Cite this Code: CFR

To cite the regulations in this volume use title, part and section number. Thus, 33 CFR 1.01-1 refers to title 33, part 1, section 01-1.
Explanation

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the Federal Government. The Code is divided into 50 titles which represent broad areas subject to Federal regulation. Each title is divided into chapters which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas.

Each volume of the Code is revised at least once each calendar year and issued on a quarterly basis approximately as follows:

Title 1 through Title 16..............................................................as of January 1
Title 17 through Title 27.................................................................as of April 1
Title 28 through Title 41...............................................................as of July 1
Title 42 through Title 50.............................................................as of October 1

The appropriate revision date is printed on the cover of each volume.

LEGAL STATUS

The contents of the Federal Register are required to be judicially noticed (44 U.S.C. 1507). The Code of Federal Regulations is prima facie evidence of the text of the original documents (44 U.S.C. 1510).

HOW TO USE THE CODE OF FEDERAL REGULATIONS

The Code of Federal Regulations is kept up to date by the individual issues of the Federal Register. These two publications must be used together to determine the latest version of any given rule.

To determine whether a Code volume has been amended since its revision date (in this case, July 1, 1999), consult the “List of CFR Sections Affected (LSA),” which is issued monthly, and the “Cumulative List of Parts Affected,” which appears in the Reader Aids section of the daily Federal Register. These two lists will identify the Federal Register page number of the latest amendment of any given rule.

EFFECTIVE AND EXPIRATION DATES

Each volume of the Code contains amendments published in the Federal Register since the last revision of that volume of the Code. Source citations for the regulations are referred to by volume number and page number of the Federal Register and date of publication. Publication dates and effective dates are usually not the same and care must be exercised by the user in determining the actual effective date. In instances where the effective date is beyond the cutoff date for the Code a note has been inserted to reflect the future effective date. In those instances where a regulation published in the Federal Register states a date certain for expiration, an appropriate note will be inserted following the text.

OMB CONTROL NUMBERS

The Paperwork Reduction Act of 1980 (Pub. L. 96-511) requires Federal agencies to display an OMB control number with their information collection request.
Many agencies have begun publishing numerous OMB control numbers as amendments to existing regulations in the CFR. These OMB numbers are placed as close as possible to the applicable recordkeeping or reporting requirements.

OBSOLETE PROVISIONS

Provisions that become obsolete before the revision date stated on the cover of each volume are not carried. Code users may find the text of provisions in effect on a given date in the past by using the appropriate numerical list of sections affected. For the period before January 1, 1986, consult either the List of CFR Sections Affected, 1949-1963, 1964-1972, or 1973-1985, published in seven separate volumes. For the period beginning January 1, 1986, a “List of CFR Sections Affected” is published at the end of each CFR volume.

INCORPORATION BY REFERENCE

What is incorporation by reference? Incorporation by reference was established by statute and allows Federal agencies to meet the requirement to publish regulations in the Federal Register by referring to materials already published elsewhere. For an incorporation to be valid, the Director of the Federal Register must approve it. The legal effect of incorporation by reference is that the material is treated as if it were published in full in the Federal Register (5 U.S.C. 552(a)). This material, like any other properly issued regulation, has the force of law.

What is a proper incorporation by reference? The Director of the Federal Register will approve an incorporation by reference only when the requirements of 1 CFR part 51 are met. Some of the elements on which approval is based are:

(a) The incorporation will substantially reduce the volume of material published in the Federal Register.

(b) The matter incorporated is in fact available to the extent necessary to afford fairness and uniformity in the administrative process.

(c) The incorporating document is drafted and submitted for publication in accordance with 1 CFR part 51.

Properly approved incorporations by reference in this volume are listed in the Finding Aids at the end of this volume.

What if the material incorporated by reference cannot be found? If you have any problem locating or obtaining a copy of material listed in the Finding Aids of this volume as an approved incorporation by reference, please contact the agency that issued the regulation containing that incorporation. If, after contacting the agency, you find the material is not available, please notify the Director of the Federal Register, National Archives and Records Administration, Washington DC 20408, or call (202) 523-4534.

CFR INDEXES AND TABULAR GUIDES

A subject index to the Code of Federal Regulations is contained in a separate volume, revised annually as of January 1, entitled CFR INDEX AND FINDING AIDS. This volume contains the Parallel Table of Statutory Authorities and Agency Rules (Table I). A list of CFR titles, chapters, and parts and an alphabetical list of agencies publishing in the CFR are also included in this volume.

An index to the text of “Title 3—The President” is carried within that volume. The Federal Register Index is issued monthly in cumulative form. This index is based on a consolidation of the “Contents” entries in the daily Federal Register.

A List of CFR Sections Affected (LSA) is published monthly, keyed to the revision dates of the 50 CFR titles.
REPUBLICATION OF MATERIAL

There are no restrictions on the republication of material appearing in the Code of Federal Regulations.

INQUIRIES

For a legal interpretation or explanation of any regulation in this volume, contact the issuing agency. The issuing agency’s name appears at the top of odd-numbered pages.

For inquiries concerning CFR reference assistance, call 202-523-5227 or write to the Director, Office of the Federal Register, National Archives and Records Administration, Washington, DC 20408.

SALES

The Government Printing Office (GPO) processes all sales and distribution of the CFR. For payment by credit card, call 202-512-1800, M-F, 8 a.m. to 4 p.m. e.s.t. or fax your order to 202-512-2233, 24 hours a day. For payment by check, write to the Superintendent of Documents, Attn: New Orders, P.O. Box 371954, Pittsburgh, PA 15250-7954. For GPO Customer Service call 202-512-1803.

ELECTRONIC SERVICES

The Office of the Federal Register also offers a free service on the National Archives and Records Administration’s (NARA) World Wide Web site for public law numbers, Federal Register finding aids, and related information. Connect to NARA’s web site at www.nara.gov/fedreg. The NARA site also contains links to GPO Access.

THIS TITLE

Title 33—Navigation and Navigable Waters is composed of three volumes. The contents of these volumes represent all current regulations codified under this title of the CFR as of July 1, 1999. The first and second volumes, parts 1-124 and 125-199, contain current regulations of the Coast Guard, Department of Transportation. The third volume, part 200 to End, contains current regulations of the Corps of Engineers, Department of the Army, and the Saint Lawrence Seaway Development Corporation, Department of Transportation.

In volumes one and two, subject indexes follow the subchapters. A redesignation table also appears in the Finding Aids section of the first volume.

For this volume, Linda L. Jones was Chief Editor. The Code of Federal Regulations publication program is under the direction of Frances D. McDonald, assisted by Alomha S. Morris.
Would you like to know... if any changes have been made to the Code of Federal Regulations or what documents have been published in the Federal Register without reading the Federal Register every day? If so, you may wish to subscribe to the LSA (List of CFR Sections Affected), the Federal Register Index, or both.

LSA
The LSA (List of CFR Sections Affected) is designed to lead users of the Code of Federal Regulations to amendatory actions published in the Federal Register. The LSA is issued monthly in cumulative form. Entries indicate the nature of the changes—such as revised, removed, or corrected. $27 per year.

Federal Register Index
The index, covering the contents of the daily Federal Register, is issued monthly in cumulative form. Entries are carried primarily under the names of the issuing agencies. Significant subjects are carried as cross-references. $25 per year.

A finding aid is included in each publication which lists Federal Register page numbers with the date of publication in the Federal Register.

Subpart 1.01—Delegation of Authority

§ 1.01-1 District Commander.

Final authority for the performance within the confines of his district of the functions of the Coast Guard, which in general terms are maritime
law enforcement, saving and protecting life and property, safeguarding navigation on the high seas and navigable waters of the United States, and readiness for military operations, is delegated to the District Commander by the Commandant. In turn delegations of final authority run from the District Commander to commanding officers of units under the District Commander for the performance of the functions of law enforcement, patrol of marine regattas and parades, and the saving of life and property which come within the scope of their activities.

[CGFR 48-72, 13 FR 9330, Dec. 31, 1948]

§ 1.01–20 Officer in Charge, Marine Inspection.

Final authority is vested in the Officer in Charge, Marine Inspection, for the performance, within the area of his jurisdiction, of the following functions: Inspection of vessels in order to determine that they comply with the applicable laws, rules, and regulations relating to safe construction, equipment, manning, and operation and that they are in a seaworthy condition for the services in which they are operated; shipyard and factory inspections; the investigation of marine casualties and accidents; the licensing, certificating, shipment and discharge of seamen; the investigating and initiating of action in cases of misconduct, negligence, or incompetence of merchant marine officers or seamen; and the enforcement of vessel inspection, navigation, and seamen's laws in general. Specific procedures for appealing the decisions of the Officer in Charge, Marine Inspection, or of his subordinates are set forth in 46 CFR parts 1 to 4.

§ 1.01–30 Captains of the Port.

Captains of the Port and their representatives enforce within their respective areas port safety and security and marine environmental protection regulations, including, without limitation, regulations for the protection and security of vessels, harbors, and waterfront facilities; anchorages; security zones; safety zones; regulated navigation areas; deepwater ports; water pollution; and ports and waterways safety.

[CGD–255, 59 FR 66484, Dec. 27, 1994]

§ 1.01–40 Delegation to the Vice Commandant.

The Commandant delegates to the Vice Commandant authority to take final agency action under 46 CFR part 5, Subparts I, J and K on each petition to reopen a hearing and on each appeal from a decision of an Administrative Law Judge, except on petition or appeal in a case in which an order of revocation has been issued. This delegation does not prevent the Vice Commandant from acting as Commandant, as prescribed in 14 U.S.C. 47(a), for all purposes of 46 CFR part 5.

§ 1.01–50 Delegation to District Commander, Seventeenth Coast Guard District.

The Commandant redelegates to the District Commander, Seventeenth Coast Guard District, the authority in 46 U.S.C. 3302(i)(1) to issue permits to certain vessels transporting cargo, including bulk fuel, from one place in Alaska to another place in Alaska.

§ 1.01–60 Delegations for issuance of bridge permits.

(a) The Commandant delegates to the Assistant Commandant for Operations, the authority to issue the following permits for the construction, reconstruction, or alteration of bridges across navigable waters of the United States:

(1) Those that require:

(i) An environmental assessment or environmental impact statement under the National Environmental Policy Act of 1969, as amended, (42 U.S.C. 4321 et seq.) and all implementing regulations, orders, and instructions.

(iii) Concurrency of the Department of Transportation under DOT Order 5610.1C (Procedures for Considering Environmental Impacts).

[33 CFR Ch. I (7–1–99 Edition) 8]
(2) Those that require a Presidential permit and approval under the International Bridge Act of 1972 (33 U.S.C. 535).

(3) Those that require the amendment of an existing permit issued by the U.S. Army Corps of Engineers.

(4) Those that raise substantial unresolved controversy involving the public, or are objected to by Federal, State, or local government agencies.

(5) Those authorized by the Commandant upon the appeal of a district commander’s decision denying a permit.

(b) The Commandant delegates to each Coast Guard District Commander, with the reservation that this authority shall not be further redelegated, the authority to issue all permits for the construction, reconstruction, or alteration of bridges across navigable waters of the United States other than those specified in paragraph (a) of this section.

§ 1.01–70 CERCLA delegations.

(a) For the purpose of this section, the definitions in section 101 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (Pub. L. 96–510), as amended by the Superfund Amendments and Reauthorization Act of 1986 (Pub. L. 99–499), apply. The Act, as amended, is referred to in this section as CERCLA.

(b) The Assistant Commandant for Marine Safety and Environmental Protection (G–M) is delegated authority to take remedial action involving vessels under section 104 of CERCLA.

(c) Each Maintenance and Logistics Commander is delegated contract authority, consistent with each memorandum of understanding between the Coast Guard and the Environmental Protection Agency regarding CERCLA funding mechanisms, for the purpose of carrying out response actions pursuant to CERCLA sections 104(a), 104(b), 104(c), 104(g), 104(h), and 122.

(d) Each district commander is delegated authority as follows:

(1) Authority, pursuant to CERCLA section 106(a), to determine an imminent and substantial endangerment to the public health or welfare or the environment because of an actual or threatened release of a hazardous substance from a facility, and to secure such relief as may be necessary to abate such danger or threat through the United States attorney of the district in which the threat occurs.

(2) Authority, pursuant to section 109 of CERCLA, to assess penalties relating to violations of sections 103(a) and (b) pertaining to notification requirements, section 108 pertaining to financial responsibility for release of hazardous substances from vessels, and section 122 pertaining to administrative orders and consent decrees.

(3) Authority, pursuant to section 108 of CERCLA, to deny entry to any port or place in the United States or to the navigable waters of the United States and detain at any port or place in the United States any vessel subject to section 108(a) of CERCLA that, upon request, does not provide evidence of financial responsibility.

(e) Subject to the provisions of Executive Order 12580, 49 CFR 1.46 (ff) and (gg), and paragraph (g) of this section, each Coast Guard official, predesignated as an On-Scene Coordinator, is delegated authority as follows:

(1) Authority, pursuant to CERCLA sections 104(a), 104(b), 104(c) and consistent with the National Contingency Plan, to remove or arrange for the removal of releases and threatened releases of hazardous substances, and of pollutants or contaminants which may present an imminent and substantial danger to the public health or welfare.

(2) Authority, pursuant to CERCLA section 104(i)(11), to take such steps as may be necessary to reduce exposure that presents a significant risk to human health, and to eliminate or substantially mitigate that significant risk to human health.

(3) Authority, pursuant to CERCLA section 106(a), to issue orders to protect the public health and welfare and the environment whenever that official determines that a release or threatened release of a hazardous substance from a facility may present an imminent and
substantial endangerment to the public health or welfare or the environment.

(4) Authority, pursuant to CERCLA section 104(e), except section 104(e)(7)(C), to enter establishments or other places where hazardous substances are or have been generated, stored, treated, disposed of, or transported from to inspect and obtain records, reports, samples and information in support of the response functions delegated in paragraphs (d), (e)(1), (e)(2), and (e)(3) of this section.

(5) Authority, pursuant to CERCLA section 122, to enter into an agreement with any person (including the owner or operator of the vessel or facility from which a release or substantial threat of release emanates, or any other potential responsible person), to perform any response action, provided that such action will be done properly by such person.

(f) Except for the authority granted in paragraphs (d)(1) and (e)(1) of this section, each Coast Guard official to whom authority is granted in this section may redelegate and authorize successive redelegations of that authority. The authority granted in paragraph (e)(3) of this section may only be redelegated to commissioned officers.

(g) The response authority described in paragraph (e)(1) of this section does not include authority to—

(1) Summarily remove or destroy a vessel; or

(2) Take any other action that constitutes intervention under CERCLA, the Intervention on the High Seas Act (33 U.S.C. 1471 et. seq.), or any other applicable laws. "Intervention" means any detrimental action taken against the interest of a vessel or its cargo without the consent of the vessel’s owner or operator.

§ 1.01–80 FWPCA and OPA 90 delegations.

(a) This section delegates authority to implement provisions of section 311 of the Federal Water Pollution Control Act (FWPCA), as amended [33 U.S.C. 1321] and provisions of the Oil Pollution Act of 1990 (OPA 90). The definitions in subsection (a) of section 311 of the FWPCA and section 1001 of OPA 90 [33 U.S.C. 2701] apply.

(b) The Assistant Commandant for Marine Safety and Environmental Protection, is delegated authority to require the owner or operator of a facility to establish and maintain such records, make such reports, install, use, and maintain such monitoring equipment and methods, and provide such other information as may be required to carry out the objectives of section 311 of the FWPCA [33 U.S.C. 1321].

(c) Each District and Area Commander is delegated authority within the Commander’s assigned district or area to—

(1) Deny entry to any place in the United States or to the navigable waters of the United States, and to detain at any place in the United States, any vessel subject to section 1016 of OPA 90 [33 U.S.C. 2716] that, upon request, does not provide evidence of financial responsibility;

(2) Seize and, through the Chief Counsel, seek forfeiture to the United States of any vessel subject to the requirements of section 1016 of OPA 90 [33 U.S.C. 2716] that is found in the navigable waters of the United States without the necessary evidence of financial responsibility;

(3) Assess any class I civil penalty under subsection (b) of section 311 of the FWPCA [33 U.S.C. 1321], in accordance with the procedures in subpart 1.07 of this chapter;

(4) Assess any civil penalty under section 4303 of OPA 90 [33 U.S.C. 2716a] in accordance with the procedures in subpart 1.07 of this chapter;

(5) Board and inspect any vessel upon the navigable waters of the United States or the waters of the contiguous zone, except for public vessels; with or without warrant, arrest any person who, in the Commander’s presence or view, violates a provision of section 311 of the FWPCA [33 U.S.C. 1321] or any regulation issued thereunder; and execute any warrant or other process issued by an officer or court of competent jurisdiction, as prescribed in section 311(m)(1) of the FWPCA [33 U.S.C. 1321(m)(1)]:
(6) Enter and inspect any facility in the coastal zone at reasonable times; have access to and copy any records; take samples; inspect monitoring equipment required by section 311(m)(2)(A) of the FWPCA [33 U.S.C. 1321(m)(2)(A)], with or without warrant, arrest any person who, in the Commander's presence or view, violates a provision of section 311 of the FWPCA [33 U.S.C. 1321] or any regulation issued thereunder; and execute any warrant or other process issued by an officer or court of competent jurisdiction, as prescribed in section 311(m)(2) of the FWPCA [33 U.S.C. 1321(m)(2)(A)]; and

(7) Determine for purposes of section 311(b)(12) of the FWPCA [33 U.S.C. 1321(b)(12)]—

(i) Whether reasonable cause exists to believe that an owner, operator, or person in charge may be subject to a civil penalty under section 311(b) of the FWPCA [33 U.S.C. 1321(b)]; and

(ii) Whether a filed bond or other security is satisfactory.

(d) Each Coast Guard official predesignated as the On-Scene Coordinator by the applicable Regional Contingency Plan is delegated authority pursuant to section 311(c) of the FWPCA [33 U.S.C. 1321(c)], subject to paragraph (e) of this section, in accordance with the National Contingency Plan and any appropriate Area Contingency Plan, to ensure the effective and immediate removal of a discharge and mitigation or prevention of a substantial threat of a discharge of oil or a hazardous substance by—

(1) Removing or arranging for the removal of a discharge and mitigating or preventing an imminent and substantial threat of a discharge at any time;

(2) Directing or monitoring all Federal, State, and private actions to remove a discharge, including issuance of orders;

(3) Determining, pursuant to section 311(c) of the FWPCA [33 U.S.C. 1321(c)], whether a discharge or a substantial threat of a discharge of oil or a hazardous substance from a vessel, offshore facility, or onshore facility is of such a size or character as to be a substantial threat to the public health or welfare of the United States (including, but not limited to, fish, shellfish, wildlife, other natural resources, and the public and private beaches and shorelines of the United States); and, if it is, directing all Federal, State, and private actions to remove the discharge or to mitigate or prevent the threatened discharge;

(4) Determining, pursuant to section 311(e) of the FWPCA [33 U.S.C. 1321(e)], that there may be an imminent and substantial threat to the public health and welfare of the United States, and, if there is, may—

(i) Determine an imminent and substantial threat as a basis for recommending referral for judicial relief; or

(ii) Act pursuant to section 311(e)(1)(B) of the FWPCA [33 U.S.C. 1321(e)(1)(B)], including the issuance of orders; and

(5) Acting to mitigate the damage to the public health or welfare caused by a discharge of oil or a hazardous substance.

(e) The authority described in paragraph (d) of this section does not include the authority to—

(1) Remove or destroy a vessel; or

(2) Take any other action that constitutes intervention under the Intervention on the High Seas Act [33 U.S.C. 1471, et seq.] or other applicable laws. For purposes of this section, “intervention” means any detrimental action taken against the interest of a vessel or its cargo without the consent of the vessel's owner or operator.

§ 1.01–85 Redelegation.

Except as provided in § 1.01–80(e)(1) and (2), each Coast Guard officer to whom authority is granted in §§ 1.01–80 may redelegate and authorize successive redelegations of that authority within the command under the officer's jurisdiction, or to members of the officer's staff.

§ 1.01–90 Commissioned, warrant, and petty officers.

Any commissioned, warrant, or petty officer of the United States Coast Guard may be authorized to carry out
§ 1.05–1 Delegation of rulemaking authority.

(a) The Secretary of Transportation is empowered by various statutes to issue regulations regarding the functions, powers and duties of the Coast Guard.

(b) The Secretary of Transportation has delegated much of this authority to the Commandant, U.S. Coast Guard, including authority to issue regulations regarding the functions of the Coast Guard and the authority to redelegate and authorize successive redelegations of that authority within the Coast Guard. These delegations are reflected in 49 CFR 1.45 and 1.46.

(c) The Commandant has reserved the authority to issue any rules and regulations determined to be significant under Executive Order 12866, Regulatory Planning and Review.

(d) The Commandant has redelegated to the various office chiefs at U.S. Coast Guard Headquarters, with the reservation that this authority shall not be further redelegated, the authority to develop and issue regulations necessary to implement laws, treaties, or Executive Orders associated with their assigned programs; issue amendments to existing regulations as necessary; and submit regulatory proposals for Marine Safety Council consideration.

(e)(1) The Commandant has redelegated to Coast Guard District Commanders, with the reservation that this authority shall not be further redelegated, the authority to issue regulations pertaining to the following:

(i) Anchorage grounds and special anchorage areas.
(ii) The designation of lightering zones.
(iii) The operation of drawbridges.
(iv) The establishment of Regulated Navigation Areas.
(v) The establishment of safety and security zones.
(vi) The establishment of special local regulations.

(2) This delegation does not extend to those matters specified in paragraph (c) of this section or rules and regulations which have been shown to raise substantial issues or to generate controversy.

(f) Except for those matters specified in paragraph (c) of this section, the Commandant has redelegated to Coast Guard Captains of the Port, with the reservation that this authority shall not be further redelegated, the authority to establish safety and security zones.

(g) The Commandant has redelegated to Coast Guard District Commanders, Captains of the Port, the Assistant Commandant for Operations, and the Assistant Commandant for Marine Safety and Environmental Protection, the authority to make the certification required by section 605(b) of the Regulatory Flexibility Act (Sec. 605(b), Pub. L. 96–354, 94 Stat. 1168 (5 U.S.C. 605)) for rules that they issue.

§ 1.05–5 Marine Safety Council.

The Marine Safety Council, composed of senior Coast Guard officials, acts as policy advisor to the Commandant and is the focal point of the Coast Guard regulatory system. The Marine Safety Council provides oversight, review, and guidance for all Coast Guard regulatory activity.

§ 1.05–10 Regulatory process overview.

(a) Most rules of local applicability are issued by District Commanders and Captains of the Port, while rules of wider applicability are issued by senior Coast Guard officials at Coast Guard Headquarters. For both significant
Coast Guard, DOT § 1.05-25

rulemaking (defined by Executive Order 12866, Regulatory Planning and Review and Department of Transportation Order 2100.5, Policies and Procedures for Simplification, Analysis, and Review of Regulations) and non-significant rulemaking, other than those areas delegated to District Commanders and Captains of the Port, the regulatory process begins when an office chief with program responsibilities identifies a possible need for a new regulation or for changes to an existing regulation. The need may arise due to statutory changes, or be based on internal review or public input. Early public involvement is strongly encouraged.

(b) After a tentative regulatory approach is developed, a regulatory project proposal is submitted to the Marine Safety Council for approval. The proposal describes the scope of the proposed regulation, alternatives considered, and potential cost and benefits, including possible environmental impacts. All regulatory projects require Marine Safety Council approval.

(c) Significant rulemaking projects must also be approved by the Commandant of the Coast Guard.

(d) If the project is approved, the necessary documents are drafted, including documents to be published in the FEDERAL REGISTER. These may include regulatory evaluations, environmental analyses, requests for comments, announcements of public meetings, notices of proposed rulemakings, and final rules.

§ 1.05-20 Petitions for rulemaking.

(a) Any member of the public may petition the Coast Guard to undertake a rulemaking action. There is no prescribed form for a petition for rulemaking, but the document should provide some supporting information as to why the petitioner believes the proposed rulemaking is necessary and the document should clearly indicate that it is a petition for rulemaking. Petitions should be addressed to the Executive Secretary, Marine Safety Council (G-LRA/3406), United States Coast Guard Headquarters, 2100 Second Street SW., Washington, DC 20593-0001.

(b) The petitioner will be notified of the Coast Guard’s decision whether to initiate a rulemaking or not. If the Coast Guard decides not to pursue a rulemaking, the petitioner will be notified of the reasons why. If the Coast Guard decides to initiate rulemaking, it will follow the procedure outlined in this subpart. The Coast Guard may publish a notice acknowledging receipt of a petition for rulemaking in the FEDERAL REGISTER.

(c) Any petition for rulemaking and any reply to the petition will be kept in a public file open for inspection.

§ 1.05-25 Public docket.

(a) A public file is maintained for each petition for rulemaking and each Coast Guard regulation and notice published in the FEDERAL REGISTER. Each file contains copies of every rulemaking document published for the project, public comments received,
§ 1.05–30 Advance notice of proposed rulemaking (ANPRM).

An advance notice of proposed rulemaking may be used to alert the affected public about a new regulatory project, or when the Coast Guard needs more information about what form proposed regulations should take, the actual need for a regulation, the cost of a proposal, or any other information. The ANPRM may solicit general information or ask the public to respond to specific questions.

§ 1.05–35 Notice of proposed rulemaking (NPRM).

Under the Administrative Procedure Act (APA), 5 U.S.C. 553, an NPRM is generally published in the Federal Register for Coast Guard rulemakings. The NPRM normally contains a preamble statement in sufficient detail to explain the proposal, its background, basis, and purpose, and the various issues involved. It also contains a discussion of any comments received in response to prior notices, a citation of legal authority for the rule, and the text of the proposed rule.

§ 1.05–40 Supplemental notice of proposed rulemaking (SNPRM).

An SNPRM may be issued if a proposed rule has been substantially changed from the original notice of proposed rulemaking. The supplemental notice advises the public of the revised proposal and provides an opportunity for additional comment. To give the public a reasonable opportunity to become reacquainted with a rulemaking, a supplemental notice may also be issued if considerable time has elapsed since publication of a notice of proposed rulemaking. An SNPRM contains the same type of information generally included in an NPRM.

§ 1.05–45 Interim rule.

(a) An interim rule may be issued when it is in the public interest to promulgate an effective rule while keeping the rulemaking open for further refinement. For example, an interim rule may be issued in instances when normal procedures for notice and comment prior to issuing an effective rule are not required, minor changes to the final rule may be necessary after the interim rule has been in place for some time, or the interim rule only implements portions of a proposed rule, while other portions of the proposed rule are still under development.

(b) An interim rule will be published in the Federal Register with an effective date that will generally be at least 30 days after the date of publication. After the effective date, an interim rule is enforceable and is codified in the next annual revision of the appropriate title of the Code of Federal Regulations.

§ 1.05–50 Final rule.

In some instances, a final rule may be issued without prior notice and comment. When notice and comment procedures have been used, and after all comments received have been considered, a final rule is issued. A final rule document contains a preamble that discusses comments received, responses to comments and changes made from the proposed or interim rule, a citation of legal authority, and the text of the rule.

§ 1.05–55 Direct final rule.

(a) A direct final rule may be issued to allow noncontroversial rules that are unlikely to result in adverse public comment to become effective more quickly.

(b) A direct final rule will be published in the Federal Register with an effective date that is generally at
Coast Guard, DOT

§ 1.07–5

least 90 days after the date of publication.
(c) The public will usually be given at least 60 days from the date of publication in which to submit comments or notice of intent to submit comments.
(d) If no adverse comment or notice of intent to submit an adverse comment is received within the specified period, the Coast Guard will publish a notice in the Federal Register to confirm that the rule will go into effect as scheduled.
(e) If the Coast Guard receives a written adverse comment or a written notice of intent to submit an adverse comment, the Coast Guard will publish a notice in the final rule section of the Federal Register to announce withdrawal of the direct final rule. If an adverse comment clearly applies to only part of a rule, and it is possible to remove that part without affecting the remaining portions, the Coast Guard may adopt as final those parts of the rule on which no adverse comment was received. Any part of a rule that is the subject of an adverse comment will be withdrawn. If the Coast Guard decides to proceed with a rulemaking following receipt of an adverse comment, a separate Notice of Proposed Rulemaking (NPRM) will be published unless an exception to the Administrative Procedure Act requirements for notice and comment applies.
(f) A comment is considered adverse if the comment explains why the rule would be inappropriate, including a challenge to the rule’s underlying premise or approach, or would be ineffective or unacceptable without a change.

§ 1.07–5 Definitions
(a) The term District Commander, when used in this subpart, means the District Commander, or any person under the District Commander’s command, delegated to carry out the provisions of §1.07–10(b).
(b) The term Hearing Officer means a Coast Guard officer or employee who has been delegated the authority to assess civil penalties.
(c) The term issuing officer means any qualified Coast Guard commissioned, warrant, or petty officer.
(d) The term Notice of Violation means a notification of violation and preliminary assessment of penalty, given to a party, in accordance with §1.07–11.
(e) The term party means the person alleged to have violated a statute or regulation to which a civil penalty applies and includes an individual or public or private corporation, partnership or other association, or a governmental entity.

[CGD 93±079, 59 FR 16560, Apr. 7, 1994]
§ 1.07–10 Reporting and investigation.
(a) Any person may report an apparent violation of any law, regulation, or order that is enforced by the Coast Guard to any Coast Guard facility. When a report of an apparent violation has been received, or when an apparent violation has been detected by any Coast Guard personnel, the matter is investigated or evaluated by Coast Guard personnel. Once an apparent violation has been investigated or evaluated, a report of the investigation may be sent to the District Commander in accordance with paragraph (b) of this section or a Notice of Violation under §1.07–11 may be given to the party by an issuing officer.
(b) Reports of any investigation conducted by the Coast Guard or received from any other agency which indicate that a violation may have occurred are forwarded to a District Commander for action. This is normally the District Commander of the District in which the violation is believed to have occurred, or the District in which the reporting unit or agency is found. The District Commander reviews the reports to determine if there is sufficient evidence to establish a prima facie case. If there is insufficient evidence, the case is either returned for further investigation or closed if further action is unwarranted. The case is closed in situations in which the investigation has established that a violation did not occur, the violator is unknown, or there is little likelihood of discovering additional relevant facts. If it is determined that a prima facie case does exist, a case file is prepared and forwarded to the Hearing Officer, with a recommended action. A record of any prior violations by the same person or entity, is forwarded with the case file.

§ 1.07–11 Notice of violation.
(a) After investigation and evaluation of an alleged violation has been completed, an issuing officer may issue a Notice of Violation to the party.
(b) The Notice of Violation will contain the following information:

1. The alleged violation and the applicable law or regulations violated;
2. The amount of the maximum penalty that may be assessed for each violation;
3. The amount of proposed penalty that appears to be appropriate;
4. A statement that payment of the proposed penalty within 45 days will settle the case;
5. The place to which, and the manner in which, payment is to be made;
6. A statement that the party may decline the Notice of Violation and that if the Notice of Violation is declined, the party has the right to a hearing prior to a final assessment of a penalty by a Hearing Officer.
(c) The Notice of Violation may be hand delivered to the party or an employee of the party, or may be mailed to the business address of the party.
(d) If a party declines a Notice of Violation or takes no action on the Notice of Violation within 45 days, the case file will be sent to the District Commander for processing under the procedures described in §1.07–10(b).

§ 1.07–15 Hearing Officer.
(a) The Hearing Officer has no other responsibility, direct or supervisory, for the investigation of cases referred for the assessment of civil penalties. The hearing officer may take action on a case referred by any District Commander.
(b) The Hearing Officer decides each case on the basis of the evidence before him, and must have no prior connection with the case. The Hearing Officer is solely responsible for the decision in each case referred to him.
(c) The Hearing Officer is authorized to administer oaths and issue subpoenas necessary to the conduct of a hearing, to the extent provided by law.

§ 1.07–20 Initiation of action.
(a) When a case is received for action, the Hearing Officer makes a preliminary examination of the material submitted. If, on the basis of the preliminary examination, the Hearing Officer
determines that there is insufficient evidence to proceed, or that there is any other reason which would make penalty action inappropriate, the Hearing Officer returns the case to the District Commander with a written statement of the reason. The District Commander may close the case or cause a further investigation of the alleged violation to be made with a view toward resubmittal of the case to the Hearing Officer.

(b) If on the basis of the preliminary examination of the case file, the Hearing Officer determines that a violation appears to have been committed, the Hearing Officer notifies the party in writing of:

1. The alleged violation and the applicable law or regulations;
2. The amount of the maximum penalty that may be assessed for each violation;
3. The general nature of the procedure for assessing and collecting the penalty;
4. The amount of penalty that appears to be appropriate, based on the material then available to the Hearing Officer;
5. The right to examine all materials in the case file and have a copy of all written documents provided upon request; and,
6. The fact that the party may demand a hearing prior to any actual assessment of a penalty.

(c) If at any time it appears that the addition of another party to the proceeding is necessary or desirable, the Hearing Officer provides the additional party with notice as described above.

§ 1.07–30 Disclosure of evidence.

The alleged violator may, upon request, receive a free copy of all the written evidence in the case file, except material that would disclose or lead to the disclosure of the identity of a confidential informant. Other evidence or material, such as blueprints, sound or video tapes, oil samples, and photographs may be examined in the Hearing Officer’s offices. The Hearing Officer may provide for examination or testing of evidence at other locations if there are adequate safeguards to prevent loss or tampering.

§ 1.07–35 Request for confidential treatment.

(a) In addition to information treated as confidential under §1.07–30, a request for confidential treatment of a document or portion thereof may be made by the person supplying the information on the basis that the information is:

1. Confidential financial information, trade secrets, or other material exempt from disclosure by the Freedom of Information Act (5 U.S.C. 552);
2. Required to be held in confidence by 18 U.S.C. 1905; or
3. Otherwise exempt by law from disclosure.

(b) The person desiring confidential treatment must submit the request to the Hearing Officer within 30 days after receiving notice of the alleged violation. At the discretion of the Hearing Officer, a hearing may be granted if the party submits a late request.

(c) The Hearing Officer must promptly schedule all hearings which are requested. The Hearing Officer shall grant any delays or continuances which may be necessary or desirable in the interest of fairly resolving the case.

(d) A party who has requested a hearing may amend the specification of the issues in dispute at any time up to 10 days before the scheduled date of the hearing. Issues raised later than 10 days before the scheduled hearing may be presented only at the discretion of the Hearing Officer.

§ 1.07-40 Counsel.
A party has the right to be represented at all stages of the proceeding by counsel. After receiving notification that a party is represented by counsel, the Hearing Officer directs all further communications to that counsel.

§ 1.07-45 Location of hearings and change of venue.
(a) The hearing is normally held at the office of the Hearing Officer.
(b) The Hearing Officer may transfer a case to another Hearing Officer on request or on the Hearing Officer’s own motion.
(c) A request for change of location of a hearing or transfer to another Hearing Officer must be in writing and state the reasons why the requested action is necessary or desirable. Action on the request is at the discretion of the Hearing Officer.

[CGD 87-008a, 52 F.R. 17554, May 11, 1987]

§ 1.07-50 Witnesses.
A party may present the testimony of any witness either through a personal appearance or through a written statement. The party may request the assistance of the Hearing Officer in obtaining the personal appearance of a witness. The request must be in writing and state the reasons why a written statement would be inadequate, the issue or issues to which the testimony would be relevant, and the substance of the expected testimony. If the Hearing Officer determines that the personal appearance of the witness may materially aid in the decision on the case, the Hearing Officer seeks to obtain the witness’ appearance. Because many statutes prescribing civil penalties do not provide subpoena power, there may be cases where a witness cannot be required to attend. In such a case, the Hearing Officer may move the hearing to the witness’ location, accept a written statement, or accept a stipulation in lieu of testimony. If none of these procedures is practical, the Hearing Officer shall proceed on the basis of the evidence before him.

§ 1.07-55 Hearing procedures.
(a) The Hearing Officer must conduct a fair and impartial proceeding in which the party is given a full opportunity to be heard. At the outset of the hearing, the Hearing Officer insures that the party is aware of the nature of the proceeding and of the alleged violation, and of the provisions of the law or regulation allegedly violated.
(b) The material in the case file pertinent to the issues to be determined by the Hearing Officer is presented. The party has the right to examine, and to respond to or rebut, this material. The party may offer any facts, statements, explanations, documents, sworn or unsworn testimony, or other exculpatory items which bear on appropriate issues, or which may be relevant to the size of an appropriate penalty. The Hearing Officer may require the authentication of any written exhibit or statement.
(c) At the close of the party’s presentation of evidence, the Hearing Officer may allow the introduction of rebuttal evidence. The Hearing Officer may allow the party to respond to any such evidence submitted.
(d) In receiving evidence, the Hearing Officer is not bound by strict rules of evidence. In evaluating the evidence presented, the Hearing Officer must give due consideration to the reliability and relevance of each item of evidence.
(e) The Hearing Officer may take notice of matters which are subject to a high degree of indisputability and are commonly known in the community or are ascertainable from readily available sources of known accuracy. Prior to taking notice of a matter, the Hearing Officer gives the party an opportunity to show why notice should not be taken. In any case in which notice is taken, the Hearing Officer places a written statement of the matters as to
§ 1.07-75 Action on appeals.

(a) Upon receipt, the Hearing Officer provides a copy of the appeal and any supporting brief to the District Commander who referred the case. Any comments which the District Commander desires to submit must be received by the Hearing Officer within 30 days. The Hearing Officer includes the District Commander’s comments, or not later than 30 days after receipt of the appeal if no comments are submitted by the District Commander, the Hearing Officer forwards all materials in the case to the Commandant.

(b) The Commandant issues a written decision in each case and furnishes copies to the party, the District Commander, and the Hearing Officer. The Commandant may affirm, reverse, or modify the decision, or remand the case for new or additional proceedings. In the absence of a remand, the decision of the Commandant on appeal shall be final. In addition to the actions which may be taken by the Commandant on appeal, the Commandant may also remit, mitigate, or suspend the assessment in whole or in part.
Upon the taking of remission, mitigation, or suspension action, the Commandant will inform the party of the action and any conditions placed on the action.

§ 1.07–80 Reopening of hearings.
(a) At any time prior to final agency action in a civil penalty case, a party may petition to reopen the hearing on the basis of newly discovered evidence.
(b) Petitions to reopen must be in writing describing the newly found evidence and must state why the evidence would probably produce a different result favorable to the petitioner, whether the evidence was known to the petitioner at the time of the hearing and, if not, why the newly found evidence could not have been discovered in the exercise of due diligence. The party must submit the petition to the Hearing Officer.
(c) The District Commander may file comments in opposition to the petition. If comments are filed, a copy is provided the party.
(d) A petition to reopen is considered by the Hearing Officer unless an appeal has been filed, in which case the petition is considered by the Commandant.
(e) The decision on the petition is decided on the basis of the record, the petition, and the comments in opposition, if any. The petition is granted only when newly found evidence is described which has a direct and material bearing on the issues and when a valid explanation is provided as to why the evidence was not and could not have been, in the exercise of due diligence, produced at the hearing. The decision is rendered in writing.
(f) Following a denial of a petition to reopen, the party is given 30 days to file an appeal if one has not already been filed, or to amend an appeal which has already been filed.

§ 1.07–85 Collection of civil penalties.
(a) Payment of a civil penalty may be made by check or postal money order payable to the U.S. Coast Guard.
(b) Within 30 days after receipt of the Commandant’s decision on appeal, or the Hearing Officer’s decision in a case in which no appeal has been filed, the party must submit payment of any assessed penalty to the office specified in the assessment notice. Failure to make timely payment will result in the institution of appropriate action under the Federal Claims Collection Act and the regulations issued thereunder.
(c) When a penalty of not more than $200 has been assessed under Chapter 43 or 123 of Title 46 U.S.C., the matter may be referred for collection of the penalty directly to the Federal Magistrate of the jurisdiction wherein the person liable may be found, for the institution of collection procedures under supervision of the district court, if the court has issued an order delegating such authority under section 636(b) of Title 28, United States Code.

§ 1.07–90 Criminal penalties.
(a) Prosecution in the Federal courts for violations of those laws or regulations enforced by the Coast Guard which provide, upon conviction, for punishment by fine or imprisonment is a matter finally determined by the Department of Justice. This final determination consists of deciding whether and under what conditions to prosecute or to abandon prosecution.
(b) Except in those cases where the approval of the Commandant is required, the District Commander is authorized to refer the case to the U.S. attorney. The Commandant’s approval is required in the following cases where evidence of a criminal offense is disclosed:
(1) Marine casualties or accidents resulting in death.
(2) Marine Boards (46 CFR part 4).
(3) Violations of port security regulations (33 CFR parts 6, 121 to 126 inclusive).
(c) The District Commander will identify the laws or regulations which were violated and make specific recommendations concerning the proceedings to be instituted by the U.S. attorney in every case.
§ 1.07–95 Civil and criminal penalties.
(a) If a violation of law or regulation carries both a civil and a criminal penalty, the District Commander is authorized to determine whether to institute civil penalty proceedings or to refer the case to the U.S. attorney for prosecution in accordance with § 1.07–90.
(b) When the U.S. Attorney declines to institute criminal proceedings, the District Commander decides whether to initiate civil penalty proceedings or to close the case.

§ 1.07–100 Summons in lieu of seizure of commercial fishing industry vessels.
(a) As used in this section, the following terms have the meanings specified:
(1) Commercial fishing industry vessel means a fishing vessel, a fish processing vessel, or a fish tender vessel as defined in 46 U.S.C. 2101 (11a), (11b), or (11c), respectively.
(2) Personal use quantity means a quantity of a controlled substance as specified in 19 CFR 171.51.
(b) When a commercial fishing industry vessel is subject to seizure for a violation of 21 U.S.C. 881(a)(4), (6), or (7); of 19 U.S.C. 1595a(a); or of 49 U.S.C. App. 782 and the violation involves the possession of a personal use quantity of a controlled substance, the vessel shall be issued a summons to appear as prescribed in subpart F of 19 CFR part 171 in lieu of seizure, provided that the vessel is:
(1) Proceeding to or from a fishing area or intermediate port of call; or
(2) Actively engaged in fishing operations.

Subpart 1.08—Written Warnings by Coast Guard Boarding Officers

Authority: 14 U.S.C. 633; 49 CFR 1.46(b).

§ 1.08–1 Applicability.
(a) The regulations in this subpart apply to certain violations of the following statutes and regulations for which Coast Guard boarding officers are authorized to issue written warnings instead of recommending civil or criminal penalty procedures under subpart 1.07 of this part:
(1) 46 CFR 25.05 whistles or other sound producing devices;
(2) 33 CFR part 175, subpart B and 46 CFR part 25, Personal Flotation Devices.
(3) 46 CFR 25.35 backfire flame control;
(4) 46 CFR 25.40 ventilation;
(5) 33 CFR part 173 numbering;
(6) 46 U.S.C. 103, documented yachts;
(7) 33 CFR part 155 oil pollution prevention; and
(8) 46 CFR 25.30 fire extinguishers;
(9) 33 CFR part 159 marine sanitation devices;

(11) 33 CFR 88.05 Copy of rules.
(b) The Commandant authorizes designated boarding officers to issue warnings for certain minor violations of the statutes and regulations listed in paragraph (a) of this section. Written warnings are not authorized for all violations of these statutes and regulations.
(14 U.S.C. 633, 85 Stat. 228 (46 U.S.C. 1488); 86 Stat. 871 (33 U.S.C. 1322); 49 CFR 1.46(b), (m), and (n)(1))

§ 1.08–5 Procedures.
(a) A written warning may be issued where the boarding officer determines that:
(1) The observed violation is a first offense; and
(2) The operator states that the violation will be promptly corrected.
(b) A written warning may not be issued where:
(1) The operator is required to be licensed;
(2) The violation is a failure to have required safety equipment on board; or
(3) The boarding officer notes three or more violations during one boarding.
(c) Each district office maintains a record of each written warning issued within that district for a period of not more than one year after date of issue except in cases involving violations of 33 CFR part 159 marine sanitation devices, records of which are maintained...
Subpart 1.10—Public Availability of Information

§ 1.10–1

by each district office for not more than three years after date of issue.
(d) The district commander of the district in which the warning is issued may rescind a written warning and institute civil penalty action under § 1.07–9 of this part if a record check discloses a prior written warning or violation issued within one year or in the case of a violation of 33 CFR part 159 a prior written warning or violation issued within three years.
(e) Within 15 days after the date of issue, any person issued a written warning by a Coast Guard boarding officer may appeal the issuance of the warning to the district commander by providing in writing or in person any information that denies, explains, or mitigates the violations noted in the warning.
(f) Each written warning shall indicate that:
(1) The warning is kept on file for a period of not more than one year after date of issue or in the case of a violation of 33 CFR part 159 a period of not more than three years for reference in determining appropriate penalty action if there is a subsequent violation;
(2) If a record check reveals a prior written warning or violation within the time period designated in § 1.08–5(d) of this part, the warning may be revoked and civil penalty action instituted;
(3) If an additional violation occurs within the time period designated in § 1.08–5(d) the warning may be used as a basis for the assessment of a higher penalty for the subsequent violation; and
(4) Within 15 days after the date of issue, the person who is issued the warning may appeal to the District Commander by providing in writing or in person any information or material that denies, explains, or mitigates the violations noted in the warning.
(14 U.S.C. 633; 85 Stat. 228 (46 U.S.C. 1488); 96 Stat. 871 (33 U.S.C. 1322); 49 CFR 1.46 (b), (m), and (n)(1))

§ 1.10–5 Public availability of records and documents.

(a) Each person desiring to inspect a record or document covered by this subpart that is located in Headquarters, or to obtain a copy of such a record or document, must make a written request to the Chief, Office of Information Management, U.S. Coast Guard Headquarters, 2100 Second Street SW., Washington, DC 20593–0001.
(b) Each person desiring to inspect a record or document covered by this subpart that is located in a Coast Guard district, or to obtain a copy of such a record or document, must make a written request to the district commander in command of the district, or to the officer-in-charge of the appropriate marine inspection zone. Coast Guard districts and marine inspection zones are listed in part 3 of this chapter.
(c) If the person making the request does not know where in the Coast Guard the record or document is located, he may send his request to the Chief, Office of Information Management, at the address in paragraph (a) of this section.
Subpart 1.20—Testimony by Coast Guard Personnel and Production of Records in Legal Proceedings

§ 1.20–1 Testimony by Coast Guard personnel and production of records.

(a) The regulations in 49 CFR part 9 apply to the testimony of Coast Guard personnel, production of Coast Guard records, and service of process in legal proceedings.

(b) Except for the acceptance of service of process or pleadings under paragraph (d) of this section and 49 CFR 9.19, the Legal Officer of each Maintenance and Logistics Command, each District Legal Officer, and the Legal Officer assigned to any other Coast Guard unit or command, for matters involving personnel assigned to their command, are delegated the functions of "agency counsel" described in 49 CFR part 9.

(c) A request for a member or employee of the Coast Guard to testify, or for permission to interview such a member or employee, should be made to the Legal officer serving the command to which that member or employee is assigned, or, if the member or employee is serving at Coast Guard Headquarters, or with a command receiving legal services from the Chief Counsel, U.S. Coast Guard, to the Chief, Office of Claims and Litigation. Should the member or employee no longer be employed by the Coast Guard, and the testimony or information sought falls within the provisions of 49 CFR part 9, the request should be made to the District Legal Officer serving the geographic area where the former member or employee resides or, if no District Legal Officer has geographic responsibility, to the Chief, Office of Claims and Litigation. Should the member or employee no longer be employed by the Coast Guard, and the testimony or information sought falls within the provisions of 49 CFR part 9, the request should be made to the District Legal Officer serving the geographic area where the former member or employee resides or, if no District Legal Officer has geographic responsibility, to the Chief, Office of Claims and Litigation. Should the member or employee no longer be employed by the Coast Guard, and the testimony or information sought falls within the provisions of 49 CFR part 9, the request should be made to the District Legal Officer serving the geographic area where the former member or employee resides or, if no District Legal Officer has geographic responsibility, to the Chief, Office of Claims and Litigation. Should the member or employee no longer be employed by the Coast Guard, and the testimony or information sought falls within the provisions of 49 CFR part 9, the request should be made to the District Legal Officer serving the geographic area where the former member or employee resides or, if no District Legal Officer has geographic responsibility, to the Chief, Office of Claims and Litigation. Should the member or employee no longer be employed by the Coast Guard, and the testimony or information sought falls within the provisions of 49 CFR part 9, the request should be made to the District Legal Officer serving the geographic area where the former member or employee resides or, if no District Legal Officer has geographic responsibility, to the Chief, Office of Claims and Litigation. Should the member or employee no longer be employed by the Coast Guard, and the testimony or information sought falls within the provisions of 49 CFR part 9, the request should be made to the District Legal Officer serving the geographic area where the former member or employee resides or, if no District Legal Officer has geographic responsibility, to the Chief, Office of Claims and Litigation. Should the member or employee no longer be employed by the Coast Guard, and the testimony or information sought falls within the provisions of 49 CFR part 9, the request should be made to the District Legal Officer serving the geographic area where the former member or employee resides or, if no District Legal Officer has geographic responsibility, to the Chief, Office of Claims and Litigation. Should the member or employee no longer be employed by the Coast Guard, and the testimony or information sought falls within the provisions of 49 CFR part 9, the request should be made to the District Legal Officer serving the geographic area where the former member or employee resides or, if no District Legal Officer has geographic responsibility, to the Chief, Office of Claims and Litigation.

(d) Process or pleadings in any legal proceeding concerning the Coast Guard may be served, at the option of the server, on the Chief Counsel or the Deputy Chief Counsel of the Coast Guard with the same effect as if served on the Commandant of the Coast Guard. The official accepting the service under this section acknowledges the service and takes further action as appropriate.

Subpart 1.25—Fees and Charges for Certain Records and Services

**Authority:** 5 U.S.C. 552; 14 U.S.C. 633; 49 CFR 1.46.

§ 1.25–1 Purpose.

(a) The regulations in this subpart establish fees and charges which shall be imposed by the Coast Guard for making copies or excerpts of information or records, and for issuing certain duplicate documents, certificates, or licenses.

(b) These fees and charges are imposed as required by Title V of the Independent Offices Appropriation Act of 1952 (Sec. 501, 65 Stat. 290, 31 U.S.C. 483a). This Act states that it is the sense of Congress that fees and charges shall be charged for services rendered to the public by Federal agencies in order that such services may be performed on a self-sustaining basis to the fullest extent possible.

§ 1.25–30 Exceptions.

(a) The general policies and instructions of the Bureau of the Budget specify when certain services as specifically described in this subpart will be furnished without charge.

(b) The fees and charges prescribed in this subpart are not applicable when requested by, or furnished to, the following persons, or under the following circumstances:

(1) A person who donated the original document.

(2) A person who has an official, voluntary or cooperative relationship to the Coast Guard in rendering services promoting safety of life and property.

(3) Any agency, corporation or branch of the Federal Government.

§ 1.25–40 Fees for services for the public.

The fees for services performed for the public, as prescribed in sections 552(a) (2) and (3) of title 5, United States Code, by the Department of Transportation are in subpart I of title 49, Code of Federal Regulations. The fee schedule for these services is contained in 49 CFR 7.95. The applicable fees are imposed and collected by the Coast Guard as prescribed in 49 CFR 7.93.

(Title V, 65 Stat. 268, 290; sec. 6(b)(1), 80 Stat. 937; 31 U.S.C. 483a; 49 U.S.C. 1655(b)(1); 49 CFR 1.46(b))

§ 1.25–45 Special admeasurement services.

If an admeasurer is assigned to measure or certify the tonnage of a vessel at the request of the owner thereof at a place other than a port of entry, a custom station, or port where an officer-in-charge, marine inspection, is located, the owner shall pay the admeasurer's:

(a) Pay based on the hourly rate for the grade or level of position held or the daily military compensation rate, as appropriate;

(b) Travel expense based on the estimated cost of travel from and return to the nearest port of entry, customs station, or office of an officer-in-charge, marine inspection; and

(c) Daily subsistence expense from the time he leaves his official duty station until he returns thereto.

(Title V, 65 Stat. 268, 290, sec. 6(b)(1), 80 Stat. 937; 31 U.S.C. 483a; 49 U.S.C. 1655(b)(1); 49 CFR 1.46(b))

[CGD 72–62R, 37 FR 20166, Sept. 27, 1972]

§ 1.25–48 Oceanographic research.

(a) Each person allowed by the Coast Guard to join a Coast Guard voyage for the purpose of oceanographic research is charged the cost of each meal that he consumes while on board the Coast Guard vessel.

(b) The person, company, association, or government agency engaging a Coast Guard vessel for an oceanographic research study is charged the daily cost of operating the vessel.

(Title V, 65 Stat. 268, 290, sec. 6(b)(1), 80 Stat. 937; 31 U.S.C. 483a; 49 U.S.C. 1655(b)(1); 49 CFR 1.46(b))

[CGD 72–62R, 37 FR 20167, Sept. 27, 1972]

§ 1.25–80 Payment of fees, charges or sales.

(a) The payment of fees and charges must be made by postal money order or check payable to the “Treasurer of the United States” or “U.S. Coast Guard,” and sent to the office of the Coast Guard performing the service or furnishing or delivering the record, document, or certificate. If copy is to be transmitted by registered, air, or special delivery mail, postal fees therefore will be added to fees provided in this subpart (or the order must include postage stamps or stamped return envelopes).

(b) The fees are payable in advance.

§ 1.26–1 Purpose.

(a) The regulations in this subpart establish charges which shall be imposed by the Coast Guard when the Coast Guard sells supplies, equipment, apparatus, temporary shelter, and services under certain specified conditions as authorized by law.

(b) These sales are intended to permit repayment of costs involved in those instances which are ordinarily outside the scope of those distress services with which the Coast Guard is primarily concerned (14 U.S.C. 88), or the equipment and apparatus are not readily procurable in the open market.

§ 1.26–5 Replacement of medals.

(a) A medal, or a bar, emblem, or insignia in lieu thereof, that is lost, destroyed, or rendered unfit for use without fault or neglect on the part of the person to whom it was awarded by the Coast Guard is replaced without charge by the Coast Guard as authorized in 14 U.S.C. 501.

(b) A medal, a bar, emblem or insignia in lieu thereof, that is lost, destroyed, or rendered unfit for use due to the fault or neglect of the person to whom it was awarded, is replaced after the Coast Guard is reimbursed for its cost. Current prices may be obtained from Commandant (G-WPM-3), 2100 2nd St. SW. Washington, DC 20593.

(Sec. 1, 63 Stat. 537, 545; sec. 6(b)(1), 80 Stat. 937; 14 U.S.C. 501, 633; 49 U.S.C. 1655(b)(1); 49 CFR 1.46(b))

§ 1.26–15 Sales of nonexcess personal property and services.

(a) Authority. The provisions of Title 14, U.S. Code, section 641(b), authorizes the Coast Guard to sell apparatus or equipment manufactured by or in use in the Coast Guard, which is not readily procurable in the open market. The provisions of Title 14, U.S. Code, section 654 (Pub. L. 86–159 approved Aug. 14, 1959), authorize the Coast Guard to sell supplies and furnish services to public and commercial vessels, and other watercraft. 49 U.S.C. 44502(d) authorizes the Coast Guard to provide assistance, the sale of fuel, oil, equipment, and supplies, to an aircraft when necessary to allow the aircraft to continue to the nearest private airport.

(b) Charges established by District Commander. The charges for supplies and services which may be normally expected to be furnished to persons, corporations, companies, vessels, and other watercraft, and non-Federal aircraft will vary between various geographical regions depending on local circumstances. The District Commander is hereby delegated authority to prescribe and he shall establish, in advance wherever practicable, the charges to be imposed and collected in various areas under his jurisdiction, which will be in accordance with the applicable general minimum terms and conditions in the laws and this section. In those cases where the charges have not been established in advance, the matter shall be priced on an individual basis, taking into consideration the facts and circumstances regarding the situation. The list(s) of charges established by the District Commander shall be available for reading and copying at the office of the issuing District Commander, which list(s) will be up-dated and reissued when necessary.

(c) Sales to vessels and other watercraft.

(1) The charges imposed for services are intended to permit repayment of costs involved in those instances where supplies and services are furnished to meet the necessities of the circumstances, and such vessels or watercraft are not within the scope of those distress services performed by the Coast Guard.

(2) Charges for sales of supplies and/or furnishing of services are considered...
appropriate when the furnishing of food, fuel, general stores, or repairs to the vessel or its equipage are primarily for the convenience of the owner, master, or crew, and furnished at his or their request. It is not intended and the Coast Guard does not procure and stock equipment and supplies except as provided for in current instructions issued by competent authority.

(3) Supplies provided and services performed will be of a limited nature consistent with the situation and within the capabilities of the Coast Guard unit concerned; provided this will not be in competition with commercial enterprise when such facilities are available and deemed adequate. It is not intended to permit the operators of vessels or watercraft to take advantage of the Government by demanding free supplies or services. Determination as to whether charges will be made is dependent upon the circumstances involved in each instance. The responsibility to make this determination rests with the District Commander who may delegate it to his subordinates.

(4) The minimum charge for any supplies or services furnished to a vessel or other watercraft shall be $10. The prices for fuels and materials which may be sold will be at Coast Guard cost plus 20 percent or, if readily determinable, at the commercial price in the immediate operating area, whichever is higher. The charges for services furnished a vessel or watercraft will be an average cost equal to the full price, plus taxes, that a boat owner would pay a local commercial concern for such services.

(5) The sales of supplies and services will be documented and will set forth the name, type, and identifying number of the vessel or watercraft receiving supplies or services; name and address of vessel’s owner; and conditions under which it was determined to make a sale to the vessel or watercraft. Wherever possible, payment shall be obtained at the time supplies and services are furnished.

(d) Sales of equipment not readily procurable in the open market, are subject to the following conditions:

(1) The apparatus or equipment has not been reported as excess to the General Services Administration (if so reported, requests to purchase will be submitted by the Commandant (FS) to the General Services Administration); and,

(2) The apparatus or equipment is not classified for security reasons or is not dangerous to the public health and safety; and,

(3) The authorized buyers of this apparatus or equipment are foreign, State, or municipal governments or governmental units thereof; parties required to maintain private aids to navigation; contractors engaged on public works; and in other cases in which, in the judgment of the Commandant (FS), the public interest may be served; and,

(4) The approved sales will be at prices determined by the Commandant (FS), which will include an overhead charge not to exceed 25 percent of acquisition cost.

(e) Sales to and storage of non-Federal aircraft.

(1) Activities having the necessary supplies and facilities are authorized to furnish fuel, oil, equipment, supplies, mechanical services, temporary storage, or other assistance to any aircraft operated by State, municipal, or private enterprise in emergency cases. Complete engines, airplane wings, or other major items of equipment shall not be furnished without prior authority from the Commandant.

(2) Aircraft damaged to the extent that major repairs are required may be given emergency storage at the request of the pilot, provided the necessary facilities are available. No such aircraft will be given a major or minor overhauling. Damaged aircraft may be stored in its original damaged condition. If aircraft requires extensive repairs, such as would include the replacing of major parts and such major parts cannot be made available or supplied within a reasonable length of time by the operator of such aircraft, then the aircraft must be removed from the Coast Guard reservation by the operator without delay.
(3) The Government will not assume any responsibility for any loss or damage incurred by such aircraft while on a Coast Guard reservation and the owner shall be required to remove the aircraft from the reservation at the earliest practicable date.

(4) Storage charges for such aircraft on a Coast Guard reservation shall be as follows:
   (i) For the first 6 working days, no charge;
   (ii) For each calendar day thereafter, $3 for a single motor plane and $5 for a dual or multiengine plane.

(5) In the absence of any information to the contrary regarding a particular item or material, the price at which the item is carried in stock, or on the Plant Property Record (book price) will be regarded as the fair market value.

(6) When materials or services or both materials and services are furnished an aircraft, a deposit equal to the estimated value of such services and materials as will be required shall be obtained in advance of the rendition of the services and issuance of the materials.

(7) The charges for mechanical services rendered (other than in connection with the arrival, refueling, and departure of airplanes) shall be an hourly charge for labor, with a minimum of 1 hour, which shall be the equivalent to the schedule of wage rates for civilian personnel for the district (i.e., machinists, helpers, etc.), regardless of whether the services are performed by enlisted or civilian personnel.

(8) In the absence of any information to the contrary regarding a particular item or material, the price at which the item is carried in stock, or on the Plant Property Record (book price) will be regarded as the fair market value.

§ 1.26−25 Payment of charges.

(a) The payment of charges shall be by postal money order or check payable to “U.S. Coast Guard,” and given or sent to the office of the Coast Guard performing the service or furnishing the supplies, equipment, etc.

PART 2—JURISDICTION

Subpart 2.01—Purpose

Sec.

2.01−1 Purpose.

Subpart 2.05—Definitions of Jurisdictional Terms

2.05−1 High seas.
2.05−5 Territorial seas.
2.05−10 Territorial sea baseline.
2.05−15 Contiguous zone.
2.05−20 Internal waters and inland waters.
2.05−25 Navigable waters of the United States; Navigable Waters; Territorial Waters.
2.05−27 Waters subject to tidal influence; waters subject to the ebb and flow of the tide; mean high water.
2.05−30 Waters subject to the jurisdiction of the United States; waters over which the United States has jurisdiction.
2.05−35 Exclusive Economic Zone.

Subpart 2.10—Availability of Jurisdictional Decisions

2.10−1 Maintenance of decisions.
2.10−5 Availability of lists and charts.
2.10−10 Decisions subject to change or modification.

It should be noted that under 14 U.S.C. 89 the Coast Guard is authorized to enforce the laws of the United States upon the "high seas" and waters over which the United States has jurisdiction. Certain of the criminal laws of the United States are based on its special maritime and territorial jurisdiction, one of whose components is the "high seas", as defined in paragraph (b). However, this definition of "high seas" does not apply to the use of "high seas" found in 14 U.S.C. 89 to which the definition in paragraph (a) applies. A clear distinction should be maintained between the Coast Guard's authority under 14 U.S.C. 89 and the jurisdictional base of the criminal laws which apply to the special maritime and territorial jurisdiction. For example, while assault (18 U.S.C. 113) committed seaward of the territorial sea could be committed on the "high seas" for both purposes, an assault committed within the territorial sea could be committed on the "high seas" to bring it within the special maritime and territorial jurisdiction and at the same time be committed on waters over which the United States has jurisdiction (not the "high seas") for purposes of the Coast Guard's authority to undertake enforcement action.

§ 2.05-5 Territorial seas.
(a) With respect to the United States, territorial seas means the waters within the belt, 3 nautical miles wide, that is adjacent to its coast and seaward of the territorial sea baseline.
(b) With respect to any foreign country, territorial seas means the waters within the belt that is adjacent to its coast and whose breadth and baseline are recognized by the United States.

§ 2.05-10 Territorial sea baseline.
Territorial Sea Baseline means the delimitation of the shoreward extent of the territorial seas of the United States drawn in accordance with principles, as recognized by the United States, of the Convention on the Territorial Sea and the Contiguous Zone, 15 U.S.T. 1606. Charts depicting the territorial sea baseline are available for examination in accordance with § 1.10-5(b) of this chapter.

§ 2.05-15 Contiguous zone.
Contiguous zone means the belt of high seas, 9 nautical miles wide, that is adjacent to and seaward of the territorial seas of the United States and that was declared to exist in Department of State Public Notice 358 of June 1, 1972, 37 FR 11906.

§ 2.05-20 Internal waters and inland waters.
(a) Internal waters and, except as provided in paragraph (b) of this section, inland waters mean:
(1) With respect to the United States, the waters shoreward of the territorial sea baseline.
(2) With respect to any foreign country, the waters shoreward of the baseline of its territorial sea, as recognized by the United States.
(b) Inland waters, as used in 33 U.S.C. Chapter 3, means the waters shoreward of the lines described in part 80 of this chapter, except the Great Lakes and their connecting and tributary waters as far east as Montreal, the waters of
the Mississippi River between its source and the Huey P. Long Bridge and all of its tributaries emptying thereinto and their tributaries, that part of the Atchafalaya River above its junction with the Plaquemine-Morgan City alternate waterway, and the Red River of the North.

[CGD 75-098, 40 FR 49326, Oct. 22, 1975, as amended by CGD 96-026, 61 FR 33662, June 28, 1996]

§ 2.05–25 Navigable waters of the United States; Navigable Waters; Territorial Waters. 2

(a) Except as provided in paragraph (b) of this section, navigable waters of the United States, navigable waters, and territorial waters mean, except where Congress has designated them not to be navigable waters of the United States: (1) Territorial seas of the United States; (2) Internal waters of the United States that are subject to tidal influence; and (3) Internal waters of the United States not subject to tidal influence:

(i) Are or have been used, or are or have been susceptible for use, by themselves or in connection with other waters, as highways for substantial inter-state or foreign commerce, notwithstanding natural or man-made obstructions that require portage, or

(ii) A governmental or non-governmental body, having expertise in waterway improvement, determines to be capable of improvement at a reasonable cost (a favorable balance between cost and need) to provide, by themselves or in connection with other waters, highways for substantial inter-state or foreign commerce.

(b) Navigable waters of the United States and navigable waters, as used in sections 311 and 312 of the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1321 and 1322, mean:

(1) Navigable waters of the United States as defined in paragraph (a) of this section and all waters within the United States tributary thereto; and

(2) Other waters over which the Federal Government may exercise Constitutional authority.

§ 2.05–27 Waters subject to tidal influence; waters subject to the ebb and flow of the tide; mean high water.

Waters subject to tidal influence and waters subject to the ebb and flow of the tide are interpreted as waters below mean high water. “Mean high water” is the average of the height of the diurnal high water at a particular location measured over a lunar cycle period of 19 years. These terms do not include waters above mean high water caused by flood flows, storms, high winds, seismic waves, or other non-lunar phenomena.

§ 2.05–30 Waters subject to the jurisdiction of the United States; waters over which the United States has jurisdiction. 2

Waters subject to the jurisdiction of the United States and waters over which the United States has jurisdiction mean: (a) Navigable waters of the United States;

(b) Other waters that are located on lands, owned by the United States, with respect to which jurisdiction has been accepted in accordance with 33 U.S.C. 733 by the authorized federal officer having custody, control, or other authority over them;

(c) Other waters that are located on lands, owned by the United States, with respect to which the United States retains concurrent or exclusive jurisdiction from the date that the State in which the lands are located entered the union; and

(d) Waters within the territories and possessions of the United States and the Trust Territories of the Pacific Islands. 2

2See footnote 2 to § 2.05–25.
§ 2.05–35 Exclusive Economic Zone.

The Exclusive Economic Zone (EEZ) of the United States is a zone contiguous to the territorial sea, including zones contiguous to the territorial sea of the United States, the Commonwealth of Puerto Rico, the Commonwealth of the Northern Mariana Islands (to the extent consistent with the Covenant and the United Nations Trusteeship Agreement), and the United States overseas territories and possessions. The EEZ extends to a distance 200 nautical miles from the baseline from which the breadth of the territorial sea is measured. In cases where the maritime boundary with a neighboring State remains to be determined, the boundary of the EEZ will be determined by the United States and the other State concerned in accordance with equitable principles.

Subpart 2.10—Availability of Jurisdictional Decisions

§ 2.10–1 Maintenance of decisions.

Each Coast Guard district maintains:
(a) A list of waters within the district which the Coast Guard has decided to be navigable waters of the United States for the purposes of its jurisdiction, and
(b) Charts reflecting Coast Guard decisions as to the location of the territorial sea baseline for the purposes of Coast Guard jurisdiction, if the district includes portions of the territorial seas.

§ 2.10–5 Availability of lists and charts.

The lists and charts referred to in § 2.10–1 of this chapter are available to the public and may be inspected or obtained in accordance with §1.10–5(b) of this chapter.

§ 2.10–10 Decisions subject to change or modification.

§ 3.01-1

Subpart 3.85—Seventeenth Coast Guard District

3.85-1 Seventeenth district.
3.85-10 Southeast Alaska Marine Inspection Zone and Captain of the Port Zone.
3.85-15 Western Alaska Marine Inspection Zone and Captain of the Port Zone.
3.85-20 Prince William Sound Marine Inspection Zone and Captain of the Port Zone.

Subpart 3.01—General Provisions

§ 3.01-1 General description.
(a) The structure of the Coast Guard's general organization for the performance of its assigned functions and duties consists of the Commandant, assisted by the Headquarters staff, two Area Offices to act as intermediate echelons of operational command, and District Offices to provide regional direction and coordination. The District Offices operate within defined geographical areas of the United States, its territories, and possessions, including portions of the high seas adjacent thereto. The description of the districts is established by the Commandant under the authority delegated by 49 CFR 1.45 and 1.46.

(b) The two Coast Guard Areas are the Atlantic Area (see §3.04-1) and the Pacific Area (see §3.04-3). The Coast Guard Area Commander is in command of a Coast Guard Area; the offices are referred to as a Coast Guard Area Office. The office of the Commander, Atlantic Area, is located in the Fifth Coast Guard District and the Commander, Atlantic Area, also serves as the Fifth District Commander. The office of the Commander, Pacific Area, is located in the Eleventh Coast Guard District and the Commander, Pacific Area, also serves as the Eleventh District Commander. Area Commanders have the responsibility of determining when operational matters require the coordination of forces and facilities of more than one district.

(c) The Coast Guard District Commander is in command of a Coast Guard District and his office may be referred to as a Coast Guard District Office. (See §1.01-1 of this subchapter.)
(d) An Officer in Charge, Marine Inspection, is in command of a Marine Inspection Zone and his office may be referred to as a Coast Guard Marine Inspection Office. (See §1.01-20 of this subchapter.)

(e) The Captain of the Port is in command of a Captain of the Port Area and his office may be referred to as a Captain of the Port Office. (See §1.01-30 of this subchapter.)

(f) Each Captain of the Port Area and each Marine Inspection Zone described in this part also includes the United States territorial seas adjacent to the described Area or Zone for the purpose of enforcing or acting pursuant to a statute effective in the United States territorial seas. Each Captain of the Port Area and each Marine Inspection Zone described in this part also includes the Contiguous Zone adjacent to the Area or Zone for the purpose of enforcing or acting pursuant to a statute effective in the Contiguous Zone. (See §§2.05-5 and 2.05-15.) Each Captain of the Port Zone and each Marine Inspection Zone described in this part also includes the Exclusive Economic Zone (EEZ) adjacent to the area for the purpose of enforcing or acting pursuant to a statute effective in the EEZ.

(g) Geographic coordinates expressed in terms of latitude or longitude, or both, are not intended for plotting on maps or charts whose referenced horizontal datum is the North American Datum of 1983 (NAD 83), unless such geographic coordinates are expressly labeled NAD 83. Geographic coordinates without the NAD 83 reference may be plotted on maps or charts referenced to NAD 83 only after application of the appropriate corrections that are published on the particular map or chart being used.

§ 3.01-5 Assignment of functions.

Sections 1.45 and 1.46 of Title 49, Code of Federal Regulations, authorize the Commandant of the Coast Guard to exercise certain functions, powers, and duties vested in the Secretary of Transportation by law. The general statements of policy in the rules describing Coast Guard organization are prescribed pursuant to 5 U.S.C. 552 (80 Stat. 383, as amended) and 14 U.S.C. 633 (63 Stat. 545).

PART 5—COAST GUARD AUXILIARY

§ 5.01 Definitions.

(a) Act means the Coast Guard Auxiliary and Reserve Act of 1941, as amended, and recodified by Act of August 4, 1949, as 14 U.S.C. 821 through 832.
(b) Auxiliary means the United States Coast Guard Auxiliary established pursuant to the Act.
(c) Commandant means the Commandant of the United States Coast Guard.
(d) Member means any person who is a member of the Auxiliary.
(e) Vessel means a motorboat or yacht.
(f) Motorboat means any documented or numbered vessel propelled by machinery, not more than 65 feet in length measured end to end over the deck excluding sheer.
(g) Yacht means either (1) any documented or numbered vessel used exclusively for pleasure, or (2) any sailboat used exclusively for pleasure over 16 feet in length measured from end to end over the deck excluding sheer.
(h) Radio station means any equipment (including a building which houses such equipment) the use of which to transmit communications by radio is authorized pursuant to law.
(i) Aircraft means any contrivance now known or hereafter invented, used or designed for navigation of or flight in the air.
(j) Secretary means the Secretary of Transportation when the Coast Guard operates in the Department of Transportation or the Secretary of the Navy when the Coast Guard operates as part of the Navy.
(k) Facility or facilities means a vessel, aircraft, and/or radio station.

§ 5.03 Purpose.

The Auxiliary was created in order to assist the Coast Guard to:
(a) Promote safety and to effect rescues on and over the high seas and on navigable waters.
(b) Promote efficiency in the operation of motorboats and yachts.
(c) Foster a wider knowledge of, and better compliance with, the laws, rules, and regulations governing the operation of motorboats and yachts.
(d) Facilitate other operations of the Coast Guard.

§ 5.05 Organization.

The Auxiliary is a nonmilitary organization administered by the Commandant, under the direction of the Secretary.
§ 5.07 Administration.

Any authority vested in the Commandant by this part may be delegated by him to such personnel of the Coast Guard, in such manner and to such extent, as he deems necessary or appropriate for the functioning, organization, and internal administration of the Auxiliary.

§ 5.09 Eligibility for membership.

To be eligible for membership in the Auxiliary, a person (male or female) must be over 17 years of age; a citizen of the United States or of its Territories and possessions; and either own not less than a twenty-five percent interest in a motorboat, yacht, aircraft, or radio station; or have had such special training or experience as to qualify him in the opinion of the Commandant, for duty in the Auxiliary.

§ 5.11 Membership in military organizations.

Members of the Auxiliary may also be enrolled, enlisted or commissioned in the Coast Guard Reserve. Membership in the Auxiliary is not a bar to membership in any other naval or military organization.

§ 5.13 Application for membership.

Application for membership in the Auxiliary shall be made on the prescribed form which may be obtained from the Commander of the Coast Guard district in which located. Membership is based on the needs of the Auxiliary and will necessarily vary in the various Coast Guard districts.

§ 5.15 Admission to membership.

An applicant who is accepted for membership shall be enrolled in the Auxiliary and shall be issued a membership certificate and identification card. Mere ownership of such a certificate or card shall not entitle a member of the Auxiliary to be vested with or exercise any right, privilege, power, or duty vested in or imposed upon the personnel of the Coast Guard or the Coast Guard Reserve.

§ 5.17 Disenrollment.

A member of the Auxiliary shall be disenrolled on request; upon ceasing to possess the qualifications for membership; for cause; upon direction of the Commandant; or upon death.

§ 5.19 Training.

The Commandant may authorize members of the Auxiliary to pursue correspondence courses conducted by the Coast Guard Institute at cost when the furnishing of such courses does not interfere with other regular Coast Guard activities.

§ 5.21 Ranks, titles, designations, or grades.

The members of the Auxiliary shall have such ranks, titles, designations, or grades, pursuant to their qualifications, as the Commandant considers necessary for the administration and operation of the Auxiliary.

§ 5.23 Advancement.

The Commandant shall prescribe the circumstances and qualifications under which members of the Auxiliary may be advanced.

§ 5.25 Honorary members.

For conspicuous service to or active interest in the Auxiliary, the Commandant may award any person with honorary membership in the Auxiliary. An honorary member of the Auxiliary, solely by reason of such honorary membership, shall not be entitled to any of the rights, benefits, privileges, duties, or obligations of regular members of the Auxiliary.

§ 5.27 Assignment to specific duties.

Members of the Auxiliary shall not be assigned to specific duties until they have been found, after appropriate training and examination, to be competent to perform such duties.

§ 5.29 Assignment to duty on a motorboat, yacht, aircraft, or radio station.

No member of the Auxiliary shall be placed in charge of a motorboat, yacht, aircraft, or radio station assigned to Coast Guard duty unless he has been
Coast Guard, DOT

§ 5.31 Power and authority.

Members of the Auxiliary, when assigned to specific duties shall, unless otherwise limited by the Commandant, be vested with the same power and authority, in execution of such duties, as members of the regular Coast Guard assigned to similar duties.

§ 5.33 Training, examination, and assignment.

The Commandant will prescribe the type of training, qualifications and examinations required before a member of the Auxiliary shall be deemed qualified to perform certain duties, and will prescribe the circumstances and manner in which certain members of the Auxiliary shall be authorized to perform regular and emergency specific duties.

§ 5.35 Use of facilities.

Section 826 of Title 14, U.S. Code, reads as follows:

The Coast Guard may utilize for any purpose incident to carrying out its functions and duties as authorized by the Secretary any motorboat, yacht, aircraft, or radio station placed at its disposition for any of such purposes by any member of the Auxiliary, by any corporation, partnership, or association, or by any State or political subdivision thereof.

[CGFR 59-58, 24 FR 10717, Dec. 25, 1959]

§ 5.37 Offer of facilities.

Any member of the Auxiliary desiring to place a vessel, aircraft, or radio station at the disposal of the Coast Guard pursuant to the Act and the regulations in this part, shall communicate with the Commander of the Coast Guard district in which located indicating in such communication which facility is offered. Except in emergencies, an offer to the Coast Guard must be made on the prescribed form.

[CGFR 59-58, 24 FR 10717, Dec. 25, 1959]

§ 5.39 Acceptance of facilities.

No vessel, aircraft or radio station shall be deemed loaned to the Coast Guard until an acceptance, on the prescribed form, has been signed on behalf of the Coast Guard by a person authorized by the Commandant to sign such acceptance and a complete inventory of consumable and expendable stores and equipment has been made and mutually settled by the owner and the representative of the Coast Guard.

[CGFR 59-58, 24 FR 10717, Dec. 25, 1959]

§ 5.41 Emergencies.

In an emergency, as declared by the Commandant, the offer of a vessel, aircraft, or radio station may be made without the use of the prescribed form, and such facility may be accepted on behalf of the Coast Guard without the use of the acceptance section of the above form or the inventory last above mentioned.

[CGFR 59-58, 24 FR 10717, Dec. 25, 1959]

§ 5.43 Public vessels, aircraft, and radio stations.

While assigned to Coast Guard duty as authorized herein:

(a) Any motorboat or yacht shall be deemed to be a public vessel of the United States, and within the meaning of section 827 of title 14, U.S. Code, shall be deemed to be a vessel of the United States Coast Guard.

(b) Any aircraft shall be deemed to be a vessel of the United States Coast Guard within the meaning of section 828 of title 14, U.S. Code, and shall be deemed to be a "public aircraft" within the meaning of the act of June 23, 1958 (72 Stat. 737; 49 U.S.C. 1301).

(c) Any radio station shall be deemed to be a radio station of the United States Coast Guard and a "Government station" within the meaning of section 829, title 14, U.S. Code.

[CGFR 59-58, 24 FR 10717, Dec. 25, 1959]

§ 5.45 Return of facility.

A vessel, aircraft, or radio station placed at the disposal of the Coast Guard for a specific period, shall be returned at the expiration of such period, unless circumstances or emergent need make the return impracticable at that time. The Commandant will determine the method, time, and documents to be exchanged upon the return to the owner of any facility. The property shall be reinventoried as of the time,
§ 5.47 Auxiliary ensign.

(a) The Coast Guard Auxiliary ensign is a distinguishing mark, authorized by the Secretary, and may be displayed by any vessel, aircraft, or radio station at such times and under such circumstances as may be authorized by the Commandant. The penalty for the unauthorized flying of any ensign, flag or pennant of the Auxiliary is set forth in § 5.67 of this part.

(b) The field of the Auxiliary ensign is medium blue (Coast Guard blue) with a broad diagonal white slash upon which a matching blue Coast Guard Auxiliary emblem is centered. The white slash shall be at a 70 degree angle, rising away from the hoist.

(c) The Auxiliary emblem consists of a disk with the shield of the Coat of Arms of the United States circumscribed by an annulet edged and inscribed “U.S. COAST GUARD AUXILIARY” all in front of two crossed anchors.

§ 5.48 Auxiliary Patrol Boat ensign.

(a) The Coast Guard Auxiliary Patrol Boat ensign is authorized to be flown on all Auxiliary Operational Facility vessels under orders. The penalty for the unauthorized flying of any ensign, flag or pennant of the Auxiliary is set forth in § 5.67 of this part.

(b) The field of the Auxiliary Patrol Boat ensign is white. A medium blue (Coast Guard blue) Coast Guard Auxiliary emblem is centered on a broad diagonal red (Coast Guard red) slash which is at a 70 degree angle, rising toward the hoist. The red (Coast Guard red) slash is followed, away from the hoist, by two narrow, parallel stripes, first a white stripe and then a medium blue (Coast Guard blue) stripe. The entire design is centered on the ensign.

[CGD 85-073, 52 FR 36760, Oct. 1, 1987]

§ 5.49 Reimbursement for expenses.

Any person whose vessel, aircraft, or radio station has been offered to and accepted by the Coast Guard shall, in accordance with instructions of the Commandant, be reimbursed for the actual necessary expenses of operation of such vessel, aircraft, or radio station when assigned to Coast Guard duty. “Actual necessary expenses of operation” includes payment for fuel, oil, power, water, supplies, provisions, and replacement or repair of equipment.

§ 5.51 Damaged equipment or facilities.

The Commandant will prescribe the nature of reports to be made and the procedure to be followed upon the return of a vessel, aircraft, or radio station. If such report shows that the vessel, aircraft, or radio station has been damaged, or that any equipment thereof is in need of replacement or repair, the Commandant shall cause an investigation to be made. If, as a result of such investigation, it is found that the responsibility for the damage rests with the Coast Guard; and that the vessel, aircraft, or radio station had been offered to and accepted by the Coast Guard; and that at the time the damage was incurred the facility was assigned, by competent authority, to specific Coast Guard duties; the damages may be repaired or the equipment replaced, in the discretion of the Commandant, whose decision shall be final, either by the Coast Guard or by the owner of the facility at his own expense for which reimbursement will be made by the Coast Guard.

§ 5.53 Constructive or actual loss.

In case of the constructive or actual loss of a vessel, aircraft, or radio station, where such loss is reported to the Coast Guard within six months from the date of such loss, the Commandant will cause an investigation to be made. If, as a result of such investigation, it is found that the responsibility for the loss rests with the Coast Guard; and
that the vessel, aircraft, or radio station had been offered to and accepted by the Coast Guard; and that at the time of the loss, the facility was assigned, by competent authority, to specific Coast Guard duties; the Coast Guard will make such payment to the owner of the facility, as in the discretion of the Commandant, whose decision shall be final, will compensate such owner for the constructive or actual loss of his vessel, aircraft, or radio station.

§ 5.55 Compensation.

No member of the Auxiliary shall receive any compensation for his services as a member of the Auxiliary.

§ 5.57 Traveling expenses and per diem.

A member of the Auxiliary, when assigned to specific duties, may be paid actual necessary traveling expenses, including a per diem allowance, in conformity with Comptroller’s Manual, U.S. Coast Guard.

§ 5.59 Medical treatment and hospitalization.

When any member of the Auxiliary is physically injured or dies as a result of physical injury incurred while performing patrol duty or any other specific duty to which he has been assigned, such member or his beneficiary shall be entitled to the same benefits as are now or as may hereafter be provided for temporary members of the Coast Guard Reserve who suffer physical injury or death resulting from physical injury incurred in line of duty. Members of the Auxiliary who contract sickness or disease while performing patrol duty or any other specific duty to which they have been assigned shall be entitled to the same hospital treatment as is afforded members of the Regular Coast Guard.

§ 5.61 Uniforms.

Members of the Auxiliary may purchase from the Coast Guard at actual cost such uniforms as may be authorized by the Secretary. Such uniforms may be worn by members of the Auxiliary under such circumstances and upon such occasions as may be authorized by the Commandant.

§ 5.63 Insignia.

Insignia, as authorized by the Secretary, may be purchased from the Coast Guard at actual cost and be worn by members of the Auxiliary under such circumstances, at such places, and upon such occasions as may be prescribed by the Commandant.

§ 5.65 Medals.

The Commandant may make awards, including medals, to members of the Auxiliary.

§ 5.69 Limitations of rights, privileges, and benefits.

Section 893 of Title 14, U.S. Code, reads as follows:

Members of the Auxiliary and temporary members of the Reserve shall be entitled only to such rights, privileges, and benefits as are specifically set forth for them in this title or as may be specifically provided for them in any other Act of Congress. Any Act of Congress which grants rights, privileges, or benefits generally to military personnel, or among others, to personnel of the Coast Guard and the Coast Guard Reserve, without specifically granting such rights, privileges, or benefits to members of the Auxiliary or temporary members of the Reserve, shall not be deemed applicable to members of the Auxiliary or to temporary members of the Reserve.

Subpart 6.01—Definitions

§ 6.01-1  Commandant.

Commandant as used in this part, means the Commandant of the United States Coast Guard.

§ 6.01-2  District Commander.

District Commander as used in this part, means the officer of the Coast Guard designated by the Commandant to command a Coast Guard District.

§ 6.01-3  Captain of the Port.

Captain of the Port as used in this part, means the officer of the Coast Guard, under the command of a District Commander, so designated by the Commandant for the purpose of giving immediate direction to Coast Guard law enforcement activities within his assigned area. In addition, the District Commander shall be Captain of the Port with respect to remaining areas in his District not assigned to officers designated by the Commandant as Captain of the Port.

E.O. 11249, 30 FR 13001, Oct. 13, 1965

§ 6.01-4  Waterfront facility.

Waterfront facility as used in this part, means all piers, wharves, docks, and similar structures to which vessels may be secured; areas of land, water, or land and water under and in immediate proximity to them; buildings on such structures or contiguous to them and equipment and materials on such structures or in such buildings.

E.O. 11249, 30 FR 13001, Oct. 13, 1965

§ 6.01-5  Security zone.

Security zone as used in this part, means all areas of land, water, or land and water, which are so designated by the Captain of the Port for such time as he deems necessary to prevent damage or injury to any vessel or waterfront facility, to safeguard ports, harbors, territories, or waters of the United States or to secure the observance of the rights and obligations of the United States.

Subpart 6.04—General Provisions

§ 6.04-1  Enforcement.

(a) The rules and regulations in this part shall be enforced by the captain of the port under the supervision and general direction of the District Commander and the Commandant, and all authority and power vested in the captain of the port by the regulations in this part shall be deemed vested in and
§ 6.10-5 Access to vessels and waterfront facilities.

Any person on board any vessel or any person seeking access to any vessel or any waterfront facility within the
§ 6.10-7 Jurisdiction of the United States may be required to carry identification credentials issued by or otherwise satisfactory to the Commandant. The Commandant may define and designate those categories of vessels and areas of the waterfront wherein such credentials are required.

§ 6.10-7 Identification credentials.
The identification credential to be issued by the Commandant shall be known as the Coast Guard Port Security Card, and the form of such credential, and the conditions and the manner of its issuance shall be as prescribed by the Commandant after consultation with the Secretary of Labor. The Commandant shall not issue a Coast Guard Port Security Card unless he is satisfied that the character and habits of life of the applicant therefor are such as to authorize the belief that the presence of such individual on board a vessel or within a waterfront facility would not be inimical to the security of the United States. The Commandant shall revoke and require the surrender of a Coast Guard Port Security Card when he is no longer satisfied that the holder is entitled thereto. The Commandant may recognize for the same purpose such other credentials as he may designate in lieu of the Coast Guard Port Security Card.

[EO 10277, 16 FR 7541, Aug. 2, 1951]

§ 6.10-9 Appeals.
Persons who are refused employment or who are refused the issuance of documents or who are required to surrender such documents, under this subpart, shall have the right of appeal, and the Commandant shall appoint Boards for acting on such appeals. Each such Board shall, so far as practicable, be composed of one Coast Guard officer, one member drawn from management, and one member drawn from labor. The members drawn from management and labor shall, upon suitable security clearance, be nominated by the Secretary of Labor. Such members shall be deemed to be employees of the United States and shall be entitled to compensation under the provisions of section 15 of the act of August 2, 1946 (5 U.S.C. 55a) while performing duties incident to such employment. The Board shall consider each appeal brought before it and, in recommending final action to the Commandant, shall insure the appellant all fairness consistent with the safeguarding of the national security.

Subpart 6.12—Supervision and Control of Explosives or Other Dangerous Cargo

§ 6.12-1 General supervision and control.
The Captain of the Port may supervise and control the transportation, handling, loading, discharging, stowage, or storage of hazardous materials on board vessels as covered by the regulations in 49 CFR parts 170-189, 46 CFR parts 150-156, 46 CFR parts 146-148 and the regulations governing tank vessels (46 CFR parts 30-39).

[CGD 77-228, 43 FR 53427, Nov. 16, 1978]

§ 6.12-3 Approval of facility for dangerous cargo.
The Commandant may designate waterfront facilities for the handling and storage of, and for vessel loading and discharging, explosives, inflammable or combustible liquids in bulk, or other dangerous articles or cargo covered by the regulations referred to in § 6.12-1, and may require the owners, operators, masters, and others concerned to secure permits for such handling, storage, loading, and unloading from the Captain of the Port, conditioned upon the fulfillment of such requirements for the safeguarding of such waterfront facilities and vessels as the Commandant may prescribe.

Subpart 6.14—Security of Waterfront Facilities and Vessels in Port

§ 6.14-1 Safety measures.
The Commandant, in order to achieve the purposes of this part, may prescribe such conditions and restrictions relating to the safety of waterfront facilities and vessels in port as he finds to be necessary under existing circumstances. Such conditions and restrictions may extend, but shall not be limited to, the inspection, operation, maintenance, guarding, and manning
§ 6.14—2 Condition of waterfront facility a danger to vessel.

Whenever the captain of the port finds that the mooring of any vessel to a wharf, dock, pier, or other waterfront structure would endanger such vessel, or any other vessel, or the harbor or any facility therein by reason of conditions existing on or about such wharf, dock, pier, or other waterfront structure, including, but not limited to, inadequate guard service, insufficient lighting, fire hazards, inadequate fire protection, unsafe machinery, internal disturbance, or unsatisfactory operation, the captain of the port may prevent the mooring of any vessel to such wharf, dock, pier, or other waterfront structure until the unsatisfactory condition or conditions so found are corrected, and he may, for the same reasons, after any vessel has been moored, compel the shifting of such vessel from any such wharf, dock, pier, or other waterfront structure.

§ 6.16—1 Reporting of sabotage and subversive activity.

Evidence of sabotage or subversive activity involving or endangering any vessel, harbor, port, or waterfront facility shall be reported immediately to the Federal Bureau of Investigation and to the captain of the port, or to their respective representatives.

§ 6.16—3 Precautions against sabotage.

The master, owner, agent, or operator of a vessel or waterfront facility shall take all necessary precautions to protect the vessel, waterfront facility, and cargo from sabotage.

Subpart 6.18—Penalties

§ 6.18—1 Violations.

Section 2, Title II of the act of June 15, 1917, as amended, 50 U.S.C. 192, provides as follows:

If any owner, agent, master, officer, or person in charge, or any member of the crew of any such vessel fails to comply with any regulation or rule issued or order given under the provisions of this title, or obstructs or interferes with the exercise of any power conferred by this title, the vessel, together with her tackle, apparel, furniture, and equipment, shall be subject to seizure and forfeiture to the United States in the same manner as merchandise is forfeited for violation of the customs revenue laws; and the person guilty of such failure, obstruction, or interference shall be punished by imprisonment for not more than ten years and may, in the discretion of the court, be fined not more than $10,000.

