Explanation

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the Federal Government. The Code is divided into 50 titles which represent broad areas subject to Federal regulation. Each title is divided into chapters which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas.

Each volume of the Code is revised at least once each calendar year and issued on a quarterly basis approximately as follows:

Title 1 through Title 16.....	as of January 1
Title 17 through Title 27.....	as of April 1
Title 28 through Title 41.....	as of July 1
Title 42 through Title 50.....	as of October 1

The appropriate revision date is printed on the cover of each volume.

LEGAL STATUS

The contents of the Federal Register are required to be judicially noticed (44 U.S.C. 1507). The Code of Federal Regulations is prima facie evidence of the text of the original documents (44 U.S.C. 1510).

HOW TO USE THE CODE OF FEDERAL REGULATIONS

The Code of Federal Regulations is kept up to date by the individual issues of the Federal Register. These two publications must be used together to determine the latest version of any given rule.

To determine whether a Code volume has been amended since its revision date (in this case, January 1, 1999), consult the "List of CFR Sections Affected (LSA)," which is issued monthly, and the "Cumulative List of Parts Affected," which appears in the Reader Aids section of the daily Federal Register. These two lists will identify the Federal Register page number of the latest amendment of any given rule.

EFFECTIVE AND EXPIRATION DATES

Each volume of the Code contains amendments published in the Federal Register since the last revision of that volume of the Code. Source citations for the regulations are referred to by volume number and page number of the Federal Register and date of publication. Publication dates and effective dates are usually not the same and care must be exercised by the user in determining the actual effective date. In instances where the effective date is beyond the cut-off date for the Code a note has been inserted to reflect the future effective date. In those instances where a regulation published in the Federal Register states a date certain for expiration, an appropriate note will be inserted following the text.

OMB CONTROL NUMBERS

The Paperwork Reduction Act of 1980 (Pub. L. 96-511) requires Federal agencies to display an OMB control number with their information collection request.

Many agencies have begun publishing numerous OMB control numbers as amendments to existing regulations in the CFR. These OMB numbers are placed as close as possible to the applicable recordkeeping or reporting requirements.

OBSOLETE PROVISIONS

Provisions that become obsolete before the revision date stated on the cover of each volume are not carried. Code users may find the text of provisions in effect on a given date in the past by using the appropriate numerical list of sections affected. For the period before January 1, 1986, consult either the List of CFR Sections Affected, 1949–1963, 1964–1972, or 1973–1985, published in seven separate volumes. For the period beginning January 1, 1986, a “List of CFR Sections Affected” is published at the end of each CFR volume.

INCORPORATION BY REFERENCE

What is incorporation by reference? Incorporation by reference was established by statute and allows Federal agencies to meet the requirement to publish regulations in the Federal Register by referring to materials already published elsewhere. For an incorporation to be valid, the Director of the Federal Register must approve it. The legal effect of incorporation by reference is that the material is treated as if it were published in full in the Federal Register (5 U.S.C. 552(a)). This material, like any other properly issued regulation, has the force of law.

What is a proper incorporation by reference? The Director of the Federal Register will approve an incorporation by reference only when the requirements of 1 CFR part 51 are met. Some of the elements on which approval is based are:

- (a) The incorporation will substantially reduce the volume of material published in the Federal Register.
- (b) The matter incorporated is in fact available to the extent necessary to afford fairness and uniformity in the administrative process.
- (c) The incorporating document is drafted and submitted for publication in accordance with 1 CFR part 51.

Properly approved incorporations by reference in this volume are listed in the Finding Aids at the end of this volume.

What if the material incorporated by reference cannot be found? If you have any problem locating or obtaining a copy of material listed in the Finding Aids of this volume as an approved incorporation by reference, please contact the agency that issued the regulation containing that incorporation. If, after contacting the agency, you find the material is not available, please notify the Director of the Federal Register, National Archives and Records Administration, Washington DC 20408, or call (202) 523-4534.

CFR INDEXES AND TABULAR GUIDES

A subject index to the Code of Federal Regulations is contained in a separate volume, revised annually as of January 1, entitled CFR INDEX AND FINDING AIDS. This volume contains the Parallel Table of Statutory Authorities and Agency Rules (Table I), and Acts Requiring Publication in the Federal Register (Table II). A list of CFR titles, chapters, and parts and an alphabetical list of agencies publishing in the CFR are also included in this volume.

An index to the text of “Title 3—The President” is carried within that volume.

The Federal Register Index is issued monthly in cumulative form. This index is based on a consolidation of the “Contents” entries in the daily Federal Register.

A List of CFR Sections Affected (LSA) is published monthly, keyed to the revision dates of the 50 CFR titles.

REPLICATION OF MATERIAL

There are no restrictions on the republication of material appearing in the Code of Federal Regulations.

(a) *Filing and contents of the notice of hearing.* The proceeding shall be instituted by filing the notice of hearing with the hearing clerk. The notice of hearing shall contain a reference to the authority under which the order is proposed; shall define the scope of the hearing as specifically as may be practicable; shall contain either the terms or substance of the proposed order or a description of the subjects and issues involved; and shall state the time and place of such hearing, and the place where copies of such proposed order may be obtained or examined. The time of the hearing shall not be less than 15 days after the date of publication of the notice in the FEDERAL REGISTER, as provided herein, unless the Administrator shall determine that an emergency exists which requires a shorter period of notice, in which case the period of notice shall be that which the Administrator may determine to be reasonable in the circumstances: Except that in the case of hearings on amendments to an order, the time of the hearing may be less than 15 days but shall not be less than three days after the date of publication in the FEDERAL REGISTER.

(b) *Giving notice of hearing and supplemental publicity.* (1) The Administrator shall give or cause to be given notice of hearing in the following manner:

(i) By publication of the notice of hearing in the FEDERAL REGISTER;

(ii) By mailing a copy of the notice of hearing to each organization known by the Administrator to be interested therein;

(iii) By issuing a press release containing the complete text or a summary of the contents of the notice of hearing and making the same available to such newspapers as, in the Administrator's discretion, are best calculated to bring the notice to the attention of the persons interested therein; and

(iv) By forwarding copies of the notice of hearing addressed to those Governors of the States and executive heads of territories and possessions of the United States and the mayor of the District of Columbia that are directly affected by such order.

(2) Legal notice of the hearing shall be deemed to be given if notice is given in the manner provided by paragraph (b)(1)(i) of this section; failure to give notice in the manner provided in paragraphs (b)(2) (ii), (iii), and (iv) of this section shall not affect the legality of the notice.

(c) *Record of notice and supplemental publicity.* There shall be filed with the hearing clerk or submitted to the judge at the hearing an affidavit or certificate of the person giving the notice provided in paragraphs (b)(1) (iii) and (iv) of this section. In regard to the provisions relating to mailing in paragraph (b)(1)(ii) of this section, determination by the Administrator that such provisions have been complied with shall be filed with the hearing clerk or submitted to the judge at the hearing. In the alternative, if notice is not given in the manner provided in paragraphs (b)(1) (ii), (iii), and (iv) of this section there shall be filed with the hearing clerk or submitted to the judge at the hearing a determination by the Administrator that such notice is impracticable, unnecessary, or contrary to the public interest with a brief statement of the reasons for such determination. Determinations by the Administrator as herein provided shall be final.

§ 1200.6 Docket number.

Each proceeding, immediately following its institution, shall be assigned a docket number by the hearing clerk and thereafter the proceeding may be referred to by such number.

§ 1200.7 Judge.

(a) *Assignment.* No judge who has any pecuniary interest in the outcome of a proceeding shall serve as judge in such proceeding.

(b) *Power of judge.* Subject to review by the Secretary, as provided elsewhere in this subpart, the judge in any proceeding shall have power to:

(1) Rule upon motions and requests;

(2) Change the time and place of hearings, and adjourn the hearing from time to time or from place to place;

(3) Administer oaths and affirmations and take affidavits;

(4) Examine and cross-examine witnesses and receive evidence;

(5) Admit or exclude evidence;

(6) Hear oral argument on facts or law; and

(7) Do all acts and take all measures necessary for the maintenance of order at the hearings and the efficient conduct of the proceeding.

(c) *Who may act in absence of judge.* In case of the absence of the judge or the judge's inability to act, the powers and duties to be performed by the judge under this part in connection with a proceeding may, without abatement of the proceeding unless otherwise ordered by the Secretary, be assigned to any other judge.

(d) *Disqualification of judge.* The judge may at any time withdraw as judge in a proceeding if such judge deems himself or herself to be disqualified. Upon the filing by an interested person in good faith of a timely and sufficient affidavit of personal bias or disqualification of a judge, the Secretary shall determine the matter as a part of the record and decision in the proceeding, after making such investigation or holding such hearings, or both, as the Secretary may deem appropriate in the circumstances.

§ 1200.8 Motions and requests.

(a) *General.* (1) All motions and requests shall be filed with the hearing clerk, except that those made during the course of the hearing may be filed with the judge or may be stated orally and made a part of the transcript.

(2) Except as provided in § 1200.17(b) such motions and requests shall be addressed to, and ruled on by, the judge if made prior to certification of the transcript pursuant to § 1200.11 or by the Secretary if made thereafter.

(b) *Certification to Secretary.* The judge may, in his or her discretion, submit or certify to the Secretary for decision any motion, request, objection, or other question addressed to the judge.

§ 1200.9 Conduct of the hearing.

(a) *Time and place.* The hearing shall be held at the time and place fixed in the notice of hearing, unless the judge shall have changed the time or place, in which event the judge shall file with the hearing clerk a notice of such change, which notice shall be given in the same manner as provided in § 1200.5 (relating to the giving of notice of the hearing): Except that if the change in time or place of hearing is made less than five days prior to the date previously fixed for the hearing, the judge either in addition to or in lieu of causing the notice of the change to be given, shall announce, or cause to be announced, the change at the time and place previously fixed for the hearing.

(b) *Appearances—(1) Right to appear.* At the hearing, any interested person shall be given an opportunity to appear, either in person or through authorized counsel or representative, and to be heard with respect to matters relevant and material to the proceeding. Any interested person who desires to be heard in person at any hearing under these rules shall, before proceeding to testify, state his or her name, address, and occupation. If any such person is appearing through a counsel or representative, such person or such counsel or representative shall, before proceeding to testify or otherwise to participate in the hearing, state for the record the authority to act as such counsel or representative, and the names, addresses, and occupations of such person and such counsel or representative. Any such person or such counsel or representative shall give such other information respecting such appearance as the judge may request.

(2) *Debarment of counsel or representative.* (i) Whenever, while a proceeding is pending before the judge, such judge finds that a person, acting as counsel or representative for any person participating in the proceeding, is guilty of unethical or unprofessional conduct, the judge may order that such person be precluded from further acting as counsel or representative in such proceeding. An appeal to the Secretary may be taken from any such order, but the proceeding shall not be delayed or suspended pending disposition of the appeal: Except that the judge may sus-

pend the proceeding for a reasonable time for the purpose of enabling the client to obtain other counsel or representative.

(ii) In case the judge has ordered that a person be precluded from further action as counsel or representative in the proceeding, the judge within a reasonable time thereafter shall submit to the Secretary a report of the facts and circumstances surrounding such order and shall recommend what action the Secretary should take respecting the appearance of such person as counsel or representative in other proceedings before the Secretary. Thereafter the Secretary may, after notice and an opportunity for hearing, issue such order respecting the appearance of such person as counsel or representative in proceedings before the Secretary as the Secretary finds to be appropriate.

(3) *Failure to appear.* If any interested person fails to appear at the hearing, that person shall be deemed to have waived the right to be heard in the proceeding.

(c) *Order of procedure.* (1) The judge shall, at the opening of the hearing prior to the taking of testimony, have noted as part of the record the notice of hearing as filed with the Office of the Federal Register and the affidavit or certificate of the giving of notice or the determination provided for in § 1200.5(c).

(2) Evidence shall then be received with respect to the matters specified in the notice of the hearing in such order as the judge shall announce.

(d) *Evidence—(1) General.* The hearing shall be publicly conducted, and the testimony given at the hearing shall be reported verbatim.

(i) Every witness shall, before proceeding to testify, be sworn or make affirmation. Cross-examination shall be permitted to the extent required for a full and true disclosure of the facts.

(ii) When necessary, in order to prevent undue prolongation of the hearing, the judge may limit the number of times any witness may testify to the same matter or the amount of corroborative or cumulative evidence.

(iii) The judge shall, insofar as practicable, exclude evidence which is immaterial, irrelevant, or unduly repetitious, or which is not of the sort upon

which responsible persons are accustomed to rely.

(2) *Objections.* If a party objects to the admission or rejection of any evidence or to any other ruling of the judge during the hearing, such party shall state briefly the grounds of such objection, whereupon an automatic exception will follow if the objection is overruled by the judge. The transcript shall not include argument or debate thereon except as ordered by the judge. The ruling of the judge on any objection shall be a part of the transcript. Only objections made before the judge may subsequently be relied upon in the proceeding.

(3) *Proof and authentication of official records or documents.* An official record or document, when admissible for any purpose, shall be admissible as evidence without the presence of the person who made or prepared the same. The judge shall exercise discretion in determining whether an official publication of such record or document shall be necessary, or whether a copy would be permissible. If permissible such a copy should be attested to by the person having legal custody of it, and accompanied by a certificate that such person has the custody.

(4) *Exhibits.* All written statements, charts, tabulations, or similar data offered in evidence at the hearing shall, after identification by the proponent and upon satisfactory showing of authenticity, relevancy, and materiality, be numbered as exhibits and received in evidence and made a part of the record. Such exhibits shall be submitted in quadruplicate and in documentary form. In case the required number of copies is not made available, the judge shall exercise discretion as to whether said exhibits shall, when practicable, be read in evidence or whether additional copies shall be required to be submitted within a time to be specified by the judge. If the testimony of a witness refers to a statute, or to a report or document (including the record of any previous hearing), the judge, after inquiry relating to the identification of such statute, report, or document, shall determine whether the same shall be produced at the hearing and physically be made a part of the evidence as an exhibit, or whether it

shall be incorporated into the evidence by reference. If relevant and material matter offered in evidence is embraced in a report or document (including the record of any previous hearing) containing immaterial or irrelevant matter, such immaterial or irrelevant matter shall be excluded and shall be segregated insofar as practicable, subject to the direction of the judge.

(5) *Official notice.* Official notice at the hearing may be taken of such matters as are judicially noticed by the courts of the United States and of any other matter of technical, scientific, or commercial fact of established character: Except that interested persons shall be given an adequate period of time, at the hearing or subsequent to it, of matters so noticed and shall be given adequate opportunity to show that such facts are inaccurate or are erroneously noticed.

(6) *Offer of proof.* Whenever evidence is excluded from the record, the party offering such evidence may make an offer of proof, which shall be included in the transcript. The offer of proof shall consist of a brief statement describing the evidence to be offered. If the evidence consists of a brief oral statement or of an exhibit, it shall be inserted into the transcript in toto. In such event, it shall be considered a part of the transcript if the Secretary decides that the judge's ruling in excluding the evidence was erroneous. The judge shall not allow the insertion of such evidence in toto if the taking of such evidence will consume a considerable length of time at the hearing. In the latter event, if the Secretary decides that the judge erred in excluding the evidence, and that such error was substantial, the hearing shall be reopened to permit the taking of such evidence.

§ 1200.10 Oral and written arguments.

(a) *Oral argument before the judge.* Oral argument before the judge shall be in the discretion of the judge. Such argument, when permitted, may be limited by the judge to any extent that the judge finds necessary for the expeditious disposition of the proceeding and shall be reduced to writing and made part of the transcript.

(b) *Briefs, proposed findings, and conclusions.* The judge shall announce at the hearing a reasonable period of time within which interested persons may file with the hearing clerk proposed findings and conclusions, and written arguments or briefs, based upon the evidence received at the hearing, citing, where practicable, the page or pages of the transcript of the testimony where such evidence appears. Factual material other than that adduced at the hearing or subject to official notice shall not be alluded to therein, and, in any case, shall not be considered in the formulation of the order. If the person filing a brief desires the Secretary to consider any objection made by such person to a ruling of the judge, as provided in §1200.9(d), that person shall include in the brief a concise statement concerning each such objection, referring, where practicable, to the pertinent pages of the transcript.

§1200.11 Certification of the transcript.

The judge shall notify the hearing clerk of the close of a hearing as soon as possible thereafter and of the time for filing written arguments, briefs, proposed findings, and proposed conclusions and shall furnish the hearing clerk with such other information as may be necessary. As soon as possible after the hearing, the judge shall transmit to the hearing clerk an original and three copies of the transcript of the testimony and the original and all copies of the exhibits not already on file in the office of the hearing clerk. The judge shall attach to the original transcript of the testimony a certificate stating that, to the best of the judge's knowledge and belief, the transcript is a true transcript of the testimony given at the hearing, except in such particulars as the judge shall specify, and that the exhibits transmitted are all the exhibits as introduced at the hearing with such exceptions as the judge shall specify. A copy of such certificate shall be attached to each of the copies of the transcript of testimony. In accordance with such certificate the hearing clerk shall note upon the official record copy, and cause to be noted on other copies of the transcript, each

correction detailed therein by adding or crossing out (but without obscuring the text as originally transcribed) at the appropriate place any words necessary to make the same conform to the correct meaning, as certified by the judge. The hearing clerk shall obtain and file certifications to the effect that such corrections have been effectuated in copies other than the official record copy.

§ 1200.12 Copies of the transcript.

(a) During the period in which the proceeding has an active status in the Department, a copy of the transcript and exhibits shall be kept on file in the office of the hearing clerk where it shall be available for examination during official hours of business. Thereafter said transcript and exhibits shall be made available by the hearing clerk for examination during official hours of business after prior request and reasonable notice to the hearing clerk.

(b) If a personal copy of the transcript is desired, such copy may be obtained upon written application filed with the reporter and upon payment of fees at a rate that may be agreed upon with the reporter.

§ 1200.13 Administrator's recommended decision.

(a) *Preparation.* As soon as practicable following the termination of the period allowed for the filing of written arguments or briefs and proposed findings and conclusions the Administrator shall file with the hearing clerk a recommended decision.

(b) *Contents.* The Administrator's recommended decision shall include: (1) a preliminary statement containing a description of the history of the proceedings, a brief explanation of the material issues of fact, law, or discretion presented on the record, and proposed findings and conclusions about such issues, including the reasons or basis for such proposed findings; (2) a ruling upon each proposed finding or conclusion submitted by interested persons; and (3) an appropriate proposed order effectuating the Administrator's recommendations.

(c) *Exceptions to recommended decision.* Immediately following the filing of the

recommended decision, the Administrator shall give notice thereof and opportunity to file exceptions thereto by publication in the FEDERAL REGISTER. Within a period of time specified in such notice any interested person may file with the hearing clerk exceptions to the Administrator's proposed order and a brief in support of such exceptions. Such exceptions shall be in writing, shall refer, where practicable, to the related pages of the transcript, and may suggest appropriate changes in the proposed order.

(d) *Omission of recommended decision.* The procedure provided in this section may be omitted only if the Secretary finds on the basis of the record that due and timely execution of the Secretary's functions imperatively and unavoidably requires such omission.

§ 1200.14 Submission to Secretary.

Upon the expiration of the period allowed for filing exceptions or upon request of the Secretary, the hearing clerk shall transmit to the Secretary the record of the proceeding. Such record shall include: All motions and requests filed with the hearing clerk and rulings thereon; the certified transcript; any proposed findings or conclusions or written arguments or briefs that may have been filed; the Administrator's recommended decision, if any; and such exceptions as may have been filed.

§ 1200.15 Decision by the Secretary.

After due consideration of the record, the Secretary shall render a decision. Such decision shall become a part of the record and shall include: (a) a statement of findings and conclusions, including the reasons or basis for such findings, upon all the material issues of fact, law, or discretion presented on the record, (b) a ruling upon each proposed finding and proposed conclusion not previously ruled upon in the record, (c) a ruling upon each exception filed by interested persons, and (d) either (1) denial of the proposal to issue an order, or (2) if the findings upon the record so warrant, an order, the provisions of which shall be set forth and such order shall be complete except for its effective date and any determinations to be made under § 1200.16: *Except*

that such order shall not be executed, issued, or made effective until and unless the Secretary determines that the requirements of § 1200.16 have been met.

§ 1200.16 Execution of the order.

(a) *Issuance of the order.* The Secretary shall, if the Secretary finds that it will tend to effectuate the purposes of the Act, issue and make effective the order which was filed as part of the Secretary's decision pursuant to § 1200.15: Except that the issuance of such order shall have been approved or favored by eligible voters as required by the applicable Act.

(b) *Effective date of order.* No order shall become effective in less than 30 days after its publication in the FEDERAL REGISTER, unless the Secretary, upon good cause found and published with the order, fixes an earlier effective date.

(c) *Notice of issuance.* After issuance of the order, such order shall be filed with the hearing clerk, and notice thereof, together with notice of the effective date, shall be given by publication in the FEDERAL REGISTER.

§ 1200.17 Filing, extension of time, effective date of filing, and computation of time.

(a) *Number of copies.* Except as provided otherwise herein, all documents or papers required or authorized by the foregoing provisions hereof to be filed with the hearing clerk shall be filed in quadruplicate. Any documents or papers so required or authorized to be filed with the hearing clerk shall be filed with the judge during the course of an oral hearing.

(b) *Extension of time.* The time for filing of any document or paper required or authorized by the foregoing provisions to be filed may be extended by the judge (before the record is so certified by the judge) or by the Administrator (after the record is so certified by the judge but before it is transmitted to the secretary), or by the Secretary (after the record is transmitted to the secretary) upon request filed, and if, in the judgment of the judge, Administrator, or the Secretary, as the case may be, there is good reason for

the extension. All rulings made pursuant to this paragraph shall be filed with the hearing clerk.

(c) *Effective date of filing.* Any document or paper required or authorized by the foregoing provisions to be filed shall be deemed to be filed when it is postmarked or, if otherwise delivered, when it is received by the hearing clerk.

(d) *Computation of time.* Sundays and Federal holidays shall be included in computing the time allowed for the filing of any document or paper: Except that when such time expires on a Sunday, or a Federal holiday, such period shall be extended to include the next following business day.

§ 1200.18 Ex parte communications.

(a) At no stage of the proceeding following the issuance of a notice of hearing and prior to the issuance of the Secretary's decision thereon shall an employee of the Department who is or may reasonably be expected to be involved in the decision process of the proceeding discuss *ex parte* the merits of the proceeding with any person having an interest in the proceeding or with any representative of such person: Except that procedural matters and status reports shall not be included within the limitation: And except further that an employee of the Department who is or may reasonably be expected to be involved in the decisional process of the proceeding may discuss the merits of the proceeding with such a person if all parties known to be interested in the proceeding have been given notice and an opportunity to participate. A memorandum of any such discussion shall be included in the record of the proceeding.

(b) No person interested in the proceeding shall make or knowingly cause to be made to an employee of the Department who is or may reasonably be expected to be involved in the decisional process of the proceeding an *ex parte* communication relevant to the merits of the proceeding except as provided in paragraph (a) of this section.

(c) If an employee of the Department who is or may reasonably be expected to be involved in the decisional process of the proceeding receives or makes a

communication prohibited by this section, the Department shall place on the public record of the proceeding:

- (1) All such written communications;
- (2) Memoranda stating the substance of all such oral communications; and
- (3) All written responses, and memoranda, stating the substance of all oral responses thereto.

(d) Upon receipt of a communication knowingly made or knowingly caused to be made by a party in violation of this section, the Department may, to the extent consistent with the interest of justice and the policy of the underlying statute, take whatever steps are deemed necessary to nullify the effect of such communication.

(e) For the purposes of this section, *ex parte communication* means any oral or written communication not on the public record with respect to which reasonable prior notice to all interested parties is not given, but which shall not include requests for status reports (including requests on procedural matters) on a proceeding.

§ 1200.19 Additional documents to be filed with hearing clerk.

In addition to the documents or papers required or authorized by the foregoing provisions of this subpart to be filed with the hearing clerk, the hearing clerk shall receive for filing and shall have custody of all papers, reports, records, orders, and other documents which relate to the administration of any order and which the Secretary is required to issue or to approve.

§ 1200.20 Hearing before Secretary.

The Secretary may act in the place and stead of a judge in any proceeding herein. When the Secretary so acts, the hearing clerk shall transmit the record to the Secretary at the expiration of the period provided for the filing of proposed findings of fact, conclusions, and orders, and the Secretary shall then, after due consideration of the record, issue the final decision in the proceeding: Except the Secretary may issue a tentative decision in which event the parties shall be afforded an opportunity to file exceptions before the issuance of the final decision.

(a) If the Secretary determines, based on the results of the sign-up period, that at least 10 percent (4,622) or more of the number of cotton producers and importers who voted in the 1991 referendum request the conduct of a continuance referendum on the 1991 Order amendments, a referendum will be held within 12 months after the end of the sign-up period. Not more than 20 percent of the total requests counted toward the 10 percent figure may be from producers from any one state or from importers of cotton.

(b) If the Secretary determines that fewer than 10 percent (4,622) of the number of producers and importers who voted in the 1991 referendum do not favor a continuance referendum, no referendum will be held.

§1205.25 Supervision of sign-up period.

The Administrator shall be responsible for conducting the sign-up period in accordance with this subpart.

§1205.26 Eligibility.

Only persons who meet the eligibility requirements in this subpart may participate in the sign-up period. No person is entitled to sign up more than once.

(b) The Secretary may conduct a referendum at any time, and shall hold a referendum on request of 10 percent or more of the number of cotton producers and importers (if subject to the Order) voting in the most recent referendum, to determine whether cotton producers and importers subject to the Order favor the suspension or termination of this subpart, except that in counting such request for a referendum, not more than 20 percent of such request may be from producers from any one state or importers of cotton (if subject to the Order). The Secretary shall suspend or terminate such subpart at the end of the marketing year whenever the Secretary determines that its suspension or termination is approved or favored by a majority of producers and importers subject to the Order voting in such referendum who, during a representative period determined by the Secretary, have been engaged in the production or importation of cotton, and who produced and imported more than 50 percent of the volume of cotton produced and imported by those voting in the referendum.

(b) *Director.* *Director* means the Director of the Cotton Division.

[32 FR 1084, Jan. 31, 1967, as amended at 41 FR 37092, Sept. 2, 1976]

§ 1205.402 Determination of Cotton Board membership.

(a) In determining whether any cotton-producing state is entitled to be represented by more than one member of the Cotton Board as provided in § 1205.322, average annual production of Upland cotton in terms of 480-pound net weight bales for the five most recent marketing years will be used as the criteria for determination of such additional members.

(b) In determining whether importers of cotton and cotton-containing products are entitled to be represented by more than a minimum of two members on the Cotton Board as provided in § 1205.322, the average annual volume of imported cotton and the cotton content of imported products on which assessments have been collected will be used as the criteria for determination of such additional members. This volume of cotton will be expressed in terms of 480-pound net weight bales for the five most recent calendar years. The initial importer representation on the Board shall consist of four importer representatives.

(c) All members appointed from a state will be entitled to serve a full three-year term even though it is determined in a subsequent year that a state should have fewer additional members by using the average production of the five most recent marketing years as specified in paragraph (a) of this section.

(d) All members appointed to represent importers will be entitled to serve a full three-year term even though it is determined in a subsequent year that importers should be represented by fewer additional members by using the average volume of imports of cotton and the cotton content of products on which assessments have been collected as specified in paragraph (b) of this section.

(e) Each year the Director shall:

(1) Based on the average annual production of Upland cotton in terms of 480-pound net weight bales for the five most recent marketing years, notify all certified cotton producer organizations in each cotton-producing state of the number of vacancies to be filled by cotton producers on the Cotton Board; and

(2) Based on the average annual volume of imports of cotton and the cotton content of cotton-containing products on which assessments as provided for in § 1205.335 have been collected in terms of 480-pound net weight bales for the five most recent calendar years, notify all certified cotton importer organizations of the number of vacancies to be filled by cotton importers on the Cotton Board.

[56 FR 65980, Dec. 20, 1991]

§ 1205.403 Nomination procedure.

(a) The Director shall notify all certified producer organizations within each cotton-producing state and all certified importer organizations of the location, date, and time of the caucus for nominating producer and importer representatives for the Cotton Board as specified in § 1205.324. The Director will designate a representative from the Cotton Division to attend the caucus meeting of cotton producer organizations in each state, and of cotton importer organizations. Each eligible cotton producer organization within each cotton-producing state and each importer organization will be entitled to only one representative at the caucus for the purpose of nominating two qualified persons for each member and for each alternate member to be selected. The representative of a cotton producer organization shall be a cotton producer and resident of such state, an officer or member of the Board of Directors of such organization, and duly and unqualifiedly authorized in writing by such organization to make nominations on its behalf. The representative of an importer organization shall be an importer of cotton and/or products containing cotton, an officer or member of the Board of Directors of such organization, and duly and unqualifiedly authorized in writing by such organization to make nominations on its behalf. The representative of the Director designated to attend the caucus meeting of cotton producer organizations in each state and of cotton importer organizations will ascertain the qualifications and eligibility of each representative of a cotton producer organization or cotton importer organization to participate in said meeting and to make nominations.

(b) Each caucus will be conducted as follows:

(1) The representative from the Cotton Division will act as temporary chairperson and will explain the procedure for nominations and the duties of the Cotton Board;

(2) The representatives in attendance from the certified organizations will then select a chairperson and secretary;

(3) At each caucus there will be presented for nomination and there will be

nominated not less than the number of nominees required under the provisions of §§ 1205.322, 1205.324, and 1205.402.

ASSESSMENTS

§ 1205.510 **Levy of assessments.**

(a) *Producer assessments.* An assessment of \$1 per bale for cotton research and promotion is hereby levied on each bale of Upland cotton that is produced from cotton harvested and ginned except cotton consumed by any governmental agency from its own production. Such assessment shall be payable and collected only once on each bale.

(1) A supplemental assessment for cotton research and promotion in addition to the \$1 per bale assessment provided for in paragraph (a) of this section, is hereby levied on each bale of Upland cotton harvested and ginned except cotton consumed by any governmental agency from its own production. The supplemental assessment rate shall be levied at the rate of five-tenths of one percent of:

(i) The current value of the cotton multiplied by the number of pounds of lint cotton or;

(ii) The current value of the cotton converted to a fixed amount per bale as reflected in the following assessment chart:

ASSESSMENT CHART¹

Current value (cents per pound)	Supplemental Assessment, dollars per bale
.00 to 9.99	0.15
10.00 to 19.9940
20.00 to 29.9965
30.00 to 39.9990
40.00 to 49.99	1.15
50.00 to 59.99	1.40
60.00 to 69.99	1.65
70.00 to 79.99	1.90
80.00 to 89.99	2.15
90.00 to 99.99	2.40
100.00 to 109.99	2.65
110.00 to 119.99	2.90

¹ Assessment is calculated on 5/10 of 1 percent of the midpoint of each 10¢ increment, based on a 500 lb. bale and converted to a fixed amount per bale.

(2) Each marketing year the collecting handler must select one of the two options for collecting the supplemental assessment as provided in paragraph (a)(1) of this section. The handler shall notify the Cotton Board as to the method selected at the time the handler files the first handler report each marketing year.

(b) *Importer assessment.* An assessment for cotton research and promotion of \$1 per bale is hereby levied on each bale of cotton, or the bale equivalent thereof for cotton in cotton-containing products identified in the HTS conversion factor table in paragraph (b)(3) of this section and imported into the United States on or after July 31, 1992. The \$1 per bale assessment shall be converted to a fixed amount per kilogram to facilitate the U.S. Customs Service in collecting this assessment.

(1) A supplemental assessment for cotton research and promotion in addition to the \$1 per bale assessment provided for in paragraph (b) of this section is hereby levied on each bale of cotton or bale equivalent of cotton in cotton-containing products, identified in this subpart, imported into the United States on or after July 31, 1992. The supplemental assessment shall be levied at the rate of five-tenths of one percent of the historical value of cotton as determined by the Secretary and expressed in paragraph (b)(2) of this section. The rate of the supplemental assessment on imported cotton will be

Agricultural Marketing Service, USDA

§ 1205.510

the same as that levied on cotton produced within the United States. The supplemental assessment will be calculated as a fixed amount per kilogram and added to the \$1 per bale or bale equivalent assessment to facilitate the Customs Service in collecting assessments.

(2) The 12-month average of monthly average prices received by U.S. farmers will be calculated annually. Such average will be used as the value of imported cotton for the purpose of levying the supplemental assessment on imported cotton and will be expressed in kilograms. The value of imported cotton for the purpose of levying this supplemental assessment is \$1.4881 per kilogram.

(3) The following table contains Harmonized Tariff Schedule (HTS) classification numbers and corresponding conversion factors and assessments. The left column of the following table indicates the HTS classifications of imported cotton and cotton-containing products subject to assessment. The center column indicates the conversion factor for determining the raw fiber content for each kilogram of the HTS. HTS numbers for raw cotton have no conversion factor in the table. The right column indicates the total assessment per kilogram of the article assessed.

(i) Any line item entry of cotton appearing on Customs entry documentation in which the value of the cotton contained therein results in the calculation of an assessment of two dollars (\$2.00) or less will not be subject to assessments as described in this section.

(ii) In the event that any HTS number subject to assessment is changed and such change is merely a replacement of a previous number and has no impact on the physical properties, description, or cotton content of the product involved, assessments will continue to be collected based on the new number.

NATIONAL POTATO PROMOTION BOARD

§ 1207.320 Establishment and membership.

(a) There is hereby established a National Potato Promotion Board, hereinafter called the "Board", composed of producers, importers, and a public member appointed by the Secretary. Producer members shall be appointed from nominations submitted by producers in the various States or groups of States pursuant to § 1207.322. Importer members shall be appointed from nominations submitted by importers pursuant to § 1207.322. The public member shall be nominated by Board members in such manner as recommended by the Board and approved by the Secretary, and shall be appointed by the Secretary.

(b) Producer membership upon the Board shall be determined on the basis of the potato production reported in the latest Crop Production Annual Summary Report issued by the Crop Reporting Board, U.S. Department of Agriculture. Unless the Secretary, upon recommendation of the Board, determines an alternate basis, for each five million hundredweight of such production, or major fraction thereof, produced within each State, such State shall be entitled to one member. However, each State shall initially be entitled to at least one member.

(c) The number of importer member positions on the Board shall be based on the hundredweights of potatoes, potato products equivalent to fresh potatoes, and seed potatoes imported into the United States but shall not exceed five importer members. Unless the Secretary, upon recommendation of the Board, determines an alternate basis, there shall be one importer member position for each 5 million hundredweight, or major fraction thereof, of potatoes, potato product equivalents, and seed potatoes imported into the United States.

§ 1207.322 Nominations and appointment.

The Secretary shall select the producer, importer, and public members of the Board from nominations which may be made in the following manner.

(a) A meeting or meetings of producers shall be held in each State to nominate producer members for the Board. For nominations to the initial Board the meetings shall be announced by the U.S. Department of Agriculture. The Department may call upon other organizations to assist in conducting the

meetings such as State and national organizations of potato producers. Such nomination meetings shall be held not later than 60 days after the issuance of this subpart. Any organization designated to hold such nomination meetings shall give adequate notice of such meetings to the potato producers affected; also to the Secretary so that a representative of the Secretary, if available, may conduct such meetings or act as secretary of such nomination meetings.

(b) After the establishment of the initial Board, the nominations for subsequent Board producer members shall be made by producers at meetings in the producing sections or States. The Board shall hold such meetings, or cause them to be held, in accordance with rules established pursuant to recommendation of the Board.

(c) Only producers may participate in designating producer nominees. If such organizations fail to submit nominees or are determined by the Board to not adequately represent importers, then the Board may conduct meetings of importers to nominate eligible importers for Board member positions. In determining if importer organizations adequately represent importers, the Board shall consider:

(2) What percentage of the total number of importers is represented by the association;

(3) Is the association representative of the potato, potato product, and seed potato import industry;

(4) Does the association speak for potato, potato product, and seed potato importers; and

(5) Other relevant information as may be warranted.

(e) The public member shall be nominated by the producer and importer members of the Board. The public member shall have no direct financial interest in the commercial production or marketing of potatoes except as a consumer and shall not be a director, stockholder, officer or employee of any firm so engaged. The Board shall prescribe such additional qualifications, administrative rules and procedures for selection and voting for each candidate as it deems necessary and the Secretary approves.

The casting of the votes for each State shall be determined by the members of the Board from that State.

(b) A majority of the Board members shall constitute a quorum and any action of the Board shall require a majority of concurring votes of those present and voting. At assembled meetings all votes shall be cast in person or by duly authorized proxy.

§ 1207.511 Determination of assessable quantity.

The assessable quantity of potatoes in any lot shall be determined on the basis of utilization. Assessments shall be due on the entire lot handled for human consumption, seed, or unspecified purposes if there is no accounting made on the basis of the utilization of such lot. However, if the accounting identifies all or portions of such lot on the basis of utilization, assessments shall be due only on that portion utilized for human consumption and seed.

§ 1207.512 Designated handler.

The assessment on each lot of potatoes produced in the 50 States of the United States and handled shall be paid by the designated handler as hereafter set forth.

(a) Unless otherwise provided in paragraphs (a)(8), (b), and (c) of this section, the designated handler shall be the first handler of such potatoes. The first handler is the person who initially performs a handler function as heretofore defined. Such person may be a

fresh shipper, processor, or other person who first places the potatoes in the channels of commerce. A producer who grades, packs, or otherwise performs handler functions thereby becomes a handler and as such assumes first handler responsibilities under this part. The following examples are provided to aid in identification of first handlers who are designated handlers:

(1) Producer delivers field-run potatoes of his own production to a handler for preparation for market. The handler in this instance is the designated handler, regardless of whether he subsequently handles such potatoes for his own account or for the account of the producer.

(2) Producer delivers field-run potatoes of his own production to a handler who takes title to such potatoes and places them in storage for subsequent handling. The handler who purchases such potatoes from the producer is the designated handler.

(3) Producer delivers field-run potatoes to a commercial storage facility for the purpose of holding such potatoes under his own account for later sale. There is no designated handler in this instance since such potatoes have not been handled as heretofore defined and no assessment is due. The designated handler of such potatoes would be identified on the basis of subsequent handling of such potatoes.

(4) Fresh shipper purchases a lot of potatoes from a producer, packs a portion of such potatoes for fresh market, and delivers the balance to a processor. The fresh shipper is the designated handler for all potatoes in the lot.

(5) Handler purchases potatoes from a producer's field or storage for the purpose of preparing such potatoes for market or for transporting such potatoes to storage for subsequent handling. The handler who purchases such potatoes from the producer is the designated handler.

(6) Producer packs and sells potatoes of his own production from the field, roadside stand, or storage to a consumer, itinerant trucker, or other buyer. In performing such handler functions the producer assumes the responsibility of designated handler.

(7) Processor utilizes potatoes of his own production in the manufacture of

potato chips, frozen, dehydrated, or canned products for human consumption. In so handling potatoes, the processor assumes the responsibility of designated handler.

(8) Producer utilizes potatoes of his own production for seed in planting his subsequent crop. Such seed potatoes do not enter the current of commerce; there is no designated handler in this instance since the potatoes have not been handled as heretofore defined and no assessment is due. However, seed potatoes sold or shipped to other producers for planting or to other persons for subsequent disposition enter the current of commerce and are subject to assessment. The producer of seed potatoes shall be the designated handler of such potatoes shipped to other producers for planting and the assessment is due when he first sells or otherwise handles such potatoes. The first person who acquires seed potatoes from the producer thereof for subsequent disposition other than planting by said person shall be the designated handler of such potatoes. However, the seed producer will be the designated handler responsible for filing reports and making payments, unless he can show that the first person who obtained the potatoes from him disposed of them other than by planting. To show this the seed producer must submit to the Potato Board the name and address of the first person who obtained the potatoes from him and an invoice of sale or settlement sheet on which it is indicated that such person will be the designated handler and therefore will be responsible for the payment of the assessments. Only by showing this is the seed producer no longer considered the designated handler and therefore not liable for the assessments.

(b) Any person who handles potatoes for a producer thereof under oral or written contract or agreement providing for the sale thereof shall be the designated handler for such potatoes, notwithstanding the fact that the producer may have graded, packed, or otherwise handled such potatoes and thereby became the first handler of such potatoes.

Examples. A cooperative marketing association, or other person, who makes an accounting to the producer, or pay the proceeds of the sale to the producer would be

the designated handler responsible for the assessment.

(c) Any processor who purchases potatoes from the producer thereof shall be the designated handler even though the producer may have graded, packed, or otherwise handled such potatoes and thereby became the first handler of such potatoes.

§ 1207.513 Payment of assessments.

(a) *Time of payment.* The assessment on domestically produced potatoes shall become due at the time a determination of assessable potatoes is made in the normal handling process, pursuant to § 1207.511. If no determination is made of the utilization of a lot, assessments shall be due on the entire lot when it enters the current of commerce. The assessment on imported potatoes, potato products, and seed potatoes shall become due at the time of entry, or withdrawal, for consumption into the United States.

(b) *Responsibility for payment.* (1) The designated handler is responsible for payment of the assessment on domestically produced potatoes. He may pay with no reimbursement from the producer. In the alternative, he may collect the assessment from the producer, or deduct such assessment from the proceeds paid to the producer on whose potatoes the assessment is made, provided he furnishes the producer with evidence of such payment. Any such collection or deduction of assessment shall be made not later than the time when the assessment becomes payable by the handler to the Board. Failure of the handler to collect or deduct such assessment does not relieve the handler of his obligation to remit the assessment to the Board.

(2) The Customs Service shall collect payment of assessment on imported potatoes, potato products, and seed potatoes from importers and forward such assessment per agreement between the Customs Service and the U.S. Department of Agriculture. Importers shall be responsible for payment of assessment

directly to the Board of any assessment due but not collected by the Customs Service at the time of entry, or withdrawal, for consumption into the United States. An importer may apply to the Board for reimbursement of assessments paid on exempted products.

(c) *Payment directly to the Board.* (1) Except as provided in paragraphs (b) and (d) of this section, each designated handler or importer shall remit assessments directly to the Board by check, draft, or money order payable to the National Potato Promotion Board, or NPPB, not later than 10 days after the end of the month such assessment is due together with a report (preferably on Board forms) thereon.

(2) All designated handlers, including a designated handler whose own production is handled and assessments to the Board paid by another designated handler, shall report to the Board:

(i) Date of report (which is also date of payment to the Board).

(ii) The name and address of the designated handler;

(iii) The period potatoes were handled;

(iv) The total quantity of potatoes determined to be assessable during the period potatoes were handled, pursuant to § 1207.511.

(3) Designated handlers who collect assessments from producers or withhold assessments from their accounts or pay the assessment themselves shall also include a list of all such producers whose potatoes were handled during the period, their addresses and the total assessable quantities handled for each such producer.

(i) In lieu of such a list, the designated handler may substitute authentic copies of settlement sheets given to each producer provided such settlement sheets contain all the information listed above.

(ii) The words “final report” shall be shown on the last report at the close of his marketing season or at the end of each fiscal period if such handler markets potatoes on a year-round basis.

(4) Prepayment of assessment: (i) In lieu of the monthly assessment and reporting requirements of paragraph (b) of this section, the Board may permit designated handlers to make advance payments of their total estimated as-

sessments for the season to the Board prior to their actual determination of assessable potatoes. Such procedure may be permitted when it is considered by the designated handler to be the more practical method of payment.

(ii) Persons using such procedure shall provide a final annual accounting of actual handling and assessments.

(iii) Specific requirements, instructions, and forms for making such advance payments shall be provided by the Board upon request.

(d) *Payment through cooperating agency.* The Board may authorize other organizations to collect assessments in its behalf. In any State or area in which the Board has negotiated an agreement to collect assessments with an agency such as a State Potato Commission or a Potato Association approved by the Secretary, the designated handler shall pay the assessment to such agency in the time and manner, and with such identifying information as specified in such agreement. Such an agreement shall not provide any cooperating agency with authority to collect confidential information from handlers; to qualify, the cooperating agency must on its own accord have access to all information required by the Board for collection purposes. If the Board requires further evidence of payment than provided, it may acquire such evidence from individual designated handlers.

(1) All such agreements are subject to the requirement of § 1207.352 *Confidential treatment*, of the plan, the provisions of section 310(c) of the Act, and all applicable rules and regulations and financial safeguards in effect under the Act and the plan; and all affected persons shall agree to, and conduct their operations and activities in accordance with, such requirements.

Submission of names of all candidates, whether by organizations or by petition, must include a certification by the candidate that the candidate is within the segment of the industry and the region or production area for which the candidate is nominated and, if elected as a nominee and if subsequently appointed by the Secretary, the candidate is willing to serve as a member or alternate member on the Council.

(e) The names of candidates so submitted shall be reviewed and organized by the election committee for the preparation of slates of candidates. Separate slates for each segment and region of the industry shall be prepared as appropriate. There must be at least four candidates for each position on the Council for which nominees must be selected by election. No candidate may seek nomination for more than one seat on the Council. In a case where a candidate is nominated more than once, the election committee will decide which place on the ballot the candidate's name will appear. If insufficient candidates have been proposed for any seat, the election committee shall

select additional candidates as required. The slates shall be prepared not later than 5 days after the date for receiving names of candidates by the election committee.

(f) After all candidates have been listed on the slates of candidates, the slates shall be supplied to an independent certified public accounting (CPA) firm contracted by the election committee. The ballots shall be printed and distributed by the CPA firm by U.S. mail, or other means selected by the election committee, not later than 15 days after the slates of candidates are received from the election committee. To the maximum extent practicable, ballots will be distributed to all persons who are eligible to vote for candidates under this subpart in the segment of the industry, the region, or in the United States as a whole, as applicable, to which the ballot pertains. Ballots that are not returned to the CPA firm within 20 days shall be declared invalid. The votes for each candidate on the ballots shall be tallied by the CPA firm at the end of the voting period and the results furnished to the election committee. The election committee shall issue a news release setting forth the names of the candidates and the number of votes received by each candidate within 5 days after the voting period has ended. Those candidates on each of the ballots who rank first, second, third, and fourth in the number of votes received for each seat on the Council shall be declared the nominees for each such seat.

(g) The names of those declared the nominees for each of the seats on the Council representing the various segments of the industry and the designated regions or production areas, where applicable, shall be submitted to the Secretary in order of rank with the number of votes received by each such nominee shown after the nominee's name and with the recommendation that the nominee with the most votes for each of such seats be declared the member of the Council and the nominee with the next greatest number of votes for each of such seats be declared the alternate member. The Secretary shall then appoint from the nominees so provided the members and their al-

ternates for each of such seats on the Council.

(h) Subsequent elections of nominees and appointment of members and alternates as terms expire shall be conducted by the Council or the Council staff in the manner similar to that described above except that the Council shall act as the election committee for which provision is made in this section. The nomination and election process shall be completed at least 90 days before the beginning of each nominee's term of office.

(i) The Council shall periodically review the cut flower and greens market in the United States for changes in the geographic distribution of importing, producing, and marketing facilities and shall, if appropriate, recommend changes in the regions and production areas described in this section to the Secretary for approval.

§ 1208.32 Designation and appointment of retailer members and alternates.

(a) Four nominations for one of the traditional retailer members of the Council and that member's alternate shall be received from the American Floral Marketing Council (AFMC) or a successor entity.

(b) Four nominations for each of two members of the Council and their alternates shall be received from national traditional retail florist organizations other than the AFMC. In order to be eligible to submit nominations for members and alternates to serve on the Council, such organizations must certify that their activities and membership are nationwide in scope. No more than four nominations for each seat may be submitted by each organization.

(c) The Secretary shall choose from among the names submitted by the AFMC the names of the member and alternate who shall fill the seat on the Council representing the AFMC. The Secretary shall choose from among the names submitted by national traditional retail florist organizations other than the AFMC the two members and their alternates who shall fill the other two seats on the Council representing traditional retailers.

§ 1208.33 Failure to nominate.

If any group of qualified wholesale handlers, producers that are qualified handlers, importers that are qualified handlers, persons who produce cut flowers and greens, or traditional retailers fails to nominate individuals for appointments as members or alternates of the Council, the Secretary may appoint individual(s) from the appropriate segment(s), region(s), or area(s) of the industry to fill the vacancy or vacancies. The failure of any nominee to promptly indicate the nominee's willingness to serve in such manner as may be prescribed by the Secretary shall be treated as a failure to nominate.

§ 1208.34 Term of office and compensation.

(a) The term of office for each member or alternate member of the Council shall be three years. As provided in the Act, the initial appointments on the Council shall be as follows: nine of the member appointments shall be for two-year terms, eight of the appointments shall be for three-year terms, and eight of the appointments shall be for four-year terms. Alternate members shall have the same terms of office as their respective members. The term of office on the initial Council shall be apportioned as follows:

(1) One of the two qualified wholesale handler members representing each of Regions 1, 2, 4, and 5 shall serve two-year terms of office; one of the two qualified wholesale handler members representing each of Regions 3, 4, and 6 shall serve three-year terms of office; and one of the two qualified wholesale handler members representing each of Regions 1, 2, 3, 5, and 6 shall serve four-year terms of office.

(2) The two qualified wholesale handler members representing the United States at large shall serve terms of office of two years and three years respectively.

(4) The three members representing importers that are qualified handlers shall serve terms of office of two, three, and four years respectively.

(5) The members representing producers that produce cut flowers and greens east and west of the Mississippi River shall each serve two-year terms of office.

(6) The member representing retailers nominated by the AFMC shall serve a two-year term of office. The two members representing retailers not nominated by the AFMC shall serve three-year and four-year terms of office respectively.

(b) No member of the Council may serve more than two consecutive terms of three years, except that any member serving an initial term of four years or two years may serve an additional term of three years.

(c) The term of office for the initial Council shall begin immediately following appointment by the Secretary. Should the term of office of the initial Council begin before January 1, 1995, the time between appointment and January 1, 1995, shall not count towards the initial term of office. Should the term of office of the initial Council begin later than January 1, 1995, all time until the following January will count as a full year toward the terms of office set out in this section. In subsequent years, the term of office shall begin on January 1 or such other period which may be recommended by the Council and approved by the Secretary.

(d) Members of the Council shall serve without compensation, but each member or alternate member acting in place of a member shall be reimbursed for the expenses incurred in performing duties as a member of the Council.

§ 1208.35 Vacancies.

(a) Should any Council member position become vacant, the alternate of that member shall automatically assume the position of said member. Candidates for the vacant alternate member position which resulted from the alternate filling the vacant member position shall be nominated in the manner specified in §§ 1208.31 and 1208.32. *Provided*, That a vacancy will not be required to be filled if the unexpired term is less than six months.

(b) Should the positions of both a member and such member's alternate become vacant, Candidates to serve the unexpired terms of office for such member and alternate shall be nominated in the manner specified in §§ 1208.31 and 1208.32. *Provided*, That a vacancy will not be required to be filled if the unexpired term is less than six months.

(c) If a member of the Council consistently refuses to perform the duties of a member of the Council, if a member of the Council fails to submit reports and remit assessments required under this part, or if a member of the Council is known to be engaged in acts of dishonesty or willful misconduct, the Council may recommend to the Secretary that the member be removed from office. If the Secretary finds that the recommendation of the Council shows adequate cause, the Secretary shall remove such member from office. Further, without recommendation of the Council, a member may be removed by the Secretary upon a showing of adequate cause, if the Secretary determines that the person's continued service would be detrimental to the achievement of the purposes of the Act.

§ 1208.36 Procedure.

(a) Thirteen (13) Council members, including alternates acting in place of members of the Council, shall constitute a quorum: *Provided*, That such alternates shall serve only when the member is absent from a meeting or is disqualified. Any action of the Council shall require the concurring votes of a majority of those present and voting. At assembled meetings, all votes shall be cast in person.

(b) In lieu of voting at an assembled meeting, and, when in the opinion of the chairperson of the Council such action is considered necessary, or for matters of an emergency nature when there is not enough time to call an assembled meeting, the Council may act upon a majority of concurring votes of its members cast by mail, telegraph, telephone, facsimile, or by other means of communication: *Provided*, That each member or alternate acting for a member receives an accurate, full, and substantially identical explanation of each proposition. Telephone votes shall be

promptly confirmed in writing. All votes shall be recorded in the Council minutes.

(c) Each initial appointment to the executive committee shall be for a term of two years. After the initial appointments, each appointment to the executive committee shall be for a term of one year.

(d) The Council may delegate to the executive committee the authority of the Council under this subpart to hire and manage staff and conduct the routine business of the Council consistent with such policies as are determined by the Council.

(b) The Council shall submit annual budgets of its anticipated expenses and disbursement in the administration of this subpart, including the projected costs for the promotion of cut flowers and greens, consumer information, and related research plans and projects to the Secretary for approval. The first budget, which shall be submitted promptly after the effective date of this subpart, shall cover such period as may remain before the beginning of the next fiscal year. If such fiscal period is 90 days or less, the first budget shall cover such period, as well as the next fiscal year. Thereafter, the Council

shall submit budgets for each succeeding fiscal year not less than 30 days before the beginning of such fiscal year.

(c) The Council is authorized to incur such expenses (including provision for a reasonable reserve for operating contingencies) as the Secretary finds are reasonable and likely to be incurred by the Council for its maintenance and functioning and to enable it to exercise its powers and perform its duties in accordance with this subpart. Expenses authorized in this paragraph shall be paid from assessments collected pursuant to § 1208.50, or other funds available to the Council.

(d) The Council shall reimburse the Secretary, from assessments collected pursuant to § 1208.50, or from other funds available to the Council, for administrative costs incurred by the Department to carry out its responsibilities pursuant to this subpart after December 29, 1994.

(e) The Council shall establish an interest-bearing escrow account with a bank that is a member of the Federal Reserve System and shall deposit in such account an amount equal to the percentage determined by the Council to be held in reserve for the payment of refunds pursuant to § 1208.54.

(f) The Council may, with the approval of the Secretary, borrow money for the payment of administrative expenses, subject to the same fiscal, budget, and audit controls as other funds of the Council.

§ 1208.42 Plans, projects, budgets, and contracts.

The Council shall develop and implement plans and projects for the promotion of, and the dissemination of information about, cut flowers and greens, as well as for research related to cut flowers and greens in accordance with the following:

(a) The Council shall develop, or contract for the development of, plans and projects for advertising, sales promotion, other promotion, and for dissemination of consumer information, with respect to cut flowers and greens, and may disburse such funds as necessary for these purposes after such plans or projects have been submitted to, and approved by, the Secretary. Any such plan or project shall be di-

rected toward increasing the general demand for cut flowers and greens and shall not make reference to a private brand or trade name, point of origin, or source of supply, except that the Council may offer such plans and projects of the Council for use by commercial parties such as local, regional, State, or national floral industry organizations, and then only under terms and conditions prescribed by the Council and approved by the Secretary. No plan or project may make use of unfair or deceptive acts or practices with respect to quality or value.

(b) The Council shall develop, or contract for the development of, plans and projects for research on the development of both established and new markets for cut flowers and greens and for research with respect to postharvest physiology, distribution, sale, marketing, use, and promotion of cut flowers and greens, as well as the dissemination of consumer information concerning cut flowers and greens. The Council is authorized to develop, or contract for the development of, such plans and projects for other research with respect to the marketing, promotion, and dissemination of information about cut flowers and greens as it finds appropriate. The Council may disburse such funds as necessary for these purposes after such plans or projects have been submitted to, and approved by, the Secretary.

(c) The Council shall submit to the Secretary, for approval before implementation, any contracts for development of plans and projects, as well as such plans and projects as may be developed by or approved by the Council for advertising, promotion, dissemination of information, and research. All such submissions to the Secretary shall be accompanied by a proposed budget showing the estimated expense to be incurred and the availability of revenue from which such expense may be paid. On approval of any such submission, the Council may proceed with the contract, plan or project and incur the expenses necessary to carry it out. Contracts or agreements to be submitted to the Secretary and entered into if approved by the Secretary shall, among such other matters as may be required, provide that:

(1) The contracting or agreeing party shall develop and submit to the Council a plan or project, together with a budget that includes the estimated costs to be incurred for the plan or project;

(2) The plan or project shall become effective on the approval of the Secretary; and

(3) The contracting or agreeing party shall:

(i) Keep accurate records of all of the transactions of the party;

(ii) Account for funds received and expenses;

(iii) Make periodic reports to the Council of activities conducted; and

(iv) Make such other reports as the Council or the Secretary may require.

(d) The Council, from time to time, may seek advice from and consult with experts from the production, import, wholesale, and retail segments of the cut flowers and greens industry to assist in the development of promotion, consumer information, and related research plans and projects. For these purposes, the Council may appoint special committees composed of persons other than Council members. A committee so appointed may not provide advice or recommendations to a representative of an agency, or an officer, of the Federal Government, and shall consult directly with the Council.

§ 1208.43 Other contracts and agreements.

The Council may enter into contracts or agreements for administrative services, including contracts of employment, as may be required to conduct its business in accordance with such fiscal period budgets as may have been approved by the Secretary. To the extent appropriate to the contract involved, contracts entered into by the Council under the authority of this section shall contain provisions comparable to those described in § 1208.42(c).

ASSESSMENTS

§ 1208.50 Assessments.

(a) Each qualified handler, as defined in § 1208.16, shall pay to the Council an assessment in an amount determined in accordance with this subpart, on each sale of cut flowers and greens to a

retailer or an exempt handler (as defined in § 1208.8) and on each non-sale transfer of cut flowers and greens to a retailer by a qualified handler that is a distribution center; as well as each direct sale of cut flowers and greens to a consumer by a producer that is a qualified handler, or by an importer that is a qualified handler. Such assessments shall be remitted by each qualified handler to the Council or its agent within 60 days after the end of the month in which the sale or non-sale transfer subject to assessment under this subpart took place. Such assessments shall be paid at the following rates:

(1) During the first three years after December 29, 1994.

(i) Except as provided in paragraph (a)(1)(ii) of this section, the rate shall be one-half of 1 (0.5) percent of the gross sales price of the cut flowers and greens sold;

(ii) In the case of non-sale transfers to a retailer by a qualified handler that is a distribution center and in the case of direct sales by importers or producers, the rate shall be one-half of 1 (0.5) percent of the amount of each transaction's valuation for assessment as provided in paragraph (b);

(2) After the first three years from December 29, 1994, the uniform assessment rate may be increased or decreased annually by not more than one-quarter of 1 (0.25) percent of the gross sales price of a product sold; or in the case of other transactions the amount of such transactions, except that the assessment rate may not exceed 1 percent of the gross sales price or the transaction amount. Changes in the rate of assessment may only be made if such changes are adopted by a two-thirds majority vote of the Council and approved by the Secretary (after public notice and opportunity for comment as provided in the Act) as being necessary to carry out the objectives of the Act. Any such change so approved by the Secretary may be put into effect without a referendum but shall be announced not less than 30 days prior to the beginning of a fiscal year.

(b) Each non-sale transfer of cut flowers and greens to a retailer from a qualified handler that is a distribution center shall be treated as a sale of cut

flowers and greens to a retailer and shall be assessable. Each direct sale of cut flowers and greens to a consumer by a producer who is a qualified handler or an importer who is a qualified handler shall be assessable. These transactions shall be determined to have the following valuations for assessment purposes:

(1) In the case of a non-sale transfer of cut flowers and greens from a distribution center that is a qualified handler and each direct sale of cut flowers and greens to a consumer by an importer that is a qualified handler, the amount of the valuation of the cut flowers and greens for assessment purposes shall be the price paid by the distribution center or importer to acquire the cut flowers and greens, and determined by multiplying the acquisition price by a uniform factor of 1.43 to represent the markup of a wholesale handler on a sale to a retailer.

(2) In the case of a direct sale to a consumer by a producer who is a qualified handler, the valuation of the cut flowers and greens for assessment purposes shall be equal to an amount determined by multiplying the price paid by the consumer by a uniform factor of 0.50 to represent the cost of producing the article and the markup of a wholesale handler on a sale to a retailer.

(3) The Council may consider and adopt changes in the uniform factors specified in paragraphs (b) (1) and (2) of this section. Any such change shall not become effective until it has been adopted by a majority vote of the Council and approved by the Secretary after public notice and opportunity to comment on such change as provided in the Act. Changes so adopted and approved shall become effective at the beginning of the next fiscal year.

(c) The collection of assessments shall commence on or after a date established by the Secretary, and shall continue until terminated by the Secretary. If the Council is not constituted on the date the first assessments are to be remitted, the Secretary shall have the authority to receive assessments on behalf of the Council and may hold such assessments in an interest bearing account until the Council is constituted, and the

funds may be transferred to the Council.

(d) Assessments shall be determined on the basis of the gross sales price. The Council, with the approval of the Secretary, may make uniform adjustments in determining the gross sales price when such adjustments reflect changes in trade practices or ensure equitable treatment of all qualified handlers paying assessments.

(e) No assessments may be levied on any sale of cut flowers and greens for export from the United States. The Council is authorized to establish procedures for the verification of exports.

(f) In general, assessment funds (less refunds, if any) shall be used:

(1) For payment of costs incurred in implementing and administering this subpart;

(2) To provide for a reasonable reserve to be maintained from assessments to be available for contingencies; and

(3) To cover the administrative costs incurred by the Secretary in implementing and administering this Act.

NOTE TO §1208.50: The requirement to pay assessments is terminated as of July 29, 1997.

[59 FR 67143, Dec. 29, 1994, as amended at 62 FR 40257, July 28, 1997]

§ 1208.51 Influencing governmental action.

No funds collected by the Council shall in any manner be used for the purpose of influencing legislation or government action or policy, except to develop and recommend to the Secretary amendments to this subpart.

§ 1208.52 Charges for late payments.

Any assessment due the Council pursuant to §1208.50 that is not paid on time shall be increased 1.5 percent each month it remains unpaid beginning with the day following the date such assessment was due. If not paid in full, any remaining amount due, which shall include any unpaid charges previously made pursuant to this section, shall be increased at the same rate on the corresponding day of each month thereafter until paid. For the purpose of this section, any assessment that was determined at a date later than prescribed by this subpart because of a failure to submit a report when due

shall be considered to have been payable by the date it would have been due if the report had been filed when due. The timeliness of a payment to the Council shall be based on the applicable postmark date or the date actually received by the Council, whichever is earlier.

§ 1208.53 Adjustment of accounts.

Whenever the Council or the Secretary determines through an audit of a person's reports, records, books, or accounts or through some other means that additional money is due the Council or that money is due such person from the Council, such person shall be notified of the amount due. The person shall then remit any amount due the Council by the next date for remitting assessments. Overpayments shall be credited to the account of the person remitting the overpayment and shall be applied against amounts due in succeeding months.

§ 1208.54 Refunds of assessments and escrow account.

(a) Any qualified handler may demand and receive from the escrow account, subject to the limitation on such payments provided in paragraph (c), a one-time refund of any assessments paid by or on behalf of the handler if the handler requests the refund before the initial referendum on this subpart is held and this subpart is rejected by the voters when it is submitted to the referendum. Such a refund will be paid only if all of the following conditions are met:

(1) The handler has paid the assessments sought to be refunded and has submitted proof of such payment;

(2) The handler does not support the program established under this subpart and so states in the handler's demand for a refund;

(3) The handler's demand for a refund is made on a form specified by the Council and filed not less than 10 days prior to the date when the initial referendum, conducted pursuant to § 1208.60(a) to ascertain whether this subpart shall remain in effect, is scheduled to begin; and

(4) This subpart is not approved by a simple majority of the votes cast by

qualified handlers in the initial referendum.

(b) The Council shall establish an escrow account to be used for assessment refunds, as needed, and shall place into the account an amount equal to 10 percent of the total amount of assessments collected during the period beginning on December 29, 1994 and ending on the date the results of the initial referendum are issued and the initial referendum is completed.

(c) If the amount in the escrow account is not sufficient to refund the total amount of assessments demanded by all qualified handlers determined eligible for refunds and this subpart is not approved in the referendum, the Council shall prorate the amount of all such refunds among all eligible qualified handlers that demand the refund. If there is any amount in excess of the amount needed to pay refunds and expenses, it shall be returned pro rata to those who paid assessments. If this subpart is approved in the referendum, there shall be no refunds made, and all funds in the escrow account shall be returned to the Council for use by the Council in accordance with the other provisions of this subpart.

§ 1208.55 Postponement of collections.

(a) The Council may grant a postponement of the payment of an assessment under this subpart for any qualified handler that establishes that it is financially unable to make the payment. In order that a qualified handler that is financially unable to pay an assessment may have the opportunity to petition the Council to postpone payment of such an assessment, as provided in the Act, the Council shall develop forms and procedures for this purpose as expeditiously as possible and submit them to the Secretary for approval and issuance after notice and an opportunity for public comment thereon. Such procedures shall, among other things, require that the handler demonstrate the handler's inability to pay through the submission of an opinion prepared by an independent certified public accountant (at the handler's expense) and any other documentation specified therein to the effect that the handler is insolvent or will be unable to continue to operate if

the handler is required to pay the assessment when due.

(b) The procedures for obtaining a postponement of payment to be developed by the Council for submission to the Secretary shall also include provisions with respect to the period of postponement, the conditions of payment that may be imposed and the basis, if any, on which further extensions of the time for payment will be granted so as to appropriately reflect the demonstrated needs of the qualified handler.

§ 1208.56 Determinations.

(a) The Council is authorized to make the determinations required by this subpart as to the status of persons as qualified handlers and exempt handlers including determinations of the status of persons as qualified wholesale handlers, distribution centers that are qualified handlers, producers that are qualified handlers, importers that are qualified handlers, as well as such other determinations of status and facts as may be required for the effective administration of this subpart. Based on such determinations, the Council from time to time shall publish lists of exempt handlers who are not required to pay assessments, and lists of qualified handlers who are required to pay assessments under this subpart.

(b) For the purpose of applying the \$750,000 annual sales limitation to a specific person in order to determine the status of the person as a qualified handler or an exempt handler or to a specific facility in order to determine the status of the facility as an eligible separate facility for the purpose of referenda, the Council is authorized to determine the annual sales volume of a person or facility.

(c) Any such determination shall be based on the sales of cut flowers and greens by the person or facility during the most recently-completed calendar year, except that in the case of a new business or other operation for which complete data on sales during all or part of the most recently-completed calendar year are not available to the Council, the determination may be made using an alternative time period or other alternative procedures as the

Council may find appropriate. In making such determinations, the Council is authorized to make attributions in accordance with paragraphs (c) (1) through (4) of this section and for the purpose of determining the annual sales volume of a person or a separate facility of a person, sales attributable to a person shall include:

(1) In the case of an individual, sales attributable to the spouse, children, grandchildren, parents, and grandparents of the person;

(2) In the case of a partnership or member of a partnership, sales attributable to the partnership and other partners of the partnership;

(3) In the case of an individual or a partnership, sales attributable to any corporation or other entity in which the individual or partnership owns more than 50 percent of the stock or (if the entity is not a corporation) that the individual or partnership controls; and

(4) In the case of a corporation, sales attributable to any corporate subsidiary or other corporation or entity in which the corporation owns more than 50 percent of the stock or (if the entity is not a corporation) that the corporation controls.

(d) The Council is also authorized to attribute any stock ownership interest as may be required to carry out this subpart. In doing so a stock ownership interest in the entity that is owned by the spouse, children, grandchildren, parents, grandparents, or partners of an individual, or by a partnership in which a person is a partner, or by a corporation more than 50 percent of the stock of which is owned by a person, shall be treated as owned by the individual or person.

(e) For the purpose of this subpart, the Council, with the approval of the Secretary, may require a person who sells cut flowers and greens to retailers to submit reports to the Council on annual sales by the person and on stock ownership.

SUSPENSION OR TERMINATION

§ 1208.60 Suspension and termination.

If the Secretary finds that this subpart, or any provision of this subpart, obstructs or does not tend to effectuate

the policy of the Act, the Secretary shall terminate or suspend the operation of this subpart or the provision of this subpart under such terms as the Secretary determines are appropriate. Such termination or suspension shall not be considered an order within the meaning of such term in the Act.

§ 1208.61 Proceedings after termination.

(a) Upon the termination of this subpart, the Council shall recommend not more than five of its members to the Secretary to serve as trustees for the purpose of liquidating the assets of the Council. Such persons, upon designation by the Secretary, shall become trustees of all the funds and property owned, in the possession of, or under the control of the Council, including any claims unpaid or property not delivered, or any other claim existing at the time of such termination.

(b) The trustees shall:

(1) Continue in such capacity until discharged by the Secretary;

(2) Carry out the obligations of the Council under any contract or agreement entered into by it under this subpart;

(3) Make refunds from the escrow account to those persons who applied for refunds of assessments paid and who are eligible to receive such refunds. Such refunds shall be made within 30 days after the referendum results are issued.

