(b) Subject to the requirements of paragraph (c) of this section, the following entities are eligible for an award under the Postsecondary and Adult Vocational Education Programs:

(1) An institution of higher education as defined in § 403.117(b), including a nonprofit institution that satisfies the conditions set forth in § 403.111(d)(14).

(2) A local educational agency serving adults.

(3) An area vocational education school serving adults that offers or will offer a program that meets the requirements of § 403.111 and seeks to receive assistance under the Secondary School Vocational Education Program or the Postsecondary and Adult Vocational Education Programs.

(c) Only an entity that provides or will provide vocational education in a program that meets the requirements of § 403.111 is eligible to receive an award under the Secondary School Vocational Education Program or the Postsecondary and Adult Vocational Education Program.

(Authority: 20 U.S.C. 2341(a) and (d); 2341a (a) and (d)(1); and 2342(c))

§ 403.111 How must funds be used under the Secondary School Vocational Education Program and the Postsecondary and Adult Vocational Education Programs?

(a)(1) Each eligible recipient that receives an award under § 403.112, § 403.113, or § 403.116 shall use funds under that

award to improve vocational education programs.

(2) Projects assisted with funds awarded under § 403.112, § 403.113, or § 403.116 must—

(i) Provide for the full participation of individuals who are members of special populations by providing the supplementary and other services required by § 403.190(b) necessary for them to succeed in vocational education; and

CROSS-REFERENCE: See appendix A to part 403 and §§ 403.190(c) and 403.193(e).

(ii) Operate at a limited number of sites or with respect to a limited number of program areas.

(3) If an eligible recipient that receives an award under § 403.112, § 403.113, or § 403.116 meets the requirements in this section and §§ 403.190(b) and 403.193, it may use those Federal funds to serve students who are not members of special populations.

(b) Each eligible recipient that receives an award under § 403.112, § 403.113, or § 403.116 shall give priority for assistance under those sections to sites or program areas that serve the highest concentrations of individuals who are members of special populations.

Examples: Methods by which an eligible recipient may give priority to sites or program areas that serve the highest concentrations of individuals who are members of special populations include, but are not limited to, the following:

Example 1: Method to give priority to a limited number of sites. Based on data from the preceding fiscal year—

(a) First, a local educational agency ranks each site based on the percentage of the site's total enrollment of students who are members of special populations.

(b) Second, the local educational agency establishes a funding cut-off point for sites above the district-wide percentage of special populations enrollment. The local educational agency funds sites above the cut-off point but does not fund sites below that point.

Example 2: Method to give priority to a limited number of program areas. Based on data from the preceding fiscal year—

(a) First, a postsecondary institution ranks each program area based on the percentage of the program area's total enrollment of students who are members of special populations.

(b) Second, the postsecondary institution establishes a funding cut-off point for program areas that rank above the institution-

§403.112

34 CFR Ch. IV (7-1-99 Edition)

wide average percentage of special populations enrollment. The postsecondary institution funds projects in a program area that is above the cut-off point but does not fund projects in program areas below that point.

Example 3: Method to give priority to a limited number of sites. Based on data from the preceding fiscal year—

(a) First, an LEA or postsecondary institution identifies a site with a high concentration of special populations;

(b) Second, the LEA or postsecondary institution identifies a program area at the site (such as health occupations) in which the participation rate for members of special populations has been lower than the overall rate of participation for members of special populations at the site; and

(c) Third, the LEA or postsecondary institution funds a project at the site designed to improve the participation rate of members of special populations in that program area.

NOTE TO EXAMPLES IN §403.111: Absolute counts of special population members may be used to determine the sites or program areas with the highest concentrations of special population members instead of, or in combination with, percentages of special population members.

(c) Funds made available from an award under §403.112, §403.113, or §403.116 must be used to provide vocational education in programs that—

(1) Are of sufficient size, scope, and quality as to be effective;

(2) Integrate academic and vocational education in those programs through coherent sequences of courses so that students achieve both academic and occupational competencies; and

(3) Provide for the equitable participation of members of special populations in vocational education consistent with the assurances and requirements in §§403.190(b) and 403.193, so that these populations have an opportunity to enter vocational education that is equal to that afforded to the general student population.

CROSS-REFERENCE: See appendix A to part 403.

(d) In carrying out the provisions of paragraph (c) of this section, an eligible recipient under §§403.112, 403.113, or §403.116 may use funds for activities that include, but are not limited to—

(1) Upgrading of curriculum;

(2) Purchase of equipment, including instructional aids;

(3) Inservice training of both vocational instructors and academic instructors working with vocational edu-

cation students for integrating academic and vocational education;

(4) Guidance and counseling;

(5) Remedial courses;

(6) Adaptation of equipment;

(7) Tech-prep education programs;

(8) Supplementary services designed to meet the needs of special populations;

(9) Payment in whole or in part with funds under §403.112, §403.113, or §403.116 for a special populations coordinator, who must be a qualified counselor or teacher, to ensure that individuals who are members of special populations are receiving adequate services and job skill training;

(10) Apprenticeship programs;

(11) Programs that are strongly tied to economic development efforts in the State;

(12) Programs that train adults and students for all aspects of an occupation in which job openings are projected or available;

(13) Comprehensive mentor programs in institutions of higher education offering comprehensive programs in teacher preparation, which seek to use fully the skills and work experience of individuals currently or formerly employed in business and industry who are interested in becoming classroom instructors and to meet the need of vocational educators who wish to upgrade their teaching competencies; or

(14) Provision of education and training through arrangements with private vocational training institutions, private postsecondary educational institutions, employers, labor organizations, and joint labor-management apprenticeship programs if those institutions, employers, labor organizations, or programs can make a significant contribution to obtaining the objectives of the State plan and can provide substantially equivalent training at a lesser cost, or can provide equipment or services not available in public institutions.

§403.112 How does a State allocate funds under the Secondary School Vocational Education Program to local educational agencies?

(a) *Reservation of funds.* From the portion of its allotment under

§ 403.180(b)(1) for the basic programs, each fiscal year a State may reserve funds for the Secondary School Vocational Education Program.

(b) *General rule.* Except as provided in paragraphs (c) and (d) of this section and § 401.119, a State shall distribute funds reserved for the Secondary School Vocational Education Program to local educational agencies (LEAs) according to the following formula:

(1) From 70 percent of the amount reserved, an LEA must be allocated an amount that bears the same relationship to the 70 percent as the amount the LEA was allocated under section 1005 of chapter 1 (20 U.S.C. 2711) in the fiscal or program year preceding the fiscal or program year in which the allocation is made bears to the total amount received under section 1005 of chapter 1 by all LEAs in the State in that preceding year.

(2) From 20 percent of the amount reserved, an LEA must be allocated an amount that bears the same relationship to the 20 percent as the number of students with disabilities who have individualized education programs under section 614(a)(5) of the IDEA served by the LEA in the fiscal or program year preceding the fiscal or program year in which the allocation is made bears to the total number of those students served by all LEAs in the State in that preceding year.

(3) From 10 percent of the amount reserved, an LEA must be allocated an amount that bears the same relationship to the 10 percent as the number of students enrolled in schools and adults enrolled in vocational education training programs under the jurisdiction of the LEA in the fiscal or program year preceding the fiscal or program year in which the allocation is made bears to the number of students enrolled in schools in kindergarten through 12th grade and adults enrolled in vocational education training programs under the jurisdiction of all LEAs in the State in that preceding year.

Example: Assume that a State has reserved \$5,000,000 of its basic programs funds under Title II of the Act for secondary school programs.

(a)(1) All LEAs in the State were allocated a total of \$80,000,000 under section 1005 of Chapter 1 in the preceding fiscal year. Of

that amount, school district "A" was allocated \$400,000.