(a) If any other person knowingly fails to comply with any regulation or rule issued or order given under the provisions of this title, or knowingly obstructs or interferes with the exercise of any power conferred by this title, he shall be punished by imprisonment for not more than ten years and may, at the discretion of the court, be fined not more than $10,000.

Subpart 6.19—Responsibility for Security of Vessels and Waterfront Facilities

§ 6.19—1 Primary responsibility.

Nothing contained in this part shall be construed as relieving the masters, owners, operators, and agents of vessels or other waterfront facilities from their primary responsibility for the protection and security of such vessels or waterfront facilities.

§ 8.1 Functions of the Coast Guard Reserve.

(a) The Coast Guard Reserve is a component of the Coast Guard. The Coast Guard Reserve trains personnel
§ 8.3 Organization of the Coast Guard Reserve.
(a) The Coast Guard Reserve is organized, trained and equipped under the direction of the Commandant.
(b) The Director of Reserve and Training is responsible for the overall administration and supervision of the Reserve.
(c) In Atlantic Area, Integrated Support Commands have responsibility for local Reserve issues; however, in Pacific Area, responsibility for local Reserve issues remains with District Commanders.
(d) Most Coast Guard Reservists are fully integrated into active duty Coast Guard units. There, Reservists perform the same duties and have the same responsibilities as their active duty counterparts. Their integrated work prepares Reservists to perform the duties of their mobilization assignments while at the same time providing assistance to the active service. Some Reservists are assigned to dedicated Reserve units where they train and mobilize in support of national defense operations.

§ 8.3 for mobilization and for augmentation of the regular Coast Guard.

(b) Members of the Coast Guard Reserve can be used for:
   1. Partial or full mobilization under 10 U.S.C. 12301;
   2. Voluntary or involuntary call-up for emergency augmentation of the regular Coast Guard during time of serious natural or man-made disaster under 14 U.S.C. 712; and
   3. Augmentation of the regular Coast Guard during active duty or inactive duty for training.

(c) A member of the Reserve on active duty or inactive duty training has the same authority, rights, and privileges in the performance of that duty as a member of the regular Coast Guard of corresponding grade or rating.

§ 8.5 Regulations for the Coast Guard Reserve.
(a) Regulations for the Coast Guard Reserve are established by the Commandant.
(b) Permanent regulations are published in Coast Guard publications and manuals and include the following:
   (1) Coast Guard Regulations.
   (2) Coast Guard Organization Manual.
   (3) Coast Guard Reserve Policy Manual.
(c) Temporary regulations and orders affecting Reservists are included in instructions or notices in the Coast Guard directives system.
(d) Other regulations that affect the Reserve are located in Department of Defense and Department of the Navy regulations in Title 32 of the Code of Federal Regulations.

§ 8.7 Information.
(a) Information concerning the Coast Guard Reserve may be obtained from Commandant (G-WTR), U.S. Coast Guard Headquarters, Washington, DC 20593-0001.
(b) Information and requirements for enlistment in the Coast Guard Reserve or concerning the procurement of officers for the Coast Guard Reserve can be obtained from the following offices:
   (1) Any Coast Guard Recruiting Office.
   (2) Coast Guard Recruiting Center, 4200 Wilson Boulevard, Suite 450, Arlington, VA 22203.

Subpart 13.01—Gold and Silver Lifesaving Medals, Bars, and Miniatures

§ 13.01-1 General.

Lifesaving Medals of gold and silver, designated as the Gold Lifesaving Medal and the Silver Lifesaving Medal, respectively, may be awarded by the Commandant, U.S. Coast Guard, hereinafter called the Commandant, under 14 U.S.C. 500 and the regulations in this subpart to persons rescuing or endeavoring to rescue any other person from drowning, shipwreck or other peril of the water.

§ 13.01-5 Gold and Silver Lifesaving Medals.

Lifesaving Medals may be awarded to any person who rescues or endeavors to rescue any other person from drowning, shipwreck or other peril of the water. In order for a person to be eligible for a Lifesaving Medal the rescue or attempted rescue must take place in waters within the United States or subject to the jurisdiction thereof, or if the rescue or attempted rescue takes place outside such waters, one or the other of the parties must be a citizen of the United States or from a vessel or aircraft owned or operated by citizens of the United States. If such rescue or attempted rescue is made at the risk of one's own life and evidences extreme and heroic daring, the medal shall be of gold. If such rescue or attempted rescue is not sufficiently distinguished to deserve the medal of gold but evidences the exercise of such signal exertion as to merit recognition, the medal shall be of silver. Lifesaving Medals may be awarded posthumously.

§ 13.01-10 Gold and silver bars.

No person shall receive more than one Gold Lifesaving Medal and one Silver Lifesaving Medal; but any person who has received or may hereafter receive a Gold or Silver Lifesaving Medal and who again performs an act which would entitle him to receive another medal of the same class, may be awarded, in lieu of a second medal of the same class, a gold or silver bar, as the case may be, to be worn with the medal already bestowed, and for every such additional act, an additional bar may be awarded. Gold and silver bars may be awarded posthumously.

§ 13.01-15 Applications and recommendations.

(a) All administrative details pertaining to the award of Lifesaving Medals are under the jurisdiction of the Commandant. Applications and recommendations for the award of a Lifesaving Medal may be filed by or in behalf of the person making or attempting a rescue under circumstances contemplated by the regulations in this subpart. Applications or recommendations for award of medals or requests for information pertaining thereto should be addressed to the Commander of the Coast Guard District, hereinafter called the District Commander, where the incident took place. (See part 3 of this subchapter for descriptions of Coast Guard Districts.) If the District is unknown, or if the incident took place outside any such district, applications and recommendations should be addressed to the Commandant, U.S. Coast Guard, Washington, D.C. 20593.

(b) Completed applications must include:

(1) Satisfactory evidence of the services performed, in the form of affidavits, made by eyewitnesses of good repute and standing testifying of their own knowledge. The opinion of witnesses that the person for whom an award is sought imperiled his or her own life or made signal exertions is not sufficient but the affidavits must set forth in detail all facts and occurrences tending to show clearly in what manner and to what extent life was risked or signal exertions made so that the
§ 13.01–20

Commandant may judge for himself as to the degree of merit involved.

(2) The precise locality of the rescue or attempted rescue, whether from waters within the United States or subject to the jurisdiction thereof, or if the rescue or attempted rescue is outside such waters, whether one or the other of the parties is a citizen of the United States, or from a vessel or aircraft owned or operated by citizens of the United States, shall be stated. The date, time of day, nature of the weather, condition of the water, the names of all persons present when practicable, the names of all persons rendering assistance, and all pertinent circumstances and data, showing the precise nature and degree of risk involved, should be stated.

(c) Recommendations must include:

(1) As much of the information indicated in paragraphs (b) (1) and (2) of this section which is available to the person making the recommendation. Upon receipt the Commandant or the cognizant District Commander shall cause such recommendation to be referred to an investigating officer who shall cause to be developed such additional information and evidence as is deemed necessary to either (i) terminate the investigation as containing insufficient justification to continue further, or (ii) to complete the application for submission to the Commandant for his final determination.

(d) Either the Commandant or the District Commander may, without any application or recommendation, of his own motion, order an informal investigation into such an incident under Chapter II, of the Coast Guard Supplement to the Manual for Courts-Martial (CG–241).

(e) Affidavits required by this subpart shall be made before an officer duly authorized to administer oaths and if taken before an officer without an official seal, his official character must be certified by the proper officer of a court of record, under the seal thereof, unless the oath be taken before an officer of the Armed Forces authorized to administer oaths under the provisions of Article 136, UCMJ (10 U.S.C. 936).

(f) Cognizant District Commanders shall act upon all applications and recommendations submitted to them from whatever source and shall:

(1) Forward completed applications with his recommendations to the Commandant for his consideration and determination; or,

(2) Inform the applicant or the person submitting the recommendation that he considers such application or recommendation incomplete together with the reasons therefor and that a period of 90 days will be allowed for additional evidence to be provided upon the expiration of which he will file the application or recommendation without further action.

(g) Whenever the cognizant District Commander shall deem such action necessary, he may require that the aforementioned affidavits shall be accompanied by a certificate showing the affiants to be credible persons, certified by some U.S. Officer, such as a judge or clerk of a U.S. Court, district attorney, collector of customs, postmaster, or officer of the Armed Forces. If the affiant is a citizen or resident of a foreign country and if the affidavit is executed in such foreign country, the credibility certificate may be executed by an officer of such foreign country, who occupies an official position similar to the aforementioned U.S. officers.

(h) The decision of the Commandant on all applications, recommendations, and investigations for the Gold or Silver Lifesaving Medals shall be final.

§ 13.01–20 Definitions.

As used in the statutes cited and in the regulations in this subpart:

(a) “Peril of the water” includes all perils on water caused by, or which are such by reason of, the sea or bodies of water such as lakes, bays, sounds and rivers; whenever, wherever and in whatever way human life is directly imperiled by the sea or a body of water is a peril of the water.

(b) A “shipwreck” includes an incident threatening persons whose lives are endangered by perils of the water as well as those who are, strictly speaking, no longer in danger from the sea or a body of water, that peril already having passed, but who are in imminent danger and in great need of succor or rescue, as e.g., being adrift in
an open boat or stranded on some barren coast where, without succor or rescue, they would die of starvation, thirst, or exposure.  

(c) “Waters within the United States or subject to the jurisdiction thereof,” embrace all waters within the United States, and any other waters over which the United States exercises jurisdiction.

§ 13.01–25 Description of Gold Lifesaving Medal.

(a) The Gold Lifesaving Medal is 99.9 percent pure gold and consists of a pendant suspended by a swivel from the head of an eagle attached to a silk grosgram ribbon 1 and 7/16ths inches in width, composed of a 3/16ths of an inch red stripe, a 1/32d of an inch white stripe, a 15/16ths of an inch gold stripe, a 1/32d of an inch white stripe, and a 3/16ths of an inch red stripe. The pendant is 1 and 5/8ths inches long by 3/16ths of an inch wide with a flowing ribbon draped over the left end and passing in back and appearing beneath the bar. The part of the ribbon showing beneath the bar bears the inscription “Act of Congress, August 4, 1949”, in raised block letters. The bar and ribbon are in folds of a spray of laurel with the leaves showing above and beneath.

(b) Engraving: Before presentation, the recipient’s name shall be inscribed inside the laurel wreath, on the reverse of the medal.

§ 13.01–35 Description of gold and silver bars.

(a) The bar is plain and horizontal, composed of the same metal as the medal previously awarded recipient, and is 1 and 5/8ths inches long by 3/16ths of an inch wide with a flowing ribbon draped over the left end and passing in back and appearing beneath the bar. The part of the ribbon showing beneath the bar bears the inscription “Act of Congress, August 4, 1949”, in raised block letters. The bar and ribbon are in folds of a spray of laurel with the leaves showing above and beneath.

(b) Engraving: Before presentation, the recipient’s name shall be inscribed on the obverse of the bar.

§ 13.01–40 Miniature medals and bars.

(a) Miniature Gold and Silver Lifesaving Medals and bars are replicas of the Lifesaving Medals and bars, to be worn on civilian clothing. Such miniatures are not furnished by the Government.

(b) Miniature medals and bars may procured from sources authorized by the Commandant, U.S. Coast Guard, to furnish same to persons who produce...
original documentary evidence of having been awarded the medal or bar for which a miniature replica is desired.

§ 13.01–45 Replacement of medals and bars.

The Gold or Silver Lifesaving Medal or bar will be replaced at cost to the applicant upon submitting a statement in affidavit form of having been awarded a medal or bar and the circumstances involving loss of same. A Lifesaving Medal or bar, however, may be replaced without charge in the discretion of the Commandant, if said medal or bar has, under extremely unusual circumstances, been lost, destroyed or rendered unfit for use without fault or neglect on the part of the person to whom it was awarded.

PART 17—UNITED STATES COAST GUARD GENERAL GIFT FUND

Subpart 17.01—General Provisions

§ 17.01–1 Basis and purpose.

§ 17.01–10 Authority to receive gifts.

Subpart 17.05—Administration

§ 17.05–1 Gifts.

§ 17.05–5 Acceptance and disbursement of gifts.

§ 17.05–10 Instructions for administration.

Subpart 17.01—General Provisions

§ 17.01–1 Basis and purpose.

In accordance with 10 U.S.C. 2601 (formerly the Act of March 11, 1948, secs. 1, to 4, 62 Stat. 71, 72); and Treasury Department Order No. 167–1, dated January 16, 1953 (18 FR 671), the regulations in this part are hereby prescribed to provide for the acceptance and subsequent use of gifts, devises, or bequests of property, real or personal, made on the condition that they be used for the benefit of, or in connection with, the establishment, operation, maintenance, or administration of any school, hospital, library, museum, chapel, or other institution or organization under the jurisdiction of the United States Coast Guard.
United States Coast Guard, for the benefit or use of the designated school, hospital, library, museum, chapel, or other institution or organization under the jurisdiction of the United States Coast Guard subject to the terms of the particular gift, devise, or bequest.

(c) 10 U.S.C. 2601(c) states that any gift, devise, or bequest of property, real or personal, accepted under these provisions shall be deemed to be a gift, devise, or bequest to or for the use of the United States for the purpose of Federal income, estate, and gift taxes.

§ 19.01 Procedures for effecting individual waivers of navigation and vessel inspection laws and regulations.

(a) It is hereby found necessary in the interest of national defense to waive compliance with the navigation and vessel inspection laws administered by the Coast Guard, as well as the regulations issued thereunder and contained in 46 CFR Chapter I or in this chapter, to the extent and in the manner and upon the terms and conditions as set forth in this section.

(b) An application requesting that a waiver be made effective with respect to a particular vessel may be made by any authorized representative of an agency of the United States Government or any other interested person (including the master, agent, or owner of the vessel involved). Except as provided in paragraph (d) of this section, the application shall be in writing. The application shall be delivered to the Coast Guard District Commander or to his designated representative at the port or place where the vessel is located. In the case of a vessel in any port or place of the Canal Zone or in any foreign port or place, the application shall be made to the designated representative of the Commandant at such port or place, or if the Coast Guard has not established facilities in such port or place, to the nearest designated representative of the Commandant at any port or place where such facilities have been established. Every application shall contain a statement of the particular provisions of law with respect to which waiver of compliance is requested, a certification that the waiver of compliance with such laws with respect to the vessel involved is necessary in the interest of national defense and, an outline of the facts upon which such certification is based. The Coast Guard District Commander (or his designated representative or the designated representative of the Commandant, as the case may be) shall promptly examine every application for the purpose of determining whether the necessity for prompt action is such as to require that the waiver be made effective by him without reference to the Commandant. In any case in which it appears to the Coast Guard officer...
§ 19.04 Vessels requisitioned by the United States for emergency evacuation.

Pursuant to the request of the Acting Secretary of Defense, dated November 21, 1951, made under the provisions of section 1 of Pub. L. 89-1, 81st Congress, approved December 27, 1950, compliance is hereby waived with the provisions of the navigation and vessel inspection laws administered by the United States Coast Guard, as well as the regulations issued thereunder and contained in this chapter, to the extent necessary to permit the operation of vessels which might be requisitioned by the United States for the purpose of emergency evacuation.

[CGFR 51-61, 16 FR 12792, Dec. 20, 1951]

§ 19.06 Vessels operated by or chartered to Military Sealift Command.

(a) Pursuant to the request of the Deputy Secretary of Defense, dated August 6, 1958, and to the request of the Assistant Secretary of Defense, Installations and Logistics, dated May 23, 1964, made under the provisions of section 1 of Pub. L. 89-1, 81st Congress, approved December 27, 1950 (64 Stat. 1120; 46 U.S.C., note preceding section 1), and their findings that a waiver is necessary in the interest of national defense, compliance with the provisions of the navigation and vessel inspection laws administered by the United States Coast Guard, as well as the regulations issued thereunder and contained in 33 CFR Chapter I, or in this chapter, is hereby waived to the extent and upon the terms and conditions as set forth in this section, in order to permit vessels operated by or chartered to the Military Sea Transportation Service to carry out their assigned missions.

(b) An application requesting that this waiver be made effective with respect to a particular vessel may be made orally and if the Coast Guard District Commander (or his designated representative or the designated representative of the Commandant, as the case may be) reaches the conclusion referred to in paragraph (b) of this section, the waiver shall be made effective without further delay, subject to the condition that the application be reduced to writing and delivered within such period after the date of the oral request as the Coast Guard officer making the waiver effective shall specify in the order.

(e) No penalty shall be imposed because of failure to comply with any provision of law (or regulation, if any), the waiver of which has been made effective pursuant to the requirements in this section.

[CGFR 51-10, 16 FR 1959, Mar. 1, 1951]
in any foreign port or place, the application shall be made to the designated representative of the Commandant at such port or place, or if the Coast Guard has not established facilities in such port or place, to the nearest designated representative of the Commandant at a port or place where such facilities have been established, or to the Commandant (G-MOC), U.S. Coast Guard, Washington, DC 20593-0001. Every application shall:

1. Describe the laws and/or regulations by appropriate references and/or subjects with respect to which the waiver of compliance is desired;
2. Contain a certification that the waiver of compliance with such laws and/or regulations with respect to the vessel involved is necessary in the interest of national defense and is necessary for the Military Sea Transportation Service to carry out an assigned mission;
3. The name and official number of the vessel involved (including the names of master, agent, and owner of the vessel involved); and
4. For how long the waiver is needed.

(c) The Coast Guard officer making the waiver in paragraph (a) of this section effective for a particular vessel shall immediately prepare, in quadruplicate, an order setting forth:

1. The name and official number of the vessel involved;
2. The laws and/or regulations with respect to which the waiver is effective;
3. The extent to which compliance with such laws and/or regulations is waived; and
4. The period for which the waiver shall be effective.

(d) If practicable, one copy of this waiver order shall be delivered to the master of the vessel involved before such vessel sails. In any case where the waiver order is not delivered to the master, it shall be delivered to the owner, operator, or agent of the vessel without delay. One copy of the waiver order shall be delivered to the Commandant, Military Sea Transportation Service, or his duly designated representative, who submitted the application. One copy of the waiver order shall be transmitted to the Commandant (G-MOC) and the remaining copy kept on file.

(e) In any case of extreme urgency, the application for a waiver order may be made orally and if the Coast Guard District Commander (or his designated representative, or the designated representative of the Commandant, or the Commandant, as the case may be) determines that the conditions in this section have been met, the waiver order shall be made effective without further delay, subject to the condition that the application be reduced to writing and delivered within such period after the date of the oral request as the Coast Guard officer making the waiver effective shall specify in the confirming written waiver order.

(f) No penalty shall be imposed because of failure to comply with any provision of law and/or regulation the waiver of which has been made effective pursuant to the requirements of this section.

(g) This waiver order shall remain in effect until terminated by proper authority and notice of cancellation is published in the Federal Register.

[CGFR 51-9, 16 FR 1909, Feb. 27, 1951, as amended by CGFR 59-4A, 24 FR 3055, Apr. 21, 1959]

§ 19.07 Chronological record of seaman’s previous employment.

(a) Compliance is hereby waived with regard to the provisions of subsection (h) of R.S. 4551, as amended (46 U.S.C. 643), to the extent necessary to permit the Commandant of the United States Coast Guard to issue a chronological record of a seaman’s previous employment on a single document, in lieu of making individual entry in a duplicate continuous discharge book or furnishing individual certificates of discharge.

(b) It is hereby found that the waiving of the provisions of R.S. 4551(h), as amended (46 U.S.C. 643), is necessary in the interest of national defense.

[CGFR 51-9, 16 FR 1909, Feb. 27, 1951, as amended by CGFR 59-4A, 24 FR 3055, Apr. 21, 1959]

§ 19.15 Permits for commercial vessels handling explosives at military installations.

Pursuant to the request of the Secretary of Defense in a letter dated October 19, 1955, made under the provisions of section 1 of the act of December 27, 1950 (64 Stat. 1120; 46 U.S.C., note prec. 1), I hereby waive in the interest of national defense compliance with the provisions of R.S. 4472, as amended (46 U.S.C. 170), and the regulations promulgated thereunder in part 146 of this chapter to the extent that no quantitative restrictions, based on considerations of isolation and remoteness, shall be required by the Coast Guard for commercial vessels loading or unloading explosives at the Department of Defense waterfront installations. This waiver shall not relieve a commercial vessel loading or unloading explosives at the Department of Defense waterfront installations from the requirement of securing a permit from the Coast Guard for such operations with respect to quantitative or other restrictions imposed by the Coast Guard on the basis of each vessel’s ability to meet prescribed stowage and handling requirements.

Subpart I—Decisions

20.901 Summary decisions.
20.902 Decisions of the ALJ.
Coast Guard, DOT

20.102 Definitions.

 Administrative Law Judge or ALJ means any person designated by the Commandant under paragraph 556(b)(3) of the Administrative Procedure Act (APA) (5 U.S.C. 556(b)(3)) to conduct hearings arising under 33 U.S.C. 1321(b); 42 U.S.C. 9609(b); or 46 U.S.C. Chapter 77.

Chief Administrative Law Judge or Chief ALJ means the Administrative Law Judge appointed as the Chief Administrative Law Judge of the Coast Guard by the Commandant.

Class II civil penalty proceeding means a trial-type proceeding for the assessment of a civil penalty that affords an opportunity for an oral, fact-finding hearing before an ALJ.

Coast Guard Representative means an official of the Coast Guard designated to prosecute an administrative proceeding.

Commandant means the Commandant of the Coast Guard. It includes the Vice-Commandant of the Coast Guard acting on behalf of the Commandant in any matter.

Complaint means a document issued by a Coast Guard representative alleging a violation for which a penalty may be administratively assessed under 33 U.S.C. 1321(b) or 42 U.S.C. 9609(b), or a merchant mariner’s license, certificate of registry, or document suspended or revoked under 46 U.S.C. 7703 or 7704.

Hearing Docket Clerk means an employee of the Office of the Chief ALJ who is responsible for receiving documents, determining their completeness and legibility, and distributing them to ALJs and others, as required by this part.

§ 20.101 Scope.

Except as otherwise noted, the rules of practice, procedure, and evidence in this part apply to the following subjects of administrative proceedings before the United States Coast Guard:

(a) Class II civil penalties assessed under subsection 311(b) of the Federal Water Pollution Control Act (33 U.S.C. 1321(b)(6)).

(b) Class II civil penalties assessed under section 109 of the Comprehensive Environmental Response, Compensation, and Liability Act (42 U.S.C. 9609(b)).

(c) Suspensions and revocations conducted under 46 U.S.C. Chapter 77.
§ 20.103 Construction and waiver of rules.

(a) Each person with a duty to construe the rules in this part in an administrative proceeding shall construe them so as to secure a just, speedy, and inexpensive determination.

(b) Except to the extent that a waiver would be contrary to law, the Commandant, the Chief ALJ, or a presiding ALJ may, after notice, waive any of the rules in this part either to prevent undue hardship or manifest injustice or to secure a just, speedy, and inexpensive determination.

(c) Absent a specific provision in this part, the Federal Rules of Civil Procedure control.

§ 20.201 Assignment.

An ALJ, assigned by the Chief ALJ after receipt of the complaint, shall preside over each administrative proceeding under this part.

The ALJ shall have all powers necessary to the conduct of fair, fast, and impartial hearings, including the powers to—

(a) Administer oaths and affirmations;
(b) Issue subpoenas authorized by law;
(c) Rule on motions;
(d) Order discovery as provided for in this part;
(e) Hold hearings or settlement conferences;
(f) Regulate the course of hearings;
(g) Call and question witnesses;
(h) Issue decisions;
(i) Exclude any person from a hearing or conference for disrespect, or disorderly or rebellious conduct; and
(j) Institute policy authorized by the Chief ALJ.

§ 20.203 Unavailability.

(a) If an ALJ cannot perform the duties described in § 20.202 or otherwise becomes unavailable, the Chief ALJ shall designate a successor.

(b) If a hearing has commenced and the assigned ALJ cannot proceed with it, a successor ALJ may. The successor ALJ may, at the request of a party, recall any witness whose testimony is material and disputed, and who is available to testify again without undue burden. The successor ALJ may, within his or her discretion, recall any other witness.

§ 20.204 Withdrawal or disqualification.

(a) An ALJ may disqualify herself or himself at any time.

(b) Until the filing of the ALJ’s decision, either party may move that the ALJ disqualify herself or himself for personal bias or other valid cause. The party shall file with the ALJ, promptly upon discovery of the facts or other reasons allegedly constituting cause,
an affidavit setting forth in detail the reasons.

(1) The ALJ shall rule upon the motion, stating the grounds for the ruling. If the ALJ concludes that the motion is timely and meritorious, she or he shall disqualify herself or himself and withdraw from the proceeding. If the ALJ does not disqualify herself or himself and withdraw from the proceeding, the ALJ shall carry on with the proceeding, or, if a hearing has concluded, issue a decision.

(2) If an ALJ denies a motion to disqualify herself or himself, the moving party may, according to the procedures in subpart J of this part, appeal to the Commandant once the hearing has concluded. When that party does appeal, the ALJ shall forward the motion, the affidavit, and supporting evidence to the Commandant along with the ruling.

§ 20.205 Ex parte communications.
Ex parte communications are governed by subsection 557(d) of the Administrative Procedure Act (5 U.S.C. 557(d)).

§ 20.206 Separation of functions.
(a) No ALJ may be responsible to, or supervised or directed by, an officer, employee, or agent who investigates for or represents the Coast Guard.

(b) No officer, employee, or agent of the Coast Guard who investigates for or represents the Coast Guard in connection with any administrative proceeding may, in that proceeding or one factually related, participate or advise in the decision of the ALJ or of the Commandant in an appeal, except as a witness or counsel in the proceeding or the appeal.

Subpart C—Pleadings and Motions

§ 20.301 Representation.
(a) A party may appear—
(1) Without counsel;
(2) With an attorney; or
(3) With other duly authorized representative.

(b) Any attorney, or any other duly authorized representative, shall file a notice of appearance. The notice must indicate—

(1) The name of the case, including docket number if assigned;
(2) The person on whose behalf the appearance is made; and
(3) The person's and the representative's mailing addresses and telephone numbers.

(c) Any attorney or other duly authorized representative shall also file a notice, including the items listed in paragraph (a) of this section, for any withdrawal of appearance.

(d) Any attorney shall be a member in good standing of the bar of the highest court of a State, the District of Columbia, or any territory or commonwealth of the United States. A personal representation of membership is sufficient proof, unless the ALJ orders more evidence.

(e) Any person who would act as a duly authorized representative and who is not an attorney shall file a statement setting forth the basis of his or her authority to so act. The ALJ may deny appearance as representative to any person who, the ALJ finds, lacks the requisite character, integrity, or proper personal conduct.

§ 20.302 Filing of documents and other materials.
(a) The proper address at which to file all documents and other materials relating to an administrative proceeding is: U.S. Coast Guard Administrative Law Judge Docketing Center; Attention: Hearing Docket Clerk; Room 412; 40 S. Gay Street; Baltimore, MD 21201-4022.

(b) The telephone number is: 410-962-5100.

(c) The fax number is: 410-962-1746.

(d) The appropriate party shall file with the Hearing Docket Clerk an executed original of each document (including any exhibit and supporting affidavit).

(e) A party may file by mail or personal delivery. The ALJ or the Hearing Docket Clerk may permit other methods, such as fax or other electronic means.

(f) When the Hearing Docket Clerk determines that a document, or other material, offered for filing does not comply with requirements of this part, the Clerk will accept it, and may advise the person offering it of the defect,
§ 20.303 Form and content of filed documents.

(a) Each filed document must clearly—
   (1) State the title of the case;
   (2) State the docket number of the case, if one has been assigned;
   (3) Designate the type of filing (for instance: petition, notice, or motion to dismiss);
   (4) Identify the filing party by name and capacity acted in; and
   (5) State the address, telephone number, and any fax number of the filing party and, if that party is represented, the name, address, telephone number, and any fax number of the representative.

(b) Each filed document must—
   (1) Measure 8½ by 11 inches, except that a table, chart, or other attachment may be larger if folded to the size of the filed document to which it is physically attached;
   (2) Be printed on just one side of the page and be clearly typewritten, printed, or otherwise reproduced by a process that yields legible and permanent copies;
   (3) Be double-spaced except for footnotes and long quotations, which may be single-spaced;
   (4) Have a left margin of at least 1½ inches and other margins of at least 1 inch; and
   (5) Be bound on the left side, if bound.

(c) Each filed document must be in English or, if in another language, accompanied by a certified translation. The original of each filed document must be signed by the filing party or her or his representative. Unless the rules in this part or the ALJ requires it to be verified or accompanied by an affidavit, no filed document need be. The signature constitutes a certification by the signer that she or he has read the document; that, to the best of her or his knowledge, information, and belief, the statements made in it are true; and that she or he does not intend it to cause delay.

(d) Complaints, answers, and simple motions may employ forms approved for use in proceedings of the Coast Guard instead of the format set out in this section.

§ 20.304 Service of documents.

(a) The ALJ shall serve upon each party to the proceeding a copy of each document issued by the ALJ in it. The ALJ shall serve upon each interested person, as determined under §20.404, a copy of the notice of hearing. Unless this part provides otherwise, the ALJ shall upon request furnish to each such interested person a copy of each document filed with the Hearing Docket Clerk or issued by the ALJ.

(b) Unless the ALJ orders otherwise, each person filing a document with the Hearing Docket Clerk shall serve upon each party a copy of it.

(c) If a party filing a document must serve a copy of it upon each party, each copy must bear a certificate of service, signed by or on behalf of the filing party, stating that she or he has so served it. The certificate shall be in substantially the following form:

I hereby certify that I have served the foregoing document[s] upon the following parties (or their designated representatives) to this proceeding at the addresses indicated by [specify the method]:

(1) [name, address of party]
(2) [name, address of party]

Done at [day of], this day of [month], 19 [or 20] .
[Signature]
For [Capacity].

§ 20.305 Amendment or supplementation of filed documents.

(a) Each party or interested person shall amend or supplement a previously filed pleading or other document if she or he learns of a material change that may affect the outcome of the administrative proceeding. However, no amendment or supplement may broaden the issues without an opportunity for any other party or interested person both to reply to it and to prepare for the broadened issues.

(b) The ALJ may allow other amendments or supplements to previously filed pleadings or other documents.

(c) Each party or interested person shall notify the Hearing Docket Clerk, the ALJ, and every other party or interested person, or her or his representative, of any change of address.

§ 20.306 Computation of time.

(a) We compute time periods as follows:

(1) We do not include the first day of the period.

(2) If the last day of the period is a Saturday, Sunday, or Federal holiday, we extend the period to the next business day.

(3) If the period is 7 days or less, we do not include Saturdays, Sundays, or Federal holidays.

(b) If you were served a document (by domestic mail) that requires or permits a response, you may add 3 days to any period for response.

(c) If you need additional time to file a response, follow the rules in these tables.

§ 20.307 Complaints.

(a) The complaint must set forth—

(1) The type of case;

(2) The statute or rule allegedly violated;

(3) The pertinent facts alleged; and

(4)(i) The amount of the class II civil penalty sought; or

(ii) The order of suspension or revocation proposed.

(b) The Coast Guard shall propose a place of hearing when filing the complaint.

(c) The complaint must conform to the requirements of this subpart for filing and service.

§ 20.308 Answers.

(a) The respondent shall file a written answer to the complaint 20 days or less after service of the complaint. The answer must conform to the requirements of this subpart for filing and service.

(b) The person filing the answer shall, in the answer, either agree to the place of hearing proposed in the complaint or propose an alternative.

(c) Each answer must state whether the respondent intends to contest any of the allegations set forth in the complaint. It must include any affirmative defenses that the respondent intends to assert at the hearing. The answer must admit or deny each numbered paragraph of the complaint. If it states that
the respondent lacks sufficient knowledge or information to admit or deny a particular numbered paragraph, it denies that paragraph. If it does not specifically deny a particular numbered paragraph, it admits that paragraph.

(d) A respondent’s failure without good cause to file an answer admits each allegation made in the complaint.

§ 20.309 Motions.

(a) A person may apply for an order or ruling not specifically provided for in this subpart, but shall apply for it by motion. Each written motion must comply with the requirements of this subpart for form, filing, and service. Each motion must state clearly and concisely—

(1) Its purpose, and the relief sought;

(2) Any statutory or regulatory authority; and

(3) The facts constituting the grounds for the relief sought.

(b) A proposed order may accompany a motion.

(c) Each motion must be in writing; except that one made at a hearing will be sufficient if stated orally upon the record, unless the ALJ directs that it be reduced to writing.

(d) Except as otherwise required by this part, a party shall file any response to a written motion 10 days or less after service of the motion. When a party makes a motion at a hearing, an oral response to the motion made at the hearing is timely.

(e) Unless the ALJ orders otherwise, the filing of a motion does not stay a proceeding.

(f) The ALJ will rule on the record either orally or in writing. She or he may summarily deny any dilatory, repetitive, or frivolous motion.

§ 20.310 Default by respondent.

(a) The ALJ may find a respondent in default upon failure to file a timely answer to the complaint or, after motion, upon failure to appear at a conference or hearing without good cause shown.

(b) Each motion for default must conform to the rules of form, service, and filing of this subpart. Each motion must include a proposed decision and proof of service under section 20.304(d). The respondent alleged to be in default shall file a reply to the motion 20 days or less after service of the motion.

(c) Default by respondent constitutes, for purposes of the pending action only, an admission of all facts alleged in the complaint and a waiver of her or his right to a hearing on those facts.

(d) Upon finding a respondent in default, the ALJ shall issue a decision against her or him.

(e) For good cause shown, the ALJ may set aside a finding of default.

§ 20.311 Withdrawal or dismissal.

(a) An administrative proceeding may end in withdrawal without any act by an ALJ in any of the following ways:

(1) By the filing of a stipulation by all parties who have appeared in the proceeding.

(2) By the filing of a notice of withdrawal by the Coast Guard representative at any time before the respondent has served a responsive pleading.

(3) With respect to a complaint filed under section 311(b)(6) of the Federal Water Pollution Control Act (33 U.S.C. 1321(b)(6)) or section 109(d) of the Comprehensive Environmental Response, Compensation and Liability Act (42 U.S.C. 9609(b)), by the filing of—

(i) A notice of withdrawal by the Coast Guard representative at any time after the respondent has served a responsive pleading, but before the issuance of an order assessing or denying a class II civil penalty, together with

(ii) A certification by the representative that the filing of the notice is due to a request by the Attorney General—in accordance with subsection 10(d) of Executive Order 12777 (56 FR 54757; 3 CFR, 1991 Comp., p. 351)—that the Coast Guard refrain from conducting an administrative proceeding.

(b) Unless the stipulation or notice of withdrawal states otherwise, a withdrawal under paragraph (a) of this section is without prejudice.

(c) Except as provided in paragraph (a) of this section, no administrative proceeding may end in withdrawal unless approved by an ALJ upon such terms as she or he deems proper.

(d) Any respondent may move to dismiss a complaint, the government may
§ 20.401
move to dismiss a petition, or any party may lodge a request for relief, for failure of another party to—
(1) Comply with the requirements of this part or with any order of the ALJ;
(2) Show a right to relief based upon the facts or law; or
(3) Prosecute the proceeding.
(e) A dismissal resides within the discretion of the ALJ.

Subpart D—Proceedings
§ 20.401 Initiation of administrative proceedings.
An administrative proceeding commences when the Coast Guard representative files the complaint with the Hearing Docket Clerk and serves a copy of it on the respondent.

§ 20.402 Public notice.
Upon the filing of a complaint under 33 U.S.C. 1321(b)(6), the Coast Guard provides public notice of a class II civil penalty proceeding. The notice appears in the Federal Register.

§ 20.403 Consolidation and severance.
(a) A presiding ALJ may for good cause, with the approval of the Chief ALJ and with all parties given notice and opportunity to object, consolidate any matters at issue in two or more administrative proceedings docketed under this part. (Good cause includes the proceedings' possessing common parties, questions of fact, and issues of law and presenting the likelihood that consolidation would expedite the proceedings and serve the interests of justice.) The ALJ may not consolidate any matters if consolidation would prejudice any rights available under this part or impair the right of any party to place any matters at issue.
(b) Unless directed otherwise by the Chief ALJ, a presiding ALJ may, either in response to a motion or on his or her own motion, for good cause, sever any administrative proceeding with respect to some or all parties, claims, and issues.

§ 20.404 Interested persons.
(a) Any person not a party to a class II civil penalty proceeding under 33 U.S.C. 1321(b)(6) who wishes to be an interested person in the proceeding shall, 30 days or less after publication in the Federal Register of the public notice required by §20.402, file with the Hearing Docket Clerk either—
(1) Written comments on the proceeding; or
(2) Written notice of intent to present evidence at any hearing in the proceeding.
(b) The presiding ALJ may, for good cause, accept late comments or late notice of intent to present evidence.
(c) Each interested person shall receive notice of any hearing due in the proceeding and of the decision in the proceeding. He or she may have a reasonable opportunity to be heard and to present evidence in any hearing.
(d) The opportunity secured by paragraph (c) of this section does not extend to—
(1) The issuance of subpoenas for witnesses;
(2) The cross-examination of witnesses; or
(3) Appearance at any settlement conference.

Subpart E—Conferences and Settlements
§ 20.501 Conferences.
(a) Any party may by motion request a conference.
(b) The ALJ may direct the parties to attend one or more conferences before or during a hearing.
(c) The ALJ may invite interested persons to attend a conference, other than a settlement conference, as the ALJ deems appropriate.
(d) The ALJ shall give reasonable notice of the time and place of any conference to the parties, and to interested persons if invited. A conference may occur in person, by telephone, or by other appropriate means.
(e) Each party, and any interested person invited, shall be fully prepared for a useful discussion of all issues properly before the conference, both procedural and substantive, and be authorized to commit themselves or those they represent respecting those issues.
(f) Unless the ALJ excuses a party, the failure of a party to attend or participate in a conference, after being served with reasonable notice of its
time and place, waives all objections to any agreements reached in it and to any consequent orders or rulings.

(g) The ALJ may direct that any of the following be addressed or furnished before, during, or after the conference:

• Methods of service and filing.
• Motions for consolidation or severance of parties or issues.
• Motions for discovery.
• Identification, simplification, and clarification of the issues.
• Requests for amendment of the pleadings.
• Stipulations and admissions of fact and of the content and authenticity of documents.
• The desirability of limiting and grouping witnesses, so as to avoid duplication.
• Requests for official notice and particular matters to be resolved by reliance upon the substantive standards, rules, and other policies of the Coast Guard.
• Offers of settlement.
• Proposed date, time, and place of the hearing.
• Other matters that may aid in the disposition of the proceeding.

(h) No one may stenographically report or otherwise record a conference unless the ALJ allows.

(i) During a conference, the ALJ may dispose of any procedural matters on which he or she is authorized to rule.

(j) Actions taken at a conference may be memorialized in—

• A stenographic report if authorized by the ALJ;
• A written transcript from a magnetic tape or the equivalent if authorized by the ALJ; or
• A statement by the ALJ on the record at the hearing summarizing them.

§ 20.502 Settlements.

(a) The parties may submit a proposed settlement to the ALJ.

(b) The proposed settlement must be in the form of a proposed decision, accompanied by a motion for its entry. The decision must recite the reasons that make it acceptable, and it must be signed by the parties or their representatives.

(c) The proposed decision must contain—

• An admission of all jurisdictional facts;
• An express waiver of—
  (i) Any further procedural steps before the ALJ; and
  (ii) All rights to seek judicial review, or otherwise challenge or contest the validity, of the decision;
• A statement that the decision will have the same force and effect as would a decision made after a hearing; and
• A statement that the decision resolves all matters needing to be adjudicated.

Subpart F—Discovery

§ 20.601 General.

(a) Unless the ALJ orders otherwise, each party—and each interested person who has filed written notice of intent to present evidence at any hearing in the proceeding under § 20.404—shall make available to the ALJ and to every other party and interested person—

• The name of each expert and other witness the party intends to call, together with a brief narrative summary of the expected testimony; and
• A copy, marked as an exhibit, of each document the party intends to introduce into evidence or use in the presentation of its case.

(b) During a pre-hearing conference ordered under § 20.501, the ALJ may direct that the parties exchange witness lists and exhibits either at once or by correspondence.

(c) The ALJ may establish a schedule for discovery and shall serve a copy of any such schedule on each party.

• The schedule may include dates by which the parties shall both exchange witness lists and exhibits and file any requests for discovery and objections to such requests.

(d) Further discovery may occur only by order, and then only when the ALJ determines that—

• It will not unreasonably delay the proceeding;
• The information sought is not otherwise obtainable;
(3) The information sought has significant probative value;
(4) The information sought is neither cumulative nor repetitious; and
(5) The method or scope of the discovery is not unduly burdensome and is the least burdensome method available.

(e) A motion for discovery must set forth—
(1) The circumstances warranting the discovery;
(2) The nature of the information sought; and
(3) The proposed method and scope of discovery and the time and place where the discovery would occur.

(f) If the ALJ determines that he or she should grant the motion, he or she shall issue an order for the discovery, together with the terms on which it will occur.

§ 20.602 Amendatory or supplementary responses.

(a) Any party or interested person shall amend or supplement information previously provided upon learning that the information—
(1) Was incorrect or incomplete when provided; or,
(2) Though correct or complete when provided, no longer is.

(b) The party or interested person shall amend or supplement that information by following the procedures in § 20.305.

§ 20.603 Interrogatories.

(a) Any party requesting interrogatories shall so move to the ALJ. The motion must include—
(1) A statement of the purpose and scope of the interrogatories; and
(2) The proposed interrogatories.

(b) The ALJ shall review the proposed interrogatories, and may enter an order either—
(1) Approving the service of some or all of the proposed interrogatories; or
(2) Denying the motion.

(c) The party requesting interrogatories shall serve on the party named in the interrogatories the approved written interrogatories.

(d) Each interrogatory must be answered separately and fully in writing under oath or affirmation, unless it is objected to, in which event the party named shall state the reasons for the objection instead of a response. This party, the party's attorney, or the party's representative shall sign the party's responses to interrogatories.

(e) Responses or objections must be filed within 30 days after the service of the interrogatories.

(f) A response to an interrogatory is sufficient when—
(1) The responder lists the records from which such answers may be derived or ascertained; and
(2) The burden of ascertaining the information in a response to an interrogatory is substantially the same for all parties involved in the action; and
(3) The information may be obtained from an examination, audit, or inspection of records, or from a compilation, abstract, or summary based on such records.

(g) The party serving the interrogatory shall be afforded reasonable opportunity to examine, audit, or inspect the resource and to make copies, compilations, abstracts, or summaries. The specification must include sufficient detail to permit the interrogating party to locate and identify the individual records from which the answer may be ascertained.

§ 20.604 Requests for production of documents or things, for inspection or other purposes.

(a) Any party seeking production of documents or things for inspection or other purposes shall so move to the ALJ. The motion must state with particularity—
(1) The purpose and scope of the request; and
(2) The documents and materials sought.

(b) The ALJ shall review the motion and enter an order approving or denying it in whole or in part.

(c) A party shall serve on the party in possession, custody, or control of the documents the order to produce or to permit inspection and copying of documents.

(d) A party may, after approval of an appropriate motion by the ALJ, inspect and copy, test, or sample any tangible things that contain, or may lead to, relevant information, and that
are in the possession, custody, or control of the party upon whom the request is served.

(e) A party may, after approval of an appropriate motion by the ALJ, serve on another party a request to permit entry upon designated property in the possession or control of the other party for the purpose of inspecting, measuring, surveying, photographing, testing, or sampling the property or any designated object or area. A request to permit entry upon property must set forth with reasonable particularity the feature to be inspected and must specify a reasonable time, place, and manner for making the inspection and performing the related acts.

(f) The party upon whom the request is served shall respond within 30 days after the service of the request. Inspection and related activities will be permitted as requested, unless there are objections, in which case the reason for each objection must be stated.

§ 20.605 Depositions.

(a) The ALJ may order a deposition only upon a showing of good cause and upon a finding that—

(1) The information sought is not obtainable more readily by alternative methods; or

(2) There is a substantial reason to believe that relevant and probative evidence may otherwise not be preserved for presentation at the hearing.

(b) Testimony may be taken by deposition upon approval of the ALJ of a motion made by any party.

(i) The motion must state—

(1) The purpose and scope of the deposition;

(2) The time and place it is to be taken;

(3) The name and address of the person before whom the deposition is to be taken;

(4) The name and address of each witness from whom a deposition is to be taken;

(5) The documents and materials which the witness is to produce; and

(6) Whether it is intended that the deposition be used at a hearing instead of live testimony.

(2) The motion must state if the deposition is to be by oral examination, by written interrogatories, or a combination of the two. The deposition may be taken before any disinterested person authorized to administer oaths in the place where the deposition is to be taken.

(c) Upon a showing of good cause the ALJ may enter, and serve upon the parties, an order to obtain the testimony of the witness.

(d) If the deposition of a public or private corporation, partnership, association, or governmental agency is ordered, the organization named must designate one or more officers, directors, or agents to testify on its behalf, and may set forth, for each person designated, the matters on which he or she will testify. Subject to the provisions of 49 CFR part 9 with respect to Coast Guard witnesses, the designated persons shall testify as to matters reasonably known to them.

(e) Each witness deposed shall be placed under oath or affirmation, and the other parties shall have the right to cross-examine.

(f) The witness being deposed may have counsel or another representative present during the deposition.

(g) Except as provided in paragraph (n) of this section, depositions shall be stenographically recorded and transcribed at the expense of the party requesting the deposition. Unless waived by the deponent, the transcription must be read by or read to the deponent, subscribed by the deponent, and certified by the person before whom the deposition was taken.

(h) Subject to objections to the questions and responses that were noted at the taking of the deposition and that would have been sustained if the witness had been personally present and testifying at a hearing, a deposition may be offered into evidence by the party taking it against any party who was present or represented at the taking of the deposition or who had notice of the deposition.

(i) The party requesting the deposition shall make appropriate arrangements for necessary facilities and personnel.

(j) During the taking of a deposition, a party or the witness may request suspension of the deposition on the grounds of bad faith in the conduct of
§ 20.606 Protective orders.

(a) In considering a motion for an order of discovery—or a motion, by a party or other person from whom discovery is sought, to reconsider or amend an order of discovery—the ALJ may enter any order that justice requires, to protect a person from annoyance, embarrassment, oppression, or undue burden or expense. This order may—

1. Confine discovery to specific terms and conditions, such as a particular time and place;

2. Confine discovery to a method other than that selected by the party seeking it;

3. Preclude inquiry into certain matters;

4. Direct that discovery occur with no one present except persons designated by the ALJ;

5. Preclude the disclosure of a trade secret or other proprietary information, or allow its disclosure only in a designated way or only to designated persons; or

6. Require that the person from whom discovery is sought file specific documents or information under seal for opening at the direction of the ALJ.

(b) When a person from whom discovery is sought seeks a protective order, the ALJ may let him or her make all or part of the showing of good cause in camera.

The ALJ shall record any proceedings in camera. If he or she enters a protective order, he or she shall seal any proceedings so recorded. These shall be releasable only as required by law.

(c) Upon motion by a person from whom discovery is sought, the ALJ may—

1. Restrict or defer disclosure by a party either of the name of a witness or, if the witness comes from the Coast Guard, of any prior statement of the witness; and

2. Prescribe other appropriate measures to protect a witness.

(d) The ALJ will give any party an adequate opportunity to prepare for cross-examination or other presentation concerning witnesses and statement subject to protective orders.

§ 20.606 Protective orders.

(1) In considering a motion for an order of discovery—or a motion, by a party or other person from whom discovery is sought, to reconsider or amend an order of discovery—the ALJ may enter any order that justice requires, to protect a person from annoyance, embarrassment, oppression, or undue burden or expense. 4. Direct that discovery occur with no one present except persons designated by the ALJ;

5. Preclude the disclosure of a trade secret or other proprietary information, or allow its disclosure only in a designated way or only to designated persons; or

6. Require that the person from whom discovery is sought file specific documents or information under seal for opening at the direction of the ALJ.

(b) When a person from whom discovery is sought seeks a protective order, the ALJ may let him or her make all or part of the showing of good cause in camera. The ALJ shall record any proceedings in camera. If he or she enters a protective order, he or she shall seal any proceedings so recorded. These shall be releasable only as required by law.

(c) Upon motion by a person from whom discovery is sought, the ALJ may—

1. Restrict or defer disclosure by a party either of the name of a witness or, if the witness comes from the Coast Guard, of any prior statement of the witness; and

2. Prescribe other appropriate measures to protect a witness.

(d) The ALJ will give any party an adequate opportunity to prepare for cross-examination or other presentation concerning witnesses and statement subject to protective orders.
§ 20.607 Sanctions for failure to comply.
If a party fails to provide or permit discovery, the ALJ may take such action as is just. This may include the following:
(a) Infer that the testimony, document, or other evidence would have been adverse to the party.
(b) Order that, for the purposes of the proceeding, designated facts are established.
(c) Order that the party not introduce into evidence—or otherwise rely upon, in support of any claim or defense—the evidence that was withheld.
(d) Order that the party not introduce into evidence, or otherwise use in the hearing, information obtained in discovery.
(e) Allow the use of secondary evidence to show what the evidence withheld would have shown.

§ 20.608 Subpoenas.
(a) Any party may request the ALJ to issue a subpoena for the attendance of a person, the giving of testimony, or the production of books, papers, documents, or any other relevant evidence during discovery or for any hearing. Any party seeking a subpoena from the ALJ shall request its issuance by motion.
(b) An ALJ may, for good cause shown, apply to the United States District Court for the issuance of an order compelling the appearance and testimony of a witness or the production of evidence.
(c) A person serving a subpoena shall prepare a written statement setting forth either the date, time, and manner of service or the reason for failure of service. He or she shall swear to or affirm the statement, attach it to a copy of the subpoena, and return it to the ALJ who issued the subpoena.
(d) Coast Guard investigating officers have separate subpoena power in S&R proceedings under 46 CFR 5.301.

§ 20.609 Motions to quash or modify.
(a) A person to whom a subpoena is directed may, by motion with notice to the party requesting the subpoena, ask the ALJ to quash or modify the subpoena.
(b) Except when made at a hearing, the motion must be filed:
(1) 10 days or less after service of a subpoena compelling the appearance and testimony of a witness or the production of evidence or
(2) At or before the time specified in the subpoena for compliance, whichever is earlier.
(c) If the subpoena is served at a hearing, the person to whom it is directed may, in person at the hearing or in writing within a reasonable time fixed by the ALJ, ask the ALJ to quash or modify it.
(d) The ALJ may quash or modify the subpoena if it is unreasonable or requires evidence not relevant to any matter in issue.

Subpart G—Hearings

§ 20.701 Standard of proof.
The party that bears the burden of proof shall prove his or her case or affirmative defense by a preponderance of the evidence.

§ 20.702 Burden of proof.
(a) Except for an affirmative defense, or as provided by paragraph (b) of this section, the Coast Guard bears the burden of proof.
(b) Except as otherwise provided by statute or rule, the proponent of a motion, request, or order bears the burden of proof.

§ 20.703 Presumptions.
In each administrative hearing, a presumption—
(a) Imposes on the party against whom it lies the burden of going forward with evidence to rebut or meet the presumption; but
(b) Does not shift the burden of proof in the sense of the risk of non-persuasion.

§ 20.704 Scheduling and notice of hearings.
(a) With due regard for the convenience of the parties, and of their representatives or witnesses, the ALJ shall, as early as possible, fix the date, time, and place for the hearing and notify all parties and interested persons.
§ 20.705  Failure to appear.

The ALJ may enter a default under § 20.310 against a respondent threatening to fail, or having failed, to appear at a hearing unless—

(a) Before the time for the hearing, the respondent shows good cause why neither the respondent nor his or her representative can appear; or,

(b) 30 days or less after an order to show good cause, the respondent shows good cause for his or her failure to appear.

§ 20.706 Witnesses.

(a) Each witness shall testify under oath or affirmation.

(b) If a witness fails or refuses to answer any question the ALJ finds proper, the failure or refusal constitutes grounds for the ALJ to strike all or part of the testimony given by the witness or to take any other measure he or she deems appropriate.

§ 20.707 Telephonic testimony.

(a) The ALJ may order the taking of the testimony of a witness by telephonic conference call. A person presenting evidence may by motion ask for the taking of testimony by this means. The arrangement of the call must let each participant listen to and speak to each other within the hearing of the ALJ, who will ensure the full identification of each so the reporter can create a proper record.

(b) The ALJ may issue a subpoena directing a witness to testify by telephonic conference call. The subpoena in any such instance issues under the procedures in § 20.608.

§ 20.708 Witnesses’ fees.

(a) Each witness summoned in an administrative proceeding shall receive the same fees and mileage as a witness in a District Court of the United States.

(b) The party or interested person who calls a witness is responsible for all fees and mileage due under paragraph (a) of this section.

§ 20.709 Closing of the record.

(a) When the ALJ closes the hearing, he or she shall also close the record of the proceeding, as described in § 20.903, unless he or she directs otherwise. Even after the ALJ closes it, he or she may reopen it.

(b) The ALJ may correct the transcript of the hearing by appropriate order.

§ 20.710 Proposed findings, closing arguments, and briefs.

(a) Before the ALJ closes the hearing, he or she may hear oral argument so far as he or she deems appropriate.

(b) Before the ALJ decides the case, and upon terms he or she finds reasonable, any party may file a brief, proposed findings of fact and conclusions of law, or both. Any party may waive this right. If all parties waive it, then the ALJ may issue an oral order at the close of the hearing.

(c) Any oral argument, brief, or proposed findings of fact and conclusions of law form part of the record of the proceeding, as described in § 20.903.

Subpart H—Evidence

§ 20.801 General.

Any party may present his or her case or defense by oral, documentary, or demonstrative evidence; submit rebuttal evidence; and conduct any cross-examination that may be necessary for a full and true disclosure of the facts.

§ 20.802 Admissibility of evidence.

(a) The ALJ may admit any relevant oral, documentary, or demonstrative evidence, unless privileged. Relevant evidence is evidence tending to make the existence of any material fact more
probable or less probable than it would be without the evidence.

(b) The ALJ may exclude evidence if its probative value is substantially outweighed by the danger of prejudice, by confusion of the issues, or by reasonable concern for undue delay, waste of time, or needless presentation of cumulative evidence.

§ 20.803 Hearsay evidence.

Hearsay evidence is admissible in proceedings governed by this part. The ALJ may consider the fact that evidence is hearsay when determining its probative value.

§ 20.804 Objections and offers of proof.

(a) Any party objecting to the admission or exclusion of evidence shall concisely state the grounds. A ruling on every objection must appear in the record. No party may raise an objection to the admission or exclusion of evidence on appeal unless he or she raised it before the ALJ.

(b) Whenever evidence is objected to, the party offering it may make an offer of proof, which must appear in the record.

§ 20.805 Proprietary information.

(a) The ALJ may limit introduction of evidence or issue such protective or other orders as in his or her judgment are consistent with the object of preventing undue disclosure of proprietary matters, including, among others, ones of a commercial nature.

(b) When the ALJ determines that information in a document containing proprietary matters should be made available to another party, the ALJ may direct the party possessing the document to prepare a non-proprietary summary or extract of it. The summary or extract may be admitted as evidence in the record.

(c) If the ALJ determines that a non-proprietary summary or extract is inadequate and that proprietary matters must form part of the record to avert prejudice to a party, the ALJ may so advise the parties and arrange access to the evidence for a party or representative.

§ 20.806 Official notice.

The ALJ may take official notice of such matters as could courts, or of other facts within the specialized knowledge of the Coast Guard as an expert body. When all or part of a decision rests on the official notice of a material fact not appearing in the evidence in the record, the decision must state as much; and any party, upon timely request, shall receive an opportunity to rebut the fact.

§ 20.807 Exhibits and documents.

(a) Each exhibit must be numbered and marked for identification by the party offering it. The original of each exhibit so marked, whether or not offered or admitted into evidence, must be filed and retained in the record of the proceeding, unless the ALJ permits the substitution of a copy. The party introducing each exhibit so marked shall supply a copy of the exhibit to the ALJ and to every party to the proceeding.

(b) Unless the ALJ directs otherwise, each party who would offer an exhibit upon direct examination shall make it available to every other party for inspection 15 days or more before the hearing. The ALJ will deem admitted the authenticity of each exhibit submitted before the hearing unless a party either files written objection and serves it on all parties or shows good cause for failure to do both.

(c) In class II civil penalty proceedings under 33 U.S.C. 1321(b)(6), each exhibit introduced by an interested person must be marked, and filed and retained in the record of the proceeding, unless the ALJ permits the substitution of a copy. The interested person shall supply a copy of the exhibit to the ALJ and to every party to the proceeding. The requirements of paragraph (b) of this section apply to any interested person who would offer an exhibit upon direct examination.

§ 20.808 Written testimony.

The ALJ may enter into the record the written testimony of a witness. The witness shall be, or have been, available for oral cross-examination. The statement must be sworn to, or affirmed, under penalty of perjury.
§ 20.809 Stipulations.

Any party or interested person may stipulate, in writing, at any stage of the proceeding, or orally at the hearing, to any pertinent fact or other matter fairly susceptible of stipulation. A stipulation binds all parties to it.

Subpart I—Decisions

§ 20.901 Summary decisions.

(a) Any party may move for a summary decision in all or any part of the proceeding on the grounds that there is no genuine issue of material fact and that the party is entitled to a decision as a matter of law. The party must file the motion no later than 15 days before the date fixed for the hearing and may include supporting affidavits with the motion. Any other party, 10 days or less after service of a motion for summary decision, may serve opposing affidavits or countermove for summary decision. The ALJ may set the matter for argument and call for the submission of briefs.

(b) The ALJ may grant the motion if the filed affidavits, the filed documents, the material obtained by discovery or otherwise, or matters officially noted show that there is no genuine issue of material fact and that a party is entitled to a summary decision as a matter of law.

(c) Each affidavit must set forth such matters as would be admissible in evidence and must show affirmatively that the affiant is competent to testify to the matters stated in the affidavit. Once a party has moved for summary decision and supported his or her motion as provided in this section, no party opposing the motion may rest upon the mere allegations or denials of facts contained in his or her own pleadings. The response to the motion, by affidavit or as otherwise provided in this section, must provide a specific basis to show that there is a genuine issue of material fact for the hearing.

(d) If it appears from the affidavit of a party opposing the motion that this party cannot, for reasons stated, present by affidavit matters essential to justify his or her opposition, the ALJ may deny the motion for summary decision, may order a continuance to enable the obtaining of information, or may make such other order as is just.

(e) No denial of all or any part of a motion for summary decision is subject to interlocutory appeal.

§ 20.902 Decisions of the ALJ.

(a) After closing the record of the proceeding, the ALJ shall prepare a decision containing—

(1) A finding on each material issue of fact and conclusion of law, and the basis for each finding;

(2) The disposition of the case, including any appropriate order;

(3) The date upon which the decision will become effective;

(4) A statement of further right to appeal; and,

(5) If no hearing was held, a statement of the right of any interested person to petition the Commandant to set aside the decision.

(b) The decision of the ALJ must rest upon a consideration of the whole record of the proceedings.

(c) The ALJ may, upon motion of any party or in his or her own discretion, render the initial decision from the bench (orally) at the close of the hearing and prepare and serve a written order on the parties or their authorized representatives. In rendering his or her decision from the bench, the ALJ shall state the issues in the case and make clear, on the record, his or her findings of fact and conclusions of law.

(d) If the ALJ renders the initial decision orally, and if a party asks for a copy, the Hearing Docket Clerk shall furnish a copy excerpted from the transcript of the record. The date of the decision is the date of the oral rendering of the decision by the ALJ.

§ 20.903 Records of proceedings.

(a) The transcript of testimony at the hearing, all exhibits received into evidence, any items marked as exhibits and not received into evidence, all motions, all applications, all requests, and all rulings constitute the official record of a proceeding. This record also includes any motions or other matters regarding the disqualification of the ALJ.

(b) Any person may examine the record of a proceeding at the U. S.
§ 20.904 Reopening.

(a) To the extent permitted by law, the ALJ may, for good cause shown in accordance with paragraph (c) of this section, reopen the record of a proceeding to take added evidence.

(b) Any party may move to reopen the record of a proceeding 30 days or less after the closing of the record.

1. Each motion to reopen the record must clearly set forth the facts that the movant would try to prove and the grounds for reopening the record.

2. Any party who does not respond to any motion to reopen the record waives any objection to the motion.

(c) The ALJ may reopen the record of a proceeding if he or she believes that any change in fact or law, or that the public interest, warrants reopening it.

(d) The filing of a motion to reopen the record of a proceeding does not affect any period for appeals specified in subpart J of this part, except that the filing of such a motion tolls the running of whatever time remains in the period for appeals until either the ALJ acts on the motion or the party filing it withdraws it.

(e)(1) At any time, a party may file a petition to reopen with the Docketing Center for the ALJ to rescind any order suspending or revoking a merchant mariner’s license, certificate of registry, or document if—

A. The order rests on a conviction—

(i) For violation of a dangerous-drug law;

(ii) Of an offense that would prevent the issuance or renewal of the license, certificate, or document; or

(iii) Of an offense described in subparagraph 205(a)(3)(A) or (B) of the National Driver Register Act of 1992 (23 U.S.C. 401, note); and

(ii) The respondent submits a specific order of court to the effect that the conviction has been unconditionally set aside for all purposes.

(f) Three years or less after an S&R proceeding has resulted in revocation of a license, certificate, or document, the respondent may file a motion for reopening of the proceeding to modify the order of revocation with the ALJ Docketing Center.

1. Any motion to reopen the record must clearly state why the basis for the order of revocation is no longer valid and how the issuance of a new license, certificate, or document is compatible with the requirement of good discipline and safety at sea.

2. Any party who does not respond to any petition to reopen the record waives any objection to the motion.

Subpart J—Appeals

§ 20.1001 General.

(a) Any party may appeal the ALJ’s decision by filing a notice of appeal. The party shall file the notice with the U. S. Coast Guard Administrative Law Judge Docketing Center; Attention: Hearing Docket Clerk; Room 412; 40 S. Gay Street; Baltimore, MD 21201–4022. The party shall file the notice 30 days or less after issuance of the decision, and shall serve a copy of it on the other party and each interested person.

(b) No party may appeal except on the following issues:

(1) Whether each finding of fact is supported by substantial evidence.

(2) Whether each conclusion of law accords with applicable law, precedent, and public policy.

(3) Whether the ALJ abused his or her discretion.

(4) The ALJ’s denial of a motion for disqualification.

(c) No interested person may appeal a summary decision except on the issue that no hearing was held or that in the issuance of the decision the ALJ did not consider evidence that such person would have presented.

(d) The appeal must follow the procedural requirements of this subpart.
§ 20.1002 Records on appeal.

(a) The record of the proceeding constitutes the record for decision on appeal. 
(b) If the respondent requests a copy of the transcript of the hearing as part of the record of proceeding, then—
   (1) If the hearing was recorded at Federal expense, the Coast Guard will provide the transcript on payment of the fees prescribed in 49 CFR 7.45; but,
   (2) If the hearing was recorded by a Federal contractor, the contractor will provide the transcript on the terms prescribed in 49 CFR 7.45.

§ 20.1003 Procedures for appeal.

(a) Each party appealing the ALJ' s decision or ruling shall file an appellate brief with the Commandant at the following address: U.S. Coast Guard Administrative Law Judge Docketing Center; Attention: Hearing Docket Clerk; Room 412; 40 S. Gay Street; Baltimore, MD 21201-4022, and shall serve a copy of the brief on every other party.
   (1) The appellate brief must set forth the appellant's specific objections to the decision or ruling. The brief must set forth, in detail, the—
      (i) Basis for the appeal; 
      (ii) Reasons supporting the appeal; and 
      (iii) Relief requested in the appeal. 
   (2) When the appellant relies on material contained in the record, the appellate brief must specifically refer to the pertinent parts of the record.
   (3) The appellate brief must reach the Docketing Center 60 days or less after service of the ALJ 's decision. Unless filed within this time, or within another time period authorized in writing by the Docketing Center, the brief will be untimely.
   (b) Any party may file a reply brief with the Docketing Center 35 days or less after service of the appellate brief. Each such party shall serve a copy on every other party. If the party filing the reply brief relies on evidence contained in the record for the appeal, that brief must specifically refer to the pertinent parts of the record.
   (c) No party may file more than one appellate brief or reply brief, unless—
      (1) The party has petitioned the Commandant in writing; and 
      (2) The Commandant has granted leave to file an added brief, in which event the Commandant will allow a reasonable time for the party to file that brief.
   (d) The Commandant may accept an amicus curiae brief from any person in an appeal of an ALJ 's decision.

§ 20.1004 Decisions on appeal.

(a) The Commandant shall review the record on appeal to determine whether the ALJ committed error in the proceedings, and whether the Commandant should affirm, modify, or reverse the ALJ 's decision or should remand the case for further proceedings.
(b) The Commandant shall issue a decision on every appeal in writing and shall serve a copy of the decision on each party and interested person.

Subpart K—Finality, Petitions for Hearing, and Availability of Orders

§ 20.1101 Finality.

(a) Civil penalty proceedings.
   (1) Unless appealed pursuant to subpart J of this part, an ALJ 's decision becomes an order assessing or denying a class II civil penalty 30 days after the date of its issuance.
   (2) If the Commandant issues a decision under Subpart J of this part, the decision constitutes an order of the Commandant assessing or denying a class II civil penalty on the date of issuance of the Commandant's decisions.
(b) S&R Proceedings. (1) Unless appealed pursuant to subpart J of this part, an ALJ 's decision becomes final action of the Coast Guard 30 days after the date of its issuance.
   (2) If the Commandant issues a decision under Subpart J of this part, the decision constitutes final action of the Coast Guard on the date of its issuance.

§ 20.1102 Petitions to set aside decisions and provide hearings for civil penalty proceedings.

(a) If no hearing takes place on a complaint for a class II civil penalty, any interested person may file a petition, 30 days or less after the issuance of an order assessing or denying a civil penalty proceedings.
Coast Guard, DOT § 20.1205

penalty, asking the Commandant to set aside the order and to provide a hearing.

(b) If the Commandant decides that evidence presented by an interested person in support of a petition under paragraph (a) of this section is material and that the ALJ did not consider the evidence in the issuance of the decision, the Commandant shall set aside the decision and direct that a hearing take place in accordance with the requirements of this part.

(c) If the Commandant denies a hearing sought under this section, he or she shall provide to the interested person, and publish in the Federal Register, notice of and the reasons for the denial.

§ 20.1103 Availability of decisions.

(a)(1) Copies and indexes of decisions on appeal are available for inspection and copying at—
   (i) The document inspection facility at the office of any Coast Guard District, Activity, or Marine Safety Office;
   (ii) The public reading room at Coast Guard Headquarters; and
   (iii) The public reading room of the Coast Guard ALJ Docketing Center; Baltimore, Maryland.

   (2) Appellate decisions in S&R proceedings, and both appellate and ALJs' decisions on class II civil penalties, are available on the Department of Transportation Home Page at www.dot.gov or the Coast Guard Home Page at www.uscg.mil.

   (b) Any person wanting a copy of a decision may place a request with the Hearing Docket Clerk. The Clerk will bill the person on the terms prescribed in 49 CFR 7.43.

Subpart L—Expedited Hearings

§ 20.1201 Application.

(a) This subpart applies whenever the Coast Guard suspends a merchant mariner's license, certificate of registry, or document without a hearing under 46 U.S.C. 7702(d).

(b) The Coast Guard may, for 45 days or less, suspend and seize a license, certificate, or document if, when acting under the authority of the license, certificate, or document,—

   (1) A mariner performs a safety-sensitive function on a vessel; and
   (2) There is probable cause to believe that he or she—
      (i) Has performed the safety-sensitive function in violation of law or Federal regulation regarding use of alcohol or a dangerous drug;
      (ii) Has been convicted of an offense that would prevent the issuance or renewal of the license, certificate, or document; or,
      (iii) Three years or less before the start of an S&R proceeding, has been convicted of an offense described in subparagraph 205(a)(3)(A) or (B) of the National Driver Register Act of 1982 (23 U.S.C. 401, note).

§ 20.1202 Filing of pleadings.

(a) Complaint. If the Coast Guard has temporarily suspended a merchant mariner's license, certificate of registry, or document, it shall immediately file a complaint under §20.307. The complaint must contain both a copy of a notice of temporary suspension and an affidavit stating the authority and reason for temporary suspension.

(b) Answer. In a case under this subpart—
   (1) §20.308 does not govern answers, and
   (2) The respondent shall therefore enter his or her answer at the pre-hearing conference.

§ 20.1203 Commencement of expedited hearings.

Upon receipt of a complaint with a copy of the notice of temporary suspension and the affidavit supporting the complaint, the Chief ALJ will immediately assign an ALJ and designate the case for expedited hearing.

§ 20.1205 Motion for return of temporarily suspended license, certificate of registry, or document.

(a) Procedure. At any time during the expedited hearing, the respondent may move that his or her license, certificate of registry, or document be returned on the grounds that the agency lacked probable cause for temporary suspension. The motion must be in writing and explain why the agency lacked probable cause.
§ 20.1206 Discontinuance of expedited hearings.

(a) Procedure. At any time during the expedited hearing, the respondent may move that the hearing discontinue and that the matter continue under standard procedure. A motion to discontinue must be in writing and explain why the case is inappropriate for expedited hearing.

(b) Ruling. If the ALJ grants the motion to discontinue, the ALJ may issue such orders as are necessary for the matter to continue in an orderly way under standard procedure.

§ 20.1207 Pre-hearing conferences.

(a) When held. As early as practicable, the ALJ shall order and conduct a pre-hearing conference. He or she may order the holding of the conference in person, or by telephonic or electronic means.

(b) Answer. The respondent shall enter his or her answer at the pre-hearing conference. If the answer is an admission, the ALJ shall either issue an appropriate order or schedule a hearing on the order.

(c) Content. (1) At the pre-hearing conference, the parties shall:

(i) Identify and simplify the issues in dispute and prepare an agreed statement of issues, facts, and defenses.

(ii) Establish a simplified procedure appropriate to the matter.

(iii) Fix a time and place for the hearing 30 days or less after the temporary suspension.

(iv) Discuss witnesses and exhibits.

(2) The ALJ shall issue an order directing the exchange of witness lists and documents.

(d) Order. Before the close of the pre-hearing conference, the ALJ shall issue an order setting forth any agreements reached by the parties. The order must specify the issues for the parties to address at the hearing.

(e) Procedures not to cause delay. Neither any filing of pleadings or motions, nor any conduct of discovery, may interfere with—

(1) The holding of the hearing 30 days or less after the temporary suspension or

(2) The closing of the record early enough for the issuance of an initial decision 45 days or less after the temporary suspension.

§ 20.1208 Expedited hearings.

(a) Procedures. As soon as practicable after the close of the pre-hearing conference, the ALJ shall hold a hearing, under subpart G of this part, on any issue that remains in dispute.

(b) Oral and written argument. (1) Each party may present oral argument at the close of the hearing or present—

(i) Proposed findings of fact and conclusions of law; and

(ii) Post-hearing briefs, under §20.710.

(2) The ALJ shall issue a schedule, such as will enable him or her to consider the findings and briefs without delaying the issuance of the decision.

(c) ALJ’s decision. The ALJ may issue his or her decision as an oral decision from the bench. Alternatively, he or she may issue a written decision. He or she shall issue the decision 45 days or less after the temporary suspension.

§ 20.1209 Appeals of ALJs’ decisions.

Any party may appeal the ALJ’s decision as provided in subpart J.

Subpart M—Supplementary Evidentiary Rules for Suspension and Revocation Hearings

§ 20.1301 Purpose.

This subpart contains evidentiary rules that apply only in certain circumstances in S&R proceedings. They supplement, not supplant, the evidentiary rules in subpart H.

§ 20.1303 Authentication and certification of extracts from shipping articles, logbooks, and the like.

(a) The investigating officer, the Coast Guard representative, any other commissioned officer of the Coast
§ 20.1305 Admissibility and weight of entries from logbooks.

(a) Any entry in any official logbook of a vessel concerning an offense enumerated in 46 U.S.C. 11501, made in substantial compliance with the procedural requirements of 46 U.S.C. 11502, is admissible in evidence and constitutes prima facie evidence of the facts cited.

(b) Any entry in any such logbook made in substantial compliance with the procedural requirements of 46 U.S.C. 11502 may receive added weight from the ALJ.

§ 20.1307 Use of judgments of conviction.

(a) A judgment of conviction by a Federal court is conclusive in any S&R proceeding under this part concerning any act or offense described in 46 U.S.C. 7703 or 7704 when the act or offense is the same as in the Federal conviction.

(b) Except as provided in paragraph (c) of this section, no judgment of conviction by a State court is conclusive in any S&R proceeding under this part concerning any act or offense described in 46 U.S.C. 7703 or 7704, even when an act or offense forming the basis of the charge in the proceeding is the same as in the State conviction. But the judgment is admissible in evidence and constitutes substantial evidence adverse to the respondent.

(c) A judgment of conviction by a Federal or State court for a violation is conclusive in the proceeding if an S&R proceeding alleges conviction for—

(1) A violation of a dangerous-drug law;

(2) An offense that would prevent the issuance or renewal of a merchant mariner's license, certificate of registry, or document; or

(3) An offense described in subparagraph 205(a)(3)(A) or (B) of the National Driver Register Act of 1982 (23 U.S.C.S. 401, note).

(d) If the respondent participates in the scheme of a State for the expungement of convictions, and if he or she pleads guilty or no contest or, by order of the trial court, has to attend classes, contribute time or money, receive treatment, submit to any manner of probation or supervision, or forgo appeal of the finding of the trial court, the Coast Guard regards him or her, for the purposes of 46 U.S.C. 7703 or 7704, as having received a conviction. The Coast Guard does not consider the conviction expunged without proof that the expungement is due to the conviction's having been in error.

(e) No respondent may challenge the jurisdiction of a Federal or State court in any proceeding under 46 U.S.C. 7703 or 7704.

§ 20.1309 Admissibility of respondents' criminal records and records with the Coast Guard before entry of findings and conclusions.

(a) The prior disciplinary record of the respondent is admissible when offered by him or her.

(b) The prior disciplinary record of the respondent is admissible when offered by the Coast Guard representative to impeach the credibility of evidence offered by the respondent.

(c) The use of a judgment of conviction is permissible on the terms prescribed by §20.1307.

§ 20.1311 Admissions by respondent.

No person may testify regarding admissions made by the respondent during an investigation under 46 CFR part 4, except to impeach the credibility of evidence offered by the respondent.

§ 20.1313 Medical examination of respondents.

In any proceeding in which the physical or mental condition of the respondent is relevant, the ALJ may order him or her to undergo a medical examination. Any examination ordered
by the ALJ is conducted, at Federal expense, by a physician designated by the ALJ. If the respondent fails or refuses to undergo any such examination, the failure or refusal receives due weight and may be sufficient for the ALJ to infer that the results would have been adverse to the respondent.

§ 20.1315 Submission of prior records and evidence in aggravation or mitigation.
(a) The prior disciplinary record of the respondent comprises the following items less than 10 years old:
(1) Any written warning issued by the Coast Guard and not contested by the respondent.
(2) Final agency action by the Coast Guard on any S&R proceeding in which a sanction or consent order was entered.
(3) Any agreement for voluntary surrender entered into by the respondent.
(4) Any final judgment of conviction in Federal or State courts.
(5) Final agency action by the Coast Guard resulting in the imposition against the respondent of any civil penalty or warning in a proceeding administered by the Coast Guard under this title.
(6) Any official commendatory information concerning the respondent of which the Coast Guard representative is aware. The Coast Guard representative may offer evidence and argument in aggravation of any charge proved. The respondent may offer evidence of, and argument on, prior maritime service, including both the record introduced by the Coast Guard representative and any commendatory evidence.
(b) The respondent may offer evidence and argument in mitigation of any charge proved.
(c) The Coast Guard representative may offer evidence and argument in rebuttal of any evidence and argument offered by the respondent in mitigation.

PART 23—DISTINCTIVE MARKINGS FOR COAST GUARD VESSELS AND AIRCRAFT

§ 23.01 Basis and purpose.
(a) This subpart establishes instructions for the display of distinctive markings of Coast Guard vessels and aircraft, including Coast Guard ensign and commission pennant and Coast Guard emblem.
(b) Coast Guard vessels and aircraft are distinguished from other vessels and aircraft by an ensign; a personal flag, command pennant, or commissioned pennant, if so authorized; or other identifying insignia or marking.

§ 23.05 Where and when displayed.
(a) The Coast Guard Ensign is a mark of authority and is required to be displayed whenever a Coast Guard vessel takes active measures in connection with boarding, examining, seizing, stopping or heaving to of a vessel for the purposes of enforcing the laws of the United States. The distinctive markings of Coast Guard aircraft serve the same purpose.
(b) The Coast Guard Commission pennant indicates a Coast Guard cutter under the command of a commissioned officer or commissioned warrant officer.
(c) When applicable, these distinctive marks shall be displayed, the Coast Guard Ensign at the masthead of the foremast, and the commission pennant at the after masthead. On ships having but one mast the Coast Guard Ensign and commission pennant shall be at the masthead on the same halyard. In mastless ships they shall be displayed from the most conspicuous hoist.

§ 23.10 Coast Guard emblem.
(a) The distinctive emblem of the Coast Guard shall be as follows:
On a disc the shield of the Coat of Arms of the United States circumscribed by an annulet edged and inscribed “UNITED STATES COAST GUARD 1790” all in front of two crossed anchors.

(b) The emblem in full color is described as follows:

White anchors and white ring all outlined in medium blue (Coast Guard blue), letters and numerals medium blue (Coast Guard blue), white area within ring, shield with medium blue (Coast Guard blue) chief and 13 alternating white and red (Coast Guard red) stripes (7 white and 6 red) with narrow medium blue (Coast Guard blue) outline.

(c) The Coast Guard emblem is intended primarily for use as identification on Coast Guard ensigns, flags, pennants, vessels, aircraft, vehicles, and shore units. It may also be reproduced for use on such items as stationery, clothing, jewelry, etc.

(d) Any person who desires to reproduce the Coast Guard emblem for non-Coast Guard use must first obtain approval from the Commandant, U.S. Coast Guard, Washington, D.C. 20593.

§ 23.12 Coast Guard identifying insignia.

(a) The distinctive identification insignia of the Coast Guard consists of a broad diagonal red stripe followed to the right or left by two narrow stripes, first a white stripe and then a blue stripe. The Coast Guard emblem, as described in §23.10(b), is centered within the confines of the broad red diagonal stripe.

(b) The Coast Guard identifying insignia is intended primarily for the identification of Coast Guard vessels, aircraft, vehicles, and shore units. It may also be reproduced for use on Coast Guard publications, stationery, jewelry, and similar items.

(c) Any person who desires to reproduce the Coast Guard identifying insignia for non-Coast Guard use must first obtain approval from the Commandant, U.S. Coast Guard, Washington, D.C. 20593.

§ 23.15 Coast Guard ensign.

The Coast Guard ensign has sixteen perpendicular stripes alternate red and white, beginning with the red at the hoist. In the upper quarter, next to the hoist, is the union, being the Coat of Arms of the United States, in dark blue on a white field, half of the length of the flag, and extending down the hoist halfway. The distinctive emblem of the Coast Guard in blue and white is placed with its center on a line with the lower edge of the union and over the center of the seventh vertical red stripe from the hoist of the flag, the emblem covering a horizontal space of three stripes.

§ 23.20 Coast Guard commission pennant.

The Coast Guard commission pennant shall have the union part composed of thirteen blue stars in a horizontal line on a white field, one-fourth the length of the pennant; the remaining three-fourths shall consist of sixteen vertical stripes of equal width, alternate red and white, beginning with the red, and a tail piece of red about one-fifth the entire length of the pennant, ending in a swallow tail.

§ 23.30 Penalty.

Section 638(b) of Title 14 U.S.C. (63 Stat. 546) reads as follows:

No vessel or aircraft without authority shall carry, hoist or display any ensign, pennant or other identifying insignia prescribed for, or intended to resemble, any ensign, pennant or other identifying insignia prescribed for Coast Guard vessels or aircraft. Each person violating this provision shall be fined not more than $5,000, or imprisoned for not more than two years, or both.
PART 25—CLAIMS

Subpart A—General

§ 25.101 Purpose.
This subpart prescribes the requirements for the administrative settlement of claims, other than contract claims, against the United States, including claims arising from acts or omissions of employees of non-appropriated fund activities within the United States, its territories, and possessions.

§ 25.103 Information and assistance.
Any person who desires to file a claim against the United States Coast Guard arising out of the activities of the Coast Guard may obtain information and assistance from the Coast Guard Maintenance and Logistics Command Atlantic, located at 300 East Main Street, Suite 965, Norfolk, VA 23510-9113 or from the Coast Guard Maintenance and Logistics Command Pacific, located at Coast Guard Island, Alameda, California, 94501, or from Commandant (G-LCL), U.S. Coast Guard, Washington, DC 20593, or from the Commander of any Coast Guard District listed in 33 CFR Part 3.

§ 25.107 Who may present claims.

(a) General rules:

(1) A claim for property loss or damage may be presented by anyone having an interest in the property, including an insurer or other subrogee, unless the interest is barred under §25.109(a).

(2) A claim for personal injury may be presented by the person injured.

(3) A claim based on death may be presented by the executor or administrator of the decedent's estate, or any other person legally entitled to assert such a claim under local law. The claimant's status must be stated in the claim.

(4) A claim for medical, hospital, or burial expenses may be presented by any person who by reason of family relationship has, in fact, incurred the expenses.

(b) A joint claim must be presented in the names of and signed by, the joint claimants, and the settlement must be made payable to the joint claimants.

(c) A claim may be presented by a duly authorized agent, legal representative or survivor, if it is presented in the name of the claimant. If the claim is not signed by the claimant, the agent, legal representative, or survivor shall indicate their title or legal capacity and provide evidence of their authority to present the claim.

(d) Where the same claimant has a claim for damage to or loss of property and a claim for personal injury or a claim based on death arising out of the same incident, they must be combined in one claim.

§ 25.109 Insurance and other subrogated claims.

(a) The claims of an insured (subrogor) and an insurer (subrogee) for damages arising out of the same incident constitute a single claim. The total award of combined claims may not exceed the monetary jurisdiction of the settlement authority. If the total award of the combined claims exceeds, or is expected to exceed, a settlement authority's limits, the settlement authority is not permitted to consider either, and the claim file will be forwarded to an appropriate settlement authority.

(b) An insured (subrogor) and an insurer (subrogee) may file a claim jointly or separately. If the insurer has fully reimbursed the insured, payment will only be made to the insurer. If separate claims are filed, the settlement will be made payable to each claimant to the extent of that claimant's undisputed interest. If joint claims are filed, the settlement will be sent to the insurer.

(c) Each claimant shall include with a claim, a written disclosure concerning insurance coverage including:

(1) The names and addresses of all insurers;

(2) The kind and amount of insurance;

(3) The policy number;

(4) Whether a claim has been or will be presented to an insurer, and, if so, the amount of that claim; and whether the insurer has paid the claim in whole or in part, or has indicated payment will be made.

(d) Each subrogee shall substantiate an interest or right to file a claim by appropriate documentary evidence and shall support the claim as to liability and measure of damages in the same manner as required of any other claimant. Documentary evidence of payment to a subrogor does not constitute evidence of liability of the United States or conclusive evidence of the amount of damages. The settlement authority makes an independent determination on the issues of fact and law based upon the evidence of record.

(e) An insurance or other subrogated claim is not payable under Subpart E, F, or G of this part.
§ 25.111 Action by claimant.

(a) Form of claim. The claim must meet the requirements of §25.113. Authorized forms are available from the offices indicated in §25.103.

(b) Presentation. Whenever possible the claim must be presented to the geographically appropriate Coast Guard Maintenance and Logistics Command. The Coast Guard Maintenance and Logistics Command Atlantic is located at 300 East Main Street, Suite 965, Norfolk, VA 23510-9113; Coast Guard Maintenance and Logistics Command Pacific is located at Coast Guard Island, Alameda, California, 94501. If that is not possible, the claim may also be presented to:

(1) The commanding officer of the Coast Guard unit involved;
(2) A Coast Guard unit convenient to the claimant; or
(3) Chief, Claims and Litigation Division, Office of Chief Counsel, United States Coast Guard, Washington, DC, 20593.

In a foreign country, where there is no Coast Guard unit, the claim is considered presented to the Coast Guard if it is presented to the military attaché of any United States embassy or consulate or to the commanding officer of any unit of the armed services of the United States.

(c) Time. The time limits for presenting claims are contained in the following subparts addressing particular claim statutes.

§ 25.113 Contents of claim.

(a) A claim under the Federal Tort Claims Act must be presented using Standard Form 95, Claim for Damage, Injury, or Death.

(b) A claim under any other Act may be presented using Standard Form 95. Any claim which is not presented using Standard Form 95 shall include:

(1) The identity of the department, agency, or activity whose act or omission gave rise to the claim;
(2) The full name and mailing address of the claimant. If this mailing address is not claimant’s residence, the claimant shall also include residence address;
(3) The date, time, and place of the incident giving rise to the claim;
(4) The amount claimed, supported by independent evidence of property damage or loss, personal injury, or death, as applicable;
(5) A detailed description of the incident giving rise to the claim;
(6) A description of any property damage or loss, including the identity of the owner, if other than the claimant, as applicable;
(7) The nature and extent of the injury, as applicable;
(8) The full name, title, if any, and address of any witness to the incident and a brief statement of the witness’ knowledge of the incident;
(9) A description of any insurance carried by the claimant or owner of the property and the status of any insurance claim arising from the incident; and
(10) An agreement by the claimant to accept the total amount claimed in full satisfaction and final settlement of the claim.

(c) A claimant or duly authorized agent or legal representative must sign in ink a claim and any amendment to that claim. If the person’s signature does not include the first name, middle initial, if any, and surname, that information must be included in the claim. A married woman must sign her claim in her given name, e.g., “Mary A. Doe,” rather than “Mrs. John Doe.”

§ 25.115 Evidence supporting a claim.

The claimant shall present independent evidence to support a claim. This evidence may include, if available, statements of witnesses, accident or casualty reports, photographs and drawings.

§ 25.117 Proof of amount claimed for personal injury or death.

The following evidence must be presented when appropriate:

(a) Itemized medical, hospital, and burial bills.

(b) A written report by the attending physician including:

(1) The nature and extent of the injury and the treatment,
(2) The necessity and reasonableness of the various medical expenses incurred,
(3) Duration of time injuries prevented or limited employment,
(4) Past, present, and future limitations on employment,
(5) Duration and extent of pain and suffering and of any disability or physical disfigurement,
(6) A current prognosis,
(7) Any anticipated medical expenses, and
(8) Any past medical history of the claimant relevant to the particular injury alleged.

NOTE: An examination by an independent medical facility or physician may be required to provide independent medical evidence against which to evaluate the written report of the claimant's physician. The settlement authority determines the need for this examination, makes mutually convenient arrangements for such an examination, and bears the costs thereof.

(c) All hospital records or other medical documents from either this injury or any relevant past injury.

(d) If the claimant is employed, a written statement by the claimant's employer certifying the claimant's:
(1) Age,
(2) Occupation,
(3) Hours of employment,
(4) Hourly rate of pay or weekly salary,
(5) Time lost from work as a result of the incident, and
(6) Claimant's actual period of employment, full-time or part-time, and any effect of the injury upon such employment to support claims for lost earnings.

(e) If the claimant is self-employed, written statements, or other evidence showing:
(1) The amount of earnings actually lost, and
(2) The Federal tax return if filed for the three previous years.

(f) If the claim arises out of injuries to a person providing services to the claimant, statement of the cost necessarily incurred to replace the services to which claimant is entitled under law.

§ 25.119 Proof of amount claimed for loss of, or damage to, property.

The following evidence must be presented when appropriate:

(a) For each particular lost item, evidence of its value such as a bill of sale and a written appraisal, or two written appraisals, from separate disinterested dealers or brokers, market quotations, commercial catalogs, or other evidence of the price at which like property can be obtained in the community. The settlement authority may waive these requirements when circumstances warrant. The cost of any appraisal may be included as an element of damage if not deductible from any bill submitted to claimant.

(b) For each particular damaged item which can be economically repaired, evidence of cost of repairs such as a receipted bill and one estimate, or two estimates, from separate disinterested repairmen. The settlement authority may waive these requirements when circumstances warrant. The cost of any estimate may be included as an element of damage if not deductible from any repair bill submitted to claimant.

(c) For any claim which may result in payment in excess of $20,000.00, a survey or appraisal shall be performed as soon as practicable after the damage accrues, and, unless waived in writing, shall be performed jointly with a government representative.

(d) If the item is so severely damaged that it cannot be economically repaired or used, it shall be treated as a lost item.

(e) If a claim includes loss of earnings or use during repairs to the damaged property, the following must also be furnished and supported by competent evidence:
(1) The date the property was damaged;
(2) The name and location of the repair facility;
(3) The beginning and ending dates of repairs and an explanation of any delay between the date of damage and the beginning date;
(4) A complete description of all repairs performed, segregating any work performed for the owner's account and not attributable to the incident involved, and the costs thereof;
§ 25.121 Effect of other payments to claimant.

The total amount to which the claimant may be entitled is normally computed as follows:
(a) The total amount of the loss, damage, or personal injury suffered for which the United States is liable, less any payment the claimant has received from the following sources:
(1) The military member or civilian employee who caused the incident;
(2) The military member’s or civilian employee’s insurer; and
(3) Any joint tort-feasor or insurer.
(b) No deduction is generally made for any payment the claimant has received by way of voluntary contributions, such as donations of charitable organizations.

§ 25.123 Settlement and notice to claimant.

(a) If the settlement authority determines that the full amount claimed should be paid, the settlement authority forwards the claim to the disbursing officer for payment. If the time involved in settling the claim has been extensive, the settlement authority notifies the claimant.
(b) If the settlement authority determines that less than the full amount claimed should be paid, the settlement authority:
(1) Notifies the claimant in writing of the proposed settlement.
(2) Obtains from the claimant written acceptance and release for payment of the claim in the reduced amount.
(3) Advises the claimant, in the event claimant does not desire to accept the offer, to reply within 45 days giving reasons for rejection.
(4) Except upon a showing of good cause for delay in accepting a proposed settlement within 45 days, treats the non-acceptance as a rejection. Rejection by a claimant of an offer of settlement renders the offer void.
(5) If a claimant rejects a proposed settlement or fails to reply within 45 days, the settlement authority may make further efforts to settle the claim. When the settlement authority determines that further efforts to settle the claim are not warranted, the settlement authority notifies the claimant in writing by registered or certified mail, return receipt requested, that the claim has been denied because the amount claimed is excessive.
(c) If the claim is denied, the settlement authority notifies the claimant in writing by registered or certified mail, return receipt requested.

§ 25.125 Appeal.

The final denial of a claim by a settlement authority or a partial approval
§ 25.127 Reconsideration.

(a) The settlement authority may reconsider a claim upon the authority’s own initiative or upon request of the claimant or someone acting on the claimant’s behalf.

(b) A request for reconsideration must be in writing and include the legal or factual grounds for the relief requested.