(4) From time to time account for all receipts and disbursements, and deliver all property on hand, together with all books and records of the Council and of the trustees, to such persons as the Secretary may direct; and

(5) Upon the request of the Secretary, execute such assignments or other instruments necessary or appropriate to vest in such persons full title and right to all of the funds, property, and claims vested in the Council or the trustees under this subpart.

(c) Any person to whom funds, property, or claims have been transferred or delivered under this subpart shall be subject to the same obligations imposed upon the Council and upon the trustees.

(d) Any residual funds not required to defray the necessary expenses of liq-

uidation shall be turned over to the Secretary to be used, to the extent practicable, in the interest of continuing one or more of the promotion, research, consumer information, or industry information programs, plans, or projects authorized under this subpart.

§ 1208.62 Effect of termination or amendment.

Unless otherwise expressly provided by the Secretary, the termination of this subpart or of any regulation or rule issued under this subpart, or the issuance of any amendment to such provisions, shall not:

(b) Release or extinguish any violation of this subpart or any such regulation or rule; or

(c) Affect or impair any rights or remedies of the United States, the Secretary, or any person with respect to any such violation.

(b) The Council shall, as soon as practicable after December 29, 1994 and after consultation with the Secretary and other appropriate persons, implement a system of cost controls based on normally accepted business practices that will ensure that the annual budgets of the Council include only amounts for administrative expenses that cover the minimum administrative activities and personnel needed to properly administer and enforce this subpart, and conduct, supervise, and evaluate plans and projects under this subpart.

DEFINITIONS

§ 1208.100 Terms defined.

Unless otherwise defined in this subpart, definitions or terms used in this subpart shall have the same meaning as the definitions of such terms which appear in Subpart A—Fresh Cut Flowers and Fresh Cut Greens Promotion and Information Order of this part.

ASSESSMENTS

§ 1208.150 Procedures for postponement of collections.

(a) For a request for postponement of the payment of assessments to be granted, the qualified handler requesting such postponement must: Submit a written opinion from a Certified Public Accountant stating that the handler making the request is insolvent or will be unable to continue to operate if the handler is required to pay the assessments when due; and submit copies of the handler's last three (3) years' federal tax returns. The request must be in writing no later than 30 days after the assessment for the first month of the requested postponement period is due. Applications postmarked after the 30-day due date will not be considered by the Council. The qualified handler must file handler reports with the Council for each month during the postponement period. The postponement period may not exceed six (6) months unless an extension is requested and granted by the Council. Only one extension of up to six (6) months may be granted. Within the postponement period, the qualified handler will be exempt from paying assessments beginning with the first month for which the request for postponement is filed with the Council and for no more than six (6) months unless an extension is granted. The same procedures used for the initial request will be used to grant any extension. The written request must specify:

- (1) A reason for the request;
- (2) Detailed information concerning the qualified handler's name, address, and telephone and fax numbers;
- (3) The month(s) for which the request is made;
- (4) Assessments due per month or gross sales per month;
- (5) Total assessments due;
- (6) The percent or amount of the outstanding assessment to be paid each month after the postponement of payment is granted; and
- (7) The starting and ending date for the payment of assessments due.

(b) At the end of the postponement period, the qualified handler must pay the percent or amount outstanding of assessments agreed upon each month

Pt. 1209

as well as any other assessments which are due. An extension of time for payment of postponed assessments, if granted, will be for the same months previously requested and granted. The extension must not exceed six (6) months. If a qualified handler requests that another period be postponed, that handler must file another application for the postponement of the assessment for the second period using the same procedure which was followed in requesting the first postponement. A qualified handler may request the postponement of the payment of assessments for a maximum of two periods of up to six (6) months each. The payment applicable to the second postponement period, if granted, may not be extended, and the payment period must not exceed the length of the postponement period. Payment of the total assessments due, when an extension and a second period are granted, must begin within one (1) year after the first postponed month's assessments were originally due. No additional postponements would be considered by the Council until the assessments owed for the first two periods have been paid. The Council may conduct an audit of the qualified handler's records at any time to determine whether the qualified handler will be unable to continue to operate if the handler is required to pay the assessments due. In the event that postponed assessments are not paid when due, the Council can demand that all such assessments due be paid in their entirety.

(c) Charges for late payment of assessments as described in §1208.52 will not be imposed on assessments for which postponement of payment has been granted.

(a) There is hereby established a Mushroom Council of not less than four or more than nine members. The Council shall be composed of producers appointed by the Secretary under § 1209.33, except that, as provided in paragraph (c), importers shall be appointed by the Secretary to the Council under § 1209.33 once imports, on average, reach at least 35,000,000 pounds of mushrooms annually.

(b) For purposes of nominating and appointing producers to the Council, the United States shall be divided into four geographic regions and the number of Council members from each region shall be as follows:

(1) *Region 1:* including Maine, Vermont, New Hampshire, Massachusetts, Rhode Island, Connecticut, New York, Ohio, Kentucky, Indiana, Michigan, Wisconsin, Illinois, Missouri, Iowa, Nebraska, Kansas, Minnesota, North Dakota, South Dakota, Montana, Colorado, and Wyoming—2 Members.

(2) *Region 2:* including Pennsylvania, Delaware, New Jersey, the District of Columbia, West Virginia, Virginia, and Maryland—3 Members.

(3) *Region 3*: including Washington, Oregon, Idaho, Utah, Arizona, California, Nevada, Alaska, and Hawaii—3 Members.

(4) *Region 4*: including New Mexico, Texas, Oklahoma, Arkansas, Louisiana, Alabama, Mississippi, Georgia, Tennessee, North Carolina, South Carolina, Florida, and the Commonwealth of Puerto Rico—1 Member.

(c) Importers shall be represented by a single, separate region, referred to as Region 5, consisting of the United States as defined in §1209.21(b) when imports, on average, equal or exceed 35,000,000 pounds of mushrooms annually.

(d) At least every five years, and not more than every three years, the Council shall review changes in the geographic distribution of mushroom production volume throughout the United States and import volume, using the average annual mushroom production and imports over the preceding four years, and, based on such review, shall recommend to the Secretary reapportionment of the regions established in paragraph (b), or modification of the number of members from such regions, as determined under the rules established in paragraph (e), or both, as necessary to best reflect the geographic distribution of mushroom production volume in the United States and representation of imports, if applicable.

(e) Subject to the nine-member maximum limitation, the following procedure will be used to determine the number of members for each region to serve on the Council under paragraph (d):

(1) Each region that produces, on average, at least 35,000,000 pounds of mushrooms annually shall be entitled to one representative on the Council.

(2) As provided in paragraph (c), importers shall be represented by a single, separate region, which shall be entitled to one representative, if such region imports, on average, at least 35,000,000 pounds of mushrooms annually.

(3) Each region shall be entitled to representation by an additional Council member for each 50,000,000 pounds of annual production or imports, on average, in excess of the initial 35,000,000

pounds required to qualify the region for representation.

(4) Should, in the aggregate, regions be entitled to levels of representation under paragraphs (e) (1), (2) and (3) that would exceed the nine-member limit on the Council under the Act, the regions shall be entitled to representation on the Council as follows:

(i) Each region first shall be assigned one representative on the Council pursuant to paragraphs (e) (1) and (2).

(ii) Then, each region with 50,000,000 pounds of annual production or imports, on average, in excess of the initial 35,000,000 pounds required to qualify the region for representation shall be assigned one additional representative on the Council, except that if under such assignments all five regions, counting importers as a region, if applicable, would be entitled to additional representatives, that region with the smallest on-average volume, in terms of production or imports, will not be assigned an additional representative.

(iii) After members are assigned to regions under paragraphs (e)(4) (i) and (ii), if less than the entire nine seats on the Council have been assigned to regions, the remaining seats on the Council shall be assigned to each region for each 50,000,000 pound increment of annual production or import volume, on average, in excess of 85,000,000 pounds until all the seats are filled. If for any such 50,000,000 pound increment, more regions are eligible for seats than there are seats available, the seat or seats assigned for such increment shall be assigned to that region or those regions with greater on-average production or import volume than the other regions otherwise eligible at that increment level.

(f) In determining the volume of mushrooms produced in the United States or imported into the United States for purposes of this section, the Council and the Secretary shall:

(1) Only consider mushrooms produced or imported by producers and importers, respectively, as those terms are defined in §§ 1209.8 and 1209.15; and

(2) Use the information received by the Council under §1209.60, and data published by the Department.

(g) For purposes of the provisions of this section relating to the appointment of producers and importers to serve on the Council, the term *producer* or *importer* refers to any individual who is a producer or importer, respectively, or if the producer or importer is an entity other than an individual, an individual who is an officer or employee of such producer or importer.

§ 1209.31 Nominations.

All nominations for appointments to the Council under §1209.33 shall be made as follows:

(a) As soon as practicable after this subpart becomes effective, nominations for appointment to the initial Council shall be obtained from producers by the Secretary. In any subsequent year in which an appointment to the Council is to be made, nominations for positions whose terms will expire at the end of that year shall be obtained from producers, and as appropriate, importers, and certified by the Council and submitted to the Secretary by August 1 of such year, or such other date as approved by the Secretary.

(b) Nominations shall be made at regional caucuses of producers or importers, or by mail ballot as provided in paragraph (e), in accordance with procedures prescribed in this section.

(c) Except for initial Council members, whose nomination process will be initiated by the Secretary, the Council shall issue a call for nominations by February 1 of each year in which nominations for an appointment to the Council is to be made. The call shall include, at a minimum, the following information:

(1) A list by region of the vacancies for which nominees may be submitted and qualifications as to producers and importers.

(2) The date by which the names of nominees shall be submitted to the Secretary for consideration to be in compliance with paragraph (a) of this section.

(3) A list of those States, by region, entitled to participate in the nomination process.

(4) The date, time, and location of any next scheduled meeting of the Council, and national and State producer or importer associations, if

known, and of the regional caucuses, if any.

(d)(1) Except as provided in paragraph (e), nominations for each position shall be made by regional caucus in the region entitled to nominate for such position. Notice of such caucus shall be publicized to all producers or importers within the region, and to the Secretary, at least 30 days prior to the caucus. The notice shall have attached to it the call for nominations from the Council and the Department's equal opportunity policy. Except with respect to nominations for the initial appointments to the Council, the responsibility for convening and publicizing the regional caucus shall be that of the Council.

(2) All producers or importers within the region may participate in the caucus. However, if a producer is engaged in the production of mushrooms in more than one region or is also an importer, such person's participation within a region shall be limited to one vote and shall only reflect the volume of such person's production or imports within the applicable region.

(3) The regional caucus shall conduct the selection process for the nominees in accordance with procedures to be adopted at the caucus subject to the following requirements:

(i) There shall be two individuals nominated for each open position.

(ii) Each nominee shall meet the qualifications set forth in the call.

(iii) If a producer nominee is engaged in the production of mushrooms in more than one region or is also an importer, such individual shall participate within the region that such individual so elects in writing to the Council and such election shall remain controlling until revoked in writing to the Council.

(e) After the regional caucuses for the initial Council, the Council may conduct the selection of nominees by mail ballot in lieu of a regional caucus.

(f) When producers or importers are voting for nominees to the Council, whether through a regional caucus or a mail ballot, the following conditions shall apply:

(1) Voting for any open position shall be on the basis of:

(i) One vote per eligible voter; and

(ii) Volume of on-average production or imports of the eligible voter within that region.

(2) Whenever the producers or importers in a region are choosing nominees for one open position on the Council, the proposed nominee with the highest number of votes cast and the proposed nominee with the highest volume of production or importers voted shall be the nominees submitted to the Secretary. If a proposed nominee receives both the highest number of votes cast and the highest volume of production or imports voted, then the proposed nominee with the second highest number of votes cast shall be a nominee submitted to the Secretary along with such proposed nominee receiving both the highest number of votes cast and the highest volume of production or imports voted.

(3) Whenever the producers or importers in a region are choosing nominees for more than one open position on the Council at the same time, the number of the nominations submitted to the Secretary shall equal twice the number of such open positions, and for each open position shall consist of the proposed nominee with the highest number of votes cast and the proposed nominee with the highest volume of production or imports voted with respect to that position, subject to the rule set out in paragraph (f)(2). An individual shall only be nominated for one such open position.

(4) Voters shall certify on their ballots as to their on-average production or import volume within the region involved. Such certification may be subject to verification.

(g)(1) The Secretary may reject any nominee submitted. If there are insufficient nominees from which to appoint members to the Council as a result of the Secretary's rejecting such nominees, additional nominees shall be submitted to the Secretary under the procedures set out in this section.

(2) Whenever producers or importers in a region cannot agree on nominees for an open position on the Council under the preceding provisions of this section, or whenever they fail to nominate individuals for appointment to the Council, the Secretary may appoint members in such manner as the Sec-

retary, by regulation, determines appropriate.

§ 1209.32 Acceptance.

Each individual nominated for membership on the Council shall qualify by filing a written acceptance with the Secretary at the time of nomination.

§ 1209.33 Appointment.

From the nominations made pursuant to §1209.31, the Secretary shall appoint the members of the Council on the basis of representation provided for in §1209.30, except that no more than one member may be appointed to the Council from nominations submitted by any one producer or importer.

§ 1209.34 Term of office.

(a) The members of the Council shall serve for terms of three years, except that the members appointed to the initial Council shall serve, proportionately, for terms of one, two, and three years.

(b) Members of the initial Council shall be designated for, and shall serve, terms as follows: One producer member each from regions 1, 2 and 3 shall be appointed for an initial term of one year; one producer member each from regions 1, 2, and 3 shall be appointed for an initial term of two years; and one producer member each from regions 2, 3, and 4 shall be appointed for an initial term of three years. Because current imports of fresh mushrooms are less than 35,000,000 pounds, the minimum established for representation on the Council, importers will not initially have a member appointed to the Council.

(c)(1) Except with respect to terms of office of the initial Council, the term of office for each member of the Council shall begin on January 1 or such other date that may be approved by the Secretary.

(2) The term of office for the initial Council shall begin immediately following appointment by the Secretary, except that time in the interim period from appointment until the following January 1, or such other date that is the generally applicable beginning date for terms under paragraph (c)(1) approved by the Secretary, shall not count toward the initial term of office.

(d) Council members shall serve during the term of office for which they are appointed and have qualified, and until their successors are appointed and have qualified.

(e)(1) No member shall serve more than two successive three-year terms, except as provided in paragraph (e)(2)(ii).

(2)(i) Those members serving initial terms of two or three years may serve one successive three-year term.

(ii) Those members serving initial terms of one year may serve two successive three-year terms.

§ 1209.35 Vacancies.

(a) To fill any vacancy occasioned by the death, removal, resignation, or disqualification of any member of the Council, the Secretary may appoint a successor from the most recent nominations submitted for open positions on the Council assigned to the region that the vacant position represents, or the Secretary may obtain nominees to fill such vacancy in such manner as the Secretary, by regulation, deems appropriate. Each such successor appointment shall be for the remainder of the term vacated. A vacancy will not be required to be filled if the unexpired term is less than six months.

(b)(1) No successor appointed to a vacated term of office shall serve more than two successive three-year terms on the Council, except as provided in paragraph (b)(2)(ii).

(2)(i) Any successor serving longer than one year may serve one successive three-year term.

(ii) Any successor serving one year or less may serve two successive three-year terms.

(c) If a member of the Council consistently refuses to perform the duties of a member of the Council, or if a member of the Council is known to be engaged in acts of dishonesty or willful misconduct, the Council may recommend to the Secretary that the member be removed from office. If the Secretary finds the recommendation of the Council shows adequate cause, the Secretary shall remove such member from office. Further, without recommendation of the Council, a member may be removed by the Secretary upon showing of adequate cause, including

the failure by a member to submit reports or remit assessments required under this part, if the Secretary determines that such member's continued service would be detrimental to the achievement of the purposes of the Act.

§ 1209.36 Procedure.

(a) At a properly convened meeting of the Council, a majority of the members shall constitute a quorum.

(b) Each member of the Council will be entitled to one vote on any matter put to the Council, and the motion will carry if supported by a simple majority of those voting. At assembled meetings of the Council, all votes will be cast in person.

(c) In lieu of voting at a properly convened meeting and, when in the opinion of the chairperson of the Council such action is considered necessary, the Council may take action upon the concurring votes of a majority of its members by mail, telephone, telegraph, or any other means of communication, but any such action shall be confirmed promptly in writing. In that event, all members must be notified and provided the opportunity to vote. Any action so taken shall have the same force and effect as though such action had been taken at a properly convened meeting of the Council. All votes shall be recorded in Council minutes.

(d) Meetings of the Council may be conducted by electronic communications, provided that each member is given prior notice of the meeting and has an opportunity to be present either physically or by electronic connection.

The Council shall have the following powers:

the cost thereof with funds collected and received pursuant to this subpart. The Council shall not contract with any producer or importer for the purpose of mushroom promotion or research. The Council may lease physical facilities from a producer or importer for such promotion or research, if such an arrangement is determined to be cost effective by the Council and approved by the Secretary. Any contract or agreement shall provide that:

(1) The contractor or agreeing party shall develop and submit to the Council a program, plan, or project together with a budget or budgets that shall show the estimated cost to be incurred for such program, plan, or project;

(2) Any such program, plan, or project shall become effective upon approval of the Secretary;

(3) The contracting or agreeing party shall keep accurate records of all of its transactions and make periodic reports to the Council of activities conducted, submit accountings for funds received and expended, and make such other reports as the Secretary or the Council may require; and the Secretary may audit the records of the contracting or agreeing party periodically; and

(4) Any subcontractor who enters into a contract with a Council contractor and who receives or otherwise uses funds allocated by the Council shall be subject to the same provisions as the contractor;

(b) To evaluate or develop, and submit to the Secretary for approval, promotion, research, consumer information, and industry information programs, plans, or projects;

PROMOTION, RESEARCH, CONSUMER INFORMATION, AND INDUSTRY INFORMATION

§ 1209.40 Programs, plans, and projects.

(a) The Council shall receive and evaluate, or on its own initiative develop, and submit to the Secretary for approval any program, plan, or project authorized under this subpart. Such programs, plans, or projects shall provide for:

(1) The establishment, issuance, effectuation, and administration of appropriate programs for promotion, research, consumer information, and industry information with respect to mushrooms; and

(2) The establishment and conduct of research with respect to the sale, distribution, marketing, and use of mushrooms and mushroom products, and the creation of new products thereof, to the end that marketing and use of mushrooms may be encouraged, expanded, improved or made more acceptable. However, as prescribed by the Act, nothing in this subpart may be construed to authorize mandatory requirements for quality control, grade standards, supply management programs, or other programs that would control production or otherwise limit the right of individual producers to produce mushrooms.

(b) No program, plan, or project shall be implemented prior to its approval by the Secretary. Once a program, plan, or project is so approved, the

Council shall take appropriate steps to implement it.

(c) Each programs, plan, or project implemented under this subpart shall be reviewed or evaluated periodically by the Council to ensure that it contributes to an effective program of promotion, research, consumer information, or industry information. If it is found by the Council that any such program, plan, or project does not contribute to an effective program of promotion, research, consumer information, or industry information, then the Council shall terminate such program, plan, or project.

(d) In carrying out any program, plan, or project, no reference to a brand name, trade name, or State or regional identification of any mushrooms or mushroom product shall be made. In addition, no program, plan, or project shall make use of unfair or deceptive acts or practices with respect to the quality, value, or use of any competing product.

EXPENSES AND ASSESSMENTS

§ 1209.50 Budget and expenses.

(a)(1) At least 60 days prior to the beginning of each fiscal year, and as may be necessary thereafter, the Council shall prepare and submit to the Secretary a budget for the fiscal year covering its anticipated expenses and disbursements in administering this subpart. Each such budget shall include:

(i) A statement of objectives and strategy for each program, plan, or project;

(ii) A summary of anticipated revenue, with comparative data for at least one preceding year;

(iii) A summary of proposed expenditures for each program, plan, or project; and

(iv) Staff and administrative expense breakdowns, with comparative data for at least one preceding year.

Each budget shall include a rate of assessment for such fiscal year calculated, subject to § 1209.51(b), to provide adequate funds to defray its proposed expenditures and to provide for a reserve as set forth in paragraph (f). The Council may change such rate at any time, as provided in § 1209.51(b)(5).

(2)(i) Subject to paragraph (a)(2)(ii), any amendment or addition to an approved budget must be approved by the Secretary, including shifting of funds from one program, plan, or project to another.

(ii) Shifts of funds which do not cause an increase in the Council's approved budget and which are consistent with governing bylaws need not have prior approval by the Secretary.

(b) The Council is authorized to incur such expenses, including provision for a reasonable reserve, as the Secretary finds are reasonable and likely to be incurred by the Council for its maintenance and functioning, and to enable it to exercise its powers and perform its duties in accordance with the provisions of this subpart. Such expenses shall be paid from funds received by the Council.

(c) The Council shall not use funds collected or received under this subpart to reimburse, defray, or make payment of expenditures incurred in developing, drafting, studying, lobbying on or promoting the legislation authorizing this subpart. Such prohibition includes reimbursement, defrayment, or payment to mushroom industry associations or organizations, producers or importers, lawyers, law firms, or consultants.

(d) The Council may accept voluntary contributions, but these shall only be used to pay expenses incurred in the conduct of programs, plans, and projects. Such contributions shall be free from any encumbrance by the donor and the Council shall retain complete control of their use. The donor may recommend that the whole or a portion of the contribution be applied to an ongoing program, plan, or project.

(e) The Council shall reimburse the Secretary, from funds received by the Council, for administrative costs incurred by the Secretary in implementing and administering this subpart, except for the salaries of Department employees incurred in conducting referenda.

(f) The Council may establish an operating monetary reserve and may carry over to subsequent fiscal periods excess funds in any reserve so established, except that the funds in the reserve shall not exceed approximately

one fiscal year's expenses. Such reserve funds may be used to defray any expenses authorized under this subpart.

(g) With the approval of the Secretary, the Council may borrow money for the payment of administrative expenses, subject to the same fiscal, budget, and audit controls as other funds of the Council.

§ 1209.51 Assessments.

(a) Any first handler initially purchasing, or otherwise placing into the current of commerce, mushrooms produced in the United States shall, in the manner as prescribed by the Council and approved by the Secretary, collect an assessment based upon the number of pounds of mushrooms marketed in the United States for the account of the producer, and remit the assessment to the Council.

(b) The rate of assessment effective during any fiscal year shall be the rate specified in the budget for such fiscal year approved by the Secretary, except that:

(1) The rate of assessment during the first year this subpart is in effect shall be one-quarter of one cent per pound of mushrooms marketed, or the equivalent thereof.

(2) The rate of assessment during the second year this subpart is in effect shall not exceed one-third of one cent per pound of mushrooms marketed, or the equivalent thereof.

(5) The Council may change the rate of assessment for a fiscal year at any time with the approval of the Secretary as necessary to reflect changed circumstances, except that any such changed rate may not exceed the level of assessment specified in paragraphs (b)(1), (2), (3), or (4), whichever is applicable.

(c) Any person marketing mushrooms of that person's own production to consumers in the United States, either di-

rectly or through retail or wholesale outlets, shall be considered a first handler and shall remit to the Council an assessment on such mushrooms at the rate per-pound then in effect, and in such form and manner prescribed by the Council.

(d) Only one assessment shall be paid on each unit of mushrooms marketed.

(e)(1) Each importer of mushrooms shall pay an assessment to the Council on mushrooms imported for marketing in the United States, through the U.S. Customs Service or in such other manner as may be established by rules and regulations approved by the Secretary.

(2) The per-pound assessment rate for imported mushrooms shall be the same as the rate provided for mushrooms produced in the United States.

(5) Only one assessment shall be paid on each unit of mushrooms imported.

(f) The collection of assessments under this section shall commence on all mushrooms marketed in or imported into the United States on or after the date established by the Secretary, and shall continue until terminated by the Secretary. If the Council is not constituted on the date the first assessments are to be collected, the Secretary shall have the authority to receive assessments on behalf of the Council and may hold such assessments until the Council is constituted, then remit such assessments to the Council.

(g)(1) Each person responsible for remitting assessments under paragraphs (a), (c), or (e) shall remit the amounts due from assessments to the Council on a monthly basis no later than the fifteenth day of the month following the

month in which the mushrooms were marketed, in such manner as prescribed by the Council.

(2)(i) A late payment charge shall be imposed on any person that fails to remit to the Council the total amount for which the person is liable on or before the payment due date established under this section. The amount of the late payment charge shall be prescribed in rules and regulations as approved by the Secretary.

(ii) An additional charge shall be imposed on any person subject to a late payment charge, in the form of interest on the outstanding portion of any amount for which the person is liable. The rate of interest shall be prescribed in rules and regulations as approved by the Secretary.

(3) Any assessment that is determined to be owing at a date later than the payment due established under this section, due to a person's failure to submit a report to the Council by the payment due date, shall be considered to have been payable on the payment due date. Under such a situation, paragraphs (g)(2)(i) and (g)(2)(ii) of this section shall be applicable.

(h) The Council, with the approval of the Secretary, may enter into agreements authorizing other organizations to collect assessments in its behalf. Any such organization shall be required to maintain the confidentiality of such information as is required by the Council for collection purposes. Any reimbursement by the Council for such services shall be based on reasonable charges for services rendered.

(i) The Council is hereby authorized to accept advance payment of assessments for the fiscal year by any person, that shall be credited toward any amount for which such person may become liable. The Council shall not be obligated to pay interest on any advance payment.

(d) Remittance shall be by check, draft, or money order payable to the Mushroom Council, and shall be accompanied by a report, on a form provided by the Council.

(e) A late payment charge shall be imposed on any first handler or importer who fails to make timely remittance to the Council of the total assessment amount for which the person is liable. Such late payment charge shall be imposed on any assessments not received by the last day of the month following the month in which the mushrooms involved were marketed or, in the case of imports, not collected by the U.S. Customs Service at the time of entry or withdrawal for consumption into the United States. This one-time late payment charge shall be 10 percent of the assessments

due before interest charges have accrued. The late payment charge will not be applied to any late payments postmarked within 15 days after the end of the month such assessments are due.

(f) In addition to the late payment charge, interest shall be charged at a rate of one and one-half percent per month on the outstanding balance, including the late payment charge and any accrued interest, of any account that remains delinquent beyond the last day of the second month following the month the mushrooms involved were marketed. However, first handlers paying their assessments, in accordance with paragraph (h)(2) of this section, will not be subject to the one and one-half percent per month interest under this paragraph until the last day of the second month after such assessments are due under paragraph (h)(2) of this section. In the case of imports, such a rate of interest will be charged to any account that remains delinquent on any assessments not collected by the U.S. Customs Service at the time of entry or withdrawal for consumption into the United States. Such a rate of interest will continue to be charged monthly until the outstanding balance is paid to the Council.

(g) Any assessment determined by the Council at a date later than prescribed by this section, because of a person's failure to submit a report to the Council when due, shall be considered to have been payable by the date it would have been due if the report had been filed on time. A late payment charge and monthly interest charges on the outstanding balance shall be applicable to such unpaid assessment in accordance with paragraphs (e) and (f) of this section.

(h) In lieu of the monthly assessment payment and reporting requirements of § 1209.260 of this subpart and § 1209.60 of this part, the Council may permit a first handler to make advance payment of the total estimated assessment amount due to the Council for the ensuing fiscal year, or portion thereof, prior to the actual determination of assessable mushrooms.

(1) Each person shall provide an initial report estimating assessable mushrooms. The Council may request additional information on such estimate.

(2) Each person shall provide a final report of actual marketings during the period involved and remit any unpaid assessments not later than the fifteenth day of the month following the end of the period covered.

(3) Any person whose prepayment exceeds the amount paid shall be reimbursed for the amount of overpayment. The Council shall not, in any case, be obligated to pay interest on any advance payment.

§ 1209.252 Exemption procedures.

(a) Any person who produces or imports, on average, 500,000 pounds or less of mushrooms annually and who desires to claim an exemption from assessments during a fiscal year as provided in § 1209.52 of this part shall apply to the Council, on a form provided by the Council, for a certificate of exemption. Such persons shall certify that their production or importation of mushrooms shall not exceed 500,000 pounds, on average, for the fiscal year for which the exemption is claimed. Pursuant to this section, the term *on average* shall be calculated by averaging a person's estimated production or importation for the fiscal year for which an exemption is claimed with such person's production or importation in the preceding fiscal year.

(b) On receipt of an application, the Council shall determine whether an exemption may be granted. The Council then will issue, if deemed appropriate, a certificate of exemption to each person that is eligible to receive one. Each person who is exempt from assessment must provide an exemption number to the first handler in order not to be subject to collection of an assessment on mushrooms. First handlers and importers, except as otherwise authorized by the Council, shall maintain records showing the exemptee's name and address along with the exemption number assigned by the Council. Importers who are exempt from assessment shall be eligible for reimbursement of assessments collected by the U.S. Customs Service and shall apply to the Council

for reimbursement of such assessments paid.

(c) Any person who desires to renew the exemption from assessments for a subsequent fiscal year shall reapply to the Council, on a form provided by the Council, for a certificate of exemption.

(d) The Council may require persons receiving an exemption from assessments to provide to the Council reports on the disposition of exempt mushrooms.

REPORTS

§ 1209.260 Reports.

Each first handler shall be required to report monthly to the Council such information as may be required under § 1209.60(a) of this part. In addition, each first handler shall be required to provide the tax identification number or social security number of each producer the first handler has dealt with during the time period covered by the report.

Subpart C—Procedure for the Conduct of Referenda in Connection With the Mushroom Promotion, Research, and Consumer Information Order

SOURCE: 62 FR 66975, Dec. 23, 1997, unless otherwise noted.

§ 1209.300 General.

A referendum to determine whether eligible producers and importers favor continuation of the Mushroom Promotion, Research, and Consumer Information Order shall be conducted in accordance with these procedures.

§ 1209.301 Definitions.

Unless otherwise defined below, the definition of terms used in these procedures shall have the same meaning as the definitions in the Order.

(a) *Administrator* means the Administrator of the Agricultural Marketing Service, with power to redelegate, or any officer or employee of the Department to whom authority has been delegated or may hereafter be delegated to act in the Administrator's stead.

(b) *Order* means the Mushroom Promotion, Research, and Consumer Information Order, including an amendment to the Order.

(c) *Referendum agent* or *agent* means the individual or individuals designated by the Secretary to conduct the referendum.

(d) *Representative period* means the period designated by the Secretary.

(e) *Person* means any individual, group of individuals, partnership, corporation, association, cooperative, or any other legal entity. For the purpose of this definition, the term "partnership" includes, but is not limited to:

(1) A husband and wife who have title to, or leasehold interest in, mushroom production facilities and equipment as tenants in common, joint tenants, tenants by the entirety, or, under community property laws, as community property, and

(2) So-called "joint ventures", wherein one or more parties to the agreement, informal or otherwise, contributed capital and others contributed labor, management, equipment, or other services, or any variation of such contributions by two or more parties so that it results in the production or importation of fresh mushrooms and the authority to transfer title to the mushrooms so produced or imported.

(f) *Eligible producer* means any person or entity defined as a producer who produces, on average, over 500,000 pounds annually of fresh mushrooms during the representative period and who:

(1) Owns or shares in the ownership of mushroom production facilities and equipment resulting in the ownership of the mushrooms produced;

(2) Rents mushroom production facilities and equipment resulting in the

ownership of all or a portion of the mushrooms produced;

(3) Owns mushroom production facilities and equipment but does not manage them and, as compensation, obtains the ownership of a portion of the mushrooms produced; or

(4) Is a party in a landlord-tenant relationship or a divided ownership arrangement involving totally independent entities cooperating only to produce mushrooms who share the risk of loss and receive a share of the mushrooms produced. No other acquisition of legal title to mushrooms shall be deemed to result in persons becoming eligible producers.

(g) *Eligible importer* means any person or entity defined as an importer who imports, on average, over 500,000 pounds annually of fresh mushrooms during the representative period. Importation occurs when commodities originating outside the United States are entered or withdrawn from the U.S. Customs Service for consumption in the United States. Included are persons who hold title to foreign-produced mushrooms immediately upon release by the U.S. Customs Service, as well as any persons who act on behalf of others, as agents or brokers, to secure the release of mushrooms from the U.S. Customs Service when such mushrooms are entered or withdrawn for consumption in the United States.

§ 1209.302 Voting.

(a) Each person who is an eligible producer or importer, as defined in this subpart, at the time of the referendum and during the representative period, shall be entitled to cast only one ballot in the referendum. However, each producer in a landlord-tenant relationship or a divided ownership arrangement involving totally independent entities cooperating only to produce mushrooms, in which more than one of the parties is a producer, shall be entitled to cast one ballot in the referendum covering only such producer's share of the ownership.

(b) Proxy voting is not authorized, but an officer or employee of an eligible corporate producer or importer, or an administrator, executor, or trustee of an eligible producing or importing entity may cast a ballot on behalf of

§ 1209.303

7 CFR Ch. XI (1–1–99 Edition)

such producer or importer entity. Any individual so voting in a referendum shall certify that such individual is an officer or employee of the eligible producer or importer, or an administrator, executor, or trustee of an eligible producing or importing entity, and that such individual has the authority to take such action. Upon request of the referendum agent, the individual shall submit adequate evidence of such authority.

(c) Ballots are to be cast by mail or fax.

§ 1209.303 Instructions.

The referendum agent shall conduct the referendum, in the manner herein provided, under the supervision of the Administrator. The Administrator may prescribe additional instructions, not inconsistent with the provisions hereof, to govern the procedure to be followed by the referendum agent. Such agent shall:

(a) Determine the time of commencement and termination of the period during which ballots may be cast.

(b) Provide ballots and related material to be used in the referendum. Ballot material shall provide for recording essential information including that needed for ascertaining:

(1) Whether the person voting, or on whose behalf the vote is cast, is an eligible voter;

(2) The total volume of mushrooms produced by the voting producer during the representative period; and

(3) The total volume of mushrooms imported by the voting importer during the representative period.

(c) Give reasonable advance public notice of the referendum:

(1) By utilizing available media or public information sources, without incurring advertising expense, to publicize the dates, places, method of voting, eligibility requirements, and other pertinent information. Such sources of publicity may include, but are not limited to, print and radio; and

(2) By such other means as the agent may deem advisable.

(d) Mail to eligible producers and importers, whose names and addresses are known to the referendum agent, the instructions on voting, a ballot, and a summary of the terms and conditions

of the Order. No person who claims to be eligible to vote shall be refused a ballot.

(e) Collect and safeguard ballots received by fax.

(f) At the end of the voting period, collect, open, number, and review the ballots and tabulate the results.

(g) Prepare a report on the referendum.

(h) Prepare an announcement of the results for the public.

§ 1209.304 Subagents.

The referendum agent may appoint any individual or individuals deemed necessary or desirable to assist the agent in performing such agent's functions hereunder. Each individual so appointed may be authorized by the agent to perform any or all of the functions which, in the absence of such appointment, shall be performed by the agent.

§ 1209.305 Ballots.

The referendum agent and subagents shall accept all ballots cast; but, should they, or any of them, deem that a ballot should be challenged for any reason, the agent or subagent shall endorse above their signature, on the ballot, a statement to the effect that such ballot was challenged, by whom challenged, the reasons therefore, the results of any investigations made with respect thereto, and the disposition thereof. Ballots invalid under this subpart shall not be counted.

§ 1209.306 Referendum report.

Except as otherwise directed, the referendum agent shall prepare and submit to the Administrator a report on results of the referendum, the manner in which it was conducted, the extent and kind of public notice given, and other information pertinent to analysis of the referendum and its results.

§ 1209.307 Confidential information.

The ballots and other information or reports that reveal, or tend to reveal, the identity or vote of any person covered under the Act shall be held confidential and shall not be disclosed.

NATIONAL WATERMELON PROMOTION
BOARD

§ 1210.320 Establishment and membership.

(a) There is hereby established a National Watermelon Promotion Board, hereinafter called the “Board.” The Board shall be composed of producers, handlers, importers, and one public representative appointed by the Secretary. An equal number of producer and handler representatives shall be nominated by producers and handlers pursuant to §1210.321. The Board shall also include one or more representatives of importers, who shall be nominated in such manner as may be prescribed by the Secretary. The public representative shall be nominated by the Board members in such manner as may be prescribed by the Secretary. If producers, handlers, and importers fail to select nominees for appointment to the Board, the Secretary may appoint persons on the basis of representation as provided in §1210.324. If the Board fails to adhere to procedures prescribed by the Secretary for nominating a public representative, the Secretary shall appoint such representative.

(b) Membership on the Board shall be determined on the basis of two handler and two producer representatives for each of seven districts in the contiguous States of the United States. Such districts as hereby established have approximately equal production volume according to the three-year average production as set forth in the USDA Crop Production Annual Summary Reports for 1979, 1980, and 1981. They are:

District #1—South Florida including all areas south of State Highway 50.

District #2—North Florida including all areas north of State Highway 50.

District #3—The States of Alabama and Georgia.

District #4—The States of South Carolina, North Carolina, Virginia, Delaware, Maryland, West Virginia, Pennsylvania, New Jersey, New York, Ohio, Michigan, Connecticut, Rhode Island, Massachusetts, Vermont, New Hampshire, and Maine.

District #5—The States of Mississippi, Kentucky, Tennessee, Louisiana, Arkansas, Missouri, Illinois, Indiana, Iowa, Kansas, Nebraska, Oklahoma, Wisconsin, Minnesota, North Dakota, South Dakota, Colorado, and New Mexico.

District #6—The State of Texas.

District #7—The States of Arizona, California, Nevada, Utah, Oregon, Idaho, Wyoming, Washington, and Montana.

(c) After two years, the Board shall review the districts to determine whether realignment of the districts is necessary and at least every five years thereafter the Board shall make such a review. In making such review, it shall give consideration to:

(1) The most recent three years USDA production reports or Board assessment reports if USDA production reports are unavailable;

(2) Shifts and trends in quantities of watermelon produced, and

(3) Other relevant factors.

As a result of this review, the Board may realign the districts subject to the approval of the Secretary. Any such realignment shall be recommended by the Board to the Secretary at least six months prior to the date of the call for nominations and shall become effective at least 30 days prior to such date.

(d) Importer representation on the Board shall be proportionate to the percentage of assessments paid by importers to the Board, except that at least one representative of importers shall serve on the Board.

(e) Not later than 5 years after the date that importers are subject to the Plan, and every 5 years thereafter, the Secretary shall evaluate the average annual percentage of assessments paid by importers during the 3-year period preceding the date of the evaluation and adjust, to the extent practicable, the number of importer representatives on the Board.

(f) The Board consists of 14 producers, 14 handlers, at least one importer,

and one public member appointed by the Secretary.

§ 1210.321 Nominations and selection.

The Secretary shall appoint the members of the Board from nominations to be made in the following manner:

(a) There shall be two individuals nominated for each vacant position.

(b) The Board shall issue a call for nominations by February first of each year in which an election is to be held. The call shall include at a minimum, the following information:

(1) A list of the vacancies and qualifications as to producers and handlers by district and to importers nationally for which nominees may be submitted.

(2) The date by which the nominees shall be submitted to the Secretary for consideration to be in compliance with § 1210.323 of this subpart.

(3) A list of those States, by district, entitled to participate in the nomination process.

(4) The date, time, and location of any next scheduled meeting of the Board, national and State producer or handler associations, importers, and district conventions, if any.

(c) Nominations for producer and handler positions that will become vacant shall be made by district convention in the district entitled to nominate. Notice of such convention shall be publicized to all producers and handlers within such district, and the Secretary at least ten days prior to said event. The notice shall have attached to it the call for nominations from the Board. The responsibility for convening and publicizing the district convention shall be that of the then members of the Board from that district.

(d) Nominations for importers positions that become vacant may be made by mail ballot, nomination conventions, or by other means prescribed by the Secretary. The Board shall provide notice of such vacancies and the nomination process to all importers through press releases and any other available means as well as direct mailing to known importers. All importers may participate in the nomination process: *Provided*, That a person who both im-

ports and handles watermelons may vote for importer members and serve as an importer member if that person imports 50 percent or more of the combined total volume of watermelons handled and imported by that person.

(e) All producers and handlers within the district may participate in the convention: *Provided*, That a person that produces and handles watermelons may vote for handler members only if the producer purchased watermelons from other producers, in a combined total volume that is equal to 25 percent or more of the producer's own production; or the combined total volume of watermelon handled by the producer from the producer's own production and purchases from other producer's production is more than 50 percent of the producer's own production; and *provided further*, That if a producer or handler is engaged in the production or handling of watermelons in more than one State or district, the producer or handler shall participate within the State or district in which the producer or handler so elects in writing to the Board and such election shall remain controlling until revoked in writing to the Board.

(f) The district convention chairperson shall conduct the selection process for the nominees in accordance with procedures to be adopted at each such convention, subject to requirements set in § 1210.321(e).

(1) No State in Districts 3, 4, 5, and 7 as currently constituted shall have more than three producers and handlers representatives concurrently on the Board.

(2) Each State represented at the district convention shall have one vote for each producer position and one vote for each handler position from the District on the Board, which vote shall be determined by the producers and handlers from that State by majority vote. Each State shall further have an additional vote for each five hundred thousand hundredweight volume as determined by the three year average annual crop production summary reports of the USDA, or if such reports are not published, then the three year average of the Board assessment reports; *Provided*, That for the first two calls for nominees, the USDA Crop Production

Agricultural Marketing Service, USDA

§ 1210.327

(c) Board members shall serve during the term of office for which they are selected and have qualified, and until their successors are selected and have qualified.

(d) No person shall serve more than two successive terms of office.

§ 1210.323 Acceptance.

Each person nominated for membership on the Board shall qualify by filing a written acceptance with the Secretary. Such written acceptance shall accompany the nominations list required by § 1210.321.

§ 1210.324 Vacancies.

(a) In the event any member of the Board ceases to be a member of the category of members from which the member was appointed to the Board, such position shall automatically become vacant.

(b) If a member of the Board consistently refuses to perform the duties of a member of the Board, or if a member of the Board engages in acts of dishonesty or willful misconduct, the Board may recommend to the Secretary that the member be removed from office. If the Secretary finds the recommendation of the Board shows adequate cause, the Secretary shall remove such member from office. Further, without recommendation of the Board, a member may be removed by the Secretary upon showing of adequate cause, if the Secretary determines that the person's continual services would be detrimental to the purposes of the Act.

(c) To fill any vacancy caused by the failure of any person selected as a member of the Board to qualify, or in the event of the death, removal, resignation, or disqualification of any member, a successor shall be nominated and selected in the manner specified in § 1210.321, except that said nomination and replacement shall not be required if the unexpired term of office is less than six months. In the event of failure to provide nominees for such vacancies, the Secretary may appoint other eligible persons.

§ 1210.325 Procedure.

(a) A simple majority of Board members shall constitute a quorum and any action of the Board shall require the concurring votes of a majority of those present and voting. At assembled meetings all votes shall be cast in person.

(b) For routine and noncontroversial matters which do not require deliberation and the exchange of views, and for matters of an emergency nature when there is not enough time to call an assembled meeting, the Board may act upon a majority of concurring votes of its members cast by mail, telegraph, telephone, or by other means of communication; *Provided*, That each member receives an accurate, full, and substantially identical explanation of each proposition. Telephone votes shall be promptly confirmed in writing. All votes shall be recorded in the Board minutes.

[54 FR 24545, June 8, 1989, as amended at 60 FR 10798, Feb. 28, 1995]

§ 1210.326 Compensation and reimbursement.

Board members shall serve without compensation but shall be reimbursed for reasonable expenses incurred by them in the performance of their duties as Board members.

§ 1210.327 Powers.

The Board shall have the following powers subject to § 1210.363:

RESEARCH AND PROMOTION

§ 1210.330 Policy and objective.

It shall be the policy of the Board to carry out an effective, continuous, and coordinated program of research, development, advertising, and promotion in order to:

(a) Strengthen watermelons' competitive position in the marketplace,

(b) Maintain and expand existing domestic and foreign markets, and

(c) Develop new or improved markets.

It shall be the objective of the Board to carry out programs and projects which will provide maximum benefit to the watermelon industry.

§ 1210.331 Programs and projects.

The Board shall develop and submit to the Secretary for approval any programs or projects authorized in this section. Such programs or projects shall provide for:

(a) The establishment, issuance, effectuation and administration of appropriate programs or projects for advertising and other sales promotion of watermelons designed to strengthen the position of the watermelon industry in the marketplace and to maintain, develop, and expand markets for watermelon;

(b) Establishing and carrying out research and development projects and studies to the end that the acquisition of knowledge pertaining to watermelons or their consumption and use may be encouraged or expanded, or to the end that the marketing and use of watermelons may be encouraged, expanded, improved, or made more efficient: *Provided*, That quality control, grade standards, supply management programs or other programs that would otherwise limit the right of the individual watermelon producer to produce watermelons shall not be conducted under, or as a part of, this Plan;

(c) The development and expansion of watermelon sales in foreign markets;

(d) A prohibition on advertising or other promotion programs that make any reference to private brand names or use false or unwarranted claims on behalf of watermelons or false or unwarranted statements with respect to the attributes or use of any competing product;

(e) Periodic evaluation by the Board of each program or project authorized under this Plan to insure that each program or project contributes to an effective and coordinated program of research and promotion and submission of such evaluation to the Secretary. If the Board or the Secretary finds that a program or project does not further the purposes of the Act, then the Board or

the Secretary shall terminate such program or project; and

(f) The Board to enter into contracts or make agreements for the development and carrying out of research and promotion and pay for the costs of such contracts or agreements with funds collected pursuant to § 1210.341.

EXPENSES AND ASSESSMENTS

§ 1210.340 Budget and expenses.

(a) Prior to the beginning of each fiscal period, or as may be necessary thereafter, the Board shall prepare and recommend a budget on a fiscal period basis of its anticipated expenses and disbursements in the administration of this Plan, including probable costs of research, development, advertising, and promotion. The Board shall also recommend a rate of assessment calculated to provide adequate funds to defray its proposed expenditures and to provide for a reserve as set forth in § 1210.344.

(b) The Board is authorized to incur such expenses for research, development, advertising, or promotion of watermelons, such other expenses for the administration, maintenance, and functioning of the Board as may be authorized by the Secretary, and any referendum and administrative costs incurred by the Department of Agriculture. The funds to cover such expenses shall be paid from assessments received pursuant to § 1210.341.

[54 FR 24545, June 8, 1989, as amended at 60 FR 10798, Feb. 28, 1995]

§ 1210.341 Assessments.

(a) During the effective period of this subpart, assessments shall be levied on all watermelons produced and first handled in the United States and all watermelons imported into the United States for consumption as human food. No more than one assessment on a producer, handler, or importer shall be made on any lot of watermelons. The handler shall be assessed an equal amount on a per unit basis as the producer. If a person performs both producing and handling functions on any same lot of watermelons, both assessments shall be paid by such person. In the case of an importer, the assessment shall be equal to the combined rate for

domestic producers and handlers and shall be paid by the importer at the time of entry of the watermelons into the United States.

(b) Assessment rates shall be fixed by the Secretary in accordance with section 1647(f) of the Act. No assessments shall be levied on watermelons grown by producers of less than 10 acres of watermelons.

(c) Each handler, as defined, is responsible for payment to the Board of both the producer's and the handler's assessment pursuant to regulations issued hereunder. The handler may collect producer assessments from the producer or deduct such assessments from the proceeds paid to the producer on whose watermelons the assessments are made. The handler shall maintain separate records for each producer's watermelons handled, including watermelons produced by said handler. In addition, the handler shall indicate the total quantity of watermelons handled by the handler, including those that are exempt under this Plan, and such other information as may be prescribed by the Board.

(d) Each importer shall be responsible for payment of the assessment to the Board on watermelons imported into the United States through the U.S. Customs Service or in such other manner as may be established by rules and regulations approved by the Secretary.

(e) Producer-handlers and handlers shall pay assessments to the Board at such time and in such manner as the Board, with the Secretary's approval, directs, pursuant to regulations issued under this part. Such regulations may provide for different handlers or classes of handlers and different handler payment and reporting schedules to recognize differences in marketing practices or procedures used in any State or production area.

(f) There shall be a late payment charge imposed on any handler or importer who fails to remit to the Board the total amount for which any such handler or importer is liable on or before the payment due date established by the Board under paragraph (e) of this section. The amount of the late payment charge shall be set by the

Board subject to approval by the Secretary.

(g) There shall also be imposed on any handler or importer subject to a late payment charge, an additional charge in the form of interest on the outstanding portion of any amount for which the handler or importer is liable. The rate of such interest shall be prescribed by the Board subject to approval by the Secretary.

(h) The Board is hereby authorized to accept advance payment of assessments by handlers and importers that shall be credited toward any amount for which the handlers and importers may become liable. The Board shall not be obligated to pay interest on any advance payment.

(i) The Board is hereby authorized to borrow money for the payment of administrative expenses subject to the same fiscal, budget, and audit controls as other funds of the Board.

(j) The Board may authorize other organizations to collect assessments in its behalf with the approval of the Secretary. Any reimbursement by the Board for such services shall be based on reasonable charges for services rendered.

[54 FR 24545, June 8, 1989, as amended at 60 FR 10798, Feb. 28, 1995]

§ 1210.342 Exemption from assessment.

(a) The Board may exempt watermelons used for nonfood purposes from the provisions of this Plan and shall establish adequate safeguards against improper use of such exemptions.

(b) Importers of less than 150,000 pounds of watermelons per year shall be entitled to apply for a refund that is equal to the rate of assessment paid by domestic producers.

(c) The Secretary may adjust the quantity of the weight exemption specified in paragraph (b) of this section on the recommendation of the Board after an opportunity for public notice and comment to reflect significant changes in the 5-year average yield per acre of watermelons produced in the United States.

(d) The Board shall have the authority to establish rules, with the approval of the Secretary, for certifying

whether a person meets the definition of a producer under section 1210.306.

[54 FR 24545, June 8, 1989, as amended at 60 FR 10799, Feb. 28, 1995]

§ 1210.343 [Reserved]

§ 1210.344 Operating reserve.

The Board may establish an operating monetary reserve and may carry over to subsequent fiscal periods excess funds in a reserve so established; *Provided*, That funds in the reserve shall not exceed approximately two fiscal periods' expenses. Such reserve funds may be used to defray any expenses authorized under this subpart.

REPORTS, BOOKS, AND RECORDS

§ 1210.350 Reports.

(a) Each handler shall maintain a record with respect to each producer for whom watermelons were handled and for watermelons produced and handled by the handler. Handlers shall report to the Board at such times and in such manner as the Board may prescribe by regulations whatever information as may be necessary in order for the Board to perform its duties. Such reports may include, but shall not be limited to, the following information:

(1) Total quantity of watermelons handled for each producer and by the handler, including those which are exempt under this Plan;

(2) Total quantity of watermelons handled for each producer and by the handler, on which the producer assessment was collected;

(3) Name and address of each person from whom an assessment was collected, the amount collected from each person, and the date such collection was made; and

(4) Name and address of each person claiming exemption from assessment and a copy of each such person's claim of exemption.

(b) Each importer of watermelons shall maintain a separate record that includes a record of:

(1) The total quantity of watermelons imported into the United States that are included under the terms of this Plan;

(2) The total quantity of watermelons that are exempt from the Plan; and

(3) Such other information as may be prescribed by the Board.

(c) Each importer shall report to the Board at such times and in such manner as it may prescribe such information as may be necessary for the Board to perform its duties under this part.

[54 FR 24545, June 8, 1989, as amended at 60 FR 10799, Feb. 28, 1995]

§ 1210.351 Books and records.

Each handler and importer subject to this Plan shall maintain, and during normal business hours make available for inspection by employees of the Board or Secretary, such books and records as are necessary to carry out the provisions of this Plan and the regulations issued thereunder, including such records as are necessary to verify any required reports. Such records shall be maintained for 2 years beyond the fiscal period of their applicability.

[54 FR 24545, June 8, 1989, as amended at 60 FR 10799, Feb. 28, 1995]

§ 1210.352 Confidential treatment.

(a) All information obtained from the books, records, or reports required to be maintained under §§ 1210.350 and 1210.351 shall be kept confidential and shall not be disclosed to the public by any person. Only such information as the Secretary deems relevant shall be disclosed to the public and then only in a suit or administrative hearing brought at the direction, or on the request, of the Secretary, or to which the Secretary or any officer of the United States is a party, and involving this Plan: Except that nothing in this subpart shall be deemed to prohibit:

(1) The issuance of general statements based on the reports of a number of handlers or importers subject to this Plan if such statements do not identify the information furnished by any person; or

(2) The publication by direction of the Secretary of the name of any person violating this Plan together with a statement of the particular provisions of this Plan violated by such person.

(b) Any disclosure of confidential information by any employee of the

MISCELLANEOUS

§ 1210.360 Right of the Secretary.

All fiscal matters, programs or projects, rules or regulations, reports, or other substantive actions proposed and prepared by the Board shall be submitted to the Secretary for approval.

§ 1210.361 Personal liability.

No member or employee of the Board shall be held personally responsible, either individually or jointly with others, in any way whatsoever to any person for errors in judgment, mistakes, or other acts, either of commission or omission, as such member or employee, except for acts of dishonesty or willful misconduct.

§ 1210.363 Suspension or termination.

(a) Whenever the Secretary finds that this Plan or any provision thereof obstructs or does not tend to effectuate the declared policy of the Act, the Secretary shall terminate or suspend the operation of this Plan or such provision thereof.

(b) The Secretary may conduct a referendum at any time and shall hold a referendum on request of the Board or at least 10 percent of the combined total of the watermelon producers, handlers, and importers to determine if watermelon producers, handlers, and importers favor termination or suspension of this Plan. The Secretary shall suspend or terminate this Plan at the end of the marketing year whenever the Secretary determines that the suspension or termination is favored by a majority of the watermelon producers,

handlers, and importers voting in such referendum who, during a representative period determined by the Secretary, have been engaged in the production, handling, or importing of watermelons and who produced, handled, or imported more than 50 percent of the combined total of the volume of watermelons produced, handled, or imported by those producers, handlers, and importers voting in the referendum. For purposes of this section, the vote of a person who both produces and handles watermelons will be counted as a handler vote if the producer purchased watermelons from other producers, in a combined total volume that is equal to 25 percent or more of the producer's own production; or the combined total volume of watermelon handled by the producer from the producer's own production and purchases from other producer's production is more than 50 percent of the producer's own production. *Provided*, That the vote of a person who both imports and handles watermelons will be counted as an importer vote if that person imports 50 percent or more of the combined total volume of watermelons handled and imported by that person. Any such referendum shall be conducted by mail ballot.

[54 FR 24545, June 8, 1989, as amended at 60 FR 10799, Feb. 28, 1995]

§ 1210.364 Proceedings after termination.

(a) Upon the termination of this Plan, the Board shall recommend not more than five of its members to the Secretary to serve as trustees for the purpose of liquidating the affairs of the Board. Such persons, upon designation by the Secretary, shall become trustees of all funds and property then in possession or under control of the Board, including claims for any funds unpaid or property not delivered or any other claim existing at the time of such termination.

(b) The said trustees shall:

(1) Continue in such capacity until discharged by the Secretary;

(2) Carry out the obligations of the Board under any contracts or agreements entered into by it pursuant to § 1210.328(d);

(3) From time-to-time account for all receipts and disbursements and deliver all property on hand, together with all books and records of the Board and of the trustees, to person or persons as the Secretary may direct; and

(4) Upon the request of the Secretary execute such assignments or other instruments necessary or appropriate to vest in such person or persons full title and right to all the funds, property, and claims vested in the Board or the trustees pursuant to this section.

(c) Any person to whom funds, property, or claims have been transferred or delivered pursuant to this section shall be subject to the same obligation imposed upon the Board and upon the trustees.

(d) A reasonable effort shall be made by the Board or its trustees to return to producers, handlers and importers any residual funds not required to defray the necessary expenses of liquidation. If it is found impractical to return such remaining funds to producers, handlers and importers such funds shall be disposed of in such manner as the Secretary may determine to be appropriate.

[54 FR 24545, June 8, 1989, as amended at 60 FR 10799, Feb. 28, 1995]

§ 1210.365 Effect of termination or amendment.

Unless otherwise expressly provided by the Secretary, the termination of this Plan or any regulation issued pursuant thereto, or the issuance of any amendment to either thereof, shall not:

(a) Affect or waive any right, duty, obligation, or liability which shall have arisen or which may thereafter arise in connection with any provision of this Plan or any regulation issued thereunder; or

(b) Release or extinguish any violation of this Plan or any regulation issued thereunder; or

(c) Affect or impair any rights or remedies of the United States, or of the Secretary, or of any other person with respect to any such violation.

Any patents, copyrights, inventions, product formulations, or publications developed through the use of funds collected under the provisions of this Plan shall be the property of the United States government as represented by the Board. Funds generated by such patents, copyrights, inventions, product formulations, or publications shall be considered income subject to the same fiscal, budget, and audit controls as other funds of the Board. § 1210.402 Voter and board member nominee eligibility.

(a) All producers and handlers within a district may participate in their district convention for the purpose of nominating candidates for appointment to the Board: *Provided*, That a producer who both produces and handles watermelons may vote for handler member nominees and serve as a handler member nominee only if the producer purchased watermelons from other producers, in a combined total volume that is equal to 25 percent or more of the producer's own production or the combined total volume of watermelons handled by the producer from the producer's own production and purchases from other producer's production is more than 50 percent of the producer's own production; and *Provided further*, That if a producer or handler is engaged in the production or handling of watermelons in more than one State or district, the producer or handler shall participate within the State or district in which the producer or handler so elects in writing to the Board and such election shall remain controlling until revoked in writing to the Board. For the purpose of participation in initial nominating conventions, such election shall be made in writing, at the address provided, to the Department official identified in the call for a district convention.

(b) Any individual, group of individuals, partnership, corporation, association, cooperative or any other entity which is engaged in the production, first handling or importing of watermelons is considered a person and as such is entitled to only one vote, except that such person may cast proxy votes as provided in § 1210.403 and § 1210.404 of this subpart.

(c) All producers and handlers attending their district conventions may be candidates for one or more of the positions of State spokesperson, district

convention chairperson, and producer or handler nominee.

[54 FR 38205, Sept. 15, 1989, as amended at 60 FR 10799, Feb. 28, 1995]

§ 1210.403 Voting procedures.

(a) Proxy voting by producers and handlers for producer and handler nominees shall be permitted at all district conventions: *Provided*, That producers may cast proxy votes for producers only, and handlers may cast proxy votes for handlers only. In non-multi-State districts, proxy voting shall be permitted for all producer and handler nominee balloting to determine the districts' nominees. In multi-State districts, proxy voting shall be permitted for all producers and handlers participating in a State's balloting to determine the State's nominees. No other proxy voting, such as for district convention chairperson, shall be allowed. Any person wanting to cast proxy votes must demonstrate authorization to do so. Authority to cast a proxy vote on behalf of another person shall be demonstrated through documentation containing:

- (1) The proxy voter's name, address, and telephone number;
- (2) Signature and date signed;
- (3) A certification identifying the proxy voter as a producer or a handler; and
- (4) A statement identifying the person being given authority by the proxy voter to cast the proxy vote.

All proxy documentation must be received by the Board at its headquarters address at least two weeks before the district convention is scheduled to convene. For the purpose of the initial district convention, all proxy documentation must be forwarded to the Department representative identified in the call for the district convention in a manner that will ensure receipt, at the address specified in the call, at least 72 hours before the district convention is scheduled to convene. The Board, or in the case of the initial conventions the Department representative identified in the call or other representative of the Department, may challenge any proxy vote and disqualify any challenged vote for cause. In the case of duplicate proxy authorizations by any person, only the first authorization, de-

termined by date will be allowed. In the case of duplicate dates, the proxy which is received first will be allowed.

(b) In non-multi-State districts, convention chairpersons shall be elected by a majority vote of the eligible voters in attendance. In multi-State districts, the election shall be by majority vote of all States present with each State's vote(s) determined by a majority vote of the eligible voters of that State in attendance. Each such State is entitled to one vote, plus one additional vote for each 500,000 hundred-weight volume of production in the State as determined by the three-year average annual crop production summary reports of the Department or, if such reports are not published, then the three-year average of the Board's assessment reports: *Provided*, That for the first two conventions, the Department's Crop Production Annual Summary Reports for 1979, 1980, and 1981 will be controlling as to any additional production volume votes.

(c) In multi-State districts 3, 4, 5 and 7, the convention chairperson will direct the eligible producer voters and handler voters from each State to caucus separately for the purpose of electing a State spokesperson for each group. Election of each State spokesperson shall be by simple majority of all individual voters in attendance. In lieu of written ballots, a State spokesperson may be elected by voice vote or a show of hands. The role of the State spokesperson is to coordinate State voting and to cast all State votes.

(d) Convention chairpersons will coordinate the entire producer and handler nomination process. In conducting the nomination process, each convention chairperson will ensure that:

- (1) Voting for producer nominees is limited to producers, and voting for handler nominees is limited to handlers; and
- (2) Producer candidates for nomination are producers, and handler candidates for nomination are handlers.

(e) Voting, for producer and handler nominees, in non-multi-State districts shall be on the basis of one vote per person, except that persons authorized to cast proxy votes shall be allowed to cast all proxy votes not disallowed by the Board or the Department. Election

of nominees shall be on the basis of a simple majority of all eligible votes cast.

(f) Voting for producer and handler nominees in multi-State districts shall be on a State by State basis. Producers and handlers from each State shall caucus separately, at the district convention, for the purpose of determining which nominees shall receive their State's vote(s) for membership on the Board. Each State's vote(s) shall be based on a simple majority of all votes (including proxy votes) cast by producers or handlers voting in their State's caucus. Each State represented at a multi-State district convention shall have one vote for each producer position and one vote for each handler position from the district on the Board. Each State shall further have an additional vote toward each position for each 500,000 hundredweight volume of production in the State as determined by the three-year average annual crop production summary reports of the Department or, if such reports are not published, then the three-year average of the Board's assessment reports: *Provided*, That for the first two calls for nominees, the Department's Crop Production Annual Summary Reports for 1979, 1980, and 1981 will be controlling as to any additional production volume votes. Each State spokesperson will cast the State's vote(s) for each nominee position. Election of nominees shall be on the basis of a simple majority of all State votes cast.

(g) During the voting for convention chairperson, State spokesperson, and Board member nominee, should no candidate receive the required simple majority on the first ballot, the number of candidates may be reduced by dropping one or more of the lowest vote recipients from the list of candidates. The balloting will be repeated until the position is filled.

(h) Two nominees shall be elected for each of the producer and handler positions from each district on the Board. The two nominees for each position shall be elected simultaneously. The convention chairperson will open the floor to the nomination of candidates for possible election as a Board member nominee for each available position. Each position will be dealt with

separately (i.e., candidates for one position will be nominated and then elected before the convention moves on to the next available position). Each eligible voter may vote for two of the nominees on one ballot. The two nominees receiving the greatest number of votes and at least a simple majority of the votes cast will be elected as the district's Board member nominees for the position. No individual elected as a nominee for Board membership may be a candidate on subsequent Board member nominee ballots (i.e., two different producer names and two different handler names must be submitted as nominees for each producer and handler position from each district to the Secretary of Agriculture). There shall be no designation of first and second choice nominees.

Importers' representation on the Board shall be proportionate to the percentage of assessments paid by importers to the Board, except that at least one representative of importers shall serve on the Board if importers are subject to the Plan. Nominations for importer positions that become vacant shall be made by importers at nomination conventions or by mail ballot.

(b) The initial nomination of importer members shall be made not later than 90 days after the Plan is amended.

(c) There shall be two individuals nominated for each vacant position. The importer receiving the highest number of votes for a vacancy shall be the first choice nominee, and the importer receiving the second highest number of votes shall be the second choice nominee submitted to the Secretary.

(d) Any individual, group of individuals, partnership, corporation, association, cooperative or any other entity which is engaged in the production,

(e) *Nomination Conventions.* If nominations are made by nomination conventions, the Board shall widely publicize such conventions and provide importers and the Secretary at least 10 days notice prior to each convention.

(1) Proxy voting by importers shall be permitted at all conventions. Any person wanting to cast proxy votes must demonstrate authorization to do so. Authority to cast a proxy vote on behalf of another person shall be demonstrated through documentation containing:

- (i) The proxy voter's name, address, and telephone number;
- (ii) Signature and date signed;
- (iii) A certification identifying the proxy voter as an importer; and
- (iv) A statement identifying the person being given authority by the proxy voter to cast the proxy vote.

(2) The Board shall provide to the Secretary a typed copy of each convention's minutes and shall arrange for completion of qualification statements and other specified information by each nominee and forward such to the Secretary within 14 calendar days of completion of a convention.

(f) *Mail balloting.* If nominations are conducted by mail ballot, the Board shall request importers to submit nominations of eligible importers. It is the importer's responsibility to prove the individual's eligibility. After the names of nominees are received, the Board shall print ballots and ask eligible importers to vote to nominate their candidates. After the vote is received, the Board shall tabulate the results and shall send to the Department the nominees in order of preference. The Board shall provide the Secretary with a report on the results, number of importers participating in the vote, and the volume of imports, and shall arrange for completion of qualification statements and other specified information by each nominee and forward such to the Secretary within 14 calendar days of receiving the ballots.

(g) Any individual who both imports and handles watermelons will be considered an importer if that person imports 50 percent or more of the combined total volume of watermelons handled and imported by that person.

ASSESSMENTS

§ 1210.515 Levy of assessments.

(a) An assessment of two cents per hundredweight shall be levied on all watermelons produced for ultimate consumption as human food, and an assessment of two cents per hundredweight shall be levied on all watermelons first handled for ultimate consumption as human food. An assessment of four cents per hundredweight shall be levied on all watermelons imported into the United States for ultimate consumption as human food at the time of entry in the United States.

(b) The import assessment shall be uniformly applied to imported watermelons that are identified by the numbers 0807.10.30007 and 0807.10.40005 in the Harmonized Tariff Schedule of the United States or any other number used to identify fresh watermelons for consumption as human food. The U.S. Customs Service (USCS) will collect assessments on such watermelons at the time of entry and will forward such assessment as per the agreement between USCS and USDA. Any importer or agent who is exempt from payment of assessments may submit the Board adequate proof of the volume handled by such importer for the exemption to be granted.

(c) Watermelons used for non-human food purposes are exempt from assessment requirements but are subject to the safeguard provisions of § 1210.521.

[55 FR 13256, Apr. 10, 1990, as amended at 60 FR 10800, Feb. 28, 1995]

§ 1210.516 [Reserved]

§ 1210.517 Determination of handler.

The producer and handler assessments on each lot of watermelons handled shall be paid by the handler. Unless otherwise provided in this section, the handler responsible for payment of assessments shall be the first handler of such watermelons. The first handler is the person who initially performs a handling function as heretofore defined. Such person may be a fresh shipper, processor, or other person who first places the watermelons in the current of commerce.

(a) The following examples are provided to aid in the identification of first handlers:

(1) Producer grades, packs, and sells watermelons of own production to a handler. In this instance, it is the handler, not the producer, who places the watermelons in the current of commerce. The handler is responsible for payment of the assessments.

(2) Producer packs and sells watermelons of that producer's own production from the field, roadside stand, or storage to a consumer, trucker, retail or wholesales outlet, or other buyer who is not a handler of watermelons. The producer places the watermelons in the current of commerce and is the first handler.

(3) Producer purchases watermelons from another producer. The producer purchasing the watermelons is the first handler.

(4) Producer delivers field-run watermelons of own production to a handler for preparation for market and entry into the current of commerce. The handler, in this instance, is the first handler, regardless of whether the handler subsequently handles such watermelons for the account of the handler or for the account of the producer.

(5) Producer delivers field-run watermelons of own production to a handler for preparation for market and return to the producer for sale. The producer

in this instance, is the first handler, except when the producer subsequently sells such watermelons to a handler.

(6) Producer delivers watermelons of own production to a handler who takes title to such watermelons. The handler who purchases such watermelons from the producer is the first handler.

(7) Producer supplies watermelons to a cooperative marketing association which sells or markets the watermelons and makes an accounting to the producer, or pays the proceeds of the sale to the producer. In this instance, the cooperative marketing association becomes the first handler upon physical delivery to such cooperative.

(8) Handler purchases watermelons from a producer's field for the purpose of preparing such watermelons for market or for transporting such watermelons to storage for subsequent handling. The handler who purchases such watermelons from the producer is the first handler.

(9) Broker/Commission House receives watermelons from a producer and sells such watermelons in the Broker's/Commission House's name. In this instance, the Broker/Commission House is the first handler, regardless of whether the Broker/Commission House took title to such watermelons.

(10) Broker/Commission House, without taking title or possession of watermelons, sells such watermelons in the name of the producer. In this instance, the producer is the first handler.

