs of the Community College from all sources for such academic year; and a final report of the
performances based upon the criteria set forth in the Community College's stated goals, philosophy or plan of operation. Upon reasonable cause, the Director of Education may extend the period for submitting the annual report. Each Community College shall in addition report to the Director of Education its FTE Indian student enrollment for each academic term of the academic year within three weeks of the date such FTE calculation is made.

§ 41.10 Technical assistance.
The Director of Education shall furnish technical assistance either directly or through contract to any Community College requesting it. Such assistance shall be initiated within thirty (30) days of a Community College's request in writing. In any case, where the type and source of technical assistance is specified in the request, the Director, to the extent possible or feasible, shall provide the type of technical assistance through the source so specified. Technical assistance may include, but is not limited to, consulting services for the development of programs, plans, and feasibility studies and accounting, and other technical advice. In awarding of contracts for technical assistance, preference shall be given to an organization designated by the Community College to be assisted. Denials of requests for technical assistance under this section shall be made in writing and sent to the applicant within thirty (30) days of the adverse decision. Within thirty (30) days after receiving notice of denial, the Assistant Secretary shall issue a written ruling on the denial confirming, modifying, or reversing the Director of Education's decision, the Assistant Secretary shall state in detail the basis for his/her ruling. An appeal under this section may be undertaken in the same manner as in the case of negative determinations of feasibility under § 41.7 of this subpart.

§ 41.11 General provisions.
The general requirements for grant administration in this section are applicable to all grants provided under this subpart to Community Colleges:
(a) Services or assistance provided to Indians by Community Colleges aided under this subpart shall be provided in a fair and uniform manner, and admission to any such Community College shall not be denied to any Indian student because such individual is not a member of a specific Indian tribe.
(b) Except as may be otherwise provided in this subpart, any Community College receiving financial assistance under this subpart shall comply with part 276 of this title, subject to any express waiver of specific inappropriate provisions of part 276 that may be granted by the Assistant Secretary after request and justification by the Community College.
(c) A Community College shall have the right to appeal any adverse decision of the Director of Education under a grant agreement to the Assistant Secretary by filing written notice of appeal with the Assistant Secretary within thirty (30) days after the adverse decision. Within thirty (30) days after receiving notice of appeal, the Assistant Secretary shall conduct a formal hearing at which time the College may present evidence and argument to support its appeal. Within thirty (30) days of the hearing, the Assistant Secretary shall issue a written ruling on the appeal confirming, modifying, or reversing the Director of Education's decision, the Assistant Secretary shall state in detail the basis for his/her ruling. The ruling of the Assistant Secretary on an appeal shall be final for the Department of the Interior.

§ 41.12 Annual budget.
Appropriations under title I of the Tribally Controlled Community College Assistance Act of 1978 shall be separately identified in the Bureau of Indian Affairs Budget Justification. Funds appropriated for grants under this subpart shall not be commingled with other funds expended by the Bureau of Indian Affairs.

§ 41.13 Criminal penalties.
Persons submitting or causing to be submitted to the Bureau any false information in connection with any application, report, or other document, upon which the provision of Federal financial assistance or any other payment of Federal funds is based, may be subject to criminal prosecution under provisions such as sections 287, 371, or 1001 of title 18, U.S. Code.
§ 41.20 Policy.

It is the policy of this Department to support and encourage the establishment, operation, and improvement of tribally controlled community colleges in order to ensure continued and expanded educational opportunities for Indian students. The regulations in this subpart prescribe procedures for providing financial and technical assistance to this end for the Navajo Community College under the Navajo Community College Act, as amended (25 U.S.C. 640a-c).

§ 41.21 Scope.

The regulations in this subpart are applicable to the provision of financial and technical assistance to Navajo Community College pursuant to the Navajo Community College Act of December 15, 1971 (Pub. L. 92-189, 85 Stat. 646, 25 U.S.C. 640a-c) as amended by the Navajo Community College Assistance Act of 1978, title II of the Tribally Controlled Community College Assistance Act of 1978 (Pub. L. 95-471, 92 Stat. 1325, 1329, 25 U.S.C. 640c). Regulations applicable to Tribally Controlled Community Colleges other than Navajo Community College are found in subpart A of this part 41.

§ 41.22 Definitions.

As used in this subpart:
(a) Academic term means a semester, trimester, or other such period (not less than six (6) weeks in duration) into which the college normally subdivides its academic year, but does not include a summer term.
(b) Academic year means a twelve month period established by the college and approved by the Director of Education as the annual period for the operation of the college's education programs.
(d) Assistant Secretary means the Assistant Secretary for Indian Affairs of the Department of the Interior or his/her duly authorized representative.
(e) College means the institution known as Navajo Community College established by the Navajo Tribe.
(f) Director of Education means the Director of the Office of Indian Education Programs of the Bureau of Indian Affairs, or his/her duly authorized representative.
(g) Full time equivalent or FTE means the number of Indian students (1) enrolled full-time for an entire academic term at the College, calculated on the basis of registrations as in effect at the conclusion of the sixth week of an academic term, plus (2) the full-time equivalent of the number of other Indian students who are enrolled part-time for an entire academic term at the College (determined on the basis of the quotient of the sum of credit hours for which all such part-time students are registered during such academic term divided by (12)), calculated on the basis of registrations as in effect at the conclusion of the sixth week of an academic term. The formula for calculating the Indian FTE for an academic term is expressed mathematically as $\text{FTE} = \text{FT} + \frac{\text{PTCR}}{12}$ where $\text{FT}$ is the number of full-time Indian students (those carrying 12 or more credit hours at the end of the sixth week of the academic term) and PTCR is the number of credit hours for which part-time Indian students are registered at the end of the sixth week of an academic term.
(h) Indian means a person who is a member of an Indian tribe and is eligible to receive services from the Secretary of the Interior because of his/her status as an Indian.
(i) Indian Tribe means an Indian tribe, band, nation, pueblo, rancheria, or other organized group or community, including any Alaskan Native Village or Regional or Village Corporation as defined in or established under the Alaska Native Claims Settlement Act, which is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians.

§ 41.23 Eligible activities.

Financial assistance under this subpart shall be available to defray only the operating and maintenance expenses of education programs of the College. Financial assistance under this subpart shall not be used for religious worship or sectarian instruction, but nothing in this subpart shall be construed as barring instruction in comparative religions or cultures or in languages of Indian tribes.

§ 41.24 Grants.

(a) Navajo Community College is entitled to annual grants for operation and maintenance of the College in amounts based upon the number of Full-Time Equivalent Indian students in attendance.

(b) Annually, in the manner and within the deadline established by the Director of Education, the Navajo Community College shall submit an application in the form of a statement of its FTE enrollment (total and Indian) for the next academic year. The statement shall include a description of the College's curriculum, which may be in the form of a College catalog or like publication, and a proposed budget showing total expected operating expenses of educational programs and expected revenue from all sources for the academic year for which the information applies. The statement shall be certified by the chief executive officer of the College and shall certify that a copy of that statement has been submitted to the Navajo Tribe.

(c) Annual budget request for the College shall be separately identified in the Bureau of Indian Affairs Budget Justifications. The mathematical formula for calculating the base grant is BG (Base Grant) =

\[
\text{BG} = \frac{\sum_{n=1}^{N} \text{FTE}_n \times \text{TERM}_n}{N}
\]

where FTE is the Indian FTE for each of the academic terms during the academic year calculated in conformity with §41.22(g) of this subpart and N is the number of academic terms in the academic year. The amount and payment of such grants shall be subject to the availability of annual appropriations.

(f) The Director of Education shall authorize payments to the College in advance installments by letter of credit or Treasury check in an amount equal to fifty percent (50%) of the
grant amount available for allotment to the College for such academic year under paragraph (e) of this section on or before October 1st of such academic year (except 1979-80) or the first day on which appropriations for the fiscal year beginning on such date are available for obligation by BIA, whichever occurs later, based on the number of FTE Indian students calculated on the basis of registrations as in effect at the conclusion of the sixth week of the final academic term of the preceding year. On or before January 1st (or such other date that is the first day of the fifth month) of such academic year, payment shall be made in the form of such advance installments to the College in an amount equal to seventy-five percent (75%) of the grant amount available for allotment to the College for such academic year under paragraph (e) of this section, calculated on the basis of registrations as in effect at the conclusion of the sixth week of the academic year, less the amount previously advanced for such academic year. On or before July 1st (or such other date that is the first day of the eleventh month) of such academic year, the balance of the grant amount to which the College is entitled under paragraph (e) of this section shall be paid to the College. In the event that additional sums are appropriated for the benefit of the College, these sums shall be included in the final payment.

(g) Overpayments of grants under this subpart may be recovered in the manner provided by §41.8(g) of subpart A.

(h) Payments to the Navajo Community College under this subpart shall not disqualify the College from applying for or receiving grants or contracts under any other Federal programs for which it may qualify.

§ 41.25 Reports.

The Navajo Community College shall provide the Director of Education on or before September 1st of each year a report which shall include an accounting of the amounts and purposes for which financial assistance under this subpart was expended during the preceding academic year, the annual cost of the education programs of the College from all sources for such academic year, and a final report of the performance based upon the criteria set forth in the College’s stated goals, philosophy or plan of operation. Upon reasonable cause, the Director of Education may extend the period for submitting the annual report. The College shall in addition report to the Director of Education its FTE Indian Student enrollment for each academic term of the academic year within three weeks of the date such FTE calculation is made.

§ 41.26 Technical assistance.

The Director of Education shall furnish technical assistance, either directly or through contract, to the College when requested in writing. Such assistance shall be initiated within thirty (30) days of the College’s request. In any case in which the form and source of technical assistance is specified in the request, the Director of Education shall to the extent possible or feasible provide technical assistance in the form requested and through the source so specified. (b) Except as may be otherwise provided in this subpart, the College shall comply with part 276 of this title, subject to express waiver of specific inappropriate provisions of part 276 that may be granted, after request and justification by the College by the Assistant Secretary.
(c) In addition to any other right the college may have under this subpart, the College shall have the right to appeal any adverse decision of the Director of Education under a grant agreement to the Assistant Secretary by filing written notice of appeal with the Assistant Secretary within thirty (30) days of the adverse decision. Within thirty (30) days after receiving notice of appeal, the Assistant Secretary shall conduct a formal hearing at which time the College may present evidence and argument to support its appeal. Within thirty (30) days of the hearing, the Assistant Secretary shall issue a written ruling on the appeal confirming, modifying or reversing the decision of the Director of Education. In the case of a ruling not reversing the Director of Education’s decision, the Assistant Secretary shall state in detail the basis for his/her ruling. The ruling of the Assistant Secretary on an appeal shall be final for the Department of the Interior.

§43.3 Student rights.

The regulations in this part do not prevent educational institutions from giving noneligible students rights similar to those given to parents and eligible students. Educational institutions may do so at their discretion.

§43.4 Annual notification of rights.

(a) Each educational institution to which this part applies and which maintains records on students shall inform parents or eligible students of the rights given them by this part.

§ 43.18 Record of access.

(a) Each educational institution shall maintain a record kept with the student records of each student, which will indicate all parties other than those specified in §43.14 which have requested or obtained access to those records and which will indicate specifically the legitimate interest that each party had in obtaining this information.

(b) A record of access shall be available only to:

(1) Parents or eligible students.
(2) The school official and his or her assistants who are responsible for the custody of such records.
(3) Persons or organizations authorized in and under the conditions of §43.14.

(a) Records shall contain only information about an individual which is relevant and necessary to accomplish a purpose of the Bureau required to be accomplished by statute or Executive order of the President.

(b) Student records which are used in making any determination about any student shall be maintained with such accuracy, relevance, timeliness, and completeness as is reasonably necessary to assure fairness to the student in making the determination.

(c) Information which may be used in determining a student’s rights, benefits, and privileges under Federal programs shall be collected directly from the student or his parents, to the greatest extent practicable. In deciding whether collection of information from a parent or eligible student, as opposed to a third-party source is practicable, the following factors among others may be considered:

(1) Whether the nature of the information sought is such that it can only be obtained from a third party.

(2) Whether the cost of collecting the information from the parent or student is unreasonable, when compared with the cost of collecting it from a third party.

(3) Whether there is a risk that information collected from third parties, if inaccurate, could result in an adverse
determination to the student concerned.

(4) Whether the information, if supplied by the parent or student, would have to be verified by a third party.

(5) Whether provisions can be made for verification by the parent of student information collected from third parties.

d) Each individual parent or eligible student who is asked to supply information about himself which will be added to a system of student records shall be notified of the basis for requesting the information, how it may be used, and what the consequences, if any, are of not supplying the information. At a minimum, the notice to the parent or eligible student must state:

(1) The authority (whether granted by statute or Executive Order of the President) which authorizes requesting the information and whether disclosure of such information is mandatory or voluntary.

(2) The principal purpose or purposes for which the information is intended to be used.

(3) The routine uses which may be made of the information.

(4) The effects, if any, of not providing all or any part of the requested information.

e) When information is collected on a standard form, the notice to the parent or eligible student shall be on the form or on a tear-off sheet attached to the form or on a separate sheet, whichever is most practical.

(f) When information is collected by an interviewer, the interviewer shall provide the parent or eligible student with a written notice which the individual may retain. If the interview is conducted by telephone, however, the interviewer may summarize the notice for the individual and need not provide a copy to the individual unless the individual requests that a copy be mailed to him.

(g) A parent or eligible student may be asked to acknowledge, in writing, that he has been given the notice required by this section.

(h) No student records may be maintained describing how any individual exercises rights guaranteed by the first amendment to the Constitution unless:

(1) Expressly authorized by statute or by the individual about whom the student record is maintained; or

(2) Pertinent to and within the scope of an authorized law enforcement activity.

§ 43.22 Assuring integrity of records.

(a) Student records shall be maintained with appropriate administrative, technical and physical safeguards to insure the security and confidentiality of records and to protect against any anticipated threats or hazards to their security or integrity which could result in substantial harm, embarrassment, inconvenience, or unfairness to any individual on whom information is maintained.

(b) When maintained in manual form, student records shall be maintained, at a minimum, subject to the following safeguards, or safeguards giving comparable protection:

(1) Areas in which the student records are maintained or regularly used shall be posted with an appropriate warning, stating that access to the records is limited to authorized persons. The warning shall also summarize the requirements of §43.23 and state that employees may be subject to a criminal penalty for the unauthorized disclosure of student records.

(2) During working hours, the area in which the student records are maintained or regularly used shall be occupied by authorized personnel, or access to the student records shall be restricted by their storage in locked metal file cabinets or a locked room.

(3) During nonworking hours, access to the student records shall be restricted by their storage in locked metal file cabinets or a locked room.

(4) Where a locked room is the method of security provided for a system, the educational institution responsible for the system shall, no later than December 31, 1978, supplement that security by:

(i) Providing lockable file cabinets or containers for the student records, or

(ii) Changing the lock or locks for the room so that they may not be opened with a master key. For the purpose of this paragraph, a master is a key which may be used to open rooms
other than the room containing student records, unless those rooms are used by officials or employees authorized to have access to the student records.

(c) When maintained in computerized form, student records shall be maintained, at a minimum, subject to safeguards based on those recommended in the National Bureau of Standards' booklet, "Computer Security Guidelines for Implementing the Privacy Act of 1974" (May 30, 1975), and any supplements to it, which are adequate and appropriate to assure the integrity of records in the system.

(d) The education institution responsible for a system of student records shall be responsible for assuring that specific procedures are developed to assure that the student records in the system for which it is responsible are maintained with security meeting the regulations in this section. These procedures shall be in writing and shall be posted or otherwise periodically brought to the attention of employees working with the student records contained in the system.

§ 43.23 Conduct of employees.

(a) Employees whose duties require handling of student records shall, at all times, take care to protect the integrity, security, and confidentiality of these records.

(b) No employee of the educational institution may disclose student records unless disclosure is permitted under §43.14 or made to the parent of the student or eligible student to whom the record pertains.

(c) No employee of the educational institution may alter or destroy a student record, unless:

(1) Alteration or destruction is properly undertaken in the course of the employee's regular duties, or

(2) Alteration or destruction is required by an authorized administrative decision or the decision of a court of competent jurisdiction.

(d) The educational institution responsible for a system of student records shall be responsible for assuring that employees with access to the system are made aware of the requirements of this section.

(b) Minimum standards of character to ensure that individuals having regular contact with or control over Indian children have not been convicted of certain types of crimes or acted in a manner that placed others at risk or raised questions about their trustworthiness.

§ 63.11 What is a determination of suitability for employment and efficiency of service?

(a) Determinations of suitability measure the fitness or eligibility of an applicant, volunteer, or employee for a particular position. Suitability for employment does not evaluate an applicant’s education, skills, knowledge, experience, etc. Rather, it requires that the employer investigate the background of each applicant, volunteer, and employee to:

1. Determine the degree of risk the applicant, volunteer, or employee brings to the position; and

2. Certify that the applicant’s, volunteer’s, or employee’s past conduct would not interfere with higher performance of duties, nor would it create an immediate or long-term risk for any Indian child.

(b) Efficiency of service is the employer’s verification that the applicant or employee is able to perform the duties and responsibilities of the position, and his/her presence on the job will not inhibit other employees or the agency from performing their functions.

§ 63.12 What are minimum standards of character?

Minimum standards of character are established by an employer and refer to identifiable character traits and past conduct. An employer may use character traits and past conduct to determine whether an applicant, volunteer, or employee can effectively perform the duties of a particular position without risk of harm to others. Minimum standards of character ensure that no applicant, volunteer, or employee will be placed in a position with regular contact with or control over Indian children if he/she has been found guilty of or entered a plea of nolo contendere or guilty to any offense under Federal, state, or tribal law involving crimes of violence, sexual assault, sexual molestation, sexual exploitation, sexual contact or prostitution, or crimes against persons.

(a) The Bureau of Indian Affairs must compile a list of all authorized positions which involve regular contact with or control over Indian children; investigate the character of each individual who is employed, or is being considered for employment; and, prescribe minimum standards of character which each individual must meet to be appointed to such positions.

(b) All Indian tribes or tribal organizations receiving funds under the authority of the Indian Self-Determination and Education Assistance Act or the Tribally Controlled Schools Act of 1988 must conduct a background investigation for individuals whose duties and
§ 63.14 What positions require a background investigation and determination of suitability for employment or retention?

All positions that allow an applicant, employee, or volunteer regular contact with or control over Indian children are subject to a background investigation and determination of suitability for employment.

§ 63.15 What questions should an employer ask?

Employment applications must:
(a) Ask whether the applicant, volunteer, or employee has been arrested or convicted of a crime involving a child, violence, sexual assault, sexual molestation, sexual exploitation, sexual contact or prostitution, or crimes against persons;
(b) Ask the disposition of the arrest or charge;
(c) Require that an applicant, volunteer or employee sign, under penalty of perjury, a statement verifying the truth of all information provided in the employment application; and

§ 63.16 Who conducts the background investigation and prepares the determination of suitability for employment?

(a) The Bureau of Indian Affairs must use the United States Office of Personnel Management (OPM) to conduct background investigations for Federal employees. The BIA must designate qualified security personnel to adjudicate the results of background investigations.
(b) Indian tribes and tribal organizations may conduct their own background investigations, contract with private firms, or request the OPM to conduct an investigation. The investigation should cover the past five years of the individual’s employment, education, etc.

§ 63.17 How does an employer determine suitability for employment and efficiency of service?

(a) Adjudication is the process employers use to determine suitability for employment and efficiency of service. The adjudication process protects the interests of the employer and the rights of applicants and employees. Adjudication requires uniform evaluation to ensure fair and consistent judgment.
(b) Each case is judged on its own merits. All available information, both favorable and unfavorable, must be considered and assessed in terms of accuracy, completeness, relevance, seriousness, overall significance, and how similar cases have been handled in the past.
(c) An adjudicating official conducts the adjudication. Each Federal agency, Indian tribe, or tribal organization must appoint an adjudicating official, who must first have been the subject of a favorable background investigation.
(1) Indian tribes and tribal organizations must ensure that persons charged with the responsibility for adjudicating employee background investigations are well-qualified and trained.
(2) Indian tribes and tribal organizations should also ensure that individuals who are not trained to adjudicate these types of investigations are supervised by someone who is experienced and receive the training necessary to perform the task.
(d) Each adjudicating official must be thoroughly familiar with all laws, regulations, and criteria involved in making a determination for suitability.
(e) The adjudicating official must review the background investigation to determine the character, reputation, and trustworthiness of the individual. At a minimum, the adjudicating official must:
(1) Review each security investigation form and employment application and compare the information provided;
(2) Review the results of written record searches requested from local law enforcement agencies, former employers, former supervisors, employment references, and schools; and
§ 63.21

Are there other factors that may disqualify an applicant, volunteer or employee from placement in a position which involves regular contact with or control over Indian children?

1. The individual’s misconduct or negligence interfered with or affected a current or prior employer’s performance of duties and responsibilities.

3. The individual made an intentional false statement, deception or fraud on an examination or in obtaining employment.
4. The individual has refused to furnish testimony or cooperate with an investigation.
5. The individual’s alcohol or substance abuse is of a nature and duration that suggests the individual could not perform the duties of the position entered a plea of guilty or nolo contendere to any Federal, state or tribal offense involving a crime of violence, sexual assault, sexual molestation, child exploitation, sexual contact, prostitution, or crimes against persons.

(b) An employer may deny employment or dismiss an employee when an individual has been convicted of an offense involving a child victim, a sex crime, or a drug felony.

§ 63.20

What should an employer do if an individual has been charged with an offense but the charge is pending or no disposition has been made by a court?

(b) An employer may deny employment or dismiss an employee when an individual has been convicted of an offense involving a child victim, a sex crime, or a drug felony.

§ 63.18

Yes.

(a) In addition to the minimum requirements for background investigations found in §63.12, Bureau of Indian Affairs’ adjudicating officials must review the OPM National Agency Check and Inquiries which includes a search of the OPM Security/Suitability Investigations Index (SII) and the Defense Clearance and Investigations Index (DCII), and any additional standards which may be established by the BIA.

(b) All Bureau of Indian Affairs employees who have regular contact with or control over Indian children must be reinvestigated every five years during their employment in that or any other position which allows regular contact with or control over Indian children.

(c) Indian tribes and tribal organizations may adopt these additional requirements but are not mandated to do so by law.

(7) The individual knowingly and willfully engaged in an act or activities designed to disrupt government programs.

(b) An individual must be disqualified for Federal employment if any statutory or regulatory provision would prevent his/her lawful employment.

§ 63.22 Can an employer certify an individual with a prior conviction or substantiated misconduct as suitable for employment?

(a) The Bureau of Indian Affairs must use Federal adjudicative standards which allow the BIA to certify that an individual is suitable for employment in a position that does not involve regular contact with or control over Indian children. The adjudicating officer must determine that the individual’s prior conduct will not interfere with the performance of duties and will not create a potential for risk to the safety and well-being of Indian children.

(b) Indian tribes and tribal organizations must identify those positions which permit contact with or control over Indian children and establish standards to determine suitability for employment. Those standards should then be used to determine whether an individual is suitable for employment in a position that permits contact with or control over Indian children. If not, the individual may only be placed in a position that does not permit contact with or control over Indian children.

§ 63.23 What rights does an applicant, volunteer or employee have during this process?

(a) The applicant, volunteer, or employee must be provided an opportunity to explain, deny, or refute unfavorable and incorrect information gathered in an investigation, before the adjudication is final. The applicant, volunteer, or employee should receive a written summary of all derogatory information and be informed of the process for explaining, denying, or refuting unfavorable information.

(b) Employers and adjudicating officials must not release the actual background investigative report to an applicant, volunteer, or employee. However, they may issue a written summary of the derogatory information.

(c) The applicant, volunteer, or employee who is the subject of a background investigation may obtain a copy of the reports from the originating (Federal, state, or other tribal) agency and challenge the accuracy and completeness of any information maintained by that agency.

(d) The results of an investigation cannot be used for any purpose other than to determine suitability for employment in a position that involves regular contact with or control over Indian children.

(e) Investigative reports contain information of a highly personal nature and should be maintained confidentially and secured in locked files. Investigative reports should be seen only by those officials who in performing their official duties need to know the information contained in the report.

§ 63.24 What protections must employers provide to applicants, volunteers and employees?

This includes compacting with tribes under the Self-Governance program procedures.

§ 63.33 What must an application for Indian child protection and family violence prevention program funds include?

(d) The Secretary shall authorize the calling of an election on the adoption of amendments to a constitution and bylaws or a charter when requested pursuant to the amendment article of those documents. The election shall be conducted as prescribed in this part unless the amendment article of the constitution and bylaws or the charter provides otherwise, in which case the provisions of those documents shall rule where applicable.

(b) If the group is composed of the adult Indian residents of a reservation:

(1) Any adult duly registered member physically residing on the reservation shall be entitled to vote.

(c) If the group is a tribe, or tribes, without a reservation as defined in this part, any duly registered member shall be entitled to vote on the adoption of a constitution and bylaws by either arriving at a polling place or by requesting, properly completing, and timely casting an absentee ballot as determined by the election board pursuant to the relevant Federal Statute; provided, that outside of Alaska and Oklahoma, a reservation shall be established for the tribe before it becomes entitled to vote on the adoption of a constitution.

(d) For a reorganized tribe to amend its constitution and bylaws, only members who have duly registered shall be entitled to vote; provided, that registration is open to the same class of voters that was entitled to vote in the Secretarial election that effected its reorganization, unless the amendment article of the existing constitution provides otherwise.

(e) For a reorganized tribe to revoke its constitution and bylaws, only members who have duly registered shall be entitled to vote; provided, that registration is open to the same class of voters as was entitled to vote in the Secretarial election that effected its reorganization, unless the amendment article of the existing constitution provides otherwise.

§ 81.7 Adoption, ratification, or revocation by majority vote.

Except as it may be further limited by this part, a constitution and bylaws, amendments thereto, or charter and charter amendments shall be considered adopted, ratified, or revoked if a majority of those actually voting are in favor of adoption, ratification, or revocation. (2) To keep the ballot boxes locked at all times except when ballots are being counted;
(3) To see that ballots are cast only by registered voters and that the voting list is checked to indicate this;
(4) To begin to count the regularly cast ballots immediately after the close of the polls and then the absentee ballots, pursuant to §81.21;
(5) To post and certify the election returns;
(6) To return the following to the officer in charge:
   (i) The ballots (in marked and locked boxes);
   (ii) All unused ballots; and
   (iii) Their certifications of the district election results on the certification forms prescribed by the election board.

§ 81.11 Registration.

(a) Only registered voters will be entitled to vote, and all determinations of the sufficiency of the number of ballots cast will be based upon the number of registered voters. The election board, upon receipt of authorization to conduct an election, shall notify by regular mail all adult members of the tribe, who to its knowledge are eligible to vote pursuant to §81.6 of the need to register if they intend to vote. Any tribal member who, to the election board's knowledge, will become 18 years of age within 150 days (180 days for Alaska tribes) from the date of authorization and who is otherwise eligible to vote shall also be notified and shall be eligible to register, provided that such a person shall not be entitled to vote if election day falls before the individual's 18th birthday. This notice shall be sent to an individual's last known address as it appears on the records of the local unit of the Bureau of Indian Affairs having jurisdiction. Each notice addressed to a tribal member not residing on the reservation shall be accompanied by a preaddressed registration form (BIA Form 8302) which shall set forth the following information in the upper right corner:
   (1) OMB Clearance Number 1076-003, Expires June 30, 1983;
   (2) The name and address of the person desiring to register;
   (3) A statement with a signature line attesting that the individual is a tribal member and is at least 18 years of age, or will be within 150 days, (180 days for Alaska tribes) from the date of authorization; and
(4) The three following statements:

"Completion of and return of this registration form is necessary if you desire to become qualified to vote in the forthcoming constitutional or charter election." "This form, upon completion and return to the election board, shall be the basis for determining whether you qualify to have your name placed upon the list of registered voters and receive a ballot" and "completion and return of this form is voluntary." Members who qualify as absentee voters and wish to cast an absentee ballot must complete and return the above registration form before, or in conjunction with, requesting an absentee ballot in sufficient time to permit compliance with §81.12.

(b) The following records shall be kept for all notices:

(1) Names and addresses of persons to whom notices are mailed;
(2) Date of mailing; and
(3) A copy of each return registration request (including from whom received and date and time of receipt).

Tribal members living on the reservation who desire to vote must register with the election board in the manner it determines in time to permit compliance with §81.12. Registration procedures for such Indians shall be included in the notice of the need to register to resident members.

§ 81.13 Eligibility disputes.

The election board shall determine the eligibility of any written claim to vote presented to it by one whose name does not appear on the official list of registered voters as well as any written challenge of the right to vote of anyone whose name is on the list. Its decision shall be final. It shall rule on all claims no later than ten days before the election. Any claim not presented at least ten days before the election shall be disallowed. Nonresident claimants successfully appealing omission from the list shall immediately be furnished an absentee ballot. Omission of names from the voters list due to late registration, if notification (pursuant to §81.14) has been timely mailed, shall not be considered grounds for challenge.

§ 81.14 Election notices.

Not less than 30 nor more than 60 days notice shall be given of the date of the election. Such notice shall include the location of where the results will be posted. The notice shall also advise that persons must register if they intend to vote. The election board shall determine whether the notice will be given by television, radio, newspaper, poster, or mail, or by more than one of these methods and whether in an Indian language in addition to English. A copy of any written election notice may be mailed to each registered voter and shall be posted at the local administrative unit of the Bureau of Indian Affairs and elsewhere as directed by the election board. At any time after receiving Secretarial authorization to hold the election, the board shall make available to the adult members of the tribe the text of any amendment or proposed constitution and bylaws, amendment thereto, charter, or charter amendment. The election board may determine the manner and timing of the distribution. However, the text shall be posted at least within the local administrative unit of the Bureau and the tribal headquarters within two days following the giving of notice of the election date by the election board.

§ 81.15 Opening and closing of polls.

If polling places are established, the polls shall remain open from 8 a.m. to
§ 81.16 7 p.m., local time, unless different hours are set by the election board and the voters are informed of this in the election notice.

§ 81.16 Interpreters.

Interpreters, where needed, may be provided to explain the manner of voting to any voter who asks for instructions; provided, that all reasonable precautions are taken to ensure that the interpreter does not influence the voter in casting the ballot. The interpreter may accompany the voter into the booth upon the latter's request.

§ 81.17 Electioneering.

There shall be no electioneering during voting hours within 50 feet of any voting place. Sample ballots will be permitted in the voting booth.

§ 81.18 Manner of voting.

(a) Registered voters may vote by arriving at the appropriate polling place within the prescribed voting hours telling officials their names and addresses, signing their signature or mark on the voting list, and by marking and placing in the ballot box the ballots which will be handed to them. Voting shall be by secret ballot.

(b) Voting may take place at the same time regarding the adoption of a constitution, the ratification of a charter, or the amendment of such documents; provided, that entitlement to vote for the proposal is consistent with §81.6 of this part and, provided further, that no charter shall be considered ratified if the proposed constitution is not adopted and approved.

(c) The election board may choose not to use polling places and provide for the issuance and receipt of ballots entirely through the United States Postal Service. In that event, the election board shall use the appropriate procedures set forth in this part relating to absentee balloting.

§ 81.19 Absentee voting.

(a) Nonresident members who have registered may vote by absentee ballot except as prohibited by §81.6. Also, whenever, due to temporary absence from the reservation, illness, or physical disability, a registered and otherwise eligible voter is not able to vote at the polls and notifies the election board, the voter shall be entitled to vote by absentee ballot. Upon his or her request, the election board shall give or mail absentee ballots to registered voters who may be entitled to receive them pursuant to §81.6. At the same time, such voters will also be provided a copy of the proposal to be voted upon when the full text does not appear on the ballot. Appropriate records shall be kept of those from whom requests are received and the date they were received.

(b) The election board shall allow an absentee voter no less than ten days from the mailing out of an absentee ballot to receive and return the ballot. This period shall not be afforded absentee voters desiring to exchange a mutilated or spoiled ballot less than ten days before the election date. While requests for absentee ballots received less than ten days before an election will be promptly honored, no absentee ballot will be counted if received later than either the close of the polls or after some other deadline established by the election board. The election board shall furnish election officials the names of individuals who have been given or had mailed to them an absentee ballot.

(b) Accompanying the absentee ballot shall be:
(1) An inner envelope bearing on the outside, the words “Absentee Ballot,”
(2) Instructions for completion of the absentee ballot,
(3) A copy of the proposed amendment, and
(4) A preaddressed outer envelope, imprinted on the back with a certificate as follows:

I, (name of voter), hereby certify that I am a qualified voter of the (name) Tribe of Indians; that I will be 18 years of age or over at the election date and am entitled to vote in the election to be held on (date of election); and that I cannot appear at the polling place on the reservation on the date of the election because (indicate one of the following reasons): I am a non resident voter ☐; or I expect to be temporarily absent from the reservation ☐; or because of illness ☐; or physical disability ☐; or because no polling place has been established ☐. I further certify that I marked the enclosed ballot in secret.

Signed: (voter’s signature)
§ 81.20 Ballots.

(a) Ballots are to be prepared clearly and simply so that it is easy for the voters to indicate a choice between no more than two alternatives. For example, if a tribal council or the petitioners propose to reduce the one-half degree blood quantum required to qualify for membership but want the voters to decide whether it should be one-fourth or one-eight, it would not be appropriate to put those two alternatives on the ballot. Doing so, would deny the voters an opportunity to vote for keeping the one-half degree blood quantum. Neither would it be appropriate to include all three blood quantum alternatives. Rather, those proposing the change should decide which blood quantum is to be submitted to the voters. The ballot in the Secretarial election would then give the electors the choice of marking either “yes” or “no.” A vote against the proposed change would be in favor of keeping the one-half degree blood quantum in the example.

(b) In preparing ballots for proposed amendments, care should be taken to ensure that:

1. Each proposed amendment addresses only a single question.
2. If a proposed amendment conflicts with other provisions of the document being amended, the ballot shall be prepared so that the question includes all changes in those other directly related provisions in order to avoid contradictions within the document.
3. When more than one amendment is being submitted to the voters at a given election, the proposals shall be identified with alphabetical designations rather than numerical.

(d) The election board shall make and keep a record of ballots mailed, to whom mailed, the date of mailing, the address on the envelope, the date of the return of the ballot, and from whom received. After duly recording the receipt date of absentee ballots received on time, representatives of the election board shall open the outer envelopes, secure them and place the unmarked inner envelopes containing the ballots in a separate box reserved for that purpose. After all other ballots have been counted, the absentee ballots shall be counted immediately and included in the results of the election.

§ 81.20 Ballots.

(b) In preparing ballots for proposed amendments, care should be taken to ensure that:

1. Each proposed amendment addresses only a single question.
2. If a proposed amendment conflicts with other provisions of the document being amended, the ballot shall be prepared so that the question includes all changes in those other directly related provisions in order to avoid contradictions within the document.
3. When more than one amendment is being submitted to the voters at a given election, the proposals shall be identified with alphabetical designations rather than numerical. The first of the several proposals would be labeled “Proposed Amendment A,” the next would be “Proposed Amendment B,” etc. Those amendments that are adopted and approved would then be assigned consecutive numbers to follow those assigned any earlier amendments that may have been made to that governing document. A statement similar to the following shall appear on each of the proposed amendments and shall be completed following the election:

Having been duly adopted and approved, Proposed Amendment (A,B,C, etc.) is hereby designated as Amendment No. — to the (Constitution, Charter, etc.) of the (name of tribe) Tribe.

(d) Should any voter spoil or mutilate a ballot in the course of voting at a poll, the voter shall destroy it in the presence of the election officials and the election officials shall then make note of the destroyed ballot and furnish the voter with another ballot.

(e) Any spoiled or mutilated absentee ballot may be exchanged for a new one by returning it to the election board with a request for another. The board shall honor the request promptly and note the dates of related actions. No extension of time will be granted for receipt of exchanged ballots that might not be cast on time.
§ 81.21 Counting of ballots.
All duly cast ballots are to be counted. Even though it will not be possible to determine the intent of the voter regarding spoiled and mutilated ballots, they are to be counted for purposes of determining whether the required percentage of voters have cast their ballots in the election. Invalid ballots shall not be counted for purposes of determining the required percentage of votes cast.

§ 81.22 Contesting of election results.
Any qualified voter, within three days following the posting of the results of an election, may challenge the election results by filing with the Secretary through the officer in charge the grounds for the challenge, together with substantiating evidence. If in the opinion of the Secretary, the objections are valid and warrant a recount or new election, the Secretary shall order a recount or a new election. The results of the recount or new election shall be final.

§ 81.23 Posting and certifying election results.
(a) The results of the election shall be posted in the local Bureau of Indian Affairs office, tribal headquarters, and at other appropriate public places determined by the election board.
(b) The election board shall certify the results of the election on the following form and transmit them to the local unit of the Bureau of Indian Affairs:

Certificate of Results of Election
Pursuant to a Secretarial election authorized by the (title of authorizing officer) on (date), the attached Constitution and Bylaws (Amendment, Charter or Charter Amendment) of the (name of tribe) was submitted to the qualified voters of the tribe and on (date), was duly (adopted) (ratified) (rejected) or (revoked) by a vote of (number) for and (number) against and (number) cast ballots found spoiled or mutilated in an election in which at least 30 percent (or such "percentages" as may be required to amend according to the constitution) of the (number) members entitled to vote, cast their ballot in accordance with (appropriate Federal statute). Signed: (By the chairman of the election board and board members.)

§ 81.24 Approval, disapproval, or rejection action.
(a) Action to approve or disapprove constitutional actions will be taken promptly by the authorizing officer following receipt of the original text of the material voted upon and the original of the Certificate of Results of Election from the officer in charge.
(1) When required and granted, the authorizing officer shall furnish a tribe with written approval of constitutional actions. In the absence of an election challenge, the approval shall be issued promptly following the expiration of the contest period. Copies of his/her written approval, the Certificate of Results of Election, and the text of the material voted upon shall be transmitted to the Commissioner of Indian Affairs, 18th and C Streets, NW., Washington, DC 20245.
(2) When a proposed constitution or charter action is rejected by the voters, the authorizing officer shall indicate in writing to the tribe his/her awareness of the election results and send to the Commissioner of Indian Affairs in Washington, DC, copies of the communication, the Certificate of Results of Election and the text of the material voted upon.
(3) When the authorizing officer disapproves a constitutional action, he/she shall in writing promptly notify the tribe of the determination and furnish the Commissioner of Indian Affairs in Washington, DC, a copy of the communication along with the Certificate of Results of Election and the text of the material voted upon.
(b) Where Secretarial approval of proposed constitutional and charter actions is required in conjunction with authorization of an election, copies of the formal approval shall immediately be furnished the Commissioner of Indian Affairs in Washington, DC, by the authorizing officer and be followed in accordance with paragraph (a)(1) of this section by copies of the Certificate of the Results of Election and the text of the material voted upon as soon as it is available.

(2) For reorganized tribes, the number of members considered eligible to register for a Secretarial election and who are at least 18 years of age.

These guidelines will include an explanation of the criteria and other provisions of the regulations, a discussion of the types of evidence which may be used to demonstrate particular criteria or other provisions of the regulations, and general suggestions and guidelines on how and where to conduct research. The guidelines may be supplemented or updated as necessary. The Department's example of a documented petition format, while preferable, shall not preclude the use of any other format.

(b) The documented petition must include a certification, signed and dated by members of the group's governing
§ 83.7 Mandatory criteria for Federal acknowledgment.

The mandatory criteria are:

(a) The petitioner has been identified as an American Indian entity on a substantially continuous basis since 1900. Evidence that the group's character as an Indian entity has from time to time been denied shall not be considered to be conclusive evidence that this criterion has not been met. Evidence to be relied upon in determining a group's Indian identity may include one or a combination of the following, as well as other evidence of identification by other than the petitioner itself or its members.

(1) Identification as an Indian entity by Federal authorities.

(i) Significant rates of marriage within the group, and/or, as may be culturally required, patterned out-marriages with other Indian populations.

(ii) Significant social relationships connecting individual members.

(iii) Significant rates of informal social interaction which exist broadly among the members of a group.

(iv) A significant degree of shared or cooperative labor or other economic activity among the membership.
§ 83.7

(v) Evidence of strong patterns of discrimination or other social distinctions by non-members.

(vi) Shared sacred or secular ritual activity encompassing most of the group.

(vii) Cultural patterns shared among a significant portion of the group that are different from those of the non-Indian populations with whom it interacts. These patterns must function as more than a symbolic identification of the group as Indian. They may include, but are not limited to, language, kinship organization, or religious beliefs and practices.

(viii) The persistence of a named, collective Indian identity continuously over a period of more than 50 years, notwithstanding changes in name.

(ix) A demonstration of historical political influence under the criterion in § 83.7(c) shall be evidence for demonstrating historical community.

(2) A petitioner shall be considered to have provided sufficient evidence of community at a given point in time if evidence is provided to demonstrate any one of the following:

(i) More than 50 percent of the members reside in a geographical area exclusively or almost exclusively composed of members of the group, and the balance of the group maintains consistent interaction with some members of the community;

(ii) At least 50 percent of the marriages in the group are between members of the group;

(iii) At least 50 percent of the group members maintain distinct cultural patterns such as, but not limited to, language, kinship organization, or religious beliefs and practices;

(iv) There are distinct community social institutions encompassing most of the members, such as kinship organizations, formal or informal economic cooperation, or religious organizations; or

(v) The group has met the criterion in § 83.7(c) using evidence described in § 83.7(c)(2).

(c) The petitioner has maintained political influence or authority over its members as an autonomous entity from historical times until the present.

(1) This criterion may be demonstrated by some combination of the evidence listed below and/or by other evidence that the petitioner meets the definition of political influence or authority in § 83.1.

(i) The group is able to mobilize significant numbers of members and significant resources from its members for group purposes.

(ii) Most of the membership considers issues acted upon or actions taken by group leaders or governing bodies to be of importance.

(iii) There is widespread knowledge, communication and involvement in political processes by most of the group’s members.

(iv) The group meets the criterion in § 83.7(b) at more than a minimal level.

(v) There are internal conflicts which show controversy over valued group goals, properties, policies, processes and/or decisions.

(2) A petitioning group shall be considered to have provided sufficient evidence to demonstrate the exercise of political influence or authority at a given point in time by demonstrating that group leaders and/or other mechanisms exist or existed which:

(i) Allocate group resources such as land, residence rights and the like on a consistent basis.

(ii) Settle disputes between members or subgroups by mediation or other means on a regular basis;

(iii) Exert strong influence on the behavior of individual members, such as the establishment or maintenance of norms and the enforcement of sanctions to direct or control behavior;

(iv) Organize or influence economic subsistence activities among the members, including shared or cooperative labor.

(3) A group that has met the requirements in paragraph 83.7(b)(2) at a given point in time shall be considered to have provided sufficient evidence to meet this criterion at that point in time.

(d) A copy of the group’s present governing document including its membership criteria. In the absence of a written document, the petitioner must provide a statement describing in full its membership criteria and current governing procedures.

(e) The petitioner’s membership consists of individuals who descend from a
§ 83.8

historical Indian tribe or from historical Indian tribes which combined and functioned as a single autonomous political entity.

(1) Evidence acceptable to the Secretary which can be used for this purpose includes but is not limited to:
   (i) Rolls prepared by the Secretary on a descendancy basis for purposes of distributing claims money, providing allotments, or other purposes;
   (ii) State, Federal, or other official records or evidence identifying present members or ancestors of present members as being descendants of a historical tribe or tribes that combined and functioned as a single autonomous political entity.
   (iii) Church, school, and other similar enrollment records identifying present members or ancestors of present members as being descendants of a historical tribe or tribes that combined and functioned as a single autonomous political entity.
   (iv) Affidavits of recognition by tribal elders, leaders, or the tribal governing body identifying present members or ancestors of present members as being descendants of a historical tribe or tribes that combined and functioned as a single autonomous political entity.
   (v) Other records or evidence identifying present members or ancestors of present members as being descendants of a historical tribe or tribes that combined and functioned as a single autonomous political entity.
(2) The petitioner must provide an official membership list, separately certified by the group's governing body, of all known current members of the group. This list must include each member's full name (including maiden name), date of birth, and current residential address. The petitioner must also provide a copy of each available former list of members based on the group's own defined criteria, as well as a statement describing the circumstances surrounding the preparation of the current list and, insofar as possible, the circumstances surrounding the preparation of former lists.

(3) The membership of the petitioning group is composed principally of persons who are not members of any acknowledged North American Indian tribe. However, under certain conditions a petitioning group may be acknowledged even if its membership is composed principally of persons whose names have appeared on rolls of, or who have been otherwise associated with, an acknowledged Indian tribe. The conditions are that the group must establish that it has functioned throughout history until the present as a separate and autonomous Indian tribal entity, that its members do not maintain a bilateral political relationship with the acknowledged tribe, and that its members have provided written confirmation of their membership in the petitioning group.

§ 83.8 Previous Federal acknowledgment.

(a) Unambiguous previous Federal acknowledgment is acceptable evidence of the tribal character of a petitioner to the date of the last such previous acknowledgment. If a petitioner provides substantial evidence of unambiguous Federal acknowledgment, the petitioner will then only be required to demonstrate that it meets the requirements of §83.7 to the extent required by this section.

(b) A determination of the adequacy of the evidence of previous Federal action acknowledging tribal status shall be made during the technical assistance review of the documented petition conducted pursuant to §83.10(b). If a petition is awaiting active consideration at the time of adoption of these regulations, this review will be conducted while the petition is under active consideration unless the petitioner requests in writing that this review be made in advance.

(c) Evidence to demonstrate previous Federal acknowledgment includes, but is not limited to:
   (1) Evidence that the group has had treaty relations with the United States.
   (2) Evidence that the group has been designated a tribe by act of Congress or Executive Order.
§ 83.9 Evidence that the group has been treated by the Federal Government as having collective rights in tribal lands or funds.

(d) To be acknowledged, a petitioner that can demonstrate previous Federal acknowledgment must show that:

1. The group meets the requirements of the criterion in §83.7(a), except that such identification shall be demonstrated since the point of last Federal acknowledgment. The group must further have been identified by such sources as the same tribal entity that was previously acknowledged or as a portion that has evolved from that entity.

2. The group meets the requirements of the criterion in §83.7(b) to demonstrate that it comprises a distinct community at present. However, it need not provide evidence to demonstrate existence as a community historically.

3. The group meets the requirements of the criterion in §83.7(c) to demonstrate that political influence or authority is exercised within the group at present. Sufficient evidence to meet the criterion in §83.7(c) from the point of last Federal acknowledgment to the present may be provided by demonstration of substantially continuous historical identification, by authoritative, knowledgeable external sources, of leaders and/or a governing body who exercise political influence or authority, together with demonstration of one form of evidence listed in §83.7(c).

4. The group meets the requirements of the criteria in paragraphs 83.7(d) through (g).

5. If a petitioner which has demonstrated previous Federal acknowledgment cannot meet the requirements in paragraphs (d) (1) and (3), the petitioner may demonstrate alternatively that it meets the requirements of the criteria in §83.7(a) through (c) from last Federal acknowledgment until the present.

§ 83.9 Notice of receipt of a petition.

(a) Within 30 days after receiving a letter of intent, or a documented petition if a letter of intent has not previously been received and noticed, the Assistant Secretary shall acknowledge such receipt in writing and shall have published within 60 days in the Federal Register a notice of such receipt. This notice must include the name, location, and mailing address of the petitioner and such other information as will identify the entity submitting the letter of intent or documented petition and the date it was received. This notice shall also serve to announce the opportunity for interested parties and informed parties to submit factual or legal arguments in support of or in opposition to the petitioner's request for acknowledgment and/or to request to be kept informed of all general actions affecting the petition. The notice shall also indicate where a copy of the letter of intent and the documented petition may be examined.

(b) The Assistant Secretary shall notify, in writing, the governor and attorney general of the state in which a petitioner is located. The Assistant Secretary shall also notify any recognized tribe and any other petitioner which appears to have a historical or present relationship with the petitioner or which may otherwise be considered to have a potential interest in the acknowledgment determination.

(c) The Assistant Secretary shall also publish the notice of receipt of the letter of intent, or documented petition if a letter of intent has not been previously received, in a major newspaper or newspapers of general circulation in the town or city nearest to the petitioner. The notice will include all of the information in paragraph (a) of this section.

§ 83.10 Processing of the documented petition.

(a) Upon receipt of a documented petition, the Assistant Secretary shall cause a review to be conducted to determine whether the petitioner is entitled to be acknowledged as an Indian tribe. The review shall include consideration of the documented petition and the factual statements contained therein. The Assistant Secretary may also initiate other research for any
purpose relative to analyzing the documented petition and obtaining additional information about the petitioner's status. The Assistant Secretary may likewise consider any evidence which may be submitted by interested parties or informed parties.

(b) Prior to active consideration of the documented petition, the Assistant Secretary shall conduct a preliminary review of the petition for purposes of technical assistance.

(1) This technical assistance review does not constitute the Assistant Secretary's review to determine if the petitioner is entitled to be acknowledged as an Indian tribe. It is a preliminary review for the purpose of providing the petitioner an opportunity to supplement or revise the documented petition prior to active consideration. Insofar as possible, technical assistance reviews under this paragraph will be conducted in the order of receipt of documented petitions. However, technical assistance reviews will not have priority over active consideration of documented petitions.

(2) After the technical assistance review, the Assistant Secretary shall notify the petitioner by letter of any obvious deficiencies or significant omissions apparent in the documented petition and provide the petitioner with an opportunity to withdraw the documented petition for further work or to submit additional information and/or clarification.

(3) If a petitioner's documented petition claims previous Federal acknowledgment and/or includes evidence of previous Federal acknowledgment, the technical assistance review will also include a review to determine whether evidence is sufficient to meet the requirements of previous Federal acknowledgment as defined in §83.1.

(c) Petitioners have the option of responding in part or in full to the technical assistance review letter or of requesting, in writing, that the Assistant Secretary proceed with the active consideration of the documented petition using the materials already submitted.

(1) If the petitioner requests that the materials submitted in response to the technical assistance review letter be again reviewed for adequacy, the Assistant Secretary will provide the additional review. However, this additional review will not be automatic and will be conducted only at the request of the petitioner.

(2) If the assertion of previous Federal acknowledgment under §83.8 cannot be substantiated during the technical assistance review, the petitioner must respond by providing additional evidence. A petitioner claiming previous Federal acknowledgment who fails to respond to a technical assistance review letter under this paragraph, or whose response fails to establish the claim, shall have its documented petition considered on the same basis as documented petitions submitted by groups not claiming previous Federal acknowledgment. Petitioners that fail to demonstrate previous Federal acknowledgment after a review of materials submitted in response to the technical assistance review shall be so notified. Such petitioners may submit additional materials concerning previous acknowledgment during the course of active consideration.

(d) The order of consideration of documented petitions shall be determined by the date of the Bureau's notification to the petitioner that it considers that the documented petition is ready to be placed on active consideration. The Assistant Secretary shall establish and maintain a numbered register of documented petitions which have been determined ready for active consideration. The Assistant Secretary shall also maintain a numbered register of letters of intent or incomplete petitions based on the original date of filing with the Bureau. In the event that two or more documented petitions are determined ready for active consideration on the same date, the register of letters of intent or incomplete petitions shall determine the order of consideration by the Assistant Secretary.

(e) Prior to active consideration, the Assistant Secretary shall investigate any petitioner whose documented petition and response to the technical assistance review letter indicates that there is little or no evidence that establishes that the group can meet the mandatory criteria in paragraph (e), (f) or (g) of §83.7.
§ 83.10  

(1) If this review finds that the evidence clearly establishes that the group does not meet the mandatory criteria in paragraph (e), (f) or (g) of §83.7, a full consideration of the documented petition under all seven of the mandatory criteria will not be undertaken pursuant to paragraph (a) of this section. Rather, the Assistant Secretary shall instead decline to acknowledge that the petitioner is an Indian tribe and publish a proposed finding to that effect in the Federal Register. The periods for receipt of comments on the proposed finding from petitioners, interested parties and informed parties, for consideration of comments received, and for publication of a final determination regarding the petitioner’s status shall follow the timetables established in paragraphs (h) through (l) of this section.

(2) If the review cannot clearly demonstrate that the group does not meet one or more of the mandatory criteria in paragraph (e), (f) or (g) of §83.7, a full evaluation of the documented petition under all seven of the mandatory criteria shall be undertaken during active consideration of the documented petition pursuant to paragraph (g) of this section.

(f) The petitioner and interested parties shall be notified when the documented petition comes under active consideration.

(1) They shall also be provided with the name, office address, and telephone number of the staff member with primary administrative responsibility for the petition; the names of the researchers conducting the evaluation of the petition; and the name of their supervisor.

(2) The petitioner shall be notified of any substantive comment on its petition received prior to the beginning of active consideration or during the preparation of the proposed finding, and shall be provided an opportunity to respond to such comments.

(g) Once active consideration of the documented petition has begun, the Assistant Secretary shall continue the review and publish proposed findings and a final determination in the Federal Register pursuant to these regulations notwithstanding any requests by the petitioner or interested parties to cease consideration. The Assistant Secretary has the discretion, however, to suspend active consideration of a documented petition, either conditionally or for a stated period of time, upon a showing to the petitioner that there are technical problems with the documented petition or administrative problems that temporarily preclude continuing active consideration. The Assistant Secretary shall also consider requests by petitioners for suspension of consideration and has the discretion to grant such requests for good cause. Upon resolution of the technical or administrative problems that are the basis for the suspension, the documented petition will have priority on the numbered register of documented petitions insofar as possible. The Assistant Secretary shall notify the petitioner and interested parties when active consideration of the documented petition is resumed. The timetables in succeeding paragraphs shall begin anew upon the resumption of active consideration.

(h) Within one year after notifying the petitioner that active consideration of the documented petition has begun, the Assistant Secretary shall publish proposed findings in the Federal Register. The Assistant Secretary has the discretion to extend that period up to an additional 180 days. The petitioner and interested parties shall be notified of the time extension. In addition to the proposed findings, the Assistant Secretary shall prepare a report summarizing the evidence, reasoning, and analyses that are the basis for the proposed decision. Copies of the report shall be provided to the petitioner, interested parties, and informed parties and made available to others upon written request.

(i) Upon publication of the proposed findings, the petitioner or any individual or organization wishing to challenge or support the proposed findings shall have 180 days to submit arguments and evidence to the Assistant Secretary to rebut or support the proposed finding. The period for comment on a proposed finding may be extended for up to an additional 180 days at the Assistant Secretary’s discretion upon a finding of good cause. The petitioner and interested parties shall be notified
of the time extension. Interested and informed parties who submit arguments and evidence to the Assistant Secretary must provide copies of their submissions to the petitioner.

(j)(1) During the response period, the Assistant Secretary shall provide technical advice concerning the factual basis for the proposed finding, the reasoning used in preparing it, and suggestions regarding the preparation of materials in response to the proposed finding. The Assistant Secretary shall make available to the petitioner in a timely fashion any records used for the proposed finding not already held by the petitioner, to the extent allowable by Federal law.

(2) In addition, the Assistant Secretary shall, if requested by the petitioner or any interested party, hold a formal meeting for the purpose of inquiring into the reasoning, analyses, and factual bases for the proposed finding. The proceedings of this meeting shall be on the record. The meeting record shall be available to any participating party and become part of the record considered by the Assistant Secretary in reaching a final determination.

(k) The petitioner shall have a minimum of 60 days to respond to any submissions by interested and informed parties during the response period. This may be extended at the Assistant Secretary’s discretion if warranted by the extent and nature of the comments. The petitioner and interested parties shall be notified by letter of any extension. No further comments from interested or informed parties will be accepted after the end of the regular response period.

(l) At the end of the period for comment on a proposed finding, the Assistant Secretary shall consult with the petitioner and interested parties to determine an equitable timeframe for consideration of written arguments and evidence submitted during the response period. The petitioner and interested parties shall be notified of the date such consideration begins.

(1) Unsolicited comments submitted after the close of the response period established in §83.10(i) and §83.10(k), will not be considered in preparation of a final determination. The Assistant Secretary has the discretion during the preparation of the proposed finding, however, to request additional explanations and information from the petitioner or from commenting parties to support or supplement their comments on a proposed finding. The Assistant Secretary may also conduct such additional research as is necessary to evaluate and supplement the record. In either case, the additional materials will become part of the petition record.

(2) After consideration of the written arguments and evidence rebutting or supporting the proposed finding and the petitioner’s response to the comments of interested parties and informed parties, the Assistant Secretary shall make a final determination regarding the petitioner’s status. A summary of this determination shall be published in the Federal Register within 60 days from the date on which the consideration of the written arguments and evidence rebutting or supporting the proposed finding begins.

(3) The Assistant Secretary has the discretion to extend the period for the preparation of a final determination if warranted by the extent and nature of evidence and arguments received during the response period. The petitioner and interested parties shall be notified of the time extension.

(4) The determination will become effective 90 days from publication unless a request for reconsideration is filed pursuant to §83.11.

(m) The Assistant Secretary shall acknowledge the existence of the petitioner as an Indian tribe when it is determined that the group satisfies all of the criteria in §83.7. The Assistant Secretary shall decline to acknowledge that a petitioner is an Indian tribe if it fails to satisfy any one of the criteria in §83.7.

(n) If the Assistant Secretary declines to acknowledge that a petitioner is an Indian tribe, the petitioner shall be informed of alternatives, if any, to acknowledgment under these procedures. These alternatives may include other means through which the petitioning group may achieve the status of an acknowledged Indian tribe or through which any of its members may become eligible for services and benefits from the Department as Indians, or
become members of an acknowledged Indian tribe.

(o) The determination to decline to acknowledge that the petitioner is an Indian tribe shall be final for the Department.

(p) A petitioner that has petitioned under this part or under the acknowledgment regulations previously effective and that has been denied Federal acknowledgment may not re-petition under this part. The term “petitioner” here includes previously denied petitioners that have reorganized or been renamed or that are wholly or primarily portions of groups that have previously been denied under these or previous acknowledgment regulations.

§ 83.11 Independent review, reconsideration and final action

(a)(1) Upon publication of the Assistant Secretary’s determination in the FEDERAL REGISTER, the petitioner or any interested party may file a request for reconsideration with the Interior Board of Indian Appeals. Petitioners which choose under § 83.3(g) to be considered under previously effective acknowledgment regulations may nonetheless request reconsideration under this section.

(2) A petitioner’s or interested party’s request for reconsideration must be received by the Board no later than 90 days after the date of publication of the Assistant Secretary’s determination in the FEDERAL REGISTER. If no request for reconsideration has been received, the Assistant Secretary’s decision shall be final for the Department 90 days after publication of the final determination in the FEDERAL REGISTER.

(b) The petitioner’s or interested party’s request for reconsideration shall contain a detailed statement of the grounds for the request, and shall include any new evidence to be considered.

(1) The detailed statement of grounds for reconsideration filed by a petitioner or interested parties shall be considered the appellant’s opening brief provided for in 43 CFR 4.311(a).

(2) The party or parties requesting the reconsideration shall mail copies of the request to the petitioner and all other interested parties.

(c)(1) The Board shall dismiss a request for reconsideration that is not filed by the deadline specified in paragraph (a) of this section.

(2) If a petitioner’s or interested party’s request for reconsideration is filed on time, the Board shall determine, within 120 days after publication of the Assistant Secretary’s final determination in the FEDERAL REGISTER, whether the request alleges any of the grounds in paragraph (d) of this section and shall notify the petitioner and interested parties of this determination.

(d) The Board shall have the authority to review all requests for reconsideration that are timely and that allege any of the following:

(1) That there is new evidence that could affect the determination; or

(2) That a substantial portion of the evidence relied upon in the Assistant Secretary’s determination was unreliable or was of little probative value; or

(3) That petitioner’s or the Bureau’s research appears inadequate or incomplete in some material respect; or

(4) That there are reasonable alternative interpretations, not previously considered, of the evidence used for the final determination, that would substantially affect the determination that the petitioner meets or does not meet one or more of the criteria in §83.7 (a) through (g).

(e) The Board shall have administrative authority to review determinations of the Assistant Secretary made pursuant to §83.10(m) to the extent authorized by this section.

(1) The regulations at 43 CFR 4.310—4.318 and 4.331—4.340 shall apply to proceedings before the Board except when they are inconsistent with these regulations.

(2) The Board may establish such procedures as it deems appropriate to provide a full and fair evaluation of a request for reconsideration under this section to the extent they are not inconsistent with these regulations.

(3) The Board, at its discretion, may request experts not associated with the Bureau, the petitioner, or interested parties to provide comments, recommendations, or technical advice concerning the determination, the administrative record, or materials filed by the petitioner or interested parties.
The Board may also request, at its discretion, comments or technical assistance from the Assistant Secretary concerning the final determination or, pursuant to paragraph (e)(8) of this section, the record used for the determination.

(4) Pursuant to 43 CFR 4.337(a), the Board may require, at its discretion, a hearing conducted by an administrative law judge of the Office of Hearings and Appeals if the Board determines that further inquiry is necessary to resolve a genuine issue of material fact or to otherwise augment the record before it concerning the grounds for reconsideration.

(5) The detailed statement of grounds for reconsideration filed by a petitioner or interested parties pursuant to paragraph (b)(1) of this section shall be considered the appellant’s opening brief provided for in 43 CFR 4.311(a).

(6) An appellant’s reply to an opposing party’s answer brief, provided for in 43 CFR 4.311(b), shall not apply to proceedings under this section, except that a petitioner shall have the opportunity to reply to an answer brief filed by any party that opposes a petitioner’s request for reconsideration.

(7) The opportunity for reconsideration of a Board decision provided for in 43 CFR 4.315 shall not apply to proceedings under this section.

(8) For purposes of review by the Board, the administrative record shall consist of all appropriate documents in the Branch of Acknowledgment and Research relevant to the determination involved in the request for reconsideration. The Assistant Secretary shall designate and transmit to the Board copies of critical documents central to the portions of the determination under a request for reconsideration. The Branch of Acknowledgment and Research shall retain custody of the remainder of the administrative record, to which the Board shall have unrestricted access.

(9) The Board shall affirm the Assistant Secretary’s determination if the Board finds that the petitioner or interested party has failed to establish, by a preponderance of the evidence, one or more of the grounds under paragraphs (d)(1)—(d)(4) of this section.

(10) The Board shall vacate the Assistant Secretary’s determination and remand it to the Assistant Secretary for further work and reconsideration if the Board finds that the petitioner or an interested party has established, by a preponderance of the evidence, one or more of the grounds under paragraphs (d)(1)—(d)(4) of this section.

(f)(1) The Board, in addition to making its determination to affirm or remand, shall describe in its decision any grounds for reconsideration other than those in paragraphs (d)(1)—(d)(4) of this section alleged by a petitioner’s or interested party’s request for reconsideration.

(2) If the Board affirms the Assistant Secretary’s decision under §83.11(e)(9) but finds that the petitioner or interested parties have alleged other grounds for reconsideration, the Board shall send the requests for reconsideration to the Secretary. The Secretary shall have the discretion to request that the Assistant Secretary reconsider the final determination on those grounds.

(3) The Secretary, in reviewing the Assistant Secretary’s decision, may review any information available, whether formally part of the record or not. Where the Secretary’s review relies upon information that is not formally part of the record, the Secretary shall insert that information into the record, together with an identification of its source and nature.

(4) Where the Board has sent the Secretary a request for reconsideration under paragraph (f)(2), the petitioner and interested parties shall have 30 days from receiving notice of the Board’s decision to submit comments to the Secretary. Where materials are submitted to the Secretary opposing a petitioner’s request for reconsideration, the interested party shall provide copies to the petitioner and the petitioner shall have 15 days from their receipt of the information to file a response with the Secretary.

(5) The Secretary shall make a determination whether to request a reconsideration of the Assistant Secretary’s determination within 60 days of receipt of all comments and shall notify all parties of the decision.
§ 83.12 Implementation of decisions.

(a) Upon final determination that the petitioner exists as an Indian tribe, it shall be considered eligible for the services and benefits from the Federal government that are available to other federally recognized tribes. The newly acknowledged tribe shall be considered a historic tribe and shall be entitled to the privileges and immunities available to other federally recognized historic tribes by virtue of their government-to-government relationship with the United States. It shall also have the responsibilities and obligations of such tribes. Newly acknowledged Indian tribes shall likewise be subject to the same authority of Congress and the United States as are other federally acknowledged tribes.

(b) Upon acknowledgment as an Indian tribe, the list of members submitted as part of the petitioners documented petition shall be the tribe's complete base roll for purposes of Federal funding and other administrative purposes. For Bureau purposes, any additions made to the roll, other than individuals who are descendants of those on the roll and who meet the tribe's membership criteria, shall be limited to those meeting the requirements of § 83.7(e) and maintaining significant social and political ties with the tribe (i.e., maintaining the same relationship with the tribe as those on the list submitted with the group's documented petition).

(c) While the newly acknowledged tribe shall be considered eligible for benefits and services available to federally recognized tribes because of their status as Indian tribes, acknowledgment of tribal existence shall not create immediate access to existing programs. The tribe may participate in existing programs after it meets the specific program requirements, if any, and upon appropriation of funds by Congress. Requests for appropriations shall follow a determination of the needs of the newly acknowledged tribe.

(d) Within six months after acknowledgment, the appropriate Area Office shall consult with the newly acknowledged tribe and develop, in cooperation with the tribe, a determination of needs and a recommended budget. These shall be forwarded to the Assistant Secretary. The recommended budget will then be considered along with other recommendations by the Assistant Secretary in the usual budget request process.

§ 83.13 Information collection.

(a) The collections of information contained in § 83.7 have been approved by the Office of Management and Budget under 44 U.S.C. 3501 et seq. and assigned clearance number 1076-0104. The information will be used to establish historical existence as a tribe, verify family relationships and the group's claim that its members are Indian and descend from a historical tribe or
tribes which combined, that members are not substantially enrolled in other Indian tribes, and that they have not individually or as a group been terminated or otherwise forbidden the Federal relationship. Response is required to obtain a benefit in accordance with 25 U.S.C. 2.

(b) Public reporting burden for this information is estimated to average 1,968 hours per petition, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this collection of information, including suggestions for reducing the burden, to both the Information Collection Clearance Officer, Bureau of Indian Affairs, Mail Stop 336-SIB, 1849 C Street, NW., Washington, DC 20240; and to the Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20503.

§ 87.2 Purpose.

The regulations in this part govern the preparation of proposed plans for the use or distribution, pursuant to the Act, of all judgment funds awarded from the date of the Act to Indian tribes and groups by the Indian Claims Commission or the United States Court of Claims, excepting any tribe or group whose trust relationship with the Federal Government has been terminated and for which there exists legislation authorizing the disposition of its judgment funds; and of all funds deriving from judgments entered prior to the date of the Act for which there has been no enabling legislation.

§ 87.3 Time limits.

(a) The Secretary shall cause to begin as early as possible the necessary research to determine the identity of the ultimate or present day beneficiaries of judgments. Such research shall be done under the direction of the Commissioner of Indian Affairs. The affected tribes or groups shall be encouraged to submit pertinent data. All pertinent data, including cultural, political and historical material, and records, including membership, census and other rolls shall be considered. (b) The results of all research shall be provided to the governing bodies of all affected tribes and groups. The Area Director shall assist the affected tribe or group in arranging for preliminary sessions or meetings of the tribal governing body, or public meetings. The Area Director shall make a presentation of the results of the research and shall arrange for expertise of the Bureau of Indian Affairs to be available at these meetings to assist the tribe or group in developing a use or distribution proposal, bearing in mind that under the Act not less than twenty (20) per centum of the judgment funds, including investment income thereon, is to be used for tribal programs unless the Secretary determines that the particular circumstances of the affected Indian tribe clearly warrant otherwise.

(c) All testimony at the hearing shall be transcribed and a transcript thereof shall be furnished to the Commissioner and the tribal governing body immediately subsequent to the hearing. Particular care shall be taken to insure that minority views are given full opportunity for expression either during the hearing or in the form of written communications by the date of the hearing.

(d) Whenever two or more tribes or groups are involved in the use or distribution of the judgment funds, including situations in which two or more Area Offices are concerned, every effort shall be made by the Area Director or Directors to arrange for a single hearing to be conducted at a time and location as convenient to the involved tribes and groups as possible. Should the tribes and groups not reach agreement on such time or place, or on the number of entities to be represented at the hearing, the Commissioner, after considering the views of the affected tribes and groups, shall within twenty (20) days of receipt of such advice by the Area Director, designate a location and date for such hearing and invite the participation of all entities he considers to be involved and the Commissioner's decision shall be final.

§ 87.5 Submittal of proposed plan by Secretary.

Subsequent to the hearing of record, the Commissioner shall prepare all pertinent materials for the review of the Secretary. Pertinent materials shall include:

(h) A statement regarding the feasibility of the proposed plan, including a timetable prepared in cooperation with the tribal governing body, for the implementation of programming and roll preparation.

Within one hundred and eighty (180) days of the appropriation of the judgment funds the Secretary shall submit a proposed plan, together with the pertinent materials described above, simultaneously to each of the Chairmen of the Congressional Committees, at the same time sending copies of the proposed plan and materials to the governing body of the affected tribe or group. The one hundred and eighty (180) day period shall begin on the date of the Act with respect to all judgments for which funds have been appropriated and for which enabling legislation has not been enacted.
§ 87.6 Extension of period for submitting plans.

An extension of the one hundred and eighty (180) day period, not to exceed ninety (90) days, may be requested by the Secretary or by the governing body of any affected tribe or group submitting such request to both Congressional Committees through the Secretary, and any such request shall be subject to the approval of both Congressional Committees.

§ 87.7 Submittal of proposed legislation by Secretary.

(a) Within thirty (30) calendar days after the date of a resolution by either House disapproving a plan, the Secretary shall simultaneously submit proposed legislation authorizing the use or distribution of the funds, together with a report thereon, to the Chairmen of both Congressional Committees, at the same time sending copies of the proposed legislation to the governing body of the affected tribe or group. § 87.9 Programing aspects of plans.

In assessing any tribal programing proposal the Secretary shall consider all pertinent factors, including the following: the percentage of tribal members residing on or near the subject reservation, including former reservation areas in Oklahoma, or Alaska Native villages; the formal educational level and the general level of social and economic adjustment of such reservation residents; the nature of recent programing affecting the subject tribe or group and particularly the reservation residents; the needs and aspirations of any local Indian communities or districts within the reservation and the nature of organization of such local entities; the feasibility of the participation of tribal members not in residence on the reservation; the availability of funds for programing purposes derived from sources other than the subject judgment; and all other pertinent social and economic data developed to support any proposed program.

§ 87.10 Per capita payment aspects of plans and protection of funds accruing to minors, legal incompetents and deceased beneficiaries.

(a) The per capita shares of living competent adults shall be paid directly to them. The shares of minors, legal incompetents and deceased individual beneficiaries, enhanced by investment earnings, shall be held in individual Indian money (IIM) accounts unless otherwise provided as set out in this section. While held in IIM accounts, said shares shall be invested pursuant to 25 U.S.C. 162a and shall be the property of the minors or legal incompetents or the estates of the deceased individual beneficiaries to whom the per capita payments were made.

(b)(1) Unless otherwise provided in paragraph (b)(2) of this section, minors' per capita shares, until the minors attain the age of 18 years, shall be retained in individually segregated IIM accounts and handled as provided in §115.4 of this chapter. Should it be determined that the funds are to be invested pursuant to a trust, minors who will have reached the age of 18 years within six months after the establishment of the trust shall have their funds retained at interest in IIM accounts and paid to them upon attaining their majority.
§ 87.12 Insuring the proper performance of approved plans.

A timetable prepared in cooperation with the tribal governing body shall be included in the plan submitted by the Secretary for the implementation of all programing and enrollment aspects of a plan. At any time within one calendar year after the approval date of a plan, the Area Director shall report to the Commissioner on the status of the implementation of the plan, including all enrollment and programing aspects, and thenceforth shall report to the Commissioner on an annual basis regarding any remaining or unfulfilled aspects of a plan. The Area Director shall
shall include in his first and all subsequent annual reports a statement regarding the maintenance of the timetable, a full accounting of any per capita distribution, and the expenditure of all programing funds. The Commissioner shall report the deficient performance of any aspect of a plan to the Secretary, together with the corrective measures he has taken or intends to take.

Requests for forms should include a statement of the scope of the intended employment; that is, whether an attorney is desired for investigation and prosecution of tribal claims against the United States, or as a general legal counsel in connection with the ordinary business of the tribe, or specific problems on which legal advice is desired, or specific matters requiring representation in court or before committees of Congress and the departments of the Government. The period for which an attorney is desired should be stated.

§ 89.5 Fees and expenses.

Funds held in the treasury of an organized tribe may be used by the tribe for payment of fees and expenses of an attorney. A contract providing for payment of fees and/or expenses should be accompanied by an appropriation act passed by the governing body of the tribe in accordance with the requirements of the tribal constitution or charter, appropriating sufficient tribal funds for payment of fees and/or expenses as provided by the contract. The amount of tribal funds held in the tribal treasury, not otherwise appropriated...
§ 89.6 Funds in Federal Treasury.

Under rulings of the Comptroller General and section 27 of the act of May 18, 1916 (39 Stat. 158; 25 U.S.C. 123), tribal funds held in the United States Treasury may not be used for payment of attorney fees and expenses in the absence of express authorization by Congress.

§ 89.7 Statutes governing.

The negotiation and execution of tribal attorney contracts with tribes not organized under the Indian Reorganization Act must be in strict accordance with the requirements of section 2103 of the Revised Statutes of the United States (25 U.S.C. 81).

§ 89.8 Selection of counsel.

Except as stated in §§ 89.12 through 89.15 and 89.26, a tribal attorney or technical specialist and tribal delegates to execute a contract shall be selected by a general council or meeting of the tribe, to be called by the superintendent of the particular reservation.

§ 89.12 Negotiation by tribal business committee.

A tribal business committee, advisory board, or other similar representative body having standing authority to act for and in behalf of the tribe in matters of importance, may, when it finds that there is a substantial need and demand for retention of tribal counsel, negotiate with an attorney or attorneys.

§ 89.13 Limitation of authority.

The tribal business committee or other representative body, when proceeding under § 89.12 should carefully investigate, with the assistance of the superintendent if desired, the qualifications of available attorneys, bearing in mind the purpose for which counsel is desired and except as provided in § 89.14 shall carry on its negotiations with attorneys subject to the distinct understanding that final action on the selection and employment of counsel shall be had in a general council or meeting of the tribe or as otherwise provided under § 89.15, subject to approval by the Secretary of the Interior or his authorized representative as required by law.

§ 89.22 Qualifications of attorneys.

The person selected as attorney should be a reputable member of the bar, and fully competent to carry the case through the Court of Claims, and to the Supreme Court of the United States, if necessary.

§ 89.24 Fees and expenses.

Under rulings of the Comptroller General and section 27 of the act of May 18, 1916 (39 Stat. 158; 25 U.S.C. 123), tribal funds held in the United States Treasury may not be used for payment of attorney fees and expenses, in the absence of express authorization by Congress. Unless congressional authority has been obtained for the use of tribal funds, the payment of attorney fees and expenses shall be contingent upon a recovery by the Indians in the matters or claims covered in the contract. In case congressional authority has been obtained for the use of tribal funds, the provisions of the contract concerning the payment of such fees and expenses should strictly conform to the provisions of the act authorizing the use of the funds.

§ 89.30 Contents and approval of contracts.

All contracts for the services of legal counsel or technical specialists negotiated and executed with the Choctaw, Chickasaw, Cherokee, Creek, or Seminole Tribes or Nations, also known as the Five Civilized Tribes, shall be in strict compliance with the requirements of section 2103 of the Revised Statutes of the United States (25 U.S.C. 81).

§ 89.31 Negotiation of contract.

That person or governing entity recognized as having authority to act for and in behalf of any one of the Five Civilized Tribes in matters of importance may, when it is found there is a substantial need and demand therefor, negotiate and contract for services of a tribal counsel or counsels and technical specialist or specialists, subject to the approval of the Secretary of the Interior or his authorized representative.

§ 89.32 Notice from the principal officer.

The notice and statement shall be transmitted to the Area Director by the Superintendent together with the latter’s
Bureau of Indian Affairs, Interior

report and recommendations with respect to the approval of such contract.

§ 89.40 General policy.

In ordinary circumstances, legal services with respect to trust resources are provided for Indian tribe(s):

(a) By private counsel employed by tribes when such tribe is financially able and elects to do so, or

(b) By the United States as trustee through the Office of the Solicitor and/or the Department of Justice.

It is the policy of the Department of the Interior not to use federally appropriated funds to pay for private counsel to represent Indian tribes. Exceptions to that policy are listed in § 89.41 of this part.

§ 89.41 Exceptions to policy.

The Assistant Secretary—Indian Affairs upon concurrence of the Solicitor and receipt of a recommendation as provided by § 89.43 may, in his/her discretion, authorize the direct or indirect expenditure of appropriated funds to pay reasonable attorney’s fees in order to permit an Indian tribe to secure private legal representation in the following circumstances:

(a) When a tribe determines it necessary to bring a court action or to defend itself to protect its trust resources, rights claimed under a treaty, agreement, executive order, or statute, or its governmental powers and the Attorney General refuses assistance or advises that assistance is not otherwise available (Comptroller General’s Opinion B-114868, December 6, 1976).

(b) When a tribe determines it necessary to institute or to defend itself in an administrative proceeding to protect its trust resources, rights claimed under a treaty, agreement, executive order, or statute, or to protect its governmental powers and the Solicitor is unable to provide representation due to a conflict of interest or other reasons.

(c) When a tribe determines legal assistance necessary, other than for litigation, pursuant to a contract executed under Pub. L. 93-638 and the Solicitor has determined that the services of his office are not available.

(d) When a tribe determines it critical, and the Assistant Secretary—Indian Affairs finds the concerns of the tribe to have merit after consultation with and the advice of the Solicitor, to
§ 89.42 Factors to be considered.

The following factors are to be considered in determining whether funds should be paid to provide private legal representation for a tribe.

(a) The merits of the legal position which the tribe asserts. Greater weight will be given to those cases where the tribe's legal argument is deemed particularly meritorious than to those cases where the tribe's position, although not entirely without merit, may be relatively weak;

(b) The ability of the tribe to pay all or a part of its legal expenses out of its own funds. A review of the tribe's financial resources under this subsection will include an examination of the tribe's total expenditures to determine whether its expenditures for other purposes comport with the asserted importance of the case for which it seeks funds;

(c) Whether the question the tribe seeks to litigate is being litigated in another case by another tribe;

(d) Whether, as a matter of strategy, the issues the tribe seeks to litigate could be more satisfactorily resolved in another forum, in a different factual context, or at a different time; and

(e) Whether the issue should be litigated at all in preference to a legislative or other solution.

§ 89.43 Procedures.

The information collection requirements contained in this section do not require approval by the Office of Management and Budget under 44 U.S.C. 3051 et seq., because it is anticipated there will be fewer than 10 respondents annually.

(a) A tribe or other organization seeking funds under §89.41 shall submit a written request through the Agency Superintendent and the Area Director, including

(1) A detailed statement describing the nature and scope of the problems for which legal services are sought;

(2) A statement of the terms, including total anticipated costs, of the requested legal services contract;

(3) A current financial statement and a statement that the tribe does not possess sufficient tribal funds or assets to pay for all or a part of the legal services sought; and

(4) A statement of why the matter must be handled by a private attorney as opposed to Department of Justice or Department of Interior attorneys.

All requests shall be considered by a committee consisting of the Deputy Assistant Secretary—Indian Affairs (Policy), or his delegate, the Director of the Office of Trust Responsibilities in BIA or his delegate, and the Associate Solicitor—Indian Affairs or his delegate.

(b) If two of the three committee members recommend approval of a tribe's request, the request, along with the committee's recommendation, shall be submitted to the Assistant Secretary for final determination after consultation with and the advice of the Solicitor. The committee's recommendation shall indicate the amount of funds recommended to assist the tribe, the hourly rate allowed, the maximum amount permitted to be expended in the recommended action and the tribal contributions, if any. The Assistant Secretary shall approve the
request only with the concurrence of the Solicitor.

(c) The requirements imposed by this policy are supplementary to those contained in all existing regulations dealing with attorney contracts with Indian tribes and, in particular, those contained in parts 88 and 89 of this title.

The borrower will submit the request for modification and will indicate the section(s) of the loan agreement to be modified together with a justification for the modification. Requests for modifications of loan agreements will include an agreement to abide by the provisions of the regulations in this part and future amendments and modifications thereof. In addition, a current credit bureau report, obtained by the Bureau of Indian Affairs, will be made a part of the modification request.