(c) Following any investigation or other action deemed necessary for reconsideration of the original action, the settlement authority considers the claim and if warranted attempts to settle it. When further settlement efforts appear unwarranted, the settlement authority notifies the claimant in writing by certified or registered mail, return receipt requested, that the relief requested is denied.

(d) For the effect of reconsideration under the Federal Tort Claims Act see 28 CFR Part 14.

§ 25.129 Acceptance of offer of settlement.

Claimant’s acceptance of an offer of settlement is a complete release of any claim against the United States and against the military or civilian personnel of the Coast Guard whose act or omission gave rise to the claim.

§ 25.131 Delegation of authority.

(a) The Chief Counsel is delegated the following authority:

(1) To carry out the functions of the Secretary and to exercise the Commandant’s authority as commanding officer for all Coast Guard personnel in regard to claims brought under Article 138, Uniform Code of Military Justice (10 U.S.C. 939);

(2) To carry out the functions of an officer designated by the Secretary under the so-called “Foreign Claims Act”, as amended (10 U.S.C. 2734);

(3) To request that the Department of Defense pay any meritorious claims arising under International Agreements in accordance with Title 10 U.S.C. 2734a and 2734b;

(4) To carry out the functions of the Secretary under the Act of October 9, 1962, as amended (10 U.S.C. 2737);

(5) To carry out the functions of the Secretary under the Act of August 16, 1937, as amended (14 U.S.C. 642);

(6) To carry out the functions of the Secretary under the Act of June 15, 1936, as amended (14 U.S.C. 646);

(7) To carry out the functions of the Secretary under the Act of August 4, 1949, as amended (14 U.S.C. 647);

(8) To carry out the functions of the Secretary under the Act of February 19, 1941, as amended (14 U.S.C. 830);

(9) To carry out the functions of the head of a Federal agency’s designee under the Federal Tort Claims Act, as amended (28 U.S.C. 2672);

(10) To carry out the functions of the head of an agency under the Military Personnel and Civilian Employees’ Claims Act, as amended (31 U.S.C. 3721);

(11) To carry out the functions of the head of an agency under the Federal Claims Collection Act of 1966, as amended (31 U.S.C. 3711);

(12) To carry out the functions of the head of the department under the Federal Medical Care Recovery Act (42 U.S.C. 2651–2653);

(13) To review and approve for payment any voucher for payment of a claim for $25 or less the authority for payment of which is questioned by a certifying or disbursing officer;

(14) To establish procedures consistent with the applicable statutes and regulations for the administration of all claims.

NOTE: Under the Military Claims Act (10 U.S.C. 2733), the Secretary has authorized the Chief Counsel to settle and pay claims, see 49 CFR 1.46(j).

(b) The Comptroller is delegated the authority to carry out the functions of the head of an agency under the Federal Claims Collection Act of 1966, as amended (31 U.S.C. 3711).

§ 25.133 Redelegation of authority.

The authority delegated in §25.131 and in 49 CFR 1.46(j) to the Chief Counsel may, unless otherwise limited, be
§ 25.135 Processing and settlement of claims in foreign countries.

(a) In certain countries, the Department of Defense has assigned single-service responsibility for the settlement of claims arising under the Foreign Claims Act, Military Claims Act, NonScope of Employment Claims Act, Federal Medical Care Recovery Act, and Federal Claims Collection Act.

(b) In a country where single-service claims responsibility has been assigned, claims against the United States cognizable under the acts referenced in paragraph (a) of this section are processed and settled by the service assigned responsibility.

(c) A list of countries assigned to a single-service is available from the military attache at any United States embassy or consulate.

(d) In a country not assigned to a single-service, the rules for presenting claims may be found in § 25.111, and the claim will be settled by the Coast Guard.

Subpart B—Admiralty Claims

§ 25.201 Scope.

This subpart prescribes the requirements for the administrative settlement of maritime tort claims against the United States for death, personal injury, damage to or loss of property caused by a vessel or other property in the service of the Coast Guard, or a maritime tort committed by an agent of the Coast Guard, and for claims for towage and salvage services rendered to a Coast Guard vessel or property.

§ 25.203 Claims payable.

A claim is payable under this subpart if it is:

(a) A claim for death, personal injury, damage to or loss of real or personal property arising from a maritime tort caused by an agent or employee of the Coast Guard, or a vessel or other property in the service of the Coast Guard, including an auxiliary facility operated under specific orders and acting within the scope of such orders; or

(b) A claim for compensation for towage and salvage services rendered to a vessel in the service of the Coast Guard or to other property under the jurisdiction of the Coast Guard.

§ 25.205 Claims not payable.

A claim is not payable under this subpart if it:

(a) Results from action by an enemy, or directly or indirectly from an act of the armed services of the United States in combat;

(b) Is purely contractual in nature;

(c) Is for death or personal injury of a United States employee for whom benefits are provided under the Federal Employees’ Compensation Act, or any other system of compensation where contribution is made or insurance premiums paid directly or indirectly by the United States on behalf of the injured employee;

(d) Is one for which a foreign country is responsible under Article VIII of the Agreement Regarding the Status of Forces of Parties to the North Atlantic Treaty, or other similar treaty agreement;

(e) Arises from private or domestic obligations as distinguished from governmental transactions; or

(f) Is for damage to or loss of personal property of military personnel or civilian employees which is cognizable under the Military Personnel and Civilian Employees’ Claims Act, as amended.

§ 25.207 Time limitation on claims.

(a) A settlement authority may administratively settle and approve a claim for final payment within two years from the date that the cause of action accrues. Otherwise, the claim is barred. This two-year period is not extended by presenting a claim or by negotiations or correspondence. The existence of an administrative claim does not extend the two year statute of limitations in 46 U.S.C. 745.

(b) If a complaint is filed in a Federal District Court before the expiration of the two-year period, an administrative
settlement may be negotiated by the settlement authority only with the consent of the Department of Justice. Payment is made upon final dismissal of the complaint.

**Subpart C—Federal Tort Claims**

§ 25.301 Scope.

This subpart prescribes the requirements for the administrative settlement of claims against the United States arising out of Coast Guard activities under the Federal Tort Claims Act.

§ 25.303 Procedure.

A claim shall be presented and processed in accordance with 28 CFR Part 14. Should there be a conflict between the provisions of 33 CFR Part 25, Subpart A and the Department of Justice regulations in 28 CFR Part 14, the Department of Justice regulations govern.

**Subpart D—Military Claims**

**Authority:** 10 U.S.C. 2733; 49 CFR 1.46(j).

§ 25.401 Scope.

This subpart prescribes the requirements for the administrative settlement of claims against the United States arising out of the activities of the Coast Guard under the Military Claims Act.

§ 25.403 Claims payable.

A claim arising at any place caused by military personnel or civilian employees of the Coast Guard acting within the scope of their employment, or otherwise incident to noncombat activities of the Coast Guard, whether or not negligence or intentional tort is shown, is payable under this subpart for:

(a) Damage to or loss of real property, including damage or loss incident to the use and occupancy of real property by the Coast Guard;
(b) Damage to or loss of personal property, including property bailed to the Coast Guard;
(c) Damage to or loss of registered or insured mail while the mail is in the possession of the Coast Guard even though damaged or lost by criminal act; or
(d) Death or personal injury.

§ 25.405 Claims not payable.

A claim is not payable under this subpart if it:

(a) Results from action by an enemy or directly or indirectly from an act of the armed services of the United States in combat;
(b) Is purely contractual in nature;
(c) Results wholly or partly from the negligent or wrongful act of the claimant, claimant’s agent, or claimant’s employee, unless comparative negligence is applicable under local law;
(d) Is for death or personal injury of a United States employee for whom benefits are provided under the Federal Employees’ Compensation Act, Longshoremen’s and Harbor Workers’ Compensation Act, or any other system of compensation where contribution is made or insurance premiums paid directly or indirectly by the United States on behalf of the injured employee;
(e) Is cognizable under Subpart C or E of this part;
(f) Is for reimbursement for medical, hospital, or burial services furnished at the expense of the United States;
(g) Is one of the following exceptions to the Federal Tort Claims Act, 28 U.S.C. 2680 (a), (b), (e), (f), (h), or (j). (However, a claim falling within the exception contained in 28 U.S.C. 2680 (b) is payable when not prohibited by paragraph (l) of this section.);
(h) Results from a specific risk which the claimant assumed in writing before the incident giving rise to the claim;
(i) Is for damage to or loss of a letter or postal matter while in the possession of the Postal Service;
(j) Is for rent, or other payments involving the acquisition, use, possession, or disposition of real property or interests therein by and for the Coast Guard except as provided in §25.403(a);
(k) Is for the taking of private property by trespass except for actual physical damage; or
(l) Is for personal injury or death of a member or civilian employee of the
§ 25.407 Time limitation on claims.

(a) A claim may be settled only if presented in writing within two years after it accrues, except that if it accrues in time of war or armed conflict, or if war or armed conflict intervenes within two years after it accrues, and if good cause is shown, the claim may be presented not more than two years after the termination of the war or armed conflict.

(b) For the purposes of this section, a war or armed conflict is one in which an armed service of the United States is engaged. The dates of commencement and termination of an armed conflict will be as established by concurrent resolution of Congress or by determination of the President.

§ 25.409 Appeal.

(a) A claimant may submit an appeal, in writing, through the settlement authority disapproving the claim or approving the claim in part.

(1) The appeal shall set forth fully the legal or factual bases asserted as grounds for the appeal, and

(2) The appeal is permitted only if it is postmarked within 45 days after receipt of (i) notice of disapproval of the claim or (ii) offer of settlement in a reduced amount.

(b) The disapproval of a claim is final unless the claimant submits a request for reconsideration or an appeal in writing.

(c) Upon receipt of an appeal, the settlement authority examines it and forwards it with the claim file, opinions, and recommendations to the next higher settlement authority.

Subpart E—Foreign Claims

Authority: 10 U.S.C. 2734; 49 CFR 1.46(b).

§ 25.501 Scope.

This subpart prescribes the requirements for the administrative settlement of claims against the United States by a foreign country, political subdivision or inhabitant thereof, for death, personal injury, damage to or loss of property occurring outside the United States, its territories, commonwealths, or possessions, caused by a military member or civilian employee of the Coast Guard, or otherwise incident to noncombat activities of the Coast Guard.

§ 25.503 Proper claimants.

(a) The claimant, or the decedent in a death case, must have been an inhabitant of a foreign country at the time of the incident giving rise to the claim and must not be otherwise excluded by §25.505. It is not necessary that a claimant be a citizen of, or legal domiciliary of the foreign country.

(b) A corporation or other organization doing business in a foreign country on a permanent basis may qualify as a proper claimant although organized under United States law.

(c) The government of a foreign country or a political subdivision thereof is a proper claimant unless excluded by waiver provisions of applicable international agreements.

§ 25.505 Claimants excluded.

(a) Civilian employees of the United States and members of the armed services of the United States and their dependents, who are in a foreign country primarily because of their own or their sponsor's duty status.

(b) Other citizens of the United States, its territories, commonwealths, or possessions, unless they can establish their status as inhabitants of the foreign country.

(c) An insurer or other subrogee.

§ 25.507 Claims payable.

(a) A claim is payable under this subpart if it was incident to a noncombat activity of the Coast Guard or was caused by:

(1) A military member of the Coast Guard;

(2) A civilian employee of the Coast Guard who is not a national of the country in which the incident occurred; or

(3) A civilian employee of the Coast Guard who is a national of the country in which the incident occurred if:
§ 25.605 Settlement and notice to claimant.

If a claim is determined to be meritorious in any amount, a written acceptance and release or a claim settlement agreement shall be signed by the claimant before payment. The release executed by the claimant shall release the United States and also release the tort-feasor or the person who occasioned the damage, injury, or death.

Subpart F—Claims Not Cognizable Under Other Law

§ 25.601 Scope.

This subpart prescribes the requirements for the administrative settlement of claims against the United States under 10 U.S.C. 2737 incident to use of property of the United States and not cognizable under other law.

§ 25.603 Claims payable.

A claim for death, personal injury, or damage to or loss of real or personal property under this subpart is payable when caused by a military member or a civilian employee of the Coast Guard: (a) Incident to the use of a vehicle of the United States at any place; or (b) Incident to the use of any other property of the United States on a government installation.

§ 25.605 Claims not payable.

A claim is not payable under this subpart if it:
(a) Is legally recoverable by the claimant under a compensation statute or an insurance policy;
(b) Results wholly or partly from the negligent or wrongful act of the claimant, claimant’s agent or employee;
(c) Is a subrogated claim;
(d) Is cognizable under any other provision of law or regulation administered by the Coast Guard; or
(e) Is for any element of damage pertaining to death or personal injury, other than the cost of reasonable medical, hospital, and burial expenses actually incurred and not otherwise furnished or paid by the United States.
§ 25.607 Time limitation on claims.
A claim may be settled only if presented in writing within two years after it accrues.

§ 25.609 Settlement and notice to claimant.
If a claim is determined to be meritorious in any amount, the claimant must sign a written acceptance and release or a claim settlement agreement before payment. Although larger claims may be considered, no claim may be approved or paid in an amount that exceeds $1,000.00.

Subpart G—Article 139, Uniform Code of Military Justice

Authority: 10 U.S.C. 939; 49 CFR 1.46(b).

§ 25.701 Scope.
This subpart prescribes the requirements for the administrative settlement of claims under Article 139, Uniform Code of Military Justice, 10 U.S.C. 939, against military members of the Coast Guard for damage to property willfully caused by them or loss of property wrongfully taken by them.

§ 25.703 Claims payable.
A claim for damage to or loss of real or personal property caused by a military member of the Coast Guard is payable under this subpart when the damage or loss results from:
(a) Willful or intentional acts;
(b) Wrongful taking; or
(c) Riotous, violent, and reckless conduct or acts of depredation by an individual or group that evidences willfulness.

§ 25.705 Claims not payable.
A claim is not payable under this subpart if:
(a) Is for death or personal injury;
(b) Results wholly or partly from the grossly negligent, or reckless act of the claimant, claimant’s agent or employee;
(c) Is a subrogated claim;
(d) Is for damage to or loss of property owned by the United States or property of a Nonappropriated Fund Activity;
(e) Results from negligence;
(f) Is for indirect or remote damages;
(g) Is for damage to or loss of property resulting from the act or omission of a member of the Coast Guard acting within the scope of the member’s employment;
(h) Extends to damage or loss that results from the owner’s failure to mitigate damages; or
(i) Has been paid by a third party.

§ 25.707 Time limitation on claims.
A claim may be settled only if presented within 90 days after it accrues unless good cause is shown for the delay.

§ 25.709 Assessment limitation on claims.
A claim is permitted in any amount; however, this subpart prohibits any assessment that exceeds one-half of one month’s basic pay against the pay of any offender.

Subpart H—Pollution Removal Damage Claims

Authority: 33 U.S.C. 1321(j)(1)(A); 33 U.S.C. 1321(1); EO 11735, sec. 5 (a), (b)(3); 49 CFR 1.46(m).

§ 25.801 Scope.
This subpart prescribes the requirements for the administrative settlement of claims against the United States for damage to or loss of property resulting from containment or removal activities during Phase III or IV of the National Contingency Plan, under the Federal Water Pollution Control Act, as amended. 33 U.S.C. 1321.

§ 25.803 Claims payable.
A claim for damage to or loss of real or personal property is payable under this subpart if:
(a) Caused by the United States, its employees, agents or contractors during containment, countermeasures, cleanup, mitigation, and disposal activities under the National Contingency Plan; and
(b) In the exercise of care reasonable under the circumstances, the incident giving rise to the claim was necessary and the damage unavoidable.
Claims not payable.

A claim is not payable under this subpart if it:

(a) Is for death or personal injury; or

(b) Arises out of activities to contain or remove a discharge of oil or other hazardous polluting substance from a United States or foreign public vessel or federally controlled facility.

PART 26—VESSEL BRIDGE-TO-BRIDGE RADIO TELEPHONE REGULATIONS

Sec.
26.01 Purpose.
26.02 Definitions.
26.03 Radiotelephone required.
26.04 Use of the designated frequency.
26.05 Use of radiotelephone.
26.06 Maintenance of radiotelephone; failure of radiotelephone.
26.07 Communications.
26.08 Exemption procedures.
26.09 List of exemptions.

SOURCE: CGD 71-114R, 37 FR 12720, June 28, 1972, unless otherwise noted.

§ 26.03 Radiotelephone required.

(a) Unless an exemption is granted under § 26.09 and except as provided in paragraph (a)(4) of this section, this part applies to:

(1) Every power-driven vessel of 20 meters or over in length while navigating;

(2) Every vessel of 100 gross tons and upward carrying one or more passengers for hire while navigating;

(3) Every towing vessel of 26 feet or over in length while navigating; and

(4) Every dredge and floating plant engaged in or near a channel or fairway in operations likely to restrict or affect navigation of other vessels except...
§ 26.03

for an unmanned or intermittently manned floating plant under the control of a dredge.

(b) Every vessel, dredge, or floating plant described in paragraph (a) of this section must have a radiotelephone on board capable of operation from its navigational bridge, or in the case of a dredge, from its main control station, and capable of transmitting and receiving on the frequency or frequencies within the 156-162 Mega-Hertz band using the classes of emissions designated by the Federal Communications Commission for the exchange of navigational information.

(c) The radiotelephone required by paragraph (b) of this section must be carried on board the described vessels, dredges, and floating plants upon the navigable waters of the United States.

(d) The radiotelephone required by paragraph (b) of this section must be capable of transmitting and receiving on VHF FM channel 22A (157.1 MHz).

(e) While transiting any of the following waters, each vessel described in paragraph (a) of this section also must have on board a radiotelephone capable of transmitting and receiving on VHF FM channel 67 (156.375 MHz):

1. The lower Mississippi River from the territorial sea boundary, and
2. The Mississippi River-Gulf Outlet from the territorial sea boundary, and
3. The full length of the Inner Harbor Navigation Canal from its junction with the Mississippi River to that canal’s entry to Lake Pontchartrain at the New Seabrook vehicular bridge.

(f) In addition to the radiotelephone required by paragraph (b) of this section, each vessel described in paragraph (a) of this section while transiting any waters within a Vessel Traffic Service Area, must have on board a radiotelephone capable of transmitting and receiving on the VTS designated frequency in Table 26.03(f) (VTS Call Signs, Designated Frequencies, and Monitoring Areas).

NOTE: A single VHF-FM radio capable of scanning or sequential monitoring (often referred to as “dual watch” capability) will not meet the requirements for two radios.

**Notes:**

¹VTS regulations are denoted in 33 CFR Part 161. All geographic coordinates (latitude and longitude) are expressed in North American Datum of 1983 (NAD 83).

²In the event of a communication failure either by the vessel traffic center or the vessel or radio congestion on a designated VTS frequency, communications may be established on an alternate VTS frequency. The bridge-to-bridge navigational frequency, 156.650 MHz (Channel 13), is monitored in each VTS area; and it may be used as an alternate frequency, however, only to the extent that doing so provides a level of safety beyond that provided by other means.

³Designated frequency monitoring is required within U.S. navigable waters, in areas which are outside the U.S. navigable waters, designated frequency monitoring is voluntary. However, prospective VTS Users are encouraged to monitor the designated frequency.

⁴VMRS participants shall make their initial report (Sail Plan) to New York Traffic on Channel 11 (156.550 MHz). All other reports, including the Final Report, shall be made on Channel 14 (156.700 MHz). VMRS and other VTS Users shall monitor Channel 14 (156.700 MHz) while transiting the VTS area. New York Traffic may direct a vessel to monitor and report on either primary frequency depending on traffic density, weather conditions, or other safety factors. This does not require a vessel to monitor both primary frequencies.

⁵A Cooperative Vessel Traffic Service was established by the United States and Canada within adjoining waters. The appropriate vessel traffic center administers the rules issued by both nations; however, it will enforce only its own set of rules within its jurisdiction.

⁶Seattle Traffic may direct a vessel to monitor the other primary VTS frequency 156.250 MHz or 156.700 MHz (Channel 5A or 14) depending on traffic density, weather conditions, or other safety factors, rather than strictly adhering to the designated frequency required for each monitoring area as defined above. This does not require a vessel to monitor both primary frequencies.

This does not require a vessel to monitor both primary frequencies.
5. A Cooperative Vessel Traffic Service was established by the United States and Canada within adjoining waters. The appropriate vessel traffic center administers the rules issued by both nations; however, it will enforce only its own set of rules within its jurisdiction.
6. Seattle Traffic may direct a vessel to monitor the other primary VTS frequency 156.250 MHz or 156.700 MHz (Channel 5A or 14) depending on traffic density, weather conditions, or other safety factors, rather than strictly adhering to the designated frequency required for each monitoring area as defined above. This does not require a vessel to monitor both primary frequencies.
§ 26.04 Use of the designated frequency.

(a) No person may use the frequency designated by the Federal Communications Commission under section 8 of the Act, 33 U.S.C. 1207(a), to transmit any information other than information necessary for the safe navigation of vessels or necessary tests.

(b) Each person who is required to maintain a listening watch under section 5 of the Act shall, when necessary, transmit and confirm, on the designated frequency, the intentions of his vessel and any other information necessary for the safe navigation of vessels.

(c) Nothing in these regulations may be construed as prohibiting the use of the designated frequency to communicate with shore stations to obtain or furnish information necessary for the safe navigation of vessels.

(d) On the navigable waters of the United States, channel 13 (156.65 MHz) is the designated frequency required to be monitored in accordance with § 26.03(e), channel 67 (156.375 MHz) is the designated frequency.

(e) On those navigable waters of the United States within a VTS area, the designated VTS frequency is an additional designated frequency required to be monitored in accordance with § 26.05.

§ 26.05 Use of radiotelephone.

Section 5 of the Act states that the radiotelephone required by this Act is for the exclusive use of the master or person in charge of the vessel, or the person designated by the master or person in charge to pilot or direct the movement of the vessel, who shall maintain a listening watch on the designated frequency. Nothing herein shall be interpreted as precluding the use of portable radiotelephone equipment to satisfy the requirements of this act.

§ 26.06 Maintenance of radiotelephone; failure of radiotelephone.

Section 6 of the Act states:

(a) Whenever radiotelephone capability is required by this Act, a vessel’s radiotelephone equipment shall be maintained in effective operating condition. If the radiotelephone equipment carried aboard a vessel ceases to operate, the master shall exercise due diligence to restore it or cause it to be restored to effective operating condition at the earliest practicable time. The failure of a vessel’s radiotelephone equipment shall not, in itself, constitute a violation of this Act, nor shall it oblige the master of any vessel to moor or anchor his vessel; however, the loss of radiotelephone capability shall be given consideration in the navigation of the vessel.

§ 26.07 Communications.

No person may use the services of, and no person may serve as, a person required to maintain a listening watch under section 5 of the Act, 33 U.S.C.
subchapter A § 27.3

107, unless the person can communicate in the English language.

§ 26.08 Exemption procedures.

(a) The Commandant has redelegated to the Assistant Commandant for Marine Safety and Environmental Protection, U.S. Coast Guard Headquarters, with the reservation that this authority shall not be further redelegated, the authority to grant exemptions from provisions of the Vessel Bridge-to-Bridge Radiotelephone Act and this part.

(b) Any person may petition for an exemption from any provision of the Act or this part;

(a) Each petition must be submitted in writing to U.S. Coast Guard, Marine Safety and Environmental Protection, 2100 Second Street SW., Washington, DC 20593-0001; and must state:

1. The provisions of the Act or this part from which an exemption is requested; and

2. The reasons why marine navigation will not be adversely affected if the exemption is granted and if the exemption relates to a local communication system how that system would fully comply with the intent of the concept of the Act but would not conform in detail if the exemption is granted.

PART 27—ADJUSTMENT OF CIVIL MONETARY PENALTIES FOR INFLATION

§ 27.1 Applicability.

The increased penalty amounts set forth in this rule apply to all violations under the applicable statutes and regulations which occur after May 7, 1997.

§ 27.3 Penalty Adjustment Table.

The adjusted statutory penalty provisions and their maximum applicable amounts are set out in Table I. The last column of the table provides the newly effective maximum penalty amounts.

PART 40—CADETS OF THE COAST GUARD

AUTHORITY: 14 U.S.C. 182 and 633; 49 CFR 1.46(b)

§ 40.1 Program for appointing cadets.

The Coast Guard conducts a program for appointing qualified men and women as cadets who are admitted to the Coast Guard Academy, New London, Connecticut. The Superintendent of the Coast Guard Academy tenders appointments on the basis of previous academic performance, reported College Entrance Examination Board or American College Testing scores, and the findings of a Cadet Candidate Evaluation Board, consisting of Coast Guard officers appointed by the Superintendent of the Coast Guard Academy, which reviews each applicant's personal qualifications. In addition, a Service Academy Medical Examination must be satisfactorily completed before appointment. Applications must be submitted on Coast Guard form CG-4151. This form, along with additional information on the Cadet appointment program, may be obtained from the Director of Admissions, U.S. Coast Guard Academy, New London, CT 06320.

45.1 Enlistment of personnel.
45.2 Records of enlistment of former service members.

SOURCE: CGD 82-087, 50 FR 13318, Apr. 4, 1985, unless otherwise noted.

§ 45.1 Enlistment of personnel.

(a) The Coast Guard is a military service which operates within the Department of Transportation. All personnel enlisted in the Coast Guard are subject to the Uniform Code of Military Justice.

(b) Any person desiring to enlist in the Coast Guard should apply at a Coast Guard Recruiting Office, or direct inquiries to, Coast Guard Recruiting Center, 4200 Wilson Boulevard, Suite 450, Arlington, VA 22203. Enlistments in the Coast Guard shall be for general service and enlisted persons may be transferred as necessary from one unit to another. Original enlistments will be made only at regular recruiting offices unless otherwise directed by the Commandant. An original enlistment is the enlistment of an individual who has not had previous service in the Regular Coast Guard. In processing an application for enlistment, the Coast Guard will determine the mental, moral and physical fitness of the applicant through reference to local police files, character references, employers, school authorities and physical and mental examinations. Concealment of any fact, circumstance or condition existing prior to enlistment which would render the applicant ineligible for enlistment may subject the applicant to criminal penalties under the Uniform Code of Military Justice and/or administrative separation from the Coast Guard.

Subpart 49.01—General Provisions

§ 49.01-1 Applicability.

The Commandant of the Coast Guard is hereby designated and is authorized to appoint, in his discretion, the person or persons who may receive active-duty pay and allowances, amounts due for accumulated or accrued leave, or any retired or retainer pay, otherwise payable to personnel on the active or retired list of the Coast Guard and Coast Guard Reserve, entitled to Federal pay either on the active or any retired list of said service, who, in the opinion of competent medical authority, have been determined to be mentally incapable of managing their own affairs, and for whom no legal committee, guardian, or other representative has been appointed by a court of competent jurisdiction.

§ 49.01-5 Requests for appointment of trustee.

Requests for the appointment of a person or persons to receive moneys due personnel believed to be mentally incapable of managing their own affairs shall be submitted to the Commandant of the Coast Guard:

(a) By any person or persons who believe, because of relationship, they should be appointed to receive payments on behalf of the alleged incompetent;

(b) By the Commanding Officer of the alleged incompetent if the latter is on active duty;

(c) By the Commanding Officer of any Armed Forces hospital in which the mentally incompetent is undergoing treatment;

(d) By the head of any veterans' hospital, or other public or private institution in which the alleged incompetent is undergoing treatment;

(e) By any other person or organization acting for and in the best interests of the alleged mentally incompetent.

§ 49.01-10 Determination of incompetency.

After examining the legitimacy, substance, and sufficiency of the application, the Commandant shall either (a) direct the Commanding Officer of the alleged mentally incompetent, (b) the Commanding Officer of the Coast Guard unit to which such incompetent may be conveniently referred, or (c) request the Surgeon General of the Public Health Service to convene or appoint, at the Public Health Hospital or facility, where the alleged incompetent is receiving treatment or to which his case may be conveniently referred, a board of not less than three qualified medical officers, one of whom shall be specially qualified in the treatment of mental disorders, to determine whether the alleged incompetent is capable of managing his own affairs. The record of proceedings, and the findings of the board shall, after action by the Convening or Appointive Authority thereon, be forwarded to the Commandant.

Subpart 49.05—Trustee

§ 49.05-1 Appointment of trustee.

Upon receipt of a finding by a board convened or appointed in accordance with §49.01-10, that the alleged incompetent is mentally incapable of managing his own affairs, the Commandant may appoint a suitable person or persons, not under legal disability so to
act, as trustee or trustees to receive in behalf of the incompetent all amounts due the incompetent from such sources set forth in §49.01-1, and to use said funds in the best interests of the incompetent.

§ 49.05-5 Bonding of trustee.
The trustee or trustees appointed to receive moneys in behalf of incompetent personnel shall furnish a bond in all cases when the amounts to be received may be expected to exceed $1,000, and in such other cases when deemed appropriate by the Commandant. The bond so required and furnished shall have as surety a company approved by the Federal Government, and shall be in such amount as is required by the Commandant. Such bonds shall be continued in effect for the life of trusteeship and expenses in connection with the furnishing and renewal of such bonds may be paid out of sums due the incompetent.

§ 49.05-10 Affidavits required.
The trustee or trustees appointed to receive moneys due incompetent personnel shall, prior to the payment of any such moneys, execute and file with the Commandant an affidavit or affidavits saying and deposing that any moneys henceforth received by virtue of such appointment shall be applied solely to the use and benefit of the incompetent and that no fee, commission, or charge shall be demanded, or in any manner accepted, for any service or services rendered in connection with such appointment as trustee or trustees.

Subpart 49.10—Reports and Moneys

§ 49.10-1 Reports required.
The trustee or trustees so appointed shall submit reports annually, or at such other times as the Commandant may designate. The report shall show a statement of the conditions of the trust account at the time of the submission of the report, including all funds received on behalf of the incompetent; all expenditures made in behalf of the incompetent, accompanied by receipts or vouchers covering such expenditures; and a receipt indicating that the surety bond required by §49.05-5 has been renewed. When the trustee is the spouse or adult dependent of the incompetent, receipts or vouchers need not be filed for expenditures made for living expenses. If the trustee or trustees fail to report promptly and properly at the end of any annual period or at such other times as the Commandant desires, the Commandant may, in his discretion, cause payment to such trustee or trustees to cease, and may, if deemed advisable, appoint another person or persons not under legal disability so to act, to receive future payments of moneys due the incompetent for the use and benefit of the incompetent.

§ 49.10-5 Payment of moneys due.
Upon the appointment of a trustee or trustees to receive moneys due an incompetent, the authorized certifying officer having custody of that person's pay record shall be advised. After such notification, payments of moneys due the incompetent may be made by the appropriate officer in accordance with procedure prescribed by the Commandant. All such payments so made, however, shall be made to the designated trustee or trustees.

§ 49.10-10 Cessation of payments.
(a) Payments of amounts due incompetent personnel shall cease to be paid to the trustee or trustees upon receipt of notification by the authorized certifying officer of the occurrence of any of the following:
   (1) Death of the incompetent;
   (2) Death or disability of the trustee or trustees appointed;
   (3) Receipt of notice that a committee, guardian, or other legal representative has been appointed for the incompetent by a court of competent jurisdiction;
   (4) Failure of the trustee or trustees to render the reports required by §49.10-1;
   (5) That there is probable cause to believe that moneys received on behalf of the incompetent have been, or are being, improperly used;
   (6) A finding by a board of medical officers that the heretofore incompetent is mentally capable of managing his own affairs;
§ 49.10–15

(7) That the Commandant deems it to be in the best interest of the incompetent.

(b) In the event of termination of payments under paragraphs (a)(2), (4), (5), or (7) of this section, the Commandant may, if deemed appropriate, appoint a successor trustee or trustees. The successor trustee or trustees, so appointed, shall comply with the provisions of the regulations and instructions in this part issued thereunder, and do all acts in the manner required of the original trustee or trustees.

§ 49.10–15 Final accounting by trustee.

The trustee or trustees, when payments, hereunder are terminated, shall file a final account with the said Commandant. Thereupon, the trustee or trustees will be discharged and the surety released. In event of death or disability of the trustee, the final accounting will be filed by his legal representative.

Subpart 49.15—Additional Instructions

§ 49.15–1 Implementing instructions.

The Commandant is hereby authorized to issue such instructions not in conflict with the regulations in this part as may be necessary from time to time to give full force and effect thereof.

PART 50—COAST GUARD RETIRING REVIEW BOARD

Sec.
50.1 Establishment and duties of Board.
50.2 Composition of Board.
50.3 Request for review.
50.4 Presentation of case.
50.5 Action by the Board.
50.6 Notification of final action.

Note: For the text of waivers of navigation and vessel inspection laws and regulations, see Part 19 of this chapter.

§ 50.1 Establishment and duties of Board.

(a) A Retiring Review Board, referred to in this part as the Board, is hereby established in the Coast Guard.

(b) It will be the duty of the Board to review, at the request of any Coast Guard officer retired or released to inactive service, without pay, for physical disability, pursuant to the decision of a retiring board, the findings and decision of the retiring board. The term “retired or released to inactive service” includes every kind of separation from the service.

(c) After reviewing the findings and decision of a retiring board, the Board will affirm or reverse, in whole or in part, the findings and decision of the retiring board.

(d) In carrying out its duties, the Board shall have the same powers as exercised by, or vested in, the retiring board whose findings and decision are being reviewed.

[10 FR 5650, May 17, 1945]

§ 50.2 Composition of Board.

(a) The Board will be composed of five commissioned officers designated for each case from a panel appointed by the Commandant. The senior Coast Guard members of the panel will designate the members of the Board for each case, three of whom shall be officers of the Coast Guard and two of whom shall be officers of the Public Health Service.

(b) The senior Coast Guard member of the Board will be President and the junior Coast Guard member will be Recorder.

(c) The Board will convene at the time and place designated by the President for each case, and will recess and adjourn at his order.

§ 50.3 Request for review.

(a) Any officer of the Coast Guard who is retired or released to inactive service, without pay, for physical disability, pursuant to the decision of a Coast Guard retiring board, may request a review of the findings and decision of the retiring board.

(b) An application requesting a review must be in writing and shall be addressed to the Retiring Review Board, Coast Guard Headquarters,
§ 50.5 Action by the Board.

(a) After a complete and thorough review of the evidence before it the Board will, in closed session, deliberate and make its decision affirming or reversing the findings and decision of the retiring board being reviewed.
§ 50.6

(b) If the Board reverses the findings of the retiring board being reviewed, it will make complete findings, including:
   (1) Whether the applicant was incapacitated for active service;
   (2) If so, the disability causing the incapacity;
   (3) Whether the incapacity is permanent;
   (4) Whether the incapacity was the result of an incident of service or incurred in the line of duty;
   (5) Whether the incapacity was the result of the applicant's own vicious habits;
   (6) In the case of Reserve officers and officers who have served under temporary appointments, when the physical disability was incurred.

(c) The findings and decision of a majority of the Board will constitute the findings and decision of the Board Members who do not concur with the majority may file a minority report.

(d) When the Board has concluded its proceedings in any case the Recorder will prepare a complete record thereof including (1) the application for review (2) a transcript of the hearing, if any (3) affidavits, briefs, and written agreements filed in the case, (4) the findings and decision of the Board, and (5) all other papers and documents necessary to reflect a true and complete record of the proceedings. This complete record will be transmitted to the Commandant for appropriate action.

§ 50.6 Notification of final action.

The officer requesting the interview will be notified by letter of the final action taken in the case.

[CGFR 48-73, 13 FR 9333, Dec. 31, 1948]
§ 51.5 Objective of review.

The objective of the discharge review is to examine the propriety and equity of the applicant’s discharge and to effect changes if necessary. The DRB will utilize its discretion to reach a fair and just resolution of the applicant’s claim. The standards of review and the underlying factors which aid in determining whether the standards are met shall be historically consistent with criteria for determining honorable service. No factors shall be established which require automatic change, or denial of change, in a discharge.
§ 51.6 Propriety standard of review.

A discharge is deemed to be proper except that:

(a) A discharge may be improper if an error of fact, law, procedure, or discretion was associated with the discharge at the time of issuance which prejudiced the rights of the applicant.

(b) A discharge may be improper if there has been a change in policy by the Coast Guard made expressly retroactive to the type of discharge under consideration.

§ 51.7 Equity standard of review.

(a) A discharge is presumed to be equitable and will not be changed under this section unless the applicant submits evidence sufficient to establish, to the satisfaction of the DRB that:

(1) The policies and procedures under which the applicant was discharged differ in material respects from policies and procedures currently applicable on a service-wide basis to discharges of that type, provided that current policies or procedures represent a substantial enhancement of the rights afforded a party in such proceedings, and there is substantial doubt that the applicant would have received the same discharge if relevant current policies and procedures had been available to the applicant at the time of the discharge proceedings under consideration; or

(2) At the time of issuance, the discharge was inconsistent with standards of discipline in the Coast Guard; or

(3) The applicant's military record and other evidence presented to the DRB, viewed in conjunction with the factors listed in §51.8 and the regulations under which the applicant was discharged, do not fairly justify the type of discharge received.

(b) If the applicant was discharged with a characterized discharge before June 15, 1983, a change from the characterized discharge to an uncharacterized discharge will not be considered under the provisions of (a)(1) of this section unless specifically requested by the applicant. A determination that a discharge is inequitable according to the provisions of (a)(2) or (a)(3) of this section shall entitle the applicant to a discharge of a type to which the applicant was entitled at the time the original discharge was issued.

§ 51.8 Relevant considerations.

In determining the equity and propriety of a former member's discharge, the DRB shall consider all relevant evidence presented by the applicant. The DRB review will include, but is not limited to, consideration of the following factors:

(a) The quality of the applicant's service. In determining the quality of the applicant's service, the DRB may consider the applicant's dates and periods of service; rate or rank achieved; marks and evaluations received; awards, decorations and letters of commendation; acts of merit; combat service and wounds received; promotions and demotions; prior military service and type of discharge; records of unauthorized absence; records of non-judicial punishment; convictions by court-martial; records of conviction by civil authorities while a member of the Coast Guard; and any other relevant information respecting the applicant which is brought to the board's attention.

(b) The applicant's capability to serve. In determining the applicant's capability to serve, the DRB considers such factors as the applicant's age and education; qualification for reenlistment; capability to adjust to military service; and family or personal problems.

(c) Any evidence of arbitrary, capricious or discriminatory actions by individuals in authority over the applicant.

(d) Any other information respecting the applicant considered by the DRB to be relevant and material to the review of the applicant's discharge.

§ 51.9 Discharge review procedures.

(a) Preliminary. Prior to a review, applicants or their representatives may obtain copies of military records by submitting a Standard Form 180, Request Pertaining to Military Records, to the National Personnel Records Center (NPRC), 9799 Page Boulevard, St. Louis, MO. 72132. The request to the NPRC should be submitted prior to submitting the application for review, so that relevant information from the
(b) Initiation of review. Review may be initiated by an applicant or by the DRB. The applicant may apply for DRB review of discharge by submitting DD Form 293, Application for Review of Discharge or Separation from the Armed Forces of the United States, along with any other statements, affidavits or documentation desired by the applicant. The application must be received by the DRB within fifteen (15) years of the date of the discharge. The application form can be obtained, along with explanatory matter, from Commandant, (G-WPM), U.S. Coast Guard Headquarters, 2100 2nd Street SW., Washington, DC 20593, any regional VA office, or by writing to the Armed Forces Review/Correction Board Reading Room, Pentagon Concourse, Washington, DC 20310.

(c) Notice. (1) The DRB will provide notification advising the former member of—
   (i) Receipt of the applicant’s request;
   (ii) The right to appear before the board in person or by counsel; and
   (iii) The date of review.

If the former member is deceased, written notice of DRB review will be sent to the surviving spouse, next of kin or legal representative of the former member. If the review is initiated by the DRB, notification will be sent to the last known address of the former member.

(2) Prior to the initiation of the decision process, the DRB will notify the former member of the date by which requests to examine the documents to be considered by the board must be received. This notice will also state the date by which a request for a hearing must be made and the deadline for filing responses to the board.

(3) An applicant who requests a hearing will be notified of the time and place of the hearing. All expenses incurred by the applicant in DRB proceedings and hearings are the sole responsibility of the applicant and are not obligations of the U.S. Coast Guard or the Department of Transportation. If the applicant fails to appear, except as provided in §51.9(f), the DRB will review the discharge and reach a decision based upon the evidence of record.

(d) Withdrawal of application. An applicant may withdraw an application without prejudice at any time before the scheduled review. An application which is withdrawn will not stay the running of the 15 year statutory limitation imposed on the authority of the DRB to review the discharge.

(e) The DRB will consider the records and other data submitted by the applicant. The DRB may consider other probative evidence provided that all materials relied on by the DRB, except classified documents, are made available to the applicant and applicant’s representative prior to the hearing date (or review date if no hearing is requested). The DRB shall not consider a classified document in the review of a discharge unless a summary of, or extract from, the document (deleting all reference to sources of information and other matters, the disclosure of which would, in the opinion of the classifying authority, be detrimental to the security interests of the United States) is made available to the applicant.

(f) Postponement of review or hearing. At any time before the date of scheduled review or hearing, an applicant may be granted a continuance, provided the applicant or the applicant’s counsel makes a written request for additional time to the DRB which shows good cause to justify the postponement.

(g) Hearing procedures. The following procedures apply to DRB hearings:

(1) DRB hearings are not public. Presence at hearings is limited to persons authorized by the Commandant or expressly requested by the applicant, subject to reasonable limitations based upon available space.

(2) The Federal Rules of Evidence are not applicable to DRB proceedings. The presiding officer rules on matters of procedure and ensures that reasonable bounds of relevancy and materiality are adhered to in the taking of evidence.

(3) An applicant is permitted to make a sworn or unsworn statement. Witness testimony will only be taken under oath or affirmation. An applicant or witness who makes a statement may be questioned by the DRB.
§ 51.10 Decisions.

(a) The DRB will make written findings and conclusions with respect to all disputed facts and issues. The decision of the DRB is governed by the vote of a majority of the board.

(b) A decision document is prepared for each review conducted by the DRB. This document contains—

(1) The date, character of, and reason for the discharge including the specific authority under which the discharge was issued;

(2) The specific change(s) requested by the applicant;

(3) A list of the issues raised by the applicant;

(4) The circumstances and character of the applicant’s service, as extracted from the service record, health record and other evidence presented to the DRB;

(5) References to documentary evidence, testimony or other material relied on by the DRB in support of its decision;

(6) A statement of the DRB’s findings with respect to each issue raised by the applicant;

(7) A summary of the rationale and a statement of the DRB’s conclusions as to whether any change, correction, or modification should be made in the type or character of the discharge or the reason and authority for the discharge; and

(8) A statement of the particular changes, correction, or modification made by the DRB.

§ 51.11 Records.

(a) The record of the discharge review will include—

(1) The application for review;

(2) A summarized record of the testimony and a summary of evidence considered by the DRB other than information contained in the service records;

(3) Briefs or written arguments submitted by or on behalf of the applicant;

(4) The decision of the DRB;

(5) Advisory opinions relief upon for the final action; and

(6) The final action on the DRB decision by the Commandant or Secretary.

(b) The record of the discharge review is incorporated into the service record of the applicant.

(c) A copy of the decision of the DRB and the final action thereon is made available for public inspection and copying promptly after a notice of the final decision is sent to the applicant. However, to the extent required for the protection of privacy rights, identifying details of the applicant and other persons are deleted from the public record.

(1) DRB documents made available for public inspection and copying are located in the Armed Forces Discharge Review/Correction Board Reading Room. The documents are indexed so as to enable the public to determine why relief was granted or denied. The index includes the case number, the date, character of, reason for, and authority for the discharge and is maintained at Coast Guard Headquarters and the Armed Forces Reading Room. The Armed Forces Discharge Review/Correction Board Reading Room publishes indexes quarterly for all boards.

(2) Correspondence relating to matters under the cognizance of the Reading Room (including requests for purchase of indexes) should be addressed to: Armed Forces Discharge Review/Correction Board Reading Room, The Pentagon Concourse, Washington, DC 20310.
PART 52—BOARD FOR CORRECTION OF MILITARY RECORDS OF THE COAST GUARD

Subpart A—Purpose and Authority

§ 52.1 Purpose.
This part establishes the procedure for application for correction of military records of the Coast Guard, for consideration of applications by the Department of Transportation Board for Correction of Military Records of the Coast Guard (hereinafter “the Board”), and for settling claims or determining monetary benefits.

§ 52.2 Authority.
(a) The Secretary of Transportation, acting through boards of civilians, is authorized to correct any military record of the Coast Guard when the Secretary considers it necessary to correct an error or remove an injustice. 10 U.S.C. 1552. Section 212 of the Coast Guard Authorization Act of 1989 provides that the Secretary shall ensure that final action on a complete application for correction is taken within 10 months of its receipt.

(b) Corrections made under this authority are final and conclusive on all officers of the Government except when procured by fraud.

Subpart B—Establishment, Function, and Jurisdiction of Board

§ 52.11 Establishment and composition.
(a) Pursuant to 10 U.S.C. 1552 and 49 U.S.C. 108(a), the Board for Correction of Military Records of the Coast Guard is established in the Office of the Secretary of Transportation.

(b) The Secretary appoints a panel of civilian officers or employees of the Department of Transportation to serve as members of the Board, and designates one such member to serve as Chairman of the Board. The Chairman designates members from this panel to
serve as the Board for each case requiring consideration by a Board. The Board consists of three members, and two members present constitute a quorum of the Board.

(c) The Deputy Chairman of the Board exercises the functions prescribed by these regulations and such other duties as may be assigned by the Chairman.

§ 52.12 Function.

The function of the Board is to consider all applications properly before it, together with all pertinent military records to determine:

(a) Whether an error has been made in the applicant’s Coast Guard military record, whether the applicant has suffered an error or injustice as the result of an omission or commission in his or her record, or whether the applicant has suffered some manifest injustice in the treatment accorded him or her; and

(b) Whether the Board finds it necessary to change a military record to correct an error or remove an injustice.

§ 52.13 Jurisdiction.

(a) The Board has jurisdiction to review and determine all matters properly brought before it, consistent with existing law and such directives as may be issued by the Secretary.

(b) No application shall be considered by the Board until the applicant has exhausted all effective administrative remedies afforded under existing law or regulations, and such legal remedies as the Board may determine are practical, appropriate, and available to the applicant.

Subpart C—General Provisions Regarding Applications

§ 52.21 General requirements.

(a) An application for correction of a Coast Guard record shall be submitted on DD Form 149 (Application for Correction of Military or Naval Record) or an exact copy thereof, and shall be addressed to: Chairman, Board for Correction of Military Records of the Coast Guard (C–60), United States Department of Transportation, Washington, DC 20590. Forms and explanatory material may be obtained from the Chairman of the Board.

(b) The application shall be signed by the person alleging error or injustice in his or her military record, except that an application may be signed by a family member or legal representative with respect to the record of a deceased, incapacitated, or missing person.

(c) No application shall be processed until it is complete. An application for relief is complete when all of the following have been received by the Board:

(1) A signed DD Form 149, providing all necessary responses, including a specific allegation of error or injustice, accompanied by substantial proof in support of such allegation;

(2) The military records of the applicant; and

(3) Any applicable Department of Veterans Affairs medical records.

§ 52.22 Time limit for filing application.

An application for correction of a record must be filed within three years after the applicant discovered or reasonably should have discovered the alleged error or injustice. If an application is untimely, the applicant shall set forth reasons in the application why its acceptance is in the interest of justice. An untimely application shall be denied unless the Board finds that sufficient evidence has been presented to warrant a finding that it would be in the interest of justice to excuse the failure to file timely.

§ 52.23 Counsel.

As used in this part, the term “counsel” includes attorneys who are members in good standing of any bar; accredited representatives of veterans’ organizations recognized by the Secretary of Veterans Affairs pursuant to 38 U.S.C. 3402; and other persons who, in the opinion of the Board, are competent to represent the applicant for correction. Whenever the term “applicant” is used in these rules, except in §52.21, the term shall mean an applicant or his or her counsel.

§ 52.24 Evidence.

It is the responsibility of the applicant to procure such evidence, including official records, as the applicant
Coast Guard, DOT § 52.44
desires to present in support of his case.

§ 52.25 Access to official records.
The applicant shall have access to official records or to any information pertaining to the applicant which is in the custody of the Coast Guard, as provided in 49 CFR part 10. The applicant shall also have access to other Coast Guard records as provided in 49 CFR part 7.

§ 52.26 Withdrawal.
The board may, in its discretion, permit the applicant to withdraw his or her application at any time before a final determination by the Secretary. Any further consideration by the Board of the issues raised in the withdrawn application shall occur only upon the filing of a new application.

Subpart D—Consideration of Application, Denial of Relief, and Stay of Proceedings

§ 52.31 Consideration of application.
Each application shall be reviewed by the Chairman to determine whether it meets the requirements of §52.21(c). The Chairman shall decide in appropriate cases whether to grant a hearing or to recommend disposition on the merits without a hearing.

§ 52.32 Denial of relief.
(a) The Chairman may, notwithstanding §52.64, and without written findings and conclusions, deny in writing all requested relief to an applicant at any time prior to consideration of the applicant's case by a Board if:
(1) The information or evidence submitted by the applicant is insufficient to demonstrate probable substantial error or injustice;
(2) Effective relief cannot be granted by the Board;
(3) The Board does not have jurisdiction to determine the issues presented; or
(4) The application has not been timely filed under §52.22 and the interest of justice does not require its acceptance.
(b) Denial of relief pursuant to this section is without prejudice to further consideration by the Board if the applicant requests further consideration and submits evidence in addition to that contained in his or her complete application. A request for further consideration shall be regarded as a new application for purpose of §52.68.
(c) If relief is denied under this section, the applicant shall be advised of the right to further proceedings.

§ 52.33 Stay of proceedings.
An application to the Board for correction of a military record does not operate as a stay of any proceeding or administrative action taken with respect to or affecting the applicant.

Subpart E—Hearings

§ 52.41 General provision.
In each case in which the Chairman determines that a hearing is warranted, the applicant will be entitled to be heard orally in person, by counsel, or in person with counsel.

§ 52.42 Notice of hearing.
(a) If the Chairman determines that a hearing is warranted, the Chairman shall notify the applicant that a hearing has been granted.
(b) The date of hearing shall be not less than 21 days from the date of this notification. Written notice stating the date, time and place of the hearing shall be given to the applicant and the Coast Guard.

§ 52.43 Witnesses.
(a) In any case in which the Chairman has granted a hearing, the applicant shall have the right to present witnesses.
(b) It is the responsibility of the applicant to notify witnesses and to ensure their appearance at the date, time and place set for the hearing.

§ 52.44 Expenses.
No expenses of any nature whatsoever incurred by an applicant, his or her counsel, witnesses, or others acting on behalf of the applicant shall be paid by the Government.
§ 52.45 Nonappearance.

An applicant who fails without good cause to appear in person or by counsel at the appointed date, time, and place for hearing, is deemed to have waived the right to a hearing. The application is then considered by the Board on the basis of all the material of record.

Subpart F—Procedure at Hearings

§ 52.51 Conduct of hearing.

(a) The Chairman or the Chairman's designee shall conduct a hearing so as to ensure a full and fair presentation of the evidence.

(b) The hearing is not limited by legal rules of evidence but reasonable standards of competency, relevancy, and materiality are observed for the receipt and consideration of evidence.

(c) All testimony shall be given under oath or affirmation.

§ 52.52 Record of hearing.

A hearing pursuant to this subpart in open session shall be recorded verbatim and, at the discretion of the Board or direction of the Secretary, shall be transcribed.

Subpart G—Judgment and Disposition

§ 52.61 Deliberations and decision.

(a) The Board is convened at the call of the Chairman and its meetings are recessed or adjourned by order of the Chairman. Only members of the Board and its staff may be present during the deliberations of the Board. The Board's deliberations are conducted in executive session and are not reported.

(b) When the Board finds that the facts have not been fully and fairly disclosed by the records, testimony, and any other evidence before the Board, the Board may request the applicant and/or the Coast Guard to obtain and submit such further evidence as it considers essential to a complete and impartial understanding of the facts and issues.

(c) An applicant may submit to the Board any further evidence relevant to an application at any time prior to final action. The Chairman shall accept any such submission if, and only if, the applicant agrees that § 52.68 shall not apply to the case.

(d) Following the receipt of all evidence, the Chairman shall cause to be prepared and shall submit to the Board for its consideration a draft decision containing proposed findings and conclusions and a proposed order. A majority vote of the members of the board present at a meeting on any matter relating to a draft decision before the Board shall constitute the action of the Board. If a draft decision is approved by the Board, it shall become a decision of the Board.

(e) The decision of the Board shall specify with particularity any change, correction, or modification of records to be made by the Coast Guard, and any other action deemed necessary to carry out the Board's recommendation.

(f) If the Board deems it necessary to submit a comment or recommendation to the Secretary as to a matter arising from, but not directly related to, the issues in a case, it does so by separate communication.

§ 52.62 Minority report.

In case of disagreement among Board members, a minority report may be submitted dissenting from or concurring with the decision of the Board.

§ 52.63 Record of proceedings.

The Board shall prepare a complete record of each proceeding. The record shall include the application for relief; the written views of the Coast Guard, if any; any transcript of testimony; affidavits and documents considered by the Board; briefs and written arguments filed in the case; the findings, decisions, and recommendations of the Board; minority reports, if any; and all other materials necessary to reflect a true and complete history of the proceedings.

§ 52.64 Final action.

(a) The Board, provided that it acts unanimously, may take final action on behalf of the Secretary, pursuant to 10 U.S.C. 1552, as follows:

(1) The Board may deny an application for the correction of military records.

(2) Unless the Chief Counsel of the Coast Guard, in submitting its views
pursuant to §52.68(c), states that the application involves a significant issue of Coast Guard policy, the Board may approve an application for the correction of military records in any of the following categories:

(i) An application to correct an enlistment or reenlistment contract or agreement to extend an enlistment for the purpose of effecting or increasing entitlement to a Selective Reenlistment Bonus;

(ii) An application to modify an election to participate in the Survivor Benefit Plan;

(iii) An application to change a reenlistment eligibility code;

(iv) An application to correct the character of, or reason for, a discharge or separation.

3 The Board may approve any application for correction of military records not falling into one of the categories in paragraph (a)(2) of this section, if the Chief Counsel of the Coast Guard recommends the same or substantially same relief as that requested by the applicant.

(b) Except in cases where the Board takes final action under paragraph (a) of this section, the Board shall forward the record of its proceedings to the Secretary for approval, disapproval, or return for additional consideration. After taking final action, the Secretary shall return the record to the Board for disposition.

§ 52.65 Orders.

(a) The Board shall issue such orders or directives as may be necessary to carry out a final action.

(b) The Board may ask the Coast Guard to submit a written report to the Board specifying the action taken and the record of its proceedings to the Secretary for approval, disapproval, or return for additional consideration. After taking final action, the Secretary shall return the record to the Board for disposition.

§ 52.66 Notification.

Subject to Department of Transportation regulations, the Board shall transmit to the applicant a copy of a decision. The applicant may inspect the record of proceedings at Board offices.

§ 52.67 Reconsideration.

(a) Reconsideration of an application for correction of a military record shall occur if an applicant requests it and the request meets the requirements set forth in paragraph (a)(1) or (a)(2) of this section.

(1) An applicant presents evidence or information that was not previously considered by the Board that could result in a determination other than that originally made. Evidence or information may only be considered if it could not have been presented to the Board prior to its original determination if the applicant had exercised reasonable diligence; or

(2) An applicant presents evidence or information that the Board, or the Secretary as the case may be, committed legal or factual error in the original determination that could have resulted in a determination other than that originally made.

(b) The Chairman shall docket a request for reconsideration of a final decision if it meets the requirements of paragraph (a)(1) or (a)(2) of this section. If neither of these requirements is met, the Chairman shall not docket such request.

(c) The Board shall consider each application for reconsideration that has been docketed. None of the Board members who considered an applicant’s original application for correction shall participate in the consideration of that applicant’s application for reconsideration.

(d) Action by the Board on a docketed application for reconsideration is subject to §52.64(b).

(e) An applicant’s request for reconsideration must be filed within two years after the issuance of a final decision, except as otherwise required by law. If the Chairman docketst an applicant’s request for reconsideration, the two-year requirement may be waived if the Board finds that it would be in the interest of justice to consider the request despite its untimeliness.

§ 52.68 Time limit for final action.

Final action on an application for correction of a military record shall be
§ 52.71 Authority to pay.

(a) The Coast Guard is authorized to pay the claims of any person as the result of any action heretofore or hereafter taken under 10 U.S.C. 1552.

(b) The Coast Guard is not authorized to pay any claim heretofore compensated by Congress through enactment of private law, or to pay any amount as compensation for any benefit to which the claimant might subsequently become entitled under the laws and regulations administered by the Secretary of Veterans Affairs.

§ 52.72 Procedures.

(a) In each case the Board transmits a copy of its decision or the Secretary's decision to the proper Coast Guard authority for determination of monetary benefits due, if any, as a result of the action of the Board and for corrections of the military record ordered by the Board.

(b) Upon request, the claimant is required to furnish any information necessary to determine the proper parties to the claim for payment under applicable provisions of law.

(c) Appropriate records shall be examined in light of the Board's decision to determine all amounts which may be due. Amounts found due are subject, to the extent authorized by law or regulations, to setoff in the amount of existing indebtedness to the Government arising from Coast Guard service.

(d) At the time of payment, the claimant shall be advised as to the nature and amount of the various benefits represented by the total settlement, and of the fact that acceptance of the settlement constitutes a complete release by the claimant of any claim against the United States on account of the correction of record ordered by the Board.

§ 52.73 Interpretation.

If the intent or import of the final decision is not clear to the Coast Guard or if the Coast Guard believes that executing all or part of the order in the final decision is beyond the Coast Guard's authority, the final decision shall be returned to the Board for clarification or technical amendment.

§ 52.74 Report of settlement.

When payment is made pursuant to the order of the Board, the Board may request the Coast Guard to notify it of the name of any person to whom payment was made and of the amount of the payment.

Subpart I—Miscellaneous Provisions

§ 52.81 Assistance.

The Board may request such advice, opinion, assistance, or use of the facilities of any other bureau, board, or office of the Department of Transportation as the Board deems necessary.

§ 52.82 Submissions sent to or received from the Coast Guard.

(a) The Board shall transmit to the Chief Counsel of the Coast Guard a copy of each application for relief submitted under subpart C of this part that has not been denied pursuant to §52.32, together with any briefs, memoranda, and documentary evidence submitted or obtained in the case.

(b) The Board may request the Coast Guard to submit any additional pertinent facts not disclosed in an application and its supporting documents.

(c) The Chief Counsel may forward to the Board the written views of the Coast Guard on any case before the Board.

(d) A copy of each submission made by the Coast Guard under this section shall be transmitted to the Board, which shall promptly send a copy to the applicant involved. Each applicant has 15 days, from the date the Board sends the submission, to rebut or respond to such submission.

(e) Information and views furnished by the Coast Guard under this section shall not be binding upon the Board, but shall be considered by the Board along with all other information and material submitted in the particular case.
Coast Guard, DOT

PART 53—COAST GUARD WHISTLEBLOWER PROTECTION

§ 53.1 Purpose.
This part:
(a) Establishes policy and implements section 1034 of title 10 of the United States Code to provide protection against reprisal to members of the Coast Guard for making a lawful communication to a Member of Congress or an Inspector General.
(b) Assigns responsibilities and delegates authority for such protection and prescribes operating procedures.

§ 53.3 Applicability.
This part applies to members of the United States Coast Guard, the Board for Correction of Military Records of the Coast Guard, and the Department of Transportation’s Office of the Inspector General.

§ 53.5 Definitions.
As used in this part, the following terms shall have the meaning stated, except as otherwise provided:
Board for Correction of Military Records of the Coast Guard. The Department of Transportation Board for Correction of Military Records of the Coast Guard (Board) is empowered under 10 U.S.C. 1552 to make corrections of Coast Guard military records. The Board is part of the Office of the General Counsel in the Office of the Secretary of Transportation.
Corrective Action. Any action deemed necessary to make the complainant whole, changes in agency regulations or practices, and/or administrative or disciplinary action against offending personnel, or referral to the U.S. Attorney General or court martial convening authority of any evidence of criminal violation.

Law Specialist. A commissioned officer of the Coast Guard designated for special duty (law).
Member of the Coast Guard. Any past or present Coast Guard uniformed personnel, officer or enlisted, regular or reserve. This definition includes cadets of the Coast Guard Academy.
Member of Congress. In addition to a Representative or a Senator, the term includes any Delegate or Resident Commissioner to Congress.
Personnel Action. Any action taken regarding a member of the Coast Guard that adversely affects or has the potential to adversely affect the member's position or his or her career. Such actions include, but are not limited to, a disciplinary or other corrective action; a transfer or reassignment; a performance evaluation; or a decision concerning a promotion, pay, benefits, awards, or training.
Reprisal. Taking or threatening to take an unfavorable personnel action or withholding or threatening to withhold a favorable personnel action against a member of the Coast Guard for making or preparing to make a communication to a Member of Congress or an Inspector General.
Secretary. The Secretary of Transportation or his or her delegate.

§ 53.7 Requirements.
(a) No person within the Department of Transportation may restrict a member of the Coast Guard from lawfully communicating with a Member of Congress or an Inspector General.
(b) Members of the Coast Guard shall be free from reprisal for making or preparing to make a communication to a Member of Congress or an Inspector General.
(c) Any employee or member of the Coast Guard who has the authority to take, direct others to take, or recommend or approve any personnel action shall not, under such authority, take, withhold, threaten to take, or threaten to withhold a personnel action regarding any member of the Coast Guard in reprisal for making or
§ 53.9 Responsibilities.

(a) The Inspector General, Department of Transportation shall:

(1) Expeditiously investigate any allegation, if such allegation is submitted, that a personnel action has been taken (or threatened) in reprisal for making or preparing to make a lawful communication to a Member of Congress or an Inspector General concerning a complaint or disclosure of information that the member reasonably believes constitutes evidence of a violation of law or regulation, mismanagement, a gross waste of funds, an abuse of authority, or a substantial and specific danger to public health or safety. No investigation is required when such allegation is submitted more than 60 days after the Coast Guard member became aware of the personnel action that is the subject of the allegation.

(2) Initiate a separate investigation of the information the Coast Guard member believes evidences wrongdoing if such investigation has not already been initiated. The Inspector General is not required to make such an investigation if the information that the Coast Guard member believes evidences wrongdoing relates to actions that took place during combat.

(3) Complete the investigation of the allegation of reprisal and issue a report not later than 90 days after receipt of the allegation, which shall include a thorough review of the facts and circumstances relevant to the allegation, the relevant documents acquired during the investigation, and summaries of interviews conducted. The Inspector General may forward a recommendation as to the disposition of the complaint.

(4) Submit a copy of the investigation report to the Secretary of Transportation and to the Coast Guard member making the allegation not later than 30 days after the completion of the investigation. The copy of the report issued to the Coast Guard member may exclude any information not otherwise available to the Coast Guard member under the Freedom of Information Act (5 U.S.C. 552).

(b) The Board shall, in accordance with its regulations (33 CFR part 52):

(1) Consider under 10 U.S.C. 1552 and 33 CFR part 52 an application for the correction of records made by a Coast Guard member who has filed a timely complaint with the Inspector General, alleging that a personnel action was taken in reprisal for making or preparing to make a lawful communication to a Member of Congress or an Inspector General. This may include oral argument, examining and cross-examining witnesses, taking depositions, and conducting an evidentiary hearing at the Board’s discretion.

(2) Review the report of any investigation by the Inspector General into the Coast Guard member’s allegation of reprisal.

(3) As deemed necessary, request the Inspector General to gather further evidence and issue a further report to the Board.

(4) Issue a final decision concerning the application for the correction of military records under this part not later than 180 days after receipt of a complete application.

(c) If the Board elects to hold an administrative hearing, the Coast Guard member may be represented by a Coast Guard law specialist if:

(1) The Inspector General, in the report of the investigation, finds there is probable cause to believe that a personnel action was taken, withheld, or threatened in reprisal for the Coast Guard member making or preparing to make a lawful communication to a
Member of Congress or an Inspector General;
(2) The Chief Counsel of the Coast Guard determines that the case is unusually complex or otherwise requires the assistance of a law specialist to ensure proper presentation of the legal issues in the case; and
(3) The Coast Guard member is not represented by outside counsel chosen by the member.

(d) If the Board elects to hold an administrative hearing, the Board must ensure that the Coast Guard member may examine witnesses through deposition, serve interrogatories, and request the production of evidence, including evidence in the Inspector General investigatory record but not included in the report released to the member.
(e) If the Board determines that a personnel action was taken in reprisal for a Coast Guard member making or preparing to make a lawful communication to a Member of Congress or an Inspector General, the Board may forward its recommendation to the Secretary for the institution of appropriate administrative or disciplinary action against the individual or individuals found to have taken reprisal, and direct any appropriate correction of the member's records.
(f) The Board shall notify the Inspector General of the Board's decision concerning an application for the correction of military records of a Coast Guard member who alleged reprisal for making or preparing to make a lawful communication to a Member of Congress or an Inspector General, and of any recommendation to the Secretary for appropriate administrative or disciplinary action against the individual or individuals found to have taken reprisal.
(g) When reprisal is found, the Secretary shall ensure that appropriate corrective action is taken.

§ 53.11 Procedures.
(a) Any member of the Coast Guard, who reasonably believes a personnel action (including the withholding of an action) was taken or threatened in reprisal for making or preparing to make a lawful communication to a Member of Congress or an Inspector General, may file a complaint with the DOT Inspector General Hotline under this part. Such a complaint may be filed by telephone, or by letter addressed to the Department of Transportation, Office of Inspector General, Hotline Center, P.O. Box 23178, Washington, D.C. 20026-0178. Telephone Numbers: 1-800-424-9071, FTS 8-366-1461. The commercial number is (202) 366-1461.
(b) The complaint should include the name, address, and telephone number of the complainant; the name and location of the activity where the alleged violation occurred; the personnel action taken, or threatened, that is alleged to be motivated by reprisal; the individual(s) believed to be responsible for the personnel action; the date when the alleged reprisal occurred; and any information that suggests or evidences a connection between the communication and reprisal. The complaint should also include a description of the communication to a Member of Congress or an Inspector General including a copy of any written communication and a brief summary of any oral communication showing date of communication, subject matter, and the name of the person or official to whom the communication was made.
(c) A member of the Coast Guard who is alleging reprisal for making or preparing to make a lawful communication to a Member of Congress or an Inspector General, may submit an application for the correction of military records to the Board, in accordance with regulations governing the Board. See 33 CFR part 52.
(d) An application submitted under paragraph (c) of this section shall be considered in accordance with regulations governing the Board. See 33 CFR part 52.

PART 54—ALLOCMENTS FROM ACTIVE DUTY PAY FOR CERTAIN SUPPORT OBLIGATIONS

Sec. 54.01 Purpose.
54.03 Persons authorized to give notices.
54.05 Form and contents of notice.
54.07 Service of notice upon designated Coast Guard official.

AUTHORITY: 42 U.S.C. 665(c).

SOURCE: CGD 82-109, 48 FR 4285, Jan. 31, 1983, unless otherwise noted.
§ 54.01 Purpose.

This part prescribes procedures for State officials to notify the Coast Guard that a member on active duty is delinquent in meeting an obligation for child support alone, or both child and spousal support, in an amount equal to the support payable for two months or longer. Under 42 U.S.C. 665, an allotment may be taken from the pay and allowances of the member in this situation.

§ 54.03 Persons authorized to give notices.

For the purpose of instituting an allotment under this part, notice that a Coast Guard member is delinquent in meeting support obligations may be given by:

(a) Any agent or attorney of any State having in effect a plan approved under Part D of Title IV of the Social Security Act (42 U.S.C. 651-664), who has the duty or authority to seek recovery of any amounts owed as child or child and spousal support, including any official of a political subdivision when authorized under a State plan.

(b) The court that has authority to issue an order against the member for the support and maintenance of a child, or any agent of that court.

§ 54.05 Form and contents of notice.

(a) The notice required to institute an allotment under this part must be given in the form of a court order, letters, or other document issued by a person specified in §54.03.

(b) The notice must:

(1) Provide the full name, social security number, and duty station of the member who owes the support obligation;

(2) Specify the amount of support due, and the period in which it has remained owing;

(3) Be accompanied by a certified copy of an order directing the payment of this support issued:

(i) By a court of competent jurisdiction; and

(ii) In accordance with an administrative procedure which is established by State law, affords substantial due process, and is subject to judicial review;

(4) Provide the full name, social security number, and mailing address of the person to whom the allotment is to be paid;

(5) Identify the period in which the allotment is to remain in effect; and

(6) Identify the name and birth date of all children for whom support is to be provided under the allotment.

(c) Each notice must be accompanied by the following information:

(1) For each administrative order, a copy of all provisions of state law governing its issuance.

(2) For each court order and for each administrative order, if not stated in the support order:

(i) An explanation as to how personal jurisdiction was obtained over the member; and

(ii) A statement on the age of majority in the state law, with appropriate legal citations.

§ 54.07 Service of notice upon designated Coast Guard official.

The notice and all accompanying documentation must be sent to Commanding Officer, Coast Guard Human Resources Service and Information Center, Federal Building, 444 S.E. Quincy Street, Topeka, KS 66603-3591, (913) 295-2520.

Subchapter B

Subpart A—General

§ 55.1 Purpose.

This subpart implements 46 U.S.C. 515, which provides for Coast Guard Child Development Services.

§ 55.3 Who is covered by this subpart?

This subpart applies to all Coast Guard installations.

§ 55.5 Who is eligible for child development services?

Coast Guard members and civilian Coast Guard employees are eligible for the child developmental services described in this subpart. As space is available, members of the other Armed Forces and other Federal civilian employees are also eligible.

§ 55.7 Definitions.

As used in this subpart—

Child development center means a facility located on a Coast Guard installation that offers, on a regularly scheduled basis, developmental services designed to foster social, emotional, physical, creative, and intellectual growth to groups of children.

Child development services means developmental services provided at a child development center or by a family child care provider at his or her Coast Guard-owned or -leased home.

Coast Guard family child care provider means a Coast Guard family member, 18 years of age or older, who provides child care for 10 hours or more per week per child to one but no more than six children, including the provider’s own children under the age of eight, on a regular basis in his or her Coast Guard-owned or -leased housing.

Coast Guard family child care services means child care provided on a regularly scheduled basis for 10 hours or more per week by an individual certified by the Coast Guard and who resides in Coast Guard-controlled housing.

Command means the Commanding Officer of one or more units of personnel in a limited geographic area with responsibility for a child development center.

Family child care means child care provided in the home of a provider, either a Coast Guard family child care provider or a family home day care provider.

Family home day care provider means an individual 18 years of age or older who is licensed by the state agency that regulates child care. This person provides child care to one but to no more than six children, including the provider’s own children under the age of eight, on a regular basis in his or her residence.

Geographic cost of living allowance means the adjustment in basic pay related to higher living costs in certain geographic areas.

Total family income means the earned income for adult members of the household including wages, salaries, tips, long-term disability benefits received by a family, incentive and special pay for service or anything else of value, even if not taxable, that was received for providing services. Also included is Basic Allowance for Housing and Basic Allowance for Subsistence authorized for the pay grade of military personnel, whether the allowance is received in cash or in-kind. Total Family Income does not include: the geographic cost of living allowance; alimony and child support; temporary duty allowances or reimbursements for educational expenses; veterans benefits; workers compensation benefits; and, unemployment compensation. These are to be excluded from total family income.

Uneconomical and inefficient means that the fees collected from parents can not be used in a manner that provides a quality program at an affordable cost to parents using the child care services.

§ 55.9 Child development centers.

(a) The Commandant may make child development services available at child development centers located at Coast Guard installations.

(b) Regular and unannounced inspections of each child development center shall be conducted annually by headquarters program personnel, the commanding officer of the sponsoring command, fire personnel, and health and safety personnel.

(c) Training programs shall be conducted monthly to ensure that all child
§ 55.11 How are child development center fees established?

(a) Fees for the provision of services at child development centers shall be set by each Command with responsibility for a center-based program, according to the following total family income chart:

<table>
<thead>
<tr>
<th>Total Family Income</th>
<th>Fee</th>
</tr>
</thead>
<tbody>

(b) Fees for the provision of services at Coast Guard child development centers shall be used only for compensation for employees at those centers who are directly involved in providing child care, unless it is uneconomical and inefficient. If uneconomical and inefficient, then the fees may be used for:

(1) The purchase of consumable or disposable items for Coast Guard child development centers; and

(2) If the requirements of such centers for consumable or disposable items for a given fiscal year have been met, for other expenses of those centers.

§ 55.13 Family child care providers.

When appropriated funds are available, funds may be offered to provide assistance to Coast Guard Family Child Care Providers or to family home day care providers so that family child care services can be provided to military members and civilian employees of the Coast Guard, at a cost comparable to the cost of services at Coast Guard child development centers.

PART 62—UNITED STATES AIDS TO NAVIGATION SYSTEM

Subpart A—General

§ 62.1 Purpose.

(a) The Coast Guard administers the U.S. Aids to Navigation System. The system consists of Federal aids to navigation operated by the Coast Guard, aids to navigation operated by the other armed services, and private aids to navigation operated by other persons.

(b)(1) This part describes the general characteristics of the U.S. Aids to Navigation System, and the details, policies and procedures employed by the Coast Guard in establishing, maintaining, operating, changing or discontinuing Federal aids to navigation. Regulations concerning the marking of wrecks, structures, and other obstructions are found in 33 CFR part 64. Regulations concerning private aids are found in 33 CFR part 66. Regulations concerning the marking of artificial islands and structures which are erected on or over the seabed and subsoil of the Outer Continental Shelf of the United States or its possessions are found in 33 CFR part 67. Regulations concerning the marking of bridges are found in 33 CFR part 118. Regulations concerning aids to navigation at deepwater ports are found in subchapter NN of this chapter.

(2) The regulations found in 33 CFR subpart 66.10 expire on December 31, 2003, at which time the provisions of this part will apply.

(c) The Coast Guard maintains systems of marine aids to navigation consisting of visual, audible, and electronic signals which are designed to assist the prudent mariner in the process of navigation. The aids to navigation system is not intended to identify every shoal or obstruction to navigation which exists in the navigable waters of the United States, but rather provides for reasonable marking of marine features as resources permit. The primary objective of the aids to navigation system is to mark navigable channels and waterways, obstructions...
adjacent to these waterways, and obstructions in areas of general navigation which may not be anticipated. Other waters, even if navigable, are generally not marked.

§ 62.21 General.

(a) The navigable waters of the United States and non-navigable State waters after December 31, 2003, are marked to assist navigation using the U.S. Aids to Navigation System, a system consistent with the International Association of Lighthouse Authorities (IALA) Maritime Buoyage System. The IALA Maritime Buoyage System is followed by most of the world’s maritime nations and will improve maritime safety by encouraging conformity in buoyage systems worldwide. IALA buoyage is divided into two regions made up of Region A and Region B. All navigable waters of the United States follow IALA Region B, except U.S. possessions west of the International Date Line and south of 10 degrees north latitude, which follow IALA Region A. Lateral aids to navigation in Region A vary from those described throughout this Subpart. Non-lateral aids to navigation are the same as those used in Region B. See §62.25. Appropriate nautical charts and publications should be consulted to determine whether the Region A or Region B marking schemes are in effect for a given area.

(b) The U.S. Aids to Navigation System is designed for use with nautical charts. Nautical charts portray the physical features of the marine environment, including soundings and other submarine features, landmarks, and other aids necessary for the proper navigation of a vessel. This crucial information cannot be obtained from other sources, even ones such as topographic maps, aeronautical charts, or atlases. The exact meaning of an aid to navigation may not be clear to the mariner unless the appropriate chart is consulted, as the chart illustrates the relationship of the individual aid to navigation to channel limits, obstructions, hazards to navigation, and to the total aids to navigation system.

Subpart B—The U.S. Aids to Navigation System

§ 62.21 General.

(a) The Coast Guard may establish aids to navigation to mark marine parades and regattas which are regulated by the Coast Guard for the purpose of protecting life and property and assist in the observance and enforcement of special regulations. For marine parade and regatta regulations, see Part 100 of this chapter.

(b) [Reserved]
instruments for navigation depending on the vessel’s requirements. This shipboard equipment is separate from the aids to navigation system, but is often essential to its use. The following publications are available from the U.S. Government to assist the navigator:

1. The Light List, published by the Coast Guard and available through the Government Printing Office or authorized sales agents, lists federal and private aids to navigation. It includes all major Federal aids to navigation and those private aids to navigation which have been deemed to be important to general navigation, and includes a physical description of these aids and their locations.

2. The United States Coast Pilot, published by the National Ocean Service and available through that agency or authorized nautical chart sales agents, supplements the information shown on nautical charts. Subjects such as local navigation regulations, channel and anchorage peculiarities, dangers, climatological data, routes, and port facilities are covered.

3. Local Notices to Mariners are published by local Coast Guard District Commanders. Persons may be placed on the mailing list to receive local Notices by contacting the Aids to Navigation and Waterway Management Branch of the appropriate Coast Guard District. These notices pass information affecting navigation safety. Changes to aids to navigation, reported dangers, scheduled construction or other disruptions, chart corrections and similar useful marine information is made available through this publication.

4. The Notice to Mariners is a national publication similar to the Local Notice to Mariners, published by the Defense Mapping Agency, and available by writing: Director, Defense Mapping Agency, Combat Support Center, Code PMSA, Washington, DC 20315-0010. A letter of justification should be included in the request. This publication provides ocean going vessels significant national and international navigation and safety information.

5. The mariner should also listen to Coast Guard Broadcast Notices to Mariners. These broadcasts update the Local Notice to Mariners with more timely information. Mariners should monitor VHF-FM channel 16 to locate Coast Guard Marine Information Broadcasts.

(d) The U.S. Aids to Navigation System is primarily a lateral system which employs a simple arrangement of colors, shapes, numbers, and light characteristics to mark the limits of navigable routes. This lateral system is supplemented by nonlateral aids to navigation where appropriate.

(e) Generally, lateral aids to navigation indicate on which side of a vessel an aid to navigation should be passed when the vessel is proceeding in the Conventional Direction of Buoyage. Normally, the Conventional Direction of Buoyage is the direction in which a vessel enters navigable channels from seaward and proceeds towards the head of navigation. In the absence of a route leading from seaward, the Conventional Direction of Buoyage generally follows a clockwise direction around land masses. For example, proceeding southerly along the Atlantic Coast, from Florida to Texas along the Gulf Coast, and northerly along the Pacific Coast are considered as proceeding in the Conventional Direction of Buoyage. In some instances, this direction must be arbitrarily assigned. Where doubt exists, the mariner should consult charts and other nautical publications.

(f) Although aids to navigation are maintained to a reasonable degree of reliability, the rigors of the marine environment and various equipment failures do cause discrepancies on occasion.

(g) The Coast Guard makes reasonable efforts to inform the navigator of known discrepancies, and to correct them within a reasonable period of time, depending upon resources available. Occasionally, a temporary aid to navigation, which provides different but similar service, is deployed until permanent repairs can be made to the original aid. Notification of such temporary changes is made through the notice to mariners system.

(h) Until 1994, some private aids to navigation may display characteristics at variance with the U.S. Aids to Navigation System. Mariners should exercise caution when using private aids to navigation because private aids are
Coast Guard, DOT § 62.25

often established to serve the needs of specific users rather than general navigation and their purpose may not be obvious to casual users; and, discrepancies to private aids are often detected, reported, and corrected less promptly than discrepancies to Coast Guard aids to navigation.

§ 62.23 Beacons and buoys.

(a) Aids to navigation are placed on shore or on marine sites to assist a navigator to determine his position or safe course. They may mark limits of navigable channels, or warn of dangers or obstructions to navigation. The primary components of the U.S. Aids to Navigation System are beacons and buoys.

(b) Beacons are aids to navigation structures which are permanently fixed to the earth’s surface. They range from large lighthouses to small, single-pile structures and may be located on land or in the water. Lighted beacons are called lights; unlighted beacons are called daybeacons.

(1) Beacons exhibit a daymark. For small structures these are colored geometric shapes which make an aid to navigation readily visible and easily identifiable against background conditions. Generally, the daymark conveys to the mariner, during daylight hours, the same significance as does the aid’s light or reflector at night. The daymark of large lighthouses and towers, however, consists of the structure itself. As a result, these daymarks do not infer lateral significance.

(2) Vessels should not pass beacons close aboard due to the danger of collision with rip-rap or structure foundations, or the obstruction or danger that the aid marks.

(c) Buoys are floating aids to navigation used extensively throughout U.S. waters. They are moored to the seabed by sinkers with chain or other moorings of various lengths.

(1) The daymark of a buoy is the color and shape of the buoy and, if so equipped, of the topmark.

(ii) Nun buoys have a tapered, conical shape.

(iii) Pillar buoys have a wide cylindrical base supporting a narrower superstructure. They may be surmounted by colored shapes called topmarks.

(iv) Spherical buoys have a round shape.

(2) Mariners attempting to pass a buoy close aboard risk collision with a yawing buoy, the buoy’s mooring, or with the obstruction which the buoy marks.

(3) Mariners should not rely on buoys alone for determining their positions due to factors limiting their reliability. Prudent mariners will use bearings or angles from beacons or other landmarks, soundings, and various methods of electronic navigation. Buoys vary in reliability because:

(i) Buoy positions represented on nautical charts are approximate positions only, due to practical limitations in positioning and maintaining buoys and their sinkers in precise geographical locations.

(ii) Buoy moorings vary in length. The mooring lengths define a “watch circle”, and buoys can be expected to move within this circle. Actual watch circles do not coincide with the dots or circles representing them on charts.

(iii) Buoy positions are normally verified during periodic maintenance visits. Between visits, environmental conditions, including atmospheric and sea conditions, and seabed slope and composition, may shift buoys off their charted positions. Also buoys may be dragged off station, sunk, or capsized by a collision with a vessel.

[CGD 86-031, 52 FR 42640, Nov. 6, 1987; CGD 86-031, 52 FR 46686, Dec. 5, 1987]

§ 62.25 Lateral marks.

(a) Lateral marks define the port and starboard sides of a route to be followed. They may be either beacons or buoys.

(b) Sidemarks are lateral marks which advise the mariner to stay to one side of the mark. Their most frequent use is to mark the sides of channels; however, they may be used individually to mark obstructions outside of clearly defined channels. Sidemarks are not always placed directly on a channel edge and may be positioned...
outside the channel as indicated on charts and nautical publications.

(1) Port hand marks indicate the left side of channels when proceeding in the Conventional Direction of Buoyage. Beacons have green square daymarks, while buoys are green can or pillar buoys.

(2) Starboard hand marks indicate the right side of channels when proceeding in the Conventional Direction of Buoyage. Beacons have red triangular daymarks, while buoys are red nun or pillar buoys.

(c) Preferred channel marks indicate channel junctions or bifurcations and may also mark wrecks or obstructions which the mariner, after consulting a chart to ascertain the location of the obstruction relative to the aid, may pass on either side. Preferred channel marks have red and green horizontal bands with the color of the topmost band indicating the preferred channel. If the topmost band is green, the mark serves as a port hand mark for vessels following the preferred channel proceeding in the Conventional Direction of Buoyage, and as a starboard hand mark for the other channel. Beacons would have square daymarks, while buoys would be can or pillar buoys. If the topmost band is red, the mark serves as a starboard hand mark for vessels following the preferred channel proceeding in the Conventional Direction of Buoyage, and a port hand mark for the other channel. Beacons would have triangular daymarks, while buoys would be nun or pillar buoys.

(d) The above color schemes apply to IALA Region B. Marks located in the IALA Region A exhibit reversed color significance: port hand marks will be red when following the Conventional Direction of Buoyage, and starboard hand marks will be green. The meaning of daymark and buoy shapes is identical in both regions.

(e) Certain marks on the Intracoastal Waterway may exhibit reversed lateral significance. See §62.49.

[CGD 86-031, 52 FR 42540, Nov. 6, 1987, as amended by CGD 88-018, 54 FR 48608, Nov. 24, 1989]

§ 62.27 Safe water marks.

Safe water marks indicate that there is navigable water all around the mark. They are often used to indicate fairways or midchannels, or the seaward end of channels. Safe water marks are colored with red and white vertical stripes. Beacons have an octagonal daymark; red and white buoys are spherical or display a red spherical topmark.

[CGD 86-031, 52 FR 42540, Nov. 6, 1987, as amended by CGD 88-018, 54 FR 48608, Nov. 24, 1989]

§ 62.29 Isolated danger marks.

Isolated danger marks indicate an isolated danger which may be passed on all sides. As these marks are erected or moored on or near dangers, they should not be approached closely without special caution. These marks are colored black with one or more broad horizontal red bands and are equipped with a topmark of two black spheres, one above the other.

[CGD 86-031, 52 FR 42540, Nov. 6, 1987, as amended by CGD 88-018, 54 FR 48608, Nov. 24, 1989]

§ 62.31 Special marks.

Special marks are not primarily intended to assist safe navigation, but to indicate special areas or features referred to in charts or other nautical publications. They may be used, for example, to mark anchorages, cable or pipeline areas, traffic separation schemes, military exercise zones, ocean data acquisition systems, etc. Special marks are colored solid yellow.

§ 62.32 Inland waters obstruction mark.

(a) On inland waters designated by the Commandant as State waters in accordance with §66.05-5 of this chapter and on non-navigable internal waters of a State which have no defined head of navigation, a buoy showing alternate vertical black and white stripes may be used to indicate to a vessel operator that an obstruction to navigation extends from the nearest shore to the buoy.

(b) The black and white buoy’s meaning is “do not pass between the buoy and the shore”. The number of white and black stripes is discretionary, provided that the white stripes are twice the width of the black stripes. Prior to December 31, 2003, this aid shall not be
§ 62.33 Information and regulatory marks.

(a) Information and Regulatory Marks are used to alert the mariner to various warnings or regulatory matters. These marks have orange geometric shapes against a white background. The meanings associated with the orange shapes are as follows:

(1) A vertical open-faced diamond signifies danger.

(2) A vertical diamond shape having a cross centered within indicates that vessels are excluded from the marked area.

(3) A circular shape indicates that certain operating restrictions are in effect within the marked area.

(4) A square or rectangular shape will contain directions or instructions lettered within the shape.

(b) When a buoy is used as an information or regulatory mark it shall be white with two horizontal orange bands placed completely around the buoy circumference. One band shall be near the top of the buoy body, with a second band placed just above the waterline of the buoy so that both bands are clearly visible.

[CGD 86-031, 52 FR 42640, Nov. 6, 1987, as amended by CGD 97-018, 63 FR 33573, June 19, 1998]

§ 62.35 Mooring buoys.

Mooring Buoys are white with a blue horizontal band. This distinctive color scheme is recommended to facilitate identification and to avoid confusion with aids to navigation.

§ 62.37 Lighthouses.

Lighthouses are prominent beacons of varying size, color, and appearance employed to mark headlands, landfalls, harbor entrances, channel edges, hazards, and other features. While normally identified by their distinctive appearance, some lighthouses display diamond shaped, checkered daymarks to facilitate recognition.

§ 62.39 Large navigational buoys.

Large Navigational Buoys (LNB's) may be considered floating lighthouses. They generally provide light, sound, and radio beacon signals, and some are equipped with radar beacons (racons). LNB's are red in color, have a forty foot diameter hull, and a tower approximately forty feet in height.

§ 62.41 Ranges.

Ranges are aids to navigation systems employing dual beacons which, when the structures appear to be in line, assist the mariner in maintaining a safe course. The appropriate nautical chart must be consulted when using ranges to determine whether the range marks the centerline of the navigable channel and also to ascertain what section of the range may be safety traversed. Ranges are generally, but not always, lighted, and display rectangular daymarks of various colors.

[CGD 86-031, 52 FR 42640, Nov. 6, 1987; CGD 86-031, 52 FR 46351, Dec. 5, 1987]

§ 62.43 Numbers and letters.

(a) All solid red and solid green aids are numbered, with red aids bearing even numbers and green aids bearing odd numbers. The numbers for each increase in the Conventional Direction of Buoyage. Numbers are kept in approximately sequence on both sides of the channel by omitting numbers where necessary.

(b) Only sidemarks are numbered. However, aids other than those mentioned above may be lettered to assist in their identification, or to indicate their purpose. Sidemarks may carry letters in addition to numbers to identify the first aid to navigation in a waterway, or when new aids to navigation are added to channels with previously completed numerical sequences. Letters on sidemarks will follow alphabetical order from seaward and proceeding toward the Conventional Direction of Buoyage and will be added to numbers as suffixes.

(c) Aids to navigation may be fitted with light-reflecting material to increase their visibility in darkness. The colors of this material may convey the same significance as the aid, except that letters and numbers may be white.
§ 62.45 Light characteristics.

(a) Lights on aids to navigation are differentiated by color and rhythm. Lighthouses and range lights may display distinctive light characteristics to facilitate recognition. No special significance should be attached to the color or rhythm of such lights. Other lighted aids to navigation employ light characteristics to convey additional information.

(b) When proceeding in the Conventional Direction of Buoyage, aids to navigation, if lighted, display light characteristics as follows:

(1) Green lights mark port (left) sides of channels and locations of wrecks or obstructions which are to be passed by keeping these lights on the port (left) hand of a vessel. Green lights are also used on Preferred Channel Marks where the topmost band is green.

(2) Red lights mark starboard (right) sides of channels and locations of wrecks or obstructions which are to be passed by keeping these lights on the starboard (right) hand of a vessel. Red lights are also used on Preferred Channel Marks where the topmost band is red.

(3) Certain lights marking the Intracoastal Waterway may display reversed lateral significance. See §62.49.

(c) Yellow lights have no lateral significance. Except on the Western Rivers, see §62.51, white lights have no lateral significance. The purpose of aids exhibiting white or yellow lights may be determined by their shape, color, letters or numbers, and the light rhythm employed.

(d) Light rhythms, except as noted in §62.51 for the Western Rivers, are employed as follows:

(1) Aids with lateral significance display regularly flashing or regularly occulting light rhythms. Ordinarily, flashing lights (frequency not exceeding 30 flashes per minute) will be used.

(2) Preferred Channel Marks display a composite group flashing light rhythm (groups of two flashes followed by one flash).

(3) Safe Water Marks display a white Morse Code “A” rhythm (short-long flash).

(4) Isolated Danger Marks display a white group flashing two.

(5) Special Marks display yellow lights with fixed or slow flashing rhythm preferred.

(6) Mooring Buoys and Information and Regulatory Marks display white lights of various rhythms.

(7) For situations where lights require a distinct cautionary significance, as at sharp turns, sudden channel constrictions, wrecks, or obstructions, a quick flashing light rhythm (60 flashes per minute) may be used.

(e) Occasionally lights use sectors to mark shoals or warn mariners of other dangers. Lights so equipped show one color from most directions and a different color or colors over definite arcs of the horizon as indicated on the appropriate nautical chart. These sectors provide approximate bearing information since the observer should note a change of color as the boundary between the sectors is crossed. As sector bearings are not precise, they should be considered a warning only and not used to determine exact bearing to the light.

(f) Aids to navigation may be fitted with light-reflecting material to increase their visibility in darkness. Green or red reflective material is used only on marks which, if lighted, would exhibit a light of that color. Yellow reflective material is used on special marks and on Intracoastal Waterway marks. No significance is attached to white reflective material.

§ 62.47 Sound signals.

