623.400 Scope of subpart.

The affirmative procurement program is applicable to all domestic acquisitions of items currently designated by an EPA guideline or by future guidelines promulgated by EPA. The requirements of this section are not applicable to acquisitions made and/or performed outside the United States or its possessions.

623.404 Procedures.

(b)(2) The requirements office initiating an acquisition is responsible for determining whether recovered materials should be included in the specifications. Requirements offices may purchase EPA designated items containing other than recovered materials only if one of the exemptions listed in FAR 23.404(b)(3) applies. If the requirements office determines to acquire EPA designated items that do not contain recovered materials, a written justification must be submitted to the head of the contracting activity.

(i) Contracts for the purchase of, or requiring the supply of, any EPA designated item shall require that the item conform to the EPA guidelines,

unless an exception has been approved by the head of the contracting activity in accordance with FAR 23.404(b)(3) and DOSAR 623.404(b)(3).

(ii) Contracting officers shall promote the fact that the Department is seeking to buy items containing recovered materials at pre-bid and pre-proposal conferences, when appropriate. Other means of promotion may include a specific notice on a solicitation's cover letter, calling attention to the requirement for recovered materials.

(iii) Contracting officers shall include FAR clause 52.223-9 to ensure that contractors estimate, certify, and verify the amount of recovered material used in the performance of the contract.

(iv) The effectiveness of the program shall be reviewed annually by A/OPE. An assessment will be made to determine if greater use of recovered materials is possible for the existing requirements or if recovered materials are causing undue delay, lack of competition, unreasonable prices, or an unacceptable level of performance.

(3) The head of the contracting activity is the agency head for the purpose of FAR 23.404(b)(3).