(b) Relending program. Any modification of the terms and provisions of a loan agreement of a borrower from an organization conducting a relending program must be in writing, agreed to by the borrower, and must be approved by the body authorized to act on loans and modifications thereof as provided in an approved declaration of policy and plan of operation or other plan. If a request for modification of a loan has been disapproved by the body authorized to act on the request, the rejected borrower may request the Commissioner to make a direct loan from the revolving loan fund if the Commissioner determines that the rejection is unwarranted.

§ 101.7 Management and technical assistance.

Prior to and concurrent with the approval of a United States direct loan to finance an economic enterprise, the Commissioner will assure under title V of the Indian Financing Act of 1974 that competent management and technical assistance is available to the loan applicant for preparation of the application and/or administration of funds loaned consistent with the nature of the enterprise proposed to be or in fact funded by the loan. Assistance may be provided by available Bureau of Indian Affairs staff, the tribe or other sources which the Commissioner considers competent to provide needed assistance. Contracting for management and technical assistance may be used only when adequate assistance is not available without additional cost. Contracts for providing borrowers with competent management and technical assistance shall be in accordance with applicable Federal Procurement Regulations and the Buy Indian Act of April 30, 1908, chapter 153 (35 Stat. 71), as
§ 101.8 Environmental and Flood Disaster Acts.

Loans will not be approved until there is assurance of compliance with any applicable provisions of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234, 87 Stat. 975), the National Environmental Policy Act of 1969 (Pub. L. 91-190), (42 U.S.C. 4321) and Executive Order 11514.

§ 101.9 Preservation of historical and archeological data.

(a) On United States direct loans from the revolving loan fund and modifications thereof to provide additional loan funds which will involve excavations, road or street construction, land development or disturbance of land on known or reported historical or archeological sites, the Commissioner will take or require appropriate action to assure compliance with the applicable provisions of the Act of June 27, 1960 (74 Stat. 220; (16 U.S.C. 469)), as amended by the Act of May 24, 1974 (Pub. L. 93-291, 88 Stat. 174).

(b) On loans made by relending organizations conducting a relending program using revolving loan funds, the body authorized to act on loan applications and modifications thereof will, at the time of taking action on a loan or request for modification, inform the applicant of the applicability of this Act to the loan and advise the Commissioner of compliance or the need to obtain compliance.

§ 101.10 Federal Reserve Regulation Z and Fair Credit Reporting Act.

(a) United States direct loans and loans made by a relending organization are subject to the provisions of Federal Reserve Regulation Z (Truth In Lending, 12 CFR part 226; Pub. L. 91-508, 84 Stat. 1127). Economic enterprises which extend credit and require payment of finance charges on unpaid balances will determine the applicability of Regulation Z and comply with the requirements thereof. The Commissioner will issue any necessary instructions to assure compliance with Regulation Z on United States direct loans.

(b) Relending organizations, through their committee or other body authorized to act on loan matters on its behalf, will assure compliance with the applicable provisions of this Act.

(c) The Commissioner will require adherence to the provisions and requirements of title VI of the Fair Credit Reporting Act in making United States direct loans. Relending organizations, through the body authorized to act on credit matters, will require compliance with the requirements of the Fair Credit Reporting Act.

§ 101.11 Interest.

(a) The interest to be charged on loans by the United States shall be at a rate determined by the Secretary of the Treasury in accordance with section 104, title I, of the Indian Financing Act of 1974 (Pub. L. 93-262, 88 Stat. 77). The interest rate shall be determined monthly and shall be effective on advances made on loans during the current calendar month. The interest rate shall be stated in the promissory note(s) executed by the borrower(s) evidencing the advance(s).

(b) Relending organizations, through the body authorized to act on loan matters on its behalf, will determine the applicability of this Act to the loan and advise the Commissioner of compliance or the need to obtain compliance.

(d) The interest rate on loans made by relending organizations which are conducting relending programs shall not be less than the rate the organization pays on its loan(s) from the United States. Relending organizations which adopt and follow the same procedure in calculating interest on educational loans as is followed on educational loans made by the United States, will not be charged interest on loans from the United States on the amount outstanding on educational loans during the period the organization is not charging its borrowers interest.

(e) Economic enterprises which extend credit and require payment of finance charges on unpaid balances will determine the applicability of Regulation Z and comply with the requirements thereof. The Commissioner will issue any necessary instructions to assure compliance with Regulation Z on United States direct loans.

(b) Relending organizations, through their committee or other body authorized to act on loan matters on its behalf, will assure compliance with the applicable provisions of this Act.

(c) The Commissioner will require adherence to the provisions and requirements of title VI of the Fair Credit Reporting Act in making United States direct loans. Relending organizations, through the body authorized to act on credit matters, will require compliance with the requirements of the Fair Credit Reporting Act.

§ 101.11 Interest.

(a) The interest to be charged on loans by the United States shall be at a rate determined by the Secretary of the Treasury in accordance with section 104, title I, of the Indian Financing Act of 1974 (Pub. L. 93-262, 88 Stat. 77). The interest rate shall be determined monthly and shall be effective on advances made on loans during the current calendar month. The interest rate shall be stated in the promissory note(s) executed by the borrower(s) evidencing the advance(s).

(b) Additional charges to cover loan administration costs, including credit reports, may be charged to borrowers.

(c) Education loans may provide for deferral of interest while the borrower is in school full time or in the military service.

(d) The interest rate on loans made by relending organizations which are conducting relending programs shall not be less than the rate the organization pays on its loan(s) from the United States. Relending organizations which adopt and follow the same procedure in calculating interest on educational loans as is followed on educational loans made by the United States, will not be charged interest on loans from the United States on the amount outstanding on educational loans during the period the organization is not charging its borrowers interest.

(e) Interest rates on loan advances made by the United States as shown on promissory notes dated before April 12, 1974, will remain in effect until the loan is paid in full, refinanced, or modified to extend the repayment
§ 101.13 Security.

(a) United States direct loans shall be secured by such security as the Commissioner may require. A lack of security will not preclude the making of a loan if the proposed use of the funds is sound and the information in the application and supporting papers correctly show that expected income will be adequate to pay all expenses and the loan principal and interest payments, indicating reasonable assurance that the loan will be repaid. Loans made by relending organizations conducting relending programs will require borrowers to give security for loans, if available, but the absence of security will not preclude the making of a loan if the proposed use of the funds is sound and the information in the application and supporting papers correctly show that expected income will be adequate to pay all expenses and the loan principal and interest payments, indicating reasonable assurance that the loan will be repaid. The declaration of policy and plan of operation of relending organizations conducting relending programs will include provisions covering the type and amount of security to be taken to secure loans made.

(b) Land purchased by an individual Indian with the proceeds of a loan and land already held in trust or restricted status by the individual Indian may be mortgaged as security for a loan in accordance with 25 CFR 152.34 and the Act of March 29, 1936 (70 Stat. 62; 25 U.S.C. 483a)). Mortgages of individually held trust or restricted land will include only an acreage of the borrower’s land which the Commissioner determines is necessary to protect the loan in case of default. On proposed foreclosures which involve the sale of individually held trust or restricted land given as security for a loan, the tribe of the reservation on which the land is located will be notified in writing at least thirty calendar days in advance of the anticipated date of sale. Land purchased by a tribe with the proceeds of a loan from the revolving loan fund with title taken in a trust or restricted status, and land already held in a trust or restricted status by a tribe may not be mortgaged as security for a loan.

(1) Title to any land purchased by a tribe or by an individual Indian with revolving loan funds may be taken in trust or restricted status unless the land is located outside the boundaries of a reservation or a tribal consolidation area approved by the Secretary. Title to any land purchased by a tribe or an individual Indian which is outside the boundaries of a reservation or approved consolidation area may be taken in trust if the purchaser was the owner of trust or restricted interests in the land before the purchase. Otherwise, title shall be taken in the name of the purchaser without any restrictions on alienation, control, or use.

(c) Mortgages of leasehold interests in land held in trust or restricted status by an individual Indian, may be
taken for the purpose of borrowing capital for the development and improvement of the leased premises when permitted in the lease or lease modification agreement. Such mortgages must be approved by the lessor and Commissioner. (70 Stat. 62, (25 U.S.C. 483a)).

(d) Individuals may give assignments of income from trust property as security for loans. Tribes may give assignments of trust income as security for loans provided that the assignment shall be specific as to the source(s) of income being assigned. All assignments of trust income require approval by the Commissioner before becoming effective.

(e) Chattels may be given as security for a loan. A mortgage on chattels, the title to which is known to be in trust, requires Commissioner approval. Nontrust chattels may be mortgaged without approval of any federal official.

(f) Crops grown on lands held in trust or restricted status for the benefit of an individual Indian may be given as security for a loan when approved by the Commissioner. Crops grown on leased, trust or restricted land may be given as security for a loan when permitted by the provisions of a lease or when the owner gives written consent. Approval of the lien document by the Commissioner is required. Crops grown on trust or restricted land held by a tribe which has been assigned to an individual for use may be given as security for a loan, provided the terms of the assignment permit the assignee to give the crops as security for a loan or the tribe's governing body specifically gives consent. The lien document requires Commissioner approval. Crops grown on non-trust or non-restricted land may be mortgaged without the approval of any federal official.

(g) Title to any personal property purchased with a loan shall be taken in the name of the purchaser and mortgaged to secure the loan unless the loan is otherwise adequately secured. Tribes must adhere to the provisions of their constitutions and bylaws, corporate charters, or other organizational documents when mortgaging tribal property and assigning trust income as security for loans.

(h) Relending organizations receiving a loan from the United States for re-lending shall be required to assign to the United States as security for the loan all securities acquired in connection with loans made to its members, sub-organizations, or associations from such funds, unless the Commissioner determines that repayment of the loan to the United States is otherwise reasonably assured. Funds advanced to finance a tribal economic enterprise shall be secured by an assignment of net income and net assets of the economic enterprise, unless the Commissioner determines that it is not feasible to require an assignment or that repayment of the loan to the United States is otherwise reasonably assured.

(i) Securing documents or financing statements shall be filed or recorded in accordance with applicable state or federal laws except for those customarily filed in Bureau of Indian Affairs offices. Mortgages on documented vessels will be filed at the customs house designated as the home port of the vessel as shown on the marine document.

§ 101.14 Maturity.

The maturity of any United States direct loan shall not exceed thirty years. Loans made will be scheduled for repayment at the earliest possible date consistent with the purpose of the loan and the repayment capacity of the borrower.

§ 101.15 Penalties on default.

Unless otherwise provided in the loan agreement between the United States and a borrower, failure on the part of a borrower to conform to the terms of the loan agreement will be deemed grounds for the taking of any one or all of the following steps by the Commissioner:

(a) Discontinue any further advance of funds contemplated by the loan agreement.

(b) Take possession of any or all collateral given as security and in the case of individuals, corporation, partnerships or cooperative associations, the property purchased with the borrowed funds.

(c) Prosecute legal action against the borrower or against officers of corporations, tribes, bands, credit associations, cooperative associations, and other organizations.
§ 101.16 Default on loans made by relending organizations.

Relending organizations conducting relending programs using revolving loan funds will follow prudent lending practices in making and servicing loans and take appropriate actions to protect their interests in the security given to secure repayment of loans. Declarations of policy and plans of operation shall include procedures which will be followed in acting to correct a default, such as modification of loan agreement or foreclosure and liquidation of security. Relending organizations employing a general counsel will refer legal questions on foreclosure procedures and sale of security to their counsel.

§ 101.17 Uncollectable loans made by the United States.

If the Secretary determines that a United States direct loan is uncollectable in whole or in part or is collectable only at an unreasonable cost, or when such action would be in the best interest of the United States, the Secretary may cancel, adjust, compromise, or reduce the amount of any loan made from the revolving loan fund. The Commissioner may adjust, compromise, subordinate, or modify the terms of any mortgage, lease, assignment, contract, agreement, or other document taken as security for loans. The cancellation of all or part of a loan shall become effective when signed by the Secretary.

§ 101.18 Uncollectible loans made by relending organizations.

(a) Relending organizations conducting relending programs using revolving loan funds may, when approved by the Commissioner, chargeoff as uncollectible all or part of the balance...
of principal and interest owing on loans which are considered to be uncollectible. Usually a chargeoff includes both principal and interest and provides for cessation of interest accruals on the principal balance owing as of the date of the chargeoff.

(b) Action to chargeoff a loan will be in the form of a resolution enacted by the committee or body authorized and responsible for actions on loan matters for the relending organization. Before action is taken to chargeoff a loan as uncollectible, the lender will make an effort, to the extent feasible, to liquidate the security given for a loan and apply the net proceeds as a repayment on the balance of principal and interest owed. The chargeoff of a loan by a relending organization as uncollectible will not reduce the principal balance owed to the United States. A chargeoff will not release the borrower of the obligation or the responsibility to make payments when his or her financial situation will permit. Chargeoff action will not release the lender of responsibility to continue its efforts to collect the loan.

§ 101.19 Assignment of loans.

A borrower of a direct loan from the United States may not assign the loan agreement or any interest in it to a third party without the consent of the Commissioner. Relending organizations which are conducting relending programs may not assign the loan agreements of borrowers, or any interest therein, to third parties without the approval of the Commissioner and the borrower.

§ 101.20 Relending by borrower.

(a) A relending organization may reloan funds loaned to it by the United States with the approval of the Commissioner. The Commissioner may authorize such lenders to approve applications for particular types of loans up to a specified amount.

(b) Loans shall be secured by such securities as the lender and the Commissioner may require. With the Commissioner's approval, mortgages of individually held trust or restricted land, leasehold interests, chattels, crops grown on trust or restricted land, and assignments of trust income may all be taken as security for loans.

(c) Title to personal property purchased with loans received from relending organizations using revolving loan funds in its relending program shall be taken in the name of the borrower.

(d) The term of a loan made by a relending organization conducting a relending program shall not extend beyond the maturity date of its loan from the United States, unless an exception is approved by the Commissioner and the organization has funds available from which to make scheduled repayment on its loan from the United States. Loans made will be scheduled for repayment at the earliest possible date consistent with the purpose for which a loan is made and the indicated repayment capacity of the borrower.

(e) Securing documents or financing statements shall be filed or recorded in accordance with federal or state law except those customarily filed in Bureau of Indian Affairs offices. Mortgages on documented vessels will be filed at the custom house designated as the home port of the vessel as shown on the marine document.

§ 101.21 Repayments on United States direct loans.

Repayments on United States direct loans shall be made to the authorized collection officer of the Bureau of Indian Affairs who shall issue an official receipt for the repayment and deposit the collection into the revolving loan fund. Collections will first be applied to pay interest to date of payment and the balance applied on the principal installment due. Collections on loans made by relending organizations which have been declared in default in which the Commissioner has taken control of the assets of the program (including loans made with balances owing) will be made to an authorized collection officer of the Bureau of Indian Affairs who shall issue a receipt to the payor and deposit the collection in the United States revolving loan fund. The relending organization's loan from the United States will be credited with the
§ 101.22 Repayments on loans made by relending organizations.

Repayments on loans made by a relending organization conducting a relending program will be made to the officers of the lending organization or individuals designated and authorized in a declaration of policy and plan of operation. Collections on loans and other income to a relending program will be deposited in the lender's revolving loan account as designated in a declaration of policy and plan of operation. Collections on loans will be first applied to pay interest to date of payment with the balance applied to the principal.

§ 101.23 Approval of articles of association and bylaws.

Articles of association and bylaws of relending organizations and cooperative associations require approval of the Commissioner if they make application for a revolving credit loan.

§ 101.24 Loans for expert assistance for preparation and trial of Indian claims.

(a) Loans may be made to Indian tribes, bands and other identifiable groups of Indians from funds authorized and appropriated under the provisions of section 1 of the Act of November 4, 1963 (Pub. L. 88-168, 77 Stat. 301; 25 U.S.C. 81), as amended by the Act of September 19, 1966 (Pub. L. 89-592, 80 Stat. 814) and section 2 of the Act of May 24, 1973 (Pub. L. 93-37, 87 Stat. 73). Loan proceeds may only be used for the employment of expert assistance, other than the assistance of counsel, for the preparation and trial of claims pending before the Indian Claims Commission.

(b) Applications for loans will be submitted on forms approved by the Commissioner and shall include a justification of the need for a loan. The justification shall include a statement from the applicant's claims attorney regarding the need for a loan. The application will be accompanied by a statement signed by an authorized officer of the applicant certifying that the applicant does not have adequate funds available to obtain and pay for the expert assistance needed. The Superintendent and the Area Director will attest to the accuracy of the statement or point out any inaccuracies. Loans will be approved by issuance of a commitment order by the Commissioner.

(c) Contracts for the employment of experts are subject to the provisions of 25 U.S.C. 81 and require approval by the Commissioner.

(d) Vouchers or claims submitted by experts for payment for services rendered and reimbursement for expenses will be in accordance with the provisions of the expert assistance contract and shall be sufficiently detailed and itemized to permit an audit to determine that the amounts are in accordance with the contract. Vouchers or claims shall be reviewed by the borrower's claims attorney who will certify on the last page of the voucher or by attachment thereto, that the services have been rendered and payment is due the expert and that expenses and charges for work performed are in accordance with the provisions of the contract.

(e) Requests for advances under the loan agreement shall be accompanied by a certificate signed by an authorized officer of the borrower certifying that the borrower does not have adequate funds available from its own financial resources with which to pay the expert. The Superintendent and Area Director will attest to the accuracy of the statement or point out inaccuracies. A copy
of the voucher or claim from the expert will accompany the request for advance.

(f) Loan funds will be advanced only as needed to pay obligations incurred under approved contracts for expert assistance. The funds will be deposited in a separate account, shall not be commingled with other funds of the borrower, and shall not be disbursed for any other purpose.

(g) Loans shall bear interest at the rate of 5½ percent per annum from the date funds are advanced until the loan is repaid.

(h) The principal amount of the loan advanced plus interest shall be repayable from the proceeds of any judgment received by the borrower at the time funds from the award become available to make the payment.

§ 103.2 Purpose.

(a) The purpose of this part 103 is to prescribe the terms, conditions and provisions under which loans made to eligible tribes, Indian organizations and individual Indians for financing economic enterprises which contribute beneficially to the economy of an Indian reservation or for housing on a reservation may be guaranteed or insured. Lenders are reimbursed for a percentage of a loss or losses incurred on loans made under the provisions of this part 103, as evidenced by an approved guaranty certificate or insurance agreement.

(b) It is also the purpose of this part 103 to prescribe procedures for payment of an interest subsidy to lenders making guaranteed or insured loans to reduce the interest to be paid by the borrower, for establishing loan guaranty and insurance premiums to be charged, and for collection of the premium. This program will provide Indians with additional sources of financing needed to develop and manage their reservation resources to a higher degree.

§ 103.4 Management and technical assistance.

(a) Prior to and concurrent with the issuance of a guaranty certificate for a loan to finance an economic enterprise, the Commissioner will assure under title V of the Indian Financing Act that competent management and technical assistance are available for preparation of the application and/or administration of funds granted consistent with the nature of the enterprise proposed to be or that is in fact funded. A lender making loans under the provisions of a general insurance agreement may determine each applicant’s need for management and technical assistance when financing of an economic enterprise is involved. If a lender determines that an applicant will need management and technical assistance, it will notify the Commissioner in writing indicating the specific areas of need, and whether it will provide such assistance.

§ 103.5 Preservation of historical and archeological data.

Lenders making guaranteed or insured loans to finance activities involving excavations, road construction, and land development or involving the disturbance of land on known or reported historical or archeological sites will take appropriate action to assure compliance with applicable provisions of the Act of June 27, 1960 (74 Stat. 220; 16 U.S.C. 469), as amended by the Act of May 24, 1974 (Pub. L. 93-291, 88 Stat. 174), relating to the preservation of historical and archeological data. Lenders receiving applications for loans which include funds for purposes which may involve compliance with the provisions of the Act of June 27, 1960, as amended, may request assistance and guidance from the Commissioner in assuring compliance with the requirements of the Act.

§ 103.6 Environmental and flood disaster protection.

Applications for loans to purchase or construct buildings or other improvements which require compliance with any provisions of the Flood Disaster Protection Act of 1973 (Pub. L. 93-294, 87 Stat. 975), and provisions of the National Environmental Policy Act of 1969 (Pub. L. 91-190; 42 U.S.C. 4321) and Executive Order 11514 will not be approved until the lender has received assurance of compliance with any applicable provisions of these Acts. Lenders receiving applications which include funds for purposes which may involve compliance with the provisions of one or both of these Acts may request assistance and guidance from the Commissioner in assuring compliance.

§ 103.7 Eligible organizations.

Tribes and Indian organizations having a form of organization satisfactory to the Commissioner recognized by the Federal Government as eligible for
services from the Bureau of Indian Affairs, and indicating reasonable assurance of repayment, are eligible for guaranteed or insured loans. If Indian ownership of an economic enterprise falls below 51 percent, the borrower shall be in default and the interest subsidy shall be discontinued. Cooperative associations, corporations and partnerships shall be organized pursuant to state, federal or tribal law. Cooperative associations, corporations, and partnerships applying for a guaranteed or insured loan to purchase, establish or operate an economic enterprise on a reservation must comply with the requirements of applicable rules, resolutions, or ordinances enacted by the governing body of the tribe, if applicable.

§ 103.8 Eligible individuals.

Indians who are members of tribes recognized by the federal government as eligible for services from the Bureau of Indian Affairs are eligible for guaranteed or insured loans. Individuals applying for a guaranteed or insured loan to purchase, establish or operate an economic enterprise on a reservation must comply with the requirements of applicable rules, resolutions, or ordinances enacted by the governing body of the tribe.

§ 103.9 Eligible lenders.

(a) Those financial institutions subject to examination and supervision by an agency of the United States, a state, or the District of Columbia, having the capacity to evaluate, process, disburse, and service loans, and Indian tribes making loans from their own funds to other tribes or organizations of Indians, are eligible to have loans insured under this part 103. Loans made by any lender regularly engaged in making loans, having the capacity to accept and process applications and service loans, and which lender is satisfactory to the Commissioner, may be guaranteed. Any national bank or federal savings and loan association, or any bank, trust company, building and loan association, or insurance company authorized to do business in the District of Columbia may make any loan of which at least 20 percent is guaranteed under this part 103 without regard to the limitations and restrictions of any other federal statute with respect to:

(1) Ratio of amount of loan to the value of the property;
(2) Maturity of loans,
(3) Requirement of mortgage or other security,
(4) Priority of lien, or
(5) Percentage of assets which may be invested in real estate loans.

(b) Any guaranty certificate issued pursuant to this part 103 or any loan insured pursuant to an agreement with a lender approved in accordance with this part 103 shall be conclusive evidence that the loan was eligible for guaranty or insurance.

§ 103.10 Ineligible loans.

The following loans are not eligible for guaranty or insurance under this part 103:

(a) Loans made by any agency or instrumentality of the federal government.

(b) Loans made by an organization of Indians making loans from funds borrowed from the United States.

(c) Loans where the interest income is not included as taxable income under chapter 1 of the Internal Revenue Code of 1954 as amended.

(d) Loans with repayment terms exceeding thirty years.

(e) Loans which are linked to Federally tax-exempt bond obligations.

(f) Loans to a borrower whose equity, as defined in §103.1, in the business being financed is less than 20 percent.

§ 103.11 Guaranteed loans.

Loans, except those excluded in §103.10, made by any lender meeting the requirements of §103.9(a), which are satisfactory to the Commissioner may be guaranteed. Applications for guaranty will be considered on a loan by
§ 103.12 Insured loans.

(a) Eligible lenders, as prescribed in §103.9, and tribes making loans from their own funds to other tribes or Indian organizations, may make insured loans, except those excluded in §103.10 pursuant to the provisions of an insurance agreement entered into between the Commissioner and the lender. Insurance agreements may be entered into by the Commissioner and eligible lenders which will authorize the lenders to make insured loans to eligible applicants without the Commissioner's approval of each individual loan. Separate insurance agreements will be issued by the Commissioner for those loans which require the issuance of individual insurance agreements.

(b) Lenders will make loans only when there is a reasonable prospect of repayment. The insurance on any loan made under the provisions of an insurance agreement will not be effective until receipt of the insurance premium by the Commissioner.

§ 103.13 Amount of guaranty.

(a) The percentage of a loan that is guaranteed shall be the minimum necessary to obtain financing for an applicant, but may not exceed 90 percent of the unpaid principal and interest. The liability under the guaranty shall increase or decrease pro rata with an increase or decrease in the unpaid portion of the principal amount of the obligation. No loan to an individual Indian, partnership, or other non-tribal organization may be guaranteed for an unpaid principal amount in excess of $50,000 or such maximum amount provided in any amendments to the Indian Financing Act of 1974. Any loan to an individual Indian having a principal amount in excess of $50,000 shall be insured without the prior approval of the Commissioner.

(b) Applications of minors as determined by applicable state and federal law, may not be approved unless the natural parents or legal guardians, with reputations as being responsible individuals, co-sign the promissory note(s) and securing document(s). Not more than one guaranteed loan may be in effect with the same borrower at any time without the prior approval of the Commissioner.

§ 103.14 Amount of insurance.

(a) The insurance provisions will apply to loans made by a particular lender under the terms of an insurance agreement entered into between the Commissioner and the lender. The insurance procedure will be used primarily for loans to finance small economic enterprises and secondarily for housing. A lender may be reimbursed for a loss on a particular loan in an amount not to exceed 90 percent of the loss on principal and unpaid accrued interest on the loan. However, the total reimbursement to a lender for losses may not exceed 15 percent of the aggregate of insured loans made by it.

(b) Loans for any amount made by tribes from their own funds to other tribes or Indian organizations will not be insured without the prior approval of the Commissioner. No loan to finance an economic enterprise with a principal amount in excess of $50,000 shall be insured without the prior approval of the Commissioner. No loan to finance an economic enterprise with a principal amount in excess of $50,000 will require prior approval of the Commissioner. No loan to a tribe or Indian organization for a principal amount of less than $10,000 for a term of less than one year may be insured. An exception may be made to these limitations on amounts and time, if approved by the Commissioner.

(c) Applications of minors may not be approved unless the natural parents or legal guardians, with reputations as being responsible individuals, co-sign the promissory note(s) and securing document(s). Not more than one insured loan may be in effect with the same
§ 103.15 Application for loan guaranties or insurance.

(a) Applicants for loans will deal directly with lenders for both guaranteed and insured loans. The form of loan applications will be determined by the lender. The application for a loan guaranty or insurance, or attachments thereto, must include or show the following:

(1) The name and address of the borrower with the tax identification number if the borrower is a business entity or the social security number if an individual;

(2) A statement signed by the borrower that the borrower is not delinquent with any Federal tax or other obligations;

(3) The plan of operation for the economic enterprise including an identified target market for the goods or services being offered;

(4) Purpose(s) and the amount of the loan;

(5) Security to be given which shall be itemized with valuations of such collateral and the method used to value the collateral, the date of such valuation, who performed the valuation, and the creditor priority positions;

(6) Hazard and liability insurance to be carried;

(7) Interest rate;

(8) Repayment schedule;

(9) Repayment source(s);

(10) How title to the property to be purchased with the loan will be taken;

(11) Current financial statements of the loan applicant;

(12) Description and dollar value of the equity or personal investment to be made by the applicant;

(13) Charges pursuant to §103.44;

(14) Pro forma balance sheets, operating statements and cash flow statements for at least three years;

(15) Balance sheets and operating statements for the two preceding years, or applicable period thereof if already in operation;

(16) The lender’s evaluation of the economic feasibility of the enterprise and internal credit memorandum; and

(17) A current credit bureau report on the borrower.

Applications will also show the percentage of guaranty requested.

(b) Reasonable assurance of repayment will be considered to exist:

(1) In the case of individuals, where past operations and future prospects of the applicant’s operations demonstrate ability to repay the loan from production, earnings, or other assets. Full consideration will be given to the applicant's managerial ability and experience.

(2) In the case of tribes and Indian organizations, where past operations or future plans of operations indicate that the economic enterprise for which financing is requested is economically sound. Full consideration will be given to arrangements for efficient management of the economic enterprise for which financing is requested.

(c) The Commissioner may review applications for guaranteed loans individually and independently from the lending institution.

§ 103.16 Loan otherwise available.

If the information in an application for a guaranteed or insured loan indicates that the applicant may obtain the loan without a guaranty or insurance, the Commissioner may deny the request for a guaranty or insurance.

[57 FR 46473, Oct. 8, 1992]

§ 103.17 Refinancing.

(a) Applications for loans to refinance indebtedness will be approved only if justified and required due to the applicant's financial position and if clearly to the advantage of the applicant. Applications to refinance loans to an economic enterprise will be accompanied by financial and cash flow statements required in §103.15(a) (1) through (17). A guaranty of a loan to refinance existing indebtedness will be considered only if the loan will result in a significantly lower lender’s interest rate to the borrower, or provide a substantially longer term for repayment of the loan, or decrease the loan-to-
§ 103.18 Furnishing additional information.

The Commissioner may require either the lender or the borrower, or both, to furnish additional information or justification for a loan prior to issuance of a guaranty certificate or insurance agreement where Commissioner approval of an individual insured loan is required.

§ 103.19 Approval of guaranteed loans.

(a) Upon a lender’s approval of an application for a guaranteed loan, the lender will forward the application in duplicate to the Commissioner with a “Request for Guaranty.” The Commissioner will approve the application by issuance of a “Guaranty Certificate,” which will show the percentage amount of the loan guaranteed, the premium to be paid to the Commissioner and the interest subsidy to be paid on the loan by the United States.

(b) If the application is not approved, the original will be returned to the lender with an explanation, and a copy furnished the loan applicant.

§ 103.20 Approval of insured loans.

After a lender approves a loan eligible for insurance in accordance with an approved insurance agreement, the lender will proceed as authorized by the agreement. Applications for insured loans which require approval by the Commissioner as prescribed in §103.14 will be forwarded in duplicate to the Commissioner with a “Request for Insurance” signed by the lender. The Commissioner will approve the application by issuance of an “Insurance Agreement”. If the application is not approved, the original will be returned to the lender with an explanation.

§ 103.21 Modification of loan agreements.

(a) Guaranteed and insured loans may be modified with the approval of the parties to the original loan agreement. Modification of guaranteed loans and those insured loans which required Commissioner approval, requires the Commissioner’s approval only if the modification involves:

1. Change of the repayment schedule,
2. Changes in the prime security,
3. Change of interest rate,
4. Change in the use of loan funds,
5. Increase in the principal amount of a loan, except as provided in §103.22,
6. Change of the plan of operation,
7. Amendment or changes in the organization papers of the borrower,
8. Changes in partnership agreements, and
9. Change in the location of an enterprise.

(b) Lenders making insured loans which under the provisions of an approved insurance agreement do not require Commissioner approval shall use prudence in approving requests for modifications of loan agreements and follow the lender’s customary procedures and practices which are used in connection with noninsured loans made by it. Modifications are to be in compliance with the provisions of §§103.13, 103.14, and 103.24. Lenders making insured loans under the provisions of such an insurance agreement shall notify the Commissioner not later than 20 days after approval of a modification of such insured loan. Modifications of the organization papers of corporations or cooperative associations and partnership agreements and plans of operation which originally required Commissioner approval, require approval by the Commissioner upon modification.

§ 103.22 Protective advances.

When provided for in a loan agreement, and subject to the limitations on the amounts and terms of loans as provided in §§103.13, 103.14, and 103.24, lenders may advance, for certain purposes, up to 10 percent of the amount for which a guaranteed or insured loan originally was approved. If the borrower is unable to provide the funds or refuses to do so, an advance may be
made for purposes necessary and proper for the preservation, maintenance or repair of the property purchased with or given to secure the loan; for accrued taxes, special assessments, ground and water rents, and hazard and liability insurance premiums; and for any other purpose necessary for the protection of the interest of the lender or borrower. The additional advance will be charged against the borrower. Repayment of the protective advance shall be automatically guaranteed or insured at the same percentage rate as applied to the original amount of the loan upon the Commissioner’s receiving notice from the lender that an additional amount has been advanced with a statement as to the necessity and purpose(s) of the advance. Such documentation shall be furnished along with the premium for the additional amount pursuant to §103.43(b). The amount of any additional advance shall be scheduled for repayment proportionately over the remaining installments of the unpaid principal balance of the loan. The interest rate charged on protective advances as provided for in this section will be determined in accordance with the provisions of §103.41.

§ 103.24 Maturity.

The period of maturity of guaranteed and insured loans will be determined according to the circumstances, but may not extend beyond 30 years from the date of the first advance. All maturities will be consistent with sound business practices and customs of lenders in the area.

§ 103.25 Amortization.

All loans shall be scheduled for repayment at the earliest practicable date consistent with the purpose(s) of the loans and the repayment capacity of the borrowers. Lenders will require amortization in accordance with customary practices in the area for loans for the same purposes. Loan payments may be scheduled for repayment either monthly, quarterly, semi-annually or annually. Balloon installments shall be avoided.

§ 103.26 Prepayments.

Borrowers whose loans are guaranteed or insured under this part 103 shall have the right to prepay all or any part of the indebtedness at any time without penalty unless otherwise provided for in the loan agreement. Lenders and borrowers may agree that prepayments applied to the latest loan installments may be reapplied to current installments(s) to cure or prevent any subsequent default. The Commissioner shall be notified promptly by the lender when payments are made in advance of the due dates.

§ 103.27 Amount of security.

Lenders will require borrowers to give security, if available, up to an amount adequate to protect the loan, without consideration of the guaranty or insurance. The lender shall itemize
§ 103.28 Filing and recording.

(a) All securing documents and financing statements, when applicable, except assignments of income from trust land and mortgages on documented vessels, shall be filed or recorded in the appropriate county or other public office in accordance with state law. Mortgages on documented vessels will be filed at the Customs House designated as the home port of the vessel as shown on the marine document. Security interests in personal property will be perfected in accordance with the provisions of Article 9 of the Uniform Commercial Code in states in which the code has been adopted.

(b) Lenders are responsible for filing a copy of assignments of income from trust land with the office of the Bureau of Indian Affairs having jurisdiction over the trust land involved and for filing or recording other securing instruments pursuant to the laws of the state in which the property is located or in the proper Customs House. Lenders must also see that:

1. Effective liens are maintained at all times;
2. Taxes on the property included in the securing instruments are paid promptly to prevent such taxes from becoming a lien taking priority over a mortgage; and
3. Hazard and liability insurance is obtained and maintained in an amount sufficient to protect the security against the risks or hazards to which it may be subjected, to the extent customary in the locality.

Failure of a lender to discharge any of these responsibilities will diminish the amount of the guaranty or insurance to the extent of any loss caused by the lender's failure, unless there are extenuating circumstances which in the judgment of the Commissioner do not justify a reduction of the amount guaranteed or insured.

§ 103.29 Property purchased with loan funds.

(a) Lenders making guaranteed or insured loans which include funds to finance construction of buildings, or installation of water, sewage, electrical or gas lines shall assure that the site is appropriate and adequate; cost estimates are prepared and are in line with current costs; plans are prepared by qualified individuals or a firm; provisions are made to assure compliance with applicable building codes, zoning and labor laws; and inspections are made by qualified inspectors during construction and upon completion. Upon receiving applications involving funds to finance construction, lenders may request assistance and guidance from the Commissioner on such matters. The Commissioner may arrange for an inspection of any property purchased with guaranteed or insured loans at any reasonable time. Property which may be inspected includes proposed building sites, during and on completion of construction of buildings; electrical, sewage, water or gas lines; and livestock and machinery purchased with loan funds.

(b) Lenders will require that any property purchased with a guaranteed or insured loan, except land purchased by a tribe, title to which is taken in trust or restricted status, be mortgaged to the lender as security for the loan, unless the loan is otherwise adequately secured.

§ 103.30 Land.

(a) Indian individuals may execute mortgages or deeds of trust on nontrust or unrestricted land as security without the approval of any Federal official.

(b) Tribal land, title to which is held in a trust or restricted status, may not be mortgaged unless specifically authorized by Congress.

(c) Individually-owned land held in trust or restricted status may be mortgaged as security for a loan in accordance with 25 CFR 152.34 and the Act of March 29, 1956 (70 Stat. 62; 25 U.S.C. 483a). Mortgages of individually held trust or restricted land will include only the acreage of the land owned by a borrower, which the Commissioner considers is adequate to protect the

§ 103.35 Release of security.
§ 103.36 Default on guaranteed loans.

(a) Within 45 calendar days after the occurrence of a default, the lender shall notify the Commissioner by certified or registered mail showing the name of borrower, guaranty certificate number, amount of unpaid principal, amount of principal delinquent, amount of interest accrued and unpaid to date of notice, amount of interest delinquent at time of notice, and other failure of the borrower to comply with provisions of the loan agreement. Within 60 calendar days after default on a loan, the lender shall proceed as prescribed in either paragraph (b), (c), or (d) of this section, unless an extension of time is requested by the lender and approved by the Commissioner. The request for an extension shall explain the reason why a delay is necessary and the estimated date on which action will be initiated. Failure of the lender to proceed with action within 60 calendar days or the date to which an extension is approved by the Commissioner shall cause the guaranty certificate to cease being in force or effect. If the Commissioner is not notified of the failure of a borrower to make a scheduled payment or of other default within the required 45 calendar days, the Commissioner will proceed on the assumption that the scheduled payment was made and that the loan agreement is current and in good standing. The Commissioner will then decrease the amount of the guaranty pro rata by the amount of the due installment and the lender will have no further claim for guaranty as it applied to the installment, except for the interest subsidy on guaranteed loans which may be due.

(b) The lender may make written request that payment be made pursuant to the provisions of the guaranty certificate or guaranty agreement. If the Commissioner finds that a loss has been suffered, the lender may be paid the pro rata portion of the amount guaranteed including unpaid interest.

(c) The borrower and the lender may agree upon an extension of the repayment terms or other forbearance for the benefit of the borrower. The lender may extend all reasonable forbearance if the borrower becomes unable to meet the terms of a loan. However, such forbearance will not be extended if it will increase the likelihood of a loss on a loan. Agreements between a lender and a borrower shall be in writing and will require approval by the Commissioner.

(d) The lender may advise the Commissioner in writing that suit or foreclosure is considered necessary and proceed to foreclosure and liquidation of all security interests. On completion of foreclosure and liquidation, if the Commissioner determines that a loss has been suffered, the lender will be reimbursed for the pro rata portion of the amount of unpaid principal and interest guaranteed. A lender will submit a claim for reimbursement for losses on a form furnished by the Commissioner and will furnish any additional information needed to establish the amount of the claim. On reimbursement of a lender for the pro rata amount of the loss guaranteed as provided in the guaranty certificate, the lender will subrogate its rights and interest in the loan to the United States and assign the loan obligations and security for the loan to the United States. The Commissioner may establish the date on which accrual of interest or charges shall cease. This date may not be later than the date of judgment and decree of foreclosure or sale. The Commissioner will take any action necessary to protect the interest of the United States. Subsequent to subrogation and assignment, any collections shall be for
§ 103.37 Default on insured loans.

Within 45 calendar days after the occurrence of a default of a loan made under the provisions of an insurance agreement, the lender shall notify the Commissioner by certified or registered mail giving the name of the borrower, insurance agreement number, amount of unpaid principal, amount of delinquent principal, accrued interest unpaid to date of notice, amount of delinquent interest and description of default. Within 60 calendar days after default on an insured loan, the lender shall proceed as prescribed in paragraph (a) or (b) of this section unless it has requested, and the Commissioner has approved, an extension of time. A request for an extension of time will explain the necessity for an extension and the estimated date on which action will be initiated. Failure of the lender to proceed within 60 calendar days or the extended time approved by the Commissioner, will be grounds for the Commissioner to terminate the loan insurance on the loan involved.

(a) The lender and borrower may agree upon an extension of the repayment terms of a loan or other forbearance for the benefit of the borrower. However, such forbearance will not be extended if it will increase the likelihood of a loss on a loan. Insured loans made under the provisions of a general insurance agreement authorizing a lender to make loans under the terms prescribed in the agreement will not require Commissioner approval of changes in agreements made by the lender and borrower. Provided, such changes are in compliance with the requirements of §103.21 and the applicable sections referred to therein. The lender shall immediately notify the Commissioner within 21 calendar days of changes made in the agreement. Insured loans made which originally required the issuance of a separate insurance agreement by the Commissioner will require Commissioner approval of changes in the provisions of such loans.

(b) If an insured lender determines that proceeding under paragraph (a) of this section is contrary to its customary lending practices or is not in the interest of a borrower, it will be required to exhaust all reasonable efforts to collect the loan and to liquidate the security to the fullest extent feasible before submitting a claim for reimbursement of a loss.

(c) If a lender proceeds under the provisions of paragraph (b) of this section and suffers a loss, it may submit a claim for reimbursement for unpaid principal and interest on a form furnished by the Commissioner and will furnish any additional information needed to establish the amount of the claim. Claims will be submitted to the Commissioner within 45 calendar days after completion of the procedures prescribed in this section. All claims shall be accompanied by evidence showing that all reasonable efforts to collect the loan have been exhausted and that security given for the loan has been liquidated to the extent feasible. If the Commissioner agrees that a loss has occurred, he will reimburse the lender pursuant to the terms of the approved insurance agreement under which the loan was insured. Upon reimbursement by the Commissioner to the lender in whole or in part for the loss insured, the note and security for the loan or judgment evidencing the debt shall be assigned to the United States. The lender shall have no further claim against the United States or the borrower. The Commissioner will then take such further collection action as may be warranted. The Commissioner may establish a date upon which accrual of interest or charges shall cease.
§ 103.38 Subrogated and assigned rights.

The Commissioner will take such action as he deemed appropriate to realize the maximum recovery upon the rights to which the United States is subrogated and the security assigned to the United States. Any amount collected will be deposited in the loan guaranty and insurance fund.

§ 103.39 Cancellation.

The Secretary may cancel the uncollectable portion of any obligation assigned to the United States or rights to which the United States is subrogated and the security assigned to the United States.

[54 FR 34976, Aug. 23, 1989]

§ 103.40 Charges upon liquidation.

Lenders may charge the following against the gross amounts collected from the sale of security in determining the amounts to be claimed under a guaranty certificate or insurance agreement:

(a) Reasonable and necessary expenses for preservation of the security.

(b) Court and attorney costs in a foreclosure or proper judicial proceeding involving the security.

(c) Other reasonable expenses necessary for collecting the debt or for repossession, protection, and liquidation of the security.

(d) Other expenses or fees approved in advance by the Commissioner.

(e) Accrued unpaid interest to the date of judgment and decree of foreclosure or sale, or the date established by the Commissioner that accrued interest shall cease pursuant to §§ 103.36 and 103.37.

§ 103.41 Interest.

Interest rates charged by lenders on guaranteed and insured loans, exclusive of loan service charges, if any, shall not exceed such percent per annum on the principal obligation outstanding as the Commissioner determines to be reasonable and legal at the time a loan is guaranteed or insured, taking into account the range of rates prevailing in the private market for similar loans and the risks assumed by the United States. Each loan shall show the rate of interest to be charged. Interest shall be payable at least annually. Once a loan is closed the interest rate may not be increased except when a variable interest rate tied to a specified base rate agreed upon by the borrower and the lender has been approved by the Commissioner. Lenders may not charge interest on loan funds used for payment of loan service charges.

§ 103.42 Interest subsidy.

(a) The Commissioner may pay an interest subsidy to lenders on loans which are guaranteed or insured under this part 103 at rates which are necessary to reduce the interest rate payable by the borrowers to a rate determined in accordance with title I, section 104, of the Indian Financing Act of 1974 (Pub. L. 93-262, 83 Stat. 77). The rate of subsidy will be established by the Commissioner at the time of issuance of a guaranty certificate or insurance agreement on loans requiring approval by the Commissioner. Interest subsidy payments by the United States shall be discontinued on such loans if the lender elects to discontinue the guaranty or insurance or causes the termination of the guaranty or insurance by failure to make premium payments as required by § 103.43, or when one of the following occurs:

(1) The loan is paid in full prior to the expiration of the original term.

(2) The loan is refinanced by a new loan.

(3) The repayment schedule on the principal balance owing is extended beyond the original term, unless an exception is approved by the Commissioner. The interest subsidy shall only be discontinued as to the balance which has been extended beyond the original term of the loan.

(4) The lender on a defaulted loan is reimbursed for a guaranteed or insured loss. The date of the check shall be the date of reimbursement.

(5) Cash flow from the business being financed appears sufficient to pay for
full debt service based on periodic review by the Commissioner. Cash flow shall be deemed sufficient to pay debt service when earnings before interest and taxes, after adjustments for extraordinary items, equal or exceed industry norms.

(b) The lender shall notify the Commissioner that he has made or modified an insured loan under the provisions of a general insurance agreement within 20 days of such action and provide the Commissioner with the following information:

(1) The name and address of the borrower.
(2) Tribal affiliation of the borrower.
(3) Amount of the loan and purpose(s).
(4) The repayment schedule.
(5) The interest rate charged the borrower.
(6) The date(s) funds were advanced.

(c) After receiving notice from the lender, the Commissioner will establish the interest subsidy rate and notify the lender of the rate established. The Commissioner may establish procedures requiring lenders to provide reports which will expedite the prompt payment of interest subsidies. Interest subsidies will be paid on the unpaid principal balance owed by a borrower either annually, semiannually, quarterly or monthly, depending on the time interest is scheduled to be paid and as near the due date as feasible, but not before. Lenders shall notify the Commissioner promptly when borrowers pay interest or principal in advance of the due date(s) provided in the loan agreement. The interest subsidy rate established by the Commissioner promptly when borrowers pay interest or principal in advance of the due date(s) provided in the loan agreement. The interest subsidy rate established by the Commissioner promptly when borrowers pay interest or principal in advance of the due date(s) provided in the loan agreement. The interest subsidy rate established by the Commissioner promptly when borrowers pay interest or principal in advance of the due date(s) provided in the loan agreement. The interest subsidy rate established by the Commissioner promptly when borrowers pay interest or principal in advance of the due date(s) provided in the loan agreement. The interest subsidy rate established by the Commissioner promptly when borrowers pay interest or principal in advance of the due date(s) provided in the loan agreement.

§ 103.43 Premium charges.
A premium of 2.0 percent of the guaranteed portion of a loan will be charged to lenders. The lender may increase the principal amount of the loan by the cost of the premium and charge it to the borrower. The lender shall pay the

premium within 90 days of the date of approval of the loan guaranty. Existing lenders may elect to modify their Loan Guaranty and Insurance Agreements with the Bureau of Indian Affairs so as to pay future premium payments in a lump sum. If the guaranty premium is not paid within 90 days of approval of the loan guaranty or modification of the agreement, the Commissioner will send the lender a notice of non-payment. If the premium is not paid within 30 days of the receipt of this notice, the guaranty shall be subject to termination.

§ 103.44 Other charges.
Funds may be included in loans for payment of reasonable and customary costs for legal or architectural services, appraisals, surveys, compliance inspections, title searches, lien searches, recordation costs, hazard and liability insurance premiums, taxes and such other charges as the Commissioner may authorize at the time a loan is made. Loan service charges, if any, may be charged if authorized in the loan agreement. Funds included in a loan for payment of loan service charges may not bear interest pursuant to §103.41. Payment by the borrower of points, finders fees, loan origination fees, bonuses or commissions for loans guaranteed under this part is prohibited.

§ 103.45 Late charge.
Lenders may assess borrowers a late charge on any loan installment, principal only, received more than 30 days after its due date if the loan agreement at the time of approval contains an authorization to this effect. The rate shall be specified in the loan agreement. The amount of late charges assessed may not be guaranteed or insured. Interest may not be charged on late charges.

§ 103.46 Loan servicing.
(a) The guaranty or insurance of a loan by the Commissioner and the issuance of an insurance agreement
§ 103.47 Restrictions on lenders.

Loan agreements shall not provide that the lender shall have the right to declare the indebtedness due, or to pursue one or more legal remedies, if the lender “shall feel insecure”. This restriction shall not prevent a lender from taking action against a borrower due to any act or omission on the part of the borrower which, by the terms of a note, mortgage, or other loan document, would allow the lender to declare a loan in default, nor to take action to minimize the loss on a loan.

§ 103.48 Title to property purchased with loans.

Title to personal property purchased with a guaranteed or insured loan shall be taken in the name of the borrower without a restriction against alienation. Title to land purchased with a guaranteed or insured loan may be taken pursuant to §103.3. Transactions involving taking title to land purchases in trust or restricted status require approval of the Commissioner.

§ 103.49 Fraud or misrepresentation.

(a) Lenders shall use prudence in checking and verifying information contained in loan applications as well as supporting papers and documents in order to assure their accuracy and the validity of signatures.

(b) There shall be no liability on the part of the United States to reimburse an insured lender for that portion of an insured loss on a loan caused by:

1. The lender's negligence in checking and verifying signatures, information in the loan application, supporting papers and documents;

2. The lender's furnishing false information to induce the issuance of an insurance agreement by the Commissioner;

3. The lender's furnishing false information in a loan docket on a loan made under the provisions of a general insurance agreement issued by the Commissioner; or

4. The lender's willful or negligent action which resulted in a fraud, forgery or misrepresentation.

(c) There shall be no liability on the part of the United States to reimburse a lender on a guaranteed loan for that amount of the guaranteed loss caused by:

1. The lender's negligence in checking and verifying signatures, information in the loan application, supporting papers and documents;
Bureau of Indian Affairs, Interior § 103.54

(2) The lender’s furnishing false information to induce the issuance of a guaranty certificate by the Commissioner; or
(3) The lender’s willful or negligent action which permitted a fraud, forgery or misrepresentation.

A reduction will not be made in the amount of reimbursement on a guaranteed loss to a purchaser, assignee, or transferee who acquired the loan before maturity for value and did not directly or by agent participate in or have prior knowledge of a fraud, forgery or misrepresentation.

§ 103.50 Loan guaranty and insurance fund.

(a) The loan guaranty and insurance fund shall be utilized for all loan guaranty and insurance operations pursuant to the regulations in this part 103. All receipts from operations including premium charges shall be deposited in this fund. All disbursements incident to administering guaranteed and insured loans shall be made from this fund. All cash, claims, notes, mortgages, contracts, and property acquired by the Secretary under this part 103 shall constitute assets of the fund. All liabilities and obligations of such assets shall be liabilities and obligations of the fund.

(b) The Commissioner will design an accounting system that will reflect at all times the financial condition of the fund and the results from its operation.

(c) Interest subsidies paid by the Commissioner pursuant to § 103.42 shall be paid from the loan guaranty and insurance fund and charged against an “interest subsidy account” as an expense of the fund.

§ 103.51 Sale or assignment of guaranteed loans.

Any guaranteed loan, including the security and guaranty certificate, may be sold to any person. The person acquiring the loan shall notify the Commissioner in writing with 30 days after acquisition. The notice will give the name of the borrower, the certificate number, the amount of principal and interest unpaid on the loan, and the security acquired. Failure of the acquirer to notify the Commissioner within 30 days of acquisition will void the guaranty unless the Commissioner authorizes an exception because of extenuating circumstances.

§ 103.52 Records.

Lenders will maintain adequate records on guaranteed and insured loans made and will submit reports to keep the Commissioner informed regarding guaranteed and insured loans made. The Commissioner may prescribe the number of reports to be submitted annually, the dates, and the forms to be used for reporting. The Commissioner may have the records of lenders inspected at any reasonable time during regular business days and hours.

§ 103.53 Suspension of lenders.

Whenever the Commissioner finds that any lender or holder of a guaranty certificate or insured loan fails to maintain adequate accounting records, to demonstrate proper ability to adequately service loans guaranteed or insured, or to exercise proper credit judgment, or has willfully or negligently engaged in practices detrimental to the interests of a borrower or of the United States, he may refuse, either temporarily or permanently, to guarantee or insure any additional loans made by such lender or certificate holder. He may also bar such lender or certificate holder from acquiring additional loans guaranteed under this part 103. However, the Commissioner shall not refuse to pay a valid guaranty or insurance claim on loans previously made in good faith.

§ 103.54 Probate.

(a) The estates of deceased borrowers who die possessed of trust property or funds and who gave as security for a guaranteed or insured loan an assignment of income from trust property, a mortgage or deed of trust on trust or restricted land, or a lien on trust chattels or crops growing on trust land will be probated in accordance with the applicable regulations in subpart D of 43 CFR part 4 and in parts 16 and 17 of 25 CFR. The Superintendent or other Bureau official having jurisdiction over

The information will be used to rate applicant in accordance with the terms and conditions set forth in §§ 103.4, 103.9, 103.15, 103.36, 103.37, 103.42, 103.43, and 103.52 have been approved by the Office of Management and Budget under 44 U.S.C. 3501 et seq. children being excluded and the shares of deceased enrollees paid to the heirs if determined or if not determined credited to the estate pending determination; and

d) The shares of competent Indians will be paid to them directly and the shares of incompetents and minors deposited for expenditure under the individual Indian money regulations.

§ 111.2 Enrolling non-full-blood children.

Where an Indian woman was married to a white man prior to June 7, 1897, and was at the time of her marriage a recognized member of the tribe even though she left it after marriage and lived away from the reservation, the children of such a marriage should be enrolled—and, also in the case of an Indian woman married to a white man subsequent to the above date but who still maintains her affiliation with the tribe and she and her children are recognized members thereof; however, where an Indian woman by marriage with a white man after June 7, 1897, has, in effect, withdrawn from the tribe and is no longer identified with it, her children should not be enrolled. In case of doubt all the facts should be submitted to the Bureau of Indian Affairs, Washington, D.C., for a decision.

§ 111.3 Payments by check.

All payments should be made by check. In making payments to competent Indians, each check should be drawn to the order of the enrollee and given or sent directly to him. Powers of attorney and orders given by an Indian to another person for his share in a payment will not be recognized. Superintendents will note in the “Remarks” column on the roll the date of birth of each new enrollee and the date of death of deceased annuitants.

§ 111.4 Election of shareholders.

An Indian holding equal rights in two or more tribes can share in payments to only one of them and will be required to elect with which tribe he wishes to be enrolled and to relinquish in writing his claims to payments to the other. In the case of a minor the election will be made by the parent or guardian.

§ 111.5 Future payments.

Indians who have received or applied for their pro rata shares of an interest-bearing tribal fund under the act of March 2, 1907 (34 Stat. 1221; 25 U.S.C. 119, 121), as amended by the act of May 18, 1916 (39 Stat. 128), will not be permitted to participate in future payments made from the accumulated interest.

PART 112—REGULATIONS FOR PRO RATA SHARES OF TRIBAL FUNDS

§ 112.1 Fee simple patentees.

When the applicant has been granted a patent in fee or certificate of competency, that fact will be accepted as prima facie evidence of his competency, but in forwarding applications of this class the agent will give the date on which the patent was issued, report whether in his judgment the patentee would make good use of his share of the tribal funds if paid to him, and make a specific recommendation for approval or disapproval of the application.
§ 112.2 Applicants who have received neither fee simple patents nor certificates of competency.

In the case of an applicant who has received neither a fee simple patent nor a certificate of competency, the application must be accompanied by evidence which will establish the fact that he is capable of managing his own affairs. In forwarding applications of this class the superintendent will report fully, as follows:

(a) Is the applicant living on this allotment? If so, is he making reasonable efforts to cultivate his land and to support himself and family? If he is not living on his allotment, what is his occupation?
(b) Is any part of his allotment leased? If so, to what extent does he depend upon the rent therefrom to support himself and family?
(c) Has the applicant been given the privilege of leasing his own lands; and if so, with what result?
(d) Has he an interest in any inherited land? If he has sold or leased any inherited land, how has he managed the proceeds?
(e) Is the applicant of good moral character?
(f) Is he addicted to the use of intoxicants? And if so, does this habit, in the judgment of the agent, unfit him to make proper use of his share of the tribal funds?
(g) What is his physical condition?
(h) Is the applicant in debt? If so, to what extent and for what purpose was the debt incurred?
(i) Has the applicant the necessary business qualifications to enable him to manage his own affairs?
(j) Give such other information concerning the applicant as will aid the office in determining whether or not to approve his application.
(k) Make a specific recommendation for the approval or disapproval of the application.

§ 112.3 Applicants who are mentally or physically incapable of managing their affairs.

Applications of this class must be accompanied by evidence that will establish the advisability of withdrawing the share. If the application is approved, the funds will be deposited to the credit of the Indian and handled as individual Indian money.

In forwarding applications the agent will report fully as follows:

(a) Sex and exact date of birth.
(b) Identify the applicant by allotment and last annuity-roll numbers.
(c) What is the actual physical condition of the applicant. If suffering from disease, submit certificate of physician if necessary to establish disability.
(d) What is the actual mental condition of the applicant? Answer fully.
(e) What are the material resources of the applicant?
(f) What advantages will accrue to applicant by withdrawal of his or her share at this time?
(g) Has it been explained to the applicant and does he understand that if the application is approved the funds will be deposited to his credit as individual Indian money to be expended under the supervision of the superintendent?

(h) Make a specific recommendation for the approval or disapproval of the application.

CROSS REFERENCE: For individual Indian money regulations, see part 115 of this chapter.

§ 112.4 Interest in pro rata shares not vested rights unless application approved.

On November 6, 1908, the Secretary of the Interior decided, in effect, that the interest of an Indian in a pro rata share of a tribal fund does not vest in the Indian an inheritable property until after his application has been approved by the Secretary and an order signed by him segregating it from the tribal fund. Applications for shares of funds under this act may be made at any time, but in view of the Secretary's decision such applications should be forwarded to the Bureau by the superintendent as soon as they are completed and filed with him. Applications from those who are blind, decrepit, etc., must be made special and forwarded to the Bureau of Indian Affairs, Washington, D.C., as soon as possible.
§ 112.5 Basis of distribution; pro rata shares.

In estimating the pro rata share of an individual, the last annuity payroll prior to July 1, or January 1 of each year will be taken as a basis of distribution. Where no payment has been made within 1 year, the last census, if taken within the year, will be the basis. If no census has been taken or payment made within a year, the last available record—either census or annuity roll—will be used.

§ 112.6 Disposition of pro rata share in event of applicant's death.

In the event of the death of an applicant prior to the approval of his application by the Secretary of the Interior, the share to which he would have been entitled, if living, will revert to the tribe. In case of the death of an applicant after approval of his application and the signing by the Secretary of the Interior of an order for the segregation of his share, but before payment is made, his share will descend to his legal heirs and should be deposited to the credit of the estate pending formal determination thereof.

Cross Reference: For regulations pertaining to the determinations of heirs and approval of wills, see part 15 and §§11.30 through 11.30C of this chapter.

§ 112.7 Pro rata shares of minors.

The shares of minors will not be withdrawn except when necessary for their own benefit. The application should be signed by the parent or guardian and transmitted to the Bureau by the superintendent with his recommendation as in other cases and a full explanation of the circumstances which justify the withdrawal. Such shares will be deposited to the credit of the minors subject to expenditure under the individual Indian money regulations. The term "minor," as used in this section, shall be interpreted in conformity with the State law.

Cross Reference: For individual Indian money regulations, see part 115 of this chapter.
§ 114.3 Investment of special deposit funds.

It is the policy of the Bureau to invest all special deposit funds which have been paid to the Bureau on behalf of Indians or Indian tribes pending the eventual payment for the sale, lease, or other transfer of tribal or individual Indian property and funds which are deposited solely for the purpose of guaranteeing performance.

§ 114.4 Payment and distribution of interest on special deposit funds.

(a) It is the general policy of the Bureau that interest and earnings from the investment of special deposit funds be credited to the principal accounts upon which the interest was earned.

(b) At the time that a withdrawal is made from a special deposit account, the interest earned by the principal account being withdrawn will be computed and withdrawn from the account as a part of the same transaction. The interest earned by the subject principal amount will be computed into two parts:

(1) The portion of interest credited during the prior interest period which was attributable to this principal, and

(2) The portion of interest which has been earned by this principal amount but has not yet been credited to the account because the interest period is not complete. This will be computed by using the month-end balances since the last interest period times the last period's factor.

(c) No interest will be distributed to accounts which have less than the minimum average month-end balances as determined by the Division of Accounting Management. Any such interest not distributed would remain in the undistributed interest account at the Bureau level to be included in determining the next six month interest factor.

§ 114.5 Distribution of IMPL Escrow Account.

(a) Determination of potential beneficiaries. Each agency will determine the potential beneficiaries and their respective shares of the IMPL Escrow Account at that agency by the following method:

(1) Identify the unobligated balance in the agency IMPL account as of September 30, 1982, and interest accrued for the period ending September 30, 1982, which has subsequently been transferred into account 14X6703 IMPL Escrow Account Pending Determination of Ownership. This amount will be called the agency IMPL Escrow Account balance.

(2)(i) Identify the length of time which has been required to accumulate actual income into the former IMPL account to equal the current agency IMPL Escrow Account balance. (Subsequent to April 1, 1981, interest earned on special deposits has been credited directly to each special deposit account rather than to an IMPL account.)

(ii) To determine the beginning date for ownership computations, subtract the length of time identified in paragraph (a)(2)(i) of this section from April 1, 1981. (Subsequent to April 1, 1981, interest earned on special deposits has been credited directly to each special deposit account rather than to an IMPL account.)

(3) Examine the Individual Indian Money (IIM) accounts to determine the
total dollars transferred to each account from the principal in special deposit accounts during the period identified in paragraph (a)(2) of this section. (4) Examine tribal treasury account records to determine the total dollars transferred to each tribal trust account from the principal in special deposit accounts during the period identified in paragraph (a)(2) of this section. (5) Determine the percentage of the principal transferred from special deposit accounts into each IIM and tribal trust account pursuant to paragraphs (a)(3) and (a)(4) of this section. The formula is as follows:

\[
\text{Percent share for an account} = \frac{\text{Dollars transferred into an account}}{\text{Total dollars transferred by agency into all accounts}}
\]

(6) Multiply this percentage by the agency IMPL Escrow Account balance to determine each potential beneficiary's share of that balance. Should this determined share be less than ten dollars ($10.00) no transfer of funds will be made. (7) The formula identified in paragraph (a)(5) of this section will be used in determining potential shares unless there are clear and available records at the agency level to identify specific amounts. If the records are used by the agencies they must be made available for public review upon request. (b) Notification of determination of potential beneficiaries. Upon completion of the determination of all potential beneficiaries of an agency IMPL Escrow Account, the Superintendent shall publish a general notice which shall contain the following: (1) Brief history of agency IMPL Escrow Account; (2) Explanation of method of determination of potential beneficiaries; (3) Information on availability of specific data; (4) Instruction to potential beneficiaries on completion of acceptance forms, explaining that only those who complete the acceptance forms can receive any funds; and (5) Establishment of deadline date by which potential beneficiaries must complete the acceptance forms to receive the funds. This deadline will be 180 days from the date of the general notice. This general notice shall be published in the usual and customary manner for making public such documents. If such usual and customary publication does not include posting on the agency bulletin board and publication in at least one local newspaper of general distribution, the posting on the bulletin board and local newspaper publication shall be done in addition to the usual and customary manner of publication. (c) Acceptance by potential beneficiary. Before the funds identified in paragraph (a) of this section as transferable to a potential individual or tribal beneficiary can be deposited into that potential beneficiary's account the following must be completed: (1) The potential beneficiary must sign an acceptance of the determination by the Secretary which shall constitute a complete release and waiver of any and all claims by the potential beneficiary against the United States relating to the unobligated balance of IMPL accounts as of the close of business on September 30, 1982. (2) The acceptance must be signed during the 180 days between the date of the general notice provided for in paragraph (b) of this section and the deadline date established therein. (3) In the case of a potential tribal beneficiary, the acceptance must be accompanied by a resolution of the appropriate tribal entity approving the acceptance and authorizing the designated tribal representative(s) to sign the acceptance. An acceptance on behalf of an estate account may be signed by the Superintendent if the determination of heirs has not become final and may be signed on behalf of individual inherited shares by each heir if the probate determination has become final. An acceptance on behalf of a minor may be signed by a parent, guardian or a person acting in loco parentis. An acceptance on behalf of an adult who has been determined legally incompetent or in need of assistance in
managing his/her affairs pursuant to 25 CFR 115.9 may be signed by his/her authorized representative.

(d) Distribution. (1) After the expiration of the deadline established in paragraph (b) of this section, funds of individual beneficiaries who have completed the acceptance forms will be transferred from the IMPL Escrow Account into each beneficiary's IIM account. Funds derived from beneficiary estate accounts for which the heirs have been determined will be transferred into the heirs' accounts. Funds derived from beneficiary estate accounts for which the heirs have not been determined will be transferred into the estate account.

(2) Interest accrued for any period after October 1, 1982 will be credited to the beneficiary accounts on the same percentage basis as the original share.

(3) After the expiration of the deadline established in paragraph (b) of this section, funds of a tribal beneficiary and interest earned thereon since October 1, 1982, will be transferred into the appropriate tribal treasury account.

(4) Not more than ten percent (10%) of the funds which may be transferred to a trust account for any tribe, or to an IIM account for an individual, may be utilized by the beneficiary to pay for legal or other representation relating to claims for such funds.

(5) Not more than two percent (2%) of the funds which may be transferred to a trust account for any tribe, or to an IIM account for an individual, may be utilized by the BIA to reimburse the BIA for administrative expenses incurred in determining ownership of the funds.

(e) Appeals. (1) Any potential beneficiary or claimant may appeal any decision made or action taken by a Superintendent under this section. Such appeal shall be made in writing and submitted as provided in 25 CFR part 2.

(2) As provided in part 2, the appeal must be received within 30 days after receipt of the written notice advising the potential beneficiary of his/her share of the IMPL Escrow Account or advising the claimant that no share has been determined for him/her. No appeals will be accepted under this section after September 30, 1985.

(f) Distribution of residual funds. (1) After final administrative determination of ownership, including final determination of all appeals, and the completion of all appropriate fund transfers, but not later than October 1, 1985, any funds remaining in an agency IMPL Escrow Account may be expended subject to the approval of the Secretary for any purpose authorized under the Act of November 2, 1921 (42 Stat. 208; 25 U.S.C. 13), and requested by the governing body(s) of the tribe(s) at the location(s) where such agency IMPL Escrow Account is maintained. This authority to expend the escrow account funds ends September 30, 1987.

(2) The unobligated balances of all IMPL Escrow Accounts as of the close of business on September 30, 1987, shall be deposited into miscellaneous receipts of the U.S. Treasury.

As used in this part:

(a) The term individual Indian money accounts means those accounts under the control of the Secretary of the Interior or his authorized representative belonging to individuals.
§ 115.9 Restrictions.

which the individual is a member, unless such payments are prohibited by acts of Congress, and against money judgments rendered by courts of Indian offenses or under any tribal law and order code. Funds derived from the sale of capital assets which by agreement approved prior to such sale by the Secretary or his authorized representative are to be expended for specific purposes, and funds obligated under contractual arrangements approved in advance by the Secretary or his authorized representative or subject to deductions specifically authorized or directed by acts of Congress, shall be disbursed only in accordance with the agreements (including any subsequently approved modifications thereof) or acts of Congress. The funds of an adult whom the Secretary or his authorized representative finds to be in need of assistance in managing his affairs, even though such adult is not non composit mentis or under other legal disability, may be disbursed to the adult, within his best interest, under approved plans. Such finding and the basis for such finding shall be recorded and filed with the records of the account.

Cross Reference: For rules governing the payment of judgments from individual Indian money accounts, see §11.208 of this chapter.

§ 115.10 Procedures relative to restrictions.

(a) If under §115.9 an individual’s access to funds in the individual’s Indian money account is limited, or it is proposed to pay creditors, including creditors with judgments from Courts of Indian Offenses, for which preliminary procedures are prescribed in 25 CFR 11.26, the individual must be notified in writing as follows:

1. The notice must be given to the individual affected at the commencement of the restriction or at least 40 days prior to involuntary distribution of funds from the account.

2. The notice must state the reasons giving rise to the restriction or proposed payment.

3. The notice shall inform the individual of the right to a hearing and that a request for a hearing must be in writing, received by the Secretary, or an authorized representative, within 30 days of receiving the notice of proposed action.

4. The notice of proposed action shall be sent by Certified Mail—Return Receipt Requested. The date appearing on the returned receipt shall constitute the beginning of the restriction period.

5. The notice shall state that a copy of the rights listed in paragraph (c) of this section are transmitted along with the notice.

6. The notice shall advise that if the individual wishes to have the delinquent claim or money judgment paid without delay and without a hearing the individual can so request by signing a form furnished for that purpose with the notice.

(b) If the individual fails to request a hearing, the individual is deemed to consent to the continued limitation on and/or disbursement of funds from the IIM Account in accordance with the terms of the notice. Notwithstanding the continuance of a restriction on an account, if the amount of funds available in the account exceeds the amount of the restriction or the amount of the claim such unrestricted funds in excess of the amount of the restriction or claim shall be available for the account holder’s use.

(c) The Secretary, or an authorized representative, shall conduct a hearing, if no request as specified above, to determine whether to continue to restrict the Individual Indian Money Account, and/or allow payment of delinquent claims and judgments of tribal courts and courts of Indian offenses from such accounts. The following are requirements for such a fair hearing:

1. The hearing shall be held within 10 working days of the Secretary’s or an authorized representative’s receipt of the request for a hearing.

2. The individual must be given the opportunity to be heard. This includes the right to hear the case against the individual; to present testimony, to present witnesses, and to question and rebut opposing witnesses. This includes the right to orally present arguments and evidence. The account holder may be heard on why a judgment of a tribal court or court of Indian offenses should not be paid from his or her Individual Indian Money account, but he or she
may not relitigate the facts established by that court.

(3) If the individual desires an attorney or other representative, one may be retained at the individual’s own expense.

(4) The decision to uphold or overturn the proposed action, must be made by the Secretary, or an authorized representative, and must be based on information presented or referred to at the hearing. The decision of an authorized representative of the Secretary may be appealed as provided in §115.14.

(5) The Secretary, or an authorized representative, shall make provisions for recording the hearing and shall preserve the record for the duration of the appeal period. Tape recording the hearing is sufficient.

(6) The Secretary, or an authorized representative, will advise all parties concerned, in writing, of a decision within 10 working days after completion of the hearing.

(d) No money except as provided in subsection (b) of this section, shall be paid from an Individual Indian Money Account or applied against a delinquent claim or judgment of a tribal court or court of Indian offenses until the decision on the claim has become final in accordance with the appeal procedures provided for in §115.14.

The application shall designate the trustee, the beneficiary or beneficiaries and the manner in which it is desired the corpus of the estate shall be distributed upon the termination of the trust. A form of application will, upon request, be furnished by the said superintendent and should be filled out and executed in the presence of the field clerk or, in the office of the superintendent and duly attested by the field clerk or some other Government employee. The information required by the form of application and such other information as may be requested concerning the Indian and his affairs shall be carefully considered by the superintendent who will affix his recommendation to the application and forward it to the Secretary of the Interior with his report, which report shall contain full advice with respect to the education and business qualifications of the applicant, his ability to read, write and understand the English language, his reputation for industry and thrift and what experience, if any, he has had in a business way.

§ 116.2 Obligations of trust company.

The form of proposed trust agreement shall be executed by the trust company or banking institution selected as trustee, and shall be signed by and submitted with the application of the Indian, together with a statement in writing by said trust company or banking institution similar in form to that prescribed by the Comptroller of the Currency (or by the State banking department), showing fully the conditions of said trust company or banking institutions on a day not more than 1 month prior to the date of the application for the creation of the trust. § 116.3 Secretarial approval discretionary.

No such trust agreement will be favorably considered unless in the judgment of the Secretary of the Interior
the trustee therein named is deemed by him to be on a sound financial basis and otherwise sufficiently qualified to justify approval of such trust.

§ 116.4 Contents trust agreement.

In addition to the subject matter of the trust, its object and beneficiaries, duties of trustee, etc., the form of trust agreement shall contain provisions to the following general effect:

(a) That such of the current income from the corpus of the estate as may be payable to the Indians of the Five Civilized Tribes of one-half or more Indian blood shall be remitted by the trustee to the Secretary of the Interior or such other official as he may designate for appropriate disposition.

(b) That the trusts declared and each of them shall be irrevocable except with the approval of the Secretary of the Interior, but, subject to his approval, the beneficiaries named in any approved trust may be redesignated by the maker without in any manner otherwise impairing or altering any of the provisions thereof, particularly the duration of the trust or the compensation to be paid to the trustee.

(c) That neither the corpus of the trust estate nor the income derived therefrom is, during the restriction period provided by law, subject to alienation or incumbrance, or to the satisfaction of any debt or other liability of any beneficiary of such trust during the said restricted period.

(d) That if the trust be annulled, canceled or set aside by order of any court or otherwise, the principal of the trust with all accrued and unpaid interest shall be returned to the Secretary of the Interior as restricted individual property.

(e) That the trustee shall render an annual accounting to the Secretary of the Interior and to the beneficiary or beneficiaries to whom the income from any such trust for the preceding year or any part thereof was due and payable, such annual accounting to be submitted within 30 days following the ending of each annual period of the trust, and the trustee shall render accounting to the Secretary of the Interior at any other time on written request by the Secretary of the Interior, within 30 days from such request.

(f) That except as to U.S. Government bonds and other securities fully guaranteed by the Federal Government in which such funds in the hands of the trustee may be invested without limitations, the following limitations are prescribed on the right of the trustee to invest or reinvest any part of the corpus or income from the trust:

1. Not more than 30 percent of the estate may be invested in securities exclusive of all other limitations contained in this part, which appear on the current list of legal investments for savings banks prepared by the superintendent of banks of the State of New York, except that this authorization shall not include the purchase of public utility securities or railroad securities which do not represent obligations of operating companies, or the purchase of stocks: Provided, however, that in the purchase of such securities not more than 20 percent may be invested in general obligations issued by States or by any political subdivisions thereof, and not more than 10 percent may be invested in public utilities and in railroad securities, or in either of them;

2. Not more than 15 percent of the trust estate may be invested in Federal land bank bonds issued under the provisions of the act of July 17, 1916 (39 Stat. 360) as amended;

3. Not more than 40 percent of the trust estate may be invested in total loans secured on first deeds of trust or first mortgages on improved city or farm real estate situated in the States designated in the trust agreements, but no such loans shall exceed 50 percent of the value of the real estate and improvements appraised not more than 30 days prior to such investments by one or more appraisers selected with the approval of the Secretary of the Interior;

4. No part of the trust fund shall be invested in the purchase of real estate or stocks for the trust except to protect the trust estate in foreclosure or other proceedings;

5. No part of the trust estate shall be invested in any kind of foreign securities, loans, or other properties, private or public.
§ 116.5 Eligibility of appraisers.

Hereafter no person who is interested directly or indirectly, whether through intimate personal, financial or business connections, in any trust company or banking institution designated as trustee under an approved trust agreement involving restricted Indian property who is an officer, director, or employee of such trust company or banking institution, shall act as an appraiser of real estate in connection with the making of loans from the trust estate to be secured by first deeds of trust or first mortgages. Nor shall any person having an interest in obtaining such a loan, either personally or as an officer, director or employee of any company, association or partnership seeking such a loan, act as an appraiser. An investigation into the qualifications of all persons selected as appraisers will be made for the purpose of determining that the persons selected are both competent and disinterested.

§ 116.6 Aiding Indians in formulating trust agreements.

In the formulation of the trust agreement and the provisions thereof the superintendent for the Five Civilized Tribes Agency and the other employees under his supervision will upon request assist the Indian to the fullest possible extent to the end that he may understand fully the meaning and the intent of the agreement and make the most satisfactory provision for the formation and consummation of the trust agreement.

§ 116.7 Trust duration.

Under the terms of the statute no trust shall be established to continue for a period of more than 21 years after the death of the last surviving beneficiary named in the trust agreement.

§ 116.8 Trustee's security.

To secure the faithful performance of the duties imposed by the trust agreement the trustee shall, as required by section 7 of the act (47 Stat. 778), deposit securities of the United States or furnish an acceptable corporate surety bond in an amount equal to the value of the trust as fixed and determined by the Secretary of the Interior. Appraisers will be appointed by the Secretary for the purpose of fixing the value of the trust and of revising such value from time to time as the judgment of the Secretary may dictate. Additional or substitute security may be required at any time when deemed necessary for the protection of the trust estate and the interest of the Indians. Trustees pledging United States bonds or notes as security shall execute on forms prescribed by the Secretary an appropriate resolution and power of attorney authorizing the sale, assignment or transfer of the collateral. Only those corporate sureties who hold certificates of authority from the Secretary of the Treasury to write bonds on which the United States is obligee are acceptable as sureties. The cost to the trustee, if any, of furnishing the required bond, will be regarded as a necessary part of the cost of administering the trust and as such deductible from the gross income accruing therefrom.

As compensation for administering the trust the trustee will be permitted to receive annually not to exceed 5 percent of the gross annual income from such trust estate, and as further compensation will also be permitted to receive not to exceed an amount equal to 1 percent of the corpus of the trust estate, to be paid out of the income first accruing therefrom, and not to exceed an amount equal to 2 percent of the corpus of the estate at the time of final distribution based upon the last valuation made by the Secretary of the Interior prior to such distribution. By final distribution is meant any distribution to a beneficiary of any part of the corpus of the trust estate at any time under the terms of the trust. All fees are to be based on the size of the trust and the nature of the duties to be performed thereunder. The foregoing percentage of fees are maximum and alternative, that is, within such maximum limitations any one or more of said fees may or may not be allowed within the discretion of the Secretary of the Interior.

All checks in payment of taxes shall be made payable to the proper collector. For the purpose of establishing a fund with which to meet the payment of such taxes when due, the Superintendent may cause the funds of an adult Indian to be hypothecated in the following manner:

If there be no other allowance funds available, or if the funds from these sources are insufficient, one-fourth of the estimated amount of such ad valorem taxes may be obligated from each quarterly payment. § 121.2 Purpose.

The regulations in this part govern the distribution, pursuant to the act, of judgment funds awarded to the Osage Tribe of Indians of Oklahoma. All funds appropriated by the act of January 8, 1971 (84 Stat. 1981), in satisfaction of a judgment in the Indian Claims Commission against the United States in dockets numbered 105, 106, 107, and 108, together with interest thereon, are to be distributed except the sum of $1 million and any funds that revert to the Osage Tribe and except the amount allowed for attorney fees and expenses and the cost of distribution.

§ 121.3 Notice of time limit and place for filing claims.

The act provides for distribution of funds to allotrees and heirs of Osage Indian blood of deceased allottees.

(a) All claims for per capita shares by heirs of Osage Indian blood shall be filed with the Superintendent, Osage Agency, Bureau of Indian Affairs, Pawhuska, Okla. 74056, not later than April 27, 1974. An individual who claims as an heir of Osage Indian blood should make a timely filing of a claim which identifies, by name and allotment number, each allotee in whose share the individual claims an interest, in order that the Superintendent may notify the individual when the order of distribution for each such allottee is made. Failure to file a claim in this manner may prevent an individual from receiving notice of distribution in an instance in which he is an interested party. Failure of an heir of Osage Indian blood to file a claim will not necessarily prevent the distribution to such heir of the portion of the
§ 121.4 Issuance of Orders of Distribution.

The Superintendent, Osage Agency, Bureau of Indian Affairs, Pawhuska, Okla. 74056, is authorized to issue the Orders of Distribution in accordance with the act and the regulations in this part. The Superintendent's decisions thereon shall be final unless a timely appeal therefrom is filed in accordance with §121.8.

§ 121.5 Segregation of per capita shares.

The Superintendent shall segregate one per capita share for each allottee for distribution as follows:

(a) One share for distribution to each such allottee who is living on the date the Order for Distribution for that share is issued; and

(b) One share for distribution to the heir or heirs of Osage Indian blood of each allottee who is deceased on the date the Order of Distribution for that share is issued, to be divided among such heirs in such proportions as shall be computed in accordance with §121.6.

§ 121.6 Distribution of share of deceased allottee.

The Superintendent shall issue an Order of Distribution which, except as otherwise provided in this §121.6, divides the share of a deceased allottee leaving heirs of Osage Indian blood in such proportions as the allottee's heirs of Osage Indian blood would have shared in the estate of the allottee if the allottee had died intestate leaving one or more individuals of Osage Indian blood as the allottee's only heirs at law under the Oklahoma law of intestate succession. In preparing such an order, the Superintendent shall accept as accurate any unambiguous determination of heirship, of an allottee or of the heir of an allottee, either made by the Secretary prior to April 18, 1912, or contained in a final order of an Oklahoma court after that date. When no such unambiguous determination is available, such order shall be based upon all other pertinent heirship evidence available to the Superintendent. When one or more of the immediate heirs of Osage Indian blood of an allottee is deceased, the heirs of Osage Indian blood of such deceased heirs shall be ascertained, successively among all remote heirs of Osage Indian blood of the allottee, in the sequence in which the deaths of the heirs occurred until the identities of all living remote heirs of Osage Indian blood, and the respective proportions of the share to which they are entitled, have been ascertained. To qualify for distribution as an heir, it must be established that the distributee and each heir of the allottee through whom the claim is traced had Osage Indian blood acquired either from an allottee or from a common ancestor of an allottee and the distributee.