(a) Often sound signals are located on or adjacent to aids to navigation. When visual signals are obscured, sound signals warn mariners of the proximity of danger.

(1) Sound signals are distinguished by their tone and phase characteristics.

(i) Tones are determined by the devices producing the sound (i.e., diaphones, diaphragm horns, reed horns, sirens, whistles, bells and gongs).

(ii) Phase characteristics are defined by the signal’s sound pattern, i.e., the number of blasts and silent periods per minute and their durations. Sound signals emanating from fixed structures generally produce a specific number of blasts and silent periods each minute when operating. Buoy sound signals are generally actuated by the motion of the sea and therefore do not emit a regular signal characteristic.

(2) Where no live watch is maintained, sound signals are normally operated continuously. However, some are equipped with fog detectors which activate sound signals when visibility falls below a predetermined limit.

(b) Mariners should not rely solely on sound signals to determine their positions for the following reasons:

(1) Distance cannot be accurately determined by sound intensity.

(2) Occasionally sound signals may not be heard in areas close to their location.

(3) Signals may not sound in cases where fog exists close to, but not at, the location of the sound signal.

(4) As buoy signals are generally activated by sea motion, they may produce no signals when seas are calm.

(5) As previously noted, buoy positions are not always reliable. Therefore their sound signals cannot be assumed to be emanating from a fixed position.

§ 62.49 Intracoastal Waterway identification.

(a) In addition to the conventional signals, aids to navigation marking the Intracoastal Waterway exhibit unique yellow symbols to distinguish them from aids marking other waters.

(1) Yellow triangles indicate that aids to navigation so marked should be passed keeping them on the starboard (right) hand of a vessel, regardless of the aid's number, color, or light color.

(2) Yellow squares indicate that aids to navigation so marked should be passed keeping them on the port (left) hand of a vessel, regardless of the aid’s number, color, or light color.

(3) A horizontal yellow band provides no lateral information, but simply identifies aids to navigation as marking the Intracoastal Waterway.

(b) The above guidelines apply for vessels traversing the Intracoastal Waterway in a southerly direction on the Atlantic Coast, in a westerly direction on the Okeechobee Waterway, or in a westerly direction along the Gulf Coast.

§ 62.51 Western Rivers Marking System.

(a) A variation of the standard U.S. aids to navigation system described above is employed on the Mississippi River and tributaries above Baton Rouge, LA and on certain other rivers which flow toward the Gulf of Mexico.

(b) The Western Rivers System varies from the standard U.S. system as follows:

(1) Buoys are not numbered.

(2) Numbers on beacons do not have odd/even lateral significance but, rather, indicate mileage from a fixed point (normally the river mouth).

(3) Diamond-shaped non-lateral dayboards, checkered red-and-white or green-and-white, similar to those used in the USATONS, as appropriate, are used as crossing dayboards where the river channel crosses from one bank to the other.

(4) Lights on green buoys and on beacons with green daymarks show a single flash which may be green or white.

(5) Lights on red buoys and on beacons with red daymarks show a double flash [Group Flashing (2)] which may be red or white.

(6) Isolated danger marks are not used.
§ 62.53 Racons.
(a) Aids to navigation may be enhanced by the use of radar beacons (racons). Racons, when triggered by a radar signal, will transmit a coded reply to the interrogating radar. This reply serves to identify the aid station by exhibiting a series of dots and dashes which appear on the radar display in a line emanating radially from just beyond the echo of the aid station. Although racons may be used on both laterally significant and non-laterally significant aids alike, the racon signal itself is for identification purposes only, and therefore carries no lateral significance.

(b) Racons are also used as bridge marks to mark the best point of passage.

§ 62.54 Ownership identification.
Ownership identification on private or state aids to navigation is permitted so long as it does not change or hinder an understanding of the meaning of the aid to navigation.

§ 62.55 General.
Maritime radiobeacons operate during specific intervals as published in Coast Guard Light Lists. For station identification, simple characteristics consisting of combinations of dots and dashes are used. The characteristics of marker-beacons are composed of series of dashes for part of a 15 second cycle, which is followed by a silent period to complete the cycle. The transmitted power of maritime radiobeacons is adjusted to provide a useable signal at the service range which meets the operational requirement. Marker-beacons are of low power for local use only. Coast Guard maritime radiobeacons operate within the frequency band 275-335 kilohertz.

§ 62.57 Carrier type operation.
Radiobeacons superimpose the characteristic code on a carrier frequency which is on continuously during the period of transmission. This extends the usefulness of maritime radiobeacons to aircraft and ships employing automatic direction finders.

§ 62.59 Calibration service.
Special calibration radiobeacons, as listed in the current editions of the Coast Guard Light Lists, will broadcast continuously for the purpose of enabling vessels to calibrate their direction finders upon request either to the cognizant District Commander, or, if time does not permit, directly to the calibration station. Signals for requesting calibration service are described in the current editions of the Coast Guard Light Lists. In the case of sequenced radiobeacon stations, continuous transmission for calibration purposes cannot be made without interference resulting with other stations in the same frequency group.

§ 62.61 Caution.
(a) A vessel steering a course for a radiobeacon should observe the same precautions that apply when steering for a light or any other mark.

(b) Distance cannot be accurately determined by radiobeacon signal. Mariners must exercise extreme caution when the aid to navigation which supports the radiobeacon is not visible, and no other means of determining its distance is available.

(c) If the radiobeacon is aboard a Large Navigational Buoy (LNB) or on any marine site, particular care should be exercised to avoid the possibility of collision. In addition, caution should be exercised in using radiobeacons aboard floating aids, because of the possibility that the aid could be off station.

Subpart D—Public Participation in the Aids to Navigation System

§ 62.63 Recommendations.
(a) The public may recommend changes to existing aids to navigation, request new aids or the discontinuation of existing aids, and report aids no longer necessary for maritime safety. These recommendations should be sent to the appropriate District Commander.

(b) Recommendations, requests and reports should be documented with as much information as possible to justify
Coast Guard, DOT

§ 64.03

the proposed action. Desirable information includes:

(1) Nature of the vessels which transit the area(s) in the question, including type, displacement, draft, and number of passengers and crew.

(2) Where practicable, the kinds of navigating devices used aboard such vessels (e.g., magnetic or gyro compasses, radio direction finders, radar, loran, and searchlights).

(3) A chartlet or sketch describing the actual or proposed location of the aid(s), and a description of the action requested or recommended.

§ 62.65 Procedure for reporting defects and discrepancies.

(a) Mariners should notify the nearest Coast Guard facility immediately of any observed aids to navigation defects or discrepancies.

(b) The Coast Guard cannot monitor the many thousands of aids in the U.S. Aids to Navigation System simultaneously and continuously. As a result, it is not possible to maintain every aid operating properly and on its charted position at all times. Marine safety will be enhanced if persons finding aids missing, sunk, capsized, damaged, off station, or showing characteristics other than those advertised in the Light List, or other publication, promptly inform the Coast Guard. When making the report to the Coast Guard the mariner should consult the Light List to ensure the correct geographical information is used due to the similarity of names and geographical areas.

(c) Procedures for reporting defects and discrepancies:

(1) Radio messages should be prefixed “Coast Guard” and transmitted directly to a Government shore radio station listed in Chapter five, Section 5000 of Radio Navigational Aids Publication, 117A and 117B, for relay to the relevant District Commander.

(2) Radio-telegraph communication may be established by using the general call “NCG” on the 500 kilohertz frequency.

(3) Commercial communications facilities should be used only when vessels are unable to contact a Government shore radio station. Charges for these messages will be accepted “collect” by the Coast Guard.

Subpart A—General

§ 64.01 Purpose.

This part prescribes rules relating to the marking of structures, sunken vessels and other obstructions for the protection of maritime navigation.

§ 64.03 Scope.

(a) Except as provided in paragraph (b) of this section these rules apply to:

(1) Structures located in or over waters subject to the jurisdiction of the United States and, on the high seas, structures owned or operated by persons subject to the jurisdiction of the United States;
§ 64.06

(2) Sunken vessels in the navigable waters or waters above the continental shelf of the United States; and
(3) Other obstructions existing on or in the navigable waters or waters above the continental shelf of the United States.

(b) The following obstructions are exempt from the requirements of this part:
(1) Dredging pipelines subject to Subchapter D of this chapter;
(2) Bridges subject to Subchapter J of this chapter;
(3) Vessels subject to the International Regulations for preventing Collisions at Sea, 1972 (1972 COLREGS) or the Inland Navigation Rules;
(4) Deepwater port facilities subject to Subchapter NN of this chapter; and
(5) Artificial islands and structures subject to Part 67 of this subchapter.

§ 64.06 Definition of terms.

As used in this part:

Hazard to navigation means an obstruction, usually sunken, that presents sufficient danger to navigation so as to require expeditious, affirmative action such as marking, removal, or redefinition of a designated waterway to provide for navigational safety.

Markings means the lights and other signals placed on or near structures, sunken vessels, and other obstructions for the protection of navigation.

Obstruction means anything that restricts, endangers, or interferes with navigation.

Structures means any fixed or floating obstruction, intentionally placed in the water, which may interfere with or restrict marine navigation.

Subpart B—Sunken Vessels and Other Obstructions

§ 64.11 Marking and notification requirements.

(a) The owner of a vessel, raft, or other craft wrecked and sunk in a navigable channel shall mark it immediately with a buoy or daymark during the day and with a light at night. The owner of a sunken vessel, raft, or other obstruction that otherwise constitutes a hazard to navigation shall mark it in accordance with this subchapter.

(b) Owners of vessels sunk in waters subject to the jurisdiction of the United States or sunk on the high seas, if the owner is subject to the jurisdiction of the United States, shall promptly report to the District Commander, in whose jurisdiction the obstruction is located, the action they are taking to mark the sunken vessel, giving the following information (in addition to the information required by 46 CFR 4.05, Notice of Marine Casualty and Voyage Records):
(1) Name and description of the sunken vessel;
(2) Accurate description of the location of the vessel;
(3) Depth of water over the vessel; and
(4) Location and type of marking established, including color and shape of buoy or other daymark and characteristic of the light.

(c) Owners of other obstructions may report the existence of such obstructions and mark them in the same manner as prescribed for sunken vessels.

(d) Owners of marine pipelines that are determined to be hazards to navigation shall report and mark the hazardous portion of those pipelines in accordance with 49 CFR parts 192 or 195, as applicable.

Note: Outer Continental Shelf (OCS) lessees are subject to additional notification requirements provided in OCS Order No.1, paragraph 4 (44 FR 76216, December 21, 1979), issued by U.S. Geological Survey.

§ 64.13 Approval of markings.

(a) All markings of sunken vessels and other obstructions established in accordance with § 64.10-1 must be reported to and approved by the appropriate District Commander.
(b) Should the District Commander determine that these markings are inconsistent with Part 62 of this subchapter, they must be replaced as soon as practicable with approved markings.

§ 64.16 Duration of marking on sunken vessels in navigable waters.
Markings shall be maintained until:
(a) The sunken vessel or other obstruction is removed; or
(b) The right of the owner to abandon is legally established and exercised.

NOTE: Notices of abandonment of sunken vessels or other obstructions will not be accepted by the Coast Guard. Any notice of intention to abandon should be addressed to the District Engineer, Corps of Engineers, U.S. Army, within whose district the sunken vessel or other obstruction is located.

Subpart C—Structures

§ 64.21 Marking and notification requirements.
Before establishing a structure, the owner or operator shall apply for Coast Guard authorization to mark the structure in accordance with § 66.01-5 of this chapter. The appropriate District Commander will determine the marking requirements.

§ 64.23 Duration of marking on structures.
Markings determined to be required shall be established and maintained until:
(a) The structure is removed; or
(b) Otherwise directed by the District Commander.

Subpart D—Miscellaneous Provisions

§ 64.31 Determination of hazard to navigation.
In determining whether an obstruction is a hazard to navigation for the purposes of marking, the District Commander considers, but is not limited to, the following factors:
(a) Location of the obstruction in relation to the navigable channel and other navigational traffic patterns;
(b) Navigational difficulty in the vicinity of the obstruction;
(c) Depth of water over the obstruction, fluctuation of the water level, and other hydrologic characteristics in the area;
(d) Draft, type, and density of vessel traffic or other marine activity in the vicinity of the obstruction;
(e) Physical characteristics of the obstruction;
(f) Possible movement of the obstruction;
(g) Location of the obstruction in relation to other obstructions or aids to navigation;
(h) Prevailing and historical weather conditions;
(i) Length of time that the obstruction has been in existence;
(j) History of vessel incidents involving the obstruction; and
(k) Whether the obstruction is defined as a hazard to navigation under other statutes or regulations.

[CGD 91-031, 57 FR 43403, Sept. 21, 1992]

§ 64.33 Marking by the Coast Guard.
(a) The District Commander may mark for the protection of maritime navigation any structure, sunken vessel or other obstruction that is not suitably marked by the owner. Markings established by the Coast Guard do not relieve the owner’s duty or responsibility to mark the sunken vessel or other obstruction, or to remove it as required by law.

(b) Costs for markings established by the Coast Guard will be determined in accordance with part 74 of this Chapter.

(c) Costs for marking of a sunken vessel or other obstruction shall be charged to the owner and shall continue until:
(1) The vessel or other obstruction is removed;
(2) The right of the owner to abandon is legally established and has been exercised; or
(3) The District Commander directs otherwise.
NOTE: When the needs of navigation permit, the owner may be given reasonable opportunity to establish and maintain the necessary markings.

Subpart 66.01—Aids to Navigation Other Than Federal or State

SOURCE: CGFR 68-152, 33 FR 19816, Dec. 27, 1968, unless otherwise noted.

§ 66.01–1 Basic provisions.
(a) No person, public body or instrumentality not under the control of the Commandant, exclusive of the Armed Forces, shall establish and maintain, discontinue, change or transfer ownership of any aid to maritime navigation, without first obtaining permission to do so from the Commandant.

(b) For the purposes of this subpart, the term private aids to navigation includes all marine aids to navigation operated in the navigable waters of the United States other than those operated by the Federal Government (part 62 of this chapter) or those operated in State waters for private aids to navigation (subpart 66.05).

(c) Coast Guard authorization of a private aid to navigation does not authorize any invasion of private rights, nor grant any exclusive privileges, nor does it obviate the necessity of complying with any other Federal, State or local laws or regulations.

(d) With the exception of radar beacons (racons) and shore based radar stations, operation of electronic aids to navigation as private aids will not be authorized.

§ 66.01–3 Delegation of authority to District Commanders.

(a) Pursuant to the authority in 49 CFR 1.45(b), the Commandant delegates to the District Commanders within the confines of their respective districts (see Part 3 of this chapter for descriptions) the authority to grant permission to establish and maintain, discontinue, change or transfer ownership of private aids to maritime navigation, and otherwise administer the requirements of this subpart.

(b) The decisions of the District Commander may be appealed within 30 days from the date of decision. The decision of the Commandant in any case is final.

§ 66.01–5 Application procedure.
Application to establish and maintain, discontinue, change, or transfer ownership of a private aid to navigation shall be made to the Commander of the Coast Guard District in which the private aid to navigation is or will be located. Application forms (CG–2554) will be provided upon request. The applicant shall complete all parts of the form applicable to the aid to navigation concerned, and shall forward the application in triplicate to the District Commander. The following information is required:

(a) The proposed position of the aid to navigation by two or more horizontal angles, or bearings and distance from charted landmarks. A section of chart or sketch showing the proposed location of the aid to navigation shall be included.

(b) The name and address of the person at whose expense the aid will be maintained.

(c) The name and address of the person who will maintain the aid to navigation.

(d) The time and dates during which it is proposed to operate the aid.

(e) The necessity for the aid.

(f) For lights: The color, characteristic, height above water, and description of illuminating apparatus.

(g) For fog signals: Type (whistle, horn, bell, etc.) and characteristic.

(h) For buoys or daybeacons: Shape, color, number, or letter, depth of water in which located or height above water.

(i) For racons: Manufacturer and model number of racon, height above water of desired installation, and requested coding characteristic. Equipment must have FCC authorization.

§ 66.01–10 Characteristics.
The characteristics of a private aid to navigation shall conform to the United States Aids to Navigation System described in Subpart B of Part 62 of this subchapter, except that only tungsten-incandescent light sources will be approved for electric lights.

§ 66.01–15 Action by Coast Guard.
(a) The District Commander receiving the application will review it for completeness and will assign the aid one of the following classifications:

Class I: Aids to navigation on marine structures or other works which the owners are legally obligated to establish, maintain and operate as prescribed by the Coast Guard.

Class II: Aids to navigation exclusive of Class I located in waters used by general navigation.

Class III: Aids to navigation exclusive of Class I located in waters not ordinarily used by general navigation.

(b) Upon approval by the District Commander, a signed copy of the application will be returned to the applicant. Approval for the operation of radar beacons (racons) will be effective for an initial two year period, then subject to annual review without further submission required of the owner.

§ 66.01–20 Inspection.
All classes of private aids to navigation shall be maintained in proper operating condition. They are subject to inspection by the Coast Guard at any time and without prior notice.

§ 66.01–25 Discontinuance and removal.
(a) No person, public body or instrumentality shall change, move or discontinue any authorized private aid to navigation required by statute or regulation (Class I, § 66.01–15) without first obtaining permission to do so from the District Commander.

(b) Any authorized private aid to navigation not required by statute or regulation (Classes II and III, § 66.01–15) may be discontinued and removed by the owner after 30 days' notice to the District Commander to whom the original request for authorization for
§ 66.01–30 Corps of Engineers’ approval.

(a) Before any private aid to navigation consisting of a fixed structure is placed in the navigable waters of the United States, authorization to erect such structure shall first be obtained from the District Engineer, U.S. Army Corps of Engineers in whose district the aid will be located.

(b) The application to establish any private aid to navigation consisting of a fixed structure shall show evidence of the required permit having been issued by the Corps of Engineers.

§ 66.01–40 Exemptions.

(a) Nothing in the preceding sections of this subpart shall be construed to interfere with or nullify the requirements of existing laws and regulations pertaining to the marking of structures, vessels and other obstructions sunken in waters subject to the jurisdiction of the United States (Part 64 of this subchapter), the marking of artificial islands and structures which are erected on or over the seabed and subsoil of the Outer Continental Shelf (Part 67 of this subchapter), or the lighting of bridges over navigable waters of the United States (Subchapter J of this subchapter).

(b) Persons marking bridges pursuant to Subchapter J of this title are exempted from the provisions of §66.01–5.

§ 66.01–45 Penalties.

Any person, public body or instrumentality, excluding the armed forces, who shall establish, erect or maintain any aid to maritime navigation without first obtaining authority to do so from the Coast Guard, with the exception of those established in accordance with §66.10 of this chapter, or who shall violate the regulations relative thereto issued in this part, is subject to the provisions of 14 U.S.C. 83.

§ 66.01–50 Protection of private aids to navigation.

Private aids to navigation lawfully maintained under these regulations are entitled to the same protection against interference or obstruction as is afforded by law to Coast Guard aids to navigation (Part 70 of this subchapter). If interference or obstruction occurs, a prompt report containing all the evidence available should be made to the Commander of the Coast Guard District in which the aids are located.

§ 66.01–55 Transfer of ownership.

(a) When any private aid to navigation authorized by the District Commander, or the essential real estate or facility with which the aid is associated, is sold or transferred, both parties to the transaction shall submit application (§66.01–5) to the Commander of the Coast Guard District in which the aid is located requesting authority to transfer responsibility for maintenance of the aid.

(b) The party relinquishing responsibility for maintenance of the private aid to navigation shall indicate on the application form (CG–2554) both the discontinuance and the change of ownership of the aid sold or transferred.

(c) The party accepting responsibility for maintenance of the private aid to navigation shall indicate on the application form (CG–2554) both the establishment and the change of ownership of the aid sold or transferred.

(d) In the event the new owner of the essential real estate or facility with which the aid is associated refuses to accept responsibility for maintenance of the aid, the former owner shall be required to remove the aid without expense to the United States. This requirement shall not apply in the case of any authorized private aid to navigation required by statute or regulation (Class I, §66.01–15) which shall be maintained by the new owner until the conditions which made the aid necessary have been eliminated.
Subpart 66.05—State Aids to Navigation

§ 66.05–1 Purpose.

The purpose of the regulations in this subpart is to prescribe the conditions under which state governments may regulate aids to navigation owned by state or local governments, or private parties. With the exception on the provisions of subpart 66.10, which are valid until December 31, 2003, aids to navigation must be in accordance with the United States Aids to Navigation System in part 62 of this subchapter.

§ 66.05–5 Definitions.

(a) The term State waters for private aids to navigation means those navigable waters of the United States which the Commandant, upon request of a State Administrator, has designated as waters within which a State government may regulate the establishment, operation, and maintenance of marine aids to navigation, including regulatory markers. The Commandant will entertain requests to make such designations with respect to navigable waters of the United States not marked by the Federal government. These designations when approved will be set forth in separate sections by States in this subpart and will briefly describe or identify waters so designated.

(b) The term Uniform State Waterway Marking System (USWMS) means the system of private aids to navigation which may be operated in State waters. Subpart 66.10, which describes the USWMS, expires on December 31, 2003.

(c) The term State Administrator means the official of a State having power under the law of the State to regulate, establish, operate or maintain maritime aids to navigation on waters over which the State has jurisdiction.

(d) The term State aids to navigation means all private marine aids to navigation operated in State waters for private aids to navigation, whether owned by a State, political subdivisions thereof or by individuals, corporations, or organizations.

(e) The term regulate State maritime aids to navigation means to control the establishment, disestablishment, operation and maintenance of State aids to navigation.

§ 66.05–10 State waters for private aids to navigation; designations; revisions, and revocations.

(a) A State Administrator who desires to regulate State maritime aids to navigation in the navigable waters of the United States not marked by the Federal Government, shall request the Commandant to designate the specific bodies of water involved as State waters for private aids to navigation.

(b) The request shall be forwarded to the District Commander in whose district the bodies of water are located. The request shall give the name and description of the waterway; the extent of use being made of the waterway for marine navigation, in general terms; an appropriate chart or sketch of the area; and a general outline of the nature and extent of the State aids to navigation which the Administrator plans to establish in the waterway.

(c) The District Commander shall review the request and consult with the State Administrator concerning the terms of an initial agreement to be entered into under provisions of § 66.05–20. When they have arrived at terms of an agreement satisfactory to both, the District Commander shall forward the request to the Commandant with his recommendations and the terms of agreement mutually settled upon. If they cannot reach such agreement, the District Commander shall forward the request with his recommendations and a statement of the points agreed upon and the points remaining at issue.

(d) Upon receipt of the request, the Commandant will determine whether or not approval of the request is in the public interest and will inform the State Administrator and the District Commander of the Coast Guard's decision. If the request is approved, the designation by the Commandant of the
waters in question as State waters for private aids to navigation will be also defined and described in this subpart.

(e) The Commandant may, upon his own initiative or upon request, revoke or revise any designations of State waters for private aids to navigation previously made by him. Written notice shall be given the State Administrator of the action contemplated by the Commandant. The State Administrator will be afforded a period of not less than 30 days from the date of the notice, in which to inform the Commandant of the State's views in the matter before final action is completed to revoke or revise such designation.

§ 66.05-20 Coast Guard-State agreements.

(a) The District Commander in whose District a waterway is located may enter into agreements with State Administrators permitting a State to regulate aids to navigation, including regulatory markers, in State waters for private aids to navigation, as, in the opinion of the District Commander, the State is able to do in a manner to improve the safety of navigation. When a waterway is located within the area of jurisdiction of more than one Coast Guard District, the District Commander in whose District the State capital is located shall execute the agreement in behalf of the Coast Guard. All such agreements shall reserve to the District Commander the right to inspect the State aids to navigation without prior notice to the State. They shall stipulate that State aids to navigation will conform to the Uniform State Waterway Marking System or to the U.S. Aids to Navigation System. All such agreements shall reserve to the District Commander the right to inspect the State aids to navigation without prior notice to the State. They shall stipulate that State aids to navigation will conform to the Uniform State Waterway Marking System or to the U.S. Aids to Navigation System and that the State Administrator will modify or remove State aids to navigation without expense to the United States when so directed by the District Commander, subject to the right of appeal on the part of the State Administrator to the Commandant.

(b) A Coast Guard-State agreement shall become effective when both parties have signed the agreements. In lieu of the procedure prescribed in § 66.01-5, the agreement shall constitute blanket approval by the Commandant, of the State aids to navigation, including regulatory markers, established or to be established in State waters for private aids to navigation designated or to be designated by the Commandant.

(c) In addition to the matters set forth in paragraph (a) of this section, Coast Guard-State agreements shall cover the following points, together with such other matters as the parties find it desirable to include:

(1) A description, in sufficient detail for publication in Notices to Mariners, of all aids to navigations under State jurisdiction in navigable waters of the United States in existence prior to the effective date of the agreement which have not been previously approved under procedures of § 66.01-5.

(2) Procedures for use by the State administrator to notify the District Commander of changes made in State aids to navigation, as required by § 66.05-25.

(3) If prior to December 21, 2003, specification of the marking system to be used, whether the U.S. Aids to Navigation System or the Uniform State Waterway Marking System.

(4) Specification of standards as to minimum size and shape of markers, the use of identifying letters, the use of reflectors or retroreflective materials, and any other similar standards so as to enable Coast Guard inspectors to determine compliance with Statewide standards.

§ 66.05-25 Change and modification of State aids to navigation.

(a) Wherever a State Administrator shall determine the need for change in State aids to navigation, he shall inform the District Commander of the nature and extent of the changes as soon as possible, preferably not less than 30 days in advance of making the changes.

§ 66.05-30 Notice to Mariners.

(a) The District Commander may publish information concerning State aids to navigation, including regulatory markers, in the Coast Guard Local Notices to Mariners as he deems necessary in the interest of public safety.
Coast Guard, DOT § 66.05-100

§ 66.05-100 Designation of navigable waters as State waters for private aids to navigation.

In accordance with the procedures contained in § 66.05-10(d), the following navigable waters listed by the State in which they are located, are designated as State waters for private aids to navigation:

(a) Arizona. The portion of Lake Havasu within the State, except that portion within Havasu Lake National Wildlife Refuge.

(b) Louisiana. The portion of Toledo Bend Reservoir within the State.

(c) Missouri. Teach water within the State except the:

(1) Mississippi River; and

(2) Missouri River.

(d) Montana. The portion of Missouri River between the U.S. Highway 287 bridge near Townsend and Great Falls including the following impoundments:

(1) Black Eagle Dam Reservoir.

(2) Canyon Ferry Reservoir.

(3) Hauser Lake.

(4) Holter Lake.

(5) Rainbow Dam Reservoir.

(e) North Carolina. Each navigable water within the State not marked with Coast Guard aids to navigation on June 1, 1973.

(f) Pennsylvania. The portion of Youghiogheny River Reservoir within the State.

(f-1) South Carolina. (1) The portion of Lake Wylie within the State; (2) Lake Marion; (3) Lake Moultrie; and (4) Lake Murray.

(g) Texas. The portion of Toledo Bend Reservoir within the State.

(h) Virginia. (1) Claytor Lake, on the New River in Pulaski County.

(2) Leesville Lake, on the Roanoke River below Smith Mountain Dam.

(3) The portions of the following reservoirs within the State:

(i) Gaston.

(ii) Holston.

(iii) John H. Kerr.

(iv) Philpott.

(v) Wisconsin. Navigable waters within the State not marked with Coast Guard aids to navigation as of May 1, 1996.

§ 66.10–1 General.

(a) Until December 31, 2003, the Uniform State Waterway Marking System’s (USWMS) aids to navigation provisions for marking channels and obstructions may be used in those navigable waters of the U.S. that have been designated as state waters for private aids to navigation and in those internal waters that are non-navigable waters of the U.S. All other provisions for the use of regulatory markers and other aids to navigation shall be in accordance with United States Aid to Navigation System, described in part 62 of this subchapter.

(b) The USATONS may be used in all U.S. waters under state jurisdiction, including non-navigable state waters.

[CGD 97–018, 63 FR 33574, June 19, 1998]

§ 66.10–5 [Reserved]

§ 66.10–10 [Reserved]

§ 66.10–15 Aids to navigation.

(a) USWMS aids to navigation may have lateral or cardinal meaning.

(b) On a well defined channel including a river or other relatively narrow natural or improved waterway, an aid to navigation shall normally be a solid colored buoy. A buoy which marks the left side of the channel viewed looking upstream or toward the head of navigation shall be colored all black. A buoy which marks the right side of the channel viewed looking upstream or toward the head of navigation shall be colored all red. A buoy which marks the right side of the channel viewed looking upstream or toward the head of navigation shall be colored all black. A buoy which marks the left side of the channel viewed looking upstream or toward the head of navigation shall be colored all red. On a well defined channel, solid colored buoys shall be established in pairs, one on each side of the navigable channel which they mark, and opposite each other to inform the user that the channel lies between the buoys and that he should pass between the buoys.

(c) On an irregularly defined channel, solid colored buoys may be used singly in staggered fashion on alternate sides of the channel provided they are spaced at sufficiently close intervals to inform the user that the channel lies between the buoys and that he should pass between the buoys.

(d) Where there is no well-defined channel or when a body of water is obstructed by objects whose nature or location is such that the obstruction can be approached by a vessel from more than one direction, supplemental aids to navigation having cardinal meaning (i.e., pertaining to the cardinal points of the compass, north, east, south, and west) may be used. The use of an aid to navigation having cardinal meaning is discretionary provided that the use of such a marker is limited to wholly State owned waters and the State waters for private aids to navigation as defined and described in this part.

(e) Aids to navigation conforming to the cardinal system shall consist of three distinctly colored buoys.

(1) A white buoy with a red top may be used to indicate to a vessel operator that he must pass to the south or west of the buoy.

(2) A white buoy with a black top may be used to indicate to a vessel operator that he must pass to the north or east of the buoy.

(3) In addition, a buoy showing alternate vertical red and white stripes may be used to indicate to a vessel operator that an obstruction to navigation extends from the nearest shore to the buoy and that he must not pass between the buoy and shore. The number of white and red stripes is discretionary, provided that the white stripes are twice the width of the red stripes.

EDITORIAL NOTE: Amendatory instruction no. 16 at 63 FR 33574, June 19, 1998, revising paragraph (a) of § 66.10–15, incorrectly referred to a nonexistent § 66.19–15 in the heading of the amendatory language. The heading should read: “§ 66.10–15 Aids to navigation.”

§ 66.10–35 Navigation lights.

A red light shall only be used on a solid colored red buoy. A green light shall only be used on a solid colored black or a solid colored green buoy. White lights shall be used for all other buoys. When a light is used on a cardinal system buoy or a vertically striped white and red buoy, it shall always be quick flashing.

PART 67—AIDS TO NAVIGATION ON ARTIFICIAL ISLANDS AND FIXED STRUCTURES

Subpart 67.01—General Requirements

§67.01-1 Scope.

(a) The regulations in this part prescribe the obstruction lights and fog signals to be operated as privately maintained maritime aids to navigation on the artificial islands and structures which are erected on or over the seabed and subsoil of the Outer Continental Shelf and in the waters under the jurisdiction of the United States, for the purpose of exploring for, developing, removing and transporting resources therefrom.

(b) Subpart 66.01 in Part 66 of this subchapter shall be applicable to all private aids to navigation erected on or over the Outer Continental Shelf in the same manner and to the same extent as they are applicable to private aids to navigation established, erected, or maintained in the waters under the jurisdiction of the United States.
§ 67.01-5 Definitions.

(a) Structures. The term "structures" as used in this part shall include all fixed structures, temporary or permanent, for which a Corps of Engineers’ permit is issued. It shall include, but is not necessarily limited to, all drilling platforms, production platforms, quar- ters platforms, pipe line riser platforms, manifold platforms, loading platforms, boat landings, caissons, well protective structures, tank battery barges submerged on station, drilling barges submerged on location, breakwater barges submerged on location, artificial islands and all other piles, pile clusters, pipes, or structures erected in the waters.

(b) Class “A”, “B”, or “C” structures. The term “Class A, B, or C structures” refers to the classification assigned to structures erected in areas in which corresponding requirements for marking are prescribed.

(c) Line of demarcation. The term “line of demarcation” means the dividing line used administratively to distinguish between the areas in which structures shall conform to Class “A” and Class “B” or “C” requirements.

(d) Outer Continental Shelf. The term “Outer Continental Shelf” means all submerged lands lying seaward and outside the area of lands beneath navigable waters as defined in the Submerged Lands Act (sec. 2, 67 Stat. 29, 43 U. S. C. 1301), and of which the subsoil and seabed appertain to the United States and are subject to its jurisdiction and control.

(e) Reliable operation. The term “reliable” as used in this part shall mean that dependability which will insure to the highest degree reasonably possible the uninterrupted operation of lights and fog signals as private aids to navigation for safety of marine commerce.

(f) Fog signal. The term “fog signal” as used in this part shall mean the audible sound signal, authorized as a private aid to navigation, to mark a structure for the safety of marine commerce whenever the visibility has been reduced by fog, mist, rain, falling snow, smoke, dust, or other phenomena.

§ 67.01-10 Authority to regulate and delegation of functions.

Delegation of functions. The Coast Guard District Commander is hereby delegated responsibility for performing, or having performed the inspections, enforcement, and administration of such regulations, which are or may be required. He may redelegatethis authority as necessary to any person from the civilian or military branch of the Coast Guard.

§ 67.01-15 Classification of structures.

(a) The varied depths of water and marine commerce traffic routes which exist in the waters over the Outer Continental Shelf, and in other waters, permits the classification of structures according to their location in such waters. Those structures in the area seaward of the line of demarcation, prescribed by the regulations in this part, are designated as Class “A” structures. All structures shoreward of the line of demarcation, prescribed by the regulations in this part, are designated as either Class “B” or Class “C” structures.

(b) In the event a line of demarcation is not prescribed, the District Commander shall designate a structure “A”, “B”, or “C” as he deems appropriate.

§ 67.01-20 Prescribing lines of demarcation.

In those areas where lines of demarcation are not prescribed, or where they have been prescribed and require modification, the District Commander shall submit his recommendations thereon to the Commandant for establishment or changes as required. When approved by the Commandant, and upon publication in the Federal Register, such additions or changes in lines of demarcation shall be effective for the purposes of this part.

§ 67.01-30 Equivalents.

The use of alternate equipment, apparatus, or installation arrangements specified in this part may be permitted by the District Commander to such extent and under such conditions as will
result in achieving a degree of safety or compliance with these regulations equivalent to or above the minimum requirements set forth in this part.

Subpart 67.05—General Requirements for Lights

§ 67.05-1 Arrangement of obstruction lights.

(a) Structures having a maximum horizontal dimension of 30 feet or less on any one side, or in diameter, shall be required to have one obstruction light visible for 360°.

(b) Structures having a maximum horizontal dimension of over 30 feet, but not in excess of 50 feet, on any one side, or in diameter, shall be required to have two obstruction lights installed on diagonally opposite corners, 180° apart, or as prescribed by the District Commander, each light to have a 360° lens.

(c) Structures having a horizontal dimension of over 50 feet on any one side, or in diameter, shall be required to have an obstruction light on each corner, or 90° apart in the case of circular structures, or as prescribed by the District Commander, each light to have a 360° lens.

(d) Where the overall dimensions of a structure require the installation of two or more obstruction lights, the lights shall all be mounted on the same horizontal plane within the limitations of height specified in § 67.20-5, § 67.25-5, or § 67.30-5, as applicable.

(e) Lesser structures and piles, pile clusters or flare templates, etc., will not normally be required to be marked by obstruction lights, when they are located within 100 yards of a Class “A”, “B” or “C” structure marked by established obstruction lights, but they shall be marked with red or white retro-reflective material, installed as prescribed by the District Commander.

(f) All obstruction lights shall be installed in a manner which will permit at least one of them to be carried in sight of the mariner, regardless of the angle of approach, until he is within 50 feet of the structure, visibility permitting.

§ 67.05-5 Multiple obstruction lights.

When more than one obstruction light is required by this part to mark a structure, all such lights shall be operated to flash in unison.

§ 67.05-10 Characteristics of obstruction lights.

All obstruction lights required by this part shall be powered from a reliable power source, including auxiliary power sources as necessary. They shall display a quick-flash characteristic of approximately 60 flashes per minute, unless prescribed otherwise in the permit issued by the District Commander.

Their color shall be white when marking Class “A” and “B” structures, and either white or red, as prescribed by the District Commander, when marking Class “C” structures. In determining whether white or red lights shall be authorized, the District Commander shall take into consideration matters concerning, but not necessarily limited to, the dimensions of the structure and the depth of water in which it is located; the proximity of the structure to vessel routes; the nature and amount of vessel traffic; and the effect of background lighting.

§ 67.05-15 Operating periods of obstruction lights.

Obstruction lights shall be displayed at all times between the hours of sunset and sunrise, local time, commencing at the time the construction of a structure is begun. During construction and until such time as a platform capable of supporting the obstruction lights is completed, the fixed lights on an attending vessel shall be used. In addition, when lights are in use for general illumination to facilitate the construction or operation of a structure, and can be seen from any angle of approach at a distance equal to that prescribed for the obstruction lights for the class of structure, the actual operation of obstruction lights also will not be required.

[CGFR 58-34, 23 FR 7701, Oct. 4, 1958]

§ 67.05-20 Minimum lighting requirements.

The obstruction lighting requirements prescribed in this part are the
minimum requirements only and shall not preclude the maintainer from making application for authorization to establish more lights, or lights of greater intensity than required to be visible at the distances prescribed: Provided, That the prescribed characteristics of color and flash duration are adhered to.

§ 67.05–25 Special lighting requirements.

Whenever a structure is erected in a position on or adjacent to the edges of navigable channels and fairways, or lines of demarcation, the District Commander is authorized to require the structure to be marked by the lights which in his judgment are necessary for the safety of navigation, and without regard to the fact that the structure may be located in an area in which either Class “B” or Class “C” requirements are otherwise applicable. The requirements for the lights in any of these cases, shall not exceed those established for structures in the Class “A” areas.

Subpart 67.10—General Requirements for Fog Signals

SOURCE: CGD 72–74R, 37 FR 13512, July 8, 1972, unless otherwise noted.

§ 67.10–1 Apparatus requirements.

The fog signal required by §§ 67.20–10, 67.25–10, and 67.30–10 must:

(a) Have its maximum intensity at a frequency between 100 and 1,100 Hertz;

(b) Sound a 2-second blast every 20 seconds (2 seconds sound, 18 seconds silence) unless otherwise authorized by the District Commander;

(c) Have the range required by § 67.20–10, § 67.25–10, or § 67.30–10;

(d) Have a height not exceeding 25 feet;

(e) Have not more than eight sound sources;

(f) Be approved by the Coast Guard under § 67.10–15; and

(g) Be permanently marked with:

(1) The date of Coast Guard approval;

(2) The manufacturer and date of manufacture;

(3) A model designation;

(4) The approved range; and

(5) The power necessary to comply with the provisions of paragraph (c) of this section.

§ 67.10–5 Location requirements.

The fog signal required by §§ 67.20–10, 67.25–10, and 67.30–10 must:

(a) Be located on the structure so that the sound signal produced is audible over 360° in a horizontal plane at all ranges up to and including the required range; and

(b) Be located at least 10 feet but not more than 150 feet above mean high water.

§ 67.10–10 Operating requirements.

(a) Fog signals required by §§ 67.20–10, 67.25–10, and 67.30–10 must be operated continuously, regardless of visibility, unless the fog signal is controlled:

(1) By an attendant on the structure;

(2) Remotely by an attendant on a nearby structure; or

(3) By a fog detection device capable of activating the fog signal when the visibility in any direction is reduced to the range at which fog signal operation is required by this part.

(b) During construction and until such time as a fog signal is installed and operating on a platform, the whistle of an attending vessel moored alongside the platform may be used to sound the signal required for the structure by this part.

§ 67.10–15 Approval of fog signals.

(a) The Coast Guard approves a fog signal if:

(1) It meets the requirements for fog signals in § 67.10–1 (a), (b), (c), (d), and (e) when tested under § 67.10–20; or

(2) It is similar to a fog signal which was tested and approved under the provisions of this section and the Coast Guard has approved all variations in design, construction, production, and manufacture from the fog signal tested.

(b) A fog signal that is an identical production model of a fog signal which has been approved under paragraph (a) of this section is a Coast Guard approved fog signal.

§ 67.10–20 Fog signal tests.

(a) Fog signal tests must:
§ 67.10-25 Application for tests.

A person requesting a Coast Guard representative at a test of a fog signal must:

(a) Direct a written request to the Office of Aids to Navigation, U.S. Coast Guard Headquarters, 2100 Second Street SW., Washington, DC 20593-0001 including:

(1) His name, address, and telephone number;
(2) A description of the fog signal;
(3) Range for which approval is requested;
(4) Location of the anechoic chamber; and
(5) Proposed test dates.

§ 67.10-30  
(b) Bear all the expenses of conducting the test conducted in accordance with §67.10-20 including all expenses of the U.S. Government in sending a Coast Guard representative to the test.

[CGD 72-74R, 37 FR 13512, July 8, 1972, as amended by CGD88-052, 53 FR 25119, July 1, 1988; CGD 96-026, 61 FR 33663, June 28, 1996]

§ 67.10-30  Withdrawal of approval.  
The Coast Guard may withdraw approval of a fog signal if it fails to meet the requirements of §67.10-1 (a), (b), and (c).

§ 67.10-35  Notice of approval and withdrawal of approval.  
(a) The Coast Guard publishes a notice of the approval or withdrawal of approval of a fog signal in the Local Notice to Mariners.  
(b) A listing of approved fog signals may be obtained from any District Commander.

Any fog signal authorized for use by the Coast Guard and manufactured prior to January 1, 1973, is excepted from the requirements in this subpart, except §67.10-1 (b) and (c), 67.10-5, and 67.10-10, if the fog signal has a minimum sound pressure level as specified in Table A of Subpart 67.10 of Title 33 of the Code of Federal Regulations in effect on December 31, 1972, for the range required by §67.20-10, §67.25-10, or §67.30-10.

Subpart 67.15—Miscellaneous Marking Requirements

§ 67.15-1  Lights and signals on attendant vessels.  
The requirements prescribed by this part apply to structures. The barges, vessels, and other miscellaneous floating plants in attendance shall display lights and signals in accordance with the "Regulations for Preventing Collisions at Sea, 1960 (33 U.S.C. 1601-1094)," or the local rules established in accordance with Rule 30 thereof, as appropriate. However, when vessels are fixed to or submerged onto the seabed, they become structures as described in §67.01-5.

§ 67.15-5  Seismographic and surveying operations.  
All stakes, casings, pipes, and buoys, except bamboo poles and wooden stakes less than 2 inches in diameter, placed in the water to facilitate seismographic or surveying operations shall be marked, in the manner prescribed by the District Commander, for the safety of navigation.

§ 67.15-10  Spoil banks, artificial islands, and dredged channels.  
(a) All submerged spoil banks, or artificial islands resulting from the dredging of private channels, laying of pipelines, or any other private operation, and all privately dredged channels which, in the judgment of the District Commander are required to be marked by aids to navigation, shall be marked by private aids to navigation conforming to the standard United States system of aids to navigation characteristics described in Subpart 62.25 of Part 62 of this subchapter.  
(b) Applications for permits to establish and maintain private aids to navigation for the purpose indicated in this section shall be reviewed by the District Commander and forwarded to the Commandant, for final review and issuance of permits.

Subpart 67.20—Class "A" Requirements

§ 67.20-1  Class "A" structures.  
Class "A" structures shall be the structures erected in an area where Class "A" requirements must be met.

§ 67.20-5  Obstruction lights.  
The obstruction lights shall be white lights as prescribed in Subpart 67.05 of this part. The lights shall be of sufficient candlepower as to be visible at a distance of at least five nautical miles 90 percent of the nights of the year. The lights shall be displayed not less than 20 feet above mean high water,
but not at a height greater than that specified in §67.05-1(f).

§ 67.20–10 Fog signal.

(a) The owner of a Class “A” structure shall:
(1) Install a fog signal that has a range of at least 2 miles; and,
(2) Operate the fog signal when the visibility in any direction is less than 5 miles.

(b) The District Commander may waive any requirements in paragraph (a) of this section if he finds that a structure is so close to other structures and so enveloped by the fog signals on other structures that it is not a hazard to navigation.

§ 67.25–10 Fog signal.

(a) The owner of a Class “B” structure shall:
(1) Install a fog signal that has a range of at least one-half mile, except that the District Commander may—
(i) Prescribe a greater range, not to exceed 2 miles, under the provisions of paragraph (b) of this section; or
(ii) Exempt the structure from the requirements of this paragraph, under the provisions of paragraph (c) of this section;
(2) Operate the fog signal when the visibility in any direction is less than 3 miles, unless the District Commander establishes a greater or lesser distance of visibility in any direction is less than 3 provisions of paragraph (b) or (c) of this section.

(b) The owner of a Class “B” structure shall install a fog signal with a greater range or operate it at times of greater visibility than required in paragraph (a) of this section if:
(1) The structure is erected on or adjacent to the edge of a:
(i) Navigable channel;
(ii) Fairway; or
(iii) Line of demarcation; and
(2) The District Commander decides a greater range or operation of the fog signal at times of greater visibility is necessary for the safety of marine commerce.

(c) The District Commander may waive or relax the provisions of paragraph (a) of this section, if he finds that a structure is:
(1) So close to other structures and so enveloped by the fog signals on other structures that it is not a hazard to navigation; or
(2) So located in a shoal area that it is not a hazard to navigation.

§ 67.25–5 Obstruction lights.

(a) The obstruction lights shall be white lights as prescribed in Subpart 67.05 of this part and shall be of sufficient candlepower as to be visible at a distance of at least three nautical miles 90 percent of the nights of the year. The lights shall be displayed not less than 20 feet above mean high water, but not at a height greater than that specified in §67.05-1(f), except that on Class “B” structures which are required to be marked by only one light, that light may be displayed not less than 10 feet above mean high water if the structural features preclude mounting the light within the range of heights otherwise specified in this section.

(b) The District Commander may waive the requirement for obstruction lights on Class “B” structures if there is no hazard to navigation by so doing.

§ 67.30–1 Class “C” structures.

Class “C” structures shall be the structures erected in an area where Class “C” requirements must be met.

§ 67.30–5 Obstruction lights.

(a) The obstruction lights shall be white or red lights as prescribed in
§ 67.30-10 Fog signals.

(a) The owner of a Class "C" structure shall install a fog signal if:

(1) The structure is erected on or adjacent to the edge of a:

(i) Navigable channel;

(ii) Fairways; or

(iii) Line of demarcation; and

(2) The District Commander decides it is necessary for the safety of marine commerce.

(b) Fog signals required by paragraph (a) of this section must have range of at least one-half mile, unless the District Commander prescribes a greater range, not to exceed 2 miles.

(c) The owner of the structure shall operate the fog signal required by paragraph (a) of this section whenever the visibility in any direction is less than 3 miles, unless the District Commander establishes a greater or lesser distance of visibility, not to exceed 5 miles.

(d) Class "C" structures may have fog signals if:

(1) Authorized by the District Commander under the provisions of Subpart 66.01 of this subchapter; and

(2) The fog signal meets the requirements of § 67.10-1 (a) and (b).

§ 67.35-3 Procedure.

(a) An application, on Coast Guard forms which will be provided by the District Commander upon request, shall be submitted for each private aid to navigation for which a permit is required to establish, operate, move, change or discontinue, except as modified in this subpart.

(b) An application on the prescribed form shall be submitted to the District Commander for each structure to be equipped with obstruction lights and/or fog signals if the structure is to remain in place six months or more. An application may be made by letter for each structure to be so equipped if the structure is to remain in place less than six months.

(c) One application form only shall be submitted to the District Commander to cover a group of unlighted buoys or daybeacons.

[CGD 72-74R, 37 FR 13513, July 8, 1972]
§ 67.40–15 Notification to District Commander.

(a) Class "A" structures. In the case of structures to be located in areas where Class "A" requirements must be met, notification shall be given to the District Commander of the approximate date work will commence, as soon as known after a permit is received from the Corps of Engineers, U.S. Army, or 30 days in advance, if possible. The District Commander shall be notified by telegram the day the construction of the structure is commenced, informing him of the lights and fog signals to be used during construction. When construction has been completed, the maintainer shall notify the District Commander to that effect by letter, stating whether or not the authorized obstruction lights and/or fog signals are in operation. Final notification by letter shall be given when the lights used for general illumination, to facilitate the construction or operation of the structure, have been discontinued and the authorized obstruction lights placed in operation.

(b) Class "B" structures. Notification shall be given to the District Commander in the case of structures to be located in areas where Class "B" requirements must be met, in the same manner as prescribed in the case of Class "A" structures, except that the telegram on the day construction of the structure is commenced shall not be required.

(c) Class "C" structures. Notification shall be given to the District Commander in the case of structures to be located in areas where Class "C" requirements must be met, upon completion of the structure.

§ 67.40–10 Communication with owner.

Communication with the owners of private aids to navigation by the District Commander shall be addressed to their usual or last known place of business, or to their local representative, if any. Communication shall be by the method considered appropriate for the circumstances.

§ 67.40–15 Marking at owner's expense.

The District Commander may mark, for the protection of marine commerce, any structure whenever the owner thereof has failed suitably to mark the same in accordance with this part, and
§ 67.40-20 Charges invoiced to owner.

Charges to the owner for the cost of marking a structure by the Coast Guard shall be determined in accordance with Part 74 of this subchapter. All such charges shall be invoiced to the owner beginning with the date such marking is established and shall continue until notice is received by the District Commander that the structure has been removed, or until the owner has applied for and been issued a permit by the District Commander to establish and operate the required obstruction lights and/or fog signals or other markings required by this part.

§ 67.40-25 Penalty.

The penalty for violation is in section 1, 63 Stat. 501 (14 U.S.C. 85), or section 4(e)(2) of the Outer Continental Shelf Lands Act (43 U.S.C. 1333). Any person, firm, company, or corporation who shall fail or refuse to obey any of the lawful rules and regulations issued in this part or pursuant thereto shall be guilty of a misdemeanor and shall be fined not more than $100 for each offense. Each day during which such violation shall continue shall be considered a new offense.

Subpart 67.50—District Regulations

§ 67.50-1 Scope.

(a) The regulations in this subpart shall apply to the structures which are located within the boundaries of the Coast Guard districts hereinafter defined.

(b) Geographic coordinates expressed in terms of latitude or longitude, or both, are not intended for plotting on maps or charts whose referenced horizontal datum is the North American Datum of 1983 (NAD 83), unless such geographic coordinates are expressly labeled NAD 83. Geographic coordinates without the NAD 83 reference may be plotted on maps or charts referenced to NAD 83 only after application of the appropriate corrections that are published on the particular map or chart being used.

structures to classes as he deems appropriate at the time of application for a permit to establish and operate lights and fog signals. In so doing, he shall take into consideration matters concerning, but not necessarily limited to, the dimensions of the structure and the depth of water in which it is located; the proximity of the structure to vessel routes; the nature and the amount of vessel traffic; and the effect of background lighting.

§ 67.50-25 Eighth Coast Guard District.

(a) Description. See § 3.40-1 of this chapter.

(b) Lines of demarcation. The two lines of demarcation described in this section are for administrative purposes to distinguish between the areas in which structures shall be subject to Class "A", "B" or "C" requirements. The primary line of demarcation delimits the areas to the seaward of which Class "A" requirements are imposed. The secondary line of demarcation delimits the areas to the shoreward of which Class "C" requirements are imposed. In those areas where no secondary line of demarcation is prescribed, the structures shoreward of the primary line of demarcation are considered to be Class "C" structures. Class "B" requirements are imposed on the structures in the areas between the two lines of demarcation.

(1) The coordinates of the primary line of demarcation within the jurisdiction of the District Commander are as follows:

(i) Commencing at a point at Lat. 30°11.3 N., Long. 88°03.0 W., thence to;
(ii) A point at Lat. 30°11.5 N., Long. 88°31.7 W., thence to;

(c) Seismographic and surveying operations. (1) All stakes and casings
(pipes), except bamboo poles and wooden stakes less than 2 inches in diame-
ter, placed in the water during seismo-
graphic or surveying operations shall be marked with flags during the
daylight hours. Those casings remaining in place during the hours of dark-
ness shall be marked by a red light as prescribed in Subpart 67.30 of this part.
(2) All buoys used during seismo-
graphic operations shall be painted with international orange and white
horizontal bands. The buoys shall be of
light construction in order that they will not present a hazard to marine
commerce.
(d) Spoil marking. (1) All submerged
spoil resulting from the dredging of
channels, laying of pipelines, or any
other operation, which constitutes an
obstruction to navigation, shall be
properly marked. The spoil banks
should be examined at frequent inter-
vals in order that the changing condi-
tions may be kept under control. As
markers are no longer required due to
settling of banks, the Coast Guard will authorize their removal upon applica-
tion.
(2) All openings in such submerged
spoil shall be marked by daybeacons on
each side of the openings. When spoil is
located on each side of a channel or
pipe line, each bank will be considered
separately. The daybeacons shall be
equipped with arrows designating the
safe water through the opening. These
daybeacons may also be used as chan-
nal markers for the dredged channels
providing they are also equipped with
arrows designating the spoil bank
openings.
(3) When spoil banks constituting an
obstruction to navigation about an es-
tablished traveled waterway, the out-
board spoil bank markers shall be
equipped with quick flashing lights de-
scribed in Subpart 67.30 of this part, ex-
cept that the color shall be in accord-
ance with the provisions of Subpart
62.25 of Part 62 of this subchapter.
(e) Applications. All private aids to
navigation applications and all cor-
respondence dealing with private aids
to navigation and obstruction lighting
shall be addressed to Commander,
Eighth Coast Guard District, 328 Custom
House Building, New Orleans, Lou-
isiana, 70130 marked for the attention
of the Chief, Aids to Navigation Sec-
tion.
(f) Enclosures. Applicants shall ap-
pend on a separate sheet with each ap-
lication, the description, including
manufacturer, of obstruction lights
and fog signals.
(g) Corps of Engineers correspondence.
A copy of all correspondence directed
to the District Engineer, Corps of Engi-
neers, U.S. Army, in accordance with
condition (i) of the Department of the
Army permit, shall be forwarded to the
District Commander for those oper-
ations conducted under permits au-
thorizing the erection of structures in
areas in which Class “A”, Class “B”, or
Class “C” requirements must be met.

(a) Description. See § 3.45–1 of this chapter.
(b) Line of demarcation. There is no line of demarcation prescribed for this District. When required, it will be determined in accordance with § 67.01–20. The District Commander shall assign structures to classes as he deems appropriate at the time of application for a permit to establish and operate lights and fog signals. In so doing, he shall take into consideration matters concerning, but not necessarily limited to, the dimensions of the structure and the depth of water in which it is located; the proximity of the structure to vessel routes; the nature and amount of vessel traffic; and the effect of background lighting.
§ 67.50–35 Eleventh Coast Guard District.
(a) Description. See § 3.55–1 of this chapter.
(b) Line of demarcation. The line of demarcation described in this section is for administrative purposes to distinguish between the areas in which structures shall be subject to Class “A”, “B”, or “C” requirements. The line delimits the areas to seaward of which class “A” requirements are imposed. The line of demarcation within the jurisdiction of the District Commander is defined as follows:
(1) Commencing at a point of latitude 41°59.8′ N., longitude 124°19.5′ W., thence southward along the seaward limit of the territorial sea to;
(2) A point at latitude 32°32.0′ N., longitude 117°11.0′ W.
(3) Structures located within a half nautical mile of Traffic Separation Scheme Los Angeles/Long Beach will also be subject to class “A” requirements. The traffic separation scheme is depicted on National Ocean Service Charts 18740, 18720, 18725, 18746, 18721.

§ 72.01–10  Notice to Mariners.

(a) “Notice to Mariners” is intended to advise mariners of new hydrographic discoveries, changes in channels and navigational aids, and information concerning the safety of navigation. “Notice to Mariners” also contains information—

(1) Useful in updating the latest editions of charts and publications of the National Imagery and Mapping Agency, National Ocean Service, U.S. Army Corps of Engineers, and Coast Guard;

(2) Selected from the “Local Notice to Mariners” issued and published by the 1st, 5th, 7th, 8th, 9th, 11th, 13th, 14th, and 17th Coast Guard districts; and

(3) Compiled from foreign notices to mariners, ship reports, and similar cooperating observer reports.

(b) “Notice to Mariners” is published weekly by the National Imagery and Mapping Agency. The “Notice to Mariners” is prepared by the:

(1) Coast Guard;

(2) National Ocean Service; and

(3) National Imagery and Mapping Agency.

(c) This notice may be obtained free of charge, upon request to the National Ocean Service (NOS): phone: (301) 436-6990/(800) 638-8972; FAX: (301) 436-6829; or mail: National Ocean Service/NOAA, Distribution Division N/ACC3, Riverdale, MD 20737–1199. Request should be based on affirmative need for the information.

§§ 72.01–15—72.01–20  [Reserved]

§ 72.01–25  Marine broadcast notice to mariners.

(a) The Coast Guard broadcasts notices to mariners on its own or U.S. Navy radio stations to report navigational warnings containing information of importance to the safety of navigation of vessels, such as the position of ice and derelicts, defects, and changes to aids to navigation, and drifting mines. Radio stations broadcasting marine information are listed in “Radio Navigational Aids” (National Imagery and Mapping Agency publications 117A and 117B) and United States Coast Pilots.

(b) Any person may purchase “Radio Navigational Aids” from:
(1) Any authorized agent for the sale of National Imagery and Mapping Agency charts and publications.

(2) The National Imagery and Mapping Agency Depot or Offices.

(3) The National Ocean Service (NOS); phone: (301) 436-6990/(800) 638-0972; FAX: (301) 436-6829; or mail: National Ocean Service/NOAA, Distribution Division N/ACC3, Riverdale, MD 20737-1199.

(c) Any person may purchase United States Coast Pilots from any authorized agent for the sale of National Ocean Service charts and publications whose names and addresses are contained in the National Ocean Service Chart Catalogs.

§ 72.05-5 Sales agencies.

Each volume of the “Light List” is for sale by the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402, and through sales agents whose names are published in issue No. 13 of “Notice to Mariners” described in §72.01-10. Notification of publication of a new edition of the “Light List” is published in the “Notice to Mariners” for the particular area that is covered as soon as the edition is available for distribution.

[CGD 70-147R, 37 FR 10670, May 26, 1972]
§ 72.05–10 Free distribution.

Official copies are distributed free of charge to Federal, State, and foreign governments, municipalities, libraries and other public institutions.

PART 74—CHARGES FOR COAST GUARD AIDS TO NAVIGATION WORK

Subpart 74.01—Charges to the Public

Sec. 74.01–1 Claim for damage, destruction, or displacement.

74.01–10 Charges invoiced to owner for marking sunken wrecks and other obstructions to navigation.

74.01–15 Charges for placement of temporary aids.

74.01–20 Deposit of payment in special account.

Subpart 74.20—Aids to Navigation Costs

§ 74.20–1 Buoy and vessel use costs.

(a) The buoy and vessel use costs for establishing, maintaining, repairing, replacing, or removing an aid to navigation under the requirements of this part are contained in COMDTNOTE 7310 (series) which is available at the Office of the Comptroller of the appropriate Coast Guard District Commander.

(b) Buoy and vessel use charges under this part are made for the cost or value of time, in hours, consumed by the Government vessel, including ship's complement, employed in marking the obstruction. No charge for time and expense of Coast Guard vessels is made when the marking of the obstruction aids to navigation established by the Coast Guard will be invoiced to the owner unless the District Engineer requests the continued marking of the obstruction. All charges will be assessed in accordance with Subpart 74.20 of this part.

[CGD 81–051, 48 FR 15468, Apr. 11, 1983]

§ 74.01–15 Charges for placement of temporary aids.

Charges for placement of temporary aids will be reimbursable and in accordance with Subpart 74.20 of this part. Where the placement of temporary aids other than those specified is made, a reasonable equivalence will be determined, and charges made accordingly.

§ 74.01–20 Deposit of payment in special account.

Whenever an aid to navigation or other property belonging to the Coast Guard is damaged or destroyed by a private person, such person shall pay to the satisfaction of the Coast Guard the cost of repair or replacement of such property. The Coast Guard will accept and deposit such payment in a special account in the Treasury for payment therefrom of the cost of repairing or replacing the damaged property. Funds collected in excess of the cost to make repairs or replacements shall be refunded.

Subpart 74.20—Aids to Navigation Costs

§ 74.20–1 Buoy and vessel use costs.
causes only minimal interruption of routinely scheduled ship's duty.

PART 76—SALE AND TRANSFER OF AIDS TO NAVIGATION EQUIPMENT

Subpart 76.01—Sale of Equipment

Sec. 76.01-1 Sale of equipment not readily procurable.

76.01-5 Sale of condemned equipment.

Subpart 76.10—Federal Agencies

§ 76.10-1 Exemption.

SOURCE: CGFR 52-15, 18 FR 14, Jan. 1, 1953, unless otherwise noted.

Subpart 76.01—Sale of Equipment

§ 76.01-1 Sale of equipment not readily procurable.

The Commandant is authorized to sell aids to navigation apparatus or equipment to foreign, state, or municipal governments or departments thereof; parties required to maintain private aids to navigation to mark wrecks, piers, or other obstructions; contractors engaged on public works; and in other cases in which in the judgment of the Commandant the public interest may be served: Provided:

(a) Such equipment has not been reported by the Coast Guard to the General Services Administration as excess; and

(b) Such equipment is not readily procurable in the open market. Requests to purchase such apparatus or equipment shall give sufficient reasons why the article or articles cannot be readily procured in the open market. If the Commandant considers that an article can be readily procured in the open market the prospective purchaser will be so informed, and given the names of dealers or manufacturers. Sales shall be invoiced at cost plus 25 percent for overhead. Proceeds of such sales shall be deposited in the Treasury to the credit of the current appropriation for operating expenses, Coast Guard.

§ 76.01-5 Sale of condemned equipment.

When any condemned supplies, materials, or equipment cannot be profitably used in work of the Coast Guard, they will be disposed of under appropriate regulations of the General Services Administration. Applications for purchase of such materials may be submitted to the Commandant who will process them for further action under the applicable regulations.

Subpart 76.10—Federal Agencies

§ 76.10-1 Exemption.

Nothing in this part shall be construed to affect the regulations concerning the transfer of supplies, materials, equipment, or land between other Federal agencies.

SPECIAL NOTE: Application of the 72 COLREGS to territories and possessions.

a. Article III of the Convention on the International Regulations for Preventing Collisions at Sea, 1972 (72 COLREGS), done at London, October 20, 1972, as rectified by Proces-Verbal of December 1, 1973, provides that a party may notify the Secretary-General of the International Maritime Organization (IMO, formerly Inter-Governmental Maritime Consultative Organization or IMCO) that it extends the application of the Convention to territory for which it is responsible for international relations. Since it is the intention of the United States that the 72 COLREGS apply to all U.S. territories and possessions to the same extent that the International Regulations for Preventing Collisions at Sea, 1960 (60 COLREGS) (16 USC 794, TIAS 5813) previously applied, the United States has given notice to the Secretary-General that the provisions of the 1972 COLREGS are applicable on July 15, 1977, to the following territories and possessions for which the United States is responsible for international relations:

- Puerto Rico
- Guam
- The Canal Zone
- The Virgin Islands of the United States
- American Samoa
- Midway Island
- Wake Island
- Johnston Island
- Palmyra Island
- Kingman Reef
- Howland Island
- Baker Island
- Jarvis Island
- Navassa Island

b. In accordance with Article III, other parties to the Convention have notified the Secretary-General that application of 72 COLREGS is extended. These parties with their territorial extensions are listed in Table 1.

The following nations have accepted the 60 COLREGS but are not Contracting Parties to 72 COLREGS:

- Argentina
- Australia
- Austria
- Barbados
- Barbados
- Burma
- Cambodia
- China
- Cuba
- Cyprus
- Czechoslovakia
- Ecuador
- Egypt
- Fiji

- Madagascar
- Maldives
- Morocco
- Oman
- Paraguay

Because earlier formulations of the COLREGS were not elaborated as treaties, they were brought into force by the almost simultaneous enactment of domestic legislation by the majority of maritime nations. The COLREGS were judicially considered as being customary international law, that is to say international law based upon the consensus of maritime nations rather than upon an express instrument. Because 72 COLREGS was elaborated as a treaty, and under usual treaty practice only parties are bound, there may be a period of time after the 72 COLREGS come into force during which the ships of a nation not party to 72 COLREGS might not be considered as being bound to comply with the Convention. While it is most likely that the 72 COLREGS will rapidly achieve the status of customary international law, thereby obviating any concern on the part of the mariner as to whether a particular nation is a party, it does not necessarily follow that the courts in all nations will apply 72 COLREGS to the vessels of a non-party nation. In the absence of changes in their domestic law there may be certain nations that will feel compelled to continue 60 COLREGS in force, despite the coming into force of 72 COLREGS.

The following nations are Contracting Parties for which 72 COLREGS will apply upon the Convention’s entry into force:

- Algeria
- Bahamas
- Belgium
- Brazil
- Bulgaria
- Canada
- Denmark
- Finland
- France
- German Democratic Republic

national Regulations for Preventing Collisions at Sea, 1972 (72 COLREGS) and those water upon which mariners shall comply with the Inland Navigation Rules.

(b) The waters inside of the lines are Inland Rules waters. The waters outside the lines are COLREGS waters.

(c) Geographic coordinates expressed in terms of latitude or longitude, or both, are not intended for plotting on maps or charts whose referenced horizontal datum is the North American Datum of 1983 (NAD 83), unless such geographic coordinates are expressly labeled NAD 83. Geographic coordinates without the NAD 83 reference may be plotted on maps or charts referenced to NAD 83 only after application of the appropriate corrections that are published on the particular map or chart being used.

Atlantic Coast

First district

§ 80.105 Calais, ME to Cape Small, ME.

The 72 COLREGS shall apply on the harbors, bays, and inlets on the east coast of Maine from International Bridge at Calais, ME to the south-westernmost extremity of Bald Head at Cape Small.

§ 80.110 Casco Bay, ME.

(a) A line drawn from the south-westernmost extremity of Bald Head at Cape Small to the southeasternmost extremity of Ragged Island; thence to the southern tangent of Jaquish Island thence to Little Mark Island Monument Light; thence to the northernmost extremity of Jewell Island.

(b) A line drawn from the tower on Jewell Island charted in approximate position latitude 43°40.6' N. longitude 70°05.9' W. to the northeasternmost extremity of Outer Green Island.

(c) A line drawn from the south-westernmost extremity of Outer Green Island to Ram Island Ledge Light; thence to Portland Head Light.
§ 80.115 Portland Head, ME to Cape Ann, MA.

(a) Except inside lines specifically described in this section, the COLREGS shall apply on the harbors, bays, and inlets on the east coast of Maine, New Hampshire, and Massachusetts from Portland Head to Halibut Point at Cape Ann.

(b) A line drawn from the southernmost tower on Gerrish Island charted in approximate position latitude 43°04.0′ N, longitude 70°41.2′ W, to Whaleback Light; thence to Jaffrey Point Light 2A; thence to the northeasternmost extremity of Frost Point.

(c) A line drawn from the northernmost extremity of Farm Point to Annisquam Harbor Light.

§ 80.120 Cape Ann, MA to Marblehead Neck, MA.

(a) Except inside lines specifically described in this section, the COLREGS shall apply on the harbors, bays and inlets on the east coast of Massachusetts from Halibut Point at Cape Ann to Marblehead Neck.

(b) A line drawn from Gloucester Harbor Breakwater Light to the twin towers charted in approximate position latitude 42°35.1′ N, longitude 70°41.6′ W.

(c) A line drawn from the westernmost extremity of Gales Point to the easternmost extremity of House Island; thence to Bakers Island Light; thence to Marblehead Light.

§ 80.125 Marblehead Neck, MA to Nahant, MA.

The COLREGS apply on the harbors, bays, and inlets on the east coast of Massachusetts from Marblehead Neck to the easternmost tower at Nahant, charted in approximate position latitude 42°25.4′ N, longitude 70°54.6′ W.

§ 80.130 Boston Harbor entrance.

A line drawn from the easternmost tower at Nahant, charted in approximate position latitude 42°25.4′ N, longitude 70°54.6′ W, to Boston Lighted Horn Buoy “B”; thence to the easternmost radio tower at Hull, charted in approximate position latitude 42°16.7′ N, longitude 70°52.6′ W.

ALTERNATIVE COMPLIANCE

81.5 Application for a Certificate of Alternative Compliance.
81.9 Certificate of Alternative Compliance: Contents.
81.17 Certificate of Alternative Compliance: Termination.
81.18 Notice and record of certification of vessels of special construction or purpose.

EXEMPTIONS

81.20 Lights and sound signal appliances.

SOURCE: CGD 76±130, 42 FR 17111, Mar. 31, 1977, unless otherwise noted. Redesignated by CGD 81±017, 46 FR 28154, May 26, 1981.

§ 81.1 Definitions.

As used in this part:

72 COLREGS refers to the International Regulations for Preventing Collisions at Sea, 1972, done at London, October 20, 1972, as rectified by the Proces-Verbal of December 1, 1973, as amended.

A vessel of special construction or purpose means a vessel designed or modified to perform a special function and whose arrangement is thereby made relatively inflexible.

Interference with the special function of the vessel occurs when installation or use of lights, shapes, or sound-signalizing appliances under 72 COLREGS prevents or significantly hinders the operation in which the vessel is usually engaged.

[CGD 77±136, 47 FR 13799, Apr. 1, 1982]

§ 81.3 General.

Vessels of special construction or purpose which cannot fully comply with the light, shape, and sound signal provisions of 72 COLREGS without interfering with their special function may instead meet alternative requirements. The Chief of the Marine Safety Division in each Coast Guard District Office makes this determination and requires that alternative compliance be as close as possible with the 72 COLREGS. These regulations set out the procedure by which a vessel may be certified for alternative compliance. The information collection and record-keeping requirements in §§81.5 and 81.18 have been approved by the Office of Management and Budget under OMB control No. 2115-0073.

[CGD 77±136, 47 FR 13799, Apr. 1, 1982]

§ 81.5 Application for a Certificate of Alternative Compliance.

(a) The owner, builder, operator, or agent of a vessel of special construction or purpose who believes the vessel cannot fully comply with the 72 COLREGS light, shape, or sound signal provisions without interference with its special function may apply for a determination that alternative compliance is justified. The application must be in writing, submitted to the Chief of the Marine Safety Division of the Coast Guard District in which the vessel is being built or operated, and include the following information:

(1) The name, address, and telephone number of the applicant.
(2) The identification of the vessel by its:
(i) Official number;
(ii) Shipyard hull number;
(iii) Hull identification number; or
(iv) State number, if the vessel does not have an official number or hull identification number.
(3) Vessel name and home port, if known.
(4) A description of the vessel's area of operation.
(5) A description of the provision for which the Certificate of Alternative Compliance is sought, including:
(i) The 72 COLREGS Rule or Annex section number for which the Certificate of Alternative Compliance is sought;
(ii) A description of the special function of the vessel that would be interfered with by full compliance with the provision of that Rule or Annex section; and
(iii) A statement of how full compliance would interfere with the special function of the vessel.
(6) A description of the alternative installation that is in closest possible compliance with the applicable 72 COLREGS Rule or Annex section.
(7) A copy of the vessel’s plans or an accurate scale drawing that clearly shows:
§ 81.9 Certificate of Alternative Compliance: Contents.

The Chief of the Marine Safety Division issues the Certificate of Alternative Compliance to the vessel based on a determination that it cannot comply fully with 72 COLREGS light, shape, and sound signal provisions without interference with its special function. This Certificate includes—

(a) Identification of the vessel as supplied in the application under § 81.5(a)(2);

(b) The provision of the 72 COLREGS for which the Certificate authorizes alternative compliance;

(c) A certification that the vessel is unable to comply fully with the 72 COLREGS lights, shape, and sound signal requirements without interference with its special function;

(d) A statement of why full compliance would interfere with the special function of the vessel;

(e) The required alternative installation;

(f) A statement that the required alternative installation is in the closest possible compliance with the 72 COLREGS without interfering with the special function of the vessel;

(g) The date of issuance;

(h) A statement that the Certificate of Alternative Compliance terminates when the vessel ceases to be usually engaged in the operation for which the certificate is issued.

[CGD 77-136, 47 FR 13800, Apr. 1, 1982]
Subchapter D § 82.7

PART 82—72 COLREGS: INTERPRETATIVE RULES

Sec. 82.1 Purpose.

This part contains the interpretative rules concerning the 72 COLREGS that are adopted by the Coast Guard for the guidance of the public.

§ 82.1 Purpose.

This part contains the interpretative rules concerning the 72 COLREGS that are adopted by the Coast Guard for the guidance of the public.

§ 82.3 Pushing vessel and vessel being pushed: Composite unit.

Rule 24(b) of the 72 COLREGS states that when a pushing vessel and a vessel being pushed ahead are rigidly connected in a composite unit, they are regarded as a power-driven vessel and must exhibit the lights under Rule 23. A “composite unit” is interpreted to be a pushing vessel that is rigidly connected by mechanical means to a vessel being pushed so they react to sea and swell as one vessel. “Mechanical means” does not include the following:

(a) Lines.
(b) Hawsers.
(c) Wires.
(d) Chains.

§ 82.5 Lights for moored vessels.

For the purposes of Rule 30 of the 72 COLREGS, a vessel at anchor includes a barge made fast to one or more mooring buoys or other similar device attached to the sea or river floor. Such a barge may be lighted as a vessel at anchor in accordance with Rule 30, or may be lighted on the corners in accordance with 33 CFR 88.13.

[CGD 94-011, 63 FR 5731, Feb. 4, 1998]

§ 82.7 Sidelights for unmanned barges.

An unmanned barge being towed may use the exception of COLREGS Rule 24(h). However, this exception only applies to the vertical sector requirements.

§ 84.01 Definitions.

(a) The term height above the hull means height above the uppermost continuous deck. This height shall be measured from the position vertically beneath the location of the light.

(b) High-speed craft means a craft capable of maximum speed in meters per second (m/s) equal to or exceeding: \( \frac{80V^2}{0.1667} \) where \( V \) = displacement corresponding to the design waterline (meters).

Note to paragraph (b): The same formula expressed in pounds and knots is maximum speed in knots (kts) equal to exceeding \( 1.98 (lbs) \frac{V}{0.1667} \) where \( V \) = displacement corresponding to design waterline in pounds.

(c) The term practical cut-off means, for vessels 20 meters or more in length, 12.5 percent of the minimum luminous intensity (Table 84.15(b)) corresponding to the greatest range of visibility for which the requirements of Annex I are met.

§ 84.03 Vertical positioning and spacing of lights.

(a) On a power-driven vessel of 20 meters or more in length the masthead lights shall be placed as follows:

1. The forward masthead light, or if only one masthead light is carried, then that light, at a height above the hull of not less than 5 meters, and, if the breadth of the vessel exceeds 5 meters, then at a height above the hull not less than such breadth, so however that the light need not be placed at a greater height above the hull than 8 meters;

2. When two masthead lights are carried the after one shall be at least 2 meters vertically higher than the forward one.

(b) The vertical separation of the masthead lights of power-driven vessels shall be such that in all normal conditions of trim the after light will be seen over and separate from the forward light at a distance of 1000 meters from the stem when viewed from water level.

(c) The masthead light of a power-driven vessel of 12 meters but less than 20 meters in length shall be placed at a height above the gunwale of not less than 2.5 meters.

(d) The masthead light, or the all-round light described in Rule 23(c), of a power-driven vessel of less than 12 meters in length shall be carried at least one meter higher than the sidelights.

(e) One of the two or three masthead lights prescribed for a power-driven vessel when engaged in towing or pushing another vessel shall be placed in the same position as either the forward masthead light or the after masthead light, provided that the lowest after masthead light shall be at least 2 meters vertically higher than the highest forward masthead light.

(f)(1) The masthead light or lights prescribed in Rule 23(a) shall be so placed as to be above and clear of all

211
§ 84.05 Horizontal positioning and spacing of lights.

(a) Except as specified in paragraph (e) of this section, when two masthead lights are prescribed for a power-driven vessel, the horizontal distance between them must not be less than one quarter of the length of the vessel but need not be more than 50 meters. The forward light must be placed not more than one half of the length of the vessel from the stern.

(b) On a power-driven vessel of 20 meters or more in length the sidelights shall not be placed in front of the forward masthead lights. They shall be placed at or near the side of the vessel.

(c) When the lights prescribed in Rule 27(b)(i) are placed vertically between the forward masthead light(s) and the after masthead light(s) these all-round lights shall be placed at a horizontal distance of not less than 2 meters from the fore and aft centerline of the vessel in the athwartship direction.

(d) When only one masthead light is prescribed for a power-driven vessel, this light must be exhibited forward of amidships. For a vessel of less than 20 meters in length, the vessel shall exhibit one masthead light as far forward as is practicable.

(e) On power-driven vessels 50 meters but less than 60 meters in length operated on the Western Rivers, and those waters specified in § 89.25, the horizontal distance between masthead lights shall not be less than 10 meters.

§ 84.07 Details of location of direction-indicating lights for fishing vessels, dredgers and vessels engaged in underwater operations.

(a) The light indicating the direction of the outlying gear from a vessel engaged in fishing as prescribed in Rule 26(c)(ii) shall be placed at a horizontal distance of not less than 2 meters and not more than 6 meters away from the two all-round red and white lights. This light shall be placed not higher than the all-round white light prescribed in Rule 26(c)(i) and not lower than 4 meters above the hull.

(b) The lights and shapes on a vessel engaged in dredging or underwater operations to indicate the obstructed side and/or the side on which it is safe to pass, as prescribed in Rule 27(d)(i) and (ii), shall be placed at the maximum
practical horizontal distance, but in no case less than 2 meters, from the lights or shapes prescribed in Rule 27(b)(i) and (ii). In no case shall the upper of these lights or shapes be at a greater height than the lower of the three lights or shapes prescribed in Rule 27(b)(i) and (ii).

§ 84.09 Screens.
(a) The sidelights of vessels of 20 meters or more in length shall be fitted with mat black inboard screens and meet the requirements of § 84.17. On vessels of less than 20 meters in length, the sidelights, if necessary to meet the requirements of § 84.17, shall be fitted with mat black inboard screens. With a combined lantern, using a single vertical filament and a very narrow division between the green and red sections, external screens need not be fitted.
(b) On power-driven vessels less than 12 meters in length constructed after July 31, 1983, the masthead light, or the all-round light described in Rule 23(c) shall be screened to prevent direct illumination of the vessel forward of the operator’s position.

§ 84.11 Shapes.
(a) Shapes shall be black and of the following sizes:
   (1) A ball shall have a diameter of not less than 0.6 meter;
   (2) A cone shall have a base diameter of not less than 0.6 meter and a height equal to its diameter;
   (3) A diamond shape shall consist of two cones (as defined in paragraph (a)(2) of this section) having a common base.
(b) The vertical distance between shapes shall be at least 1.5 meter.
(c) In a vessel of less than 20 meters in length shapes of lesser dimensions but commensurate with the size of the vessel may be used and the distance apart may be correspondingly reduced.

§ 84.13 Color specification of lights.
(a) The chromaticity of all navigation lights shall conform to the following standards, which lie within the boundaries of the area of the diagram specified for each color by the International Commission on Illumination (CIE), in the “Colors of Light Signals”, which is incorporated by reference. It is Publication CIE No. 2.2 (TC-16), 1975, and is available from the Illumination Engineering Society, 345 East 47th Street, New York, NY 10017. It is also available for inspection at the Office of the Federal Register, 800 North Capitol Street, NW., suite 700, Washington, DC. This incorporation by reference was approved by the Director of the Federal Register.
(b) The boundaries of the area for each color are given by indicating the corner co-ordinates, which are as follows:
   (1) White:
      x 0.525 0.525 0.452 0.310 0.310 0.443
      y 0.382 0.440 0.440 0.348 0.283 0.382
   (2) Green:
      x 0.028 0.009 0.300 0.203
      y 0.385 0.723 0.511 0.356
   (3) Red:
      x 0.690 0.660 0.735 0.721
      y 0.320 0.320 0.265 0.259
   (4) Yellow:
      x 0.612 0.618 0.575 0.575
      y 0.382 0.382 0.425 0.406

§ 84.15 Intensity of lights.
(a) The minimum luminous intensity of lights shall be calculated by using the formula:
   \[ I = 3.43 \times 10^6 \times T \times D^2 \times K \cdot D \]
where \( I \) is luminous intensity in candelas under service conditions, \( T \) is threshold factor 2 \times 10^{-7} \text{lux}, \( D \) is range of visibility (luminous range) of the light in nautical miles, \( K \) is atmospheric transmissivity. For prescribed lights the value of \( K \) shall be 0.8, corresponding to a meteorological visibility of approximately 13 nautical miles.
(b) A selection of figures derived from the formula is given in Table 84.15(b):

§ 84.17 Horizontal sectors.

(a)(1) In the forward direction, sidelights as fitted on the vessel shall show the minimum required intensities. The intensities shall decrease to reach practical cut-off between 1 and 3 degrees outside the prescribed sectors.

(2) For sternlights and masthead lights and at 22.5 degrees abaft the beam for sidelights, the minimum required intensities shall be maintained over the arc of the horizon up to 5 degrees within the limits of the sectors prescribed in Rule 21. From 5 degrees within the prescribed sectors the intensity may decrease by 50 percent up to the prescribed limits; it shall decrease steadily to reach practical cut-off at not more than 5 degrees outside the prescribed sectors.

(b) All-round lights shall be so located as not to be obscured by masts, topmasts or structures within angular sectors of more than 6 degrees, except anchor lights prescribed in Rule 30, which need not be placed at an impracticable height above the hull, and the all-round white light described in Rule 23(d), which may not be obscured at all.

(c) If it is impracticable to comply with paragraph (b) of this section by exhibiting only one all-round light, two all-round lights shall be used suitably positioned or screened to appear, as far as practicable, as one light at a minimum distance of one nautical mile.

NOTE TO PARAGRAPH (C): Tow unscreened all-round lights that are 1.28 meters apart or less will appear as one light to the naked eye at a distance of one nautical mile.

[CGD 81-008, 46 FR 62447, Dec. 24, 1981, as amended by CGD 89-024, 55 FR 3947, Feb. 6, 1990]

§ 84.19 Vertical sectors.

(a) The vertical sectors of electric lights as fitted, with the exception of lights on sailing vessels underway and on unmanned barges, shall ensure that:

1) At least the required minimum intensity is maintained at all angles from 5 degrees above to 5 degrees below the horizontal;

2) At least 60 percent of the required minimum intensity is maintained from 7.5 degrees above to 7.5 degrees below the horizontal.

(b) In the case of sailing vessels underway the vertical sectors of electric lights as fitted shall ensure that:

1) At least the required minimum intensity is maintained at all angles from 5 degrees above to 5 degrees below the horizontal;

2) At least 50 percent of the required minimum intensity is maintained from 25 degrees above to 25 degrees below the horizontal.

(c) In the case of unmanned barges the minimum required intensity of electric lights as fitted shall be maintained on the horizontal.

(d) In the case of lights other than electric lights these specifications shall be met as closely as possible.

§ 84.21 Intensity of non-electric lights.

Non-electric lights shall so far as practicable comply with the minimum intensities, as specified in the Table given in § 84.15.

§ 84.23 Maneuvering light.

Notwithstanding the provisions of §84.03(f), the maneuvering light described in Rule 34(b) shall be placed approximately in the same fore and aft vertical plane as the masthead light or lights and, where practicable, at a minimum height of one-half meter vertically above the forward masthead light, provided that it shall be carried not less than one-half meter vertically above or below the after masthead light. On a vessel where only one masthead light is carried the maneuvering light, if fitted, shall be carried where it can best be seen, not less than one-half meter vertically apart from the masthead light.
§ 84.24 High-speed craft.
(a) The masthead light of high-speed craft with a length to breadth ratio of less than 3.0 may be placed at a height related to the breadth lower than that prescribed in § 84.03(a)(1), provided that the base angle of the isosceles triangle formed by the side lights and masthead light when seen in end elevation is not less than 27 degrees as determined by the formula in paragraph (b) of this section.
(b) The minimum height of masthead light above sidelights is to be determined by the following formula: 
\[
\tan 27^\circ = \frac{X}{Y}
\]
where Y is the horizontal distance between the sidelights and X is the height of the forward masthead light.

§ 84.25 Approval. [Reserved]

PART 85—ANNEX II: ADDITIONAL SIGNALS FOR FISHING VESSELS FISHING IN CLOSE PROXIMITY

Sec.
85.1 General.
85.3 Signals for trawlers.
85.5 Signals for purse seiners.

AUTHORITY: Sec. 3, Pub. L. 96-591; 49 CFR 1.46(n)(14).
SOURCE: CGD 81-006, 46 FR 61845, Dec. 21, 1981, unless otherwise noted.

§ 85.1 General.
The lights mentioned herein shall, if exhibited in pursuance of Rule 26(d), be placed where they can best be seen. They shall be at least 0.9 meter apart but at a lower level than lights prescribed in Rule 26(b)(i) and (c)(i) contained in the Inland Navigational Rules Act of 1980, as amended (33 U.S.C. 2001 et seq.). The lights shall be visible all around the horizon at a distance of at least 1 mile but at a lesser distance from the lights prescribed by these Rules for fishing vessels.

§ 85.3 Signals for trawlers.
(a) Vessels when engaged in trawling, whether using demersal or pelagic gear, may exhibit:

(1) When shooting their nets: two white lights in a vertical line;
(2) When hauling their nets: one white light over one red light in a vertical line;
(3) When the net has come fast upon an obstruction: two red lights in a vertical line.
(b) Each vessel engaged in pair trawling may exhibit:

(1) By night, a searchlight directed forward and in the direction of the other vessel of the pair;
(2) When shooting or hauling their nets or when their nets have come fast upon an obstruction, the lights prescribed in paragraph (a) of this section.

§ 85.5 Signals for purse seiners.
Vessels engaged in fishing with purse seine gear may exhibit two yellow lights in a vertical line. These lights shall flash alternately every second and with equal light and occultation duration. These lights may be exhibited only when the vessel is hampered by its fishing gear.

PART 86—ANNEX III: TECHNICAL DETAILS OF SOUND SIGNAL APPLIANCES

Subpart A—Whistles

SOURCE: CGD 81-009, 46 FR 61848, Dec. 21, 1981, unless otherwise noted.
§ 86.01 Subpart A—Whistles

§ 86.01 Frequencies and range of audibility.

The fundamental frequency of the signal shall lie within the range 70–525 Hz. The range of audibility of the signal from a whistle shall be determined by those frequencies, which may include the fundamental and/or one or more higher frequencies, which lie within the frequency ranges and provide the sound pressure levels specified in § 86.05.

§ 86.03 Limits of fundamental frequencies.

To ensure a wide variety of whistle characteristics, the fundamental frequency of a whistle shall be between the following limits:

(a) 70–200 Hz, for a vessel 200 meters or more in length;
(b) 130–350 Hz, for a vessel 75 meters but less than 200 meters in length;
(c) 250–525 Hz, for a vessel less than 75 meters in length.

§ 86.05 Sound signal intensity and range of audibility.

A whistle on a vessel shall provide, in the direction of the forward axis of the whistle and at a distance of 1 meter from it, a sound pressure level in at least one 1/3-octave band of not less than the appropriate figure given in Table 86.05 within the following frequency ranges (±1 percent):

(a) 130–1200 Hz, for a vessel 75 meters or more in length;
(b) 250–1600 Hz, for a vessel 20 meters but less than 75 meters in length;
(c) 250–2100 Hz, for a vessel 12 meters but less than 20 meters in length.

Note: The range of audibility in the table above is for information and is approximately the range at which a whistle may usually be heard on its forward axis in conditions of still air on board a vessel having average background noise level at the listening posts (taken to be 68 dB in the octave band centered on 250 Hz and 63 dB in the octave band centered on 500 Hz).

In practice the range at which a whistle may be heard is extremely variable and depends critically on weather conditions; the values given can be regarded as typical but under conditions of strong wind or high ambient noise level at the listening post the range may be much reduced.

§ 86.07 Directional properties.

The sound pressure level of a directional whistle shall be not more than 4 dB below the sound pressure level specified in § 86.05 in any direction in the horizontal plane within ±45 degrees of the forward axis. The sound pressure level of the whistle in any other direction in the horizontal plane shall not be more than 10 dB less than the sound pressure level specified for the forward axis, so that the range of audibility in any direction will be at least half the range required on the forward axis. The sound pressure level shall be measured in that one-third octave band which determines the audibility range.

§ 86.09 Positioning of whistles.

(a) When a directional whistle is to be used as the only whistle on the vessel and is permanently installed, it shall be installed with its forward axis directed forward.
(b) A whistle shall be placed as high as practicable on a vessel, in order to reduce interception of the emitted sound by obstructions and also to minimize hearing damage risk to personnel. The sound pressure level of the vessel’s own signal at listening posts shall not exceed 110 dB(A) and so far as practicable should not exceed 100 dB(A).

§ 86.11 Fitting of more than one whistle.

If whistles are fitted at a distance apart of more than 100 meters, they shall not be sounded simultaneously.

§ 86.13 Combined whistle systems.

(a) A combined whistle system is a number of whistles (sound emitting sources) operated together. For the purposes of the Rules a combined whistle system is to be regarded as a single whistle.

(b) The whistles of a combined system shall:

1. Be located at a distance apart of not more than 100 meters,
2. Be sounded simultaneously,
3. Each have a fundamental frequency different from those of the others by at least 10 Hz, and
4. Have a tonal characteristic appropriate for the length of vessel which shall be evidenced by at least two-thirds of the whistles in the combined system having fundamental frequencies falling within the limits prescribed in §86.03, or if there are only two whistles in the combined system, by the higher fundamental frequency falling within the limits prescribed in §86.03.

Note: If due to the presence of obstructions the sound field of a single whistle or of one of the whistles referred to in §86.11 is likely to have a zone of greatly reduced signal level, a combined whistle system should be fitted so as to overcome this reduction.

§ 86.15 Towing vessel whistles.

A power-driven vessel normally engaged in pushing ahead or towing alongside may, at all times, use a whistle whose characteristic falls within the limits prescribed by §86.03 for the longest customary composite length of the vessel and its tow.

Subpart B—Bell or Gong

§ 86.21 Intensity of signal.

A bell or gong, or other device having similar sound characteristics shall produce a sound pressure level of not less than 110 dB at 1 meter.

§ 86.23 Construction.

Bells and gongs shall be made of corrosion-resistant material and designed to give a clear tone. The diameter of the mouth of the bell shall be not less than 300 mm for vessels of more than 20 meters in length, and shall be not less than 200 mm for vessels of 12 to 20 meters in length. The mass of the striker shall be not less than 3 percent of the mass of the bell. The striker shall be capable of manual operation. Note: When practicable, a power-driven bell striker is recommended to ensure constant force.

Subpart C—Approval

§ 86.31 Approval. [Reserved]

PART 87—ANNEX IV: DISTRESS SIGNALS

Sec.
87.1 Need of assistance.
87.3 Exclusive use.
87.5 Supplemental signals.

§ 87.1 Need of assistance.

The following signals, used or exhibited either together or separately, indicate distress and need of assistance:

(a) A gun or other explosive signal fired at intervals of about a minute.

