Explanation

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the Federal Government. The Code is divided into 50 titles which represent broad areas subject to Federal regulation. Each title is divided into chapters which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas.

Each volume of the Code is revised at least once each calendar year and issued on a quarterly basis approximately as follows:

- Title 1 through Title 16 ..............................................................as of January 1
- Title 17 through Title 27 .................................................................as of April 1
- Title 28 through Title 41 ..............................................................as of July 1
- Title 42 through Title 50 .............................................................as of October 1

The appropriate revision date is printed on the cover of each volume.

LEGAL STATUS

The contents of the Federal Register are required to be judicially noticed (44 U.S.C. 1507). The Code of Federal Regulations is prima facie evidence of the text of the original documents (44 U.S.C. 1510).

HOW TO USE THE CODE OF FEDERAL REGULATIONS

The Code of Federal Regulations is kept up to date by the individual issues of the Federal Register. These two publications must be used together to determine the latest version of any given rule.

To determine whether a Code volume has been amended since its revision date (in this case, October 1, 1999), consult the “List of CFR Sections Affected (LSA),” which is issued monthly, and the “Cumulative List of Parts Affected,” which appears in the Reader Aids section of the daily Federal Register. These two lists will identify the Federal Register page number of the latest amendment of any given rule.

EFFECTIVE AND EXPIRATION DATES

Each volume of the Code contains amendments published in the Federal Register since the last revision of that volume of the Code. Source citations for the regulations are referred to by volume number and page number of the Federal Register and date of publication. Publication dates and effective dates are usually not the same and care must be exercised by the user in determining the actual effective date. In instances where the effective date is beyond the cutoff date for the Code a note has been inserted to reflect the future effective date. In those instances where a regulation published in the Federal Register states a date certain for expiration, an appropriate note will be inserted following the text.

OMB CONTROL NUMBERS

The Paperwork Reduction Act of 1980 (Pub. L. 96-511) requires Federal agencies to display an OMB control number with their information collection request.
Many agencies have begun publishing numerous OMB control numbers as amendments to existing regulations in the CFR. These OMB numbers are placed as close as possible to the applicable recordkeeping or reporting requirements.

OBSOLETE PROVISIONS

Provisions that become obsolete before the revision date stated on the cover of each volume are not carried. Code users may find the text of provisions in effect on a given date in the past by using the appropriate numerical list of sections affected. For the period before January 1, 1986, consult either the List of CFR Sections Affected, 1949-1963, 1964-1972, or 1973-1985, published in seven separate volumes. For the period beginning January 1, 1986, a “List of CFR Sections Affected” is published at the end of each CFR volume.

INCORPORATION BY REFERENCE

What is incorporation by reference? Incorporation by reference was established by statute and allows Federal agencies to meet the requirement to publish regulations in the Federal Register by referring to materials already published elsewhere. For an incorporation to be valid, the Director of the Federal Register must approve it. The legal effect of incorporation by reference is that the material is treated as if it were published in full in the Federal Register (5 U.S.C. 552(a)). This material, like any other properly issued regulation, has the force of law.

What is a proper incorporation by reference? The Director of the Federal Register will approve an incorporation by reference only when the requirements of 1 CFR part 51 are met. Some of the elements on which approval is based are:

(a) The incorporation will substantially reduce the volume of material published in the Federal Register.

(b) The matter incorporated is in fact available to the extent necessary to afford fairness and uniformity in the administrative process.

(c) The incorporating document is drafted and submitted for publication in accordance with 1 CFR part 51.

Properly approved incorporations by reference in this volume are listed in the Finding Aids at the end of this volume.

What if the material incorporated by reference cannot be found? If you have any problem locating or obtaining a copy of material listed in the Finding Aids of this volume as an approved incorporation by reference, please contact the agency that issued the regulation containing that incorporation. If, after contacting the agency, you find the material is not available, please notify the Director of the Federal Register, National Archives and Records Administration, Washington DC 20408, or call (202) 523-4534.

CFR INDEXES AND TABULAR GUIDES

A subject index to the Code of Federal Regulations is contained in a separate volume, revised annually as of January 1, entitled CFR INDEX AND FINDING AIDS. This volume contains the Parallel Table of Statutory Authorities and Agency Rules. A list of CFR titles, chapters, and parts and an alphabetical list of agencies publishing in the CFR are also included in this volume.

An index to the text of “Title 3—The President” is carried within that volume.

The Federal Register Index is issued monthly in cumulative form. This index is based on a consolidation of the “Contents” entries in the daily Federal Register.

A List of CFR Sections Affected (LSA) is published monthly, keyed to the revision dates of the 50 CFR titles.
REPUBLICATION OF MATERIAL

There are no restrictions on the republication of material appearing in the Code of Federal Regulations.

(c) In cases falling within the purview of subchapter B of this chapter, persons designated by veterans’ service organizations and other organizations to appear before the Commission in a representative capacity on behalf of claimants shall be deemed duly authorized to practice before the Commission when the designating organization shall have been issued a letter of accreditation by the Commission. Petitions for accreditation shall be in writing, executed by duly authorized officer or officers, and addressed to the Foreign Claims Settlement Commission of the United States, Washington, DC 20579. Upon receipt of a petition setting forth pertinent facts as to the organization’s history, purpose, number of posts or chapters and their locations, approximate number of paid-up memberships, statements that the organization will not charge any fee for services rendered by its designees in behalf of claimants and that it will not refuse on the grounds of non-membership to represent any claimant who applies for such representation if such claimant has an apparently valid claim, accompanied by a copy of the organization’s constitution, or charter, by-laws, and its latest financial statement, the Commission in its discretion will consider and in appropriate cases issue or deny letters of accreditation.

(b) The total remuneration on account of services rendered or to be rendered to or on behalf of any claimant

(a) The Commission may disqualify, or deny, temporarily or permanently, the privilege of appearing or practicing before it in any way to any person who is found after a hearing in the matter—
(1) Not to possess the requisite qualifications to represent others before the Commission; or
(2) To be lacking in character or integrity or to have engaged in unethical or improper professional conduct; or
(3) To have violated sections 10 and 234 of the War Claims Act of 1948, as amended, or section 4(f) of the International Claims Settlement Act of 1949, as amended, or § 500.3 of part 500 of these regulations.

(a) No member, officer or employee of the Commission, including a special Government employee, shall, after employment has ceased, knowingly act as an agent or attorney for, or otherwise represent, any person or party (other than the United States) in any formal or informal appearance before, or with intent to influence, make any oral or written communication on behalf of any person or party (other than the United States) (1) to the Commission or any other department, agency, court, court-martial, or any civil, military, or naval commission of the United States or the District of Columbia, or any officer or employee thereof, (2) in connection with any judicial or other proceeding, application, request for a ruling or other determination, contract, claim, controversy, investigation, charge, accusation, arrest, or other particular matter involving a specific party or parties in which the United States or the District of Columbia is a party or has a direct and substantial interest, and (3) in which such member, officer, employee, or special Government employee, participated personally and substantially through decision, approval, disapproval, recommendation, the rendering of advice, investigation or otherwise, while so employed.

(b) No member, officer, or employee of the Commission, including a special Government employee, shall, within two years after employment has ceased, knowingly act as agent or attorney for, or otherwise represent, any person or party (other than the United States) in any formal or informal appearance before, or with intent to influence, make any oral or written communication on behalf of any person or party (other than the United States) (1) to an organization enumerated in paragraph (a)(1) of this section, or any officer or employee thereof, (2) in connection with any matter enumerated and described in paragraph (a)(2) of this section, and (3) which was actually pending under his or her official responsibility as an employee within a period of one year prior to the termination of such responsibility.

(c) No member, officer, or employee of the Commission, including a special Government employee, in an executive level position, in a position with a comparable or greater rate of pay, or in a position that involved significant decision making or supervisory responsibility as designated by the Director of the Office of Government Ethics under 18 U.S.C. 207(d)(1)(C), shall, within two years after employment has ceased, knowingly represent or aid, counsel, advise, consult or assist in representing any person or party (other than the United States) by personal presence at any formal or informal appearance before (1) an organization enumerated in paragraph (a)(1) of this section, or any officer or employee thereof, (2) in connection with any matter enumerated and described in paragraph (a)(2) of this section, and (3) in which he or she participated personally or substantially as an employee (18 U.S.C. 207(b)(ii)).

(d) No member, officer, or employee of the Commission other than a special Government employee with service of
less than sixty days in a given calendar year, who has been an employee in an executive level position or a position with a comparable or greater rate of pay, or in a position which involved significant decision making or supervisory responsibility as designated by the Director of Office of Government Ethics under 18 U.S.C. 207(d)(1)(C), shall, within one year after such employment has ceased, knowingly engage in conduct described in the next sentence. The prohibited knowing conduct is that of acting as attorney or agent for, or otherwise representing anyone other than the United States, in any formal or informal appearance before, or with the intent to influence, making any oral or written communication on behalf of anyone other than the United States (1) to the Commission, or any employee thereof, (2) in connection with any rulemaking or any matter enumerated and described in paragraph (a)(2) of this section and (3) which is pending before the Commission or in which it has a direct and substantial interest.

(e) No partner of an employee shall act as agent or attorney for anyone other than the United States before an organization enumerated in paragraph (a)(1) of this section, or any officer or employee thereof, in connection with any matter enumerated and described in paragraph (a)(2) of this section in which such Government employee is participating or has participated personally and substantially as a Government employee through decision, approval, disapproval, recommendation, the rendering of advice, investigation or otherwise, or which is the subject of his or her official responsibility.

§ 500.6 Disciplinary proceedings against former employees.

(a) Upon a determination by the Commission’s Designated Ethics Officer, after investigation, that there is reasonable cause to believe that a former officer or employee, including a former special Government employee, has violated 18 U.S.C. 207(a), (b) or (c), the Designated Ethics Officer shall cause a copy of written charges of the violation(s) to be served upon such individual, either personally or by registered mail. The charges shall be accompanied by a notice to the former employee to show cause within a specified time of not less than 30 days after receipt of the notice why he or she should not be prohibited from engaging in representational activities in relation to matters pending before the Commission, as authorized by 18 U.S.C. 207(j), or subjected to other appropriate disciplinary action under that statute. The notice to show cause shall include:

(1) A statement of allegations, and their basis, sufficiently detailed to enable the former employee to prepare an adequate defense;

(2) Notification of the right to a hearing; and

(3) An explanation of the method by which a hearing may be requested.

(b) If a former employee who submits an answer to the notice to show cause does not request a hearing or if the Designated Ethics Officer does not receive an answer within five days after the expiration of the time prescribed by the notice, the Designated Ethics Officer shall forward the record, including the report(s) of investigation, to the Chairman. In the case of a failure to answer, such failure shall constitute a waiver of defense.

(c) Upon receipt of a former employee’s request for a hearing, the Designated Ethics Officer shall notify him or her of the time and place thereof, giving due regard both to such person’s need for an adequate period to prepare a suitable defense and an expeditious resolution of allegations that may be damaging to his or her reputation.

(d) The presiding officer at the hearing and any related proceedings shall be a Federal administrative law judge or other Federal official with comparable duties. The presiding officer shall insure that the former employee has, among others, the rights:

(1) To self-representation or representation by counsel;

(2) To introduce and examine witnesses and submit physical evidence;

(3) To confront and cross-examine adverse witnesses;

(4) To present oral argument; and

(5) To a transcript or recording of the proceedings, upon request.

(e) The Designated Ethics Officer shall designate one or more officers or employees of the Commission to
present the evidence against the former employee and perform other functions incident to the proceedings.

(f) A decision adverse to the former employee must be sustained by substantial evidence that he or she violated 18 U.S.C. 207 (a), (b) or (c).

(g) The presiding officer shall issue an initial decision based exclusively on the transcript of testimony and exhibits, together with all papers and requests filed in the proceeding, and shall set forth in the decision findings and conclusions, supported by reasons, on the material issues of fact and law presented on the record.

(h) Within 30 days after issuance of the initial decision, either party may appeal to the Chairman, who in that event shall issue the final decision based on the record of the proceedings or those portions thereof cited by the parties to limit the issues. If the final decision modifies or reverses the initial decision, the Chairman shall specify the findings of fact and conclusions of law that vary from those of the presiding officer.

(i) If a former employee fails to appeal from an adverse initial decision within the prescribed period of time, the presiding officer shall forward the record of the proceedings to the Chairman.

(j) In case of a former employee who filed an answer to the notice to show cause but did not request a hearing, the Chairman shall make the final decision on the record submitted by the Designated Ethics Officer pursuant to subsection (b) of this section.

(k) The Chairman, in a case where:

(1) The defense has been waived;

(2) The former employee has failed to appeal from an adverse initial decision; or

(3) The Chairman has issued a final decision that the former employee violated 18 U.S.C. 207 (a), (b) or (c) may issue an order:

(i) Prohibiting the former employee from making on behalf of any person or party (other than the United States), any informal or formal appearance before, or, with the intent to influence, any oral or written communication to, the Commission on a pending matter of business for a period not to exceed five years, or

(ii) Prescribing other appropriate disciplinary action.

Such court, pursuant to the provisions of Public Law 81–696, approved August 16, 1950 (50 U.S.C. App. 2001(d)), may issue an order requiring such person to appear at the designated place of hearing, examination or investigation and there to give or produce testimony or documentary evidence concerning the matter in question. Any failure to obey such an order may be punished by the court as a contempt thereof. All processes in any such case may be served in the judicial district wherein such person resides or transacts business or wherever such person may be found.

§ 501.5 Depositions.

(a) Application to take. (1) An application to take a deposition shall be in writing setting forth the reason why such deposition should be taken, the name and address of the witness, the matters concerning which it is expected the witness will testify, and the time and place proposed for the taking of the deposition, together with the name and address of the person before whom it is desired that the deposition be taken. If such deposition is offered in connection with a hearing or examination, the application for deposition shall be made to the Commission at least 15 days prior to the proposed date of such hearing or examination.

(2) Application to take a deposition may be made during a hearing or examination, or subsequent to a hearing or examination, only where it is shown for good cause that the facts as set forth in the application to take the deposition were not within the knowledge of the person signing the application prior to the time of the hearing or examination.

(3) The Commission or its representative shall, upon receipt of the application and a showing of good cause, make and cause to be served upon the parties an order which will specify the name of the witness whose deposition is to be taken, the time, the place, and where practicable the designation of the officer before whom the witness is to testify. Such officer may or may not be the one specified in the application. The order shall be served upon all parties at least 10 days prior to the date of the taking of the deposition.

(b) Who may take. Such deposition may be taken before the designated officer or, if none is designated, before any officer authorized to administer oaths by the laws of the United States. If the examination is held in a foreign country, it may be taken before a secretary of an embassy or legation, consul-general, consul, vice consul, or consular agent of the United States.

(c) Examination and certification of testimony. At the time and place specified in said order the officer taking such deposition shall permit the witness to be examined and cross-examined under oath by all parties appearing, and the testimony shall be reduced to writing by, or under the direction of, the presiding officer. All objections to questions or evidence shall be deemed waived unless made in accordance with paragraph (d) of this section. The officer shall not have power to rule upon any objections but shall note them upon the deposition. The testimony shall be subscribed by the witness in the presence of the officer who shall attach a certificate stating that the witness was duly sworn, that the deposition is a true record of the testimony and exhibits given by the witness and that said officer is not counsel or attorney to any of the interested parties. The officer shall immediately seal and deliver an original and two copies of said transcript, together with the officer's certificate, by registered mail to the Foreign Claims Settlement Commission, Washington, DC 20579 or to the field office designated.

(d) Admissibility in evidence. The deposition shall be admissible in evidence, subject to such objections to the questions and answers as were noted at the

The application for the issuance of subpoenas duces tecum shall specify the books, records, correspondence or other documents sought. The production of documentary evidence shall not be required at any place other than the witness' place of business. The production of such documents shall not be required at any place if, prior to the return date specified in the subpoena, such person either has furnished the issuer of the subpoena with a properly certified copy of such documents or has entered into a stipulation as to the information contained in such documents.

§ 501.7 Time.

(a) Computation. In computing any period of time prescribed or allowed by the regulations, by order of the Commission, or by any applicable statute, the day of the act, event, or default after which the designated period of time begins to run is not to be included. The last day of the period so computed is to be included, unless it is a Saturday, Sunday or legal holiday, in which event the period runs until the end of the next day which is neither a Saturday, Sunday nor a holiday. When the period of time prescribed or allowed is less than 7 days, intermediate Saturdays, Sundays and holidays shall be excluded in the computation.

(b) Enlargement. When by the regulations in this chapter or by a notice given thereunder or by order of the Commission an act is required or allowed to be done at or within a specific time, the Commission for good cause shown may, at any time in its discretion (1) with or without motion, notice, or previous order or (2) upon motion, permit the act to be done after the expiration of the specified period.

§ 503.9 Availability of records.

(a) Each person desiring access to a record covered by this part must comply with the following provisions:

(1) A written request must be made for the record.

(2) Such request must indicate that it is being made under the Freedom of Information Act.

(3) The envelope in which the request is sent must be prominently marked with the letters “FOIA”.

(4) The request must be addressed to the appropriate official or employee of the Commission as set forth in paragraph (c) of this section.

(5) The foregoing requirements must be complied with whether the request is mailed or hand-delivered to the Commission.

(b) If the requirements of paragraph (a) of this section are not met, the ten day time limit described in § 503.10(a) will not begin to run until the request has been identified by an official or employee of the Commission as set forth in paragraph (c) of this section.

(c) Each person desiring access to a record covered in this part that is located in the Commission, or to obtain a copy of such a record, must make a written request to the Administrative Officer, Foreign Claims Settlement Commission, 1111 20th Street NW., Washington, DC 20579.

(d) Each request should reasonably describe the particular record requested. The request should specify the subject matter, the date when it was made and the person or office that made it. If the description is insufficient, the official or employee handling the request may notify the person making the request and, to the extent possible, indicate the additional data required.

(e) Each record made available under this section is available for inspection and copying during regular working hours. Original documents may be copied but may not be released from custody.

(f) Authority to administer this part in connection with Commission records is delegated to the Administrative Officer or the Commission employee acting in that official’s capacity.

§ 503.10 Actions on requests.

(a) The Administrative Officer or any employee acting in that official’s capacity shall determine within ten days (excluding Saturdays, Sundays, and legal public holidays) after the receipt of any such request whether to comply with such request. Upon receipt of a request for a Commission record which is available, the Administrative Officer or other employee shall notify the requester as to the time the record is available, and shall promptly make the record available after advising such requester of the applicable fees under § 503.13. The person making such request shall be notified immediately after any adverse determination, the reasons for making such adverse determination and the right of such person to appeal.

(b) Any denial of a request for a record shall be written and signed by the Administrative Officer or other employee, including a statement of the reason for denial. Such statement shall contain, as applicable:

(1) A reference to the specific exemption under the Freedom of Information Act authorizing the withholding of a record, and to the extent consistent with the purpose of the exemption, an explanation of how the exemption applies to the record withheld.

(2) If a record requested does not exist or has been legally disposed of, the requester shall be so notified.

(c) In unusual circumstances, the time limit prescribed in paragraph (a) may be extended by written notice to the person making such request setting forth the reasons for such extension and the date on which a determination is expected to be dispatched. No such
§ 503.11 Appeals.

(a) Any person to whom a record has not been made available within the time limits established by paragraph (d) of § 503.10, and any person who has been given an adverse determination pursuant to paragraph (b) of § 503.10, that a requested record will not be disclosed, may apply to the Chairman of the Commission, or in the Chairman’s absence an officer or employee designated by the Chairman, for reconsideration of the request. A determination that a record will not be disclosed is not administratively final for the purpose of judicial review unless it was made by the Chairman or Chairman’s designee, unless the applicable time limit has passed without a determination of the appeal having been made.

(b) Each application for reconsideration must be made in writing within thirty days from the date of receipt of the original denial and must include all information and arguments relied upon by the person making the request. Such application must indicate that it is an appeal from a denial of a request made under the Freedom of Information Act. The envelope in which the application is sent must be prominently marked with the letters “FOIA”. If these requirements are not met, the twenty day limit described in § 503.10 will not begin to run until the application has been identified as an appeal under the Freedom of Information Act and has been received by the appropriate office.

(c) Whenever it is to be determined necessary, the person making the request may be required to furnish additional information, or proof of factual allegations and other proceedings appropriate in the circumstances may be ordered. The decision of the Chairman or Chairman’s designee as to the availability of the record is administratively final.

(d) The decision not to disclose a record under this part is considered to be a withholding for the purposes of section 552(a)(3) of title 5, United States Code.

§ 503.12 Exemptions.

In the event any document or record requested hereunder shall contain material which is exempt from disclosure under this section, any reasonably segregable portion of such record shall, notwithstanding such fact, and to the extent feasible, be provided to any person requesting same, after deletion of the portions which are exempt under this section. Documents or records determined to be exempt from disclosure hereunder may nonetheless be provided upon request in the event it is determined that the provision of such document would not violate the public interest or the right of any person to whom such information may pertain, and the disclosure is not prohibited by law or Executive Order. The following categories of records are exempt from disclosure under the provisions of 5 U.S.C. 552(b):

(a) Records which are specifically required by Executive Order to be kept
Foreign Claims Settlement Commission, Justice

§ 503.13 Fees for services.

The following provisions shall apply in the assessment and collection of fees for services rendered in processing requests for disclosure of Commission records under this part.

(a) Fee for duplication of records. $0.15 per page.

(b) Search and review fees.

(1) Searches for records by clerical personnel—$2.00 per quarter hour, including time spent searching for and copying any record.

(2) Search for and review of records by professional and supervisory personnel—$5.50 per quarter hour spent searching for any record or reviewing a record to determine whether it may be disclosed, including time spent in copying any record.

(c) Certification and validation fee. $1.00 for each certification, validation or authentication of a copy of any record.

(d) Imposition of fees.

(1) Commercial use requests—Where a request appears to seek disclosure of records for a commercial use, the requester shall be charged for the time spent by Commission personnel in searching for the requested record and in reviewing the record to determine whether it should be disclosed, and for the cost of each page of duplication. “Commercial use” is defined as a use or purpose that furthers the commercial, trade or profit interests of the requester or the person on whose behalf the request is made. The request also must reasonably identify the records sought.
(2) Requests from representatives of news media—Where a request seeks disclosure of records to a representative of the news media, the requester shall be charged only for the actual duplication cost of the records and only to the extent that the number of duplications exceeds 100 pages; provided, however, that the request must reasonably describe the records sought, and it must appear that the records are for use by the requester in such person’s capacity as a news media representative. “Representative of the news media” refers to any person actively gathering news for an entity that is organized and operated to publish or broadcast news to the public. The term “news” means information that is about current events or that would be of current interest to the public. A “freelance” journalist not actually employed by a news organization shall be eligible for inclusion under this category if such person can demonstrate a solid basis for expecting publication by a news organization.

(3) Requests from educational and non-commercial scientific institutions—Where a request seeks disclosure of records to an educational or non-commercial scientific institution, the requester shall be charged only for the actual duplication cost of the records and only to the extent that the number of duplications exceeds 100 pages; provided, however, that the request must reasonably describe the records sought and it must appear that the records are to be used by the requester in furtherance of its educational or non-commercial scientific research programs. “Educational institution” refers to a preschool, a public or private elementary or secondary school, or an institution of undergraduate, graduate, professional or vocational education, which operates a program or programs of scholarly research. “Non-commercial scientific institution” refers to an institution that is not operated on a “commercial” basis, within the meaning of paragraph (d)(1) of this section and which is operated solely for the purpose of conducting scientific research, the results of which are not intended to promote any particular product or industry.

(4) All other requests—Where a request seeks disclosure of records to a person or entity other than one coming within paragraphs (d) (1), (2) and (3) of this section, the requester shall be charged the full cost of search and duplication. However, the first two hours of search time and the first 100 pages of duplication shall be furnished without charge.

(e) Aggregating of requests. If there exists a solid basis for concluding that a requester or group of requesters has submitted a series of partial requests for disclosure of records in an attempt to evade assessment of fees, the requests may be aggregated so as to constitute a single request, with fees charged accordingly.

(f) Unsuccessful searches. Except as provided in paragraph (d) of this section, the cost of searching for a requested record shall be charged even if the search fails to locate such record or it is determined that the record is exempt from disclosure.

(g) Interest. In the event a requester fails to remit payment of fees charged for processing a request under this part within 30 days from the date such fees were billed, interest on such fees may be assessed beginning on the 31st day after the billing date, to be calculated at the rate prescribed in section 3717 of title 31, United States Code.

(h) Advance payments. (1) If, but only if, it is estimated or determined that processing of a request for disclosure of records will result in a charge of fees of more than $250.00, the requester may be required to pay the fees in advance in order to obtain completion of such processing.

(2) If a requester has previously failed to make timely payment (i.e., within 30 days of billing date) of fees charged under this part, the requester may be required to pay such fees and interest accrued thereon, and to make an advance payment of the full amount of estimated fees chargeable in connection with any pending or new request, in order to obtain processing of such pending or new request.

(3) With regard to any request coming within paragraphs (h) (1) and (2) of this section, the administrative time limits set forth in §§ 503.10 and 503.11 of this part will begin to run only after the requisite fee payments have been received.
(i) Non-payment. In the event of non-payment of billed charges for disclosure of records, the provisions of the Debt Collection Act of 1982 (Pub. L. 97-365), including disclosure to consumer credit reporting agencies and referral to collection agencies, may be utilized to obtain payment.

(j) Waiver or reduction of charges. Fees otherwise chargeable in connection with a request for disclosure of a record shall be waived or reduced where—

1. It is determined that disclosure is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester; or

2. It is determined that the cost of collection would be equal to or exceed the amount of such fees. No charges shall be assessed if such fees amount to $8.00 or less.

§ 509.1 Basis for hearing.

Any claimant whose application is denied or is approved for less than the full allowable amount of such claim, shall be entitled to a hearing before the Commission or its representative with respect to such claim. Hearings may also be held on the Commission's own motion.
§ 509.2 Request for hearing.
Within 30 days after the Commission's notice of denial of a claim, or approval for a lesser amount than claimed, has been posted by the Commission, the claimant, if a hearing is desired, shall notify the Commission in writing, and shall set forth in such request the reasons in full for requesting the hearing, including any statement of law or facts upon which the claimant relies.

§ 509.3 Notification to claimant.
Upon receipt of such a request the Commission shall schedule a hearing and notify the claimant as to the date and place such hearing is to be held. No later than 10 days prior to the scheduled hearing date, the claimant shall submit all documents, briefs, or other additional evidence relative to an appeal from the award.

§ 509.4 Failure to file request for hearing.
The failure to file a request for a hearing within the period specified in § 509.2 will be deemed to constitute a waiver of right to such hearing and the decision of the Commission shall constitute a full and final disposition of the case.

§ 509.5 Purpose of hearing.
(a) Such hearings shall be conducted by the Commission, its designee or designees. Oral testimony and documentary evidence, including depositions that may have been taken as provided by statute and the rules of practice, may be offered in evidence on claimant's behalf or by counsel for the Commission designated by it to represent the public interest opposed to the allowance of an unjust or unfounded claim or portion thereof, and either may cross-examine as to evidence offered through witnesses on behalf of the other. Objections to the admission of any such evidence shall be ruled upon by the presiding officer.
(b) Such hearings may be stenographically recorded either at the request of the claimant or at the discretion of the Commission. A claimant making such a request shall notify the Commission at least 10 days prior to the hearing date. When a stenographic record of a hearing is ordered at the claimant's request, the cost of such reporting and transcription may be charged to the claimant.
(c) Such hearings shall be open to the public.

§ 509.6 Resume of hearing, preparation of.
Upon such hearing, the hearing officer shall prepare a resume of the hearing, specifying the issues on which the hearing was based, and including a list of documents and contents and other items relative to such issues which were introduced as evidence. A brief analysis of oral testimony shall also be prepared and included in such resume of the hearing not stenographically reported.

§ 509.7 Action by the Commission.
After the conclusion of such hearing and a review of the resume, the Commission may affirm, modify, or reverse its former action with respect to such claim, including a denial or reduction in the amount of the award theretofore approved. All findings of the Commission concerning the persons to whom compensation is payable, and the amounts thereof, are conclusive and not reviewable by any court.

§ 509.8 Application of other regulations.
To the extent they are not inconsistent with the regulations set forth under provisions of this subchapter, the other regulations of the Commission shall also be applicable to the claims filed hereunder.

§ 531.1 Time for filing.
Claims shall be filed as specified by the Commission by duly promulgated notice published in the Federal Register, or as specified in legislation passed by Congress, as applicable.

§ 531.2 Form, content and filing of claims.
(a) Unless otherwise specified by law, or by regulations published in the Federal Register, claims shall be filed on official forms provided by the Commission upon request in writing addressed to the Commission at its office at 1111 20th Street, NW., Washington, DC 20579; shall include all of the information called for in the appropriate form; and shall be completed and signed in accordance with the instructions accompanying the form.
(b) Notice to the Foreign Claims Settlement Commission, the Department of State, or any other governmental office or agency, prior to the enactment of the statute authorizing a claims program or the effective date of a lump-sum claims settlement agreement, of an intention to file a claim against a foreign country, shall not be considered as a timely filing of a claim if formalized within 30 days after the expiration of the filing period.

§ 531.3 Exhibits and documents in support of claim.
(a) If available, all exhibits and documents shall be filed with and at the same time as the claim, and shall, wherever possible, be in the form of original documents, or copies or originals certified as such by their public or other official custodian.
(b) Documents in a foreign language. Each copy of a document, exhibit or paper filed, which is written or printed in a language other than English, shall be accompanied by an English translation thereof duly verified under oath by its translator to be a true and accurate translation thereof, together with the name and address of the translator.
(c) Preparation of papers. All claims, briefs, and memoranda filed shall be typewritten or printed and, if typewritten, shall be on legal size paper.

§ 531.4 Acknowledgement and numbering.
The Commission will acknowledge the receipt of a claim in writing and will notify the claimant of the claim number assigned to it, which number shall be used on all further correspondence and papers filed with regard to the claim.

§ 531.5 Procedure for determination of claims.
(a) The Commission may on its own motion order a hearing upon any claim, specifying the questions to which the hearing shall be limited.
(b) Without previous hearing, the Commission or a designated member of the staff may issue a Proposed Decision in determination of a claim.
(c) Such Proposed Decision shall be delivered to the claimant or the claimant’s attorney of record in person or by mail. Delivery by mail shall be deemed completed 5 days after the mailing of such Proposed Decision addressed to
the last known address of the claimant or the claimant's attorney of record. A copy of the Proposed Decision shall be available for public inspection at the offices of the Commission.

(d) It shall be the policy of the Commission to post on a bulletin board any information of general interest to claimants before the Commission.

(e) When the Proposed Decision denies a claim in whole or in part, the claimant may within 15 days of service thereof file objections to such denial, assigning the errors relied upon, with accompanying brief in support thereof, and may request a hearing on the claim, specifying whether for the taking of evidence or only for the hearing of oral argument upon the errors assigned.

(f) Copies of objections to or requests for hearings on Proposed Decisions shall be available for public inspection at the Commission's offices.

(g) Upon the expiration of 30 days after service or receipt of notice, if no objection under this section has in the meantime been filed, a staff Proposed Decision, upon approval by the Commission, shall become the Commission's final determination and decision on the claim. A Proposed Decision issued by the Commission may become final after 30 days without further order or decision by the Commission.

(h) If an objection has in the meantime been filed, but no hearing requested, the Commission may, after due consideration thereof, (1) issue a Final Decision affirming or modifying its Proposed Decision, (2) issue an Amended Proposed Decision, or (3) on its own motion order hearing thereon, indicating whether for the taking of evidence on specified questions or only for the hearing of oral arguments.

(i) After the conclusion of a hearing, upon the expiration of any time allowed by the Commission for further submissions, the Commission may proceed to issue a Final Decision in determination of the claim.

(j) In case an individual claimant dies prior to the issuance of the Final Decision, such person's legal representative shall be substituted as party claimant. However, upon failure of a representative to qualify for substitution, the Commission may issue its decision in the name of the estate of the deceased and, in case of an award, certify the award in the same manner to the Secretary of the Treasury for payment, if the payment of such award is provided for by statute.

(2) Notice of the Commission's action under this paragraph shall be forwarded to the claimant's attorney of record, or if the claimant is not represented by an attorney, such notice shall be addressed to the estate of the claimant at the last known place of residence.

(3) The term "legal representative" as applied in this paragraph means, in general, the administrator or executor, heir(s), next of kin, or descendant(s).

(k) After the date of filing with the Commission no claim shall be amended to reflect the assignment thereof by the claimant to any other person or entity except as otherwise provided by statute.

(l) At any time after a final Decision has been issued on a claim, or a Proposed Decision has been entered as the Final Decision on a claim, but not later than 60 days before the completion date of the Commission's affairs in connection with the program under which such claim is filed, a petition to reopen on the ground of newly discovered evidence may be filed. No such petition shall be entertained unless it appears therein that the newly discovered evidence came to the knowledge of the party filing the petition subsequent to the date of issuance of the Final Decision or the date on which the Proposed Decision was entered as the Final Decision; that it was not for want of due diligence that such evidence did not come sooner to the claimant's knowledge; and that the evidence is material, and not merely cumulative, and that reconsideration of the matter on the basis of such evidence would produce a different decision. Such petition shall include a statement of the facts which the petitioner expects to prove, the name and address of each witness, the identity of documents, and the reasons for failure to make earlier submission of the evidence.
§ 531.7

of claimant, shall be held upon not less than fifteen days' notice of the time and place thereof.

(b) Such hearings shall be open to the public unless otherwise requested by claimant and ordered by the Commission.

(c) Such hearings shall be conducted by the Commission, its designee or designees. Oral testimony and documentary evidence, including depositions that may have been taken as provided by statute and the rules of practices, may be offered in evidence on the claimant's behalf or by counsel for the Commission designated by it to represent the public interest opposed to the allowance of any unjust or unfounded claim or portion thereof; and either may cross-examine as to evidence offered through witnesses on behalf of the other. Objections to the admission of any such evidence shall be ruled upon by the presiding officer.

(d) The claimant shall be the moving party, and shall have the burden of proof on all issues involved in the determination of his or her claim.

(e) Hearings may be stenographically reported either at the request of the claimant or upon the discretion of the Commission. A claimant making such a request shall notify the Commission at least ten (10) days prior to the hearing date. When a stenographic record of a hearing is ordered at the claimant's request, the cost of such reporting and transcription may be charged to the claimant.

§ 531.7 Presettlement conference.

The Commission on its own motion or initiative, or upon the application of a claimant for good cause shown, may direct that a presettlement conference be held with respect to any issue involved in a claim.

601.4 Classification Review Committee.
601.5 Derivative classification.
601.6 Downgrading and declassification.
601.7 Mandatory declassification review.
601.8 Access to classified materials.
601.9 Access by historical researchers and
former Presidential appointees.

otherwise noted.

§ 601.1 Purpose.

Pursuant to Executive Order 12958
and Information Security Oversight Of-
Fice Directive No. 1, the National
Science Foundation [Foundation] issues the following regulations. The
regulations identify the information to
be protected, prescribe classification,
declassification, downgrading, and
safeguarding procedures to be followed,
and establish a monitoring system to
ensure the regulations' effectiveness.

FR 51021, Sept. 30, 1996]

§ 601.2 Classification authority.

The Foundation does not have origi-
nal classification authority under Ex-
ecutive Order 12958. In any instance
where a Foundation employee develops
information that appears to warrant
classification because of its national
security character, the material will be
afforded protection and sent to the Di-
vision of Administrative Services
(DAS). Upon determination that classi-
fication is warranted, DAS will submit
such material to the agency that has
appropriate subject matter interest
and classification authority.

FR 51021, Sept. 30, 1996]

§ 601.3 Security program.

The Director, Division of Administra-
tive Services, is responsible for con-
ducting a security program that en-
sures effective implementation of Ex-
ecutive Order 12958, to include:

(a) Maintaining active training and
orientation programs for employees
concerned with classified information
or material.

(b) Encouraging Foundation per-
sonnel to challenge those classification
decisions they believe to be improper.

(c) Issuing directives that ensure
classified information is used, proc-
essed, stored, reproduced and trans-
mitted only under conditions that will
provide adequate protection and pre-
vent access by unauthorized persons.

(d) Recommending to the Director
appropriate administrative action to
correct abuse or violation of any provi-
sion of these regulations, including no-
tification by warning letters, formal
reprimand, and to the extent permitted
by law, suspension without pay and re-
moval.

FR 51021, Sept. 30, 1996]

§ 601.4 Classification Review Com-
mittee.

The Security Officer (Information)
chairs the Foundation's Classification
Review Committee which has author-
ity to act on all suggestions and com-
plaints with respect to the Founda-
tion's administration of the regula-
tions. The Assistant Directors and the
Heads of other offices reporting to the
Director serve as members of the Com-
mittee. All suggestions and complaints
including those regarding overclassi-
fication, failure to classify, or delay in
declassifying not otherwise resolved,
shall be referred to the Committee for
resolution. The Committee shall estab-
lish procedures to review and act with-
in 30 days upon all appeals regarding
requests for declassification. The Com-
mittee is authorized to overrule pre-
vious determinations in whole or in
part when in its judgment, continued
protection is no longer required. If the
Committee determines that continued
classification is required under the cri-
tera of the Executive Order, it shall
promptly so notify the requester and
advise him that he may file an applica-
tion for review with the Foundation. In
addition, the Committee shall review
all appeals of requests for records
§ 601.5 Derivative classification.

Distinct from “original” classification is the determination that information is in substance the same as information currently classified, because of incorporating, paraphrasing, restating or generating in new form information that is already classified, and marking the newly developed material consistent with the marking of the source information. Persons who only reproduce, extract, or summarize classified information, or who only apply classification markings derived from source material or as directed by a classification guide, need not possess original classification authority.

(a) If a person who applies derivative classification markings believes that the paraphrasing, restating, or summarizing of classified information has changed the level of or removed the basis for classification, that person must consult for a determination an appropriate official of the originating agency or office of origin who has the authority to upgrade, downgrade, or declassify the information.

(b) The person who applies derivative classification markings shall observe and respect original classification decisions; and carry forward to any newly created documents any assigned authorized markings. The declassification date or event that provides the longest period of classification shall be used for documents classified on the basis of multiple sources.

§ 601.6 Downgrading and declassification.

Executive Order 12958 prescribes a uniform system for classifying, declassifying, and safeguarding national security information.

(a) Information shall be declassified or downgraded as soon as national security considerations permit. The National Science Foundation shall coordinate their review of classified information with other agencies that have a direct interest in the subject matter. Information that continues to meet the classification requirements prescribed by Section 1.3 despite the passage of time will continue to be protected in accordance with Executive Order 12958.

(b) Foundation documents may be declassified or downgraded by the official who authorized the original classification, if that official is still serving in the same position; the originator’s successor; a supervisory official of either; or officials delegated such authority in writing by the Director.

(c) The Director shall conduct internal systematic review programs for classified information originated by the Foundation contained in records determined by the Archivist to be permanently valuable but that have not been accessioned into the National Archives of the United States.

(d) The Archivist of the United States shall, in accordance with procedures and timeframes prescribed in the Information Security Oversight Office’s directives implementing Executive Order 12958, systematically review classified records accessioned into the National Archives of the United States. Such information shall be reviewed by the Archivist for declassification or downgrading in accordance with systematic review guidelines that shall be provided by the head of the agency that originated the information, or in the case of foreign government information, by the Director of Information Security Oversight Office in consultation with interested agency heads.

§ 601.7 Mandatory declassification review.

(a) The Division of Administrative Services is hereby designated as the office to which members of the public or Departments may direct requests for mandatory review for declassification under this provision. In the case of documents originally classified by the Foundation, this office shall, in turn, assign the request to the appropriate office for action within 60 days. In each instance, receipt of the request will be acknowledged in writing immediately.
by the office that has been assigned action. A request for classification review must reasonably describe the document.

(b) Whenever a request is deficient in its description of the record sought, the requester should be asked to provide additional identifying information to the extent possible. Whenever a request does not reasonably describe the information sought, the requester shall be notified that unless additional information is provided or the scope of the request is narrowed, no further action will be undertaken. Upon a determination that the requested material no longer warrants classification, it shall be declassified and made promptly available to the requester, if not otherwise exempt from disclosure under 5 U.S.C. 552(b) (Freedom of Information Act) or other provision of law. If the information may not be released in whole or in part the requester shall be given a brief statement as to the reasons for denial, a notice of the right to appeal the determination of the Classification Review Committee, and a notice that such an appeal must be filed with the Foundation within 60 days in order to be considered.

(c) When the request relates to a document given derivative classification by the Foundation or originated by another agency, the request and the document will be forwarded to the originator of the source document, and the requestor notified of such referral.

(d) Employees presently cleared for access to classified information are encouraged to challenge classification in cases where there is reasonable cause to believe that information is classified unnecessarily, improperly, or for an inappropriate period of time. Such challenges should be brought to the attention of the Security Officer (Information) who will act thereon within 30 days, informing the challenger of actions taken. Requests for confidentiality will be honored.

§ 601.8 Access to classified materials.

No person may be given access to classified information unless that person has been determined to be trustworthy and unless access is essential to the accomplishment of lawful and authorized Government purposes.

$\textbf{§ 601.9 Access by historical researchers and former Presidential appointees.}$

The requirement in §601.8 that access to classified information may be granted only as is essential to the accomplishment of lawful and authorized Government purposes may be waived for persons who are engaged in historical research projects, or previously have occupied policymaking positions to which they were appointed by the President, provided they execute written agreements to safeguard the information and written consent to the Foundation's review of their notes and manuscripts solely for the purpose of determining that no classified information is disclosed. A precondition to any such access is the favorable completion of an appropriate investigative inquiry.

§ 602.1 Purpose and scope of this part.

This part establishes uniform administrative rules for Federal grants and cooperative agreements and subawards to State, local and Indian tribal governments.

§ 602.2 Scope of subpart.

This subpart contains general rules pertaining to this part and procedures for control of exceptions from this part.

§ 602.3 Definitions.

As used in this part:

Accrued expenditures mean the charges incurred by the grantee during a given period requiring the provision of funds for:

1. Goods and other tangible property received;
2. Services performed by employees, contractors, subgrantees, subcontractors, and other payees; and
3. Other amounts becoming owed under programs for which no current services or performance is required, such as annuities, insurance claims, and other benefit payments.

Accrued income means the sum of:

1. Earnings during a given period from services performed by the grantee and goods and other tangible property delivered to purchasers, and
2. Amounts becoming owed to the grantee for which no current services or performance is required by the grantee.

Acquisition cost of an item of purchased equipment means the net invoice unit price of the property including the cost of modifications, attachments, accessories, or auxiliary apparatus necessary to make the property usable for the purpose for which it was acquired. Other charges such as the cost of installation, transportation, taxes, duty or protective in-transit insurance, shall be included or excluded from the unit acquisition cost in accordance with the grantee's regular accounting practices.

Administrative requirements mean those matters common to grants in general, such as financial management, kinds and frequency of reports, and retention of records. These are distinguished from programmatic requirements, which concern matters that can be treated only on a program-by-program or grant-by-grant basis, such as kinds of activities that can be supported by grants under a particular program.

Awarding agency means (1) with respect to a grant, the Federal agency, and (2) with respect to a subgrant, the party that awarded the subgrant.

Cash contributions mean the grantee's cash outlay, including the outlay of money contributed to the grantee or subgrantee by other public agencies and institutions, and private organizations and individuals. When authorized by Federal legislation, Federal funds received from other assistance agreements may be considered as grantee or subgrantee cash contributions.

Contract means (except as used in the definitions for grant and subgrant in this section and except where qualified by Federal) a procurement contract under a grant or subgrant, and means a procurement subcontract under a contract.
Cost sharing or matching means the value of the third party in-kind contributions and the portion of the costs of a federally assisted project or program not borne by the Federal Government.

Cost-type contract means a contract or subcontract under a grant in which the contractor or subcontractor is paid on the basis of the costs it incurs, with or without a fee.

Equipment means tangible, non-expendable, personal property having a useful life of more than one year and an acquisition cost of $5,000 or more per unit. A grantee may use its own definition of equipment provided that such definition would at least include all equipment defined above.

Expenditure report means: (1) For non-construction grants, the SF-269 “Financial Status Report” (or other equivalent report); (2) for construction grants, the SF-271 “Outlay Report and Request for Reimbursement” (or other equivalent report).

Federally recognized Indian tribal government means the governing body or a governmental agency of any Indian tribe, band, nation, or other organized group or community (including any Native village as defined in section 3 of the Alaska Native Claims Settlement Act, 85 Stat. 688) certified by the Secretary of the Interior as eligible for the special programs and services provided by him through the Bureau of Indian Affairs.

Government means a State or local government or a federally recognized Indian tribal government.

Grant means an award of financial assistance, including cooperative agreements, in the form of money, or property in lieu of money, by the Federal Government to an eligible grantee. The term does not include technical assistance which provides services instead of money, or other assistance in the form of revenue sharing, loans, loan guarantees, interest subsidies, insurance, or direct appropriations. Also, the term does not include assistance, such as a fellowship or other lump sum award, which the grantee is not required to account for.

Grantee means the government to which a grant is awarded and which is accountable for the use of the funds provided. The grantee is the entire legal entity even if only a particular component of the entity is designated in the grant award document.

Local government means a county, municipality, city, town, township, local public authority (including any public and Indian housing agency under the United States Housing Act of 1937) school district, special district, intrastate district, council of governments (whether or not incorporated as a nonprofit corporation under state law), any other regional or interstate government entity, or any agency or instrumentality of a local government.

Obligations means the amounts of orders placed, contracts and subgrants awarded, goods and services received, and similar transactions during a given period that will require payment by the grantee during the same or a future period.

OMB means the United States Office of Management and Budget.

Outlays (expenditures) mean charges made to the project or program. They may be reported on a cash or accrual basis. For reports prepared on a cash basis, outlays are the sum of actual cash disbursement for direct charges for goods and services, the amount of indirect expense incurred, the value of in-kind contributions applied, and the amount of cash advances and payments made to contractors and subgrantees. For reports prepared on an accrued expenditure basis, outlays are the sum of actual cash disbursements, the amount of indirect expense incurred, the value of in-kind contributions applied, and the new increase (or decrease) in the amounts owed by the grantee for goods and other property received, for services performed by employees, contractors, subgrantees, subcontractors, and other payees, and other amounts becoming owed under programs for which no current services or performance are required, such as annuities, insurance claims, and other benefit payments.

Percentage of completion method refers to a system under which payments are made for construction work according to the percentage of completion of the work, rather than to the grantee’s cost incurred.
§ 602.4 Applicability.

(a) General. Subparts A through D of this part apply to all grants and subgrants to governments, except where inconsistent with Federal statutes or with regulations authorized in accordance with § 602.6, or:

Prior approval means documentation evidencing consent prior to incurring specific cost.

Real property means land, including land improvements, structures and appurtenances thereto, excluding movable machinery and equipment.

Share, when referring to the awarding agency’s portion of real property, equipment or supplies, means the same percentage as the awarding agency’s portion of the acquiring party’s total costs under the grant to which the acquisition costs under the grant to which the acquisition cost of the property was charged. Only costs are to be counted—not the value of third-party in-kind contributions.

State means any of the several States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, or any agency or instrumentality of a State exclusive of local governments. The term does not include any public and Indian housing agency under United States Housing Act of 1937.

Subgrant means an award of financial assistance in the form of money, or property in lieu of money, made under a grant to a grantee to an eligible subgrantee. The term includes financial assistance when provided by contractual legal agreement, but does not include procurement purchases, nor does it include any form of assistance which is excluded from the definition of grant in this part.

Subgrantee means the government or other legal entity to which a subgrant is awarded and which is accountable to the grantee for the use of the funds provided.

Supplies means all tangible personal property other than equipment as defined in this part.

Suspension means depending on the context, either (1) temporary withdrawal of the authority to obligate grant funds pending corrective action by the grantee or subgrantee or a decision to terminate the grant, or (2) an action taken by a suspending official in accordance with agency regulations implementing E.O. 12549 to immediately exclude a person from participating in grant transactions for a period, pending completion of an investigation and such legal or debarment proceedings as may ensue.

Termination means permanent withdrawal of the authority to obligate previously-awarded grant funds before that authority would otherwise expire. It also means the voluntary relinquishment of that authority by the grantee or subgrantee. Termination does not include: (1) Withdrawal of funds awarded on the basis of the grantee’s underestimation of the unobligated balance in a prior period; (2) Withdrawal of the unobligated balance as of the expiration of a grant; (3) Refusal to extend a grant or award additional funds, to make a competing or noncompeting continuation, renewal, extension, or supplemental award; or (4) voiding of a grant upon determination that the award was obtained fraudulently, or was otherwise illegal or invalid from inception.

Terms of a grant or subgrant mean all requirements of the grant or subgrant, whether in statute, regulations, or the award document.

Third party in-kind contributions mean property or services which benefit a federally assisted project or program and which are contributed by non-Federal third parties without charge to the grantee, or a cost-type contractor under the grant agreement.

Unliquidated obligations for reports prepared on a cash basis mean the amount of obligations incurred by the grantee that has not been paid. For reports prepared on an accrued expenditure basis, they represent the amount of obligations incurred by the grantee for which an outlay has not been recorded.

Unobligated balance means the portion of the funds authorized by the Federal agency that has not been obligated by the grantee and is determined by deducting the cumulative obligations from the cumulative funds authorized.

§ 602.10 Forms for applying for grants.
(a) Scope. (1) This section prescribes forms and instructions to be used by governmental organizations (except hospitals and institutions of higher education operated by a government) in applying for grants. This section is not applicable, however, to formula grant programs which do not require applicants to apply for funds on a project basis.

(b) Exceptions for classes of grants or grantees may be authorized only by OMB.

(c) Exceptions on a case-by-case basis and for subgrantees may be authorized by the affected Federal agencies.

Subpart B—Pre-Award Requirements

§ 602.11 State plans.
(a) Scope. The statutes for some programs require States to submit plans before receiving grants. Under regulations implementing Executive Order 12372, “Intergovernmental Review of Federal Programs,” States are allowed to simplify, consolidate and substitute plans. This section contains additional provisions for plans that are subject to regulations implementing the Executive order.

(b) Requirements. A State need meet only Federal administrative or programmatic requirements for a plan that are in statutes or codified regulations.

(c) Assurances. In each plan the State will include an assurance that the State shall comply with all applicable Federal statutes and regulations in effect with respect to the periods for which it receives grant funding. For this assurance and other assurances required in the plan, the State may:

(1) Cite by number the statutory or regulatory provisions requiring the assurances and affirm that it gives the assurances required by those provisions,

(2) Repeat the assurance language in the statutes or regulations, or

(3) Develop its own language to the extent permitted by law.

(d) Amendments. A State will amend a plan whenever necessary to reflect: (1) New or revised Federal statutes or regulations or (2) a material change in any State law, organization, policy, or State agency operation. The State will obtain approval for the amendment and its effective date but need submit for approval only the amended portions of the plan.

§ 602.12 Special grant or subgrant conditions for “high-risk” grantees.
(a) A grantee or subgrantee may be considered “high risk” if an awarding agency determines that a grantee or subgrantee:

(b) Authorized forms and instructions for governmental organizations. (1) In applying for grants, applicants shall only use standard application forms or those prescribed by the granting agency with the approval of OMB under the Paperwork Reduction Act of 1980.

(2) Applicants are not required to submit more than the original and two copies of preapplications or applications.

(3) Applicants must follow all applicable instructions that bear OMB clearance numbers. Federal agencies may specify and describe the programs, functions, or activities that will be used to plan, budget, and evaluate the work under a grant. Other supplementary instructions may be issued only with the approval of OMB to the extent required under the Paperwork Reduction Act of 1980. For any standard form, except the SF-424 facesheet, Federal agencies may shade out or instruct the applicant to disregard any line item that is not needed.

(4) When a grantee applies for additional funding (such as a continuation or supplemental award) or amends a previously submitted application, only the affected pages need be submitted. Previously submitted pages with information that is still current need not be resubmitted.
(1) Has a history of unsatisfactory performance, or
(2) Is not financially stable, or
(3) Has a management system which does not meet the management standards set forth in this part, or
(4) Has not conformed to terms and conditions of previous awards, or

(2) Withholding authority to proceed to the next phase until receipt of evidence of acceptable performance within a given funding period;

(6) Establishing additional prior approvals.

(c) If an awarding agency decides to impose such conditions, the awarding official will notify the grantee or subgrantee as early as possible, in writing, of:

(1) The nature of the special conditions/restrictions;
(2) The reason(s) for imposing them;
(3) The corrective actions which must be taken before they will be removed and the time allowed for completing the corrective actions and
(4) The method of requesting reconsideration of the conditions/restrictions imposed.

Subpart C—Post-Award Requirements

Financial Administration

§ 602.20 Standards for financial management systems.

(a) A State must expand and account for grant funds in accordance with State laws and procedures for expending and accounting for its own funds. Fiscal control and accounting procedures of the State, as well as its subgrantees and cost-type contractors, must be sufficient to—

(1) Permit preparation of reports required by this part and the statutes authorizing the grant, and
(2) Permit the tracing of funds to a level of expenditures adequate to establish that such funds have not been used in violation of the restrictions and prohibitions of applicable statutes.

(b) The financial management systems of other grantees and subgrantees must meet the following standards:

(1) Financial reporting. Accurate, current, and complete disclosure of the financial results of financially assisted activities must be made in accordance with the financial reporting requirements of the grant or subgrant.
(2) Accounting records. Grantees and subgrantees must maintain records which adequately identify the source and application of funds provided for financially-assisted activities. These records must contain information pertaining to grant or subgrant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays or expenditures, and income.
(3) Internal control. Effective control and accountability must be maintained for all grant and subgrant cash, real and personal property, and other assets. Grantees and subgrantees must adequately safeguard all such property and must assure that it is used solely for authorized purposes.
(4) Budget control. Actual expenditures or outlays must be compared with budgeted amounts for each grant or subgrant. Financial information must be related to performance or productivity data, including the development of unit cost information whenever appropriate or specifically required in the grant or subgrant agreement. If unit cost data are required, estimates based on available documentation will be accepted whenever possible.
(5) Allowable cost. Applicable OMB cost principles, agency program regulations, and the terms of grant and subgrant agreements will be followed in determining the reasonableness, allowability, and allocability of costs.
(6) Source documentation. Accounting records must be supported by such source documentation as cancelled.
§ 602.21 Payment.

(a) Scope. This section prescribes the basic standard and the methods under which a Federal agency will make payments to grantees, and grantees will make payments to subgrantees and contractors.

(b) Basic standard. Methods and procedures for payment shall minimize the time elapsing between the transfer of funds and disbursement by the grantee or subgrantee, in accordance with Treasury regulations at 31 CFR part 205.

(c) Advances. Grantees and subgrantees shall be paid in advance, provided they maintain or demonstrate the willingness and ability to maintain procedures to minimize the time elapsing between the transfer of the funds and their disbursement by the grantee or subgrantee.

(d) Reimbursement. Reimbursement shall be the preferred method when the requirements in paragraph (c) of this section are not met. Grantees and subgrantees may also be paid by reimbursement for any construction grant. Except as otherwise specified in regulation, Federal agencies shall not use the percentage of completion method to pay construction grants. The grantee or subgrantee may use that method to pay its construction contractor, and if it does, the awarding agency's payments to the grantee or subgrantee will be based on the grantee's or subgrantee's actual rate of disbursement.

(e) Working capital advances. If a grantee cannot meet the criteria for advance payments described in paragraph (c) of this section, and the Federal agency has determined that reimbursement is not feasible because the grantee lacks sufficient working capital, the awarding agency may provide cash or a working capital advance basis. Under this procedure the awarding agency shall advance cash to the grantee to cover its estimated disbursement needs for an initial period generally geared to the grantee's disbursing cycle. Thereafter, the awarding agency shall reimburse the grantee for its actual cash disbursements. The working capital advance method of payment shall not be used by grantees or subgrantees if the reason for using such method is the unwillingness or inability of the grantee to provide timely advances to the subgrantee to meet the subgrantee's actual cash disbursements.

(f) Effect of program income, refunds, and audit recoveries on payment. (1) Grantees and subgrantees shall disburse repayments to and interest earned on a revolving fund before requesting additional cash payments for the same activity.

(2) Except as provided in paragraph (f)(1) of this section, grantees and subgrantees shall disburse program income, rebates, refunds, contract settlements, audit recoveries and interest earned on such funds before requesting additional cash payments.

(g) Withholding payments. (1) Unless otherwise required by Federal statute, awarding agencies shall not withhold payments for proper charges incurred by grantees or subgrantees unless—

(i) The grantee or subgrantee has failed to comply with grant award conditions or
(ii) The grantee or subgrantee is indebted to the United States.

(2) Cash withheld for failure to comply with grant award condition, but without suspension of the grant, shall be released to the grantee upon subsequent compliance. When a grant is suspended, payment adjustments will be made in accordance with §602.43(c).

(3) A Federal agency shall not make payment to grantees for amounts that are withheld by grantees or subgrantees from payment to contractors to assure satisfactory completion of work. Payments shall be made by the Federal agency when the grantees or subgrantees actually disburse the withheld funds to the contractors or to escrow accounts established to assure satisfactory completion of work.

(h) Cash depositories. (1) Consistent with the national goal of expanding the opportunities for minority business enterprises, grantees and subgrantees are encouraged to use minority banks (a bank which is owned at least 50 percent by minority group members). A list of minority owned banks can be obtained from the Minority Business Development Agency, Department of Commerce, Washington, DC 20230.

(2) A grantee or subgrantee shall maintain a separate bank account only when required by Federal-State agreement.

(i) Interest earned on advances. Except for interest earned on advances of funds exempt under the Intergovernmental Cooperation Act (31 U.S.C. 6501 et seq.) and the Indian Self-Determination Act (23 U.S.C. 450), grantees and subgrantees shall promptly, but at least quarterly, remit interest earned on advances to the Federal agency. The grantee or subgrantee may keep interest amounts up to $100 per year for administrative expenses.

§ 602.23 Period of availability of funds.

(a) General. Where a funding period is specified, a grantee may charge to the award only costs resulting from obligations of the funding period unless carryover of unobligated balances is permitted, in which case the carryover balances may be charged for costs resulting from obligations of the subsequent funding period.

(b) Liquidation of obligations. A grantee must liquidate all obligations incurred under the award not later than 90 days after the end of the funding period (or as specified in a program regulation) to coincide with the submission of the annual Financial Status Report (SF–269). The Federal agency may extend this deadline at the request of the grantee.

§ 602.24 Matching or cost sharing.

(a) Basic rule: Costs and contributions acceptable. With the qualifications and exceptions listed in paragraph (b) of this section, a matching or cost sharing requirement may be satisfied by either or both of the following:
(1) Allowable costs incurred by the grantee, subgrantee or a cost-type contractor under the assistance agreement. This includes allowable costs borne by non-Federal grants or by others cash donations from non-Federal third parties.

(2) The value of third party in-kind contributions applicable to the period to which the cost sharing or matching requirements applies.

(b) Qualifications and exceptions—(1) Costs borne by other Federal grant agreements. Except as provided by Federal statute, a cost sharing or matching requirement may not be met by costs borne by another Federal grant. This prohibition does not apply to income earned by a grantee or subgrantee from a contract awarded under another Federal grant.

(2) General revenue sharing. For the purpose of this section, general revenue sharing funds distributed under 31 U.S.C. 6702 are not considered Federal grant funds.

(3) Costs of contributions counted towards other Federal costs-sharing requirements. Neither costs nor the values of third party in-kind contributions may count towards satisfying a cost sharing or matching requirement of a grant agreement if they have been or will be counted towards satisfying a cost sharing or matching requirement of another Federal grant agreement, a Federal procurement contract, or any other award of Federal funds.

(4) Costs financed by program income. Costs financed by program income, as defined in §602.25, shall not count towards satisfying a cost sharing or matching requirement unless they are expressly permitted in the terms of the assistance agreement. (This use of general program income is described in §602.25(g).)

(5) Services or property financed by income earned by contractors. Contractors under a grant may earn income from the activities carried out under the contract in addition to the amounts earned from the party awarding the contract. No costs of services or property supported by this income may count towards satisfying a cost sharing or matching requirement unless other provisions of the grant agreement expressly permit this kind of income to be used to meet the requirement.

(6) Records. Costs and third party in-kind contributions counting towards satisfying a cost sharing or matching requirement must be verifiable from the records of grantees and subgrantee or cost-type contractors. These records must show how the value placed on third party in-kind contributions was derived. To the extent feasible, volunteer services will be supported by the same methods that the organization uses to support the allocability of regular personnel costs.

(7) Special standards for third party in-kind contributions. (i) Third party in-kind contributions count towards satisfying a cost sharing or matching requirement only where, if the party receiving the contributions were to pay for them, the payments would be allowable costs.

(ii) Some third party in-kind contributions are goods and services that, if the grantee, subgrantee, or contractor receiving the contribution had to pay for them, the payments would have been an indirect costs. Costs sharing or matching credit for such contributions shall be given only if the grantee, subgrantee, or contractor has established, along with its regular indirect cost rate, a special rate for allocating to individual projects or programs the value of the contributions.

(iii) A third party in-kind contribution to a fixed-price contract may count towards satisfying a cost sharing or matching requirement only if it results in:

(A) An increase in the services or property provided under the contract (without additional cost to the grantee or subgrantee) or

(B) A cost savings to the grantee or subgrantee.

(iv) The values placed on third party in-kind contributions for cost sharing or matching purposes will conform to the rules in the succeeding sections of this part. If a third party in-kind contribution is a type not treated in those sections, the value placed upon it shall be fair and reasonable.
(c) Valuation of donated services—(1) Volunteer services. Unpaid services provided to a grantee or subgrantee by individuals will be valued at rates consistent with those ordinarily paid for similar work in the grantee’s or subgrantee’s organization. If the grantee or subgrantee does not have employees performing similar work, the rates will be consistent with those ordinarily paid by other employers for similar work in the same labor market. In either case, a reasonable amount for fringe benefits may be included in the valuation.

(2) Employees of other organizations. When an employer other than a grantee, subgrantee, or cost-type contractor furnishes free of charge the services of an employee in the employee’s normal line of work, the services will be valued at the employee’s regular rate of pay exclusive of the employee’s fringe benefits and overhead costs. If the services are in a different line of work, paragraph (c)(1) of this section applies.

(d) Valuation of third party donated supplies and loaned equipment or space. (1) If a third party donates supplies, the contribution will be valued at the market value of the supplies at the time of donation.

(2) If a third party donates the use of equipment or space in a building but retains title, the contribution will be valued at the fair rental rate of the equipment or space.

(e) Valuation of third party donated equipment, buildings, and land. If a third party donates equipment, buildings, or land, and title passes to a grantee or subgrantee, the treatment of the donated property will depend upon the purpose of the grant or subgrant, as follows:

(1) Awards for capital expenditures. If the purpose of the grant or subgrant is to assist the grantee or subgrantee in the acquisition of property, the market value of that property at the time of donation may be counted as cost sharing or matching.

(2) Other awards. If assisting in the acquisition of property is not the purpose of the grant or subgrant, paragraphs (e)(2)(i) and (ii) of this section apply:

(i) If approval is obtained from the awarding agency, the market value at the time of donation of the donated equipment or buildings and the fair rental rate of the donated land may be counted as cost sharing or matching. In the case of a subgrant, the terms of the grant agreement may require that the approval be obtained from the Federal agency as well as the grantee. In all cases, the approval may be given only if a purchase of the equipment or rental of the land would be approved as an allowable direct cost. If any part of the donated property was acquired with Federal funds, only the non-federal share of the property may be counted as cost-sharing or matching.

(ii) If approval is not obtained under paragraph (e)(2)(i) of this section, no amount may be counted for donated land, and only depreciation or use allowances may be counted for donated equipment and buildings. The depreciation or use allowances for this property are not treated as third party in-kind contributions. Instead, they are treated as costs incurred by the grantee or subgrantee. They are computed and allocated (usually as indirect costs) in accordance with the cost principles specified in §602.22, in the same way as depreciation or use allowances for purchased equipment and buildings. The amount of depreciation or use allowances for donated equipment and buildings is based on the property’s market value at the time it was donated.

(f) Valuation of grantee or subgrantee donated real property for construction/acquisition. If a grantee or subgrantee donates real property for a construction or facilities acquisition project, the current market value of that property may be counted as cost sharing or matching.

(g) Appraisal of real property. In some cases under paragraphs (d), (e) and (f) of this section, it will be necessary to establish the market value of land or a building or the fair rental rate of land or of space in a building. In these cases, the Federal agency may require the market value or fair rental value be set by an independent appraiser, and that the value or rate be certified by the
§ 602.25 Program income.

(a) General. Grantees are encouraged to earn income to defray program costs. Program income includes income from fees for services performed, from the use or rental of real or personal property acquired with grant funds, from the sale of commodities or items fabricated under a grant agreement, and from payments of principal and interest on loans made with grant funds. Except as otherwise provided in regulations of the Federal agency, program income does not include interest on grant funds, rebates, credits, discounts, refunds, etc. and interest earned on any of them.

(b) Definition of program income. Program income means gross income received by the grantee or subgrantee directly generated by a grant supported activity, or earned only as a result of the grant agreement during the grant period. “During the grant period” is the time between the effective date of the award and the ending date of the award reflected in the final financial report.

(c) Cost of generating program income. If authorized by Federal regulations or the grant agreement, costs incident to the generation of program income may be deducted from gross income to determine program income.

(d) Governmental revenues. Taxes, special assessments, levies, fines, and other such revenues raised by a grantee or subgrantee are not program income unless the revenues are specifically identified in the grant agreement or Federal agency regulations as program income.

(e) Royalties. Income from royalties and license fees for copyrighted material, patents, and inventions developed by a grantee or subgrantee is program income only if the revenues are specifically identified in the grant agreement or Federal agency regulations as program income. (See §602.34.)

(f) Property. Proceeds from the sale of real property or equipment will be handled in accordance with the requirements of §§602.31 and 602.32.

(g) Use of program income. Program income shall be deducted from outlays which may be both Federal and non-Federal as described below, unless the Federal agency regulations or the grant agreement specify another alternative (or a combination of the alternatives). In specifying alternatives, the Federal agency may distinguish between income earned by the grantee and income earned by subgrantees and between the sources, kinds, or amounts of income. When Federal agencies authorize the alternatives in paragraphs (g) (2) and (3) of this section, program income in excess of any limits stipulated shall also be deducted from outlays.

(1) Deduction. Ordinarily program income shall be deducted from total allowable costs to determine the net allowable costs. Program income shall be used for current costs unless the Federal agency authorizes otherwise. Program income which the grantee did not anticipate at the time of the award shall be used to reduce the Federal agency and grantee contributions rather than to increase the funds committed to the project.

(2) Addition. When authorized, program income may be added to the funds committed to the grant agreement by the Federal agency and the grantee. The program income shall be used for the purposes and under the conditions of the grant agreement.

(3) Cost sharing or matching. When authorized, program income may be used to meet the cost sharing or matching requirement of the grant agreement. The amount of the Federal grant award remains the same.

(h) Income after the award period. There are no Federal requirements governing the disposition of program income earned after the end of the award period (i.e., until the ending date of the final financial report, see paragraph (a) of this section), unless the terms of the agreement or the Federal agency regulations provide otherwise.

§ 602.26 Non-Federal audit.

(a) Basic rule. Grantees and subgrantees are responsible for obtaining audits in accordance with the Single Audit Act Amendments of 1996 (31 U.S.C. 7501-7507) and revised OMB Circular A-133. “Audits of States, Local
§ 602.30 Changes.

(a) General. Grantees and subgrantees are permitted to rebudget within the approved direct cost budget to meet unanticipated requirements and may make limited program changes to the approved project. However, unless waived by the awarding agency, certain types of post-award changes in budgets and projects shall require the prior written approval of the awarding agency.

(b) Relation to cost principles. The applicable cost principles (see § 602.22) contain requirements for prior approval of certain types of costs. Except where waived, those requirements apply to all grants and subgrants even if paragraphs (c) through (f) of this section do not.

(c) Budget changes—(1) Nonconstruction projects. Except as stated in other regulations or an award document, grantees or subgrantees shall obtain the prior approval of the awarding agency whenever any of the following changes is anticipated under a nonconstruction award:

(i) Any revision which would result in the need for additional funding.

(ii) Unless waived by the awarding agency, cumulative transfers among direct cost categories, or, if applicable, among separately budgeted programs, projects, functions, or activities which exceed or are expected to exceed ten percent of the current total approved budget, whenever the awarding agency’s share exceeds $100,000.

(iii) Transfer of funds allotted for training allowances (i.e., from direct payments to trainees to other expense categories).

(2) Construction projects. Grantees and subgrantees shall obtain prior written approval for any budget revision which would result in the need for additional funds.

(3) Combined construction and nonconstruction projects. When a grant or subgrant provides funding for both construction and nonconstruction activities, the grantee or subgrantee must obtain prior written approval from the awarding agency before making any
fund or budget transfer from non-construction to construction or vice versa.

(d) Programmatic changes. Grantees or subgrantees must obtain the prior approval of the awarding agency whenever any of the following actions is anticipated:

(1) Any revision of the scope or objectives of the project (regardless of whether there is an associated budget revision requiring prior approval).

(2) Need to extend the period of availability of funds.

(3) Changes in key persons in cases where specified in an application or a grant award. In research projects, a change in the project director or principal investigator shall always require approval unless waived by the awarding agency.

(4) Under nonconstruction projects, contracting out, subgranting (if authorized by law) or otherwise obtaining the services of a third party to perform activities which are central to the purposes of the award. This approval requirement is in addition to the approval requirements of §602.36 but does not apply to the procurement of equipment, supplies, and general support services.

(e) Additional prior approval requirements. The awarding agency may not require prior approval for any budget revision which is not described in paragraph (c) of this section.

(f) Requesting prior approval. (1) A request for prior approval of any budget revision will be in the same budget format the grantee used in its application and shall be accompanied by a narrative justification for the proposed revision.

(2) A request for a prior approval under the applicable Federal cost principles (see §602.22) may be made by letter.

(3) A request by a subgrantee for prior approval will be addressed in writing to the grantee. The grantee will promptly review such request and shall approve or disapprove the request in writing. If the revision, requested by the subgrantee would result in a change to the grantee’s approved project which requires Federal prior approval, the grantee will obtain the Federal agency’s approval before approving the subgrantee’s request.

§ 602.31 Real property.

(a) Title. Subject to the obligations and conditions set forth in this section, title to real property acquired under a grant or subgrant will vest upon acquisition in the grantee or subgrantee respectively.

(b) Use. Except as otherwise provided by Federal statutes, real property will be used for the originally authorized purposes as long as needed for that purposes, and the grantee or subgrantee shall not dispose of or encumber its title or other interests.

(c) Disposition. When real property is no longer needed for the originally authorized purpose, the grantee or subgrantee will request disposition instructions from the awarding agency. The instructions will provide for one of the following alternatives:

(1) Retention of title. Retain title after compensating the awarding agency. The amount paid to the awarding agency will be computed by applying the awarding agency’s percentage of participation in the cost of the original purchase to the fair market value of the property. However, in those situations where a grantee or subgrantee is disposing of real property acquired with grant funds and acquiring replacement real property under the same program, the net proceeds from the disposition may be used as an offset to the cost of the replacement property.

(2) Sale of property. Sell the property and compensate the awarding agency. The amount due to the awarding agency will be calculated by applying the awarding agency’s percentage of participation in the cost of the original purchase to the proceeds of the sale after deduction of any actual and reasonable selling and fixing-up expenses. If the grant is still active, the net proceeds from sale may be offset against the original cost of the property. When a grantee or subgrantee is directed to sell property, sales procedures shall be followed that provide for competition to the extent practicable and result in the highest possible return.
§ 602.32 Equipment.

(a) Title. Subject to the obligations and conditions set forth in this section, title to equipment acquired under a grant or subgrant will vest upon acquisition in the grantee or subgrantee respectively.

(b) States. A State will use, manage, and dispose of equipment acquired under a grant by the State in accordance with State laws and procedures. Other grantees and subgrantees will follow paragraphs (c) through (e) of this section.

(c) Use. (1) Equipment shall be used by the grantee or subgrantee in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by Federal funds. When no longer needed for the original program or project, the equipment may be used in other activities currently or previously supported by a Federal agency.

(2) The grantee or subgrantee shall also make equipment available for use on other projects or programs currently or previously supported by the Federal Government, providing such use will not interfere with the work on the projects or program for which it was originally acquired. First preference for other use shall be given to other programs or projects supported by the awarding agency. User fees should be considered if appropriate.

(3) Notwithstanding the encouragement in § 602.25(a) to earn program income, the grantee or subgrantee must not use equipment acquired with grant funds to provide services for a fee to compete unfairly with private companies that provide equivalent services, unless specifically permitted or contemplated by Federal statute.

(4) When acquiring replacement equipment, the grantee or subgrantee may use the equipment to be replaced as a trade-in or sell the property and use the proceeds to offset the cost of the replacement property, subject to the approval of the awarding agency.

(d) Management requirements. Procedures for managing equipment (including replacement equipment), whether acquired in whole or in part with grant funds, until disposition takes place will, as a minimum, meet the following requirements:

(1) Property records must be maintained that include a description of the property, a serial number or other identification number, the source of property, who holds title, the acquisition date, and cost of the property, percentage of Federal participation in the cost of the property, the location, use and condition of the property, and any ultimate disposition data including the date of disposal and sale price of the property.

(2) A physical inventory of the property must be taken and reconciled with the property records at least once every two years.

(3) A control system must be developed to ensure adequate safeguards to prevent loss, damage, or theft of the property. Any loss, damage, or theft shall be investigated.

(4) Adequate maintenance procedures must be developed to keep the property in good condition.

(5) If the grantee or subgrantee is authorized or required to sell the property, proper sales procedures must be established to ensure the highest possible return.

(e) Disposition. When original or replacement equipment acquired under a grant or subgrant is no longer needed for the original project or program or for other activities currently or previously supported by a Federal agency, disposition of the equipment will be made as follows:

(1) Items of equipment with a current per-unit fair market value of less than $5,000 may be retained, sold or otherwise disposed of with no further obligation to the awarding agency.

(2) Items of equipment with a current per unit fair market value in excess of $5,000 may be retained and the awarding agency shall have a right to an amount calculated by multiplying...
§ 602.33 Supplies.

(a) Title. Title to supplies acquired under a grant or subgrant will vest, upon acquisition, in the grantee or subgrantee respectively.

(b) Disposition. If there is a residual inventory of unused supplies exceeding $5,000 in total aggregate fair market value upon termination or completion of the award, and if the supplies are not needed for any other federally sponsored programs or projects, the grantee or subgrantee shall compensate the awarding agency for its share.

§ 602.34 Copyrights.

The Federal awarding agency reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for Federal Government purposes:

(a) The copyright in any work developed under a grant, subgrant, or contract under a grant or subgrant; and

(b) Any rights of copyright to which a grantee, subgrantee or a contractor purchases ownership with grant support.

§ 602.35 Subawards to debarred and suspended parties.

Grantees and subgrantees must not make any award or permit any award (subgrant or contract) at any tier to any party which is debarred or suspended or is otherwise excluded from or ineligible for participation in Federal assistance programs under Executive Order 12549, “Debarment and Suspension.”

§ 602.36 Procurement.

(a) States. When procuring property and services under a grant, a State will follow the same policies and procedures it uses for procurements from its non-Federal funds. The State will ensure that every purchase order or other contract includes any clauses required by Federal statutes and executive orders and their implementing regulations. Other grantees and subgrantees will follow paragraphs (b) through (i) in this section.

(b) Procurement standards. (1) Grantees and subgrantees will use their own procurement procedures which reflect applicable State and local laws and regulations, provided that the procurements conform to applicable Federal law and the standards identified in this section.

(2) Grantees and subgrantees will maintain a contract administration system which ensures that contractors perform in accordance with the terms,
conditions, and specifications of their contracts or purchase orders.

(3) Grantees and subgrantees will maintain a written code of standards of conduct governing the performance of their employees engaged in the award and administration of contracts. No employee, officer or agent of the grantee or subgrantee shall participate in selection, or in the award or administration of a contract supported by Federal funds if a conflict of interest, real or apparent, would be involved. Such a conflict would arise when:

(i) The employee, officer or agent,
(ii) Any member of his immediate family,
(iii) His or her partner, or
(iv) An organization which employs, or is about to employ, any of the above, has a financial or other interest in the firm selected for award. The grantee's or subgrantee's officers, employees or agents will neither solicit nor accept gratuities, favors or anything of monetary value from contractors, potential contractors, or parties to subagreements. Grantee and subgrantees may set minimum rules where the financial interest is not substantial or the gift is an unsolicited item of nominal intrinsic value. To the extent permitted by State or local law or regulations, such standards or conduct will provide for penalties, sanctions, or other disciplinary actions for violations of such standards by the grantee's and subgrantee's officers, employees, or agents, or by contractors or their agents. The awarding agency may in regulation provide additional prohibitions relative to real, apparent, or potential conflicts of interest.

(4) Grantee and subgrantee procedures will provide for a review of proposed procurements to avoid purchase of unnecessary or duplicative items. Consideration should be given to consolidating or breaking out procurements to obtain a more economical purchase. Where appropriate, an analysis will be made of lease versus purchase alternatives, and any other appropriate analysis to determine the most economical approach.

(5) To foster greater economy and efficiency, grantees and subgrantees are encouraged to enter into State and local intergovernmental agreements for procurement or use of common goods and services.

(6) Grantees and subgrantees are encouraged to use Federal excess and surplus property in lieu of purchasing new equipment and property whenever such use is feasible and reduces project costs.

(7) Grantees and subgrantees are encouraged to use value engineering clauses in contracts for construction projects of sufficient size to offer reasonable opportunities for cost reductions. Value engineering is a systematic and creative analysis of each contract item or task to ensure that its essential function is provided at the overall lower cost.

(8) Grantees and subgrantees will make awards only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.

(9) Grantees and subgrantees will maintain records sufficient to detail the significant history of a procurement. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price.

(10) Grantees and subgrantees will use time and material type contracts only—

(i) After a determination that no other contract is suitable, and
(ii) If the contract includes a ceiling price that the contractor exceeds at its own risk.

(11) Grantees and subgrantees alone will be responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to source evaluation, protests, disputes, and claims. These standards do not relieve the grantee or subgrantee of any contractual responsibilities under its contracts. Federal agencies will not substitute their judgment for
that of the grantee or subgrantee unless the matter is primarily a Federal concern. Violations of law will be referred to the local, State, or Federal authority having proper jurisdiction.

(12) Grantees and subgrantees will have protest procedures to handle and resolve disputes relating to their procurements and shall in all instances disclose information regarding the protest to the awarding agency. A protestor must exhaust all administrative remedies with the grantee and subgrantee before pursuing a protest with the Federal agency. Reviews of protests by the Federal agency will be limited to:

(i) Violations of Federal law or regulations and the standards of this section (violations of State or local law will be under the jurisdiction of State or local authorities) and

(ii) Violations of the grantee's or subgrantee's protest procedures for failure to review a complaint or protest. Protests received by the Federal agency other than those specified above will be referred to the grantee or subgrantee.

(c) Competition. (1) All procurement transactions will be conducted in a manner providing full and open competition consistent with the standards of §602.36. Some of the situations considered to be restrictive of competition include but are not limited to:

(i) Placing unreasonable requirements on firms in order for them to qualify to do business,

(ii) Requiring unnecessary experience and excessive bonding,

(iii) Noncompetitive pricing practices between firms or between affiliated companies,

(iv) Noncompetitive awards to consultants on retainer contracts,

(v) Organizational conflicts of interest,

(vi) Specifying only a "brand name" product instead of allowing "an equal" product to be offered and describing the performance or other salient requirements of a procurement. The specific features of the named brand which must be met by offerors shall be clearly stated; and

(vii) Any arbitrary action in the procurement process.

(2) Grantees and subgrantees will conduct procurements in a manner that prohibits the use of statutorily or administratively imposed in-State or local geographical preferences in the evaluation of bids or proposals, except in those cases where applicable Federal statutes expressly mandate or encourage geographic preference. Nothing in this section preempts State licensing laws. When contracting for architectural and engineering (A/E) services, geographic location may be a selection criteria provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.

(3) Grantees will have written selection procedures for procurement transactions. These procedures will ensure that all solicitations:

(i) Incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description shall not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product or service to be procured, and when necessary, shall set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible. When it is impractical or uneconomical to make a clear and accurate description of the technical requirements, a "brand name or equal" description may be used as a means to define the performance or other salient requirements of a procurement. The specific features of the named brand which must be met by offerors shall be clearly stated; and

(ii) Identify all requirements which the offerors must fulfill and all other factors to be used in evaluating bids or proposals.

(4) Grantees and subgrantees will ensure that all prequalified lists of persons, firms, or products which are used in acquiring goods and services are current and include enough qualified sources to ensure maximum open and free competition. Also, grantees and subgrantees will not preclude potential bidders from qualifying during the solicitation period.

(d) Methods of procurement to be followed—(1) Procurement by small purchase procedures. Small purchase procedures
are those relatively simple and informal procurement methods for securing services, supplies, or other property that do not cost more than the simplified acquisition threshold fixed at 41 U.S.C. 403(11) (currently set at $100,000). If small purchase procedures are used, price or rate quotations shall be obtained from an adequate number of qualified sources.

(2) Procurement by sealed bids (formal advertising). Bids are publicly solicited and a firm-fixed-price contract (lump sum or unit price) is awarded to the responsible bidder whose bid, conforming with all the material terms and conditions of the invitation for bids, is the lowest in price. The sealed bid method is the preferred method for procuring construction, if the conditions in §602.36(d)(2)(i) apply.

(i) In order for sealed bidding to be feasible, the following conditions should be present:

(A) A complete, adequate, and realistic specification or purchase description is available;

(B) Two or more responsible bidders are willing and able to compete effectively and for the business; and

(C) The procurement lends itself to a firm fixed-price contract and the selection of the successful bidder can be made principally on the basis of price.

(ii) If sealed bids are used, the following requirements apply:

(A) The invitation for bids will be publicly advertised and bids shall be solicited from an adequate number of known suppliers, providing them sufficient time prior to the date set for opening the bids;

(B) The invitation for bids, which will include any specifications and pertinent attachments, shall define the items or services in order for the bidder to properly respond;

(C) All bids will be publicly opened at the time and place prescribed in the invitation for bids;

(D) A firm fixed-price contract award will be made in writing to the lowest responsive and responsible bidder. Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs shall be considered in determining which bid is lowest. Payment discounts will only be used to determine the low bid when prior experience indicates that such discounts are usually taken advantage of; and

(E) Any or all bids may be rejected if there is a sound documented reason.

(3) Procurement by competitive proposals. The technique of competitive proposals is normally conducted with more than one source submitting an offer, and either a fixed-price or cost-reimbursement type contract is awarded. It is generally used when conditions are not appropriate for the use of sealed bids. If this method is used, the following requirements apply:

(i) Requests for proposals will be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals shall be honored to the maximum extent practical;

(ii) Proposals will be solicited from an adequate number of qualified sources;

(iii) Grantees and subgrantees will have a method for conducting technical evaluations of the proposals received and for selecting awardees;

(iv) Awards will be made to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered; and

(v) Grantees and subgrantees may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used in procurement of A/E professional services. It cannot be used to purchase other types of services though A/E firms are a potential source to perform the proposed effort.

(4) Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source, or after solicitation of a number of sources, competition is determined inadequate.

(i) Procurement by noncompetitive proposals may be used only when the award of a contract is infeasible under small purchase procedures, sealed bids
or competitive proposals and one of the following circumstances applies:

(A) The item is available only from a single source;

(B) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;

(C) The awarding agency authorizes noncompetitive proposals;

(D) After solicitation of a number of sources, competition is determined inadequate.

(ii) Cost analysis, i.e., verifying the proposed cost data, the projections of the data, and the evaluation of the specific elements of costs and profits, is required.

(iii) Grantees and subgrantees may be required to submit the proposed procurement to the awarding agency for pre-award review in accordance with paragraph (g) of this section.

(e) Contracting with small and minority firms, women's business enterprise and labor surplus area firms. (1) The grantee and subgrantee will take all necessary affirmative steps to assure that minority firms, women's business enterprises, and labor surplus area firms are used when possible.

(2) Affirmative steps shall include:

(i) Placing qualified small and minority businesses and women's business enterprises on solicitation lists;

(ii) Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;

(iii) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority business, and women's business enterprises;

(iv) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority business, and women's business enterprises;

(v) Using the services and assistance of the Small Business Administration, and the Minority Business Development Agency of the Department of Commerce; and

(vi) Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs (e)(2) (i) through (v) of this section.

(f) Contract cost and price. (1) Grantees and subgrantees must perform a cost or price analysis in connection with every procurement action including contract modifications. The method and degree of analysis is dependent on the facts surrounding the particular procurement situation, but as a starting point, grantees must make independent estimates before receiving bids or proposals. A cost analysis must be performed when the offeror is required to submit the elements of his estimated cost, e.g., under professional, consulting, and architectural engineering services contracts. A cost analysis will be necessary when adequate price competition is lacking, and for sole source procurements, including contract modifications or change orders, unless price reasonableness can be established on the basis of a catalog or market price of a commercial product sold in substantial quantities to the general public or based on prices set by law or regulation. A price analysis will be used in all other instances to determine the reasonableness of the proposed contract price.

(2) Grantees and subgrantees will negotiate profit as a separate element of the price for each contract in which there is no price competition and in all cases where cost analysis is performed. To establish a fair and reasonable profit, consideration will be given to the complexity of the work to be performed, the risk borne by the contractor, the contractor's investment, the amount of subcontracting, the quality of its record of past performance, and industry profit rates in the surrounding geographical area for similar work.

(3) Costs or prices based on estimated costs for contracts under grants will be allowable only to the extent that costs incurred or cost estimates included in negotiated prices are consistent with Federal cost principles (see § 602.22). Grantees may reference their own cost principles that comply with the applicable Federal cost principles.

(4) The cost plus a percentage of cost and percentage of construction cost methods of contracting shall not be used.
(g) Awarding agency review. (1) Grantees and subgrantees must make available, upon request of the awarding agency, technical specifications on proposed procurements where the awarding agency believes such review is needed to ensure that the item and/or service specified is the one being proposed for purchase. This review generally will take place prior to the time the specification is incorporated into a solicitation document. However, if the grantee or subgrantee desires to have the review accomplished after a solicitation has been developed, the awarding agency may still review the specifications, with such review usually limited to the technical aspects of the proposed purchase.

(2) Grantees and subgrantees must on request make available for awarding agency pre-award review procurement documents, such as requests for proposals or invitations for bids, independent cost estimates, etc. when:
   (i) A grantee’s or subgrantee’s procurement procedures or operation fails to comply with the procurement standards in this section; or
   (ii) The procurement is expected to exceed the simplified acquisition threshold and is to be awarded without competition or only one bid or offer is received in response to a solicitation; or
   (iii) The procurement, which is expected to exceed the simplified acquisition threshold, specifies a “brand name” product; or
   (iv) The proposed award is more than the simplified acquisition threshold and is to be awarded to other than the apparent low bidder under a sealed bid procurement; or
   (v) A proposed contract modification changes the scope of a contract or increases the contract amount by more than the simplified acquisition threshold.

(3) A grantee or subgrantee will be exempt from the pre-award review in paragraph (g)(2) of this section if the awarding agency determines that its procurement systems comply with the standards of this section.

(ii) A grantee or subgrantee may self-certify its procurement system. Such self-certification shall not limit the awarding agency’s right to survey the system. Under a self-certification procedure, awarding agencies may wish to rely on written assurances from the grantee or subgrantee that it is complying with these standards. A grantee or subgrantee will cite specific procedures, regulations, standards, etc., as being in compliance with these requirements and have its system available for review.

(h) Bonding requirements. For construction or facility improvement contracts or subcontracts exceeding the simplified acquisition threshold, the awarding agency may accept the bonding policy and requirements of the grantee or subgrantee provided the awarding agency has made a determination that the awarding agency’s interest is adequately protected. If such a determination has not been made, the minimum requirements shall be as follows:

(1) A bid guarantee from each bidder equivalent to five percent of the bid price. The “bid guarantee” shall consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of his bid, execute such contractual documents as may be required within the time specified.

(2) A performance bond on the part of the contractor for 100 percent of the contract price. A “performance bond” is one executed in connection with a contract to assure payment as required by law of all persons supplying labor and material in the execution of the work provided for in the contract.
§ 602.37

(1) Contract provisions. A grantee's and subgrantee's contracts must contain provisions in paragraph (i) of this section. Federal agencies are permitted to require changes, remedies, changed conditions, access and records retention, suspension of work, and other clauses approved by the Office of Federal Procurement Policy.

(1) Administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as may be appropriate. (Contracts more than the simplified acquisition threshold)

(2) Termination for cause and for convenience by the grantee or subgrantee including the manner by which it will be effected and the basis for settlement. (All contracts in excess of $10,000)

(3) Compliance with Executive Order 11246 of September 24, 1965, entitled "Equal Employment Opportunity," as amended by Executive Order 11375 of October 13, 1967, and as supplemented in Department of Labor regulations (41 CFR chapter 60). (All construction contracts awarded in excess of $10,000 by grantees and their contractors or subgrantees)

(4) Compliance with the Copeland "Anti-Kickback" Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR Part 5). (Construction contracts awarded in excess of $2000 by grantees and subgrantees when required by Federal grant program legislation)

(5) Compliance with the Davis-Bacon Act (40 U.S.C. 276a to 276a-7) as supplemented by Department of Labor regulations (29 CFR Part 5). (Construction contracts in excess of $2000 awarded by grantees and subgrantees when required by Federal grant program legislation)

(6) Compliance with Sections 103 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327-330) as supplemented by Department of Labor regulations (29 CFR Part 5). (Construction contracts awarded by grantees and subgrantees in excess of $2000, and in excess of $2500 for other contracts which involve the employment of mechanics or laborers)

(7) Notice of awarding agency requirements and regulations pertaining to reporting.

(8) Notice of awarding agency requirements and regulations pertaining to patent rights with respect to any discovery or invention which arises or is developed in the course of or under such contract.

(9) Awarding agency requirements and regulations pertaining to copyrights and rights in data.

(10) Access by the grantee, the subgrantee, the Federal grantor agency, the Comptroller General of the United States, or any of their duly authorized representatives to any books, documents, papers, and records of the contractor which are directly pertinent to that specific contract for the purpose of making audit, examination, excerpts, and transcriptions.

(11) Retention of all required records for three years after grantees or subgrantees make final payments and all other pending matters are closed.

(12) Compliance with all applicable standards, orders, or requirements issued under section 306 of the Clean Air Act (42 U.S.C. 1857(h)), section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR part 15). (Contracts, subcontracts, and subgrants of amounts in excess of $100,000)

(13) Mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94-163, 89 Stat. 871).

§ 602.37 Subgrants.

(a) States. States shall follow state law and procedures when awarding and administering subgrants (whether on a cost reimbursement or fixed amount basis) of financial assistance to local and Indian tribal governments. States shall:

(1) Ensure that every subgrant includes any clauses required by Federal statute and executive orders and their implementing regulations;

(2) Ensure that subgrantees are aware of requirements imposed upon them by Federal statute and regulation;
§ 602.40 Monitoring and reporting program performance.

(a) Monitoring by grantees. Grantees are responsible for managing the day-to-day operations of grant and subgrant supported activities. Grantees must monitor grant and subgrant supported activities to assure compliance with applicable Federal requirements and that performance goals are being achieved. Grantee monitoring must cover each program, function or activity.

(b) Nonconstruction performance reports. The Federal agency may, if it decides that performance information available from subsequent applications contains sufficient information to meet its programmatic needs, require the grantee to submit a performance report only upon expiration or termination of grant support. Unless waived by the Federal agency this report will be due on the same date as the final Financial Status Report.

(1) Grantees shall submit annual performance reports unless the awarding agency requires quarterly or semi-annual reports. However, performance reports will not be required more frequently than quarterly. Annual reports shall be due 90 days after the grant year, quarterly or semi-annual reports shall be due 30 days after the reporting period. The final performance report will be due 90 days after the expiration or termination of grant support. If a justified request is submitted by a grantee, the Federal agency may extend the due date for any performance report. Additionally, requirements for unnecessary performance reports may be waived by the Federal agency.

(2) Performance reports will contain, for each grant, brief information on the following:

(i) A comparison of actual accomplishments to the objectives established for the period. Where the output of the project can be quantified, a computation of the cost per unit of output may be required if that information will be useful.

(ii) The reasons for slippage if established objectives were not met.

(iii) Additional pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs.

(3) Grantees will not be required to submit more than the original and two copies of performance reports.

(4) Grantees will adhere to the standards in this section in prescribing performance reporting requirements for subgrantees.

(c) Construction performance reports. For the most part, on-site technical inspections and certified percentage-of-completion data are relied on heavily by Federal agencies to monitor progress under construction grants and subgrants. The Federal agency will require additional formal performance reports only when considered necessary, and never more frequently than quarterly.
§ 602.41 Financial reporting.

(a) General. (1) Except as provided in paragraphs (a)(2) and (5) of this section, grantees will use only the forms specified in paragraphs (a) through (e) of this section, and such supplementary or other forms as may from time to time be authorized by OMB, for:

(i) Submitting financial reports to Federal agencies, or

(ii) Requesting advances or reimbursements when letters of credit are not used.

(2) Grantees need not apply the forms prescribed in this section in dealing with their subgrantees. However, grantees shall not impose more burdensome requirements on subgrantees.

(3) Grantees shall follow all applicable standard and supplemental Federal agency instructions approved by OMB to the extent required under the Paperwork Reduction Act of 1980 for use in

(b) Financial Status Report—(1) Form. Grantees will use Standard Form 269 or 269A, Financial Status Report, to report the status of funds for all nonconstruction grants and for construction grants when required in accordance with paragraph § 602.41(e)(2)(iii) of this section.

(2) Accounting basis. Each grantee will report program outlays and program income on a cash or accrual basis as prescribed by the awarding agency. If the Federal agency requires accrual information and the grantee's accounting records are not normally kept on the accrual basis, the grantee shall not be required to convert its accounting system but shall develop such accrual information through and analysis of the documentation on hand.

(3) Frequency. The Federal agency may prescribe the frequency of the report for each project or program. However, the report will not be required more frequently than quarterly. If the Federal agency does not specify the frequency of the report, it will be submitted annually. A final report will be required upon expiration or termination of grant support.

(4) Due date. When reports are required on a quarterly or semiannual
basis, they will be due 30 days after the reporting period. When required on an annual basis, they will be due 90 days after the grant year. Final reports will be due 90 days after the expiration or termination of grant support.

(c) Federal Cash Transactions Report—
(1) Form. (i) For grants paid by letter or credit, Treasury check advances or electronic transfer of funds, the grantee will submit the Standard Form 272, Federal Cash Transactions Report, and when necessary, its continuation sheet, Standard Form 272a, unless the terms of the award exempt the grantee from this requirement.

(ii) These reports will be used by the Federal agency to monitor cash advanced to grantees and to obtain disbursement or outlay information for each grant from grantees. The format of the report may be adapted as appropriate when reporting is to be accomplished with the assistance of automatic data processing equipment provided that the information to be submitted is not changed in substance.

(2) Forecasts of Federal cash requirements. Forecasts of Federal cash requirements may be required in the “Remarks” section of the report.

(3) Cash in hands of subgrantees. When considered necessary and feasible by the Federal agency, grantees may be required to report the amount of cash advances in excess of three days’ needs in the hands of their subgrantees or contractors and to provide short narrative explanations of actions taken by the grantee to reduce the excess balances.

(d) Frequency and due date. Grantees must submit the report no later than 15 working days following the end of each quarter. However, where an advance either by letter of credit or electronic transfer of funds is authorized at an annualized rate of one million dollars or more, the Federal agency may require the report to be submitted within 15 working days following the end of each month.

(d) Request for advance or reimbursement—(1) Advance payments. Requests for Treasury check advance payments will be submitted on Standard Form 270, Request for Advance or Reimbursement. (This form will not be used for drawdowns under a letter of credit, electronic funds transfer or when Treasury check advance payments are made to the grantee automatically on a predetermined basis.)

(2) Reimbursements. Requests for reimbursement under nonconstruction grants will also be submitted on Standard Form 270. For reimbursement requests under construction grants, see paragraph (e)(1) of this section.

(3) The frequency for submitting payment requests is treated in §602.41(b)(3).

(e) Outlay report and request for reimbursement for construction programs. (1) Grants that support construction activities paid by reimbursement method.

(i) Requests for reimbursement under construction grants will be submitted on Standard Form 271, Outlay Report and Request for Reimbursement for Construction Programs. Federal agencies may, however, prescribe the Request for Advance or Reimbursement form, specified in §602.41(d), instead of this form.

(ii) The frequency for submitting reimbursement requests is treated in §602.41(b)(3).

(2) Grants that support construction activities paid by letter of credit, electronic funds transfer or Treasury check advance.

(i) When a construction grant is paid by letter of credit, electronic funds transfer or Treasury check advances, the grantee will report its outlays to the Federal agency using Standard Form 271, Outlay Report and Request for Reimbursement for Construction Programs. The Federal agency will provide any necessary special instruction. However, frequency and due date shall be governed by §602.41(b)(3) and (4).

(ii) When a construction grant is paid by Treasury check advances based on periodic requests from the grantee, the advances will be requested on the form specified in §602.41(d).

(iii) The Federal agency may substitute the Financial Status Report specified in §602.41(b) for the Outlay Report and Request for Reimbursement for Construction Programs.
§ 602.42 Retention and access requirements for records.

(a) Applicability. (1) This section applies to all financial and programmatic records, supporting documents, statistical records, and other records of grantees or subgrantees which are:
   (i) Required to be maintained by the terms of this part, program regulations or the grant agreement,
   (ii) Otherwise reasonably considered as pertinent to program regulations or the grant agreement.
   (2) This section does not apply to records maintained by contractors or subcontractors. For a requirement to place a provision concerning records in certain kinds of contracts, see §602.36(i)(10).

(b) Length of retention period. (1) Except as otherwise provided, records must be retained for three years from the starting date specified in paragraph (c) of this section.
   (2) If any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.
   (3) To avoid duplicate recordkeeping, awarding agencies may make special arrangements with grantees and subgrantees to retain any records which are continuously needed for joint use. The awarding agency will request transfer of records to its custody when it determines that the records possess long-term retention value. When the records are transferred to or maintained by the Federal agency, the 3-year retention requirement is not applicable to the grantee or subgrantee.
   (c) Starting date of retention period—(1) General. When grant support is continued or renewed at annual or other intervals, the retention period for the records of each funding period starts on the day the grantee submits its expenditure report for that period. However, if grant support is continued or renewed quarterly, the retention period for each quarter of the Federal fiscal year. In all other cases, the retention period starts on the day the grantee submits its expenditure report for the last quarter of the Federal fiscal year. In all other cases, the retention period starts on the day the grantee submits its final expenditure report. If an expenditure report has been waived, the retention period starts on the day the report would have been due.
   (2) Real property and equipment records. The retention period for real property and equipment records starts from the date of the disposition or reassignment or transfer at the direction of the awarding agency.
   (3) Records for income transactions after period of grant support. In some cases grantees must report income after the period of grant support. Where there is such a requirement, the retention period for the records pertaining to the earning of the income starts from the end of the grantee’s fiscal year in which the income is earned.
   (4) Indirect cost rate proposals, cost allocations plans, etc. This paragraph applies to the following types of documents, and their supporting records: indirect cost rate computations or proposals, cost allocation plans, and any similar accounting computations of the rate at which a particular group of costs is chargeable (such as computer usage chargeback rates or composite fringe benefit rates).
   (i) If submitted for negotiation. If the proposal, plan, or other computation is required to be submitted to the Federal Government (or to the grantee) to form the basis for negotiation of the rate, then the 3-year retention period for its supporting records starts from the date of such submission.
   (ii) If not submitted for negotiation. If the proposal, plan, or other computation is not required to be submitted to the Federal Government (or to the grantee) for negotiation purposes, then the 3-year retention period for the proposal plan, or computation and its supporting records starts from end of the fiscal year (or other accounting period) covered by the proposal, plan, or other computation.
Substitution of microfilm. Copies made by microfilming, photocopying, or similar methods may be substituted for the original records.

Access to records—(1) Records of grantees and subgrantees. The awarding agency and the Comptroller General of the United States, or any of their authorized representatives, shall have the right of access to any pertinent books, documents, papers, or other records of grantees and subgrantees which are pertinent to the grant, in order to make audits, examinations, excerpts, and transcripts.

Expiration of right of access. The rights of access in this section must not be limited to the required retention period but shall last as long as the records are retained.

Restrictions on public access. The Federal Freedom of Information Act (5 U.S.C. 552) does not apply to records. Unless required by Federal, State, or local law, grantees and subgrantees are not required to permit public access to their records.

Enforcement.

(a) Remedies for noncompliance. If a grantee or subgrantee materially fails to comply with any term of an award, whether stated in a Federal statute or regulation, an assurance, in a State plan or application, a notice of award, or elsewhere, the awarding agency may take one or more of the following actions, as appropriate in the circumstances:

(1) Temporarily withhold cash payments pending correction of the deficiency by the grantee or subgrantee or more severe enforcement action by the awarding agency,

(2) Dial (that is, deny both use of funds and matching credit for) all or part of the cost of the activity or action not in compliance,

(3) Wholly or partly suspend or terminate the current award for the grantee’s or subgrantee’s program,

(4) Withhold further awards for the program, or

(5) Take other remedies that may be legally available.

(b) Hearings, appeals. In taking an enforcement action, the awarding agency will provide the grantee or subgrantee an opportunity for such hearing, appeal, or other administrative proceeding to which the grantee or subgrantee is entitled under any statute or regulation applicable to the action involved.

(c) Effects of suspension and termination. Costs of grantee or subgrantee resulting from obligations incurred by the grantee or subgrantee during a suspension or after termination of an award are not allowable unless the awarding agency expressly authorizes them in the notice of suspension or termination or subsequently. Other grantee or subgrantee costs during suspension or after termination which are necessary and not reasonably avoidable are allowable if:

(1) The costs result from obligations which were properly incurred by the grantee or subgrantee before the effective date of suspension or termination, are not in anticipation of it, and, in the case of a termination, are noncancellable, and,

(2) The costs would be allowable if the award were not suspended or expired normally at the end of the funding period in which the termination takes effect.

(d) Relationship to debarment and suspension. The enforcement remedies identified in this section, including suspension and termination, do not preclude grantee or subgrantee from being subject to “Debarment and Suspension” under E.O. 12549 (see § 602.35).

Termination for convenience.

Except as provided in § 602.43, awards may be terminated in whole or in part only as follows:

(a) By the awarding agency with the consent of the grantee or subgrantee in which case the two parties shall agree upon the termination conditions, including the effective date and in the case of partial termination, the portion to be terminated,

(b) By the grantee or subgrantee upon written notification to the awarding agency, setting forth the reasons for such termination, the effective date, and in the case of partial termination, the portion to be terminated. However, if, in the case of a partial termination, the awarding agency determines that the remaining portion of
§ 602.50 Closeout.
(a) General. The Federal agency will close out the award when it determines that all applicable administrative actions and all required work of the grant has been completed.
(b) Reports. Within 90 days after the expiration or termination of the grant, the grantee must submit all financial, performance, and other reports required as a condition of the grant. Upon request by the grantee, Federal agencies may extend this timeframe. These may include but are not limited to:
   (1) Final performance or progress report.
   (2) Financial Status Report (SF 269) or Outlay Report and Request for Reimbursement for Construction Programs (SF-271) (as applicable).
   (3) Final request for payment (SF-270) (if applicable).
   (4) Invention disclosure (if applicable).
   (5) Federally-owned property report:
       In accordance with § 602.32(f), a grantee must submit an inventory of all federally owned property (as distinct from property acquired with grant funds) for which it is accountable and request disposition instructions from the Federal agency of property no longer needed.
   (c) Cost adjustment. The Federal agency will, within 90 days after receipt of reports in paragraph (b) of this section, make upward or downward adjustments to the allowable costs.
   (d) Cash adjustments. (1) The Federal agency will make prompt payment to the grantee for allowable reimbursable costs.
       (2) The grantee must immediately refund to the Federal agency any balance of unobligated (unencumbered) cash advanced that is not authorized to be retained for use on other grants.

§ 602.51 Later disallowances and adjustments.
The closeout of a grant does not affect:
(a) The Federal agency's right to disallow costs and recover funds on the basis of a later audit or other review;
(b) The grantee's obligation to return any funds due as a result of later refunds, corrections, or other transactions;
(c) Records retention as required in § 602.42;
(d) Property management requirements in §§ 602.31 and 602.32; and
(e) Audit requirements in § 602.26.

§ 602.52 Collection of amounts due.
(a) Any funds paid to a grantee in excess of the amount to which the grantee is finally determined to be entitled under the terms of the award constitute a debt to the Federal Government. If not paid within a reasonable period after demand, the Federal agency may reduce the debt by:
   (1) Making an administrative offset against other requests for reimbursements;
   (2) Withholding advance payments otherwise due to the grantee, or
   (3) Other action permitted by law.
(b) Except where otherwise provided by statutes or regulations, the Federal agency will charge interest on an over-due debt in accordance with the Federal Claims Collection Standards (4 CFR Ch. II). The date from which interest is computed is not extended by litigation or the filing of any form of appeal.

(c) Each person shall file a disclosure form at the end of each calendar quarter in which there occurs any event that requires disclosure or that materially affects the accuracy of the information contained in any disclosure form previously filed by such person under paragraph (a) or (b) of this section. An event that materially affects the accuracy of the information reported includes:

1. A cumulative increase of $25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered Federal action; or

(h) No reporting is required for an activity paid for with appropriated funds if that activity is allowable under either subpart B or C.

Subpart B—Activities by Own Employees

§ 604.200 Agency and legislative liaison.

(a) The prohibition on the use of appropriated funds, in §604.100 (a), does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement if the payment is for agency and legislative liaison activities not directly related to a covered Federal action.

(b) For purposes of paragraph (a) of this section, providing any information specifically requested by an agency or Congress is allowable at any time.

(c) For purposes of paragraph (a) of this section, the following agency and legislative liaison activities are allowable at any time only where they are not related to a specific solicitation for any covered Federal action:

(1) Discussing with an agency (including individual demonstrations) the qualities and characteristics of the person's products or services, conditions or terms of sale, and service capabilities; and,

(2) Technical discussions and other activities regarding the application or adaptation of the person's products or services for an agency's use.

(d) For purposes of paragraph (a) of this section, the following agencies and legislative liaison activities are allowable only where they are prior to formal solicitation of any covered Federal action:

§ 604.205 Professional and technical services.

(a) The prohibition on the use of appropriated funds, in §604.100 (a), does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement or an extension, continuation, renewal, amendment, or modification of a Federal contract, grant, loan, or cooperative agreement if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal contract, grant, loan, or cooperative agreement or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal contract, grant, loan, or cooperative agreement.

(b) For purposes of paragraph (a) of this section, "professional and technical services" shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting of a legal document accompanying a bid or proposal
§ 604.300 Professional and technical services.

(a) The prohibition on the use of appropriated funds, in §604.100 (a), does not apply in the case of any reasonable payment to a person, other than an officer or employee of a person requesting or receiving a covered Federal action, if the payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of a covered Federal action.

(b) The reporting requirements in §604.110 (a) and (b) regarding filing a disclosure form by each person, if required, shall not apply with respect to professional or technical services rendered directly in the preparation, submission, or negotiation of any commitment providing for the United States to insure or guarantee a loan.

(c) For purposes of paragraph (a) of this section, “professional and technical services” shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting or a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered Federal action.

(c) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.

made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client's proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered Federal action.

(d) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.

(e) Persons other than officers or employees of a person requesting or receiving a covered Federal action include consultants and trade associations.

(f) Only those services expressly authorized by this section are allowable under this section.

(b) Any person who fails to file or amend the disclosure form (see Appendix B) to be filed or amended if required herein, shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

(c) A filing or amended filing on or after the date on which an administrative action for the imposition of a civil penalty is commenced does not prevent the imposition of such civil penalty for a failure occurring before that date. An administrative action is commenced with respect to a failure when an investigating official determines in writing to commence an investigation of an allegation of such failure.

(d) In determining whether to impose a civil penalty, and the amount of any such penalty, by reason of a violation by any person, the agency shall consider the nature, circumstances, extent, and gravity of the violation, the effect on the ability of such person to continue in business, any prior violations by such person, the degree of culpability of such person, the ability of the person to pay the penalty, and such other matters as may be appropriate.

(e) First offenders under paragraphs (a) or (b) of this section shall be subject to a civil penalty of $10,000, absent aggravating circumstances. Second and subsequent offenses by persons shall be subject to an appropriate civil penalty between $10,000 and $100,000, as determined by the agency head or his or her designee.

(f) An imposition of a civil penalty under this section does not prevent the United States from seeking any other remedy that may apply to the same conduct that is the basis for the imposition of such civil penalty.

§ 604.405 Penalty procedures.

Agencies shall impose and collect civil penalties pursuant to the provisions of the Program Fraud and Civil Remedies Act, 31 U.S.C. sections 3803 (except subsection (c)), 3804, 3805, 3806, 3807, 3808, and 3812, insofar as these provisions are not inconsistent with the requirements herein.

§ 604.410 Enforcement.

The head of each agency shall take such actions as are necessary to ensure that the provisions herein are vigorously implemented and enforced in that agency.

Subpart E—Exemptions

§ 604.500 Secretary of Defense.

(a) The Secretary of Defense may exempt, on a case-by-case basis, a covered Federal action from the prohibition whenever the Secretary determines, in writing, that such an exemption is in the national interest. The Secretary shall transmit a copy of each such written exemption to Congress.
(b) The Department of Defense may issue supplemental regulations to implement paragraph (a) of this section.

Subpart F—Agency Reports

§ 604.600 Semi-annual compilation.

(a) The head of each agency shall collect and compile the disclosure reports (see Appendix B) and, on May 31 and November 30 of each year, submit to the Secretary of the Senate and the Clerk of the House of Representatives a report containing a compilation of the information contained in the disclosure reports received during the six-month period ending on March 31 or September 30, respectively, of that year.

(b) The report, including the compilation, shall be available for public inspection 30 days after receipt of the report by the Secretary and the Clerk.

(c) Information that involves intelligence matters shall be reported only to the Select Committee on Intelligence of the Senate, the Permanent Select Committee on Intelligence of the House of Representatives, and the Committees on Appropriations of the Senate and the House of Representatives in accordance with procedures agreed to by such committees. Such information shall not be available for public inspection.

(d) Information that is classified under Executive Order 12356 or any successor order shall be reported only to the Committee on Foreign Relations of the Senate and the Committee on Foreign Affairs of the House of Representatives or the Committees on Armed Services of the Senate and the House of Representatives (whichever such committees have jurisdiction of matters involving such information) and to the Committees on Appropriations of the Senate and the House of Representatives in accordance with procedures agreed to by such committees. Such information shall not be available for public inspection.

(e) The first semi-annual compilation shall be submitted on May 31, 1990, and shall contain a compilation of the disclosure reports received from December 23, 1989 to March 31, 1990.

(f) Major agencies, designated by the Office of Management and Budget (OMB), are required to provide machine-readable compilations to the Secretary of the Senate and the Clerk of the House of Representatives no later than with the compilations due on May 31, 1991. OMB shall provide detailed specifications in a memorandum to these agencies.

(g) Non-major agencies are requested to provide machine-readable compilations to the Secretary of the Senate and the Clerk of the House of Representatives.

(h) Agencies shall keep the originals of all disclosure reports in the official files of the agency.

§ 604.605 Inspector General report.

(a) The Inspector General, or other official as specified in paragraph (b) of this section, of each agency shall prepare and submit to Congress each year, commencing with submission of the President’s Budget in 1991, an evaluation of the compliance of that agency with, and the effectiveness of, the requirements herein. The evaluation may include any recommended changes that may be necessary to strengthen or improve the requirements.

(b) In the case of an agency that does not have an Inspector General, the agency official comparable to an Inspector General shall prepare and submit the annual report, or, if there is no such comparable official, the head of the agency shall prepare and submit the annual report.

(c) The annual report shall be submitted at the same time the agency submits its annual budget justifications to Congress.

(d) The annual report shall include the following: All alleged violations relating to the agency’s covered Federal actions during the year covered by the report, the actions taken by the head of the agency in the year covered by the report with respect to those alleged violations and alleged violations in previous years, and the amounts of civil penalties imposed by the agency in the year covered by the report.

Subpart A—General Provisions

§ 605.0 Adoption of HHS regulations.

The regulations of the Department of Health and Human Services on Non-discrimination on the Basis of Handicap, 45 CFR part 84, including any amendments thereto, have been adopted almost in their entirety to programs and activities receiving Federal financial assistance from the National Science Foundation. The few changes in the Foundation's rules include a newly added sub-paragraph (5) to paragraph (k) of § 605.3; and modifications in paragraph (j), § 605.3; paragraph (a) of § 605.5; paragraph (b) of § 605.46; and § 605.61. Paragraph (c) of § 605.5 has been removed, and "qualified handicapped persons" has been substituted for "handicapped persons" wherever that phrase appears in § 605.4(b)(5) and in Subpart C (§§ 605.21 through 605.23). The date for compliance with § 605.33(d) has been changed.

§ 605.1 Purpose.

The purpose of this part is to effectuate section 504 of the Rehabilitation Act of 1973, which is designed to eliminate discrimination on the basis of handicap in any program or activity receiving Federal financial assistance.

§ 605.2 Application.

This part applies to each recipient of Federal financial assistance from the

(3) Real and personal property or any interest in or use of such property, including:

(k) Qualified handicapped person means:
§ 605.4 Discrimination prohibited.

(a) General. No qualified handicapped person shall, on the basis of handicap, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity which receives or benefits from Federal financial assistance.

(b) Discriminatory actions prohibited.

(1) A recipient, in providing any aid, benefit, or service, may not, directly or through contractual, licensing, or other arrangements, on the basis of handicap:

(i) Deny a qualified handicapped person the opportunity to participate in or benefit from the aid, benefit, or service;

(ii) Afford a qualified handicapped person an opportunity to participate in or benefit from the aid, benefit, or service that is not equal to that afforded others;

(iii) Provide a qualified handicapped person with an aid, benefit, or service that is not as effective as that provided to others;

(v) Aid or perpetuate discrimination against a qualified handicapped person by providing significant assistance to an agency, organization, or person that discriminates on the basis of handicap in providing any aid, benefit, or service to beneficiaries of the recipients program;

(vi) Deny a qualified handicapped person the opportunity to participate as a member of planning or advisory boards; or

(vii) Otherwise limit a qualified handicapped person in the enjoyment of any right, privilege, advantage, or opportunity enjoyed by others receiving an aid, benefit, or service.

(2) For purposes of this part, aids, benefits, and services, to be equally effective, are not required to produce the identical result or level of achievement for handicapped and nonhandicapped persons, but must afford handicapped
§ 605.5 Assurances required.

(a) Assurances. Recipients of Federal financial assistance under a program or activity to which this part applies will assure NSF, in a manner specified by the Director, that the programs will be operated in compliance with this part.

(b) Duration of obligation. (1) In the case of Federal financial assistance extended in the form of real property or to provide real property or structures on the property, the assurance will obligate the recipient or, in the case of a subsequent transfer, the transferee, for the period during which the real property or structures are used for the purpose for which Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

(2) In the case of Federal financial assistance extended to provide personal property, the assurance will obligate the recipient for the period during which it retains ownership or possession of the property.

(3) In all other cases the assurance will obligate the recipient for the period during which Federal financial assistance is extended.

§ 605.6 Remedial action, voluntary action, and self-evaluation.

(a) Remedial action. (1) If the Director finds that a recipient has discriminated against persons on the basis of handicap in violation of section 504 or this part, the recipient shall take such remedial action as the Director deems necessary to overcome the effects of the discrimination.

(2) Where a recipient is found to have discriminated against persons on the basis of handicap in violation of section 504 or this part and where another recipient exercises control over the recipient that has discriminated, the Director, where appropriate, may require either or both recipients to take remedial action.

(3) The Director may, where necessary to overcome the effects of discrimination in violation of section 504 or this part, require a recipient to take
§ 605.7 Designation of responsible employee and adoption of grievance procedures.

(a) Designation of responsible employee. A recipient that employs fifteen or more persons shall designate at least one person to coordinate its efforts to comply with this part.

(b) Adoption of grievance procedures. A recipient that employs fifteen or more persons shall adopt grievance procedures that incorporate appropriate due process standards and that provide for the prompt and equitable resolution of complaints alleging any action prohibited by this part. Such procedures need not be established with respect to complaints from applicants for employment or from applicants for admission to postsecondary educational institutions.

§ 605.8 Notice.

(a) A recipient that employs fifteen or more persons shall take appropriate initial and continuing steps to notify participants, beneficiaries, applicants, and employees, including those with impaired vision or hearing, and unions or professional organizations holding collective bargaining or professional agreements with the recipient that it does not discriminate on the basis of handicap in violation of section 504 and this part. The notification shall state, where appropriate, that the recipient does not discriminate in admission or access to, or treatment or employment in, its programs and activities. The notification shall also include an identification of the responsible employee designated pursuant to §605.7(a). A recipient shall make the initial notification required by this paragraph within 90 days of the effective date of this part. Methods of initial and continuing notification may include the posting of notices, publication in newspapers and magazines, placement of notices in recipient’s publications, and distribution of memoranda or other written communications.

(b) If a recipient publishes or uses recruitment materials or publications containing general information that it makes available to participants, beneficiaries, applicants, or employees, it shall include in those materials or publications a statement of the policy described in paragraph (a) of this section. A recipient may meet the requirement of this paragraph either by including appropriate inserts in existing materials and publications or by revising...
and reprinting the materials and publications.

§ 605.9 Administrative requirements for small recipients.

The Director may require any recipient with fewer than fifteen employees, or any class of such recipients, to comply with §§ 605.7 and 605.8, in whole or in part, when the Director finds a violation of this part or finds that such compliance will not significantly impair the ability of the recipient or class or recipients to provide benefits or services.

§ 605.10 Effect of state or local law or other requirements and effect of employment opportunities.

(a) The obligation to comply with this part is not obviated or alleviated by the existence of any state or local law or other requirement that, on the basis of handicap, imposes prohibitions or limits upon the eligibility of qualified handicapped persons to receive services or to practice any occupation or profession.

(b) The obligation to comply with this part is not obviated or alleviated because employment opportunities in any occupation or profession are or may be more limited for handicapped persons than for nonhandicapped persons.

Subpart B—Employment Practices

§ 605.11 Discrimination prohibited.

(a) General. (1) No qualified handicapped person shall, on the basis of handicap, be subjected to discrimination in employment under any program or activity to which this part applies.

(2) A recipient that receives assistance under the Education of the Handicapped Act shall take positive steps to employ and advance in employment qualified handicapped persons in programs assisted under that Act.

(3) A recipient shall make all decisions concerning employment under any program or activity to which this part applies in a manner which ensures that discrimination on the basis of handicap does not occur and may not adversely affect their opportunities or status because of handicap.

(4) A recipient may not participate in a contractual or other relationship that has the effect of subjecting qualified handicapped applicants or employees to discrimination prohibited by this subpart. The relationships referred to in this subparagraph include relationships with employment and referral agencies, with labor unions, with organizations providing or administering fringe benefits to employees of the recipient, and with organizations providing training and apprenticeship programs.

(b) Specific activities. The provisions of this subpart apply to:

(1) Recruitment, advertising, and the processing of applications for employment;

(2) Hiring, upgrading, promotion, award of tenure, demotion, transfer, layoff, termination, right of return from layoff and rehiring;

(3) Rates of pay or any other form of compensation and changes in compensation;

(4) Job assignments, job classifications, organizational structures, position descriptions, lines of progression, and seniority lists;

(5) Leaves of absence, sick leave, or any other leave;

(6) Fringe benefits available by virtue of employment, whether or not administered by the recipient;

(7) Selection and financial support for training, including apprenticeship, professional meetings, conferences, and other related activities, and selection for leaves of absence to pursue training;

(8) Employer sponsored activities, including social or recreational programs; and

(9) Any other term, condition, or privilege of employment.

(c) A recipient's obligation to comply with this subpart is not affected by any inconsistent term of any collective bargaining agreement to which it is a party.

§ 605.12 Reasonable accommodation.

(a) A recipient shall make reasonable accommodation to the known physical or mental limitations of an otherwise
§ 605.13 Employment criteria.

(a) A recipient may not make use of any employment test or other selection criterion that screens out or tends to screen out handicapped persons or any class of handicapped persons unless: (1) The test score or other selection criterion, as used by the recipient, is shown to be job-related for the position in question, and (2) alternative job-related tests or criteria that do not screen out or tend to screen out as many handicapped persons are not shown by the Director to be available.

(b) A recipient shall select and administer tests concerning employment so as best to ensure that, when administered to an applicant or employee who has a handicap that impairs sensory, manual, or speaking skills, the test results accurately reflect the applicant's or employee's job skills, aptitude, or whatever other factor the test purports to measure, rather than reflecting the applicant's or employee's impaired sensory, manual, or speaking skills (except where those skills are the factors that the test purports to measure).

§ 605.14 Preemployment inquiries.

(a) Except as provided in paragraphs (b) and (c) of this section, a recipient may not conduct a preemployment medical examination or may not make preemployment inquiry of an applicant as to whether the applicant is a handicapped person or as to the nature or severity of a handicap. A recipient may, however, make preemployment inquiry into an applicant’s ability to perform job-related functions.

(b) When a recipient is taking remedial action to correct the effects of past discrimination pursuant to § 605.6(a), when a recipient is taking voluntary action to overcome the effects of conditions that resulted in limited participation in its federally assisted program or activity pursuant to § 605.6(b), or when a recipient is taking affirmative action pursuant to section 503 of the Act, the recipient may invite applicants for employment to indicate whether and to what extent they are handicapped, Provided, That:

(1) The recipient states clearly on any written questionnaire used for this purpose or makes clear orally if no written questionnaire is used that the information requested is intended for use solely in connection with its remedial action obligations or its voluntary or affirmative action efforts; and

(2) The recipient states clearly that the information is being requested on a voluntary basis, that it will be kept confidential as provided in paragraph (d) of this section, that refusal to provide it will not subject the applicant or employee to any adverse treatment, and that it will be used only in accordance with this part.

(c) Nothing in this section shall prohibit a recipient from conditioning an offer of employment on the results of a medical examination conducted prior to the employee's entrance on duty.
Provided, That: (1) All entering employees are subjected to such an examination regardless of handicap, and (2) the results of such an examination are used only in accordance with the requirements of this part.

(d) Information obtained in accordance with this section as to the medical condition or history of the applicant shall be collected and maintained on separate forms that shall be accorded confidentiality as medical records, except that:

1. Supervisors and managers may be informed regarding restrictions on the work or duties of handicapped persons and regarding necessary accommodations;

2. First aid and safety personnel may be informed, where appropriate, if the condition might require emergency treatment; and

3. Government officials investigating compliance with the Act shall be provided relevant information upon request.

§§ 605.15—605.20 [Reserved]

Subpart C—Program Accessibility

§ 605.21 Discrimination prohibited.

No qualified handicapped person shall, because a recipient's facilities are inaccessible to or unusable by handicapped persons, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which this part applies.

§ 605.22 Existing facilities.

(a) Program accessibility. A recipient shall operate each program or activity to which this part applies so that the program or activity, when viewed in its entirety, is readily accessible to qualified handicapped persons. This paragraph does not require a recipient to make each of its existing facilities or every part of a facility accessible to and usable by qualified handicapped persons.

(b) Methods. A recipient may comply with the requirements of paragraph (a) of this section through such means as redesign of equipment, reassignment of classes or other services to accessible buildings, assignment of aides to beneficiaries, home visits, delivery of health, welfare, or other social services at alternate accessible sites, alteration of existing facilities and construction of new facilities in conformance with the requirements of §605.23, or any other methods that result in making its program or activity accessible to qualified handicapped persons. A recipient is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with paragraph (a) of this section. In choosing among available methods for meeting the requirement of paragraph (a) of this section, a recipient shall give priority to those methods that offer programs and activities to qualified handicapped persons in the most integrated setting appropriate.

(c) Small health, welfare, or other social service providers. If a recipient with fewer than fifteen employees that provides health, welfare, or other social services finds, after consultation with a qualified handicapped person seeking its services, that there is no method of complying with paragraph (a) of this section other than making a significant alteration in its existing facilities, the recipient may, as an alternative, refer the qualified handicapped person to other providers of those services that are accessible.

(d) Time period. A recipient shall comply with the requirement of paragraph (a) of this section within sixty days of the effective date of this part except that where structural changes to facilities are necessary, such changes shall be made within three years of the effective date of this part, but in any event as expeditiously as possible.

(e) Transition plan. In the event that structural changes to facilities are necessary to meet the requirement of paragraph (a) of this section, a recipient shall develop, within six months of the effective date of this part, a transition plan setting forth the steps necessary to complete such changes. The plan shall be developed with the assistance of interested persons, including qualified handicapped persons or organizations representing qualified handicapped persons. A copy of the transition plan shall be made available for
§ 605.23 New construction.

(a) Design and construction. Each facility or part of a facility constructed by, on behalf of, or for the use of a recipient shall be designed and constructed in such manner that the facility or part of the facility is readily accessible to and usable by qualified handicapped persons, if the construction was commenced after the effective date of this part.

(b) Alteration. Each facility or part of a facility which is altered by, on behalf of, or for the use of a recipient after the effective date of this part in a manner that affects or could affect the usability of the facility or part of the facility shall, to the maximum extent feasible, be altered in such manner that the altered portion of the facility is readily accessible to and usable by qualified handicapped persons.

(c) Conformance with Uniform Federal Accessibility Standards. (1) Effective as of January 18, 1991, design, construction, or alteration of buildings in conformance with sections 3-8 of the Uniform Federal Accessibility Standards (USAF) (appendix A to 41 CFR subpart 101-19.6) shall be deemed to comply with the requirements of this section with respect to those buildings. Departures from particular technical and scoping requirements of UFAS by the use of other methods are permitted where substantially equivalent or greater access to and usability of the building is provided.

(2) For purposes of this section, section 4.1(2)(g) of UFAS shall be interpreted to exempt from the requirements of UFAS only mechanical rooms and other spaces that, because of their intended use, will not require accessibility to the public or beneficiaries or result in the employment or residence therein of persons with physical handicaps.

(3) This section does not require recipients to make building alterations that have little likelihood of being accomplished without removing or altering a load-bearing structural member.

§§ 605.24—605.30 [Reserved]

Subpart D—Preschool, Elementary, and Secondary Education

§ 605.31 Application of this subpart.

Subpart D applies to preschool, elementary, secondary, and adult education programs and activities that receive or benefit from Federal financial assistance and to recipients that operate, or that receive or benefit from Federal financial assistance for the operation of, such programs or activities.

§ 605.32 Location and notification.

A recipient that operates a public elementary or secondary education program shall annually:

(a) Undertake to identify and locate every qualified handicapped person residing in the recipient’s jurisdiction who is not receiving a public education; and

(b) Take appropriate steps to notify handicapped persons and their parents or guardians or the recipient’s duty under this subpart.
§ 605.33 Free appropriate public education.

(a) General. A recipient that operates a public elementary or secondary education program shall provide a free appropriate public education to each qualified handicapped person who is in the recipient's jurisdiction, regardless of the nature or severity of the person's handicap.

(b) Appropriate education. (1) For the purpose of this subpart, the provision of an appropriate education is the provision of regular or special education and related aids and services that (i) are designed to meet individual educational needs of handicapped persons as adequately as the needs of nonhandicapped persons are met and (ii) are based upon adherence to procedures that satisfy the requirements of §§ 605.34, 605.35 and 605.36.

(2) Implementation of an individualized education program developed in accordance with the Education of the Handicapped Act is one means of meeting the standard established in paragraph (b)(1)(i) of this section.

(3) A recipient may place a handicapped person in or refer such person to a program other than the one that it operates as its means of carrying out the requirements of this subpart. If so, the recipient remains responsible for ensuring that the requirements of this subpart are met with respect to any handicapped person so placed or referred.

(c) Free education—(1) General. For the purpose of this section, the provision of a free education is the provision of educational and related services without cost to the handicapped person or to his or her parents or guardian, except for those fees that are imposed on non-handicapped persons or their parents or guardian. It may consist either of the provision of free services or, if a recipient places a handicapped person in or refers such person to a program not operated by the recipient as its means of carrying out the requirements of this subpart, of payment for the costs of the program. Funds available from any public or private agency may be used to meet the requirements of this subpart. Nothing in this section shall be construed to relieve an insurer or similar third party from an otherwise valid obligation to provide or pay for services provided to a handicapped person.