(11) Processor utilizes watermelons of own production in the manufacture of rind pickles, frozen, dehydrated, extracted, or canned products for human consumption. In so handling watermelons the processor is the first handler.

(12) Processor purchases watermelons from the producer thereof. In this instance, the processor is the first handler even though the producer may have graded, packed, or otherwise handled such watermelons.

(b) In the event of a handler's death, bankruptcy, receivership, or incapacity to act, the representative of the handler or the handler's estate shall be

considered the handler of the watermelons for the purpose of this subpart.

[55 FR 13256, Apr. 10, 1990, as amended at 58 FR 3356, Jan. 8, 1993]

§ 1210.518 Payment of assessments.

(a) *Time of payment.* The assessment on domestically produced watermelons shall become due at the time the first handler handles the watermelons for non-exempt purposes. The assessment on imported watermelons shall become due at the time of entry, or withdrawal, into the United States.

(b) *Responsibility for payment.* (1) The first handler is responsible for payment of both the producer's and the handler's assessment. The handler may collect the producer's assessment from the producer or deduct such producer's assessment from the proceeds paid to the producer on whose watermelons the producer assessment is made. Any such collection or deduction of producer assessment shall be made not later than the time when the first handler handles the watermelons.

(2) The U.S. Customs Service shall collect assessments on imported watermelons from importers and forward such assessments under an agreement between the U.S. Customs Service and the U.S. Department of Agriculture. Importers shall be responsible for payment of assessments directly to the Board of any assessments due but not collected by the U.S. Customs Service at the time of entry, or withdrawal, on watermelons imported into the United States for human consumption.

(c) *Payment direct to the Board.* (1) Except as provided in paragraph (b) and (e) of this section, each handler and importer shall remit the required producer and handler assessments, pursuant to § 1210.341 of the Plan, directly to the Board not later than 30 days after the end of the month such assessments are due. Remittance shall be by check, draft, or money order payable to the National Watermelon Promotion Board, or NWPB, and shall be accompanied by a report, preferably on Board forms, pursuant to § 1210.350. To avoid late payment charges, the assessments must be mailed to the Board and post-marked within 30 days after the end of the month such assessments are due.

(2) Pursuant to § 1210.350 of the Plan, each handler shall file with the Board a report for each month that assessable watermelons were handled. All handler reports shall contain at least the following information:

(i) The handler's name, address, and telephone number;

(ii) Date of report (which is also the date of payment to the Board);

(iii) Period covered by the report;

(iv) Total quantity of watermelons handled during the reporting period;

(v) Date of last report remitting assessments to the Board; and

(vi) Listing of all persons for whom the handler handled watermelons, their addresses, hundredweight handled, and total assessments remitted for each producer. In lieu of such a list, the handler may substitute copies of settlement sheets given to each person or computer generated reports, provided such settlement sheets or computer reports contain all the information listed above.

(vii) Name, address, and hundredweight handled for each person claiming exemption for assessment.

(viii) If the handler handled watermelons for persons engaged in the growing of less than 10 acres of watermelons, the report shall indicate the name and address of such person and the quantity of watermelons handled for such person.

(3) The words "final report" shall be shown on the last report at the close of the handler's marketing season or at the end of each fiscal period if such handler markets assessable watermelons on a year-round basis.

(4) *Prepayment of assessments.* (i) In lieu of the monthly assessment and reporting requirements of paragraph (b) of this section, the Board may permit handlers to make an advance payment of their total estimated assessments for the crop year to the Board prior to their actual determination of assessable watermelons. The Board shall not be obligated to pay interest on any advance payment.

(ii) Handlers using such procedures shall provide a final annual report of actual handling and remit any unpaid assessments not later than 30 days after the end of the last month of the designated handler's marketing season

or at the end of each fiscal period if such handler markets assessable watermelons on a year-round basis.

(iii) Handlers using such procedures shall, after filing a final annual report, receive a reimbursement of any overpayment of assessments.

(iv) Handlers using such procedures shall, at the request of the Board to verify a producer's refund claim, provide the Board with a handling report on any and all producers for whom the handler has provided handling services but has not yet filed a handling report with the Board.

(v) Specific requirements, instructions, and forms for making such advance payments shall be provided by the Board on request.

(d) *Late payment charges and interest.*

(1) A late payment charge shall be imposed on any handler and importer who fails to make timely remittance to the Board of the total producer and handler and importer assessments for which any such handler and importer is liable. Such late payment shall be imposed on any assessments not received before the fortieth day after the end of the month such assessments are due. This one-time late payment charge shall be 10 percent of the assessments due before interest charges have accrued. The late payment charge will not be applied to any late payments postmarked within 30 days after the end of the month such assessments are due.

(2) In addition to the late payment charge, one and one-half percent per month interest on the outstanding balance, including the late payment charge and any accrued interest, will be added to any accounts for which payment has not been received by the last day of the second month following the month of handling; *Provided*, that, handlers paying their assessments in accordance with paragraph (c)(4)(ii), will not be subject to the one and one-half percent per month interest under this paragraph until the last day of the second month after such assessments are due under paragraph (c)(4)(ii). Such interest will continue monthly until the outstanding balance is paid to the Board.

(e) *Payment through cooperating agency.* The Board may enter into agree-

ments, subject to approval of the Secretary, authorizing other organizations, such as a regional watermelon association or State watermelon board, to collect assessments in its behalf. In any State or area in which the Board has entered into such an agreement, the designated handler shall pay the assessment to such agency in the time and manner, and with such identifying information as specified in such agreement. Such an agreement shall not provide any cooperating agency with authority to collect confidential information from handlers or producers. To qualify, the cooperating agency must on its own accord have access to all information required by the Board for collection purposes. If the Board requires further evidence of payment than provided by the cooperating agency, it may acquire such evidence from individual handlers. All such agreements are subject to the requirements of the Act, Plan, and all applicable rules and regulations under the Act and the Plan.

Subparts A-B [Reserved]

Subpart C—Procedure for the Conduct of Referenda in Connection With the Kiwifruit Research, Promotion, and Consumer Information Order

§ 1214.200 General.

A referendum to determine whether eligible producers and importers favor the issuance of a proposed Kiwifruit Research, Promotion, and Consumer Information Order shall be conducted in accordance with this subpart.

§ 1214.201 Definitions.

Unless otherwise defined in this section, the definition of terms used in this subpart shall have the same meaning as the definitions in the Order.

(a) *Administrator* means the Administrator of the Agricultural Marketing Service, with power to redelegate, or any officer or employee of the Department to whom authority has been delegated or may hereafter be delegated to act in the Administrator's stead.

(b) *Order* means the Kiwifruit Research, Promotion, and Consumer Information Order.

(c) *Referendum agent* or agent means the individual or individuals designated by the Secretary to conduct the referendum.

(d) *Representative period* means the period designated by the Secretary.

(e) *Person* means any individual, group of individuals, partnership, corporation, association, cooperative, or any other legal entity. For the purpose of this definition, the term "partnership" includes, but is not limited to:

(1) A husband and wife who has title to, or leasehold interest in, kiwifruit production facilities and equipment as tenants in common, joint tenants, tenants by the entirety, or, under community property laws, as community property, and

(2) So-called "joint ventures," wherein one or more parties to the agreement, informal or otherwise, contributed capital and others contributed labor, management, equipment, or other services, or any variation of such contributions by two or more parties so that it results in the production or importation of kiwifruit and the authority to transfer title to the kiwifruit so produced or imported.

(f) *Eligible producer* means any person or entity defined as a producer who produced 500 pounds or more of kiwifruit during the representative period and who:

(1) Owns or shares in the ownership of kiwifruit production facilities and equipment resulting in the ownership of the kiwifruit produced;

(2) Rents kiwifruit production facilities and equipment resulting in the ownership of all or a portion of the kiwifruit produced;

(3) Owns kiwifruit production facilities and equipment but does not manage them and, as compensation, obtains the ownership of a portion of the kiwifruit produced; or

(4) Is a party in a landlord-tenant relationship or a divided ownership arrangement involving totally independent entities cooperating only to produce kiwifruit who share the risk of loss and receive a share of the kiwifruit produced. No other acquisition of legal

title to kiwifruit shall be deemed to result in persons becoming eligible producers.

(g) *Eligible importer* means any person or entity defined as an importer who imported 10,000 pounds or more during the representative period. Importation occurs when commodities originating outside the United States are entered or withdrawn from the U.S. Customs Service for consumption in the United States. Included are persons who hold title to foreign-produced kiwifruit immediately upon release by the U.S. Customs Service, as well as any persons who act on behalf of others, as agents or broker, to secure the release of kiwifruit from the U.S. Customs Service when such kiwifruit are entered or withdrawn for consumption in the United States.

(h) *Kiwifruit* means all varieties of fresh kiwifruit classified under the species *Actinidia deliciosa* or the genus *Actinidia*, whose fruit is a large berry, oval in shape, with a brown skin covered in hairs, which are grown in or imported into the United States.

§ 1214.202 Voting.

(a) Each person who is an eligible producer or importer, as defined in this subpart, at the time of the referendum and during the representative period, shall be entitled to cast only one ballot in the referendum. However, each producer in a landlord-tenant relationship or a divided ownership arrangement involving totally independent entities cooperating only to produce kiwifruit, in which more than one of the parties is a producer, shall be entitled to cast one ballot in the referendum covering only such producer's share of the ownership.

(b) Proxy voting is not authorized, but an officer or employee of an eligible corporate producer or importer, or an administrator, executor, or trustee of an eligible producing or importing entity may cast a ballot on behalf of such producer or importer entity. Any individual so voting in a referendum shall certify that such individual is an officer or employee of the eligible producer or importer, or an administrator, executor, or trustee of an eligible producing or importing entity, and that such individual has the authority to

take such action. Upon request of the referendum agent, the individual shall submit adequate evidence of such authority.

(c) All ballots are to be cast by mail.

§ 1214.203 Instructions.

The referendum agent shall conduct the referendum, in the manner provided in this subpart, under the supervision of the Administrator. The Administrator may prescribe additional instructions, not inconsistent with the provisions of this section, to govern the procedure to be followed by the referendum agent. Such agent shall:

(a) Determine the time of commencement and termination of the period during which ballots may be cast.

(b) Provide ballots and related material to be used in the referendum. Ballot material shall provide for recording essential information including that needed for ascertaining:

(1) Whether the person voting, or on whose behalf the vote is cast, is an eligible voter;

(2) The total volume of kiwifruit produced by the voting producer during the representative period; and

(3) The total volume of kiwifruit imported by the voting importer during the representative period.

(c) Give reasonable advance public notice of the referendum:

(1) By utilizing available media or public information sources, without incurring advertising expense, to publicize the dates, places, method of voting, eligibility requirements, and other pertinent information. Such sources of publicity may include, but are not limited to, print and radio; and

(2) By such other means as the agent may deem advisable.

(d) Mail to eligible producers and importers, whose names and addresses are known to the referendum agent, the instructions on voting, a ballot, and a summary of the terms and conditions of the proposed Order. No person who claims to be eligible to vote shall be refused a ballot.

(e) At the end of the voting period, collect, open, number, and review the ballots and tabulate the results in presence of an agent of the Office of Inspector General.

(f) Prepare a report on the referendum.

(g) Announce the results to the public.

§ 1214.204 Subagents.

The referendum agent may appoint any individual or individuals deemed necessary or desirable to assist the agent in performing such agent's functions in this subpart. Each individual so appointed may be authorized by the agent to perform any or all of the functions which, in the absence of such appointment, shall be performed by the agent.

§ 1214.205 Ballots.

The referendum agent and subagents shall accept all ballots cast; but, should they, or any of them, deem that a ballot should be challenged for any reason, the agent or subagent shall endorse above their signature, on the ballot, a statement to the effect that such ballot was challenged, by whom challenged, the reasons therefore, the results of any investigations made with respect thereto, and the disposition thereof. Ballots invalid under this subpart shall not be counted.

§ 1214.206 Referendum report.

Except as otherwise directed, the referendum agent shall prepare and submit to the Administrator a report on results of the referendum, the manner in which it was conducted, the extent and kind of public notice given, and other information pertinent to analysis of the referendum and its results.

§ 1214.207 Confidential information.

The ballots and other information or reports that reveal, or tend to reveal, the vote of any person covered under the Act and the voting list shall be held confidential and shall not be disclosed.

Under such a situation, paragraphs (f), (g), and (h) of this section shall be applicable.

(c) At the end of each three (3) year period, the Board shall review the geographic distribution of soybean production volume throughout the United States and may recommend to the Secretary a modification of paragraph (e) of this section, to best reflect the geographic distribution of soybean production volume in the United States. The Secretary may amend this subpart to make the changes recommended by the Board in levels of productions used to determine per unit representation. A unit may not, as a result of any modifications under this subsection, lose Board seats to which it is entitled at

the time this subpart is initially issued unless its average annual production, as determined under paragraph (e)(6) of this section, declines below the levels required for representation, as specified in paragraphs (e) (1) through (5) of this section.

(d) At the end of each three (3) year period, the Secretary shall review the volume of production (minus the volume of production for which refunds have been paid) of each unit provided representation under paragraph (a) of this section, and shall adjust the boundaries of any unit and the number of Board members from each such unit to conform with the criteria set out in paragraphs (e) (1) through (5) of this section.

(e) The following formula will be used to determine the number of directors for each unit who shall serve on the Board:

(1)(i) Except as provided in paragraph (e)(1)(ii) of this section, each State will be considered as a separate unit.

(ii) States which do not have annual average soybean production equal to or greater than three million (3,000,000) bushels shall be grouped, to the extent practicable, into geographically contiguous units each of which, to the extent practicable, have a combined annual soybean production level which is equal to or greater than three million (3,000,000) bushels and each such unit shall be entitled to at least one representative on the Board.

§ 1220.203 Nominations.

All nominations for appointments to the Board under § 1220.204 shall be made in the following manner:

(a) After the issuance of this subpart by the Secretary, nominations shall be obtained by the Secretary as specified in paragraphs (a), (b), and (c) of this section from Qualified State Soybean Boards or for initial Board nominations, eligible organizations deemed qualified to nominate pursuant to paragraph (f) of the section. A Qualified State Soybean Board, or for initial Board nominations, an eligible organization shall only submit nominations for positions on the Board representing the unit, as established under § 1220.201, in which such Qualified State Soybean Board operates.

(b) If the Secretary determines that a unit is not represented by a Qualified State Soybean Board or for initial Board nominations, an eligible organization, then the Secretary may solicit nominations from organizations which represent producers in that unit and from producers residing in that unit. A caucus may be held in such units for

the purpose of collectively submitting nominations to the Secretary.

(c) Where there is more than one State comprising a unit, the Secretary shall take into consideration the nominations submitted by Qualified State Soybean Boards or for initial Board nominations, eligible organizations, within the unit. A caucus may be held in such units for the purpose of collectively submitting nominations to the Secretary. The Secretary shall consider the proportional levels of production in each State comprising the unit when appointing members to the Board representing that unit.

(d) At least two nominations shall be submitted for each position to be filled.

(e) Nominations may be submitted in order of preference and for the initial Board, in order of preference for staggered terms. Should the Secretary reject any nomination submitted and there are insufficient nominations submitted from which appointments can be made, the Secretary may request additional nominations under paragraph (a) or (b) of this section, whichever provision is applicable for such unit.

(f) Any organization authorized pursuant to State law to collect assessments from producers may notify the Secretary of the organization's intent to nominate members to the initial Board for the State or unit, as established under § 1220.201, in which such organization operates and is authorized by State law. Such eligibility shall be based only upon the criteria established pursuant to § 1220.228(a)(1). There shall only be one organization authorized per State pursuant to this section to submit nominations to the initial Board. If no such entity exists in a State, any organization meeting those requirements of § 1220.228(a)(2) may request eligibility to submit nominations.

§ 1220.204 Appointment.

From the nominations made pursuant to § 1220.203, the Secretary shall appoint the members of the Board on the basis of representation provided for in § 1220.201.

Any producer nominated to serve on the Board shall file with the Secretary at the time of nomination a written agreement to:

(a) Serve on the Board if appointed; and

§ 1220.206 Vacancies.

To fill any vacancy occasioned by the death, removal, resignation, or disqualification of any member of the Board, the Secretary shall request nominations for a successor pursuant to § 1220.203, and such successor shall be appointed pursuant to § 1220.204.

§ 1220.207 Alternate members.

(a) The Secretary shall solicit, pursuant to the procedures of § 1220.203, nominations for alternate members of the Board.

(b) The Secretary shall appoint one alternate member of the Board for each unit which has only one member pursuant to § 1220.204 and § 1220.205.

(c) Alternate members of the Board may attend meetings of the Board as a voting member upon the following circumstances:

(1) A member of the Board for the unit which the alternate member represents is absent; and

(d) An alternate member of the Board, when attending Board meetings in an official capacity, shall have the rights, duties and obligations of a Board member.

§ 1220.208 Removal.

If the Secretary determines that any person appointed under this part fails or refuses to perform his or her duties properly or engages in acts of dishonesty or willful misconduct, the Secretary shall remove the person from office. A person appointed or certified under this part or any employee of the

Board or Committee may be removed by the Secretary if the Secretary determines that the person's continued service would be detrimental to the purposes of the Act.

§ 1220.209 Procedure.

(a) At a properly convened meeting of the Board, a majority of the members shall constitute a quorum.

(b)(1) Except for roll call votes, each member of the Board will be entitled to one vote on any matter put to the Board and the motion will carry if supported by a simple majority of those voting.

(2)(i) If a member requests a roll call vote, except as provided in paragraph (b)(2)(ii) of this section, each unit as established under § 1220.201, shall cast one vote for each percent, or portion of a percent, of the average total amount of assessments remitted to the Board that was remitted from the unit (minus refunds) during each of the three previous fiscal years of the Board under § 1220.223.

(ii)(A) During the first fiscal year of the Board, the percentage used to determine the votes given to a unit will be based on annual average soybean production of the three previous years. If a unit is represented by more than one member, each member representing the unit shall receive an equal percentage of the votes allocated to the unit.

(B) During the second and third year this subpart is in effect, the percentage used to determine the votes given to a unit will be based upon averaging the unit's percentage of annual assessments remitted to the Board (minus refunds).

(iii) Should a member representing a unit not be present, then the other members representing such unit shall vote, on an equal basis if there is more than one member representing the unit present, the number of votes which the absent member would have been entitled to vote.

(iv) A motion will carry on a roll call vote if approved by both a simple majority of all votes cast and a simple majority of all units voting (with the vote of each unit determined by a simple majority of all votes cast by members in that unit).

(3) A member may not cast votes by proxy.

(c) In lieu of a properly convened meeting and, when in the opinion of the chairperson of the Board such action is considered necessary, the Board may take action upon the concurring votes of a majority of its members, or if a roll call vote is requested, a simple majority of all votes cast and a simple majority of all units voting by mail, telephone, facsimile, or telegraph, but any such action by telephone shall be confirmed promptly in writing. In the event that such action is taken, all members must be notified and provided the opportunity to vote. Any action so taken shall have the same force and effect as though such action had been taken at a regular or special meeting of the Board.

(d) On or after the end of the three-year period beginning on the effective date of this subpart, the Board may recommend to the Secretary changes in the voting procedures of the Board described in paragraph (b) of this section.

§ 1220.210 Compensation and reimbursement.

The members of the Board shall serve without compensation but shall be reimbursed for necessary and reasonable expenses incurred by them in the performance of their responsibilities under this subpart.

(a) To meet not less than three times annually, or more often if required for the Board to carry out its responsibilities pursuant to this subpart.

(b) To organize and select from among its members a chairperson, vice chairperson, a treasurer and such other officers as may be necessary.

(c) To appoint from its members an executive committee and to delegate to the committee authority to administer the terms and provisions of this subpart under the direction of the Board and within the policies determined by the Board.

(g) To maintain such books and records, which shall be available to the Secretary for inspection and audit, and to prepare and submit such reports from time to time to the Secretary, as the Secretary may prescribe, and to make appropriate accounting with respect to the receipt and disbursement of all funds entrusted to it.

(a) The Board is authorized to incur such expenses (including provision for a reasonable reserve) as the Secretary finds are reasonable and likely to be incurred by the Board for its maintenance and functioning and to enable it to exercise its powers and perform its duties in accordance with the provisions of this subpart. However, during any fiscal year, expenses incurred by the Board for administrative staff costs and their benefits shall not exceed 1 percent of the projected level of assessments, net of projected refunds, of the Board for that fiscal year. Such expenses shall be paid from assessments received pursuant to § 1220.223. The administrative expenses of the Board, including the cost of administrative staff, shall not exceed 5 percent of the projected level of assessments, net of projected refunds, of the Board for that fiscal year.

(b) The Board shall reimburse the Secretary, from assessments received pursuant to § 1220.223, for administrative costs incurred after an Order has been submitted to the Department pursuant to section 1968(b) of the Act; Provided, that the Board shall only be required to reimburse the Secretary for one-half (50%) of the costs incurred by the Secretary to conduct the refund referendum relating to continuation of authority to pay refunds.

(c)(1) The Board may, with the approval of the Secretary, authorize a credit to Qualified State Soybean Boards of up to 5 percent of the amount

to be remitted to the Board pursuant to § 1220.223 and § 1220.228 of this subpart to offset collection and compliance costs relating to such assessments and for fees paid to State governmental agencies or first purchasers for collection of the assessments where the payment of such fees by the Qualified State Soybean Board is required by State law enacted prior to November 28, 1990.

(2) The portion of the credit authorized in paragraph (c)(1) of this section which compensates Qualified State Soybean Boards for fees paid to State governmental agencies or first purchasers for collection of the assessments where the payment of such fees by the Qualified State Soybean Board is required by State law enacted prior to November 28, 1990:

(i) Shall not exceed one-half of such fees paid to State governmental agencies or first purchasers, and;

(ii) Shall not exceed 2.5 percent of the amount of assessments collected and remitted to the Board.

(3) Except for that portion of the credit issued pursuant to paragraph (c)(2) of this section, credits authorized by paragraph (c)(1) of this section will be included as part of the Board's administrative expenses.

§ 1220.223 Assessments.

(a)(1) Except as prescribed by regulations approved by the Secretary or as otherwise provided in this section, each first purchaser of soybeans shall collect an assessment from the producer, and each producer shall pay such assessment to the first purchaser, at the rate of one-half of one percent (0.5%) of the net market price of the soybeans purchased. Each first purchaser shall remit such assessment to the Board or to a Qualified State Soybean Board, as provided in paragraph (a)(5) of this section.

(2) Any producer marketing processed soybeans or soybean products of that producer's own production, shall remit to a Qualified State Soybean Board or to the Board, as provided in paragraph (a)(5) of this section, an assessment on such soybeans or soybean products at a rate of one-half of one percent (0.5%) of the net market price

of the soybeans involved or the equivalent thereof.

(3) In determining the assessment due from each producer under paragraph (a)(1) or (a)(2) of this section, a producer who is contributing to a Qualified State Soybean Board shall receive a credit from the Board for contributions to such Qualified State Soybean Board on any soybeans assessed under this section in an amount not to exceed one-quarter of one percent of the net market price of the soybeans assessed.

(4) In order for a producer to receive the credit provided for in paragraph (a)(3) of this section, the Qualified State Soybean Board or the first purchaser must establish to the satisfaction of the Board that the producer has contributed to a Qualified State Soybean Board.

(5)(i) If the soybeans, for which an assessment is paid, were grown in a State other than the State which is the situs of the first purchaser, the first purchaser that collects the assessment shall remit the assessment and information as to the State of origin of the soybeans to the Qualified State Soybean Board operating in the State in which the first purchaser is located. The Qualified State Soybean Board operating in the State in which the first purchaser is located shall remit such assessments to the Qualified State Soybean Board operating in the State in which the soybeans were grown. If no such Qualified State Soybean Board exists in such State, then the assessments shall be remitted to the Board. The Board, with the approval of the Secretary, may authorize Qualified State Soybean Boards to propose modifications to the foregoing "State of Origin" rule to ensure effective coordination of assessment collections between Qualified State Soybean Boards.

(ii)(A) If a producer pledges soybeans grown by that producer as collateral for a loan issued by the Commodity Credit Corporation and if that producer forfeits said soybeans in lieu of loan repayment, the Commodity Credit Corporation shall at the time of the loan settlement, collect from the producer the assessments due based on 0.5 percent of the principal loan amount received by the producer and remit the

assessment to the Qualified State Soybean Board in the State in which the soybeans were pledged, or if no Qualified State Soybean Board exists in such State, the Board.

(B) If a producer redeems and subsequently markets soybeans which have been pledged as collateral for a loan issued by the Commodity Credit Corporation, the first purchaser shall collect and remit the assessments due pursuant to paragraph (a)(1) of this section; or if a producer markets such soybeans as processed soybeans or as soybean products, the producer shall remit the assessment pursuant to paragraph (a)(2) of this section.

(iii) Qualified State Soybean Boards and the Board shall coordinate assessment collection procedures to ensure that producers marketing soybeans are required to pay only one assessment per bushel of soybeans and collections are adjusted among States on a mutually agreeable basis.

(b) The collection of assessments pursuant to paragraph (a) of this section, shall commence on and after the date assessments are required to be paid and shall continue until terminated by the Secretary. If the Board is not constituted on the date the first assessments are to be collected, the Secretary shall have the authority to receive the assessments on behalf of the Board, and to hold such assessments until the Board is constituted, then remit such assessments to the Board.

(c)(1) Each person responsible for the collection of assessments under paragraph (a) of this section, shall collect and remit the assessments to the Board or a Qualified State Soybean Board on a monthly basis or as required by State law, but no less than quarterly, unless the Board, with the approval of the Secretary, has specifically authorized otherwise.

(2) Any unpaid assessments due the Board or a Qualified State Soybean Board from a person responsible for remitting assessments to the Board or a Qualified State Soybean Board pursuant to paragraph (a) of this section, shall be increased two percent (2%) each month beginning with the day following the date such assessments were due under this subpart. Any remaining amount due shall be increased at the

same rate on the corresponding day of each month thereafter until paid.

(3) The amounts payable pursuant to this section shall be computed monthly on unpaid assessments and shall include any unpaid late charges previously applied pursuant to this section.

(4) For the purpose of this section, any assessment that was determined at a date later than prescribed by this subpart because of a person's failure to submit a report to the Board or a Qualified State Soybean Board when due, shall be considered to have been payable by the date it would have been due if the report had been filed when due.

(d) Prior to the continuance referendum, the Board, pursuant to procedures approved by the Secretary, shall ensure that each Qualified State Soybean Board is provided credit in accordance with the provisions of section 1969(n)(1) and subject to section 1969(n)(3) of the Act.

§ 1230.60 Promotion, research, and consumer information.

(a) The Board shall receive and evaluate, or, on its own initiative, develop, and submit to the Secretary for approval, any plans and projects. Such plans and projects shall provide for:

(1) The establishment, issuance, effectuation, and administration of appropriate plans and projects for promotion, research, and consumer information with respect to pork and pork products designed to strengthen the position of the pork industry in the marketplace and to maintain, develop, and expand domestic and foreign markets for pork and pork products;

(2) The establishment and conduct of research and studies with respect to the sale, distribution, marketing, and utilization of pork and pork products and the creation of new products thereof, to the end that marketing and utilization of pork and pork products may be encouraged, expanded, improved, or made more acceptable.

(b) Each plan and project shall be periodically reviewed or evaluated by the Board to ensure that the plan and project contributes to an effective and coordinated program of promotion, research, and consumer information. If it is found by the Board that any such plan and project does not further the purposes of the Act, the Board shall terminate such plan and project.

(c) No plan or project shall make a false or misleading claim on behalf of pork or a pork product or a false or misleading statement with respect to an attribute or use of a competing product.

(d) No plan or project shall undertake to advertise or promote pork or pork products by private brand or trade name unless such advertisement or promotion is specifically approved by the Board, with the concurrence of the Secretary.

EXPENSES AND ASSESSMENTS

§ 1230.70 Expenses.

(a) The Board is authorized to incur such expenses (including provision for a reasonable reserve that would permit an effective promotion, research, and consumer information program to continue in years when the amount of assessments may be reduced) as the Secretary finds are reasonable and likely to be incurred by the Board for its administration, maintenance, and functioning and to enable it to exercise its powers and perform its duties in accordance with the provisions of this subpart, including financing plans and projects. Such expenses shall be paid from assessments collected pursuant to § 1230.71 and other funds available to the Board, including donations.

(b) The Board shall reimburse the Secretary, from assessments collected pursuant to § 1230.71, for reasonable administrative expenses incurred by the

Department with respect to this subpart after January 1, 1986, including any expenses reasonably incurred for the conduct of elections of nominees for appointment to the initial Delegate Body and for the conduct of referenda.

§ 1230.71 Assessments.

(a)(1) Each producer producing in the United States a porcine animal raised as a feeder pig that is sold shall pay an assessment on that animal, unless such producer demonstrates to the Board by appropriate documentation that an assessment was previously paid on that animal as a feeder pig.

(2) Each producer producing in the United States a porcine animal raised for slaughter that is sold shall pay an assessment on that animal, unless such producer demonstrates to the Board by appropriate documentation that an assessment was previously paid on that animal as a market hog.

(3) Each producer producing in the United States a porcine animal raised for slaughter that such producer slaughters for sale shall pay an assessment on that animal unless such producer demonstrates to the Board by appropriate documentation that an assessment was previously paid on that animal as a market hog.

(4) Each producer producing in the United States a porcine animal raised for breeding stock that is sold shall pay an assessment on that animal, unless such producer demonstrates to the Board by appropriate documentation that an assessment was previously paid by a person on that animal as breeding stock.

(5) Each importer importing a porcine animal, pork, or pork product into the United States shall pay an assessment on that porcine animal, pork, or pork product, unless such importer demonstrates to the Board by appropriate documentation that an assessment was previously paid for that porcine animal, pork, or pork product.

(b)(1) Each purchaser of a porcine animal raised by a producer as a feeder pig or market hog shall collect an assessment on such porcine animal if an assessment is due pursuant to paragraph (a) of this section, and shall remit that assessment to the Board. For the purposes of collection and re-

mittance of assessments, any person engaged as a commission merchant, auction market, or livestock market in the business of receiving such porcine animals for sale on commission for or on behalf of a producer shall be deemed to be a purchaser.

(2) Assessments on porcine animals raised as breeding stock which are sold by a commission merchant, auction, market, or livestock market in the business of receiving such porcine animals for sale on commission for or on behalf of a producer shall be collected and remitted by the commission merchant, auction market, or livestock market selling such porcine animals.

(3) Each producer of porcine animals slaughtered for sale by the producer or sold directly to a consumer in connection with a custom slaughter operation shall remit an assessment to the Board if an assessment is due pursuant to paragraph (a) of this section.

(4) Assessments on domestic porcine animals shall be remitted in the form of a negotiable instrument made payable to the "National Pork Board," which, together with the reports required by § 1230.80, shall be sent to the address designated by the Board.

(5) Each importer of a porcine animal, pork, or pork product shall remit an assessment to the Customs Service at the time such porcine animal, pork, or pork product is imported or in such manner as may be established by regulations prescribed by the Board and approved by the Secretary, if an assessment is due pursuant to paragraph (a) of this section.

(c) The initial rate of assessment shall be 0.25 percent of market value.

(d) The rate of assessment may, upon the recommendation of the Delegate Body, be increased by regulations prescribed by the Board and approved by the Secretary by no more than 0.1 percent of such market value per fiscal period to a total of not more than 0.5 percent of market value.

(e) Assessments on imported pork and pork products shall be expressed in an amount per pound for each type of pork or pork product subject to assessment, which shall be established by

§ 1230.72 Distribution of assessments.

Assessments remitted to the Board shall be distributed as follows:

(a) Each State association shall receive on a monthly basis, a percentage determined by the Delegate Body or 16.5 percent, whichever is higher, of the net assessments attributable to that State. The net assessments attributable to a State is the total amount of assessments received from producers in a State.

(b) A State association which was conducting a pork promotion program in the period from July 1, 1984 to June 30, 1985, shall receive additional amounts at such times as the Board may determine, so that the total amount received on an annual basis would be equal to the amount that would have been collected in such State pursuant to the pork promotion program in existence in such State from July 1, 1984, to June 30, 1985, had the porcine animals subject to assessment, been produced from July 1, 1984, to June 30, 1985, and been subject to the rates of assessment then in effect from such State to the Council and other national entities involved in pork promotion, research, and consumer information. This paragraph shall apply to a State association only if the annual amount determined under this paragraph would be greater than the annual amount determined under paragraph (a) of this section.

(c) The Council shall receive on a monthly basis 35 percent of the net assessments until after the referendum is conducted, and 25 percent thereafter and until 12 months after the referendum.

and projects and the administrative expenses incurred in connection therewith, including the cost of administering nominations and elections of producer members of the Delegate Body.

(b) The Council shall use its distribution of assessments pursuant to § 1230.72, as well as any proceeds from the investment of such funds pending their use, for financing plans and projects and the Council's administrative expenses.

(c) The Board shall use its distribution of assessments pursuant to § 1230.72, as well as any proceeds from the investment of such funds pending their use, for:

(1) Financing plans and projects;

(2) The Board's expenses for the Board's administration, maintenance, and functioning as authorized by the Secretary;

(3) Accumulation of a reserve not to exceed one fiscal period's budget to permit continuation of an effective promotion, research, and consumer information program in years when assessment amounts may be reduced; and

(4) The Secretary's administrative costs in carrying out this part.

§ 1230.74 Prohibited use of distributed assessments.

(a) No funds collected under this subpart shall in any manner be used for the purpose of influencing legislation as that term is defined in section 4911 (d) and (e)(2) of the Internal Revenue Code of 1954, or for the purpose of influencing governmental policy or action except in recommending to the Secretary amendments to this part.

(b) Organizations receiving distributions of assessments from the Board shall furnish the Board with annual financial statements audited by a certified public accountant of all funds distributed to such organizations pursuant to this subpart and any other reports as may be required by the Secretary or the Board in order to verify the use of such funds.

§ 1230.75 Adjustment of accounts.

Whenever the Board or the Department determines, through an audit of a

person's reports, records, books or accounts or through some other means that additional money is due the Board or that money is due such person from the Board, such person shall be notified of the amount due. Any amount due the Board shall be remitted to the Board by the next date for remitting assessments as provided in § 1230.71(b)(3). Any overpayment to the Board shall be credited to the account of the person remitting the overpayment and shall be applied against amounts due in succeeding months except that the Board shall make prompt payment when an overpayment cannot be adjusted by a credit.

§ 1230.76 Charges.

Any assessment not paid when due shall be increased 1.5 percent each month beginning with the day following the date such assessment was due. Any remaining amount due, which shall include any unpaid charges previously made pursuant to this section, shall be increased at the same rate on the corresponding day of each month thereafter until paid. For the purpose of this section, any assessment that was determined at a date later than prescribed by this subpart because of a person's failure to submit a report to the Board when due shall be considered to have been payable by the date it would have been due if the report had been filed when due. The timeliness of a payment to the Board shall be based on the applicable postmark date or the date actually received by the Board, whichever is earlier.

All nominations to the Board authorized under § 1240.30 herein shall be made in the following manner.

(a) *Establishment of National Honey Nominations Committee.* (1) There is hereby established a National Honey

Nominations Committee, hereinafter called the Committee, which shall consist of not more than one member from each State, appointed by the Secretary from nominations submitted by each State Association. Wherever there is more than one eligible association within a State, the Secretary shall designate the association most representative of the honey producers, handlers, importers and exporters not exempt under sections 1240.42 (a) and (b) to make nominations for that State.

(2) If a State Association does not submit a nomination for the Committee, the Secretary may select a member of the honey industry from that State to represent that State on the Committee. (3) A majority of the Committee shall constitute a quorum for voting at an annual meeting. In the event of a mail ballot, votes must be received from a majority of the Committee to constitute a quorum.

(4) At least 50 percent of the members from the twenty leading honey-producing states must vote in any nomination of members to the Board.

(5) For the purpose of nominating producer members to the Board, the Secretary shall establish seven regions on the basis of the production of honey. For the purpose of facilitating initial nominations to the Honey Board, the following regions shall be the initial regions:

- (ii) Shifts and trends in quantities of honey produced;
- (iii) The equitable relationship of Board membership and districts; and
- (iv) Other relevant factors.

As a result of this review, the Board may recommend for the Secretary's approval the reestablishment of such regions. Any such reestablishment of regions shall be made at least six months prior to the date on which terms of office of the Board begin each year and shall become effective at least 30 days prior to such date.

(7) In nominating producer members to the Board, no producer-packer who, during any three of the preceding five years, purchased for resale more honey than such producer-packer produced shall be eligible for nomination or appointment to the Honey Board as a producer or as an alternate to such producer.

(b) If a member of the Board consistently refuses to perform the duties of a member of the Board, or if a member of the Board engages in acts of dishonesty or willful misconduct, the Board may recommend to the Secretary that he/she be removed from office. If the Secretary finds the recommendation of the Board shows adequate cause, he/she shall remove such member from office.

(c) Should any member position become vacant, the alternate of that member shall automatically assume the position of said member. At its next meeting, the Honey Nominations Committee shall nominate a replacement for said alternate. Should the positions of both a member and such member's alternate become vacant, successors for the unexpired terms of such member and alternate shall be nominated and appointed in the manner specified in §§ 1240.30 and 1240.32, except that said nomination and replacement shall not be required if said unexpired terms are less than six months.

The Board shall develop and submit to the Secretary for approval any plans or projects authorized in this section. Such plans or projects shall provide for:

(b) The establishment and conduct of marketing research and development projects to the end that the acquisition of knowledge pertaining to honey and honey products or their consumption and use may be encouraged or expanded, or to the end that the marketing and utilization of honey and honey products may be encouraged, expanded, improved or made more efficient: *Provided*, That quality control, grade standards, supply management programs, or other programs that would otherwise limit the right of the individual honey producer to produce honey shall not be conducted under, or as a part of this subpart;

(c) The development and expansion of honey and honey product sales in foreign markets;

(d) A prohibition on advertising or other promotion programs that make any false or unwarranted claims on behalf of honey or its products or false or unwarranted statements with respect to the attributes or use of any competing product;

(f) The Board to enter into contracts or make agreements for the development and carrying out of research, promotion, and consumer education, and pay for the costs of such contracts or agreements with funds collected pursuant to § 1240.41.

EXPENSES AND ASSESSMENTS

§ 1240.40 Budget and expenses.

(a) At the beginning of each fiscal period, or as may be necessary thereafter, the Board shall prepare and recommend a budget on a fiscal period basis of its anticipated expenses and disbursements in the administration of the Order, including expenses of the Committee and probable costs of research, promotion, and consumer education.

(b) The Board is authorized to incur expenses for research, promotion, and consumer education, such other expenses for the administration, maintenance, and functioning of the Board and the Committee as may be authorized by the Secretary, any operating reserve established pursuant to § 1240.44, and those administrative costs incurred by the Department specified in paragraph (c) of this section. The funds to cover such expenses shall be paid from assessments collected pursuant to § 1240.41, donations from any person not subject to assessments under this order and other funds available to the Board including those collected pursuant to § 1240.67 and subject to the limitations contained therein.

(c) The Board shall reimburse the Department from assessments for administrative costs incurred by the Department with respect to this order after its promulgation. The Department shall also be reimbursed for administrative expenses incurred by it for the conduct of referenda.

§ 1240.41 Assessments.

(a) Each producer and importer shall pay to the Board, upon demand, his/her pro rata share of such expenses as may be approved by the Secretary pursuant to § 1240.40. Such pro rata share shall be the amount established by the Secretary pursuant to paragraph (c) of this section.

(b) Except as provided in § 1240.42 and in paragraphs (e), (f), and (g) of this section, the first handler shall be responsible for the collection of such assessment from the producer and payment thereof to the Board. The first handler shall maintain separate records for each producer's honey handled, including honey produced by said handler.

(c) The assessment on honey shall be levied at a rate fixed by the Secretary which shall be \$0.01 per pound of honey or honey used in honey products.

(d) Should a deficit occur during any fiscal period, funds to cover the deficit may be obtained by increasing the rate of assessment subject to the limitations in paragraph (c) of this section. The increased rate of assessment shall be applied to all honey and the honey used in products wherein honey is the primary ingredient sold in the States during that particular fiscal period so that the total payments by each person during each fiscal period will be proportional to the total value of the honey and honey products sold during that period.

(e) The importer of imported honey and honey products shall pay the assessment to the Board at the time of entry of such honey and honey products into any State.

(f) Producer-packers shall pay to the Board the assessment on the honey for which they act as first handler.

(g) Whenever a loan is made on honey under the Honey Loan-Price Support Program, the Secretary shall provide that the assessment be deducted from the proceeds of the loan or the loan deficiency payment, if applicable, and that the amount of such assessment shall be forwarded to the Board, except that the assessment shall not be deducted by the Secretary in the case of a honey marketing cooperative that has already deducted the assessment. As soon as practicable after the assess-

ment is deducted from the loan funds or loan deficiency payment, the Secretary shall provide the producer with proof of payment of the assessment.

(h) Should a first handler or the Secretary fail to collect an assessment from a producer, the producer shall be responsible for the payment of the assessment to the Board.

(i) Assessments shall be paid to the Board at such time and in such manner as the Board, with the Secretary's approval, directs pursuant to regulations issued hereunder. Such regulations may provide for different handler, importer, or producer-packer payment schedules so as to recognize differences in marketing or purchasing practices and procedures.

(j) There shall be a late payment charge imposed on any handler, importer, or producer-packer who fails to remit to the Board the total amount for which any such handler, importer, or producer-packer is liable on or before the payment due date established by the Board under paragraph (h) of this section. The amount of the late payment charge shall be set by the Board subject to approval by the Secretary.

(k) There shall also be imposed on any handler, importer, or producer-packer subject to a late payment charge, an additional charge in the form of interest on the outstanding portion of any amount for which the handler, importer, or producer-packer is liable. The rate of such interest shall be prescribed by the Board subject to approval by the Secretary, but shall not exceed the maximum legal rate of interest, if any, as established by Congress.

(l) The Board is hereby authorized to accept advance payment of assessments by handlers, importers, or producer-packers that shall be credited toward any amount for which the handlers, importers or producer-packers may become liable. The Board is not obligated to pay interest on any advance payment.

(m) The Board is hereby authorized to borrow money for the payment of expenses subject to the same fiscal,

budget, and audit controls as other funds of the Board.

§ 1240.42 Exemption from assessment.

(a) A producer who produces less than 6,000 pounds of honey per year, or a producer-packer who produces and handles less than 6,000 pounds of honey per year or an importer who imports less than 6,000 pounds of honey per year on honey which such person distributes directly through local retail outlets such as roadside stands, farmers markets, groceries, or other outlets as otherwise determined by the Secretary, during such year shall be eligible for an exemption from the assessment.

(b) A producer or importer who consumes honey at home or donates honey to a nonprofit, government, or other entity, as determined appropriate by the Secretary, rather than sell such honey, shall be exempt from the assessment on that honey so consumed or donated, except for honey donated that is later sold in a commercial outlet by a donee or donee's assignee.

(c) To claim such exemption, a producer, producer-packer, or importer shall submit an application to the Board stating the basis on which the person claims the exemption for such year.

(d) If, after a person claims an exemption from assessments for any year under this subparagraph, and such person no longer meets the requirements of this subparagraph for an exemption, such person shall file a report with the Board in the form and manner prescribed by the Board and pay an assessment on or before March 15 of the subsequent year on all honey produced or imported by such person during the year for which the person claimed the exemption.

(e) The Board may recommend to the Secretary that honey exported from the States be exempted from the provisions of this order, and include procedures for the refund of assessments on such honey and such safeguards as may be necessary to prevent improper use of this exemption.

(f) The Board shall determine those States that are operating a program

with objectives comparable to the objectives of the Act and recommend to the Secretary that they be exempted from a portion of the assessments collected by the Federal program. The amount of such assessments subject to exemption shall not exceed the amount authorized by the State plan on January 1, 1985, unless a State provides evidence that it was in the process of promulgating a different assessment level on January 1, 1985, then the new assessment level promulgated will be exempt upon approval of the honey producers in that State. Producers having an exemption from a portion of the assessments under this order, due to payment of assessments to a State plan, shall be required to furnish evidence to the Board that the assessments to the State plan have been paid.

(a) Refunds shall be paid only if the Secretary certifies that the State assessment plan:

(1) Is comparable to the program established under the Act and this part; and

(2) Was in existence and in operation on January 1, 1985.

(b) Refunds shall be made directly to States, and in no event shall exceed the amount collected by the Board on honey produced in the requesting State, and the amount of any refund shall be limited in accordance with the provisions of this subpart.

(2) That portion of honey which does not enter the current of commerce which is utilized solely to sustain a producers or producer-packer's own colonies of bees;

principal ingredient. Honey subject to assessment shall be assessed only once.

(c) The assessment on each lot of honey handled in the United States shall be paid by the first handler who handles, or by the producer-packer who produces and handles such honey.

(1) The first handler shall collect and pay assessments to the Board unless such handler has received documentation acceptable to the Board that the assessment has been previously paid.

(d) Assessments shall be levied with respect to honey pledged as collateral for a loan or loan deficiency payment under the Commodity Credit Corporation (CCC) Honey Price Support Program in accordance with an agreement entered into between the Honey Board and the CCC. The assessment will be deducted from the proceeds of the loan or loan deficiency payment by the CCC and forwarded to the Board, except that the assessment shall not be deducted in the case of a honey marketing cooperative that has already deducted the assessment or that portion of the assessment paid to a qualified State plan exempted by the Board. (a) Responsibility for payment. Unless otherwise authorized by the Board under the Act and Order, the first handler or producer-packer shall collect the assessment from the producer, or deduct such assessment from the proceeds paid to the producer on whose honey the assessment is made, and remit the assessments to the Board. The first handler or producer-packer shall furnish the producer with evidence of such payment. Any such collection or deduction of assessment shall be made not later than the time when the assessment becomes payable to the Board. Failure of the handler or producer-packer to collect or deduct such assessment does not relieve the handler or producer-packer of his or her obligation to remit the assessment to the Board. However, should a first handler or the Secretary fail to collect an assessment from a producer, the producer shall be responsible for the payment of the assessment to the Board. Assessments on imported honey and honey products shall be collected as specified in §1240.115(e); *Provided*, That importers shall be responsible for

payment of any assessment amount not collected by the U.S. Customs Service at the time of entry or withdrawal for consumption into the United States.

Payment shall be in the form of a check, draft, or money order payable to the Board and shall be accompanied by a report on Board forms pursuant to §1240.50.

(c) *Prepayment of assessment.* (1) In lieu of the monthly assessment payment specified in §1240.119 of this subpart, the Board may permit first handlers or producer-packers to make advance payments of their total estimated assessments for the season to the Board prior to their actual determination of assessable honey.

(2) Persons using such procedure shall provide a monthly accounting of actual handling and assessments.

(3) Specific requirements, instructions, and forms for making such advance payments shall be provided by the Board upon request.

(d) *Payment through cooperating agency.* The Board may enter into agreements subject to approval of the Secretary authorizing other organizations to collect assessments in its behalf. All such agreements are subject to the requirements of the Act, Order, and all applicable rules and regulations under the Act and the Order.

CERTIFICATION OF ORGANIZATIONS

§ 1250.356 Certification of organizations.

Any organization may request the Secretary for certification of eligibility to participate in nominating members and alternate members on the Board to represent the geographic area in which the organization represents egg producers. Such eligibility shall be based in addition to other available information upon a factual report submitted by the organization which shall contain information deemed relevant and specified by the Secretary for the making of such determination, including, but not limited to, the following:

- (a) Geographic territory covered by the organization's active membership;
- (b) Nature and size of the organization's active membership, proportion of total of such active membership accounted for by producers of commercial eggs, a chart showing the egg production by State in which the organization has members, and the volume of commercial eggs produced by the organization's active membership in such State(s);
- (c) The extent to which the commercial egg producer membership of such organization is represented in setting the organization's policies;
- (d) Evidence of stability and permanency of the organization;
- (e) Sources from which the organization's operating funds are derived;
- (f) Functions of the organization; and
- (g) The organization's ability and willingness to further the aims and objectives of the act.

The primary consideration in determining the eligibility of an organization shall be whether its egg producer membership consists of a substantial number of egg producers who produce a substantial volume of the applicable geographic area's commercial eggs to

reasonably warrant its participation in the nomination of members for the Board or to request the issuance of an order. The Secretary shall certify any organization which he finds to be eligible under this section and his determination as to eligibility shall be final.

§ 1250.358 Proceedings after termination.

ASSESSMENTS, COLLECTIONS, AND REMITTANCES

§ 1250.514 Levy of assessments.

An assessment rate of 10 cents per case of commercial eggs is levied on each case of commercial eggs handled for the account of each producer. Each

case of commercial eggs shall be subject to assessment only once. Producers meeting the requirements of § 1250.348 are exempt from the provisions of the Act including this section.

[55 FR 6974, Feb. 28, 1990, as amended at 59 FR 64560, Dec. 15, 1994]

§ 1250.515 Reporting period and payment.

(a) For the purpose of the payment of assessments, either a calendar month or a 4-week accounting period shall be considered the reporting period; however, other accounting periods may be used when approved by the Board on an individual basis. Each collecting handler shall register his reporting period with the Board. All changes in reporting periods shall be requested in writing and subject to approval by the Board.

(b) Each producer shall pay the required assessment on his commercial eggs pursuant to § 1250.514 to the collecting handler designated in § 1250.516 on or before the date of final settlement between the producer and the collecting handler for the eggs received by the collecting handler during each reporting period.

§ 1250.516 Collecting handlers and collection.

(a) Handlers responsible for collecting the assessments shall be any of the following:

(1) The first person to whom eggs are sold, consigned, or delivered by producers and who grades, cartons, or breaks such eggs. Such shell egg breaker or egg packer must collect and remit to the Board the assessments on all eggs handled except eggs for which there is a certification of exemption or eggs for which there is a statement indicating that an assessment has already been paid;

(2) A person who buys or receives nest run eggs from a producer and who does not grade, carton, or break such eggs. Such person shall collect the assessment from the producer and remit to the Egg Board on all such eggs, except for which there is a certification of exemption or eggs for which there is a statement indicating that an assessment has already been paid;

(3) Except as otherwise provided in paragraph (a)(4) of this section, a producer who grades, cartons, or breaks eggs of his own production shall be responsible for remitting the assessment to the Board on all eggs produced. This would include the eggs which he grades, cartons, or breaks as well as the nest run eggs which are graded, cartoned, or broken by another handler. Such a producer who remits the assessment on nest run eggs to the Board shall provide the handler specified in paragraph (a) (1) or (2) of this section with a written statement that the assessment has already been paid on the nest run eggs; or

(4) Upon approval of the Board, any person who handles eggs for a producer under a written contract that includes express provisions that said handler will remit the assessment on such eggs to the Board shall be the collecting handler notwithstanding the fact that the producer may have graded, cartoned, or otherwise processed the eggs.

Following are some examples to aid in identification of collecting handlers:

(i) Producer sells, assigns, consigns, or otherwise delivers nest run eggs of his own production to a shell egg packer or breaker for preparation for market—the shell egg packer or breaker is the collecting handler and is responsible for remitting to the Egg Board;

(ii) Producer grades, cartons, breaks, or otherwise prepares for marketing a portion of the eggs of his own production and delivers the remaining portion of his nest run eggs to a shell egg packer or breaker—the producer is the collecting handler and shall remit the assessment on his total production to the Board;

(iii) Producer sells all or a portion of his eggs in nest run form to a handler who is not a shell egg packer or breaker—the handler is responsible for collecting the assessment and remitting it to the Egg Board except for eggs covered by a statement indicating that an assessment has already been paid;

(iv) A shell egg packer or breaker who buys or receives nest run eggs from a handler who is not a shell egg packer or breaker—the handler is the collecting handler and shall remit such assessment to the Board;

(v) A shell egg packer or egg breaker buys nest run or graded eggs including undergrade eggs from another shell egg packer or egg breaker—the first shell egg packer or breaker is the collecting handler and shall remit such assessments to the Board.

(b) In the event of a producer's death, bankruptcy, receivership, or incapacity to act, the representative of the producer or his estate, or the person acting on behalf of creditors, shall be considered the producer of the eggs for the purpose of this subpart.

(c) The collecting handler may collect the assessment directly from the producer or deduct the assessment from the proceeds due or paid to the producer on whose eggs the assessment is made.

[41 FR 22925, June 8, 1976, as amended at 42 FR 60724, Nov. 29, 1977]

§ 1250.517 Remittance to Egg Board.

(a) The collecting handler responsible for remittance of assessments to the Board is not relieved of this obligation as a result of his failure to collect payment of the assessment from the egg producer(s).

(b) Each collecting handler required to remit the assessments on the eggs handled during each reporting period, specified in § 1250.515(a), shall remit the assessments directly to the Egg Board by check, draft, or money order payable to the Egg Board on or before the 15th day after the end of said reporting period together with a report pursuant to § 1250.529. The assessment for each reporting period shall be calculated on the basis of the gross volume of eggs subject to assessment received by the collecting handler during each reporting period.

(c) Remittance through cooperating agency.

(1) In any State or specified geographic area the Egg Board, with the approval of the Secretary, may designate by agreement a cooperating agency to collect the assessments in its behalf. Every collecting handler within such a State or geographic area shall remit the assessments for each reporting period, specified in § 1250.515(a), to the designated cooperating agency by check, draft, or money order payable to said cooperating agency on or before the 15th day after the end of said reporting period together with a report pursuant to § 1250.529.

(2) On or before the 20th day after the end of each reporting period, each designated cooperating agency shall remit to the Egg Board the total amount of

all assessments received from collecting handlers for said reporting period together with all collecting handler reports. In addition, each designated cooperating agency shall submit to the Egg Board such information as is required by the designation agreement with the Egg Board.

§ 1250.518 Receipts for payment of assessments.

(a) Each collecting handler shall give each producer whose eggs are subject to assessment a receipt for the commercial eggs handled by said collecting handler showing payment of the assessment. This receipt may be on a separate receipt form or included as part of the invoice or settlement sheet for the eggs, but in either event shall contain the following information:

(1) Name, address, and identification number of the collecting handler;

(2) Name and address of the producer who paid the assessment;

(3) Number of cases of eggs on which assessment was paid and the total amount of the assessment; and

(4) Date on which assessment was paid by producer.

(b) All eggs sold, consigned, or delivered from a collecting handler to another handler, excluding cartoned eggs and loose graded eggs sold to the bakeries, restaurants, and institutions, shall be accompanied with the collecting handler's written statement that the assessment on the lot of eggs covered by the invoice has been paid or that lot of eggs or portion thereof is exempt from assessment under provisions of § 1250.514.

§ 1250.519 Late-payment charge.

Any unpaid assessments due to the Board pursuant to § 1250.347 shall be increased by a late-payment charge of 1.5 percent each month beginning with the day following the date such assessments are 30 days past due. Any remaining amount due, which shall include any unpaid charges previously made pursuant to this section, shall be increased at the same rate on the corresponding day of each month thereafter until paid. Assessments that are not paid when due because of a person's failure to submit a handler report to the Board as required shall accrue late-

payment charges from the time such assessments should have been remitted. The timeliness of a payment to the Board shall be based on the applicable postmark date or the date payment is actually received by the Board, whichever is earlier.

[58 FR 34697, June 29, 1993]

ASSESSMENTS

§ 1260.172 Assessments.

(a) *Domestic assessments.* (1) Except as prescribed by regulations approved by the Secretary, each person making payment to a producer for cattle purchased from such producer shall be a collecting person and shall collect an assessment from the producer, and each producer shall pay such assessment to the collecting person, at the rate of one dollar (\$1) per head of cattle purchased and such collecting person shall remit the assessment to the Board or to a qualified State beef council pursuant to § 1260.172(a)(5).

(2) Any producer marketing cattle of that producer's own production in the form of beef or beef products to consumers, either directly or through retail or wholesale outlets, or for export purposes, shall remit to a qualified State beef council or to the Board an assessment on such cattle at the rate of one dollar (\$1) per head of cattle or the equivalent thereof.

(3) In determining the assessment due from each producer pursuant to § 1260.172(a), a producer who is contributing to a qualified State beef council(s) shall receive a credit from the Board for contributions to such Council, but not to exceed 50 cents per head of cattle assessed.

(4) In order for a producer described in § 1260.172(a) to receive the credit authorized in § 1260.172(a)(3), the qualified State beef council or the collecting person must establish to the satisfaction of the Board that the producer has contributed to a qualified State beef council.

(5) Each person responsible for the remittance of the assessment pursuant to § 1260.172 (a) (1) and (2) shall remit the assessment to the qualified State beef council in the State from which the cattle originated prior to sale, or if there is no qualified State beef council within such State, the assessment shall be remitted directly to the Board. However, the Board, with the approval of the Secretary, may authorize qualified

§ 1260.172

7 CFR Ch. XI (1-1-99 Edition)

State beef councils to propose modifications to the foregoing "State of origin" rule to ensure effective coordination of assessment collections between qualified State beef councils. Qualified State beef councils and the Board shall coordinate assessment collection procedures to ensure that producers selling or marketing cattle in interstate commerce are required to pay only one assessment per individual sale of cattle. For the purpose of this subpart, "State of origin" rule means the State where the cattle were located at time of sale, or the State in which the cattle were located prior to sale if such cattle were transported interstate for the sole purpose of sale. Assessments shall be remitted not later than the 15th day of the month following the month in which the cattle were purchased or marketed.

(6) If a State law or regulation promulgated pursuant to State law requires the payment and collection of a mandatory, nonrefundable assessment of more fifty (50) cents per head on the sale and purchase of cattle, or the equivalent thereof for beef and beef products as described in §1260.172 (a)(1) and (2) for use by a qualified State beef council to fund activities similar to those described in §1260.169, and such State law or regulation authorizes the issuance of a credit of that amount of the assessment which exceeds fifty (50) cents to producers who waive any right to the refund of the assessment credited by the State due pursuant to this subpart, then any producer subject to such State law or regulation who pays only the amount due pursuant to such State law or regulation and this subpart, including any credits issued, shall thereby waive that producer's right to receipt from the Board of a refund of such assessment for that portion of such refund for which the producer received credit pursuant to such State law or regulation.

(b) *Importer assessments.* (1) Importers of cattle, beef, and beef products into the United States shall pay an assessment to the Board through the U.S. Customs Service, or in such other manner as may be established by regulations approved by the Secretary.

§ 1260.175 Late-payment charge.

Any unpaid assessments due to the Board pursuant to § 1260.172 shall be increased 2.0 percent each month beginning with the day following the date such assessments were due. Any remaining amount due, which shall include any unpaid charges previously made pursuant to this section, shall be increased at the same rate on the corresponding day of each month thereafter until paid. For the purposes of this section, any assessment that was determined at a date later than prescribed by this subpart because of a person's failure to submit a report to the Board when due shall be considered to have been payable by the date it would have been due if the report had been filed when due. The Board shall review such applications for certification and shall make a determination as to certification of such applicant.

(b) In order for the State beef council to be certified by the Board as a qualified State beef council, the council must:

(5) [Reserved]

(6) Certify to the Board that the council will furnish the Board with an annual report by a certified public accountant of all funds remitted to such

§ 1300.1 Compact Commission.

(a) *Designation.* The agency for the administration of the Pricing Regulation shall be the compact commission.

(b) *Powers.* The compact commission shall have the following powers:

(1) Administer the pricing regulation in accordance with its terms and provisions;

(2) Make rules and regulations to effectuate the terms and provisions of the pricing regulation;

(3) Receive and investigate complaints of violations;

(4) Recommend amendments.

(c) *Duties.* The compact commission shall perform all the duties necessary to administer the terms and provisions of the pricing regulation, including, but not limited to the following:

(1) Employ and fix the compensation of persons necessary to enable them to exercise their powers and perform their duties;

(2) Pay out of funds provided by the administrative assessment all expenses necessarily incurred in the maintenance and functioning of their office and in the performance of their duties;

(3) Keep records which will clearly reflect the transactions provided for in the pricing regulation;

(4) Announce publicly at its discretion, by such means as it deems appropriate, the name of any handler who, after the date upon which he is required to perform such act, has not:

(i) Made reports required by the pricing regulation;

(ii) Made payments required by the pricing regulation; or

(iii) Made available records and facilities as required pursuant to § 1300.3;

(5) Prescribe reports required of each handler under the pricing regulation.

Verify such reports and the payments required by the pricing regulation by examining records (including such papers as copies of income tax reports, fiscal and product accounts, correspondence, contracts, documents or memoranda,) of the handler, and the records of any other person that are relevant to the handler's obligation under the pricing regulation, by examining such handler's milk handling facilities; and by such other investigation as the compact commission deems necessary for the purpose of ascertaining the correctness of any report or any obligation under the pricing regulation. Reclassify fluid milk product received by any handler if such examination and investigation discloses that the original classification was incorrect;

(6) Furnish each regulated handler a written statement of such handler's accounts with the compact commission promptly each month. Furnish a corrected statement to such handler if verification discloses that the original statement was incorrect; and

(7) Prepare and disseminate publicly for the benefit of producers, handlers, and consumers such statistics and other information covering operation of the pricing regulation and facts relevant to the provisions thereof (or proposed provisions) as do not reveal confidential information.

§ 1300.2 Continuity and separability of provisions.

(a) *Effective time.* The provisions of this pricing regulation or any amendment to the pricing regulation shall become effective at such time as the compact commission may declare and shall continue in force until suspended or terminated.

(b) *Suspension or termination.* The compact commission shall suspend or terminate any or all of the provisions of the pricing regulation whenever they find that such provision(s) obstructs or does not tend to effectuate the declared policy of the compact. The pricing regulation shall terminate whenever the provisions of the compact authorizing it cease to be in effect.

(c) *Continuing obligations.* If upon the suspension or termination of any or all

of the provisions of the pricing regulation there are any obligations arising under the pricing regulation, the final accrual or ascertainment of which requires acts by any handler, by the compact commission, or by any other person, the power and duty to perform such further acts shall continue notwithstanding such suspensions or termination.

§ 1300.3 Handler responsibility for records and facilities.

Each handler shall maintain and retain records of his operations and make such records and his facilities available to the compact commission. If adequate records of a handler, or of any other person, that are relevant to the obligation of such handler are not maintained and made available, any fluid milk product required to be reported by such handler for which adequate records are not available shall not be considered accounted for or established as used in a class other than the highest price class.

(a) *Records to be maintained.* (1) Each handler shall maintain records of his operations (including, but not limited to, records of purchases, sales, processing, packaging and disposition) as are necessary to verify whether such handler has any obligation under the pricing regulation and if so, the amount of such obligation. Such records shall be such as to establish for each plant or other receiving point for each month:

(i) The quantities of fluid milk product contained in, or represented by, products received in any form, including inventories on hand at the beginning of the month, according to form, time and source of each receipt;

(ii) The utilization of all fluid milk product showing the respective quantities of such fluid milk product in each form disposed of or on hand at the end of the month; and

(iii) Payments to producers, dairy farmers and cooperative associations, including the amount and nature of any deductions and the disbursement of money so deducted.

(2) Each handler shall keep such other specific records as the compact commission deems necessary to verify or establish such handler's obligation under the pricing regulation.

(b) *Availability of records and facilities.* Each handler shall make available all records pertaining to such handler's operation and all facilities the compact commission finds are necessary to verify the information required to be reported by the pricing regulation and/or to ascertain such handler's reporting, monetary or other obligation under the pricing regulation. Each handler shall permit the compact commission to observe plant operations and equipment and make available to the compact commission such facilities as are necessary to carry out their duties.

(c) *Retention of records.* All records required under the pricing regulation to be made available to the compact commission shall be retained by the handler for a period of three years to begin at the end of the month to which such records pertain. If, within such a three year period, the compact commission notifies the handler in writing that the retention of such records, or of specified records, is necessary in connection with a proceeding or court action specified in such notice, the handler shall retain such records, or specified records, until further written notification from the compact commission. The compact commission shall give further written notification to the handler promptly upon the termination of the litigation or when the records are no longer necessary in connection therewith.

§ 1300.4 Termination of obligation.

The provision of this section shall apply to any obligation under the pricing regulation for the payment of money:

(a) Except as provided in paragraphs (b) and (c) of this section, the obligation of any handler to pay money required to be paid under the terms of the pricing regulation shall terminate two years after the last day of the month during which the compact commission receives the handler's report of receipts and utilization on which such obligation is based, unless within such a two year period, the compact commission notifies the handler in writing that such money is due and payable. Service of such written notice shall be complete upon mailing to the handler's last known address and it shall contain

but need not be limited to the following information:

The amount of the obligation;

(2) The month(s) on which such obligation is based; and

(3) If the obligation is payable to one or more producers or to a cooperative association, the name of such producer(s) or such cooperative association, or if the obligation is payable to the compact commission, the account for which it is to be paid;

(b) If a handler fails or refuses, with respect to any obligation under the pricing regulation, to make available to the compact commission all records required by the pricing regulation to be made available, the compact commission may notify the handler in writing, within the two year period provided for in paragraph (a) of this section, of such failure or refusal. If the compact commission so notifies a handler, the said two year period with respect to such obligation shall not begin to run until the first day of the month following the month during which all such records pertaining to such obligation are made available to the compact commission;

(c) Notwithstanding the provisions of paragraphs (a) and (b) of this section, a handler's obligation under the pricing regulation to pay money shall not be terminated with respect to any transaction involving fraud or willful concealment of a fact, material to the obligation, on the part of the handler against whom the obligation is sought to be imposed; and

(d) Unless the handler files a petition to the compact commission to commence litigation within the applicable two year period indicated below, the obligation of the compact commission:

(1) To pay a handler any money which such handler claims to be due him under the terms of the pricing regulation shall terminate two years after the end of the month during which the fluid milk product involved in the claim were received; or

(a) Distribution points (separate premises used primarily for the transfer to vehicles of packaged fluid milk products moved there from processing and packaging plants); or

(b) Bulk reload points (separate premises used for the purpose of transferring bulk milk from one tank truck to another tank truck while en route from dairy farmers' farms to a plant). If stationary storage tanks are used for transferring milk at the premises, the operator of the facility shall make an advance written request to the compact commission that the facility be treated as a reload point; otherwise it shall be a plant. The cooling of milk, collection or testing of samples, and washing and sanitizing of tank trucks at the premises shall not disqualify it as a bulk reload point.

§ 1301.5 Pool plant.

Pool plant means any milk plant located in the regulated area.

§ 1301.6 Partially regulated plant.

Partially regulated plant means a milk plant not located in the regulated area but having Class I distribution in the regulated area, or receipts from producers located in the regulated area.

(c) Any person who operates any other plant, or a pool bulk tank unit as defined under the Federal order, from which fluid milk products are disposed of, directly or indirectly, in the regulated area;

(d) Any cooperative association with respect to the milk that is moved from farms in tank trucks operated by, or under contract to, the association to pool plants or as diverted milk to non pool plants for the account of, and at the direction of, the association. The association shall be considered as the handler who received the milk from the dairy farmers. However, the cooperative association shall not be the handler with respect to the milk moved from any farm if the association and the operator of the pool plant to which milk from such farm is moved both submit a request in writing, on or before the due date for filing the monthly reports of receipts and utilization, that the operator of the pool plant be considered as the handler who received the milk from the dairy farmer, and the pool plant operator's request states that the pool plant operator is purchasing the milk from such farm on the basis of the farm bulk tank measurement readings and the butterfat tests of samples of the milk taken from the farm bulk tank; or

(e) Any person who does not operate a plant but who engages in the business of receiving fluid milk products for resale and distributes to retail or wholesale outlets packaged fluid milk products received from any plant described in paragraph (a), (b) or (c) of this section.

Producer-handler means any person who, during the month is both a dairy farmer and a handler and who meets all of the following conditions:

(a) Provides as the person's own enterprise and at the person's own risk the maintenance, care, and management of the dairy herd and other resources and facilities that are used to produce milk, to process and package such milk at the producer-handler's own plant, and to distribute it as route disposition.

Northeast Dairy Compact Commission

§ 1301.13

(b) The person's own route disposition constitutes the majority of the route disposition from the plant.

§ 1301.11 Producer.

Producer means:

(a) A dairy farmer who produces milk in the regulated area that is moved to a pool plant or a partially regulated plant, having Class I distribution in the regulated area;

(b) A dairy farmer who produces milk outside of the regulated area that is moved to a pool plant, provided that on more than half of the days on which the handler caused milk to be moved from the dairy farmer's farm during December 1996, December 1997, and December 1998, all of that milk was physically moved to a pool plant in the regulated area. Or: to be considered a qualified producer, on more than half of the days on which the handler caused milk to be moved from the dairy farmer's farm during the current month and for five (5) months subsequent to July of the preceding calendar year, all of that milk must have moved to a pool plant, provided that the total amount of milk at a pool plant eligible to qualify producers who did not qualify in December 1996, December 1997, and December 1998 shall not exceed the total bulk receipts of fluid milk products less:

(1) Producers receipts as described in paragraph (a) of this section and producer receipts as described in paragraph (b) of this section who are qualified based on December 1996, December 1997, and December 1998; and

(4) Dairy farmer milk received at a pool plant or a partially regulated plant which is rejected and segregated in the handler's normal operations for receiving milk and which receipts are accepted and disposed of by the handler as salvaged product rather than milk.