(2) The allocation for school district "A" is calculated by multiplying \$3,500,000 (70 percent of \$5,000,000) by .005 of the State total (\$400,000÷\$80,000,000). The allocation for school district "A" would be \$17,500 under paragraph (b)(1) of this section.

(b)(1) All LEAs in a State served a total of 100,000 students with disabilities who have individualized education programs under section 614(a)(5) of the IDEA in the preceding fiscal year. Of that total, school district "A" served 400 of those students in the preceding fiscal year.

(2) The allocation for school district "A" is calculated by multiplying \$1,000,000 (20 percent of \$5,000,000) by .004 of the State total (400÷100,000). The allocation for school district "A" would be \$4,000 under paragraph (b)(2) of this section.

(c)(1) All LEAs in a State enrolled a total of 1,000,000 students (including adults enrolled in vocational education training programs in those LEAs) in the preceding fiscal year. Of that number school district "A" enrolled 3,500 of those students in the preceding fiscal year.

(2) The allocation for school district "A" is calculated by multiplying 500,000 (10 percent of \$5,000,000) by .0035 of the State total (3,500÷1,000,000). The allocation for school district "A" would be \$1,750 under paragraph (b)(3) of this section.

(c) *Exception to the general rule.* In applying the provisions in paragraph (b) of this section, a State may not distribute funds to an LEA that operates only elementary schools, but shall instead distribute funds that would have been allocated for those ineligible LEAs as follows:

(1) If an LEA that operates only elementary schools sends its graduating students to a single local or regional educational agency that provides secondary school services to secondary school students in the same attendance area, a State shall distribute to that local or regional educational agency any amounts under paragraph (b) of this section that would otherwise have been allocated to LEAs operating only elementary schools.

(2) If an LEA that operates only elementary schools sends its graduating students to two or more local or regional educational agencies that provide secondary school services to secondary students in the same attendance area, the State shall distribute to those local or regional educational

§ 403.113

34 CFR Ch. IV (7–1–99 Edition)

agencies an amount based on the proportionate number of students each agency received in the previous year from the LEA that operates only elementary schools.

(d)(1) *Minimum grant amount.* Except as provided in paragraph (d)(3) of this section, an LEA is not eligible for a grant under the Secondary School Vocational Education Program unless the amount allocated to the LEA under paragraph (b) of this section is not less than \$15,000.

(2)(i) An LEA may enter into a consortium with one or more LEAs for the purpose of providing services under the Secondary School Vocational Education Program in order to meet the minimum grant requirement in paragraph (d)(1) of this section.

(ii) A consortium arrangement under paragraph (d)(2)(i) of this section must serve primarily as a structure for operating joint projects that provide services to all participating local educational agencies.

(iii) A project operated by a consortium must meet the size, scope, and quality requirement of § 403.111(c)(1).

Example: Under the distribution formula for the Secondary School Vocational Education Program, three LEAs earn \$5,000 each (which is less than the \$15,000 minimum grant amount for each LEA). The LEAs form a consortium in order to receive an award. One of the LEAs is designated as the fiscal agent for the consortium and receives the \$15,000 award for the consortium. The consortium may operate and fund with the \$15,000 a project or projects for the benefit of all participating LEAs. The fiscal agent of the consortium may not subgrant back to the participating LEAs the amounts they contributed to the consortium.

(3) A State may waive paragraph (d)(1) of this section in any case in which the LEA—

(i) Is located in a rural, sparsely populated area;

(ii) Demonstrates that it is unable to enter into a consortium for purposes of providing services under the Secondary School Vocational Education Program; and

(iii) Demonstrates that the projects to be assisted meet the size, scope, and quality requirements in § 403.111(c)(1).

(4) Any amounts that are not distributed by reason of paragraph (d)(1) of this section must be redistributed in

accordance with the provisions in paragraph (b) of this section.

CROSS-REFERENCE: See 34 CFR 403.113(d).

(Authority: 20 U.S.C. 2341 (a), (b), and (c))

§ 403.113 How does a State allocate funds under the Secondary School Vocational Education Program to area vocational education schools and intermediate educational agencies?

(a) A State shall distribute funds reserved under § 403.112(a) directly to the appropriate area vocational education school or intermediate educational agency in any case in which—

(1) The area vocational education school or intermediate educational agency and an LEA—

(i) Have formed or will form a consortium for the purpose of receiving funds reserved under § 403.112(a); or

(ii) Have entered into or will enter into a cooperative arrangement for the purpose of receiving funds reserved under § 403.112(a); and

(2)(i) The area vocational education school or intermediate educational agency serves a proportion of students with disabilities and students who are economically disadvantaged that is approximately equal to or greater than the proportion of those students attending the secondary schools under the jurisdiction of all of the LEAs sending students to the area vocational education school or the intermediate educational agency; or

(ii) The area vocational education school or intermediate educational agency demonstrates that it is unable to meet the criterion in paragraph (a)(2)(i) of this section due to the lack of interest by students with disabilities and students who are economically disadvantaged in attending vocational education programs in that area vocational education school or intermediate educational agency.

(b) If an area vocational education school or intermediate educational agency meets the requirements of paragraph (a) of this section, then the amount that would otherwise be allocated to the LEA may be distributed to the area vocational education school, the intermediate educational agency, and the LEA—

(1) Based on each school's or entity's relative share of students with disabilities and students who are economically disadvantaged who are attending vocational education programs that meet the requirements of § 403.111 (based, if practicable, on the average enrollment for the prior 3 years); or

(2) On the basis of an agreement between the LEA and the area vocational education school or intermediate educational agency.

(c) Notwithstanding paragraphs (a) and (b) of this section, and §§ 403.114 and 403.115, prior to distributing funds to any LEA that would receive an allocation that is not sufficient to conduct a program that meets the requirements of § 403.111(c), a State shall encourage the LEA to—

(1) Form a consortium or enter a cooperative agreement with an area vocational education school or intermediate educational agency offering programs that meet the requirements of § 403.111(c), and that are accessible to economically disadvantaged students and students with disabilities that would be served by the LEA; and

(2) Transfer its allocation to an area vocational education school or intermediate educational agency.

(d) If an LEA's allocation under § 403.112 meets the minimum grant requirement in § 403.112(d), and the allocation is distributed in part to an area vocational education school or an intermediate educational agency pursuant to paragraphs (a) and (b) of this section, the LEA may retain the amount not distributed to the area vocational education school or an intermediate educational agency even though that amount is less than the minimum grant required by § 403.112(d).

(Authority: 20 U.S.C. 2341(d) (1), (2), and (5))

§ 403.114 How does a State determine the number of economically disadvantaged students attending vocational education programs under the Secondary School Vocational Education Program?

(a) For the purposes of § 403.113, a State may determine the number of economically disadvantaged students attending vocational education programs on any of the following bases:

(1) Eligibility for one of the following:

(i) Free or reduced-price meals under the National School Lunch Act (42 U.S.C. 1751 *et seq.*).

(ii) The program for aid to Families with Dependent Children under part A of title IV of the Social Security Act (42 U.S.C. 601).

(iii) Benefits under the Food Stamp Act of 1977 (7 U.S.C. 2011).

(iv) To be counted for purposes of section 1005 of chapter 1.

(v) Participation in programs assisted under title II of the JTPA.

(2) Receipt of a Pell grant or assistance under a comparable State program of need-based financial assistance.

(3) Status of an individual who is determined by the Secretary to be low-income according to the latest available data from the Department of Commerce or the Department of Health and Human Services Poverty Guidelines.