(2) Transportation. If a recipient places a handicapped person in or refers such person to a program not operated by the recipient as its means of carrying out the requirements of this subpart, the recipient shall ensure that adequate transportation to and from the program is provided at no greater cost than would be incurred by the person or his or her parents or guardian if the person were placed in the program operated by the recipient.

(3) Residential placement. If placement in a public or private residential program is necessary to provide a free appropriate public education to a handicapped person because of his or her handicap, the program, including non-medical care and room and board, shall be provided at no cost to the person or his or her parents or guardian.

(4) Placement of handicapped persons by parents. If a recipient has made available, in conformance with the requirements of this section and § 605.34, a free appropriate public education to a handicapped person and the person's parents or guardian chooses to place the person in a private school, the recipient is not required to pay for the person's education in the private school. Disagreements between a parent or guardian and a recipient regarding whether the recipient has made such a program available or otherwise regarding the question of financial responsibility are subject to the due process procedures of § 605.36.

(d) Compliance. A recipient may not exclude any qualified handicapped person from a public elementary or secondary education after the effective date of this part. A recipient that is not, on the effective date of this regulation, in full compliance with the other requirements of the preceding paragraphs of this section shall meet such requirements at the earliest practicable time and in no event later than July 1, 1983.

§ 605.34 Educational setting.

(a) Academic setting. A recipient to which this subpart applies shall educate, or shall provide for the education of, each qualified handicapped person...
§ 605.35 Evaluation and placement.

(a) Preplacement evaluation. A recipient that operates a public elementary or secondary education program shall conduct an evaluation in accordance with the requirements of paragraph (b) of this section of any person who, because of handicap, needs or is believed to need special education or related services before taking any action with respect to the initial placement of the person in a regular or special education program and any subsequent significant change in placement.

(b) Evaluation procedures. A recipient to which this subpart applies shall establish standards and procedures for the evaluation and placement of persons who, because of handicap, need or are believed to need special education or related services which ensure that:

(1) Tests and other evaluation materials have been validated for the specific purpose for which they are used and are administered by trained personnel in conformance with the instructions provided by their producer;

(2) Tests and other evaluation materials include those tailored to assess specific areas of educational need and not merely those which are designed to provide a single general intelligence quotient; and

(3) Tests are selected and administered so as best to ensure that, when a test is administered to a student with impaired sensory, manual, or speaking skills, the test results accurately reflect the student's aptitude or achievement level or whatever other factor the test purports to measure, rather than reflecting the student's impaired sensory, manual, or speaking skills (except where those skills are the factors that the test purports to measure).

(c) Placement procedures. In interpreting evaluation data and in making placement decisions, a recipient shall:

(1) draw upon information from a variety of sources, including aptitude and achievement tests, teacher recommendations, physical condition, social or cultural background, and adaptive behavior,

(2) establish procedures to ensure that information obtained from all such sources is documented and carefully considered,

(3) ensure that the placement decision is made by a group of persons, including persons knowledgeable about the child, the meaning of the evaluation data, and the placement options,

(4) ensure that the placement decision is made in conformity with §605.34.

(d) Reevaluation. A recipient to which this section applies shall establish procedures, in accordance with paragraph (b) of this section, for periodic reevaluation of students who have been provided special education and related services. A reevaluation procedure consistent with the Education for the Handicapped Act is one means of meeting this requirement.
§ 605.36 Procedural safeguards.

A recipient that operates a public elementary or secondary education program shall establish and implement, with respect to actions regarding the identification, evaluation, or educational placement of persons who, because of handicap, need or are believed to need special instruction or related services, a system of procedural safeguards that includes notice, an opportunity for the parents or guardian of the person to examine relevant records, an impartial hearing with opportunity for participation by the person's parents or guardian and representation by counsel, and a review procedure. Compliance with the procedural safeguards of section 615 of the Education of the Handicapped Act is one means of meeting this requirement.

§ 605.37 Nonacademic services.

(a) General. (1) A recipient to which this subpart applies shall provide nonacademic and extracurricular services and activities in such manner as is necessary to afford handicapped students an equal opportunity for participation in such services and activities.

(2) Nonacademic and extracurricular services and activities may include counseling services, physical recreational athletics, transportation, health services, recreational activities, special interest groups or clubs sponsored by the recipients, referrals to agencies which provide assistance to handicapped persons, and employment of students, including both employment by the recipient and assistance in making available outside employment.

(b) Counseling services. A recipient to which this subpart applies that provides personal, academic, or vocational counseling, guidance, or placement services to its students shall provide these services without discrimination on the basis of handicap. The recipient shall ensure that qualified handicapped students are not counseled toward more restrictive career objectives than are nonhandicapped students with similar interests and abilities.

(c) Physical education and athletics. (1) In providing physical education courses and athletics and similar programs and activities to any of its students, a recipient to which this subpart applies may not discriminate on the basis of handicap. A recipient that offers physical education courses or that operates or sponsors interscholastic, club, or intramural athletics shall provide to qualified handicapped students an equal opportunity for participation in these activities.

(2) A recipient may offer to handicapped students physical education and athletic activities that are separate or different from those offered to nonhandicapped students only if separation or differentiation is consistent with the requirements of §605.34 and only if no qualified handicapped student is denied the opportunity to compete for teams or to participate in courses that are not separate or different.

§ 605.38 Preschool and adult education programs.

A recipient to which this subpart applies that operates a preschool education or day care program or activity or an adult education program or activity may not, on the basis of handicap, exclude qualified handicapped persons from the program or activity and shall take into account the needs of such persons in determining the aid, benefits, or services to be provided under the program or activity.

§ 605.39 Private education programs.

(a) A recipient that operates a private elementary or secondary education program may not, on the basis of handicap, exclude a qualified handicapped person from such program if the person can, with minor adjustments, be provided an appropriate education, as defined in §605.33(b)(1), within the recipient's program.

(b) A recipient to which this section applies may not charge more for the provision of an appropriate education to handicapped persons than to nonhandicapped persons except to the extent that any additional charge is justified by a substantial increase in cost to the recipient.

(c) A recipient to which this section applies that operates special education programs shall operate such programs in accordance with the provisions of §§605.35 and 605.36. Each recipient to which this section applies is subject to
the provisions of §§605.34, 605.37 and 605.38.

§ 605.40 [Reserved]

Subpart E—Postsecondary Education

§ 605.41 Application of this subpart.
Subpart E applies to postsecondary education programs and activities, including postsecondary vocational education programs and activities, that receive or benefit from Federal financial assistance and to recipients that operate, or that receive or benefit from Federal financial assistance for the operation of, such programs or activities.

§ 605.42 Admissions and recruitment.
(a) General. Qualified handicapped persons may not, on the basis of handicap, be denied admission or be subjected to discrimination in admission or recruitment by a recipient to which this subpart applies.

(b) Admissions. In administering its admission policies, a recipient to which this subpart applies:

(1) May not apply limitations upon the number or proportion of handicapped persons who may be admitted;

(2) May not make use of any test or criterion for admission that has a disproportionate, adverse effect on handicapped persons or any class of handicapped persons unless (i) the test or criterion, as used by the recipient, has been validated as a predictor of success in the education program or activity in question and (ii) alternate tests or criteria that have a less disproportionate, adverse effect are not shown by the Director to be available.

(3) Shall assure itself that (i) admissions tests are selected and administered so as best to ensure that, when a test is administered to an applicant who has a handicap that impairs sensory, manual, or speaking skills, the test results accurately reflect the applicant's aptitude or achievement level or whatever other factor the test purports to measure, rather than reflecting the applicant's impaired sensory, manual, or speaking skills (except where those skills are the factors that the test purports to measure); (ii) admissions tests that are designed for persons with impaired sensory, manual, or speaking skills are offered as often and in as timely a manner as are other admissions tests; and (iii) admissions tests are administered in facilities that, on the whole, are accessible to handicapped persons; and

(4) Except as provided in paragraph (c) of this section, may not make preadmission inquiry as to whether an applicant for admission is a handicapped person but, after admission, may make inquiries on a confidential basis as to handicaps that may require accommodation.

(c) Preadmission inquiry exception. When a recipient is taking remedial action to correct the effects of past discrimination pursuant to §605.6(a) or when a recipient is taking voluntary action to overcome the effects of conditions that resulted in limited participation in its federally assisted program or activity pursuant to §605.6(f), the recipient may invite applicants for admission to indicate whether and to what extent they are handicapped, Provided, That:

(1) The recipient states clearly on any written questionnaire used for this purpose or makes clear orally if no written questionnaire is used that the information requested is intended for use solely in connection with its remedial action obligations or its voluntary action efforts; and

(2) The recipient states clearly that the information is being requested on a voluntary basis, that it will be kept confidential, that refusal to provide it will not subject the applicant to any adverse treatment, and that it will be used only in accordance with this part.

(d) Validity studies. For the purpose of paragraph (b)(2) of this section, a recipient may base prediction equations on first year grades, but shall conduct periodic validity studies against the criterion of overall success in the education program or activity in question in order to monitor the general validity of the test scores.

§ 605.43 Treatment of students; general.

(a) No qualified handicapped student shall, on the basis of handicap, be excluded from participation in, be denied
the benefits of, or otherwise be subjected to discrimination under any academic, research, occupational training, housing, health insurance, counseling, financial aid, physical education, athletics, recreation, transportation, other extracurricular, or other postsecondary education program or activity to which this subpart applies.

(b) A recipient to which this subpart applies that considers participation by students in education programs or activities not operated wholly by the recipient as part of, or equivalent to, an education program or activity operated by the recipient shall assure itself that the other education program or activity, as a whole, provides an equal opportunity for the participation of qualified handicapped persons.

(c) A recipient to which this subpart applies may not, on the basis of handicap, exclude any qualified handicapped student from any course, course of study, or other part of its education program or activity.

(d) A recipient to which this subpart applies shall operate its programs and activities in the most integrated setting appropriate.

§ 605.44 Academic adjustments.

(a) Academic requirements. A recipient to which this subpart applies shall make such modifications to its academic requirements as are necessary to ensure that such requirements do not discriminate or have the effect of discriminating, on the basis of handicap, against a qualified handicapped applicant or student. Academic requirements that the recipient can demonstrate are essential to the program of instruction being pursued by such student, or to any directly related licensing requirement will not be regarded as discriminatory within the meaning of this section. Modifications may include changes in the length of time permitted for the completion of degree requirements, substitution of specific courses required for the completion of degree requirements, and adaptation of the manner in which specific courses are conducted.

(b) Other rules. A recipient to which this subpart applies may not impose upon handicapped students other rules, such as the prohibition of tape recorders in classrooms or of dog guides in campus buildings, that have the effect of limiting the participation of handicapped students in the recipient's education program or activity.

(c) Course examinations. In its course examinations or other procedures for evaluating students' academic achievement in its program, a recipient to which this subpart applies shall provide such methods for evaluating the achievement of students who have a handicap that impairs sensory, manual, or speaking skills as will best ensure that the results of the evaluation represents the student's achievement in the course, rather than reflecting the student's impaired sensory, manual, or speaking skills (except where such skills are the factors that the test purports to measure).

(d) Auxiliary aids. (1) A recipient to which this subpart applies shall take such steps as are necessary to ensure that no handicapped student is denied the benefits of, excluded from participation in, or otherwise subjected to discrimination under the education program or activity operated by the recipient because of the absence of educational auxiliary aids for students with impaired sensory, manual, or speaking skills.

(2) Auxiliary aids may include taped texts, interpreters or other effective methods of making orally delivered materials available to students with hearing impairments, readers in libraries for students with visual impairments, classroom equipment adapted for use by students with manual impairments, and other similar services and devices. Recipients need not provide attendants, individually prescribed devices, readers for personal use or study, or other devices or services of a personal nature.

§ 605.45 Housing.

(a) Housing provided by the recipient. A recipient that provides housing to its nonhandicapped students shall provide comparable, convenient, and accessible housing to handicapped students at the same cost as to others. At the end of the transition period provided for in subpart C, such housing shall be available in sufficient quantity and variety
§ 605.46 Financial and employment assistance to students.

(a) Provision of financial assistance. (1) In providing financial assistance to qualified handicapped persons, a recipient to which this subpart applies may not (i), on the basis of handicap, provide less assistance than is provided to nonhandicapped persons, limit eligibility for assistance, or otherwise discriminate or (ii) assist any entity or person that provides assistance to any of its students in a manner that discriminates against qualified handicapped persons on the basis of handicap.

(2) A recipient may administer or assist in the administration of scholarships, fellowships, or other forms of financial assistance established under wills, trusts, bequests, or similar legal instruments that require awards to be made on the basis of factors that discriminate or have the effect of discriminating on the basis of handicap only if the overall effect of the award of scholarships, fellowships, and other forms of financial assistance is not discriminatory on the basis of handicap.

(b) Assistance in making available outside employment. A recipient that helps its students to obtain employment shall assure itself that the employment opportunities it helps to make available to students are, as a whole, made available in a manner that would not violate subpart B if they were provided by the recipient.

(c) Employment of students by recipients. A recipient that employs any of its students may not do so in a manner that violates subpart B.

§ 605.47 Nonacademic services.

(a) Physical education and athletics. (1) In providing physical education courses and athletics and similar programs and activities to any of its students, a recipient to which this subpart applies may not discriminate on the basis of handicap. A recipient that offers physical education courses or that operates or sponsors intercollegiate, club, or intramural athletics shall provide to qualified handicapped students an equal opportunity for participation in these activities.

(2) A recipient may offer to handicapped students physical education and athletic activities that are separate or different only if separation or differentiation is consistent with the requirements of §605.43(d) and only if no qualified handicapped student is denied the opportunity to compete for teams or to participate in courses that are not separate or different.

(b) Counseling and placement services. A recipient to which this subpart applies that provides personal, academic, or vocational counseling, guidance, or placement services to its students shall provide these services without discrimination on the basis of handicap. The recipient shall ensure that qualified handicapped students are not counseled toward more restrictive career objectives than are nonhandicapped students with similar interests and abilities. This requirement does not preclude a recipient from providing factual information about licensing and certification requirements that may present obstacles to handicapped persons in their pursuit of particular careers.

(c) Social organizations. A recipient that provides significant assistance to fraternities, sororities, or similar organizations shall assure itself that the membership practices of such organizations do not permit discrimination otherwise prohibited by this subpart.

§§ 605.48—605.50 [Reserved]

Subpart F—Health, Welfare, and Social Services

§ 605.51 Application of this subpart.

Subpart F applies to health, welfare, and other social service programs and

(a) General. In providing health, welfare, or other social services or benefits, a recipient may not, on the basis of handicap:
(1) Deny a qualified handicapped person these benefits or services;
(2) Afford a qualified handicapped person an opportunity to receive benefits or services that is not equal to that offered nonhandicapped persons;
(3) Provide a qualified handicapped person which benefits or services that are not as effective (as defined in §605.4(b)) as the benefits or services provided to others;

(5) Provide different or separate benefits or services to handicapped persons except where necessary provide qualified handicapped persons with benefits and services that are as effective as those provided to others.
(b) Notice. A recipient that provides notice concerning benefits or services or written material concerning waivers of rights or consent to treatment shall take such steps as are necessary to ensure that qualified handicapped persons, including those with impaired sensory or speaking skills, are not denied effective notice because of their handicap.
(c) Emergency treatment for the hearing impaired. A recipient hospital that provides health services or benefits shall establish a procedure for effective communication with persons with impaired hearing for the purpose of providing emergency health care.
(d) Auxiliary aids. (1) A recipient to which this subpart applies that employs fifteen or more persons shall provide appropriate auxiliary aids to persons with impaired sensory, manual, or speaking skills, where necessary to afford such persons an equal opportunity to benefit from the service in question.
(2) The Director may require recipients with fewer than fifteen employees to provide auxiliary aids where the provision of aids would not significantly impair the ability of the recipient to provide its benefits or services.
(3) For the purpose of this paragraph, auxiliary aids may include brailled and taped material, interpreters, and other aids for persons with impaired hearing or vision.

§ 605.53 Drug and alcohol addicts.
A recipient to which this subpart applies that operates a general hospital or outpatient facility may not discriminate in admission or treatment against a drug or alcohol abuser or alcoholic who is suffering from a medical condition, because of the person's drug or alcohol abuse or alcoholism.

§ 605.54 Education of institutionalized persons.
A recipient to which this subpart applies and that operates or supervises a program or activity for persons who are institutionalized because of handicap shall ensure that each qualified handicapped person, as defined in §605.3(k)(2), in its program or activity is provided an appropriate education, as defined in §605.33(b). Nothing in this section shall be interpreted as altering in any way the obligations of recipients under subpart D.

(3) The Foundation may not, directly or through contractual or other arrangements, utilize criteria or methods of administration the purpose or effect of which would—

(i) Subject qualified individuals with handicaps to discrimination on the basis of handicap; or

(ii) Defeat or substantially impair accomplishment of the objectives of a program or activity with respect to individuals with handicaps.

(4) The Foundation may not, in determining the site or location of a facility, make selections the purpose or effect of which would—

Except as otherwise provided in §606.51, no qualified individual with handicaps shall, because the Foundation's facilities are inaccessible to or unusable by individuals with handicaps, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity conducted by the Foundation.

§ 606.51 Program accessibility: Existing facilities.
(a) General. The Foundation shall operate each program or activity so that the program or activity, when viewed in its entirety, is readily accessible to and usable by individuals with handicaps. This paragraph does not—
(1) Necessarily require the Foundation to make each of its existing facilities accessible to and usable by individuals with handicaps; or
(2) Require the Foundation to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where Foundation personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the Foundation has the initial burden of establishing that compliance with §606.51(a) would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the Foundation Director or his or her designee after considering all Foundation resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action would result in such an alteration or burdens, the Foundation shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that individuals with handicaps receive the benefits and services of the program or activity.
(b) Methods. The Foundation may comply with the requirements of this section through such means as redesign of equipment, reassignment of services to accessible buildings, assignment of aides to beneficiaries, home visits, delivery of services at alternate accessible sites, alteration of existing facilities and construction of new facilities, use of accessible rolling stock, or any other methods that result in making its programs or activities readily accessible to and usable by individuals with handicaps. The Foundation is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with this section. The Foundation is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with this section. The Foundation, in making alterations to existing buildings, shall meet accessibility requirements to the extent compelled by the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151-4157), and any regulations implementing it. In choosing among available methods for meeting the requirements of this section, the Foundation shall give priority to those methods that offer programs and activities to qualified individuals with handicaps in the most integrated setting appropriate.
(c) Time period for compliance. The Foundation shall comply with the obligations established under this section within 60 days of the effective date of this part except that where structural

§ 606.52 Program accessibility: New construction and alterations.

Each building or part of a building that is constructed or altered by, on behalf of, or for the use of the Foundation shall be designed, constructed, or altered so as to be readily accessible to and usable by individuals with handicaps. The definitions, requirements, and standards of the Architectural Barriers Act (42 U.S.C. 4151-4157), as established in 41 CFR 101-19.600 to 101-19.607, apply to buildings covered by this section.

§ 606.53 Communications.

(a) The Foundation shall take appropriate steps to ensure effective communication with applicants, participants, personnel of other Federal entities, and members of the public.

(1) The Foundation shall furnish appropriate auxiliary aids where necessary to afford an individual with handicaps an equal opportunity to participate in, and enjoy the benefits of, a program or activity conducted by the Foundation.

(i) In determining what type of auxiliary aid is necessary, the Foundation shall give primary consideration to the requests of the individual with handicaps.

(ii) The Foundation need not provide individually prescribed devices, readers for personal use or study, or other devices of a personal nature.

(2) Where the Foundation communicates with applicants and beneficiaries by telephone, telecommunication devices for deaf persons (TDD’s) or equally effective telecommunication systems shall be used to communicate with persons with impaired hearing.

(b) The Foundation shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities.

(c) The Foundation shall provide signage at a primary entrance to each of its inaccessible facilities, directing users to a location at which they can obtain information about accessible facilities. The international symbol for accessibility shall be used at each primary entrance of an accessible facility.

(d) This section does not require the Foundation to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where Foundation personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative
burdens, the Foundation has the initial burden of establishing that compliance with §606.60 would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the Foundation Director or his or her designee after considering all Foundation resources available for use in the funding and operation of the conducted program or activity and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action required to comply with this section would result in such an alteration or such burdens, the Foundation shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that, to the maximum extent possible, individuals with handicaps receive the benefits and services of the program or activity.

§§ 606.61–606.69 [Reserved]

§ 606.70 Complaint procedures.

(a) Except as provided in paragraph (b) of this section, this section applies to all allegations of discrimination on the basis of handicap in programs or activities conducted by the Foundation.

(b) The Foundation shall process complaints alleging violations of section 504 with respect to employment according to the procedures established by the Equal Employment Opportunity Commission in 29 CFR, part 1613 pursuant to section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791).

(c) The Director, Office of Equal Opportunity Programs (OEOP), shall coordinate implementation of this section.

(d) Persons wishing to submit complaints should submit complete complaints (see §606.03) to the Office of Equal Opportunity Programs, National Science Foundation, 4201 Wilson Boulevard, Arlington, VA 22230. In accordance with the procedures outlined below, the Foundation will accept all complete complaints and will either undertake to investigate them if they are within the jurisdiction of the Foundation and submitted within 180 days of the alleged acts of discrimination or in the case of complaints not within the jurisdiction of the Foundation, it shall promptly notify the complainant and shall make reasonable efforts to refer the complaint to the appropriate government entity. Complete complaints submitted after the 180 day time limit may also be acted upon at the discretion of the Foundation if good cause for the delay in submission is found.

(e) The Foundation shall notify the Architectural and Transportation Barriers Compliance Board upon receipt of any complaint alleging that a building or a facility that is subject to the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151–4157), is not readily accessible to and usable by individuals with handicaps.

(f) Within 180 days of the receipt of a complete complaint, the Director, Office of Equal Opportunity Programs (OEOP), or his or her designee or delegate, will investigate the complaint and shall notify the complainant of the results of the investigation in a letter containing—

(1) Findings of fact and conclusions of law;

(2) A description of a remedy for each violation found; and

(3) A notice of a right to appeal to the Director of the Foundation.

(g)(1) A complainant may appeal findings of fact, conclusions of law, or remedies to the Director of the Foundation. Such appeals must be in writing and must state fully the basis for the appeal, proposed alternative findings of fact, conclusions of law, or remedies. They must be sent (as evidenced by an appropriate postmark or other satisfactory evidence) within 90 days after the date of receipt from the Foundation of the letter described in paragraph (f) of this section. The Foundation may extend this time for good cause.

(2) The Director shall notify the complainant of the results of the appeal within 30 days of the receipt of the appeal. If the Director determines that additional information is needed from the complainant, the Director shall have 30 days from the date such additional information is received from the complainant to make a determination on the appeal.
§§ 606.71—606.99

(h) The time limits for sending a letter to the complainant in paragraph (f) and for deciding an appeal in paragraph (g)(2) of this section may be extended with the permission of the Assistant Attorney General.

§ 607.1 Purpose and scope.

(a) This part provides procedures for the collection by administrative offset of a federal employee’s salary without his or her consent to satisfy certain debts owed to the Federal government. This part applies to all Federal employees who owe debts to the National Science Foundation (NSF) and to current employees of NSF who owe debts to other Federal agencies. This part does not apply when the employee consents to recovery from his or her current pay account.

(b) This part does not apply to debts or claims arising under:

(1) The Internal Revenue Code of 1954, as amended, 26 U.S.C. 1 et seq.;

(2) The Social Security Act, 42 U.S.C. 301 et seq.;

(3) The tariff laws of the United States; or

(4) Any case where a collection of a debt by salary offset is explicitly provided for or prohibited by another statute.

(c) This part does not apply to any adjustment to pay arising out of an employee’s selection of coverage or a change in coverage under a Federal benefits program requiring periodic deductions from pay if the amount to be recovered was accumulated over four pay periods or less.

(d) This part does not preclude the compromise, suspension, or termination of collection action where appropriate under the standards implementing the Federal Claims Collection Act, 31 U.S.C. 3711 et seq., and 4 CFR parts 101 through 105.

(e) This part does not preclude an employee from requesting waiver of an overpayment under 5 U.S.C. 5584, 10 U.S.C. 2774, or 32 U.S.C. 716, or in any way questioning the amount or validity of the debt by submitting a subsequent claim to the General Accounting Office. This part does not preclude an employee from requesting a waiver pursuant to other statutory provisions applicable to the particular debt being collected.

(f) Matters not addressed in this part should be reviewed in accordance with the Federal Claims Collection Standards at 4 CFR 101.1 et seq.

§ 607.2 Definitions.

For the purposes of this part the following definitions will apply:

Certification means a written debt claim received from a creditor agency which requests the paying agency to offset the salary of an employee.

Chief Financial Officer means the Chief Financial Officer of NSF or such other official of NSF who is designated by the Chief Financial Officer to determine whether an employee is indebted to the United States and to take action to collect such debts.
Creditor agency means an agency of the Federal Government to which the debt is owed.

Debt means an amount owed by a Federal employee to the United States from sources which include loans insured or guaranteed by the United States and all other amounts due the United States from fees, leases, rents, royalties, services, sales of real or personal property, overpayments, penalties, damages, interests, fines, forfeitures (except those arising under the Uniform Code of Military Justice), and all other similar sources.

Disposable pay means the amount that remains from an employee's Federal pay after required deductions for social security, Federal, State or local income tax, health insurance premiums, retirement contributions, life insurance premiums, Federal employment taxes, and any other deductions that are required to be withheld by law.

Hearing official means an individual responsible for conducting a hearing with respect to the existence or amount of a debt claimed, or the repayment schedule of a debt, and who renders a decision on the basis of such hearing. A hearing official may not be under the supervision or control of the Chief Financial Officer or of persons having supervision or control over the Chief Financial Officer.

NSF means the National Science Foundation.

Paying agency means the agency that employs the individual who owes the debt and authorizes the payment of his or her current pay.

Salary offset means an administrative offset to collect a debt pursuant to 5 U.S.C. 5514 by deduction(s) at one or more officially established pay intervals from the current pay account of an employee without his or her consent.

§ 607.4 Notice requirements before offset.

(a) Salary offset shall not be made against an employee's pay unless the employee is provided with written notice signed by the Chief Financial Officer of the debt at least 30 days before salary offset commences.

(b) The written notice shall contain:

(1) A statement that the debt is owed and an explanation of its nature and amount;

(2) The agency's intention to collect the debt by deducting from the employee's current disposable pay account;

(3) The amount, frequency, proposed beginning date, and duration of the intended deduction(s);

(4) An explanation of interest, penalties, and administrative charges, including a statement that such charges will be assessed unless excused in accordance with the Federal Claims Collections Standards at 4 CFR 101.1;

(5) The employee's right to inspect, request, and receive a copy of government records relating to the debt;

(6) The employee's opportunity to establish a written schedule for the voluntary repayment of the debt in lieu of offset;

(7) The employee's right to an oral hearing or a determination based on a review of the written record ("paper hearing") conducted by an impartial hearing official concerning the existence or the amount of the debt, or the terms of the repayment schedule;

(8) The procedures and time period for petitioning for a hearing;

(9) A statement that a timely filing of a petition for a hearing will stay the commencement of collection proceedings;

(10) A statement that a final decision on the hearing (if requested) will be issued by the hearing official not later than 60 days after the filing of the petition requesting the hearing unless the employee requests and the hearing official grants a delay in the proceedings;

(11) A statement that knowingly false or frivolous statements, representations, or evidence may subject the employee to appropriate disciplinary procedures and/or statutory penalties.
§ 607.5

(12) A statement of other rights and remedies available to the employee under statutes or regulations governing the program for which the collection is being made;

(13) Unless there are contractual or statutory provisions to the contrary, a statement that amounts paid on or deducted for the debt which are later waived or found not owed to the United States will be promptly refunded to the employee; and

(14) A statement that the proceedings regarding such debt are governed by section 5 of the Debt Collection Act of 1982 (5 U.S.C. 5514).

§ 607.5 Hearing.

(a) Request for hearing. (1) An employee may file a petition for an oral or paper hearing in accordance with the instructions outlined in the agency's notice to offset.

(2) A hearing may be requested by filing a written petition addressed to the Chief Financial Officer stating why the employee disputes the existence or amount of the debt or, in the case of an individual whose repayment schedule has been established other than by a written agreement, concerning the terms of the repayment schedule. The petition for a hearing must be received by the Chief Financial Officer not later than fifteen (15) calendar days after the employee's receipt of the offset notice, or notice of the terms of the payment schedule, unless the employee can show good cause for failing to meet the filing deadline.

(b) Hearing procedures. (1) The hearing will be presided over by an impartial hearing official.

(2) The hearing shall conform to procedures contained in the Federal Claims Collection Standards, 4 CFR 102.3(c). The burden shall be on the employee to demonstrate that the existence or the amount of the debt is in error.

§ 607.6 Written decision.

(a) The hearing official shall issue a final written opinion no later than 60 days after the filing of the petition.

(b) The written opinion will include a statement of the facts presented to demonstrate the nature and origin of the alleged debt; the hearing official's analysis, findings, and conclusions; the amount and validity of the debt, if any; and the repayment schedule, if any.

§ 607.7 Cooperating with another Federal agency.

(a) When the NSF is the creditor agency and the Chief Financial Officer determines that an employee of another agency (i.e., the paying agency) owes a debt to the NSF, the Chief Financial Officer shall, as appropriate:

(1) Certify in writing to the paying agency that the employee owes the debt, the amount and basis of the debt, the date on which payment was due, and the date the Government's right to collect the debt accrued, and that this part 607 has been approved by the Office of Personnel Management.

(2) Unless the employee has consented to salary offset in writing or signed a statement acknowledging receipt of the required procedures, and the written consent is sent to the paying agency, the Chief Financial Officer must advise the paying agency of the action(s) taken under this part 607, and the date(s) they were taken.

(3) Request the paying agency to collect the debt by salary offset. If deductions must be made in installments, the Chief Financial Officer may recommend to the paying agency the amount or percentage of disposable pay to be collected in each installment.

(4) Arrange for a hearing upon the proper petitioning by the employee.

(b) When the NSF is the creditor agency and the employee is in the process of separating from the Federal service, the NSF must submit its debt claim to the paying agency as provided in this part. The paying agency must certify the total amount collected, give a copy of the certification to the employee, and send a copy of the certification and notice of the employee's separation to the NSF. If the paying agency is aware that the debtor is entitled to Civil Service Retirement and Disability Fund or other similar payments, it must certify to the agency responsible for making such payments that the debtor owes a debt, including the amount of the debt, and that the provisions of 5 CFR 550.1108 have been followed.
National Science Foundation § 607.12

(c) When the NSF is the creditor agency and the employee has already separated from Federal service and all payments due from the paying agency have been paid, the Chief Financial Officer may request, unless otherwise prohibited, that money payable to the employee from the Civil Service Retirement and Disability Fund or other similar funds be collected by administrative offset.

(d) When the NSF is the paying agency, upon receipt of a properly certified debt claim from another agency, deductions will be scheduled to begin at the next established pay interval. The employee must receive written notice that NSF has received a certified debt claim from the creditor agency, the amount of the debt, the date salary offset will begin, and the amount of the deduction(s). NSF shall not review the merits of the creditor agency’s determination of the validity or the amount of the certified claim. If the employee transfers to another agency after the creditor agency has submitted its debt claim to NSF and before the debt is collected completely, NSF must certify the amount collected. One copy of the certification must be furnished to the employee. A copy must be furnished to the creditor agency with notice of the employee’s transfer.

§ 607.8 Procedures for salary offset.

(a) Deductions to liquidate an employee’s debt will be by the method and in the amount stated in the Chief Financial Officer’s notice of intention to offset as provided in §607.4. Debts will be collected in one lump sum where possible. If the employee is financially unable to pay in one lump sum, collection must be made in installments.

(b) Debts will be collected by deduction at officially established pay intervals from an employee’s current pay account unless alternative arrangements for repayment are made.

(c) Installment deductions will be made over a period not greater than the anticipated period of employment. The size of installment deductions must bear a reasonable relationship to the size of the debt and the employee’s ability to pay. The deduction for the pay intervals for any period must not exceed 15% of disposable pay unless the employee has agreed in writing to a deduction of a greater amount.

(d) Unliquidated debts may be offset against any financial payment due to a separated employee including but not limited to final salary or leave payment in accordance with 31 U.S.C. 3716.

§ 607.9 Refunds.

(a) NSF will promptly refund to an employee any amounts deducted to satisfy debts owed to NSF when the debt is waived, found not owed to NSF, or when directed by an administrative or judicial order.

(b) Another creditor agency will promptly return to NSF any amounts deducted by NSF to satisfy debts owed to the creditor agency when the debt is waived, found not owed, or when directed by an administrative or judicial order.

(c) Unless required by law, refunds under this section shall not bear interest.

§ 607.10 Statute of limitations.

If a debt has been outstanding for more than 10 years after NSF’s right to collect the debt first accrued, the agency may not collect by salary offset unless facts material to the Government’s right to collect were not known and could not reasonably have been known by the official or officials who were charged with the responsibility for discovery and collection of such debts.

§ 607.11 Non-waiver of rights.

An employee’s involuntary payment of all or any part of a debt collected under the regulations in this part will not be construed as a waiver of any rights that the employee may have under 5 U.S.C. 5514 or any other provision of law.

§ 607.12 Interest, penalties, and administrative costs.

Charges may be assessed on a debt for interest, penalties, and administrative costs in accordance with 31 U.S.C. 3717 and the Federal Claims Collection Standards, 4 CFR 101.1.
PART 608—CLAIMS COLLECTION AND ADMINISTRATIVE OFFSET

Sec. 608.1 Purpose and scope.
608.2 Collection, compromise, and use of consumer reporting agencies.
608.3 Administrative offset.
608.4 Reductions of tax refunds.

AUTHORITY: 31 U.S.C. 3711, 3716, 3718 and 3720A.

SOURCE: 58 FR 68772, Dec. 29, 1993, unless otherwise noted.

§ 608.1 Purpose and scope.

(a) This part sets forth policies and procedures for the collection and compromise claims and the administrative offset of claims by the National Science Foundation (NSF) pursuant to 31 U.S.C. 3711, 3716, 3718 and 3720A. It is not intended to limit or govern the rights of the NSF or the United States to collect, compromise, or administratively offset debts or claims under other authority and procedures that may be legally available to it.

(b) Matters not addressed in this part should be reviewed and handled in accordance with applicable statutory provisions and the Federal Claims Collection Standards issued jointly by the Attorney General and the Comptroller General (4 CFR parts 101 through 105).

(c) Any action other than the issuance of regulations specifically required to be done by the head of the agency by any of the statutes or regulations referred to in paragraphs (a) and (b) of this section shall be done on behalf of NSF by its Chief Financial Officer or by those to whom the Chief Financial Officer delegates authority. This is not intended to prevent the Chief Financial Officer from issuing additional internal procedures and guidance consistent with this part.

§ 608.2 Collection, compromise, and use of consumer reporting agencies.

(a) Subject to the specific limitations and procedures of 31 U.S.C. 3711 and in accordance with the applicable provisions of the Federal Claims Collection Standards, NSF, acting through its Chief Financial Officer or those to whom he or she delegates authority or assigns responsibilities, shall try to collect claims of the United States Government for money or property arising out of the activities of NSF or that are referred to NSF and may compromise or suspend or end collection action of certain claims. In making demands for payment, NSF will follow the guidance set forth at 4 CFR 102.2. In appropriate cases, as authorized by and subject to 31 U.S.C. 3718 and 4 CFR 102.6, NSF may contract for collection services. Before compromising or suspending or ending the collection of a claim in excess of $5,000, the matter shall be referred to the NSF Office of General Counsel for legal review.

(b) When trying to collect a claim of the Government (except for claims under the Internal Revenue Code of 1986, 26 U.S.C. 1 et seq.), NSF may disclose to a consumer reporting agency information from a system of records that an individual is responsible for a claim if (1) a notice published pursuant to 5 U.S.C. 552a(3)(4) indicates that information in the system of records may be disclosed to a consumer reporting agency that an individual is responsible for a claim and (2) if the Chief Financial Officer of NSF decides that the claim is valid and overdue. Such disclosures to a consumer reporting agency will be done only under the conditions and procedures specified in 31 U.S.C. 3711(f) and in the Federal Claims Collections Standards. Specifically, before NSF provides the information to the consumer reporting agency, the individual will be given the notice required by 31 U.S.C. 3711(f)(1)(C); and in accordance with 4 CFR 102.5(c), the right of administrative review to be provided to the individual shall be consistent with the provisions of 4 CFR 102.3(c). If NSF does not have a current address for the individual in its files, it will take reasonable action to locate the individual, but if unsuccessful will mail the notice to the individual’s last known address. NSF will disclose information only to a consumer reporting agency that gives satisfactory assurances that it is complying with all laws of the United States relating to providing consumer credit information. The information provided by NSF shall be limited to the type of information described in 31 U.S.C. 3711(f)(1)(F). Moreover, NSF will not provide such information until it
National Science Foundation § 608.3

has established internal procedures to disclose promptly to a consumer reporting agency to which disclosure is made of any substantial changes in the condition or amount of the claim and to verify or correct promptly information about the claim on request of a consumer reporting agency, for verification of information disclosed.

(c) If in response to the notice referred to in paragraph (b) of this section, the individual repays or agrees in writing with NSF to a repayment plan, the information will not be disclosed to a consumer reporting agency. If in response to the notice referred to in paragraph (b) the individual requests a review or reconsideration of the claim, information shall not be disclosed to the consumer reporting agency until such a review is provided.

(d) The review referred to in paragraph (c) of this section shall be based only on the written documentation in the file, including any additional written information provided by the individual in response to the notice referred to in paragraph (b). A written summary briefly describing the nature of the review performed and the conclusion reached shall be made. The written summary and conclusion shall be referred to the NSF Office of General Counsel for legal review. After legal review, a copy of the written summary shall be sent to the individual.

§ 608.3 Administrative offset.

(a) If NSF is unable to collect a claim from a person after trying to do so in accordance with §608.2, NSF may collect the claim by administrative offset subject to the procedures and limitations of 31 U.S.C. 3716 and the applicable provisions of the Federal Claims Collection Standards. Determinations to pursue administrative offset shall be made on a case-by-case basis taking into account the considerations specified at 31 U.S.C. 3716(b) and 4 CFR 102.3(a). Before employing administrative offset, NSF will comply with the notice, hearing, review, or other procedural requirements of 31 U.S.C. 3716(a) and 4 CFR 102.3(b) and (c). Furthermore, before an administrative offset is taken by NSF pursuant to the authority of this part 608, the matter shall be referred to the Office of General Counsel for legal review to ensure that the required procedures have been followed.

(b) When another agency requests NSF to administratively offset a claim owing to that agency, NSF will normally comply with such request if the requesting agency has provided the certification required by 4 CFR 102.3(f) and offset would not be contrary to law. Before imposing administrative offsets at the request of another agency under this part 608, the matter shall be referred to the NSF Office of General Counsel for legal review.

(c)(1) In appropriate cases, NSF may request another agency to administratively setoff a claim owed to NSF. Before making the certification to the other agency required by 4 CFR 102.3(f), the matter shall be referred to the NSF Office of General Counsel for legal review.

(2) Unless otherwise prohibited by law, NSF may request that moneys that are due and payable to a debtor from the Civil Service Retirement and Disability Fund, the Foreign Service Retirement Fund or any other Federal retirement fund be administratively offset in reasonable amounts in order to collect in one full payment or a minimal number of payments debts owed the United States by the debtor. Such requests shall be made to the appropriate officials of the respective fund servicing agency in accordance with such regulations as may be prescribed by that agency. The requests for administrative offset will certify in writing that (i) the debtor owes the United States a debt and the amount of the debt; (ii) NSF has complied with applicable regulations and procedures; and (iii) NSF has followed the requirements of the Federal Claims Collection Standards as made applicable by this section. Once NSF decides to request offset from a Federal retirement fund, it will make the request as soon as practical after completion of the applicable procedures in order that the fund servicing agency may identify and flag the debtor's account in anticipation of the time when the debtor requests or becomes eligible to receive payments from the fund and to ensure that offset
§ 608.4 Reductions of tax refunds.

(a) In accordance with regulations and guidance issued by the Secretary of the Treasury at 26 CFR 301.6402-6 and the requirements of 31 U.S.C. 3720A, NSF will participate in the Federal Tax Refund Offset Program for offset against income tax refunds of persons owing past due legally enforceable debts to NSF.

(b) For purposes of this section, a past-due legally enforceable debt referable to the IRS is a debt which is owed to the United States and:

1. Except in the case of a judgment debt, has been delinquent for at least three months but has not been delinquent for more than ten years at the time the offset is made;
2. Cannot be currently collected pursuant to the salary offset provisions of 5 U.S.C. 5514(a)(1);
3. Is ineligible for administrative offset under 31 U.S.C. 3716(a) by reason of 31 U.S.C. 3716(c)(2) or cannot be collected by administrative offset under 31 U.S.C. 3716(a) by NSF against amounts payable to or on behalf of the debtor by or on behalf of NSF;
4. With respect to which NSF has notified or has made a reasonable attempt to notify the taxpayer that the debt is past-due and, unless repaid within 60 days thereafter, the debt will be referred to the IRS for offset against any overpayment of tax;
5. With respect to which NSF has given the taxpayer at least 60 days from the date of notification to present evidence that all or part of the debt is not past-due or legally enforceable, has considered the evidence presented by such taxpayer, and has determined that an amount of such debt is past-due and legally enforceable;
6. Has been disclosed by NSF to a consumer reporting agency as authorized by 31 U.S.C. 3711(f), unless a consumer reporting agency would be prohibited from using such information by 15 U.S.C. 1681c, or unless the amount of the debt does not exceed $100.00;
7. Is at least $25.00;
8. All other requirements of 31 U.S.C. 3720A and the Internal Revenue Service regulations at 26 CFR 301.6402-6 relating to the eligibility of a debt for tax return offset have been satisfied.

(c) NSF will make a request for reduction of an IRS tax refund only after the NSF determines that an amount is owed and past-due and provides the debtor with 60 days written notice. NSF’s notice of intention to collect by IRS tax refund offset (Notice of Intent) will state:

1. The amount of the debt;
2. That unless the debt is repaid within 60 days from the date of the NSF’s Notice of Intent, NSF intends to collect the debt by requesting the IRS to reduce any amounts payable to the debtor as refunds of Federal taxes paid by an amount equal to the amount of the debt and all accumulated interest and other charges;
§ 611.2

(3) That the debtor has a right to present evidence that all or part of the debt is not past-due or legally enforceable; and

(4) A mailing address for forwarding any written correspondence and a contact name and phone number for any questions.

(d) A debtor who receives a Notice of Intent has the right to present evidence that all or part of the debt is not past-due or not legally enforceable. To exercise this right, the debtor must:

(1) Send a written request for a review of the evidence to the address provided in the notice.

(2) State in the request the amount disputed and the reasons why the debtor believes that the debt is not past-due or is not legally enforceable.

(3) Include with the request any documents which the debtor wishes to be considered or state that additional information will be submitted within the remainder of the 60-day period.

(e) The failure of a debtor to respond as provided in paragraph (d) of this section will result in an automatic referral of the debt to the IRS without further action by NSF. If the debtor responds, NSF will consider all available evidence related to the debt and issue a written determination, including supporting rationale, whether its prior determination that the debt is past-due and legally enforceable is sustained, amended, or canceled. Before this determination is made the matter shall be referred to the NSF Office of General Counsel for legal review. NSF will give prompt notification of this determination to the debtor.

PART 611—Nondiscrimination in Federally-Assisted Programs of the National Science Foundation—Effectuation of Title VI of the Civil Rights Act of 1964

§ 611.2 Application of part.

This part applies to any program for which Federal financial assistance is authorized under a law administered by the Foundation, including the Federally-assisted programs and activities listed in Appendix A of this part. It applies to money paid, property transferred, or other Federal financial assistance extended under any such program after the effective date of the regulation pursuant to an application approved prior to such effective date. This part does not apply to (a) any Federal financial assistance by way of insurance or guaranty contract, (b) money paid, property transferred, or other assistance extended under any such program before the effective date of this part, (c) any assistance to any individual who is the ultimate beneficiary under any such program, or (d) any employment practice, under any such program, of any employer, employment agency, or labor organization, except to the extent described in §611.3. The fact that a program or activity is not listed in the Appendix shall not mean, if title VI of the Act is otherwise applicable, that such program is not covered. Other programs under statutes now in force or hereafter enacted may be added to this list.
§ 611.3 Discrimination prohibited.

(a) General. No person in the United States, shall, on grounds of race, color, or national origin be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program to which this part applies.

(b) Specific discriminatory actions prohibited. (1) A recipient under any program to which this part applies may not directly or through contractual or other arrangements, on the ground of race, color, or national origin:

(i) Deny an individual any service, financial aid, or other benefit provided under the program;

(ii) Provide any service, financial aid, or other benefit to an individual which is different, or is provided in a different manner, from that provided to others under the program;

(iii) Subject an individual to segregation or separate treatment in any matter related to his receipt of any service, financial aid, or other benefit under the program;

(iv) Restrict an individual in any way in the enjoyment of any advantage or privilege enjoyed by others receiving any service, financial aid, or other benefit under the program;

(v) Treat an individual differently from others in determining whether he satisfies any admission, enrollment, quota, eligibility, membership or other requirement or condition which individuals must meet in order to be provided any service, financial aid, or other benefit provided under the program;

(vi) Deny an individual an opportunity to participate in the program through the provision of services or otherwise or afford him an opportunity to do so which is different from that afforded others under the program (including the opportunity to participate in the program of an employee but only to the extent set forth in paragraph (c) of this section).

(2) A recipient, in determining the types of services, financial aid, or other benefits, or facilities which will be provided under any such program, or the class of individuals to whom, or the situations in which, such services, financial aid, other benefits, or facilities will be provided under any such program, or the class of individuals to be afforded an opportunity to participate in any such program, may not directly or through contractual or other arrangements, utilize criteria or methods of administration which have the effect of subjecting individuals to discrimination because of their race, color, or national origin, or have the effect of defeating or substantially impairing accomplishment of the objectives of the program as respects individuals of a particular race, color, or national origin.

(3) In determining the site or location of facilities, a recipient or applicant may not make selections with the purpose or effect of excluding individuals from, denying them the benefits of, or subjecting them to discrimination under any program to which this regulation applies, on the grounds of race, color, or national origin; or with the purpose or effect of defeating or substantially impairing the accomplishment of the objectives of the Act or this regulation.

(4) As used in this section the services, financial aid, or other benefits provided under a program receiving Federal financial assistance shall be deemed to include any service, financial aid, or other benefit provided in or through a facility provided with the aid of Federal financial assistance.

(5) The enumeration of specific forms of prohibited discrimination in this paragraph and paragraph (c) of this section does not limit the generality of the prohibition in paragraph (a) of this section.

(6) This regulation does not prohibit the consideration of race, color, or national origin if the purpose and effect are to remove or overcome the consequences of practices or impediments which have restricted the availability of, or participation in, the program or activity receiving Federal financial assistance, on the grounds of race, color, or national origin. Where previous discriminatory practice or usage tends, on the grounds of race, color, or national origin, to exclude individuals from participation in, to deny them the benefits
National Science Foundation § 611.4 of, or to subject them to discrimination under any program or activity to which this regulation applies the applicant or recipient has an obligation to take reasonable action to remove or overcome the consequences of the prior discriminatory practice or usage, and to accomplish the purposes of the Act.

(c) Employment practices. (1) Where a primary objective of the Federal financial assistance to a program to which this part applies is to provide employment, a recipient may not directly or through contractual or other arrangements subject an individual to discrimination on the ground of race, color, or national origin in its employment practices under such program (including recruitment or recruitment advertising, employment, layoff or termination, upgrading, demotion, or transfer, rates of pay or other forms of compensation and use of facilities), including programs where a primary objective of the Federal financial assistance is (i) to assist such individuals through employment to meet expenses incident to the commencement or continuation of their education or training or (ii) to provide work experience which contributes to the education or training of such individuals.

(2) Programs listed in Appendix A as respects employment opportunities provided thereunder, or in facilities provided thereunder, which are limited, or for which preference is given, to students, fellows, or other persons, including research associates, where in training for the same or related employment, have one of the above purposes as a primary purpose.

(3) The requirements applicable to construction employment under any such program shall be those specified in or pursuant to part III of Executive Order 11246 or any Executive order which supersedes it.

(4) Where a primary objective of the Federal financial assistance is not to provide employment, but discrimination on the grounds of race, color, or national origin in the employment practices of the recipient or other persons subject to the regulation tends, on the grounds of race, color, or national origin, to exclude individuals from participation in or deny them the benefits of, or to subject them to discrimination under any program to which this regulation applies, the provisions of paragraph (c)(3) of this section shall apply to the employment practices of the recipient or other persons subject to the regulation, to the extent necessary to assure equality of opportunity and nondiscriminatory treatment of, beneficiaries.

(d) Medical emergencies. Notwithstanding the foregoing provisions of this section, a recipient of Federal financial assistance shall not be deemed to have failed to comply with paragraph (a) of this section if immediate provision of a service or other benefit to an individual is necessary to prevent his death or serious impairment of his health, and such service or other benefit cannot be provided except by or through a medical institution which refuses or fails to comply with paragraph (a) of this section.

§ 611.4 Assurances required.

(a) General. (1) Every application for Federal financial assistance to carry out a program to which this part applies, and every application for Federal financial assistance to provide a facility shall, as a condition to its approval and the extension of any Federal financial assistance pursuant to the application, contain or be accompanied by an assurance that the program will be conducted or the facility operated in compliance with all requirements imposed by or pursuant to this part. In the case where the Federal financial assistance is to provide or is in the form of personal property, or real property or interest therein or structures thereon, the assurance shall obligate the recipient, or, in the case of a subsequent transfer, the transferee, for the period during which the property is used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services and benefits, or for as long as the recipient retains ownership or possession of the property, whichever is longer. In all other cases the assurance shall obligate the recipient for the period during which Federal Financial assistance is extended pursuant to the application.
The responsible Foundation official shall specify the form of the foregoing assurances for each program and the extent to which like assurances will be required of subgrantees, contractors and subcontractors, successors in interest, and other participants in the program. Any such assurance shall include provisions which give the United States a right to seek its judicial enforcement.

(2) In the case where Federal financial assistance is provided in the form of a transfer of real property, structures, or improvements thereon, or interest therein, from the Federal Government, the instrument effecting or recording the transfer shall contain a covenant running with the land assuring nondiscrimination for the period during which the real property is used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits. Where no transfer of property or interest therein from the Federal Government is involved, but property is acquired or improved under a program of Federal financial assistance, the recipient shall agree to include such covenant in any subsequent transfer of such property. When the property is obtained from the Federal Government, such covenant may also include a condition coupled with a right to be reserved by the Foundation to revert title to the property in the event of a breach of the covenant where, in the discretion of the responsible Foundation official, such a condition and right of reverter is appropriate to the program under which the real property is obtained and to the nature of the grant and the grantee. In such event if a transferee of real property proposes to mortgage or otherwise encumber the real property as security for financing construction of new, or improvement of existing, facilities on such property for the purposes for which the property was transferred, the responsible Foundation official may agree, upon request of the transferee and if necessary to accomplish such financing, and upon such conditions as he deems appropriate, to subordinate such right of reversion to the lien of such mortgage or other encumbrance.

(3) Transfers of surplus property are subject to regulations issued by the Administrator of the General Services Administration. (41 CFR 101-6.2.)

(b) Elementary and secondary schools. The requirements of paragraph (a) of this section with respect to any elementary or secondary school or school system shall be deemed to be satisfied if such school or school system (1) is subject to a final order of a court of the United States for the desegregation of such school or school system, and provides an assurance that it will comply with such order, including any future modification of such order, or (2) submits a plan for the desegregation of such school or school system which the responsible Official of the Department of Health, Education, and Welfare determines is adequate to accomplish the purposes of the Act and this part, and provides reasonable assurance that it will carry out such plan. In any case of continuing Federal financial assistance the responsible Official of the Department of Health, Education, and Welfare may reserve the right to redetermine, after such period as may be specified by him, the adequacy of the plan to accomplish the purposes of the Act and this part. In any case in which a final order of a court of the United States for the desegregation of such school or school system is entered after submission of such a plan, such plan shall be revised to conform to such final order, including any future modification of such order.

(c) Assurances from institutions. (1) In the case of any application for Federal financial assistance to an institution of higher education (including assistance for construction, for research for a special training project, or for any other purpose), the assurance required by this section shall extend to admission practices and to all other practices relating to the treatment of students.

(2) The assurance required with respect to an institution of higher education, hospital, or any other institution, insofar as the assurance relates to the institution's practices with respect to admission or other treatment of individuals as students, patients, or clients of the institution or to the opportunity to participate in the provision...
of services or other benefits to such individuals, shall be applicable to the entire institution unless the applicant establishes, to the satisfaction of the responsible Foundation official, that the institution’s practices in designated parts or programs of the institution will in no way affect its practices in the program of the institution for which Federal financial assistance is sought, or the beneficiaries of or participants in such program. If in any such case the assistance sought is for the construction of a facility or part of a facility, the assurance shall in any event extend to the entire facility and to facilities operated in connection therewith.

§ 611.5 Illustrative applications.

The following examples will illustrate the application of the foregoing provisions to some of the programs of the Foundation. (In all cases the discrimination prohibited is discrimination on the ground of race, color, or national origin prohibited by title VI of the Act and this part, as a condition of the receipt of Federal financial assistance.)

1. In programs for support to elementary or secondary schools such as for the acquisition of equipment discrimination by the recipient school district in any of its elementary or secondary schools, or by the recipient private institution, in the admission of students, or in the treatment of its students in any aspect of the educational process, is prohibited. In this and the following illustrations the prohibition of discrimination in the treatment of students or other trainees includes the prohibition of discrimination among the students or trainees in availability or use of any academic, dormitory, eating, recreational, or other facilities of the grantee or other recipient.

2. In a research, training, or other grant to a university for activities to be conducted in a graduate school, discrimination in the admission and treatment of students in the graduate school is prohibited, and the prohibition extends to the entire university unless it satisfies the responsible Foundation official that practices with respect to other parts or programs of the university will not interfere, directly or indirectly, with fulfillment of the assurance required with respect to the graduate school.

3. In a training grant to a hospital or other nonacademic institution, discrimination is prohibited in the selection of individuals to be trained and in their treatment by the grantee during their training. In a research or demonstration grant to such an institution, discrimination is prohibited with respect to any educational activity, any provision of medical or other services and any financial aid to individuals incident to the program.

4. In grant programs to assist in the construction of facilities for research or for the provision of educational services, assurances will be required that services will be provided without discrimination, to the same extent that discrimination would be prohibited as a condition of Federal operating grants for the support of such services. Thus, as a condition of grants for the construction of academic, research, or other facilities at institutions of higher education, assurances will be required that there will be no discrimination in the admission or treatment of students. In other construction grants the assurances required will similarly be adapted to the nature of the activities to be conducted in the facilities for construction of which the grants have been authorized by Congress.

5. Upon transfers of real or personal property for research or educational uses, discrimination is prohibited to the same extent as in the case of grants for the construction of facilities or the provision of equipment for like purposes.

6. In some situations even though past discriminatory practices have been abandoned, the consequences of such practices continue to impede the full availability of a benefit. If the efforts required of the applicant or recipient under §611.6(d) to provide information as to the availability of the program or activity, and the rights of beneficiaries under this regulation, have failed to overcome these consequences, it will become necessary for such applicant or recipient to take additional steps to make the benefits fully available to racial and nationality groups previously subjected to discrimination. This action might take the form, for example, of special arrangements for obtaining referrals which will insure that groups previously subjected to discrimination are adequately served but not the establishment of discriminatory qualifications for participation in any program.

7. Even though an applicant or recipient has never used discriminatory policies, the services and benefits of the program or activity it administers may not in fact be equally available to some racial or nationality groups. In such circumstances an applicant or recipient may properly give special consideration to race, color, or national origin to make the benefits of its program more widely available to such groups, not then being adequately served. For example, where
§ 611.6 Compliance information.

(a) Cooperation and assistance. The responsible Foundation official shall, to the fullest extent practicable, seek the cooperation of recipients in obtaining compliance with this part and shall provide assistance and guidance to recipients to help them comply voluntarily with this part.

(b) Compliance reports. Each recipient shall keep such records and submit to the responsible Foundation official timely, complete and accurate compliance reports at such times, and in such form and containing such information, as the responsible Foundation official may determine to be necessary to enable him to ascertain whether the recipient has complied or is complying with this part. In the case of any program under which a primary recipient extends Federal financial assistance to any other recipient, such other recipient shall also submit such compliance reports to the primary recipient as may be necessary to enable the primary recipient to carry out its obligations under this part.

(c) Access to sources of information. Each recipient shall permit access by the responsible Foundation official or his designee during normal business hours to such of its books, records, accounts, and other sources of information, and its facilities as may be pertinent to ascertain compliance with this part. Where any information required of a recipient is in the exclusive possession of any other agency, institution or person and this agency, institution or person shall fail or refuse to furnish this information, the recipient shall so certify in its report and shall set forth what efforts it has made to obtain the information.

(d) Information to beneficiaries and participants. Each recipient shall make available to participants, beneficiaries, and other interested persons such information regarding the provisions of this part and its applicability to the program under which the recipient receives Federal financial assistance, and make such information available to them in such manner, as the responsible Foundation official finds necessary to apprise such persons of the protections against discrimination assured them by the Act and this part.

§ 611.7 Conduct of investigations.

(a) Periodic compliance reviews. The responsible Foundation official shall from time to time review the practices of recipients to determine whether they are complying with this part.

(b) Complaints. Any person who believes himself or any specific class of individuals to be subjected to discrimination prohibited by this part may by himself or by a representative file with the responsible Foundation official a written complaint. A complaint must be filed not later than 90 days from the date of the alleged discrimination, unless the time for filing is extended by the responsible Foundation official.

(c) Investigations. The responsible Foundation official will make a prompt investigation whenever a compliance review, report, complaint, or any other information indicates a possible failure to comply with this part. The investigation should include, where appropriate, a review of the pertinent practices and policies of the recipient, the circumstances under which the possible noncompliance with this part occurred, and other factors relevant to a determination as to whether the recipient has failed to comply with this part.

(d) Resolution of matters. (1) If an investigation pursuant to paragraph (c) of this section indicates a failure to comply with this regulation, the responsible Foundation official will so inform the recipient and the matter will be resolved by informal means whenever possible. If it has been determined that the matter cannot be resolved by informal means, action will be taken as provided for in § 611.8.

(2) If an investigation does not warrant action pursuant to paragraph (d)(1) of this section the responsible
Foundation official will so inform the recipient and the complainant, if any, in writing.

(e) Intimidatory or retaliatory acts prohibited. No recipient or other person shall intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by section 601 of the Act or this part, or because he has made a complaint, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing under this part. The identity of complainants shall be kept confidential except to the extent necessary to carry out the purposes of this part, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder.

§ 611.8 Procedure for effecting compliance.

(a) General. If there appears to be a failure or threatened failure to comply with this part, and if the noncompliance or threatened noncompliance cannot be corrected by informal means, compliance with this part may be effected by the suspension or termination of or refusal to grant or to continue Federal financial assistance or by any other means authorized by law. Such other means may include, but are not limited to (1) a reference to the Department of Justice with a recommendation that appropriate proceedings be brought to enforce any rights of the United States under any law of the United States (including other titles of the Act), or any assurance or other contractual undertaking, and (2) any applicable proceeding under State or local law.

(b) Noncompliance with § 611.4. If an applicant fails or refuses to furnish an assurance required under § 611.4 or otherwise fails to comply with that section, Federal financial assistance may be refused in accordance with the procedures of paragraph (c) of this section. The Foundation shall not be required to provide assistance in such a case during the pendency of the administrative proceedings under such subsection, except that the Foundation shall continue assistance during the pendency of such proceedings where such assistance is due and payable pursuant to an application therefor approved prior to the effective date of this part.

(c) Termination of or refusal to grant or to continue Federal financial assistance. No order suspending, terminating, or refusing to grant or continue Federal financial assistance shall become effective until:

(1) The responsible Foundation official has advised the applicant or recipient of his failure to comply and has determined that compliance cannot be secured by voluntary means,

(2) There has been an express finding on the record, after opportunity for hearings, of a failure by the applicant or recipient to comply with a requirement imposed by or pursuant to this part,

(3) The action has been approved by the Director pursuant to § 611.10(e) and

(4) The expiration of thirty days after the Director has filed with the Committee of the House and the Committee of the Senate having legislative jurisdiction over the program involved, a full written report of the circumstances and the grounds for such action.

Any action to suspend or terminate or to refuse to grant or to continue Federal financial assistance shall be limited to the particular political entity, or part thereof, or other applicant or recipient as to whom such a finding has been made and shall be limited in its effect to the particular program, or part thereof, in which such noncompliance has been so found.

(d) Other means authorized by law. No action to effect compliance by any other means authorized by law shall be taken until (1) the responsible Foundation official has determined that compliance cannot be secured by voluntary means, (2) the recipient or other person has been notified of its failure to comply and of the action to be taken to effect compliance, and (3) the expiration of at least ten days from the mailing of such notice to the recipient or other person. During this period of at least ten days additional efforts shall be made to persuade the recipient or other person to comply with this part and to
§611.9 Hearings.

(a) Opportunity for hearing. Whenever an opportunity for a hearing is required by §611.8(b), reasonable notice shall be given by registered or certified mail, return receipt requested, to the affected applicant or recipient. This notice shall advise the applicant or recipient of the action proposed to be taken, the specific provision under which the proposed action against it is to be taken, and the matters of fact or law asserted as the basis for this action, and either (1) fix a date not less than twenty days after the date of such notice within which the applicant or recipient may request of the responsible Foundation official that the matter be scheduled for hearing or (2) advise the applicant or recipient that the matter in question has been set down for hearing at a stated place and time. The time and place so fixed shall be reasonable and shall be subject to change for cause. The complainant, if any, shall be advised of the time and place of the hearing. An applicant or recipient may waive a hearing and submit written information and argument for the record. The failure of an applicant or recipient to request a hearing under this paragraph or to appear at a hearing for which a date has been set shall be deemed to be a waiver of the right to a hearing under section 602 of the Act and §611.8(c) and consent to the making of a decision on the basis of such information as is available.

(b) Time and place of hearing. Hearings shall be held at the offices of the Foundation in Arlington, VA, at a time fixed by the responsible Foundation official unless he determines that the convenience of the applicant or recipient or of the Foundation requires that another place be selected. Hearings shall be held before the responsible Foundation official or, at the discretion of the Director, a hearing examiner designated in accordance with 5 U.S.C. 3105 and 3344.

(c) Right to counsel. In all proceedings under this section, the applicant or recipient and the Foundation shall have the right to be represented by counsel.

(d) Procedures, evidence, and record. (1) The hearing, decision, and any administrative review thereof shall be conducted in conformity with 5 U.S.C. 554 through 557, and in accordance with such rules of procedure as are proper (and not inconsistent with this section) relating to the conduct of the hearing, giving of notices subsequent to those provided for in paragraph (a) of this section, taking of testimony, exhibits, arguments and briefs, requests for findings, and other related matters. Both the Foundation and the applicant or recipient shall be entitled to introduce all relevant evidence on the issues as stated in the notice for hearing or as determined by the officer conducting the hearing at the outset of or during the hearing.

(2) Technical rules of evidence shall not apply to hearings conducted pursuant to this part, but rules or principles designed to assure production of the most credible evidence available and to subject testimony to test by cross-examination shall be applied where reasonably necessary by the officer conducting the hearing. The hearing officer may exclude irrelevant, immaterial, or unduly repetitious evidence. All documents and other evidence offered or taken for the record shall be open to examination by the parties and opportunity shall be given to refute facts and arguments advanced on either side of the issues. A transcript shall be made of the oral evidence except to the extent the substance thereof is stipulated for the record. All decisions shall be based upon the hearing record and written findings shall be made.

(e) Consolidated or joint hearings. In cases in which the same or related facts are asserted to constitute noncompliance with this part with respect to two or more programs to which this part applies or noncompliance with this part and the regulations of one or more other Federal departments or agencies issued under title VI of the Act, the Director may, by agreement with such other departments or agencies, where applicable, provide for the conduct of consolidated or joint hearings, and for the application to such
§ 611.10 Decisions and notices.

(a) Decision by a person or persons other than the responsible Foundation official. If the hearing is held by a hearing examiner, such hearing examiner shall either make an initial decision, if so authorized, or certify the entire record including recommended findings and proposed decision to the responsible Foundation official for a final decision, and a copy of such initial decision or certification shall be mailed to the applicant or recipient. Where the initial decision is made by the hearing examiner, the applicant or recipient may within 30 days of the mailing of such notice of initial decision file with the responsible Foundation official his exceptions to the initial decision, with his reasons therefor. In the absence of exceptions, the responsible Foundation official may on his own motion within 45 days after the initial decision serve on the applicant or recipient a notice that he will review the decision. Upon the filing of such exceptions or of such notice of review the responsible Foundation official shall review the initial decision and issue his own decision thereon including the reasons therefor. In the absence of either exceptions or a notice of review the initial decision shall constitute the final decision of the responsible Foundation official.

(b) Decisions on record or review by the responsible Foundation official. Whenever, after hearing, a record is certified to the responsible Foundation official for decision or he reviews the decision of a hearing examiner pursuant to paragraph (a) of this section, or whenever the responsible Foundation official conducts the hearing, the applicant or recipient shall be given reasonable opportunity to file with him briefs or other written statements of its contentions, and a copy of the final decision of the responsible Foundation official shall be given in writing to the applicant or recipient, and to the complainant, if any.

(c) Decisions on record where a hearing is waived. Whenever a hearing is waived pursuant to §611.9(a), a decision shall be made by the responsible Foundation official on the record and a copy of such decision shall be given in writing to the applicant or recipient, and to the complainant, if any.

(d) Rulings required. Each decision of a hearing officer, panel, or responsible Foundation official shall set forth the ruling on each finding, conclusion, or exception presented, and shall identify the requirement or requirements imposed by or pursuant to this part with which it is found that the applicant or recipient has failed to comply.

(e) Approval by Director. Any final decision of a responsible Foundation official (other than the Director) which provides for the suspension or termination of, or the refusal to grant or continue Federal financial assistance, or the imposition of any other sanction available under this part or the Act, shall promptly be transmitted to the Director who may approve such decision, may vacate it, or remit or mitigate any sanction imposed.

(f) Content of orders. The final decision may provide for suspension or termination of, or refusal to grant or continue Federal financial assistance, in whole or in part, under the program involved, and may contain such terms, conditions, and other provisions as are consistent with and will effectuate the purposes of the Act and this part, including provisions designed to assure that no Federal financial assistance will thereafter be extended under such program to the applicant or recipient determined by such decision to be in default in its performance of an assurance given by it pursuant to this part, or to have otherwise failed to comply with this part, unless and until it corrects its noncompliance and satisfies the responsible Foundation official that it will fully comply with this part.

(g) Posttermination proceedings. (1) An applicant or recipient adversely affected by an order issued under paragraph (f) of this section shall be restored to full eligibility to receive Federal financial assistance if it satisfies the terms and conditions of that order.
§611.11 Judicial review.

Action taken pursuant to section 602 of the Act is subject to judicial review as provided in section 603 of the Act.

§611.12 Effect on other regulations; forms and instructions.

(a) Effect on other regulations. All regulations, orders, or like directions hereinafter issued by any officer of the Foundation which impose requirements designed to prohibit any discrimination against individuals on the ground of race, color, or national origin under any program to which this part applies, and which authorize the suspension or termination of or refusal to grant or to continue Federal financial assistance to any applicant for or recipient of such assistance under such program for failure to comply with such requirements, are hereby superseded to the extent that such discrimination is prohibited by this part, except that nothing in this part shall be deemed to relieve any person of any obligation assumed or imposed under any such superseded regulation, order, instruction, or like direction prior to the effective date of this part. Nothing in this part, however, supersedes any of the following (including future amendments thereof): (1) Executive Order 11246 and regulation issued thereunder, or (2) any other orders, regulations, or instructions, insofar as such orders, regulations, or instructions prohibit discrimination on the ground of race, color, or national origin in any program or situation to which this part is inapplicable, or prohibit discrimination on any other ground.

(b) Forms and instructions. Each responsible Foundation official shall issue and promptly make available to interested persons forms and detailed instructions and procedures for effectuating this part as applied to programs to which this part applies and for which he is responsible.

(c) Supervision and coordination. The Director may from time to time assign to officials of other departments or agencies of the Government, with the consent of such departments or agencies, responsibilities in connection with the effectuation of the purposes of title VI of the Act and this part (other than responsibility for final decision as provided in §611.10), including the achievement of effective coordination and maximum uniformity within the Foundation and within the Executive Branch of the Government in the application of title VI and this regulation to similar programs and in similar situations. Any action taken, determination made, or requirement imposed by an official of another Department or agency acting pursuant to an assignment of responsibility under this subsection shall have the same effect as though such action had been taken by the responsible official of this agency.

(e) The term Federal financial assistance includes (1) grants and loans of Federal funds, (2) the grant or the donation of Federal property and interests in property, (3) the detail of Federal personnel, (4) the sale and lease of, and the permission to use (on other than a casual or transient basis), Federal property or any interest in such property without consideration or at a nominal consideration, or at a consideration which is reduced for the purpose of assisting the recipient, or in recognition of the public interest to be served by such sale or lease to the recipient, and (5) any Federal agreement, arrangement, or other contract which has as one of its purposes the provision of assistance.

(f) The term program includes any program, project, or activity involving the provision of services, financial aid, or other benefits to individuals (including education or training, health, housing, or other services, whether provided through employees of the recipient of Federal financial assistance or provided by others through contracts or other arrangements with the recipient, and including work opportunities and cash or loan or other assistance to individuals), or for the provision of facilities for furnishing services, financial aid or other benefits to individuals. The services, financial aid, or other benefits provided under a program receiving Federal financial assistance shall be deemed to include any services, financial aid, or other benefits provided with the aid of Federal financial assistance or with the aid of any non-Federal funds, property, or other resources required to be expended or made available for the program to meet matching requirements or other conditions which must be met in order to receive the Federal financial assistance, and to include any services, financial aid, or other benefits provided in or through a facility provided with the aid of Federal financial assistance or such non-Federal resources.

(g) The term facility includes all or any portion of structures, equipment, or other real or personal property or interests therein, and the provision of facilities includes the construction, expansion, renovation, remodeling, alteration or acquisition of facilities.

(h) The term recipient means any State, political subdivision of any State, or instrumentality of any State or political subdivision, any public or private agency, institution, or organization, or other entity or any individual, in any State, to whom Federal financial assistance is extended, directly or through another recipient, for any program, including any successor, assign, or transferee thereof, but such term does not include any ultimate beneficiary under any such program.

(i) The term primary recipient means any recipient which is authorized or required to extend Federal financial assistance to another recipient for the purpose of carrying out a program.

(j) The term applicant means one who submits an application, request, or plan required to be approved by a responsible Foundation official, or by a primary recipient, as a condition to eligibility for Federal financial assistance, and the term application means such an application, request, or plan.

APPENDIX A TO PART 611

Statutory Provisions under which the National Science Foundation provides Federal financial assistance:

[38 FR 17986, July 5, 1973, as amended at 59 FR 37437, July 22, 1994]
PART 612—AVAILABILITY OF RECORDS AND INFORMATION

§ 612.1 Scope.
This part establishes procedures by which the National Science Foundation (NSF) will implement the Freedom of Information Act, 5 U.S.C. 552(a), relating to public availability of NSF records.

[56 FR 47415, Sept. 19, 1991]

§ 612.2 Information policy.
(a) Subject to the policies set forth below, NSF will make the fullest possible disclosure of information to any person who requests information, without unnecessary expenses or delay. The Inspector General (concerning records maintained by the Office of Inspector General) or the Deputy Director (concerning all other NSF records) may, except where prohibited by law, order disclosure in the public interest of records exempt from mandatory disclosure under §612.8 of this part.

(b) A collection of NSF policy documents, staff instructions, and of agency opinions and orders in the adjudication of cases, with respective indices, shall be physically located in the National Science Foundation library at 4201 Wilson Boulevard, Arlington, VA, where they will be available for inspection by the public during regular working hours on Monday through Friday. Copies of such documents shall be furnished in accordance with these regulations.

§ 612.3 Procedures applicable to the public—requests and appeals.
(a) Publications excluded. For the purpose of public requests for records the term record does not include publications which are available to the public in the Federal Register, or by sale or free distribution. Such publications may be obtained from the Government Printing Office, the National Technical Information Service, the NSF Forms and Publications Unit or NSF grantees or contractors. Requests for such publications will be referred to or the requester informed of the appropriate source. The booklet, Publications of the National Science Foundation, which is available without charge from Forms and Publications, National Science Foundation, 4201 Wilson Boulevard, Arlington, VA 22230, identifies Annual Reports, Descriptive Brochures, Program Announcements, Science Resources Studies, Special Studies, and Periodicals descriptive of Foundation activities, policies, and procedures, sets forth the cost of each, and tells how copies may be obtained.

(b) Form of request. A request need not be in any particular format, but it:
(1) Must be in writing and include the requester’s mailing address, (2) must be clearly identified both on the envelope and in the letter as a Freedom of Information Act or FOIA request, (3) must
describe the records sought with sufficient specificity to permit identification, and (4) must state that the requester promptly will pay the fees chargeable under this regulation. Provided, however, that when the requester places an inadequate limit on the amount he will pay or the requester has failed to make payments for previous requests, the NSF may require advance payment in accordance with §612.12(d) of this part except in cases when fees have been waived or reduced in accordance with §612.13 of this part.

(c) Place of request. Any request for records under FOIA shall be addressed to the National Science Foundation, Office of General Counsel, 4201 Wilson Boulevard, Arlington, VA 22230, except that requests for records maintained by the Office of the Inspector General may be addressed to either the Office of General Counsel, National Science Foundation, 4201 Wilson Boulevard, Arlington, VA 22230 or to the Office of the Inspector General, National Science Foundation, 4201 Wilson Boulevard, Arlington, VA 22230. A request which meets the requirements of paragraph (b) of this section and is properly addressed will be deemed received on the date of arrival in the Office of General Counsel or the Office of the Inspector General.

(d) Time for appeal. A person whose request has been denied or partially denied may initiate an appeal by filing a request for review within ten days of the receipt of the denial, Saturdays, Sundays, legal public holidays, and the date of receipt excluded.

(e) Form of appeal. The appeal shall include a copy of the written request and the denial together with any written argument the requester wishes to submit, and shall be signed by the requester.

(f) To whom appeal is made. An appeal shall be addressed to the General Counsel, National Science Foundation, 4201 Wilson Boulevard, Arlington, VA 22230.

(g) Decisions on appeal. Decisions on appeal shall be made by the General Counsel in writing within 20 days (excepting the date of receipt, Saturdays, Sundays, and legal public holidays) from receipt of the appeal. If the decision is in favor of the requester it shall order the record made available promptly to the requester. If adverse to the requester in whole or in part it shall briefly state the reasons and notify the requester that he may seek judicial review of the decision pursuant to paragraph (4) of section 552(a), title 5, United States Code.

§ 612.4 Copies of records.

If a requested record is to be disclosed, a copy will be furnished the requester as promptly as possible provided payment of fees has been arranged, or has been waived pursuant to §612.13 of this part. Records will not be released for copying.

[56 FR 47416, Sept. 19, 1991]

§ 612.5 Creation of records.

A record will not be created by compiling selected items from other documents at the request of a member of the public nor will a record be created by analysis, computation or other processing specifically for the requesting party. If such analysis or computation is available in the form of a record, copies shall be made available as provided in this regulation.

[40 FR 12793, Mar. 21, 1975]

§ 612.6 Confidential commercial information—notice.

(a) In general. Commercial information provided to the NSF by a submitter shall not be disclosed pursuant to a Freedom of Information Act request except in accordance with this section.

(b) Definitions. The following definitions are used in reference to this section:

Commercial information means information provided to the NSF by a submitter that arguably is protected from disclosure under section b(4) of the Freedom of Information Act, 5 U.S.C. 552(b)(4) and §612.8(a)(4) of this part.

Submitter means any person, organization, or entity who provides commercial information, directly or indirectly, to the NSF. The term includes, but is
not limited to, corporations, state governments and foreign governments.

(c) Designation of commercial information. Submitters of commercial information shall use good-faith efforts to designate, by appropriate markings, either at the time of submission or within a reasonable time thereafter, those portions of their submissions which they deem to be protected from disclosure under 5 U.S.C. 552(b)(4) and §612.8(a)(4) of this part. Such designations shall be deemed to have expired ten years after the date of the submission unless the submitter requests, and provides reasonable justification for, a designation period of greater duration.

(d) Notice to submitters. The NSF shall, to the extent permitted by law, provide a submitter with written notice of a Freedom of Information Act request or administrative appeal encompassing its commercial information wherever required under paragraph (e) of this section, except as provided for in paragraph (f) of this section. Such written notice, given in order to afford the submitter an opportunity to object to disclosure pursuant to paragraph (g) of this section, shall be given within a reasonable time after NSF’s receipt of the Freedom of Information Act request or administrative appeal, consistent with statutory requirements, and shall either describe the exact nature of the commercial information requested or provide copies of the records or portions thereof containing the information. The requester also shall be notified that notice and an opportunity to object are being provided to a submitter.

(e) When notice is required. Notice shall be given to a submitter whenever:

(1) The information has been designated in good faith by the submitter as information deemed protected from disclosure under 5 U.S.C. 552(b)(4) and §612.8(a)(4) of this part; or

(2) The NSF determines that the information should not be disclosed;

(3) Disclosure of the information is required by law (other than 5 U.S.C. 552); or

(4) The designation made by the submitter in accordance with paragraph (c) of this section appears obviously frivolous, except that, in such case, the NSF shall send to the submitter written notice of any final administrative decision to disclose commercial information at least ten days prior to a specified disclosure date.

(g) Opportunity to object to disclosure. Through the notice described in paragraph (d) of this section, the NSF shall afford a submitter a reasonable time, consistent with statutory requirements, within which to provide the NSF with a detailed written statement of any objection to disclosure. Such statement shall specify all grounds for withholding any of the information under any exemption of the Freedom of Information Act and, in the case of 5 U.S.C. 552(b)(4) and §612.8(a)(4) of this part, shall provide a detailed description of why the information is a trade secret or commercial or financial information that is privileged or confidential. This description shall explain why release of commercial or financial information would cause substantial harm to the competitive position of the submitter. Whenever possible, the submitter’s claim of confidentiality should be supported by a statement or certification by an officer or authorized representative of the submitter. Information provided by a submitter pursuant to this paragraph may itself be subject to disclosure under the FOIA. When the submitter fails to object within the specified time or the objection appears obviously frivolous, the NSF shall provide the submitter with written notice pursuant to paragraph (f)(4) of this section.

(h) Notice of intent to disclose. The NSF shall consider a submitter’s objections and specific grounds for non-disclosure prior to determining whether to disclose confidential information. Whenever the Foundation decides to disclose confidential information over the objection of a submitter, the NSF
shall forward to the submitter a written notice which shall include:

(a) A statement of the reasons for which the submitter’s disclosure objections were not sustained;

(b) A description of the confidential information to be disclosed; and

(c) A specified disclosure date.

Such notice of intent to disclose shall be forwarded to the submitter at least ten days prior to the specified disclosure date and the requester shall be notified likewise.

(i) Notice of FOIA lawsuit. Whenever a requester brings suit seeking to compel disclosure of confidential information, the NSF shall promptly notify the submitter.

[56 FR 47416, Sept. 19, 1991]

§ 612.7 Agency actions on receipt of a properly presented request for record.

(a) Monitoring of requests. The NSF Office of General Counsel, or such other office as may be designated by the Director, will serve as the central office for internal administration of these regulations. For records maintained by the Office of Inspector General, that Office will control incoming requests made directly to it, dispatch response letters, and maintain administrative records. For all other records maintained by NSF, the Office of General Counsel, or such other office as may be designated by the Director, will control incoming requests, assign them to appropriate action offices, monitor compliance, consult with action offices on disclosure, approve unavoidable extensions, dispatch denial and other letters, and maintain administrative records.

(b) Time for response. The Foundation will seek to take appropriate agency action on a request within 10 days of its receipt (excepting the date of receipt, Saturdays, Sundays, and legal public holidays). If the record may exist only in a retired file which has been placed in storage or there is otherwise a need to search for and collect the requested records from field facilities or other establishments that are separate from the Foundation, NSF shall immediately notify the requester by letter that the record has been ordered from storage (or is otherwise being sought) and that the time limit for acting on the request is extended by the length of time required to obtain the record. The letter will also give the date on which a determination is expected to be dispatched. If the request seeks a voluminous amount of separate and distinct records requiring an unusual length of time for search, collection, and appropriate examination, and determination on the request cannot be made within 10 working days after agency receipt, NSF shall within such ten-day period furnish to the requester written notice extending the period for not more than ten working days. This notice shall set forth the reasons for such extension and the date on which a determination is expected to be dispatched. If the record has not been obtained and examined and notice of the determination whether to comply with the request has not been given by the last day of the period as extended, the requester shall be notified on that last day that the request is denied because the record has not yet been found and examined. Such denial shall state that NSF will reconsider the denial as soon as the search and examination is complete, which shall be within a specifically stated number of days, but that the requester may, if he wishes, file an administrative appeal as provided in § 612.3 of this regulation. This same procedure for extending the period shall be followed if the nature of the record requires consultation with another agency having a substantial interest in the determination of the request or requires consultation among two or more components of NSF having substantial subject-matter interest therein.

(c) Records containing commercial information. When the requested record contains confidential commercial information such as a successful proposal that was submitted to NSF, the NSF will normally contact, in accordance with § 612.6 of this part, the organization that submitted the record in order to ask whether the submitter wished portions of the records withheld under any applicable exemptions. (The Foundation protects from disclosure pending proposals or unsuccessful proposals in any case.)
§ 612.8 Denial of request

No written request for records shall be denied except by the Office of General Counsel, the Office of Inspector General or such other office as may be designated by the Director. Notice of the denial of a request shall briefly set forth the reasons therefor which shall be based solely upon one or more of the exemptions specified in § 612.8 of this part. Each notice of denial shall set forth the names and titles or positions of each person responsible for the denial and shall inform the requester of the right to appeal as provided in § 612.3 of this part.

(e) Oral requests. Nothing in these regulations shall be deemed to preclude NSF from honoring oral requests for information where feasible, but if the requester is dissatisfied with the disposition of such a request, he shall be asked to put the request in writing.

§ 612.8 Records not available.

(a) Exemptions. The following types of records are not normally available for inspection and copying:

(1) Records specifically authorized and in fact properly classified pursuant to Executive Order to be kept secret in the interest of national defense or foreign policy.

(2) Records related solely to the internal personnel rules and practices of NSF. This exemption does not apply to rules relating to the work hours, leave, and working conditions of NSF personnel, or similar matters, to the extent that they can be disclosed without harm to the functions to which they pertain. Examples of exempt records of the type specified in the first sentence of this paragraph include, but are not limited to:

(i) Operating rules, guidelines, manuals on internal procedure, schedules and methods utilized by NSF auditors and examiners;

(ii) Negotiating positions and limitations involved in a negotiation prior to the execution of a contract or the completion of the action to which the negotiating positions or limitations were applicable. They may also be exempt pursuant to other provisions of this section.

(iii) Personnel policies, procedures and instructions, internal staffing plans, requirements, authorizations, controls, and supporting data relating to position management and manpower utilization and information involved in the determination of the qualifications of candidates for employment or advancement.

(3) Records specifically exempted from disclosure by statute such as 18 U.S.C. 1905 which prohibits disclosure of information which concerns or relates to the trade secrets, processes, operations, style of work, or apparatus or to the identity, confidential statistical data, amount or source of any income, profits, losses, or expenditures of any person, firm, partnership, corporation or association. This also includes records that disclose any invention in which the Federal Government owns or may own a right, title, or interest (including a nonexclusive license) as provided in 35 U.S.C. 205.

(4) Trade secrets and commercial or financial information obtained from a person and privileged or confidential. Matter subject to this exemption is that which is customarily held in confidence by the originator without regard to whether or not the originator is, or is not employed by, a nonprofit organization. It includes, but is not limited to:

(i) Information received in confidence, such as grant applications, fellowship applications and research proposals prior to award;

(ii) Statistical data or information if received in confidence from a contractor or potential contractor concerning contract performance, income, profits, losses, and expenditures.

(5) Inter-agency or intra-agency memoranda or letters which would not be available by law to a private party in litigation with NSF. To the extent not so available by law, examples include, but are not limited to:

(i) Reports, memoranda, correspondence, workpapers, minutes of meetings (other than those governed by the Federal Advisory Committee Act), and staff papers prepared for use within NSF or within the Executive Branch of the Government by personnel and consultants of NSF, or any Government agency.
National Science Foundation § 612.8

(ii) Advance information on proposed NSF plans to procure, lease, or otherwise acquire, or dispose of materials, real estate, facilities, services or functions, when such information would provide undue or unfair competitive advantage to any person;

(iii) Records prepared for use in proceedings before any Federal or State court or administrative body;

(iv) Evaluations of and comments on specific grant applications, research proposals, or potential contractors, whether made by NSF personnel or by external reviewers acting either individually or in committees;

(v) Preliminary, draft unapproved recommendations, evaluations, and opinions, such as evaluations of invention disclosures, of research projects, and of incomplete studies conducted or supported by NSF;

(vi) Proposed budget requests and supporting projections used or arising in the preparation and/or execution of a budget; proposed annual and multi-year policy, priorities, program and financial plan and supporting papers.

(6) Personnel and medical files and similar files, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy. Information in such files which is not otherwise exempt from disclosure pursuant to other provisions of this section will be released to the subject or to his designated legal representative, and it may be disclosed to others with his written consent. Examples of personnel files exempt from disclosure pursuant to this section include, but are not limited to, file containing reports, records and other materials pertaining to individual cases in which disciplinary or other administrative action has been or may be taken. Similar files include reports and evaluations which reflect upon the qualifications or competence of individuals. Opinions and orders resulting from those proceedings shall be disclosed without identifying details if used, cited, or relied upon as precedent.

(7) Records or information compiled for law enforcement purposes, but only to the extent that the production of such law enforcement records or information:

(i) Could reasonably be expected to interfere with enforcement proceedings,

(ii) Would deprive a person or a right to a fair trial or an impartial adjudication,

(iii) Could reasonably be expected to constitute an unwarranted invasion of personal privacy,

(iv) Could reasonably be expected to disclose the identity of a confidential source, including a State, local, or foreign agency or authority or any private institution which furnished information on a confidential basis,

(v) Would disclose techniques and procedures for law enforcement investigations or prosecutions, or would disclose guidelines for law enforcement investigations or prosecutions if such disclosure could reasonably be expected to risk circumvention of the law, or

(vi) Could reasonably be expected to endanger the life or physical safety of any individual.

(8) Matters contained in or related to examination, operating, or condition reports prepared by, or on behalf of, or for the use of any government agency responsible for the regulation or supervision of financial institutions.

(9) Geological and geophysical information and data (including maps) concerning wells.

(10) Records belonging to another government agency or dealing with subject matter as to which government agency, other than NSF, has exclusive or primary responsibility. Requests for such records shall be promptly forwarded to the appropriate government agency for disposition or for guidance with respect to disposition.

(b) Deletion of exempt portion and identifying details. Any reasonably segregable portion of a record shall be provided to any person requesting such record after deletion of the portions which are exempt. Whenever any final opinion, order, or other materials required to be made available relates to a private party or parties and the release of the name or names or other identifying details will constitute a clearly unwarranted invasion of personal privacy, the record shall be published or made available with such identifying details left blank, or shall be published
or made available with obviously fictitious substitutes and with a notification such as the following as a preamble:

Names of parties and certain other identifying details have been removed (and fictitious names substituted) in order to prevent a clearly unwarranted invasion of the personal privacy of the individuals involved.

§612.9 Fees to be charged—definitions.

For the purpose of these Guidelines:

(a) All the terms defined in the Freedom of Information Act apply.

(b) A statute specifically providing for setting the level of fees for particular types of records (5 U.S.C. 552(a)(4)(A)(vi)) means any statute that specifically requires a government agency, such as the Government Printing Office (GPO) or the National Technical Information Service (NTIS), to set the level of fees for particular types of records, in order to:

(1) Serve both the general public and private sector organizations by conveniently making available government information;

(2) Ensure that groups and individuals pay the cost of publications and other services which are for their special use so that these costs are not borne by the general taxpaying public;

(3) Operate an information dissemination activity on a self-sustaining basis to the maximum extent possible; or

(4) Return revenue to the Treasury for defraying, wholly or in part, appropriated funds used to pay the cost of disseminating government information. Statutes, such as the User Fee Statute, which only provide a general discussion of fees without explicitly requiring that an agency set and collect fees for particular documents do not supersede the Freedom of Information Act under section (a)(4)(A)(vi) of that statute.

(c) The term direct costs means those expenditures which an agency actually incurs in searching for and duplicating (and in the case of commercial requesters, reviewing) documents to respond to a FOIA request. Direct costs include, for example, the salary of the employee performing work (the basic rate of pay for the employee plus 16 percent of that rate to cover benefits) and the cost of operating duplicating machinery. Not included in direct costs are overhead expenses such as costs of space, and heating or lighting the facility in which the records are stored.

(d) The term search includes all time spent looking for material that is responsive to a request, including page-by-page or line-by-line identification of material within documents. NSF shall ensure that searching for material is done in the most efficient and least expensive manner so as to minimize costs for both the agency and the requester. For example, NSF shall not engage in line-by-line search when merely duplicating an entire document would prove the less expensive and quicker method of complying with a request. “Search” should be distinguished, moreover, from “review” of material in order to determine whether the material is exempt from disclosure (see paragraph (f) of this section). Searches may be done manually or by computer using existing programming.

(e) The term duplication refers to the process of making a copy of a document necessary to respond to a FOIA request. Such copies can take the form of paper copy, microform, audio-visual materials, or machine readable documentation (e.g., magnetic tape or disk), among others. The copy provided must be in a form that is reasonably usable by requesters.

(f) The term review refers to the process of examining documents located in response to a request that is for a commercial use (see paragraph (g) of this section) to determine whether any portion of any document located is permitted to be withheld. It also includes processing any documents for disclosure, e.g., doing all that is necessary to excise them and otherwise prepare them for release. Review does not include time spent resolving general legal or policy issues regarding the application of exemptions.

(g) The term ‘commercial use’ request refers to a request from or on behalf of one who seeks information for a use or purpose that furthers the commercial,
trade, or profit interests of the requester or the person on whose behalf the request is made. In determining whether a requester properly belongs in this category, NSF shall determine the use to which a requester will put the documents requested. Moreover, where NSF has reasonable cause to doubt the use to which a requester will put the records sought, or where that use is not clear from the request itself, NSF shall seek additional clarification before assigning the request to a specific category.

(h) The term educational institution refers to a preschool, a public or private elementary or secondary school, an institution of graduate higher education, an institution of professional education, and an institution of vocational education, which operates a program or programs of scholarly research.

(i) The term non-commercial scientific institution refers to an institution that is not operated on a "commercial" basis as that term is referenced in paragraph (g) of this section, and which is operated solely for the purpose of conducting scientific research the results of which are not intended to promote any particular product or industry.

(j) The term representative of the news media refers to any person actively gathering news for an entity that is organized and operated to publish or broadcast news to the public. The term news means information that is about current events or that would be of current interest to the public. Examples of news media entities include television or radio stations broadcasting to the public at large, and publishers of periodicals (but only in those instances when they can qualify as disseminators of "news") who make their products available for purchase or subscription by the general public. These examples are not intended to be all-inclusive. Moreover, as traditional methods of news delivery evolve (e.g., electronic dissemination of newspapers through telecommunications services), such alternative media would be included in this category. In the case of "freelance" journalists, they may be regarded as working for a news organization if they can demonstrate a solid basis for expecting publication through that organization, even though not actually employed by it. A publication contract would be the clearest proof, but NSF may also look to the past publication record of a requester in making this determination.

[52 FR 43074, Nov. 9, 1987]

§ 612.10 Fees to be charged—general.

NSF shall charge fees that recoup the full allowable direct costs they incur. Moreover, NSF shall use the most efficient and least costly methods to comply with requests for documents made under the FOIA. NSF will contract with private sector services to locate, reproduce and disseminate records in response to FOIA requests when that is the most efficient and least costly method. When doing so, however, NSF shall ensure that the ultimate cost to the requester is no greater than it would be if NSF itself had performed these tasks. In no case will NSF contract out responsibilities which the FOIA provides that it alone may discharge, such as determining the applicability of an exemption, or determining whether to waive or reduce fees. In addition, NSF shall ensure that when documents that would be responsive to a request are maintained for distribution by agencies operating statutory-based fee schedule programs (see definition in § 612.9(b), such as the NTIS, they inform requesters of the steps necessary to obtain records from those sources.

(a) Manual searches for records. Whenever feasible, NSF shall charge at the salary rate(s) (i.e., basic pay plus 16 percent) of the employee(s) making the search. However, where a homogeneous class of personnel is used exclusively (e.g., all administrative/clerical, or all professional/executive), NSF may establish an average rate for the range of grades typically involved. Thus, for each one-quarter hour after the first quarter hour, for search of a record by clerical personnel, the charge is $2.50. For a nonroutine, nonclerical search by professional personnel, for example, where the task of determining which records fall within a request and search requires professional or managerial time, the charge is $7.50 for each one
§ 612.10

quarter hour spent in excess of the first quarter hour.

(b) Computer searches for records. NSF shall charge at the actual direct cost of providing the service. This will include the cost of operating the central processing unit (CPU) for that portion of operating time that is directly attributable to searching for records responsive to a FOIA request and operator/programmer salary apportionable to the search. When NSF can establish a reasonable agency-wide average rate for CPU operating costs and operator/programmer salaries involved in FOIA searches, the Foundation will do so and charge accordingly.

(c) Review of records. Only requesters who are seeking documents for commercial use may be charged for time NSF spends reviewing records to determine whether they are exempt from mandatory disclosure. It should be noted that charges may be assessed only for the initial review; i.e., the review undertaken the first time NSF analyzes the applicability of a specific exemption to a particular record or portion of a record. NSF may not charge for review at the administrative appeal level of an exemption already applied. However, records or portions of records withheld in full under an exemption which is subsequently determined not to apply may be reviewed again to determine the applicability of other exemptions not previously considered. The costs for such a subsequent review would be properly assessable. Where a single class of reviewers is typically involved in the review process, NSF may establish a reasonable agency-wide average and charge accordingly.

(d) Duplication of records. NSF shall establish an average agency-wide, per-page charge for paper copy reproduction of documents. This charge shall represent the reasonable direct costs of making such copies, taking into account the salary of the operators as well as the cost of the reproduction machinery. For copies prepared by computer, such as tapes or printouts, NSF shall charge the actual cost, including operator time, of production of the tape or printout. For other methods of reproduction or duplication, NSF shall charge the actual direct costs of producing the document(s). For photocopies of documents, $0.25 per copy per page will be charged. In practice, if NSF estimates that duplication charges are likely to exceed $25, it shall notify the requester of the estimated amount of fees, unless the requester has indicated in advance his willingness to pay fees as high as those anticipated. Such a notice shall offer a requester the opportunity to confer with agency personnel with the object of reformulating the request to meet his or her needs at a lower cost.

(e) Other charges. It should be noted that complying with requests for special services such as those listed below is entirely at the discretion of NSF. Neither the FOIA nor its fee structure cover these kinds of services. NSF shall recover the full costs of providing services such as those enumerated below to the extent that it elects to provide them:

(1) Certifying that records are true copies;
(2) Sending records by special methods such as express mail.

(f) Restrictions on assessing fees. With the exception of requesters seeking documents for a commercial use, section (4)(A)(iv) of the Freedom of Information Act, as amended, requires NSF to provide the first 100 pages of duplication and the first two hours of search time without charge. Moreover, this section prohibits NSF from charging fees to any requester, including commercial use requesters, if the cost of collecting a fee would be equal to or greater than the fee itself. These provisions work together, so that except for commercial use requesters, NSF would not begin to assess fees until after they had provided the free search and reproduction. For example, for a request that involved two hours and ten minutes of search time and resulted in 305 pages of documents, NSF will determine the cost of only 10 minutes of search time and only five pages of reproduction. If this cost was equal to or less that the cost to the agency of billing the requester and processing the fee collected, no charges would result.

The elements to be considered in determining the “cost of collecting a fee” are the administrative costs to the
NSF of receiving and recording a requester's remittance, and processing the fee for deposit in the Treasury Department's special account (or the NSF's account if the agency is permitted to retain the fee). The per-transaction cost to the Treasury to handle such remittances is negligible and shall not be considered in the NSF's determination. For purposes of these restrictions on assessment of fees, the word "pages" refers to paper copies of a standard agency size which will normally be "8% x 11" or "11 by 14." Thus, requesters would not be entitled to 100 microfiche or 100 computer disks, for example. A microfiche containing the equivalent of 100 pages or 100 pages of computer printout, however, might meet the terms of the restriction. Similarly, the term "search time" in this context has as its basis manual search. To apply this term to searches made by computer, NSF shall determine the hourly cost of operating the central processing unit and the operator's hourly salary plus 16 percent. When the cost of the search (including the operator time and the cost of operating the computer to process a request) equals the equivalent dollar amount of two hours of the salary of the person performing the search, i.e., the operator, NSF shall begin assessing charges for computer search.

§ 612.11 Fees to be charged—categories of requesters.

There are four categories of FOIA requesters: Commercial use requesters; educational and non-commercial scientific institutions; representatives of the news media; and all other requesters. The Act prescribes specific levels of fees for each of these categories:

(a) Commercial use requesters. When a request for documents for commercial use is received, NSF shall assess charges which recover the full direct cost of searching for, reviewing for release, and duplicating the records sought. Requesters must reasonably describe the records sought. Commercial use requesters are not entitled to two hours of free search time nor 100 free pages of reproduction of documents. NSF may recover the cost of searching for and reviewing records even if there is ultimately no disclosure of records (see §612.12(b) of this part).

(b) Educational and non-commercial scientific institution requesters. NSF shall provide documents to requesters in this category for the cost of reproduction alone, excluding charges for the first 100 pages. To be eligible for inclusion in this category, requesters must show that the request is being made as authorized by and under the auspices of a qualifying institution and that the records are not sought for a commercial use, but are sought in furtherance of scholarly (if the request is from an educational institution) or scientific (if the request is from a non-commercial scientific institution) research. Requesters must reasonably describe the records sought.

(c) Requesters who are representatives of the news media. NSF shall provide documents to requesters in this category for the cost of reproduction alone, excluding charges for the first 100 pages. To be eligible for inclusion in this category, a requester must meet the criteria in §612.9(j) of this part, and his request must not be made for a commercial use. In reference to this class of requester, a request for records supporting the news dissemination function of the requester shall not be considered to be a request that is for commercial use. Requesters must reasonably describe the records sought.

(d) All other requesters. NSF shall charge requesters who do not fit into any of the categories above fees which recover the full reasonable direct cost of searching for and reproducing records that are responsive to the request, except that the first 100 pages of reproduction and the first two hours of search time shall be furnished without charge. Moreover, requests from record subjects for records about themselves filed in NSF's systems of records will continue to be treated under the fee provisions of the Privacy Act of 1974 which permit fees only for reproduction. Requesters must reasonably describe the records sought.

§612.12 Administrative actions to improve assessment and collection of fees.

NSF shall ensure that procedures for assessing and collecting fees are applied consistently and uniformly by all components. To do so, NSF amends its FOIA regulations to conform to the provisions of this Fee Schedule and Guidelines, especially including the following elements:

(a) Charging interest—notice and rate. NSF may begin assessing interest charges on an unpaid bill starting on the 31st day following the day on which the billing was sent. NSF shall ensure that their accounting procedures are adequate to properly credit a requester who has remitted the full amount within the time period. The fact that the fee has been received by the agency, even if not processed, will suffice to stay the accrual of interest. Interest will be at the rate prescribed in section 3717 of Title 31 U.S.C. and will accrue from the date of the billing.

(b) Charges for unsuccessful search. NSF may assess charges for time spent searching, even if NSF fails to locate the records or if records located are determined to be exempt from disclosure. In practice, if NSF estimates that search charges are likely to exceed $25, it shall notify the requester of the estimated amount of fees, unless the requester has indicated in advance his willingness to pay fees as high as those anticipated. Such a notice shall offer the requester the opportunity to confer with agency personnel with the object of reformulating the request to meet his or her needs at a lower cost.

(c) Aggregating requests. Except for requests that are for a commercial use, NSF shall not charge for the first two hours of search time or for the first 100 pages of reproduction. However, a requester may not file multiple requests at the same time, each seeking portions of a document or documents, solely in order to avoid payment of fees. When NSF reasonably believes that a requester or, on rare occasions, a group of requesters acting in concert, is attempting to break a request down into a series of requests for the purpose of evading the assessment of fees, NSF may aggregate any such requests and charge accordingly. One element to be considered in determining whether a belief would be reasonable is the time period in which the requests have occurred. For example, it would be reasonable to presume that multiple requests of this type made within a relatively short period had been made to avoid fees. For requests made over a longer period, however, such a presumption becomes harder to sustain and NSF should have a basis for determining that aggregation is warranted in such cases.

(d) Advance payments. NSF shall not require a requester to make an advance payment, i.e., payment before work is commenced or continued on a request, unless:

(1) The NSF estimates or determines that allowable charges that a requester may be required to pay are likely to exceed $250. Then, NSF should notify the requester of the likely cost and obtain satisfactory assurance of full payment where the requester has a history of prompt payment of FOIA fees, or require an advance payment of an amount up to the full estimated charges in the case of requesters with no history of payment; or

(2) A requester has previously failed to pay a fee charged in a timely fashion (i.e. within 30 days of the date of the billing), NSF may require the requester to pay the full amount owed plus any applicable interest as provided above or demonstrate that he has, in fact, paid the fee, and to make an advance payment of the full amount of the estimated fee before the NSF begins to process a new request or a pending request from that requester.

(e) When NSF acts under paragraph (d) (1) or (2) of this section, the administrative time limits prescribed in subsection (a)(6) of the FOIA (i.e. 10 working days from receipt of initial requests and 20 working days from receipt of appeals from initial denial, plus permissible extensions of these time limits) will begin only after NSF has received fee payments described above.

[52 FR 43076, Nov. 9, 1987]

§612.13 Waivers or reductions.

(a) Employees of the National Science Foundation are encouraged to waive fees whenever the statutory fee
waiver standard is met. However, employees are expected to respect the balance drawn in the statute, safeguarding federal funds by granting waivers or reductions only where it is determined that the following statutory standard is satisfied:

Documents shall be furnished without any charge or at a charge reduced below the fees established under clause (ii) if disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester.

(b) NSF will employ the following six factors in determining when FOIA fees should be waived or reduced:

1. The subject of the request: Whether the subject of the requested records concerns “the operations or activities of the government”;
2. The informative value of the information to be disclosed: whether the disclosure is “likely to contribute” to an understanding of government operations or activities;
3. The contribution to an understanding of the subject by the general public likely to result from disclosure: Whether disclosure of the requested information will contribute to “public understanding”;
4. The significance of the contribution to public understanding: Whether the disclosure is likely to contribute “significantly” to public understanding of government operations or activities;
5. The existence and magnitude of a commercial interest: Whether the requester has a commercial interest that would be furthered by the requested disclosure; and, if so,
6. The primary interest in disclosure: Whether the magnitude of the identified commercial interest of the requester is sufficiently large, in comparison with the public interest in disclosure, that disclosure is “primarily in the commercial interest of the requester.”

(c) NSF will use U.S. Department of Justice policy guidance in applying the foregoing factors.

§613.2 Procedures for notification of existence of records pertaining to individuals.

(a) The systems of records, as defined in the Privacy Act of 1974, maintained by the National Science Foundation are listed annually in the Federal Register as required by that Act. Any person who wishes to know whether a system of records contains a record pertaining to him may either appear in person at the NSF Division of Administrative Services at 4201 Wilson Boulevard, Arlington, VA, on work days between the hours of 8:30 a.m. and 5 p.m. or may write to the NSF Privacy Act Officer, Division of Contracts, Policy, and Oversight, National Science Foundation, 4201 Wilson Boulevard, Arlington, VA 22230, it is recommended that requests be made in writing, since in many cases it will take several days to ascertain whether a record exists.

(b) Requests for notification of the existence of a record should specifically identify the system of records involved and should state, if the requester is other than the individual to whom the record pertains, the relationship of the requester to that individual. (Note that requests will not be honored
§613.3

§613.3 Procedures for requests for access to or disclosure of records pertaining to an individual.

(a) Any person may request review of records pertaining to him by appearing at the NSF Division of Administrative Services at 4201 Wilson Boulevard, Arlington, VA on work days between the hours of 8:30 a.m. and 5 p.m. or by writing to the NSF Privacy Act Officer, Division of Contracts, Policy, and Oversight, National Science Foundation, 4201 Wilson Boulevard, Arlington, VA 22230. (See paragraphs (b) and (c) of this section, for identification requirements.) The request should specifically identify the systems of records involved, and the request should include any special information specified in the notice of the system under “Notification” and “Access and Contest.” The Foundation will strive either to make the record available within 15 working days of the request or to inform the requester of the need for additional identification or the tendering of fees (as specified in §613.4(e)) within 15 working days; except that if the request for access was not preceded by a notification request as provided in §613.2, then the 15-day period shall not begin until after such time as it has been determined that the record exists.

(b) In the case of persons making requests by appearing at the Foundation the amount of personal identification required will of necessity vary with the sensitivity of the record involved. Except as indicated below reasonable identification such as employment identification cards, drivers licenses, credit cards will normally be accepted as sufficient evidence of identity in the absence of any indications to the contrary. Records in the following systems of records, however, are considered to contain relatively sensitive and/or detailed personal information—

§ 613.4 Correction of records.

(a) Any individual is entitled to request amendments of records pertaining to him pursuant to 5 U.S.C. 552a(d)(2). Such a request shall be made in writing and addressed to the NSF Privacy Act Officer, Division of Contracts, Policy, and Oversight, National Science Foundation, 4201 Wilson Boulevard, Arlington, VA 22230.

(b) The request should specify the record and systems of records involved, and should specify the exact correction desired and state that the request is made pursuant to the Privacy Act. An edited copy of the record showing the desired correction is desirable. Within 10 working days of the receipt of a properly addressed request (or within 10 working days of the time the Privacy Act Officer becomes aware that a particular communication not addressed as prescribed above is a request for correction of a record under the Privacy Act), the Privacy Act Officer shall acknowledge receipt of the request.

(c) The Privacy Act Officer upon the receipt of such a request shall promptly confer with the Directorate or office within the NSF responsible for the record. If the Privacy Act Officer finds

(d) Charges for copies of records will be at the rate of $0.10 per photocopy of each page. Where records are not susceptible to photo-copying, e.g., punch cards, magnetic tapes or oversize materials, the amount charged will be actual cost as determined on a case-by-case basis. Only one copy of each record requested will be supplied. No charge will be made unless the charge as computed above would exceed $3.00 for each request or related series of requests. If a fee in excess of $25.00 would be required, the requester shall be notified and the fee must be tendered before the records will be copied.

(e) The procedures of paragraphs (a) through (d) of this section shall also apply to requests made pursuant to 5 U.S.C. 552a(c)(3) that accountings made under 5 U.S.C. 552a(c)(1) be made available.

§ 613.5 Disclosure of records to agencies or persons other than the individual to whom the record pertains.

Records subject to the Privacy Act that are requested by any person other than the individual to whom they pertain will not be made available except under the following circumstances:

(a) Records required to be made available by the Freedom of Information Act will be released in response to a request formulated in accordance with NSF regulations found at 45 CFR part 612.

(b) Records not required by the Freedom of Information Act to be released may be released, at the discretion of the Foundation, if the written consent of the individual to whom they pertain has been obtained or if such release would be authorized under 5 U.S.C. 552a(b)(1) or (3) through (11).

§ 613.6 Exemptions.

(a) Fellowships and other support. Pursuant to 5 U.S.C. 552a(k)(5), the Foundation hereby exempts from the application of 5 U.S.C. 552a(d) any materials which would disclose the identity of references of fellowship applicants or reviewers of applicants for Federal contracts (including grants and cooperative agreements) contained in any of the following systems of records: (1)
National Science Foundation

§ 614.2 Grounds for closing meetings.

(a) The National Science Board may by record vote close any portion of any meeting if it properly determines that an open meeting:

(1) Is likely to disclose matters that (i) are specifically authorized under criteria established by Executive Order to be kept secret in the interests of national defense or foreign policy and (ii) are in fact properly classified pursuant to the Executive Order;

(2) Is likely to relate solely to the internal personnel rules and practices of the National Science Foundation;

(3) Is likely to disclose matters specifically exempted from disclosure by statute (other than 5 U.S.C. 552): Provided, That the statute (i) requires in such a manner as to leave no discretion on the issue that the matters be withheld from the public, or (ii) establishes particular criteria for withholding or refers to particular types of matters to be withheld;

(4) Is likely to disclose trade secrets and commercial or financial information obtained from a person and privileged or confidential;

(5) Is likely to involve accusing any person of a crime, or formally censuring any person;

(6) Is likely to disclose personal information where the disclosure would constitute a clearly unwarranted invasion of personal privacy;

(7) Is likely to disclose investigatory law-enforcement records, or information which, if written, would be contained in such records, but only to the extent provided in 5 U.S.C. 552b(c)(7);

(8) Is likely to disclose information contained in or related to examination, operating, or condition reports prepared by, on behalf of, or for the use of an agency responsible for the regulation or supervision of financial institutions;
(9) Is likely to disclose information, the premature disclosure of which would:
   (i) In the case of information received from an agency which regulates currencies, securities, commodities, or financial institutions, be likely to (A) lead to significant financial speculation in currencies, securities, or commodities, or (B) significantly endanger the stability of any financial institution; or
   (ii) Be likely to significantly frustrate implementation of a proposed Foundation action, unless the Foundation has already disclosed to the public the content or nature of its proposed action or is required by law to make such disclosure on its own initiative before taking final action; or
   (10) Is likely to specifically concern the Foundation's participation in a civil action or proceeding, an action in a foreign court or international tribunal, or an arbitration.

(b) Anyone who believes his interests may be directly affected by a portion of a meeting may request that the Board close it to the public for any reason referred to in paragraph (a) (5), (6), or (7) of this section. The request should be addressed to the Executive Officer, National Science Board, National Science Foundation, 4201 Wilson Boulevard, Arlington, VA 22230. It will be circulated to Members of the Board if received at least three full days before the meeting, and on motion of any Member the Board will determine by record vote whether to close the affected portion of the meeting.

§ 614.3 Materials relating to closed portions of meetings.

If a portion or portions of any meeting of the National Science Board are closed to the public under § 614.2:
   (a) The General Counsel of the National Science Foundation shall publicly certify that, in his opinion, that portion or portions may properly be closed to the public. The certificate shall state the exemptions under 5 U.S.C. 552b(c) that make the closings proper.
   (b) The presiding officer of the meeting (usually the Chairman of the Board) shall furnish a statement setting forth the time and place of the meeting and the persons present.
   (c) The Board shall make a complete transcript or electronic recording adequate to record fully the proceedings of each portion of the meeting that is closed to the public.
   (d) The National Science Board Office shall maintain the General Counsel's certificate, the presiding officer's statement, and the transcript or recording of the meeting for at least two years after the meeting and at least one year after the Board completes consideration of any proposal, report, resolution, or similar matter discussed in any closed portion of the meeting.

§ 614.4 Opening of transcript or recording.

(a) Except as otherwise provided in this section, the transcript or electronic recording of every portion of every meeting closed to the public will promptly be made available on request to any member of the public in an easily accessible place.
   (b) Informal requests to inspect or copy the transcript or electronic recording of a closed session may be made to the staff of the National Science Board and will be handled informally and expeditiously. Written requests to inspect or copy such a transcript or recording that cite the Freedom of Information Act or the Sunshine Act will be treated as formal requests made under the Freedom of Information Act. They will be handled under the Foundation's Freedom of Information procedures described in 45 CFR part 612. The exemptions of these Sunshine Act regulations, 45 CFR 614.2, will govern, however, in determining what portions of the transcript or recording may be withheld.
   (c) A request to inspect or copy a transcript or electronic recording should specify the date of the meeting and the agenda item or items to which the request pertains. It should contain a promise to pay the costs of any duplication requested.
   (d) No search or transcription fees will be charged. Duplication fees may be charged as provided in 45 CFR 612.6.

§ 614.5 Public announcement.
(a) Except as provided in paragraphs (c) and (d) of this section, the National Science Board will make a public announcement of each Board meeting at least one week before the meeting takes place. The announcement will cover:

(1) The time, place, and subject matter of the meeting;
(2) What portions of the meeting, if any, are to be closed to the public; and
(3) The name and telephone number of the official designated to respond to requests for information on the meeting.

(b) Each such announcement will be promptly posted on public notice boards at the National Science Foundation and made available to journals of general scientific interest. Immediately following the issuance of such an announcement, it will be submitted for publication in the FEDERAL REGISTER.

(c) The announcement may be made less than a week before the meeting it announces or after the meeting only if

(1) the Board by record vote determines that agency business requires the meeting to be called on such short or after-the-fact notice and (2) an announcement is made at the earliest practicable time.

(d) All or any portion of the announcement of any meeting may be omitted if the Board by record vote determines that the announcement would disclose information which should be withheld under the same standards as apply for closing meetings under § 614.2.

§ 614.6 Meeting changes.
(a) The time or place of a meeting of the National Science Board that has been publicly announced as provided in § 614.5 may subsequently be changed, but any such change will be publicly announced at the earliest practicable time.

(b) The subject matter of any portion of any meeting of the Board that has been publicly announced as provided in § 614.5 or the determination whether any portion of any meeting so publicly announced will be open or closed may subsequently be changed, but only when:

(1) The Board determines by record vote that agency business so requires and that no earlier announcement of the change was possible; and
(2) The Board publicly announces the change and the vote of each Member on the change at the earliest practicable time.

§ 614.7 Record vote.
(a) For purposes of this part a vote of the National Science Board is a "record vote" if:

(1) It carries by a majority of all those holding office as Board Members at the time of the vote;
(2) No proxies are counted toward the necessary majority; and
(3) The individual vote of each Member present and voting is recorded.

(b) Within one day of any such record vote or any attempted record vote that fails to achieve the necessary majority under paragraph (a)(1) of this section, the Board Office will make publicly available a written record showing the vote of each Member on the question.

(c) Within one day of any record vote under which any portion or portions of a Board meeting are to be closed to the public, the Board Office will make available a full written explanation of the Board's action and a list of all persons expected to attend the meeting, showing their affiliations.

§ 614.8 Application to Board Executive Committee.
All the provisions of this part applicable to the National Science Board shall apply equally to the Executive Committee of the Board whenever the Executive Committee is meeting pursuant to its authority to act on behalf of the Board.
§615.1 Purpose.

(a) This part sets forth policies and procedures to be followed when, in connection with a legal proceeding, an NSF employee is issued a demand to provide testimony or produce official records and information.

(b) The provisions of this part are intended to promote economy and efficiency in NSF’s programs and operations; minimize the possibility of involving NSF in controversial issues not related to its functions; maintain the impartiality of NSF among private litigants; and protect sensitive, confidential information and the deliberative process.

(c) This part is not intended to and does not waive the sovereign immunity of the United States.

(d) This part is intended only to provide guidance for the internal operations of NSF, and is not intended to, and does not, and may not be relied upon to create any right or benefit, substantive or procedural, enforceable at law by a party against the United States.

§615.2 Applicability.

This part applies to demands and requests for factual or expert testimony or for official records or information in legal proceedings, whether or not the United States is a party, except that it does not apply to:

(a) Demands upon or requests for an NSF employee to testify as to facts or events that are in no way related to his or her official duties or to the functions of NSF.

(b) Demands upon or requests for a former NSF employee to testify as to matters in which the former employee was not directly or materially involved while at NSF.

(c) Demands upon or requests for an NSF reviewer to testify as to matters not directly related to that individual’s employment by or service to NSF, and

(d) Congressional demands and requests for testimony or records.

§615.3 Definitions.

(a) Demand—A subpoena, order, or other demand of a court or other competent authority for the production of records or for the appearance and testimony of an NSF employee, issued in a legal proceeding between private litigants.

(b) Foundation or NSF means the National Science Foundation.

(c) General Counsel means the General Counsel of the Foundation, or any person to whom the General Counsel has delegated authority under this part.

(e) Official records and information means all documents and material which are records of the Foundation under the Freedom of Information Act, 5 U.S.C. 552; all other records contained in NSF’s files; and all other information or material acquired by an NSF employee in the performance of his or her official duties or because of his or her official status.

(f) NSF employee or employee means any present or former officer or employee of NSF; any other individual hired through contractual agreement by or on behalf of NSF, or who has performed or is performing services under such an agreement for NSF; and any individual who served or is serving on any advisory committee or in any advisory capacity, whether formal or informal.

§ 615.4 Legal proceedings before NSF or in which the United States is a party.

In any legal proceeding before NSF or to which the United States is a party, the General Counsel shall arrange for a current employee to testify as a witness for the United States whenever the attorney representing the United States requests it. The employee may testify for the United States both as to facts within the employee’s personal knowledge and as an expert or opinion witness. For any party other than the United States, the employee may testify only as to facts within his or her personal knowledge.

§ 615.5 Legal proceedings between private litigants: Testimony and production of documents.

(a) No employee may produce official records and information or provide any testimony in response to a demand or request unless authorized to do so by the General Counsel in accordance with this part.

(b) The General Counsel, in his or her discretion, may grant an employee permission to testify or produce official records and information in response to a demand or request. In making this decision, the General Counsel shall consider whether:

(1) The purposes of this part are met;

(2) Allowing such testimony or production of records would be necessary to prevent a miscarriage of justice;

(3) NSF has an interest in the decision that may be rendered in the legal proceeding; and

(4) Allowing such testimony or production of records would be in the best interest of NSF or the United States.

(c) If authorized to testify pursuant to this part, an employee may testify as to facts within his or her personal knowledge, but, unless specifically authorized to do so by the General Counsel, shall not:

(1) Disclose confidential or privileged information;

(2) Testify as to facts when the General Counsel determines such testimony would not be in the best interest of the Foundation or the United States; or

(3) Testify as an expert or opinion witness with regard to any matter arising out of the employee’s official duties or the functions of the Foundation.

§ 615.6 Legal proceedings between private litigants: Procedure when demand is made.

(a) Whenever an employee is served with a demand to testify in his or her official capacity, or to produce official records and information, the employee shall immediately notify the General Counsel.

(b) The General Counsel shall review the demand and, in accordance with the provisions of § 615.5, determine whether, or on what conditions, to authorize the employee to testify and/or produce official records and information.

(c) If a response to a demand is required before the General Counsel has made the determination referred to in § 615.6(b), the General Counsel shall provide the court or other competent authority with a copy of this part, inform the court or other competent authority that the demand is being reviewed, and seek a stay of the demand pending a final determination. If the court fails to stay the demand, the employee must appear at the stated time and place, produce a copy of this part, and respectfully decline to comply with the demand. “United States ex rel Touhy v. Ragen,” 340 US 462 (1951).

(d) If a court or other competent authority orders that a demand be complied with notwithstanding a final determination by the General Counsel to the contrary, or at any other stage in the process, the General Counsel may take steps to arrange for legal representation for the employee, and shall advise the employee on how to respond to the demand.

§ 615.7 Legal proceedings between private litigants: Office of Inspector General employees.

Notwithstanding the requirements set forth in §§ 615.1 through 615.6, when an employee of the Office of Inspector General is issued a demand to provide testimony or produce official records and information, the Inspector General
or his or her designee shall be responsible for performing the functions assigned to the General Counsel with respect to such demand pursuant to the provisions of this part.

PART 617—NONDISCRIMINATION ON THE BASIS OF AGE IN PROGRAMS OR ACTIVITIES RECEIVING FEDERAL FINANCIAL ASSISTANCE FROM NSF

§ 617.1 Purpose.
This part prescribes NSF’s policies and procedures under the Age Discrimination Act of 1975 and the Department of Health and Human Services government-wide age discrimination regulations at 45 CFR part 90. The Act and part 90 prohibit discrimination on the basis of age in programs or activities receiving Federal financial assistance. The Act and part 90 permit federally assisted programs and activities and recipients of Federal funds to continue to use age distinctions and factors other than age which meet the requirements of the Act and part 90.

§ 617.2 Definitions.
The following terms used in this part are defined in part 90:
Act
Action
Age
Age distinction
Age-related term
Agency
Federal financial assistance
Recipient (including subrecipients)
United States

§ 617.3 Standards.
Standards for determining whether an age distinction or age-related term is prohibited are set out in part 90 of this title 45. See also appendix I to this part.

§ 617.4 General duties of recipients.
Each recipient of Federal financial assistance from NSF shall comply with the Act, part 90, and this part. Each NSF award of Federal financial assistance shall contain the following provision:

COMPLIANCE WITH AGE DISCRIMINATION ACT

The recipient agrees to comply with the Age Discrimination Act of 1975 as implemented by the Department of Health and Human Services regulations at 45 CFR part 90 and the regulations of the Foundation at 45 CFR part 617. In the event the recipient passes on NSF financial assistance to sub-recipients, this provision shall apply to the subrecipients, and the instrument under which the Federal financial assistance is passed to the subrecipient shall contain a provision identical to this provision.

§ 617.5 Self-evaluation.
(a) Each recipient (including sub-recipients) employing the equivalent of fifteen or more full-time employees shall complete a written self-evaluation of its compliance under this part within 18 months of the effective date of these regulations, unless a similar evaluation has been completed for another agency.

(b) In its self-evaluation, each recipient shall identify all age distinctions it uses and justify each age distinction it imposes on the program or activity receiving Federal financial assistance from NSF.
(c) Each recipient shall take corrective action whenever a self-evaluation indicates a violation of the Act.

(d) Each recipient shall make the self-evaluation available on request to NSF and the public for three years after its completion.

§ 617.6 Information requirements.
Each recipient shall:
(a) Make available upon request to NSF information necessary to determine whether the recipient is complying with the Act.
(b) Permit reasonable access by NSF or its designee to the books, records, accounts, and other recipient facilities and sources of information to the extent necessary to determine whether a recipient is complying with the Act.

§ 617.7 Compliance reviews.
(a) NSF may conduct compliance reviews of recipients that will permit it to investigate and correct violations of the Act. NSF may conduct these reviews even in the absence of a complaint against a recipient. The review may be as comprehensive as necessary to determine whether a violation of the Act has occurred.
(b) If a compliance review indicates a violation of the Act, NSF will attempt to achieve voluntary compliance with the Act. If voluntary compliance cannot be achieved, NSF may arrange for enforcement as described in § 617.12.

§ 617.8 Pre-award reviews.
NSF reserves the right to conduct pre-award reviews of applicants for Federal financial assistance from NSF in cases where the NSF has substantial reason to believe that a potential recipient who is not then a recipient of other NSF financial assistance under the same program or activities may engage in practices under that program or activity that would violate the Act. However, the results of any such review shall not constitute a basis for NSF refusal to grant financial assistance to the applicant under that program or activity unless the procedural requirements of the Act (42 U.S.C. 6104) and § 617.12 and 617.13 of this part have been followed.

§ 617.9 Complaints.
(a) Any person, individually or as a member of a class or on behalf of others, may file a complaint with NSF, alleging discrimination prohibited by the Act. A complainant shall file a complaint within 180 days from the date the complainant first had knowledge of the alleged act of discrimination. However, for good cause shown, NSF may extend this time limit.
(b) NSF will accept as a sufficient complaint, any written statement which identifies the parties involved and the date the complainant first had knowledge of the alleged violation, describes generally the action or practice complained of, and is signed by the complainant. If an insufficient complaint is amended within 10 working days after notice by NSF to the complainant of the deficiency, NSF will consider the amended complaint as filed on the date the original insufficient complaint was filed for purposes of determining if it was timely filed. However, all other time requirements established by the Act and this part shall run from the date the amended complaint was filed.
(c) On receipt of any complaint NSF shall promptly send written acknowledgement to the complainant, and a copy of the complaint to the recipient. In addition, NSF shall send either copies of this part or other pertinent information describing the rights and obligations of the parties.
(d) NSF will return to the complainant any complaint outside the coverage of this part, and will state why it is outside the coverage of this part.

§ 617.10 Mediation.
(a) NSF will refer to the Federal Mediation and Conciliation Service all complaints that fall within the jurisdiction of this part and contain all information necessary for further processing.
(b) Both the complainant and the recipient shall participate in the mediation process to the extent necessary to reach an agreement or for a mediator to make an informed judgement that an agreement is not possible. NSF
§ 617.11 Investigation.

(a) Informal investigation. (1) NSF will investigate complaints that are unresolved after mediation or are reopened because of violation of a mediation agreement.

(2) As part of the initial investigation, NSF will use informal fact finding methods, including joint or separate discussions with the complainant and recipient, to establish the facts, and, if possible, will settle the complaint on terms that are acceptable to the parties. NSF may seek the assistance of any involved State program agency.

(3) NSF will put any agreement in writing and have it signed by the parties and an authorized official of NSF.

(4) A settlement shall not affect other enforcement efforts of NSF, including compliance reviews, or individual complaints that involve the recipient.

(5) A settlement is not a finding of discrimination against the recipient.

(b) Formal investigation. If NSF cannot resolve the complaint through informal investigation, it will begin to develop formal findings through further investigation of the complaint. If the investigation indicates a violation of the Act, NSF will try to obtain voluntary compliance. If NSF cannot obtain voluntary compliance, it will begin enforcement as described in § 617.12. If the investigation does not indicate a violation of the Act, NSF will issue a written determination in favor of the recipient.

§ 617.12 Compliance procedure.

(a) NSF may enforce this part by either termination of a recipient’s financial assistance from NSF under the program or activity involved where the recipient has violated the Act or this part or refusal to grant further financial assistance under the program or activity involved where the recipient has violated the Act or this part. The determination of the recipient’s violation may be made only after a recipient has had an opportunity for a hearing on the record before an administrative law judge. Therefore, cases settled in the mediation process or before a hearing will not involve termination of a recipient’s Federal financial assistance from NSF.

(b) NSF may also enforce this part by any other means authorized by law, including but not limited to:

(1) Referral to the Department of Justice for proceedings to enforce any rights of the United States or obligations by this part.

(2) Use of any requirement of or referral to any Federal, State, or local government agency that will have the effect of correcting a violation of the Act or this part.

(c) NSF will limit any termination or refusal to grant further financial assistance to the particular recipient and the particular program found to be in violation of the Act. NSF will not base any part of a termination or refusal on a finding with respect to any program or activity of the recipient which does
§ 617.15 Exhaustion of administrative remedies.

(a) A complainant may file a civil action after exhausting administrative remedies under the Act. Administrative remedies are exhausted if:

1. 180 days have elapsed since the complainant filed a sufficient complaint and NSF has made no finding with regard to the complaint; or

2. NSF issues any finding in favor of the recipient.

(b) If NSF fails to make a finding within 180 days or issues a finding in favor of the recipient, NSF will:

1. Promptly advise the complainant of this fact; and

2. Advise the complainant of his or her right to bring a civil action for injunctive relief under 42 U.S.C. 6104; and

3. Inform the complainant that under 42 U.S.C. 6104:

   i. The complainant may bring a civil action only in a United States District court for the district in which the recipient is located or transacts business;

   ii. A complainant prevailing in a civil action has the right to be awarded the costs of the action, including reasonable attorney's fees, but that the complainant must demand these costs in the complaint;

   iii. Before commencing the action the complainant shall give 30 days notice by registered mail to the Director, the Attorney General of the United States, and the recipient;

   iv. The notice must state the alleged violation of the Act; the relief requested; the court in which the complainant is bringing the action; and whether or not attorney's fees are demanded in the event the complainant prevails; and

   v. The complainant may not bring an action if the same alleged violation of the Act by the same recipient is the subject of a pending action in any court of the United States.

§ 617.16 Prohibition against intimidation or retaliation.

A recipient may not engage in acts of intimidation or retaliation against a person who:

(a) Attempts to assert a right protected by the Act, or

(b) Cooperates in any mediation, investigation, hearing or other part of
NSF's investigation, conciliation, and enforcement process.

**Subpart A—General**

§ 620.100 Purpose.

(a) Executive Order (E.O.) 12549 provides that, to the extent permitted by law, Executive departments and agencies shall participate in a governmentwide system for nonprocurement debarment and suspension. A person who is debarred or suspended shall be excluded
from Federal financial and non-financial assistance and benefits under Federal programs and activities. Debarment or suspension of a participant in a program by one agency shall have governmentwide effect.