§ 121.7 Notice of orders to claimants and distributees.

Notice of an Order of Distribution shall be mailed, on the date of issuance of such order, to the allottee whose share is being distributed if living, but if not living, to (a) each distributee named therein, (b) each claimant whose claim asserts entitlement to a portion of the allottee's share, and (c) each person who had not filed a claim on the date of issuance of such order but is in that order determined by the Superintendent to be ineligible to receive a portion of the allottee's share. Such notice shall be accompanied by a copy of the Order of Distribution and shall contain instructions for filing an appeal in accordance with paragraphs (a) or (b) and (c) of §121.8.
§ 121.8 Appeal from an Order of Distribution.

(a) An Order of Distribution of the share of an allottee living on the date the order is issued shall become final 3 days from the date thereof unless an appeal is filed by an interested party with the Superintendent before the expiration of those 3 days.

(b) An Order of Distribution of the share of an allottee who is deceased on the date the order is issued shall become final 30 days from the date thereof unless an appeal is filed by an interested party with the Superintendent before the expiration of those 30 days.

(c) Each appeal must contain a statement of the reasons that the appellant considers the Order of Distribution to be subject to error, and each appellant must, at the time of filing his appeal, mail a copy thereof to each person named as a distributee in the Order of Distribution. The Superintendent shall furnish a copy of the appeal to each other interested party to whom a copy of the Order of Distribution was mailed.

(e) The Superintendent may, in his discretion for good cause shown, order partial distribution of any undisputed segment of any share for which an appeal is pending when such distribution will not be affected by the appeal decision on the disputed portion of the share.

§ 121.9 Disbursement of distributed shares.

(a) When the amount distributed to any heir is less than $20, the amount shall be segregated in a special account for that heir until all Orders of Distribution have become final, at which time the sum of all amounts thus segregated to such account shall be disbursed or redeposited as provided in paragraphs (b), (c), (d) and (e) of this section, if such sum equals or exceeds $20. When such sum is less than $20, such sum in each of such accounts, and all unclaimed shares, and all amounts awarded to distributees which remain unclaimed for 6 months after the Order of Distribution has become final, shall, subsequent to April 27, 1974, be deposited to the account of the Osage Tribe as sums which have reverted to it.

(b) Living allottees having certificates of competency shall have their distributions disbursed directly to them.

(c) Living allottees not having certificates of competency shall have their distributions deposited to their accounts, subject to withdrawal by them at their request.

(d) Heirs of Osage Indian blood who are at least 18 years of age and are not under guardianship shall have their distributions disbursed directly to them.

(e) Heirs of Osage Indian blood who are under guardianship shall have their distributions deposited to their accounts, subject to disbursement to the distributees or their guardians or other persons on their behalf on such terms and conditions as the Superintendent shall consider to be in their best interests during their legal disability, after which the remaining portion shall be disbursed to such distributees.

(f) Heirs of Osage Indian blood who are under 18 years of age shall have their distributions deposited to their accounts, with the funds represented by such deposits invested at favorable rates of return for prudent investments, to be disbursed with earnings thereon only when the respective distributees for whom they are held shall attain the age of 18 years.

The regulations in this part govern
the payment of “Sioux benefits” to al-
lotted Sioux Indians under the Act of
March 2, 1889, c. 405, § 17, 25 Stat. 888, 895; the Act of June 10, 1896, c.
398, 29 Stat. 321, 334; the Act of May 21, 1928, c.

§ 125.2 Purpose.

The purpose of these regulations is to
implement the provisions of federal stat-
utes which provide for the payment of
“Sioux benefits” to Sioux Indians by
setting forth the criteria governing eli-
gibility for and entitlement to “Sioux
benefits” and by establishing pro-
ducts governing application for and
payment of “Sioux benefits.”
§ 125.3 Definitions.

As used in this part, the term—

(a) Area Director means the Area Director, Aberdeen Area Office, BIA, or his/her delegate.

(b) Bureau or BIA means the Bureau of Indian Affairs, Department of the Interior.

(c) Commissioner means the Commissioner of Indian Affairs, BIA, or his/her delegate.

(d) Sioux benefits means the allotment of stock and farming equipment plus $50.00 cash as provided for by the Act of March 2, 1889, c. 405, § 17, 25 Stat. 888, 895, or its commuted cash value as provided in the Act of June 10, 1896, c. 398, 29 Stat. 321, 334.

(e) Sioux Indian means a member of any of the bands or tribes comprising the Sioux Nation of Indians to which the Act of March 2, 1889, c. 405, 25 Stat. 888, applied.

(f) Single person includes all unmarried persons (other than an unmarried person under the age of eighteen years) and any person who is legally separated, divorced, or widowed.

(g) Head of a family means only:

(1) A married person who meets the requirements of § 125.4(c)(1) or (2) (if living with his/her spouse) or § 125.4(c)(3) (if not living with his/her spouse), and

(2) An unmarried person under the age of eighteen years who meets the requirements of § 125.4(c)(3).

(h) For the purpose of determining family support under §§ 125.4(c)(2) and 125.4(c)(3), family means two or more persons (including the applicant) related by blood, through marriage, or by adoption to the applicant and who live together in the same household and are dependent upon the applicant for all or part of their support.

§ 125.4 Eligibility.

(1) He/she received a valid allotment of land under the provisions of the Act of May 29, 1908, c. 216, § 19, 35 Stat. 444, 451, or any prior federal statute (regardless of whether such allotment is still held by the applicant);

(2) He/she is either a single person over the age of eighteen (18) years or a head of a family (as provided in § 125.4(c));

(3) He/she has duly made application for Sioux benefits, and such application has been approved during his/her lifetime (as provided in § 125.5); and

(4) He/she has not previously been paid Sioux benefits in his/her own right (as provided in § 125.4(d)).

(b) Unallotted Sioux Indians. The Act of June 18, 1934, c. 576, § 14, 48 Stat. 987, 25 U.S.C. 474, applies only to Sioux Indians who, but for the provisions of section 1 of that Act, 25 U.S.C. 461, would have been eligible for an allotment of land under the provisions of the Act of May 29, 1908, c. 216, § 19, 35 Stat. 444, 451, or any prior Federal statute, and have not, in fact, been allotted lands under the provisions of such Federal statutes. That Act has current application only to unallotted members of the Cheyenne River Sioux Tribe because of the proviso that the payment of Sioux benefits under that Act would continue only until such time as the lands available for allotment on each reservation as of June 18, 1934, would have been exhausted by the allotment of eighty (80) acres of land to each person receiving Sioux benefits under that Act. Under this statute a member of the Cheyenne River Sioux Tribe is eligible for Sioux benefits if—

(1) He/she would be eligible, but for the provisions of the Act of June 18, 1934, c. 576, § 1, 48 Stat. 984, 25 U.S.C. 461, for an allotment of land under the provisions of the Act of May 29, 1908, c. 216, § 19, 35 Stat. 444, 451, or any prior Federal statute, and has not been allotted lands under the provisions of such Federal statutes;

(2) He/she is either a single person over the age of eighteen (18) years or a
head of a family (as provided in §125.4(c));

(3) He/she has duly made application for Sioux benefits and such application has been approved during his/her lifetime (as provided in §125.5); and

(4) He/she has not previously been paid Sioux benefits in his/her own right (as provided in §125.4(d)); and

(5) The hypothetical allotment of 80 acres of tribal land to the applicant would not exhaust the lands available for allotment on the Cheyenne River Indian Reservation as of June 18, 1934, considering the allowance of similar hypothetical allotments to other such Indians previously receiving Sioux benefits under such Act.

(c) Head of a family. The following criteria apply in determining head of family status under both §§125.4(a) and 125.4(b).

(1) Except as provided in §125.4(c)(2), when an applicant for Sioux benefits is married and living with his/her spouse, the applicant will be deemed to be a head of a family if designated as such by both the applicant and his/her spouse.

(2) When an applicant for Sioux benefits is married and living with his/her spouse, but the applicant’s spouse (i) does not concur in the applicant’s designation as head of the family, or (ii) has previously received Sioux benefits as head of the family which includes the applicant, the applicant will be deemed to be a head of a family if the economic contribution to the support of the family attributable to the applicant exceeds the contribution by his/her spouse for the eighteen (18) months period immediately preceding the date of the application for Sioux benefits.

(3) When an applicant for Sioux benefits is (i) unmarried, or (ii) married, but not living with his/her spouse, the applicant will be deemed to be a head of a family if the primary source of economic contribution to the support of the family is attributable to the applicant. Welfare or support payment made to the applicant by the government or his/her spouse shall be deemed attributable to the applicant.

(4) The Bureau shall not presume that a husband is a head of a family for purposes of this part solely because of his status as a husband. The Bureau shall not presume that a wife is not a head of a family for purposes of this part solely because of her status as a wife.

(5) The Bureau shall not presume that a Sioux woman married to a non-Sioux man is a head of a family for purposes of this part solely because of such status. The Bureau shall not presume that a Sioux woman married to a Sioux man is not a head of a family for purposes of this part solely because of such status.

(d) Double benefits. The prohibition against multiple payment of Sioux benefits to a person in his/her own right extends to the payment of Sioux benefits under any Federal statute. However, a person will not be deemed to have received payment of Sioux benefits in his/her own right due to the fact that:

(1) Sioux benefits were paid to such person in his/her capacity as an heir of an Indian who, under prior law, was held to have a vested right to receive such benefits as of the date of death, or

(2) Sioux benefits have previously been paid to that person’s spouse or former spouse. Although the prohibition against double benefits would not preclude both spouses from receiving Sioux benefits during their marriage (assuming they both were otherwise eligible) or preclude a widowed or divorced applicant from receiving Sioux benefits merely because his/her spouse had previously received Sioux benefits, an applicant would not be able to receive Sioux benefits in his/her own right first as a single adult and again as a head of a family, or vice versa.

§125.5 Application procedure.

(a) Agency Superintendent. Application for Sioux benefits must be submitted to the Agency Superintendent for the reservation and shall contain such information as may be prescribed by the Bureau. Applications must be submitted within the lifetime of the applicant. Within thirty (30) days of receipt of a completed application, the Agency Superintendent shall verify the necessary information and forward the application and relevant documentation to the Area Director along with his/her recommendation for approval or disapproval.
(b) Area Director. Within fourteen (14) days of receipt of an application from the Agency Superintendent, the Area Director shall approve or disapprove the application and notify, in writing, the applicant and the Agency Superintendent of such decision and, if denied, the reasons therefor. Failure of the Area Director to act within the specified time shall have the effect of approval of the application.

(c) Appeal. Approval of an application by the Area Director shall be final and conclusive. Disapproval of an application may be appealed to the Commissioner pursuant to the administrative review procedures of 25 CFR part 2, and the Commissioner's determination shall be subject to the administrative appeal procedures of 43 CFR part 4, subpart D. Approval of an application on administrative appeal or pursuant to judicial review shall relate back to the date of the Area Director's decision.

(d) Prior applications. (1) Eligibility for Sioux Benefits will be determined by an applicant's status as of the date of application, except that where an applicant's application was disapproved prior to the promulgation of these regulations under the provisions of previous Bureau regulations or policies, the applicant may reapply and, if he/she so requests, have his/her eligibility determined based upon his/her status as of the date of such prior application, which shall be deemed to be the date of the application, but nothing in this subsection shall be construed to allow any application to be made on behalf of a deceased Sioux Indian whose prior application was disapproved.

(2) Unallotted Sioux Indians of the Pine Ridge and Rosebud Reservations whose applications were submitted and disapproved prior to the termination of payment of Sioux benefits on each respective reservation may reapply for benefits under this subsection within one year of the effective date of this part and receive payment if their eligibility under §125.4(b) is established as of the date of such initial application.

(e) Information collection. The information collection requirements contained in this part have been approved by the Office of Management and Budget under 44 U.S.C. 3507 and assigned clearance number 1076-0004. The information is being collected to provide information necessary for the Bureau to determine eligibility for Sioux benefits. This information will be used to grant statutory benefits. The obligation to respond is required to obtain a benefit.

§ 125.6 Administration.

(a) No payment of Sioux benefits may be made unless an application therefor has been made and approved during the lifetime of the applicant as provided by Federal law.

(b) Payment of Sioux benefits shall be made in accordance with a budget or plan for expenditure submitted by the applicant and approved by the Agency Superintendent.

(c) The Commissioner shall annually compute the commuted monetary value of Sioux benefits to be effective on October 1 of that year and notify the affected tribes and Bureau agencies of such determination.

(d) The Area Director shall annually notify both the Cheyenne River Sioux Tribe and the Commissioner of the number of Sioux benefits remaining available to be paid under the provisions of the Act of June 18, 1934, c. 576, §14, 48 Stat. 987, 25 U.S.C. 474.

§ 125.7 Information collection.

The information collection requirements contained in §§125.4 and 125.5 have been approved by the Office of Management and Budget under 44 U.S.C. 3501 et seq, and assigned clearance number 1076-0004. The information is being collected to solicit information necessary to make a determination of eligibility for Sioux benefits. The information will be used to determine eligibility for payment. Response is required to obtain a benefit.

PART 134—PARTIAL PAYMENT CONSTRUCTION CHARGES ON INDIAN IRRIGATION PROJECTS

Sec.
134.1 Partial reimbursement of irrigation charges; 5 percent per annum of cost of system, June 30, 1920.
134.2 Landowners financially unable to pay.
134.3 Period for payments extended.
134.4 Annual payment reduced.
134.4a Assessment and collection of additional construction costs.
134.5 Payments to disbursing officer.
134.6 “Owner” defined.
134.7 Modifications.

§ 134.1 Partial reimbursement of irrigation charges; 5 percent per annum of cost of system, June 30, 1920.

In pursuance of the act of February 14, 1920 (41 Stat. 409; 25 U.S.C. 385), regulations governing partial payment of construction charges on Indian irrigation projects, with the exception of certain ones mentioned therein, where approved by the Department June 21, 1920, and require that each owner of irrigable land under any irrigation system constructed for the benefit of Indians under provisions of law requiring reimbursement of the cost of such system and to which land, water for irrigation purposes can be delivered from such system, shall pay, on or before November 15, 1920, a sum equal to 5 percent of the per acre cost, as of June 30, 1920, of the construction of the system under which such land is situated. The per acre cost of a given system as of June 30, 1920, shall be determined by dividing the total amount expended for construction purposes on such system up to that date by the total area of land to which water for irrigation purposes can be delivered on that date, and on November 15 of each year following the year 1920, until further notice, the land owners, as therein prescribed, shall pay 5 percent of the per acre construction cost as of June 30, of the current year, such per acre cost to be determined by dividing the cost of the system to June 30 of that year by the total area of land to which water for irrigation purposes can be delivered from the system on that date. Provision is contained that no payments shall be required under the regulations in behalf of lands still in process of allotment or prior to the issuance of the first or trust patent therefor, nor for lands reserved for school, agency, or other administrative purposes where the legal title still remains in the United States.

§ 134.2 Landowners financially unable to pay.

Considerable difficulty has been encountered in collecting charges under the regulations in this part owing to the fact that Indians have been financially unable to pay the charges, the result being that the construction charges have accrued against the lands and in cases where the land is sold for the benefit of the allottee or his heirs under the regulations, the purchaser is to pay the accrued and future irrigation charges which make it difficult in some instances, to sell the land at as favorable terms as might otherwise be secured.

§ 134.3 Period for payments extended.

Furthermore, in recent legislation dealing with specific projects in the Bureau and also all reclamation projects the policy has been to extend the payment of such charges over a longer period of years.

§ 134.4 Annual payment reduced.

In view of these conditions the regulations governing this matter are hereby modified so as to distribute the unaccrued installments over a period of time so that 2½ percent of the total amount yet due shall be due and payable on November 15 of each year until further notice. You shall accordingly ascertain the per acre cost after deducting the amount of the accrued charges and take 2½ percent of that amount and a like sum each year so that the amount of the annual installments will be the same each year. Superintendents are obligated to submit all proposed lists of sales involving allotments containing irrigable allotments to the project or supervising engineer for checking, as to the irrigable
§ 134.6 "Owner" defined.

The word "owner" as used in this part shall be construed to include any person, Indian or white, or any firm, partnership, corporation, association, or other organization to whom title to the land capable of irrigation, as provided in the act of February 14, 1920 (41 Stat. 409; 25 U.S.C. 386), has passed, either by fee or trust patent, or otherwise.

1The special regulations for Wapato, Fort Peck, and Flathead, were not codified. Operations of the Blackfeet project were discontinued by the Bureau, July 20, 1938, effective September 30, 1933.
§ 134.7 Modifications.

The act of July 1, 1932 (47 Stat. 564; 25 U.S.C. 386a), cancelled all irrigation assessments for construction costs against lands in Indian ownership which were unpaid at that date and deferred all future assessments for construction costs until the Indian title to the land shall have been extinguished.

135.3 Annual assessments.
135.4 Time of payment.
135.5 Penalty.
135.6 Refusal of water delivery.

Subpart B—Charges Assessed Against Non-Indian Lands Not Included in an Irrigation District

135.20 Private contract lands; assessments.
135.21 Time of payment.
135.22 Penalty.
135.23 Refusal of water delivery.

Authority: Sec. 15, 60 Stat. 338.

Subpart A—Charges Assessed Against Irrigation District Lands

§ 135.1 Contracts.

Under provisions of the act of Congress approved June 28, 1946 (60 Stat. 333-338), contracts were executed June 28, 1951, by the United States with the Lower Little Horn and Lodge Grass Irrigation District providing for the payment, over a period of 40 years, by each of the Districts of its respective share of the sum of $210,726 expended for the construction of the Willow Creek storage works on account of non-Indian lands within the Districts entitled to share in the storage water, directly or by substitution.

§ 135.2 Annual rate of assessments.

Within the Lower Little Horn and Lodge Grass Irrigation District there are 3,196.8 acres for which the District is obligated by contract to pay its proper share of the total construction costs. Within the Upper Little Horn Irrigation District there are 1,554.7 acres for which the District is obligated by contract to pay its proper share of the total construction costs. There are 3,237.6 acres, more or less, covered by contracts with private landowners, obligating such owners to pay their proper share of such construction costs. The total per acre charge against all such lands is $26.38. This amounts to an annual per acre rate of $0.66. For the purpose of this notice the annual per acre rate is hereby fixed at $0.66. This annual per acre rate of assessment will continue for a 40-year period within which the total amount of construction costs of $210,726 is to be repaid without interest. The amount of each annual installment chargeable against each of the Districts for the acreage covered by their respective contracts shall be determined by multiplying the total acreage, under each contract entitled to Willow Creek storage rights, either directly or by substitution, by the per acre annual rate.

§ 135.3 Annual assessments.

Notice is hereby given of an annual assessment of $2,108.05 to be repaid by the Lower Little Horn and Lodge Grass Irrigation District for the 3,196.8 acres of irrigable land of the District, and an annual assessment of $1,025.06 to be repaid by the Upper Little Horn Irrigation District for the 1,554.7 acres of irrigable land of the District. Against the amounts due annually by the Districts under this notice, there shall be allowed any credits due under section 6 of the act of June 28, 1946. Credits due on behalf of any land shall be reflected by the respective Districts when placing against such land the annual assessment on the tax rolls.

§ 135.4 Time of payment.

Annual assessments shall be paid by the Districts to the United States, one-half thereof on or before February 1 and one-half thereof on or before July
§ 135.20 Private contract lands; assessments.

In addition to 4,751.5 acres of non-Indian land included within the two irrigation Districts dealt with in subpart A, there are 3,237.6 acres of land, more or less, in non-Indian ownership under private ditches, covered by repayment contracts executed pursuant to the act of June 28, 1946 (60 Stat. 333-338), obligating such owners to pay their pro rata share of such construction costs. The total per acre charge against all such lands is $26.38. This amounts to an annual per acre rate of $0.6595. For the purposes of this notice the annual per acre rate is hereby fixed at $0.66. This annual rate of assessment will continue for a 40-year period within which the total amount of construction cost of $210,726 is to be repaid without interest. The amount of each annual installment chargeable against the lands covered by each of the several contracts with individual landowners whose lands are served under private ditches, shall be determined by multiplying the total acreage, under each contract entitled to Willow Creek storage rights, either directly or by substitution, by the per acre annual rate. Against the amounts due annually by the individual landowners whose lands are served by private ditches, under this notice there shall be allowed any credits due under section 6 of the act of June 28, 1946. Credits due on behalf of any land shall be reflected in any statement submitted to the landowners.

§ 135.21 Time of payment.

The amount of each annual installment, payable under the private landowner contracts, determined as provided in this part shall be paid by the landowners to the United States, on or before November 15 of each year commencing with the calendar year 1951.

§ 135.22 Penalty.

To all assessments not paid on the due date there shall be added a penalty of one-half of one percent per month or fraction thereof, from the due date so long as the delinquency continues.

§ 135.23 Refusal of water delivery.

The right is reserved to refuse the delivery of water to any landowner in the event of default in the payment of assessments, including penalties on account of delinquencies.

PART 136—FORT HALL INDIAN IRRIGATION PROJECT, IDAHO

Sec. 136.1 Repayment contracts.

136.2 Construction costs.

136.3 Repayment of construction costs.

AUTHORITY: Sec. 9, 46 Stat. 1063.

§ 136.1 Repayment contracts.

A rehabilitation program was established on the Fort Hall Unit of the Fort Hall Project in 1936. Based upon the estimated construction costs, contracts were signed by all non-Indian landowners within the project, including such landowners within the Little Indian Unit, now a part of the Fort Hall Unit. Under the terms of their contracts, the landowners agreed to repay to the Government their pro rata share, on an acreage basis, of all expenditures for construction and other necessary improvements for carrying out the approved program, payments not to exceed $7.50 per acre, based upon
§ 136.2 Construction costs.

The program of rehabilitation has now been completed at a cost of $419,186.52. This amount, chargeable on an equal per acre basis against 60,000 acres, amounts to a rate of $6.986 per acre, which rate is hereby determined to be the per acre cost to be repaid to the United States under the 1936 contracts.

§ 136.3 Repayment of construction costs.

Under the terms of the contracts, the landowners agreed to repay the construction cost in forty (40) equal annual installments. Therefore, the annual per acre installment is hereby fixed at seventeen and one-half cents (17½ cents) per acre, due and payable on December 1st of each year, the first payment being due on December 1, 1955.

§ 137.1 Water supply.

The engineering report dealt with in section 1 of the act of June 7, 1924 (43 Stat. 475) and other available records show that the storage capacity of the San Carlos reservoir created by the Coolidge Dam and the water supply thereafter over a period of years will provide for the irrigation of only 80,000 acres of lands in Indian and public or private ownership within the San Carlos irrigation project, the balance of the water supply needed for the additional 20,000 acres of the project to be provided for by recaptured and return flow water and by means of pumping the underground supply. The cost of providing the proposed supply and of operating the works for this latter acreage to be equally distributed over the entire 100,000 acres of the project regardless of where the works are placed and operated.

§ 137.2 Availability of water.

Pursuant to section 3 of the act of June 7, 1924 (43 Stat. 475), requiring the Secretary of the Interior by public notice to announce when water is actually available for lands in private ownership under the project and the amount of the construction charges per irrigable acre against the same which charges shall be payable in annual installments as provided for therein, this public notice, of which § 137.1 is made a part hereof, is hereby given:

The date when a reasonable water supply is actually available for lands in private ownership under the San Carlos irrigation project is hereby declared to be the 1st day of December 1932.

§ 137.3 Construction charges.

Each acre of land in private ownership of said project is hereby charged with $95.25 of construction cost assessable thereto at the date hereof (Dec. 1, 1932), which sum is based upon 50,000 acres of such privately owned lands, making a total charge or assessment due from the owners thereof of $4,762,250 on this date (Dec. 1, 1932), excluding the cost of operation and maintenance for the calendar year of 1933 which may be carried into construction cost as provided for by section 3 of the act of June 7, 1924 (43 Stat. 476), and also excluding interest at the rate of 4 percent which is charged against such lands by said act. Of the 50,000 acres constituting the lands in private ownership within the said project only 46,107.49 acres have at this date (Dec. 1, 1932) actually been designated as coming within the project. Should this
§ 137.7 Private ownership defined.

The term "private ownership" used in this public notice includes all lands of the San Carlos irrigation project present designated area be not increased within a reasonable time herefrom and prior to the due date of the first installment of the charge fixed in this section, namely, on December 1, 1935, so as to bring the total designated area up to the 50,000 acres, the per acre charge fixed in this section shall be proportionately increased against the then designated area so as to assure reimbursement of the total indebtedness due the Government by the owners of the lands in private ownership from the lesser designated acreage.

§ 137.4 Future charges.

The payment of said construction cost and costs of future operation and maintenance of said project as provided for in said section 3 of the act of June 7, 1924 (43 Stat. 476), as supplemented or amended and such contingent project liabilities which may be incurred in accordance with the provisions of said repayment contract shall be made in accordance with the provisions of said act of June 7, 1924, as supplemented or amended and the repayment contract by and between the San Carlos irrigation and drainage district and the Secretary of the Interior bearing date of June 8, 1931; the said construction cost incurred subsequent to this public notice assessable against the lands in private ownership and costs of operation and maintenance assessed against such privately owned lands within the project for the first year after this public notice to be included in the construction cost and such contingent project liabilities which may be incurred in accordance with provisions of the repayment contract shall also be repaid to the Government pursuant to the terms of the said repayment contract this public notice.

§ 137.5 Construction costs limited.

The repayment contract with the San Carlos irrigation and drainage district, page 13 thereof, contains the following:

In accordance with the foregoing the costs of the San Carlos project as fixed by the public notice to be issued as aforesaid, unless further sums shall be agreed to by the Secretary of the Interior and the district after the execution of this instrument, may amount to but shall not exceed the sum of $9,556,313.77 except that said total may be exceeded by the inclusion of any sums expended to safeguard the project as hereinabove provided for, and any sums expended on account of contingent liabilities as in the next paragraph hereof provided.

The foregoing and subsequent statements of project costs, the district's shares of which are to be repaid hereunder, unless otherwise provided by Congress more favorably to the lands of the project, may be increased by the addition of sums not now fixed as project charges but which possibly constitute contingent project liabilities incurred after the date of the San Carlos Act of June 7, 1924 (43 Stat. 476), or incurred on account of the Florence-Casa Grande project, and so may become project charges by the judgment of courts of competent jurisdiction or of other proper authority.

The limitations therein fixed has approximately been reached, there remaining but $32,815.02 yet to be expended on project works before reaching that limitation. Upon the expenditure of this additional sum there shall be no further expenditures of funds for construction, operation and maintenance of the San Carlos project so far as the private lands are concerned until the San Carlos irrigation and drainage district shall, through appropriate action, authorize pursuant to the terms of the said repayment contract such additional expenditures. This limitation does not apply to project expenditures for the extension of the distributing and pumping system regardless of where they may arise. This class of expenditures being excepted from the limitation on expenditures contained in the said repayment contract by section 14, page 10, thereof, which section is known as the "Equalization of Expenditures."

§ 137.6 Power development.

The cost of the power development at the Coolidge Dam is hereby fixed at $735,000. The net revenues derived from the operation of this power development shall be disposed of as required by the terms and conditions of the act of March 7, 1928 (45 Stat. 210) as supplemented or amended.

§ 137.7 Private ownership defined.

The term "private ownership" used in this public notice includes all lands of the San Carlos irrigation project.
§ 137.8
that have or may be designated by the Secretary of the Interior that are situated outside of the boundaries of the Gila River Indian Reservation.

§ 137.8 Indian lands excluded.
This public notice, with the exception of that part dealing with payment in advance each year of operation and maintenance charges against lands in Indian ownership operated under lease, does not apply in so far as payments are concerned to Indian lands within the project. The act of July 1, 1932 (47 Stat. 564; 25 U.S.C. 386a) defers the collection of construction costs from Indian owned lands so long as the title to such lands remains in the Indian ownership.

PART 138—REIMBURSEMENT OF CONSTRUCTION COSTS, AHTANUM UNIT, WAPATO INDIAN IRRIGATION PROJECT, WASHINGTON

Sec. 138.1 Construction costs and assessable acreage.
138.2 Repayment of construction costs.
138.3 Payments.
138.4 Deferment of assessments on lands remaining in Indian ownership.
138.5 Assessments after the Indian title has been extinguished.

§ 138.1 Construction costs and assessable acreage.
The construction program has been completed on the Ahtanum Unit of the Wapato Indian Irrigation Project and the construction costs have been established as $79,833.64. The area benefited by this development has been established at 4,765.2 acres. Under the requirements of the acts of February 14, 1920 (41 Stat. 409) and March 7, 1928 (45 Stat. 210), these costs are to be repaid to the United States Treasury by the owners of the lands benefited.

§ 138.2 Repayment of construction costs.
The cost per acre under § 138.1 is, therefore, established at $16.7535. § 140.3 Forfeiture of goods.

Any person other than an Indian of the full blood who shall attempt to reside in the Indian country, or on any Indian reservation, as a trader, or to introduce goods, or to trade therein, without a license, shall forfeit all merchandise offered for sale to the Indians or found in his possession, and shall moreover be liable to a penalty of $500:

Licensed traders will be held responsible for the conduct of their employees.

(b) Itinerant peddlers or purveyors of foodstuffs and other merchandise shall be considered as traders and shall obtain a license or permit from the Superintendent setting forth the class of trade or peddling to be carried on, furnishing such character or credit references, or both, as may be required by the Superintendent. The period of the license for such itinerant peddlers shall be determined by the Superintendent.

(c) When a license or permit to trade is issued under the regulations in this part 140, a fee of $5, payable when the license is issued, shall be levied against the licensee.

§ 140.11 License period.

The use of reservation lands, whether tribal or allotted, for such purposes can be obtained by a trader only upon the terms and under the restrictions which apply to other persons. The quality of all articles kept on sale must be good and merchantable.

§ 140.23 Credit at trader's risk.

As used in this part:

(a) Secretary means the Secretary of the Interior or his authorized representative acting under delegated authority.

(b) Agency means an Indian agency or other field unit of the Bureau of Indian Affairs having trust or restricted Indian land under its immediate jurisdiction.

(c) Restricted land means land or any interest therein, the title to which is held by an individual Indian, subject to Federal restrictions against alienation or encumbrance.

(d) Trust land means land or any interest therein held in trust by the United States for an individual Indian.

(e) Competent means the possession of sufficient ability, knowledge, experience, and judgment to enable an individual to manage his business affairs, including the administration, use, investment, and disposition of any property turned over to him and the income or proceeds therefrom, with such reasonable degree of prudence and wisdom as will be apt to prevent him from losing such property or the benefits thereof. (Act of August 11, 1955 (69 Stat. 666)).

(f) Tribe means a tribe, band, nation, community, group, or pueblo of Indians.

§ 152.2 Withholding action on application.

Action on any application, which if approved would remove Indian land from restricted or trust status, may be withheld, if the Secretary determines that such removal would adversely affect the best interest of other Indians, or the tribes, until the other Indians or the tribes so affected have had a reasonable opportunity to acquire the land from the applicant. If action on the application is to be withheld, the applicant shall be advised that he has the right to appeal the withholding action pursuant to the provisions of part 2 of this chapter.

§ 152.3 Information regarding status of applications for removal of Federal supervision over Indian lands.

The status of applications by Indians for patents in fee, certificates of competency, or orders removing restrictions shall be disclosed to employees of the Department of the Interior whose
duties require that such information be disclosed to them; to the applicant or his attorney, upon request; and to Members of Congress who inquire on behalf of the applicant. Such information will be available to all other persons, upon request, 15 days after the fee patent has been issued by the Bureau of Land Management, or 15 days after issuance of certificate of competency or order removing restrictions, or after the application has been rejected and the applicant notified. Where the termination of the trust or restricted status of the land covered by the application would adversely affect the protection and use of Indian land remaining in trust or restricted status, the owners of the land that would be so affected may be informed that the application has been filed.

§ 152.4 Application for patent in fee.

Any Indian 21 years of age or over may apply for a patent in fee for his trust land. A written application shall be made in the form approved by the Secretary and shall be completed and filed with the agency having immediate jurisdiction over the land.

§ 152.5 Issuance of patent in fee.

(Acts of Feb. 8, 1887 (24 Stat. 388), as amended (25 U.S.C. 349); June 25, 1910 (36 Stat. 855), as amended (25 U.S.C. 372); and May 14, 1948 (62 Stat. 236; 25 U.S.C. 483), and other authorizing acts.)

(d) Fort Peck Reservation: Pursuant to the Act of June 30, 1954 (68 Stat. 358), oil and gas underlying certain allotments in the Fort Peck Reservation were granted to certain Indians to be held in trust for such Indians and provisions were made for issuance of patents in fee for such oil and gas or patents in fee for land in certain circumstances.

1. Where an Indian or Indians were the grantees of the entire interest in the oil and gas underlying a parcel of land, and such Indian or Indians had before June 30, 1954, been issued a patent or patents in fee for any land within the Fort Peck Reservation, the title to the oil and gas was conveyed by the act in fee simple status.

2. Where the entire interest in the oil and gas granted by the act is after June 30, 1954, held in trust for Indians to whom a fee patent has been issued at any time, for any land within the Fort Peck Reservation, or who have been or are determined by the Secretary to be competent, the Secretary will convey, by patent, without application, therefor, unrestricted fee simple title to the oil and gas.

§ 152.6 Issuance of patents in fee to non-Indians and Indians with whom a special relationship does not exist.

Whenever the Secretary determines that trust land, or any interest therein, has been acquired through inheritance or devise by a non-Indian, or by a person of Indian descent to whom the United States owes no trust responsibility, the Secretary may issue a patent in fee for the land or interest therein to such person without application.

§ 152.7 Application for certificate of competency.

The application shall be in writing setting forth reasons for removal of restrictions and filed with the agency having immediate jurisdiction over the lands.

§ 152.11 Issuance of orders removing restrictions, except Five Civilized Tribes.

(a) An application for an order removing restrictions may be approved and such order issued by the Secretary, in his discretion, if he determines that the applicant is competent or that removal of restrictions is in the best interests of the Indian owner. The effect of the order will be to remove the restrictions from the land described therein.

(b) If the application is denied, the applicant will be notified in writing, given the reasons therefor and advised of his right to appeal pursuant to the provisions of part 2 of this chapter.

§ 152.12 Removal of restrictions, Five Civilized Tribes, after application under authority other than section 2(a) of the Act of August 11, 1955.

When an Indian of the Five Civilized Tribes makes application for removal of restrictions from his restricted lands under authority other than section 2(a) of the Act of August 11, 1955 (69 Stat. 666), such application may be for either unconditional removal of restrictions or conditional removal of restrictions, but shall not include lands or interest in lands acquired by inheritance or devise.

(a) If the application is for unconditional removal of restrictions and the Secretary, in his discretion, determines the applicant should have the unrestricted control of that land described in his application, the Secretary may issue an order removing restrictions therefrom.

(b) When the Secretary, in his discretion, finds that in the best interest of the applicant all or part of the land described in the application should be sold with conditions concerning terms of sale and disposal of the proceeds, the Secretary may issue a conditional order removing restrictions which shall be effective only and simultaneously with the execution of a deed by said applicant upon completion of an advertised sale or negotiated sale acceptable to the Secretary.
§ 152.13 Removal of restrictions, Five Civilized Tribes, after application under section 2(a) of the Act of August 11, 1955.

When an Indian of the Five Civilized Tribes makes application for removal of restrictions under authority of section 2(a) of the Act of August 11, 1955 (69 Stat. 666), the Secretary will determine the competency of the applicant.

(a) If the Secretary determines the applicant to be competent, he shall issue an order removing restrictions having the effect stated in §152.16.

(b) If the Secretary rejects the application, his action is not subject to administrative appeal, notwithstanding the provisions concerning appeals in part 2 of this chapter.

(c) If the Secretary rejects the application, or neither rejects nor approves the application within 90 days of the application date, the applicant may apply to the State district court in the county in which he resides for an order removing restrictions. If that State district court issues such order, it will have the effect stated in §152.16.

§ 152.14 Removal of restrictions, Five Civilized Tribes, without application.

Section 2(b) of the Act of August 11, 1955 (69 Stat. 666), authorizes the Secretary to issue an order removing restrictions to an Indian of the Five Civilized Tribes without application therefor. When the Secretary determines an Indian to be competent, he shall notify the Indian in writing of his intent to issue an order removing restrictions 30 days after the date of the notice. This decision may be appealed under the provisions of part 2 of this chapter within such 30 days. All administrative appeals under that part will postpone the issuance of the order. When the decision is not appealed within 30 days after the date of notice, or when any dismissal of an appeal is not appealed within the prescribed time limit, or when the final appeal is dismissed, an order removing restrictions will be issued.

§ 152.15 Judicial review of removal of restrictions, Five Civilized Tribes, without application.

When an order removing restrictions is issued, pursuant to §152.14, a copy of such order will be delivered to the Indian, to any person acting in his behalf, and to the Board of County Commissioners for the county in which the Indian resides. At the time the order is delivered written notice will be given the parties that under the terms of the Act of August 11, 1955 (69 Stat. 666), the Indian or the Board of County Commissioners has, within 6 months of the date of notification, the right to appeal to the State district court for the district in which the Indian resides for an order setting aside the order removing restrictions. The timely initiation of proceedings in the State district court will stay the effective date of the order removing restrictions until such proceedings are concluded. If the State district court dismisses the appeal, the order removing restrictions will become effective 6 months after notification to the parties of such dismissal. The effect of the issuance of such order will be as prescribed in §152.16.

§ 152.16 Effect of order removing restrictions, Five Civilized Tribes.

An order removing restrictions issued pursuant to the Act of August 11, 1955 (69 Stat. 666), on its effective date shall serve to remove all jurisdiction and supervision of the Bureau of Indian Affairs over money and property held by the United States in trust for the individual Indian or held subject to restrictions against alienation imposed by the United States. The Secretary shall cause to be turned over to the Indian full ownership and control of such money and property and issue in the case of land such title document as may be appropriate: Provided, That the Secretary may make such provisions as he deems necessary to insure payment of money loaned to any such Indian by the Federal Government or by an Indian tribe; And provided further, That the interest of any lessee or permittee in any lease, contract, or permit that is outstanding when an order removing restrictions becomes effective shall be

§ 152.27 Procedure of sale.

Advertised sales shall be by sealed bids except as otherwise provided herein.

(a)(1) Bids, conforming to the requirements set out in the advertisement of sale, along with a certified check, cashier's check, money order, or U.S. Treasury check, payable to the Bureau of Indian Affairs, for not less than 10 percent of the amount of the bid, must be enclosed in a sealed envelope marked as prescribed in the notice of sale. A cash deposit may be submitted in lieu of the above-specified negotiable instruments at the bidder's risk. Tribes submitting bids pursuant to this paragraph may guarantee the required 10 percent deposit by an appropriate resolution;

(2) The sealed envelopes containing the bids will be publicly opened at the time fixed for sale. The bids will be announced and will be appropriately recorded.

(b) The policy of the Secretary recognizes that in many instances a tribe or a member thereof has a valid interest in acquiring trust or restricted lands offered for sale.

(1) With the consent of the owner and when the notice of sale so states, the tribe or members of such tribe shall have the right to meet the high bid.

(2) Provided the tribe is not the high bidder and when one or more acceptable sealed bids are received and when so stated in the notice of sale, an oral auction may be held following the bid opening. Bidding in the auction will be limited to the tribe, and to those who submitted sealed bids at 75 percent or more of the appraised value of the land being auctioned. At the conclusion of the auction the highest bidder must increase his deposit to not less than 10 percent of his auction bid.

(c) The Secretary shall award the bid and notify the apparent successful bidder that the remainder of the purchase price must be submitted within 30 days.

(1) Upon a showing of cause the Secretary may, in his discretion, extend the time of payment of the balance due.

(2) If the remainder of the purchase price is not paid within the time allowed, the bid will be rejected and the apparent successful bidder's 10 percent deposit will be forfeited to the landowner's use.

(d) The issuance of the patent or delivery of a deed to the purchaser will not be authorized until the balance of the purchase price has been paid, except that the fee patent may be ordered in cases where the purchaser is obtaining a loan from an agency of the Federal Government and such agency has given the Secretary a commitment that the balance of the purchase price will be paid when the fee patent is issued.

§ 152.29 Rejection of bids; disapproval of sale.

The Secretary reserves the right to reject any and all bids before the award, after the award, or at any time prior to the issuance of a patent or delivery of a deed, when he shall have determined such rejection to be in the best interests of the Indian owner.

§ 152.30 Bidding by employees.

Except as authorized by the provisions of part 140 of this chapter, no person employed in Indian Affairs shall directly or indirectly bid, make, or prepare any bid, or assist any bidder in preparing his bid. § 152.31 Cost of conveyance; payment.

Pursuant to the Act of February 14, 1920 (41 Stat. 415), as amended by the Act of March 1, 1933 (47 Stat. 1417; 25 U.S.C. 413), the Secretary may in his discretion collect from a purchaser reasonable fees for work performed or expense incurred in the transaction. The amount so collected shall be deposited to the credit of the United States as general fund receipts, except as stated in paragraph (b) of this section.

(a)(1) The amount of the fee shall be $22.50 for each transaction.

(2) The fee may be reduced to a lesser amount or may be waived, if the Secretary determines circumstances justify such action.

(b)(1) If any or all of the costs of the work performed or expenses incurred are paid with tribal funds, an alternate schedule of fees may be established, subject to approval of the Secretary, and that part of such fees deemed appropriate may be credited to the tribe.

(2) When the purchaser is the tribe which bears all or any part of such costs, the collection of the proportionate share from the tribe may be waived.

§ 152.32 Irrigation fee; payment.

Collection of all construction costs against any Indian-owned lands within Indian irrigation projects is deferred as long as Indian title has not been extinguished. (Act of July 1, 1932 (47 Stat. 564; 25 U.S.C. 386a)). This statute is interpreted to apply only where such land is owned by Indians either in trust or restricted status.

(a) When any person whether Indian or non-Indian acquires Indian lands in a fee simple status that are part of an Indian irrigation project he must enter into an agreement:

(1) To pay the pro rata share of the construction of the project chargeable to the land,
(2) To pay all construction costs that accrue in the future, and
(3) To pay all future charges assessable to the land which are based on the annual cost of operation and maintenance of the irrigation system.

(b) Any operation and maintenance charges that are delinquent when Indian land is sold will be deducted from the proceeds of sale unless other acceptable arrangements are made to provide for their payment prior to the approval of the sale.

(c) A lien clause covering all unpaid irrigation construction costs, past and future, will be inserted in the patent or other instrument of conveyance issued to all purchasers of restricted or trust lands that are under an Indian irrigation project.

Cross Reference: See part 159 and part 160 and cross-references thereunder in this chapter for further regulations regarding sale of irrigable lands.

PARTITIONS IN KIND OF INHERITED ALLOTMENTS

§ 152.33 Partition.

(a) Partition without application. If the Secretary of the Interior shall find that any inherited trust allotment or allotments (as distinguished from lands held in a restricted fee status or authorized to be sold under the Act of May 14, 1948 (62 Stat. 236; 25 U.S.C. 483)), are capable of partition in kind to the advantage of the heirs, he may cause such lands to be partitioned among them, regardless of their competency, patents in fee to be issued to the competent heirs for their shares and trust patents to be issued to the incompetent heirs for the lands respectively or jointly set apart to them, the trust period to terminate in accordance with the terms of the original patent or order of extension of the trust period set out in said patent. (Act of May 18, 1916 (39 Stat. 127; 25 U.S.C. 378)). The authority contained in the Act of May 18, 1916, is not applicable to lands authorized to be sold by the Act of May 14, 1948, nor to land held in restricted fee status.

(b) Application for partition. Heirs of a deceased allottee may make written application, in the form approved by the Secretary, for partition of their trust or restricted land. If the Secretary finds the trust lands susceptible of partition, he may issue new patents or deeds to the heirs for the portions set aside to them. If the allotment is

Any individual Indian owner of trust or restricted lands, may with the approval of the Secretary execute a mortgage or deed of trust to his land. Prior to approval of such mortgage or deed of trust, the Secretary shall secure appraisal information as he deems advisable. Such lands shall be subject to foreclosure or sale pursuant to the terms of the mortgage or deed of trust in accordance with the laws of the State in which the lands are located. For the purpose of foreclosure or sale proceedings under this section, the Indian owners shall be regarded as vested with unrestricted fee simple title to the lands (Act of March 29, 1956).

(70 Stat. 62; 25 U.S.C. 483a)

§ 152.35 Deferred payment sales.

When the Indian owner and purchaser desire, a sale may be made or approved on the deferred payment plan. The terms of the sale will be incorporated in a memorandum of sale which shall constitute a contract for delivery of title upon payment in full of the amount of the agreed consideration. The deed executed by the grantor or grantors will be held by the Superintendent and will be delivered only upon full compliance with the terms of sale. If conveyance of title is to be made by fee patent, request therefor will be made only upon full compliance with the terms of the sale. The terms of the sale shall require that the purchaser pay not less than 10 percent of the purchase price in advance as required by the Act of June 25, 1910 (36 Stat. 855), as amended (25 U.S.C. 372); terms for the payment of the remaining installments plus interest shall be those acceptable to the Secretary and the Indian owner. PART 156—REALLOTMENT OF LANDS TO UNALLOTTED INDIAN CHILDREN

Sec. 156.1 Relinquishment of original patent.

156.2 Relinquishment when original patent has been lost or destroyed.

1Filed with the original document. Copies may be obtained upon request at the Bureau of Indian Affairs, Department of the Interior, Washington, DC.

2The reallocation provisions herein dealt with are not applicable on reservations subject to the Indian Reorganization Act of June 18, 1934 (48 Stat. 994, as amended; 25 U.S.C. 463-479).
§ 156.1 Relinquishment of original patent.

To effect a reallocation under section 3 of the Act of June 25, 1910 (36 Stat. 856; 25 U.S.C. 408), the Indian owner shall endorse on the original patent a relinquishment of all lands described therein and explain the purpose of the relinquishment. The relinquishment shall name the child or children to be reallocated and follow with descriptions by legal subdivisions of the land. If a part of the allotment is being retained by the Indian owner, the relinquishment and application for reallocation may describe only the tract to be reallocated. The relinquishment must be signed by the original allottee or owner of the land involved and be acknowledged before a superintendent of an Indian agency or an officer authorized to administer oaths. The signatures of those who cannot write must be by thumb mark and be witnessed.

§ 156.2 Relinquishment when original patent has been lost or destroyed.

When the original patent has been lost or destroyed, the relinquishment and application for reallocation may be submitted in the form of a letter, which must be accompanied by an affidavit showing the loss or destruction of the original patent. PART 158—OSAGE LANDS

§ 158.1 Definitions.

158.51 Definitions.
158.52 Application for change in designation of homestead.
158.53 Order to change designation of homestead.
158.54 Exchanges of restrictive lands.
158.55 Institution of partition proceedings.
158.56 Partition records.
158.57 Approval of deeds or other instruments vesting title on partition and payment of costs.
158.58 Disposition of proceeds of partition sales.

§ 158.55 Institution of partition proceedings.

(a) Prior authorization should be obtained from the Secretary, or his authorized representative, before the institution of proceedings to partition the lands of deceased Osage allottees in which any interest is held by an Osage Indian not having a certificate of competency. Requests for authority to institute such partition proceedings shall contain a description of the lands involved, the names of the several owners and their respective interests and the reasons for such court action. Authorization may be given for the institution of partition proceedings in a court of competent jurisdiction when it appears to the best interest of the Indians involved to do so and the execution of voluntary exchange deeds is impracticable.

(b) When it appears to the best interest of the Indians to do so, the Secretary's, or his authorized representative's, authorization to institute partition proceedings may require that title to the lands be quieted in the partition action in order that the deeds issued pursuant to the proceedings shall convey good and merchantable title to the grantee therein. (See section 6, 37 Stat. 87.)

§ 158.56 Partition records.

Upon completion of an action in partition, a copy of the judgment roll showing schedule of costs and owelty moneys having accrued to or from the several parties, together with deeds, or other instruments vesting title on partition, in triplicate, shall be furnished to the Osage Agency. The original allotment number shall follow the legal description on all instruments vesting title. When a grantee is a member of the Osage Tribe who has not received a certificate of competency, deeds or other instruments vesting title shall contain the following clause against alienation:

Subject to the condition that while title to the above-described lands shall remain in the grantee or his Osage Indian heirs or devisees who do not have certificates of competency, the same shall not be alienated or encumbered without the approval of the Secretary of the Interior or his authorized representative.

§ 158.57 Approval of deeds or other instruments vesting title on partition and payment of costs.

Upon completion of the partition proceedings in accordance with the law and in conformity with the regulations in this part, the Secretary, or his authorized representative, may approve the deeds, or other instruments vesting title on partition, and may disburse from the restricted (accounts) funds of the Indians concerned, such amounts as may be necessary for payment of their share of court costs, attorney fees, and owelty moneys.

§ 158.58 Disposition of proceeds of partition sales.

Owelty moneys due members of the Osage Tribe who do not have certificates of competency shall be paid into the Treasury of the United States and placed to the credit of the Indians upon the same conditions as attach to segregated shares of the Osage national fund.

PART 159—SALE OF IRRIGABLE LANDS, SPECIAL WATER CONTRACT REQUIREMENTS

Cross References: For additional regulations pertaining to the payment of fees and charges in connection with the sale of irrigable lands, see part 160 and §§ 134.4 and 152.22 of this chapter. For general regulations pertaining to the issuance of patents in fee, see part 152 of this chapter.
§ 159.1 Conditions of contract.

(a) The form of contract (Form 5-462b) for sale of irrigable lands specifically provides that the purchaser will obligate and pay on a per acre basis all irrigation charges assessed or to be assessed against the land purchased including accrued assessment, which accrued assessment shall be paid prior to the approval of the sale, and for the payment of the construction and operation and maintenance assessments on the due dates of each year. The agreement is to be acknowledged and recorded in the county records in which county the land is situated. The charges incidental to the recording of the instrument shall be paid by the purchaser at the time of executing the agreement.

(b) A strict compliance with the terms of paragraph (a) of this section is absolutely necessary and required.

(Amended at 47 FR 13327, Mar. 30, 1982)

NOTE: On May 12, 1921, Circular No. 1677, re resale of irrigable lands, was addressed to all superintendents. It was pointed out therein that the collection of irrigation construction charges was required by the terms of an act approved February 14, 1920 (41 Stat. 409; 25 U.S.C. 386), and that in addition to the construction charge there was an operation and maintenance charge assessable annually that must be paid by the landowners benefited; furthermore, that the purpose of this circular was to point out to the superintendents the necessity of advising prospective purchasers that irrigation charges must be paid and that so-called paid-up water right was not conveyed with the land. A form of agreement to be executed by the prospective purchaser accompanied this circular.

It has been brought to the attention of the Bureau that irrigation construction charges and operation and maintenance charges have accrued against irrigable allotments prior to the time of their being advertised for sale and that the superintendents have failed to provide for payment of the accrued irrigation charges, with the result that no means are apparent for their collection.

With a view of preventing any future misunderstanding the form of contract accompanying Circular No. 1677 has been redrafted and Form 5-462b assigned to it. The circular has been designated ‘No. 1677a.’

PART 160—INCLUSION OF LIENS IN ALL PATENTS AND INSTRUMENTS EXECUTED

§ 160.1 Liens.

The act of March 7, 1928 (45 Stat. 210; 25 U.S.C. 387) creates a first lien against irrigable lands under all Indian irrigation projects where the construction, operation and maintenance costs of such projects remain unpaid and are reimbursable, and directs that such lien shall be recited in any patent or instrument issued for such lands to cover such unpaid charges. Prior to the enactment of this legislation similar liens had been created by legislative authority against irrigable lands of the projects on the Fort Yuma, Colorado River, and Gila River Reservations, in Arizona; Blackfeet, Fort Peck, Flathead, Fort Belknap, and Crow Reservations, Mont.; Wapato project, Yakima Reservation, Wash.; the irrigable lands on the Colville Reservation within the West Okanogan irrigation district, Washington, and the Fort Hall Reservation, Idaho. This legislation, therefore, extends protection similar to that existing in the legislation applicable to the projects on the reservations above mentioned.

CROSS REFERENCES: For operation and maintenance charges and construction costs, see parts 134 and 137 of this chapter.

§ 160.2 Instructions.

All superintendents and other officers are directed to familiarize themselves with this provision of law, and in all cases involving the issuance of patents or deeds direct to the Indian or purchaser of Indian allotments embracing irrigable lands, they will recite in
§ 160.3 Leases to include description of lands.

It is important, also, for superintendents in leasing irrigable lands to present to the project engineer lists containing descriptions of the lands involved for his approval of the irrigable acreage and for checking as to whether or not such lands are in fact irrigable under existing works. Strict compliance with this section is required for the purpose of avoiding error.

§ 162.1 Definitions.

As used in this part:
(a) Secretary means the Secretary of the Interior or his authorized representative acting under delegated authority.
(b) Individually owned land means land or any interest therein held in trust by the United States for the benefit of individual Indians and land or any interest therein held by individual Indians subject to Federal restrictions against alienation or encumbrance.
Tribal land means land or any interest therein held by the United States in trust for a tribe, band, community, group or pueblo of Indians, and land that is held by a tribe, band, community, group or pueblo of Indians subject to Federal restrictions against alienation or encumbrance, and includes such land reserved for Indian Bureau administrative purposes when it is not immediately needed for such purposes. The term also includes lands held by the United States in trust for an Indian corporation chartered under section 17 of the Act of June 18, 1934 (48 Stat. 984; 25 U.S.C. 476). This term also includes assignments of tribal land. Unless the terms of the assignment provide for the leasing of the land by the holder of the assignment, the tribe must join with the assignee in the grant of a lease.

(d) Government land means land, other than tribal land, acquired or reserved by the United States for Indian Bureau administrative purposes which are not immediately needed for the purposes for which they were acquired or reserved and land transferred to or placed under the jurisdiction of the Bureau of Indian Affairs.

(e) Permit means a privilege revocable at will in the discretion of the Secretary and not assignable, to enter on and use a specified tract of land for a specified purpose. The terms "lease", "lessor", and "lessee", when used in this part include, when applicable, "permit", "permitter", and "permittee", respectively.

§ 162.2 Grants of leases by Secretary.

(a) The Secretary may grant leases on individually owned land on behalf of:

(1) Persons who are non compos mentis;

(2) Orphaned minors;

(3) The undetermined heirs of a decedent’s estate;

(4) The heirs or devisees to individually owned land who have not been able to agree upon a lease during the three-month period immediately following the date on which a lease may be entered into; provided, that the land is not in use by any of the heirs or devisees; and

(5) Indians who have given the Secretary written authority to execute leases on their behalf.

(b) The Secretary may grant leases on the individually owned land of an adult Indian whose whereabouts is unknown, on such terms as are necessary to protect and preserve such property.

(c) The Secretary may grant permits on Government land.

§ 162.3 Grants of leases by owners or their representatives.

The following may grant leases:

(a) Adults, other than those non compos mentis,

(b) Adults other than those non compos mentis, on behalf of their minor children, and on behalf of minor children to whom they stand in loco parentis when such children do not have a legal representative,

(c) The guardian, conservator or other fiduciary, appointed by a state court or by a tribal court operating under an approved constitution or law and order code, of a minor or persons who are non compos mentis or are otherwise under legal disability,

(d) Tribes or tribal corporations acting through their appropriate officials.

§ 162.4 Use of land of minors.

The natural or legal guardian, or other person standing in loco parentis of minor children who have the care and custody of such children may use the individually owned land of such children during the period of minority without charge for the use of the land if such use will enable such person to engage in a business or other enterprise which will be beneficial to such minor children.

§ 162.5 Special requirements and provisions.

(a) All leases made pursuant to the regulations in this part shall be in the form approved by the Secretary and subject to his written approval.

(b) Except as otherwise provided in this part no lease shall be approved or granted at less than the present fair annual rental.

(1) An adult Indian owner of trust or restricted land may lease his land for religious, educational, recreational or

391
other public purposes to religious organizations or to agencies of the Federal, State or local government at a nominal rental. Such adult Indian may lease land to members of his immediate family with or without rental consideration. For purposes of this section, "immediate family" is defined as the Indian's spouse, brothers, sisters, lineal ancestors, or descendants.

(2) In the discretion of the Secretary, tribal land may be leased at a nominal rental for religious, educational, recreational, or other public purposes to religious organizations or to agencies of Federal, State, or local governments; for purposes of subsidization for the benefit of the tribe; and for homesite purposes to tribal members provided the land is not commercial or industrial in character.

(3) Leases may be granted or approved by the Secretary at less than the fair annual rental when in his judgment such action would be in the best interest of the landowners.

(c) Unless otherwise provided by the Secretary a satisfactory surety bond will be required in an amount that will reasonably assure performance of the contractual obligations under the lease. Such bond may be for the purpose of guaranteeing:

(1) Not less than one year's rental unless the lease contract provides that the annual rental shall be paid in advance.

(2) The estimated construction cost of any improvement to be placed on the land by the lessee.

(3) An amount estimated to be adequate to insure compliance with any additional contractual obligations.

(d) The lessee may be required to provide insurance in an amount adequate to protect any improvements on the leased premises; the lessee may also be required to furnish appropriate liability insurance, and such other insurance as may be necessary to protect the lessor's interest.

(e) No lease shall provide the lessee a preference right to future leases nor shall any lease contain provisions for renewal, except as otherwise provided in this part. No lease shall be entered into more than 12 months prior to the commencement of the term of the lease. Except with the approval of the Secretary no lease shall provide for payment of rent in advance of the beginning of the annual use period for which such rent is paid. The lease contract shall contain provisions as to the dates rents shall become due and payable.

(f) Leases granted or approved under this part shall contain provisions as to whether payment of rentals is to be made direct to the owner of the land or his representative or to the official of the Bureau of Indian Affairs having jurisdiction over the leased premises.

(g) All leases issued under this part shall contain the following provisions:

(1) While the leased premises are in trust or restricted status, all of the lessee's obligations under this lease, and the obligations of his sureties, are to the United States as well as to the owner of the land.

(2) Nothing contained in this lease shall operate to delay or prevent a termination of Federal trust responsibilities with respect to the land by the issuance of a fee patent or otherwise during the term of the lease; however, such termination shall not serve to abrogate the lease. The owners of the land and the lessee and his surety or sureties shall be notified of any such change in the status of the land.

(3) The lessee agrees that he will not use or cause to be used any part of the leased premises for any unlawful conduct or purpose.

(h) Leases granted or approved under this part on individually owned lands which provide for payment of rental direct to the owner or his representative shall contain the following provisions:

(1) In the event of the death of the owner during the term of this lease and while the leased premises are in trust or restricted status, all rentals remaining due or payable to the decedent or his representative under the provisions of the lease shall be paid to the official of the Bureau of Indian Affairs having jurisdiction over the leased premises.

(2) While the leased premises are in trust or restricted status, the Secretary may in his discretion suspend the direct rental payment provisions of this lease in which event the rentals shall be paid to the official of the Bureau of Indian Affairs having jurisdiction over the leased premises.
§ 162.6 Negotiation of leases.

(a) Leases of individually owned land or tribal land may be negotiated by those owners or their representatives who may execute leases pursuant to §162.3.

(b) Where the owners of a majority interest, or their representatives, who may grant leases under §162.3, have negotiated a lease satisfactory to the Secretary he may join in the execution of the lease and thereby commit the interests of those persons in whose behalf he is authorized to grant leases under §162.2(a)(1), (2), (3), and (5).

(c) Where the Secretary may grant leases under §162.2 he may negotiate leases when in his judgment the fair annual rental can thus be obtained.

§ 162.7 Advertisement.

Except as otherwise provided in this part, prior to granting a lease or permit as authorized under §162.2 the Secretary shall advertise the land for lease. Advertisements will call for sealed bids and will not offer preference rights.

§ 162.8 Duration of leases.

Leases granted or approved under this part shall be limited to the minimum duration, commensurate with the purpose of the lease, that will allow the highest economic return to the owner consistent with prudent management and conservation practices, and except as otherwise provided in this part shall not exceed the number of years provided for in this section. Except for those leases authorized by §162.5(b)(1) and (2), unless the consideration for the lease is based primarily on percentages of income produced by the land, the lease shall provide for periodic review, at not less than five-year intervals, of the equities involved. Such review shall give consideration to the economic conditions at the time, exclusive of improvement or development required by the contract or the contribution value of such improvements. Any adjustments of rental resulting from such review may be made by the Secretary where he has the authority to grant leases, otherwise the adjustment must be made with the written concurrence of the owners and the approval of the Secretary.

(a) Leases for public, religious, educational, recreational, residential, or business purposes shall not exceed 25 years but may include provisions authorizing a renewal or an extension for one additional term of not to exceed 25 years, except such leases of land on the Hollywood (formerly Dania) Reservation, Fla.; the Navajo Reservation, Ariz.; N. Mex., and Utah; the Palm Springs Reservation, Calif.; the Southern Ute Reservation, Colo.; the Fort Mohave Reservation, Calif., Ariz., and Nev.; the Pyramid Lake Reservation, Nev.; the Gila River Reservation, Ariz.; the San Carlos Apache Reservation, Ariz.; the Spokane Reservation, Wash.; the Hualapai Reservation, Ariz.; the Swinomish Reservation, Wash.; the Pueblos of Cochiti, Pojoaque, Tesuque, and Zuni, N. Mex.; and land on the Colorado River Reservation, Ariz., and Calif., as stated in §162.18; which leases may be made for terms of not to exceed 99 years.

(b) Leases may be made for 25 years for those farming purposes which require the making of a substantial investment in the improvement of the land for the production of specialized crops. To determine whether a long term lease is justified, it is necessary to give consideration to the nature of the crop to be grown, including the feasibility of growing the proposed crop. The amount or substantially of the investment, as well as the necessity of such an investment in order to grow the proposed crop, are also elements to consider in evaluating the term of the proposed lease.

(c) Farming leases not granted for the purpose of growing specialized crops shall not exceed five years for dry-farming land or ten years for irrigable land.

(d) Grazing leases which require substantial development or improvement of the land shall not exceed ten years.

(e) Leases granted by the Secretary pursuant to §162.2(a)(3) shall be for a term of not to exceed two years except as otherwise provided in §162.6(b).

§ 162.9 Ownership of improvements.

Improvements placed on the leased land shall become the property of the lessor unless specifically excepted therefrom under the terms of the lease. The lease shall specify the maximum time allowed for removal of any improvements so excepted.

§ 162.10 Unitization for leasing.

Where it appears advantageous to the owners and advantageous to the operation of the land a single lease contract may include more than one parcel of land in separate ownerships, tribal or individual, provided the statutory authorities and other applicable requirements of this part are observed.

§ 162.11 Conservation and land use requirement.

Farming and grazing operations conducted under leases granted or approved under this part shall be conducted in accordance with recognized principles of good practice and prudent management. Land use stipulations or conservation plans necessary to define such use shall be incorporated in and made a part of the lease.

§ 162.12 Subleases and assignments.

(a) Except as provided in paragraphs (b), (c), and (d) of this section, a sublease, assignment, amendment or encumbrance of any lease or permit issued under this part may be made only with the approval of the Secretary and the written consent of all parties to such lease or permit, including the surety or sureties.

(b) With the consent of the Secretary, the lease may contain a provision authorizing the lessee to sublease the premises, in whole or in part, without further approval. Subleases so made shall not serve to relieve the sublessee from any liability nor diminish any supervisory authority of the Secretary provided for under the approved lease.

(c) With the consent of the Secretary, the lease may contain provisions authorizing the lessee to encumber his leasehold interest in the premises for the purpose of borrowing capital for the development and improvement of the leased premises. The encumbrance instrument, must be approved by the Secretary. If a sale or foreclosure under the approved encumbrance occurs and the encumbrancer is the purchaser, he may assign the leasehold without the approval of the Secretary or the consent of the other parties to the lease, provided, however, that the assignee accepts and agrees in writing to be bound by all the terms and conditions of the lease. If the purchaser is a party other than the encumbrancer, approval by the Secretary of any assignment will be required, and such purchaser will be bound by the terms of the lease and will assume in writing all the obligations thereunder.

(d) With the consent of the Secretary, leases of tribal land to individual members of the tribe or to tribal housing authorities may contain provisions permitting the assignment of the lease without further consent or approval where a lending institution or an agency of the United States makes, insures or guarantees a loan to an individual member of the tribe or to a tribal housing authority for the purpose of providing funds for the construction of housing for Indians on the leased premises; provided, the leasehold has been pledged as security for the loan and the lender has obtained the leasehold by foreclosure or otherwise. Such leases may with the consent of the Secretary also contain provisions permitting the lessee to assign the lease without further consent or approval.

§ 162.13 Payment of fees and drainage and irrigation charges.

(a) Any lease covering lands within an irrigation project or drainage district shall require the lessee to pay annually on or before the due date, during the term of the lease and in the amounts determined, all charges assessed against such lands. Such charges shall be in addition to the rental payments prescribed in the lease. All payments of such charges and penalties shall be made to the official designated in the lease to receive such payments.

(b) Unless otherwise provided in this part or by the Secretary, fees based upon the annual rental payable under the lease shall be collected on each
lease, sublease, assignment, transfer, renewal, extension, modification, or other instrument issued in connection with the leasing or permitting of restricted lands under the regulations in this part.

(1) Except where all or any part of the expenses of the work are paid from tribal funds, in which event an additional or alternate schedule of fees may be established subject to the approval of the Secretary, the fee to be paid shall be as follows:

<table>
<thead>
<tr>
<th>Rental</th>
<th>Percent</th>
</tr>
</thead>
<tbody>
<tr>
<td>On the first $500</td>
<td>3</td>
</tr>
<tr>
<td>On the next $4,500</td>
<td>2</td>
</tr>
<tr>
<td>On all rentals above $5,000</td>
<td>1</td>
</tr>
</tbody>
</table>

In no event shall the fee be less than $2 nor exceed $250.

(2) In the case of percentage rental leases, the fee shall be calculated on the basis of the guaranteed minimum rental. Where rental consists of a stated annual cash rental in addition to a percentage rental, the estimated revenue anticipated from the percentage rental shall be mutually agreed upon solely for the purpose of fixing the fee. The fee to be collected in case of crop-share or other special consideration leases or permits shall be based on an estimate of the cash rental value of the acreage, or the estimated value of the lessor’s share of the crops. No fees so collected shall be refunded.

§ 162.15 Crow Reservation.

(a) Notwithstanding the regulations in other sections of this part 162, Crow Indians classified as competent under the Act of June 4, 1920 (41 Stat. 751), as amended, may lease their trust lands and the trust lands of their minor children for farming or grazing purposes without the approval of the Secretary pursuant to the Act of May 26, 1926 (44 Stat. 658), as amended by the Act of March 15, 1948 (62 Stat. 90). However, at their election Crow Indians classified as competent may authorize the Secretary to lease, or assist in the leasing of such lands, and an appropriate notice of such action shall be made a matter of record. When this prerogative is exercised, the general regulations contained in this part 162 shall be
§ 162.15

25 CFR Ch. 1 (4-1-99 Edition)

applicable. Approval of the Secretary is required on leases signed by Crow Indians not classified as competent or made on inherited or devised trust lands owned by more than five competent devisees or heirs.

(b) The Act of May 26, 1926 (44 Stat. 658), as amended by the Act of March 15, 1948 (62 Stat. 80), provides that no lease for farming or grazing purposes shall be made for a period longer than five years, except irrigable lands under the Big Horn Canal; which may be leased for periods of ten years. No such lease shall provide the lessee a preference right to future leases which, if exercised, would thereby extend the total period of encumbrance beyond the five or ten years authorized by law.

(c) All leases entered into by Crow Indians classified as competent, under the above-cited special statutes, must be recorded at the Crow Agency. Such recording shall constitute notice to all persons. Under these special statutes, Crow Indians classified as competent are free to lease their property within certain limitations. The five-year (ten-year in the case of lands under the Big Horn Canal) limitation is intended to afford a protection to the Indians. The essence of this protection is the right to deal with the property free, clear, and unencumbered at intervals at least as frequent as those provided by law. If lessees are able to obtain new leases long before the termination of existing leases, they are in a position to set their own terms. In these circumstances lessees could perpetuate their leaseholds and the protection of the statutory limitations as to terms would be destroyed. Therefore, in implementation of the foregoing interpretation, any lease which, on its face, is in violation of statutory limitations or requirements, and any grazing lease executed more than 12 months, and any farming lease executed more than 18 months, prior to the commencement of the term thereof or any lease which purports to cancel an existing lease with the same lessee as of a future date and take effect upon such cancellation will not be recorded. Under a Crow tribal program, approved by the Department of the Interior, competent Crow Indians may, under certain circumstances, enter into agreements which require that, for a specified term, their leases be approved. Information concerning whether a competent Crow Indian has executed such an instrument is available at the office of the Superintendent of the Crow Agency, Bureau of Indian Affairs, Crow Agency, Montana. Any lease entered into with a competent Crow Indian during the time such instrument is in effect and which is not in accordance with such instrument will be returned without recordation.

(d) Where any of the following conditions are found to exist, leases will be recorded but the lessee and lessor will be notified upon discovery of the condition:

After the effective date of a forest product contract, unless otherwise authorized by the Secretary, the maximum period which shall be allowed for harvesting the estimated volume of timber purchased, shall be five years.

§ 163.25  Forest management deductions.

(a) Pursuant to the provisions of 25 U.S.C. 413 and 25 U.S.C. 3105, a forest management deduction shall be withheld from the gross proceeds of sales of forest products harvested from Indian forest land as described in this section.

(b) Gross proceeds shall mean the value in money or money's worth of consideration furnished by the purchaser of forest products purchased under a contract, permit, or other document for the sale of forest products.

(c) Forest management deductions shall not be withheld where the total consideration furnished under a contract, permit or other document for the sale of forest products is less than $5,001.

(d) Except as provided in §163.25(e) of this part, the amount of the forest management deduction shall not exceed the lesser amount of ten percent (10%) of the gross proceeds or, the actual percentage in effect on November 28, 1990.

(e) The Secretary may increase the forest management deduction percentage for Indian forest land upon receipt of a written request from a tribe supported by a resolution executed by the authorized tribal representatives. At the request of the authorized tribal representatives and at the discretion of the Secretary the forest management deduction percentage may be decreased to not less than one percent (1%) or the requirement for collection may be waived.

(f) Forest management deductions are to be utilized to perform forest land management activities in accordance with an approved expenditure plan. Expenditure plans shall describe the forest land management activities anticipated to be undertaken, establish a time period for their completion, summarize anticipated obligations and expenditures, and specify the method through which funds are to be transferred or credited to tribal accounts from special deposit accounts established to hold amounts withheld as forest management deductions. Any forest management deductions that have not been incorporated into an approved expenditure plan by the end of the fiscal year following the fiscal year in which the deductions are withheld, shall be collected into the general funds of the United States Treasury pursuant to 25 U.S.C. 413.

(1) For Indian forest lands located on an Indian reservation, a written expenditure plan for the use of forest management deductions shall be prepared annually and approved by the authorized tribal representative(s) and the Secretary. The approval of the expenditure plan by the authorized tribal representatives constitutes allocation of tribal funds for Indian forest land management activities. Approval of the expenditure plan by the Secretary shall constitute authority for crediting of forest management deductions to tribal account(s). The full amount of any deduction collected by the Secretary plus any income or interest earned thereon shall be available for expenditure according to the approved expenditure plan for the performance of forest land management activities on the reservation from which the forest management deduction is collected.

(2) Forest management deductions shall be handled in the same manner as described under §163.25(f)(1) of this part if the expenditure plan approved by an Indian tribe and the Secretary provides for the conduct of forest land management activities on Indian forest lands located outside the boundaries of an Indian reservation.

(3) For public domain and Alaska Native allotments held in trust for Indians by the United States, forest management deductions may be utilized to perform forest land management activities on such lands in accordance
Bureau of Indian Affairs, Interior § 163.27

with an expenditure plan approved by the Secretary.

(g) Forest management deductions withheld pursuant to this section shall not be available to cover the costs that are paid from funds appropriated for fire suppression or pest control or otherwise offset federal appropriations for meeting the Federal trust responsibility for management of Indian forest land.

(h) Within 120 days after the close of the tribal fiscal year, tribes shall submit to the Secretary a written report detailing the actual expenditure of forest management deductions during the past fiscal year. The Secretary shall have the right to inspect accounts, books, or other tribal records supporting the report.

(i) Forest management deductions incorporated into an expenditure plan approved by the Secretary shall remain available until expended.

(j) As provided in §163.25(f) of this part, only forest management deductions that have not been incorporated into an approved expenditure plan may be deposited to a U.S. Treasury miscellaneous receipt account. No amount collected as forest management deductions shall be credited to any Federal appropriation. No other forest management deductions or fees derived from Indian forest land shall be collected to be covered into the general funds of the United States Treasury.

§ 163.26 Forest product harvesting permits.

(a) Except as provided in §§163.13 and 163.27 of this part, removal of forest products that are not under formal contract, pursuant to §163.19, shall be under forest product harvesting permit forms approved by the Secretary. Permits will be issued only with the written consent of the beneficial Indian owner(s) or the Secretary, for harvest of forest products from Indian forest land, as authorized in §163.20 of this part. To be valid, permits must be approved by the Secretary. Minimum stumpage rates at which forest products may be sold will be set at the time consent to issue the permit is obtained. Payment and bonding requirements will be stipulated in the permit document as appropriate.

(b) Free use harvesting permits issued shall specify species and types of forest products to be removed. It may be stipulated that forest products removed under this authority cannot be sold or exchanged for other goods or services. The estimated value which may be harvested in a fiscal year by any individual under this authority shall not exceed $5,000. For the purpose of issuance of free use permits, individual shall mean an individual Indian or any organized group of Indians.

(c) Paid permits subject to forest management deductions, as provided in §163.25 of this part, may be issued. Unless otherwise authorized by the Secretary, the stumpage value which may be harvested under paid permits in a fiscal year by any individual under this authority shall not exceed $25,000. For the purpose of issuance of paid permits, individual shall mean an individual or any operating entity comprised of more than one individual.

(d) A Special Allotment Timber Harvest Permit may be issued to an Indian having sole beneficial interest in an allotment to harvest and sell designated forest products from his or her allotment. The special permit shall include provision for payment by the Indian of forest management deductions pursuant to §163.25 of this part. Unless waived by the Secretary, the permit shall also require the Indian to make a bond deposit with the Secretary as required by §163.21. Such bonds will be returned to the Indian upon satisfactory completion of the permit or will be used by the Secretary in his or her discretion for planting or other work to offset damage to the land or the timber caused by failure to comply with the provisions of the permit. As a condition to granting a special permit under authority of this paragraph, the Indian shall be required to provide evidence acceptable to the Secretary that he or she has arranged a bona fide sale of the forest products, on terms that will protect the Indian’s interests.

§ 163.27 Free-use harvesting without permits.

With the consent of the beneficial Indian owners and the Secretary, Indians may harvest designated types of forest
products from Indian forest land without a permit or contract, and without charge. Forest products harvested under this authority shall be for the Indian's personal use, and shall not be sold or exchanged for other goods or services.

§ 163.28 Fire management measures.

(a) The Secretary is authorized to maintain facilities and staff, hire temporary labor, rent fire fighting equipment, purchase tools and supplies, and pay for their transportation as needed, to maintain an adequate level of readiness to meet normal wildfire protection needs and extinguish forest or range fires on Indian land. No expenses for fighting a fire outside Indian lands may be incurred unless the fire threatens Indian land or unless the expenses are incurred pursuant to an approved cooperative agreement with another protection agency. The rates of pay for fire fighters and for equipment rental shall be the rates for fire fighting services that are currently in use by public and private wildfire protection agencies adjacent to Indian reservations on which a fire occurs, unless there are in effect at the time different rates that have been approved by the Secretary. The Secretary may also enter into reciprocal agreements with any fire organization maintaining protection facilities in the vicinity of Indian reservations or other Indian land for mutual aid in wildfire protection. This section does not apply to the rendering of emergency aid, or agreements for mutual aid in fire protection pursuant to the Act of May 27, 1955 (69 Stat. 66).

(b) The Secretary is authorized to conduct a wildfire prevention program to reduce the number of person-caused fires and prevent damage to natural resources on Indian land.

(c) The Secretary is authorized to expend funds for emergency rehabilitation measures needed to stabilize soil and watershed on Indian land damaged by wildfire.

(d) Upon consultation with the beneficial Indian owners, the Secretary may use fire as a management tool on Indian land to achieve land and/or resource management objectives.

§ 163.29 Trespass.

(a) Trespassers will be liable for civil penalties and damages to the enforcement agency and the beneficial Indian owners, and will be subject to prosecution for acts of trespass.

(1) Cases in Tribal Court. For trespass actions brought in tribal court pursuant to these regulations, the measure of damages, civil penalties, remedies and procedures will be as set forth in this §163.29 of this part. All other aspects of a tribal trespass prosecution brought under these regulations will be that prescribed by the law of the tribe in whose reservation or within whose jurisdiction the trespass was committed, unless otherwise prescribed under federal law. Absent applicable tribal or federal law, the measure of damages shall be that prescribed by the law of the state in which the trespass was committed.

(2) Cases in Federal Court. For trespass actions brought in Federal court pursuant to these regulations, the measure of damages, civil penalties, remedies and procedures will be as set forth in this §163.29. In the absence of applicable federal law, the measure shall be that prescribed by the law of the tribe in whose reservation or within whose jurisdiction the trespass was committed, or in the absence of tribal law, the law of the state in which it was committed.

(3) Civil penalties for trespass include, but are not limited to:

(i) Treble damages, whenever any person, without lawful authority injures, severs, or carries off from a reservation any forest product as defined in §163.1 of this part. Proof of Indian ownership of the premises and commission of the acts by the trespasser are prima facie evidence sufficient to support liability for treble damages, with no requirement to show willfulness or intent. Treble damages shall be based upon the highest stumpage value obtainable from the raw materials involved in the trespass.

(ii) Payment of costs associated with damage to Indian forest land includes, but is not limited to, rehabilitation, reforestation, lost future revenue and lost profits, loss of productivity, and damage to other forest resources.
(iii) Payment of all reasonable costs associated with the enforcement of these trespass regulations beginning with detection and including all processes through the prosecution and collection of damages, including but not limited to field examination and survey, damage appraisal, investigation assistance and reports, witness expenses, demand letters, court costs, and attorney fees.

(iv) Interest calculated at the statutory rate prescribed by the law of the tribe in whose reservation or within whose jurisdiction the trespass was committed, or in the absence of tribal law in the amount prescribed by federal law. Where tribal law or federal law does not supply a statutory interest rate, the rate of interest shall be statutory rate upon judgments as prescribed by the law of the state in which the trespass was committed. Interest shall be based on treble the highest stumpage value obtainable from the raw materials involved in the trespass, and calculated from the date of the trespass until payment is rendered.

(b) Any cash or other proceeds realized from forfeiture of equipment or other goods or from forest products damaged or taken in the trespass shall be applied to satisfy civil penalties and other damages identified under §163.29(a) of this part. After disposition of real and personal property to pay civil penalties and damages resulting from trespass, any residual funds shall be returned to the trespasser. In the event that collection and forfeiture actions taken against the trespasser result in less than full recovery, civil penalties shall be distributed as follows:

1. Collection of damages up to the highest stumpage value of the trespass products shall be distributed pro rata between the Indian beneficial owners and any costs and expenses needed to restore the trespass land; or

2. Collections exceeding the highest stumpage value of the trespass product, but less than full recovery, shall be proportionally distributed pro rata between the Indian beneficial owners, the law enforcement agency, and the cost to restore the trespass land. Forest management deductions shall not be withheld where less than the highest stumpage value of the unprocessed forest products taken in trespass has been recovered.

(c) Indian beneficial owners who trespass, or who are involved in trespass upon their own land, or undivided land in which such owners have a partial interest, shall not receive their beneficial share of any civil penalties and damages collected in consequence of the trespass. Any civil penalties and damages defaulted in consequence of this provision instead shall be distributed first toward restoration of the land subject of the trespass and second toward costs of the enforcement agency in consequence of the trespass, with any remainder to the forest management deduction account of the reservation in which the trespass took place.

(d) Civil penalties and other damages collected under these regulations, except for penalties and damages provided for in §§163.29(a)(3) (ii) and (iii) of this part, shall be treated as proceeds from the sale of forest products from the Indian forest land upon which the trespass occurred.