(4) Other indices of economic status, including estimates of those indices, if the State demonstrates to the satisfaction of the Secretary that those indices are more representative of the number of economically disadvantaged students attending vocational education programs. The Secretary determines, on a case-by-case basis, whether other indices of economic status are more representative of the number of economically disadvantaged students attending vocational education programs, taking into consideration, for example, the statistical reliability of any data submitted by a grantee as well as the general acceptance of the indices by other agencies in the State or local area.

(b) If a State elects to use more than one factor described in paragraph (a) of this section for purposes of determining the number of economically disadvantaged students enrolled in vocational education programs, the State shall ensure that the data used are not duplicative.

(b) *General rule.* (1) A State shall distribute funds reserved for Postsecondary and Adult Vocational Education Programs to eligible institutions or consortia of eligible institutions within the State.

(2) Except as provided in paragraph (c) of this section and §§ 403.118 and 403.119, each eligible institution or consortium of eligible institutions must receive an amount that bears the same relationship to the amount of funds reserved for the Postsecondary and Adult Vocational Education Programs as the number of Pell Grant recipients and recipients of assistance from the Bureau of Indian Affairs enrolled in programs meeting the requirements of § 403.111, including meeting the definition of vocational education in 34 CFR 400.4, offered by the eligible institution or consortium of eligible institutions in the fiscal or program year preceding the fiscal or program year in which the allocation is made bears to the number of those recipients enrolled in these programs within the State in that preceding year.

(c) *Minimum grant amount.* (1) A State may not provide a grant under paragraph (b) of this section to any institution or consortium of eligible institutions for an amount that is less than \$50,000.

(2) Any amounts that are not allocated by reason of paragraph (c)(1) of this section must be redistributed to eligible institutions or consortia of eligible institutions in accordance with the provisions of paragraph (b) of this section.

(d) In order for a consortium of eligible institutions to receive assistance under this section, the consortium must operate joint projects that—

(1) Provide services to all postsecondary institutions participating in the consortium; and

(2) Are of sufficient size, scope, and quality as to be effective.

[57 FR 36735, Aug. 14, 1992, as amended at 59 FR 38513, July 28, 1994]

§ 403.117 What definitions apply to the Postsecondary and Adult Vocational Education Programs?

For the purposes of §§ 403.116, 403.118, and 403.120 the following definitions apply:

(a) *Eligible institution* means an institution of higher education, an LEA serving adults, or an area vocational education school serving adults that offers or will offer a program that meets the requirements of § 403.111 and seeks to receive assistance under § 403.116.

(b)(1) *Institution of higher education* means an educational institution in any State that—

(i) Admits as regular students only persons having a certificate of graduation from a school providing secondary education, or the recognized equivalent of that certificate, or who are beyond the age of compulsory school attendance;

(ii) Is legally authorized within the State to provide a program of education beyond secondary education;

(iii) Provides an educational program for which it awards a bachelor's degree or provides not less than a two-year program which is acceptable for full credit toward such a degree, or in the

case of a hospital or health care facility, that provides training of not less than one year for graduates of accredited health professions programs, leading to a degree or certificate upon completion of that training;

(iv) Is a public or other nonprofit institution; and

(v) Is accredited by a nationally recognized accrediting agency or association approved by the Secretary for this purpose or, if not so accredited—

(A) Is an institution with respect to which the Secretary has determined that there is satisfactory assurance, considering the resources available to the institution, the period of time, if any, during which it has operated, the effort it is making to meet accreditation standards, and the purpose for which this determination is being made, that the institution will meet the accreditation standards of such an agency or association within a reasonable time; or

(B) Is an institution whose credits are accepted, on transfer, by not less than three institutions that are so accredited, for credit on the same basis as if transferred from an institution so accredited.

(2) This term also includes any school that provides not less than a one-year program of training to prepare students for gainful employment in a recognized occupation and that meets the provisions of paragraphs (b)(1) (i), (ii), (iv), and (v) of this definition. If the Secretary determines that a particular category of these schools does not meet the requirements of paragraph (b)(1)(v) because there is no nationally recognized accrediting agency or association qualified to accredit schools in that category, the Secretary, pending the establishment of such an accrediting agency or association, appoints an advisory committee, composed of persons specially qualified to evaluate training provided by schools in that category, that must—

(i) Prescribe the standards of content, scope, and quality that must be met in order to qualify schools in that category to participate in the program pursuant to this part; and

(ii) Determine whether particular schools not meeting the requirements

of paragraph (b)(1)(v) of this definition meet those standards.

Subpart G—What Financial Conditions Must Be Met by a State?

§ 403.180 How must a State reserve funds for the basic programs?

(a)(1) Except as provided in paragraph (a)(2) of this section, each State shall reserve from its allotment under the basic programs authorized by title II of the Act, for—

(i) The Program for Single Parents, Displaced Homemakers, and Single Pregnant Women under § 403.81, and the Sex Equity Program under § 403.91, respectively, an amount that is not less than the amount the State reserved for each of those programs under section 202 of the Carl D. Perkins Vocational Education Act (CDPVEA) from its Fiscal Year (FY) 1991 grant from the FY 1990 appropriation; and

(ii) The Program for Criminal Offenders under § 403.101 an amount that is not less than—

(A) The amount the State reserved for projects, services, or activities under section 202(6) of the CDPVEA from its FY 1991 grant from the FY 1990 appropriation; and

(B) The amount of Federal funds under the CDPVEA, other than the one percent reserved under section 202(6) of the Act, that the State and its eligible recipients obligated for projects, services, and activities for criminal offenders in correctional institutions from its FY 1991 grant from the FY 1990 appropriation.

(2) In any year in which a State receives an amount for purposes of carrying out programs under title II of the Act that is less than the amount the State received for those purposes in its FY 1991 grant award from the FY 1990 appropriation under the CDPVEA, the State shall ratably reduce the amounts reserved under paragraph (a)(1) of this section in the same proportion that the amount for carrying out programs under title II of the Act is less than the amount the State received for those purposes from the FY 1990 appropriation.

(b) Except as provided in paragraph (a) of this section, from its allotment for the basic programs authorized by title II of the Act, a State shall reserve—

(1) At least 75 percent for the Secondary School Vocational Education Program and the Postsecondary and Adult Vocational Education Programs described in § 403.111;

(2) Ten and one-half percent for the Program for Single Parents, Displaced Homemakers, and Single Pregnant Women described in § 403.81 and the Sex Equity Program described in § 403.91, as follows:

(i) Not less than seven percent for the Program for Single Parents, Displaced Homemakers, and Single Pregnant Women.

(ii) Not less than three percent for the Sex Equity Program;

(3) Not more than eight and one-half percent for State Programs and State Leadership Activities described in §§ 403.70 and 403.71;

(4) Not more than five percent or \$250,000, whichever is greater, for administration of the State plan, of which—

(i) Not less than \$60,000 must be available for carrying out the provisions in § 403.13, regarding the personnel requirements for eliminating sex discrimination and sex stereotyping; and

(ii) The remaining amounts may be used for the costs of—

- (A) Developing the State plan;
- (B) Reviewing local applications;
- (C) Monitoring and evaluating program effectiveness;
- (D) Providing technical assistance;
- (E) Ensuring compliance with all applicable Federal laws, including required services and activities for individuals who are members of special populations; and
- (F) Supporting the activities of the technical committees it establishes under § 403.12(b)(1); and

(5) One percent for Programs for Criminal Offenders described in § 403.101.

(c) The procedure for meeting the “hold-harmless” requirements in § 403.180(a) and the \$250,000 minimum for State administration provision in § 403.180(b)(4) is as follows:

(1) If the five percent reserved for administration is less than the \$250,000 minimum allowed by paragraph (b)(4) of this section, or if any of the amounts reserved for the Program for Single Parents, Displaced Homemakers, and Single Pregnant Women in § 403.81, the Sex Equity Program in § 403.91, or the Program for Criminal Offenders in § 403.101, respectively, is less than the amount reserved for that program in FY 1990 (funds from the FY 1990 appropriation awarded in the States FY 1991 grant), a State shall subtract any amount necessary to satisfy the \$250,000 minimum for State administration or any of the “hold-harmless” amounts from the total basic programs award received by the State.