(b) These regulations implement section 3 of E.O. 12294 and the guidelines promulgated by the Office of Management and Budget under section 6 of the E.O. by:

(1) Prescribing the programs and activities that are covered by the governmentwide system;

(2) Prescribing the governmentwide criteria and governmentwide minimum due process procedures that each agency shall use;

(3) Providing for the listing of debarred and suspended participants, participants declared ineligible (see definition of “ineligible” in §620.105), and participants who have voluntarily excluded themselves from participation in covered transactions;

(4) Setting forth the consequences of a debarment, suspension, determination of ineligibility, or voluntary exclusion; and

(5) Offering such other guidance as necessary for the effective implementation and administration of the governmentwide system.

(c) These regulations also implement Executive Order 12689 (3 CFR, 1989 Comp., p. 235) and 31 U.S.C. 6101 note (Public Law 103-355, sec. 2455, 108 Stat. 3327) by—

(1) Providing for the inclusion in the List of Parties Excluded from Federal Procurement and Nonprocurement Programs all persons proposed for debarment, debarred or suspended under the Federal Acquisition Regulation, 48 CFR Part 9, subpart 9.4; persons against which governmentwide exclusions have been entered under this part; and persons determined to be ineligible; and

(2) Setting forth the consequences of a debarment, suspension, determination of ineligibility, or voluntary exclusion.

(d) Although these regulations cover the listing of ineligible participants and the effect of such listing, they do not prescribe policies and procedures governing declarations of ineligibility.

§ 620.110 Coverage.

(a) These regulations apply to all persons who have participated, are currently participating or may reasonably be expected to participate in transactions under Federal nonprocurement programs. For purposes of these regulations such transactions will be referred to as "covered transactions."

(1) Covered transaction. For purposes of these regulations, a covered transaction is a primary covered transaction or a lower tier covered transaction. Covered transactions at any tier need not involve the transfer of Federal funds.

(i) Primary covered transaction. Except as noted in paragraph (a)(2) of this section, a primary covered transaction is any nonprocurement transaction between an agency and a person, regardless of type, including: grants, cooperative agreements, scholarships, fellowships, contracts of assistance, loans, loan guarantees, subsidies, insurance, payments for specified use, donation agreements and any other nonprocurement transactions between a Federal agency and a person. Primary covered transactions also include those transactions specially designated by the U.S. Department of Housing and Urban Development in such agency's regulations governing debarment and suspension.

(ii) Lower tier covered transaction. A lower tier covered transaction is:

(A) Any transaction between a participant and a person other than a procurement contract for goods or services, regardless of type, under a primary covered transaction.

(B) Any procurement contract for goods or services between a participant and a person, regardless of type, expected to equal or exceed the Federal procurement small purchase threshold fixed at 10 U.S.C. 2304(g) and 41 U.S.C. 253(g) (currently $25,000) under a primary covered transaction.

(2) Exceptions. The following transactions are not covered:

(i) Statutory entitlements or mandatory awards (but not subtier awards thereunder which are not themselves mandatory), including deposited funds insured by the Federal Government;

(iii) Benefits to an individual as a personal entitlement without regard to the individual's present responsibility (but benefits received in an individual's business capacity are not excepted);

(iv) Federal employment;

(v) Transactions pursuant to national or agency-recognized emergencies or disasters;

(vi) Incidental benefits derived from ordinary governmental operations; and

(vii) Other transactions where the application of these regulations would be prohibited by law.

(b) Relationship to other sections. This section describes the types of transactions to which a debarment or suspension under the regulations will
§ 620.115 Policy.

(a) In order to protect the public interest, it is the policy of the Federal Government to conduct business only with responsible persons. Debarment and suspension are discretionary actions that, taken in accordance with Executive Order 12549 and these regulations, are appropriate means to implement this policy.

(b) Debarment and suspension are serious actions which shall be used only in the public interest and for the Federal Government's protection and not for purposes of punishment. Agencies may impose debarment or suspension for the causes and in accordance with the procedures set forth in these regulations.

(c) When more than one agency has an interest in the proposed debarment or suspension of a person, consideration shall be given to designating one agency as the lead agency for making the decision. Agencies are encouraged to establish methods and procedures for coordinating their debarment or suspension actions.

Subpart B—Effect of Action

§ 620.200 Debarment or suspension.

(a) Primary covered transactions. Except to the extent prohibited by law, persons who are debarred or suspended shall be excluded from primary covered transactions as either participants or principals throughout the Executive Branch of the Federal Government for the period of their debarment, suspension, or the period they are proposed for debarment under 48 CFR part 9, subpart 9.4. Accordingly, no agency shall enter into primary covered transactions with such excluded persons during such period, except as permitted pursuant to § 620.215.

(b) Lower tier covered transactions. Except to the extent prohibited by law, persons who have been proposed for debarment under 48 CFR part 9, subpart 9.4, debarred or suspended shall be excluded from participating as either participants or principals in all lower tier covered transactions (see § 620.110(a)(1)(iii)) for the period of their exclusion.

(c) Exceptions. Debarment or suspension does not affect a person's eligibility for—

(1) Statutory entitlements or mandatory awards (but not subtier awards thereunder which are not themselves mandatory), including deposited funds insured by the Federal Government;

(2) Direct awards to foreign governments or public international organizations, or transactions with foreign governments or foreign governmental entities, public international organizations, foreign government owned (in whole or in part) or controlled entities, and entities consisting wholly or partially of foreign governments or foreign governmental entities;

(3) Benefits to an individual as a personal entitlement without regard to the individual's present responsibility (but benefits received in an individual's business capacity are not excepted);
(4) Federal employment;
(5) Transactions pursuant to national or agency-recognized emergencies or disasters;
(6) Incidental benefits derived from ordinary governmental operations; and
(7) Other transactions where the application of these regulations would be prohibited by law.

§ 620.205 Ineligible persons.
Persons who are ineligible, as defined in §620.105(i), are excluded in accordance with the applicable statutory, executive order, or regulatory authority.

§ 620.210 Voluntary exclusion.
Persons who accept voluntary exclusions under §620.315 are excluded in accordance with the terms of their settlements. NSF shall, and participants may, contact the original action agency to ascertain the extent of the exclusion.

§ 620.215 Exception provision.
NSF may grant an exception permitting a debarred, suspended, or voluntarily excluded person, or a person proposed for debarment under 48 CFR part 9, subpart 9.4, to participate in a particular covered transaction upon a written determination by the agency head or an authorized designee stating the reason(s) for deviating from the Presidential policy established by Executive Order 12549 and §620.200. However, in accordance with the President’s stated intention in the Executive Order, exceptions shall be granted only infrequently. Exceptions shall be reported in accordance with §620.505(a).

[60 FR 33041, 33062, June 26, 1995]

§ 620.220 Continuation of covered transactions.
(a) Notwithstanding the debarment, suspension, proposed debarment under 48 CFR part 9, subpart 9.4, determination of ineligibility, or voluntary exclusion of any person by an agency, agencies and participants may continue covered transactions in existence at the time the person was debarred, suspended, proposed for debarment under 48 CFR part 9, subpart 9.4, declared ineligible, or voluntarily excluded. A decision as to the type of termination action, if any, to be taken should be made only after thorough review to ensure the propriety of the proposed action.
(b) Agencies and participants shall not renew or extend covered transactions (other than no-cost time extensions) with any person who is debarred, suspended, proposed for debarment under 48 CFR part 9, subpart 9.4, ineligible or voluntarily excluded, except as provided in §620.215.

[60 FR 33041, 33062, June 26, 1995]

§ 620.225 Failure to adhere to restrictions.
(a) Except as permitted under §620.215 or §620.220, a participant shall not knowingly do business under a covered transaction with a person who is—
(1) Debarred or suspended;
(2) Proposed for debarment under 48 CFR part 9, subpart 9.4; or
(3) Ineligible for or voluntarily excluded from the covered transaction.
(b) Violation of the restriction under paragraph (a) of this section may result in disallowance of costs, annulment or termination of award, issuance of a stop work order, debarment or suspension, or other remedies as appropriate.
(c) A participant may rely upon the certification of a prospective participant in a lower tier covered transaction that it and its principals are not debarred, suspended, proposed for debarment under 48 CFR part 9, subpart 9.4, ineligible, or voluntarily excluded from the covered transaction (See Appendix B of these regulations), unless it knows that the certification is erroneous. An agency has the burden of proof that a participant did knowingly do business with a person that filed an erroneous certification.

Subpart C—Debarment

§ 620.300 General.
The debarring official may debar a person for any of the causes in §620.305, using procedures established in §§620.310 through 620.314. The existence of a cause for debarment, however, does not necessarily require that the person...
be debarred; the seriousness of the person's acts or omissions and any mitigating factors shall be considered in making any debarment decision.

§ 620.305 Causes for debarment.

Debarment may be imposed in accordance with the provisions of §§ 620.300 through 620.314 for:

(a) Conviction of or civil judgment for:

(1) Commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public or private agreement or transaction;

(2) Violation of Federal or State antitrust statutes, including those prescribing price fixing between competitors, allocation of customers between competitors, and bid rigging;

(3) Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, receiving stolen property, making false claims, or obstruction of justice; or

(4) Commission of any other offense indicating a lack of business integrity or business honesty that seriously and directly affects the present responsibility of a person.

(b) Violation of the terms of a public agreement or transaction so serious as to affect the integrity of an agency program, such as:

(1) A willful failure to perform in accordance with the terms of one or more public agreements or transactions;

(2) A history of failure to perform or of unsatisfactory performance of one or more public agreements or transactions; or

(3) A willful violation of a statutory or regulatory provision or requirement applicable to a public agreement or transaction.

(c) Any of the following causes:

(1) A nonprocurement debarment by any Federal agency taken before October 1, 1988, the effective date of these regulations, or a procurement debarment by any Federal agency taken pursuant to 48 CFR subpart 9.4;

(2) Knowingly doing business with a debarred, suspended, ineligible, or voluntarily excluded person, in connection with a covered transaction, except as permitted in § 620.215 or § 620.220;

(3) Failure to pay a single substantial debt, or a number of outstanding debts (including disallowed costs and overpayments, but not including sums owed the Federal Government under the Internal Revenue Code) owed to any Federal agency or instrumentality, provided the debt is uncontested by the debtor or, if contested, provided that the debtor's legal and administrative remedies have been exhausted;

(4) Violation of a material provision of a voluntary exclusion agreement entered into under § 620.315 or of any settlement of a debarment or suspension action; or

(5) Violation of any requirement of subpart F of this part, relating to providing a drug-free workplace, as set forth in 620.615 of this part.

(d) Any other cause of so serious or compelling a nature that it affects the present responsibility of a person.

§ 620.310 Procedures.

NSF shall process debarment actions as informally as practicable, consistent with the principles of fundamental fairness, using the procedures in §§ 620.311 through 620.314.

§ 620.311 Investigation and referral.

Information concerning the existence of a cause for debarment from any source shall be promptly reported, investigated, and referred, when appropriate, to the debarring official for consideration. After consideration, the debarring official may issue a notice of proposed debarment.

§ 620.312 Notice of proposed debarment.

A debarment proceeding shall be initiated by notice to the respondent advising:

(a) That debarment is being considered;

(b) Of the reasons for the proposed debarment in terms sufficient to put the respondent on notice of the conduct or transaction(s) upon which it is based;

(c) Of the cause(s) relied upon under § 620.305 for proposing debarment;

(d) Of the provisions of § 620.311 through § 620.314, and any other NSF
§ 620.315 Settlement and voluntary exclusion.

(a) When in the best interest of the Government, NSF may, at any time, settle a debarment or suspension action.

(b) If a participant and the agency agree to a voluntary exclusion of the participant, such voluntary exclusion shall be entered on the Nonprocurement List (see subpart E).
620.320 Period of debarment.

(a) Debarment shall be for a period commensurate with the seriousness of the cause(s). If a suspension precedes a debarment, the suspension period shall be considered in determining the debarment period.

(1) Debarment for causes other than those related to a violation of the requirements of subpart F of this part generally should not exceed three years. Where circumstances warrant, a longer period of debarment may be imposed.

(2) In the case of a debarment for a violation of the requirements of subpart F of this part (see 620.305(c)(5)), the period of debarment shall not exceed five years.

(b) The debarring official may extend an existing debarment for an additional period, if that official determines that an extension is necessary to protect the public interest. However, a debarment may not be extended solely on the basis of the facts and circumstances upon which the initial debarment action was based. If debarment for an additional period is determined to be necessary, the procedures of §§620.311 through 620.314 shall be followed to extend the debarment.

(c) The respondent may request the debarring official to reverse the debarment decision or to reduce the period or scope of debarment. Such a request shall be in writing and supported by documentation. The debarring official may grant such a request for reasons including, but not limited to:

(1) Newly discovered material evidence;

(2) Reversal of the conviction or civil judgment upon which the debarment was based;

(3) Bona fide change in ownership or management;

(4) Elimination of other causes for which the debarment was imposed; or

(5) Other reasons the debarring official deems appropriate.

§ 620.325 Scope of debarment.

(a) Scope in general. (1) Debarment of a person under these regulations constitutes debarment of all its divisions and other organizational elements from all covered transactions, unless the debarment decision is limited by its terms to one or more specifically identified individuals, divisions or other organizational elements or to specific types of transactions.

(2) The debarment action may include any affiliate of the participant that is specifically named and given notice of the proposed debarment and an opportunity to respond (see §§620.311 through 620.314).

(b) Imputing conduct. For purposes of determining the scope of debarment, conduct may be imputed as follows:

(1) Conduct imputed to participant. The fraudulent, criminal or other seriously improper conduct of any officer, director, shareholder, partner, employee, or other individual associated with a participant may be imputed to the participant when the conduct occurred in connection with the individual’s performance of duties for or on behalf of the participant, or with the participant’s knowledge, approval, or acquiescence. The participant’s acceptance of the benefits derived from the conduct shall be evidence of such knowledge, approval, or acquiescence.

(2) Conduct imputed to individuals associated with participant. The fraudulent, criminal, or other seriously improper conduct of a participant may be imputed to any officer, director, shareholder, partner, employee, or other individual associated with the participant who participated in, knew of, or had reason to know of the participant’s conduct.

(3) Conduct of one participant imputed to other participants in a joint venture. The fraudulent, criminal, or other seriously improper conduct of one participant in a joint venture, grant pursuant to a joint application, or similar arrangement may be imputed to other participants if the conduct occurred for or on behalf of the joint venture, grant pursuant to a joint application, or similar arrangement may be imputed to other participants if the conduct occurred for or on behalf of the joint venture.
of the benefits derived from the conduct shall be evidence of such knowledge, approval, or acquiescence.

Subpart D—Suspension

§ 620.400 General.
(a) The suspending official may suspend a person for any of the causes in §§ 620.405 using procedures established in §§ 620.410 through 620.413.
(b) Suspension is a serious action to be imposed only when:
(1) There exists adequate evidence of one or more of the causes set out in § 620.405, and
(2) Immediate action is necessary to protect the public interest.
(c) In assessing the adequacy of the evidence, the agency should consider how much information is available, how credible it is given the circumstances, whether or not important allegations are corroborated, and what inferences can reasonably be drawn as a result. This assessment should include an examination of basic documents such as grants, cooperative agreements, loan authorizations, and contracts.

§ 620.405 Causes for suspension.
(a) Suspension may be imposed in accordance with the provisions of §§ 620.400 through 620.413 upon adequate evidence:
(1) To suspect the commission of an offense listed in § 620.305(a); or
(2) That a cause for debarment under § 620.305 may exist.
(b) Indictment shall constitute adequate evidence for purposes of suspension actions.

§ 620.410 Procedures.
(a) Investigation and referral. Information concerning the existence of a cause for suspension from any source shall be promptly reported, investigated, and referred, when appropriate, to the suspending official for consideration. After consideration, the suspending official may issue a notice of suspension.
(b) Decisionmaking process. NSF shall process suspension actions as informally as practicable, consistent with principles of fundamental fairness, using the procedures in §§ 620.411 through 620.413.

§ 620.411 Notice of suspension.
When a respondent is suspended, notice shall immediately be given:
(a) That suspension has been imposed;
(b) That the suspension is based on an indictment, conviction, or other adequate evidence that the respondent has committed irregularities seriously reflecting on the propriety of further Federal Government dealings with the respondent;
(c) Describing any such irregularities in terms sufficient to put the respondent on notice without disclosing the Federal Government’s evidence;
(d) Of the cause(s) relied upon under § 620.405 for imposing suspension;
(e) That the suspension is for a temporary period pending the completion of an investigation or ensuing legal, debarment, or Program Fraud Civil Remedies Act proceedings;
(f) Of the provisions of §§ 620.411 through 620.413 and any other NSF procedures, if applicable, governing suspension decision making; and
(g) Of the effect of the suspension.

§ 620.412 Opportunity to contest suspension.
(a) Submission in opposition. Within 30 days after receipt of the notice of suspension, the respondent may submit, in person, in writing, or through a representative, information and argument in opposition to the suspension.
(b) Additional proceedings as to disputed material facts. (1) If the suspending official finds that the respondent’s submission in opposition raises a genuine dispute over facts material to the suspension, respondent(s) shall be afforded an opportunity to appear with a representative, submit documentary evidence, present witnesses, and confront any witness the agency presents, unless:
(i) The action is based on an indictment, conviction or civil judgment, or
(ii) A determination is made, on the basis of Department of Justice advice, that the substantial interests of the Federal Government in pending or contemplated legal proceedings based on
§ 620.413 Suspending official's decision.

The suspending official may modify or terminate the suspension (for example, see §620.320(c) for reasons for reducing the period or scope of debarment) or may leave it in force. However, a decision to modify or terminate the suspension shall be without prejudice to the subsequent imposition of suspension by any other agency or debarment by any agency. The decision shall be rendered in accordance with the following provisions:

(a) No additional proceedings necessary. In actions: based on an indictment, conviction, or civil judgment; in which there is no genuine dispute over material facts; or in which additional proceedings to determine disputed material facts have been denied on the basis of Department of Justice advice, the suspending official shall make a decision on the basis of all the information in the administrative record, including any submission made by the respondent. The decision shall be made within 45 days after receipt of any information and argument submitted by the respondent, unless the suspending official extends this period for good cause.

(b) Additional proceedings necessary. (1) In actions in which additional proceedings are necessary to determine disputed material facts, written findings of fact shall be prepared. The suspending official shall base the decision on the facts as found, together with any information and argument submitted by the respondent and any other information in the administrative record.

(2) The suspending official may refer matters involving disputed material facts to another official for findings of fact. The suspending official may reject any such findings, in whole or in part, only after specifically determining them to be arbitrary or capricious or clearly erroneous.

(c) Notice of suspending official's decision. Prompt written notice of the suspending official's decision shall be sent to the respondent.

§ 620.415 Period of suspension.

(a) Suspension shall be for a temporary period pending the completion of an investigation or ensuing legal, debarment, or Program Fraud Civil Remedies Act proceedings, unless terminated sooner by the suspending official or as provided in paragraph (b) of this section.

(b) If legal or administrative proceedings are not initiated within 12 months after the date of the suspension notice, the suspension shall be terminated unless an Assistant Attorney General or United States Attorney requests its extension in writing, in which case it may be extended for an additional six months. In no event may a suspension extend beyond 18 months, unless such proceedings have been initiated within that period.

(c) The suspending official shall notify the Department of Justice of an impending termination of a suspension, at least 30 days before the 12-month period expires, to give that Department an opportunity to request an extension.

§ 620.420 Scope of suspension.

The scope of a suspension is the same as the scope of a debarment (see §620.325), except that the procedures of §§620.410 through 620.413 shall be used in imposing a suspension.
§ 620.510 Participants’ responsibilities.

(a) Certification by participants in primary covered transactions. Each participant shall submit the certification in appendix A to this part for it and its principals at the time the participant submits its proposal in connection with a primary covered transaction, except that States need only complete such certification as to their principals. Participants may decide the method and frequency by which they determine the eligibility of their principals. In addition, each participant may, but is not required to, check the Nonprocurement List for its principals (Tel. #). Adverse information on the certification will not necessarily result in denial of participation. However, the certification, and any additional information pertaining to the certification submitted by the participant, shall be considered in the administration of covered transactions.

(b) Certification by participants in lower tier covered transactions. (1) Each participant shall require participants in lower tier covered transactions to include the certification in appendix B to this part for it and its principals in any proposal submitted in connection with such lower tier covered transactions.

(2) A participant may rely upon the certification of a prospective participant in a lower tier covered transaction that it and its principals are not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction by any Federal agency, unless it knows that the certification is erroneous. Participants may decide the method and frequency by which they determine the eligibility of their principals. In addition, a participant may, but is not required to, check the Nonprocurement List for its principals and for participants (Tel. #).

(c) Changed circumstances regarding certification. A participant shall provide immediate written notice to NSF if at any time the participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances. Participants in lower tier covered transactions shall provide the same updated notice to the participant to which it submitted its proposals.

Subpart F—Drug-Free Workplace Requirements (Grants)
§ 620.600 Purpose.

(a) The purpose of this subpart is to carry out the Drug-Free Workplace Act of 1988 by requiring that—

(1) A grantee, other than an individual, shall certify to the agency that it will provide a drug-free workplace;

(2) A grantee who is an individual shall certify to the agency that, as a condition of the grant, he or she will not engage in the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance in conducting any activity with the grant.

(b) Requirements implementing the Drug-Free Workplace Act of 1988 for contractors with the agency are found at 48 CFR subparts 9.4, 23.5, and 52.2.

§ 620.605 Definitions.

(a) Except as amended in this section, the definitions of § 620.105 apply to this subpart.

(b) For purposes of this subpart—

(1) Controlled substance means a controlled substance in schedules I through V of the Controlled Substances Act (21 U.S.C. 812), and as further defined by regulation at 21 CFR 1308.11 through 1308.15;

(2) Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

(3) Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

(5) Employee means the employee of a grantee directly engaged in the performance of work under the grant, including:

(i) All direct charge employees;

(ii) All indirect charge employees, unless their impact or involvement is significant to the performance of the grant; and,

(iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee’s payroll.

This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the payroll; or employees of subrecipients or subcontractors in covered workplaces);

(6) Federal agency or agency means any United States executive department, military department, government corporation, government controlled corporation, any other establishment in the executive branch (including the Executive Office of the President), or any independent regulatory agency;

(7) Grant means an award of financial assistance, including a cooperative agreement, in the form of money, or property in lieu of money, by a Federal agency directly to a grantee. The term grant includes block grant and entitlement grant programs, whether or not exempted from coverage under the grants management government-wide common rule on uniform administrative requirements for grants and cooperative agreements. The term does not include technical assistance that provides services instead of money, or other assistance in the form of loans, loan guarantees, interest subsidies, insurance, or direct appropriations; or any veterans’ benefits to individuals, i.e., any benefit to veterans, their families, or survivors by virtue of the service of a veteran in the Armed Forces of the United States;

local government. A State instrumentality will be considered part of the State government if it has a written determination from a State government that such State considers the instrumentality to be an agency of the State government.

§ 620.610 Coverage.
(a) This subpart applies to any grantee of the agency.
(b) This subpart applies to any grant, except where application of this subpart would be inconsistent with the international obligations of the United States or the laws or regulations of a foreign government. A determination of such inconsistency may be made only by the agency head or his/her designee.
(c) The provisions of subparts A, B, C, D and E of this part apply to matters covered by this subpart, except where specifically modified by this subpart.
In the event of any conflict between provisions of this subpart and other provisions of this part, the provisions of this subpart are deemed to control with respect to the implementation of drug-free workplace requirements concerning grants.

§ 620.615 Grounds for suspension of payments, suspension or termination of grants, or suspension or debarment.
A grantee shall be deemed in violation of the requirements of this subpart if the agency head or his or her official designee determines, in writing, that—
(a) The grantee has made a false certification under § 620.630;
(b) With respect to a grantee other than an individual—
(1) The grantee has violated the certification by failing to carry out the requirements (Alternate II to appendix C); or
(2) The grantee is convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity.

§ 620.620 Effect of violation.
(a) In the event of a violation of this subpart as provided in § 620.615, and in accordance with applicable law, the grantee shall be subject to one or more of the following actions:
(1) Suspension of payments under the grant;
(2) Suspension or termination of the grant;
(3) Suspension or debarment of the grantee under the provisions of this part.
(b) Upon issuance of any final decision under this part requiring debarment of a grantee, the debarred grantee shall be ineligible for award of any grant from any Federal agency for a period specified in the decision, not to exceed five years (see § 620.320(a)(2) of this part).

§ 620.625 Exception provision.
The agency head may waive with respect to a particular grant, in writing, a suspension of payments under a grant, suspension or termination of a grant, or suspension or debarment of a grantee if the agency head determines that such a waiver would be in the public interest. This exception authority cannot be delegated to any other official.

§ 620.630 Certification requirements and procedures.
(a)(1) As a prior condition of being awarded a grant, each grantee shall make the appropriate certification to the Federal agency providing the grant, as provided in appendix C to this part.
(2) Grantees are not required to make a certification in order to continue receiving funds under a grant awarded before March 18, 1989, or under a no-cost time extension of such a grant. However, the grantee shall make a one-time drug-free workplace certification for a non-automatic continuation of
such a grant made on or after March 18, 1989.

(b) Except as provided in this section, all grantees shall make the required certification for each grant. For mandatory formula grants and entitlements that have no application process, grantees shall submit a one-time certification in order to continue receiving awards.

(c) A grantee that is a State may elect to make one certification in each Federal fiscal year. States that previously submitted an annual certification are not required to make a certification for Fiscal Year 1990 until June 30, 1990. Except as provided in paragraph (d) of this section, this certification shall cover all grants to all State agencies from any Federal agency. The State shall retain the original of this statewide certification in its Governor's office and, prior to grant award, shall ensure that a copy is submitted individually with respect to each grant, unless the Federal agency has designated a central location for submission.

(d)(1) The Governor of a State may exclude certain State agencies from the statewide certification and authorize these agencies to submit their own certifications to Federal agencies. The statewide certification shall name any State agencies so excluded.

(2) A State agency to which the statewide certification does not apply, or a State agency in a State that does not have a statewide certification, may elect to make one certification in each Federal fiscal year. State agencies that previously submitted a State agency certification are not required to make a certification for Fiscal Year 1990 until June 30, 1990. The State agency shall retain the original of this State agency-wide certification in its central office and, prior to grant award, shall ensure that a copy is submitted individually with respect to each grant, unless the Federal agency designates a central location for submission.

(3) When the work of a grant is done by more than one State agency, the certification of the State agency directly receiving the grant shall be deemed to certify compliance for all workplaces, including those located in other State agencies.

(e)(1) For a grant of less than 30 days performance duration, grantees shall have this policy statement and program in place as soon as possible, but in any case by a date prior to the date on which performance is expected to be completed.

(2) For a grant of 30 days or more performance duration, grantees shall have this policy statement and program in place within 30 days after award.

(3) Where extraordinary circumstances warrant for a specific grant, the grant officer may determine a different date on which the policy statement and program shall be in place.

§ 620.635 Reporting of and employee sanctions for convictions of criminal drug offenses.

(a) When a grantee other than an individual is notified that an employee has been convicted for a violation of a criminal drug statute occurring in the workplace, it shall take the following actions:

(1) Within 10 calendar days of receiving notice of the conviction, the grantee shall provide written notice, including the convicted employee's position title, to every grant officer, or other designee on whose grant activity the convicted employee was working, unless a Federal agency has designated a central point for the receipt of such notifications. Notification shall include the identification number(s) for each of the Federal agency's affected grants.

(2) Within 30 calendar days of receiving notice of the conviction, the grantee shall do the following with respect to the employee who was convicted.

(i) Take appropriate personnel action against the employee, up to and including termination, consistent with requirements of the Rehabilitation Act of 1973, as amended; or

(ii) Require the employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency.

(b) A grantee who is an individual who is convicted for a violation of a criminal drug statute occurring during the conduct of any grant activity shall
report the conviction, in writing, within 10 calendar days, to his or her Federal agency grant officer, or other designee, unless the Federal agency has designated a central point for the receipt of such notices. Notification shall include the identification number(s) for each of the Federal agency’s affected grants.

APPENDIX A TO PART 620—CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS—PRIMARY COVERED TRANSACTIONS

Instructions for Certification

1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency’s determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.

6. The prospective primary participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transaction,” provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.
Certification Regarding Debarment, Suspension, and Other Responsibility Matters—Primary Covered Transactions

(1) The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:
(a) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any Federal department or agency;

6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transaction,” without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

Appendix C to Part 620—Certification Regarding Drug-Free Workplace Requirements

Instructions for Certification

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.

2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

3. For grantees other than individuals, Alternate I applies.

4. For grantees who are individuals, Alternate II applies.

5. Workplaces under grants, for grantees other than individuals, need not be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee’s drug-free workplace requirements.

6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees’ attention is called, in particular, to the following definitions from these rules:

   a. Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

   b. Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

   c. Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

   A. The grantee certifies that it will or will continue to provide a drug-free workplace by:

   (a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee’s workplace and specifying the actions that will be taken against employees for violation of such prohibition;

   (b) Establishing an ongoing drug-free awareness program to inform employees about—

   (1) The dangers of drug abuse in the workplace;
(2) The grantee's policy of maintaining a drug-free workplace;

(3) Any available drug counseling, rehabilitation, and employee assistance programs; and

(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

(c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

(d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will—

(1) Abide by the terms of the statement; and

(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within ten calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Counsel, or his or her designee, shall serve as Chairman. At the discretion of the Chairman and with the concurrence of the Committee, additional members may be appointed.

(b) All incoming correspondence from CEQ and other agencies concerning matters related to NEPA, including draft and final environmental impact statements, shall be brought to the attention of the Chairman. The Chairman will prepare or, at his or her discretion, coordinate replies to such correspondence.

(c) The Committee shall meet regularly to discuss NSF policies and practices regarding NEPA, and make recommendations on the need for or adequacy of environmental impact assessments or statements.

(d) With respect to actions of NSF, the Committee will:

(1) Maintain a list of actions for which environmental impact statements are being prepared.

(2) Revise this list at regular intervals, based on input from the directorates, and send revisions to CEQ.

(3) Make the list available for public inspection on request.

(4) Maintain a list of environmental impact assessments.

(5) Maintain a file of draft and final environmental impact statements.

(e) The Committee and/or the Chairman will perform such additional functions as are set forth elsewhere in this part and in other NSF issuances.

§ 640.3 Actions requiring an environmental assessment and categorical exclusions.

(a) The types of actions to be classified as "major Federal actions" subject to NEPA procedures are discussed generally in the CEQ regulations. Paragraph (b) of this section describes various classes of NSF actions that normally require the preparation of an environmental assessment or an EIS, and those classes that are categorically excluded. (Categorical exclusion is defined at 40 CFR 1508.4.) The word "normally" is stressed; there may be individual cases in which specific factors require contrary action. NSF directorates and offices are responsible for identifying situations in which an environmental assessment or an EIS should be prepared even if not normally required by paragraph (b) of this paragraph.

(b) Most NSF awards support individual scientific research projects and are not "major Federal actions significantly affecting the quality of the human environment" except in the sense that the long term effect of the accumulation of human knowledge is likely to affect the quality of the human environment. However, such long term effects are basically speculative and unknowable in advance; thus they normally do not provide a sufficient basis for classifying research as subject to NEPA (See 40 CFR 1508.8) and are categorically excluded from an environmental assessment. Nevertheless, in some cases the actual procedures used in carrying out the research may have potential environmental effects, particularly where the project requires construction of facilities or major disturbance of the local environment brought about by blasting, drilling, excavating, or other means. Accordingly, except as provided in paragraph (c) of this section, the following types of activities require at least an environmental assessment:

(1) Cases where developmental efforts are supported, if the project supports the transition of a particular technology from the development stage to large-scale commercial utilization.

(2) Any project supporting construction, other than interior remodelling.

(3) Cases where field work affecting the natural environment will be conducted.

(4) Any project that will involve drilling of the earth, excavation, explosives, weather modification, or other techniques that may alter a local environment.

(5) Any project that provides for the testing and release of biological-control agents for purposes of ecosystem manipulation and assessment of short- and long-term effects of major ecosystem perturbation.

(c) Directorates having divisions or programs with a substantial number of projects that fall within categories (3),
(4), and (5) in (b) of this section, are authorized to issue supplemental guidelines to Division Directors and Program Officers establishing subcategories of research methodologies or techniques for which environmental assessments need not be prepared. For example, if a program regularly supports research that involves noninvasive techniques or nonharmful invasive techniques (such as taking water or soil samples, or collecting non-protected species of flora and fauna) the directorate may determine that field projects otherwise coming under paragraph (b)(3) of this section which involve only the use of such techniques do not require an environmental assessment. However, any such guidelines must be submitted to the Chairman for approval.

(d) In some cases within the categories listed in paragraph (b) of this section, it will be evident at the outset or after the assessment process is begun that an EIS should be prepared. In such cases an assessment need not be completed, but the process of preparing an EIS (See §640.5 of this part) should be started.

§640.4 Responsibilities and procedures for preparation of an environmental assessment.

(a) Program Officers, as the first point of decision in the review process, shall determine into which category incoming proposals fall, according to the criteria set forth in §640.3 of this part. Notwithstanding this responsibility of the Program Officer, the appropriate Division Director, Assistant Director, and other reviewing policy officials must assure that adequate analysis is being made.

(b) Where appropriate, programs, divisions, or directorates will advise prospective applicants in program announcements, requests for proposals, and other NSF-prepared brochures of the requirement to furnish information regarding any environmental impact that the applicant’s proposed study may have.

(c) Should an environmental assessment be required, the directorate supporting the activity shall be responsible for its preparation. The grant or contract applicant may be asked to submit additional information in order that a reasonable and accurate assessment may be made. Though no specific format for an environmental assessment is prescribed, it shall be a separate document suitable for public review and shall serve the purpose described in 40 CFR 1508.9, which is quoted in full as follows:

Section 1508.9 Environmental Assessment

(a) Means a concise public document for which a Federal agency is responsible that serves to:

(1) Briefly provide sufficient evidence and analysis for determining whether to prepare an environmental impact statement or a finding of no significant impact.

(b) Shall include brief discussions of the need for the proposal, of alternatives as required by section 102(2)(E) of the environmental impacts of the proposed action and alternatives, and a listing of agencies and persons consulted.

(d) A copy of the assessment or drafts shall accompany the appropriate proposal throughout the NSF internal review and approval process. At the option of the directorate preparing the assessment, a draft may be submitted to the Committee for its review and comments. Prior to an award decision, one copy of all completed assessments shall be sent to the Chairman for review and updating of the Committee listing of assessments.

(e) If, on the basis of an environmental assessment, it is determined that an EIS is not required, a Finding of No Significant Impact (FNSI) as described in 40 CFR 1508.13 will be prepared. The FNSI shall include the environmental assessment or a summary of it and be available to the public from the Committee. If the proposed action is one that normally requires an EIS, is closely similar to an action normally requiring an EIS, or is without precedent, the FNSI shall be made available for a 30 day public review period before any action is taken.
§ 640.5 Responsibilities and procedures for preparation of an environmental impact statement.

(a) If initially or after an environmental assessment has been completed, it is determined that an environmental impact statement should be prepared, it and other related documentation will be prepared by the directorate responsible for the action in accordance with section 102(2)(c) of the Act, this part, and the CEQ regulations. The responsible directorate will be in close communication with the grant or contract applicant and may have to rely extensively on his or her input in preparing the EIS. However, once a document is prepared it shall be submitted to the Chairman who, after such review by the Committee as is deemed necessary, shall transmit the document as required by CEQ regulations and this part. If the Chairman considers a document unsatisfactory, he or she shall return it to the responsible directorate for revision prior to an award decision.

Specifically, the following steps, as discussed in the CEQ regulations, will be followed in preparing an EIS:

1. A notice of intent to prepare a draft EIS will be published as described in 40 CFR 1501.7.

2. Scoping, as described in 40 CFR 1501.7, will be conducted.

3. The format and contents of the draft and final EIS shall be as discussed in 40 CFR part 1502.

4. Comments on the draft EIS shall be invited as set forth in 40 CFR 1503.1. The minimum period to be afforded for comments on a draft EIS shall be 45 days, unless a lesser period is necessary to comply with other specific statutory requirements or in case of emergency circumstances, as described in 40 CFR 1506.11.

5. The requirements of 40 CFR 1506.9 for filing of documents with the Environmental Protection Agency shall be followed.

6. The responsible directorate shall examine carefully the basis on which supportive studies have been conducted to assure that such studies are objective and comprehensive in scope and in depth.

7. The Act requires that the decisionmaking involved "utilize a systematic, interdisciplinary approach that will insure the integrated use of the natural and social sciences and the environmental design arts." If such disciplines are not present on the NSF staff, appropriate use should be made of personnel of Federal, State, and local agencies, universities, non-profit organizations, or private industry.

8. A copy of the draft EIS or the final EIS (or a summary, if the size of the EIS does not make this practical) shall be included in and accompany the appropriate proposal throughout the NSF internal review and approval process.

(b) (1) 40 CFR 1506.1 describes the types of actions that should not be taken during the NEPA process. Such actions shall be avoided by NSF personnel during the process of preparation of an EIS and for a period of thirty days after the final EIS is filed with EPA, unless such actions are necessary to comply with other specific statutory requirements.

(2) 40 CFR 1506.10 also places certain limitations on the timing of agency decisions on taking "major Federal actions". In some cases the actual "decision point" may be more clear-cut than others. If the "action" that necessitated the preparation of an EIS is one that would be carried out under grant, contract, or cooperative agreement, then the award shall not be made before the times set forth in 40 CFR 1506.10, unless such action is necessary to comply with other specific statutory requirements, or as exceptions are needed as provided in 40 CFR 1506.10, 1506.11, or 1507.3. However, an award for preliminary planning proposals may be made before such times if it is so structured as to require further NSF approvals for funding the actual actions that might adversely affect the quality of the human environment. In such cases, the subsequent approvals for funding these actions will be considered the "decision". This is consistent with the requirement that environmental considerations undergo concurrent review with all other project planning considerations.

(c) In appropriate cases, if the action involves other agencies, the Chairman may agree to designate another agency as "lead agency" and to cooperate as
discussed in 40 CFR 1501.5 and 1501.6. In such cases, the Chairman has authority to alter the procedures described in (a) to the extent they are inconsistent with functions assigned to NSF under the ‘‘cooperating agency’’ arrangements.

(d) A public record of decision stating what the decision was; identifying alternatives that were considered, including the environmentally preferable one(s); discussing any national policy considerations that entered into the decision; and summarizing a monitoring and enforcement program if applicable for mitigation, will be prepared. This record of decision will be prepared at the time the decision is made, or if appropriate, when the agency makes its recommendation for action to Congress. (See 40 CFR 1505.2.)

PART 641—ENVIRONMENTAL ASSESSMENT PROCEDURES FOR PROPOSED NATIONAL SCIENCE FOUNDATION ACTIONS IN ANTARCTICA

§ 641.10 Purpose.
These procedures are designed to elicit and evaluate information that will inform the National Science Foundation (NSF) of the potential environmental consequences of proposed U.S. Antarctic Program (USAP) actions, so that relevant environmental considerations are taken into account by decisionmakers before reaching final decisions on whether or how to proceed with proposed actions. These procedures are consistent with and implement the requirements of:
(a) Executive Order 12114 as it relates to NSF’s Antarctic activities, and
(b) the environmental assessment provisions of the Protocol on Environmental Protection to the Antarctic Treaty.

§ 641.11 Policy.
It is the policy of NSF to use all practicable means, consistent with its authority, to ensure that potential environmental effects of actions undertaken by NSF in Antarctica, either independently or in cooperation with another country, are appropriately identified and considered during the decisionmaking process, and that appropriate environmental safeguards which would limit, mitigate or prevent adverse impacts on the Antarctic environment are identified.

§ 641.12 Applicability.
The requirements set forth in this part apply to all proposed projects, programs and actions authorized or approved by, or subject to the control and responsibility of NSF that may have an impact on the Antarctic environment.

§ 641.13 Right of action
The procedures set forth in this part establish internal procedures to be followed by NSF in considering the potential environmental effects of actions taken in Antarctica. Nothing in this part shall be construed to create a cause of action.

§ 641.14 Definitions.
As used in these procedures, the term:
(a) Action means a project, program or other activity, including the adoption of an official policy or formal plan, that is undertaken, authorized, adopted or approved by, or subject to the control or responsibility of NSF, the decommissioning of a physical plant or facility, and any change in the scope or intensity of a project, program or action.
(b) Antarctica means the area south of 60 degrees south latitude.
(c) Antarctic environment means the natural and physical environment of Antarctica and its dependent and associated ecosystems, but excludes social, economic and other environments.
(d) Antarctic Treaty Consultative Meeting means a meeting of the Parties to the Antarctic Treaty, held pursuant to Article IX(1) of the Treaty.
(e) Comprehensive Environmental Evaluation or CEE means a study of the reasonably foreseeable potential effects of a proposed action on the antarctic environment, prepared in accordance with the provisions of §641.18, and includes all comments thereon received during the comment period described in §641.18(c). A Comprehensive Environmental Evaluation shall constitute an environmental impact statement for purposes of the Executive Order.
(f) Environmental Action Memorandum means a document briefly describing a proposed action and its potential impacts, if any, on the antarctic environment prepared by the responsible official when he or she determines that a proposed action will have less than a minor or transitory impact on the Antarctic environment.
(g) Environmental document means an initial environmental evaluation or a comprehensive environmental evaluation.
(h) Environmental review means the environmental review required by the provisions of this part, and includes preliminary environmental review and preparation of an environmental document, and review by the parties to the Protocol, and committees established under the Protocol for that purpose, and the public, as applicable.
(i) Executive Order means Executive Order 12114, Environmental Effects Abroad of Major Federal Actions, 44 FR 1957.
(j) Initial Environmental Evaluation or IEE means a study of the reasonably foreseeable potential effects of a proposed action on the antarctic environment, prepared in accordance with the provisions of §641.17.
(k) Preliminary environmental review means the environmental review described in §641.15(a).
(l) Protocol means the Protocol on Environmental Protection to the Antarctic Treaty, adopted on October 4, 1991, in Madrid, at the fourth session of the Eleventh Special Antarctic Treaty Consultative Meeting and signed by the United States on that date, and all annexes thereto.
(m) Responsible official means the Director of the Office of Polar Programs, or any NSF employee(s) designated by the Director to be principally responsible for the preparation of environmental action memoranda or environmental documents under this part.
(n) Treaty means the Antarctic Treaty signed in Washington, D.C., on December 1, 1959, T.I.A.S No. 4780.

§641.15 Preliminary environmental review.
(a) The responsible official shall be notified early in the general planning process of actions proposed by USAP components that may have impacts on the Antarctic environment, so that environmental review may be integrated into the planning and decisionmaking processes. The responsible official shall conduct a preliminary environmental review of each action, including consideration of the potential direct and reasonably foreseeable indirect effects of a proposed action on the Antarctic environment.
(b) If, on the basis of the preliminary environmental review, the responsible official determines that an action will have less than a minor or transitory impact on the Antarctic environment, he will prepare an Environmental Action Memorandum briefly summarizing the environmental issues considered and conclusions drawn from the review. No further environmental review shall be necessary.

§641.16 Preparation of environmental documents, generally.
(a) Preparation of an environmental document. If the responsible official determines, either initially or on the basis of a preliminary environmental review, that a proposed action may have at least a minor or transitory impact on the Antarctic environment, he
§641.16 45 CFR Ch. VI (10–1–99 Edition)

will prepare an environmental document in accordance with the provisions of this part. In making this determination, the responsible official should consider whether and to what degree the proposed action:

(1) Has the potential to adversely affect the Antarctic environment;
(2) May adversely affect climate and weather patterns;
(3) May adversely affect air or water quality;
(4) May affect atmospheric, terrestrial (including aquatic), glacial or marine environments;
(5) May detrimentally affect the distribution, abundance or productivity or species, or populations of species of fauna and flora;
(6) May further jeopardize endangered or threatened species or populations of such species;
(7) May degrade, or pose substantial risk to, areas of biological, scientific, historic, aesthetic or wilderness significance;
(8) Has highly uncertain environmental effects, or involves unique or unknown environmental risks; or
(9) Together with other actions, the effects of any one of which is individually insignificant, may have at least minor or transitory cumulative environmental effects.

(b) Prior assessments. Notwithstanding the provisions of §641.16(a), if (1) An environmental document (including a generic or programmatic CEE) or its equivalent has been prepared for a particular type of action; (2) That document includes an analysis of potential environmental effects that are directly relevant to the potential effects of the proposed action, taking in account factors such as the similarity of the actions and of the locations within which they take place; and (3) There are no potential site specific or other impacts that would require further evaluation, then a new environmental document need not be prepared. Instead, the responsible official shall prepare an Environmental Action Memorandum for the proposed action, cross-referencing the previously prepared environmental document.

(c) Exclusions. NSF has determined that the following actions will have less than a minor or transitory impact on the Antarctic environment, and are not subject to the procedures set forth in this part, except to the extent provided herein:

(1) Scientific research activities involving:
   (i) Low volume collection of biological or geologic specimens, provided no more mammals or birds are taken than can normally be replaced by natural reproduction in the following season;
   (ii) Small-scale detonation of explosives in connection with seismic research conducted in the continental interior or Antarctica where there will be no potential for impact on native flora and fauna;
   (iii) Use of weather/research balloons, research rockets, and automatic weather stations that are to be retrieved; and
   (iv) Use of radioisotopes, provided such use complies with applicable laws and regulations, and with NSF procedures for handling and disposing of radioisotopes.

(2) Interior remodelling and renovation of existing facilities.

Notwithstanding the foregoing, if information developed during the planning of any of the actions described in this paragraph (c) indicates the possibility that the action may have at least a minor or transitory impact on the Antarctic environment, the environmental effects of the action shall be reviewed to determine the need for the preparation of an environmental document.

(d) Coordination with other committees, offices and federal agencies. The responsible official shall notify NSF’s Committee of Environmental Matters when he intends to prepare an environmental document, and will coordinate preparation of the document with those entities. Responsibility for preparation of the environmental document rests primarily with the responsible official, but, as soon as is feasible, he should consult with and encourage the participation of other knowledgeable individuals within NSF, and, where appropriate, with other individuals, government agencies and entities with relevant knowledge and expertise.

(e) Type of environmental document. The type of environmental document required under this part depends on the
nature of the proposed action under consideration. An IEE must be prepared for proposed actions which the responsible official concludes may have at least a minor or transitory impact on the Antarctic environment and for which a CEE is not prepared. A CEE must be prepared if an IEE indicates, or if it is otherwise determined, that a proposed action is likely to have more than a minor or transitory impact on the Antarctic environment.

(f) Obligation of funds. Because of logistic constraints (i.e., constraints due to transportation difficulties, inaccessibility of Antarctic bases for much of the year, and the need to obtain items or materials requiring long lead times), it may not be possible to complete the environmental review of a proposed action before funds must be committed and/or disbursed. In such cases, funds for the proposed action may be committed and/or disbursed, provided:

(1) The appropriate environmental review is completed before implementation of the proposed action in Antarctica, and
(2) Implementation plans for the proposed action will be modified or canceled, if appropriate, in light of the completed environmental review (including public comments, if applicable).

§ 641.18 Comprehensive environmental evaluation.

(a) Scoping. If it is determined that a CEE will be prepared, the responsible official shall publish a notice of intent to prepare a CEE in the FEDERAL REGISTER, inviting interested persons and government agencies to participate in the process of identifying significant issues relating to the proposed action and determining the scope of the issues to be addressed in the CEE.

(b) Contents of CEE. A CEE shall be a concise and analytical document, prepared in accordance with the range of relevant issues identified in the scoping process. It shall contain sufficient information to permit informed consideration of the reasonably foreseeable potential environmental effects of a proposed action and possible alternatives to that proposed action. Such information shall include the following:

(1) A description of the proposed action including its purpose, location, duration and intensity;
(2) Consideration of alternatives to the proposed action and any impacts that the proposed action may have on the Antarctic environment, including cumulative impacts in light of existing and known planned actions and existing information on such actions.

(b) Further environmental review. If an IEE indicates that a proposed action is likely to have no more than a minor or transitory impact on the Antarctic environment, no further environmental review of the action is necessary provided that appropriate procedures, which may include monitoring, are put in place to assess and verify the impact of the action.

(c) Availability to public. An annual list of IEEs and a description of any decisions taken in consequence thereof shall be provided to the Department of State for circulation to all Parties to the Protocol and to organizations or committees established pursuant to the Protocol or the Treaty, as required. The Environmental Officer, Division of Polar Programs, shall also make the list and copies of final IEEs available to the public upon request.

§ 641.17 Initial environmental evaluation.

(a) Contents. An IEE shall contain sufficient detail to assess whether a proposed action may have more than a minor or transitory impact on the Antarctic environment, and shall include the following information:

(1) A description of the proposed action, including its purpose, location, duration and intensity; and
(2) Consideration of alternatives to the proposed action and any impacts that the proposed action may have on the Antarctic environment, including cumulative impacts in light of existing and known planned actions and existing information on such actions.

(b) Further environmental review. If an IEE indicates that a proposed action is likely to have no more than a minor or transitory impact on the Antarctic environment, no further environmental review of the action is necessary provided that appropriate procedures, which may include monitoring, are put in place to assess and verify the impact of the action.

(c) Availability to public. An annual list of IEEs and a description of any decisions taken in consequence thereof shall be provided to the Department of State for circulation to all Parties to the Protocol and to organizations or committees established pursuant to the Protocol or the Treaty, as required. The Environmental Officer, Division of Polar Programs, shall also make the list and copies of final IEEs available to the public upon request.
§ 641.19 Modification of environmental documents.

The responsible official should revise or supplement an environmental document if there is a change in a proposed action that may have more than a minor or transitory effect on the antarctic environment, or if there are new circumstances or information that indicate the action may have impacts not anticipated in the original environmental document.

§ 641.20 Notification of the availability of environmental documents and other information.

The Environmental Officer, Office of Polar Programs, shall make Environmental Action Memoranda, environmental documents and final data obtained under § 641.21, available to the public upon request. However, notice of such availability need not be given, except as specifically provided in this part.

§ 641.21 Monitoring.

Scientific, analytic and/or reporting procedures shall be put in place, including appropriate monitoring of key environmental indicators, to assess and verify the potential environmental impacts of actions which are the subject of a CEE. All proposed actions for which an environmental document has
§ 650.2 National Science Foundation patent policy.

As authorized by the National Science Board at its 230th meeting, October 15-16, 1981, the Director of the National Science Foundation has adopted the following statement of NSF patent policy.

(a) In accordance with the Bayh-Dole Act and the Presidential Memorandum entitled “Government Patent Policy” issued February 18, 1983, the Foundation will use the Patent Rights clause prescribed by the Department of Commerce in all its funding agreements for the performance of experimental, developmental, or research work, including awards made to foreign entities, unless the Foundation determines that some other provision would better serve the purposes of that Act or the interests of the United States and the general public.

(b) In funding agreements covered by a treaty or agreement that provides that an international organization or foreign government, research institute, or inventor will own or share patent rights, the Foundation will acquire such patent rights as are necessary to comply with the applicable treaty or agreement.

(c) If an awardee elects not to retain rights to an invention, the Foundation will allow the inventor to retain the
principals patent rights unless the awardee, or the inventor's employer if other than the awardee, shows that it would be harmed by that action.

(d) The Foundation will normally allow any patent rights not wanted by the awardee or inventor to be dedicated to the public through publication in scientific journals or as a statutory invention registration. However, if another Federal agency is known to be interested in the relevant technology, the Foundation may give it an opportunity to review and patent the invention so long as that does not inhibit the dissemination of the research results to the scientific community.

§ 650.3 Source of authority.

(a) 35 U.S.C. 200–212, commonly called the Bayh-Dole Act, as amended by title V of Public Law 98–620 (98 stat. 3335, 3364). That law controls the allocation of rights to inventions made by employees of small business firms and domestic nonprofit organizations, including universities, during federally-supported experimentation, research, or development. Government-wide implementing regulations are contained in part 401 of title 37 of the Code of Federal Regulations.

(b) Section 11(e) of the National Science Foundation Act of 1950, as amended. (42 U.S.C. 1870(e)) provides that the Foundation shall have the authority necessary to carry out the provisions of this Act, including, but without being limited thereto, the authority—to acquire by purchase, lease, loan, gift, or condemnation, and to hold and dispose of by grant, sale, lease, or loan, real and personal property of all kinds necessary for, or resulting from, the exercise of authority granted by this Act.

(c) Section 12 of the NSF Act (42 U.S.C. 1871) provides that each contract or other arrangement executed pursuant to this Act which relates to scientific research shall contain provisions governing the disposition of inventions produced thereunder in a manner calculated to protect the public interest and the equities of the individual or organization with which the contract or other arrangement is executed.

(d) The Presidential Memorandum entitled “Government Patent Policy” issued February 18, 1983, directs Federal agencies, to the extent permitted by law, to apply to all research performers the policies of the Bayh-Dole Act. Under the provisions of the National Science Foundation Act quoted above, the Foundation is permitted to apply the Bayh-Dole policies without restriction.

§ 650.4 Standard patent rights clause.

(a) The following Patent Rights clause will be used in every funding agreement awarded by the Foundation that relates to scientific or engineering research unless a special patent clause has been negotiated (see § 650.5).

PATENT RIGHTS (SEPTEMBER, 1997)

(a) Definitions—(1) Invention means any invention or discovery which is or may be patentable or otherwise protectable under title 35 of the United States Code, to any novel variety of plant which is or may be protected under the Plant Variety Protection Act (7 U.S.C. 2321 et seq.).

(2) Subject invention means any invention of the grantee conceived or first actually reduced to practice in the performance of work under this grant, provided that in the case of a variety of plant, the date of determination (as defined in section 41(d) of the Plant Variety Protection Act (7 U.S.C. 2401(d)) must also occur during the period of grant performance.

(3) Practical application means to manufacture in the case of a composition or product, to practice in the case of a process or method, or to operate in the case of a machine or system; and, in each case, under such conditions as to establish that the invention is being utilized and that its benefits are to the extent permitted by law or Government regulations available to the public on reasonable terms.

(4) Made when used in relation to any invention means the conception or first actual reduction to practice of such invention.

(5) Small business firm means a domestic small business concern as defined at section 2 of Public Law 85–536 (15 U.S.C. 632) and implementing regulations of the Administrator of the Small Business Administration. For the purpose of this Patents Rights clause, the size standard for small business concerns involved in Government procurement and subcontracting at 13 CFR 121.3–8 and 13 CFR 121.3–12, respectively, will be used.

(6) Nonprofit organization means a domestic university or other institution of higher education or an organization of the type described in section 501(c)(3) of the Internal Revenue Code.
Obtain Title.

(1) If the grantee fails to disclose or elect the subject invention within the times specified in paragraph (c) above, or elects not to retain title; provided that NSF may only request title within 60 days after learning of the failure of the grantee to disclose or elect within the specified times.

(2) In those countries in which the grantee fails to file patent applications within the times specified in paragraph (c) above; provided, however, that if the grantee has filed a patent application in a country after the times specified in paragraph (c) above, but prior to its receipt of the written request of NSF, the grantee shall continue to retain title in that country.

(3) In any country in which the grantee decides not to continue the prosecution of any application for, to pay the maintenance fees on, or defend in a reexamination or opposition proceeding on, a patent on a subject invention.

(e) Minimum Rights to Grantee. (1) The grantee will retain a nonexclusive royalty-free license throughout the world in each subject invention to which the Government obtains title, except if the grantee fails to disclose the subject invention within the times specified in paragraph (c) above. The grantee's license extends to its domestic subsidiaries and affiliates, if any, within the corporate structure of which the grantee is a party and includes the right to grant sublicenses of the same scope to the extent the grantee was legally obligated to do so at the time the grant was awarded. The license is transferable only with the approval of NSF except when transferred to the successor of that part of the grantee's business to which the invention pertains.

(2) The grantee's domestic license may be revoked or modified by NSF to the extent necessary to achieve expedient practical application of the subject invention pursuant to an application for an exclusive license submitted in accordance with applicable provisions at 37 CFR part 404. This license will
not be revoked in that field of use or the geographical areas in which the grantee has achieved practical application and continues to make the benefits of the invention reasonably accessible to the public. The license in any foreign country may be revoked or modified at the discretion of NSF to the extent the grantee, its licensees, or its domestic subsidiaries or affiliates have failed to achieve practical application in that foreign country.

(3) Before revocation or modification of the license, NSF will furnish the grantee a written notice of its intention to revoke or modify the license, and the grantee will be allowed thirty days (or such other time as may be authorized by NSF for good cause shown by the grantee) after the notice to show cause why the license should not be revoked or modified. The grantee has the right to appeal, in accordance with applicable regulations in 37 CFR part 404 concerning the licensing of Government-owned inventions, any decision concerning the revocation or modification of its license.

(f) Grantee Action to Protect Government’s Interest. (1) The grantee agrees to execute or to have executed and promptly deliver to NSF all instruments necessary to:

(i) Establish or confirm the rights the Government has throughout the world in those subject inventions for which the grantee retains title, and

(ii) Convey title to NSF when requested under paragraph (d) above, and to enable the Government to obtain patent protection throughout the world in that subject invention.

(2) The grantee agrees to require, by written agreement, its employees, other than clerical and non-technical employees, to disclose promptly in writing to personnel identified as responsible for the administration of patent matters and in a format suggested by the grantee each subject invention made under this grant in order that the grantee may comply with the disclosure provisions of paragraph (c) above, and to execute all papers necessary to file patent applications on subject inventions and to establish the Government’s rights in the subject inventions. The disclosure format should require, at a minimum, the information requested by paragraph (c)(1) above. The grantee shall instruct such employees through the employee agreements or other suitable educational programs on the importance of reporting inventions in sufficient time to permit the filing of patent applications prior to U.S. or foreign statutory bars.

(3) The grantee will notify NSF of any decision not to continue prosecution of a patent application, pay maintenance fees, or defend in a reexamination or opposition proceeding on a patent, in any country, not less than thirty days before the expiration of the response period required by the relevant patent office.

(4) The grantee agrees to include, within the specification of any United States patent application or any foreign patent application issued thereon covering a subject invention, the following statement: “This invention was made with Government support under (identify the grant) awarded by the National Science Foundation. The Government has certain rights in this invention.”

(g) Subcontracts. (1) The grantee will include this Patents Rights clause, suitably modified to identify the parties, in all subcontracts, regardless of tier, for experimental, developmental, or research work. The subcontractor will retain all rights provided for the grantee in this Patents Rights clause, and the grantee will not, as part of the consideration for awarding the subcontract, obtain rights in the subcontractor’s subject inventions.

(2) In the case of subcontracts, at any tier, when the prime award by the Foundation was a contract (but not a grant or cooperative agreement), NSF, subcontractor, and contractor agree that the mutual obligations of the parties created by this Patents Rights clause constitute a contract between the subcontractor and the Foundation with respect to those matters covered by this Patents Rights clause.

(h) Reporting on Utilization of Subject Inventions. The grantee agrees to submit on request periodic reports no more frequently than annually on the utilization of a subject invention or on efforts at obtaining such utilization that are being made by the grantee or its licensees or assignees. Such reports shall include information regarding the status of development, date of first commercial sale or use, gross royalties received by the grantee, and such other data and information as NSF may reasonably specify. The grantee also agrees to provide additional reports in connection with any march-in proceeding undertaken by NSF in accordance with paragraph (j) of this Patents Rights clause. As required by 35 U.S.C. 202(c)(5), NSF agrees it will not disclose such information to persons outside the Government without the permission of the grantee.

(i) Preference for United States Industry. Notwithstanding any other provision of this Patents Rights clause, the grantee agrees that neither it nor any assignee will grant to any person the exclusive right to use or sell any subject invention in the United States unless such person agrees that any products
§ 650.5 Special patent provisions.

At the request of the prospective awardee or on recommendation from NSF staff, a Grants or Contracts Officer, with the concurrence of the cognizant Program Manager, may negotiate special patent provisions when he or she determines that exceptional circumstances require restriction or

embryoing the subject invention or produced through the use of the subject invention will be manufactured substantially in the United States. However, in individual cases, the requirement may be waived by NSF upon a showing by the grantee or its assignee that reasonable but unsuccessful efforts have been made to grant licenses on similar terms to potential licensees that would be likely to manufacture substantially in the United States or that under the circumstances domestic manufacture is not commercially feasible.

(j) March-in Rights. The grantee agrees that with respect to any subject invention in which it has acquired title, NSF has the right in accordance with procedures at 37 CFR 401.6 and NSF regulations at 45 CFR 650.13 to require the grantee, an assignee or exclusive licensee of a subject invention to grant a nonexclusive, partially exclusive, or exclusive license in any field of use to a responsible applicant or applicants, upon terms that are reasonable under the circumstances, and if the grantee, assignee, or exclusive licensee refuses such a request, NSF has the right to grant such a license itself if NSF determines that:

(1) Such action is necessary because the grantee or assignee has not taken, or is not expected to take within a reasonable time, effective steps to achieve practical application of the subject invention in such field of use;

(2) Such action is necessary to alleviate health or safety needs which are not reasonably satisfied by the grantee, assignee, or their licensees;

(3) Such action is necessary to meet requirements for public use specified by Federal regulations and such requirements are not reasonably satisfied by the grantee, assignee, or licensee; or

(4) Such action is necessary because the agreement required by paragraph (i) of this Patents Rights clause has not been obtained or waived or because a licensee of the exclusive right to use or sell any subject invention in the United States is in breach of such agreement.

(k) Special Provisions for Grants with Nonprofit Organizations. If the grantee is a nonprofit organization, it agrees that:

(1) Rights to a subject invention in the United States may not be assigned without the approval of NSF, except where such assignment is made to an organization which has as one of its primary functions the management of inventions, provided that such assignee will be subject to the same provisions as the grantee;

(2) The grantee will share royalties collected on a subject invention with the inventor, including Federal employee co-inventors (when NSF deems it appropriate) when the subject invention is assigned in accordance with 35 U.S.C. 202(e) and 37 CFR 401.10.

(3) The balance of any royalties or income earned by the grantee with respect to subject inventions, after payment of expenses (including payments to inventors) incidental to the administration of subject inventions, will be utilized for the support of scientific research or education; and

(4) It will make efforts that are reasonable under the circumstances to attract licensees of subject inventions that are small business firms and that it will give preference to a small business firm if the grantee determines that the small business firm has a plan or proposal for marketing the invention which, if executed, is equally likely to bring the invention to practical application as any plans or proposals from applicants that are not small business firms; provided that the grantee is also satisfied that the small business firm has the capability and resources to carry out its plan or proposal. The decision whether to give a preference in any specific case will be at the discretion of the grantee.

However, the grantee agrees that the Secretary of Commerce may review the grantee’s licensing program and decisions regarding small business applicants, and the grantee will negotiate changes to its licensing policies, procedures, or practices with the Secretary when the Secretary’s review discloses that the grantee could take reasonable steps to implement more effectively the requirements of this paragraph (k)(4).

(l) Communications. All communications required by this Patents Rights clause should be sent to: Patent Assistant, Office of the General Counsel, National Science Foundation, 4201 Wilson Boulevard, Arlington, VA 22230.

(b) When the above Patent Rights clause is used in a funding agreement other than a grant, “grant” and “grantee” may be replaced by “contract” and “contractor” or other appropriate terms.

(Approved by the Office of Management and Budget under control number 3145-0084)

§ 650.6 Awards not primarily for research.

(a) Awards not primarily intended to support scientific or engineering research need contain no patent provision. Examples of such awards are travel and conference grants.

(b) NSF fellowships and traineeships are primarily intended to support education or training, not particular research. Therefore, in accordance with section 212 of title 35 of the United States Code, the Foundation claims no rights to inventions made by fellows or trainees. The following provision will be included in each fellowship or traineeship program announcement and made part of the award:

INTELLECTUAL PROPERTY RIGHTS

The National Science Foundation claims no rights to any inventions or writings that might result from its fellowship or traineeship awards. However, fellows and trainees should be aware that the NSF, another Federal agency, or some private party may acquire such rights through other support for particular research. Also, fellows and trainees should note their obligation to include an Acknowledgment and Disclaimer in any publication.

§ 650.7 Awards affected by international agreements.

(a) Some NSF awards are made as part of international cooperative research programs. The agreements or treaties underlying many of these programs require an allocation of patent rights different from that provided by the Patent Rights clause in §650.4(a). Therefore, as permitted by §401.5(d) of the implementing regulations for the Bayh-Dole Act (37 CFR 401.5(d)), paragraph (b) of the standard Patent Rights clause in §650.4(a) has been modified to provide that the Foundation may require the grantee to transfer to a foreign government or research performer such rights in any subject invention as are contemplated in the international agreement. The award instrument will identify the applicable agreement or treaty.

(b) After an invention is disclosed to the Patent Assistant, the recipient of an award subject to an international agreement will be informed as to what rights, if any, it must transfer to foreign participants. Recipients may also ask the Program Manager to provide them with copies of the identified international agreements before or after accepting an award.

§ 650.8 Retention of rights by inventor.

If an awardee elects not to retain rights to an invention, the inventor may request the NSF Patent Assistant for permission to retain principal patent rights. Such requests should be made as soon as possible after the awardee notifies the Patent Assistant that it does not want to patent the invention. Such requests will normally be granted unless either the awardee or the employer of the inventor shows that it would be harmed by that action. As required by §401.9 of the implementing regulations for the Bayh-Dole Act (37 CFR 401.9), the inventor will be subject to the same conditions that the awardee would have been, except that the special restrictions imposed on nonprofit organizations will not apply to the inventor.

§ 650.9 Unwanted inventions.

(a) The Foundation will normally allow any patent rights not wanted by the awardee or inventor to be dedicated
to the public through publication in scientific and engineering journals or as a statutory invention registration under section 157 of title 35 of the United States Code. Except as provided in paragraph (b) of this section, the NSF Patent Assistant will acknowledge a negative election by encouraging the awardee and inventor to promptly make all research results available to the scientific and engineering community.

(b) If the NSF Patent Assistant believes that another Federal agency is interested in the relevant technology, he or she may, after receiving the awardee's election not to patent and ascertaining that the inventor also does not want to patent, send a copy of the invention disclosure to that agency to give it an opportunity to review and patent the invention. Unless the agency expresses an interest in the invention within thirty days, the Patent Assistant will acknowledge the awardee's negative election by encouraging prompt publication of all research results. If the agency does express an interest in patenting the invention, the Patent Assistant will transfer to it all rights to the invention.

§ 650.11 Utilization reports.

Paragraph (h) of the standard Patent Rights clause set forth in §650.4 obliges grantees "to submit on request periodic reports no more frequently than annually on the utilization of a subject invention or on efforts at obtaining such utilization". At this time, the Foundation does not plan to request such reports except in connection with march-in investigations conducted under §650.13. This section will be amended to describe periodic reporting requirements if such are ever established.

[57 FR 18053, Apr. 28, 1992, as amended at 59 FR 37438, July 22, 1994]

§ 650.12 Waivers and approvals.

(a) Requests for extension of time to disclose to the NSF Patent Assistant, make an election to retain title to, or file a patent on a subject invention will be granted by the NSF Patent Assistant unless he or she determines that such an extension would either imperil the securing of valid patent protection or unacceptably restrict the publication of the results of the NSF-supported research.

(b) Approval of assignments by non-profit organizations (required by subparagraph (k)(1) of the Patent Rights clause in §650.4(a)) will be given by the Patent Assistant unless he or she determines that the interests of the United States Government will be adversely affected by such assignment.

(c) Approval of long-term exclusive licensing of NSF-assisted inventions by nonprofit organizations (restricted by earlier versions of the NSF Patents Rights clause and by pre-Bayh-Dole Institutional Patent Agreements and waiver conditions) will be given by the Patent Assistant unless he or she determines that the interests of the United States Government will be adversely affected by such waiver.

(d) The preference for United States industry imposed by paragraph (i) of the Patent Rights clause in §650.4(a) may be waived by the NSF Patent Assistant as provided in that paragraph.

(e) Special restrictions on or limitation of the right of an awardee to retain title to subject inventions imposed under §650.5 of this regulation may be
§650.13 Exercise of march-in rights.

(a) The procedures established by this section supplement those prescribed by §401.6 of the implementing regulation for the Bayh-Dole Act (37 CFR §401.6) and apply to all march-in rights held by NSF including those resulting from funding agreements not covered by the Bayh-Dole Act.

(b) Petitions requesting that the NSF exercise a march-in right should be addressed to the NSF Patent Assistant. Such petitions should:

(1) Identify the patent or patent application involved and the relevant fields of use of the invention;

(2) State the grounds for the proposed march-in;

(3) Supply evidence that one or more of the four conditions creating a march-in right (lack of practical application, unsatisfied health or safety needs, unmet requirements for public use, or failure to prefer United States industry) is present; and

(4) Explain what action by the Foundation is necessary to correct that condition.

(c) If evidence received from a petitioner or from the Foundation's administration of the Patent Rights clause indicates that one or more of the four conditions creating a march-in right might exist, the NSF Patent Assistant will informally review the matter as provided in §401.6(b) of the implementing regulation. If that informal review indicates that one or more of the four conditions creating a march-in right probably exists, the Patent Assistant will initiate a formal march-in proceeding by issuing a written notice to the patent holder. That notice will provide all the information required by §401.6(c) of the implementing regulation. The patent holder may submit information and argument in opposition to the proposed march-in in person, in writing, or through a representative.

(d) If the NSF Patent Assistant determines that a genuine dispute over material facts exists, he or she will identify the disputed facts and notify the NSF General Counsel. The General Counsel will create a cross-directorate fact-finding panel, which will establish its own fact-finding procedures within the requirements of §401.6(e) of the implementing regulation based on the dimensions of the particular dispute. The Patent Assistant will serve as secretary to the panel, but will not take part in its deliberations. Written findings of facts will be submitted to the General Counsel, sent by certified mail to the patent holder, and made available to all other interested parties.

§650.14 Request for conveyance of title to NSF.

(a) The procedures established by this section apply to the exercise of the Foundation's right under paragraph (d) of the Patent Rights clause in §650.4(a) to request conveyance of title to a subject invention if certain conditions exist.

(b) The NSF Patent Assistant may request the recipient of an NSF award
to convey to the Foundation or a designated title in one or more countries to any invention to which the awardee has elected not to retain title. The NSF Patent Assistant may request immediate conveyance of title to a subject invention if the awardee fails (1) to submit a timely invention disclosure, (2) to make a timely election to retain patent rights, or (3) to file a timely patent application; but only if he or she determines that such action is required to preserve patent rights.

(c) The NSF Patent Assistant will informally review any apparent failure by an awardee to comply with the requirements of paragraph (c) of the Patent Rights clause in § 650.4(a). The interested institution, the inventor, the patent holder, and any other interested party will be given an opportunity to explain why a particular invention was not disclosed, why an election was not made, or why a patent application was not filed. If the Patent Assistant determines that a genuine dispute over material facts exists, a cross-directorate fact-finding panel will be appointed by the General Counsel. The panel will establish its own fact-finding procedures based on the dimensions of the particular dispute. Written findings of facts will be submitted to the General Counsel, sent by certified mail to the patent holder, and made available to all other interested parties.

(d) The NSF General Counsel will determine whether the Foundation should request conveyance of title or if it should retain title obtained under § 650.14(b).

§ 650.15 Appeals.

(a) All actions by the NSF Patent Assistant under § 650.8 denying an inventor’s request to retain rights to a subject invention, under § 650.12 denying a request for waiver, or under § 650.14(d) denying the existence of a material dispute may be appealed to the Director of the NSF Division of Grants and Contracts by an affected party within thirty days. A request under § 650.14(b) to immediately convey title to the Foundation may be appealed to the DGC Director by the title holder within five days.

(b) All actions by a Grants and Agreements Officer or Contracting Officer refusing to eliminate restrictions on or limitation of the right of an awardee to retain title to subject inventions imposed under § 650.5 of this regulation may be appealed to the Director of the NSF Division of Contracts, Policy, and Oversight (CPO) by an affected party within thirty days.

(c) A decision by the General Counsel to exercise a march-in right or to request conveyance of title may be appealed by the patent holder or any affected licensee to the NSF Deputy Director within thirty days. When a march-in was initiated in response to a petition, the General Counsel’s decision not to exercise a march-in right or to exercise it in a manner different from that requested in the petition may be appealed by the petitioner to the NSF Deputy Director within thirty days.

(d) In reviewing the actions of the NSF Patent Assistant, a Grants and Agreements Officer, a Contracting Officer, or the General Counsel, the CPO Director or NSF Deputy Director will consider both the factual and legal basis for the action or determination and its consistency with the policies and objectives of the Foundation and, if applicable, the Bayh-Dole Act (35 U.S.C. 200-212) and implementing regulations at part 401 of title 37 of the Code of Federal Regulations.

§ 650.16 Background rights.

The Foundation will acquire rights to a research performer’s pre-existing technology only in exceptional circumstances where, due to the nature of the research being supported, the Foundation requires greater control over resulting inventions. The NSF Grants or Contracts Officer, with concurrence of the cognizant Program Manager, will negotiate a background rights provision. If the affected awardee is a small business firm or nonprofit organization, the provision will conform to the requirements of the Bayh-Dole Act (35 U.S.C. 202(f)) as implemented by 37 CFR 401.12).

§ 650.17 Subcontracts.

As provided in paragraph (g) of the Patent Rights clause in § 650.4(a),
§ 650.18 Delegation of authority.

The General Counsel is responsible for implementing this regulation and is authorized to make any exceptions to or extensions of the NSF Patent Policy as may be required by particular circumstances. The General Counsel will designate the NSF Patent Assistant and that individual is authorized to carry out the functions assigned by this regulation.

§ 650.19 Electronic invention handling.

(a) Grantees are encouraged to use the Edison Invention Information Management System maintained by the National Institutes of Health to disclose NSF subject inventions. Detailed instructions for use of that system are provided at http://era.info.nih.gov/Edison/ and should be followed for NSF subject inventions except that:

1. All written communications required should be addressed to the Patent Assistant, Office of the General Counsel, National Science Foundation, 4201 Wilson Boulevard, Arlington, VA 22230.

2. NSF does not require either an Annual Utilization Report or a Final Invention Statement and Certification.

(b) Questions on use of Edison may be sent to the NSF Patent Assistant at patents@nsf.gov.

SOURCE: 48 FR 29365, June 24, 1983, unless otherwise noted.

§ 660.1 What is the purpose of these regulations?

(a) The regulations in this part implement Executive Order 12372, "Intergovernmental Review of Federal Programs," issued July 14, 1982 and amended on April 8, 1983. These regulations also implement applicable provisions of section 401 of the Intergovernmental Cooperation Act of 1968.

(b) These regulations are intended to foster an intergovernmental partnership and a strengthened Federalism by relying on state processes and on state, areawide, regional and local coordination for review of proposed Federal financial assistance and direct Federal development.

(c) These regulations are intended to aid the internal management of the Foundation, and are not intended to create any right or benefit enforceable at law by a party against the Foundation or its officers.

§ 660.2 What definitions apply to these regulations?

Foundation means the National Science Foundation.

Director means the Director of the National Science Foundation or an official or employee of the Foundation acting for the Director under a delegation of authority.

State means any of the 50 states, the District of Columbia, the Commonwealth of Puerto Rico, the Commonwealth of the Northern Mariana Islands, Guam, American Samoa, the U.S. Virgin Islands, or the Trust Territory of the Pacific Islands.

§ 660.3 What programs and activities of the Foundation are subject to these regulations?

The Director publishes in the Federal Register a list of the Foundation's programs and activities that are subject to these regulations.

§ 660.4 [Reserved]

§ 660.5 What is the Director's obligation with respect to Federal interagency coordination?

The Director, to the extent practicable, consults with and seeks advice from all other substantially affected Federal departments and agencies in an effort to assure full coordination between such agencies and the Foundation regarding programs and activities covered under these regulations.

§ 660.6 What procedures apply to the selection of programs and activities under these regulations?

(a) A state may select any program or activity published in the Federal Register in accordance with § 660.3 of this part for intergovernmental review under these regulations. Each state, before selecting programs and activities, shall consult with local elected officials.

(b) Each state that adopts a process shall notify the Director of the Foundation's programs and activities selected for that process.

(c) A state may notify the Director of changes in its selections at any time. For each change, the state shall submit to the Director an assurance that the state has consulted with elected local elected officials regarding the change. The Foundation may establish deadlines by which states are required to inform the Director of changes in their program selections.

(d) The Director uses a state's process as soon as feasible, depending on individual programs and activities, after the Director is notified of its selections.
§ 660.7 How does the Director communicate with state and local officials concerning the Foundation's programs and activities?

(a) For those programs and activities covered by a state process under § 660.6, the Director, to the extent permitted by law:

(1) Uses the state process to determine views of state and local elected officials; and

(2) Communicates with state and local elected officials, through the state process, as early in a program planning cycle as is reasonably feasible to explain specific plans and actions.

(b) The Director provides notice to directly affected state, areawide, regional, and local entities in a state of proposed Federal financial assistance or direct Federal development if:

(1) The state has not adopted a process under the Order; or

(2) The assistance or development involves a program or activity not selected for the state process. This notice may be made by publication in the Federal Register or other appropriate means, which the Foundation in its discretion deems appropriate.

§ 660.8 How does the Director provide states an opportunity to comment on proposed Federal financial assistance and direct Federal development?

(a) Except in unusual circumstances, the Director gives state processes or directly affected state, areawide, regional, and local officials and entities:

(1) At least 30 days from the date established by the Director to comment on proposed Federal financial assistance in covered programs (i.e., those referenced in § 660.3) in the form of continuation awards that are not peer reviewed; and

(2) At least 60 days from the date established by the Director to comment on proposed direct Federal development or Federal financial assistance in covered programs (i.e., those referenced § 660.3) other than continuation awards that are not peer reviewed.

(b) This section also applies to comments in cases in which the review, coordination, and communication have been delegated.

§ 660.9 How does the Director receive and respond to comments?

(a) The Director follows the procedures in § 660.10 if:

(1) A state office or official is designated to act as a single point of contact between a state process and all Federal agencies, and

(2) That office or official transmits a state process recommendation for a program selected under § 660.6.

(b)(1) The single point of contact is not obligated to transmit comments from state, areawide, regional or local officials and entities where there is no state process recommendation.

(2) If a state process recommendation is transmitted by a single point of contact, all comments from state, areawide, regional, and local officials and entities that differ from it must also be transmitted.

(c) If a state has not established a process, or is unable to submit a state process recommendation, state, areawide, regional and local officials and entities may submit comments either to the applicant or to the Foundation.

(d) If a program or activity is not selected for a state process, state, areawide, regional and local officials and entities may submit comments either to the applicant or to the Foundation.

(e) The Director considers comments which do not constitute a state process recommendation submitted under these regulations and for which the Director is not required to apply the procedures of § 660.10 of this part, when such comments are provided by a single point of contact, by the applicant, or directly to the Foundation by a commenting party.

§ 660.10 How does the Director make efforts to accommodate intergovernmental concerns?

(a) If a state process provides a state process recommendation to the Foundation through its single point of contact, the Director either:

(1) Accepts the recommendation;
§ 660.11 What are the Director's obligations in interstate situations?

(a) Whether the authorization requested meets the objectives of the Act and the requirements of the regulations in this part;

(b) The judgment of persons having expertise in matters germane to the application; and

(c) Whether the applicant has failed to disclose material information required or has made false statements about any material fact in connection with the application.

§ 670.13 Permit administration.

(a) Issuance of the permits. The Director may approve any application in whole or part. Permits shall be issued in writing and signed by the Director. Each permit may contain such terms
and conditions as are consistent with the Act and this part.

(b) Denial. The applicant shall be notified in writing of the denial of any permit request or part of a request and of the reason for such denial. If authorized in the notice of denial, the applicant may submit further information or reasons why the permit should not be denied. Such further submissions shall not be considered a new application.

(c) Amendment of applications or permits. An applicant or permit holder desiring to have any term or condition of his application or permit modified must submit full justification and supporting information in conformance with the provisions of this subpart and the subpart governing the activities sought to be carried out under the modified permit. Any application for modification of a permit that involves a material change beyond the terms originally requested will normally be subject to the same procedures as a new application.

(d) Notice of issuance or denial. Within 10 days after the date of the issuance or denial of a permit, the Director shall publish notice of the issuance or denial in the Federal Register.

(e) Agents of the permit holder. The Director may authorize the permit holder to designate agents to act on behalf of the permit holder.

(f) Marine mammals, endangered species, and migratory birds. If the Director receives a permit application involving any native mammal which is a marine mammal as defined by the Marine Mammal Protection Act of 1972 (16 U.S.C. 1362(5)), any species which is an endangered or threatened species under the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.) or any native bird which is protected under the Migratory Bird Treaty Act (16 U.S.C. 701 et seq.), the Director shall submit a copy of the application to the Secretary of Commerce or to the Secretary of the Interior, as appropriate. If the appropriate Secretary determines that a permit should not be issued pursuant to any of the cited acts, the Director shall not issue a permit. The Director shall inform the applicant of any denial by the appropriate Secretary and no further action shall be taken on the application. If, however, the appropriate Secretary issues a permit pursuant to the requirements of the cited acts, the Director shall still determine whether the proposed action is consistent with the Act and the regulations in this part.

§ 670.14 Conditions of permits.

(a) Possession of permits. Permits issued under the regulations in this part, or copies of them, must be in the possession of persons to whom they are issued and their agents when conducting the authorized action.

§ 670.15 Modification, suspension, and revocation.

(a) The Director may modify, suspend, or revoke, in whole or in part, any permit issued under this subpart:

(1) In order to make the permit consistent with any change to any regulation in this part made after the date of issuance of this permit;

(2) If there is any change in conditions which make the permit inconsistent with the purpose of the Act and the regulations in this part; or

(3) In any case in which there has been any violation of any term or condition of the permit, any regulation in this part, or any provision of the Act.

(b) Whenever the Director proposes any modifications, suspension, or revocation of a permit under this section, the permittee shall be afforded opportunity, after due notice, for a hearing by the Director with respect to such proposed modification, suspension or revocation. If a hearing is requested, the action proposed by the Director shall not take effect before a decision is issued by him after the hearing, unless the proposed action is taken by the Director to meet an emergency situation.
(c) Notice of the modification, suspension, or revocation of any permit by the Director shall be published in the Federal Register, within 10 days from the date of the Director’s decision.

All permits allowing the introduction of non-indigenous plants and animals will require that the animal or plant be kept under controlled conditions to prevent its escape or contact with native fauna and flora and that after serving its purpose the plant or animal shall be removed from Antarctica or be destroyed in manner that protects the natural system of Antarctica.
§ 671.2 Scope.

These regulations in part 671 apply to any U.S. citizen's use or release of a banned substance, designated pollutant or waste in Antarctica.

[58 FR 34719, June 29, 1993, as amended at 59 FR 37438, July 22, 1994]

Subpart C—Permits

§671.6 Applications for permits.

(a) General content of permit applications. Each application for a permit shall be dated and signed by the applicant, and shall include the following information:

(1) The applicant’s name, address and telephone number, the business or institutional affiliation of the applicant, or the name, address and telephone number of the president, principal officer or managing partner of the applicant, as applicable;

(2) A description of the types, expected concentrations and volumes of wastes and designated pollutants to be released in Antarctica; the nature and timing of such releases; arrangements for waste management, including, without limitation, plans for waste reduction, minimization, treatment and processing, recycling, storage, transportation and disposal; arrangements for training and educating personnel to comply with these waste management requirements and procedures, and arrangements for monitoring compliance; and other arrangements for minimizing and monitoring the environmental impacts of proposed operations and activities;

(3) A description of the types, expected concentrations and volumes of designated pollutants to be used in Antarctica; the nature and timing of such uses; the method of storage of designated pollutants; and a contingency plan for controlling releases in a manner designed to minimize any resulting hazards to health and the environment;

(4) The desired effective date and duration of the permit; and

(5) The following certification:

“I certify that, to the best of my knowledge and belief, and based upon due inquiry, the information submitted in this application for a permit is complete and accurate. Any knowing or intentional false statement will subject me to the criminal penalties of 18 U.S.C. 1001.”

(b) Address to which application should be sent. Each application shall be in writing, and sent to: Permits Office,
§ 671.7 General issuance criteria.

(a) Upon receipt of a complete and properly executed application for a permit, the Director will decide whether and on what conditions he will issue a permit. In making this decision, the Director will carefully consider any comments or suggestions received from interested parties, the Environmental Protection Agency and other federal agencies pursuant to §671.6(d), and will determine whether the permit requested meets the objectives of the Act, the Protocol, and the requirements of these regulations.

(b) Permits authorizing the use or release of designated pollutants or wastes may be issued only if, based on relevant available information, the Director determines that such use or release will not pose a substantial hazard to health or the environment, taking into account available information on the possible cumulative impact of multiple releases.

§ 671.8 Permit administration.

(a) Issuance of permits. The Director may approve an application for a permit in whole or in part, and may condition such approval upon compliance with additional terms and conditions. Permits shall be issued in writing, shall be signed by the Director, shall specify duration, and shall contain such terms and conditions as may be established by the Director and as are consistent with the Act and this part.

(b) Denial. An applicant shall be notified in writing of the denial of any permit request or part of a request, and the reason for such denial. If authorized in the notice of denial, the applicant may submit further information, or reasons why the permit should not be denied. Such further submissions shall constitute amendments of the application.

(c) Amendment of applications or permits. An applicant or permit holder desiring to have any term or condition of his application or permit modified must submit full justification and supporting information in conformance with the provisions of this Part. Any application for modification of a permit that involves a material change beyond the terms originally requested will be subject to the same procedures as a new application.

(d) Public notice of issuance or denial. Within 10 days after the date of the issuance or denial of a permit, the Director shall publish notice in the Federal Register, including the conditions of issuance or basis for denial, as appropriate.

§ 671.9 Conditions of permit.

(a) Conditions. All permits issued pursuant to subpart C of this part shall be conditioned upon compliance with the relevant provisions of the ACA, the Treaty, the Protocol, such specific conditions or restrictions as may be imposed by the Director under §671.7, and the provisions of subpart D of this part.

(b) Possession of permits. Permits issued under this part, or copies of them, must be in the possession of persons to whom they are issued or their agents when conducting the authorized action. Any permit issued shall be shown to the Director or to any other person with enforcement authority upon request.
(c)(1) Reports. Permit holders must provide the Director with written reports of:
(i) Any non-permitted release of designated pollutants or waste within fourteen days after the occurrence of such release, including the date, quantity and cause of the release, and plans for remediation;
(ii) The identity and quantity of all designated pollutants removed from Antarctica or otherwise disposed of, and the method of disposal; and
(iii) Any other violations of the terms and conditions of their permits.
(2) The Director may also require permit holders to file reports of activities conducted under their permits. Such reports shall be submitted to the Director not later than June 30 for the preceding 12 month period ending May 31.

§ 671.10 Review, modification, suspension, and revocation.
(a) The Director may modify, suspend or revoke, in whole or in part, any permit issued under this part:
(1) In order to make the permit consistent with any change to any regulation in this Part made after the date of issuance of the permit;
(2) If there is any change in conditions which makes the permit inconsistent with the Act and any regulation in this part; or
(3) In any case in which there has been any violation of any term or condition of the permit, any regulation in this part, or any provision of the Act.
(b) The Director shall review all unexpired permits issued under this part at least biennially to determine whether those permits should be modified, suspended or revoked as set forth in paragraph (a) of this section.
(c) Whenever the Director proposes any modifications, suspensions or revocations of a permit under this § 671.10, the permittee shall be afforded the opportunity, after due notice, for a hearing by the Director with respect to such proposed modification, suspension, or revocation. If a hearing is requested, the action proposed by the Director shall not take effect before a decision is issued by him after the hearing, unless the proposed action is taken by the Director to meet an emergency situation.
(d) Notice of the modification, suspension, or revocation of any permit shall be published in the Federal Register within 10 days from the date of the Director's decision.

Subpart D—Waste Management
§ 671.11 Waste storage.
(a) Pending the treatment, disposal or removal of any wastes pursuant to § 671.12, all wastes shall be contained, confined or stored in a manner that will prevent dispersal into the environment;
(b) All Antarctic hazardous wastes generated at or transported to any USAP station may be temporarily stored at such station prior to the treatment, disposal or removal of any wastes pursuant to § 671.12, provided all such Antarctic hazardous waste is stored in either closed containers or tanks labeled to indicate their contents and the beginning date of accumulation of such waste, and further provided the following conditions are satisfied:
(1) If Antarctic hazardous wastes, radioactive wastes, or medical wastes, are generated at or transported to McMurdo Station, they may be temporarily stored at that station for a period not to exceed 15 months;
(2) If Antarctic hazardous wastes, radioactive wastes, or medical wastes, are generated at or transported to South Pole Station, they may be temporarily stored at that station while awaiting transport to McMurdo Station, for a period not to exceed 15 months;
(3) If Antarctic hazardous wastes, radioactive wastes, or medical wastes, are generated at or transported to Palmer Station, they may be temporarily stored at that station while awaiting transport to McMurdo Station or other disposition, for a period not to exceed 28 months;
(4) Containers holding Antarctic hazardous wastes must be:
(i) In good, non-leaking condition with sufficient structural integrity for the storage of Antarctic hazardous waste;
(ii) Made of or lined with materials which will not react with, and are otherwise compatible with, the Antarctic hazardous waste to be stored, so that the ability of the containers to contain such waste is not impaired;

(iii) Stored in a manner that allows access for inspection and response to emergencies; and

(iv) Inspected at least weekly for leakage and deterioration. All inspections must be appropriately documented.

(5) Tank systems used for storing Antarctic hazardous wastes must be in good, non-leaking condition with sufficient structural integrity for the storing of hazardous wastes; and systems must be inspected weekly to detect corrosion or releases of waste and to collect data from monitoring and leak detection equipment, to the extent available, to ensure that they are functioning properly. All inspections must be appropriately documented. Prior to the expiration of the 15 month period referred to in §671.11(b)(1), all Antarctic hazardous wastes shall be treated or removed from Antarctica in accordance with §671.12.

(6) Ignitable, reactive or incompatible wastes shall be properly segregated and protected from sources of ignition or reaction, as appropriate.

(c) All Antarctic hazardous wastes generated at a location other than a permanent station may be temporarily stored at such location for a period not to exceed 12 months, in closed, non-leaking containers marked to indicate their contents. Such containers must be in good condition and made of or lined with material which will not react with and is otherwise compatible with the Antarctic hazardous waste stored therein so as not to impair the ability of the container to contain the waste. Prior to the expiration of the 12 month period referred to above, all such hazardous wastes shall be either:

(1) Treated or processed, disposed of or removed from Antarctica pursuant to §671.12, or

(2) Removed to a permanent station and temporarily stored at that station in accordance with paragraph (b) of this section.

§671.12 Waste disposal.

(a)(1) The following wastes shall be removed from Antarctica:

(i) Radioactive materials;

(ii) Electrical batteries;

(iii) Fuel (both liquid and solid);

(iv) Waste containing harmful levels of heavy metals or acutely toxic or harmful persistent compounds;

(v) Poly-vinyl chloride (PVC), polyurethane foam, polystyrene foam, rubber and lubricating oils, treated timbers and other products containing additives which can produce harmful emissions or releases;

(vi) All other plastic wastes except low density polyethylene containers (such as bags for storing wastes) provided such containers are incinerated in accordance with paragraph (e) of this section;

(vii) Solid, non-combustible wastes; and

(viii) Fuel, oil and chemical drums that constitute waste.

(2) Notwithstanding paragraph (a)(1) of this section, the obligations set forth in paragraphs (a)(1) (vii) and (viii) of this section shall not apply if the Director determines that the removal of such wastes by any practicable option would cause greater adverse environmental impacts than would be caused by leaving them in their existing locations.

(b) All liquid wastes other than sewage and domestic liquid wastes and wastes referred in paragraph (a) of this section shall be removed from Antarctica to the maximum extent practicable.

(c) Sewage and domestic liquid wastes may be discharged directly into the sea, taking into account the assimilative capacity of the receiving marine environment, and provided that such discharge occurs, wherever practicable, where conditions exist for initial dilution and rapid dispersal, and further provided that large quantities of such wastes (generated in a station where the average weekly occupancy over the austral summer is approximately 30 individuals or more) shall be treated at least by maceration. If biological treatment processes are used, the by-product of such treatment may
be disposed of into the sea provided disposal does not adversely affect the local environment.

(d) Residues of introduced animal carcasses, laboratory culture of microorganisms and plant pathogens, and introduced avian products must be removed from Antarctica unless incinerated, autoclaved or otherwise sterilized.

(e) Combustible wastes not removed from Antarctica other than wastes referred to in paragraph (a) of this section shall be burnt in incinators which reduce harmful emissions or discharges to the maximum extent practicable and the solid residue of such incineration shall be removed from Antarctica; provided, however, that USAP may continue to bury such combustible wastes in snow pits at South Pole Station, but must phase out such practices before March 1, 1995. Any emission or discharge standards and equipment guidelines which may be recommended by the Committee for Environmental Protection constituted or to be constituted pursuant to the Protocol or by the Scientific Committee on Antarctic Research shall be taken into account.

(f) Sewage and domestic liquid wastes and other liquid wastes not removed from Antarctica in accordance with other provisions of this section, shall, to the maximum extent practicable, not be disposed of onto sea ice, ice shelves or grounded ice-sheet unless such wastes were generated by stations located inland on ice shelves or on the grounded ice-sheet. In such event, the wastes may be disposed of in deep ice pits if that is the only practicable option, provided the ice pits are not located on known ice-flow lines which terminate at ice-free land areas or in blue ice areas of high ablation.

(g) No wastes may be disposed of onto ice-free areas or into any fresh water system.

(h) Open burning of wastes is prohibited at all permanent stations, and shall be phased out at all other locations by March 1, 1994. If it is necessary to dispose of waste by open burning prior to March 1, 1994, allowance shall be made for the wind direction and speed and the type of waste to be burnt to limit particulate deposition and to avoid such deposition over areas of special biological, scientific, historic, aesthetic or wilderness significance.

(i) Each unauthorized release of waste in Antarctica shall be, to the maximum extent practicable, promptly cleaned up by the person responsible for such release.

§ 671.13 Waste management for the USAP.

(a) In order to provide a basis for tracking USAP wastes, and to facilitate studies aimed at evaluating the environmental impacts of scientific activity and logistic support, the USAP shall classify its wastes in one of the following categories:

1. Sewage and domestic liquid wastes;
2. Other liquid wastes and chemicals, including fuels and lubricants;
3. Solid wastes to be combusted;
4. Other solid wastes; and
5. Radioactive material.

(b) USAP shall prepare and annually review and update a waste management plan (including plans for waste reduction, storage and disposal) specifying for each of its permanent stations, field camps and ships (other than small boats that are part of the operations of permanent stations or are otherwise taken into account in existing management plans for ships):

1. Current and planned waste management arrangements, including final disposal;
2. Current and planned arrangement for assessing the environmental effects of waste and waste management;
3. Other efforts to minimize environmental effects of wastes and waste management; and
4. Programs for cleaning up existing waste disposal sites and abandoned work sites.

(c) USAP shall designate one or more waste management officials to develop and monitor waste management plans and ensure that members of expeditions receive training so as to limit the impact of their activities on the Antarctic environment, and to inform them of the requirements of the Protocol and of this Part.

(d) USAP shall, to the extent practicable, prepare an inventory of locations of past activities (i.e., traverses,
§ 671.14 Annual review.

The Director shall review the list of banned substances and designated pollutants at least annually, and may propose the designations or redesignations of any substance as a banned substance, designated pollutant or other waste, based on the following criteria:

(a) If the Director determines that a substance, including a designated pollutant, poses a substantial immediate hazard to health or the environment and such hazard cannot be eliminated through waste management practices or other methods, or if the Parties to the Protocol or Treaty agree that a substance should be banned from use in Antarctica, the Director may designate such substance a banned substance.

(b) If the Director determines that a substance is liable to create a hazard to health or the environment if improperly treated or processed, stored, transported, or disposed of, the Director may designate such substance a designated pollutant.

(c) If the Director determines that a substance previously designated a banned substance no longer displays the characteristics described in paragraph (a) of this section, the Director may remove such substance from the list of banned substances (to the extent consistent with the provisions of the Protocol), but if the Director determines that such substance has the characteristics described in paragraph (b) of this section, it shall be redesignated a designated pollutant.

(d) If the Director determines that a substance previously designated a designated pollutant no longer displays the characteristics described in paragraph (b) of this section, the Director may remove such substance from the list of designated pollutants.

(e) In making the determinations referred to in paragraphs (a) through (d) of this section, the Director shall take into account all relevant new information obtained through monitoring activities or otherwise.

§ 671.15 Publication of preliminary determination

Prior to any designation or redesignation of substances pursuant to § 671.14 (including removal of such substances from lists of banned substances or designated pollutants), the Director shall publish notice in the FEDERAL REGISTER of any proposed designation or redesignation, including the basis therefor. The notice shall invite the submission by interested parties, the Environmental Protection Agency and other Federal agencies, within 30 days after the date of publication of notice, of written data, comments, or views with respect to such action.

§ 671.16 Designation and redesignation of pollutants

After review of any comments or suggestions received from interested parties, the Environmental Protection Agency and other Federal agencies pursuant to § 671.15, the Director will make a final determination to designate and redesignate various substances as set forth above. Within 10 days after the date of such final determination, the Director shall publish notice of any action taken in the FEDERAL REGISTER. Such action shall become effective no earlier than thirty days following publication of notice.
§ 672.1 Hearing procedures—Scope of these rules.

(a) These hearing rules govern all adjudicatory proceedings for the assessment of civil penalties or imposition of other sanctions pursuant to the Antarctic Conservation Act of 1978, 16 U.S.C. 2407; 2404(f); 2401-2412; and

OPP is responsible for investigating alleged violations of the "prohibited acts" section of the ACA and alleged noncompliance with ACA permits. OPP will act as the official complainant in all proceedings under the ACA governed by these rules. OPP may delegate all or part of its investigatory duties to other appropriate NSF employees, other qualified federal employees, or consultants. OPP will prepare complaints with the assistance of designated prosecuting attorneys within NSF’s Office of the General Counsel, other qualified federal attorneys, or other appropriate legal representative selected jointly by OPP and OGC. The designated prosecuting attorney will represent OPP in all proceedings governed by these rules.

(g) The Office of Polar Programs, acting on behalf of the Director, may designate qualified individuals as enforcement officers empowered to execute all of the law enforcement functions set forth in section 10 of the ACA, 16 U.S.C. 2409, as well as any other appropriate actions ancillary to those statutory duties. OPP will provide each enforcement officer with official enforcement credentials for identification purposes and use during execution of official duties. OPP may also designate knowledgeable individuals to provide educational and other information regarding the Antarctic to tour operators, their clients and employees, and other visitors to the Antarctic.

(h) The Office of Polar Programs shall prepare for publication and distribution a clear, concise explanation of the prohibited acts set forth in the Antarctic Conservation Act, and other appropriate educational material. The explanation may be translated into Spanish, French, German, or other foreign languages. Tour operators shall distribute provided materials to each passenger and crew member.

(i) The Office of the General Counsel, with the concurrence of the Office of Polar Programs, may refer appropriate cases to the Department of Justice for possible prosecution of criminal violations of the Antarctic Conservation Act.

Clerk. A certificate of service shall accompany each document served under this subsection.

(b) Service of pleadings and documents—(1) Service of complaint. (i) Service of a copy of the signed original of the complaint, together with a copy of these rules, may be made personally or by certified mail, return receipt requested, on the respondent or his representative.

(ii) Service upon a domestic or foreign corporation or upon a partnership or other unincorporated association which is subject to suit under a common name shall be made by personal service or certified mail, as prescribed by paragraph (b)(1)(i) of this section, directed to an officer, partner, a managing or general agent, or to any other person authorized by appointment or by Federal or State law to receive service of process.

(iii) Service upon an officer or agency of the United States shall be made by delivering a copy of the complaint to the officer or agency, or in any manner prescribed for service by applicable regulations. If the agency is a corporation, the complaint shall be served as prescribed in paragraph (b)(1)(ii) of this section.

(iv) Service upon a State or local unit of government, or a State or local officer, agency, department, corporation or other instrumentality shall be made by serving a copy of the complaint in the manner prescribed by the law of the State for the service of process on any such persons, or

(A) If upon a State or local unit of government, or a State or local department, agency, corporation or other instrumentality, by delivering a copy of the complaint to the chief executive officer thereof; or

(B) If upon a State or local officer by delivering a copy to such officer.

(4) The initial document filed by any person shall contain his name, address and telephone number. Any changes in this information shall be communicated promptly to the Hearing Clerk, Presiding Officer, and all parties to the proceeding. A party who fails to furnish such information and any changes thereto shall be deemed to have waived his right to notice and service under these rules.

§ 672.5 Filing and service of rulings, orders, and decisions.

(a) All rulings, orders, decisions, and other documents issued by the Presiding Officer shall be filed with the Hearing Clerk. Copies of all such documents shall be served personally, or by certified mail, return receipt requested, upon all parties.

(b) Computation. In computing any period of time prescribed or allowed in these rules, except as otherwise provided, computation is by calendar days and does not include the day of the event from which the designated period begins to run. When a stated time expires on a Saturday, Sunday or legal holiday, the stated time period shall be extended to include the next business day.

(c) Extensions of time. The Presiding Officer may grant an extension of time for the filing of any pleading, document, or motion (1) upon timely motion of a party to the proceeding, for good cause shown, and after consideration of prejudice to other parties, or (2) upon his own motion. Such a motion by a party may only be made after notice to all other parties, unless the movant can show good cause why serving notice is impracticable. The motion shall be filed in advance of the date on which the pleading, document
or motion is due to be filed, unless the failure of a party to make timely motion for extension of time was the result of excusable neglect.

(d) Service by mail. Service of the complaint is complete when the return receipt is signed. Service of all other pleadings and documents is complete upon mailing. Where a pleading or document is served by mail, five (5) days shall be added to the time allowed by these rules for the filing of a responsive pleading or document.

(e) Ex parte discussion of proceeding. At no time after the issuance of the complaint shall the Presiding Officer, or any other person who is likely to advise the Presiding Officer during the pendency of the proceeding and relating to the merits thereof, by or on behalf of any party, shall be regarded as argument made in the proceeding and shall be served upon all other parties. The Presiding Officer shall give the other parties an opportunity to reply.

(f) Subject to the provisions of law restricting the public disclosure of confidential information, any person may, during Agency business hours, inspect and copy any document filed in any proceeding. Such documents shall be made available by the Hearing Clerk.

(g) The person seeking copies of any documents filed in a proceeding shall bear the cost of duplication. Upon a formal request the Agency may waive this cost in appropriate cases.

§ 672.6 Appearances.

(a) Appearances. Any party may appear in person or by counsel or other representative. A partner may appear on behalf of a partnership and an officer may appear on behalf of a corporation. Persons who appear as counsel or other representative must conform to the standards of conduct and ethics required of practitioners before the courts of the United States.

(b) Intervention. A motion for leave to intervene in any proceeding conducted under these rules must set forth the grounds for the proposed intervention, the position and interest of the movant, and whether the intervention will cause delay. Any person already a party to the proceeding may file an answer to a motion to intervene, making specific reference to the factors set forth in the foregoing sentence and paragraph (c) of this section, within ten (10) days after service of the motion for leave to intervene.

(c) A motion for leave to intervene in a proceeding must ordinarily be filed before the first prehearing conference, or if there is no such conference, prior to the setting of a time and place for a hearing. Any motion filed after that time must include, in addition to the information set forth in paragraph (b) of this section, a statement of good cause for the failure to file on a timely manner. Agreements, arrangements, and other matters previously resolved during the proceeding are binding on the intervenor.

(d) Disposition. The Presiding Officer may grant leave to intervene only if the movant demonstrates that (1) his presence in the proceeding would not unduly prolong or otherwise prejudice the adjudication of the rights of the original parties; (2) the movant will be adversely affected by a final order; and (3) the interests of the movant are not being adequately represented by the original parties. The intervenor becomes a full party to the proceeding upon the granting of leave to intervene.

(e) Amicus curiae. Persons not parties to the proceeding who wish to file briefs may so move. The motion shall identify the interest of the applicant and shall state the reasons why the proposed amicus brief is desirable. If the motion is granted, the Presiding Officer or Director shall issue an order setting the time for filing such brief. An amicus curiae is eligible to participate in any briefing after his motion is granted, and shall be served with all briefs, motions, and orders relating to issues to be briefed.
§ 672.7 Issuance of complaint.

(f) Consolidation. The Presiding Officer may, by motion or sua sponte, consolidate any or all matters at issue in two or more proceedings docketed under these rules where (1) there exists common parties or common questions of fact or law; (2) consolidation would expedite and simplify consideration of the issues; and (3) consolidation would not adversely affect the rights of parties engaged in otherwise separate proceedings.

(g) Severance. The Presiding Officer may, by motion or sua sponte, for good cause shown order any proceedings severed with respect to any or all parties or issues.

§ 672.7 Issuance of complaint.

(a) General. If the complainant has reason to believe that a person has violated any provision of the Antarctic Conservation Act, other Act or attendant regulations, or a permit issued under the ACA, he may institute a proceeding for the assessment of a civil penalty or other sanctions by issuing a complaint under the Act and these rules.

(b) If the complainant has reason to believe that (1) a permittee violated any term or condition of the permit, or (2) a permittee misrepresented or inaccurately described any material fact in the permit application or failed to disclose all relevant facts in the permit application, or (3) other good cause exists for such action, he may institute a proceeding for the revocation or suspension of a permit by issuing a complaint under the Act and these rules.

(c) Content and amendment of the complaint. All complaints shall include:

1. A statement reciting the section(s) of the Act, regulations, and/or permit authorizing the issuance of the complaint;

2. A concise statement of the factual basis for all alleged violations;

3. Notice of the respondent's right to request a hearing on any material fact contained in the complaint, or on the appropriateness of the proposed sanction.

(d) Each complaint for the assessment of a civil penalty shall also include:

1. Specific reference to each provision of the Act and implementing regulations which respondent is alleged to have violated;

2. The amount of the civil penalty which is proposed to be assessed; and

3. A statement explaining the reasoning behind the proposed penalty.

(e) Each complaint for the revocation or suspension of a permit shall also include:

1. Specific reference to each term or condition of the permit which the respondent is alleged to have violated, to each alleged inaccuracy or misrepresentation in respondent's permit application, to each fact which the respondent allegedly failed to disclose in his permit application, or to other reasons which form the basis for the complaint;

2. A request for an order to either revoke or suspend the permit and a statement of the terms and conditions of any proposed partial suspension or revocation; and

3. A statement indicating the basis for recommending the revocation, rather than the suspension, of the permit, or vice versa.

A copy of these rules shall accompany each complaint served.

(f) Derivation of proposed civil penalty. The complainant shall determine the dollar amount of the proposed civil penalty in accordance with any criteria set forth in the Act and with any civil penalty guidance issued by NSF.

(g) Amendment of the complaint. The complainant may amend the complaint once as a matter of right at any time before the answer is filed. Otherwise the complainant may amend the complaint only upon motion granted by the Presiding Officer. The respondent shall have twenty (20) additional days from the date of service of the amended complaint to file his answer.

(h) Withdrawal of the complaint. The complainant may withdraw the complaint, or any part thereof, without prejudice any time before the answer has been filed. After one withdrawal before the filing of an answer, or after the filing of an answer, the complainant may withdraw the complaint, or any part thereof, without prejudice.
only upon motion granted by the Presiding Officer.

(i) Complainant, in cooperation with the Office of General Counsel, may refer cases to the Department of Justice for possible criminal prosecution if there is reason to believe that respondent willfully violated the Antarctic Conservation Act or its attendant regulations. Such referral does not automatically preclude NSF from proceeding administratively under the Act and these rules against the same respondent.

§ 672.8 Answer to the complaint.

(a) General. Where respondent (1) contests any material fact upon which the complaint is based; (2) contends that the amount of the penalty proposed in the complaint or the proposed revocation or suspension, as the case may be, is inappropriate; or (3) contends that he is entitled to judgment as a matter of law, he shall file a written answer to the complaint with the Hearing Clerk. Any such answer to the complaint must be filed with the Hearing Clerk within twenty (20) days after service of the complaint.

(b) Contents of the answer. The answer shall clearly and directly admit, deny or explain each of the factual allegations contained in the complaint. If respondent asserts he has no knowledge of a particular factual allegation, the allegation is deemed denied. The answer shall also state (1) the circumstances or arguments which are alleged to constitute the grounds of defense; (2) the facts which respondent intends to place at issue; and (3) whether a hearing is requested.

(c) Request for hearing. A hearing upon the issues raised by the complaint and answer shall be held upon request of respondent in the answer. The Presiding Officer may deem the right to a hearing waived if it is not requested by respondent. In addition, a hearing may be held at the discretion of the Presiding Officer, sua sponte, to examine issues raised in the answer.

(d) Failure to admit, deny, or explain. Failure of respondent to admit, deny, or explain any material factual allegation contained in the complaint constitutes an admission of the allegation.

(e) Amendment of the answer. The respondent may amend the answer to the complaint upon motion granted by the Presiding Officer.

§ 672.9 Motions.

(a) General. All motions, except those made orally on the record during a hearing, shall (1) be in writing; (2) state the basis or grounds with particularity; (3) set forth the relief or order sought; and (4) be accompanied by any affidavit, certificate, or other evidence or legal memorandum relied upon.

(b) Response to motions. A party must file a response to any written motion within ten (10) days after service of such motion, unless the Presiding Officer allows additional time. The response shall be accompanied by any affidavit, certificate, other evidence, or legal memorandum relied upon. If no response is filed within the designated period, the Presiding Officer may deem the parties to have waived any objection to the granting of the motion. The Presiding Officer may also set a shorter time for response, or make such other appropriate orders concerning the disposition of motions.

(c) Ruling on Motions. The Presiding Officer shall rule on all motions, unless otherwise provided in these rules. The Presiding Officer may permit oral argument if he considers it necessary or desirable.

§ 672.10 Default order.

(a) Default. The Presiding Officer may find a party in default (1) after motion, upon failure to file a timely answer to the complaint; (2) after motion or sua sponte, upon failure to comply with a prehearing or hearing order of the Presiding Officer; or (3) after motion or sua sponte, upon failure to appear at a conference or hearing without good cause being shown. No finding of default on the basis of a failure to appear at a hearing shall be made against the respondent unless the complainant presents sufficient evidence to the Presiding Officer to establish a prima facie case against the respondent. Any motion for a default order shall include a proposed default order and shall be served upon all parties. The alleged defaulting party shall have twenty (20) days from service to reply
§ 672.11 Informal settlement; consent agreement and order.

(a) Settlement policy. The Agency encourages settlement of a proceeding at any time if the settlement is consistent with the provisions and objectives of the Act and applicable regulations. The respondent may confer with complainant concerning settlement whether or not the respondent requests a hearing. Settlement conferences shall not affect the respondent’s obligation to file a timely answer.

(b) Consent agreement. The parties shall forward a written consent agreement and a proposed consent order to the Presiding Officer whenever settlement or compromise is proposed. The consent agreement shall state that, for the purpose of this proceeding, respondent (1) admits the jurisdictional allegations of the complaint; (2) admits the facts stipulated in the consent agreement or neither admits nor denies specific factual allegations contained in the complaint; and (3) consents to the assessment of a stated civil penalty or to the stated permit revocation or suspension, or to other sanctions or actions in mitigation. The consent agreement shall include any and all terms of the agreement, and shall be signed by all parties or their counsel or representatives.

(c) Consent order. No settlement or consent agreement shall dispose of any proceeding under the rules without a consent order from the Director or his delegatee. Before signing such an order, the Director or his delegatee may require that the parties to the settlement appear before him to answer inquiries relating to the consent agreement or order.

(d) Actions by respondent to clean, protect, enhance, or benefit the environment. NSF may accept from respondent environmentally beneficial actions, in lieu of penalties, in whole or in part, assessed under the Antarctic Conservation Act. An assessment of the monetary value of any action in mitigation shall be made before that action is incorporated as a part of any consent agreement and order.

§ 672.12 Prehearing conference.

(a) Purpose of prehearing conference. Unless a conference appears unnecessary, the Presiding Officer, at any time before the hearing begins, shall direct the parties and their counsel or other representatives to appear at a conference before him to consider:

(1) The settlement of the case;
(2) The simplification of issues and stipulation of facts not in dispute;
(3) The necessity or desirability of amendments to pleadings;
(4) The exchange of exhibits, documents, prepared testimony, and admissions or stipulations of fact which will avoid unnecessary proof;
(5) The limitation of the number of expert or other witnesses;
(6) Setting a time and place for the hearing; and
(7) Any other matters which may expedite the proceeding.

(b) Exchange of witness lists and documents. Unless otherwise ordered by the Presiding Officer, each party at the prehearing conference shall make available to all other parties (1) the names of the expert and other witnesses he intends to call, together with a brief narrative summary of their expected testimony, and (2) copies of all documents and exhibits which each party intends to introduce into evidence. Documents and exhibits shall be marked for identification as ordered by the Presiding Officer. The Presiding Officer may exclude from evidence any document or testimony not disclosed at the prehearing conference. If the Presiding Officer permits the submittal of new evidence, he will issue an order granting discovery, with any qualifying conditions and terms.

(c) Record of the prehearing conference. No transcript of a prehearing conference relating to settlement shall be made. With respect to other prehearing conferences, no transcript of any prehearing conferences shall be made unless ordered by the Presiding Officer upon motion of a party or sua sponte. The Presiding Officer shall prepare and file for the record a written summary of the action taken at the conference. The summary shall incorporate any written stipulations or agreements of the parties and all rulings and appropriate orders containing directions to the parties.

(d) Unavailability of a prehearing conference. If a prehearing conference is unnecessary or impracticable, the Presiding Officer, on motion or sua sponte, may conduct a telephonic conference or direct the parties to correspond with him to accomplish any of the objectives set forth in this section.

(e) Other discovery. (1) Except as provided by paragraph (b) of this section, further discovery shall be permitted only upon determination by the Presiding Officer that (i) such discovery will not in any way unreasonably delay the proceeding; (ii) the information to be obtained is not otherwise obtainable; and (iii) such information has significant probative value.

(2) The Presiding Officer shall order depositions upon oral questions only upon a showing of good cause and upon a finding that (i) the information sought cannot be obtained by alternative methods; or (ii) there is substantial reason to believe that relevant and probative evidence may otherwise not be preserved for presentation by a witness at the hearing.

(3) Any party may request further discovery by motion. Such a motion shall set forth (i) the circumstances warranting the taking of the discovery; (ii) the nature of the information expected to be discovered; and (iii) the proposed time and place where it will be taken. If the Presiding Officer determines that the motion should be granted, he shall issue an order granting discovery, with any qualifying conditions and terms.

(4) When the information sought to be obtained is within the control of one of the parties, failure to comply with an order issued pursuant to this paragraph may lead to (i) the inference that the information to be discovered would be adverse to the party from whom the information was sought; or (ii) the issuance of a default.

§ 672.13 Accelerated decision; decision to dismiss.

(a) General. The Presiding Officer, upon motion of any party or sua sponte, may at any time render an accelerated decision in favor of the complainant or the respondent as to all or any part of the proceeding, without further hearing or upon such limited additional evidence, such as affidavits, as he may require, if no genuine issue of material fact exists and a party is entitled to judgment as a matter of law regarding all or any part of the proceeding. In addition, the Presiding Officer, upon motion of the respondent, may at any time dismiss an action without further hearing or upon such limited additional evidence as he requires, if complainant fails to establish a prima facie case, or if other grounds show complainant has no right to relief.

(b) Effect. (1) If an accelerated decision or a decision to dismiss is issued as to all the issues and claims in the proceeding, the decision constitutes an initial decision of the Presiding Officer, and shall be filed with the Hearing Clerk.
(2) If an accelerated decision or a decision to dismiss is rendered on less than all issues or claims in the proceeding, the Presiding Officer shall determine what material facts exist without substantial controversy and what material facts remain controverted in good faith. He shall then issue an interlocutory order specifying the facts which appear substantially uncontroverted, and the issues and claims upon which the hearing will proceed.

§ 672.14 Scheduling the hearing.

(a) When an answer is filed, the Hearing Clerk shall forward the complaint, the answer, and any other documents filed thus far in the proceeding to the Presiding Officer, who will notify the parties of his assignment.

(b) Notice of hearing. If the respondent requests a hearing in his answer, or one is ordered by the Presiding Officer, the Presiding Officer shall serve upon the parties a notice setting forth a time and place for the hearing. The Presiding Officer may issue the notice of hearing at any appropriate time, but not later than twenty (20) days prior to the date set for the hearing.

(c) Postponement of hearing. The Presiding Officer will not grant a request for postponement of a hearing except upon motion and for good cause shown.

§ 672.15 Evidence.

(a) General. The Presiding Officer shall admit all evidence which is not irrelevant, immaterial, unduly repetitious, or otherwise unreliable or of little probative value. Notwithstanding the preceding sentence, evidence relating to settlement which would be excluded in the federal courts under Rule 408 of the Federal Rules of Evidence is inadmissible. In the presentation, admission, disposition, and use of evidence, the Presiding Officer shall preserve the confidentiality of trade secrets and other commercial and financial information. The confidential or trade secret status of any information shall not, however, preclude its introduction into evidence. The Presiding Officer may review such evidence in camera, and issue appropriate protective orders.

(b) Examination of witnesses. Parties shall examine witnesses orally, under oath or affirmation, except as otherwise provided in these rules or by the Presiding Officer. Parties shall have the right to cross-examine a witness who appears at the hearing.

(c) Verified statements. The Presiding Officer may admit into the record as evidence, in lieu of oral testimony, statements of fact or opinion prepared by a witness. The admissibility of the evidence contained in the statement shall be subject to the same rules as if the testimony were produced during oral examination. Before any such statement is read or admitted into evidence, the witness shall deliver a copy of the statement to the Presiding Officer, the reporter, and opposing counsel. The witness presenting the statement shall swear to or affirm the statement and shall be subject to appropriate oral cross-examination.

(d) Admission of affidavits where the witness is unavailable. The Presiding Officer may admit into evidence affidavits of witnesses who are “unavailable,” within the meaning of that term under Rule 804(a) of the Federal Rules of Evidence.

(e) Exhibits. Where practicable, an original and one copy of each exhibit shall be filed with the Presiding Officer for the record and a copy shall be furnished to each party. A true copy of any exhibit may be substituted for the original.

(f) Official notice. Official notice may be taken of any matter judicially noticeable in the Federal courts and of other facts within the specialized knowledge and experience of the Agency. Opposing parties shall be given adequate opportunity to show that such facts are erroneously noticed.

§ 672.16 Objections and offers of proof.

(a) Objection. Any objection concerning the conduct of the hearing may be made orally or in writing during the hearing. The party raising the objection must supply a short statement of its grounds. The ruling by the Presiding Officer on any objection and the reasons given for it shall be part of the record. An exception to each objection overruled shall be automatic and is not
waived by further participation in the hearing.

(b) Offer of proof. Whenever evidence is excluded from the record, the party offering the evidence may make an offer of proof, which shall be included in the record. The offer of proof for excluded oral testimony shall consist of a brief statement describing the nature of the evidence excluded. The offer of proof for excluded documents or exhibits shall consist of the insertion in the record of the documents or exhibits excluded.

§ 672.17 Burden of presentation; burden of persuasion.

The complainant has the burden of going forward with and of proving that the violation occurred as set forth in the complaint and that the proposed civil penalty, revocation, suspension, or other sanction, is appropriate. Following the establishment of a prima facie case, respondent has the burden of presenting and of going forward with any defense to the allegations set forth in the complaint. The Presiding Officer shall decide all controverted matters upon a preponderance of the evidence.

§ 672.18 Filing the transcript.

The hearing shall be transcribed verbatim. After the Presiding Officer closes the record, the reporter shall promptly transmit the original and certified copies to the Hearing Clerk, and one certified copy directly to the Presiding Officer. A certificate of service shall accompany each copy of the transcript. The Hearing Clerk shall notify all parties of the availability of the transcript and shall furnish the parties with a copy of the transcript upon payment of the cost of reproduction, unless a party can show that the cost is unduly burdensome. Any person not a party to the proceeding may obtain a copy of the transcript upon payment of the reproduction fee, except for those parts of the transcript ordered to be kept confidential by the Presiding Officer.

§ 672.19 Proposed findings, conclusions, and order.

Unless otherwise ordered by the Presiding Officer, any party may submit proposed findings of fact, conclusions of law, and a proposed order, together with supporting briefs, within twenty (20) days after the parties are notified of the availability of the transcript. The Presiding Officer shall set a time by which reply briefs must be submitted. All submissions shall be in writing, shall be served upon all parties, and shall contain adequate references to the record and relied-upon authorities.

§ 672.20 Initial decision.

(a) Filing and contents. The Presiding Officer shall issue and file with the Hearing Clerk an initial decision as soon as practicable after the period for filing reply briefs, if any, has expired. The initial decision shall contain findings of fact, conclusions regarding all material issues of law or discretion, the reasons for the findings and conclusions, a recommended civil penalty assessment or other sanction, if appropriate, and a proposed final order. Upon receipt of an initial decision, the Hearing Clerk shall forward a copy to all parties, and shall send the original, along with the record of the proceeding, to the Director.

(b) Amount of civil penalty. If the Presiding Officer determines that a violation has occurred, he shall set the dollar amount of the recommended civil penalty in the initial decision in accordance with any criteria set forth in the Act, and must consider any civil penalty guidelines issued by NSF. If the Presiding Officer decides to assess a penalty different in amount from the penalty recommended in the complaint, he shall set forth in the initial decision the specific reasons for the increase or decrease. The Presiding Officer shall not raise a penalty from that recommended in the complaint if the respondent has defaulted.

(c) Effect of initial decision. The initial decision of the Presiding Officer shall become the final order of the Agency within forty-five (45) days after its service upon the parties and without further proceedings unless (1) an appeal to the Director is filed by a party to the proceedings; or (2) the Director elects, sua sponte, to review the initial decision.
§ 672.21 Appeal from or review of interlocutory orders or rulings.

(a) Request for interlocutory orders or rulings. Except as provided in this section, appeals to the Director or, upon delegation, to the General Counsel, shall obtain as a matter of right only from a default order, an accelerated decision or decision to dismiss, or an initial decision rendered after an evidentiary hearing. Appeals from other orders or rulings shall lie only if the Presiding Officer, upon motion of a party, certifies such orders or rulings to the Director on appeal. Requests for such certification shall be filed in writing within sixty (60) days of notice of the ruling or service of the order, and shall state briefly the grounds to be relied upon on appeal.

(b) Availability of interlocutory appeal. The Presiding Officer may certify any ruling for appeal to the Director when (1) the order or ruling involves an important question of law or policy and there is substantial grounds for difference of opinion; and (2) either (i) an immediate appeal from the order or ruling will materially advance the ultimate resolution of the proceeding, or (ii) review after the final order is issued will be inadequate or ineffective.

(c) Decision. If the Director or the General Counsel takes no action within thirty (30) days of the certification, the appeal is dismissed. If the Director or the General Counsel decides to hear the interlocutory appeal, he shall make and transmit his findings and conclusions to the Presiding Officer. When the Presiding Officer declines to certify an order or ruling to the Director on interlocutory appeal, it may be reviewed by the Director upon appeal from the initial decision.

(d) Stay of proceedings. The Presiding Officer may stay the proceedings for an interlocutory appeal. Proceedings will not be stayed except in extraordinary circumstances. Where the Presiding Officer grants a stay of more than thirty (30) days, such stay must be separately approved by the Director.

§ 672.22 Appeal from or review of initial decision.

(a) Notice of appeal. Any party may appeal any adverse initial decision of the Presiding Officer by filing a notice of appeal and an accompanying appellate brief with the Hearing Clerk and upon all other parties and amicus curiae within twenty (20) days after the initial decision is served upon the parties. The notice of appeal shall set forth alternative findings of fact, alternative conclusions regarding issues of law or discretion, and a proposed order together with relevant references to the record and the initial decision. The appellant's brief shall contain a statement of the issues presented for review, argument on the issues presented, and a short conclusion stating the precise relief sought, together with appropriate references to the record. Within twenty (20) days of the service of notices of appeal and briefs, any other party or amicus curiae may file with the Hearing Clerk a reply brief responding to argument raised by the appellant, together with references to the relevant portions of the record, initial decision, or opposing brief. Reply briefs shall be limited to the scope of the appeal brief.

(b) Sua sponte review by the Director. Whenever the Director determines sua sponte to review an initial decision,
the Hearing Clerk shall serve notice of such intention on the parties within forty-five (45) days after the initial decision is served upon the parties. The notice shall include a statement of issues to be briefed by the parties and a time schedule for the service and filing of briefs.

(c) Scope of appeal or review. The appeal of the initial decision shall be limited to those issues raised by the parties during the course of the proceeding. If the Director determines that issues raised, but not appealed by the parties, should be argued, he shall give the parties or their representatives written notice of such determination to permit preparation of adequate argument. Nothing herein shall prohibit the Director from remanding the case to the Presiding Officer for further proceedings.

(d) Argument. The Director may, upon request of a party or sua sponte, assign a time and place for oral argument.

§ 672.23 Final order on appeal.

(a) Contents of the final order. When an appeal has been taken or the Director issues a notice of intent to conduct review sua sponte, the Director shall issue a final order as soon as practicable after the filing of all appellate briefs or oral argument. The Director shall adopt, modify or set aside the findings and conclusions contained in the decision or order being reviewed and shall set forth in the final order the reasons for his actions. The Director may, in his discretion, increase or decrease the assessed penalty from the amount recommended in the decision or order being reviewed, except that if the order being reviewed is a default order, the Director may not increase the amount of the penalty.

(b) Payment of a civil penalty. The respondent shall pay the full amount of the civil penalty assessed in the final order within sixty (60) days after receipt of the final order unless otherwise agreed by the parties. Payment shall be made by forwarding to the Hearing Clerk a cashier’s check or certified check in the amount of the penalty assessed in the final order, payable to the Treasurer, United States of America.

(c) Money due and owing the United States by virtue of an unappealed final decision or settlement order may be collected by referral to the Department of Justice for appropriate civil action against respondent.

§ 672.24 Maximum civil monetary penalties for unintentional and intentional violations.

(a) For violations occurring before August 1, 1998, the maximum civil penalty that may be assessed under §§ 672.20(b) and 672.23(a) is set by the statute at $5,000 for unintentional violations and $10,000 for intentional violations.

(b) For violations occurring between August 1, 1998 and July 31, 1999, the maximum civil penalty is adjusted under authority of the Federal Civil Penalties Inflation Adjustment Act of 1990 (28 U.S.C. 2461 note) as amended by the Debt Collection Improvement Act of 1996 (Pub. L. 104-134) to $5,500 for unintentional violations and $11,000 for intentional violations.

(c) For violations occurring after July 31, 1999, the maximum civil penalty is adjusted under authority of the Federal Civil Penalties Inflation Adjustment Act of 1990 (28 U.S.C. 2461 note) as amended by the Debt Collection Improvement Act of 1996 (Pub. L. 104-134) to $12,000 for unintentional violations and $25,000 for intentional violations.

PART 675—MEDICAL CLEARANCE PROCESS FOR DEPLOYMENT TO ANTARCTICA

Sec. 675.1 Purpose and authority.

675.2 Medical examinations.

675.3 Medical clearance criteria.

675.4 Waiver process.

Authority: 42 U.S.C. 1870.

Source: 62 FR 31522, June 10, 1997, unless otherwise noted.

§ 675.1 Purpose and authority.

(a) This part sets forth the procedures for medical screening to determine whether candidates for participation in the United States Antarctic
§ 675.2 Program (USAP) are physically qualified and psychologically adapted for assignment or travel to Antarctica. Medical screening examinations are necessary to determine the presence of any physical or psychological conditions that would threaten the health or safety of the candidate or other USAP participants or that could not be effectively treated by the limited medical care capabilities in Antarctica.

(b) Presidential Memorandum No. 6646 (February 5, 1982) (available from the National Science Foundation, Office of Polar Programs, room 755, 4201 Wilson Blvd., Arlington, VA 22230) sets forth the National Science Foundation’s overall management responsibilities for the entire United States national program in Antarctica.

§ 675.2 Medical examinations.

(a) Any individual seeking to travel to Antarctica under sponsorship of the United States Antarctic Program must undergo a medical and dental examination to determine whether the individual is physically qualified for deployment to Antarctica.

(b) The medical and dental examinations may be conducted by a qualified licensed physician or dentist of the candidate’s choosing, or designated by the employing organization, following instructions provided by the USAP. The medical examinations shall include a medical history, physical examination and appropriate clinical tests which address major organ systems for medical conditions inconsistent with safe deployment to Antarctica.

(c) The candidate’s physician/dentist will submit the required medical information on the appropriate USAP-provided forms to a USAP-designated physician who will determine whether the individual is qualified for deployment to Antarctica based upon Medical Clearance Criteria established by the USAP. All information requested on the forms shall be provided.