(e) When a federal official or authorized tribal representative pursuant to §163.29(j) of this part has reason to believe that Indian forest products are involved in trespass, such individual may seize and take possession of the forest products involved in the trespass if the products are located on reservation. When forest products are seized, the person seizing the products must at the time of the seizure issue a Notice of Seizure to the possessor or claimant of the forest products. The Notice of Seizure shall indicate the date of the seizure, a description of the forest products seized, the estimated value of forest products seized, an indication of whether the forest products are perishable, and the name and authority of the person seizing the forest products. Where the official initiates seizure under these regulations only, the Notice of Seizure shall further include the statement that any challenge or objection to the seizure shall be exclusively through administrative appeal pursuant to part 2 of title 25, and shall provide the name and the address of the official with whom the appeal may be filed. Alternately, an official may exercise concurrent tribal seizure authority.
under these regulations using applicable tribal law. In such case, the Notice of Seizure shall identify the tribal law under which the seizure may be challenged, if any. A copy of a Notice of Seizure shall be given to the possessor or claimant at the time of the seizure. If the claimant or possessor is unknown or unavailable, Notice of Seizure shall be posted on the trespass property, and a copy of the Notice shall be kept with any incident report generated by the official seizing the forest products. If the property seized is perishable and will lose substantial value if not sold or otherwise disposed of, the representative of the Secretary, or authorized tribal representative where deferral has been requested, may cause the forest products to be sold. Such sale action shall not be stayed by the filing of an administrative appeal nor by a challenge of the seizure action through a tribal forum. All proceeds from the sale of the forest products shall be placed into an escrow account and held until adjudication or other resolution of the underlying trespass. If it is found that the forest products seized were involved in a trespass, the proceeds shall be applied to the amount of civil penalties and damages awarded. If it is found that a trespass has not occurred or the proceeds are in excess of the amount of the judgment awarded, the proceeds or excess proceeds shall be returned to the possessor or claimant.

(f) When there is reason to believe that Indian forest products are involved in trespass and that such products have been removed to land not under federal or tribal government supervision, the federal official or authorized tribal representative pursuant to §163.29(k) of this part responsible for the trespass shall immediately provide the following notice to the owner of the land or the party in possession of the trespass products:

(1) That such products could be Indian trust property involved in a trespass; and
(2) That removal or disposition of the forest products may result in criminal and/or civil action by the United States or tribe.

(g) A representative of the Secretary or authorized tribal representative pursuant to §163.29(j) of this part will promptly determine if a trespass has occurred. The appropriate representative will issue an official Notice of Trespass to the alleged trespasser and, if necessary, the possessor or potential buyer of any trespass products. The Notice is intended to inform the trespasser, buyer, or the processor:

(1) That a determination has been made that a trespass has occurred;
(2) The basis for the determination;
(3) An assessment of the damages, penalties and costs;
(4) Of the seizure of forest products, if applicable; and
(5) That disposition or removal of Indian forest products taken in the trespass may result in civil and/or criminal action by the United States or the tribe.

(h) The Secretary may accept payment of damages in the settlement of civil trespass cases. In the absence of a court order, the Secretary will determine the procedure and approve acceptance of any settlements negotiated by a tribe exercising its concurrent jurisdiction pursuant to §163.29(j) of this part.

(i) The Secretary may delegate by written agreement or contract, responsibility for detection and investigation of forest trespass.

(j) Indian tribes that adopt the regulations set forth in this section, conformed as necessary to tribal law, shall have concurrent civil jurisdiction to enforce 25 U.S.C. 3106 and this section against any person.

(1) The Secretary shall acknowledge said concurrent civil jurisdiction over trespass, upon:

(i) Receipt of a formal tribal resolution documenting the tribe's adoption of this section; and
(ii) Notification of the ability of the tribal court system to properly adjudicate forest trespass cases, including a statement that the tribal court will enforce the Indian Civil Rights Act or a tribal civil rights law that contains provisions for due process and equal protection that are similar to or stronger than those contained in the Indian Civil Rights Act.

(2) Where an Indian tribe has acquired concurrent civil jurisdiction over trespass cases as set forth in §163.29(j)(1) of this part, the Secretary
§ 163.31 Insect and disease control.

(a) The Secretary is authorized to protect and preserve Indian forest land and tribe's authorized representatives will be jointly responsible to coordinate prosecution of trespass actions. The Secretary shall, upon timely request of the tribe, defer prosecution of forest trespasses to the tribe. Where said deferral is not requested, the designated Bureau of Indian Affairs forestry trespass official shall coordinate with the authorized forest trespass official of each tribe the exercise of concurrent tribal and Federal trespass jurisdiction as to each trespass. Such officials shall review each case, determine in which forums to recommend bringing an action, and promptly provide their recommendation to the Federal officials responsible for initiating and prosecuting forest trespass cases. Where an Indian tribe has acquired concurrent civil jurisdiction, but does not request deferral of prosecution, the federal officials responsible for initiating and prosecuting such cases may file and prosecute the action in the tribal court or forum.

(3) The Secretary may rescind an Indian tribe's concurrent civil jurisdiction over trespass cases under this regulation if the Secretary or a court of competent jurisdiction determines that the tribal court has not adhered to the due process or equal protection requirements of the Indian Civil Rights Act. If it is determined that said rescission is justified, the Secretary shall provide written Notice of the rescission, including the findings justifying the rescission and the steps needed to remedy the violations causing the rescission, to the chief judge of the tribal judiciary or other authorized tribal official should there be no chief judge. If said steps are not taken within 60 days, the Secretary's rescission of concurrent civil jurisdiction shall become final. The affected tribe(s) may appeal a Notice of Rescission under part 2 of title 25.

(4) Nothing shall be construed to prohibit or in any way diminish the authority of a tribe to prosecute individuals under its criminal or civil trespass laws where it has jurisdiction over those individuals.
§ 163.32 Forest development.

Forest development pertains to forest land management activities undertaken to improve the sustainable productivity of commercial Indian forest land. The program shall consist of reforestation, timber stand improvement projects, and related investments to enhance productivity of commercial forest land with emphasis on accomplishing on-the-ground projects. Forest development funds will be used to reestablish, maintain, and/or improve growth of commercial timber species and control stocking levels on commercial forest land. Forest development activities will be planned and executed using benefit-cost analyses as one of the determinants in establishing priorities for project funding.

§ 163.33 Administrative appeals.

Any challenge to action under 25 CFR part 163 taken by an approving officer or subordinate official exercising delegated authority from the Secretary shall be exclusively through administrative appeal or as provided in the Indian Self-Determination and Education Assistance Act (Pub. L. 93-638, as amended). Such appeal(s) shall be filed in accordance with the provisions of 25 CFR part 2, Appeals from administrative actions, except that an appeal of any action under part 163 of this title shall:

(a) Not stay any action unless otherwise directed by the Secretary; and

(b) Define "interested party" for purposes of bringing such an appeal or participating in such an appeal as any person whose own direct economic interest is adversely affected by an action or decision.

(e) Funds in the Indian forest land assistance account plus any interest or other income earned shall remain available until expended and shall not be available to otherwise offset Federal appropriations for the management of Indian forest land.

(f) Funds in the forest land assistance account shall be used only for forest land management activities on the reservation for which the account is established.

(g) Funds in a tribe's forest land assistance account shall be expended in accordance with a plan approved by the tribe and the Secretary.

§ 166.2 General authority.

It is within the authority of the Secretary to protect individually owned and tribal lands against waste and to prescribe rules and regulations under which these lands may be leased or permitted for grazing. Improper use which threatens destruction of the range and soil resource is properly considered waste. With respect to reservations upon which the Indian Reorganization Act of June 18, 1934 (48 Stat. 984), is applicable, the action of the Secretary must follow the directions in section 6 of that Act which are: "The Secretary of the Interior is directed to make rules and regulations for the operation
§ 166.3 Objectives.

(a) Preserve, through proper grazing management, the land, water, forest, forage, wildlife, and recreational values on the reservations and improve and build up these resources where they have deteriorated.

(b) Promote use of the range resource by Indians to enable them to earn a living, in whole or in part, through the grazing of their own livestock.

(c) Provide for the administration of grazing privileges in a manner which will yield the highest return consistent with sustained yield land management principles and the fulfillment of the rights and objectives of tribal governing bodies and individual land owners.

§ 166.4 Regulations; scope; exceptions.

Stocking rates shall be reviewed on a continuing basis and adjusted as conditions warrant.

§ 166.7 Grazing on range units authorized by permit.

All grazing use of range units shall be authorized by a grazing permit except Indians’ use of their own land pursuant to §166.8. (b) The Superintendent shall designate the same kind of livestock to be grazed on range units composed entirely of individually owned land, or in combination with tribal and or Government land, as that determined by governing bodies pursuant to paragraph (a) of this section, unless the principles of proper land management or efficient permit administration require otherwise.

§ 166.13 Establishment of grazing fees.

(a) Tribal governing bodies may determine the minimum rental rate to be charged for the use of tribal lands (1) included in advertisements for public sale and (2) by allocation, except that allocated Indian permittees shall be required to pay not less than the reservation minimum rental rate established by the Area Director pursuant to paragraph (b) of this section for all non-Indian owned livestock which they may be authorized to graze on tribal lands. Prior to these determinations, the Superintendent shall provide the tribe with all available information including appraisal data concerning the value of grazing on tribal lands.

(b) The Area Director shall establish a reservation minimum acceptable grazing rental rate. The reservation minimum rate shall apply to all grazing privileges permitted on individually owned lands, to non-Indian owned livestock which allocated permittees may be authorized to graze on tribal lands, and to all tribal lands when the governing body fails to establish a rate pursuant to paragraph (a) of this section. Except as otherwise provided in paragraph (c) of this section, the rate established shall provide a fair annual return to the land owners.

(c) Indian landowners, in giving the Superintendent written authority to grant grazing privileges on their individually owned lands, may stipulate a minimum rate above the reservation minimum if justified because of above average value. They may also stipulate a lower rate than the reservation minimum, subject to approval of the Superintendent when the permittee is a member of the landowner’s immediate family.

§ 166.14 Duration of grazing permits.

(a) Tribal governing bodies may determine the duration of grazing permits on range units composed entirely of tribal land or in combination with Government land, subject to a maximum period of 5 years except when substantial development or improvement is required, in which case the maximum period shall be 10 years.

(b) Subject to the same duration limits set forth in paragraph (a) of this
section, the Superintendent shall prescribe the same period of duration for permits on range units composed entirely of individually owned land, or in combination with tribal and/or Government land, as that determined by governing bodies pursuant to paragraph (a) of this section unless the principles of proper land management or efficient permit administration require otherwise.

(c) Permits for a period in excess of 5 years shall provide for review of the grazing fees by the Superintendent at the end of the first 5 years and for adjustment as necessary.

§ 166.15 Assignment, modification, and cancellation of permits.

(a) Grazing permits shall not be assigned, subpermitted, or transferred without the consent of the contracting parties, including the surety, and the approval of the Superintendent.

(b) The Superintendent may revoke or withdraw all or any part of a grazing permit by cancellation or modification on 30 days' written notice for violation of the permit or because of termination of trust status of permitted land. In case of cancellation or modification because of trust termination the action shall be effected on the next annual anniversary date of the grazing permit following the date of notice.

(c) The Superintendent may revoke or withdraw all or any part of a grazing permit by cancellation or modification on 180 days' written notice for allocated Indian use or for grazing exempt from permit pursuant to §166.8. Unless otherwise mutually agreed upon by the interested parties, such actions shall be effected on the annual anniversary date of the grazing permit following the date of notice except when such timeliness of notice is not possible, in which case deferment of the intended action shall not be required to extend beyond 180 days from the date of the notice. Rental fees for grazing privileges taken for allocation shall not be less than those paid by the preceding permittee.

§ 166.16 Conservation and land use provisions.

Grazing operations shall be conducted in accordance with recognized principles of good range management. Stipulations or management plans necessary to accomplish this may be made a part of the grazing permit.

§ 166.17 Range improvements; ownership.

Improvements placed on the permitted land shall be considered affixed to the land unless specifically excepted therefrom under the permit terms. Written permission to construct and to remove improvements must be secured from the Superintendent. The permit will specify the maximum time allowed for removal of improvements so excepted.

§ 166.18 Payment of tribal fees and taxes.

Fees and taxes exclusive of annual grazing fees, assessed by the tribe in connection with grazing permits and with the approval of the Commissioner or Secretary, shall be billed for by the tribe and paid annually in advance to the designated tribal official. Failure to make payment will subject the grazing permit to cancellation and may disqualify the permittee for future permits.

§ 166.19 Special permit requirements and provisions.

(a) All grazing permits shall contain the following provisions:

(1) While the lands covered by the permit are in trust or restricted status, all of the permittee's obligations under the permit and the obligation of his sureties are to the United States as well as to the owner of the land.

(2) Nothing contained in the permit shall operate to delay or prevent a termination of Federal trust responsibilities with respect to the land by the issuance of a fee patent or otherwise during the term of the permit.

(3) The permittee agrees he will not use, cause, or allow to be used any part of the permitted area for any unlawful conduct or purpose.

(4) The permit authorizes the grazing of livestock only and the permittee shall not utilize the permitted area for hay cutting, hunting, post or timber cutting, or any other use without written authorization from the responsible Indian or Federal authority.
§ 166.20 Bonding and insurance requirements.

(a) A performance bond satisfactory to the Superintendent may be required in an amount that will reasonably assure performance of the contractual obligations. A bond, when required, may be for the purpose of guarantying the estimated construction cost of any improvement to be placed on the land which will become the property of the landowner or to insure compliance with special or additional contractual obligations.

(b) The permittee may be required to provide insurance in an amount adequate to protect any improvements on the permitted premises; and may also be required to furnish appropriate liability insurance and such other insurance as may be necessary to protect the landowner’s interest.

§ 166.21 Payment of annual grazing fees.

Annual grazing fees for all grazing permits shall be paid in advance and the date due shall be a provision of the permit. Payment shall be made to the Bureau of Indian Affairs unless otherwise provided by the permit.

§ 166.22 Payment of preparation fees.

Permittees shall pay annually in advance the following fee, in addition to the grazing fee, to cover the cost of work performed in the preparation of grazing permits: Provided, That where all or any part of the expenses of the work are paid from tribal funds an alternate schedule of fees may be approved by the Commissioner:

<table>
<thead>
<tr>
<th>Annual Grazing Fee</th>
<th>Percent</th>
</tr>
</thead>
<tbody>
<tr>
<td>On the first $500</td>
<td>3</td>
</tr>
<tr>
<td>On the next $4,500</td>
<td>2</td>
</tr>
<tr>
<td>On all above $5,000</td>
<td>1</td>
</tr>
</tbody>
</table>

In no event shall the fee be less than $2 nor exceed $250.

§ 166.23 On-and-off grazing privileges.

The permittee may be allowed credit for the grazing capacity of other range lands not covered by the permit, but which are owned or controlled by him and grazed in common with the permitted lands as a part of the range unit. The grazing capacity will be determined by the Superintendent and shown on the grazing permit.

§ 166.24 Livestock trespass.

(a) Acts prohibited on Indian trust, restricted or Government lands. The following acts are prohibited on Indian trust or restricted lands under the jurisdiction of the Bureau of Indian Affairs:

(1) The grazing upon or driving across any individually owned, tribal, or Government lands of any livestock without an approved grazing or crossing permit.

(2) Allowing livestock to drift and graze on trust or restricted Indian lands without an approved permit.

(3) The grazing or livestock upon trust or restricted Indian lands within an area closed to grazing of that class of livestock.

(4) The grazing of livestock by permittee upon an area of trust or restricted Indian lands withdrawn from use for grazing purposes to protect it from damage by reason of the improper handling of livestock, after the receipt of notice from the Superintendent of such withdrawal, or refusal to remove livestock upon instructions from the Superintendent when an injury is being done to the Indian lands by reason of improper handling of livestock.

(b) Unauthorized grazing. The owner of any livestock grazing in trespass on trust or restricted Indian lands is liable to a penalty of $1 per head for each animal thereof for each day of trespass (except in North Dakota, South Dakota, Nebraska and Minnesota where the penalty shall be $1 per head of cattle regardless of the number of days of trespass), together with the reasonable value of the forage consumed by their livestock and damages to property injured or destroyed, and for expenses incurred in impoundment and disposal. The Superintendent shall take action to collect all such penalties and damages, reimbursement for expenses incurred in impoundment and disposal, and seek injunctive relief when appropriate. All payments for such penalties and damages shall be credited to the landowners where the trespass occurs except that the value of forage or crops consumed or destroyed may be paid to
the lessee of the lands not to exceed the rental paid, and reimbursement for expenses incurred in impoundment and disposal shall be credited as appropriate.

(c) Notice and order to remove. (1) When it has been determined that a violation exists and the owner of the unauthorized livestock is known, written notice shall be served upon the alleged violator or his agent by certified mail with return receipt requested, or personal delivery and a copy of the notice shall be sent to any known lien holder. The notice shall set forth the act constituting the violation, the legal description of the land where the livestock were observed, the verification of brands in the State Brand Book, and the regulation alleged to have been violated. The notice shall also instruct the alleged violator to remove the livestock within a specified time, allow a specified time from receipt of the notice to show that there has been no violations, or to make settlement under §166.24(d). If the alleged violator fails to comply with the notice, the Superintendent may impound the livestock under §166.24(f).

(2) When neither the owner of the unauthorized livestock nor his representative is known, the Superintendent may proceed to impound the livestock under §166.24(f).

(d) Settlement. The amount due the Indian landowner and/or the United States in settlement for unauthorized grazing use shall be determined by the Superintendent as follows:

(1) A penalty of $1 for each animal thereof for each day of trespass, except in the States of Minnesota, Nebraska, North Dakota, and South Dakota where the penalty shall be $1 for each animal without regard to the number of days of trespass.

(2) A reasonable value of forage consumed based upon the average rate received per month for comparable grazing privileges on the reservation for the kind of livestock concerned, or the estimated commercial value for such privileges if no comparable grazing privileges are sold.

(3) Damages to Indian or Government property injured or destroyed.

(4) All expenses incurred in gathering, impounding, caring for, and disposing of livestock in cases which necessitate impoundment under §166.24(f).

(5) Neither the imposition of any civil penalty nor any action by the Secretary of the Interior shall preclude either any civil action by the United States, an Indian, or an Indian tribe for damages caused by trespassing livestock or prosecution for any offense involved with such trespass.

(e) Demand for payment. Where the livestock have been removed, but satisfactory settlement has not been made within the time prescribed under §166.24(c), a certified letter, return receipt requested, shall be sent or personally delivered to the livestock owner or his agent, and a copy of the letter shall be sent to any known lien holder. The letter shall demand immediate settlement and advise the violator that unless settlement is received within five working days from date of receipt, the case may be referred to the Department of Justice for appropriate action.

(f) Impoundment and disposal. Unauthorized livestock remaining on trust or restricted Indian or Government lands which are not removed therefrom within the period prescribed in §166.24(c) may be impounded and disposed of by the Superintendent as provided herein:

(1) A written notice of intent to impound shall be sent by certified mail, return receipt requested, or personally delivered to the owner, or his agent, and a copy of the notice shall be sent to any known lien holder. Any time after five days of delivery of the notice, the unauthorized livestock may be impounded.

(2) Where the owner or his agent is unknown, or a known owner or his agent refuses to accept delivery of the notice, a notice of intent to impound shall be published in a local newspaper, posted at the nearest community building and tribal council headquarters, and at a post office near the Indian or Government lands involved. Any time after five days of posting of the notice, the unauthorized livestock may be impounded.

(3) Unauthorized livestock that are owned by persons given notice under paragraphs (f)(1) and (2) of this section
may be impounded without further notice any time within the 12-month period following the effective date of a notice given under this subsection.

(4) Where there is imminent danger that trespassing livestock will severely injure a growing or harvestable crop or substantially destroy the range forage, the livestock may be impounded immediately.

(g) Notice of public sale. Following the impoundment of unauthorized livestock, a notice of sale of impounded livestock shall be published in a local newspaper, posted at the nearest community building and tribal council headquarters, and at a post office near the Indian or Government lands involved. The notice will describe the livestock and specify the date, time, and place of sale. The date set shall be at least five days after the publication and posting of such notice. Any known owners or agents and known lien holders shall be notified in writing by certified mail, return receipt requested, or by personal delivery of the sale, and the procedure by which the impounded livestock may be redeemed prior to the sale as described in §166.24(h).

(h) Redemption. Any owner or known lien holder of the impounded livestock may redeem them at any time before the time set for the sale by submitting proof of ownership and the settlement of all obligations described in §166.24(d).

(i) Sale. If the livestock are not redeemed before the time fixed for their sale, they shall be sold at public sale to the highest bidder. If a satisfactory bid is not received, the livestock may be reoffered for sale, condemned and destroyed, or otherwise disposed of. When livestock are sold by the Superintendent pursuant to these regulations, he shall furnish the purchaser a bill of sale or other written instrument evidencing the sale.

(j) Distribution of proceeds. The net proceeds of the sale, after deduction of the prescribed penalty and the deduction of the necessary costs and expenses of the Secretary of the Interior as provided in §166.24(d), shall be paid to the owner of the animal upon satisfactory proof of ownership submitted within six months of the date of the sale. Net proceeds of the sale of an animal, not paid to the owner, shall be deposited in the United States Treasury to the credit of the landowners where the trespass occurred.

§166.25 Control of livestock diseases.
Whenever livestock on Indian lands become infected with contagious or infectious diseases, or have been exposed thereto, such livestock must be treated and the movement thereof restricted in accordance with applicable Federal and State laws and tribal ordinances.
regulate the grazing of livestock on Indian lands under conditions set forth therein. In accordance with this authority and that of the Navajo Tribal Council, the Central Grazing Committee and the District Grazing Committees, the grazing of livestock on the Navajo Reservation shall be governed by the regulations in this part.

§ 167.3 Objectives.

It is the purpose of the regulations in this part to aid the Navajo Indians in achievement of the following objectives:

(a) The preservation of the forage, the land, and the water resources on the Navajo Reservation, and the building up of those resources where they have deteriorated.

(b) The protection of the interests of the Navajo Indians from the encroachment of unduly aggressive and anti-social individuals who may or may not be members of the Navajo Tribe.

(c) The adjustment of livestock numbers to the carrying capacity of the range in such a manner that the livestock economy of the Navajo Tribe will be preserved.

(d) To secure increasing responsibility and participation of the Navajo people, including tribal participation in all basic policy decisions, in the sound management of one of the Tribe's greatest assets, its grazing lands, and to foster a better relationship and a clearer understanding between the Navajo people and the Federal Government in carrying out the grazing regulations.

(e) The improvement of livestock through proper breeding practices and the maintenance of a sound culling policy. Buck and bull pastures may be established and maintained either on or off the reservation through District Grazing Committee and Central Grazing Committee action.

§ 167.4 Regulations; scope; exceptions.

The grazing regulations in this part apply to all lands within the boundaries of the Navajo Reservation held in trust by the United States for the Navajo Tribe and all the trust lands hereafter added to the Navajo Reservation. The regulations in this part do not apply to any of the area described in the Executive order of December 16, 1882, to individually owned allotted lands within the Navajo Reservation nor to tribal purchases, allotted or privately owned Navajo Indian lands outside the exterior boundaries of the Navajo Reservation.

§ 167.5 Land management districts.

The Commissioner of Indian Affairs has established and will retain the present land management districts within the Navajo Indian Reservation, based on the social and economic requirements of the Navajo Indians and the necessity of rehabilitating the grazing lands. District boundary changes may be made when deemed necessary and advisable by the District Grazing Committees, Central Grazing Committee and Tribal Council, with approval by the Superintendent, Area Director, and the Commissioner of Indian Affairs.

§ 167.6 Carrying capacities.

(a) The Commissioner of Indian Affairs on June 26, 1943, promulgated the authorized carrying capacity for each land management district of the Navajo Reservation.

(b) Recommended adjustments in carrying capacities shall be referred by the Superintendent to District Grazing Committee, Central Grazing Committee, and the Navajo Tribal Council for review and recommendations prior to presentation to the Area Director and the Commissioner of Indian Affairs for approval.

(c) Upon the request of the District Grazing Committee, Central Grazing Committee and Navajo Tribal Council to the Superintendent; recommendations for future adjustments to the established carrying capacities shall be made by Range Technicians based on the best information available through annual utilization studies and range condition studies analyzed along with numbers of livestock and precipitation data. The recommendations of the Range Technicians shall be submitted to the Superintendent, the Area Director and the Commissioner of Indian Affairs.
§ 167.7 Records.

The District Grazing Committee, the Superintendent, and his authorized representatives shall keep accurate records of all grazing permits and ownership of all livestock. Master files shall be maintained by the Superintendent or his authorized representatives.

(a) The District Grazing Committee shall be responsible for and assist in organizing the sheep and goat dipping and horse and cattle branding program and obtaining the annual livestock count.

(b) In order to obtain true records of ownership the permittee shall personally appear at the dipping vat or tallying point designated by the Grazing Committee with his or her sheep and goats and at branding and tallying points for cattle and horses. Should the permittee be unable to appear personally he or she shall designate a representative to act for and in his or her behalf. The sheep and goats will be dipped and the cattle and horses will be branded and recorded in the name of the permittee.

(c) The Superintendent shall prepare and keep current a register containing the names of all permittees using the range, the number of each class of stock by age classes grazed annually and the periods during which grazing shall be permitted in each part thereof. An annual stock census will be taken to insure that the carrying capacity is not exceeded. All classes of livestock twelve months of age or over will be counted against range use and permitted number, except that yearling colts will not be counted against permitted numbers on all permits with less than six horses. (Cross Reference §167.9.)

§ 167.8 Grazing rights.

(a) The Superintendent shall determine grazing rights of bona fide livestock owners based on recommendations of District Grazing Committees. Grazing rights shall be recognized for those permittees having ownership records as established in accordance with §167.7 or who have acquired grazing rights by marriage, inheritance, purchase or division of permits. Whenever the permitted number of sheep units within a district is less than the carrying capacity, new permits to the carrying capacity limit may be granted as provided in §167.9.

(b) All enrolled members of the Navajo Tribe over 18 years of age are eligible to acquire and hold grazing permits. Minors under 18 years of age can get possession of grazing permits only through inheritance or gift, and in each case Trustees must be appointed by the Tribal Courts to manage the permits and livestock of such minors until they become 18 years of age and can hold grazing permits in their own right.

(c) No person can hold a grazing permit in more than one district on the Navajo Reservation.

(d) Determination of rights to grazing permits involved in cases of divorce, separation, threatened family disruption, and permits of deceased permittees shall be the responsibility of the Navajo Court of Indian Offenses under existing laws, rules, and regulations.

§ 167.9 Grazing permits.

(a) All livestock grazed on the Navajo Reservation must be covered by an authorized grazing permit issued by the Superintendent based upon the recommendations of the District Grazing Committee. All such grazing permits will be automatically renewed annually until terminated. District Grazing Committees shall act on all grazing permit changes resulting from negotiability within their respective Districts. The number of livestock that may be grazed under each permit shall be the number originally permitted plus or minus any changes as indicated by Transfer Agreements and Court Judgment Orders.
Bureau of Indian Affairs, Interior § 167.13

(b) Any permittee who has five or more horses on his current permit will be required to apply any acquired sheep units in classes of stock other than horses. If the purchaser wishes more than his present number of horses, he must have his needs evaluated by the District Grazing Committee. Yearling colts will be counted against permitted number on all permits with six or more horses. Yearling colts will not be counted against permitted number on all permits with less than six horses. In hardship of permits a District Grazing Committee may reissue horses removed from grazing permits through negotiability to permit holders who are without sufficient horses on their present permits to meet minimum needs.

(c) No permittee shall be authorized to graze more than ten head of horses or to accumulate a total of over 350 sheep units.

(d) Upon recommendation of the District Grazing Committee and with the approval of the Superintendent, grazing permits may be transferred from one permittee to another in accordance with instructions provided by the Advisory Committee of the Navajo Tribal Council, or may be inherited; provided that the permitted holdings of any individual permittee shall not exceed 350 sheep units or the equivalent thereof. Should inheritance or other acquisition of permits increase the holdings of any permittee to more than 350 sheep units, said permittee shall dispose of all livestock in excess of 350 sheep units not later than November 15 following date of inheritance or other acquisition, and that portion of his or her permit in excess of 350 sheep units within one year from date of inheritance.

(e) By request of a permittee to sublet all or a part of his or her regular grazing permit to a member of his family or to any person who would receive such permit by inheritance, such subletting of permits may be authorized by the District Grazing Committee and the Superintendent or his authorized representative.

§ 167.10 Special grazing permits.

The problem of special grazing permits shall be settled by the Bureau of Indian Affairs working in cooperation with the Tribal Council, or any Committee designated by it, with a view to terminating these permits at a suitable date and with the least hardship to the Indians concerned.

§ 167.11 Tenure of grazing permits.

(a) All active regular grazing permits shall be for one year and shall be automatically renewed annually until terminated. Any Navajo eligible to hold a grazing permit as defined in § 167.8 may become a livestock operator by obtaining an active grazing permit through negotiability or inheritance or both.

(b) In many Districts, and portions of all districts, unused grazing permits or portions of grazing permits are beneficial in aiding range recovery. Each District Grazing Committee will handle each matter of unused grazing permit or portions of grazing permits on individual merits. Where ample forage is available operators will be encouraged to fill their permits with livestock or dispose of their unused permits through negotiability. In those areas where forage is in need of rehabilitation permittees will not be encouraged to stock to their permitted numbers until the range has sufficiently recovered to justify the grazing of additional livestock.

§ 167.12 Grazing fees.

Grazing fees shall not be charged at this time.1

§ 167.13 Trespass.

The owner of any livestock grazing in trespass in Navajo Tribal ranges shall

1Grazing Committees were organized in May 1953. These committees have not had ample time to fully acquaint themselves or the stockmen in their respective districts with all of the various items of range administration and range management. Also the drought of several years has not broken. The Navajo Tribe therefore requests that the matter of establishing regulations regarding the adoption of grazing fees be deferred until such a time as a full understanding of the advantages of fees can be had by the majority of the stockmen in all Districts. The assessment of grazing fees will not aid materially in obtaining proper range use. At this time it is more important that other sections of these grazing regulations be adopted and enforced. Resolution of Navajo Tribal Council No. CJ-22-54 of June 9, 1954.
§ 167.14 Movement of livestock.

Annually, prior to the normal lamb buying season, the Central Grazing Committee after consultation with District Grazing Committees shall issue regulations covering the buying period and the procedures and methods to be used in moving livestock to market. All movements of livestock other than trucking from buying areas to loading or shipping points must be authorized by Trailing Permits issued by the District Grazing Committees on the approved forms. Failure to comply with this section and with annual lamb buying regulations will be considered as trespass.

§ 167.15 Control of livestock disease and introduction of livestock.

(a) The District Grazing Committees with the approval of the Superintendent shall require livestock to be dipped, vaccinated, inspected and be restricted in movement when necessary to prevent the introduction and spread of contagious or infectious disease in the economic interest of the Navajo stock owners. Upon the recommendation of the District Grazing Committee livestock shall be dipped annually when such dipping is necessary to prevent the spread of contagious diseases. These annual dippings shall be completed on or before September 1st each year. Livestock, however, may be dipped at other times when necessary. The Superintendent or his authorized representative and the District Grazing Committee may also require the rounding up of cattle, horses, mules, etc., in each District for the purpose of inspection for disease, vaccinating, branding and other related operations.

(b) No livestock shall be brought onto the Reservation without a permit issued by the Superintendent or his authorized representative following inspection, in order to safeguard Indian livestock from infections and contagious disease and to insure the introduction of good quality sires and breeding stock.

(c) Any unusual disease conditions beyond the control measures provided herein shall be immediately reported by the District Grazing Committee to the Chairman of the Navajo Tribal Council and the Superintendent who shall attempt to obtain specialists and provide emergency funds to control and suppress the disease.
§ 167.16 Fences. Favorable recommendation from the District Grazing Committee and a written authorization from the Superintendent or his authorized representative must be secured before any fences may be constructed in non-agricultural areas. The District Grazing Committee shall recommend to the Superintendent the removal of unauthorized existing fences, or fences enclosing demonstration areas no longer used as such, if it is determined that such fences interfere with proper range management or an equitable distribution of range privileges. All enclosures fenced for the purpose of protecting agricultural land shall be kept to a size commensurate with the needs for protection of agricultural land and must be enclosed by legal four strand barbed wire fence or the equivalent.

§ 167.17 Construction near permanent livestock water developments. (a) The District Grazing Committee shall regulate the construction of all dwellings, corrals and other structures within one-half mile of Government or Navajo Tribal developed permanent livestock waters such as springs, wells, and charcos or deep reservoirs. (b) A written authorization from the District Grazing Committee must be secured before any dwellings, corrals, or other structures may be constructed within one-half mile of Government or Navajo Tribal developed springs, wells and charcos or deep reservoirs. (c) No sewage disposal system shall be authorized to be built which will drain into springs or stream channels in such a manner that it would cause contamination of waters being used for livestock or human consumption.

§ 168.1 Definitions.

As used in this part, terms shall have the meanings set forth in this section. (a) Secretary means the Secretary of Interior or his designee; (b) Area Director means the officer in charge of the Phoenix Bureau of Indian Affairs Area Office (or his successor; and/or his authorized representative) to whom has been delegated the authority of the Assistant Secretary—Indian Affairs to act in all matters pertaining to lands partitioned to the Hopi Tribe under its jurisdiction, within the boundaries of the former Joint Use Area. (c) Superintendent means the Superintendent, Hopi Agency or his designee. (d) Tribal Government means the Hopi Tribal Council, or its duly designated representative. (e) Project Officer means the former Special Project Officer of the Bureau of Indian Affairs, Administrative Office, Flagstaff, Arizona 86001, who had been delegated the authority of the Commissioner of Indian Affairs to act in matters respecting the former Joint Use Area. (f) Former Joint Use Area means the area established by the United States District Court for the District of Arizona in the case entitled Healing v. Jones, 210 F. Supp. 125 (1962), which is inside the Executive order area (Executive order of December 16, 1882) but outside Land Management District 6 and which was partitioned by the judgment of partition dated April 18, 1979.
§ 168.2 Authority.

It is within the general authority of the Secretary to protect Indian trust lands against waste and to prescribe rules and regulations under which these lands may be leased or permitted for grazing. Also, under the Navajo-Hopi Settlement Act as amended, 25 U.S.C. 640d-8 and 18, the Secretary is authorized and directed to:

(a) Reduce livestock grazing within the former Joint Use Area to carrying capacity,
(b) Restore the grazing range potential of the resource to maximum grazing extent feasible,
(c) Survey, monument and fence the partition boundary,
(d) Protect the rights and property of individuals awaiting relocation or authorized to reside on life estates, and
(e) To administer conservation practices, including grazing control and range restoration activities on the Hopi Partitioned Lands.

§ 168.3 Purpose.

These regulations are issued to implement the Secretary's responsibilities mandated by the Settlement Act and subsequent U.S. District Court judgment filed May 4, 1962, in the case, Hopi Tribe v. Watt, Civ. No. 81-272 PCT-EHC. This portion of the regulations apply only to lands partitioned to
§ 168.4 Establishment of range units.

The Area Director will use Soil and Range Inventory data to establish range units on the Hopi Partitioned Area to provide for a surface land management program to restore the land to its full grazing potential and maintain that potential to the maximum extent feasible. The establishment of range units on Hopi Partitioned Lands is subject to the concurrence of the Hopi Tribe in accordance with § 168.17 of these regulations.

§ 168.5 Grazing capacity.

(a) The Area Director shall prescribe the maximum number of each kind of livestock which may be grazed on land under his jurisdiction without inducing damage to vegetation or related resources on each range unit and the season or seasons of use to achieve the objectives of the land recovery program required by the Settlement Act.

(b) The Area Director shall review the stocking rate upon which the grazing permits are issued on a continuing basis and adjust that rate as conditions warrant.

§ 168.6 Grazing on range units authorized by permit.

Grazing use of range units is authorized only by permits granted under paragraph (a) or (b) of this section.

(a) Grazing permits to Hopi tribal members on their partitioned lands. The Area Director shall assign grazing privileges to the Hopi Tribe for lands within Hopi Partitioned Lands. The tribal government will then allocate use to their tribal members for permit periods not to exceed five years. Grazing use by Hopi tribal enterprises may be authorized. The Area Director will issue permits based on the determination of the Hopi tribal government.

(b) Interim Grazing Permit for persons awaiting relocation. Navajo Tribal members who have maintained both a permanent residence on Hopi Partitioned lands; a livestock inventory since enumeration; and meet all the criteria listed in § 168.10a, shall be eligible for an interim grazing allocation on Hopi Partitioned Lands under the following terms and conditions:

1. The Area Director shall first verify that an applicant meets the criteria of the definition in § 168.10a and will issue all permits.

2. The permitted number shall not exceed either (i) 10 SUYL (See § 168.11) for each eligible family member, or (ii) the grazing applicant's livestock inventory reduced by voluntary sales as adjusted by reproduction, in accordance with procedures developed by the Project Officer based upon the study by Stubblefield and Cambridge, 1975 page 5. The determination of the person to whom permits will be issued and the number of livestock to be permitted will be based on information provided by the permit applicant and an assessment of the number of dependents residing in the immediate household.

3. The permit shall authorize grazing for a specific number and kind of animal(s) in a specified range unit. Interim grazing permits will not be issued in excess of one-half the authorized carrying capacity of the Hopi Partition area.

4. Subject to the provisions of § 168.9(b), permits will expire when the person awaiting relocation is relocated pursuant to the Settlement Act. No interim permit will be issued for a term greater than one year. Permits may be reissued upon application and redetermination of eligibility. All interim permits will expire at the end of the period provided for completion of relocation, Pub. L. 99-190. When a Navajo permit holder discontinues grazing livestock or reduces the number being grazed whether by reason of his relocating or for any other reason, his grazing permit will be cancelled or reduced and no permit will be issued in lieu thereof. The total number of authorized animal units grazed by the Navajo permit holders awaiting relocation may be reduced by the number of animal units authorized under the cancelled or reduced permit.

§ 168.7 Kind of livestock.

Unless determined otherwise by the Area Director for conservation purposes, the Hopi Tribe may determine,
§ 168.8 Grazing fees.

(a) The rental value of all uses of Hopi Partitioned lands by persons who are not members of the Hopi Tribe, including eligible holders of interim permits, will be determined, and assessed by the Area Director and paid in accordance with 25 U.S.C. 640d-15.

(b) The Hopi Tribe has established an annual grazing fee to be assessed all range users on Hopi Partitioned Lands. The annual Hopi grazing fee shall be paid in full in advance of the annual effective date of the permit, prior to the issuance of a grazing permit. All interim permits will expire at the end of the period provided for completion of relocation, Pub. L. 99-190. Failure of the permittee to make payment in full in advance will be cause to deny issuance of the grazing permit.

§ 168.9 Assignment, modification and cancellation of permits.

(a) Grazing permits to Hopi tribal members shall not be reassigned, sub-permitted or transferred without the approval of the permit issuer(s).

(b) The Area Director may revoke or withdraw all or any part of any grazing permit in Hopi Partitioned Lands by cancellation or modification on 30 days written notice of a violation of the permit or special conditions affecting the land or the safety of the livestock thereon, as may result from flood, disaster, drought, contagious diseases, etc. Except in the case of extreme necessity, cancellation or modification shall be effected on the next annual anniversary date of the grazing permit following the date of notice. Revocation or withdrawal of all or any of the grazing permit by cancellation or modification as provided herein is effective on the date the notice of cancellation or modification is received and shall be appealable under 25 CFR part 2.

§ 168.10 Conservation and land use provisions.

Grazing operations shall be conducted in accordance with recognized principles of good range management. Conservation management plans necessary to accomplish this will be made a part of the grazing permit by stipulation.

§ 168.11 Range improvements; ownership; new construction.

Except as provided by the Relocation Act, range improvements placed on the permitted land shall be considered affixed to the land unless specifically excepted therefrom under the permit terms. Written permission to construct or remove improvements must be obtained from the Hopi Tribe.

§ 168.12 Special permit requirements and provisions.

All grazing permits shall contain the following provisions:

(a) Because the lands covered by the permit are in trust status, all of the permittees' obligations on the permit and the obligations of his sureties are to the United States as well as to the beneficial owners of the lands.

(b) The permittee agrees he will not use, cause, or allow to be used any part of the permitted area for any unlawful conduct or purpose.

(c) The permit authorizes only the grazing of livestock.

§ 168.13 Fences.

Fencing will be erected by the Federal Government around the perimeter of the 1882 Executive Order Area, Land Management District 6, and on the boundary of the former Joint Use Area partitioned to each tribe by the Judgment of Partition of April 18, 1979. Fencing of other areas in the former Joint Use Area will be required for a range recovery program in accordance with the range units established under §168.4. Such fencing shall be erected at Government expense and ownership shall be clearly identified by appropriate posting on the fencing. Intentional destruction of Federal property will be treated as a violation of 18 U.S.C. 1164.
§ 168.14 Livestock trespass.
The owner of any livestock grazing in trespass on the Hopi Partitioned Lands Area is liable to a civil penalty of $1 per head per day for each animal in trespass, together with the replacement value of the forage consumed and a reasonable value for damages to property injured or destroyed. The Superintendent may take appropriate action to collect all such penalties and damages and seek injunctive relief when appropriate. All payments for such penalties and damages shall be credited to the Tribe. The following acts are prohibited:
(a) The grazing upon or driving across any of the Hopi Partitioned Lands of any livestock without an approved grazing or crossing permit;
(b) Allowing livestock to drift and graze on lands without an approved permit;
(c) The grazing of livestock upon lands within an area closed to grazing of that class of livestock;
(d) The grazing of livestock by permittees upon any land withdrawn from use for grazing purpose to protect it from damage, after the receipt of notice from the Area Director; and
(e) Grazing livestock in excess of those numbers and kinds authorized on a livestock grazing permit approved by the Area Director.

§ 168.15 Control of livestock diseases and parasites.
Whenever livestock within the Hopi Partitioned Lands become infected with contagious or infectious diseases or parasites or have been exposed thereto, such livestock must be treated and the movement thereof restricted in accordance with applicable laws.

§ 168.16 Impoundment and disposal of unauthorized livestock.
Unauthorized livestock within any range unit of the Hopi Partitioned Lands which are not removed therefrom within the periods prescribed by the regulation will be impounded and disposed of by the Superintendent as provided herein.
(a) When the Area Director determines that unauthorized livestock use is occurring and has definite knowledge of the kind of unauthorized livestock, and knows the name and address of the owners, such livestock may be impounded any time five days after written notice of intent to impound unauthorized livestock is mailed by certified mail or personally delivered to such owners or their agent.
(b) When the Area Director determines that unauthorized livestock use is occurring but does not have complete knowledge of the number and class of livestock or if the name and address of the owner thereof are unknown, such livestock will be impounded anytime 15 days after the date of a General Notice of Intent to Impound unauthorized livestock is first published in the local newspaper, posted at the nearest chapter house, and in one or more local trading posts.
(c) Unauthorized livestock on the Hopi Partitioned Lands which are owned by persons given notice under paragraph (a) of this section, and any unauthorized livestock in areas for which a notice has been posted and published under paragraph (b) of this section, will be impounded without further notice anytime within the twelve-month period immediately following the effective date of the notice.
(d) Following the impoundment of unauthorized livestock a notice of sale of impounded livestock will be published in the local newspaper, posted at the nearest chapter house, and in one or more local trading posts. The notice will describe the livestock and specify the date, time and place of sale. The date set shall be at least 5 days after the publication and posting of such notice.
(e) The owners or their agent may redeem the livestock anytime before the time set for the sale by submitting proof of ownership and paying for all expenses incurred in gathering, impounding and feeding or pasturing the livestock and any trespass fees and/or damages caused by the animals.
(f) Livestock erroneously impounded shall be returned to the rightful owner and all expenses accruing thereto shall be waived.
(g) If the livestock are not redeemed before the time fixed for their sale, they shall be sold at public sale to the highest bidder, provided his bid is at or above the minimum amount set by the
Superintendent based upon U.S.D.A.'s current Agricultural Statistic's Report for Arizona. If a bid at or above the minimum is not received the livestock may be sold at private sale at or above the minimum amount, reoffered at public sale, condemned and destroyed, or otherwise disposed of. When livestock are sold pursuant to this regulation, the superintendent shall furnish the buyer a bill of sale or other written instrument evidencing the sale.

(h) The proceeds of any sale of impounded livestock shall be applied as follows:

(1) To the payment of all expenses incurred by the United States in gathering, impounding, and feeding or pasturing the livestock;

(2) In payment of any penalties or damages assessed pursuant to §168.14 of this part which penalties or damages shall be credited to the Hopi tribe as provided in said section;

(3) Any remaining amount shall be paid over to the owner of said livestock upon his submitting proof of ownership.

Any proceeds remaining after payment of the first and second items noted above not claimed with one year from the date of sale, will be credited to the Hopi Tribe.

§ 168.17 Concurrence procedures.

(a) Definitions. As used in this section, terms shall have the meaning set forth as follows:

(1) Concurrence means agreement by the Area Director and the Hopi Tribe, speaking through the Chairman of the Tribe (or his designee).

(2) Non-concurrence means disagreement between the Area Director and the Hopi Tribe, speaking through the Chairman of the Hopi Tribe (or his designee), or a failure of the Hopi Tribe to respond to a proposal by the Area Director in a timely manner.

(3) Timely manner means a period of thirty days, unless this period is shortened by the existence of an emergency. Upon request by the Tribal Council, the Area Director may extend the 30 day period. In instances where this period applies to the Area Director, he may extend the period by so notifying the Tribe.

(4) An emergency is a condition that the Area Director finds threatens the rights and property of life tenants and persons awaiting relocation or one that the Area Director finds is causing the condition of the range land to deteriorate.

(5) Conservation practice is a program consisting of a series of acts in conformance with the Bureau’s range management policies and procedures which maintains or seeks to achieve the grazing potential of range lands on a continuing basis.

(6) Range restoration activities is a program consisting of a series of range management acts, including but not limited to procedures which increase range forage production, reduce erosion, improve range usability and reduce stocking by issuing grazing permits to persons residing on Hopi partitioned lands at rates which maximize the carrying capacity of the range lands on a continuing basis.

(7) Grazing control is a program consisting of a series of range management acts, including but not limited to procedures by which grazing permits are issued to persons residing on Hopi partitioned lands, which limit the grazing on range lands to its carrying capacity.

(b) The Area Director will seek the participation of the Hopi Tribe in his investigation, formulation and planning of conservation practices for Hopi partitioned lands. The Area Director will submit, in writing, the proposed plan to the Hopi Tribe.

(c) Upon receipt of the Area Director’s proposed conservation practices, the Hopi Tribe will deliver, in writing, to the Area Director its concurrence or non-concurrence on all of the proposed conservation practices in a timely manner. The Area Director will continue to seek Hopi Tribal participation during the review process.

(d) Concurrence of the Hopi Tribe will be sought on all conservation practices, range restoration activities, and grazing control programs on the Hopi Partitioned Lands.

(1) If the Area Director and the Hopi Tribe concur on all or part of the proposed conservation practices in writing in a timely manner, those practices concurred upon may be immediately implemented.
(2) If the Hopi Tribe does not concur on all or part of the proposed conservation practices in a timely manner, the Area Director will submit in writing to the Hopi Tribe a declaration of non-concurrence. The Area Director will then notify the Hopi Tribe in writing of a formal hearing to be held not sooner than 15 days from the date of the non-concurrence declaration.

(i) The formal hearing on non-concurrence will permit the submission of written evidence and argument concerning the proposal. Minutes of the hearing will be taken. Following the hearing, the Area Director may amend, alter or otherwise change his proposed conservation practices. Except as provided in §168.17(d)(1) of this section, if following the hearing, the Area Director altered or amends portions of his proposed plan of action, he will submit those individual altered or amended portions of the plan to the Tribe in a timely manner for their concurrence.

(ii) In the event the Tribe fails or refruses to give its concurrence to the proposal at the hearing, then the implementation of such proposal may only be undertaken in those situations where the Area Director expressly determines in a written order, based upon findings of fact, that the proposed action is necessary to protect the rights and property of life tenants and/or persons awaiting relocation.

§ 168.18 Appeals.

Appeals from decisions issued under this part will be in accordance with procedures in 25 CFR part 2.

§ 168.19 Information collection.

The information collection requirement(s) contained in this regulation have been approved by the Office of Management and Budget under 44 U.S.C. 3501 et seq. and assigned clearance number 1076-0027. The information is being collected in order to ascertain eligibility for the issuance of a grazing permit. Response is mandatory in order to obtain a permit.

PART 169—RIGHTS-OF-WAY OVER INDIAN LANDS

Sec. 169.1 Definitions.
§ 169.2 Purpose and scope of regulations.

(a) Except as otherwise provided in §1.2 of this chapter, the regulations in this part 169 prescribe the procedures, terms and conditions under which rights-of-way over and across tribal land, individually owned land and Government owned land may be granted.

(b) Appeals from administrative action taken under the regulations in this part 169 shall be made in accordance with part 2 of this chapter.

(c) The regulations contained in this part 169 do not cover the granting of rights-of-way upon tribal lands within a reservation for the purpose of constructing, operating, or maintaining dams, water conduits, reservoirs, powerhouses, transmission lines or other works which shall constitute a part of any project for which a license is required by the Federal Power Act. The Federal Power Act provides that any license which shall be issued to use tribal lands within a reservation shall be subject to and contain such conditions as the Secretary of the Interior shall deem necessary for the adequate protection and utilization of such lands. (16 U.S.C. 797(e)). In the case of tribal lands belonging to a tribe organized under the Act of June 18, 1934 (48 Stat. 984), the Federal Power Act requires that annual charges for the use of such tribal lands under any license issued by the Federal Power Commission shall be subject to the approval of the tribe (16 U.S.C. 803(e)).

§ 169.3 Consent of landowners to grants of right-of-way.

(a) No right-of-way shall be granted over and across any tribal land, nor shall any permission to survey be issued with respect to any such lands, without the prior written consent of the tribe.

(b) Except as provided in paragraph (c) of this section, no right-of-way shall be granted over and across any individually owned lands, nor shall any permission to survey be issued with respect to any such lands, without the prior written consent of the owner or owners of such lands and the approval of the Secretary.

(c) The Secretary may issue permission to survey with respect to, and he may grant rights-of-way over and across individually owned lands without the consent of the individual Indian owners when

1. The individual owner of the land or of an interest therein is a minor or a person non compos mentis, and the Secretary finds that such grant will cause no substantial injury to the land or the owner, which cannot be adequately compensated for by monetary damages;

2. The land is owned by more than one person, and the owners or owner of a majority of the interests therein consent to the grant;

3. The whereabouts of the owner of the land or an interest therein are unknown, and the owners or owner of any interests therein whose whereabouts are known, or a majority thereof, consent to the grant;

4. The heirs or devisees of a deceased owner of the land or an interest therein have not been determined, and the Secretary finds that the grant will cause no substantial injury to the land or any owner thereof;

5. The owners of interests in the land are so numerous that the Secretary finds it would be impracticable to obtain their consent, and also finds...
§ 169.4 Permission to survey. 
Anyone desiring to obtain permission to survey for a right-of-way across individually owned, tribal or Government owned land must file a written application therefor with the Secretary. The application shall adequately describe the proposed project, including the purpose and general location, and it shall be accompanied by the written consents required by §169.3, by satisfactory evidence of the good faith and financial responsibility of the applicant, and by a check or money order of sufficient amount to cover twice the estimated damages which may be sustained as a result of the survey. With the approval of the Secretary, a surety bond may be substituted in lieu of a check or money order accompanying an application, provided the company issuing the surety bond is licensed to do business in the State where the land to be surveyed is located. The application shall contain an agreement to indemnify the United States, the owners of the land, and occupants of the land, against liability for loss of life, personal injury and property damage occurring because of survey activities and caused by the applicant, his employees, contractors and their employees, or subcontractors and their employees. When the applicant is an agency or instrumentality of the Federal or a State Government and is prohibited by law from depositing estimated damages in advance or agreeing to indemnification, the requirement for such a deposit and indemnification may be waived providing the applicant agrees in writing to pay damages promptly when they are sustained. An application filed by a corporation must be accompanied by a copy of its charter or articles of incorporation duly certified by the proper State official of the State where the corporation was organized, and a certified copy of the resolution or bylaws of the corporation authorizing the filing of the application. When the land covered by the application is located in a State other than that in which the application was incorporated, it must also submit a certificate of the proper State official that the applicant is authorized to do business in the State where the land is located. An application filed by an unincorporated partnership or association must be accompanied by a certified copy of the articles of partnership or association, or if there be none, this fact must be stated over the signature of each member of the partnership or association. If the applicant has previously filed with the Secretary an application accompanied by the evidence required in this section, a reference to the date and place of such filing, accompanied by proof of current financial responsibility and good faith, will be sufficient. Upon receipt of an application made in compliance with the regulations of this part 169, the Secretary may grant the applicant written permission to survey.

§ 169.5 Application for right-of-way.
Written application identifying the specific use requested shall be filed in duplicate with the Secretary. The application shall cite the statute or statutes under which it is filed and the width and length of the desired right-of-way, and shall be accompanied by satisfactory evidence of the good faith and financial responsibility of the applicant. An application filed by a corporation must be accompanied by a copy of its charter or articles of incorporation duly certified by the proper State official of the State where the corporation was organized, and a certified copy of the resolution or bylaws of the corporation authorizing the filing of the application. When the land covered by the application is located in a State other than that in which the applicant was incorporated, it must also submit a certificate of the proper State official that the applicant is authorized to do business in the State where the land is located. An application filed by an unincorporated partnership or association must be accompanied by a certified copy of the articles of partnership or association, or if there be none, this fact must be stated over the signature of each member of the partnership or association. If the applicant has previously filed with the
Secretary an application accompanied by the evidence required by this section, a reference to the date and place of such filing will be sufficient. Except as otherwise provided in this section, the application shall be accompanied by a duly executed stipulation, in duplicate, expressly agreeing to the following:

(a) To construct and maintain the right-of-way in a workmanlike manner.

(b) To pay promptly all damages and compensation, in addition to the deposit made pursuant to §169.4, determined by the Secretary to be due the landowners and authorized users and occupants of the land on account of the survey, granting, construction and maintenance of the right-of-way.

(c) To indemnify the landowners and authorized users and occupants against any liability for loss of life, personal injury and property damage arising from the construction, maintenance, occupancy or use of the lands by the applicant, his employees, contractors and their employees, or subcontractors and their employees.

(d) To restore the lands as nearly as may be possible to their original condition upon the completion of construction to the extent compatible with the purpose for which the right-of-way was granted.

(e) To clear and keep clear the lands within the right-of-way to the extent compatible with the purpose of the right-of-way; and to dispose of all vegetative and other material cut, uprooted, or otherwise accumulated during the construction and maintenance of the project.

(f) To take soil and resource conservation and protection measures, including weed control, on the land covered by the right-of-way.

(g) To do everything reasonably within its power to prevent and suppress fires on or near the lands to be occupied under the right-of-way.

(h) To build and repair such roads, fences, and trails as may be destroyed or injured by construction work and to build and maintain necessary and suitable crossings for all roads and trails that intersect the works constructed, maintained, or operated under the right-of-way.

(i) That upon revocation or termination of the right-of-way, the applicant shall, so far as is reasonably possible, restore the land to its original condition.

(j) To at all times keep the Secretary informed of its address, and in case of corporations, of the address of its principal place of business and of the names and addresses of its principal officers.

(k) That the applicant will not interfere with the use of the lands by or under the authority of the landowners for any purpose not inconsistent with the primary purpose for which the right-of-way is granted.

When the applicant is the U.S. Government or a State Government or an instrumentality thereof and is prohibited by law from executing any of the above stipulations, the Secretary may waive the requirement that the applicant agree to any stipulations so prohibited.

§ 169.6 Maps.

(a) Each application for a right-of-way shall be accompanied by maps of definite location consisting of an original on tracing linen or other permanent and reproducible material and two reproductions thereof. The field notes shall accompany the application, as provided in §169.7. The width of the right-of-way shall be clearly shown on the maps.

(b) A separate map shall be filed for each section of 20 miles of right-of-way, but the map of the last section may include any excess of 10 miles or less.

(c) The scale of maps showing the line of route normally should be 2,000 feet to an inch. The maps may, however, be drawn to a larger scale when necessary and when an increase in scale cannot be avoided through the use of separate field notes, but the scale must not be increased to such extent as to make the maps too cumbersome for convenient handling and filing.

(d) The maps shall show the allotment number of each tract of allotted land, and shall clearly designate each tract of tribal land affected, together with the sections, townships, and
ranges in which the lands crossed by the right-of-way are situated.

§ 169.7 Field notes.
Field notes of the survey shall appear along the line indicating the right-of-way on the maps, unless the maps would be too crowded thereby to be easily legible, in which event the field notes may be filed separately on tracing linen in such form that they may be folded readily for filing. Where field notes are placed on separate tracing linen, it will be necessary to place on the maps only a sufficient number of station numbers so as to make it convenient to follow the field notes. The field notes shall be typewritten. Whether endorsed on the maps or filed separately, the field notes shall be sufficiently complete so as to permit the line indicating the right-of-way to be readily retraced on the ground from the notes. They shall show whether the line was run on true or magnetic bearings, and, in the latter case, the variation of the needle and date of determination must be stated. One or more bearings (or angular connections with public survey lines) must be given. The 10-mile sections must be indicated and numbered on all lines of road submitted.

§ 169.8 Public survey.
(a) The terminal of the line of route shall be fixed by reference of course and distance to the nearest existing corner of the public survey. The maps, as well as the engineer's affidavit and the certificate, shall show these connections.
(b) When either terminal of the line of route is upon unsurveyed land, it must be connected by traverse with an established corner of the public survey. The maps, as well as the engineer's affidavit and the certificate, shall show these connections.

§ 169.9 Connection with natural objects.
When the distance to an established corner of the public survey is more than 6 miles, this connection will be made with a natural object or a permanent monument which can be readily found and recognized, and which will fix and perpetuate the position of the terminal point. The maps must show the position of such mark, and course and distance to the terminus. There must be given an accurate description of the mark and full data concerning the traverse, and the engineer's affidavit and the certificate on the maps must state the connections.

§ 169.10 Township and section lines.
Whenever the line of survey crosses a township or section line of the public survey, the distance to the nearest existing corner shall be noted. The maps shall show these distances and the station numbers at the points of intersections. The field notes shall show these distances and the station numbers.

§ 169.11 Affidavit and certificate.
(a) There shall be subscribed on the maps of definite location an affidavit executed by the engineer who made the survey and a certificate executed by the applicant, both certifying to the accuracy of the survey and maps and both designating by termini and length in miles and decimals, the line of route for which the right-of-way application is made.
(b) Maps covering roads built by the Bureau of Indian Affairs which are to be transferred to a county or State government shall contain an affidavit as to the accuracy of the survey, executed by the Bureau highway engineer in charge of road construction, and a certificate by the State or county engineer or other authorized State or county officer accepting the right-of-way and stating that he is satisfied as to the accuracy of the survey and maps.

§ 169.12 Consideration for right-of-way grants.
Except when waived in writing by the landowners or their representatives as defined in §169.3 and approved by the Secretary, the consideration for any right-of-way granted or renewed under this part 169 shall be not less than but not limited to the fair market value of the rights granted, plus severance damages, if any, to the remaining estate.
§ 169.13 Other damages.

In addition to the consideration for a grant of right-of-way provided for by the provisions of §169.12, the applicant for a right-of-way will be required to pay all damages incident to the survey of the right-of-way or incident to the construction or maintenance of the facility for which the right-of-way is granted.

§ 169.14 Deposit and disbursement of consideration and damages.

At the time of filing an application for right-of-way, the applicant must deposit with the Secretary the total estimated consideration and damages, which shall include consideration for the right-of-way, severance damages, damages caused during the survey, and estimated damages to result from construction less any deposit previously made under §169.4. In no case shall the amount deposited as consideration for the right-of-way over any parcel be less than the amount specified in the consent covering that parcel. If in reviewing the application, the Secretary determines that the amounts deposited are inadequate to compensate the owners, the applicant shall increase the deposit to an amount determined by the Secretary to be adequate. The amounts so deposited shall be held in a “special deposit” account for distribution to or for the account of the landowners and authorized users and occupants of the land. Amounts deposited to cover damages resulting from survey and construction may be disbursed after the damages have been sustained. Amounts deposited to cover consideration for the right-of-way and severance damages shall be disbursed upon the granting of the right-of-way. Any part of the deposit which is not required for disbursement as aforesaid shall be refunded to the applicant promptly following receipt of the affidavit of completion of construction filed pursuant to §169.16.

§ 169.15 Action on application.

Upon satisfactory compliance with the regulations in this part 169, the Secretary is authorized to grant the right-of-way by issuance of a conveyance instrument in the form approved by the Secretary. Such instrument shall incorporate all conditions or restrictions set out in the consents obtained pursuant to §169.3. A copy of such instrument shall be promptly delivered to the applicant and thereafter the applicant may proceed with the construction work. Maps of definite location may be attached to and incorporated into the conveyance document by reference. In the discretion of the Secretary, one conveyance document may be issued covering all of the tracts of land traversed by the right-of-way, or separate conveyances may be made covering one or several tracts included in the application. A duplicate original copy of the conveyance instrument, permanent and reproducible maps, a copy of the application and stipulations, together with any other pertinent documents shall be transmitted by the Secretary to the office of record for land documents affecting the land covered by the right-of-way, where they will be recorded and filed.

§ 169.16 Affidavit of completion.

Upon the completion of the construction of any right-of-way, the applicant shall promptly file with the Secretary an affidavit of completion, in duplicate, executed by the engineer and certified by the applicant. The Secretary shall transmit one copy of the affidavit to the office of record mentioned in §169.15. Failure to file an affidavit in accordance with this section shall subject the right-of-way to cancellation in accordance with §169.20.

§ 169.17 Change of location.

If any change from the location described in the conveyance instrument is found to be necessary on account of engineering difficulties or otherwise, amended maps and field notes of the new location shall be filed, and a right-of-way for such new route or location shall be subject to consent, approval, the ascertainment of damages, and the payment thereof, in all respects as in
the case of the original location. Before a revised conveyance instrument is issued, the applicant shall execute such instruments deemed necessary by the Secretary extinguishing the right-of-way at the original location. Such instruments shall be transmitted by the Secretary to the office of record mentioned in §169.15 for recording and filing.

§ 169.18 Tenure of approved right-of-way grants.

All rights-of-way granted under the regulations in this part 169 shall be in the nature of easements for the periods stated in the conveyance instrument. Except as otherwise determined by the Secretary and stated in the conveyance instrument, rights-of-way granted under the Act of February 5, 1948 (62 Stat. 17; 25 U.S.C. 323-328), for railroads, telephone lines, telegraph lines, public roads and highways, access roads to homesite properties, public sanitary and storm sewer lines including sewage disposal and treatment plants, water control and use projects (including but not limited to dams, reservoirs, flowage easements, ditches, and canals), oil, gas, and public utility water pipelines (including pumping stations and appurtenant facilities), electric power projects, generating plants, switchyards, electric transmission and distribution lines (including poles, towers, and appurtenant facilities), and for service roads and trails essential to any of the aforesaid use purposes, may be without limitation as to term of years; whereas, rights-of-way for all other purposes shall be for a period of not to exceed 50 years, as determined by the Secretary and stated in the conveyance instrument.

[37 FR 12937, June 30, 1972. Redesignated at 47 FR 13327, Mar. 30, 1982]

§ 169.19 Renewal of right-of-way grants.

On or before the expiration date of any right-of-way heretofore or hereafter granted for a limited term of years, an application may be submitted for a renewal of the grant. If the renewal involves no change in the location or status of the original right-of-way grant, the applicant may file with his application a certificate under oath setting out this fact, and the Secretary, with the consent required by §169.3, may thereupon extend the grant for a like term of years, upon the payment of consideration as set forth in §169.12. If any change in the size, type, or location of the right-of-way is involved, the application for renewal shall be treated and handled as in the case of an original application for a right-of-way.

§ 169.20 Termination of right-of-way grants.

All rights-of-way granted under the regulations in this part may be terminated in whole or in part upon 30 days written notice from the Secretary mailed to the grantee at its latest address furnished in accordance with §169.5(j) for any of the following causes:

(a) Failure to comply with any term or condition of the grant or the applicable regulations;
(b) A nonuse of the right-of-way for a consecutive 2-year period for the purpose for which it was granted;
(c) An abandonment of the right-of-way.

If within the 30-day notice period the grantee fails to correct the basis for termination, the Secretary shall issue an appropriate instrument terminating the right-of-way. Such instrument shall be transmitted by the Secretary to the office of record mentioned in §169.15 for recording and filing.

§ 169.21 Condemnation actions involving individually owned lands.

The facts relating to any condemnation action to obtain a right-of-way over individually owned lands shall be reported immediately by officials of the Bureau of Indian Affairs having knowledge of such facts to appropriate officials of the Interior Department so that action may be taken to safeguard the interests of the Indians.

§ 169.22 Service lines.

(a) An agreement shall be executed by and between the landowner or a legally authorized occupant or user of individually owned land and the applicant before any work by the applicant

Rights-of-way granted under the above acts shall be subject to the provisions of this section as well as other pertinent sections of this part 169. Except when otherwise determined by the Secretary, rights-of-way for the above purposes granted under the Act of February 5, 1948 (62 Stat. 17; 25 U.S.C. 323-328), shall also be subject to the provisions of this section.

(b) Rights-of-way for railroads shall not exceed 50 feet in width on each side of the centerline of the road, except where there are heavy cuts and fills, when they shall not exceed 100 feet in width on each side of the road. The right-of-way may include grounds adjacent to the line for station buildings, depots, machine shops, side tracks, turnouts, and water stations, not to exceed 200 feet in width by a length of 3,000 feet, with no more than one station to be located within any one continuous length of 10 miles of road.

(c) Short spurs and branch lines may be shown on the map of the main line, authenticated copy of the tribal authorization, when required, shall be filed with the Secretary within 30 days after the date of its execution. Failure to meet this requirement may result in the removal of improvements placed on the land at the expense of the party responsible for the placing of such improvements and subject such party to the payment of damages caused by his unauthorized act.

separately described by termini and length. Longer spurs and branch lines shall be shown on separate maps. Grounds desired for station purposes may be indicated on the map of definite location but separate plats must be filed for such grounds. The maps shall show any other line crossed, or with which connection is made. The station number shall be shown on the survey thereof at the point of intersection. All intersecting roads must be represented in ink of a different color from that used for the line for which application is made.

(d) Plats of railroad station grounds shall be drawn on a scale of 400 feet to an inch, and must be filed separately from the line of route. Such plats shall show enough of the line of route to indicate the position of the tract with reference thereto. Each station ground tract must be located with respect to the public survey as provided in §169.8 and all buildings or other structures shall be platted on a scale sufficiently large to show clearly their dimensions and relative positions.

(e) If any proposed railroad is parallel to, and within 10 miles of, a railroad already built or in course of construction, it must be shown wherein the public interest will be promoted by the proposed road. Where the Interstate Commerce Commission has passed on this point, a certified copy of its findings must be filed with the application.

(f) The applicant must certify that the road is to be operated as a common carrier of passengers and freight.

(g) The applicant shall execute and file, in duplicate, a stipulation obligating the company to use all precautions possible to prevent forest fires and to suppress such fires when they occur, to construct and maintain passenger and freight stations for each Government townsite, and to permit the crossing, in a manner satisfactory to the Government officials in charge, of the right-of-way by canals, ditches, and other projects.

(h) A railroad company may apply for sufficient land for ballast or material pits, reservoirs, or tree planting to aid in the construction or maintenance of the road. The authority to use any land for such purposes shall terminate upon abandonment or upon failure to use the land for such purposes for a continuous period of 2 years.

§ 169.24 Railroads in Oklahoma.

(a) The Act of February 28, 1902 (32 Stat. 43), authorizes right-of-way grants across tribal and individually owned land in Oklahoma. Rights-of-way granted under that act shall be subject to the provisions of this section as well as other pertinent sections of this part 169. Except when otherwise determined by the Secretary, railroad rights-of-way in Oklahoma granted under the Act of February 5, 1948 (62 Stat. 17; 25 U.S.C. 323-328), shall also be subject to the provisions of this section.

(b) One copy on tracing linen of the map of definite location showing the line of route and all lands included within the right-of-way must be filed with the Secretary. When tribal lands are involved, a copy of the map must also be filed with the tribal council.

(c) Before any railroad may be constructed or any lands taken or condemned for any of the purposes set forth in section 13 of the Act of February 28, 1902 (32 Stat. 47), full damages shall be paid to the Indian owners.

(d) After the maps have been filed, the matter of damages shall be negotiated by the applicant directly with the Indian owners. If an amicable settlement cannot be reached, the amount to be paid as compensation and damages shall be fixed and determined as provided in the statute. If court proceedings are instituted, the facts shall be reported immediately as provided in §169.21.

§ 169.25 Oil and gas pipelines.

(a) The Act of March 11, 1904 (33 Stat. 65), as amended by the Act of March 2, 1917 (39 Stat. 973; 25 U.S.C. 321), authorizes right-of-way grants for oil and gas pipelines across tribal, individually owned and Government-owned land. Rights-of-way granted under that act shall be subject to the provisions of this section as well as other pertinent sections of this part 169. Except when otherwise determined by the Secretary, rights-of-way granted for such purposes under the Act of February 5, 1948 (62 Stat. 17; 25 U.S.C. 323-328) shall also be
§ 169.26 Telephone and telegraph lines; radio, television, and other communications facilities.

(1) Upon abandonment of the right-of-way to level all dikes, fire-guards, and excavations and to remove all concrete masonry foundations, bases, and structural works and to restore the land as nearly as may be possible to its original condition.

(2) That a grant for pumping station or tank site purposes shall be subservient to the owner's right to remove or authorize the removal of oil, gas, or other mineral deposits; and that the structures for pumping station or tank site will be removed or relocated if necessary to avoid interference with the exploration for or recovery of oil, gas, or other minerals.

(f) Purely lateral lines connecting with oil or gas wells on restricted lands may be constructed upon filing with the Secretary a copy of the written consent of the Indian owners and a blueprint copy of a map showing the location of the lateral. Such lateral lines may be of any diameter or length, but must be limited to those used solely for the transportation of oil or gas from a single tract of tribal or individually owned land to another lateral or to a branch of the main line.

(g) The applicant, by accepting a pipeline right-of-way, thereby agrees that the books and records of the applicant shall be open to inspection by the Secretary at all reasonable times, in order to obtain information pertaining in any way to oil or gas produced from tribal or individually owned lands or other lands under the jurisdiction of the Secretary.
other forms of communication transmitting, relay, and receiving structures and facilities. Rights-of-way granted under these acts shall be subject to the provisions of this section as well as other pertinent sections of this part 169. Except when otherwise determined by the Secretary, rights-of-way granted for such purposes under the Act of February 5, 1948 (62 Stat. 17; 25 U.S.C. 323–328), shall also be subject to the provisions of this section.

(b) A right-of-way granted under the said Act of March 4, 1911, as amended, shall be limited to a term not exceeding 50 years from the date of the issuance of such grant.

(c) No right-of-way shall be granted for a width in excess of 50 feet on each side of the centerline, unless special requirements are clearly set forth in the application which fully justify a width in excess of 50 feet on each side of the centerline.

(d) Applicants engaged in the general telephone and telegraph business may apply for additional land for office sites. The maps showing the location of proposed office sites shall be filed separately from those showing the line of route, and shall be drawn to a scale of 50 feet to an inch. Such maps shall show enough of the line of route to indicate the position of the tract with reference thereto. The tract shall be located with respect to the public survey as provided in §169.8, and all buildings or other structures shall be platted on a scale sufficiently large to show clearly their dimensions and relative positions.

(e) Rights-of-way for poles and lines for communication purposes, and for radio, television, and other forms of communication transmitting, relay, and receiving structures and facilities, shall be limited to 200 feet on each side of the centerline of such lines and poles; radio and television, and other forms of communication transmitting, relay, and receiving structures and facilities shall be limited to an area not to exceed 400 feet by 400 feet.

§ 169.27 Power projects.

(a) The Act of March 4, 1911 (36 Stat. 1253), as amended by the Act of May 27, 1952 (66 Stat. 95; 43 U.S.C. 961), authorizes right-of-way grants across tribal, individually owned and Government-owned land for electrical poles and lines for the transmission and distribution of electrical power. Rights-of-way granted under that Act shall be subject to the provisions of this section as well as other pertinent sections of this part 169. Except when otherwise determined by the Secretary, rights-of-way granted for such purposes under the Act of February 5, 1948 (62 Stat. 17; 25 U.S.C. 323–328) shall also be subject to the provisions of this section.

(b) All applications, other than those made by power-marketing agencies of the Department of the Interior, for authority to survey, locate, or commence construction work on any project for the generation of electric power, or the transmission or distribution of electrical power of 66 kV or higher involving Government-owned lands shall be referred to the Office of the Assistant Secretary of the Interior for Water and Power Resources or such other agency as may be designated for the area involved, for consideration of the relationship of the proposed project to the power development program of the United States. Where the proposed project will not conflict with the program of the United States, the Secretary, upon notification to the effect, may then proceed to act upon the application. In the case of necessary changes respecting the proposed location, construction, or utilization of the project in order to eliminate conflicts with the power development program of the United States, the Secretary shall obtain from the applicant written consent to or compliance with such requirements before taking further action on the application.

(c) A right-of-way granted under the said Act of March 4, 1911, as amended, shall be limited to a term not exceeding 50 years from the date of the issuance of such grant.

(d) Rights-of-way for power lines shall be limited to those widths which can be justified and in no event shall exceed a width of 200 feet on each side of the centerline.

(e) The applicant shall make provision, or bear the reasonable cost (as may be determined by the Secretary)
of making provision, for avoiding inductive interference between any project transmission line or other project works constructed, operated, or maintained by it on the right-of-way authorized under the grant and any radio installation, telephone line, or other communication facilities now or hereafter constructed and operated by the United States or any agency thereof. This provision shall not relieve the applicant from any responsibility or requirement which may be imposed by other lawful authority for avoiding or eliminating inductive interference.

(f) An applicant for a right-of-way for a transmission line across Government-owned lands having a voltage of 66 kV or more must, in addition to the stipulation required by §169.5, execute and file with its application a stipulation agreeing to accept the right-of-way grant subject to the following conditions:

(1) The applicant agrees that, in the event it becomes necessary for the United States to acquire the applicant's transmission line or facilities constructed on or across such right-of-way, the United States reserves the right to acquire such line or facilities at a sum to be determined upon by a representative of the applicant, a representative of the Secretary of the Interior, and a third representative to be selected by the other two for the purpose of determining the value of such property thus to be acquired by the United States.

(2) To allow the Department of the Interior to utilize for the transmission of electrical power any surplus capacity of the line in excess of the capacity needed by the holder of the grant for the transmission of electrical power in connection with the applicant's operations, or to increase the capacity of the line at the Department's expense and to utilize the increased capacity for the transmission of electrical power, Utilization by the Department of surplus or increased capacity shall be subject to the following terms and conditions:

(i) When the Department desires to utilize surplus capacity thought to exist in a line, notification will be given to the applicant and the applicant shall furnish to the Department within 30 days a certificate stating whether the line has any surplus capacity not needed by the applicant for the transmission of electrical power in connection with the applicant's operations, and, if so, the extent of such surplus capacity.

(ii) In order to utilize any surplus capacity certified by the applicant to be available, or any increased capacity provided by the Department at its own expense, the Department may interconnect its transmission facilities with the applicant's line in a manner conformable to approved standards of practice for the interconnection of transmission circuits.

(iii) The expense of interconnection will be borne by the Department, and the Department will at all times provide and maintain adequate switching, relaying, and protective equipment so as to insure that the normal and efficient operation of the applicant's line will not be impaired.

(iv) After any interconnection is completed, the applicant shall operate and maintain its line in good condition; and, except in emergencies, shall maintain in a closed position all connections under the applicant's control between the applicant's line and the interconnecting facilities provided by the Department.

(v) The interconnected power systems of the Department and the applicant will be operated in parallel.

(vi) The transmission of electrical power by the Department over the applicant's line will be effected in such manner and quantity as will not interfere unreasonably with the applicant's use and operation of the line in accordance with the applicant's normal operating standards, except that the Department shall have the exclusive right to utilize any increased capacity of the line which has been provided at the Department's expense.

(vii) The applicant will not be obligated to allow the transmission over its line by the Department of electrical power to any person receiving service from the applicant on the date of the filing of the application for a grant, other than persons entitled to statutory preference in connection with the distribution and sale of electrical power by the Department.
(viii) The Department will pay to the applicant an equitable share of the total monthly cost of maintaining and operating the part of the applicant’s line utilized by the Department for the transmission of electrical power, the payment to be an amount in dollars representing the same proportion of the total monthly operation and maintenance cost of such part of the line as the maximum amount in kilowatts of the power transmitted on a scheduled basis by the Department over the applicant’s line during the month bears to the total capacity in kilowatts of that part of the line. The total monthly cost may include interest and amortization, in accordance with the system of accounts prescribed by the Federal Power Commission, on the applicant’s net total investment (exclusive of any investment by the Department) in the part of the line utilized by the Department.

(ix) If, at any time subsequent to a certification by the applicant that surplus capacity is available for utilization by the Department, the applicant needs for the transmission of electrical power in connection with its operations the whole or any part of the capacity of the line theretofore certified as being surplus to its needs, the applicant may modify or revoke the previous certification by giving the Secretary of the Interior 30 months’ notice, in advance, of the applicant’s intention in this respect. After the revocation of a certificate, the Department’s utilization of the particular line will be limited to the increased capacity, if any, provided by the Department at its expense.

(x) If, during the existence of the grant, the applicant desires reciprocal accommodations for the transmission of electrical power over the interconnected system of the Department to its line, such reciprocal accommodations will be accorded under terms and conditions similar to those prescribed in this paragraph with respect to the transmission by the Department of electrical power over the applicant’s line.

(xi) The terms and conditions prescribed in this paragraph may be modified at any time by means of a supplemental agreement negotiated between the applicant and the Secretary of the Interior or his designee.

(g) Applicants may apply for additional lands for generating plants and appurtenant facilities. The lands desired for such purposes may be indicated on the maps showing the definite location of the right-of-way, but separate maps must be filed therefor. Such maps shall show enough of the line of route to indicate the position of the tract with respect to said line. The tract shall be located with respect to the public survey as provided in §169.8, and all buildings or other structures shall be platted on a scale sufficiently large to show clearly their dimensions and relative positions.

§169.28 Public highways.

(a) The appropriate State or local authorities may apply under the regulations in this part 169 for authority to open public highways across tribal and individually owned lands in accordance with State laws, as authorized by the Act of March 3, 1901 (31 Stat. 1084; 25 U.S.C. 311).

(b) In lieu of making application under the regulations in this part 169, the appropriate State or local authorities in Nebraska or Montana may, upon compliance with the requirements of the Act of March 4, 1915 (38 Stat. 1188), lay out and open public highways in accordance with the respective laws of those States. Under the provisions of that act, the applicant must serve the Secretary with notice of intention to open the proposed road and must submit a map of definite location on tracing linen showing the width of the proposed road for the approval of the Secretary prior to the laying out and opening of the road.

(c) Applications for public highway rights-of-way over and across roadless and wild areas shall be considered in accordance with the regulations contained in part 265 of this chapter.

CONSTRUCTION AND MAINTENANCE OF ROADS

§ 170.1 Purpose.

The regulations in this part govern the planning, design, construction, maintenance and general administration of certain Indian reservation roads and bridges.

§ 170.2 Definitions.

As used in this part:
(a) Commissioner means the Commissioner of Indian Affairs.
(b) Superintendent means the Agency Superintendent at all locations, with the exception that at the Navajo Reservation this term shall mean the Area Director or his designated representative for public hearings on arterial roads which cross Agency boundaries of jurisdiction.
(c) State means a State or territory or political subdivision thereof.
(d) Indian Reservation Roads and Bridges means roads and bridges that are located within or provide access to an Indian reservation or Indian trust land or restricted Indian land which is not subject to fee title alienation without the approval of the Federal Government, or Indian and Alaska Native villages, groups or communities in which Indians and Alaskan Natives reside, whom the Commissioner has determined are eligible for services generally available to Indians under Federal laws specifically applicable to Indians. (23 U.S.C. 101(a))
(e) Indian and Alaskan Native villages, groups, or communities in which Indian or Alaska Natives reside means villages, groups or communities or portions of villages, groups, or communities in which the majority of the residents are Indians or Alaska Natives.
(f) Federal-Aid Indian Road System means those Indian reservation roads and bridges for which financial aid for construction is available only from specific appropriations of Federal funds therefor and which are designated by the Bureau of Indian Affairs and the Federal Highway Administration. This term does not include roads or bridges on Indian reservations for which financial aid for construction and improvement is available to a State under the Federal-Aid Highway Act. (45 Stat. 750)
(g) Construction means supervising, inspecting, actual building, and all expenses incidental to the construction and improvement of roads and bridges including the elimination of roadway hazards and the acquisition of rights-of-way.
(h) Maintenance means the act of preserving the entire roadway, including surface, shoulders, roadsides, structures, and the necessary traffic control devices as nearly as possible in the as-built condition and to provide services for the satisfactory and safe use of such roads.