(2) The State shall reserve \$250,000 for administration and shall reserve for any program not meeting the “hold-harmless” requirement an amount necessary to meet that requirement.

(3) The State shall reserve from the remainder of the basic program award an amount for each of the remaining programs that is proportionate to the amount that program would have received in the absence of a shortfall in the amounts reserved for administration or to meet the “hold-harmless” requirements in paragraph (a)(1) of this section.

Example 1: (a) A State receives a basic programs award of \$4,000,000. Five percent of the basic programs award equals \$200,000, which is \$50,000 less than the \$250,000 minimum that may be reserved for State administration. To determine the amount of funds that will be reserved for each program under title II, parts A, B, and C of the Act, the State first subtracts \$250,000 for State administration from the \$4,000,000 basic programs award (\$4,000,000 - \$250,000 = \$3,750,000).

(b) Second, the State determines the amount that would have been reserved for each of the programs under title II, parts A, B, and C of the Act in the absence of a shortfall in the set-aside amount for administration, as follows:

3.0% × \$4,000,000 =	\$120,000	for Sex Equity Programs.
7.5% × \$4,000,000 =	300,000	for Programs for Single Parents, Displaced Homemakers, and Single Pregnant Women.
8.5% × \$4,000,000 =	340,000	for State Programs and State Leadership Activities.

§ 403.180

34 CFR Ch. IV (7-1-99 Edition)

1.0% × \$4,000,000 =	40,000	for Programs for Criminal Offenders.
75% × \$4,000,000 =	3,000,000	for part C of title II.
	3,800,000	

(c) Third, the State converts each of these amounts into a percentage by dividing each amount by the sum of the amounts the programs would have received in the absence of a shortfall (\$3,800,000) and multiplies the remaining basic programs award (\$3,750,000) by these percentages to determine the amount to reserve for each program under parts A, B, and C of title II of the Act, as follows:

(\$120,000/\$3,800,000) × \$3,750,000 =	\$118,421	for Sex Equity Programs.
(\$300,000/\$3,800,000) × \$3,750,000 =	296,053	for Programs for Single Parents, Displaced Homemakers, and Single Pregnant Women.
(\$340,000/\$3,800,000) × \$3,750,000 =	335,526	for State Programs and State Leadership Activities.
(\$40,000/\$3,800,000) × \$3,750,000 =	39,474	for Programs for Criminal Offenders.
(\$3,000,000/\$3,800,000) × \$3,750,000 =	2,960,526	for part C of title II.
	3,750,000	

This example assumes that amounts reserved meet the "hold-harmless" requirement of section 102(c)(1) of the Act.

Example 2: A State's seven percent reserve from its FY 1992 grant for the Program for Single Parents, Displaced Homemakers, and Single Pregnant Women is \$1,400,000 and the amount reserved for that program from its FY 1991 grant was \$1,581,000. Therefore, the amount of FY 1992 funds reserved for that program is \$181,000 less than the amount reserved in FY 1991. The State received a basic programs award of \$20,000,000 in FY 1992. The other programs under title II, part B meet the "hold-harmless" requirement in § 403.180(a)(1), and the amount reserved for State administration exceeds \$250,000. The State determines the amount of funds to be reserved for each program under title II, parts A, B, and C of the Act as follows:

(a) First, the State subtracts \$1,581,000 from the \$20,000,000 total basic programs award (\$20,000,000 - \$1,581,000 = \$18,419,000).

(b) Second, the State determines the amount that would have been reserved for each of the programs under parts A, B, and C of title II of the Act in the absence of a shortfall in the set-aside amount for the Program for Single Parents, Displaced Homemakers, and Single Pregnant Women, as follows:

5.0% × \$20,000,000 =	\$1,000,000	for administration.
3.5% × \$20,000,000 =	700,000	for Sex Equity Programs.

8.5% × \$20,000,000 =	1,700,000	for State Programs and State Leadership Activities.
1.0% × \$20,000,000 =	200,000	for Programs for Criminal Offenders.
75.0% × \$20,000,000 =	15,000,000	for part C of title II.
	18,600,000	

(c) Third, the State converts each of these amounts into a percentage by dividing each amount by the sum of the amounts the programs would have earned in the absence of a shortfall (\$18,600,000) and multiplies the remaining basic programs award (\$18,419,000) by these percentages to determine the amount to reserve for each program under parts A, B, and C of title II of the Act, as follows:

(\$1,000,000/\$18,600,000) × \$18,419,000 =	\$990,269	for administration.
(\$700,000/\$18,600,000) × \$18,419,000 =	693,188	for Sex Equity Programs.
(\$1,700,000/\$18,600,000) × \$18,419,000 =	1,683,457	for State Programs and State Leadership Activities.
(\$200,000/\$18,600,000) × \$18,419,000 =	198,054	for Programs for Criminal Offenders.
(\$15,000,000/\$18,600,000) × \$18,419,000 =	14,854,032	for part C of title II.
	18,419,000	

This example assumes that amounts reserved for the Sex Equity Program and Programs for Criminal Offenders meet the "hold-harmless" requirement of section 102(c)(1) and (2) of the Act.

Example 3: A State's one percent reserved from its FY 1992 grant for Programs for Criminal Offenders is \$200,000 and the amount reserved for that program under section 202(6) of the CDPVEA plus other amounts obligated for projects, services, and activities for criminal offenders in correctional institutions from its FY 1991 grant from the FY 1990 appropriations totals \$250,000. Therefore, the amount of FY 1992 funds reserved for that program is \$50,000 less than the amount reserved and obligated for that program in FY 1991. The State received a basic programs award of \$20,000,000 in FY 1992. The other programs under title II, part B meet the "hold-harmless" requirement of § 403.180(a)(1) and the amount reserved for State administration exceeds \$250,000. The State determines the amount of funds to be reserved for each program under title II, parts A, B, and C of the Act as follows:

(a) First, the State subtracts \$250,000 from the \$20,000,000 total basic programs award (\$20,000,000 - \$250,000 = \$19,750,000).

(b) Second, the State determines the amount that would have been reserved for each of the programs under parts A, B, and C of title II of the Act in the absence of a

shortfall in the set-aside amount for the Programs for Criminal Offenders, as follows:

5.0% × 20,000,000 =	\$1,000,000	for administration.
3.5% × 20,000,000 =	700,000	for Sex Equity Programs.
7.0% × 20,000,000 =	1,400,000	for Programs for Single Parents, Displaced Homemakers, and Single Pregnant Women.
8.5% × 20,000,000 =	1,700,000	for State Programs and State Leadership Activities.
75.0% × 20,000,000 =	15,000,000	for part C of title II.
	19,800,000	

(c) Third, the State converts each of these amounts into a percentage by dividing each amount by the sum of the amounts the programs would have earned in the absence of a shortfall (\$19,800,000) and multiplies the remaining basic programs award (\$19,750,000) by these percentages to determine the amount to reserve for each program under parts A, B, and C of title II of the Act, as follows:

(\$1,000,000/ \$19,800,000) × \$19,750,000 =	\$997,475	for administration.
(\$700,000/\$19,800,000) × \$19,750,000 =	\$698,232	for Sex Equity Programs.
(\$1,400,000/ \$19,800,000) × \$19,750,000 =	\$1,396,465	for Programs for Single Parents, Displaced Homemakers, and Single Pregnant Women.
(\$1,700,000/ \$19,800,000) × \$19,750,000 =	\$1,695,707	for State Programs and State Leadership Activities.
(\$15,000,000/ \$19,800,000) × \$19,750,000 =	\$14,962,121	for part C of title II.
	\$19,750,000	

This example assumes that amounts reserved for the Sex Equity Program and for the Program for Single Parents, Displaced Homemakers, and Single Pregnant Women meet the "hold-harmless" requirement of sections 102(c) (1) and (2) of the Act.