[62 FR 29639, May 30, 1997, as amended at 62 FR 62825, Nov. 25, 1997; 63 FR 65523, Nov. 27, 1998]

§ 1301.12 Producer milk.

Producer milk means milk that the handler has received from producers and is physically moved to a pool plant in the regulated area or is diverted pursuant to § 1301.23(d). The quantity of milk received by a handler from producers shall include any milk of a producer that was not received at any plant but which the handler or an agent of the handler has accepted, measured, sampled, and transferred from the producer's farm tank into a tank truck during the month. Such milk shall be considered as having been received at the pool plant at which other milk from the same farm of that producer is received by the handler during the month, except that in the case of a cooperative association in its capacity as a handler under § 1301.9(d), the milk shall be considered as having been received at a plant in the zone location of the pool plant, or pool plants within the same zone, to which the greatest aggregate quantity of the milk of the cooperative association in such capacity was moved during the current month or the most recent month.

[63 FR 65523, Nov. 27, 1998]

§ 1301.13 Exempt milk.

Exempt milk means:

(a) Fluid milk products received at a pool plant in bulk from a non pool plant to be processed and packaged, for which an equivalent quantity of package fluid milk products is returned to the operator of the non pool plant during the same month, if the receipt of

(b) Packaged fluid milk products received at a pool plant from a non pool plant in return for an equivalent quantity of bulk fluid milk products moved from a pool plant for processing and packaging during the same month, if the movement of bulk fluid milk products and receipt of package fluid milk products occur during an interval in which the facilities of the pool plant at which the fluid milk products are usually processed and packaged are temporarily unusable because of fire, flood, storm, or similar extraordinary circumstances completely beyond the pool plant operator's control;

(c) Milk received at a pool plant in bulk from the dairy farmer who produced it, to the extent of the quantity of any packaged fluid milk products returned to the dairy farmer, if:

(1) The dairy farmer is a State or local government that is not engaged in the route disposition of any of the returned products, and

(2) The dairy farmer has by written notice to the compact commission and the receiving handler, elected non-producer status for a period of not less than 12 months beginning with the month in which the election was made and continuing for each subsequent month until canceled in writing, and the election is in effect for the current month.

Person means any individual, partnership, corporation, association, or other business unit.

§ 1301.19 Route disposition.

Route disposition means distribution of Class I milk by a handler to retail or wholesale outlets, which include vending machines but do not include plants or distribution points. The route disposition of a handler shall be attributed to the processing and packaging plant from which the Class I milk is moved to retail or wholesale outlets without intermediate movement to another processing and packaging plant.

§ 1301.20 Distributing plant.

Distributing plant means a processing and packaging plant.

§ 1301.21 Supply plant.

Supply plant means a plant at which facilities are maintained and used for washing and sanitizing cans and to which milk is moved from dairy farmers' farms in cans and is there accepted, weighed or measured, sampled, and cooled, or it is a plant to which milk is moved from dairy farmers' farms in tank trucks.

§ 1301.22 State dairy regulation.

State dairy regulation means any state regulation of dairy prices, and associated assessments, whether by statute, marketing order or otherwise.

§ 1301.23 Diverted milk.

Diverted milk means milk, other than that excluded under § 1301.11 from being considered as received from a producer, that meets the conditions set forth in paragraph (a) or (b) of this section and is not excluded from diverted milk under paragraph (c) of this section.

(a) Milk that a handler in its capacity as the operator of a pool plant reports as having been moved from a dairy farmer's farm to the pool plant, but which the handler caused to be moved from the farm to another plant, if the handler specifically reports such movement to the other plant as a movement of diverted milk, and the conditions of paragraph (a) (1) or (2) of this section have been met. Milk that is diverted milk under this paragraph shall be considered to have been received at the pool plant from which it was diverted.

(1) During any two (2) months subsequent to July of the preceding calendar year, or during the current month, on more than half of the days on which the handler caused milk to be moved from the dairy farmer's farm during the month, all of the milk that the handler caused to be moved from that farm was physically received as producer milk at the handler's pool plant or at another of the handler's pool plants that is not longer operated as a plant.

(2) During the current month and not more than five (5) other months subsequent to July of the preceding calendar year, milk from the dairy farmer's farm was received at or diverted from the handler's pool plant as producer

milk, and during the current month all of the milk from that farm that the handler reported as diverted milk was moved from the farm in a tank truck in which it was intermingled with milk from other farms, the milk from a majority of which farms was diverted from the same pool plant in accordance with the preceding provisions of this paragraph.

(b) Milk that a cooperative association in its capacity as a handler under §1301.9 (d) caused to be moved from a dairy farmer's farm to a plant other than a pool plant if the association specifically reports the movement to such plant as a movement of diverted milk, and the conditions of paragraph (b) (1) or (2) or this section have been met. Milk that is diverted under this paragraph shall be considered to have been received by the cooperative association in its capacity as a handler under §1301.9 (d).

(1) During any two (2) months subsequent to July of the preceding calendar year, or during the current month, on more than half of the days on which the cooperative association in its capacity as a handler under §1301.9 (d) caused milk to be moved from the farm as producer milk during the month, all of the milk that the association caused to be moved from the farm was physically received at a pool plant.

(2) During the current month and not more than five (5) other months subsequent to July of the preceding calendar year, the cooperative association in its capacity as a handler under §1301.9(d) caused milk to be moved from the dairy farmer's farm as producer milk, and during the current month all of the milk from that farm that the cooperative association in its capacity as a handler under §1301.9(d) reported as diverted milk was moved from the farm in a tank truck in which it was intermingled with milk from other farms, the milk from a majority of which farms was diverted by the association in accordance with the preceding provisions of this paragraph.

(c) Milk moved, as described in paragraphs (a) and (b) of this section, from dairy farmer's farms to partially regulated plants in excess of 35 percent in the months of September through November and 45 percent in other months,

of the total quantity of producer milk received (including diversions) by the handler during the month shall not be diverted milk. Such milk, and any other milk reported as diverted milk that fails to meet the requirements set forth in this section, shall be considered as having been moved directly from the dairy farmers' farms to the plant of physical receipt, and if that plant is a nonpool plant the milk shall be excluded from producer milk.

(d) Milk moved, as described in paragraphs (a) and (b) of this section, from a dairy farmer's farm to a plant located outside of the regulated area, except a partially regulated plant having Class I disposition in the regulated area, the volume of milk (including milk transferred pursuant to §1304.2(c)) in excess of the percentage of total producer receipts, pursuant to paragraph (e) of this section, shall be excluded from producer milk. This paragraph will not apply to milk normally associated with a pool plant which was caused to be diverted because the facilities of the pool plant are temporarily unusable because of fire, flood, storm, equipment failure or similar extraordinary circumstances completely beyond the pool plant operator control, provided both the handler and the operator of the pool plant notify the Commission within two (2) days following such occurrence;

(e) Milk diverted in excess of the following percentage of total producer receipts shall be excluded from producer milk:

§ 1303.1 Reports of receipts and utilization.

On or before the eighth day after the end of each month, each handler shall report for such month to the compact commission, in the detail and on the forms prescribed by the compact commission as follows:

(a) Each handler, with respect to each of the handler's pool plants shall report the quantities of fluid milk products contained in or represented by:

(1) Receipts of producer milk (including the specific quantities of diverted milk and receipts from the handler's own production);

(2) Receipts of milk from cooperative association in their capacity as handlers under §1301.9(d);

(3) Receipts of fluid milk products from other pool plants;

(4) Receipts of fluid milk products from partially regulated plants;

(5) Inventories at the beginning and end of the month of fluid milk products;

(6) All Class I utilization or disposition of milk, filled milk, and milk products required to be reported pursuant to this paragraph.

(b) Each handler operating a partially regulated plant shall report with respect to such plant in the same manner as prescribed for reports required by paragraph (a) of this section. Receipts of milk that would have been producer milk if the plant had been fully regulated shall be reported in lieu of producer milk.

(c) Each handler described in §1301.9 (d) shall report:

(1) The quantities of all fluid milk product contained in receipts of milk from producers; and

(2) The utilization or disposition of all such receipts.

(d) Each handler shall report bulk milk received at a handler's pool plant from a cooperative association in its capacity as the operator of a pool plant or as a handler under §1301.9 (d), if such milk was rejected by the handler subsequent to such handler's receipt of the milk on the basis that it was not of marketable quality at the time the milk was delivered to the handler's

plant, and such milk was removed from the plant in bulk form by the cooperative association and was replaced in the other milk from the association. Except for purposes of this paragraph and §1303.2 (a), such milk that was so removed from the handler's plant shall be treated for all other purposes of the pricing regulation as though it had not been delivered to and received at the handler's plant.

(e) Each handler not specified in paragraphs (a) through (c) of this section shall report with respect to the handler's receipts and utilization of milk, filled milk, and milk products in such manner as the compact commission may prescribe.

(f) Any handler who operates a pool plant which has no Class I disposition and receives no milk from producers is exempted from reporting to the compact commission under this section.

§ 1303.2 Other reports of receipts and utilization.

(a) Each handler who intends to have a receipt of unmarketable milk replaced with the other milk in the manner described under §1303.1 shall give the compact commission, at the request and in accordance with instructions of the compact commission, advance notice of the handler's intention to have such milk replaced.

(b) In addition to the reports required pursuant to paragraph (a) of this section and §1303.1 and §1303.3 each handler shall report such other information as the compact commission deems necessary to verify or establish such handler's obligation under the order.

§ 1303.3 Reports regarding individual producers and dairy farmers.

(a) Each handler shall report on or before the 15th day after the end of each month the information required by the compact commission with respect to producer additions, producer withdrawals, changes in farm locations, and changes in the name of farm operators.

(b) Each handler that is not a cooperative association, upon request from any such association, shall furnish it with information with respect to each of its producer members from whose farm the handler begins, resumes, or

stops receiving milk at his pool plant. Such information shall include the applicable date, the producer-member's post office address and farm location, and, if known, the plant at which his milk was previously received, or the reason for the handler's failure to continue receiving milk from his farm. In lieu of providing the information directly to the association, the handler may authorize the compact commission to furnish the association with such information, derived from the handler's reports and records.

(c) Each handler shall submit to the compact commission within ten (10) days after their request made not earlier than twenty (20) days after the end of the month, his producer payroll for the month, which shall show for each producer:

(1) The daily and total pounds of milk delivered and its average butterfat test; and

(2) The net amount of the handler's payments to the producer, with the prices, deductions, and charges involved.

§ 1303.4 Notices to producers.

Each handler shall furnish each producer from whom he receives milk the following information regarding the weight and butterfat test of the milk:

(a) Whenever he receives milk from the producer on the basis of farm bulk tank measurements, the handler shall give the producer at the time the milk is picked up at the farm a receipt indicating the measurement and the equivalent pounds of milk received;

(b) Whenever he receives milk from the producer on a basis other than farm bulk tank measurements, the handler shall give the producer within three (3) days after receipt of the milk a written notice of the quantity so received;

(c) If butterfat tests of the producer's milk are determined from fresh milk samples, the handler shall give the producer within ten (10) days after the end of each month a written notice of the producer's average butterfat test for the month. Such notice shall not be required if the handler has given the producer a written notice of the butterfat test for each of the sampling periods within the month; and

(d) If butterfat tests of the producer's milk are determined from composite milk samples, the handler shall give the producer within seven (7) days after the end of each sampling period a written notice of the producer's average butterfat test for the period.

PART 1304—CLASSIFICATION OF MILK

Sec.

1304.1 Classification of milk.

1304.2 Classification of transfers and diversions.

1304.3 General classification rules.

1304.4 Classification of producer milk at a pool plant.

In any case, classification under this paragraph requires a handler to maintain adequate records of such use, if advance notification of such dumping is not possible, or if the compact commission so requires, the handler must notify the compact commission on the next business day following such use;

(5) In fluid milk products and products specified in paragraph (b)(1) of this section that are destroyed or lost by a handler in a vehicular accident, flood, fire, or in a similar occurrence beyond the handler's control, to the extent that the quantities destroyed or lost can be verified from records satisfactory to the compact commission.

In either case, the classification of such transfers or diversion shall be subject to the following conditions;

(1) The fluid milk products classified in Class I shall be limited to the amount of fluid milk products, respectively, remaining in Class I at the transferee-plant or diverted-plant.

§ 1304.3

(2) [Reserved]

(b) *Transfers and diversions to producers-handlers.* Fluid milk products transferred or diverted from a pool plant to a producer-handler shall be classified as Class I.

The transferred milk excluded pursuant to this paragraph shall be prorated to all sources of milk received at this plant unless the operator of the plant selects the sources to be excluded. This paragraph will not apply to any pool plant in which the facilities are temporarily unusable because of fire, flood, storm, equipment failure or similar extraordinary circumstances completely beyond the pool plant operator's control; provided, the operator of the pool plant notifies the Commission within two (2) days following such occurrence;

§ 1304.3 General classification rules.

In determining the classification of producer milk pursuant to §1304.4, the following rules shall apply:

(a) Each month the compact commission shall correct for mathematical and other obvious errors all reports filed pursuant to §1303.1 and shall compute separately for each pool plant and

for each cooperative association with respect to milk for which it is the handler pursuant to §1301.9(d) the pounds of skim milk and butterfat, respectively, in Class I in accordance with §§1304.1 and 1304.2;

(b) The classification of producer milk for which a cooperative association is the handler pursuant to §1301.9(d) shall be determined separately from the operations of any pool plant operated by such cooperative; and

(c) If receipts from more than one pool plant are to be assigned, the receipts shall be assigned in sequence according to the zone locations of the plants, beginning with the plant in the lowest-numbered zone for assignments to Class I milk.

§ 1304.4 Classification of producer milk at a pool plant.

For each month the compact commission shall determine the classification of producer milk of each handler described in §1301.9(a) for each of the handler's pool plants separately and of each handler described in §1301.9(d) by allocating the handler's receipts of fluid milk products to the handler's utilization pursuant to paragraphs (a) and (b) of this section.

(a) Fluid milk products shall be allocated in the following manner:

(i) Subtract from the total pounds of fluid milk products in Class I the pounds of fluid milk products in:

handler's partially regulated plants separately by allocating the handler's receipts of fluid milk products to the handler's utilization pursuant to paragraphs (a) through (c) of this section.

(a) Subtract from the total pounds of fluid milk products in Class I the pounds of fluid milk products in:

(1) Receipts of Class I fluid milk products from pool plants if reported and classified Class I by the pool plant;

(2) Disposition of Class I fluid milk products outside of the regulated area;

(3) Receipts of exempt fluid milk products pursuant to Section 1301.13 (a), (b), and (c) of this chapter.

(b) The quantity of producer milk in Class I shall be the combined pounds of fluid milk product remaining in Class I, not to exceed the total pounds of fluid milk products disposed of in the regulated area.

(c) Producer milk will be allocated pursuant to paragraph (b) of this section in the following manner:

(1) Receipts from producers located in the regulated area;

(2) Receipts of diverted pool milk;

1306.1 Handler's value of milk for computing basic over-order producer price.

1306.2 Partially regulated plant operator's value of milk for computing basic over-order producer price.

1306.3 Computation of basic over-order producer price.

AUTHORITY: 7 U.S.C. 7256.

SOURCE: 62 FR 29644, May 30, 1997, unless otherwise noted.

§ 1306.1 Handler's value of milk for computing basic over-order producer price.

For the purpose of computing the basic over-order producer price, the compact commission shall determine for each month the value of milk of each handler with respect to each of the handler's pool plants and of each handler described in § 1301.9 (d) of the chapter with respect to milk that was not received at a pool plant, as directed in this section. Any pool plant that does not exceed a daily average of 300 quarts of disposition in the compact regulated area in the month shall not be subject to the compact over-order

obligation. The total assessment for each handler is to be calculated by multiplying the pounds of Class I fluid milk products as determined pursuant to § 1304.1 (a) by the compact over-order obligation.

[62 FR 62826, Nov. 25, 1997]

§ 1306.2 Partially regulated plant operator's value of milk for computing basic over-order producer price.

For the purpose of computing the basic over-order producer price, the compact commission shall determine for each month the value of milk disposition in the regulated area by the operator of a partially regulated plant as directed in this section. Any partially regulated plant that does not exceed a daily average of 300 quarts of disposition in the compact regulated area in the month shall not be subject to the compact over-order obligation. The total assessment for each handler is to be calculated by multiplying the pounds of Class I fluid milk products as determined pursuant to § 1304.1 (a) of this chapter by the compact over-order obligation.

[62 FR 62826, Nov. 25, 1997]

§ 1306.3 Computation of basic over-order producer price.

The compact commission shall compute the basic over-order producer price per hundredweight applicable to milk received at plants as follows:

(a) Combine into one total the values computed pursuant to § 1306.1 and § 1306.2 of this chapter for all handlers from whom the compact commission has received at the Compact Commission's office prior to the 9th day after the end of the month the reports for the month prescribed in § 1303.1 and the payments for the preceding month required under § 1307.3 (a) of this chapter.

(b) Subtract 3% of the total value computed pursuant to paragraph (a) above for the purpose of retaining a reserve for WIC pursuant to the Formal Agreement for reimbursement of WIC Program costs entered into between the Commission and the six New England State WIC Program Directors, as approved by the Food and Consumer Service of the United States Department of Agriculture (USDA);

(c) In any month when the average percentage increase in production in the regulated area comes within 0.25 of the average percentage increase in production for the nation, subtract from the total value computed pursuant to paragraph (a) above, for the purpose of retaining a reserve, an amount estimated by the Commission in consultation with the USDA for anticipated costs to reimburse the Commodity Credit Corporation (CCC) at the end of its fiscal year for any surplus milk purchases. Should those funds not be needed because no surplus purchases were made by the CCC at the end of its fiscal year, it is to be disbursed as follows:

(1) Any producer who has received payment from a handler pursuant to § 1307.4 shall become eligible to receive a pro rata disbursement by submitting to the Commission documentation that the producer did not increase production of milk during and after the month on which the regional rate of production increase met or exceeded the national rate of production increase, as compared to the same period in the preceding year. Such documentation shall be filed with the Commission not later than 45 days after the end of the fiscal year.

(2) The Commission shall calculate the amount of refund to be provided to each eligible producer by taking into account the total amount of retained proceeds, the total production of milk by all producers eligible for refunds, and the total amount of production by each eligible producer.

(d) Beginning with the August 1998 pool, subtract from the total value computed pursuant to paragraph (a) of this section, an amount estimated by the Commission for the purpose of retaining a reserve for payment of obligations pursuant to § 1301.13(e) of this chapter. Surplus funds from this reserve shall be returned to the producer-settlement fund.

(e) Add an amount equal to not less than one-half of the unobligated balance of the producer-settlement fund at the close of business on the 8th day after the end of the month;

(f) Divide the resulting amount by the sum of the following for all handlers included in these computations:

Northeast Dairy Compact Commission

§ 1307.3

(1) The total hundredweight of producer milk;

(2) The total hundredweight for which a value is computed pursuant to § 1306.2(a); and

(g) Subtract not less than four (4) cents nor more than five (5) cents for the purpose of retaining a cash balance in the producer-settlement fund. The result shall be the basic over-order producer price for the month.

(1) Multiply the quantities of producer milk that were reported by pool plants pursuant to § 1303.1 and the quantities or route disposition in the marketing area by partially regulated plants for which a value was determined pursuant to § 1306.2(a) by the basic over-order producer price computed under § 1306.3.

(2) For any cooperative association in its capacity as a handler under § 1301.9 (d), multiply the quantities of all producer milk reported pursuant to § 1303.1(c) by the basic over-order producer price computed under § 1306.3.

§ 1307.4

7 CFR Ch. XIII (1-1-99 Edition)

(b) On or before the 20th day after the end of the month, the compact commission shall pay to each handler the handler's producer-settlement fund credit for the month as determined under § 1307.2(b). If the unobligated balance in the producer-settlement fund is insufficient to make such payments, the compact commission shall reduce uniformly such payments and shall complete them as soon as the funds are available.

§ 1307.4 Payments to producers.

(a) On or before the 20th day after the end of the month, each handler shall make payment to each producer for the milk received from him during the month at not less than the basic over-order producer price per hundredweight computer under § 1306.3. If the handler has not received full payment for the compact commission under § 1307.3(b) by the date payments are due under this paragraph, he may reduce pro rata his payments to producers by an amount not to exceed such underpayment. Such payments shall be completed after receipt of the balance due from the compact commission by the next following date for making payments under this paragraph.

(b) If the handler's net payment to a producer is for an amount less than the total amount due the producer under this section, the burden shall rest upon the handler to prove to the compact commission that each deduction from the total amount due is properly authorized and properly chargeable to the producer.

(c) In making payment to producers under paragraph (b) of this section for milk diverted from a pool plant the handler may elect to pay such producers at the price of the plant from which the milk was diverted, if the resulting net payment to each producer is not less than the otherwise required under this section and the rate of payment and the deduction shown on the statement required to be furnished under § 1307.6 are those used in computing the payment.

(d) If a handler claims that the required payment cannot be made because the producer is deceased or cannot be located, such payment shall be made to the producer-settlement fund,

and in the event that the handler subsequently locates and pays the producer or a lawful claimant, or in the event that the handler no longer exists and a lawful claim is later established, the compact commission shall make such payment from the producer-settlement fund to the handler or to the lawful claimant, as the case may be.

(e) If not later than the date when such payment is required to be made, legal proceedings have been instituted by the handler for the purpose of administrative or judicial review of the compact commission findings upon verification as provided above such payment shall be made to the producer-settlement fund and shall be held in reserve until such time as the above-mentioned proceedings have been completed or until the handler submits proof to the compact commission that the required payment has been made to the producer in which latter event the payment shall be refunded to the handler.

(f) At a partially regulated plant each handler shall make payments, on a pro rata basis, to all producers and dairy farmers for milk (excluding diverted pool producer milk) received from them during the month, the payment received pursuant to § 1307.3(b).

§ 1381.4 Conduct of proceedings.

(a) *Appointment of Commission hearing panel.* Upon receipt of a petition, the Chair shall appoint from one to three Commission members who shall consider the petition. For panels greater than one member, the Chair shall designate a chief hearing officer. The Commission panel chosen by the Chair shall consist of Commission members

who are not members of the state delegation in which the Handler is incorporated or has its principal place of business, who have no pecuniary interest in the outcome, and who are otherwise fair and impartial.

(b) *Preliminary matters.* The panel shall meet within 15 days of their appointment to determine whether to:

(1) Limit the taking of evidence to affidavits, and thereby make their decision solely on the basis of the record before them without an oral hearing. In making this determination, the panel shall consider:

(i) The nature of the petition before them;

(ii) The nature of any facts in dispute that may necessitate an oral hearing; and

(iii) Whether the petitioner will be unduly prejudiced by limiting the taking of evidence to affidavits without benefit of an oral hearing.

(2) Require the production by affidavit or additional information, documents, reports, answers, records, accounts, papers or other data and documentary evidence necessary to the proper resolution of the matter.

(3) Compel the production of documentary evidence by subpoena throughout all signatory states pursuant to section 16(a) of the Compact.

(4) Consolidate two or more petitions pertaining to the same order or issue and the evidence relied upon under such consolidated proceeding may be embodied in a single decision.

(5) Grant or deny petitioner's request for the establishment of an escrow account, if such request has been made. The panel shall deny such a request only if it has otherwise ensured adequate protection to the handler with respect to the payments of sums due and challenged in the petition.

(c) The panel shall promptly notify petitioner by certified mail of the results of its deliberations under paragraphs (a) and (b) of this section. The panel's notice shall include a concise statement of the basis for its decisions under those paragraphs. The notice shall include a time and place for an oral hearing, if any, and the deadline for the submission of any additional information required by the panel. The notice shall also set forth the date by

which the panel will issue its proposed findings of fact, conclusions and decision, as computed under paragraph (g) of this section. If a request has been made for the establishment of an escrow account and such request has been granted, the notice shall also include a procedure for the making of escrow payments. If such request is denied, any payments made and held in escrow may be released for disbursement by the Commission.

(d) The panel may take official notice of such matters as are judicially noticed by the courts of the United States and of any other matter of technical, scientific or commercial fact of established character: *Provided*, That interested parties shall be given adequate notice of matters so noticed and shall be given adequate opportunity to show that such facts are inaccurate or are erroneously noticed.

(e) The panel shall:

(1) Exclude, insofar as practicable, evidence which is immaterial, irrelevant or unduly repetitious: *Provided*, That interested parties shall be given adequate notice of such exclusion and an opportunity to show that such evidence has been erroneously excluded.

(2) Not discuss ex parte the merits of the proceeding with any person who is or who has been connected in any manner with the proceeding.

(f) *Oral hearing.* (1) Any oral hearing shall be conducted at a time and place determined by the panel.

(2) Testimony presented at the hearing shall be:

(i) Upon oath or affirmation administered by the panel and subject to reasonable cross examination; and

(ii) Reported verbatim.

(3) As part of the hearing, the panel may require the appearance of any witness, or the production of additional information, documents, reports, answers, records, accounts, papers, and other data and documentary evidence necessary to the proper resolution of the matter.

(4) If appropriate, the panel shall compel the appearance of witnesses, the giving of testimony or the production of documentary evidence by subpoena throughout all signatory states pursuant to section 16(a) of the Compact.

(5) The panel shall exclude evidence which is immaterial, irrelevant, or unduly repetitious.

(6) The panel shall rule on offers of proof and otherwise reasonably regulate the course of the hearing.

(g) *Proposed findings of fact, conclusions and decision.* (1) Within 45 days of the panel's appointment, or, in the event an oral hearing is held, within 60 days, the panel shall issue proposed findings of fact, conclusions and a decision based upon the evidence in the record. The proposed findings, conclusions and decision shall be served upon the petitioner by certified mail.

(2) Petitioner may submit a response to the panel's proposed findings of fact, conclusions and decision, along with supporting reasons. Such response shall be received by the Commission within 20 days of petitioner's receipt of the panel's proposed findings, conclusions and decision.

(3) The panel may modify, alter or amend its proposed findings, conclusions and decision in accordance with petitioner's response, as it deems appropriate.

(h) *Final ruling by the Commission.* (1) Unless the panel so notifies the Commission of the need for an extension of time, at its first regularly scheduled meeting following the deadline for the receipt of petitioner's response to the panel's proposed findings, conclusions and decision, the Commission shall make a final ruling upon the petition. The Commission's determination shall be based upon the panel's final or modified proposed findings, conclusions and decision. The Commission shall also consider the petitioner's response to the panel's original proposed findings, conclusion and decision. The record shall also be available for review by the Commission.

(2) The Commission's final ruling shall be served by certified mail upon the petitioner and be filed in the Commission offices, and be made available for public inspection and copying in accordance with the bylaws.

(3) Any commissioner shall (on either the Commissioner's own motion or on motion of the petitioner) disqualify himself or herself from consideration of the Commission's final ruling on the panel's decision if that commissioner's

impartiality might reasonably be questioned.

§ 1381.5 Judicial appeal; escrow.

(a) As set forth in section 16(c) of the Compact, as approved by 7 U.S.C. 7256, the district courts of the United States, in any district in which a handler is an inhabitant or has his principal place of business, have jurisdiction to review a final ruling of the Commission made pursuant to § 1381.4(h), provided that a complaint is filed within thirty days from the date of the entry of that final ruling.

(b) A petitioner who has been granted the establishment of an escrow account as part of the administrative proceeding and who has timely appealed may request that its payments be placed into escrow pending the appeal. Upon such a request, the Commission shall hold the money in escrow until the date that a timely judicial complaint is filed plus a period of ten days. The Commission may also, for good cause shown, continue to hold the money placed in escrow pending the ultimate resolution of any appeal, or for such other period as the Commission may establish.

Except as otherwise set forth in this part, for 1997 and subsequent years, the status of an individual or entity on April 1 of the applicable program or fiscal year, shall be the basis on which determinations are made in accordance with this part.

(b) Actions taken by an individual or entity after the applicable status date set forth in paragraph (a) of this section, but on or before the final harvest date of the last contract commodity in the area, as determined by the Deputy Administrator, shall not be used to determine whether there has been an increase in the number of persons for the applicable program or fiscal year. Actions taken by a person after the status date set forth in paragraph (a) of this section, but on or before the harvest of the last contract commodity in the area, shall be used to determine whether there has been a decrease in the number of persons for the applicable program or fiscal year.

(b) If the same two or more individuals or entities own more than 50 percent of the interest in each of two or more limited partnerships, corporations, or other similar entities engaged in farming, all such limited partnerships, limited liability partnership, limited liability company, corporations, or other similar entities shall be considered to be one person.

(c) The percentage share of the interest in a limited partnership, limited liability partnership, limited liability company, corporation, or other similar entity that is owned by an individual or other entity shall be determined as of the status date set forth in paragraph (a) of this section. If a partner, stockholder, or member acquires an interest in the limited partnership, corporation, or other similar entity after such date, and on or before the harvest of the last contract commodity in the area as determined by the Deputy Administrator, the amount of any such interest shall be included in determining the total ownership interest of such partner, stockholder, or member.

(d) Where there is only one class of stock or other similar unit of ownership, an individual's or entity's percentage share of the limited partnership, limited liability partnership, limited liability company, corporation, or other similar entity shall be based upon the outstanding shares of stock or other similar unit of ownership held by the individual or entity and compared to the total outstanding shares of stock or other similar unit of ownership. If the limited partnership, limited

liability partnership, limited liability company, corporation, or other similar entity has more than one class of stock or other unit of ownership, the percentage share of the limited partnership, limited liability partnership, limited liability company, corporation, or other similar entity owned by an individual or entity shall be determined by the Deputy Administrator on the basis of market quotations. If market quotations are lacking or are too scarce to be recognized, such percentage share shall be determined by the Deputy Administrator on the basis of all relevant factors affecting the fair market value of such stock or other unit of ownership, including the various rights and privileges that are attributed to each such class.

§ 1400.102 Joint operations.

In addition the minor must:

§ 1400.109 Changes in farming operations.

Any change in a farming operation that would increase the number of persons to which the provisions of this part apply must be bona fide and substantive. If bona fide, the following shall be considered to be substantive changes in the farming operation:

(d) A change in ownership by sale or gift of a significant amount of equipment from an individual or entity who previously has been engaged in a farming operation to an individual or entity who has not been involved in such operation. The sale or gift of equipment will be considered to be bona fide and substantive only if the transferred amount of such equipment is commensurate with the new individual's or entity's share of the farming operation;

(e) A change in ownership by sale or gift of a significant amount of land from an individual or entity who previously has been engaged in a farming operation to an individual or entity who has not been involved in such operation. The sale or gift of land will be considered to be substantive only if the transferred amount of such land is commensurate with the new individual's or entity's share of the farming operation.

An individual who receives such a payment shall notify the county committee in the county in which such individual maintains a farming operation whether or not the farming operation is to be considered a permitted entity. An individual may only receive such payments as a result of a farming operation conducted by:

(1) The individual and by no more than two entities in which the individual holds a substantial beneficial interest; or

(2) No more than three entities in which the individual holds a substantial beneficial interest.

(b) Except for entities specified in paragraph (c) of this section, each entity entering into a contract or agreement under a program specified in § 1400.1(a) shall, by the date the contract or agreement is submitted to the county committee, notify in writing:

(1) Each individual or other entity that acquires or holds an interest in such entity of the requirements and limitations provided in this part; and

(2) The county committee of the name and social security number of each individual and the name and taxpayer identification number of each entity that holds or acquires a substantial beneficial interest in such entity.

(c) Entities shall not be subject to the provisions of paragraph (b) of this section if, as determined by the Deputy Administrator:

(1) Because of the number of members of such entity no member is likely

to have a substantial beneficial interest in such entity; and

(2) Such provisions would cause undue financial hardship on such entity.

(d)(1) An individual or entity that holds a substantial beneficial interest in more than the number of permitted entities specified in paragraph (a) of this section for which a contract or agreement has been submitted to the county committee shall notify the county committee in writing, in each county in which they conduct a farming operation, of those entities that shall be considered as permitted entities by a date as determined by the Deputy Administrator following the date the contract or agreement was submitted to the county committee.

(2) The remaining entities in which the individual or entity holds a substantial beneficial interest shall be notified that such entity is subject to reductions in the payments earned by the remaining entity. Such a reduction shall be made in an amount that bears the same relationship to the full payment that the individual's interest in the entity bears to all interests in the entity. The remaining entity's members shall have the opportunity to adjust among themselves their proportionate shares of the program benefits in the designated entity or entities before such reductions are made.

(e) If an individual or entity fails to make such a notification as specified in paragraph (d) of this section, all entities in which the individual or entity holds a substantial beneficial interest shall be subject to a reduction in payments in the manner specified in paragraph (d)(2).

Subpart E—Cash Rent Tenants

§ 1400.401 Eligibility.

(a) Any tenant that is actively engaged in farming in accordance with the provisions of subpart C and conducts a farming operation in which the tenant rents the land for cash, for a crop share guaranteed as to the amount of the commodity, or by any arrangement in which the tenant does not compensate the landlord by cash or a crop share, and receives benefits,

with respect to such land under a program specified in § 1400.1(a) shall be ineligible to receive any payment with respect to such cash-rented land unless the tenant makes a significant contribution to the farming operation of:

- (1) Active personal labor; or
- (2) Active personal management and equipment. If such equipment is leased by the tenant from:
 - (i) The landlord, the lease must reflect the fair market value of the equipment leased; and
 - (ii) The same individual or entity that is providing hired labor to the farming operation, the contracts for the lease of the equipment and for the hired labor must be two separate contracts that reflect the fair market value of the leased equipment and the hired labor and the tenant must exercise complete control over the use of a significant amount of the equipment during the current crop year.

(b) [Reserved]

Subpart F— Foreign Persons

§ 1400.501 Eligibility.

(a) Any person who is not a citizen of the United States or a lawful alien shall be ineligible to receive payments, loans and benefits, with respect to any commodity produced, or land set aside from production, on a farm that is owned or operated by such person unless such person is an individual who is providing land, capital, and a substantial amount of active personal labor on such farm.

(b)(1) A corporation or other entity shall be ineligible to receive payments, loan, and benefits if more than 10 percent of the beneficial ownership of the entity is held by persons who are not citizens of the United States or lawful aliens unless each foreign individual who is a stockholder or other type of member provides a substantial amount of active personal labor in the production of crops on a farm owned or operated by such an entity. However, upon the written request of the entity, the Deputy Administrator may make payments in an amount determined by the Deputy Administrator to be representative of the percentage interest of the entity that is owned by citizens of the United States and lawful aliens or for-

eign stockholders or other type of member who provide a significant contribution of active personal labor in the production of crops on a farm owned or operated by such entity.

(2) In determining whether more than 10 percent of the beneficial ownership of an entity is held by persons who are not citizens of the United States or by lawful aliens, the beneficial ownership interest shall be the higher of the amount of such interest on:

- (i) The date the applicable program contract or agreement is executed by the entity; or
- (ii) Any other date prior to the final harvest date that is determined and announced by the Deputy Administrator to be normal in the area for the applicable program crop.

(3) A corporation or other entity shall inform the county committee of any increase in such ownership that occurs after the applicable program contract or agreement is executed.

(4) In the event of an increase in such ownership after a payment, loan, or benefit has been made, the entity shall refund such payment, loan, or benefit.

(5) Where there is only one class of stock or other similar unit of ownership, an individual's or entity's percentage share of the limited partnership, corporation or other similar entity shall be based upon the outstanding shares of stock or other similar unit of ownership held by the individual or entity and compared to the total outstanding shares of stock or other similar unit of ownership. If the limited partnership, corporation or other similar entity has more than one class of stock or other unit of ownership, the percentage share of the limited partnership, corporation or other similar entity owned by an individual or entity shall be determined by the Deputy Administrator on the basis of market quotations. If market quotations are lacking or are too scarce to be recognized, such percentage share shall be determined by the Deputy Administrator on the basis of all relevant factors affecting the fair market value of such stock or other unit of ownership, including the various rights and privileges that are attributed to each such class.

(c) A citizen of the United States, lawful alien, or entity that is not subject to this part who is in lawful possession, through a lease or otherwise, of a farm owned by an individual or entity who is subject to this part may receive a payment, loan, and benefit without regard to this part.

§ 1400.502 Notification.

(a) Any entity, whether foreign or domestic, that executes a program contract or agreement under which a payment, loan, or benefit may be available must provide written notification to the county committee in the county where the entity conducts its farming operation if:

SOURCE: 51 FR 36921, Oct. 16, 1986, unless otherwise noted. Redesignated at 53 FR 20290, June 3, 1988, and at 61 FR 37575, July 18, 1996.

§ 1401.1 Applicability.

This part shall be applicable to payments and loans made in accordance with the programs administered by the Commodity Credit Corporation (CCC) or the Farm Service Agency (FSA) as determined and announced by the Secretary of Agriculture or a designee of the Secretary. The definitions of the terms applicable to 7 CFR part 713 set forth at §713.3 also shall be applicable to this part, except that the term "commodity" shall mean any agricultural commodity.

§ 1401.2 Payments in lieu of cash payments.

(a) CCC will, in accordance with applicable program provisions, make payments in a form other than in cash to persons who otherwise are eligible to receive a cash payment from CCC. Further, subject only to statutory prohibition and notwithstanding any provisions of the contract to participate in a program administered by CCC or FSA, CCC may, at its option, make payments in a form other than in cash.

(b) As determined by CCC, payments in a form other than in cash may be made in the following manner:

(1) By delivery of a commodity to a person at a warehouse or other similar facility;

(2) By transfer of negotiable warehouse receipts;

(3) By the issuance of certificates which CCC shall redeem in accordance with this part;

(4) By the acquisition and use of commodities pledged as collateral for CCC price support loans;

(5) By the use of commodities owned by CCC; and

(6) By such other methods as CCC determines appropriate, including methods to enable the producer to receive payments in order to assure that the producer receives the same total return as if the payments had been made in cash.

(c) The value of the payments made in any manner set forth in paragraph (b) shall be determined by CCC.

(d) Notwithstanding any other provision of this part, CCC may, with respect to producers who are members of a cooperative marketing association

which has been determined in accordance with part 1425 of this title to be eligible to receive price support on behalf of its producer-members, enter into agreements with such producers and such cooperatives to facilitate the making of payments to such producers. Such agreements may include a provision which allows a producer to make available for the use of the cooperative the value of the non-cash payment which would otherwise be made to the producer.

§ 1401.3 Payments to persons with outstanding CCC loans.

(a) Persons with outstanding CCC loans who are eligible to receive payments from CCC, including a person authorized to receive a payment on behalf of another person, may be required to liquidate such loans in accordance with this section in order to be eligible to receive a payment authorized by § 1470.2.

(b) A person with an outstanding CCC loan must, unless otherwise agreed upon by the person and CCC, redeem and sell to CCC a quantity of the commodity pledged as collateral for a CCC loan, as determined by CCC, in an amount equal in value to the value of the payment which would otherwise be made to such person. If the person has more than one outstanding CCC loan, CCC may, by contract or otherwise, prescribe which loan collateral the person shall be required to redeem in order to receive payment. The purchase price shall be equal to the cost of liquidating the loan or the portion of the loan for which the quantity of the commodity sold to CCC is pledged as collateral, except that, in the case of a special producer storage loan or a farmer-owned reserve loan, the purchase price will not include the amount of any unearned advance storage payments received with respect to the redeemed collateral. After redemption and the subsequent sale to CCC of the commodity pledged as collateral for such CCC loan, CCC shall make available to the person a like quantity of the commodity.

§ 1401.4 Commodity certificates.

(a) *General.* CCC may issue commodity certificates as a form of payment.

Commodity certificates will bear a dollar denomination. Such certificate may be transferred, exchanged for the inventory of CCC (including the receipt in accordance with paragraph (e) of this section of loan collateral by a person to whom a loan secured by such collateral is made); or exchanged for cash, as provided for in this section. Commodity certificates shall be subject to the provisions of this part, and to any terms, conditions and restrictions provided on the certificate, which are incorporated by reference herein.

(b) *Liens, encumbrances, and State law.*

(1) The provisions of this section or the commodity certificates shall take precedence over any state statutory or regulatory provisions which are inconsistent with the provisions of this section or with the provisions of the commodity certificates.

(2) Commodity certificates shall not be subject to any lien, encumbrance, or other claim or security interest, except that of an agency of the United States Government arising specifically under Federal statute.

(3) The provisions of this paragraph (b) shall apply without regard to the identity of the holder of the certificate.

(c) *Transferability.* Any person may transfer a commodity certificate to any other person. However, any such transfer must be in the full amount of the certificate, and can be effected only by restrictive endorsement on the back of the certificate, showing the name of the transferee and the date of the transfer, and signed by the transferor. CCC will not honor any certificate bearing any endorsement to "bearer" or any other nonrestrictive endorsement, or otherwise transferred in a manner contrary to the regulations contained in this section. The person who submits a commodity certificate to CCC shall endorse the certificate to CCC.

(d) *Exchange of commodity certificate for CCC-owned commodities—(1) General.* Except as otherwise provided in this paragraph and in paragraphs (f) and (g) of this section, any holder of a commodity certificate may exchange such certificate, by itself or together with other commodity certificates, for such commodities as are made available by

CCC by endorsing and submitting the certificate to CCC. If a person submits commodity certificates for exchange in order that the person would be eligible to receive a quantity of a commodity which includes less than an entire unit in which the commodity is stored (e.g., less than an entire bale of cotton or an entire barrel of honey): (i) Such person may forfeit the partial unit of the commodity to CCC, or (ii) CCC may issue a check to such person for the partial unit of the commodity or permit such person to purchase the remainder of such unit at a price determined by CCC. A person may obtain information regarding commodities available for exchange and the procedure for exchange from Kansas City Commodity Office, FSA-USDA, Kansas City, MO 64141-0205.

(2) *Minimum quantities.* A holder of an amount of commodity certificates sufficient to acquire a carload lot, or other quantity as may be determined by CCC, may present such amount for exchange at any time on or before the expiration date of such certificates. A holder who is permitted to exchange the certificate for CCC-owned commodities but who does not possess commodity certificates in the amount specified in the preceding sentence may, not to exceed once during a calendar month, submit such certificates to CCC. CCC will, at CCC's option, pay such holder by check in the amount of the certificate or transfer to such holder title to commodities owned by CCC.

(3) *CCC-owned commodities stored by a person who submits commodity certificates to CCC.* CCC may require or permit holders of commodity certificates to exchange such certificates for commodities owned by CCC which are stored by such holder, without making such commodities or kinds of commodities available to other holders of commodity certificates.

(4) *Valuation.* Except as otherwise may be announced by CCC, CCC will determine the value of CCC-owned commodities made available to holders of commodity certificates.

(5) *Transfer of title.* Title to commodities owned by CCC which are transferred to a person who submits commodity certificates to CCC shall be transferred in store, except as may be

determined and announced by CCC. The person who submits certificates to CCC shall be responsible for all costs incurred in transferring title to the commodity, except as specifically provided by CCC. The transfer of title to such commodities shall occur without regard to any State law or any claim of lien against the commodity or proceeds thereof which may be asserted by any creditor except agencies of the U.S. Government whose lien arises specifically under Federal statute.

(6) *Expiration date.* CCC may, at its option, discount or refuse to accept any commodity certificate presented for exchange after the expiration date stated on the certificate.

(e) *Use of commodity certificates to receive loan collateral—(1) General.* Except as otherwise provided in this paragraph and in paragraphs (f) and (g) of this section, any holder of a commodity certificate may use such certificate to receive commodities pledged as collateral for CCC loans made to such person, at any time on or before the expiration date stated on the certificate. A holder of a commodity certificate who wishes to receive a quantity of a commodity pledged by such person as collateral for a CCC loan in exchange for a certificate shall redeem and sell to CCC a quantity of the commodity equal in value to the dollar denomination of the certificate, as determined by CCC. The purchase price shall be equal to the cost of liquidating the loan or the portion of the loan for which the quantity of the commodity sold to CCC is pledged as collateral, except that, in the case of a special producer storage loan or a farmer-owned reserve loan, the purchase price will not include the amount of any unearned advanced storage payments received with respect to the redeemed loan collateral. Upon submission of the certificate, which is endorsed to CCC, to the county FSA office which issued the loan, the holder of a commodity certificate will receive the quantity of the commodity which has been sold to CCC. Except as otherwise determined by CCC, if the holder of such certificate does not have commodities pledged as collateral for CCC

loans equal in value to the dollar denomination of the certificate, as determined by CCC, CCC will, at CCC's option and after the producer has submitted the certificate, pay the difference to the person by check or in the form of a new commodity certificate.

(2) *Ineligible commodities.* No person may use a commodity certificate to receive a quantity of tobacco, peanuts, or extra long staple cotton pledged as collateral for a CCC loan. No person may, before August 1, 1986, use a commodity certificate to receive a quantity of upland cotton pledged as collateral for a CCC loan.

(f) *Cash redemption start date.* (1) The person to whom a generic certificate is issued which has a date entered in block D may submit such certificate, endorsed to CCC, at the issuing county FSA office for payment by check in the amount of the certificate on or after the date entered in block D through the expiration date of the certificate. Such person may not exchange the certificate for commodities owned by CCC, except as otherwise agreed upon between such person and CCC.

(2) The person to whom a generic certificate is issued which has an entry of "S/H" in block D may exchange such certificate for commodities owned by CCC.

(3) The person to whom a commodity specific certificate is issued which has a date entered in block D may submit such certificate, endorsed to CCC, to the Kansas City Commodity Office for the specific commodity entered in block C beginning on the date entered in block D through the expiration date of the certificate. Such certificate may not be exchanged for cash, except as otherwise agreed on by CCC.

(4) All other certificates may be transferred and exchanged as determined and announced by CCC.

(g) *"Generic" and commodity-specific commodity certificates—(1) General.* If a commodity certificate indicates that it is a "generic" certificate, such certificate may, subject to the provisions of paragraphs (a) through (f) of this section, be exchanged for any commodity made available by CCC or, as appropriate, used to receive a quantity of any commodity which serves as collateral for a CCC loan. If a certificate is

not a "generic certificate", such certificate may be exchanged for the commodity specified on the certificate, except as may be determined and announced by CCC.

(2) *Cotton program payments.* Certificates issued as payments under the 1991 through 1995 upland cotton program, including payments issued in accordance with section 103B(a)(5)(B) of the Agricultural Act of 1949, may be exchanged for CCC-owned upland cotton only during such times as determined and announced by CCC.

(3) *Commodities not available in CCC inventory.* Notwithstanding any other provision of this section, if a person submits a commodity specific certificate to CCC in exchange for a quantity of such commodity and CCC determines it is not possible to make such commodity available, CCC may: (i) Require such person to exchange the commodity specific certificate for a generic certificate; or (ii) refuse to accept submission of such certificate until CCC is able to make available a quantity of the commodity specified on such certificate.

(h) CCC, at its option, may discount or refuse to accept any certificate made, transferred, or submitted in violation of this section.

(i) *Interest.* With respect to producers who receive commodity certificates in accordance with the wheat, feed grains, upland cotton and rice price support and production adjustment programs authorized by parts 1413 and 1421 of this title, a producer to whom the certificate is issued who exchanges such a certificate with CCC for cash in accordance with subsection (f) of this section shall receive interest with respect to such certificate for a 150 day period. Such interest shall be the rate of interest determined in accordance with part 1405 of this Title which is in effect on the date the certificate is issued.

[51 FR 36921, Oct. 16, 1986, as amended at 51 FR 43580, Dec. 3, 1986; 52 FR 45607, Dec. 1, 1987; 56 FR 361, Jan. 4, 1991]

§ 1401.5 In kind payments.

(a) Subject to the provisions of §§ 1470.2 and 1470.3, CCC may make payments in the form of commodities. Quantities of commodities made available as payment shall be based upon

the value of the commodity, as determined by CCC. Such quantity may be adjusted by CCC to reflect the location, quality, and other similar factors which CCC determines to affect the value of the commodity.

(b) The transfer of title to commodities made available in accordance with paragraph (a) of this section shall be in store, except as determined by CCC, and shall be made without regard to any State law or any claim of lien against the commodity, or proceeds thereof, which may be asserted by any creditor except agencies of the U.S. Government whose lien arises specifically under Federal statute. The recipient of such commodities shall be responsible for all costs incurred in transferring title to the commodity, except as specifically provided by CCC.

§ 1401.6 Assignments.

Notwithstanding any other provision of this chapter, a payment made under this part may not be the subject of an assignment, except as determined and announced by CCC.

§ 1401.7 Miscellaneous provisions.

Except as determined by CCC, the following provisions of this title shall apply to this part:

§ 1401.8 Subsequent holders.

(a) *General.* A person who acquires a commodity certificate from another person shall be considered to be a "subsequent holder" of the certificate. Subsequent holders of certificates who purchased a commodity certificate on or before January 1, 1990 may, after the expiration date specified on the certificate, submit the certificate to CCC for a payment from CCC determined in accordance with paragraph (b) of this section. All certificates must be submitted after January 2, 1991 and on or before May 28, 1991. Certificates submitted after May 28, 1991 shall not be accepted for payment. (10) CCC's intent, if applicable, under §1403.18, to refer any delinquent debt to the IRS, no sooner than 60 days from the date of the letter, to be considered for offset against any tax refund due or to become due the debtor.

(b) When CCC deems it necessary to protect the Government's interest, written demand may be preceded by other appropriate actions.

[54 FR 52878, Dec. 22, 1989, as amended at 56 FR 66955, Dec. 27, 1991]

§ 1403.5 Collection by payment in full.

Except as CCC may provide in accordance with §1403.6, CCC shall collect debts owed to the Government, including applicable interest, penalties, and administrative costs, in full, whenever feasible whether the debt is being collected by administrative offset or by another method, including voluntary payment. If a debt is paid in one lump sum after the due date, CCC will impose late payment interest, as provided in §1403.9, unless such interest is waived as provided in §1403.10.

§ 1403.6 Collection by installment payments.

(a) Payments in installments may be arranged, at CCC's discretion, if a debtor furnishes satisfactory evidence of inability to pay a claim in full by the specified date. The size and frequency of installment payments shall:

(1) Bear a reasonable relation to the size of the debt and the debtor's ability to pay; and

(2) Normally be of sufficient size and frequency to liquidate the debt in not more than three years.

(b) Except as otherwise determined by CCC, no installment arrangement

will be considered unless the debtor submits a certified financial statement which reflects the debtor's assets, liabilities, income, and expenses. The financial statement shall not be required to be submitted sooner than 15 business days following its request by CCC.

(c) All installment payment agreements shall be in writing and may require the payment of interest at the late payment interest rate in effect on the date such agreement is executed. The installment agreement shall specify all the terms of the arrangement and include provision for accelerating the debt in the event the debtor defaults. A confession of judgment provision may be included in the agreement.

(d) CCC may deem a repayment plan to be abrogated if the debtor fails to comply with its terms.

(e) If the debtor's financial statement or other information discloses the ownership of assets which are not encumbered, the debtor may be required to secure the payment of an installment note by executing a security agreement and financing agreement which provides CCC a security interest in the assets until the debt is paid in full.

(f) If the debtor owes more than one debt to CCC, CCC may allow the debtor to designate the manner in which a voluntary installment payment is to be applied. If the debtor does not designate the application of a voluntary installment or partial payment, the payment will be applied to such debts as determined by CCC.

§1403.7 Collection by administrative offset.

(a) The provisions of this section shall apply to all debts due CCC except as otherwise provided in this part and part 1404 of this Chapter. This section is not applicable to:

(1) CCC requests for administrative offset against money payable to a debtor from the Civil Service Retirement and Disability Fund and CCC requests for salary offset against a present or former employee of the Federal Government which shall be made in accordance with regulations at part 3 of this title;

(2) CCC requests for administrative offset against a Federal income tax re-

fund payable to a debtor which shall be made in accordance with §1403.18;

(3) Cases in which CCC must adjust, by increasing or decreasing, a payment which is to be paid under a contract in order to properly make other payments due by CCC;

(4) Any case in which collection of the type of debt involved by administrative offset is explicitly provided for or prohibited by statute; and

(5) IRS Notices of Levy which shall be honored in accordance with IRS statutes and regulations.

(b) Debts due CCC may be collected by administrative offset from amounts payable by CCC when:

(1) The debtor has been provided written notification of the basis and amount of the debt and has been given an opportunity to make payment. Such written notification and opportunity includes notice of the right to pursue an administrative appeal in accordance with part 780 of this Title or any other applicable appeal procedures, if not previously provided;

(2) The debtor has been provided an opportunity to request to inspect and copy the records of CCC related to the debt;

(3) The debtor has been notified in writing that the debt may be collected by administrative offset if not paid; and

(4) The debt has not been delinquent for more than ten years or legal action to enforce the debt has not been barred by an applicable period of limitation, whichever is later.

(c) Administrative offset shall also be effected against amounts payable by CCC:

(1) When requested or approved by the Department of Justice; or

(2) When a person is indebted under a judgment in favor of CCC.

(d) Debts due CCC from carriers for overcharges shall be offset against amounts due such carriers under freight bills involving shipments if:

(1) The carrier, without reasonable justification, has declined payment of the debt or has failed to pay the debt after being given a reasonable opportunity to make payment; and

(2) The period of limitation prescribed at 49 U.S.C. 11706(f) has not expired.

(e) Debts due CCC from carriers for loss or damage shall be offset against amounts due such carriers under freight bills involving shipments if:

(1) Timely demand for payment was made on the carrier;

(2) The carrier has declined payment of the debt without reasonable justification or has ignored the claim; and

(3) The period of limitation prescribed at 49 U.S.C. 11707(e) has not expired.

(f) Any overcharge or loss or damage debt due CCC on which the applicable period of limitation has run may be offset against any amounts owing by CCC to the carrier which are subject to a defense of limitation.

(g) A payment due any person may be offset when there is a breach of a contract or a violation of CCC program requirements, and offset is considered necessary by CCC to protect the financial interests of the Government.

(h) In the case of any procurement contract with CCC which provides for invoicing at the time of shipment with delivery to be made at designated destination points when:

(1) Payment is made to the contractor prior to receipt of evidence of delivery, and

(2) CCC thereafter determines that the Contractor is indebted to CCC because of losses sustained from shortage, damage to or deterioration of the commodity while in transit and prior to delivery, CCC may offset such indebtedness against amounts due and payable to the Contractor under any other contract with CCC providing the Contractor has not assigned the proceeds of such contract in accordance with part 1404 of this chapter.

(i) CCC may effect administrative offset against a payment to be made to a debtor prior to completion of the procedures required by (b)(1-3) of this section if:

(1) Failure to take the offset would substantially prejudice CCC's ability to collect the debt; and

(2) The time before the payment is to be made does not reasonably permit the completion of those procedures.

(j)(1) Debts due any agency other than CCC shall be offset against amounts payable by CCC to a debtor when an agency of the U.S. Govern-

ment has submitted a written request for offset which is mailed or hand-delivered to the appropriate FSA State office, Kansas City Management Office or Kansas City Commodity Office. Such written request must:

(i) Bear the signature of an authorized representative of the requesting agency;

(ii) Include a certification that all requirements of the law and the regulations for collection of the debt and for requesting offset have been complied with;

(iii) State the name, address (including county), and, where legally available, the social security number or employer ID number of the debtor and a brief description of the basis of the debt, including identification of the judgment, if any.

(iv) State the amount of the debt separately as to principal, interest, penalties, and administrative costs. Interest, if any, shall be computed on a daily basis to a date shown in the request. The amount to be offset shall not exceed the principal sum owed by the debtor, plus interest computed in accordance with the request, and any late payment interest, penalties and administrative costs that have been assessed;

(v) Certify that the debtor has not filed for bankruptcy. If the debtor has filed for bankruptcy, a copy of the order of the bankruptcy court relieving the agency from the automatic stay must be included; and

(vi) State the name, address, and telephone number of a contact person within the agency and the address to which payment should be sent.

(2) Unless prohibited by law, the head of an agency, or a designee, may defer or subordinate in whole or in part the right of the agency to recover through offset all or part of any indebtedness to such agency, or may withdraw a request for offset. Notice of such action must be sent to the appropriate FSA office.

(k)(1) After CCC has complied with the provisions of this part, CCC may request other agencies of the Government to offset amounts payable by them to persons indebted to CCC.

Commodity Credit Corporation, USDA

§ 1403.7

(2) In the case of a request to IRS for a tax refund offset, the provisions at §1403.18 shall apply.

(1)(1) Debts shall be collected by offset in the following order of priority without regard to the date of the request for such collection:

(i) Debts to CCC.

(ii) Debts to other agencies of USDA as determined by CCC.

(iii) Debts to other government agencies as determined by CCC.

(2) In the case of multiple debts involving the same debtor, CCC may, at its discretion, deviate from the usual order of priority in applying recovered amounts to debts owed other agencies when considered to be in the Government's best interest. Such decision shall be made by CCC based on the facts and circumstances of the particular case.

(m)(1) No amounts payable to a debtor by CCC shall be paid to an assignee until there have been collected any amounts owed by the debtor except as provided in this subsection.

(2) A payment which is assigned in accordance with part 1404 of this Chapter by execution of Form CCC-36 shall be subject to offset for any debt owed to CCC or FSA without regard to the date notice of assignment was accepted by CCC or FSA.

(3) A payment which is assigned in accordance with part 1404 of this Chapter by execution of Form CCC-252 shall be offset:

(i) Against any debt of the assignor entered on the debt record of the applicable FSA office prior to the filing of such form with CCC or FSA, or

(ii) At anytime, regardless of the date of filing of such form with CCC or FSA, if the debt which is the basis for the offset arises under the same contract under which the payment is earned by the assignor.

(4) With respect to all other Federal agencies, offset shall be made of any amounts due any other Federal agency which are entered on the debt record of the appropriate FSA office prior to the date the notice of assignment was accepted by CCC or FSA.

(5) Any amount due and payable to the assignor which remains after deduction of amounts paid to the assignee shall be available for offset.

(n) Amounts recovered by offset for CCC and FSA debts but later found not to be owed to the Government shall be promptly refunded.

(o) The debtor shall be notified whenever any offset action has been taken.

(p) Offsets made pursuant to this section shall not deprive a debtor of any right he might otherwise have to contest the debt involved in the offset action either by administrative appeal or by legal action.

(q) Any action authorized by the provisions of this section may be taken:

(1) Against a debtor's pro rata share of payments due any entity which the debtor participates in, either directly or indirectly, as determined by CCC.

(2) When CCC determines that the debtor has established an entity, or reorganized, transferred ownership of, or changed in some other manner, their operation, for the purpose of avoiding the payment of the claim or debt.

(r) The amount to be offset shall not exceed the actual or estimated amount of the debt, including interest, administrative charges, and penalties, unless the Department of Justice requests that a larger specified amount be offset.

(s) Offset action will not be taken against payments when:

(1) The payment represents loan or purchase proceeds for a commodity which is subject to the rights of the holder of a prior valid enforceable lien. However, any amount that exceeds the amount of the prior lien shall be available for offset.

(2) A debt has been discharged as provided in §1403.15.

(3) The amount payable to the debtor is used to satisfy a prior lien on property pledged as collateral for a CCC loan or sold to CCC. However, any amount exceeding the amount of the prior lien shall be available for offset.

(4) CCC determines such action will unduly interfere with the administration of a CCC or FSA program.

(5) The debt has been delinquent for more than ten years or legal action to enforce the debt due CCC is barred by an applicable period of limitation, whichever is later.

(t)(1) Notwithstanding the provisions of paragraph (b) of this section and §1403.4, with respect to debts which are

§ 1403.8

7 CFR Ch. XIV (1–1–99 Edition)

based upon an unsettled CCC loan, offset action may be taken when the debtor has been:

(i) Provided written notification of the maturity date of the loan and the debtor has not repaid the loan by the maturity date or, in the case of a non-recourse price support loan, has not repaid the loan or forfeited the loan collateral to CCC by the date specified by CCC;

(ii) Notified of CCC's intent to establish an account on a debt record 30 days after the maturity date, or other applicable period of time, if the loan is not settled in accordance with the loan agreement;

(iii) Notified of the right to pursue an administrative appeal in accordance with part 780 of this title if such an opportunity has not been previously provided;

(iv) Provided an opportunity to inspect and copy CCC records related to the debt; and

(v) Notified in writing that the debt may be collected by administrative offset if the loan is not repaid or, with respect to nonrecourse loans only, settled through forfeiture of the loan collateral.

(2) After a claim has been established by CCC with respect to a loan which has not been settled by the date specified in the loan agreement:

(i) In the event CCC takes possession of the collateral which is security for a nonrecourse or recourse loan made in accordance with parts 1421, 1427, 1434, or 1435 of this chapter, the value of such loan collateral shall be determined by CCC in accordance with the provisions of such parts which are used to determine the settlement value of the collateral. The value of such collateral shall be applied to the claim. Any amount remaining due on the claim must be paid by the debtor.

(ii) In the event CCC takes possession of the collateral which is the security for any other loan, the value of such collateral, as determined by CCC, less any costs incurred by CCC in taking possession and disposing of the collateral, shall be applied to the claim. Any

amount remaining due on the claim must be paid by the debtor.

§ 1403.8 Withholding.

(a) Withholding of a payment prior to the completion of an applicable offset procedure may be made from amounts payable to a debtor by CCC to ensure that the interests of CCC and the United States will be protected as provided in this section.

(b) A payment may be withheld to protect the interests of CCC or the United States only if CCC determines that:

(1) There has been a serious breach of contract or violation of program requirements and the withholding action is considered necessary to protect the financial interests of CCC;

(2) There is substantial evidence of violations of criminal or civil frauds statutes and criminal prosecution or civil frauds action is of primary importance to program operations of CCC;

(3) Prior experience with the debtor indicates that collection will be difficult if amounts payable to the debtor are not withheld;

(4) There is doubt that the debtor will be financially able to pay a judgment on the claim of CCC;

(5) The facts available to CCC are insufficient to determine the amount to be offset or the proper payee;

(6) A judgment on a claim of CCC has been obtained; or

(7) Such action has been requested by the Department of Justice.

(c) Except for debts due CCC or FSA, withholding action by CCC on amounts payable to debtors of other Government agencies may not be made unless requested by the Department of Justice.

[54 FR 52878, Dec. 22, 1989]

§ 1403.9 Late payment interest and administrative charges.

(a)(1) The provisions of this section are applicable to all persons whose debt to CCC becomes delinquent after January 1, 1990, unless the debtor and CCC agree otherwise.

(2) Late payment interest provisions of this section shall not apply:

(i) To debts owed by Federal agencies and State and local governments. Interest on debts owed by such entities shall be charged in accordance with applicable statutes or, if none are applicable, at the rate of interest charged by the U.S. Treasury for funds borrowed by CCC on the day the debt became delinquent;

(ii) If an applicable statute, regulation, agreement or contract either prohibits the charging of such interest or specifies the interest or charges applicable to the debt involved;

(iii) If the late payment interest is waived by CCC.

(b) CCC will assess late payment interest on the full amount of delinquent debts. For purposes of this section, the term "full amount of the delinquent debt" means the sum of the principal, accrued regular loan interest or accrued program interest, and any other charges which are otherwise due and owing to CCC on the delinquent debt at the time the late payment interest is assessed, except as provided in paragraphs (a)(2) and (d)(3) of this section.

(c) The late payment interest shall be expressed as an annual rate of interest which CCC charges on delinquent debts. The late payment interest rate shall be equal to the higher of the Treasury Department's current value of funds rate or the rate of interest assessed under the Prompt Payment Act, determined as of the date specified in paragraphs (d)(1) and (d)(2) of this section.

(d)(1) When a debt results from a statute, regulation, contract or other agreement with specific provisions for late payment interest and payment due date, late payment interest shall accrue on the amount of the debt from the first day the debt became delinquent, unless otherwise provided by statute.

(2) With respect to debts not resulting from a statute, regulation, contract or agreement containing specific provisions for late payment interest and payment due date, late payment interest shall begin to accrue from the date on which notice of the debt is first mailed or hand-delivered to the debtor, except that, with respect to debts re-

sulting from price support loans, late payment interest shall begin to accrue from the date on which a claim is established.

(3) The rate of late payment interest initially assessed will be fixed for the duration of the indebtedness, except when a debtor has defaulted on a repayment agreement and seeks to enter into a new agreement. CCC may then set a new rate of interest which reflects the late payment interest rate in effect at the time the new agreement is executed. All charges which accrued, but which were not collected under the defaulted agreement, shall be added to the principal to be paid under a new repayment agreement.

(4) The late payment interest on delinquent debts will accrue on a daily basis.

(e)(1) Except as specified in paragraphs (a)(2) and (e)(2) of this section, an additional interest rate of three (3) percent per annum will be assessed on any portion of a debt which remains unpaid 90 days after the date described in paragraph (d)(1) or (d)(2) of this section, if no repayment schedule satisfactory to CCC has been agreed upon. Such rate will be assessed retroactively from the date late payment interest began to accrue and apply on a daily basis. Such rate shall continue to accrue until the delinquent debt has been paid.

(2) With respect to debts resulting from price support loans, an additional interest rate of three (3) percent per annum will be assessed on a portion of a debt which remains unpaid 60 days after the date on which a claim was established. Such rate will be assessed retroactively from the date of claim establishment and apply on a daily basis. Such rate shall continue to accrue until the delinquent debt has been paid.

(f) CCC shall assess as administrative charges the additional costs of processing delinquent debts against the debtor, to the extent such costs are attributable to the delinquency. Such costs include, but are not limited to, costs incurred in obtaining a credit report, costs of employing commercial firms to locate debtor, costs of employing contractors for collection services,

§ 1403.10

costs of selling collateral or property to satisfy the debt.

(g) When a debt is paid in partial or installment payments, payments will be applied first to administrative charges, second to additional interest assessed in accordance with paragraph (e) of this section and late payment interest, and third to outstanding principal.

[54 FR 52878, Dec. 22, 1989, as amended at 56 FR 66955, Dec. 27, 1991; 60 FR 43706, Aug. 23, 1995]

§ 1403.10 Waiver of late payment interest, additional interest and administrative charges.

(a) Except for debts resulting from price support loans, CCC shall waive the collection of late payment interest and administrative charges on a debt or any portion of a debt which is paid within 30 days after the date on which late payment interest began to accrue.

(b) CCC may waive the assessment and collection of all or a portion of the additional interest on debts which are appealed in accordance with 7 CFR part 780, or other applicable appeal procedures, from either the date of the appeal or the date of delinquency, as determined by CCC, until the date a final administrative determination is issued. However, with respect to CCC programs administered by the Foreign Agricultural Service, CCC shall waive the assessment and collection of additional interest on debts which are appealed in accordance with 7 CFR part 780, or other applicable appeal procedures, from the date of delinquency until 30 days after the date of the letter informing the appellant of the final administrative determination. The waiver provisions of the paragraph shall not apply during any period of delay due to:

- (1) The appellant's request for a postponement of the scheduled hearing;
- (2) The appellant's request for an additional time following the hearing to present additional information or a written closing statement; or
- (3) The appellant's failure to timely present information to the reviewing authority.

(c) Assessment and collection of late payment interest, additional interest and administrative charges under this

7 CFR Ch. XIV (1-1-99 Edition)

part may be waived by CCC in full, or in part, if it is determined that such action is in the best interest of CCC.

§ 1403.11 Administrative appeal.

If the opportunity to appeal the determination has not previously been provided under part 24 or 780 of this title or any other appeal procedure, a debtor may obtain an administrative review under part 780 of this title, or other applicable appeal procedures, of CCC's determination concerning the existence or amount of a debt, if a request is filed with the authority who made the determination within 15 days of the date of CCC's initial demand letter, unless a longer period is specified in the initial demand letter.

§ 1403.12 Additional administrative collection action.

Nothing contained in this part shall preclude the use of any other administrative or contractual remedy which may be available to CCC to collect debts owed to the Government.

§ 1403.13 Contact with debtor's employing agency.

When a debtor is employed by the Federal Government or is a member of the military establishment or the Coast Guard, and collection by offset cannot be accomplished in accordance with 5 U.S.C. 5514, CCC may contact the employing agency to arrange for payment of the debt by allotment or otherwise, in accordance with section 206 of Executive Order No. 11222, May 8, 1965, 30 FR 6469.

§ 1403.14 Prior provision of rights with respect to debt.