(b) A continuous sounding with any fog-signaling apparatus;

(c) Rockets or shells, throwing red stars fired one at a time at short intervals;

(d) A signal made by radiotelegraphy or by any other signaling method consisting of the group . . . — — — — — . . . (SOS) in the Morse Code,

(e) A signal sent by radiotelephony consisting of the spoken word “Mayday”;

(f) The International Code Signal of distress indicated by N.C.
§ 87.3 Exclusive use.

The use or exhibition of any of the foregoing signals except for the purpose of indicating distress and need of assistance and the use of other signals which may be confused with any of the above signals is prohibited.

§ 87.5 Supplemental signals.

Attention is drawn to the relevant sections of the International Code of Signals, the Merchant Ship Search and Rescue Manual, the International Telecommunication Union Radio Regulations and the following signals:

(a) A piece of orange-colored canvas with either a black square and circle or other appropriate symbol (for identification from the air);
(b) A dye marker.

88.15 Lights on dredge pipelines.

Source: CGD 80-158, 47 FR 16175, Apr. 15, 1982, unless otherwise noted.
§ 88.12 Public safety activities.
(a) Vessels engaged in government sanctioned public safety activities, and commercial vessels performing similar functions, may display an alternately flashing red and yellow light signal. This identification light signal must be located so that it does not interfere with the visibility of the vessel’s navigation lights. The identification light signal may be used only as an identification signal and conveys no special privilege. Vessels using the identification light signal during public safety activities must abide by the Inland Navigation Rules, and must not presume that the light or the exigency gives them precedence or right of way.
(b) Public safety activities include but are not limited to patrolling marine parades, regattas, or special water celebrations; traffic control; salvage; firefighting; medical assistance; assisting disabled vessels; and search and rescue.

[CGD 90–032, 56 FR 33386, July 22, 1991]

§ 88.13 Lights on moored barges.
(a) The following barges shall display at night and if practicable during periods of restricted visibility the lights described in paragraph (b) of this section:
(1) Every barge projecting into a buoyed or restricted channel.
(2) Every barge so moored that it reduces the available navigable width of any channel to less than 80 meters.
(3) Barges moored in groups more than two barges wide or to a maximum width of over 25 meters.
(4) Every barge not moored parallel to the bank or dock.
(b) Barges described in paragraph (a) of this section shall carry two unobstructed all-round white lights of an intensity to be visible for at least 1 nautical mile and meeting the technical requirements as prescribed in §84.15 of this chapter.
(c) A barge or group of barges at anchor or made fast to one or more mooring buoys or other similar device, in lieu of the provisions of Inland Navigation Rule 30, may carry unobstructed all-round white lights of an intensity to be visible for at least 1 nautical mile that meet the requirements of §84.15 of this chapter and shall be arranged as follows:
(1) Any barge that projects from a group formation, shall be lighted on its outboard corners.
(2) On a single barge moored in water where other vessels normally navigate on both sides of the barge, lights shall be placed to mark the corner extremities of the barge.
(3) On barges moored in group formation, moored in water where other vessels normally navigate on both sides of the group, lights shall be placed to mark the corner extremities of the group.
(d) The following are exempt from the requirements of this section:
(1) A barge or group of barges moored in a slip or slough used primarily for mooring purposes.
(2) A barge or group of barges moored behind a pierhead.
(3) A barge less than 20 meters in length when moored in a special anchorage area designated in accordance with §109.10 of this chapter.
(e) Barges moored in well-illuminated areas are exempt from the lighting requirements of this section. These areas are as follows:

CHICAGO SANITARY SHIP CANAL

(1) Mile 293.2 to 293.9
(2) Mile 295.2 to 296.1
(5) Mile 297.5 to 297.8
(7) Mile 298 to 298.2
(9) Mile 298.6 to 298.8

CALUMET SAG CHANNEL

(61) Mile 316.5
§ 88.15

Lights on dredge pipelines.

Dredge pipelines that are floating or supported on trestles shall display the following lights at night and in periods of restricted visibility.

(a) One row of yellow lights. The lights must be:

1. Flashing 50 to 70 times per minute,
2. Visible all around the horizon,
3. Visible for at least 2 miles on a clear dark night,
4. Not less than 1 and not more than 3.5 meters above the water,
5. Approximately equally spaced, and
6. Not more than 10 meters apart where the pipeline crosses a navigable channel. Where the pipeline does not cross a navigable channel the lights must be sufficient in number to clearly show the pipeline's length and course.

(b) Two red lights at each end of the pipeline, including the ends in a channel where the pipeline is separated to allow vessels to pass (whether open or closed). The lights must be:

1. Visible all around the horizon, and
2. Visible for at least 2 miles on a clear dark night, and
3. One meter apart in a vertical line with the lower light at the same height above the water as the flashing yellow light.
§ 89.3 General.

Vessels of special construction or purpose which cannot fully comply with the light, shape, and sound signal provisions of the Inland Rules without interfering with their special function may instead meet alternative requirements. The Chief of the Marine Safety Division in each Coast Guard District Office makes this determination and requires that alternative compliance be as close as possible with the Inland Rules. These regulations set out the procedure by which a vessel may be certified for alternative compliance. The information collection and record-keeping requirements in §§ 89.5 and 89.18 have been approved by the Office of Management and Budget under OMB control number 2115-0074.

§ 89.5 Application for a Certificate of Alternative Compliance.

(a) The owner, builder, operator, or agent of a vessel of special construction or purpose who believes the vessel cannot fully comply with the Inland Rules light, shape, or sound signal provisions without interference with its special function may apply for a determination that alternative compliance is justified. The application must be in writing, submitted to the Chief of the Marine Safety Division of the Coast Guard District in which the vessel is being built or operated, and include the following information:

(1) The name, address, and telephone number of the applicant.

(2) The identification of the vessel by its:

(i) Official number;

(ii) Shipyard hull number;

(iii) Hull identification number; or

(iv) State number, if the vessel does not have an official number or hull identification number.

(3) Vessel name and home port, if known.

(4) A description of the vessel's area of operation.

(5) A description of the provision for which the Certificate of Alternative Compliance is sought, including:

(i) The Inland Rules Rule or Annex section number for which the Certificate of Alternative Compliance is sought;

(ii) A description of the special function of the vessel that would be interfered with by full compliance with the provision of that Rule or Annex section; and

(iii) A statement of how full compliance would interfere with the special function of the vessel.

(6) A description of the alternative installation that is in closest possible compliance with the applicable Inland Navigation Rules Rule or Annex section.

(7) A copy of the vessel's plans or an accurate scale drawing that clearly shows:

(i) The required installation of the equipment under the Inland Rules;

(ii) The proposed installation of the equipment for which certification is being sought, and

(iii) Any obstructions that may interfere with the equipment when installed in:

(A) The required location; and

(B) The proposed location.

(b) The Coast Guard may request from the applicant additional information concerning the application.

§ 89.9 Certificate of Alternative Compliance: Contents.

The Chief of the Marine Safety Division issues the Certificate of Alternative Compliance to the vessel based on a determination that it cannot comply fully with Inland Rules light, shape, and sound signal provisions without interference with its special function. This Certificate includes:

(a) Identification of the vessel as supplied in the application under § 89.5(a)(2);

(b) The provision of the Inland Rules for which the Certificate authorizes alternative compliance;

(c) A certification that the vessel is unable to comply fully with the Inland Rules light, shape, and sound signal requirements without interference with its special function;

(d) A statement of why full compliance would interfere with the special function of the vessel;

(e) The required alternative installation;
§ 89.17 Certificate of Alternative Compliance: Termination.

The Certificate of Alternative Compliance terminates if the information supplied under § 89.5(a) or the Certificate issued under § 89.9 is no longer applicable to the vessel.

§ 89.18 Record of certification of vessels of special construction or purpose.

(a) Copies of Certificates of Alternative Compliance and documentation concerning Coast Guard vessels are available for inspection at the offices of Assistant Commandant for Marine Safety and Environmental Protection, U.S. Coast Guard Headquarters, 2100 Second Street SW., Washington, DC 20593-0001.

(b) The owner or operator of a vessel issued a Certificate shall ensure that the vessel does not operate unless the Certificate of Alternative Compliance or a certified copy of that Certificate is on board the vessel and available for inspection by Coast Guard personnel.

§ 89.21 Purpose.

Inland Navigation Rules 9(a)(ii), 14(d), and 15(b) apply to the Great Lakes, and along with 24(i), apply on the “Western Rivers” as defined in Rule 3(1), and to additional specifically designated waters. The purpose of this Subpart is to specify those additional waters upon which Inland Navigation Rules 9(a)(ii), 14(d), 15(b), and 24(i) apply.

§ 89.23 Definitions.

As used in this subpart:

[CGD 83-028, 49 FR 33876, Aug. 27, 1984]

§ 89.25 Waters upon which Inland Rules 9(a)(ii), 14(d), and 15(b) apply.

Inland Rules 9(a)(ii), 14(d), and 15(b) apply on the Great Lakes, the Western Rivers, and the following specified waters:

(a) Tennessee-Tombigbee Waterway.
(b) Tombigbee River.
(c) Black Warrior River.
(d) Alabama River.
(e) Coosa River.
(f) Mobile River above the Cochrane Bridge at St. Louis Point.
(g) Flint River.
(h) Chattahoochee River.
(i) The Apalachicola River above its confluence with the Jackson River.

[CGD 91-050, 58 FR 27625, May 10, 1993]

§ 89.27 Waters upon which Inland Rule 24(i) applies.

(a) Inland Rule 24(i) applies on the Western Rivers and the specified waters listed in § 89.25(a) through (i).

(b) Inland Rule 24(i) applies on the Gulf Intracoastal Waterway from St. Marks, Florida, to the Rio Grande, Texas, including the Morgan City-Port Allen Alternate Route and the Galveston-Freeport Cutoff, except that a power-driven vessel pushing ahead or towing alongside shall exhibit the lights required by Inland Rule 24(c), while transiting within the following areas:

(1) St. Andrews Bay from the Hathaway Fixed Bridge at Mile 284.6 East of Harvey Locks (EHL) to the DuPont Fixed Bridge at Mile 295.4 EHL.

(2) Pensacola Bay, Santa Rosa Sound and Big Lagoon from the Light “10” off of Trout Point at Mile 176.9 EHL to the Pensacola Fixed Bridge at Mile 180.1 EHL.
§ 90.3 Pushing vessel and vessel being pushed: Composite unit.

§ 90.5 Lights for moored vessels.

§ 90.7 Sidelights for unmanned barges.

Source: CGD 83-011, 48 FR 51622, Nov. 10, 1983, unless otherwise noted.

§ 90.1 Purpose.

This part contains the interpretative rules for the Inland Rules. These interpretative rules are intended as a guide to assist the public and promote compliance with the Inland Rules.

§ 90.3 Pushing vessel and vessel being pushed: Composite unit.

Rule 24(b) of the Inland Rules states that when a pushing vessel and a vessel being pushed ahead are rigidly connected in a composite unit, they are regarded as a power-driven vessel and must exhibit the lights prescribed in Rule 23. A "composite unit" is interpreted to be the combination of a pushing vessel and a vessel being pushed ahead that are rigidly connected by mechanical means so they react to sea and swell as one vessel. Mechanical means does not include lines, wires, hawsers, or chains.

§ 90.5 Lights for moored vessels.

A vessel at anchor includes a vessel made fast to one or more mooring buoys or other similar device attached to the ocean floor. Such vessels may be lighted as a vessel at anchor in accordance with Rule 30, or may be lighted on the corners in accordance with 33 CFR 88.13.

§ 90.7 Sidelights for unmanned barges.

An unmanned barge being towed may use the exception of COLREGS Rule 24(h). However, this exception only applies to the vertical sector requirements for sidelights.

PART 95—Operating A Vessel While Intoxicated

Sec.
95.001 Purpose.
95.005 Applicability.
95.010 Definition of terms as used in this part.
95.015 Operating a vessel.
95.020 Standard of intoxication.
95.025 Adoption of State standards.
95.030 Evidence of intoxication.
95.035 Reasonable cause for directing a chemical test.
95.040 Refusal to submit to testing.
95.045 General operating rules for vessels inspected, or subject to inspection, under Chapter 33 of Title 46 United States Code.
95.050 Responsibility for compliance.

Source: CGD 84-099, 52 FR 47532, Dec. 14, 1987, unless otherwise noted.

§ 95.001 Purpose.

(a) The purpose of this part is to establish intoxication standards under 46 U.S.C. 2302 and to prescribe restrictions and responsibilities for personnel on vessels inspected, or subject to inspection, under Chapter 33 of Title 46 United States Code. This part does not pre-empt enforcement by a State of its applicable laws and regulations concerning operating a recreational vessel while intoxicated.

(b) Nothing in this part shall be construed as limiting the authority of a vessel's marine employer to limit or prohibit the use or possession of alcohol on board a vessel.

§ 95.005 Applicability.

(a) This part is applicable to a vessel (except those excluded by 46 U.S.C. 2102) operated on waters subject to the jurisdiction of the United States, and to a vessel owned in the United States on the high seas. This includes a foreign vessel operated on waters subject to the jurisdiction of the United States.

(b) This part is also applicable at all times to vessels inspected, or subject to inspection, under Chapter 33 of Title 46 United States Code.

[CGD 84-099, 52 FR 47532, Dec. 14, 1987; CGD 84-099, 53 FR 13117, Apr. 21, 1988]

§ 95.010 Definition of terms as used in this part.

Alcohol means any form or derivative of ethyl alcohol (ethanol).

Alcohol concentration means either grams of alcohol per 100 milliliters of blood, or grams of alcohol per 210 liters of breath.

Chemical test means a test which analyzes an individual's breath, blood, urine, saliva and/or other bodily fluids or tissues for evidence of drug or alcohol use.

Controlled substance has the same meaning assigned by 21 U.S.C. 802 and includes all substances listed on Schedules I through V as they may be revised from time to time (21 CFR Part 1308).

Drug means any substance (other than alcohol) that has known mind or function-altering effects on a person, specifically including any psychoactive substance, and including, but not limited to, controlled substances.

Intoxicant means any form of alcohol, drug or combination thereof.

Law enforcement officer means a Coast Guard commissioned, warrant, or petty officer; or any other law enforcement officer authorized to obtain a chemical test under Federal, State, or local law.

Marine employer means the owner, managing operator, charterer, agent, master, or person in charge of a vessel other than a recreational vessel.

Recreational vessel means a vessel meeting the definition in 46 U.S.C. 2101(25) that is then being used only for pleasure.

Underway means that a vessel is not at anchor, or made fast to the shore, or aground.

Vessel includes every description of watercraft or other artificial contrivance used, or capable of being used, as a means of transportation on water.

Vessel owned in the United States means any vessel documented or numbered under the laws of the United States.
States; and, any vessel owned by a citizen of the United States that is not documented or numbered by any nation.

[CGD 84-099, 52 FR 47532, Dec. 14, 1987; CGD 84-099, 53 FR 13117, April 21, 1988]

§ 95.015 Operating a vessel.
For purposes of this part, an individual is considered to be operating a vessel when:
(a) The individual has an essential role in the operation of a recreational vessel underway, including but not limited to navigation of the vessel or control of the vessel’s propulsion system.
(b) The individual is a crewmember (including a licensed individual), pilot, or watchstander not a regular member of the crew, of a vessel other than a recreational vessel.

§ 95.020 Standard of intoxication.
An individual is intoxicated when:
(a) The individual is operating a recreational vessel and has an alcohol concentration of .10 percent by weight or more in their blood;
(b) The individual is operating a vessel other than a recreational vessel and has an alcohol concentration of .04 percent by weight or more in their blood; or,
(c) The individual is operating any vessel and the effect of the intoxicant(s) consumed by the individual on the person’s manner, disposition, speech, muscular movement, general appearance or behavior is apparent by observation.

[CGD 84-099, 52 FR 47532, Dec. 14, 1987; CGD 84-099, 53 FR 13117, April 21, 1988]

§ 95.025 Adoption of State standards.
(a) This section applies to recreational vessels on waters within the geographical boundaries of a State having a statute defining a percentage of alcohol in the blood for the purposes of establishing “intoxication,” the standard containing the highest defined percentage of alcohol in the blood applies in lieu of the standard in §95.020(a). If the applicable State statute contains a standard specifically applicable to establishing intoxication, in addition to standards applicable to other degrees of impairment, the standard specifically applicable to establishing intoxication applies in lieu of the standard in §95.020(a).
(b) For the purposes of this part, a standard established by State statute and adopted under this section is applicable to the operation of any recreational vessel on waters within the geographical boundaries of the State.

§ 95.030 Evidence of intoxication.
Acceptable evidence of intoxication includes, but is not limited to:
(a) Personal observation of an individual’s manner, disposition, speech, muscular movement, general appearance, or behavior; or,
(b) A chemical test.

[CGD 84-099, 53 FR 13117, April 21, 1988; CGD 84-099, 53 FR 13117, Apr. 21, 1988]

§ 95.035 Reasonable cause for directing a chemical test.
(a) Only a law enforcement officer or a marine employer may direct an individual operating a vessel to undergo a chemical test when reasonable cause exists. Reasonable cause exists when:
1. The individual was directly involved in the occurrence of a marine casualty as defined in Chapter 61 of Title 46, United States Code, or
2. The individual is suspected of being in violation of the standards in §95.020 or §95.025.
(b) When an individual is directed to undergo a chemical test, the individual to be tested must be informed of that fact and directed to undergo a test as soon as is practicable.
(c) When practicable, a marine employer should base a determination of the existence of reasonable cause, under paragraph (a)(2) of this section, on observation by two persons.

§ 95.040 Refusal to submit to testing.
(a) If an individual refuses to submit to or cooperate in the administration of a timely chemical test when directed by a law enforcement officer based on reasonable cause, evidence of the refusal is admissible in evidence in any administrative proceeding and the individual will be presumed to be intoxicated.
(b) If an individual refuses to submit to or cooperate in the administration of a timely chemical test when directed by the marine employer based on reasonable cause, evidence of the refusal is admissible in evidence in any administrative proceeding.

§ 95.045 General operating rules for vessels inspected, or subject to inspection, under Chapter 33 of Title 46 United States Code.
While on board a vessel inspected, or subject to inspection, under Chapter 33 of Title 46 United States Code, a crewmember (including a licensed individual), pilot, or watchstander not a regular member of the crew:
(a) Shall not perform or attempt to perform any scheduled duties within four hours of consuming any alcohol;
(b) Shall not be intoxicated at any time;
(c) Shall not consume any intoxicant while on watch or duty; and
(d) May consume a legal non-prescription or prescription drug provided the drug does not cause the individual to be intoxicated.

§ 95.050 Responsibility for compliance.
(a) The marine employer shall exercise due diligence to assure compliance with the applicable provisions of this part.
(b) If the marine employer has reason to believe that an individual is intoxicated, the marine employer shall not allow that individual to stand watch or perform other duties.

PART 96—RULES FOR THE SAFE OPERATION OF VESSELS AND SAFETY MANAGEMENT SYSTEMS

Subpart A—General
Sec. 96.100 Purpose.

Subpart B—Company and Vessel Safety Management Systems
96.200 Purpose.
96.210 Who does this subpart apply to?
96.220 What makes up a safety management system?
96.230 What objectives must a safety management system meet?
96.240 What functional requirements must a safety management system meet?
96.250 What documents and reports must a safety management system have?

Subpart C—How Will Safety Management Systems Be Certificated and Enforced?
96.300 Purpose.
96.310 Who does this subpart apply to?
96.320 What is involved to complete a safety management audit and when is it required to be completed?
96.330 Document of Compliance certificate: what is it and when is it needed?
96.340 Safety Management Certificate: what is it and when is it needed?
96.350 Interim Document of Compliance certificate: what is it and when can it be used?
96.360 Interim Safety Management Certificate: what is it and when can it be used?
96.370 What are the requirements for vessels of countries not party to Chapter IX of SOLAS?
96.380 How will the Coast Guard handle compliance and enforcement of these regulations?
96.390 When will the Coast Guard deny entry into a U.S. port?

Subpart D—Authorization of Recognized Organizations To Act on Behalf of the U.S.
96.400 Purpose.
96.410 Who does this regulation apply to?
96.420 What authority may an organization ask for under this regulation?
96.430 How does an organization submit a request to be authorized?
96.440 How will the Coast Guard decide whether to approve an organization’s request to be authorized?
96.450 What happens if the Coast Guard disapproves an organization’s request to be authorized?
96.460 How does the Coast Guard terminate an organization’s authorization?
96.480 What is the status of a certificate if the issuing organization has its authority terminated?
§ 96.100 Purpose.

NOTE: Chapter IX of SOLAS is available from the International Maritime Organization, Publication Section, 4 Albert Embankment, London, SE1 7SR, United Kingdom, Telex 23588. Please include document reference number “IMO±190E” in your request.

§ 96.110 Who does this subpart apply to?
This subpart applies to you if—
(a) You are a responsible person who owns a U.S. vessel(s) and must comply with Chapter IX of SOLAS;
(b) You are a responsible person who owns a U.S. vessel(s) that is not required to comply with Chapter IX of SOLAS, but requests application of this subpart;
(c) You are a responsible person who owns a foreign vessel(s) engaged on a foreign voyage, bound for ports or places under the jurisdiction of the U.S., which must comply with Chapter IX of SOLAS; or
(d) You are a recognized organization applying for authorization to act on behalf of the U.S. to conduct safety management audits and issue international convention certificates.

§ 96.120 Definitions.
(a) Unless otherwise stated in this section, the definitions in Chapter IX, Regulation 1 of the International Convention for the Safety of Life at Sea (SOLAS) apply to this part.
(b) As used in this part—

Administration means the Government of the State whose flag the ship is entitled to fly.

Authorized Organization Acting on behalf of the U.S. means an organization that is recognized by the Commandant of the U.S. Coast Guard under the minimum standards of subparts A and B of 46 CFR part 8, and has been authorized under this section to conduct certain actions and certifications on behalf of the United States.

Captain of the Port (COTP) means the U.S. Coast Guard officer as described in 33 CFR 6.01±3, commanding a Captain of the Port zone described in 33 CFR part 3, or that person’s authorized representative.

Commandant means the Commandant, U.S. Coast Guard.

Company means the owner of a vessel, or any other organization or person such as the manager or the bareboat charterer of a vessel, who has assumed the responsibility for operation of the vessel from the shipowner and who on assuming responsibility has agreed to take over all the duties and responsibilities imposed by this part or the ISM Code.

Designated person means a person or persons designated in writing by the responsible person who monitors the safety management system of the company and vessel and has:
(1) Direct access to communicate with the highest levels of the company and with all management levels ashore and aboard the company’s vessel(s);
(2) Responsibility to monitor the safety and environmental aspects of the operation of each vessel; and
(3) Responsibility to ensure there are adequate support and shore-based resources for vessel(s) operations.

Document of Compliance means a certificate issued to a company or responsible person that complies with the requirements of this part or the ISM Code.

Coast Guard, DOT § 96.130

Non-conformity means an observed situation where objective evidence indicates the non-fulfillment of a specified requirement.

Major non-conformity means an identifiable deviation which poses a serious threat to personnel or vessel safety or a serious risk to the environment and requires immediate corrective action; in addition, the lack of effective and systematic implementation of a requirement of the ISM Code is also considered a major non-conformity.

Objective Evidence means quantitative or qualitative information, records or statements of fact pertaining to safety or to the existence and implementation of a safety management system element, which is based on observation, measurement or test and which can be verified.

Officer In Charge, Marine Inspection (OCMI) means the U.S. Coast Guard officer as described in 46 CFR 1.01-15(b), in charge of an inspection zone described in 33 CFR part 3, or that person's authorized representative.

Recognized organization means an organization which has applied and been recognized by the Commandant of the Coast Guard to meet the minimum standards of 46 CFR part 8, subparts A and B.

Responsible person means—
(1) The owner of a vessel to whom this part applies, or
(2) Any other person that—
(i) has assumed the responsibility from the owner for operation of the vessel to which this part applies; and
(ii) agreed to assume, with respect to the vessel, responsibility for complying with all the requirements of this part.
(3) A responsible person may be a company, firm, corporation, association, partnership or individual.

Safety Management Certificate means a document issued to a vessel which signifies that the responsible person or its company, and the vessel’s shipboard management operate in accordance with the approved safety management system.

Safety Management System means a structured and documented system enabling Company and vessel personnel to effectively implement the responsible person’s safety and environmental protection policies.

SOLAS means the International Convention for the Safety of Life at Sea, 1974, as amended.

Vessel engaged on a foreign voyage means a vessel to which this part applies that is—
(1) Arriving at a place under the jurisdiction of the United States from a place in a foreign country;
(2) Making a voyage between places outside the United States; or
(3) Departing from a place under the jurisdiction of the United States for a place in a foreign country.

§ 96.130 Incorporation by reference.

(a) The Director of the Federal Register approves certain material that is incorporated by reference into this subpart under 5 U.S.C. 552(a) and 1 CFR part 51. To enforce any edition other than that specified in paragraph (b) of this section, the Coast Guard must publish notice of the change in the FEDERAL REGISTER and the material must be available to the public. You may inspect all material at the Office of the Federal Register, 800 North Capitol St., NW., Suite 700, Washington, DC and at the U.S. Coast Guard, Office of Design and Engineering Standards (G-MSE), 2100 Second St., SW., Washington, DC 20593-0001, and receive it from the source listed in paragraph (b) of this section.

(b) The material approved for incorporation by reference in this subpart and the sections affected are as follows:

Resolution A.741(18), International Management Code for the Safe Operation of Ships and for Pollution Prevention, November 4, 1993—96.220, 96.370
Subpart B—Company and Vessel Safety Management Systems

§ 96.200 Purpose.

This subpart establishes the minimum standards that the safety management system of a company and its U.S. flag vessel(s) must meet for certification to comply with the requirements of 46 U.S.C. 3201–3205 and Chapter IX of SOLAS, 1974. It also permits companies with U.S. flag vessels that are not required to comply with this part to voluntarily develop safety management systems which can be certified to standards consistent with Chapter IX of SOLAS.

§ 96.210 Who does this subpart apply to?

(a) This subpart applies—
(1) To a responsible person who owns or operates a U.S. vessel(s) engaged on a foreign voyage which meet the conditions of paragraph (a)(2) of this section;
(2) To all U.S. vessels engaged on a foreign voyage that are—
(i) A vessel transporting more than 12 passengers; or
(ii) A tanker, a bulk freight vessel, or self-propelled mobile offshore drilling unit (MODU) of 500 gross tons or more; and
(3) To all foreign vessels engaged on a foreign voyage, bound for ports or places under the jurisdiction of the U.S., and subject to Chapter IX of SOLAS.

(b) This subpart does not apply to—
(1) A barge;
(2) A recreational vessel not engaged in commercial service;
(3) A fishing vessel;
(4) A vessel operating only on the Great Lakes or its tributary and connecting waters; or
(5) A public vessel, which includes a U.S. vessel of the National Defense Reserve Fleet owned by the U.S. Maritime Administration and operated in non-commercial service.

(c) Any responsible person and their company who owns and operates a U.S. flag vessel(s) which does not meet the conditions of paragraph (a), may voluntarily meet the standards of this part and Chapter IX of SOLAS and have their safety management systems certified.

(d) The compliance date for the requirements of this part are—
(1) On or after July 1, 1998, for—
(i) Vessels transporting more than 12 passengers engaged on a foreign voyage; or
(ii) Tankers, bulk freight vessels, or high speed freight vessels of at least 500 gross tons or more, engaged on a foreign voyage.
(2) On or after July 1, 2002, for other freight vessels and self-propelled mobile offshore drilling units (MODUs) of at least 500 gross tons or more, engaged on a foreign voyage.

§ 96.220 What makes up a safety management system?

(a) The safety management system must document the responsible person’s—
(1) Safety and pollution prevention policy;
(2) Functional safety and operational requirements;
(3) Recordkeeping responsibilities; and
(4) Reporting responsibilities.

(b) A safety management system must also be consistent with the functional standards and performance elements of IMO Resolution A.741(18).

§ 96.230 What objectives must a safety management system meet?

The safety management system must:
(a) Provide for safe practices in vessel operation and a safe work environment onboard the type of vessel the system is developed for;
(b) Establish and implement safeguards against all identified risks;
(c) Establish and implement actions to continuously improve safety management skills of personnel ashore and aboard vessels, including preparation for emergencies related to both safety and environmental protection; and
(d) Ensure compliance with mandatory rules and regulations, taking into
§ 96.240 What functional requirements must a safety management system meet?

The functional requirements of a safety management system must include—

(a) A written statement from the responsible person stating the company’s safety and environmental protection policy;

(b) Instructions and procedures to provide direction for the safe operation of the vessel and protection of the environment in compliance with the applicable U.S. Code of Federal Regulations, and international conventions to which the U.S. is a party (SOLAS, MARPOL, etc.);

(c) Documents showing the levels of authority and lines of communication between shoreside and shipboard personnel;

(d) Procedures for reporting accidents, near accidents, and non-conformities with provisions of the company’s and vessel’s safety management system, and the ISM Code;

(e) Procedures to prepare for and respond to emergency situations by shoreside and shipboard personnel;

(f) Procedures for internal audits on the operation of the company and vessel(s) safety management system; and

(g) Procedures and processes for management review of company internal audit reports and correction of non-conformities that are reported by these or other reports.

§ 96.250 What documents and reports must a safety management system have?

The documents and reports required for a safety management system under § 96.330 or § 96.340 must include the written documents and reports itemized in Table 96.250. These documents and reports must be available to the company’s shore-based and vessel(s)-based personnel:

Note: The documents and reports required by this part are for the purpose of promoting safety of life and property at sea, as well as protection of the environment. The documents and reports are intended to ensure the communication and understanding of company and vessel safety management systems, which will allow a measure of the systems effectiveness and its responsible person to continuously improve the system and safety the system provides.

Subpart C—How Will Safety Management Systems Be Certified and Enforced?

§ 96.300 Purpose.

This subpart establishes the standards for the responsible person of a company and its vessel(s) to obtain the required and voluntary, national and international certification for the company's and vessel's safety management system.

§ 96.310 Who does this subpart apply to?

This subpart applies:
(a) If you are a responsible person who owns a vessel(s) registered in the U.S. and engaged on a foreign voyage(s), or holds certificates or endorsement of such voyages;
(b) If you are a responsible person who owns a vessel(s) registered in the U.S. and volunteer to meet the standards of this part and Chapter IX of SOLAS;
(c) To all foreign vessels engaged on a foreign voyage, bound for ports or places under the jurisdiction of the U.S., and subject to Chapter IX of SOLAS; or
(d) If you are a recognized organization authorized by the U.S. to complete such actions by subpart D of this part.

§ 96.320 What is involved to complete a safety management audit and when is it required to be completed?

(a) A safety management audit is any of the following:
(1) An initial audit which is carried out before a Document of Compliance certificate or a Safety Management Certificate is issued;
(2) A renewal audit which is carried out before the renewal of a Document of Compliance certificate or a Safety Management Certificate;
(3) Periodic audits including—
(i) An annual verification audit, as described in §96.330(f) of this part, and
(ii) An intermediate verification audit, as described in §96.340(e)(2) of this part.
(b) A satisfactory audit means that the auditor(s) agrees that the requirements of this part are met, based on review and verification of the procedures and documents that make up the safety management system.
(c) Actions required during safety management audits for a company and their U.S. vessel(s) are—
(1) Review and verify the procedures and documents that make up a safety management system, as defined in subpart B of this part.
(2) Make sure the audit complies with this subpart and is consistent with IMO Resolution A.788(19), Guidelines on Implementation of the International Safety Management (ISM) Code by Administrations.
(3) Make sure the audit is carried out by a team of Coast Guard auditors or auditors assigned by a recognized organization authorized to complete such actions by subpart D of this part.
(d) Safety management audits for a company and their U.S. vessel(s) are required—
(1) Before issuing or renewing a Document of Compliance certificate, and to keep a Document of Compliance certificate valid, as described in §§96.330 and 96.340 of this part.
(2) Before issuing or renewing a Safety Management Certificate, and to maintain the validity of a Safety Management Certificate, as described in §96.340 of this part.

However, any safety management audit for the purpose of verifying a vessel's
Subchapter F § 96.330

safety management system will not be scheduled or conducted for a company's U.S. vessel unless the company first has undergone a safety management audit of the company's safety management system, and has received its Document of Compliance certificate.

(e) Requests for all safety management audits for a company and its U.S. vessel(s) must be communicated—

(1) By a responsible person directly to a recognized organization authorized by the U.S.

(2) By a responsible person within the time limits for an annual verification audit, described in § 96.330(f) of this part, and for an intermediate verification audit, described in § 96.340(e)(2) of this part. If he or she does not make a request for a safety management annual or verification audit for a valid Document of Compliance certificate issued to a company or a valid Safety Management Certificate issued to a vessel, this is cause for the Coast Guard to revoke the certificate as described in §§ 96.330 and 96.340 of this part.

(f) If a non-conformity with a safety management system is found during an audit, it must be reported in writing by the auditor:

(1) For a company's safety management system audit, to the company's owner; and

(2) For a vessel's safety management system audit, to the company's owner and vessel's Master.

§ 96.330 Document of Compliance certificate: what is it and when is it needed?

(a) You must hold a valid Document of Compliance certificate if you are the responsible person who, or company which, owns a U.S. vessel engaged on foreign voyages, carrying more than 12 passengers, or is a tanker, bulk freight vessel, freight vessel, or a self-propelled mobile offshore drilling unit of 500 gross tons or more.

(b) You may voluntarily hold a valid Document of Compliance certificate, if you are a responsible person who, or a company which, owns a U.S. vessel not included in paragraph (a) of this section.

(c) You will be issued a Document of Compliance certificate only after you complete a satisfactory safety management audit as described in § 96.320 of this part.

(d) All U.S. and foreign vessels that carry more than 12 passengers or a tanker, bulk freight vessel, freight vessel, or a self-propelled mobile offshore drilling unit of 500 gross tons or more, must carry a valid copy of the company's Document of Compliance certificate onboard when on a foreign voyage.

(e) A valid Document of Compliance certificate covers the type of vessel(s) on which a company's safety management system initial safety management audit was based. The validity of the Document of Compliance certificate may be extended to cover additional types of vessels after a satisfactory safety management audit is completed on the company's safety management system which includes those additional vessel types.

(f) A Document of Compliance certificate is valid for 60 months. The company's safety management system must be verified annually by the Coast Guard or by an authorized organization acting on behalf of the U.S. through a safety management verification audit, within three months before or after the certificate's anniversary date.

(g) Only the Coast Guard may revoke a Document of Compliance certificate from a company which owns a U.S. vessel. The Document of Compliance certificate may be revoked if—

(1) The annual safety management audit and system verification required by paragraph (f) of this section is not completed by the responsible person; or

(2) Major non-conformities are found in the company's safety management system during a safety management audit or other related survey or inspection being completed by the Coast Guard or the recognized organization chosen by the company or responsible person.

(3) The Coast Guard or an authorized organization acting on its behalf is denied, or restricted access to, any vessel, record or personnel of the company, at any time necessary to evaluate the safety management system.
(h) When a company’s valid Document of Compliance certificate is revoked by the Coast Guard, a satisfactory safety management audit must be completed before a new Document of Compliance certificate for the company’s safety management system can be reissued.

§ 96.340 Safety Management Certificate: what is it and when is it needed?

(a) Your U.S. vessel engaged on a foreign voyage must hold a valid Safety Management Certificate if it carries more than 12 passengers, or if it is a tanker, bulk freight vessel, freight vessel, or a self-propelled mobile offshore drilling unit of 500 gross tons or more.

(b) Your U.S. vessel may voluntarily hold a valid Safety Management Certificate even if your vessel is not required to by paragraph (a) of this section.

(c) Your U.S. vessel may only be issued a Safety Management Certificate or have it renewed when your company holds a valid Document of Compliance certificate issued under § 96.330 of this part and the vessel has completed a satisfactory safety management audit of the vessel’s safety management system set out in § 96.320 of this part.

(d) A copy of your vessel’s valid Safety Management Certificate must be on board all U.S. and foreign vessels which carry more than 12 passengers, and must be on board a tanker, bulk freight vessel, freight vessel, or a self-propelled mobile offshore drilling unit of 500 gross tons or more, when engaged on foreign voyages or within U.S. waters.

(e) A Safety Management Certificate is valid for 60 months. The validity of the Safety Management Certificate is based on—

(1) A satisfactory initial safety management audit;

(2) A satisfactory intermediate verification audit requested by the vessel’s responsible person, completed between the 24th and 36th month of the certificate’s period of validity; and

(3) A vessel’s company holding a valid Document of Compliance certificate expires or is revoked, the Safety Management Certificate for the company-owned vessel(s) is invalid.

(f) Renewal of a Safety Management Certificate requires the completion of a satisfactory safety management system audit which meets all of the requirements of subpart B in this part. A renewal of a Safety Management Certificate cannot be started unless the company which owns the vessel holds a valid Document of Compliance certificate.

(g) Only the Coast Guard may revoke a Safety Management Certificate from a U.S. vessel. The Safety Management Certificate will be revoked if—

(1) The vessel’s responsible person has not completed an intermediate safety management audit required by paragraph (e)(2) of this section; or

(2) Major non-conformities are found in the vessel’s safety management system during a safety management audit or other related survey or inspection being completed by the Coast Guard or the recognized organization chosen by the vessel’s responsible person.

§ 96.350 Interim Document of Compliance certificate: what is it and when can it be used?

(a) An Interim Document of Compliance certificate may be issued to help set up a company’s safety management system when—

(1) A company is newly set up or in transition from an existing company into a new company; or

(2) A new type of vessel is added to an existing safety management system and Document of Compliance certificate for a company.

(b) A responsible person for a company operating a U.S. vessel(s) that meets the requirements of paragraph (a) of this section, may send a request to a recognized organization authorized to act on behalf of the U.S. to receive an Interim Document of Compliance certificate that is valid for a period up to 12 months. To be issued the Interim Document of Compliance certificate the vessel’s company must—

(1) Demonstrate to an auditor that the company has a safety management
Subchapter F § 96.360 Interim Safety Management Certificate: what is it and when can it be used?

(a) A responsible person may apply for an Interim Safety Management Certificate when—

(1) A responsible person takes delivery of a new U.S. vessel; or

(2) Takes responsibility for the management of a U.S. vessel which is new to the responsible person or their company.

(b) An Interim Safety Management Certificate is valid for 6 months. It may be issued to a U.S. vessel which meets the conditions of paragraph (a) of this section, when—

(1) The company’s valid Document of Compliance certificate or Interim Document of Compliance certificate applies to that vessel type;

(2) The company’s safety management system for the vessel includes the key elements of a safety management system, set out in §96.220, applicable to this new type of vessel;

(3) The company’s safety management system has been assessed during the safety management audit to issue the Document of Compliance certificate or demonstrated for the issuance of the Interim Document of Compliance certificate;

(4) The Master and senior officers of the vessel are familiar with the safety management system and the planned setup arrangements;

(5) Written documented instructions have been extracted from the safety management system and given to the vessel prior to sailing;

(6) The company plans an internal audit of the vessel within three months; and

(7) The relevant information from the safety management system is written in English, and in any other language understood by the vessel’s personnel.

§ 96.370 What are the requirements for vessels of countries not party to Chapter IX of SOLAS?

(a) Each foreign vessel which carries more than 12 passengers, or is a tanker, bulk freight vessel, freight vessel, or self-propelled mobile offshore drilling unit of 500 gross tons or more, operated in U.S. waters, under the authority of a country not a party to Chapter IX of SOLAS must—

(1) Have on board valid documentation showing that the vessel’s company has a safety management system which was audited and assessed, consistent with the International Safety Management Code of IMO Resolution A.741(18);

(2) Have on board valid documentation from a vessel’s Flag Administration showing that the vessel’s safety management system was audited and assessed to be consistent with the International Safety Management Code of IMO Resolution A.741(18); or

(3) Show that evidence of compliance was issued by either a government that is party to SOLAS or an organization recognized to act on behalf of the vessel’s Flag Administration.

(b) Evidence of compliance must contain all of the information in, and have substantially the same format as a—

(1) Document of Compliance certificate; and

(2) Safety Management Certificate.

(c) Failure to comply with this section will subject the vessel to the compliance and enforcement procedures of §96.380 of this part.

§ 96.380 How will the Coast Guard handle compliance and enforcement of these regulations?

(a) While operating in waters under the jurisdiction of the United States, the Coast Guard may board a vessel to determine that—

(1) Valid copies of the company’s Document of Compliance certificate and Safety Management Certificate are on board, or evidence of the same for vessels from countries not party to Chapter IX of SOLAS; and

(2) The vessel’s crew or shore-based personnel are following the procedures and policies of the safety management system while operating the vessel or transferring cargoes.
(b) A foreign vessel that does not comply with these regulations, or one on which the vessel’s condition or use of its safety management system do not substantially agree with the particulars of the Document of Compliance certificate, Safety Management Certificate or other required evidence of compliance, may be detained by order of the COTP or OCMI. This may occur at the port or terminal where the violation is found until, in the opinion of the detaining authority, the vessel can go to sea without presenting an unreasonable threat of harm to the port, the marine environment, the vessel or its crew. The detention order may allow the vessel to go to another area of the port, if needed, rather than stay at the place where the violation was found.

(c) If any vessel that must comply with this part or with the ISM Code does not have a Safety Management Certificate and a copy of its company’s Document of Compliance certificate on board, a vessel owner, charterer, managing operator, agent, Master, or any other individual in charge of the vessel that is subject to this part, may be liable for a civil penalty under 46 U.S.C. 3318. For foreign vessels, the Coast Guard may request the Secretary of the Treasury to withhold or revoke the clearance required by 46 U.S.C. App. 91. The Coast Guard may ask the Secretary to permit the vessel’s departure after the bond or other surety is filed.

§ 96.390 When will the Coast Guard deny entry into a U.S. port?

(a) Except for a foreign vessel entering U.S. waters under force majeure, no vessel shall enter any port or terminal of the U.S. without a safety management system that has been properly certificated to this subpart or to the requirements of Chapter IX of SOLAS if—

1. It is engaged on a foreign voyage; and

2. It is carrying more than 12 passengers, or a tanker, bulk freight vessel, freight vessel, or self-propelled mobile offshore drilling unit of 500 gross tons or more.

(b) The cognizant COTP will deny entry of a vessel into a port or terminal under the authority of 46 U.S.C. 3304(c), to any vessel that does not meet the requirements of paragraph (a) of this section.

Subpart D—Authorization of Recognized Organizations To Act on Behalf of the U.S.

§ 96.400 Purpose.

(a) This subpart establishes criteria and procedures for organizations recognized under 46 CFR part 8, subparts A and B, to be authorized by the Coast Guard to act on behalf of the U.S. The authorization is necessary in order for a recognized organization to perform safety management audits and certification functions delegated by the Coast Guard as described in this part.

(b) To receive an up-to-date list of recognized organizations authorized to act under this subpart, send a self-addressed, stamped envelope and written request to the Commandant (G-MSE), 2100 Second Street SW., Washington, DC 20593-0001.

§ 96.410 Who does this regulation apply to?

This subpart applies to all organizations recognized by the U.S. under 46 CFR part 8, subpart A and B, who wish to seek authorization to conduct safety management audits and issue relevant international safety certificates under the provisions of the ISM Code and voluntary certificates on behalf of the U.S.

§ 96.420 What authority may an organization ask for under this regulation?

(a) An organization may request authorization to conduct safety management audits and to issue the following certificates:

1. Safety Management Certificate;

2. Document of Compliance certificate;

3. Interim Safety Management Certificate; and

(b) [Reserved]
§ 96.430 How does an organization submit a request to be authorized?

(a) A recognized organization must send a written request for authorization to the Commandant (G-MSE), Office of Design and Engineering Standards, 2100 Second Street SW, Washington, DC 20593–0001. The request must include the following:

1. A statement describing what type of authorization the organization seeks;

2. Documents showing that—
   (i) The organization has an internal quality system with written policies, procedures and processes that meet the requirements in §96.440 of this part for safety management auditing and certification; or
   (ii) The organization has an internal quality system based on ANSI/ASQC C9001 for safety management auditing and certification; or
   (iii) The organization has an equivalent internal quality standard system recognized by the Coast Guard to complete safety management audits and certification.

3. A list of the organization’s exclusive auditors qualified to complete safety management audits and their operational area; and

4. A written statement that the procedures and records of the recognized organization regarding its actions involving safety management system audits and certification are available for review annually and at any time deemed necessary by the Coast Guard.

(b) If the organization is a foreign classification society that has been recognized under 46 CFR part 8, subparts A and B, and wishes to apply for authorization under this part, it must demonstrate the reciprocity required by 46 U.S.C. 3316 for ISM Code certification. The organization must provide a list of authorized delegations by the flag state of the administration of the foreign classification society’s country to the American Bureau of Shipping, and indicate any conditions related to the delegated authority. If the affidavit is not received with a request for authorization from a foreign classification society, the request for authorization will be disapproved and returned by the Coast Guard.

(c) Upon the satisfactory completion of the Coast Guard’s evaluation of a request for authorization, the organization will be visited for an evaluation as described in §96.440(b) of this part.

§ 96.440 How will the Coast Guard decide whether to approve an organization’s request to be authorized?

(a) First, the Coast Guard will evaluate the organization’s request for authorization and supporting written materials, looking for evidence of the following—

1. The organization’s clear assignment of management duties;

2. Ethical standards for managers and auditors;

3. Procedures for auditor training, qualification, certification, and requalification that are consistent with recognized industry standards;

4. Procedures for auditing safety management systems that are consistent with recognized industry standards and IMO Resolution A.788(19);

5. Acceptable standards for internal auditing and management review;

6. Record-keeping standards for safety management auditing and certification;

7. Methods for reporting nonconformities and recording completion of remedial actions;

8. Methods for certifying safety management systems;

9. Methods for periodic and intermediate audits of safety management systems;

10. Methods for renewal audits of safety management systems;

11. Methods for handling appeals; and

(b) After a favorable evaluation of the organization’s written request, the Coast Guard will arrange to visit the organization’s corporate offices and port offices for an on-site evaluation of operations.
§ 96.455 What happens if the Coast Guard disapproves an organization's request to be authorized?

(a) The Coast Guard will write to the organization explaining why it did not meet the criteria for authorization.
(b) The organization may then correct the deficiencies and reapply.

§ 96.460 How will I know what the Coast Guard requires of my organization if my organization receives authorization?

(a) Your organization will enter into a written agreement with the Coast Guard. This written agreement will specify—
   (1) How long the authorization is valid;
   (2) Which duties and responsibilities the organization may perform, and which certificates it may issue on behalf of the U.S.;
   (3) Reports and information the organization must send to the Commandant (G–MOC);
   (4) Actions the organization must take to renew the agreement when it expires; and
   (5) Actions the organization must take if the Coast Guard should revoke its authorization or recognition under 46 CFR part 8.

(b) [Reserved]

§ 96.470 How does the Coast Guard terminate an organization's authorization?

At least every 12 months, the Coast Guard evaluates organizations authorized under this subpart. If an organization fails to maintain acceptable standards, the Coast Guard may terminate that organization's authorization, remove the organization from the Commandant's list of recognized organizations, and further evaluate the organization's recognition under 46 CFR part 8.

§ 96.480 What is the status of a certificate if the issuing organization has its authority terminated?

Any certificate issued by an organization authorized by the Coast Guard whose authorization is later terminated remains valid until—
(a) Its original expiration date.
(b) The date of the next periodic audit required to maintain the certificate's validity, or
(c) Whichever of paragraphs (a) or (b) occurs first

§ 96.490 What further obligations exist for an organization if the Coast Guard terminates its authorization?

The written agreement by which an organization receives authorization from the Coast Guard places it under certain obligations if the Coast Guard revokes that authorization. The organization agrees to send written notice of its termination to all responsible persons, companies and vessels that have received certificates from the organization. In that notice, the organization must include—
(a) A written statement explaining why the organization's authorization was terminated by the Coast Guard;
(b) An explanation of the status of issued certificates;
(c) A current list of organizations authorized by the Coast Guard to conduct safety management audits; and
(d) A statement of what the companies and vessels must do to have their safety management systems transferred to another organization authorized to act on behalf of the U.S.

§ 96.495 How can I appeal a decision made by an authorized organization?

(a) A responsible person may appeal a decision made by an authorized organization by mailing or delivering to the organization a written request for reconsideration. Within 30 days of receiving your request, the authorized organization must rule on it and send you a written response. They must also send a copy of their response to the Commandant (G–MOC).
(b) If you are not satisfied with the organization's decision, you may appeal directly to the Commandant (G–MOC). You must make your appeal in
writing, including any documentation and evidence you wish to be considered. You may ask the Commandant (G-MOC) to stay the effect of the appealed decision while it is under review.

(c) The Commandant (G-MOC) will make a decision on your appeal and send you a response in writing. That decision will be the final Coast Guard action on your request.

§ 100.05 Definitions.

As used in this part—

Area of historic, cultural, or archeological significance means a place or structure that is listed, or is eligible for listing, in the National Register of Historic Places under the National Historic Preservation Act of 1966 (16 U.S.C. 661 et seq.); an area that is designated under other applicable Federal, State, or local historic preservation law or regulation; or an area of significance to Native Americans.

Critical habitat means a geographical area formally identified under the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.) that is considered essential to the conservation of a species listed as threatened or endangered under the
Act and that may require special management considerations or protection.

Designated Officer means a Coast Guard officer designated by the District Commander to carry out the functions assigned in this part to the Designated Officer.

District Commander means the Commander of the Coast Guard district in which the marine event will be held.

Environmentally sensitive area means a geographical area that is designated—
(1) As a critical habitat of a threatened or endangered species under the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.);
(2) For protection under a State endangered or protected species statute;
(3) As a marine sanctuary under the Marine Protection, Research, and Sanctuaries Act of 1972 (16 U.S.C. 1431 et seq. and 33 U.S.C. 1401 et seq.); or
(4) As a wildlife sanctuary, refuge, or special natural resource conservation area under Federal or State law.

Local authority means an official or agency of local government having power under the laws of a State to regulate marine events on waters over which the State has jurisdiction.

Marine event or event means an organized event of limited duration held on the water according to a prearranged schedule.

Participating vessel means a vessel that is participating in a marine event.

Regatta or marine parade means a marine event.

Spectator vessel means a vessel at a marine event, other than a participating vessel, and includes support and safety patrol vessels.

State authority means an official or agency of a State having power under the laws of such State to regulate regattas or marine parades on the navigable waters of the United States as, in the opinion of the State, the State is able to regulate in such a manner as to insure safety of life. All such agreements shall reserve to the District Commander the right to regulate any particular regatta or marine parade when he deems such action to be in the public interest.

General requirements for events.

No marine event may be conducted in such a manner that a participating vessel violates any Federal, State, or local law or regulation that applies during the time and at the location of the event.

Effective Date Note: At 61 FR 33032, June 26, 1996, §100.15 was revised, effective Jan. 1, 1997. At 61 FR 60028, Nov. 26, 1996, the effective date was delayed until Jan. 1, 1998. At 62 FR 67570, Dec. 29, 1997, the effective date was further delayed until Jan. 1, 2000.
§ 100.15 Submission of application.
(a) An individual or organization planning to hold a regatta or marine parade which, by its nature, circumstances or location, will introduce extra or unusual hazards to the safety of life on the navigable waters of the United States, shall submit an application to the Coast Guard District Commander having cognizance of the area where it is intended to hold such regatta or marine parade. Examples of conditions which are deemed to introduce extra or unusual hazards to the safety of life include but are not limited to: An inherently hazardous competition, the customary presence of commercial or pleasure craft in the area, any obstruction of navigable channel which may reasonably be expected to result, and the expected accumulation of spectator craft.
(b) Where such events are to be held regularly or repeatedly in a single area by an individual or organization, the Commandant or the District Commander may, subject to conditions set from time to time by him, grant a permit for such series of events for a fixed period of time, not to exceed one year.
(c) The application shall be submitted no less than 30 days prior to the start of the proposed event.
(d) The application shall include the following details:
   (1) Name and address of sponsoring organization.
   (2) Name, address, and telephone of person or persons in charge of the event.
   (3) Nature and purpose of the event.
   (4) Information as to general public interest.
   (5) Estimated number and types of watercraft participating in the event.
   (6) Estimated number and types of spectator watercraft.
   (7) Number of boats being furnished by sponsoring organizations to patrol event.
   (8) A time schedule and description of events.
   (9) A section of a chart or scale drawing showing the boundaries of the event, various water courses or areas to be utilized by participants, officials, and spectator craft.

§ 100.17 Notice of event.
(a) The sponsor of a marine event shall notify the Designated Officer if—
   (1) The event will involve participating vessels travelling at speeds of greater than 30 miles per hour;
   (4) The event will cause participating vessels or spectator vessels to cross a designated shipping lane or otherwise block or cause substantial interference with navigation on a body of water;
   (5) The event could present a substantial threat to the safety of human life on navigable waters; or
   (6) The sponsor is requesting the use of Coast Guard resources or the issuance of a special local regulation under § 100.35.
(b) The notice must be in writing and contain the following information:
   (1) The name of the sponsor and the event.
   (2) Name, address, and telephone number of the person in charge of the event.
   (3) The date and approximate time the event is scheduled to begin and end.
   (4) The nature of the event (e.g., marine parade, powerboat race, or sailboat race).
   (5) The general location of the event as shown on a chart or drawing.
   (6) The number and type (e.g., powerboat or sailboat) of participating vessels and spectator vessels expected.
   (7) An explanation of why the event does not present a substantial threat to the safety of human life on navigable waters and what steps will be taken to ensure that result.
   (8) The expected effect, if any, of the event on the following resources:
      (i) A threatened or endangered species.
      (ii) A critical habitat or other designated environmentally sensitive area.
      (iii) The coastal zone of a State with a Federally-approved Coastal Zone Management plan under 16 U.S.C. 1451 et seq.
      (iv) An area of historic, cultural, or archeological significance, including an area of significance to Native Americans.
   (c) A sponsor of an event meeting the criteria of paragraph (a) of this section
§ 100.18 Permits.

(a) When a permit is required under §100.17(e), the sponsor of the event shall submit the following additional information to the Designated Officer within 30 days after the date of notice of the decision that a permit will be required:

1. A detailed plan of how the sponsor plans to conduct the event so as to minimize the risk to the safety of human life on the navigable waters.

(b) The Designated Officer will forward the information to the District Commander, who reviews the information submitted and issues a permit to the sponsor or notifies the sponsor that a permit has been denied and states the reasons for the denial. The sponsor may, within 15 days of the date of notice of the decision to deny a permit, request reconsideration and submit revised or additional information to show that the event has been modified. The District Commander reviews the information submitted for reconsideration and issues a permit or notifies the sponsor that a permit is denied.

[CGD 95-054, 61 FR 33032, June 26, 1996]
§ 100.19 Appeals.

The sponsor of a marine event for which the District Commander has denied a permit may appeal that decision in writing to Chief, Operations, U.S. Coast Guard Headquarters, 2100 Second Street SW., Washington, DC 20593-0001, within 7 days of the date of the determination. After considering all material presented, the Chief, Operations, notifies the petitioner of the decision. The decision by the Chief, Operations, is final agency action.

§ 100.20 Action on application for event assigned to State regulation by Coast Guard-State agreement.

(a) Upon receipt of an application for a regatta or marine parade of a type assigned to a State for regulation under a Coast Guard-State agreement, the District Commander will forward the application to the State authority having cognizance of the event. Further processing and decision upon such an application shall be conducted by the State.

(b) [Reserved]

§ 100.25 Action on application for event not assigned to State regulation by Coast Guard-State agreement.

(a) Where an event is one of a type not assigned to the State for regulation under a Coast Guard-State agreement (or where no such agreement has been entered), the Commander of a Coast Guard District who receives an application for a proposed regatta or marine parade to be held upon the navigable waters of the United States within his district shall take the following action:

(1) He shall determine whether the proposed regatta or marine parade may be held in the proposed location with safety of life. To assist in his determination, he may, if he deems it necessary, hold a public hearing to obtain the views of all persons interested in, or who will be affected by, the regatta or marine parade.

(2) He will notify the individual or organization which submitted the application:

(i) That the application is approved, and the nature of the special local regulations, if any, which he will promulgate pursuant to §100.35; or

(ii) That the interest of safety of life on the navigable waters of the United States requires specific change or changes in the application before it can be approved; or

(iii) That the event requires no regulation or patrol of the regatta or marine parade area; or

(iv) That the application is not approved, with reasons for such disapproval.

§ 100.30 Approval required for holding event.

(a) An event for which application is required under §100.15(a) shall be held only after approval of such event by the District Commander, except that applications referred to a State under §100.10 shall be governed by the laws of that State.

§ 100.35 Special local regulations.

(a) The District Commander may issue regulations to promote safety of life on the navigable waters immediately before, during, and immediately after a marine event.
§ 100.40 Patrol of the regatta or marine parade.

(a) The Commander of a Coast Guard District in which a regatta or marine parade is to be held may detail one or more Coast Guard vessels to patrol the course of the regatta or marine parade for the purpose of enforcing not only the special local regulations but also for assistance work and the enforcement of laws generally.

(b) The Commander of a Coast Guard District may also utilize any private vessel or vessels to enforce the special local regulations governing a regatta or marine parade provided such vessel or vessels have been placed at the disposition of the Coast Guard pursuant to section 826 in Title 14, U.S. Code, for such purpose by any member of the Coast Guard Auxiliary, or any corporation, partnership, or association, or by any State or political subdivision thereof. Any private vessel so utilized shall have on board an officer or petty officer of the Coast Guard who shall be in charge of the vessel during the detail and responsible for the law enforcement activities or assistance work performed by the vessel during such detail. Any private vessel so utilized will display the Coast Guard ensign while engaged in this duty.

(c) The Commander of a Coast Guard District may also utilize any private vessel or vessels placed at the disposition of the Coast Guard pursuant to section 826 in Title 14, U.S. Code, by any member of the Coast Guard Auxiliary, or any corporation, partnership, or association, or by any State or political subdivision thereof, to patrol the course of the regatta or marine parade for the purpose of promoting safety by performing assistance work, effecting rescues, and directing the movement of vessels in the vicinity of the regatta or marine parade. Vessels utilized under the authority of this paragraph are not authorized to enforce the special local regulations or laws generally.

§ 100.45 Establishment of aids to navigation.

The District Commander will establish and maintain only those aids to navigation necessary to assist in the observance and enforcement of the special regulations issued under the District Commander's authority. These
aids to navigation will be in accordance with Part 62 of this chapter. All other aids to navigation incidental to the holding of a regatta or marine parade are private aids to navigation as described in Part 66 of this chapter.

[CGD 86-031, 52 FR 42645, Nov. 6, 1987]

Subpart B—Special Local Regulations

§ 100.100 Purpose of subpart.

(a) This subpart prescribes regulations for particular recurring marine events.

(b) Geographical coordinates used in this subpart are not intended for plotting on maps and charts referenced to the North American Datum of 1983 (NAD 83), unless the coordinates are labeled NAD 83. Coordinates without an NAD 83 reference may be plotted on maps or charts with an NAD 83 reference only after application of the appropriate corrections published on the map or chart.

[CGD 95-054, 61 FR 33033, June 26, 1996]

§ 100.101 Harvard-Yale Regatta, Thames River, New London, CT.

(a) Regulated area. The Thames River at New London, Connecticut, from the Penn Central Draw Bridge to Bartlett Cove.

(b) Effective period. This section is in effect on June 8, 1996, from 4:00 p.m. to 7:30 p.m. and each year thereafter on a date and time specified in a FEDERAL REGISTER notice. If the regatta is canceled due to weather, this section will be in effect on the following Sunday.

(c) Special local regulations. (1) All persons or vessels not registered with the sponsor as participants or not part of the regatta patrol are considered spectators.

(2) No spectator or press boats shall be allowed out onto or across the race course without Coast Guard escort.

(3) No person or vessel may transit through the regulated area during the effective period unless participating in the event, or as authorized by the sponsor or Coast Guard Patrol personnel. The Patrol Commander may open up the regulated area to allow for vessel movement between scheduled races.

(4) Spectator vessels must be at anchor within a designated spectator area or moored to a waterfront facility within the regulated area in such a way that they shall not interfere with the progress of the event at least 30 minutes prior to the start of the races. They must remain moored or at anchor until the men’s varsity have passed their positions. At that time, spectator vessels located south of the Harvard Boathouse may proceed downriver at a reasonable speed. Vessels situated between the Harvard Boathouse and the finish line must remain stationary until both crews return safely to their boathouses. If for any reason the men’s varsity crew race is postponed, spectator vessels will remain in position until notified by Coast Guard or regatta patrol personnel.

(5) The last 1000 feet of the race course near the finish line will be delineated by four (4) temporary white buoys provided by the sponsor. All spectator craft shall remain behind these buoys during the event.

(6) Spectator craft shall not anchor:

(i) To the west of the race course, between Scotch Cap and Bartlett Point Light.

(ii) Within the race course boundaries or in such a manner that would allow their vessel to drift or swing into the race course.

(7) During the effective period all vessels shall proceed at a speed not to exceed six (6) knots in the regulated area.

(8) Spectator vessels shall not follow the crews during the races.

(9) Swimming is prohibited in the vicinity of the race course during the races.

(10) A vessel operating in the vicinity of the Submarine Base may not cause waves which result in damage to submarines or other vessels in the floating drydocks.

(11) All persons and vessels shall comply with the instructions of U.S.
§ 100.102 Great Connecticut River Raft Race, Middletown, CT.

(a) Regulated Area. That section of the Connecticut River between Dart Island (Marker no. 73) and Portland Shoals (Marker no. 92), Middletown, CT.

(b) Special Local Regulations.
   (1) The Coast Guard patrol commander may delay, modify, or cancel the race as conditions or circumstances require.
   (2) No person or vessel may enter, transit, or remain in the regulated area unless participating in the event or unless authorized by the Coast Guard patrol commander.
   (3) Vessels encountering emergencies which require transit through the regulated area should contact the Coast Guard patrol commander on VHF Channel 16. In the event of an emergency, the Coast guard patrol commander may authorized a vessel to transit through the regulated area with a Coast Guard designated escort.
   (4) All persons and vessels shall comply with the instructions of the Coast Guard on-scene patrol commander. On-scene patrol personnel may include commissioned, warrant, and petty officers of the Coast Guard. Upon hearing five or more short blasts from a U.S. Coast Guard vessel, the operator of a vessel shall proceed as directed. Members of the Coast Guard Auxiliary may be present to inform vessel operators of this regulation and other applicable laws.

(c) Effective Period. This rule is effective from 10 a.m. to 2 p.m. on the last Saturday in July. If tidal conditions are not conductive to performing the event it will take place the first Saturday in August.

§ 100.103 National Sweepstakes Regatta, Redbank, NJ.

(a) Regulated area. That portion of the Navesink River in Redbank, N.J. between the N.J. Route 35 Bridge and a line running across the Navesink River connecting Guyon and Lewis Points.

(b) Effective period. This section is in effect from 8 a.m. to 6 p.m. on July 20 and 21, 1996, and each year thereafter on dates and times specified in a Federal Register notice.

(c) Special local regulations.
   (1) The regulated area shall be intermittently closed to all vessel traffic during the effective period, except as may be allowed by the Coast Guard Patrol Commander.
   (2) No person or vessel shall enter or remain in the regulated area while it is closed unless participating in or authorized by the event sponsor or Coast Guard patrol personnel.
   (3) Vessels awaiting passage through the regulated area shall be held in unmarked anchorages in the area to the east of the N.J. Route 35 Bridge and in the vicinity of Lewis Point.
   (4) No transiting vessels shall be allowed out onto or across the regulated area without Coast Guard escort.
   (5) All persons or vessels not registered with the sponsor as participants or not part of the regatta patrol are considered spectators. Spectator vessels must be at anchor within a designated spectator area or moored to a waterfront facility in a way that will not interfere with the progress of the event. The following are established as spectator areas:
      (i) Spectator vessels shall be held behind (north of) a line of buoys provided by the sponsor running approximately west to east starting .25 mile east of the N.J. Route 35 Bridge.
      (ii) A second spectator area shall be marked by a curved line of sponsor provided buoys centered on a line drawn approximately due south from Jones Point, running through Can Buoy #21. All spectator craft shall stay to the east of this string of buoys.
§ 100.105 Head of the Connecticut Regatta.

(a) Regulated Area. The regulated area is that section of the Connecticut River between the southern tip of Gildersleeve Island and Light Number 87.

(b) Special Local Regulations. (1) The regulated area is closed to all transiting vessel traffic between 9:00 a.m. and 6:00 p.m. except for escorted passages as described in (2) and (3) below. All transiting vessel movement will be done at the direction of the Coast Guard patrol commander.

(2) Vessels less than 20 meters in length will be allowed to transit the regulated area only under escort and at the discretion of the Coast Guard patrol commander.

§ 100.104 Empire State Regatta, Albany, New York.

(a) Regulated area. All waters of the Hudson River between the Albany Rensselaer Swing Bridge, river mile 146.2, and Light 224, (LLNR 39015), river mile 147.5, located approximately 750 years north of the I-90/Patroon Island Bridge.

(b) Effective period. This section is effective annually from 12 p.m. Friday through 8 p.m. Sunday, on the first weekend of June.

(c) Special local regulations. (1) The regulated area will be closed to all vessel traffic, except official patrol craft and sponsor craft, during the following times: Friday from 12 p.m. to 8 p.m.; Saturday from 6 a.m. to 8 p.m.; and on Sunday from 6 a.m. to 8 p.m.

(2) Vessels greater than 20 meters in length shall not transit the regulated area at any time during the effective period unless allowed to do so by the Coast Guard Patrol Commander.

(3) Vessels less than 20 meters in length may transit the regulated area at the conclusion of each day of racing. Transiting vessels will be escorted by official regatta patrol vessels specified in paragraph (c)(5) of this section. Approximate periods for transit will be: Friday at 8 p.m. through Saturday at 6 a.m.; and again on Saturday at 8 p.m. through Sunday at 6 a.m.

(4) Unless otherwise directed by the Coast Guard Patrol Commander, transiting vessels shall: proceed at no-wake speeds, remain clear of the race course area as marked by the sponsor-provided buoys, not interfere with races or any shells in the area, make no stops and keep to the eastern edge of the Hudson River.

(5) Official patrol vessels include Coast Guard and Coast Guard Auxiliary vessels, New York State and local police boats and other vessels so designated by the regatta sponsor or Coast Guard Patrol Commander.

(6) No person or vessel may enter or remain in the regulated area during the effective period unless participating in the event, or authorized to be there by the sponsor or Coast Guard patrol personnel.

(7) All persons and vessels shall comply with the instructions of U.S. Coast Guard patrol personnel. Upon hearing five or more blasts from a U.S. Coast Guard vessel, the operator of a vessel shall stop immediately and proceed as directed. U.S. Coast Guard patrol personnel include commissioned, warrant, and petty officers of the Coast Guard. Members of the Coast Guard Auxiliary may be present to inform vessel operators of this regulation and other applicable laws.

§ 100.105 Head of the Connecticut Regatta.

(a) Regulated Area. The regulated area is that section of the Connecticut River between the southern tip of Gildersleeve Island and Light Number 87.

(b) Special Local Regulations. (1) The regulated area is closed to all transiting vessel traffic between 9:00 a.m. and 6:00 p.m. except for escorted passages as described in (2) and (3) below. All transiting vessel movement will be done at the direction of the Coast Guard patrol commander.

(2) Vessels less than 20 meters in length will be allowed to transit the regulated area only under escort and at the discretion of the Coast Guard patrol commander.
§ 100.106 Freeport Grand Prix, Long Beach, NY.

(a) Regulated area. The regulated area is a trapezoidal area on the coastal Atlantic waters of Long Island to the south of Long Beach, New York. The regulated area is one and one quarter (1¼) miles south of Long Beach and three and one quarter (3¼) miles north of the northern boundary of Ambrose Channel and is specifically bounded as follows:

(1) Northeast Corner, approximately one and one quarter miles southwest of Jones Inlet breakwater at coordinates 40°33′42″ North; 073°35′43″ West.

(2) Southeast Corner, southwest of Jones Inlet Approach Buoy (R “2”; Light List Number 685) at coordinates 40°31′45″ North; 073°36′19″ West.

(3) Southwest Corner, east of East Rockaway Approach Buoy (R “4”; Light List Number 690) at coordinates 40°31′31″ North; 073°42′21″ West.

(4) Northwest Corner. 40°33′30″ North; 073°40′57″ West.

(b) Special local regulations. Vessels not participating in, or operating as a safety/rescue patrol shall:

(1) Not operate within the regulated area.

(2) Immediately follow any specific instructions given by Coast Guard patrol craft.

(3) Exercise extreme caution when operating near the regulated area.

(c) Effective Dates. These regulations are effective from 9:00 a.m. to 6:00 p.m. on the day of the event.

§ 100.107 Windjammer Days, Boothbay Harbor, Maine.

(a) Regulated Area. The Boothbay Harbor entrance and harbor channel extending from the Tumbler’s Island Buoy #8 area to Boothbay Inner Harbor. Specifically, the regulated area is enclosed as follows: a line drawn due east from the southwest (43°50′10″ North; 069°38′20″ West) to Spruce Point Shore; thence following the shore north along Spruce Point and around the Boothbay Harbor to Railway Point (43°50′54″ North; 069°38′20″ West); thence extending seaward in a southerly direction back to the southwest boundary of the regulated area.

(b) Special Local Regulations. (1) Between the hours of 2:30 p.m. and 4:00 p.m. on July 11, 1989 an aircraft aero-batic demonstration will take place in the southern portion of the regulated area. All transiting and spectating vessels shall remain clear of the waters below the flight area. Coast Guard vessels will be present to direct marine traffic and to establish exact spectator boundaries.

(2) When operating within the regulated area during the sail parade, all vessels with the exception of official regatta patrol vessels, shall maintain a

(b) Special local regulations.

(1) No person or vessel may enter, transit, or remain within the regulated area during the effective period of regulation unless authorized by the Coast Guard patrol commander.

(2) Vessels encountering emergencies which require transit through the regulated area should contact the Coast Guard patrol commander on VHF Channel 16. In the event of an emergency, the Coast Guard patrol commander may authorize a vessel to transit through the regulated area with a Coast Guard designated escort.

(3) All persons and vessels shall comply with the instructions of the Coast Guard on-scene patrol commander. On-scene patrol personnel may include commissioned, warrant, and petty officers of the U.S. Coast Guard. Upon hearing five or more short blasts from a U.S. Coast Guard vessel, the operator of a vessel shall proceed as directed. Members of the Coast Guard Auxiliary may also be present to inform vessel operators of this regulation and other applicable laws.

(c) Effective dates. This rule is in effect from one hour before the scheduled start of the event until thirty minutes after the last firework is exploded for each event listed in the Table. For those events listed without a specific time or date, an annual Federal Register document will be published indicating event dates and times.

§ 100.734 Annual Gasparilla Marine Parade; Hillsborough Bay, Tampa, FL

(a) Regulated Area. A regulated area is established consisting of all waters of Hillsborough Bay and its tributaries north of a line drawn along latitude 27°51.30′ N. The regulated area includes the following in their entirety: Hillsborough Cut “D” Channel, Sparkman Channel, Ybor Channel, Seddon Channel and the Hillsborough River south of the John F. Kennedy Bridge. Coordinates Reference Datum: NAD 1983.

(b) Special Local Regulations.

(1) Entry into the regulated area is prohibited to all commercial marine traffic from 9 a.m. to 2:30 p.m. EST on the first Saturday in February.

(2) The regulated area is an idle speed, “no wake” zone.

(3) All vessels within the regulated area shall stay clear of and give way to all vessels in parade formation in the Gasparilla Marine Parade.

(4) When within the marked channels of the parade route, vessels participating in the Gasparilla Marine Parade may not exceed the minimum speed necessary to maintain steerage.

(5) Jet skis and vessels without mechanical propulsion are prohibited from the parade route.

(6) Northbound vessels in excess of 80 feet in length without mooring arrangements made prior to the first Saturday in February, are prohibited from entering Seddon Channel unless the
vessel is officially entered in the Gasparilla Marine Parade. All northbound vessels in excess of 80 feet without prior mooring arrangements not officially entered in the Gasparilla Marine Parade, must use the alternate route through Sparkman Channel.

§ 100.801 Annual Marine Events in the Eighth Coast Guard District.

The following regulations apply to the marine events listed in Table 1 of this section. These regulations will be effective annually, for the duration of each event listed in Table 1. Annual notice of the exact dates and times of the effective period of the regulation with respect to each event, the geographical area, and details concerning the nature of the event and the number of participants and type(s) of vessels involved will also be published in local notices to mariners. Sponsors of events listed in Table 1 of this section must submit an application each year in accordance with 33 CFR 100.15.

(a) The Coast Guard will patrol the event area under the direction of a designated Coast Guard Patrol Commander. The Patrol Commander may be contacted on Channel 16 VHF-FM (156.8 MHz) by the call sign "PATCOM."

(b) All persons and vessels not registered with the sponsor as participants or official patrol vessels are considered spectators. The "official patrol vessels" consist of any Coast Guard, state or local law enforcement and sponsor provided vessels assigned or approved by the Commander, Eighth Coast Guard District, to patrol the event.

(c) Spectator vessels desiring to transit the regulated area may do so only with prior approval of the Patrol Commander and when so directed by that officer and will be operated at a no wake speed in a manner which will not endanger participants in the event or any other craft.

(d) No spectator shall anchor, block, loiter, or impede the through transit of participants or official patrol vessels in the regulated area during the effective dates and times, unless cleared for entry by or through an official patrol vessel.

(e) The Patrol Commander may forbid and control the movement of all vessels in the regulated area. When hailed or signaled by an official patrol vessel, a vessel shall come to an immediate stop and comply with the directions given. Failure to do so may result in expulsion from the area, citation for failure to comply, or both.

(f) Any spectator vessel may anchor outside the regulated area specified in Table 1 of this section, but may not anchor in, block, or loiter in a navigable channel.

(g) The Patrol Commander may terminate the event or the operation of any vessel at any time it is deemed necessary for the protection of life or property.

(h) The Patrol Commander will terminate enforcement of the special regulations at the conclusion of the event.

§ 100.901 Great Lakes annual marine events.

Permanent special local regulations are hereby established for the marine events listed in Table 1. These regulations will be effective annually, for the duration of each event, on or about the dates indicated in Table 1. Annual notice of the exact dates and times of the effective period of the regulations with respect to each event, the geographical description of each regulated area, and details concerning the nature of the event and the number of participants and type(s) of vessels involved will be published in local notices to mariners. To be placed on the mailing list for such notices, contact: Commander(oan), Ninth Coast Guard District, 1240 E. Ninth St., Cleveland, OH 44199-2060. Sponsors of events listed in Table 1 must still submit an application each year in accordance with 33 CFR 100.15.

(a) The Coast Guard will patrol the regatta area under the direction of a designated Coast Guard Patrol Commander. The Patrol Commander may be contacted on Channel 16 (156.8 MHZ) by the call sign “Coast Guard Patrol, Vessel Call Sign.”
Coast Guard, DOT

§ 100.901

Commander." Vessels desiring to transit the regulated area may do so only with prior approval of the Patrol Commander and when so directed by that officer. Vessels will be operated at a no wake speed to reduce the wake to a minimum, and in a manner which will not endanger participants in the event or any other craft. The rules contained in the above two sentences shall not apply to participants in the event or vessels of the patrol operating in the performance of their assigned duties.

(b) The Patrol Commander may direct the anchoring, mooring, or movement of any boat or vessel within the regatta area. A succession of sharp, short signals by whistle or horn from vessels patrolling the area under the direction of the U.S. Coast Guard Patrol Commander shall serve as a signal to stop. Vessels so signaled shall stop and shall comply with the orders of the Patrol Commander. Failure to do so may result in expulsion from the area, citation for failure to comply, or both.

(c) The Patrol Commander may establish vessel size and speed limitations and operating conditions.

(d) The Patrol Commander may restrict vessel operation within the regatta area to vessels having particular operating characteristics.

(e) The Patrol Commander may terminate the marine event or the operation of any vessel at any time it is deemed necessary for the protection of life and property.

WHEREAS: All vessels transiting the "Vessel Spectator Areas" will be operated at bare steerageway, keeping the vessel's wake at a minimum, and exercise a high degree of caution.
(f) Patrol Commander—(1) The Coast Guard will patrol the regulated areas under the direction of a designated Coast Guard Patrol Commander (Commanding Officer, U.S. Coast Guard Station St. Clair Shores, MI). The Patrol Commander may be contacted on channel 16 (156.8 MHz) by the call sign "Coast Guard Patrol Commander".
(2) The Patrol Commander may direct the anchoring, mooring, or movement of any boat or vessel within the regulated area. A succession of sharp, short signals by whistle or horn from vessels patrolling the area under the direction of the U.S. Coast Guard Patrol Commander shall serve as a signal to stop. Any vessel so signaled shall stop and shall comply with the orders of the Patrol Commander. Failure to do so may result in expulsion from the area, citation for failure to comply, or both.
(3) The Patrol Commander may establish vessel size and speed limitations, and operating conditions.
(4) The Patrol Commander may restrict vessel operation within the regulated area to vessels having particular operating characteristics.
(5) The Patrol Commander may terminate the marine event or the operation of any vessel at any time it is deemed necessary for the protection of life, limb and property.
(g) General regulations applicable to all areas—Commercial vessels desiring to transit the regulated areas shall provide prior notification to the Coast Guard Patrol Commander. Any vessel traffic desiring to transit the regulated areas may do so only with prior approval of the Coast Guard Patrol Commander. Vessels in the regulated areas shall comply with the directions of the Coast Guard Patrol Commander.
(h) Effective date: These regulations will become effective from 11 A.M.
§ 100.1101 Southern California annual marine events.

(a) Special local regulations will be established for the events listed in Table 1. Further information on exact dates, times, and specific geographical description of the areas are published by the Eleventh Coast Guard District in the Local Notice to Mariners at least 20 days prior to each event. To be placed on the mailing list contact: Commander (Pow), Eleventh Coast Guard District, Coast Guard Island, Building 50-6, Alameda, CA 94501-5100.

(b) Special local regulations. All persons and/or vessels not registered with the sponsor as participants or official patrol vessels are considered spectators. The “official patrol” consists of any Coast Guard, public, state or local law enforcement and/or sponsor provided vessels assigned and/or approved, by Commander, Eleventh Coast Guard District to patrol each event.

1. No spectators shall anchor, block, loiter in, or impede the through transit of participants or official patrol vessels in the regulated area during the effective dates and times, unless cleared for such entry by or through an official patrol vessel.

2. When hailed and/or signaled by an official patrol vessel, a spectator shall come to an immediate stop. Vessels shall comply with all directions given, failure to do so may result in a citation.

3. The Patrol Commander is empowered to forbid and control the movement of all vessels in the regulated area. The Patrol Commander shall be designated by the Commander, Eleventh Coast Guard District, and as his representative may terminate the event at any time it is deemed necessary for the protection of life and property. He may be reached on VHF Channel 16 (156.8 MHz) when required, by the call sign “PATCOM”.

A Coast Guard-National Park Service agreement exists for both the Glen Canyon and Lake Mead National Recreation Areas; applicants shall contact the cognizant authority for approval of events in these areas.

(b) The following Special Local Regulations will be issued for the events listed in Table 1. Further information on exact dates, times, and details concerning number and type of participants and an exact geographical description of the areas will be published by the Eleventh Coast Guard District in the Local Notice to Mariners at least 20 days prior to each event. To be placed on the mailing list, contact: Commander (pow), Eleventh Coast Guard District, Coast Guard Island, Building 50±6, Alameda, CA 94501±5100.

(c) Special local regulations. All persons and/or vessels not registered with the sponsor as participants or official patrol vessels are considered spectators. The “official patrol” consists of any Coast Guard, public, state, local law enforcement, and/or sponsor provided vessels assigned and/or approved by Commander, Eleventh Coast Guard District, to patrol each event.

(1) No spectators shall anchor, block, loiter in, or impede the through transit of participants or official patrol vessels in the regulated area during the effective dates and times unless cleared for such entry by or through an official patrol vessel.

(2) When hailed and/or signaled by an official patrol vessel, a spectator shall come to an immediate stop. Vessels shall comply with all directions given. Failure to do so may result in a citation.

(3) The Patrol Commander is empowered to forbid and control the movement of all vessels in the regulated area. The Patrol Commander shall be designated by the Commander, Eleventh Coast Guard District. As the Commander’s representative, the Patrol Commander may terminate the event at any time it is deemed necessary for the protection of life and property. The Patrol Commander may be reached on VHF Channel 16 (156.8 MHz) when required, by the call sign "PATCOM".

(c) Regulations: All persons and/or vessels not authorized as participants or official patrol vessels are considered spectators. The "official patrol" consists of any Coast Guard, public, state or local law enforcement vessels assigned and/or approved by Commander, Coast Guard Group San Francisco to patrol the Fleet week event.

(1) Except for persons or vessels authorized by the Coast Guard Patrol Commander, in regulated area "Alpha" no person or vessel may enter or remain within 500 yards ahead of the lead Navy parade vessel, within 200 yards astern of the last parade vessel, and within 200 yards on either side of all parade vessels. No person or vessel shall anchor, block, loiter in, or impede the through transit of ship parade participants or official patrol vessels in regulated area "Alpha."

(2) Except for persons or vessels authorized by the Coast Guard Patrol Commander, no person or vessel may enter or remain within regulated area "Bravo."

(3) When hailed and/or signaled by an official patrol vessel, a person or vessel shall come to an immediate stop. Persons or vessels shall comply with all directions given.

(4) The Patrol Commander shall be designated by the Commander, Coast Guard Group San Francisco, California. The Coast Guard Patrol Commander is empowered to forbid and control the movement of all vessels in the regulated areas.

§ 100.1203 San Joaquin River—Budweiser Western States Championships.

(a) Effective dates. These regulations are effective from 1000 to 1800 local time on 27 and 28 June, 1987, and thereafter annually on the final weekend of June as published in the Local Notice to Mariners.

(b) Regulated area. Budweiser Western States Championships Race Course Area: That portion of the Stockton Deep Water Channel from Stockton Channel Light 43 (Light List Number 7150) east (upstream) to Stockton Channel Light 48 (Light List Number 7165), a distance of approximately 1.25 statute miles.

(c) Closure. The regulated area will be closed to all vessel traffic during the Budweiser Western States Championships' trials, races, and heats from 1000 to 1800 on each day of the event. Transit through the regulated area will be permitted at approximately 1130, 1315, 1500, and 1645 local time on Saturday, and at approximately 1100, 1215, 1430, and 1545 on Sunday, for a minimum of fifteen (15) minutes each time to allow for the safe transit of non-participant vessels through the area. The regulated area may be opened during published closure times when there are no events in progress and it is deemed safe by the Patrol Commander.

(d) Regulations. (1) All vessels not officially involved with the Budweiser Western States Championships will remain outside of the regulated area during periods of closure unless permission to enter the area is received from a patrol vessel.

(2) No vessel shall anchor or drift in the regulated area.

(3) All vessels not officially involved with the Budweiser Western States Championships shall proceed in a safe and prudent manner directly through the regulated area when it is open to navigation.

(4) All vessels in the vicinity of the regulated area shall comply with the instructions of the U.S. Coast Guard and local enforcement patrol personnel.

[CCGD12 87-03, 52 FR 21003, June 4, 1987]

§ 100.1301 Seattle Seafair Unlimited Hydroplane Race.

(a) This regulation will be in effect on July 31 through August 2, 1986 from 8:00 A.M. until 5:00 P.M. Pacific Daylight Time; and on August 3, 1986 from 8:00 A.M. until one hour after the conclusion of the last race. This regulation will be in effect thereafter annually during the last week of July and the first week of August, as published in the Local Notice to Mariners.

(b) The area where the Coast Guard will restrict general navigation by this
Subchapter G § 100.1302

regulation during the hours it is in effect is:

(1) The waters of Lake Washington bounded by Mercer Island (Lacey V. Murrow) Bridge, the western shore of Lake Washington, and the east/west line drawn tangent to Bailey Peninsula and along the shoreline of Mercer Island.

(c) The area described in paragraph (b) has been divided into two zones. The zones are separated by a log boom and a line from the southeast corner of the boom to the northeast tip of Bailey Peninsula. The western zone is designated Zone I, the eastern zone, Zone II. (Refer to NOAA Chart 18447).

(d) The Coast Guard will maintain a patrol consisting of active and Auxiliary Coast Guard vessels in Zone II. The Coast Guard patrol of this area is under the direction of the Coast Guard Patrol Commander (the “Patrol Commander”). The Patrol Commander is empowered to control the movement of vessels on the race course and in the adjoining waters during the periods this regulation is in effect.

(e) Only authorized vessels may be allowed to enter Zone I during the hours this regulation is in effect. Vessels in the vicinity of Zone I shall maneuver and anchor as directed by Coast Guard Officers or Petty Officers.

(f) During the times in which the regulation is in effect, swimming, wading, or otherwise entering the water in Zone I by any person is prohibited.

(g) Vessels proceeding in either Zone I or Zone II during the hours this regulation is in effect shall do so only at speeds which will create minimum wake, seven (07) miles per hour or less. This maximum speed may be reduced at the discretion of the Patrol Commander.

(h) Upon completion of the daily racing activities, all vessels leaving either Zone I or Zone II shall proceed at speeds of seven (07) miles per hour or less. The maximum speed may be reduced at the discretion of the Patrol Commander.

(i) A succession of sharp, short signals by whistle or horn from vessels patrolling the areas under the direction of the Patrol Commander shall serve as signal to stop. Vessels signaled shall stop and shall comply with the orders of the patrol vessel; failure to do so may result in expulsion from the area, citation for failure to comply, or both. [CGD13 86-03, 51 FR 22284, June 19, 1986]

§ 100.1302 Annual Clarkston, Washington, Limited Hydroplane Races.

(a) On Friday and Saturday, 5 and 6 July 1985, this regulation will be in effect from 8:00 a.m. to 6:00 p.m. On Sunday, 7 July 1985, this regulation will be in effect from 8:00 a.m. until one hour after the conclusion of the last race. This section will be effective thereafter annually on the first Friday, Saturday, and Sunday in July as published in the Local Notices to Mariners.

(b) The Coast Guard will restrict general navigation and anchorage by this regulation during the hours it is in effect on the waters of the Snake River at Clarkston, Washington from the area west of the confluence of the Snake and Clearwater Rivers, to the area east of the Red Wolf Crossing Bridge.

(c) When deemed appropriate, the Coast Guard may establish a patrol consisting of active and auxiliary Coast Guard personnel and vessels in the area described in paragraph (b) of this section. The patrol shall be under the direction of a Coast Guard officer or petty officer designated as Coast Guard Patrol Commander. The Patrol Commander is empowered to forbid and control the movement of vessels and persons in the area described in paragraph (b) of this section.

(d) The Patrol Commander may authorize vessels to be underway in the area described in paragraph (b) of this section during the hours this regulation is in effect. All vessels permitted to be underway in the controlled area (other than racing or official vessels) shall do so only at speeds which will create minimum wake consistent with maintaining steerage, and not to exceed seven (7) miles per hour. This speed limit may be adjusted at the discretion of the Patrol Commander to enhance the level of safety.

(e) A succession of sharp, short signals by whistle, siren, or horn from vessels patrolling the area under the direction of the U.S. Coast Guard Patrol Commander shall serve as a signal to stop. Vessels signaled shall stop and

shall comply with the orders of the patrol vessel personnel; failure to do so may result in expulsion from the area, citation for failure to comply, or both.

§ 100.1303 Annual Kennewick, Washington, Columbia Unlimited Hydroplane Races.

(a) This regulation is effective each year on the last Tuesday through Sunday in July from 8:30 a.m. local time until the last race is completed each day at approximately 7:30 p.m. local time, unless sooner terminated by the Patrol Commander.

(b) The Coast Guard will restrict general navigation and anchorage by this regulation during the hours it is in effect on all waters of the Columbia River bounded by two lines drawn from shore to shore; the first line running between position latitude 46°14'07" N, longitude 119°10'42" W and position latitude 46°13'42" N, longitude 119°10'51" W; and the second line running between position latitude 46°13'35" N, longitude 119°07'34" W and position latitude 46°17'10" N, longitude 119°07'47" W. [Datum: NAD 83]

(c) When deemed appropriate, the Coast Guard may establish a patrol consisting of active and auxiliary Coast Guard personnel and vessels in the area described in paragraph (b) of this section. The patrol shall be under the direction of a Coast Guard officer or petty officer designated as Coast Guard Patrol Commander. The Patrol Commander is empowered to forbid and control the movement of vessels in the area described in paragraph (b) of this section.

(d) The Patrol Commander may authorize vessels to be underway in the area described in paragraph (b) of this section during the hours this regulations is in effect. All vessels permitted to be underway in the controlled area (other than racing or official vessels) shall do so only at speeds which will create minimum wake consistent with maintaining steerageway, and not to exceed seven (7) miles per hour. This speed limit may be adjusted at the discretion of the Patrol Commander to enhance the level of safety.

(e) A succession of sharp, short signals by whistle, siren, or horn from vessels patrolling the area under the direction of the U.S. Coast Guard Patrol Commander shall serve as a signal to stop. Vessels signalled shall stop and shall comply with the orders of the patrol vessel personnel; failure to do so may result in expulsion from the area, citation for failure to comply, or both.

§ 100.1304 Annual Seattle Yacht Club's "Opening Day" Marine Parade.

(a) Regulated area. All of Portage Bay, with the northwestern limit being the University Bridge, through the Portage Cut (Montlake Cut) into and including Union Bay, with the southeastern limit being an imaginary line from Webster Point to the eastern corner of Foster Island.

(b) Effective period. This regulation will be in effect from 8:00 a.m. to 3:00 p.m. on the first Saturday of May each year unless otherwise specified in the Thirteenth District Local Notice to Mariners.

(c) Special Local regulations. (1) The regulated area shall be closed for the duration of the event to all vessel traffic not participating in the event and authorized by the event sponsor or Coast Guard Patrol Commander.

(2) All persons or vessels not registered with the sponsor as participants or not part of the regatta patrol are considered spectators. Spectator vessels must be at anchor within a designated spectator area or moored to a waterfront facility in a way that will not interfere with the progress of the event. The following are established as spectator areas:

(i) Northwest of the University Bridge.

(ii) North of the log boom which will be placed in Union Bay.

(iii) East of Webster Point so as not to interfere with the participating vessels departing Union Bay.

(3) No spectators shall anchor, block, loiter in, or impede the through transit of participants or official patrol vessels in the regulated area during the effective dates and times unless cleared for such entry by the Patrol Commander.

309
§ 100.1305 Richland, Washington, west coast outboard championship hydro races.

(a) Regulated area. By this regulation, the Coast Guard will restrict general navigation and anchorage on the waters of the Columbia River between River Mile 337 and River Mile 339. This restricted area includes all waters between the above mile marks in Richland, Washington, and is approximately 2 miles long.

(b) Special local regulations. (1) No person or vessel may enter or remain in the regulated area except for participants in the event, supporting personnel, vessels registered with the event organizer, and personnel or vessels authorized by the Coast Guard Patrol Commander.

(2) When deemed appropriate, the Coast Guard may establish a patrol consisting of active and auxiliary Coast Guard vessels and personnel in the area described in paragraph (a) of this section. The patrol shall be under the direction of a Coast Guard officer or petty officer designated by the Captain of the Port as the Coast Guard Patrol Commander. The Patrol Commander may forbid and control the movement of vessels in the area described in paragraph (a) of this section.