(d) The procedure for meeting the ratable reduction provision in paragraph (a)(2) of this section is as follows:

(1) If a State's basic programs award under title II of the Act for FY 1992 or in future years is less than that State's basic grant amount in FY 1991, a State shall determine the percentage that the basic programs award is of the FY 1991 basic programs award.

(2) The State shall multiply the amounts reserved in FY 1991 for each of the three programs covered by the "hold-harmless" provisions in para-

graph (a)(1) of this section by this percentage.

(3) The State shall compare the amounts that would be reserved for these programs in FY 1992 to determine if these amounts are less than the ratably reduced hold-harmless amounts, and if so, shall proceed with the calculation required by paragraph (c) of this section except using the ratably reduced "hold-harmless" amounts.

(Authority: 20 U.S.C. 2312)

§ 403.181 What are the cost-sharing requirements applicable to the basic programs?

(a) A State shall match, from non-Federal sources and on a dollar-for-dollar basis, the funds reserved for administration of the State plan under § 403.180(b)(4).

(b) The matching requirement under paragraph (a) of this section may be applied overall, rather than line-by-line, to State administrative expenditures.

(c) A State shall provide from non-Federal sources for State administration under the Act an amount that is not less than the amount provided by the State from non-Federal sources for State administrative costs for the preceding fiscal or program year.

Example for paragraph (b): From the five percent reserved for the administration of the State plan, a State must reserve \$60,000 to carry out the provisions in § 403.13. The \$60,000 must be matched, but the matching funds need not be used for the activities described in § 403.13.

(Authority: 20 U.S.C. 2312(b) and 2468d; H.R. Rep. No. 660, 101st Cong., 2nd Sess. 103-104 (1990))

§ 403.182 What is the maintenance of fiscal effort requirement?

The Secretary may not make a payment under the Act to a State for any fiscal year unless the Secretary determines that the fiscal effort per student, or the aggregate expenditures of that State, from State sources, for vocational education for the fiscal year (or program year) preceding the fiscal year (or program year) for which the determination is made, at least equaled its effort or expenditures for vocational

§ 403.183

education for the second preceding fiscal year (or program year).

(Authority: 20 U.S.C. 2463(a))

§ 403.183 Under what circumstances may the Secretary waive the maintenance of effort requirement?

(a) The Secretary may waive the maintenance of effort requirement in § 403.182 for a State for one year only if—

(1) The Secretary determines that a waiver would be equitable due to exceptional or uncontrollable circumstances affecting the State's ability to maintain fiscal effort; and

(2) The State has decreased its expenditures for vocational education from non-Federal sources by no more than five percent.

(b) For purposes of this section, "exceptional or uncontrollable circumstances" include, but are not limited to, the following:

(1) A natural disaster.

(2) An unforeseen and precipitous decline in financial resources.

(c) The Secretary does not consider tax initiatives or referenda to be exceptional or uncontrollable circumstances.

(Authority: 20 U.S.C. 2463(b))

§ 403.184 How does a State request a waiver of the maintenance of effort requirement?

A State seeking a waiver of the maintenance of effort requirement in § 403.182 shall—

(a) Submit to the Secretary a request for a waiver; and

(b) Include in the request—

(1) The reason for the request;

(2) Information that demonstrates that a waiver is justified; and

(3) Any additional information the Secretary may require.

(Approved by the Office of Management and Budget under Control No. 1830-0030)

(Authority: 20 U.S.C. 2463(b))

§ 403.185 How does the Secretary compute maintenance of effort in the event of a waiver?

If a State has been granted a waiver of the maintenance of effort requirement that allows it to receive a grant for a fiscal year, the Secretary deter-

34 CFR Ch. IV (7-1-99 Edition)

mines whether the State has met that requirement for the grant to be awarded for the year after the year of the waiver by comparing the amount spent for vocational education from non-Federal sources in the first preceding fiscal year (or program year) with the amount spent in the third preceding fiscal year (or program year).

Example: Because exceptional or uncontrollable circumstances prevented a State from maintaining its level of fiscal effort in a program year 1989 (July 1, 1988-June 30, 1989) at the level of its fiscal effort in program year 1988 (July 1, 1987-June 30, 1988), the Secretary granted the State a waiver of the maintenance of effort requirement that permits the State to receive its fiscal year 1990 grant (a grant that is awarded on or after July 1, 1990 from funds appropriated in the fiscal year 1990 appropriation). To be eligible to receive its fiscal year 1991 grant (the grant to be awarded for the year after the year of the waiver), the State's expenditures from the first preceding program year (July 1, 1989-June 30, 1990) must equal or exceed its expenditures from the third preceding program year (July 1, 1987 to June 30, 1988).

§ 403.186 What are the administrative cost requirements applicable to a State?

(a) *Basic Programs.* A State may use only funds reserved under § 403.180(b)(4) to administer the programs under title II of the Act, including Programs for Criminal Offenders.

(b) *Special Programs.* (1) A State may use the funds reserved under § 403.180(b)(4) to administer any of the special programs listed in § 403.130.

(2) In addition to the funds reserved under § 403.180(b)(4), a State may use only an amount of funds from its allotment for the State Assistance for Vocational Education Support Programs by Community-Based Organizations that is necessary and reasonable for the proper and efficient State administration of that program.

(3) In addition to the funds reserved under § 403.180(b)(4), a State may use the amounts reserved for the Consumer and Homemaking Education Program, the Comprehensive Career Guidance and Counseling Program, and the Business-Labor-Education Partnership for Training Program under §§ 403.151(c), 403.161(c), and 403.173(b), respectively,

for the proper and efficient administration of each program.

(Authority: 20 U.S.C. 2302(d) (A)-(D) and 2312(a))

§ 403.187 How may a State provide technical assistance?

(a) Except as provided in paragraph (b) of this section, a State may use only an amount of the funds reserved for each of the basic programs listed in § 403.60 and the special programs listed in § 403.130 to pay the costs of providing technical assistance that is necessary and reasonable to promote or enhance the quality and effectiveness of that program.

(b) A State may not use funds reserved under § 403.180(b)(1) for the Secondary School Vocational Education Program and the Postsecondary and Adult Vocational Education Program to pay the costs of providing technical assistance.

(c) In providing technical assistance under paragraph (a) of this section, a State may not use amounts to an extent that would interfere with achieving the purposes of the program for which the funds were awarded.

(Authority: 20 U.S.C. 2302(d) (A)-(D), 2312(a), and 2323(b)(5))

§ 403.188 What is a State's responsibility for the cost of services and activities for members of special populations?

A State is not required to use non-Federal funds to pay the cost of services and activities that it provides to members of special populations pursuant to § 403.32(a) (18)-(26) or to pay the cost of services and activities that eligible recipients provide to members of special populations pursuant to §§ 403.111 (a)(2)(i) and (c)(3), 403.190(b), or 403.193, unless this requirement is imposed by other applicable laws.

§ 403.191 What are the requirements for program evaluation?

(a)(1) Beginning in the 1992-1993 school year, each recipient of financial assistance under §403.112, §403.113, or §403.116 shall evaluate annually the effectiveness of the particular projects, services, and activities receiving assistance under a basic program listed in §403.60, or a special program listed in §403.130, unless the State board determines pursuant to §403.201(a)(3) that a broader evaluation is required. A recipient may conduct the evaluation required under this paragraph by evaluating either the entire population of participants or a representative sample of participants.