(d) Candidates who anticipate spending the austral winter in Antarctica (when evacuation may be impossible) are subject to additional evaluation, including a determination of psychological adaptability for such an isolated assignment. Psychological evaluations of “winter-over” candidates shall be performed by a qualified team of USAP-designated physicians/clinical psychologists.

§ 675.3 Medical clearance criteria.

(a) The USAP shall establish Medical Clearance Criteria for determining eligibility for deployment to Antarctica. (See Medical Standards for Antarctic Deployment available from the National Science Foundation, Office of Polar Programs, room 755.09, 4201 Wilson Blvd., Arlington, VA 22230).

The criteria will include examination of the following major organ systems:

1. Lungs and chest wall.
2. Heart and vascular system.
3. Abdominal organs and gastrointestinal system.
4. Endocrine or metabolic system.
5. Genitalia and urinary system.
7. Skin and cellular tissues.
8. Neurological Disorders.
9. Psychiatric or psychological.
10. Dental.

(b) The USAP may review and revise the Medical Clearance Criteria periodically as appropriate.

§ 675.4 Waiver process.

(a) If an individual is found not physically qualified for deployment to Antarctica, the USAP’s contractor will inform the individual of the determination and of the administrative waiver process, and will provide a waiver application package to the individual upon request.

(b) The waiver applicant should send the completed waiver application package to the USAP’s contractor which will forward the package to NSF’s Office of Polar Programs for review and determination on the appropriateness of a waiver. In making the waiver determination, the Office of Polar Programs may consult with other qualified medical personnel and may require waiver applicants to take further medical examinations or to furnish additional medical documentation in support of the waiver application.

(c) The Director, Office of Polar Programs (or designee) will make a final determination, in the exercise of his or her discretion, on the appropriateness of a waiver on a case-by-case basis.
National Science Foundation

§ 680.11 Staff involvement with NSF proposals and awards.

(a)(1) Many scientists, engineers, and educators interrupt active research and teaching careers to spend a year or two at NSF and then return to research and teaching, usually at the same institution from which they came. Many such visiting scientists, engineers, and educators (and a few permanent employees) who have been principal investigators under an NSF award before coming to NSF, retain some interest or association with the work. If an individual is a principal investigator under an NSF award, the individual is not precluded from retaining ties to the work after becoming an NSF employee. The employee may stay in contact with those who are continuing the work in the employee's laboratory or on his or her project. The employee may continue to supervise graduate students. And the employee may visit and work in the laboratory on his or her own time for these and related purposes.

(2) Before a prospective employee comes to NSF, the prospective employee and the grantee institution...
must designate, subject to NSF approval, a "substitute principal investigator"—i.e., another scientist who will be responsible for the work and equipment and will represent the institution in any dealings with NSF officials while the prospective employee is at NSF.

(3) Appointment of a substitute principal investigator is unnecessary if all work under an award is to be completely suspended while the employee is at NSF. If the work is to be suspended, the employee and the grantee institution must inform the NSF in writing before the employee's employment begins. Work under the award may be resumed when the employee completes his or her NSF employment, and its term may be extended to account for the time lost during the employee's NSF employment.

(b)(1) NSF will entertain no proposal on which a current NSF employee would be a senior investigator or equivalent, unless it is a proposal for continuation or extension of support for work on which the employee served in that capacity before coming to NSF. Any proposal for continuation of NSF support at essentially the same level (with reasonable allowance for inflation) will normally be considered a proposal for continuation or extension if it would support the work of the same investigator and his or her laboratory or group (if any) in the same general field of science, engineering, or education, notwithstanding that the focus of the work may change in response to research opportunities or educational needs.

(2) Someone other than the current NSF employee must submit any such proposal for continuation or extension of work NSF previously supported and handle all negotiations with NSF, but the capacity in which the current NSF employee will serve should be clearly spelled out in the proposal.

(c) In accordance with 5 CFR 5301.103(a)(1), an NSF employee may not receive, directly or indirectly, any salary, consulting fee, honorarium, or other form of compensation for services, or reimbursement of expenses, from an NSF award.

§ 680.12 One-year NSF post-employment restrictions.

(a) For one year after leaving NSF employment, a former NSF employee, including a special Government employee who has performed work for NSF on more than 60 days in the previous twelve months, shall not represent himself, herself, or any other person in dealings with any NSF official on any proposal, project, or other particular matter.

(b) The one-year restriction contained in paragraph (a) of this section is in addition to any post-employment restriction imposed by statute, including 18 U.S.C. 207 and 41 U.S.C. 423. To the extent that any disqualification required by paragraph (a) of this section is not also required by statute, written exceptions may be granted by the NSF's General Counsel, whose decisions shall be final. Exceptions will be rare and will be granted only where strict application of the rules would result in undue hardship for former short-term employees or for other former employees, and when granting an exception would not result in an unfair advantage to the former employee.

(c)(1) Paragraph (a) of this section applies to particular matters involving specific parties, such as grants, contracts, or other agreements; applications for permits, licenses, or the like; requests for rulings or similar official determinations; claims; investigations or audits; charges or accusations against individuals or firms; adjudicatory hearings; and court cases.

(2) For former employees, other than special Government employees, paragraph (a) of this section also applies to particular matters that do not involve specific parties, such as:

(i) Determinations to establish or dis-establish a particular program or set its budget level for a particular fiscal year;

(ii) Decisions to undertake or terminate a particular project;

(iii) Decisions to open or not open a contract to competitive bidding;

(iv) General policy or rulemaking—including, for example, decisions on particular NSF rules or formal policy, such as adoption or amendment of a resolution by the National Science Board, promulgation or amendment of
an NSF regulation or circular, amendment of standard grant or contract terms, or changes to NSF manuals or policy documents; and

(v) Agency positions on particular legislative or regulatory proposals.

(d) Paragraph (a) of this section does not apply to:

(1) Any expression of a former employee's views on policy issues where the circumstances make it obvious that the former employee is only speaking as an informed and interested citizen, not representing any financial or other interests of his or her own or of any other person or institution with which he or she is associated;

(2) Any appearance or communication concerning matters of a personal or individual nature, such as the former employee's taxes, salary, benefits, possible Federal employment, rights as a former employee, or the application of conflict-of-interest rules to something the former employee proposes to do;

(3) Any appearance on the former employee's own behalf in any litigation or administrative proceeding; or

(4) Any presentation of scientific or technical information (at a site visit, for example) or any other communication of scientific or technical information on work being proposed or conducted.

(e) As soon as his or her NSF employment ceases, a former NSF employee (including any former special Government employee described in paragraph (a) of this section) may again be listed as principal investigator on an NSF award, may be listed as principal investigator in any proposal or award, and may sign a proposal as principal investigator. However, the former employee and the grantee institution shall formally designate, subject to NSF approval, a "substitute negotiator" who, though not principally responsible for the work, will represent the former employee and the institution in dealings with NSF officials on any proposal or project for as long as the former employee would be barred from representative contacts with NSF by paragraph (a) of this section or by statute.

§ 680.13 Purposes for “substitute” requirements.

Appointment of a “substitute principal investigator” or “substitute negotiator” ensures against unthinking violation of the restrictions on dealings with NSF officials. It serves this purpose by flagging proposals or awards affected by the restrictions and by identifying someone else with whom NSF officials can properly discuss them or negotiate over them. Designation of a substitute principal investigator while an employee is at NSF has two additional functions: it identifies another person to be responsible for the work and equipment, and it reminds all concerned that during an employee's NSF service his or her attentions should focus on NSF duties.

Subpart B—Statutory Exemptions

§ 680.20 Exemptions under 18 U.S.C. 208(b).

(a) The Foundation exempts the interests described in the remainder of this section from the operation of section 208(a) and from case-by-case formal determinations under section 208(b)(1) of title 18, United States Code.

(b) Minor interests. The following financial interests are too inconsequential to affect the integrity of an employee's services to the Government:

(1) Noncorporate bonds;

(2) Shares in a well-diversified money market or mutual fund;

(3) Stocks, bonds, or other securities of a corporation listed on the New York or American Stock Exchange if the aggregate market value of all the securities you hold in that corporation does not exceed $1,000;

(4) Vested pension rights to which no further contributions are being made by your former employer.

(c) Indirect interests. An NSF employee may be a stockholder, partner, employee, officer, or director of an institution, such as a mutual fund, that owns a financial interest in a second institution. If the owning institution’s financial interest consists of securities or other evidences of debt of the second institution that amount to:

(1) Less than 5 percent of the total portfolio of investments of the owning institution,
(2) Less than 5 percent of the total outstanding amounts of the same classes of securities of the second institution, and
(3) Less than would be needed to obtain effective control of the second institution,
then the interest is too remote and inconsequential to affect the integrity of the employee's services to the Government.

(d) Policy determinations. Where a general policy determination of the Government might constitute a “particular matter” under 18 U.S.C. 208(a) and might affect the home institution of an NSF officer or employee, but only in the same manner as all similar institutions, the officer or employee may participate in that determination.

(e) Support services for National Science Board tasks and responsibilities. A member of the National Science Board may need professional, clerical, and administrative services to support the member's personal efforts to carry out Board tasks and responsibilities. With the approval of the Director and the Chairman of the National Science Board and in accordance with other laws and regulations, the NSF may contract with the home institution of the member to provide such services. The institution may receive reimbursement of all allowable costs, but no profit or fee. In such circumstances any financial interests the institution might have are normally too inconsequential to affect the integrity of the services provided by the Board member to the Government.

(e) Debarment or suspension for misconduct will be imposed only after further procedures described in applicable debarment and suspension regulations, as described in §§689.7 and 689.8, respectively. Severe misconduct, as established under these regulations, is an independent cause for debarment or suspension under the procedures established by the debarment and suspension regulations.

(f) The Office of Inspector General (OIG) oversees and coordinates NSF activities related to misconduct, conducts any NSF inquiries and investigations into suspected or alleged misconduct, and except where otherwise provided, speaks and acts for NSF with affected individuals and institutions.

§ 689.2 Actions.

(a) Possible final actions listed below for guidance range from minimal restrictions (Group I) to the most severe and restrictive (Group II). They are not exhaustive and do not include possible criminal sanctions.

(1) Group I Actions.
   (i) Send a letter of reprimand to the individual or institution.
   (ii) Require as a condition of an award that for a specified period an individual, department, or institution obtain special prior approval of particular activities from NSF.
   (iii) Require for a specified period that an institutional officer other than those guilty of misconduct certify the accuracy of reports generated under an award or provide assurance of compliance with particular policies, regulations, guidelines, or special terms and conditions.

(2) Group II Actions.
   (i) Restrict for a specified period designated activities or expenditures under an active award.
   (ii) Require for a specified period special reviews of all requests for funding from an affected individual, department, or institution to ensure that steps have been taken to prevent repetition of the misconduct.

(3) Group III Actions.
   (i) Immediately suspend or terminate an active award.
   (ii) Debar or suspend an individual, department, or institution from participation in NSF programs for a specified period after further proceedings under applicable regulations.
   (iii) Prohibit participation of an individual as an NSF reviewer, advisor, or consultant for a specified period.

(b) In deciding what actions are appropriate when misconduct is found, NSF officials should consider:
   (1) How serious the misconduct was;
   (2) Whether it was deliberate or merely careless;
   (3) Whether it was an isolated event or part of a pattern;
   (4) Whether it is relevant only to certain funding requests or awards involving an institution or individual found guilty of misconduct.

(c) Interim actions may include, but are not limited to:
   (1) Totally or partially suspending an existing award;
   (2) Totally or partially suspending eligibility for NSF awards in accordance with debarment-and-suspension regulations;
   (3) Proscribing or restricting particular research activities, as, for example, to protect human or animal subjects;
   (4) Requiring special certifications, assurances, or other, administrative arrangements to ensure compliance with applicable regulations or terms of the award;
   (5) Requiring more prior approvals by NSF;
   (6) Deferring funding action on continuing grant increments;
   (7) Deferring a pending award;
   (8) Restricting or suspending use of individuals as NSF reviewers, advisors, or consultants.

(d) For those cases governed by the debarment and suspension regulations, the standards of proof contained in those regulations shall control. Otherwise, NSF will take no final action under this section without a finding of misconduct supported by a preponderance of the relevant evidence.

§ 689.3 Role of awardee institutions.

(a) Awardee institutions bear primary responsibility for prevention and detection of misconduct. In most instances, NSF will rely on awardee institutions to promptly:
   (1) Initiate an inquiry into any suspected or alleged misconduct;
§ 689.4 Initial NSF handling of misconduct matters

(a) NSF staff who learn of alleged misconduct will promptly and discreetly inform OIG or refer informants to OIG.

(b) To the extent possible the identity of informants who wish to remain anonymous will be kept confidential. To the extent allowed by law, documents and files maintained by NSF during the course of an inquiry or investigation of misconduct will be treated as investigative files exempt from mandatory public disclosure upon request under the Freedom of Information Act.

(c) If alleged misconduct may involve a crime, OIG will determine whether any criminal investigation is already pending or projected. If not, OIG will determine whether the matter should be referred to the Department of Justice.

(d) Otherwise OIG may:

(1) Inform the awardee institution of the alleged misconduct and encourage it to undertake an inquiry;

(2) Defer to inquiries or investigations of the awardee institution or of another Federal agency;

(3) At any time proceed with its own inquiry.

(e) If OIG proceeds with its own inquiry it will normally complete the inquiry no more than 60 days after initiating it.

(f) On the basis of what it learns from an inquiry and in consultation as appropriate with other NSF offices, OIG will decide whether a formal NSF investigation is warranted.

§ 689.5 Investigations

(a) When an awardee institution or another Federal agency has promptly initiated its own investigation, OIG may defer an NSF inquiry or investigation until it receives the results of that external investigation. If it does not receive the results within 180 days, OIG will ordinarily proceed with its own investigation.

(b) If OIG decides to initiate an NSF investigation, it must give prompt written notice to the individual or institutions to be investigated, unless notice would prejudice the investigation or unless a criminal investigation is underway or under active consideration. If notice is delayed, it must be given as soon as it will no longer prejudice the investigation or contravene requirements of law or Federal law-enforcement policies.
(c) If a criminal investigation by the Department of Justice, the Federal Bureau of Investigation, or another Federal agency is underway or under active consideration by these agencies or the NSF, OIG will determine what information, if any, may be disclosed to the subject of the investigation or to other NSF employees.

(d) An NSF investigation may include:

1. Review of award files, reports, and other documents already readily available at NSF or in the public domain;
2. Review of procedures or methods and inspection of laboratory materials, specimens, and records at awardee institutions;
3. Interviews with parties or witnesses;
4. Review of any documents or other evidence provided by or properly obtainable from parties, witnesses, or other sources;
5. Cooperation with other Federal agencies;
6. Opportunity for the subject of the investigation to be heard; and
7. Full adjudicatory hearings or other formal proceedings, as described in appropriate regulations.

(e) NSF may invite outside consultants or experts to participate in an NSF investigation. They should be appointed in a manner that ensures the official nature of their involvement and provides them with legal protections available to federal employees.

(f) OIG will make every reasonable effort to complete an NSF investigation and to report within 120 days after initiating it. If OIG cannot report within 120 days, it should submit to the Deputy Director within 90 days an interim report and an estimated schedule for completion of the final report.

§ 689.6 Pending proposals and awards.

(a) Upon learning of alleged misconduct OIG will identify potentially implicated awards or proposals and when appropriate, will ensure that program, grant, and contracting officers handling them are informed (subject to § 689.5(c)).

(b) Neither a suspicion or allegation of misconduct nor a pending inquiry or investigation will normally delay review of proposals. To avoid influencing reviews, reviewers or panelists will not be informed of allegations or of ongoing inquiries or investigations. However, if allegations, inquiries, or investigations have been rumored or publicized, the responsible Assistant Director may, in consultation with OIG, either defer review or inform reviewers of the status of the matter.

§ 689.7 Interim administrative actions.

(a) After an inquiry or during an external or NSF investigation the Deputy Director may order that interim actions (as described in § 689.2(c)) be taken to protect Federal resources or to guard against continuation of any suspected or alleged misconduct. Such an order will normally be issued on recommendation from OIG and in consultation with the Division of Contracts, Policy, and Oversight or Division of Grants and Agreements, the Office of the General Counsel, the responsible Directorate, and other parts of the Foundation as appropriate.

(b) When suspension is determined to be appropriate, the case will be referred to the suspending official pursuant to 45 CFR 620.410(a), and the suspension procedures of 45 CFR part 620 will be followed, but the suspending official (see § 620.105(t)) will be either the Deputy Director or an official designated by the Deputy Director.

(c) Such interim actions may be taken whenever information developed during an investigation indicates a need to do so. Any interim action will be reviewed periodically during an investigation and modified as warranted. An interested party may request a review and modification of any interim action.

(d) The Deputy Director will make and OIG will retain a record of interim actions taken and the reasons for taking them.

(e) Interim administrative actions are not final agency actions subject to appeal.
§ 689.8 Dispositions.

(a) After receiving a report from an external investigation by an awardee institution or another Federal agency, OIG will assess the accuracy and completeness of the report and whether the investigating entity followed usual and reasonable procedures. It will either recommend adoption of the findings in whole or in part or, normally within 30 days, initiate a new investigation.

(b) When any satisfactory external investigation or an NSF investigation fails to confirm alleged misconduct and the Deputy Director concurs,

(1) OIG will notify the subject of the investigation and, if appropriate, those who reported the suspected or alleged misconduct. This notice may include the investigation report.

(2) Any interim administrative restrictions that were imposed will be lifted.

(c) When any satisfactory investigation confirms misconduct,

(1) In cases in which debarment is considered by OIG to be an appropriate disposition, the case will be referred to the debarring official pursuant to 45 CFR 620.311, and the procedures of 45 CFR part 620 will be followed, but:

(i) The debarring official (see § 620.105(g)) will be either the Deputy Director, or an official designated by the Deputy Director.

(ii) Except in unusual circumstances, the investigation report will be included among the materials provided to the subject of the investigation as part of the notice of proposed debarment (see § 620.312).

(iii) The notice of the debarring official's decision (see § 620.314(d)) will include instructions on how to pursue an appeal to the Director.

(2) In all other cases,

(i) Except in unusual circumstances, the investigation report will be provided by OIG to the subject of the investigation, who will be invited to submit comments or rebuttal. Comments or rebuttal submitted within the period allowed, normally thirty days, will receive full consideration and may lead to revision of the report or of a recommended disposition.

(ii) Normally within 45 days after completing an NSF investigation or receiving the report from a satisfactory external investigation, OIG will submit to the Deputy Director the investigation report, any comments or rebuttal from the subject of the investigation, and a recommended disposition. The recommended disposition will propose any final actions to be taken by NSF. Section 689.2 lists possible final actions and considerations to be used in determining them.

(iii) The Deputy Director will review the investigation report and OIG's recommended disposition. Before issuing a disposition the Deputy Director may initiate further hearings or investigation. Normally within thirty days after receiving OIG's recommendations or after completion of any further proceedings, the Deputy Director will send the affected individual or institution a written disposition, specifying actions to be taken. The decision will include instructions on how to pursue an appeal to the Director.

§ 689.9 Appeals.

(a) An affected individual or institution may appeal to the Director in writing within 30 days after receiving the Deputy Director's written decision. The Deputy Director's decision becomes a final administrative action if it is not appealed within the 30 day period.

(b) The Director may appoint an uninvolved NSF officer or employee to review an appeal and make recommendations.

(c) The Director will inform the appellant of a final decision within 30 days after receiving the appeal. That decision will be the final administrative action of the Foundation. Findings from completed investigations may be shared with scientific review groups if the information bears directly on an investigator's scientific integrity or if necessary to provide an accurate account of relevant facts.

Part 690—Protection of Human Subjects

Sec.
690.101 To what does this policy apply?
690.102 Definitions.
690.103 Assuring compliance with this policy—research conducted or supported by any Federal Department or Agency.
§ 690.101 To what does this policy apply?

(a) Except as provided in paragraph (b) of this section, this policy applies to all research involving human subjects conducted, supported or otherwise subject to regulation by any federal department or agency which takes appropriate administrative action to make the policy applicable to such research. This includes research conducted by federal civilian employees or military personnel, except that each department or agency head may adopt such procedural modifications as may be appropriate from an administrative standpoint. It also includes research conducted, supported, or otherwise subject to regulation by the federal government outside the United States.

(b) Unless otherwise required by department or agency heads, research activities in which the only involvement of human subjects will be in one or more of the following categories are exempt from this policy:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (i) research on regular and special education instructional strategies, or (ii) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless:

(i) Information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (ii) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation.

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures, or observation of public behavior that is not exempt under paragraph (b)(2) of this section, if:

(i) The human subjects are elected or appointed public officials or candidates for public office; or (ii) federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research, involving the collection or study of existing data, documents,
Institutions with HHS-approved assurances on file will abide by provisions of title 45 CFR part 46 subparts A-D. Some of the other Departments and Agencies have incorporated all provisions of title 45 CFR part 46 into their policies and procedures as well. However, the exemptions at 45 CFR 46.101(b) do not apply to research involving prisoners.

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine:

(i) Public benefit or service programs; (ii) procedures for obtaining benefits or services under those programs; (iii) possible changes in or alternatives to those programs or procedures; or (iv) possible changes in methods or levels of payment for benefits or services under those programs.

(6) Taste and food quality evaluation and consumer acceptance studies, (i) if wholesome foods without additives are consumed or (ii) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

(c) Department or agency heads retain final judgment as to whether a particular activity is covered by this policy.

(d) Department or agency heads may require that specific research activities or classes of research activities conducted, supported, or otherwise subject to regulation by the department or agency but not otherwise covered by this policy, comply with some or all of the requirements of this policy.

(e) Compliance with this policy requires compliance with pertinent federal laws or regulations which provide additional protections for human subjects.

(f) This policy does not affect any state or local laws or regulations which may otherwise be applicable and which provide additional protections for human subjects.

(g) This policy does not affect any foreign laws or regulations which may otherwise be applicable and which provide additional protections to human subjects of research.

(h) When research covered by this policy takes place in foreign countries, procedures normally followed in the foreign countries to protect human subjects may differ from those set forth in this policy. [An example is a foreign institution which complies with guidelines consistent with the World Medical Assembly Declaration (Declaration of Helsinki amended 1989) issued either by sovereign states or by an organization whose function for the protection of human research subjects is internationally recognized.] In these circumstances, if a department or agency head determines that the procedures prescribed by the institution afford protections that are at least equivalent to those provided in this policy, the department or agency head may approve the substitution of the foreign procedures in lieu of the procedural requirements provided in this policy. Except when otherwise required by statute, Executive Order, or the department or agency head, notices of these actions as they occur will be published in the FEDERAL REGISTER or will be otherwise published as provided in department or agency procedures.

(i) Unless otherwise required by law, department or agency heads may waive the applicability of some or all of the provisions of this policy to specific research activities or classes of research activities otherwise covered by this policy. Except when otherwise required by statute or Executive Order, the department or agency head shall forward advance notices of these actions to the Office for Protection from Research Risks, Department of Health and Human Services (HHS), and shall also publish them in the FEDERAL REGISTER or in such other manner as provided in department or agency procedures.1

1Institutions with HHS-approved assurances on file will abide by provisions of title 45 CFR part 46 subparts A-D. Some of the other Departments and Agencies have incorporated all provisions of title 45 CFR part 46 into their policies and procedures as well. However, the exemptions at 45 CFR 46.101(b) do not apply to research involving prisoners.
§ 690.102 Definitions.

(a) Department or agency head means the head of any federal department or agency and any other officer or employee of any department or agency to whom authority has been delegated.

(b) Institution means any public or private entity or agency (including federal, state, and other agencies).

(c) Legally authorized representative means an individual or judicial or other body authorized under applicable law to consent on behalf of a prospective subject to the subject’s participation in the procedure(s) involved in the research.

(d) Research subject to regulation means a systematic investigation, including research development, testing, and evaluation, designed to develop or contribute to generalizable knowledge. Activities which meet this definition constitute research for purposes of this policy, whether or not they are conducted or supported under a program which is considered research for other purposes. For example, some demonstration and service programs may include research activities.

(e) Research subject to regulation, and similar terms are intended to encompass those research activities for which a federal department or agency has specific responsibility for regulating as a research activity. (For example, Investigational New Drug requirements administered by the Food and Drug Administration.) It does not include research activities which are incidentally regulated by a federal department or agency solely as part of the department’s or agency’s broader responsibility to regulate certain types of activities whether research or non-research in nature (for example, Wage and Hour requirements administered by the Department of Labor).

(f) Human subject means a living individual about whom an investigator obtains (whether professional or student) conducting research obtains

1. Data through intervention or interaction with the individual, or

2. Identifiable private information.

Intervention includes both physical procedures by which data are gathered (for example, venipuncture) and manipulations of the subject or the subject’s environment that are performed for research purposes. Interaction includes communication or interpersonal contact between investigator and subject.

Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a medical record). Private information must be individually identifiable (i.e., the identity of the subject is or may readily be ascertained by the investigator or associated with the information) in order to obtain the information to constitute research involving human subjects.

(g) IRB means an institutional review board established in accord with and for the purposes expressed in this policy.

(h) IRB approval means the determination of the IRB that the research has been reviewed and may be conducted at an institution within the constraints set forth by the IRB and by other institutional and federal requirements.

(i) Minimal risk means that the probability and magnitude of harm or discomfort anticipated in the research are not greater in and of themselves than those ordinarily encountered in daily life or during the performance of routine physical or psychological examinations or tests.

(j) Certification means the official notification by the institution to the supporting department or agency, in accordance with the requirements of this policy, that a research project or activity involving human subjects has been reviewed and approved by an IRB in accordance with an approved assurance.
§ 690.103 Assuring compliance with this policy—research conducted or supported by any Federal Department or Agency.

(a) Each institution engaged in research which is covered by this policy and which is conducted or supported by a federal department or agency shall provide written assurance satisfactory to the department or agency head that it will comply with the requirements set forth in this policy. In lieu of requiring submission of an assurance, individual department or agency heads shall accept the existence of a current assurance, appropriate for the research in question, on file with the Office for Protection from Research Risks, HHS, and approved for federalwide use by that office. When the existence of an HHS-approved assurance is accepted in lieu of requiring submission of an assurance, reports (except certification) required by this policy to be made to department and agency heads shall also be made to the Office for Protection from Research Risks, HHS.

(b) Departments and agencies will conduct or support research covered by this policy only if the institution has an assurance approved as provided in this section, and only if the institution has certified to the department or agency head that the research has been reviewed and approved by an IRB provided for in the assurance, and will be subject to continuing review by the IRB. Assurances applicable to federally supported or conducted research shall at a minimum include:

(1) A statement of principles governing the institution in the discharge of its responsibilities for protecting the rights and welfare of human subjects of research conducted at or sponsored by the institution, regardless of whether the research is subject to federal regulation. This may include an appropriate existing code, declaration, or statement of ethical principles, or a statement formulated by the institution itself. This requirement does not preempt provisions of this policy applicable to department- or agency-supported or regulated research and need not be applicable to any research exempted or waived under §690.101 (b) or (i).

(2) Designation of one or more IRBs established in accordance with the requirements of this policy, and for which provisions are made for meeting space and sufficient staff to support the IRB's review and recordkeeping duties.

(3) A list of IRB members identified by name; earned degrees; representative capacity; indications of experience such as board certifications, licenses, etc., sufficient to describe each member's chief anticipated contributions to IRB deliberations; and any employment or other relationship between each member and the institution; for example: full-time employee, part-time employee, member of governing panel or board, stockholder, paid or unpaid consultant. Changes in IRB membership shall be reported to the department or agency head, unless in accord with §690.103(a) of this policy, the existence of an HHS-approved assurance is accepted. In this case, change in IRB membership shall be reported to the Office for Protection from Research Risks, HHS.

(4) Written procedures which the IRB will follow (i) for conducting its initial and continuing review of research and for reporting its findings and actions to the investigator and the institution; (ii) for determining which projects require review more often than annually and which projects need verification from sources other than the investigators that no material changes have occurred since previous IRB review; and (iii) for ensuring prompt reporting to the IRB of proposed changes in a research activity, and for ensuring that such changes in approved research, during the period for which IRB approval has already been given, may not be initiated without IRB review and approval except when necessary to eliminate apparent immediate hazards to the subject.

(5) Written procedures for ensuring prompt reporting to the IRB, appropriate institutional officials, and the department or agency head of (i) any unanticipated problems involving risks to subjects or others or any serious or continuing noncompliance with this
National Science Foundation § 690.107

policy or the requirements or determinations of the IRB and (ii) any suspension or termination of IRB approval.

(c) The assurance shall be executed by an individual authorized to act for the institution and to assume on behalf of the institution the obligations imposed by this policy and shall be filed in such form and manner as the department or agency head prescribes.

(d) The department or agency head will evaluate all assurances submitted in accordance with this policy through such officers and employees of the department or agency and such experts or consultants engaged for this purpose as the department or agency head determines to be appropriate. The department or agency head's evaluation will take into consideration the adequacy of the proposed IRB in light of the anticipated scope of the institution's research activities and the types of subject populations likely to be involved, the appropriateness of the proposed initial and continuing review procedures in light of the probable risks, and the size and complexity of the institution.

(e) On the basis of this evaluation, the department or agency head may approve or disapprove the assurance, or enter into negotiations to develop an approvable one. The department or agency head may limit the period during which any particular approved assurance or class of approved assurances shall remain effective or otherwise condition or restrict approval.

(f) Certification is required when the research is supported by a federal department or agency and not otherwise exempted or waived under §690.101 (b) or (i). An institution with an approved assurance shall certify that each application or proposal for research covered by the assurance and by §690.103 of this Policy has been reviewed and approved by the IRB. Such certification must be submitted with the application or proposal or by such later date as may be prescribed by the department or agency to which the application or proposal is submitted. Under no condition shall research covered by §690.103 of the Policy be supported prior to receipt of the certification that the research has been reviewed and approved by the IRB. Institutions without an approved assurance covering the research shall certify within 30 days after receipt of a request for such a certification from the department or agency, that the application or proposal has been approved by the IRB. If the certification is not submitted within these time limits, the application or proposal may be returned to the institution.

§§ 690.104—690.106 [Reserved]

§ 690.107 IRB membership.

(a) Each IRB shall have at least five members, with varying backgrounds to promote complete and adequate review of research activities commonly conducted by the institution. The IRB shall be sufficiently qualified through the experience and expertise of its members, and the diversity of the members, including consideration of race, gender, and cultural backgrounds and sensitivity to such issues as community attitudes, to promote respect for its advice and counsel in safeguarding the rights and welfare of human subjects. In addition to possessing the professional competence necessary to review specific research activities, the IRB shall be able to ascertain the acceptability of proposed research in terms of institutional commitments and regulations, applicable law, and standards of professional conduct and practice. The IRB shall therefore include persons knowledgeable in these areas. If an IRB regularly reviews research that involves a vulnerable category of subjects, such as children, prisoners, pregnant women, or handicapped or mentally disabled persons, consideration shall be given to the inclusion of one or more individuals who are knowledgeable about and experienced in working with these subjects.

(b) Every nondiscriminatory effort will be made to ensure that no IRB consists entirely of men or entirely of women, including the institution's consideration of qualified persons of both sexes, so long as no selection is made to the IRB on the basis of gender. No IRB may consist entirely of members of one profession.
§ 690.108 IRB functions and operations.

In order to fulfill the requirements of this policy each IRB shall:
(a) Follow written procedures in the same detail as described in §690.103(b)(4) and, to the extent required by §690.103(b)(5).
(b) Except when an expedited review procedure is used (see §690.110), review proposed research at convened meetings at which a majority of the members of the IRB are present, including at least one member whose primary concerns are in nonscientific areas. In order for the research to be approved, it shall receive the approval of a majority of those members present at the meeting.

§ 690.109 IRB review of research.

(a) An IRB shall review and have authority to approve, require modifications in (to secure approval), or disapprove all research activities covered by this policy.
(b) An IRB shall require that information given to subjects as part of informed consent is in accordance with §690.116. The IRB may require that information, in addition to that specifically mentioned in §690.116, be given to the subjects when in the IRB’s judgment the information would meaningfully add to the protection of the rights and welfare of subjects.
(c) An IRB shall require documentation of informed consent or may waive documentation in accordance with §690.117.
(d) An IRB shall notify investigators and the institution in writing of its decision to approve or disapprove the proposed research activity, or of modifications required to secure IRB approval of the research activity. If the IRB decides to disapprove a research activity, it shall include in its written notification a statement of the reasons for its decision and give the investigator an opportunity to respond in person or in writing.
(e) An IRB shall conduct continuing review of research covered by this policy at intervals appropriate to the degree of risk, but not less than once per year, and shall have authority to observe or have a third party observe the consent process and the research.

(Approved by the Office of Management and Budget under control number 9999-0020)

§ 690.110 Expedited review procedures for certain kinds of research involving no more than minimal risk, and for minor changes in approved research.

(a) The Secretary, HHS, has established, and published as a Notice in the FEDERAL REGISTER, a list of categories of research that may be reviewed by the IRB through an expedited review procedure. The list will be amended, as appropriate after consultation with other departments and agencies, through periodic republication by the Secretary, HHS, in the FEDERAL REGISTER. A copy of the list is available from the Office for Protection from Research Risks, National Institutes of Health, HHS, Bethesda, Maryland 20892.
(b) An IRB may use the expedited review procedure to review either or both of the following:
(1) Some or all of the research appearing on the list and found by the reviewer(s) to involve no more than minimal risk.
(2) Minor changes in previously approved research during the period (of one year or less) for which approval is authorized.
Under an expedited review procedure, the review may be carried out by the IRB chairperson or by one or more experienced reviewers designated by the chairperson from among members of the IRB. In reviewing the research, the reviewers may exercise all of the authorities of the IRB except that the reviewers may not disapprove the research. A research activity may be disapproved only after review in accordance with the non-expedited procedure set forth in §690.108(b).

(c) Each IRB which uses an expedited review procedure shall adopt a method for keeping all members advised of research proposals which have been approved under the procedure.

(d) The department or agency head may restrict, suspend, terminate, or choose not to authorize an institution’s or IRB’s use of the expedited review procedure.

§690.111 Criteria for IRB approval of research.

(a) In order to approve research covered by this policy the IRB shall determine that all of the following requirements are satisfied:

1. Risks to subjects are minimized:
   (i) By using procedures which are consistent with sound research design and which do not unnecessarily expose subjects to risk, and (ii) whenever appropriate, by using procedures already being performed on the subjects for diagnostic or treatment purposes.

2. Risks to subjects are reasonable in relation to anticipated benefits, if any, to subjects, and the importance of the knowledge that may reasonably be expected to result. In evaluating risks and benefits, the IRB should consider only those risks and benefits that may result from the research (as distinguished from risks and benefits of therapies subjects would receive even if not participating in the research). The IRB should not consider possible long-range effects of applying knowledge gained in the research (for example, the possible effects of the research on public policy) as among those research risks that fall within the purview of its responsibility.

3. Selection of subjects is equitable. In making this assessment the IRB should take into account the purposes of the research and the setting in which the research will be conducted and should be particularly cognizant of the special problems of research involving vulnerable populations, such as children, prisoners, pregnant women, mentally disabled persons, or economically or educationally disadvantaged persons.

4. Informed consent will be sought from each prospective subject or the subject’s legally authorized representative, in accordance with, and to the extent required by §690.116.

5. Informed consent will be appropriately documented, in accordance with, and to the extent required by §690.117.

6. When appropriate, the research plan makes adequate provision for monitoring the data collected to ensure the safety of subjects.

7. When appropriate, there are adequate provisions to protect the privacy of subjects and to maintain the confidentiality of data.

§690.112 Review by institution.

Research covered by this policy that has been approved by an IRB may be subject to further appropriate review and approval or disapproval by officials of the institution. However, those officials may not approve the research if it has not been approved by an IRB.

§690.113 Suspension or termination of IRB approval of research.

An IRB shall have authority to suspend or terminate approval of research that is not being conducted in accordance with the IRB’s requirements or that has been associated with unexpected serious harm to subjects. Any suspension or termination of approval shall include a statement of the reasons for the IRB’s action and shall be reported promptly to the investigator,
appropriate institutional officials, and the department or agency head.

(Approved by the Office of Management and Budget under control number 9999-0020)

§ 690.114 Cooperative research.

Cooperative research projects are those projects covered by this policy which involve more than one institution. In the conduct of cooperative research projects, each institution is responsible for safeguarding the rights and welfare of human subjects and for complying with this policy. With the approval of the department or agency head, an institution participating in a cooperative project may enter into a joint review arrangement, rely upon the review of another qualified IRB, or make similar arrangements for avoiding duplication of effort.

(Approved by the Office of Management and Budget under control number 9999-0020)

§ 690.115 IRB records.

(a) An institution, or when appropriate an IRB, shall prepare and maintain adequate documentation of IRB activities, including the following:

1. Copies of all research proposals reviewed, scientific evaluations, if any, that accompany the proposals, approved sample consent documents, progress reports submitted by investigators, and reports of injuries to subjects.

2. Minutes of IRB meetings which shall be in sufficient detail to show attendance at the meetings; actions taken by the IRB; the vote on these actions including the number of members voting for, against, and abstaining; the basis for requiring changes in or disapproving research; and a written summary of the discussion of controverted issues and their resolution.

3. Records of continuing review activities.

4. Copies of all correspondence between the IRB and the investigators.

5. A list of IRB members in the same detail as described is § 690.103(b)(3).

6. Written procedures for the IRB in the same detail as described in § 690.103(b)(4) and § 690.103(b)(5).

7. Statements of significant new findings provided to subjects, as required by § 690.116(b)(5).

(b) The records required by this policy shall be retained for at least 3 years, and records relating to research which is conducted shall be retained for at least 3 years after completion of the research. All records shall be accessible for inspection and copying by authorized representatives of the department or agency at reasonable times and in a reasonable manner.

(Approved by the Office of Management and Budget under control number 9999-0020)

§ 690.116 General requirements for informed consent.

Except as provided elsewhere in this policy, no investigator may involve a human being as a subject in research covered by this policy unless the investigator has obtained the legally effective informed consent of the subject or the subject's legally authorized representative. An investigator shall seek such consent only under circumstances that provide the prospective subject or the representative sufficient opportunity to consider whether or not to participate and that minimize the possibility of coercion or undue influence. The information that is given to the subject or the representative shall be in language understandable to the subject or the representative. No informed consent, whether oral or written, may include any exculpatory language through which the subject or the representative is made to waive or appear to waive any of the subject's legal rights, or releases or appears to release the investigator, the sponsor, the institution or its agents from liability for negligence.

(a) Basic elements of informed consent. Except as provided in paragraph (c) or (d) of this section, in seeking informed consent the following information shall be provided to each subject:

1. A statement that the study involves research, an explanation of the purposes of the research and the expected duration of the subject's participation, a description of the procedures to be followed, and identification of any procedures which are experimental;

2. A description of any reasonably foreseeable risks or discomforts to the subject;

3. A description of any benefits to the subject or to others which may reasonably be expected from the research;
(4) A disclosure of appropriate alternative procedures or courses of treatment, if any, that might be advantageous to the subject;
(5) A statement describing the extent, if any, to which confidentiality of records identifying the subject will be maintained;
(6) For research involving more than minimal risk, an explanation as to whether any compensation and an explanation as to whether any medical treatments are available if injury occurs and, if so, what they consist of, or where further information may be obtained;
(7) An explanation of whom to contact for answers to pertinent questions about the research and research subjects' rights, and whom to contact in the event of a research-related injury to the subject; and
(8) A statement that participation is voluntary, refusal to participate will involve no penalty or loss of benefits to which the subject is otherwise entitled, and the subject may discontinue participation at any time without penalty or loss of benefits to which the subject is otherwise entitled.
(b) Additional elements of informed consent: When appropriate, one or more of the following elements of information shall also be provided to each subject:
(1) A statement that the particular treatment or procedure may involve risks to the subject (or to the embryo or fetus, if the subject is or may become pregnant) which are currently unforeseeable;
(2) Anticipated circumstances under which the subject's participation may be terminated by the investigator without regard to the subject's consent;
(3) Any additional costs to the subject that may result from participation in the research;
(4) The consequences of a subject's decision to withdraw from the research and procedures for orderly termination of participation by the subject;
(5) A statement that significant new findings developed during the course of the research which may relate to the subject's willingness to continue participation will be provided to the subject; and
(6) The approximate number of subjects involved in the study.
(c) An IRB may approve a consent procedure which does not include, or which alters, some or all of the elements of informed consent set forth above, or waive the requirement to obtain informed consent provided the IRB finds and documents that:
(1) The research or demonstration project is to be conducted by or subject to the approval of state or local government officials and is designed to study, evaluate, or otherwise examine: (i) Public benefit of service programs; (ii) procedures for obtaining benefits or services under those programs; (iii) possible changes in or alternatives to those programs or procedures; or (iv) possible changes in methods or levels of payment for benefits or services under those programs; and
(2) The research could not practically be carried out without the waiver or alteration.
(d) An IRB may approve a consent procedure which does not include, or which alters, some or all of the elements of informed consent set forth in this section, or waive the requirements to obtain informed consent provided the IRB finds and documents that:
(1) The research involves no more than minimal risk to the subjects;
(2) The waiver or alteration will not adversely affect the rights and welfare of the subjects;
(3) The research could not practically be carried out without the waiver or alteration; and
(4) Whenever appropriate, the subjects will be provided with additional pertinent information after participation.
(e) The informed consent requirements in this policy are not intended to preempt any applicable federal, state, or local laws which require additional information to be disclosed in order for informed consent to be legally effective.
(f) Nothing in this policy is intended to limit the authority of a physician to provide emergency medical care, to the extent the physician is permitted to do so under applicable federal, state, or local law.
(Approved by the Office of Management and Budget under control number 9999-0020)
§ 690.117 Documentation of informed consent.

(a) Except as provided in paragraph (c) of this section, informed consent shall be documented by the use of a written consent form approved by the IRB and signed by the subject or the subject's legally authorized representative. A copy shall be given to the person signing the form.

(b) Except as provided in paragraph (c) of this section, the consent form may be either of the following:

1. A written consent document that embodies the elements of informed consent required by §690.116. This form may be read to the subject or the subject's legally authorized representative, but in any event, the investigator shall give either the subject or the representative adequate opportunity to read it before it is signed; or

2. A short form written consent document stating that the elements of informed consent required by §690.116 have been presented orally to the subject or the subject's legally authorized representative. When this method is used, there shall be a witness to the oral presentation. Also, the IRB shall approve a written summary of what is to be said to the subject or the representative. Only the short form itself is to be signed by the subject or the representative. However, the witness shall sign both the short form and a copy of the summary, and the person actually obtaining consent shall sign a copy of the summary. A copy of the summary shall be given to the subject or the representative, in addition to a copy of the short form.

(c) An IRB may waive the requirement for the investigator to obtain a signed consent form for some or all subjects if it finds either:

1. That the only record linking the subject and the research would be the consent document and the principal risk would be potential harm resulting from a breach of confidentiality. Each subject will be asked whether the subject wants documentation linking the subject with the research, and the subject's wishes will govern; or

2. That the research presents no more than minimal risk of harm to subjects and involves no procedures for which written consent is normally required outside of the research context.

In cases in which the documentation requirement is waived, the IRB may require the investigator to provide subjects with a written statement regarding the research.

(Approved by the Office of Management and Budget under control number 9999-0020)

§ 690.118 Applications and proposals lacking definite plans for involvement of human subjects.

Certain types of applications for grants, cooperative agreements, or contracts are submitted to departments or agencies with the knowledge that subjects may be involved within the period of support, but definite plans would normally be set forth in the application or proposal. These include activities such as institutional type grants when selection of specific projects is the institution's responsibility; research training grants in which the activities involving subjects remain to be selected; and projects in which human subjects' involvement will depend upon completion of instruments, prior animal studies, or purification of compounds. These applications need not be reviewed by an IRB before an award may be made. However, except for research exempted or waived under §690.101 (b) or (i), no human subjects may be involved in any project supported by these awards until the project has been reviewed and approved by the IRB, as provided in this policy, and certification submitted, by the institution, to the department or agency.

§ 690.119 Research undertaken without the intention of involving human subjects.

In the event research is undertaken without the intention of involving human subjects, but it is later proposed to involve human subjects in the research, the research shall first be reviewed and approved by an IRB, as provided in this policy, a certification submitted, by the institution, to the department or agency, and final approval given to the proposed change by the department or agency.
§ 690.120 Evaluation and disposition of applications and proposals for research to be conducted or supported by a Federal Department or Agency.

The department or agency head will evaluate all applications and proposals involving human subjects submitted to the department or agency through such officers and employees of the department or agency and such experts and consultants as the department or agency head determines to be appropriate. This evaluation will take into consideration the risks to the subjects, the adequacy of protection against these risks, the potential benefits of the research to the subjects and others, and the importance of the knowledge gained or to be gained.

(b) On the basis of this evaluation, the department or agency head may approve or disapprove the application or proposal, or enter into negotiations to develop an approvable one.

§ 690.121 [Reserved]

§ 690.122 Use of Federal funds.

Federal funds administered by a department or agency may not be expended for research involving human subjects unless the requirements of this policy have been satisfied.

§ 690.123 Early termination of research support: Evaluation of applications and proposals.

(a) The department or agency head may require that department or agency support for any project be terminated or suspended in the manner prescribed in applicable program requirements, when the department or agency head finds an institution has materially failed to comply with the terms of this policy.

(b) In making decisions about supporting or approving applications or proposals covered by this policy the department or agency head may take into account, in addition to all other eligibility requirements and program criteria, factors such as whether the applicant has been subject to a termination or suspension under paragraph (a) of this section and whether the applicant or the person or persons who would direct or have directed the scientific and technical aspects of an activity have, in the judgment of the department or agency head, materially failed to discharge responsibility for the protection of the rights and welfare of human subjects (whether or not the research was subject to federal regulation).

§ 690.124 Conditions.

With respect to any research project or any class of research projects the department or agency head may impose additional conditions prior to or at the time of approval when in the judgment of the department or agency head additional conditions are necessary for the protection of human subjects.

The present Commission was established by the United States Commission on Civil Rights Act of 1983, 97 Stat. 1301. The statutes are codified in 42 U.S.C. 1975 through 1975f. (Hereinafter, the 1983 Act will be referred to as “the Act.”)

(1) Such person shall be served with notice in writing of the date, time, and place made available for the appearance of witnesses at executive session, at least 10 days prior to such date, or where service is by mail at least 14 days prior to such date. This notice shall be accompanied by a copy of the rules in this part and by a brief summary of the information which the Commission has determined may tend to defame, degrade, or incriminate such person.

(2) The notice, summary, and rules in this part shall be served personally by depositing the same in the United States mail as certified mail, or by leaving a copy thereof at the last known residence or business address of such person.

such public release or use, will be pre-
sented at a public session, and the
Commission will afford them an oppor-

received by the Commission within 24
hours in advance of the witness’ ap-

advance of the witness’ appearance.
(d) In the discretion of the Com-
mission, evidence may be included in the
record after the close of a public ses-

does not tend to defame, degrade, or in-
criminate any person.
(e) The Commission will determine
the pertinency of testimony and evi-

may refuse to include in the record of
a proceeding or may strike from the
record any evidence it considers to be
cumulative, immaterial, or not perti-

§ 702.9 Cross-examination at public

submit questions to the Commission in
writing, which, in the discretion of the
Commission, may be put to such wit-
ness by the Chairman or by authorized

§ 702.12 Contempt of the Commission.

Proceedings and process of the Commission are governed by section 105(g) of the Act, which provides:

§ 702.13 Intimidation of witnesses.

Witnesses at Commission proceedings are protected by the provisions of 18 U.S.C. 1505, which provide:

(b) Every person who submits data or evidence shall be entitled to retain or, on payment of lawfully prescribed costs, procure a copy or transcript thereof, except that witnesses in a hearing held in executive session may for good cause be limited to inspection of the official transcript of their testimony. Transcript copies of public sessions may be obtained by the public upon the payment of the cost thereof.

(c) Persons who have presented testimony at a proceeding may ask within 60 days after the close of the proceeding to correct errors in the transcript of their testimony. Such requests shall be granted only to make the transcript conform to their testimony as presented at the proceeding.

§ 702.15 Witness fees.

Pursuant to section 102(j) of the Act: A witness attending any session of the Commission shall be paid the same fees and mileage that are paid witnesses in the courts of the United States. Mileage payments shall be tendered to the witness upon service of a subpoena issued on behalf of the Commission or any subcommittee thereof.

§ 702.16 Attendance of news media at public sessions.

Reasonable access for coverage of public sessions shall be provided to the various communications media, including newspapers, magazines, radio, newsreels, and television, subject to the physical limitations of the room in which the session is held and consideration of the physical comfort of Commission members, staff, and witnesses. PART 704—INFORMATION DISCLOSURE AND COMMUNICATIONS

Sec. 704.1 Material available pursuant to 5 U.S.C. 552.
704.2 Complaints.
704.3 Other requests and communications.
704.4 Restrictions on disclosure of information.

§ 704.1 Material available pursuant to 5 U.S.C. 552.

(a) Purpose, scope, and definitions. (1) This section contains the regulations of the U.S. Commission on Civil Rights implementing 5 U.S.C. 552. These regulations inform the public with respect to where and how records and information may be obtained from the Commission. Officers and employees of the Commission shall make Commission records available under 5 U.S.C. 552 only as prescribed in this section. Nothing contained in this section, however, shall be construed to prohibit officers or employees of the Commission from routinely furnishing information or records which are customarily furnished in the regular performance of their duties.

(2) For the purposes of these regulations the terms listed below are defined as indicated:

Commission means the United States Commission on Civil Rights; Solicitor means the Solicitor of the United States Commission on Civil Rights or his/her designee; FOIA means the Freedom of Information Act, 5 U.S.C. 552; FOIA Request means a request in writing for records pursuant to 5 U.S.C. 552 which meets the requirements of 704.1(d) herein. These regulations do not apply to telephone or other oral communications and requests not complying with § 704.1(d)(1)(i); Staff Director means the Staff Director of the United States Commission on Civil Rights.

(b) General policy. In order to foster the maximum participation of an informed public in the affairs of Government, the Commission will make the fullest possible disclosure of its identifiable records and information consistent with such considerations as those provided in the exemptions of 5 U.S.C. 552, which are set forth in paragraph (f) of this section.

(c) Material maintained on file pursuant to 5 U.S.C. 552(a)(2). Material maintained on file pursuant to 5 U.S.C. 552(a)(2) shall be available for inspection during regular business hours at the offices of the Commission at 1121 Vermont Avenue, NW., Washington, DC 20425. Copies of such material shall be available upon written request specifying the material desired, addressed to the Solicitor’s Unit, U.S. Commission on Civil Rights, Washington, DC 20425, and upon the payment of fees, if any, determined in accordance with paragraph (e) of this section.

(1) Current index. Included in the material available pursuant to 5 U.S.C. 552(a)(2) shall be an index of:

(i) All other material maintained on file pursuant to 5 U.S.C. 552(a)(2); and

(ii) All material published by the Commission in the FEDERAL REGISTER and currently in effect.

(2) Deletion of identifying details. Wherever deletions from material maintained on file pursuant to 5 U.S.C. 552(a)(2) are required in order to prevent a clearly unwarranted invasion of privacy, justification for the deletions shall be placed as a preamble to documents from which such deletions are made.

(d) Materials available pursuant to 5 U.S.C. 552(a)(3)—(1) Request Procedures. (i) Each request for records pursuant to this subsection shall be in writing over the signature of the requester, addressed to the Solicitor’s Unit, U.S. Commission on Civil Rights, Washington, DC 20425 and: (A) Shall clearly and prominently be identified as a request for information under the Freedom of Information Act [if submitted by mail or otherwise submitted in an envelope or other cover, be clearly and prominently identified as such on the envelope or other cover—e.g., FOIA]; and (B) shall contain a sufficiently specific description of the record requested with respect to names, dates, and subject matter to permit such record to be identified and located; and (C) shall contain a statement that whatever costs involved pursuant to
§ 704.1(e) will be paid, that such costs will be paid up to a specified amount, or that waiver or reduction of fees is requested pursuant to § 704.1(e).

(ii) If the information submitted pursuant to § 704.1(d)(1)(i)(B) is insufficient to enable identification and location of the records, the Solicitor shall as soon as possible notify the requester in writing indicating the additional information needed. Every reasonable effort shall be made to assist in the identification and location of the record sought. Time requirements under these regulations are tolled from the date notification under this subsection is sent to the requester until an answer in writing to such notification is received from requester.

(iii) A request for records which is not in writing or does not comply with § 704.1(d)(1)(i) is not a request under the Freedom of Information Act and the 10 day time limit for agency response under the Act will not be deemed applicable.

(iv) Except as otherwise provided herein, the Solicitor shall immediately notify the requester of noncompliance with § 704.1(d)(1)(i)(C) and § 704.1(e).

(2) Agency determinations. (i) Responses to all requests pursuant to 5 U.S.C. 552(a)(3) shall be made by the Solicitor in writing to the requester within 10 working days after receipt by the Solicitor of such request except as specifically exempted under § 704.1(d)(1)(ii), (iii) and (iv), and shall state: (A) Whether and to what extent the Commission will comply with the request; (B) the probable availability of the records or that the records may be furnished with deletions or that records will be denied as exempt pursuant to 5 U.S.C. 552(b)(i) through (ix); (C) the estimated costs, determined in accordance with § 704.1(e) herein, including waiver or reduction of fee as appropriate and any deposit or prepayment requirement; and (D) when records are to be provided, the time and place at which records or copies will be available determined in accordance with the terms of the request and with § 704.1(d)(3). Such response shall be termed a determination notice.

(ii) In the case of denial of requests in whole or in part the determination notice shall state: (A) Specifically what records are being denied; (B) the reasons for such denials; (C) the specific statutory exemption(s) upon which such denial is based; (D) the names and titles or positions of every person responsible for the denial of such request; and (E) the right of appeal to the Staff Director of the Commission and procedures for such appeal as provided under § 704.1(g).

(iii) Each request received by the Solicitor’s Unit for records pursuant to these regulations shall be recorded immediately. The record of each request shall be kept current, stating the date and time the request is received, the name and address of the person making the request, any amendments to such request, the date(s) any records are subsequently furnished, and the payment requested and received.

(3) Time limitations. (i) Time limitations for agency response to a request for records established by these regulations shall begin when the request is recorded pursuant to § 704.1(d)(2)(iii). A written request pursuant to FOIA but sent to an office of the Commission other than the Solicitor’s Unit shall be date stamped, initialed and redirected immediately to the Solicitor’s Unit. The required period for agency determination shall begin when it is received by the Solicitor’s Unit in accordance with § 704.1(d)(2)(iii).

(ii) In unusual circumstances, pursuant to 5 U.S.C. 552(a)(6)(B), the Solicitor may, in the case of initial determinations under these regulations, extend the 10 working day time limit in which the agency is required to make its determination notification. Such extension shall be communicated in writing to the requesting party setting forth with particularity the reasons for such extension and the date on which a determination is expected to be transmitted. Such extensions may not exceed 10 working days for any request and may only be used to the extent...
necessary to properly process a particular request. Such extension is permissible only where there is a demonstrated need: (A) To search for and collect the requested records from field facilities or other establishments that are separate from the Solicitor's Unit; (B) to search for, collect, and appropriately examine a voluminous amount of separate and distinct records which are demanded in a single request; or (C) for consultation, which shall be conducted with all practicable speed, with another agency having a substantial interest in the determination of the request or among two or more components of the same agency having substantial subject matter interest therein.

(e) Fees—(1) Definitions. The following definitions apply to the terms when used in this section:

(i) Direct costs means those expenditures which the Commission actually incurs in searching for and duplicating (and in the case of commercial requesters, reviewing) documents to respond to a request made under §704.1(d) of this part. Direct costs include, for example, the salary of the employee(s) performing the work (the basic rate of pay for the employee(s) plus 16 percent of that rate to cover benefits) and the cost of operating duplicating machinery. Not included in direct costs are overhead expenses such as costs of space, and heating or lighting the facility in which the records are stored.

(ii) Search means all time spent looking for material that is responsive to a request, including page-by-page or line-by-line identification within documents. However, an entire document will be duplicated if this would prove to be a more efficient and less expensive method of complying with a request than a more detailed manner of searching. Search is distinguished from review of material in order to determine whether the material is exempt from disclosure.

(iii) Duplication means the process of making a copy of a document necessary to respond to a request for disclosure of records. Such copies can take the form of paper or machine readable documentation (e.g., magnetic tape or disk), among others.

(iv) Review means the process of examining documents located in response to an information request to determine whether any portion of any document is permitted to be withheld. It also includes processing any documents for disclosure, e.g., doing all that is necessary to prepare them for release. Review does not include time spent resolving general legal or policy issues regarding the application of exemptions.

(v) Commercial use request means a request from or on behalf of one who seeks information for a use or purpose that furthers the commercial, trade, or profit interests of the requester or the person on whose behalf the request is made. In deciding whether a requester properly belongs in this category, the Solicitor will determine the use to which a requester will put the documents requested. When the Solicitor has reasonable cause to doubt such intended use, or where such use is not clear from the request itself, the Solicitor will see additional clarification before assigning the request to a specific category.

(vi) Educational institution means a school, an institution of higher education, an institution of professional education or an institution of vocational education, which operates a program or programs of scholarly research.

(vii) Noncommercial scientific institution means an institution that is not operated on a commercial basis and which is operated solely for the purpose of conducting scientific research the results of which are not intended to promote any particular product or industry.

(viii) Representative of the news media means any person actively gathering news for an entity that is organized and operated to publish or broadcast news to the public. The term news means information that is about current events or that would be of current interest to the public. News media entities include television or radio stations broadcasting to the public at large, and publishers of periodicals (but only in those instances when they can qualify as disseminators of "news") who make their products available for purchase or subscription by the general public.
public. “Freelance” journalists may be regarded as working for a news organization if they can demonstrate a solid basis for expecting publication through that organization, even though not actually employed by it.

(2) Costs to be included in fees. The direct costs included in fees will vary according to the following categories of requests:

   (i) Commercial use requests. Fees will include the Commission’s direct costs for searching for, reviewing, and duplicating the requested records.

   (ii) Educational and noncommercial scientific institution requests. The Commission will provide documents to requesters in this category for the cost of duplication alone, excluding charges for the first 100 pages. To be eligible for inclusion in this category, requesters must show that the request is being made under the auspices of a qualifying institution and that the records are sought in furtherance of scholarly (if the request is from an educational institution) or scientific (if the request is from a noncommercial scientific institution) research.

   (iii) Requests from representatives of the news media. The Commission will provide documents to requesters in this category for the cost of duplication alone, excluding charges for the first 100 pages. To be eligible for inclusion in this category a requester must meet the criteria in paragraph (e)(1)(viii) of this section.

   (iv) All other requests. The Commission will charge requesters who do not fit into any of the categories in paragraphs (e)(2)(i) through (iii) of this section fees which cover the direct costs of searching for and duplicating records that are responsive to the request, except for the first two hours of search time and the first 100 pages duplicated. However, requests from persons for records about themselves will continue to be treated under the fee provisions of the Privacy Act of 1974 and § 705.10 of this chapter.

(3) Fee calculation. Fees will be calculated as follows:

   (i) Manual search. At the salary rate (basic pay plus 16 percent) of the employee(s) making the search.

   (ii) Computer search. At the actual direct cost of providing the search, including computer search time directly attributable to search for records responsive to the request, runs, and operator salary attributable to the search.

   (iii) Review (commercial use requests only). At the salary rate (basic pay plus 16 percent) of the employee(s) conducting the review. Only the review necessary at the initial administrative level to determine the applicability of any exemption, and not review at the administrative appeal level, will be included in the fee.

   (iv) Duplication. At 20 cents per page for paper copy. For copies of records prepared by computer (such as tapes or printouts), the actual cost of production, including operator time, will be charged.

   (v) Additional services; certification. Express mail and other additional services that may be arranged by the requester will be charged at actual cost. The fee for certification or authentication of copies shall be $3.00 per document.

   (vi) Assessment of interest. The Commission may begin assessing interest charges on the 31st day following the day the fee bill is sent. Interest will be at the rate prescribed in 31 U.S.C. 3717 and will accrue from the date of billing.

   (vii) No fee shall be charged if the total billable cost calculated under paragraphs (e)(2) and (3) of this section is less than $10.00.

(4) Waiver or reduction of fees. (i) Documents will be furnished without charge, or at a reduced charge, where disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester.

   (ii) Whenever a waiver or reduction of fees is granted, only one copy of the record will be furnished.

   (iii) The decision of the Solicitor on any fee waiver or reduction request shall be final and unappealable.

(5) Payment procedures—(i) Fee payment. Payment of fees shall be made by cash (if delivered in person), check or money order payable to the United States Commission on Civil Rights.
(ii) Notification of fees. No work shall be done that will result in fees in excess of $25.00 without written authorization from the requester. Where it is anticipated that fees will exceed $25.00, and the requester has not indicated in advance a willingness to pay fees as high as are anticipated, the requester will be notified of the amount of the projected fees. The notification shall offer the requester an opportunity to confer with the Solicitor in an attempt to reformulate the request so as to meet the requester’s needs at a lower cost. The administrative time limits prescribed in 5 U.S.C. 552(a)(6) will not begin until after the requester agrees in writing to accept the prospective charges.

(6) Advance payment of fees. When fees are projected to exceed $250.00, the requester may be required to make an advance payment of all or part of the fee before the request is processed. If a requester has previously failed to pay a fee in a timely fashion (i.e. within 30 days of the billing date), the requester will be required to pay the full amount owed plus any applicable interest, and to make an advance payment of the full amount of the estimated fee before a new or pending request is processed from that requester. The administrative time limits prescribed in 5 U.S.C. 552(a)(6) will not begin until after the requester has complied with this provision.

(7) Other provisions—(i) Charges for unsuccessful search. Charges may be assessed for time spent searching for requested records, even if the search fails to locate responsive records or the records are determined, after review, to be exempt from disclosure.

(ii) Aggregating requests to avoid fees. Multiple requests shall be aggregated when the Solicitor reasonably determines that a requester or group of requesters is attempting to break down a request into a series of requests to evade fees.

(iii) Debt Collection Act. The Debt Collection Act, including disclosure to consumer reporting agencies and use of collection agencies, will be used to encourage payment where appropriate.

(f) Exemptions (5 U.S.C. 552(b))—

(1) General. The Commission may exempt from disclosure matters that are:

(i)(A) Specifically authorized under criteria established by an Executive Order to be kept secret in the interest of national defense or foreign policy and (B) are in fact properly classified pursuant to such Executive Order.

(ii) Related solely to the internal personnel rules and practices of an agency;

(iii) Specifically exempted from disclosure by statute;

(iv) Trade secrets and commercial or financial information obtained from a person and privileged or confidential;

(v) Interagency or intra-agency memoranda or letters which would not be available by law to a party other than an agency in litigation with the agency;

(vi) Personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy;

(vii) Records or information compiled for law enforcement purposes, but only to the extent that the production of such law enforcement records or information:

(A) Could reasonably be expected to interfere with enforcement proceedings,

(B) Could deprive a person of a right to a fair trial or an impartial adjudication,

(C) Could reasonably be expected to constitute an unwarranted invasion of personal privacy,

(D) Could reasonably be expected to disclose the identity of a confidential source, including a State, local, or foreign agency or authority or any private institution which furnished information on a confidential basis,

(E) Could disclose techniques and procedures for all enforcement investigations or prosecutions, or could disclose guidelines for law enforcement investigations or prosecutions if such disclosure could reasonably be expected to risk circumvention of the law, or

(F) Could reasonably be expected to endanger the life or physical safety of any individual;

(viii) Contained in or related to examination, operating, or condition reports prepared by, on behalf of, or for the use of an agency responsible for the
§ 704.2 45 CFR Ch. VII (10–1–99 Edition)

regulation or supervision of financial institutions; and

(i) Geological and geophysical information and data, including maps, concerning wells.

(2) Investigatory records or information. (5 U.S.C. 552(b)(7)). (i) Among the documents exempt from disclosure pursuant to § 704.1(f)(1)(vii) shall be records or information reflecting investigations which either are conducted for the purpose of determining whether a violation(s) of legal right has taken place, or have disclosed that a violation(s) of legal right has taken place, but only to the extent that production of such records or information would fall within the classifications established in paragraphs (f)(1)(vii)(B) through (F) of this section.

(ii) Among the documents exempt from disclosure under paragraphs (f)(1)(vii)(D) and (f)(2)(i) of this section concerning confidential sources shall be documents which disclose the fact or the substance of a communication made to the Commission in confidence relating to an allegation or support of an allegation of wrongdoing by certain persons. It is sufficient under this subsection to indicate the confidentiality of the source if the substance of the communication or the circumstances of the communication indicate that investigative effectiveness could reasonably be expected to be inhibited by disclosure.

(iii) Whenever a request is made which involves access to records described in paragraph (f)(1)(vii)(A) of this section and the investigation or proceeding involves a possible violation of criminal law; and there is reason to believe that the subject of the investigation or proceeding is not aware of its pendency, and disclosure of the existence of the records could reasonably be expected to interfere with enforcement proceedings, the Commission may, during only such time as that circumstance continues, treat the records as not subject to the requirements of 5 U.S.C. 552 and this section.

(3) Any reasonably segregable portion of a record shall be provided to any person requesting such record after deletion of the portions which are exempt under this subsection.

(g) Administrative appeals. (1) These procedures apply whenever a requester is denied records under § 704.1(d)(2)(i).

(2) Parties may appeal § 704.1(d)(2)(i) decisions within 90 days of the date of such decision by filing a written request for review addressed to the Staff Director, U.S. Commission on Civil Rights, Washington, DC 20425, by certified mail, including a copy of the written denial, and may include a statement of the circumstances, reasons or arguments advanced in support of disclosure. Review will be made by the Staff Director on the basis of the written record.

(3) The decision on review of any appeal filed under this subsection shall be in writing over the signature of the Staff Director, will be promptly communicated to the person requesting review, and will constitute the final action of the Commission.

(4) Determinations of appeals filed under this subsection shall be made within 20 working days after the receipt of such appeal. If, on appeal, denial of records is in whole or part upheld, the Staff Director shall notify the persons making such request of the provisions for judicial review of that determination under 5 U.S.C. 552(a)(4).

(5) An extension of time may be granted under this subsection pursuant to criteria established in § 704.1(d)(3)(ii)(A) to (C), except that such extension together with any extension which may have been granted pursuant to § 704.1(d)(3)(ii) may not exceed a total of 10 working days.

§ 704.2 Complaints.

Any person may bring to the attention of the Commission a grievance which he believes falls within the jurisdiction of the Commission, as set forth in section 104 of the Act. This shall be done by submitting a complaint in writing to the Office of Federal Civil Rights Evaluation, U.S. Commission on Civil Rights, Washington, DC 20425. Allegations falling under section 104(a) (1) and (5) of the Act (discrimination or fraud in voting) must be under oath or affirmation. All complaints should set forth the pertinent facts upon which
the complaint is based, including but not limited to specification of (a) names and titles of officials or other persons involved in acts forming the basis for the complaint; (b) accurate designations of place locations involved; (c) dates of events described in the complaint.

§ 705.1 Purpose and scope.

(g) The term routine use means, with respect to the disclosure of a record, the use of such record for a purpose which is compatible with the purpose for which it was collected.

§ 705.3 Procedures for requests pertaining to individual records in a system of records.

(a) An individual seeking notification of whether a system of records contains a record pertaining to him or her or an individual seeking access to information or records pertaining to him or her which is available under the Privacy Act of 1974, shall present his or her request in person or in writing to the Solicitor of the Commission.

(b) In addition to meeting the requirements set forth in §705.4(c) or (d), any person who requests information under these regulations shall provide a reasonably specific description of the information sought so that it may be located without undue search or inquiry. If possible, that description should include the nature of the records sought, the approximate dates covered by the record, and, if known by the requester, the system in which the record is thought to be included. Requested information that is not identified by a reasonably specific description is not an identifiable record, and the request for that information cannot be treated as a formal request.

(c) If the description is insufficient, the agency will notify the requester and, to the extent possible, indicate the additional information required. Every reasonable effort shall be made to assist a requester in the identification and location of the record or records sought.

§ 705.4 Times, places, and requirements for identification of individuals making requests and identification of records requested.

(a) The Solicitor is the designated Privacy Act Officer for the Commission.

(b) An individual making a request to the Solicitor in person may do so at the Commission’s headquarters office,
§ 705.5 Disclosure of requested information to individuals.

The Solicitor, or one or more assistants designated by him or her, upon receiving a request for notification of the existence of a record, or for access to a record shall (a) determine whether such record exists; (b) determine whether access is available under the Privacy Act; (c) notify the requesting person of those determinations within 10 (ten) working days (excluding Saturdays, Sundays, and legal public holidays); and (d) provide access to information pertaining to that person which has been determined to be available.

(c) An individual seeking access to records in person may establish his or her identity by the presentation of one document bearing a photograph (such as a driver's license, passport, identification card or badge) or by the presentation of two items of identification which do not bear a photograph, but do bear both a name and address (such as a credit card). When identification is made without photographic identification the Commission will request a signature comparison to the signature appearing on the items offered for identification, whenever possible and practical.

(d) An individual seeking access to records by mail shall establish his or her identity by a signature, address, date of birth, and one other identification, such as a copy of a driver's license, passport, identification card or badge, credit card or other document. The words "Privacy Act Request" should be placed in capital letters on the face of the envelope in order to facilitate requests by mail.

(e) An individual seeking access in person or by mail who cannot provide the required documentation of identification may provide a notarized statement, swearing or affirming to his or her identity and to the fact that he or she understands that there are criminal penalties for the making of false statements.

(f) The parent or guardian of a minor or a person judicially determined to be incompetent, in addition to establishing the identity of the minor or incompetent person he or she represents as required by paragraphs (a) through (c) of this section, shall establish his or her own parentage or guardianship by furnishing a copy of a birth certificate showing parentage or court order establishing guardianship.

(g) An individual seeking to review information about himself or herself may be accompanied by another person of his or her own choosing. In all such cases, the individual seeking access shall be required to furnish a written statement authorizing the discussion of his or her record in the presence of the accompanying person. 

§ 705.6 Request for correction or amendment to record.

(a) Any individual who has reviewed a record pertaining to him or her that was furnished to him or her under this part may request the agency to correct or amend all or part of that record.

(b) Each individual requesting a correction or amendment shall send the request to the Solicitor.

(c) Each request for a correction or amendment of a record shall contain the following information:

1. The name of the individual requesting the correction or amendment.
2. The name of the system of records in which the record sought to be amended is maintained.
3. The location of the record system from which the record was obtained.
4. A copy of the record sought to be amended or a description of that record.
5. A statement of the material in the record that should be corrected or amended.
6. A statement of the specific wording of the correction or amendment sought.
7. A statement of the basis for the requested correction or amendment including any material that the individual can furnish to substantiate the reasons for the amendment sought.

§ 705.7 Agency review of request for correction or amendment of the record.

Within ten (10) working days (excluding Saturdays, Sundays and legal public holidays) of the receipt of the request for the correction or amendment of a record, the Solicitor shall acknowledge receipt of the request and inform the individual that his or her request has been received and inform the individual whether further information is required before the correction or amendment can be considered. Further, the Solicitor shall promptly, and, under normal circumstances, not later than thirty (30) working days after receipt of the request, make the requested correction or amendment or notify the individual of his or her refusal to do so, including in the notification the reasons for the refusal, and the procedures established by the Commission by which the individual may initiate a review of that refusal. In the event of correction or amendment, an individual shall be provided with one copy of each record or portion thereof corrected or amended pursuant to his or her request without charge as evidence of the correction or amendment. The Commission shall also provide to all prior recipients of such a record, the corrected or amended information to the extent that it is relevant to the information previously furnished to a recipient pursuant to the Privacy Act.

§ 705.8 Appeal of an initial adverse agency determination.

(a) Any individual whose request for access or for a correction or amendment which has been denied, in whole or in part, by the Solicitor may appeal that decision to the Staff Director of the Commission, 1121 Vermont Avenue, NW., Room 800, Washington, DC 20425, or to a designee of the Staff Director.

(b) The appeal shall be in writing and shall:

1. Name the individual making the appeal;
2. Identify the record sought to be amended or corrected;
3. Name the record system in which that record is contained;
4. Contain a short statement describing the amendment or correction sought; and
5. State the name of the person who initially denied the correction or amendment.

(c) Not later than thirty (30) working days (excluding Saturdays, Sundays, and legal public holidays) after the date on which the agency received the appeal, the Staff Director shall complete his or her review of the appeal and make a final decision thereon, unless, for good cause shown, the Staff Director extends the appeal period beyond the initial thirty (30) day appeal period. In the event of such an extension the Staff Director shall promptly notify the individual making the appeal that the period for a final decision has been extended.

(d) After review of an appeal request, the Staff Director will send a written
notice to the requester containing the following information:

(1) The decision, and if the denial is upheld, the reasons for the decision;
(2) The right of the requester to institute a civil action in a Federal District Court for judicial review of the decision, if the appeal is denied; and
(3) The right of the requester to file with the Commission a concise statement setting forth the reasons for his or her disagreement with the Commission's decision denying the request. The Commission shall make this statement available to any person to whom the record is later disclosed, together with a brief statement, if the Commission considers it appropriate, of the agency's reasons for denying the requested correction or amendment. These statements shall also be provided to all prior recipients of the record to the extent that it is relevant to the information previously furnished to a recipient pursuant to the Privacy Act.

§ 705.10 Fees.

If an individual requests copies of his or her records the charge shall be three (3) cents per page. Provided, however, that the Commission shall not charge for copies furnished to an individual as a necessary part of the process of disclosing the record to an individual. Fees may be waived or reduced in accordance with § 704.1(e) of the Commission's regulations (45 CFR part 704) because of indigency, where the cost is nominal, when it is in the public interest not to charge, or when waiver would not constitute an unreasonable expense to the Commission.

§ 705.11 Penalties.

Any person who makes a false statement in connection with any request for a record, or in any request for an amendment to a record under this part, is subject to the penalties prescribed in 18 U.S.C. 494 and 495.

§ 705.12 Special procedures: Information furnished by other agencies.

When records or information sought from the Commission include information furnished by other Federal agencies, the Solicitor shall consult with the appropriate agency prior to making a decision to disclose or to refuse to disclose the record, but the decision whether or not to disclose the record shall be made by the Solicitor.

§ 705.13 Exemptions.

(a) Under the provision of 5 U.S.C. 552a(k), it has been determined by the agency that the following exemptions are necessary and proper and may be asserted by the agency:

(1) Exemption (k)(2) of the Act. Investigatory material compiled for law enforcement purposes, other than material within the scope of subsection (j)(2) of the Privacy Act; Provided, however, That if any individual is denied any right, privilege, or benefit that he or she would otherwise be eligible for, as a result of the maintenance of such material, such material shall be provided to such individual, except to the extent that the disclosure of such material would reveal the identity of a
source who furnished information to
the Government under an express
promise that the identity of the source
would be held in confidence, or, prior
to the effective date of this section,
under an implied promise that the
identity of the source would be held in
confidence.

(2) Exemption (k)(4) of the Act. Statis-
tical personnel records that are used
only to generate aggregate data or for
other evaluative or analytical purposes
and which are not used to make deci-
sions on the rights, benefits, or entitle-
ments of individuals.

(3) Exemption (k)(5) of the Act. Investi-
gatory material maintained solely
for the purposes of determining an in-
dividual’s qualifications, eligibility, or
suitability for employment in the Fed-
eral civilian service, Federal contracts,
or access to classified information, but
only to the extent that disclosure of
such material would reveal the iden-
tity of the source who furnished infor-
mation to the Government under an
express promise that the identity of
the source would be held in confidence,
or prior to September 27, 1975, under an
implied promise that the identity of
the source would be held in confidence.

(4) Testing or examination material
used solely to determine individual
qualifications for promotion or ap-
pointment in the Federal service the
disclosure of which would compromise
the objectivity or fairness of the test-
ing or examination process.

(b) Following are Commission sys-
tems of records which are partially ex-
empt under 5 U.S.C. 552a(k)(2), (4), (5),
and (6) and the reasons for such exemp-
tions:

(1) Appeals, Grievances and Complain-
t(s) (staff)—Commission Project, CRC-001. Ex-
empt partially under 5 U.S.C. 552a(k)(2)—The reasons for possibly as-
serting the exemptions are to prevent subjects of investigation from frus-
trating the investigatory process, to prevent disclosure of investigatory techniques, to maintain
the ability to obtain necessary information, to fulfill commitments made
to sources to protect their identities and the confidentiality of information and to avoid endangering these
sources.

(2) Complaints, CRC-003—Exempt par-
tially under 5 U.S.C. 552a(k)(2). The rea-
sons for possibly asserting the exemptions are to prevent subjects of investiga-
tion from frustrating the investigatory process, to prevent disclosure of investigatory techniques, to maintain
the ability to obtain necessary information, to fulfill commitments made
to sources to protect their identities and the confidentiality of information and to avoid endangering these
sources.

(3) Commission projects, CRC-004—Par-
tially exempt under 5 U.S.C. 552a(k)(a).
The reasons for asserting the exemptions
are to prevent subjects of investi-
gation from frustrating the investigatory
process, to prevent disclosure of investigatory techniques, to maintain
the ability to obtain necessary informa-
tion, to fulfill commitments made
to sources to protect their identities and the confidentiality of information and to avoid endangering these
sources.

(4) Other Employee Programs: EEO,
Troubled Employee, and Upward Mobil-
ity, CRC-006—Partially exempt under 5
U.S.C. 552a(k)(4), (5), and (6). The rea-
sons for asserting the exemptions are
to maintain the ability to obtain can-
did and necessary information, to ful-
fill commitments made to sources to
protect the confidentiality of informa-
tion, to avoid endangering these
sources and, primarily, to facilitate
proper selection or continuance of the
best applicants or persons for a given
position.

(5) State Advisory Committees Projects,
CRC-009—Partially exempt under 5 U.S.C.
552a(k)(2). The reasons for possibly as-
serting the exemptions are to prevent subjects of investigation from frus-
trating the investigatory process, to prevent disclosure of investigatory techniques, to maintain
the ability to obtain necessary information, to fulfill commitments made to sources to
protect their identities and the confiden-
tiality of information and to avoid en-
dangering these sources.

§ 705.95 Accounting of the disclos-
ures of records.

(a) All disclosures of records covered
by this part 705, except for the exemp-
tions listed in §705.95(b), shall be ac-
counted for by keeping a written
Commission on Civil Rights § 706.2

record of the particular record disclosed, the name and address of the person or agency to whom or to which disclosed, and the date, nature and purpose of the disclosure.

(b) No accounting is required for disclosures of records to those officials and employees of the Commission who have a need for the record in the performance of their duties, or if disclosure would be required under the Freedom of Information Act, 5 U.S.C. 552.

(c) The accounting shall be maintained for 5 years or until the record is destroyed or transferred to the National Archives and Record Service for storage, in which event, the accounting pertaining to those records, unless maintained separately, shall be transferred with the records themselves.

(d) The accounting of disclosures may be recorded in any system the Commission determines is sufficient for this purpose, however, the Commission must be able to construct from its system a listing of all disclosures. The system of accounting of disclosures is not a system of records under the definition in § 705.2(e) and no accounting need be maintained for disclosure of the accounting of disclosures.

(e) Upon request of an individual to whom a record pertains, the accounting of the disclosures of that record shall be made available to the requester, provided that he/she has complied with § 705.3(a) and with § 705.4(c) or (d).

The Solicitor shall respond to requests by employees and special Government employees for advice and guidance respecting questions of ethical conduct, conflicts of interest, reporting of financial interests and other matters of law covered by these regulations.

§ 706.6 Disciplinary and other remedial action.

An employee of the Commission who violates any of the regulations in this part may be disciplined. The disciplinary action may be in addition to any penalty prescribed by law for the violation. In addition to or in lieu of disciplinary action, remedial action to end conflicts or appearance of conflicts of interests may include but is not limited to:

(a) Changes in assigned duties;

(b) Divestment by an employee of any conflicting interest; or

(c) Disqualification for a particular assignment.

§ 706.7 Outside employment and other activity.

Employees of the Commission may engage in outside employment or other outside activity not incompatible with the full and proper discharge of the duties and responsibilities of their Government employment. Employees who wish to engage in outside employment shall first obtain the approval, in writing, of their supervisor.

§ 706.8 Prohibition against disclosure of evidence.

All employees of the Commission are subject to the prohibition on disclosure of evidence taken in executive session contained in Section 102(g) of the Civil Rights Act of 1957, 71 Stat. 634, as amended.

Subpart B—Ethical and Other Conduct and Responsibilities of Employees

§ 706.9 Proscribed actions.

An employee shall avoid any action, whether or not specifically prohibited by this subpart, which might result in, or create the appearance of:

(a) Using public office for private gain;

(b) Giving preferential treatment to any person;

(c) Impeding Commission efficiency or economy;
§ 706.10 Gifts, entertainment and favors.

(a) Except as provided in paragraphs (b) and (e) of this section, an employee shall not solicit or accept, directly or indirectly, any gift, gratuity, favor, entertainment, loan, or any other thing of monetary value from a person who:

(1) Has, or is seeking to obtain, contractual or other business or financial relations with the Commission;

(2) Conducts operations or activities that are regulated by the Commission; or

(3) Has interests that may be substantially affected by the performance or nonperformance of the employee's official duty.

(b) Exceptions from the prohibitions contained in paragraph (a) of this section are as follows:

(1) Gifts, entertainment and favors which derive from family or personal relationships (such as those between parents, children, or spouse of the employee and the employee) when the circumstances make it clear that it is those relationships rather than the business of the persons concerned which are the motivating factors;

(2) Acceptance of food and refreshments of nominal value on infrequent occasions in the ordinary course of a luncheon or dinner meeting or other meeting or on an inspection tour where an employee may properly be in attendance;

(3) Acceptance of loans from banks or other financial institutions on customary terms to finance proper and usual activities of employees, such as home mortgage loans; and

(4) Acceptance of unsolicited advertising or promotional material, such as pens, pencils, note pads, calendars, and other items of nominal intrinsic value.

(c) Employees shall not solicit a contribution from another employee for a gift to an official superior, make a donation as a gift to an official superior, or accept a gift from an employee receiving less pay than themselves. This paragraph, however, does not prohibit a voluntary gift of nominal value or donation in a nominal amount made on a special occasion such as marriage, illness, or retirement.

(d) An employee shall not accept a gift, present, decoration, or other thing from a foreign government unless authorized by Congress as provided by the Constitution and 5 U.S.C. 7342.

(e) Neither this section nor § 706.11 precludes an employee from receipt of bona fide reimbursement, unless prohibited by law, for expenses of travel and such other necessary subsistence as is compatible with this part, for which no Government payment or reimbursement is made. This paragraph, however, does not allow employees to be reimbursed, or payment to be made on their behalf, for excessive personal living expenses, gifts, entertainment or other personal benefits.

§ 706.11 Proscribed outside employment and other activities.

(a) An employee shall not engage in outside employment or other outside activity not compatible with the full and proper discharge of the duties and responsibilities of Government employment. Incompatible activities include but are not limited to:

(1) Acceptance of a fee, compensation, gift, payment of expense, or any other thing of monetary value in circumstances in which acceptance may result in, or create the appearance of conflicts of interest; or

(2) Outside employment which tends to impair mental or physical capacity to perform Governmental duties and responsibilities in an acceptable manner.

(b) An employee shall not receive any salary or anything of monetary value from a private source as compensation for service to the Government as prohibited by 18 U.S.C. 209.

(c) Employees are encouraged to engage in teaching, lecturing, and writing that is not prohibited by law, the Executive order, or Commission regulations. An employee shall not, either for or without compensation, engage in teaching, lecturing, or writing, including teaching, lecturing, or writing for the purpose of the special preparation...
§ 706.12 Financial interests.

(a) Employees shall not:

(1) Have a direct or indirect financial interest that conflicts substantially, or appears to conflict substantially, with their Government duties and responsibilities; or

(2) Engage in, directly or indirectly, a financial transaction as a result of, or primarily relying on, information obtained through their Government employment.

(b) This section does not preclude an employee from having a financial interest or engaging in financial transactions to the same extent as a private citizen not employed by the Government, so long as it is not prohibited by law, the Executive order, or Commission regulations.

§ 706.13 Use of Government property.

Employees shall not directly or indirectly use, or allow the use of, Government property of any kind, including property leased to the Government, for other than officially approved activities. Employees have a positive duty to protect and conserve Government property, including equipment, supplies, and other property entrusted or issued them.

§ 706.14 Misuse of information.

For the purpose of furthering a private interest, employees shall not directly or indirectly use, or allow the use of, official information obtained through or in connection with their Government employment, which has not been made available to the general public.

§ 706.15 Indebtedness.

An employee shall pay each just financial obligation in a proper and timely manner, especially one imposed by law such as Federal, State, or local taxes. For the purpose of this section, a "just financial obligation" means one acknowledged by the employee or reduced to judgment by a court, and "in a proper and timely manner" means in a manner which the agency determines does not, under the circumstances, reflect adversely on the Government as the employer. In the event of dispute between an employee and an alleged creditor, this section does not require the Commission to determine the validity or amount of the disputed debt.

§ 706.16 Gambling, betting and lotteries.

Employees shall not participate while on Government-owned or leased property or while on duty for the Government, in any gambling activity including the operation of a gambling device, in conducting a lottery or pool, in a game for money or property, or in selling or purchasing a numbers slip or ticket.
§ 706.17 General conduct prejudicial to the Government.

Employees shall not engage in criminal, infamous, dishonest, immoral, or notoriously disgraceful conduct, or other conduct prejudicial to the Government.

§ 706.18 Miscellaneous statutory provisions.

Employees shall acquaint themselves with each statute that relates to their ethical and other conduct as an employee of the Commission and of the Government. The attention of Commission employees is directed to the following statutory provisions:

(a) House Concurrent Resolution 175, 85th Congress, 2d session, 72 Stat. B12, the "Code of Ethics for Government Service";

Subpart C—Financial Reporting Requirements

§ 706.19 Statements of financial and property interests and outside employment.

Pursuant to the Ethics in Government Act of 1978 (Pub. L. 95-521, referred to hereinafter in this subpart as "the Act"), the following officers and employees of the Commission are required to file annual reports of financial and property interests and outside employment if they have served 61 days or more in their positions during the preceding calendar year:

(a) Officers and employees (including special government employees, as defined in 18 U.S.C. 202) whose positions are classified at GS-16 or above of the General Schedule, or whose basic rate of pay (excluding "step" increases) under other pay schedules is equal to or greater than the rate for GS-16 (step 1);
(b) Employees in the excepted service in positions which are of a confidential or policy-making character, unless their positions have been excluded by the Director of the Office of Government Ethics; and
(c) Each designated agency ethics official.
§ 706.20 Time and place for filing of reports.

(a) Annual reports are to be filed no later than May 15 of each calendar year, except that persons assuming a position for which reports are required who have not immediately prior to this assumption occupied a covered position in another agency, must file a report within 30 days after assuming the position at the Commission. In the event an individual terminates employment with the Commission and does not accept another position for which reporting is required, the report must be filed no later than the 30th day after termination, covering:

(1) The preceding calendar year if the annual May 15 report has not been filed; and

(2) The portion of the present calendar year up to the date of termination.

(b) Reports shall be filed with the designated ethics officer (Solicitor) of the Commission. The reports of the designated ethics officer and nominees to and holders of positions which require confirmation by the Senate shall be transmitted by the Solicitor to the Office of Government Ethics of the Office of Personnel Management.

§ 706.21 Exclusion of certain positions from reporting requirements.

(a) Under section 201(f)(5) of the Act, a report is required of any person in the executive branch in a position excepted from the competitive service by reason of being of a confidential or policymaker character. An exemption is available, as provided below, for a person in any such position classified below GS-16 (or the rate of basic pay for which is less than the minimum rate of basic pay fixed for GS-16) who has no role in advising or making policy determinations with respect to agency programs or policies. Such persons may include chauffeurs, private secretaries, stenographers and those who hold positions of similar nature, consistent with the basic criterion set forth in the preceding sentence.

(b) The exclusion of any position will be effective as of the time the Commission files with the Office of Government Ethics a list and description of each position for which exclusion is sought, and the identity of its current occupant. Such a list must be filed with the Office of Government Ethics on or before the date on which such reports are due under the Act.

(c) In the event that the Office of Government Ethics finds that one or more positions have been improperly excluded, it will so advise the Commission and set a date for the filing of the report.

§ 706.22 Information required to be reported—reporting forms.

Information required to be reported by the Act shall be set forth in the manner specified in, and in accordance with the instructions contained in, Standard Forms issued by the Office of Personnel Management, to be used as follows:

(a) Standard Form 278—for use by an officer or employee filing (1) an annual report pursuant to section 201(d) of the Act, or (2) a departure report upon termination of employment, pursuant to section 201(e) of the Act;

(b) Standard Form 278A—for use by (1) an individual assuming a position for which reporting is required pursuant to section 201(a) of the Act; or (2) an individual whose nomination has been transmitted by the President to the Senate, pursuant to section 201(b) of the Act.

§ 706.23 Review of reports.

(a) Financial reports are reviewed by the Commission’s designated Ethics Officer or the Director of the Office of Government Ethics, as appropriate. Reports are to be reviewed within 60 days after the date of their filing or transmittal to the Office of Government Ethics.

(b) After reviewing a report, the reviewing official is required to:

(1) State upon the report that the reporting individual is in compliance with applicable laws and regulations and to sign the report;

(2) Notify the reporting individual that additional information is required to be submitted and the time by which it must be submitted; or

(3) Notify the reporting individual that the report indicates noncompliance and afford the individual a reasonable opportunity for a written or oral
response after which the reviewing official reaches an opinion whether the individual is in compliance.

(c) If the reviewing official determines that the reporting individual is not in compliance with applicable laws and regulations, the reviewing official will notify the individual of that opinion, and after an opportunity for personal consultation, notify the individual of the steps which should be taken to assure compliance and the date by which such steps should be taken.

(d) The use of any steps to bring the individual in compliance are to be in accordance with regulations issued by the Director of the Office of Government Ethics.

(e) To assist employees in avoiding situations in which they would not be in compliance with applicable laws and regulations, the designated Commission ethics official is to maintain a list of those circumstances or situations which have resulted or may result in noncompliance and the lists are to be periodically published and furnished to individuals required to file reports under this Act.

§ 706.24 Public access to financial disclosure reports.

(a) Pursuant to section 205(b) of the Act, each report will be made available for public inspection within 15 days after the report is received by the agency, whether or not the review of the report prescribed by section 206 of the Act has been completed.

(b) Pursuant to section 205(b) of the Act, as amended by Pub. L. 96-19, the following rules are applicable to public access to financial reports:

(1) A financial disclosure report may not be made available to any person nor may a copy thereof be provided to any person except upon written application by such person stating:

(i) That person's name, occupation, and address;

(ii) The name and address of any other person or organization on whose behalf the inspection or copy is requested; and

(iii) That such person is aware that it is unlawful to obtain or use a report:

(A) For any unlawful purpose;

(B) For any commercial purpose, other than by news and communications media for dissemination to the general public;

(C) For determining or establishing the credit rating of any individual; or

(D) For use, directly or indirectly, in the solicitation of money for any political, charitable, or other purpose. Any application for a report shall be available to the public during the period in which the requested report is available to the public.

(c) Requests for copies of financial disclosure reports of officers appointed by the President by and with the advice and consent of the Senate, as well as nominees to such offices and designated Commission ethics officials, may be directed to the Director of the Office of Government Ethics.

(d) To gain access to or to obtain a copy of a report filed with the Commission, an individual should appear in person at the office of the Solicitor of the Commission, 1121 Vermont Avenue, NW., Washington, DC 20425, during the hours 8:30 a.m. to 4:30 p.m., and complete an application form. Requests by mail should contain the information described in paragraph (b) of this section, together with the signature of the requester. Requests which do not contain the required information will be returned. Notice of the statutory prohibitions on use will be attached to copies of reports provided in response to a request otherwise properly filled out.
§ 707.1 Purpose.

The purpose of this part is to effectuate section 119 of the Rehabilitation, Comprehensive Services, and Developmental Disabilities Amendments of 1978, which amended section 504 of the Rehabilitation Act of 1973 to prohibit discrimination on the basis of handicap in programs or activities conducted by Executive agencies or the United States Postal Service.

§ 707.2 Application.

This part applies to all programs and activities, including employment, conducted by the Agency.

§ 707.3 Definitions.

For the purposes of this part, the term—

(a) Agency means the U.S. Commission on Civil Rights and its State Advisory Committees.

For example, auxiliary aids useful for persons with impaired vision include readers, Brailled materials, audio recordings, and other similar services and devices. Auxiliary aids useful for persons with impaired hearing include telephone handset amplifiers, telephones compatible with hearing aids, telecommunication devices for deaf persons (TDD's), interpreters, notetakers, written materials, and other similar services and devices.

It shall be signed by the complainant or by someone authorized to do so on his or her behalf. Complaints filed on behalf of classes or third parties shall describe or identify (by name, if possible) the alleged victims of discrimination.

(d) Facility means all or any portion of buildings, structures, equipment, roads, walks, parking lots, vehicles, or other real or personal property.

(e) Individual with handicaps means any person who has a physical or mental impairment that substantially limits one or more major life activities, has a record of such an impairment, or is regarded as having such an impairment. As used in this definition, the phrase:

(4) Is regarded as having an impairment means—

(i) Has a physical or mental impairment that does not substantially limit major life activities but is treated by the Agency as constituting such a limitation;

(ii) Has a physical or mental impairment that substantially limits major
life activities only as a result of the attitudes of others toward such impairment; or

(iii) Has none of the impairments defined in paragraph (e)(1) of this definition but is treated by the Agency as having such an impairment.

(f) Qualified individual with handicaps means—

(1) With respect to any Agency program or activity under which a person is required to perform services or to achieve a level of accomplishment, an individual with handicaps who meets the essential eligibility requirements and who can achieve the purpose of the program or activity without modifications in the program or activity that the Agency can demonstrate would result in a fundamental alteration in its nature; and

(2) With respect to employment, an individual with handicaps who meets the definition set forth in 29 CFR 1613.702(f), which is made applicable to this part by § 707.7 of this rule.

(3) With respect to any other Agency program or activity, an individual with handicaps who meets the essential eligibility requirements for participation in, or receipt of benefits from, that program or activity.

§ 707.4 Self-evaluation and remedial measures.

(a) The Agency shall, within one year of the effective date of this part, evaluate its current policies and practices, and the effects thereof, that do not or may not meet the requirements of this part, and, to the extent modification of any such policies and practices is required, the Agency shall proceed to make the necessary modifications.

(b) The Agency shall provide an opportunity to interested persons, including individuals with handicaps and organizations representing individuals with handicaps, to participate in the self-evaluation process by submitting comments (both oral and written).

(c) The Agency shall, for at least three years following completion of the evaluation required under paragraph (a) of this section, maintain on file and make available for public inspection:

(1) A description of areas examined and any problems identified; and

(2) A description of any modifications made.

§ 707.5 Notice.

(a) The Agency shall make available to all employees, applicants, and other interested persons, as appropriate, information regarding the provisions of this part and its applicability to the programs or activities conducted by the Agency, and such information shall be made available to the extent the Staff Director finds necessary to apprise such persons of the protections against discrimination assured them by section 504 and this part.

(b) The Agency shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities.

(c) The Agency shall take appropriate steps to provide individuals with handicaps with information regarding their section 504 rights under the Agency’s programs or activities.

§ 707.6 General prohibitions against discrimination.

(a) No qualified individual with handicaps shall, on the basis of handicap, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity conducted by the Agency.

(b)(1) The Agency, in providing any aid, benefit, or service, shall not, directly or through contractual, licensing, or other arrangements, on the basis of handicap—
§ 707.7

(i) Deny a qualified individual with handicaps the opportunity to participate in or benefit from the aid, benefit, or service;

(ii) Afford a qualified individual with handicaps an opportunity to participate in or benefit from the aid, benefit, or service that is not equal to that afforded others;

(iii) Provide a qualified individual with handicaps with an aid, benefit, or service that is not as effective in affording equal opportunity to obtain the same result, to gain the same benefit, or to reach the same level of achievement as that provided to others;

(iv) Provide different or separate aid, benefits, or services to individuals with handicaps or to any class of individuals with handicaps than is provided to others unless such action is necessary to provide qualified individuals with handicaps with aid, benefits, or services that are as effective as those provided to others;

(v) Deny a qualified individual with handicaps the opportunity to participate as a member of planning or advisory boards or committees; or

(vi) Otherwise limit a qualified individual with handicaps in the enjoyment of any right, privilege, advantage, or opportunity enjoyed by others receiving the aid, benefit, or service.

(2) The Agency shall not deny a qualified individual with handicaps the opportunity to participate in programs or activities that are not separate or different, despite the existence of permissibly separate or different programs or activities.

(3) The Agency shall not, directly or through contractual or other arrangements, utilize criteria or methods of administration the purpose or effect of which would—

(i) Subject qualified individuals with handicaps to discrimination on the basis of handicap; or

(ii) Defeat or substantially impair the accomplishment of the objectives of a program or activity with respect to individuals with handicaps.

(5) The Agency, in the selection of procurement contractors, shall not use criteria that subject qualified individuals with handicaps to discrimination on the basis of handicap.

(c) The exclusion of nonhandicapped persons from the benefits of a program limited by Federal statute or Executive order to individuals with handicaps or the exclusion of a specific class of individuals with handicaps from a program limited by Federal statute or Executive order to a different class of individuals with handicaps is not prohibited by this part.

(d) The Agency shall administer programs and activities in the most integrated setting appropriate to the needs of qualified individuals with handicaps.

§ 707.8 Employment.

No qualified individual with handicaps shall, on the basis of handicap, be subjected to discrimination in employment under any program or activity conducted by the Agency. The definitions, requirements, and procedures of section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791), as established by the Equal Employment Opportunity Commission in 29 CFR part 1613, shall apply to employment in programs or activities conducted by the Agency.

§ 707.8 Physical access.

(a) Discrimination prohibited. Except as otherwise provided in this section, no qualified individual with handicaps shall, because the Agency’s facilities are inaccessible to or unusable by individuals with handicaps, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity conducted by the Agency.

(b) Existing facilities-program access—

(1) Existing facilities defined. For the purpose of this section, “existing facilities” means those facilities owned, leased or used through some other arrangement by the Agency on March 28, 1990.
§ 707.8

(2) General. The Agency shall operate each program or activity conducted in an existing facility so that the program or activity, when viewed in its entirety, is readily accessible to and usable by individuals with handicaps. This paragraph does not—

(i) Necessarily require the Agency to make each of its existing facilities accessible to and usable by individuals with handicaps.

(ii) Require the Agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where Agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the Agency has the burden of proving that compliance with this paragraph would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the Staff Director or his or her designee after considering all Agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action would result in such an alteration or such burdens, the Agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that individuals with handicaps receive the benefits and services of the program or activity.

(3) Methods. (i) The Agency may comply with the requirements of this section through such means as redesign of equipment, reassignment of services to accessible buildings, assignment of aides to individuals with handicaps, delivery of services at alternative accessible sites, alteration of existing facilities and construction of new facilities, use of accessible vehicles, or any other methods that result in making its program or activities readily accessible to and usable by individuals with handicaps.

(ii) The Agency is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with paragraph (b)(2) of this section. The Agency, in making alterations to existing buildings to achieve program accessibility, shall meet accessibility requirements imposed by the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151 through 4157), as established in 41 CFR 101-19.600 to 101-19.607.

(iii) In choosing among available methods for meeting the requirements of this section, the Agency shall give priority to those methods that offer programs and activities to qualified individuals with handicaps in the most integrated setting appropriate to the needs of qualified individuals with handicaps.

(4) Time period for compliance. The Agency shall comply with the obligations established under this section within sixty days of the effective date of this part, except that where structural changes in facilities are undertaken, such changes shall be made within three years of the effective date of this part, but in any event as expeditiously as possible.

(5) Transition plan. In the event that structural changes to facilities will be undertaken to achieve program accessibility, the Agency shall develop, within 6 months of the effective date of this part, a transition plan setting forth the steps necessary to complete such changes. The Agency shall provide an opportunity to interested persons, including individuals with handicaps and organizations representing individuals with handicaps, to participate in the development of the transition plan by submitting comments (both oral and written). A copy of the transition plan shall be made available for public inspection. The plan shall, at a minimum—

(i) Identify physical obstacles in the Agency's facilities that limit the accessibility of its programs or activities to individuals with handicaps;

(ii) Describe in detail the methods that will be used to make the facilities accessible;

(iii) Specify the schedule for taking the steps necessary to achieve compliance with this paragraph and, if the time period of the transition plan is longer than 1 year, identify steps that
will be taken during each year of the transition period; and

(iv) Indicate the official response for implementation of the plan.

(6) The Agency shall provide signs at a primary entrance to each of its inaccessible facilities, directing users to a location at which they can obtain information about accessible facilities. The international symbol for accessibility shall be used at each primary entrance of an accessible facility.

(c) New purchases, leases or other arrangements. (1) Any building or facility acquired after March 28, 1990, whether by purchase, lease (other than lease renewal), or any other arrangement, shall be readily accessible to and usable by individuals with handicaps.

(2) Nothing in this paragraph requires the Agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where Agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the Agency has the burden of proving that compliance with this paragraph would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the Staff Director or his or her designee after considering all Agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action would result in such an alteration or burdens the Agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that individuals with handicaps receive the benefits and services of the program or activity.

(d) New construction and alterations. Each building or part of a building that is constructed or altered by, on behalf of, or for the use of the Agency shall be designed, constructed, or altered so as to be readily accessible to and usable by individuals with handicaps in accordance with the requirements imposed by the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151 through 4157), as established in 41 CFR 101-19.600 to 101-19.607.

707.9 Access to communications.

(a) Discrimination prohibited. Except as otherwise provided in this section, no qualified individual with handicaps shall, because the Agency's communications are inaccessible to or unusable by individuals with handicaps, be denied the benefits of, or be excluded from participation in, or otherwise be subjected to discrimination under any program or activity conducted by the Agency.

(b) The Agency shall take appropriate steps to ensure effective communication with applicants, participants, personnel of other Federal entities, and members of the public.

(c) Specific requirements regarding oral communications—(1) Telecommunications devices for deaf persons. (i) The Agency headquarters and each regional office shall maintain and reliably answer at least one telecommunications device for deaf persons (TDD) or equally effective telecommunications device.

(ii) The Agency shall ensure that all Agency letterhead, forms, and other documents listing any Agency telephone number list the appropriate TDD numbers.

(2) Interpreter service. (i) The Agency shall establish a reliable system for the provision of qualified interpreters to individuals with handicaps for Agency programs or activities. This provision does not require the Agency to have an interpreter on staff, but does require the Agency to be able to provide a qualified interpreter on reasonable notice.

(ii) Notice of the availability of interpreter service shall be included in all announcements notifying the public of Agency activities to which the public is invited or which it is permitted to attend, including but not limited to the U.S. Commission on Civil Rights' meetings, consultations, hearings, press conferences and State Advisory Committee conferences and meetings. This notice shall designate the Agency official(s) and the address, telephone and TDD number to call to request interpreter services.
(d) Specific requirements for printed communications. (1) The Agency shall establish a system to provide to individuals with handicaps appropriate reader or taping service for all Agency publications which are available to the public. This provision does not require the Agency to have a reader or taper or staff, but does require the Agency to be able to provide appropriate reader or taping service within a reasonable time and on reasonable notice. The Agency shall effectively notify qualified individuals with handicaps of the availability of reader or taping services. 

(2) Notice of the availability of reader or taping service shall be included in all publications which are available to the public. This notice shall designate the Agency official(s) and the address, telephone and TDD number to call to request interpreter services.

(e) Nothing in this section or §707.10 requires the Agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where Agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the Agency has the burden of proving that compliance with this section or §707.10 would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the Staff Director or his or her designee after considering all Agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action required to comply with this paragraph would result in such an alteration or such burdens, the Agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that, to the maximum extent possible, individuals with handicaps receive the benefits and services of the program or activity.

§ 707.12 Compliance procedures.

(a) Except as provided in paragraph (b) of this section, this section applies to all allegations of discrimination on the basis of handicap in programs or activities conducted by the Agency.

(b) The Agency shall process complaints alleging violations of section 504 with respect to employment according to the procedures established by the Equal Employment Opportunity Commission in 29 CFR part 1613 pursuant to section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791).

(c) Responsibility for implementation and operation of this section shall be vested in the Office of General Counsel.

(d) The Agency shall accept and investigate all complete complaints for which it has jurisdiction. All complete complaints must be filed within 180
days of the alleged act of discrimination. The Agency may extend this time period for good cause.

(e) If the Agency receives a complaint over which it does not have jurisdiction, it shall promptly notify the complainant and shall make reasonable efforts to refer the complaint to the appropriate Government entity.

(f) The Agency shall notify the Architectural and Transportation Barriers Compliance Board upon receipt of any complaint alleging that a building or facility that is subject to the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151 through 4157), is not readily accessible to and usable by individuals with handicaps.

(g) Within 180 days of the receipt of a complete complaint for which it has jurisdiction, the Agency shall notify the complainant of the results of the investigation in a letter containing—

1) Findings of fact and conclusions of law;
2) A description of a remedy for each violation found; and
3) A notice of the right to appeal.

(h) Appeals of the findings of fact and conclusions of law or remedies must be filed by the complainant within 90 days of receipt from the Agency of the letter required by §707.12(g). The Staff Director may extend this time for good cause.

(i) Timely appeals shall be accepted and processed by the Staff Director or the Staff Director's designee.

(j) The Agency shall notify the complainant in writing of the results of the appeal within 60 days of the receipt of the request. If the head of the Agency determines that additional information is needed from the complainant, it shall have 60 days from the date it receives the additional information to make its determination on the appeal.

(k) The time limits cited in paragraphs (d), (g), (h), and (j) of this section may be extended for an individual case when the Staff Director determines that there is good cause, based on the particular circumstances of that case, for the extension.

(l) The Agency may delegate its authority for conducting complaint investigations to other Federal agencies, except that the authority for making the final determination may not be delegated to another Agency.

The paying agency must certify any amounts already collected, notify the employee, and send a copy of the certification of the monies already collected and notice of the employee's separation to the Commission. If the paying agency is aware that the employee is entitled to Civil Service or Foreign Service Retirement and Disability Fund or similar payments, it must provide written notification to the agency responsible for making such payments stating the amount of the debt and indicating that the provisions of this part have been followed; and

(f) Installment payments of less than $25.00 per pay period or $50.00 per month, will only be accepted in the most unusual circumstances.

(g) Unliquidated debts may be offset by the paying agency under 31 U.S.C. 3716 against any financial payment due to a separating employee including but not limited to final salary payment, retired pay, or lump sum leave, etc. as of the date of separation to the extent necessary to liquidate the debt.

(h) If the debt cannot be liquidated by offset from any final payment due a separated employee it may be recovered by the offset in accordance with 31 U.S.C. 3716 from any later payments due the former employee from the United States.

(a) The Commission will refund promptly any amounts deducted to satisfy debts owed to the Commission when the debt is waived, found not owed to the Commission, or when directed by an administrative or judicial order;

(b) The creditor agency will promptly return any amounts deducted and forwarded by the Commission to satisfy debts owed to the creditor agency when the debt is waived, found not owed, or when directed by an administrative or judicial order;

§ 708.12 Statute of limitations.

If a debt has been outstanding for more than 10 years after the agency’s right to collect the debt first accrued, the agency may not collect by salary offset unless facts material to the government’s right to collect were not known and could not reasonably have been known by the official or officials who were charged with the responsibility for discovery and collection of such debts.

§ 708.13 Non-waiver of rights by payments.

An employee’s involuntary payment of all or any part of a debt collected under these regulations will not be construed as a waiver of any rights that employee may have under 5 U.S.C. 5514 or any other provision of contract or law unless there are statutory or contractual provisions to the contrary.

[30 FR 12392, Sept. 29, 1965]
§ 801.305
(b) The challenger shall file his challenge in triplicate and shall have a copy of it served on the challenged person. That service may be in person or by first-class mail properly addressed with charges prepaid.

§ 801.305 Rejection and docketing of challenge.
(a) When a challenge is not timely filed or served or does not meet the requirements of §801.304, it shall not be entertained but shall be rejected.
(b) When a challenge is not rejected under paragraph (a) of this section, the hearing officer shall place it on the docket.

§ 801.306 Summary denial of challenge by hearing officer.
If on review of a challenge a hearing officer determines that the information, even if true and known at the time of listing, would not have disqualified the challenged person, he shall issue a decision denying the challenge without further proceeding and notify the parties of his reasons for this decision.

§ 801.307 Notice of hearing.
After docketing, and if not denied under §801.306, the challenge shall be set for hearing. The challenger and the challenged person shall be sent a notice of the date, time, and place of the hearing and advised of the rights and duties of the parties including the right to request a subpoena. The notice of hearing shall be dated and the date of the hearing shall not be less than 5 days from the date of that notice. The notice of hearing shall be served on the challenger and the challenged person either personally or by mail.

§ 801.308 Rights and duties of parties.
(a) The challenger has the burden of proceeding and proof at the hearing and shall appear personally or with a representative to prosecute the challenge, except that when a continuance is sought the challenger may appear by a representative. If a challenger fails to appear personally to prosecute the challenge, the hearing officer shall issue a decision denying the challenge or make such other disposition as is warranted by the circumstances.
(b) The challenged person has the right to appear at the hearing personally or by or with a representative, and to present witnesses and documentary evidence in his behalf.

§ 801.309 Continuance.
A request for a continuance of a hearing shall be filed with the hearing officer at the place and on the day of the hearing. The hearing officer shall not grant a continuance except under extraordinary circumstances.

§ 801.310 Hearing.
A hearing shall be open to the public and held at the time and place specified in the notice of hearing. A hearing shall be recorded by an official reporter designated by the OPM, under the supervision of the hearing officer. A party may obtain a copy of the transcript from the official reporter at a rate not in excess of the maximum rate fixed by contract between the OPM and the reporter.

§ 801.311 Powers of hearing officer.
In addition to the powers otherwise vested in a hearing officer by this subpart, a hearing officer shall have the power to:
(a) Administer oaths and affirmations;
(b) Issue and quash subpoenas;
(c) Regulate the course of the hearing;
(d) Rule on offers of proof;
(e) Permit a party to withdraw from a hearing on a showing of good cause;
(f) Limit the number of witnesses whose testimony would be cumulative;
(g) Deny a challenge for failure to prosecute;
(h) Exclude any person from the hearing for contumacious conduct or misbehavior that obstructs the hearing; and
(i) Take any other action in the course of the hearing consistent with law that is necessary to carry out the spirit and intent of the Act.

§ 801.312 Witnesses.
(a) A witness shall testify under oath or affirmation and shall be subject to cross-examination.
(b) A witness who is summoned and responds is entitled to the same witness and mileage fees as are paid for like service in the courts of the United States. The party at whose instance the testimony is taken shall pay the witness and mileage fees.

§ 801.313 Subpena.

(a) On the request of a party and for good cause shown, a hearing officer may issue a subpena for the appearance of a witness or for the production of documentary evidence.

(b) A hearing officer may quash a subpena for good cause shown.

(c) The party at whose request a subpena is issued is responsible for arranging for service. The officer or person making service shall show the original subpena to the person served, read the subpena to him if he is unable to read, and deliver a copy of the subpena to him.

(d) When a U.S. Marshal or his deputy serves a subpena, he shall evidence the service by his return on the subpena. When someone other than a U.S. Marshal or his deputy serves a subpena, the person serving the subpena shall make an affidavit, stating the date, time, and the manner of service, and shall return the affidavit on, or with, the original subpena in accordance with the form thereon. When the U.S. Marshal, his deputy, or other person, as appropriate, cannot serve the subpena, he shall state his reason for the failure on the original subpena. When the person named in the subpena accepts service of the subpena in writing, no other evidence of return is necessary. The person responsible for serving a subpena shall return the original subpena, bearing or accompanied by the required return, affidavit, statement, or acceptance of service, to the officer presiding at the hearing at which the person subpoenaed is required to appear.

§ 801.314 Evidence.

(a) The application of the challenged person is prima facie evidence that he has the qualifications that are stated in the application.

(b) Rules of evidence are not strictly applied but the hearing officer shall exclude irrelevant or unduly repetitious evidence.

(c) Each exhibit of a documentary character shall be submitted to the hearing officer, duly marked, and made a part of the record. An exhibit does not become evidence unless received in evidence by the hearing officer.

§ 801.315 Decision.

The hearing officer who presided at the hearing, unless he has become unavailable, shall decide the case on the record. If no hearing is held, the hearing officer to whom the challenge was assigned shall decide the case on the record. The decision shall be in writing and shall state the reasons or basis for the decision. Copies of the decision shall be served on the parties. The decision shall be issued not more than 15 days after the challenge is docketed under §801.305. The record, including the decision, shall be certified as true and complete by the hearing officer and forwarded to the Examiner (State Supervisor), U.S. Office of Personnel Management in the State involved at the address set out in appendix C to this part. It shall be available to interested persons at that office.

§ 801.316 Action after challenge is sustained.

When a hearing officer sustains a challenge, he shall, after the courts have finally sustained his decision or the time for petitioning for a court review of that decision has expired, instruct an examiner to remove the name of the challenged person from the eligibility list and cancel that person’s certificate evidencing his eligibility to vote. The examiner shall notify the challenged person, the appropriate election official, the Attorney General, and the attorney general of the appropriate State of his action.

§ 801.317 Appeal.

There is no administrative appeal from the decision of a hearing officer or from any of his rulings. A petition for review of the decision of a hearing officer may be filed in court as provided in the Act.
§ 801.401 Scope.
The subpart prescribes the bases and procedures for removals from eligibility lists under the Act.

§ 801.402 Bases for removals.
An examiner shall remove the name of a person from an eligibility list:
(a) Pursuant to the instruction of a hearing officer under §801.316;
(b) Pursuant to the order of a court having jurisdiction under the Act;
(c) When the examiner determines that the listed person has lost his eligibility to vote under State law not inconsistent with the Constitution and the laws of the United States and in accordance with the instructions concerning loss of eligibility to vote prescribed by the OPM after consultation with the Attorney General which shall be set out in appendix D to this part and incorporated in and made a part of this section.

§ 801.403 Procedure for removals determined by examiners.
An examiner may remove the name of a listed person as authorized by §801.402(c) only after:
(a) Giving the person a notice of the proposed removal of his name stating the reason why the removal is proposed and offering the person an opportunity to answer the notice of proposed removal in person or in writing or both within ten days after his receipt of that notice; and
(b) Considering all available evidence concerning the person's loss of eligibility to vote, including any timely answer submitted by the person.

§ 801.404 Notification of removals.
When an examiner removes the name of a person from an eligibility list he shall notify the person, the appropriate election officials, the Attorney General, and the attorney general of the State of that removal and the reason therefor.

Subpart E—Voting Complaint

§ 801.501 Scope.
This subpart prescribes the procedure for filing and processing a complaint under the Act that a person was not permitted to vote.

§ 801.502 Making a complaint.
A person who has been listed on an eligibility list or registered by an appropriate election official and who is eligible to vote but has not been permitted to vote may make a complaint regarding that denial to an examiner for the political subdivision where the denial occurred. The complaint may be either oral or in writing and must be made within 48 hours after the closing of the polls.

§ 801.503 Processing a complaint.
The examiner to whom a complaint is made shall promptly ascertain whether the complaint is well founded. If the examiner determines the complaint is not well founded he shall notify the person who complained of his determination and take no further action on the complaint. If the examiner determines that the complaint is well founded the examiner shall notify the person and the Attorney General of his determination and of the reason for that determination and furnish the Attorney General with any papers or evidence relating to the complaint.

§ 1080.1 Scope.
This part applies to the Emergency Community Services Homeless Grant Program.

§ 1080.2 Definitions.
(a) Homeless or homeless individual includes:
(1) An individual who lacks a fixed, regular, and adequate nighttime residence; and
(2) An individual who has a primary nighttime residence that is:

(ii) An institution that provides a temporary residence for individuals intended to be institutionalized; or
(iii) A public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings.

The term homeless or homeless individual does not include any individual imprisoned or otherwise detained pursuant to an Act of the Congress or a State law.

(b) Indian tribe means any tribe, band, nation, or other organized group or community of Indians, including any Alaska Native village or regional or village corporation (as defined in, or established pursuant to, the Alaska Native Claims Settlement Act), that is recognized by the Federal Government as eligible for special programs and services provided to Indians because of their status as Indians.

(c) State includes the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Marianas Islands, and the Republic of Palau.

§ 1080.3 Allocation of funds.
From the amounts made available under the Emergency Community Services Homeless Grant Program, the Secretary shall make grants to States that administer programs under the Community Services Block Grant Act (42 U.S.C. 9901 et seq.), after taking into account the amount set aside for Indian tribes in §1080.7(a) of this chapter. Such grants shall be allocated to the States in accordance with the formula set forth in subsections (a) and (b) of section 674 of such Act (42 U.S.C. 9903 (a) and (b)). No funds shall be allocated under subsection (c) of section 674 of such Act (42 U.S.C. 9903(c)).

§ 1080.4 Eligible use of funds.

§ 1080.5 Application procedures for States.

(a) Each State requesting funds under the Emergency Community Services Homeless Grant Program shall submit to the Office of Community Services an application for funds for each fiscal year, at a time established by the Secretary. Approval must be requested of and received from the Office of Community Services before a State may implement changes to the information requested by paragraph (b) of this section after an application has been approved.

(b) The application may be in any format, but must include a description of the agencies, organizations, and activities that the State intends to support with the amounts received. In addition, the application must include the following assurances, signed by the Governor or his/her designee:

1. The State will award not less than 95 percent of the amounts it receives to:
   (i) Community action agencies and other organizations that are eligible to receive amounts under section 675(c)(2)(A) of the Community Services Block Grant Act (42 U.S.C. 9904(c)(2)(A));
   (ii) Organizations serving migrant and seasonal farmworkers; and
   (iii) Any organization to which a State, that applied for and received a waiver from the Secretary under Public Law 98-139, made a grant under the Community Services Block Grant Act (42 U.S.C. 9901 et seq.) for fiscal year 1984;

2. No amount received will be used to supplant other programs for homeless individuals administered by the State;

3. Not more than 5 percent of the amount received will be used to defray State administrative costs;

4. Every effort will be made to award the funds within 60 days of their receipt;

5. Not more than 25 percent of the amounts received will be used for the purpose described in §1080.4(e) of these regulations; and

6. The State will have mechanisms in place to assure coordination among State and local agencies serving the homeless. This will include coordination at the State level with the agency responsible for developing the Comprehensive Homeless Assistance Plan or the Comprehensive Housing Affordability Strategy as required by section 401 of such Act (42 U.S.C. 11361), as amended by section 836 of the Cranston-Gonzalez National Affordable Housing Act.

7. The State will have procedures in place to assure compliance with the provisions of the National Historic Preservation Act prior to the awarding of any amounts to be used for renovating any properties that are listed on, or eligible for inclusion on, the National Register of Historic Places.

(Information collection requirements are approved by the Office of Management and Budget under control number 0970-0088)
(b) The amounts allocated under this section in any fiscal year shall be awarded to eligible agencies and organizations in the same proportion as funds distributed to those agencies and organizations by the State for the previous fiscal year under the Community Services Block Grant Program (42 U.S.C. 9904(c)(2)(A)).

(c) Agencies and organizations eligible to be funded under this section shall submit an application meeting the requirements of §§1080.5(a) and 1080.5(b)(2), (3), (5), (6) and (7), at a time specified by the Secretary. If such an agency or organization does not apply for or submit an approvable application under this section, the funds that would have been allocated to them shall be reallocated by the Secretary to the remaining eligible agencies and organizations on a pro rata basis.

§ 1080.7 Funding of Indian tribes.

(a) Not less than 1.5 percent of the funds provided in each fiscal year for the Emergency Community Services Homeless Grant Program shall be allocated by the Secretary directly to Indian tribes that have applied for and received a direct grant award under section 674(c) of the Community Services Block Grant Act (42 U.S.C. 9903(c)) for that fiscal year.

(b) An Indian tribe funded under this section is not required to submit an application for Emergency Community Services Homeless Grant Program funds. A tribe's application for a direct grant award under section 674(c) of the Community Services Block Grant Act (42 U.S.C. 9903(c)) that is submitted by September 1 for the succeeding fiscal year will be considered as an application for Emergency Community Services Homeless Grant Program funds for that fiscal year. Acceptance of the Community Services Block Grant application by the Office of Community Services will constitute approval of an award of funds under this section.

(c) Funds allocated under this section shall be allotted to an Indian tribe in an amount that bears the same ratio to all the funds allocated under this section as the tribe's poverty population bears to the total poverty population of all tribes funded under this section, except that no tribe shall receive an amount of less than:

1. $500, for those tribes whose allocation under this section would otherwise be at least $1 but no more than $500; or
2. $1000, for those tribes whose allocation under this section would otherwise be at least $501 but less than $1000.

(d) For purposes of this section, an Indian tribe's poverty population shall be calculated by multiplying the tribe's overall population by the Indian rural poverty rate for the State in which it is located, using the population and rural poverty rate figures established for the purposes of making direct grants under section 674(c) of the Community Services Block Grant Act (42 U.S.C. 9903(c)).

§ 1080.8 Reporting requirements.

Each recipient of funds under the Emergency Community Services Homeless Grant Program shall submit an annual report to the Secretary, within 6 months of the end of the period covered by the report, on the expenditure of funds and the implementation of the program for that fiscal year.

(a) The report is to state the types of activities funded, any efforts undertaken by the grantee and its subgrantees to coordinate homeless activities funded under this program with other homeless assistance activities in the State and communities, the number of individuals served and any impediments, including statutory and regulatory restrictions to homeless individuals' use of the program and to their obtaining services or benefits under the program.

(b) Such annual report shall provide information on the use of funds to defray State administrative costs, including the types of activities which specifically address services to the homeless and also those activities that are related to the administrative costs associated with the coordination and integration of services to the homeless.

(c) States shall also provide information in the annual report which details programs, progress, and activities that are specifically related to expenditures for renovation, including the effects of such activities on historic properties,
§ 1080.9

(Information collection requirements are approved by the Office of Management and Budget under control number 0970-0088) [57 FR 27946, June 23, 1992]

§ 1080.9 Other requirements.

§ 1100.1 Definitions.
(a) Agency means the National Endowment for the Arts, the National Endowment for the Humanities, the Institute of Museum Services, or the Federal Council on the Arts and the Humanities.
(b) Commercial use request means a request by or on behalf of anyone who seeks information for a use or purpose that furthers the commercial trade or profit interests of the requestor (or the person on whose behalf the request is made.) The agency must determine the use to which a requestor will put the document. Where the agency has reasonable cause to doubt the use to which a requestor will put the records sought or the use is not clear from the request, the agency may seek additional clarification. The requestor bears the burden of demonstrating the use or purpose of the information requested.
(c) Direct costs means those expenditures which an agency actually incurs in searching for and duplication documents to respond to a Freedom of Information Act (FOIA) request. In the case of commercial use requests, the term shall also include expenditures for reviewing documents.
(d) Duplication means the process of making a copy of a document necessary to respond to a FOIA request. Such copies may be in the form of paper, microfilm, machine readable documents, or other materials.

(g) Representative of the news media means any person actively gathering news for an entity that is organized and operated to publish or broadcast information that is about current events or that would be of current interest to the public. Freelance journalists may be regarded as working for a news organization if they can demonstrate a sound basis for expecting publication though that organization, even though not actually employed by it.
(h) Review means the process of examining a document located in response to a commercial use request to determine whether any portion is permitted to be withheld. Review includes processing documents for disclosure, including all that is necessary to excise them and otherwise prepare them for release. Review does not include time spent resolving general legal or policy issues regarding the application of exemptions.
(i) Search means all the time that is spent looking for material that responds to a request, including page-by-page or line-by-line identification of material in documents. Searches may be done manually or by computer using existing programs.

§ 1100.2 Organization.
The National Foundation on the Arts and the Humanities was established by the National Foundation on the Arts
§ 1100.3 Availability of information to the public.

(a) All inquiries, or requests should be addressed to the appropriate agency. Descriptive brochures of the organization, programs, and function of each agency are available upon request. The telephone number of the Institute of Museum Services is (202) 786-0536.

(b) The head of each agency is responsible for the effective administration of the Freedom of Information Act. The head of each agency pursuant to this responsibility hereby directs that every effort be expended to facilitate service to the public with respect to the obtaining of information and records.

(c) Requests for access to records of the National Endowment for the Arts, the National Endowment for the Humanities, or the Institute of Museum Services may be filed by mail with the General Counsel of the National Endowment for the Arts, the Deputy Chairman of the National Endowment for the Humanities, or the Public Affairs Officer of the Institute of Museum Services, as is appropriate. Requests for access to records of the Federal Council on the Arts and the Humanities should be directed to the attention of the National Endowment for the Humanities. All requests should reasonably describe the record or records sought. Requests submitted should be clearly identified as being made pursuant to the Freedom of Information Act.

§ 1100.4 Current index.

Each agency shall maintain and make available for public inspection and copying a current index providing identifying information for the public as to any matter which is issued, adopted, or promulgated and which is required to be made available pursuant to 5 U.S.C. 552(a) (1) and (2). Publication and distribution of such indices has been determined by the Foundation to be unnecessary and impracticable. The indices will be provided upon request at a cost not to exceed the direct cost of the duplication.

§ 1100.5 Agency procedures for handling requests for documents.

(a) Upon receiving a request for documents in accordance with the rules of this part, the General Counsel of the National Endowment for the Arts, Deputy Chairman of the National Endowment for the Humanities, or the Public Affairs Officer of the Institute of Museum Services, as is appropriate, shall determine whether or not the request shall be granted in whole or in part.
§ 1100.6

(1) The determination shall be made within ten (10) days (excepting Saturdays, Sundays, and legal holidays) after receipt of such request.

(2) The requestor shall be notified of the determination and the reasons that support it. When a request is denied in whole or in part, the requestor, will be notified of his or her rights to appeal the determination to the head of the agency.

(b)(1) Any party whose request for documents has been denied in whole or in part may file an appeal no later than ten (10) working days following receipt of the notification of denial. Appeals must be addressed to the Chairman, National Endowment for the Arts, Washington, DC 20506, the Chairman, National Endowment for the Humanities, Washington, DC 20506, or the Director Institute of Museum Services, Washington, DC 20506, as is appropriate.

(2) The head of the agency or his delegatee shall make a determination with respect to the appeal within twenty (20) days (excepting Saturdays, Sundays, and legal holidays) after the agency has received the appeal, except as provided in paragraph (c) of this section. If, on appeal, the denial is upheld either in whole or in part, the head of the agency shall notify the party submitting the appeal of the judicial review provisions of 5 U.S.C. 552(a)(4)(B).

(c) In unusual circumstances, the time limits prescribed to determine a request for documents with respect to initial actions or actions on appeal may be extended by written notice from the General Counsel of the National Endowment for the Arts, the Deputy Chairman of the National Endowment for the Humanities, or the Public Affairs Officer of the Institute of Museum Services as is appropriate. The notice shall describe the reason for the extension and the date on which the determination is expected to be made. No notice shall specify a date that would result in an extension of more than ten (10) days (excepting Saturdays, Sundays, and legal holidays). As is used in this paragraph, unusual circumstances means:

(1) The need to search for and collect the requested records from field facilities or other establishments that are separate from the office processing the request;

(2) The need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records which are demanded in a single request; or

(3) The need for consultation, which shall be conducted with all practicable speed, with another agency having a substantial interest in the determination of the request or among two or more components of the agency having a substantial subject-matter interest in the request.

§ 1100.6 Fees.

(a) Categories of fees. Fees will be charged according to the Category of the FOIA request.

(1) Commercial use requests. The agency will assess charges to recover the full direct cost of searching for, reviewing, and duplicating the requested document. The agency may recover the cost of searching for and reviewing records even if there is ultimately no disclosure.

(2) Requests from educational and non-commercial scientific institutions. The agency will charge duplication costs. To qualify for this category the requestor must show: (i) That requested records are being sought under the auspices of a qualified institution as defined in § 1100.1(e) or (f) of this part; (ii) the records are not sought for commercial use; and (iii) the records are being sought in furtherance of scholarly or scientific research of the institution.

(3) Requests by representatives of the news media. The agency will charge duplication costs for the requests in this category.

(4) All other requests. All other requests shall be charged fees which, recover the full reasonable cost for searching for and duplicating the requested records.