§ 170.3 Construction and improvement.

Subject to the availability of appropriations for Indian reservation roads and bridges and any other contribution of State or Indian tribal lands, the
Bureau of Indian Affairs, Interior § 170.6a

Commissioner shall plan, survey, design and construct roads on the Federal-Aid Indian Road System to provide an adequate system of road facilities serving Indian lands.

§ 170.4 Approval of road construction activities.

The Secretary of Transportation or his authorized representative shall approve the location, type, and design of all projects on the Federal-Aid Indian Road System before any construction expenditures are made. All such construction shall be under the general supervision of the Secretary of Transportation or his authorized representative. (23 U.S.C. 208)

§ 170.4a Selection of road construction projects.

The Commissioner, who is responsible for the planning, surveys and design, shall keep the appropriate local tribal officials informed of all technical information relating to the project alternatives of proposed road developments. The Commissioner shall recommend to the tribe those proposed road projects having the greatest need as determined by the comprehensive transportation analysis. Tribes shall then establish annual priorities for road construction projects. Subject to the approval of the Commissioner, the annual selection of road projects for construction shall be performed by tribes. Funds available for the construction of roads on the Federal-Aid Indian Road System shall not be used for the capital improvement to privately-owned property. (39 Stat. 355)

§ 170.5 Right-of-way.

(a) The procedure for obtaining permission to survey and for granting any necessary right-of-way are governed by part 169 of this chapter. Tribal consent as required under §169.3(a) may be made by public dedication where proper tribal authority exists. Before any work is undertaken for the construction of road projects, the Commissioner shall obtain the written consent of the Indian landowners. Where an Indian has an interest in tribal land by virtue of a land use assignment, such consent shall be obtained from both the landholder of the assignment and the Indian tribe. Right-of-way easements are to be on a form approved by the Commissioner.

(b) If it appears that the road might be transferred to the tribe, the county or the State within 10 years, then before such construction is undertaken, right-of-way easements for the project shall be obtained in favor of the United States, its successors and assigns, with the right to construct, maintain, and repair improvements thereon and thereover, for such purposes and with the further right in the United States, its successors and assigns, to transfer the right-of-way easements by assignment, grant or otherwise.

§ 170.5a Employment of Indians.

The Bureau of Indian Affairs road program shall be administered in such a way as to provide training and employment of Indians. The Commissioner may contract with tribes and Indian-owned construction companies, or the Commissioner may purchase materials, obtain equipment and employ Indian labor in the construction and maintenance of roads. (36 Stat. 861; 78 Stat. 241, 253; 78 Stat. 257; 25 U.S.C. 47; 42 U.S.C. 2000e(b), 2000e-2(i); 23 U.S.C. 208(c))

§ 170.6 Maintenance of Indian roads.

The administration and maintenance of Indian reservation roads and bridges is basically a function of the local Government. Subject to the availability of funds, the Commissioner shall maintain, or cause to be maintained, those approved roads on the Federal-Aid Indian Road System. The Commissioner may also maintain roads not on the Federal-Aid Indian Road System if such roads meet the definition of “Indian reservation road and bridges” and are approved for maintenance by the Commissioner. No funds authorized under 23 U.S.C. 208 are available for the maintenance of roads.

§ 170.6a Contributions from tribes.

The Commissioner may enter into agreements with an Indian tribe for a contribution from its tribal funds for the construction or maintenance of roads governed by regulations of this part. However, the tribe must be able to make such contributions without
§ 170.7 Cooperation with States.

The Commissioner may enter into an agreement with the State for cooperation in the construction and the maintenance of certain Indian reservation roads and bridges, especially at those locations where road projects serve non-Indian land as well as Indian land.

(23 U.S.C. 208(d); 23 U.S.C. 308(a))

§ 170.8 Use of roads.

(a) Free public use is required on roads eligible for construction and maintenance with Federal funds under this part. When required for public safety, fire prevention or suppression, or fish or game protection, or to prevent damage to unstable roadbed, the Commissioner may restrict the use of them or may close them to public use.

(b) The Commissioner shall conduct engineering and traffic analysis in accordance with established traffic engineering practices and determine the necessary maximum speed limit, maximum vehicular weight limit and other needed regulatory signs for roads which he maintains. The Commissioner shall make recommendations to local Government officials, who are authorized to enact and enforce ordinances on Indian lands, of his determination of the needed regulatory signs. Such regulatory signs as are authorized by established ordinances shall be erected by the Commissioner. At locations under the jurisdiction of the Court of Indian Offenses the Commissioner shall erect such regulatory signs as he determines are needed.

§ 170.9 Roadless and wild areas.

Roads passable to motor transportation shall not be constructed under the regulations in this part within the boundaries of the roadless and wild areas established in part 265 of this chapter.

§ 170.10 Purpose and objectives.

The regulations in this subpart govern the calling and conducting of public hearings on Bureau of Indian Affairs road projects beginning with road projects scheduled to begin construction in Fiscal Year 1975, and thereafter. In order to promote coordination and comprehensive planning of construction activities on Indian reservations, the objectives for conducting public hearings on proposed road projects are to:

(a) Inform interested persons of the road proposals which affect them and allow such persons to express their views at those stages of a project's development when the flexibility to respond to these views still exists.

(b) Insure that road locations and designs are consistent with the reservations' objectives and with applicable Federal regulations.

§ 170.11 Criteria.

A public hearing shall be held for each project that:

(a) Is a new route being constructed,
(b) Would significantly change the layout or function of connecting or related roads or streets,
(c) Would have an adverse effect upon adjacent real property, or
(d) Is expected to be of a controversial nature.

§ 170.12 Need for public hearing determined.

The Superintendent will call a meeting of representatives from the tribe, the Bureau of Indian Affairs, and other appropriate agencies to determine for each road project if a public hearing is needed. The determination will be based on the criteria given in §170.11. More than one public hearing may be held for a project if necessary.

§ 170.13 Notice of road construction projects.

When no public hearing is scheduled for a road construction project, notice of the road construction project must be given at least 90 days before the date construction is scheduled to
§ 170.14 Notice of public hearing.

Notice will be given to inform the local public of the scheduled hearing. The notice should give the date, time, and place of the scheduled hearing; the project location; the proposed work to be done; the place where the preliminary plans may be reviewed; and the place where more information on the project can be obtained. The notice should be posted or published as determined by the Superintendent. Notice should be given at least 15 days before the scheduled date of the public hearing and again, at least 5 days before the hearing date.

§ 170.15 Record of hearing proceedings.

A record of the hearing shall be made. The record shall include written statements submitted at the hearing or within 5 days following the hearing.

§ 170.16 Conducting the public hearing.

(a) The Superintendent will appoint a tribal or Bureau of Indian Affairs official to preside at the public hearing and to maintain a medium for free and open discussion designed to reach early and amicable resolution of issues.

(b) The Superintendent shall be responsible for maintaining a record of the hearing and shall make arrangements for appropriate officials to be present at the hearing to be responsive to questions which may arise.

(c) The purpose of the hearing and an agenda of items to be discussed should be presented at the beginning of the hearing. It should be made clear at the hearing that the tribal chairman or his designated roads committee are the officials responsible for setting reservation road priorities and considering the merits of one road project over another. Sufficient maps and project plans will be available at the hearing for public review. The hearing audience should be informed of the Bureau's road construction and right-of-way acquisition procedures on reservations. If the project will require relocating residences or businesses, information on relocation services and authorized payments will be given.

§ 170.17 Written statements.

Written statements may be submitted as well as oral statements made at the public hearing. Written statements may also be submitted during the 5 days following the hearing.

§ 170.18 Hearing statement.

If significant issues develop at the public hearing which remain unresolved, the Superintendent will issue a hearing statement summarizing the results of the public hearing and his determination as to the further action to be taken in connection with the proposed project. The hearing statement shall be issued within 20 days of the date of the public hearing. The hearing statement will be posted at the place where the hearing was held, and shall be sent to interested persons upon request. The hearing statement will outline procedures whereby the determination may be appealed.

§ 170.19 Appeals.

Any determination concerning the proposed road project may be appealed in accordance with the procedures set forth in part 2 of this title.
§ 171.1 Administration.

(a) The Agency Superintendent, Project Engineer or such official as authorized by the Area Director is the Officer-in-Charge of those Indian Irrigation Projects or units operated or subject to administration by the Bureau of Indian Affairs, whether or not each project or unit is specifically mentioned in this part. The Officer-in-Charge is fully authorized to administer, carry out, and enforce these regulations either directly or through employees designated by him. Such enforcement includes the refusal to deliver water.

(b) The Officer-in-Charge is authorized to apply to irrigation subsistence units or garden tracts only those regulations in this part which in his judgment would be applicable in view of the size of the units and the circumstances under which they are operated.

(c) The Officer-in-Charge is responsible for performing such work and taking any action which in his judgment is necessary for the proper operation, maintenance and administration of the irrigation project or unit. In making such judgments, the Officer-in-Charge consults with water users and their representatives, and with tribal council representatives, and seeks advice on matters of program priorities and operational policies. The Officer-in-Charge will be guided by the basic requirement that the operation will be so administered as to provide the maximum possible benefits from the project’s or unit’s constructed facilities. The operations will insure safe, economical, beneficial, and equitable use of the water supply and optimum water conservation.

(d) The Secretary of the Interior reserves the right to exercise at any time all rights, powers, and privileges given him by law, and contracts with irrigation districts within Indian Irrigation Projects. Close cooperation between the Indian tribal councils, the project water users and the Officer-in-Charge is necessary and will be to the advantage of the entire project.

(e) The Area Director, or his delegated representative, is authorized to fix as well as to announce, by notice published in the Federal Register, the annual operation and maintenance assessment rates for the irrigation projects or units within his area of responsibility. In addition to the rates, the notices will include such information as is pertinent to the assessment, payment, and collections of the charges including penalties and duty of water.

(f) The rates will be based on a carefully prepared estimate of the cost of the normal operation and maintenance of the project. Normal operation and maintenance is defined for this purpose as the average per acre cost of all activities involved in delivering irrigation water and maintaining the facilities.

(g) San Carlos Irrigation Project, Arizona. The administration, rights obligations and responsibilities for the operation and maintenance of this project are set forth in the Repayment Contract dated June 8, 1931 as supplemented or amended, between the San Carlos Irrigation and Drainage District and the United States as authorized by the Act of June 7, 1924 (43 Stat. 475–476) and the Secretarial Order of June 15, 1938, title “Order Defining Joint, District and Indian Works of the San Carlos Federal Irrigation Project: Turning over Operation and Maintenance of District Works to the San Carlos Irrigation and Drainage District.” The regulations appearing in this subchapter apply only to the Indian lands works and in the San Carlos Irrigation Project unless specified otherwise, and should not be interpreted or construed
§ 171.2 Irrigation season.

The irrigation season, when water shall be available for irrigation, will be established by the Officer-in-Charge.

§ 171.3 Domestic and stock water.

Domestic or stock water will not be carried in the project’s or unit’s irrigation system when in the judgment of the Officer-in-Charge such practice will:

(a) Interfere with the operation and maintenance of the system.
(b) Be detrimental to or endanger the canal, lateral system and/or related structures.
(c) Adversely affect the stored water supply for irrigation.

§ 171.4 Farm units.

For the purpose of delivery of water and the administration of the project or unit, a farm unit is defined as follows:

(a) For the Blackfeet, Crow, Fort Belknap, and Fort Peck Irrigation Projects, Montana, and the Colville Irrigation Project, Washington:

(1) Forty (40) or more contiguous acres of land in single ownership with the exception that those original Indian allotments containing less than 40 irrigable acres of the same subdivision of the public land survey shall also be considered farm units.

(2) Forty (40) or more contiguous acres of Indian-owned land under lease to one party.

(3) Forty (40) contiguous acres in multiple ownership within the same forty (40) acre subdivision of the public land survey.

(b) For the Fort Hall Irrigation Project, Idaho:

(1) Twenty (20) or more contiguous acres of land in single ownership covered by one or more water rights contracts.

(2) Twenty (20) or more contiguous acres of Indian-owned land under lease to one party or being farmed by one Indian.

(3) Ten (10) or more contiguous acres of subdivided land in multiple ownership.

(c) For the Flathead Irrigation Project, Montana: A contiguous area of land in single ownership containing not less than one forty (40) acre subdivision of the public land survey, or the original allotment as established by the Secretary of the Interior and as recorded or amended in the records of the Bureau of Land Management. In the case of leased land, it is defined as a contiguous area under a single lease. For Bureau of Land Management regulations pertaining to Flathead Project, see 43 CFR 2211.8, Flathead Irrigation District, Montana.

(d) For the Wapato Irrigation Project (all units), Washington:

(1) Eighty (80) or more contiguous acres in single ownership at the time of the establishment of the delivery system, or when subsequent changes of ownership result in larger tracts under single ownership and the owner requests that this land be treated as a farm unit, whether covered by one or more water right contracts.

(2) Eighty (80) or more contiguous acres of Indian-owned land under lease to one person or being farmed by one Indian.

(3) Eighty (80) contiguous acres in multiple ownership: Provided. That such acreage shall be within the same eight (80) acre subdivision of the U.S. public land survey.

(4) In all cases where an original Indian allotment consisted of less than eighty (80) contiguous acres, such original Indian allotment, whether (i) under single or multiple ownership and/or covered by one or more water right contracts, (ii) under lease to the same or different lessees, or (iii) farmed by one or more Indians, shall be treated as a farm unit.

(e) For all other projects or units: An original allotment, homestead, an assignment of unallotted tribal lands, or a contiguous, development lease area.

§ 171.5 Delivery points.

(a) Project operators will deliver irrigation water to one point on the boundary of each farm unit within the irrigation project. The Officer-in-
§ 171.6 Distribution and apportionment of water.

(a) The Officer-in-Charge will establish the method of and procedures for the delivery and distribution of the available irrigation water supply. He will endeavor to apportion the water at all times on a fair and equitable basis between all project water users entitled to the receipt of irrigation water.

(b) Any person who interferes with the flow of water in or from the project's storage, carriage or lateral systems or opens or closes or in any other way changes the position of a headgate or any other water control structure without specific authority from the Officer-in-Charge or his designated representative will be subject to prosecution. Cutting a canal or lateral bank for the purpose of diverting water or placing an obstruction in such facilities in order to change the flow of water through a headgate will be considered a violation of this section.

(c) San Carlos Irrigation Project, Arizona—(1) The portion of the Project's common water supply available for the Indian lands will be distributed subject to beneficial use in equal per acre amounts to each acre under irrigation and cultivation, insofar as possible.
§ 171.7 Application for and record of deliveries of irrigation water.

(a) Except when rotation schedules have been established and are being
followed, water users in requesting the delivery of water will so notify the Officer-in-Charge or his designated representative by such means and with such advance notice as may be required by system operations and as established by the Officer-in-Charge. The request shall indicate the time the water is to be delivered, the period of time it will be used, the rate of flow desired, and where the water will be used.

(b) It is the responsibility of the ditchriders during the irrigation season to maintain records showing the beginning and ending time of each water delivery, the amount of such delivery, and the estimated acreage irrigated. Such records are to be filed at the irrigation project office at the end of the season.

(c) Water users on the Indian portion of the San Carlos Indian Irrigation Project will submit their requests for water to the Superintendent, Pima Agency.

§ 171.8 Surface drainage.

(a) The water users will be responsible for all waste water resulting from their irrigation practices and for its conveyance to project canals, drains, wasteways or natural drainage channels. Any expenses involved in doing this will be borne by the water user. Waste water may be emptied into project constructed ditches only at points designated by and in a manner approved by the Officer-in-Charge. In those situations involving two or more landowners and/or water users, it is their responsibility to work out a satisfactory arrangement among themselves for the conveyance of their waste water to project ditches or natural drainage channels.

(b) Waste water shall not be permitted to flow upon or collect in road or project rights-of-way. Failure to comply with this requirement could result in the Officer-in-Charge refusing the further delivery of water.

§ 171.9 Structures.

(a) All structures, including bridges or other crossings, which are necessary as a part of the project’s irrigation and drainage system will be installed and maintained by the project.

(b) During the construction of a new irrigation project or the extension of an existing project, bridges, crossings or other structures may be built by the Officer-in-Charge for private use where justified by severance agreements or other practical considerations. Title to these structures may or may not be vested in the United States depending upon the agreement with the landowner. Structures built partially or wholly in lieu of severance damages may be required to be maintained by the landowner even though title remains with the United States.

(c) After a project is completed, additional structures crossing or encroaching on project canal, lateral or drain rights-of-way which are needed for private use may be constructed privately in accordance with plans approved by the Officer-in-Charge or by the project. In either case the cost of installing such structures will not be at the project’s expense. Such structures will be constructed and maintained under revocable permits on proper forms issued by the Officer-in-Charge of the irrigation project to the party or parties desiring such structures.

(d) It it is determined that a crossing constructed for and by the project is no longer needed for operation and maintenance of the system. It should be removed. However, if a private party, corporation, State, or other Federal entity desires to use the crossing, it may be transferred to such entity by the Officer-in-Charge under a permit which relieves the United States from any further liability or responsibility for the crossing, including its maintenance. The following provisions pertain:

(1) Permits issued in such situations shall stipulate what is granted, and accepted by the permittee on the condition that the repair and maintenance of the structure shall be the duty of the permittee or his successors without cost to the irrigation project.

(2) The permit shall further provide that if any such structure is not regularly used for a period of one year or is not properly maintained, the Officer-in-Charge may notify the person responsible for the structure’s maintenance either to remove it or to correct
§ 171.10 Fencing.
Fences across project rights-of-way will not be constructed without the approval of the Officer-in-Charge. The granting of such approval shall be dependent upon proper installation so as not to interfere with the flow of water or the passage of project operators and equipment. In case an unauthorized fence is installed, the landowner shall be notified to remove it. If it is not removed within a reasonable period of time or satisfactory arrangements made with the Officer-in-Charge, it may be removed by project personnel at the landowner’s expense.

§ 171.11 Obstructions.
No obstructions of any kind including service or farm ditches, will be permitted upon project rights-of-way. Due notice will be given to an operator or landowner to remove any obstructions. If not removed within a reasonable period of time after notice is given, an obstruction will be removed by project forces at the expense of the operator or landowner.

§ 171.12 Rights-of-way.
(a) Rights-of-way reserved for the project’s irrigation system are of sufficient width to permit passage and use of equipment necessary for construction and proper operation and maintenance of the project’s canals, laterals, and other irrigation works.
(b) In the construction of new irrigation projects or extension of existing projects, rights-of-way which have not been reserved across Indian lands will be obtained in accordance with part 169 of this chapter.

§ 171.13 Crops and statistical reports.
An annual project crops and statistical report shall be prepared by the Officer-in-Charge. The landowner or farm unit operator shall cooperate in furnishing such information as requested.

§ 171.14 Carriage agreements and water right applications.
(a) Pine River Indian Irrigation Project, Colorado. If the Area Director determines that there is sufficient capacity in the project’s carriage and/or distribution system in excess of that required by the project he is authorized to enter into carriage agreements with non-project water users to convey non-project water through project facilities for delivery to non-project lands.
(b) Uintah Indian Irrigation Project, Utah. If the Superintendent determines that there is sufficient capacity in the irrigation project’s carriage and/or distribution system in excess of that required by the project, he is authorized to enter into carriage agreements with non-project water users to convey non-project lands. The Superintendent is also authorized to enter into carriage agreements with private irrigation or ditch companies for the conveyance of project water through non-project facilities for delivery to isolated Indian lands that cannot be served from project facilities.
(c) Wapato Irrigation Project, Washington. The Project Engineer is authorized to execute water right applications submitted by landowners in the project on behalf of the Secretary of the Interior. Such applications should be submitted on the approved Departmental form.

§ 171.15 Leaching water.
(a) The Officer-in-Charge is authorized to furnish irrigation water for leaching purposes without the payment of operation and maintenance charges to any Indian trust land, or patent in fee land covered by a repayment contract, as an aid to improve land within the project that is impregnated by alkali or in the development of new project land.
(b) Delivery of such water will depend upon the availability of water and the preparation of a definite plan of operation by the land operator satisfactory to the Officer-in-Charge. In addition, the operator shall agree to meet such
reasonable leaching and cropping activities as shall be prescribed by the Officer-in-Charge.

(c) If prompt and beneficial use of the leaching water is not made by or before July 1 of the season for which it is granted, the Officer-in-Charge may declare the leaching permit forfeited. The normal water charges will be considered as assessed and any delinquency enforced as though no leaching privilege had been granted.

(d) In the case of patent in fee lands no water will be delivered for leaching purposes until the annual construction costs, when assessed, are paid.

§ 171.16 Excess water.

(a) General. On those irrigation projects where a water duty or water quota has been established each water user will be notified when his quota of water, as covered by the basic assessment and as announced in the public notice, has been delivered. In such cases, additional irrigation water, if available, may be delivered providing the water user so requests it and agrees to pay for the excess water in accordance with the excess water provisions as set forth in the public notice.

(b) Flathead Indian Irrigation Project, Montana. (1) After an agreement has been reached by the Commissioners of the irrigation district and the Officer-in-Charge as to the duty of water on individual tracts where water users claim excess requirements above the duty of water established for the project on account of porous or gravelly soils, the Officer-in-Charge is authorized to increase the quantity of water to be delivered to such tracts.

(2) The amount of water delivered in such cases will not exceed four (4) acre feet per assessable acre except in the Moiese Division where the amount shall not exceed six (6) acre feet providing there is sufficient water available in Lower Crow Reservoir without having to draw on the water supply for the Mission Valley Division.

(3) The charge for such water shall be at the same general rate as established for project land not having such a porous or gravelly condition.

§ 171.17 Delivery of water.

(a) Irrigation water will not be delivered until the annual operation and maintenance assessments are paid in accordance with the established annual rate schedule as set forth in the public notice issued by the Area Director. Under the following special circumstances, this rule may be waived and water delivered to:

(1) Trust and restricted lands farmed by the Indian owner when the Superintendent has certified that the operator is financially unable to pay the assessment and has made arrangements to pay such assessments from the proceeds received from the sale of crops or from any other source of income. In such cases the unpaid charges will stand as a first lien against the land until paid but without penalty on account of delinquency.

(2) Non-Indian lands on which there is an approved deferred payment contract executed under the provisions of the Act of June 22, 1936 (49 Stat. 1803).

(3) Land on which an adjustment or cancellation of unpaid assessments has been recommended and final action is pending.

(b) Water will not be delivered to Indian trust or restricted land that are under lease approved by the Secretary of the Interior or his authorized representative acting under delegated authority until the lessee has paid the annual assessed operation and maintenance charges.

(c) No water will be delivered to Indian trust land under a lease that has been negotiated by an Indian owner until the owner has paid the annual assessed operation and maintenance charges or has made satisfactory arrangements for their payment with the Superintendent who has so notified the Officer-in-Charge.

(d) Water will not be delivered to any lands within an irrigation district which has executed a repayment contract with the United States until all irrigation charges, as assessed, are paid in accordance with the terms and conditions of the contracts and the public notice as issued by the Area Director.

(e) All irrigation districts may make such rules and regulations as they may find necessary in regard to the delivery of the water to water users within the
district who are delinquent in their payments to the district of assessed irrigation charges. Such rules and regulations will be adhered to by the Officer-in-Charge when it appears to be in the best interests of the United States and the district to do so.

(f) Water will not be delivered to lands that are subject to construction assessments not paid in accordance with part 134 of this chapter.

(g) Flathead Indian Irrigation Project, Montana—(1) Secretarial Water Right holders. (i) For all acres recognized by the Secretary of the Interior as entitled to a “Secretarial Water Right”, the Officer-in-Charge is authorized to carry such water in the project’s carriage and distribution system and deliver it: Providing, That landowner holding such a right requests it and his land is so located that the water can be delivered without undue expense to the project. Before this service is provided, the landowner must also agree to pay a minimum of fifty (50) percent of up to a maximum of one hundred (100) percent of the annual operation and maintenance charges as assessed against project lands in the same general area as his. Under such agreement the project will not be obligated to deliver more than that allowed for each acre of land under the Secretary’s private water right findings less a proportionate share of the project’s normal losses in transporting the water from the point of entry into the project’s system to the point of delivery.

(ii) “Secretarial Water rights” are defined as those rights allocated to Indian allotments by the Assistant Secretary of the Interior by his approval on November 25, 1921, of the findings of the Commission appointed by him to investigate the “private rights” on the Flathead Indian Reservation. Authority: Sec. 9, Act of May 29, 1908 (35 Stat. 449).

(2) Pump lands—Flathead Irrigation Project. (i) The Officer-in-Charge is authorized to deliver irrigation water to lands (pump lands) within a project farm unit that are too high to be served from the project’s gravity flow system: Providing, The holder of legal title to the lands so requests it in writing and agrees to have such land designated by the Secretary of the Interior or his authorized representative as a part of the irrigation project. Land so designated shall be subject to the assessment and payment of the pro rata per acre share of the project’s construction, operation and maintenance costs the same as all other lands within the irrigation project in the same general area. In addition, such “pump lands” shall be obligated to pay an additional assessment on an annual basis as determined by the Officer-in-Charge to defray the cost of pumping the water from the Flathead River for those lands in the Mission Valley Division, and from the Little Bitterroot Lake for lands in the Camas Division.

(ii) At the time he submits the request, the landowner must also agree in writing to include the “pump lands” in an existing irrigation district or a district that may be subsequently formed pursuant to the laws of the State of Montana. This will not apply to Indian trust or restricted lands as such lands cannot be included within an irrigation district.

(iii) A request for the inclusion of “pump lands” into the project will not be considered until the Officer-in-Charge determines that there is sufficient project water available to serve these lands without adversely affecting in any way the water entitlement of the designated project lands for which the project was designed and constructed.

(iv) All costs incidental to the pumping and distribution of the delivered water from the project farm unit delivery point to the “pump lands” shall be borne by the landowner.

§ 171.18 Service or farm ditches.

The service or farm ditches into which water is delivered from project canals or laterals must have ample capacity and be maintained by the water user in proper condition to receive water and convey it to the place of use with a minimum of loss. Water delivery will be refused to such ditches not satisfactorily maintained. Project irrigation water shall be put to beneficial use.
§ 171.19 Operation and maintenance assessments.

(a) Operation and maintenance assessments will be levied against the acreage within each allotment, farm unit or tribal unit that is designated as assessable and to which irrigation water can be delivered by the project operators from the constructed works whether water is requested or not, unless specified otherwise in this section.

(1) Colville Indian Irrigation Project, Washington. Operation and maintenance assessments will be levied against all patent in fee and Indian trust lands to which water can be delivered for irrigation and for which an application for water has been made by the water user and approved by the Superintendent.

(2) Wapato Irrigation Project—Toppenish-Simcoe Unit, Washington. Operation and maintenance assessments will be levied against all lands which can be irrigated from the constructed works for which application for water is made annually and approved by the Project Engineer.

(b) Subdivided farm units—(1) General. (i) Where farm units, as defined in § 171.4 have been subdivided into smaller units, the Area Director or such official as he may so delegate may, at his discretion, fix a higher operation and maintenance rate for such subdivided acreage than the rate fixed for the acreage in the original farm unit. In such cases the higher rate will also be announced in the annual public notice.

(ii) In the event higher rates are fixed for a subdivided farm unit, the individual owners thereof may obtain for their lands the same rate as fixed for the acreage in the original farm unit by joining in a written contract with the other owners within the subdivided unit. Under such a contract, the various owners will appoint an agent in whom shall be vested full power and authority to enter into a contract with the Area Director, hereafter referred to as the Contracting Officer, or such official as he may so authorize, covering the water rights for the entire area of the several small acreages: Provided, however, Such contract must not represent less acreage than that included in the original farm unit unless a smaller unit has been established by project regulation as eligible for a subdivision contract; And provided further, That whether the contract involves acreage in one or more farm units, it must represent contiguous acreages.

(iii) The contract between the agent of the owners of the small tracts and the Contracting Officer shall be executed on or before February 1 of the year preceding the next irrigation season. The agent shall at the time of the execution of this contract, on a form approved by the Secretary of the Interior, furnish a certified copy of the contract executed by the several landowners of the subdivided tract appointing the agent to act in their behalf.

(iv) Any owner of a tract within a subdivided unit, with the written consent of the owners of a majority of the acreage, under a contract as set forth in paragraph (b)(1)(iii) of this section, may voluntarily withdraw from the contract by filing a written notice of his intent to withdraw with the Contracting Officer on or before February 1 of the year, such withdrawal is to be effective, together with the consent of the owners of the majority of the acreage endorsed thereon; Provided, That, the remaining acreage is contiguous; such withdrawal does not reduce the remaining acreage under the contract to less than the acreage included in the original farm unit before it was subdivided or less than the minimum acreage established on the project as eligible for a subdivision contract; and all irrigation charges due under said contract have been paid. Upon the receipt of said notice, the Contracting Officer, if the notice meets the requirements as herein provided, shall note his approval thereon and send a copy thereof to the agent of the landowners. Thereafter the land of the withdrawing owner shall no longer be subject to the contract.

(v) If one or more owners under a contract desire to withdraw, and if, by so doing, it would reduce the total remaining contiguous acreage under the contract to less than the total acreage established on the project, the contract can be terminated. However, before such a termination can be approved, a written
notice from the owners of the majority of the acreage must be filed with the Contracting Officer indicating their consent to and requesting his approval of the termination. The notice must be filed on or before February 1 of the year the termination is to become effective, and must include the payment of any irrigation charges then due under the existing contract. Upon the receipt of the written notice, the contracting Officer shall note his approval thereon provided that the requirements set forth herein are satisfied. A copy of the approved notice will be given to the agent of the landowners concerned.

(2) Fort Hall Irrigation Project. The Superintendent, Fort Hall Agency, is authorized to approve contracts as set forth in this section as well as withdrawals or termination of such contracts. However, no contracts will be entered into if the total contiguous acreage is less than 10 acres.

(3) Wapato Irrigation Project. The Project Engineer is authorized to approve contracts as set forth in paragraph (b) of this section, as well as withdrawals or termination of such contracts. However, no contracts will be entered into if the total contiguous acreage is less than 40 acres.

§ 171.20 Water users' ledgers.

(a) Water users' ledgers will be maintained by the Officer-in-Charge on all irrigation projects or units where irrigation assessments are levied and collected. Separate entries shall be made in the ledger for each farm tract, and bills issued to the owner or owners of record. When payment is received, it will be credited to the proper ledger account.

(b) When Indian trust or restricted land is leased and the Officer-in-Charge has been so advised by the Superintendent, irrigation bills will be submitted to the lessee. Upon receipt of payment, it will be credited to the Indian owner or owners of record in the ledger account.

(c) On those projects where irrigation districts have been formed and have executed repayment contracts, irrigation bills will be rendered to the district. When payment is received, it will be credited to the proper ledger accounts.

§ 171.21 Health and sanitation.

Use of Government storage reservoirs, canals, laterals or drains for disposal of sewage and trash shall not be permitted under any circumstances. If such conditions occur, and project forces are unable to correct them, the Officer-in-Charge shall request the Area Director to arrange for the necessary legal action.

§ 171.22 Complaints.

All complaints must be made in writing to the Project Engineer or the Officer-in-Charge of the project.

§ 171.23 Disputes.

In case of a dispute between a water user and the Project Engineer or Officer-in-Charge of the project concerning the application of the regulations of this part or a decision rendered by such official, the water user within 30 days may appeal to the Area Director. Further appeals may be made to the Commissioner of Indian Affairs pursuant to part 2 of this chapter.

PART 172—PUEBLO INDIAN LANDS BENEFITED BY IRRIGATION AND DRAINAGE WORKS OF MIDDLE RIO GRANDE CONSERVANCY DISTRICT, NEW MEXICO

Authority: 45 Stat. 312.

§ 172.1 Acreage designated.

Pursuant to the provisions of the act of March 13, 1928 (45 Stat. 312) the contract executed between the Middle Rio Grande Conservancy District of New Mexico and the United States under date of December 14, 1928, the official plan approved pursuant thereto, as modified, and the terms of section 24 of a contract between said parties dated September 4, 1936, dealing among other things with the payment of operation and maintenance and betterment assessments by the United States to the District, and section 24 of a similar contract dated April 8, 1938 executed by the representative of the United States, on this date, it is found that a total of 20,242.05 acres of Pueblo Indian lands of the Pueblos of Cochiti, Santo Domingo, San Felipe, Santa Ana,
Sandia and Isleta is susceptible of economic irrigation and cultivation and is materially benefited by the works constructed by said District. This acreage is designated as follows:

Lands with recognized water rights not subject to operation and maintenance or betterment charges by the District and designated as “now irrigated”—8,847

Lands classified as “newly reclaimed” lands (exclusive of the purchased area)—11,074.4

Lands classified as newly reclaimed lands (the area recently purchased)—320.65

Total irrigable area materially benefited—20,242.05

§ 173.0 Scope.

The regulations in this part are promulgated governing the granting of concessions, business, agricultural and grazing leases or permits on reservoir sites, reserves for canals or flowage areas, and other lands withdrawn or otherwise acquired in connection with the San Carlos, Fort Hall, Flathead and Duck Valley or Western Shoshone irrigation projects.

§ 173.1 Terms used.

When used in this part “Secretary” refers to the Secretary of the Interior; “project” to the Federal Indian irrigation project on which concession, lease or permit is granted, and “project engineer” to the engineer in charge of said project.

§ 173.2 Project engineer’s authority.

The project engineer is the official charged with the responsibility for the enforcement of this part. He is vested with the authority to issue temporary concession permits to applicants for periods not to exceed 30 days. All except temporary permits shall become effective when approved by the Secretary.

§ 173.3 Enforcement.

The project engineer shall enforce these and all project regulations now or hereafter promulgated by the Secretary. Willful violation or failure to comply with the provisions of this part and all proper orders of the project engineer shall be cause for revocation of the permit by the Secretary who shall be the judge of what constitutes such violation. The project engineer may suspend any permit for cause. The project engineer shall, immediately after suspending a permit, submit to the Secretary through the Commissioner of Indian Affairs a detailed report of the case, accompanied by his reasons for the action and his recommendations, for final action by the Secretary.

§ 173.4 Permits subject to existing and future rights-of-way.

Use by the permittee of any land authorized under this part shall be subject to the right of the Secretary to establish trails, roads and other rights-of-way including improvements thereupon or through the premises, and the right to use same by the public. No interference shall be permitted with the continued use of all existing roads,
§ 173.10 Payments.

Each permittee shall pay at the time of receiving the permit the first year’s charge as fixed therein. When a permit extends over a period of years, the next and succeeding payments shall be due and payable annually in advance. The full amount accruing under a temporary permit shall be paid at the time the application is filed.

§ 173.11 Supervision of permittees’ rates.

All rates or charges collected by a permittee for services rendered by the permittee in the operation of the concession granted under a permit, must be submitted through the project engineer to the Secretary for approval. Copies of the approved rate schedule shall be posted in at least two conspicuous places on the premises. Approved rates may not be changed without first obtaining in the same manner a change in the rate schedule. The Secretary shall have the right to readjust rates charged from time to time and to amend or change any permit issued. Failure to comply with the approved rates automatically makes the permit subject to cancellation.

§ 173.12 Services from project.

When the facilities of the project make it possible to supply water for domestic purposes, electricity or any other type of service to the permittee, the cost of connecting the project facilities shall be borne by the permittee and the work must be in accordance with standard practices and accepted by the project engineer, and as provided for in project regulations. All services rendered by the project to the permittee shall be paid for at the existing or modified schedule of rates; or if no schedule has been approved, at a rate to be approved by the Secretary which will reasonably reimburse the project for the cost of such services.

§ 173.13 Permit not a lease.

Any permit issued under this part does not grant any leasehold interest nor cover the sale, barter, merchandising, or renting of any supplies or equipment except as therein specified. Any permittee who engages in trade with the Indians must also apply for
§ 173.14 and receive a trader's license as provided by part 140 of this chapter.

§ 173.14 Further requirements authorized.

The project engineer is authorized to incorporate into any proposed permit to meet the needs of any particular case, subject to the approval of the Secretary, such further special requirements as may be agreed upon by him and the applicant, such requirements to be consistent with the general purposes of this part.

§ 173.15 Permittee subject to State law.

The holder of any permit issued under this part shall be subject to and abide by the laws and regulations of the United States and State laws if applicable to the conduct of the particular business or activity conducted by the permittee. Violations of this section shall render the permit void but shall not release the permittee from any obligations arising thereunder.

§ 173.16 Reserved area, Coolidge Dam.

No permit for any commercial business or other activity (except boating concessions confined to the Soda Spring Canyon) shall be issued to any applicant to operate within a radius of three-fourths of a mile from the center of the Coolidge Dam, Arizona.

§ 173.17 Agricultural and grazing permits and leases.

§ 178.1 Purpose.
The regulations in this part govern the reacquisition by former Indian and non-Indian owners of lands, or interests therein, acquired by the United States of America as a part of the Badlands Air Force Gunnery Range, sometimes referred to and known as the Pine Ridge Aerial Gunnery Range. The regulations also govern the acquisition by former Indian owners of life estates in national monument lands formerly owned by them and the acquisition of lieu lands when lands formerly owned by them are not available or are not desired by them for reacquisition. The legislative authority for reacquisition of lands or interests therein by former owners is the Act of August 8, 1968 (Pub. L. 90-468; 82 Stat. 663).

§ 178.2 Definitions.
(a) “Secretary” means the Secretary of the Interior or his duly authorized representative.
(b) “Superintendent” means the officer in charge of the Pine Ridge Indian Agency, Pine Ridge, S. Dak.
(d) “Gunnery Range” means the area on the Pine Ridge Indian Reservation in South Dakota that was acquired by the United States for use of the Air Force commonly known as the Pine Ridge Aerial Gunnery Range or the Badlands Air Force Gunnery Range.
(e) “Monument” means the Badlands National Monument as enlarged by section 1 of the Act of August 8, 1968 (Pub. L. 90-468).
(f) “Tribe” means the Oglala Sioux Tribe of Indians of South Dakota.

§ 178.3 Eligibility to purchase.
(a) Any former owner of a tract of land or interest in a tract of land, whether title was held in trust or in fee, which was acquired by the United States as a part of the Gunnery Range may purchase such tract pursuant to the provisions of the Act and the regulations set forth in this part: Provided, Said tract has been declared excess to the needs of the Department of the Air Force, has been transferred to the administrative jurisdiction of the Secretary of the Interior, and is not within the boundaries of the Monument or within that portion of the Gunnery Range retained for use of the Department of the Air Force.
(b) If a former owner is deceased and is survived by a spouse, the surviving spouse may purchase under the same terms and conditions as the former owner except that if the former owner was an Indian whose land was held in trust and his surviving spouse is a non-Indian, the title to said tract shall be conveyed to the non-Indian spouse in a fee simple status.
(c) If the former owner is deceased and the spouse is also deceased, the children of the former owner may repurchase the tract.
(d) If the former owner is not survived by a spouse or children there exist no repurchase rights involving the tract.
(e) Not more than five former owners may join in purchasing a tract of land. “Former owner” means each person from whom the United States acquired an interest in a tract of land, or if such person is deceased, the surviving spouse, or if such spouse is deceased, his children. If more than five former owners apply to acquire a tract, the Superintendent shall notify them in writing that it will be necessary for them to agree among themselves as to the five or less of them who shall acquire the tract. If agreement among the owners is obtained, those individuals who are to acquire the tract shall then file an application to purchase it. The matter of reaching agreement among the owners is the sole responsibility of said owners and not the responsibility of the Department of the Interior and/or the Bureau of Indian Affairs to participate in the negotiations between the owners. If the former owners fail to reach such an agreement, all applications for the tract shall be rejected.
§ 178.4 Notice to former owners.

After publication of these regulations, there shall be published in the Federal Register notice that certain described lands and interests in lands have been transferred to the administrative jurisdiction of the Secretary and are available for repurchase by the former owners pursuant to section 3(b) of the Act. Upon transfer of administrative jurisdiction over lands that may thereafter be declared excess to the needs of the Department of the Air Force and acceptance by the Secretary, notice of such transfer shall be published in the Federal Register. No attempt shall be made to notify each individual former non-Indian owner personally, but the transfer of jurisdiction to the Secretary may be further publicized by the publishing of notice in a local newspaper of general circulation.

§ 178.5 Special notice to former Indian owners.

(a) The Superintendent shall notify the former Indian owners, in writing, at their last known addresses of their right to repurchase the tracts formerly owned by them in those instances where the tracts are outside of the boundaries of the Monument and are outside of the boundaries of the area of the Gunnery Range retained by the Department of the Air Force. Such notice shall include (1) the legal description; (2) the purchase price thereof; (3) the minimum amount of down payment required; (4) a recital that balance of purchase price may be paid in 20 annual installments; (5) the annual rate of interest on unpaid balance; (6) information whether title is to be taken in trust or in fee; and (7) the date by which the executed application to purchase must be received in the office of the Superintendent. A form of application for execution by the former owners shall accompany said notice, said application to include the legal description of the land, purchase price and other pertinent information.

(b) In those instances where the tracts of land or portions thereof are within the boundaries of the area of the Gunnery Range retained by the Department of the Air Force, the Superintendent shall notify the former Indian owners, in writing, at their last known addresses that they may elect to purchase available tracts of land in lieu of the lands formerly owned by them, said lieu lands to be of substantially the same value as the tracts originally owned by them. Such notice shall also advise said former owners that they may, as an alternative, elect to purchase the tracts formerly owned by them at such time as the tracts may be declared excess to the needs of the Department of the Air Force and transferred to the Secretary of the Interior. As to this alternative, no promise or prediction may be made as to when, or whether, the land may eventually become surplus to the needs of the Department of the Air Force, and the notice shall specifically so state. Such notice shall include (1) the legal description of the land formerly owned by them; (2) the purchase price of the lieu land which price shall be computed on the same basis as though the original tract were available; (3) the minimum amount of down payment required; (4) a recital that balance of purchase price may be paid in 20 annual installments; (5) the annual rate of interest on unpaid balance; (6) information whether title is to be taken in trust or in fee; and (7) the date by which election to purchase lieu lands or wait until lands formerly owned by them are declared excess must be received in the office of the Superintendent. The notice shall be accompanied by a form for execution by the former owner whereby said owner elects to purchase lieu lands or to repurchase the tract formerly owned by said owner when it is declared excess.

(c) In those instances where a tract of land or portion thereof is within the boundaries of the Monument, the Superintendent shall notify the former Indian owner, in writing, at his last known address that he may elect to acquire a life estate in such tract or portion thereof at no cost but subject to the restrictions on use referred to under "Conveyance Documents" (§257.7). Such notice shall include the legal description of the lands formerly owned by him upon which he may acquire a life estate. The notice shall also inform the former owner that he may elect to purchase any available tract of land in lieu of the lands formerly

480
owned by him, said lieu lands to have substantially the same values as the tract originally owned by him. Such notice shall include (1) the purchase price of the lieu land which price shall be computed on the same basis as though the original tract were available for purchase; (2) the minimum amount of down payment required; (3) a recital that balance of purchase price may be paid in 20 annual installments; (4) the annual rate of interest on unpaid balance; (5) information whether title is to be taken in trust or in fee; and (6) the date by which the election to acquire the life estate or lieu lands must be received in the Office of the Superintendent. Such notice shall be accompanied by a form for execution by the former owner whereby said owner elects to acquire a life estate in the lands formerly owned by said owner or elects to purchase lieu lands.

§ 178.6 Applications by former owners.
(a) Applications by former Indian owners to purchase lands formerly owned by them, or to purchase lieu lands, or to take a life estate in a tract of land within the Monument area should be made on forms furnished by the Superintendent and filed within the period specified in section 3(b) (5) of the Act. Such applications shall be filed in the Office of the Superintendent.

(b) A former non-Indian owner may file application to purchase land pursuant to section 3(b) of the Act within 1 year from the date notice is published in the Federal Register that the land he formerly owned has been declared excess to the needs of the Department of the Air Force and has been transferred to the Secretary. Such application shall be filed in the Office of the Superintendent. The applicant shall furnish proof of his ownership or the ownership of his predecessor in interest at the time of the acquisition of the land by the United States. Upon receipt of an application to purchase and proof of ownership the Superintendent shall cause the land to be appraised and thereafter he shall inform the applicant in writing of the fair market value of the tract which shall be the purchase price, the minimum amount of down payment required, that the balance of the purchase price may be paid in 20 annual installments, and the annual rate of interest on the unpaid balance.

§ 178.7 Conveyance documents.
(a) Where there is an election by a former Indian owner of a tract of land within the monument boundary to acquire a life estate in such tract at no cost the following types of provisions and restrictions shall be applicable to the use thereof:
(1) Agricultural uses are permitted. Only those commercial activities associated with normal agricultural operations would be allowed.
(2) Construction or reconstruction of any roads to the property, including locations and materials used, are subject to approval by the National Park Service.
(3) Mining activities of all kinds are prohibited inasmuch as the United States retains all mineral rights.
(4) Residential and other facilities necessary for, or incidental to, ranching and other agricultural purposes are permitted. This includes, but is not limited to, barns, sheds, fences, stock dams, wells utilizing surface or subsurface water, and other needed access accessory structures.
(5) The cutting of native trees, except for firewood for the personal use of the grantee, his family or assignee, is prohibited unless determined by the National Park Service to be essential to the permitted use of the tract.
(6) All improvements and structures are subject to removal upon termination of the life estate and they shall be deemed to become the property of the United States. The family or assignee of the grantee shall have a reasonable time to vacate the premises upon termination of the life estate and may harvest annual crops planted during the tenure of the estate.
(7) Water rights owned by the United States in the premises remain vested in the United States, but the grantee has a right to reasonable use of the water.
(8) Grantee must observe and adhere to all applicable Federal, State, and local laws and regulations, including Federal laws and regulations for the protection of the black-footed ferret and other wildlife in the Monument.

Bureau of Indian Affairs, Interior
§ 178.7

The United States reserves the right to enter upon the conveyed lands to assure such compliance and for the exercise of any other rights and privileges reserved to it.

(9) The conveyed premises must be kept in a neat and orderly condition and no waste or injury may be committed to the land. Pollution of water on or adjacent to the property is prohibited.

(10) Reasonable precautions must be taken to prevent, suppress, and extinguish forest, brush, grass, and other fires on the property.

(11) Grantee may not claim damages for injury by or against the United States which might be directly attributable to existence of the Monument.

(12) Other provisions deemed necessary by the National Park Service in individual circumstances may be included in the conveyance document.

(b) When title to the land being acquired is to be taken in trust for the purchaser and the purchase is effected by deferred payments as authorized in section 3(b)(2) of the Act, a sale contract shall be executed by the purchaser and the Secretary. The down payment shall be not less than $100 or 20 per centum of the purchase price, whichever is less. The purchaser shall be entitled to a credit of a pro rata share of the grazing fees collected by the United States for use of the land during the grazing year in which the sale contract is executed, which credit shall be applied as all or a part of the down payment for the land being purchased. In the event the proportionate share of the grazing fees credited to the purchaser is less than the required down payment, the purchaser shall pay the balance of the down payment in cash, or by certified check, cashier’s check, money order, or U.S. Treasury check, payable to the Bureau of Indian Affairs at the time the sale contract is executed. Upon execution of the contract by the Secretary, a deed shall be prepared and executed by the Secretary conveying title to the land to the United States in trust for the purchaser. When the sale contract and deed are executed, the balance of the proportionate share of the grazing fees, if any, due the purchaser shall be paid to him and the down payment shall be deposited in the U.S. Treasury to the credit of the United States as general fund receipts. All subsequent installment payments shall be deposited in a like manner to the credit of the United States. The sale contract shall include (1) the legal description of the land; (2) the purchase price; (3) the amount of down payment; (4) the amount of annual principal installment payments; (5) the annual rate of interest on unpaid balance; (6) the due dates of annual installments; (7) a recital that the unpaid balance is a lien against the land and against all rents, bonuses and royalties received therefrom; (8) a recital that a delinquency of 90 days in making annual installment payments will subject the contract to foreclosure with loss of all payments theretofore made thereon; and (9) a recital that upon payment being made in full the deed to the United States in trust for the purchaser will be delivered to the purchaser.

(c) If title to the tract is acquired in a trust status and full payment therefor is made by the purchaser at the time the application for purchase is approved, the title shall be conveyed to the United States of America in trust for the purchaser by a deed executed by the Secretary.

(d) If the purchaser is to acquire the tract in a fee status and the purchase is effected by deferred payments as authorized in section 3(b)(2) of the Act, the title shall be conveyed to the purchaser in a fee status by a deed executed by the Secretary. The purchaser shall execute a mortgage naming the United States as mortgagee and shall execute promissory notes for the annual installment payments with the annual rate of interest set forth therein. The deed and mortgage shall be recorded in the office of the register of deeds of the county in which the land is situated, the recording costs to be borne by the purchaser. Upon payment of the full amount of the mortgage a satisfaction of mortgage shall be executed by the Secretary and delivered to the purchaser who shall be responsible for recordation thereof in the office of the register of deeds.

(e) If the purchaser is to acquire the tract in a fee status and full payment therefor is made by the purchaser at
§ 178.8 Selection of lieu lands.

(a) Lieu lands which may be selected for purchase by former Indian owners whose lands are within the boundaries of the area retained for use by the Department of the Air Force or are within the boundaries of the Monument are defined as (1) those lands heretofore acquired by the United States for use of the Air Force Gunner Range which are outside the boundaries of the Monument and outside the boundaries of the area retained for use by the Department of the Air Force which are not selected for repurchase by former owners within 1 year from date of publication of the notice prescribed in section 3(b)(5) of the Act, and (2) all of the submarginal lands acquired by the United States under authority of the National Industrial Recovery Act of 1933 and subsequent relief acts, within the Pine Ridge Indian Reservation, except those submarginal lands within the area retained for use by the Department of the Air Force or within the Monument, administrative jurisdiction over which was transferred to the Secretary of the Interior by Executive Order No. 7368, dated April 15, 1938.

(b) The former Indian owners whose lands are within the boundaries of the area retained for use by the Department of the Air Force or are within the boundaries of the Monument may elect to purchase lieu lands of substantially the same value pursuant to section 4(b) and section 4(c) of the Act. Inasmuch as identification of all of the lands from which lieu selections may be made cannot be determined until the time has expired for former owners of lands outside of the area used by the Department of the Air Force and outside the boundaries of the Monument to purchase the tracts formerly owned by them, former owners who have filed an election to purchase lieu lands within 1 year from the date of publication of the notice prescribed in section 3(b)(5) of the Act, shall be deemed to have filed a timely application to purchase notwithstanding the fact that a specific tract of land has not been designated in said election.

(c) Upon the expiration of 1 year from date of publication of the notice prescribed in section 3(b)(5) of the Act, the Superintendent shall prepare a complete list of all lands available from which selections of lieu lands may be made. The Superintendent shall also prepare a list of all former owners who elected to purchase lieu lands, numbering them consecutively without regard as to date of receipt of such election. The numbers shall then be placed on separate uniform slips of paper and placed in a bowl. The numbers will then be withdrawn from the bowl and a record made of the order in which they were withdrawn. The owner of the first number withdrawn shall be afforded the first opportunity to select lieu lands. The owners of lands represented by the following numbers will be afforded an opportunity to select lieu lands in the priority in which their numbers were drawn.

(d) When all selections of lieu lands have been made as provided in paragraph (c) of this section, the Secretary shall determine the comparability of the lands originally owned and the lieu selections. If the lieu selections are not substantially the same value as the lands originally owned, the owners shall be afforded an opportunity to make other selections which are substantially the same value.
(e) To determine whether the former Indian owned land and the selected lieu land in each case are of substantially the same value, the consideration paid by the United States for each tract may be accepted as indicative of the value of each tract at the time it was acquired. If information as to the price paid for any specific tract is not available, or if for any reason it is concluded that the consideration paid by the United States for the land is not acceptable evidence as to value for this purpose, the Secretary shall cause the tracts to be appraised to determine their comparability. The appraisals of lands shall be made on the basis of current market values. The lands shall be considered to be substantially the same value if the differences in values do not exceed 10 percent of the greater value.

§ 178.9 Lands formerly held subject to restrictions against alienation.

Former Indian owners who held title to the lands which were acquired for the gunnery range subject to restrictions against alienation without the approval of the Secretary of the Interior shall be conveyed title to the reacquired lands in a trust status in the same manner as though they had held trust title to the lands taken.

PART 179—LIFE ESTATES AND FUTURE INTERESTS

§ 179.1 Purpose, scope, and information collection.

(a) These regulations set forth the authorities, policy and procedures governing the administration of life estates and future interests in Indian lands by the Secretary of the Interior. These regulations do not apply to any use rights assigned by tribes, in the exercise of their jurisdiction over tribal lands, to tribal members.

(b) These regulations do not contain information collection requirements which require the approval of the Office of Management and Budget under 44 U.S.C. 3501 et seq.

§ 179.2 Definitions.

Agency means an Indian Agency or other field unit of the Bureau of Indian Affairs having the Indian land under its immediate jurisdiction.

Contract Bonus means cash consideration paid or agreed to be paid as incentive for execution of the contract.

Income means the rents and profits of real property and the interest on invested principal.

Principal means the corpus and capital of an estate, including any payment received for the sale or diminishment of the corpus, as opposed to the income.

Secretary means the Secretary of the Interior or authorized representative.

§ 179.3 Application of State law.

§ 179.4 Distribution of principal and income.

In all cases where the document creating the life estate does not specify a distribution of proceeds; or where the vested remainderman and life tenant have not entered into a written agreement approved by the Secretary providing for the distribution of proceeds; or where, by such document or agreement or by the application of State law, the open mine doctrine does not apply; the Secretary shall:

(a) Distribute all rents and profits, as income, to the life tenant.

(b) Distribute any contract bonus one-half each to the life tenant and the remainderman.

(c) In the case of mineral contracts, invest the principal, with interest income to be paid the life tenant during the life estate, except in those instances where the administrative cost of investment is disproportionately high, in which case §179.4(d) shall apply. The principal will be distributed to the remainderman upon termination of the life estate.

(d) In all other instances, distribute the principal immediately according to the formulas set forth in §179.5, investing all proceeds attributable to any contingent remainderman in an account, with disbursement to take place upon determination of the contingent remainderman.

§ 179.5 Value of life estates and remainders.

(a) The value of a life estate shall be determined by the formula: Value of Life Estate = P × L, where P = Value of principal, and L = Life estate factor for the age and sex of the life tenant, as shown in Column 2 on tables A(1) and A(2).

(b) The value of a remainder shall be determined by the formula: Value of Remainder = P × R, where P = Value of principal, and R = Remainder factor for the age and sex of the life tenant, as shown in Column 3 on tables A(1) and A(2).

Source: 62 FR 55331, Oct. 24, 1997, unless otherwise noted.

§ 181.1 Purpose.

This part will assist the BIA Indian Highway Safety Program Administrator to disperse funds DOT/NHTSA has made available. The funds assist selected tribes with their proposed Highway Safety Projects. These projects are designed to reduce traffic crashes, reduce impaired driving crashes, increase occupant protection education, provide Emergency Medical Services training, and increase police traffic services.

§ 181.2 Definitions.

Appeal means a written request for review of an action or the inaction of an official of the BIA that is claimed to adversely affect the interested party making the request.

Applicant means an individual or persons on whose behalf an application for assistance and/or services has been made under this part.

Application means the process through which a request is made for assistance or services.

Grant means a written agreement between the BIA and the governing body of an Indian tribe or Indian organization wherein the BIA provides funds to the grantee to plan, conduct, or administer specific programs, services, or activities and where the administrative and programmatic provisions are specifically delineated.

Grantee means the tribal governing body of an Indian tribe or Board of Directors of an Indian organization responsible for grant administration.
§ 181.3 Am I eligible to receive a program grant?

The Indian Highway Safety Program grant is available to any federally recognized tribe. Because of the limited financial resources available for the program, the Bureau of Indian Affairs (BIA) is unable to award grants to all applicants. Furthermore, some grant recipients may only be awarded a grant to fund certain aspects of their proposed tribal projects.

§ 181.4 How do I obtain an application?

BIA mails grant application packages for a given fiscal year to all federally recognized tribes by the end of February of the preceding fiscal year. Additional application packages are available from the Program Administrator, Indian Highway Safety Program, P.O. Box 2003, Albuquerque, New Mexico 87103. Each application package contains the necessary information concerning the application process, including format, content, and filing requirements.

§ 181.5 How are applications ranked?

BIA ranks each timely filed application by assigning points based upon four factors.

(a) Factor No. 1—Magnitude of the problem (Up to 50 points available). In awarding points under this factor, BIA will take into account the following:

(1) Whether a highway safety problem exists.
(2) Whether the problem is significant.
(3) Whether the proposed tribal project will contribute to resolution of the identified highway safety problem.
(4) The number of traffic accidents occurring within the applicant’s jurisdiction over the previous 3 years.
(5) The number of alcohol-related traffic accidents occurring within the applicant’s jurisdiction over the previous 3 years.
(6) The number of reported alcohol-related traffic fatalities occurring within the applicant’s jurisdiction over the previous 3 years.
(7) The number of reported alcohol-related traffic fatalities occurring within the applicant’s jurisdiction over the previous 3 years.

(b) Factor No. 2—Countermeasure selection (Up to 40 points available). In awarding points under this factor, BIA will take into account the following:

(1) Whether the countermeasures selected are the most effective for the identified highway safety problem.
(2) Whether the countermeasures selected are cost effective.
(3) Whether the applicant’s objectives are realistic and attainable.
(4) Whether the applicant’s objectives are time framed and, if so, whether the time frames are realistic and attainable.

(c) Factor No. 3—Tribal Leadership and Community Support (Up to 10 points available). In awarding points under this factor, BIA will take into account the following:

(1) Whether the applicant proposes using tribal resources in the project.
(2) Whether the appropriate tribal governing body supports the proposal plan, as evidenced by a tribal resolution or otherwise.
(3) Whether the community supports the proposal plan, as evidenced by letters or otherwise.

(d) Factor No. 4—Past Performance (+ or −10 points available). In awarding points under this factor, BIA will take into account the following:

(1) Financial and programmatic reporting requirements.
(2) Project accomplishments.

§ 181.6 How are applicants informed of the results?

BIA will send a letter to all applicants notifying them of their selection or non-selection for participation in the Indian Highway Safety Program for the upcoming fiscal year. BIA will explain to each applicant who is not selected for participation the reason(s) for non-selection.

§ 181.7 Appeals.

You may appeal actions taken by BIA officials under this part by following the procedures in 25 CFR part 2.

The relevant regulations for surface coal mining and reclamation operations are found in 30 CFR part 750. Those regulations apply to mining and reclamation on leases approved under this part.

§ 211.6 Authority and responsibility of the Minerals Management Service (MMS).

The functions of the MMS for reporting, accounting, and auditing are found in 30 CFR, chapter II, subchapters A and C, which apply to leases approved under this part. (b) The Secretary shall ensure that all necessary surveys are performed and clearances obtained in accordance with 36 CFR parts 60, 63, and 800 and with the requirements of the Archaeological and Historic Preservation Act (16 U.S.C. 469 et seq.), the National Historic Preservation Act (16 U.S.C. 470 et seq.), The American Indian Religious Freedom Act (42 U.S.C. 1996), and Executive Order 11593, Protection and Enhancement of the Cultural Environment (3 CFR, 1971 through 1975 Comp., p. 559). If these surveys indicate that a mineral development will have an adverse effect on a property listed on or eligible for listing on the National Register of Historic Places, the Secretary shall:

1. Seek the comments of the Advisory Council on Historic Preservation, in accordance with 36 CFR part 800;
2. Ensure that the property is avoided, that the adverse effect is mitigated, or;
3. Ensure that appropriate excavations or other related research is conducted and ensure that complete data describing the historic property is preserved.

Subpart B—How to Acquire Leases

§ 211.20 Leasing procedures.

(a) Indian mineral owners may, with the approval of the superintendent or area director, lease their land for mining purposes. No oil and gas lease shall be approved unless it has first been offered for bidding at an advertised lease sale in accordance with this section. Leases for minerals other than oil and gas shall be advertised for bids as prescribed in this section unless the Secretary grants the Indian mineral owners written permission to negotiate for lease. Application for leases shall be made to the superintendent having jurisdiction over the lands.

(b) Indian mineral owners may request that the Secretary prepare and advertise or negotiate (if the requirements of this section have been met) mineral leases on their behalf. If requested by an applicant interested in acquiring rights to Indian-owned minerals, the Secretary shall promptly notify the Indian mineral owner, and advise the owner in writing of the alternatives available, including the right to decline to lease. If the Indian mineral owner decides to have the leases advertised, the Secretary shall consult with the Indian mineral owner concerning the appropriate royalty rate and rental. The Secretary may then undertake the responsibility to advertise and lease in accordance with the following procedures:

1. Leases shall be advertised to receive optimum competition for bonus consideration, under sealed bid, oral auction, or a combination of both. Notice of such advertisement shall be published in at least one local newspaper and in one trade publication at least thirty (30) days in advance of sale. If applicable, such notice must identify the reservation within which the tracts to be leased are found. No specific description of the tracts to be leased need be published. Specific description of such tracts shall be available at the office of the superintendent and/or area director upon request. The complete text of the advertisement, including a specific description, shall be mailed to each person listed on the appropriate agency or area mailing list. Individuals and companies interested in receiving advertisements of lease sales should send their mailing information to the appropriate superintendent or area director for future reference.

2. The advertisement shall offer the tracts to the responsible bidder offering the highest bonus. The Secretary, after consultation with the Indian mineral owner, shall establish the rental and royalty rates which shall be stated in the advertisement and shall not be subject to negotiation. The advertisement shall provide that the Secretary reserves the right to reject any or all bids, and that acceptance of the lease bid by the Indian mineral owner is required.
§ 211.21 (Reserved)

§ 211.22 Leases for subsurface storage of oil or gas.

(a) The Secretary, with the consent of the Indian mineral owners, may approve storage leases, or modifications, amendments, or extensions of existing leases, on Indian lands to provide for the subsurface storage of oil or gas, irrespective of the lands from which production is initially obtained. The storage lease, or modification, amendment, or extension to an existing lease, shall provide for the payment of such storage fee or rental on such oil or gas as may be determined adequate in each case, or, in lieu thereof, for a royalty other than that prescribed in the oil and gas lease when such stored oil and gas is produced in conjunction with oil or gas not previously produced.

(b) The Secretary, with consent of the Indian mineral owners, may approve a provision in an oil and gas lease under which storage of oil and gas is authorized, for continuance of the lease at least for the period of such storage use and so long thereafter as oil or gas not previously produced is produced in paying quantities.

(c) Applications for subsurface storage of oil or gas shall be filed in triplicate with the authorized officer and shall disclose the ownership of the lands involved, the parties in interest, the storage fee, rental, or royalty offered to be paid for such storage, and all essential information showing the necessity for such project. Enough copies of the final agreement signed by the Indian mineral owners and other parties in interest shall be submitted for the approval of the Secretary to permit retention of five copies by the Department after approval.

§ 211.23 Corporate qualifications and requests for information.

(a) The signing in a representative capacity and delivery of bids, geological and geophysical permits, mineral leases, or assignments, bonds, or other instruments required by the regulations in this part constitutes certification that the individual signing (except a surety agent) is authorized to act in such capacity. An agent for a
§ 211.24 Bonds.

(a) The lessee, permittee or prospective lessee acquiring a lease, or any interest therein, by assignment shall furnish with each lease, permit or assignment a surety bond or personal bond in an amount sufficient to ensure compliance with all of the terms and conditions of the lease(s), permit(s), or assignment(s) and the statutes and regulations applicable to the lease, permit, or assignment. Surety bonds shall be issued by a qualified company approved by the Department of the Treasury (see Department of the Treasury Circular No. 570).

(b) An operator may file a $75,000 bond for all geothermal, mining, or oil and gas leases, permits, or assignments in any one State, which may also include areas on that part of an Indian reservation extending into any contiguous State. Statewide bonds are subject to approval in the discretion of the Secretary.

(c) An operator may file a $150,000 bond for full nationwide coverage to cover all geothermal or oil and gas leases, permits, or assignments without geographic or acreage limitation to which the operator is or may become a party. Nationwide bonds are subject to approval in the discretion of the Secretary.

(d) Personal bonds shall be accompanied by:

(1) Certificate of deposit issued by a financial institution, the deposits of which are federally insured, explicitly granting the Secretary full authority to demand immediate payment in case of default in the performance of the provisions and conditions of the lease or permit. The certificate shall explicitly indicate on its face that Secretarial approval is required prior to redemption of the certificate of deposit by any party;

(2) Cashier’s check;

(3) Certified check;

(4) Negotiable Treasury securities of the United States of a value equal to the amount specified in the bond. Negotiable Treasury securities shall be accompanied by a proper conveyance to the Secretary of full authority to sell such securities in case of default in the performance of the provisions and conditions of a lease or permit;

(5) Letter of credit issued by a financial institution authorized to do business in the United States and whose deposits are federally insured, and identifying the Secretary as sole payee with full authority to demand immediate payment in the case of default in the performance of the provisions and conditions of a lease or permit.

(i) The letter of credit shall be irrevocable during its term.

(ii) The letter of credit shall be payable to the Bureau of Indian Affairs upon demand, in part or in full, upon receipt from the Secretary of a notice of attachment stating the basis thereof (e.g., default in compliance with the lease or permit provisions and conditions or failure to file a replacement in accordance with paragraph (d)(5)(v) of this section).

(iii) The initial expiration date of the letter of credit shall be at least one (1) year following the date it is filed in the proper Bureau of Indian Affairs office.

(iv) The letter of credit shall contain a provision for automatic renewal for periods of not less than one (1) year in the absence of notice to the proper Bureau of Indian Affairs office at least ninety (90) days prior to the originally stated or any extended expiration date.
§ 211.25 A letter of credit used as security for any lease or permit upon which operations have taken place and final approval for abandonment has not been given, or as security for a statewide or nationwide bond, shall be forfeited and shall be collected by the Secretary if not replaced by other suitable bond or letter of credit at least thirty (30) days before its expiration date.

(e) The required amount of bonds may be increased in any particular case at the discretion of the Secretary.

§ 211.25 Acreage limitation.

A lessee may acquire more than one lease but no single lease shall be granted for mineral leasing purposes on Indian tribal or restricted lands in excess of the following acreage except where the rule of approximation applies:

(a) Leases for oil and gas and all other minerals except coal are to be contained within one United States Governmental survey section of land and shall be described by legal subdivisions including lots or tract equivalents not to exceed 640 acres; in instances of irregular surveys, including lands not surveyed under the United States Governmental survey, lands shall be considered in multiples of 40 acres or the nearest aliquot equivalent thereof;

(b) Leases for coal shall ordinarily be limited to 2,560 acres in a reasonably compact form and shall be described by legal subdivisions including lots or tract equivalents. In instances of irregular surveys, including lands not surveyed under the United States Governmental survey, lands shall be considered in multiples of 40 acres or the nearest aliquot equivalent thereof. The Secretary may, upon application and with the consent of the Indian mineral owner, approve the issuance of a single lease for more than 2,560 acres, in a reasonably compact form, upon a finding that the issuance is in the best interest of the lessor.

§ 211.26 [Reserved]

§ 211.27 Duration of leases.

(a) All leases shall be for a term not to exceed a primary term of lease duration of ten (10) years and, absent specific lease provisions to the contrary, shall continue as long thereafter as the minerals specified in the lease are produced in paying quantities. Absent specific lease provisions to the contrary, all provisions in leases governing their duration shall be measured from the date of approval by the Secretary.

(b) An oil and gas or geothermal resource lease which stipulates that it shall continue in full force and effect beyond the expiration of the primary term of lease duration ("commencement clause") if drilling operations have commenced during the primary term, shall be valid and shall hold the lease beyond the primary term of lease duration if the lessee or the lessee's designee has commenced actual drilling by midnight of the last day of the primary term of the lease with a drilling rig designed to reach the total proposed depth, and drilling is continued with reasonable diligence until the well is completed to production or abandoned. However, in no case shall such drilling hold the lease longer than 120 days past the primary term of lease duration without actual production of oil, gas, or geothermal resources. Provided, that this extension does not allow a lease to continue past the 10-year statutory limitation. Drilling which meets the requirements of this section and occurs within a unit or communitization agreement to which the lease is committed shall be considered as if it occurs on the leasehold itself. If there is a conflict between the commencement clause and the habendum clause of a lease, the commencement clause will control.

(c) A solid minerals lease which stipulates that it shall continue in full force and effect beyond the expiration of the primary term of lease duration if mining operations have commenced during the primary term (commencement clause), shall be valid and hold the lease beyond the primary term of lease duration if the lessee or the lessee's designee has by midnight of the last day of the primary term of the lease commenced actual removal of mineral materials intended for sale and upon which royalties will be paid. If there is a conflict between the commencement clause and the habendum clause of a lease, the commencement clause will control.
§ 211.28 Unitization and communitization agreements, and well spacing.

(a) For the purpose of promoting conservation and efficient utilization of minerals, the Secretary may approve a cooperative unit, drilling or other development plan on any leased area upon a determination that approval is advisable and in the best interest of the Indian mineral owner. For the purposes of this section, a cooperative unit, drilling or other development plan means an agreement for the development or operation of a specifically designated area as a single unit without regard to separate ownership of the land included in the agreement. Such cooperative agreements include, but are not limited to, unit agreements, communitization agreements and other types of agreements that allocate costs and benefits.

(b) The consent of the Indian mineral owner to such unit or cooperative agreement shall not be required unless such consent is specifically required in the lease. However, the Secretary shall consult with the Indian mineral owner prior to making a determination concerning a cooperative agreement or well spacing plan.

(c) Requests for approval of cooperative agreements which comply with the requirements of all applicable rules and regulations shall be filed with the superintendent or area director.

(d) All Indian mineral owners of any right, title or interest in the mineral resources to be included in a cooperative agreement must be notified by the lessee at the time the agreement is submitted to the superintendent or area director. An affidavit from the lessee stating that a notice was mailed to each mineral owner of record for whom the superintendent or area director has an address will satisfy this notice requirement.

(e) A request for approval of a proposed cooperative agreement, and all documents incident to such agreement, must be filed with the superintendent or area director at least ninety (90) days prior to the first expiration date of any of the Indian leases in the area proposed to be covered by the cooperative agreement.

(f) Unless otherwise provided in the cooperative agreement, approval of the agreement commits each lease to the unit in the area covered by the agreement on the date approved by the Secretary or the date of first production, whichever is earlier, as long as the agreement is approved before the lease expiration date.

(g) Any lease committed in part to any such cooperative agreement shall be segregated into a separate lease or leases as to the lands committed and lands not committed to the agreement. Segregation shall be effective on the date the agreement is effective.

(h) Wells shall be drilled in conformity with a well spacing program approved by the authorized officer.

§ 211.29 Exemption of leases and permits made by organized tribes.

The regulations in this part may be superseded by the provisions of any tribal constitution, bylaw or charter issued pursuant to the Indian Reorganization Act of June 18, 1934 (48 Stat. 984; 25 U.S.C. 461-479), the Alaska Act of May 1, 1936 (49 Stat. 1250; 48 U.S.C. 362,258a), or the Oklahoma Indian Welfare Act of June 26, 1936 (49 Stat. 1967; 25 U.S.C., and Sup., 501-509), or by ordinance, resolution, or other action authorized under such constitution, bylaw or charter; Provided, that such tribal law may not supersede the requirements of Federal statutes applicable to Indian mineral leases. The regulations in this part, in so far as they are not so superseded, shall apply to leases and permits made by organized tribes if the validity of the lease or permit depends upon the approval of the Secretary of the Interior.

Subpart C—Rents, Royalties, Cancellations and Appeals

§ 211.40 Manner of payments.

Unless otherwise specifically provided for in a lease, once production has been established, all payments shall be made to the MMS or such other party as may be designated, and shall be made at such time as provided in 30 CFR chapter II, subchapters A and C. Prior to production, all bonus and rental payments, shall be made to the superintendent or area director.
§ 211.41 Rentals and production royalty on oil and gas leases.

(a) A lessee shall pay, in advance, beginning with the effective date of the lease, an annual rental of $2.00 per acre or fraction of an acre or such other greater amount as prescribed in the lease. This rental shall not be credited against production royalty nor shall the rental be prorated or refunded because of surrender or cancellation. 

(b) The Secretary shall not approve leases with a royalty rate less than 16-\(\frac{2}{3}\)% percent of the amount or value of production produced and sold from the lease unless a lower royalty rate is agreed to by the Indian mineral owner and is found to be in the best interest of the Indian mineral owner. Such approval may only be granted by the area director if the approving official is the superintendent and by the Assistant Secretary for Indian Affairs if the approving official is the area director.

(c) Value of lease production for royalty purposes shall be determined in accordance with applicable lease provisions and regulations in 30 CFR chapter II, subchapters A and C. If the valuation provisions in the lease are inconsistent with the regulations in 30 CFR chapter II, subchapters A and C, the lease provisions shall govern.

(d) If the leased premises produce gas in excess of the lessee’s requirements for the development and operation of said premises, then the lessee may use sufficient gas, free of charge, for any desired school or other buildings belonging to the tribe, by making his own connections to a regulator installed, connected to the well and maintained by the lessee, and the lessee shall not be required to pay royalty on gas so used. The use of such gas shall be at the lessor’s risk at all times.

§ 211.42 Annual rentals and expenditures for development on leases other than oil and gas, and geothermal resources.

(a) Unless otherwise authorized by the Secretary, a lease for minerals other than oil, gas and geothermal resources shall provide for a yearly development expenditure of not less than $20 per acre. All such leases shall provide for a rental payment of not less than $2.00 for each acre or fraction of an acre payable on or before the first day of each lease year.

(b) Within twenty (20) days after the lease year, an itemized statement, in duplicate, of the expenditure for development under a lease for minerals other than oil and gas shall be filed with the superintendent or area director. The lessee must certify the statement under oath.

§ 211.43 Royalty rates for minerals other than oil and gas.

(a) Except as provided in paragraph (b) of this section, the minimum rates for leases of minerals other than oil and gas shall be as follows:

(1) For substances other than coal, the royalty rate shall be 10 percent of the value of production produced and sold from the lease at the nearest shipping point.

(2) For coal to be strip or open pit mined the royalty rate shall be 12\(\frac{1}{2}\)% percent of the value of production produced and sold from the lease, and for coal removed from an underground mine, the royalty rate shall be 8 percent of the value of production produced and sold from the lease.

(3) For geothermal resources, the royalty rate shall be 10 percent of the amount or value of steam, or any other form of heat or energy derived from production of geothermal resources under the lease and sold or utilized by the lessee. In addition, the royalty rate shall be 5 percent of the value of any byproduct derived from production of geothermal resources under the lease and sold or utilized or reasonably susceptible of sale or utilization by the lessee, except that the royalty for any mineral byproduct shall be governed by the appropriate paragraph of this section.

(b) A lower royalty rate shall be allowed if it is determined to be in the best interest of the Indian mineral owner. Approval of a lower rate may only be granted by the area director if the approving official is the superintendent or by the Assistant Secretary for Indian Affairs, if the approving official is the area director.
§ 211.44 Suspension of operations.

(a) After the expiration of the primary term of the lease the Secretary may approve suspension of operations for remedial purposes which are necessary for continued production, to protect the resource, the environment, or for other good reasons. Provided, that such remedial operations are conducted in accordance with 43 CFR part 3160, subpart 3165 and under such stipulations and conditions as may be prescribed by the Secretary and are conducted with reasonable diligence. Any suspension shall not relieve the lessee from liability for the payment of rental and other payments as required by lease provisions.

(b) An application for permission to suspend operations or production for economic or marketing reasons on a lease capable of production after the expiration of the primary term of lease duration must be accompanied by the written consent of the Indian mineral owner, an economic analysis, and an executed amendment by the parties to the lease setting forth the provisions pertaining to the suspension of operations and production. Such application shall be treated as a negotiated change to lease provisions, and as such, shall be subject to review and approval by the Secretary.

§ 211.45 [Reserved]

§ 211.46 Inspection of premises, books and accounts.

Lessees shall allow the Indian mineral owner, the Indian mineral owner’s representatives, or any authorized representative of the Secretary to enter all parts of the leased premises for the purpose of inspection and audit. Lessees shall keep a full and correct account of all operations and submit all related reports required by the lease and applicable regulations. Books and records shall be available for inspection during regular business hours.

§ 211.47 Diligence, drainage and prevention of waste.

The lessee shall:

(a) Exercise diligence in mining, drilling and operating wells on the leased lands while minerals production can be secured in paying quantities;

(b) Protect the lease from drainage (if oil and gas or geothermal resources are being drained from the lease premises by a well or wells located on lands not included in the lease, the Secretary reserves the right to impose reasonable and equitable terms and conditions to protect the interest of the Indian mineral owner of the lands, such as payment of compensatory royalty for the drainage);

(c) Carry on operations in a good and workmanlike manner in accordance with approved methods and practices;

(d) Have due regard for the prevention of waste of oil or gas or other minerals, the entrance of water through wells drilled by the lessee to other strata, to the destruction or injury of the oil or gas, other mineral deposits, or fresh water aquifers, the preservation and conservation of the property for future productive operations, and the health and safety of workmen and employees;

(e) Securely plug all wells and effectively shut off all water from the oil or gas-bearing strata before abandoning them;

(f) Not construct any well pad location within 200 feet of any structures or improvements without the Indian surface owner’s written consent;

(g) Carry out, at the lessee’s expense, all reasonable orders and requirements of the authorized officer relative to prevention of waste;

(h) Bury all pipelines crossing tillable lands below plow depth unless other arrangements are made with the Indian surface owner; and

(i) Pay the Indian surface owner all damages, including damages to crops, buildings, and other improvements of the Indian surface owner occasioned by the lessee’s operations as determined by the superintendent.

§ 211.48 Permission to start operations.

(a) No exploration, drilling, or mining operations are permitted on any Indian lands before the Secretary has granted written approval of a mineral lease or permit pursuant to the regulations in this part.

(b) After a lease or permit is approved, written permission must be secured from the Secretary before any
§ 211.49 Restrictions on operations.

Leases issued under the provisions of the regulations in this part shall be subject to such restrictions as to time or times for well operations and production from any leased premises as the Secretary judges may be necessary or proper for the protection of the natural resources of the leased land and in the interest of the lessor.

§ 211.50 [Reserved]

§ 211.51 Surrender of leases.

A lessee may, with the approval of the Secretary, surrender a lease or any part of it, on the following conditions:

(a) All royalties and rentals due on the date the request for surrender is received must be paid;

(b) The superintendent, after consultation with the authorized officer, must be satisfied that proper provisions have been made for the conservation and protection of the property, and that all operations on the portion of the lease surrendered have been properly reclaimed, abandoned, or conditioned, as required;

(c) If a lease has been recorded, the lessee must submit a release along with the recording information of the original lease so that, after acceptance of the release, it may be recorded;

(d) If a lessee requests to surrender an entire lease or an entire undivided portion of a lease document, the lessee must deliver to the superintendent or area director the original lease documents; Provided, that where the request is made by an assignee to whom no copy of the lease was delivered, the assignee must deliver to the superintendent or area director only its copy of the assignment;

(e) If the lease (or a portion thereof being surrendered) is owned in undivided interests, all lessees owning undivided interests in the lease must join in the request for surrender;

(f) No part of any advance rental shall be refunded to the lessee, nor shall any subsequent surrender or termination of a lease relieve the lessee of the obligation to pay advance rental if advance rental became due prior to the date the request for surrender was received by the superintendent or area director;

(g) If oil, gas, or geothermal resources are being drained from the leased premises by a well or wells located on lands not included in the lease, the Secretary reserves the right, prior to acceptance of the surrender, to impose reasonable and equitable terms and conditions to protect the interests of the Indian mineral owners of the lands surrendered. Such terms and conditions may include payment of compensatory royalty for any drainage; and

(h) Upon expiration or surrender of a solid mineral lease the lessee shall deliver the leased premises in a condition conforming to the approved reclamation plan. Unless otherwise provided in the lease, the machinery necessary to operate the mine is the property of the lessee. However, the machinery may not be removed from the leased premises without the written permission of the Secretary.

§ 211.52 Fees.

Unless otherwise authorized by the Secretary, each permit, lease, sublease, or other contract, or assignment, thereof shall be accompanied by a filing fee of $75.00 at the time of filing.