(2) The annual evaluation must be based on the standards and measures developed by the State board in accordance with §§403.201 and 403.202, including any modifications made by the recipient in accordance with paragraph (b) of this section.

(b)(1) Each recipient may modify the State standards and measures based on—

(i) Economic, geographic, or demographic factors; or

(ii) The characteristics of the populations to be served.

(2) Modifications must conform to the assessment criteria contained in the State plan.

(2) Evaluate the progress of individuals who are members of special populations.

(d) Each recipient, as a part of the annual evaluation required in paragraph (a) of this section, shall evaluate its progress in providing vocational education students with strong experience in and understanding of all aspects of the industries the students are preparing to enter.

(e) Each recipient may use funds awarded under a basic program listed in §403.60 or a special program listed in §403.130 to support the cost of conducting the evaluation required under paragraphs (a) through (d) of this section to the extent that the costs are—

(1) Reasonable and necessary;

(2) Related to the purposes for which the funds were awarded; and

(3) Consistent with applicable requirements, such as the requirement in §403.196 to use funds awarded under title II of the Act to supplement, and not to supplant, State and local funds.

(Authority: 20 U.S.C. 2325(a) and 2327(a))

§ 403.192 What are the requirements for program improvement?

(b) The plan must be developed in consultation with teachers, parents, and students concerned with or affected by the program, and must describe how the recipient will identify and modify projects, services, and activities receiving assistance under the programs listed in §§403.60 and 403.130 that are in need of improvement, including a description of—

(1) Vocational education and career development strategies designed to achieve progress in improving the effectiveness of the recipient's projects, services, and activities receiving assistance under the programs listed in §§403.60 and 403.130 evaluated under §403.191(a)(1); and

§ 403.193

(2) If necessary, the strategies designed to improve supplementary services provided to individuals who are members of special populations.

§ 403.193 What are the information requirements regarding special populations?

(a)(1) Each local educational agency that receives funds under Title II of the Act shall provide to students who are members of special populations and their parents information concerning—

- (i) The opportunities available in vocational education;
- (ii) The requirements for eligibility for enrollment in those vocational education programs;
- (iii) Special courses that are available;
- (iv) Special services that are available;
- (v) Employment opportunities; and
- (vi) Placement.

(2) Each area vocational education school or intermediate educational agency that receives funds under title II of the Act shall provide the information described in paragraph (a)(1) of this section to the students who are members of special populations and their parents in any local educational agency whose allocation was distributed in its entirety under §403.113 to the area vocational education school or intermediate educational agency.

(b) The information described in paragraph (a)(1) of this section must be provided at least one year before the students enter, or are of an appropriate age for, the grade level in which vocational education programs are first generally available in the State, but in no case later than the beginning of the ninth grade.

(c) Each eligible institution or consortium of eligible institutions that receives funds under Title II of the Act shall—

(1) Provide the information described in paragraph (a)(1) of this section to each individual who requests information concerning, or seeks admission to, vocational education programs offered

34 CFR Ch. IV (7-1-99 Edition)

(2) If appropriate, assist in the preparation of applications relating to that admission.

(d) Information described under paragraph (a)(1) of this section must, to the extent practicable, be in a language and form that parents and students understand.

(e) An eligible recipient is not required by this part to use non-Federal funds to pay the cost of services and activities required by this section and §§403.111(a)(2)(i) and (c)(3) and 403.190(b) unless this requirement is imposed by other applicable laws.

[57 FR 36735, Aug. 14, 1992, as amended at 59 FR 38513, July 28, 1994]

§ 403.194 What are the comparability requirements?

(a) A local educational agency may receive an award of Federal funds under the State plan only if—

(1) The local educational agency uses State and local funds to provide services in secondary schools or sites served with Federal funds awarded under the State plan that, taken as a whole, are at least comparable to those services being provided in secondary schools or sites that are not being served with Federal funds awarded under the State plan; or

(2) In the event that the local educational agency serves all its secondary schools or sites with Federal funds awarded under the State plan, the local educational agency uses State and local funds to provide services that, taken as a whole, are substantially comparable in each secondary school or site.

CROSS-REFERENCE: See appendix B to part 403.

(b) The comparability requirements in paragraph (a) of this section do not apply to—

(1) A local educational agency with only one secondary school or site; or

(2) A consortium composed of more than one local educational agency, except that, within a consortium, each local educational agency itself must meet the comparability requirements

unless it is exempt under paragraph (b)(1) of this section.

(c)(1) A local educational agency shall develop written procedures for complying with the comparability requirements in paragraph (a) of this section, including a process for demonstrating annually that State and local funds are used to provide services in served schools and sites that are at least comparable to the services provided with State and local funds in schools or sites in the local educational agency that are not served with funds awarded under the State plan.

(2) In reaching the determination as to whether comparability requirements in paragraph (a) of this section were met, the local educational agency's written procedures—

(i) Do not have to take into account unpredictable changes in student enrollment or personnel assignments that occur after the beginning of a school year; and

(ii) May not take into account any State and local funds spent in carrying out the following types of programs:

(A) Special local programs designed to meet the educational needs of educationally deprived children, including compensatory education for educationally deprived children, that were excluded in the preceding fiscal year from comparability determinations under section 1018(d)(1)(B) of chapter 1 (20 U.S.C. 2728(d)(1)(B)).

(B) Bilingual education for children of limited English proficiency.

(C) Special education for children with disabilities.

APPENDIX A TO PART 403—EXAMPLES FOR 34 CFR 403.111(A) AND 403.111(C)(3)

Illustration of providing full participation under 34 CFR 403.111(a). An educationally disadvantaged student is enrolled in a course that is part of a vocational education program and is having trouble understanding a math concept (e.g., negative numbers) necessary to succeed in the course. To ensure the student's full participation in the course, a local educational agency may use funds awarded under § 403.112 as needed to provide tutoring in negative numbers to enable the student to understand the concept well enough to complete the vocational education course.

Illustrations of providing equitable participation under 34 CFR 403.111(c)(3). *Example 1:* An area vocational education school conducts an informal meeting to provide the information required in § 403.193(a) regarding the area vocational education school's vocational education programs, to parents of students who are members of special populations in a local educational agency whose allocation was distributed to the area vocational education school under § 403.113. The area vocational education school conducts the meeting at a time and in a location convenient for these parents and students. At the meeting, the area vocational education school provides a staff person to assist students or their parents to complete any forms necessary to enroll in the area vocational education school's vocational education program.

Example 2: A hearing-impaired student in a local educational agency could participate in

34 CFR Ch. IV (7-1-99 Edition)

the vocational education program only if an interpreter is provided for that student. The local educational agency cannot refuse to admit the student because of the need for an interpreter.

APPENDIX B TO PART 403—EXAMPLES FOR 34 CFR 403.194—COMPARABILITY REQUIREMENTS

Methods by which a local educational agency can demonstrate its compliance with the comparability requirements in 34 CFR 403.194(a) include the following:

Example 1: The local educational agency files with the State board a written assurance that it has established and implemented—

- (a) A district-wide salary schedule;
- (b) A policy to ensure equivalence among secondary schools or sites in teachers, administrators, and auxiliary personnel; and
- (c) A policy to ensure equivalency among secondary schools or sites in the provision of curriculum materials and instructional supplies.