CCC will not provide an administrative appeal with respect to issues which were subject to administrative review at the debtor's request as provided under another statute or regulation before:

- (a) Effecting administrative offset;
- (b) Referring the debt to private collection or credit reporting agencies;

(c) Referring the debt to the Office of Personnel Management (OPM) for salary offset against the current pay of a present or former Government employee; or

(d) Referring the debt to IRS for tax refund offset.

§ 1403.15 Discharge of debts.

(a) Except as required by other applicable regulation or statute, a debt or part thereof owed CCC shall be discharged and the records and accounts on that debt closed in the following situations:

(1) When an obligation or part thereof is discharged in bankruptcy;

(2) When an obligation or part thereof is the subject of a final judgment entered by a court of competent jurisdiction which is adverse to CCC;

(3) When a debt or part thereof is compromised and paid, the amount of such compromise;

(4) When collection of a debt by administrative offset is barred in accordance with § 1403.7(s)(5).

(b) A debt or part thereof owed CCC may be discharged and the records and accounts on that debt closed when the Controller, CCC, has determined that such action is in the best interest of CCC.

(c) A claims official or claims officer may discharge a delinquent debt if such debt arises under the terms of the authority delegated to such official or officer in the following circumstances:

(1) The delinquent debt is owed by an entity which has been liquidated or dissolved and no legal remedy is feasible.

(2) The delinquent debt is owed by an individual who:

(i) Is declared legally insane or incompetent;

(ii) Possessed of no assets or other means of payment; and

(iii) Possessed of no reasonable prospects of being able to pay the debt in the future.

(3) The delinquent debt was incurred by an individual who is deceased, and from whose estate recovery cannot be made.

(d) Debts discharged in accordance with this section may be reported to the Internal Revenue Service pursuant to § 1403.19.

§ 1403.16 Referral of delinquent debts to credit reporting agencies.

(a) This section specifies the procedures that will be followed by CCC and the rights that will be afforded to farm producers when CCC reports delinquent debts to credit reporting agencies.

(b) Before disclosing information to a credit reporting agency in accordance with this part, CCC shall review the claim and determine that it is valid and delinquent.

(c) Before a debt may be referred to a credit reporting agency, the debtor must be notified, pursuant to § 1403.4, of CCC's intent to make such a report. Such notification shall include:

(1) CCC's intent to disclose to a credit reporting agency that the debtor is responsible for the debt, and that such disclosure will be made not less than 60 days after notification to such debtor.

(2) The information intended to be disclosed to the credit reporting agency under paragraph (g)(1) of this section.

(3) The debtor's right to enter a repayment agreement on the debt, including, at the discretion of CCC, installment payments, and that if such an agreement is reached, the debt will not be referred to a credit reporting agency.

(4) The debtor's right to review of this action in accordance with paragraph (i) of this section.

(d) The debtor shall be notified, in writing at the debtor's last known address, when CCC has reported any delinquent debt to a credit reporting agency.

(e)(1) CCC shall notify each credit reporting agency to which an original disclosure of delinquent debt information was made of any substantial change in the condition or amount of the claim.

(2) CCC shall promptly verify or correct, as appropriate, information about the debt on request of a credit reporting agency. The records of the debtor shall reflect any correction resulting from such request.

(f) Information reported to a credit reporting agency on delinquent debts shall be derived from the system of records maintained by CCC.

§ 1403.17

7 CFR Ch. XIV (1-1-99 Edition)

(g) CCC shall limit delinquent debt information disclosed to credit reporting agencies to:

(1) The name, address, taxpayer identification number, and other information necessary to establish the identity of the debtor;

(2) The amount, status, and history of the claim; and

(3) The program under which the claim arose.

(h) Reasonable action shall be taken to locate a debtor for whom CCC does not have a current address before reporting delinquent debt information to a credit reporting agency.

(i)(1) Before disclosing delinquent debt information to a credit reporting agency, CCC shall, upon request of the debtor, provide for a review of the debt in accordance with §1403.11. This review shall only consider defenses or arguments which were not available or could not have been available at any previous appeal proceeding permitted under §1403.11.

(2) Upon receipt of a request for review within 30 days from the date of notice to the debtor of intent to refer delinquent debt information to a credit reporting agency, CCC shall suspend its schedule for disclosure to a credit reporting agency until a final decision regarding the appropriateness of disclosure to a credit reporting agency is made.

(3) Upon completion of the review, the reviewing official shall transmit to the debtor a written notification of the decision. If appropriate, the debtor shall be notified of the scheduled date on or after which the debt will be referred to the credit reporting agency. The debtor will also be notified of any changes from the initial notification in the information to be disclosed.

(j)(1) In accordance with guidelines established by the Executive Vice President, CCC, the responsible claims official shall report to credit reporting agencies delinquent debt information specified in paragraph (g) of this section.

(2) The agreements entered into by USDA and credit reporting agencies shall provide the necessary assurances to CCC that the credit reporting agencies to which information will be provided are in compliance with the provi-

sions of all the laws and regulations of the United States relating to providing credit information.

(3) CCC shall not report delinquent debt information to credit reporting agencies when:

(i) The debtor has entered a repayment agreement covering the debt with CCC, and such agreement is still valid; or

(ii) CCC has suspended its schedule for disclosure of delinquent debt information pursuant to paragraph (i)(2) of this section.

(k) Disclosures made under this section shall be in accordance with the requirements of the Privacy Act, as amended (5 U.S.C. 552a).

Debts which cannot be collected in accordance with these regulations may be referred to the Department of Justice for collection action.

§1403.18 Referral of delinquent debts to IRS or tax refund offset.

CCC may refer legally enforceable delinquent debts to IRS to be offset against tax refunds due to debtors under 26 U.S.C. 6402, in accordance with the provisions of 31 U.S.C. 3720A and Treasury Department regulations.

§1403.19 Reporting discharged debts to IRS.

(b) The following discharged debts may be reported to IRS:

(1) The amount of a debt discharged under a compromise agreement between CCC and the debtor, except for compromises made due to doubt about the Government's ability to prove its case in court for the full amount of the debt.

(2) The amount of a debt discharged by the running of the statutory period of limitation for collecting the debt by administrative offset specified in 31 U.S.C. 3716.

§1403.21 Collection of 1988 and 1989 advance deficiency overpayments.

(a) The provisions of this section set forth the policies and procedures for collection of 1988 and 1989 advance deficiency overpayments ("overpayments").

(b) The following definition shall be applicable to this section:

Financial hardship means that condition of a producer in which payment of the debt by lump sum would jeopardize the producer's ability to provide food, shelter, and medical care to his immediate family, or to continue the producer's farming operation, as determined by CCC.

(c) This section applies to collection of overpayments from those producers who are suffering financial hardship, as determined by CCC, and who also meet the following conditions, as determined by CCC:

(1) Who received an advance deficiency payment for the 1988 or 1989 crop of a commodity under part 1413 of this chapter;

(2) Who are required to provide a refund of at least \$1,500 of such payment, as a result of the increase in market prices of the commodity;

(3) Who reside in a county, or in a county that is contiguous to a county where CCC has determined that farming, ranching, or aquaculture operations have been substantially affected as evidenced by a reduction in normal production for the county of at least 30 percent during two of the three crop years 1988, 1989, and 1990 by:

(i) A natural disaster designated by the Secretary of Agriculture;

(ii) A major disaster or emergency designated by the President under the Robert T. Stafford Disaster and Emergency Assistance Act (42 U.S.C. 5121 *et seq.*);

(ii) Deprive a person of a right to a fair trial or to an impartial adjudication,

(iii) Constitute an unwarranted invasion of personal privacy, or

(b) Any Board meeting or portion thereof, which may be closed, or any information which may be withheld under paragraph (a) of this section, will not be closed or withheld, respectively, in any case where the Board finds the public interest requires otherwise.

§ 1409.5 Closure of meetings.

(a) *Procedure for closing a majority of the meetings.* (1) A majority of the meetings of the Board will be closed to the public pursuant to exemptions 4, 8, (9)(i) and 10 of §1409.4(a) of this part. These meetings will include deliberations such as those relating to the levels of price support for various agricultural commodities, the allocation of quantities of commodities for export programs, and the interest rates for commodity loans and farm storage facility loans. Board meetings will be closed pursuant to exemptions 4, 8, (9)(i) and 10 when at least five Directors vote at the beginning of such meeting, or portion thereof, to close the exempt portion or portions of the meeting. A copy of the vote, reflecting the vote of each Director on the question, will be made available to the public. The Board will, except to the extent that such information is exempt from disclosure under the exemptions in §1409.4(a) of this part, provide the public with public announcement of the time, place, and subject matter of the meeting and of each portion thereof, at the earliest practicable time.

(2) The provisions of paragraph (b) of this section and §1409.6, except §1409.6(e), of this part will not apply to any meeting or portion thereof to which paragraph (a) of this section applies.

(b) Procedure for closing other meetings.

(1) A separate vote of the entire membership of the Board will be taken with respect to each Board meeting a portion or portions of which are proposed to be closed to the public or any information which is proposed to be withheld from the public on the basis of one or more of the exemptions in §1409.4(a) of this part. The vote of each Director will be recorded and no proxy shall be allowed.

(2) A portion or portions of a meeting may be closed on the basis of one or more of the exemptions in §1409.4(a) of this part only when at least five Directors vote to take such action.

(3) A single vote of the entire membership of the Board may be taken with respect to a series of meetings, a portion or portions of which are proposed to be closed to the public or with respect to the withholding of any information concerning such series of meetings, on the basis of one or more of the exemptions in §1409.4(a) of this part. Each meeting in such series must involve the same particular matters and must be scheduled to be held no more than thirty days after the initial meeting in such series. The vote of each Director participating in such vote will be recorded and no proxy shall be allowed.

(4) Whenever any person whose interests may be directly affected by a portion of a Board's meeting requests that the Board close such portion to the public on the basis of exemptions (5), (6), or (7) of §1409.4(a) of this part, the Board, upon the request of any one of its members, will vote whether or not to close such portion of the meeting. The vote of each Director participating in such vote will be recorded and no proxy shall be allowed.

(c) General counsel's certification. Before every Board meeting closed on the basis of one or more of the exemptions in §1409.4(a) of this part, the General Counsel will publicly certify that, in his opinion, the meeting may be closed to the public and shall state each relevant exemption.

§ 1409.6 Notices to the public.

(a)(1) The Secretary of the Board will make a public announcement at least one week before each Board meeting of

(i) the time and place of the meeting, (ii) subject matter of the meeting, except to the extent that such information is exempt from disclosure under §1409.4(a) of this part, (iii) whether the meeting is to be open or closed to the public and (iv) the name and business telephone number of the Secretary of the Board.

(2) Notwithstanding paragraph (a)(1) of this section, less than one week advance public notice for a meeting may be given when at least five Directors determine by recorded vote that the Board business requires that a meeting be called at an earlier date, but in such case, announcement of the meeting will be made at the earliest practicable time.

(b)(1) When the Board votes on whether to close a portion or portions of a meeting or a series of meetings, or with respect to withholding any information concerning such meeting or series of meetings, in accordance with §1409.5(b) of this part, the Secretary of the Board will make available to the public a written copy of such vote reflecting the vote of each member on the question within one business day of such vote.

(2) If the Board votes to close a portion or portions of a meeting or a series of meetings in accordance with §1409.5(b) of this part, the Secretary of the Board will make available to the public within one business day of such vote, (i) a list of the names and affiliations of persons expected to be present at such closed portion or portions of the meeting or series of meetings and (ii) a full written explanation of the Board's action in closing the portion or portions of the meeting or series of meetings, unless such disclosure would reveal the information that the meeting itself was closed to protect.

(c) The time or place of a board meeting may be changed following the public announcement as required by paragraph (a)(1) of this section only if the Board publicly announces such change or changes at the earliest practicable time.

(d) The subject matter of a Board meeting or the determination of the Board to open or close a meeting or portions thereof to the public, may be

changed following the public announcement as required by paragraph (a)(1) of this section only if (i) five Directors determine by recorded vote that Board business so requires and that no earlier announcement of the change was possible and (ii) the Board publicly announces such change and the vote of each Director upon such change at the earliest practicable time.

(e) The Secretary of the Board shall use all reasonable means to keep the public promptly and fully informed of public announcements including the use of a bulletin board outside the office of the Secretary of the Board at the address indicated in §1409.8(b) of this part. Requests for information concerning Board meetings should be addressed to the Secretary of the Board.

(f) Immediately following each public announcement required by this section, the information provided in such public announcement will be submitted for publication in the FEDERAL REGISTER.

(g) The Board usually meets in room 200-A, Administration Building, United States Department of Agriculture, 14th Street and Independence Avenue, SW., Washington, DC. Each person interested in attending an open meeting of the Board should notify the Secretary of the Board at least one business day prior to the open meeting of their intention to attend the meeting. Any person who fails to do so may not be accommodated if there is insufficient space in the meeting room.

§ 1409.7 Records retention.

(a) The Secretary of the Board will maintain the following records for each Board meeting, or portion thereof which is closed to the public pursuant to a vote under §1409.5 of this part:

(1) A copy of the General Counsel's certification required by §1409.5(c) of this part;

(2) A copy of a statement from the presiding officer which sets forth the time and place of the closed meeting or portion thereof and list of persons present; and

(3) A complete verbatim transcript or electronic recording adequate to record fully the proceedings of each Board meeting or portion of a meeting, except that in the case of a meeting or

portion of a meeting closed to the public on the basis of exemptions (8), (9)(i) or (10) of §1409.4(a) of this part, the Secretary of the Board will maintain either a transcript, electronic recording, or a complete set of minutes. Such minutes shall fully and clearly describe all matters discussed and shall provide a full and accurate summary of actions taken and the reasons therefor, including a description of each of the views expressed on any item and the record of any roll-call vote reflecting the vote of each member on the question. All documents considered in connection with any action will be identified in such minutes.

(b) The retention period for the records required by paragraph (a) of this section will be for a period of at least two years after the particular Board meeting, or until one year after the conclusion of any Board proceeding with respect to which the meeting or portion thereof was held, whichever occurs later.

§ 1409.8 Public inspection and copying of records; applicable fees.

(a) The Secretary of the Board will make promptly available to the public the transcript, electronic recording, transcription of the recording, or minutes of the discussion of any item on the agenda of a Board meeting, or any item of the testimony of any witness received at the meeting except for such item or items of such discussion or testimony as the Secretary of the Board determines to contain information which may be withheld on the basis of one or more of the exemptions in §1409.4(a) of this part.

(b) Requests for public inspection of electronic recording, transcripts or minutes of Board meetings shall be made to the Secretary of the Board of Directors of Commodity Credit Corporation, Room 218-W, Administration Building, United States Department of Agriculture, 14th Street and Independence Avenue, SW., Washington, DC 20250.

In the field, the regulations in this part will be administered by the State and county FSA committees (“State committees” and “county committees,” respectively).

(b) State executive directors, county executive directors, and State and county committees do not have the authority to modify or waive any of the provisions in this part unless specifically authorized by the Deputy Administrator.

(c) The State committee may take any action authorized or required by this part to be taken by the county committee which has not been taken by such committee, such as:

(1) Correct or require a county committee to correct any action taken by such county committee which is not in accordance with this part; or

(2) Require a county committee to withhold taking any action which is not in accordance with this part.

(d) No delegation herein to a State or county committee shall preclude the Executive Vice President, CCC, the Administrator, FSA, or a designee, or the Deputy Administrator from determining any question arising under this part or from reversing or modifying any determination made by a State or county committee.

(e) Data furnished by the applicants will be used to determine eligibility for program benefits. Furnishing the data is voluntary; however, the failure to

provide data could result in program benefits being withheld or denied.

(f) Notwithstanding other provisions of the preceding paragraphs of this section, the EI, suitability of land for permanent vegetative or water cover, factors for determining the likelihood of improved water quality and adequacy of the planned practice to achieve desired objectives shall be determined by the Natural Resource Conservation Service (NRCS) or any other non-USDA source approved by NRCS, in accordance with the Field Office Technical Guide of NRCS or other guidelines deemed appropriate by the NRCS, except that no such determination by NRCS shall compel CCC to execute a contract which CCC does not believe will serve the purposes of the program established by this part.

(g) State committees, with NRCS, may develop a State evaluation process to rank acreage based on State-specific goals and objectives where such an evaluation process would further the goals of CRP. Such State committees may choose between developing a State ranking system or using the national ranking system. States' ranking processes shall be developed based on recommendations from State Technical Committees, follow national guidelines, and be approved by the Deputy Administrator.

(h) CCC may consult with the Forest Service (FS), a State forestry agency, or other organization for such assistance as is determined by CCC to be necessary for developing and implementing conservation plans which include tree planting as the appropriate practice or as a component of a practice.

(i) CCC may consult with the Cooperative State Research, Education, and Extension Service to coordinate a related information and education program as deemed appropriate to implement the Conservation Reserve Program (CRP).

(j) CCC may consult with the U.S. Fish and Wildlife Service (FWS) or State wildlife agencies for such assistance as is determined necessary by CCC to implement the CRP.

(k) The regulations governing the CRP as of February 11, 1997, shall continue to be applicable to contracts in effect as of that date. The regulations

§ 1410.3 General description.

(a) Under the CRP, CCC will enter into contracts with eligible participants to convert eligible land to a conserving use for a period of time of not less than 10 nor more than 15 years in return for financial and technical assistance.

(b) A conservation plan for eligible acreage must be obtained by a participant which must be approved by the conservation district in which the lands are located unless the conservation district declines to review the plan in which case NRCS may take such further action as is needed to account for lack of such review.

(c) The objectives of the CRP are to cost-effectively reduce water and wind erosion, protect the Nation's long-term capability to produce food and fiber, reduce sedimentation, improve water quality, create and enhance wildlife habitat, and other objectives including encouraging more permanent conservation practices and tree planting.

(d) Except as otherwise provided, a participant may, in addition to any payment under this part, receive cost-share assistance, rental or easement payments, or tax benefits from a State, subdivision of such State, or a private organization in return for enrolling lands in CRP. However, a participant may not receive or retain CRP cost-share assistance if other Federal cost-share assistance is provided for such acreage under any other provision of law, as determined by the Deputy Administrator. Further, under no circumstances may the cost-share payments received under this part, or otherwise, exceed the cost of the practice, as determined by CCC.

§ 1410.4 Maximum county acreage.

The maximum acreage which may be placed in the CRP and the WRP may not exceed 25 percent of the total cropland in the county of which no more than 10 percent of the cropland in the county may be subject, in the aggregate, to a CRP or WRP easement, unless CCC determines that such action would not adversely affect the local economy of the county. This restriction on participation shall be in addition to any other restriction imposed by law.

§ 1410.5 Eligible persons.

(a) In order to be eligible to enter into a CRP contract in accordance with this part, a person must be an owner, operator, or tenant of eligible land and:

(1) If an operator of eligible land, seeking to participate without the owner, must have operated such land for at least 12 months prior to the close of the applicable signup period and must provide satisfactory evidence that such operator will be in control of such eligible land for the full term of the CRP contract period;

(2) If an owner of eligible land, must have owned such land for at least 12 months prior to the close of the applicable signup period, unless:

(i) The new owner acquired such land by will or succession as a result of the death of the previous owner;

(ii) The only ownership change in the 12 month period occurred due to foreclosure on the land and the owner of

the land, immediately before the foreclosure, exercises a timely right of redemption from the mortgage holder in accordance with State law;

(iii) As determined by the Deputy Administrator, the circumstances of the acquisition are such that present adequate assurance that the new owner of such eligible land did not acquire such land for the purpose of placing it in the CRP; or

(3) If a tenant, the tenant is a participant with an eligible owner or operator.

(b) Notwithstanding paragraph (a) of this section, under continuous signup provisions authorized by §1410.30, an otherwise eligible person must have owned or operated, as appropriate, the eligible land for at least 12 months prior to submission of an offer.

§ 1410.6 Eligible land.

(a) In order to be eligible to be placed in the CRP, land:

(1) Must be cropland that:

(i) Has been annually planted or considered planted to an agricultural commodity in 2 of the 5 most recent crop years, as determined by the Deputy Administrator, provided further that field margins which are incidental to the planting of crops may also be considered qualifying cropland to the extent determined appropriate by the Deputy Administrator; and

(ii) Is physically and legally capable of being planted in a normal manner to an agricultural commodity, as determined by the Deputy Administrator.

(2) Must be marginal pasture land, as determined by the Deputy Administrator, that:

(i) Is enrolled or has recently been enrolled in the WBP provided:

(A) The acreage is in the final year of the WBP agreement or, if not in the final year of the WBP agreement and only for enrollments in the CRP for FY 1997, is acreage for which the WBP agreement expired on December 31, 1996, where the land would be considered in compliance if such agreement was still in effect, as determined by the Deputy Administrator;

(B) The acreage is not classified as naturally occurring type 3 through 7 wetlands, as determined by the Deputy Administrator regardless of whether

the acreage is or is not protected by a Federal agency easement or mortgage restriction (types 3 through 7 wetlands that are normally artificially flooded shall not be precluded from eligibility), and;

(C) Enrollment in CRP would enhance the environmental benefits of the site, as determined by Deputy Administrator; or

(ii) Is determined to be suitable for use as a riparian buffer. A field or portion of a field of marginal pasture land may be considered to be suitable for use as a riparian buffer only if, as determined by NRCS, it:

(A) Is located adjacent to permanent stream corridors excluding corridors that are considered gullies or sod waterways; and

(B) Is capable, when permanent grass, forbs, shrubs or trees are grown, of substantially reducing sediment that otherwise would be delivered to the adjacent stream or waterbody; or

(3) Must be acreage currently enrolled in the CRP provided the scheduled expiration date of the current CRP contract is to occur before the available effective date of a new CRP contract, as determined by the Deputy Administrator, provided the acreage is otherwise eligible according to this part, as determined by the Deputy Administrator.

(b) Any land qualifying under the provisions of paragraph (a)(1) must also, to be eligible for a contract:

(1) Be a field or portion of a field determined to be suitable for use as a permanent wildlife habitat, filter strip, riparian buffer, contour grass strip, grass waterway, field windbreak, shelterbelt, living snowfence, other uses as may be determined by the Deputy Administrator, vegetation on salinity producing areas, including any applicable recharge area, or any area determined eligible for CRP based on wetland or wellhead protection area criteria to be eligible to be placed in the CRP. A field or portion of a field may be considered to be suitable for use as a filter strip or riparian buffer only if it, as determined by NRCS:

(i) Is located adjacent to a stream, other waterbody of a permanent nature (such as a lake, pond, or sinkhole), or

wetland excluding such areas as gullies or sod waterways; and

(ii) Is capable, when permanent grass, forbs, shrubs or trees are grown, of substantially reducing sediment that otherwise would be delivered to the adjacent stream or waterbody; or

(2)(i) Be a field which has evidence of scour erosion caused by out-of-bank flows of water, as determined by NRCS. In addition such land must:

(A) Be expected to flood a minimum of once every 10 years; and

(B) Have evidence of scour erosion as a result of such flooding.

(ii) To the extent practicable, be the actual affected cropland areas of a field; however, the entire cropland area of an eligible field may be enrolled if:

(A) The size of the field is 9 acres or less; or

(B) More than one third of the cropland in the field is land which lies between the water source and the inland limit of the scour erosion.

(iii) If the full field is not eligible for enrollment under this paragraph (b)(2), be that portion of the cropland between the waterbody and the inland limit of the scour erosion together with, as determined by the Deputy Administrator, additional areas which would otherwise be unmanageable and would be isolated by the eligible areas.

(iv) Be planted to an appropriate tree species according to the FOTG, unless tree planting is determined to be inappropriate by NRCS, in consultation with Forest Service, in which case the eligible cropland shall be devoted to another acceptable permanent vegetative cover in accordance with the FOTG; or

(3) Be contributing to the degradation of water quality or posing an on-site or off-site environmental threat to water quality if such land remains in production so long as water quality objectives, with respect to such land, cannot be obtained under other Federal programs, including but not limited to EQIP authorized under part 1466 of this chapter; or

(4) Be devoted to certain covers, as determined by the Deputy Administrator, which are established and maintained according to the FOTG provided such acreage is not required to be maintained as such under any life-span

obligations, as determined by the Deputy Administrator; or

(5) Be non-irrigated or irrigated cropland which produces or serves as the recharge area, as determined by the Deputy Administrator, for saline seeps, or acreage which is functionally related to such saline seeps, or where a rising water table contributes to increased levels of salinity at or near the ground surface; or

(6) Be considered HEL according to conservation compliance provisions under part 12 of this chapter; or

(7) For redefined fields, have an EI of greater than or equal to 8, calculated by using the weighted average of the EI's of soil map units within the field; or

(8) Be within a public wellhead protection area or in an approved Hydrologic Unit Area; or

(9) Be within a designated conservation priority area; or

(10) Be designated as a cropped wetland and appropriate associated acreage, as determined by the Deputy Administrator; or

(11) Be cropland which, as determined by the Deputy Administrator, is associated with noncropped wetlands and would provide significant environmental benefits; or

(c) Notwithstanding paragraphs (a) and (b) of this section, land shall be ineligible for enrollment if, as determined by the Deputy Administrator, land is:

(1) Federally owned land unless the applicant has a lease for the contract period;

(2) Land on which the use of the land is restricted through deed or other restriction prior to enrollment in CRP prohibiting the production of agricultural commodities except for eligible land under paragraph (a)(2) of this section; or

(3) Land already enrolled in the CRP unless the scheduled expiration date of the current contract is to occur before the available effective date of a new CRP contract, as determined by the Deputy Administrator.

§ 1410.7 Duration of contracts.

(a) Except as provided in paragraph (b) of this section, contracts under this part shall be for a term of 10 years.

(b) In the case of land devoted to riparian buffers, filter strips, restoration of wetlands, hardwood trees, shelterbelts, windbreaks, wildlife corridors, or other practices deemed appropriate by CCC under the original terms of a contract subject to this part or for land devoted to eligible practices under a contract modified under §1410.10, the participant may specify the duration of the contract provided that such contracts must be at least 10 years and no more than a total of 15 years in length.

(c) All contracts shall expire on September 30 of the appropriate year.

§ 1410.8 Conservation priority areas.

(a) CCC may designate National conservation priority areas according to paragraph (c) of this section.

(b) State FSA committees, in consultation with NRCS and State Technical Committees, may submit a recommendation to the Deputy Administrator within guidelines established by the Deputy Administrator for designation of conservation priority areas. Such recommendations should contain clearly defined conservation and environmental objectives and analysis of how CRP can cost-effectively address such objectives. The purpose of the conservation priority area designation is to enhance the CRP by better addressing conservation and environmental issues in a planned and coordinated manner within a State. Generally, the total acreage of conservation priority areas, in aggregate, shall not total more than 10 percent of the cropland in a State unless there are identified and documented extraordinary environmental needs, as determined by Deputy Administrator.

(c) A region shall be eligible for designation as a priority area only if the region has actual significant adverse water quality or wildlife habitat impacts related to activities of agricultural production or if the designation helps agricultural producers to comply with Federal and State environmental laws.

(d) Conservation priority area designations shall expire after 5 years unless redesignated, except they may be withdrawn:

(1) Upon application by the appropriate State water quality agency; or

(2) By the Deputy Administrator.

(e) In those areas designated as conservation priority areas, under this section, special emphasis will be placed on identified environmental concerns. These concerns may include water quality, such as assisting agricultural producers to comply with nonpoint source pollution requirements, air quality, or wildlife habitat (especially for currently listed threatened and endangered species or to prevent other species from becoming threatened and endangered), as determined by the Deputy Administrator.

§ 1410.9 Alley-cropping.

(a) Alley-cropping on CRP land may be permitted by CCC if:

(1) The land is planted to, or converted to, hardwood trees in accordance with §1410.10;

(2) Agricultural commodities are planted in accordance with a prior, site-specific and NRCS approved conservation plan in close proximity to such hardwood trees; and

(3) The owner and operator of such land agree to implement appropriate conservation measures on such land.

(b) CCC may solicit bids for alley-cropping permission for CRP land. Annual rental payments for the term of any contract modified under this section shall be reduced by at least 50 percent of the original amount of the total rental payment in the original contract and, in the case of any contract modified to change from another cover crop, the total annual rental payments over the term of any such contract may not exceed the total annual rental payments specified in the original contract.

(c) The actual reduction in rental payment will be determined by CCC, based upon criteria, such as percentage of the total acreage that will be available for cropping and projected returns to the producer from such cropping.

(d) The area available for cropping will be chosen according to the FOTG and will be farmed in accordance with an approved conservation plan so as to minimize erosion and degradation of water quality during those years when

§ 1410.10

the areas are devoted to an agricultural commodity.

§ 1410.10 Conversion to trees.

An owner or operator who has entered into a contract prior to November 28, 1990, may elect to convert areas of highly erodible cropland, subject to such contract, which is devoted to permanent vegetative cover, from such cover to hardwood trees (including alley cropping and riparian buffers limited to hardwood trees where permitted by CCC), windbreaks, shelterbelts, or wildlife corridors.

(a) With respect to any contract modified under this section, the participant may elect to extend such contract in accordance with the provisions of § 1410.7(b).

(b) With respect to any contract modified under this section in which such areas are converted to windbreaks, shelterbelts, or wildlife corridors, the owner of such land must agree to maintain such plantings for a time period established by the Deputy Administrator.

(c) CCC shall, as it determines appropriate, pay up to 50 percent of the eligible cost of establishing new conservation measures authorized under this section, except that the total cost-share paid with respect to such contract, including cost-share assistance paid when the original cover was established, may not exceed the amount by which CCC would have paid had such land been originally devoted to such new conservation measures.

(d) With respect to any contract modified under this section, the participant must participate in the Forest Stewardship Program (16 U.S.C. 2103a).

§ 1410.11 Restoration of wetlands.

(a) An owner or operator who entered into a CRP contract on land that is suitable for restoration to wetlands or that was restored to wetlands while under such contract, may, if approved by CCC, subject to any restrictions as may be imposed by law, apply to transfer such eligible acres subject to such contract that are devoted to an approved cover from the CRP to the WRP. Transferred acreage shall be terminated from the CRP effective the day a WRP easement is filed. Partici-

pants will receive a prorated CRP annual payment for that part of the year the acreage was enrolled in the CRP according to § 1410.42. Refunds of cost-share payments or any applicable incentive payments need not be required unless specified by the Deputy Administrator.

(b) An owner or operator who has enrolled acreage in the CRP may, as determined and approved by CCC, restore suitable acres to wetlands with cost-share assistance provided that Federal cost-share assistance has not been previously provided specifically for wetland restoration on the proposed restoration site. In addition to the cost-share limitation in § 1410.41 of this part, an additional one time financial incentive may be provided to encourage restoration of the hydrology of the site.

§ 1410.12—§ 1410.19 [Reserved]

§ 1410.20 Obligations of participant.

(a) All participants subject to a CRP contract must agree to:

(1) Carry out the terms and conditions of such CRP contract;

(2) Implement the conservation plan, which is part of such contract, in accordance with the schedule of dates included in such conservation plan unless the Deputy Administrator determines that the participant cannot fully implement the conservation plan for reasons beyond the participant's control and CCC agrees to a modified plan;

(3) Establish temporary vegetative cover when required by the conservation plan or, as determined by the Deputy Administrator, if the permanent vegetative cover cannot be timely established;

(4)(i) A reduction in the aggregate total quotas and acreage allotments for the contract period for each farm which contains land subject to such CRP contract by an amount based upon the ratio between the acres in the CRP contract and the total cropland acreage on such farm. Quotas and acreage allotments reduced during the contract period shall be returned at the end of the contract period in the same amounts as would apply had the land not been enrolled in the CRP unless CCC approves, in accordance with the

provisions of §1410.34, an extension of such protection; and

(ii) reduce production flexibility contract acres enrolled under part 1412 of this chapter or CRP acres enrolled under this part so that the total of such acres does not exceed the total cropland on the farm;

(5) Not produce an agricultural commodity on highly erodible land, in a county which has not met or exceeded the acreage limitation under §1410.4, which was acquired on or after November 28, 1990, unless such land, as determined by CCC, has a history in the most recent five-year period of producing an agricultural commodity other than forage crops;

(6) Comply with all requirements of part 12 of this title;

(7) Not allow grazing, harvesting, or other commercial use of any crop from the cropland subject to such contract except for those periods of time approved in accordance with instructions issued by the Deputy Administrator;

(8) Establish and maintain the required vegetative or water cover and the required practices on the land subject to such contract and take other actions that may be required by CCC to achieve the desired environmental benefits and to maintain the productive capability of the soil throughout the CRP contract period;

(9) Comply with noxious weed laws of the applicable State or local jurisdiction on such land;

(10) Control on land subject to such contract all weeds, insects, pests and other undesirable species to the extent necessary to ensure that the establishment and maintenance of the approved cover is adequately protected and to provide such maintenance as necessary, or may be specified in the CRP conservation plan, to avoid an adverse impact on surrounding land, taking into consideration water quality, wildlife, and other needs, as determined by the Deputy Administrator; and

(11) Be jointly and severally responsible, if the participant has a share of the payment greater than zero, with the other contract participants for compliance with such contract and the provisions of this part and for any refunds or payment adjustments which may be required for violations of any of

the terms and conditions of the CRP contract and provisions of this part.

§1410.21 Obligations of the Commodity Credit Corporation.

CCC shall, subject to the availability of funds:

(a) Share the cost with participants of establishing eligible practices specified in the conservation plan at the levels and rates of cost-sharing determined in accordance with the provisions of this part;

(b) Pay to the participant for a period of years not in excess of the contract period an annual rental payment in such amounts as may be specified in the CRP contract;

(c) Provide such technical assistance as may be necessary to assist the participant in carrying out the CRP contract; and

(d) Permit grazing on CRP land to the extent determined appropriate by the Deputy Administrator where the grazing is incidental to the gleaning of crop residues on fields where the contracted land is located. Such incidental gleaning shall be limited to the 7-month period in which grazing of conservation use acreage was previously allowed, as determined by CCC, in a State under the provisions of the Agricultural Act of 1949, as amended, or after the producer harvests the grain crop of the surrounding field. Further, CCC may provide approval of the incidental grazing of the CRP, but only in exchange for an applicable reduction in the annual rental payment, as determined appropriate by the Deputy Administrator.

(e) Provide approval of normal forestry maintenance such as pruning, thinning, and timber stand improvement on lands converted to forestry use only in accordance with a conservation plan in exchange for an applicable reduction in the annual rental payment as determined appropriate by the Deputy Administrator.

§1410.22 Conservation plan.

(a) The applicant shall develop and submit a conservation plan which is acceptable to NRCS and is approved by the conservation district for the land to be entered in the CRP. If the conservation district declines to review

the conservation plan, such approval by the conservation district may be waived.

(b) The practices included in the conservation plan and agreed to by the participant must cost-effectively reduce erosion necessary to maintain the productive capability of the soil, improve water quality, protect wildlife or wetlands, protect a public well head, or achieve other environmental benefits as applicable.

(c) If applicable, a tree planting plan shall be developed and included in the conservation plan. Such tree planting plan may allow up to 3 years to complete plantings if 10 or more acres of hardwood trees are to be established.

(d) If applicable, the conservation plan shall address the goals included in the conservation priority designation authorized under §1410.8 of this part.

(e) All conservation plans and revisions of such plans shall be subject to the approval of CCC and NRCS.

§ 1410.23 Eligible practices.

(a) Eligible practices are those practices specified in the conservation plan that meet all standards needed to cost-effectively:

(1) Establish permanent vegetative or water cover, including introduced or native species of grasses and legumes, forest trees, and permanent wildlife habitat;

(2) Meet other environmental benefits, as applicable, for the contract period; and

(3) Accomplish other purposes of the program.

(b) Water cover is eligible cover for purposes of paragraph (a) of this section only if approved by the Deputy Administrator for purposes such as the enhancement of wildlife or the improvement of water quality. Such water cover shall not include ponds for the purpose of watering livestock, irrigating crops, or raising for commercial purposes.

§§ 1410.24–1410.29 [Reserved]

§ 1410.30 Signup.

Offers for contracts shall be submitted only during signup periods as announced periodically by the Deputy Administrator, except that CCC may

hold a continuous signup for land to be devoted to particular uses, as CCC deems desirable.

§ 1410.31 Acceptability of offers.

(a) Except as provided in paragraph (c) of this section, producers may submit bids for the amounts they are willing to accept as rental payments to enroll their acreage in the CRP. The bids shall, to the extent practicable, be evaluated on a competitive basis in which the bids selected will be those where the greatest environmental benefits relative to cost are generated, provided the bid is not in excess of the maximum acceptable payment rate established for the area offered by or for the Deputy Administrator.

(b) In evaluating contract offers, different factors, as determined by CCC, may be considered from time to time for priority purposes to accomplish the goals of the program. Such factors may include, but are not limited to:

- (1) Soil erosion;
- (2) Water quality (both surface and ground water);
- (3) Wildlife benefits;
- (4) Conservation priority area designations;
- (5) Soil productivity;
- (6) Conservation compliance considerations;
- (7) Likelihood that enrolled land will remain in conserving uses beyond the contract period, which may be indicated by, for example, tree planting, permanent wildlife habitat, or commitments by a participant to a State or other entity to extend the conservation plan;
- (8) Air quality; and
- (9) Cost of enrolling acreage in the program.

(c) Acreage determined eligible for continuous signup, as provided in §1410.30, shall be automatically accepted in the program if the:

- (1) Land is eligible in accordance with the applicable provisions of §1410.6, as determined by the Deputy Administrator;
- (2) Applicant is eligible in accordance with the provisions of §1410.5; and
- (3) Applicant accepts either the maximum payment rate CCC is willing to offer to enroll the acreage in the program or a lesser rate.

§ 1410.32 CRP contract.

(a) In order to enroll land in the CRP, the participant must enter into a contract with CCC.

(b) The CRP contract will be comprised of:

(1) The terms and conditions for participation in the CRP;

(2) The conservation plan; and

(3) Any other materials or agreements determined necessary by CCC.

(c)(1) In order to enter into a CRP contract, the applicant must submit an offer to participate as provided in § 1410.30;

(2) An offer to enroll land in the CRP shall be irrevocable for such period as is determined and announced by CCC. The applicant shall be liable to CCC for liquidated damages if the applicant revokes an offer during the period in which the offer is irrevocable as determined by the Deputy Administrator. CCC may waive payment of such liquidated damages if CCC determines that the assessment of such damages, in a particular case, is not in the best interest of CCC and the program.

(d) The CRP contract must, within the dates established by CCC, be signed by:

(1) The applicant; and

(2) The owners of the cropland to be placed in the CRP, if applicable.

(e) The Deputy Administrator is authorized to approve CRP contracts on behalf of CCC.

(f) CRP contracts may be terminated by CCC before the full term of the contract has expired if:

(1) The owner loses control of or transfers all or part of the acreage under contract and the new owner does not wish to continue the contract;

(2) The participant voluntarily requests in writing to terminate the contract and obtains the approval of CCC according to terms and conditions as determined by CCC;

(3) The participant is not in compliance with the terms and conditions of the contract;

(4) Acreage is enrolled in another State, Federal or local conservation program;

(5) The CRP practice fails after a certain time period, as determined by the Deputy Administrator, and the county committee determines the cost of re-

storing the practice outweighs the benefits received from the restoration;

(6) The CRP contract was approved based on erroneous eligibility determinations; or

(7) It is determined by CCC that such a release is needed in the public interest.

(g)(1) Contracts for land enrolled in CRP before January 1, 1995, which have been in effect for at least 5 years may be unilaterally terminated by all CRP participants on a contract except for contract acreage:

(i) Located within a width determined appropriate by the applicable FOTG of a perennial stream or other permanent waterbody to reduce pollution and to protect surface and subsurface water quality;

(ii) On which a CRP easement is filed;

(iii) That is considered to be a wetland by NRCS;

(iv) Located within a wellhead protection area;

(v) That is subject to frequent flooding, as determined by the Deputy Administrator;

(vi) That may be required to serve as a wetland buffer according to the FOTG to protect the functions and values of a wetland; or

(vii) On which there exist one or more of the following practices, installed or developed as a result of participation in the CRP or as otherwise required by the conservation plan:

(A) Grass waterways;

(B) Filter strips;

(C) Shallow water areas for wildlife;

(D) Bottom land timber established on wetlands;

(E) Field windbreaks; and

(F) Shelterbelts.

(2) With respect to terminations under this paragraph:

(i) Any land for which an early termination is sought must have an EI of 15 or less;

(ii) The termination shall become effective 60 days from the date the participant submits notification to CCC of the participant's desire to terminate the contract;

(iii) Acreage terminated under this provision is eligible to be re-offered for CRP during future signup periods, provided that the acreage otherwise meets the current eligibility criteria; and

(iv) Participants shall be required to meet conservation compliance requirements of part 12 of this title to the extent applicable to other land.

(h) Except as allowed and approved by CCC where the new owner of land enrolled in CRP is a Federal agency that agrees to abide by the terms and conditions of the terminated contract, the participant in a contract that has been terminated must refund all or part of the payments made with respect to the contract plus interest thereon, as determined by CCC, and shall pay liquidated damages as provided for in the contract. CCC, in its discretion, may permit the amount to be repaid to be reduced to the extent that such a reduction will not impair the purposes of the program. Further, a refund of an annual rental and cost-share payment need not be required from a participant who is otherwise in full compliance with the CRP contract when the land is purchased by or for the United States, as determined by CCC.

§ 1410.33 Contract modifications.

(a) By mutual agreement between CCC and the participant, a CRP contract may be modified in order to:

- (1) Decrease acreage in the CRP;
- (2) Permit the production of an agricultural commodity under extraordinary circumstances during a crop year on all or part of the land subject to the CRP contract as determined by the Deputy Administrator;
- (3) Facilitate the practical administration of the CRP; or
- (4) Accomplish the goals and objectives of the CRP, as determined by the Deputy Administrator.

(b) CCC may modify CRP contracts to add, delete, or substitute practices when:

- (1) The installed practice failed to adequately provide for the desired environmental benefit through no fault of the participant; or
- (2) The installed measure deteriorated because of conditions beyond the control of the participant; and
- (3) Another practice will achieve at least the same level of environmental benefit.

(c) Offers to extend contracts may be made available to the extent otherwise allowed by law.

(d) CCC may terminate a CRP contract if the participant agrees to such termination and CCC determines such termination to be in the public interest.

§ 1410.34 Extended program protection.

(a) In the final year of the contract, participants may, subject to the terms and conditions announced by CCC request to extend the preservation of quota and acreage allotment history for 5 years (and, if announced by CCC, in successive 5-year increments). Such approval may be given by CCC only if the participant agrees to continue for that period, but without payment, to abide by the terms and conditions which applied to the relevant contract relating to the conservation of the property for the term in which payments were to be made.

(b) Where such an extension is approved, no additional cost-share, annual rental, or other payment shall be made.

(c) Haying and grazing of the acreage subject to such an extension may be permitted during the extension period, except during any consecutive 5-month period between April 1 and October 31 of any year as established by the State committee. In the event of a natural disaster, CCC may permit unlimited haying and grazing of such acreage.

(d) In the event of a violation of any CRP contract extended under this section, CCC may reduce or terminate, retroactively, prospectively, or both, the amount of quota, and acreage allotment history otherwise preserved under the extended contract.

§§ 1410.35–1410.39 [Reserved]

§ 1410.40 Cost-share payments.

(a) Cost-share payments shall be made available upon a determination by CCC that an eligible practice, or an identifiable unit thereof, has been established in compliance with the appropriate standards and specifications.

(b) Except as otherwise provided for in this part, cost-share payments may be made under the CRP only for the

cost-effective establishment or installation of an eligible practice.

(c) Except as provided in paragraph (d) of this section, cost-share payments shall not be made to the same owner or operator on the same acreage for any eligible practices which have been previously established, or for which such owner or operator has received cost-share assistance from any Federal agency.

(d) Except as provided for under § 1410.10(c), cost-share payments may be authorized for the replacement or restoration of practices for which cost-share assistance has been previously allowed under the CRP, only if:

(1) Replacement or restoration of the practice is needed to achieve adequate erosion control, enhanced water quality, wildlife habitat, or increased protection of public wellheads; and

(2) The failure of the original practice was due to reasons beyond the control of the participant.

(e) The cost-share payment made to a participant shall not exceed the participant's actual contribution to the cost of establishing the practice and the amount of the cost-share may not be an amount which, when added to assistance from other sources, exceeds the cost of the practices.

(f) CCC shall not make cost-share payments with respect to a CRP contract if any other Federal cost-share assistance has been, or is being, made with respect to the establishment of the cover crop on land subject to such contract.

§ 1410.41 Levels and rates for cost-share payments.

(a) As determined by the Deputy Administrator, CCC shall not pay more than 50 percent of the actual or average cost of establishing eligible practices specified in the conservation plan, except that CCC may allow cost-share payments for maintenance costs to the extent required by § 1410.40 and CCC may determine the period and amount of such cost-share payments.

(b) The average cost of performing a practice may be determined by CCC based on recommendations from the State Technical Committee. Such cost may be the average cost in a State, a county, or a part of a State or county,

as determined by the Deputy Administrator.

(c) A one-time financial incentive, may be offered to participants who restore the hydrology of eligible wetlands in accordance with the provisions of § 1410.11(b) or other lands as determined by the Deputy Administrator; such incentives will not be greater than 25 percent of the cost of restoring such wetlands or other lands, as determined by CCC.

(d) Except as otherwise provided, a participant may, in addition to any payment under this part, receive cost-share assistance, rental payments, or tax benefits from a State, subdivision of such State, or a private organization in return for enrolling lands in CRP. However, as provided under § 1410.40(f) of this part, a participant may not receive or retain CRP cost-share assistance if other Federal cost-share assistance is provided for such acreage, as determined by the Deputy Administrator. Further, under no circumstances may the cost-share payments received under this part, or otherwise, exceed the cost of the practice, as determined by CCC.

§ 1410.42 Annual rental payments.

(a) Subject to the availability of funds, annual rental payments shall be made in such amount and in accordance with such time schedule as may be agreed upon and specified in the CRP contract.

(b) The annual rental payment shall be divided among the participants on a single contract in the manner agreed upon in such contract.

(c) The maximum amount of rental payments which a person may receive under the CRP for any fiscal year shall not exceed \$50,000. The regulations set forth at part 1400 of this chapter shall be applicable in making eligibility and "person" determinations as they apply to payment limitations under this part.

(d) In the case of a contract succession, annual rental payments shall be divided between the predecessor and the successor participants as agreed to among the participants and approved by CCC. If there is no agreement among the participants, annual rental

payments shall be divided in such manner deemed appropriate by the Deputy Administrator and such distribution may be based on the actual days of ownership of the property.

(e) CCC shall, when appropriate, prepare a schedule for each county that shows the maximum soil rental rate CCC may pay which may be supplemented to reflect special contract requirements. As determined by the Deputy Administrator, such schedule will be calculated based on the relative productivity of soils within the county using NRCS data and local FSA average cash rental estimates. The schedule will be posted in the local FSA office. As determined by the Deputy Administrator, the schedule shall indicate, when appropriate, that:

(1) Contracts offered by producers who request rental payments greater than the schedule for their soil(s) will be rejected;

(2) Offers of contracts that are expected to provide especially high environmental benefits, as determined by the Deputy Administrator, may be accepted without further evaluation when the requested rental rate is less than or equal to the corresponding soil schedule; and

(3) Otherwise qualifying offers shall be ranked competitively based on factors established under §1410.31 of this part in order to provide the most cost-effective environmental benefits, as determined by the Deputy Administrator.

(f) Additional financial incentives may be provided to producers offering contracts expected to provide especially high environmental benefits through an increased annual rental payment or incentive payment as determined by the Deputy Administrator.

§ 1410.43 Method of payment.

Except as provided in §1410.50, payments made by CCC under this part may be made in cash or other methods of payment in accordance with part 1401 of this chapter, unless otherwise specified by CCC.

§§ 1410.44–1410.49 [Reserved]

§ 1410.50 State enhancement program.

(a) For contracts to which a State, political subdivision, or agency thereof

has succeeded in connection with an approved conservation reserve enhancement program, payments shall be made in the form of cash only. The provisions that limit the amount of payments per year that a person may receive under this part shall not be applicable to payments received by such State, political subdivision, or agency thereof in connection with agreements entered into under such enhancement programs carried out by such State, political subdivision, or agency thereof which has been approved for that purpose by CCC.

(b) CCC may enter into other agreements in accordance with terms deemed appropriate by CCC, with States to use the CRP to cost-effectively further specific conservation and environmental objectives of that State and the nation.

§ 1410.51 Transfer of land.

(a)(1) If a new owner or operator purchases or obtains the right and interest in, or right to occupancy of, the land subject to a CRP contract, as determined by the Deputy Administrator, such new owner or operator, upon the approval of CCC, may become a participant to a new CRP contract with CCC with respect to such transferred land.

(2) With respect to the transferred land, if the new owner or operator becomes a successor to the existing CRP contract, the new owner or operator shall assume all obligations under the CRP contract of the previous participant.

(3) If the new owner or operator becomes a successor to a CRP contract with CCC, then, except as otherwise determined appropriate by the Deputy Administrator:

(i) Cost-share payments shall be made to the participant, past or present, who established the practice; and

(ii) Annual rental payments to be paid during the fiscal year when the land was transferred shall be divided between the new participant and the previous participant in the manner specified in §1410.42.

(b) If a participant transfers all or part of the right and interest in, or right to occupancy of, land subject to a

CRP contract and the new owner or operator does not become a successor to such contract within 60 days of such transfer, such contract shall be terminated with respect to the affected portion of such land and the original participant:

(1) Must forfeit all rights to any future payments with respect to such acreage;

(2) Shall comply with the provisions of § 1410.32(h); and

(3) Refund all previous payments received under the contract by the participant or prior participants, plus interest, except as otherwise specified by the Deputy Administrator.

(c) Federal agencies acquiring property, by foreclosure or otherwise, that contains CRP contract acreage cannot be a party to the contract by succession. However, through an addendum to the CRP contract, if the current operator of the property is one of the participants on such contract, such operator may, as permitted by CCC, continue to receive payments provided for in such contract so long as:

(1) The property is maintained in accordance with the terms of the contract;

(2) Such operator continues to be the operator of the property; and

(3) Ownership of the property remains with such federal agency.

§ 1410.52 Violations.

(a)(1) If a participant fails to carry out the terms and conditions of a CRP contract, CCC may terminate the CRP contract.

(2) If the CRP contract is terminated by CCC in accordance with this paragraph:

(i) The participant shall forfeit all rights to further payments under such contract and refund all payments previously received together with interest; and

(ii) Pay liquidated damages to CCC in such amount as specified in such contract.

(b) If the Deputy Administrator determines such failure does not warrant termination of such contract, the Deputy Administrator may authorize relief as the Deputy Administrator deems appropriate.

(c) CCC may reduce a demand for a refund under this section to the extent CCC determines that such relief would be appropriate and will not deter the accomplishment of the goals of the program.

§ 1410.53 Executed CRP contract not in conformity with regulations.

If, after a CRP contract is approved by CCC, it is discovered that such CRP contract is not in conformity with the provisions of this part, the provisions of the regulations shall prevail.

§ 1410.54 Performance based upon advice or action of the Department.

The provisions of § 718.8 of this title relating to performance based upon the action or advice of a representative of the Department shall be applicable to this part.

§ 1410.55 Access to land under contract.

(a) Any representative of the Department, or designee thereof, shall be provided by the applicant or participant as the case may be, with access to land which is:

(1) The subject of an application for a contract under this part; or

(2) Under contract or otherwise subject to this part.

(b) With respect to such land identified in paragraph (a) of this section, the participant or applicant shall provide such representatives with access to examine records with respect to such land for the purpose of determining land classification and erosion rates and for the purpose of determining whether there is compliance with the terms and conditions of the CRP contract.

§ 1410.56 Division of program payments and provisions relating to tenants and sharecroppers.

(a) Payments received under this part shall be divided in the manner specified in the applicable contract or agreement and CCC shall ensure that producers who would have an interest in acreage being offered receive treatment which CCC deems to be equitable, as determined by the Deputy Administrator. CCC may refuse to enter into a contract when there is a disagreement

among persons seeking enrollment as to a person's eligibility to participate in the contract as a tenant and there is insufficient evidence to indicate whether the person seeking participation as a tenant does or does not have an interest in the acreage offered for enrollment in the CRP.

(b) CCC may remove an operator or tenant from a CRP contract when the operator or tenant:

(1) Requests, in writing to be removed from the CRP contract;

(2) Files for bankruptcy and the trustee or debtor in possession fails to affirm the contract, to the extent permitted by the provisions of applicable bankruptcy laws;

(3) Dies during the contract period and the Administrator of the estate fails to succeed to the contract within a period of time determined by the Deputy Administrator; or

(4) Is the subject of an order of a court of competent jurisdiction requiring the removal from the CRP contract of the operator or tenant and such order is received by FSA, as determined by the Deputy Administrator.

(c) In addition to the provisions in paragraph (b) of this section, tenants shall maintain their tenancy throughout the contract period in order to remain on a contract. Tenants who fail to maintain tenancy on the acreage under contract, including failure to comply with provisions under applicable State law, may be removed from a contract by CCC. CCC shall assume the tenancy is being maintained unless notified otherwise by a CRP participant specified in the applicable contract.

§ 1410.57 Payments not subject to claims.

Subject to part 1403 of this chapter, any cost-share or annual payment or portion thereof due any person under this part shall be allowed without regard to questions of title under State law, and without regard to any claim or lien in favor of any creditor, except agencies of the United States Government.

§ 1410.58 Assignments.

Any participant who may be entitled to any cash payment under this program may assign the right to receive

such cash payments, in whole or in part, as provided in part 1404 of this chapter.

§ 1410.59 Appeals.

(a) Except as provided in paragraph (b) of this section, a participant or person seeking participation may appeal or request reconsideration of an adverse determination rendered with regard to such participation in accordance with the administrative appeal regulations at parts 11 and 780 of this title.

(b) Determinations by NRCS concerning land classification, erosion rates, water quality ratings or other technical determinations may be appealed in accordance with procedures established under part 614 of this title or otherwise established by NRCS.

§ 1410.60 Scheme or device.

(a) If it is determined by CCC that a person has employed a scheme or device to defeat the purposes of this part, any part of any program payment otherwise due or paid such person during the applicable period may be required to be refunded with interest thereon as determined appropriate by CCC.

(b) A scheme or device includes, but is not limited to, coercion, fraud, misrepresentation, depriving any other person of cost-share assistance or annual rental payments, or obtaining a payment that otherwise would not be payable.

(c) A new owner or operator or tenant of land subject to this part who succeeds to the responsibilities under this part shall report in writing to CCC any interest of any kind in the land subject to this part that is retained by a previous participant. Such interest shall include a present, future, or conditional interest, reversionary interest, or any option, future or present, with respect to such land, and any interest of any lender in such land where the lender has, will, or can obtain, a right of occupancy to such land or an interest in the equity in such land other than an interest in the appreciation in the value of such land occurring after the loan was made. Failure to fully disclose such interest shall be considered a scheme or device under this section.

§ 1410.61 Filing of false claims.

If it is determined by CCC that any participant has knowingly supplied false information or has knowingly filed a false claim, such participant shall be ineligible for payments under this part with respect to the program year in which the false information or claim was filed and the contract may be terminated in which case a full refund of all prior payments may be demanded. False information or false claims include, but are not limited to, claims for payment for practices which do not meet the specifications of the applicable conservation plan. Any amounts paid under these circumstances shall be refunded, together with interest as determined by CCC, and any amounts otherwise due such participant shall be withheld. The remedies provided for in this section shall be in addition to any and all other remedies, criminal and/or civil that may apply.

§ 1410.62 Miscellaneous.

(a) Except as otherwise provided in this part, in the case of death, incompetency, or disappearance of any participant, any payment due under this part shall be paid to the participant's successor in accordance with the provisions of part 707 of this title.

(b) Unless otherwise specified in this part, payments under this part shall be subject to the requirements of part 12 of this title concerning highly-erodible land and wetland conservation and payments that otherwise could be made under this part may be withheld to the extent provided for in part 12 of this title.

(c) Any remedies permitted CCC under this part shall be in addition to any other remedy, including, but not limited to criminal remedies, or actions for damages in favor of CCC, or the United States, as may be permitted by law; provided further the Deputy Administrator may add to the contract such additional terms as needed to enforce these regulations which shall be binding on the parties and may be enforced to the same degree as provisions of these regulations.

(d) Absent a scheme or device to defeat the purpose of the program, when an owner loses control of CRP acreage due to foreclosure and the new owner chooses not to continue the contract in accordance with §1410.51, refunds shall not be required from any participant on the contract to the extent that the Deputy Administrator determines that forgiving such repayment is appropriate in order to provide fair and equitable treatment.

(e) Crop insurance purchase requirements in part 1405 of this chapter apply to contracts executed in accordance with this part.

(f) Land enrolled in CRP shall be classified as cropland for the time period enrolled in CRP and, after the time period of enrollment, may be removed from such classification upon a determination by the county committee that such land no longer meets the conditions identified in part 718 of this title.

(g) Research projects may be submitted by the State committee and authorized by the Deputy Administrator to further the purposes of CRP. The research projects must include objectives that are consistent with this part, provide economic and environmental information not adversely affect local agricultural markets, and be conducted and monitored by a bona fide research entity.

(h) CCC may enter into other agreements, as approved by the Deputy Administrator, to use the CRP to meet authorized wetland mitigation banking pilot projects.

§ 1410.63 Permissive uses.

Unless otherwise specified by the Deputy Administrator, no crops of any kind may be planted or harvested from designated CRP acreage during the contract period.

§ 1410.64 Paperwork Reduction Act assigned numbers.

The Office of Management and Budget has approved the information collection requirements contained in these regulations under provisions 44 U.S.C. Chapter 35 and OMB number 0560-0125 has been assigned.

Subpart A—General Provisions

§ 1412.101 Applicability.

The Federal Agriculture Improvement and Reform Act of 1996 (1996 Act) provides producers on farms with 1996 wheat, corn, barley, grain sorghum, oats, upland cotton and rice crop acreage bases the opportunity to enter into Production Flexibility Contracts with the Commodity Credit Corporation (CCC) for the years 1996 through 2002. Producers who participate in the program must fully comply with the terms of the production flexibility contracts and this part, and in return will receive production flexibility payments.

§ 1412.102 Administration.

(a) The program is administered under the general supervision of the Executive Vice-President, CCC, and shall be carried out by State and county Farm Service Agency (FSA) committees (herein called State and county committees).

(b) State and county committees, and representatives and their employees, do not have authority to modify or waive any of the provisions of the regulations of this part.

(c) The State committee shall take any action required by the regulations of this part that the county committee has not taken. The State committee shall also:

(1) Correct, or require a county committee to correct any action taken by such county committee that is not in accordance with the regulations of this part; or

(2) Require a county committee to withhold taking any action that is not in accordance with this part.

(d) No provision or delegation to a State or county committee shall preclude the Executive Vice President (Administrator, FSA), or a designee, from determining any question arising under the program or from reversing or modifying any determination made by a State or county committee.

(e) The Deputy Administrator may authorize State and county committees to waive or modify deadlines, except statutory deadlines, and other program requirements in cases where lateness or failure to meet such other

requirements does not adversely affect operation of the program.

(f) A representative of CCC may execute a form CCC-478, "1996 through 2002 Production Flexibility Contract" only under the terms and conditions determined and announced by the Executive Vice President, CCC. Any contract that is not executed in accordance with such terms and conditions, including any purported execution prior to the date authorized by the Executive Vice President, CCC, is null and void.

§ 1412.103 Definitions.

The definitions set forth in this section shall be applicable for all purposes of administering the Production Flexibility Program. The terms defined in parts 718 of this title and 1400 of this chapter shall also be applicable, except where those definitions conflict with the definitions set forth in this section.

Annual payment amount is the amount to be paid under a contract in effect for each fiscal year with respect to a contract commodity and equals the product of:

(1) 85 percent of the enrolled contract acreage multiplied by

(2) The payment yield multiplied by

(3) The payment rate except that the total of such payments shall not exceed \$40,000 per person in accordance with part 1400 of this chapter.

Contract means forms CCC-478 and CCC-478 Appendix.

Contract acreage means a quantity of acres enrolled in a contract.

Contract commodity means wheat, corn, grain sorghum, barley, oats, upland cotton, and rice.

Contract payment means a payment made under this part pursuant to a production flexibility contract.

Corn means field corn or sterile high-sugar corn. Popcorn, corn nuts, blue corn, sweet corn, and corn varieties grown for decoration uses are not corn.

Dry peas means Austrian, wrinkled seed, green, yellow, and Umatilla.

Eligible acreage means the crop acreage base that would have been established for a contract commodity in accordance with regulations in effect on January 1, 1996, at part 1413 of this chapter. If a crop has a designated crop-rotation crop acreage base for 1995, the 1996 crop acreage base estab-

lished for such crop is determined by averaging planted and considered planted acreages determined in accordance with part 1413 of this chapter as it was in effect on January 1, 1996, taking into consideration the number of years in the most recent rotation cycle. The sum of the crop acreage bases for a farm cannot exceed the cropland for the farm, less cropland enrolled in the Conservation Reserve Program in accordance with parts 704 and 1410 of this title, except to the extent that such excess is due to an established practice of double cropping on the farm in accordance with regulations in effect as of January 1, 1996, at part 1413 of this chapter.

Grain sorghum means grain sorghum of a feed grain or dual purpose variety (including any cross that, at all stages of growth, has most of the characteristics of a feed grain or dual purpose variety). Sweet sorghum is not considered a grain sorghum.

Oilseeds means acreages of soybeans, sunflower seed, rapeseed, canola, safflower, flaxseed, mustard seed, or, if designated by CCC, other oilseeds, planted for harvest as seed, or volunteer acreages of such crops from which the seed is harvested.

Owner means an owner as defined in part 718 of this title and, only for purposes of enrolling a farm in the program authorized by this part or taking any subsequent action to maintain the eligibility of the farm, any agency of the Federal Government; however, such agency shall not be eligible to receive any payment made pursuant to such contract.

Payment rate means the annual payment rate determined and announced by CCC.

Payment yield means the payment yield established for the crop of a contract commodity for the farm in accordance with the regulations in effect on January 1, 1996, at part 1413 of this chapter. CCC shall adjust the payment yield to reflect the additional payments made in accordance with § 1413.15 of such regulations.

Rice means rice excluding sweet, glutinous, or candy rice such as Mochi Gomi.

Upland cotton means planted and stub cotton that is produced from other

than pure strain varieties of the Barbados species, any hybrid thereof, or any other variety of cotton in which one or more of these varieties predominate. For program purposes, brown lint cotton is considered upland cotton.

§ 1412.104 Performance based upon advice or action of county or State committee.

The provisions of § 718.8 of this title are applicable to this part.

§ 1412.105 Appeals.

A producer may obtain reconsideration and review of any adverse determination made under this part in accordance with the appeal regulations found at parts 11 and 780 of this title.

Subpart B—Production Flexibility Contract Terms and Enrollment Provisions

§ 1412.201 Production flexibility contract.

(a) CCC shall offer to enter into a 7-year contract with an eligible producer on a farm having eligible acreage.

(b) A transfer (or change) in the interest of an owner or producer subject to a contract in the contract acreage covered by the contract shall result in the termination of the contract with respect to the acreage, unless the transferee or owner of the acreage agrees to assume all obligations under the contract. The termination shall be effective on the date of the transfer or change.

(c) All producers sharing in the contract payments on a farm whose payment shares have not been designated for a fiscal year must sign the contract designating payment shares and provide supporting documentation as specified in parts 12, 1400, and 1405 of this title no later than August 1 of the fiscal year to be eligible to earn a contract payment in that fiscal year. If all producers have not signed the contract by this deadline, no producers on the contract will be eligible for a payment for that farm for that fiscal year.

[61 FR 37575, July 18, 1996, as amended at 62 FR 55152, Oct. 23, 1997; 63 FR 31103, June 8, 1998]

§ 1412.202 Eligible producers.

Producers eligible to enter into a contract are:

(a) An owner of a farm who assumes all or a part of the risk of producing a crop;

(b) A producer (other than an owner) on a farm with a share-rent lease for such farm, regardless of the length of the lease, if the owner enters into the same contract;

(c) A producer (other than an owner) on an eligible farm who rents such farm under a lease expiring on or after September 30, 2002, in which case the owner is not required to enter into the contract;

(d) A producer (other than an owner) on an eligible farm who cash rents such farm under a lease expiring before September 30, 2002. The owner of such farm may also enter into the same contract. If the producer elects to enroll less than 100 percent of the crop acreage bases in the contract, the consent of the owner is required;

(e) An owner of an eligible farm who cash rents such farm and the lease term expires before September 30, 2002, if the tenant declines to enter into a contract. In the case of an owner covered by this paragraph, contract payments shall not begin under a contract until the lease held by the tenant ends; and

(f) An owner or producer described in paragraphs (a) through (e) regardless of whether the owner or producer purchased catastrophic risk protection in accordance with part 1405 of this chapter.

§ 1412.203 Notification of eligible contract acreage.

The owner, and operator and all producers on a farm shall be notified in writing of the number of acres eligible for enrollment in a contract.

§ 1412.204 Reconstitutions.

Farms shall be reconstituted in accordance with part 718 of this title.

§ 1412.205 Reducing contract acreage.

(a) A permanent reduction of all or a portion of a farm's contract acreage or eligible contract acreage shall be allowed at the written request of the

owner to the county committee on Form CCC-505.

(b) If the producers convert contract acreage to a non-agricultural commercial or industrial use, the contract acreage shall be reduced accordingly.

§ 1412.206 Planting flexibility.

(a) For the 1996 through 2002 crop years, any crop may be planted on contract acreage on a farm, except as limited elsewhere in this section. For fiscal year 1998, for each acre a producer plants wild rice on contract acreage, 1 acre will not be used in determining the contract payment. Any crop may be planted on cropland in excess of the contract acreage.

(b) Contract acreage may be hayed or grazed at any time.

(c) Planting fruits and vegetables (except lentils, mung beans, and dry peas), is prohibited on contract acreage, except:

(1) A producer may double crop fruits or vegetables with a contract commodity in any region described in paragraph (d) of this section, in which case contract payments will not be reduced. Double cropping for purposes of this section means planting for harvest fruits or vegetables in cycle on the same acres with a contract commodity planted for grain or lint in a 12 month period under weather conditions normal for the region and being able to repeat the same cycle in the following 12 month period;

(2) On a farm that the county committee determines has a history of planting fruits or vegetables, in which case contract payments shall be reduced in accordance with paragraph (e) of this section;

(3) By a producer that the county committee determines a history of fruit or vegetables as the simple average of the sum of a specific fruit or vegetable planted for harvest by the producer during the years 1991 through 1995, excluding any year in which a fruit or vegetable was not planted, in which case contract payments shall be reduced in accordance with paragraph (e); or

(4) On a farm with a 1995 rotation designation crop acreage base established in accordance with part 1413 of this title as in effect on January 1,

1996, and the producers on the farm planted fruits or vegetables as a part of the rotation, in which case there will be no reduction in contract payments if the acreage of fruits and vegetables continue to be planted in the same rotation cycle with contract commodities, the acreage of fruits and vegetables is not increased, and an annual acreage report is filed for the farm.

(d) For purposes of this part, the following counties have been determined to be regions having a history of doublecropping contract commodities with fruits or vegetables. State committees have established the following counties as regions within their respective States:

§ 1412.207 Succession-in-interest to a production flexibility contract.

(a) A person may succeed to the contract if there has been a change in the operation of a farm, such as:

- (1) A sale of land;
- (2) A change of operator or producer, including a change in a partnership that increases or decreases the number of partners; or
- (3) A foreclosure, bankruptcy, or involuntary loss of the farm after enrollment in a production flexibility contract.

(b) A succession in interest to the contract is not permitted if CCC determines that the change results in a violation of the landlord-tenant provisions set forth at §1412.304, or otherwise defeats the purpose of the program.

(c) If a producer who is entitled to a contract payment dies, becomes incompetent, or is otherwise unable to receive the contract payment, the CCC will make the payment in accordance with part 707 of this title.

(d) A producer or owner must inform the county committee of changes in interest not later than:

Subpart C—Financial Considerations Including Sharing Production Flexibility Payments

§ 1412.301 Limitation of production flexibility contract payments.

The sum total of annual contract payment amounts shall not exceed the amounts specified in part 1400 of this chapter.

§ 1412.302 Contract payment provisions.

(a) A producer may request 50 percent of each fiscal year's contract payment as an advance payment.

(b) At the option of the producer, for fiscal year 1997 and each subsequent fiscal year, 50 percent of the annual contract payment shall be paid on December 15 or January 15, as requested by the producer. To receive the advance payment the producers on the farm must be in compliance with all requirements of the contract at the time of the advance payment. For fiscal year 1998 and each subsequent fiscal year, all producers sharing in the contract payment on the farm must no later than 15 days prior to the final date to issue the advance payment, sign the contract designating payment shares and provide supporting documentation as specified in parts 12, 1400, and 1405 of this title, if applicable; and request the advance payment. If all producers on the farm have not signed the contract designating payment shares according to this paragraph, then no producers will be eligible for a payment for that farm for that fiscal year.