(b) General fee schedule. The agency shall use the most efficient and least costly method to comply with requests for documents made under the FOIA. The agency will charge fees to recover all allowable direct costs incurred. The agency may charge fees for searching for and reviewing requested documents even if the documents are determined
to be exempt from disclosure or cannot be located. If search charges are likely to exceed $25, the agency shall notify the requestor, unless the requestor has indicated in advance the willingness to pay higher fees. The following fees shall be charged in accordance with paragraph (a) of this section.

(1) Searches—(i) Manual. The fee charged will be the salary rate(s) (i.e., basic pay plus 16.1 percent) of the employee(s) conducting the search.

(ii) Computer. The fee charged will be the actual direct cost of providing the service including the cost of operating the central processing unit for the operating time that is directly attributed to searching for records responsive to a request and the operator/programmer salary apportionable to the search.

(2) Review. The fee charged will equal the salary rate(s) (basic pay plus 16.1 percent) of the employee(s) conducting the review.

(3) Duplication. Copies of documents photocopied on one-side of a 8½ x 11 inch sheet of paper will be provided at $.10 per page. Photocopies on two sides of a single 8½ x 11 inch sheet of paper will be provided at $.20 per page. For duplication of other materials, the charge will be the direct cost of duplication.

(c) Restrictions on charging fees. (1) Except for documents provided in response to a commercial use request, the first 100 pages of duplication or the first two (2) hours of search time shall be provided at no charge. For the purposes of this section, two (2) hours of search time by computer entitles the requestor to two (2) hours of computer operator salary translated into computer search costs. Computer search costs consist of operator salary plus central processing unit operating time costs for the duration of the search.

(2) Fees shall not be charged to any requestor, including commercial use requestors, if the cost of collecting a fee would be equal to or greater than the fee itself.

(d) Waiver or reduction of fees. (1) Documents shall be furnished without charge or at reduced charge if disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requestor.

(2) The following factors shall be used to determine whether a fee will be waived or reduced:

(i) The subject of the request. Whether the subject of the requested records concerns “the operations or activities of the government”;

(ii) The informative value of the information to be disclosed. Whether the disclosure is “likely to contribute” to an understanding of government operations or activities;

(iii) The contribution to an understanding of the subject by the general public likely to result from disclosure. Whether disclosure of the requested information will contribute to “public understanding”;

(iv) The significance of the contribution to public understanding. Whether disclosure is likely to contribute “significantly” to public understanding of government operations or activities;

(v) The existence and magnitude of a commercial interest. Whether the requestor has a commercial interest that would be furthered by the disclosure; and if so

(vi) The primary interest in disclosure. Whether the magnitude of the identified commercial interest of the requestor is sufficiently large in comparison with the public interest in disclosure, that disclosure is “primarily in the commercial interest of the requestor.”

(e) Assessment and collection of fees. (1) Interest will accrue from the date the bill is mailed if the fee is not paid within thirty (30) days. Interest will be assessed at the rate prescribed in 31 U.S.C. 3717.

(2) If the agency reasonably believes that a requestor(s) is making multiple requests to avoid the assessment of fees, the agency may aggregate such requests and charge accordingly.

(3) The agency may request an advance payment of the fee if

(i) The allowable charges are likely to exceed $250, or

(ii) The requestor has failed previously to pay a fee in a timely fashion.
(4) When the agency requests an advance payment, the time limits prescribed in section (a)(6) of the Freedom of Information Act will begin only after the agency has received full payment.

§ 1100.7 Foundation report of actions.
On or before March 1 of each calendar year, each member agency of the National Foundation on the Arts and the Humanities shall submit a report of its activities with regard to public information requests during the preceding calendar year to the Speaker of the House of Representatives and to the President of the Senate. The report shall include:

(a) The number of determinations made by each member agency of the National Foundation on the Arts and the Humanities not to comply with requests for records made to the agency under the provisions of this part and the reasons for each such determination;
(b) The number of appeals made by persons under such provision, the result of such appeals, and the reasons for the action upon each appeal that results in the denial of information;
(c) The names and titles or positions of each person responsible for the denial of records requested under the provisions of this part and the number of instances of participation for each;
(d) The results of each proceeding conducted pursuant to 5 U.S.C. 552(a)(4)(F), as amended, including a report of the disciplinary action taken against the officer of employee who was primarily responsible for improperly withholding records or an explanation of why disciplinary action was not taken;
(e) A copy of every rule made by the Foundation implementing the provisions of the FOIA.
(f) A copy of the fee schedule and the total amount of fees collected by the agency for making records available under this section; and
(g) Such other information as indicates efforts to administer the provisions of the FOIA, as amended.
employee (as defined in this section) and a special Government employee unless expressly qualified.

(b) Regular employee means a person holding an appointment in the competitive or excepted service, occupying a position on the staff of either Endowment or the shared staff of both Endowments, without regard to assigned working schedule (that is, including full-time, part-time and intermittent schedules), but excluding all special Government employees who have not been designated as regular employees by the Chairman of either Endowment for purposes of these regulations.

(c) Full-time employee means a regular employee with an assigned full-time working schedule.

(d) Part-time employee means a regular employee with an assigned part-time (less than 40 hours a week) work schedule.

(e) Intermittent employee means a regular employee with an assigned intermittent working schedule.

(f) Shared staff and joint employees mean employees performing services for both Endowments on a shared basis.

(g) Special Government employee means a special Government employee as defined in section 202 of title 18 of the United States Code who is employed by the National Endowment for the Arts or the National Endowment for the Humanities, or by both Endowments jointly.

(h) Endowment means either the National Endowment for the Arts or the National Endowment for the Humanities.

(i) Foundation means the National Foundation on the Arts and the Humanities.

(j) Chairman means the Chairman of the National Endowment for the Arts, or the Chairman of the National Endowment for the Humanities.

§ 1105.735-4 Statutory provisions.

Each employee is responsible for acquainting himself not only with the provisions of this part, but also with applicable portions of each Federal statute relating to his conduct as an employee of the National Endowment for the Arts or the National Endowment for the Humanities and of the U.S. Government. This part will be called to the attention of all employees by the Administrative Officer of the Foundation at least once a year and he will provide a copy of the part to each new employee who joins either the National Endowment for the Arts or the National Endowment for the Humanities or becomes a member of the shared staff. (A list of pertinent statutes is provided in the Appendix to this part.)

§ 1105.735-5 Conflicts-of-Interest Counselor.

(a) Conflicts-of-Interest Counselor. The General Counsel of the Foundation is designated the Conflicts-of-Interest Counselor, with responsibility for providing, on request from any employee, counsel regarding conflicts-of-interest regulations and requirements, as well as their applicability in particular situations. Each employee is responsible for seeking the advice of the Conflicts-of-Interest Counselor whenever it appears that he may be, or may become, involved in a possible conflicts-of-interest situation. Any supervisor may refer to the Conflicts-of-Interest Counselor any possible conflicts-of-interest situation involving a subordinate of his whenever he deems such action appropriate. In such cases, the subordinate concerned shall be informed that the matter has been referred for consideration and shall be afforded the opportunity to state his case. The General Counsel of the Foundation is responsible for reviewing conflicts-of-interest matters brought to his attention and for attempting to work with the employees concerned in resolving such situations, and for offering employees an opportunity to explain any conflict or appearance of conflict. Matters which cannot be satisfactorily resolved in this manner will be referred to the Chairman of the Endowment concerned, or, in the case of a share staff member, to the Chairmen of both Endowments, for decision and appropriate action. Remedial action, whether disciplinary or otherwise, shall be effected in accordance with any applicable laws, Executive orders, and regulations.
National Foundation on the Arts and the Humanities § 1105.735-6

(b) Disciplinary and other remedial actions. When there is a final decision that a conflicts-of-interest situation requires disciplinary or other remedial action, such action shall be taken promptly to end the conflict or appearance of conflict of interest and to carry out any appropriate disciplinary measure. Any action taken, whether disciplinary or otherwise, shall be effected in accordance with applicable laws, Executive orders, Civil Service Commission regulations and the regulations in this part. The action taken may involve, among other things:

(1) Divestment by the employee of his conflicting interest;
(2) Changes in existing duties;
(3) Disqualification for a particular assignment;
(4) Appropriate disciplinary action, up to and including removal.

§ 1105.735-6 Statements of employment and financial interests.

(a) Employees other than special Government employees—(1) General requirement. Statements of employment and financial interests are required of all Federal employees occupying positions at or above Grade 16 or the equivalent, as well as all employees occupying positions which either require the exercise of judgment in making a Government decision, or in taking Government action with regard to:

(i) Contracting or procurement;
(ii) Administering or monitoring grants or subsidies;
(iii) Regulating or auditing private or other non-Federal enterprises;
(iv) Other activities where the decision or action has an economic impact on the interest of a particular non-Federal enterprise; or require the incumbent to report in order to avoid involvement in a possible conflicts-of-interest situation and carry out the purpose of law.

(2) Requirements of the National Endowment for the Arts and the National Endowment for the Humanities. In order to fulfill the Endowments’ obligations under the general Government requirement described in paragraph (a)(1) of this section, it has been determined that a Statement of Employment and Financial Interests must be completed and submitted in accordance with the procedures set forth in this section by employees occupying the following positions:

(i) National Endowment for the Arts:
(a) Deputy chairman.
(b) All special assistants to the chairman and deputy chairman.
(c) All program, division and office directors.

(ii) National Endowment for the Humanities:
(a) Deputy chairman.
(b) All assistants (including special assistants) to the chairman and deputy chairman.
(c) All program and office directors (but not including the Public Information Director).
(d) All program officers classified at GS-13 and above.

(iii) Shared staff:
(a) All attorneys.
(b) Director and Assistant Director of Administration.
(c) All auditors classified at GS-13 and above.
(d) Financial manager.
(e) Administrative services officer.
(f) All grants officers.

(3) Inclusion and exclusion of positions.

(i) Whenever appropriate, the Chairman of an Endowment may amend paragraph (a)(2) of this section to include additional positions in his Endowment that entail submission of such statements or may exclude any positions in his Endowment listed in paragraph (a)(2) of this section the inclusion of which is not required by the general requirement in paragraph (a)(1) of this section. Inclusion or elimination of shared positions will be accomplished by agreement of both Chairmen. Each supervisor is responsible for bringing to the attention of the appropriate Chairman (through the Deputy Chairman) any position which the supervisor believes should be covered or excluded by this requirement.

(ii) If an employee believes that his position has been improperly included among those for which a Statement of Employment and Financial Interests is required, he may bring this matter, via the Foundation’s grievance procedures, to the attention of the appropriate Deputy Chairman or, in the case of
§ 1105.735-6  45 CFR Ch. XI (10–1–99 Edition)

shared staff, to the attention of both Deputy Chairmen. In the event that the recommendation is made that the position be included, the employee may appeal to the Chairman of the Endowment concerned, or, in the case of shared staff, to both Chairmen, whose ruling shall be final.

(iii) Although an employee's position may generally be included within the terms of paragraph (a)(1) of this section, such position may be excluded from the reporting requirement when it is determined that:

(a) The duties of a position are such that the likelihood of the incumbent's involvement in a conflicts-of-interest situation is remote; or

(b) The duties of a position are at such a level of responsibility that the submission of a statement of employment and financial interests is not necessary because of the degree of supervision and review over the incumbent or the inconsequential effect on the integrity of the Government.

(4) Submission of original and supplementary statements. Each employee covered by this requirement shall complete the statement and submit it within 90 days after the effective date of this part. Each new employee shall complete and submit the statement within 30 days after his entrance on duty or within 90 days after the effective date of this part, whichever date is later. All changes in, or additions to, the information contained in each employee's original statement must be reported in a supplementary statement submitted by the employee as of June 30 each year. If no changes or additions occur a negative report is required. Notwithstanding the filing of the annual report required by this subparagraph, each employee shall at all times avoid acquiring a financial interest that could result, or taking an action that would result, in a violation of the conflicts of interest provisions of section 208 of title 18, U.S.C., or §1105.735-7 of this part. The Administrative Office of the Foundation is responsible for informing each new, affected employee of the requirement for him to submit the statement within 30 days after his entrance on duty.

(5) Interests of employees' relatives. For purposes of the statement, the interests of a spouse, minor child, or any other member of an employee's immediate household who is a blood relation of the employee, are considered to be interests of the employee.

(6) Information not known by employees. If information required to be included on the statement of employment and financial interests (supplementary or otherwise, including holdings placed in trust) is not known by the employee but is known to another person, the employee shall request such other person to submit the information on his behalf.

(7) Information not required. Employees are not required to submit information relating to their financial interests in any professional society not conducted as a business enterprise as described in the next sentence, charitable, religious, social, fraternal, recreational, public service, civic, political, or similar organization not conducted as a business enterprise. Professional societies, educational institutions, and other nonprofit organizations engaged in research, development, or related activities involving grants of money from, or contracts with, the Government are deemed "business enterprises" and are required to be included in employees' statements of employment and financial interests.

(8) Effect of employees' statements on other requirements. The statements of employment and financial interests and supplementary statements required of employees are in addition to, and are not in substitution for, or in derogation of, any similar requirement imposed by law, regulation, or Executive order. The submission of the statement or supplementary statement by an employee does not permit him or any other person to participate in any matter in which his or the other person's participation is prohibited by law, regulation, or Executive order.

(9) Confidentiality of employees' statements. Each statement of employment and financial interest and each supplementary statement will be held in strictest confidence. The officials designated below to receive such statements will not allow access to, or information to be disclosed from, a statement except to carry out a purpose of
§ 1105.735-7 Employee conduct.

(a) General. (1) Each Endowment assumes that an employee will conduct himself in a manner that will not discredit or embarrass himself or the Endowment. However, it is pointed out that the violation of the regulations in this part, or any criminal, infamous, dishonest, immoral, or notoriously disgraceful conduct on the part of an employee (whether in official duty status or not), is cause for immediate disciplinary action, up to and including removal.

(2) Employees shall avoid any action, whether or not specifically prohibited, which might result in or create the appearance of:

(i) Using public office for private gain;

(ii) Giving preferential treatment to any person;

(iii) Impeding Government efficiency or economy;

(iv) Losing complete independence or impartiality;

(v) Making a Government decision outside official channels; or

(vi) Affecting adversely the confidence of the public in the integrity of the Government.

(b) Indebtedness. Employees are expected to meet their just financial obligations and not to take advantage of the fact that their wages are not subject to garnishment for private debts. Failure to meet just financial obligations in a proper and timely manner may result in disciplinary action, up to, and including, removal. For the purpose of this section, a “just financial obligation” means one acknowledged by the employee or reduced to judgment by a court, and “in a proper and timely manner” means in a manner which the agency determines does not, under the circumstances, reflect adversely on the Government as his

(3) The provisions of paragraphs (a) (5) through (9) of this section apply to special Government employees in the same manner as to other employees.

employer. In the event of dispute between an employee and an alleged creditor, this section does not require the Endowment concerned to determine the validity or amount of the disputed debt.

(c) Payment of taxes. Employees are expected to meet their obligations for payment of taxes to Federal, State, and local authorities. Delinquency in payment of Federal, State, and local taxes is cause for disciplinary action, up to, and including, removal. Federal agencies are required to furnish State taxing authorities (including the District of Columbia) with a copy of Form W-2 indicating annual earnings and Federal income tax withheld. Employees are authorized to pay delinquent Federal taxes by payroll deduction: Provided, That they make satisfactory arrangements with the Internal Revenue Service to liquidate their tax liabilities in this manner. When such arrangements are not made, District Directors of Internal Revenue have the authority to levy upon the salaries of Federal employees for the full amount of delinquent Federal income tax.

(d) Financial interests. Any employee may hold financial interests and engage in financial transactions in the same way as any private citizen, provided that such interests or activities are not prohibited by law, Executive order, or the regulations in this part. In particular, no employee may have any direct or indirect financial interest that conflicts substantially or appears to conflict substantially with his duties and responsibilities as an Endowment employee. No employee shall carry out Endowment duties involving any organization in which he has a direct or indirect financial interest. No employee shall engage directly or indirectly in any financial transaction resulting from, or primarily relying on, information obtained through his employment, or use his employment to coerce, or give the appearance of coercing, a person, to provide financial benefit to himself or another.

(e) Participation in Endowment grants by former Endowment employees. In cases not directly coming under the prohibitions of 18 U.S.C. 207 (relating to activities of former Government officials), the following rules shall apply:

(1) In addition to the statutory bars against ever dealing with the U.S. Government in connection with a particular matter in which he participated personally and substantially while an employee, and against dealing with the Government for 1 year after leaving in connection with a matter under his official responsibility while in the Government, a former regular employee of an Endowment may not negotiate with either Endowment, with a view to obtaining support for himself or his organization within 1 year after having left the Endowment, except with the written permission of the Chairman of the Endowment in which he had been employed.

(2) A former regular employee of an Endowment may not be compensated from an Endowment grant directly or indirectly within 1 year of his leaving the Endowment, except with the written permission of the Chairman of the Endowment in which he had been employed.

(3) In the case of joint employees, the written permission referred to in paragraphs (e)(1) and (2) of this section must be given by both Chairmen.

(f) Gifts, entertainment, and favors. Employees may not solicit, or accept directly or indirectly from any person, institution, corporation, or group, anything of economic value as a gift, gratuity, favor, entertainment, or loan, which might be reasonably interpreted by others as being of such a nature that it would affect his impartiality. This is especially applicable in those instances where the employee has reason to believe that the person, institution, corporation, or group:

(1) Has, is seeking, or is likely to seek, assistance, support, or funds from an Endowment; or

(2) Conducts operations or activities which are involved with, or are supported by, an Endowment; or

(3) Has interests which might be substantially affected by the employee's performance or nonperformance of duties; or

(4) May be attempting to affect the employee's official actions.

(i) An employee shall not solicit a contribution from another employee for a gift to an official superior, make
a donation as a gift to an official superior, or accept a gift from an employee receiving less pay than himself (5 U.S.C. 7351). However, this paragraph does not prohibit a voluntary gift of nominal value or donation in a nominal amount made on a special occasion such as marriage, illness, or retirement.

(ii) Employees are not permitted to accept a gift, or decoration, or other objects from a foreign government unless authorized by Congress as provided by the Constitution and in 5 U.S.C. 7342.

(iii) Employees may accept promotional material of nominal intrinsic value such as pens, pencils, note pads, calendars, etc. Employees may, on infrequent occasions, accept items of nominal value such as food in the ordinary course of a luncheon or dinner meeting, site visit, or professional conference, when the employee is properly in attendance.

(iv) Neither this paragraph nor paragraph (g) of this section precludes an employee from receipt of bona fide reimbursement, unless prohibited by law, for expenses of travel and such other necessary subsistence as is compatible with this part for which no Government payment or reimbursement is made. However, this paragraph does not allow an employee to be reimbursed, or payment to be made on his behalf, for excessive personal living expenses, gifts, entertainment or other personal benefits, nor does it allow an employee to be reimbursed by a person for travel on official business under agency orders when reimbursement is proscribed by Decision B-128527 of the Comptroller General dated March 7, 1967.

(g) Outside employment and other activity. (1) Employees shall not engage in any outside employment or other outside activity not compatible with the full and proper discharge of their duties and responsibilities. Incompatible activities include, but are not limited to, acceptance of anything of monetary value which may result in or create the appearance of a conflict of interest.

(2) Employees shall not engage in outside employment which tends to impair their health or capacity to discharge acceptably their duties and responsibilities.

(3) Regular employees shall not receive anything of value from a private source as compensation for their activities as endowment employees.

(4) Employees shall not engage in teaching, lecturing, or writing which is dependent on official information obtained as a result of Government employment, except when the information has been, or is being made available to the general public, or will be made available to the public on request, or when the Chairman or Deputy Chairman of the Endowment concerned gives written authorization for the use of nonpublic information on the basis that the use is in the public interest. However, employees are encouraged to engage in teaching, lecturing, and writing not prohibited by the regulations in this part, by law, or by Executive order.

(5) Employees shall not receive anything of monetary value for any consulting, lecturing, discussion, writing, or presentation, the subject of which is devoted to the responsibilities, programs, or operations of an Endowment, or which draws on official data or ideas which have not become part of the body of public information.

(6) Employees shall not serve as organizers or directors of conferences, colloquia or similar events supported by grant or contract from an Endowment, but may otherwise participate in such events provided they do not receive any compensation or economic benefit for such participation.

(7) Employees may, however, participate in the affairs of, and accept an award for meritorious public contribution or achievement given by a charitable, religious, fraternal, educational, recreational, public service, or civic organization.

(h) Advice or assistance to nonprofit or commercial organizations. The conditions under which full-time employees may offer assistance or advice to nonprofit or commercial organizations are set forth in this paragraph (h). Although these conditions are stated as general rules, illustrative applications to specific situations are set forth as an aid to interpretation:
§ 1105.735-7

(1) General rules. While not on official duty, an employee may provide advice or assistance and receive compensation therefor, to either nonprofit or commercial organizations: Provided, That such services are unrelated to his Government activities and do not draw upon information deriving from Government sources not publicly available.

(2) Specific examples—(i) Visiting committees. Employees should not participate in the deliberations of a college or university visiting committee; however, an employee may meet with such groups as an Endowment official where it would be appropriate to attend a similar meeting with any other comparable group requesting his assistance.

(ii) [Reserved]

(iii) Membership and office holding in professional societies. An employee may be a member of a professional society, but may not serve as an officer except where the society has not received any support from an Endowment during the preceding three years and the employee has no reason to expect it to seek support during the tenure of his office. If the society later requests support from an Endowment, the employee should resign his office in the society or request permission to remain in such office.

(i) Misuse of information. For the purpose of furthering a private interest, employees shall not (except as provided in paragraph (g)(4) of this section) directly or indirectly use, or allow the use of, official information obtained through, or in connection with, his Government employment which has not been made available to the general public.

(g) Compensation from endowment awarded funds. No regular employee may receive any compensation, either directly or indirectly, from funds awarded to contractors or grantees by either endowment.

(h) Use of Federal property. No employee may use Federal property or facilities of any kind for other than officially approved activities. Every employee has the responsibility to protect and conserve all Federal property which has been entrusted to him.

(i) Exercise of notary powers. Employees who are notaries public may not charge or receive any compensation for performing any notarial act during working hours, including the luncheon period.

(m) Political activity. Restrictions in this section are applicable to employees on leave, leave without pay, or furlough, as well as to other regular employees. Individuals whose employment is on an intermittent basis (not occupying a substantial portion of their time) are subject to the political activities restrictions only while they are in an active duty status. The period of active duty status for a particular employee includes the entire 24-hour period of any day of actual employment. The “Federal Personnel Manual” may be consulted in the Foundation Administrative Office. If an employee is in doubt about permissible activities, he should contact the Administrative Office for clarification.

(1) Employees may not use their official positions or influence for the purpose of interfering with an election and they may not take an active part in political management or in political campaigns, except as provided in paragraphs (m)(4) and (5) of this section.

(2) No employee may discriminate against another employee because of his political opinions or affiliations.

(3) An employee may not become a candidate for nomination or election to a Federal, State, county, or municipal office on a partisan political ticket. Nor may an employee become a candidate as an independent when opposed by a partisan political candidate, except as provided in paragraph (m)(4) of this section.

(4) Certain political subdivisions in the vicinity of Washington, D.C., as well as other municipalities, designated by the Civil Service Commission, have been granted a limited exception to the rules prohibiting political management or candidacy for local office. In such municipalities, employees may become candidates as independents, even when opposed by partisan political candidates.

(5) In general, employees are encouraged to be candidates for, and to hold, State, county, or municipal offices of a nonpartisan nature when permitted by law. Employees desiring to be candidates for, or to hold, a State or local
office or to undertake the political management of a candidacy for such office, must secure the approval of the appropriate Endowment Chairman or, in the case of members of the shared staff, of both Chairmen.

(6) Full-time employees, with the prior consent of the Chairman concerned, or of both Chairmen, in the case of members of the shared staff, may hold positions under a State or local government on a part-time basis only. Intermittent employees may hold full-time or part-time State or local government positions. In both cases, the above restrictions on political activity must be observed.

(n) An employee shall not participate, while on Government-owned or leased property or while on duty for the Government, in any gambling activity, such as a lottery or the sale or purchase of numbers, etc.

(6) Full-time employees, with the prior consent of the Chairman concerned, or of both Chairmen, in the case of members of the shared staff, may hold positions under a State or local government on a part-time basis only. Intermittent employees may hold full-time or part-time State or local government positions. In both cases, the above restrictions on political activity must be observed.

(n) An employee shall not participate, while on Government-owned or leased property or while on duty for the Government, in any gambling activity, such as a lottery or the sale or purchase of numbers, etc.

§1105.735–8 Presenting grievances to Congress.

Nothing in this part shall be construed as abridging in any way the right of employees, either individually or collectively, to petition Congress, or any Member thereof, or to furnish information, when appropriate, to either House of Congress, or to any committee or member thereof.

§ 1110.1 Purpose.

The purpose of this part is to effectuate the provisions of title VI of the Civil Rights Act of 1964 (hereafter referred to as the “Act”), 42 U.S.C. 2000d et seq., to the end that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity receiving Federal financial assistance from the National Endowment for the Arts, the National Endowment for the Humanities, or the Institute of Museum and Library Services.

§ 1110.2 Application of part.

This part applies to any program for which Federal financial assistance is authorized under a law administered by the National Endowment for the Arts, the National Endowment for Humanities, or the Institute of Museum and Library Services, including the federally assisted programs and activities listed in appendix A of this part. It applies to money paid, property transferred, or other Federal financial assistance extended under any such program after the effective date of the part, including assistance pursuant to an application approved prior to such date. It also applies to federal financial assistance extended to any such program prior to the effective date of this part under a contract or grant where the term of the contract or grant continues beyond such date or where the assistance was to provide real or personal property and the recipient or his transferee continues to use or retain ownership or possession of the property (see §1110.4(a)(1)). This part does not apply to (a) any Federal financial assistance by way of insurance or guaranty contract, (b) any assistance to any individual who is the ultimate beneficiary under any such program, or (c) any employment practice, under any such program, of any employer, employment agency, or labor organization, except to the extent described in §1110.3. The fact that a program or activity is not listed in Appendix A shall not mean, if title VI of the Act is otherwise applicable, that such program is not covered. Other programs under statutes now in force or hereinafter enacted may be added to this list by notice published in the Federal Register.

§ 1110.3 Discrimination prohibited.

(a) General. No person in the United States shall, on grounds of race, color, or national origin be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program to which this part applies.

(b) Specific discriminatory actions prohibited. (1) A recipient under any program to which this part applies may not directly or through contractual or other arrangements, on the ground of race, color, or national origin:

(i) Deny an individual any service, financial aid, or other benefit provided under the program;

(ii) Provide any service, financial aid, or other benefit to an individual which is different, or is provided in a different manner, from that provided to others under the program;

(iii) Subject an individual to segregation or separate treatment in any matter related to his receipt of any service, financial aid, or other benefit under the program;

(iv) Restrict an individual in any way in the enjoyment of any advantage or privilege enjoyed by others receiving any service, financial aid, or other benefit under the program;

(v) Treat an individual differently from others in determining whether he satisfies any admission, enrollment, quota, eligibility, membership, or other requirement or condition which individuals must meet in order to be provided any service, financial aid, or other benefit provided under the program;

(vi) Deny an individual an opportunity to participate in the program through the provision of services or otherwise or afford him an opportunity...
to do so which is different from that afforded others under the program (including the opportunity to participate in the program as an employee but only to the extent set forth in paragraph (c) of this section).

(2) A recipient, in determining the types of services, financial aid, or other benefits, or facilities which will be provided under any such program, or the class of individuals to whom, or the situations in which, such services, financial aid, other benefits, or facilities will be provided under any such program, or the class of individuals to be afforded an opportunity to participate in any such program, may not directly or through contractual or other arrangements, utilize criteria or methods of administration which have the effect of subjecting individuals to discrimination because of their race, color, or national origin, or have the effect of defeating or substantially impairing accomplishment of the objectives of the program as respects individuals of a particular race, color, or national origin.

(3) In determining the site or location of facilities, a recipient or applicant may not make selections with the purpose or effect of excluding individuals from, denying them the benefits of, or subjecting them to discrimination under any program to which this regulation applies, on the grounds of race, color, or national origin; or with the purpose or effect of defeating or substantially impairing the accomplishment of the objectives of the Act or this regulation.

(4) As used in this section, the services, financial aid, or other benefits provided under a program receiving Federal financial assistance shall be deemed to include any service, financial aid, or other benefit provided in or through a facility provided with the aid of Federal financial assistance.

(5) The enumeration of specific forms of prohibited discrimination in this paragraph and paragraph (c) of this section does not limit the generality of the prohibition in paragraph (a) of this section.

(6) This regulation does not prohibit the consideration of race, color, or national origin if the purpose and effect are to remove or overcome the consequences of practices or impediments which have restricted the availability of, or participation in, the program or activity receiving Federal financial assistance, on the grounds of race, color, or national origin. Where previous discriminatory practice or usage tends, on the grounds of race, color, or national origin, to exclude individuals from participation in, to deny them the benefits of, or to subject them to discrimination under any program or activity to which this regulation applies the applicant or recipient has an obligation to take reasonable action to remove or overcome the consequences of the prior discriminatory practice or usage, and to accomplish the purposes of the Act.

(c) Employment practices. (1) Where a primary objective of the Federal financial assistance to a program to which this part applies is to provide employment, a recipient may not directly or through contractual or other arrangements, utilize criteria or methods of administration which have the effect of subjecting individuals to discrimination because of their race, color, or national origin, or have the effect of defeating or substantially impairing accomplishment of the objectives of the Act or this regulation.

(2) The requirements applicable to construction employment under any such program shall be those specified in or pursuant to Executive Order 11246 or any executive order which supersedes it.

(3) Where a primary objective of the Federal financial assistance is not to provide employment, but discrimination on the grounds of race, color, or national origin in the employment practices of the recipient or other persons subject to the regulation tends, on the grounds of race, color, or national origin in its employment practices under such program (including recruitment or recruitment advertising employment, layoff or termination, upgrading, demotion, or transfer, rates of pay or other forms of compensation and use of facilities), including programs where a primary objective of the Federal financial assistance is (i) to assist such individuals through employment to meet expenses incident to the commencement or continuation of their education or training or (ii) to provide work experience which contributes to the education or training of such individuals or (iii) to reduce the unemployment of such individuals or to help them through employment to meet subsistence needs.

(2) The requirements applicable to construction employment under any such program shall be those specified in or pursuant to Executive Order 11246 or any executive order which supersedes it.

(3) Where a primary objective of the Federal financial assistance is not to provide employment, but discrimination on the grounds of race, color, or national origin in the employment practices of the recipient or other persons subject to the regulation tends, on the grounds of race, color, or national origin in its employment practices under such program (including recruitment or recruitment advertising employment, layoff or termination, upgrading, demotion, or transfer, rates of pay or other forms of compensation and use of facilities), including programs where a primary objective of the Federal financial assistance is (i) to assist such individuals through employment to meet expenses incident to the commencement or continuation of their education or training or (ii) to provide work experience which contributes to the education or training of such individuals or (iii) to reduce the unemployment of such individuals or to help them through employment to meet subsistence needs.

(2) The requirements applicable to construction employment under any such program shall be those specified in or pursuant to Executive Order 11246 or any executive order which supersedes it.
§ 1110.4 Assurances required.

(a) General. (1) Every application for Federal financial assistance to carry out a program to which this part applies, and every application for Federal financial assistance to provide a facility shall, as a condition to its approval and the extension of any Federal financial assistance pursuant to the application, contain or be accompanied by an assurance that the program will be conducted or the facility operated in compliance with all requirements imposed by or pursuant to this part. In the case where the Federal financial assistance is to provide or is in the form of personal property, or real property or interest therein or structures thereon, the assurance shall obligate the recipient, or, in the case of a subsequent transfer, the transferee, for the period during which the property is used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services and benefits, or for as long as the recipient retains ownership or possession of the property, whichever is longer; and any other time or form of assistance, the assurances shall be in effect for the duration of the period during which Federal financial assistance is extended to the program. The responsible Endowment official shall specify the form of the foregoing assurances for each program and the extent to which like assurances will be required of subgrantees, contractors and subcontractors, successors in interest, and other participants in the program. Any such assurance shall include provisions which give the United States a right to seek its judicial enforcement.

(2) In the case of real property, structures or improvements thereon, or interests therein, which was acquired through a program of Federal financial assistance, or in the case where Federal financial assistance is provided in the form of a transfer of real property or interest therein from the Federal Government, the instrument effecting or recording the transfer, shall contain a covenant running with the land assuring nondiscrimination for the period during which the real property is used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits. Where no transfer of property is involved, but property is improved under a program of Federal financial assistance, the recipients shall agree to include such a covenant in any subsequent transfer of such property. Where the property is obtained from the Federal Government, such covenant may also include a condition coupled with a right to be reserved by the Endowment to revert title to the property in the event of a breach of the covenant where, in the discretion of the responsible Endowment official, such a condition and right of reverter is appropriate to the program under which the real property is obtained and to the nature of the grant and the grantee. In the event a transferee of real property proposes to mortgage or otherwise encumber the real property as security for financing construction of new, or improvement of existing, facilities on such property for the purposes for which the property was transferred, the Chairman of the Endowment concerned may agree, upon request of the transferee and if necessary to accomplish such financing, and upon such
conditions as he deems appropriate, to forebear the exercise of such right to revert title for so long as the lien of such mortgage or other encumbrance remains effective.

(3) Transfers of surplus property are subject to regulations issued by the Administrator of the General Services Administration. (41 CFR 101-6.2)

(b) Continuing State programs. Every application by a State or a State agency to carry out a program involving continuing Federal financial assistance to which this part applies shall, as a condition to its approval and the extension of any Federal financial assistance pursuant to the application (1) contain or be accompanied by a statement that the program is (or, in the case of a new program, will be) conducted in compliance with all requirements imposed by or pursuant to this part, and (2) provide or be accompanied by provision for such methods of administration for the program as are found by the responsible Endowment official to give reasonable assurance that the applicant and all recipients of Federal financial assistance under such program will comply with all requirements imposed by or pursuant to this part.

(c) Elementary and secondary schools. The requirements of paragraph (a) of this section with respect to any elementary or secondary school or school system shall be deemed to be satisfied if such school or school system (1) is subject to a final order of a court of the United States for the desegregation of such school or school system, and provides an assurance that it will comply with such order, including any future modification of such order, or (2) submits a plan for the desegregation of such school or school system which the responsible official of the Department of Health, Education, and Welfare determines is adequate to accomplish the purposes of the Act and this part. In any case in which a final order of a court of the United States for the desegregation of such school or school system is entered after submission of such a plan, such plan shall be revised to conform to such final order, including any future modification of such order.

(d) Assurances from institutions. (1) In the case of any application for Federal financial assistance to an institution of higher education (including assistance for construction, for research, for a special training project, or for any other purpose), the assurance required by this section shall extend to admission practices and to all other practices relating to the treatment of students.

(2) The assurance required with respect to an institution of higher education or any other institution, insofar as the assurance relates to the institution’s practices with respect to admission or other treatment of individuals as students, or clients of the institution or to the opportunity to participate in the provision of services or other benefits to such individuals, shall be applicable to the entire institution unless the applicant establishes, to the satisfaction of the responsible Endowment official, that the institution’s practices in designated parts or programs of the institution will in no way affect its practices in the program of the institution for which Federal financial assistance is sought, or the beneficiaries of or participants in, such program. If in any such case the assurance sought is for the construction of a facility or part of a facility, the assurance shall in any event extend to the entire facility and to facilities operated in connection therewith.

§ 1110.5 Illustrative applications.

The following examples will illustrate the application of the foregoing provisions to some of the activities for which Federal financial assistance is provided by the Endowments. (In all cases the discrimination prohibited is discrimination on the ground of race, color, or national origin prohibited by title VI of the Act and this part, as a condition of the receipt of Federal financial assistance.)
(a) In a research, training, or other
grant to a university for activities to
be conducted in a graduate school, dis-
crimination in the admission and
treatment of students in the graduate
school is prohibited, and the prohibi-
tion extends to the entire university,
unless it satisfies the responsible En-
dowment official that practices with
respect to other parts or programs of
the university will not interfere, di-
rectly or indirectly, with fulfillment of
the assurance required with respect to
the graduate school.

(b) In cases of Federal financial as-
sistance to elementary or secondary
schools, discrimination by the recipi-
ent school district in any of its elemen-
tary or secondary schools, or by the re-
cipient private institution, in the ad-
mission of students, or in the treat-
ment of its students in any aspect of
the educational process, is prohibited.
In this and the following illustration
the prohibition of discrimination in the
treatment of students or other trainees
includes the prohibition of discrimina-
tion among the students or trainees in
the availability or use of any aca-
demic, dormitory, eating, recreational,
or other facilities of the grantee or
other recipient.

(c) In a training grant to a nonaca-
demic institution, discrimination is
prohibited in the selection of individ-
uals to be trained and in their treat-
ment by the grantee during their train-
ing. In a research or demonstration
grant to such an institution, discrimi-
nation is prohibited with respect to
any educational activity, any provision
of medical or other services and any fi-
nancial aid to individuals incident to
the program.

(d) Where Federal financial assist-
ance is provided to assist in the presen-
tation of artistic and cultural produc-
tions to the public, assurances will be
required that such productions will not
be presented before any audience which
has been selected on a discriminatory
basis.

(e) A recipient may not take action
that is calculated to bring about indi-
rectly what this part forbids it to ac-
complish directly. Thus, a State, in se-
lecting projects to be supported
through a State agency, may not base
its selections on criteria which have
the effect of defeating or substantially
impairing accomplishment of the ob-
jectives of the Federal financial assis-
tance as respects individuals of a par-
ticular race, color, or national origin.

(f) In some situations even though
past discriminatory practices have
been abandoned, the consequences of
such practices continue to impede the
full availability of a benefit. If the ef-
forts required of the applicant or re-
cipient under §1110.6(d) to provide in-
formation as to the availability of the
program or activity, and the rights of
beneficiaries under this regulation,
have failed to overcome these con-
sequences, it will become necessary for
such applicant or recipient to take ad-
ditional steps to make the benefits
fully available to racial and nation-
ality groups previously subjected to
discrimination. This action might take
the form, for example of special ar-
rangements for obtaining referrals or
making selections which will insure
that groups previously subjected to dis-
crimination are adequately served.

(g) Even though an applicant or re-
cipient has never used discriminatory
policies, the services and benefits of
the program or activity it administers
may not in fact be equally available to
some racial or nationality groups. In
such circumstances an applicant or re-
cipient may properly give special con-
sideration to race, color, or national
origin to make the benefits of its pro-
gram more widely available to such
groups, not then being adequately
served. For example, where a univer-
sity is not adequately serving members
of a particular racial or nationality

group, it may establish special recruit-
ment policies to make its program bet-
ter known and more readily available
to such group, and take other steps to
provide that group with more adequate
service.

§1110.6 Compliance information.

(a) Cooperation and assistance. The re-
sponsible Endowment official shall, to
the fullest extent practicable, seek the
cooperation of recipients in obtaining
compliance with this part and shall
provide assistance and guidance to re-
cipients to help them comply volun-
tarily with this part.
(b) Compliance reports. Each recipient shall keep such records and submit to the responsible Endowment official timely, complete and accurate compliance reports at such times, and in such form and containing such information, as the responsible Endowment official may determine to be necessary to enable him to ascertain whether the recipient has complied or is complying with this part. In the case of any program under which a primary recipient extends Federal financial assistance to any other recipient, such other recipient shall also submit such compliance reports to the primary recipient as may be necessary to enable the primary recipient to carry out its obligations under this part.

(c) Access to sources of information. Each recipient shall permit access by the responsible Endowment official or his designee during normal business hours to such of its books, records, accounts, and other sources of information, and its facilities as may be pertinent to ascertain compliance with this part. Where any information required of a recipient is in the exclusive possession of any other agency, institution or person and this agency, institution or person shall fail or refuse to furnish this information, the recipient shall so certify in its report and shall set forth what efforts it has made to obtain the information.

(d) Information to beneficiaries and participants. Each recipient shall make available to participants, beneficiaries, and other interested persons such information regarding the provisions of this part and its applicability to the program under which the recipient receives Federal financial assistance, and may make such information available to them in such manner, as the responsible Endowment official finds necessary to apprise such persons of the protections against discrimination assured them by the Act and this part.

§ 1110.7 Conduct of investigations.

(a) Periodic compliance reviews. The responsible Endowment official shall from time to time review the practices of recipients to determine whether they are complying with this part.

(b) Complaints. Any person who believes himself or any specific class of individuals to be subjected to discrimination prohibited by this part may by himself or by a representative file with the responsible Endowment official a written complaint. A complaint must be filed not later than ninety days from the date of the alleged discrimination, unless the time for filing is extended by the responsible Endowment official.

(c) Investigations. The responsible Endowment official will make a prompt investigation whenever a compliance review, report, complaint, or any other information indicates a possible failure to comply with this part. The investigation should include, where appropriate, a review of the pertinent practices and policies of the recipient, the circumstances under which the possible noncompliance with this part occurred, and other factors relevant to a determination as to whether the recipient has failed to comply with this part.

(d) Resolution of matters. (1) If an investigation pursuant to paragraph (c) of this section indicates a failure to comply with this part, the responsible Endowment official will so inform the recipient and the matter will be resolved by informal means whenever possible. If it has been determined that the matter cannot be resolved by informal means, action will be taken as provided for in § 1110.8.

(2) If an investigation does not warrant action pursuant to paragraph (d)(1) of this section, the responsible Endowment official will so inform the recipient and the complainant, if any, in writing.

(e) Intimidatory or retaliatory acts prohibited. No recipient or other person shall intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by section 601 of the Act or this part, or because he has made a complaint, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing under this part. The identity of complainants shall be kept confidential except to the extent necessary to carry out the purposes of this part, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder.
§ 1110.8 Procedure for effecting compliance.

(a) General. If there appears to be a failure or threatened failure to comply with this part, and if the noncompliance or threatened noncompliance cannot be corrected by informal means, compliance with this part may be effected by the suspension or termination of or refusal to grant or to continue Federal financial assistance or by any other means authorized by law. Such other means may include, but are not limited to, (1) a reference to the Department of Justice with a recommendation that appropriate proceedings be brought to enforce any rights of the United States under any law of the United States (including other titles of the Act), or any assurance or other contractual undertaking, and (2) any applicable proceeding under State or local law.

(b) Noncompliance with § 1110.4. If an applicant fails or refuses to furnish an assurance required under § 1110.4 or otherwise fails to comply with that section, Federal financial assistance may be refused in accordance with the procedures of paragraph (c) of this section. The Endowment concerned shall not be required to provide assistance in such a case during the pendency of the administrative proceedings under such paragraph, except that such Endowment shall continue assistance during the pendency of such proceedings where such assistance is due and payable pursuant to an application therefore approved prior to the effective date of this part.

(c) Termination of or refusal to grant or to continue Federal financial assistance. No order suspending, terminating, or refusing to grant or continue Federal financial assistance shall become effective until (1) the responsible Endowment official has advised the applicant or recipient of his failure to comply and has determined that compliance cannot be secured by voluntary means, (2) the recipient or other person has been notified of its failure to comply and of the action to be taken to effect compliance, and (3) the expiration of at least 10 days from the mailing of such notice to the recipient or other person. During this period of at least 10 days, additional efforts shall be made to persuade the recipient or other person to comply with this part and to take such corrective action as may be appropriate.

§ 1110.9 Hearings.

(a) Opportunity for hearing. Whenever an opportunity for a hearing is required by § 1110.8(c), reasonable notice shall be given by registered or certified mail, return receipt requested, to the affected applicant or recipient. This notice shall advise the applicant or recipient of the action proposed to be taken, the specific provision under which the proposed action against it is to be taken, and the matters of fact or law asserted as the basis for this action, and either:

(1) Fix a date not less than 20 days after the date of such notice within which the applicant or recipient may request of the responsible Endowment official that the matter be scheduled for hearing or

(2) Advise the applicant or recipient that the matter in question has been set down for hearing at a stated place and time. The time and place so fixed
§ 1110.10 Decisions and notices.

(a) Decision by person other than the responsible Endowment official. If the hearing is held by a hearing examiner such hearing examiner shall either make an initial decision, if so authorized, or certify the entire record including his recommended findings and proposed decision to the responsible Endowment official for a final decision, and a copy of such initial decision or certification shall be mailed to the applicant or recipient. Where the initial decision is made by the hearing examiner the applicant or recipient may within 30 days of the mailing of such notice of initial decision file with the responsible Endowment official his exceptions to the initial decision, with his reasons therefor. In the absence of most credible evidence available and to subject testimony to test by cross-examination shall be applied where reasonably necessary by the officer conducting the hearing. The hearing officer may exclude irrelevant, immaterial, or unduly repetitious evidence. All documents and other evidence entered or taken for the record shall be open to examination by the parties and opportunity shall be given to refute facts and arguments advanced on either side of the issues. A transcript shall be made of the oral evidence except to the extent the substance thereof is stipulated for the record. All decisions shall be based upon the hearing record and written findings shall be made.

(b) Time and place of hearing. Hearings shall be held at the offices of the Endowment concerned in Washington, DC, at a time fixed by the responsible Endowment official unless he determines that the convenience of the applicant or recipient or of the Endowment requires that another place be selected. Hearings shall be held before the responsible Endowment official or, at his discretion, before a hearing examiner designated in accordance with section 11 of the Administrative Procedure Act.

(c) Right to counsel. In all proceedings under this section, the applicant or recipient and the Endowment shall have the right to be represented by counsel.

(d) Procedures, evidence, and record. (1) The hearing, decision, and any administrative review thereof shall be conducted in conformity with 5 U.S.C. 554-557 (sections 5-8 of the Administrative Procedure Act), and in accordance with such rules of procedure as are proper (and not inconsistent with this section) relating to the conduct of the hearing, giving of notices subsequent to those provided for in paragraph (a) of this section, taking of testimony, exhibits, arguments and briefs, requests for findings, and other related matters. Both the Endowment and the applicant or recipient shall be entitled to introduce all relevant evidence on the issues as stated in the notice for hearing or as determined by the officer conducting the hearing at the outset of or during the hearing.

(2) Technical rules of evidence shall not apply to hearings conducted pursuant to this part, but rules or principles designed to assure production of the
exceptions, the responsible Endowment official may on his own motion within 45 days after the initial decision serve on the applicant or recipient a notice that he will review the decision. Upon the filing of such exceptions or of such notice of review the responsible Endowment official shall review the initial decision and issue his own decision thereon including the reasons therefor. In the absence of either exceptions or a notice of review the initial decision shall constitute the final decision of the responsible Endowment official.

(b) Decisions on record or review by the responsible Endowment official. Whenever a record is certified to the responsible Endowment official for decision or he reviews the decision of a hearing examiner pursuant to paragraph (a) of this section, or whenever the responsible Endowment official conducts the hearing, the applicant or recipient shall be given reasonable opportunity to file with him briefs or other written statements of its contentions, and a copy of the final decision of the responsible Endowment official shall be given in writing to the applicant or recipient and to the complainant if any.

(c) Decisions on record where a hearing is waived. Whenever a hearing is waived pursuant to §1110.9(a) a decision shall be made by the responsible Endowment official on the record and a copy of such decision shall be given in writing to the applicant or recipient, and to the complainant, if any.

(d) Rulings required. Each decision of a hearing officer or responsible Endowment official shall set forth his ruling on each finding, conclusion, or exception presented, and shall identify the requirement or requirements imposed by or pursuant to this part with which it is found that the applicant or recipient has failed to comply.

(e) Approval by Chairman. Any final decision of a responsible Endowment official (other than the Chairman) which provides for the suspension or termination of, or the refusal to grant or continue Federal financial assistance, in whole or in part, under the program involved, and may contain such terms, conditions, and other provisions as are consistent with and will effectuate the purposes of the Act and this part, including provisions designed to assure that no Federal financial assistance will thereafter be extended under such program to the applicant or recipient determined by such decision to be in default in its performance of an assurance given by it pursuant to this part, or to have otherwise failed to comply with this part, unless and until it corrects its noncompliance and satisfies the responsible Endowment official that it will fully comply with this part.

(f) Content of orders. The final decision may provide for suspension or termination of, or refusal to grant or continue Federal financial assistance, in whole or in part, under the program involved, and may contain such terms, conditions, and other provisions as are consistent with and will effectuate the purposes of the Act and this part, including provisions designed to assure that no Federal financial assistance will thereafter be extended under such program to the applicant or recipient determined by such decision to be in default in its performance of an assurance given by it pursuant to this part, or to have otherwise failed to comply with this part, unless and until it corrects its noncompliance and satisfies the responsible Endowment official that it will fully comply with this part. Any such request shall be supported by information showing that the applicant or recipient has met the requirements of §1110.4(c), and provides reasonable assurance that it will comply with this court order or plan.)

(2) Any applicant or recipient adversely affected by an order entered pursuant to paragraph (f) of this section may at any time request the responsible Endowment official to restore fully its eligibility to receive Federal financial assistance, if it files a court order or a plan for desegregation which meets the requirements of §1110.4(c), and provides reasonable assurance that it will comply with this court order or plan.)

(g) Post termination proceedings. (1) An applicant or recipient adversely affected by an order issued under paragraph (f) of this section shall be restored to full eligibility to receive Federal financial assistance if it satisfies the terms and conditions of that order for such eligibility or if it brings itself into compliance with this regulation and provides reasonable assurance that it will fully comply with this regulation. (An elementary or secondary school or school system which is unable to file an assurance of compliance with §1110.3 shall be restored to full eligibility to receive Federal financial assistance, if it files a court order or a plan for desegregation which meets the requirements of §1110.4(c), and provides reasonable assurance that it will comply with this court order or plan.)

(2) Any applicant or recipient adversely affected by an order entered pursuant to paragraph (f) of this section may at any time request the responsible Endowment official to restore fully its eligibility to receive Federal financial assistance. Any such request shall be supported by information showing that the applicant or recipient has met the requirements of paragraph (g)(1) of this section. If the responsible Endowment official determines that those requirements have been satisfied, he shall restore such eligibility.
(3) If the responsible Endowment official denies any such request, the applicant or recipient may submit a request for a hearing in writing, specifying why it believes such official to have been in error. It shall thereupon be given an expeditious hearing, with a decision on the record, in accordance with rules of procedure issued by the responsible Endowment official. The applicant or recipient will be restored to such eligibility if it proves at such a hearing that it satisfied the requirements of paragraph (g)(1) of this section. While proceedings under this paragraph are pending, the sanctions imposed by the order issued under paragraph (f) of this section shall remain in effect.

(a) The systems of records, as defined in the Privacy Act of 1974, maintained by the National Foundation on the Arts and the Humanities are listed annually in the Federal Register as required by that Act. Any person who wishes to know whether a system of records contains a record pertaining to him may appear in person at the National Endowment for the Arts, Room 1338, 2401 E Street NW., Washington, DC 20506 or the National Endowment for the Humanities, Room 1000, 806 15th Street NW., Washington, DC 20506, on work days between the hours of 9:00 a.m. and 5:30 p.m. or by writing to the Office of the General Counsel, National Endowment for the Arts or National Endowment for the Humanities, Washington, DC 20506. It is recommended that requests be made in writing, since in many cases it will take several days to ascertain whether a record exists.
(b) Requests for notification of the existence of a record should specifically identify the system of records involved and should state, if the requestor is other than the individual to whom the record pertains, the relationship of the requestor to that individual. (Note that requests will not be honored by the Foundation pursuant to the Privacy Act unless made (1) by the individual to whom the record pertains, (2) by such individual's parent if the individual is a minor, or (3) by such individual's legal guardian if the individual has been declared to be incompetent due to physical or mental incapacity or age by a court of competent jurisdiction).
(c) The Foundation will attempt to respond to a request as to whether a record exists within 10 working days from the time it receives the request or from the time any required identification is established, whichever is later.

§ 1115.4 Procedures for requests for access to or disclosure of records pertaining to an individual.
(a) Any person may request review of records pertaining to him by appearing at the National Endowment for the Arts, Room 1338, 2401 E Street NW., Washington, DC 20506, or the National Endowment for the Humanities, Room 1000, 806 15th Street NW., Washington, DC 20506 on work days between the hours of 9:00 a.m. and 5:30 p.m. or by writing to the Office of the General Counsel, National Endowment for the Arts, or National Endowment for the
§ 1115.5

Humanities, Washington, DC 20506.

(See paragraphs (b) and (c) of this section for identification requirements.) The request should specifically identify the systems or records involved. The Foundation will strive either to make the record available within 15 working days of the request or to inform the requester of the need for additional identification or the tendering of fees (as specified in paragraph (d) of this section) within 15 working days.

(b) In the case of persons making requests by appearing at the Foundation, the amount of personal identification required will vary with the sensitivity of the record involved. Except as indicated below, reasonable identification such as employment identification cards, driver’s licenses, and credit cards will normally be accepted as sufficient evidence of identity in the absence of any indications to the contrary. Records in the following systems of records, however, are considered to contain relatively sensitive and/or detailed personal information—

- GRANT APPLICATIONS—NEA.
- GRANT APPLICATIONS—NEH.
- GRANTS TO INDIVIDUALS—NEA.
- GRANTS TO INDIVIDUALS AND INSTITUTIONS—NEH.
- EQUAL EMPLOYMENT OPPORTUNITY CASE FILE—NFNA/NEA/NEH.
- EMPLOYEE PAYROLL—NFNA.
- PERSONNEL RECORDS—NFNA.

Accordingly, with respect to requests for records in these systems the Foundation reserves the rights to require sufficient identification to identify positively the individual making the request. This might involve independent verification by the Foundation as by phone calls to determine whether an individual has made a request, personal identification by Foundation employees who know the individual, or such other means as are considered appropriate under the circumstances.

(c) A written request will be honored only if it contains the following certification before a duly commissioned notary public of any state or territory (or similar official if the request is made outside the United States):

I, ______________________ (Printed name), do hereby certify that I am the individual about whom the record requested in this letter pertains or that I am within the class of persons authorized to act on his behalf in accordance with 5 U.S.C. 552a(h).

_____________________________ Signature

_____________________________ Date

Who is personally known to me, did appear before me and sign the above certificate.

_____________________________ Date

(s) My Commission expires _______________.

However, where the record requested is contained in any of the systems of records listed in paragraph (b) of this section, the Foundation reserves the right to require additional identification and/or to independently verify to its satisfaction, the identity of the requestor.

(d) Charges for copies of records will be at the rate of $0.10 per photography of each page. Where records are not susceptible to photo-copying, e.g., punch cards, magnetic tapes or oversize materials, the amount charged will be actual cost as determined on a case-by-case basis. Only one copy of each record requested will be supplied. No charge will be made unless the charge as computed above would exceed $3.00 for each request or related series of requests. If a fee in excess of $25.00 would be required, the requestor shall be notified and the fee must be tendered before the records will be copied.

§ 1115.5 Correction of records.

(a) Any individual is entitled to request amendments of records pertaining to him pursuant to 5 U.S.C. 552a(d)(2). Such a request shall be made in writing and addressed to the Office of the General Counsel, National Endowment for the Arts or National Endowment for the Humanities, Washington, DC 20506.

(b) The request should specify the record and systems of records involved, and should specify the exact correction desired and state that the request is made pursuant to the Privacy Act. An edited copy of the record showing the desired correction is desirable. Within 10 working days of the receipt of a properly addressed request (or within
§ 1115.7

10 working days of the time the General Counsel, National Endowment for the Arts or the General Counsel, National Endowment for the Humanities becomes aware that a particular communication not addressed as prescribed above is a request for correction of a record under the Privacy Act, the General Counsel’s office shall acknowledge receipt of the request.

(c) The General Counsel’s office upon receipt of such a request shall promptly confer with the office within the Foundation responsible for the record. In the event it is felt that correction is not warranted in whole or in part, the matter shall be brought to the attention of the Deputy Chairman of the Endowment involved. If, after review by the Deputy Chairman of the involved Endowment and discussion with the request or, if deemed helpful, it is determined that correction as requested is not warranted, a letter shall be sent by the Deputy Chairman’s office to the requestor denying his request and/or explaining what correction might be made if agreeable to the requestor. This letter shall set forth the reasons for the refusal to honor the request for correction. It shall also inform him of his right to appeal this decision and include a description of the appeals procedure set forth in paragraph (d) of this section.

(d) An appeal may be taken from an adverse determination under paragraph (c) of this section to the Assistant Chairman, National Endowment for the Arts or the Chairman, National Endowment for the Humanities. Such appeal must be made in writing and should clearly indicate that it is an appeal. The basis for the appeal should be included, and it should be mailed to the same address as listed in paragraph (a) of this section. A hearing at the Foundation may be requested. Such hearing will be informal, and shall be before the Assistant Chairman, National Endowment for the Arts, the Chairman, National Endowment for the Humanities, or an appointed designee. If no hearing is requested, the request for appeal should include the basis for the appeal. Where no hearing is requested the Assistant Chairman or Chairman before whom the appeal is taken shall render his decision within thirty working days after receipt of the written appeal at the Foundation, unless the Assistant Chairman or Chairman before whom the appeal is taken, for good cause shown, extends the 30-day period and the appellant is advised in writing of such extension. If a hearing is requested, the Foundation will attempt to contact the appellant within five working days and arrange a suitable time for the hearing. In such cases the decision of the Assistant Chairman or Chairman shall be in writing, and, if adverse to the appellant, set forth the reasons for the refusal to amend the record and advise him of his right to appeal the decision under 5 U.S.C. 552a(g)(1)(A). The individual shall also be notified that he has the right to file with the Foundation a concise statement setting forth the reasons for this disagreement with the refusal of the Foundation to amend his record.

§ 1115.6 Disclosure of records to agencies or persons other than the individual to whom the record pertains.

Records subject to the Privacy Act that are requested by any person other than the individual to whom they pertain will not be made available except under the following circumstances:

(a) Records required to be made available by the Freedom of Information Act will be released in response to a request formulated in accordance with Foundation regulations found at 45 C.F.R part 1100.

(b) Records not required by the Freedom of Information Act to be released may be released, at the discretion of the Foundation, if the written consent of the individual to whom they pertain has been obtained or if such release would be authorized under 5 U.S.C. 552a(b)(1) or (3) through (11).

§ 1115.7 Exemptions.

(a) Fellowships and grants. Pursuant to 5 U.S.C. 552a(k)(5), the Foundation hereby exempts from the application of section 552a(d) any materials which
§ 1115.7

would disclose the identity of references for fellowship or grant applicants contained in any of the Foundation’s systems of records.

(b) Applicants for employment. Pursuant to 5 U.S.C. 552a(k)(5), the Foundation hereby exempts from the application of 5 U.S.C. 552a(d) any materials which would disclose the identity of references of applicants for employment at the Foundation contained in the system of records entitled “Official Personnel Folders.”

SOURCE: 40 FR 51196, Nov. 4, 1975, unless otherwise noted.

§ 1150.1 Scope.
This subpart sets forth the regulations of the National Endowment for the Arts implementing the Federal Claims Collection Act of 1966 (the Act) in conformity with the standards jointly promulgated by the Attorney General and the Comptroller General in 4 CFR parts 101 through 105. The Act (a) requires the head of an agency or his designee to attempt collection of all claims of the United States for money or property arising out of the activities of the National Endowment for the Arts; and (b) authorizes the head of an agency or his designee to compromise such claims that do not exceed $20,000 exclusive of interest, or to suspend or terminate collection action where it appears that no person liable on such claims has the present or prospective financial ability to pay any significant sum thereon or that the cost of collecting such claim is likely to exceed the amount of recovery.

§ 1150.2 Incorporation of joint standards by reference.
All administrative actions to collect claims arising out of the activities of the National Endowment for the Arts shall be performed in accordance with the applicable standards prescribed in 4 CFR parts 101 through 105, which are incorporated by reference and supplemented in this subpart.

§ 1150.3 Subdivision and joining of claims.
(a) A debtor’s liability arising from a particular transaction or contract shall be considered as a single claim in determining whether the claim is one not exceeding $20,000 exclusive of interest for the purpose of compromise or termination of collection action. Such a claim may not be subdivided to avoid the monetary ceiling established by the Act.
(b) Joining of two or more single claims in a demand upon a particular debtor for payment totaling more than $20,000 does not preclude compromise or termination of collection action with respect to any one of such claims that does not exceed $20,000 exclusive of interest.

§ 1150.4 Referral of claims to the General Counsel.
(a) Authority of the General Counsel. The General Counsel shall exercise the powers and perform the duties of the head of the agency to compromise or to suspend or terminate collection action on all claims not exceeding $20,000 exclusive of interest. Claims shall be referred to the General Counsel well within the applicable statute of limitations (28 U.S.C. 2415 and 2416), but in no event more than 2 years after the claims accrued.
(b) Exclusions. There shall be no compromise or terminated collection action with respect to any claim: (1) As to which there is an indication of fraud, the presentation of a false claim, or misrepresentation on the part of the debtor or any other party having an interest in the claim; (2) based in whole or in part on conduct in violation of the anti-trust laws; (3) based on tax statutes; or (4) arising from an exception made by the General Accounting Office in the account of an accountable officer. Such claims shall be promptly...
§ 1150.5 Accounting control.

The General Counsel shall process all claims collections through the appropriate accounting office and report the collection, compromise, suspension and termination of all claims to the appropriate accounting office for recording.

§ 1150.6 Record retention.

The file of each claim on which administrative collection action has been completed shall be retained by the appropriate office or the General Counsel not less than 1 year after the applicable statute of limitations has run.

§ 1150.7 Suspension or revocation of eligibility.

(a) In the event a contractor, grantee, or other participant in programs sponsored by the Endowment fails to pay his debts to the Endowment within a reasonable time after demand, the fact shall be reported by the Grants, Audit, or other appropriate office to the General Counsel, who shall place such defaulting participant's name on the Endowment's list of debarred, suspended and ineligible contractors and grantees and the participant will be so advised.

(b) The failure of any surety to honor its obligations in accordance with 6 U.S.C. 11 is to be reported at once to the General Counsel who shall so advise the Treasury Department. The Treasury Department will notify the Endowment when a surety's certificate of authority to do business with the Government has been revoked or forfeited.

§ 1150.8 Standards for collection of claims.

(a) Demand for payment. Appropriate written demands shall be made upon the debtor which shall include information relating to the consequences of his failure to cooperate.

(b) Collection by offset. Collection by offset will be administratively undertaken on claims which are liquidated or certain in amount in every instance where this is feasible.

(c) Liquidation of collateral. When the Endowment holds security or collateral that may be liquidated and the proceeds applied on debts due it through the exercise of a power of sale in the security instrument or a nonjudicial foreclosure, such procedures should be followed if the debtor fails to pay his debt within a reasonable time after demand, unless the cost of disposing of the collateral will be disproportionate to its value or special circumstances require judicial foreclosure.

(d) Collection in installments. Claims with accrued interest should be collected in full or one lump sum whenever this is possible. However, if the debtor is financially unable to pay the indebtedness in one lump sum, payment may be accepted in regular installments.

(e) Interest. In the event prejudgment interest is not mandated by statute, contract or regulation, the interest shall be assessed at 7 percent. Prejudgment interest may be waived as an inducement to voluntary payment. In such cases demand letters should inform the debtor that prejudgment interest will be collected if suit becomes necessary. When a debt is paid in installments and interest is collected, installment payments will first be applied to the payment of accrued interest and then to principal in accordance with the so-called "U.S. Rule" unless a different rule is prescribed by statute, contract or regulation. Prejudgment interest shall not be demanded or collected on civil penalty and forfeiture claims unless the statute under which the claim arises authorizes the collection of such interest.

(f) Omission not a defense. Failure to comply with any standard prescribed in 4 CFR Chapter II or in this subpart shall not be available as a defense to any debtor.

§ 1150.9 Standards for compromise of claims.

(a) Compromise offer. An offer to compromise may be accepted (1) if there is real doubt concerning the National Endowment for the Arts' ability to prove its case in court for the full amount claimed; (2) if the cost of collecting the
claim does not justify the enforced collection of the full amount; (3) if in connection with statutory penalties or forfeitures established as an aid to enforcement and to compel compliance, the National Endowment for the Arts’ enforcement policy will be adequately served by acceptance of the sum to be agreed upon, or (4) for other reasons deemed valid by the General Counsel (or his designee) and made a part of the claim record.

(b) Documentary evidence of compromise. No compromise of a claim shall be final or binding on the Endowment unless it is in writing and signed by the appropriate officer who has authority to compromise the claim pursuant to this subpart.

§ 1150.10 Standards for suspension or termination of collection action.

(a) Suspension of collection action. Collection action shall be suspended temporarily on a claim when the debtor cannot be located after diligent effort but there is reason to believe that future collection action may be sufficiently productive to justify periodic review and action on the claim, having consideration for its size and the amount which may be realized. Collection action may be suspended temporarily on a claim when the debtor owns no substantial equity in realty and is presently unable to make payment on the National Endowment for the Arts’ claim or effect a compromise, but his future prospects justify retention of the claim for periodic review and action and (1) the applicable statute of limitations has been tolled or started anew or (2) future collection can be effected by offset notwithstanding the statute of limitations. Suspension as to a particular debtor should not defer the early liquidation of security for the debt.

(b) Termination of collection action. Collection action may be terminated and the Endowment file closed for the following reasons: (1) No substantial amount can be collected; (2) the debtor cannot be located; (3) the cost will exceed recovery; (4) the claim is legally without merit; or (5) the claim cannot be substantiated by evidence.

§ 1150.11 Referral to GAO or Justice Department.

(a) Claims referred. Claims which cannot be collected, compromised, or terminated in accordance with 4 CFR parts 101 to 105 will be referred to the General Accounting Office in accordance with 31 U.S.C. 71 or to the Department of Justice if the Endowment has been granted an exception from referrals to the General Accounting Office. Also, if there is doubt as to whether collection action should be suspended or terminated on a claim, the claim may be referred to the General Accounting Office for advice. When recovery of a judgment is prerequisite to imposition of administrative sanctions, the claim may be referred to the Justice Department for litigation even though termination of collection activity might otherwise be considered.

(b) Prompt referral. Such referrals shall be made as early as possible consistent with aggressive collection action and in any event, well within the statute of limitations for bringing suit against the debtor.

PROGRAM ACCESSIBILITY

1151.21 Discrimination prohibited.
§ 1151.1 Purpose.
The purpose of this part is to implement section 504 of the Rehabilitation Act of 1973, which is designed to eliminate discrimination on the basis of handicap in any program or activity receiving Federal financial assistance.

§ 1151.2 Application.
This part applies to each recipient of Federal financial assistance from the National Endowment for the Arts and to each program or activity that receives or benefits from such assistance.

§ 1151.3 Definitions.
As used in this part, the term:
(b) Section 504 means section 504 of the Act.
(c) Endowment means the National Endowment for the Arts.
(d) Chairman means the Chairman, National Endowment for the Arts.
(e) Recipient means any state or its political subdivision, any instrumentality of a state or its political subdivision, any public or private agency, institution, organization, or other entity, or any person to which Federal financial assistance is extended directly or through another recipient, including any successor, assignee, or transferee of a recipient, but excluding the ultimate beneficiary of the assistance.
(f) Federal financial assistance means any grant, loan, contract (other than a procurement contract or a contract of insurance or guaranty), or any other arrangement by which the Endowment provides or otherwise makes available assistance in the form of:
   (1) Funds;
   (2) Services of federal personnel; or
   (3) Real and personal property or any interest in or use of such property, including:
      (i) Transfers of leases of such property for less than fair market value or for reduced consideration; and,
      (ii) proceeds from a subsequent transfer or lease of such property if the federal share of its fair market value is not returned to the Federal Government.
(g) Facility means all or any portion of buildings, structures, equipment, roads, walks, parking lots, or other real or personal property or interest in such property.

§ 1151.4 Notice.
(a) A recipient shall take appropriate initial and continuing steps to notify participants, beneficiaries, applicants, and employees, including those with impaired vision or hearing, and unions or professional organizations holding collective bargaining or professional agreements with the recipient that it does not discriminate in admission or access to, or employment in, its programs and activities. Methods of initial and continuing notification may include the posting of notices, publication in print, audio, and visual media, placement of notices in a recipient's publication, and distribution of other written and verbal communications.
(b) If a recipient publishes or uses recruitment materials or publications containing general information that it makes available to participants, beneficiaries, applicants, or employees, it
shall include in those materials or publications a statement of the policy described in paragraph (a) of this section. A recipient may meet the requirement of this paragraph either by including appropriate inserts in existing materials and publications or by revising and reprinting the materials and publications.

§ 1151.5 Inconsistent State laws and effect of employment opportunities.

(a) Recipients are not excused from complying with this part as a result of state or local laws which limit the eligibility of handicapped persons to receive services or to practice a profession or occupation.

(b) The presence of limited employment opportunities in a particular profession does not excuse a recipient from complying with the regulation. For example, a music school receiving Endowment financial assistance could not deny admission to a qualified blind applicant because a blind singer may experience more difficulty than a non-handicapped singer in finding a job.

§§ 1151.6—1151.10 [Reserved]

Subpart B—Standards for Determining Who Are Handicapped Persons

§ 1151.11 Handicapped person.

(a) Handicapped person means any person who has a physical or mental impairment that substantially limits one or more major life activities, has a record of such an impairment, or is regarded as having such an impairment. For purposes of section 504, in connection with employment, this term does not include any individual who is an alcoholic or drug abuser whose current use of alcohol or drugs prevents such individual from performing the duties of the job in question or whose employment, by reason of such current alcohol or drug abuse, would constitute a direct threat to the property or safety of others.

(b) As used in paragraph (a) of this section, the phrase:

(i) Physical or mental impairment means:

(ii) Any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: Neurological; musculoskeletal; special sense organs; respiratory, including speech organs; cardiovascular; reproductive; digestive; genito-urinary; hemic and lymphatic; skin; and endocrine; or

(ii) Any mental or psychological disorder, such as mental retardation, organic brain syndrome, emotional and mental illness, and specific learning disabilities. The term physical or mental impairment includes, but is not limited to, such diseases and conditions as orthopedic, visual, speech, and hearing impairments, cerebral palsy, epilepsy, muscular dystrophy, multiple sclerosis, cancer, heart disease, diabetes, mental retardation, emotional illness, and drug addiction and alcoholism.

(ii) Major life activities means functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.

(iii) Has a record of such an impairment means has a history of, or has been misclassified as having, a mental or physical impairment that substantially limits one or more major life activities.

(iv) Is regarded as having an impairment means:

(i) Has a physical or mental impairment that does not substantially limit major life activities but that is treated by a recipient as constituting such a limitation;

(ii) Has a physical or mental impairment that substantially limits major life activities only as a result of the attitudes of others toward such impairment;

(iii) Has none of the impairments defined in paragraph (b)(1) of this section but is treated by a recipient as having such an impairment.

§ 1151.12 Qualified handicapped person.

Qualified handicapped person means:

(a) With respect to employment, a handicapped person who, with reasonable accommodation, can perform the essential functions of the job in question; and

(b) With respect to services, a handicapped person who meets the essential
§§ 1151.13—1151.15

eligibility requirements for the receipt
of such services.

§§ 1151.13—1151.15 [Reserved]

Subpart C—Discrimination
Prohibited

GENERAL

§ 1151.16 General prohibitions against
discrimination.

(a) No qualified handicapped person
shall, on the basis of handicap, be ex-
cluded from participation in, be denied
the benefits of, or otherwise be sub-
ject to discrimination under any pro-
gram or activity which receives or ben-
efits from federal financial assistance.

(b) These regulations do not prohibit
the exclusion of nonhandicapped per-
sons or persons with a specific type of
handicap from the benefits of a pro-
gram limited by Federal statute or ex-
cecutive order to handicapped persons
or persons with a different type of
handicap.

(c) Recipients shall take appropriate
steps to insure that no handicapped in-
dividual is denied the benefits of, ex-
cluded from participation in, or other-
wise subjected to discrimination in any
program receiving or benefiting from
Endowment financial assistance be-
cause of the absence of appropriate
auxiliary aids for individuals with im-
paired sensory, manual, or speaking
skills.

(d) Recipients shall take appropriate
steps to insure that communications
with their applicants, employees, and
beneficiaries are available to persons
with impaired vision and hearing.

(e) Recipients shall administer pro-
grams and activities in the most inte-
grated setting appropriate to the needs
of qualified handicapped persons.

§ 1151.17 Specific discriminatory ac-
tions prohibited.

(a) A recipient, in providing any aid,
benefit, service, or program either di-
rectly or through contractual, licens-
ing, or other arrangements, shall not,
on the basis of handicap:

(1) Deny a qualified handicapped per-
son the opportunity to participate in
or benefit from the aid, benefit, pro-
gram, or service;

(2) Afford a qualified handicapped
person an opportunity to participate
in or benefit from the aid, benefit, or
service that is not equal to that af-
forded others;

(3) Provide a qualified handicapped
person with an aid, benefit, or service
that is not as effective in affording
equal opportunity to obtain the same
result, to gain the same benefit, or to
reach the same level of achievement as
that provided to others;

(4) Provide different or separate aid,
benefits, or services to handicapped
persons or to any class of handicapped
persons unless such action is necessary
to provide qualified handicapped per-
sions with aid, benefits, or services that
are as effective as those provided to
others;

(5) Aid or perpetuate discrimination
against a qualified handicapped person
by providing significant assistance to
an agency, organization, or person that
discriminates on the basis of handicap
in providing any aid, benefit, or service
to beneficiaries of the recipient's pro-
gram;

(6) Deny a qualified handicapped per-
son the opportunity to participate as a
member of planning or advisory boards;
or

(7) Otherwise limit a qualified handi-
capped person in the enjoyment of any
right, privilege, advantage, or oppor-
tunity enjoyed by others receiving an
aid, benefit, or service.

(b) Despite the existence of separate
or different programs or activities pro-
vided in accordance with this part, a
recipient may not deny a qualified handi-
capped person the opportunity to par-
ticipate in such programs or activi-
ties that are not separate or different.

(c) A recipient may not, directly or
through contractual or other arrange-
ments, utilize criteria or methods of
administration:

(1) That have the effect of subjecting
qualified handicapped persons to dis-
crimination on the basis of handicap;

(2) That have the purpose or effect of
defeating or substantially impairing
accomplishment of the objectives of
the recipient's program with respect to
handicapped persons; or
(3) That perpetuate the discrimination of another recipient if both recipients are subject to common administrative control or are agencies of the same state.

(d) A recipient may not, in determining the site or location of a facility, make selections:

(1) That have the effect of excluding handicapped persons from, denying them the benefits of, or otherwise subjecting them to discrimination under any program or activity that receives or benefits from federal financial assistance; or

(2) That have the purpose or effect of defeating or substantially impairing the accomplishment of the objectives of the program or activity with respect to handicapped persons.

(e) As used in this section, the aid, benefit, or service provided under a program or activity receiving or benefiting from federal financial assistance includes any aid, benefit, or service provided in or through a facility that has been constructed, expanded, altered, leased or rented, or otherwise acquired, in whole or in part, with federal financial assistance.

§ 1151.18 Illustrative examples.

(a) The following examples will illustrate the application of the foregoing provisions to some of the activities funded by the National Endowment for the Arts.

(1) A museum exhibition catalogue or small press editions supported by the Endowment may be made usable by the blind and the visually impaired through cassette tapes, records, discs, braille, readers and simultaneous publications;

(2) A theatre performance supported by Federal funds may be made available to deaf and hearing impaired persons through the use of a sign language interpreter or by providing scripts in advance of the performance.

(3) A performing arts organization receiving Federal funds for a specific program offered in an inaccessible facility may arrange to provide a reasonable opportunity for that program to be offered to the public at large in an alternative accessible space; e.g., a theatre offering four different plays a season may offer at least one performance of each play in an alternative accessible space.

(4) Recipients of federal funds should make every effort to assure that they do not support organizations or individuals that discriminate;

(5) A handicapped person with experience and expertise equal to qualification standards established by a planning or advisory board may not be excluded from participation on the board on the basis of handicap. This does not mean that every planning or advisory board necessarily must include a handicapped person.

(b) Despite the existence of permissible separate or different programs, e.g., periodic performances in alternative accessible spaces, a physically handicapped person who wishes to be, and can be, escorted to a seat, may not be denied such access to an otherwise inaccessible theatre.

(c) State arts agencies are obligated to develop methods of administering federal funds so as to ensure that handicapped persons are not subjected to discrimination on the basis of handicap either by sub-grantees or by the manner in which the funds are distributed.

(d) In the event Endowment funds are utilized to construct, expand, alter, lease or rent a facility, the benefits of the programs and activities provided in or through that facility must be conducted in accordance with these regulations, e.g., a museum receiving a grant to renovate an existing facility must assure that all museum programs and activities conducted in that facility are accessible to handicapped persons.

(e) In carrying out the mandate of section 504 and these implementing regulations recipients should make every effort to administer Endowment assisted programs and activities in a setting in which able-bodied and disabled persons are integrated, e.g., tours made available to the hearing impaired should be open to the public at large and everyone should be permitted to enjoy the benefits of a tactile experience in a museum.
§§ 1151.19—1151.20 [Reserved]

PROGRAM ACCESSIBILITY

§ 1151.21 Discrimination prohibited.
No qualified handicapped person shall, because a recipient's facilities are inaccessible to or unusable by handicapped persons, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which this part applies.

§ 1151.22 Existing facilities.
(a) A recipient shall operate each program or activity to which this part applies so that the program or activity, when viewed in its entirety, is readily accessible to and usable by handicapped persons. This paragraph does not necessarily require a recipient to make each of its existing facilities or every part of a facility accessible to and usable by handicapped persons.

(b) A recipient may comply with the requirement of paragraph (a) of this section through alteration of existing facilities, the construction of new facilities, or any other methods that result in making its program or activity accessible to handicapped persons. A recipient is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with paragraph (a) of this section. In choosing among available methods for meeting the requirement of paragraph (a) of this section, a recipient shall give priority to those methods that offer programs and activities to handicapped persons in the most integrated setting appropriate.

(c) Time period. A recipient shall comply with the requirement of paragraph (a) of this section within sixty days of the effective date of this part except that where structural changes are necessary to make programs or activities in existing facilities accessible such changes shall be made as soon as possible but in no event later than three years after the effective date of this part.

(d) Transition plan. In the event structural changes to facilities are necessary to meet the requirement of paragraph (a) of this section, a recipient shall develop, within one year of the effective date of this part, a transition plan setting forth the steps necessary to complete such changes. The plan shall be developed with the assistance of interested persons, including handicapped persons or organizations representing handicapped persons. Upon request, the recipient shall make available for public inspection a copy of the transition plan. The plan shall, at a minimum:

(1) Identify physical obstacles in the recipient's facilities that limit the accessibility of its program or activity to handicapped persons;

(2) Describe in detail the methods that will be used to make the facilities accessible;

(a) No qualified handicapped person shall, on the basis of handicap, be subjected to discrimination in employment under any program or activity that receives or benefits from federal financial assistance.

(b) A recipient shall make all decisions concerning employment under any program or activity to which this part applies in a manner which ensures that discrimination on the basis of handicap does not occur and may not limit, segregate, or classify applicants or employees in any way that adversely affects their opportunities or status because of handicap.

(c) A recipient may not participate in a contractual or other relationship that has the effect of subjecting qualified handicapped applicants or employees to discrimination prohibited by this subpart. The relationships referred to in this paragraph include relationships with employment and referral agencies, with labor unions, with organizations providing or administering fringe benefits to employees of the recipient, and with organizations providing training and apprenticeship programs.

(d) The prohibition against discrimination in employment applies to the following activities:

§ 1151.32 Reasonable accommodation.

(a) A recipient shall make reasonable accommodation to the known physical or mental limitations of an otherwise qualified handicapped applicant or employee unless the recipient can demonstrate that the accommodation would impose an undue hardship on the operation of its program.

(b) Reasonable accommodation may include:

(1) Making facilities used by employees readily accessible to and usable by handicapped persons; and

(2) Job restructuring, part-time or modified work schedules, acquisition, or modification of equipment or devices, such as use of telecommunication devices and amplifiers on telephones, the provision of readers or interpreters, and other similar actions.

§ 1151.33 Employment criteria.
(a) A recipient may not make use of any employment test or other selection criterion that screens out or tends to screen out handicapped persons or any class of handicapped persons unless:
(1) The test score or other selection criterion, as used by the recipient, is shown to be job-related for the position in question; and
(2) Alternative job-related tests or criteria are unavailable.
(b) A recipient shall select and administer tests concerning employment so as best to ensure that, when administered to an applicant or employee who has a handicap that impairs sensory, manual, or speaking skills, the test results accurately reflect the applicant's or employee's job skills, aptitude, or other factors relevant to adequate performance of the job in question.

§ 1151.34 Preemployment inquiries.
A recipient may not, except as provided below, conduct a preemployment medical examination, make preemployment inquiry as to whether the applicant is a handicapped person, or inquire as to the nature or severity of a handicap. A recipient may, however, make preemployment inquiry into an applicant's ability to perform job-related functions.
(a) When a recipient is taking remedial action to correct the effects of past discrimination, when a recipient is taking voluntary action to overcome the effects of conditions that resulted in limited participation in its federally assisted program or activity, or when a recipient is taking affirmative action pursuant to section 504 of the Act, the recipient may invite applicants for employment to indicate whether and to what extent they are handicapped, provided, that:
(1) The recipient states clearly on any written questionnaire used for this purpose or makes clear orally if no written questionnaire is used that the information requested is intended for use solely in connection with its remedial action obligations or its voluntary or affirmative action efforts; and
(2) The recipient states clearly that the information is being requested on a voluntary basis, that it will be kept confidential as provided in paragraph (c) of this section, that refusal to provide it will not subject the applicant or employee to any adverse treatment, and that it will be used only in accordance with this part.
(b) Nothing in this section shall prohibit a recipient from conditioning an offer of employment on the results of a medical examination conducted prior to the employee's entrance on duty, provided, that:
(1) All entering employees are subjected to such an examination regardless of handicap; and
(2) The results of such an examination are used only in accordance with the requirements of this part.
(c) Information obtained in accordance with this section as to the medical condition or history of the applicant shall be collected and maintained on separate forms that shall be accorded confidentiality as medical records, except that:
(1) Supervisors and managers may be informed regarding restrictions on the work or duties of handicapped persons and regarding necessary accommodations;

If an action would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that handicapped persons receive the benefits and services of the program or activity.

(b) Methods—(1) General. The agency may comply with the requirements of this section through such means as redesign of equipment, reassignment of services to accessible buildings, assignment of aides to beneficiaries, home visits, delivery of services at alternate
accessible sites, alteration of existing facilities, construction of new facilities, use of accessible rolling stock, or any other methods that result in making its programs or activities readily accessible to and usable by handicapped persons. The agency is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with this section. The agency, in making alterations to existing buildings, shall meet accessibility requirements to the extent compelled by the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151 through 4157), and any regulations implementing it. In choosing among available methods for meeting the requirements of this section, the agency shall give priority to those methods that offer programs and activities to qualified handicapped persons in the most integrated setting appropriate. 

(2) Historic preservation programs. In meeting the requirements of §1153.150(a) in historic preservation programs, the agency shall give priority to methods that provide physical access to handicapped persons. In cases where a physical alteration to an historic property is not required because of §1153.150(a)(2) or (a)(3), alternative methods of achieving program accessibility include—

(i) Using audio-visual materials and devices to depict those portions of an historic property that cannot otherwise be made accessible;

(ii) Assigning persons to guide handicapped persons into or through portions of historic properties that cannot otherwise be made accessible; or

(iii) Adopting other innovative methods.

c) Time period for compliance. The agency shall comply with the obligations established under this section by October 21, 1986, except that where structural changes in facilities are undertaken, such changes shall be made by August 22, 1989, but in any event as expeditiously as possible.

d) Transition plan. In the event that structural changes to facilities will be undertaken to achieve program accessibility, the agency shall develop, by February 23, 1987, a transition plan setting forth the steps necessary to complete such changes. The agency shall provide an opportunity to interested persons, including handicapped persons or organizations representing handicapped persons, to participate in the development of the transition plan by submitting comments (both oral and written). A copy of the transition plan shall be made available for public inspection. The plan shall, at a minimum—

1. Identify physical obstacles in the agency’s facilities that limit the accessibility of its programs or activities to handicapped persons;

2. Describe in detail the methods that will be used to make the facilities accessible;

3. Specify the schedule for taking the steps necessary to achieve compliance with this section and, if the time period of the transition plan is longer than one year, identify steps that will be taken during each year of the transition period; and

4. Indicate the official responsible for implementation of the plan.

§ 1153.151 Program accessibility: New construction and alterations.

Each building or part of a building that is constructed or altered by, on behalf of, or for the use of the agency shall be designed, constructed, or altered so as to be readily accessible to and usable by handicapped persons. The definitions, requirements, and standards of the Architectural Barriers Act (42 U.S.C. 4151 through 4157), as established in 41 C.F.R. 101–19.600 to 101–19.607, apply to buildings covered by this section.

§§ 1153.152–1153.159 [Reserved]

§ 1153.160 Communications.

(a) The agency shall take appropriate steps to ensure effective communication with applicants, participants, personnel of other Federal entities, and members of the public. 

1. The agency shall furnish appropriate auxiliary aids where necessary to afford a handicapped person an equal opportunity to participate in, and enjoy the benefits of, a program or activity conducted by the agency.

2. In determining what type of auxiliary aid is necessary, the agency shall

369
§§ 1153.161—1153.169

give primary consideration to the requests of the handicapped person.

(ii) The agency need not provide individually prescribed devices, readers for personal use or study, or other devices of a personal nature.

(2) Where the agency communicates with applicants and beneficiaries by telephone, telecommunication devices for deaf person (TDD's) or equally effective telecommunication systems shall be used.

(b) The agency shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities.

(c) The agency shall provide signage at a primary entrance to each of its inaccessible facilities, directing users to a location at which they can obtain information about accessible facilities. The international symbol for accessibility shall be used at each primary entrance of an accessible facility.

(d) This section does not require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with §1153.160 would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action required to comply with this section would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that, to the maximum extent possible, handicapped persons receive the benefits and services of the program or activity.

§§ 1153.161—1153.169 [Reserved]

§ 1153.170 Compliance procedures.

(a) Except as provided in paragraph (b) of this section, this section applies to all allegations of discrimination on the basis of handicap in programs or activities conducted by the agency.

(b) The agency shall process complaints alleging violations of section 504 with respect to employment according to the procedures established by the Equal Employment Opportunity Commission in 29 CFR part 1613 pursuant to section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791).

(c) The Director, Office for Civil Rights, shall be responsible for coordinating implementation of this section. Complaints may be sent to the Office of General Counsel, National Endowment for the Arts, 1100 Pennsylvania Avenue NW., Washington, DC 20506.

(d) The agency shall accept and investigate all complete complaints for which it has jurisdiction. All complete complaints must be filed within 180 days of the alleged act of discrimination. The agency may extend this time period for good cause.

(e) If the agency receives a complaint over which it does not have jurisdiction, it shall promptly notify the complainant and shall make reasonable efforts to refer the complaint to the appropriate government entity.

(f) The agency shall notify the Architectural and Transportation Barriers Compliance Board upon receipt of any complaint alleging that a building or facility that is subject to the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151-4157), or section 502 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 792), is not readily accessible to and usable by handicapped persons.

(g) Within 180 days of the receipt of a complete complaint for which it has jurisdiction, the agency shall notify the complainant of the results of the investigation in a letter containing—

(1) Findings of fact and conclusions of law;

(2) A description of a remedy for each violation found; and

(3) A notice of the right to appeal.

(h) Appeals of the findings of fact and conclusions of law or remedies must be...
filed by the complainant within 90 days of receipt from the agency of the letter required by §1153.170(g). The agency may extend this time for good cause.

(i) Timely appeals shall be accepted and processed by the head of the agency.

(j) The head of the agency shall notify the complainant of the results of the appeal within 60 days of the receipt of the request. If the head of the agency determines that additional information is needed from the complainant, he or she shall have 60 days from the date of receipt of the additional information to make his or her determination on the appeal.

(k) The time limits cited in paragraphs (g) and (j) of this section may be extended with the permission of the Assistant Attorney General.

(l) The agency may delegate its authority for conducting complaint investigations to other Federal agencies, except that the authority for making the final determination may not be delegated to another agency.

§§ 1153.171—1153.999 [Reserved]
§ 1154.100 Purpose.

(a) Executive Order (E.O.) 12549 provides that, to the extent permitted by law, Executive departments and agencies shall participate in a governmentwide system for nonprocurement debarment and suspension. A person who is debarred or suspended shall be excluded from Federal financial and nonfinancial assistance and benefits under Federal programs and activities. Debarment or suspension of a participant in a program by one agency shall have governmentwide effect.

(b) These regulations implement section 3 of E.O. 12549 and the guidelines promulgated by the Office of Management and Budget under section 6 of the E.O. by:

(1) Prescribing the programs and activities that are covered by the governmentwide system;

(2) Prescribing the governmentwide criteria and governmentwide minimum due process procedures that each agency shall use;

(3) Providing for the listing of debarred and suspended participants, participants declared ineligible (see definition of "ineligible" in §1154.105), and participants who have voluntarily excluded themselves from participation in covered transactions;

(4) Setting forth the consequences of a debarment, suspension, determination of ineligibility, or voluntary exclusion; and

(5) Offering such other guidance as necessary for the effective implementation and administration of the governmentwide system.

(c) These regulations also implement Executive Order 12689 (3 CFR, 1989 Comp., p. 235) and 31 U.S.C. 6101 note (Public Law 103-355, sec. 2455, 108 Stat. 3327) by—

(1) Providing for the inclusion in the List of Parties Excluded from Federal Procurement and Nonprocurement Programs all persons proposed for debarment, debarred or suspended under the Federal Acquisition Regulation, 48 CFR Part 9, subpart 9.4; persons against which governmentwide exclusions have been entered under this part; and persons determined to be ineligible; and

(2) Setting forth the consequences of a debarment, suspension, determination of ineligibility, or voluntary exclusion.

(d) Although these regulations cover the listing of ineligible participants and the effect of such listing, they do not prescribe policies and procedures governing declarations of ineligibility.

§ 1154.110 Coverage.

(a) These regulations apply to all persons who have participated, are currently participating or may reasonably be expected to participate in transactions under Federal nonprocurement programs. For purposes of these regulations such transactions will be referred to as “covered transactions.”

(i) Covered transaction. For purposes of these regulations, a covered transaction is a primary covered transaction or a lower tier covered transaction. Covered transactions at any tier need not involve the transfer of Federal funds.

(ii) Primary covered transaction. Except as noted in paragraph (a)(2) of this section, a primary covered transaction is any nonprocurement transaction between an agency and a person, regardless of type, including: grants, cooperative agreements, scholarships, fellowships, contracts of assistance, loans, loan guarantees, subsidies, insurance, payments for specified use, donation agreements and any other nonprocurement transactions between a Federal agency and a person. Primary covered transactions also include those transactions specially designated by the U.S. Department of Housing and Urban Development in such agency’s regulations governing debarment and suspension.

(ii) Lower tier covered transaction. A lower tier covered transaction is:

(A) Any transaction between a participant and a person other than a procurement contract for goods or services, regardless of type, under a primary covered transaction.

(B) Any procurement contract for goods or services between a participant and a person, regardless of type, expected to equal or exceed the Federal procurement small purchase threshold fixed at 10 U.S.C. 2304(g) and 41 U.S.C. 253(g) (currently $25,000) under a primary covered transaction.

(1) Principal investigators.

§ 1154.200 Debarment or suspension.

(a) Primary covered transactions. Except to the extent prohibited by law, persons who are debarred or suspended shall be excluded from primary covered transactions as either participants or principals throughout the Executive Branch of the Federal Government for the period of their debarment, suspension, or the period they are proposed for debarment under 48 CFR part 9, subpart 9.4. Accordingly, no agency shall enter into primary covered transactions with such excluded persons during such period, except as permitted pursuant to §1154.215.

(b) Lower tier covered transactions. Except to the extent prohibited by law, persons who have been proposed for debarment under 48 CFR part 9, subpart 9.4, debarred or suspended shall be excluded from participating as either participants or principals in all lower tier covered transactions (see §1154.110(a)(1)(ii)) for the period of their exclusion.

§ 1154.115 Policy.

(a) In order to protect the public interest, it is the policy of the Federal Government to conduct business only with responsible persons. Debarment and suspension are discretionary actions that, taken in accordance with Executive Order 12549 and these regulations, are appropriate means to implement this policy.

(b) Debarment and suspension are serious actions which shall be used only in the public interest and for the Federal Government’s protection and not for purposes of punishment. Agencies may impose debarment or suspension for the causes and in accordance with the procedures set forth in these regulations.

(c) When more than one agency has an interest in the proposed debarment or suspension of a person, consideration shall be given to designating one agency as the lead agency for making the decision. Agencies are encouraged to establish methods and procedures for coordinating their debarment or suspension actions.
§ 1154.205 Exceptions. Debarment or suspension does not affect a person’s eligibility for—
(1) Statutory entitlements or mandatory awards (but not subtier awards thereunder which are not themselves mandatory), including deposited funds insured by the Federal Government;
(2) Direct awards to foreign governments or public international organizations, or transactions with foreign governments or foreign governmental entities, public international organizations, foreign government owned (in whole or in part) or controlled entities, and entities consisting wholly or partially of foreign governments or foreign governmental entities;
(3) Benefits to an individual as a personal entitlement without regard to the individual’s present responsibility (but benefits received in an individual’s business capacity are not excepted);
(4) Federal employment;
(5) Transactions pursuant to national or agency-recognized emergencies or disasters;
(6) Incidental benefits derived from ordinary governmental operations; and
(7) Other transactions where the application of these regulations would be prohibited by law.

§ 1154.205 Ineligible persons.

Persons who are ineligible, as defined in §1154.105(i), are excluded in accordance with the applicable statutory, executive order, or regulatory authority.

§ 1154.210 Voluntary exclusion.

Persons who accept voluntary exclusions under §1154.315 are excluded in accordance with the terms of their settlements. Arts Endowment shall, and participants may, contact the original action agency to ascertain the extent of the exclusion.

§ 1154.215 Exception provision.

The Arts Endowment may grant an exception permitting a debarred, suspended, or voluntarily excluded person, or a person proposed for debarment under 48 CFR part 9, subpart 9.4, to participate in a particular covered transaction upon a written determination by the agency head or an authorized designee stating the reason(s) for deviating from the Presidential policy established by Executive Order 12549 and §1154.200. However, in accordance with the President’s stated intention in the Executive Order, exceptions shall be granted only infrequently. Exceptions shall be reported in accordance with §1154.505(a).

[60 FR 33041, 33062, June 26, 1995]

§ 1154.220 Continuation of covered transactions.

(a) Notwithstanding the debarment, suspension, proposed debarment under 48 CFR part 9, subpart 9.4, determination of ineligibility, or voluntary exclusion of any person by an agency, agencies and participants may continue covered transactions in existence at the time the person was debarred, suspended, proposed for debarment under 48 CFR part 9, subpart 9.4, declared ineligible, or voluntarily excluded. A decision as to the type of termination action, if any, to be taken should be made only after thorough review to ensure the propriety of the proposed action.

(b) Agencies and participants shall not renew or extend covered transactions (other than no-cost time extensions) with any person who is debarred, suspended, proposed for debarment under 48 CFR part 9, subpart 9.4, ineligible or voluntary excluded, except as provided in §1154.215.

[60 FR 33041, 33062, June 26, 1995]

§ 1154.225 Failure to adhere to restrictions.

(a) Except as permitted under §1154.215 or §1154.220, a participant shall not knowingly do business under a covered transaction with a person who is—
(1) Debarred or suspended;
(2) Proposed for debarment under 48 CFR part 9, subpart 9.4; or
(3) Ineligible for or voluntarily excluded from the covered transaction.

(b) Violation of the restriction under paragraph (a) of this section may result in disallowance of costs, annulment or termination of award, issuance of a stop work order, debarment or suspension, or other remedies as appropriate.
Subpart C—Debarment

§ 1154.300 General.

The debarment official may bar a person for any of the causes in § 1154.305, using procedures established in §§ 1154.310 through 1154.314. The existence of a cause for debarment, however, does not necessarily require that the person be debarred; the seriousness of the person's acts or omissions and any mitigating factors shall be considered in making any debarment decision.

§ 1154.305 Causes for debarment.

Debarment may be imposed in accordance with the provisions of §§ 1154.300 through 1154.314 for:

(a) Conviction of or civil judgment for:

(1) Commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public or private agreement or transaction;

(2) Violation of Federal or State antitrust statutes, including those prescribing price fixing between competitors, allocation of customers between competitors, and bid rigging;

(3) Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, receiving stolen property, making false claims, or obstruction of justice; or

(4) Commission of any other offense indicating a lack of business integrity or business honesty that seriously and directly affects the present responsibility of a person.

(b) Violation of the terms of a public agreement or transaction so serious as to affect the integrity of an agency program, such as:

(1) A willful failure to perform in accordance with the terms of one or more public agreements or transactions;

(2) A history of failure to perform or of unsatisfactory performance of one or more public agreements or transactions; or

(3) A willful violation of a statutory or regulatory provision or requirement applicable to a public agreement or transaction.

(c) Any of the following causes:

(1) A nonprocurement debarment by any Federal agency taken before October 1, 1988, the effective date of these regulations, or a procurement debarment by any Federal agency taken pursuant to 48 CFR subpart 9.4;

(2) Knowingly doing business with a debarred, suspended, ineligible, or voluntarily excluded person, in connection with a covered transaction, except as permitted in §1154.215 or §1154.220;

(3) Failure to pay a single substantial debt, or a number of outstanding debts (including disallowed costs and overpayments, but not including sums owed the Federal Government under the Internal Revenue Code) owed to any Federal agency or instrumentality, provided the debt is uncontested by the debtor or, if contested, provided that the debtor's legal and administrative remedies have been exhausted;

(4) Violation of a material provision of a voluntary exclusion agreement entered into under §1154.315 or of any settlement of a debarment or suspension action; or

(5) Violation of any requirement of subpart F of this part, relating to providing a drug-free workplace, as set forth in §1154.615 of this part.

(d) Any other cause of so serious or compelling a nature that it affects the present responsibility of a person.

[53 FR 19201 and 19204, May 26, 1988, as amended at 54 FR 4964, Jan. 31, 1989]
§ 1154.311 Investigation and referral.

Information concerning the existence of a cause for debarment from any source shall be promptly reported, investigated, and referred, when appropriate, to the debarring official for consideration. After consideration, the debarring official may issue a notice of proposed debarment.

§ 1154.312 Notice of proposed debarment.

A debarment proceeding shall be initiated by notice to the respondent advising:

(a) That debarment is being considered;
(b) Of the reasons for the proposed debarment in terms sufficient to put the respondent on notice of the conduct or transaction(s) upon which it is based;
(c) Of the cause(s) relied upon under § 1154.305 for proposing debarment;
(d) Of the provisions of § 1154.311 through § 1154.314, and any other Arts Endowment procedures, if applicable, governing debarment decisionmaking; and
(e) Of the potential effect of a debarment.

§ 1154.313 Opportunity to contest proposed debarment.

(a) Submission in opposition. Within 30 days after receipt of the notice of proposed debarment, the respondent may submit, in person, in writing, or through a representative, information and argument in opposition to the proposed debarment.

(b) Additional proceedings as to disputed material facts. (1) In actions not based upon a conviction or civil judgment, if the debarring official finds that the respondent’s submission in opposition raises a genuine dispute over facts material to the proposed debarment, respondent(s) shall be afforded an opportunity to appear with a representative, submit documentary evidence, present witnesses, and confront any witness the agency presents.

(2) A transcribed record of any additional proceedings shall be made available at cost to the respondent, unless the respondent and the agency, by mutual agreement, waive the requirement for a transcript.

§ 1154.314 Debarring official’s decision.

(a) No additional proceedings necessary. In actions based upon a conviction or civil judgment, or in which there is no genuine dispute over material facts, the debarring official shall make a decision on the basis of all the information in the administrative record, including any submission made by the respondent. The decision shall be made within 45 days after receipt of any information and argument submitted by the respondent, unless the debarring official extends this period for good cause.

(b) Additional proceedings necessary. (1) In actions in which additional proceedings are necessary to determine disputed material facts, written findings of fact shall be prepared. The debarring official shall base the decision on the facts as found, together with any information and argument submitted by the respondent and any other information in the administrative record.

(2) The debarring official may refer disputed material facts to another official for findings of fact. The debarring official may reject any such findings, in whole or in part, only after specifically determining them to be arbitrary and capricious or clearly erroneous.

(3) The debarring official’s decision shall be made after the conclusion of the proceedings with respect to disputed facts.

(c) Standard of proof. In any debarment action, the cause for debarment must be established by a preponderance of the evidence. Where the proposed debarment is based upon a conviction or civil judgment, the standard shall be deemed to have been met.

(2) Burden of proof. The burden of proof is on the agency proposing debarment.

(d) Notice of debarring official’s decision. (1) If the debarring official decides to impose debarment, the respondent shall be given prompt notice:

(i) Referring to the notice of proposed debarment;
(ii) Specifying the reasons for debarment;
(iii) Stating the period of debarment, including effective dates; and
(iv) Advising that the debarment is effective for covered transactions.
throughout the executive branch of the Federal Government unless an agency head or an authorized designee makes the determination referred to in §1154.215.

(2) If the debarring official decides not to impose debarment, the respondent shall be given prompt notice of that decision. A decision not to impose debarment shall be without prejudice to a subsequent imposition of debarment by any other agency.

§1154.315 Settlement and voluntary exclusion.

(a) When in the best interest of the Government, Arts Endowment may, at any time, settle a debarment or suspension action.

(b) If a participant and the agency agree to a voluntary exclusion of the participant, such voluntary exclusion shall be entered on the Nonprocurement List (see subpart E).

§1154.320 Period of debarment.

(a) Debarment shall be for a period commensurate with the seriousness of the cause(s). If a suspension precedes a debarment, the suspension period shall be considered in determining the debarment period.

(1) Debarment for causes other than those related to a violation of the requirements of subpart F of this part generally should not exceed three years. Where circumstances warrant, a longer period of debarment may be imposed.

(2) In the case of a debarment for a violation of the requirements of subpart F of this part (see 1154.305(c)(5)), the period of debarment shall not exceed five years.

(b) The debarring official may extend an existing debarment for an additional period, if that official determines that an extension is necessary to protect the public interest. However, a debarment may not be extended solely on the basis of the facts and circumstances upon which the initial debarment action was based. If debarment for an additional period is determined to be necessary, the procedures of §§1154.311 through 1154.314 shall be followed to extend the debarment.

(c) The respondent may request the debarring official to reverse the debarment decision or to reduce the period or scope of debarment. Such a request shall be in writing and supported by documentation. The debarring official may grant such a request for reasons including, but not limited to:

(1) Newly discovered material evidence;

(2) Reversal of the conviction or civil judgment upon which the debarment was based;

(3) Bona fide change in ownership or management;

(4) Elimination of other causes for which the debarment was imposed; or

(5) Other reasons the debarring official deems appropriate.

§1154.325 Scope of debarment.

(a) Scope in general. (1) Debarment of a person under these regulations constitutes debarment of all its divisions and other organizational elements from all covered transactions, unless the debarment action is limited by its terms to one or more specifically identified individuals, divisions or other organizational elements or to specific types of transactions.

(2) The debarment action may include any affiliate of the participant that is specifically named and given notice of the proposed debarment and an opportunity to respond (see §§1154.311 through 1154.314).

(b) Imputing conduct. For purposes of determining the scope of debarment, conduct may be imputed as follows:

(1) Conduct imputed to participant. The fraudulent, criminal or other seriously improper conduct of any officer, director, shareholder, partner, employee, or other individual associated with a participant may be imputed to the participant when the conduct occurred in connection with the individual's performance of duties for or on behalf of the participant, or with the participant's knowledge, approval, or acquiescence. The participant's acceptance of the benefits derived from the conduct shall be evidence of such knowledge, approval, or acquiescence.

(2) Conduct imputed to individuals associated with participant. The fraudulent, criminal, or other seriously improper
conduct of a participant may be imputed to any officer, director, shareholder, partner, employee, or other individual associated with the participant who participated in, knew of, or had reason to know of the participant’s conduct.

(3) Conduct of one participant imputed to other participants in a joint venture. The fraudulent, criminal, or other seriously improper conduct of one participant in a joint venture, grant pursuant to a joint application, or similar arrangement may be imputed to other participants if the conduct occurred for or on behalf of the joint venture, grant pursuant to a joint application, or similar arrangement or with the knowledge, approval, or acquiescence of these participants. Acceptance of the benefits derived from the conduct shall be evidence of such knowledge, approval, or acquiescence.

Subpart D—Suspension

§ 1154.400 General.

(a) The suspending official may suspend a person for any of the causes in §§ 1154.405 using procedures established in §§ 1154.410 through 1154.413.

(b) Suspension is a serious action to be imposed only when:

(1) There exists adequate evidence of one or more of the causes set out in §§ 1154.405, and

(2) Immediate action is necessary to protect the public interest.

(c) In assessing the adequacy of the evidence, the agency should consider how much information is available, how credible it is given the circumstances, whether or not important allegations are corroborated, and what inferences can reasonably be drawn as a result. This assessment should include an examination of basic documents such as grants, cooperative agreements, loan authorizations, and contracts.

§ 1154.405 Causes for suspension.

(a) Suspension may be imposed in accordance with the provisions of §§ 1154.400 through 1154.413 upon adequate evidence:

(1) To suspect the commission of an offense listed in § 1154.305(a); or

(2) That a cause for debarment under § 1154.305 may exist.

(b) Indictment shall constitute adequate evidence for purposes of suspension actions.

§ 1154.410 Procedures.

(a) Investigation and referral. Information concerning the existence of a cause for suspension from any source shall be promptly reported, investigated, and referred, when appropriate, to the suspending official for consideration. After consideration, the suspending official may issue a notice of suspension.

(b) Decisionmaking process. Arts Endowment shall process suspension actions as informally as practicable, consistent with principles of fundamental fairness, using the procedures in §§ 1154.411 through 1154.413.

§ 1154.411 Notice of suspension.

When a respondent is suspended, notice shall immediately be given:

(a) That suspension has been imposed;

(b) That the suspension is based on an indictment, conviction, or other adequate evidence that the respondent has committed irregularities seriously reflecting on the propriety of further Federal Government dealings with the respondent;

(c) Describing any such irregularities in terms sufficient to put the respondent on notice without disclosing the Federal Government’s evidence;

(d) Of the cause(s) relied upon under § 1154.405 for imposing suspension;

(e) That the suspension is for a temporary period pending the completion of an investigation or ensuing legal, debarment, or Program Fraud Civil Remedies Act proceedings;

(f) Of the provisions of §§ 1154.411 through 1154.413 and any other Arts Endowment procedures, if applicable, governing suspension decisionmaking; and

(g) Of the effect of the suspension.
§ 1154.412 Opportunity to contest suspension.

(a) Submission in opposition. Within 30 days after receipt of the notice of suspension, the respondent may submit, in person, in writing, or through a representative, information and argument in opposition to the suspension.

(b) Additional proceedings as to disputed material facts. (1) If the suspending official finds that the respondent's submission in opposition raises a genuine dispute over facts material to the suspension, respondent(s) shall be afforded an opportunity to appear with a representative, submit documentary evidence, present witnesses, and confront any witness the agency presents, unless:

(i) The action is based on an indictment, conviction or civil judgment, or

(ii) A determination is made, on the basis of Department of Justice advice, that the substantial interests of the Federal Government in pending or contemplated legal proceedings based on the same facts as the suspension would be prejudiced.

(2) A transcribed record of any additional proceedings shall be prepared and made available at cost to the respondent, upon request, unless the respondent and the agency, by mutual agreement, waive the requirement for a transcript.

§ 1154.413 Suspending official's decision.

The suspending official may modify or terminate the suspension (for example, see §1154.320(c) for reasons for reducing the period or scope of debarment) or may leave it in force. However, a decision to modify or terminate the suspension shall be without prejudice to the subsequent imposition of suspension by any other agency or debarment by any agency. The decision shall be rendered in accordance with the following provisions:

(a) No additional proceedings necessary. In actions: based on an indictment, conviction, or civil judgment; in which there is no genuine dispute over material facts; or in which additional proceedings to determine disputed material facts have been denied on the basis of Department of Justice advice, the suspending official shall make a decision on the basis of all the information in the administrative record, including any submission made by the respondent. The decision shall be made within 45 days after receipt of any information and argument submitted by the respondent, unless the suspending official extends this period for good cause.

(b) Additional proceedings necessary. (1) In actions in which additional proceedings are necessary to determine disputed material facts, written findings of fact shall be prepared. The suspending official shall base the decision on the facts as found, together with any information and argument submitted by the respondent and any other information in the administrative record.

(2) The suspending official may refer matters involving disputed material facts to another official for findings of fact. The suspending official may reject any such findings, in whole or in part, only after specifically determining them to be arbitrary or capricious or clearly erroneous.

(c) Notice of suspending official's decision. Prompt written notice of the suspending official's decision shall be sent to the respondent.

§ 1154.415 Period of suspension.

(a) Suspension shall be for a temporary period pending the completion of an investigation or ensuing legal, debarment, or Program Fraud Civil Remedies Act proceedings, unless terminated sooner by the suspending official or as provided in paragraph (b) of this section.

(b) If legal or administrative proceedings are not initiated within 12 months after the date of the suspension notice, the suspension shall be terminated unless an Assistant Attorney General or United States Attorney requests its extension in writing, in which case it may be extended for an additional six months. In no event may a suspension extend beyond 18 months, unless such proceedings have been initiated within that period.

(c) The suspending official shall notify the Department of Justice of an impending termination of a suspension, at least 30 days before the 12-month period expires, to give that Department
§ 1154.420 Scope of suspension.

The scope of a suspension is the same as the scope of a debarment (see §1154.325), except that the procedures of §§1154.410 through 1154.413 shall be used in imposing a suspension.

§ 1154.500 GSA responsibilities.

(a) In accordance with the OMB guidelines, GSA shall compile, maintain, and distribute a list of all persons who have been debarred, suspended, or voluntarily excluded by agencies under Executive Order 12549 and these regulations, and those who have been determined to be ineligible.

(b) At a minimum, this list shall indicate:

(1) The names and addresses of all debarred, suspended, ineligible, and voluntarily excluded persons, in alphabetical order, with cross-references when more than one name is involved in a single action;
(2) The type of action;
(3) The cause for the action;
(4) The scope of the action;
(5) Any termination date for each listing; and
(6) The agency and name and telephone number of the agency point of contact for the action.

§ 1154.505 Arts Endowment responsibilities.

(a) The agency shall provide GSA with current information concerning debarments, suspension, determinations of eligibility, and voluntary exclusions it has taken. Until February 18, 1989, the agency shall also provide GSA and OMB with information concerning all transactions in which Arts Endowment has granted exceptions under §1154.215 permitting participation by debarred, suspended, or voluntarily excluded persons.

(b) Unless an alternative schedule is agreed to by GSA, the agency shall advise GSA of the information set forth in §1154.500(b) and of the exceptions granted under §1154.215 within five working days after taking such actions.

(c) The agency shall direct inquiries concerning listed persons to the agency that took the action.

(d) Arts Endowment officials shall check the Nonprocurement List before entering covered transactions to determine whether a participant in a primary transaction is debarred, suspended, ineligible, or voluntarily excluded (Tel. #).

(e) Arts Endowment officials shall check the Nonprocurement List before approving principals or lower tier participants where agency approval of the principal or lower tier participant is required under the terms of the transaction, to determine whether such principals or participants are debarred, suspended, ineligible, or voluntarily excluded.

§ 1154.510 Participants’ responsibilities.

(a) Certification by participants in primary covered transactions. Each participant shall submit the certification in appendix A to this part for it and its principals at the time the participant submits its proposal in connection with a primary covered transaction, except that States need only complete such certification as to their principals. Participants may decide the method and frequency by which they determine the eligibility of their principals. In addition, each participant may, but is not required to, check the Nonprocurement List for its principals (Tel. #).

(b) Certification by participants in lower tier covered transactions. Each participant shall require participants in lower tier covered transactions to include the certification in appendix B to this part for it and its principals in any proposal submitted in connection with such lower tier covered transactions.
(2) A participant may rely upon the certification of a prospective participant in a lower tier covered transaction that it and its principals are not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction by any Federal agency, unless it knows that the certification is erroneous. Participants may decide the method and frequency by which they determine the eligibility of their principals. In addition, a participant may, but is not required to, check the Nonprocurement List for its principals and for participants (Tel. #).

(c) Changed circumstances regarding certification. A participant shall provide immediate written notice to Arts Endowment if at any time the participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances. Participants in lower tier covered transactions shall provide the same updated notice to the participant to which it submitted its proposals.

Subpart F—Drug-Free Workplace Requirements (Grants)

SOURCE: 55 FR 21688, 21703, May 25, 1990, unless otherwise noted.

(b) Requirements implementing the Drug-Free Workplace Act of 1988 for contractors with the agency are found at 48 CFR subparts 9.4, 23.5, and 52.2.

(iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll.

This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the payroll; or employees of subrecipients or subcontractors in covered workplaces);

6. Federal agency or agency means any United States executive department, military department, government corporation, government controlled corporation, any other establishment in the executive branch (including the Executive Office of the President), or any independent regulatory agency;

(b) This subpart applies to any grant, except where application of this subpart would be inconsistent with the international obligations of the United States or the laws or regulations of a foreign government. A determination of such inconsistency may be made only by the agency head or his or her designee.

(c) The provisions of subparts A, B, C, D and E of this part apply to matters covered by this subpart, except where specifically modified by this subpart. In the event of any conflict between provisions of this subpart and other provisions of this part, the provisions of this subpart are deemed to control with respect to the implementation of drug-free workplace requirements concerning grants.

§ 1154.615 Grounds for suspension of payments, suspension or termination of grants, or suspension or debarment.

§ 1154.625 Exception provision.

The agency head may waive with respect to a particular grant, in writing, a suspension of payments under a grant, suspension or termination of a grant, or suspension or debarment of a grantee if the agency head determines that such a waiver would be in the public interest. This exception authority cannot be delegated to any other official.

§ 1154.630 Certification requirements and procedures.

(a)(1) As a prior condition of being awarded a grant, each grantee shall make the appropriate certification to the Federal agency providing the grant, as provided in appendix C to this part.

(2) Grantees are not required to make a certification in order to continue receiving funds under a grant awarded before March 18, 1989, or under a no-cost time extension of such a grant. However, the grantee shall make a one-time drug-free workplace certification for a non-automatic continuation of such a grant made on or after March 18, 1989.

(b) Except as provided in this section, all grantees shall make the required certification for each grant. For mandatory formula grants and entitlements that have no application process, grantees shall submit a one-time certification in order to continue receiving awards.

(c) A grantee that is a State may elect to make one certification in each Federal fiscal year. States that previously submitted an annual certification are not required to make a certification for Fiscal Year 1990 until June 30, 1990. Except as provided in paragraph (d) of this section, this certification shall cover all grants to all State agencies from any Federal agency. The State shall retain the original of this statewide certification in its Governor's office and, prior to grant award, shall ensure that a copy is submitted individually with respect to each grant, unless the Federal agency has designated a central location for submission.

(d)(1) The Governor of a State may exclude certain State agencies from the statewide certification and authorize these agencies to submit their own certifications to Federal agencies. The statewide certification shall name any State agencies so excluded.

(2) A State agency to which the statewide certification does not apply, or a State agency in a State that does not have a statewide certification, may elect to make one certification in each Federal fiscal year. State agencies that previously submitted a State agency certification are not required to make a certification for Fiscal Year 1990 until June 30, 1990. The State agency shall retain the original of this State agency-wide certification in its central office and, prior to grant award, shall ensure that a copy is submitted individually with respect to each grant, unless the Federal agency designates a central location for submission.

(e)(1) For a grant of less than 30 days performance duration, grantees shall have this policy statement and program in place as soon as possible, but in any case by a date prior to the date on which performance is expected to be completed.

(2) For a grant of 30 days or more performance duration, grantees shall have this policy statement and program in place within 30 days after award.

(3) Where extraordinary circumstances warrant for a specific grant, the grant officer may determine a different date on which the policy statement and program shall be in place.

§ 1154.635 Reporting of and employee sanctions for convictions of criminal drug offenses.

(a) When a grantee other than an individual is notified that an employee has been convicted for a violation of a criminal drug statute occurring in the
workplace, it shall take the following actions:

1. Within 10 calendar days of receiving notice of the conviction, the grantee shall provide written notice, including the convicted employee's position, title, to every grant officer, or other designee on whose grant activity the convicted employee was working, unless a Federal agency has designated a central point for the receipt of such notifications. Notification shall include the identification number(s) for each of the Federal agency's affected grants.

2. Within 30 calendar days of receiving notice of the conviction, the grantee shall do the following with respect to the employee who was convicted:
   (i) Take appropriate personnel action against the employee, up to and including termination, consistent with requirements of the Rehabilitation Act of 1973, as amended; or
   (ii) Require the employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency.

(b) A grantee who is an individual who is convicted for a violation of a criminal drug statute occurring during the conduct of any grant activity shall report the conviction, in writing, within 10 calendar days, to his or her Federal agency grant officer, or other designee, unless the Federal agency has designated a central point for the receipt of such notices. Notification shall include the identification number(s) for each of the Federal agency's affected grants.

1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, principal, proposal, and voluntary exclusion, as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

APPENDIX C TO PART 1154—CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

Instructions for Certification

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.

2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

3. For grantees other than individuals, Alternate I applies.

4. For grantees who are individuals, Alternate II applies.

5. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee’s drug-free workplace requirements.

6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees’ attention is called, in particular, to the following definitions from these rules:

Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant;
and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Certification Regarding Drug-Free Workplace Requirements

Alternate I. (Grantees Other Than Individuals)

A. The grantee certifies that it will or will continue to provide a drug-free workplace by:

(a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

(b) Establishing an ongoing drug-free awareness program to inform employees about—

(1) The dangers of drug abuse in the workplace;

(2) The grantee's policy of maintaining a drug-free workplace;

(3) Any available drug counseling, rehabilitation, and employee assistance programs; and

(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

(c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

(d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will—

(1) Abide by the terms of the statement; and

(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within ten calendar days after receiving notice under paragraph (d)(2), from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted—

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e), and (f).

B. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)

Check ☐ if there are workplaces on file that are not identified here.

Alternate II. (Grantees Who Are Individuals)

(a) The grantee certifies that, as a condition of the grant, he or she will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity with the grant;

(b) If convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity, he or she will report the conviction, in writing, within 10 calendar days of the conviction, to every grant officer or other designee, unless the Federal agency designates a central point for the receipt of such notices. When notice is made to such a central point, it shall include the identification number(s) of each affected grant.

Subpart A—General

§ 1156.1 Purpose.

The purpose of this part is to implement the Age Discrimination Act of 1975 (“Act”), as amended, and as required by the general age discrimination regulations at 45 CFR part 90. The Act, as amended, is designed to prohibit discrimination on the basis of age in programs or activities receiving Federal financial assistance. The Act also permits federally assisted programs and activities, and recipients of Federal financial assistance, to use certain age distinctions and factors other than age which meet the requirements of the Act and the regulations in this part.

§ 1156.2 Application.

(a) The Age Discrimination Act of 1975 and the regulations in this part apply to any program or activity receiving financial assistance from the National Endowment for the Arts and to each program or activity that receives or benefits from such assistance.

(b) The Age Discrimination Act of 1975 does not apply to:

1. Any age distinction contained in that part of Federal, State, or local statute or ordinance adopted by an elected general purpose legislative body which:
   (i) Provides benefits or assistance to persons based on age; or
   (ii) Establishes criteria for participation in age-related terms; or
   (iii) Describes intended beneficiaries or target groups in age related terms.

2. Any employment practice of any employer, employment agency, labor organization, or any labor-management joint apprenticeship training program, except for any program or activity receiving Federal financial assistance for public service employment under the Job Training Partnership Act (JTPA).

§ 1156.3 Definitions.

As used in the regulation in this part, the term:

(a) Act means the Age Discrimination Act of 1975, as amended (Title III of Pub. L. 94–135).

(b) Action means any act, activity, policy, rule, standard, or method of administration; or the use of any policy, rule, standard, or method of administration.

(c) Age means how old a person is or the number of elapsed years from the date of a person’s birth.

(d) Age discrimination means any action using age or any age-related term.

(e) Age-related term means a word or words which necessarily imply a particular age or range of ages (for example, “children,” “adult,” “older person,” but not “student”).

(f) Federal financial assistance means any grant, entitlement, loan, cooperative agreement, contract (other than a procurement contract or a contract of insurance or guaranty), or any other arrangement by which the agency provides or otherwise makes available assistance in the form of:

1. Funds;
2. Services of Federal personnel; or
3. Real and personal property including:
§ 1156.7

(i) Transfers or leases of property for less than fair market value or for reduced consideration; and
(ii) Proceeds from a subsequent transfer or lease of property if the Federal share of its fair market value is not returned to the Federal government.

(g) Normal operation means the operation of a program or activity without significant changes that would impair its ability to meet its objectives.

(h) Recipient means any State or its political subdivision, any instrumentality of a State or its political subdivision, any public or private agency, institution, organization, or other entity, or any person to which Federal financial assistance is extended, directly or through another recipient. Recipient includes any successor, assignee, or transferee, but excludes the ultimate beneficiary of the assistance.

(i) Statutory objective means any purpose of a program or activity expressly stated in any Federal statute, state statute, or local statute or ordinance adopted by an elected, general purpose legislative body.

(j) Sub-recipient means any of the entities in the definition of recipient to which a recipient extends or passes on Federal financial assistance and has all the duties of a recipient in this part.

(k) Endowment means the National Endowment for the Arts.

(l) Chairperson means the Chairperson of the National Endowment for the Arts.

(m) Secretary means the Secretary of the Department of Health and Human Services.

(n) United States means the fifty States, the District of Columbia, Puerto Rico, the Virgin Islands, American Samoa, Guam, Wake Island, the Canal Zone, the Federated States of Micronesia and the Republic of Palau, the Northern Marianas, and the territories and possessions of the United States.

§ 1156.4 [Reserved]

Subpart B—Standards for Determining Discriminatory Practices

§ 1156.5 Purpose.

The purpose of this subpart is to set forth the prohibitions against age discrimination and the exceptions to those prohibitions.

§ 1156.6 Rules against age discrimination.

The rules stated in this section are limited by the exceptions contained in §1156.7 (b) and (c).

(a) General rule. No person in the United States shall, on the basis of age, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.

(b) Specific rules. A recipient may not, in any program or activity receiving Federal financial assistance, directly or through contractual, licensing, or other arrangements use age distinctions or take any other actions which have the effect, on the basis of age, of:

(1) Excluding individuals from, denying them the benefits of, or subjecting them to discrimination under a program or activity receiving Federal financial assistance; or

(2) Denying or limiting individuals in their opportunity to participate in any program or activity receiving Federal financial assistance.

(c) The specific forms of age discrimination listed in paragraph (b) of this section do not necessarily constitute a complete list of discriminatory actions.

§ 1156.7 Exceptions to the rules against age discrimination.

(a) Normal operation or statutory objective of any program or activity. A recipient is permitted to take an action otherwise prohibited by §1156.6 if the action reasonably takes into account age
§ 1156.8 Burden of proof.

The recipient of Federal financial assistance bears the burden of proving that an age distinction or other action falls within the exceptions outlined in §1156.7.

Subpart C—Responsibilities of Endowment Recipients

§ 1156.9 [Reserved]

§ 1156.10 General responsibilities.

A recipient has primary responsibility to ensure that its programs and activities are in compliance with the Age Discrimination Act, to take steps to eliminate violations of the Act, and to provide notice to beneficiaries of its programs and activities concerning protection against discrimination provided by the Act and the regulations in this part. A recipient also has responsibility to maintain records, provide information, and to afford access to its records to the Endowment to the extent required to determine whether it is in compliance with the Act.

§ 1156.11 Notice to subrecipients.

Where a recipient passes on Federal financial assistance from the Endowment to subrecipients, the recipient shall provide the subrecipients with written notice regarding the subrecipient’s obligations under the Act and the regulations in this part.

§ 1156.12 Self-evaluation.

(a) Each recipient employing the equivalent of 15 or more full time employees may be required to complete a written self-evaluation, in a manner specified by the responsible Endowment official during the course of an investigation, of any age distinction imposed in its program or activity receiving Federal financial assistance from the Endowment to assess the recipient’s compliance with the Act.

(b) Each recipient shall take corrective and remedial action whenever a self-evaluation indicates a violation of the Act.

(c) Each recipient shall make the self-evaluation available on request to the Endowment and to the public for a period of three years following its completion.

§ 1156.13 Information requirements.

Each recipient shall:

(a) Make available to the Endowment, upon request, information necessary to determine whether the recipient is complying with the regulations in this part.

(b) Permit reasonable access by the Endowment to the books, accounts and other recipient facilities and sources of information to the extent necessary to determine whether the recipient is in compliance with the Act.
Subpart D—Investigation, Conciliation, and Enforcement Procedures

§ 1156.14 Compliance reviews.

The Endowment may conduct compliance reviews, pre-award reviews and other similar procedures in order to investigate and correct violations of the Act and regulations. The Endowment may conduct these reviews in the absence of a complaint against the recipient. In the event a compliance review or pre-award review indicates a violation of the regulations in this part, the Endowment will attempt to achieve voluntary compliance with the Act. If voluntary compliance cannot be achieved, enforcement efforts will proceed as described in § 1156.19.

§ 1156.15 Complaints.

(a) Any person, individually or as a member of a class or on behalf of others, may file a complaint with the Endowment, alleging discrimination prohibited by the Act and the regulations in this part based on an action occurring on or after July 1, 1979. A complainant shall file a complaint within 180 days from the date that the complainant first had knowledge of the alleged act of discrimination. However, for good cause, the Endowment may extend this time limit. The Endowment will consider the date a complaint is filed to be the date upon which the complaint is sufficient to be processed.

(b) Complaints must include a written statement identifying the parties involved, describing the alleged violation, and stating the date on which the complainant first had knowledge of the alleged act of discrimination. However, for good cause, the Endowment may extend this time limit. The Endowment will consider the date a complaint is filed to be the date upon which the complaint is sufficient to be processed.

(c) The Endowment will attempt to facilitate the filing of complaints wherever possible, including taking the following measures:

1. Widely disseminating information regarding the obligations of recipients under the Act and the regulations in this part.
2. Making the complaint available to the public.
3. Providing a hearing to any person who has filed a complaint.

(d) The mediator shall protect the confidentiality of all information obtained in the course of the mediation process. No mediator shall testify in any adjudicative proceeding, produce any document, or otherwise disclose any information obtained in the course of the mediation process without the prior approval of the head of the mediation agency.
§ 1156.17 Investigation.

(a) Informal investigation. (1) The Endowment will investigate complaints that are unresolved after mediation or are reopened because of a violation of a mediation agreement.

(2) As part of the initial investigation, the Endowment will use informal fact-finding methods, including joint or separate discussions with the complainant and the recipient to establish the facts, and, if possible, resolve the complaint to the mutual satisfaction of the parties. The Endowment may seek the assistance of any involved State program agency.

(3) The Endowment will put any agreement in writing and have it signed by the parties and an authorized official at the Endowment.

(4) The settlement shall not affect the operation of any other enforcement effort of the Endowment, including compliance reviews and investigation of other complaints which may involve the recipient.

(5) The settlement is not a finding of discrimination against a recipient.

(b) Formal investigation, conciliation, and hearing. If the Endowment cannot resolve the complaint during the early stages of the investigation, it shall:

(1) Complete the investigation of the complaint.

(2) Attempt to achieve voluntary compliance satisfactory to the Endowment, if the investigation indicates a violation.

(3) Arrange for enforcement as described in §1156.19, if necessary.

§ 1156.18 Prohibition against intimidation or retaliation.

A recipient may not engage in acts of intimidation or retaliation against any person who:

(a) Attempts to assert a right protected by the Act; or

(b) Cooperates in any mediation, investigation, hearing, or other part of the Endowment’s investigation, conciliation and enforcement process.

§ 1156.19 Compliance procedure.

(a) The Endowment may enforce the Act and the regulations in this part through:

(1) Termination of a recipient’s Federal financial assistance from the Endowment under the program or activity involved where the recipient has violated the Act and the regulations in this part. The determination of the recipient’s violation may be made only after a recipient has had an opportunity for a hearing on the record before an administrative law judge. Therefore, a case which is settled in mediation, or prior to a hearing, will not involve termination of a recipient’s Federal financial assistance from the Endowment unless it is reopened because of a violation of the agreement.

(2) Any other means authorized by law including, but not limited to:

(i) Referral to the Department of Justice for proceedings to enforce any rights of the United States or obligations of the recipient created by the Act or the regulations in this part.

(ii) Use of any requirement of or referral to any Federal, State, or local government agency that will have the effect of correcting a violation of the Act or the regulations in this part.