Example 2: The local educational agency establishes and implements other procedures for ensuring comparability, such as the following:

(a) Comparing the average number of students per instructional staff in each secondary school or site served with Federal funds awarded under the State plan with the average number of students per instructional staff in secondary schools or sites not served with Federal funds awarded under the State plan. A served school is considered comparable if its average does not exceed 110 percent of the average of schools or sites in the local educational agency not served with Federal funds awarded under the State plan;

or

(b) Comparing the average instructional staff salary expenditures per student in each secondary school or site served with Federal funds awarded under the State plan with the average instructional staff salary expenditure per student in schools or sites in the local educational agency not served with Federal funds awarded under the State plan. A served school is considered comparable if its average is at least 90 percent of the average of schools or sites not served with Federal funds awarded under the State plan.

(b) The following definitions also apply to this part:

Act means the Tribally Controlled Vocational Institutions Support Act of 1990.

Indian means a person who is a member of an Indian tribe.

Indian student count means a number equal to the total number of Indian students enrolled in each tribally controlled vocational institution, determined as follows:

(1) The registrations of Indian students as in effect on October 1 of each year.

(2) Credits or clock hours toward a certificate earned in classes offered during a summer term must be counted toward the computation of the Indian student count in the succeeding fall term.

(3) Credits or clock hours toward a certificate earned in classes during a summer term must be counted toward the computation of the Indian student count if the institution at which the student is in attendance has established criteria for the admission of the student on the basis of the student's ability to benefit from the education or

§410.10

training offered. The institution is presumed to have established those criteria if the admission procedures for those studies include counseling or testing that measures the student's aptitude to successfully complete the course in which the student has enrolled. Credit earned by the student for purposes of obtaining a high school degree or its equivalent may not be counted toward the computation of the Indian student count.

(c) Subject to paragraph (d) of this section, the maximum possible score for each criterion in § 410.21 is indicated in parentheses after the heading for each criterion.

(d) For each competition as announced through a notice published in the FEDERAL REGISTER, the Secretary may assign the reserved points among the criteria in § 410.21.

(Authority: 20 U.S.C. 2397-2397h)

§ 410.21 What selection criteria does the Secretary use for institutional support grants?

The Secretary uses the following criteria to evaluate an application for an institutional support grant:

(a) *Institutional goals and objectives.* (10 points) The Secretary reviews each application to determine the extent to which the applicant's current and future institutional goals and objectives are—

(1) Realistic and defined in terms of measurable results; and

(2) Directly related to the problems to be solved.

(b) *Comprehensive development plan.* (25 points) The Secretary reviews each application to determine the extent to which the plan is effectively designed to meet the applicant's current and future institutional goals and objectives, including instructional and student support needs, and equipment and capital requirements.

(c) *Implementation strategy.* (20 points) The Secretary reviews each application to determine the extent to which an applicant's implementation strategy—

(1) For each major activity funded under this program, is comprehensive and likely to be effective, taking into account the applicant's past performance and the data for the past three academic years reflecting the number and required qualifications of the teaching and administrative staff, the number of students enrolled, attendance rates, dropout rates, graduation rates, rate of job placement or college enrollment after graduation, and the most significant scholastic problems affecting the student population;

(2) Includes a realistic timetable for each such activity; and

(3) Includes a staff management plan likely to ensure effective administration of the project activities.

(d) *Budget and cost effectiveness.* (20 points) The Secretary reviews each application to determine the extent to which—

§ 410.22

(1) The budget is adequate to support the proposed activities to be funded under this program, including capital expenditures and acquisition of equipment, if applicable;

(2) Costs are necessary and reasonable in relation to similar activities the institution carried out in previous years; and

(e) *Evaluation plan.* (10 points) The Secretary reviews each application to determine the quality of the evaluation plan the institution plans to use to determine its progress towards, and success in, achieving its goals and objectives, including the extent to which—

(1) The plan identifies, at a minimum, types of data to be collected, expected outcomes, and how those outcomes will be measured;

(2) The methods of evaluation are appropriate and, to the extent possible, are objective and produce data that are quantifiable; and

(3) The methods of evaluation provide periodic data that can be used for ongoing program improvement.

(Approved by the Office of Management and Budget under Control No. 1830-0013)

(Authority: 20 U.S.C. 2397-2397h)

§ 410.22 What additional factors does the Secretary consider?

(a) After evaluating applications according to the criteria in § 410.21 and consulting, to the extent practicable, with boards of trustees and the tribal governments chartering the institutions being considered, the Secretary determines whether the most highly rated applications are equitably distributed among Indian tribes.

(b) The Secretary may select other applications for funding if doing so would improve the distribution of projects among Indian tribes.

(c) In addition to the criteria in § 410.21, the Secretary considers whether funding a particular applicant duplicates an effort already being made.

(Authority: 20 U.S.C. 2397-2397h)

34 CFR Ch. IV (7-1-99 Edition)

§ 410.23 How does the Secretary select grantees for institutional support grants?

(a) The Secretary selects at least two eligible applicants for funding.

(b) If only one or two applicants are eligible, the Secretary selects each eligible applicant. The amount of each grant is determined by the quality of the application, based on the selection criteria in § 410.22, and the respective needs of the applicants.

(c) If there are more than two eligible applicants, the Secretary ranks each application using the selection criteria in § 410.22. The Secretary funds two or more applicants. The number of grants made and the amount of each grant is determined by taking into account the quality of the applications and the respective needs of the applicants.

(d) For fiscal years subsequent to the first year of funding, the Secretary follows the procedure in paragraphs (a) through (c) of this section, except that if appropriations for that fiscal year are not sufficient to pay in full the total amount that approved applicants are eligible to receive, the Secretary allocates the available grant amounts as required by section 388(a) of the Act.

(Authority: 20 U.S.C. 2397c(b))

§ 410.24 How does the Secretary award additional grants?

If funds remain after providing grants to all eligible institutions, the Secretary makes awards as follows:

(a) The Secretary allocates funds to institutions receiving their first grant under this part in an amount equal to the training equipment costs necessary to implement training programs.

(b) If funds remain after the Secretary makes awards under paragraph (a) of this section, the Secretary reviews training equipment needs at each institution receiving assistance under this part at the end of the five-year period beginning on the first day of the first year for which the institution received a grant under this part, and provides allocations for other training equipment needs if it is demonstrated by the institution that its training equipment has become obsolete for its

purposes, or that the development of other training programs is appropriate. (Authority: 20 U.S.C. 2397d(d))

Subpart D—What Conditions Must Be Met After an Award?

§410.30 What expenses are allowable under an institutional support grant?

(Authority: 20 U.S.C. 2397d(a), (d))

§410.31 What other provisions apply to this program?

Subpart E—What Conditions Must be Met by a State?

§ 461.40 What are the State and local administrative costs requirements?

(a)(1) Beginning with the fiscal year 1991 grant (a grant that is awarded on or after July 1, 1991 from funds appropriated in the fiscal year 1991 appropriation), an SEA may use no more than 5 percent of its grant or \$50,000—

Off. of Voc. and Adult Education, Education

§ 461.42

whichever is greater—for necessary and reasonable State administrative costs.

(2) For grants awarded from funds appropriated for fiscal years prior to fiscal year 1991 (grants awarded before July 1, 1991), an SEA may determine what percent of its grant is necessary and reasonable for State administrative costs.

(b)(1) At least 95 percent of an eligible recipient's award from the SEA must be expended for adult education instructional activities.

(2) The remainder may be used for local administrative costs—noninstructional expenses, including planning, administration, evaluation, personnel development, and coordination—that are necessary and reasonable.

(3) If the administrative cost limits under paragraph (b)(2) of this section are insufficient for adequate planning, administration, evaluation, personnel development, and coordination of programs supported under the Act, the SEA shall negotiate with local grant recipients in order to determine an adequate level of funds to be used for noninstructional purposes.

(Authority: 20 U.S.C. 1203b and 1205(c))

§ 461.41 What are the cost-sharing requirements?