§ 211.53 Assignments, overriding royalties, and operating agreements.

(a) Approved leases or any interest therein may be assigned or transferred only with the approval of the Secretary. The Indian mineral owner must also consent if approval of the Indian mineral owner is required in the lease.

If consent is not required, then the Secretary shall notify the Indian mineral owner of the proposed assignment. To obtain the approval of the Secretary the assignee must be qualified to hold the lease under existing rules and regulations and shall furnish a satisfactory bond conditioned for the
faithful performance of the covenants and conditions of the lease.

(b) No lease or interest therein or the use of such lease shall be assigned, sublet, or transferred, directly or indirectly, by working or drilling contract, or otherwise, without the consent of the Secretary.

(c) Assignments of leases, and stipulations modifying the provisions of existing leases, which stipulations are also subject to the approval of the Secretary, shall be filed with the superintendent within five (5) working days after the date of execution. Upon execution of satisfactory bonds by the assignee the Secretary may permit the release of any bonds executed by the assignor. Upon execution of satisfactory bonds the assignee accepts all the assignor's responsibilities and prior obligations and liabilities of the assignor (including but not limited to any underpaid royalties and rentals) under the lease.

(d) Agreements creating overriding royalties or payments out of production shall not be considered as interests in the leases as such provision is used in this section. Agreements creating overriding royalties or payments out of production, or agreements designating operators are hereby authorized and the approval of the Secretary shall not be required with respect thereto, but such agreements shall be subject to the condition that nothing in such agreements shall be construed as modifying any of the obligations of the lessee, including, but not limited to, obligations imposed by requirements of the MMS for reporting, accounting, and auditing; obligations for diligent development and operation, protection against drainage and mining in trespass, compliance with oil and gas, geothermal, and mining regulations (25 CFR parts 216, 43 CFR parts 3160, 3260, 3480, and 3590; and those applicable rules found in 30 CFR chapter II, subchapters A and C) and the requirements for Secretarial approval before abandonment of any oil and gas or geothermal well or mining operation. All such obligations are to remain in full force and effect, the same as if free of any such overriding royalties or payments. The existence of agreements creating overriding royalties or payments out of production, whether or not actually paid, shall not be considered as justification for the approval of abandonment of any oil and gas or geothermal well or mining operation. Nothing in this paragraph revokes the requirement for approval of assignments and other instruments which is required in this section, but any overriding royalties or payments out of production created by the provisions of such assignments or instruments shall be subject to the condition stated in this section. Agreements creating overriding royalties or payments out of production, or agreements designating operators shall be filed with the superintendent unless incorporated in assignments or instruments required to be filed pursuant to this section.

§ 211.54 Lease or permit cancellation; Bureau of Indian Affairs notice of noncompliance.

(a) If the Secretary determines that a permittee or lessee has failed to comply with the terms of the permit or lease; the regulations in this part; or other applicable laws or regulations; the Secretary may:

(1) Serve a notice of noncompliance specifying in what respect the permittee or lessee has failed to comply with the requirements referenced in this paragraph, and specifying what actions, if any, must be taken to correct the noncompliance; or

(a) In addition to or in lieu of cancellation under §211.54, violations of the terms and conditions of any lease, or the regulations in this part, or failure to comply with a notice of non-compliance or a cessation order issued by the Secretary, or, in the case of solid minerals the authorized officer, may subject a lessee or permittee to a penalty of not more than $1,000 per day for each day that such a violation or noncompliance continues beyond the time limits prescribed for corrective action.

(b) A notice of a proposed penalty shall be served on the lessee or permittee either personally or by certified mail to the lessee or permittee at the lessee's or permittee's last known address. The date of service by certified mail shall be deemed to be the date when received or five (5) working days after the date mailed, whichever is earlier.

(c) The notice shall specify the nature of the violation and the proposed penalty, and shall specifically advise the lessee or permittee of the lessee's or permittee's right to either request a hearing within thirty (30) days from receipt of the notice or pay the proposed penalty. Hearings shall be held before the superintendent and/or area director whose findings shall be conclusive, unless an appeal is taken pursuant to 25 CFR part 2.

(d) Cancellation of a lease or permit shall not relieve the lessee or permittee of any continuing obligations under the lease or permit.

(e) Payment in full of penalties more than ten (10) days after a final decision imposing a penalty shall subject the lessee or permittee to a penalty of $1,000 per day for each day that such a violation or noncompliance continues beyond the time limits prescribed for corrective action.

(f) The authorized officer, MMS official, and the superintendent and/or area director should consult with one another before taking any enforcement actions.
lessee or permittee to late payment charges. Late payment charges shall be calculated on the basis of a percentage assessment rate of the amount unpaid per month for each month or fraction thereof until payment is received by the Secretary. In the absence of a specific lease provision prescribing a different rate, the interest rate on late payments and underpayments shall be a rate applicable under §6621(a)(2) of the Internal Revenue Code of 1954. Interest shall be charged only on the amount of payment not received and only for the number of days the payment is late.

(f) None of the provisions of this section shall be interpreted as:

(2) Replacing or superseding any penalty provision in the terms and conditions of a lease or permit approved by the Secretary pursuant to this part; or

(3) Authorizing the imposition of a penalty for violations of lease or permit terms for which the authorized officer, director's representative or MMS official, have either statutory or regulatory authority to assess a penalty.

§ 211.56 Geological and geophysical permits.
Permits to conduct geological and geophysical operations on Indian lands which do not conflict with any mineral leases entered into pursuant to this part, may be approved by the Secretary with the consent of the Indian mineral owner under the following conditions:

(a) The permit must describe the area to be explored, the duration, and the consideration to be paid the Indian owner;

(b) The permit will not grant the permittee any option or preference rights to a lease or other development contract, or authorize the production of, or removal of oil and gas, geothermal resources, or other minerals, except samples for assay and experimental purposes, unless specifically so stated in the permit; and

(c) Copies of all data collected pursuant to operations conducted under the permit shall be forwarded to the Secretary and the Indian mineral owner, unless otherwise provided in the permit. Data collected under a permit may be held by the Secretary as privileged and proprietary information for the time prescribed in the permit. Where no time period is prescribed in the permit, the Secretary may release such information after six (6) years, with the consent of the Indian mineral owner.

§ 211.57 Forms.
Leases, bonds, permits, assignments, and other instruments relating to mineral leasing shall be on forms prescribed by the Secretary, that may be obtained from the superintendent or area director. The provisions of a standard lease or permit may be changed, deleted, or added to by written agreement of all parties with the approval of the Secretary.

§ 211.58 Appeals.
Appeals from decisions of Bureau of Indian Affairs officers under this part may be taken pursuant to 25 CFR part 2.

Subpart B—How to Acquire Leases

§ 212.20 Leasing procedures.

(a) Application for leases shall be made to the superintendent having jurisdiction over the lands.

(b) Indian mineral owners may request the Secretary to prepare, advertise and negotiate mineral leases on their behalf. Leases for minerals shall be advertised for bids as prescribed in this section unless one or more of the Indian mineral owners of a tract sought for lease request the Secretary to negotiate for a lease on their behalf without advertising. Unless the Secretary decides that negotiation of a mineral lease is in the best interests of the Indian mineral owners, he shall use the following procedure for leasing:

(1) Leases shall be advertised to receive optimum competition for bonus consideration, under sealed bid, oral auction, or a combination of both. Notice of such advertisement shall be published in at least one local newspaper and in one trade publication at least thirty (30) days in advance of sale. If applicable, such notice must identify the reservation within which the tracts to be leased are found. No specific description of the tracts to be leased need be published. Specific description of such tracts shall be available at the office of the superintendent and/or area director upon request. The complete text of the advertisement, including a specific description, shall be mailed to each person listed on the appropriate agency or area mailing list. Individuals and companies interested in receiving advertisements on lease sales should send their mailing information to the appropriate agency or area office for future reference.

(2) The advertisement shall offer the tracts to a responsible bidder offering the highest bonus. The Secretary shall establish the rental and royalty rates which shall be stated in the advertisement and will not be subject to negotiation. The advertisement shall provide that the Secretary reserves the right to reject any or all bids, and that acceptance of the lease bid by or on behalf of the Indian mineral owner is required. The requirements under §212.21 are applicable to the acceptance of a lease bid.

(3) Each sealed bid must be accompanied by a cashier's check, certified check or postal money order, or any combination thereof, payable to the payee designated in the advertisement, in an amount not less than 25 percent of the bonus bid, which shall be returned if that bid is not accepted.

(4) A successful oral auction bidder will be allowed five (5) working days to remit the required 25 percent deposit of the bonus bid.

(5) A successful bidder shall, within thirty (30) days after notification of the bid award, remit to the Secretary the balance of the bonus, the first year's rental, a $75 filing fee, its pro-rated share of the advertising costs as determined by the Bureau of Indian Affairs, and file with the Secretary all required bonds. The successful bidder shall also file the lease in completed form, signed by the Indian mineral owner(s), at that time. However, for good reasons, the Secretary may grant extensions of time in thirty (30) day increments for filing of the lease and all required bonds, provided that additional extension requests are submitted and approved prior to the expiration of the original thirty (30) days or the previously granted extension. Failure on the part of the bidder to take all reasonable actions necessary to comply with the foregoing shall result in forfeiture of the required payment of 25 percent of any bonus bid for the use and benefit of the Indian mineral owner.

(6) If no satisfactory bid is received, or if the accepted bidder fails to complete all requirements necessary for
approval of the lease, or if the Secretary determines that it is not in the best interest of the Indian mineral owner to accept any of the bids the Secretary may re-advertise the tract for sale, or subject to the consent of the Indian mineral owner, a lease may be let through private negotiations.

(c) The Secretary shall advise the Indian mineral owner of the results of the bidding, and shall not approve the lease until the consent of the Indian mineral owner has been obtained. The requirements under §212.21 are applicable to the approval of a mineral lease.

§ 212.21 Execution of leases.

(a) The Secretary shall not execute a mineral lease on behalf of an Indian mineral owner, except when such owner is deceased and the heirs to or devisee of the estate have not been determined, or if determined, some or all of them cannot be located. Leases involving such interests may be executed by the Secretary, provided that the mineral interest shall have been offered for sale under the provisions of section 212.20(b) (1) through (6).

(b) The Secretary may execute leases on behalf of minors and persons who are incompetent by reason of mental incapacity; Provided, that there is no parent, guardian, conservator, or other person who has lawful authority to execute a lease on behalf of the minor or person with mental incapacity.

(c) If an owner is a life tenant, the procedures set forth in 25 CFR part 179 (Life Estates and Future Interests), shall apply.

§ 212.22 Leases for subsurface storage of oil or gas.

The provisions of §211.22 of this subchapter are applicable to leases under this part.

§ 212.23 Corporate qualifications and requests for information.

The provisions of §211.23 of this subchapter are applicable to leases under this part.

§ 212.24 Bonds.

The provisions of §211.24 of this subchapter are applicable to leases under this part.

§ 212.25 Acreage limitation.

The provisions of §211.25 of this subchapter are applicable to leases under this part.

§ 212.26 [Reserved]

§ 212.27 Duration of leases.

The provisions of §211.27 of this subchapter are applicable to leases under this part.

§ 212.28 Unitization and communitization agreements, and well spacing.

(a) For the purpose of promoting conservation and efficient utilization of minerals, the Secretary may approve a cooperative unit, drilling or other development plan on any leased area upon a determination that approval is advisable and in the best interest of the Indian mineral owner. For the purposes of this section, a cooperative unit, drilling or other development plan means an agreement for the development or operation of a specifically designated area as a single unit without regard to separate ownership of the land included in the agreement. Such cooperative agreements include, but are not limited to, unit agreements, communitization agreements and other types of agreements that allocate costs and benefits.

(b) The consent of the Indian mineral owner to such unit or cooperative agreement shall not be required unless such consent is specifically required in the lease.

(c) Requests for approval of cooperative agreements which comply with the requirements of all applicable rules and regulations shall be filed with the superintendent or area director.

(d) All Indian mineral owners of any right, title or interest in the mineral resources to be included in a cooperative agreement must be notified by the lessee at the time the agreement is submitted to the superintendent or area director. An affidavit from the lessee stating that a notice was mailed to each mineral owner of record for whom the superintendent or area director has an address will satisfy this notice requirement.

(e) A request for approval of a proposed cooperative agreement, and all
documents incident to such agreement, must be filed with the superintendent or area director at least ninety (90) days prior to the first expiration date of any of the Indian leases in the area proposed to be covered by the cooperative agreement.

(f) Unless otherwise provided in the cooperative agreement, approval of the agreement commits each lease to the unit in the area covered by the agreement on the date approved by the Secretary or the date of first production, whichever is earlier, as long as the agreement is approved before the lease expiration date.

(g) Any lease committed in part to any such cooperative agreement shall be segregated into a separate lease or leases as to the lands committed and lands not committed to the agreement. Segregation shall be effective on the date the agreement is effective.

(h) Wells shall be drilled in conformity with a well spacing program approved by the authorized officer.

§ 212.29 [Reserved]

§ 212.30 Removal of restrictions.

(a) Notwithstanding the provisions of any mineral lease to the contrary, the removal of all restrictions against alienation shall operate to divest the Secretary of all supervisory authority and responsibility with respect to the lease. Thereafter, all payments required to be made under the lease shall be made directly to the owner(s).

(b) In the event restrictions are removed from a part of the land included in any lease approved by the Secretary, the entire lease shall continue to be subject to the supervision of the Secretary until such times as the holder of the lease and the unrestricted Indian owner submits to the Secretary satisfactory evidence that adequate arrangements have been made to account for the mineral resources of the restricted land separately from those of the unrestricted. Thereafter, the unrestricted portion shall be relieved from the supervision of the Secretary, the lease, the regulations of this part, and all other applicable laws and regulations.

§§ 212.31-212.32 [Reserved]

§ 212.33 Terms applying after relinquishment.

All leases for individual Indian lands approved by the Secretary under this part shall contain provisions for the relinquishment of supervision and provide for operations of the lease after such relinquishment. These leases shall contain provisions that address the following issues:

(a) Provisions of relinquishment. If the Secretary relinquishes supervision at any time during the life of the lease instrument as to all or part of the acreage subject to the lease, the Secretary shall give the Indian mineral owner and the lessee thirty (30) days written notice prior to the termination of supervision. After notice of relinquishment has been given to the lessee, the lease shall be subject to the following conditions:

(1) All rentals and royalties accruing shall be paid directly to the lessor or the lessor’s successors in title, or to a trustee appointed under the provisions of paragraph (b) of this section.

(2) If, at the time supervision is relinquished by the Secretary, the lessee has made all payments then due and has fully performed all obligations on the lessee’s part to be performed up to the time of such relinquishment, the bond given to secure the performance of the lease, on file in the appropriate agency or area office, shall be of no further force or effect.

(3) Should relinquishment affect only part of the lease, then the lessee may continue to conduct operations on the land covered by the lease as an entirety; provided, that the lessee shall pay, in the manner prescribed by the lease and regulations for the benefit of lessor, the same proportion of all rentals and royalties due under the provisions of this part as the acreage retained under the supervision of the Secretary bears to the entire acreage of the lessee, and shall pay the remainder of the rentals and royalties directly to the remaining lessors or successors in title or said trustee as the case may be, as provided in paragraph (a) (1) of this section.
§ 212.34 Division of fee.

(b) Division of fee. If, after the execution of the lease and after the Secretary relinquishes supervision thereof, the fee of the leased land is divided into separate parcels held by different owners, or if the rental or royalty interest is divided in ownership, the obligations of the lessee shall not be modified in any manner except as specifically provided by the provisions of the lease. Notwithstanding such separate ownership, the lessee may continue to conduct operations on said premises as an entirety. Each separate owner shall receive such proportion of all rental and royalties accruing after the vesting of its title as the acreage of the fee, or rental or royalty interest, bears to the entire acreage covered by the lease; or to the entire rental or royalty interest as the case may be. If at any time after departmental supervision of the lease is relinquished, in whole or in part, to rentals and royalties, whether said parties are so entitled by virtue of undivided interest or by virtue of ownership of separate parcels of the land covered, the lessee may elect to withhold the payment of further rentals or royalties (except as the portion due the Indian lessee while under restriction), until all of said parties shall agree upon and designate a trustee in writing and in a recordable instrument to receive all payments due thereafter on behalf of said parties and their respective successors in title. Payments to said trustee shall constitute lawful payments, and the sole risk of an improper or unlawful distribution of said funds by said trustee shall rest upon the parties naming said trustee and their said respective successors in title.

§ 212.34 Individual tribal assignments excluded.

The reference in this part to Indian mineral owners does not include assignments of tribal lands made pursuant to tribal constitutions or ordinances for the use of individual Indians and assignees of such lands.

§ 212.40 Manner of payments.

(a) A lessee shall pay, in advance, beginning with the effective date of the lease, an annual rental of $2.00 per acre or fraction of an acre or such other greater amount as prescribed in the lease. This rental shall not be credited against production royalty nor shall the rental be prorated or refunded because of surrender or cancellation.

(b) The Secretary shall not approve leases with a royalty rate less than 16 2/3 percent of the amount or value of production produced and sold from the lease unless a lower royalty rate is agreed to by the Indian mineral owner and is found to be in the best interest of the Indian mineral owner. Such approval may only be granted by the area director if the approving official is the superintendent and the Assistant Secretary for Indian Affairs if the approving official is the area director.

(c) Value of lease production for royalty purposes shall be determined in accordance with applicable lease provisions and regulations in 30 CFR chapter II, subchapters A and C. If the valuation provisions in the lease are inconsistent with the regulations in 30 CFR chapter II, subchapters A and C, the lease provisions shall govern.

(1) The permit must describe the area to be explored, the duration and the consideration to be paid the Indian owner;

(2) The permit may not grant the permittee any option or preference rights to a lease or other development contract, authorize the production of, or removal of oil and gas, or geothermal resources, or other minerals except samples for assay and experimental purposes, unless specifically so stated in the permit; and

(3) Copies of all data collected pursuant to operations conducted under the permit shall be forwarded to the Secretary and made available to the Indian mineral owner, unless otherwise provided in the permit. Data collected under a permit shall be held by the Secretary as privileged and proprietary information for the time prescribed in the permit. Where no time period is prescribed in the permit, the Secretary may, in the discretion of the Secretary, release such information after six (6) years.

(b) A permit may be granted by the Secretary without 100 percent consent of the individual mineral owners if:

(1) The minerals are owned by more than one person, and the owners of a majority of the interest therein consent to the permit;

(2) The whereabouts of one or more owners of the minerals or an interest therein is unknown, and all the remaining owners of the interests consent to the permit;

(3) The heirs or devisee of a deceased owner of the land or an interest therein have not been determined, and the Secretary finds that the permit activity will cause no substantial injury to the land or any owner thereof; or

(4) The owners of interests in the land are so numerous that the Secretary finds that the permit activity will cause no

substantial injury to the land or any owner thereof.

(c) A lessee does not need a permit to conduct geological and geophysical operations on Indian lands, if provided for in the lessee’s mineral lease, where the Indian mineral owner is also the surface land owner. In instances where the Indian mineral owner is not the surface owner, the lessee must obtain any additional necessary permits or rights of ingress or egress from the surface occupant.

§ 213.1 Definitions.

Area Director. The term “Area Director” in this part refers to the officer in charge of the Five Civilized Tribes Indian Agency.
§ 213.4 Sale of oil and gas leases.

(a) At such times and in such manner as he may deem appropriate, the Area Director shall publish notices at least thirty days prior to the sale, unless a shorter period is authorized by the Commissioner of Indian Affairs, that oil and gas leases on specific tracts, each of which shall be in a reasonably compact body, will be offered to the highest responsible bidder for a bonus consideration, in addition to stipulated rentals and royalties. Each bid must be accompanied by a cashier’s check, certified check, or postal money order, payable to the payee designated in the invitation to bid, in an amount not less than 25 percent of the bonus bid. Within 30 days after notification of being the successful bidder, said bidder must remit the balance of the bonus, the first year’s rental, and his share of the advertising costs, and shall file with the Area Director the lease in completed form. The Area Director may, for good and sufficient reasons, extend the time for the completion and submssion of the lease form, but no extension shall be granted for remitting the balance of monies due. If the successful bidder fails to pay the full consideration within said period, or fails to file the completed lease within said period or extension thereof, or if the lease is disapproved through no fault of the lessor or the Department of the Interior, 25 percent of the bonus bid will be forfeited for the use and benefit of the Indian lessor.

(b) In cases where any part of the bonus bid for a lease is paid directly to the Indian lessor, upon his signing the lease, the lessee must procure and file with the lease an affidavit of the lessor, sworn to before a U.S. Commissioner, Postmaster, Area Director, local representative of the Area Director, county or district judge, Federal judge or clerk of a Federal court, showing the amount of bonus so paid, and the balance thereof must be paid into the office of the Area Director upon filing the lease. Where possible lessees are requested to take the lessor to the nearest United States field clerk who will render all proper assistance in the execution of leases, and before whom the bonus affidavit may be executed in cases where any part of bonus consideration may be executed in cases where any part of bonus consideration is paid directly to the lessor. Where leases are executed by guardians, under order of court, the affidavit of lessor may be executed before a notary public.

(c) All notices or advertisements of sales of oil and gas leases shall reserve to the Secretary of the Interior the right to reject all bids when in his judgment the interests of the Indians will be best served by so doing, and that if no satisfactory bid is received, or if the accepted bidder fails to complete the lease or if the Secretary of the Interior shall determine that it is unwise in the interests of the Indians to accept the highest bid, the Secretary may readvertise such lease for sale, or if deemed advisable, with the consent of the Indian owners, a lease may be made by private negotiations. The successful bidder or bidders will be required to pay his or their share of the advertising costs. Amounts received
from unsuccessful bidders will be re-

turned; but when no bid is accepted on
a tract, the costs of advertising will be
asessed against the applicant who re-
quested that said tract be advertised.

(Secs. 16, 17, 48 Stat. 987, 988, sec. 9, 49 Stat.

477, 509)

§ 213.5 Term of oil and gas leases.

Oil and gas mining leases which re-
quire the approval of the Secretary of
the Interior may be made for periods of
10 years from the date of approval of
lease by the Secretary of the Interior
and as much longer thereafter as oil
and/or gas is produced in paying quan-
tities.

§ 213.6 Leases for minerals other than

oil and gas.

Uncontested mining leases for min-
erals other than oil and gas shall be
made on forms prescribed by the De-
partment, for a period of 15 years with
the right of renewal on such terms as
the superintendent may prescribe, and
shall be subject only to approval by the
Area Director. See provisions of the act
of February 14, 1920 (41 Stat. 408). Any
persons aggrieved by any decision or
order of the Area Director approving,
rejecting, or disapproving any such
lease may appeal from the same to the
Secretary of the Interior within 30 days
from the date of such decision or order.

§ 213.7 Fees.

The provisions of § 211.25 of this chap-
ter, or as hereafter amended, are appli-
cable to this part.

[24 FR 7949, Oct. 2, 1959. Redesignated at 47
FR 13327, Mar. 30, 1982]

§ 213.8 Filing of lease deemed con-
structive notice.

The filing of any lease in the office of
the Area Director shall be deemed con-
structive notice of the existence of
such lease. See act of March 1, 1907.

(34 Stat. 1026)

§ 213.9 Noncontiguous tracts.

No lease will be approved covering
two or more noncontiguous tracts of

land, but in such case a lease must be
executed on each separate tract.

§ 213.10 Lessor’s signature.

Any Indian who cannot write his
name will be required to sign all offi-
cial papers by making a distinct
thumbprint which shall be designated as “right” or “left” thumbmark. Such
signatures must be witnessed by two
persons, one of whom must be a U.S.
Government employee (such as field
clerk, postmaster, U.S. Commissioner,
etc.).

§ 213.11 Minor lessors.

Where the lessor is a minor, certified
copies of letters of guardianship and
court orders approving leases must be
filed.

§ 213.12 Leases executed by guardians

of minors.

Leases executed by guardians of mi-
nors under order of court for a period
extending beyond the minority of the
minor will be approved unless it ap-
ppears that such action would be preju-
dicial to the interests of the minor:
Provided, That in the event the minor
becomes of age within 1 year from the
date of execution of lease the consent
of the minor to the execution of the
lease should be obtained and submitted
with the lease for consideration.

§ 213.13 Inherited lands.

Except to prevent loss or waste, leases on undivided inherited lands will
not be approved until the heirship de-
termination has been approved. If the
heirs to undivided inherited lands are
undetermined or cannot be located, or
if the heirs owning less than one-half
interest in the lands refuse to sign a
lease and it appears necessary to lease
the lands to prevent loss or waste, the
Area Director will report the facts to
the Commissioner of Indian Affairs and
ask for instructions. Minor heirs can
lease or joint adult heirs in leasing
only through guardians under order of
court. Proof of heirship shall be given
upon Form F prescribed. If probate or
other court proceedings have estab-
lished the heirship in any case, or the
land has been partitioned, certified
copy of final order, judgment, or decree

1 For further information regarding forms,
see § 211.30.
§ 213.14 Corporations and corporate information.

If the applicant for a lease is a corporation, it shall file evidence of authority of its officers to execute papers; and with its first application it shall also file a certified copy of its articles of incorporation, and, if foreign to the State in which the lands are located, evidence showing compliance with the corporation laws thereof. Statements of changes in officers and stockholders shall be furnished by a corporation lessee to the Area Director January 1 of each year, and at such other times as may be requested.

Whenever deemed advisable in any case the Area Director may require a corporation applicant or lessee to file:

(a) List of officers, principal stockholders, and directors, with post office addresses and numbers of shares held by each.

(b) A sworn statement of the proper officer showing:
   (1) The total number of shares of the capital stock actually issued and the amount of cash paid into the treasury on each share sold; or, if paid in property, the kind of quantity and value of the same paid per share.
   (2) Of the stock sold, how much remains unpaid and subject to assessment.
   (3) The amount of cash the company has in its treasury and elsewhere.
   (4) The property, exclusive of cash, owned by the company and its value.
   (5) The total indebtedness of the company and the nature of its obligations.

Whether the applicant or any person controlling, controlled by or under common control with the applicant has filed any registration statement, application for registration, prospectus or offering sheet with the Securities and Exchange Commission pursuant to the Securities Act of 1933 or the Securities Exchange Act of 1934 or said Commission’s rules and regulations under said acts; if so, under what provision of said acts or rules and regulations; and what disposition of any such statement, application, prospectus or offering sheet has been made.

(c) Affidavits of individual stockholders, setting forth in what corporations, or with what persons, firms, or associations such individual stockholders are interested in mining leases on restricted lands within the State, and whether they hold such interest for themselves or in trust.

Cross Reference: For regulations of the Securities and Exchange Commission, see 17 CFR chapter II.

§ 213.15 Bonds.

(a) Lessee shall furnish with each mining lease a bond (Form 5-154b), and an assignee of a lease shall furnish with each assignment a bond (Form 5-154m), with an acceptable company authorized to act as sole surety, or with two or more personal sureties and a deposit as collateral security of any public debt obligations of the United States guaranteed as to principal and interest by the United States, equal to the full amount of such bonds, or other collateral satisfactory to the Secretary of the Interior, or show ownership of unencumbered real estate of the value equal to twice the amount of the bonds. Lessee may file a bond on Form 5-154a without sureties and a deposit as collateral security of Government bonds equal in value to the full amount of the bond. Lease bonds, except as provided in paragraph (c) of this section, shall not be less than the following amounts:

Provided, That for leases for minerals other than oil and gas the Secretary of the Interior or his authorized representative with the consent of the Indian landowner may authorize a bond for a lesser amount if, in his opinion, the circumstances warrant and the interests of the Indian landowners are fully protected: Provided further, That a lessee may file a bond (Form 5-154f), in the sum of $15,000 for all leases of minerals up to 10,240 acres under the jurisdiction of the officer in charge of the Five Civilized Tribe Agency.
§ 213.16

(b) In lieu of the bonds required under paragraph (a) of this section, a lessee may furnish a bond (Form 5-156) in the sum of $75,000 for full nationwide coverage with an acceptable company authorized to act as sole surety to cover all oil and gas leases and oil and gas prospecting permits without geographic or acreage limitation to which the lessee or permittee is or may become a party.

(c) The right is specifically reserved to increase the amount of bonds and the collateral security prescribed in paragraph (a) of this section in any particular case when the officer in charge deems it proper to do so. The nationwide bond may be increased at any time in the discretion of the Secretary of the Interior.

§ 213.16 Additional information may be requested by Area Director.

The Area Director, or other Government officer having the matter in charge or under investigation, may, at any time, either before or after approval of a lease, call for any additional information desired to carry out the purpose of the regulations in this part, and such information shall be furnished within the time specified in the request therefor. If the lessee fails to furnish the information requested, the lease will be subject to disapproval or cancellation, whichever is appropriate.

§ 213.17 Government reserves right to purchase minerals produced.

In time of war or other public emergency any of the executive departments of the U.S. Government shall have the option to purchase at the prevailing market price on the date of sale all or any part of the minerals produced under any lease.

RENTS AND ROYALTIES

§ 213.18 Manner of payment of rents and royalties.

(a) Except as provided in paragraph (b) of this section, all rents, royalties and other payments due under leases which have been or may be approved in accordance with this part shall be paid by check or bank draft to the order of the Treasurer of the United States and mailed to the Area Director for deposit to the credit of the various lessors. When lessees and purchasers are instructed, in writing, by the Area Director, which instructions shall be complete as to lessors for each lease, separate remittances for each payment due each lessor shall be mailed to the Area Director. Any payments under this paragraph, covering lands or interests therein from which restrictions have been removed by death or otherwise, may continue to be made in the manner provided by this paragraph until ten days after notice of relinquishment of supervision has been mailed to the lessee.

(b) The Area Director may, in his discretion, whenever it appears to be in the best interest of any lessor, authorize and direct the lessee to pay directly to the lessor, or to the legal guardian of any lessor under guardianship, the rents, royalties and other payments (other than bonuses and advance payments for the first year) due under leases which have been or may be approved in accordance with the regulations in this part. Any such authority for direct payment shall be in writing, addressed to the owner or owners of the lease, and shall expressly provide for its revocation or modification at any time, in writing, by the Area Director. Written authorization for direct payment and written revocations or modifications thereof shall become a part of the lease and shall be distributed as in the case of original leases. All such revocations or modifications shall have a 5-day grace period after date of receipt. Rents, royalties, and other payments paid in accordance therewith shall constitute full compliance with the requirements of the lease pertaining to such payments.

(c) Rents and royalties paid pursuant to paragraphs (a) and (b) of this section on producing leases shall be supported by statements, acceptable to the Secretary or his duly authorized representative, to be transmitted to the Supervisor, in duplicate, covering each lease, identified by contract number and lease number. Such statements shall show the specific items of rents or royalties for which remittances are
made, and shall identify each remittance by the remittance number, date, amount, and name of each payee.

(d) Rents paid on nonproducing leases pursuant to paragraphs (a) and (b) of this section shall be supported by a statement, acceptable to the Area Director, to be transmitted to the Area Director covering each lease, identified by contract number and lease number. Each remittance shall be identified by the remittance number, date, amount, name of each payee, and dates of mailing of remittances. Date of mailing, or, if remittance is sent by registered mail, the date of registration receipts covering remittances mailed, shall be considered as date of payment.

(e) For leases other than oil and gas, all advance rentals and royalties for the first year shall be paid to the Area Director at the time of filing the lease, and the advance royalty and 20 percent of the first year's rental so paid shall be and become the property of the lessor, if the lease be disapproved because of the lessee's failure to meet the requirements of the law or of the regulations in this part or because of any other fault or defect chargeable to the lessee.

§ 213.19 Crediting advance annual payments.

In the event of discovery of minerals, all advance rents and advance royalties shall be allowed as credit on stipulated royalties for the year for which such advance payments have been made. No refund of such advance payments made under any lease will be allowed in the event the royalty on production is not sufficient to equal such advance payment; nor will any part of the moneys so paid be refunded to the lessee because of any subsequent surrender or cancellation of the lease.

§ 213.20 [Reserved]

§ 213.21 Rate of rents on leases other than oil and gas.

On all mineral leases of allotted lands other than oil and gas leases, rental shall be paid annually in advance from the date of approval of the lease, as follows: Fifty cents per acre for the first year, 75 cents per acre for the second year, and $1 per acre for the third and each succeeding year of the term of the lease.

§ 213.22 Expenditures under lease other than oil and gas.

(a) On all leases for deposits of minerals other than oil and gas, there shall be expended for each calendar year the lease is in force, and for each fraction of a calendar year greater than 6 months, in actual mining operations, development, or improvements upon the lands leased, or for the benefit thereof, a sum which, with the annual rental, shall amount to not less than $5 per acre.

(b) The expenditures for development required by this section upon application may be waived in writing by the Area Director or other officer in charge of the Five Civilized Tribes Agency either before or after the approval of a lease, such waiver to be subject to termination at any time upon 10 days' written notice to the holder of the lease by the said Area Director or other officer in charge.

(c) Each lessee, except oil and gas lessees, shall file with the Area Director an itemized statement in duplicate, within 20 days after the close of each calendar year, of the amount and character of said expenditures during such years the statement to be certified under oath by the lessee or his agent having personal knowledge of the facts contained therein.

§ 213.23 Royalty rates for minerals other than oil and gas.

Unless otherwise authorized by the Commissioner of Indian Affairs, the minimum rates for minerals other than oil and gas shall be as follows:

(a) For substances other than gold, silver, copper, lead, zinc, tungsten, coal, asphaltum and allied substances, oil, and gas, the lessee shall pay quarterly or as otherwise provided in the lease, a royalty of not less than 10 percent of the value, at the nearest shipping point, of all ores, metals, or minerals marketed.

(b) For gold and silver the lessee shall pay quarterly or as otherwise provided in the lease, a royalty of not less than 10 percent of the value of bullion as shown by mint returns after deducting forwarding.
§ 213.24 Rate of rents and royalties on oil and gas leases.

The lessee shall pay, beginning with the date of approval of oil and gas leases by the Secretary of the Interior, a rental of $1.25 per acre per annum in advance during the continuance thereof, together with a royalty of 12½ percent of the value or amount of all oil, gas and/or natural gasoline, and/or all other hydrocarbon substances produced and saved from the land leased, save and except oil and gas used by the lessee for development and operation purposes on the lease, which oil or gas shall be royalty free. A higher rate of royalty may be fixed by the Secretary of the Interior or his authorized representative, prior to the advertisement of land for oil and gas leases. During the period of supervision, “value” for the purposes of the lease may, in the discretion of the Secretary of the Interior be calculated on the basis of the highest price paid or offered (whether calculated on the basis of short or actual volume) at the time of production for the major portion of the oil of the same gravity, and gas, and/or natural gasoline, and/or all other hydrocarbon substances produced and sold from the field where the leased lands are situated, and the actual volume of the marketable product less the content of foreign substances as determined by the supervisor. The actual amount realized by the lessee from the sale of said products may, in the discretion of the Secretary of the Interior, be deemed mere evidence of or conclusive evidence of such value. When paid in value, such royalties shall be due and payable monthly at such time as the lease provides; when royalty on oil produced is paid in kind, such royalty oil shall be delivered in tanks provided by the lessee on the premises where produced without cost to the lessor unless otherwise agreed to by the parties thereto, at such time as may be required by the lessor. The lessee shall not be required to hold such royalty oil in storage longer than 30 days after the end of the calendar month in which said oil is produced. The lessee shall be in no manner responsible or held liable for loss or destruction of such oil in storage by causes beyond his control.

§ 213.25 Free use of gas by lessor.

If the leased premises produce gas in excess of the lessee’s requirements for the development and operation of said premises, then the lessor may use sufficient gas, free of charge, for all stoves and inside lights in the principal dwelling house on said premises, by making his own connections to a regulator, connected to the well and maintained by the lessee, and the lessee shall not be required to pay royalty on gas so used. The use of such gas shall be at the lessor’s risk at all times.

§ 213.26 Rate of royalty on casing-head gas.

(a) On casing-head gas used or sold for the manufacture of casing-head gasoline the minimum rate of royalty shall be 12½ percent of the value of the casing-head gas, which value shall be determined and computed on the basis and in the manner provided in the applicable operating regulations of the Department.
§ 213.31 Restrictions on operations.

(a) Oil and gas leases issued under the provisions of this part shall be subject to imposition by the Secretary of the Interior of such restrictions as to time or times for the drilling of wells and as to the production from any well or wells as in his judgment may be necessary or proper for the protection of the natural resources of the leased land and in the interest of the lessor. In the
exercise of his judgment the Secretary of the Interior may take into consideration, among other things, the Federal laws, State laws, regulations by competent Federal or State authorities, lawful agreements among operators regulating either drilling or production, or both.

(b) All such leases shall be subject to any cooperative or unit plan of development affecting the leased lands that may be required by the Secretary of the Interior, but no lease shall be included in any cooperative or unit plan without prior approval of the Secretary of the Interior. If said plan affects a change in the lease terms, the consent of the lessor or lessors must be obtained before the plan is effective.

§ 213.32 Wells.

The lessee shall agree (a) to drill and produce all wells necessary to offset or protect the leased land from drainage by wells on adjoining lands not the property of the lessor, or in lieu thereof, compensate the lessor in full each month for the estimated loss of royalty through drainage: Provided, That during the period of supervision by the Secretary of the Interior, the necessity for offset wells shall be determined by the supervisor and payment in lieu of drilling and producing shall be with the consent of, and in an amount determined by the Secretary of the Interior; (b) at the election of the lessee to drill and produce other wells: Provided, That the right to drill and produce such other wells shall be subject to any system of well spacing or production allotments authorized and approved under applicable law or regulations, approved by the Secretary of the Interior and affecting the field or area in which the leased lands are situated; and (c) if the lessee elects not to drill and produce such other wells for any period the Secretary of the Interior may, within 10 days after due notice in writing, either require the drilling and production of such wells to the number necessary, in his opinion, to insure reasonable diligence in the development and operation of the property, or may in lieu of such additional diligent drilling and production require the payment on and after the first anniversary date of the lease of not to exceed $1 per acre per annum, which sum shall be in addition to any rental or royalty hereinafter specified.

§ 213.33 Diligence and prevention of waste.

The lessee shall exercise diligence in drilling and operating wells for oil and gas on the leased lands while such products can be secured in paying quantities; carry on all operations in a good and workmanlike manner in accordance with approved methods and practice, having due regard for the prevention of waste of oil or gas developed on the land, or the entrance of water through wells drilled by the lessee to the productive sands or oil or gas-bearing strata to the destruction or injury of the oil or gas deposits, the preservation and conservation of the property for future productive operations, and to the health and safety of workmen and employees; plug securely all wells before abandoning the same and to shut off effectually all water from the oil or gas-bearing strata; not drill any well within 200 feet of any house or barn on the premises without the lessor’s written consent approved by the Area Director; carry out at his expense all reasonable orders and requirements of the supervisor relative to prevention of waste, and preservation of the property and the health and safety of workmen; bury all pipelines crossing tillable lands below plow depth unless other arrangements therefor are made with the Area Director; pay the lessor all damages to crops, buildings, and other improvements of the lessor occasioned by the lessee’s operations: Provided, That the lessee shall not be held responsible for delays or casualties occasioned by causes beyond his control.

§ 213.34 Inspection of premises; books and accounts.

Lessees shall agree to allow the lessors and their agents or any authorized representative of the Interior Department to enter, from time to time, upon and into all parts of the leased premises for the purpose of inspection, and shall further agree to keep a full and correct account of all operations and make reports thereof, as required by the applicable regulations of the Department; and their books and records,
§ 213.35 Mines to be timbered properly.

In mining operations the lessee shall keep the mine well and sufficiently timbered at all points where necessary, in accordance with good mining practice, and in such manner as may be necessary to the proper preservation of the property leased and safety of workmen.

§ 213.36 Surrender of leased premises in good condition.

On expiration of the term of a lease, or when a lease is surrendered, the lessee shall deliver to the Government the leased ground, with the mine workings in case of leases other than oil and gas, in good order and condition, and the bondsmen will be held for such delivery in good order and condition, unless relieved by the Secretary of the Interior for cause. It shall, however, be stipulated that the machinery necessary to operate any mine is the property of the lessee, but that it may be removed by him only after the condition of the property has been ascertained by inspection by the Secretary of the Interior or his authorized agents, to be in satisfactory condition.

§ 213.37 Penalties.

Failure of the lessee to comply with any provisions of the lease, of the operating regulations, of the regulations in this part, orders of the Area Director or his representative, or of the orders of the supervisor or his representative, shall subject the lease to cancellation by the Secretary of the Interior or the lessee to a penalty of not more than $500 per day for each day the terms of the lease, the regulations, or such orders are violated, or to both such penalty and cancellation: Provided, That the lessee shall be entitled to notice and hearing, within 30 days after such notice, with respect to the terms of the lease, regulations, or orders violated, which hearing shall be held by the supervisor, whose findings shall be conclusive unless an appeal be taken to the Secretary of the Interior within 30 days after notice of the supervisor’s decision, and the decision of the Secretary of the Interior upon appeal shall be conclusive.

§ 213.38 Assignments and overriding royalties.

(a) Leases or any interest therein, may be assigned or transferred only with the approval of the Secretary of the Interior, and to procure such approval the assignee must be qualified to hold such lease under existing rules and regulations, and shall furnish a satisfactory bond for the faithful performance of the covenants and conditions thereof. No lease or any interest therein, or the use of such lease, shall be assigned, sublet, or transferred, directly or indirectly, by working or drilling contract, or otherwise, without the consent of the Secretary of the Interior. Assignments of leases shall be filed with the Area Director within 20 days after the date of execution.

(b) An agreement creating overriding royalties or payments out of production on oil and gas leases under this part shall be subject to the provisions of §211.26(d) of this subchapter, or as hereafter amended.

§ 213.39 Stipulations.

The lessee under any lease heretofore approved may by stipulation (Form 5-154i) with the consent of the lessor and the approval of the Secretary of the Interior, make such approved lease subject to all the terms, conditions, and provisions contained in the lease form and regulations currently in use. Stipulations shall be filed with the Area Director within 20 days after the date of execution.

§ 213.40 Cancellations.

(a) When, in the opinion of the Secretary of the Interior, the lessee has violated any of the terms and conditions of a lease or of the applicable regulations, or if mining operations are
§ 213.41

Conduct wastedly and without regard to good mining practice, the Secretary of the Interior shall have the right at any time after 30 days' notice to the lessee specifying the terms and conditions violated, and after a hearing, if the lessee shall so request within 30 days after issuance of the notice, to declare such lease null and void, and the lessee shall then be entitled and authorized to take immediate possession of the land.

(b) On the following conditions, the lessee may, on approval of the Secretary of the Interior, surrender a lease or any part of it:

(1) That he make application for cancellation to the Area Director having jurisdiction over the land.

(2) That he pay a surrender fee of $1 at the time the application is made.

(3) That he pay all royalties and rentals due to the date of such application.

(4) That he make a satisfactory showing that full provision has been made for conservation and protection of the property and that all wells, drilled on the portion of the lease surrendered, have been properly abandoned.

(5) If the lease has been recorded, that he file, with his application, a recorded release of the acreage covered by the application.

(6) If the application is for the cancellation of the entire lease or the entire undivided portion, that he surrender the lease: Provided, That where the application is made by an assignee to whom no copy of the lease was delivered, he will be required to surrender only his copy of assignment.

(7) If the lease (or portion being surrendered or canceled) is owned in undivided interests by more than one party, then all parties shall join in the application for cancellation.

(8) That all required fees and papers must be in the mail or received on or before the date upon which rents and royalties become due, in order for the lessee and his surety to be relieved from liability for the payment of such royalties and rentals.

(9) If there has been a contest respecting a lease or leases, the approved, the disapproved, or the canceled parts thereof will be held in the office of the Area Director for 5 days after the Department's decision has been promulgated, by mail or delivery, and will not be delivered, if within that period a motion for review and reconsideration be filed, until such motion is passed upon by the Department.

(10) In the event oil or gas is being drained from the leased premises by wells not covered by a lease; the lease, or any part of it, may be surrendered, only on such terms and conditions as the Secretary of the Interior may determine to be reasonable and equitable.

(c) No part of any advance rental shall be refunded to the lessee nor shall he be relieved, by reason of any subsequent surrender or cancellation of the lease, from the obligation to pay said advance rental when it becomes due.

(d) For proper method of terminating departmental leases covering lands from which restrictions have been removed see section 3 of the act of May 27, 1908 (35 Stat. 312).

REMOVAL OF RESTRICTIONS

§ 213.41. Leases executed but not approved before restrictions removed from land.

Leases executed before the removal of restrictions against alienation on land from all of which restrictions against alienation shall be removed after such execution, if such leases contain specific provisions for approval by the Secretary of the Interior, whether now filed with the Department or presented for consideration hereafter, will be considered and acted upon by this Department as heretofore but only for the purpose of approving or disapproving the instrument.

§ 213.42. Operations after removal of restrictions from leased lands.

(a) Oil and gas leases heretofore approved and leases for other minerals now or hereafter in force on land from all of which restrictions against alienation have been or shall be removed, even if such leases contain provision authorizing supervision by this Department, shall after such removal of restrictions against alienation, be operated entirely free from such supervision, and the authority and power delegated to the Secretary of the Interior in said leases shall cease and all payments required to be made to the Area Director shall thereafter be made...
to the lessor or the then owner of the land, and changes in regulations thereafter made by the Secretary of the Interior shall not apply to such leased land from which said restrictions are removed.

(b) In the event restrictions are removed from a part of the land included in any lease to which this section applies the entire lease shall continue subject to the supervision of the Secretary of the Interior, and all royalties thereunder shall be paid to the Area Director until such time as the lessor and lessee shall furnish the Secretary of the Interior satisfactory information that adequate arrangements have been made to account for the oil, gas or mineral upon the restricted land separately from that upon the unrestricted. Thereafter the restricted land only shall be subject to the supervision of the Secretary of the Interior: Provided, That the unrestricted portion shall be relieved from such supervision as in the lease or regulations provided.

§ 213.43 Relinquishment of Government supervision.

All oil and gas leases hereafter executed shall contain the following relinquishment of supervision clause and terms operative after such relinquishment, or other provisions similar in substance:

Relinquishment of supervision by the Secretary of the Interior.—Should the Secretary of the Interior, at any time during the life of this instrument, relinquish supervision as to all or part of the acreage covered hereby, such relinquishment shall not bind lessee until said Secretary shall have given 30 days' written notice. Until such requirements are fulfilled, lessee shall continue to make all payments due hereunder as heretofore in section 3(c). After notice of relinquishment has been received by lessee, as herein provided this lease shall be subject to the following further conditions:

(a) All rentals and royalties thereafter accruing shall be paid in the following manner: Rentals and royalties shall be paid to lessor or his successors in title, or to a trustee appointed under the provision of section 9 hereof. Rentals and royalties shall be paid directly to lessor, his successors in title, or to said trustee as the case may be.

(b) If, at the time supervision is relinquished by the Secretary of the Interior, lessee shall have made all payments then due hereunder, and shall have fully performed all obligations on its part to be performed up to the time of such relinquishment, then the bond given to secure the performance hereof, on file in the Indian Office, shall be of no further force or effect.

(c) Should such relinquishment affect only part of the acreage, then lessee may continue to drill and operate the land covered hereby as an entirety: Provided, That lessee shall pay in the manner prescribed by section 3(c), for the benefit of lessor such proportion of all rentals and royalties due hereunder as the acreage retained under the supervision of the Secretary of the Interior bears to the entire acreage of the lease, the remainder of such rentals and royalties to be paid directly to lessor or his successors in title or said trustee as the case may be, as provided in subdivision (a) of this section.

Division of fee. It is covenanted and agreed that should the fee of said land be divided into separate parcels, held by different owners, or should the rental or royalty interests hereunder be so divided in ownership, after the execution of this lease and after the Secretary of the Interior relinquishes supervision hereof, the obligations of lessee hereunder shall not be added to or changed in any manner whatsoever save as specifically provided by the terms of this lease. Notwithstanding such separate ownership, lessee may continue to drill and operate said premises as an entirety: Provided, That each separate owner shall receive such proportion of all rentals and royalties accruing after the vesting of his title as the acreage of the fee, or rental or royalty interest, bears to the entire acreage covered by the lease; or to the entire rental and royalty interest as the case may be: Provided further, That, if, at any time after departmental supervision hereof is relinquished, in whole or in part, there shall be four or more parties entitled to rentals or royalties hereunder, whether said parties are so entitled by virtue of undivided interests or by virtue of ownership of separate parcels of the land covered hereby, lessee at his election may withhold the payment of further rentals or royalties (except as to the portion due the Indian lessor while under restriction), until all of said parties shall agree upon and designate in writing and in a recordable instrument a trustee to receive all payments due hereunder on behalf of said parties and their respective successors in title. Payments to said trustee shall constitute lawful payments hereunder, and the solareisk of an improper or unlawful distribution of said funds by said trustee shall rest upon the parties naming said trustee and their respective successors in title. (The above provisions are copied from oil and gas mining lease Form 5-154h, revised April 24, 1935.)

Footnote:

1 For information relative to obtaining Form 5-154h, see § 211.30.
§ 213.44 Division of royalty to separate fee owners.

Should the removal of restrictions affect only part of the acreage covered by a lease containing provisions to the effect that the royalties accruing under the lease, where the fee is divided into separate parcels, shall be paid to each owner in the proportion which his acreage bears to the entire acreage covered by the lease, the lessee or assignee of such unrestricted portion will be required to make the reports required by the regulations in this part and the operating regulations with respect to the beginning of drilling operations, completion of wells, and production the same as if the restrictions had not been removed. In the event the unrestricted portion of the leased premises is producing, the owner of the lease thereon will be required to pay the portion of the royalties due the Indian lessor at the time and in the manner specified by the regulations in this part.

§ 213.45 Restrictions especially continued as to certain lands.

Restricted lands allotted as either homestead or surplus allotments, designated as tax exempt under section 4 of the act of May 10, 1928, as amended May 24, 1928 (45 Stat. 485, 733), the entire interest in which was acquired by inheritance, gift, devise, or purchase with restricted funds, by persons of one-half or more Indian blood, after the passage of the act of January 27, 1933 (47 Stat. 777), continue to be restricted under the provisions of the last mentioned act and oil and gas leases thereon are subject to the regulations in this part and all such leases to be valid must be approved by the Secretary of the Interior. Lands inherited by or devised to full blood Indians prior to the act of January 27, 1933, are not affected as to restrictions by the provisions of said act and may continue to be leased with the approval of the county court having jurisdiction of the estate of the deceased allottee and without approval of the Secretary of the Interior (54 L.D. 382; 10 F. (2d) 487). Lands acquired prior to the passage of the act of January 27, 1933 by Indians of less than full blood, whether such lands were restricted and tax exempt or restricted and taxable, passed to such persons free of all restrictions. Inherited homesteads restricted prior to April 26, 1931, by section 9 of the act of May 27, 1908 (35 Stat. 312), for the benefit of heirs of one-half or more Indian blood but less than full bloods, born after March 4, 1906, became unrestricted April 26, 1931, or upon the death prior thereto of the heir born subsequent to March 4, 1906, and oil and gas leases thereof are not subject to the regulations in this part nor under the jurisdiction of the Secretary of the Interior.

§ 213.46 Field clerks.

Local representatives known officially as “field clerks” are located in the various districts comprising that part of the State of Oklahoma occupied by the Five Civilized Tribes. Such field clerks shall report to and act under the direction of the Area Director. Any and all counsel and advice desired by allottees concerning deeds, leases, or other instruments or matters relating to lands allotted to them shall be furnished by such field clerks free of charge. Field clerks shall not, during their term of employment, have any personal interest, directly or indirectly, in any transaction concerning leases covering lands of allottees or in the purchase or sale of any such lands regardless of whether the restrictions have or have not been removed. This prohibition, however, shall not apply to lands which such field clerks have legally acquired before their employment in the Bureau of Indian Affairs. Field clerks shall report to the Area Director at the end of each month the work performed during such period and special reports shall be made immediately of any apparently illegal transaction involving the estates or allotments of allottees.

§ 213.47 Forms.

The provisions of §211.30 of this chapter, or as hereafter amended, are applicable to this part.

\[2\] Repealed restrictions on inherited homesteads, by sec. 2 of the act of May 10, 1928 (45 Stat. 485).
§ 213.48 Effective date.

The regulations in this part shall become effective and in full force from and after the date of approval (Apr. 27, 1938), and shall be subject to change or alteration at any time by the Secretary of the Interior: Provided, That no regulations made after the approval of any lease shall operate to affect the term of the lease, rate of royalty, rental, or acreage unless agreed to by both parties to the lease. All former regulations governing the leasing of individually owned lands of the Five Civilized Tribes for mining purposes are superseded by the regulations in this part.

§ 213.49 Scope of regulations.

The regulations in this part shall apply in so far as practicable to lands purchased for Indians under the Oklahoma Indian Welfare Act of June 26, 1936 (49 Stat. 1967, 25 U.S.C. 501-509), as well as to other lands of individual Indians of the Five Civilized Tribes.

Authority: Sec. 3, 34 Stat. 543.

§ 214.1 Definition.

The term “officer in charge” shall refer to the superintendent of the Osage Indian Agency and school or other representative of the Government who may, for the time, be in charge of the Osage Agency and school, or any person who may be detailed by the Secretary of the Interior or the Commissioner of Indian Affairs to take charge of leasing or mining operations under the regulations in this part.

§ 214.2 Sale of leases.

Leases of minerals other than oil and gas may be negotiated with the tribal council after permission to do so has been obtained from the officer in charge. Leases with all papers required, shall be filed with the officer in charge within 30 days from the date of execution by the lessee and the principal chief of the Osage Tribe. The lease will be forwarded to the Commissioner of Indian Affairs for consideration by him and the Secretary of the Interior and will become effective only after approval by the Secretary of the Interior. If any lease should be disapproved through no fault of the lessee, all amounts deposited by him will be promptly refunded.

§ 214.3 Corporate information.

A corporation shall file with its first lease a certified copy of articles of incorporation, and, if a foreign corporation, evidence showing compliance with local corporation laws in duplicate: a list of all stockholders, with their post office addresses, and showing the number of shares of capital stock held by each; together with a sworn statement of its proper officer showing:

(a) The total number of shares of the capital stock actually issued, the number of shares actually sold and the amount of cash paid into the treasury...

525
§ 214.4 Bonds.

Lessees shall furnish with each lease at the time it is filed with the officer in charge an acceptable bond not less than the following amounts:

<table>
<thead>
<tr>
<th>Acres</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Less than 80</td>
<td>$1,000</td>
</tr>
<tr>
<td>80 acres and less</td>
<td>$1,500</td>
</tr>
<tr>
<td>120 acres and not more</td>
<td>$2,000</td>
</tr>
<tr>
<td>40 acres, or part thereof above 160</td>
<td>500</td>
</tr>
</tbody>
</table>

Provided, That for leases for minerals other than oil and gas the Secretary of the Interior or his authorized representatives with the consent of the Indian landowner may authorize a bond for a lesser amount if, in his opinion, the circumstances warrant and the interests of the Indian landowners are fully protected: Provided further, That the lessee shall be allowed to file bond, Form S 1 covering all leases to which he or they are or may become parties instead of a separate bond in each case, such bond to be in the penal sum of $15,000. The right is reserved to change the amount of the bond in any particular case, or to require a new bond in the discretion of the Secretary of the Interior.

§ 214.5 Additional information.

The officer in charge may, at any time, either before or after approval of a lease call for any additional information necessary to carry out the purpose and intent of the regulations in this part, and such information shall be furnished within the time specified in the request therefor.

§ 214.6 Failure of lessee to complete lease.

Should a lessee fail to furnish, within the time specified after his bid is accepted, the papers necessary to put his lease and bond in proper form for consideration, the officer in charge shall recommend that the sale be disapproved and money paid forfeited to the Osage Tribe.

§ 214.7 Operation not permitted until lease approved; 160 acres maximum for single lease.

No mining or work of any nature will be permitted upon any tract of land until a lease covering such tract shall have been approved by the Secretary of the Interior and delivered to the lessee. All leases shall be made for such period as the title to the minerals remain in the Osage Tribe, which time will expire April 8, 1931, unless otherwise provided by Congress and shall be subject to cancellation or termination as specified in this part. Leases made by corporations shall be accompanied by an affidavit by the secretary or president of the company showing the authority of its officers to execute leases, bonds, and other papers. No lease shall be made covering more than 160 acres.

§ 214.8 Acreage limitation.

No person, firm, or corporation shall hold under lease at any one time without special permission from the Secretary of the Interior in excess of the following areas:

(a) For deposits of the nature of lodes, or veins containing ores of gold, silver, copper, or other useful metals, 640 acres.

(b) For beds of placer gold, gypsum, asphaltum, phosphate, iron ores, and other useful minerals, other than coal, lead, and zinc, 960 acres.

(c) For coal, 4,800 acres.

(d) For lead and zinc, 1,280 acres.

§ 214.9 Advance rental.

(a) Lessees shall pay, in addition to other considerations, annual advance rentals as follows: 15 cents per acre for...
the first year; 30 cents per acre for the second year; 50 cents per acre for the third year; and $1 per acre per annum for the fourth and each succeeding year during the life of any lease: Provided, That all such payments of advance rentals shall be credits on royalties on production during the year for which payment of advance rental is made. (b) The payment of annual advance rental shall not release the lessee from the obligation to conduct mining operations, as required by the terms of the lease.

§ 214.10 Royalty rates.

Royalties will be required as follows, subject to the approval of the President, in accordance with the act of June 28, 1906 (34 Stat. 543):

(a) For gold, silver, or copper lessee shall pay quarterly a royalty of 10 percent to be computed on the gross value of the ores as shown by reduction returns after deducting freight and treatment charges. Duplicate reduction returns shall be filed by the lessee with the officer in charge within 20 days after the reduction of the ores.

(b) For coal the lessee shall pay a royalty of 10 cents per ton of 2,000 pounds on mine run or coal as taken from the mines, including what is commonly called "slack."

(c) For asphaltum and allied substances, the lessee shall pay quarterly a royalty of 10 cents per ton of 2,000 pounds on crude material, and 60 cents per ton on refined substances.

(d) For substances other than gold, silver, copper, lead, zinc, coal, and asphaltum the lessee shall pay quarterly a royalty of 10 percent of the value at the nearest shipping point of all ores, metals, or minerals marketed.

(e) The royalties to be paid for lead and zinc shall be computed for each mineral at the same rate that the amount of the concentrates of such mineral bears to the total amount of dirt or rock actually mined, except as stipulated in this section. The royalty so determined shall be increased by adding 1 percent for each increase of $10 in the selling price per ton thereof over and above the following, which shall be the agreed base or standard:

For zinc—$50
For lead—$65

but in no case shall the rate of royalty be less than 5 percent or more than 20 percent. The percentage of recovery shall be computed as nearly as practicable upon the ore included in each sale, but where it is impracticable so to do the officer in charge and the lessee shall agree upon some other method of computation which will produce substantially the same result: Provided, That in case of their disagreement the Commissioner of Indian Affairs shall prescribe a rule of computation to be followed in such cases.

NOTE: The royalty would always be determined under this rule by ascertaining the percentage of recovery were it not for two things: (1) the flat rates which are fixed as the minimum and the maximum rates of royalty, and (2) variations in the selling price of the ores. Concrete examples coming under the rule are set forth in the following table:

A similar table might be constructed for royalties on lead, but in so doing it would be necessary to bear in mind that the base or standard selling price for the lead is to be $65 instead of $50.

§ 214.11 Payment of rents and royalties.

All rentals, royalties, damages, or other amounts which may become due under leases approved in accordance with the regulations in this part shall be paid to the disbursing agent at Pawhuska, Okla. The remittances shall be in St. Louis exchange, except that where such exchanges cannot be procured post office or express money orders will be accepted. All royalties or other payments or claims of the Osage Tribe arising under such leases shall be a lien upon the mining plant machinery, and all minerals mined on the property leased or in which the lessee still retains any right, claim, or interest.
§ 214.12 Time of payment of royalties.

Annual advance rentals shall be paid within 10 days after the beginning of the lease year.

§ 214.13 Diligence; annual expenditures; mining records.

(a) Lessees shall exercise diligence in the conduct of prospecting and mining operations, and on all leases referred to in §214.8(a) shall expend annually in development work a sum which with the annual rental shall make an amount of not less than $5 per acre. On all leases referred to in §214.8(b) and (c) there shall be expended annually in development work a sum which inclusive of the annual rental shall make an amount of not less than $1 for each acre or fraction thereof included in the lease. The lands covered by each lease referred to in §214.8(d) shall be prospected for lead and zinc ores by drilling within 1 year test holes aggregating 2,000 feet unless a sufficient ore body is discovered to justify the sinking of a shaft to the ore body and the erecting of a mill when such tract may be released from further prospecting by the written consent of the superintendent.

Provided, That within 90 days after an ore body of sufficient quantity is discovered, and shown by the logs or records of the drill holes, to justify the expenditure, the sinking of a shaft to the ore body, and the erection of a mill when such tract may be released from further prospecting, the lessee shall keep upon the leased premises accurate records of the drilling, redrilling, or deepening of all holes showing the formations, and upon the completion of such holes, copies of such records shall be transmitted to the superintendent by the lessee after the first completion and of any further drilling thereafter, and a failure to so furnish report within the time prescribed shall be considered a violation of the regulations. Lessee shall, before commencing operations, file with the superintendent a plat and preliminary statement of how the openings are to be made and the property developed.

§ 214.14 Use of surface lands.

(a) Lessees may use so much of the surface of the leased land as shall be reasonably necessary for the prospecting and mining operations and buildings required by the lease, and shall also have the right-of-way over and across such land to any point of prospecting or mining operations, but such use of the surface shall be permissible only under condition of least injury and inconvenience to the allottee or owner of the land. Lessees before commencing and during such operations shall pay all reasonable damages for the use of the surface land and to any growing crops thereon, or to improvements on said land, or any damage that during the life of the lease may be occasioned in any manner whatsoever by the use of the surface, to the allottee or his successor in interest or assignee, or to a lessee of the surface of said land or to an oil and gas lessee, damages to be apportioned among the parties interested in the surface, whether as owner, lessee, or otherwise, as the parties in interest may mutually agree or as their interests may appear. If the parties are unable to agree concerning damages the same shall be determined by arbitration.

(b) All agreements (or authenticated copies thereof) providing for the settlement of damages shall be filed in the Osage Agency if the surface owner is a restricted Indian, and all such amounts which may be due and payable to any Indian shall be paid to the superintendent and by him immediately remitted to the Indian entitled thereto. All sums due as royalty or damages shall be a lien on all equipment on leased premises.

§ 214.15 Homesteads.

Lessees and those acting under them shall not conduct prospecting or mining operations within or upon any homestead selection without written
§ 214.16 Settlement of damages.

Any person, other than a lessee or an allottee or the heirs of a deceased allottee, claiming an interest in any leased tract or in damages thereto must furnish to the officer in charge a statement in writing showing his interest, and failure to furnish such statement shall constitute a waiver of notice and estop said person from claiming any part of such damages after the same shall have been disbursed.

§ 214.17 Use of timber from restricted lands.

Lessees will not be permitted to use any timber from any Osage lands not relieved of restrictions upon alienation except under written agreement with the owner approved by the officer in charge.

The transferee or assignee shall furnish with his transfer or assignment a satisfactory bond as prescribed in §214.4 in connection with leases. Any attempt to transfer or assign an approved lease or any interest therein without the consent and approval of the Secretary of the Interior shall be absolutely void and shall subject the original lease to cancellation in the discretion of the secretary.

§ 214.19 Cancellation.

When a lessee makes application for the cancellation of a lease in whole or in part, all royalties or rentals due up to and including the date of the application for cancellation must be paid, and that part of the lease delivered to the lessee shall be surrendered before such application will be considered. In the event a lease is surrendered for cancellation in whole or in part, after a new lease year has been entered upon, the lessee and his surety shall be liable for the advance rentals required to be paid under the lease for that year, and no part of such rentals which may have been paid shall be refunded.

§ 214.20 Annual reports by corporate lessees.

Lessees and assignees must submit to the officer in charge on January 1, of each year and at such other times as may be required by the Secretary of the Interior, a statement containing the information called for in §214.3(a) and (f) and also showing any changes in officers or changes in or additions to stockholders. At any time individual stockholders may be required to show to the satisfaction of the Secretary of the Interior in what companies or with what persons or firms they are interested in mining leases on the Osage Reservation and whether they hold such stock or interest for themselves or in trust.

§ 214.21 Inspection of lessees' books and records.

§ 214.22 Serving of notices.

Wherever notice is provided for in this part it shall be sufficient if notice has been mailed to the last known place of address of the party, and time shall begin to run with the day next ensuing after the mailing or from the date of delivery of personal notice; but where the party is outside the State of Oklahoma the officer in charge may, in his discretion, increase the time allowed.
§ 214.23 Plat of mine location.

Lessees are required, when so requested, to file a plat of their leases showing exact locations of all mines, proposed locations, power houses, etc.

§ 214.24 Forms.

Applications, leases, and other papers must be upon forms prepared by the department, and the superintendent of the Osage Indian school, Pawhuska, Okla., will furnish prospective lessees with such forms at a cost of $1 per set.

§ 214.26 Fine; notice and hearing.

Violation of any of the terms or conditions of any lease or of the regulations pertaining thereto shall subject the lease to cancellation by the Secretary of the Interior, or the lessee to a fine of not exceeding $500 per day for each and every day the terms of the lease or of the regulations are violated, or the orders of the superintendent in reference thereto are not complied with, or to both such fine and cancellation in the discretion of the Secretary of the Interior: Provided, That the lessee shall be entitled to notice and hearing with respect to the terms of the lease or of the regulations violated, which hearing shall be held by the superintendent, whose findings shall be conclusive unless an appeal be taken to the Secretary of the Interior within 30 days after notice of the superintendent’s decision, and the decision of the Secretary of the Interior upon appeal shall be conclusive.

§ 214.27 Changes in regulations.

The regulations in this part are subject to change or alteration at any time by the Secretary of the Interior.

§ 214.28 Location of sites for mines and buildings.

§ 214.29 Prospecting; abandonment of mines.

All prospecting or mining operations or the abandonment of a well or mine shall be subject to the approval of the superintendent, and any disagreement between lessees of mineral leases regarding operations likely to result in injury to either lessee shall be determined by the superintendent, whose decision shall be final, unless an appeal is filed with the Secretary of the Interior within 30 days after notice of such decision.

All royalties belonging to the lessor shall be paid to the superintendent of the Quapaw Agency at Miami, Okla., or such other official as the Secretary of the Interior may designate, for the benefit of the lessor, not later than 15 days from the 1st of each month for ore and concentrates sold during the preceding month.

§ 215.4 Leases to be sold at public auction.
Except as otherwise provided in the regulations in this part, no lead and zinc mining lease under this part of restricted or trust allotted and inherited Indian lands within and under the Quapaw Indian Agency shall be made except to the highest responsible bidder at public auction.

§ 215.5 Royalty rates.
(a) In leases offered for sale at public auction under the regulations in this part the royalty to be paid by the lessee shall be stipulated at a fixed percentage of the gross proceeds of all lead and zinc ores and concentrates extracted from the leased premises, the royalty to be computed and based upon each sale of ore or concentrates separately, the rate of royalty to be determined and fixed by the Secretary of the Interior in the case of each lease prior to the offering of such lease for sale. Subject to the right of the Secretary of the Interior to reject any and all bids, leases offered for sale at public auction shall be awarded in each case to the responsible bidder submitting the highest bonus offer.

(b) In leases not offered for sale at public auction but otherwise made and entered into under the provisions of the regulations in this part the royalty stipulated and fixed therein shall be such as may be determined by the Secretary of the Interior or as may be agreed upon in each case, subject to the approval of the Secretary of the Interior.

§ 215.6 Applications for leases; consent of Indian owners.

(a) Applications or requests by the Indian owners of restricted or trust land, or by others, that such land be leased or offered for lease for lead and zinc mining purposes should be addressed to the Secretary of the Interior and submitted through the superintendent of the Quapaw Indian Agency. Upon receipt of such applications or requests, the superintendent shall give consideration thereto and forward the same to the Commissioner of Indian Affairs with his report and recommendation.

(b) In no instance will a new lease be executed and delivered (or advertised for sale to the highest bidder) unless the Indian owner thereof, if an adult who has not been specifically found by the Secretary of the Interior to be personally incompetent to transact ordinary business affairs, has agreed to the terms of said lease or the terms under which said lease is advertised for lease, except in cases where the land is owned by several co-tenants, and, in such cases, no such lease shall be given or advertised for sale unless the co-owners or a majority in interest, if adults, and not specifically declared incompetent, have first consented thereto: Provided, That in the event the majority in interest is owned by minors, or adults specifically found to be incompetent, then and in that event, the Secretary of the Interior reserves the right to lease the entire tract if, in his opinion, such leasing will inure to the best interest of the restricted Indian owners.

§ 215.7 Advertisement of sale of leases.

Upon authority being granted by the Secretary of the Interior to the superintendent to offer for sale at public auction a lead and zinc mining lease of any tract or tracts of restricted or trust allotted and inherited Indian lands, the superintendent shall cause a notice to be published once a week for at least 4 weeks in some designated newspaper of general circulation in the county in which the land is located, setting forth that upon a certain day, which shall be not less than 30 days from the first publication of such notice and at a place to be named in the notice, the superintendent or other duly authorized representatives of the Secretary of the Interior will offer for sale at public auction a lead and zinc mining lease of such lands to the highest and best bidder, subject to the rules and regulations prescribed by the Secretary of the Interior, notice to be in such form as may be prescribed by the Secretary of the Interior.

§ 215.8 Submission of bids.

At the time of public auction bidders may submit their bids in person or by authorized agents, but in the latter case the bids must be accompanied by power of attorney duly executed by the real party or person in interest. Sealed bids may be submitted by mail or otherwise to the superintendent at his office at Miami, Okla., or delivered to him at the place set for the sale at any time prior to the hour fixed for offering the lease for sale. At the time and place of the public auction and before receiving the public bids the officer in charge shall announce the amounts and terms of all sealed bids received by him and the names of the bidders. The persons present, including those, if any, who may have theretofore submitted sealed bids, shall then be allowed to offer public bids. The report of the superintendent to the Commissioner of Indian Affairs relative to the auction sale shall contain full information as to all bids received for the lease rights on the land. If any person or party fails or refuses to execute a lease after being declared the highest bidder after being awarded such lease, the amount tendered with his bid shall be forfeited to the superintendent for the benefit of the owner of the land.

§ 215.9 Execution of leases.

Whenever a lease award to a proposed lessee has been approved by the Secretary of the Interior, as provided in §§215.7 and 215.8, the lease contract shall be executed by the Indian owner of the land, if he be an adult and not incompetent as defined in §215.0(c). Before any lease is entered into by the Indian owners or is approved by the Secretary of the Interior, all the adult and competent owners or co-owners of the tract of land which it is proposed to lease, shall be furnished by the Bureau such geological reports as may be available or that can be secured from the representative of the Geological Survey showing the estimated mineral reserves on said property, the estimated reasonable value of such property for mining purposes, and such other data as might reasonably be necessary to fully advise the owners of said property of the then present status and mining value of their lands. If the Quapaw or other Indian owner of the land is a minor or an otherwise incompetent as defined in §215.0(c), the superintendent shall execute the new lease or leases or contract of extension of old leases on behalf of said Indian minor or incompetent. Said new leases or contracts of extension of old leases shall be subject to the regulations in this part by and between the Indian owner of the land or by the superintendent for and in his behalf, shall be subject to the approval of the Secretary of the Interior and shall become effective only upon such approval.

§ 215.10 Renewal of leases on developed lands.

(a) In cases where the lands have heretofore been leased, and lead and zinc ores have been discovered hereon, and it shall appear to the Secretary of the Interior to be advisable and to the best interests of the Indian owners of the lands that the terms of the existing lease or leases be extended or that a new lease or leases for an additional period of time, or that a new lease or leases to take effect upon the expiration of present valid leases, should, upon application therefor, be granted to either the present lessees or to parties holding under assignments, subleases, or mining contracts, from such present lessees, or to parties who have expended capital in lead and zinc mining operation and development of the land under such leases, assignments, subleases, or mining contracts, a new lease or leases or contract of extension or existing lease or leases as may be authorized by the Secretary of the Interior may be entered into with the proper party or parties as may be determined by the Secretary of the Interior, and such new lease or leases or contract of extension of existing lease or leases shall be executed subject to the regulations in this part by and between the Indian owner of the land, if an adult and not incompetent as defined in §215.0(c), and said proper party or parties. If the Quapaw or other Indian owner of the land is a minor or an otherwise incompetent as defined in §215.0(c), the superintendent shall execute the new lease or leases or contract of extension of existing lease or leases for and on behalf of said Indian minor or incompetent. Said new leases or contracts of extension of old leases, whether executed by the Indian owner of the land or by the superintendent for and in his behalf, shall be subject to the approval of the Secretary of the Interior and shall become effective only upon such approval. No offering for sale at public auction or advertisement of sale.
§ 215.11 New leases where prior leases have been forfeited or abandoned.

In cases where the lands have heretofore been leased and lead and zinc ores have been discovered but the mines and mining operations have been abandoned and the leases have been canceled or forfeited or have expired, special arrangements in the matter of the leasing and mining of said lands may be made provided the consent thereto of the Secretary of the Interior be first obtained. Applications containing special offers as to the terms and conditions may be considered by the Secretary of the Interior and the leasing of said lands may be made upon such special terms and conditions as the Secretary of the Interior may in each case deem to be for the best interests of the Indian owners of the land.
For further information concerning forms, see § 215.19.

If, however, in any case, it shall appear to the Secretary of the Interior that the granting of such lease would not be to the best interest of the Indian owners of the land, the Secretary of the Interior may cause the mining lease rights on said land to be offered for sale at public auction to the highest bidder. If the lead and zinc mining lease on said land be offered for sale at public auction, the same procedure shall be followed as provided in §§ 215.7 through 215.9.

§ 215.12 Advertising costs.

All advertising costs, publication fees, expenses incurred for abstracts of lease title, and other expenses incurred in connection with the advertising and sale of leases and in connection with the execution of lease contracts shall be borne by the lessee. In the event a lease of the land is offered to the highest bidder and he fails or refuses to execute such lease when duly notified and as required by or under the regulations in this part, and no other bid is accepted, such costs, fees, and expenses shall be paid from such money as he may have paid with his bid. If no bid is tendered after a tract is advertised, or if all bids are refused, said items of expenses shall be charged to the Indian owner of the land and be paid by him or be paid by the superintendent from any funds held by such superintendent to the credit of such Indian owner of the land.

§ 215.13 Bond.

Every mineral lease made and entered into under the regulations in this part, by an Indian or by the superintendent as his representative or in his behalf, must be accompanied by a surety bond, executed by the lessee and by a responsible surety company or two or more satisfactory sureties, guaranteeing the payment of all deferred installments of bonus and the payment of all specified royalties and rentals and the performance of all covenants and agreements undertaken by the lessee. Such bonds, unless authorized by the Secretary of the Interior or his authorized representative, with the consent of the Indian landowner, shall be not less than the following amounts:

For less than 80 acres—$2,500
For 80 acres and less than 120 acres—3,500

Provided, however, that the lessee may, in lieu of such surety bond and upon execution of a proper penal bond to the United States in the sum prescribed and a proper power of attorney to the Secretary of the Interior, submit therewith United States bonds or notes in the aggregate sum prescribed as security for the carrying out of the terms, conditions, and provisions of the lease: Provided further, that a lessee may file in lieu of such individual lease bonds, one bond in a sum to be fixed by the Secretary of the Interior covering all leases to which he is or may become a party. The right is specifically reserved to the Secretary of the Interior to require an increase of the amount of any bond above the sum named in any particular case where he deems it necessary to require such increased bond.

§ 215.14 Payments to be made to superintendent.

No bonus, rents, royalties, nor other payments accruing under any mineral lease executed in accordance with or subject to the regulations in this part and approved by the Secretary of the Interior shall be paid direct to the Indian lessor; but all such bonus, rents, royalties, and other payments accruing under any such lease shall be paid to the superintendent for the benefit of the Indian lessors, to be deposited by that officer to the credit of the superintendent in some bank designated for the deposit of individual Indian monies.

Except as provided in § 215.6(b), leases on Quapaw Indian lands, for mining minerals other than lead and zinc and for lead and zinc and associated minerals below the horizon of the rock stratum known as the Reed Springs Formation, shall be made pursuant to the provisions of part 212 of this subchapter.

§ 216.2 Scope.

(a) Except as provided in paragraph (b) of this section, the regulations in this part provide for the protection and conservation of nonmineral resources during operations for the discovery, development, surface mining, and onsite processing of minerals under permits or leases issued pursuant to statutes pertaining to Indian lands including but not limited to the following statutes or amendments thereto:

The Act of June 28, 1906 (34 Stat. 539);
The Act of May 27, 1908 (35 Stat. 312);
The Act of May 1, 1936 (49 Stat. 1250);
The Act of June 26, 1936 (49 Stat. 1967);

(b) The regulations in this part do not cover the exploration for oil and gas or the issuance of leases, or operations thereunder, nor minerals underlying lands, the surface of which is not owned by the owner of the minerals.

(c) The regulations in this part shall apply only to permits or leases issued subsequent to the date on which these regulations become effective and which are subject to the approval of the Secretary of the Interior or his designated representative.

§ 216.3 Definitions.

As used in the regulations in the part:

(a) Superintendent means the superintendent or other officer of the Bureau of Indian Affairs having jurisdiction under delegated authority, over the lands involved.

(b) Mining supervisor means the Regional Mining Supervisor, or his authorized representative, of the Geological Survey authorized as provided in 30 CFR 211.3 and 231.2 to supervise operations on the land covered by a permit or lease.

(c) Overburden means all the earth and other materials which lie above a natural deposit of minerals and such earth and other materials after removal from their natural state in the process of mining.

(d) Area of land to be affected or area of land affected means the area of land from which overburden is to be or has been removed and upon which the overburden or waste is to be or has been deposited, and includes all lands affected by the construction of new roads or the improvement or use of existing roads to gain access to an operation and for haulage.

(e) Operation means all of the premises, facilities, roads, and equipment used in the process of determining the location, composition or quality of a mineral deposit, or in developing, extracting, or onsite processing of a mineral deposit in a designated area.

(f) Method of operation means the method or manner by which a cut or open pit is made, the overburden is placed or handled, water is controlled or affected and other acts performed by the operator in the process of exploring or uncovering and removing or onsite processing of a mineral deposit.

(g) Holder or operator means the permittee or lessee designated in a permit or lease.

(h) Reclamation means measures undertaken to bring about the necessary reconditioning or restoration of land or water that has been affected by exploration or mineral development, mining or onsite processing operations, and waste disposal, in ways which will prevent or control onsite and offsite damage to the environment.

§ 216.4 Technical examination of prospective surface exploration and mining operations.

(a)(1) In connection with an application for a permit or lease, the superintendent shall make, or cause to be made, a technical examination of the prospective effects of the proposed exploration or surface mining operations upon the environment. The technical examination shall take into consideration the need for the preservation and protection of other resources, including cultural, recreational, scenic, historic, and ecological values; and control of
erosion, flooding, and pollution of water; the isolation of toxic materials; the prevention of air pollution; the reclamation by revegetation, replacement of soil or by other means, of lands affected by the exploration or mining operations; the prevention of slides; the protection of fish and wildlife and their habitat; and the prevention of hazards to public health and safety.

(2) A technical examination of an area should be made with the recognition that actual potential mining sites and mining operations vary widely with respect to topography, climate, surrounding land uses, proximity to densely used areas, and other environmental influences and that mining and reclamation requirements should provide sufficient flexibility to permit adjustment to local conditions.

(b) Based upon the technical examination, the superintendent shall formulate the general requirements which the applicant must meet for the protection of nonmineral resources during the conduct of exploration or mining operations and for the reclamation of lands or waters affected by exploration or mining operations. The general requirements shall be made known in writing to the applicant before the issuance of a permit or lease and upon acceptance thereof by the applicant, shall be incorporated in the permit or lease.

(c) In each instance in which an application is made the mining supervisor shall participate in the technical examination and in the formulation of the general requirements.