(3) A succession of sharp, short blasts from whistle or horn from vessels patrolling the area under the direction of the Patrol Commander shall serve as a signal to stop. Vessels signaled shall stop and comply with the orders of the patrol vessel. Failure to do so may result in expulsion from the area, citation for failure to comply, or both.

(c) Effective times and dates. This regulation becomes effective each year on the third Friday of August, at 6 a.m. p.d.t. and terminates on the third Sunday of August, at 6 p.m. p.d.t. or upon completion of each event.

109.01 Purpose.
109.05 Anchorage grounds.
109.10 Special anchorage areas.
109.15 Enforcement proceedings.
109.20 Publication; notice of proposed rule making.

§ 109.01 Purpose.
The purpose of the rules and regulations in this subchapter is to implement certain laws and set forth the requirements for anchorage areas.

(33 U.S.C. 471, 180, 258, 322, and 499; 49 CFR 1.46(c) and 1.45(b))

§ 109.05 Anchorage grounds.
(a) Section 7 of the River and Harbor Act of March 4, 1915 (33 U.S.C. 471), authorizes the establishment of anchorage grounds for vessels in navigable waters of the United States whenever it is apparent that these are required by the maritime or commercial interests of the United States for safe navigation. The statute also authorizes the adoption of suitable rules and regulations regarding the establishment of anchorage grounds, which are enforced by the Coast Guard. The authority conferred by this statute was transferred to and vested in the Secretary of Transportation by section 6(g)(1)(A) of the Department of Transportation Act (80 Stat. 931) and delegated to the Commandant of the U.S. Coast Guard in §1.46 of Title 49 CFR, and redelegated the authority to establish anchorage grounds to each Coast Guard District Commander in §1.05-1(e)(1)(i) of this title.

(b) District Commanders will, whenever matters relating to the anchorage of vessels are under consideration, ascertain the view of the District and Division Engineer, Corps of Engineers, U.S. Army, and the proper representatives of other departments likely to be interested, including the Commandant of the Naval District concerned and the medical officer in charge of the quarantine station at localities where quarantine anchorages are involved, in order that they may arrange for suitable representation at such hearings. The views of the medical officer in charge of the quarantine station relating to the proposed location and boundaries of the quarantine anchorage will be accepted insofar as practicable and consistent with the establishment of other anchorage areas. (An Act of Congress approved July 1, 1944, as amended (42 U.S.C. 267), authorizes the Surgeon General, with the approval of the Secretary of Health, Education, and Welfare, to designate the boundaries of the quarantine grounds and quarantine anchorages for vessels which are reserved for use at each United States quarantine station.) A notice of public hearing concerning changes to the Anchorage Regulations will be issued by the District Commander and will be mailed to all known interested parties. After providing an opportunity for public participation, the District Commander will, if circumstances so warrant, issue changes to the Anchorage Regulations, or in appropriate cases forward recommendations for such changes to the Commandant.

(c) As soon as publication has been noted in the Federal Register, the District Commander will publish changes to the Anchorage Regulations in the Local Notice to Mariners.

(33 U.S.C. 471, 180, 258, 322, and 499; 49 CFR 1.46(c) and 1.45(b))

The provisions of section 4(a) and (b) of the Ports and Waterways Safety Act as delegated to the Commandant of the U.S. Coast Guard in 49 CFR 1.46(n)(4) authorize the Commandant to specify times of movement within ports and harbors, restrict vessel operations in hazardous areas and under hazardous conditions, and direct the anchoring of vessels. The sections listed in § 110.1a of this subchapter are regulated under the Ports and Waterways Safety Act.

§ 109.10 Special anchorage areas.

An Act of Congress of April 22, 1940, provides for the designation of special anchorage areas wherein vessels not more than sixty-five feet in length, when at anchor, will not be required to carry or exhibit anchorage lights. Such designation is to be made after investigation, by rule, regulation, or order, the procedure for which will be similar to that followed for anchorage grounds under section 7 of the River and Harbor Act of March 4, 1915, as referred to in § 109.05. The areas so designated should be well removed from the fairways and located where general navigation will not endanger or be endangered by unlighted vessels. The authority to designate special anchorage areas was transferred to and vested in the Secretary of Transportation by section 6(g)(1)(D) of the Department of Transportation Act (80 Stat. 931) and delegated to the Commandant of the U.S. Coast Guard under § 1.46 of Title 49 CFR, who has redelegated pursuant to the authority to establish special anchorage areas to each Coast Guard District Commander in § 1.05-1(e)(1)(i).

§ 109.15 Enforcement proceedings.

Proceedings against a vessel violating the Anchorage Regulations are to be brought in the name of the officer of the Coast guard assigned for the time being as Captain of the Port. When the vessel is at a port where there is no Coast Guard officer, proceedings will be initiated in the name of the District Commander.

§ 109.20 Publication; notice of proposed rule making.

(a) Section 4 of the Administrative Procedure Act (5 U.S.C. 553), requires publication of general notice of proposed rule making in the FEDERAL REGISTER (unless all persons subject thereto are named and either personally served or otherwise have actual notice thereof in accordance with law), except to the extent that there is involved (1) any military, naval or foreign affairs function of the United States or (2) any matter relating to agency management or personnel or to public property, loans, grants, benefits, or contracts. Except where notice or hearing is required by statute, this requirement does not apply to interpretative rules, general statements of policy, rules of agency organization, procedure, or practice, or in any situation in which the agency for good cause finds (and incorporates the finding and a brief statement of the reasons therefor in the rules issued) that notice and public procedure thereon are impracticable, unnecessary, or contrary to the public interest.

(b) General notice of proposed rule making published in accordance with the above will include (1) a statement of the time, place, and nature of public rule making proceedings; (2) reference to the authority under which the rule is proposed; and (3) either the terms or substance of the proposed rule or a description of the subjects and issues involved.

§ 110.1 General.

(a) The areas described in subpart A of this part are designated as special anchorage areas for purposes of 33 U.S.C. §§ 2030(g) and 2035(j). Vessels of less than 20 meters in length, and barges, canal boats, scows, or other nondescript craft, are not required to sound signals required by rule 35 of the Inland Navigation Rules (33 U.S.C. 2035). Vessels of less than 20 meters in length, and barges, canal boats, scows, or other nondescript craft, are not required to exhibit anchor lights or shapes required by rule 30 of the Inland Navigation Rules (33 U.S.C. 2035).

(b) The anchorage grounds for vessels described in Subpart B of this part are established, and the rules and regulations in relation thereto adopted, pursuant to the authority contained in section 7 of the act of March 4, 1915, as amended (38 Stat. 1053; 33 U.S.C. 471).

(c) All bearings in the part are referred to true meridian.

(d) Geographic coordinates expressed in terms of latitude or longitude, or both, are not intended for plotting on maps or charts whose reference horizontal datum is the North American Datum of 1983 (NAD 83), unless such geographic coordinates are expressly labeled NAD 83. Geographic coordinates
§ 110.1a Anchorage areas.

The anchorage areas listed in this section are regulated under the Ports and Waterways Safety Act (33 U.S.C. 1221 et seq.):

(a) Beals Cove, West side of Orrs Island, Harpswell. The entire cove as defined by the shoreline and a line across the entrance bearing 215° and tangent to the shore on the north side.

(a-1) Merriconeag Sound, Harpswell. The area comprises that portion of the Sound beginning at a point on the shoreline about 1,000 feet northeasterly from the southwesterly extremity of Orrs Island at latitude 43°45'05"N., longitude 69°59'14", thence extending 290° to a point at latitude 43°45'10", longitude 69°59'20", thence extending 20° to a point at latitude 43°45'34", longitude 69°59'05", thence extending 110° to a point on the shoreline at latitude 43°45'33", longitude 69°58'58", thence along the shoreline to the point of beginning.

NOTE: The area is principally for use by yachts and other recreational craft. Fore and aft moorings will be allowed. Temporary floats or buoys for marking anchors in place will be allowed. All moorings shall be so placed that no vessel, when anchored, shall at any time extend beyond the limits of the area. Fixed mooring piles or stakes are prohibited. All anchoring in the area shall be under the supervision of the local harbor master or such authority as may be designated by authorities of the Town of Harpswell, Maine.

(a-2) Mackerel Cove, Bailey Island, Harpswell. The water area of Mackerel Cove lying northeasterly of a line from a point on Abner Point at latitude 43°43'28"N., longitude 70°00'19"W., to a point on Bailey Island at latitude 43°43'18.2"N., longitude 70°00'12.2"W.

(b) Harpswell Harbor, east side of Harpswell Neck, Harpswell. The entire area lying westerly of a line bearing 8° from the eastern extremity of Stovers Point to the point of land at the northerly end of the harbor, said point of land bearing approximately 275° from the observatory on Orrs Island.

(c) Basin Cove, west side of Harpswell Neck, Harpswell. All of the area lying northeasterly of a line bearing 350° from the northwest corner of the entrance to the cove.

(c-1) Basin Cove, west side of Harpswell Cove, west side of Harpswell. All of the area enclosed by a line beginning at the southernmost extremity of Basin Point at latitude 43°44'17"N., longitude 70°02'36"W.; thence westerly to latitude 43°44'17"N., longitude 70°02'25"W.; thence north northeasterly to a point on the shoreline at latitude 43°44'43"N., longitude 70°02'05"W.; thence following the shoreline to the point of beginning.

(d) Mussel Cove and adjacent waters at Falmouth Foreside, Falmouth. All of the waters enclosed by a line beginning at the Dock House (F.S.) located at latitude 43°44'22"N., longitude 70°11'41"W.; thence 213°, 200 yards; thence 204°, 1,760 yards; thence 220°, 1,950 yards to Prince Point; thence along the shoreline to the point of beginning.

(e) Harraseeket River. That portion of the Harraseeket River within the mean low water lines, between Stockbridge Point and Weston Point, excluding therefrom a thoroughfare, 100 feet wide, the center line of which follows the natural channel.

NOTE: This area is reserved for yachts and other small recreational craft. Fore and aft moorings will be allowed in this area. Temporary floats or buoys for marking anchors or moorings in place will be allowed. Fixed mooring piles or stakes are prohibited. All moorings shall be so placed that no vessel when anchored shall at any time extend into the thoroughfare. All anchoring in the area shall be under the supervision of the local harbor master or such other authority as
may be designated by the authorities of the Town of Freeport, Maine.

§ 110.6 Portland Harbor, Portland, Maine (between Little Diamond Island and Great Diamond Island).

Beginning at the southeasterly corner of the wharf, at the most southerly point of Great Diamond Island at latitude 43°40′13″, longitude 70°12′00″; thence extending southwesterly to the northeasterly corner of the wharf on the easterly side of Little Diamond Island at latitude 43°40′03″, longitude 70°12′15″; thence extending along the northerly side of the wharf to its shoreward end at latitude 43°40′03″, longitude 70°12′17″; thence extending along the shoreline of Little Diamond Island to latitude 43°40′11″, longitude 70°12′20″; thence extending northeasterly to the shoreline of the southerly side of Great Diamond Island at latitude 43°40′21″, longitude 70°12′06″; thence extending along the shoreline of Great Diamond Island to the shoreward end of a wharf at latitude 43°40′15″, longitude 70°12′02″; thence extending along the southwesterly side of the wharf to the point of beginning.

NOTE: The area is principally for use by yachts and other recreational craft. Temporary floats or buoys for marking anchors will be allowed. Fixed mooring piles or stakes are prohibited. The anchoring of vessels and placing of temporary moorings will be under the jurisdiction, and at the discretion of the local Harbor Master. All moorings shall be so placed that no moored vessels will extend beyond the limit of the area.

§ 110.6a Fore River, Portland Harbor, Portland, Maine.

The water area beginning at a point on the shoreline near the Coast Guard Base in Position 43-38 43′N and 070-14 49′W; thence 319 to position 43-38 55′N, 070-15 03′W; thence 50 to position 43-39 06′N; 070-14 43′W: thence 161 to mainland; and thence southwesterly along the shore to the point of beginning.
§ 110.10

500 feet west of the west side of the State Pier.

(g) Charlotte, Vt. An area shoreward of a line bearing 080° T from 44°16'12"N, 73°17'18"W, on Thompson's Point to 44°16'16"N, 73°16'40"W., on William's Point.

(h) Burlington Harbor, VT. The waters bounded by a line connecting the following points:

    Latitude        Longitude
    44°28'14.4"N  73°13'16.5"W
    44°28'14.4"N  73°13'19.5"W
    44°28'24.4"N  73°13'18.4"W

and thence along the shoreline to the point of the beginning. These positions have been converted to North American Datum 83.

(i) Point Au Roche, New York. The waters of Deep Bay north of a line drawn shore to shore along the 44°46’14"N line of Latitude.

NOTE: Anyone wishing to occupy a mooring in this area shall obtain a permit from the New York State Office of Parks, Recreation & Preservation.

§ 110.10 Portsmouth Harbor, New Hampshire, north of Newcastle Island.

From the northern most point of Goat Island to latitude 43°04’25"N, longitude 070°43'37"W; thence 089°30’ for 1,025 yards; thence 120° for 285 yards, thence 213° to the shoreline of Newcastle Island; thence along the shoreline of New Castle Island and across the breakwater to Goat Island and to the point of beginning.

§ 110.25 Beverly and Salem Harbors, Mass.

(a) Beverly Harbor, north of Salem Neck. A line extending from the northerly end of the Salem Willows Yacht Club House 360 yards bearing 281° true to latitude 42°32'14"N., longitude 70°52'26"W.; thence north 275 yards to Monument Bar Beacon thence 540 yards bearing 080° to latitude 42°32’25”N., longi-

gitude 70°52’04” W., thence 365 yards bearing 175° to latitude 42°32’14”N., longitude 70°52’03” W.; thence 237° to the shore.

(b) Bass River. All of the area upstream of the dam outside of the dredged channel.

(c) South Channel. Bounded by a line commencing at the northern most point of Peach’s Point at latitude 42°31’08.3" N, longitude 70°50’34.7" W; thence westerly to a point, at latitude 42°31’21.6" N, longitude 70°51’17.0" W off Fluen Point; thence westerly to a point at latitude 42°31’19.0” N, longitude 70°51’49.3” W off Naugus Head; thence southerly to a point at latitude 42°31’00.0” N, longitude 70°52’18.5” W east of Folger Point; thence to a point at latitude 42°30’38.0” N, longitude 70°52’36.5” W; thence easterly to a point on Long Point at latitude 42°30’52.3” N, longitude 70°53’06.9” W. The areas will be principally for use by yachts and other recreational craft. Temporary floats or buoys for marking anchors will be allowed in the areas but fixed piles or stakes may not be placed. The anchoring of vessels, the placing of moorings, and the maintenance of fairways will be under the jurisdiction of the local Harbor Master.

(d) Beverly and Mackerel Coves, north side of Beverly Harbor. (a) The waters bounded by a line connecting the following points:
§ 110.130  Rockland Harbor, Maine.

(a) The anchorage grounds—(1) Anchorage A. Beginning at a point bearing 158°, 1,075 yards, from Rockland Breakwater Light; thence 255°, 2,000 yards, to a point bearing 225° from Rockland Breakwater Light; thence 345°, 700 yards, to a point bearing 244° from Rockland Breakwater Light; thence 75°, 1,200 yards, to a point bearing 222° from Rockland Breakwater Light; and thence 120°, 1,000 yards, to the point of beginning.

(2) Anchorage B. Beginning at a point bearing 273°, 400 yards, from Rockland Breakwater Light; thence 273°, 700 yards, to a point bearing 273° from Rockland Breakwater Light; thence 345°, 850 yards, to a point bearing 305° from Rockland Breakwater Light; thence 88°, 700 yards, to a point bearing 328° from Rockland Breakwater Light; and thence 169°, 900 yards, to the point of beginning.

(3) Anchorage C. Beginning at a point bearing 244°, 1,715 yards, from Rockland Breakwater Light; thence 260°, 490 yards, to a point bearing 248° from Rockland Breakwater Light; thence 350°, 580 yards, to a point bearing 263° from Rockland Breakwater Light; thence 83°, 480 yards, to a point bearing 263° from Rockland Breakwater Light; and thence 169°, 550 yards, to the point of beginning.

(b) The regulations. (1) Anchorages A and B are general anchorages reserved for merchant vessels over 100 feet in length. Anchorage C is reserved for small commercial and pleasure craft.

(2) A distance of approximately 500 yards shall be kept between Anchorages A and B for vessels entering or departing from the Port of Rockland. Any vessel not anchoring in these areas shall be ready to move on short notice when ordered to do so by the Captain of the Port.

(3) All other vessels within the Rockland Harbor area are prohibited from anchoring within 300 yards or operating within 100 feet of any navy yard, shipbuilding plant, power plant, oil terminal, marine terminal, munitions plant, military or naval arsenal or depot, warehouse, or freight pier without permission from the Captain of the Port, Rockland, Maine, or his authorized representative.

§ 110.131  Kennebec River in vicinity of Bath, Maine.

(a) The anchorage grounds. Vessels may anchor only within the following limits:

(1) Northward of a line bearing 54° true and extending from a point on Passmore's wharf in prolongation with the north side of Commerce Street, Bath, Maine, to a point on the shore in Woolwich, approximately 1,200 feet north of the Maine Central Railroad wharf.

(2) Southward of a line drawn from the derrick on the Bath Iron Works wharf to Sassanoa Point in Woolwich.

(b) The regulations. (1) Vessels in the north anchorage shall be so anchored as to leave a clear fairway of 150 feet channelward of the established harbor lines at Bath, and a clear fairway 200 feet from the east or Woolwich shore, for the passage of steamers, tows, rafts, and other watercraft.

(2) The launching of vessels into the waters between the anchorages or the bringing up of such vessels by their anchors will be permitted. Provided, That the vessels so launched shall be removed therefrom within 12 hours from the time of anchorage.
§ 110.132 Portland Harbor, Maine.

(a) The anchorage grounds—(1) Anchorage A (general). Beginning at latitude 43°39'37" N, longitude 070°14'35" W; thence approximately 000° for 1550 yards to Fort Gorges Island Ledge Buoy 4; thence 350° for 300 yards; thence 025° for 780 yards; thence 303° for 750 yards; thence 254° for 560 yards; thence 186° for 750 yards and thence to the point of beginning.

(2) Anchorage B (general—primarily intended for deep draft vessels). Beginning at Fort Gorges Island Ledge Buoy 4; thence 062° to Little Diamond Island; thence along the southwestern shore to the pier on the southern end of Little Diamond Island; 133° for 1200 yards; 270° to House Island Light; thence along the western shore of House Island to Fort Scammel Point Light; thence 325° for 1700 yards to the point of beginning.

(3) Anchorage C. Bounded on the northwest by House Island; on the north by a line running 90° from House Island Light to Peak Island; on the east by the western shore of Peak Island, by a line running 190° from the westernmost point on Peak Island to Cushing Island, and by the shore of Cushing Island to its westernmost point; and on the southwest by a line running from the westernmost point on Cushing Island to Fort Scammel Point Light.

(b) The regulations.

(1) Anchorage B is intended for general purposes, but especially for oil tankers and other large deep-draft ships entering harbor at night and intending to proceed to the dock allotted at daylight the following morning or as soon as practicable. This area is also to be used for quarantine anchorage. Vessels must be so anchored in this area as to leave at all times an open usable channel at least 100 feet wide for passage of ferry and other boats between Portland, Peak Island, and Bay Points. Any vessels anchored in this area shall be ready to move on short notice when ordered to do so by the Captain of the Port.

(2) Anchorage C is intended for use only by small vessels and for temporary anchorage.

(i) See 33 CFR 110.155 (d)(16) and (l).

(ii) No vessel may occupy this anchorage for a period of time in excess of 48 hours without the prior approval of the Captain of the Port.

(iii) No vessel with a length overall in excess of 670 feet (204.216 meters) may occupy this anchorage without the prior approval of the Captain of the Port.

(iv) No vessel with a draft of 40 feet (12.192 meters) or more may occupy this anchorage without the prior approval of the Captain of the Port unless it anchors within 5 hours after ebb current begins at the Narrows.

(v) See 33 CFR 334.85 for information on anchoring near the U.S. Navy restricted area adjacent to this anchorage.

(14) Anchorage No. 23-B. That area enclosed by coordinates starting at 40°37’49.8” N., 74°03’50.1” W.; to 40°37’49.5” N., 74°03’25.7” W.; to 40°37’27.0” N., 74°03’18.1” W.; to 40°37’23.0” N., 74°03’59.0” W.; to 40°37’30.0” N., 74°04’04.0” W.; to 40°37’37.5” N., 74°03’46.0” W.; thence back to 40°37’49.8” N., 74°03’50.1” W.;

(i) See 33 CFR 110.155(d)(13) (ii) and (iv), (d)(16), and (l).

(ii) No vessel with a length overall of 670 feet (204.216 meters) or less may occupy this anchorage without the prior approval of the Captain of the Port.

(iii) See 33 CFR 334.85 for information on anchoring near the U.S. Navy restricted area adjacent to this anchorage.

(15) Anchorage No. 24. That area enclosed by coordinates starting at 40°37’23.0” N., 74°03’59.0” W.; to 40°37’27.0” N., 74°03’18.1” W.; to 40°36’40.1” N., 74°03’02.2” W.; to 40°36’25.5” N., 74°02’56.4” W.; to 40°36’21.0” N., 74°03’11.0” W.; to 40°36’25.0” N., 74°03’17.5” W.; thence back to 40°37’23.0” N., 74°03’59.0” W.;

(i) See 33 CFR 110.155(d)(13) (ii) and (iv), (d)(16), and (l).

(ii) No vessel with a length overall of less than 800 feet (243.84 meters), or with a draft of less than 40 feet (12.192 meters) may occupy this anchorage without the prior approval of the Captain of the Port.

(16) Any vessel anchored in or intending to anchor in Federal Anchorage 20-A through 20-G, 21-A through 21-C, 23-A and 23-B, 24 or 25 must comply with the following requirements:

(i) No vessel may anchor unless it notifies the Captain of the Port when it anchors, of the vessel’s name, length, draft, and its position in the anchorage.

(ii) Each vessel anchored must notify the Captain of the Port when it weigh anchor.

(iii) No vessel may conduct lightering operations unless it notifies the Captain of the Port before it begins lightering operations.

(iv) Each vessel lightering must notify the Captain of the Port at the termination of lightering.

(v) No vessel may anchor unless it maintains a bridge watch, guards and answers Channel 16 FM, and maintains an accurate position plot.

(vi) If any vessel is so close to another that a collision is probable, each vessel must communicate with the other vessel and the Captain of the Port on Channel 16 FM and shall act to eliminate the close proximity situation.

(vii) No vessel may anchor unless it maintains the capability to get underway within 30 minutes except with prior approval of the Captain of the Port.

(vIII) No vessel may anchor in a “dead ship” status (propulsion or control unavailable for normal operations) without the prior approval of the Captain of the Port.

(ix) Each vessel in a “dead ship” status must engage an adequate number of tugs alongside during tide changes. A tug alongside may assume the Channel 16 FM radio guard for the vessel after it notifies the Captain of the Port.

(x) No vessel may lighten in a “dead ship” status without prior approval from the Captain of the Port.

5. thence to the east end of the dike north of Shooters Island; north of the dike and a line ranging from the west end of the dike through Kill Van Kull Light 18 and Kill Van Kull Buoy 20; and east of a line 250 feet east of and parallel to the Singer Manufacturing Company bulkhead.

NOTE: A portion of this general anchorage is described as a special anchorage in §110.60(r).

(2) [Reserved]

(3) Anchorage No. 36. South of Port Newark Terminal Channel; west of a line ranging from a point 200 yards west of Newark Bay Light 3 to a point 100 yards west of the west pier of the west lift span of the Central Railroad of New Jersey Bridge; and north of said bridge.

(4) Anchorage No. 37. North of the Central Railroad of New Jersey Bridge; east of a line ranging from a point 200 yards east of the east pier of the east lift span of the bridge to a point 200 yards east of the east end of the lift span of the Pennsylvania-Lehigh Valley Railroad bridge; and south of the latter bridge.

NOTE: A portion of this general anchorage is described as a special anchorage in §110.60(o).

(5) Anchorage No. 38. North of the Pennsylvania-Lehigh Valley Railroad bridge; east of lines ranging through a point 200 yards east of the east end of the lift span of the said bridge and the red channel buoys marking the dredged channel in Newark Bay and Hackensack River; and south of the Central Railroad Company of New Jersey Bridge.

(6) Anchorage No. 39. Between the entrance channels of the Hackensack and Passaic Rivers; northwest of lines from the abutment of the Central Railroad of New Jersey Bridge on the west side of the Hackensack River to Hackensack River Light 1, and thence to Newark Bay Light 5, and east of a line from said light ranging toward the southeast corner of the Texas Company wharf, and of a line ranging from the southeast corner of Gross Wharf to the abutment and end of fill of the Central Railroad of New Jersey Bridge on the east side of the Passaic River.

(i) Arthur Kill—Anchorage No. 41. The passage between Pralls Island and Staten Island included between a line running 29° from the extreme northwest point of Pralls Island to a point on Staten Island and a line from the southern point of Pralls Island to the north side of the mouth of Neck Creek at Travis, Staten Island.

(2) Anchorage No. 42. East of lines ranging from the head of the Tottenville Shipyard Company pier at Tottenville, Staten Island, to the first pier of the Outerbridge Crossing west from the Staten Island shore, thence to Arthur Kill Light 10, thence to Arthur Kill Light 14, and thence to Arthur Kill Lighted Buoy 16; and south of a line from thence to Smoking Point.

(i) Raritan Bay—Anchorage No. 44. An area in Raritan Bay located at the junction of Arthur Kill and Raritan River, beginning at a point at latitude 40°30′07″, longitude 74°15′14″; thence to latitude 40°30′18″, longitude 74°15′30″; thence to latitude 40°29′27″, longitude 74°15′06″; thence to latitude 40°29′24″, longitude 74°15′02″; thence to latitude 40°29′15″, longitude 74°14′55″; thence to latitude 40°29′14″, longitude 74°15′25″; thence to latitude 40°29′48″, longitude 74°15′48″; and thence to the point of beginning.

(ii) The anchorage is restricted to deep-draft vessels except that barges may moor in that portion of the anchorage southerly of latitude 40°29′22″.

(ii) No vessel shall occupy the deep-draft portion of the anchorage for a longer period than 48 hours without a permit from the Captain of the Port.

(2) Anchorage No. 45. West of the Raritan Bay Channel leading into Arthur Kill; north of the Raritan River Channel leading into Raritan River; and east of the Cutoff Channel between Raritan River and Arthur Kill, except that part of the said area occupied by Anchorage No. 44.

(3) [Reserved]

(4) Anchorage No. 46. West of the west limit of Anchorage No. 28, as defined by a line bearing 353° from the head of the Keansburg Steamboat Pier at Point Comfort, through Great Kills Flat Buoy 4 to the Staten Island shore; north of Raritan Bay Channel as defined by the buoys and lights marking the north side of the channel, including Princess Bay; northeast of Raritan Bay Channel leading into Arthur Kill; and
Coast Guard, DOT § 110.155

south of a line bearing 243° from the gable of a house at Ward Point, Staten Island.

(5) Anchorage No. 47. South of the Raritan River Channel from opposite the Sun Oil Company pier at South Amboy to Raritan River Buoy 3, thence south of a line in the direction of Boundary Daybeacon to latitude 40°29′48.5″, longitude 74°14′31.6″; thence south of lines through Raritan Bay Light 7B, Raritan Bay Light 3A, and the buoys marking the south side of Raritan Bay Channel Off Seguine Point to the west limit of Anchorage No. 28 as defined by a line bearing 353° from the head of the Keansburg Steamboat Pier through Great Kills Flat Buoy 4 to the Staten Island shore; and west of the latter line.

(i) Vessels shall not anchor in the channel to Keyport Harbor west of lines ranging from Keyport Channel Buoy 1 to Keyport Channel Buoy 9, thence through Keyport Channel Buoys 11 and 13 to the northeast corner of the easterly steamboat wharf; and east of a line extending from a point 400 yards west of Keyport Channel Buoy 1 tangent to the west shore at the mouth of Matawan Creek.

(k) [Reserved]

(l) General regulations.

(1) No vessel in excess of 800 feet (243.84 meters) in length overall or 40 feet (12.192 meters) in draft may anchor unless it notifies the Captain of the Port at least 48 hours prior to entering Ambrose Channel.

(2) Except in cases of great emergency, no vessel shall be anchored in the navigable waters of the Port of New York outside of the anchorage areas established in this section, nor cast anchor within a cable or pipe line area shown on a Government chart, nor be moored, anchored, or tied up to any pier, wharf, or vessel in such manner as to obstruct or endanger the passage of any vessel in transit by, or to or from, adjacent wharves, piers, or slips.

(3) No vessel shall occupy for a longer period than 30 days, unless a permit is obtained from the Captain of the Port for that purpose, any anchorage for which the time of occupancy is not otherwise prescribed in this section. No vessel in a condition such that it is likely to sink or otherwise become a menace or obstruction to navigation or anchorage of other vessels shall occupy an anchorage except in an emergency, and then only for such period as may be permitted by the Captain of the Port.

(4) Whenever, in the opinion of the Captain of the Port, such action may be necessary, that officer may require any or all vessels in any designated anchorage area to moor with two or more anchors.

(5) Every vessel whose crew may be reduced to such number that it will not have sufficient men on board to weigh anchor at any time shall be anchored with two anchors, with mooring swivel put on before the crew shall be reduced or released, unless the Captain of the Port shall waive the requirement of a mooring swivel.

(6) Anchors of all vessels must be placed well within the anchorage areas, so that no portion of the hull or rigging shall at any time extend outside the boundaries of the anchorage area.

(7) Any vessel anchoring under circumstances of great emergency outside of the anchorage areas must be placed near the edge of the channel and in such position as not to interfere with the free navigation of the channel nor obstruct the approach to any pier nor impede the movement of any boat, and shall move away immediately after the emergency ceases, or upon notification by the Captain of the Port.

(8) The Captain of the Port may grant a revocable permit for the habitual maintenance and use of a given mooring space in an anchorage area. Application information for a mooring permit is available from:

Coast Guard Activities New York, Waterways Oversight Branch, 212 Coast Guard Drive, Staten Island, NY 10305.

(i) A mooring permit is issued to an individual, for his exclusive use, of a specific mooring, of a specific type, at a specific location, for a specific vessel.

(ii) Mooring permits shall expire on April 30 of the year after issuance.

(iii) Mooring permits are not transferable.

(iv) Moorings are shown on the large scale chart which may be seen at the office of the Captain of the Port—New York.
§ 110.155

(v) Mooring anchor, chain, and pendant (if applicable) requirements are shown in Table 110.155(l)(7). These requirements may be waived or modified by the Captain of the Port upon written request from the applicant for such waiver or modification.

(vi) The mooring buoy shall be white in color with the Captain of the Port mooring permit number, in black letters, clearly visible at all times. The buoy is to extend not less than 1 foot above the surface of the water at all times, exclusive of flagstaffs, rings, quick pickup devices, etc.

(vii) All required equipment shall be provided by, installed by, and remain the property of the permit holder.

(viii) Mooring equipment should be raised at least every 2 years, inspected for deterioration and replaced if necessary.

(ix) Each person holding a mooring permit shall make what the Captain of the Port—New York considers reasonable use of the mooring. Nonuse of a mooring up to 30 days during the boating season is deemed reasonable.

(x) Moorings for which permits have expired without renewal or have been revoked by the Captain of the Port—New York shall be removed by the owner within 10 days of such expiration or revocation.

(xi) Granting of a Captain of the Port—New York mooring permit does not give a right of access across private property. Arrangements for access shall be made by the permit holder.

(xii) Each person to whom a Captain of the Port—New York mooring permit is issued agrees to hold harmless the United States, its officers, agents, and employees, for any death, personal injury, or damage which may result from the use of the permit or the rights granted under the permit.

(xiii) No vessel shall continuously occupy a mooring when a vessel in regular traffic requires the berth or when navigation would be menaced or inconvenienced thereby.

(xiv) No vessel shall moor in any anchorage in such a manner as to interfere with the use of a duly authorized mooring buoy. Nor shall any vessel moored to a buoy authorized by a Captain of the Port—New York permit be moored such that any portion of that vessel comes within 50 feet of a marked or dredged channel.

(xv) No vessel shall be navigated within the limits of an anchorage at speed exceeding 6 knots when in the vicinity of a moored vessel.

(xvi) In an emergency the Captain of the Port may shift the position of any unattended vessel moored in or near any anchorage.

(9) Barge dispensing stations and stake boats may be anchored in such places as the Captain of the Port may designate.

(10) Upon approval of the District Engineer, Corps of Engineers, the Captain of the Port may permit wrecking plant or other vessels legally engaged in recovering sunken property, or in laying or repairing pipe lines or cables legally established, or plant engaged in dredging operations, to anchor within channels of the Port of New York. Permit issued by the Captain of the Port is not
necessary for plant engaged upon works of river and harbor improvement under the supervision of the District Engineer, but the District Engineer will notify the Captain of the Port in advance of all such proposed work.

(11) Whenever the maritime or commercial interests of the United States so require, the Captain of the Port is hereby empowered to shift the position of any vessel anchored within the anchorage areas, of any vessel anchored outside the anchorage areas, of any vessel which is so moored or anchored as to impede or obstruct vessel movements in any channel or obstruct or interfere with range lights and of any vessel which, lying at the exterior end of a pier or alongside an open bulkhead, obstructs or endangers the passage of vessels in transit by, or to or from, adjacent wharf property or impedes the movements of vessels entering or leaving adjacent slips.

(12) A vessel upon being notified to move into the anchorage limits or to shift its position on anchorage grounds, shall get under way at once or signal for a tug, and shall change position as directed, with reasonable promptness.

(13) Nothing in this section shall be construed as relieving any vessel or the owner or person in charge of any vessel from the penalties of law for obstructing navigation or for obstructing or interfering with range lights, or for not complying with the navigation laws in regard to lights, fog signals, or for otherwise violating law.

(14) Any vessel prohibited by these rules from anchoring in a specific anchorage because of the vessel’s length or draft may anchor in the anchorage with permission from the Captain of the Port.

(m) Anchorages for vessels carrying explosives.

(1) [Reserved]

(2) Anchorage No. 49-F (emergency naval anchorage). That portion of Sandy Hook Bay bounded by a line bearing 170°, 3,800 yards, from a point bearing 261°30′, 2,050 yards from Sandy Hook Light; thence 260°, 500 yards; thence 350°, 3,800 yards; thence 000°, 500 yards, to the point of beginning.

(i) This anchorage is to be used for the anchorage of naval vessels during emergencies only.

(ii) No pleasure or commercial craft shall navigate or moor within this area at any time when naval vessels which are moored in the area display a red flag by day or a red light by night.

(3) Anchorage No. 49-G (naval anchorage). That portion of Sandy Hook Bay bounded by a line bearing 208°, 1,350 yards, from a point bearing 292°30′, 3,600 yards, from Sandy Hook Light; thence 208°, 620 yards; thence 002°, 1,250 yards; thence 107°, 1,150 yards, to the point of beginning.

(i) No pleasure or commercial craft shall navigate or moor within this area at any time when vessels which are moored in the area display a red flag by day or a red light by night.

(n) Regulations for explosive anchorages. (1) Anchorages Nos. 49-F and 49-G are reserved for vessels carrying explosives. All vessels carrying explosives shall be within these areas when anchored, except as provided in paragraph (n)(6) of this section.

(2) A written permit shall be obtained from the Captain of the Port before vessels carrying explosives, or on which explosives are to be loaded, may proceed to the anchorages provided for them; and no vessel shall occupy a berth in such anchorage except by authority of such permit, which permit may be revoked at any time.

(3) Vessels used in connection with loading or unloading explosives on vessels in anchorage areas, including tugs and stevedore boats, shall carry a written permit from the Captain of the Port. The Captain of the Port may, in his discretion, require every person having business on board vessels which are being loaded with explosives, other than members of the crew, to have a pass from the Captain of the Port in such form as he shall prescribe. Such permit or pass shall be shown whenever required by him or by his authorized agents.

(4) Whenever any vessel not fitted with mechanical power anchors in the explosives anchorages while carrying explosives, the Captain of the Port may require the attendance of a tug upon such vessel when in his judgment such action is necessary.
§ 110.156

(5) Vessels carrying explosives shall comply with the general regulations in paragraph (1) of this section when applicable.

(6) The District Engineer, Corps of Engineers, may authorize, in writing, a vessel carrying explosives for use on river and harbor works or on other work under Federal permit issued by the District Engineer to anchor in or near the vicinity of such work without a permit from the Captain of the Port. The District Engineer will prescribe the quantities of such explosives allowed on such vessel and the conditions under which they are to be stored and handled, and will furnish the Captain of the Port with a copy of such safety instructions together with a copy of his written authorization.

(7) Every vessel loading, unloading, transporting, or containing explosives shall display by day a red flag at least 16 square feet in area at its masthead, or at least 10 feet above the upper deck if the vessel has no mast, and shall display by night a red light in the same position specified for the flag.

(8) When local regulations of any place require previous local authority for the transfer of explosives or fireworks between vessels or between a vessel and a wharf or other place ashore, the Captain of the Port will permit the removal from the anchorage of such vessel containing explosives to any place covered by such local regulations only when he is satisfied that the required local authority has been granted.

NOTE: The anchorage in this section are regulated under Title I, Ports and Waterways Safety Act of 1972 as stated in §110.1(a) of this part. The penalties for violating regulations under this Act are stated in §110.1(b) of this part.

§ 110.156 Randall Bay, Freeport, Long Island, N.Y.

(a) The anchorage grounds. Southward of a line 312 feet south of and parallel to the south side of Casino Street; eastward of a line 215 feet east of and parallel to the east side of West Side Avenue, said line extending southerly to a point 233 feet north of the prolonged north side of Clinton Street; northeastern of a line from the last-mentioned point to a point 243 feet southerly of the prolonged south side of Clinton Street and 210 feet east of the east side of Prospect Street; eastward of a line 210 feet east of and parallel to the east side of Prospect Street; northward of a line 25 feet north of and parallel to the prolonged north side of Suffolk Street; westward of a line 210 feet west of and parallel to the west side of South Long Beach Avenue, said line extending northerly to a point 222 feet south of the prolonged south side of Queens Street; southwestward of a line from the last-mentioned point to a point 74 feet northerly of the prolonged north side of Queens Street and 120 feet west of the west side of Roosevelt Avenue; and westward of a line 120 feet west of and parallel to the west side of Roosevelt Avenue.

(b) The regulations. (1) When applied for, a berth in this anchorage, if available, may be assigned to any vessel by the Captain of the Port of New York.

(2) The Captain of the Port is authorized to issue permits for maintaining mooring buoys within the anchorage. The method of anchoring these buoys shall be as prescribed by the Captain of the Port.

(3) No vessel shall anchor in the anchorage in such manner as to interfere with the use of a duly authorized mooring buoy.

(4) No vessel shall be navigated within the anchorage at a speed exceeding six knots.

(5) In case of emergencies, the Captain of the Port is authorized to shift the position of any unattended vessel moored in or near the anchorage.

§ 110.157 Delaware Bay and River.

(a) The anchorage grounds—(1) Anchorage A off the entrance to the Mispillion River. In Delaware Bay southwest of Brandywine Channel beginning at latitude 38°53′57″ N., longitude 75°08′00″ W., thence northwesterly to latitude 39°01′22″ N., longitude 75°13′25″ W., thence southerly to latitude 39°00′49″ N., longitude 75°14′37″ W., thence southeasterly to latitude 38°53′22″ N., longitude 75°09′26″ W.,
thence northeasterly to the point of beginning. Supervision over the anchoring of vessels and over all cargo transfer operations in Anchorage A is exercised by the Captain of the Port, Philadelphia. The regulations of paragraphs (b)(1) and (b)(2) of this section do not apply to this anchorage.

(2) Anchorage 1 off Bombay Hook Point. On the southwest side of the channel along Liston Range, bounded as follows: Beginning at a point (approximately latitude 39°17′59″, longitude 75°22′07″) bearing 228° from Ship John Shoal Light, 167 yards southwest of the southwest edge of the channel along Liston Range; thence 228°, 2,000 yards; thence 318°, 8,000 yards; thence 48°, 2,000 yards; and thence 138°, 8,000 yards, to the point of beginning.

(3) Anchorage 2 northwest of Artificial Island. On the east side of the channel along Reedy Island Range, bounded as follows: Beginning at a point bearing 105° from the northernmost point of Reedy Island, 167 yards easterly of the east edge of the channel along Reedy Island Range; thence 105°, 800 yards; thence 195°, 4,500 yards; thence 265°, 800 yards to a point (approximately latitude 39°28′58″, longitude 75°33′37″) opposite the intersection of Reedy Island and Baker Ranges; and thence 15°, 4,500 yards, to the point of beginning.

(4) Anchorage 3 southeast of Reedy Point. Southeast of the entrance to the Chesapeake and Delaware Canal at Reedy Point, bounded on the east by the west edge of the channel along Reedy Island and New Castle Ranges; on the west by a line beginning at a point on the west edge of the channel along Reedy Island Range at latitude 39°31′43″, thence to a point bearing 168°30′, 3,150 yards, from Chesapeake and Delaware Canal 2 Light, and thence to a point bearing 131°, 1,160 yards, from Chesapeake and Delaware Canal 2 Light; and on the north by a line running from the last-described point 113°30′, approximately 813 yards, to the west edge of the channel along New Castle Range.

(5) Anchorage 4 north of Reedy Point. North of the entrance to the Chesapeake and Delaware Canal at Reedy Point, on the west side of the river, bounded as follows: Beginning at a point (approximately latitude 39°33′51″, longitude 75°33′35″) 344°58′ true, 160 yards from Chesapeake and Delaware Canal Light 2; thence 306°26′, 1,442 yards; thence 126°26′, 1,442 yards; thence 216°26′, 377 yards to the point of beginning.

(6) Anchorage 5 southeast of Pea Patch Island. On the northeast side of the channel along New Castle Range, bounded as follows: Beginning at latitude 39°34′28″, longitude 75°33′06″; thence 334°, 2,343 yards; thence 64°, 512 yards; thence 154°, 2,943 yards; and thence 244°, 512 yards, to the point of beginning.

(7) Anchorage 6 off Deepwater Point. Southeast of the entrance to Christina River, on the east side of the channel along Cherry Island Range, bounded as follows: Beginning at latitude 39°41′31″, longitude 75°30′55″; thence 17°, 2,747 yards; thence 112°, 847 yards; thence 215°, 1,340 yards; thence 204°, 893 yards; thence 186°30′, 500 yards; and thence 286°, 377 yards, to the point of beginning. Vessels must not cast anchor in the cable area at the lower end of this anchorage except in case of emergency.

(8) Anchorage 7 off Marcus Hook. (i) On the southeast side of the channel along Marcus Hook Range, bounded by a line connecting the following points:

(iii) Should the remainder of the anchorage be in use, the preferential area, when available, may be used by vessels not subject to quarantine inspection.

(9) Anchorage 8 off Thompson Point. On the south side of the channel along
(10) Anchorage 9 near entrance to Mantua Creek. On the southeast side of the channel along Mifflin Range, bounded as follows: Beginning at a point on the southeast edge of the channel at longitude 75°14'26"; thence northeasterly along the edge of the channel to longitude 75°12'01.5"; thence 203°30', 933 yards; thence 233°30', 3,058 yards; and thence 263°30', 933 yards, to the point of beginning. Vessels must not cast anchor in this anchorage in such manner as to interfere unreasonably with the passage of other vessels to and from Mantua Creek.

(11) Anchorage 10 (naval) at Naval Base, Philadelphia. On the north side of the channel along West Horseshoe Range, bounded as follows: Beginning at the southeasterly corner of Pier 7 (approximately latitude 39°53'11", longitude 75°09'58.5") ; thence 174°, 525 yards, to the north edge of the channel along West Horseshoe Range; thence 273°30' along the edge of the channel, 880 yards; thence 354°, 433 yards, to the southeasterly corner of Pier 1; and thence 88°30', 875 yards, to the point of beginning. This is a restricted naval anchorage.

(12) Anchorage 11 at Gloucester. On the east side of the channel south of the Walt Whitman Bridge at Gloucester, bounded as follows: Beginning at a point on the east edge of the channel at latitude 39°54'16"; thence 174°30', 500 yards, to latitude 39°54'02", longitude 75°07'43"; thence 202°, 1,133 yards; thence 217°30', 1,142 yards, to the east edge of channel; thence northeasterly along the edge of the channel to the point of beginning.

(13) Anchorage 12 between Gloucester and Camden. On the east side of the channel adjoining and on the upstream side of Anchorage 11, from the Gloucester to Camden, bounded as follows: Beginning at a point on the east edge of the channel at latitude 39°54'16"; thence northerly along the edge of the channel to latitude 39°56'32.5"; thence 133°, 283 yards to a point on a line 100 feet west of the established pierhead line; thence southerly along this line to latitude 39°54'34"; thence 196°16', 882 yards to latitude 39°54'08.5"; thence 354°36', 267 yards to the point of beginning. The area between New York Shipbuilding Corporation Pier No. 2 and the MacAndrews and Forbes Company pier, Camden, shall be restricted to facilitate the movement of carfloats to and from Bulson Street, Camden. The area in front of the Public Service Electric and Gas Company pier shall be restricted to facilitate the movement of vessels to and from the pier. Should the anchorage become so congested that vessels are compelled to anchor in these restricted areas, they must move immediately when another berth is available.

(14) Anchorage 13 at Camden. On the east side of the channel adjoining and on the upstream side of Anchorage 12, to Cooper Point, Camden, bounded as follows: Beginning at a point on the east edge of the channel at latitude 39°56'32.5"; thence northerly along the edge of the channel to latitude 39°57'39.7"; thence 139°, 217 yards to a point on a line 100 feet west of the established pierhead line; thence southerly along this line to latitude 39°56'26.5"; thence 313°, 283 yards to the point of beginning.

(15) Anchorage 14 opposite Port Richmond. On the southeast side of the channel, north of Petty Island, bounded as follows: Beginning at a point on the southeast edge of the channel at longitude 75°05'43"; thence 163°, 248 yards; thence 253°, 1,978 yards, to the southeast edge of the channel; and thence northeasterly along the edge of the channel to the point of beginning. Vessels having a draft of less than 20 feet must anchor southwest of Pier No. 11, Port Richmond. The area off the Cities Service Oil Company wharves, Petty Island, shall be restricted to facilitate the movement of vessels to and from the wharves.

(16) Anchorage 15 off northeasterly end of Petty Island. On the southeast side of the channel, bounded as follows: Beginning at a point on the southeast edge of the channel at longitude 75°05'34.7";
thence northeasterly along the southeas-
tedge of the channel to longitude
75°05’09.5″; thence 171°, 198 yards; thence
260°30’, 667 yards; and thence 351°,
198 yards, to the point of beginning. When
necessary, this anchorage will be re-
served for vessels under the custody of
the United States, at which time other
vessels may be required by the Captain
of the Port to shift position.

(17) Anchorage 16 between Port Rich-
mond and Five Mile Point. On the north-
west side of the channel, bounded as
follows: Beginning at a point on the
northwest edge of the channel at lon-
gitude 75°05’35″; thence northeasterly
along the edge of the channel to lon-
gitude 75°04’20″; thence 328°, 125 yards;
thence 243°, 450 yards; thence 251°,
475 yards; thence 257°, 1,042 yards; thence
174°30’, 122 yards, to the point of begin-
ing. When necessary, this anchorage
will be reserved for vessels under the
custody of the United States, at which
time other vessels may be required by
the Captain of the Port to shift posi-
tion.

(b) General regulations. (1) Except in
cases of great emergency, no vessel
shall be anchored in Delaware Bay and
River between Ship John Light and
The Pennsylvania Railroad Company
bridge at Delair, New Jersey, outside of
the anchorage areas established in this
section, or within a cable or pipe line
area shown on a Government chart, or
be moored, anchored, or tied up to any
pier, wharf, or other vessel in such
manner as to obstruct or endanger the
passage of any vessel. When an emer-
gent condition exists due to congestion
in the prescribed anchorage areas in
the Delaware River, the Captain of the
Port may authorize the anchorage of
vessels in locations other than the pre-
scribed areas. Vessels so anchored must
not be anchored within the channel
limits. Any vessel anchored outside of
the prescribed anchorage limits must
move to a prescribed anchorage area
when space becomes available.

(2) No vessel shall occupy any pre-
scribed anchorage for a longer period
than 48 hours without a permit from
the Captain of the Port. Vessels expect-
ing to be at anchor for more than 48
hours shall obtain a permit from the
Captain of the Port for that purpose.

(3) Whenever, in the opinion of the
Captain of the Port such action may be
necessary, he may require any or all
vessels in any designated anchorage
area to moor with two or more an-
chors.

(4) [Reserved]

(5) Anchors shall be placed well with-
in the anchorage areas, so that no por-
tion of the hull or rigging will at any
time extend outside of the anchorage
area.

(6) Light-draft barges using the an-
chorages shall be anchored away from
the deeper portions of the anchorages,
so as not to interfere with the anchoring
of deep-draft vessels. Any barges
towed in tandem to an anchorage area
shall be bunched together when an-
choring.

(7) Upon approval of the District En-
gineer, Corps of Engineers, the Captain
of the Port may permit wrecking plant
or other vessels legally engaged in re-
covering sunken property, or in laying
or repairing pipe lines or cables, or
plant engaged in dredging operations,
to anchor in channels. Such permission
is not necessary for plant engaged upon
works of river and harbor improvement
under the supervision of the District
Engineer, but the District Engineer
will notify the Captain of the Port in
advance of all such proposed work.

(8) [Reserved]

(9) A vessel upon being notified to
shift its position shall get under way at
once or signal for a tug and shall
change position as directed with rea-
sonable promptness.

(10) Nothing in this section shall be
construed as relieving any vessel or the
owner or person in charge of any vessel
from the penalties of law for obstruct-
ing navigation or for obstructing or
interfering with range lights, or for not
complying with the laws relating to
lights and fog signals or other naviga-
tion laws and regulations.
§ 110.158  Baltimore Harbor, MD.

(a) The anchorage grounds—(1) Anchorage No. 1, general anchorage. In the Patapsco River at Fort McHenry angle beginning at latitude 39°15′13″, longitude 76°34′08.5″; thence southwest to latitude 39°15′10.5″, longitude 76°34′12.5″; thence southeast to latitude 39°14′52.5″, longitude 76°33′54″; thence east-southwest to latitude 39°14′48″, longitude 76°33′42″; thence northwest to the point of beginning. This anchorage shall be reserved for deep draft vessels and shall be used only by vessels waiting overnight to proceed to pier facilities. No vessel shall remain in this anchorage for more than 12 hours without a written permit from the Captain of the Port. Vessels anchored in this anchorage shall insure that they do not project into Fort McHenry Channel.

(2) Anchorage No. 2, general anchorage. In the Patapsco River beginning at latitude 39°15′01.43″ N., longitude 76°33′43.39″ W.; thence southeast to latitude 39°14′49.09″ N., longitude 76°33′30.37″ W.; thence northeast to latitude 39°14′36.40″ N., longitude 76°33′15.63″ W.; thence southeast to latitude 39°14′40.5″.

(c) Regulations for vessels carrying and handling explosives. (1) All vessels carrying explosives as defined in and subject to Title 49 Code of Federal Regulations, Parts 171 through 177, or on which such explosives are to be loaded, shall obtain a permit from the Captain of the Port, except as provided in paragraph (c)(5) of this section. The maximum amount of explosives for which a permit is required in 49 CFR Parts 171 through 177, which may be carried or loaded at any time by a vessel shall not exceed 800 tons, except in cases of great emergency or by special permit from the Captain of the Port. This written permit shall be obtained from the Captain of the Port before vessels carrying explosives or on which explosives are to be loaded within the weight limit specified in paragraph (c)(1) of this section, may anchor in any anchorage. Permits will not be issued for Anchorage 2 under any circumstances. Such permit may be revoked at any time. All vessels used in connection with loading, or unloading explosives shall carry written permits from the Captain of the Port, and shall show such permit whenever required by him or his representative.

(2) Vessels handling explosives shall be anchored so as to be at least 2,200 feet from any other vessel, but the number of vessels which may anchor in an anchorage at any one time shall be at the discretion of the Captain of the Port. This provision is not intended to prohibit barges or lighters from tying up alongside the vessels for the transfer of cargo.

(3) Whenever a vessel or barge not mechanically self-propelled anchors while carrying explosives or while awaiting the loading of explosives, the Captain of the Port may require the attendance of a tug upon such vessel or barge when in his judgment such action is necessary.

(4) Fishing and navigation are prohibited within an anchorage whenever occupied by an anchored vessel displaying a red flag.

(5) The District Engineer, U.S. Army Corps of Engineers, may authorize, in writing, a vessel carrying explosives for use on river and harbor works or on other work under Department of the Army permit, to anchor in or near the vicinity of such work. The Captain of the Port will prescribe the conditions under which explosives shall be stored and handled in such cases.

(6) Vessels carrying explosives or on which explosives are to be loaded, within the weight limit specified in paragraph (b) of this section, shall comply with the general regulations in paragraph (b) of this section when applicable.

(7) Nothing in this section shall be construed as relieving any vessel or the owner or person-in-charge of any vessel, and all others concerned, of the duties and responsibilities imposed upon them to comply with the regulations governing the handling, loading or discharging of explosives entitled ‘‘Subtitle C—Hazardous Materials Regulations’’ (49 CFR Parts 171 through 177).

A vessel with a draft of over 24 feet may not use the anchorage. No vessel may remain in this anchorage for more than 72 hours without a written permit from the Captain of the Port.

(3) Anchorage No. 3, general anchorage. In the Patapsco River beginning at 39°14'14.70" N., longitude 76°32'54.10" W; thence northeast to latitude 39°14'24.10" N., longitude 76°32'39.36" W; thence northwest to latitude 39°14'53.49" N., longitude 76°33'15.63" W; thence southwest to point of beginning. A vessel with a draft of less than 24 feet may not use the anchorage. No vessel may remain in this anchorage for more than 72 hours without a written permit from the Captain of the Port.

(4) Anchorage No. 4, general anchorage. In the Patapsco River 1,000 yards southwest of Dundalk Marine Terminal beginning at latitude 39°14'18.5", longitude 76°32'38.5"; thence southeast to latitude 39°14'00", longitude 76°32'19"; thence southwest to latitude 39°13'53", longitude 76°32'31"; thence northwest to latitude 39°14'11", longitude 76°32'50"; thence northeast to the point of beginning. This is a general anchorage for vessels with drafts of less than 30 feet. No vessel shall remain in this anchorage for more than 72 hours without a written permit from the Captain of the Port.

(5) Anchorage No. 5, general anchorage. In the Patapsco River in the angle between Fort McHenry Channel and Curtis Bay Channel beginning at latitude 39°14'07", longitude 76°32'38.5"; thence southeast to latitude 39°13'34", longitude 76°32'24"; thence south-southwest to latitude 39°13'22", longitude 76°32'29"; thence west to latitude 39°13'21", longitude 76°33'12"; thence north-northeast to the point of beginning. This is a general anchorage for vessels having drafts of 19 feet or less. No vessel shall remain in this anchorage for more than 72 hours without a written permit from the Captain of the Port.

(6) Anchorage No. 6, general anchorage. In the Patapsco River approximately 2,000 yards west of Dollars Point beginning at latitude 39°13'42.58" N., longitude 76°32'20.24" W thence southeast to latitude 39°13'20" N., longitude 76°31'56" W., thence northeast to latitude 39°13'34" N., longitude 76°31'33.5" W., thence northwest to latitude 39°14'02" N., longitude 76°32'02.9" W., thence southwest to latitude 39°13'50.5" N., longitude 76°32'20" W., thence south to point of beginning. A vessel with a draft over 20 feet may not use this general anchorage. No vessel may remain in this anchorage for more than 72 hours without a written permit from the Captain of the Port.

and thence to the point of beginning.

Datum: NAD 27

The primary use of this anchorage is to lay up dead ships. Such use has priority over other uses. A written permit from the Captain of the Port must be obtained prior to use of this anchorage for more than 72 hours.

(b) General regulations. (1) Except in cases where unforeseen circumstances create conditions of imminent peril, or with the permission of the Captain of the Port, no vessel shall be anchored in Baltimore Harbor and Patapsco River outside of the anchorage areas established in this section for more than 24 hours. No vessel shall anchor within a tunnel, cable or pipeline area shown on a Government chart. No vessel shall be moored, anchored, or tied up to any pier, wharf, or other vessel in such manner as to extend into established channel limits. No vessel shall be positioned so as to obstruct or endanger the passage of any other vessel.

(2) No vessel in such condition that it is likely to sink or otherwise become a
menace or obstruction to navigation or anchorage of other vessels, shall occupy an anchorage except in cases where unforeseen circumstances create conditions of imminent peril to personnel and then only for such period as may be authorized by the Captain of the Port.

(3) Whenever, in the opinion of the Captain of the Port, such action may be necessary, he may require any vessel in a designated anchorage area to moor with two or more anchors.

(4) Every vessel that will not have sufficient personnel on board to weigh anchor at any time shall be anchored with two anchors with mooring swivel, unless the Captain of the Port, upon application, waives this requirement.

(5) Light-draft barges shall be anchored away from the deeper portions of the anchorages, so as not to interfere with the anchoring of deep-draft vessels. Any barges towed in tandem to an anchorage area shall be nested together when anchoring.

(6) No vessel shall be navigated within an anchorage at a speed exceeding 6 knots.

(7) A vessel being notified by the Captain of the Port or his authorized representative to shift its position shall take steps to promptly make the change.

(8) Nothing in this section shall be construed as relieving any vessel, or the owner or person in charge of any vessel, from the penalties of law for obstructing navigation or for obstructing or interfering with range lights, or for not complying with the laws relating to lights, day signals and fog signals or other navigation laws and regulations.

§110.159 Annapolis Harbor, MD.

(a) The Anchorages—(1) Naval Anchorage for Deep Draft Vessels. In the Chesapeake Bay, bounded on the north by latitude 38°55′00″; on the east by a line bearing 203° from latitude 38°58′00″, longitude 76°24′00″; on the south by latitude 38°56′30″; and on the west by a line bearing 139° from Greenbury Point Shoal Light. This anchorage is reserved for deep draft naval vessels. Berths in the area will be assigned on application to the Superintendent, U.S. Naval Academy.

(2) Middle Ground Anchorage. Beginning at a point in the Severn River 139°, 620 yards from Triton Light (located at the intersection of the northeast and southeast seawall of the Naval Academy grounds); thence easterly to a point 112°30′, 970 yards from Triton Light; thence southeasterly to a point 233°30′, 925 yards from the radio tower at the tip of Greenbury Point; thence south-southeasterly to a point 233°30′, 1,015 yards from Greenbury Point Shoal Light; thence westerly to a point 233°30′, 1,205 yards from Greenbury Point Shoal Light: thence northwesterly to the point of beginning.

(3) South Anchorage. In the Severn River, beginning at a point on the shoreline at Horn Point, Eastport, 168°, 1,190 yards from Triton Light; thence east to a point 294°, 1,075 yards from Greenbury Point Shoal Light; thence northwest to a point 143°, 595 yards from Triton Light; thence westerly to a point 209°, 700 yards from Triton Light; thence 180° to a point on the shoreline at Eastport. No vessel shall anchor within 100 feet of any wharf, marine railway, or other structure without the permission of the owner thereof.

(4) Naval Anchorage for Small Craft. In the Severn River, beginning at a point 80 feet off the southeast seawall of the Naval Academy bearing 132° from Triton Light; thence easterly to a point 072°30′, 285 yards from Triton Light; thence southeasterly to a point 109°, 785 yards from Triton Light; thence westerly to a point 211°, 537 yards from Triton Light; thence northwesterly to a point 45 yards off the southeast seawall of the Naval Academy bearing 214°, 535 yards from Triton Light; thence northeasterly to the point of beginning. Except in the case of emergency, no vessel shall be anchored in this area without the permission of the Superintendent, U.S. Naval Academy. Anchorages will be assigned upon request to the Superintendent, U.S. Naval Academy.

(7) Anchorage U, The Hague. The waters of the basin known as "The Hague", north of the Brambleton Avenue Bridge, except for the area within 100 feet of the bridge span that provides access to and from the Elizabeth River.

(b) Definitions. As used in this section:

(1) "Dangerous cargo" means "certain dangerous cargo" as defined in §160.203 of this title.

(2) Class 1 (explosive) materials means Division 1.1, 1.2, 1.3, and 1.4 explosives, as defined in 49 CFR 173.50.

(c) General regulations. (1) Except as otherwise provided, this section applies to vessels over 20 meters long and vessels carrying or handling dangerous cargo or Class 1 (explosive) materials while anchored in an anchorage ground described in this section.

(2) Except as otherwise provided, a vessel may not occupy an anchorage for more than 30 days, unless the vessel obtains a permit from the Captain of the Port.

(3) Except in an emergency, a vessel that is likely to sink or otherwise become a menace or obstruction to navigation or the anchoring of other vessels may not occupy an anchorage, unless the vessel obtains a permit from the Captain of the Port.
(4) The Captain of the Port may, upon application, assign a vessel to a specific berth within an anchorage for a specified period of time.

(5) The Captain of the Port may grant a revocable permit to a vessel for a habitual use of a berth. Only the vessel that holds the revocable permit may use the berth during the period that the permit is in effect.

(6) The Commander, Fifth Coast Guard District, may authorize the establishment and placement of temporary mooring buoys within a berth. Placement of a fixed structure within an anchorage may be authorized by the District Engineer, U.S. Army Corps of Engineers.

(7) If an application is for the long-term lay up of a vessel, the Captain of the Port may establish special conditions in the permit with which the vessel must comply.

(8) Upon notification by the Captain of the Port to shift its position within an anchorage, a vessel at anchor shall get underway at once or signal for a tug. The vessel shall move to its new location in a prompt manner.

(9) The Captain of the Port may prescribe specific conditions for vessels anchoring within the anchorages described in this section, including, but not limited to, the number and location of anchors, scope of chain, readiness of engineering plant and equipment, usage of tugs, and requirements for maintaining communications guards on selected radio frequencies.

(10) A vessel that does not have a sufficient crew on board to weigh anchor at any time shall have two anchors in place with a mooring swivel, unless the Captain of the Port shall waive this requirement. Members of the crew may not be released until the required anchors have been set.

(11) No vessel at anchor or at a mooring within an anchorage may transfer oil to another vessel unless the vessel has given the Captain of the Port the four hours advance notice required by §156.118 of this title.

(12) Barges may not anchor in the deeper portions of anchorages or interfere with the anchoring of deep-draft vessels.

(13) Barges towed in tandem to an anchorage shall be nested together when anchored.

(14) Any vessel anchored or moored in an anchorage adjacent to the Chesapeake Bay Bridge Tunnel or I-664 Bridge Tunnel shall be capable of getting underway within 30 minutes with sufficient power to keep free of the bridge tunnel complex.

(15) A vessel may not anchor or moor in an anchorage adjacent to the Chesapeake Bay Bridge Tunnel or I-664 Bridge Tunnel if its steering or main propulsion equipment is impaired.

(d) Regulations for vessels handling or carrying dangerous cargoes or Class 1 (explosive) materials.

(1) This paragraph (d) applies to every vessel, except a naval vessel, handling or carrying dangerous cargoes or Class 1 (explosive) materials.

(2) Unless otherwise directed by the Captain of the Port, each vessel handling or carrying dangerous cargoes or Class 1 (explosive) materials must be anchored or moored within Anchorage Berth E-1.

(3) Each vessel, including each tug and stevedore boat, used for loading or unloading dangerous cargoes or Class 1 (explosive) materials in an anchorage, must carry a written permit issued by the Captain of the Port.

(4) The Captain of the Port may require every person having business aboard a vessel handling or carrying dangerous cargoes or Class 1 (explosive) materials while in an anchorage, other than a member of the crew, to hold either a pass issued by the Captain of the Port or another form of identification prescribed by the Captain of the Port.

(5) Each person having business aboard a vessel handling or carrying dangerous cargoes or Class 1 (explosive) materials while in an anchorage, other than a member of the crew, shall present the pass or other form of identification prescribed by paragraph (d)(4) of this section to any Coast Guard boarding officer who requests it.

(6) The Captain of the Port may revoke at any time a pass issued under the authority of paragraph (d)(4) of this section.

(7) Each non-self-propelled vessel handling or carrying dangerous cargoes or Class 1 (explosive) materials must
§ 110.168

have a tug in attendance at all times while at anchor.

(8) Each vessel handling or carrying dangerous cargoes or Class 1 (explosive) materials while at anchor must display by day a red flag in a prominent location and by night a fixed red light.

(e) Quarantine Anchorage Regulations.

(1) Anchorage Berth K–3 is the “Quarantine Anchorage”.

(2) Any vessel that requires examination by quarantine, customs, or immigration authorities, but whose draft or size prevents it from using Anchorage Berth K–3, may anchor in another anchorage that it is otherwise authorized to use, if the vessel notifies the Captain of the Port and the agency that ordered the vessel to the “Quarantine Anchorage”.

(f) Regulations for Specific Anchorages.

(1) Anchorage A. Except for a naval vessel, military support vessel, or vessel in an emergency situation, a vessel may not anchor in Anchorage A without the permission of the Captain of the Port. The Captain of the Port shall consult with the Commander, Naval Amphibious Base Little Creek, before granting a vessel permission to anchor in Anchorage A.

(2) Anchorages B and C. Except for a naval vessel, a vessel may not anchor in Anchorage B or C without the permission of the Captain of the Port. The Captain of the Port shall consult with the Commander, Naval Amphibious Base Little Creek, before granting a vessel permission to anchor in Anchorage B or C.

(3) Anchorage D. Except for a naval vessel or vessel in an emergency situation, a vessel may not anchor in Anchorage D without the permission of the Captain of the Port. The Captain of the Port shall consult with the Commander, Naval Amphibious Base Little Creek, before granting a vessel permission to anchor in Anchorage D.

(4) Anchorage E. (i) A vessel may not anchor in Anchorage E without a permit issued by the Captain of the Port.

(ii) The Captain of the Port shall give commercial vessels priority over naval and public vessels.

(iii) The Captain of the Port may at any time revoke a permit to anchor in Anchorage E issued under the authority of paragraph (f)(4)(i) of this section.

(iv) A vessel may not anchor in Anchorage Berth E–1, unless it is handling or carrying dangerous cargoes or Class 1 (explosive) materials.

(v) A vessel may not anchor within 500 yards of Anchorage Berth E–1 without the permission of the Captain of the Port, if the berth is occupied by a vessel handling or carrying dangerous cargoes or Class 1 (explosive) materials.

(5) Anchorage F. A vessel less than 700 feet long or having a draft less than 40 feet may not anchor in Anchorage F without the permission of the Captain of the Port.

(6) Anchorage G. (i) Except for a naval vessel, a vessel may not anchor in Anchorage G without the permission of the Captain of the Port.

(ii) When handling or transferring Class 1 (explosive) materials in Anchorage G, naval vessels must comply with Department of Defense Ammunition and Explosives Safety Standards, or the standards in this section, whichever are the more stringent.

(iii) When barges and other vessels carrying Class 1 (explosive) materials are berthed at the Ammunition Barge Mooring Facility, located at latitude 36° 58′ 34″ N., longitude 76° 21′ 12″ W., no other vessel, except a vessel that is receiving or offloading Class 1 (explosive) materials, may anchor within 1,000 yards of the Ammunition Barge Mooring Facility.

(iv) Whenever a vessel is handling or transferring Class 1 (explosive) materials while at anchor in Anchorage G, no other vessel may anchor in Anchorage G without the permission of the Captain of the Port. The Captain of the Port shall consult with the Commander, Naval Base Norfolk, before granting a vessel permission to anchor in Anchorage G.

(v) A vessel located within Anchorage G may not handle or transfer Class 1 (explosive) materials within 400 yards of Norfolk Harbor Entrance Reach.

(vi) A vessel may not handle or transfer Class 1 (explosive) materials within 850 yards of another anchored vessel, unless the other vessel is also handling or transferring Class 1 (explosive) materials.
(vii) A vessel may not handle or transfer Class 1 (explosive) materials within 850 yards of Anchorage F or H.

(7) Anchorage I—Anchorage Berths I-1 and I-2. A vessel that is 500 feet or less in length or that has a draft of 30 feet or less may not anchor in Anchorage Berths I-1 or I-2 without the permission of the Captain of the Port.

(8) Anchorage K—(i) Anchorage Berths K-1 and K-2. A vessel that is 500 feet or less in length or that has a draft of 30 feet or less may not anchor in Anchorage Berths K-1 or K-2 without the permission of the Captain of the Port.

(ii) A vessel that is arriving from or departing for sea and that requires an examination by public health, customs, or immigration authorities may anchor in the Anchorage Berth K-3.

(iii) Unless directed by the Captain of the Port, a vessel that does not require an examination by public health, customs, or immigration authorities may not anchor in Anchorage Berth K-3.

(iv) Every vessel using Anchorage Berth K-3 shall be prepared to move promptly under its own power to another location when directed by the Captain of the Port, and shall promptly vacate Anchorage Berth K-3 after being examined and released by authorities.

(v) When any vessel using Anchorage Berth K-3 is under the charge of a pilot, the pilot shall remain on board while the vessel is in Anchorage Berth K-3.

(vi) Any non-self-propelled vessel using Anchorage Berth K-3 shall have a tugboat in attendance while undergoing examination by quarantine, customs, or immigration authorities, except with the permission of the Captain of the Port.

(9) Anchorage P. (i) A vessel waiting to be loaded may not remain in Anchorage P longer than 48 hours, except when non-availability of loading facilities, inclement weather, ice conditions, or other circumstances beyond the vessel’s control prohibit it from moving.

(ii) A vessel loaded with cargo may not remain in Anchorage P for more than 12 daylight hours without permission from the Captain of the Port.

(10) Anchorage T. Portions of this anchorage are a special anchorage area under §110.72aa of this Title during marine events regulated under §100.501 of this Title.

(11) Anchorage U. (i) A vessel may not anchor in Anchorage U unless it is a recreational vessel.

(ii) No float, raft, lighter, houseboat, or other craft may be laid up for any reason in Anchorage U without the permission of the Captain of the Port.

§110.170 Lockwoods Folly Inlet, N.C.

(a) Explosives Anchorage. Beginning at a point southeast of Shallotte Inlet at latitude 33°52′31″, longitude 78°18′49″; thence south to latitude 33°51′31″, longitude 78°18′42″; thence east to latitude 33°51′51″, longitude 78°14′35″; thence north to latitude 33°52′52″, longitude 78°14′40″; thence west to the point of beginning.

(b) General regulations. (1) This anchorage is reserved for the exclusive use of vessels carrying explosives.

(2) Vessels in this anchorage shall not anchor closer than 1,500 yards to one another. This provision is not intended to prohibit barges or lighters from lying alongside vessels for transfer of cargo.

(3) The maximum quantity of explosives aboard any vessel that may be in this anchorage is 8,000 tons.

(4) Nothing in this section shall be construed as relieving the owner, master, or person in charge of any vessel from the penalties of the law for obstructing navigation or for not complying with the navigation laws in regard to lights, fog signals, etc.

[CG FR 69-1, 34 FR 189, Jan. 18, 1969]

§110.173 Port of Charleston, SC.

(a) The anchorage grounds. (1) Commercial Anchorage A. This anchorage is located adjacent to the western edge of Folly Island Channel and southwest of Rebellion Reach and is bounded by the following coordinates:

32°45′34″ N., 79°52′12″ W.; to
32°46′17″ N., 79°53′21″ W.; to
32°45′51″ N., 79°53′23″ W.; to
32°45′34″ N., 79°52′55″ W.; thence back to
32°45′34″ N., 79°52′12″ W.
§ 110.179 Skidaway River, Isle of Hope, Ga.

(2) Commercial Anchorage B. This anchorage is located adjacent to the south side of South Channel and bounded by the following coordinates:

32°45′28″ N., 79°53′40″ W.; to 32°45′28″ N., 79°54′46″ W.; to 32°45′19″ N., 79°54′46″ W.; to 32°45′12″ N., 79°54′06″ W.; to 32°45′16″ N., 79°53′40″ W.; thence back to 32°45′28″ N., 79°53′40″ W.

(3) Commercial Anchorage C. This anchorage is located 1800 yards, 118° true from St. Michaels Church Spire and has a diameter of 500 yards. Vessels using this anchorage must anchor in the center.

(4) Commercial Anchorage D. This anchorage is located 51°30′ true, 1375 yards from St. Michaels Church Spire and has a diameter of 1400 feet. The use of this anchorage is limited to loaded vessels for a period of not more than 24 hours.

(b) The regulations.

(1) Except in cases of great emergency, no vessel shall be anchored in the main ship channels as defined by broken lines marking their boundaries on NOAA Chart 11524. Vessels must be anchored in such a way as not to interfere with the free navigation of channels in the port, including Cooper, Ashley, Wando Rivers, and Town Creek, nor to obstruct the approach to any pier or entrance to any slip, nor to impede the movement of any vessel or craft.

(2) Vessels using the anchorages opposite the eastern waterfront of Charleston shall place their anchors as near as possible in the center of the anchorage. Vessels not using a designated commercial anchorage shall not place their anchors within the main ship channels, nor shall be so anchored as to swing within 400 feet of any wharf or pier on the eastern waterfront of Charleston. Vessels may be so anchored as to swing into the main ship channels only if they are so placed with reference to the customary winds, tides, and currents of the harbor, as to swing only during slack water, and that during this period there shall remain in the waters adjacent to the channel an area of sufficient depth as to permit the safe passage of loaded vessels.

(3) No vessel may anchor within the designated anchorages for more than 72 hours without the prior approval of the Captain of the Port.

(4) No vessel may anchor unless it maintains a bridge watch, guards and answers Channel 16 FM, and maintains an accurate position plot.

(5) If any anchored vessel is so close to another that a collision is probable, each vessel must communicate with the other vessel and the Captain of the Port on Channel 16 FM and shall act to eliminate the close proximity situation.

(6) No vessel may anchor unless it maintains the capability to get underway within 4 hours.

(7) No vessel may anchor in a “dead ship” status (propulsion or control unavailable for normal operations) without the prior approval of the Captain of the Port.

(8) Dragging of anchors in or across main ship channels and cable areas is prohibited.

(9) Vessels which, through force of great emergency, are anchored contrary to the foregoing regulations in this section shall be shifted to new berths in accordance with such regulations at the earliest opportunity.

(10) A vessel, upon notification from the Captain of the Port to shift its position in anchorage grounds must get underway at once or signal for a tug, and must change position as directed with reasonable promptness.

(11) No vessel may conduct lightering operations in an anchorage without permission from the Captain of the Port.

(12) When the use of an anchorage is required by naval vessels, the vessels anchored therein shall move when the Captain of the Port directs them.

(13) Nothing in this section shall be construed as relieving the owner or person in charge of any vessel from the penalties of law for obstructing navigation, or for obstructing or interfering with range lights, or for not complying with the navigation laws in regard to lights, fog signals, etc.

[CGD7 83-15, 49 FR 26587, J une 28, 1984]
§ 110.183 St. Johns River, Florida.

(a) The Anchorage areas—(1) Anchorage A. (Upper Anchorage) The Anchorage is established within the following coordinates, the area enclosed by a line starting at the south shore westerly of the entrance to Miller Creek at "1"—latitude 30°24′38″; longitude 81°21′57″; "2"—latitude 30°24′57″; longitude 81°21′38″; "3"—latitude 30°24′56″; longitude 81°21′38″; "4"—latitude 30°25′13″, longitude 81°22′05″; "5"—latitude 30°25′13″, longitude 81°21′43″; "6"—latitude 30°25′07″, longitude 81°21′24″.

(b) The regulations. (1) Except in cases of great emergency, no vessels shall anchor in Skidaway River between the north end of Barbee's dock and southward to Day Marker 48 except in the anchorage area hereby defined and established: Provided, however, That vessels may moor to any lawfully constructed wharf nor impede the approach to any lawfully constructed wharf or within 50 feet of the mean low water line, nor shall any vessel be so anchored that any portion of the hull or rigging shall at any time extend outside the boundary of the anchorage area.

(2) Except in cases of great emergency, no vessel shall be anchored where it can swing within 50 feet of any lawfully constructed wharf or within 50 feet of the mean low water line, nor shall any vessel be so anchored that any portion of the hull or rigging shall at any time extend outside the boundary of the anchorage area.

(3) Any vessel anchoring under circumstances of great emergency outside the anchorage area should be placed in such a position as not to interfere with the free navigation of the channel nor obstruct the approach to any lawfully constructed wharf nor impede the movement of any boat, and shall move away immediately after the emergency ceases or upon notification of the District Commander.

(4) No vessels with an overall length greater than 65 feet will use the anchorage area except in cases of great emergency.

(5) Vessels operating within the anchorage area will not exceed a speed of five (5) miles per hour.

§ 110.183 Atlantic Ocean off Fort George Inlet, near Mayport, Fla.

(a) The Anchorage areas—(1) Anchorages for aircraft carriers and other deep draft vessels. Four circular areas each with a radius of 600 yards and with their centers located at: "A"—latitude 30°25′35″, longitude 81°21′23″; "B"—latitude 30°26′13″, longitude 81°21′23″; "C"—latitude 30°26′19″, longitude 81°20′27″; "D"—latitude 30°26′55″, longitude 81°20′47″.

(2) Anchorages for destroyers and other ships of similar size. Six circular areas each with a radius of 300 yards and with their centers located at: "1"—latitude 30°24′38″; longitude 81°21′57″; "2"—
§ 110.185  Atlantic Ocean, off the Port of Palm Beach, FL.

(a) The anchorage grounds. (1) Anchorage A. The waters lying within an area bounded by a line beginning at latitude 26°45′06″ N., longitude 80°01′12″ W.; thence southerly to latitude 26°43′48″ N., longitude 80°01′42″ W.; thence easterly to latitude 26°43′48″ N., longitude 80°01′12″ W.; and thence northerly to the point of beginning.

(b) The regulations. (1) Vessels in the Atlantic Ocean near Lake Worth Inlet awaiting berthing space at the Port of Palm Beach, shall only anchor within the anchorage areas hereby defined and established, except in cases of great emergency.

§ 110.186  Port Everglades, Florida.

(a) The anchorage grounds. (1) Anchorage A. A rectangular area the center of which is approximately two miles northeast of the entrance to Port Everglades with the following NAD 83 coordinates:

(b) The regulations. (1) Commercial vessels in the Atlantic Ocean in the vicinity of Port Everglades shall anchor only within the anchorage area hereby defined and established, except in cases of emergency.

(2) Prior to entering the anchorage area, all vessels shall notify the Coast Guard Captain of the Port, via the Port Everglades Harbormaster, on VHF-FM Channel 14.

(3) All vessels within the anchorage area shall maintain a 24-hour bridge watch by an English speaking licensed deck officer monitoring VHF-FM Channel 16. This individual shall perform
Coast Guard, DOT § 110.188

frequent checks of the vessel’s position to ensure the vessel is not dragging anchor.

(4) Vessels experiencing casualties such as a main propulsion, main steering or anchoring equipment malfunction or which are planning to perform main propulsion engine repairs or maintenance, shall immediately notify the Coast Guard Captain of the Port via the Coast Guard Group Miami on VHF–FM Channel 16.

(5) The Coast Guard Captain of the Port may close the anchorage area and direct vessels to depart the anchorage during periods of adverse weather or at other times as deemed necessary in the interest of port safety.

(6) Commercial vessels anchoring under emergency circumstances outside the anchorage area shall shift to new positions within the anchorage area immediately after the emergency ceases.

§ 110.188 Atlantic Ocean off Miami and Miami Beach, Fla.

(a) The anchorage grounds. The area to the eastward of a line bearing 12° (N. 12° E.) through a point X, which is 1½ nautical miles due east of the intersection of the Miami Beach shore line with the north jetty; to the northward of a line bearing 102° (S. 78° E.) and intersecting the 12° line at a point A, one-half nautical mile north of the said point X; and to the southward of a line bearing 102° (S. 78° E.) and intersecting the 12° line at a point B, 2½ nautical miles north of the said point X. The northern and southern extremities of the 12° line are marked by spar buoys. The entire anchorage area lies north of the entrance channel to Miami Harbor.

(b) The rules and regulations. (1) Except in cases of great emergency, no vessel shall be anchored in the Atlantic Ocean in the vicinity of the entrances to the approach channels leading to the cities of Miami Beach and Miami, Fla., outside of the anchorage area hereby defined and established—that is, they shall not anchor shoreward of the line first named nor southward of the second nor northward of the third line—but may anchor as far to the eastward as may be desired.

(2) Any vessel anchoring under circumstances of great emergency outside of the anchorage area shall be shifted to new berths within the area immediately after the emergency ceases.

(3) All vessels shall lie at anchor with as short a cable as conditions will permit.

(4) A vessel upon being notified to move into the anchorage limits or to shift its position on the anchorage ground must get under way at once or signal for a tug, and must change position as directed with reasonable promptness.

(5) Whenever the maritime or commercial interests of the United States so require, the Captain of the Port, U.S. Coast Guard, Miami, Fla., is hereby empowered to shift the position of any vessel anchored on the anchorage ground or outside thereof, or of any vessel moored or anchored so as to impede or obstruct vessel movements or obstruct or interfere with range lights.

(6) Vessels carrying explosives shall be anchored only under a written permit issued by the Captain of the Port and at such point as he may direct.

(7) Vessels carrying explosives shall be at all times in charge of a competent person, and must display by day a red flag, of not less than 16 square feet, at the masthead, or not less than 10 feet above the upper deck if the vessel has no mast; at night a red light shall be displayed in the positions specified for the red flag.

(8) Nothing in this paragraph shall be construed as relieving the owner or person in charge of any vessel from the penalties of the law for obstructing navigation, or for obstructing or interfering with range lights, or for not complying with the navigation laws in regard to lights, fog signals, or other aids to navigation, or for otherwise violating law.

(9) All vessels desiring to use the Anchorage must notify the Coast Guard Captain of the Port, via the Biscayne Bay Pilots on VHF–FM Channel 12 or 16.

(10) All vessels anchored within the anchorage area shall maintain a 24-hour bridge watch by an English speaking licensed deck officer monitoring VHF–FM Channel 16. This individual shall perform frequent checks of the
§ 110.189a Key West Harbor, Key West, Fla., naval explosives anchorage area.

(a) The anchorage ground. A circular area with its center at latitude 25°30′30″, longitude 81°50′31″ with a radius of 300 yards, for use for ammunition exceeding the prescribed limits for pier-side handling.

(b) The regulations. (1) When occupied by a vessel handling explosives, no other vessel may enter the area unless authorized by the enforcing agency.

(2) Only one vessel handling explosives may anchor in the area at one time.

(3) No more than 300,000 pounds of explosives or equivalent may be handled in the area at any one time.

(4) The regulations in this section shall be enforced by the Commander, U.S. Naval Base, Key West, Fla., and any other agencies he may designate.

§ 110.190 Tortugas Harbor, in vicinity of Garden Key, Dry Tortugas, Fla.

(a) The anchorage grounds. All of Bird Key Harbor, southwest of Garden Key, bounded by the surrounding reefs and shoals and, on the northeast, by a line extending from Fort Jefferson West Channel Daybeacon 2 to Fort Jefferson West Channel Daybeacon 4, thence to Fort Jefferson West Channel Daybeacon 6, and thence to Fort Jefferson West Channel Daybeacon 8.

(b) The regulations. Except in cases of emergency involving danger to life or property, no vessel engaged in commercial fishing or shrimping shall anchor in any of the channels harbors, or lagoons in the vicinity of Garden Keys, Bush Key, or the surrounding shoals, outside of Bird Key Harbor.
§ 110.193a St. Joseph Bay, Fla.

(a) The anchorage grounds—(1) Explosives Anchorage Area 1. A rectangular area 3,000 yards long by 700 yards wide beginning at a point 1,350 yards west of U.S. Highway 98 Bridge over Gulf County Canal. The area is parallel to and 450 yards northeast of the north entrance channel to Port St. J oe, Florida.

(2) Explosives Anchorage Area 2. A circular area with a 500-yard radius around a center point located at latitude 29°47′30″; longitude 85°21′30″, 3,100 yards southeast of FW South Channel Light and 5,250 yards south of FW North Channel Light, in St. Joseph Bay, Port St. J oe, Florida.

(b) The regulations. (1) The explosives anchorages shall be used as temporary anchorages for vessels engaged in loading and unloading explosives at the port of Port St. J oe, Florida, when the duration of the anchorage period is less than 96 hours.

(2) No vessel shall occupy this anchorage without obtaining a permit from the Captain of the Port.

§ 110.194a Mobile Bay, Ala., and Mississippi Sound, Miss.

(a) The anchorage grounds. (1) The waters of lower Mobile Bay, near Cedar Point, within an area bounded on the north by latitude 30°21′00″, on the east by longitude 88°05′00″, on the south by latitude 30°20′00″, and on the west by longitude 88°06′00″.

(2) The waters of Mississippi Sound, south of Biloxi, within an area bounded on the north by latitude 30°20′00″, on the east by longitude 88°54′00″, on the south by latitude 30°19′00″, and on the west by longitude 88°55′00″.

(b) The regulations. (1) The anchorages are exclusively for the use of unmanned barges, canal boats, scows, and other nondescript vessels. Such craft shall be so anchored that they will not at any time extend outside the limits of the anchorages.

(2) In emergencies or whenever maritime or commercial interests of the United States so require, the Captain of the Port is authorized to shift the position of any craft in the anchorages.

(3) Whenever in the opinion of the Captain of the Port, such action may be necessary, any or all craft in these anchorages may be required to be moored with two or more anchors.

(4) No vessel shall be navigated within the anchorages at a speed exceeding six knots.

§ 110.194b Mississippi Sound and Gulf of Mexico, near Petit Bois Island, Miss.

(a) The anchorage grounds—(1) Explosives Anchorage Area No. 1. A circular area with a one-half mile radius with its center located at latitude 30°14′09″, longitude 88°29′13″, in the waters of Mississippi Sound north of the west end of Petit Bois Island.

(2) Explosives Anchorage Area No. 2. A circular area with a three-fourths mile
radius with its center located at latitude 30°11'12", longitude 88°30'07", in the waters of Gulf of Mexico south of the west end of Petit Bois Island.

(b) The regulations. (1) The areas shall be used as temporary anchorages for vessels engaged in loading and unloading explosives at the Port of Pascagoula, Miss.

(2) No vessel shall occupy the areas without obtaining a permit from the Captain of the Port.

§ 110.195 Mississippi River below Baton Rouge, LA, including South and Southwest Passes.

(a) The Anchorage Grounds. Unless otherwise specified, all anchorage widths are measured from the average low water plane (ALWP).

(1) Pilottown Anchorage. An area 5.2 miles in length along the right descending bank of the river from mile 1.5 to mile 6.7 above Head of Passes, extending in width to 1600 feet from the left descending bank of the river. 

CAUTION: A wreck is located within the boundaries of this anchorage. Mariners are urged to use caution in this anchorage.

(2) Lower Venice Anchorage. An area 1.6 miles in length along the left descending bank of the river from mile 8.0 to mile 9.6 above Head of Passes with the west limit 1,200 feet from the ALWP of the right descending bank.

CAUTION: A pipeline crossing exists at mile 9.8 AHOP. Mariners are urged to use caution between mile 9.6 AHOP and mile 10.0 AHOP.

(3) Upper Venice Anchorage. An area 1.2 miles in length along the left descending bank of the river from mile 10.0 to mile 11.2 above Head of Passes with the west limit 1,200 feet from the ALWP of the right descending bank.

(4) Boothville Anchorage. An area 6.3 miles in length along the right descending bank of the river extending from mile 12.2 to mile 18.5 above Head of Passes. The width of the anchorage is 750 feet. The inner boundary of the anchorage is a line parallel to the nearest bank 250 feet from the water’s edge into the river as measured from the Low Water Reference Plane (LWRP).

The outer boundary of the anchorage is a line parallel to the nearest bank 1,000 feet from the water’s edge into the river as measured from the LWRP.

(5) Ostrica Anchorage. An area 1.4 miles in length along the right descending bank of the river extending from mile 23.0 to mile 24.4 above Head of Passes. The width of the anchorage is 800 feet.

(6) Port Sulphur Anchorage. An area 2.2 miles in length along the left descending bank of the river, 800 feet wide, extending from mile 37.5 to mile 39.7 above Head of Passes.

(7) Magnolia Anchorage. An area 2.1 miles in length along the right descending bank of the river extending from mile 45.5 to mile 47.6 above Head of Passes. The width of the anchorage is 700 feet. The inner boundary of the anchorage is a line parallel to the nearest bank 400 feet from the water’s edge into the river as measured from the LWRP. The outer boundary of the anchorage is a line parallel to the nearest bank 1,100 feet from the water’s edge into the river as measured from the LWRP.

(8) Point Celeste Anchorage. An area 2.2 miles in length along the right descending bank of the river extending from mile 49.8 to mile 52.0 above Head of Passes. The width of the anchorage is 400 feet. The inner boundary of the anchorage is a line parallel to the nearest bank 400 feet from the water’s edge into the river as measured from the LWRP. The outer boundary of the anchorage is a line parallel to the nearest bank 800 feet from the water’s edge into the river as measured from the LWRP.

(9) Davant Anchorage. An area 1.1 miles in length along the left descending bank of the river extending from mile 52.8 to mile 53.9 above Head of Passes. The width of the anchorage is 800 feet.

(10) Alliance Anchorage. An area 2.0 miles in length along the right descending bank of the river extending from mile 63.8 to mile 65.8 above Head of Passes. The width of the anchorage is 400 feet. The inner boundary of the anchorage is a line parallel to the nearest bank 400 feet from the water’s edge into the river as measured from the LWRP. The outer boundary of the anchorage is a line parallel to the nearest bank 800 feet from the water’s edge into the river as measured from the LWRP.
Coast Guard, DOT § 110.195

(11) Wills Point Anchorage. An area 1.1 miles in length along the left descending bank of the river extending from mile 66.5 to mile 67.6 above Head of Passes. The width of the anchorage is 600 feet. The inner boundary of the anchorage is a line parallel to the nearest bank 200 feet from the water’s edge into the river as measured from the LWRP. The outer boundary of the anchorage is a line parallel to the nearest bank 800 feet from the water’s edge into the river as measured from the LWRP.

(12) Cedar Grove Anchorage. An area 1.2 miles in length along the right descending bank of the river extending from mile 69.9 to mile 71.1 above Head of Passes. The width of the anchorage is 500 feet. The inner boundary of the anchorage is a line parallel to the nearest bank 200 feet from the water’s edge into the river as measured from the LWRP. The outer boundary of the anchorage is a line parallel to the nearest bank 700 feet from the water’s edge into the river as measured from the LWRP.

(13) Belle Chasse Anchorage. An area 2.1 miles in length along the right descending bank of the river extending from mile 73.1 to mile 75.2 above Head of Passes. The width of the anchorage is 575 feet. The inner boundary of the anchorage is a line parallel to the nearest bank 425 feet from the water’s edge into the river as measured from the LWRP. The outer boundary of the anchorage is a line parallel to the nearest bank 1,000 feet from the water’s edge into the river as measured from the LWRP.