(b) The Endowment will limit any termination under paragraph (a)(1) of this section to the particular recipient and particular program or activity or portion thereof that the Endowment finds in violation of the regulations in this part. The Endowment will not base any part of a termination on a finding with respect to any program or activity of the recipient which does not receive Federal financial assistance from the Endowment.

(c) The Endowment will not take action under paragraph (a) of this section until:
(1) The Chairperson has advised the recipient of its failure to comply with the Act and the regulations in this part and has determined that voluntary compliance cannot be obtained.

(2) Thirty days have elapsed after the Chairperson has sent a written report of the circumstances and grounds of the action to the committees of the Congress having legislative jurisdiction over the Federal program or activity involved. The Chairperson will file a report whenever any action is taken under paragraph (a) of this section.

(d) The Chairperson also may defer granting new Federal financial assistance from the Endowment to a recipient when a hearing under paragraph (a)(1) of this section is initiated.

(1) New Federal financial assistance from the Endowment includes all assistance for which the Endowment requires an application or approval, including renewal or continuation of existing activities, or authorization of new activities, during the deferral period. New Federal financial assistance from the Endowment does not include assistance approved prior to the beginning of a termination hearing under paragraph (a)(1) of this section or increases in funding as a result of changed computation of formula awards.

(2) The Endowment will not begin a deferral until the recipient has received a notice of an opportunity for a hearing under paragraph (a)(1) of this section. The Endowment will not continue a deferral for more than 60 days unless a hearing has begun within that time or the time for beginning the hearing has been extended by mutual consent of the recipient and the Chairperson. The Endowment will not continue a deferral for more than 30 days after the close of the hearing, unless the hearing results in a finding against the recipient. If the hearing results in a finding against the recipient, the Endowment must terminate funds.

§ 1156.20 Alternate funds disbursal procedure.

(a) When the endowment withholds funds from a recipient under the regulations in this part, the Chairperson may disburse the withheld funds directly to an alternate recipient otherwise eligible for Endowment support: any public or nonprofit private organization or agency, or State or political subdivision of the State.

(b) The Chairperson will require any alternate recipient to demonstrate:

(1) The ability to comply with the regulations in this part; and

(2) The ability to achieve the goals of the Federal statute authorizing the program or the activity.

§ 1156.21 Exhaustion of administrative remedies.

(a) A complainant may file a civil action following the exhaustion of administrative remedies under the Act. Administrative remedies are exhausted if:

(1) 180 days have elapsed since the complainant filed the complaint and the Endowment has made no finding with regard to the complaint; or

(2) The Endowment issues a finding in favor of the recipient.

(b) If the Endowment fails to make a finding within 180 days or issues a finding in favor of the recipient, the Endowment will:

(1) Promptly advise the complainant if either of the conditions of paragraph (a) of this section has been met;

(2) Advise the complainant of his or her right to bring a civil action for injunctive relief that will effect the purpose of the Act;

(3) Inform the complainant:

(i) That the complainant may bring a civil action only in the United States district court for the district in which the recipient is located or transacts business;

(ii) That a complainant prevailing in a civil action has the right to be awarded the costs of the action, including reasonable attorney's fees, but that the complainant must demand these costs in the complaint;

(iii) That before commencing the action the complainant shall give 30 days notice by registered mail to the Chairperson of the Endowment, the Secretary, the Attorney General of the United States, and the recipient;

(iv) That the notice must state: the alleged violation of the Act; the relief requested; the court in which the complainant is bringing the action; and whether or not the attorney's fees are
demanded in the event the complainant prevails; and
(v) That the complainant may not bring an action if the same alleged violation of the Act by the same recipient is the subject of a pending action in any court of the United States.

Subpart A—General

§ 1157.1 Purpose and scope of this part.

This part establishes uniform administrative rules for Federal grants and cooperative agreements and subawards to State, local and Indian tribal governments.

§ 1157.2 Scope of subpart.

This subpart contains general rules pertaining to this part and procedures for control of exceptions from this part.

§ 1157.3 Definitions.

As used in this part:

Accrued expenditures mean the charges incurred by the grantee during a given period requiring the provision of funds for: (1) Goods and other tangible property received; (2) services performed by employees, contractors, subgrantees, subcontractors, and other payees; and (3) other amounts becoming owed under programs for which no current services or performance is required, such as annuities, insurance claims, and other benefit payments.

Accrued income means the sum of: (1) Earnings during a given period from services performed by the grantee and goods and other tangible property delivered to purchasers, and (2) amounts becoming owed to the grantee for which no current services or performance is required by the grantee.
Acquisition cost of an item of purchased equipment means the net invoice unit price of the property including the cost of modifications, attachments, accessories, or auxiliary apparatus necessary to make the property usable for the purpose for which it was acquired. Other charges such as the cost of installation, transportation, taxes, duty or protective in-transit insurance, shall be included or excluded from the unit acquisition cost in accordance with the grantee's regular accounting practices.

Administrative requirements mean those matters common to grants in general, such as financial management, kinds and frequency of reports, and retention of records. These are distinguished from programmatic requirements, which concern matters that can be treated only on a program-by-program or grant-by-grant basis, such as kinds of activities that can be supported by grants under a particular program.

Awarding agency means (1) with respect to a grant, the Federal agency, and (2) with respect to a subgrant, the party that awarded the subgrant.

Cash contributions means the grantee's cash outlay, including the outlay of money contributed to the grantee or subgrantee by other public agencies and institutions, and private organizations and individuals. When authorized by Federal legislation, Federal funds received from other assistance agreements may be considered as grantee or subgrantee cash contributions.

Contract means (except as used in the definitions for grant and subgrant in this section and except where qualified by Federal) a procurement contract under a grant or subgrant, and means a procurement subcontract under a contract.

Cost sharing or matching means the value of the third party in-kind contributions and the portion of the costs of a federally assisted project or program not borne by the Federal Government.

Cost-type contract means a contract or subcontract under a grant in which the contractor or subcontractor is paid on the basis of the costs it incurs, with or without a fee.

Equipment means tangible, non-expendable, personal property having a useful life of more than one year and an acquisition cost of $5,000 or more per unit. A grantee may use its own definition of equipment provided that such definition would at least include all equipment defined above.

Expenditure report means: (1) For non-construction grants, the SF-269 Financial Status Report (or other equivalent report); (2) for construction grants, the SF-271 Outlay Report and Request for Reimbursement (or other equivalent report).

Federally recognized Indian tribal government means the governing body or a governmental agency of any Indian tribe, band, nation, or other organized group or community (including any Native village as defined in section 3 of the Alaska Native Claims Settlement Act, 85 Stat 688) certified by the Secretary of the Interior as eligible for the special programs and services provided by him through the Bureau of Indian Affairs.

Government means a State or local government or a Federally recognized Indian tribal government.

Grant means an award of financial assistance, including cooperative agreements, in the form of money, or property in lieu of money, by the Federal Government to an eligible grantee. The term does not include technical assistance which provides services instead of money, or other assistance in the form of revenue sharing, loans, loan guarantees, interest subsidies, insurance, or direct appropriations. Also, the term does not include assistance, such as a fellowship or other lump sum award, which the grantee is not required to account for.

Grantee means the government to which a grant is awarded and which is accountable for the use of the funds provided. The grantee is the entire legal entity even if only a particular component of the entity is designated in the grant award document.

Local government means a county, municipality, city, town, township, local public authority (including any public and Indian housing agency under the United States Housing Act of 1937) school district, special district,
intrastate district, council of governments (whether or not incorporated as a nonprofit corporation under state law), any other regional or interstate government entity, or any agency or instrumentality of a local government.

Obligations means the amounts of orders placed, contracts and subgrants awarded, goods and services received, and similar transactions during a given period that will require payment by the grantee during the same or a future period.

OMB means the United States Office of Management and Budget.

Outlays (expenditures) mean charges made to the project or program. They may be reported on a cash or accrual basis. For reports prepared on a cash basis, outlays are the sum of actual cash disbursements for direct charges for goods and services, the amount of indirect expense incurred, the value of in-kind contributions applied, and the amount of cash advances and payments made to contractors and subgrantees. For reports prepared on an accrued expenditure basis, outlays are the sum of actual cash disbursements, the amount of indirect expense incurred, the value of in-kind contributions applied, and the new increase (or decrease) in the amounts owed by the grantee for goods and other property received, for services performed by employees, contractors, subgrantees, subcontractors, and other payees, and other amounts becoming owed under programs for which no current services or performance are required, such as annuities, insurance claims, and other benefit payments.

Percentage of completion method refers to a system under which payments are made for construction work according to the percentage completion of the work, rather than to the grantees cost incurred.

Prior approval means documentation evidencing consent prior to incurring specific costs.

Real property means land, including land improvements, structures and appurtenances thereto, excluding movable machinery and equipment.

Share, when referring to the awarding agency's portion of real property, equipment or supplies, means the same percentage as the awarding agency's portion of the acquiring party's total costs under the grant to which the acquisition costs under the grant to which the acquisition cost of the property was charged. Only costs are to be counted—not the value of third-party in-kind contributions.

State means any of the several States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, or any agency or instrumentality of a State exclusive of local governments. The term does not include any public and Indian housing agency under United States Housing Act of 1937.

Subgrant means an award of financial assistance in the form of money, or property in lieu of money, made under a grant by a grantee to an eligible subgrantee. The term includes financial assistance when provided by contractual legal agreement, but does not include procurement purchases, nor does it include any form of assistance which is excluded from the definition of grant in this part.

Subgrantee means the government or other legal entity to which a subgrant is awarded and which is accountable to the grantee for the use of the funds provided.

Supplies means all tangible personal property other than equipment as defined in this part.

Suspension means depending on the context, either (1) temporary withdrawal of the authority to obligate grant funds pending corrective action by the grantee or subgrantee or a decision to terminate the grant, or (2) an action taken by a suspending official in accordance with agency regulations implementing E.O. 12549 to immediately exclude a person from participating in grant transactions for a period, pending completion of an investigation and such legal or debarment proceedings as may ensue.

Termination means permanent withdrawal of the authority to obligate previously-awarded grant funds before that authority would otherwise expire. It also means the voluntary relinquishment of that authority by the grantee or subgrantee. Termination does not include: (1) Withdrawal of funds awarded on the basis of the grantee's underestimation of the unobligated balance in a
prior period; (2) withdrawal of the unobligated balance as of the expiration of a grant; (3) refusal to extend a grant or award additional funds, to make a competing or noncompeting continuations, renewal, extension, or supplemental award; or (4) voiding of a grant upon determination that the award was obtained fraudulently, or was otherwise illegal or invalid from inception.

Terms of a grant or subgrant mean all requirements of the grant or subgrant, whether in statute, regulations, or the award document.

Third party in-kind contributions mean property or services which benefit a federally assisted project or program and which are contributed by non-federal third parties without charge to the grantee, or a cost-type contractor under the grant agreement.

Unliquidated obligations for reports prepared on a cash basis mean the amount of obligations incurred by the grantee that has not been paid. For reports prepared on an accrued expenditure basis, they represent the amount of obligations incurred by the grantee for which an outlay has not been recorded.

Unobligated balance means the portion of the funds authorized by the Federal agency that has not been obligated by the grantee and is determined by deducting the cumulative obligations from the cumulative funds authorized.

§ 1157.4 Applicability.

(a) General. Subparts A through D of this part apply to all grants and subgrants to governments, except where inconsistent with Federal statutes or with regulations authorized in accordance with the exception provision of § 1157.6, or:

§ 1157.5 Effect on other issuances.

All other grants administration provisions of codified program regulations, program manuals, handbooks and other nonregulatory materials which are inconsistent with this part are superseded, except to the extent they are required by statute, or authorized in accordance with the exception provision in § 1157.6.

§ 1157.6 Additions and exceptions.

(a) For classes of grants and grantees subject to this part, Federal agencies may not impose additional administrative requirements except in codified regulations published in the Federal Register.

(b) Exceptions for classes of grants or grantees may be authorized only by OMB.

(c) Exceptions on a case-by-case basis and for subgrantees may be authorized by the affected Federal agencies.

§ 1157.10 Forms for applying for grants.

(a) Scope. (1) This section prescribes forms and instructions to be used by governmental organizations (except hospitals and institutions of higher education operated by a government) in applying for grants. This section is not applicable, however, to formula grant programs which do not require applicants to apply for funds on a project basis.

(2) This section applies only to applications to Federal agencies for grants, and is not required to be applied by grantees in dealing with applicants for subgrants. However, grantees are encouraged to avoid more detailed or burdensome application requirements for subgrants.

(b) Authorized forms and instructions for governmental organizations. (1) In applying for grants, applicants shall only use standard application forms or those prescribed by the granting agency with the approval of OMB under the Paperwork Reduction Act of 1980.

(2) Applicants are not required to submit more than the original and two copies of preapplications or applications.

(3) Applicants must follow all applicable instructions that bear OMB clearance numbers. Federal agencies may specify and describe the programs, functions, or activities that will be used to plan, budget, and evaluate the work under a grant. Other supplementary instructions may be issued only with the approval of OMB to the extent required under the Paperwork Reduction Act of 1980. For any standard form, except the SF-424 facesheet, Federal agencies may shade out or instruct the applicant to disregard any line item that is not needed.

(4) When a grantee applies for additional funding (such as a continuation or supplemental award) or amends a previously submitted application, only the affected pages need be submitted.
§ 1157.11 State plans.

(a) Scope. The statutes for some programs require States to submit plans before receiving grants. Under regulations implementing Executive Order 12372, “Intergovernmental Review of Federal Programs,” States are allowed to simplify, consolidate and substitute plans. This section contains additional provisions for plans that are subject to regulations implementing the Executive order.

(b) Requirements. A State need meet only Federal administrative or programmatic requirements for a plan that are in statutes or codified regulations.

(c) Assurances. In each plan the State will include an assurance that the State shall comply with all applicable Federal statutes and regulations in effect with respect to the periods for which it receives grant funding. For this assurance and other assurances required in the plan, the State may:

(1) Cite by number the statutory or regulatory provisions requiring the assurances and affirm that it gives the assurances required by those provisions,

(2) Repeat the assurance language in the statutes or regulations, or

(3) Develop its own language to the extent permitted by law.

(d) Amendments. A State will amend a plan whenever necessary to reflect: (1) New or revised Federal statutes or regulations or (2) a material change in any State law, organization, policy, or State agency operation. The State will obtain approval for the amendment and its effective date but need submit for approval only the amended portions of the plan.

§ 1157.12 Special grant or subgrant conditions for “high-risk” grantees.

(a) A grantee or subgrantee may be considered “high risk” if an awarding agency determines that a grantee or subgrantee:

(1) Has a history of unsatisfactory performance, or

(2) Is not financially stable, or

(3) Has a management system which does not meet the management standards set forth in this part, or

(4) Has not conformed to terms and conditions of previous awards, or

(5) Is otherwise not responsible; and if the awarding agency determines that an award will be made, special conditions and restrictions shall correspond to the high risk condition and shall be included in the award.

(b) Special conditions or restrictions may include:

(1) Payment on a reimbursement basis;

(2) Withholding authority to proceed to the next phase until receipt of evidence of acceptable performance within a given funding period;

(3) Requiring additional, more detailed financial reports;

(4) Additional project monitoring;

(5) Requiring the grantee or subgrantee to obtain technical or management assistance; or

(6) Establishing additional prior approvals.

(c) If an awarding agency decides to impose such conditions, the awarding official will notify the grantee or subgrantee as early as possible, in writing, of:

(1) The nature of the special conditions/restrictions;

(2) The reason(s) for imposing them;

(3) The corrective actions which must be taken before they will be removed and the time allowed for completing the corrective actions and

(4) The method of requesting reconsideration of the conditions/restrictions imposed.

Subpart C—Post-Award Requirements

§ 1157.20 Standards for financial management systems.

(a) A State must expand and account for grant funds in accordance with State laws and procedures for expending and accounting for its own funds. Fiscal control and accounting procedures of the State, as well as its subgrantees and cost-type contractors, must be sufficient to—
§ 1157.21 Payment.

(a) Scope. This section prescribes the basic standard and the methods under which a Federal agency will make payments to grantees, and grantees will make payments to subgrantees and contractors.

(b) Basic standard. Methods and procedures for payment shall minimize the time elapsing between the transfer of funds and disbursement by the grantee or subgrantee, in accordance with Treasury regulations at 31 CFR part 205.

(c) Advances. Grantees and subgrantees shall be paid in advance, provided they maintain or demonstrate the willingness and ability to maintain procedures to minimize the time elapsing between the transfer of the funds and their disbursement by the grantee or subgrantee.

(d) Reimbursement. Reimbursement shall be the preferred method when the requirements in paragraph (c) of this subpart are not met.

(1) Permit preparation of reports required by this part and the statutes authorizing the grant, and

(2) Permit the tracing of funds to a level of expenditures adequate to establish that such funds have not been used in violation of the restrictions and prohibitions of applicable statutes.

(b) The financial management systems of other grantees and subgrantees must meet the following standards:

(1) Financial reporting. Accurate, current, and complete disclosure of the financial results of financially assisted activities must be made in accordance with the financial reporting requirements of the grant or subgrant.

(2) Accounting records. Grantees and subgrantees must maintain records which adequately identify the source and application of funds provided for financially-assisted activities. These records must contain information pertaining to grant or subgrant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays or expenditures, and income.

(3) Internal control. Effective control and accountability must be maintained for all grant and subgrant cash, real and personal property, and other assets. Grantees and subgrantees must adequately safeguard all such property and must assure that it is used solely for authorized purposes.

(4) Budget control. Actual expenditures or outlays must be compared with budgeted amounts for each grant or subgrant. Financial information must be related to performance or productivity data, including the development of unit cost information whenever appropriate or specifically required in the grant or subgrant agreement. If unit cost data are required, estimates based on available documentation will be accepted whenever possible.

(5) Allowable cost. Applicable OMB cost principles, agency program regulations, and the terms of grant and subgrant agreements will be followed in determining the reasonableness, allowability, and allocability of costs.

(6) Source documentation. Accounting records must be supported by such source documentation as cancelled checks, paid bills, payrolls, time and attendance records, contract and subgrant award documents, etc.

(7) Cash management. Procedures for minimizing the time elapsing between the transfer of funds from the U.S. Treasury and disbursement by grantees and subgrantees must be followed whenever advance payment procedures are used. Grantees must establish reasonable procedures to ensure the receipt of reports on subgrantees' cash balances and cash disbursements in sufficient time to enable them to prepare complete and accurate cash transactions reports to the awarding agency. When advances are made by letter-of-credit or electronic transfer of funds methods, the grantee must make drawdowns as close as possible to the time of making disbursements. Grantees must monitor cash drawdowns by their subgrantees to assure that they conform substantially to the same standards of timing and amount as apply to advances to the grantees.

(c) An awarding agency may review the adequacy of the financial management system of any applicant for financial assistance as part of a preaward review or at any time subsequent to award.
section are not met. Grantees and subgrantees may also be paid by reimbursement for any construction grant. Except as otherwise specified in regulation, Federal agencies shall not use the percentage of completion method to pay construction grants. The grantee or subgrantee may use that method to pay its construction contractor, and if it does, the awarding agency’s payments to the grantee or subgrantee will be based on the grantee’s or subgrantee’s actual rate of disbursement.

(e) Working capital advances. If a grantee cannot meet the criteria for advance payments described in paragraph (c) of this section, and the Federal agency has determined that reimbursement is not feasible because the grantee lacks sufficient working capital, the awarding agency may provide cash or a working capital advance basis. Under this procedure the awarding agency shall advance cash to the grantee to cover its estimated disbursement needs for an initial period generally geared to the grantee’s disbursing cycle. Thereafter, the awarding agency shall reimburse the grantee for its actual cash disbursements. The working capital advance method of payment shall not be used by grantees or subgrantees if the reason for using such method is the unwillingness or inability of the grantee to provide timely advances to the subgrantee to meet the subgrantee’s actual cash disbursements.

(f) Effect of program income, refunds, and audit recoveries on payment. (1) Grantees and subgrantees shall disburse repayments to and interest earned on a revolving fund before requesting additional cash payments for the same activity.

(2) Except as provided in paragraph (f)(1) of this section, grantees and subgrantees shall disburse program income, rebates, refunds, contract settlements, audit recoveries and interest earned on such funds before requesting additional cash payments.

(g) Withholding payments. (1) Unless otherwise required by Federal statute, awarding agencies shall not withhold payments for proper charges incurred by grantees or subgrantees unless—

(i) The grantee or subgrantee has failed to comply with grant award conditions or

(ii) The grantee or subgrantee is indebted to the United States.

(2) Cash withheld for failure to comply with grant award condition, but without suspension of the grant, shall be released to the grantee upon subsequent compliance. When a grant is suspended, payment adjustments will be made in accordance with §1157.43(c).

(3) A Federal agency shall not make payment to grantees for amounts that are withheld by grantees or subgrantees from payment to contractors to assure satisfactory completion of work. Payments shall be made by the Federal agency when the grantees or subgrantees actually disburse the withheld funds to the contractors or to escrow accounts established to assure satisfactory completion of work.

(h) Cash depositories. (1) Consistent with the national goal of expanding the opportunities for minority business enterprises, grantees and subgrantees are encouraged to use minority banks (a bank which is owned at least 50 percent by minority group members). A list of minority owned banks can be obtained from the Minority Business Development Agency, Department of Commerce, Washington, DC 20230.

(2) A grantee or subgrantee shall maintain a separate bank account only when required by Federal-State agreement.

(i) Interest earned on advances. Except for interest earned on advances of funds exempt under the Intergovernmental Cooperation Act (31 U.S.C. 6501 et seq.) and the Indian Self-Determination Act (23 U.S.C. 450), grantees and subgrantees shall promptly, but at least quarterly, remit interest earned on advances to the Federal agency. The grantee or subgrantee may keep interest amounts up to $100 per year for administrative expenses.

§1157.22 Allowable costs.

(a) Limitation on use of funds. Grant funds may be used only for:

(1) The allowable costs of the grantees, subgrantees and cost-type contractors, including allowable costs in the form of payments to fixed-price contractors; and
§ 1157.23 Period of availability of funds.

(a) General. Where a funding period is specified, a grantee may charge to the award only costs resulting from obligations of the funding period unless carryover of unobligated balances is permitted, in which case the carryover balances may be charged for costs resulting from obligations of the subsequent funding period.

(b) Liquidation of obligations. A grantee must liquidate all obligations incurred under the award not later than 90 days after the end of the funding period (or as specified in a program regulation) to coincide with the submission of the annual Financial Status Report (SF-269). The Federal agency may extend this deadline at the request of the grantee.

§ 1157.24 Matching or cost sharing.

(a) Basic rule. Costs and contributions acceptable. With the qualifications and exceptions listed in paragraph (b) of this section, a matching or cost sharing requirement may be satisfied by either or both of the following:

(1) Allowable costs incurred by the grantee, subgrantee or a cost-type contractor under the assistance agreement. This includes allowable costs borne by non-Federal grants or by others cash donations from non-Federal third parties.

(2) The value of third party in-kind contributions applicable to the period to which the cost sharing or matching requirements applies.

(b) Qualifications and exceptions—(1) Costs borne by other Federal grant agreements. Except as provided by Federal statute, a cost sharing or matching requirement may not be met by costs borne by another Federal grant. This prohibition does not apply to income earned by a grantee or subgrantee from a contract awarded under another Federal grant.

(2) General revenue sharing. For the purpose of this section, general revenue sharing funds distributed under 31 U.S.C. 6702 are not considered Federal grant funds.

(3) Costs or contributions counted towards other Federal costs-sharing requirements. Neither costs nor the values of third party in-kind contributions may count towards satisfying a cost sharing or matching requirement unless they are expressly permitted in the terms of the assistance agreement. (This use of general program income is described in §1157.25(g).)

(4) Costs financed by program income. Costs financed by program income, as defined in §1157.25, shall not count towards satisfying a cost sharing or matching requirement unless they are expressly permitted in the terms of the assistance agreement. (This use of general program income is described in §1157.25(g).)

(5) Services or property financed by income earned by contractors. Contractors under a grant may earn income from the activities carried out under the contract in addition to the amounts earned from the party awarding the contract. No costs of services or property supported by this income may count toward satisfying a cost sharing or matching requirement unless other
provisions of the grant agreement expressly permit this kind of income to be used to meet the requirement.

(6) Records. Costs and third party in-kind contributions counting towards satisfying a cost sharing or matching requirement must be verifiable from the records of grantees and subgrantee or cost-type contractors. These records must show how the value placed on third party in-kind contributions was derived. To the extent feasible, volunteer services will be supported by the same methods that the organization uses to support the allocability of regular personnel costs.

(7) Special standards for third party in-kind contributions. (i) Third party in-kind contributions count towards satisfying a cost sharing or matching requirement only where, if the party receiving the contributions were to pay for them, the payments would be allowable costs.

(ii) Some third party in-kind contributions are goods and services that, if the grantee, subgrantee, or contractor receiving the contribution had to pay for them, the payments would have been an indirect costs. Costs sharing or matching credit for such contributions shall be given only if the grantee, subgrantee, or contractor has established, along with its regular indirect cost rate, a special rate for allocating to individual projects or programs the value of the contributions.

(iii) A third party in-kind contribution to a fixed-price contract may count towards satisfying a cost sharing or matching requirement only if it results in:

(A) An increase in the services or property provided under the contract (without additional cost to the grantee or subgrantee) or

(B) A cost savings to the grantee or subgrantee.

(iv) The values placed on third party in-kind contributions for cost sharing or matching purposes will conform to the rules in the succeeding sections of this part. If a third party in-kind contribution is a type not treated in those sections, the value placed upon it shall be fair and reasonable.

(c) Valuation of donated services—(1) Volunteer services. Unpaid services provided to a grantee or subgrantee by individuals will be valued at rates consistent with those ordinarily paid for similar work in the grantee's or subgrantee's organization. If the grantee or subgrantee does not have employees performing similar work, the rates will be consistent with those ordinarily paid by other employers for similar work in the same labor market. In either case, a reasonable amount for fringe benefits may be included in the valuation.

(2) Employees of other organizations. When an employer other than a grantee, subgrantee, or cost-type contractor furnishes free of charge the services of an employee in the employee's normal line of work, the services will be valued at the employee's regular rate of pay exclusive of the employee's fringe benefits and overhead costs. If the services are in a different line of work, paragraph (c)(1) of this section applies.

(d) Valuation of third party donated supplies and loaned equipment or space. (1) If a third party donates supplies, the contribution will be valued at the market value of the supplies at the time of donation.

(2) If a third party donates the use of equipment or space in a building but retains title, the contribution will be valued at the fair rental rate of the equipment or space.

(e) Valuation of third party donated equipment, buildings, and land. If a third party donates equipment, buildings, or land, and title passes to a grantee or subgrantee, the treatment of the donated property will depend upon the purpose of the grant or subgrant, as follows:

(1) Awards for capital expenditures. If the purpose of the grant or subgrant is to assist the grantee or subgrantee in the acquisition of property, the market value of that property at the time of donation may be counted as cost sharing or matching.

(2) Other awards. If assisting in the acquisition of property is not the purpose of the grant or subgrant, paragraphs (e)(2)(i) and (ii) of this section apply:

(i) If approval is obtained from the awarding agency, the market value at the time of donation of the donated equipment, or buildings and the fair rental rate of the donated land may be
§ 1157.25 Program income.

(a) General. Grantees are encouraged to earn income to defray program costs. Program income includes income from fees for services performed, from the use or rental of real or personal property acquired with grant funds, from the sale of commodities or items fabricated under a grant agreement, and from payments of principal and interest on loans made with grant funds. Except as otherwise provided in regulations of the Federal agency, program income does not include interest on grant funds, rebates, credits, discounts, refunds, etc., and interest earned on any of them.

(b) Definition of program income. Program income means gross income received by the grantee or subgrantee directly generated by a grant supported activity, or earned only as a result of the grant agreement during the grant period. “During the grant period” is the time between the effective date of the award and the ending date of the award reflected in the final financial report.

(c) Cost of generating program income. If authorized by Federal regulations or the grant agreement, costs incident to the generation of program income may be deducted from gross income to determine program income.

(d) Governmental revenues. Taxes, special assessments, levies, fines, and other such revenues raised by a grantee or subgrantee are not program income unless the revenues are specifically identified in the grant agreement or Federal agency regulations as program income.

(e) Royalties. Income from royalties and license fees for copyrighted material, patents, and inventions developed by a grantee or subgrantee is program income only if the revenues are specifically identified in the grant agreement or Federal agency regulations as program income. (See §1157.34.)

(f) Property. Proceeds from the sale of real property or equipment will be handled in accordance with the requirements of §§1157.31 and 1157.32.

(g) Use of program income. Program income shall be deducted from outlays which may be both Federal and non-Federal as described below, unless the Federal agency regulations or the
grant agreement specify another alternative (or a combination of the alternatives). In specifying alternatives, the Federal agency may distinguish between income earned by the grantee and income earned by subgrantees and between the sources, kinds, or amounts of income. When Federal agencies authorize the alternatives in paragraphs (g) (2) and (3) of this section, program income in excess of any limits stipulated shall also be deducted from outlays.

(1) Deduction. Ordinarily program income shall be deducted from total allowable costs to determine the net allowable costs. Program income shall be used for current costs unless the Federal agency authorizes otherwise. Program income which the grantee did not anticipate at the time of the award shall be used to reduce the Federal agency and grantee contributions rather than to increase the funds committed to the project.

(2) Addition. When authorized, program income may be added to the funds committed to the grant agreement by the Federal agency and the grantee. The program income shall be used for the purposes and under the conditions of the grant agreement.

(3) Cost sharing or matching. When authorized, program income may be used to meet the cost sharing or matching requirement of the grant agreement. The amount of the Federal grant award remains the same.

(h) Income after the award period. There are no Federal requirements governing the disposition of program income earned after the end of the award period (i.e., until the ending date of the final financial report, see paragraph (a) of this section), unless the terms of the agreement or the Federal agency regulations provide otherwise.

§ 1157.26 Non-Federal audit.

(a) Basic rule. Grantees and subgrantees are responsible for obtaining audits in accordance with the Single Audit Act Amendments of 1996 (31 U.S.C. 7501-7507) and revised OMB Circular A-133, “Audits of States, Local Governments, and Other Non-Profit Organizations.” The audits shall be made by an independent auditor in accordance with generally accepted government auditing standards covering financial audits.

(b) Subgrantees. State or local governments, as those terms are defined for purposes of the Single Audit Act Amendments of 1996, that provide Federal awards to a subgrantee, which expends $300,000 or more (or other amount as specified by OMB) in Federal awards in a fiscal year, shall:

(1) Determine whether State or local subgrantees have met the audit requirements of the Act and whether subgrantees covered by OMB Circular A-110, “Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations,” have met the audit requirements of the Act. Commercial contractors (private for-profit and private and governmental organizations) providing goods and services to State and local governments are not required to have a single audit performed. State and local governments should use their own procedures to ensure that the contractor has complied with laws and regulations affecting the expenditure of Federal funds;

(2) Determine whether the subgrantee spent Federal assistance funds provided in accordance with applicable laws and regulations. This may be accomplished by reviewing an audit of the subgrantee made in accordance with the Act, Circular A-110, or through other means (e.g., program reviews) if the subgrantee has not had such an audit;

(3) Ensure that appropriate corrective action is taken within six months after receipt of the audit report in instance of noncompliance with Federal laws and regulations;

(4) Consider whether subgrantee audits necessitate adjustment of the grantee’s own records; and

(5) Require each subgrantee to permit independent auditors to have access to the records and financial statements.

(c) Auditor selection. In arranging for audit services, §1157.36 shall be followed.
§ 1157.30 Changes, Property, and Subawards

(a) General. Grantees and subgrantees are permitted to rebudget within the approved direct cost budget to meet unanticipated requirements and may make limited program changes to the approved project. However, unless waived by the awarding agency, certain types of post-award changes in budgets and projects shall require the prior written approval of the awarding agency.

(b) Relation to cost principles. The applicable cost principles (see §1157.22) contain requirements for prior approval of certain types of costs. Except where waived, those requirements apply to all grants and subgrants even if paragraphs (c) through (f) of this section do not.

(c) Budget changes—(1) Nonconstruction projects. Except as stated in other regulations or an award document, grantees or subgrantees shall obtain the prior approval of the awarding agency whenever any of the following changes is anticipated under a nonconstruction award:

(i) Any revision which would result in the need for additional funding.

(ii) Unless waived by the awarding agency, cumulative transfers among direct cost categories, or, if applicable, among separately budgeted programs, projects, functions, or activities which exceed or are expected to exceed ten percent of the current total approved budget, whenever the awarding agency’s share exceeds $100,000.

(iii) Transfer of funds allotted for training allowances (i.e., from direct payments to trainees to other expense categories).

(2) Construction projects. Grantees and subgrantees shall obtain prior written approval for any budget revision which would result in the need for additional funds.

(3) Combined construction and nonconstruction projects. When a grant or subgrant provides funding for both construction and nonconstruction activities, the grantee or subgrantee must obtain prior written approval from the awarding agency before making any fund or budget transfer from nonconstruction to construction or vice versa.

(d) Programmatic changes. Grantees or subgrantees must obtain the prior approval of the awarding agency whenever any of the following actions is anticipated:

(1) Any revision of the scope or objectives of the project (regardless of whether there is an associated budget revision requiring prior approval).

(2) Need to extend the period of availability of funds.

(3) Changes in key persons in cases where specified in an application or a grant award. In research projects, a change in the project director or principal investigator shall always require approval unless waived by the awarding agency.

(4) Under nonconstruction projects, contracting out, subgranting (if authorized by law) or otherwise obtaining the services of a third party to perform activities which are central to the purposes of the award. This approval requirement is in addition to the approval requirements of §1157.36 but does not apply to the procurement of equipment, supplies, and general support services.

(e) Additional prior approval requirements. The awarding agency may not require prior approval for any budget revision which is not described in paragraph (c) of this section.

(f) Requesting prior approval. (1) A request for prior approval under the applicable Federal cost principles (see §1157.22) may be made by letter.

(3) A request by a subgrantee for prior approval will be addressed in writing to the grantee. The grantee will promptly review such request and shall approve or disapprove the request in writing. A grantee will not approve any budget or project revision which is inconsistent with the purpose or terms and conditions of the Federal grant to the grantee. If the revision, requested by the subgrantee would result in a change to the grantee’s approved...
§ 1157.31 Real property.
(a) Title. Subject to the obligations and conditions set forth in this section, title to real property acquired under a grant or subgrant will vest upon acquisition in the grantee or subgrantee respectively.

(b) Use. Except as otherwise provided by Federal statutes, real property will be used for the originally authorized purposes so long as needed for that purposes, and the grantee or subgrantee shall not dispose of or encumber its title or other interests.

(c) Disposition. When real property is no longer needed for the originally authorized purpose, the grantee or subgrantee will request disposition instructions from the awarding agency. The instructions will provide for one of the following alternatives:

1. Retention of title. Retain title after compensating the awarding agency. The amount paid to the awarding agency will be computed by applying the awarding agency’s percentage of participation in the cost of the original purchase to the fair market value of the property. However, in those situations where a grantee or subgrantee is disposing of real property acquired with grant funds and acquiring replacement real property under the same program, the net proceeds from the disposition may be used as an offset to the cost of the replacement property.

2. Sale of property. Sell the property and compensate the awarding agency. The amount due to the awarding agency will be calculated by applying the awarding agency’s percentage of participation in the cost of the original purchase to the proceeds of the sale after deduction of any actual and reasonable selling and fixing-up expenses. If the grant is still active, the net proceeds from sale may be offset against the original cost of the property. When a grantee or subgrantee is directed to sell property, sales procedures shall be followed that provide for competition to the extent practicable and result in the highest possible return.

3. Transfer of title. Transfer title to the awarding agency or to a third-party designated/approved by the awarding agency. The grantee or subgrantee shall be paid an amount calculated by applying the grantee or subgrantee’s percentage of participation in the purchase of the real property to the current fair market value of the property.

§ 1157.32 Equipment.
(a) Title. Subject to the obligations and conditions set forth in this section, title to equipment acquired under a grant or subgrant will vest upon acquisition in the grantee or subgrantee respectively.

(b) Use. A State will use, manage, and dispose of equipment acquired under a grant by the State in accordance with State laws and procedures. Other grantees and subgrantees will follow paragraphs (c) through (e) of this section.

(c) Use. Equipment shall be used by the grantee or subgrantee in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by Federal funds. When no longer needed for the original program or project, the equipment may be used in other activities currently or previously supported by a Federal agency.

2. The grantee or subgrantee shall also make equipment available for use on other projects or programs currently or previously supported by the Federal Government, providing such use will not interfere with the work on the projects or program for which it was originally acquired. First preference for other use shall be given to other programs or projects supported by the awarding agency. User fees should be considered if appropriate.

3. Notwithstanding the encouragement in § 1157.25(a) to earn program income, the grantee or subgrantee must not use equipment acquired with grant funds to provide services for a fee to compete unfairly with private companies that provide equivalent services, unless specifically permitted or contemplated by Federal statute.

4. When acquiring replacement equipment, the grantee or subgrantee
may use the equipment to be replaced as a trade-in or sell the property and use the proceeds to offset the cost of the replacement property, subject to the approval of the awarding agency.

(d) Management requirements. Procedures for managing equipment (including replacement equipment), whether acquired in whole or in part with grant funds, until disposition takes place will, as a minimum, meet the following requirements:

(1) Property records must be maintained that include a description of the property, a serial number or other identification number, the source of property, who holds title, the acquisition date, and cost of the property, percentage of Federal participation in the cost of the property, the location, use and condition of the property, and any ultimate disposition data including the date of disposal and sale price of the property.

(2) A physical inventory of the property must be taken and the results reconciled with the property records at least once every two years.

(3) A control system must be developed to ensure adequate safeguards to prevent loss, damage, or theft of the property. Any loss, damage, or theft shall be investigated.

(4) Adequate maintenance procedures must be developed to keep the property in good condition.

(5) If the grantee or subgrantee is authorized or required to sell the property, proper sales procedures must be established to ensure the highest possible return.

(e) Disposition. When original or replacement equipment acquired under a grant or subgrant is no longer needed for the original project or program or for other activities currently or previously supported by a Federal agency, disposition of the equipment will be made as follows:

(1) Items of equipment with a current per-unit fair market value of less than $5,000 may be retained, sold or otherwise disposed of with no further obligation to the awarding agency.

(2) Items of equipment with a current per unit fair market value in excess of $5,000 may be retained or sold and the awarding agency shall have a right to an amount calculated by multiplying the current market value or proceeds from sale by the awarding agency's share of the equipment.

(3) In cases where a grantee or subgrantee fails to take appropriate disposition actions, the awarding agency may direct the grantee or subgrantee to take excess and disposition actions.

(f) Federal equipment. In the event a grantee or subgrantee is provided federally-owned equipment:

(1) Title will remain vested in the Federal Government.

(2) Grantees or subgrantees will manage the equipment in accordance with Federal agency rules and procedures, and submit an annual inventory listing.

(3) When the equipment is no longer needed, the grantee or subgrantee will request disposition instructions from the Federal agency.

(g) Right to transfer title. The Federal awarding agency may reserve the right to transfer title to the Federal Government or a third party named by the awarding agency when such a third party is otherwise eligible under existing statutes. Such transfers shall be subject to the following standards:

(1) The property shall be identified in the grant or otherwise made known to the grantee in writing.

(2) The Federal awarding agency shall issue disposition instructions within 120 calendar days after the end of the Federal support of the project for which it was acquired. If the Federal awarding agency fails to issue disposition instructions within the 120 calendar-day period the grantee shall follow §1157.32(e).

(3) When title to equipment is transferred, the grantee shall be paid an amount calculated by applying the percentage of participation in the purchase to the current fair market value of the property.

§1157.33 Supplies.

(a) Title. Title to supplies acquired under a grant or subgrant will vest, upon acquisition, in the grantee or subgrantee respectively.

(b) Disposition. If there is a residual inventory of unused supplies exceeding $5,000 in total aggregate fair market value upon termination or completion of the award, and if the supplies are
§ 1157.36 Procurement.

(a) States. When procuring property and services under a grant, a State will follow the same policies and procedures it uses for procurements from its non-Federal funds. The State will ensure that every purchase order or other contract includes any clauses required by Federal statutes and executive orders and their implementing regulations. Other grantees and subgrantees will follow paragraphs (b) through (i) in this section.

(b) Procurement standards. (1) Grantees and subgrantees will use their own procurement procedures which reflect applicable State and local laws and regulations, provided that the procurements conform to applicable Federal law and the standards identified in this section.

(2) Grantees and subgrantees will maintain a contract administration system which ensures that contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders.

(3) Grantees and subgrantees will maintain a written code of standards of conduct governing the performance of their employees engaged in the award and administration of contracts. No employee, officer or agent of the grantee or subgrantee shall participate in selection, or in the award or administration of a contract supported by Federal funds if a conflict of interest, real or apparent, would be involved. Such a conflict would arise when:

(i) The employee, officer or agent,

(ii) Any member of his immediate family,

(iii) His or her partner, or

(iv) An organization which employs, or is about to employ, any of the above, has a financial or other interest in the firm selected for award. The grantee’s or subgrantee’s officers, employees or agents will neither solicit nor accept gratuities, favors or anything of monetary value from contractors, potential contractors, or parties to subagreements. Grantee and subgrantees may set minimum rules where the financial interest is not substantial or the gift is an unsolicited item of nominal intrinsic value. To the extent permitted by State or local law or regulations, such standards or conduct will provide for penalties, sanctions, or other disciplinary actions for violations of such standards by the grantee’s and subgrantee’s officers, employees, or agents, or by contractors or their agents. The awarding agency may in regulation provide additional prohibitions relative to real, apparent, or potential conflicts of interest.

(4) Grantee and subgrantee procedures will provide for a review of proposed procurements to avoid purchase of unnecessary or duplicative items. Consideration should be given to consolidating or breaking out procurements to obtain a more economical purchase. Where appropriate, an analysis will be made of lease versus purchase alternatives, and any other appropriate analysis to determine the most economical approach.

(5) To foster greater economy and efficiency, grantees and subgrantees are encouraged to enter into State and local intergovernmental agreements.
for procurement or use of common goods and services.

(6) Grantees and subgrantees are encouraged to use Federal excess and surplus property in lieu of purchasing new equipment and property whenever such use is feasible and reduces project costs.

(7) Grantees and subgrantees are encouraged to use value engineering clauses in contracts for construction projects of sufficient size to offer reasonable opportunities for cost reductions. Value engineering is a systematic and creative analysis of each contract item or task to ensure that its essential function is provided at the overall lower cost.

(8) Grantees and subgrantees will make awards only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.

(9) Grantees and subgrantees will maintain records sufficient to detail the significant history of a procurement. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price.

(10) Grantees and subgrantees will use time and material type contracts only—

(i) After a determination that no other contract is suitable, and

(ii) If the contract includes a ceiling price that the contractor exceeds at its own risk.

(11) Grantees and subgrantees alone will be responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to source evaluation, protests, disputes, and claims. These standards do not relieve the grantee or subgrantee of any contractual responsibilities under its contracts. Federal agencies will not substitute their judgment for that of the grantee or subgrantee unless the matter is primarily a Federal concern. Violations of law will be referred to the local, State, or Federal authority having proper jurisdiction.

(12) Grantees and subgrantees will have protest procedures to handle and resolve disputes relating to their procurements and shall in all instances disclose information regarding the protest to the awarding agency. A protestor must exhaust all administrative remedies with the grantee and subgrantee before pursuing a protest with the Federal agency. Reviews of protests by the Federal agency will be limited to:

(i) Violations of Federal law or regulations and the standards of this section (violations of State or local law will be under the jurisdiction of State or local authorities) and

(ii) Violations of the grantee's or subgrantee's protest procedures for failure to review a complaint or protest. Protests received by the Federal agency other than those specified above will be referred to the grantee or subgrantee.

(c) Competition. (1) All procurement transactions will be conducted in a manner providing full and open competition consistent with the standards of §1157.36. Some of the situations considered to be restrictive of competition include but are not limited to:

(i) Placing unreasonable requirements on firms in order for them to qualify to do business,

(ii) Requiring unnecessary experience and excessive bonding,

(iii) Noncompetitive pricing practices between firms or between affiliated companies,

(iv) Noncompetitive awards to consultants that are on retainer contracts,

(v) Organizational conflicts of interest,

(vi) Specifying only a “brand name” product instead of allowing an “equal” product to be offered and describing the performance of other relevant requirements of the procurement, and

(vii) Any arbitrary action in the procurement process.

(2) Grantees and subgrantees will conduct procurements in a manner that prohibits the use of statutorily or administratively imposed in-State or local geographical preferences in the evaluation of bids or proposals, except...
in those cases where applicable Federal statutes expressly mandate or encourage geographic preference. Nothing in this section preempts State licensing laws. When contracting for architectural and engineering (A/E) services, geographic location may be a selection criteria provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.

(3) Grantees will have written selection procedures for procurement transactions. These procedures will ensure that all solicitations:

(i) Incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description shall not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product or service to be procured, and when necessary, shall set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible. When it is impractical or uneconomical to make a clear and accurate description of the technical requirements, a “brand name or equal” description may be used as a means to define the performance or other salient requirements of a procurement. The specific features of the named brand which must be met by offerors shall be clearly stated; and

(ii) Identify all requirements which the offerors must fulfill and all other factors to be used in evaluating bids or proposals.

(4) Grantees and subgrantees will ensure that all prequalified lists of persons, firms, or products which are used in acquiring goods and services are current and include enough qualified sources to ensure maximum open and free competition. Also, grantees and subgrantees will not preclude potential bidders from qualifying during the solicitation period.

(d) Methods of procurement to be followed—(1) Procurement by small purchase procedures. Small purchase procedures are those relatively simple and informal procurement methods for securing services, supplies, or other property that do not cost more than the simplified acquisition threshold fixed at 41 U.S.C. 403(11) (currently set at $100,000). If small purchase procedures are used, price or rate quotations shall be obtained from an adequate number of qualified sources. 

(2) Procurement by sealed bids (formal advertising). Bids are publicly solicited and a firm-fixed-price contract (lump sum or unit price) is awarded to the responsible bidder whose bid, conforming with all the material terms and conditions of the invitation for bids, is the lowest in price. The sealed bid method is the preferred method for procuring construction, if the conditions in §1157.36(d)(2)(i) apply.

(i) In order for sealed bidding to be feasible, the following conditions should be present:

(A) A complete, adequate, and realistic specification or purchase description is available;

(B) Two or more responsible bidders are willing and able to compete effectively and for the business; and

(C) The procurement lends itself to a firm fixed price contract and the selection of the successful bidder can be made principally on the basis of price.

(ii) If sealed bids are used, the following requirements apply:

(A) The invitation for bids will be publicly advertised and bids shall be solicited from an adequate number of known suppliers, providing them sufficient time prior to the date set for opening the bids;

(B) The invitation for bids, which will include any specifications and pertinent attachments, shall define the items or services in order for the bidder to properly respond;

(C) All bids will be publicly opened at the time and place prescribed in the invitation for bids;

(D) A firm fixed-price contract award will be made in writing to the lowest responsive and responsible bidder. Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs shall be considered in determining which bid is lowest. Payment discounts will only be used to determine the low bid when prior experience indicates that such
discounts are usually taken advantage of; and

(E) Any or all bids may be rejected if there is a sound documented reason.

(3) Procurement by competitive proposals. The technique of competitive proposals is normally conducted with more than one source submitting an offer, and either a fixed-price or cost-reimbursement type contract is awarded. It is generally used when conditions are not appropriate for the use of sealed bids. If this method is used, the following requirements apply:

(i) Requests for proposals will be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals shall be honored to the maximum extent practical;

(ii) Proposals will be solicited from an adequate number of qualified sources;

(iii) Grantees and subgrantees will have a method for conducting technical evaluations of the proposals received and for selecting awardees;

(iv) Awards will be made to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered; and

(v) Grantees and subgrantees may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used in procurement of A/E professional services. It cannot be used to purchase other types of services though A/E firms are a potential source to perform the proposed effort.

(4) Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source, or after solicitation of a number of sources, competition is determined inadequate.

(i) Procurement by noncompetitive proposals may be used only when the award of a contract is infeasible under small purchase procedures, sealed bids or competitive proposals and one of the following circumstances applies:

(A) The item is available only from a single source;

(B) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;

(C) The awarding agency authorizes noncompetitive proposals; or

(D) After solicitation of a number of sources, competition is determined inadequate.

(ii) Cost analysis, i.e., verifying the proposed cost data, the projections of the data, and the evaluation of the specific elements of costs and profits, is required.

(iii) Grantees and subgrantees may be required to submit the proposed procurement to the awarding agency for pre-award review in accordance with paragraph (g) of this section.

(e) Contracting with small and minority firms, women's business enterprises and labor surplus area firms. (1) The grantee and subgrantee will take all necessary affirmative steps to assure that minority firms, women's business enterprises, and labor surplus area firms are used when possible.

(2) Affirmative steps shall include:

(i) Placing qualified small and minority businesses and women's business enterprises on solicitation lists;

(ii) Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;

(iii) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority business, and women's business enterprises;

(iv) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority business, and women's business enterprises;

(v) Using the services and assistance of the Small Business Administration, and the Minority Business Development Agency of the Department of Commerce; and

(vi) Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs (e)(2) (i) through (v) of this section.
(f) Contract cost and price. (1) Grantees and subgrantees must perform a cost or price analysis in connection with every procurement action including contract modifications. The method and degree of analysis is dependent on the facts surrounding the particular procurement situation, but as a starting point, grantees must make independent estimates before receiving bids or proposals. A cost analysis must be performed when the offeror is required to submit the elements of his estimated cost, e.g., under professional, consulting, and architectural engineering services contracts. A cost analysis will be necessary when adequate price competition is lacking, and for sole source procurements, including contract modifications or change orders, unless price reasonableness can be established on the basis of a catalog or market price of a commercial product sold in substantial quantities to the general public or based on prices set by law or regulation. A price analysis will be used in all other instances to determine the reasonableness of the proposed contract price.

(2) Grantees and subgrantees will negotiate profit as a separate element of the price for each contract in which there is no price competition and in all cases where cost analysis is performed. To establish a fair and reasonable profit, consideration will be given to the complexity of the work to be performed, the risk borne by the contractor, the contractor's investment, the amount of subcontracting, the quality of its record of past performance, and industry profit rates in the surrounding geographical area for similar work.

(3) Costs or prices based on estimated costs for contracts under grants will be allowable only to the extent that costs incurred or cost estimates included in negotiated prices are consistent with Federal cost principles (see §1157.22). Grantees may reference their own cost principles that comply with the applicable Federal cost principles.

(4) The cost plus a percentage of cost and percentage of construction cost methods of contracting shall not be used.

(g) Awarding agency review. (1) Grantees and subgrantees must make available, upon request of the awarding agency, technical specifications on proposed procurements where the awarding agency believes such review is needed to ensure that the item and/or service specified is the one being proposed for purchase. This review generally will take place prior to the time the specification is incorporated into a solicitation document. However, if the grantee or subgrantee desires to have the review accomplished after a solicitation has been developed, the awarding agency may still review the specifications, with such review usually limited to the technical aspects of the proposed purchase.

(2) Grantees and subgrantees must on request make available for awarding agency pre-award review procurement documents, such as requests for proposals or invitations for bids, independent cost estimates, etc. when:

(i) A grantee's or subgrantee's procurement procedures or operation fails to comply with the procurement standards in this section; or

(ii) The procurement is expected to exceed the simplified acquisition threshold and is to be awarded without competition or only one bid or offer is received in response to a solicitation; or

(iii) The procurement, which is expected to exceed the simplified acquisition threshold, specifies a "brand name" product; or

(iv) The proposed award is more than the simplified acquisition threshold and is to be awarded to other than the apparent low bidder under a sealed bid procurement; or

(v) A proposed contract modification changes the scope of a contract or increases the contract amount by more than the simplified acquisition threshold.

(3) A grantee or subgrantee will be exempt from the pre-award review in paragraph (g)(2) of this section if the awarding agency determines that its procurement systems comply with the standards of this section.

(i) A grantee or subgrantee may request that its procurement system be reviewed by the awarding agency to determine whether its system meets these standards in order for its system
§ 1157.36

45 CFR Ch. XI (10–1–99 Edition)

to be certified. Generally, these reviews shall occur where there is a continuous high-dollar funding, and third-party contracts are awarded on a regular basis.

(ii) A grantee or subgrantee may self-certify its procurement system. Such self-certification shall not limit the awarding agency's right to survey the system. Under a self-certification procedure, awarding agencies may wish to rely on written assurances from the grantee or subgrantee that it is complying with these standards. A grantee or subgrantee will cite specific procedures, regulations, standards, etc., as being in compliance with these requirements and have its system available for review.

(h) Bonding requirements. For construction or facility improvement contracts or subcontracts exceeding the simplified acquisition threshold, the awarding agency may accept the bonding policy and requirements of the grantee or subgrantee provided the awarding agency has made a determination that the awarding agency's interest is adequately protected. If such a determination has not been made, the minimum requirements shall be as follows:

(1) A bid guarantee from each bidder equivalent to five percent of the bid price. The "bid guarantee" shall consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of his bid, execute such contractual documents as may be required within the time specified.

(2) A performance bond on the part of the contractor for 100 percent of the contract price. A "performance bond" is one executed in connection with a contract to secure fulfillment of all the contractor's obligations under such contract.

(3) A payment bond on the part of the contractor for 100 percent of the contract price. A "payment bond" is one executed in connection with a contract to assure payment as required by law of all persons supplying labor and material in the execution of the work provided for in the contract.

(i) Contract provisions. A grantee's and subgrantee's contracts must contain provisions in paragraph (i) of this section. Federal agencies are permitted to require changes, remedies, changed conditions, access and records retention, suspension of work, and other clauses approved by the Office of Federal Procurement Policy.

(1) Administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as may be appropriate. (Contracts more than the simplified acquisition threshold)

(2) Termination for cause and for convenience by the grantee or subgrantee including the manner by which it will be effected and the basis for settlement. (All contracts in excess of $10,000)

(3) Compliance with Executive Order 11246 of September 24, 1965, entitled "Equal Employment Opportunity," as amended by Executive Order 11375 of October 13, 1967, and as supplemented in Department of Labor regulations (41 CFR chapter 60). (All construction contracts awarded in excess of $10,000 by grantees and their contractors or subgrantees)

(4) Compliance with the Copeland "Anti-Kickback" Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR Part 3). (All contracts and subgrants for construction or repair)

(5) Compliance with the Davis-Bacon Act (40 U.S.C. 276a to 276a–7) as supplemented by Department of Labor regulations (29 CFR Part 5). (Construction contracts in excess of $2000 awarded by grantees and subgrantees when required by Federal grant program legislation)

(6) Compliance with Sections 103 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327–330) as supplemented by Department of Labor regulations (29 CFR Part 5). (Construction contracts awarded by grantees and subgrantees in excess of $2000, and in excess of $2500 for other contracts which involve the employment of mechanics or laborers)

(7) Notice of awarding agency requirements and regulations pertaining to reporting.

(8) Notice of awarding agency requirements and regulations pertaining
1157.40 Monitoring and reporting program performance.

(a) Monitoring by grantees. Grantees are responsible for managing the day-to-day operations of grant and subgrant supported activities. Grantees must monitor grant and subgrant supported activities to assure compliance with applicable Federal requirements and that performance goals are being achieved. Grantee monitoring must cover each program, function or activity.

(b) Nonconstruction performance reports. The Federal agency may, if it decides that performance information available from subsequent applications contains sufficient information to meet its programmatic needs, require the grantee to submit a performance report.

§ 1157.37 Subgrants.

(a) States. States shall follow state law and procedures when awarding and administering subgrants (whether on a cost reimbursement or fixed amount basis) of financial assistance to local and Indian tribal governments. States shall:

(1) Ensure that every subgrant includes any clauses required by Federal statute and executive orders and their implementing regulations;

(2) Ensure that subgrantees are aware of requirements imposed upon them by Federal statutes and regulations;

(3) Conform any advances of grant funds to subgrantees substantially to the same standards of timing and amount that apply to cash advances by Federal agencies.

(b) All other grantees. All other grantees shall follow the provisions of this part which are applicable to awarding agencies when awarding and administering subgrants (whether on a cost reimbursement or fixed amount basis) of financial assistance to local and Indian tribal governments. Grantees shall:

(1) Ensure that every subgrant includes a provision for compliance with this part;

(2) Ensure that every subgrant includes any clauses required by Federal statute and executive orders and their implementing regulations; and

(3) Ensure that subgrantees are aware of requirements imposed upon them by Federal statutes and regulations.

(c) Exceptions. By their own terms, certain provisions of this part do not apply to the award and administration of subgrants:

(1) Section 1157.10;

(2) Section 1157.11;

(3) The letter-of-credit procedures specified in Treasury Regulations at 31 CFR part 205, cited in §1157.21; and

(4) Section 1157.50.
§ 1157.41 Financial reporting.

(a) General. (1) Except as provided in paragraphs (a) (2) and (5) of this section, grantees will use only the forms specified in paragraphs (a) through (e) of this section, and such supplementary or other forms as may from time to time be authorized by OMB, for:

(i) Submitting financial reports to Federal agencies, or

(ii) Requesting advances or reimbursements when letters of credit are not used.

(2) Grantees need not apply the forms prescribed in this section in dealing with their subgrantees. However, grantees shall not impose more burdensome requirements on subgrantees.

(c) Construction performance reports. For the most part, on-site technical inspections and certified percentage-of-completion data are relied on heavily by Federal agencies to monitor progress under construction grants and subgrants. The Federal agency will require additional formal performance reports only when considered necessary, and never more frequently than quarterly.

(d) Significant developments. Events may occur between the scheduled performance reporting dates which have significant impact upon the grant or subgrant supported activity. In such cases, the grantee must inform the Federal agency as soon as the following types of conditions become known:

(1) Problems, delays, or adverse conditions which will materially impair the ability to meet the objective of the award. This disclosure must include a statement of the action taken, or contemplated, and any assistance needed to resolve the situation.

(2) Favorable developments which enable meeting time schedules and objectives sooner or at less cost than anticipated or producing more beneficial results than originally planned.

(e) Federal agencies may make site visits as warranted by program needs.

(f) Waivers, extensions. (1) Federal agencies may waive any performance report required by this part if not needed.

(2) The grantee may waive any performance report from a subgrantee when not needed. The grantee may extend the due date for any performance report from a subgrantee if the grantee will still be able to meet its performance reporting obligations to the Federal agency.
paragraphs (b) through (e) of this section. Federal agencies may issue substantive supplementary instructions only with the approval of OMB. Federal agencies may shade out or instruct the grantee to disregard any line item that the Federal agency finds unnecessary for its decisionmaking purposes.

(4) Grantees will not be required to submit more than the original and two copies of forms required under this part.

(5) Federal agencies may provide computer outputs to grantees to expedite or contribute to the accuracy of reporting. Federal agencies may accept the required information from grantees in machine usable format or computer printouts instead of prescribed forms.

(6) Federal agencies may waive any report required by this section if not needed.

(7) Federal agencies may extend the due date of any financial report upon receiving a justified request from a grantee.

(b) Financial Status Report—(1) Form. Grantees will use Standard Form 269 or 269A, Financial Status Report, to report the status of funds for all non-construction grants and for construction grants when required in accordance with paragraph §1157.41(e)(2)(iii) of this section.

(2) Accounting basis. Each grantee will report program outlays and program income on a cash or accrual basis as prescribed by the awarding agency. If the Federal agency requires accrual information and the grantee's accounting records are not normally kept on the accrual basis, the grantee shall not be required to convert its accounting system but shall develop such accrual information through and analysis of the documentation on hand.

(3) Frequency. The Federal agency may prescribe the frequency of the report for each project or program. However, the report will not be required more frequently than quarterly. If the Federal agency does not specify the frequency of the report, it will be submitted annually. A final report will be required upon expiration or termination of grant support.

(4) Due date. When reports are required on a quarterly or semiannual basis, they will be due 30 days after the reporting period. When required on an annual basis, they will be due 90 days after the grant year. Final reports will be due 90 days after the expiration or termination of grant support.

(c) Federal Cash Transactions Report—(1) Form. (i) For grants paid by letter or credit, Treasury check advances or electronic transfer of funds, the grantee will submit the Standard Form 272, Federal Cash Transactions Report, and when necessary, its continuation sheet, Standard Form 272a, unless the terms of the award exempt the grantee from this requirement.

(ii) These reports will be used by the Federal agency to monitor cash advanced to grantees and to obtain disbursement or outlay information for each grant from grantees. The format of the report may be adapted as appropriate when reporting is to be accomplished with the assistance of automatic data processing equipment provided that the information to be submitted is not changed in substance.

(2) Forecasts of Federal cash requirements. Forecasts of Federal cash requirements may be required in the “Remarks” section of the report.

(3) Cash in hands of subgrantees. When considered necessary and feasible by the Federal agency, grantees may be required to report the amount of cash advances in excess of three days' needs in the hands of their subgrantees or contractors and to provide short narrative explanations of actions taken by the grantee to reduce the excess balances.

(4) Frequency and due date. Grantees must submit the report no later than 15 working days following the end of each quarter. However, where an advance either by letter of credit or electronic transfer of funds is authorized at an annualized rate of one million dollars or more, the Federal agency may require the report to be submitted within 15 working days following the end of each month.

(d) Request for advance or reimbursement—(1) Advance payments. Requests for Treasury check advance payments will be submitted on Standard Form 270, Request for Advance or Reimbursement. (This form will not be used for drawdowns under a letter of credit, electronic funds transfer or when
§ 1157.42 Retention and access requirements for records.

(a) Applicability. (1) This section applies to all financial and programmatic records, supporting documents, statistical records, and other records of grantees or subgrantees which are:
(i) Required to be maintained by the terms of this part, program regulations or the grant agreement, or
(ii) Otherwise reasonably considered as pertinent to program regulations or the grant agreement.

(2) This section does not apply to records maintained by contractors or subcontractors. For a requirement to place a provision concerning records in certain kinds of contracts, see §1157.36(i)(10).

(b) Length of retention period. (1) Except as otherwise provided, records must be retained for three years from the starting date specified in paragraph (c) of this section.

(2) If any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

(3) To avoid duplicate recordkeeping, awarding agencies may make special arrangements with grantees and subgrantees to retain any records which are continuously needed for joint use. The awarding agency will request transfer of records to its custody when it determines that the records possess long-term retention value. When the records are transferred to or maintained by the Federal agency, the 3-year retention requirement is not applicable to the grantee or subgrantee.

(c) Starting date of retention period.—(1) General. When grant support is continued or renewed at annual or other intervals, the retention period for the records of each funding period starts on the day the grantee or subgrantee submits to the awarding agency its single or last expenditure report for that period. However, if grant support is continued or renewed quarterly, the retention period for each year's records starts on the day the grantee submits
its expenditure report for the last quarter of the Federal fiscal year. In all other cases, the retention period starts on the day the grantee submits its final expenditure report. If an expenditure report has been waived, the retention period starts on the day the report would have been due.

(2) Real property and equipment records. The retention period for real property and equipment records starts from the date of the disposition or replacement or transfer at the direction of the awarding agency.

(3) Records for income transactions after grant or subgrant support. In some cases grantees must report income after the period of grant support. Where there is such a requirement, the retention period for the records pertaining to the earning of the income starts from the end of the grantee's fiscal year in which the income is earned.

(4) Indirect cost rate proposals, cost allocations plans, etc. This paragraph applies to the following types of documents, and their supporting records: Indirect cost rate computations or proposals, cost allocation plans, and any similar accounting computations of the rate at which a particular group of costs is chargeable (such as computer usage chargeback rates or composite fringe benefit rates).

(i) If submitted for negotiation. If the proposal, plan, or other computation is required to be submitted to the Federal Government (or to the grantee) to form the basis for negotiation of the rate, then the 3-year retention period for its supporting records starts from the date of such submission.

(ii) If not submitted for negotiation. If the proposal, plan, or other computation is not required to be submitted to the Federal Government (or to the grantee) for negotiation purposes, then the 3-year retention period for the proposal plan, or computation and its supporting records starts from end of the fiscal year (or other accounting period) covered by the proposal, plan, or other computation.

(d) Substitution of microfilm. Copies made by microfilming, photocopying, or similar methods may be substituted for the original records.

(e) Access to records—(1) Records of grantees and subgrantees. The awarding agency and the Comptroller General of the United States, or any of their authorized representatives, shall have the right of access to any pertinent books, documents, papers, or other records of grantees and subgrantees which are pertinent to the grant, in order to make audits, examinations, excerpts, and transcripts.

(2) Epiration of right of access. The rights of access in this section must not be limited to the required retention period but shall last as long as the records are retained.

(f) Restrictions on public access. The Federal Freedom of Information Act (5 U.S.C. 552) does not apply to records Unless required by Federal, State, or local law, grantees and subgrantees are not required to permit public access to their records.

§ 1157.43 Enforcement.

(a) Remedies for noncompliance. If a grantee or subgrantee materially fails to comply with any term of an award, whether stated in a Federal statute or regulation, an assurance, in a State plan or application, a notice of award, or elsewhere, the awarding agency may take one or more of the following actions, as appropriate in the circumstances:

(1) Temporarily withhold cash payments pending correction of the deficiency by the grantee or subgrantee or more severe enforcement action by the awarding agency,

(2) Disallow (that is, deny both use of funds and matching credit for) all or part of the cost of the activity or action not in compliance,

(3) Wholly or partly suspend or terminate the current award for the grantee's or subgrantee's program,

(4) Withhold further awards for the program, or

(5) Take other remedies that may be legally available.

(b) Hearings, appeals. In taking an enforcement action, the awarding agency will provide the grantee or subgrantee an opportunity for such hearing, appeal, or other administrative proceeding to which the grantee or subgrantee is entitled under any statute or regulation applicable to the action involved.
§ 1157.44 Termination for convenience.

Except as provided in §1157.43 awards may be terminated in whole or in part only as follows:

(a) By the awarding agency with the consent of the grantee or subgrantee in which case the two parties shall agree upon the termination conditions, including the effective date and in the case of partial termination, the portion to be terminated, or
(b) By the grantee or subgrantee upon written notification to the awarding agency, setting forth the reasons for such termination, the effective date, and in the case of partial termination, the portion to be terminated. However, if, in the case of a partial termination, the awarding agency determines that the remaining portion of the award will not accomplish the purposes for which the award was made, the awarding agency may terminate the award in its entirety under either §1157.43 or paragraph (a) of this section.

Subpart D—After-the-Grant Requirements

§ 1157.50 Closeout.

(a) General. The Federal agency will close out the award when it determines that all applicable administrative actions and all required work of the grant has been completed.

(b) Reports. Within 90 days after the expiration or termination of the grant, the grantee must submit all financial, performance, and other reports required as a condition of the grant. Upon request by the grantee, Federal agencies may extend this timeframe. These may include but are not limited to:

(1) Final performance or progress report.
(2) Financial Status Report (SF 269) or Outlay Report and Request for Reimbursement for Construction Programs (SF-271) (as applicable).
(3) Final request for payment (SF-270) (if applicable).
(4) Invention disclosure (if applicable).
(5) Federally-owned property report:

In accordance with §1157.32(f), a grantee must submit an inventory of all federally owned property (as distinct from property acquired with grant funds) for which it is accountable and request disposition instructions from the Federal agency of property no longer needed.

(c) Cost adjustment. The Federal agency will, within 90 days after receipt of reports in paragraph (b) of this section, make upward or downward adjustments to the allowable costs.

(d) Cash adjustments. (1) The Federal agency will make prompt payment to the grantee for allowable reimbursable costs.

(2) The grantee must immediately refund to the Federal agency any balance of unobligated (unencumbered) cash advanced that is not authorized to be retained for use on other grants.

§ 1157.51 Later disallowances and adjustments.

The closeout of a grant does not affect:

(a) The Federal agency’s right to disallow costs and recover funds on the basis of a later audit or other review;
National Foundation on the Arts and the Humanities § 1158.100

(b) The grantee’s obligation to return any funds due as a result of later refunds, corrections, or other transactions;
(c) Records retention as required in § 1157.42;
(d) Property management requirements in §§ 1157.31 and 1157.32; and
(e) Audit requirements in § 1157.26.

§ 1157.52 Collection of amounts due.

(a) Any funds paid to a grantee in excess of the amount to which the grantee is finally determined to be entitled under the terms of the award constitute a debt to the Federal Government. If not paid within a reasonable period after demand, the Federal agency may reduce the debt by:
   (1) Making an administrative offset against other requests for reimbursements,
   (2) Withholding advance payments otherwise due to the grantee, or
   (3) Other action permitted by law.
(b) Except where otherwise provided by statutes or regulations, the Federal agency will charge interest on an overdue debt in accordance with the Federal Claims Collection Standards (4 CFR Chapter II). The date from which interest is computed is not extended by litigation or the filing of any form of appeal.

Subpart A—General

§ 1158.100 Conditions on use of funds.

(a) No appropriated funds may be expended by the recipient of a Federal contract, grant, loan, or cooperative agreement to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any of the following covered Federal actions: the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the making of any Federal cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
(b) Each person who requests or receives from an agency a Federal contract, grant, loan, or cooperative agreement shall file with that agency a certification, set forth in appendix A, that the person has not made, and will not make, any payment prohibited by paragraph (a) of this section.
(c) Each person who requests or receives from an agency a Federal contract, grant, loan, or cooperative agreement shall file with that agency a disclosure form, set forth in appendix B, if such person has made or has agreed to make any payment using
nonappropriated funds (to include profits from any covered Federal action), which would be prohibited under paragraph (a) of this section if paid for with appropriated funds.

(d) Each person who requests or receives from an agency a commitment providing for the United States to insure or guarantee a loan shall file with that agency a statement, set forth in appendix A, whether that person has made or has agreed to make any payment to influence or attempt to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with that loan insurance or guarantee.

(e) Each person who requests or receives from an agency a commitment providing for the United States to insure or guarantee a loan shall file with that agency a disclosure form, set forth in appendix B, if that person has made or has agreed to make any payment to influence or attempt to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with that loan insurance or guarantee.

§ 1158.105 Definitions.

For purposes of this part:

(a) Agency, as defined in 5 U.S.C. 552(f), includes Federal executive departments and agencies as well as independent regulatory commissions and Government corporations, as defined in 31 U.S.C. 9101(1).

(b) Covered Federal action means any of the following Federal actions:

(1) The awarding of any Federal contract;
(2) The making of any Federal grant;
(3) The making of any Federal loan;
(4) The entering into of any cooperative agreement; and,
(5) The extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

Covered Federal action does not include receiving from an agency a commitment providing for the United States to insure or guarantee a loan. Loan guarantees and loan insurance are addressed independently within this part.

(c) Federal contract means an acquisition contract awarded by an agency, including those subject to the Federal Acquisition Regulation (FAR), and any other acquisition contract for real or personal property or services not subject to the FAR.

(d) Federal cooperative agreement means a cooperative agreement entered into by an agency.

(e) Federal grant means an award of financial assistance in the form of money, or property in lieu of money, by the Federal Government or a direct appropriation made by law to any person. The term does not include technical assistance which provides services instead of money, or other assistance in the form of revenue sharing, loans, loan guarantees, loan insurance, interest subsidies, insurance, or direct United States cash assistance to an individual.

(f) Federal loan means a loan made by an agency. The term does not include loan guarantee or loan insurance.

(g) Indian tribe and tribal organization have the meaning provided in section 4 of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450B). Alaskan Natives are included under the definitions of Indian tribes in that Act.

(h) Influencing or attempting to influence means making, with the intent to influence, any communication to or appearance before an officer or employee or any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any covered Federal action.

(i) Loan guarantee and loan insurance means an agency’s guarantee or insurance of a loan made by a person.

(j) Local government means a unit of government in a State and, if chartered, established, or otherwise recognized by a State for the performance of a governmental duty, including a local public authority, a special district, an intrastate district, a council of governments, a sponsor group representative organization, and any other instrumentality of a local government.
§ 1158.110 Certification and disclosure.

(a) Each person shall file a certification, and a disclosure form, if required, with each submission that initiates agency consideration of such person for:

(1) Award of a Federal contract, grant, or cooperative agreement exceeding $100,000; or

(2) An award of a Federal loan or a commitment providing for the United States to insure or guarantee a loan exceeding $150,000.

(b) Each person shall file a certification, and a disclosure form, if required, upon receipt by such person of:

(1) A Federal contract, grant, or cooperative agreement exceeding $100,000; or

(2) A Federal loan or a commitment providing for the United States to insure or guarantee a loan exceeding $150,000, unless such person previously filed a certification, and a disclosure form, if required, under paragraph (a) of this section.

(c) Each person shall file a disclosure form at the end of each calendar quarter in which there occurs any event providing for the United States to insure or guarantee a loan, an officer or employee who is employed by such person for at least 130 working days within one year immediately preceding the date of the submission that initiates agency consideration of such person for receipt of such contract, grant, loan, cooperative agreement, loan insurance commitment, or loan guarantee commitment. An officer or employee who is employed by such person for less than 130 working days within one year immediately preceding the date of the submission that initiates agency consideration of such person shall be considered to be regularly employed as soon as he or she is employed by such person for 130 working days.
§ 1158.200

that requires disclosure or that materially affects the accuracy of the information contained in any disclosure form previously filed by such person under paragraph (a) or (b) of this section. An event that materially affects the accuracy of the information reported includes:

(1) A cumulative increase of $25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered Federal action; or

(2) A change in the person(s) or individual(s) influencing or attempting to influence a covered Federal action; or,

(3) A change in the officer(s), employee(s), or Member(s) contacted to influence or attempt to influence a covered Federal action.

(d) Any person who requests or receives from a person referred to in paragraph (a) or (b) of this section:

(1) A subcontract exceeding $100,000 at any tier under a Federal contract;

(2) A subgrant, contract, or subcontract exceeding $100,000 at any tier under a Federal grant;

(3) A contract or subcontract exceeding $100,000 at any tier under a Federal loan exceeding $150,000; or,

(4) A contract or subcontract exceeding $100,000 at any tier under a Federal cooperative agreement,

shall file a certification, and a disclosure form, if required, to the next tier above.

(e) All disclosure forms, but not certifications, shall be forwarded from tier to tier until received by the person referred to in paragraph (a) or (b) of this section. That person shall forward all disclosure forms to the agency.

(f) Any certification or disclosure form filed under paragraph (e) of this section shall be treated as a material representation of fact upon which all receiving tiers shall rely. All liability arising from an erroneous representation shall be borne solely by the tier filing that representation and shall not be shared by any tier to which the erroneous representation is forwarded. Submitting an erroneous certification or disclosure constitutes a failure to file the required certification or disclosure, respectively. If a person fails to file a required certification or disclosure, the United States may pursue all available remedies, including those authorized by section 1352, title 31, U.S. Code.

(g) For awards and commitments in process prior to December 23, 1989, but not made before that date, certifications shall be required at award or commitment, covering activities occurring between December 23, 1989, and the date of award or commitment. However, for awards and commitments in process prior to the December 23, 1989 effective date of these provisions, but not made before December 23, 1989, disclosure forms shall not be required at time of award or commitment but shall be filed within 30 days.

(h) No reporting is required for an activity paid for with appropriated funds if that activity is allowable under either subpart B or C.

Subpart B—Activities by Own Employees

§ 1158.200 Agency and legislative liaison.

(a) The prohibition on the use of appropriated funds, in §1158.100 (a), does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement if the payment is for agency and legislative liaison activities not directly related to a covered Federal action.

(b) For purposes of paragraph (a) of this section, providing any information specifically requested by an agency or Congress is allowable at any time.

(c) For purposes of paragraph (a) of this section, the following agency and legislative liaison activities are allowable at any time only where they are not related to a specific solicitation for any covered Federal action:

(1) Discussing with an agency (including individual demonstrations) the qualities and characteristics of the person's products or services, conditions or terms of sale, and service capabilities; and,

(2) Technical discussions and other activities regarding the application or adaptation of the person’s products or services for an agency’s use.

(d) For purposes of paragraph (a) of this section, the following agencies and
legislative liaison activities are allowable only where they are prior to formal solicitation of any covered Federal action:

(1) Providing any information not specifically requested but necessary for an agency to make an informed decision about initiation of a covered Federal action;

(2) Technical discussions regarding the preparation of an unsolicited proposal prior to its official submission; and,

(3) Capability presentations by persons seeking awards from an agency pursuant to the provisions of the Small Business Act, as amended by Pub. L. 95-507 and other subsequent amendments.

(e) Only those activities expressly authorized by this section are allowable under this section.

§ 1158.205 Professional and technical services.

(a) The prohibition on the use of appropriated funds, in §1158.100 (a), does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement or an extension, continuation, renewal, amendment, or modification of a Federal contract, grant, loan, or cooperative agreement if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal contract, grant, loan, or cooperative agreement or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal contract, grant, loan, or cooperative agreement.

(b) For purposes of paragraph (a) of this section, professional and technical services shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting of a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered Federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client’s proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered Federal action.

(c) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.

(d) Only those services expressly authorized by this section are allowable under this section.

§ 1158.210 Reporting.

No reporting is required with respect to payments of reasonable compensation made to regularly employed officers or employees of a person.

Subpart C—Activities by Other Than Own Employees

§ 1158.300 Professional and technical services.

(a) The prohibition on the use of appropriated funds, in §1158.100 (a), does not apply in the case of any reasonable
§ 1158.400 Penalties.

(a) Any person who makes an expenditure prohibited herein shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such expenditure.

(b) Any person who fails to file or amend the disclosure form (see Appendix B) to be filed or amended if required herein, shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

(c) A filing or amended filing on or after the date on which an administrative action for the imposition of a civil penalty is commenced does not prevent the imposition of such civil penalty for a failure occurring before that date. An administrative action is commenced with respect to a failure when an investigating official determines in writing to commence an investigation of an allegation of such failure.

(d) In determining whether to impose a civil penalty, and the amount of any such penalty, by reason of a violation by any person, the agency shall consider the nature, circumstances, extent, and gravity of the violation, the effect on the ability of such person to...
continue in business, any prior violations by such person, the degree of culpability of such person, the ability of the person to pay the penalty, and such other matters as may be appropriate.

(e) First offenders under paragraph (a) or (b) of this section shall be subject to a civil penalty of $10,000, absent aggravating circumstances. Second and subsequent offenses by persons shall be subject to an appropriate civil penalty between $10,000 and $100,000, as determined by the agency head or his or her designee.

(f) An imposition of a civil penalty under this section does not prevent the United States from seeking any other remedy that may apply to the same conduct that is the basis for the imposition of such civil penalty.

§ 1158.405 Penalty procedures.

Agencies shall impose and collect civil penalties pursuant to the provisions of the Program Fraud and Civil Remedies Act, 31 U.S.C. sections 3803 (except subsection (c)), 3804, 3805, 3806, 3807, 3808, and 3812, insofar as these provisions are not inconsistent with the requirements herein.

§ 1158.410 Enforcement.

The head of each agency shall take such actions as are necessary to ensure that the provisions herein are vigorously implemented and enforced in that agency.

Subpart E—Exemptions

§ 1158.500 Secretary of Defense.

(a) The Secretary of Defense may exempt, on a case-by-case basis, a covered Federal action from the prohibition whenever the Secretary determines, in writing, that such an exemption is in the national interest. The Secretary shall transmit a copy of each such written exemption to Congress immediately after making such a determination.

(b) The Department of Defense may issue supplemental regulations to implement paragraph (a) of this section.

§ 1158.600 Semi-annual Reports

(a) The head of each agency shall collect and compile the disclosure reports (see Appendix B) and, on May 31 and November 30 of each year, submit to the Secretary of the Senate and the Clerk of the House of Representatives a report containing a compilation of the information contained in the disclosure reports received during the six-month period ending on March 31 or September 30, respectively, of that year.

(b) The report, including the compilation, shall be available for public inspection 30 days after receipt of the report by the Secretary and the Clerk.

(c) Information that involves intelligence matters shall be reported only to the Select Committee on Intelligence of the Senate, the Permanent Select Committee on Intelligence of the House of Representatives, and the Committees on Appropriations of the Senate and the House of Representatives in accordance with procedures agreed to by such committees. Such information shall not be available for public inspection.

(d) Information that is classified under Executive Order 12356 or any successor order shall be reported only to the Committee on Foreign Relations of the Senate and the Committee on Foreign Affairs of the House of Representatives or the Committees on Armed Services of the Senate and the House of Representatives (whichever such committees have jurisdiction of matters involving such information) and to the Committees on Appropriations of the Senate and the House of Representatives in accordance with procedures agreed to by such committees. Such information shall not be available for public inspection.

(e) The first semi-annual compilation shall be submitted on May 31, 1990, and shall contain a compilation of the disclosure reports received from December 23, 1989 to March 31, 1990.

(f) Major agencies, designated by the Office of Management and Budget (OMB), are required to provide machine-readable compilations to the
§ 1158.605 Inspector General report.

(a) The Inspector General, or other official as specified in paragraph (b) of this section, of each agency shall prepare and submit to Congress each year, commencing with submission of the President’s Budget in 1991, an evaluation of the compliance of that agency with, and the effectiveness of, the requirements herein. The evaluation may include any recommended changes that may be necessary to strengthen or improve the requirements.

(b) In the case of an agency that does not have an Inspector General, the agency official comparable to an Inspector General shall prepare and submit the annual report, or, if there is no comparable official, the head of the agency shall prepare and submit the annual report.

(c) The annual report shall be submitted at the same time the agency submits its annual budget justifications to Congress.

(d) The annual report shall include the following: All alleged violations relating to the agency’s covered Federal actions during the year covered by the report, the actions taken by the head of the agency in the year covered by the report with respect to those alleged violations and alleged violations in previous years, and the amounts of civil penalties imposed by the agency in the year covered by the report.

§ 1160.1 Purpose and scope.
(a) This part sets forth the exhibition indemnity procedures of the Federal Council on the Arts and Humanities under the Arts and Artifacts Indemnity Act (Pub. L. 94–158) as required by section 2(a)(2) of the Act.

(b) Program guidelines and further information are available from the Indemnity Administrator, c/o Museum Program, National Endowment for the Arts, 1100 Pennsylvania Avenue, NW., Washington, DC 20506.

§ 1160.2 Federal Council on the Arts and the Humanities
For the purposes of this part (45 CFR part 1160) the Federal Council on the Arts and the Humanities shall be composed of the Chairman of the National Endowment for the Arts, the Chairman of the National Endowment for the Humanities, the Secretary of Education, the Director of the National Science Foundation, the Librarian of Congress, the Chairman of the Commission of Fine Arts, the Archivist of the United States, the Commissioner, Public Buildings Service, General Services Administration, the Administrator of the General Services Administration, the Director of the United States Information Agency, the Secretary of the Interior, the Secretary of Commerce, the Secretary of Transportation, the Chairman of the National Museum Services Board, the Director of the Institute of Museum Services, the Secretary of Housing and Urban Development, the Secretary of Labor, the Secretary of Veterans Affairs, and the Commissioner of the Administration on Aging.

§ 1160.3 Definitions.
For the purposes of this part:
(a) Council means the Federal Council on the Arts and the Humanities as defined in § 1160.2.
(b) Letter of Intent means an agreement by the Council to provide an indemnity covering a future exhibition subject to compliance with all requirements at the date the indemnity is to be effective.
(c) Lender means the owner of an object.
(d) Eligible item means an object which qualifies for coverage under the Arts and Artifacts Indemnity Act.
(e) Exhibition means a public display of an indemnified item(s) at one or more locations, as approved by the Council, presented by any person, nonprofit agency or institution, or Government, in the United States or elsewhere.
(f) On Exhibition means the period of time beginning on the date an indemnified item leaves the place designated by the lender and ending on the termination date.
(g) Indemnity Agreement means the contract between the Council and the indemnitee covering loss or damage to indemnified items under the authority
§ 1160.4 Eligibility.

An indemnity agreement made under these regulations shall cover:

(a) Eligible items from outside the United States while on exhibition in the United States;

(b) Eligible items from the United States while on exhibition outside this country, preferably when they are part of an exchange of exhibitions; and

(c) Eligible items from the United States while on exhibition in the United States, in connection with other eligible items from outside the United States which are integral to the exhibition as a whole.

Example 1

Museum A, an American art museum, is organizing a retrospective exhibition which will include more than 150 works of art by the Impressionist painter Auguste Renoir. The exhibition will present the full range of Renoir’s production for the first time ever in an American museum. Museums B and C, large national museums in Paris and London, have agreed to lend 125 major works of art illustrating every aspect of Renoir’s career. Museum A is also planning to include related works from other American public and private collections which have not been seen together since the artist’s death in 1919. Museums D and E, major east coast American art museums, have agreed to lend 25 masterworks by Renoir. The exhibition will open in Chicago and travel to San Francisco and Washington.

Discussion

Example 1 is a straightforward application of the amended indemnity regulations. Under the old regulations, only the works of art from Museums B and C, the foreign museums, would have been eligible for indemnification. Under the proposed Regulations, the works of art from American museums and other public and private collections also would be eligible for indemnification. In determining whether to indemnify the entire exhibition, the Federal Council will evaluate the exhibition as a whole and whether the foreign loans are integral to the educational, cultural, historical or scientific significance of the exhibition. In this example, the Federal Council would likely approve indemnification of the entire exhibit.

Example 2

Museum A in Massachusetts is organizing an exhibition celebrating 250 Years of Decorative Arts in America, to be held in conjunction with the state’s celebration of the millennium. Included among the objects to be borrowed from museums and historical societies in the United States are furniture, textiles, metalwork, ceramics, glass and jewelry, illustrating the best examples of American design from colonial times to the present. The curator traveled abroad recently and saw an exhibition of American quilts which have been acquired by a British decorative arts museum. He intends to borrow several of the quilts for the exhibition.

Discussion

Example 2 raises the question as to whether the American museum organizing the exhibition has included the British-owned American quilts merely to obtain insurance relief. In determining whether to indemnify the entire exhibition, the Federal Council will evaluate the exhibition as a whole and whether the foreign loans are integral to achieving its educational, cultural and historical purposes. Here, it is likely that the Federal Council will conclude that the foreign work are not an essential component of the exhibition. The Federal Council also may seek additional information from the applicant to determine whether the objectives of the exhibition could have been accomplished as satisfactorily by borrowing American quilts from U.S. collections. On these facts, the Federal Council in all likelihood would deny indemnification for the entire exhibition.

Example 3

Museum A, an American museum, is organizing an exhibition of the works of James Watkins, a nineteenth century American...
painter, focusing on his studies of human anatomy. Museum A has the foremost collection of preparatory drawings related to Watkins' major painting, "The Surgeon and His Students." The painting will be shown at Museum B after the U.S. tour. American Universities, C and D, have also agreed to lend anatomical illustrations and drawings which show Watkins' development as a draughtsman. The exhibition and accompanying catalogue are expected to shed new light on Watkins contributions to art and scientific history.

DISCUSSION

Example 3 addresses the issue of whether the Federal Council will indemnify an exhibition even where the U.S. objects outnumber the foreign loans. In determining whether to indemnify the entire exhibition, the Federal Council will evaluate the exhibition as a whole and the relationship of the foreign loans to the educational, cultural, historical and scientific significance of the exhibition. In this example, the exhibition promises to make important contributions not only to the history of art but also to the history of science. While there is only a single foreign work of art, it is clearly an essential component of the exhibition as a whole. The case for indemnification of the entire exhibition is further strengthened by the fact that a foreign masterpiece, which is closely related to the preparatory drawings and anatomical illustrations and drawings owned by American institutions, will be made available to the American public. Thus, the mere fact that the U.S. loans outnumber the foreign works will not in itself disqualify the entire exhibition for indemnification.

Details should include the date of loss, nature and cause of damage, and appraised value of the damaged item(s) both before and after loss;
(i) If the application is for an exhibition of loans from the United States, which are being shown outside the United States, the applicant should describe in detail the nature of the exchange of exhibitions of which it is a part if any, including all circumstances surrounding the exhibition being shown in the United States, with particular emphasis on facts concerning insurance or indemnity arrangements.
National Foundation on the Arts and the Humanities § 1160.10

(j) Upon proper submission of the above required information an application will be selected or rejected for indemnification by the Council. The review criteria include:

(1) Review of educational, cultural, historical, or scientific value as required under the provisions of the Arts and Artifacts Indemnity Act;

(2) Certification by the Director of the United States Information Agency that the exhibition is in the national interest; and

(3) Review of the availability of indemnity obligational authority under section 5(b) of the Arts and Artifacts Indemnity Act (20 U.S.C. 974).

[Approved under OMB control number 3135-0094]

§ 1160.6 Certificate of national interest.

After preliminary review the application will be submitted to the Director of the United States Information Agency for determination of national interest and issuance of a Certificate of National Interest.

§ 1160.7 Indemnity agreement.

In cases where the requirements of §§ 1160.4 and 1160.5 have been met to the satisfaction of the Council, an Indemnity Agreement pledging the full faith and credit of the United States for the agreed value of the exhibition in question may be issued to the indemnitee by the Council, subject to the provisions of § 1160.7.

§ 1160.8 Letter of intent.

In cases where an exhibition proposed for indemnification is planned to begin on a date more than twelve (12) months after the submission of the application, the Council, upon approval of such a preliminary application, may provide a Letter of Intent stating that it will, subject to the conditions set forth therein, issue an Indemnity Agreement prior to commencement of the exhibition. In such cases, the Council will examine a final application during the twelve (12) month period prior to the date the exhibition is to commence, and shall, upon being satisfied that such conditions have been fulfilled, issue an Indemnity Agreement.

§ 1160.9 Loss adjustment.

(a) In the event of loss or damage covered by an Indemnity Agreement, the indemnitee without delay shall file a Notice of Loss or Damage with the Council and shall exercise reasonable care in order to minimize the amount of loss. Within a reasonable time after a loss has been sustained, the claimant shall file a Proof of Loss or Damage on forms provided by the Council. Failure to report such loss or damage and to file such Proof of Loss within sixty (60) days after the termination date as defined in § 1160.3(k) shall invalidate any claim under the Indemnity Agreement.

(b) In the event of total loss or destruction of an indemnified item, indemnification will be made on the basis of the amount specified in the Indemnity Agreement.

(c) In the event of partial loss, or damage, and reduction in the fair market value, as a result thereof, to an indemnified item, indemnification will be made on the basis provided for in the Indemnity Agreement.

(d) No loss or damage claim will be paid in excess of the Indemnification Limits specified in § 1160.11.

§ 1160.10 Certification of claim and amount of loss to the Congress.

Upon receipt of a claim of total loss or a claim in which the Council is in agreement with respect to the amount of partial loss, or damage and reduction in fair market value as a result thereof, the Council shall certify the validity of the claim and the amount of such loss or damage and reduction in fair market value as a result thereof,
§ 1160.11 Appraisal procedures.

(a) In the event the Council and the indemnitee fail to agree on the amount of partial loss, or damage to, or any reduction in the fair market value as a result thereof, to the indemnified item(s), each shall select a competent appraiser(s) with evidence to be provided to show that the indemnitee’s selection is satisfactory to the owner. The appraiser(s) selected by the Council and the indemnitee shall then select a competent and disinterested arbitrator.

(b) After selection of an arbitrator, the appraisers shall assess the partial loss, or damage to, or where appropriate, any reduction in the fair market value of, the indemnified item(s). The appraisers’ agreement with respect to these issues shall determine the dollar value of such loss or damage or repair costs, and where appropriate, such reduction in the fair market value. Disputes between the appraisers with respect to partial loss, damage repair costs, and fair market value reduction of any item shall be submitted to the arbitrator for determination. The appraisers’ agreement or the arbitrator’s determination shall be final and binding on the parties, and agreement on amount or such determination on amount shall be certified to the Speaker of the House and the President pro tempore of the Senate by the Council.

(c) Each appraiser shall be paid by the party selecting him or her. The arbitrator and all other expenses of the appraisal shall be paid by the parties in equal shares.

§ 1160.12 Indemnification Limits.

The dollar amounts of the limits described below are found in the guidelines referred to in §1160.1 and are based upon the statutory limits in the Arts and Artifacts Indemnity Act (20 U.S.C. 974).

(a) There is a maximum amount of loss or damage covered in a single exhibition or an Indemnity Agreement.

(b) A sliding scale deductible amount is applicable to loss or damage arising out of a single exhibition for which an indemnity is issued.

(c) There is an aggregate amount of loss or damage covered by indemnity agreements at any one time.

(d) The maximum value of eligible items carried in or upon any single instrumentality of transportation at any one time, is established by the Council.

(c) Each person shall file a disclosure form at the end of each calendar quarter in which there occurs any event that requires disclosure or that materially affects the accuracy of the information contained in any disclosure form previously filed by such person under paragraph (a) or (b) of this section. An event that materially affects the accuracy of the information reported includes:

(1) A cumulative increase of $25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered Federal action; or

(2) A change in the person(s) or individual(s) influencing or attempting to influence a covered Federal action; or,

(3) A change in the officer(s), employee(s), or Member(s) contacted to influence or attempt to influence a covered Federal action.

(d) Any person who requests or receives from a person referred to in paragraph (a) or (b) of this section:

(1) A subcontract exceeding $100,000 at any tier under a Federal contract; or

(2) A subgrant, contract, or subcontract exceeding $100,000 at any tier under a Federal grant;
§ 1168.200

(3) A contract or subcontract exceeding $100,000 at any tier under a Federal loan exceeding $150,000; or,

(4) A contract or subcontract exceeding $100,000 at any tier under a Federal cooperative agreement,

shall file a certification, and a disclosure form, if required, to the next tier above.

(e) All disclosure forms, but not certifications, shall be forwarded from tier to tier until received by the person referred to in paragraph (a) or (b) of this section. That person shall forward all disclosure forms to the agency.

(f) Any certification or disclosure form filed under paragraph (e) of this section shall be treated as a material representation of fact upon which all receiving tiers shall rely. All liability arising from an erroneous representation shall be borne solely by the tier filing that representation and shall not be shared by any tier to which the erroneous representation is forwarded. Submitting an erroneous certification or disclosure constitutes a failure to file the required certification or disclosure, respectively. If a person fails to file a required certification or disclosure, the United States may pursue all available remedies, including those authorized by section 1352, title 31, U.S. Code.

(g) For awards and commitments in process prior to December 23, 1989, but not made before that date, certifications shall be required at award or commitment, covering activities occurring between December 23, 1989, and the date of award or commitment. However, for awards and commitments in process prior to the December 23, 1989 effective date of these provisions, but not made before December 23, 1989, disclosure forms shall not be required at time of award or commitment but shall be filed within 30 days.

(h) No reporting is required for an activity paid for with appropriated funds if that activity is allowable under either subpart B or C.

Subpart B—Activities by Own Employees

§ 1168.200 Agency and legislative liaison.

(a) The prohibition on the use of appropriated funds, in § 1168.100 (a), does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement if the payment is for agency and legislative liaison activities not directly related to a covered Federal action.

(b) For purposes of paragraph (a) of this section, providing any information specifically requested by an agency or Congress is allowable at any time.

(c) For purposes of paragraph (a) of this section, the following agency and legislative liaison activities are allowable at any time only where they are not related to a specific solicitation for any covered Federal action:

(1) Discussing with an agency (including individual demonstrations) the qualities and characteristics of the person’s products or services, conditions or terms of sale, and service capabilities; and,

(2) Technical discussions and other activities regarding the application or adaptation of the person’s products or services for an agency’s use.

(d) For purposes of paragraph (a) of this section, the following agencies and legislative liaison activities are allowable only where they are prior to formal solicitation of any covered Federal action:

(1) Providing any information not specifically requested but necessary for an agency to make an informed decision about initiation of a covered Federal action;

(2) Technical discussions regarding the preparation of an unsolicited proposal prior to its official submission; and,

(3) Capability presentations by persons seeking awards from an agency pursuant to the provisions of the Small Business Act, as amended by Pub. L.
§ 1168.300

Professional and technical services.

(a) The prohibition on the use of appropriated funds, in §1168.100 (a), does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement or an extension, continuation, renewal, amendment, or modification of a Federal contract, grant, loan, or cooperative agreement if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal contract, grant, loan, or cooperative agreement or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal contract, grant, loan, or cooperative agreement.

(b) For purposes of paragraph (a) of this section, "professional and technical services" shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting of a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission, or negotiation of a covered Federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client's proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered Federal action.

(c) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.

(d) Only those services expressly authorized by this section are allowable under this section.

§ 1168.205 Professional and technical services.

(e) Only those activities expressly authorized by this section are allowable under this section.

§ 1168.205

Professional and technical services.

(a) The prohibition on the use of appropriated funds, in §1168.100 (a), does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement or an extension, continuation, renewal, amendment, or modification of a Federal contract, grant, loan, or cooperative agreement if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal contract, grant, loan, or cooperative agreement or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal contract, grant, loan, or cooperative agreement.

(b) For purposes of paragraph (a) of this section, "professional and technical services" shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting of a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission, or negotiation of a covered Federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client's proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered Federal action.

(c) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.

(d) Only those services expressly authorized by this section are allowable under this section.

§ 1168.210 Reporting.

No reporting is required with respect to payments of reasonable compensation made to regularly employed officers or employees of a person.

Subpart C—Activities by Other Than Own Employees

§ 1168.300 Professional and technical services.

(a) The prohibition on the use of appropriated funds, in §1168.100 (a), does not apply in the case of a payment of reasonable compensation made to a person, other than an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement or an extension, continuation, renewal, amendment, or modification of a Federal contract, grant, loan, or cooperative agreement if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal contract, grant, loan, or cooperative agreement or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal contract, grant, loan, or cooperative agreement.

(b) The reporting requirements in §1168.110 (a) and (b) regarding filing a disclosure form by each person, if required, shall not apply with respect to
§ 1168.400 Penalties.

(a) Any person who makes an expenditure prohibited herein shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such expenditure.

(b) Any person who fails to file or amend the disclosure form (see appendix B) to be filed or amended if required herein, shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

(c) A filing or amended filing on or after the date on which an administrative action for the imposition of a civil penalty is commenced does not prevent the imposition of such civil penalty for a failure occurring before that date. An administrative action is commenced with respect to a failure when an investigating official determines in writing to commence an investigation of an allegation of such failure.

(d) In determining whether to impose a civil penalty, and the amount of any such penalty, by reason of a violation by any person, the agency shall consider the nature, circumstances, extent, and gravity of the violation, the effect on the ability of such person to continue in business, any prior violations by such person, the degree of culpability of such person, the ability of the person to pay the penalty, and such other matters as may be appropriate.

(e) First offenders under paragraph (a) or (b) of this section shall be subject to a civil penalty of $10,000, absent aggravating circumstances. Second and subsequent offenses by persons shall be subject to an appropriate civil penalty between $10,000 and $100,000, as determined by the agency head or his or her designee.

(f) An imposition of a civil penalty under this section does not prevent the United States from seeking any other remedy that may apply to the same
conduct that is the basis for the imposition of such civil penalty.

§ 1168.405 Penalty procedures.

Agencies shall impose and collect civil penalties pursuant to the provisions of the Program Fraud and Civil Remedies Act, 31 U.S.C. sections 3803 (except subsection (c)), 3804, 3805, 3806, 3807, 3808, and 3812, insofar as these provisions are not inconsistent with the requirements herein.

§ 1168.410 Enforcement.

The head of each agency shall take such actions as are necessary to ensure that the provisions herein are vigorously implemented and enforced in that agency.

Subpart E—Exemptions

§ 1168.500 Secretary of Defense.

(a) The Secretary of Defense may exempt, on a case-by-case basis, a covered Federal action from the prohibition whenever the Secretary determines, in writing, that such an exemption is in the national interest. The Secretary shall transmit a copy of each such written exemption to Congress immediately after making such a determination.

(b) The Department of Defense may issue supplemental regulations to implement paragraph (a) of this section.

Subpart F—Agency Reports

§ 1168.600 Semi-annual compilation.

(a) The head of each agency shall collect and compile the disclosure reports (see appendix B) and, on May 31 and November 30 of each year, submit to the Secretary of the Senate and the Clerk of the House of Representatives a report containing a compilation of the information contained in the disclosure reports received during the six-month period ending on March 31 or September 30, respectively, of that year.

(b) The report, including the compilation, shall be available for public inspection 30 days after receipt of the report by the Secretary and the Clerk.

(c) Information that involves intelligence matters shall be reported only to the Select Committee on Intelligence of the Senate, the Permanent Select Committee on Intelligence of the House of Representatives, and the Committees on Appropriations of the Senate and the House of Representatives in accordance with procedures agreed to by such committees. Such information shall not be available for public inspection.

(d) Information that is classified under Executive Order 12356 or any successor order shall be reported only to the Committee on Foreign Relations of the Senate and the Committee on Foreign Affairs of the House of Representatives or the Committees on Armed Services of the Senate and the House of Representatives (whichever such committees have jurisdiction of matters involving such information) and to the Committees on Appropriations of the Senate and the House of Representatives in accordance with procedures agreed to by such committees. Such information shall not be available for public inspection.

(e) The first semi-annual compilation shall be submitted on May 31, 1990, and shall contain a compilation of the disclosure reports received from December 23, 1989 to March 31, 1990.

(f) Major agencies, designated by the Office of Management and Budget (OMB), are required to provide machine-readable compilations to the Secretary of the Senate and the Clerk of the House of Representatives no later than with the compilations due on May 31, 1991. OMB shall provide detailed specifications in a memorandum to these agencies.

(g) Non-major agencies are requested to provide machine-readable compilations to the Secretary of the Senate and the Clerk of the House of Representatives.

(h) Agencies shall keep the originals of all disclosure reports in the official files of the agency.

§ 1168.605 Inspector General report.

(a) The Inspector General, or other official as specified in paragraph (b) of this section, of each agency shall prepare and submit to Congress each year, commencing with submission of the President's Budget in 1991, an evaluation of the compliance of that agency
with, and the effectiveness of, the requirements herein. The evaluation may include any recommended changes that may be necessary to strengthen or improve the requirements.

(b) In the case of an agency that does not have an Inspector General, the agency official comparable to an Inspector General shall prepare and submit the annual report, or, if there is no such comparable official, the head of the agency shall prepare and submit the annual report.

(c) The annual report shall be submitted at the same time the agency submits its annual budget justifications to Congress.

(d) The annual report shall include the following: All alleged violations relating to the agency’s covered Federal actions during the year covered by the report, the actions taken by the head of the agency in the year covered by the report with respect to those alleged violations and alleged violations in previous years, and the amounts of civil penalties imposed by the agency in the year covered by the report.

§ 1169.110 Coverage.

(a) These regulations apply to all persons who have participated, are currently participating or may reasonably be expected to participate in transactions under Federal nonprocurement programs. For purposes of these regulations such transactions will be referred to as “covered transactions.”

(1) Covered transaction. For purposes of these regulations, a covered transaction is a primary covered transaction or a lower tier covered transaction. Covered transactions at any tier need not involve the transfer of Federal funds.

(i) Primary covered transaction. Except as noted in paragraph (a)(2) of this section, a primary covered transaction is any nonprocurement transaction between an agency and a person, regardless of type, including: grants, cooperative agreements, scholarships, fellowships, contracts of assistance, loans, loan guarantees, subsidies, insurance, payments for specified use, donation agreements and any other nonprocurement transactions between a Federal agency and a person. Primary covered transactions also include those transactions specially designated by the U.S. Department of Housing and Urban Development in such agency’s regulations governing debarment and suspension.

(ii) Lower tier covered transaction. A lower tier covered transaction is:

(A) Any transaction between a participant and a person other than a procurement contract for goods or services, regardless of type, under a primary covered transaction.

(B) Any procurement contract for goods or services between a participant and a person, regardless of type, expected to equal or exceed the Federal procurement small purchase threshold fixed at 10 U.S.C. 2304(g) and 41 U.S.C. 253(g) (currently $25,000) under a primary covered transaction.

(C) Any procurement contract for goods or services between a participant and a person under a covered transaction, regardless of amount, under which that person will have a critical influence on or substantive control over that covered transaction. Such persons are:

(1) Principal investigators.

(2) Providers of federally-required audit services.

(2) Exceptions. The following transactions are not covered:

(i) Statutory entitlements or mandatory awards (but not subtier awards thereunder which are not themselves mandatory), including deposited funds insured by the Federal Government;

(ii) Direct awards to foreign governments or public international organizations, or transactions with foreign governments or foreign governmental entities, public international organizations, foreign government owned (in whole or in part) or controlled entities, entities consisting wholly or partially of foreign governments or foreign governmental entities;

(iii) Benefits to an individual as a personal entitlement without regard to the individual’s present responsibility (but benefits received in an individual’s business capacity are not excepted);

(iv) Federal employment;

(v) Transactions pursuant to national or agency-recognized emergencies or disasters;

(vi) Incidental benefits derived from ordinary governmental operations; and

(vii) Other transactions where the application of these regulations would be prohibited by law.

(b) Relationship to other sections. This section describes the types of transactions to which a debarment or suspension under the regulations will apply. Subpart B, “Effect of Action,” §1169.200, “Debarment or suspension,” sets forth the consequences of a debarment or suspension. Those consequences would obtain only with respect to participants and principals in the covered transactions and activities described in §1169.110(a). Sections 1169.325, “Scope of debarment,” and 1169.420, “Scope of suspension,” govern
the extent to which a specific participant or organizational elements of a participant would be automatically included within a debarment or suspension action, and the conditions under which affiliates or persons associated with a participant may also be brought within the scope of the action.

(c) Relationship to Federal procurement activities. In accordance with E.O. 12689 and section 2455 of Public Law 103-355, any debarment, suspension, proposed debarment or other governmentwide exclusion initiated under the Federal Acquisition Regulation (FAR) on or after August 25, 1995 shall be recognized by and effective for Executive Branch agencies and participants as an exclusion under this regulation. Similarly, any debarment, suspension or other governmentwide exclusion initiated under this regulation on or after August 25, 1995 shall be recognized by and effective for those agencies as a debarment or suspension under the FAR.

§ 1169.115 Policy.

(a) In order to protect the public interest, it is the policy of the Federal Government to conduct business only with responsible persons. Debarment and suspension are discretionary actions that, taken in accordance with Executive Order 12549 and these regulations, are appropriate means to implement this policy.

(b) Debarment and suspension are serious actions which shall be used only in the public interest and for the Federal Government’s protection and not for purposes of punishment. Agencies may impose debarment or suspension for the causes and in accordance with the procedures set forth in these regulations.

(c) When more than one agency has an interest in the proposed debarment or suspension of a person, consideration shall be given to designating one agency as the lead agency for making the decision. Agencies are encouraged to establish methods and procedures for coordinating their debarment or suspension actions.

§ 1169.200 Debarment or suspension.

(a) Primary covered transactions. Except to the extent prohibited by law, persons who are debarred or suspended shall be excluded from primary covered transactions as either participants or principals throughout the Executive Branch of the Federal Government for the period of their debarment, suspension, or the period they are proposed for debarment under 48 CFR part 9, subpart 9.4. Accordingly, no agency shall enter into primary covered transactions with such excluded persons during such period, except as permitted pursuant to §1169.215.

(b) Lower tier covered transactions. Except to the extent prohibited by law, persons who have been proposed for debarment under 48 CFR part 9, subpart 9.4, debarred or suspended shall be excluded from participating as either participants or principals in all lower tier covered transactions (see §1169.110(a)(1)(ii)) for the period of their exclusion.

(c) Exceptions. Debarment or suspension does not affect a person’s eligibility for—

1. Statutory entitlements or mandatory awards (but not subtier awards thereunder which are not themselves mandatory), including deposited funds insured by the Federal Government;

2. Direct awards to foreign governments or public international organizations, or transactions with foreign governments or foreign governmental entities, public international organizations, foreign government owned (in whole or in part) or controlled entities, and entities consisting wholly or partially of foreign governments or foreign governmental entities;

3. Benefits to an individual as a personal entitlement without regard to the individual’s present responsibility (but benefits received in an individual’s business capacity are not excepted);

4. Federal employment;

5. Transactions pursuant to national or agency-recognized emergencies or disasters;

6. Incidental benefits derived from ordinary governmental operations; and
(7) Other transactions where the application of these regulations would be prohibited by law.

§ 1169.205 Ineligible persons.

Persons who are ineligible, as defined in §1169.105(i), are excluded in accordance with the applicable statutory, executive order, or regulatory authority.

§ 1169.210 Voluntary exclusion.

Persons who accept voluntary exclusions under §1169.315 are excluded in accordance with the terms of their settlements. NEH shall, and participants may, contact the original action agency to ascertain the extent of the exclusion.

§ 1169.215 Exception provision.

NEH may grant an exception permitting a debarred, suspended, or voluntarily excluded person, or a person proposed for debarment under 48 CFR part 9, subpart 9.4, to participate in a particular covered transaction upon a written determination by the agency head or an authorized designee stating the reason(s) for deviating from the Presidential policy established by Executive Order 12549 and §1169.200. However, in accordance with the President's stated intention in the Executive Order, exceptions shall be granted only infrequently. Exceptions shall be reported in accordance with §1169.505(a).

§ 1169.220 Continuation of covered transactions.

(a) Notwithstanding the debarment, suspension, proposed debarment under 48 CFR part 9, subpart 9.4, determination of ineligibility, or voluntary exclusion of any person by an agency, agencies and participants may continue covered transactions in existence at the time the person was debarred, suspended, proposed for debarment under 48 CFR part 9, subpart 9.4, declared ineligible, or voluntarily excluded. A decision as to the type of termination action, if any, to be taken should be made only after thorough review to ensure the propriety of the proposed action.

(b) Agencies and participants shall not renew or extend covered transactions (other than no-cost time extensions) with any person who is debarred, suspended, proposed for debarment under 48 CFR part 9, subpart 9.4, ineligible or voluntarily excluded, except as provided in §1169.215.

§ 1169.225 Failure to adhere to restrictions.

(a) Except as permitted under §1169.215 or §1169.220, a participant shall not knowingly do business under a covered transaction with a person who is—

(1) Debarred or suspended;

(2) Proposed for debarment under 48 CFR part 9, subpart 9.4; or

(3) Ineligible for or voluntarily excluded from the covered transaction.

(b) Violation of the restriction under paragraph (a) of this section may result in disallowance of costs, annulment or termination of award, issuance of a stop work order, debarment or suspension, or other remedies as appropriate.

(c) A participant may rely upon the certification of a prospective participant in a lower tier covered transaction that it and its principals are not debarred, suspended, proposed for debarment under 48 CFR part 9, subpart 9.4, ineligible, or voluntarily excluded from the covered transaction (See Appendix B of these regulations), unless it knows that the certification is erroneous. An agency has the burden of proof that a participant did knowingly do business with a person that filed an erroneous certification.

Subpart C—Debarment

§ 1169.300 General.

The debarring official may debar a person for any of the causes in §1169.305, using procedures established in §§1169.310 through 1169.314. The existence of a cause for debarment, however, does not necessarily require that the person be debarred; the seriousness of the person’s acts or omissions and
any mitigating factors shall be considered in making any debarment decision.

§ 1169.305 Causes for debarment.

Debarment may be imposed in accordance with the provisions of §§ 1169.300 through 1169.314 for:

(a) Conviction of or civil judgment for:

(1) Commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public or private agreement or transaction;

(2) Violation of Federal or State antitrust statutes, including those prescribing price fixing between competitors, allocation of customers between competitors, and bid rigging;

(3) Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, receiving stolen property, making false claims, or obstruction of justice; or

(4) Commission of any other offense indicating a lack of business integrity or business honesty that seriously and directly affects the present responsibility of a person.

(b) Violation of the terms of a public agreement or transaction so serious as to affect the integrity of an agency program, such as:

(1) A willful failure to perform in accordance with the terms of one or more public agreements or transactions;

(2) A history of failure to perform or of unsatisfactory performance of one or more public agreements or transactions; or

(3) A willful violation of a statutory or regulatory provision or requirement applicable to a public agreement or transaction.

(c) Any of the following causes:

(1) A nonprocurement debarment by any Federal agency taken before October 1, 1988, the effective date of these regulations, or a procurement debarment by any Federal agency taken pursuant to 48 CFR subpart 9.4;

(2) Knowingly doing business with a debarred, suspended, ineligible, or voluntarily excluded person, in connection with a covered transaction, except as permitted in § 1169.215 or § 1169.220;

(3) Failure to pay a single substantial debt, or a number of outstanding debts (including disallowed costs and overpayments, but not including sums owed the Federal Government under the Internal Revenue Code) owed to any Federal agency or instrumentality, provided the debt is uncontested by the debtor or, if contested, provided that the debtor’s legal and administrative remedies have been exhausted;

(4) Violation of a material provision of a voluntary exclusion agreement entered into under § 1169.315 or of any settlement of a debarment or suspension action; or

(5) Violation of any requirement of subpart F of this part, relating to providing a drug-free workplace, as set forth in § 1169.615 of this part.

(d) Any other cause of so serious or compelling a nature that it affects the present responsibility of a person.

[53 FR 19201 and 19204, May 26, 1988, as amended at 54 FR 4964, Jan. 31, 1989]

§ 1169.310 Procedures.

NEH shall process debarment actions as informally as practicable, consistent with the principles of fundamental fairness, using the procedures in §§ 1169.311 through 1169.314.

§ 1169.311 Investigation and referral.

Information concerning the existence of a cause for debarment from any source shall be promptly reported, investigated, and referred, when appropriate, to the debarring official for consideration. After consideration, the debarring official may issue a notice of proposed debarment.

§ 1169.312 Notice of proposed debarment.

A debarment proceeding shall be initiated by notice to the respondent advising:

(a) That debarment is being considered;

(b) Of the reasons for the proposed debarment in terms sufficient to put the respondent on notice of the conduct or transaction(s) upon which it is based;

(c) Of the cause(s) relied upon under § 1169.305 for proposing debarment;

(d) Of the provisions of §§ 1169.311 through 1169.314, and any other NEH
§ 1169.313 Opportunity to contest proposed debarment.

(a) Submission in opposition. Within 30 days after receipt of the notice of proposed debarment, the respondent may submit, in person, in writing, or through a representative, information and argument in opposition to the proposed debarment.

(b) Additional proceedings as to disputed material facts. (1) In actions not based upon a conviction or civil judgment, if the debarring official finds that the respondent’s submission in opposition raises a genuine dispute over facts material to the proposed debarment, respondent(s) shall be afforded an opportunity to appear with a representative, submit documentary evidence, present witnesses, and confront any witness the agency presents.

(2) A transcribed record of any additional proceedings shall be made available at cost to the respondent, upon request, unless the respondent and the agency, by mutual agreement, waive the requirement for a transcript.

§ 1169.314 Debarring official's decision.

(a) No additional proceedings necessary. In actions based upon a conviction or civil judgment, or in which there is no genuine dispute over material facts, the debarring official shall make a decision on the basis of all the information in the administrative record, including any submission made by the respondent. The decision shall be made within 45 days after receipt of any information and argument submitted by the respondent, unless the debarring official extends this period for good cause.

(b) Additional proceedings necessary. (1) In actions in which additional proceedings are necessary to determine disputed material facts, written findings of fact shall be prepared. The debarring official shall base the decision on the facts as found, together with any information and argument submitted by the respondent and any other information in the administrative record.

(2) The debarring official may refer disputed material facts to another official for findings of fact. The debarring official may reject any such findings, in whole or in part, only after specifically determining them to be arbitrary and capricious or clearly erroneous.

(3) The debarring official’s decision shall be made after the conclusion of the proceedings with respect to disputed facts.

(c)(1) Standard of proof. In any debarment action, the cause for debarment must be established by a preponderance of the evidence. Where the proposed debarment is based upon a conviction or civil judgment, the standard shall be deemed to have been met.

(2) Burden of proof. The burden of proof is on the agency proposing debarment.

(d) Notice of debarring official’s decision. (1) If the debarring official decides to impose debarment, the respondent shall be given prompt notice:

(i) Referring to the notice of proposed debarment;

(ii) Specifying the reasons for debarment;

(iii) Stating the period of debarment, including effective dates; and

(iv) Advising that the debarment is effective for covered transactions throughout the executive branch of the Federal Government unless an agency head or an authorized designee makes the determination referred to in § 1169.215.

(2) If the debarring official decides not to impose debarment, the respondent shall be given prompt notice of that decision. A decision not to impose debarment shall be without prejudice to a subsequent imposition of debarment by any other agency.

§ 1169.315 Settlement and voluntary exclusion.

(a) When in the best interest of the Government, NEH may, at any time, settle a debarment or suspension action.

(b) If a participant and the agency agree to a voluntary exclusion of the participant, such voluntary exclusion shall be entered on the Nonprocurement List (see subpart E).
§ 1169.320 Period of debarment.

(a) Debarment shall be for a period commensurate with the seriousness of the cause(s). If a suspension precedes a debarment, the suspension period shall be considered in determining the debarment period.

(1) Debarment for causes other than those related to a violation of the requirements of subpart F of this part generally should not exceed three years. Where circumstances warrant, a longer period of debarment may be imposed.

(2) In the case of a debarment for a violation of the requirements of subpart F of this part (see §1169.305(c)(5)), the period of debarment shall not exceed five years.

(b) The debarring official may extend an existing debarment for an additional period, if that official determines that an extension is necessary to protect the public interest. However, a debarment may not be extended solely on the basis of the facts and circumstances upon which the initial debarment action was based. If debarment for an additional period is determined to be necessary, the procedures of §§1169.311 through 1169.314 shall be followed to extend the debarment.

(c) The respondent may request the debarring official to reverse the debarment decision or to reduce the period or scope of debarment. Such a request shall be in writing and supported by documentation. The debarring official may grant such a request for reasons including, but not limited to:

(1) Newly discovered material evidence;

(2) Reversal of the conviction or civil judgment upon which the debarment was based;

(3) Bona fide change in ownership or management;

(4) Elimination of other causes for which the debarment was imposed; or

(5) Other reasons the debarring official deems appropriate.

[53 FR 19201 and 19204, May 26, 1988, as amended at 54 FR 4964, Jan. 31, 1989]

§ 1169.325 Scope of debarment.

(a) Scope in general. (1) Debarment of a person under these regulations constitutes debarment of all its divisions and other organizational elements from all covered transactions, unless the debarment decision is limited by its terms to one or more specifically identified individuals, divisions or other organizational elements or to specific types of transactions.

(2) The debarment action may include any affiliate of the participant that is specifically named and given notice of the proposed debarment and an opportunity to respond (see §§1169.311 through 1169.314).

(b) Imputing conduct. For purposes of determining the scope of debarment, conduct may be imputed as follows:

(1) Conduct imputed to participant. The fraudulent, criminal or other seriously improper conduct of any officer, director, shareholder, partner, employee, or other individual associated with a participant may be imputed to the participant when the conduct occurred in connection with the individual's performance of duties for or on behalf of the participant, or with the participant's knowledge, approval, or acquiescence. The participant's acceptance of the benefits derived from the conduct shall be evidence of such knowledge, approval, or acquiescence.

(2) Conduct imputed to individuals associated with participant. The fraudulent, criminal, or other seriously improper conduct of a participant may be imputed to any officer, director, shareholder, partner, employee, or other individual associated with the participant who participated in, knew of, or had reason to know of the participant's conduct.

(3) Conduct of one participant imputed to other participants in a joint venture. The fraudulent, criminal, or other seriously improper conduct of one participant in a joint venture, grant pursuant to a joint application, or similar arrangement may be imputed to other participants if the conduct occurred for or on behalf of the joint venture, grant pursuant to a joint application, or similar arrangement may be imputed to other participants if the conduct occurred for or on behalf of the joint venture.
Subpart D—Suspension
§ 1169.400 General.
(a) The suspending official may suspend a person for any of the causes in § 1169.405 using procedures established in §§ 1169.410 through 1169.413.
(b) Suspension is a serious action to be imposed only when:
(1) There exists adequate evidence of one or more of the causes set out in § 1169.405, and
(2) Immediate action is necessary to protect the public interest.
(c) In assessing the adequacy of the evidence, the agency should consider how much information is available, how credible it is given the circumstances, whether or not important allegations are corroborated, and what inferences can reasonably be drawn as a result. This assessment should include an examination of basic documents such as grants, cooperative agreements, loan authorizations, and contracts.

§ 1169.405 Causes for suspension.
(a) Suspension may be imposed in accordance with the provisions of §§ 1169.400 through 1169.413 upon adequate evidence:
(1) To suspect the commission of an offense listed in § 1169.305(a); or
(2) That a cause for debarment under § 1169.305 may exist.
(b) Indictment shall constitute adequate evidence for purposes of suspension actions.

§ 1169.410 Procedures.
(a) Investigation and referral. Information concerning the existence of a cause for suspension from any source shall be promptly reported, investigated, and referred, when appropriate, to the suspending official for consideration. After consideration, the suspending official may issue a notice of suspension.
(b) Decisionmaking process. NEH shall process suspension actions as informally as practicable, consistent with principles of fundamental fairness, using the procedures in §§ 1169.411 through 1169.413.

§ 1169.411 Notice of suspension.
When a respondent is suspended, notice shall immediately be given:
(a) That suspension has been imposed;
(b) That the suspension is based on an indictment, conviction, or other adequate evidence that the respondent has committed irregularities seriously reflecting on the propriety of further Federal Government dealings with the respondent;
(c) Describing any such irregularities in terms sufficient to put the respondent on notice without disclosing the Federal Government’s evidence;
(d) Of the cause(s) relied upon under § 1169.405 for imposing suspension;
(e) That the suspension is for a temporary period pending the completion of an investigation or ensuing legal, debarment, or Program Fraud Civil Remedies Act proceedings;
(f) Of the provisions of §§ 1169.411 through 1169.413 and any other NEH procedures, if applicable, governing suspension decisionmaking; and
(g) Of the effect of the suspension.

§ 1169.412 Opportunity to contest suspension.
(a) Submission in opposition. Within 30 days after receipt of the notice of suspension, the respondent may submit, in person, in writing, or through a representative, information and argument in opposition to the suspension.
(b) Additional proceedings as to disputed material facts. (1) If the suspending official finds that the respondent’s submission in opposition raises a genuine dispute over facts material to the suspension, respondent(s) shall be afforded an opportunity to appear with a representative, submit documentary evidence, present witnesses, and confront any witness the agency presents, unless:
   (i) The action is based on an indictment, conviction or civil judgment, or
   (ii) A determination is made, on the basis of Department of Justice advice, that the substantial interests of the Federal Government in pending or contemplated legal proceedings based on
§ 1169.413 Suspending official's decision.

The suspending official may modify or terminate the suspension (for example, see §1169.320(c) for reasons for reducing the period or scope of debarment) or may leave it in force. However, a decision to modify or terminate the suspension shall be without prejudice to the subsequent imposition of suspension by any other agency or debarment by any agency. The decision shall be rendered in accordance with the following provisions:

(a) No additional proceedings necessary. In actions: Based on an indictment, conviction, or civil judgment; in which there is no genuine dispute over material facts; or in which additional proceedings to determine disputed material facts have been denied on the basis of Department of Justice advice, the suspending official shall make a decision on the basis of all the information in the administrative record, including any submission made by the respondent. The decision shall be made within 45 days after receipt of any information and argument submitted by the respondent, unless the suspending official extends this period for good cause.

(b) Additional proceedings necessary. (1) In actions in which additional proceedings are necessary to determine disputed material facts, written findings of fact shall be prepared. The suspending official shall base the decision on the facts as found, together with any information and argument submitted by the respondent and any other information in the administrative record.

(2) The suspending official may refer matters involving disputed material facts to another official for findings of fact. The suspending official may reject any such findings, in whole or in part, only after specifically determining them to be arbitrary or capricious or clearly erroneous.

(c) Notice of suspending official's decision. Prompt written notice of the suspending official's decision shall be sent to the respondent.

§ 1169.415 Period of suspension.

(a) Suspension shall be for a temporary period pending the completion of an investigation or ensuing legal, debarment, or Program Fraud Civil Remedies Act proceedings, unless terminated sooner by the suspending official or as provided in paragraph (b) of this section.

(b) If legal or administrative proceedings are not initiated within 12 months after the date of the suspension notice, the suspension shall be terminated unless an Assistant Attorney General or United States Attorney requests its extension in writing, in which case it may be extended for an additional six months. In no event may a suspension extend beyond 18 months, unless such proceedings have been initiated within that period.

(c) The suspending official shall notify the Department of Justice of an impending termination of a suspension, at least 30 days before the 12-month period expires, to give that Department an opportunity to request an extension.

§ 1169.420 Scope of suspension.

The scope of a suspension is the same as the scope of a debarment (see §1169.325), except that the procedures of §§1169.410 through 1169.413 shall be used in imposing a suspension.

Subpart E—Responsibilities of GSA, NEH and Participants

§ 1169.500 GSA responsibilities.

(a) In accordance with the OMB guidelines, GSA shall compile, maintain, and distribute a list of all persons who have been debarred, suspended, or voluntarily excluded by agencies under Executive Order 12549 and these regulations, and those who have been determined to be ineligible.

Until February 18, 1989, the agency shall also provide GSA and OMB with information concerning all transactions in which NEH has granted exceptions under §1169.215 permitting participation by debarred, suspended, or voluntarily excluded persons.
(b) Unless an alternative schedule is agreed to by GSA, the agency shall advise GSA of the information set forth in §1169.500(b) and of the exceptions granted under §1169.215 within five working days after taking such actions.
(c) The agency shall direct inquiries concerning listed persons to the agency that took the action.
(d) NEH officials shall check the Nonprocurement List before entering covered transactions to determine whether a participant in a primary transaction is debarred, suspended, ineligible, or voluntarily excluded (Tel. #).
(e) NEH officials shall check the Nonprocurement List before approving principals or lower tier participants where agency approval of the principal or lower tier participant is required under the terms of the transaction, to determine whether such principals or participants are debarred, suspended, ineligible, or voluntarily excluded.

§ 1169.510 Participants' responsibilities.
(a) Certification by participants in primary covered transactions. Each participant shall submit the certification in appendix A to this part for it and its principals at the time the participant submits its proposal in connection with a primary covered transaction, except that States need only complete such certification as to their principals. Participants may decide the method and frequency by which they determine the eligibility of their principals. In addition, each participant may, but is not required to, check the Nonprocurement List for its principals (Tel. #). Adverse information on the certification will not necessarily result in denial of participation. However, the certification, and any additional information pertaining to the certification submitted by the participant, shall be considered in the administration of covered transactions.

(b) Certification by participants in lower tier covered transactions. (1) Each participant shall require participants in lower tier covered transactions to include the certification in appendix B to this part for it and its principals in any proposal submitted in connection with such lower tier covered transactions.
(2) A participant may rely upon the certification of a prospective participant in a lower tier covered transaction that it and its principals are not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction by any Federal agency, unless it knows that the certification is erroneous. Participants may decide the method and frequency by which they determine the eligibility of their principals. In addition, a participant may, but is not required to, check the Nonprocurement List for its principals and for participants (Tel. #).
(c) Changed circumstances regarding certification. A participant shall provide immediate written notice to NEH if at any time the participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances. Participants in lower tier covered transactions shall provide the same updated notice to the participant to which it submitted its proposals.

APPENDIX A TO PART 1169—CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS—PRIMARY COVERED TRANSACTIONS

Instructions for Certification

1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.

6. The prospective primary participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, declared ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.
CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS—PRIMARY COVERED TRANSACTIONS

   (c) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and
   (d) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

(2) Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to the certification.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transaction,” without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. APPENDIX C TO PART 1169—CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

Instructions for Certification

1. By signing an application or grant agreement, the grantee is providing the certification set out below.

2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

3. For grantees other than individuals, Alternate I applies.

4. For grantees who are individuals, Alternate II applies.

5. Workplaces under grants, for grantees other than individuals, need not be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

  Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15).

  Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes.

  Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance.

  Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Certification Regarding Drug-Free Workplace Requirements

Alternate I. (Grantees Other Than Individuals)

A. The grantee certifies that it will or will continue to provide a drug-free workplace by:

(a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition; and

(b) Establishing an ongoing drug-free awareness program to inform employees about—

(1) The dangers of drug abuse in the workplace;
(2) The grantee's policy of maintaining a drug-free workplace;

(3) Any available drug counseling, rehabilitation, and employee assistance programs; and

(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

(c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

(d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will—

(1) Abide by the terms of the statement; and

(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within ten calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency designates a central point for the receipt of such notices. When notice is made to such a central point, it shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted—

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).

(g) The term program includes any program, project, or activity involving the provision of services, financial aid, or other benefits to individuals (including education or training, health, housing, or other services, whether provided through employees of the recipient of Federal financial assistance or provided by others through contracts or other arrangements with the recipient, and including work opportunities and cash or loan or other assistance to individuals), or for provision of facilities for furnishing services, financial aid or other benefits to individuals. must be met in order to receive the Federal financial assistance, and to include any services, financial aid, or other benefits provided in or through a facility provided with the aid of Federal financial assistance or such non-Federal resources.