(c) A final contract payment shall be made not later than September 30 of each of the fiscal years 1996 through 2002.

(d) If a producer declines to accept, or is determined to be ineligible for all or any part of the producer's share of the production flexibility payment computed for the farm in accordance with the provisions of this section:

(1) The payment or portions thereof shall not become available for any other producer; and

(2) The producer shall refund to CCC any amounts representing payments that exceed the payments determined by CCC to have been earned under the program authorized by this part. Part 1403 of this chapter shall be applicable to all unearned payments.

[61 FR 37575, July 18, 1996, as amended at 62 FR 55152, Oct. 23, 1997; 63 FR 31104, June 8, 1998]

§ 1412.303 Sharing of contract payments.

(a) Each eligible producer on a farm shall be given the opportunity to enroll

in a contract and receive contract payments determined fair and equitable as agreed to by the producers on the farm and approved by the county committee.

(1) Producers must provide a copy of their written lease to the county committee, and, in the absence of a written lease, must provide to the county committee a complete written description of the terms and conditions of any oral agreement or lease.

(2) A lease will be considered a cash lease if the lease provides for only a guaranteed sum certain cash payment, or a fixed quantity of the crop (for example, cash, pounds, or bushels per acre).

(3) If a lease contains provisions that require the payment of rent on the basis of the amount of crop produced or the proceeds derived from the crop, or the interest such producer would have had if the crop had been produced, or combination thereof, such agreement shall be considered to be a share lease.

(4) Beginning on October 1, 1998, for years in which payment shares had not been designated prior to October 23, 1997, a producer's lease, including a lease which provides for the greater of a guaranteed amount or share of the crop or crop proceeds, shall be considered a share lease if the lease provides for both:

(i) A guaranteed amount such as a fixed dollar amount or quantity; and

(ii) A share of the crop proceeds.

(5) If the lease is a cash lease, the landlord is not eligible for a contract payment.

(6) A lease that the county committee determined to be a cash lease under § 1412.303 as contained in the 7 CFR, parts 1200 to 1499, edition revised as of January 1, 1997, will be considered a cash lease for the years in which payment shares were designated if, prior to October 23, 1997:

(i) The designation of shares was executed; and

(ii) The county committee was provided a copy of the lease applicable for the designated years.

(b) When contract acreage is leased on a share basis, neither the landlord nor the tenant shall receive 100 percent of the contract payment for the farm.

§ 1412.304

7 CFR Ch. XIV (1-1-99 Edition)

(1) A landowner may receive up to 100 percent of the contract payment if no lease exists with respect to the contract acreage. The leasing of grazing or haying privileges is not considered cash leasing.

(2) [Reserved]

(c) The county committee shall approve a contract for enrollment and approve the division of payment when all of the following apply:

(1) The landowners, tenants and sharecroppers sign the contract and agree to the payment shares shown on the contract;

(2) The county committee determines that the interests of tenants and sharecroppers are being protected; and

(3) That the division of payments is not done in a manner to circumvent the provisions of part 1400 of this chapter.

[61 FR 37575, July 18, 1996, as amended at 62 FR 55152, Oct. 23, 1997; 63 FR 31104, June 8, 1998]

§ 1412.304 Provisions relating to tenants and sharecropper.

(a) Contract payments shall not be made by CCC if:

(1) The landlord or operator has adopted a scheme or device for the purpose of depriving any tenant or sharecropper of the payments to which such person would otherwise be entitled under the program. If any of such conditions occur or are discovered after payments have been made, all or any such part of the payments as the State committee may determine shall be refunded to CCC; or

(2) The landlord terminated a lease in violation of state law as determined by a state court.

(b) Notwithstanding the provisions set forth at § 1412.302(c), if the landowners, tenants and sharecroppers on a farm fail to reach an agreement regarding the division of contract payments for a fiscal year, the county committee shall make the payment at a later date if all persons eligible to receive a share of the contract payment have executed a contract not later than August 1 of the applicable fiscal

year and subsequently agree to the division of contract payment.

[61 FR 37575, July 18, 1996, as amended at 62 FR 55152, Oct. 23, 1997; 63 FR 31104, June 8, 1998]

Subpart D—Contract Violations and Diminution in Payments

§ 1412.401 Contract violations.

(a) Except as provided in paragraph (b) of this section, if a producer subject to a contract violates a requirement of the contract specified in §§ 1412.206(c), 1412.402, 1412.403, and 1412.405, the Deputy Administrator shall terminate the contract with respect to the producer on each farm in which the producer has an interest. Upon such termination, the producer shall forfeit all rights to receive future contract payments on each farm in which the producer has an interest and shall refund all contract payments received by the producer during the period of the violation, plus interest with respect to the contract payments as determined in accordance with part 1403 of this chapter.

(b) If the county committee determines that a violation is not serious enough to warrant termination of the contract under paragraph (a) of this section, the county committee may require the producer subject to the contract either, or both of the following:

(1) Refund to CCC that part of the contract payments received by the producer during the period of the violation, plus interest determined in accordance with part 1403 of this chapter; and

(2) If there is a violation of § 1412.206, accept a reduction in the amount of current and future contract payments that is equal to the sum proportionate to the severity of:

(i) Market value of the fruit and vegetables planted on each contract acreage; and

(ii) The contract payment for each such acre.

(c) Producers who do not plant a crop on contract acreage must protect any such land from weeds and erosion, including providing sufficient cover if determined necessary by the county committee. The first violation of this provision by a producer will result in a reduction in the producer's payment for

the farm by an amount equal to 3 times the cost of maintenance of the acreage, but not to exceed 50 percent of the payment for the farm for that fiscal year. The second violation of this provision will result in a reduction in the payment for the farm by an amount equal to 3 times the cost of maintenance of the acreage, not to exceed the payment for the farm for that fiscal year.

§ 1412.402 Violations of highly erodible land and wetland conservation provisions.

The provisions of part 12 of this title, apply to this part.

§ 1412.403 Violations regarding controlled substances.

The provisions of § 718.11 of this title apply to this part.

[61 FR 37575, July 18, 1996; 61 FR 49050, Sept. 18, 1996]

§ 1412.404 Contract liability.

All producers receiving a share of the contract payment are jointly and severally liable for contract violations and resulting repayments.

§ 1412.405 Misrepresentation and scheme or device.

(a) A producer who is determined to have erroneously represented any fact affecting a program determination made in accordance with this part shall not be entitled to contract payments and must refund all payments, plus interest determined in accordance with part 1403 of this chapter.

(b) A producer who is determined to have knowingly:

(1) Adopted any scheme or device that tends to defeat the purpose of the program;

(2) Made any fraudulent representation; or

(3) Misrepresented any fact affecting a program determination shall refund to CCC all payments, plus interest determined in accordance with part 1403 of this chapter received by such producer with respect to all contracts. The producer's interest in all contracts shall be terminated.

§ 1412.406 Offsets and assignments.

(a) Except as provided in paragraph (b) of this section, any payment or portion thereof to any person shall be made without regard to questions of title under State law and without regard to any claim or lien against the crop, or proceeds thereof, in favor of the owner or any other creditor except agencies of the U.S. Government. The regulations governing offsets and withholdings found at part 1403 of this chapter shall be applicable to contract payments.

(b) Any producer entitled to any payment may assign any payments in accordance with regulations governing assignment of payment found at part 1404 of this chapter.

§ 1412.407 Certification.

As a condition of eligibility for contract payments, the operator or owner must timely submit a report of fruit and vegetable acreage in accordance with part 718 of this title. If such operator or owner does not report all of the fruits and vegetables planted on contract acreage, the contract shall be terminated with respect to such farm unless the provisions of § 1412.401(b)(1) and (2) are applicable.

Subpart E—Production Flexibility and Conservation Reserve Programs

§ 1412.501 Timing for enrollment and termination of production flexibility contracts.

(a) At the beginning of each fiscal year, the Secretary shall allow an eligible producer on a farm with acreage enrolled in a Conservation Reserve Program contract in accordance with parts 704 or 1410 of this title that terminates after August 1, 1996, to enter into or modify an existing production flexibility contract if such land otherwise would have been eligible for enrollment under this part as of August 1, 1996.

(b) A production flexibility contract shall begin with the 1996 crop of a contract commodity or in the case of acreage that was enrolled in the Conservation Reserve Program, the date the production flexibility contract was entered into or modified to include the acreage previously subject to the Conservation Reserve Program contract.

(c) All contracts shall terminate on September 30, 2002, unless terminated at an earlier date by mutual consent of all parties.

(d) A contract for farms whose Conservation Reserve Program contract terminates after August 1, 1996, shall be signed by a producer no later than November 30 of the fiscal year following the fiscal year the Conservation Reserve Program contract is terminated.

(e) A Conservation Reserve Program contract that is terminated:

(1) In fiscal year 1996, if the effective date of the Conservation Reserve Program contract termination is earlier than August 1, 1996, and the land that was subject to the Conservation Reserve Program contract is enrolled in a production flexibility contract, the owner or producer is eligible to receive both the 1996 production flexibility contract payment and a prorated Conservation Reserve Program payment.

(2) In fiscal years 1997 through 2002, if a conservation reserve contract is terminated, and the land that was subject to the conservation reserve contract is enrolled in a production flexibility contract, the owner or producer may elect to receive either the production flexibility contract payments or a prorated Conservation Reserve Program payment, but not both.

Subpart—Loan and Loan Deficiency Payment Regulations for the 1996 through 2002 Crops of Wheat, Feed Grains, Rice, Oilseeds (Canola, Flaxseed, Mustard Seed, Rapeseed, Safflower, Soybeans, and Sunflower Seed), and Farm-Stored Peanuts

SOURCE: 61 FR 37581, July 18, 1996, unless otherwise noted.

§ 1421.1 Applicability.

(a) The regulations of this subpart are applicable to the 1996 through 2002 crops of barley, corn, grain sorghum, oats, peanuts, rice, wheat, and oilseeds as set forth in § 1421.3. These regulations set forth the terms and conditions under which loans shall be entered into and loan deficiency payments made by the Commodity Credit Corporation (CCC). Additional terms and conditions are set forth in the note and security agreement and the loan deficiency payment application that must be executed by a producer to receive loans and loan deficiency payments. All loans made under this subpart are nonrecourse unless as noted in § 1421.31. With respect to warehouse-stored loans for peanuts, loans shall be made in accordance with part 1446 of this chapter.

(b) Basic county loan rates, the schedule of premiums and discounts, and forms that are used in administering loans and loan deficiency payments for a crop of a commodity are available in State and county FSA offices (State and county offices, respectively). The forms for use in connection with the programs in this section shall be prescribed by CCC.

(c)(1) Loans and loan deficiency payments shall be available as provided in this part with regard to barley, corn, grain sorghum, oats, oilseeds, and wheat produced in the United States.

(2) Loans and loan deficiency payments shall be available only with respect to rice produced in the continental United States.

(3) Farm-stored loans shall be available only with respect to farmer stock peanuts, as defined in part 1446 of this chapter, that are produced in the

United States and that are also of a type specified in part 729 of this title.

(d) Loans and loan deficiency payments shall not be available with respect to any commodity produced on land owned or otherwise in the possession of the United States if such land is occupied without the consent of the United States.

§ 1421.2 Administration.

(a) The loan and loan deficiency payment program that is applicable to a crop of a commodity shall be administered under the general supervision of the Executive Vice President, CCC (Administrator, FSA) and shall be carried out in the field by State and county FSA committees (State and county committees, respectively).

(b) State and county committees, and representatives and employees thereof, do not have the authority to modify or waive any of the provisions of the regulations of this part.

(c) The State committee shall take any action required by these regulations that has not been taken by the county committee. The State committee shall also:

(1) Correct, or require a county committee to correct, an action taken by such county committee that is not in accordance with the regulations of this part; or

(2) Require a county committee to withhold taking any action that is not in accordance with the regulations of this part.

(d) No provision or delegation herein to a State or county committee shall preclude the Executive Vice President, CCC, or a designee or the Administrator, FSA, or a designee, from determining any question arising under the program or from reversing or modifying any determination made by a State or county committee.

(e) The Deputy Administrator for Farm Programs, FSA, may authorize State and county committees to waive or modify deadlines and other program requirements in cases where lateness or failure to meet such other requirements does not affect adversely the operation of the loan and loan deficiency payment program.

(f) A representative of CCC may execute loans and loan deficiency payment

applications and related documents only under the terms and conditions determined and announced by CCC. Any such document that is not executed in accordance with such terms and conditions, including any purported execution before the date authorized by CCC, shall be null and void.

§ 1421.3 Definitions.

The definitions set forth in this section shall be applicable for all purposes of program administration. The terms defined in part 718 of this title and parts 1412, 1425, and 1427 of this chapter shall also be applicable, except where those definitions conflict with the definitions set forth in this section.

Basic loan rate means the loan rate established by CCC for a commodity before any adjustment for premiums and discounts.

Charges means all fees, costs, and expenses incurred in insuring, carrying, handling, storing, conditioning, and marketing the commodity tendered to CCC for loan. Charges also include any other expenses incurred by CCC in protecting CCC's or the producer's interest in such commodity.

High moisture commodities means corn and grain sorghum normally harvested and intended to be stored or marketed in a high moisture condition.

Loan deficiency quantity means the eligible quantity that was certified by the producer as eligible to be pledged as collateral for a loan, for which the producer elected to forgo obtaining the loan.

Loan quantity means the quantity on which the loan was disbursed shown on the note and security agreement.

Oilseeds means any crop of soybeans, sunflower seed, canola, rapeseed, safflower, flaxseed, mustard seed, and other oilseeds as determined and announced by CCC.

§ 1421.4 Eligible producers.

(a) An eligible producer of a crop of a commodity shall be a person (i.e., an individual, partnership, association, corporation, estate, trust, State or political subdivision or agency thereof, or other legal entity) that:

(1) Produces such a crop as a landowner, landlord, tenant, or sharecropper, or in the case of rice, furnishes

land, labor, water, or equipment for a share of the rice crop;

(2) Meets the requirements of this part; and

(3) Meets the requirements of parts 12, 718, 1405, 1412, and 1446 of this title.

(b) A receiver or trustee of an insolvent or bankrupt debtor's estate, an executor or an administrator of a deceased person's estate, a guardian of an estate of a ward or an incompetent person, and trustees of a trust shall be considered to represent the insolvent or bankrupt debtor, the deceased person, the ward or incompetent, and the beneficiaries of a trust, respectively, and the production of the receiver, executor, administrator, guardian, or trustee shall be considered to be the production of the person or estate represented by the receiver, executor, administrator, guardian, or trustee. Loan or loan deficiency payment documents executed by any such person will be accepted by CCC only if they are legally valid and such person has the authority to sign the applicable documents.

(c) A minor who is otherwise an eligible producer shall be eligible to receive loans or loan deficiency payments only if the minor meets one of the following requirements:

(1) The right of majority has been conferred on the minor by court proceedings or by statute;

(2) A guardian has been appointed to manage the minor's property and the applicable loan or loan deficiency payment documents are signed by the guardian;

(3) Any note signed by the minor is cosigned by a person determined by the county committee to be financially responsible; or

(4) A bond is furnished under which a surety guarantees to protect CCC from any loss incurred for which the minor would be liable had the minor been an adult.

(d)(1) Two or more producers may obtain a single joint loan with respect to commodities that are stored in the same farm storage facility. Two or more producers may obtain individual loans with respect to their share of the commodity that is stored commingled in a farm storage facility with commodities owned by other producers if such other producers execute Form

CCC-665 that provides that such producers shall obtain the permission of a representative of the county committee before removal of any quantity of the commodity from the storage facility. All producers who store a commodity in a farm storage facility in which commodities that have been pledged as collateral for a loan shall be liable for any damage incurred by CCC with respect to the deterioration or unauthorized removal or disposition of such commodities in accordance with § 1421.17.

(2) Two or more producers may obtain a single joint loan with respect to commodities that are stored in an approved warehouse if the warehouse receipt that is pledged as collateral for the loan is issued jointly to such producers.

(3) If more than one producer executes a note and security agreement with CCC, each such producer shall be jointly and severally liable for the violation of the terms and conditions of the note and the regulations set forth in this part. Each such producer shall also remain liable for repayment of the entire loan amount until the loan is fully repaid without regard to such producer's claimed share in the commodity pledged as collateral for the loan. In addition, such producer may not amend the note and security agreement with respect to the producer's claimed share in such commodities, or loan proceeds, after execution of the note and security agreement by CCC.

(e)(1) The county committee may deny a producer a loan on farm-stored commodities if the producer has:

- (i) Been convicted of a criminal act;
- (ii) Has made a misrepresentation, with respect to acquiring a farm-stored loan or in the maintenance of the commodity pledged as security for a farm-stored loan; or
- (iii) Failed to protect adequately the interests of CCC in the commodity pledged as security for a farm-stored loan.

(2) In such cases, the producer shall be ineligible for subsequent farm-stored loans unless the county committee determines that the producer will adequately protect CCC's interest in the commodity that would be pledged as collateral for such a loan. A pro-

ducer who is denied a farm-stored loan will be eligible to pledge a commodity as collateral for a warehouse-stored loan.

(f) Warehouse-stored loans may be made to a warehouse operator who, acting on behalf and with the authorization of a producer, tenders to CCC warehouse receipts issued by such warehouse operator for a commodity produced by such warehouse operator only in those States where the issuance and pledge of such warehouse receipts is valid under State law.

(g) An approved cooperative marketing association (CMA) may obtain a loan on the eligible production of such commodity or loan deficiency payment with respect to such commodity on behalf of the members of the CMA who are eligible to receive loans and loan deficiency payments with respect to a crop of a commodity. For purposes of this subpart and in applicable loan and loan deficiency payment forms, the term producer includes an approved CMA.

(h) With respect to peanuts tendered to CCC for loan, a producer must also meet the provisions of part 1446 of this title. Before obtaining a farm-stored loan with respect to additional peanuts, a producer must register as a handler with the State FSA office of the State in which the producer's farm is located.

(i)(1) Two or more producers may obtain a single joint loan deficiency payment with respect to commodities that are stored in the same farm storage facility. Two or more producers may obtain individual loan deficiency payments with respect to their share of the commodity that is stored commingled in a farm storage facility with commodities owned by other producers. All producers who store a commodity in a farm storage facility in which commodities for which a loan deficiency payment has been requested shall be liable for any damage incurred by CCC with respect to incorrect certification of such commodities in accordance with § 1421.16.

(2) Two or more producers may obtain a single joint loan deficiency payment with respect to commodities that are stored in an approved or unapproved warehouse if the acceptable

documentation representing an eligible commodity for which a loan deficiency payment is requested is completed jointly for such producers.

(3) Each producer who is a party to a joint loan deficiency payment will be jointly and severally responsible and liable for the breach of the obligations set forth in the loan deficiency payment documents and in the applicable regulations in this subpart.

§ 1421.5 General eligibility requirements.

(a) A producer must, unless otherwise authorized by CCC, request loans and loan deficiency payments at the county office that, in accordance with part 718 of this title, is responsible for administering programs for the farm on which the commodity was produced. An approved CMA must, unless otherwise authorized by CCC, request loans and loan deficiency payments at the location designated by CCC. An eligible producer who produces a crop of barley, corn, grain sorghum, oats, rice, or wheat on a farm covered by a production flexibility contract shall be eligible for a loan on any production of that commodity. In the case of oilseeds, any production produced by an eligible producer shall be eligible for a loan. To receive loans or loan deficiency payments for a crop of a commodity, a producer must execute a note and security agreement or loan deficiency payment application on or before:

(1) January 31 of the year following the year in which the crop of peanuts is normally harvested for additional peanuts pledged as collateral for a farm-stored loan;

(2) March 31 of the year following the year in which the following crops are normally harvested: quota peanuts pledged as collateral for a farm-stored loan, barley, canola, flaxseed, oats, rapeseed, and wheat;

(3) April 30 of the year following the year in which the crop of peanuts is harvested for quota peanuts tendered for purchase; or

(4) May 31 of the year following the year in which the following crops are normally harvested: corn, grain sorghum, mustard seed, rice, safflower, soybeans, and sunflower seed.

(b)(1) To be eligible to receive loans or loan deficiency payments, commodities must be tendered to CCC by an eligible producer and must be eligible and in existence when approved by CCC. To be eligible to receive loans, commodities must also be stored in approved storage at the time of disbursement of loan proceeds. The commodity must not have been sold, nor any sales option on such commodity granted, to a buyer under a contract that provides that the buyer may direct the producer to pledge the commodity to CCC as collateral for a loan or to obtain a loan deficiency payment. Such commodities must also be merchantable for food, feed, or other uses determined by CCC and must not contain mercurial compounds, toxin producing molds, or other substances poisonous to humans or animals. Notwithstanding any other provision of this part, such commodities that contain vomitoxin levels of 5 or less parts per million or contain levels of more than 5 parts per million, may be eligible for a nonrecourse or recourse loan, respectively. Corn containing aflatoxin levels not exceeding 20 parts per billion may be eligible for a nonrecourse loan.

(2) The determination of class, grade, grading factors, milling yields, and other quality factors, including the determination of type, quality and quantity for peanuts:

(i) With respect to barley, canola, corn, flaxseed, grain sorghum, oats, rice, soybeans, sunflower seed for extraction of oil, and wheat, shall be based upon the Official United States Standards for Grain and the Official United States Standards for Rice as applied to rough rice whether or not such determinations are made on the basis of an official inspection. The costs of an official grade determination may be paid by CCC. The grade and grading requirements that are used in administering loans and loan deficiency payments for the commodities in this paragraph are available in State and county offices.

(ii) With respect to a crop of mustard seed, rapeseed, safflower seed, and sunflower seed used for a purpose other than to extract oil, shall be based on quality requirements established and announced by CCC, whether or not such

determinations are made on the basis of an official inspection. The costs of an official quality determination may be paid by CCC. The quality requirements that are used in administering loans and loan deficiency payments for the oilseeds in this paragraph are available in State and county offices.

(iii) With respect to peanuts, shall be determined at the time of delivery to CCC by a Federal-State Inspector authorized or licensed by the Secretary.

(3) Corn pledged as collateral for a farm-stored loan may be ear or shelled corn, but may not be ground ear corn. If the collateral is ear corn, the producer must:

(i) Before delivery to CCC, shell such corn without cost to CCC; and

(ii) Before removal of the commodity for shelling, have the approval of CCC in accordance with §1421.20. Corn pledged as collateral for a warehouse-stored loan must be shelled corn.

(4) When a quantity of a commodity is determined by weight, the following shall apply:

(i) A bushel of barley shall be 48 pounds of barley free of dockage;

(ii) A bushel of corn shall be 56 pounds of shelled corn;

(iii) A bushel of oats shall be 32 pounds of oats;

(iv) Quantities of peanuts shall be determined in tons and hundredths of a ton;

(v) Quantities of farm-stored rice shall be in whole units of 100 pounds of rice;

(vi) A bushel of soybeans shall be 60 pounds of soybeans with no more than 1 percent foreign material;

(vii) A bushel of grain sorghum shall be 56 pounds of grain sorghum free of dockage;

(viii) A bushel of wheat shall be 60 pounds of wheat free of dockage;

(ix) Quantities of farm-stored canola, flaxseed, mustard seed, rapeseed, safflower seed, and sunflower seed shall be determined in whole units of 100 pounds of the respective commodity;

(x) A bushel of canola shall be 50 pounds of canola free of dockage;

(xi) A bushel of flaxseed shall be 56 pounds of flaxseed free of dockage;

(xii) A bushel of mustard seed shall be 54 pounds of mustard seed free of dockage;

(xii) A bushel of rapeseed shall be 50 pounds of rapeseed free of dockage;

(xiv) A bushel of safflower seed shall be 40 pounds of safflower seed free of dockage; and

(xv) A bushel of sunflower seed shall be 28 pounds of sunflower seed free of foreign material.

(5) With respect to farm-stored loans and loan deficiency payments, all determinations of weight and quality, except as otherwise agreed to by CCC, shall be determined at the time of delivery of the commodity to CCC or at the time the loan deficiency payment application is filed.

(c)(1) To be eligible to receive loans or loan deficiency payments, a producer must have the beneficial interest in the commodity that is tendered to CCC for a loan or loan deficiency payment. The producer must always have had the beneficial interest in the commodity unless, before the commodity was harvested, the producer and a former producer whom the producer tendering the commodity to CCC has succeeded had such an interest in the commodity. Commodities obtained by gift or purchase shall not be eligible to be tendered to CCC for loans or loan deficiency payments. Heirs who succeed to the beneficial interest of a deceased producer or who assume the decedent's obligations under an existing loan or loan deficiency payment shall be eligible to receive loans and loan deficiency payments whether succession to the commodity occurs before or after harvest so long as the heir otherwise complies with the provisions of this part.

(2) A producer shall not be considered to have divested the beneficial interest in the commodity if the producer retains control, title, and risk of loss in the commodity, including the right to make all decisions regarding the tender of such commodity to CCC for loans or loan deficiency payments, and the producer:

(i) Executes an option to purchase, whether or not a payment is made by the potential buyer for such option to purchase, with respect to such commodity if all other eligibility requirements are met and the option to purchase contains the following provision:

Notwithstanding any other provision of this option to purchase, title, risk of loss,

§ 1421.5

7 CFR Ch. XIV (1-1-99 Edition)

and beneficial interest in the commodity, as specified in 7 CFR part 1421, shall remain with the producer until the buyer exercises this option to purchase the commodity. This option to purchase shall expire, notwithstanding any action or inaction by either the producer or the buyer, at the earlier of: (1) The maturity of any CCC loan which is secured by such commodity; (2) the date the CCC claims title to such commodity; or (3) such other date as provided in this option or

(ii) Enters into a contract to sell the commodity if the producer retains title, risk of loss, and beneficial interest in the commodity and the purchaser does not pay to the producer any advance payment amount or any incentive payment amount to enter into such contract except as provided in part 1425 of this chapter.

(3) If loans and loan deficiency payments are made available to producers through an approved CMA in accordance with part 1425 of this chapter, the beneficial interest in the commodity must always have been in the producer-member who delivered the commodity to the CMA or its member CMA's, except as otherwise provided in this section. Commodities delivered to such a CMA shall not be eligible to receive loans or loan deficiency payments if the producer-member who delivered the commodity does not retain the right to share in the proceeds from the marketing of the commodity as provided in part 1425 of this chapter.

(d)(1) A producer may, before the final date for obtaining a loan for a commodity, re-offer as collateral for such a loan any commodity that had been previously pledged as collateral for a loan, except with respect to:

(i) Commodities that have been acquired in accordance with part 1401 of this chapter;

(ii) Commodities that have been redeemed at a rate that is less than the loan rate as determined in accordance with § 1421.25; and

(iii) Commodities for which a payment has been made in accordance with § 1421.29.

(2) The commodity re-offered as security for the subsequent loan shall have the same maturity date as the original loan.

(e) Producers who redeem loan collateral at the lower loan repayment

rate in accordance with § 1421.25 or, in lieu of receiving a loan receive a loan deficiency payment in accordance with § 1421.29, shall provide CCC with:

(1) Evidence of production of the collateral such as sales receipts or other written documentation acceptable to CCC; or

(2) The storage location of the collateral that has not been otherwise disposed of and allow CCC access to such collateral; and

(3) Permission to inspect, examine, and make copies of the records and other written data as deemed necessary to verify the eligibility of the producer and commodity.

(f) Producers who redeem loan collateral or receive a loan deficiency payment for a commodity in accordance with paragraph (e) of this section must provide evidence of production acceptable to CCC before the final loan availability date of the crop year for such commodity following the crop year for which the loan or loan deficiency payment was made. Production evidence includes but is not limited to:

(1) Evidence of sales;

(2) Load summary or assembly sheets;

(3) Warehouse receipts issued by a warehouse that is approved according to § 1421.8(b) or by a warehouse that is not approved; and

(4) Quantities determined by measurement at CCC's discretion.

(g) If the producer fails to provide acceptable evidence of production as required in paragraph (e)(1) of this section, such producer shall be required to repay the market gain or loan deficiency payment and charges, plus interest.

(h) The loan documents shall not be presented for disbursement unless the commodity subject to the note and security agreement is an eligible commodity, in existence, and is in approved storage. If the commodity was not either an eligible commodity, in existence, or in approved storage at the time of disbursement, the total amount disbursed under the loan and charges plus interest shall be refunded promptly by the producer.

(i) CCC shall limit the total loan quantity for a loan disbursement or

loan deficiency quantity for a loan deficiency payment based on a subsequent increase in the quantity of eligible commodity by the final loan availability date to 100 percent of the outstanding quantity of such loan or loan deficiency payment application. A producer may obtain a separate loan or loan deficiency payment before the final loan availability date for the commodity for quantities in excess of 100 percent of such quantity if such quantities are an otherwise eligible commodity.

§ 1421.6 Maturity dates.

(a)(1) All loans shall mature on demand by CCC and with respect to:

(i) All commodities, except peanuts and loan collateral transferred in accordance with §1421.17(c) and (d), no later than the last day of the 9th calendar month following the month in which the note and security agreement is filed in accordance with §1421.5(a) and approved; and

(ii) Peanuts, April 30 of the year following the year the commodity is normally harvested.

(2) CCC may at any time accelerate the loan maturity date by providing the producer notice of such acceleration at least 30 days in advance of the accelerated maturity date.

(3) The request for a loan shall not be approved until all producers having an interest in the collateral sign the note and security agreement and CCC approves such note and security agreement.

(b) If a producer fails to settle the loan in accordance with paragraph (a) of this section within 30 days from the maturity date of such loan, or other reasonable time period as established by CCC, a claim for the loan amount and charges plus interest shall be established. CCC shall:

(1) Inform the producer before the maturity date of the loan of the date by which the loan must be settled or a claim will be established in accordance with part 1403 of this title; and

(2) If the producer delivers the loan collateral in accordance with §1421.22 after a claim is established:

(i) Determine the value of the settlement for such collateral in accordance with § 1421.22;

(ii) Waive interest on the loan amount that accrued before the establishment of the claim with respect to the settlement value of the quantity delivered from the date such loan proceeds were disbursed through the loan maturity date. Interest that accrues after the establishment of the claim shall not be waived; and

(iii) Reduce the outstanding claim amount arising from the loan by the amount of the settlement value of the quantity delivered plus the amount of interest that was waived.

§ 1421.7 Adjustment of basic loan rates.

(a) Basic loan rates for a commodity may be established on a State, regional, or county basis and may be adjusted by CCC to reflect quality and location applicable to the commodity and as otherwise provided in this section.

(b) The basic loan rates for the wheat, corn, barley, oats, grain sorghum, rice, peanuts, soybean, canola, flaxseed, mustard seed, rapeseed, safflower, and sunflower seed crops will be determined by CCC and made available at State and county offices.

(c)(1) With respect to all commodities except peanuts and rice, warehouse-stored loans shall be disbursed at levels based on the basic county loan rate for the county where the commodity is stored, adjusted for the schedule of premiums and discounts established for the commodity on the basis of quality factors set forth on warehouse receipts or supplemental certificates and for other quality factors, as determined and announced by CCC.

(2) With respect to rice, warehouse-stored loans shall be disbursed at levels based on the milling yields times the whole and broken kernel loan rates, adjusted for the schedule of discounts on the basis of quality factors set forth on warehouse receipts or supplemental certificates and for other quality factors, as determined and announced by CCC.

(3) With respect to commodities moved from one warehouse to another in accordance with the terms and conditions prescribed by CCC on Form CCC-699, Reconcentration Agreement and Trust Receipt, the loan rate will be

adjusted to reflect the new storage location.

§ 1421.8 Approved storage.

(a) Approved farm storage shall consist of a storage structure located on or off the farm (excluding public warehouses) that is determined by CCC to be under the control of the producer and to afford safe storage of the commodity pledged as collateral for a loan. As may be determined and announced by the Executive Vice President, CCC, approved farm storage may also include on-ground storage, temporary storage structures, or other storage arrangements.

(b) Approved warehouse storage shall consist of:

(1) A public warehouse for which a CCC storage agreement for the commodity is in effect and that is approved by CCC for price support purposes. Such a warehouse is referred to in this subpart as an approved warehouse. The names of approved warehouses may be obtained from the Kansas City Commodity Office, P.O. Box 419205, Kansas City, Missouri 64141–6205, or from State and county offices.

(2) A warehouse operated by an approved CMA as defined in part 1425 of this chapter.

(c) The approved storage requirements provided in this section may be waived by CCC if the producer requests a loan deficiency payment pursuant to the loan deficiency payment provisions contained in § 1421.29.

§ 1421.9 Warehouse receipts.

(a) Warehouse receipts tendered to CCC with respect to a loan or loan deficiency payment must meet the provisions of this section and all other provisions of this part, and CCC program documents.

(b) Warehouse receipts must be issued in the name of the eligible producer or CCC. If issued in the name of the eligible producer, the receipts must be properly endorsed in blank in order to vest title in the holder. Receipts must be issued by an approved warehouse and must represent a commodity that is deemed to be stored commingled. The receipts must be negotiable and must represent a commodity that is the same quantity and quality as the

eligible commodity actually in storage in the warehouse of the original deposit. However, warehouse receipts may be issued by another warehouse if the eligible commodity was reconcentrated in accordance with the provisions of § 1421.20(c).

(c) If the receipt is issued for a commodity that is owned by the warehouse operator either solely, jointly, or in common with others, the fact of such ownership shall be stated on the receipt. In States where the pledge of warehouse receipts issued by a warehouse operator on the warehouse operator's commodity is invalid, the warehouse operator may offer the commodity to CCC for loan if such warehouse is licensed and operating under the U.S. Warehouse Act.

(d) Each warehouse receipt or accompanying supplemental certificate representing a commodity stored in an approved warehouse that has a storage agreement with CCC shall indicate that the commodity is insured in accordance with such agreement. The cost of such insurance shall not be for the account of CCC.

(e) A separate warehouse receipt must be submitted for each grade and class of any commodity tendered to CCC and, with respect to rice, such receipt must also state the milling yield of the rice.

(f)(1) Each warehouse receipt, or a supplemental certificate (in duplicate) that properly identifies the warehouse receipt, must be issued in accordance with the Uniform Grain and Rice Storage Agreement or the U.S. Warehouse Act, as applicable, and must indicate:

(i) The name and location of the storing warehouse;

(ii) The warehouse code assigned by CCC;

(iii) The warehouse receipt number;

(iv) The date the receipt was issued;

(v) The type of commodity;

(vi) The date the commodity was deposited or received;

(vii) The date to which storage has been paid or the storage start date;

(viii) Whether the commodity was received by rail, truck or barge;

(ix) The amount per bushel, pound, or hundredweight of prepaid in or out charges;

(x) The signature of the warehouse operator or the authorized agent; and

(xi) For warehouses operating under a merged warehouse code agreement (KC-385), the location and county to which the producer delivered the commodity.

(2) In addition to the information specified in paragraph (f)(1) of this section, additional commodity specific requirements shall be determined by CCC and are available at State and county offices and the Kansas City Commodity Office.

(g) If a warehouse receipt indicates that the commodity tendered for loan grades "infested" or "contains excess moisture", or both, the receipt must be accompanied by a supplemental certificate as provided in §1421.18 in order for the commodity to be eligible for a loan. The grade, grading factors, and quantity to be delivered must be shown on the certificate as follows:

(1) When the warehouse receipt shows "infested" and the commodity has been conditioned to correct the infested condition, the supplemental certificate must show the same grade without the "infested" designation and the same grading factors and quantity as shown on the warehouse receipt.

(2)(i) When the warehouse receipt shows that the commodity contained excess moisture and the commodity has been dried or blended, the supplemental certificate must show the grade, grading factors, and quantity after drying or blending of the commodity. Such entries shall reflect a drying or blending shrinkage as provided in paragraph (g)(2)(iv) of this section.

(ii) When a supplemental certificate is issued in accordance with paragraphs (g)(1) and (g)(2)(i) of this section, the grade, grading factors and the quantity shown on such certificate shall supersede the entries for such items on the warehouse receipt.

(iii) If the commodity has been dried or blended to reduce the moisture content, the quantity specified on the warehouse receipt or the supplemental certificate shall represent the quantity after drying or blending.

(iv) For commodities dried or blended in accordance with paragraph (g)(2)(iii) of this section, such quantity shall re-

flect a minimum shrinkage in the receiving weight excluding dockage:

(A) For the following commodities, 1.3 times the percentage difference between the moisture content of the commodity received and the following percentages for the specified commodity:

- (1) Barley: 14.5 percent;
- (2) Corn: 15.5 percent;
- (3) Grain sorghum: 14.0 percent;

- (1) Canola: 10.0 percent;
- (2) Flaxseed: 9.0 percent;
- (3) Mustard Seed: 10.0 percent;
- (4) Rapeseed: 10.0 percent;
- (5) Safflower Seed: 10.0 percent; and
- (6) Sunflower Seed: 10.0 percent.

(h)(1) If, in accordance with paragraph (g) of this section, a supplemental certificate is issued in connection with a warehouse receipt, such certificate must state that no lien for processing will be asserted by the warehouse operator against CCC or any subsequent holder of such receipt.

(2) Warehouse receipts and the commodities represented by such receipts that are stored in an approved warehouse that is operating in accordance with a Uniform Grain and Rice Storage Agreement (UGRSA) may be subject to a lien for warehouse charges only to the extent provided in §1421.10. In no event shall a warehouse operator be entitled to satisfy such a lien by sale of the commodities when CCC is the holder of such receipt.

(i) Warehouse receipts representing commodities that have been shipped by rail or by barge, must be accompanied by supplemental certificates completed in accordance with paragraph (f) of this section.

§ 1421.10 Warehouse charges.

(a) CCC-approved handling and storage rates that may be deducted from loan proceeds are available in State and county offices. Such deductions shall be based upon the entries on the

§ 1421.11

warehouse receipt or supplemental certificate, but in no case shall be higher than the CCC approved rate. No storage deduction shall be made if written evidence acceptable to CCC is submitted indicating that:

- (1) Storage charges through the maturity date have been prepaid; or
- (2) The producer has arranged with the warehouse operator for the payment of storage charges through the maturity date and the warehouse operator enters an endorsement in substantially the following form on the warehouse receipt:

Storage arrangements have been made by the depositor of the grain covered by this receipt through (date through which storage has been provided). No lien will be asserted by the warehouse operator against CCC or any subsequent holder of the warehouse receipt for the storage charges that accrued before the specified date.

(b) The beginning date to be used for computing storage deductions on the commodity stored in an approved warehouse shall be the later of the following:

- (1) The date the commodity was received or deposited in the warehouse;
- (2) The date the storage charges start; or
- (3) The day following the date through which storage charges have been paid.

(c) For commodities delivered to CCC in settlement for a loan, CCC shall pay to the producer the warehouse charges for receiving the commodity, or in-charges. If the warehouse receipt delivered to CCC in settlement for a loan shows that such charges have been paid, CCC shall issue such payment to the producer. If the receipt shows that such charges have not been paid, the producer will assign such payment to the warehouse and CCC shall issue such payment to the warehouse for the producer's account.

§ 1421.11 Liens.

(a) The county office shall file or record, as required by State law, all security agreements that are issued with respect to commodities pledged as collateral for loans. The cost of filing and recording shall be paid for by CCC.

(b) If there are any liens or encumbrances on the commodity, waivers

that fully protect the interest of CCC must be obtained even though the liens or encumbrances are satisfied from the loan proceeds. No additional liens or encumbrances shall be placed on the commodity after the loan is approved.

§ 1421.12 Fees, charges, and interest.

(a) A producer shall pay a nonrefundable loan service fee to CCC at a rate determined by CCC. The amount of such fees are available in State and county offices and are shown on the note and security agreement.

(b) Interest that accrues with respect to a loan shall be determined in accordance with part 1405 of this chapter. All or a portion of such interest may be waived with respect to a quantity of commodity that has been redeemed in accordance with § 1421.25 at a rate that is less than the principal amount of the loan plus charges and interest.

(c) For each crop of soybeans, the producer, as defined in the Soybean Promotion, Research, and Consumer Information Act (7 U.S.C. Chapter 6301), shall remit to CCC an assessment that shall be determined at the time CCC acquires the commodity, and shall be at a rate equal to one-half of 1 percent of the amount determined in accordance with § 1421.19.

(d) Additional fees representing amounts voted on by producers for marketing or promotional fees may be deducted from loan proceeds by CCC as requested and agreed to by the governing body of such marketing or promotional fee and CCC. Deduction of such fees from amounts due producers and the payment of such fees to such governing body shall be made by CCC in a manner and at such time as determined by CCC.

§§ 1421.13-1421.14 [Reserved]

§ 1421.15 Loss or damage to the commodity.

The producer is responsible for any loss in quantity or quality of the commodity pledged as collateral for a farm-stored loan. CCC shall not assume any loss in quantity or quality of the loan collateral for farm-stored loans.

§ 1421.16 Personal liability of the producers.

(a) When a producer obtains a commodity loan or requests a loan deficiency payment, the producer agrees:

(1) When signing Form CCC-666, Farm Stored Loan Quantity Certification, when applicable, Form CCC-677, Farm Storage Note and Security Agreement, and Form CCC-678, Warehouse Storage Note and Security Agreement, that the producer will not:

(i) Provide an incorrect certification of the quantity or make any fraudulent representation for the loan; or

(ii) Remove or dispose of a quantity of commodity that is collateral for a CCC farm-stored loan without prior written approval from CCC in accordance with § 1421.20;

(2) When signing Form CCC-666 LDP, Loan Deficiency Payment Application and Certification, or CCC-709, Direct Loan Deficiency Payment Agreement, as applicable, that the producer will not provide an incorrect certification of the quantity or make any fraudulent representation for loan deficiency payment purposes; and

(3) That violation of the terms and conditions of the Form CCC-677, Form CCC-678, Form CCC-666 LDP, or Form CCC-709, as applicable, will cause harm or damage to CCC in that funds may be disbursed to the producer for a quantity of a commodity that is not actually in existence or for a quantity on which the producer is not eligible.

(b) The violations referred to in paragraph (a) of this section are defined as follows:

(1) Incorrect certification is the certifying of a quantity of a commodity for the purpose of obtaining a commodity loan or a loan deficiency payment in excess of the quantity eligible for such loan or loan deficiency payment or the making of any fraudulent representation with respect to obtaining loans or loan deficiency payments;

(2) Unauthorized removal is the movement of any farm-stored loan quantity from the storage structure in which the commodity was stored or structures that were designated when the loan was approved to any other storage structure whether or not such structure is located on the producer's farm without prior written authoriza-

tion from the county committee in accordance with § 1421.20, if the movement of loan collateral prevents CCC from obtaining the first lien on such collateral; and

(3) Unauthorized disposition is the conversion of any loan quantity pledged as collateral for a farm-stored loan without prior written authorization from the county committee in accordance with § 1421.20.

(c) The producer and CCC agree that it will be difficult, if not impossible, to prove the amount of damages to CCC for the violations in accordance with paragraph (b) of this section. Accordingly, if the county committee determines that the producer has violated the terms and conditions of Form CCC-677, Form CCC-678, Form CCC-666 LDP, or Form CCC-709, as applicable, liquidated damages shall be assessed on the quantity of the commodity that is involved in the violation. If CCC determines the producer:

(1) Acted in good faith when the violation occurred, liquidated damages will be assessed by multiplying the quantity involved in the violation by:

(i) 10 percent of the loan rate applicable to the loan note or the loan deficiency payment rate for the first offense; or

(ii) 25 percent of the loan rate applicable to the loan note or the loan deficiency payment rate for the second offense; or

(2) Did not act in good faith with regard to the violation, or for cases other than the first or second offense, liquidated damages will be assessed by multiplying the quantity involved in the violation by 25 percent of the loan rate applicable to the loan note or the loan deficiency payment rate.

(d) For liquidated damages assessed in accordance with paragraph (c)(1) of this section, the county committee shall:

(1) Require repayment of the loan principal applicable to the loan quantity incorrectly certified or the loan quantity removed or disposed of for loan deficiency payment, the loan deficiency payment rate applicable to the loan deficiency quantity incorrectly certified, and charges, plus interest applicable to the amount repaid; and

(2) If the producer fails to pay such amount within 30 days from the date of notification, call the applicable loan involved in the violation, or for loan deficiency payments, require repayment of the entire loan deficiency payment and charges plus interest.

(e) For liquidated damages assessed in accordance with paragraph (c)(2) of this section, the county committee shall call the loan involved in the violation, or for loan deficiency payments, require repayment of the entire loan deficiency payment and charges plus interest.

(f) The county committee:

(1) May waive the administrative actions taken in accordance with paragraphs (c)(1) and (d) if the county committee determines that:

(i) The violation occurred inadvertently, accidentally, or unintentionally; or

(ii) The producer acted to prevent spoilage of the commodity.

(2) Shall not consider the following acts as inadvertent, accidental, or unintentional:

(i) Movement of loan collateral off the farm;

(ii) Movement of loan collateral from one storage structure to another on the farm, except as provided for in § 1421.17(b)(1); and

(iii) Feeding the loan collateral.

(3) Shall furnish a copy of its determination to the State committee, and the Administrator. If the determination of the county committee is not disapproved by either the State committee or the Administrator, FSA, or a designee, within 60 calendar days from the date the determination is received, such determination shall be considered to have been approved.

(g) If, for any violation in accordance with paragraph (b) of this section, the county committee determines that CCC's interest is not or will not be protected, the county committee shall call any or all of the producer's farm-stored loans, and deny future farm-stored loans and loan deficiency payments without production evidence for 24 months after the date the violation is discovered. Depending on the severity of the violation, the county committee may deny future farm-stored loans and loan deficiency payments without pro-

duction evidence for an additional 12 month period.

(h) If the county committee determines that the producer has committed a violation in accordance with paragraph (b), the county committee shall notify the producer in writing that:

(1) The producer has 30 calendar days to provide evidence and information regarding the circumstances that caused the violation, to the county committee; and

(2) Administrative actions will be taken in accordance with paragraphs (d) or (e) of this section.

(i) If the loan is called in accordance with this section, the producer may not repay the loan at the lower of the loan repayment rate in accordance with § 1421.25 and may not utilize the provisions of part 1401 of this chapter with respect to such loan.

(j) Producers who have been refused a farm-stored loan under provisions of this section may apply for a warehouse-stored loan.

(k)(1) If a producer:

(i) Makes any fraudulent representation in obtaining a loan or loan deficiency payment, maintaining, or settling a loan; or

(ii) Disposes or moves the loan collateral without the approval of CCC, such loan shall be payable upon demand by CCC. The producer shall be liable for:

(A) The amount of the loan or loan deficiency payment;

(B) Any additional amounts paid by CCC with respect to the loan or loan deficiency payment;

(C) All other costs that CCC would not have incurred but for the fraudulent representation, the unauthorized disposition or movement of the loan collateral;

(D) Interest on such amounts; and

(E) Liquidated damages assessed under paragraph (c) of this section.

(2) With regard to amounts due for a loan, the payment of such amounts may not be satisfied by:

(i) The forfeiture of loan collateral to CCC of commodities with a settlement value that is less than the total of such amounts; or

(ii) By repayment of such loan at the lower loan repayment rate as prescribed in § 1421.25 and may not utilize

the provisions of part 1401 of this chapter with respect to such loans.

(3) Notwithstanding any provisions of the note and security agreement, if a producer has made any such fraudulent representation or if the producer has disposed of, or moved, the loan collateral without prior written approval from CCC in accordance with §1421.20, the value of the settlement for such collateral delivered to or removed by CCC shall be determined by CCC in accordance with §1421.22.

(l) A producer shall be personally liable for any damages resulting from a commodity delivered to or removed by CCC containing mercurial compounds, toxin producing molds, or other substances poisonous to humans or animals.

(m) If the amount disbursed under a loan or in settlement thereof, or loan deficiency payment exceeds the amount authorized by this part, the producer shall be liable for repayment of such excess and charges, plus interest.

(n) If the amount collected from the producer in satisfaction of the loan is less than the amount required in accordance with this part, the producer shall be personally liable for repayment of the amount of such deficiency and charges, plus interest.

(o) In the case of joint loans or loan deficiency payments, the personal liability for the amounts specified in this section shall be joint and several on the part of each producer signing the note or loan deficiency payment application.

(p) Any or all of the liquidated damages assessed in accordance with the provisions of paragraph (c) may be waived as determined by CCC.

§ 1421.17 Farm-stored commodities.

(a) The quantity of a commodity that shall be used to determine the amount of a farm-stored loan shall not exceed a percentage (the loan percentage), as established by the State committee that shall not exceed a percentage established by CCC, of the certified or measured quantity of the eligible commodity stored in approved farm storage and covered by the note and security agreement. The quantity of a commodity pledged as security for a farm-storage

loan shall be measured or certified in accordance with paragraph (e). Farm-stored loans may be made on less than the maximum quantity eligible for loan at the producer's request. If the loan quantity is reduced by the State committee, the county committee, or by request of the producer, such reduced quantity shall be the mortgaged quantity on the note and security agreement for the commodity in a bin, crib, or lot on which the loan is made.

(1) With respect to additional peanuts, loans shall be made on 100 percent of the estimated quantity pledged as collateral for a farm-stored loan.

(2) With respect to all other commodities, the State committee may establish a loan percentage that does not exceed a percentage established by CCC or may apply quality discounts to the loan rate, each year for each commodity on a Statewide basis or for specified areas within the State. Before approving a county committee request to establish a different loan percentage, or to apply quality discounts, the State committee shall consider conditions in the State or areas within a State to determine if the loan percentage should be reduced below the maximum loan percentage or the quality discounts should be applied to the basic county loan rate to provide CCC with adequate protection. Loans disbursed based upon loan percentages previously lowered and loan rates adjusted for quality shall not be altered if conditions within the State or areas within the State change to substantiate removing such reductions; percentages established or loan rates adjusted for quality in accordance with this section shall apply only to new loans and not to outstanding loans. The factors to be considered by the State committee in determining loan percentages or the necessity to apply quality discounts shall include but are not limited to:

- (i) General crop conditions;
- (ii) Factors affecting quality peculiar to an area within the State; and
- (iii) Climatic conditions affecting storability.

(3) The loan percentages established by the State committee may be reduced by the county committee when authorized on an individual farm, area, or producer basis when determined to

be necessary in order to provide CCC with adequate protection. The factors to be considered by the county committee in reducing the loan percentages shall include but not be limited to:

- (i) The condition or suitability of the storage structure;
- (ii) The condition of the commodity;
- (iii) The hazardous location of the storage structure, such as a location that exposes the structure to danger of flood, fire, and theft by a person not entrusted with possession of the commodity;
- (iv) Any disagreement with respect to the quantity of the commodity to be pledged as collateral for a loan; and
- (v) Such other factors that relate to the preservation or safety of the loan collateral.

(b) If an eligible quantity of a commodity except peanuts, has been commingled with an ineligible quantity of the commodity, the commingled commodity is not eligible to be pledged as collateral for a loan unless:

(1) The producer, when requesting a loan shall designate all structures that may be used for storage of the loan collateral. In such cases, the producer is not required to obtain prior written approval from the county committee before moving loan collateral from one designated structure to another designated structure. In all other instances, if the producer intends to move loan collateral from a designated structure to another undesignated structure, the producer must request prior approval from the county committee. Such approval shall be evidenced on Form CCC-687-1 and the eligible or ineligible commodity must be measured by a representative of the county office, at the producer's expense, before commingling; or

(2) The producer has made a certification with respect to the acreage planted to the commodity that is to be commingled for all farms in which the producer has an interest. When certifying to the acreage on all farms in which interest is held, the producer must provide acceptable evidence of the production and purchase of the commodity from which the county committee may determine whether the eligible production claimed by the pro-

ducer is reasonable in relation to the production practices on such farm or similar farms in the same county; or have either the eligible or ineligible commodity measured by a representative of the county office at the producer's expense, before commingling. Peanuts pledged as collateral for a loan must be stored separately from peanuts produced on any other farm and handled in such a manner that only the actual peanuts produced on the farm and on no other farm will be delivered to CCC.

(c) Upon request by the producer before transfer, the county committee may approve the transfer of a quantity of a commodity that is pledged as collateral for a farm-stored loan to a warehouse-stored loan at any time during the loan period.

(1) Liquidation of the farm-stored loan or part thereof shall be made through the pledge of warehouse receipts for the commodity placed under warehouse-stored loan and the immediate payment by the producer of the amount by which the warehouse-stored loan is less than the farm-stored loan or part thereof and charges plus interest. The loan quantity for the warehouse-stored loan cannot exceed 110 percent of the loan quantity transferred from the farm-stored loan.

(2) Any amounts due the producer shall be disbursed by the county office. The maturity date of the warehouse-stored loan shall be the maturity date applicable to the farm-stored loan that was transferred.

(d) Upon request by the producer before the transfer, the county committee may approve the transfer of a warehouse-stored loan or part thereof to a farm-stored loan at any time during the loan period. Quantities pledged as collateral for a farm-stored loan shall be based on a measurement by a representative of the county office before approving the farm-stored loan. The producer must immediately repay the amount by which the farm-stored loan is less than the warehouse-stored loan and charges plus interest on the shortage. The maturity date of the farm-stored loan shall be the maturity date applicable to the warehouse-stored loan that was transferred.

(e) The quantity of a commodity pledged as security for a farm-stored loan or for which a loan deficiency payment is requested may be determined on the basis of the quantity of the commodity that an eligible producer certifies in writing on Form CCC-666 for a loan and Form CCC-666 LDP or CCC-709, as applicable, for a loan deficiency payment, is eligible to be pledged as collateral and is otherwise available for loan or loan deficiency payment purposes.

(f) If the county committee determines, by measurement or otherwise, that the actual quantity serving as collateral for a loan is less than the loan quantity, the county committee shall take the actions specified in §1421.16.

§ 1421.18 Warehouse-stored loans.

(a) The quantity of a commodity that may be pledged as collateral for a loan shall be the quantity of any eligible commodity delivered to CCC for storage at an approved warehouse. Such quantity shall be the net weight specified on the warehouse receipt or supplemental certificate.

(b) To be eligible to be pledged as collateral for a loan, the commodity must not be Sample Grade and must meet the requirements of §1421.5 and the commodity eligibility requirements, as determined by CCC. These requirements are available at State and county offices.

§ 1421.19 Liquidation of loans.

(a) If a producer does not pay to CCC the total amount due in accordance with a loan, CCC shall have the right to acquire title to the loan collateral and to sell or otherwise take possession of such collateral without any further action by the producer. With respect to farm-stored loans, the producer may, as CCC determines, deliver the collateral for such loan in accordance with instructions issued by CCC. CCC will not accept delivery of any quantity of a commodity in excess of 110 percent of the outstanding farm-stored loan quantity. If a quantity in excess of 110 percent of the outstanding farm-stored loan quantity is shown on the warehouse receipt or other documents, the producer shall provide replacement warehouse receipts and delivery docu-

ments. If the warehouse receipt and such other documents applicable to the settlement are not replaced showing only the quantity eligible for delivery, CCC shall provide for such corrected documents and apply charges for such service, if any, to the producer's account as charges for settlement on the loan.

(b) If the producer desires to deliver eligible commodities to CCC in satisfaction of the loan, the producer must notify CCC of such intention before the loan maturity date by giving written notice to the county office that disbursed the proceeds for such loan. If the producer fails to deliver such commodities to CCC by the date specified on Form CCC-691, Commodity Delivery Notice, and the producer subsequently redeems the commodity pledged as collateral for the loan before delivery is completed, interest shall continue to be assessed on such amount in accordance with part 1405 of this chapter.

(c) If, either before or after maturity, the commodity is going out of condition or is in danger of going out of condition, the producer shall so notify the county office and confirm such notice in writing. If the county committee determines that the commodity is going out of condition or is in danger of going out of condition and the commodity cannot be satisfactorily conditioned by the producer and delivery cannot be accepted within a reasonable length of time, the county committee shall arrange for an inspection and grade and quality determination. When delivery is completed, settlement shall be made on the basis of such grade and quality determination or on the basis of the grade and quality determination made at the time of delivery, whichever is higher, for the quantity actually delivered.

(d) If the producer loses control of the storage structure, or if there is insect infestation that cannot be controlled, danger of flood, or damage to the storage structure making it unsafe to continue storage of the commodity on the farm, the commodity may be delivered before the maturity date of the loan upon prior approval of the county committee in accordance with paragraph (a). Settlement will be made

with the producer as provided in § 1421.22.

§ 1421.20 Release of the commodity pledged as collateral for a loan.

(a) A producer, when requesting a loan shall designate specific storage structures on Form CCC-677, in accordance with § 1421.17(b)(1). The producer is not required to request prior approval before moving loan collateral between such designated structures. Movement of loan collateral to any other structures not designated on CCC-677, or the disposal of such loan collateral without prior written approval of the county committee, shall subject the producer to the administrative actions specified in § 1421.16. A producer may at any time obtain the release, in accordance with this section, of all or any part of the commodity remaining as loan collateral by paying to CCC, with respect to the quantity of the commodity released:

(1) The principal amount of the loan that is outstanding and charges plus interest; or

(2) If CCC so announces, an amount less than the principal amount of the loan and charges plus interest under the terms and conditions specified by CCC at the time the producer redeems the commodity pledged as collateral for such loan in accordance with § 1421.25. The producer may request and CCC may approve removal of a quantity of the commodity from storage, without the payment to CCC of the loan amount, if the principal amount outstanding on such loan before such removal does not exceed the maximum loan value of the quantity of the commodity remaining in storage after such removal. When the proceeds of the sale of the commodity are needed to repay all or a part of a farm-stored loan, the producer must request and obtain prior written approval of the county office on a form prescribed by CCC in order to remove a specified quantity of the commodity from storage. Any such approval shall be subject to the terms and conditions set forth in the applicable form, copies of which may be obtained by producers at the county office. Any such approval shall not constitute a release of CCC's security interest in the commodity or release the

producer from liability for any amounts due and owing to CCC with respect to the loan indebtedness if full payment of such amounts is not received by the county office. If a producer fails to repay a loan within the time period prescribed by CCC for a farm-storage loan and commodity pledged as loan collateral has been delivered to a buyer in accordance with Form CCC-681-1, Authorization for Delivery of Loan Collateral for Sale, such producer may not repay the loan at the rate that is less than the loan rate determined in accordance with § 1421.25(a)(1)(ii) or (b)(2).

(b) CCC may allow a producer to establish a loan repayment rate determined in accordance with § 1421.25 (a)(1)(ii) or (b)(2) on Form CCC-681-1, Authorization for Delivery of Loan Collateral for Sale, provided the producer complies with all terms and conditions set forth on Form CCC-681-1. If a producer fails to repay a loan within the time period prescribed by CCC in accordance with the terms and conditions of Form CCC-681-1 and the commodity pledged as collateral for such loan has been delivered to a buyer in accordance with Form CCC-681-1, such producer may not repay the loan at the rate that is less than the loan rate determined in accordance with § 1421.25 (a)(1)(ii) or (b)(2).

(c)(1) The producer may arrange with the county office for the release of all or part of the commodity that is pledged as collateral for a warehouse-stored loan at or before the maturity of such loan by, with respect to the quantity of the commodity to be released, paying to CCC:

(i) The principal amount of the loan and charges plus interest; or

(ii) If CCC so announces, an amount less than the principal amount of the loan and charges plus interest under the terms and conditions specified by CCC at the time the producer redeems the commodity pledged as collateral for such loan in accordance with § 1421.25. Each partial release of the loan collateral must cover all of the commodity represented by one warehouse receipt. Warehouse receipts redeemed by repayment of the loan shall be released only to the producer. However, such receipts may be released to

persons designated in a written authorization that is filed with the county office by the producer within 15 days before the date of repayment.

(2) Upon the filing of Form CCC-699, Reconciliation Agreement and Trust Receipt, by the producer and warehouse operator, CCC may, during the loan period, approve the reconcentration in another CCC-approved warehouse of all or part of a commodity that is pledged as collateral for a warehouse-stored loan. Any such approval shall be subject to the terms and conditions set forth in Form CCC-699, Reconciliation Agreement and Trust Receipt.

(3) A producer may, before the new warehouse receipt is delivered to CCC, pay to CCC:

(i) The principal amount of the loan and charges plus interest and applicable charges; or

(ii) If CCC so announces, an amount less than the principal amount of the loan and charges plus interest under the terms and conditions specified by CCC at the time the producer redeems the commodity pledged as collateral for such loan in accordance with § 1421.25.

(d) The note and security agreement shall not be released until the loan has been satisfied in full.

(e) If the commodity is moved on a non-workday from storage without obtaining prior approval to move such commodity, such removal shall constitute unauthorized removal or disposition, as applicable, of such commodity unless the producer notifies the county office the next workday that such commodity has been moved and such movement is approved by CCC.

§ 1421.21 [Reserved]

§ 1421.22 Settlement.

(a) The value of the settlement of loans shall be made by CCC on the following basis:

(1) With respect to nonrecourse loans, the schedule of premiums and discounts for the commodity:

(i) If the value of the collateral at settlement is less than the amount due, the producer shall pay to CCC the amount of such deficiency and charges, plus interest on such deficiency; or

(ii) If the value of the collateral at settlement is greater than the amount due, such excess shall be retained by CCC and CCC shall have no obligation to pay such amount to any party.

(2) With respect to recourse loans, the proceeds from the sale of the commodity:

(i) If the value of the collateral at settlement is less than the amount due, the producer shall pay to CCC the amount of such deficiency and charges, plus interest on such deficiency; or

(ii) If the proceeds received from the sale of the commodity are greater than the sum of the amount due plus any cost incurred by CCC in conducting the sale of the commodity, the amount of such excess shall be paid to the producer or, if applicable, to any secured creditor of the producer.

(3) If CCC sells the commodity described in paragraph (a)(1) or (a)(2) in settlement of the loan, the sales proceeds shall be applied to the amount owed CCC by the producer. The producer shall be responsible for any costs incurred by CCC in completing the sale. CCC may deduct such amount from the sales proceeds.

(b) Settlements made by CCC with respect to eligible commodities that are acquired by CCC and that are stored in an approved warehouse shall be made on the basis of the entries set forth in the applicable warehouse receipt, supplemental certificate, and other accompanying documents.

(c)(1) All eligible commodities that are stored in other than approved warehouses shall be delivered to CCC in accordance with instructions issued by CCC. Settlement for such commodities shall be made on the basis of entries set forth in the applicable warehouse receipt, supplemental certificate, and other accompanying documents.

(2) With respect to all commodities, except peanuts, that are delivered from other than an approved warehouse, settlement shall be made by CCC on the basis of the basic loan rate that is in effect for the commodity at the producer's customary delivery point, as determined by CCC.

(3)(i) With respect to peanuts, settlement values for quota and additional peanuts shall be determined and announced annually by CCC. Settlement

shall be made by CCC on the amount computed on the basis of net weight and quality of such peanuts with an allowance of 4 percent for Virginia type peanuts and an allowance of 3.5 percent for other types of peanuts in order to compensate producers for shrinkage during storage on peanuts delivered on or after January 31 of the year following the year in which the crop was produced less discounts of:

(A) \$2 per ton, net weight, for each full 1 percent of foreign material in excess of 15 percent; and

(B) \$10 per ton, net weight, for peanuts containing more than 10 percent moisture.

(ii) No allowance for shrinkage shall be made for storage with respect to peanuts delivered before February 1 of the year following the year in which the crop was produced.

(iii) If a producer delivers peanuts from a farm to CCC in a quantity that would exceed the farm poundage quota when added to the peanuts marketed, and considered marketed from the farm as quota peanuts, the additional peanut loan rate shall be used with respect to such peanuts if CCC determines that the producer made an inadvertent error in determining the quantity of peanuts pledged as collateral as quota peanuts. If CCC determines that such error was not inadvertent, a loan shall not be made available with respect to such quantity and marketing quota penalties shall be assessed in accordance with part 729 of this title.

(iv) The loan rate for additional peanuts shall be used for all peanuts that do not grade Segregation 1 at the time of delivery to CCC if the producer does not elect to settle such additional peanuts as quota peanuts. If the producer elects to settle such peanuts as quota peanuts, the quantity shall not exceed the lesser of:

(A) The difference between the production of Segregation 1 peanuts on the farm and the farm poundage quota; or

(B) The amount of the under-marketings of quota peanuts as shown on the farm marketing card.

(4) With respect to rice acquired by CCC at a location other than an approved warehouse, settlement shall be made on the basis of the class, grade,

and quality entries set forth in the Federal-State inspection certificate and on the basis of the quantity set forth in the weight certificates.

(d) A producer may be required to retain and store the commodity that is pledged as collateral for a loan for a period of 60 days after the maturity date of a loan without any cost to CCC if CCC is unable to take delivery of the commodity. If CCC is unable to take delivery of the commodity within the 60-day period after the loan maturity date, the producer shall be paid a storage payment upon delivery of the commodity to CCC. The storage payment shall be computed at the storage rate stated in the applicable CCC storage agreement for the commodity in effect at the delivery point where the producer delivers the commodity. The period for earning such storage payment shall begin the day following the expiration of the 60-day period after such maturity date and extend through the earlier of:

(1) The final date of actual delivery; or

(2) The final date for delivery as specified in the delivery instructions issued to the producer by the county office.

(e) When a producer is directed by the county office to haul the commodity for delivery, except aromatic rice, a greater distance than would have been necessary to make delivery to the producer's customary delivery point, as determined by CCC, the producer will be allowed compensation, as determined by the State committee at a rate not to exceed the common carrier truck rate or the rate available from local truckers, for hauling the eligible commodity the additional distance. In determining the rate of payment for excess hauling, the State committee may establish reasonable mileage minimums below which producers will not receive compensation for hauling.

(f)(1) Producers may request trackloading for loan collateral where approved warehouse space is not available locally or where KCCO determines that it would be to the benefit of CCC. Where local weighing facilities are not available or when requested by producers, destination weights may be used for settlement purposes. All producers loading in the same car must sign an

agreement stating the percentage share of the total quantity to be credited to each. When requested by producers before delivery of the commodity, settlement may be made on the basis of destination grades. Such destination grade determination for a car shall be applied to the entire quantity of a commodity loaded into the same car, regardless of the grade or quality of a commodity loaded into the car by any producer.

(2) A trackloading payment of 19 cents per bushel (or 31.66 cents per hundredweight in the case of sorghum, oilseeds, and rice, excluding aromatic rice) shall be made to the producer on an eligible commodity delivered to CCC under this subsection.

(g) If a farm-stored commodity is delivered in advance of the applicable loan maturity date as provided in §1421.19, a deduction for storage charges shall be made. The deduction shall be made for the period from the date of delivery to the applicable maturity date for the commodity. Such deduction shall be at the rate charged by the warehouse to which the commodity was delivered. No deduction for storage charges shall be made for early delivery of a farm-stored commodity if the loan maturity date is accelerated by CCC under a general acceleration of the maturity date in a particular area.

(h) A refund of warehouse storage charges will be made by CCC to the producer if the maturity date of a warehouse storage loan is accelerated by CCC for reasons other than any wrongful act or omission on the part of the producer, and the commodity is not redeemed. The amount of the storage charges to be refunded shall be computed at the lesser of the UGRSA rate or the rate prepaid by the producer for the period of unearned storage.

(i) If a warehouse charges the producer for either the receiving charges or the receiving and loading out charges on an eligible commodity in an approved warehouse, the producer shall, upon delivery to CCC of warehouse receipts representing the commodity stored in such warehouse, be reimbursed or given credit by the county office for such prepaid charges at the lesser of the UGRSA rate or the rate prepaid by the producer. The pro-

ducer must furnish to the county office, written evidence signed by the warehouse operator that such charges have been paid.

§ 1421.23 Foreclosure.

(a) Upon maturity and nonpayment of a warehouse-stored loan, title to the unredeemed collateral securing the loan shall immediately vest in CCC. Upon maturity and nonpayment of farm-stored loan, title to the unredeemed collateral securing the loan shall vest in CCC upon demand. When CCC acquires title to the unredeemed collateral, CCC shall have no obligation to pay for any market value that such collateral may have in excess of the loan indebtedness, (the unpaid amount of the note and charges plus interest).

(b) If the total amount due on a farm-stored loan (the unpaid amount of the note and charges, plus interest) is not satisfied upon maturity, CCC may remove the commodity from storage, and assign, transfer, and deliver the commodity or documents evidencing title thereto at such time, in such manner, and upon such terms as CCC may determine, at public or private sale. Any such disposition may also be effected without removing the commodity from storage. The commodity may be processed before sale and CCC may become the purchaser of the whole or any part of the commodity at either a public or private sale.