(d) The superintendent may prohibit or otherwise restrict operations on any part of an area whenever it is determined that such part of the area described in an application for a permit or lease is such that previous experience under similar conditions has shown that operations cannot feasibly be conducted by any known methods or measures to avoid—

1. Rock or landslides which would be a hazard to human lives or endanger or destroy private or public property; or

2. Substantial deposition of sediment and silt into streams, lakes, reservoirs; or

3. A lowering of water quality below standards established by the appropriate State water pollution control agency, or by the Secretary of the Interior, or his authorized representative; or

4. A lowering of the quality of waters whose quality exceeds that required by the established standards—unless and until it has been affirmatively demonstrated to the Secretary of the Interior, or his authorized representative, that such lowering of quality is necessary to economic and social development and will not preclude any assigned uses made of such waters; or

5. The destruction of key wildlife habitat or important scenic, historical, or other natural or cultural features.

(e) If, on the basis of a technical examination, the superintendent determines that there is a likelihood that there will be a lowering of water quality as described in paragraphs (d) (3) and (4) of this section caused by the operation, no lease or permit shall be issued until after consultation with the Federal Water Pollution Control Administration and a finding by the Administration that the proposed operation would not be in violation of the Federal Water Pollution Control Act, as amended (33 U.S.C. 466 et seq.), or of Executive Order No. 11288 (31 F.R. 9261). Where a permit or lease is involved the Superintendent's determination shall be made in consultation with the mining supervisor.

§ 216.5 Basis for denial of a permit or lease.

An application for a permit or lease to conduct exploratory or mining operations may be denied any applicant who has forfeited a required bond because of failure to comply with a mining plan. However, a permit or lease may not be denied an applicant because of the forfeiture of a bond if the lands disturbed under his previous permit or lease have subsequently been reclaimed without cost to the lessor or the United States.

§ 216.6 Approval of exploration plan.

(a) Before commencing any surface disturbing operations to explore, test or prospect for minerals, the operator shall file with the mining supervisor a plan for the proposed exploration operations. The mining supervisor shall
§ 216.7 Approval of mining plan.

(a) Before surface mining operations may commence under any permit or lease, the operator must file a mining plan with the mining supervisor and obtain his approval of the plan. The mining supervisor shall consult with the superintendent with respect to the surface protection and reclamation aspects before approving said plan.

(b) Depending upon the size and nature of the operation and the requirements established pursuant to §216.4 the mining supervisor may require that the exploration plan submitted by the operator include any or all of the following:

1. A description of the area within which exploration is to be conducted;
2. Two copies of a suitable map or aerial photograph showing topographic, cultural and drainage features;
3. A statement of proposed exploration methods; i.e., drilling, trenching, etc., and the location of primary support roads and facilities;
4. A description of measures to be taken to prevent or control fire, soil erosion, pollution of surface and ground water, damage to fish and wildlife or other natural resources, and hazards to public health and safety both during and upon abandonment of exploration activities.

(c) The mining supervisor shall promptly review the exploration plan submitted to him by the operator and shall indicate to the operator any changes, additions, or amendments necessary to meet the requirements formulated pursuant to §216.4, the provisions of these regulations, and the terms of the permit.

(d) The operator shall comply with the provisions of an approved exploration plan. The mining supervisor may, with respect to such a plan, exercise the authority provided by paragraphs (f) and (g) of §216.7 respecting a mining plan.

§ 216.7 Approval of mining plan.

(a) Before surface mining operations may commence under any permit or lease, the operator must file a mining plan with the mining supervisor and obtain his approval of the plan. The mining supervisor shall consult with the superintendent with respect to the surface protection and reclamation aspects before approving said plan.

(b) Depending upon the size and nature of the operation and the requirements established pursuant to §216.4 the mining supervisor may require that the exploration plan submitted by the operator include any or all of the following:

1. A description of the area to be affected by the operations;
2. Two copies of a suitable map or aerial photograph showing the topography, the area covered by the permit or lease, the name and location of major topographic and cultural features, and the drainage plan away from the area affected;
3. A statement of proposed methods of operating, including a description of proposed roads or vehicular trails; the size and location of structures and facilities to be built;
4. An estimate of the quantity of water to be used and pollutants that are expected to enter any receiving waters;
5. A design for the necessary impoundment, treatment or control of all runoff water and drainage from workings so as to reduce soil erosion and sedimentation and to prevent the pollution of receiving waters;
6. A description of measures to be taken to prevent or control fire, soil erosion, pollution of surface and ground water, damage to fish and wildlife, and hazards to public health and safety; and
7. A statement of the proposed manner and time of performance of work to reclaim areas disturbed by the holder’s operation.

(c) In those instances in which the permit or lease requires the revegetation of an area of land to be affected, the mining plan shall show:

1. Proposed methods of preparation and fertilizing the soil prior to replanting;
2. Types and mixtures of shrubs, trees, or tree seedlings, grasses or legumes to be planted; and
3. Types and methods of planting, including the amount of grasses or legumes per acre, or the number and spacing of trees, or tree seedlings, or combinations of grasses and trees.

(d) In those instances in which the permit or lease requires regrading and backfilling, the mining plan shall show the proposed methods and the timing of grading and backfilling of areas of land to be affected by the operation.
(e) The mining supervisor shall review the mining plan submitted to him by the operator and shall promptly indicate to the operator any changes, additions, or amendments necessary to meet the requirements formulated pursuant to §216.4, the provisions of these regulations and the terms of the permit or lease. The operator shall comply with the provisions of an approved mining plan.

(f) A mining plan may be changed by mutual consent of the mining supervisor and the operator at any time to adjust to changed conditions or to correct any oversight. To obtain approval of a change or supplemental plan, the operator shall submit a written statement of the proposed changes or supplement and the justification for the changes proposed. The mining supervisor shall promptly notify the operator that he consents to the proposed changes or supplement, or in the event he does not consent, he shall specify the modifications thereto under which the proposed changes or supplement would be acceptable. After mutual acceptance of a change of a plan, the operator shall not depart therefrom without further approval.

(g) If circumstances warrant or if development of a mining plan for the entire operation is dependent upon unknown factors which cannot or will not be determined except during the progress of the operations, a partial plan may be approved and supplemented from time to time. The operator shall not, however, perform any operation except under an approved plan.

§ 216.8 Performance bond.

(a) Upon approval of an exploration plan or mining plan, the operator shall be required to file a suitable performance bond of not less than $2,000 with satisfactory surety, payable to the Secretary of the Interior, and the bond shall be conditioned upon the faithful compliance with applicable regulations, the terms and conditions of the permit, lease, or contract, and the exploration or mining plan as approved, amended or supplemented. The bond shall be in an amount sufficient to satisfy the reclamation requirements established pursuant to an approved exploration or mining plan, or an approved partial or supplemental plan. In determining the amount of the bond consideration shall be given to the character and nature of the reclamation requirements and the estimated costs of reclamation in the event that the operator forfeits his performance bond. In lieu of a surety bond an operator may elect to deposit cash or negotiable bonds of the U.S. government. The cash deposit or the market value of such securities shall be equal at least to the required sum of the bond.

(b) In a particular instance where the circumstances are such as to warrant an exception, the amount of the bond for a particular operation may be reduced to less than the required minimum of $2,000.

(c) The superintendent shall set the amount of a bond and take the necessary action for an increase or for a complete or partial release of a bond. He shall take action with respect to bonds for leases or permits only after consultation with the mining supervisor.

§ 216.9 Reports.

(a) Within 30 days after the end of each calendar year, or if operations cease before the end of a calendar year, within 30 days after the cessation of operations, the operator shall submit an operations report to the mining supervisor containing the following information:

(1) An identification of the permit or lease and the location of the operation.

(2) A description of the operations performed during the period of time for which the report is filed.

(3) An identification of the area of land affected by the operations and a description of the manner in which the land has been affected.

(4) A statement as to the number of acres disturbed by the operations and the number of acres which were reclaimed during the period of time.

(5) A description of the method utilized for reclamation and the results thereof.

(6) A statement and description of reclamation work remaining to be done.

(b) Upon completion of such grading and backfilling as may be required by
§ 216.10 Inspection: Notice of noncompliance: Revocation.

(a) The mining supervisor and superintendent shall have the right to enter upon the lands under a permit or lease, at any reasonable time, for the purpose of inspection or investigation to determine whether the terms and conditions of the permit or lease and the requirements of the exploration or mining plan have been complied with.

(b) If the mining supervisor determines that an operator has failed to comply with the terms and conditions of a permit or lease, or with the requirements of an exploration or mining plan, or with the provisions of applicable regulations, the superintendent shall serve a notice of noncompliance upon the operator by delivery in person to him or his agent or by certified or registered mail addressed to the operator at his last known address.

(c) A notice of noncompliance shall specify in what respects the operator has failed to comply with the terms and conditions of a permit or lease or the requirements of an exploration or mining plan, or the provisions of applicable regulations, and shall specify the action which must be taken to correct the noncompliance and the time limits within which such action must be taken.

(d) Failure of the operator to take action in accordance with the notice of noncompliance shall be grounds for suspension by the mining supervisor of operations or for the initiation of action for the cancellation of the permit or lease and for forfeiture of the surety bond required under § 216.8.

§ 216.11 Appeals.

An applicant, permittee, lessee, or lessor aggrieved by a decision or order of a mining supervisor or superintendent may appeal such decision or order. An appeal from a decision or order of a mining supervisor shall be made pursuant to 25 CFR part 2. An appeal from a decision or order of a mining supervisor shall be made pursuant to 30 CFR parts 211 and 231.
§ 216.12 Consultation.

A superintendent shall consult with the Indian landowner with respect to actions he proposes to take under §§ 216.4, 216.6, 216.7, 216.9, and 216.10.

The question of "best interest" within the meaning of paragraph (c)(1) of this section shall be determined by the Secretary based on information obtained from the parties, and any other information considered relevant by the Secretary, including, but not limited to, a review of comparable contemporaneous contractual arrangements or offers for the development of similar mineral resources received by Indian mineral owners, by non-Indian mineral owners, or by the Federal Government, insofar as that information is readily available.

(e) If a Superintendent or Area Director believes that a minerals agreement should not be approved, a written statement of the reasons why the minerals agreement should not be approved shall be prepared and forwarded, together with the minerals agreement, the written findings required by paragraph (b) and subparagraphs (b)(1) through (b)(4), inclusive, of this section, and all other pertinent documents, to the Secretary for a decision with a copy to the affected Indian mineral owner.

(1) Seek the comments of the Advisory Council on Historic Preservation, in accordance with 36 CFR part 800;

(2) Ensure that the property is avoided, that the adverse effect is mitigated, or that appropriate excavations or other related research is conducted; and

An amendment, modification or supplement to a minerals agreement entered into pursuant to the regulations in this part, whether the minerals agreement was approved before or after the effective date of these regulations, must be approved in writing by all parties before being submitted to the Secretary for approval. The provisions of §225.22 apply to approvals of amendments, modifications, or supplements to minerals agreements entered into under the regulations in this part. § 225.36 Minerals agreement cancellation; Bureau of Indian Affairs notice of noncompliance.
(a) If the Secretary determines that an operator has failed to comply with the regulations in this part; other applicable laws or regulations; the terms of the minerals agreement; the requirements of an approved exploration, drilling or mining plan; Secretarial orders; or the orders of the Authorized Officer, the Director's Representative, or the MMS Official, the Secretary may:
(1) Serve a notice of noncompliance; or
(2) Serve a notice of proposed cancellation.
(b) The notice of noncompliance shall specify in what respect the operator has failed to comply with the requirements referenced in paragraph (a), and shall specify what actions, if any, must be taken to correct the noncompliance.
(c) The notice of proposed cancellation shall set forth the reasons why cancellation is proposed.
(d) The notice of proposed cancellation or noncompliance shall be served upon the operator by delivery in person or by certified mail to the operator at the operator's last known address. When certified mail is used, the date of service shall be deemed to be when received or five (5) working days after the date it is mailed, whichever is earlier.
(e) The operator shall have thirty (30) days (or such longer time as specified in the notice) from the date that the Bureau of Indian Affairs notice of proposed cancellation or noncompliance is served to respond, in writing, to the Superintendent or Area Director actually issuing the notice.
(f) If an operator fails to take any action that may be prescribed in the notice of proposed cancellation, fails to file a timely written response to the notice, or files a written response that does not, in the discretion of the Secretary, adequately justify the operator's failure to comply, then the Secretary may cancel the minerals agreement, specifying the basis for the cancellation. Cancellation of a minerals agreement shall not relieve the operator of any continuing obligation under the minerals agreement.
(g) If an operator fails to take corrective action or to file a timely written response adequately justifying the operator's actions pursuant to a notice of noncompliance, the Secretary may issue an order of cessation. If the operator fails to comply with the order of cessation, or fails to timely file an appeal of the order of cessation pursuant to paragraph (k) of this section, the Secretary may issue an order of minerals agreement cancellation.
(h) This section does not limit any other remedies of the Indian mineral owner as set forth in the minerals agreement.
(i) Nothing in this section is intended to limit the authority of the Authorized Officer, the Director's Representative, the MMS Official, and the Superintendent or Area Director to take any enforcement action authorized pursuant to statute or regulation.
(j) The Authorized Officer, the Director's Representative, the MMS Official, and the Superintendent or Area Director should consult with one another before taking any enforcement actions.
(k) If orders of cessation or minerals agreement cancellation issued pursuant to this section are issued by a designee of the Secretary other than the Assistant Secretary for Indian Affairs, the orders may be appealed under 25 CFR part 2. If the orders are issued by the Secretary or the Assistant Secretary for Indian Affairs, and not one of their delegates or subordinates, the orders are the final orders of the Department.

§ 225.37 Penalties.
(a) In addition to or in lieu of cancellation under § 225.36, violations of the terms and conditions of any minerals agreement, the regulations in this part, other applicable laws or regulations, or failure to comply with a notice of noncompliance or a cessation order issued by the Secretary may subject an operator to a penalty of not more than $1,000 per day for each day

§ 225.40 Government employees cannot acquire minerals agreements.

U.S. Government employees are prevented from acquiring any interest(s) in minerals agreements by the provisions of 25 CFR part 140 and 43 CFR part 20 pertaining to conflicts of interest and ownership of an interest in trust land.

(b) In lieu of the bonds required under paragraph (a) of this section, a bond in the penal sum of $150,000 may be filed on Form 5-5438 for full nationwide coverage of all leases, without geographic or acreage limitation, to which the Lessee is or may become a party.

(d) The right is specifically reserved to increase the amount of bonds prescribed in paragraphs (a) and (c) of this section in any particular case when the Superintendent deems it proper. The

Leases issued pursuant to this part shall be subject to the current regulations of the Secretary, all of which are made a part of such leases: Provided, That no amendment or change of such regulations made after the approval of any lease shall operate to affect the term of the lease, rate of royalty, rental, or acreage unless agreed to by both parties and approved by the Superintendent.
§ 226.7 Nationwide bond may be increased at any time in the discretion of the Secretary.

§ 226.7 Provisions of forms made a part of the regulations.

(b) Whenever deemed advisable the Superintendent may require a corporation to file any additional information necessary to carry out the purpose and intent of the regulations in this part, and such information shall be furnished within a reasonable time.

§ 226.9 Rental and drilling obligations.
(a) Oil leases, gas leases, and combination oil and gas leases. Unless Lessee shall complete and place on production a well producing and selling oil and/or gas in paying quantities on the land embraced within the lease within 12 months from the date of approval of the lease, or as otherwise provided in the lease terms, or 12 months from the date the Superintendent consents to drilling on any restricted homestead selection, the lease shall terminate unless rental at the rate of not less than $1 per acre for an oil or gas lease, or not less than $2.00 per acre for a combination oil and gas lease, shall be paid before the end of the first year of the lease. The lease may also be held for the remainder of its primary term without drilling upon payment of the specified rental annually in advance, commencing with the second lease year. The lease shall terminate as of the due date of the rental unless such rental shall be received by the Superintendent, or shall have been mailed as indicated by postmark on or before said date. The completion of a well producing in paying quantities shall, for so long as such production continues, relieve Lessee from any further payment of rental, except that should such production cease during the primary term the lease may be continued only during the remaining primary term of the lease by payment of advance rental which shall commence on the next anniversary date of the lease. Rental shall be paid on the basis of a full year and no refund will be made of advance rental paid in compliance with the regulations in this part: Provided, That the Superintendent in his discretion may order further development of any leased acreage or separate horizon if, in his opinion, a prudent operator would conduct further development. If Lessee refuses to comply, the refusal will be considered a violation of the lease terms and said lease shall be subject to cancellation as to the acreage or horizon the further development of which was ordered: Provided further, That the Superintendent may impose restrictions as to time of drilling and rate of production from any well or wells when in his judgment, such action may be necessary or proper for the protection of the natural resources of the leased land and the interests of the Osage Tribe. The superintendent may consider, among other things, Federal and Oklahoma laws regulating either drilling or production. If a lessee holds both an oil lease and a gas lease covering the same acreage, such lessee is subject to the provisions of this section as to both the oil lease and the gas lease.

(b) The Superintendent may, with the consent of and under terms approved by the Osage Tribal Council, grant an extension of the primary term of a lease on which the actual drilling of a well shall have commenced within the term thereof or for the purpose of enabling Lessee to obtain a market for his oil and/or gas production.

§ 226.10 Term of lease.

Leases issued hereunder shall be for a primary term as established by the Osage Tribal Council, approved by the Superintendent, and so stated in the notice of sale of such leases and so long thereafter as the minerals specified are produced in paying quantities.

§ 226.11 Royalty payments.

(a) Royalty on oil—(1) Royalty rate. Lessee shall pay or cause to be paid to the Superintendent, as royalty, the sum of not less than 16 2/3 percent of the gross proceeds from sales after deducting the oil used by Lessee for development and operation purposes on the lease: Provided, That when the quantity of oil taken from all the producing wells on any quarter-section or fraction thereof, according to the public survey, during any calendar month is sufficient to average one hundred or more barrels per active producing well per day the royalty on such oil shall be not less than 20 percent. The Osage Tribal Council may, upon presentation of justifiable economic evidence by Lessee, agree to a revised royalty rate subject to approval by the Superintendent, applicable to additional oil produced from a lease or leases by enhanced recovery methods, which rate shall not be less than 12 1/2 percent of the gross proceeds from oil produced by enhanced recovery processes, other than gas injection, after deducting the oil used by Lessee for development and operating purposes on the lease or leases.

(2) Unless the Osage Tribal Council, with approval of the Secretary, shall elect to take the royalty in kind, payment is owing at the time of sale or removal of the oil, except where payments are made ondivision orders, and settlement shall be based on the actual selling price, but at not less than the highest posted price by a major purchaser (as defined in §226.1(h)) in Osage County, Oklahoma, who purchases production from Osage oil leases.

(3) Royalty in kind. Should Lessor, with approval of the Secretary, elect to take the royalty in kind, Lessee shall furnish free storage for royalty oil for a period not to exceed 60 days from date of production after notice of such election.

(b) Royalty on gas—(1) Oil lease. All casinghead gas shall belong to the oil Lessee subject to any rights under existing gas leases. All casinghead gas removed from the lease from which it is produced shall be metered unless otherwise approved by the Superintendent and be subject to a royalty of not less than 16 1/2 percent of the market value of the gas and all products extracted therefrom, less a reasonable allowance for manufacture or processing. If an oil Lessee supplies casinghead gas produced from one lease for operation and/or development of other leases, either his/hers or others, a royalty of not less than 16 1/2 percent shall be paid on the market value of all casinghead gas so used. All casinghead gas not utilized by the oil Lessee may, with the approval of the Superintendent, be utilized or sold by the gas Lessee, subject to the prescribed royalty of not less than 16 1/2 percent of the market value.

(2) Gas lease. Lessee shall pay a royalty of not less than 16 1/2 percent of the market value of all natural gas and products extracted therefrom produced and sold from his lease. Natural gas used in the reasonable and prudent operation and development of said lease shall be exempted from royalty payment.

(3) Combination oil and gas lease. Lessee shall pay royalty as provided in paragraphs (b)(1) and (2) of this section.

(c) Minimum royalty. In no event shall the royalty paid from producing leases during any year be less than an amount equal to the annual rental specified for the lease. Any underpayment of minimum royalty shall be due and payable within 45 days following the end of the lease year. After the primary term, Lessee shall submit with his payment evidence that the lease is producing in paying quantities. The Superintendent is authorized to determine whether the lease is actually producing in paying quantities or has terminated for lack of such production. Payment for any underpayment not made within the time specified shall be subject to a late charge at the rate of not less than 1 1/2...
§ 226.12 Government reserves right to purchase oil.

Any of the executive departments of the U.S. Government shall have the option to purchase all or any part of the oil produced from any lease at not less than the highest posted price as defined in § 226.11.

§ 226.13 Time of royalty payments and reports.

(a) Royalty payments due may be paid by either purchaser or Lessee. Unless otherwise provided by the Osage Tribal Council and approved by the Superintendent, all payments shall be due by the 25th day of each month and shall cover the sales of the preceding month. Failure to make such payments shall subject Lessee or purchaser, whoever is responsible for royalty payment, to a late charge at the rate of not less than 1 1/2 percent for each month or fraction thereof until paid. The Osage Tribal Council, subject to the approval of the Superintendent, may waive the late charges.

(b) Lessee shall furnish certified monthly reports by the 25th of each following month covering all operations, whether there has been production or not, indicating therein the total amount of oil, natural gas, casinghead gas, and other products subject to royalty payment.

(c) Failure to remit payments or reports shall subject Lessee to further penalties as provided in §§ 226.42 and 226.43 and shall subject the division order to cancellation.

§ 226.14 Contracts and division orders.

(a) Lessee may enter into division orders or contracts with the purchasers of oil, gas, or derivatives therefrom which will provide for the purchaser to make payment of royalty in accordance with his lease: Provided, That such division orders or contracts shall not relieve Lessee from responsibility for the payment of the royalty should the purchaser fail to pay. No production shall be removed from the leased premises until a division order and/or contract and its terms are approved by the Superintendent: Provided further, That the Superintendent may grant temporary permission to run oil or gas from a lease pending the approval of a division order or contract. Lessee shall file a certified monthly report and pay royalty on the value of all oil and gas used off the premises for development and operating purposes. Lessee shall be responsible for the correct measurement and reporting of all oil and/or gas taken from the leased premises.

(b) Lessee shall require the purchaser of oil and/or gas from his/her lease or leases to furnish the Superintendent, no later than the 25th day of each month, a statement reporting the gross barrels of oil and/or gross Mcf of gas sold during the preceding month. The Superintendent may authorize an extension of time, not to exceed 10 days, for furnishing this statement.

§ 226.15 Unit leases, assignments and related instruments.

(a) Unitization of leases. The Osage Tribal Council and Lessee or Lessees, may, with the approval of the Superintendent, unitize or merge, two or more oil or oil and gas leases into a unit or cooperative operating plan to promote the greatest ultimate recovery of oil and gas from a common source of supply or portion thereof embracing the lands covered by such lease or leases. The cooperative or unit agreement shall be subject to the regulations in this part and applicable laws governing the leasing of the Osage Mineral Estate. Any agreement between the parties in interest to terminate a unit or cooperative agreement as to all or any portion of the lands included shall be submitted to the Superintendent for his approval. Upon approval the leases included thereunder shall be restored to their original terms: Provided, That for the purpose of preventing waste and to promote the

Bureau of Indian Affairs, Interior § 226.16

The greatest ultimate recovery of oil and gas from a common source of supply or portion thereof, all oil leases, oil and gas leases, and gas leases issued here-tofore and hereafter under the provisions of the regulations in this part shall be subject to any unit development plan affecting the leased lands that may be required by the Superintendent with the consent of the Osage Tribal Council, and which plan shall adequately protect the rights of all parties in interest including the Osage Mineral Estate.

(b) Assignments. Approved leases or any interest therein may be assigned or transferred only with the approval of the Superintendent. The assignee must be qualified to hold such lease under existing rules and regulations and shall furnish a satisfactory bond conditioned for the faithful performance of the covenants and conditions thereof. Lessee must assign either his entire interest in a lease or legal subdivision thereof, or an undivided interest in the whole lease. Provided, That when an assignment covers only a portion of a lease or covers interests in separate horizons such assignment shall be subject to both the consent of the Osage Tribal Council and approval of the Superintendent. If a lease is divided by the assignment of an entire interest in any part, each part shall be considered a separate lease and the assignee shall be bound to comply with all the terms and conditions of the original lease. A fully executed copy of the assignment shall be filed with the Superintendent within 30 days after the date of execution by all parties. If requested within the 30-day period, the Superintendent may grant an extension of 15 days. A filing fee of $10 shall accompany each assignment.

(c) Overriding royalty. Agreements creating overriding royalties or payments out of production shall not be considered as an interest in a lease as such term is used in paragraph (b) of this section. Agreements creating overriding royalties or payments out of production are hereby authorized and the approval of the Department of the Interior or any agency thereof shall not be required with respect thereto, but such agreements shall be subject to the condition that nothing in any such agreement shall be construed as modifying any of the obligations of Lessee under his lease and the regulations in this part. All such obligations are to remain in full force and effect, the same as if free of any such royalties or payments. The existence of agreements creating overriding royalties or payments out of production, whether or not acutally paid, shall not be considered in justifying the shutdown or abandonment of any well. Agreements creating overriding royalties or payments out of production need not be filed with the Superintendent unless incorporated in assignments or instruments required to be filed pursuant to paragraph (b) of this section. An agreement creating overriding royalties or payment out of production shall be suspended when the working interest income per active producing well is equal to or less than the operational cost of the well, as determined by the Superintendent.

(d) Drilling contracts. The Superintendent is authorized to approve drilling contracts with a stipulation that such approval does not in any way bind the Department to approve subsequent assignments that may be provided for in said contracts. Approval merely authorizes entry on the lease for the purpose of development work.

(e) Combining leases. The lessee owning both an oil lease and gas lease covering the same acreage is authorized to convert such leases to a combination oil and gas lease.

OPERATIONS § 226.16 Commencement of operations.

(a) No operations shall be permitted upon any tract of land until a lease covering such tract shall have been approved by the Superintendent: Provided, That the Superintendent may grant authority to any party under such rules, consistent with the regulations in this part that he deems proper, to conduct geophysical and geological exploration work.
§ 226.17 How to acquire permission to begin operations on a restricted homestead allotment.

(a) Lessee may conduct operations within or upon a restricted homestead selection only with the written consent of the Superintendent.

(b) If the allottee is unwilling to permit operations on his homestead, the Superintendent will cause an examination of the premises to be made with the allottee and lessee or his representative. Upon finding that the interests of the Osage Tribe require that the tract be developed, the Superintendent will endeavor to have the parties agree upon the terms under which operations on the homestead may be conducted.

(c) In the event the allottee and lessee cannot reach an agreement, the matter shall be presented by all parties before the Osage Tribal Council, and the Council shall make its recommendations. Such recommendations shall be considered as final and binding upon the allottee and lessee. A guardian may represent the allottee. Where no one is authorized or where no person is deemed by the Superintendent to be a proper party to speak for a person of unsound mind or feeble understanding, the Principal Chief of the Osage Tribe shall represent him.

(d) If the allottee or his representative does not appear before the Osage Tribal Council when notified by the Superintendent, or if the Council fails to act within 10 days after the matter is referred to it, the Superintendent may authorize lessee to proceed with operations in conformity with the provisions of his lease and the regulations in this part.

§ 226.18 Information to be given surface owners prior to commencement of drilling operations.

Except for the surveying and staking of a well, no operations of any kind shall commence until the lessee or his/her authorized representative shall meet with the surface owner or his/her representative, if a resident of and present in Osage County, Oklahoma. Unless waived by the Superintendent or otherwise agreed to between the lessee and surface owner, such meeting shall be held at least 10 days prior to the commencement or any operations, except for the surveying and staking of the well. At such meeting lessee or his/her authorized representative shall comply with the following requirements:

(a) Indicate the location of the well or wells to be drilled.

(b) Arrange for route of ingress and egress. Upon failure to agree on route ingress and egress, said route shall be set by the Superintendent.

(c) Impart to said surface owners the name and address of the party or representative upon whom the surface owner shall serve any claim for damages which he may sustain from mineral development or operations, and as to the procedure for settlement thereof as provided in § 226.21.

(d) Where the drilling is to be on restricted land, lessee or his authorized representative in the manner provided above shall meet with the Superintendent.

(e) When the surface owner or his/her representative is not a resident of, or is not physically present in, Osage County, Oklahoma, or cannot be contacted at the last known address, the Superintendent may authorize lessee to proceed with operations.

§ 226.19 Use of surface of land.

(a) Lessee or his/her authorized representative shall have the right to use so much of the surface of the land within the Osage Mineral Estate as may be reasonable for operations and marketing. This includes but is not
limited to the right to lay and maintain pipelines, electric lines, pull rods, other appliances necessary for operations and marketing, and the right-of-way for ingress and egress to any point of operations. If Lessee and surface owner are unable to agree as to the routing of pipelines, electric lines, etc., said routing shall be set by the Superintendent. The right to use water for lease operations is established by §226.24. Lessee shall conduct his/her operations in a workmanlike manner, commit no waste and allow none to be committed upon the land, nor permit any unavoidable nuisance to be maintained on the premises under his/her control.

(b) Before commencing a drilling operation, Lessee shall pay or tender to the surface owner commencement money in the amount of $25 per seismic shot hole and commencement money in the amount of $300 for each well, after which Lessee shall be entitled to immediate possession of the drilling site. Commencement money will not be required for the redrilling of a well which was originally drilled under the currently lease. A drilling site shall be held to the minimum area essential for operations and shall not exceed one and one-half acres in area unless authorized by the Superintendent. Commencement money shall be a credit toward the settlement of the total damages. Acceptance of commencement money by the surface owner does not affect his/her right to compensation for damages as described in §226.20, occasioned by the drilling and completion of the well for which it was paid. Since actual damage to the surface from operations cannot necessarily be ascertained prior to the completion of a well as a serviceable well or dry hole, a damage settlement covering the drilling operation need not be made until after completion of drilling operations.

(c) Where the surface is restricted land, commencement money shall be paid to the Superintendent for the landowner. All other surface owners shall be paid or tendered such commencement money direct. Where such surface owners are not residents of Osage County nor have a representative located therein, such payment shall be made or tendered to the last known address of the surface owner at least 5 days before commencing drilling operation on any well: Provided, That should lessee be unable to reach the owner of the surface of the land for the purpose of tendering the commencement money or if the owner of the surface of the land shall refuse to accept the same, lessee shall deposit such amount with the Superintendent by check payable to the Bureau of Indian Affairs. The superintendent shall thereupon advise the owner of the surface of the land by mail at his last known address that the commencement money is being held for payment to him upon his written request.

(d) Lessee shall also pay fees for tank sites not exceeding 50 feet square at the rate of $100 per tank site or other vessel: Provided, That no payment shall be due for a tank temporarily set on a well location site for drilling, completing, or testing. The sum to be paid for a tank occupying more than 50 feet square shall be agreed upon between the surface owner and lessee or, on failure to agree, the same shall be determined by arbitration as provided by §226.21.

§226.20 Settlement of damages claimed.

(a) Lessee or his authorized representative or geophysical permittee shall pay for all damages to growing crops, any improvements on the lands, and all other surface damages as may be occasioned by operations. Commencement money shall be a credit toward the settlement of the total damages occasioned by the drilling and completion of the well for which it was paid. Such damages shall be paid to the owner of the surface and by him apportioned among the parties interested in the surface, whether as owner, surface lessee, or otherwise, as the parties may mutually agree or as their interests may appear. If lessee or his authorized representative and surface owner are unable to agree concerning damages, the same shall be determined by arbitration. Nothing herein contained shall
§ 226.21 Procedure for settlement of damages claimed.

Where the surface owner or his lessee suffers damage due to the oil and gas operations and/or marketing of oil or gas by lessee or his authorized representative, the procedure for recovery shall be as follows:

(a) The party or parties aggrieved shall, as soon as possible after the discovery of any damages, serve written notice to Lessee or his authorized representative as provided by §226.18. Written notice shall contain the nature and location of the alleged damages, the date of occurrence, the names of the party or parties causing said damages, and the amount of damages. It is not intended by this requirement to limit the time within which action may be brought in the courts to less than the 90-day period allowed by section 2 of the Act of March 2, 1929 (45 Stat. 1478, 1479).

(b) If the alleged damages are not adjusted at the time of such notice, Lessee or his authorized representative shall try to adjust the claim with the party or parties aggrieved within 20 days from receipt of the notice. If the claimant is the owner of restricted property and a settlement results, a copy of the settlement agreement shall be filed with the Superintendent. If the settlement agreement is approved by the Superintendent, payment shall be made to the Superintendent for the benefit of said claimant.

(c) If the parties fail to adjust the claim within the 20 days specified, then within 10 days thereafter each of the interested parties shall appoint an arbitrator who immediately upon their appointment shall agree upon a third arbitrator. If the two arbitrators shall fail to agree upon a third arbitrator within 10 days, they shall immediately notify the parties in interest. If said parties cannot agree upon a third arbitrator within 5 days after receipt of such notice, the Superintendent shall appoint the third arbitrator.

(d) As soon as the third arbitrator is appointed, the arbitrators shall meet; hear the evidence and arguments of the parties; and examine the lands, crops, improvements, or other property alleged to have been injured. Within 10 days they shall render their decision as to the amount of the damage due. The arbitrators shall be disinterested persons. The fees and expenses of the third arbitrator shall be borne equally by the claimant and Lessee or his authorized representative. Each Lessee or his authorized representative and claimant shall pay the fee and expenses for the arbitrator appointed by him.

(e) When an act of an oil or gas lessee or his authorized representative results in injury to both the surface owner and his lessee, the parties aggrieved shall join in the appointment of an arbitrator. Where the injury complained of is chargeable to one or more oil or gas Lessee, or his authorized representative, such Lessee or said representative shall join in the appointment of an arbitrator.

(f) Any two of the arbitrators may make a decision as to the amount of damage due. The decision shall be in writing and shall be served forthwith...
§ 226.24 Lessee's use of water.

Lessee or his contractor may, with the approval of the Superintendent, use water from streams and natural water courses to the extent that same does not diminish the supply below the requirements of the surface owner from whose land the water is taken. Similarly, Lessee or his contractor may use water from reservoirs formed by the impoundment of water from such

§ 226.22 Prohibition of pollution.

(a) All operators, contractors, drillers, service companies, pipe pulling and salvaging contractors, or other persons, shall at all times conduct their operations and drill, equip, operate, produce, plug and abandon all wells drilled for oil or gas, service wells or exploratory wells (including seismic, core and stratigraphic holes) in a manner that will prevent pollution and the migration of oil, gas, salt water or other substance from one stratum into another, including any fresh water bearing formation. (b) Pits for drilling mud or deleterious substance used in the drilling, completion, recompletion, or workover of any well shall be constructed and maintained to prevent pollution of surface and subsurface fresh water. These pits shall be enclosed with a fence of at least four strands of barbed wire, or an approved substitute, stretched taut to adequately braced corner posts, unless the surface owner, user, or the Superintendent gives consent to the contrary. Immediately after completion of operations, pits shall be emptied and leveled unless otherwise requested by surface owner or user. (c) Drilling pits shall be adequate to contain mud and other material extracted from wells and shall have adequate storage to maintain a supply of mud for use in emergencies. (d) No earthen pit, except those used in the drilling, completion, recompletion or workover of a well, shall be constructed, enlarged, reconstructed or used without approval of the Superintendent. Unlined earthen pits shall not be used for the continued storage of salt water or other deleterious substances.

(e) Deleterious fluids other than fresh water drilling fluids used in drilling or workover operations, which are displaced or produced in well completion or stimulation procedures, including but not limited to fracturing, acidizing, swabbing, and drill stem tests, shall be collected into a pit lined with plastic of at least 30 mil or a metal tank and maintained separately from above-mentioned drilling fluids to allow for separate disposal.

§ 226.23 Easements for wells off leased premises.

The Superintendent, with the consent of the Osage Tribal Council, may grant commercial and noncommercial easements for wells off the leased premises to be used for purposes associated with oil and gas production. Rental payable to the Osage Tribe for such easements shall be an amount agreed to by Grantee and the Osage Tribal Council subject to the approval of the Superintendent. Grantee shall be responsible for all damages resulting from the use of such wells and settlement therefor shall be made as provided in §226.21.

§ 226.24 Lessee's use of water.

Lessee or his contractor may, with the approval of the Superintendent, use water from streams and natural water courses to the extent that same does not diminish the supply below the requirements of the surface owner from whose land the water is taken. Similarly, Lessee or his contractor may use water from reservoirs formed by the impoundment of water from such
streams and natural water courses, provided such use does not exceed the quantity to which they originally would have been entitled had the reservoirs not been constructed. Lessee or his contractor may install necessary lines and other equipment within the Osage Mineral Estate to obtain such water. Any damage resulting from such installation shall be settled as provided in §226.21.

§ 226.25 Gas well drilled by oil lessees and vice versa.

Prior to drilling, the oil or gas lessee shall notify the other lessee of his/her intent to drill. When an oil lessee in drilling a well encounters a formation or zone having indications of possible gas production, or the gas lessee in drilling a well encounters a formation or zone having indication of possible oil production, he/she shall immediately notify the other lessee and the Superintendent. Lessee drilling the well shall obtain all information which a prudent operator utilizes to evaluate the productive capability of such formation or zone.

(a) Gas well to be turned over to gas lessee. If the oil lessee drills a gas well, he/she shall, without removing from the well any of the casing or other equipment, immediately shut the well in and notify the gas lessee and the Superintendent. If the gas lessee does not, within 45 days after receiving notice and cost of drilling, elect to take over the well, he/she must immediately notify the gas lessee and the Superintendent. If the lessee who drilled the well does not elect to take over said well as provided above, the disposition of such well and the production therefrom shall be determined by the Superintendent. In the event the lessee does not elect to take over the well as provided above, the disposition of such well and the production therefrom shall be determined by the Superintendent. In the event the oil lessee and gas lessee cannot agree on the cost of the well, the Superintendent will apportion the cost between the oil and gas lessees.

(b) Oil well to be turned over to oil lessee. If the gas lessee drills an oil well, he/she shall immediately, without removing from the well any of the casing or other equipment, notify the oil lessee and the Superintendent.

(1) If the oil lessee does not, within 45 days after receipt of notice and cost of drilling, elect to take over the well, he/she must immediately notify the gas lessee. From that point, the Superintendent must approve the disposition of the well, and any gas produced from it.

(2) If the oil lessee chooses to take over the well, he/she must pay to the gas lessee:
   (i) The cost of drilling the well, including all damages paid; and
   (ii) The cost in place of casing and other equipment.

(3) If the oil lessee and the gas lessee cannot agree on the cost of the well, the Superintendent will apportion the cost between the oil and gas lessees. If the lessees do not accept the apportionment, the oil or gas lessee who drilled the well must plug the well.

(c) Lands not leased. If the gas lessee shall drill an oil well upon lands not leased for oil purposes or vice versa, the Superintendent may, until such time as said lands are leased, permit the lessee who drilled the well to operate and market the production therefrom. When said lands are leased, the lessee who drilled and completed the well shall be reimbursed by the oil or gas lessee, for the cost of drilling said well, including all damages paid and the cost in-place of casing, tubing, and other equipment. If the lessee does not elect to take over said well as provided above, the disposition of such well and the production therefrom shall be determined by the Superintendent. In the event the lessee and gas lessee cannot agree on the cost of the well, such cost shall be apportioned between the oil and gas lessee by the Superintendent. If such apportionment is not accepted, the well shall be plugged by the oil and gas lessee who drilled the well.

§ 226.26 Determining cost of well.

The term “cost of drilling” as applied where one lessee takes over a well drilled by another, shall include all
reasonable, usual, necessary, and proper expenditures. A list of expenses mentioned in this section shall be presented to proposed purchasing lessee within 10 days after the completion of the well. In the event of a disagreement between the parties as to the charges assessed against the well that is to be taken over, such charges shall be determined by the Superintendent.

§ 226.27 Gas for operating purposes and tribal use.

(a) Gas to be furnished oil lessee. Lessee of a producing gas lease shall furnish the oil lessee sufficient gas for operating purposes at a rate to be agreed upon, or on failure to agree the rate shall be determined by the Superintendent: Provided, That the oil lessee shall at his own expense and risk, furnish and install the necessary connections to the gas lessee's well or pipeline. All such connections shall be reported in writing to the Superintendent.

(b) Use of gas by Osage Tribe. (1) Gas from any well or wells shall be furnished any Tribal-owned building or enterprise at a rate not to exceed the price less royalty being received or offered by a gas purchaser: Provided, That such requirement shall be subject to the determination by the Superintendent that gas in sufficient quantities is available above that needed for lease operation and that no waste would result. In the absence of a gas purchaser the amount to be paid by the lessee shall be determined by the Superintendent. Gas to Tribal members is not royalty free. The Tribal member is to furnish all necessary material and labor for such connection to Lessee's gas system, and shall maintain his own lines. The use of such gas shall be at the risk of the Tribal member at all times.

(3) Gas furnished by Lessee under paragraphs (b) (1) and (2) of this section may be terminated only with the approval of the Superintendent. Written application for termination must be made to the Superintendent showing justification.

CESSATION OF OPERATIONS

§ 226.28 Shutdown, abandonment, and plugging of wells.

No productive well shall be abandoned until its lack for further profitable production of oil and/or gas has been demonstrated to the satisfaction of the Superintendent. Lessee shall not shut down, abandon, or otherwise discontinue the operation or use of any well for any purpose without the written approval of the Superintendent. All applications for such approval shall be submitted to the Superintendent on forms furnished by him/her.

(a) Application for authority to permanently shut down or discontinue use of operation of a well shall set forth justification, probable duration the means by which the well bore is to be protected, and the contemplated eventual disposition of the well. The method of conditioning such well shall be subject to the approval of the Superintendent.

(b) Prior to permanent abandonment of any well, the oil lessee or the gas lessee, as the case may be, shall offer the well to the other for his recompletion or use under such terms as may be mutually agreed upon but not in conflict with the regulations. Failure of the Lessee receiving the offer to reply within 10 days after receipt thereof shall be deemed as rejection of the offer. If, after indicating acceptance, the two parties cannot agree on the terms of the offer within 30 days, the
disposition of such well shall be determined by the Superintendent.

(c) The Superintendent is authorized to shut in a lease when the lessee fails to comply with the terms of the lease, the regulations, and/or orders of the Superintendent.

§ 226.29 Disposition of casings and other improvements.

(a) Upon termination of lease, permanent improvements, unless otherwise provided by written agreement with the surface owner and filed with the Superintendent, shall remain a part of said land and become the property of the surface owner upon termination of the lease, other than by cancellation. Exceptions include personal property not limited to tools, tanks, pipelines, pumping and drilling equipment, derricks, engines, machinery, tubing, and the casings of all wells: Provided, That when any lease terminates, all such personal property shall be removed the word “terminates” and in the last sentence of the paragraph, within 90 days or such reasonable extension of time as may be granted by the Superintendent. Otherwise, the ownership of all casings shall revert to Lessor and all other personal property and permanent improvements to the surface owner. Nothing herein shall be construed to relieve lessee of responsibility for removing any such personal property or permanent improvements from the premises if required by the Superintendent and restoring the premises as nearly as practicable to the original state.

(b) Upon cancellation of lease. When there has been a cancellation for cause, Lessor shall be entitled and authorized to take immediate possession of the lease premises and all permanent improvements and all other equipment necessary for the operation of the lease.

(c) Wells to be abandoned shall be promptly plugged as prescribed by the Superintendent. Applications to plug shall include a statement affirming compliance with §226.28(b) and shall set forth reasons for plugging, a detailed statement of the proposed work including kind, location, and length of plugs (by depth), plans for mudding and cementing, testing, parting and removing casing, and any other pertinent information: Provided, That the Superintendent may give oral permission and instructions pending receipt of a written application to plug a newly drilled hole. Lessee shall remit a fee of $15 with each written application for authority to plug a well. This fee will be refunded if permission is not granted.

(d) Lessee shall plug and fill all dry or abandoned wells in a manner to confine the fluid in each formation bearing fresh water, oil, gas, salt water, and other minerals, and to protect it against invasion of fluids from other sources. Mud-laden fluid, cement, and other plugs shall be used to fill the hole from bottom to top: Provided, That if a satisfactory agreement is reached between Lessee and the surface owner, subject to the approval of the Superintendent, Lessee may condition the well for use as a fresh water well and shall so indicate on the plugging record. The manner in which plugging material shall be introduced and the type of material so used shall be subject to the approval of the Superintendent. Within 10 days after plugging, Lessee shall file with the Superintendent a complete report of the plugging of each well. When any well is plugged and abandoned, Lessee shall, within 90 days, clean up the premises around such well to the satisfaction of the Superintendent.

Requirements of Lessees

§ 226.30 Lessees subject to Superintendent’s orders; books and records open to inspection.

Lessees shall comply with all orders or instructions issued by the Superintendent. The Superintendent or his representative may enter upon the leased premises for the purpose of inspection. Lessee shall keep a full and correct account of all operations, receipts, and disbursements and make reports thereof, as required. Lessee’s books and records shall be available to the Superintendent for inspection.
§ 226.31 Lessee's process agents.

(a) Before actual drilling or development operations are commenced on leased lands, Lessee or Assignee, if not a resident of the State of Oklahoma, shall appoint a local or resident representative within the State of Oklahoma on whom the Superintendent may serve notice or otherwise communicate in securing compliance with the regulations in this part, and shall notify the Superintendent of the name and post office address of the representative appointed.

(b) Where several parties own a lease jointly, one representative or agent shall be designated whose duties shall be to act for all parties concerned. Designation of such representative should be made by the party in charge of operations.

(c) In the event of the incapacity or absence from the State of Oklahoma of such designated local or resident representative, Lessee shall appoint a substitute to serve in his stead. In the absence of such representative or appointed substitute, any employee of Lessee upon the leased premises or person in charge of drilling or related operations thereon shall be considered the representative of Lessee for the purpose of service of orders or notices as herein provided.

§ 226.32 Well records and reports.

(a) Lessee shall keep accurate and complete records of the drilling, re-drilling, deepening, repairing, treating, plugging, or abandonment of all wells. These records shall show all the formations penetrated, the content and character of oil, gas, or water in each formation, and the kind, weight, size, landed depth and cement record of casing used in drilling each well; the record of drill-stem and other bottom hole pressure or fluid sample surveys, temperature surveys, directional surveys, and the like; the materials and procedure used in the treating or plugging of wells or in preparing them for temporary abandonment; and any other information obtained in the course of well operation.

(b) Lessee shall take such samples and make such tests and surveys as may be required by the Superintendent to determine conditions in the well or producing reservoir and to obtain information concerning formations drilled, and shall furnish reports thereof as required by the Superintendent.

(c) Within 10 days after completion of operations on any well, Lessee shall transmit to the Superintendent the applicable information on forms furnished by the Superintendent; a copy of electrical, mechanical or radioactive log, or other type of survey of the well bore; and core analysis obtained from the well. Lessee shall also submit other reports and records of operations as may be required and in the manner and form prescribed by the Superintendent.

(d) Lessee shall measure production of oil, gas, and water from individual wells at reasonably frequent intervals to the satisfaction of the Superintendent.

(e) Upon request and in the manner and form prescribed by the Superintendent, Lessee shall furnish a plat showing the location, designation, and status of all wells on the leased lands, together with such other pertinent information as the Superintendent may require.

§ 226.33 Line drilling.

Lessee shall not drill within 300 feet of boundary line of leased lands, nor locate any well or tank within 200 feet of any public highway, any established watering place, or any building used as a dwelling, granary, or barn, except with the written permission of the Superintendent. Failure to obtain advance written permission from the Superintendent shall subject lessee to cancellation of his/her lease and/or plugging of the well.

§ 226.34 Wells and tank batteries to be marked.

Lessee shall clearly and permanently mark all wells and tank batteries in a conspicuous place with number, legal description, operator, and telephone number, and shall take all necessary precautions to preserve these markings.

[55 FR 33116, Aug. 14, 1990]
§ 226.35 Formations to be protected.
Lessee shall, to the satisfaction of the Superintendent, take all proper precautions and measures to prevent damage or pollution of oil, gas, fresh water, or other mineral bearing formations.

§ 226.36 Control devices.
In drilling operations in fields where high pressures, lost circulation, or other conditions exist which could result in blowouts, lessee shall install an approved gate valve or other controlling device which is in proper working condition for use until the well is completed. At all times preventative measures must be taken in all well operations to maintain proper control of subsurface strata.

[55 FR 33116, Aug. 14, 1990]

§ 226.37 Waste of oil and gas.
Lessee shall conduct all operations in a manner that will prevent waste of oil and gas and shall not wastefully utilize oil or gas. The Superintendent shall have the authority to impose such requirements as he deems necessary to prevent waste of oil and gas and to promote the greatest ultimate recovery of oil and gas. Waste as applied herein includes, but is not limited to, the inefficient excessive or improper use or dissipation of reservoir energy which would reasonably reduce or diminish the quantity of oil or gas that might ultimately be produced, or the unnecessary or excessive surface loss or destruction, without beneficial use, of oil and/or gas.

§ 226.38 Measuring and storing oil.
All production run from the lease shall be measured according to methods and devices approved by the Superintendent. Facilities suitable for containing and measuring accurately all crude oil produced from the wells shall be provided by Lessee and shall be located on the leasehold unless otherwise approved by the Superintendent. Lessee shall furnish to the Superintendent a copy of 100-percent capacity tank table for each tank. Meters and installations for measuring oil must be approved, and tests of their accuracy shall be made when directed by the Superintendent.

§ 226.39 Measurement of gas.
All gas, required to be measured, shall be measured by meter (preferably of the orifice meter type) unless otherwise agreed to by the Superintendent. All gas meters must be approved by the Superintendent and installed at the expense of Lessee or purchaser at such places as may be agreed to by the Superintendent. For computing the volume of all gas produced, sold or subject to royalty, the standard of pressure shall be 14.65 pounds to the square inch, and the standard of temperature shall be 60 degrees F. All measurements of gas shall be adjusted by computation to these standards, regardless of the pressure and temperature at which the gas was actually measured, unless otherwise authorized in writing by the Superintendent.

§ 226.40 Use of gas for lifting oil.
Lessee shall not use natural gas from a distinct or separate stratum for the purpose of flowing or lifting the oil, except where said Lessee has an approved right to both the oil and the gas, and then only with the approval of the Superintendent of such use and of the manner of its use.

§ 226.41 Accidents to be reported.
Lessee shall make a complete report to the Superintendent of all accidents, fires, or acts of theft and vandalism occurring on the leased premises.

PENALTIES

§ 226.42 Penalty for violation of lease terms.
Violation of any of the terms or conditions of any lease or of the regulations in this part shall subject the lease to cancellation by the Superintendent, or Lessee to a fine of not more than $500 per day for each day of such violation or noncompliance with the orders of the Superintendent, or to both such fine and cancellation. Fines not received within 10 days after notice of the decision shall be subject to late charges at the rate of not less than 1 1/2 percent per month for each month or fraction thereof until paid. The Osage
§ 226.43 Penalties for violation of certain operating regulations.

In lieu of the penalties provided under §226.42, penalties may be imposed by the Superintendent for violation of certain sections of the regulations of this part as follows:

(a) For failure to obtain permission to start operations required by §226.16(b), $50 per day until permission is obtained.

(b) For failure to file records required by §226.32, $50 per day until compliance is met.

(c) For failure to mark wells and tank batteries as required by §226.34, $50 for each well and tank battery.

(d) For failure to construct and maintain pits as required by §226.22, $50 for each day after operations are commenced on any well until compliance is met.

(e) For failure to comply with §226.36 regarding valve or other approved controlling device, $100.

(f) For failure to notify Superintendent before drilling, redrilling, deepening, plugging, or abandoning any well, as required by §§226.16(c) and 226.25, $200.

(g) For failure to properly care for and dispose of deleterious fluids as provided in §226.22, $500 per day until compliance is met.

(h) For failure to file plugging reports as required by §226.29 and for failure to file reports as required by §226.13, $50 per day for each violation until compliance is met.

(i) For failure to perform or start an operation within 5 days after ordered by the Superintendent in writing under authority provided in this part, if said operation is thereafter performed by or through the Superintendent, the actual cost of performance thereof, plus 25 percent.

(j) Lessee or his/her authorized representative is hereby notified that criminal procedures are provided by 18 U.S.C. 1001 for knowingly filing fraudulent reports and information.

§ 227.1 Definitions.

(a) The term “superintendent” in this part refers to the superintendent or other officers of the Bureau of Indian Affairs or of the Government who may have jurisdiction over the Shoshone or Wind River Reservation.

(b) The term “supervisor” in this part refers to a representative of the Secretary of the Interior, under direction of the Director of the U.S. Geological Survey, authorized and empowered to supervise and direct operations under oil and gas mining leases, to furnish scientific and technical information and advice, to ascertain and record the amount and value of production, and to determine and record rentals and royalties due and paid.

§ 227.2 Applications for leases.

Applications for leases should be made to the superintendent.

§ 227.3 Leases to citizens of the United States except Government employees.

Leases will be made only to persons who are citizens of the United States or have declared their intention to become so, or corporations which are organized under the laws of the United States or one of the States or Territories: Provided, That no lease, assignment thereof, or interest therein will be approved to any employee or employees of the United States Government, whether connected with the Bureau or otherwise, and no employee of the Interior Department shall be permitted to acquire any interest in such leases by ownership of stock in corporations having leases or in any other manner.

(R.S. 2078; 25 U.S.C. 68)

§ 227.4 Sale of oil and gas leases.

(a) At such times and in such manner as he may deem appropriate, after being authorized by the Joint Business Council of the Shoshone and Arapahoe Tribes or its authorized representative, the superintendent shall publish notices at least thirty days prior to the sale, unless a shorter period is authorized by the Secretary of the Interior or his authorized representative, that oil and gas leases on specific tracts, each of which shall be in a reasonably compact body, will be offered to the highest responsible bidder for a bonus consideration, in addition to stipulated rentals and royalties. One copy of the application for renewal shall be filed by the applicant with the Joint Business Council of the Shoshone and Arapahoe Tribes and no lease shall be renewed unless the Joint Business Council or its authorized representative is afforded an opportunity to present the Council’s views to the Secretary of the Interior or his authorized representative.

The land contained in the lease shall be described by legal subdivisions, and leases may be executed to cover only adjoining or contiguous subdivisions. In case a lessee shall be a successful bidder for two or more tracts of land which are not contiguous, separate leases shall be executed.

§ 227.10 Minerals other than oil and gas.

Unreserved, unwithdrawn, and unallotted lands which have not been leased for oil and gas under the act of August 21, 1916 (39 Stat. 519) and which are not chiefly valuable therefor, are subject to mineral application or mineral entry, for minerals other than oil and gas, under the supervision of the Bureau of Land Management.

§ 227.11 Bureau of Land Management to be furnished copy of lease.

The Bureau of Land Management shall be furnished with a copy of each lease signed by the Secretary of the Interior.

§ 227.12 Mineral reserves in nonmineral entries.

Where lands have been leased under authority of said act of August 21, 1916 (39 Stat. 519), and nonmineral entry is subsequently lawfully made for such lands with a view to obtaining a restricted patent therefor, all such subsequently allowed nonmineral entries shall be with the mineral reservation prescribed by the act of July 17, 1914 (38 Stat. 509).

§ 227.13 Vested rights to be respected.

§ 227.15 Manner of payment.

All payments due the lessor shall be made to the superintendent for the benefit of the Shoshone Indian Tribe, in accordance with the act of August 21, 1916 (39 Stat. 519), and no credit will be given any lessee for payments made otherwise. Payments of rentals and royalties except the first year's rental, which shall be paid to the superintendent as prescribed in §227.4 shall be transmitted to the superintendent through the supervisor. All such payments shall be accompanied by a statement, in triplicate, by the lessee, showing the specific items of royalty or rental that the remittance is intended to cover, and payment of royalties on production shall be made not later than the last day of the calendar month following the production for which such payment is to be made.

§ 227.16 Crediting advance annual payments.

In the event of discovery of minerals in paying quantities all advance rents and advance royalties shall be allowed as credit on stipulated royalties as they accrue for the year for which such advance payments have been made. No refund of any such advance payment made under any lease will be allowed in the event the royalty on production for the year is not sufficient to equal such advance payment; nor will any part of the moneys so paid be refunded to the lessee because of any subsequent surrender or cancellation of the lease.

§ 227.17 Rates of rents and royalties.

(a) The lessee shall pay, beginning with the date of execution of leases by the Secretary of the Interior, a rental of $1.25 per acre per annum in advance during the continuance thereof, together with a royalty of 12 1/2 percent of the value or amount of all oil, gas, and/or natural gasoline, and/or all other hydrocarbon substances produced and saved from the land leased, save and except all oil and gas used by the lessee for development and operation purposes on the lease, which oil or gas shall be royalty free. A higher rate of royalty may be fixed by the Secretary of the Interior or his authorized representative, prior to the advertisement of land for oil and gas leases. During the period of supervision, "value" for the purposes of the lease may, in the discretion of the Secretary of the Interior, be calculated on the basis of the highest price paid or offered (whether calculated on the basis of short or actual volume) at the time of production for the major portion of the oil of the same gravity, and gas, and/or natural gasoline, and/or all other hydrocarbon substances produced and sold from the field where the leased lands are situated, and the actual volume of the marketable product less the content of foreign substances as determined by the supervisor. The actual amount realized by the lessee from the sale of said products may, in the discretion of the Secretary of the Interior, be deemed mere evidence of or conclusive evidence of such value. When paid in value, such royalties shall be due and payable monthly at such time as the lease provides; when royalty on oil produced is paid in kind, such royalty oil shall be delivered in tanks provided by the lessee on the premises where produced without cost to the lessee unless otherwise agreed to by the parties thereto, at such time as may be required by the lessee. The lessee shall not be required to hold such royalty oil in storage longer than 30 days after the end of the calendar month in which said oil is produced. The lessee shall be in no manner responsible or held liable for loss or destruction of such oil by causes beyond his control.

(b) The proceeds from all leases shall be taken up in the accounts of the superintendent for appropriate deposit for the benefit of the Indians.

§ 227.18 Free use of gas by lessor.

If the leased premises produce gas in excess of the lessee's requirements for the development and operation of said premises, then the lessee may use sufficient gas, free of charge, for any desired school or other buildings belonging to the tribe, by making his own connections to a regulator installed, connected to the well and maintained
§ 227.19 Division orders.

(a) Lessees may make arrangements with the purchasers of oil for the payment of the royalties on production to the superintendent by such purchasers, but such arrangements, if made, shall not operate to relieve a lessee from responsibility should the purchaser fail or refuse to pay such royalties when due. Where lessees avail themselves of this privilege, division orders permitting the pipeline companies or other purchasers of the oil to withhold the royalty interest shall be executed and forwarded to the supervisor for approval, as pipeline companies are not permitted to accept or run oil from leased Indian lands until after the approval of a division order showing that the lessee has a lease regularly approved and in effect. When the lessee company runs its own oil, it shall execute an intracompany division order and forward it to the supervisor for his consideration. The right is reserved for the supervisor to cancel a division order at any time or require the pipeline company to discontinue to run the oil of any lessee who fails to operate the lease properly or otherwise violates the provisions of the lease, of the regulations in this part, or of the operating regulations.

(b) When oil is taken by authority of a division order, the lessee or his representatives shall be actually present when the oil is gaged and records are made of the temperature, gravity and impurities. The lessee will be held responsible for the correctness and the correct recording and reporting of all the foregoing measurements, which except lowest gage, shall be made at the time the oil is turned into the pipeline. Failure of the lessee to perform properly these duties will subject the division order to revocation.

§ 227.20 Permission to start operations.

(b) Written permission must be secured from the supervisor or his representative before any operations are started on the leased premises. After such permission is secured the operations must be in accordance with the operating regulations promulgated by the Secretary of the Interior. Copies of the regulations in this part may be secured from either the supervisor or the superintendent, and no operations should be attempted without a study of the operating regulations.

§ 227.21 Restrictions on operations.

(a) All leases issued under the provisions of the regulations in this part shall be subject to imposition by the Secretary of the Interior of such restrictions as to time or times for the drilling of wells and as to the production from any well or wells as in his judgment may be necessary or proper for the protection of the natural resources of the leased land and in the interest of the lessor. In the exercise of his judgment the Secretary of the Interior may take into consideration, among other things, the Federal laws, State laws, regulations by competent Federal or State authorities, lawful agreements among operators regulating either drilling or production, or both, and any regulatory action desired by tribal authorities.

(b) All leases issued pursuant to the regulations in this part shall be subject to a co-operative or unit development plan affecting the leased lands if and when required by the Secretary of the Interior, but no lease shall participate in any cooperative or unit plan without prior approval of the Secretary of the Interior.

§ 227.23 Wells.

The lessee shall agree (a) to drill and produce all wells necessary to offset or protect the leased land from drainage by wells on adjoining lands not the property of the lessor, or in lieu thereof, compensate the lessor in full each month for the estimated loss of royalty through drainage: Provided, That during the period of supervision by the Secretary of the Interior, the necessity for offset wells shall be determined by the supervisor and payment in lieu of drilling and producing shall be with the consent of, and in an amount determined by the Secretary of the Interior; (b) at the election of the lessee to drill and produce other wells: Provided, That the right to drill and produce such other wells shall be subject to any system of well spacing or production allotments, authorized and approved under the applicable law or regulations, approved by the Secretary of the Interior and affecting the field or area in which the leased lands are situated; and (c) if the lessee elects not to drill and produce such other wells for any period the Secretary of the Interior may, within 10 days after due notice in writing, either require the drilling and production of such wells to the number necessary, in his opinion, to insure reasonable diligence in the development and operation of the property, or may in lieu of such additional diligent drilling and production require the payment on and after the first anniversary date of the lease of not to exceed $1 per acre per annum, which sum shall be in addition to any rental or royalty herein specified.

§ 227.24 Penalties.

Failure of the lessee to comply with any provisions of the lease, of the operating regulations, of the regulations in this part, orders of the superintendent or his representative, or of the orders of the supervisor or his representative, shall subject the lessee to a penalty of not more than $500 per day for each day the terms of the lease, the regulations, or such orders are violated: Provided, That the lessee shall be entitled to notice, and hearing within 30 days after such notice, with respect to the terms of the lease, regulations, or orders violated: Provided, That the lessee shall be entitled to notice, and hearing within 30 days after such notice, with respect to the terms of the lease, regulations, or orders violated, which hearing shall be held by the supervisor, whose findings shall be conclusive unless an appeal be taken to the Secretary of the Interior within 30 days after notice of the supervisor’s decision, and the decision of the Secretary of the Interior upon appeal shall be conclusive.

§ 227.25 Inspection of premises, books and accounts.

§ 241.2 Annette Islands Reserve; definition; exclusive fishery; licenses.
(a) Definition. The Annette Islands Reserve is defined as the Annette Islands in Alaska, as set apart as a reservation by section 15 of the Act of March 3, 1891 (26 Stat. 1101, 48 U.S.C. sec. 358), and including the area identified in the Presidential Proclamation of April 28, 1916 (39 Stat. 1777), as the waters within three thousand feet from the shore lines at mean low tide of Annette Island, Ham Island, Walker Island, Lewis Island, Spire Island, Hemlock Island, and adjacent rocks and islets, located within the broken line upon the diagram attached to and made a part of said Proclamation; and also the bays of said islands, rocks, and islets.

(b) Exclusive fishery. The Annette Islands Reserve is declared to be exclusively reserved for fishing by the members of the Metlakatla Indian Community and such other Alaskan Natives as have joined or may join them in residence on the aforementioned islands, and any other person fishing therein without authority or permission of the Metlakatla Indian Community shall be subject to prosecution under the provisions of section 2 of the Act of July 2, 1960 (74 Stat. 469, 18 U.S.C. sec. 1165).

(c) Licenses. Members of the Metlakatla Indian Community, and such other Alaskan Natives as have joined them or may join them in residence on the aforementioned islands, shall not be required to obtain a license or permit from the State of Alaska to engage in fishing in the waters of the Annette Islands Reserve.

§ 241.3 Commercial fishing, Annette Islands Reserve.
(a) Definition. Commercial fishing is the taking, fishing for, or possession of fish, shellfish, or other fishery resources with the intent of disposing of such fish, shellfish, or other fishery resources or parts thereof for profit, or by sale, barter, trade, or in commercial channels. (b) Trap fishing sites; number and location. During 1963, and until the Secretary of the Interior or his duly authorized representative determines otherwise, the Metlakatla Indian Community is permitted to operate not more than one trap per site for salmon fishing at any four of the following sites in the Annette Islands Reserve, Alaska:
(1) Annette Island at 55 degrees 15 minutes 09 seconds north latitude, 131 degrees 36 minutes 00 seconds west longitude.
(2) Annette Island at 55 degrees 12 minutes 52 seconds north latitude, 131 degrees 36 minutes 10 seconds west longitude.

(6) Annette Island at 55 degrees 00 minutes 45 seconds north latitude, 131 degrees 38 minutes 30 seconds west longitude.

(7) Annette Island at 54 degrees 59 minutes 41 seconds north latitude, 131 degrees 36 minutes 48 seconds west longitude.

(8) Ham Island at 55 degrees 10 minutes 13 seconds north latitude, 131 degrees 19 minutes 31 seconds west longitude.

(c) Trap fishing season. Fishing for salmon with traps operated by the Metlakatla Indian Community is permitted only at such times as commercial salmon fishing with purse seines is permitted by order or regulation of the Alaska Board of Fish and Game for Commercial Fishing in any part of the following area: from the point at which meridian 132° 17′ 30″, thence due east along said parallel to longitude 130° 49′ 15″, then due south along said meridian to the point at which it intersects with the United States-Canadian boundary, thence west along said boundary to the point of beginning, provided, however, that the Secretary or his duly authorized representative may, upon request by the Metlakatla Indian Community, authorize fishing for salmon with traps, at such other times as he shall prescribe, which authorization shall be based upon the following criteria:

(1) Number of fish required for spawning escapement and any other requirements reasonable and necessary for conservation;

(2) Fair and equitable sharing of the fishery resource with other user groups fishing in State waters under State law and within the State fisheries management system; and

(3) The federal purpose in the establishment and maintenance of the Metlakatla Indian Reservation.

(d) Size, construction and closure of fish traps—(1) Size. When any part of a trap is in a greater depth of water than 100 feet, the trap as measured from shore at mean high tide to the outer face of the pot shall not extend beyond 900 feet.

(2) Construction. Poles shall be permanently secured to the webbing at each side of the mouth of the pot tunnel and shall extend from the tunnel floor to a height at least four feet above the water. A draw line shall be reeved through the lower end of both poles and the upper end of one.

(3) Method of closing. The tunnel walls shall be overlapped as far as possible across the pot gap and the draw line shall be pulled tight and both secured so as to completely close the tunnel. In addition, 25 feet of the webbing of the heart on each side next to the pot shall be lifted or lowered in such manner as to permit the free passage of fish.

(e) Other forms of commercial fishing. All commercial fishing, other than with traps, shall be in accordance with the season and gear restrictions established by rule or regulation by the Alaska Board of Fish and Game for Commercial Fishing in any part of the previously defined area; provided, however, that the Secretary or his duly authorized representative may, upon request by the Metlakatla Indian Community authorize such other commercial fishing at such times as he shall prescribe, which authorization shall be based upon the following criteria:

(1) Number of fish required for spawning escapement and any other requirements reasonable and necessary for conservation;

(2) Fair and equitable sharing of the fishery resource with other user groups fishing in State waters under State law and within the State fisheries management system; and

(3) The federal purpose in the establishment and maintenance of the Metlakatla Indian Reservation.

(a) Definition. The Karluk Indian Reservation includes all waters extending 3,000 feet from the shore at mean low tide on Kodiak Island beginning at the end of a point of land on the shore of Shelikof Strait about 1/4 miles east of Rocky Point and in approximate latitude 57 degrees 39 minutes 40 seconds N.; longitude 154 degrees 12 minutes 20 seconds W.; thence south approximately 8 miles to latitude 57 degrees 32 minutes 30 seconds N.; thence west approximately 12 1/2 miles to the confluence of the north shore of Sturgeon River with the east shore of Shelikof Strait; thence northeasterly following the easterly shore of Shelikof Strait to the place of beginning, containing approximately 35,200 acres.

(b) Who may fish; licenses. The waters of the Karluk Indian Reservation shall be open to commercial fishing by bona fide native inhabitants of the native village of Karluk and vicinity, and to other persons insofar as the fishing activities of the latter do not restrict or interfere with fishing by such natives. Such natives shall not be required to obtain a license to engage in commercial fishing in the waters of the Karluk Indian Reservation.

(c) Salmon fishing; restrictions. Commercial fishing for salmon by native inhabitants of the native village of Karluk and vicinity in the waters of the Karluk Indian Reservation shall be in accordance with the seasonal and gear restrictions of the rules and regulations of the Alaska Board of Fish and Game for Commercial Fishing in the fishing district embracing the Karluk Indian Reservation except that:

1. Beach seines up to 250 fathoms in length may be used northeast of Cape Karluk; and

2. Prior to July 1, fishing shall be permitted to within 100 yards of the Karluk River where it breaks through the Karluk Spit into Shelikof Strait.

§ 241.6 Enforcement; violation of regulations; corrective action; penalties; closure of restrictions, Annette Islands Reserve.

The matter shall be reported without delay to the Area Director, Bureau of Indian Affairs, who shall thereupon report and recommend to the Secretary of the Interior appropriate corrective action.

(c) Corrective action. Any violation of the regulations of this part relating to fish traps shall be ground for the temporary or permanent closure, as the Secretary of the Interior may determine, of any or all traps authorized by § 241.3(a), or the withdrawal and rescission of the right to fish for salmon with traps at any or all sites authorized thereby.
(d) Penalties. Any person who violates any of the regulations of this part shall be subject to prosecution under section 2 of the Act of July 12, 1960 (74 Stat. 469, 18 U.S.C. sec. 1165), which provides as follows:

§ 242.9 Quotas.

The Secretary may set such commercial quotas as he may find desirable, based on available biological and other information, on the amount of fish which may be taken under authority of the regulations in this part in any one season. Until otherwise determined by the Secretary, not more than 650,000 pounds of walleyes may be taken in any one fishing season.

(d) Partnerships with complementary improvement programs are encouraged to increase basic benefits derived from the Housing Improvement Program fund. An example is the agreement with Indian Health Services to provide water and sanitation facilities for Housing Improvement Program houses.

§ 256.4 Information Collection.
The information collection requirements contained in §256.9 have been approved by the Office of Management and Budget under 44 U.S.C. 3507 et seq. and assigned clearance number 1076-0084. The information is collected to determine applicant eligibility for services and eligibility to participate in the program based on the criteria referenced in §§256.9 and 256.10. Response is required to obtain a benefit. The public reporting burden for this form is estimated to average thirty minutes per response, including the time for reviewing the instructions, gathering and maintaining data, and completing and reviewing the form.

§ 256.5 What is the Housing Improvement Program?
The Housing Improvement Program provides a grant to fund services to repair, renovate, replace or provide housing for the neediest of the needy Indian families having substandard housing or who are without housing and have no other recourse for assistance.

§ 256.6 Am I eligible for the Housing Improvement Program?

(a) You are a member of a Federally recognized American Indian tribe or Alaska Native village;
(b) You live in an approved tribal service area;

(e) Fifth, you must provide proof of income from all permanent members of your household.

(b) The servicing housing office will use your completed application to determine if you are eligible for the Housing Improvement Program.

(1) If you are found ineligible for the Housing Improvement Program or otherwise do not qualify for the program,

*FPIG means Federal Poverty Income Guidelines.

(c) The servicing housing office will develop a list of the applications considered and/or received for the Housing Improvement Program for the current program year. The list will include, at a minimum, sufficient information to determine:

(1) The current program year;
(2) The number of applications considered and/or received;
(3) The eligible applicants, ranked in order of need, from highest to lowest, based on the total numeric value assigned to the factors shown in table B. (In the case of a tie, the family with the lower income will be listed first);
(4) The estimated allowable costs of the improvements, repairs or replacement projects for the eligible applicants and the "Priority List," identifying which applicants will be served based on the amount of available funding, starting with the most needy applicant and continuing until the amount of available funding is depleted; and
(5) The applicants not ranked, with an explanation (such as reason for ineligibility or reason for incomplete application).

(d) Your servicing housing office will inform you in writing within 45 days of completion of the listing whether funding is available to provide Housing Improvement Program services to you in that program year.

(1) If funding is available, you will be provided appropriate information concerning the availability of Housing Improvement Program services.
(2) If funding is not available, you will be advised, in writing, and provided appropriate information concerning submission for the next available program year. At the option of
§ 256.15 How long will I have to wait for the improvement, repair, or replacement of my dwelling?

The length of time that it takes to accomplish the work to be done on your dwelling is dependent on:
(a) Whether funds are available;
(b) The type of work to be done;
(c) The climate and seasonal conditions where your dwelling is located;
(d) The availability of a contractor;
(e) Your position on the priority list; and
(f) Other unforeseen factors.

§ 256.16 Who is responsible for identifying what work will be done on my dwelling?

The servicing housing office is responsible for identifying what work is to be done on your dwelling or whether your dwelling will be replaced. This includes responsibility to communicate and coordinate, through provision of the current Priority List, with the Indian Health Service, when it is the organization responsible for verifying the availability/feasibility of water and wastewater facilities.

§ 256.17 What will the servicing housing office do to identify what work is to be done on my dwelling?

(a) First, a trained and qualified representative of your servicing housing office must visit your dwelling to identify what improvements or repairs are to be done under the Housing Improvement Program. The representative must ensure that flood, National Environmental Protection Act (NEPA) and earthquake requirements are met.

(b) Second, based on the list of improvements or repairs to be done, the representative must estimate the total cost of improvements or repairs to your dwelling. Cost estimates must be based on locally available services and product costs, or other regional-based, industry-recognized cost data, such as that provided by the MEANs or MARSHALL SWIFT. If the dwelling is located in Alaska, documented, reasonable, substantiated freight costs, in accordance with Federal Property Management Regulations (FPMR 101-40), not to exceed 100 percent of the cost of materials, can be added to the cost of the project.

(c) Third, the representative must determine which Housing Improvement Program category the improvements to your dwelling meet, based on the estimated cost of improvements or repairs. If the estimated cost to repair your dwelling is more than $35,000, the representative must approve your dwelling for replacement or refer you to another source for housing. The other source does not have to be for a replacement home; it may be for government-subsidized rental units or other sources for standard housing.

(d) Fourth, the representative must develop a detailed, written report, also called “bid specifications” that identifies what and how the improvement, repair, or construction work is to be accomplished at the dwelling.

(1) When the work includes new construction, the “bid specifications” will be supplemented with a set of construction plans. The plans must not exceed the occupancy and square footage criteria identified in §256.7. The plans...
must be sufficiently detailed to provide complete instructions to the builder for the purpose of construction.

(2) “Bid Specifications” are also used to inform potential bidders of what work is to be done.

§ 256.18 How will I be advised of what work is to be done?

You will receive written notice from the servicing housing office of what work is being scheduled under the Housing Improvement Program. You will be requested to concur with the scheduled work by signing a copy of the notice and returning it to the servicing housing office. No work will be started until the signed copy is returned to the servicing housing office.

§ 256.19 Who performs the improvements, repairs, or replacement of my dwelling?

Independent or tribal repair or construction trades persons, home building contractors, or construction companies will perform the improvements, repairs, or replacement of your dwelling.

§ 256.20 How are these repairs or construction trades persons, home building contractors, or construction companies selected and paid?

The servicing housing office must follow Federal procurement or other Bureau-approved tribal procurement policy. Generally, your servicing housing office develops a “bid specification” or statement of work, which identifies the work to be performed. The appropriate contracting office uses the “bid specification” to provide information and invite bids on the project to interested parties. The contracting office selects the winning bidder after technical review of the bids by and written recommendation from the servicing housing office, and after determination that the bidder is qualified and capable of completing the project as advertised.

(a) Payments to the winning bidder are negotiated in the contract and based on specified delivery of services.

(1) Partial payments will not exceed 80 percent of the value of the completed work.

(2) Final payment will be made after final inspection and after all provisions of the contract have been met, including punch list items.

§ 256.21 Will I have to vacate my dwelling while repair work or replacement of my dwelling is being done?

(a) You will be notified by the servicing housing office that you must vacate your dwelling only if:

(1) It is scheduled for major repairs requiring that all occupants vacate the dwelling for safety reasons; or

(2) It is scheduled for replacement which requires the demolition of your current dwelling.

(b) If you are required to vacate the premises for the duration of the construction, you are responsible for:

(1) Locating other lodging;

(2) Paying all costs associated with vacating and living away from the dwelling; and

(3) Removing all your belongings and furnishings before the scheduled beginning work date.

§ 256.22 How can I be sure that the work that is being done on my dwelling meets minimum construction standards?

(a) At various stages of construction, a trained and qualified servicing housing office representative or building inspector will review the construction to ensure that it meets applicable minimum construction standards and building codes. Upon completion of each stage, further construction is prohibited until the inspection occurs and approval is granted.

(b) Inspections are, at a minimum, made at the following stages of construction:

(1) Footings;

(2) Closed in, rough wiring and rough plumbing; and

(3) At final completion.

§ 256.23 How will I be advised that the repair work or replacement of my dwelling has been completed?

The servicing housing office will advise you, in writing, that the work has been completed in compliance with the project contract. Also, you will have a final walk-through of the dwelling with your servicing housing office representative. You will be requested to verify that you received the notice of completion of the work by signing a
§ 256.24 How many times can I receive improvements, repairs, or replacement services under the Housing Improvement Program?

(a) Under Interim Improvements, Category A, you can receive services under the Housing Improvement Program more than one time, for improvements to the dwelling in which you are living to improve the safety or sanitation of the dwelling:
   (1) For not more than a total cost of $2,500;
   (2) For not more than one dwelling.

(b) Under Repairs and Renovation, Category B, after October 1, 1986, you may receive services one time, for repairs to the dwelling that you own and occupy that requires not more than $35,000 to make the dwelling meet applicable building code standards.

(c) Under Replacement Housing, Category C, after October 1, 1986, you may receive services one time, for a modest replacement home.

§ 256.25 Will I need flood insurance?

You will need flood insurance if your dwelling is located in an area identified as having special flood hazards under the Flood Disaster Protection Act of 1973 (Pub. L. 93-234, 87 Stat. 977). Your servicing housing office will advise you.

§ 256.26 Is my Federal government-assisted dwelling eligible for services under the Housing Improvement Program?

Yes. You may receive services under the Housing Improvement Program if your home was purchased through a Federal government sponsored home program that does not include provision for housing assistance.

§ 256.27 Can I receive Housing Improvement Program services if I am living in a mobile home?

Yes. If you meet the eligibility criteria in §256.6 and there is sufficient funding available, you can receive any of the Housing Improvement Program services identified in §256.7. If you require Category B services and your mobile home has exterior walls of less than three inches, you must be provided Category C services.

§ 256.28 Can Housing Improvement Program resources be supplemented with other available resources?

Yes. Housing Improvement Program resources may be supplemented through other available resources to increase the number of Housing Improvement Program recipients.

§ 256.29 What can I do if I disagree with actions taken under the Housing Improvement Program?

You may appeal action or inaction by an official of the Bureau of Indian Affairs, in accordance with 25 CFR part 2. You may appeal action or inaction by tribal officials through the appeal process established by the servicing tribe.

(b) Information collection. The information collection requirements contained in §262.5 do not require approval by the Office of Management and Budget under 44 U.S.C. 3501 et seq.

§ 262.2 Definitions.

As used for purposes of this part:

(a) Funerary objects means objects that, as a part of the death rite or ceremony of a culture, are reasonably believed to have been placed with human remains of Indians either at the time of death or later, or to have been made exclusively for burial purposes or to contain such remains.

(b) Sacred objects means specific ceremonial objects that are needed by traditional Indian religious leaders for the practice of traditional Indian religions by their present day adherents.

(c) Object of cultural patrimony means an object having ongoing historical, traditional, or cultural importance central to an Indian tribe itself and that shall have been considered inalienable by the tribe at the time the object was separated therefrom.

(d) Indian individual means:

(1) Any person who is an enrolled member of a Federally recognized Indian tribe;

(2) Any person who is a descendent of such a member and was, on June 1, 1934, physically residing within the present boundaries of any Indian reservation; or

(3) Any other person of one-half or more Indian blood of tribes indigenous to the United States.

(e) Lands of Indian tribes means land or any interest therein:

(1) The title to which is held in trust by the United States for an Indian tribe; or

(2) The title to which is held by an Indian tribe, but which cannot be alienated or encumbered by the owner without the approval of the Secretary because of limitations contained in the conveyance instrument pursuant to Federal law or because of a Federal law directly imposing such restrictions.

(f) Lands of Indian individuals means land or any interest therein:

(1) The title to which is held in trust by the United States for the benefit of Indian individuals; or

(2) The title to which is held by Indian individuals, but which cannot be alienated or encumbered by the owner without the approval of the Secretary because of limitations contained in the conveyance instrument pursuant to Federal law or because of a Federal law directly imposing such restrictions.
§ 262.3 Consultation to determine need for a permit.