(h) Facility means all or any portion of buildings, structures, equipment, roads, walks, parking lots, or other real or personal property or interest in such property.

For purposes of section 504, in connection with employment, this term does not include any individual who is an alcoholic or drug abuser whose current use of alcohol or drugs prevents such individual from performing the duties of the job in question or whose employment, by reason of such current alcohol or drug abuse, would constitute a direct threat to the property or the safety of others. As used in this paragraph, the phrase:

(1) Physical or mental impairment means:

(i) Any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: Neurological; musculoskeletal; special sense organs; respiratory, including speech organs; cardiovascular; reproductive; digestive; genitourinary; hemic and lymphatic; skin; and endocrine; or

(k) Qualified handicapped person means:

(1) With respect to employment, a handicapped person who, with reasonable accommodation, can perform the essential functions of the job in question and

(3) With respect to services, a handicapped person who meets the essential eligibility requirements for the receipt of such services.

§ 1170.4 Effect of State or local law or other requirements and effect of employment opportunities.

(a) The obligation to comply with this part is not obviated or alleviated by the existence of any state or local law or other requirement that, on the
basis of handicap, imposes prohibitions or limits upon the eligibility of qualified handicapped persons to receive services or to practice any occupation or profession.

(b) The obligation to comply with this part is not obviated or alleviated because employment opportunities in any occupation or profession are or may be more limited for handicapped persons than for nonhandicapped persons.

§§ 1170.5—1170.10 [Reserved]

(6) Deny a qualified handicapped person the opportunity to participate as a member of planning or advisory boards; or

(7) Otherwise limit a qualified handicapped person in the enjoyment of any right, privilege, advantage, or opportunity enjoyed by others receiving the aid, benefit, or service.

(b) A recipient may not deny a qualified handicapped person the opportunity to participate in programs or activities that are not separate or different, despite the existence of separately separate or different programs or activities.

(c) A recipient may not, directly or through contractual or other arrangements, utilize criteria or methods of administration.

(1) that have the effect of subjecting qualified handicapped persons to discrimination on the basis of handicap,

(2) that have the purpose or effect of defeating or substantially impairing accomplishment of the objectives of the recipient’s program with respect to handicapped persons, or

(3) that perpetuate the discrimination of another recipient if both recipients are subject to common administrative control or are agencies of the same state.

(d) A recipient may not, in determining the site or location of a facility, make selections

(1) that have the effect of excluding handicapped persons from, denying them the benefits of, or otherwise subjecting them to discrimination under any program or activity that receives or benefits from Federal financial assistance or

(2) that have the purpose or effect of defeating or substantially impairing the accomplishment of the objectives of the program or activity with respect to handicapped persons.

(e) The exclusion of nonhandicapped persons from the benefits of a program limited by Federal statute or executive
§ 1170.13  Illustrative examples.
(a) The following examples will illustrate the application of the foregoing provisions to some of the activities funded by the National Endowment for the Humanities.

(1) A publication or a museum catalogue supported by the Endowment may be made usable by the blind and the visually impaired through cassette tapes, records, discs, braille, readers and simultaneous publications.

(2) A lecture, meeting or symposium supported by Federal funds may be made available to deaf and hearing impaired persons through the use of a sign language interpreter or by providing scripts in advance of the performance.

(3) Specific programs supported by Federal funds may be offered in an inaccessible facility provided that the same program is also offered to the public at large in an accessible space.

(4) A qualified handicapped person is one who is able to meet all of a program's requirements in spite of his handicap. An educational institution is not required to disregard the disabilities of handicapped individuals or to lower or to make substantial modifications of standards to accommodate a handicapped person.

(b) State humanities committees are obliged to develop methods of administering Federal funds so as to ensure that handicapped persons are not subjected to discrimination on the basis of handicap either by sub-grantees or by the manner in which the funds are distributed.

(c) In the event Endowment funds are utilized to construct, expand, alter, lease or rent a facility, the benefits of the programs and activities provided in or through that facility must be conducted in accordance with these regulations, e.g., a museum receiving a grant to renovate an existing facility must assure that all museum programs and activities conducted in that facility are accessible to handicapped persons.

(d) In carrying out the mandate of section 504 and these implementing regulations recipients should administer Endowment assisted programs and activities in the most integrated setting appropriate, e.g., tours made available to the hearing impaired should be open to the public at large and everyone should be permitted to enjoy the benefits of a tactile experience in a museum.

§§ 1170.14—1170.20  [Reserved]

Subpart C—Employment Practices

§ 1170.21  Discrimination prohibited.
(a) General. No qualified handicapped person shall, on the basis of handicap, be subjected to discrimination in employment under any program or activity that receives or benefits from Federal financial assistance.

(b) A recipient shall make all decisions concerning employment under any program or activity to which this part applies in a manner which ensures that discrimination on the basis of handicap does not occur and may not limit, segregate, or classify applicants or employees in any way that adversely affects their opportunities or status because of handicap.

(c) A recipient may not participate in a contractual or other relationship that has the effect of subjecting qualified handicapped applicants or employees to discrimination prohibited by this subpart. The relationships referred to in this paragraph include relationships with employment and referral agencies, with labor unions, with organizations providing or administering fringe benefits to employees of the recipient, and with organizations providing training and apprenticeship programs.

(d) Specific activities. The provisions of this subpart apply to:
§ 1170.24 Preemployment inquiries.

(a) A recipient may not, except as provided below, conduct a preemployment medical examination, make preemployment inquiry as to whether the applicant is a handicapped person, or inquire as to the nature or severity of a handicap. A recipient may, however, make preemployment inquiry into an applicant's ability to perform job-related functions.

(b) If a recipient is taking remedial action to correct the effects of past discrimination, if a recipient is taking voluntary action to overcome the effects of conditions that resulted in limited participation in its federally assisted program or activity, or if a recipient is taking affirmative action under section 503 of the Rehabilitation Act, the recipient may invite applicants for employment to indicate...
§§ 1170.25—1170.30

whether and to what extent they are handicapped, provided, that:

(1) The recipient states clearly on any written questionnaire used for this purpose or makes clear orally if no written questionnaire is used that the information requested is intended for use solely in connection with its remedial action obligations or its voluntary or affirmative action efforts; and

(2) The recipient states clearly that the information is being requested on a voluntary basis, that it will be kept confidential as provided in paragraph (d) of this section, that refusal to provide it will not subject the applicant or employee to any adverse treatment, and that it will be used only in accordance with this part.

(c) Nothing in this section shall prohibit a recipient from conditioning an offer of employment on the results of a medical examination conducted prior to the employee’s entrance on duty, provided, that:

(1) All entering employees are subjected to such an examination regardless of handicap; and

(2) The results of such an examination are used only in accordance with the requirements of this part.

(d) Information obtained in accordance with this section as to the medical condition or history of the applicant shall be collected and maintained on separate forms that shall be accorded confidentiality as medical records, except that:

(1) Supervisors and managers may be informed regarding restrictions on the work or duties of handicapped persons and regarding necessary accommodations;

(2) First aid and safety personnel may be informed, where appropriate, if the condition might require emergency treatment; and

(3) Government officials investigating compliance with the Act shall be provided relevant information upon request.

§§ 1170.25—1170.30 [Reserved]

Subpart D—Program Accessibility

§ 1170.31 Discrimination prohibited.

No qualified handicapped person shall, because recipient’s facilities are inaccessible to or unusable by handicapped persons, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which this part applies.

§ 1170.32 Existing facilities.

(a) Program accessibility. A recipient shall operate each program or activity to which this part applies so that the program or activity, when viewed in its entirety, is readily accessible to handicapped persons. This paragraph does not necessarily require a recipient to make each of its existing facilities or every part of a facility accessible to and usable by handicapped persons.

(b) Methods. A recipient may comply with the requirements of paragraph (a) of this section through such means as redesign of equipment, reassignment of classes or other services to accessible buildings, alteration of existing facilities and construction of new facilities in conformance with the requirements of §1170.33, or any other methods that result in making its program or activity accessible to handicapped persons. A recipient is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with paragraph (a) of this section. In choosing among available methods for meeting the requirement of paragraph (a) of this section, a recipient shall give priority to those methods that offer program and activities to handicapped persons in the most integrated setting appropriate.

(c) Time period. A recipient shall comply with the requirement of paragraph (a) of this section within sixty days of the effective date of this part except that where structural changes in facilities are necessary, such changes shall be made within three years of the effective date of this part, but in any event as expeditiously as possible.

(d) Transition plan. In the event that structural changes to facilities are necessary to meet the requirement of paragraph (a) of this section, a recipient shall develop, within one year of the effective date of this part, a transition plan setting forth the steps necessary to complete such changes. The
plan shall be developed with the assistance of interested persons, including handicapped persons or organizations representing handicapped persons. A copy of the transition plan shall be made available upon request for public inspection. The plan shall, at a minimum:

1. Identify physical obstacles in the recipient's facilities that limit the accessibility of its program or activity to handicapped persons;
2. Describe in detail the methods that will be used to make the facilities accessible;
3. Specify the schedule for taking the steps necessary to achieve full program accessibility and, if the time period of the transition plan is longer than one year, identify the steps that will be taken during each year of the transition period; and
4. Indicate the person responsible for implementation of the plan.

(e) Notice. The recipient shall adopt and implement procedures to ensure that interested persons, including persons with impaired vision or hearing can obtain information as to the existence and location of services, activities, and facilities that are accessible to and usable by handicapped persons.

§ 1170.33 New construction.

(a) Design, construction, and alteration. New facilities shall be designed and constructed to be readily accessible to and usable by handicapped persons. Alterations to existing facilities shall, to the maximum extent feasible, be designed and constructed to be readily accessible to and usable by handicapped persons.

(b) Conformance with Uniform Federal Accessibility Standards. Effective as of January 18, 1991, design, construction, or alteration of buildings in conformance with sections 3-8 of the Uniform Federal Accessibility Standards (USAF) (appendix A to 41 CFR subpart 103-160) shall be deemed to comply with the requirements of this section with respect to those buildings. Departures from particular technical and scoping requirements of UFAS by the use of other methods are permitted where substantially equivalent or greater access to and usability of the building is provided.

(2) For purposes of this section, section 4.1.6(1)(g) of UFAS shall be interpreted to exempt from the requirements of UFAS only mechanical rooms and other spaces that, because of their intended use, will not require accessibility to the public or beneficiaries or result in the employment or residence therein of persons with physical handicaps.

3. This section does not require recipients to make building alterations that have little likelihood of being accomplished without removing or altering a load-bearing structural member.

§ 1170.34 Historic properties. [Reserved]

§§ 1170.35—1170.40 [Reserved]

Subpart E—Postsecondary Education

§ 1170.41 Application of this subpart.

Subpart E applies to postsecondary education programs and activities, including postsecondary vocational education programs and activities, that receive or benefit from Federal financial assistance and to recipients that operate, or that receive or benefit from Federal financial assistance for the operation of, such programs or activities.

§ 1170.42 Admissions and recruitment.

(a) General. Qualified handicapped persons may not, on the basis of handicap, be denied admission or be subjected to discrimination in admission or recruitment by a recipient to which this subpart applies.

(b) Admissions. In administering its admission policies, a recipient to which this subpart applies:

1. May not apply limitations upon the number or proportion of handicapped persons who may be admitted;
2. May not make use of any test or criterion for admission that has a disproportionate, adverse effect on handicapped persons or any class of handicapped persons unless
(i) The test or criterion, as used by the recipient, has been validated as a predictor of success in the education program or activity in question and
(ii) Alternate tests or criteria that have a less disproportionate, adverse effect are not shown by the Chairman to be available.

(3) Shall assure itself that:
(i) Admissions tests are selected and administered so as best to ensure that, when a test is administered to an applicant who has a handicap that impairs sensory, manual, or speaking skills, the test results accurately reflect the applicant’s aptitude or achievement level or whatever other factor the test purports to measure, rather than reflecting the applicant’s impaired sense, manual, or speaking skills (except where those skills are the factors that the test purports to measure);
(ii) Admissions tests that are designed for persons with impaired sensory, manual, or speaking skills are offered as often and in as timely a manner as are other admissions tests; and
(iii) Admissions tests are administered in facilities that, on the whole, are accessible to handicapped persons; and
(4) Except as provided in paragraph (c) of this section, may not make preadmission inquiry as to whether an applicant for admission is a handicapped person but, after admission, may make inquiries on a confidential basis as to handicaps that may require accommodation.

(c) Preadmission inquiry exception. When a recipient is taking remedial action to correct the effects of past discrimination pursuant to §1170.52(a) or when a recipient is taking voluntary action to overcome the effects of conditions that resulted in limited participation in its federally assisted program or activity pursuant to §1170.52(b), the recipient may invite applicants for admission to indicate whether and to what extent they are handicapped, provided that:
(1) The recipient states clearly on any written questionnaire used for this purpose or makes clear orally if no written questionnaire is used that the information requested is intended for use solely in connection with its remedial action obligations or its voluntary action efforts; and
(2) The recipient states clearly that the information is being requested on a voluntary basis, that it will be kept confidential, that refusal to provide it will not subject the applicant to any adverse treatment, and that it will be used only in accordance with this part.

(d) Validity studies. For the purpose of paragraph (b)(2) of this section, a recipient may base prediction equations on first year grades, but shall conduct periodic validity studies against the criterion of overall success in the education program or activity in question in order to monitor the general validity of the test scores.

§1170.43 Treatment of students; general.

(a) No qualified handicapped student shall, on the basis of handicap, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any academic, research, occupational training, housing, health insurance, counseling, financial aid, physical education, athletics, recreation, transportation, or other postsecondary education program or activity to which this subpart applies.

(b) A recipient to which this subpart applies that considers participation by students in education programs or activities not operated wholly by the recipient as part of, or equivalent to, an education program operated by the recipient shall assure itself that the other education program or activity, as a whole, provides an equal opportunity for the participation of qualified handicapped persons.

(c) A recipient to which this subpart applies may not, on the basis of handicap, exclude any qualified handicapped student from any course, course of study, or other part of its education program.

(d) A recipient to which this subpart applies shall operate its programs and activities in the most integrated setting appropriate.

§1170.44 Academic adjustments.

(a) Academic requirements. A recipient to which this subpart applies shall
make such modifications to its academic requirements as are necessary to ensure that such requirements do not discriminate or have the effect of discriminating, on the basis of handicap, against a qualified handicapped applicant or student. Academic requirements that the recipient can demonstrate are essential to the program of instruction being pursued by such student or to any directly related licensing requirement will not be regarded as discriminatory within the meaning of this section. Modifications may include changes in the length of time permitted for the completion of degree requirements, substitution of specific courses required for the completion of degree requirements, and adaptation of the manner in which specific courses are conducted.

(b) Other rules. A recipient to which this subpart applies may not impose upon handicapped students other rules, such as the prohibition of tape recorders in classrooms or of dog guides in campus buildings, that have the effect of limiting the participation of handicapped students in the recipient's education program or activity.

(c) Course examinations. In its course examinations or other procedures for evaluating students’ academic achievement in its program, a recipient to which this subpart applies shall provide such methods for evaluating the achievement of students who have a handicap that impairs sensory, manual, or speaking skills as will best ensure that the results of the evaluation represent the student's achievement in the course, rather than reflecting the student's impaired sensory, manual, or speaking skills (except where such skills are the factors that the test purports to measure).

(d) Auxiliary aids. (1) A recipient to which this subpart applies shall take such steps as are necessary to ensure that no handicapped student is denied the benefits of, excluded from participation in, or otherwise subjected to discrimination under the education program or activity operated by the recipient because of the absence of educational auxiliary aids for students with impaired sensory, manual, or speaking skills. (2) Auxiliary aids may include taped texts, interpreters or other effective methods of making orally delivered materials available to students with hearing impairments, readers in libraries for students with visual impairments, classroom equipment adapted for use by students with manual impairments, and other similar services and actions. Recipients need not provide attendants, individually prescribed devices, readers for personal use or study, or other devices or services of a personal nature.

§ 1170.45 Housing.

(a) Housing provided by the recipient. A recipient that provides housing to its nonhandicapped students shall provide comparable, convenient, and accessible housing to handicapped students at the same cost as to others. At the end of the transition period provided for in Subpart D, such housing shall be available in sufficient quantity and variety so that the scope of handicapped students’ choice of living accommodations is, as a whole, comparable to that of nonhandicapped students.

(b) Other housing. A recipient that assists any agency, organization, or person in making housing available to any of its students shall take such action as may be necessary to assure itself that such housing is, as a whole, made available in a manner that does not result in discrimination on the basis of handicap.

§ 1170.46 Financial and employment assistance to students.

(a) Provision of financial assistance. (1) In providing financial assistance to qualified handicapped persons, a recipient to which this subpart applies may not

(i) On the basis of handicap, provide less assistance than is provided to nonhandicapped persons, limit eligibility for assistance, or otherwise discriminate or

(ii) Assist any entity or person that provides assistance to any of the recipient's students in a manner that discriminates against qualified handicapped persons on the basis of handicap.
§ 1170.47 Nonacademic services.

(a) Physical education and athletics. (1) In providing physical education courses and athletics and similar programs and activities to any of its students, a recipient to which this subpart applies may not discriminate on the basis of handicap. A recipient that offers physical education courses or that operates or sponsors intercollegiate, club, or intramural athletics shall provide to qualified handicapped students an equal opportunity for participation in these activities.

(2) A recipient may offer to handicapped students physical education and athletic activities that are separate or different only if separation or differentiation is consistent with the requirements of §1170.43(d) and only if no qualified handicapped student is denied the opportunity to compete for teams or to participate in courses that are not separate or different.

(b) Counseling and placement services. A recipient to which this subpart applies that provides personal, academic, or vocational counseling, guidance, or placement services to its students shall provide these services without discrimination on the basis of handicap.

The recipient shall ensure that qualified handicapped students are not counseled toward more restrictive career objectives than are nonhandicapped students with similar interests and abilities. This requirement does not preclude a recipient from providing factual information about licensing and certification requirements that may present obstacles to handicapped persons in their pursuit of particular careers.

(c) Social organizations. A recipient that provides significant assistance to fraternities, sororities, or similar organizations shall assure itself that the membership practices of such organizations do not permit discrimination otherwise prohibited by this subpart.

§§ 1170.48—1170.50 [Reserved]

Subpart F—Enforcement

§ 1170.51 Assurances required.

(a) Assurances. An applicant for Federal financial assistance for a program or activity to which this part applies shall submit an assurance, on a form specified by the responsible Endowment official, that the program will be operated in compliance with this part. An applicant may incorporate these assurances by reference in subsequent applications to the Endowment.

(b) Duration of obligation. (1) In the case of Federal financial assistance extended in the form of real property or to provide real property or structures on the property, the assurance will obligate the recipient or, in the case of a subsequent transfer, the transferee, for the period during which the real property or structures are used for the purpose for which Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

(2) In the case of Federal financial assistance extended to provide personal property, the assurance will obligate the recipient for the period during which it retains ownership or possession of the property.

(3) In all other cases the assurance will obligate the recipient for the period during which Federal financial assistance is extended.
(c) Covenants. (1) Where Federal financial assistance is provided in the form of real property or interest in the property from the Endowment, the instrument effecting or recording this transfer shall contain a covenant running with the land to assure nondiscrimination for the period during which the real property is used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

(2) Where no transfer of property is involved but property is purchased or improved with Federal financial assistance, the recipient shall agree to include the covenant described in paragraph (b)(2) of this section in the instrument effecting or recording any subsequent transfer of the property.

(3) Where Federal financial assistance is provided in the form of real property or interest in the property from the Endowment, the covenant shall also include a condition coupled with a right to be reserved by the Endowment to revert title to the property in the event of a breach of the covenant. If a transferee of real property proposes to mortgage or to otherwise encumber the real property as security for financing construction of new, or improvement of existing, facilities on the property for the purposes for which the property was transferred, the responsible Endowment official may, upon request of the transferee and if necessary to accomplish such financing and upon such conditions as he or she deems appropriate, agree to forbear the exercise of such right to revert title for so long as the lien of such mortgage or other encumbrance remains effective.

§ 1170.52 Remedial action, voluntary action, and self-evaluation.

(a) Remedial action. (1) If the Chairman finds that a recipient has discriminated against persons on the basis of handicap in violation of section 504 or this part, the recipient shall take such remedial action as the Chairman deems necessary to overcome the effects of the discrimination.

(2) Where a recipient is found to have discriminated against persons on the basis of handicap in violation of section 504 or this part and where another recipient exercises control over the recipient that has discriminated, the Chairman, where appropriate, may require either or both recipients to take remedial action.

(3) The Chairman may, where necessary to overcome the effects of discrimination in violation of section 504 or this part, require a recipient to take remedial action:

(i) With respect to handicapped persons who are no longer participants in the recipient’s program but who were participants in the program when such discrimination occurred, or

(ii) With respect to handicapped persons who would have been participants in the program had the discrimination not occurred.

(b) Voluntary action. A recipient may take steps, in addition to any action that is required by this part, to overcome the effects of conditions that resulted in limited participation in the recipient’s program or activity by qualified handicapped persons.

(c) A recipient shall within one year of the effective date of this part:

(1) Evaluate, with the assistance of interested persons, including handicapped persons or organizations representing handicapped persons, its current policies and practices and the effects thereof that do not or may not meet the requirements of this part;

(2) Modify, after consultation with interested persons, including handicapped persons or organizations representing handicapped persons, any policies and practices that do not meet the requirements of this part;

(3) Take, after consultation with interested persons, including handicapped persons or organizations representing handicapped persons, appropriate remedial steps to eliminate the effects of any discrimination that resulted from adherence to these policies and practices.

(4) A recipient that employs fifteen or more persons shall maintain on file, make available for public inspection, and provide to the Endowment upon request, for at least three years following completion of the self-evaluation:

(i) A list of the interested persons consulted;

(ii) A description of areas examined and any problems identified; and
§ 1170.53 Designation of responsible employee and adoption of grievance procedures.

(a) Designation of responsible employee. A recipient that employs fifteen or more persons shall designate at least one person to coordinate its efforts to comply with this part.

(b) Adoption of grievance procedures. A recipient that employs fifteen or more persons shall adopt grievance procedures that incorporate appropriate due process standards and that provide for the prompt and equitable resolution of complaints alleging any action prohibited by this part. Such procedures need not be established with respect to complaints from applicants for employment or from applicants for admission to postsecondary educational institutions.

§ 1170.54 Notice.

(a) A recipient that employs fifteen or more persons shall take appropriate initial and continuing steps to notify participants, beneficiaries, applicants, and employees, including those with impaired vision or hearing, and unions or professional organizations holding collective bargaining or professional agreements with the recipient that it does not discriminate on the basis of handicap in violation of section 504 and this part. The notification shall state, where appropriate, that the recipient does not discriminate in admission or access to, or treatment or employment in, its programs and activities. The notification shall also include an identification of the responsible employee designated pursuant to §1170.53(a). A recipient shall make the initial notification required by this paragraph within 90 days of the effective date of this part. Methods of initial and continuing notification may include the posting of notices, publication in newspapers and magazines, placement of notices in recipients' publication, and distribution of memoranda or other written communications.

(b) If a recipient publishes or uses recruitment materials or publications containing general information that it makes available to participants, beneficiaries, applicants, or employees, it shall include in those materials or publications a statement of the policy described in paragraph (a) of this section. A recipient may meet the requirement of this paragraph either by including appropriate inserts in existing materials and publications or by revising and reprinting the materials and publications.

§ 1170.55 Endowment enforcement and compliance procedures.

The procedural provisions applicable to Title VI of the Civil Rights Act of 1964 apply to this part. These procedures are found in §§1110.6 through 1110.11 of part 1100 of this title.

subpart a—general

§ 1174.1 Purpose and scope of this part.

This part establishes uniform administrative rules for Federal grants and cooperative agreements and subawards to State, local and Indian tribal governments.

§ 1174.2 Scope of subpart.

This subpart contains general rules pertaining to this part and procedures for control of exceptions from this part.

§ 1174.3 Definitions.

As used in this part:

Accrued expenditures mean the charges incurred by the grantee during a given period requiring the provision of funds for: (1) Goods and other tangible property received; (2) services performed by employees, contractors, subgrantees, subcontractors, and other payees; and (3) other amounts becoming owed under programs for which no current services or performance is required, such as annuities, insurance claims, and other benefit payments.

Accrued income means the sum of: (1) Earnings during a given period from services performed by the grantee and goods and other tangible property delivered to purchasers, and (2) amounts becoming owed to the grantee for which no current services or performance is required by the grantee.

Acquisition cost of an item of purchased equipment means the net invoice unit price of the property including the cost of modifications, attachments, accessories, or auxiliary apparatus necessary to make the property usable for the purpose for which it was acquired. Other charges such as the cost of installation, transportation, taxes, duty or protective in-transit insurance, shall be included or excluded from the unit acquisition cost in accordance with the grantee’s regular accounting practices.

Administrative requirements mean those matters common to grants in general, such as financial management, kinds and frequency of reports, and retention of records. These are distinguished from programmatic requirements, which concern matters that can be treated only on a program-by-program or grant-by-grant basis, such as kinds of activities that can be supported by grants under a particular program.

Awarding agency means (1) with respect to a grant, the Federal agency, and (2) with respect to a subgrant, the party that awarded the subgrant.

Cash contributions means the grantee’s cash outlay, including the outlay of money contributed to the grantee or subgrantee by other public agencies and institutions, and private organizations and individuals. When authorized by Federal legislation, Federal funds received from other assistance agreements may be considered as grantee or subgrantee cash contributions.

Contract means (except as used in the definitions for grant and subgrant in this section and except where qualified by Federal) a procurement contract under a grant or subgrant, and means a
§ 1174.3  45 CFR Ch. XI (10–1–99 Edition)

procurement subcontract under a contract.

Cost sharing or matching means the value of the third party in-kind contributions and the portion of the costs of a federally assisted project or program not borne by the Federal Government.

Cost-type contract means a contract or subcontract under a grant in which the contractor or subcontractor is paid on the basis of the costs it incurs, with or without a fee.

Equipment means tangible, non-expendable, personal property having a useful life of more than one year and an acquisition cost of $5,000 or more per unit. A grantee may use its own definition of equipment provided that such definition would at least include all equipment defined above.

Expenditure report means: (1) For non-construction grants, the SF-269 “Financial Status Report” (or other equivalent report); (2) for construction grants, the SF-271 “Outlay Report and Request for Reimbursement” (or other equivalent report).

Federally recognized Indian tribal government means the governing body or a governmental agency of any Indian tribe, band, nation, or other organized group or community (including any Native village as defined in section 3 of the Alaska Native Claims Settlement Act, 85 Stat 688) certified by the Secretary of the Interior as eligible for the special programs and services provided by him through the Bureau of Indian Affairs.

Government means a State or local government or a federally recognized Indian tribal government.

Grant means an award of financial assistance, including cooperative agreements, in the form of money, or property in lieu of money, by the Federal Government to an eligible grantee. The term does not include technical assistance which provides services instead of money, or other assistance in the form of revenue sharing, loans, loan guarantees, interest subsidies, insurance, or direct appropriations. Also, the term does not include assistance, such as a fellowship or other lump sum award, which the grantee is not required to account for.

Grantee means the government to which a grant is awarded and which is accountable for the use of the funds provided. The grantee is the entire legal entity even if only a particular component of the entity is designated in the grant award document.

Local government means a county, municipality, city, town, township, local public authority (including any public and Indian housing agency under the United States Housing Act of 1937) school district, special district, intrastate district, council of governments (whether or not incorporated as a nonprofit corporation under state law), any other regional or interstate government entity, or any agency or instrumentality of a local government.

Obligations means the amounts of orders placed, contracts and subgrants awarded, goods and services received, and similar transactions during a given period that will require payment by the grantee during the same or a future period.

OMB means the United States Office of Management and Budget.

Outlays (expenditures) mean charges made to the project or program. They may be reported on a cash or accrual basis. For reports prepared on a cash basis, outlays are the sum of actual cash disbursement for direct charges for goods and services, the amount of indirect expense incurred, the value of in-kind contributions applied, and the amount of cash advances and payments made to contractors and subgrantees. For reports prepared on an accrued expenditure basis, outlays are the sum of actual cash disbursements, the amount of indirect expense incurred, the value of in-kind contributions applied, and the new increase (or decrease) in the amounts owed by the grantee for goods and other property received, for services performed by employees, contractors, subgrantees, subcontractors, and other payees, and other amounts becoming owed under programs for which no current services or performance are required, such as annuities, insurance claims, and other benefit payments.

Percentage of completion method refers to a system under which payments are made for construction work according to the percentage of completion of the
work, rather than to the grantee's cost incurred.

Prior approval means documentation evidencing consent prior to incurring specific cost.

Real property means land, including land improvements, structures and appurtenances thereto, excluding movable machinery and equipment.

Share, when referring to the awarding agency's portion of real property, equipment or supplies, means the same percentage as the awarding agency's portion of the acquiring party's total costs under the grant to which the acquisition costs under the grant to which the acquisition cost of the property was charged. Only costs are to be counted—not the value of third-party in-kind contributions.

State means any of the several States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, or any agency or instrumentality of a State exclusive of local governments. The term does not include any public and Indian housing agency under United States Housing Act of 1937.

Subgrant means an award of financial assistance in the form of money, or property in lieu of money, made under a grant by a grantee to an eligible subgrantee. The term includes financial assistance when provided by contractual legal agreement, but does not include procurement purchases, nor does it include any form of assistance which is excluded from the definition of grant in this part.

Subgrantee means the government or other legal entity to which a subgrant is awarded and which is accountable to the grantee for the use of the funds provided.

Supplies means all tangible personal property other than equipment as defined in this part.

Suspension means depending on the context, either (1) temporary withdrawal of the authority to obligate grant funds pending corrective action by the grantee or subgrantee or a decision to terminate the grant, or (2) an action taken by a suspending official in accordance with agency regulations implementing E.O. 12549 to immediately exclude a person from participating in grant transactions for a period, pending completion of an investigation and such legal or debarment proceedings as may ensue.

Termination means permanent withdrawal of the authority to obligate previously-awarded grant funds before that authority would otherwise expire. It also means the voluntary relinquishment of that authority by the grantee or subgrantee. Termination does not include: (1) Withdrawal of funds awarded on the basis of the grantee's underestimation of the unobligated balance in a prior period; (2) withdrawal of the unobligated balance as of the expiration of a grant; (3) refusal to extend a grant or award additional funds, to make a competing or noncompeting continuation, renewal, extension, or supplemental award; or (4) voiding of a grant upon determination that the award was obtained fraudulently, or was otherwise illegal or invalid from inception.

Terms of a grant or subgrant mean all requirements of the grant or subgrant, whether in statute, regulations, or the award document.

Third party in-kind contributions mean property or services which benefit a federally assisted project or program and which are contributed by non-federal third parties without charge to the grantee, or a cost-type contractor under the grant agreement.

Unliquidated obligations for reports prepared on a cash basis mean the amount of obligations incurred by the grantee that has not been paid. For reports prepared on an accrued expenditure basis, they represent the amount of obligations incurred by the grantee for which an outlay has not been recorded.

Unobligated balance means the portion of the funds authorized by the Federal agency that has not been obligated by the grantee and is determined by deducting the cumulative obligations from the cumulative funds authorized.

§ 1174.4 Applicability.

### Subpart B—Pre-Award Requirements

#### § 1174.10 Forms for applying for grants.

(a) Scope. (1) This section prescribes forms and instructions to be used by governmental organizations (except hospitals and institutions of higher education operated by a government) in applying for grants. This section is not applicable, however, to formula grant programs which do not require applicants to apply for funds on a project basis.

(2) This section applies only to applications to Federal agencies for grants, and is not required to be applied by grantees in dealing with applicants for subgrants. However, grantees are encouraged to avoid more detailed or burdensome application requirements for subgrants.

(b) Authorized forms and instructions for governmental organizations. (1) In applying for grants, applicants shall only use standard application forms or those prescribed by the granting agency with the approval of OMB under the Paperwork Reduction Act of 1980.

(2) Applicants are not required to submit more than the original and two copies of preapplications or applications.

(3) Applicants must follow all applicable instructions that bear OMB clearance numbers. Federal agencies may specify and describe the programs, functions, or activities that will be used to plan, budget, and evaluate the work under a grant. Other supplementary instructions may be issued only with the approval of OMB to the extent required under the Paperwork Reduction Act of 1980. For any standard form, except the SF-424 facesheet, Federal agencies may shade out or instruct the applicant to disregard any line item that is not needed.

(4) When a grantee applies for additional funding (such as a continuation or supplemental award) or amends a previously submitted application, only the affected pages need be submitted. Previously submitted pages with information that is still current need not be resubmitted.

#### § 1174.11 State plans.

(a) Scope. The statutes for some programs require States to submit plans before receiving grants. Under regulations implementing Executive Order 12372, “Intergovernmental Review of Federal Programs,” States are allowed to simplify, consolidate and substitute plans. This section contains additional provisions for plans that are subject to regulations implementing the Executive order.

(b) Requirements. A State need meet only Federal administrative or programmatic requirements for a plan that are in statutes or codified regulations.

(c) Assurances. In each plan the State will include an assurance that the State shall comply with all applicable Federal statutes and regulations in effect with respect to the periods for which it receives grant funding. For this assurance and other assurances required in the plan, the State may:

(1) Cite by number the statutory or regulatory provisions requiring the assurances and affirm that it gives the assurances required by those provisions,

(2) Repeat the assurance language in the statutes or regulations, or

(3) Develop its own language to the extent permitted by law.

(d) Amendments. A State will amend a plan whenever necessary to reflect: (1) New or revised Federal statutes or regulations or (2) a material change in any State law, organization, policy, or State agency operation. The State will obtain approval for the amendment and its effective date but need submit for approval only the amended portions of the plan.
§ 1174.12 Special grant or subgrant conditions for “high-risk” grantees.

(a) A grantee or subgrantee may be considered “high risk” if an awarding agency determines that a grantee or subgrantee:

(1) Has a history of unsatisfactory performance, or
(2) Is not financially stable, or
(3) Has a management system which does not meet the management standards set forth in this part, or
(4) Has not conformed to terms and conditions of previous awards, or
(5) Is otherwise not responsible; and if the awarding agency determines that an award will be made, special conditions and/or restrictions shall correspond to the high risk condition and shall be included in the award.

(b) Special conditions or restrictions may include:

(1) Payment on a reimbursement basis;
(2) Withholding authority to proceed to the next phase until receipt of evidence of acceptable performance within a given funding period;
(3) Requiring additional, more detailed financial reports;
(4) Additional project monitoring;
(5) Requiring the grantee or subgrantee to obtain technical or management assistance; or
(6) Establishing additional prior approvals.

(c) If an awarding agency decides to impose such conditions, the awarding official will notify the grantee or subgrantee as early as possible, in writing, of:

(1) The nature of the special conditions/restrictions;
(2) The reason(s) for imposing them;
(3) The corrective actions which must be taken before they will be removed and the time allowed for completing the corrective actions and
(4) The method of requesting reconsideration of the conditions/restrictions imposed.

§ 1174.20 Standards for financial management systems.

(a) A State must expand and account for grant funds in accordance with State laws and procedures for expending and accounting for its own funds. Fiscal control and accounting procedures of the State, as well as its subgrantees and cost-type contractors, must be sufficient to—

(1) Permit preparation of reports required by this part and the statutes authorizing the grant, and
(2) Permit the tracing of funds to a level of expenditures adequate to establish that such funds have not been used in violation of the restrictions and prohibitions of applicable statutes.

(b) The financial management systems of other grantees and subgrantees must meet the following standards:

(1) Financial reporting. Accurate, current, and complete disclosure of the financial results of financially assisted activities must be made in accordance with the financial reporting requirements of the grant or subgrant.
(2) Accounting records. Grantees and subgrantees must maintain records which adequately identify the source and application of funds provided for financially-assisted activities. These records must contain information pertaining to grant or subgrant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays or expenditures, and income.
(3) Internal control. Effective control and accountability must be maintained for all grant and subgrant cash, real and personal property, and other assets. Grantees and subgrantees must adequately safeguard all such property and must assure that it is used solely for authorized purposes.
(4) Budget control. Actual expenditures or outlays must be compared with budgeted amounts for each grant or subgrant. Financial information

486
must be related to performance or productivity data, including the development of unit cost information whenever appropriate or specifically required in the grant or subgrant agreement. If unit cost data are required, estimates based on available documentation will be accepted whenever possible.

(5) Allowable cost. Applicable OMB cost principles, agency program regulations, and the terms of grant and subgrant agreements will be followed in determining the reasonableness, allowability, and allocability of costs.

(6) Source documentation. Accounting records must be supported by such source documentation as cancelled checks, paid bills, payrolls, time and attendance records, contract and subgrant award documents, etc.

(7) Cash management. Procedures for minimizing the time elapsing between the transfer of funds from the U.S. Treasury and disbursement by grantees and subgrantees must be followed whenever advance payment procedures are used. Grantees must establish reasonable procedures to ensure the receipt of reports on subgrantees' cash balances and cash disbursements in sufficient time to enable them to prepare complete and accurate cash transactions reports to the awarding agency. When advances are made by letter-of-credit or electronic transfer of funds methods, the grantee must make drawdowns as close as possible to the time of making disbursements. Grantees must monitor cash drawdowns by their subgrantees to assure that they conform substantially to the same standards of timing and amount as apply to advances to the grantees.

(c) An awarding agency may review the adequacy of the financial management system of any applicant for financial assistance as part of a preaward review or at any time subsequent to award.

§ 1174.21 Payment.

(a) Scope. This section prescribes the basic standard and the methods under which a Federal agency will make payments to grantees, and grantees will make payments to subgrantees and contractors.

(b) Basic standard. Methods and procedures for payment shall minimize the time elapsing between the transfer of funds and disbursement by the grantee or subgrantee, in accordance with Treasury regulations at 31 CFR Part 205.

(c) Advances. Grantees and subgrantees shall be paid in advance, provided they maintain or demonstrate the willingness and ability to maintain procedures to minimize the time elapsing between the transfer of the funds and their disbursement by the grantee or subgrantee.

(d) Reimbursement. Reimbursement shall be the preferred method when the requirements in paragraph (c) of this section are not met. Grantees and subgrantees may also be paid by reimbursement for any construction grant. Except as otherwise specified in regulation, Federal agencies shall not use the percentage of completion method to pay construction grants. The grantee or subgrantee may use that method to pay its construction contractor, and if it does, the awarding agency's payments to the grantee or subgrantee will be based on the grantee's or subgrantee's actual rate of disbursement.

(e) Working capital advances. If a grantee cannot meet the criteria for advance payments described in paragraph (c) of this section, and the Federal agency has determined that reimbursement is not feasible because the grantee lacks sufficient working capital, the awarding agency may provide cash or a working capital advance basis. Under this procedure the awarding agency shall advance cash to the grantee to cover its estimated disbursement needs for an initial period generally geared to the grantee's disbursing cycle. Thereafter, the awarding agency shall reimburse the grantee for its actual cash disbursements. The working capital advance method of payment shall not be used by grantees or subgrantees if the reason for using such method is the unwillingness or inability of the grantee to provide timely advances to the subgrantee to meet the subgrantee's actual cash disbursements.

(f) Effect of program income, refunds, and audit recoveries on payment.
Grantees and subgrantees shall disburse repayments to and interest earned on a revolving fund before requesting additional cash payments for the same activity.

(2) Except as provided in paragraph (f)(1) of this section, grantees and subgrantees shall disburse program income, rebates, refunds, contract settlements, audit recoveries and interest earned on such funds before requesting additional cash payments.

(g) Withholding payments. (1) Unless otherwise required by Federal statute, awarding agencies shall not withhold payments for proper charges incurred by grantees or subgrantees unless—
   (i) The grantee or subgrantee has failed to comply with grant award conditions or
   (ii) The grantee or subgrantee is indebted to the United States.

(2) Cash withheld for failure to comply with grant award condition, but without suspension of the grant, shall be released to the grantee upon subsequent compliance. When a grant is suspended, payment adjustments will be made in accordance with §1174.43(c).

(3) A Federal agency shall not make payment to grantees for amounts that are withheld by grantees or subgrantees from payment to contractors to assure satisfactory completion of work. Payments shall be made by the Federal agency when the grantees or subgrantees actually disburse the withheld funds to the contractors or to escrow accounts established to assure satisfactory completion of work.

(h) Cash depositories. (1) Consistent with the national goal of expanding the opportunities for minority business enterprises, grantees and subgrantees are encouraged to use minority banks (a bank which is owned at least 50 percent by minority group members). A list of minority owned banks can be obtained from the Minority Business Development Agency, Department of Commerce, Washington, DC 20230.

(2) A grantee or subgrantee shall maintain a separate bank account only when required by Federal-State agreement.

(i) Interest earned on advances. Except for interest earned on advances of funds exempt under the Intergovernmental Cooperation Act (31 U.S.C. 6501 et seq.) and the Indian Self-Determination Act (23 U.S.C. 450), grantees and subgrantees shall promptly, but at least quarterly, remit interest earned on advances to the Federal agency. The grantee or subgrantee may keep interest amounts up to $100 per year for administrative expenses.

§1174.22 Allowable costs.

(a) Limitation on use of funds. Grant funds may be used only for:

(1) The allowable costs of the grantees, subgrantees and cost-type contractors, including allowable costs in the form of payments to fixed-price contractors; and

(2) Reasonable fees or profit to cost-type contractors but not any fee or profit (or other increment above allowable costs) to the grantee or subgrantee.

(b) Applicable cost principles. For each kind of organization, there is a set of Federal principles for determining allowable costs. Allowable costs will be determined in accordance with the cost principles applicable to the organization incurring the costs. The following chart lists the kinds of organizations and the applicable cost principles.

§1174.23 Period of availability of funds.

(a) General. Where a funding period is specified, a grantee may charge to the award only costs resulting from obligations of the funding period unless carryover of unobligated balances is permitted, in which case the carryover balances may be charged for costs resulting from obligations of the subsequent funding period.
§ 1174.24 Matching or cost sharing.

(a) Basic rule: Costs and contributions acceptable. With the qualifications and exceptions listed in paragraph (b) of this section, a matching or cost sharing requirement may be satisfied by either or both of the following:

(1) Allowable costs incurred by the grantee, subgrantee or a cost-type contractor under the assistance agreement. This includes allowable costs borne by non-Federal grants or by others cash donations from non-Federal third parties.

(2) The value of third party in-kind contributions applicable to the period to which the cost sharing or matching requirements applies.

(b) Qualifications and exceptions—(1) Costs borne by other Federal grant agreements. Except as provided by Federal statute, a cost sharing or matching requirement may not be met by costs borne by another Federal grant. This prohibition does not apply to income earned by a grantee or subgrantee from a contract awarded under another Federal grant.

(2) General revenue sharing. For the purpose of this section, general revenue sharing funds distributed under 31 U.S.C. 6702 are not considered Federal grant funds.

(3) Cost or contributions counted towards other Federal costs-sharing requirements. Neither costs nor the values of third party in-kind contributions may count towards satisfying a cost sharing or matching requirement of a grant agreement if they have been or will be counted towards satisfying a cost sharing or matching requirement of another Federal grant agreement, a Federal procurement contract, or any other award of Federal funds.

(4) Costs financed by program income. Costs financed by program income, as defined in §1174.25, shall not count towards satisfying a cost sharing or matching requirement unless they are expressly permitted in the terms of the assistance agreement. (This use of general program income is described in §1174.25(g)).

(5) Services or property financed by income earned by contractors. Contractors under a grant may earn income from the activities carried out under the contract in addition to the amounts earned from the party awarding the contract. No costs of services or property supported by this income may count toward satisfying a cost sharing or matching requirement unless other provisions of the grant agreement expressly permit this kind of income to be used to meet the requirement.

(6) Records. Costs and third party in-kind contributions counting towards satisfying a cost sharing or matching requirement must be verifiable from the records of grantees and subgrantee or cost-type contractors. These records must show how the value placed on third party in-kind contributions was derived. To the extent feasible, volunteer services will be supported by the same methods that the organization uses to support the allocability of regular personnel costs.

(7) Special standards for third party in-kind contributions. (i) Third party in-kind contributions count towards satisfying a cost sharing or matching requirement only where, if the party receiving the contributions were to pay for them, the payments would be allowable costs.

(ii) Some third party in-kind contributions are goods and services that, if the grantee, subgrantee, or contractor receiving the contribution had to pay for them, the payments would have been an indirect costs. Costs sharing or matching credit for such contributions shall be given only if the grantee, subgrantee, or contractor has established, along with its regular indirect cost rate, a special rate for allocating to individual projects or programs the value of the contributions.

(iii) A third party in-kind contribution to a fixed-price contract may count towards satisfying a cost sharing or matching requirement only if it results in:
§ 1174.24 Valuation of donated services and property

(A) An increase in the services or property provided under the contract (without additional cost to the grantee or subgrantee) or

(B) A cost savings to the grantee or subgrantee.

(iv) The values placed on third party in-kind contributions for cost sharing or matching purposes will conform to the rules in the succeeding sections of this part. If a third party in-kind contribution is a type not treated in those sections, the value placed upon it shall be fair and reasonable.

(c) Valuation of donated services—

(1) Volunteer services. Unpaid services provided to a grantee or subgrantee by individuals will be valued at rates consistent with those ordinarily paid for similar work in the grantee's or subgrantee's organization. If the grantee or subgrantee does not have employees performing similar work, the rates will be consistent with those ordinarily paid by other employers for similar work in the same labor market. In either case, a reasonable amount for fringe benefits may be included in the valuation.

(2) Employees of other organizations. When an employer other than a grantee, subgrantee, or cost-type contractor furnishes free of charge the services of an employee in the employee's normal line of work, the services will be valued at the employee's regular rate of pay exclusive of the employee's fringe benefits and overhead costs. If the services are in a different line of work, paragraphs (c)(1) of this section applies.

(d) Valuation of third party donated supplies and loaned equipment or space.

(1) If a third party donates supplies, the contribution will be valued at the market value of the supplies at the time of donation.

(2) If a third party donates the use of equipment or space in a building but retains title, the contribution will be valued at the fair rental rate of the equipment or space.

(e) Valuation of third party donated equipment, buildings, and land. If a third party donates equipment, buildings, or land, and title passes to a grantee or subgrantee, the treatment of the donated property will depend upon the purpose of the grant or subgrant, as follows:

(1) Awards for capital expenditures. If the purpose of the grant or subgrant is to assist the grantee or subgrantee in the acquisition of property, the market value of that property at the time of donation may be counted as cost sharing or matching.

(2) Other awards. If assisting in the acquisition of property is not the purpose of the grant or subgrant, paragraphs (e)(2) (i) and (ii) of this section apply:

(i) If approval is obtained from the awarding agency, the market value at the time of donation of the donated equipment or buildings and the fair rental rate of the donated land may be counted as cost sharing or matching. In the case of a subgrant, the terms of the grant agreement may require that the approval be obtained from the Federal agency as well as the grantee. In all cases, the approval may be given only if a purchase of the equipment or rental of the land would be approved as an allowable direct cost. If any part of the donated property was acquired with Federal funds, only the non-federal share of the property may be counted as cost-sharing or matching.

(ii) If approval is not obtained under paragraph (e)(2)(i) of this section, no amount may be counted for donated land, and only depreciation or use allowances may be counted for donated equipment and buildings. The depreciation or use allowances for this property are not treated as third party in-kind contributions. Instead, they are treated as costs incurred by the grantee or subgrantee. They are computed and allocated (usually as indirect costs) in accordance with the cost principles specified in §1174.22, in the same way as depreciation or use allowances for purchased equipment and buildings. The amount of depreciation or use allowances for donated equipment and buildings is based on the property's market value at the time it was donated.

(f) Valuation of grantee or subgrantee donated real property for construction/acquisition. If a grantee or subgrantee donates real property for a construction or facilities acquisition project, the current market value of that property may be counted as cost sharing or matching. If any part of the donated property was acquired with Federal
funds, only the non-federal share of the property may be counted as cost sharing or matching.

(g) Appraisal of real property. In some cases under paragraphs (d), (e) and (f) of this section, it will be necessary to establish the market value of land or a building or the fair rental rate of land or of space in a building. In these cases, the Federal agency may require the market value or fair rental value be set by an independent appraiser, and that the value or rate be certified by the grantee. This requirement will also be imposed by the grantee on subgrantees.

§ 1174.25 Program income.

(a) General. Grantees are encouraged to earn income to defray program costs. Program income includes income from fees for services performed, from the use or rental of real or personal property acquired with grant funds, from the sale of commodities or items fabricated under a grant agreement, and from payments of principal and interest on loans made with grant funds. Except as otherwise provided in regulations of the Federal agency, program income does not include interest on grant funds, rebates, credits, discounts, refunds, etc. and interest earned on any of them.

(b) Definition of program income. Program income means gross income received by the grantee or subgrantee directly generated by a grant supported activity, or earned only as a result of the grant agreement during the grant period. “During the grant period” is the time between the effective date of the award and the ending date of the award reflected in the final financial report.

(c) Cost of generating program income. If authorized by Federal regulations or the grant agreement, costs incident to the generation of program income may be deducted from gross income to determine program income.

(d) Governmental revenues. Taxes, special assessments, levies, fines, and other such revenues raised by a grantee or subgrantee are not program income unless the revenues are specifically identified in the grant agreement or Federal agency regulations as program income.

(e) Royalties. Income from royalties and license fees for copyrighted material, patents, and inventions developed by a grantee or subgrantee is program income only if the revenues are specifically identified in the grant agreement or Federal agency regulations as program income. (See §1174.34.)

(f) Property. Proceeds from the sale of real property or equipment will be handled in accordance with the requirements of §§1174.31 and 1174.32.

(g) Use of program income. Program income shall be deducted from outlays which may be both Federal and non-Federal as described below, unless the Federal agency regulations or the grant agreement specify another alternative (or a combination of the alternatives). In specifying alternatives, the Federal agency may distinguish between income earned by the grantee and income earned by subgrantees and between the sources, kinds, or amounts of income. When Federal agencies authorize the alternatives in paragraphs (g) (2) and (3) of this section, program income in excess of any limits stipulated shall also be deducted from outlays.

(1) Deduction. Ordinarily program income shall be deducted from total allowable costs to determine the net allowable costs. Program income shall be used for current costs unless the Federal agency authorizes otherwise. Program income which the grantee did not anticipate at the time of the award shall be used to reduce the Federal agency and grantee contributions rather than to increase the funds committed to the project.

(2) Addition. When authorized, program income may be added to the funds committed to the grant agreement by the Federal agency and the grantee. The program income shall be used for the purposes and under the conditions of the grant agreement.

(3) Cost sharing or matching. When authorized, program income may be used to meet the cost sharing or matching requirement of the grant agreement. The amount of the Federal grant award remains the same.

(h) Income after the award period. There are no Federal requirements governing the disposition of program income earned after the end of the award.
§ 1174.26 Non-Federal audit.

(a) Basic rule. Grantees and subgrantees are responsible for obtaining audits in accordance with the Single Audit Act Amendments of 1996 (31 U.S.C. 7501-7507) and revised OMB Circular A-133, “Audits of States, Local Governments, and Non-Profit Organizations.” The audits shall be made by an independent auditor in accordance with generally accepted government auditing standards covering financial audits.

(b) Subgrantees. State or local governments, as those terms are defined for purposes of the Single Audit Act Amendments of 1996, that provide Federal awards to a subgrantee, which expends $300,000 or more (or other amount as specified by OMB) in Federal awards in a fiscal year, shall:

(1) Determine whether State or local subgrantees have met the audit requirements of the Act and whether subgrantees covered by OMB Circular A-110, “Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations,” have met the audit requirements of the Act. Commercial contractors (private for-profit and private governmental organizations) providing goods and services to State and local governments are not required to have a single audit performed. State and local governments should use their own procedures to ensure that the contractor has complied with laws and regulations affecting the expenditure of Federal funds;

(2) Determine whether the subgrantee spent Federal assistance funds provided in accordance with applicable laws and regulations. This may be accomplished by reviewing an audit of the subgrantee made in accordance with the Act, Circular A-110, or through other means (e.g., program reviews) if the subgrantee has not had such an audit;

(3) Ensure that appropriate corrective action is taken within six months after receipt of the audit report in instance of noncompliance with Federal laws and regulations;

(4) Consider whether subgrantee audits necessitate adjustment of the grantee’s own records; and

(5) Require each subgrantee to permit independent auditors to have access to the records and financial statements.

(c) Auditor selection. In arranging for audit services, §1174.36 shall be followed.

CHANGES, PROPERTY, AND SUBAWARDS

§ 1174.30 Changes.

(a) General. Grantees and subgrantees are permitted to rebudget within the approved direct cost budget to meet unanticipated requirements and may make limited program changes to the approved project. However, unless waived by the awarding agency, certain types of post-award changes in budgets and projects shall require the prior written approval of the awarding agency.

(b) Relation to cost principles. The applicable cost principles (see §1174.22) contain requirements for prior approval of certain types of costs. Except where waived, those requirements apply to all grants and subgrants even if paragraphs (c) through (f) of this section do not.

(c) Budget changes—(1) Nonconstruction projects. Except as stated in other regulations or an award document, grantees or subgrantees shall obtain the prior approval of the awarding agency whenever any of the following changes is anticipated under a nonconstruction award:

(i) Any revision which would result in the need for additional funding.

(ii) Unless waived by the awarding agency, cumulative transfers among direct cost categories, or, if applicable, among separately budgeted programs, projects, functions, or activities which exceed or are expected to exceed ten percent of the current total approved budget, whenever the awarding agency’s share exceeds $100,000.

(iii) Transfer of funds allotted for training allowances (i.e., from direct...
payments to trainees to other expense categories).

(2) Construction projects. Grantees and subgrantees shall obtain prior written approval for any budget revision which would result in the need for additional funds.

(3) Combined construction and non-construction projects. When a grant or subgrant provides funding for both construction and nonconstruction activities, the grantee or subgrantee must obtain prior written approval from the awarding agency before making any fund or budget transfer from non-construction to construction or vice versa.

(d) Programmatic changes. Grantees or subgrantees must obtain the prior approval of the awarding agency whenever any of the following actions is anticipated:

1. Any revision of the scope or objectives of the project (regardless of whether there is an associated budget revision requiring prior approval).

2. Need to extend the period of availability of funds.

3. Changes in key persons in cases where specified in an application or a grant award. In research projects, a change in the project director or principal investigator shall always require approval unless waived by the awarding agency.

4. Under nonconstruction projects, contracting out, subgranting (if authorized by law) or otherwise obtaining the services of a third party to perform activities which are central to the purposes of the award. This approval requirement is in addition to the approval requirements of §1174.36 but does not apply to the procurement of equipment, supplies, and general support services.

(e) Additional prior approval requirements. The awarding agency may not require prior approval for any budget revision which is not described in paragraph (c) of this section.

(f) Requesting prior approval. (1) A request for prior approval of any budget revision will be in the same budget format the grantee used in its application and shall be accompanied by a narrative justification for the proposed revision.

(2) A request for a prior approval under the applicable Federal cost principles (see §1174.22) may be made by letter.

3. A request by a subgrantee for prior approval will be addressed in writing to the grantee. The grantee will promptly review such request and shall approve or disapprove the request in writing. A grantee will not approve any budget or project revision which is inconsistent with the purpose or terms and conditions of the Federal grant to the grantee. If the revision, requested by the subgrantee would result in a change to the grantee’s approved project which requires Federal prior approval, the grantee will obtain the Federal agency’s approval before approving the subgrantee’s request.

§ 1174.31 Real property.

(a) Title. Subject to the obligations and conditions set forth in this section, title to real property acquired under a grant or subgrant will vest upon acquisition in the grantee or subgrantee respectively.

(b) Use. Except as otherwise provided by Federal statutes, real property will be used for the originally authorized purposes as long as needed for that purposes, and the grantee or subgrantee shall not dispose of or encumber its title or other interests.

(c) Disposition. When real property is no longer needed for the originally authorized purpose, the grantee or subgrantee will request disposition instructions from the awarding agency. The instructions will provide for one of the following alternatives:

1. Retention of title. Retain title after compensating the awarding agency. The amount paid to the awarding agency will be computed by applying the awarding agency’s percentage of participation in the cost of the original purchase to the fair market value of the property. However, in those situations where a grantee or subgrantee is disposing of real property acquired with grant funds and acquiring replacement real property under the same program, the net proceeds from the disposition may be used as an offset to the cost of the replacement property.

2. Sale of property. Sell the property and compensate the awarding agency.
§ 1174.32 Equipment.  
(a) Title. Subject to the obligations and conditions set forth in this section, title to equipment acquired under a grant or subgrant will vest upon acquisition in the grantee or subgrantee respectively.  
(b) Use. Equipment shall be used by the grantee or subgrantee in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by Federal funds. When no longer needed for the original program or project, the equipment may be used in other activities currently or previously supported by a Federal agency.  
(c) Management requirements. Procedures for managing equipment (including replacement equipment), whether acquired in whole or in part with Federal funds, until disposition takes place will, as a minimum, meet the following requirements:  
(1) Property records must be maintained that include a description of the property, a serial number or other identification number, the source of property, who holds title, the acquisition date, and cost of the property, percentage of Federal participation in the cost of the property, the location, use and condition of the property, and any ultimate disposition data including the date of disposal and sale price of the property.  
(2) A physical inventory of the property must be taken and the results reconciled with the property records at least once every two years.  
(3) A control system must be developed to ensure adequate safeguards to prevent loss, damage, or theft of the property. Any loss, damage, or theft shall be investigated.  
(4) Adequate maintenance procedures must be developed to keep the property in good condition.  
(5) If the grantee or subgrantee is authorized or required to sell the property, proper sales procedures must be established to ensure the highest possible return.  
(e) Disposition. When original or replacement equipment acquired under a grant or subgrant is no longer needed...
for the original project or program or for other activities currently or previously supported by a Federal agency, disposition of the equipment will be made as follows:

(1) Items of equipment with a current per-unit fair market value of less than $5,000 may be retained, sold or otherwise disposed of with no further obligation to the awarding agency.

(2) Items of equipment with a current per-unit fair market value in excess of $5,000 may be retained or sold and the awarding agency shall have a right to an amount calculated by multiplying the current market value or proceeds from sale by the awarding agency’s share of the equipment.

(3) In cases where a grantee or subgrantee fails to take appropriate disposition actions, the awarding agency may direct the grantee or subgrantee to take excess and disposition actions.

(f) Federal equipment. In the event a grantee or subgrantee is provided federally-owned equipment:

(1) Title will remain vested in the Federal Government.

(2) Grantees or subgrantees will manage the equipment in accordance with Federal agency rules and procedures, and submit an annual inventory listing.

(3) When the equipment is no longer needed, the grantee or subgrantee will request disposition instructions from the Federal agency.

(g) Right to transfer title. The Federal awarding agency may reserve the right to transfer title to the Federal Government or a third party named by the awarding agency when such a third party is otherwise eligible under existing statutes. Such transfers shall be subject to the following standards:

(1) The property shall be identified in the grant or otherwise made known to the grantee in writing.

(2) The Federal awarding agency shall issue disposition instructions within 120 calendar days after the end of the Federal support of the project for which it was acquired. If the Federal awarding agency fails to issue disposition instructions within the 120 calendar-day period the grantee shall follow §1174.32(e).

(3) When title to equipment is transferred, the grantee shall be paid an amount calculated by applying the percentage of participation in the purchase to the current fair market value of the property.

§1174.33 Supplies.

(a) Title. Title to supplies acquired under a grant or subgrant will vest, upon acquisition, in the grantee or subgrantee respectively.

(b) Disposition. If there is a residual inventory of unused supplies exceeding $5,000 in total aggregate fair market value upon termination or completion of the award, and if the supplies are not needed for any other federally sponsored programs or projects, the grantee or subgrantee shall compensate the awarding agency for its share.

§1174.34 Copyrights.

The Federal awarding agency reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for Federal Government purposes:

(a) The copyright in any work developed under a grant, subgrant, or contract under a grant or subgrant; and

(b) Any rights of copyright to which a grantee, subgrantee or a contractor purchases ownership with grant support.

§1174.35 Subawards to debarred and suspended parties.

Grantees and subgrantees must not make any award or permit any award (subgrant or contract) at any tier to any party which is debarred or suspended or is otherwise excluded from or ineligible for participation in Federal assistance programs under Executive Order 12549, “Debarment and Suspension.”

§1174.36 Procurement.

(a) States. When procuring property and services under a grant, a State will follow the same policies and procedures it uses for procurements from its non-Federal funds. The State will ensure that every purchase order or other contract includes any clauses required by Federal statutes and executive orders and their implementing regulations. Other grantees and subgrantees will
follow paragraphs (b) through (i) in this section.

(b) Procurement standards. (1) Grantees and subgrantees will use their own procurement procedures which reflect applicable State and local laws and regulations, provided that the procurements conform to applicable Federal law and the standards identified in this section.

(2) Grantees and subgrantees will maintain a contract administration system which ensures that contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders.

(3) Grantees and subgrantees will maintain a written code of standards of conduct governing the performance of their employees engaged in the award and administration of contracts. No employee, officer or agent of the grantee or subgrantee shall participate in selection, or in the award or administration of a contract supported by Federal funds if a conflict of interest, real or apparent, would be involved. Such a conflict would arise when:

(i) The employee, officer or agent,
(ii) Any member of his immediate family,
(iii) His or her partner, or
(iv) An organization which employs, or is about to employ, any of the above, has a financial or other interest in the firm selected for award. The grantee’s or subgrantee’s officers, employees or agents will neither solicit nor accept gratuities, favors or anything of monetary value from contractors, potential contractors, or parties to subagreements. Grantee and subgrantees may set minimum rules where the financial interest is not substantial or the gift is an unsolicited item of nominal intrinsic value. To the extent permitted by State or local law or regulations, such standards or conduct will provide for penalties, sanctions, or other disciplinary actions for violations of such standards by the grantee’s and subgrantee’s officers, employees, or agents, or by contractors or their agents. The awarding agency may in regulation provide additional prohibitions relative to real, apparent, or potential conflicts of interest.

(4) Grantee and subgrantee procedures will provide for a review of proposed procurements to avoid purchase of unnecessary or duplicative items. Consideration should be given to consolidating or breaking out procurements to obtain a more economical purchase. Where appropriate, an analysis will be made of lease versus purchase alternatives, and any other appropriate analysis to determine the most economical approach.

(5) To foster greater economy and efficiency, grantees and subgrantees are encouraged to enter into State and local intergovernmental agreements for procurement or use of common goods and services.

(6) Grantees and subgrantees are encouraged to use Federal excess and surplus property in lieu of purchasing new equipment and property whenever such use is feasible and reduces project costs.

(7) Grantees and subgrantees are encouraged to use value engineering clauses in contracts for construction projects of sufficient size to offer reasonable opportunities for cost reductions. Value engineering is a systematic and creative analysis of each contract item or task to ensure that its essential function is provided at the overall lower cost.

(8) Grantees and subgrantees will make awards only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.

(9) Grantees and subgrantees will maintain records sufficient to detail the significant history of a procurement. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price.

(10) Grantees and subgrantees will use time and material type contracts only—

(i) After a determination that no other contract is suitable, and
(ii) If the contract includes a ceiling price that the contractor exceeds at its own risk.
(11) Grantees and subgrantees alone will be responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to source evaluation, protests, disputes, and claims. These standards do not relieve the grantee or subgrantee of any contractual responsibilities under its contracts. Federal agencies will not substitute their judgment for that of the grantee or subgrantee unless the matter is primarily a Federal concern. Violations of law will be referred to the local, State, or Federal authority having proper jurisdiction.

(12) Grantees and subgrantees will have protest procedures to handle and resolve disputes relating to their procurements and shall in all instances disclose information regarding the protest to the awarding agency. A protestor must exhaust all administrative remedies with the grantee and subgrantee before pursuing a protest with the Federal agency. Reviews of protests by the Federal agency will be limited to:

(i) Violations of Federal law or regulations and the standards of this section (violations of State or local law will be under the jurisdiction of State or local authorities) and

(ii) Violations of the grantee's or subgrantee's protest procedures for failure to review a complaint or protest. Protests received by the Federal agency other than those specified above will be referred to the grantee or subgrantee.

(c) Competition. (1) All procurement transactions will be conducted in a manner providing full and open competition consistent with the standards of §1174.36. Some of the situations considered to be restrictive of competition include but are not limited to:

(i) Placing unreasonable requirements on firms in order for them to qualify to do business,

(ii) Requiring unnecessary experience and excessive bonding,

(iii) Noncompetitive pricing practices between firms or between affiliated companies,

(iv) Noncompetitive awards to consultants that are on retainer contracts,

(v) Organizational conflicts of interest,

(vi) Specifying only a “brand name” product instead of allowing “an equal” product to be offered and describing the performance of other relevant requirements of the procurement, and

(vii) Any arbitrary action in the procurement process.

(2) Grantees and subgrantees will conduct procurements in a manner that prohibits the use of statutorily or administratively imposed in-State or local geographical preferences in the evaluation of bids or proposals, except in those cases where applicable Federal statutes expressly mandate or encourage geographic preference. Nothing in this section preempts State licensing laws. When contracting for architectural and engineering (A/E) services, geographic location may be a selection criteria provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.

(3) Grantees will have written selection procedures for procurement transactions. These procedures will ensure that all solicitations:

(i) Incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description shall not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product or service to be procured, and when necessary, shall set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible. When it is impractical or uneconomical to make a clear and accurate description of the technical requirements, a “brand name or equal” description may be used as a means to define the performance or other salient requirements of a procurement. The specific features of the named brand which must be met by offerors shall be clearly stated; and

(ii) Identify all requirements which the offerors must fulfill and all other factors to be used in evaluating bids or proposals.
§ 1174.36

(4) Grantees and subgrantees will ensure that all prequalified lists of persons, firms, or products which are used in acquiring goods and services are current and include enough qualified sources to ensure maximum open and free competition. Also, grantees and subgrantees will not preclude potential bidders from qualifying during the solicitation period.

(d) Methods of procurement to be followed—

(1) Procurement by small purchase procedures. Small purchase procedures are those relatively simple and informal procurement methods for securing services, supplies, or other property that do not cost more than the simplified acquisition threshold fixed at 41 U.S.C. 403(11) (currently set at $100,000). If small purchase procedures are used, price or rate quotations shall be obtained from an adequate number of qualified sources.

(2) Procurement by sealed bids (formal advertising). Bids are publicly solicited and a firm-fixed-price contract (lump sum or unit price) is awarded to the responsible bidder whose bid, conforming with all the material terms and conditions of the invitation for bids, is the lowest in price. The sealed bid method is the preferred method for procuring construction, if the conditions in §1174.36(d)(2)(i) apply.

(i) In order for sealed bidding to be feasible, the following conditions should be present:

(A) A complete, adequate, and realistic specification or purchase description is available;

(B) Two or more responsible bidders are willing and able to compete effectively and for the business; and

(C) The procurement lends itself to a firm fixed-price contract and the selection of the successful bidder can be made principally on the basis of price.

(ii) If sealed bids are used, the following requirements apply:

(A) The invitation for bids will be publicly advertised and bids shall be solicited from an adequate number of known suppliers, providing them sufficient time prior to the date set for opening the bids;

(B) The invitation for bids, which will include any specifications and pertinent attachments, shall define the items or services in order for the bidder to properly respond;

(C) All bids will be publicly opened at the time and place prescribed in the invitation for bids;

(D) A firm fixed-price contract award will be made in writing to the lowest responsive and responsible bidder. Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs shall be considered in determining which bid is lowest. Payment discounts will only be used to determine the low bid when prior experience indicates that such discounts are usually taken advantage of; and

(E) Any or all bids may be rejected if there is a sound documented reason.

(3) Procurement by competitive proposals. The technique of competitive proposals is normally conducted with more than one source submitting an offer, and either a fixed-price or cost-reimbursement type contract is awarded. It is generally used when conditions are not appropriate for the use of sealed bids. If this method is used, the following requirements apply:

(i) Requests for proposals will be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals shall be honored to the maximum extent practical;

(ii) Proposals will be solicited from an adequate number of qualified sources;

(iii) Grantees and subgrantees will have a method for conducting technical evaluations of the proposals received and for selecting awardees;

(iv) Awards will be made to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered; and

(v) Grantees and subgrantees may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors’ qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used in procurement of A/E professional services. It cannot be used to purchase other types
of services though A/E firms are a potential source to perform the proposed effort.

(4) Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source, or after solicitation of a number of sources, competition is determined inadequate.

(i) Procurement by noncompetitive proposals may be used only when the award of a contract is infeasible under small purchase procedures, sealed bids or competitive proposals and one of the following circumstances applies:

(A) The item is available only from a single source;

(B) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;

(C) The awarding agency authorizes noncompetitive proposals; or

(D) After solicitation of a number of sources, competition is determined inadequate.

(ii) Cost analysis, i.e., verifying the proposed cost data, the projections of the data, and the evaluation of the specific elements of costs and profits, is required.

(iii) Grantees and subgrantees may be required to submit the proposed procurement to the awarding agency for pre-award review in accordance with paragraph (g) of this section.

(e) Contracting with small and minority firms, women’s business enterprises and labor surplus area firms.

(1) The grantee and subgrantee will take all necessary affirmative steps to assure that minority firms, women’s business enterprises, and labor surplus area firms are used when possible.

(2) Affirmative steps shall include:

(i) Placing qualified small and minority businesses and women’s business enterprises on solicitation lists;

(ii) Assuring that small and minority businesses, and women’s business enterprises are solicited whenever they are potential sources;

(iii) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women’s business enterprises;

(iv) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority business, and women’s business enterprises;

(v) Using the services and assistance of the Small Business Administration, and the Minority Business Development Agency of the Department of Commerce; and

(vi) Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs (e)(2) (i) through (v) of this section.

(f) Contract cost and price. (1) Grantees and subgrantees must perform a cost or price analysis in connection with every procurement action including contract modifications. The method and degree of analysis is dependent on the facts surrounding the particular procurement situation, but as a starting point, grantees must make independent estimates before receiving bids or proposals. A cost analysis must be performed when the offeror is required to submit the elements of his estimated cost, e.g., under professional, consulting, and architectural engineering services contracts. A cost analysis will be necessary when adequate price competition is lacking, and for sole source procurements, including contract modifications or change orders, unless price reasonableness can be established on the basis of a catalog or market price of a commercial product sold in substantial quantities to the general public or based on prices set by law or regulation. A price analysis will be used in all other instances to determine the reasonableness of the proposed contract price.

(2) Grantees and subgrantees will negotiate profit as a separate element of the price for each contract in which there is no price competition and in all cases where cost analysis is performed. To establish a fair and reasonable profit, consideration will be given to the complexity of the work to be performed, the risk borne by the contractor, the contractor’s investment, the amount of subcontracting, the quality of its record of past performance, and industry profit rates in the surrounding geographical area for similar work.
(3) Costs or prices based on estimated costs for contracts under grants will be allowable only to the extent that costs incurred or cost estimates included in negotiated prices are consistent with Federal cost principles (see §1174.22). Grantees may reference their own cost principles that comply with the applicable Federal cost principles.

(4) The cost plus a percentage of cost and percentage of construction cost methods of contracting shall not be used.

(g) Awarding agency review. (1) Grantees and subgrantees must make available, upon request of the awarding agency, technical specifications on proposed procurements where the awarding agency believes such review is needed to ensure that the item and/or service specified is the one being proposed for purchase. This review generally will take place prior to the time the specification is incorporated into a solicitation document. However, if the grantee or subgrantee desires to have the review accomplished after a solicitation has been developed, the awarding agency may still review the specifications, with such review usually limited to the technical aspects of the proposed purchase.

(2) Grantees and subgrantees must on request make available for awarding agency pre-award review procurement documents, such as requests for proposals or invitations for bids, independent cost estimates, etc. when:
   (i) A grantee’s or subgrantee’s procurement procedures or operation fails to comply with the procurement standards in this section; or
   (ii) The procurement is expected to exceed the simplified acquisition threshold and is to be awarded without competition or only one bid or offer is received in response to a solicitation; or
   (iii) The procurement, which is expected to exceed the simplified acquisition threshold, specifies a “brand name” product; or
   (iv) The proposed award is more than the simplified acquisition threshold and is to be awarded to other than the apparent low bidder under a sealed bid procurement; or
   (v) A proposed contract modification changes the scope of a contract or increases the contract amount by more than the simplified acquisition threshold.

(3) A grantee or subgrantee will be exempt from the pre-award review in paragraph (g)(2) of this section if the awarding agency determines that its procurement systems comply with the standards of this section.

   (i) A grantee or subgrantee may request that its procurement system be reviewed by the awarding agency to determine whether its system meets these standards in order for its system to be certified. Generally, these reviews shall occur where there is a continuous high-dollar funding, and third-party contracts are awarded on a regular basis.

   (ii) A grantee or subgrantee may self-certify its procurement system. Such self-certification shall not limit the awarding agency’s right to survey the system. Under a self-certification procedure, awarding agencies may wish to rely on written assurances from the grantee or subgrantee that it is complying with these standards. A grantee or subgrantee will cite specific procedures, regulations, standards, etc., as being in compliance with these requirements and have its system available for review.

(h) Bonding requirements. For construction or facility improvement contracts or subcontracts exceeding the simplified acquisition threshold, the awarding agency may accept the bonding policy and requirements of the grantee or subgrantee provided the awarding agency has made a determination that the awarding agency’s interest is adequately protected. If such a determination has not been made, the minimum requirements shall be as follows:

   (1) A bid guarantee from each bidder equivalent to five percent of the bid price. The “bid guarantee” shall consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of his bid, execute such contractual documents as may be required within the time specified.

   (2) A performance bond on the part of the contractor for 100 percent of the contract price. A “performance bond” is
one executed in connection with a contract to secure fulfillment of all the contractor's obligations under such contract.

(3) A payment bond on the part of the contractor for 100 percent of the contract price. A "payment bond" is one executed in connection with a contract to assure payment as required by law of all persons supplying labor and material in the execution of the work provided for in the contract.

(i) Contract provisions. A grantee's and subgrantee's contracts must contain provisions in paragraph (i) of this section. Federal agencies are permitted to require changes, remedies, changed conditions, access and records retention, suspension of work, and other clauses approved by the Office of Federal Procurement Policy.

(1) Administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as may be appropriate. (Contracts more than the simplified acquisition threshold)

(2) Termination for cause and for convenience by the grantee or subgrantee including the manner by which it will be effected and the basis for settlement. (All contracts in excess of $10,000)

(3) Compliance with Executive Order 11246 of September 24, 1965, entitled "Equal Employment Opportunity," as amended by Executive Order 11375 of October 13, 1967, and as supplemented in Department of Labor regulations (41 CFR chapter 60). (All construction contracts awarded in excess of $10,000 by grantees and their contractors or subgrantees)

(4) Compliance with the Copeland "Anti-Kickback" Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR Part 2). (All construction contracts awarded in excess of $10,000 by grantees and their contractors or subgrantees)

(5) Compliance with the Davis-Bacon Act (40 U.S.C. 276a to 276a-7) as supplemented by Department of Labor regulations (29 CFR Part 5). (Construction contracts in excess of $2000 awarded by grantees and subgrantees when required by Federal grant program legislation)

(7) Notice of awarding agency requirements and regulations pertaining to reporting.

(8) Notice of awarding agency requirements and regulations pertaining to patent rights with respect to any discovery or invention which arises or is developed in the course of or under such contract.

(9) Awarding agency requirements and regulations pertaining to copyrights and rights in data.

(10) Access by the grantee, the subgrantee, the Federal grantor agency, the Comptroller General of the United States, or any of their duly authorized representatives to any books, documents, papers, and records of the contractor which are directly pertinent to that specific contract for the purpose of making audit, examination, excerpts, and transcriptions.

(11) Retention of all required records for three years after grantees or subgrantees make final payments and all other pending matters are closed.

(12) Compliance with all applicable standards, orders, or requirements issued under section 306 of the Clean Air Act (42 U.S.C. 1857(h)), section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR part 15). (Contracts, subcontracts, and subgrants of amounts in excess of $100,000)

(13) Mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94-163, 89 Stat. 871).

§ 1174.37 Subgrants.

(a) States. States shall follow state law and procedures when awarding and administering subgrants (whether on a
§ 1174.40 Monitoring and reporting program performance.

(a) Monitoring by grantees. Grantees are responsible for managing the day-to-day operations of grant and subgrant supported activities. Grantees must monitor grant and subgrant supported activities to assure compliance with applicable Federal requirements and that performance goals are being achieved. Grantee monitoring must cover each program, function or activity.

(b) Nonconstruction performance reports. The Federal agency may, if it decides that performance information available from subsequent applications contains sufficient information to meet its programmatic needs, require the grantee to submit a performance report only upon expiration or termination of grant support. Unless waived by the Federal agency this report will be due on the same date as the final Financial Status Report.

(1) Grantees shall submit annual performance reports unless the awarding agency requires quarterly or semi-annual reports. However, performance reports will not be required more frequently than quarterly. Annual reports shall be due 90 days after the grant year, quarterly or semi-annual reports shall be due 30 days after the reporting period. The final performance report will be due 90 days after the expiration or termination of grant support. If a justified request is submitted by a grantee, the Federal agency may extend the due date for any performance report. Additionally, requirements for unnecessary performance reports may be waived by the Federal agency.

(2) Performance reports will contain, for each grant, brief information on the following:

(i) A comparison of actual accomplishments to the objectives established for the period. Where the output of the project can be quantified, a computation of the cost per unit of output may be required if that information will be useful.

(ii) The reasons for slippage if established objectives were not met.

(iii) Additional pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs.

(3) Grantees will not be required to submit more than the original and two copies of performance reports.
(4) Grantees will adhere to the standards in this section in prescribing performance reporting requirements for subgrantees.

(c) Construction performance reports. For the most part, on-site technical inspections and certified percentage-of-completion data are relied on heavily by Federal agencies to monitor progress under construction grants and subgrants. The Federal agency will require additional formal performance reports only when considered necessary, and never more frequently than quarterly.

(d) Significant developments. Events may occur between the scheduled performance reporting dates which have significant impact upon the grant or subgrant supported activity. In such cases, the grantee must inform the Federal agency as soon as the following types of conditions become known:

(1) Problems, delays, or adverse conditions which will materially impair the ability to meet the objective of the award. This disclosure must include a statement of the action taken, or contemplated, and any assistance needed to resolve the situation.

(2) Favorable developments which enable meeting time schedules and objectives sooner or at less cost than anticipated or producing more beneficial results than originally planned.

(e) Federal agencies may make site visits as warranted by program needs.

(f) waivers, extensions. (1) Federal agencies may waive any performance report required by this part if not needed.

(2) The grantee may waive any performance report from a subgrantee when not needed. The grantee may extend the due date of any performance report from a subgrantee if the grantee will still be able to meet its performance reporting obligations to the Federal agency.

§ 1174.41 Financial reporting.

(a) General. (1) Except as provided in paragraphs (a) (2) and (5) of this section, grantees will use only the forms specified in paragraphs (a) through (e) of this section, and such supplementary or other forms as may from time to time be authorized by OMB, for:

(i) Submitting financial reports to Federal agencies, or

(ii) Requesting advances or reimbursements when letters of credit are not used.

(2) Grantees need not apply the forms prescribed in this section in dealing with their subgrantees. However, grantees shall not impose more burdensome requirements on subgrantees.

(3) Grantees shall follow all applicable standard and supplemental Federal agency instructions approved by OMB to the extent required under the Paperwork Reduction Act of 1980 for use in connection with forms specified in paragraphs (b) through (e) of this section. Federal agencies may issue substantive supplementary instructions only with the approval of OMB. Federal agencies may shade out or instruct the grantee to disregard any line item that the Federal agency finds unnecessary for its decisionmaking purposes.

(4) Grantees will not be required to submit more than the original and two copies of forms required under this part.

(5) Federal agencies may provide computer outputs to grantees to expedite or contribute to the accuracy of reporting. Federal agencies may accept the required information from grantees in machine usable format or computer printouts instead of prescribed forms.

(6) Federal agencies may waive any report required by this section if not needed.

(7) Federal agencies may extend the due date of any financial report upon receiving a justified request from a grantee.

(b) Financial Status Report—(1) Form. Grantees will use Standard Form 269 or 269A, Financial Status Report, to report the status of funds for all nonconstruction grants and for construction grants when required in accordance with paragraph §1174.41(e)(2)(iii) of this section.

(2) Accounting basis. Each grantee will report program outlays and program income on a cash or accrual basis as prescribed by the awarding agency. If the Federal agency requires accrual information and the grantee's accounting records are not normally kept on the accrual basis, the grantee shall not be
§ 1174.41

required to convert its accounting system but shall develop such accrual information through and analysis of the documentation on hand.

(3) Frequency. The Federal agency may prescribe the frequency of the report for each project or program. However, the report will not be required more frequently than quarterly. If the Federal agency does not specify the frequency of the report, it will be submitted annually. A final report will be required upon expiration or termination of grant support.

(4) Due date. When reports are required on a quarterly or semiannual basis, they will be due 30 days after the reporting period. When required on an annual basis, they will be due 90 days after the grant year. Final reports will be due 90 days after the expiration or termination of grant support.

(c) Federal Cash Transactions Report—

(1) Form. (i) For grants paid by letter or credit, Treasury check advances or electronic transfer of funds, the grantee will submit the Standard Form 272, Federal Cash Transactions Report, and when necessary, its continuation sheet, Standard Form 272a, unless the terms of the award exempt the grantee from this requirement.

(ii) These reports will be used by the Federal agency to monitor cash advanced to grantees and to obtain disbursement or outlay information for each grant from grantees. The format of the report may be adapted as appropriate when reporting is to be accomplished with the assistance of automatic data processing equipment provided that the information to be submitted is not changed in substance.

(ii) The frequency for submitting payment requests is treated in §1174.41(b)(3).

(e) Outlay report and request for reimbursement for construction programs. (1) Grants that support construction activities paid by reimbursement method.

(i) Requests for reimbursement under construction grants will be submitted on Standard Form 271, Outlay Report and Request for Reimbursement for Construction Programs. Federal agencies may, however, prescribe the Request for Advance or Reimbursement form, specified in §1174.41(d), instead of this form.

(ii) The frequency for submitting reimbursement requests is treated in §1174.41(b)(3).

(2) Grants that support construction activities paid by letter of credit, electronic funds transfer or Treasury check advance.

(i) When a construction grant is paid by letter of credit, electronic funds transfer or Treasury check advance, the grantee will report its outlays to the Federal agency using Standard Form 271, Outlay Report and Request for Reimbursement for Construction Programs. The Federal agency may provide any necessary special instruction.
§ 1174.42 Retention and access requirements for records.

(a) Applicability. (1) This section applies to all financial and programmatic records, supporting documents, statistical records, and other records of grantees or subgrantees which are:
   (i) Required to be maintained by the terms of this part, program regulations or the grant agreement, or
   (ii) Otherwise reasonably considered as pertinent to program regulations or the grant agreement.

   (2) This section does not apply to records maintained by contractors or subcontractors. For a requirement to place a provision concerning records in certain kinds of contracts, see § 1174.36(i)(10).

(b) Length of retention period. (1) Except as otherwise provided, records must be retained for three years from the starting date specified in paragraph (c) of this section.

   (2) If any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

   (3) To avoid duplicate recordkeeping, awarding agencies may make special arrangements with grantees and subgrantees to retain any records which are continuously needed for joint use. The awarding agency will request transfer of records to its custody when it determines that the records possess long-term retention value. When the records are transferred to or maintained by the Federal agency, the 3-year retention requirement is not applicable to the grantee or subgrantee.

   (c) Starting date of retention period—(1) General. When grant support is continued or renewed at annual or other intervals, the retention period for the records of each funding period starts on the day the grantee or subgrantee submits to the awarding agency its single or last expenditure report for that period. However, if grant support is continued or renewed quarterly, the retention period for each year's records starts on the day the grantee submits its expenditure report for the last quarter of the Federal fiscal year. In all other cases, the retention period starts on the day the grantee submits its final expenditure report. If an expenditure report has been waived, the retention period starts on the day the report would have been due.

   (2) Real property and equipment records. The retention period for real property and equipment records starts from the date of the disposition or replacement or transfer at the direction of the awarding agency.

   (3) Records for income transactions after grant or subgrant support. Where there is such a requirement, the retention period for the records pertaining to the earning of the income starts from the end of the grantee's fiscal year in which the income is earned.

   (4) Indirect cost rate proposals, cost allocations plans, etc. This paragraph applies to the following types of documents, and their supporting records: indirect cost rate computations or proposals, cost allocation plans, and any similar accounting computations of the rate at which a particular group of costs is chargeable (such as computer usage chargeback rates or composite fringe benefit rates).

      (i) If submitted for negotiation. If the proposal, plan, or other computation is required to be submitted to the Federal Government (or to the grantee) to form the basis for negotiation of the rate, then the 3-year retention period for its supporting records starts from the date of such submission.
(ii) If not submitted for negotiation. If the proposal, plan, or other computation is not required to be submitted to the Federal Government (or to the grantee) for negotiation purposes, then the 3-year retention period for the proposal plan, or computation and its supporting records starts from end of the fiscal year (or other accounting period) covered by the proposal, plan, or other computation.

(d) Substitution of microfilm. Copies made by microfilming, photocopying, or similar methods may be substituted for the original records.

(e) Access to records—(1) Records of grantees and subgrantees. The awarding agency and the Comptroller General of the United States, or any of their authorized representatives, shall have the right of access to any pertinent books, documents, papers, or other records of grantees and subgrantees which are pertinent to the grant, in order to make audits, examinations, excerpts, and transcripts.

(2) Expiration of right of access. The rights of access in this section must not be limited to the required retention period but shall last as long as the records are retained.

(f) Restrictions on public access. The Federal Freedom of Information Act (5 U.S.C. 552) does not apply to records unless required by Federal, State, or local law, grantees and subgrantees are not required to permit public access to their records.

§ 1174.43 Enforcement.

(a) Remedies for noncompliance. If a grantee or subgrantee materially fails to comply with any term of an award, whether stated in a Federal statute or regulation, or assurance, in a State plan or application, a notice of award, or elsewhere, the awarding agency may take one or more of the following actions, as appropriate in the circumstances:

(1) Temporarily withhold cash payments pending correction of the deficiency by the grantee or subgrantee or more severe enforcement action by the awarding agency,

(2) Disallow (that is, deny both use of funds and matching credit for) all or part of the cost of the activity or action not in compliance,

(3) Wholly or partly suspend or terminate the current award for the grantee's or subgrantee's program,

(4) Withhold further awards for the program, or

(5) Take other remedies that may be legally available.

(b) Hearings, appeals. In taking an enforcement action, the awarding agency will provide the grantee or subgrantee an opportunity for such hearing, appeal, or other administrative proceeding to which the grantee or subgrantee is entitled under any statute or regulation applicable to the action involved.

(c) Effects of suspension and termination. Costs of grantee or subgrantee resulting from obligations incurred by the grantee or subgrantee during a suspension or after termination of an award are not allowable unless the awarding agency expressly authorizes them in the notice of suspension or termination or subsequently. Other grantee or subgrantee costs during suspension or after termination which are necessary and not reasonably avoidable are allowable if:

(1) The costs result from obligations which were properly incurred by the grantee or subgrantee before the effective date of suspension or termination, are not in anticipation of it, and, in the case of a termination, are noncancellable, and,

(2) The costs would be allowable if the award were not suspended or expired normally at the end of the funding period in which the termination takes effect.

(d) Relationship to debarment and suspension. The enforcement remedies identified in this section, including suspension and termination, do not preclude grantee or subgrantee from being subject to “Debarment and Suspension” under Executive Order 12549 (see §1174.35).

§ 1174.44 Termination for convenience.

Except as provided in §1174.43 awards may be terminated in whole or in part only as follows:

(a) By the awarding agency with the consent of the grantee or subgrantee in which case the two parties shall agree upon the termination conditions, including the effective date and in the
case of partial termination, the portion to be terminated, or
(b) By the grantee or subgrantee upon written notification to the awarding agency, setting forth the reasons for such termination, the effective date, and in the case of partial termination, the portion to be terminated. However, if, in the case of a partial termination, the awarding agency determines that the remaining portion of the award will not accomplish the purposes for which the award was made, the awarding agency may terminate the award in its entirety under either §1174.43 or paragraph (a) of this section.

Subpart D—After-the-Grant Requirements

§1174.50 Closeout.
(a) General. The Federal agency will close out the award when it determines that all applicable administrative actions and all required work of the grant has been completed.
(b) Reports. Within 90 days after the expiration or termination of the grant, the grantee must submit all financial, performance, and other reports required as a condition of the grant. Upon request by the grantee, Federal agencies may extend this timeframe. These may include but are not limited to:
(1) Final performance or progress report,
(2) Financial Status Report (SF 269) or Outlay Report and Request for Reimbursement for Construction Programs (SF-271) (as applicable),
(3) Final request for payment (SF-270) (if applicable),
(4) Invention disclosure (if applicable),
(5) Federally-owned property report.
In accordance with §1174.32(f), a grantee must submit an inventory of all federally owned property (as distinct from property acquired with grant funds) for which it is accountable and request disposition instructions from the Federal agency of property no longer needed.
(c) Cost adjustment. The Federal agency will, within 90 days after receipt of reports in paragraph (b) of this section, make upward or downward adjustments to the allowable costs.
(d) Cash adjustments. (1) The Federal agency will make prompt payment to the grantee for allowable reimbursable costs.
(2) The grantee must immediately refund to the Federal agency any balance of unobligated (unencumbered) cash advanced that is not authorized to be retained for use on other grants.

§1174.51 Later disallowances and adjustments.
The closeout of a grant does not affect:
(a) The Federal agency’s right to disallow costs and recover funds on the basis of a later audit or other review;
(b) The grantee’s obligation to return any funds due as a result of later refunds, corrections, or other transactions;
(c) Records retention as required in §1174.42;
(d) Property management requirements in §§1174.31 and 1174.32; and
(e) Audit requirements in §1174.26.

§§ 1175.112—1175.129 [Reserved]

§ 1175.130 General prohibitions against discrimination.

(a) No qualified handicapped person shall, on the basis of handicap, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity conducted by the agency.

(b)(1) The agency, in providing any aid, benefit, or service, may not, directly or through contractual, licensing, or other arrangements, on the basis of handicap—

(i) Deny a qualified handicapped person the opportunity to participate in or benefit from the aid, benefit, or service;

(ii) Afford a qualified handicapped person an opportunity to participate in or benefit from the aid, benefit, or service that is not equal to that afforded others;

(iii) Provide a qualified handicapped person with an opportunity to participate in or benefit from the aid, benefit, or service that is not as effective in affording equal opportunity to obtain the same result, to gain the same benefit, or to reach the same level of achievement as that provided to others;

(iv) Provide different or separate aid, benefits, or services to handicapped persons or to any class of handicapped persons than is provided to others unless such action is necessary to provide qualified handicapped persons with aid, benefits, or services that are as effective as those provided to others;

(v) Deny a qualified handicapped person the opportunity to participate as a member of planning or advisory boards; or

(vi) Otherwise limit a qualified handicapped person in the enjoyment of any right, privilege, advantage, or opportunity enjoyed by others receiving the aid, benefit, or service.

(2) The agency may not deny a qualified handicapped person the opportunity to participate in programs or activities that are not separate or different, despite the existence of permisibly separate or different programs or activities.

(3) The agency may not, directly or through contractual or other arrangements, utilize criteria or methods of administration the purpose or effect of which would—

(i) Subject qualified handicapped persons to discrimination on the basis of handicap; or

(ii) Defeat or substantially impair accomplishment of the objectives of a program or activity with respect to handicapped persons.

(4) The agency may not, in determining the site or location of a facility, make selections the purpose or effect of which would—

(i) Exclude handicapped persons from, deny them the benefits of, or otherwise subject them to discrimination under any program or activity conducted by the agency; or

(ii) Defeat or substantially impair the accomplishment of the objectives of a program or activity with respect to handicapped persons.

(5) The agency, in the selection of procurement contractors, may not use criteria that subject qualified handicapped persons to discrimination on the basis of handicap.

(c) The exclusion of nonhandicapped persons from the benefits of a program limited by Federal statute or Executive order to handicapped persons or the exclusion of a specific class of handicapped persons from a program limited by Federal statute or Executive order to a different class of handicapped persons is not prohibited by this part.

(d) The agency shall administer programs and activities in the most integrated setting appropriate to the needs of qualified handicapped persons.

§§ 1175.131—1175.139 [Reserved]

§ 1175.140 Employment.

No qualified handicapped person shall, on the basis of handicap, be subjected to discrimination in employment under any program or activity conducted by the agency. The definitions, requirements, and procedures of section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791), as established by the Equal Employment Opportunity Commission in 29 CFR Part 1613, shall apply to employment in federally conducted programs or activities.
§§ 1175.141—1175.148 [Reserved]

§ 1175.149 Program accessibility: Discrimination prohibited.

Except as otherwise provided in § 1175.150, no qualified handicapped person shall, because the agency's facilities are inaccessible to or unusable by handicapped persons, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity conducted by the agency.

§ 1175.150 Program accessibility: Existing facilities.

(a) General. The agency shall operate each program or activity so that the program or activity, when viewed in its entirety, is readily accessible to and usable by handicapped persons. This paragraph does not—

(1) Necessarily require the agency to make each of its existing facilities accessible to and usable by handicapped persons; or

(2) Require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with § 1175.150(a) would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that handicapped persons receive the benefits and services of the program or activity.

(b) Methods. The agency may comply with the requirements of this section through such means as redesign of equipment, reassignment of services to accessible buildings, assignment of aides to beneficiaries, home visits, delivery of services at alternate accessible sites, alteration of existing facilities and construction of new facilities, use of accessible rolling stock, or any other methods that result in making its programs or activities readily accessible to and usable by handicapped persons. The agency is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with this section. The agency, in making alterations to existing buildings, shall meet accessibility requirements to the extent compelled by the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151 through 4157), and any regulations implementing it. In choosing among available methods for meeting the requirements of this section, the agency shall give priority to those methods that offer programs and activities to qualified handicapped persons in the most integrated setting appropriate.

(c) Time period for compliance. The agency shall comply with the obligations established under this section by June 6, 1986, except that where structural changes in facilities are undertaken, such changes shall be made by April 7, 1989, but in any event as expeditiously as possible.

(d) Transition plan. In the event that structural changes to facilities will be undertaken to achieve program accessibility, the agency shall develop, by October 7, 1986, a transition plan setting forth the steps necessary to complete such changes. The agency shall provide an opportunity to interested persons, including handicapped persons or organizations representing handicapped persons, to participate in the development of the transition plan by submitting comments (both oral and written). A copy of the transition plan shall be made available for public inspection. The plan shall, at a minimum—

(1) Identify physical obstacles in the agency's facilities that limit the accessibility of its programs or activities to handicapped persons;
§ 1175.151 Program accessibility: New construction and alterations.

Each building or part of a building that is constructed or altered by, on behalf of, or for the use of the agency shall be designed, constructed, or altered so as to be readily accessible to and usable by handicapped persons. The definitions, requirements, and standards of the Architectural Barriers Act (42 U.S.C. 4151 through 4157), as established in 41 CFR 101–19.600 to 101–19.607, apply to buildings covered by this section.

§ 1175.160 Communications.

(a) The agency shall take appropriate steps to ensure effective communication with applicants, participants, personnel of other Federal entities, and members of the public.

(1) The agency shall furnish appropriate auxiliary aids where necessary to afford a handicapped person an equal opportunity to participate in, and enjoy the benefits of, a program or activity conducted by the agency.

(i) In determining what type of auxiliary aid is necessary, the agency shall give primary consideration to the requests of the handicapped person.

(ii) The agency need not provide individually prescribed devices, readers for personal use or study, or other devices of a personal nature.

(2) Where the agency communicates with applicants and beneficiaries by telephone, telecommunication devices for deaf persons (TDD's) or equally effective telecommunication systems shall be used.

(b) The agency shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities.

(c) The agency shall provide signage at a primary entrance to each of its inaccessible facilities, directing users to a location at which they can obtain information about accessible facilities. The international symbol for accessibility shall be used at each primary entrance of an accessible facility.

(d) This section does not require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with §1175.160 would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action required to comply with this section would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that, to the maximum extent possible, handicapped persons receive the benefits and services of the program or activity.

§§ 1175.161—1175.169 [Reserved]

§ 1175.170 Compliance procedures.

(a) Except as provided in paragraph (b) of this section, this section applies to all allegations of discrimination on the basis of handicap in programs or activities conducted by the agency.

(b) The agency shall process complaints alleging violations of section
§ 1176.1

(c) The Director, Office of Equal Opportunity shall be responsible for coordinating implementation of this section. Complaints may be sent to Director, Office of Equal Opportunity, National Endowment for the Humanities, 1100 Pennsylvania Avenue, NW., Room 419, Washington, DC 20506.

(d) The agency shall accept and investigate all complete complaints for which it has jurisdiction. All complete complaints must be filed within 180 days of the alleged act of discrimination. The agency may extend this time period for good cause.

(e) If the agency receives a complaint over which it does not have jurisdiction, it shall promptly notify the complainant and shall make reasonable efforts to refer the complaint to the appropriate government entity.

(f) The agency shall notify the Architectural and Transportation Barriers Compliance Board upon receipt of any complaint alleging that a building or facility is subject to the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151 through 4157), or section 502 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 792), is not readily accessible to and usable by handicapped persons.

(g) Within 180 days of the receipt of a complete complaint for which it has jurisdiction, the agency shall notify the complainant of the results of the investigation in a letter containing—

(1) Findings of fact and conclusions of law;
(2) A description of a remedy for each violation found;
(3) A notice of the right to appeal.

(h) Appeals of the findings of fact and conclusions of law or remedies must be filed by the complainant within 90 days of receipt from the agency of the letter required by §1175.170(g). The agency may extend this time for good cause.

(i) Timely appeals shall be accepted and processed by the head of the agency.

(k) The time limits cited in paragraphs (g) and (j) of this section may be extended with the permission of the Assistant Attorney General.

(l) The agency may delegate its authority for conducting complaint investigations to other Federal agencies, except that the authority for making the final determination may not be delegated to another agency.

[51 FR 4578 and 4579, Feb. 5, 1986, as amended at 51 FR 4578, Feb. 5, 1986]
§ 1176.2 Definitions.

(a) Part-time employment means employment of 16 to 32 hours a week under a schedule consisting of an equal or varied number of hours per day, whether in a position which would be part-time without regard to the Act or one established to allow job-sharing or comparable arrangements, but does not include employment on a temporary or intermittent basis.

(b) Career employment includes competitive and excepted service employees in tenure groups I and II.

§ 1176.3 Criteria.

Positions becoming vacant, unless excepted as provided by §1176.8, will be reviewed to determine the feasibility of converting them to part-time. Among the criteria which may be used when conducting this review are:

(a) Mission requirements.
(b) Workload.
(c) Employment ceilings and budgetary considerations.
(d) Availability of qualified applicants willing to work part-time.

§ 1176.4 Establishing and converting part-time positions.

Position management and other internal reviews may indicate that positions may be either converted from full-time or initially established as part-time positions. Criteria listed in §1176.3 may be used during these reviews. If a decision is made to convert to or to establish a part-time position, regular position management and classification procedures will be followed.

§ 1176.5 Annual plan.

(a) An agencywide plan for promoting part-time employment opportunities will be developed annually. This plan will establish annual goals and set interim and final deadlines for achieving these goals. This plan will be applicable throughout the agency, and will be transmitted to the Office of Personnel Management with the required report to OPM on the status of the program as of September 30 of each year.

(b) Beginning in FY 1981 in administering personnel ceilings, part-time career employees shall be counted against ceiling authorizations as a fraction. This will be determined by dividing 40 hours into the average number of hours of such employee's regularly scheduled workweek.

§ 1176.6 Review and evaluation.

Regular employment reports will be used to determine levels of part-time employment. This program will also be designated an item of special interest to be reviewed during personnel management reviews.

§ 1176.7 Publicizing vacancies.

When applicants from outside the Federal service are desired, part-time vacancies may be publicized through various recruiting means, such as:

(a) Federal Job Information Centers.
(b) State Employment Offices.
(c) Veterans' Administration Recruiting Bulletins.

§ 1176.8 Exceptions.

(a) The Personnel Officer may except positions from inclusion in this program to provide fewer than 16 hours per week. This will normally be done in furtherance of special hiring programs such as the Stay-in-School or Handicapped Employment Program.

(b) On occasions when it becomes necessary to allow supervisors and managers to temporarily increase the hours of duty of employees above 32 hours per week for limited and specific periods of time to meet heavy workloads, perform special assignments, permit employee training, etc., the Endowment policy is as follows:

(1) Requests to work NEH employees on a 32 hour/week appointment more than 32 hours must be submitted in advance to the Personnel Office;
(2) Justification should be concise but specific and must state the exact
§ 1177.1 Purpose and scope.

This part prescribes standards and procedures for officers and employees of the National Endowment for the Humanities who are responsible for the collection and disposition of debts owed to the United States. The authority for this part is the Federal Claims Collection Act of 1966, as amended, 31 U.S.C. 3711 and 3716 through 3719; the Federal Claims Collection Standards at 4 CFR parts 101 through 105; the Department of Justice or the General Accounting Office.

§ 1177.2 Definitions.

For the purpose of this part the following definitions will apply:

(a) Claim or debt means an amount of property owed to the United States. These include but are not limited to: Overpayments to program beneficiaries; overpayments to contractors and grantees, including overpayments arising from audit disallowances; excessive cash advances to grantees and contractors; and civil penalties and assessments. A debt is overdue or delinquent if it is not paid by the due date specified in the initial notice of the debt (see §1177.6 of this part) or if the debtor fails to satisfy his or her obligation under a repayment agreement.

(b) Debtor means an individual, organization, group, association, partnership, or corporation indebted to the United States, or the person or entity with legal responsibility for assuming the debtor's obligation.

(c) Endowment means the National Endowment for the Humanities.

(d) Administrative offset means satisfying a debt by withholding money payable by the United States to or held by the United States for a debtor.

§ 1177.3 Other remedies.

The remedies and sanctions available to the National Endowment for the Humanities under this part are not intended to be exclusive. The Chairperson of the National Endowment for the Humanities or his designee may impose other appropriate sanctions upon a debtor for prolonged or repeated failure to pay a debt. For example, the Chairperson or his designee may place the debtor's name on a list of debarred, suspended, or ineligible grantees and contractors, convert the method of payment under a grant from an advance to a reimbursement method, or revoke a grantee's letter of credit. In such cases the debtor will be advised of the Endowment's action.

§ 1177.4 Claims involving criminal activity or misconduct.

(a) A debtor whose indebtedness involves criminal activity such as fraud, embezzlement, theft, or misuse of government funds or property is subject to punishment by fine or imprisonment as well as to a civil claim by the United States.
§ 1177.5 Collection.

(a) The Endowment will take aggressive action to collect debts and reduce delinquencies. Collection efforts shall include sending to the debtor's last known address a total of three progressively stronger written demands for payment at not more than 30 day intervals. When necessary to protect the Government's interest, written demand may be preceded by other appropriate action, including immediate referral for litigation. Other contact with the debtor or his or her representative or guarantor by telephone, in person and/or in writing may be appropriate to demand prompt payment, to discuss the debtor's position regarding the existence, amount and repayment of the debt, and to inform the debtor of his or her rights and the effect of non-payment or delayed payment. A debtor who disputes a debt must promptly provide available supporting evidence.

(b) If a debtor is involved in insolvency proceedings, the debt will be referred to the appropriate United States Attorney to file a claim. The United States may have a priority over other creditors under 31 U.S.C. 3713.

§ 1177.6 Notice to debtor.

The first written demand for payment must inform the debtor of the following:

(a) The amount and nature of the debt;

(b) The date payment is due, which will generally be 30 days from the date the notice was mailed;

(c) The assessment of interest under § 1177.7 from the date the notice was mailed if payment is not received within the 30 days;

(d) The right to dispute the debt;

(e) The office, address and telephone number that the debtor should contact to discuss repayment and reconsideration of the debt and;

(f) The sanctions available to the National Endowment for the Humanities to collect a delinquent debt including, but not limited to, referral of the debt to a credit reporting agency, a private collection bureau, or the Department of Justice for litigation.

§ 1177.7 Interest, penalties, and administrative costs.

(a) Interest will accrue on all debts from the date when the first notice of the debt and the interest requirement is mailed to the last known address or hand-delivered to the debtor if the debt is not paid within 30 days from the date the first notice was mailed. The Endowment will charge an annual rate of interest that is equal to the average investment rate for the Treasury tax and loan accounts on September 30 of each year, rounded to the nearest whole percentum. This rate, which represents the current value of funds to the United States Treasury, may be revised quarterly by the Secretary of the Treasury and is published by the Secretary of the Treasury annually or quarterly in the Federal Register and the Treasury Financial Manual Bulletins.

(b) The rate of interest initially assessed will remain fixed for the duration of the indebtedness, except that if a debtor defaults on a repayment agreement interest may be set at the Treasury rate in effect on the date a new agreement is executed.

(c) The Endowment shall charge debtors for administrative costs incurred in handling overdue debts.

(d) Interest will not be charged on administrative costs.

(e) The Endowment shall assess a penalty charge, not to exceed 6 percent per year on debts which have been delinquent for more than 90 days. This charge shall accrue from the date that the debt became delinquent.

(f) The Chairperson or his designee may waive in whole or in part the collection of interest and administrative and penalty charges if determined that collection would be against equity or not in the best interests of the United
§ 1177.8 Administrative offset.
(a) The Endowment may collect debts owed by administrative offset if:
1. The debt is certain in amount;
2. Efforts to obtain direct payment have been, or would most likely be unsuccessful, or the Endowment and the debtor agree to the offset;
3. Offset is cost effective or has significant deterrent value; and
4. Offset is best suited to further and protect the Government’s interest.
(b) The Endowment may offset a debt owed to another Federal agency from amounts due or payable by the Endowment to the debtor or request another Federal agency to offset a debt owed to the Endowment;
(c) Prior to initiating administrative offset, the National Endowment for the Humanities will send the debtor written notice of the following:
1. The nature and amount of the debt and the agency’s intention to collect the debt by offset 30 days from the date the notice was mailed if neither payment nor a satisfactory response is received by that date;
2. The debtor’s right to an opportunity to submit a good faith alternative repayment schedule to inspect and copy agency records pertaining to the debt, to request a review of the determination of indebtedness; and to enter into a written agreement to repay the debt and;
3. The applicable interest.
(d) The National Endowment for the Humanities may effect an administrative offset against a payment to be made to a debtor prior to the completion of the procedures required by paragraph (c) of this section if:
1. Failure to offset would substantially prejudice the Government’s ability to collect the debt and
2. The time before the payment is to be made does not reasonably permit completion of those procedures.

§ 1177.9 Use of credit reporting agencies.
(a) The Endowment may report delinquent accounts to credit reporting agencies consistent with the notice requirements contained in the §1177.6 of this part. Individual debtors must be given at least 60 days written notice that the debt is overdue and will be reported to a credit reporting agency.
(b) Debts may be reported to consumer or commercial reporting agencies. Consumer reporting agencies are defined in 31 U.S.C. 3703(a)(3) pursuant to 5 U.S.C. 552a(b)(12) and 31 U.S.C. 3711(f). The Endowment may disclose only an individual’s name, address, social security number, and the nature, amount, status and history of the debt and the program under which the claim arose.

§ 1177.10 Collection services.
(a) The Endowment may contract for collection services to recover outstanding debts. The Endowment may refer delinquent debts to private collection agencies listed on the schedule compiled by the General Services Administration. In such contracts, the National Endowment for the Humanities will retain the authority to resolve disputes, compromise claims, terminate or suspend collection, and refer the matter to the Department of Justice or the General Accounting Office.
(b) The contractor shall be subject to the disclosure provisions of the Privacy Act of 1974, as amended (5 U.S.C. 552a(m)), and to applicable federal and state laws and regulations pertaining to debt collection practices, including the Fair Debt Collection Practices Act, 15 U.S.C. 1692. The contractor shall be strictly accountable for all amounts collected.
(c) The contractor shall be required to provide to the Endowment any data contained in its files relating to the debt account upon agency request or upon returning an account to the Endowment for referral to the Department of Justice for litigation.

§ 1177.11 Referral to the Department of Justice or the General Accounting Office.
Debts over $600 but less than $100,000 which the Endowment determines can
§ 1177.12 Compromise, suspension and termination.

(c) The Chairman of the National Endowment for the Humanities will refer to the General Accounting Office (GAO) debts arising from GAO audit exceptions.

§ 1177.13 Omissions not a defense.

Failure to comply with any provisions of this rule may not serve as a defense to any debtor.

When determined to be appropriate and cost-effective, the National Endowment for the Humanities may print, insert or use any other effective method to affix pictures and biographical data relating to missing children on NEH mail. The contact person for matters related to the implementation of this program is Tracy J. Joselson, Esq. Office of the General Counsel, National Endowment for the Humanities, 1100 Pennsylvania Avenue, NW., Washington, DC 20506, (202) 786-0322.

(b) The National Center for Missing and Exploited Children will be the exclusive source from which the National Endowment for the Humanities will obtain photographic and biographical information for dissemination to the public.

The National Endowment for the Humanities will withdraw or exhaust the supply of all materials bearing the photograph and biographical information of a missing child within a three month period from the date the National Center for Missing and Exploited Children receives notice that the child has been recovered or that the parents or guardian of the child have revoked permission to use the information. The National Center for Missing and Exploited Children will be responsible for immediately notifying the agency contact, in writing, of the need to withdraw or remove this material.

The paying agency must certify any amounts already collected, notify the employee, and send a copy of the certification and notice of the employee’s separation to the creditor agency.    (vi) If the employee has already separated and all payments due from the paying agency have been paid, the Chairperson may request unless otherwise prohibited, that money payable to the employee from the Civil Service Retirement and Disability Fund or other similar funds be collected by administrative offset.

(b) The Endowment as the paying agency. (1) Upon receipt of a properly certified debt claim from another agency, deductions will be scheduled to begin at the next established pay interval. The employee must receive written notice that the National Endowment for the Humanities has received a certified debt claim from the creditor agency, the amount of the debt, the date salary offset will begin, and the amount of the deduction(s). The National Endowment for the Humanities shall not review the merits of the creditor agency’s determination of the validity or the amount of the certified claim.

The deduction for the pay intervals for any period must not exceed 15% of disposable pay unless the employee has agreed in writing to a deduction of a greater amount.

(a) The National Endowment for the Humanities will refund promptly any amounts deducted to satisfy debts owed to the NEH when the debt is waived, found not owed to the NEH, or when directed by an administrative or judicial order.

(b) The creditor agency will promptly return any amounts deducted by NEH to satisfy debts owed to the creditor agency when the debt is waived, found not owed, or when directed by an administrative or judicial order.

(c) Unless required by law, refunds under this section shall not bear interest.

§ 1179.10 Statute of limitations.

If a debt has been outstanding for more than 10 years after the agency's right to collect the debt first accrued, the agency may not collect by salary offset unless facts material to the Government's right to collect were not known and could not reasonably have been known by the official or officials who were charged with the responsibility for discovery and collection of such debts.

§ 1179.11 Non-waiver of rights.

An employee's involuntary payment of all or any part of a debt collected under these regulations will not be construed as a waiver of any rights that employee may have under 5 U.S.C. 5514 or any other provision of contract law unless there are statutes or contract(s) to the contrary.

§ 1179.12 Interest, penalties, and administrative costs.

Charges may be assessed for interest, penalties, and administrative costs in accordance with the Federal Claims Collection Standards, 4 CFR 102.13.

Subpart A—General Operating Support; Conservation Grants

§ 1180.1 Purpose of museum services program.

The purpose of this program of Federal financial assistance is to ease the financial burden borne by museums as a result of their increasing use by the public and to encourage and assist them to carry out their educational and conservation roles as well as other functions and to modernize their methods and facilities.

§ 1180.2 Scope of this document.

This document establishes rules for the award of grants to museums from funds appropriated under the Museum Services Act including rules governing the eligibility of applicant institutions, the type of assistance which may be provided, requirements which applicants must meet and criteria to be used in judging applications.

§ 1180.3 Definition of museum.

For the purpose of this part:

(a) Museum means a public or private nonprofit institution which is organized on a permanent basis for essentially educational or aesthetic purposes and which, using a professional staff:

1. Owns or uses tangible objects, either animate or inanimate;
2. Cares for these objects; and
3. Exhibits them to the general public on a regular basis.

(i) An institution which exhibits objects to the general public for at least 120 days a year shall be deemed to meet this requirement.

(ii) An institution which exhibits objects by appointment may meet this requirement if it can establish, in light of the facts under all the relevant circumstances, that this method of exhibition does not unreasonably restrict the accessibility of the institution’s exhibits to the general public.

(b) Museum includes (but is not limited to) the following institutions if they satisfy the provisions of this section:

1. Aquariums and zoological parks;
2. Botanical gardens and arboretums;
3. Nature Centers;
4. Museums relating to art, history (including historic buildings), natural history, science and technology; and
5. Planetariums.

(c) For the purposes of this section, an institution uses a professional staff if it employs at least one staff member, or the fulltime equivalent, whether paid or unpaid primarily engaged in the acquisition, care, or exhibition to the public of objects owned or used by the institution.

(d)(1) Except as set forth in paragraph (d)(2) of this section, an institution exhibits objects to the general public for the purposes of this section if such exhibition is a primary purpose of the institution.

(2) An institution which does not have as a primary purpose the exhibition of objects to the general public but which can demonstrate that it exhibits objects to the general public on a regular basis as a significant, separate, distinct, and continuing portion of its activities, and that it otherwise meets the requirements of this section, may be determined to be a museum under this section. In order to establish...
its eligibility, such an institution must provide information regarding the following:

(i) The number of staff members devoted to museum functions as described in paragraph (a) of this section.
(ii) The period of time that such museum functions have been carried out by the institution over the course of the institution's history.
(iii) Appropriate financial information for such functions presented separately from the financial information of the institution as a whole.
(iv) The percentage of the institution's total space devoted to such museum functions.
(v) Such other information as the Director requests.

(3) The Director uses the information furnished under paragraph (d)(2) of this section in making a determination regarding the eligibility of such an institution under this section.

(e) For the purpose of this section, an institution exhibits objects to the public if it exhibits the objects through facilities which it owns or operates.

[48 FR 27728, June 17, 1983, as amended at 50 FR 27587, July 5, 1985]

§ 1180.5 Eligibility and burden of proof—Who may apply.

(a) A museum located in any of the fifty States of the Union, the Commonwealth of Puerto Rico, American Samoa, the Virgin Islands, the Northern Mariana Islands, the Trust Territory of the Pacific Islands, Guam, or the District of Columbia may apply for a grant under the Act.

(b) No museum is eligible to apply for funding available under the Act unless it has provided museum services, including exhibiting objects to the general public on a regular basis, for at least two years prior to application.

(c) A public or private nonprofit agency which is responsible for the operation of a museum may, if necessary, apply on behalf of the museum.

(d) A museum operated by a department or agency of the Federal Government is not eligible to apply.

(e) An applicant has the burden of establishing that it is eligible for assistance under these regulations.

(f) In a given year, a museum that has not received two consecutive General Operating Support awards in the immediately preceding two-year cycles is eligible to apply for General Operating Support.

[50 FR 27588, July 5, 1985, as amended at 60 FR 69964, Dec. 13, 1995]

§ 1180.6 Related institutions.

(a) If two or more institutions are under the common control of one agency or institution or are otherwise organizationally related and apply for assistance under the Act, the Director determines under all the relevant circumstances whether they are separate museums for the purposes of establishing eligibility for assistance under these regulations. See §§ 1180.5 and 1180.9.

(b) IMS regards the following factors, among others, as showing that a related institution is a separate museum:

(1) The institution has its own governing body;
§ 1180.7

(2) The institution has budgetary autonomy; and
(3) The institution has administrative autonomy.

§ 1180.7 General Operating Support.

In order to maintain, increase or improve museum services, a museum may apply for a grant under the Act to meet administrative, staff and operating costs, except as otherwise provided in these regulations.

§ 1180.8 Two-year grant period.

(a) IMS makes General Operating Support grants for a period of twenty-four months beginning with the first month of the grant period.

(b) A museum that receives a General Operating Support grant in a Federal fiscal year may not apply for an additional General Operating Support grant in the succeeding Federal fiscal year.

Example. A museum applies for a General Operating Support grant in Federal fiscal year 1993. The museum receives a grant that it may use during the applicable 24-month grant period. The museum may not apply for an additional General Operating Support grant in Federal fiscal year 1994.

[57 FR 36905, Aug. 17, 1992]

§ 1180.9 Limitation on amount of General Operating Support grants.

(a) General rule. IMS makes General Operating Support grants in an amount not to exceed the lesser of:
(1) the ceiling amount established under paragraph (b);
(2)(i) 15 percent of the applicant museum’s non-Federal operating income for its most recently completed fiscal year that is prior to the Federal fiscal year in which the application is filed; or
(ii) $7,500, if larger.

(b) Ceiling amount. The ceiling amount of a General Operating Support grant will be established through a notice published in the FEDERAL REGISTER. Beginning in FY 1993, the ceiling amount is $112,500.

(c) Statutory requirement. Under section 206(c) of the Act, IMS may not make a grant in excess of 50 percent of the annual cost of the program for which the grant is made. If the application of the $7,500 limitation in paragraph (a)(2) of this section causes a General Operating Support grant to exceed 50 percent of the museum’s annual operating income for the grant period in question, IMS reduces the grant to that level in order to satisfy the statutory requirement.

(d) Computation of non-Federal operating income. For the purposes of this section, a museum may include in non-Federal operating income an amount reflecting the reasonable and conservative value of non-cash contributions to the museum in the applicable fiscal year.

Examples. The application of these rules is set forth in the following examples:
(1) In fiscal year 1993, a museum with calendar year 1991 operating income of $5,000,000 applies to IMS for a General Operating Support grant. Its application is approved. It may receive a grant of no more than $112,500, the lesser of $112,500 and $750,000 which is 15 percent of the museum’s non-Federal operating income.

(2) In fiscal year 1993, a museum with calendar year 1991 operating income of $700,000 applies to IMS for a General Operating Support grant. Its application is approved. It may receive a grant of no more than $105,000 the lesser of $112,500 and 15 percent of the operating income which is $105,000.

(3) In fiscal year 1993, a museum with calendar year 1991 operating income of $40,000 applies to IMS for a General Operating Support grant. Its application is approved. It may receive a grant of no more than $7,500, the larger of $7,500 or 15 percent of the museum’s operating income which is $6,000. The grant satisfies the requirement of paragraph (c) (and the statute) that it not exceed 50 percent of the museum’s operating income for that year.

[57 FR 36905, Aug. 17, 1992]

§ 1180.10 Allowable costs.

(a) Determination of costs allowable under a grant is made in accordance with government-wide cost principles in applicable OMB circulars. (OMB circular A-21 (educational institutions) February 26, 1979, published in 44 FR 12368 (March 6, 1979); OMB circular A-87 (State and local governments) January 15, 1981 published in 46 FR 9548 (January 28, 1981); and OMB circular A-122 (Nonprofit organizations) June 27, 1980, published in 45 FR 46022 (July 8, 1980)).

(b) No costs shall be allowed for the purchase of any object to be included in the collection of a museum, except
library, literary, or archival material specifically required for a designated activity under a grant under the Act.

§ 1180.11 Basic requirements which a museum must meet to be considered for funding.

(a) Application. To apply for a grant, a museum must submit the designated application form containing the information requested in the form. Failure to submit the information required by the application at the time of filing can subject an applicant to rejection of the application without consideration on its merits.

(b) IRS letter. A museum applying as a private, nonprofit institution must submit a copy of the letter from the Internal Revenue Service indicating the applicant's eligibility for nonprofit status under the applicable provision of the Internal Revenue Code of 1954, as amended.

(c) Financial statements. (1) Each applicant museum must submit, with its application at the time of filing, its financial statements for the two fiscal years immediately preceding the fiscal year for which application is made or, if not available, for the second and third immediately preceding years. Each financial statement must include a statement of financial operations and if applicable, a balance sheet. Examples of a financial statement and a balance sheet may be found in the Museum Accounting Guidelines of the Association of Science-Technology Centers (1976) or in the Museum Accounting Handbook of the American Association of Museums (1978).

(2)(i) Every applicant which has previously received an IMS award must submit its audited financial statement for the last fiscal year immediately preceding the fiscal year in which application is made or the immediately preceding fiscal year, prepared by an individual or organization meeting the qualifications of the Comptroller General of the United States for individuals or organizations conducting Government audits. Reference is made to GAO, Standards for Audit of Governmental Organizations, Programs and Functions (1981 revision).

(ii) In the case of a museum which does not use cash basis accounting, the individual or organization performing the audit must offer an opinion that the financial statement of the museum presents fairly the financial position and the results of financial operations in accordance with generally accepted accounting principles. In the case of a museum which uses cash basis accounting, the individual or organization performing the audit must offer an opinion that the statement presents fairly (A) revenues collected and expenditures made and (B), where a balance sheet is involved, the assets, liabilities, and fund balances of the museum arising from cash transactions.

(3) If a museum is part of an organization such as a university, State or municipality and does not receive audits separate from those of the organization of which it is a part, it may submit its financial statement as drawn from and containing only audited figures of the organization of which the museum is a part. This financial statement, so prepared, must present fairly the financial position and the results of financial operations of the museum, and must clearly indicate that it has been so prepared and the Director may, upon written request filed at the time of the application, waive the requirement of a separate audit and proceed to process the application on its merits. Where the organization is not audited on an annual basis, the financial statement may be drawn from the most recent audited figures of the organization.

(4) The Director is authorized to defer the audit requirement set forth in paragraph (c)(2) of this section in the case of a museum with non-federal operating income of $250,000 or less, exclusive of the value of non-cash contributions (in the fiscal period preceding the fiscal period for which the deferral is requested) if the Director finds that circumstances justify a deferral and that the grant of the deferral will not be inequitable to other applicants. A deferral may be granted only upon those conditions and in light of those assurances which the Director deems appropriate in order to ensure that the purposes of this paragraph are achieved. If the museum receives an award, the museum must submit audited financial statements no later
than the end of the grant period for which the deferral is requested.

(d) Long-range plans. Each applicant museum must include long-range plans for program and financial development.

(Museum Services Act, sec. 206, as amended, 20 U.S.C. 965)

(Approved by the Office of Management and Budget under control number 3137-0015)

§ 1180.12 How applications are judged.

(a) To select grantees and determine the amount of their awards. IMS rates competitive applications under the applicable criteria stated in §1180.13. Normally, these applications are first evaluated by field reviewers, panels of experts, or both. Final determinations as to the award of grants are made by the Director after review by the Board.

(b) To achieve diversity in the distribution of assistance, the Institute may consider the location, size and discipline of the applicant in addition to the criteria in §1180.13.

§ 1180.13 Criteria for evaluation of applications for General Operating Support.

The following criteria apply to the evaluation of all applications for General Operating Support. In applying these criteria, the total operation of the applicant museum is assessed, including the museum’s operation as it would be if the General Operating Support is granted. This assessment is based primarily on the information supplied in the museum’s application.

(a) Museum services. Are the applicant’s museum services of high quality? IMS considers factors such as:

(1) The quality of the museum’s educational and interpretive services and their relevance to the collections and audience including the special constituencies which the museum serves;

(2) The quality of the museum’s physical facilities and the manner in which space is allocated to various museum activities; and

(3) The qualifications of the professional staff (both full-time and part-time; paid and volunteer) and the quality of the opportunities for professional staff development and in-service training afforded by the museum.

(b) Collections and exhibits. Are the museum’s collections and exhibits of high quality and significance? IMS takes into account such factors as:

(1) The intrinsic value of the collections and exhibits;

(2) The significance of the museum’s collections to the community; and

(3) The quality of the care and conservation of the collections; the quality of exhibit designs.

(c) Accessibility. How accessible to the general public are the museum’s services, collections and exhibits? IMS considers such factors as:

(1) The percentage of the museum’s collections on view to the general public on a regular basis; the extent of the museum’s regular program for outreach, loans, and other means of exhibiting its collections to the public;

(2) The annual schedule of open hours for the museum; and

(3) The appropriateness of this schedule to the museum’s audience.

(d) Population served. To what extent does the museum serve a general public which otherwise would have limited access to the type of museum services which it provides or to museum services of any type? To what extent does the public seek access to the museum’s services? IMS considers such factors as:

(1) The characteristics of the audience and the community which the museum serves;

(2) The availability of other museums (or types of museums) which serve this audience and this community; and

(3) The museum’s annual attendance by calendar quarters.

(e) Financial Management. What is the quality of the financial management of the museum? In how many of the last five years has the museum shown an excess of revenues over expenditures? IMS considers such factors as:

(1) The financial condition of the museum as reflected in its financial statements;

(2) The quality of the museum’s plans for remedying any financial weaknesses in the museum’s operations; and
(3) The qualifications of the museum staff assigned to financial management activities.

(f) Long-range plans. What is the quality of the museum’s long-range plans for financial and program development? What are the museum’s plans for the expenditure of the grant funds? IMS considers such factors as:

(1) The quality of the museum’s long-range plans; how the museum proposes to implement them; how practical are the steps the museum plans to take to implement them?

(2) The probability that the General Operating Support grant, if awarded, will assist the museum in carrying out its long-range plans;

(3) In what manner will this grant, if awarded, contribute to maintaining, increasing or improving the museum’s services?

(g) Community commitment. How committed to the museum are its users and supporters? Does the museum have a substantial base of non-Federal support? Does it have a strong volunteer program? IMS considers such factors as:

(1) The quality and extent of the financial support that the museum receives from the private sector and other non-Federal sources and the extent to which this support is stable, broad-based and indicative of continuing community commitment;

(2) The quality of the museum’s volunteer program and its program of in-kind contributions and their importance to the museum’s annual operations; and

(3) The commitment of its users to the museum as evidenced by such factors as participation in membership and docent programs, fund raising and other supportive activities.

(h) Non-Federal support. To what extent, if any, will the General Operating Support requested enable the museum to increase its base of State, local and private funding in the year for which assistance is requested and beyond?

(i) Past use of IMS funds (when applicable). Has the museum used its IMS funds effectively? How and in what amounts and in what manner have they been used?

§ 1180.15 Duration of grants.

The grantee may use grant funds during the period specified in the grant document unless the grant is suspended or terminated. If the grantee needs additional time to complete the grant, the grantee may apply for an extension of the grant period without additional funds. The Director may approve this extension at his or her discretion.

[57 FR 36905, Aug. 17, 1992]

§ 1180.16 Contributions, restricted accounts.

(a) For a particular fiscal year, and for one or more programs, the Board may determine that an amount equal to the amount to be awarded (or a percentage thereof) to an applicant under the Act must consist of non-Federal funds contributed to the museum in excess of the non-Federal funds contributed to the museum for its immediately preceding fiscal year.

(b) A museum shall maintain a restricted account for funds received under the Act.

[57 FR 36905, Aug. 17, 1992]

§ 1180.17 Reports.

In its final reports a grantee shall briefly detail how the expenditure of the grant funds has satisfied the proposed use of the funds as stated in its General Operating Support application or has accomplished the proposal as set forth in its application and has served the purpose of the Act as reflected in the applicable evaluation criteria in §1180.13.

[60 FR 63964, Dec. 13, 1995]

§ 1180.18 Maintenance of effort.

A grantee must be able to demonstrate a continuing effort to maintain or increase its base of financial support during the fiscal year for which it receives a grant from IMS. A grantee successfully demonstrates maintenance of effort if its non-federal operating income during the fiscal year of its award is at least equal to its non-federal operating income for its immediately preceding fiscal year.

§ 1180.19 Guidelines and standards for conservation projects.

(a) Scope. The guidelines and standards in this document apply to all aspects of the IMS conservation grant program including the submission of applications by museums for conservation grants, to the award, review and approval of such applications by IMS, and to the carrying out of conservation grants awarded by IMS.

(b) Applicability of regulations. (1) Except as otherwise provided in these guidelines, subparts A-C of this part, part 1180 of Title 45 CFR, (45 CFR 1180.1-1180.58) (IMS Grants Regulations), as amended, including §§ 1180.35, 1180.41, 1180.45, 1180.48, and 1180.49, apply to the IMS conservation grant program.

(2) Sections 1180.11(d) does not apply. A museum which applies for a conservation grant need not submit a long-range plan.

(3) Section 1180.16(b), which provides for the maintenance of a restricted account, does apply to conservation grants.

(4) Section 1180.18 (relating to maintenance of effort) does not apply.

(5) In addition to submitting the final report required by §1180.17, a grantee must submit an interim report in accordance with a schedule set forth in the grant award document. An applicant that has received a prior conservation grant from IMS the performance of which has not been completed may be required to submit an additional performance report or submit an interim report early.