(c) If a farm-stored commodity removed by CCC from storage is sold, the value of the settlement for the commodity shall be determined according to §1421.22. If a deficiency exists, the amount of the deficiency may be setoff from any payment that would otherwise be due the producer from CCC or any other agency of the United States.

§ 1421.24 Protein determinations.

(a) With respect to Hard Red Winter and Hard Red Spring wheat tendered to CCC that is stored in an approved warehouse, producers must obtain official protein content determinations or, if determined acceptable by CCC, protein content determinations arrived at by mutual agreement between the producer and the warehouse operator.

Costs of such determinations shall not be paid by CCC.

(b) With respect to farm-stored wheat, the basic loan rate shall not be adjusted to reflect the protein content.

§ 1421.25 Loan repayments.

(a) Rice market repayments.

(1) A producer may repay a non-recourse loan for a 1996 through 2002 crop of rice at a rate that is the lesser of:

(i) The loan rate and charges, plus interest determined for a crop; or

(ii) The prevailing world market price, as determined by CCC.

(2) The prevailing world market price for a class of rice shall be determined by the CCC based upon a review of prices at which rice is being sold in world markets and a weighting of such prices through the use of information such as changes in supply and demand of rice, tender offers, credit concessions, barter sales, government-to-government sales, special processing costs for coatings or premixes, and other relevant price indicators, and shall be expressed in U.S. equivalent values f.o.b. vessel, U.S. port of export, per hundredweight as follows:

(i) U.S. grade No. 2, 4 percent broken kernels, long grain milled rice;

(ii) U.S. grade No. 2, 4 percent broken kernels, medium grain milled rice; and

(iii) U.S. grade No. 2, 4 percent broken kernels, short grain milled rice.

(3) Export transactions involving rice and all other related market information will be monitored on a continuous basis for the purposes of paragraph (2). Relevant information may be obtained for this purpose from U.S. Department of Agriculture field reports, international organizations, public or private research entities, international rice brokers, and any other source of reliable information.

(4) The prevailing world market price for a class of rice adjusted to U.S. quality and location (the adjusted world price (AWP)), that is determined in accordance with paragraph (5), shall be applicable to the provisions in this section.

(5) The AWP for each class of rice shall equal the prevailing world market price for a class of rice (U.S. equivalent value) as determined in accord-

ance with paragraphs (a) (2) and (3) and adjusted to U.S. quality and location as follows:

(i) The prevailing world market price for a class of rice shall be adjusted to reflect an f.o.b. mill position by deducting from such calculated price an amount that is equal to the estimated national average costs associated with:

(A) The use of bags for the export of U.S. rice, and

(B) The transfer of such rice from a mill location to f.o.b. vessel at the U.S. port of export with such costs including, but not limited to, freight, unloading, wharfage, insurance, inspection, fumigation, stevedoring, interest, banking charges, storage, and administrative costs.

(ii) The price determined in accordance with paragraph (a)(5)(i) shall be adjusted to reflect the market value of the total quantity of whole kernels contained in such milled rice by deducting the world value of broken kernels contained therein, with such value of the broken kernels to be determined by multiplying the quantity of such broken kernels (4% per hundredweight) by the world market value of such broken kernels. The world market value of broken kernels shall be based upon the relationship of whole and broken kernel world prices as estimated from observations of prices at which rice is being sold in world markets.

(iii) The price determined in accordance with (a)(5)(ii) shall be adjusted to reflect the per pound market value of whole kernels by dividing the price by the quantity of whole milled kernels contained in the milled rice (96% per hundredweight).

(iv) The price determined in accordance with paragraph (a)(5)(iii) shall be adjusted to reflect the market value of whole kernels contained in 100 pounds of rough rice by multiplying such price by the estimated national average quantity of whole kernel rice by class obtained from milling 100 pounds of rough rice.

(v) The price determined in accordance with paragraph (a)(5)(iv) shall be adjusted to reflect the total market value of rough rice by:

(A) Adding to such price:

(1) The market value of bran contained in the rough rice, computed by

multiplying the domestic unit market value of bran by the estimated national average quantity of bran produced in milling 100 pounds of rice; and

(2) The market value of broken kernels contained in the rough rice, computed by multiplying the estimated world market value of broken kernels by the estimated national average quantity of broken kernels produced in milling 100 pounds of rice;

(B) Deducting from such price:

(1) An estimated cost of milling rough rice; and

(2) An estimated cost of transporting rough rice from farm to mill locations.

(vi) The price determined in accordance with paragraph (a)(5)(v) may be adjusted to a whole kernel loan rate basis by deducting the estimated world market value of the total quantity of broken kernels contained in such rice and dividing the resulting value by the estimated national average quantity of milled whole kernels produced in milling 100 pounds of rice.

(6)(i) The adjusted world price for each class for rice, loan rate basis, shall be determined by CCC and shall be announced, to the extent practicable, on or after 3 p.m. eastern time each Tuesday, but may be announced more frequently, as determined by CCC, continuing through the later of:

(A) The last Tuesday of July 2003; or

(B) The last Tuesday of the latest month the 2002-crop rice loans mature.

(ii) In the event that Tuesday is a non-workday, the determination will be made on the next workday, on or after 3 p.m. eastern time.

(iii) The announced prices will be effective upon announcement and will remain in effect for a period as announced by the CCC.

(7) Notwithstanding any other provision of this section, on the day of the announcement of the adjusted world price, between 2 p.m. eastern time and the time of the world price announcement, CCC will not accept repayments of rice loans at a world market price level not previously locked-in, and applications for lock-in of a rice loan repayment rate.

(b) For 1996 through 2002 crops of barley, corn, grain sorghum, oats, wheat, and oilseeds, a producer may repay a

nonrecourse loan at a rate that is the lesser of:

(1) The loan rate and charges, plus interest determined for such crop; or

(2) The alternative repayment rate for barley, corn, grain sorghum, oats, wheat, and oilseeds.

(c) To the extent practicable, CCC shall determine and announce the alternative repayment rate, based upon the previous day's market prices at appropriate U.S. terminal markets as determined by CCC, adjusted to reflect quality and location for each crop of a commodity as follows:

(1) On a weekly basis in each county for oilseeds, except soybeans; and

(2) On a daily basis in each county for barley, corn, grain sorghum, oats, soybeans, and wheat.

§ 1421.26 Transfer of farm-stored loan to warehouse-stored association loan.

Producers may deliver peanuts under a farm-stored loan to the association and obtain loan advances on such peanuts with the prior approval of the county office anytime on or before January 31 following the calendar year in which the crop was grown. Association advances shall be payable jointly to the producer and the CCC and shall be used to settle the farm-stored loan.

§ 1421.27 Producer-handler purchases of additional peanuts pledged as collateral for a loan.

(a) Producer-handlers may, at any time before loan maturity, forfeit their additional peanuts to CCC and immediately repurchase such peanuts from CCC by paying the amount necessary under the following sales policies:

(1) For unrestricted use, at a price determined by CCC but, for the applicable type, not less than 105 percent of the quota loan rate, if purchased before December 31 of the calendar year in which the crop was grown, and at not less than 107 percent of the quota loan rate, if purchased after December 31 of the calendar year in which the crop was grown;

(2) For edible export, at a price determined by CCC but not less than any minimum sales price determined and announced by CCC; and

(3) For crushing (either domestic or export), at a price determined by CCC but not less than the additional loan rate for the applicable type.

(b) For purchases on or before January 31 following the calendar year in which the crop was grown, the county committee shall determine the sale price under the appropriate sales policy specified in paragraph (a). Loans will be settled at the county office, and amounts collected in excess of that necessary to settle loans will be remitted to the association for the respective area. The association will credit such amounts to the appropriate loan pool. The producer should be listed as a participant in the loan pool for the purpose of determining and distributing net gains from the loan pool.

(c) For purchases after January 31 following the calendar year in which the crop was grown, the county committee shall determine the sale price under the appropriate sales policy specified in paragraph (a). Any amount collected in excess of the loan indebtedness shall accrue to CCC.

[61 FR 37581, July 18, 1996, as amended at 62 FR 62692, Nov. 25, 1997]

§ 1421.28 Required producer-handler records and supervision of farm-stored additional peanuts pledged as collateral for a loan or purchased by a producer-handler from loan.

(a)(1) Each producer-handler shall maintain records as required in part 1446 of this chapter for all additional peanuts that are purchased and sold for which an ASCS-1007, Inspection Certificate and Sales Memorandum, is issued.

(2) The following records shall be maintained for all peanuts purchased from CCC that are not inspected. Each producer-handler shall maintain records that show all sales and other disposals of peanuts. Such records shall show date of sale, quantity, type, and to whom sold. Records shall be maintained in such a manner that will enable the county office to readily reconcile quantities sold with all peanuts produced by the producer. All records shall be maintained for a period of three years following the end of the marketing year in which the peanuts were produced.

(b)(1) The county office shall inspect and account for all additional peanuts pledged as collateral for a loan as determined necessary by the county committee.

(2) The county office shall supervise the disposition of all additional peanuts purchased for use as seed and not inspected. The identical peanuts pledged as collateral for a loan must be disposed of and the producer must account for all peanuts that were under additional loan. The producer-handler shall request a county office representative to supervise the disposition of the peanuts and shall give the county office at least 3 working days notice of the date of such disposition. The county office shall determine the extent to which supervision is needed.

(3) With respect to additional peanuts on which ASCS-1007 is issued, the producer-handler shall be subject to all provisions in part 1446 of this chapter relating to the disposition of additional peanuts.

(c) The producer-handler shall pay all costs of supervision, as determined by the county committee for county office supervision when county office supervision is completed, and or determined by the association for peanuts supervised by association representatives when association supervision is completed.

(d) The producer-handler is subject to penalties as provided in part 1446 of this chapter with respect to any peanuts purchased in accordance with § 1421.27.

§ 1421.29 Loan deficiency payments.

(a) CCC will announce whether loan deficiency payments will be made available to producers on a farm for a specific crop for a crop year.

(b) In order to be eligible to receive loan deficiency payments if such payments are made available for a crop, the producer of such commodity must:

(1) Comply with all of the program requirements to be eligible to obtain loans in accordance with this part;

(2) Agree to forego obtaining such loans;

(3) File and request payment on Form CCC-666 LDP, unless the producer enters into an agreement according to paragraph (h), for a quantity of an eligible commodity; and

(4) Otherwise comply with all program requirements.

(c) The loan deficiency payment rate for a crop shall be the amount by which the loan rate for the crop exceeds the rate at which CCC has announced that producers may repay their loans in accordance with §1421.25. Such rate shall be the amount determined on the day the producer submits a completed request for a loan deficiency payment to the county office. When such request is for rice and the request provides that the loan deficiency payment rate shall be based on the date of delivery, and the documentation of delivery indicates the rice was delivered after 3 p.m. eastern time, the loan deficiency payment rate in effect after 3 p.m. eastern time of the delivery date shall be used. In all other cases for rice where the loan deficiency payment rate is based on the delivery date, the payment rate in effect at 12:00:01 a.m. eastern time of the delivery date shall be used.

(d) The loan deficiency payment applicable to such crop shall be computed by multiplying the loan deficiency payment rate, as determined in accordance with paragraph (c), by the quantity of the crop the producer is eligible to pledge as collateral for a nonrecourse loan for which the loan deficiency payment is requested.

(e) The total amount of loan deficiency payment a producer may receive is limited in accordance with the regulations at part 1400 of this chapter.

(f) CCC will make the loan deficiency payment in accordance with paragraph (d). Notwithstanding any provisions in this part, a loan deficiency payment may be based on 100 percent of the net eligible quantity specified on acceptable evidence of production of the commodity certified as eligible for loan deficiency payment if such production evidence is provided for such commodity. If such production evidence is provided, CCC shall limit such increase in loan deficiency payment quantity to 110 percent of the quantity certified as eligible for such payment.

(g) Notwithstanding any other provision of this section, on the day of the announcement of the adjusted world price, applications for loan deficiency payments for rice that specify the payment rate will not be accepted between 2 p.m. eastern time and the time of the world price announcement.

(h) If the producer enters into an agreement with CCC on or before the date of harvesting a quantity of an eligible commodity and the producer has the beneficial interest in such quantity as specified in accordance with §1421.5(c) on the date the commodity was harvested, the loan deficiency payment rate applicable to such commodity would be the loan deficiency payment rate based on the date the commodity was delivered to the processor, buyer, warehouse, or CMA. In such cases, the producer must meet all the other requirements in paragraph (b) on or before the final date to apply for a loan deficiency payment in accordance with §1421.5.

§ 1421.30 Death, incompetency, or disappearance.

In case of the death, incompetency, or disappearance of any producer who is entitled to the payment of any sum in settlement of a loan or loan deficiency payment, payment shall, upon proper application to the county office that made the loan or loan deficiency payment, be made to the persons who would be entitled to such producer's payment under the regulations contained in part 707 of this title.

§ 1421.31 Recourse loans.

(a) CCC shall make recourse loans available to eligible producers of high moisture corn and high moisture grain sorghum. Repayment of such recourse loans shall be in accordance with the terms and conditions set forth by CCC.

(b) CCC may make recourse loans available to eligible producers with respect to commodities not specified in paragraph (a). Repayment of such recourse loans shall be in accordance with the terms and conditions set forth by CCC when the availability of such recourse loans is announced.

(c) The value of the collateral for settlements described in paragraphs (a)

§ 1421.32

7 CFR Ch. XIV (1-1-99 Edition)

and (b) shall be determined by CCC according to § 1421.22.

§ 1421.32 Handling payments and collections not exceeding \$9.99.

In order to avoid administrative costs of making small payments and handling small accounts, amounts of \$9.99 or less that are due the producer will be paid only upon the producer's request. Deficiencies of \$9.99 or less, including interest, may be disregarded unless demand for payment is made by CCC.

Subpart—Standards for Approval of Warehouses for Grain, Rice, Dry Edible Beans, and Seed

SOURCE: 44 FR 67078, Nov. 23, 1979, unless otherwise noted.

§ 1421.5551 General statement and administration.

(a) This subpart prescribes the requirements which must be met and the procedures which must be followed by a warehouseman in the United States or Puerto Rico who desires the initial or continuing approval by the Commodity Credit Corporation (hereinafter referred to as "CCC") of warehouse(s) for the storage and handling of:

(1) Wheat, oats, corn, rye, barley, sorghums, flaxseed, soybeans, sunflower seed, canola, rapeseed, safflower, mus-

tard, and such other oilseeds as the Secretary may determine under a Uniform Grain Storage Agreement (which commodities are hereinafter referred to as "grain"),

(2) Rough rice under a Uniform Rice Storage Agreement,

(3) Milled rice under a Milled Rice Storage Agreement,

(4) Dry Edible Beans under a Bean Storage Agreement, and

(5) Seed under a Seed Storage Agreement, which are owned by CCC or held by CCC as security for price support loans.

This subpart is not applicable to grain, rough and milled rice, dry edible beans, and seed purchased in store for prompt shipment or to handling operations of a temporary nature.

(b) Copies of the CCC storage agreement and forms required for obtaining approval under this subpart may be obtained from the Kansas City Commodity Office, U.S. Department of Agriculture, P.O. Box 205, Kansas City, Missouri 64141 (hereinafter referred to as the "KCCO").

(c) A warehouse must be approved by KCCO and a storage contract or agreement must be in effect between CCC and the warehouseman before CCC will use such warehouse. The approval of a warehouse or the entering into of a storage contract or agreement does not constitute a commitment that CCC will use the warehouse, and no official or employee of the U.S. Department of Agriculture is authorized to make any such commitment.

(d) A warehouseman, when applying for approval under this subpart, shall submit to CCC at KCCO:

(1) A completed Form CCC-24, "Application for Approval of Warehouse for Grain, Rice, Dry Edible Beans, and Seed", and a completed Form CCC-24-1, "Supplement to Application for Approval of Warehouse for Grain, Rice, Dry Edible Beans, and Seed",

(2) A current financial statement prepared in accordance with generally accepted accounting principles meeting the following requirements:

(i) Each financial statement shall include, but not be limited to the following:

(A) A balance sheet;

Commodity Credit Corporation, USDA

§ 1421.5552

(B) A statement of income (profit and loss);

(C) Statement of retained earnings; and

(D) A statement of changes in the financial position.

(ii) Each financial statement shall be accompanied by one of the following:

(A) A report of audit or review conducted by an independent CPA or an independent public accountant in accordance with standards established by the American Institute of Certified Public Accountants. The accountant's report of audit or review shall include the accountant's certifications, assurances, opinions, comments, and notes with respect to such financial statement, or

(B) A compilation report of the financial statement which is prepared by a grain commission firm or a management firm if such firm has been authorized by the Deputy Vice President, CCC (Deputy Administrator, Commodity Operations, FSA) to provide a compilation report of financial statements of warehousemen.

(iii) All financial statements shall be accompanied by a certification by the chief executive officer of the warehouseman, under penalty of perjury, that the financial statement(s) accurately reflects the financial condition of the warehouseman for the period specified in such statement.

(iv) A current financial statement on Form WA-51-2, "Financial Statement", supported by such supplemental schedules as CCC may request. Financial statements may be submitted on forms other than Form WA-51-2 with approval of the Director, KCCO, or the Director's designee.

(v) Only one financial statement is required for a chain of warehouses owned or operated by a single business entity. If approved by the Director, KCCO, or the Director's designee, the financial statement of a parent company, which includes the financial position of a wholly-owned subsidiary, may be used to meet the CCC standards for approval for the wholly-owned subsidiary.

(3) Evidence that the warehouseman is licensed by the appropriate licensing authority as required under §1421.5552(a)(2) and such other docu-

ments or information as CCC may require.

(e) The provisions of paragraph (d)(2) of this section shall also be applicable to warehousemen who have an existing storage contract with CCC. Such warehousemen with existing storage contracts shall submit their financial statements to CCC in the manner prescribed reflecting their financial condition as of the close of the warehouseman's fiscal or calendar year's operation, whichever is applicable. Thereafter, the financial statements and the audit, review or compilation reports shall be furnished annually to reflect the warehouseman's fiscal or calendar year's operation, whichever is applicable, and at such other times as may be required by the AMS or CCC.

[44 FR 67078, Nov. 23, 1979, as amended at 47 FR 22502, May 25, 1982; Amdt. 4, 50 FR 29640, July 22, 1985; 56 FR 46371, Sept. 12, 1991]

§ 1421.5552 Basic standards.

Unless otherwise provided in this subpart, each warehouseman and each of the warehouses owned or operated by such warehouseman for which CCC approval is sought for the storage or handling of CCC owned or loan commodities shall meet the following standards:

(a) The warehouseman shall:

(1) Be an individual, partnership, corporation, association, or other legal entity engaged in the business of storing or handling for hire, or both, the applicable commodity. The warehouseman, if a corporation, shall be authorized by its charter to engage in such business,

(2) Have a current and valid license for the kind of storage operation for which the warehouseman seeks approval if such a license is required by State or local laws or regulations,

(3) Have a net worth which is the greater of \$50,000 or an amount which is computed by multiplying the maximum storage capacity of the warehouse (the total quantity of the commodity which the warehouseman desires to store and which the warehouse can accommodate when stored in the customary manner) under the approved contract with CCC times twenty-five (25) cents per bushel in the case of

§ 1421.5553

7 CFR Ch. XIV (1-1-99 Edition)

grain, fifty (50) cents per hundredweight in the case of rough rice, eighty-five (85) cents per hundredweight in the case of milled rice, and sixty (60) cents per hundredweight in the case of dry edible beans. In the case of seed, the net worth of the warehouseman shall be at least equal to an amount which is computed by multiplying the estimated number of pounds of seed to be stored times seven (7) cents per pound. If this calculated net worth requirement exceeds \$50,000, the warehouseman may satisfy any deficiency in net worth between the \$50,000 minimum requirement and such calculated net worth requirement by furnishing bonds, irrevocable letters of credit, or other acceptable substitute security meeting the requirements of § 1421.5553.

(4) Have available sufficient funds to meet ordinary operating expenses,

(5) Have satisfactorily corrected upon request by CCC, any deficiencies in the performance of any storage contract or agreement with CCC,

(6) Maintain accurate and complete inventory and operating records,

(7) Use only prenumbered warehouse receipts and scale tickets,

(8) Have available at the warehouse adequate and operable firefighting equipment for the type of warehouse and applicable stored commodity, and

(9) Have a work force and equipment available to complete load out within sixty (60) working days of that quantity of grain, rice, beans, or seed for which the warehouse is or may be approved under the Uniform Grain Storage Agreement, Uniform Rice Storage Agreement, Milled Rice Storage Agreement, Bean Storage Agreement, or Seed Storage Agreement. Notwithstanding the provisions of this paragraph, the load out capacity of any warehouse at a single location need not exceed the equivalent of 200 railroad cars per day.

(b) The warehouseman, officials, or supervisory employees of the warehouseman in charge of the warehouse operations shall have the necessary experience, organization, technical qualifications, and skills in the warehousing business regarding the applicable commodities to enable them to provide proper storage and handling services.

(c) Warehouseman, officials, and each of the supervisory employees of the warehouseman in charge of the warehouse operations shall:

(1) Have a satisfactory record of integrity, judgment, and performance, and

(2) Be neither suspended nor debarred under applicable CCC suspension and debarment regulations.

(d) The warehouse shall:

(1) Be of sound construction, in good state of repair, and adequately equipped to receive, handle, store, preserve, and deliver the applicable commodity,

(2) Be under the control of the contracting warehouseman at all times, and

(3) Not be subject to greater than normal risk of fire, flood, or other hazards.

[44 FR 67078, Nov. 23, 1979, as amended by Amdt. 4, 50 FR 29640, July 22, 1985; 51 FR 32627, Sept. 15, 1986; 55 FR 11572, Mar. 29, 1990]

§ 1421.5553 Bonding requirements for net worth.

A bond furnished by a warehouseman under this subpart must meet the following requirements:

(a) Such bond shall be executed by a surety which:

(1) Has been approved by the U.S. Treasury Department, and

(2) Maintains an officer or representative authorized to accept service of legal process in the State where the warehouse is located.

(b) Such bond shall be on Form CCC-33, "Warehouseman's Bond", except that a bond furnished under State law (statutory bond) or under operational rules of nongovernmental supervisory agencies may be accepted in an equivalent amount as a substitute for a bond running directly to CCC if:

(1) CCC determines that such bond provides adequate protection to CCC,

(2) It has been executed by a surety specified in paragraph (a) of this section or has a blanket rider and endorsement executed by such a surety with the liability of the surety under such rider or endorsement being the same as that of the surety under the original bond, and

(3) It is noncancellable for not less than ninety (90) days or includes a

rider providing for not less than ninety (90) days' notice to CCC before cancellation. Excess coverage on a substitute bond for one warehouse will not be accepted or applied by CCC against insufficient bond coverage on other warehouses.

(c) Cash and negotiable securities offered by a warehouseman may be accepted by CCC in lieu of the equivalent amount of required bond coverage. Any such cash or negotiable securities accepted by CCC will be returned to the warehouseman when the period for which coverage was required has ended and there appears to CCC to be no liability under the storage contract or agreement.

(d) A legal liability insurance policy may be accepted by CCC in lieu of the required amount of bond coverage provided such policy contains a clause or rider making the policy payable to CCC, CCC determines that it affords protection equivalent to a bond, and the Office of the General Counsel, U.S. Department of Agriculture, approves it for legal sufficiency.

(e) An irrevocable letter of credit may be accepted by CCC in lieu of the required amount of bond coverage provided that the issuing bank is a commercial bank insured by the Federal Deposit Insurance Corporation. Such standby letter of credit shall be on Form CCC-33A, "Irrevocable Letter of Credit", or on such other form as may be specifically approved by the Director, KCCO, or the Director's designee.

§ 1421.5554 Examination of warehouses.

Except as otherwise provided in this subpart, a warehouse must be examined by a person designated by CCC before it may be approved by CCC for the storage or handling of commodities and periodically thereafter to determine its compliance with CCC's standards and requirements.

§ 1421.5555 Exceptions.

Notwithstanding any other provisions of this subpart:

(a) The financial, bond, and original and periodic warehouse examination provisions of this subpart do not apply

to any warehouseman approved or applying for approval for the storage and handling of commodities under CCC programs if the warehouse is licensed under the U.S. Warehouse Act for such commodities but a special examination shall be made of such warehouse whenever CCC determines such action is necessary.

(b) A warehouseman who has a net worth of at least \$50,000 but who fails or whose warehouse fails to meet one or more of the other standards of this subpart may be approved if:

(1) CCC determines that the warehouse services are needed and the warehouse storage and handling conditions provide satisfactory protection for the commodity, and

(2) The warehouseman furnishes such additional bond coverage (or cash or acceptable negotiable securities or legal liability insurance policy) as may be prescribed by CCC.

§ 1421.5556 Approval of warehouses, requests for reconsideration.

(a) CCC will approve a warehouse if it determines that the warehouse meets the standards set forth in this subpart. CCC will send a notice of approval to the warehouseman. Approval under this subpart, however, does not relieve the warehouseman of the responsibility for performing the warehouseman's obligations under any agreement with CCC or any other agency of the United States.

(b) Except as otherwise provided in this subpart:

(1) CCC will not approve the warehouse if CCC determines that the warehouse does not meet the standards set forth in this subpart, and

(2) CCC will send any notice of rejection of approval to the warehouseman. The notice will state the cause(s) for such action. Unless the warehouseman or any officials or supervisory employees of the warehouseman are suspended or debarred, CCC will approve the warehouse if the warehouseman establishes that the causes for CCC's rejection of approval have been remedied.

(c) If rejection of approval by CCC is due to the warehouseman's failure to meet the standards set forth:

(1) In § 1421.5552, other than the standard set forth in paragraph (c)(2) thereof, the warehouseman may, at any time after receiving notice of such action, request reconsideration of the action and present to the Director, KCCO, in writing, information in support of such request. The Director shall consider such information in making a determination and notify the warehouseman in writing of such determination. The warehouseman may, if dissatisfied with the Director's determination, obtain a review of the determination and an informal hearing thereon by filing an appeal with the Deputy Administrator, Commodity Operations, Farm Service Agency (hereinafter referred to as "FSA"). The time of filing appeals, forms for requesting an appeal, nature of the informal hearing, determination and reopening of the hearing shall be as prescribed in the FSA regulations governing appeals, 7 CFR part 780. When appealing under such regulations, the warehouseman shall be considered as a "participant"; and

(2) In § 1421.5552(c)(2), the warehouseman's administrative appeal rights with respect to suspension and debarment shall be in accordance with applicable CCC regulations. After expiration of a period of suspension or debarment, a warehouseman may, at any time, apply for approval under this subpart.

§ 1421.5557 Exemption from requirements.

If warehousing services in any area cannot be secured under the provisions of the subpart and no reasonable and economic alternative is available for securing such services for commodities under CCC programs, the President or Executive Vice President, CCC, may temporarily exempt, in writing, applicants for storage agreements and warehousemen who are currently under contract with CCC in such area from one or more of the standards of this subpart and may establish such other standards as are considered necessary to satisfactorily safeguard the interests of CCC.

§ 1421.5558 Contract and application and inspection fees.

(a) Each warehouseman who has a non-federally licensed grain or rice warehouse in States that do not have a Cooperative Agreement with CCC for warehouse examinations must pay an annual contract fee to CCC for each such warehouse which is approved by CCC or for which CCC approval is sought as follows:

(1) A warehouseman who has an existing agreement with CCC for the storage or handling of CCC-owned commodities or commodities pledged to CCC as loan collateral must pay an annual contract fee for each warehouse approved under that agreement in advance of the renewal date of such agreement.

(2) All grain and rice warehousemen who do not have an existing agreement with CCC for the storage and handling of CCC-owned commodities or commodities pledged to CCC as loan collateral but who desire such an agreement must pay an application and inspection fee for each warehouse for which CCC approval is sought prior to CCC conducting the original warehouse examination. The annual contract fee must be paid by the warehouseman to CCC prior to the time that the agreement is entered into.

(3) The contract fee will be prorated based upon the total number of months for which the contract is to be effective.

(4) CCC may, upon the request of a warehouseman, conduct an examination of a warehouse for the sole benefit of the warehouseman and such warehouseman shall pay to CCC a fee equal to 1½ times the amount of the warehouseman's annual contract fee for such examination.

(b) Any subsequent changes in the contract and application fees shall be announced in the FEDERAL REGISTER.

Subpart—Standards for Approval of Dry and Cold Storage Warehouses for Processed Agricultural Commodities, Ex- tracted Honey, and Bulk Oils

SOURCE: 44 FR 67081, Nov. 23, 1979, unless otherwise noted.

§ 1423.1 General statement and administration.

(a) This subpart prescribes the requirements which must be met and the procedures which must be followed by a warehouseman in the United States or Puerto Rico who desires the approval by the Commodity Credit Corporation (hereinafter referred to as "CCC") of warehouse(s) for the storage and handling of:

(1) Dry or refrigerated processed agricultural commodities under a Processed Commodities Storage Agreement (hereinafter referred to as "processed commodities"),

(2) Bulk oils, under a Contract or Agreement for Tank Storage, which are owned by CCC or held by CCC as collateral for price support loans, and

(3) Extracted Honey (hereinafter referred to as "honey") under a Honey Storage Agreement, either in bulk or in containers meeting specifications in the applicable honey price support regulations, which is owned by CCC or held by CCC as security for price support loans. This subpart shall not apply to processed commodities, extracted honey, and bulk oils purchased in store by CCC for prompt shipment or to handling of commodities.

(b) Copies of the CCC storage agreement and forms required for obtaining approval under this subpart may be obtained from the Kansas City Commodity Office, U.S. Department of Agriculture, P.O. Box 205, Kansas City, Missouri 64141 (hereinafter referred to as the "KCCO").

(c) A warehouse must be approved by KCCO and a storage contract or agreement must be in effect between CCC and the warehouseman before CCC will use such warehouse. The approval of a warehouse or the entering into of a storage contract or agreement does not constitute a commitment that CCC will use the warehouse, and no official or employee of the U.S. Department of Agriculture is authorized to make any such commitment.

(d) A warehouseman when applying for approval under this subpart, shall submit to CCC at KCCO:

(1) A completed Form CCC-560, "Application for Approval of Warehouse (Processed Commodities)", or Form CCC-513, "Application for Approval of Tank Farm", or Form CCC-55, "Application for Approval of Warehouse for Honey Storage Contract", whichever is applicable,

(2) A current financial statement on Form WA-51, "Financial Statement", supported by such supplemental schedules as CCC may request. Financial statements may be submitted on forms other than Form WA-51 with approval of the Director, KCCO, or the Director's designee. Financial statements shall show the financial condition of the warehouseman as of a date no earlier than ninety (90) days prior to the date of the warehouseman's application, or such other date as CCC may prescribe. Additional financial statements shall be furnished annually and

at such other times as CCC may require. CCC also may require that financial statements prepared by the warehouseman or by a public accountant be examined by an independent certified public accountant in accordance with generally accepted auditing standards. Only one financial statement is required for a chain of warehouses owned or operated by a single business entity. If approved by the Director, KCCO, or the Director's designee, the financial statement of a parent company, which includes the financial position of a wholly-owned subsidiary, may be used to meet the CCC standards for approval for the wholly-owned subsidiary.

(3) Copies of the warehouseman's tariff and any changes thereto, and

(4) Evidence that the warehouseman is licensed by the appropriate licensing authority as required under § 1423.2(a)(2) and such other documents or information as CCC may require.

[44 FR 67081, Nov. 23, 1979, as amended at 45 FR 84009, Dec. 22, 1980; Amdt. 3, 50 FR 42512, Oct. 21, 1985]

§ 1423.2 Basic standards.

Unless otherwise provided in this subpart, each warehouseman and each of the warehouses owned or operated by such warehouseman for which CCC approval is sought for the storage or handling of CCC-owned or loan commodities shall meet the following standards:

(a) The warehouseman shall:

(1) Be an individual, partnership, corporation, association, or other legal entity engaged in the business of storing or handling for hire, or both, the applicable commodity. The warehouseman, if a corporation, shall be authorized by its charter to engage in such business.

(2) Have a current and valid license for the kind of storage operation for which the warehouseman seeks approval if such a license is required by State or local laws or regulations.

(3) Have a net worth which is the greater of \$25,000 or (i) for dairy and other processed commodities (other than those shown in paragraph (a)(3)(ii) of this section, the amount which results from multiplying five (5) percent of the current purchase price, times the quantity of the commodity to be stored; (ii) for honey, sugar and bulk

oils, the amount which results from multiplying the storage capacity of the flat warehouse space available to CCC or the maximum capacity of the bulk tank(s), whichever is applicable, times five (5) percent of the current loan value for honey and sugar and five (5) percent of the current market value for bulk oils. The net worth need not exceed \$250,000. If the calculated net worth exceeds \$25,000, the warehouseman may satisfy any deficiency in net worth between the \$25,000 minimum requirement and such calculated net worth by furnishing bonds (or acceptable substitute security) meeting the requirements of § 1423.3,

(4) Have available sufficient funds to meet ordinary operating expenses,

(5) Have satisfactory corrected, upon request by CCC, any deficiencies in the performance of any storage contract or agreement with CCC,

(6) Use only warehouse receipts or such other documents as CCC may prescribe,

(7) Maintain accurate and complete inventory and operating records,

(8) Have available at the warehouse adequate and operable firefighting equipment for the type of warehouse and applicable stored commodity, and

(9) Have a work force and equipment available to complete loadout as stated below or as CCC may prescribe:

(i) Forty-five (45) working days of the total quantity of all honey and processed commodities stored for CCC.

(ii) Seventy-five (75) working days of that quantity of bulk oils for which the warehouse is or may be approved under a contract with CCC.

(b) The warehouseman, officials, or supervisory employees of the warehouseman in charge of the warehouse operations shall have the necessary experience, organization technical qualifications, and skills in the warehousing business regarding the applicable commodity to enable them to provide proper storage and handling services.

(c) Warehouseman, officials, and each of the supervisory employees of the warehouseman in charge of the warehouse operations shall:

(1) Have a satisfactory record of integrity, judgment, and performance, and

(2) Be neither suspended nor debarred under applicable CCC suspension and debarment regulations.

(d) The warehouse shall:

(1) Be of sound construction, in good state of repair, and adequately equipped to receive, handle, store, preserve, and deliver the applicable commodity,

(2) Be under the control of the contracting warehouseman at all times. If a warehouse is leased by the warehouseman, a copy of the written lease agreement must be furnished to CCC at the time the warehouseman applies for approval under this subpart. The lease agreement must be renewable and must provide that the lessor cannot cancel the agreement without giving at least 120 days notice to the warehouseman. All leases are subject to approval by the CCC Contracting Officer, and

(3) Not be subject to greater than normal risk of fire, flood or other hazards.

§ 1423.3 Bonding requirements for net worth.

A bond furnished by a warehouseman under this subpart must meet the following requirements:

(a) Such bond shall be executed by a surety which:

(1) Has been approved by the U.S. Treasury Department, and

(2) Maintains an officer or representative authorized to accept service of legal process in the State where the warehouse is located.

(b) Such bond shall be on Form CCC-33, "Warehouseman's Bond", except that a bond furnished under State law (statutory bond) or under operational rules of nongovernmental supervisory agencies may be accepted in an equivalent amount as a substitute for a bond running directly to CCC if:

(1) CCC determines that such bond provides adequate protection to CCC.

(2) It has been executed by a surety specified in paragraph (a) of this section or has a blanket rider and endorsement executed by such a surety with the liability of the surety under such rider or endorsement being the same as that of the surety under the original bond, and

(3) It is noncancellable for not less than one hundred twenty (120) days or includes a rider providing for not less than one hundred twenty (120) days' notice to CCC before cancellation. Excess coverage on a substitute bond for one warehouse will not be accepted or applied by CCC against insufficient bond coverage on other warehouses.

(c) Cash and negotiable securities offered by a warehouseman may be accepted by CCC in lieu of the equivalent amount of required bond coverage. Any such cash or negotiable securities accepted by CCC will be returned to the warehouseman when the period for which coverage was required has ended and there appears to CCC to be no liability under the storage contract or agreement.

(d) A legal liability insurance policy may be accepted by CCC in lieu of the required amount of bond coverage provided such policy contains a clause or rider making the policy payable to CCC. CCC determines that it affords protection equivalent to a bond, and the Office of the General Counsel, U.S. Department of Agriculture, approves it for legal sufficiency.

(e) An irrevocable letter of credit may be accepted by CCC in lieu of the required amount of bond coverage provided that the issuing bank is a commercial bank insured by the Federal Deposit Insurance Corporation. Such standby letter of credit shall be on Form CCC-33A, "Irrevocable Letter of Credit", or on such other form as may be specifically approved by the Director, KCCO, or the Director's designee.

§ 1423.4 Examination of warehouses.

Except as otherwise provided in this subpart a warehouse must be examined by a person designated by CCC before it may be approved by CCC for the storage or handling of commodities and periodically thereafter to determine its compliance with CCC's standards and requirements.

§ 1423.5 Exceptions.

Notwithstanding any other provisions of this subpart:

(a) The financial, bond, and original and periodic warehouse examination provisions of this subpart do not apply to any warehouseman approved or applying for approval for the storage and handling of commodities under CCC programs if the warehouse is licensed under the U.S. Warehouse Act for such commodities, but a special examination shall be made of such warehouse whenever CCC determines such action is necessary.

(b) A warehouseman who has a net worth of at least \$25,000 but who fails, or whose warehouse fails, to meet one or more of the other standards of this subpart may be approved if:

(1) CCC determines that the warehouse services are needed and the warehouse storage and handling conditions provide satisfactory protection for the commodity, and

(2) The warehouseman furnishes such additional bond coverage (or cash or acceptable negotiable securities or legal liability insurance policy) as may be prescribed by CCC.

§ 1423.6 Approval of warehouse, requests for reconsideration.

(a) CCC will approve a warehouse if it determines that the warehouse meets the standards set forth in this subpart. CCC will send a notice of approval to the warehouseman. Approval under this subpart, however, does not relieve the warehouseman of the responsibility for performing the warehouseman's obligations under any agreement with CCC or any other agency of the United States.

(b) Except as otherwise provided in this subpart:

(1) CCC will not approve the warehouse if CCC determines that the warehouse does not meet the standards set forth in this subpart; and

(2) CCC will send any notice of rejection of approval to the warehouseman. The notice will state the cause(s) for such action. Unless the warehouseman or any officials or supervisory employees of the warehouseman are suspended

or debarred, CCC will approve the warehouse if the warehouseman establishes that the causes for CCC's rejection of approval have been remedied.

(c) If rejection of approval by CCC is due to the warehouseman's failure to meet the standards set forth:

(1) In § 1423.2, other than the standard set forth in paragraph (c)(2) thereof, the warehouseman may, at any time after receiving notice of such action, request reconsideration of the action and present to the Director, KCCO, in writing, information in support of such request. The Director shall consider such information in making a determination and notify the warehouseman in writing of such determination. The warehouseman may, if dissatisfied with the Director's determination, obtain a review of the determination and an informal hearing thereon by filing an appeal with the Deputy Administrator, Commodity Operations, Farm Service Agency (hereinafter referred to as "FSA"). The time of filing appeals, forms for requesting an appeal, nature of the informal hearing, determination and reopening of the hearing shall be as prescribed in the FSA regulations governing appeals, 7 CFR part 780. When appealing under such regulations, the warehouseman shall be considered as a "participant"; and

(2) In § 1423.2(c)(2), the warehouseman's administrative appeal rights with respect to suspension and debarment shall be in accordance with applicable CCC regulations. After expiration of a period of suspension or debarment, a warehouseman may, at any time, apply for approval under this subpart.

§ 1423.7 Exemption from requirements.

(a) If warehousing services in any area cannot be secured under the provisions of this subpart, and no reasonable and economical alternative is available for securing such services, the President or Executive Vice President, CCC, may exempt, in writing, applicants in such area from one or more of the standards of this subpart and may establish such other standards as are considered necessary to safeguard satisfactorily the interests of CCC.

(b) Warehousemen who are currently under contract with CCC will be required to meet the terms and conditions of these regulations at the time of renewal of their contract.

§ 1425.1 Applicability.

This part sets forth the terms and conditions an approved Cooperative

Marketing Association (CMA) must meet to obtain commodity marketing assistance loans (loans) and loan deficiency payments (LDP's) from CCC on behalf of its members. A CMA meeting these terms and conditions may obtain loans and LDP's for any eligible commodity for which a loan and LDP program is in effect.

§ 1425.2 Administration.

On behalf of CCC, the Farm Service Agency will administer the provisions of this part under the general direction and supervision of the Deputy Administrator for Farm Programs. In the field, the provisions of this part will be administered by the State and county FSA committees.

§ 1425.3 Definitions.

The definitions set forth in this section shall be applicable for all purposes of program administration. The terms defined in parts 718 of this title and parts 1421 and 1427 of this chapter shall also be applicable, except where those definitions conflict with the definitions in this section.

Active member is a member who has utilized the services offered by a CMA in one of the three preceding CMA fiscal years or such shorter period as may be provided in the CMA's articles of incorporation or bylaws.

Approved cooperative marketing association (CMA) is a cooperative approved by CCC to participate in loan and LDP programs for any authorized commodity.

Authorized commodity is a commodity for which a CMA is approved by CCC to obtain loans or LDP's. Commodities for which a CMA may be approved by CCC are barley, canola, corn, cotton, flaxseed, mustard seed, oats, rapeseed, rice, safflower, sorghum, soybeans, sunflower seed, and wheat.

Cooperative is a business owned and controlled by the producers who use its services and operated under generally accepted cooperative principles.

Eligible commodity is a commodity which meets the commodity's eligibility requirements set forth in chapter XIV of this title, and is produced and delivered to the CMA from a producer eligible for loan or LDP.

Loan pool is any CMA pool containing commodities used by the CMA to obtain either loans or LDP's.

Market gain is the sum of loan rate, minus the repayment rate on loans repaid with less than the loan rate, plus for LDP's, the same rate, times the quantity of commodity. Market gains cannot exceed the producer's applicable payment limitation as set out in part 1400 of this chapter.

Member is a producer who:

- (a) Has fully paid for membership stock or earned equity credits in the CMA;
- (b) Has executed a uniform marketing agreement with the CMA; and
- (c) Is entitled to all CMA membership rights.

§ 1425.4 Approval.

(a) For a cooperative to gain CMA status to participate in a marketing assistance loan or LDP program for the 1997 through 2002 crop years, a cooperative must submit an application for approval to CCC. An application must include:

- (1) A completed Form CCC-846 indicating commodities for which it seeks approval;
- (2) A balance sheet, dated within the last year, prepared for the cooperative and accompanied by a letter from an independent Certified Public Accountant, certifying that the balance sheet was prepared in accordance with generally accepted accounting principles;
- (3) A copy of the articles of incorporation or articles of association and all marketing agreements for loan pools, together with a certification that this material is current;
- (4) Resolutions made by the cooperative's board of directors stating the cooperative will abide by provisions of this part, the nondiscrimination provisions thereof, and all other related CCC policies;
- (5) A detailed description of how proceeds from each loan pool will be distributed to members as provided for in § 1425.18;
- (6) An executed form CCC-Cotton G, Cotton Cooperative Loan Agreement, by cooperatives applying for approval to participate in the cotton loan and LDP program; and

(7) Other information as requested by CCC concerning the organizational, operational, financial or any other aspect of the cooperative requested by CCC related to the cooperative's proposed methods of conducting CCC loan and LDP business.

(b) A CMA must submit, on an annual basis, the following information to CCC:

- (1) A completed Form CCC-846-1, which shall disclose:
 - (i) The number of active and inactive CMA members;
 - (ii) The CMA's allocated equity;
 - (iii) The CMA's unallocated equity; and
 - (iv) Quantity of each loan pool commodity delivered to the CMA for marketing and the portion of such commodities received from active members during the prior year.
- (2) The CMA's latest balance sheet. This balance sheet must be dated within the past year and be accompanied by a letter from an independent Certified Public Accountant certifying that the balance sheet was prepared in accordance with generally accepted accounting principles.

(c) A CMA shall furnish information to CCC within thirty calendar days relating to any:

- (1) Change in its articles of incorporation and loan pool marketing agreements;
- (2) Resolution affecting loan or LDP operations;
- (3) Change to the CMA's name, address, phone number, or related data shown on the CCC-846-1;
- (4) Change in loan pool operations with an explanation and justification; and
- (5) Additional information CCC may request related to the CMA's continued approval by CCC.

(d) CCC may require a CMA to submit a new initial application instead of a recertification application when it questions whether the CMA is operating according to documents previously submitted.

§ 1425.5 Confidentiality.

Information submitted to CCC related to trade secrets, financial or commercial operations, or the financial condition of a CMA, whether for initial

approval or continued approval, shall be kept confidential by the officers, agents, and employees of CCC and the Department of Agriculture except as required to be disclosed by law.

§ 1425.6 Approved CMA's.

(a) CCC shall, in accordance with the provisions of this part, approve a CMA to obtain marketing assistance loans and LDP's.

(b) CCC may approve a CMA to participate in a marketing assistance loan and LDP program for the 1997 through 2002 crop as:

- (1) Unconditionally approved; or
- (2) Conditionally approved.

(c) If CCC determines a CMA is in substantial but not total compliance with the requirements of this part, CCC may make the approval conditional on CMA coming into full compliance within a reasonable period of time as specified in the notification of conditional approval.

(d) A CMA is approved to participate in a marketing assistance loan and LDP program until the CMA's approval is suspended or terminated by CCC.

§ 1425.7 Suspension and termination of approval.

(a) CCC may suspend a CMA from obtaining loans and LDP's when CCC determines the CMA has not:

- (1) Operated according to the CMA's application for approval or its last recertification submission;
- (2) Complied with applicable regulations;
- (3) Corrected deficiencies of the CMA's operation as noted by CCC; or
- (4) Violated any of its agreements with CCC.

(b) A suspension may be lifted when CCC determines the CMA has complied with all requirements for approval. When suspensions are not lifted within 1 year, or a shorter time period if so indicated in CCC's suspension notification, the CMA's approval automatically terminates.

(c) CCC may terminate a CMA's approval by giving the CMA written notice of the termination.

(d) A CMA may, when it does not have any marketing assistance loans outstanding, through written notice to

CCC, voluntarily terminate its participation in a loan and LDP program.

(e) CCC may, on demand, call all outstanding CCC loans made to a suspended or terminated CMA. When loans are called, CCC will provide at least 10 calendar days written notice to the CMA. Commodities pledged as collateral for loans must be repaid by the date specified by CCC. If redemption is not made by the date specified, title to the commodity shall vest in CCC and CCC shall have no obligation to pay the commodity's market value above the principal amount of such loans.

§ 1425.8 Ownership and control.

(a) CMA's must be owned and controlled by active members of the CMA.

(b) The CMA must provide evidence that:

- (1) Active members own more than 50 percent of its allocated equity; and
- (2) A majority of directors are active members of the CMA or authorized representatives of active members.

(c) An applicant cooperative or a CMA, not under the ownership or control, of its active members, may be approved by CCC if it is able to establish that, by retiring the equity of its inactive members or by obtaining new members, it can vest ownership and control in its active members, as required by this section, by a date specified by CCC.

§ 1425.9 Open membership.

(a) The CMA shall provide CCC documented proof that the CMA admits every membership applicant who is eligible under the statute regulating the CMA.

(b) Notwithstanding paragraph (a) of this section, a CMA may refuse membership to an applicant whose admission would prejudice, hinder, or otherwise obstruct the interests or purposes of the CMA.

§ 1425.10 Financial ratio requirement.

To be financially able to make advances to their members and to market their commodities, CMA's shall have a current ratio of at least 1 dollar of current assets for each 1 dollar of current liabilities (current ratio of 1:1 or better) on the balance sheet it submits to

CCC with its initial application or annual recertification required in § 1425.4.

§§ 1425.11–1425.12 [Reserved]

§ 1425.13 Uniform marketing agreement.

(a) A CMA must enter into a uniform marketing agreement with each member who delivers a commodity to a loan pool.

(b) The identification number used by the member to report acreage on applicable farms to FSA must appear on the marketing agreement.

§ 1425.14 Member business.

(a) At least 50 percent of a crop of an authorized commodity acquired by, or delivered to, a CMA for marketing must be produced by its members for the CMA to obtain a loan or LDP for such crop. CCC may, for a period not to exceed 2 years, waive this requirement if:

(1) The CMA can establish to CCC that such authorization is necessary for the efficient operation of the CMA; and

(2) The CMA's plan, approved by CCC, will bring the CMA into compliance with the provisions of this section.

(b) Commodities purchased or acquired from CCC and processed products acquired from other processors or merchandisers shall not be considered in determining the volume of member or nonmember business.

§ 1425.15 Vested authority.

The marketing agreement between the CMA and its members shall give the CMA the authority to pledge the commodity as collateral for a loan, to place a lien on such commodity, and to market the commodity on behalf of its members even though the individual members retain the right, in effect, to determine the price at which the commodity can be marketed by the CMA.

§ 1425.16 Payment limitation.

CMA's shall monitor market gains they receive from CCC on behalf of their members and not obtain market gains for a member above the member's payment limitation determined in accordance with part 1400 of this chapter.

§ 1425.17 Eligible commodity and pooling.

(a) A CMA may establish separate loan pools as needed for quantities of a commodity.

(b) Loans and, if applicable, LDP's will be available to CMA's for any eligible commodity in a loan pool as provided in paragraph (e) of this section and the beneficial interest provisions of parts 1421 and 1427 of this chapter.

(c) A pool shall be eligible for loans and LDP's if:

(1) All of the commodity in the pool is eligible for loans or LDP's, except as provided in paragraphs (d) and (e) of this section;

(2) The commodity was delivered by members to the CMA for their benefit;

(3) The commodity was delivered and the members are eligible for loans and LDP's;

(4) Members retain the right to share in marketing proceeds from the commodity in accordance with § 1425.18; and

(5) Members agreed to accept a payment of initial advances from the CMA in accordance with § 1425.18(a).

(d) Ineligible commodities may be included in eligible pools when:

(1) The CMA inadvertently included ineligible quantities based on grade, quality, bale weight or repacking in the case of cotton, or other factors; or

(2) There are eligibility discrepancies within FSA records, the producer has certified to the CMA that the commodity is eligible for loan, and there is no market gain or LDP involved in the loan pool for the crop year.

(e) A CMA may, for a period of time as specified in Handbook 1-CMA, include a commodity that is ineligible based on FSA records when the producer has certified to the CMA the commodity is eligible. In these instances, CCC specifies a time period during which CMA's may obtain loan or LDP's on the applicable quantity while the eligibility status is resolved. If the final resolution is that the commodity was ineligible, the CMA must repay any loans outstanding with principal plus interest and any market gains obtained plus interest from the date of receiving the market gain through the repayment date.

(f) The CMA must have in inventory a quantity of commodity delivered by

members of each class and grade at least equal to the quantity each class and grade pledged as loan collateral.

(g) Loans will be available to the CMA for the quantity of a farm-stored commodity that is, pursuant to such CMA marketing agreement with a member, part of the CMA's loan pool.

(h) A CMA shall have identity-preserved loan pool commodities stored in approved warehouses while the commodities are pledged as collateral for loan.

(i) Loan eligibility for commingled commodities stored on a farm or in a warehouse may be transferred to an approved warehouse.

(j) Commodities pledged as collateral for CCC loans shall be free and clear of all liens and encumbrances based on a CMA's financial agreements or the CMA shall obtain a completed form CCC-679, Lien Waiver. When liens are applicable based on CMA financial agreements, the CMA shall provide CCC the completed CCC-679. CMA's shall not take any action to cause a lien or encumbrance to be placed on a commodity after a loan is approved.

(k) If a loan or LDP is obtained for any quantity in a loan pool, allocations of costs and expenses among separate pools for the commodity in the pool shall be made according to generally accepted accounting principles.

(l) A CMA shall not apply marketing losses from a commodity not used to obtain a loan or LDP against the marketing proceeds of a commodity used to obtain a loan or LDP.

(m) CMA's shall not carry forward losses from one loan pool and apply them against a subsequent loan pool without CCC's authorization. CCC may grant authorization when it determines that carrying forward the loss complies with CCC's loan and LDP program intent.

(n) The CMA is responsible to CCC for any loss related to commodities the CMA pledged as collateral for loan or used to obtain LDP related to:

(1) The CMA failing to comply with these regulations;

(2) Changes in quantity or quality of either warehouse or farm stored commodities; or

(3) Liens based on either the CMA's or its members' financial agreements.

§ 1425.18 Distribution of proceeds.

(a)(1) If CCC makes loans or LDP's for any quantity in a loan pool, the related proceeds shall be distributed to members participating in the pool:

(i) Based on the quantity and quality of the commodity delivered by each member;

(ii) Less any authorized charges for services performed or paid by the CMA necessary to condition the commodity or otherwise make the commodity eligible for loans or LDP's; and

(iii) Within 15 work days from the date the CMA receives loan or LDP proceeds from CCC, except when loans are redeemed within 15 work days of the date of the loan.

(2) CMA's may credit advances to its members made before loans and LDP's are obtained against the distribution of loan and LDP proceeds requirement in paragraph (a)(1)(iii) of this section.

(b)(1) Except as provided in paragraph (b)(2) of this section, loan pool proceeds shall not be combined with non-loan pool proceeds and the CMA shall distribute loan pool proceeds according to the information it provided CCC in accordance with § 1425.4(b)(7).

(2) Sales proceeds from a loan pool may be combined with sales proceeds from other pools if the proceeds from such pools are allocated among the pools according to the quantity and quality of the commodity included in the pools.

(3) Loan and LDP proceeds shall only be issued to members involved in pools used for loans or LDP's.

(4) When notified by CCC that loan and LDP distributions to a member must be reduced for a program year, farm, or crop, a CMA shall not make subsequent pool distributions and shall reimburse CCC for distributions previously issued, if applicable.

§ 1425.19 Member cooperatives.

A CMA may obtain loans or LDP's on behalf of a member cooperative when the member cooperative is itself a CMA operating in accordance with this part. Loans and LDP's are restricted based on the CMA obtaining the loan or LDP.

§ 1425.20 [Reserved]

§ 1425.21 Records required.

(a) A CMA shall maintain records for each loan or LDP commodity showing the quantity:

(1) Received from each member and nonmember;

(2) Eligible for loans and LDP's;

(3) By quality factors specified in the applicable commodity regulations including class, grade, and quality, where applicable; and

(4) Of unprocessed inventory broken down by items 1 through 3 above.

(b) Except as provided in paragraph (c) of this section, inventory shall be allocated in the following manner until all inventory in a loan pool is depleted:

(1) For processed commodities, the pool's inventory shall be adjusted when the commodity is withdrawn from inventory for processing; and

(2) For commodities that are not processed, the pool's inventory shall be allocated to the pool and the pool's inventories adjusted when the commodity is shipped.

(c) Records of loan and non-loan pool dispositions do not have to be maintained separately when sales proceeds from pools are allocated according to the quantity and quality of commodity in the pools.

§ 1425.22 Inspection and investigation.

(a) The books, documents, papers, and records of the CMA and subsidiaries shall be maintained for five years after the applicable crop year and shall be available to CCC for inspection and examination at all reasonable times.

(b) At any time after an application is received, CCC shall have the right to examine all books, documents, papers, and determine whether the CMA is operating or has operated in accordance with the regulations in this part, its articles of incorporation or articles of association, and agreements with producers, the representations made by the CMA in its application for approval, and, where applicable, its agreements with CCC.

§ 1425.23 Reports.

(a) CMA's shall annually provide CCC a report of all commodity deliveries in-

volved in loans and LDP's by FSA farm number for each member.

(b) When requested by CCC, CMA's shall report market gains received on behalf of each member.

§ 1425.24 OMB control number assigned pursuant to Paperwork Reduction Act.

The information collection requirements contained in these regulations (7 CFR 1425) have been approved by the Office of Management and Budget (OMB) under the provisions of 44 U.S.C. Chapter 35 and have been assigned OMB number 0560-0040.

SOURCE: 61 FR 37601, July 18, 1996, unless otherwise noted.

§ 1427.1 Applicability.

(a) The regulations of this subpart are applicable to the 1996 through 2002 crops of upland cotton and extra long staple cotton. These regulations set forth the terms and conditions under which the nonrecourse cotton loan program and the loan deficiency payment program shall be administered by the Commodity Credit Corporation (CCC). Additional terms and conditions shall be set forth in the note and security agreement and loan deficiency payment application which must be executed by a producer to receive loans and loan deficiency payments.

(b) The basic loan rates, the schedule of premiums and discounts, and forms applicable to the nonrecourse cotton loan and loan deficiency payment programs are available in State and county Farm Service Agency (FSA) offices (State and county offices, respectively). The forms for use in connection with the programs in this subpart shall be prescribed by CCC.

(c) Loans and loan deficiency payments shall not be available for any cotton produced on land owned or otherwise in the possession of the United States if such land is occupied without the consent of the United States.

§ 1427.2 Administration.

(a) The nonrecourse loan and loan deficiency payment programs which are applicable to a crop of cotton shall be administered under the general supervision of the Executive Vice President, CCC, (Administrator, FSA), or a designee and shall be carried out by State and county FSA committees (State and county committees, respectively).

(b) State and county committees, and representatives and employees thereof, do not have the authority to modify or waive any of the provisions of the regulations of this subpart.

(c) The State committee shall take any action required by these regulations which has not been taken by the county committee. The State committee shall also:

(1) Correct, or require a county committee to correct, an action taken by such county committee which is not in accordance with the regulations of this subpart; or

(2) Require a county committee to withhold taking any action which is not in accordance with the regulations of this subpart.

(d) No provision or delegation herein to a State or county committee shall preclude the Executive Vice President, CCC (Administrator, FSA), or a designee from determining any question arising under the cotton loan and loan deficiency payment programs or from reversing or modifying any determination made by the State or county committee.

(e) The Deputy Administrator for Farm Programs, FSA, may authorize State or county committees to waive or modify deadlines and other program requirements in cases where lateness or failure to meet such other program requirements does not adversely affect the operation of the nonrecourse cotton loan or loan deficiency payment programs.

(f) A representative of CCC may execute loan note and security agreements and loan deficiency payment applications and related documents only under the terms and conditions determined and announced by CCC. Any such document which is not executed in accordance with such terms and conditions, including any purported execution prior to the date authorized by CCC, is null and void.

(ii) Enters into a contract to sell the cotton if the producer retains title, risk of loss, and beneficial interest in the commodity and the purchaser does not pay to the producer any advance payment amount to enter into such contract, except as provided in part 1425 of this chapter; or

(iii) Executes Form CCC-605, Designation of Agent. Such designation:

(A) Allows the producer to authorize an agent or subsequent agent to redeem all or a portion of the cotton pledged as collateral for a loan;

(B) Identifies the warehouse receipts for which the authorization is given;

§ 1427.6

7 CFR Ch. XIV (1-1-99 Edition)

(C) Expires upon maturity of the loan;

(D) Allows agents so designated by the producer to designate a subsequent agent by endorsement of the form by the agent;

(E) Must be presented at the time the loan is repaid at the county office or loan servicing agent where the loan originated if the agent or subsequent agent exercises any authority granted by the producer; and

(F) May be canceled by the producer by providing the custodial office a written request signed and dated by the producer showing the name of the agent, the loan number, and the bales applicable to the Form CCC-605. The effective date of the cancellation shall be the date the request is received by the custodial office.

(3) If loans or loan deficiency payments are made available to producers through a CMA, the beneficial interest in the cotton must always have been in the producer-member who delivered the cotton to the CMA or its member cooperative, except as otherwise provided in this section. Cotton delivered to such a CMA shall not be eligible to receive a loan or a loan deficiency payment if the producer-member who delivered the cotton does not retain the right to share in the proceeds from the marketing of the cotton as provided in part 1425 of this chapter.

(f) If the person tendering cotton for a loan or a loan deficiency payment is a landowner, landlord, tenant, or sharecropper, such cotton must represent such person's separate share of the crop and must not have been acquired by such person directly or indirectly from a landowner, landlord, tenant, or sharecropper.

(g) Each bale of upland cotton sampled by the warehouse operator upon initial receipt which has not been sampled by the ginner must not show more than one sample hole on each side of the bale. If more than one sample is desired when the bale is received by the warehouse operator, the sample shall be cut across the width of the bale, broken in half or split lengthwise, and otherwise drawn in accordance with AMS dimension and weight requirements. This requirement will not pro-

hibit sampling of the cotton at a later date if authorized by the producer.

§ 1427.6 Disbursement of loans.

(a) Disbursement of loans to individual producers may be made by:

(1) County offices;

(2) Loan servicing agent; or

(3) An approved cotton clerk who has entered into a written agreement with CCC on Form CCC-810.

(b) Loan proceeds may be disbursed by CCC or a servicing bank agent bank to CMA's.

(c) The loan documents shall not be presented for disbursement unless the cotton covered by the mortgage or pledged as security is eligible in accordance with § 1427.5. If the cotton was not eligible cotton at the time of disbursement, the total amount disbursed under the loan, and charges plus interest shall be refunded promptly.

§ 1427.7 Maturity of loans.

(a)(1) Form A loans and Form G loans mature on demand by CCC and no later than the last day of the 10th calendar month from the first day of the month in which the loan or loan advance is disbursed.

(2) CCC may at any time accelerate the loan maturity date by providing the producer notice of such acceleration at least 30 days in advance of the accelerated maturity date.

(b) If the loan is not repaid by the loan maturity date, title to the cotton shall vest in CCC the day after such maturity date and CCC shall have no obligation to pay for any market value which such cotton may have in excess of the amount of the loan, plus interest and charges.

§ 1427.8 Amount of loan.

(a) The loan rates for crops of upland cotton and ELS cotton will be determined and announced by CCC and made available at State and county offices.

(b) The quantity of cotton which may be pledged as collateral for a loan shall be the net weight of the eligible cotton as shown on the warehouse receipt issued by an approved warehouse, except that in the case of a bale which has a net weight of more than 600

pounds, the weight to be used in determining the amount of the loan on the bale shall be 600 pounds. Cotton pledged as collateral for loans on the basis of reweights will not be accepted by CCC.

(c) The amount of the loan for each bale will be determined by multiplying the net weight of the bale, as determined under paragraph (b) by the applicable loan rate.

(d) CCC will not increase the amount of the loan made with respect to any bale of cotton as a result of a redetermination of the quantity or quality of the bale after it is tendered to CCC, except that if it is established to the satisfaction of CCC that a bona fide error was made with respect to the weight of the bale or the classification for the bale, such error may be corrected.

§ 1427.9 Classification of cotton.

(a) References made to "classification" in this subpart shall include grade, staple length, and micronaire, and for upland cotton, leaf, extraneous matter, and strength readings. All cotton tendered for loan must be classed by an Agricultural Marketing Service (AMS) Cotton Classing Office (Cotton Classing Office) or other entity approved by CCC and tendered on the basis of such classification.

(b) An AMS cotton classification or other entity's classification acceptable by CCC showing the classification of a bale must be based upon a representative sample drawn from the bale in accordance with instructions to samplers drawing samples under the Smith-Doxey program.

(c) If the producer's cotton has not been classed or sampled in a manner acceptable by CCC, the warehouse shall sample such cotton and forward the samples to the Cotton Classing Office or other entity approved by CCC serving the district in which the cotton is located. Such warehouse must be licensed by AMS or be approved by CCC to draw samples for submission to the Cotton Classing Office or other entity approved by CCC.

(d) If a sample has been submitted for classification, another sample shall not be drawn, except for a review classification.

(e) Where review classification is not involved, if through error or otherwise two or more samples from the same bale are submitted for classification, the loan rate shall be based on the classification having the lower loan value.

(f) If a review classification is obtained, the loan value of the cotton represented thereby will be based on such review classification.

§ 1427.10 Approved storage.

(a) Eligible cotton may be pledged as collateral for loans only if stored at warehouses approved by CCC.

(1) Persons desiring approval of their facilities should communicate with the Kansas City Commodity Office, P.O. Box 419205, Kansas City, Missouri 64141-6205.

(2) The names of approved warehouses may be obtained from the Kansas City Commodity Office or from State or county offices.

(b) When the operator of a warehouse receives notice from CCC that a loan has been made by CCC on a bale of cotton, the operator shall, if such cotton is not stored within the warehouse, promptly place such cotton within such warehouse.

(c) Warehouse charges paid by a producer will not be refunded by CCC.

(d) The approved storage requirements provided in this section may be waived by CCC if the producer requests a loan deficiency payment pursuant to the loan deficiency payment provisions contained in § 1427.23.

§ 1427.11 Warehouse receipts.

(a) Producers may obtain loans on eligible cotton represented by warehouse receipts only if the warehouse receipts meet the definition of a warehouse receipt and provide for delivery of the cotton to bearer or are properly assigned by endorsement in blank, so as to vest title in the holder of the receipt or are otherwise acceptable to CCC. The warehouse receipt must:

- (1) Contain the gin bale number;
- (2) Contain the warehouse receipt number;
- (3) Be dated on or prior to the date the producer signs the note and security agreement.

(b) Warehouse receipts, in accordance with § 1427.3, when issued as block

warehouse receipts will be accepted when authorized by CCC only if the owner of the warehouse issuing the block warehouse receipt owns the cotton represented by the block warehouse receipt and the warehouse is not licensed under the U.S. Warehouse Act.

(c)(1) Each receipt must set out in its written or printed terms the tare and the net weight of the bale represented thereby. The net weight shown on the warehouse receipt shall be the difference between the gross weight as determined by the warehouse at the warehouse site and the tare weight. The warehouse receipt may show the net weight established at a gin if:

(i) The gin is in the immediate vicinity of the warehouse and is operated under common ownership with such warehouse or in any other case in which the showing of gin weights on the warehouse receipts is approved by CCC; and

(ii) Gin weights are permitted by the licensing authority for the warehouse.

(2) The tare shown on the receipt shall be the tare furnished to the warehouse by the ginner or entered by the ginner on the gin bale tag. A machine card type warehouse receipt reflecting an alteration in gross, tare, or net weight will not be accepted by CCC unless it bears, on the face of the receipt, the following legend or similar wording approved by CCC, duly executed by the warehouse or an authorized representative of the warehouse:

Corrected (gross, tare, or net) weight,
(Name of warehouse),
By (Signature or initials),
Date.

(3) Alterations in other inserted data on a machine card type warehouse receipt must be initialed by an authorized representative of the warehouse.

(d) If warehouse storage charges have been paid, the receipt must show that date through which the storage charges have been paid.

(e) If warehouse receiving charges have been paid or waived, the warehouse receipt must show such fact. Except for bales stored in the States of Alabama, Florida, Georgia, North Carolina, South Carolina, and Virginia, if receiving charges due on the bale include a charge, if any, for a new set of ties for compressing flat bales tied

with ties which cannot be reused, the warehouse receipt must indicate the receiving charges and include a charge for new set of ties. If the bale is stored at a warehouse not having compress facilities and bales shipped from the warehouse are normally compressed in transit, the warehouse receipt must show the bale ties are not suitable for reuse when the bale is compressed and charges will be assessed by the nearest compress in line of transit for furnishing new bale ties.

(f) In any case where loan collateral is forfeited, any unpaid storage or receiving charges will be paid to the warehouse by CCC after loan maturity or as soon as practicable after the cotton is ordered shipped by CCC.

(g) The warehouse receipt must show the compression status of the bale; i.e., flat, modified flat, standard, gin standard, standard density (short), gin universal, universal density (short), or warehouse universal density. The receipt must show if the compression charge has been paid, or if the warehouse claims no lien for such compression.

[61 FR 37601, July 18, 1996, as amended at 62 FR 19023, Apr. 18, 1997]

§ 1427.12 Liens.

If there are any liens or encumbrances on the cotton tendered as collateral for a loan, waivers that fully protect the interest of CCC must be obtained before disbursement even though the liens or encumbrances are satisfied from the loan proceeds. No additional liens or encumbrances shall be placed on the cotton after the loan is approved.

§ 1427.13 Fees, charges and interest.

(a) A producer shall pay a nonrefundable loan service fee to CCC or, if applicable, to a loan servicing agent, at a rate determined by CCC. Any such fee shall be in addition to any cotton clerk fee paid to a cotton clerk in accordance with paragraph (b) of this section. The amount of such fees is available in State and county offices and are shown on the note and security agreement and shall be deducted from the loan proceeds.

(b) Cotton clerks may only charge fees for the preparation of loan or loan

deficiency payment documents at the rate determined by CCC.

(1) Such fees may be deducted from the loan or loan deficiency payment proceeds instead of the fees being paid in cash.

(2) The amount of such fees is available in State and county offices and is shown on the note and security agreement.

(c) Interest which accrues with respect to a loan shall be determined in accordance with part 1405 of this chapter. All or a portion of such interest may be waived with respect to a quantity of upland cotton which has been redeemed in accordance with §1427.19 at a level which is less than the principal amount of the loan plus charges and interest.