(14) Lower 12 Mile Point Anchorage. An area 2.2 miles in length along the right descending bank of the river extending from mile 78.6 to mile 80.8 above Head of Passes. The width of the anchorage is 500 feet. The inner boundary of the anchorage is a line parallel to the nearest bank 300 feet from the water’s edge into the river as measured from the LWRP. The outer boundary of the anchorage is a line parallel to the nearest bank 800 feet from the water’s edge into the river as measured from the LWRP.

(15) Lower 9 Mile Point Anchorage. An area 2.3 miles in length along the right descending bank of the river extending from mile 82.7 to mile 85.0 above Head of Passes. The width of the anchorage is 500 feet. The inner boundary of the anchorage is a line parallel to the nearest bank 300 feet from the water’s edge into the river as measured from the LWRP. The outer boundary of the anchorage is a line parallel to the nearest bank 800 feet from the water’s edge into the river as measured from the LWRP.

Caution: A wreck is located within the boundaries of this anchorage. Mariners are urged to use caution in this anchorage.

(16) New Orleans Emergency Anchorage. An area 0.5 miles in length along the right descending bank of the river extending from mile 89.6 to mile 90.1 above Head of Passes. The width of the anchorage is 550 feet. The inner boundary of the anchorage is a line parallel to the nearest bank 250 feet from the water’s edge into the river as measured from the LWRP. The outer boundary of the anchorage is a line parallel to the nearest bank 800 feet from the water’s edge into the river as measured from the LWRP.

Note: No vessel shall occupy this anchorage unless expressly authorized by the Captain of the Port. No vessel may anchor in this anchorage exceeding 24 hours without the authorization of the Captain of the Port.

(17) New Orleans General Anchorage. An area 0.8 miles in length along the right descending bank of the river extending from mile 90.1 to mile 90.9 above Head of Passes. The width of the anchorage is 550 feet. The inner boundary of the anchorage is a line parallel to the nearest bank 250 feet from the water’s edge into the river as measured from the LWRP. The outer boundary of the anchorage is a line parallel to the nearest bank 800 feet from the water’s edge into the river as measured from the LWRP.

(18) Quarantine Anchorage. An area 0.7 miles in length along the right descending bank of the river extending from mile 90.9 to mile 91.6 above Head of Passes. The width of the anchorage is 800 feet.

Caution: A wreck is located within the boundaries of this anchorage. Mariners are urged to use caution in this anchorage.
§ 110.195  33 CFR Ch. I (7–1–99 Edition)

NOTE: Vessels carrying cargos of particular hazard as defined in 33 CFR 126.10 or cargos of petroleum products in bulk may not be anchored in the New Orleans General Anchorage or the Quarantine Anchorage without permission from the Captain of the Port.

Except when required by the United States Public Health Service for quarantine inspection, the Quarantine Anchorage may be used as a general anchorage.

(19) Lower Kenner Bend Anchorage. An area 1.0 miles in length along the right descending bank of the river extending from mile 113.3 to mile 114.3 above Head of Passes. The width of the anchorage is 350 feet. The inner boundary of the anchorage is a line parallel to the nearest bank 350 feet from the water’s edge into the river as measured from the LWRP. The outer boundary of the anchorage is a line parallel to the nearest bank 700 feet from the water’s edge into the river as measured from the LWRP.

(20) Kenner Bend Anchorage. An area 0.9 miles in length along the right descending bank of the river extending from mile 114.7 to mile 115.6 above Head of Passes. The width of the anchorage is 700 feet.

(21) Ama Anchorage. An area 1.8 miles in length along the left descending bank of the river extending from mile 115.5 to mile 117.3 above Head of Passes. The width of the anchorage is 400 feet. The inner boundary of the anchorage is a line parallel to the nearest bank 300 feet from the water’s edge into the river as measured from the LWRP. The outer boundary of the anchorage is a line parallel to the nearest bank 700 feet from the water’s edge into the river as measured from the LWRP.

Caution: A wreck is located at mile 115.4 left descending bank above Head of Passes marked by Mississippi River Wreck Lighted Buoy WR4. Mariners are urged to use caution when anchoring in the lower end of this anchorage.

(22) Bonnet Carre Anchorage. An area 1.5 miles in length along the left descending bank of the river extending from mile 127.3 to mile 128.8 above Head of Passes. This area is located adjacent to the river end of the Bonnet Carre Spillway. The width of the anchorage is 600 feet.

Note: When the Bonnet Carre Spillway is open, no vessel may be anchored in the Bonnet Carre Anchorage.

(23) La Place Anchorage. An area 0.7 miles in length along the left descending bank of the river extending from mile 134.7 to mile 135.4 above Head of Passes. The width of the anchorage is 600 feet.

(24) Reserve Anchorage. An area 0.5 miles in length along the right descending bank of the river extending from mile 137.0 to mile 137.5 above Head of Passes. The width of the anchorage is 500 feet. The inner boundary of the anchorage is a line parallel to the nearest bank 300 feet from the water’s edge into the river as measured from the LWRP. The outer boundary of the anchorage is a line parallel to the nearest bank 800 feet from the water’s edge into the river as measured from the LWRP.

(25) Lower Grandview Reach Anchorage. An area 0.3 miles in length along the left descending bank of the river extending from mile 146.4 to mile 146.7 above Head of Passes. The width of the anchorage is 500 feet. The inner boundary of the anchorage is a line parallel to the nearest bank 200 feet from the water’s edge into the river as measured from the LWRP. The outer boundary of the anchorage is a line parallel to the nearest bank 700 feet from the water’s edge into the river as measured from the LWRP.

(26) Middle Grandview Reach Anchorage. An area 0.4 miles in length along the left descending bank of the river extending from mile 146.8 to mile 147.2 above Head of Passes. The width of the anchorage is 500 feet. The inner boundary of the anchorage is a line parallel to the nearest bank 200 feet from the water’s edge into the river as measured from the LWRP. The outer boundary of the anchorage is a line parallel to the nearest bank 700 feet from the water’s edge into the river as measured from the LWRP.

(27) Upper Grandview Reach Anchorage. An area 1.3 miles in length along the left descending bank of the river extending from mile 147.5 to mile 148.8 above Head of Passes. The width of the anchorage is 500 feet. The inner boundary of the anchorage is a line parallel to the nearest bank 200 feet from the water’s edge into the river as measured from the LWRP. The outer boundary of the anchorage is a line parallel to the

396
nearest bank 700 feet from the water’s edge into the river as measured from the LWRP.

(28) Sunshine Anchorage. An area 2.0 miles in length along the left descending bank of the river extending from mile 165.0 to mile 167.0 above Head of Passes. The width of the anchorage is 450 feet. The inner boundary of the anchorage is a line parallel to the nearest bank 350 feet from the water’s edge into the river as measured from the LWRP. The outer boundary of the anchorage is a line parallel to the nearest bank 800 feet from the water’s edge into the river as measured from the LWRP.

(29) White Castle Anchorage. An area 0.7 miles in length along the right descending bank of the river extending from mile 190.4 to mile 191.1 above Head of Passes. The width of the anchorage is 300 feet. The inner boundary of the anchorage is a line parallel to the nearest bank 400 feet from the water’s edge into the river as measured from the LWRP. The outer boundary of the anchorage is a line parallel to the nearest bank 700 feet from the water’s edge into the river as measured from the LWRP.

(30) Baton Rouge General Anchorage. An area 1.5 miles in length along the right descending bank of the river, 1,400 feet wide, extending from mile 225.8 to mile 227.3 above Head of Passes. Caution: Two wrecks are located within the boundaries of this anchorage. Mariners are urged to use caution in this anchorage.

(31) Lower Baton Rouge Anchorage. An area 0.5 miles in length near mid-channel between mile 228.5 and mile 229.0 above Head of Passes with the west limit 1,100 feet off the right descending bank and having a width of 700 feet at both the upper and lower limits.

(32) Middle Baton Rouge Anchorage. An area 0.2 miles in length near mid-channel between mile 229.6 and mile 229.8 above Head of Passes with the west limit 1,100 feet off the right descending bank and having a width of 700 feet at both the upper and lower limits.

(33) Upper Baton Rouge Anchorage. An area 0.4 miles in length near mid-channel between mile 230.6 and mile 231.0 above Head of Passes with the west limit 1,100 feet off the right descending bank and having a width of 1,075 feet at the upper limit and 1,200 feet at the lower limit.

(b) Temporary Anchorages. (1) Temporary anchorages are non-permanent anchorages established by the Commander, Eighth Coast Guard District to provide additional anchorage space. Establishment of temporary anchorages is based on recommendations by the Captain of the Port.

(2) Each vessel using temporary anchorages shall anchor as prescribed by the Captain of the Port.

(3) Establishment of each temporary anchorage and any requirement for the temporary anchorage will be published in the Local Notice of Mariners.

(4) Each person who has notice of any requirement prescribed for a temporary anchorage shall comply with that requirement.

(c) The Regulations. (1) Anchoring in the Mississippi River below Baton Rouge, L.A., including South and Southwest Passes is prohibited outside of established anchorages except in cases of emergency. In an emergency, if it becomes necessary to anchor a vessel outside an established anchorage, the vessel shall be anchored so that it does not interfere with or endanger any facility or other vessel. The master or person in charge of the vessel shall notify the Captain of the Port of the location of the emergency anchoring by the most expeditious means and shall move the vessel as soon as the emergency is over.

(2) In an emergency, if it becomes necessary to anchor a vessel in South Pass or Southwest Pass, the vessel shall be positioned as close to the left descending bank as possible.

(3) No vessel may be anchored unless it maintains a bridge watch, guards and answers Channel 16 FM (or the appropriate VTS New Orleans sector frequency), maintains an accurate position plot and can take appropriate action to ensure the safety of the vessel, structure, and other vessels.

(4) When anchoring individually, or in fleets, vessels shall be anchored with sufficient anchors, or secured with sufficient lines, to ensure their remaining in place and withstand the actions of winds, currents and the suction of passing vessels.
§ 110.196 Sabine Pass Channel, Sabine Pass, Tex.

(a) The anchorage area. The navigable waters of Sabine Pass within a trapezoidal area 1,500 feet wide and varying uniformly in length from 5,800 feet to 3,000 feet with the long side adjacent to the northeasterly edge of Sabine Pass Channel at a location opposite the town of Sabine Pass.

(b) The regulations. (1) The anchorage area is for the temporary use of vessels of all types, but especially for naval and merchant vessels awaiting weather and tidal conditions favorable to the resumption of their voyages.

(2) Except when stress of weather or adverse tides or currents make sailing impractical or hazardous, vessels shall not anchor in the anchorage area for periods exceeding 48 hours unless expressly authorized by the Captain of the Port to anchor for longer periods.

(3) Vessels shall not anchor so as to obstruct the passage of other vessels proceeding to or from available anchorage spaces.

(4) Anchors shall not be placed channelward from the anchorage area, and no portion of the hull or rigging of any anchored vessel shall extend channelward from the limits of the anchorage area.

(5) Vessels using spuds for anchors shall anchor as close to shore as practicable having due regard for the provisions in paragraph (b)(3) of this section.

(6) Fixed moorings, piles or stakes, and floats or buoys for marking anchorages or moorings in place are prohibited.

(7) Whenever the maritime or commercial interests of the United States so require, the Captain of the Port is hereby empowered to shift the position of any vessel anchored or moored within or outside of the anchorage area including any vessel which is moored or anchored so as to obstruct navigation or interfere with range lights.

§ 110.197 Galveston Harbor, Bolivar Roads Channel, Texas.

(2) Anchor area (B). The water bounded by a line connecting the following points:
Coast Guard, DOT § 110.205

(a) The anchorage grounds—(1) Anchorage A, exterior breakwater. South-west of a line parallel with and 150 feet southwestward of the exterior breakwater; west of a line parallel with and 150 feet west of the south extension of the exterior breakwater; northeast of a line parallel with and 1,500 feet south-westward of the exterior breakwater; and east of a line parallel with the south extension of the exterior breakwater and 500 feet eastward of the east face of the filtration plant.

(2) Anchorage B, south arm. West of a line parallel with and 150 feet west of the south arm of the exterior breakwater; north of a line perpendicular to the south arm at its south end; east of a line parallel with the south arm, about 2,200 feet therefrom and on line with the east face of the Municipal Pier; and south of a line perpendicular to the south arm 700 feet from its north end.

(3) Anchorage C, shore arm. South of a line parallel with and 150 feet southward of the shore arm of the exterior breakwater; west of a line parallel with the south extension of the exterior breakwater, 100 feet westward of the east end of the shore arm; northwest of a line perpendicular to the Lake Shore Drive revetment and 300 feet northwest of the northwest corner of the filtration plant; and east of a line parallel with and 600 feet lakeward of the Lake Shore Drive revetment.

(4) Anchorage D, Chicago Harbor Lock South. Beginning at a point 35.5 feet South (16 feet South of the South face of the Southeast guidewall) and 28.0 feet West of the SE Guide Wall Light; thence Westerly and parallel to the guidewall 800 feet to a point that is 16 feet South of the South face of the Southeast guidewall; thence Northerly 80 feet to a point that is 96 feet South of the south face of the southeast guidewall; thence Easterly 800 feet to a point that is 96 feet South of the south face of the southeast guidewall; thence Northerly 80 feet to the point of beginning.

(5) Anchorage E, Chicago Harbor Lock North. Beginning at a point 156.75 feet North (16 feet North of the North face of the Northeast guidewall) and 590 feet West of the SE Guidewall Light; thence Westerly and parallel to the guidewall 800 feet to a point that is 16 feet North of the North face of the Northeast guidewall; thence Easterly 80 feet to a point that is 96 feet North of the North face of the Northeast guidewall; thence Easterly 600 feet to a point that
§ 110.206 Detroit River, Michigan.

(a) The Anchorage grounds. Belle Isle Anchorage. The area is in the Detroit River immediately downstream from Belle Isle on the U.S. side of the International Boundary line within the following boundaries: beginning at a point bearing 250 T, 5400 feet from the James Scott Memorial Fountain (42°20′06″N., 82°59′57″W.) at the West end of Belle Isle; then 251 T, 3000 feet; thence 341 T, 800 feet; thence 071 T, 3000 feet; thence 161 T, 800 feet to the point of beginning.

(b) The regulations.

(1) Vessels shall be anchored so as not to swing into the channel or across steering courses.

(2) The Belle Isle Anchorage area is for the temporary use of vessels of all types, but especially for naval and merchant vessels awaiting berths, weather, or other conditions favorable to the resumptions of their voyage.

(3) No vessel may be anchored unless it maintains a continuous bridge watch, guards and answers channel 16 FM and channel 12 FM (VTC SARNIA sector frequency), maintains an accurate position plot and can take appropriate action to ensure the safety of the vessel, structures and other vessels.

(4) Nothing in this section shall be construed as relieving the owner or person in charge of any vessel from the penalties of the law for obstructing navigation or for obstructing or interfering with range lights, or for not complying with the navigation laws in regard to lights, fog signals, or for otherwise violating law.

(5) No vessel may use anchorages A, B, D, and E except commercial vessels operated for profit. No person may place fixed moorings piles or stakes in anchorages A and B. No person may place fixed moorings piles or stakes in anchorages A and B. (Mooring facilities are available adjacent to the lakeside guidewalls of the Chicago Harbor Lock in anchorages D and E.) All vessels using anchorages D and E shall moor against pile clusters adjacent to the respective anchorage.

Any time barges are moored in anchorage D or E, a manned towing vessel shall be present in one of these anchorages. Exceptions to this surveillance requirement are allowable for periods not to exceed one hour.

(8) No commercial vessels operated for profit that measure 50 gross tons or more may anchor in anchorage C. Temporary floats or buoys for marking moorings or anchors in place may be used in anchorage C. No person may place a fixed mooring pile or stake in anchorage C.
§ 110.207 Cleveland Harbor, Ohio.

(a) The anchorage grounds—(1) West anchorage. The northwesterly portion of the West Basin between the northwest limits of the West Basin and a line parallel to and 1,050 feet distant from the West Breakwater; and from the southwest limits of the West Basin to a line perpendicular to the West Breakwater, 2,050 feet southwesterly along the West Breakwater from Cleveland West Breakwater Light.

(2) East anchorage. The southeasterly portion of the East Basin between the mainland and a line parallel to and 1,250 feet distant from the East Breakwater; from opposite Cleveland East Entrance Light to a due north line passing through the flashing white light on the Allied Oil Company dock.

(3) Explosives anchorage. In Lake Erie, northwest of Cleveland Harbor East Breakwater, and including a rectangular area marked by four white spar buoys at the following true bearings and distances from Cleveland East Pierhead Light: 38°30′, 2,050 feet; 68°, 2,050 feet; 57°, 7,050 feet; and 49°, 7,050 feet.

(b) The regulations. (1) The west and east anchorages are general anchorages.

(2) Use of the explosives anchorage shall be subject to the supervision of the Captain of the Port.

§ 110.208 Buffalo Harbor, N.Y.

(a) The anchorage grounds—(1) Explosives Anchorage A. Inside the south section of the main breakwater 700 feet wide starting at a point 500 feet southerly from the south end of the north section and extending approximately 153° true, 3,000 feet parallel to the line of the south section of the main breakwater.

(b) The regulations. (1) The anchorages described in paragraphs (a)(1) and (a)(2) of this section are reserved exclusively for the anchorage of vessels of the United States Government and of authorized harbor pilot boats. No other vessels shall anchor in this area except by special permission obtained in advance from the Commander, Naval Base, San Diego, CA. The administration of these anchorages is exercised by
§ 110.212 Newport Bay Harbor, Calif.

(a) The anchorage grounds—(1) Temporary Anchorage C-1. Southeast of a line parallel to and 170 feet from the pierhead line at the east end of Lido Isle; north of a line parallel to and 250 feet north of a line bearing 268° from Newport Bay Channel Light 11, this line being the north line of the main fairway; northwest of a line 120 feet in length bearing 203° from the point of the pierhead line off the west end of Harbor Island; and southwest of the pierhead line off the northeast shore of Lido Isle extended.

(2) Temporary Anchorage C-2. A parallelogram-shaped area, 100 feet wide and 400 feet long, lying 100 feet bayward from and parallel to the existing pierhead line, and adjoining and on the north side of Anchorage C-3 described in paragraph (a)(3) of this section.

(i) Vessels may anchor temporarily in Temporary Anchors C-1 and C-2 when necessary and space permits, but shall move promptly when the necessity passes or upon order of the harbor master.

(ii) Vessels anchoring in Temporary Anchors C-1 and C-2 shall comply with all applicable Pilot Rules, including that requiring anchor lights at night.

(iii) Floats or buoys for marking anchors or moorings in place and fixed mooring piles or stakes are prohibited.

(3) Anchorage C-3. A parallelogram-shaped area, 100 feet wide and 500 feet long, lying 100 feet bayward from and parallel to the existing pierhead line, and adjoining and on the south side of Temporary Anchorage C-2 described in paragraph (a)(2) of this section.

(i) This area is reserved for recreational and other small craft.

(ii) Fore and aft moorings will be allowed in this area conforming to Orange County Harbor Ordinance No. 490 and other local harbor regulations for recreational and small craft of such size and alignment as permitted by the harbor master.

(iii) All vessels using this area are required to maintain anchor lights from sunset to sunrise.

(b) The regulations. (1) Vessels may anchor temporarily in these areas when necessary and space permits, but shall move promptly when the necessity passes or upon order of the harbor master.

(2) Vessels anchoring in these areas shall comply with all applicable Pilot Rules, including that requiring anchor lights at night.

(3) Floats or buoys for marking anchors or moorings in place and fixed mooring piles or stakes are prohibited.

§ 110.214 Los Angeles and Long Beach Harbors, California.

(a) The anchorage grounds—(1) Commercial Anchorage A (Los Angeles Harbor). An area enclosed by a line beginning at Los Angeles Light, latitude 33°42'30.8"N., longitude 118°15'02.3"W.; thence northerly to latitude 33°42'50.2"N., longitude 118°15'40.0"W.; thence along the southern edge of the Deep Channel Fairway, which is described as follows:

thence along the eastern boundary of General Anchorage N to the San Pedro Breakwater at latitude 33°42'26.8"N., longitude 118°16'30.9"W.; thence southeasterly and easterly along the San
Pedro Breakwater to the beginning point.

(i) In this anchorage the requirements of commercial ships conducting bunkering operations shall predominate.

(ii) Lightering operations are prohibited in this anchorage.

(iii) No vessel may anchor in this anchorage for a period longer than 24 hours without permission from the Captain of the Port.

(2) Commercial Anchorage B (Los Angeles and Long Beach Harbors). An area enclosed by a line beginning at the southwestern corner of Reservation Point at latitude 33°43′18.0″ N., longitude 118°16′00.2″ W.; thence east southeasterly to latitude 33°43′13.8″ N., longitude 118°15′51.4″ W.; thence northeasterly to latitude 33°44′00.9″ N., longitude 118°13′11.2″ W.; thence northeasterly to the southern edge of the eastern extension of the Naval Base Mole at latitude 33°44′32.3″ N., longitude 118°13′24.3″ W.; thence westerly along the Naval Base Mole to Naval Base Mole Light 2 at latitude 33°44′25.5″ N., longitude 118°13′49.0″ W.; thence northwesterly along the Naval Base Mole to latitude 33°44′37.1″ N., longitude 118°14′34.0″ W.; thence southeasterly to latitude 33°44′14.2″ N., longitude 118°14′25.0″ W.; thence westerly to the east end of breakwater extension of the south containment dike, latitude 33°44′07.8″ N., longitude 118°14′45.7″ W.; thence southeasterly along the southern edge of the south containment dike to Fish Harbor Channel Light #3 at latitude 33°43′48.8″ N., longitude 118°15′52.7″ W.; thence west southerly along the southern edge of Fish Harbor west jetty until it intersects Reservation Point; thence along the eastern and southern shoreline of Reservation Point to the beginning point.

(i) In this anchorage the requirements of commercial vessels shall predominate.

(ii) Bunkering operations are permitted in this anchorage.

(iii) Lightering operations are prohibited in this anchorage.

(iv) Anchorage B may be used by any vessel granted an extended anchorage permit in accordance with paragraph (b)(6) of this section.

(v) Each vessel in this anchorage shall be anchored in such a position as not to interfere with the free navigation of the Fish Harbor Channel.

(3) Commercial Anchorage C (Los Angeles and Long Beach Harbors). An area enclosed by a line beginning at Lost Angeles Main Channel Entrance Light 2, latitude 33°42′38.8″ N., longitude 118°14′37.5″ W.; thence northerly to the southernmost point of Commercial Anchorage B, latitude 33°43′13.8″ N., longitude 118°15′51.4″ W.; thence northeasterly to latitude 33°44′12.1″ N., longitude 118°12′32.3″ W.; thence southeasterly to Long Beach Light, latitude 33°43′23.5″ N., longitude 118°11′09.4″ W.; thence westerly along the Middle Breakwater to the beginning point.

(i) In this anchorage the requirements of commercial vessels shall predominate. In the eastern portion of this anchorage, within the area defined by the 18m (approximately 59 ft.) depth curve, the requirements of vessels over 244m (approximately 800 ft.) in length overall or having a draft over 12m (approximately 39 ft.) shall predominate. Each lesser draft vessel shall anchor away from this deeper portion of the anchorage so as not to interfere with the anchoring of vessels having a draft over 12m (approximately 39 ft.).

(ii) Bunkering and lightering operations are permitted in this anchorage.

(iii) In the eastern portion of this anchorage, within the area defined by the 18m (approximately 59 ft.) depth curve, no vessel may anchor for longer than 48 hours without permission from the Captain of the Port.

and thence to the point of beginning. Datum: NAD 83

(i) In this anchorage the requirements of commercial ships over 244m (approximately 800 ft.) shall predominate.
(ii) Bunkering and lightering operations are permitted in this anchorage.

NOTE: A portion of this anchorage is within the Explosives Anchorage Area, when the explosive anchorage is activated by the Captain of the Port. See §110.214(a)(17).

(5) Commercial Anchorage E (Long Beach Harbor). An area enclosed by a line beginning at the southeastern point of Pier J at latitude 33°44′18.6″ N., longitude 118°11′06.7″ W.; thence northerly to latitude 33°45′06.5″ N., longitude 118°11′06.7″ W.; thence easterly to the southern lighted marker on Island White at latitude 33°45′06.3″ N., longitude 118°09′31.0″ W.; thence southeasterly to latitude 33°44′35.5″ N., longitude 118°06′10.1″ W.; thence westerly to the southwest lighted marker on Island Chaffee at latitude 33°44′20.0″ N., longitude 118°08′20.0″ W.; thence westerly to the southeast lighted marker on Island Freeman at latitude 33°44′23.6″ N., longitude 118°09′39.1″ W.; thence along the south shore of Island Freeman to the southwest lighted marker at latitude 33°44′25.2″ N., longitude 118°09′46.0″ W.; thence westerly to the beginning point.

(i) In this anchorage the requirements of commercial ships shall predominate.

(ii) Bunkering and lightering operations are prohibited in this anchorage.

NOTE: A portion of this anchorage is within the Explosive Anchorage Area, when the explosive anchorage is activated by the Captain of the Port. See §110.214(a)(17).

(7) Commercial Anchorage F (Outside of the Middle Breakwater). The area southeast of the middle breakwater enclosed by a line beginning at latitude 33°43′05.3″ N., longitude 118°11′15.3″ W.; thence westerly to latitude 33°43′05.3″ N., longitude 118°12′15.7″ W.; thence southwesterly parallel to the breakwater to latitude 33°42′25.9″ N., longitude 118°14′16.0″ W.; thence southeasterly to latitude 33°41′40.5″ N., longitude 118°13′02.0″ W.; thence northeasterly to latitude 33°42′08.6″ N., longitude 118°11′33.8″ W.; thence to the beginning point.

(i) In this anchorage the requirements of commercial ships shall predominate.

(ii) Bunkering and lightering operations are prohibited in this anchorage.

(iii) Vessels 30 meters or over in length, towing vessels of 8 meters or over in length engaged in towing, every vessel of 100 gross tons and upward carrying one or more passengers of hire while navigating, and each dredge and floating plant engaged in operations shall not enter anchorage G unless:

(A) In an emergency;

(B) Proceeding to anchor in or departing from Commercial Anchorage G;

(C) Standing by with confirmed pilot boarding arrangements; or,

(D) Engaged in towing vessels to or from Commercial Anchorage G.

(8) Naval Anchorage J (Long Beach Harbor). An area enclosed by a line beginning at Naval Base Mole Light 5, latitude 33°44′40.0″ N., longitude 118°12′59.8″ W.; thence west southwest along the southerly edge of the Naval Base Mole to latitude 33°44′32.3″ N., longitude 118°13′24.3″ W.; thence southeasterly along a line perpendicular to the Naval Base Mole which is the eastern boundary of Commercial Anchorage B to the northern boundary of Commercial Anchorage C at latitude 33°44′00.9″ N., longitude 118°13′11.2″ W.; thence northeasterly along the northern boundary of Commercial Anchorage C until that line intersects the western edge of the Long Beach Channel at latitude 33°44′12.1″ N., longitude 118°12′32.3″ W.; thence northerly.
along the western edge of the Long Beach Channel to the beginning point.

(i) In this anchorage the requirements of the U.S. Navy shall predomi- 
nate.

(ii) No recreational or commercial vessel may anchor in this anchorage without first obtaining permission from the Captain of the Port.

(iii) Bunkering and lightering oper- 
ations are prohibited in this anchorage.

(9) Naval Anchorage K (Long Beach Harbor). An area enclosed by a line be- 
ginning at Long Beach Breakwater East End Light 1, latitude 33°43′23.5″ N., longitude 118°08′10.1″ W.; thence northerly to latitude 33°44′19.0″ N., longitude 118°08′10.1″ W.; thence westerly to the Southwest Lighted Marker on Island Chaffee at latitude 33°44′20.0″ N., longitude 118°08′20.0″ W.; thence westerly to the Southeast Lighted Marker on Island Freeman at latitude 33°44′23.6″ N., longitude 118°09′30.1″ W.; thence along the southern shore to the Southwest Lighted Marker on Island Freeman at latitude 33°44′25.2″ N., longitude 118°09′46.0″ W.; thence southerly to the Long Beach Breakwater at latitude 33°43′23.5″ N., longitude 118°09′46.4″ W.; thence easterly along the Long Beach Breakwater to the beginning point.

(i) In this anchorage the require- 
mements of the U.S. Navy shall predomi- 
nate.

(ii) No recreational or commercial 
vessel may anchor in this anchorage without first obtaining per- 
mission from the Captain of the Port.

(iii) Bunkering and lightering 
operations are prohibited in this anchorage.

(11) General Anchorage O (Los Angeles 
Harbor). An area enclosed by a line be- 
ginning at the east end of the south 
containment dike breakwater extension, latitude 33°44′07.8″ N., longitude 118°14′45.7″ W.; thence southwesterly to the intersection of the south and east 
containment dikes, latitude 33°44′04.6″ 
N., longitude 118°14′56.9″ W.; thence northwesterly along the east contain- 
menceroke to the Terminal Island 
shoreline, latitude 33°44′37.9″ N., longitude 118°15′10.9″ W.; thence along the Terminal Island shoreline to latitude 33°44′37.1″ N., longitude 118°14′34.0″ W.; thence southeasterly to latitude 33°44′14.2″ N., longitude 118°14′25.0″ W.; thence southwesterly to the beginning point.

(i) In this anchorage the require- 
mements of recreational and other small 
craft shall predominate.

(ii) Anchoring, mooring, and rec- 
reational boating activities conforming to applicable City of Los Angeles ordi- 
nances and regulations adopted pursuant thereto are allowed in this anchor- age.

(12) General Anchorage P (Long Beach 
Harbor). An area enclosed by a line be- 
ginning at Alamitos Bay West Jetty Light “1” at latitude 33°44′14.2″ N., longitude 118°07′16.2″ W.; thence northwesterly to the northwest corner of Non- 
anchorages W at latitude 33°44′20.6″ N., longitude 118°07′28.5″ W.; thence northwesterly to the southern lighted mark- er on Island White at latitude 33°45′06.3″ N., longitude 118°09′31.0″ W.; thence along the eastern shoreline of Island White to the northern lighted mark- er at latitude 33°45′13.5″ N., longitude 118°09′31.0″ W.; thence northwesterly to latitude 33°45′37.1″ N., longitude 118°10′35.5″ W.; thence northerly to the shoreline at latitude 33°45′49.6″ N., longitude 118°10′35.5″ W.; thence easterly and southerly along the Long Beach shoreline and the Alamitos Bay west 
jetty to the beginning point.
§ 110.214  

(i) In this anchorage the requirements of recreational and other small craft shall predominate.

(ii) Anchoring, mooring and recreational boating activities conforming to applicable City of Long Beach ordinances and regulations adopted pursuant thereto are allowed in this anchorage.

(13) General Anchorage Q (Long Beach Harbor/Alamitos Bay/Antelope Bay). Beginning at the northeastern corner of Commercial Anchorage E at latitude 33°44′35.5″ N., longitude 118°08′10.1″ W.; thence southeasterly to the northwestern corner of Nonanchorage W at latitude 33°44′20.6″ N., longitude 118°07′28.5″ W.; thence along the southern boundary of Nonanchorage W (a semicircle with a 460m (approximately 1,509 ft.) radius that is centered mid-channel on a line between Alamitos Bay West Jetty Light 1 and Alamitos Bay Jetty Light 2) to latitude 33°44′04.6″ N., longitude 118°06′58.2″ W.; thence northwesterly to Alamitos Bay East Jetty Light 2, latitude 33°44′11.3″ N., longitude 118°07′09.8″ W.; thence northeasterly along the eastern edge of the Alamitos Bay East Jetty 460m (approximately 1,509 ft.) to latitude 33°44′23.9″ N., longitude 118°07′01.1″ W.; thence easterly to the southernmost point of the east bank of the San Gabriel River at latitude 33°44′22.8″ N., longitude 118°06′53.7″ W.; thence along the southern shoreline of Seal Beach until the shoreline intersects the Anaheim Bay West Jetty; thence along the western edge of the Anaheim Bay West Jetty to the Anaheim Bay Light 5, latitude 33°43′39.1″ N., longitude 118°06′03.3″ W.; thence westerly to the southeast corner of Nonanchorage V at latitude 33°43′27.3″ N., longitude 118°07′36.8″ W.; thence northwesterly to the northeast corner of Nonanchorage V at latitude 33°43′38.4″ N., longitude 118°07′45.5″ W.; thence westerly to the northwest corner of Nonanchorage V at latitude 33°43′38.4″ N., longitude 118°08′10.1″ W.; thence to the beginning point.

(i) Bunkering and lightering operations are prohibited in this anchorage.

NOTE: A portion of this anchorage is within the Explosive Anchorage Area, when the explosive anchorage is activated by the Captain of the Port. See § 110.214(a)(17).

(14) Nonanchorage U (Los Angeles Harbor). An area enclosed by a line beginning at latitude 33°44′00.0″ N., longitude 118°15′12.2″ W.; thence southerly to latitude 33°43′48.7″ N., longitude 118°15′06.4″ W.; thence easterly to latitude 33°43′48.7″ N., longitude 118°15′03.9″ W.; thence northerly to latitude 33°44′01.1″ N., longitude 118°15′09.2″ W.; thence along the south containment dike to the beginning point.

(i) No vessel may anchor or moor in this anchorage.

(ii) Dragging, seining, fishing operations, and other activities which might foul underwater installations within this nonanchorage area are prohibited.

NOTE: This nonanchorage is established for protection of a submerged outfall of sewer pipeline.

(15) Nonanchorage V (Long Beach Harbor). An area enclosed by a line beginning at Long Beach Breakwater East End Light 1, latitude 33°43′23.5″ N., longitude 118°08′10.1″ W.; thence northerly to latitude 33°43′38.4″ N., longitude 118°08′10.1″ W.; thence easterly to latitude 33°43′38.4″ N., longitude 118°07′45.5″ W.; thence southeasterly to latitude 33°43′27.3″ N., longitude 118°07′36.8″ W.; thence to the beginning point.

(i) No vessel may anchor or moor in this nonanchorage.

(ii) Dragging, seining, fishing operations, and other activities which might foul underwater installations within this nonanchorage are prohibited.

NOTE: This nonanchorage is established for protection of a submerged pipeline.

(16) Nonanchorage W (Mouth of Entrance Channel to Alamitos Bay). Nonanchorage Area W is a semicircle with a 460m (approximately 1,509 ft.) radius that is centered midchannel on a line between Alamitos Bay West Jetty Light 1 and Alamitos Bay East Jetty Light 2 and which extends seaward from that line.

(i) No vessel may anchor or moor in this nonanchorage.

(ii) [Reserved]

(17) Explosive Anchorage (Long Beach Harbor). A circular area with its center at latitude 33°43′37.0″ N., longitude 118°09′02.5″ W., and a radius of 1,745m (approximately 5,725 ft.).
§ 110.214

(i) No vessel containing more than 680 metric tons (approximately 749 tons) of explosives may anchor in this anchorage.

(ii) Each anchored vessel loading, unloading, or laden with explosives, must display a red flag of at least 1.2 square meters (approximately 16 square feet) in size by day, and at night the flag must be illuminated by spotlight.

(iii) When a vessel displaying the signal required by §110.214(a)(17)(ii) occupies the Explosives Anchorage, no other vessel may anchor within the Explosives Anchorage.

NOTE: When the Explosives Anchorage is activated, Anchorage K and portions of Anchorage D, E, F, and Q are encompassed by the Explosives Anchorage.

(18) Nonanchorage X (Long Beach Harbor). Mouth of the Los Angeles River (Queensway Bay). The waters extending westward and northward to the head of navigation from a line beginning at the southeastern point of Pier J at latitude 33°44′18.6″ N., longitude 118°11′06.7″ W.; thence northerly to latitude 33°45′06.5″ N., longitude 118°11′06.7″ W.; thence easterly to the southern lighted marker on Island White at latitude 33°45′06.3″ N., longitude 118°09′31.0″ W.; thence along the eastern shoreline of Island White to the northern lighted marker at latitude 33°45′13.5″ N., longitude 118°09′31.0″ W.; thence northerly to latitude 33°45′37.1″ N., longitude 118°10′35.5″ W.; thence northerly to the shoreline at latitude 33°45′49.6″ N., longitude 118°10′35.5″ W.;

(i) In Nonanchorage X the requirements of recreational and other small craft shall predominate.

(ii) No vessel may anchor in this area.

(iii) Mooring and recreational boating activities which conform to applicable City of Long Beach ordinances and regulations adopted pursuant thereto are allowed in Nonanchorage X.

(b) General regulations. (1) Within Los Angeles and Long Beach Harbors and the U.S. navigable waters of the Los Angeles-Long Beach Precautionary Zone, anchoring is prohibited outside of designated anchorages except:

(i) In cases of emergency; or

(ii) Unless specific permission is obtained from the Captain of the Port to anchor outside of a designated anchorage.

(2) When, due to an emergency, a vessel is anchored outside of a designated anchorage the master or person in charge of the vessel shall:

(i) Position the vessel so that it does not interfere with or endanger any facility or other vessel;

(ii) Notify the Captain of the Port of the location of and reason for emergency anchoring; and

(iii) Move the vessel as soon as the emergency is over.

(3) Upon anchoring within and departure from an anchorage the master or person in charge of a vessel shall notify the Captain of the Port by the most expeditious means.

NOTE: The Captain of the Port guards VHF-FM Channel 16 (156.8 MHZ).

(4) The master or person in charge of each anchored vessel unable to get underway within 4 hours shall:

(i) Notify the Captain of the Port by the most expeditious means; and

(ii) Ensure a second anchor is backed out and ready for use.

(5) The Captain of the Port may require a vessel in an anchorage to have a watchman on board at all times.

(6) Except as otherwise prescribed in this section, no vessel may occupy an anchorage inside of the San Pedro-Long Beach Breakwater for more than 10 consecutive days unless an extended anchorage permit is granted by the Captain of the Port. In determining whether an extended anchorage permit will be granted, consideration will be given, but not limited, to the current and anticipated demand for anchorage space within the harbor, the length of time requested and the reason for the request.

NOTE: Commercial Anchorages A and C have additional time restrictions. See §110.214(a)(1)(iii) and §110.214(a)(3)(iii).

(7) The Captain of the Port may permit vessels to anchor in channels. Permission is not necessary for vessels engaged on works of river and harbor improvement under the supervision of the District Engineer, Corps of Engineers, if the District Engineer has notified the Captain of the Port in advance of all such proposed work.
§ 110.215 33 CFR Ch. I (7-1-99 Edition)

(8) No vessel may be anchored so that it will swing within 60m (approximately 197 ft.) of any permanent improvements except in an emergency.

(9) No anchor may be placed outside the anchorages, nor may any vessel be so anchored that any portion of its hull or rigging extends outside the boundaries of the anchorages.

(10) No vessel may be anchored in any anchorage in such a manner as to interfere with the use of an authorized mooring buoy.

(11) The master or person in charge of each vessel to be lightered shall notify the Captain of the Port by the most expeditious means when the lightering vessel arrives alongside and again when the lightering vessel departs.

NOTE: The Captain of the Port guards VHF-FM Channel 16 (156.8 MHZ).

(12) No vessel, while carrying, loading, or unloading Division 1.1, 1.2, 1.3, or 1.4 (explosive) materials as defined in 49 CFR 173.50 or cargoes of particular hazard as listed by §126.10 of this chapter, may be anchored in an anchorage without permission from the Captain of the Port.

NOTE: In granting permission, the Captain of the Port considers the current and future conditions relating to the anchorage. The Captain of the Port will advise the Port of Long Beach Authorities and the Port of Los Angeles Authorities of anchorages assignments under the following conditions:

(i) Cargoes of Particular Hazard as defined in Sec. 126.10 of this chapter, may be anchored in an anchorage without permission from the Captain of the Port.

(ii) Division 1.1 or 1.2 (explosive) materials (as defined in 49 CFR 173.50), any amount.

(iii) Division 1.3 (explosive) materials (as defined in 49 CFR 173.50), in excess of 1 net ton at any one time.

(iv) Division 1.4 (explosive) materials (as defined in 49 CFR 173.50), in excess of 10 net tons at any one time.

(13) No vessel being dismantled, or undergoing major alterations may anchor in an anchorage without permission of the Captain of the Port.

(14) The Captain of the Port may, upon request, authorize a deviation from any rule in this section if that officer determines the proposed operations can be done safely.

(15) Nothing in this section may be construed as relieving any vessel from the penalties of law for obstructing navigation or for not complying with the navigation laws or any other laws or regulations.

§ 110.215 Anaheim Bay Harbor, California; U.S. Naval Weapons Station, Seal Beach, California; Naval Explosives Anchorage.

(a) The anchorage ground. The waters of Anaheim Bay Harbor between the east side of the Entrance Channel and the East Jetty, and the west side of the Entrance Channel and the West Jetty as outlined in the following two sections:

(b) The regulations. (1) This area is reserved for use of naval vessels carrying or transferring ammunition or explosives under standard military restrictions as established by the Safety Manual, Armed Service Explosives Board.

(2) No pleasure or commercial craft shall navigate or anchor within this area at any time without first obtaining permission from the Commanding Officer, Naval Weapons Station, Seal Beach, California. This officer will extend full cooperation relating to public use of the area and will fully consider every reasonable request for the passage of small craft in light of requirements for national security and safety of persons and property.
§ 110.216 Pacific Ocean at Santa Catalina Island, Calif.

(a) The anchorage grounds—(1) Descanso Bay. Shoreward of a line connecting the promontories known as White Rock and Casino Point.

(2) Isthmus Cove. All the waters bounded by a line connecting the following coordinates, beginning at 33°27′12″N, 118°30′05″W (the promontory known as Lion Head); thence southeast to 33°26′55.5″N, 118°28′44″W; thence west-southwest to 33°26′50″N, 118°29′08″W; thence southwest to 33°26′39″N, 118°29′19″W; thence along the shoreline returning to the point of origin, excluding the following-described non-anchorage area: an area 300 feet wide (170 feet west and 130 feet east of the centerline of the Catalina Island Steamship Line pier), extending 1500 feet from the foot of the pier, and an area 150 feet seaward of the shoreline extending approximately 1500 feet east and 1500 feet northwest of the centerline of said pier.

(b) The regulations. (1) The Descanso Bay anchorage is reserved for yachts and other small craft. Floats or buoys for marking anchors or moorings in place will be allowed in this area. Fixed mooring piles or stakes are prohibited.

(2) The Isthmus Cove anchorage shall be available for anchorage of all types of craft. Temporary floats or buoys for marking anchors or moorings in place will be allowed in this area. Fixed mooring piles or stakes are prohibited.

§ 110.218 Pacific Ocean at San Clemente Island, Calif.; in vicinity of Wilson Cove.

(a) The anchorage grounds. Shoreward on a line beginning at a point on the beach bearing 153° true, 1.400 yards, from Wilson Cove Light; thence 62° true, 0.67 nautical mile, thence 332° true, 1.63 nautical miles; thence 241°31′ true to the shore line.

(b) The regulations. (1) This area is reserved exclusively for anchorage of United States Government vessels or vessels temporarily operating under Government direction, and no vessel, except in an emergency, shall anchor in the area without first obtaining permission from the Commandant, Eleventh Naval District, or the Senior Naval Officer present who shall in turn notify the Commandant promptly.
§ 110.220 Pacific Ocean at San Nicolas Island, Calif.; restricted anchorage areas.

(a) The restricted areas—(1) East area. All waters within a circle having a radius of one nautical mile centered at latitude 33°13'45", longitude 119°25'50" (the former position of San Nicolas Island East End Light), which point bears approximately 101°, 420 yards, from San Nicolas Island East End Light.

(2) West area. Shoreward of a line bearing 276° true from San Nicolas Island south side light a distance of six nautical miles; thence to a point bearing 270° true, two nautical miles, from the westernmost point of the island; thence 60° to a point due north of the northernmost point of the island; thence 180° true to the shore.

(b) The regulations. Except in an emergency, no vessel shall anchor in these restricted areas without authority of the Commandant, Eleventh Naval District. Cargo vessels destined for San Nicolas Island may anchor in the east area for unloading or loading.

§ 110.222 Pacific Ocean at Santa Barbara Island, Calif.

(a) The anchorage grounds. Shoreward of a line beginning at the Santa Barbara Island Light on the northeast end of the island and bearing 23° true a distance of 1.515 nautical miles seaward from the beach; thence 140°30' true, 2.54 nautical miles; thence 212°30' true, 2.30 nautical miles; thence 296°30' true, 0.96 nautical mile; and thence 325° true to the beach.

(b) The regulations. The anchorage shall be available for anchorage of all types of craft. Temporary floats or buoys for marking anchors in place will be permitted in this area.

33 CFR Ch. I (7-1-99 Edition)

§ 110.224 San Francisco Bay, San Pablo Bay, Carquinez Strait, Suisun Bay, Sacramento River, San Joaquin River, and connecting waters, CA.

(a) General regulations. (1) Within the navigable waters of San Francisco Bay, San Pablo Bay, Carquinez Strait, Suisun Bay, New York Slough, San Joaquin River Deep Water Channel, the Stockton Turning Basin, the Sacramento River Deep Water Ship Channel between Suisun Bay and the east end of the West Sacramento Turning Basin, and connecting waters, anchoring is prohibited outside of designated anchorage areas except when required for safety or with the written permission of the Captain of the Port. Each vessel anchoring outside an established anchorage area shall immediately notify the Captain of the Port of her position and reason for anchoring.

(2) No vessel may permanently moor in areas adjacent to the San Joaquin River Deep Water Channel except with the written permission of the Captain of the Port.

(3) Each vessel anchoring for safety reasons in the San Joaquin River Deep Water Channel, the Sacramento River Deep Water Ship Channel, or the Stockton or West Sacramento Turning Basins shall be positioned as near to the edge of the channel or turning basin as possible so as not to interfere with navigation, or obstruct the approach to any pier, wharf, slip, or boat harbor and shall move as soon as the reason for anchoring no longer exists or when notified to move by the Captain of the Port.

(4) No vessel may anchor within a tunnel, cable, or pipeline area shown on a Government chart.

(5) No vessel may moor, anchor, or tie up to any pier, wharf, or other vessel in such a manner as to extend into an adjacent channel or fairway.

(6) No vessel in such a condition that it is likely to sink or otherwise become a menace or obstruction to navigation or anchorage of other vessels may occupy an anchorage, except when unforeseen circumstances create conditions of imminent peril to personnel
and then only for such period as may be authorized by the Captain of the Port.

(7) Each vessel carrying explosives shall only anchor in an explosives anchorage except as authorized by paragraph (a)(1) or (a)(17) of this section.

(8) No vessel other than a vessel under Federal supervision may go alongside or in any manner moor to any Government-owned vessel, mooring buoy, or pontoon boom, their anchor cables, or any of their appendages. No vessel other than a vessel under Federal supervision may obstruct or interfere in any manner with the mooring, unmooring, or servicing of vessels owned by the United States.

(9) The Captain of the Port may require any vessel in a designated anchorage area to moor with two or more anchors.

(10) Each vessel that will not have sufficient personnel on board to weigh anchor at any time shall anchor with two anchors with mooring swivel, unless otherwise authorized by the Captain of the Port.

(11) Deep-draft vessels shall take precedence over vessels of lighter draft in the deeper portions of all anchorages. Light-draft barges and vessels shall anchor away from the deeper portions of the anchorage so as not to interfere with the anchoring of deep-draft vessels. Should circumstances warrant, the Captain of the Port may require lighter draft vessels to move to provide safe anchorage, particularly in Anchorages 7 and 9, for deep-draft vessels.

(12) Barges towed in tandem to any anchorage shall nest together when anchoring.

(13) Each vessel that is notified by the Captain of the Port or his authorized representative to shift her position shall promptly shift her position.

(14) No person may use these anchorages for any purpose other than the purpose stated in these anchorage regulations.

(15) Where these regulations require that a vessel notify the Captain of the Port, the operator of the vessel shall transmit such report to the San Francisco Vessel Traffic Service.

NOTE: Vessel Traffic Service guards VHF-FM Channel 13 (156.65 MHz) and Channel 14 (156.70 MHz).

(16) Nothing in this section may be construed as relieving any vessel or the owner or person in charge of any vessel from the penalties of law for obstructing or interfering with range lights or for not complying with the laws relating to lights, day signals, and fog signals and other navigation laws and regulations.

(17) The District Engineer, Corps of Engineers, may issue written permission for anchoring a single barge carrying explosives in quantities considered by the District Engineer as safe and necessary in the vicinity of work being done directly under the District Engineer supervision or under a Department of the Army permit. When issuing such a permit, the District Engineer shall prescribe the conditions under which the explosives must be stored and handled and shall furnish a copy of the permit and a copy of the rules and regulations for storing and handling to the Captain of the Port.

(b) Naval anchorages. In addition to the general regulations in paragraph (a) of this section, the following regulations apply to each naval anchorage described in this section.

(1) Naval anchorages are intended for public vessels of the United States, but may be used by other vessels when not required for use by public vessels.

(2) Other vessels using a naval anchorage shall promptly notify the Captain of the Port upon anchoring and upon departure and shall be prepared to move within one hour upon notice should the anchorage be required for public vessels.

(c) Explosive anchorages. In addition to the general regulations in paragraph (a) of this section, the following regulations apply to each explosives anchorage described in this section.

(1) Explosives anchorages and, where established, surrounding forbidden anchorage zones, are temporarily activated as needed by the Captain of the Port. When not activated, explosives anchorages and surrounding forbidden anchorage zones become part of the general anchorage which encompasses them or, if not located within the boundaries of a general anchorage, become available for general navigation.
§ 110.224 33 CFR Ch. I (7–1–99 Edition)

(2) Notice of activation and deactivation of explosives anchorages will be disseminated by Coast Guard Broadcast Notice to Mariners.

(3) Each vessel which anchors in an explosives anchorage or surrounding forbidden anchorage zone while such anchorage is not activated shall be prepared to move within one hour if the anchorage is activated.

(4) Unless otherwise authorized by the Captain of the Port:

(i) No vessel may anchor in an activated explosives anchorage except vessels loaded with, loading or unloading explosives.

(ii) No vessel may enter or remain in an activated explosives anchorage except (A) vessels loaded with, loading or unloading explosives, (B) lighters or barges delivering cargo to or from such vessels, or (C) a tug authorized by paragraph (c)(7)(iii) of this section.

(iii) No vessel carrying explosives or on which explosives are to be loaded may enter or remain in an activated explosives anchorage without written permission from the Captain of the Port. Such a permit must be obtained before entering the anchorage and may be revoked at any time.

(iv) No vessel may anchor in the forbidden anchorage zone surrounding an activated explosives anchorage.

(5) Each vessel loaded with, loading, or unloading explosives, while within an explosives anchorage, shall display by day at her masthead, or at least 10 feet above the upper deck if the vessel has no mast, a red flag at least 16 square feet in area.

(6) Each passing vessel shall reduce speed as necessary so as to insure that its wake does not interfere with cargo transfer operations loaded any vessel displaying a red flag in an explosives anchorage.

(7) The Captain of the Port may:

(i) Issue permission to any vessel carrying flammable solids, oxidizing materials, corrosive liquids, flammable liquids, compressed gases, or poisonous substances to occupy a berth in an activated explosives anchorage. Such a permit must be obtained before entering the anchorage and may be revoked at any time.

(ii) Require any person having business on board a vessel which is loaded

NOTES: a. When sustained winds are in excess of 25 knots each vessel greater than 300 gross tons using this anchorage shall maintain a continuous radio watch on VHF channel 13 (156.65 MHz) and VHF channel 14 (156.70 MHz). This radio watch must be maintained by a person who fluently speaks the English language.

b. Each vessel using this anchorage may not project into adjacent channels or fairways.

c. This anchorage is primarily for use by vessels requiring a temporary anchorage waiting to proceed to peer facilities or other anchorage grounds. This anchorage may not be used by vessels for the purpose of loading any dangerous cargoes or combustible liquids unless authorized by the Captain of the Port.

d. Each vessel using this anchorage may not remain for more than 12 hours unless authorized by the Captain of the Port.

e. Each vessel using this anchorage shall be prepared to move within 1 hour upon notification by the Captain of the Port.

f. The maximum total quantity of explosives that may be on board a vessel using this anchorage shall be limited to 3,000 tons unless otherwise authorized with the written permission of the Captain of the Port.
g. The maximum total quantity of explosives that may be on board a vessel using this anchorage shall be limited to 50 tons except that, with the written permission of the Captain of the Port, each vessel in transit, loaded with explosives in excess of 50 tons, may anchor temporarily in this anchorage provided that the hatches to the holds containing explosives are not opened.

h. Each vessel using this anchorage will be assigned a berth by the Captain of the Port on the basis of the maximum quantity of explosives that will be on board the vessel.

i. [Reserved]

j. Each vessel using this anchorage shall promptly notify the Captain of the Port, upon anchoring and upon departure.

k. See § 162.270 of this title establishing restricted areas in the vicinity of the Maritime Administration Reserve Fleet.

l. Vessels using this anchorage must exceed 15 feet draft, have engines on standby, and have a pilot on board.

(e) Boundaries.

(1) Anchorage No. 4. Bounded by the west shore of San Francisco Bay and the following lines: Beginning on the shore southwest of Point San Quentin at latitude 37°56'28" N., longitude 122°28'54" W.; thence east-southeasterly to latitude 37°55'55" N., longitude 122°26'49" W., thence southwesterly to latitude 37°54'13" N., longitude 122°27'24" W., thence southeasterly to the shore of Tiburon Peninsula at Point Chauncey at latitude 37°53'40.5" N., longitude 122°26'55" W. When Explosives are detonated, Anchorage No. 13 is activated by the Captain of the Port, it and the forbidden anchorage zone surrounding it are excluded from Anchorage No. 4.

(6) Anchorage No. 9. In San Francisco Bay bounded on the north by the shore, the breakwater and turning basin at the Alameda Naval Air Station and a line beginning at the Alameda Naval Air Station Channel Light 6 at latitude 37°46′23″ N., longitude 122°19′02″ W.; thence westerly to the Alameda Naval Air Station Channel Entrance Lighted Buoy 2 at latitude 37°46′27″ N., longitude 122°20′24.5″ W.; thence west-southwesterly to the San Francisco Bay South Channel Lighted Buoy 1 at latitude 37°46′08″ N., longitude 122°21′45″ W.; thence south-southwesterly to San Bruno Shoal Channel Light 1 at latitude 37°41′44″ N., longitude 122°20′17.5″ W.; thence south-southwesterly to San Bruno Shoal Channel Light 5 at latitude 37°38′37″ N., longitude 122°18′43″ W.; thence southeasterly to latitude 37°36′05″ N., longitude 122°14′13.5″ W.; thence east-northeasterly to the shore at latitude 37°37′38.5″ N., longitude 122°09′02″ W., and bounded on the east by the shore; including all of San Leandro Bay excluding the pipeline area therein. When Explosives Anchorage No. 12 or No. 14 is activated by the Captain of the Port, that anchorage and the forbidden anchorage zone surrounding it are excluded from Anchorage No. 9.

(7) Anchorage No. 10. In San Francisco Bay bounded by the east shore of Sausalito and the following lines: Beginning on the shore of Sausalito at latitude 37°51′20″ N., longitude 122°28′36″ W.; thence southeasterly to latitude 37°50′57.5″ N., longitude 122°27′57″ W.; thence southwesterly to the shore of Sausalito at latitude 37°50′36″ N., longitude 122°28′34″ W.

(8) Anchorage No. 12. In San Francisco Bay east of the city of San Francisco a circular area having a radius of 500 yards centered at latitude 37°44′32.5″ N., longitude 122°20′27.5″ W. A 667-yard-wide forbidden anchorage zone surrounds this anchorage.

(9) Anchorage No. 13. In San Francisco Bay east of the Tiburon Peninsula a circular area having a radius of 333 yards centered at latitude 37°55′26″ N., longitude 122°27′27″ W. A 667-yard-wide forbidden anchorage zone surrounds this anchorage except where such zone would extend beyond the limits of Anchorage No. 4.

(10) Anchorage No. 14. In San Francisco Bay east of Hunters Point an area 1,000 yards wide and 2,760 yards long, the end boundaries of which are semicircles, with a radii of 500 yards and center, respectively at latitude 37°42′37″ N., longitude 122°19′48″ W. and latitude 37°43′29″ N., longitude 122°19′48″ W. (NAD 83); and the side boundaries of which are parallel tangents joining the semicircles. A forbidden anchorage zone extends 667 yards out from the perimeter on each side.

(11) Anchorage No. 18. In San Pablo Bay bounded by the west shore of San Pablo Bay and the following lines: Beginning at the shore at Point San Pedro at latitude 37°59′16″ N., longitude 122°26′47″ W.; thence easterly to latitude 37°59′16″ N., longitude 122°26′26″ W.; thence northerly to latitude 38°03′46″ N., longitude 122°25′52.5″ W.; thence northwesterly to the shore south of the entrance to Novato Creek at latitude 38°05′13.5″ N., longitude 122°29′04″ W.; excluding from this area, however, the channel to Hamilton Field and the extension of this channel easterly to the boundary of the anchorage, and the pipeline area therein.

(12) Anchorage No. 19. In San Pablo Bay bounded by the northeast shore of San Pablo Bay and the following lines: Beginning at the shore of Tubbs Island at latitude 38°07′39″ N., longitude 122°25′18″ W.; thence southerly to latitude 38°00′36″ N., longitude 122°25′20″ W.; thence northeasterly to latitude 38°03′13″ N., longitude 122°19′46″ W.; thence east-northeasterly to latitude 38°03′37″ N., longitude 122°17′13″ W.; thence northerly to the long dike extending southeasterly from Mare Island at latitude 38°03′52.5″ N., longitude 122°17′10″ W.; thence along the long dike to the shore at Mare Island.

(13) Anchorage No. 20. In San Pablo Bay bounded by the southeast shore of San Pablo Bay and the following lines: Beginning at the northeast corner of Parr Terminal No. 4 at Point San Pablo at latitude 37°57′59″ N., longitude 122°25′35″ W.; thence northeasterly to latitude 38°01′27.5″ N., longitude 122°21′33″ W.; thence east-northeasterly to the Union Oil Co. pier at Oleum at latitude 38°03′18″ N., longitude 122°15′37″.

(b) The regulations.  
(1) All designated anchorages are intended for the primary use of deep-draft vessels over 200 feet in length.

(2) If a vessel under 200 feet in length is anchored in a designated anchorage, the master or person in charge of the vessel shall:

(i) Ensure that the vessel is anchored so as to minimize conflict with large, deep-draft vessels utilizing or seeking to utilize the anchorage; and

(ii) Move the vessel out of the area if requested by the master of a large, deep-draft vessel seeking to enter or depart the area or if directed by the Captain of the Port.

(3) No vessel may occupy a designated anchorage for more than 30 consecutive days without a permit from the Captain of the Port.

(4) No vessel being layed-up or dismantled or undergoing major alterations or repairs may occupy a designated anchorage without a permit from the Captain of the Port.

(5) No vessel conveying a Cargo of Particular Hazard listed in §126.10 of this chapter may occupy a designated anchorage without permission from the Captain of the Port.

(6) No vessel in a condition such that it is likely to sink or otherwise become a hazard to the operation of other vessels shall occupy a designated anchorage in an emergency and then only for such periods as may be authorized by the Captain of the Port.

(7) Except as allowed for emergencies, no vessel may occupy either the Henrici Bar or Willow Bar Anchorages during the commercial drift fishing season established by the Oregon Department of Fish and Wildlife (ODFW). Vessels occupying either of these anchorages at the time a drift fishing season is announced must depart prior to commencement of the season. In no case, however, shall a vessel have less than 48 hours to effect the move.

(8) ODFW will normally notify the Captain of the Port four days in advance of any commercial drift fishing season. Once notified, the Captain of the Port will inform the Portland Steamship Operators Association (PSOA) via the Merchant’s Exchange and will notify the Columbia River and Bar Pilots.

(11) Orchard Point General Anchorage. Commencement Bay General Anchorage. A quadrilateral area bounded as follows: Beginning at Orchard Point Light; thence 106°, two miles; thence 180° to the northern shore of Blake Island; thence west and south along the shoreline to the southern end of Blake Island at approximate longitude 122° 29' 16"; thence 25° to the dock at Harper; thence westerly and northerly along the shoreline to the point of beginning.

(12) [Reserved]

(13) Commencement Bay General Anchorage. A quadrilateral area bounded as follows: Beginning at latitude 47° 17' 37" N., longitude 122° 26' 00" W.; thence due south to latitude 47° 17' 15" N., longitude 122° 26' 00" W.; thence due east to a point bearing 286° from Hylebos Waterway Light 1 at a distance of 450 yards; thence due north to latitude 47° 17' 33" N., longitude 122° 25' 00" W.; thence west northwest to the point of beginning.

(14) Cherry Point General Anchorage. The waters within a circular area with a radius of 0.8 nautical mile, having its center at latitude 48° 48' 30" N., longitude 122° 46' 00" W.

(b) The regulations. (1) No vessel shall anchor in any general anchorage described in paragraph (a) of this section without prior permission from the Captain of the Port, or his authorized representative. No vessel shall occupy any general anchorage for a period longer than 30 days unless a permit is obtained from the Captain of the Port for that purpose. No vessel in a condition such that it is likely to sink or otherwise become a menace or obstruction to the navigation or anchorage of other vessels shall occupy a general anchorage except in an emergency and then only for such period as may be permitted by the Captain of the Port. A berth in a general anchorage, if available, may be assigned to any vessel by the Captain of the Port upon application and he may grant revocable permits for the continuous use of the same berth.

(2) Explosive anchorages are reserved for vessels carrying explosives. All vessels carrying explosives shall be within these areas when anchored.

(3) Whenever any vessel not fitted with mechanical power, anchors in an explosive anchorage, the Captain of the Port may require the attendance of a tug upon such vessel, when, in his judgment, such action is necessary.

(4) Vessels carrying explosives shall comply with the general regulations in paragraph (b)(1) of this section, when applicable.

(5) Every vessel at anchor in an explosives anchorage shall display by day a red flag at least 16 square feet in area at its mast head or at least 10 feet above the upper deck if the vessel has no mast, and by night a red light in the same position specified for the flag. These signals shall be in addition to day signals and lights required to be shown by all vessels when at anchor.

(6) Every vessel constructed of wood shall, unless there are steel bulwarks or metallic cases or cargo on board, be fitted with radar reflector screens of metal of sufficient size to permit target indication on the radar screen of commercial type radars.

(7) Fishing and navigation by pleasure and commercial craft are prohibited within the area at all times when vessels which are anchored in the area for the purpose of loading or unloading explosives display a red flag by day and a red light by night, unless special permission is granted by the Captain of the Port.

(8) No explosives handling in any explosive anchorage will be undertaken by any vessel unless personnel from the Captain of the Port are on board to supervise the handling of explosives.

(9) No vessel shall remain at anchor in any explosive anchorage unless
§ 110.231

there is on board such vessel a competent watchman or a tug in attendance.

§ 110.231 Ketchikan Harbor, Alaska, Large Passenger Vessel Anchorage.

(a) The anchorage grounds. Ketchikan Harbor, Alaska, Large Passenger Vessel Anchorage. The waters of Ketchikan Harbor, Ketchikan, Alaska, enclosed by the following boundary lines: A line from Thomas Basin Entrance Light "2" to East Channel Lighted Buoy "4A", to Pennock Island Reef Lighted Buoy "PR", to Wreck Buoy "WR6", then following a line bearing 064 degrees true to shore. This anchorage is effective 24 hours per day from 1 May through 30 September, annually.

(b) The regulations. (1) When transiting through the anchorage, all vessels using propulsion machinery shall proceed across the anchorage by the most direct route and without unnecessary delay. Sudden course changes within the anchorage are prohibited.

(2) No vessels, other than a large passenger vessel of over 1600 gross tons, (including ferries), may anchor within the anchorage without the express consent of the Captain of the Port, Southeast, Alaska.

§ 110.232 Southeast Alaska.

(a) The anchorage grounds—(1) Hassler Harbor—explosives anchorage. The waters of Hassler Harbor within a circular area with a radius of 1,500 yards, having its center at latitude 55°12′52″ N., longitude 131°25′52″ W.

(b) The regulations. (1) Except in an emergency, only a vessel that is transporting, loading or discharging explosives may anchor, moor, or remain within the Hassler Harbor explosives anchorage.

(2) A master or person in charge of a vessel shall obtain a written permit from the Captain of the Port, Southeast, Alaska, to anchor, moor, or remain within the explosives anchorage. The vessel shall anchor in the position specified by the permit.

(3) The net weight of the explosives laden aboard all vessels anchored, moored, or remaining within the anchorage shall not exceed 800,000 pounds.

(4) The Captain of the Port, Southeast, Alaska, may require a nonself propelled vessel to be attended by a tug while moored, anchored, or remaining within the explosives anchorage.

(5) A wooden vessel must:

(i) Be fitted with a radar reflector screen of metal of sufficient size to permit target indication on the radar screen of commercial type radar; or

(ii) Have steel bulwarks; or

(iii) Have metallic cases or cargo aboard.

(6) Each vessel moored, anchored, or remaining within the explosives anchorage and carrying, loading, or discharging explosives from sunrise to sunset shall display:

(i) A red flag from the mast; or

(ii) A sign posted on each side of the vessel reading "Explosive—Keep Clear—No Smoking or Open Flame" in letters that are 3 inches or larger and have sufficient contrast with the background to be seen from a distance of 200 feet.

(7) Each vessel moored, anchored, or remaining within the anchorage during the night shall display:

(i) Anchor lights; and

(ii) A 32 point red light located from the mast or highest part of the vessel to be visible all around the horizon for a distance of 2 miles.

(a) The anchorage grounds. In Prince William Sound, Alaska, beginning at a point at latitude 60°40′00″ N., longitude 146°40′00″ W.; thence south to latitude 60°39′00″ N., longitude 146°30′00″ W.; thence east to latitude 60°38′00″ N., longitude 146°30′00″ W.; thence north to latitude 60°39′00″ N., longitude 146°30′00″ W.; thence northwesterly to the beginning point.

(b) The regulations. (1) This anchorage area is for the temporary use of vessels during:
§ 110.235 Pacific Ocean (Mamala Bay), Honolulu Harbor, Hawaii (Datum: NAD 83).

(a) The anchorage grounds—(1) Anchorage A. The waters bounded by the arc of a circle with a radius of 350 yards with the center located at:

Latitude Longitude
21°16’37” N 157°53’12” W

(2) Anchorage B. The waters bounded by a line connecting the following coordinates:

Latitude Longitude
21°17’06” N 157°54’40” W; to
21°17’22” N 157°54’40” W; to

(2) Restricted Anchorage F. Beginning at a point which bears 212°30’, 1,337.5 yards from Isla Grande Light; thence along a line 269°00’, 550 yards; thence along a line 330°00’ to the westerly
§ 110.245 Vieques Passage and Vieques Island, P.R.

Subchapter I

The anchorage grounds—(1) Vieques Passage explosives anchorages and ammunition handling berth (Area 1). A circular area having a radius of 1,700 yards with its center at latitude 18°05′40″N., longitude 65°32′40″W.

(2) Vieques Sound explosives anchorages and ammunition handling berth (Area 2). A circular area having a radius of 2,000 yards with its center at latitude 18°11′48″, longitude 65°26′06″.

(3) Southern Vieques Passage explosives anchorages and ammunition handling berth (Area 3). A circular area having a radius of 2,000 yards with its center at latitude 18°05′51″, longitude 65°36′14″.

(b) The regulations. (1) No vessel or craft shall enter or remain in these anchorages while occupied by vessels having on board explosives or other dangerous cargo. Explosives in quantities no greater than 1,625 short tons will be handled in any area at one time.

(2) The regulations of this section shall be enforced by the Commander, Greater Antilles Section, U.S. Coast Guard Base, San Juan, Puerto Rico, and such agencies as he may designate.

CGFR 67-46, 32 FR 17728, Dec. 12, 1967, as amended by CGD 77-067, 44 FR 50040, Aug. 27, 1979

§ 110.250 St. Thomas Harbor, Charlotte Amalie, V.I.

(a) The anchorage grounds—(1) Inner harbor anchorage. Beginning at a point bearing 85°, 525 yards from the outer end of a pier at latitude 18°20′19″, longitude 64°56′26″ (approximate); thence 146°, 800 yards; thence 70°, 680 yards; thence 340°, 500 yards; and thence to the point of beginning.

(2) Outer harbor anchorage. Beginning at Scorpion Rock lighted buoy No. 1 (latitude 18°19′25.6″, longitude 64°55′41.8″); thence 380°, 1,580 yards; thence 254°30′, 2,490 yards; thence due north 1,255 yards; thence due east to the southerly tip of Sprat Point, Water Island; thence to Cowell Point, Hassel Island; and thence to the point of beginning.

(3) East Gregerie Channel anchorage (general purpose). Bounded on the northeast by Hassel Island; on the southeast by the northwest boundary of the outer harbor anchorage; on the southwest by Water Island; and on the northwest by a line running from Banana Point, Water Island, 55° to Hassel Island.

(4) Small-craft anchorage. All the waters north of a line passing through the outer end of a pier at latitude 18°20′19″, longitude 64°56′26″ (approximate) and ranging 85°.

(5) Deep-draft anchorage. A circular area having a radius of 400 yards with its center at latitude 18°19′12.2″, longitude 64°58′47.8″.

(6) Long Bay anchorage. The waters of Long Bay bounded on the north by the southerly limit line of Anchorage E, on the west by the easterly limit line of Anchorage A to a point at latitude 18°20′18″, longitude 64°55′21″; and thence to the shoreline at latitude 18°20′15″, longitude 64°55′13″.

(b) The regulations. (1) The outer harbor anchorage shall be used by vessels undergoing examination by quarantine, customs, immigration, and Coast Guard officers. Upon completion of these examinations, vessels shall move...
promptly to anchorage. This anchorage shall also be used by vessels having drafts too great to permit them to use the inner harbor anchorage. No vessel shall remain more than 48 hours in this anchorage without a permit from the Harbor Master.

(2) The small-craft anchorage shall be used by small vessels undergoing examination and also by small vessels anchoring under permit from the Harbor Master.

(3) The requirements of the Navy shall predominate in the deep-draft anchorage. When occupied by naval vessels all other vessels and craft shall remain clear of the area. When the area is not required for naval vessels, the Harbor Master may upon application made in advance assign other vessels to the area. Vessels so assigned and occupying the area shall move promptly upon notification by the Harbor Master.

(4) The harbor regulations for the Port of St. Thomas, V.I. of the United States and approaches thereto, including all waters under its jurisdiction, as adopted by the Government of the Virgin Islands, will apply to the Long Bay Anchorage.

(5) In addition, the Long Bay Anchorage is reserved for all types of small vessels, including sailing and motor pleasure craft, and such craft shall anchor in no other area except Anchorage E, in the northern portion of the harbor of Charlotte Amalie.

(6) Floats for marking anchors in place will be allowed in the Long Bay anchorage; stakes or mooring piles are prohibited.

(7) Vessels not more than 65 feet in length are not required to exhibit or carry anchor lights within the Long Bay anchorage, but must display them if emergency requires anchoring in any other part of the harbor.

(8) No vessel may anchor in any of the St. Thomas Harbor Anchorages without a permit from the Harbor Master.

(9) The U.S. Coast Guard Captain of the Port of St. Thomas is hereby empowered, whenever the maritime or commercial interests of the United States so require, to shift the position of any vessel anchored within the Long Bay anchorage, and of any vessel which is so moored or anchored as to impede or obstruct vessel movement in the harbor, and to enforce all regulations of this section should the need arise.

§ 110.255 Ponce Harbor, P.R.

(a) Small-craft anchorage. On the northwest of Ponce Municipal Pier and northeast of Cayitos Reef, bounded as follows: Beginning at latitude 17° 58′ 27″, longitude 66° 37′ 29.5″, bearing approximately 325° true, 2,200 feet from the most southwest corner of Ponce Municipal Pier; thence 273° 30′ true, 1,800 feet; thence 15° true, 900 feet; thence 93° 30′ true, 1,800 feet; thence 195° true, 900 feet to the point of beginning.

(b) The regulations. (1) The Commonwealth Captain of the Port may authorize use of this anchorage whenever he finds such use required in safeguarding the maritime or commercial interests.

(2) No vessel shall anchor within the area until assigned a berth by the Commonwealth Captain of the Port. Application for permission to occupy the anchorage must be submitted in advance by the master or authorized representative of the vessel.

(3) Vessels occupying the anchorage will at all times keep within the limits of the area, and shall move or shift their position promptly upon notification by the Commonwealth Captain of the Port.

(4) The anchorage is reserved for all types of small craft, including schooners, fishing vessels, yachts and pleasure craft.

(5) Floats for marking anchors in place will be allowed; stakes or mooring piles are prohibited.

SOURCE: CGFR 67-46, 32 FR 17769, Dec. 12, 1967, unless otherwise noted.

§ 114.01 Purpose.

(a) The purpose of the rules and regulations in this subchapter is to implement certain laws and set forth the requirements for:

(1) Locations and clearances of bridges and causeways over the navigable waters (33 U.S.C. 401, 491 to 507, and 525 to 534).

(2) Administration of the alteration of unreasonably obstructive bridges (33 U.S.C. 511 to 524).

(3) Regulation of drawbridge operation (33 U.S.C. 499).

(b) The rules and regulations in this subchapter also describe the procedures and practices, including forms and instructions, which are applicable to the public subject to certain laws governing bridges and causeways over the navigable waters of the United States.

(c) Subsection 6(g) of the Department of Transportation Act (Sec. 6(g), 80 Stat. 937, 49 U.S.C. 1655(g)) transferred and vested in the Secretary of Transportation all functions, powers and duties of the Secretary of the Army and other officers and offices of the Department of the Army under specified laws. The Secretary of Transportation by 49 CFR 1.45(b) and 1.46(c) (5), (6), (8), (9), and (10) delegated to the Commandant, U.S. Coast Guard, with the authority to delegate to the Commandant, U.S. Coast Guard, with the authority to exercise the functions, powers, and duties of the Secretary with respect to the following provisions of law:

(3) Section 9 of the Act of March 3, 1899, as amended (30 Stat. 1151; 33 U.S.C. 401), regarding construction of bridges, causeways, etc., to the extent that it relates generally to the location and clearances of bridges and causeways in the navigable waters of the United States.

(4) The Act of March 23, 1906, as amended (34 Stat. 84; 33 U.S.C. 491 et seq.), regarding general bridge authority to the extent that it relates generally to the location and clearances of bridges and causeways in the navigable waters of the United States.

(5) The General Bridge Act of 1946, as amended (60 Stat. 847; 33 U.S.C. 525 et seq.), to the extent that it relates generally to the location and clearances of bridges and causeways in the navigable waters of the United States.

(d) The Commandant has delegated within the Coast Guard authority for the issuance of drawbridge operation regulations and permits for the construction, reconstruction, or alteration of bridges across navigable waters of the United States. These delegations may be found in §§1.05-1 and 1.01-60 of this Chapter.

§ 114.05 Definitions.

(a) General. Certain terms as used in this subchapter are defined in this section.
§ 114.10 General policies on issuance of permits and drawbridge operation regulations.

The several bridge laws referenced in §114.01 Purpose, are intended to prevent any interference with navigable waters of the United States whether by bridges, dams, dikes or other obstructions to navigation except by express permission of the United States. The decision as to whether a bridge permit or a drawbridge operation regulation will be issued or promulgated must rest primarily upon the effect of the proposed action on navigation to assure that the action provides the reasonable needs of navigation after full consideration of the effect of the proposed action on the human environment. The Coast Guard is not responsible for any other permits that the applicant may need from other federal, state, or local agencies and issuance of a bridge permit does not affect flood control projects or other governmental programs.

§ 114.20 Departure from permit plans.

(a) If the final inspection shows a minor departure from the authorized plans which does not materially affect navigation, the permittee will be required to furnish a tracing showing the work as actually constructed but no further action will be taken by the Coast Guard.

(b) It is not the practice of the Coast Guard to issue letters certifying that completed work conforms to that which was authorized. That question is a matter of fact to be determined in case of controversy by the usual rules of court procedure.
§ 114.25 Work constructed without prior authority.

The Commandant or District Commander will approve plans and issues permits authorizing bridges across navigable waters, in cases where the application therefor is submitted after the commencement or completion of the bridges subject to the following rules: Approval will be limited to those cases where the necessary primary authority, State or Federal as the case may be, validly existed when the work was innocently constructed, and where the work will not unreasonably interfere with navigation. Upon issuance of the permit, applicant will be informed that the law contemplates prior approval and that in the future plans must be submitted in ample time for their consideration by the Commandant or District Commander before construction is begun.

(5 U.S.C. 559; 14 U.S.C. 633; 33 U.S.C. 401, 491, 499, and 525; 49 U.S.C. 1655(g), and 49 CFR 1.46(c) and (q))

§ 114.30 Revocation.

Permits may be revoked by the issuing official for failure on the part of the permittee to comply with any of the conditions therein, or where the structures or other work constitute an unreasonable obstruction to navigation or to operations of the United States in the interest of navigation or flood control.

[CGD 82-006, 47 FR 36640, Aug. 23, 1982]

§ 114.40 Violations of law.

The Coast Guard has the authority and responsibility for enforcement of the applicable provisions of law for the protection and preservation of navigable waters. It is the policy of the Coast Guard to secure compliance with these provisions of law short of legal proceedings. As a general principle, no action is taken when the violation is minor, unintentional, or accidental and the party responsible corrects the violation. It is the policy of the Coast Guard to implement civil or criminal proceedings in all other circumstances.

These proceedings are in subpart 1.07 of Part 1 of this chapter.

(Secs. 107, 108, Pub. L. 97-322, 96 Stat. 1582; (33 U.S.C. 495, 499, 502, 525, 533); 49 CFR 1.46(c))

[CGD 82-102, 47 FR 54299, Dec. 2, 1982]

§ 114.45 Applications, extensions of time.

Extensions of time to commence or complete construction of a bridge or remove a bridge that has been replaced as an element of a permitted bridge project must be submitted to, and received by the District Commander at least 30 days before the existing permit expires to allow the permit to remain in effect until the final agency action is taken.

§ 114.50 Right of appeal.

A District Commander’s decision to deny a bridge permit application or an application for drawbridge operation regulations may be appealed to the Commandant, U.S. Coast Guard. The appeal must be submitted in writing to the Chief, Office of Bridge Administration, 2100 Second Street SW., Washington, DC 20593–0001, within 60 days of the District Commander’s decision. The Commandant will take action on the appeal within 90 days of its receipt.

PART 115—BRIDGE LOCATIONS AND CLEARANCES; ADMINISTRATIVE PROCEDURES

Sec.
115.01 Purpose.
115.05 Necessary primary authority.
115.10 Limiting date in permits.
115.15 Permit bonds.
115.20 Transfer of permits.
115.30 Sufficiency of State authority for bridges.
115.40 Bridge repairs.
115.50 Applications for bridge permits.
§ 115.01 Purpose.

This part states the requirements for applying for a permit for construction of or modification to bridges crossing the navigable waters of the United States. It also sets forth the procedures by which the application is processed by the Coast Guard.

[CGD 82-006, 47 FR 36641, Aug. 23, 1982]

§ 115.05 Necessary primary authority.

For bridges constructed by State or municipal agencies, the primary authority will be presumed without proof. If the law of the State requires a license for or approval of the bridge from a constituted State agency, a copy of such license or approval will be required and may be accepted as evidence of the primary authority. If there be no State regulation of bridges in navigable waters, the necessary primary authority may be that granted in the charter of a corporation, or the authority inherent in the ownership of the land on which the structure is placed. The applicant will in such cases be required to furnish an extract from the charter, or a statement of ownership. Special care will be taken that Federal approval is not granted when there is doubt of the right of the builder to construct and utilize the bridge.

§ 115.10 Limiting date in permits.

(a) Specific time limitations are inserted in all permits for the commencement of construction and completion thereof. Normally three years for start of construction and two additional years for completion may be allowed.

(b) Specific time limitations are inserted in all permits for the removal of bridges being replaced in whole or in part by the newly permitted bridges where removal thereof is required as a condition of the permit. Normally 90 days for removal after completion of the new bridge or opening to land transportation, whichever occurs first, may be allowed.

[CGD 75-046, 40 FR 24898, June 11, 1975, as amended by CGD 80-099, 46 FR 38354, July 27, 1981]

§ 115.15 Permit bonds.

When compensatory works or the removal of temporary structures should be required of the permittee, or in other unusual cases when there is reason to anticipate that the permittee may fail to carry out parts of the work that are against his interest, an additional condition will be included in the permit requiring the permittee to furnish a bond insuring compliance with the permit requirements.

§ 115.20 Transfer of permits.

Permits express merely the assent of the Federal Government so far as concerns the public rights of navigation. Although issued to a specific party, the assent is not limited to execution of the work by that party and may be availed of by the assignees or purchasers of the property affected, provided the terms of the instrument are strictly complied with.

§ 115.30 Sufficiency of State authority for bridges.

An opinion of the attorney general of the State as to the sufficiency of State authority for the construction of a bridge is acceptable to the Coast Guard in doubtful cases.

§ 115.40 Bridge repairs.

Repairs to a bridge which do not alter the clearances, type of structure, or any integral part of the substructure or superstructure or navigation conditions, but which consist only in the replacement of worn or obsolete parts, may, if the bridge is a legally approved structure, be made as routine maintenance without approval of the U.S. Coast Guard.

§ 115.50 Application for bridge permits.

(a) Approval of plans. An application for authorization to construct a bridge
across navigable waters of the United States must show the name and address of the applicant; the waterway and location of the bridge; citation to the act of Congress or the State legislature authorizing the bridge; be accompanied by a map of the location and plans of the bridge showing the features which affect navigation; and papers to establish the identity of the applicant.

(b) Prior authority necessary. Except as provided under paragraph (c) of this section, a bridge cannot lawfully be constructed across any navigable waterway of the United States until the location and plans have been approved by the Coast Guard.

(c) Prior authority not necessary. Coast Guard approval of the location and plans for construction or modification of a bridge or causeway is not required for any bridge or causeway over waters which are not subject to the ebb and flow of the tide and which are not used and are not susceptible to use in their natural condition or by reasonable improvement as a means to transport interstate or foreign commerce, whether or not such waters were used or were susceptible to use, at some previous time, to transport commerce (historic use). This provision does not apply to bridges which connect the United States with any foreign country.

(d) Form. The application for the approval of plans consists of a letter accompanied with maps and plans of the proposed structure.

(e) Signature. In case of signature by an agent or by an official of a corporation, a duly authenticated copy of the authority for the action must accompany the application.

(f) Identification. If the applicant is a corporation, it must furnish certified copies of the following papers, all properly authenticated: The charter or articles of incorporation; the minutes of organization; extracts from minutes showing the names of the present officers of the corporation.

(1) Where State laws vest in State or county officers, such as boards of supervisors and county courts, the power to authorize the construction of bridges, they must furnish with their application certified extracts from their proceedings showing their action authorizing the proposed structure.

(g) Plans. Four sets of plans must be submitted with the application, on which the location of the work and the essential features covered by the application will be outlined in red. Each drawing must have a simple title, date and number, preferably in the lower righthand corner.

(h) Size of sheets. The drawings will be on letter size sheets. As few sheets will be used as necessary to show clearly what is proposed.

(i) Special instructions. (1) The scale will be shown graphically. The north and south line will be indicated by a meridian arrow. Soundings and elevations will be shown in feet and referred to the established Government datum plane at the locality.

(2) The direction of currents will be indicated by an arrow, and the strength of currents, both ebb and flow, or low water and high water, will be shown close to the proposed location of the bridge, and at both ends of the waterway shown on the map of location.

(3) The plans will show in figures the least clear height of the lowest part of the superstructure over navigation openings, with reference to the planes of mean high water and mean low water if the bridge is to cross tidal water. If the waters are nontidal, the least clear height will be shown with reference to the planes of extreme high water and mean low water. If records of river heights are available, the plane above which flood waters have not remained more than 2 percent of the time will be indicated. Reference will also be made to other datum planes if appropriate for the waterway in question.

(4) If harbor lines have been established at the site of the bridge, their position will be shown on the plans.

(j) Structural details. Only those should be shown which are needed to illustrate the effect of the proposed structure on navigation. If the bridge is to be equipped with a draw, the latter will be shown in two positions: closed and open.

(k) To whom application should be presented. The application and the papers and plans accompanying it should be submitted to the District Commander
§ 115.60 Procedures for handling applications for bridge construction permits.

The following procedures will be observed in the handling of applications for permits to construct, modify, or replace bridges over navigable waters.

(a) District Commander’s review of application and plans. When an application is received, the District Commander verifies the authority for construction of the bridge, reviews the application and plans for sufficiency, ascertains the views of local authorities and other interested parties, and ensures that the application complies with relevant environmental laws, regulations, and orders. If the application contains any defects that would prevent issuance of a permit (as for example, if the proposed bridge provided insufficient clearance), the applicant is notified that the permit cannot be granted and given reasons for this determination. The applicant may then request that the application be considered by the Commandant. If the applicant makes such a request, or if the application is not found defective, the District Commander notifies the public that it has been received and continues its processing. A copy of this notification will be sent to the state, interstate agency or the Environmental Protection Agency (EPA) responsible for acting on requests for water quality certification for the project. If the state, interstate agency, or the EPA fails to issue or deny the water quality certification within 30 days after receiving the copy of this notification, the requirements for a water quality certification are waived. If the appropriate agency notifies the District Commander that the applicant has not filed a request for water quality certification, or requests additional time to review an application, additional time will be granted.

(b) Public hearing. (1) Public hearings will be held when there are substantial issues concerning the effect that the proposed bridge will have on the reasonable needs of navigation.

(2) Notice of the public hearing will be published in the Federal Register. Notice of the hearing is also mailed to State, county, and municipal authorities and all other known interested parties. It is also posted at the post office nearest the site and public places in the vicinity.

(3) Hearings are public and conducted in an informal manner. A designated Coast Guard official presides. The submission of written statements is invited and encouraged. Anyone desiring to do so may speak. Statements, written or oral, are not under oath, and cross-examination is not permitted. No fixed order has been established for the presentation of evidence or argument although proponents are generally heard first, followed by opponents with full opportunity afforded for rebuttals.

(c) Report and recommendations. After the close of the comment period and any public hearings, a detailed statement of findings, conclusions, and recommendations based on all available information (including Coast Guard records and experience) is prepared. The following factors may be discussed in this report:

(1) Comparison of proposed bridge with existing bridges over the waterway; attitude of local authorities; summary of objections raised by the public, and District Commander’s comments or responses; probable effect on navigation, present and prospective.

(2) Description of the navigation on the waterway past the site of the proposed bridge, the number and type of vessels, the number of vessel trips, and the principal method of handling traffic, whether in single vessels or in tows.

(3) Whether the District Commander approves, or recommends approval of the plans. If they are found objectionable, the reasons for this finding will be stated. If there are objectionable features in the plans which may be corrected, the applicant is given an opportunity to revise them. If approval is given or recommended, all conditions to which the permit should be subject will be stated.

(d) Action on permit application. (1) The District Commander may issue the
§ 116.01 General.

(a) All bridges are obstructions to navigation and are tolerated only as long as they serve the needs of land transportation while allowing for the reasonable needs of navigation.

(b) This part describes the general procedures by which the U.S. Coast Guard determines a bridge to be an unreasonable obstruction to navigation and issues an Order to Alter under the authority of the following statutes, as appropriate: Section 18 of the Rivers and Harbors Appropriations Act of 1899, 33 U.S.C. 502; Section 4 of the Bridge Act of 1906, 33 U.S.C. 494; or the Truman-Hobbs Act of 1940, as amended, 33 U.S.C. 511-524.

(c) A bridge constructed across a navigable water of the United States shall not unreasonably obstruct the free navigation of the water over which it was constructed, either due to insufficient height or width of the navigation.
span, or because of difficulty in passing through the draw opening. If any bridge unreasonably obstructs navigation, the Commandant, U.S. Coast Guard, will order the alteration of that bridge. Alterations may include structural changes, replacement, or removal of the bridge.

(d) Whenever the Coast Guard has good reason to believe that a bridge across any of the navigable waters of the United States is an unreasonable obstruction to navigation, the Coast Guard will give notice to the owner of the bridge and other interested parties, and hold a public hearing at which the interested parties will have a full opportunity to be heard and to offer evidence on the question of whether alterations to the bridge are necessary and, if so, the extent of alterations needed.

(e) If the Coast Guard determines that alterations to a bridge are necessary, the Commandant, U.S. Coast Guard, will issue to the bridge owner an Order to Alter containing details of the alterations necessary to render navigation through or under the bridge reasonably free, easy, and unobstructed.

(1) In the case of a railroad or publicly owned highway bridge, an Order to Alter is issued to the bridge owner under the provisions of the Truman-Hobbs Act (33 U.S.C. 511 et seq.). In ordering these alterations, the Coast Guard will give due regard to the necessities of free and unobstructed navigation and of rail and highway traffic.

For alterations to bridges governed by the Truman-Hobbs Act, the Coast Guard must approve general plans, specifications, and contracts for the alteration project, as well as approving the apportionment of the total cost of the alterations between the United States and the bridge owner.

(2) For all other bridges, the Order to Alter will contain the required alterations for the bridge and will prescribe a reasonable time in which to accomplish the required alterations. The bridge owner is responsible for the entire cost of the required alterations.

§ 116.05 Complaints.

Any person, company, or other entity may submit to the District Commander of the Coast Guard district in which a bridge over a navigable water of the United States is located, a complaint that a bridge unreasonably obstructs navigation. The complaint must be in writing and include specific details to support the allegation.

§ 116.10 Preliminary review.

(a) Upon receipt of a written complaint, the District Commander will review the complaint to determine if, in the District Commander’s opinion, the complaint is justified and whether a Preliminary Investigation is warranted.

(1) The District Commander’s opinion as to whether or not the complaint warrants a Preliminary Investigation will be formed through informal discussions with the complainant, users of the affected waterway, the owner of the bridge, and other interested parties.

(2) In forming an opinion, the District Commander may also review the district files, records of accidents, and details of any additional written complaints associated with the bridge in question.

(b) In the absence of any written complaint, the District Commander may decide, based on a bridge’s accident history or other criteria, to conduct a Preliminary Investigation.

(c) The District Commander will inform the complainant and the Chief, Office of Bridge Administration of the determination of any Preliminary Review. If the District Commander decides that the bridge in question is not an unreasonable obstruction to navigation, the complainant will be provided with a brief summary of the information on which the District Commander based the decision and will be informed of the appeal process described in §116.55. There will be no further investigation, unless additional information warrants a continuance or reopening of the case.

[CGD 91-063, 60 FR 20002, Apr. 28, 1995, as amended by CGD 96-026, 61 FR 33663, June 28, 1996]

§ 116.15 Preliminary investigation.

(a) During the Preliminary Investigation, the District Commander will prepare a written report containing all pertinent information and submit the
§ 116.30 Chief, Office of Bridge Administration Review and Evaluation.

(a) Upon receiving a Detailed Investigation Report from a District Commander, the Chief, Office of Bridge Administration will review all the information and make a final determination of whether or not the bridge is an unreasonable obstruction to navigation and, if so, whether an Order to Alter should be issued.

(b) The District Commander will forward the completed Detailed Investigation Report to the Chief, Office of Bridge Administration for review together with a recommendation of whether the bridge should be declared an unreasonable obstruction to navigation and, if so, whether an Order to Alter should be issued.

§ 116.35 Public hearings.

