with the capabilities of these concerns. The SADBUS will make the capabilities of these concerns known to program personnel and will obtain information, as needed, by contacting OSDBU or SBA.

319.812 Contract administration.

(b) The responsibility for subcontract administration and field inspection will, in most cases, be delegated by SBA to the contracting activity. The contracting activity may develop a tripartite agreement for execution by SBA, the 8(a) subcontractor, and the contracting activity instead of developing separate modifications for the SBA contract and the 8(a) subcontract.

(c) Some 8(a) concerns may need additional management expertise for optimal performance and completion of a particular contract. Therefore, when subcontract administration is delegated to HHS by SBA, the contracting activity shall promptly apprise the SBA, the SADBUS, and OSDBU whenever the contractor is experiencing problems. SBA should provide necessary technical assistance so the contractor can successfully complete the contract.

(d) The OSDBU, SADBUS, and SBA are to be notified prior to initiating final action to terminate an 8(a) contract.

319.870 Liaison with the Small Business Administration.

(a) Contracting activities will maintain a continuous liaison with the SBA to ensure that the overall goals of each activity are achieved. In the event there is a dispute between the contracting activity and a SBA representative regarding any aspect of 8(a) contracting, the contracting activity must promptly notify OSDBU.

(b) The business development responsibility of SBA requires them to assist in and monitor the growth and development of all 8(a) concerns. Therefore, it is incumbent upon HHS to assist SBA in this effort by utilizing the source selection process in a manner that would make use of the largest possible number of 8(a) concerns.

Subpart 324.1—Protection of Individual Privacy

324.100 Scope of subpart.

This subpart implements 45 CFR part 5b, Privacy Act Regulations, and FAR subpart 24.1, Protection of Individual Privacy, which implement the Privacy Act of 1974 (Pub. L. 93-579, December 31, 1974; 5 U.S.C. 552a) and OMB Circular No. A-108, July 9, 1975.

324.102 General.

(a) It is the Department's policy to protect the privacy of individuals to the maximum possible extent while permitting the exchange of records re-

quired to fulfill the Department's administrative and program responsibilities and its responsibilities for disclosing records to which the general public is entitled under the Freedom of Information Act (5 U.S.C. 552). The Privacy Act of 1974 and the Department's implementation under 45 CFR part 5b apply "when an agency provides by a contract for the operation by or on behalf of the agency of a system of records to accomplish any agency function . . ." The key factor is whether a departmental function is involved. Therefore, the Privacy Act requirements apply to a departmental contract when, under the contract, the contractor must maintain or operate a system of records to accomplish a departmental function.

(e) The program official, and, as necessary, the official designated as the activity's Privacy Act Coordinator and the Office of General Counsel, shall determine the applicability of the Act to each proposed acquisition. The program official is required to include a statement in the request for contract indicating whether the Privacy Act is or is not applicable to the proposed acquisition.

(f) Whenever the contracting officer is informed that the Privacy Act is not applicable, but the resultant contract will involve the collection of individually identifiable personal data by the contractor, the contracting officer shall include provisions to protect the confidentiality of the records and the privacy of individuals identified in the records (see subpart 324.70).

324.103 Procedures.

(a) All requests for contract shall be reviewed by the contracting officer to determine whether the Privacy Act requirements are applicable. If applicable, the contracting officer shall include the solicitation notification and contract clause required by FAR 24.104 in the solicitation, and the contract clause in the resultant contract. In addition, the contracting officer shall ensure that the solicitation notification, contract clause, and other pertinent information specified in this subpart are included in any contract modification