(a) The Federal share of expenditures made under a State plan for any of the 50 States, the District of Columbia, and the Commonwealth of Puerto Rico may not exceed—

(1) 90 percent of the costs of programs carried out with the fiscal year 1988 grant (a grant that is awarded on or after July 1, 1988 from funds appropriated in the fiscal year 1988 appropriation);

(2) 90 percent of the costs of programs carried out with the fiscal year 1989 (a grant that is awarded on or after July 1, 1989 from funds appropriated in the fiscal year 1989 appropriation);

(3) 85 percent of the costs of programs carried out with the fiscal year 1990 grant (a grant that is awarded on or after July 1, 1990 from funds appropriated in the fiscal year 1990 appropriation);

(4) 80 percent of the costs of programs carried out with the fiscal year 1991 grant (a grant that is awarded on or after July 1, 1991 from funds appro-

priated in the fiscal year 1991 appropriation); and

(5) 75 percent of the costs of programs carried out with the fiscal year 1992 grant (a grant that is awarded on or after July 1, 1992 from funds appropriated in the fiscal year 1992 appropriation) and from each grant thereafter.

(b) The Federal share for American Samoa, Guam, the Northern Mariana Islands, the Federated States of Micronesia, the Republic of the Marshall Islands, Palau, and the Virgin Islands is 100 percent.

(c) The Secretary determines the non-Federal share of expenditures under the State plan by considering—

(1) Expenditures from State, local, and other non-Federal sources for programs, services, and activities of adult education, as defined in the Act, made by public or private entities that receive from the State Federal funds made available under the Act or State funds for adult education; and

(2) Expenditures made directly by the State for programs, services, and activities of adult education as defined in the Act.

(Authority: 20 U.S.C. 1209(a); 48 U.S.C. 1681)

§ 461.42 What is the maintenance of effort requirement?

(a) *Basic standard.* (1)(i) Except as provided in § 461.43, a State is eligible for a grant from appropriations for any fiscal year only if the Secretary determines that the State has expended for adult education from non-Federal sources during the second preceding fiscal year (or program year) an amount not less than the amount expended during the third preceding fiscal year (or program year).

(ii) The Secretary determines maintenance of effort on a per student expenditure basis or on a total expenditure basis.

(2) For purposes of determining maintenance of effort, the “second preceding fiscal year (or program year)” is the fiscal year (or program year) two years prior to the year of the grant for which the Secretary is determining the State's eligibility. The “third preceding fiscal year (or program year)” is the fiscal year (or program year) three years prior to the year of the grant for

§ 461.43

which the Secretary is determining the State's eligibility.

Example: Computation based on fiscal year. If a State chooses to use the fiscal year as the basis for its maintenance of effort computations, the Secretary determines whether a State is eligible for the fiscal year 1992 grant (a grant that is awarded on or after July 1, 1992 from funds appropriated in the fiscal year 1992 appropriation) by comparing expenditures from the second preceding fiscal year—fiscal year 1990 (October 1, 1989–September 30, 1990)—with expenditures from the third preceding fiscal year—fiscal year 1989 (October 1, 1988–September 30, 1989). If there has been no decrease in expenditures from fiscal year 1989 to fiscal year 1990, the State has maintained effort and is eligible for its fiscal year 1992 grant. Computation based on program year. If a State chooses to use a program year running from July 1 to June 30 as the basis for its maintenance of effort computation, the Secretary determines whether a State is eligible for funds for the fiscal year 1992 grant by comparing expenditures from the second preceding program year—program year 1990 (July 1, 1989–June 30, 1990)—with expenditures from the third preceding program year—program year 1989 (July 1, 1988–June 30, 1989). If there has been no decrease in expenditures from program year 1989 to program year 1990, the State has maintained effort and is eligible for its fiscal year 1992 grant.

(b) *Expenditures to be considered.* In determining a State's compliance with the maintenance of effort requirement, the Secretary considers the expenditures described in § 461.41(c).

(Authority: 20 U.S.C. 1209(b))

§ 461.43 Under what circumstances may the Secretary waive the maintenance of effort requirement?

(a) The Secretary may waive, for one year only, the maintenance of effort requirement in § 461.42 if the Secretary determines that a waiver would be equitable due to exceptional or uncontrollable circumstances. These circumstances include, but are not limited to, the following:

- (1) A natural disaster.
- (2) An unforeseen and precipitous decline in financial resources.

(b) The Secretary does not consider a tax initiative or referendum to be an exceptional or uncontrollable circumstance.

(Authority: 20 U.S.C. 1209(b)(2))

34 CFR Ch. IV (7–1–99 Edition)

§ 461.44 How does a State request a waiver of the maintenance of effort requirement?

An SEA seeking a waiver of the maintenance of effort requirement in § 461.42 shall—

- (a) Submit to the Secretary a request for a waiver; and
- (b) Include in the request—
 - (1) The reason for the request; and
 - (2) Any additional information the Secretary may require.

(Approved by the Office of Management and Budget under control number 1830-0501)

(Authority: 20 U.S.C. 1209(b)(2))

§ 461.45 How does the Secretary compute maintenance of effort in the event of a waiver?

If a State has been granted a waiver of the maintenance of effort requirement that allows it to receive a grant from appropriations for a fiscal year, the Secretary determines whether the State has met that requirement for the grant to be awarded for the year after the year of the waiver by comparing the amount spent for adult education from non-Federal sources in the second preceding fiscal year (or program year) with the amount spent in the fourth preceding fiscal year (or program year.)

Example: Because exceptional or uncontrollable circumstances prevented a State from maintaining effort in fiscal year 1990 (October 1, 1989–September 30, 1990) or in program year 1990 (July 1, 1989–June 30, 1990) at the level of fiscal year 1989 (October 1, 1988–September 30, 1989) or program year 1989 (July 1, 1988–June 30, 1989), respectively, the Secretary grants the State a waiver of the maintenance of effort requirement that permits the State to receive its fiscal year 1992 grant (a grant that is awarded on or after July 1, 1992 from funds appropriated in the fiscal year 1992 appropriation). In order to determine whether a State has met the maintenance of effort requirement and therefore is eligible to receive its fiscal year 1993 grant (the grant to be awarded for the year after the year of the waiver), the Secretary compares the State's expenditures from the second preceding fiscal year (or program year—fiscal year 1991 (October 1, 1990–September 30, 1991) or program year 1991 (July 1, 1990–June 30, 1991)—with expenditures from the fourth preceding fiscal year—fiscal year 1989 (October 1, 1988–September 30, 1989) or program year 1989 (July 1, 1988–June 30, 1989). If

the expenditures from fiscal year (or program year) 1991 are not less than the expenditures from fiscal year (or program year) 1989, the State has maintained effort and is eligible for its fiscal year 1993 grant.

(Authority: 20 U.S.C. 1209(b)(2))

(vii) Extent to which local recipients of funds have improved their capacity to achieve the purposes of the Act.

(viii) Success of the recipient in meeting the State's indicators of program quality after those indicators are developed as required by section 331(a)(2) of the Act and § 461.3(b)(7).

(ix) Other factors that affect program operations, as determined by the SEA.

(d)(1) Within 90 days of the close of each program year, the SEA shall submit to the Secretary and make public within the State the following:

(i) With respect to local recipients—

(A) The number and percentage of local educational agencies, community-based organizations, volunteer groups, and other organizations that are grant recipients;

(B) The amount of funds provided to local educational agencies, community-based organizations, volunteer groups, and other organizations that are grant recipients; and

§ 461.50

34 CFR Ch. IV (7–1–99 Edition)

(2) Inform the State advisory council of the results of program reviews and evaluations so that the State advisory council may perform its duties under section 332(f)(7) of the Act.