(c) Definition. As used in these guidelines, the term "conservation" includes, but is not limited to, the following functions, as applied to art, history, natural history, science and technology, and living collections:

(1) Technical examination of materials and surveys of environmental and collection conditions;

(2) Provision, insofar as practicable, of optimum environmental conditions for housing, exhibition, monitoring, reformatting, nurturing and transportation of objects;

(3) Physical treatment of objects, specimens and organisms, for the purpose of stabilizing, conserving and preserving their condition, removal of inauthentic additions or accretions, and physical compensation for losses; species survival activities; and

(4) Research and training in conservation.

(d) Applicants. Under the Museum Services Act only a museum may receive a grant. (20 U.S.C. 965(a)). See §1180.3 of the IMS regulations for the definition of "museum". A museum may apply for and receive only one conservation grant under this program in a fiscal year.

(e) Types of conservation projects funded. IMS considers applications to carry out conservation projects such as:

(1) Projects to develop improved or less costly methods of conservation, or to maintain or improve conservation with respect to one or more collections, including—

(i) Projects involving surveys of conservation needs and

(ii) Projects to establish or maintain optimum environmental conditions.

(2) Projects to conduct research in conservation (including developmental and basic research).

(3) Projects to conduct or obtain training in conservation (including training of persons for careers as professional conservators; training or upgrading of practicing conservators and conservation technicians in the use of new materials and techniques; and training of persons to become conservation technicians).

(4) Projects related to museum conservation needs not regularly addressed by other Federal funding agencies.

(5) Projects to meet the conservation needs of museums which are unable to maintain their own individual conservation facilities. Because grants are made only to museums, organizations which operate regional conservation centers but which are not museums are ineligible for a direct grant. However, a museum or a group of museums may use a grant to obtain services from such a center.

(6) Projects to conserve particular objects in a museum's collection (including plants and animals) or to meet the conservation needs of a particular museum (through such activities as the employment of conservators and the
§ 1180.20

procurement of conservation services or equipment.

(f) Limits for Federal funding. (1) The normal amount of a Conservation Project Support grant will be established through a notice published in the Federal Register. Beginning in FY 1996, the normal maximum amount is $50,000. Unless otherwise provided by law, if the Director determines that exceptional circumstance warrant, the Director, consistent with the policy direction of the Board, may award a conservation grant which obligates an amount in Federal funds in excess of the normal maximum award. IMS may establish a maximum award level for exceptional project grants for a particular fiscal year through information made available in guidelines or other material distributed to all applicants.

(2) A conservation grant is not included in the maximum amount which a museum may expect to receive from IMS for a fiscal year, as set forth pursuant to §1180.9 of the regulations. Therefore, a museum may receive, for example, a General Operating Support grant for the amount specified pursuant to that section and an additional amount for a conservation grant in a fiscal year.

(3) IMS makes conservation grants only on a matching basis. This means that at least 50 per cent of the costs of a conservation project must be met from non-federal funds. Principles in applicable OMB circulars regarding costs sharing or matching apply. See, e.g., OMB Circular A-102, Attachment F.

(g) Application requirements; priorities; survey required in certain cases. (1) Application requirements in §1180.11 (a), (b), and (c) apply. An application shall describe when, during the term of the grant, the applicant plans to complete each objective or phase of the project. Where appropriate, IMS may require an applicant to submit a dissemination plan.

(2) The Board, by notice published in the Federal Register, may establish priorities with respect to all or part of the funds available to IMS for conservation for a fiscal year among the types of projects specified in paragraph (e) of this section. If the Board establishes one or more types of projects as a priority for a fiscal year, applications proposing projects of that type (or types) are evaluated, ranked and (if recommended for funding) approved before applications proposing other types of projects.

(3) The Director may, to the extent appropriate, require (by instructions in the application materials) that an applicant which proposes a project to conserve particular objects must show that, prior to the submission of the application, it has carried out a general survey of its conservation needs and priorities and that the project in question is consistent with such survey. In exceptional circumstances, the Director may adjust this requirement, consistent with the policy direction of the Board. The Director may also (through such instructions) require an applicant for a conservation project to submit additional information, material, or undertakings to carry out the purposes of this part.

(h) Procedures for review of applications. (1) IMS uses the procedures stated in this paragraph to review applications for conservation projects.

(2) IMS evaluates all eligible applications for conservation projects in accordance with applicable criteria. (See paragraph (i) of this section.) The Director expects to use panels of experts to review at least a portion of the applications for conservation grants. Depending upon the number of applications received as well as other factors, the Director may also use field reviewers to evaluate applications before submission of applications to the panels. In addition, the Director may use technical experts to provide technical advice regarding certain applications. See generally §1180.12 of the IMS regulations.

(3) IMS evaluates applications for conservation projects separately from applications for general operating support.

(i) Criteria. This paragraph sets forth the criteria which IMS uses in evaluating and reviewing applications for conservation grants. Panelists and field reviewers are instructed to use only these criteria in the evaluation and review of these applications.
§ 1180.20

(1) The following programmatic criteria apply to the evaluation and review of conservation grants:

(i) What is the importance of the object or objects to be conserved? What is the significance of the object or objects to the museum’s collection and/or audience?

(ii) What is the need for the project, including the relationship of the project to the conservation needs and priorities of the applicant museum as reflected in a survey of conservation needs or similar needs assessment?

(iii) What are the applicant’s plans to use and maintain the anticipated results or benefits of the project after the expiration of Federal support?

(iv) Does the applicant plan to devote adequate financial and other resources to the project without inhibiting its ongoing activities?

(2) The following technical criteria apply to the evaluation and review of applications for conservation grants:

(i) What is the nature of the proposed project with respect to project design and management plan?

(ii) To what extent does the application exhibit knowledge of the technical area to which the conservation project relates and employ the most promising or appropriate methods or techniques of conservation? To what extent is the conservation project likely to use, develop or demonstrate improved, more efficient, or more economic methods of conservation?

(iii) Does the project have an adequate budget to achieve its purpose? Is the budget reasonable and adequate in relation to the objectives of the project?

(iv) What are the qualifications of the personnel the applicant plans to use on the project and the proposed time that each such person is obligated to commit to the project?

(j) Duration of grant. IMS makes a conservation grant under this section for a period of not to exceed two years.

(k) Grant condition. An applicant which has received a grant in a prior fiscal year under the IMS conservation grant program may not receive a grant in a subsequent fiscal year under this section until required reports have been submitted regarding the performance of the previous grant.

(l) Allowable and unallowable costs. (1) Section 1180.10 of the IMS regulations, which applies to conservation grants, sets forth the rules applicable to determining the allowability of costs under IMS grants and refers readers to the OMB circulars containing applicable cost principles which govern Federal grants generally.

(2) In general such costs as compensation for personal services, costs of materials and supplies, rental costs, and other administrative costs specifically related to a conservation project are allowable under a conservation grant in accordance with applicable cost principles.

(3) Costs of alterations, repairs and restoration to an existing facility are allowable when they are related to a conservation project under a conservation grant in accordance with applicable cost principles.

(4) Costs of equipment are generally allowable if related to a conservation project but do require the specific approval of the Director as indicated in the grant award document.

(5) A grantee may award a stipend to an individual for training in connection with a conservation project. Stipends and allowances may be paid at rates and under conditions established by the Director consistent with policies of other agencies in the Foundation or other agencies or instrumentalities of the United States providing comparable assistance with respect to conservation.

(6) Costs of new construction are unallowable. For example, a museum may not use a conservation grant to construct a new building or an addition to an existing building to improve the environment in which its collections are housed.

Subpart B—General Application, Selection and Award Procedures Applications

§ 1180.30 Publication of an application notice; content of the notice.

Each fiscal year the Director publishes application notices in the Federal Register that explain what kind of assistance is available that fiscal year under the Act.

§ 1180.34 Number of copies.

Each applicant shall submit an original and four copies of its application to the Institute.

§ 1180.35 Group applications.

(a) Eligible museums may apply as a group for a project grant.

(b) If a group of museums applies for a grant, the members of the group shall either:

(1) Designate one member of the group to apply for the grant; or

(2) Establish a separate, eligible legal entity, consisting solely of the museum group, to apply for the grant.

(c) The members of the group, or entity, shall enter into an agreement that:

§ 1180.37

Rejection for technical deficiency—appeal; reconsideration; waiver.

(a) An applicant whose application is rejected because of technical deficiency may appeal such rejection in writing to the Director within 10 days of postmark of notice of rejection.

(b) If an application was rejected because material did not accompany the application, the Director shall reconsider the application upon receipt of material in a timely manner.

(c) As has always been the practice of IMS, the Director waives the requirement in these regulations of certain records under circumstances which would require such waivers where the regulations specifically provide for waiver. (See §1180.51(b) (Pub. L. 97-394))

§ 1180.38

How grants are processed.

(a) The Director may use one or more groups of experts or readers to evaluate eligible applications.

Such categories may include assessment activities relating to—
(a) General operations;

(b) There are no selection criteria.
(c) Section 1180.16 (IMS share of the cost of a proposal) does not apply to grants under this subpart.
(d) A museum receiving assistance under this subpart must submit a final financial and narrative report that evaluates the success of the assessment and actions taken by the museum as a result of the assessment. IMS may request that the report be submitted up to 12 months after the close of the grant period.

Section 1180.13(i) (a criterion for evaluation of general operating support applications) applies to the use of funds under this subpart.

Subpart E—Assistance To Professional Museum Organizations

§ 1180.77 Contracts and cooperative agreements with professional museum organizations.

(b) Definitions. For the purposes of this subpart, the term professional museum organization means a private, nonprofit professional museum services-related organization, institution, or association which engages in activities designed to advance the well-being of museums eligible for assistance under this part and the museum profession through such activities as technical assistance, dissemination of information, professional development activities, and professional services.

(c) Applicability of other regulations. The following IMS regulations apply to assistance under this subpart:

(1) Section 1180.3; § 1180.4; and § 1180.5(e) of subpart A and

(2) Sections 1180.30–1180.33 and §§ 1180.36–1180.39 of subpart B; and

(3) Section 1180.44, §§ 1180.46 and §§ 1180.51–1180.59 of subpart C.

(2) Research or surveys to determine effective and innovative methods to provide museum services or conduct operations;

(3) Projects to investigate the feasibility of cooperative methods for the carrying out by museums of management, storage, and information gathering and sharing, or other museum functions; or

(4) Research projects to help museums and museum associations serve their publics more effectively.

(f) Limitation. No financial assistance may be provided under this subpart to pay for the operational expenses of any professional museum organization.

(g) Amount of contract or cooperative agreement. The amount of contracts or cooperative agreements shall be subject to the availability of appropriations. Guidance on probable award ranges will be provided with application materials each year.

(j) Procedures for review of applications. To evaluate applications and determine the amount of their awards, the Institute rates competitive applications under the applicable criteria stated in paragraph (k) of this section. Normally, these applications are evaluated by field reviewers, panels of experts, or both. The Director may also use technical experts in the review of applications. Final determinations as to the award of contracts or cooperative agreements are made by the Director after consultation with the Board with respect to policy matters.

(k) Criteria. This paragraph sets forth the criteria that the Institute uses in evaluating and reviewing applications for contracts or cooperative agreements under this subpart. Panelists and field reviewers are instructed to use only these criteria in the evaluation and review of these applications:

4. What is the quality of the project design?
5. Does the project have an adequate budget to achieve its purpose?
6. What are the qualifications of the personnel the applicant plans to utilize in the project?
7. What are the anticipated long-term benefits of the project?

(l) Limitation on number of applications. An applicant may submit only one application with respect to each deadline.

(In special cases where training is not available otherwise, the Institute may consider an individually designed training agenda that includes the use of a consultant clearly serving as a trainer to the applicant in specific areas of museum operations.)

(8) Funds may support additional travel as needed to implement training (e.g., travel to libraries, archives, etc. to document collections).
(g) Conditions of participation. Following the completion of the training activity the museum must submit an implementation plan to the Institute for review before implementation funds are released. 2. No proxies are counted toward the necessary majority; and
3. The individual vote of each member voting is recorded.

(b) Within one day of a record vote to close, or withhold information about a meeting, or any record vote for this purpose that does not achieve the necessary majority, the NMSB makes available to the public a written record showing the vote of each member.

(c) The NMSB may take a vote with respect to matters governed by this part (without convening) by means of circulation of a written ballot, tally sheet, or other notation procedures.

Announcement of Meetings

§ 1180.84 Public announcement of meetings.

(a) Except as stated in paragraphs (b) and (c) this section, the NMSB makes a public announcement of each meeting at least one week before the meeting. The announcement covers:

1. The time, place, and subject matter of the meeting;
2. What portions of the meeting, if any, are to be closed to the public; and
3. The name and phone number of the official designated to respond to requests for information on the meeting.

(b) The announcement may be made less than a week before the meeting it announces or after the meeting only if—

1. The NMSB by record vote determines that agency business requires the meeting to be called on such short or after-the-fact notice and (2) a public announcement is made at the earliest practicable time.

(c) All or any portion of the announcement of any meeting may be omitted if the NMSB by record vote determines that the announcement would disclose information which should be withheld under the same standards as apply for closing meetings under § 1180.88.

§ 1180.85 Changes in time or place of meeting.

The time or place of a meeting of the NMSB that has been publicly announced as provided in § 1180.84 may subsequently be changed. However, the change must be publicly announced at the earliest practicable time.

§ 1180.86 Changes in subject matter of meeting.

The subject matter of any portion of any meeting of the NMSB that has been publicly announced as provided in § 1180.84 (or the determination whether any portion of any meeting so publicly announced will be open or closed) may subsequently be changed if—

(a) The NMSB determines by record vote that agency business so requires and that no earlier announcement of change was possible; and
(b) The NMSB publicly announces the change and the vote of each member on the change at the earliest practicable time. (Deletion or postponement of agenda items are not subject to the requirements of this section.)

§ 1180.87 Publication of announcements.

Promptly following a public announcement required by these regulations, the NMSB submits, for publication in the Federal Register, a notice containing information regarding the announcement as required by section 552b.

Closed Meetings

§ 1180.88 Reasons and procedures for closing meetings.

(a) The NMSB may, by record vote in accordance with section 552b, close any portion of a meeting if it determines that the portion falls within one of the exceptions stated in 5 U.S.C. section 552(c). (These exceptions are listed in Appendix A.)

(b) In making a determination under paragraph (a) of this section, the NMSB considers whether the public interest merits keeping the meeting open although an exception applies.
(c) The Board addresses requests for the certification required by section 552b to the individual responsible for providing legal services to the Institute with respect to section 552b.

(d) Within one day of a record vote closing a portion of a NMSB meeting, the NMSB makes available a full written explanation of the NMSB’s action and a list of all persons it expects to attend the meeting and their affiliations.

§ 1180.89 Requests to close meetings.

A person who believes his or her interests may be directly affected by a meeting or a portion of a meeting may request the NMSB to close it to the public for a reason cited in paragraphs (5), (6), or (7) of Appendix A. Such requests are handled under procedures established by the NMSB in accordance with section 552b. This information collection has been assigned OMB No. 3137-0005.

§ 1180.90 Materials related to closed portions of meetings.

If a portion or portions of any meeting of the NMSB are closed to the public—

(a) The presiding officer of the meeting (usually the Chairman of the NMSB) furnishes a statement setting forth the time and place of the meeting and the persons present (including staff).

(b) Except where the Act authorizes minutes to be kept, the NMSB makes a complete transcript or electronic recording adequate to record fully the proceedings of each portion of the meeting that is closed to the public.

(c) The NMSB maintains the presiding officer's statement, the certificate described in §1180.88(c) as required by section 552b, and the transcript, recording, or minutes of the meeting for at least two years after the meeting and at least one year after the NMSB completes consideration of any proposal, report, resolution, or similar matter discussed in any closed portion of the meeting.

§ 1180.91 Opening of transcript or recording of closed meeting.

(a) Except as stated in paragraph (b) of this section, the NMSB makes available for inspection the transcript, electronic recording or minutes of every portion of a very closed meeting on request to any member of the public. The transcript or recording is made available in an easily accessible place. The NMSB furnishes to any member of the public on request copies of the transcript (or of a transcription of the recording) disclosing the identity of each speaker. The NMSB charges for the copies or transcriptions no more than the actual cost of duplication or transcription.

(b) The NMSB withholds the transcripts or recording of the discussion of any agenda item if the Chairman of the NMSB (or a NMSB member designated by the Chairman) determines that the discussion contains information which should be withheld under the same standards which apply for closing meetings under §1180.88. The NMSB releases the transcript or recording so withheld when the Chairman (or the Chairman’s designee) determines that the grounds for withholding no longer apply.

(C) it is likely to disclose information, the premature disclosure of which (i) in the case of information received from an agency which regulates currencies, securities, commodities, or financial institutions, be likely to (A) lead to significant financial speculation in currencies, securities, or commodities, or (B) significantly endanger the stability of any financial institution; or
(D) it is likely to specifically concern the IMS participation in a civil action or proceeding, or action in a foreign court or international tribunal, or an arbitration.

(ii) Any mental or psychological disorder, such as mental retardation, organic brain syndrome, emotional or mental illness, and specific learning disabilities. The term physical or mental impairment includes, but is not limited to, such diseases and conditions as orthopedic, visual, speech, and hearing impairments, cerebral palsy, epilepsy, muscular dystrophy, multiple sclerosis, cancer, heart disease, diabetes, mental retardation, emotional illness, and drug addition and alcoholism.

(2) Major life activities includes functions such as caring for one’s self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.

(3) Has a record of such an impairment means has a history of, or has been misclassified as having, a mental or physical impairment that substantially limits one or more major life activities.

(4) Is regarded as having an impairment means—

(i) Has a physical or mental impairment that does not substantially limit major life activities but is treated by the agency as constituting such a limitation;

(ii) Has a physical or mental impairment that substantially limits major life activities only as a result of the attitudes of others toward such impairment; or

(iii) Has none of the impairments defined in paragraph (1) of this definition but is treated by the agency as having such an impairment.

Qualified handicapped person means—

(1) With respect to any agency program or activity under which a person is required to perform services or to achieve a level of accomplishment, a handicapped person who meets the essential eligibility requirements and who can achieve the purpose of the program or activity without modifications in the program or activity that the agency can demonstrate would result in a fundamental alteration in its nature; or

(2) With respect to any other program or activity, a handicapped person who meets the essential eligibility requirements for participation in, or receipt of benefits from, that program or activity.

(3) Qualified handicapped person is defined for purposes of employment in 29 CFR 1613.702(f), which is made applicable to this part by §1181.140.

§§ 1181.104–1181.109 [Reserved]

§ 1181.110 Self-evaluation.

(a) The agency shall, by April 9, 1987, evaluate its current policies and practices, and the effects thereof, that do not or may not meet the requirements of this part, and, to the extent modification of any such policies and practices is required, the agency shall proceed to make the necessary modifications.

(b) The agency shall provide an opportunity to interested persons, including handicapped persons or organizations representing handicapped persons, to participate in the self-evaluation process by submitting comments (both oral and written).

(c) The agency shall, until three years following the completion of the
§ 1181.111 Notice.
The agency shall make available to employees, applicants, participants, beneficiaries, and other interested persons such information regarding the provisions of this part and its applicability to the programs or activities conducted by the agency, and make such information available to them in such manner as the head of the agency finds necessary to apprise such persons of the protections against discrimination assured them by section 504 and this regulation.

§§ 1181.112—1181.129 [Reserved]

§ 1181.130 General prohibitions against discrimination.
(a) No qualified handicapped person shall, on the basis of handicap, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity conducted by the agency.
(b)(1) The agency, in providing any aid, benefit, or service, may not, directly or through contractual, licensing, or other arrangements, on the basis of handicap—
   (i) Deny a qualified handicapped person the opportunity to participate in or benefit from the aid, benefit, or service;
   (ii) Afford a qualified handicapped person the opportunity to participate in or benefit from the aid, benefit, or service that is not equal to that afforded others;
   (iii) Provide a qualified handicapped person with an aid, benefit, or service that is not as effective in affording equal opportunity to obtain the same result, to gain the same benefit, or to reach the same level of achievement as that provided to others;
   (iv) Provide different or separate aid, benefits, or services to handicapped persons or to any class of handicapped persons than is provided to others unless such action is necessary to provide qualified handicapped persons with aid, benefits, or services that are as effective as those provided to others;
   (v) Deny a qualified handicapped person the opportunity to participate as a member of planning or advisory boards; or
   (vi) Otherwise limit a qualified handicapped person in the enjoyment of any right, privilege, advantage, or opportunity enjoyed by others receiving the aid, benefit, or service.
   (2) The agency may not deny a qualified handicapped person the opportunity to participate in programs or activities that are not separate or different, despite the existence of permissibly separate or different programs or activities.
   (3) The agency may not, directly or through contractual or other arrangements, utilize criteria or methods of administration the purpose or effect of which would—
      (i) Subject qualified handicapped persons to discrimination on the basis of handicap; or
      (ii) Defeat or substantially impair accomplishment of the objectives of a program or activity with respect to handicapped persons.
   (4) The agency may not, in determining the site or location of a facility, make selections the purpose or effect of which would—
      (i) Exclude handicapped persons from, deny them the benefits of, or otherwise subject them to discrimination under any program or activity conducted by the agency; or
      (ii) Defeat or substantially impair the accomplishment of the objectives of a program or activity with respect to handicapped persons.
   (5) The agency, in the selection of procurement contractors, may not use criteria that subject qualified handicapped persons to discrimination on the basis of handicap.
   (c) The exclusion of nonhandicapped persons from the benefits of a program limited by Federal statute or Executive order to handicapped persons or the exclusion of a specific class of handicapped persons from a program limited by Federal statute or Executive order to a different class of handicapped persons is not prohibited by this part.
§ 1181.150 Program accessibility: Existing facilities.

(a) General. The agency shall operate each program or activity so that the program or activity, when viewed in its entirety, is readily accessible to and usable by handicapped persons. This paragraph does not—

(1) Necessarily require the agency to make each of its existing facilities accessible to and usable by handicapped persons; or

(2) Require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with §1181.150(a) would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that handicapped persons receive the benefits and services of the program or activity.

(b) Methods. The agency may comply with the requirements of this section through such means as redesign of equipment, reassignment of services to accessible buildings, assignment of aides to beneficiaries, home visits, delivery of services at alternate accessible sites, alteration of existing facilities and construction of new facilities, use of accessible rolling stock, or any other methods that result in making its programs or activities readily accessible to and usable by handicapped persons. The agency is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with this section. The agency, in making alterations to existing buildings, shall meet accessibility requirements to the extent compelled by the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151-4157), and any regulations implementing it. In choosing among available methods for meeting the requirements of this section, the agency shall give priority to those methods that offer programs and activities to qualified handicapped persons in the most integrated setting appropriate.

(c) Time period for compliance. The agency shall comply with the obligations established under this section by June 6, 1986, except that where structural changes in facilities are undertaken, such changes shall be made by April 7, 1989, but in any event as expeditiously as possible.

(d) Transition plan. In the event that structural changes to facilities will be
undertaken to achieve program accessibility, the agency shall develop, by October 7, 1986, a transition plan setting forth the steps necessary to complete such changes. The agency shall provide an opportunity to interested persons, including handicapped persons or organizations representing handicapped persons, to participate in the development of the transition plan by submitting comments (both oral and written). A copy of the transition plan shall be made available for public inspection. The plan shall, at a minimum—

(1) Identify physical obstacles in the agency’s facilities that limit the accessibility of its programs or activities to handicapped persons;

(2) Describe in detail the methods that will be used to make the facilities accessible;

(3) Specify the schedule for taking the steps necessary to achieve compliance with this section and, if the time period of the transition plan is longer than one year, identify steps that will be taken during each year of the transition period; and

(4) Indicate the official responsible for implementation of the plan.

§ 1181.160 Communications.

(a) The agency shall take appropriate steps to ensure effective communication with applicants, participants, personnel of other Federal entities, and members of the public.

(i) The agency shall furnish appropriate auxiliary aids where necessary to afford a handicapped person an equal opportunity to participate in, and enjoy the benefits of, a program or activity conducted by the agency.

(ii) In determining what type of auxiliary aid is necessary, the agency shall give primary consideration to the requests of the handicapped person.

(b) The agency need not provide individually prescribed devices, readers for personal use or study, or other devices of a personal nature.

(2) Where the agency communicates with applicants and beneficiaries by telephone, telecommunication devices for deaf persons (TDD’s) or equally effective telecommunication systems shall be used.

(b) The agency shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities.

(c) The agency shall provide signage at a primary entrance to each of its inaccessible facilities, directing users to a location at which they can obtain information about accessible facilities. The international symbol for accessibility shall be used at each primary entrance of an accessible facility.

(d) This section does not require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with §1181.160 would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action required to comply with this section would result in such an alteration or such burdens, the agency shall take any other action.
that would not result in such an alteration or such burdens but would nevertheless ensure that, to the maximum extent possible, handicapped persons receive the benefits and services of the program or activity.

§§ 1181.161—1181.169 [Reserved]

§ 1181.170 Compliance procedures.

(a) Except as provided in paragraph (b) of this section, this section applies to all allegations of discrimination on the basis of handicap in programs or activities conducted by the agency.

(b) The agency shall process complaints alleging violations of section 504 with respect to employment according to the procedures established by the Equal Employment Opportunity Commission in 29 CFR part 1613 pursuant to section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791).

(c) The Director shall be responsible for coordinating implementation of this section. Complaints may be sent to Director, Institute of Museum Services, 1100 Pennsylvania Ave., NW., room 510, Washington, DC 20506.

(d) The agency shall accept and investigate all complete complaints for which it has jurisdiction. All complete complaints must be filed within 180 days of the alleged act of discrimination. The agency may extend this time period for good cause.

(e) If the agency receives a complaint over which it does not have jurisdiction, it shall promptly notify the complainant and make reasonable efforts to refer the complaint to the appropriate government entity.

(f) The agency shall notify the Architectural and Transportation Barriers Compliance Board upon receipt of any complaint alleging that a building or facility that is subject to the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151-4157), or section 502 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 792), is not readily accessible to and usable by handicapped persons.

(g) Within 180 days of the receipt of a complete complaint for which it has jurisdiction, the agency shall notify the complainant of the results of the investigation in a letter containing—

(1) Findings of fact and conclusions of law;
(2) A description of a remedy for each violation found;
(3) A notice of the right to appeal.

(h) Appeals of the findings of fact and conclusions of law or remedies must be filed by the complainant within 90 days of receipt from the agency of the letter required by §1181.170(g). The agency may extend this time for good cause.

(i) Timely appeals shall be accepted and processed by the head of the agency.

(j) The head of the agency shall notify the complainant of the results of the appeal within 60 days of the receipt of the request. If the head of the agency determines that additional information is needed from the complainant, he or she shall have 60 days from the date of receipt of the additional information to make his or her determination on the appeal.

(k) The time limits cited in paragraphs (g) and (j) of this section may be extended with the permission of the Assistant Attorney General.

(l) The agency may delegate its authority for conducting complaint investigations to other Federal agencies, except that the authority for making the final determination may not be delegated to another agency.

§§ 1181.171—1181.999 [Reserved]
§ 1183.1 Purpose and scope of this part.

This part establishes uniform administrative rules for Federal grants and cooperative agreements and subawards to State, local and Indian tribal governments.

§ 1183.2 Scope of subpart.

This subpart contains general rules pertaining to this part and procedures for control of exceptions from this part.

§ 1183.3 Definitions.

As used in this part:

Accrued expenditures mean the charges incurred by the grantee during a given period requiring the provision of funds for: (1) Goods and other tangible property received; (2) services performed by employees, contractors, subgrantees, subcontractors, and other payees; and (3) other amounts becoming owed under programs for which no current services or performance is required, such as annuities, insurance claims, and other benefit payments.

Accrued income means the sum of: (1) Earnings during a given period from services performed by the grantee and goods and other tangible property delivered to purchasers, and (2) amounts becoming owed to the grantee for which no current services or performance is required by the grantee.

Acquisition cost of an item of purchased equipment means the net invoice unit price of the property including the cost of modifications, attachments, accessories, or auxiliary apparatus necessary to make the property usable for the purpose for which it was acquired. Other charges such as the cost of installation, transportation, taxes, duty or protective in-transit insurance, shall be included or excluded from the unit acquisition cost in accordance with the grantee's regular accounting practices.

Administrative requirements mean those matters common to grants in general, such as financial management, kinds and frequency of reports, and retention of records. These are distinguished from programmatic requirements, which concern matters that can be treated only on a program-by-program or grant-by-grant basis, such as kinds of activities that can be supported by grants under a particular program.

Awarding agency means (1) with respect to a grant, the Federal agency, and (2) with respect to a subgrant, the party that awarded the subgrant.

Cash contributions means the grantee's cash outlay, including the outlay of money contributed to the grantee or subgrantee by other public agencies
and institutions, and private organizations and individuals. When authorized by Federal legislation, Federal funds received from other assistance agreements may be considered as grantee or subgrantee cash contributions.

Contract means (except as used in the definitions for grant and subgrant in this section and except where qualified by Federal) a procurement contract under a grant or subgrant, and means a procurement subcontract under a contract.

Cost sharing or matching means the value of the third party in-kind contributions and the portion of the costs of a federally assisted project or program not borne by the Federal Government.

Cost-type contract means a contract or subcontract under a grant in which the contractor or subcontractor is paid on the basis of the costs it incurs, with or without a fee.

Equipment means tangible, non-expendable, personal property having a useful life of more than one year and an acquisition cost of $5,000 or more per unit. A grantee may use its own definition of equipment provided that such definition would at least include all equipment defined above.

Expenditure report means: (1) for non-construction grants, the SF-269 "Financial Status Report" (or other equivalent report); (2) for construction grants, the SF-271 "Outlay Report and Request for Reimbursement" (or other equivalent report).

Federally recognized Indian tribal government means the governing body or a governmental agency of any Indian tribe, band, nation, or other organized group or community (including any Native village as defined in section 3 of the Alaska Native Claims Settlement Act, 85 Stat 688) certified by the Secretary of the Interior as eligible for the special programs and services provided by him through the Bureau of Indian Affairs.

Government means a State or local government or a federally recognized Indian tribal government.

Grant means an award of financial assistance, including cooperative agreements, in the form of money, or property in lieu of money, by the Federal Government to an eligible grantee. The term does not include technical assistance which provides services instead of money, or other assistance in the form of revenue sharing, loans, loan guarantees, interest subsidies, insurance, or direct appropriations. Also, the term does not include assistance, such as a fellowship or other lump sum award, which the grantee is not required to account for.

Grantee means the government to which a grant is awarded and which is accountable for the use of the funds provided. The grantee is the entire legal entity even if only a particular component of the entity is designated in the grant award document.

Local government means a county, municipality, city, town, township, local public authority (including any public and Indian housing agency under the United States Housing Act of 1937) school district, special district, intrastate district, council of governments (whether or not incorporated as a nonprofit corporation under state law), any other regional or interstate government entity, or any agency or instrumentality of a local government.

Obligations means the amounts of orders placed, contracts and subgrants awarded, goods and services received, and similar transactions during a given period that will require payment by the grantee during the same or a future period.

OMB means the United States Office of Management and Budget.

Outlays (expenditures) mean charges made to the project or program. They may be reported on a cash or accrual basis. For reports prepared on a cash basis, outlays are the sum of actual cash disbursement for direct charges for goods and services, the amount of indirect expense incurred, the value of in-kind contributions applied, and the amount of cash advances and payments made to contractors and subgrantees. For reports prepared on an accrual expenditure basis, outlays are the sum of actual cash disbursements, the amount of indirect expense incurred, the value of in-kind contributions applied, and the new increase (or decrease) in the amounts owed by the grantee for goods and other property received, for services performed by employees, contractors, subgrantees, subcontractors, and
other payees, and other amounts becoming owed under programs for which no current services or performance are required, such as annuities, insurance claims, and other benefit payments. Percentage of completion method refers to a system under which payments are made for construction work according to the percentage of completion of the work, rather than to the grantee's cost incurred.

Prior approval means documentation evidencing consent prior to incurring specific cost.

Real property means land, including land improvements, structures and appurtenances thereto, excluding movable machinery and equipment.

Share, when referring to the awarding agency’s portion of real property, equipment or supplies, means the same percentage as the awarding agency’s portion of the acquiring party’s total costs under the grant to which the acquisition costs under the grant to which the acquisition cost of the property was charged. Only costs are to be counted—not the value of third-party in-kind contributions.

State means any of the several States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, or any agency or instrumentality of a State exclusive of local governments. The term does not include any public and Indian housing agency under United States Housing Act of 1937.

Subgrant means an award of financial assistance in the form of money, or property in lieu of money, made under a grant by a grantee to an eligible subgrantee. The term includes financial assistance when provided by contractual legal agreement, but does not include procurement purchases, nor does it include any form of assistance which is excluded from the definition of grant in this part.

Subgrantee means the government or other legal entity to which a subgrant is awarded and which is accountable to the grantee for the use of the funds provided.

Supplies means all tangible personal property other than equipment as defined in this part.

Suspension means depending on the context, either (1) temporary withdrawal of the authority to obligate grant funds pending corrective action by the grantee or subgrantee or a decision to terminate the grant, or (2) an action taken by a suspending official in accordance with agency regulations implementing E.O. 12549 to immediately exclude a person from participating in grant transactions for a period, pending completion of an investigation and such legal or debarment proceedings as may ensue.

Termination means permanent withdrawal of the authority to obligate previously-awarded grant funds before that authority would otherwise expire. It also means the voluntary relinquishment of that authority by the grantee or subgrantee. Termination does not include: (1) Withdrawal of funds awarded on the basis of the grantee’s underestimate of the unobligated balance in a prior period; (2) Withdrawal of the unobligated balance as of the expiration of a grant; (3) Refusal to extend a grant or award additional funds, to make a competing or noncompeting continuation, renewal, extension, or supplemental award; or (4) voiding of a grant upon determination that the award was obtained fraudulently, or was otherwise illegal or invalid from inception.

Terms of a grant or subgrant mean all requirements of the grant or subgrant, whether in statute, regulations, or the award document.

Third party in-kind contributions mean property or services which benefit a federally assisted project or program and which are contributed by non-Federal third parties without charge to the grantee, or a cost-type contractor under the grant agreement.

Unliquidated obligations for reports prepared on a cash basis mean the amount of obligations incurred by the grantee that has not been paid. For reports prepared on an accrued expenditure basis, they represent the amount of obligations incurred by the grantee for which an outlay has not been recorded.

Unobligated balance means the portion of the funds authorized by the Federal agency that has not been obligated by the grantee and is determined
by deducting the cumulative obligations from the cumulative funds authorized.

§ 1183.4 Applicability.

(a) General. Subparts A through D of this part apply to all grants and subgrants to governments, except where inconsistent with Federal statutes or with regulations authorized in accordance with the exception provision of § 1183.6, or:

Subpart B—Pre-Award Requirements
§1183.10 Forms for applying for grants.
(a) Scope. (1) This section prescribes forms and instructions to be used by governmental organizations (except hospitals and institutions of higher education operated by a government) in applying for grants. This section is not applicable, however, to formula grant programs which do not require applicants to apply for funds on a project basis.
(2) This section applies only to applications to Federal agencies for grants, and is not required to be applied by grantees in dealing with applicants for subgrants. However, grantees are encouraged to avoid more detailed or burdensome application requirements for subgrants.
(b) Authorized forms and instructions for governmental organizations. (1) In applying for grants, applicants shall only use standard application forms or those prescribed by the granting agency with the approval of OMB under the Paperwork Reduction Act of 1980.
(2) Applicants are not required to submit more than the original and two copies of preapplications or applications.
(3) Applicants must follow all applicable instructions that bear OMB clearance numbers. Federal agencies may specify and describe the programs, functions, or activities that will be used to plan, budget, and evaluate the work under a grant. Other supplementary instructions may be issued only with the approval of OMB to the extent required under the Paperwork Reduction Act of 1980. For any standard form, except the SF-424 facesheet, Federal agencies may shade out or instruct the applicant to disregard any line item that is not needed.
(4) When a grantee applies for additional funding (such as a continuation or supplemental award) or amends a previously submitted application, only the affected pages need be submitted. Previously submitted pages with information that is still current need not be resubmitted.

§1183.11 State plans.
(a) Scope. The statutes for some programs require States to submit plans before receiving grants. Under regulations implementing Executive Order 12372, “Intergovernmental Review of Federal Programs,” States are allowed to simplify, consolidate and substitute plans. This section contains additional provisions for plans that are subject to regulations implementing the Executive order.
(b) Requirements. A State need meet only Federal administrative or programmatic requirements for a plan that are in statutes or codified regulations.
(c) Assurances. In each plan the State will include an assurance that the State shall comply with all applicable Federal statutes and regulations in effect with respect to the periods for which it receives grant funding. For this assurance and other assurances required in the plan, the State may:
(1) Cite by number the statutory or regulatory provisions requiring the assurances and affirm that it gives the assurances required by those provisions,
(2) Repeat the assurance language in the statutes or regulations, or
(3) Develop its own language to the extent permitted by law.
(d) Amendments. A State will amend a plan whenever necessary to reflect:
(1) New or revised Federal statutes or regulations or (2) a material change in any State law, organization, policy, or State agency operation. The State will obtain approval for the amendment and

554
its effective date but need submit for approval only the amended portions of the plan.

§ 1183.12 Special grant or subgrant conditions for “high-risk” grantees.

(a) A grantee or subgrantee may be considered “high risk” if an awarding agency determines that a grantee or subgrantee:

(1) Has a history of unsatisfactory performance, or

(2) Is not financially stable, or

(3) Has a management system which does not meet the management standards set forth in this part, or

(4) Has not conformed to terms and conditions of previous awards, or

(5) Is otherwise not responsible; and if the awarding agency determines that an award will be made, special conditions and/or restrictions shall correspond to the high risk condition and shall be included in the award.

(b) Special conditions or restrictions may include:

(1) Payment on a reimbursement basis;

(2) Withholding authority to proceed to the next phase until receipt of evidence of acceptable performance within a given funding period;

(3) Requiring additional, more detailed financial reports;

(4) Additional project monitoring;

(5) Requiring the grantee or subgrantee to obtain technical or management assistance; or

(6) Establishing additional prior approvals.

(c) If an awarding agency decides to impose such conditions, the awarding official will notify the grantee or subgrantee as early as possible, in writing, of:

(1) The nature of the special conditions/restrictions;

(2) The reason(s) for imposing them;

(3) The corrective actions which must be taken before they will be removed and the time allowed for completing the corrective actions and

(4) The method of requesting reconsideration of the conditions/restrictions imposed.

Subpart C—Post-Award Requirements

FINANCIAL ADMINISTRATION

§ 1183.20 Standards for financial management systems.

(a) A State must expand and account for grant funds in accordance with State laws and procedures for expending and accounting for its own funds. Fiscal control and accounting procedures of the State, as well as its subgrantees and cost-type contractors, must be sufficient to—

(1) Permit preparation of reports required by this part and the statutes authorizing the grant, and

(2) Permit the tracing of funds to a level of expenditures adequate to establish that such funds have not been used in violation of the restrictions and prohibitions of applicable statutes.

(b) The financial management systems of other grantees and subgrantees must meet the following standards:

(1) Financial reporting. Accurate, current, and complete disclosure of the financial results of financially assisted activities must be made in accordance with the financial reporting requirements of the grant or subgrant.

(2) Accounting records. Grantees and subgrantees must maintain records which adequately identify the source and application of funds provided for financially-assisted activities. These records must contain information pertaining to grant or subgrant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays or expenditures, and income.

(3) Internal control. Effective control and accountability must be maintained for all grant and subgrant cash, real and personal property, and other assets. Grantees and subgrantees must adequately safeguard all such property and must assure that it is used solely for authorized purposes.

(4) Budget control. Actual expenditures or outlays must be compared with budgeted amounts for each grant or subgrant. Financial information
must be related to performance or productivity data, including the development of unit cost information whenever appropriate or specifically required in the grant or subgrant agreement. If unit cost data are required, estimates based on available documentation will be accepted whenever possible.

(5) Allowable cost. Applicable OMB cost principles, agency program regulations, and the terms of grant and subgrant agreements will be followed in determining the reasonableness, allowability, and allocability of costs.

(6) Source documentation. Accounting records must be supported by such source documentation as cancelled checks, paid bills, payrolls, time and attendance records, contract and subgrant award documents, etc.

(7) Cash management. Procedures for minimizing the time elapsing between the transfer of funds from the U.S. Treasury and disbursement by grantees and subgrantees must be followed whenever advance payment procedures are used. Grantees must establish reasonable procedures to ensure the receipt of reports on subgrantees’ cash balances and cash disbursements in sufficient time to enable them to prepare complete and accurate cash transactions reports to the awarding agency. When advances are made by letter-of-credit or electronic transfer of funds methods, the grantee must make drawdowns as close as possible to the time of making disbursements. Grantees must monitor cash drawdowns by their subgrantees to assure that they conform substantially to the same standards of timing and amount as apply to advances to the grantees.

(c) An awarding agency may review the adequacy of the financial management system of any applicant for financial assistance as part of a preaward review or at any time subsequent to award.

§ 1183.21 Payment.

(a) Scope. This section prescribes the basic standard and the methods under which a Federal agency will make payments to grantees, and grantees will make payments to subgrantees and contractors.

(b) Basic standard. Methods and procedures for payment shall minimize the time elapsing between the transfer of funds and disbursement by the grantee or subgrantee, in accordance with Treasury regulations at 31 CFR part 205.

(c) Advances. Grantees and subgrantees shall be paid in advance, provided they maintain or demonstrate the willingness and ability to maintain procedures to minimize the time elapsing between the transfer of the funds and their disbursement by the grantee or subgrantee.

(d) Reimbursement. Reimbursement shall be the preferred method when the requirements in paragraph (c) of this section are not met. Grantees and subgrantees may also be paid by reimbursement for any construction grant. Except as otherwise specified in regulation, Federal agencies shall not use the percentage of completion method to pay construction grants. The grantee or subgrantee may use that method to pay its construction contractor, and if it does, the awarding agency’s payments to the grantee or subgrantee will be based on the grantee’s or subgrantee’s actual rate of disbursement.

(e) Working capital advances. If a grantee cannot meet the criteria for advance payments described in paragraph (c) of this section, and the Federal agency has determined that reimbursement is not feasible because the grantee lacks sufficient working capital, the awarding agency may provide cash or a working capital advance basis. Under this procedure the awarding agency shall advance cash to the grantee to cover its estimated disbursement needs for an initial period generally geared to the grantee’s disbursing cycle. Thereafter, the awarding agency shall reimburse the grantee for its actual cash disbursements. The working capital advance method of payment shall not be used by grantees or subgrantees if the reason for using such method is the unwillingness or inability of the grantee to provide timely advances to the subgrantee to meet the subgrantee’s actual cash disbursements.

(f) Effect of program income, refunds, and audit recoveries on payment. (1)
Grantees and subgrantees shall disburse repayments to and interest earned on a revolving fund before requesting additional cash payments for the same activity.

(2) Except as provided in paragraph (f)(1) of this section, grantees and subgrantees shall disburse program income, rebates, refunds, contract settlements, audit recoveries and interest earned on such funds before requesting additional cash payments.

(g) Withholding payments. (1) Unless otherwise required by Federal statute, awarding agencies shall not withhold payments for proper charges incurred by grantees or subgrantees unless—
   (i) The grantee or subgrantee has failed to comply with grant award conditions or
   (ii) The grantee or subgrantee is indebted to the United States.

(2) Cash withheld for failure to comply with grant award condition, but without suspension of the grant, shall be released to the grantee upon subsequent compliance. When a grant is suspended, payment adjustments will be made in accordance with §1183.43(c).

(3) A Federal agency shall not make payment to grantees for amounts that are withheld by grantees or subgrantees from payment to contractors to assure satisfactory completion of work. Payments shall be made by the Federal agency when the grantees or subgrantees actually disburse the withheld funds to the contractors or to escrow accounts established to assure satisfactory completion of work.

(h) Cash depositories. (1) Consistent with the national goal of expanding the opportunities for minority business enterprises, grantees and subgrantees are encouraged to use minority banks (a bank which is owned at least 50 percent by minority group members). A list of minority owned banks can be obtained from the Minority Business Development Agency, Department of Commerce, Washington, DC 20230.

(2) A grantee or subgrantee shall maintain a separate bank account only when required by Federal-State agreement.

(i) Interest earned on advances. Except for interest earned on advances of funds exempt under the Intergovernmental Cooperation Act (31 U.S.C. 6501 et seq.) and the Indian Self-Determination Act (23 U.S.C. 450), grantees and subgrantees shall promptly, but at least quarterly, remit interest earned on advances to the Federal agency. The grantee or subgrantee may keep interest amounts up to $100 per year for administrative expenses.

§1183.22 Allowable costs.

(a) Limitation on use of funds. Grant funds may be used only for:

(1) The allowable costs of the grantees, subgrantees and cost-type contractors, including allowable costs in the form of payments to fixed-price contractors; and

(2) Reasonable fees or profit to cost-type contractors but not any fee or profit (or other increment above allowable costs) to the grantee or subgrantee.

(b) Applicable cost principles. For each kind of organization, there is a set of Federal principles for determining allowable costs. Allowable costs will be determined in accordance with the cost principles applicable to the organization incurring the costs. The following chart lists the kinds of organizations and the applicable cost principles.

§1183.23 Period of availability of funds.

(a) General. Where a funding period is specified, a grantee may charge to the award only costs resulting from obligations of the funding period unless carryover of unobligated balances is permitted, in which case the carryover balances may be charged for costs resulting from obligations of the subsequent funding period.
§ 1183.24 Matching or cost sharing.

(a) Basic rule. Costs and contributions acceptable. With the qualifications and exceptions listed in paragraph (b) of this section, a matching or cost sharing requirement may be satisfied by either or both of the following:

(1) Allowable costs incurred by the grantee, subgrantee or a cost-type contractor under the assistance agreement. This includes allowable costs borne by non-Federal grants or by others cash donations from non-Federal third parties.

(2) The value of third party in-kind contributions applicable to the period to which the cost sharing or matching requirements applies.

(b) Qualifications and exceptions—(1) Costs borne by other Federal grant agreements. Except as provided by Federal statute, a cost sharing or matching requirement may not be met by costs borne by another Federal grant. This prohibition does not apply to income earned by a grantee or subgrantee from a contract awarded under another Federal grant.

(2) General revenue sharing. For the purpose of this section, general revenue sharing funds distributed under 31 U.S.C. 6702 are not considered Federal grant funds.

(3) Costs or contributions counted towards other Federal costs-sharing requirements. Neither costs nor the values of third party in-kind contributions may count towards satisfying a cost sharing or matching requirement of a grant agreement if they have been or will be counted towards satisfying a cost sharing or matching requirement of another Federal grant agreement, a Federal procurement contract, or any other award of Federal funds.

(4) Costs financed by program income. Costs financed by program income, as defined in §1183.25, shall not count towards satisfying a cost sharing or matching requirement unless they are expressly permitted in the terms of the assistance agreement. (This use of general program income is described in §1183.25(g)).

(5) Services or property financed by income earned by contractors. Contractors under a grant may earn income from the activities carried out under the contract in addition to the amounts earned from the party awarding the contract. No costs of services or property supported by this income may count toward satisfying a cost sharing or matching requirement unless other provisions of the grant agreement expressly permit this kind of income to be used to meet the requirement.

(6) Records. Costs and third party in-kind contributions counting towards satisfying a cost sharing or matching requirement must be verifiable from the records of grantees and subgrantee or cost-type contractors. These records must show how the value placed on third party in-kind contributions was derived. To the extent feasible, volunteer services will be supported by the same methods that the organization uses to support the allocability of regular personnel costs.

(7) Special standards for third party in-kind contributions. (i) Third party in-kind contributions count towards satisfying a cost sharing or matching requirement only where, if the party receiving the contributions were to pay for them, the payments would be allowable costs.

(ii) Some third party in-kind contributions are goods and services that, if the grantee, subgrantee, or contractor receiving the contribution had to pay for them, the payments would have been an indirect costs. Costs sharing or matching credit for such contributions shall be given only if the grantee, subgrantee, or contractor has established, along with its regular indirect cost rate, a special rate for allocating to individual projects or programs the value of the contributions.

(iii) A third party in-kind contribution to a fixed-price contract may count towards satisfying a cost sharing or matching requirement only if it results in:
§ 1183.24

(A) An increase in the services or property provided under the contract (without additional cost to the grantee or subgrantee) or

(B) A cost savings to the grantee or subgrantee.

(iv) The values placed on third party in-kind contributions for cost sharing or matching purposes will conform to the rules in the succeeding sections of this part. If a third party in-kind contribution is a type not treated in those sections, the value placed upon it shall be fair and reasonable.

(c) Valuation of donated services—(1) Volunteer services. Unpaid services provided to a grantee or subgrantee by individuals will be valued at rates consistent with those ordinarily paid for similar work in the grantee's or subgrantee's organization. If the grantee or subgrantee does not have employees performing similar work, the rates will be consistent with those ordinarily paid by other employers for similar work in the same labor market. In either case, a reasonable amount for fringe benefits may be included in the valuation.

(2) Employees of other organizations. When an employer other than a grantee, subgrantee, or cost-type contractor furnishes free of charge the services of an employee in the employee's normal line of work, the services will be valued at the employee's regular rate of pay exclusive of the employee's fringe benefits and overhead costs. If the services are in a different line of work, paragraphs (c)(1) of this section applies.

(d) Valuation of third party donated supplies and loaned equipment or space. (1) If a third party donates supplies, the contribution will be valued at the market value of the supplies at the time of donation.

(2) If a third party donates the use of equipment or space in a building but retains title, the contribution will be valued at the fair rental rate of the equipment or space.

(e) Valuation of third party donated equipment, buildings, and land. If a third party donates equipment, buildings, or land, and title passes to a grantee or subgrantee, the treatment of the donated property will depend upon the purpose of the grant or subgrant, as follows:

(1) Awards for capital expenditures. If the purpose of the grant or subgrant is to assist the grantee or subgrantee in the acquisition of property, the market value of that property at the time of donation may be counted as cost sharing or matching.

(2) Other awards. If assisting in the acquisition of property is not the purpose of the grant or subgrant, paragraphs (e)(2)(i) and (ii) of this section apply:

(i) If approval is obtained from the awarding agency, the market value at the time of donation of the donated equipment or buildings and the fair rental rate of the donated land may be counted as cost sharing or matching. In the case of a subgrant, the terms of the grant agreement may require that the approval be obtained from the Federal agency as well as the grantee. In all cases, the approval may be given only if a purchase of the equipment or rental of the land would be approved as an allowable direct cost. If any part of the donated property was acquired with Federal funds, only the non-federal share of the property may be counted as cost-sharing or matching.

(ii) If approval is not obtained under paragraph (e)(2)(i) of this section, no amount may be counted for donated land, and only depreciation or use allowances may be counted for donated equipment and buildings. The depreciation or use allowances for this property are not treated as third party in-kind contributions. Instead, they are treated as costs incurred by the grantee or subgrantee. They are computed and allocated (usually as indirect costs) in accordance with the cost principles specified in § 1183.22, in the same way as depreciation or use allowances for purchased equipment and buildings. The amount of depreciation or use allowances for donated equipment and buildings is based on the property's market value at the time it was donated.

(f) Valuation of grantee or subgrantee donated real property for construction/acquisition. If a grantee or subgrantee donates real property for a construction or facilities acquisition project, the current market value of that property may be counted as cost sharing or matching. If any part of the donated property was acquired with Federal...
§ 1183.25 Program income.

(a) General. Grantees are encouraged to earn income to defray program costs. Program income includes income from fees for services performed, from the use or rental of real or personal property acquired with grant funds, from the sale of commodities or items fabricated under a grant agreement, and from payments of principal and interest on loans made with grant funds. Except as otherwise provided in regulations of the Federal agency, program income does not include interest on grant funds, rebates, credits, discounts, refunds, etc. and interest earned on any of them.

(b) Definition of program income. Program income means gross income received by the grantee or subgrantee directly generated by a grant supported activity, or earned only as a result of the grant agreement during the grant period. “During the grant period” is the time between the effective date of the award and the ending date of the award reflected in the final financial report.

(c) Cost of generating program income. If authorized by Federal regulations or the grant agreement, costs incident to the generation of program income may be deducted from gross income to determine program income.

(d) Governmental revenues. Taxes, special assessments, levies, fines, and other such revenues raised by a grantee or subgrantee are not program income unless the revenues are specifically identified in the grant agreement or Federal agency regulations as program income.

(e) Royalties. Income from royalties and license fees for copyrighted material, patents, and inventions developed by a grantee or subgrantee is program income only if the revenues are specifically identified in the grant agreement or Federal agency regulations as program income. (See §1183.34.)

(f) Property. Proceeds from the sale of real property or equipment will be handled in accordance with the requirements of §§1183.31 and 1183.32.

(g) Use of program income. Program income shall be deducted from outlays which may be both Federal and non-Federal as described below, unless the Federal agency regulations or the grant agreement specify another alternative (or a combination of the alternatives). In specifying alternatives, the Federal agency may distinguish between income earned by the grantee and income earned by subgrantees and between the sources, kinds, or amounts of income. When Federal agencies authorize the alternatives in paragraphs (g) (2) and (3) of this section, program income in excess of any limits stipulated shall also be deducted from outlays.

1. Deduction. Ordinarily program income shall be deducted from total allowable costs to determine the net allowable costs. Program income shall be used for current costs unless the Federal agency authorizes otherwise. Program income which the grantee did not anticipate at the time of the award shall be used to reduce the Federal agency and grantee contributions rather than to increase the funds committed to the project.

2. Addition. When authorized, program income may be added to the funds committed to the grant agreement by the Federal agency and the grantee. The program income shall be used for the purposes and under the conditions of the grant agreement.

3. Cost sharing or matching. When authorized, program income may be used to meet the cost sharing or matching requirement of the grant agreement. The amount of the Federal grant award remains the same.

(h) Income after the award period. There are no Federal requirements governing the disposition of program income earned after the end of the award.
§ 1183.26 Non-Federal audit.

(a) Basic rule. Grantees and subgrantees are responsible for obtaining audits in accordance with the Single Audit Act Amendments of 1996 (31 U.S.C. 7501-7507) and revised OMB Circular A-133, “Audits of States, Local Governments, and Non-Profit Organizations.” The audits shall be made by an independent auditor in accordance with generally accepted government auditing standards covering financial audits.

(b) Subgrantees. State or local governments, as those terms are defined for purposes of the Single Audit Act Amendments of 1996, that provide Federal awards to a subgrantee, which expends $300,000 or more (or other amount as specified by OMB) in Federal awards in a fiscal year, shall:

(1) Determine whether State or local subgrantees have met the audit requirements of the Act and whether subgrantees covered by OMB Circular A-110, “Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations,” have met the audit requirements of the Act. Commercial contractors (private for-profit and private and governmental organizations) providing goods and services to State and local governments are not required to have a single audit performed. State and local governments should use their own procedures to ensure that the contractor has complied with laws and regulations affecting the expenditure of Federal funds;

(2) Determine whether the subgrantee spent Federal assistance funds provided in accordance with applicable laws and regulations. This may be accomplished by reviewing an audit of the subgrantee made in accordance with the Act, Circular A-110, or through other means (e.g., program reviews) if the subgrantee has not had such an audit;

(3) Ensure that appropriate corrective action is taken within six months after receipt of the audit report in instances of noncompliance with Federal laws and regulations;

(4) Consider whether subgrantee audits necessitate adjustment of the grantee’s own records; and

(5) Require each subgrantee to permit independent auditors to have access to the records and financial statements.

(c) Auditor selection. In arranging for audit services, §1183.36 shall be followed.

CHANGES, PROPERTY, AND SUBAWARDS

§ 1183.30 Changes.

(a) General. Grantees and subgrantees are permitted to rebudget within the approved direct cost budget to meet unanticipated requirements and may make limited program changes to the approved project. However, unless waived by the awarding agency, certain types of post-award changes in budgets and projects shall require the prior written approval of the awarding agency.

(b) Relation to cost principles. The applicable cost principles (see §1183.22) contain requirements for prior approval of certain types of costs. Except where waived, those requirements apply to all grants and subgrants even if paragraphs (c) through (f) of this section do not.

(c) Budget changes—(1) Nonconstruction projects. Except as stated in other regulations or an award document, grantees or subgrantees shall obtain the prior approval of the awarding agency whenever any of the following changes is anticipated under a nonconstruction award:

(i) Any revision which would result in the need for additional funding.

(ii) Unless waived by the awarding agency, cumulative transfers among direct cost categories, or, if applicable, among separately budgeted programs, projects, functions, or activities which exceed or are expected to exceed ten percent of the current total approved budget, whenever the awarding agency’s share exceeds $100,000.

(iii) Transfer of funds allotted for training allowances (i.e., from direct
§ 1183.31 Real property.

(a) Title. Subject to the obligations and conditions set forth in this section, title to real property acquired under a grant or subgrant will vest upon acquisition in the grantee or subgrantee respectively.

(b) Use. Except as otherwise provided by Federal statutes, real property will be used for the originally authorized purposes as long as needed for that purposes, and the grantee or subgrantee shall not dispose of or encumber its title or other interests.

(c) Disposition. When real property is no longer needed for the originally authorized purpose, the grantee or subgrantee will request disposition instructions from the awarding agency. The instructions will provide for one of the following alternatives:

(1) Retention of title. Retain title after compensating the awarding agency. The amount paid to the awarding agency may not compensate the awarding agency. The amount paid to the awarding agency may not compensate the awarding agency.

(2) Sale of property. Sell the property and compensate the awarding agency.

§ 1183.31 Real property.

(a) Title. Subject to the obligations and conditions set forth in this section, title to real property acquired under a grant or subgrant will vest upon acquisition in the grantee or subgrantee respectively.

(b) Use. Except as otherwise provided by Federal statutes, real property will be used for the originally authorized purposes as long as needed for that purposes, and the grantee or subgrantee shall not dispose of or encumber its title or other interests.

(c) Disposition. When real property is no longer needed for the originally authorized purpose, the grantee or subgrantee will request disposition instructions from the awarding agency. The instructions will provide for one of the following alternatives:

(1) Retention of title. Retain title after compensating the awarding agency.

(2) Sale of property. Sell the property and compensate the awarding agency.
The amount due to the awarding agency will be calculated by applying the awarding agency’s percentage of participation in the cost of the original purchase to the proceeds of the sale after deduction of any actual and reasonable selling and fixing-up expenses. If the grant is still active, the net proceeds from sale may be offset against the original cost of the property. When a grantee or subgrantee is directed to sell property, sales procedures shall be followed that provide for competition to the extent practicable and result in the highest possible return.

(3) Transfer of title. Transfer title to the awarding agency or to a third-party designated/approved by the awarding agency. The grantee or subgrantee shall be paid an amount calculated by applying the grantee or subgrantee’s percentage of participation in the purchase of the real property to the current fair market value of the property.

§ 1183.32 Equipment.

(a) Title. Subject to the obligations and conditions set forth in this section, title to equipment acquired under a grant or subgrant will vest upon acquisition in the grantee or subgrantee respectively.

(b) States. A State will use, manage, and dispose of equipment acquired under a grant by the State in accordance with State laws and procedures. Other grantees and subgrantees will follow paragraphs (c) through (e) of this section.

(c) Use. (1) Equipment shall be used by the grantee or subgrantee in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by Federal funds. When no longer needed for the original program or project, the equipment may be used in other activities currently or previously supported by a Federal agency.

(2) The grantee or subgrantee shall also make equipment available for use on other projects or programs currently or previously supported by the Federal Government, providing such use will not interfere with the work on the projects or programs for which it was originally acquired. First preference for other use shall be given to other programs or projects supported by the awarding agency. User fees should be considered if appropriate.

(3) Notwithstanding the encouragement in §1183.25(a) to earn program income, the grantee or subgrantee must not use equipment acquired with grant funds to provide services for a fee to compete unfairly with private companies that provide equivalent services, unless specifically permitted or contemplated by Federal statute.

(4) When acquiring replacement equipment, the grantee or subgrantee may use the equipment to be replaced as a trade-in or sell the property and use the proceeds to offset the cost of the replacement property, subject to the approval of the awarding agency.

(d) Management requirements. Procedures for managing equipment (including replacement equipment), whether acquired in whole or in part with grant funds, until disposition takes place will, as a minimum, meet the following requirements:

(1) Property records must be maintained that include a description of the property, a serial number or other identification number, the source of property, who holds title, the acquisition date, and cost of the property, percentage of Federal participation in the cost of the property, the location, use and condition of the property, and any ultimate disposition data including the date of disposal and sale price of the property.

(2) A physical inventory of the property must be taken and the results reconciled with the property records at least once every two years.

(3) A control system must be developed to ensure adequate safeguards to prevent loss, damage, or theft of the property. Any loss, damage, or theft shall be investigated.

(4) Adequate maintenance procedures must be developed to keep the property in good condition.

(5) If the grantee or subgrantee is authorized or required to sell the property, proper sales procedures must be established to ensure the highest possible return.

(e) Disposition. When original or replacement equipment acquired under a grant or subgrant is no longer needed
for the original project or program or for other activities currently or previously supported by a Federal agency, disposition of the equipment will be made as follows:

(1) Items of equipment with a current per-unit fair market value of less than $5,000 may be retained, sold or otherwise disposed of with no further obligation to the awarding agency.

(2) Items of equipment with a current per unit fair market value in excess of $5,000 may be retained or sold and the awarding agency shall have a right to an amount calculated by multiplying the current market value or proceeds from sale by the awarding agency’s share of the equipment.

(3) In cases where a grantee or subgrantee fails to take appropriate disposition actions, the awarding agency may direct the grantee or subgrantee to take excess and disposition actions.

(f) Federal equipment. In the event a grantee or subgrantee is provided federally-owned equipment:

(1) Title will remain vested in the Federal Government.

(2) Grantees or subgrantees will manage the equipment in accordance with Federal agency rules and procedures, and submit an annual inventory listing.

(3) When the equipment is no longer needed, the grantee or subgrantee shall request disposition instructions from the Federal agency.

(g) Right to transfer title. The Federal awarding agency may reserve the right to transfer title to the Federal Government or a third party named by the awarding agency when such a third party is otherwise eligible under existing statutes. Such transfers shall be subject to the following standards:

(1) The property shall be identified in the grant or otherwise made known to the grantee in writing.

(2) The Federal awarding agency shall issue disposition instructions within 120 calendar days after the end of the Federal support of the project for which it was acquired. If the Federal awarding agency fails to issue disposition instructions within the 120 calendar-day period the grantee shall follow §1183.32(e).

(3) When title to equipment is transferred, the grantee shall be paid an amount calculated by applying the percentage of participation in the purchase to the current fair market value of the property.

§ 1183.33 Supplies.

(a) Title. Title to supplies acquired under a grant or subgrant will vest, upon acquisition, in the grantee or subgrantee respectively.

(b) Disposition. If there is a residual inventory of unused supplies exceeding $5,000 in total aggregate fair market value upon termination or completion of the award, and if the supplies are not needed for any other federally sponsored programs or projects, the grantee or subgrantee shall compensate the awarding agency for its share.

§ 1183.34 Copyrights.

The Federal awarding agency reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for Federal Government purposes:

(a) The copyright in any work developed under a grant, subgrant, or contract under a grant or subgrant; and

(b) Any rights of copyright to which a grantee, subgrantee or a contractor purchases ownership with grant support.

§ 1183.35 Subawards to debarred and suspended parties.

Grantees and subgrantees must not make any award or permit any award (subgrant or contract) at any tier to any party which is debarred or suspended or is otherwise excluded from or ineligible for participation in Federal assistance programs under Executive Order 12549, “Debarment and Suspension.”

§ 1183.36 Procurement.

(a) States. When procuring property and services under a grant, a State will follow the same policies and procedures it uses for procurements from its non-Federal funds. The State will ensure that every purchase order or other contract includes any clauses required by Federal statutes and executive orders and their implementing regulations. Other grantees and subgrantees will
follow paragraphs (b) through (i) in this section.

(b) Procurement standards. (1) Grantees and subgrantees will use their own procurement procedures which reflect applicable State and local laws and regulations, provided that the procurements conform to applicable Federal law and the standards identified in this section.

(2) Grantees and subgrantees will maintain a contract administration system which ensures that contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders.

(3) Grantees and subgrantees will maintain a written code of standards of conduct governing the performance of their employees engaged in the award and administration of contracts. No employee, officer or agent of the grantee or subgrantee shall participate in selection, or in the award or administration of a contract supported by Federal funds if a conflict of interest, real or apparent, would be involved. Such a conflict would arise when:

(i) The employee, officer or agent,
(ii) Any member of his immediate family,
(iii) His or her partner, or
(iv) An organization which employs, or is about to employ, any of the above, has a financial or other interest in the firm selected for award. The grantee's or subgrantee's officers, employees or agents will neither solicit nor accept gratuities, favors or anything of monetary value from contractors, potential contractors, or parties to subagreements. Grantee and subgrantees may set minimum rules where the financial interest is not substantial or the gift is an unsolicited item of nominal intrinsic value. To the extent permitted by State or local law or regulations, such standards or conduct will provide for penalties, sanctions, or other disciplinary actions for violations of such standards by the grantee's and subgrantee's officers, employees, or agents, or by contractors or their agents. The awarding agency may in regulation provide additional prohibitions relative to real, apparent, or potential conflicts of interest.

(4) Grantee and subgrantee procedures will provide for a review of proposed procurements to avoid purchase of unnecessary or duplicative items. Consideration should be given to consolidating or breaking out procurements to obtain a more economical purchase. Where appropriate, an analysis will be made of lease versus purchase alternatives, and any other appropriate analysis to determine the most economical approach.

(5) To foster greater economy and efficiency, grantees and subgrantees are encouraged to enter into State and local intergovernmental agreements for procurement or use of common goods and services.

(6) Grantees and subgrantees are encouraged to use Federal excess and surplus property in lieu of purchasing new equipment and property whenever such use is feasible and reduces project costs.

(7) Grantees and subgrantees are encouraged to use value engineering clauses in contracts for construction projects of sufficient size to offer reasonable opportunities for cost reductions. Value engineering is a systematic and creative analysis of each contract item or task to ensure that its essential function is provided at the overall lower cost.

(8) Grantees and subgrantees will make awards only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.

(9) Grantees and subgrantees will maintain records sufficient to detail the significant history of a procurement. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price.

(10) Grantees and subgrantees will use time and material type contracts only—

(i) After a determination that no other contract is suitable, and
(ii) If the contract includes a ceiling price that the contractor exceeds at its own risk.
(11) Grantees and subgrantees alone will be responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to source evaluation, protests, disputes, and claims. These standards do not relieve the grantee or subgrantee of any contractual responsibilities under its contracts. Federal agencies will not substitute their judgment for that of the grantee or subgrantee unless the matter is primarily a Federal concern. Violations of law will be referred to the local, State, or Federal authority having proper jurisdiction.

(12) Grantees and subgrantees will have protest procedures to handle and resolve disputes relating to their procurements and shall in all instances disclose information regarding the protest to the awarding agency. A protestor must exhaust all administrative remedies with the grantee and subgrantee before pursuing a protest with the Federal agency. Reviews of protests by the Federal agency will be limited to:

(i) Violations of Federal law or regulations and the standards of this section (violations of State or local law will be under the jurisdiction of State or local authorities) and

(ii) Violations of the grantee’s or subgrantee’s protest procedures for failure to review a complaint or protest. Protests received by the Federal agency other than those specified above will be referred to the grantee or subgrantee.

(c) Competition. (1) All procurement transactions will be conducted in a manner providing full and open competition consistent with the standards of §1183.36. Some of the situations considered to be restrictive of competition include but are not limited to:

(i) Placing unreasonable requirements on firms in order for them to qualify to do business,

(ii) Requiring unnecessary experience and excessive bonding,

(iii) Noncompetitive pricing practices between firms or between affiliated companies,

(iv) Noncompetitive awards to consultants that are on retainer contracts,

(v) Organizational conflicts of interest,

(vi) Specifying only a “brand name” product instead of allowing “an equal” product to be offered and describing the performance of other relevant requirements of the procurement, and

(vii) Any arbitrary action in the procurement process.

(2) Grantees and subgrantees will conduct procurements in a manner that prohibits the use of statutorily or administratively imposed in-State or local geographical preferences in the evaluation of bids or proposals, except in those cases where applicable Federal statutes expressly mandate or encourage geographic preference. Nothing in this section preempts State licensing laws. When contracting for architectural and engineering (A/E) services, geographic location may be a selection criteria provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.

(3) Grantees will have written selection procedures for procurement transactions. These procedures will ensure that all solicitations:

(i) Incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description shall not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product or service to be procured, and when necessary, shall set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible. When it is impractical or uneconomical to make a clear and accurate description of the technical requirements, a “brand name or equal” description may be used as a means to define the performance or other salient requirements of a procurement. The specific features of the named brand which must be met by offerors shall be clearly stated; and

(ii) Identify all requirements which

(iii) Any arbitrary action in the procurement process.
(4) Grantees and subgrantees will ensure that all prequalified lists of persons, firms, or products which are used in acquiring goods and services are current and include enough qualified sources to ensure maximum open and free competition. Also, grantees and subgrantees will not preclude potential bidders from qualifying during the solicitation period.

(d) Methods of procurement to be followed—(1) Procurement by small purchase procedures. Small purchase procedures are those relatively simple and informal procurement methods for securing services, supplies, or other property that do not cost more than the simplified acquisition threshold fixed at 41 U.S.C. 403(11) (currently set at $100,000). If small purchase procedures are used, price or rate quotations shall be obtained from an adequate number of qualified sources.

(2) Procurement by sealed bids (formal advertising). Bids are publicly solicited and a firm-fixed-price contract (lump sum or unit price) is awarded to the responsible bidder whose bid, conforming with all the material terms and conditions of the invitation for bids, is the lowest in price. The sealed bid method is the preferred method for procuring construction, if the conditions in §1183.36(d)(2)(i) apply.

(i) In order for sealed bidding to be feasible, the following conditions should be present:

(A) A complete, adequate, and realistic specification or purchase description is available;

(B) Two or more responsible bidders are willing and able to compete effectively and for the business; and

(C) The procurement lends itself to a firm fixed price contract and the selection of the successful bidder can be made principally on the basis of price.

(ii) If sealed bids are used, the following requirements apply:

(A) The invitation for bids will be publicly advertised and bids shall be solicited from an adequate number of known suppliers, providing them sufficient time prior to the date set for opening the bids;

(B) The invitation for bids, which will include any specifications and pertinent attachments, shall define the items or services in order for the bidder to properly respond;

(C) All bids will be publicly opened at the time and place prescribed in the invitation for bids;

(D) A firm fixed-price contract award will be made in writing to the lowest responsive and responsible bidder. Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs shall be considered in determining which bid is lowest. Payment discounts will only be used to determine the low bid when prior experience indicates that such discounts are usually taken advantage of; and

(E) Any or all bids may be rejected if there is a sound documented reason.

(3) Procurement by competitive proposals. The technique of competitive proposals is normally conducted with more than one source submitting an offer, and either a fixed-price or cost-reimbursement type contract is awarded. It is generally used when conditions are not appropriate for the use of sealed bids. If this method is used, the following requirements apply:

(i) Requests for proposals will be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals shall be honored to the maximum extent practical;

(ii) Proposals will be solicited from an adequate number of qualified sources;

(iii) Grantees and subgrantees will have a method for conducting technical evaluations of the proposals received and for selecting awardees;

(iv) Awards will be made to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered; and

(v) Grantees and subgrantees may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors’ qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used in procurement of A/E professional services. It cannot be used to purchase other types
of services though A/E firms are a potential source to perform the proposed effort.

(4) Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source, or after solicitation of a number of sources, competition is determined inadequate.

(i) Procurement by noncompetitive proposals may be used only when the award of a contract is infeasible under small purchase procedures, sealed bids or competitive proposals and one of the following circumstances applies:

(A) The item is available only from a single source;
(B) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;
(C) The awarding agency authorizes noncompetitive proposals; or
(D) After solicitation of a number of sources, competition is determined inadequate.

(ii) Cost analysis, i.e., verifying the proposed cost data, the projections of the data, and the evaluation of the specific elements of costs and profits, is required.

(iii) Grantees and subgrantees may be required to submit the proposed procurement to the awarding agency for review in accordance with paragraph (g) of this section.

(e) Contracting with small and minority firms, women's business enterprise and labor surplus area firms.

(1) The grantee and subgrantee will take all necessary affirmative steps to assure that minority firms, women's business enterprises, and labor surplus area firms are used when possible.

(2) Affirmative steps shall include:

(i) Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
(ii) Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
(iii) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority business, and women's business enterprises;
(iv) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority business, and women's business enterprises;
(v) Using the services and assistance of the Small Business Administration, and the Minority Business Development Agency of the Department of Commerce; and
(vi) Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs (e)(2)(i) through (v) of this section.

(f) Contract cost and price. (1) Grantees and subgrantees must perform a cost or price analysis in connection with every procurement action including contract modifications. The method and degree of analysis is dependent on the facts surrounding the particular procurement situation, but as a starting point, grantees must make independent estimates before receiving bids or proposals. A cost analysis must be performed when the offeror is required to submit the elements of his estimated cost, e.g., under professional, consulting, and architectural engineering services contracts. A cost analysis will be necessary when adequate price competition is lacking, and for sole source procurements, including contract modifications or change orders, unless price reasonableness can be established on the basis of a catalog or market price of a commercial product sold in substantial quantities to the general public or based on prices set by law or regulation. A price analysis will be used in all other instances to determine the reasonableness of the proposed contract price.

(2) Grantees and subgrantees will negotiate profit as a separate element of the price for each contract in which there is no price competition and in all cases where cost analysis is performed. To establish a fair and reasonable profit, consideration will be given to the complexity of the work to be performed, the risk borne by the contractor, the contractor's investment, the amount of subcontracting, the quality of its record of past performance, and industry profit rates in the surrounding geographical area for similar work.
(3) Costs or prices based on estimated costs for contracts under grants will be allowable only to the extent that costs incurred or cost estimates included in negotiated prices are consistent with Federal cost principles (see §1183.22). Grantees may reference their own cost principles that comply with the applicable Federal cost principles.

(4) The cost plus a percentage of cost and percentage of construction cost methods of contracting shall not be used.

(g) Awarding agency review. (1) Grantees and subgrantees must make available, upon request of the awarding agency, technical specifications on proposed procurements where the awarding agency believes such review is needed to ensure that the item and/or service specified is the one being proposed for purchase. This review generally will take place prior to the time the specification is incorporated into a solicitation document. However, if the grantee or subgrantee desires to have the review accomplished after a solicitation has been developed, the awarding agency may still review the specifications, with such review usually limited to the technical aspects of the proposed purchase.

(2) Grantees and subgrantees must on request make available for awarding agency pre-award review procurement documents, such as requests for proposals or invitations for bids, independent cost estimates, etc. when:

(i) A grantee’s or subgrantee’s procurement procedures or operation fail to comply with the procurement standards in this section; or

(ii) The procurement is expected to exceed the simplified acquisition threshold and is to be awarded without competition or only one bid or offer is received in response to a solicitation; or

(iii) The procurement, which is expected to exceed the simplified acquisition threshold, specifies a “brand name” product; or

(iv) The proposed award is more than the simplified acquisition threshold and is to be awarded to other than the apparent low bidder under a sealed bid procurement; or

(v) A proposed contract modification changes the scope of a contract or increases the contract amount by more than the simplified acquisition threshold.

(3) A grantee or subgrantee will be exempt from the pre-award review in paragraph (g)(2) of this section if the awarding agency determines that its procurement systems comply with the standards of this section.

(i) A grantee or subgrantee may request that its procurement system be reviewed by the awarding agency to determine whether its system meets these standards in order for its system to be certified. Generally, these reviews shall occur where there is a continuous high-dollar funding, and third-party contracts are awarded on a regular basis.

(ii) A grantee or subgrantee may self-certify its procurement system. Such self-certification shall not limit the awarding agency’s right to survey the system. Under a self-certification procedure, awarding agencies may wish to rely on written assurances from the grantee or subgrantee that it is complying with these standards. A grantee or subgrantee will cite specific procedures, regulations, standards, etc., as being in compliance with these requirements and have its system available for review.

(h) Bonding requirements. For construction or facility improvement contracts or subcontracts exceeding the simplified acquisition threshold, the awarding agency may accept the bonding policy and requirements of the grantee or subgrantee provided the awarding agency has made a determination that the awarding agency’s interest is adequately protected. If such a determination has not been made, the minimum requirements shall be as follows:

(1) A bid guarantee from each bidder equivalent to five percent of the bid price. The “bid guarantee” shall consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of his bid, execute such contractual documents as may be required within the time specified.

(2) A performance bond on the part of the contractor for 100 percent of the contract price. A “performance bond” is
§ 1183.37 45 CFR Ch. XI (10–1–99 Edition)

one executed in connection with a contract to secure fulfillment of all the contractor’s obligations under such contract.

(3) A payment bond on the part of the contractor for 100 percent of the contract price. A “payment bond” is one executed in connection with a contract to assure payment as required by law of all persons supplying labor and material in the execution of the work provided for in the contract.

(i) Contract provisions. A grantee’s and subgrantee’s contracts must contain provisions in paragraph (i) of this section. Federal agencies are permitted to require changes, remedies, changed conditions, access and records retention, suspension of work, and other clauses approved by the Office of Federal Procurement Policy.

(1) Administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as may be appropriate.

(2) Termination for cause and for convenience by the grantee or subgrantee including the manner by which it will be effected and the basis for settlement. (All contracts in excess of $10,000)

(3) Compliance with Executive Order 11246 of September 24, 1965, entitled “Equal Employment Opportunity,” as amended by Executive Order 11375 of October 13, 1967, and as supplemented in Department of Labor regulations (41 CFR chapter 60). (All construction contracts awarded in excess of $10,000 by grantees and their contractors or subgrantees)

(4) Compliance with the Copeland “Anti-Kickback” Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR Part 3). (All construction contracts awarded in excess of $2000 by grantees and their contractors or subgrantees)

(5) Compliance with the Davis-Bacon Act (40 U.S.C. 276a to 276a–7) as supplemented by Department of Labor regulations (29 CFR Part 5). (Construction contracts in excess of $2000 awarded by grantees and subgrantees when required by Federal grant program legislation)

(6) Compliance with Sections 103 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327–330) as supplemented by Department of Labor regulations (29 CFR Part 5). (Construction contracts awarded by grantees and subgrantees in excess of $2000, and in excess of $2500 for other contracts which involve the employment of mechanics or laborers)

(7) Notice of awarding agency requirements and regulations pertaining to reporting.

(8) Notice of awarding agency requirements and regulations pertaining to patent rights with respect to any discovery or invention which arises or is developed in the course of or under such contract.

(9) Awarding agency requirements and regulations pertaining to copyrights and rights in data.

(10) Access by the grantee, the subgrantee, the Federal grantor agency, the Comptroller General of the United States, or any of their duly authorized representatives to any books, documents, papers, and records of the contractor which are directly pertinent to that specific contract for the purpose of making audit, examination, excerpts, and transcriptions.

(11) Retention of all required records for three years after grantees or subgrantees make final payments and all other pending matters are closed.

(12) Compliance with all applicable standards, orders, or requirements issued under section 306 of the Clean Air Act (42 U.S.C. 1857(h)), section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR part 15). (Contracts, subcontracts, and subgrants of amounts in excess of $100,000)

(13) Mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94–163, 89 Stat. 871).

§ 1183.37 Subgrants.

(a) States. States shall follow state law and procedures when awarding and administering subgrants (whether on a
cost reimbursement or fixed amount basis) of financial assistance to local and Indian tribal governments. States shall:

(1) Ensure that every subgrant includes any clauses required by Federal statute and executive orders and their implementing regulations;
(2) Ensure that subgrantees are aware of requirements imposed upon them by Federal statute and regulation;
(3) Ensure that a provision for compliance with §1183.42 is placed in every cost reimbursement subgrant; and
(4) Conform any advances of grant funds to subgrantees substantially to the same standards of timing and amount that apply to cash advances by Federal agencies.

(b) All other grantees. All other grantees shall follow the provisions of this part which are applicable to awarding agencies when awarding and administering subgrants (whether on a cost reimbursement or fixed amount basis) of financial assistance to local and Indian tribal governments. Grantees shall:

(1) Ensure that every subgrant includes a provision for compliance with this part;
(2) Ensure that every subgrant includes any clauses required by Federal statute and executive orders and their implementing regulations; and
(3) Ensure that subgrantees are aware of requirements imposed upon them by Federal statutes and regulations.

(c) Exceptions. By their own terms, certain provisions of this part do not apply to the award and administration of subgrants:

| (1) Section 1183.10 |
| (2) Section 1183.11 |
| (3) The letter-of-credit procedures specified in Treasury Regulations at 31 CFR part 205, cited in §1183.21; and |
| (4) Section 1183.50 |

REPORTS, RECORDS, RETENTION, AND ENFORCEMENT

§ 1183.40 Monitoring and reporting program performance.

(a) Monitoring by grantees. Grantees are responsible for managing the day-to-day operations of grant and subgrant supported activities. Grantees must monitor grant and subgrant supported activities to assure compliance with applicable Federal requirements and that performance goals are being achieved. Grantee monitoring must cover each program, function or activity.

(b) Nonconstruction performance reports. The Federal agency may, if it decides that performance information available from subsequent applications contains sufficient information to meet its programmatic needs, require the grantee to submit a performance report only upon expiration or termination of grant support. Unless waived by the Federal agency this report will be due on the same date as the final Financial Status Report.

(1) Grantees shall submit annual performance reports unless the awarding agency requires quarterly or semi-annual reports. However, performance reports will not be required more frequently than quarterly. Annual reports shall be due 90 days after the grant year, quarterly or semi-annual reports shall be due 30 days after the reporting period. The final performance report will be due 90 days after the expiration or termination of grant support. If a justified request is submitted by a grantee, the Federal agency may extend the due date for any performance report. Additionally, requirements for unnecessary performance reports may be waived by the Federal agency.

(2) Performance reports will contain, for each grant, brief information on the following:

(i) A comparison of actual accomplishments to the objectives established for the period. Where the output of the project can be quantified, a computation of the cost per unit of output may be required if that information will be useful.

(ii) The reasons for slippage if established objectives were not met.

(iii) Additional pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs.

(3) Grantees will not be required to submit more than the original and two copies of performance reports.
§ 1183.41 Financial reporting.

(a) General. (1) Except as provided in paragraphs (a)(2) and (5) of this section, grantees will use only the forms specified in paragraphs (a) through (e) of this section, and such supplementary or other forms as may from time to time be authorized by OMB, for:

(i) Submitting financial reports to Federal agencies, or
(ii) Requesting advances or reimbursements when letters of credit are not used.

(2) Grantees need not apply the forms prescribed in this section in dealing with their subgrantees. However, grantees shall not impose more burdensome requirements on subgrantees.

(3) Grantees shall follow all applicable standard and supplemental Federal agency instructions approved by OMB to the extent required under the Paperwork Reduction Act of 1980 for use in connection with forms specified in paragraphs (b) through (e) of this section. Federal agencies may issue substantive supplementary instructions only with the approval of OMB. Federal agencies may shade out or instruct the grantee to disregard any line item that the Federal agency finds unnecessary for its decisionmaking purposes.

(4) Grantees will not be required to submit more than the original and two copies of forms required under this part.

(5) Federal agencies may provide computer outputs to grantees to expedite or contribute to the accuracy of reporting. Federal agencies may accept the required information from grantees in machine usable format or computer printouts instead of prescribed forms.

(6) Federal agencies may waive any report required by this section if not needed.

(7) Federal agencies may extend the due date of any financial report upon receiving a justified request from a grantee.

(b) Financial Status Report—(1) Form. Grantees will use Standard Form 269 or 269A, Financial Status Report, to report the status of funds for all nonconstruction grants and for construction grants when required in accordance with paragraph §1183.41(e)(2)(iii) of this section.

(2) Accounting basis. Each grantee will report program outlays and program income on a cash or accrual basis as prescribed by the awarding agency. If the Federal agency requires accrual information and the grantee's accounting records are not normally kept on the accrual basis, the grantee shall not be
required to convert its accounting system but shall develop such accrual information through and analysis of the documentation on hand.

(3) Frequency. The Federal agency may prescribe the frequency of the report for each project or program. However, the report will not be required more frequently than quarterly. If the Federal agency does not specify the frequency of the report, it will be submitted annually. A final report will be required upon expiration or termination of grant support.

(4) Due date. When reports are required on a quarterly or semiannual basis, they will be due 30 days after the reporting period. When required on an annual basis, they will be due 90 days after the grant year. Final reports will be due 90 days after the expiration or termination of grant support.

(c) Federal Cash Transactions Report—
(1) Form. (i) For grants paid by letter or credit, Treasury check advances or electronic transfer of funds, the grantee will submit the Standard Form 272, Federal Cash Transactions Report, and when necessary, its continuation sheet, Standard Form 272a, unless the terms of the award exempt the grantee from this requirement.

(ii) These reports will be used by the Federal agency to monitor cash advanced to grantees and to obtain disbursement or outlay information for each grant from grantees. The format of the report may be adapted as appropriate when reporting is to be accomplished with the assistance of automatic data processing equipment provided that the information to be submitted is not changed in substance.

(2) Frequency and due date. Grantees must submit the report no later than 15 working days following the end of each quarter. However, where an advance either by letter of credit or electronic transfer of funds is authorized at an annualized rate of one million dollars or more, the Federal agency may require the report to be submitted within 15 working days following the end of each month.

(d) Request for advance or reimbursement—(1) Advance payments. Requests for Treasury check advance payments will be submitted on Standard Form 270, Request for Advance or Reimbursement. (This form will not be used for drawdowns under a letter of credit, electronic funds transfer or when Treasury check advance payments are made to the grantee automatically on a predetermined basis.)

(2) Reimbursements. Requests for reimbursement under nonconstruction grants will also be submitted on Standard Form 270. (For reimbursement requests under construction grants, see paragraph (e)(1) of this section.)

(3) The frequency for submitting payment requests is treated in §1183.41(b)(3).

(e) Outlay report and request for reimbursement for construction programs. (1) Grants that support construction activities paid by reimbursement method.

(i) Requests for reimbursement under construction grants will be submitted on Standard Form 271, Outlay Report and Request for Reimbursement for Construction Programs. Federal agencies may, however, prescribe the Request for Advance or Reimbursement form, specified in §1183.41(d), instead of this form.

(ii) The frequency for submitting reimbursement requests is treated in §1183.41(b)(3).

(2) Grants that support construction activities paid by letter of credit, electronic funds transfer or Treasury check advance.

(i) When a construction grant is paid by letter of credit, electronic funds transfer or Treasury check advances, the grantee will report its outlays to the Federal agency using Standard Form 271, Outlay Report and Request for Reimbursement for Construction Programs. The Federal agency will provide any necessary special instruction.
§ 1183.42 Retention and access requirements for records.

(a) Applicability. (1) This section applies to all financial and programmatic records, supporting documents, statistical records, and other records of grantees or subgrantees which are:

   (i) Required to be maintained by the terms of this part, program regulations or the grant agreement, or

   (ii) Otherwise reasonably considered as pertinent to program regulations or the grant agreement.

   (2) This section does not apply to records maintained by contractors or subcontractors. For a requirement to place a provision concerning records in certain kinds of contracts, see §1183.36(i)(10).

   (b) Length of retention period. (1) Except as otherwise provided, records must be retained for three years from the starting date specified in paragraph (c) of this section.

   (2) If any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

   (3) To avoid duplicate recordkeeping, awarding agencies may make special arrangements with grantees and subgrantees to retain any records which are continuously needed for joint use. The awarding agency will request transfer of records to its custody when it determines that the records possess long-term retention value. When the records are transferred to or maintained by the Federal agency, the 3-year retention requirement is not applicable to the grantee or subgrantee.

   (c) Starting date of retention period—(1) General. When grant support is continued or renewed at annual or other intervals, the retention period for the records of each funding period starts on the day the grantee or subgrantee submits to the awarding agency its single or last expenditure report for that period. However, if grant support is continued or renewed quarterly, the retention period for each year’s records starts on the day the grantee submits its expenditure report for the last quarter of the Federal fiscal year. In all other cases, the retention period starts on the day the grantee submits its final expenditure report. If an expenditure report has been waived, the retention period starts on the day the report would have been due.

   (2) Real property and equipment records. The retention period for real property and equipment records starts from the date of the disposition or replacement or transfer at the direction of the awarding agency.

   (3) Records for income transactions after grant or subgrant support. In some cases grantees must report income after the period of grant support. Where there is such a requirement, the retention period for the records pertaining to the earning of the income starts from the end of the grantee’s fiscal year in which the income is earned.

   (4) Indirect cost rate proposals, cost allocations plans, etc. This paragraph applies to the following types of documents, and their supporting records: indirect cost rate computations or proposals, cost allocation plans, and any similar accounting computations of the rate at which a particular group of costs is chargeable (such as computer usage chargeback rates or composite fringe benefit rates).

   (i) If submitted for negotiation. If the proposal, plan, or other computation is required to be submitted to the Federal Government (or to the grantee) to form the basis for negotiation of the rate, then the 3-year retention period for its supporting records starts from the date of such submission.
(ii) If not submitted for negotiation. If the proposal, plan, or other computation is not required to be submitted to the Federal Government (or to the grantee) for negotiation purposes, then the 3-year retention period for the proposal plan, or computation and its supporting records starts from end of the fiscal year (or other accounting period) covered by the proposal, plan, or other computation.

(d) Substitution of microfilm. Copies made by microfilming, photocopying, or similar methods may be substituted for the original records.

(e) Access to records—(1) Records of grantees and subgrantees. The awarding agency and the Comptroller General of the United States, or any of their authorized representatives, shall have the right of access to any pertinent books, documents, papers, or other records of grantees and subgrantees which are pertinent to the grant, in order to make audits, examinations, excerpts, and transcripts.

(2) Expiration of right of access. The rights of access in this section must not be limited to the required retention period but shall last as long as the records are retained.

(f) Restrictions on public access. The Federal Freedom of Information Act (5 U.S.C. 552) does not apply to records unless required by Federal, State, or local law, grantees and subgrantees are not required to permit public access to their records.

§ 1183.43 Enforcement.

(a) Remedies for noncompliance. If a grantee or subgrantee materially fails to comply with any term of an award, whether stated in a Federal statute or regulation, an assurance, in a State plan or application, a notice of award, or elsewhere, the awarding agency may take one or more of the following actions, as appropriate in the circumstances:

(1) Temporarily withhold cash payments pending correction of the deficiency by the grantee or subgrantee or more severe enforcement action by the awarding agency,

(2) Disallow (that is, deny both use of funds and matching credit for) all or part of the cost of the activity or action not in compliance,

(3) Wholly or partly suspend or terminate the current award for the grantee's or subgrantee's program,

(4) Withhold further awards for the program, or

(5) Take other remedies that may be legally available.

(b) Hearings, appeals. In taking an enforcement action, the awarding agency will provide the grantee or subgrantee an opportunity for such hearing, appeal, or other administrative proceeding to which the grantee or subgrantee is entitled under any statute or regulation applicable to the action involved.

(c) Effects of suspension and termination. Costs of grantee or subgrantee resulting from obligations incurred by the grantee or subgrantee during a suspension or after termination of an award are not allowable unless the awarding agency expressly authorizes them in the notice of suspension or termination or subsequently. Other grantee or subgrantee costs during suspension or after termination which are necessary and not reasonably avoidable are allowable if:

(1) The costs result from obligations which were properly incurred by the grantee or subgrantee before the effective date of suspension or termination, are not in anticipation of it, and, in the case of a termination, are noncancellable, and,

(2) The costs would be allowable if the award were not suspended or expired normally at the end of the funding period in which the termination takes effect.

(d) Relationship to debarment and suspension. The enforcement remedies identified in this section, including suspension and termination, do not preclude grantee or subgrantee from being subject to “Debarment and Suspension” under E.O. 12549 (see § 1183.35).

§ 1183.44 Termination for convenience.

Except as provided in § 1183.43 awards may be terminated in whole or in part only as follows:

(a) By the awarding agency with the consent of the grantee or subgrantee in which case the two parties shall agree upon the termination conditions, including the effective date and in the
§ 1183.50 Closeout.

(a) General. The Federal agency will close out the award when it determines that all applicable administrative actions and all required work of the grant has been completed.

(b) Reports. Within 90 days after the expiration or termination of the grant, the grantee must submit all financial, performance, and other reports required as a condition of the grant. Upon request by the grantee, Federal agencies may extend this timeframe. These may include but are not limited to:

(1) Final performance or progress report.

(2) Financial Status Report (SF 269) or Outlay Report and Request for Reimbursement for Construction Programs (SF 271) (as applicable).

(3) Final request for payment (SF 270) (if applicable).

(4) Invention disclosure (if applicable).

(5) Federally-owned property report.

In accordance with §1183.32(f), a grantee must submit an inventory of all federally owned property (as distinct from property acquired with grant funds) for which it is accountable and request disposition instructions from the Federal agency of property no longer needed.

(c) Cost adjustment. The Federal agency will, within 90 days after receipt of reports in paragraph (b) of this section, make upward or downward adjustments to the allowable costs.

(d) Cash adjustments. (1) The Federal agency will make prompt payment to the grantee for allowable reimbursable costs.

(2) The grantee must immediately refund to the Federal agency any balance of unobligated (unencumbered) cash advanced that is not authorized to be retained for use on other grants.

§ 1183.51 Later disallowances and adjustments.

The closeout of a grant does not affect:

(a) The Federal agency’s right to disallow costs and recover funds on the basis of a later audit or other review;

(b) The grantee’s obligation to return any funds due as a result of later refunds, corrections, or other transactions;

(c) Records retention as required in §1183.42;

(d) Property management requirements in §§1183.31 and 1183.32; and

(e) Audit requirements in §1183.26.

§ 1183.52 Collection of amounts due.

(a) Any funds paid to a grantee in excess of the amount to which the grantee is finally determined to be entitled under the terms of the award constitute a debt to the Federal Government. If not paid within a reasonable period after demand, the Federal agency may reduce the debt by:

(1) Making an administrative offset against other requests for reimbursements,

(2) Withholding advance payments otherwise due to the grantee, or

(3) Other action permitted by law.

(b) Except where otherwise provided by statutes or regulations, the Federal agency will charge interest on an overdue debt in accordance with the Federal Claims Collection Standards (4 C.F.R Ch. 11). The date from which interest is computed is not extended by litigation or the filing of any form of appeal.

§ 1185.110 Coverage.

(a) These regulations apply to all persons who have participated, are currently participating or may reasonably be expected to participate in transactions under Federal nonprocurement programs. For purposes of these regulations such transactions will be referred to as "covered transactions."

(1) Covered transaction. For purposes of these regulations, a covered transaction is a primary covered transaction or a lower tier covered transaction. Covered transactions at any tier need not involve the transfer of Federal funds.

(i) Primary covered transaction. Except as noted in paragraph (a)(2) of this section, a primary covered transaction is any nonprocurement transaction between an agency and a person, regardless of type, including: grants, cooperative agreements, scholarships, fellowships, contracts of assistance, loans, loan guarantees, subsidies, insurance, payments for specified use, donation agreements and any other nonprocurement transactions between a Federal agency and a person. Primary covered transactions also include those transactions specially designated by the U.S. Department of Housing and Urban Development in such agency's regulations governing debarment and suspension.

(ii) Lower tier covered transaction. A lower tier covered transaction is:

(A) Any transaction between a participant and a person other than a procurement contract for goods or services, regardless of type, under a primary covered transaction.

(B) Any procurement contract for goods or services between a participant and a person, regardless of type, expected to equal or exceed the Federal procurement small purchase threshold fixed at 10 U.S.C. 2304(g) and 41 U.S.C. 253(g) (currently $25,000) under a primary covered transaction.

(C) Any procurement contract for goods or services between a participant and a person under a covered transaction, regardless of amount, under which that person will have a critical influence on or substantive control over that covered transaction. Such persons are:

(1) Principal investigators.

(2) Providers of federally required audit services.

(2) Exceptions. The following transactions are not covered:

(i) Statutory entitlements or mandatory awards (but not subtier awards thereunder which are not themselves mandatory), including deposited funds insured by the Federal Government;

(ii) Direct awards to foreign governments or public international organizations, or transactions with foreign governments or foreign governmental entities, public international organizations, foreign government owned (in whole or in part) or controlled entities, entities consisting wholly or partially of foreign governments or foreign governmental entities;

(iii) Benefits to an individual as a personal entitlement without regard to the individual's present responsibility (but benefits received in an individual's business capacity are not excepted);

(iv) Federal employment;

(v) Transactions pursuant to national or agency-recognized emergencies or disasters;

(vi) Incidental benefits derived from ordinary governmental operations; and

(vii) Other transactions where the application of these regulations would be prohibited by law.

(b) Relationship to other sections. This section describes the types of transactions to which a debarment or suspension under the regulations will apply. Subpart B, "Effect of Action," §1185.200, "Debarment or suspension," sets forth the consequences of a debarment or suspension. Those consequences would obtain only with respect to participants and principals in the covered transactions and activities described in §1185.110(a). Sections 1185.325, "Scope of debarment," and 1185.420, "Scope of suspension," govern the extent to which a specific participant or organizational elements of a participant would be automatically included within a debarment or suspension action, and the conditions under which affiliates or persons associated...

with a participant may also be brought within the scope of the action.

(c) Relationship to Federal procurement activities. In accordance with E.O. 12689 and section 2455 of Public Law 103-355, any debarment, suspension, proposed debarment or other governmentwide exclusion initiated under the Federal Acquisition Regulation (FAR) on or after August 25, 1995 shall be recognized by and effective for Executive Branch agencies and participants as an exclusion under this regulation. Similarly, any debarment, suspension or other governmentwide exclusion initiated under this regulation on or after August 25, 1995 shall be recognized by and effective for those agencies as a debarment or suspension under the FAR.

§ 1185.115 Policy.

(a) In order to protect the public interest, it is the policy of the Federal Government to conduct business only with responsible persons. Debarment and suspension are discretionary actions that, taken in accordance with Executive Order 12549 and these regulations, are appropriate means to implement this policy.

(b) Debarment and suspension are serious actions which shall be used only in the public interest and for the Federal Government's protection and not for purposes of punishment. Agencies may impose debarment or suspension for the causes and in accordance with the procedures set forth in these regulations.

(c) When more than one agency has an interest in the proposed debarment or suspension of a person, consideration shall be given to designating one agency as the lead agency for making the decision. Agencies are encouraged to establish methods and procedures for coordinating their debarment or suspension actions.

Subpart B—Effect of Action

§ 1185.200 Debarment or suspension.

(a) Primary covered transactions. Except to the extent prohibited by law, persons who are debarred or suspended shall be excluded from primary covered transactions as either participants or principals throughout the Executive Branch of the Federal Government for the period of their debarment, suspension, or the period they are proposed for debarment under 48 CFR part 9, subpart 9.4. Accordingly, no agency shall enter into primary covered transactions with such excluded persons during such period, except as permitted pursuant to § 1185.215.

(b) Lower tier covered transactions. Except to the extent prohibited by law, persons who have been proposed for debarment under 48 CFR part 9, subpart 9.4, debarred or suspended shall be excluded from participating as either participants or principals in all lower tier covered transactions (see § 1185.110(a)(1)(ii)) for the period of their exclusion.

(c) Exceptions. Debarment or suspension does not affect a person's eligibility for—

(1) Statutory entitlements or mandatory awards (but not subtier awards thereunder which are not themselves mandatory), including deposited funds insured by the Federal Government;

(2) Direct awards to foreign governments or public international organizations, or transactions with foreign governments or foreign governmental entities, public international organizations, foreign government owned (in whole or in part) or controlled entities, and entities consisting wholly or partially of foreign governments or foreign governmental entities;

(3) Benefits to an individual as a personal entitlement without regard to the individual's present responsibility (but benefits received in an individual's business capacity are not excepted);

(4) Federal employment;

(5) Transactions pursuant to national or agency-recognized emergencies or disasters;

(6) Incidental benefits derived from ordinary governmental operations; and

(7) Other transactions where the application of these regulations would be prohibited by law.

§ 1185.205 Ineligible persons.

Persons who are ineligible, as defined in §1185.105(i), are excluded in accordance with the applicable statutory, executive order, or regulatory authority.

§ 1185.210 Voluntary exclusion.

Persons who accept voluntary exclusions under §1185.315 are excluded in accordance with the terms of their settlements. IMS shall, and participants may, contact the original action agency to ascertain the extent of the exclusion.

§ 1185.215 Exception provision.

IMS may grant an exception permitting a debarred, suspended, or voluntarily excluded person, or a person proposed for debarment under 48 CFR part 9, subpart 9.4, to participate in a particular covered transaction upon a written determination by the agency head or an authorized designee stating the reason(s) for deviating from the Presidential policy established by Executive Order 12549 and §1185.200. However, in accordance with the President's stated intention in the Executive Order, exceptions shall be granted only infrequently. Exceptions shall be reported in accordance with §1185.505(a).

[60 FR 33041, 33063, June 26, 1995]

§ 1185.220 Continuation of covered transactions.

(a) Notwithstanding the debarment, suspension, proposed debarment under 48 CFR part 9, subpart 9.4, determination of ineligibility, or voluntary exclusion of any person by an agency, agencies and participants may continue covered transactions in existence at the time the person was debarred, suspended, proposed for debarment under 48 CFR part 9, subpart 9.4, declared ineligible, or voluntarily excluded. A decision as to the type of termination action, if any, to be taken should be made only after thorough review to ensure the propriety of the proposed action.

(b) Agencies and participants shall not renew or extend covered transactions (other than no-cost time extensions) with any person who is debarred, suspended, proposed for debarment under 48 CFR part 9, subpart 9.4, ineligible or voluntarily excluded, except as provided in §1185.215.

[60 FR 33041, 33063, June 26, 1995]

§ 1185.225 Failure to adhere to restrictions.

(a) Except as permitted under §1185.215 or §1185.220, a participant shall not knowingly do business under a covered transaction with a person who is—

(1) Debarred or suspended;

(2) Proposed for debarment under 48 CFR part 9, subpart 9.4; or

(3) Ineligible for or voluntarily excluded from the covered transaction.

(b) Violation of the restriction under paragraph (a) of this section may result in disallowance of costs, annulment or termination of award, issuance of a stop work order, debarment or suspension, or other remedies as appropriate.

(c) A participant may rely upon the certification of a prospective participant in a lower tier covered transaction that it and its principals are not debarred, suspended, proposed for debarment under 48 CFR part 9, subpart 9.4, ineligible, or voluntarily excluded from the covered transaction (See Appendix B of these regulations), unless it knows that the certification is erroneous. An agency has the burden of proof that a participant did knowingly do business with a person that filed an erroneous certification.

Subpart C—Debarment

§ 1185.300 General.

The debarring official may debar a person for any of the causes in §1185.305, using procedures established in §§1185.310 through 1185.314. The existence of a cause for debarment, however, does not necessarily require that the person be debarred; the seriousness of the person's acts or omissions and any mitigating factors shall be considered in making any debarment decision.
§ 1185.305 Causes for debarment.

Debarment may be imposed in accordance with the provisions of §§ 1185.300 through 1185.314 for:

(a) Conviction of or civil judgment for:

(1) Commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public or private agreement or transaction;

(2) Violation of Federal or State antitrust statutes, including those prescribing price fixing between competitors, allocation of customers between competitors, and bid rigging;

(3) Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, receiving stolen property, making false claims, or obstruction of justice; or

(4) Commission of any other offense indicating a lack of business integrity or business honesty that seriously and directly affects the present responsibility of a person.

(b) Violation of the terms of a public agreement or transaction so serious as to affect the integrity of an agency program, such as:

(1) A willful failure to perform in accordance with the terms of one or more public agreements or transactions;

(2) A history of failure to perform or of unsatisfactory performance of one or more public agreements or transactions; or

(3) A willful violation of a statutory or regulatory provision or requirement applicable to a public agreement or transaction.

(c) Any of the following causes:

(1) A nonprocurement debarment by any Federal agency taken before October 1, 1988, the effective date of these regulations, or a procurement debarment by any Federal agency taken pursuant to 48 CFR subpart 9.4;

(2) Knowingly doing business with a debarred, suspended, ineligible, or voluntarily excluded person, in connection with a covered transaction, except as permitted in §1185.215 or §1185.220;

(3) Failure to pay a single substantial debt, or a number of outstanding debts (including disallowed costs and overpayments, but not including sums owed the Federal Government under the Internal Revenue Code) owed to any Federal agency or instrumentality, provided the debt is uncontested by the debtor or, if contested, provided that the debtor's legal and administrative remedies have been exhausted;

(4) Violation of a material provision of a voluntary exclusion agreement entered into under §1185.315 or of any settlement of a debarment or suspension action; or

(5) Violation of any requirement of subpart F of this part, relating to providing a drug-free workplace, as set forth in §1185.615 of this part.

(d) Any other cause of so serious or compelling a nature that it affects the present responsibility of a person.

[53 FR 19201 and 19204, May 26, 1988, as amended at 54 FR 4965, Jan. 31, 1989]

§ 1185.310 Procedures.

IMS shall process debarment actions as informally as practicable, consistent with the principles of fundamental fairness, using the procedures in §§1185.311 through 1185.314.

§ 1185.311 Investigation and referral.

Information concerning the existence of a cause for debarment from any source shall be promptly reported, investigated, and referred, when appropriate, to the debarring official for consideration. After consideration, the debarring official may issue a notice of proposed debarment.

§ 1185.312 Notice of proposed debarment.

A debarment proceeding shall be initiated by notice to the respondent advising:

(a) That debarment is being considered;

(b) Of the reasons for the proposed debarment in terms sufficient to put the respondent on notice of the conduct or transaction(s) upon which it is based;

(c) Of the cause(s) relied upon under §1185.305 for proposing debarment;

(d) Of the provisions of §1185.311 through §1185.314, and any other IMS procedures, if applicable, governing debarment decisionmaking; and

(e) Of the potential effect of a debarment.
§ 1185.313 Opportunity to contest proposed debarment.

(a) Submission in opposition. Within 30 days after receipt of the notice of proposed debarment, the respondent may submit, in person, in writing, or through a representative, information and argument in opposition to the proposed debarment.

(b) Additional proceedings as to disputed material facts. (1) In actions not based upon a conviction or civil judgment, if the debarring official finds that the respondent’s submission in opposition raises a genuine dispute over facts material to the proposed debarment, respondent(s) shall be afforded an opportunity to appear with a representative, submit documentary evidence, present witnesses, and confront any witness the agency presents.

(2) A transcribed record of any additional proceedings shall be made available at cost to the respondent, upon request, unless the respondent and the agency, by mutual agreement, waive the requirement for a transcript.

§ 1185.314 Debarring official's decision.

(a) No additional proceedings necessary. In actions based upon a conviction or civil judgment, or in which there is no genuine dispute over material facts, the debarring official shall make a decision on the basis of all the information in the administrative record, including any submission made by the respondent. The decision shall be made within 45 days after receipt of any information and argument submitted by the respondent, unless the debarring official extends this period for good cause.

(b) Additional proceedings necessary. (1) In actions in which additional proceedings are necessary to determine disputed material facts, written findings of fact shall be prepared. The debarring official shall base the decision on the facts as found, together with any information and argument submitted by the respondent and any other information in the administrative record.

(2) The debarring official may refer disputed material facts to another official for findings of fact. The debarring official may reject any such findings, in whole or in part, only after specifically determining them to be arbitrary and capricious or clearly erroneous.

(3) The debarring official’s decision shall be made after the conclusion of the proceedings with respect to disputed facts.

(c)(1) Standard of proof. In any debarment action, the cause for debarment must be established by a preponderance of the evidence. Where the proposed debarment is based upon a conviction or civil judgment, the standard shall be deemed to have been met.

(2) Burden of proof. The burden of proof is on the agency proposing debarment.

(d) Notice of debarring official's decision. (1) If the debarring official decides to impose debarment, the respondent shall be given prompt notice:

(i) Referring to the notice of proposed debarment;

(ii) Specifying the reasons for debarment;

(iii) Stating the period of debarment, including effective dates; and

(iv) Advising that the debarment is effective for covered transactions throughout the executive branch of the Federal Government unless an agency head or an authorized designee makes the determination referred to in §1185.215.

(2) If the debarring official decides not to impose debarment, the respondent shall be given prompt notice of that decision. A decision not to impose debarment shall be without prejudice to a subsequent imposition of debarment by any other agency.

§ 1185.315 Settlement and voluntary exclusion.

(a) When in the best interest of the Government, IMS may, at any time, settle a debarment or suspension action.

(b) If a participant and the agency agree to a voluntary exclusion of the participant, such voluntary exclusion shall be entered on the Nonprocurement List (see subpart E).

§ 1185.320 Period of debarment.

(a) Debarment shall be for a period commensurate with the seriousness of the cause(s). If a suspension precedes a debarment, the suspension period shall
be considered in determining the debarment period.

(1) Debarment for causes other than those related to a violation of the requirements of subpart F of this part generally should not exceed three years. Where circumstances warrant, a longer period of debarment may be imposed.

(2) In the case of a debarment for a violation of the requirements of subpart F of this part (see 1185.305(c)(5)), the period of debarment shall not exceed five years.

(b) The debarring official may extend an existing debarment for an additional period, if that official determines that an extension is necessary to protect the public interest. However, a debarment may not be extended solely on the basis of the facts and circumstances upon which the initial debarment action was based. If debarment for an additional period is determined to be necessary, the procedures of §§1185.311 through 1185.314 shall be followed to extend the debarment.

(c) The respondent may request the debarring official to reverse the debarment decision or to reduce the period or scope of debarment. Such a request shall be in writing and supported by documentation. The debarring official may grant such a request for reasons including, but not limited to:

(1) Newly discovered material evidence;

(2) Reversal of the conviction or civil judgment upon which the debarment was based;

(3) Bona fide change in ownership or management;

(4) Elimination of other causes for which the debarment was imposed; or

(5) Other reasons the debarring official deems appropriate.

[53 FR 19201 and 19204, May 26, 1988, as amended at 54 FR 4965, Jan. 31, 1989]

§1185.325 Scope of debarment.

(a) Scope in general. (1) Debarment of a person under these regulations constitutes debarment of all its divisions and other organizational elements from all covered transactions, unless the debarment decision is limited by its terms to one or more specifically identified individuals, divisions or other organizational elements or to specific types of transactions.

(2) The debarment action may include any affiliate of the participant that is specifically named and given notice of the proposed debarment and an opportunity to respond (see §§1185.311 through 1185.314).

(b) Imputing conduct. For purposes of determining the scope of debarment, conduct may be imputed as follows:

(1) Conduct imputed to participant. The fraudulent, criminal or other seriously improper conduct of any officer, director, shareholder, partner, employee, or other individual associated with a participant may be imputed to the participant when the conduct occurred in connection with the individual’s performance of duties for or on behalf of the participant, or with the participant’s knowledge, approval, or acquiescence. The participant’s acceptance of the benefits derived from the conduct shall be evidence of such knowledge, approval, or acquiescence.

(2) Conduct imputed to individuals associated with participant. The fraudulent, criminal, or other seriously improper conduct of a participant may be imputed to any officer, director, shareholder, partner, employee, or other individual associated with the participant who participated in, knew of, or had reason to know of the participant’s conduct.

(3) Conduct of one participant imputed to other participants in a joint venture. The fraudulent, criminal, or other seriously improper conduct of one participant in a joint venture, grant pursuant to a joint application, or similar arrangement may be imputed to other participants if the conduct occurred for or on behalf of the joint venture, grant pursuant to a joint application, or similar arrangement.

(4) Conduct of one participant imputed to other participants in a joint venture. The fraudulent, criminal, or other seriously improper conduct of one participant in a joint venture, grant pursuant to a joint application, or similar arrangement may be imputed to other participants if the conduct occurred for or on behalf of the joint venture, grant pursuant to a joint application, or similar arrangement.
§ 1185.400 General.

(a) The suspending official may suspend a person for any of the causes in § 1185.405 using procedures established in §§ 1185.410 through 1185.413.

(b) Suspension is a serious action to be imposed only when:

1. There exists adequate evidence of one or more of the causes set out in § 1185.405, and
2. Immediate action is necessary to protect the public interest.

(c) In assessing the adequacy of the evidence, the agency should consider how much information is available, how credible it is given the circumstances, whether or not important allegations are corroborated, and what inferences can reasonably be drawn as a result. This assessment should include an examination of basic documents such as grants, cooperative agreements, loan authorizations, and contracts.

§ 1185.405 Causes for suspension.

(a) Suspension may be imposed in accordance with the provisions of §§ 1185.400 through 1185.413 upon adequate evidence:

1. To suspect the commission of an offense listed in § 1185.305(a); or
2. That a cause for debarment under § 1185.305 may exist.

(b) Indictment shall constitute adequate evidence for purposes of suspension actions.

§ 1185.410 Procedures.

(a) Investigation and referral. Information concerning the existence of a cause for suspension from any source shall be promptly reported, investigated, and referred, when appropriate, to the suspending official for consideration. After consideration, the suspending official may issue a notice of suspension.

(b) Decisionmaking process. IMS shall process suspension actions as informally as practicable, consistent with principles of fundamental fairness, using the procedures in § 1185.411 through § 1185.413.

§ 1185.411 Notice of suspension.

When a respondent is suspended, notice shall immediately be given:

(a) That suspension has been imposed;
(b) That the suspension is based on an indictment, conviction, or other adequate evidence that the respondent has committed irregularities seriously reflecting on the propriety of further Federal Government dealings with the respondent;
(c) Describing any such irregularities in terms sufficient to put the respondent on notice without disclosing the Federal Government’s evidence;
(d) Of the cause(s) relied upon under § 1185.405 for imposing suspension;
(e) That the suspension is for a temporary period pending the completion of an investigation or ensuing legal, debarment, or Program Fraud Civil Remedies Act proceedings;
(f) Of the provisions of §§ 1185.411 through 1185.413 and any other IMS procedures, if applicable, governing suspension decisionmaking; and
(g) Of the effect of the suspension.

§ 1185.412 Opportunity to contest suspension.

(a) Submission in opposition. Within 30 days after receipt of the notice of suspension, the respondent may submit, in person, in writing, or through a representative, information and argument in opposition to the suspension.

(b) Additional proceedings as to disputed material facts. (1) If the suspending official finds that the respondent’s submission in opposition raises a genuine dispute over facts material to the suspension, respondent(s) shall be afforded an opportunity to appear with a representative, submit documentary evidence, present witnesses, and confront any witness the agency presents, unless:

(i) The action is based on an indictment, conviction or civil judgment, or
(ii) A determination is made, on the basis of Department of Justice advice, that the substantial interests of the Federal Government in pending or contemplated legal proceedings based on the same facts as the suspension would be prejudiced.

(2) A transcribed record of any additional proceedings shall be prepared.
§ 1185.413 Suspending official’s decision.

The suspending official may modify or terminate the suspension (for example, see §1185.320(c) for reasons for reducing the period or scope of debarment) or may leave it in force. However, a decision to modify or terminate the suspension shall be without prejudice to the subsequent imposition of suspension by any other agency or debarment by any agency. The decision shall be rendered in accordance with the following provisions:

(a) No additional proceedings necessary. In actions: based on an indictment, conviction, or civil judgment; in which there is no genuine dispute over material facts; or in which additional proceedings to determine disputed material facts have been denied on the basis of Department of Justice advice, the suspending official shall make a decision on the basis of all the information in the administrative record, including any submission made by the respondent. The decision shall be made within 45 days after receipt of any information and argument submitted by the respondent, unless the suspending official extends this period for good cause.

(b) Additional proceedings necessary.

(1) In actions in which additional proceedings are necessary to determine disputed material facts, written findings of fact shall be prepared. The suspending official shall base the decision on the facts as found, together with any information and argument submitted by the respondent and any other information in the administrative record.

(2) The suspending official may refer matters involving disputed material facts to another official for findings of fact. The suspending official may reject any such findings, in whole or in part, only after specifically determining them to be arbitrary or capricious or clearly erroneous.

(c) Notice of suspending official’s decision. Prompt written notice of the suspending official’s decision shall be sent to the respondent.

§ 1185.415 Period of suspension.

(a) Suspension shall be for a temporary period pending the completion of an investigation or ensuing legal, debarment, or Program Fraud Civil Remedies Act proceedings, unless terminated sooner by the suspending official or as provided in paragraph (b) of this section.

(b) If legal or administrative proceedings are not initiated within 12 months after the date of the suspension notice, the suspension shall be terminated unless an Assistant Attorney General or United States Attorney requests its extension in writing, in which case it may be extended for an additional six months. In no event may a suspension extend beyond 18 months, unless such proceedings have been initiated within that period.

(c) The suspending official shall notify the Department of Justice of an impending termination of a suspension, at least 30 days before the 12-month period expires, to give that Department an opportunity to request an extension.

§ 1185.420 Scope of suspension.

The scope of a suspension is the same as the scope of a debarment (see §1185.325), except that the procedures of §§1185.410 through 1185.413 shall be used in imposing a suspension.

Subpart E—Responsibilities of GSA, IMS and Participants

§ 1185.500 GSA responsibilities.

(a) In accordance with the OMB guidelines, GSA shall compile, maintain, and distribute a list of all persons who have been debarred, suspended, or voluntarily excluded by agencies under Executive Order 12549 and these regulations, and those who have been determined to be ineligible.

(b) At a minimum, this list shall indicate:

(1) The names and addresses of all debarred, suspended, ineligible, and voluntarily excluded persons, in alphabetical order, with cross-references when more than one name is involved in a single action;
§ 1185.505 IMS responsibilities.

(a) The agency shall provide GSA with current information concerning debarments, suspension, determinations of ineligibility, and voluntary exclusions it has taken. Until February 18, 1990, the agency shall also provide GSA and OMB with information concerning all transactions in which IMS has granted exceptions under §1185.215 permitting participation by debarred, suspended, or voluntarily excluded persons.

(b) Unless an alternative schedule is agreed to by GSA, the agency shall advise GSA of the information set forth in §1185.500(b) and of the exceptions granted under §1185.215 within five working days after taking such actions.

(c) The agency shall direct inquiries concerning listed persons to the agency that took the action.

(d) IMS officials shall check the Nonprocurement List before entering covered transactions to determine whether a participant in a primary transaction is debarred, suspended, ineligible, or voluntarily excluded (Tel. #).

(e) IMS officials shall check the Nonprocurement List before approving principals or lower tier participants where agency approval of the principal or lower tier participant is required under the terms of the transaction, to determine whether such principals or participants are debarred, suspended, ineligible, or voluntarily excluded (Tel. #).

§ 1185.510 Participants’ responsibilities.

(a) Certification by participants in primary covered transactions. Each participant shall submit the certification in Appendix A to this part for it and its principals at the time the participant submits its proposal in connection with a primary covered transaction, except that States need only complete such certification as to their principals. Participants may decide the method and frequency by which they determine the eligibility of their principals. In addition, each participant may, but is not required to, check the Nonprocurement List for its principals (Tel. #). Adverse information on the certification will not necessarily result in denial of participation. However, the certification, and any additional information pertaining to the certification submitted by the participant, shall be considered in the administration of covered transactions.

(b) Certification by participants in lower tier covered transactions. (1) Each participant shall require participants in lower tier covered transactions to include the certification in Appendix B to this part for it and its principals in any proposal submitted in connection with such lower tier covered transactions.

(2) A participant may rely upon the certification of a prospective participant in a lower tier covered transaction that it and its principals are not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction by any Federal agency, unless it knows that the certification is erroneous. Participants may decide the method and frequency by which they determine the eligibility of their principals. In addition, a participant may, but is not required to, check the Nonprocurement List for its principals and for participants (Tel. #).

(c) Changed circumstances regarding certification. A participant shall provide immediate written notice to IMS if at any time the participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances. Participants in lower tier covered transactions shall provide the same updated notice to the participant to which it submitted its proposal.
§ 1185.600 Purpose.

(a) The purpose of this subpart is to carry out the Drug-Free Workplace Act of 1988 by requiring that—

(1) A grantee, other than an individual, shall certify to the agency that it will provide a drug-free workplace;

(2) A grantee who is an individual shall certify to the agency that, as a condition of the grant, he or she will not engage in the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance in conducting any activity with the grant.

(b) Requirements implementing the Drug-Free Workplace Act of 1988 for contractors with the agency are found at 48 CFR subparts 9.4, 23.5, and 52.2.

This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the payroll; or employees of subrecipients or subcontractors in covered workplaces);

(6) Federal agency or agency means any United States executive department, military department, government corporation, government controlled corporation, any other establishment in the executive branch (including the Executive Office of the President), or any independent regulatory agency;

(7) Grant means an award of financial assistance, including a cooperative agreement, in the form of money, or property in lieu of money, by a Federal agency directly to a grantee. The term grant includes block grant and entitlement grant programs, whether or not exempted from coverage under the grants management government-wide common rule on uniform administrative requirements for grants and cooperative agreements. The term does not include technical assistance that provides services instead of money, or other assistance in the form of loans, loan guarantees, interest subsidies, insurance, or direct appropriations; or any veterans' benefits to individuals, i.e., any benefit to veterans, their families, or survivors by virtue of the service of a veteran in the Armed Forces of the United States;

§ 1185.610 Coverage.

(a) This subpart applies to any grantee of the agency.

(b) This subpart applies to any grant, except where application of this subpart would be inconsistent with the international obligations of the United States or the laws or regulations of a foreign government. A determination of such inconsistency may be made only by the agency head or his/her designee.

(c) The provisions of subparts A, B, C, D and E of this part apply to matters covered by this subpart, except where specifically modified by this subpart. In the event of any conflict between provisions of this subpart and other provisions of this part, the provisions of this subpart are deemed to control with respect to the implementation of drug-free workplace requirements concerning grants.

§ 1185.615 Grounds for suspension of payments, suspension or termination of grants, or suspension or debarment.

A grantee shall be deemed in violation of the requirements of this subpart if the agency head or his or her official designee determines, in writing, that—

(a) The grantee has made a false certification under §1185.630;

(b) With respect to a grantee other than an individual—

(1) The grantee has violated the certification by failing to carry out the requirements of paragraphs (A)(a) through (g) and/or (B) of the certification (Alternate I to Appendix C) or

(2) Such a number of employees of the grantee have been convicted of violations of criminal drug statutes for violations occurring in the workplace as to indicate that the grantee has failed to make a good faith effort to provide a drug-free workplace.

(c) With respect to a grantee who is an individual—

(1) The grantee has violated the certification by failing to carry out its requirements (Alternate II to Appendix C); or

(2) The grantee is convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity.

§ 1185.620 Effect of violation.

(a) In the event of a violation of this subpart as provided in §1185.615, and in accordance with applicable law, the grantee shall be subject to one or more of the following actions:

(1) Suspension of payments under the grant;

(2) Suspension or termination of the grant; and

(3) Suspension or debarment of the grantee under the provisions of this part.

(b) Upon issuance of any final decision under this part requiring debarment of a grantee, the debarred grantee shall be ineligible for award of any grant from any Federal agency for a period specified in the decision, not to exceed five years (see §1185.320(a)(2) of this part).

§ 1185.625 Exception provision.

The agency head may waive with respect to a particular grant, in writing, a suspension of payments under a grant, suspension or termination of a grant, or suspension or debarment of a grantee if the agency head determines that such a waiver would be in the public interest. This exception authority cannot be delegated to any other official.

§ 1185.630 Certification requirements and procedures.

(a)(1) As a prior condition of being awarded a grant, each grantee shall make the appropriate certification to the Federal agency providing the grant, as provided in Appendix C to this part.

(2) Grantees are not required to make a certification in order to continue receiving funds under a grant awarded before March 18, 1989, or under a no-cost time extension of such a grant. However, the grantee shall make a one-time drug-free workplace certification for a non-automatic continuation of
such a grant made on or after March 18, 1989.

(b) Except as provided in this section, all grantees shall make the required certification for each grant. For mandatory formula grants and entitlements that have no application process, grantees shall submit a one-time certification in order to continue receiving awards.

(c) A grantee that is a State may elect to make one certification in each Federal fiscal year. States that previously submitted an annual certification are not required to make a certification for Fiscal Year 1990 until June 30, 1990. Except as provided in paragraph (d) of this section, this certification shall cover all grants to all State agencies from any Federal agency. The State shall retain the original of this statewide certification in its Governor's office and, prior to grant award, shall ensure that a copy is submitted individually with respect to each grant, unless the Federal agency has designated a central location for submission.

(d)(1) The Governor of a State may exclude certain State agencies from the statewide certification and authorize these agencies to submit their own certifications to Federal agencies. The statewide certification shall name any State agencies so excluded.

(2) A State agency to which the statewide certification does not apply, or a State agency in a State that does not have a statewide certification, may elect to make one certification in each Federal fiscal year. State agencies that previously submitted a State agency certification are not required to make a certification for Fiscal Year 1990 until June 30, 1990. The State agency shall retain the original of this State agency-wide certification in its central office and, prior to grant award, shall ensure that a copy is submitted individually with respect to each grant, unless the Federal agency designates a central location for submission.

(3) When the work of a grant is done by more than one State agency, the certification of the State agency directly receiving the grant shall be deemed to certify compliance for all workplaces, including those located in other State agencies.

(e)(1) For a grant of less than 30 days performance duration, grantees shall have this policy statement and program in place as soon as possible, but in any case by a date prior to the date on which performance is expected to be completed.

(2) For a grant of 30 days or more performance duration, grantees shall have this policy statement and program in place within 30 days after award.

(3) Where extraordinary circumstances warrant for a specific grant, the grant officer may determine a different date on which the policy statement and program shall be in place.

§ 1185.635 Reporting of and employee sanctions for convictions of criminal drug offenses.

(a) When a grantee other than an individual is notified that an employee has been convicted for a violation of a criminal drug statute occurring in the workplace, it shall take the following actions:

(1) Within 10 calendar days of receiving notice of the conviction, the grantee shall provide written notice, including the convicted employee's position title, to every grant officer, or other designee on whose grant activity the convicted employee was working, unless a Federal agency has designated a central point for the receipt of such notifications. Notification shall include the identification number(s) for each of the Federal agency's affected grants.

(2) Within 30 calendar days of receiving notice of the conviction, the grantee shall do the following with respect to the employee who was convicted.

(i) Take appropriate personnel action against the employee, up to and including termination, consistent with requirements of the Rehabilitation Act of 1973, as amended; or

(ii) Require the employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency.

(b) A grantee who is an individual who is convicted for a violation of a criminal drug statute occurring during the conduct of any grant activity shall
report the conviction, in writing, within 10 calendar days, to his or her Federal agency grant officer, or other designee, unless the Federal agency has designated a central point for the receipt of such notices. Notification shall include the identification number(s) for each of the Federal agency’s affected grants.

APPENDIX A TO PART 1185—CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS—PRIMARY COVERED TRANSACTIONS

Instructions for Certification

1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below. The certification or explanation will be considered in connection with the department or agency’s determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective primary participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will include the identification number(s) for each of the Federal agency’s affected grants.

3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.

6. The prospective primary participant agrees by submitting this proposal that, unless authorized by the department or agency entering into this transaction, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction,” provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, declared ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.
Certification Regarding Debarment, Suspension, and Other Responsibility Matters—Primary Covered Transactions

(1) The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:

(a) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any Federal department or agency;

(b) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

(c) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and

(d) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State and local) terminated for cause or default.

(2) Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

[60 FR 33041, 33062, June 26, 1995]

APPENDIX B TO PART 1185—CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION—LOWER TIER COVERED TRANSACTIONS

Instructions for Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.

4. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.

5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled ‘‘Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transaction,’’ without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded
from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transactions

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.

2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

3. For grantees other than individuals, Alternate I applies.

4. For grantees who are individuals, Alternate II applies.

5. Workplaces under grants, for grantees other than individuals, need not be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

8. Definitions of terms in the Nonprocurement Suspension and Debarment and Drug-Free Workplace common rules apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

   (a) Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

   (b) Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

   (c) Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

   (d) Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces);

   (f) Federal agency means the Federal department or agency.

A. The grantee certifies that it will or will continue to provide a drug-free workplace by:

   (a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

   (b) Establishing an ongoing drug-free awareness program to inform employees about—

   (1) The dangers of drug abuse in the workplace;
(2) The grantee's policy of maintaining a drug-free workplace;

(3) Any available drug counseling, rehabilitation, and employee assistance programs; and

(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

(c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

(d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will—

(1) Abide by the terms of the statement; and

(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within ten calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted—

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).

B. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)

Check ☑ if there are workplaces on file that are not identified here.

Alternate II. (Grantees Who Are Individuals)

(a) The grantee certifies that, as a condition of the grant, he or she will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity with the grant;

(b) If convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity, he or she will report the conviction, in writing, within 10 calendar days of the conviction, to every grant officer or other designee, unless the Federal agency designates a central point for the receipt of such notices. When notice is made to such a central point, it shall include the identification number(s) of each affected grant.