(a) Any person, except as provided in the uniform regulations at 43 CFR 7.5(b) through (d), who proposes to excavate or remove archaeological resources on Indian lands or on properties owned or administered by the BIA must first apply for and secure a permit under the Act. Procedures relating thereto are set forth in §262.5 of this part.

(b) No permit under the Act, nor any other Federally issued license or authorization, is required for archaeological investigations that do not involve the excavation or removal of archaeological resources on these lands, except for BIA consent on properties that it owns or administers. Notwithstanding, persons other than those covered under 43 CFR 7.5(b) through (d) shall, before engaging in such investigations:

(1) Write to the head of each tribal government having jurisdiction over the lands where investigations are to be conducted and request that he or she provide, within 30 days, written information on any permit, license or other form of authorization the tribe might require for the work proposed; and

(2) Provide the BIA Area Director with a copy of the tribe’s written response (or a copy of the request to the tribe if 30 days have elapsed without any response) plus a brief but clear written description of the proposed work and obtain his or her written determination as to whether or not a permit under the Act is required. Area Directors shall provide determinations within 10 working days after receiving such documentation.

§ 262.4 Activities by Indian tribes or individuals that require a permit.

(a) No Indian tribe may, without a permit under the Act, excavate or remove archaeological resources on:

(1) Lands of another Indian tribe; or

(2) Lands of Indian individuals, except those on which the law of that tribe regulates such activity.

(b) No individual Indian may, without a permit under the Act, excavate or remove archaeological resources on any Indian lands (including his or her own) other than those on which the law of the tribe of which he or she is a member regulates such activity.

(c) No person, as an employee, consultant, advisor or in any other capacity as an agent for any Indian tribe, shall be exempt from the permit requirements of the Act, except in the cases listed below:

(1) No permit shall be required if a person is a member of the tribe having jurisdiction over the resources in question and the law of that tribe regulates the excavation or removal of archaeological resources on its lands.

(2) Tribal employees need not submit permit applications to the BIA if:

(i) The proposed excavation or removal of archaeological resources is within the normal scope of their duties or otherwise carried out by direction of the tribal government;

(ii) The work is on Indian lands of the tribe or on which the law of that tribe regulates the excavation or removal of archaeological resources;

(iii) The tribe ensures that the provisions for permit issuance in this part and at 43 CFR part 7 have been met by other documented means; and

(iv) Before beginning the work, the tribe notifies the Area Director about the nature and location of the proposed work and allows 10 working days after mailing a notification or 5 working days after an oral notification (provided this is documented) for the Area Director to respond. The Area Director need only respond when action is required under §262.7 of this part, and may do so either in writing or, if documented, orally.

(3) Consultants, advisors, and others serving by contractual agreement as agents for Indian tribes may use the provisions in §262.5(f) of this part to expedite the process of obtaining a permit.

(4) Persons serving as agents for Indian tribes as employees or by contractual agreement may abbreviate the consultation required in §262.3(b) of this part by disregarding the requirement to consult first with the tribe and, provided the communication is documented, by consulting with the Area Director orally. In these cases, the Area Director need only respond when a permit is deemed necessary and
may do so either orally or in writing. If a response is not received within 3 working days after an oral description of the proposed work is made or within 7 working days after a written description is mailed to the Area Director, the work may proceed.

§ 262.5 Application for permits.

(a) Permits from the BIA shall be issued when an applicant meets the requirements set out in 43 CFR 7.8, and may be conditioned, modified, suspended, or revoked by the Area Director. Area Directors may delegate this authority to Agency Superintendents, but only on a permit-by-permit basis and only to those who have adequate professional support available.

(b) Prospective applicants may obtain details on how to apply for a permit by contacting the Area Director, at BIA Area Offices in: Aberdeen, SD; Albuquerque, NM; Anadarko, OK; Arlington, VA; Billings, MT; Gallup, NM; Juneau, AK; Minneapolis, MN; Muskogee, OK; Phoenix, AZ; Portland, OR; or Sacramento, CA; or by writing to the Deputy Commissioner of Indian Affairs, Department of the Interior, Washington, DC 20240.

(c) Permit applications proposing the excavation or removal of archaeological resources on Indian lands shall include the following consent documents:

(1) Written permission from the Indian landowner and from the tribe, if any, having jurisdiction over those lands. This must contain such terms and conditions as the landowner or tribe may request be included in the permit. Where the permission is from a tribe, it should either state that no religious or cultural site will be harmed or destroyed by the proposed work or specify terms and conditions that the permit must include in order to safeguard against such harm or destruction.

(ii) For lands of Indian tribes, permission must be granted by the tribe.

(iii) For lands of Indian individuals not under tribal jurisdiction, permission must be granted by the owner(s), except as provided in §262.6, and the tribe having such jurisdiction. Where an applicant is the owner, consent must still be obtained from the tribe.

(iv) Where the ownership of lands of Indian individuals is multiple, permission must be granted by the owners of a majority of interests, except as provided in §262.6. The same shall apply where the applicant is one of the owners.

(v) Where the terms and conditions a tribe or landowner requests be included in a permit are in conflict with the provisions of this or any other Act, with Federal regulations, or with each other, the Area Director may negotiate with the requestor to eliminate the conflict. If the conflict remains, the permit may not be issued.

(2) Copies of any permits required by tribal law for archaeological work on lands under tribal jurisdiction. This may serve as written consent from the tribe for the purposes of §262.5(c)(1).

(3) Written agreement by the Indian landowner(s) to release archaeological resources for curation or study, as specified in §262.8(b).

(d) Permits issued by the BIA shall include the following or similar condition: “Human remains of Indians, funerary objects, sacred objects, and objects of cultural patrimony may not be excavated or removed unless the permittee has obtained the written consent of the Area Director. In order to obtain consent, the permittee shall present to the Area Director written evidence of prior consultation with the appropriate Indian tribe. If the lands containing the remains or objects are tribal lands, the permittee shall first obtain the written consent of the tribe having jurisdiction over the lands.” Determination as to which tribe is the appropriate tribe shall be made in accordance with §262.8(a). Area Director consent shall be based on the scientific appropriateness of the research objectives and provisions for recovery, recording, and analysis and may, if documented, be oral. This condition may be omitted from the permit when such excavation or removal is proposed, and the requirements of the condition are met, in the permit application.

(e) Information and assistance in contacting Indian tribes and individual
Indian landowners for the purpose of requesting the consent documents listed under paragraph (c) of this section or of seeking the consultation and consent required under paragraph (d) of this section may be obtained from the BIA office to which the permit application is submitted.

(f) Contractual agreements with the BIA or Indian tribes and permits issued by Indian tribes may be accepted as support documents for permit applications. They may also double as permit documents, if they demonstrate that the provisions for permit issuance in this part and at 43 CFR part 7 have been met and they are attached to a Department of the Interior permit form. This form must be signed by the Area Director, but need only contain the following or similar statement: “This permit is issued to the person(s) named, and in accordance with the terms and conditions in the attached (contractual agreement/tribal permit).”

(g) Area Directors shall respond to permit applications within 15 working days of receipt.

§ 262.6 Landowner consent by the Secretary.

The Secretary of the Interior, or delegate thereof, may, on behalf of the owner(s) of lands of Indian individuals, grant consent for the purposes in §262.5(c)(1) and (3) when the Secretary or his or her delegate finds that such consent will not result in any injury to the land or owner(s) and when one or more of the following conditions exist:

(a) The owner is a minor or a person non compos mentis;

(b) The heirs or devisees of a deceased owner have not been determined;

(c) The whereabouts of the owner are unknown;

(d) Multiple owners are so numerous that the Secretary or his or her delegate finds that it would be impractical to obtain their consent, as prescribed in §262.5(c)(1)(iv) and provided the Secretary or his or her delegate also notifies, in writing, the tribe, if any, having jurisdiction over the land and allows 15 working days from the date of mailing date for response; or

(e) The owner has given the Secretary or his or her delegate written authority to grant such consent on his or her behalf.

§ 262.7 Notice to Indian tribes of possible harm to cultural or religious sites.

When consent by an Indian tribe to proposed excavation or removal of archaeological resources from Indian lands it owns or over which it has jurisdiction contains all of the information written as prescribed and advised in §262.5(c)(1), it may be taken to mean that subject to such terms and conditions as the tribe might specify, issuance of a permit for the proposed work will not result in harm to, or destruction of, any site of religious or cultural importance. No further notification is necessary, unless the Area Director has reason to believe that the proposed work might harm or destroy a site of religious or cultural importance to another tribe or Native American group. He or she shall then follow the notification procedures at 43 CFR 7.7. Those procedures must also be followed when proposed work might affect lands of Indian individuals over which there is no tribal jurisdiction or public lands owned or administered by the BIA.

§ 262.8 Custody of archaeological resources.

(a) Archaeological resources excavated or removed from Indian lands, except for human remains of Indians, funerary objects, sacred objects and objects of cultural patrimony, remain the property of the Indian tribe or individual(s) having rights of ownership over such lands. Ownership and right of control over the disposition of the excepted items shall be in accordance with the order of priority provided in the Native American Graves Protection and Repatriation Act (Pub. L. 101-601), adapted for the purpose of this rule as follows:

(1) In the case of human remains of Indians and funerary objects, in the lineal descendants of the Indian; or

(2) In any case in which such lineal descendants cannot be ascertained, and in the case of sacred objects and objects of cultural patrimony:
(i) In the Indian tribe on whose tribal lands, or on the individual Indian lands of whose members, such remains or objects are discovered;

(ii) In the Indian tribe recognized as aboriginally occupying the public lands owned or administered by the BIA on which such remains or objects are discovered, if upon notice, that tribe states a claim for those remains or objects;

(iii) Where it can be so demonstrated by a preponderance of evidence, in the tribe other than that in paragraph (a)(2)(i) or (ii) of this section having the strongest cultural relationship with such remains or objects, if, upon notice, that tribe states a claim for those remains or objects.

(iv) The Area Director shall provide the required notice to any Indian tribe identified under paragraph (a)(2)(ii) or (iii) of this section, in writing, within 5 working days after such identification has been documented and confirmed, and shall at the same time submit a copy of the notice for publication in the Federal Register. This notice shall include a description of the remains or objects; of where, how, and why they were excavated or removed; and of the evidence used to identify the tribe being notified. The remains or objects in question shall be considered the property of the pertinent tribe under paragraph (a)(2)(i) of this section or, in the case of paragraph (a)(2)(ii) of this section, held and administered by the BIA until or unless a claim is stated.

(b) No permit for the excavation or removal of archaeological resources on Indian lands may be issued without the written consent of the Indian landowner(s) either to grant custody of the resources recovered (other than human remains of Indians, funerary objects, sacred objects or objects of cultural patrimony) to a curatorial facility that meets the requirements of 36 CFR part 79 or to allow the permittee a reasonable period of time to hold or have ready access to them at an appropriate location for study. The exempted remains and objects are covered under §262.5(d) of this part which, in general, permits their excavation or removal only when the research objectives and provisions for recovery, recording, and analysis are scientifically appropriate. Written consent to custody by a curatorial facility may include terms and conditions regarding curation (e.g., cleaning, viewing, loaning, studying, etc.), provided these are consistent with 36 CFR part 79.

(c) The Area Director may, after notifying the tribe (if any) having jurisdiction over such lands and allowing 15 working days for response, decline to issue a permit for lands of Indian individuals if he or she has any verifiable reason to believe that archaeological resources retained by the landowner(s) after being studied will be sold or exchanged other than to the tribe having jurisdiction or to a curatorial facility that meets the requirements of 36 CFR part 79. The basis for decline shall be that excavation or removal of resources under such circumstances would not be in the public interest and would thus be contrary to the purposes of the Act.

(d) The landowner(s) alone may grant custody of archaeological resources (except for human remains, funerary objects, sacred objects and objects of cultural patrimony, which are subject to the provisions of paragraph (a) of this section) excavated or removed from lands of Indian individuals that are under tribal jurisdiction to a curatorial facility that meets the requirements of 36 CFR part 79. When, however, such consignment constitutes the ultimate disposition of these resources, the tribe having jurisdiction must also grant its consent. Any subsequent exchange or disposition by the facility...
must have the consent of both the landowner(s) and the tribe.

(5 U.S.C. 301)

§ 265.3 Roads prohibited.

(a) Within the boundaries of this officially designated roadless area it will be the policy of the Interior Department to refuse consent to the construction or establishment of any routes passable to motor transportation, including in this restriction highways, roads, truck trails, work roads, and all other types of ways constructed to make possible the passage of motor vehicles either for transportation of people or for the hauling of supplies and equipment, unless the requirements of fire protection, commercial use for the Indians' benefit or actual needs of the Indians clearly demand otherwise.

This review shall be made for each program, function, or activity of each grant as set forth in the approved grant application.

(b) Grantees shall submit a performance report for each grant which briefly presents the following for each program, function, or activity involved:

1. A comparison of actual accomplishments to the goals established for the period. Where the output of grant programs can be readily quantified, such quantitative data should be related to cost data for computation of unit costs.

2. Reasons for slippage in those cases where established goals were not met.

3. Other pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs.

(c) Grantees shall submit the performance reports to the Bureau with the Financial Status Reports (prescribed in appendix B of this part) in the frequency established by appendix B. The Bureau shall prescribe the frequency with which the performance reports will be submitted with the Request for Advance or Reimbursement (prescribed in appendix B) when that form is used in lieu of the Financial Status Report. In no case shall the performance reports be required more frequently than quarterly or less frequently than annually.

(d) Between the required performance reporting dates, events may occur which have significant impact upon the project or program. In such cases, the grantee shall inform the Bureau as soon as the following types of conditions become known:

1. Problems, delays, or adverse conditions which will materially affect the ability to attain program objectives, prevent the meeting of time schedules and goals, or preclude the attainment of project work units by established time periods. This disclosure shall be accomplished by a statement of the action taken, or contemplated, and any Bureau assistance needed to resolve the situation.

2. Favorable developments or events which enable meeting time schedules and goals sooner than anticipated or producing more work units than originally projected.

(e) If any performance review conducted by the grantee discloses the need for change in the budget estimates in accordance with the criteria established in §276.14, the grantee shall submit a request for budget revision.

(f) The Bureau shall make site visits as frequently as practicable to:

1. Review program accomplishments and management control systems.

2. Provide such technical assistance as may be required, or requested.

§ 276.10 Grant payment requirements.

(a) Except for construction grants for which the letter-of-credit method is optional, the letter-of-credit funding method shall be used by the Bureau where all of the following conditions exist:

1. When there is or will be a continuing relationship between a grantee and the Bureau for at least a 12-month period and the total amount of advances to be received within that period from the Bureau is $120,000, or more, as prescribed by Treasury Circular No. 1075.

2. When the grantee has established or demonstrated to the Bureau the willingness and ability to establish procedures that will minimize the time
§ 276.11 Property management standards.

(a) Grantees may follow their own property management policies and procedures if they observe the requirements of this section. With respect to property covered by this section, the Bureau may not impose on grantees any requirements (including property reporting requirements)—not authorized by this part unless specifically required by Federal law.

(b) Title to real property to be acquired in whole or in part from a Bureau grant under part 900 of this chapter shall vest in one of the following manners:

(1) Title may be taken by the United States in trust for the Indian tribe upon the request of the tribe and when the real property to be acquired is within the reservation boundaries or adjoins on at least two sides other trust or restricted lands as prescribed in part 900 of this chapter.

(2) Fee title to the acquired real property shall vest in the Indian tribe whenever the acquisition does not meet the criteria in paragraph (b)(1) of this section, unless for other reasons a tribe requests title to be taken in the name of the United States. In the absence of applicable statutory authority governing the disposition of real property acquired by a tribe, the tribe shall use the real property for the authorized purposes and in accordance with any other requirements imposed by the terms and conditions of the original grant. Changes in use compatible to other tribal programs may be authorized by the Bureau. When no longer needed for the authorized purposes, the real property shall be used in accordance with the standards set forth in §276.11(d)(1) for non-expendable personal property. Accordingly, the following priority order for use of such property shall be:

(i) Other grants from the Bureau.

(ii) Grants from other Federal agencies.

(iii) Tribal purposes consistent with those authorized for support by Bureau grants.

(iv) Tribal official activities.

(3) In those instances where the Indian tribe requests, title may be acquired by the United States. Use of these acquired real property interests will be subject to the authorized purposes and in accordance with the provisions of the original grant. Upon a determination that the real property is no longer needed for the authorized purposes, disposition may be made by
Bureau of Indian Affairs, Interior § 276.11

declaring it excess under provisions of the Act of January 2, 1975 (88 Stat. 1954) and title transferred to the Secretary to be held by the United States in trust for the tribe. Where real property does not meet the requirements under the Act of January 2, 1975 (88 Stat. 1954), the tribe may elect to acquire title under applicable enabling statutory authorities, or in the absence of statutory authority, request withholding disposition in aid of legislation, or authorize disposal under the General Services Administration procedures.

(c) The provisions of paragraphs (b)(2) and (3) of this section shall also apply when real property is acquired in whole or in part by a Bureau grant other than that provided under part 900 of this chapter. However, when such property is acquired by a grantee other than an Indian tribe, or a tribal governing body, fee simple title to the property shall vest in the grantee upon acquisition. In the absence of applicable statutory provisions governing the use or disposition of such property, it shall be subject to the following requirements, in addition to any other requirements imposed by the terms and conditions of the grant:

1. The grantee shall use the real property for the authorized purpose of the original grant as long as needed.
2. The grantee shall obtain approval by the Bureau for the use of the real property in other projects when the grantee determines that the property is no longer needed for the original grant purposes. Use in other projects shall be limited to those under other Federal grant programs, or programs that have purposes consistent with those authorized for support by the grantor.

3. When the real property is no longer needed as provided in paragraphs (c)(1) and (2) of this section, the grantee shall return all real property furnished or purchased wholly with Bureau grant funds to the control of the Bureau. In the case of property purchased in part with Bureau grant funds, the grantee may be permitted to take title to the Federal interest therein upon compensating the Federal Government for its fair share of the property. The Federal share of the property shall be the amount computed by applying the percentage of the Federal participation in the total cost of the grant program for which the property was acquired to the current fair market value of the property.

(d) Standards and procedures governing ownership, use, and disposition of nonexpendable personal property furnished by the Bureau or acquired with Bureau funds are set forth below:

1. Nonexpendable personal property acquired with Bureau funds. When nonexpendable personal property is acquired by a grantee wholly or in part with Bureau funds, title will not be taken by the Bureau except as provided in paragraph (d)(1)(iv) of this section but shall be vested in the grantee subject to the following restrictions on use and disposition of the property:

i. The grantee shall retain the property acquired with Bureau funds in the grant program as long as there is a need for the property to accomplish the purpose of the grant program whether or not the program continues to be supported by Bureau funds. When there is no longer a need for the property to accomplish the purpose of the grant program, the grantee shall use the property in connection with the other Federal grants it has received in the following order of priority:

A. Other grants from the Bureau needing the property.
B. Grants of other Federal agencies needing the property.

ii. When the grantee no longer has need for the property in any of its Federal grant programs, or programs that have purposes consistent with those authorized for support by the grantor, the property may be used for its own official activities in accordance with the following standards:

A. Nonexpendable property with an acquisition cost of less than $500 and used four years or more. The grantee may use the property for its own official activities without reimbursement to the Federal government or sell the property and retain the proceeds.

B. All other nonexpendable property. The grantee may retain the property for its own use if a fair compensation is made to the Bureau for the latter's share of the property. The amount of compensation shall be computed by applying the percentage of
§ 276.11

Bureau participation in the grant program to the current fair market value of the property.

(iii) If the grantee has no need for the property, disposition of the property shall be made as follows:

(A) Nonexpendable property with an acquisition cost of $1,000 or less. Except for that property which meets the criteria of paragraph (d)(1)(ii)(A) of this section, the grantee shall sell the property and reimburse the Bureau an amount which is computed in accordance with paragraph (d)(1)(iii) of this section.

(B) Nonexpendable property with an acquisition cost of over $1,000. The grantee shall request disposition instructions from the Bureau. The Bureau shall determine whether the property can be used to meet the Bureau's requirement. If no requirement exists within the Bureau, the availability of the property shall be reported to the General Services Administration (GSA) by the Bureau to determine whether a requirement for the property exists in other Federal agencies. The Bureau shall issue instructions to the grantee within 120 days and the following procedures shall govern:

(1) If the grantee is instructed to ship the property elsewhere, the grantee shall be reimbursed by the benefiting Federal agency with an amount which is computed by applying the percentage of the grantee's participation in the grant program to the current fair market value of the property, plus any shipping or interim storage costs incurred.

(2) If the grantee is instructed to otherwise dispose of the property, he shall be reimbursed by the Bureau of such costs incurred in its disposition.

(3) If disposition instructions are not issued within 120 days after reporting, the grantee shall sell the property and reimburse the Bureau and amount which is computed by applying the percentage of Bureau participation in the grant program to the sales proceeds. Further, the grantee shall be permitted to retain $100 or 10 percent of the proceeds, whichever is greater, for the grantee's selling and handling expenses.

(iv) Where the Bureau determines that property with an acquisition cost of $1,000 or more and financed solely with Bureau funds is unique, different, or costly to replace, it may reserve title to such property, subject to the following provisions:

(A) The property shall be appropriately identified in the grant agreement or otherwise made known to the grantee.

(B) The Bureau shall issue disposition instructions within 120 days after the completion of the need for the property under the grant for which it was acquired. If the Bureau fails to issue disposition instructions within 120 days, the grantee shall apply the standards of paragraphs (d)(1)(i), (d)(1)(ii)(B), and (d)(1)(iii)(B) of this section.

(2) Federally owned nonexpendable personal property. Unless statutory authority to transfer title has been granted to an agency, title to Federally owned property (property to which the Federal Government retains title including excess property made available by the Bureau to grantees) remains vested by law in the Federal Government. Upon termination of the grant or need for the property, such property shall be reported to the Bureau for further Bureau use or, if appropriate, for reporting to the General Services Administration for other Federal agency use. Appropriate disposition instructions will be issued to the grantee after completion of Bureau review.

(e) The grantee's property management standards for nonexpendable personal property shall also include the following procedural requirements:

(1) Property records shall be maintained accurately and provide for a description of the property; manufacturer's serial number or other identification number; acquisition date and cost; source of the property; percentage of Federal funds used in the purchase of property; location, use, and condition of the property; and ultimate disposition data including sales price or the method used to determine current fair market value if the grantee reimburses the Bureau for its share.

(2) A physical inventory of property shall be taken and the results reconciled with the property records at least once every two years to verify the
§ 276.12 Procurement standards.

(a) The standards contained in this section do not relieve the grantee of the contractual responsibilities arising under its contracts. The grantee is the responsible authority, without recourse to the Bureau regarding the settlement and satisfaction of all contractual and administrative issues arising out of procurements entered into, in support of a grant. This includes but is not limited to: disputes, claims, protests of award, source evaluation or other matters of a contractual nature. Matters concerning violation of law are to be referred to the tribal, Federal or other authority which has proper jurisdiction.

(b) Grantees may use their own procurement regulations provided that procurements made with Bureau grant
§ 276.12  

funds adhere to the standards set forth as follows:

(1) The grantee shall maintain a code or standards of conduct which shall govern the performance of its officers, employees, or agents in contracting with and expending Bureau grant funds. Grantee’s officers, employees, or agents, shall neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or potential contractors. To the extent permissible by law, rules or regulations, such standards shall provide for penalties, sanctions, or other disciplinary actions to be applied for violations of such standards by either the grantee officers, employees, or agents, or by contractors or their agents.

(2) All procurement transactions regardless of whether negotiated or advertised and without regard to dollar value shall be conducted in a manner so as to provide maximum open and free competition. The grantee should be alert to organizational conflicts of interest or non-competitive practices among contractors which may restrict or eliminate competition or otherwise restrain trade. However, this provision will apply only after the Indian preference requirements prescribed in §276.13 have been met.

(3) The grantee shall establish procurement procedures which provide for, as a minimum, the following procedural requirements:

(i) Proposed procurement actions shall be reviewed by grantee official to avoid purchasing unnecessary or duplicative items. Where appropriate, an analysis shall be made of lease and purchase alternatives to determine which would be the most economical, practical procurement.

(ii) Invitations for bids or requests for proposals shall be based upon a clear and accurate description of the technical requirements for the material, product, or service to be procured. In competitive procurements, such description shall not contain features which unduly restrict competition. “Brand name or equal” description may be used as a means to define the performance or other salient requirements of a procurement. When so used, the specific features of the named brand which must be met by offerors should be clearly specified.

(iii) Positive efforts shall be made by the grantees to use small business and minority-owned business sources of supplies and services. Such efforts should allow these sources the maximum feasible opportunity to compete for contracts to be performed using Bureau grant funds. However, this provision will apply only after the Indian preference requirements prescribed in §276.13 have been met.

(iv) The type of procuring instruments used (i.e., fixed price contracts, cost reimbursable contracts, etc.) shall be appropriate for the particular procurement and for promoting the best interest of the grant program involved. The “cost-plus-a-percentage-of-cost” method of contracting shall not be used.

(v) Formal advertising, with adequate purchase description, sealed bids, and public openings shall be the required method of procurement unless negotiation pursuant to paragraph (b)(3)(vi) of this section is necessary to accomplish sound procurement. However, procurement of $10,000 or less need not be so advertised. Where such advertised bids are obtained the awards shall be made to the responsible bidder whose bid is responsive to the invitation and is most advantageous to the grantee, price and other factors considered. (Factors such as discounts, transportation costs, taxes may be considered in determining the lowest bid.) Invitations for bids shall clearly set forth all requirements which the bidder must fulfill in order for his bid to be evaluated by the grantee. Any or all bids may be rejected when it is in the grantee’s interest to do so.

(vi) Procurements may be negotiated if it is impractical and uneconomical to use formal advertising. Generally, procurements may be negotiated by the grantee if:

(A) The public exigency will not permit the delay incident to advertising;

(B) The material or service to be procured is available from only one person or firm; (all contemplated sole source procurements where the aggregate expenditure is expected to exceed $5,000 shall be referred to the Bureau for prior approval).
(C) The total amount involved does not exceed $10,000.

(D) The contract is for personal or professional services, or for any service to be rendered by a university, college, or other educational institution;

(E) No acceptable bids have been received after formal advertising;

(F) The purchases are for highly perishable materials or medical supplies; for material or services where the prices are established by law; for technical items or equipment requiring standardization and interchangeability of parts with existing equipment; for experimental, developmental or research work; for supplies purchased for authorized resale; and for technical or specialized supplies requiring substantial initial investment for manufacture;

(G) Otherwise authorized by law, rules or regulations. Notwithstanding the existence of circumstances justifying negotiation, competition shall be obtained to the maximum extent practicable.

(vii) Contracts shall be made only with responsible contractors who possess the potential ability to perform successfully under the terms and conditions of a proposed procurement. Consideration shall be given to such matters as contractor integrity, record of past performance, financial and technical resources, or accessibility to other necessary resources.

(viii) Procurement records or files for purchases in amounts over $10,000 shall provide at least the following pertinent information: Justification for the use of negotiation in lieu of advertising, contractor selection, and the basis for the cost or price negotiation.

(ix) A system for contract administration shall be maintained to assure contractor conformance with terms, conditions, and specifications of the contract or order, and to assure adequate and timely followup of all purchases.

(c) In addition to provisions to define a sound and complete agreement, the grantee shall include the following provisions in all contracts and subgrants:

(1) Contracts shall contain such contractual provisions or conditions which will allow for administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as may be appropriate.

(2) All contracts, amounts for which are over $10,000 shall contain suitable provisions for termination by the grantee including the manner by which it will be effected and the basis for settlement. In addition, such contracts shall describe conditions where the contract may be terminated for default as well as conditions where the contract may be terminated because of circumstances beyond the control of the contractor.

(3) In all contracts for construction or facility improvement awarded over $100,000, grantees shall observe the bonding requirements provided in §276.4.

(4) All construction contracts awarded by recipients and their contractors or subgrantees having a value of more than $10,000, shall contain a provision requiring compliance with Executive Order 11246, entitled “Equal Employment Opportunity,” as amended by Labor Regulations (41 CFR part 87). However, this Equal Employment Opportunity provision will apply only after the Indian preference requirements prescribed in §276.13 have been met.

(5) All contracts and subgrants for construction or repair shall include a provision for compliance with the Copeland “Anti-Kick Back” Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR part 3). This Act provides that each contractor or subgrantee shall be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he is otherwise entitled. The grantee shall report all suspected or reported violations to the Bureau.

(6) When required by the Federal grant program legislation, all construction contracts awarded by grantees and subgrantees over $2,000 shall include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 276a to 276a-7) and as supplemented by Department of Labor regulations (29 CFR part 5). Under this Act, contractors shall be required to pay wages to laborers and
§ 276.13 Indian preference in grant administration.

Any grant or subgrant shall require that to the greatest extent feasible:

(a) Preferences and opportunities for training and employment in connection with the administration of such a grant or subgrant shall be given to Indians.

(b) Preference in the award of a subgrant, contract or subcontract in connection with administration of a grant shall be given to Indian organizations and economic enterprises.

(c) A tribal governing body may develop its own Indian preference requirements to the extent that such requirements are not inconsistent with the purpose and intent of paragraphs (a) and (b) of this section for grants executed under this part.
§ 276.14 Budget revision.

Criteria and procedures to be followed by grantees in reporting deviations from grant budgets and requesting approval for budget revisions are as follows:

(a) For nonconstruction grants, grantees shall request prior approvals promptly from the Bureau for budget revisions whenever:

(1) The revision results from changes in the scope or the objective of the grant-supported program.

(2) The revision indicates the need for additional Bureau funding.

(3) The grant budget is over $100,000 and the cumulative amount of transfers among direct cost object class budget categories exceeds or is expected to exceed $10,000, or five percent of the grant budget, whichever is greater. The same criteria apply to cumulative amount of transfers among programs, functions, and activities when budgeted separately for a grant, except that the Bureau shall permit no transfer which would cause any Federal appropriation, or part thereof, to be used for purposes other than those intended.

(4) The grant budget is $100,000 or less, and the cumulative amount of transfers among direct cost object class budget categories exceeds or is expected to exceed five percent of the grant budget. The same criteria apply to the cumulative amount of transfers among programs, functions, and activities when budgeted separately for a grant, except that the Bureau shall permit no transfer which would cause any Federal appropriation, or part thereof, to be used for purposes other than those intended.

(5) The revisions involve the transfer of amounts budgeted for indirect costs to absorb increases in direct costs.

(6) The revisions pertain to the addition of items requiring approval in accordance with the provisions of appendix A of this part.

(b) All other changes to nonconstruction grant budgets, except for the changes described in paragraph (d) of this section do not require approval.

These changes include:

(1) The use of grantee funds in furtherance of program objectives over and above the grantee minimum share included in the approved grant budget and

(2) The transfer of amounts budgeted for direct costs to absorb authorized increases in indirect costs.

(c) For construction grants, grantees shall request prior approval promptly from the Bureau for budget revisions whenever:

(1) The revision results from changes in the scope or the objective of the grant-supported programs.

(2) The revision increases the budgeted amounts of Bureau funds needed to complete the project.

(d) When the Bureau awards a grant which provides support for both construction and nonconstruction work, the Bureau may require, in the grant agreement, the grantee to request prior approval before making any fund or budget transfers between the two types of work supported.

(e) For both construction and nonconstruction grants, the Bureau shall require tribal grantees to notify the Bureau promptly whenever the amount of Bureau authorized funds is expected to exceed the needs of the grantee by more than $5,000 or 5 percent of the Bureau grant, whichever is greater. This notification will not be required when applications for additional funding are submitted for continuing grants.

(f) When requesting approval for budget revisions, grantees shall use the budget forms which were used in the grant application. However, grantees may request by letter the approvals required by the provisions of appendix A of this part.

(g) Within 30 days from the date of receipt of the request for budget revisions, the Bureau shall review the request and notify the grantee whether or not the budget revisions have been approved. If the Bureau does not reach a decision prior to the end of the 30-day period or should the grantee not be notified of the Bureau’s decision by the end of the 30-day period the grantee may appeal directly to the Commissioner.

§ 276.15 Grant closeout.

(a) In closing out Bureau grants, the following shall be observed:

(1) Upon request, the Bureau shall make prompt payments to a grantee
for allowable reimbursable costs under the grant being closed out.

(2) The grantee shall immediately refund to the Bureau any unencumbered balance of cash advanced to the grantee.

(3) The Bureau shall obtain from the grantee within 90 days after the date of completion of the grant all financial, performance, and other reports required as a condition of the grant. The Bureau may grant extensions when requested by the grantee.

(4) The Bureau shall make a settlement for any upward or downward adjustments to the Federal share of costs after these reports are received.

(5) The grantee shall account for any property acquired with grant funds, or received from the Government in accordance with the provisions of §276.11.

(6) If a final audit has not been performed before the closeout of the grant, the Bureau shall retain the right to recover an appropriate amount after fully considering the recommendations on disallowed costs resulting from the final audit.

(b) Suspension. When a grantee has materially failed to comply with the terms and conditions of a grant, the Bureau may, after reasonable notice to the grantee, suspend the grant. The notice preceding suspension shall include the effective date of the suspension, the reasons for the suspension, the corrective measures necessary for reinstatement of the grant, and, if there is no immediate threat to safety, a reasonable time frame for corrective action prior to actual suspension. No obligations incurred by the grantee during the period of suspension shall be allowable under the suspended grant, except that the Bureau may, at its discretion, allow necessary and proper costs which the grantee could not reasonably avoid during the period of suspensions if such costs would otherwise be allowable under the applicable cost principles specified in appendix A of this part. Appropriate adjustments to the payments under the suspended grant will be made, either by withholding the payments or by not allowing the grantee credit for disbursements which he may make in liquidation of unauthorized obligations he incurs during the period of suspension. Suspensions shall remain in effect until the grantee has taken corrective action to the satisfaction of the Bureau or given assurances satisfactory to the Bureau that corrective action will be taken, or until the Bureau cancels the grant.

c)(1) Cancellation for cause. The Bureau may cancel any grant in whole, or in part, at any time before the date of completion, whenever it is determined that the grantee has:

(i) Materially failed to comply with the terms and conditions of the grant;

(ii) Violated the rights or endangered the health, safety, or welfare of any persons;

(iii) Been grossly negligent in or has mismanaged the handling or use of funds provided under the grant.

(2) When it appears that cancellation of a grant shall become necessary, the Bureau shall promptly notify the grantee in writing of this possibility. This written notice shall advise the grantee of the reason for the possible cancellation and the corrective action necessary to avoid cancellation. The Bureau shall also offer, and provide if requested by the grantee, any technical assistance which may be required to effect the corrective action. The grantee shall have 60 days in which to effect this corrective action before the Bureau provides notice of intent to cancel the grant as provided in paragraph (c)(3) of this section.

(3) Upon deciding to cancel for cause, the Bureau shall promptly notify the grantee in writing of that decision, the reasons for the cancellation, and the effective date. The Bureau shall also provide a hearing for the grantee before cancellation, as provided in §272.51. However, the Bureau may immediately cancel the grant, upon notice to the grantee, if the Bureau determines that continuance of the grant poses an immediate threat to safety. In this event, the Bureau shall provide a hearing for the grantee within ten (10) days of cancellation.

(4) Payments made to grantees or recoveries by the Bureau under grants cancelled for cause shall be in accordance with the legal rights and obligations of the parties.

d)(1) Cancellation on other grounds. Except as provided in paragraph (c) of
this section, grants may be cancelled in whole or in part only as follows:

(i) By the Bureau with the consent of the grantee, in which case the two parties shall agree upon the cancellation conditions, including the effective date, and in the case of partial cancellation, the portion to be cancelled; or

(ii) By the grantee, upon written notice to the Bureau, setting forth the reasons for the cancellation, the effective date, and, in the case of partial cancellation, the portion to be cancelled.

(2) When a grant is cancelled in accordance with paragraph (d) of this section, the grantee shall not incur new obligations for the cancelled portion after the effective date, and shall cancel as many outstanding obligations as possible. The Bureau shall allow full credit to the grantee for the Bureau share of the noncancelable obligations properly incurred by the grantee before cancellation.

[40 FR 51316, Nov. 4, 1975, as amended at 45 FR 13452, Feb. 29, 1980]

§ 276.16 Subgrants and subcontracts to non-profit organizations.

The uniform administrative requirements in this part, including the cost principles in appendix A, to this part, are applicable to all subgrants or subcontracts made by a grantee in accordance with the provisions of this chapter. However, these requirements and cost principles are applicable as minimum standards for subgrants or subcontracts made to nonprofit organizations. Accordingly, the grantee may prescribe additional or more stringent requirements with regard to subgrants or subcontracts made to nonprofit organizations.

§ 276.17 Printing.

As permitted by paragraph 36-2(c) in the Government Printing and Binding Regulations (October 1974, No. 11), printing required by a grantee in performing work under a grant is considered “incidental printing” (e.g., material which the grantee needs to use to respond to the terms of the grant). Whenever the incidental printing is likely to exceed the exclusions in paragraphs 36-3 and 36-4 of the Joint Committee on Printing (JCP) Printing and Binding Regulations, specific provisions on printing as may be required shall be included in the grant agreement. Grantees shall be given the option of using sources other than the Government Printing Office for incidental printing.

[43 FR 37446, Aug. 23, 1978]
3. Cost, as used herein, means cost as determined on a cash, accrual, or other basis acceptable to the Bureau as a discharge of the grantee's accountability for Bureau funds.

4. Cost objective means a pool, center, or area established for the accumulation of cost. Such areas include organizational units, functions, objects or items of expense as well as ultimate cost objectives including specific grants, projects, contracts, and other activities.

5. Federal agency means any department, agency, commission, or instrumentality in the executive branch of the Federal Government which makes grants to grantees.

6. Grant means an agreement between the Bureau and a grantee whereby the Bureau provides funds or aid in kind to carry out specified programs, services, or activities. The principles and policies stated in this appendix as applicable to grants in general also apply to any Federally sponsored cost reimbursement type of agreement performed by a grantee, including contracts, subcontracts and subgrants.

7. Grant program means those activities and operations of the grantee which are necessary to carry out the purposes of the grant, including any portion of the program financed by the grantee.

8. Grantee means the entity which is responsible for administration of the grant.

9. Services, as used herein, means goods and facilities, as well as services.

10. Supporting services means auxiliary functions necessary to sustain the direct effort involved in administering a grant program or an activity providing service to the grant program. These services may be centralized in the grantee department or in some other agency, and include procurement, payroll, personnel functions, maintenance and operation of space, data processing, accounting, budgeting, auditing, mail and messenger service, and the like.

C. Basic guidelines. 1. Factors affecting allowability of costs. To be allowable under a grant program, costs must meet the following general criteria:

a. Be necessary and reasonable for proper and efficient administration of the grant program, be allocable thereto under these principles, and, except as specifically provided herein, not be a general expense required to carry out the overall responsibilities of a grantee.

b. Be authorized or not prohibited under applicable laws or regulations.

c. Conform to any limitations or exclusions set forth in these principles. Federal laws, or other governing limitations as to types or amounts of cost items.

d. Be consistent with policies, regulations, and procedures that apply uniformly to both Federally assisted and other activities of which the grantee is a part.

e. Be accorded consistent treatment through application of generally accepted accounting principles appropriate to the circumstances.

f. Not be allocable to or included as a cost of any other Federally financed program in either the current or a prior period.

g. Be net of all applicable credits.

2. Allocable costs. a. A cost is allocable to a particular cost objective to the extent of benefits received by such objective.

b. Any cost allocable to a particular grant or cost objective under the principles provided for in this appendix may not be shifted to other Federal grant programs to overcome funds deficiencies, avoid restrictions imposed by law or grant agreements, or for other reasons.

c. Where an allocation of joint cost will ultimately result in charges to a grant program, an allocation plan will be required as prescribed in section I.

3. Applicable credits. a. Applicable credits refer to those receipts or reduction of expenditure-type transactions which offset or reduce expense items allocable to grants as direct or indirect costs. Examples of such transactions are: purchase discounts; rebates or allowances; recoveries or indemnities on losses; sale of publications, equipment, and scrap; income from personal or incidental services; and adjustments of overpayments or erroneous charges.

b. Applicable credits may also arise when Bureau funds are received or are available from sources other than the grant program involved to finance operations or capital items of the grantee. This includes costs arising from the use of depreciation of items donated or financed by the Bureau to fulfill matching requirements under another grant program. These types of credits should likewise be used to reduce related expenditures in determining the rates or amounts applicable to a given grant.

D. Composition of cost. 1. Total cost. The total cost of a grant program is comprised of allowable direct cost incident to its performance, plus its allocable portion of allowable indirect costs, less applicable credits.

2. Classification of costs. There is no universal rule for classifying certain costs as either direct or indirect under every accounting system. A cost may be direct with respect to some specific service or function, but indirect with respect to the grant or other ultimate cost objective. It is essential, therefore, that each item of cost be treated consistently either as a direct or an indirect cost. Specific guides for determining direct and indirect costs allocable under grant programs are provided in the sections which follow.

E. Direct costs. 1. General. Direct costs are those that can be identified specifically with a particular cost objective. These costs may be charged directly to grants, contracts, or
to other programs against which costs are fin-
ally lodged. Direct costs may also be charged
to cost objectives used for the other
ultimate cost objective.
2. In lieu of determining direct costs charge-
able to grant programs are:
   a. Compensation of employees for the time
      and effort devoted specifically to the execu-
tion of an objective providing service.
   b. Cost of materials acquired, consumed, or
      expended specifically for the purpose of the
      grant.
   c. Equipment and other approved capital
      expenditures.
   d. Other items of expense incurred specifi-
cally to carry out the grant agreement.
   e. Services furnished specifically for the
      grant program by other agencies, provided
such charges are consistent with criteria
outlined in section G of these principles.
F. Indirect costs. 1. General. Indirect costs
are those (a) incurred for a common or joint
purpose benefiting more than one cost objet-
tive, and (b) not readily assignable to the
cost objectives specifically benefited, with-
out effort disproportionate to the results
achieved. The term “indirect costs,” as used
herein, applies to costs of this type origin-
ating in the grantee department, as well as
those incurred by other departments in sup-
plying goods, services, and facilities, to the
grantee department. To facilitate equitable
distribution of indirect expenses to the cost
objectives served, it may be necessary to es-
ablish a number of pools of indirect cost
within a grantee department or in other
agencies providing services to a grantee de-
partment. Indirect cost pools should be dis-
tributed to benefiting cost objectives on
bases which will produce an equitable result
in consideration or relative benefits derived.
2. Grantee departmental indirect costs. All
grantee departmental indirect costs, includ-
ing the various levels of supervision, are eli-
gible for allocation to grant programs pro-
vided they meet the conditions set forth in
this part. In lieu of determining the actual
amount of grantee departmental indirect
cost allocable to a grant program, the fol-
lowing methods may be used:
   a. Predetermined fixed rates for indirect costs.
      A predetermined fixed rate for computing in-
direct costs applicable to a grant may be ne-
gotiated annually in situations where the
cost experience and other pertinent facts
available are deemed sufficient to enable the
contracting parties to reach an informed
judgment (1) as to the probable level of indi-
rect costs in the grantee department during
the period to be covered by the negotiated
rate, and (2) that the amount allowable
under the predetermined rate would not ex-
ceed actual indirect cost.
   b. Negotiated lump sum for overhead. A nego-
tiated fixed amount in lieu of indirect costs
may be appropriate under circumstances
where the benefits derived from a grantee de-
partment’s indirect services cannot be read-
ily determined as in the case of small, self-
contained or isolated activity. When this
method is used, a determination should be
made that the amount negotiated will be ap-
proximately the same as the actual indirect
cost that may be incurred. Such amounts ne-
gotiated in lieu of indirect costs will be
provided under each such grant does not exceed the
amount allowed under the statutory
limitation or the amount otherwise allow-
able under this appendix, whichever is the
smaller.
   b. When the amount allowable under a
statutory limitation is less than the amount
otherwise allocable as indirect costs under
this appendix the amount not recoverable as
indirect costs under a grant may not be
shifted to another Federally sponsored grant
program or contract.
G. Cost incurred by organizations other than
the grantee. 1. General. The cost of service
provided by other organizations may only in-
clude allowable direct costs of the service
plus a prorata share of allowable supporting
costs and supervision directly required in
performing the service, but not supervision
of a general nature such as that provided by
the head of an organization and his staff as-
sistants not directly involved in operations.
However, supervision by the head of an orga-
nization whose sole function is providing the
service furnished would be an eligible cost.
Supporting costs include those furnished by
other units of the supplying organizations.
2. Alternative methods of determining indirect
cost. In lieu of determining actual indirect
cost related to a particular service furnished
by another organization, either of the fol-
lowing alternative methods may be used pro-
vided only one method is used for a specific
service during the fiscal year involved.
   a. Standard indirect rate. An amount equal
to ten percent of direct labor cost in pro-
viding the service performed by another or-
ganization (excluding overtime, shift, or hol-
day premiums and fringe benefits) may be
allowed in lieu of actual allowable indirect
cost for that service.
   b. Predetermined fixed rate. A predetermined
fixed rate for indirect cost of the unit or ac-

tivity providing service may be negotiated as
set forth in section F.2.a.
H. Cost incurred by grantee for others. 1. Gen-
eral. The principles provided in section G will
also be used in determining the cost of services provided by the grantee to another agency.

1. Cost allocation plan. 1. General. A plan for allocation of costs will be required to support the distribution of any joint costs related to the grant program. All costs included in the plan will be supported by formal accounting records which will substantiate the propriety of eventual charges.

2. Requirements. The allocation plan of the grantee should cover all joint costs of the grantees as well as costs to be allocated under plans of other agencies or organizational units which are to be included in the costs of federally sponsored programs. The cost allocation plans of all the agencies rendering services to the grantee, to the extent feasible, should be presented in a single document. The allocation plan should contain, but not necessarily be limited to, the following:

a. The nature and extent of services provided and their relevance to the federally sponsored programs.

b. The items of expense to be included.

c. The methods to be used in distributing cost.

3. Instructions for preparation of cost allocation plans. The Bureau, in consultation with the other Federal agencies concerned, will be responsible for developing and issuing the instructions for use by grantees in preparation of cost allocation plans.

4. Submission of indirect cost proposal and negotiation of indirect cost rates.

a. A grantee should submit its indirect cost proposal to the Federal agency which provides the largest dollar volume of contracts and grants. However, once a Federal agency has handled an indirect cost proposal, that same Federal agency should continue to act upon the proposal even though the preponderance of financial interest may have shifted to another Federal agency, and grantee shall not resubmit its indirect cost proposal to a second Federal agency.

b. Where the grantee submits its proposal to the Department of Interior, the proposal should be sent by the Bureau of Indian Affairs to the cognizant Regional Office of the Department's Office of Audit and Investigation. The Office of Audit and Investigation is responsible for the audit and review of the proposals and negotiation of the indirect cost rates.

c. Grant administrators officers will usually, but are not required to, accept indirect cost rates negotiated by other Federal agencies.

d. The Bureau of Indian Affairs will provide technical assistance in developing indirect cost proposals, if needed.

PART II—STANDARDS FOR SELECTED ITEMS OF COST

A. Purpose and applicability. 1. Objective. This attachment provides standards for determining the allowability of selected items of cost.

2. Application. These standards will apply irrespective of whether a particular item of cost is treated as direct or indirect cost. Failure to mention a particular item of cost in the standards is not intended to imply that it is either allowable or unallowable, rather determination of allowability in each case should be based on the treatment of standards provided for similar or related items of cost. The allowability of the selected items of cost is subject to the general policies and principles stated in part I of this appendix.

B. Allowable costs. 1. Accounting. The cost of establishing and maintaining accounting and other information systems required for the management of grant programs is allowable. This includes cost incurred by central service agencies for these purposes. The cost of maintaining central accounting records required for overall tribal government purposes, such as appropriation and fund accounts by the Treasurer, Comptroller, or similar officials, is considered to be a general expense of government and is not allowable.

2. Advertising. Advertising media includes newspapers, magazines, radio and television programs, direct mail, trade papers, and the like. The advertising costs allowable are those which are solely for:

a. Recruitment of personnel required for the grant program.

b. Solicitation of bids for the procurement of goods and services required.

c. Disposal of scrap or surplus materials acquired in the performance of the grant agreement.

d. Other purposes specifically provided for in the grant agreement.

3. Advisory councils. Costs incurred by grantee advisory councils or committees established pursuant to Bureau requirements to carry out grant programs are allowable. The cost of like organizations is allowable when provided for in the grant agreement.

4. Audit service. The cost of audits necessary for the administration and management of functions related to grant programs is allowable.

5. Bonding. Costs of premiums on bonds covering employees who handle grantee funds are allowable.

6. Budgeting. Costs incurred for the development, preparation, presentation, and execution of budgets are allowable. Costs for services of a central budget office are generally not allowable since these are costs of general government. However, where employees of the central budget office activity...
participate in the grantee budget process, the cost of identifiable services is allowable.

7. Building lease management. The administrative cost for lease management which includes review of lease proposals, maintenance of a list of available property for lease, and related activities is allowable.

8. Central stores. The cost of maintaining a central store's organization for supplies, equipment, and materials used either directly or indirectly for grant programs is allowable.

9. Communications. Communication costs incurred for telephone calls or service, telegraph, teletype service, wide area telephone service (WATS), centrex, telpak (tie lines), postage, messenger service and similar expenses are allowable.

10. Compensation for personal services. a. General. Compensation for personal services includes all remuneration, paid currently or accrued, for services rendered during the period of performance under the grant agreement, including but not necessarily limited to wages, salaries, and supplementary compensation and benefits. The costs of such compensation are allowable to the extent that total compensation for individual employees; (1) Is responsible for the services rendered, (2) for which an appointment was made in accordance with tribal government ordinances and rules which meets Federal merit system or other requirements, where applicable. An employee is determined and supported as provided in b., below. Compensation for employees engaged in federally assisted activities will be considered reasonable to the extent that it is comparable to that paid for similar work in other activities of the tribal government. In cases where the kinds of employees required for the federally assisted activities are not found in the other activities of the tribal government, compensation will be considered reasonable to the extent that it is comparable to that paid for similar work in the labor market in which the employing government competes for the kind of employees involved. Compensation surveys providing data representative of the labor market involved will be an acceptable basis for evaluating reasonableness.

b. Payroll and distribution of time. Amounts charged to grant programs for personal services, regardless of whether treated as direct or indirect costs, will be based on payrolls documented and approved in accordance with generally accepted practice of the tribal government. Payrolls must be supported by time and attendance or equivalent records for individual employees. Salaries and wages of employees chargeable to more than one grant program or other cost objective will be supported by appropriate time distribution records. The method used should produce an equitable distribution of time and effort.

11. Depreciation and use allowance. a. Grantees may be compensated for the use of their own buildings, capital improvements, and equipment through use allowances or depreciation. Use allowances are the means of providing compensation in lieu of depreciation or other equivalent costs. However, a combination of the two methods may not be used in connection with a single class of fixed assets.

b. The computation of depreciation or use allowance will be based on acquisition cost. Where actual cost records have not been maintained, a reasonable estimate of the original acquisition cost may be used in the computation. The computation will exclude the cost or any portion of the cost of buildings and equipment donated or borne directly or indirectly by the Federal Government through charges to Federal grant programs or otherwise, irrespective of whether title was originally vested or where it presently resides. In addition, the computation will also exclude the cost of land. Depreciation or a use allowance on idle or excess facilities is not allowable, except when specifically authorized by the grantor Federal agency.

c. Where the depreciation method is followed, adequate property records must be maintained, and any generally accepted method of computing depreciation must be consistently applied for any specific asset or class of assets for all affected Federally sponsored programs and must result in equitable charges considering the extent of the use of the assets for benefit of such programs.

d. In lieu of depreciation, a use allowance for buildings and improvements may be computed at an annual rate not exceeding two percent of acquisition cost. The use allowance for equipment (excluding items properly capitalized as building cost) will be computed at an annual rate not exceeding six and two-thirds percent of acquisition cost of usable equipment.

e. No depreciation or use charge may be allowed on any assets that would be considered as fully depreciated, provided, however, that reasonable use charges may be negotiated for any such assets if warranted after taking into consideration the cost of the facility or item involved, the estimated useful life remaining at time of negotiation, the effect of any increased maintenance charges or decreased efficiency due to age, and any other factors pertinent to utilization of the facility or item for the purpose contemplated.

12. Disbursing service. The cost of disbursing grant program funds by the Treasurer or other designated officer is allowable. Disbursing services cover the processing of checks or warrants, from preparation to redemption, including the necessary records of accountability and reconciliation of such records with related cash accounts.
13. Employee fringe benefits. Costs identified under a. and b. below are allowable to the extent that total compensation for employees is reasonable as defined in section B.10.

a. Membership benefits in the form of regular compensation paid to employees during periods of authorized absences from the job, such as for annual leave, sick leave, court leave, military leave, and the like, if they are: (1) Provided pursuant to an approved leave system, and (2) the cost thereof is equitably allocated to all related activities, including grant programs.

b. Employee benefits in the form of employers' contribution or expenses for social security, employees' life and health insurance plans, unemployment insurance coverage, workmen's compensation insurance, pension plans, severance pay, and the like, provided such benefits are granted under approved plans and are distributed equitably to grant programs and in other activities.

14. Employee morale, health and welfare costs. The costs of health or first-aid clinics and/or infirmaries, recreational facilities, employees' counseling services, employee information publications, and any related expenses incurred, are allowable. Income generated from any of these activities will be offset against expenses.

15. Exhibits. Costs of exhibits relating specifically to the grant programs are allowable.

16. Legal expenses. The cost of legal expenses required in the administration of grant programs is allowable. Legal services furnished by the chief legal officer of a tribal government or his staff solely for the purpose of discharging his general responsibilities as legal officer are unallowable. Legal expenses for the prosecution of claims against the Federal Government are allowable.

17. Maintenance and repair. Costs incurred for necessary maintenance, repair, or upkeep of property which neither add to the permanent value of the property nor appreciably prolong its intended life, but keep it in an efficient operating condition, are allowable.

18. Materials and supplies. The cost of materials and supplies necessary to carry out the grant programs is allowable. Purchases made specifically for the grant program should be charged thereto at their actual prices after deducting all cash discounts, trade discounts, rebates, and allowances received by the grantee. Withdrawals from general stores or stockrooms should be charged at cost under any recognized method of pricing consistently applied. Incoming transportation charges are a proper part of material cost.

19. Memberships, subscriptions and professional activities. The cost of membership in civic, business, technical and professional organizations is allowable provided: (1) The benefit from the membership is related to the grant program, (2) the expenditure is for agency membership, (3) the cost of the membership is reasonably related to the value of the services or benefits received, and (4) the expenditure is not for membership in an organization which devotes a substantial part of its activities to influencing legislation.

b. Reference material. The cost of books, and subscriptions to civic, business, professional, and technical periodicals is allowable when related to the grant program.

c. Meetings and conferences. Costs are allowable when the purpose of the meeting is the dissemination of technical information relating to the grant program and they are consistent with regular practices followed for other activities of the grantee.

20. Motor pools. The costs of a service organization which provides automobiles to grantees at a mileage or fixed rate and/or provides vehicle maintenance, inspection and repair services are allowable.

Travel costs are allowable for expenses for transportation, lodging, subsistence, and related items incurred by employees who are in travel status on official business incident to a grant program. Such costs may be charged on an actual basis, on a per diem or mileage basis in lieu of actual costs.
incurred, or on a combination of the two, provided the method used is applied to an entire trip, and results in charges consistent with those normally allowed in like circumstances in Federally sponsored activities. The difference in cost between first-class air accommodations and less-than-first-class air accommodations is unallowable except when less-than-first-class air accommodations are not reasonably available.

C. Costs allowable with approval of the Bureau. 1. Automatic data processing. The cost of data processing services to grant programs is allowable. This cost may include rental of equipment or depreciation on grantee-owned equipment. The acquisition of equipment, whether by outright purchase, rental-purchase agreement or other method of purchase, is allowable only upon specific prior approval of the Bureau as provided under the selected item for capital expenditures. The Bureau must obtain required Departmental clearances before such approval can be given.

2. Building space and related facilities. The cost of space in privately or publicly owned buildings used for the benefit of the grant program is allowable subject to the conditions stated below. The total cost of space, whether in a privately or publicly owned building, may not exceed the rental cost of comparable space and facilities in a privately owned building in the same locality. The cost of space procured for grant program usage may not be charged to the program for periods of nonoccupancy, without authorization of the Bureau.

a. Rental cost. The rental cost of space in a privately owned building is allowable.

b. Maintenance and operation. The cost of utilities, insurance, security, janitorial services, elevator service, upkeep of grounds, normal repairs and alterations and the like, are allowable to the extent they are not otherwise included in rental or other charges for space.

d. Depreciation and use allowances on privately owned buildings. These costs are allowable as provided in section B.11.

e. Occupancy of space under rental-purchase or a lease with option-to-purchase agreement. The cost of space procured under such arrangements is allowable when specifically approved by the Bureau.

3. Capital expenditures. The cost of facilities, equipment, other capital assets, and repairs which materially increase the value or useful life of capital assets is allowable when such procurement is specifically approved by the Bureau. When assets acquired with Bureau grant funds are (a) sold, (b) no longer available for use in a Federally sponsored program or (c) used for purposes not authorized by the Bureau, the Bureau's equity in the asset will be refunded in the same proportion as Bureau participation in its cost. In case any assets are traded on new items, only the net cost of the newly acquired assets is allowable.

4. Insurance and indemnification. a. Costs of insurance required, or approved and maintained pursuant to the grant agreement, is allowable.

b. Costs of other insurance in connection with the general conduct of activities is allowable subject to the following limitations:

(1) Types and extent and cost of coverage will be in accordance with sound business practice.

c. Contributions to a reserve for a self-insurance program approved by the Bureau are allowable to the extent that the type of coverage, extent of coverage, and the rates and premiums would have been allowed had insurance been purchased to cover the risks.

d. Actual losses which could have been covered by permissible insurance (through an approved self-insurance program or otherwise) are unallowable unless expressly provided for in the grant agreement. However, costs incurred because of losses not covered under nominal deductible insurance coverage provided in keeping with sound management practice, and minor losses not covered by insurance, such as spoilage, breakage and disappearance of small hand tools which occur in the ordinary course of operations, are available.

APPENDIX B TO PART 276—FINANCIAL REPORTING REQUIREMENTS

A. Purpose and scope. This appendix prescribes requirements for grantee to report financial information to the Bureau and to request advances and reimbursement when a letter-of-credit method is not used.

B. Definitions. 1. Accrued expenditures. Accrued expenditures are the charges incurred by the grantee during a given period requiring the provision of funds for: (1) Goods and other tangible property received; (2) services performed by employees, contractors, subgrantees, and other payees; and (3) amounts becoming owed under programs for which no current services or performance are required by the grantee.

2. Accrued income. Accrued income is the earnings during a given period which is a source of funds resulting from: (1) Services performed by the grantee; (2) goods and other tangible property delivered to purchasers; and (3) amounts becoming owed to the grantee for which no current services or performance are required by the grantee.

3. Disbursements. Disbursements are payments in cash or by check.

4. Bureau funds authorized. Funds authorized represent the total amount of the Bureau funds authorized for obligations and establish the ceilings for obligation of Bureau funds. This amount may include any authorized carryover of unobligated funds from prior fiscal years.

5. Obligations. Obligations are the amounts of orders placed, contracts and grants awarded, services received, and similar transactions during a given period, which will require payment during the same or a future period.

6. Outlays. Outlays represent charges made to the grant project or program. Outlays can be reported on a cash or accrued expenditure basis.

9. Unpaid obligations. Unpaid obligations represent the amount of obligations incurred by the grantee which have not been paid.

C. Standard forms. 1. Only the following forms will be authorized for obtaining financial information from grantees for grant programs:

a. Financial Status Report. (1) The Bureau shall require grantees to use a standard Financial Status Report to report the status of funds for all nonconstruction grant programs. The Bureau may, however, have the option of not requiring a Federal Status Report when a request for advance or reimbursement (paragraph 2a) is determined to provide adequate information to meet their needs, except that a final Financial Status Report shall be required at the completion of the grant when the Request for Advance or Reimbursement form is used only for advances.

(2) The Bureau shall prescribe whether the report shall be on a cash or accrual basis. If the Bureau requires accrual information and the grantee’s accounting records are not normally kept on the accrual basis, the grantee should develop such information through an
Bureau of Indian Affairs, Interior

(3) The grant agreement shall determine the frequency of the Financial Status Report for each grant program considering the size and complexity of the particular program. However, the report shall not be required more frequently than quarterly or less frequently than annually. Also, a final report shall be required at the completion of the grant.

(4) The original and two copies of the Financial Status Report shall be submitted 30 days after the end of each specified reporting period. In addition, final reports shall be submitted 90 days after the end of the grant period or the completion of the project or program. Extensions to reporting due dates may be approved when requested by the grantee.

(5) The Bureau may require forecasts of Federal cash requirement in the Remarks section of the report.

(3) When practical and deemed necessary, the Bureau may require grantees to report in the Remarks section the amount of cash in excess of three days’ requirements in the hands of subgrantees or other secondary recipients and to provide short narrative explanations of actions taken by the grantees to reduce the excess balances.

(4) The Bureau shall accept the identical information from the grantees in a machine-useable format in lieu of the Report of Federal Cash Transactions.

(5) Grantees shall submit the original and two copies of the Report of Federal Cash Transactions no later than 15 working days following the end of each quarter. For those grantees receiving annual grants totaling one million dollars or more, the Bureau shall require a monthly report.

(6) The Bureau shall waive the requirement for submission of a Report of Federal Cash Transactions when monthly advances do not exceed $10,000 per grantee provided that such advances are monitored through other forms contained in this appendix or the grantee’s accounting controls are adequate to minimize excessive Federal advances.

2. Except as noted below, only the following forms will be authorized for the grantees in requesting advances and reimbursements.

a. Request for advance or reimbursement. (1) The “Request for Advance or Reimbursement” form is the standard form for all non-construction grant programs when letters of credit or predetermined automatic advance methods are not used. The Bureau, however, has the option of using this form for construction programs in lieu of an “Outlay Report and Request for Reimbursement for Construction Programs” (paragraph 2b) and shall specify in the grant agreement.

(2) Grantees shall be authorized to submit requests for advances or reimbursement at least monthly when letters of credit are not used. Grantees shall submit the original and two copies of a Request for Advance or Reimbursement.

b. Outlay Report and Request for Reimbursement for Construction Program. (3) The “Outlay Report and Request for Reimbursement for Construction Programs” form is the standard format to be used for requesting reimbursement for construction programs. The Bureau may, however, have the option of substituting a “Request for Advance or Reimbursement” form (paragraph 2a) in lieu of this form when the Bureau determines that the former provides adequate information to meet its needs as stated in the grant agreement.

(2) Grantees shall be authorized to submit requests for reimbursement at least monthly when letters of credit are not used. Grantees shall submit the original and two copies of an “Outlay Report and Request for Reimbursement for Construction Programs” form.

3. When the Bureau needs additional information in using these forms, the following shall be observed:

a. When necessary to comply with future legislative requirements, the Bureau shall issue instructions to require grantees to submit such information under the Remarks section of the reports.

b. When necessary to meet specific program needs, the Bureau shall submit the proposed reporting requirements to the General Services Administration for approval under the exception provision of this appendix.

c. The Bureau, in obtaining information as in paragraphs a and b above, must also comply with report clearance requirements of the Office of Management and Budget Circular No. A-40, as revised.

Stat. 688) as amended, which is recognized by the Federal Government as eligible for services from the Bureau of Indian Affairs.

[55 FR 36273, Sept. 5, 1990]

§ 286.2 Purpose.

The purpose of this part 286 is to prescribe the regulations and procedures under which non-reimbursable grants may be made to eligible applicants to stimulate and increase Indian entrepreneurship and employment through establishment, acquisition or expansion of profit-making Indian-owned economic enterprises which will contribute to the economy of a reservation.

§ 286.3 Eligible applicants.

Applications for grants may be accepted only from individual Indians, Indian tribes, Indian partnerships, corporations or cooperative associations authorized to do business under State, Federal, or Tribal law. These applicants must have a form of organization acceptable to the Assistant Secretary and unable to meet their total financing needs from their own resources and by loans from other sources such as banks, Farmers Home Administration, Small Business Administration, Production Credit Associations, and Federal Land Banks. Associations, corporations or partnerships shall be at least fifty-one percent owned by eligible Indians or an eligible Indian tribe. This Indian ownership must actively participate in the management and operation of the economic enterprise by representation on the board of directors or cooperative association proportionate to the Indian ownership which will enable the Indian owner(s) to control management decisions. The legal organization documents will provide for the number of Indians which are to be on the board of directors, how they along with other directors will be elected or appointed and qualifications required as a condition for becoming a member of the board of directors. The legal organization documents shall provide safeguards which will prevent Indian ownership and control from decreasing below fifty-one percent. Evidence of Indian ownership in a cooperative association or corporation will be evidenced by stock ownership, if stock is or has been issued, or by other evidence satisfactory to the Assistant Secretary. Partnerships will be evidenced by written partnership agreements which show the percentage of Indian ownership, role and authority in making management decisions in controlling the operation of the economic enterprise.

§ 286.4 Eligible economic enterprises.

An economic enterprise as defined in §286.1(k) is eligible to receive equity capital through non-reimbursable grants if it is or will be self-sustaining and profit-oriented and will create employment for Indians. In the case of Indian-owned cooperative associations, they must distribute or allocate profits for later distribution, to members who are patrons, unless prohibited from doing so by law.

§ 286.5 Information collection.

(a) The collections of information contained in §§286.12 and 286.22 have been approved by the Office of Management and Budget under 44 U.S.C. 3501 et seq. and assigned clearance number 1076-0093. The information will be used to rate applicants in accordance with the priority criteria listed at 25 CFR 286.8. Response to this request is required to obtain a benefit in accordance with 25 U.S.C. 1521.

(b) Public reporting for this information is estimated to average 45 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to the Information Collection Clearance Officer, Bureau of Indian Affairs, Mailstop 337-SIB, 18th and C Streets, NW., Washington, DC 20240; and the Office of Management and Budget, Paperwork Reduction Project (1076-0093), Washington, DC 20503.

[55 FR 36273, Sept. 5, 1990]
§ 286.7 Location of enterprise.
To be eligible for a grant an economic enterprise must be located on an Indian reservation or located where it makes or will make an economic contribution to a nearby reservation by providing employment to tribal members residing thereon or by expending a portion of its income for materials or services on the reservation. Economic enterprises which are or will be operated on a reservation must comply with the requirements of applicable rules, resolutions or ordinances adopted by the governing body of the tribe, if applicable.

§ 286.8 Priority criteria.
The following priority will be used in selecting economic enterprises for grant funding:
(a) First priority. First priority will be given to economic enterprises located on a reservation that will:
(1) Utilize Indian resources, both natural and human.
(2) Create the highest ratio of Indian jobs to the total amount of dollars to be invested, including market value of materials and equipment contributed to the project.
(3) Create the highest ratio of income to a tribe or its members in relation to the total amount of dollars to be invested, including market value of materials or equipment contributed to the project.
(4) Generate the most non-Bureau financing.
(b) Second priority. Second priority will be given to projects located in the immediate vicinity of a reservation that will:
(1) Utilize Indian resources, both natural and human.
(2) Create the highest ratio of Indian jobs to the total amount of dollars to be invested, including market value of materials and equipment contributed to the project.
(3) Generate the most non-Bureau financing.

§ 286.9 Environmental and flood disaster protection.
Grant funds will not be advanced until there is assurance of compliance with any applicable provisions of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), the National Environmental Policy Act (Pub. L. 91-190), 42 U.S.C. 4321 and Executive Order 11514.

§ 286.10 Preservation of historical and archeological data.
The Assistant Secretary before approving a grant where the grant funds and/or the loan funds will be used to finance activities involving excavations, road construction, and land development or involving the disturbance of land on known or reported historical or archeological sites, will take appropriate action to assure compliance with applicable provisions of the Act of June 27, 1960 (74 Stat. 220 (16 U.S.C. 469)), as amended by the Act of May 24, 1974 (Pub. L. 93-291, 88 Stat. 174), relating to the preservation of historical and archeological data.

§ 286.11 Management and technical assistance.
(a) Prior to and concurrent with the making of a grant to finance an Indian economic enterprise, the Assistant Secretary—Indian Affairs will insure that competent management and technical assistance is available to the grantee in the preparation of the application for a grant and/or administration of the funds granted, consistent with the grantee’s knowledge and experience and the nature and complexity of the economic enterprise being financed. The competence of the management and technical assistance provided will be determined by the local agency superintendent after consultation with the applicant concerning his business needs.
(b) The lender providing the loan funds under § 286.17(b) to finance an economic enterprise will include with the grantee’s application the need for equity capital, the lender’s evaluation of the applicant’s need for management and technical assistance, specific areas of need and whether the lender will provide such assistance to the applicant.
§ 286.12 Content of application.

Applications shall be on a form prescribed by the Assistant Secretary which shall at the minimum include:

(a) Total capital requirement, including operating capital required until such time as the cash generated from operations will be sufficient to make the enterprise self-sustaining.

(b) Amount of total financing required as well as what is obtainable from other sources, including the applicant's personal resources, and a statement of terms and conditions under which any borrowed portion is obtainable.

(c) Capital deficiency, which will be the basis for the amount of grant requested.

(d) Pro forma balance sheets and operating statements showing estimated expenses, income and net profit from operations for three years following receipt of the requested grant.

(e) Annual operating statements and balance sheets, audited if available, for the prior two years or applicable years for enterprises already in operation.

(f) Current financial statements, consisting of a balance sheet and operating statement.

(g) A plan of operation which shall be acceptable to the lender making the loan and the Assistant Secretary.

§§ 286.13—286.14 [Reserved]

§ 286.15 Application procedures.

Applications are to be submitted to the Superintendent having administrative jurisdiction over the reservation on which an enterprise will be or is located. If the enterprise site is near two or more reservations, application is to be made to the Superintendent having administrative jurisdiction over the reservation nearest to the location of the enterprise which the enterprise will benefit economically.

§ 286.16 Grant approval authority.

Applications for grants require approval by the Assistant Secretary.

§ 286.17 Grant limitations and requirements.

(a) Grants will be made to assist in establishing new economic enterprises, or in purchasing or expanding established ones. However, a grant may be made only when in the opinion of the Assistant Secretary the applicant is unable to obtain adequate financing from other sources. Prior to making any grant, the Assistant Secretary shall assure that, to the extent practical, the applicant's own resources have been invested in the proposed project. The applicant shall not be required to invest own resources to the extent that they are already committed to endeavors deemed by the Assistant Secretary to be essential to the welfare of the applicant. If the information in an application, which must include personal financial statements, indicates that it may be possible for the applicant to obtain financing without a grant, the Assistant Secretary will require the applicant to furnish letters from two customary lenders in the area, if available, who are making loans for similar purpose, showing whether or not they will make a loan to the applicant for the total financing needed without a grant.

(b) A grant may be made only to an applicant who is able to obtain at least 75 percent of the necessary financing from other sources.

(c) No grant in excess of $250,000 may be made to an Indian tribe or in excess of $100,000 to an Indian individual, partnership, corporation, or cooperative association.

(d) Revolving loan funds as prescribed in title I of the Indian Financing Act of 1974 and guaranteed or insured loans as prescribed in title II of said Act may not be used as the sources of the loan portion of the total financing requirement if financing from other governmental or institutional lenders is available on reasonable terms and conditions. If a loan is not available from other sources, guaranteed or insured loans under the provisions of title II of said Act may then be considered. If a guaranteed or insured loan is not available, the provisions of title I of said Act may then be considered. Applicants for a loan from either source must meet the eligibility requirements for such loans.

(e) A grant will not be approved unless there is assurance the applicant can and will be provided with needed competent technical and management
assistance commensurate with the nature of the enterprise to be funded and the knowledge and management skills of the applicant.

(f) Grant funds may not be used for refinancing or debt consolidation unless approval is justified and required due to the applicant's financial position and is clearly to the advantage of the grant applicant.

(g) Ordinarily, not more than one grant will be made for a project. Nevertheless, in certain circumstances a second grant may be made to applicants for a new project or expansion of the original project. An additional grant will not be approved for an economic enterprise previously funded under the provisions of title IV of the Indian Financing Act of 1974 except for expanding a successful enterprise, provided the total of grants made shall not exceed $250,000 to an Indian tribe and $100,000 to an Indian individual, partnership, corporation, or cooperative association.

(h) An application for a second grant will not be approved if the applicant:

(1) Has not complied with the reporting requirements in connection with the first grant, or

(2) Has not followed the plan of operation, if any, developed for the management and operation of the economic enterprise, or

(3) Did not follow and use the management and technical assistance furnished, or

(4) Is in violation of one or more provisions of the loan agreement entered into between the applicant and the lender who furnished the loan portion of the financing in connection with the first grant.

(i) An applicant for an expansion grant must meet the same eligibility requirements as an original applicant.

(j) A grantee will be required to return all or a portion of the grant if the business or enterprise for which the grant was utilized is sold within three years of the date on which the grant was disbursed to the grantee, unless the proceeds from the sale are reinvested in a new business or business expansion which will benefit the Indian reservation economy. Such sale and reinvestment must have the prior approval of the local agency superintendent. The grantee shall refund the lessor of the grant amount or a pro rata portion of sales proceeds. The pro rata portion of sales proceeds shall be based on the ratio of grant amount to its corresponding matching financing. The new business or business expansion utilizing such sale proceeds must meet the same criteria for eligibility as an original grant.

§ 286.18 Written notice.

The applicant for a grant which is disapproved will be notified by letter, stating the reasons for disapproval and the right of appeal pursuant to 25 CFR 2. A copy of the letter will be sent to the prospective lender.

§ 286.19 [Reserved]

§ 286.20 Disbursement of grant funds.

Unless otherwise provided by an agreement between a lender and the grantee, the Assistant Secretary may in his discretion advance grant funds directly to a grantee. He may require the funds to be deposited in a special account at the appropriate Agency headquarters office or deposited in a joint account in a bank and disbursed as needed by the grantee. The terms of a lender's loan agreement may require the lender's approval before disbursement of the funds. Grant funds will not be disbursed to a grantee until the Assistant Secretary has been informed by the lender that a loan has been approved for the grantee in the amount of the loan financing needed.

§ 286.21 Return of unused funds.

Grantees will be required to return unused grant funds to the Assistant Secretary if the economic enterprise for which the grant was approved is not initiated, i.e., lease obtained, if needed, construction started, equipment purchased or other, within the time stated in the grant agreement. The Assistant Secretary may, if warranted by circumstances beyond the control of the grantee, extend the time to allow for...
initiation of the enterprise, provided there is assurance the enterprise will be initiated forthwith within the extended time period. The Assistant Secretary will notify the lender in writing of a proposed action to require the return of grant funds or of a proposal to extend the time.

§ 286.22 Reports.

(a) Grantees are required to furnish the Assistant Secretary comparative balance sheets and profit and loss statements semi-annually for the first two years of operation following receipt of the grant, and annually thereafter for the succeeding three years. These may be copied of financial statements required by and furnished to the lender which provided the loan portion of the total financing required. If the lender does not require financial statements, the grantee must prepare and furnish copies of comparative balance sheets and profit and loss statements to the Assistant Secretary.

(b) The Assistant Secretary will establish accounting and reporting systems which will appropriately show the status of the Indian Business Development Program at all times.
APPENDIX TO CHAPTER I—EXTENSION OF THE TRUST OR RESTRICTED STATUS OF CERTAIN INDIAN LANDS

This appendix contains citations of Executive orders and acts of Congress continuing the trust or restricted period of Indian land, which would have expired otherwise, within the several Indian reservations in the States named. The asterisk to the left of the name of a reservation indicates that the reservation is subject to the benefits of the Indian Reorganization Act of June 18, 1934 (48 Stat. 984; 25 U.S.C. 461-479), as amended, and as therein provided the trust or restricted period of the land is extended indefinitely.

For the purpose of insuring the continuance of the trust or restricted status of Indian allotments within Indian reservations not subject to the Reorganization Act, Congress by the act of June 15, 1935 (49 Stat. 378) reimposed such restrictions as may have been expired between the dates of June 18, 1934, and December 31, 1936.

§ 301.1 Eligibility for use of Government stamp.

Subject to the detailed requirements that follow, the Government stamp shall be affixed only to work individually produced and to work entirely hand-made. No object produced under conditions resembling a bench work system, and no object in whose manufacture any power-driven machinery has been used, shall be eligible for the use of the Government stamp.

§ 301.2 Specifications of material.

Silver slugs of 1 ounce weight or other silver objects may be used, provided their fineness is at least 900, and provided further that no silver sheet shall be used. Unless cast, the slug or other object is to be hand hammered to thickness and shape desired. The only exceptions here are pins on brooches or similar objects; ear screws for earrings; backs for tie clasps and chains which may be of silver of different fineness and mechanically made.

§ 301.3 Specifications of dies.

Dies used are to be entirely hand-made, with no tools more mechanical than hand tools and vise. Dies shall contain only a single element of the design.

§ 301.4 Application of dies.

Dies are to be applied to the object with the aid of nothing except hand tools.

§ 301.5 Applique elements in design.

All such parts of the ornament are to be hand-made. If wire is used, it is to be hand-made with no tool other than a hand-made draw plate. These requirements apply to the boxes for stone used in the design.

§ 301.6 Stone for ornamentation.

In addition to turquoise, the use of other local stone is permitted. Turquoise, if used, must be genuine stone, uncolored by any artificial means.

§ 301.7 Stonecutting.

All stone used, including turquoise, is to be hand-cut and polished. This permits the use of hand- or foot-driven wheels.

§ 301.8 Finish.

All silver is to be hand polished.

All dies used to mark silver will be provided by and owned by the Indian Arts and Crafts Board.

§ 304.3 Classifying and marking of silver.
For the present the Indian Arts and Crafts Board reserves to itself the sole right to judge what silver complying with its standards shall bear the Government mark. All such marking of silver shall, for the present, be done by an agent of the Indian Arts and Crafts Board.

No piece of silver, though made in compliance with the standards set forth by the Indian Arts and Crafts Board, shall bear the Government mark unless:

(b) Its design elements are substantially in accord with Indian usage and tradition.
(c) Its workmanship is substantially that expected in good hand craftsmanship.

§ 304.5 Dies to identify tribe.

§ 304.6 Responsibility of dealer.
All dies will be numbered, and each wholesaler or dealer will be held responsible for any violation of standards in silver that bears his mark. Until such time as the Board relinquishes its sole right to mark silver, the responsibility of the dealer for whom silver is marked will be confined to misrepresentations as to quality of silver and of stones used for ornament and to methods of production.

§ 304.7 Eligibility of silver meeting standards.
In addition to silver currently made in compliance with the standards of the Indian Arts and Crafts Board, other silver products made prior to the promulgation of the regulations in this part may be stamped, provided the maker thereof is known to be an Indian, and the product satisfies the requirements in § 304.4.

§ 308.1 Penalties.

The use of Government trade-marks in an unauthorized manner, or the colorable imitation of such marks, is subject to the criminal penalties imposed by section 5 of the said act (49 Stat. 892; 25 U.S.C. 305d), which provides:

Any person who shall counterfeit or colorably imitate any Government trade-mark used or devised by the Board as provided in section 305a of this chapter, or shall, except as authorized by the Board, affix any such Government trade-mark, or shall knowingly, willfully, and corruptly affix any reproduction, counterfeit, copy, or colorable imitation thereof upon any products Indian or otherwise, or to any labels, signs, prints, packages, wrappers, or receptacles intended to be used upon or in connection with the sale of such products, or any person who shall knowingly make any false statement for the purpose of obtaining the use of any such Government trade-mark, shall be guilty of a misdemeanor, and upon conviction thereof shall be enjoined from further carrying on the act or acts complained of and shall be subject to a fine not exceeding $2,000, or imprisonment not exceeding six months, or both such fine and imprisonment.
§ 308.2 Certificates of genuineness to be attached to trade-marks.

(a) To insure the widest distribution of genuine Indian handicraft products, and to protect the various enterprises organized by individual Indian craftsmen, or by groups of Indian craftsmen, for the purpose of the production and sale of such handicraft products, the Indian Arts and Crafts Board offers each such enterprise the privilege of attaching to its trademark a certificate declaring that it is recognized by the Indian Arts and Crafts Board as an Indian enterprise dealing in genuine Indian-made handicraft products, and that its trade-mark has the approval of the Board.

(d) It must agree to obtain the approval of the Indian Arts and Crafts Board as to the manner of production of the certificates.

§ 308.4 Revocation of privilege of attaching certificates.

If an enterprise, after securing the privilege of attaching the certificates, should fail to meet the above-named conditions, the Board reserves the right to revoke the privilege.