(a) Any time the Chief, Office of Bridge Administration determines that a Detailed Investigation is warranted, or when Congress declares a bridge unreasonably obstructive, the District Commander will hold a public hearing near the location of the bridge to provide the bridge owner, waterway users, and other interested parties the opportunity to offer evidence and be heard, orally or in writing, as to whether any alterations are necessary to provide reasonably free, safe, and unobstructed passage for waterborne traffic. The District Commander will issue a public notice announcing the public hearing stating the time, date, and place of the hearing.

(b) When a bridge is statutorily determined to be an unreasonable obstruction, the scope of the hearing will be to determine what navigation clearances are needed.

(c) In all other cases, the scope of the hearing will be to address issues bearing on the question of whether the bridge is an unreasonable obstruction to navigation and, if so, what alterations are needed.

(d) The hearing will be recorded. Copies of the public hearing transcript will be available for purchase from the recording service.

§ 116.20 Detailed investigation.

(a) When the Chief, Office of Bridge Administration determines that a Detailed Investigation should be conducted, the District Commander will initiate an investigation that addresses all of the pertinent data regarding the bridge, including information obtained at a public hearing held under § 116.25. As part of the investigation, the District Commander will develop a comprehensive report, termed the “Detailed Investigation Report”, which will discuss: the obstructive character of the bridge in question; the impact of that bridge upon navigation; navigational benefits derived; whether an alteration is needed to meet the needs of navigation; and, if alteration is recommended, what type.

(b) The District Commander will forward the completed Detailed Investigation Report to the Chief, Office of Bridge Administration for review together with a recommendation of whether the bridge should be declared an unreasonable obstruction to navigation and, if so, whether an Order to Alter should be issued.

[CGD 91-063, 60 FR 20902, Apr. 28, 1995, as amended by CGD 96-026, 61 FR 33663, June 28, 1996]
§ 116.35 Benefit/Cost Analysis, including calculation of a Benefit/Cost Ratio.

(b) The Benefit/Cost ratio is calculated by dividing the annualized navigation benefit of the proposed bridge alteration by the annualized government share of the cost of the alteration.

(c) Except for a bridge which is statutorily determined to be an unreasonable obstruction, an Order to Alter will not be issued under the Truman-Hobbs Act unless the ratio is at least 1:1.

(d) If a bridge is statutorily determined to unreasonably obstruct navigation, the Chief, Office of Bridge Administration will prepare a Decision Analysis to document and provide details of the required vertical and horizontal clearances and the reasons alterations are necessary.

(e) If the Chief, Office of Bridge Administration decides to recommend that the Commandant issue an Order to Alter, or a bridge is statutorily determined to unreasonably obstruct navigation, the Chief, Office of Bridge Administration will issue a letter to the bridge owner ("The 60-Day Letter") at least 60 days before the Commandant issues an Order to Alter. This letter will contain the reasons an alteration is necessary, the proposed alteration, and, in the case of a Truman-Hobbs bridge, an estimate of the total project cost and the bridge owner’s share.

(f) If the bridge owner does not agree with the terms proposed in the 60-Day Letter, the owner may request a reevaluation of the terms. The request for a reevaluation must be in writing, and identify the terms for which reevaluation is requested. The request may provide additional information not previously presented.

(g) Upon receipt of the bridge owner’s response, the Chief, Office of Bridge Administration will reevaluate the situation based on the additional information submitted by the bridge owner. If after the Chief, Office of Bridge Administration reviews the determination, there is no change, the Commandant may issue an Order to Alter as set out in § 116.35. The Chief, Office of Bridge Administration determination based on the reevaluation will constitute final agency action.

[CGD 91-063, 60 FR 20902, Apr. 28, 1995, as amended by CGD 96-026, 61 FR 33664, June 28, 1996]

§ 116.35 Order to Alter.

(a) If the bridge owner agrees with the contents of the 60-Day Letter, if no reply is received by 60 days after the issuance of the letter, or if after reevaluation a bridge is determined to be an unreasonable obstruction to navigation, the Commandant will issue an Order to Alter.

(1) If a bridge is eligible for funding under the Truman-Hobbs Act, the Order to Alter will specify the navigational clearances to be accomplished in order to meet the reasonable needs of navigation.

(2) An Order to Alter for a bridge that is not eligible for Truman-Hobbs funding will specify the navigational clearances that are required to meet the reasonable needs of navigation and will prescribe a reasonable time in which to accomplish them.

(b) If appropriate, the Order to Alter will be accompanied by a letter of special conditions setting forth safeguards needed to protect the environment or to provide for any special needs of navigation.

(c) If a proposed alteration to a bridge has desirable, non-navigational benefits, the Chief, Office of Bridge Administration may require an equitable contribution from any interested person, firm, association, corporation, municipality, county, or state benefiting from the alteration as a prerequisite to the making of an Order to Alter for that alteration.

(d) Failure to comply with any Order to Alter issued under the provisions of this part will subject the owner or controller of the bridge to the penalties prescribed in 33 U.S.C. 495, 502, 519, or any other applicable provision.

[CGD 91-063, 60 FR 20902, Apr. 28, 1995, as amended by CGD 96-026, 61 FR 33664, June 28, 1996]

§ 116.40 Plans and specifications under the Truman-Hobbs Act.

(a) After an Order to Alter has been issued to a bridge owner under the Truman-Hobbs Act, the Chief, Office of
§ 116.45 Submission of bids, approval of award, guaranty of cost, and partial payments for bridges eligible for funding under the Truman-Hobbs Act.

(a) Once the plans and specifications for a bridge eligible for funding under the Truman-Hobbs Act have been approved, the bridge owner must take bids for the alteration of the bridge consistent with the approved plans and specifications. Those bids must then be submitted to the Chief, Office of Bridge Administration for approval.

(b) After the bridge owner submits the guaranty of cost required by 33 U.S.C. 515, the Chief, Office of Bridge Administration authorizes the owner to award the contract.

(c) Partial payments of the government’s costs are authorized as the work progresses to the extent that funds have been appropriated.

[CGD 91-063, 60 FR 20002, Apr. 28, 1995, as amended by CGD 96-026, 61 FR 33664, June 28, 1996]

§ 116.50 Apportionment of costs under the Truman-Hobbs Act.

(a) In determining the apportionment of costs, the bridge owner must bear such part of the cost attributable to the direct and special benefits which will accrue to the bridge owner as a result of alteration to the bridge, including expected savings in repairs and maintenance, expected increased carrying capacity, costs attributable to the requirements of highway and railroad traffic, and actual capital costs of the used service life. The United States will bear the balance of the costs, including that part attributable to the necessities of navigation.

(b) “Direct and special benefits” ordinarily will include items desired by the owner but which have no counterpart or are of higher quality than similar items in the bridge prior to alteration. Examples include improved signal and fender systems, pro rata share of dismantling costs, and improvements included, but not required, in the interests of navigation.

(c) During the development of the Apportionment of Costs, the bridge owner will be provided with an opportunity to be heard. Proportionate shares of cost to be borne by the United States and the bridge owner are developed in substantially the following form:

§ 116.55 Appeals.

(a) Except for the decision to issue an Order to Alter, if a complainant disagrees with a recommendation regarding obstruction or eligibility made by a District Commander, or the Chief, Office of Bridge Administration, the complainant may appeal that decision to the Assistant Commandant for Operations.

(b) The appeal must be submitted in writing to the Assistant Commandant for Operations, U.S. Coast Guard, 2100 Second Street, SW., Washington, DC 20393-0001, within 60 days after the District Commander’s or the Chief’s, Office of Bridge Administration decision. The Assistant Commandant for Operations will make a decision on the appeal within 90 days after receipt of the appeal. The Assistant Commandant for Operations’ decision of this appeal shall constitute final agency action.

(c) Any Order of Apportionment made or issued under section 6 of the Truman-Hobbs Act, 33 U.S.C. 516, may be reviewed by the Court of Appeals for any judicial circuit in which the bridge in question is wholly or partly located, if a petition for review is filed within 90 days after the date of issuance of the order. The review is described in section 10 of the Truman-Hobbs Act. 33 U.S.C. 520. The review proceedings do not operate as a stay of any order issued under the Truman-Hobbs Act, other than an order of apportionment, nor relieve any bridge owner of any liability or penalty under other provisions of that act.

§ 117.4 Definitions.

Certain terms used in this part are defined in this section.

Appurtenance. The term "appurtenance" means an attachment or accessory extending beyond the hull or superstructure that is not an integral part of the vessel and is not needed for a vessel's piloting, propelling, controlling, or collision avoidance capabilities.

Lowerable. The term "lowerable" means the nonstructural vessel appurtenance can be mechanically or manually lowered and raised again. The term "lowerable" also applies to a nonstructural vessel appurtenance which can be modified to make the item flexible, hinged, collapsible, or telescopic such that it can be mechanically or manually lowered and raised again. Failure to make the modification is considered equivalent to refusing to lower a lowerable nonstructural appurtenance that is not essential to navigation. Examples of appurtenances which are considered to be lowerable include, but are not limited to, fishing outriggers, radio antennae, television antennae, false stacks, and masts purely for ornamental purposes. Examples of appurtenances which are not considered to be lowerable include, but are not limited to, radar antennae, flying bridges, sailboat masts, piledriver leads, spud frames on hydraulic dredges, drilling derricks' substructures and buildings, cranes on drilling or construction vessels, or other items of permanent and fixed equipment.

Nonstructural. The term "nonstructural" means that the item is not rigidly fixed to the vessel and is thus susceptible to relocation or alteration. Not essential to navigation. The term "not essential to navigation" means the nonstructural vessel appurtenance does not adversely affect the vessel's...
§ 117.5 When the draw shall open.
Except as otherwise required by this subpart, drawbridges shall open promptly and fully for the passage of vessels when a request to open is given in accordance with this subpart.

EDITORIAL NOTE: For Federal Register citations relating to temporary deviations from the regulatory provisions in §117.5, see the List of CFR Sections Affected in the Finding Aids section of this volume.

§ 117.7 General duties of drawbridge owners and tenders.
(a) Drawbridge owners and tenders shall operate the draw in accordance with the requirement in this part.
(b) Except for drawbridges not required to open for the passage of vessels, owners of drawbridges shall ensure that:
   (1) The necessary drawtenders are provided for the safe and prompt opening of the draw;
   (2) The operating machinery of the draw is maintained in a serviceable condition; and;
   (3) The draws are operated at sufficient intervals to assure their satisfactory operation.

§ 117.9 Delaying opening of a draw.
No person shall unreasonably delay the opening of a draw after the signals required by §117.15 have been given.

Note: Trains are usually controlled by the block method. That is, the track is divided into blocks or segments of a mile or more in length. When a train is in a block with a drawbridge, the draw may not be able to open until the train has passed out of the block and the yardmaster or other manager has "unlocked" the drawbridge controls. The maximum time permitted for delay is defined in Subpart B for each affected bridge. Land and water traffic should pass over or through the draw as soon as possible in order to prevent unnecessary delays in the opening and closure of the draw.

§ 117.11 Unnecessary opening of the draw.
No vessel owner or operator shall—
(a) Signal a drawbridge to open if the vertical clearance is sufficient to allow the vessel, after all lowerable non-structural vessel appurtenances that are not essential to navigation have been lowered, to safely pass under the drawbridge in the closed position; or
(b) Signal a drawbridge to open for any purpose other than to pass through the drawbridge opening.

§ 117.15 Signals.
(a) General. (1) The operator of each vessel requesting a drawbridge to open shall signal the drawtender and the drawtender shall acknowledge that signal. The signal shall be repeated until acknowledged in some manner by the drawtender before proceeding.
   (2) The signals used to request the opening of the draw and to acknowledge that request shall be sound signals, visual signals, or radiotelephone communications described in this subpart.
   (3) Any of the means of signaling described in this subpart sufficient to alert the party being signaled may be used.
   (b) Sound signals. (1) Sound signals shall be made by whistle, horn, megaphone, hailer, or other device capable of producing the described signals loud enough to be heard by the drawtender.
      (2) As used in this section, "prolonged blast" means a blast of four to six seconds duration and "short blast" means a blast of approximately one second duration.
      (3) The sound signal to request the opening of a draw is one prolonged blast followed by one short blast sounded not more than three seconds after the prolonged blast. For vessels required to be passed through a draw during a scheduled closure period, the sound signal to request the opening of the draw during that period is five short blasts sounded in rapid succession.
      (4) When the draw can be opened immediately, the sound signal to acknowledge a request to open the draw is one prolonged blast followed by one short blast sounded not more than 30 seconds after the requesting signal.
      (5) When the draw cannot be opened immediately, or is open and shall be closed promptly, the sound signal to acknowledge a request to open the
draw is five short blasts sounded in rapid succession not more than 30 seconds after the vessel's opening signal. The signal shall be repeated until acknowledged in some manner by the requesting vessel.

(c) Visual signals. (1) The visual signal to request the opening of a draw is—
   (i) A white flag raised and lowered vertically; or
   (ii) A white, amber, or green light raised and lowered vertically.

(2) When the draw can be opened immediately, the visual signal to acknowledge a request to open the draw, given not more than 30 seconds after the vessel's opening signal, is—
   (i) A white flag raised and lowered vertically;
   (ii) A white, amber, or green light raised and lowered vertically; or
   (iii) A fixed or flashing white, amber, or green light or lights.

(3) When the draw cannot be opened immediately, or is open and must be closed promptly, the visual signal to acknowledge a request to open the draw is—
   (i) A red flag or red light swung back and forth horizontally in full sight of the vessel given not more than 30 seconds after the vessel's opening signal; or
   (ii) A fixed or flashing red light or lights given not more than 30 seconds after the vessel's opening signal.

(4) The acknowledging signal when the draw cannot open immediately or is open and must be closed promptly shall be repeated until acknowledged in some manner by the requesting vessel.

(d) Radio telephone communications. (1) Radiotelephones may be used to communicate the same information provided by sound and visual signals.

   NOTE: Call signs and radio channels for drawbridges with radiotelephones are listed in Appendix A to this part.

(2) The vessel and the drawtender shall monitor the frequency used until the vessel has cleared the draw.

(3) When radiotelephone contact cannot be initiated or maintained, sound or visual signals under this section shall be used.

§ 117.17 Signalling for contiguous drawbridges.

When a vessel must pass two or more drawbridges close together, the opening signal is given for the first bridge. After acknowledgment from the first bridge that it will promptly open, the opening signal is given for the second bridge, and so on until all bridges that the vessel must pass have been given the opening signal and have acknowledged that they will open promptly.

§ 117.19 Signalling when two or more vessels are approaching a drawbridge.

When two or more vessels are approaching the same drawbridge at the same time, or nearly the same time, whether from the same or opposite directions, each vessel shall signal independently for the opening of the draw and the drawtender shall reply in turn to the signal of each vessel. The drawtender need not reply to signals by vessels accumulated at the bridge for passage during a scheduled open period.

§ 117.21 Signalling for an opened drawbridge.

When a vessel approaches a drawbridge with the draw in the open position, the vessel shall give the opening signal. If no acknowledgment is received within 30 seconds, the vessel may proceed, with caution, through the open draw.

§ 117.23 Installation of radiotelephones.

(a) When the District Commander deems it necessary for reasons of safety of navigation, the District Commander may require the installation and operation of a radiotelephone on or near a drawbridge.

(b) The District Commander gives written notice of the proposed requirement to the bridge owner.
§ 117.24 Radiotelephone installation identification.

(a) The Coast Guard authorizes, and the District Commander may require the installation of a sign on drawbridges, on the upstream and downstream sides, indicating that the bridge is equipped with and operates a VHF radiotelephone in accordance with §117.23.

(b) The sign shall give notice of the radiotelephone and its calling and working channels—

(1) In plain language; or

(2) By a sign consisting of the outline of a telephone handset with the long axis placed horizontally and a vertical three-legged lightning slash superimposed over the handset. The slash shall be as long vertically as the handset is wide horizontally and normally not less than 27 inches and no more than 36 inches long. The preferred calling channel should be shown in the lower left quadrant and the preferred working channel should be shown in the lower right quadrant.

Note: It is recommended that the radiotelephone sign be similar in design to the Service Signs established by the Federal Highway Administration (FHWA) in U.S. Road Symbol Signs using Reflective Blue and Reflective White colors. Color and design information is available from the District Commander of the Coast Guard District in which the bridge is located.

§ 117.31 Operation of draw for emergency situations.

(a) When a drawtender is informed by a reliable source that an emergency vehicle is due to cross the draw, the drawtender shall take all reasonable measures to have the draw closed at the time the emergency vehicle arrives at the bridge.

(b) When a drawtender receives notice, or a proper signal as provided in §117.15 of this part, the drawtender shall take all reasonable measures to have the draw opened, regardless of the operating schedule of the draw, for passage of the following, provided this opening does not conflict with local emergency management procedures which have been approved by the cognizant Coast Guard Captain of the Port:

(1) Federal, State, and local government vessels used for public safety;

(2) Vessels in distress where a delay would endanger life or property;

(3) Commercial vessels engaged in rescue or emergency salvage operations; and

(4) Vessels seeking shelter from severe weather.

[CGD 91-016, 58 FR 20, Jan. 4, 1993]

§ 117.33 Closure of draw for natural disasters or civil disorders.

Drawbridges need not open for the passage of vessels during periods of natural disasters or civil disorders declared by the appropriate authorities unless otherwise provided for in Subpart B or directed to do so by the District Commander.

§ 117.35 Operations during repair or maintenance.

(a) When operation of the draw must deviate from the regulations in this part for scheduled repair or maintenance work, the drawbridge owner shall request approval from the District Commander at least 30 days before the date of the intended change. The request shall include a brief description of the nature of the work to be performed and the times and dates of requested changes. The District Commander’s decision is forwarded to the applicant within five working days of the receipt of the request. If the request is denied, the reasons for the denial are forwarded with the decision.

(b) When the draw is rendered inoperative because of damage to the structure or when vital, unscheduled repair or maintenance work shall be performed without delay, the drawbridge owner shall immediately notify the
§ 117.37 Opening or closure of draw for public interest concerns.

(a) For reasons of public health or safety or for public functions, such as street parades and marine regattas, the District Commander may authorize the opening or closure of a drawbridge for a specified period of time.

(b) Requests for opening or closure of a draw shall be submitted to the District Commander at least 30 days before the proposed opening or closure and include a brief description of the proposed event or other reason for the request, the reason why the opening or closure is required, and the times and dates of the period the draw is to remain open or closed.

(c) Approval by the District Commander depends on the necessity for the opening or closure, the reasonableness of the times and dates, and the overall effect on navigation and users of the bridge.

§ 117.39 Closure of draw due to infrequent use.

Upon written request by the owner or operator of a drawbridge, the District Commander may, after notice in the FEDERAL REGISTER and opportunity for public comment, permit the draw to be closed and untended due to infrequency of use of the draw by vessels. The District Commander may condition approval on the continued maintenance of the operating machinery.

§ 117.41 Maintenance of draw in fully open position.

The draw may be maintained in the fully open position to permit the passage of vessels and drawtender service discontinued if the District Commander is notified in advance. The draw shall remain in the fully open position until drawtender service is restored or authorization under § 117.39 is given for the draw to remain closed and untended.

§ 117.43 Changes in draw operation requirements for regulatory purposes.

In order to evaluate suggested changes to the drawbridge operation requirements, the District Commander may authorize temporary deviations from the regulations in this part for periods not to exceed 90 days. Notice of these deviations is disseminated in the Local Notices to Mariners and published in the FEDERAL REGISTER.

§ 117.45 Operation during winter season in the Great Lakes area.

(a) The Commander, Ninth Coast Guard District, may determine that drawbridges located in the Ninth Coast Guard District need not open during the winter season when general navigation is curtailed, unless a request to open the draw is given at least 12 hours before the time of the intended passage.

(b) Notice of these determinations is disseminated in Local Notices to Mariners and other appropriate media. Notices indicate—

(1) The name and location of the bridge affected;

(2) The period of time covered; and

(3) The telephone number and address of the party to whom requests for openings are given.

§ 117.47 Clearance gauges.

(a) Clearance gauges are required for drawbridges across navigable waters of the United States discharging into the Atlantic Ocean south of Delaware Bay (including the Lewes and Rehoboth Canal, DE) or into the Gulf of Mexico.
§ 117.49 Process of violations.

(a) Complaints of alleged violations under this part are submitted to the District Commander of the Coast Guard District in which the drawbridge is located.

(b) Penalties for violations under this part are assessed and collected under Subpart 1.07 of Part 1 of this chapter.

NOTE: Clearance gauge requirements, if any, for drawbridges other than those referred to in this section are listed in Subpart B under the appropriate bridge.

[CGD 82-025, 49 FR 17452, Apr. 24, 1984, as amended by CGD 84-022, 51 FR 16308, May 2, 1986; CGD 96-026, 61 FR 33664, June 28, 1996]

§ 117.51 Purpose.

This subpart prescribes specific requirements relating to the operation of certain drawbridges.

NOTE: The drawbridges under this subpart are listed by the waterway they cross and by the state in which they are located. Waterways are arranged alphabetically by state. The drawbridges listed under a waterway are generally arranged in order from the mouth of the waterway moving upstream. The drawbridges on the Atlantic Intracoastal Waterway are listed from north to south and on the Gulf Intracoastal Waterway from east to west.

§ 117.53 Applicability.

(a) The requirements in this subpart apply to the bridges listed and are in addition to, or vary from, the general requirements in Subpart A.

(b) A requirement in this subpart which varies from a general requirement in Subpart A supersedes the general requirement.

(c) All other general requirements in Subpart A not at variance apply to the bridges listed in this subpart.

(d) The draws of a number of the bridges listed in this subpart need not open for the passage of vessels during certain periods, however, this does not preclude the bridge owner from directing the drawtender to open the draw during these periods.

§ 117.55 Posting of requirements.

(a) The owner of each drawbridge under this subpart, other than removable span bridges, shall ensure that a sign summarizing the requirements in this subpart applicable to the bridge is posted both upstream and downstream of the bridge. The requirements to be posted need not include those in Subpart A or §§ 117.51 through 117.99.

(b) The signs shall be of sufficient size and so located as to be easily read at any time from an approaching vessel.

(c) If advance notice is required to open the draw, the signs shall also state the name, address, and telephone number of the person to be notified.

§ 117.57 Advance notice.

Owners and tenders of drawbridges requiring advance notice to open shall use all reasonable means to open the draw at the requested time and give due regard to the possibility that a brief delay may be experienced by the vessel giving the advance notice.

§ 117.59 Special requirements due to hazards.

For the duration of occurrences hazardous to safety or navigation, such as floods, freshets, and damage to the bridge or fender system, the District Commander may require the owner of an operational drawbridge listed in this subpart to have the bridge attended full time and open on signal.

ALABAMA

§ 117.101 Alabama River.

(a) The draw of the Burlington Northern Santa Fe railroad bridge, mile 105.3 at Coy, shall open on signal if at least 48 hours notice is given.

(b) The draw of the Illinois Central railroad bridge, mile 277 near Montgomery, shall open on signal if at least 24 hours notice is given.
§ 117.103 Bayou La Batre.

The draw of the S188 bridge, mile 2.3 at Bayou La Batre, shall open on signal; except that, the draw need not be opened from 8 p.m. to 4 a.m. daily, and from 6:30 to 8:30 a.m. and from 2 to 5 p.m. Monday through Saturday except holidays.

§ 117.121 Arkansas River

The draw of the Missouri Pacific Railroad bridge, mile 23.1 near Yancopin, shall open on signal if at least 96 hours notice is given.

§ 117.123 Arkansas Waterway-Automated Railroad Bridges.

(a) Across the Arkansas River, the draw of the Cotton Belt Railroad (Rob Roy) Bridge, Mile 67.4, is maintained in the closed position and is remotely operated. The following signals shall be used:

(1) The opening signal from the vessel for each of these bridges is three short blasts.

(2) The acknowledging signal is flashing white lights visible upstream and downstream. When the operator of the vessel sights the acknowledging signal, one prolonged blast shall be sounded.

(3) This signal is acknowledged by the bridge controller when the draw is to open by changing the flashing white lights visible upstream and downstream. When the operator of the vessel sights the acknowledging signal, one prolonged blast shall be sounded.

(4) This signal is acknowledged by the bridge controller when the draw is to open by changing the flashing white lights visible upstream and downstream. When the operator of the vessel sights the acknowledging signal, one prolonged blast shall be sounded.

(5) If the draw cannot open, flashing amber warning lights are flashed and four blasts are sounded, indicating that a train is approaching or that maintenance work is in progress.

(6) The vessel shall acknowledge that there is a delay by sounding four short blasts.

The draw of each bridge from the mouth to and including the N.W. 27th Avenue bridge, mile 3.7 at Miami, shall open on signal; except that, from 7:30 a.m. to 9 a.m. and 4:30 p.m. to 6 p.m. Monday through Friday except New Year’s, Independence, Labor, Veteran’s, Thanksgiving, and Christmas Days, the draws need not be opened for the passage of vessels. During the period of a
hurricane alert issued by the National Weather Bureau, all bridges shall open on signal. Public vessels of the United States and vessels in an emergency involving danger to life or property shall be passed at any time.

§ 117.307 Miami River, North Fork.
The draw of the Seaboard System Railroad bridge, mile 5.3 at Miami, shall open on signal from 8:30 a.m. to 5:30 p.m. Monday through Friday. At all other times, the draw shall open on signal if at least three hours notice is given.

§ 117.309 Nassau Sound.
The draw of the Fernandina Port Authority (SR A-1-A) bridge, mile 0.4 between Amelia Island and Talbot Island, shall open on signal from 6 a.m. to 6 p.m. if at least six hours notice is given. The draw need not be opened from 6 p.m. to 6 a.m.

§ 117.311 New pass.
The draw of the State Road 789 bridge, mile 0.0 at Sarasota, shall open on signal; except that from 7 a.m. to 6 p.m., the draw need open only on the hour, twenty minutes past the hour, and forty minutes past the hour. Public vessels of the United States, tugs with tows, and vessels in a situation where a delay would endanger life or property shall, upon proper signal, be passed at any time.

[CGD7-92-28, 58 FR 15422, Mar. 23, 1993]

§ 117.313 New River.
(a) The draw of the S.E. Third Avenue bridge, mile 1.4 at Fort Lauderdale, shall open on signal; except that, from 7:30 a.m. to 8:30 a.m. and 4:30 p.m. to 5:30 p.m. Monday through Friday, the draw need not be opened for the passage of vessels. Public vessels of the United States, regularly scheduled cruise vessels, tugs with tows, and vessels in distress shall be passed through the draw as soon as possible.

(b) The draw of the Andrews Avenue bridge, mile 2.3 at Fort Lauderdale, shall open on signal; however, the draw need not be opened for upbound vessels when the draw of the Florida East Coast railroad bridge, mile 2.5 at Fort Lauderdale, is in the closed position for the passage of a train.

§ 117.315 New River, South Fork.
(a) The draw of the Southwest 12th Street bridge, mile 0.9 at Fort Lauderdale, shall open on signal; except that, from 7:30 a.m. to 8:30 a.m. and 4:30 p.m. to 5:30 p.m. Monday through Friday, the draws need not be opened for the passage of vessels. Public vessels of the United States, regularly scheduled cruise vessels, tugs with tows, and vessels in distress shall be passed through the draw as soon as possible.

(b) The draw of the SR84 bridge, mile 4.4 at Fort Lauderdale, shall open on signal if at least 24 hours notice is given. Public vessels of the United States, regularly scheduled cruise vessels, tugs with tows, and vessels in distress shall be passed through the draw as soon as possible.

§ 117.317 Okeechobee Waterway.
(a) Exempt vessels. This term means public vessels of the United States, tugs with tows, and vessels in a situation where a delay would endanger life or property.

(b) Evans Crary (SR A1A) bridge, mile 3.4 at Stuart. The draw shall open on signal; except that from December 1 through May 1, from 7 a.m. to 6 p.m., Monday through Friday, except federal holidays, the draw need open only on the hour and half-hour. On Saturdays, Sundays, and federal holidays, December 1 through May 1, from 8 a.m. to 6 p.m., the draw need open only on the hour, 20 minutes after the hour, and 40 minutes after the hour. Exempt vessels shall be passed at any time.

(c) Florida East Coast Railroad bridge, mile 7.4 at Stuart. The draw shall operate as follows:

(1) The bridge is not constantly tended.

(2) The draw is normally in the fully open position, displaying flashing green lights to indicate that vessels may pass.

(3) When a train approaches the bridge, the navigation lights go to flashing red and a horn sounds four blasts, pauses, and then repeats four blasts. After an eight minute delay, the draw lowers and locks, providing the scanning equipment reveals nothing
under the draw. The draw remains down for a period of eight minutes or while the approach track circuit is occupied.

(4) After the train has cleared, the draw opens and the lights return to flashing green.

Roosevelt (US 1) bridge, mile 7.4 at Stuart. The draw shall open on signal; except Monday through Friday, except Federal holidays, from 7 a.m. to 6 p.m. the draw need open only on the hour and half hour. However, the draw need not open between 7:30 a.m. and 9 a.m. and 4 p.m. and 5:30 p.m. except at 8:15 a.m. and 4:45 p.m. On Saturdays, Sundays, and federal holidays from 8 a.m. to 6 p.m. the draw need open only on the hour, 20 minutes after the hour, and 40 minutes after the hour. When the adjacent railway bridge is in the closed position at the time of a scheduled opening the draw need not open, but it must then open immediately upon opening of the railroad bridge to pass all accumulated vessels. Exempt vessels shall be passed at any time.

Seaboard System Railroad bridge, mile 28.2 at Indiantown. The draw shall open on signal; except that, from 10 p.m. to 6 a.m. the draw shall open on signal if at least three hours notice is given.

Florida East Coast Railroad bridge, mile 38.0, at Port Mayaca.

(1) The bridge is not constantly tended.

(2) The draw is normally in the fully open position displaying flashing green lights to indicate that vessels may pass.

(3) When a train approaches the bridge it will stop and a crewmember will observe the waterway for approaching vessels, which will be allowed to pass. Upon manual signal, the bridge lights will go to flashing red, and the horn will sound four blasts, pause, then repeat four blasts, then the draw will lower and lock, providing scanning equipment reveals nothing under the span.

(4) After the train has cleared, the draw will open, and the lights will return to flashing green.

Belle Glade Dike (SR 71) bridge, mile 60.7 between Torry Island and Lake Shore. The draw shall open on signal from 7 a.m. to 6 p.m. Monday through Thursday, and from 7 a.m. to 7 p.m. Friday through Sunday. At all other times, the draw need not be opened for the passage of vessels.

Seaboard System Railroad bridge, mile 78.3 at Moore Haven. The draw shall open on signal; except that, from 10 a.m. to 6 a.m. the draw need not be opened for the passage of vessels.

Highway bridges at Moore Haven (mile 78.4) La Belle (mile 103.0), Denaud (mile 108.2), Alva (mile 116.0), and Olga (mile 126.3). The draws shall open on signal; except that, from 10 p.m. to 6 a.m. the draws shall open on signal if at least three hours notice is given.

Sanibel Causeway bridge, mile 151 at Punta Rassa. The draw shall open on signal; except that, from 11 a.m. to 6 p.m., the draw need open only on the hour, quarter hour, half hour, and three quarter hour. From 10 p.m. to 6 a.m. the draw will open on signal if at least a five minute advance notice is given. Exempt vessels shall be passed at any time.

Belle Glade Dike (SR 71) bridge, mile 60.7 between Torry Island and Lake Shore. The draw shall open on signal from 7 a.m. to 6 p.m. Monday through Thursday, and from 7 a.m. to 7 p.m. Friday through Sunday. At all other times, the draw need not be opened for the passage of vessels.

Seaboard System Railroad bridge, mile 78.3 at Moore Haven. The draw shall open on signal; except that, from 10 a.m. to 6 a.m. the draw need not be opened for the passage of vessels.

Highway bridges at Moore Haven (mile 78.4) La Belle (mile 103.0), Denaud (mile 108.2), Alva (mile 116.0), and Olga (mile 126.3). The draws shall open on signal; except that, from 10 p.m. to 6 a.m. the draws shall open on signal if at least three hours notice is given.

Sanibel Causeway bridge, mile 151 at Punta Rassa. The draw shall open on signal; except that, from 11 a.m. to 6 p.m., the draw need open only on the hour, quarter hour, half hour, and three quarter hour. From 10 p.m. to 6 a.m. the draw will open on signal if at least a five minute advance notice is given. Exempt vessels shall be passed at any time.

§ 117.319 Oklawaha River.

§ 117.325 St. Johns River.
(a) The draw of the Main Street (US17) Bridge, mile 24.7, at Jacksonville, shall open on signal except that, from 7 a.m. to 8:30 a.m. and from 4:30 p.m. to 6 p.m., Monday through Saturday except Federal holidays, the draws need not be opened for the passage of vessels. The draws shall open at any time for vessels in an emergency involving life or property.
(b) The draw of the Fuller Warren (I10-195) Bridge, mile 25.4, at Jacksonville, shall open on signal except that, from 7 a.m. to 9 a.m. and from 4 p.m. to 6 p.m., Monday through Friday except Federal holidays, the draws need not be opened for the passage of vessels. From 9 a.m. to 4 p.m., Monday through Friday except Federal holidays, except for tugs with tows, the draws need open only on the hour for the passage of vessels. The draws shall open at any time for vessels in an emergency involving life or property.
(c) The draw of the Florida East Coast automated railroad bridge, mile 24.9, shall operate as follows:
(1) The bridge shall be constantly tended and have a mechanical override capability for the automated operation. A radiotelephone shall be maintained at the bridge for the safety of navigation.
(2) The draw is normally in the fully open position, displaying flashing green lights to indicate that vessels may pass.
(3) When a train approaches, large signs on both the upstream and downstream sides of the bridge flash "Bridge Coming Down," the lights go to flashing red, and siren signals sound. After an eight minute delay, the draw lowers and locks if there are no vessels under the draw. The draw remains down for a period of eight minutes or while the approach track circuit is occupied.
(4) After the train has cleared, the draw opens and the lights return to flashing green.

§ 117.327 St. Marks River.
The draw of the U.S. 98-SR 30 bridge, mile 9.0 at Newport, need not be opened for the passage of vessels.

2. Section 117.391 is revised to read as follows:

§ 117.391 Chicago River.

The draws of the bridges operated by the City of Chicago shall operate as follows:

(a) For commercial vessels:
   (1) From April 1 through November 30—
      (i) The draws of the bridges across the Chicago River from its mouth to the junction of the North and South Branches, across the South Branch from the junction to and including the Roosevelt Road, and the Kinzie and Ohio Street bridges across the North Branch shall open on signal; except that, from Monday through Friday from 7:30 a.m. to 10 a.m., and 4 p.m. to 6:30 p.m., the draws need not be opened for the passage of commercial vessels.
      (ii) The draws of the bridges across the North Branch of the Chicago River at Grand Avenue, the bridges across the North Branch of the Chicago River north of the Ohio Street bridge to and including North Halsted Street, and bridges across the South Branch of the Chicago River North of South Halsted Street, shall open on signal; except that, from Monday through Friday from 7 a.m. to 8 a.m. and 5:30 p.m. to 6:30 p.m., the draws need not open for the passage of commercial vessels.
      (iii) The draws of the bridges across the North Branch of the Chicago River north of North Halsted Street and the South Branch of the Chicago River south of South Halsted Street shall open on signal; except that, from Monday through Friday from 7 a.m. to 8 a.m. and 5:30 p.m. to 6:30 p.m., the draws need not be opened for the passage of commercial vessels.

(b) In addition to the signals prescribed in §117.15, the following special visual signals shall be used on the bridges:

   (1) When the draw cannot be opened immediately, or is open and must be closed promptly, two red lights are flashed alternately.
   (2) When the draw can be opened immediately, two amber lights are flashed alternately.
   (3) When the draw is open for passage, two green lights are flashed alternately.

§ 117.389 Calumet River.

The draws of the Conrail bridges, miles 1.4 and 1.5 at Chicago, operate as follows:

(a) The draws shall open on signal; except that, if either one of the bridges is inoperable because of equipment breakdown, the other bridge need not be opened.

(b) In addition to the signals prescribed in §117.15, the following special visual signals shall be used on the bridges:

   (1) When the draw cannot be opened immediately, or is open and must be closed promptly, two red lights are flashed alternately.
   (2) When the draw can be opened immediately, two amber lights are flashed alternately.
   (3) When the draw is open for passage, two green lights are flashed alternately.

(2) From December 1 through March 31, the draws of the highway bridges across the Chicago River, the North Branch of the Chicago River, and the South Branch of the Chicago River shall open on signal if at least 12 hours notice is given. However, the bridges need not open during those periods of time specified in paragraphs (a)(1)(i), (ii) and (iii) of this section.

(b) For recreational vessels:
(1) From April 1 through November 30—
   (i) The draws shall be scheduled to open, before 1 p.m., twice on Saturdays and twice on Sundays if requests for passage have been received at least 20 hours in advance. If the bridges have been authorized to remain closed for portions of a Saturday or Sunday to accommodate special events, openings shall be scheduled after 1 p.m. as necessary to provide two openings per day.
   (ii) The draws shall open on Monday and Friday, after 6:30 p.m. Each opening requires notice that has been given at least 6 hours in advance of a vessel’s requested time of passage.
   (iii) The draws shall open on Wednesdays at 10 a.m., or as soon thereafter as practical, if a request for passage has been given at least 20 hours in advance.
   (iv) The draws shall open at times in addition to those listed in paragraphs (b)(1)(i) through (b)(1)(iii) of this section, after notice has been given at least 20 hours in advance requesting passage for a flotilla of at least five vessels. However, the bridges need not open during those periods of time specified in paragraphs (a)(1)(i), (ii) and (iii) of this section.
(2) From December 1 through March 31, the draws of the highway bridges across the Chicago River, the North Branch of the Chicago River, and the South Branch of the Chicago River need open on signal only if at least 48 hours notice is given. However, the bridges need not open during those periods of time specified in paragraphs (a)(1)(i), (ii) and (iii) of this section.

478
§ 117.393 Illinois Waterway.

(a) The draw of the automated Burlington Northern Santa Fe railroad bridge, mile 88.8 at Beardstown, Illinois, operates as follows:

1. The draw is normally maintained in the fully open position, displaying a green light to indicate that vessels may pass.

2. When a vessel is approaching and the draw is in the open position, contact shall be established by radiotelephone with the remote operator to assure that the draw remains open until passage is complete.

3. When a vessel is approaching and the draw is in the closed position, contact shall be established by radiotelephone with the remote operator. If the draw cannot be opened immediately, alternate flashing red lights are displayed. If the draw can be opened immediately, flashing amber lights are displayed.

4. When a train approaches the bridge and the draw is in the open position, the operator shall activate alternate flashing red lights on top of the draw, sound four short blasts, and scan the river on radar to determine whether any vessel is approaching the bridge. The remote operator shall also broadcast that the draw is closing. If a vessel or vessels are approaching the bridge within one mile, as determined by radar scanning, response to radio broadcast, or electronic detector, the flashing red lights shall be changed to flashing amber and the operator shall keep the draw in the fully open position until the vessel or vessels have cleared the bridge. If no vessel is approaching the bridge or is beneath the draw, the draw may be lowered and locked in place.

5. After the train has cleared the bridge, the draw shall be raised to its full height and locked in place, the red flashing lights stopped, and the draw lights changed from red to green.

(b) The draw of the Union Pacific railroad bridge, Mile 151.2, at Pekin, Illinois, is operated by a remote operator located at the Union Pacific offices in Chicago, Illinois, as follows:

1. The draw is normally maintained in the fully open position, displaying green mid-channel lights to indicate that the span is fully open.

2. The draw is equipped with the following:

(i) A radiotelephone link direct to the remote operator;
(ii) A horn for sound signals;
(iii) Eight high intensity amber warning lights, oriented upstream and downstream, with two secured to the uppermost chord and two secured to the lowermost chord of the drawspan;
(iv) A radar antenna on the lower portion of the drawspan capable of scanning one mile upstream and one mile downstream; and
(v) Infrared scanners located on the upstream and downstream ends of the channel span piers, to detect vessels or other obstructions under the bridge.

3. The remote operator shall maintain a radiotelephone watch for mariners to establish contact as they approach the bridge to ensure that the draw is open or that it remains open until passage is complete.

4. When a train approaches the bridge and the draw is in the open position, the remote operator initiates a ten minute warning period before closing the bridge. During this warning period, the amber lights begin flashing and a signal of four short blasts sounds on a horn. A synthesized-voice message is broadcast...
over the radiotelephone as follows: 
“The Union Pacific railroad bridge at 
Mile 151.2, Illinois River, will close to 
navigation in ten minutes.” The an-
ouncement is repeated every two min-
utes, counting down the time remain-
ing until closure.
(5) At the end of the ten minute 
warning period, the remote bridge op-
erator scans under the bridge using in-
fra red detectors and the upstream and 
downstream approaches to the bridge 
using radar to determine whether any 
vessels are under or are approaching 
the bridge. If any vessels are under or 
are approaching the bridge within one 
mile as determined by infrared or radar 
scanning or by a radiotelephone re-
sponse, the remote operator shall not 
close the bridge until the vessel or ves-
sels have cleared the bridge.
(6) If no vessels are under or ap-
proaching the bridge, the mid-channel 
navigation lights will change from 
green to red, the horn signal of four 
short blasts will sound, twice, and the 
radiotelephone message will change to: 
“The Union Pacific Railroad Bridge at 
Mile 151.2, Illinois River, is closed to 
navigation.” The message will repeat 
every two minutes and the amber 
lights will continue to flash until the 
bridge is fully reopened.
(7) If the infrared scanners detect a 
vessel or other obstruction under the 
bridge before the drawspan is fully low-
ered and locked, the closing sequence 
is stopped, automatically, and the 
drawspan is raised to its fully open po-
sition until the channel is clear. When 
obstruction has cleared the navigation 
span, the remote operator confirms 
that the channel is clear, and reiniti-
ates the ten-minute warning cycle.
(8) After the train has cleared the 
bridge, the remote operator initiates 
the lift span raising cycle. When the 
draw is raised to its full height and 
locked in place, the flashing lights stop 
and the mid-channel navigation lights 
change from red to green. The syn-
thesized voice announcement broad-
casts at two minute intervals for ten 
minutes that the bridge is reopened to 
navigation.
(c) The draws of the McDonough 
Street Bridge, mile 287.3; Jefferson 
Street Bridge, mile 287.9; Cass Street 
bridge, mile 288.1; Jackson Street 
bridge, mile 288.4; and Ruby Street 
bridge, mile 288.7; all of Joliet, shall 
open on signal, except that they need 
not open from 7:30 a.m. to 8:30 a.m. and 
from 4:15 p.m. to 5:15 p.m. Monday 
through Saturday.
(d) The drawspan of the Elgin, Joliet 
and Eastern Railway bridge, mile 290.1 
at Lockport, Illinois, is operated by re-
 mote operator located at the Elgin, J o-
lie t & Eastern offices in Gary, Indiana 
as follows:
(1) The drawspan is normally main-
tained in the fully open to navigation 
position displaying green center span 
navigation lights to indicate that the 
drawspan is fully open.
(2) The bridge is equipped with the 
following:
(i) A radiotelephone link direct to 
the remote operator;
(ii) A radar antenna on top of the 
drawspan capable of scanning the river, 
one mile upstream and one mile down-
stream;
(iii) Infrared boat detectors under the 
drawspan, to allow the remote bridge 
operator to detect vessels under the 
drawspan;
(iv) Electronic motion detectors 
under the drawspan to allow the re-
 mote bridge operator to detect vessel 
movement under the drawspan;
(v) A siren for sound signals; and 
(vi) Red and green center span navi-
gation lights.
(3) The remote bridge operator shall 
maintain a 24 hour VHF marine radio 
watch for mariners to establish contact 
as they approach the bridge to ensure 
that the drawspan is open or that it re-
 mains open until passage of river traf-
 fic is complete.
(4) When rail traffic approaches the 
bridge, and the drawspan is in the open 
position, the remote bridge operator 
initiates a one minute warning period 
before closing the drawspan. During 
this warning period, the remote oper-
ator shall broadcast at least twice, via 
marine radio, that: “The drawspan 
of the Elgin & E Railroad bridge will be low-
ered in one minute.” A siren on the 
bridge sounds for 20 seconds, to warn 
anyone on or under the bridge that the 
drawspan will be lowered.
(5) If a vessel is approaching the 
bridge upbound or, departing the Lock-
port Lock and Dam at mile 291.1,
Coast Guard, DOT § 117.411
downbound, with intentions of passing through the drawspan, they shall respond to the remote bridge operators’ marine radio broadcast, or initiate radio contact, indicating their proximity to the bridge and requesting an opening of the drawspan or that the drawspan remain open until the vessel passes. If any approaching vessel is detected or if a radiotelephone response is received, the remote operator shall not close the drawspan until the vessel or vessels have cleared the bridge.

(6) At the end of the one minute warning period, if no river traffic is approaching or under the drawspan, the remote bridge operator may begin lowering the drawspan. Navigation lights located at the center of the drawspan change from green to red when the drawspan is not in the fully open to navigation position. The drawspan takes approximately 90 seconds to lower.

(7) If the presence of a vessel or other obstruction is discovered approaching or under the drawspan, during the lowering sequence, before the drawspan is fully lowered and locked, the drawspan shall be stopped and raised to the fully open position. When the vessel or obstruction has cleared the drawspan, the remote operator shall confirm that the channel is clear and reinitiate the one minute warning cycle before lowering the drawspan.

(8) If no marine traffic is present the drawspan may be lowered and seated. When the drawspan is lowered and locked in the closed to navigation position, the remote bridge operator periodically broadcasts, via marine radio, that: “The drawspan of the EJ&E Railroad bridge is closed to navigation.”

(9) Failure of the radar system, radio telephone system, infrared boat detectors or electronic motion sensors shall prevent lowering the drawspan from the remote location.

(10) When rail traffic has cleared the bridge, the remote bridge operator shall raise the drawspan to the fully open to navigation position. When the drawspan is raised and in the fully open to navigation position, the remote bridge operator broadcasts, at least twice, via marine radio, that: “The drawspan of the EJ&E Railroad bridge is open to navigation.” The center drawspan navigation lights change from red to green when the drawspan is fully open to navigation.

§ 117.397 Wabash River.
The draws of each bridge across the Wabash River shall open on signal if at least 72 hours notice is given.

INDIANA
§ 117.401 Trail Creek.
The draw of the Amtrak bridge, mile 0.85 at Michigan City, shall open on signal from 6:30 a.m. to 2:30 p.m. daily except Sunday from February 16 through December 14. The draw is not manned at all other times. If passage is desired, the Chief Dispatcher, Amtrak at Chicago, shall be notified. Collect telephone calls are accepted. The dispatcher shall arrange to have the draw open within 20 minutes.

§ 117.403 Wabash River.

KANSAS
§ 117.411 Missouri River.
(a) The draws of the bridges across the Missouri River from the mouth to Sioux City, Iowa, shall open on signal; except that, from December 16 through the last day of February, the draws shall open on signal if at least 24 hours notice is given.

(b) The lift span of the A-S-B highway and railroad bridge, Mile 365.6, between Kansas City, Kansas, and Kansas
§ 117.415 City, Missouri, is operated from a remote location. Radiotelephone contact may be established with the remotely located bridge/train controller to request bridge openings. The bridge is also equipped with a directional microphone and horn to receive and deliver signals to vessels not equipped with a radiotelephone. Closed circuit TV cameras located at the bridge enable the remotely located bridge/train controller to view both river traffic and the bridge itself.

(1) When an approaching vessel requires a bridge opening, contact shall be established with the bridge/train controller by radiotelephone or appropriate signals prescribed in §117.15.

(2) The bridge/train controller will confirm by radiotelephone or sound signal that the bridge will open promptly.

(3) When rail traffic is on bridge, the bridge/train controller will inform the vessel that bridge cannot be opened and will also give an approximate time of bridge opening via radiotelephone. The bridge/train controller will indicate via sound signals that lift span cannot be opened if the vessel doesn’t have a radiotelephone, or if radiotelephone is not used.

(4) When the bridge is clear of rail traffic, the bridge/train controller will advise the waiting vessel by radiotelephone or sound signal of the intended opening. The lift span will be raised to its full height, and the midchannel bridge lights will change from red to green.

(5) The bridge/train controller will monitor the vessel’s passage via closed circuit TV and radiotelephone until it has cleared the bridge.

(6) When the vessel has cleared the draw, midchannel bridge navigation lights will change from green to red and the lift span will be lowered to the closed-to-navigation position.

(g) The draw of the Loop Parkway Bridge across Long Creek, mile 0.7, shall open on signal every other hour on the even hour; except that, from April 1 through October 31 on Saturdays, Sundays, and Federal holidays, the draw shall open on signal every three hours beginning at 3 a.m. If an opening is desired at other than a scheduled time, notice may be given.
§ 117.801 Newtown Creek, Dutch Kills, English Kills and their tributaries.

(a) The following requirements apply to all bridges across Newtown Creek, Dutch Kills, English Kills and their tributaries:

(1) Public vessels of the United States Government, state or local vessels used for public safety, and vessels in distress shall be passed through the draws of each bridge as soon as possible without delay at anytime. The opening signal from these vessels shall be four or more short blasts of a whistle, horn or radio request.

(2) The owners of each bridge shall provide and keep in good legible condition clearance gauges for each draw with figures not less that 12 inches high designed, installed and maintained according to the provisions of §118.160 of this chapter.

(3) Trains and locomotives shall be controlled so that any delay in opening the draw shall not exceed five minutes. However, if a train moving toward the bridge has crossed the home signal for the bridge before the signal requesting opening of the bridge is given, that train may continue across the bridge and must clear the bridge interlocks before stopping.

(4) Except as provided in paragraphs (b) through (e) of this section, each draw shall open on signal.

(b) The draws of the Long Island Railroad bridges, mile 1.1 across Dutch Kills, both at New York City shall open on signal if at least six hours notice is given to the Long Island Railroad Movement Bureau except as provided in paragraphs (a)(1) and (a)(3) of this section.

(c) The draw of the Borden Avenue bridge, mile 1.2 across Dutch Kills at New York City (NYC), shall open on signal if at least one hour advance notice is given to the drawtender at the Grand Street/Avenue bridge, mile 3.1 across Newtown Creek (East Branch), the New York City Department of Transportation (NYCDOT) Radio Hotline, or NYCDOT Bridge Operations Office. In the event the drawtender is at the Roosevelt Island bridge, mile 6.4 across East River of the Hunters Point Avenue bridge, mile 1.4 across Dutch Kills, New York, up to an additional half hour delay may be required.

(d) The draw of the Hunters Point Avenue bridge, mile 1.4 across Dutch Kill, New York City, shall open on signal if at least one hour advance notice is given to the drawtender at the Grand Street/Avenue bridge, mile 3.1 across Newtown Creek (East Branch), the New York City Department of Transportation (NYCDOT) Radio Hotline, or

§ 117.897 Willamette River.

(a) The draw of the following bridges operate as follows:

(1) The draws shall open on signal except that from 7 a.m. to 8:30 a.m. and 4 p.m. to 5:30 p.m. except Saturdays, Sundays, New Year’s Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, and Christmas Day or other days observed instead of these days under State law, the draws need not be opened for the passage of vessels. On weekdays, Monday through Friday, from 8 a.m. to 4:30 p.m., at least one hour notice shall be given for openings of the Burnside Bridge and Morrison Bridge. At all other times, at least two hours notice shall be given.
Notice shall be given by marine radio, telephone, or other means to the
drawtender at the Broadway Bridge for
vessels bound upstream and to the
drawtender at the Hawthorne Bridge
for vessels bound downstream. During
Rose Festival Week or when the water
elevation reaches and remains above
+12 feet, the draws will open on signal
without advance notice, except during
the normal closed periods identified
above. Opening signals are as follows:
(i) Broadway Bridge, Portland, mile
11.7, two prolonged followed by one
short blast.
(ii) Steel Bridge, Portland, mile 12.1,
one prolonged followed by one short
blast.
(iii) Burnside Bridge, Portland, mile
12.4, one prolonged followed by two
short blasts.
(iv) Morrison Bridge, Portland, mile
12.8, one prolonged followed by three
short blasts.
(v) Hawthorne Bridge, Portland, mile
13.1, one prolonged followed by four
short blasts.
(2) The closed periods do not apply to
harbor patrol or fire boats answering
calls and, for the Broadway Bridge
only, oceangoing vessels of 750 gross
tons or over.
(3) Signals to open shall be given by
vessels at a distance of at least 1,000
feet from the bridge, except in case of
a vessel leaving a wharf or anchorage
or when waiting less than 1,000 feet
from the bridge. In these cases, the sig-
nal must be given early enough to
allow the operator of the bridge suffi-
cient time in which to clear and open
the draw before arrival of the vessel.
(4) In case two vessels which are ap-
proaching from opposite directions
meet at or near the bridge, the vessel
bound downstream has the right of
way.
(b) The draws of the Union Pacific
railroad bridge, mile 84.3, at Salem;
mile 119.6, at Albany; and mile 164.3,
need not be opened on Saturdays, Sun-

§ 117.905 Schuylkill River.

(a) The following requirements apply to all drawbridges across the Schuylkill River:

(1) The draws of railroad bridges need not be opened when there is a train in the bridge block approaching the bridge with the intention of crossing, or within five minutes of the known time of the passage of a scheduled passenger train.

(2) The opening of a bridge may not be delayed more than five minutes for a highway bridge or 10 minutes for a railroad bridge, after the signal to open is given.

(3) The owners of drawbridges shall provide and keep in good legible condition two board gages painted white with black figures not less than six inches high to indicate the vertical clearance under the closed draw at all stages of the tide. The gages shall be so placed on the bridge that they are plainly visible to operators of vessels approaching the bridge either up or downstream.

(b) The draw of the Conrail railroad bridge, mile 0.3, and the Reading railroad bridge, mile 0.3 both at Easington, shall operate as follows:

(i) From May 15 through October 15:

(ii) From 11 p.m. to 7 a.m., the draw need not be opened for the passage of vessels.

(iii) Between 7 a.m. and 11 p.m., the draw shall open on signal at 7:15 a.m., 10:30 a.m., 1 p.m., 3 p.m., 7:30 p.m., and 10:30 p.m. and at all other times during these hours, if an opening will not unduly delay railroad operations.

(2) From October 16 through May 14, the draws shall open on signal if at least 24 hours notice is given.

(3) Any vessel which has passed through one of these bridges shall be passed through the draw of the other bridge without delay. When open for the passage of any vessel, these bridges shall remain open sufficiently long to permit the passage through both bridges of all vessels waiting to pass.

§ 117.997 Atlantic Intracoastal Waterway, South Branch of the Elizabeth River to the Albermarle and Chesapeake Canal.

(a) The draw of the Belt Line Railroad Bridge, mile 2.6, in Portsmouth and Chesapeake will operate as follows:

(1) The bridge will be left in the open position at all times and will only be lowered for the passage of trains and to perform periodic maintenance authorized in accordance with subpart A of this part.

(2) The bridge will be operated by the controller at the Berkley Yard office.

(3) The controller will monitor waterway traffic in the area of the bridge and directly beneath the bridge with closed circuit cameras mounted on top of the bridge and with surface navigational radar.

(4) When the bridge closes for any reason, the controller will announce 30 minutes in advance, 15 minutes in advance, and immediately proceeding the actual lowering, over marine channel 13, that the Belt Line Railroad Bridge is closing for river traffic. In each of these three announcements, the bridge/train controller will request all concerned river traffic to please acknowledge on marine channel 13.

(5) The bridge shall only be operated from the remote site if closed circuit visual and radar information shows there are no vessels in the area and no opposing radio communications have been received.

(6) While the Belt Line Bridge is moving from the full open position to the full closed position, the bridge/train controller will maintain constant surveillance of the navigational channel to ensure no conflict with maritime traffic exists. In the event of failure of a camera or the radar system, or loss
of marine-radio communications, the bridge shall not be operated by the off-site bridge/train controller from the remote location.

(7) If the off-site bridge/train controller's visibility of the navigational channel is less than ¾ of a mile, the bridge shall not be operated from the remote location.

(8) When the draw cannot be operated from the remote site, a bridgeworker must be called to operate the bridge in the traditional on-site manner.

(9) The Belt Line mid-channel lights will change from green to red anytime the bridge is not in the full open position.

(10) During the downward and upward span movement, a warning alarm will sound until the bridge is seated and locked down or in the full open position.

(11) When the bridge has returned to its full up position, the mid-channel light will turn from red to green, and the controller will announce over marine radio channel 13, “Security, security, security, the Belt Line bridge is open for river traffic.” Operational information will be provided 24 hours a day on marine channel 13 and via telephone (757) 543-1996 or (757) 545-2941.

(b) The draw of the semi-automated Union Pacific railroad bridge (Kalan Bridge), mile 323.4, near Kennewick, Washington, is normally maintained in the fully open position with no drawtender in attendance. A radar beacon (RACON) is located at the center of the drawspan. The RACON operates only when the drawspan is fully open, by responding with the Morse letter "K" to X-band radar signals. When necessary to close the drawspan for the passage of a train or for maintenance, a drawtender shall be dispatched to operate the draw from either of the remote control stations located at the ends of the bridge. Operation of the bridge shall be as follows:

(1) The drawtender shall broadcast a radio message over Channel 16–VHF to all vessels in the vicinity that the Kalan Bridge will be closing in two minutes. If after two minutes no response is received, the drawtender shall broadcast a message over Channel 13–VHF that the Kalan Bridge is closing. Both messages shall be broadcast twice.

(2) Prior to activating the closing sequence the drawtender shall visually inspect the waterway for marine traffic approaching the bridge. The closing sequence shall not be activated until after marine traffic has cleared the bridge.

(3) When the closing sequence is activated, the following functions occur automatically: The RACON is deactivated, red strobe lights on the lift towers and on the channel piers start flashing, a downward pointing arrow...
consisting of amber colored lights is displayed from the center of the drawspan and a recorded message is broadcast over Channel 13-VHF advising that the Kalan Bridge is closed to river traffic. The radio message is repeated every five minutes, the red lights continue to flash and the downward pointing arrow is displayed, until the lift span returns to the up and locked position. At the end of the ten minutes, a horn sounds for 30 seconds, the span begins closing and the centerspan navigation lights turn from green to red. The horn sounds for 30 seconds at 10 minute intervals, until the lift span returns to the up and locked position. (4) If for any reason during the closing sequence a danger is posed to marine traffic, the closing sequence shall be stopped and the bridge reopened until the threat of danger has passed. (5) If the bridge is to be temporarily closed for maintenance or for purposes other than the passage of a train, the drawtender shall continually monitor Channels 13 and 16 for calls from approaching vessels, and respond to inquiries from vessels about the closure. (6) After a train has cleared the bridge, the following functions occur automatically: The drawspan returns to the fully open and locked position, the RACON is reactivated, the arrow display and the red strobe lights are extinguished, the red centerspan navigation lights return to green and a recorded message is broadcast over Channel 13-VHF that the Kalan Bridge is open for marine traffic. (7) Bridge status information may be obtained by calling the commercial telephone number posted at the drawspan of the bridge. (c) The draw of the Burlington Northern Santa Fe railroad bridge at mile 328.0, between Pasco and Kennewick, shall open on signal from 8 a.m. to 4 p.m. At all other times the draw shall open on signal if at least 2 hour's notice is given through the General Yardmaster, Pasco, Washington. [CGD13 92-02, 57 FR 37712, Aug. 20, 1992] § 117.1037 Cowlitz River. (a) The draw of the Burlington Northern Santa Fe railroad bridge, mile 1.5, shall operate as follows: (1) The draw shall open on signal if at least 24 hour's notice is given. (2) In the event of an emergency declared by the Cowlitz County Department of Emergency Services, the bridge shall be capable of opening upon two hours notice. Notification of emergencies and requests for openings during emergencies are initiated through the Cowlitz County Department of Emergency Services. (3) The operating machinery of the draw shall be maintained in a serviceable condition and the draw shall be opened and closed at intervals frequent enough to make certain that the machinery is in proper order for satisfactory operation. (4) During periods of fog or similar periods of reduced visibility, the drawtender, after acknowledging the signal to open, shall toll a bell continuously during the approach and passage of the vessel. (b) The draw of the Allen Street Bridge, mile 5.5, need not open for the passage of vessels. [CGD13 91-01, 56 FR 23518, May 22, 1991] § 117.1039 [Reserved] § 117.1041 Duwamish Waterway. (a) The draws of each bridge across the Duwamish Waterway shall open on signal, except as follows: (1) From Monday through Friday, except Federal holidays, the draws of the First Avenue South Bridge, mile 2.5, need not be opened for the passage of vessels from 6 a.m. to 9 a.m. and from 3 p.m. to 6 p.m., except: The draws shall open at any time for a vessel of 5,000 gross tons and over, a vessel towing a vessel of 5,000 gross tons and over, and a vessel proceeding to pick up for towing a vessel of 5,000 gross tons and over. (2) The draws of the Fourteenth (Sixteenth) Avenue South highway bridge, mile 3.8, need not be opened for the passage of vessels from 6:30 a.m. to 8:00 a.m. and 3:30 p.m. to 5:00 p.m., Monday through Friday, except Federal holidays. § 118.3 Incorporation by reference.

(a) In this part, portions or the entire text of certain standards and specifications are incorporated by reference as the governing requirements for materials, equipment, tests, or procedures to be followed. These standards and specification requirements specifically referred to in this part are the governing requirements for the subject matters covered, unless specifically limited, modified, or replaced by the regulations.

(b) These materials are incorporated by reference into this part under 5 U.S.C. 552(a) with the approval of the Director of the Federal Register. The Office of the Federal Register publishes a table, “Material Approved for Incorporation by Reference,” which appears in the Finding Aids section of this volume. In that table are found citations to the particular sections of this part where the material is incorporated. To enforce any edition other than the one listed in paragraph (c) of this section, notice of the change must be published in the Federal Register and the material made available. All approved material is on file at the Office of the Federal Register, Washington, DC 20408 and at U.S. Coast Guard, Room 1410, 2100 Second Street, SW., Washington, DC 20593. Copies may be obtained from the sources indicated in paragraph (c) of this section.

(c) The materials approved for incorporation by reference in this part are:

Federal Highway Administration (FHWA), 400 Seventh Street, SW., Washington, DC 20590

[CGD 84-022, 51 FR 16313, May 2, 1986]

§ 118.5 Penalty for failure to maintain.

Any person required to maintain lights and other signals upon any bridge or abutment over or in the navigable waters of the United States who fails or refuses to maintain such lights and other signals, or to obey any of the lawful rules and regulations relating to the same is subject to a penalty as provided in 14 U.S.C. 85.

§ 118.10 Interference or obstruction prohibited.

No person shall obstruct or interfere with any lights or signals maintained in accordance with the regulations prescribed in this part.

§ 118.15 Penalty for interference or obstruction.

Any person violating the provisions of § 118.10 of this chapter shall be deemed guilty of a misdemeanor and be subject to a fine not exceeding $500 for each offense. Each day during which such violation shall continue shall be considered a new offense.

[40 FR 24898, June 11, 1975, as amended by CGD 75-046a, 42 FR 56954, Oct. 31, 1977]

§ 118.20 Obtaining information.

Persons desiring information concerning the marking of bridges shall address their inquiry to the District Commander having jurisdiction over the area concerned, or to the Commandant.

§ 118.25 Application procedure.

Approval of lights and other signals required shall be obtained, prior to construction, from the District Commander of the area in which the structure will be situated. Application shall be by letter accompanied by duplicate sets of drawings showing (a) plan and elevation of the structure showing lights and signals proposed, and (b)
§ 118.30 Action by Coast Guard.

(a) The District Commander receiving the application will review it and approve the lights and other signals proposed, or mark on the drawings, the lights and other signals required, and in the case of lights, cite the applicable section of this chapter which prescribes the lights required for the particular type bridge.

(b) Upon approval, one set of drawings will be returned to the applicant with the notation "navigational lights and/or other signals approved as shown", date, name and title of the District Commander.

§ 118.40 Modification of requirements.

(a) The District Commander may modify the requirements for the display of lights and other signals on any bridge when a change in local conditions warrants the modification.

(b) The District Commander may exempt bridges over waterways with no significant nighttime navigation from the lighting or other signal requirements in this part.

(c) The District Commander may prescribe special lighting or other signals in specific cases when the lighting or other signals in this part may not provide adequately for the safe passage of vessels.

(d) While a bridge is under construction, the District Commander prescribes the temporary lights and other signals to be displayed for the protection of navigation.

[CGD 84-022, 51 FR 16313, May 2, 1986]

§ 118.45 Lighting for the protection of aerial navigation.

The owner of a bridge which constitutes a hazard to aerial navigation should maintain, in addition to the lights prescribed in this part, such lights as may be prescribed by the Administrator, Federal Aviation Administration.

[40 FR 24998, June 11, 1975, as amended by CGD 75-046a, 42 FR 56954, Oct. 31, 1977]

§ 118.50 Inspection.

Lights and other signals required or authorized under this part are subject to inspection at any time by Coast Guard personnel or authorized agents.

[CGD 84-022, 51 FR 16313, May 2, 1986]

§ 118.55 Periods of operation.

(a) Lights shall be displayed from sunset to sunrise and at other times when the visibility is less than one mile.

(b) Operators shall not be required to exhibit the prescribed lights during seasons when vessels are unable to navigate in the vicinity of the bridge.

(c) The operation of signals other than lights shall be as prescribed by the District Commander. Each case shall be considered individually.

§ 118.60 Characteristics of lights.

All lights required or authorized under this part must be securely attached to the structure and of sufficient candlepower as to be visible against the background lighting at a distance of at least 2,000 yards 90 percent of the nights of the year. Lights must meet the requirements of this part. Lights shall be fixed lights excepting as provided in §§118.95, 118.110 and 118.150 of this part. Color specifications are not prescribed for bridge lights, however, the chromaticity standards for navigation lights in 33 CFR Part 84—Annex I are recommended.

§ 118.65 Lights on fixed bridges.

(a) Each fixed bridge span over a navigable channel shall be lighted so that the center of the navigable channel under each span will be marked by a range of two green lights, and each margin of each navigable channel will be marked by a red light: Provided, That when a margin of a channel is limited by a pier, only those lights prescribed in paragraph (b) of this section shall be required to mark such channel margin. The green lights shall each show through a horizontal arc of 360°; they shall be securely mounted just below the outermost edge of the bridge
§ 118.70 Lights on swing bridges.

33 CFR Ch. I (7–1–99 Edition)

span structure so as to be visible from an approaching vessel. Each red light shall show through a horizontal arc of 180°, and shall be securely mounted just below the outermost edge of the bridge span structure to show 90° on either side of a line parallel to the axis of the channel so as to be visible from an approaching vessel.

NOTE: Until such time that major repairs to or replacements of existing fixed span navigation lights colored green are made, it is permitted that only one of these lights marking the centerline of the same channel under a span shall be visible to an approaching vessel. When major repairs to or replacement of such existing green lights are made they shall conform with this paragraph.

(b) Pier lights. When the navigable channel extends from pier to pier or when piers are located within the navigable channel, each end of such piers shall be lighted with a red light. Each such light shall show through a horizontal arc of 180°, and shall be securely fastened at the end of the pier as low as practicable but not lower than 2 feet above navigable high water to show 90° on either side of a line parallel to the axis of the channel so as to be visible from an approaching vessel.

(c) Main channel. When necessary, the District Commander may prescribe that fixed bridges having two or more spans over a navigable channel shall have the main channel span marked with a set of three white lights arranged in a vertical line directly above each green light on the main channel span. Each white light shall show through a horizontal arc of 180°, and shall be securely mounted so that ½ of the horizontal arc will show on either side of a line parallel to the axis of the channel. These three white lights shall be securely mounted on the bridge structure and spaced as nearly 15 feet apart as the structure of the bridge will permit, with a minimum spacing of 7 feet. The lowest white light in the line of these lights shall be placed not less than 10 nor more than 15 feet above each green light on the main channel span.

NOTE: Until such time that major repairs to or replacements of existing main channel lights showing white are made, it is permitted that these lights show through a horizontal arc of not less than 60° nor more than 180° with ½ of such arc showing either side of a line parallel to the axis of the main channel. When major repairs or replacement of such existing white lights are made, they shall conform with this paragraph.

[40 FR 24998, June 11, 1975, as amended by CGD 75–046a, 42 FR 56954, Oct. 31, 1977]

§ 118.70 Lights on swing bridges.

(a) Swing span lights on through bridges. Each swing span of every through swing bridge shall be lighted with three lanterns so that when viewed from an approaching vessel the swing span when closed will display three red lights on top of the span structure, one at each end of the span on the same level and one at the center of the span no less than 10 feet above the other two lights, and when open for navigation will display three green lights on top of the span structure in a line parallel to and directly above the long axis of the span, one at each end of the span on the same level, and one at the center of the span no less than 10 feet above the other two lights. Each lantern shall show through alternate red and green horizontal arcs of 60° each, the axis of adjacent arcs to be 90° from each other; each light shall be securely mounted with the axis of the green arcs parallel to the long axis of the swing span.

(b) Swing span lights on deck and half-through bridges. Each swing span of every deck, half-through, girder, or similar type swing bridge shall be lighted with four lanterns so that when viewed from an approaching vessel the swing span when closed will display one red light at each end, and when open to navigation will display two green lights from each end. Each lantern shall show through one red and two green horizontal arcs of 60° each, the axis of each green arc to be 90° from the axis of the red arc; each light shall be securely mounted at the floor level of the span as near to the side of the span as practicable with the axis of the red light normal to the long axis of the swing span and so that the red light will be visible from an approaching vessel when the span is closed.

(c) Pier lights. Every swing bridge shall be lighted so that each end of the piers adjacent to the navigable channel (draw piers) or each end of their protection piers (draw pier protection piers) and each end of the piers protecting the pivot pier (pivot protection pier)
Coast Guard, DOT § 118.80

will be marked by a red light. Each of these lights shall show through a horizontal arc of 180° and shall be mounted as low as practicable below the floor level of the swing span to show 90° on either side of a line parallel to the axis of the channel so as to be visible from an approaching vessel.

(d) Axis lights. Every swing bridge shall be lighted so that the intersection of the bridge axis with each side of the pivot pier and the channel side of each draw pier which has a protection pier will be marked by a red light: Provided, That if the draw and draw protection piers are straight along their channel faces these lights shall not be required. Each such light shall show through a horizontal arc of 180°, and shall be mounted on the navigable channel face of the pier as low as practicable below the floor level of the swing span to show 90° on either side of a line normal to the axis of the navigable channel so as to be visible from an approaching vessel.

(e) Omission of lights. Where the permanent navigable channel passes on only one side of the pivot pier of any swing span, the District Commander may authorize the omission of lighting of the unused channel.

§ 118.75 Lights on single-opening drawbridges.

(a) Bridges in this class. Bridges of the folding, pontoon and similar type single opening drawbridges are included in this class.

(b) Draw span lights. Each draw span of every single opening drawbridge shall be lighted with two lanterns so that when viewed from an approaching vessel the draw span when closed will display two red lights, one at each end of the span and when open to navigation will display two green lights, one at each end of the span. Each lantern shall show alternate red and green horizontal arcs of 60° each, the axis of adjacent arcs to be located 90° from each other; each lantern shall be securely mounted 15 feet above the roadway with the axis of the green arcs parallel to the long axis of the swing span.

(c) Pier or abutment lights. Every swing bridge shall be lighted so that the end of each pier, abutment or fixed portion of the bridge adjacent to the navigable channel through the draw, or each end of the protection piers for such piers, abutments, or fixed portion of the bridge will be marked by a red light. Each such light shall show through an arc of 180°, and shall be securely mounted on the pier, abutment or fixed portion of the bridge as low as practicable to show 90° on either side of a line parallel to the axis of the channel so as to be visible from an approaching vessel.

§ 118.80 Lights on bascule bridges.

(a) Lift span lights. Each lift span of every bascule bridge shall be lighted so that the free end of the span will be marked on each side by a green light which shows only when the span is fully open for the passage of a vessel and by a red light which shows for all other positions of the lift span. Each red and each green light shall show through a horizontal arc of 180°. The lighting apparatus shall be securely mounted to the side of the span so that the light will show equally on either side of a line parallel to the axis of the channels, so that they will be visible from an approaching vessel.

NOTE: Until such time that major repairs to or replacement of lift span navigation lights are made, existing lights may show through a horizontal arc of less than 180°. When major repairs to or replacement of existing lights are made they shall conform with this paragraph.

(b) Multiple parallel lift span lights. The outermost side of each outer span of every bascule bridge with parallel multiple lifts shall be lighted as prescribed in paragraph (a) of this section; the lights shall be controlled so that the green lights will be displayed only when all spans are open for navigation. The inner sides of each outer lift span and both sides of each inner lift span of such bascule bridge shall be lighted by red lights for all positions of the lift span. These lights shall have the same arcs of illumination and shall be mounted as described in paragraph (a) of this section.

(c) Pier lights. Every bascule bridge shall be lighted so that each end of every pier, or protection pier where provided, in or adjacent to the navigable channels under the lift span or spans will be marked by a red light. Each such red light shall show through
§ 118.85  Lights on vertical lift bridges.

(a) Lift span lights. The vertical lift span of every vertical lift bridge shall be lighted so that the center of the navigable channel under the span will be marked by a range of two green lights when the vertical lift span is open for navigation, and by one red light on each side for all other positions of the lift span. The green lights shall each show through a horizontal arc of $360^\circ$; they shall be securely mounted just below the outermost edge of the bridge span structure so as to be visible from an approaching vessel. Each red light shall show through a horizontal arc of $180^\circ$, and shall be securely mounted just below the outermost edge of the lift span to show $90^\circ$ on either side of the line parallel to the axis of the navigable channel so as to be visible from an approaching vessel.

(b) Pier lights. Every vertical lift bridge shall be lighted so that each end of every pier in or adjacent to navi-
gable channels under the lift span, or each end of every protection pier when provided, will be marked by a red light. Each such light shall show through a horizontal arc of $180^\circ$, and shall be securely mounted as low as practicable on the end of the pier, or the protection pier, to show $90^\circ$ on either side of a line parallel to the axis of the navigable channel so as to be visible from an approaching vessel.

(c) Axis lights. Every bascule bridge which has at least one pier provided with a protection pier shall be lighted so that the intersection of the long axis of the lift span with the channel side of each pier, or protection pier, will be marked by a red light: Provided, That if all such piers and protection piers are straight along their channel faces these lights shall not be required. Each such red light shall show through a horizontal arc of $180^\circ$ and shall be securely mounted on the navigable channel face of the pier as low as practicable to show $90^\circ$ on either side of a line normal to the axis of the navigable channel so as to be visible from an approaching vessel.

NOTE: Until such time as major repairs to or replacement of lift span navigation lights are made, it is permitted that these lights show through a horizontal arc of not more than $60^\circ$. When major repairs to or replacement of such existing lights are made they shall conform with this paragraph.

(b) Pier lights. Every vertical lift bridge shall be lighted so that each end of every pier in or adjacent to navigable channels under the lift span, or each end of every protection pier when provided, will be marked by a red light. Each such light shall show through a horizontal arc of $180^\circ$, and shall be securely mounted as low as practicable on the end of the pier, or the protection pier, to show $90^\circ$ on either side of a line parallel to the axis of the navigable channel so as to be visible from an approaching vessel.

(c) Axis lights. Every lift bridge which has at least one pier provided with a protection pier shall be lighted so that the intersection of the lift span axis with the channel side of each pier adjacent to the navigable channel will be marked by a red light: Provided, That if every such pier, or protection pier, is straight along its channel face these lights shall not be required. Each such light shall show through a horizontal arc of $180^\circ$, and shall be securely mounted on the navigable channel face of the pier as low as practicable to show $90^\circ$ on either side of a line normal to the axis of the navigable channel so as to be visible from an approaching vessel.

33 CFR Ch. I (7-1-99 Edition)
(a) To better identify a hazardous pier.
(b) To provide a backup for red pier lights, red channel margin lights, and green mid channel lights, which are subject to vandalism or otherwise difficult to properly maintain. If the District Commander determines that the nominal nighttime visibility required is less than one-half mile, the panels must be at least six inches square. If the visibility required is more than one-half mile, the panels must be at least 12 inches square.
(c) To mark bridge piers or channel sides on bridges not required to have bridge lighting. Lateral significant red triangles and green square retroreflective panels shall be used. The panels shall be at least 36 square inches in area to provide a nominal nighttime visibility distance of at least one-half mile.

[CGD 84-022, 51 FR 16313, May 2, 1986]

§ 118.105 [Reserved]

§ 118.110 Daymarks and lateral lighting on bridges.

(a) The District Commander may require or authorize the marking of the margins of navigation channels through bridges with U.S. aids to navigation system lateral marks and lights installed on the superstructure or on the channel piers. The District Commander may also require or authorize the use of quick flashing, flashing, isophase or occulting red and green lights to mark the main channels.
(b) If lateral system lights are required or authorized to mark the main navigation channels, fixed yellow lights shall be used to mark the adjacent piers and the centerline of the channel shall be marked with the standard lateral system safe water mark and occulting white light, instead of the lights prescribed in §118.65.
(c) The District Commander may require or authorize the marking of the centerline of the navigation channel drawspan of floating drawbridges with a special mark, diamond in shape, yellow in color, and with a high intensity retroreflective material border. The District Commander may require or authorize the mark to exhibit a flashing yellow light Morse Code “B” characteristic. The mark may not be visible when the drawspan is in the open position.

[CGD 84-022, 51 FR 16313, May 2, 1986]

§ 118.120 Radar reflectors and racons.

The District Commander may require or authorize the installation of radar reflectors and racons on bridge structures, stakes, or buoys. Radar reflectors are used to mark the location of the edge of the navigation channel or bridge channel piers. Racons are used to mark the centerline of the channel.

[CGD 84-022, 51 FR 16313, May 2, 1986]

§ 118.130 Fog signals.

On waterways where visibility is frequently reduced due to fog or other causes, the District Commander may require or authorize the installation of one or more fog signals to warn the navigator of the presence of the bridge. The fog signals must conform to the installation, range, and sound frequencies provisions in Subpart 67.10 of Part 67 of this chapter. If more than one fog signal is installed on a bridge or in the vicinity, their characteristics must be different to distinguish each signal. The fog signals must be directional to the fullest extent possible to minimize adverse impact on local residents.

[CGD 84-022, 51 FR 16313, May 2, 1986]

§ 118.140 Painting bridge piers.

The District Commander may require painting the sides of bridge channel piers below the superstructure facing traffic white or yellow when they are significantly darkened by weathering or other causes so as to be poorly visible against a dark background.

[CGD 84-022, 51 FR 16314, May 2, 1986]

§ 118.150 Traveller platforms.

The District Commander may require under deck traveller platforms which may significantly reduce the vertical clearance when operated over navigation channels at night to be lighted with quick flashing red lights on each of the four lower corners.

[CGD 84-022, 51 FR 16314, May 2, 1986]
§ 118.160 Vertical clearance gauges.

(a) When necessary for reasons of safety of navigation, the District Commander may require or authorize the installation of clearance gauges. Except as specified in §117.47(b) of this chapter for certain drawbridges, clearance gauges must meet the requirements of this section.

(b) Clearance gauges must indicate the vertical distance between “low steel” of the bridge channel span and the level of the water, measured to the bottom of the foot marks, read from top to bottom. Each gauge must be installed on the end of the right channel pier or pier protection structure facing approaching vessels and extend to a reasonable height above high water so as to be meaningful to the viewer. Other or additional locations may be prescribed by the District Commander if particular conditions or circumstances warrant.

(c) Construction. Each gauge must be permanently fixed to the bridge pier or pier protection structure and made of a durable material of sufficient strength to provide resistance to weather, tide, and current. Gauges may be painted directly on the bridge channel pier or pier protection structure if the surface is suitable and has sufficient width to accommodate the foot marks (graduations) and numerals.

(d) Numerals. (1) Each gauge must be marked by black numerals and foot marks on a white background. Paint, if used, must be of good exterior quality, resistant to excessive chalking or bleeding. Manufactured numerals and background material may be used.

(2) The size, type, and spacing of numerals must conform to the Standard Alphabets for Highway Signs and the following table. The nominal day visibility distance is the distance at which the clearance information needs to be ascertained by approaching vessel operators. The District Commander determines this distance for each bridge.

(3) The length of the foot marks must be no less than the width of a single numeral used (except numerals 1 and 4), be the same thickness as the width of stroke of the numeral, and extend to the nearest margin of the white background. Foot marks must be spaced every foot for nominal day visibility of less than 500 feet, every two feet for a nominal day visibility of more than 500 feet but less than 1,000 feet, and every five feet for nominal day visibility of more than 1,000 feet.

(4) Intermediate foot marks may be used when more precise determination of actual clearance is necessary. Such intermediate foot marks must have a width of stroke one-half the width of the stroke required for the numeral and shall be three-quarters as long as the primary foot marks.

(5) The horizontal distance between the numeral and nearest edge of the white background shall be no less than one-half the width of a single numeral (excepting numerals 1 and 4).

(6) The minimum width of the white background shall be no less than three times the width of a single numeral (excepting numerals 1 and 4) plus the widths of each additional numeral (when multiple numerals are used plus numeral spacing).

(e) Maintenance. The owner or operator of the bridge shall maintain each gauge in good repair and legible condition. The bridge owner or operator is responsible for the accuracy of the gauge and shall remeasure the vertical distance of the numerals and foot marks below “low steel” of the bridge whenever the gauge is repainted or the structure is repaired.

PART 120—SECURITY OF PASSENGER VESSELS

Subpart A—General

Sec.
120.100 Does this part apply to me?
120.110 Definitions.
120.120 Incorporation by reference.

Subpart B—Security Program

120.200 What must my Vessel Security Program cover?
120.210 What are the responsibilities of my vessel security officer?
120.220 What must I do to report an unlawful act and related activity?

120.300 What is required to be in a Vessel Security Plan?
120.303 Who must submit a Terminal Security Plan?
120.305 What is the procedure for examination?
120.307 What do I do if I need to amend my Vessel Security Plan?
120.309 What is my right of appeal?

Subpart A—General

§ 120.100 Does this part apply to me?

This part applies to all passenger vessels over 100 gross tons, carrying more than 12 passengers for hire; making voyages lasting more than 24 hours, any part of which is on the high seas; and for which passengers are embarked or disembarked in the United States or its territories. It does not apply to ferries that hold Coast Guard Certificates of Inspection endorsed for “Lakes, Bays, and Sounds”, and that transit international waters for only short periods of time, on frequent schedules.

§ 120.110 Definitions.

As used in this part:

Captain of the Port (COTP) means the Commandant to command a Captain of the Port Zone as described in Part 3 of this chapter, or an authorized representative.

Commandant means the Commandant of the U.S. Coast Guard, or an authorized representative.

High seas means all waters that are neither territorial seas nor internal waters of the United States or of any foreign country as defined in Part 2, Subpart 2.05, of this chapter.

Operator means the person, company, or governmental agency, or the representative of a company or governmental agency, that maintains operational control over a passenger vessel or passenger terminal.

Passenger terminal means any structure used for the assembling, processing, embarking, or disembarking of passengers or baggage for vessels subject to this part. It includes piers, wharves, and similar structures to which a vessel may be secured; land and water under or in immediate proximity to these structures; buildings on or contiguous to these structures; and equipment and materials on or in these structures.

Security Level I means the degree of security precautions to take when the threat of an unlawful act against a vessel or terminal is, though possible, not likely.

Security Level II means the degree of security precautions to take when the threat of an unlawful act against a vessel or terminal is possible and intelligence indicates that terrorists are likely to be active within a specific area, or against a type of vessel or terminal.

Security Level III means the degree of security precautions to take when the threat of an unlawful act against a vessel or terminal is probable or imminent and intelligence indicates that terrorists have chosen specific targets.

Unlawful act means an act that is a felony under U.S. federal law, under the laws of the States where the vessel is located, or under the laws of the country in which the vessel is registered.

Voyage means the passenger vessel’s entire course of travel, from the first port at which the vessel embarks passengers until its return to that port or another port where the majority of the
§ 120.120 Incorporation by reference.

(a) Certain material is incorporated by reference into this part with the approval of the Director of the Federal Register in accordance with 5 U.S.C. 552(a) and 1 CFR Part 51. To enforce any edition other than that specified in paragraph (b) of this section, the Coast Guard must publish notice of change in the FEDERAL REGISTER and must make the material available to the public. All approved material may be inspected at the Office of the Federal Register, 800 North Capitol Street NW., Suite 700, Washington, DC, and at the U.S. Coast Guard, (G-MES), 2100 Second Street SW., Washington, DC. Copies may be obtained from IMO, 4 Albert Embankment, London SE1 7SR.

(b) The materials approved for incorporation by reference in this part and the sections affected are:

[CGD 91–012, 61 FR 37652, July 18, 1996]

§ 120.200 What must my Vessel Security Program cover?

(a) If this part applies to your passenger vessel, you must implement a program for that vessel that—

(1) Provides for the safety and security of persons and property traveling aboard the vessel, against unlawful acts;

(2) Prevents or deters the carriage aboard the vessel of any prohibited weapon, incendiary, or explosive, on or about any person or within his or her personal articles or baggage, and the carriage of any prohibited weapon, incendiary, or explosive, in stowed baggage, cargo, or stores;

(3) Prevents or deters unauthorized access to the vessel and to restricted areas aboard the vessel;

(4) Provides appropriate security measures for Security Levels I, II, and III that allow for increases in security when the Commandant or Captain of the Port (COTP) advises you that a threat of an unlawful act exists and may affect the vessel or any person aboard it;

(5) Designates, by name, a security officer for the vessel;

(6) Ensures that all members of the crew are adequately trained to perform their duties relative to security; and

(7) Provides for coordination with terminal security while in port.

(b) If this part applies to your passenger vessel, you must work with the operator of each terminal at which that vessel embarks or disembarks passengers, to provide security for the passengers and the vessel. You need not duplicate any provisions fulfilled by the terminal unless directed to by the Commandant. When a provision is fulfilled by the terminal, the applicable section of the Vessel Security Plan required by §120.300 must refer to that fact.

[CGD91–012, 63 FR 5390, Oct. 6, 1998]
§ 120.220 What must I do to report an unlawful act and related activity?

(a) Either you or the vessel security officer must report each breach of security, unlawful act, or threat of an unlawful act against any of your passenger vessels to which this part applies, or against any person aboard it, that occurs in a place subject to the jurisdiction of the United States. You must report the incident to both the COTP and to the local office of the Federal Bureau of Investigation (FBI). Also, if your vessel is a U.S.-flag vessel, you must report each such incident that occurs in a place outside the jurisdiction of the United States to the hotline of the Response Center of the Department of Transportation at 1-800-424-0201, or, from within metropolitan Washington, D.C., at 202-267-2675.

(b) Either you or the vessel security officer must file a written report of the incident, using the form “Report on an Unlawful Act,” contained in IMO MSC Circular 443, which you or the officer must forward as soon as possible to Commandant (G-MOR), U.S. Coast Guard Headquarters, 2100 Second Street SW., Washington, DC 20593-0001. You may initially file the report with Commandant (G-MOR) by fax at (202) 267-4065 or -4085.

[CGD91-012, 63 FR 53590, Oct. 6, 1998]

§ 120.300 What is required to be in a Vessel Security Plan?

(a) If your passenger vessel is subject to this part, you must develop and maintain, in writing, for that vessel, an appropriate Vessel Security Plan that—

(1) Is unique to the vessel;

(2) Articulates the program required by §120.200; and

(3) Includes an appendix, for each port where the vessel embarks or disembarks passengers, that contains port-specific security information.

(b) The Vessel Security Plan must be developed and maintained under the guidance in IMO MSC Circular 443, and must establish security measures to take for Security Levels I, II, and III, to—

(1) Deter unauthorized access to the vessel and its restricted areas;

(2) Deter the introduction of prohibited weapons, incendiaries, or explosives aboard the vessel;

(3) Encourage vigilance, as well as general awareness of security, aboard the vessel;

(4) Provide adequate training to members of the crew for security aboard the vessel;

(5) Coordinate responsibilities for security with the operator of each terminal where the vessel embarks or disembarks passengers; and

(6) Provide information to members of the crew and to law-enforcement personnel, in case of an incident affecting security.

(c) You must amend the Vessel Security Plan to address any known deficiencies.

(d) You must restrict the distribution, disclosure, and availability of information contained in the Vessel Security Plan to those persons with an operational need to know.

[CGD91-012, 63 FR 53590, Oct. 6, 1998]

§ 120.303 Who must submit a Terminal Security Plan?

(a) You must submit a Terminal Security Plan whenever—

(1) There is an agreement with the owner or operator of a terminal that you will submit the Plan;

(2) You have exclusive use of the pier and terminal building immediately adjacent to the pier and have complete control of that area;

(3) There is no terminal; or

(4) Passengers embark or disembark but no baggage or stores are loaded or offloaded.

(b) In the situations described in paragraphs (a)(3) and (4) of this section, you may, with the permission of the
§ 120.305 What is the procedure for examination?

(a) You must submit two copies of each Vessel Security Plan required by §120.300, or of any Terminal Security Plan or annex required or permitted under §120.303 or §128.305 of this chapter, to the Commanding Officer, National Maritime Center (NMC), 4200 Wilson Blvd., Suite 510, Arlington, Virginia 22203, for examination at least 60 days before embarking passengers on a voyage described in §120.100.

(b) If the Commanding Officer of the NMC, finds that the Vessel Security Plan meets the requirements of §120.300, he or she will return a copy to you marked ‘Examined by the Coast Guard.’

(c) If the Commanding Officer of the NMC, finds that the Vessel Security Plan does not meet the requirements of §120.300, he or she will return the Plan with an explanation of why it does not meet them.

(d) No vessel subject to this part may embark or disembark passengers in the United States, unless it holds either a Vessel Security Plan that we have examined or a letter from the Commanding Officer of the NMC, stating that we are currently reviewing the Plan and that normal operations may continue until we have determined whether the Plan meets the requirements of §120.300.

[CGD91–012, 63 FR 53591, Oct. 6, 1998]

§ 120.307 What do I do if I need to amend my Vessel Security Plan?

(a) If your passenger vessel is subject to this part, you must amend your Vessel Security Plan when directed by the Commanding Officer of the NMC, and may amend it on your own initiative.

(b) You must submit each proposed amendment to the Vessel Security Plan you initiate, including changes to any appendix required by §120.300(a)(3), to the Commanding Officer of the NMC, for review, at least 30 days before the amendment is to take effect, unless he or she allows a shorter period. He or she will examine the amendment and respond according to §120.305.

(c) The Commanding Officer of the NMC, may direct you to amend your Vessel Security Plan if he or she determines that implementation of the Plan is not providing effective security. Except in an emergency, he or she will issue you a written notice of matters to address and will allow you at least 60 days to submit proposed amendments.

(d) If there is an emergency or other circumstance where the COTP determines that implementation of the Plan is not providing effective security, and the procedures in paragraph (c) of this section are impracticable, the COTP may give you an order to implement increases in security immediately. The order will incorporate a statement of the reasons for it.

[CGD91–012, 63 FR 53591, Oct. 6, 1998]

§ 120.309 What is my right of appeal?

Any person directly affected by a decision or action taken by the Commanding Officer of the NMC, under this part, may appeal that action or decision to the Assistant Commandant for Marine Safety and Environmental Protection [Commandant (G–M)] according to the procedures in 46 CFR 1.03–15.