(d) For each crop of upland cotton, the producer, as defined in the Cotton Research and Promotion Act (7 U.S.C. Chapter 2101), shall remit to CCC an assessment which shall be transmitted by CCC to the Cotton Board and shall be deducted from the:

(1) Loan proceeds for a crop of cotton and shall be at a rate equal to one dollar per bale plus up to one percent of the loan amount; and

(2) Loan deficiency payment proceeds for a crop of cotton and shall be at a rate equal to up to one percent of the loan deficiency payment amount.

(e) If the producers elects to forfeit the loan collateral to CCC, the producer shall pay to CCC, at the rates that are specified in the storage agreement between the warehouse and CCC, the following accrued warehouse charges:

(1) All warehouse storage charges associated with the forfeited cotton that accrued before the period the cotton was pledged as collateral for the loan; and

(2) Any accrued warehouse receiving charges associated with the forfeited cotton, including, if applicable, charges for new ties as specified in §1427.11.

§ 1427.14 [Reserved]

§ 1427.15 Special procedure where funds are advanced.

(a) This special procedure is provided to assist persons or firms which, in the course of their regular business of han-

dling cotton for producers, have made advances to eligible producers on eligible cotton to be placed under loan or to receive a loan deficiency payment. A person, firm, or financial institution which has made advances to eligible producers on eligible cotton may also obtain reimbursement for the amounts advanced under this procedure.

(b) This special procedure shall apply only:

(1) If such person or firm is entitled to reimbursement from the proceeds of the loans or loan deficiency payments for the amounts advanced and has been authorized by the producer to deliver the loan or loan deficiency payment documents to a county office for disbursement of the loans or loan deficiency payments; and

(2) To loan or loan deficiency payment documents covering cotton on which a person or firm has advanced to the producers, including payments to prior lienholders and other creditors, the note amounts shown on the Form A loan, except for:

(i) Authorized cotton clerk fees;

(ii) The research and promotion fee to be collected for transmission to the Cotton Board by CCC; and

(iii) CCC loan service charges.

(c)(1) All loan or loan deficiency payment documents shall be mailed or delivered to the appropriate county office and shall show the entire proceeds of the loans or loan deficiency payments, except for CCC loan service charges and research and promotion fees, for disbursement to:

(i) The financial institution which is to allow credit to the person or firm which made the loan or loan deficiency payment advances or to such financial institution and such person or firm as joint payees; or

(ii) The person, firm, or financial institution which made the loan or loan deficiency payment advances to the producers.

(2) The documents shall be accompanied by Form CCC-825, Transmittal Schedule of Loan and Loan Deficiency Payment Documents, in original and two copies, numbered serially for each county office by the person, firm, or financial institution which made the loan or loan deficiency payment advance. The Form CCC-825 shall show

the amounts invested by the person, firm, or financial institution in the loans or loan deficiency payments.

(3) Upon receipt of the loan or loan deficiency payment documents and Form CCC-825, the county office will stamp one copy of the Form CCC-825 to indicate receipt of the documents and return this copy to the person, firm, or financial institution.

(d) County offices will review the loan or loan deficiency payment documents prior to disbursement and will return to the person, firm, or financial institution any documents determined not to be acceptable because of errors or illegibility. County offices will disburse the loans or loan deficiency payments for which loan or loan deficiency payment documents are acceptable by issuance of one check to the payee indicated on the applicable form and will mail the check to the address shown for such payee on the applicable form with a copy of Form CCC-825. The Form CCC-825 will show the date of disbursement by a county office and amount of interest earned by the person, firm, or financial institution.

(e) The person, firm, or financial institution shall be deemed to have invested funds in the loans or loan deficiency payment as of the date loan or loan deficiency payment documents acceptable to CCC were delivered to a county office or, if received by mail, the date of mailing as indicated by postmark or the date of receipt in a county office if no postmark date is shown. Patron postage meter date stamp will not be recognized as a postmark date.

(f) Interest will be computed on the total amount invested by the person, firm, or financial institution in the loan or loan deficiency payment represented by accepted documents from and including the date of investment of funds by the person, firm, or financial institution to, but not including, the date of disbursement by a county office.

(1) Interest will be paid at the rate in effect for CCC loans as provided in part 1405 of this chapter.

(2) Interest earned by the person, firm, or financial institution on the investment in loans disbursed during a

month will be paid by county offices after the end of the month.

§ 1427.16 Reconcentration of cotton.

(a) CCC may under certain conditions, before loan maturity, compress, store, insure, or reinsure the cotton against any risk, or otherwise handle or deal with the cotton as it may deem necessary or appropriate for the purpose of protecting the interest therein of the producer or CCC.

(b) CCC may reconcentrate the cotton pledged for the loan from one CCC-approved warehouse to another with the written consent of the producer and upon the request of the local warehouse and certification that there is congestion and lack of storage facilities in the area. However, if CCC determines such loan cotton is improperly warehoused and subject to damage, or if any of the terms of the loan agreement are violated, or if carrying charges are substantially in excess of the average of carrying charges available elsewhere and the local warehouse, after notice, declines to reduce such charges, such written consent need not be obtained.

(1) The county office, loan servicing agent, or CMA shall arrange for reconcentration of the cotton under the direction of the Kansas City Commodity Office.

(2) Any fees, costs, or expenses incident to such actions shall be charges against the cotton.

(3) After the cotton is reconcentrated, the Kansas City Commodity Office shall obtain new warehouse receipts, allocate to individual bales, shipping and other charges incurred against the cotton, and return new warehouse receipts and reconcentration charges applicable to each bale to the county office, loan servicing agent, or CMA. Such reconcentration charges shall be added to bale loan amounts and must be repaid for bales redeemed from loan.

§ 1427.17 Custodial offices.

Forms CCC-Cotton A and CCC-Cotton A-1, collateral warehouse receipts and related documents will be maintained in the custody of CCC, the county office, the loan servicing agent, or the

servicing agent bank, whichever disbursed the loan evidenced by such documents.

§ 1427.18 Liability of the producer.

(a)(1) If a producer makes any fraudulent representation in obtaining a loan or loan deficiency payment or in maintaining or settling a loan, or disposes of or moves the loan collateral without the prior written approval of CCC, such loan or loan deficiency payment shall be payable upon demand by CCC. The producer shall be liable for:

(i) The amount of the loan or loan deficiency payment;

(ii) Any additional amounts paid by CCC with respect to the loan or loan deficiency payment;

(iii) All other costs which CCC would not have incurred but for the fraudulent representation or the unauthorized disposition or movement of the loan collateral;

(iv) Applicable interest on such amounts;

(v) Liquidated damages in accordance with paragraph (e); and

(vi) With regard to amounts due for a loan, the payment of such amounts may not be satisfied by the forfeiture of loan collateral to CCC of cotton with a settlement value that is less than the total of such amounts or by repayment of such loan at the lower loan repayment rate as prescribed in § 1427.19.

(2) Notwithstanding any provision of the note and security agreement, if a producer has made any such fraudulent representation or if the producer has disposed of, or moved, the loan collateral without prior written approval from CCC, the value of such collateral delivered to or acquired by CCC shall be equal to the sales price of the cotton less any costs incurred by CCC in completing the sale.

(b) If the amount disbursed under a loan, or in settlement thereof, or loan deficiency payment exceeds the amount authorized by this subpart, the producer shall be liable for repayment of such excess, plus interest. In addition, the commodity pledged as collateral for such loan shall not be released to the producer until such excess is repaid.

(c) If the amount collected from the producer in satisfaction of the loan or

loan deficiency payment is less than the amount required in accordance with this subpart, the producer shall be personally liable for repayment of the amount of such deficiency plus applicable interest.

(d) If more than one producer executes a note and security agreement or loan deficiency payment application with CCC, each such producer shall be jointly and severally liable for the violation of the terms and conditions of the note and security agreement or loan deficiency payment application and the regulations set forth in this subpart. Each such producer shall also remain liable for repayment of the entire loan or loan deficiency payment amount until the loan is fully repaid without regard to such producer's claimed share in the cotton pledged as collateral for the loan or for which the loan deficiency payment was made. In addition, such producer may not amend the note and security agreement or loan deficiency payment application with respect to the producer's claimed share in such cotton after execution of the note and security agreement or loan deficiency payment application by CCC.

(e) The producer and CCC agree that it will be difficult, if not impossible, to prove the amount of damages to CCC if a producer makes any fraudulent representation in obtaining a loan or loan deficiency payment or in maintaining or settling a loan or disposing of or moving the loan collateral without the prior written approval of CCC. Accordingly, if CCC determines that the producer has violated the terms or conditions of Form CCC-Cotton A, Form CCC-Cotton AA, or Form CCC-709, as applicable, liquidated damages shall be assessed on the quantity of the cotton which is involved in the violation. If CCC determines the producer:

(1) Acted in good faith when the violation occurred, liquidated damages will be assessed by multiplying the quantity involved in the violation by:

(i) 10 percent of the loan rate applicable to the loan note or the loan deficiency payment rate for the first offense; or

(ii) 25 percent of the loan rate applicable to the loan note or the loan deficiency payment rate for the second offense; or

(2) Did not act in good faith with regard to the violation, or for cases other than first or second offense, liquidated damages will be assessed by multiplying the quantity involved in the violation by 25 percent of the loan rate applicable to the loan note or the loan deficiency payment rate.

(f) For first and second offenses, if CCC determines that a producer acted in good faith when the violation occurred, CCC shall:

(1) Require repayment of the loan principal and charges, plus interest applicable to the loan quantity affected by the violation or for loan deficiency payment, the loan deficiency payment amount applicable to the loan deficiency quantity involved with the violation, and charges plus interest from the date the loan deficiency payment was made; and

(2) Assess liquidated damages in accordance with paragraph (e);

(3) If the producer fails to pay such amounts within 30 calendar days from the date of notification, CCC shall call the applicable loan involved in the violation and require repayment of any market gain previously realized for the applicable loan, plus any interest previously waived and any storage paid by CCC, or for loan deficiency payment, require repayment of the loan deficiency payment and charges plus interest from the date the loan deficiency payment was made.

(g) For cases other than first or second offenses, or any offense for which CCC cannot determine good faith when the violation occurred, CCC shall:

(1) Assess liquidated damages in accordance with paragraph (e); and

(2) Call the applicable loan involved in the violation and require repayment of any market gain previously realized for the applicable loan, plus any interest previously waived and any storage paid by CCC, and with respect to a loan deficiency payment, require repayment of the loan deficiency payment and charges plus interest from the date the loan deficiency payment was made.

(h) If the county committee acting on behalf of CCC determines that the

producer has committed a violation in accordance with paragraph (e), the county committee shall notify the producer in writing that:

(1) The producer has 30 calendar days to provide evidence and information regarding the circumstances which caused the violation, to the county committee; and

(2) Administrative actions will be taken in accordance with paragraph (f) or (g).

(i) If the loan is called in accordance with this section, the producer must repay the loan at principal and charges, plus interest and may not repay the loan at the lower of the loan repayment rate in accordance with § 1427.19 or utilize the provisions of part 1401 of this chapter with respect to such loan.

(j) Any or all of the liquidated damages assessed in accordance with the provisions of paragraph (e) may be waived as determined by CCC.

§ 1427.19 Repayment of loans.

(a) Warehouse receipts will not be released except as provided in this section.

(b) A producer or agent or subsequent agent authorized on Form CCC-605 may redeem one or more bales of cotton pledged as collateral for a loan by payment to CCC of an amount applicable to the bales of cotton being redeemed determined in accordance with this section. CCC, upon proper payment for the amount due, shall release the warehouse receipts applicable to such cotton.

(c) A producer or agent or subsequent agent authorized on Form CCC-605, may repay the loan amount for one or more bales of cotton pledged as collateral for a loan:

(1) For upland cotton, at a level that is the lesser of:

(i) The loan level and charges, plus interest determined for such bales; or

(ii) The adjusted world price, as determined by CCC in accordance with § 1427.25, in effect on the day the repayment is received by the county office, loan servicing agent, or servicing agent bank that disbursed the loan.

(2) For ELS cotton, by repaying the loan amount and charges, plus interest determined for such bales.

(d) CCC shall determine and publicly announce the adjusted world price for each crop of upland cotton on a weekly basis.

(e) The difference between the loan level, excluding charges and interest, and the loan repayment level is the market gain. The total amount of any market gain realized by a person is subject to part 1400 of this chapter.

(f) Repayment of loans will not be accepted after CCC acquires title to the cotton in accordance with § 1427.7.

(g) Notwithstanding any other provision of this section, CCC will not accept repayment of upland cotton at a rate based on the adjusted world price beginning at 4 p.m. eastern time each Thursday until an announcement of the adjusted world price for the succeeding weekly period has been made in accordance with § 1427.25(e). In the event that Thursday is a non-workday, such loan repayments will not be accepted beginning at 7 a.m. eastern time the next workday until an announcement of the adjusted world price for the succeeding weekly period has been made in accordance with § 1427.25(e).

(h) If the upland cotton pledged as collateral is eligible to be repaid at a rate less than the loan level and charges, plus interest, and the adjusted world price determined in accordance with § 1427.25 is:

(1) Below the national average loan rate for upland cotton, CCC will pay at the time of loan repayment to the producer or agent or subsequent agent authorized on Form CCC-605 the warehouse storage charges which have accrued, with respect to the cotton pledged as collateral for such loan, during the period the cotton was pledged for loan;

(2) Above the national average loan rate by less than the sum of the accrued interest and warehouse storage charges, that accrued during the period the cotton was pledged for loan, CCC will pay at the time of loan repayment to the producer or agent or subsequent agent authorized on Form CCC-605 that portion of the warehouse storage charges, that accrued during the period the cotton was pledged for loan, that are determined to be necessary to permit the loan to be repaid at the adjusted world price without regard to

any warehouse charges that accrued before the cotton was pledged for loan; or

(3) Above the national average loan rate by as much as or more than the sum of the accrued interest and warehouse storage charges that accrued during the period the cotton was pledged for loan, CCC shall not pay any of the accrued warehouse storage charges.

§ 1427.20 Handling payments and collections not exceeding \$9.99.

To avoid the administrative costs of making small payments and handling small accounts, amounts of \$9.99 or less will be paid to the producer only upon the producer's request. Deficiencies of \$9.99 or less, including interest, may be disregarded unless demand for payment is made by CCC.

§ 1427.21 Settlement.

(a) The settlement of loans shall be made by CCC on the basis of the quality and quantity of the cotton delivered to CCC by the producer or acquired by CCC.

(b) Settlements made by CCC with respect to eligible cotton which are acquired by CCC which are stored in an approved warehouse shall be made on the basis of the entries set forth on the applicable warehouse receipt and other accompanying documents.

(c) If a producer does not pay to CCC the total amount due in accordance with a loan, CCC shall take title to the cotton in accordance with § 1427.7(b).

§ 1427.22 Death, incompetency, or disappearance.

In the case of death, incompetency, or disappearance of any producer who is entitled to the payment of any proceeds in settlement of a loan or loan deficiency payment, payment shall, upon proper application to the county office or loan servicing agent which disbursed the loan or loan deficiency payment, be made to the person or persons who would be entitled to such producer's payment as provided in the regulations entitled Payment Due Persons Who Have Died, Disappeared, or Have Been Declared Incompetent, part 707 of this title.

§ 1427.23 Cotton loan deficiency payments.

(a) Producers may obtain loan deficiency payments for 1996 through 2002 crops of upland cotton in accordance with this section.

(b) In order to be eligible to receive such loan deficiency payments, the producer of the upland cotton must:

(1) Comply with all of the upland cotton loan eligibility requirements in accordance with this subpart;

(2) Agree to forgo obtaining such loans;

(3) File a request for payment for a quantity of eligible cotton in accordance with § 1427.5(a) on Form CCC-Cotton AA, Form CCC-709, or other form approved by CCC;

(4) Provide warehouse receipts or, as determined by CCC, a list of gin bale numbers for such cotton showing, for each bale, the net weight established at the gin;

(5) Provide classing information for such quantity in accordance with § 1427.9; and

(6) Otherwise comply with all program requirements.

(c) The loan deficiency payment applicable to a crop of cotton shall be computed by multiplying the applicable loan deficiency payment rate, as determined in accordance with paragraph (d) of this section, by the quantity of the crop the producer is eligible to pledge as collateral for a loan.

(d) The loan deficiency payment rate for a crop of upland cotton shall be the amount by which the loan rate determined for a bale of such crop exceeds the adjusted world price, as determined by CCC in accordance with § 1427.25, in effect on the day the request is received by the county office, loan servicing agent, or servicing agent bank.

(e) The total amount of any loan deficiency payments that a person may receive is subject to part 1400 of this chapter.

(f) If the producer enters into an agreement with CCC on or before the date of ginning a quantity of eligible upland cotton, and the producer has the beneficial interest in such quantity as specified in accordance with § 1427.5(c) on the date the cotton was ginned, the loan deficiency payment rate applicable to such cotton will be

the loan deficiency payment rate based on the date the cotton was ginned. In such cases, the producer must meet all the other requirements in paragraph (b) on or before the final date to apply for a loan deficiency payment in accordance with § 1427.5.

(g) Notwithstanding any other provision of this section, CCC will not accept applications for loan deficiency payments that specify the payment rate beginning at 4 p.m. eastern time each Thursday until an announcement of the adjusted world price for the succeeding weekly period has been made in accordance with § 1427.25(e). In the event that Thursday is a non-workday, such applications for loan deficiency payments will not be accepted beginning at 7 a.m. eastern time the next workday until an announcement of the adjusted world price for the succeeding weekly period has been made in accordance with § 1427.25(e).

§ 1427.24 [Reserved]

§ 1427.25 Determination of the prevailing world market price and the adjusted world price for upland cotton.

(a) The prevailing world market price for upland cotton shall be determined by CCC as follows:

(1) During the period when only one daily price quotation is available for each growth quoted for Middling one and three-thirty-second inch (M $1\frac{3}{32}$ inch) cotton C.I.F. (cost, insurance, and freight) northern Europe, the prevailing world market price for upland cotton shall be based upon the average of the quotations for the preceding Friday through Thursday for the 5 lowest-priced growths of the growths quoted for M $1\frac{3}{32}$ inch cotton C.I.F. northern Europe.

(2) During the period when both a price quotation for cotton for shipment no later than August/September of the current calendar year (current shipment price) and a price quotation for cotton for shipment no earlier than October/November of the current calendar year (forward shipment price) are available for growths quoted for M $1\frac{3}{32}$ inch cotton C.I.F. northern Europe, the prevailing world market price for upland cotton shall be based upon the following: Beginning with the first week

covering the period Friday through Thursday which includes April 15 or, if both the average of the current shipment prices for the preceding Friday through Thursday for the 5 lowest-priced growths of the growths quoted for M $1\frac{3}{32}$ inch cotton C.I.F. northern Europe (Northern Europe current price) and the average of the forward shipment prices for the preceding Friday through Thursday for the 5 lowest-priced growths of the growths quoted for M $1\frac{3}{32}$ inch cotton C.I.F. northern Europe (Northern Europe forward price) are not available during that period, beginning with the first week covering the period Friday through Thursday after the week which includes April 15 in which both the Northern Europe current price and the Northern Europe forward price are available, the prevailing world market price for upland cotton shall be based upon the result calculated by the following procedure:

(i) Weeks 1 and 2: $(2 \times \text{Northern Europe current price}) + \text{Northern Europe forward price}/3$.

(ii) Weeks 3 and 4: $\text{Northern Europe current price} + \text{Northern Europe forward price}/2$.

(iii) Weeks 5 and 6: $\text{Northern Europe current price} + (2 \times \text{Northern Europe forward price})/3$.

(iv) Week 7 through July 31: Northern Europe forward price.

(3) The prevailing world market price for upland cotton as determined in accordance with paragraphs (a)(1) or (a)(2) of this section shall hereinafter be referred to as the "Northern Europe price."

(4) If quotes are not available for one or more days in the 5-day period, the available quotes during the period will be used. If no quotes are available during the Friday through Thursday period, the prevailing world market price shall be based upon the best available world price information, as determined by CCC.

(b) The prevailing world market price for upland cotton, adjusted in accordance with paragraph (c) of this section (adjusted world price), shall be applicable to the 1996 through 2002 crops of upland cotton.

(c) The adjusted world price for upland cotton shall equal the Northern

Europe price as determined in accordance with paragraph (a) of this section, adjusted as follows:

(1) The Northern Europe price shall be adjusted to average designated U.S. spot market location by deducting the average difference in the immediately preceding 52-week period between:

(i)(A) The average of price quotations for the U.S. Memphis territory and the California/Arizona territory as quoted each Thursday for M $1\frac{3}{32}$ inch cotton C.I.F. northern Europe during the period when only one daily price quotation for such growths is available, or

(B) The average of the current shipment prices for U.S. Memphis territory and the California/Arizona territory as quoted each Thursday for M $1\frac{3}{32}$ inch cotton C.I.F. northern Europe during the period when both current shipment prices and forward shipment prices for such growths are available; and

(ii) The average price of M $1\frac{3}{32}$ inch (micronaire 3.5 through 3.6 and 4.3 through 4.9, strength 24 through 25 grams per tex) cotton as quoted each Thursday in the designated U.S. spot markets.

(2) The price determined in accordance with paragraph (c)(1) of this section shall be adjusted to reflect the price of Strict Low Middling (SLM) $1\frac{1}{16}$ inch (micronaire 3.5 through 3.6 and 4.3 through 4.9, strength 24 through 25 grams per tex) cotton (U.S. base quality) by deducting the difference, as announced by CCC, between the applicable loan rate for a crop of upland cotton for M $1\frac{3}{32}$ inch (micronaire 3.5 through 3.6 and 4.3 through 4.9, strength 24 through 25 grams per tex) cotton and the loan rate for a crop of upland cotton of the U.S. base quality.

(3) The price determined in accordance with paragraph (c)(2) shall be adjusted to average U.S. location by deducting the difference between the average loan rate for a crop of upland cotton of the U.S. base quality in the designated U.S. spot markets and the corresponding crop year national average loan rate for a crop of upland cotton of the U.S. base quality, as announced by CCC.

(4)(i) The prevailing world market price, as adjusted in accordance with paragraphs (c)(1) through (c)(3), may be

further adjusted if it is determined that:

(A) Such price is less than 115 percent of the current crop-year loan level for U.S. base quality cotton, and

(B) The Friday through Thursday average price quotation for the lowest-priced United States growth as quoted for M $1\frac{3}{32}$ inch cotton C.I.F. northern Europe (U.S. Northern Europe price) is greater than the average of the quotations for the preceding Friday through Thursday for the 5 lowest-priced growths of the growths quoted for M $1\frac{3}{32}$ inch cotton C.I.F. northern Europe.

(ii) During the period when both current shipment prices and forward shipment prices are available for growths quoted for M $1\frac{3}{32}$ inch cotton C.I.F. northern Europe, the U.S. Northern Europe price provided in paragraph (c)(4)(i)(B) shall be determined as follows: Beginning with the week covering the period Friday through Thursday which includes April 15 or, if both the average of the current shipment prices for the preceding Friday through Thursday of the lowest-priced United States growth as quoted for M $1\frac{3}{32}$ inch cotton C.I.F. northern Europe (U.S. Northern Europe current price) and the average of the forward shipment prices for the preceding Friday through Thursday of the lowest-priced United States growth quoted for M $1\frac{3}{32}$ inch cotton C.I.F. northern Europe (U.S. Northern Europe forward price) are not available during that period, beginning with the first week covering the period Friday through Thursday after the week which includes April 15 in which both the average of the U.S. Northern Europe current price and the average of the U.S. Northern Europe forward price are available, the result calculated by the following procedure:

(A) Weeks 1 and 2: $(2 \times \text{U.S. Northern Europe current price}) + (\text{U.S. Northern Europe forward price}) / 3$.

(B) Weeks 3 and 4: $(\text{U.S. Northern Europe current price}) + (\text{U.S. Northern Europe forward price}) / 2$.

(C) Weeks 5 and 6: $(\text{U.S. Northern Europe current price}) + (2 \times \text{U.S. Northern Europe forward price}) / 3$.

(D) Week 7 through July 31: U.S. Northern Europe forward price.

(iii) In determining the U.S. Northern Europe price as provided in paragraphs (c)(4)(i)(B) and (c)(4)(ii):

(A) If quotes for either the U.S. Memphis territory or the California/Arizona territory are not available for any week, the available quotations will be used.

(B) If quotes are not available for one or more days in the 5-day period, the available quotes during the period will be used.

(C) If no quotes are available for either the U.S. Memphis territory or the California/Arizona territory during the Friday through Thursday period, no adjustment will be made.

(iv)(A) The adjustment shall be based on some or all of the following data, as available:

(1) The U.S. share of world exports;

(2) The current level of cotton export sales and shipments; and

(3) Other data determined by CCC to be relevant in establishing an accurate prevailing world market price, adjusted to United States quality and location.

(B) The adjustment may not exceed the difference between the U.S. Northern Europe price, as determined in paragraphs (c)(4)(i) through (c)(4)(iii), and the Northern Europe price, as determined in paragraph (a).

(d) In determining the average difference in the 52-week period as provided in paragraph (c)(1):

(1) If the difference between the average price quotations for the U.S. Memphis territory and the California/Arizona territory as quoted for M $1\frac{3}{32}$ inch cotton C.I.F. northern Europe and the average price of M $1\frac{3}{32}$ inch (micronaire 3.5 through 3.6 and 4.3 through 4.9, strength 24 through 25 grams per tex) cotton as quoted each Thursday in the designated U.S. spot markets for any week is:

(i) More than 115 percent of the estimated actual cost associated with transporting U.S. cotton to northern Europe, then 115 percent of such actual cost shall be substituted in lieu thereof for such week.

(ii) Less than 85 percent of the estimated actual cost associated with transporting U.S. cotton to northern Europe, then 85 percent of such actual

cost shall be substituted in lieu thereof for such week.

(2) If a Thursday price quotation for either the U.S. Memphis territory or the California/Arizona territory as quoted for M $1\frac{3}{32}$ inch cotton C.I.F. northern Europe is not available for any week, CCC:

(i) May use the available northern Europe quotation to determine the difference between the average price quotations for the U.S. Memphis territory and the California/Arizona territory as quoted for M $1\frac{3}{32}$ inch cotton C.I.F. northern Europe and the average price of M $1\frac{3}{32}$ inch (micronaire 3.5 through 3.6 and 4.3 through 4.9, strength 24 through 25 grams per tex) cotton as quoted each Thursday in the designated U.S. spot markets for that week, or

(ii) May not take that week into consideration.

(3) If Thursday price quotations for any week are not available for either,

(i) both the Memphis territory and the California/Arizona territory as quoted for M $1\frac{3}{32}$ inch cotton C.I.F. northern Europe, or

(ii) the average price of M $1\frac{3}{32}$ inch (micronaire 3.5 through 3.6 and 4.3 through 4.9, strength 24 through 25 grams per tex) cotton as quoted in the designated U.S. spot markets, that week will not be taken into consideration.

(e) The adjusted world price for upland cotton as determined in accordance with paragraph (c), and the amount of the additional adjustment as determined in accordance with paragraph (f), shall be announced, to the extent practicable, at 5 p.m. eastern time each Thursday continuing through the last Thursday of July 2003. In the event that Thursday is a non-workday, the determination will be announced, to the extent practicable, at 8 a.m. eastern time the next workday. The adjusted world price and the amount of the additional adjustment will be effective upon announcement and will remain in effect for a period as announced by CCC.

(f)(1)(i) The adjusted world price, as determined in accordance with paragraph (c), shall be subject to further adjustments as provided in this section with respect to all qualities of upland

cotton eligible for loan except the following grades of upland cotton with a staple length of $1\frac{1}{16}$ inch or longer:

(A) White Grades—Strict Middling and better, leaf 1 through leaf 6; Middling, leaf 1 through leaf 6; Strict Low Middling, leaf 1 through leaf 6; and Low Middling, leaf 1 through leaf 5;

(B) Light Spotted Grades—Strict Middling and better, leaf 1 through leaf 5; Middling, leaf 1 through leaf 5; and Strict Low Middling, leaf 1 through leaf 4; and

(C) Spotted Grades—Strict Middling and better, leaf 1 through leaf 2; and

(ii) Grade and Staple length must be determined in accordance with § 1427.9. If no such official classification is presented, the coarse count adjustment shall not be made.

(2) The adjustment for upland cotton provided for by paragraph (f)(1) shall be determined by deducting from the adjusted world price:

(i) The difference between the Northern Europe price, and

(A) During the period when only one daily price quotation for each growth quoted for “coarse count” cotton C.I.F. northern Europe is available the average of the quotations for the corresponding Friday through Thursday for the three lowest-priced growths of the growths quoted for “coarse count” cotton C.I.F. northern Europe; or

(B) During the period when both current shipment prices and forward shipment prices are available for the growths quoted for “coarse count” cotton C.I.F. northern Europe, the result calculated by the following procedure: Beginning with the first week covering the period Friday through Thursday which includes April 15 or, if both the average of the current shipment prices for the preceding Friday through Thursday for the three lowest-priced growths of the growths quoted for “coarse count” cotton C.I.F. northern Europe (Northern Europe coarse count current price) and the average of the forward shipment prices for the preceding Friday through Thursday for the three lowest-priced growths of the growths quoted for “coarse count” cotton C.I.F. northern Europe (Northern Europe coarse count forward price) are not available during that period, beginning with the first week covering the

period Friday through Thursday after the week which includes April 15 in which both the Northern Europe coarse count current price and the Northern Europe coarse count forward price are available:

(1) Weeks 1 and 2: (2 "×" Northern Europe coarse count current price) + Northern Europe coarse count forward price/3;

(2) Weeks 3 and 4: Northern Europe coarse count current price + Northern Europe coarse count forward price/2;

(3) Weeks 5 and 6: Northern Europe coarse count current price + (2 × Northern Europe coarse count forward price)/3; and

(4) Week 7 through July 31: The Northern Europe coarse count forward price, minus:

(i) The difference between the applicable loan rate for a crop of upland cotton for M 1³/₃₂ inch (micronaire 3.5 through 3.6 and 4.3 through 4.9, strength 24 through 25 grams per tex) cotton and the loan rate for a crop of upland cotton for SLM 1¹/₃₂ inch (micronaire 3.5 through 3.6 and 4.3 through 4.9, strength 24 through 25 grams per tex) cotton.

(ii) The result of the calculation as determined in accordance with this paragraph (f)(2) shall hereinafter be referred to as the "Northern Europe coarse count price."

(3) With respect to the determination of the Northern Europe coarse count price in accordance with paragraph (f)(2)(i):

(i) If no quotes are available for one or more days of the 5-day period, the available quotes will be used;

(ii) If quotes for three growths are not available for any day in the 5-day period, that day will not be taken into consideration; and

(iii) If quotes for three growths are not available for at least three days in the 5-day period, that week will not be taken into consideration, in which case the adjustment determined in accordance with paragraph (f)(2) for the latest available week will continue to be applicable.

(g) If the 6-week transition periods from using current shipment prices to using forward shipment prices in the determination of the Northern Europe price in accordance with paragraph

(a)(2), and the Northern Europe coarse count price in accordance with paragraph (f)(2)(i)(B) do not begin at the same time, CCC shall use either current shipment prices, forward shipment prices, or any combination thereof, to determine the Northern Europe price and/or the Northern Europe coarse count price used in the determination of the adjustment for upland cotton provided for by paragraph (f)(1) and determined in accordance with paragraph (f)(2), in order to prevent distortions in such adjustment.

(h) The adjusted world price, determined in accordance with paragraph (c), shall be subject to further adjustments, as determined by CCC based upon the Schedule of Premiums and Discounts and the location differentials applicable to each warehouse location as announced in accordance with the loan program for a crop of upland cotton.

upland cotton by more than 130 percent in any week of such 4-week period. The payment rate shall be the lower of:

(A) The difference between the U.S. Northern Europe forward price minus 1.25 cents per pound and the Northern Europe forward price in the fourth week of such 4-week period; or

(viii) For contracts entered into before August 30, 1991, the payment rate shall be zero.

(b) Notwithstanding the provisions of paragraph (a) of this section, no payment rate shall be established in a week following a consecutive 10-week period in which the U.S. Northern Europe price, adjusted for the value of any certificate or cash payment issued in accordance with paragraph (a) of this section, exceeds the Northern Europe price by more than 1.25 cents per pound.

(c) Notwithstanding the provisions of paragraph (a) of this section, whenever a 4-week period contains a combination of Northern Europe prices only for one to three weeks and Northern Europe current prices and North Europe forward prices only for one to three weeks such as occurs in the spring when the Northern Europe price is succeeded by the Northern Europe current price and the Northern Europe forward price ("spring transition period"), and at the start of a new marketing year when the Northern Europe current price and the Northern Europe forward price are succeeded by the Northern Europe price ("marketing year transition"):

(1) Under paragraphs (a)(1)(i) and (a)(2)(i) of this section, during the marketing year transition period, the Northern Europe forward price and the U.S. Northern Europe forward price in combination with the Northern Europe price and the U.S. Northern Europe price shall be taken into consideration during such 4-week periods to determine whether a payment is to be issued.

(2) Under paragraphs (a)(1)(ii), (a)(2)(ii), and (a)(2)(v) of this section, during the spring transition period, the Northern Europe current price and the U.S. Northern Europe current price in combination with the Northern Europe price and the U.S. Northern Europe price shall be taken into consideration during such 4-week periods to determine whether a payment is to be issued.

(d) Notwithstanding any other provision of this section, for contracts made by exporters prior to July 18, 1996, that specify shipment of the cotton by not later than September 30, 1996,—

(1) If shipment is completed by October 31 of such year, the payment rate shall be the payment rate established for the contract;

(2) If shipment is not completed by October 31 of such year, the payment rate shall be zero.

(3) If shipment is not completed by December 31 of such year, the exporter shall pay liquidated damages to CCC in an amount determined by multiplying the quantity of cotton not shipped by the higher of:

(i) The difference between the highest payment rate paid to, or earned by, the exporter between the date the original contract was entered into and December 31 of the year in which the original contract shipment period ends, regardless of whether the highest payment rate paid to, or earned by, the exporter was a current or forward-crop payment rate, and the original contract payment rate or, if a replacement contract has been made, the replacement contract payment rate, or

(ii) 50 percent of the original contract payment rate.

(e) For U.S. cotton sold by the exporter under an optional origin contract for delivery by not later than September 30, 1996, prior to July 18, 1996, the payment rate shall not be established until the exporter notifies CCC in writing that the cotton shipped or to be shipped was or will be of United States origin. Upon receipt of such notification, CCC will establish the payment rate for cotton shipped under such contract at the lower of:

(1) The payment rate in effect when the optional origin contract was made, or

(2) The payment rate in effect on the date of the written notification which is submitted to CCC stating that the cotton shipped, or to be shipped, under such contract was, or shall be, of United States origin.

(f) For the purposes of this subpart—

(1) With respect to the determination of the U.S. Northern Europe price, the U.S. Northern Europe current price, the U.S. Northern Europe forward price, the Northern Europe price, the Northern Europe current price and the Northern Europe forward price—

(i) If daily quotes are not available for one or more days of the 5-day period, the available quotes during the period will be used.

(ii) If no daily quotes are available for the entire 5-day period for either or both the U.S. Northern Europe price and the Northern Europe price during the period when only one daily price quotation is available for each growth quoted for M 1-3/32 inch cotton, delivered C.I.F. Northern Europe; or the U.S. Northern Europe current price and the Northern Europe current price; or the U.S. Northern Europe forward price and the Northern Europe forward price, that week will not be taken into consideration, in which case CCC may establish a payment rate at a level it determines to be appropriate, taking into consideration the payment rate determined in accordance with paragraph (a) of this section for the latest available week.

(iii) Beginning July 18, 1996, if no daily quotes are available for the entire 5-day period for either or both the USNEc price and the NEC price, the marketing year transition shall be implemented immediately as provided for in paragraph (c)(1).

(2) With respect to the determination of the U.S. Northern Europe price, the U.S. Northern Europe current price, and the U.S. Northern Europe forward price, if a quote for either the U.S. Memphis territory or the California/Arizona territory as quoted for M 1-3/32 inch cotton, delivered C.I.F. Northern Europe, is not available for each or any day of the 5-day period, the available quote will be used.

(g) Payment rates for loose, reginned motes and semi-processed motes which are of a quality suitable, without fur-

ther processing, for spinning, paper-making or bleaching shall be based on a percentage of the basic rate for baled lint, as specified in the Upland Cotton Domestic User/Exporter Agreement.

§ 1427.108 Payment.

(a) Payments in accordance with this subpart shall be determined by multiplying:

(1) The payment rate, determined in accordance with § 1427.107, by

(2) The net weight (gross weight minus the weight of bagging and ties) determined in accordance with paragraph (b) of this section, of eligible upland cotton bales that are opened by an eligible domestic user or sold for export by an eligible exporter during the Friday through Thursday period following a week in which a payment rate is established.

(b) For the purposes of this subpart, the net weight shall be determined based upon:

(1) For domestic users, the weight on which settlement for payment of the cotton was based ("landed mill weight");

(2) For reginned motes processed by an end user who converted such motes, without rebaling, to an end use in a continuous manufacturing process, the net weight of the reginned motes after final cleaning;

(3) For exporters, the shipping warehouse weight or the gin weight if the cotton was not placed in a warehouse, of the eligible cotton unless the exporter obtains and pays the cost of having all the bales in the shipment reweighed by a licensed weigher and furnishes a copy of the certified reweights.

(c) For the purposes of this subpart, eligible upland cotton will be considered—

(1) Purchased by the domestic user on the date the bale is opened in preparation for consumption; and

(2) From August 1, 1991, through July 17, 1996, sold by the exporter on the date the contract for sale is confirmed in writing and which is contracted for

delivery by not later than September 30, 1996; and

(3) Excluding cotton covered under paragraph (c)(2), through July 31, 2003, exported by the exporter on the date that CCC determines is the date on which the cotton is shipped.

(d) Payments in accordance with this subpart shall be made available upon application for payment and submission of supporting documentation, including proof of purchases and consumption of eligible cotton by the domestic user or proof of export of eligible cotton by the exporter, as required by the provisions of the Upland Cotton Domestic User/Exporter Agreement issued by CCC.

[56 FR 41434, Aug. 21, 1991, as amended at 61 FR 37611, July 18, 1996]

§ 1427.109 Contract cancellations.

(a) For the purposes of this subpart, except as provided in paragraph (e) of this section, any contract entered into by an exporter that is canceled or amended to reduce the contract quantity shall be replaced by the exporter with a subsequent contract ("replacement contract") designated by the exporter at the time a copy of the replacement contract is submitted to CCC, as specified in the Upland Cotton Domestic User/Exporter Agreement ("the Agreement"). Optional origin export contracts that are canceled/amended must be replaced with either an optional origin export contract or a contract to export United States cotton. The replacement contract shall specify shipment of the cotton by not later than September 30 following the shipment date specified in the original contract, except if the cancellation/amendment of a contract that specified shipment by not later than September 30 occurs after September 1, the replacement contract shall be entered into within 30 days after the cancellation/amendment and shipment shall be completed within 30 days after the replacement contract is entered into, but in no event may shipment be completed later than December 31. The provisions of this paragraph shall apply to—

(1) All undelivered (open) export contracts (including optional origin export

contracts) outstanding as of the later of the date the Agreement was executed by the exporter or August 29, 1991;

(2) Any export contracts that were canceled, or amended to reduce the contract quantity, between the later of June 18, 1991, or 75 days prior to the date the Agreement was executed by the exporter and the later of the date the Agreement was executed by the exporter or August 29, 1991, which are not replaced by the later of the date the Agreement was executed by the exporter or August 29, 1991; and

(3) All new export contracts entered into by the exporter on or after August 30, 1991, and prior to July 18, 1996 which are for delivery by not later than September 30, 1996.

(b) Notwithstanding the provisions of § 1427.107, the payment rate for a replacement contract shall be the lesser of the payment rate in effect on the date of the original contract or the payment rate in effect on the date of the replacement contract.

(c) If shipment of the cotton on any replacement contract is—

(1) Completed by October 31, the payment rate shall be the payment rate determined in accordance with paragraph (b) of this section;

(2) Not completed by October 31, the payment rate shall be zero;

(3) Not completed, or a replacement contract is not designated by the exporter by December 31, the exporter shall pay liquidated damages to CCC in an amount determined by multiplying the quantity of cotton not shipped by the higher of:

(i) The difference between the highest payment rate paid to, or earned by, the exporter between the date the original contract was entered into and December 31 of the year in which the original contract shipment period ends, regardless of whether the highest payment rate paid to, or earned by, the exporter was a current or forward-crop payment rate, and the payment rate determined in accordance with paragraph (b) of this section, or

(ii) 50 percent of the original contract payment rate.

(d) Notwithstanding the provisions of paragraphs (a) through (c) of this section, with respect to optional origin export contracts, shipment of foreign cotton will fulfill the shipment requirements but such cotton will be ineligible for payments.

(e) The provisions of paragraphs (a) through (d) of this section will not apply if CCC determines, based upon written evidence provided by the exporter, that a contract cancellation, amendment, or failure to export is due to reasons beyond the control of the exporter. If, as determined by CCC, the cancellation is beyond the control of the exporter, replacement contracts are not required, and the assessment of liquidated damages by CCC is waived. Documentation to support that contract cancellations are beyond the control of the exporter must be submitted to CCC. Requests for relief from naming a replacement contract will be examined by CCC on a case-by-case basis to determine if relief is warranted.

SOURCE: 61 FR 37612, July 18, 1996, unless otherwise noted.

§ 1427.160 Applicability.

(a) The regulations in this subpart are applicable to the 1996 through 2002 crops of upland and extra long staple seed cotton. These regulations set forth the terms and conditions under which recourse seed cotton loans shall be made available by the Commodity Credit Corporation ("CCC"). Such loans will be available through March 31 of the year following the calendar year in which such crop is normally harvested. CCC may change the loan availability period to conform to State or locally imposed quarantines. Additional terms and conditions are set forth in the note and security agreement which must be executed by a producer in order to receive such loans.

(b) Loan rates and the forms which are used in administering the recourse

seed cotton loan program for a crop of cotton are available in State and county Farm Service Agency (FSA) offices (State and county offices, respectively). Loan rates shall be based upon the location at which the loan collateral is stored.

(c) A producer must, unless otherwise authorized by CCC, request the loan at the county office which, in accordance with part 718 of this title, is responsible for administering programs for the farm on which the cotton was produced. A CMA must, unless otherwise authorized by CCC, request the loan at a central county office designated by the State committee. All note and security agreements and related documents necessary for the administration of the recourse seed cotton loan program shall be prescribed by CCC and shall be available at State and county offices.

(d) Loans shall not be available for seed cotton produced on land owned or otherwise in the possession of the United States if such land is occupied without the consent of the United States.

§ 1427.161 Administration.

(a) The recourse seed cotton loan program which is applicable to a crop of cotton shall be administered under the general supervision of the Executive Vice President, CCC (Administrator, FSA), or a designee and shall be carried out in the field by State and county FSA committees (State and county committees, respectively).

(b) State and county committees, and representatives and employees thereof, do not have the authority to modify or waive any of the provisions of the regulations of this subpart.

(c) The State committee shall take any action required by these regulations which has not been taken by the county committee. The State committee shall also:

(1) Correct, or require a county committee to correct, an action taken by such county committee which is not in accordance with the regulations of this subpart; or

(2) Require a county committee to withhold taking any action which is not in accordance with the regulations of this subpart.

(d) No provision or delegation herein to a State or county committee shall preclude the Executive Vice President, CCC (Administrator, FSA), or a designee from determining any question arising under the recourse seed cotton program or from reversing or modifying any determination made by the State or county committee.

(e) The Deputy Administrator, FSA, may authorize State or county committees to waive or modify deadlines and other program requirements in cases where lateness or failure to meet such other requirements does not adversely affect the operation of the recourse seed cotton loan program.

(f) A representative of CCC may execute loan applications and related documents only under the terms and conditions determined and announced by CCC. Any such document which is not executed in accordance with such terms and conditions, including any purported execution prior to the date authorized by CCC, shall be null and void.

§ 1427.162 Definitions.

Section 1427.3 of this part shall be applicable to this subpart.

§ 1427.163 Disbursement of loans.

(a) A producer or the producer's agent shall request a loan at the county office for the county which, in accordance with part 718 of this title, is responsible for administering programs for the farm on which the cotton was produced and which will assist the producer in completing the loan documents, except that CMA's designated by producers to obtain loans in their behalf may, unless otherwise authorized by CCC, obtain loans through a central county office designated by the State committee.

(b) Disbursement of each loan will be made by the county office of the county which is responsible for administering programs for the farm on which the cotton was produced, except that CMA's designated by producers to obtain loans in their behalf may, unless otherwise authorized by CCC, obtain disbursement of loans at a central county office designated by the State committee. Service charges shall be deducted from the loan proceeds. The

producer or the producer's agent shall not present the loan documents for disbursement unless the cotton is in existence and in good condition. If the cotton is not in existence and in good condition at the time of disbursement, the producer or the agent shall immediately return the check issued in payment of the loan or, if the check has been negotiated, the total amount disbursed under the loan, and charges plus interest shall be refunded promptly.

§ 1427.164 Eligible producer.

(a) An eligible producer of a crop of cotton shall be a person (i.e., an individual, partnership, association, corporation, CMA estate, trust, State or political subdivision or agency thereof, or other legal entity) which:

(2) Meets the requirements of this part; and

(3) Meets the requirements of parts 12 and 718 of this title, and part 1412 of this chapter.

Loan and loan deficiency payment documents executed by any such person will be accepted by CCC only if they are legally valid and such person has the authority to sign the applicable documents.

(c) A minor who is otherwise an eligible producer shall be eligible to receive loans only if the minor meets one of the following requirements:

(d) Two or more producers may obtain a single joint loan with respect to cotton which is stored in an approved storage if the cotton is jointly owned by such producers. The cotton may have been produced by two or more eligible producers on one or more farms.

(e) A CMA may obtain loans on the eligible production of such cotton with respect to such cotton on behalf of the members of the CMA who are eligible to receive loans for a crop of cotton. For purposes of this subpart, the term "producer" includes a CMA.

if a control sample of the lot of cotton is classed by an Agricultural Marketing Service (AMS), Cotton Classing Office or other entity approved by CCC, the quality for the lot shall be the quality shown on the applicable documentation issued for the control sample.

(c) To be eligible for loan, the beneficial interest in the seed cotton must be in the producer who is pledging the seed cotton as collateral for a loan as provided in §1427.5(c).

The seed cotton must be insured at the full loan value against loss or damage by fire.

§ 1427.167 Liens.

If there are any liens or encumbrances on the seed cotton tendered as collateral for a loan, waivers that fully protect the interest of CCC must be obtained even though the liens or encumbrances are satisfied from the loan proceeds. No additional liens or encumbrances shall be placed on the cotton after the loan is approved.

§ 1427.168 [Reserved]

§ 1427.169 Fees, charges, and interest.

(a) A producer shall pay a nonrefundable loan service fee to CCC at a rate determined by CCC.

(b) Interest which accrues with respect to a loan shall be determined in accordance with part 1405 of this chapter.

§ 1427.170 Quantity for loan.

(a) The quantity of lint cotton in each lot of seed cotton tendered for loan shall be determined by the county office by multiplying the weight or estimated weight of seed cotton by the lint turnout factor determined in accordance with paragraph (b).

(b) The lint turnout factor for any lot of seed cotton shall be the percentage determined by the county committee representative during the initial inspection of the lot. If a control portion of the lot is weighed and ginned, the turnout factor determined for the portion of cotton ginned will be used for the lot. If a control portion is not weighed and ginned, the lint turnout

factor shall not exceed 32 percent for machine-picked cotton and 22 percent for machine-stripped cotton unless acceptable proof is furnished showing that the lint turnout factor is greater.

(c) Loans shall not be made on more than a percentage established by the county committee of the quantity of lint cotton determined as provided in this section. If the seed cotton is weighed, the percentage to be used shall not be more than 95 percent. If the quantity is determined by measurement, the percentage to be used shall not be more than 90 percent. The percentage to be used in determining the maximum quantity for any loan may be reduced below such percentages by the county committee when determined necessary to protect the interests of CCC on the basis of one or more of the following risk factors:

- (1) Condition or suitability of the storage site or structure;
- (2) Condition of the cotton;
- (3) Location of the storage site or structure; and
- (4) Other factors peculiar to individual farms or producers which related to the preservation or safety of the loan collateral. Loans may be made on a lower percentage basis at the producer's request.

§ 1427.171 Approved storage.

Approved storage shall consist of storage located on or off the producer's farm (excluding public warehouses) which is determined by a county committee representative to afford adequate protection against loss or damage and which is located within a reasonable distance, as determined by CCC, from an approved gin. If the cotton is not stored on the producer's farm, the producer must furnish satisfactory evidence that the producer has the authority to store the cotton on such property and that the owner of such property has no lien for such storage against the cotton. The producer must provide satisfactory evidence that the producer and any person having an interest in the cotton including CCC, have the right to enter the premises to inspect and examine the cotton and shall permit a reasonable time to such persons to remove the cotton from the premises.

§ 1427.172 Settlement.

(a) A producer may, at any time prior to maturity of the loan, obtain release of all or any part of the loan seed cotton by paying to CCC the amount of the loan, plus interest and charges.

(b)(1) A producer or the producer's agent shall not remove from storage any cotton which is pledged as collateral for a loan until prior written approval has been received from CCC for removal of such cotton. If a producer or the producer's agent obtains such approval, they may remove such cotton from storage, sell the seed cotton, have it ginned, and sell the lint cotton and cottonseed obtained therefrom. The ginner shall inform the county office in writing immediately after the seed cotton removed from storage has been ginned and furnish the county office the loan number, producer's name, and applicable gin bale numbers. If the seed cotton is removed from storage, the loan principal plus interest and charges thereon must be satisfied not later than the earlier of:

- (i) The date established by the county committee;
- (ii) 5 days after the date of the producer received the AMS classification in accordance with § 1427.9 (and the warehouse receipt, if the cotton is delivered to a warehouse), representing such cotton; or
- (iii) The loan maturity date.

(2) If the seed cotton or lint cotton is sold, the loan principal, interest, and charges must be satisfied immediately.

(3) A producer, except a CMA, may obtain a nonrecourse loan or loan deficiency payment in accordance with subpart A of this part, on the lint cotton, but:

(i) The loan principal, interest, and charges on the seed cotton must be satisfied from the proceeds of the nonrecourse loan in accordance with subpart A of this part; or

(ii) The loan deficiency payment must be applied to the loan principal, interest, and charges on the outstanding seed cotton loan.

(4) A CMA must repay the seed cotton loan principal, interest, and charges before pledging the cotton for a nonrecourse loan or before a loan deficiency payment can be approved in accordance with subpart A of this part,

on the lint cotton. If CMA's authorized by producers to obtain loans in their behalf remove seed cotton from storage prior to obtaining approval to move such cotton, such removal shall constitute conversion of such cotton unless the CMA:

(i) Notifies the county office in writing the following morning by mail or otherwise that such cotton has been moved and is on the gin yard;

(ii) Furnishes CCC an irrevocable letter of credit if requested; and

(iii) Repays the loan principal, plus interest and charges, within the time specified by the county committee.

(5) Any removal from storage shall not be deemed to constitute a release of CCC's security interest in the seed cotton or to release the producer or CMA from liability for the loan principal, interest, and charges if full payment of such amount is not received by the county office.

(c) If, either before or after maturity, the producer discovers that the cotton is going out of condition or is in danger of going out of condition, the producer shall immediately notify the county office and confirm such notice in writing. If the county committee determines that the cotton is going out of condition or is in danger of going out of condition, the county committee will call for repayment of the loan principal, plus interest and charges on or before a specified date. If the producer does not repay the loan or have the cotton ginned and obtain a non-recourse loan in accordance with subpart A of this part on the lint cotton produced therefrom within the period as specified by the county committee, the cotton shall be considered abandoned.

(d) If the producer has control of the storage site and if the producer subsequently loses control of the storage site or there is danger of flood or damage to the seed cotton or storage structure making continued storage of the cotton unsafe, the producer shall immediately either repay the loan or move the seed cotton to the nearest approved gin for ginning and shall, at the same time, inform the county office. If the producer does not do so, the seed cotton shall be considered abandoned.

§ 1427.173 Foreclosure.

Any seed cotton pledged as collateral for a loan which is abandoned or which has not been ginned and pledged as collateral for a nonrecourse loan in accordance with subpart A of this part by the seed cotton loan maturity date may be removed from storage by CCC and ginned and the resulting lint cotton warehoused for the account of CCC. The lint cotton and cottonseed may be sold, at such time, in such manner, and upon such terms as CCC may determine at public or private sale. CCC may become the purchaser of the whole or any part of such cotton and cottonseed. If the proceeds received from the sales of the cotton are less than the amount due on the loan (including principal, interest, ginning charges, and any other charges incurred by CCC), the producer shall be liable for such difference. If the proceeds received from sale of the cotton are greater than the sum of the amount due plus any cost incurred by CCC in conducting the sale of the cotton, the amount of such excess shall be paid to the producer or, if applicable, to any secured creditor of the producer.

§ 1427.174 Maturity of seed cotton loans.

Seed cotton loans mature on demand by CCC but no later than May 31 following the calendar year in which such crop is normally harvested.

§ 1427.175 Liability of the producer.

(a)(1) If a producer makes any fraudulent representation in obtaining a loan, maintaining a loan, or settling a loan or if the producer disposes of or moves the loan collateral without the prior approval of CCC, such loan amount shall be refunded upon demand by CCC. The producer shall be liable for:

(i) The amount of the loan;

(ii) Any additional amounts paid by CCC with respect to the loan;

(iii) All other costs which CCC would not have incurred but for the fraudulent representation or the unauthorized disposition or movement of the loan collateral;

(iv) Applicable interest on such amounts; and

(v) Liquidated damages in accordance with paragraph (e).

(2) Notwithstanding any provision of the note and security agreement, if a producer has made any such fraudulent representation or if the producer has disposed of, or moved, the loan collateral without prior written approval from CCC, the value of such collateral acquired by CCC shall be equal to the sales price of the cotton less any costs incurred by CCC in completing the sale.

(b) If the amount disbursed under a loan, or in settlement thereof, exceeds the amount authorized by this subpart, the producer shall be liable for repayment of such excess, plus interest. In addition, seed cotton pledged as collateral for such loan shall not be released to the producer until such excess is repaid.

(c) If the amount collected from the producer in satisfaction of the loan is less than the amount required in accordance with this subpart, the producer shall be personally liable for repayment of the amount of such deficiency plus applicable interest.

(d) If more than one producer executes a note and security agreement with CCC, each such producer shall be jointly and severally liable for the violation of the terms and conditions of the note and security agreement and the regulations set forth in this subpart. Each such producer shall also remain liable for repayment of the entire loan amount until the loan is fully repaid without regard to such producer's claimed share in the seed cotton pledged as collateral for the loan. In addition, such producer may not amend the note and security agreement with respect to the producer's claimed share in such seed cotton, after execution of the note and security agreement by CCC.

(e) The producer and CCC agree that it will be difficult, if not impossible, to prove the amount of damages to CCC if a producer makes any fraudulent representation in obtaining a loan or in maintaining or settling a loan or disposing of or moving the collateral without the prior approval of CCC. Accordingly, if CCC or the county committee determines that the producer has violated the terms or conditions of the note and security agreement, liquidated damages shall be assessed on

the quantity of the seed cotton which is involved in the violation. If CCC or the county committee determines the producer:

(1) Acted in good faith when the violation occurred, liquidated damages will be assessed by multiplying the quantity involved in the violation by:

(i) 10 percent of the loan rate applicable to the loan note for the first offense;

(ii) 25 percent of the loan rate applicable to the loan note for the second offense; or

(2) Did not act in good faith with regard to the violation, or for cases other than first or second offense, liquidated damages will be assessed by multiplying the quantity involved in the violation by 25 percent of the loan rate applicable to the loan note.

(f) For first and second offenses, if CCC or the county committee determines that a producer acted in good faith when the violation occurred, the county committee shall:

(1) Require repayment of the loan principal applicable to the loan quantity affected by the violation, and charges plus interest applicable to the amount repaid;

(2) Assess liquidated damages in accordance with paragraph (e); and

(3) If the producer fails to pay such amount within 30 calendar days from the date of notification, call the applicable loan involved in the violation.

(g) For cases other than first or second offenses, or any offense for which CCC or the county committee cannot determine good faith when the violation occurred, the county committee shall:

(1) Assess liquidated damages in accordance with paragraph (e);

(2) Call the applicable loan involved in the violation.

(h) If CCC or the county committee determines that the producer has committed a violation in accordance with paragraph (e), the county committee shall notify the producer in writing that:

(1) The producer has 30 calendar days to provide evidence and information to the county committee regarding the circumstances which caused the violation, and

(2) Administrative actions will be taken in accordance with paragraphs (f) or (g).

(i) Any or all of the liquidated damages assessed in accordance with the provision of paragraph (e) may be waived as determined by CCC.

Subpart E—Standards for Approval of Warehouses for Cotton and Cotton Linters

AUTHORITY: Secs. 4 and 5, 62 Stat. 1070, as amended, 1072, as amended (15 U.S.C. 714 b and c).

SOURCE: 44 FR 67085, Nov. 23, 1979, unless otherwise noted.

§ 1427.1081 General statement and administration.

(a) This subpart prescribes the requirements which must be met and the procedures which must be followed by a warehouseman in the United States or Puerto Rico who desires the approval by the Commodity Credit Corporation (hereinafter referred to as "CCC") of warehouse(s) for the storage and handling of cotton and cotton linters, under a Cotton Storage Agreement, which are owned by CCC or held by CCC as security for price support loans. This subpart is not applicable to cotton or cotton linters purchased in storage for prompt shipment or to handling operations of a temporary nature.

(b) Copies of the CCC storage agreement and forms required for obtaining approval under this subpart may be obtained from the Kansas City Commodity Office, U.S. Department of Agriculture, P.O. Box 205, Kansas City, Missouri 64141 (hereinafter referred to as the "KCCO").

(c) A warehouse must be approved by the KCCO and a storage agreement must be in effect between CCC and the warehouseman before CCC will use such warehouse. The approval of a warehouse or the entering into of a storage agreement does not constitute a commitment that CCC will use the warehouse, and no official or employee of the U.S. Department of Agriculture is authorized to make any such commitment.

(d) A warehouseman, when applying for approval under this subpart shall submit to CCC at KCCO:

(1) A completed Form CCC-49, "Application for Approval of Warehouse for Storage of Cotton and/or Cotton Linters,"

(2) A current financial statement on Form WA-51, "Financial Statement", supported by such supplemental schedules as CCC may request. Financial statements may be submitted on forms other than Form WA-51 with approval of the Director, KCCO, or the Director's designee. Financial statements shall show the financial condition of the warehouseman as of a date no earlier than ninety (90) days prior to the date of the warehouseman's application, or such other date as CCC may prescribe. Additional financial statements shall be furnished annually and at such other times as CCC may require. CCC also may require that financial statements prepared by the warehouseman or by a public accountant be examined by an independent certified public accountant in accordance with generally accepted auditing standards. Only one financial statement is required for a chain of warehouses owned or operated by a single business entity. If approved by the Director, KCCO, or the Director's designee, the financial statement of a parent company, which includes the financial position of a wholly-owned subsidiary, may be used to meet the CCC standards for approval for the wholly-owned subsidiary.

(3) Evidence that the warehouseman is licensed by the appropriate licensing authority as required under § 1427.1082(a)(2) and such other documents or information as CCC may require,

(4) For warehouseman not operating under the U.S. Warehouse Act, a sample copy of the warehouseman's receipts and bale tags, and

(5) Evidence of applicable fire insurance rates.

[44 FR 67085, Nov. 23, 1979, as amended by Amdt. 3, 50 FR 16454, Apr. 26, 1985]

§ 1427.1082 Basic standards.

Unless otherwise provided in this subpart, each warehouseman and each of the warehouses owned or operated by such warehouseman for which CCC approval is sought for the storage or

handling of CCC-owned or -loan commodities shall meet the following standards:

(a) The warehouseman shall:

(1) Be an individual, partnership, corporation, association, or other legal entity engaged in the business of storing or handling for hire, or both, the applicable commodity. The warehouseman, if a corporation, shall be authorized by its charter to engage in such business,

(2) Have a current and valid license for the kind of storage operation for which the warehouseman seeks approval if such a license is required by State or local laws or regulations,

(3) Have a net worth which is the greater of \$25,000 or the amount which results from multiplying the maximum storage capacity of the warehouse (the total number of bales of cotton or cotton linters which the warehouse can accommodate when stored in the customary manner) times ten (10) dollars per bale. The net worth need not exceed \$250,000. If the calculated net worth exceeds \$25,000, the warehouseman may satisfy any deficiency in net worth between the \$25,000 minimum requirement and such calculated net worth by furnishing bond (or acceptable substitute security) meeting the requirements of § 1427.1083,

(4) Have available sufficient funds to meet ordinary operating expenses,

(5) Have satisfactorily corrected, upon request by CCC, any deficiencies in the performance of any storage agreement with CCC,

(6) Maintain accurate and complete inventory and operating records,

(7) Use only card type warehouse receipts which are pre-numbered and pre-punched or such other document as CCC may prescribe,

(8) Have available at the warehouse adequate and operable firefighting equipment for the type of warehouse and applicable stored commodity, and

(9) Have a work force and equipment available to provide adequate storage and handling service.

(b) The warehouseman, officials, or supervisory employees of the warehouseman in charge of the warehouse operation shall have the necessary experience, organization, technical qualifications, and skills in the warehousing business regarding the applicable com-

modities to enable them to provide proper storage and handling services.

(c) Warehouseman, officials and each of the supervisory employees of the warehouseman in charge of the warehouse operation shall:

(1) Have a satisfactory record of integrity, judgment, and performance, and

(2) Be neither suspended nor debarred under applicable CCC suspension and debarment regulations.

(d) The warehouse shall:

(1) Be of sound construction, in good state of repair, and adequately equipped to receive, handle, store, preserve, and deliver the applicable commodity,

(2) Be under the control of the contracting warehouseman at all times, and

(3) Not be subject to greater than normal risk of fire, flood, or other hazards.

[44 FR 67085, Nov. 23, 1979, as amended by Amdt. 3, 50 FR 16455, Apr. 26, 1985]

§ 1427.1083 Bonding requirements for net worth.

A bond furnished by a warehouseman under this subpart must meet the following requirements:

(a) Such bond shall be executed by a surety which:

(1) Has been approved by the U.S. Treasury Department, and

(2) Maintains an officer or representative authorized to accept service of legal process and in the State where the warehouse is located.

(b) Such bond shall be on Form CCC-33, "Warehouseman's Bond", except that a bond furnished under State law (statutory bond) or under operational rules of nongovernmental supervisory agencies may be accepted in an equivalent amount as a substitute for a bond running directly to CCC if:

(1) CCC determines that such bond provides adequate protection to CCC.

(2) It has been executed by a surety specified in paragraph (a) of this section or has a blanket rider and endorsement executed by such a surety with the liability of the surety under such rider or endorsement being the same as that of the surety under the original bond, and

(3) It is noncancellable for not less than ninety (90) days or includes a rider providing for not less than ninety (90) days' notice to CCC before cancellation. Excess coverage on a substitute bond for one warehouse will not be accepted or applied by CCC against insufficient bond coverage on other warehouses.

(c) Cash and negotiable securities offered by a warehouseman may be accepted by CCC in lieu of the equivalent amount of required bond coverage. Any such cash or negotiable securities accepted by CCC will be returned to the warehouseman when the period for which coverage was required has ended and there appears to CCC to be no liability under the storage agreement.

(d) A legal liability insurance policy may be accepted by CCC in lieu of the required amount of bond coverage provided such policy contains a clause or rider making the policy payable to CCC, CCC determines that it affords protection equivalent to a bond, and the Office of the General Counsel, U.S. Department of Agriculture, approves it for legal sufficiency.

(e) An irrevocable letter of credit may be accepted by CCC in lieu of the required amount of bond coverage provided that the issuing bank is a commercial bank insured by the Federal Deposit Insurance Corporation. Such standby letter of credit shall be on Form CCC-33A, "Irrevocable Letter of Credit", or on such other form as may be specifically approved by the Director, KCCO, or the Director's designee.

[44 FR 67085, Nov. 23, 1979, as amended by Amdt. 3, 50 FR 16455, Apr. 26, 1985]

§ 1427.1084 Examination of warehouses.

Except as otherwise provided in this subpart, a warehouse must be examined by a person designated by CCC before it may be approved by CCC for the storage and handling of the commodity and periodically thereafter to determine its compliance with CCC's standards and requirements.

§ 1427.1085 Exceptions.

Notwithstanding any other provisions of this report:

(a) The financial bond and original and periodic warehouse examination

provisions of this subpart do not apply to any warehouseman approved or applying for approval for the storage and handling of cotton or cotton linters under CCC programs if the warehouse is licensed under the U.S. Warehouse Act for such commodity but a special examination shall be made of such warehouse whenever CCC determines such action is necessary.

(b) A warehouseman who has a net worth of at least \$25,000 but who fails, or whose warehouse fails, to meet one or more of the other standards of this subpart may be approved if:

(1) CCC determines that the warehouse services are needed and the warehouse storage and handling conditions provide satisfactory protection for the commodity,

(2) The warehouseman furnishes such additional bond coverage (or cash or acceptable negotiable securities or legal liability insurance policy) as may be prescribed by CCC.

[44 FR 67085, Nov. 23, 1979, as amended by Amdt. 3, 50 FR 16455, Apr. 26, 1985; 56 FR 11502, Mar. 19, 1991]

§ 1427.1086 Approval of warehouse, requests for reconsideration.

(a) CCC will approve a warehouse if it determines that the warehouse meets the standards set forth in this subpart. CCC will send a notice of approval to the warehouseman. Approval under this subpart, however, does not relieve the warehouseman of the responsibility for performing the warehouseman's obligations under any agreement with CCC or any other agency of the United States.

(b) Except as otherwise provided in this subpart:

(1) CCC will not approve the warehouse if CCC determines that the warehouse does not meet the standards set forth in this subpart, and

(2) CCC will send any notice of rejection of approval to the warehouseman. This notice will state the cause(s) for such action. Unless the warehouseman or any officials or supervisory employees of the warehouseman are suspended or debarred, CCC will approve the warehouse if the warehouseman establishes that the causes for CCC's rejection of approval have been remedied.

(c) If rejection of approval by CCC is due to the warehouseman's failure to meet the standards set forth:

(1) In § 1427.1082, other than the standard set forth in paragraph (c)(2) thereof, the warehouseman may, at any time after receiving notice of such action, request reconsideration of the action and present to the Director, KCCO, in writing, information in support of such request. The Director shall consider such information in making a determination of notify the warehouseman in writing of such determination. The warehouseman may, if dissatisfied with the Director's determination, obtain a review of the determination and an informal hearing thereon by filing an appeal with the Deputy Administrator, Commodity Operations, Farm Service Agency (hereinafter referred to as "FSA"). The time of filing appeals, forms for requesting an appeal, nature of the informal hearing, determination and reopening of the hearing shall be as prescribed in the FSA regulations governing appeals, 7 CFR part 780. When appealing under such regulations, the warehouseman shall be considered as a "participant"; and

(2) In § 1427.1082(c)(2), the warehouseman's administrative appeal rights with respect to suspension and debarment shall be in accordance with applicable CCC regulations. After expiration of a period of suspension or debarment, a warehouseman may, at any time, apply for approval under this subpart.

[Amdt. 3, 50 FR 16455, Apr. 26, 1985]

§ 1427.1087 Exemption from requirements.

(a) If warehousing services in any area cannot be secured under the provisions of this subpart and no reasonable and economical alternative is available for securing such services for commodities under CCC programs, the President or Executive Vice President, CCC may exempt, in writing, applicants in such area from one or more of the standards of this subpart and may establish such other standards as are considered necessary to safeguard satisfactorily the interests of CCC.

(b) Warehousemen who are currently under contract with CCC will be required to meet the terms and condi-

tions of these regulations at the time of renewal of their contract.

[44 FR 67085, Nov. 23, 1979, as amended at 44 FR 74797, Dec. 18, 1979]

§ 1427.1088 Contract fees.

(a) Each warehouseman who has a non-federally licensed cotton warehouse must pay an annual contract fee for each such warehouse for which the warehouseman requests renewal of an existing Cotton Storage Agreement or approval of a new Cotton Storage Agreement as follows:

(1) A warehouseman who has an existing Cotton Storage Agreement with CCC for the storage and handling of CCC-owned cotton or cotton pledged to CCC as loan collateral must pay an annual contract fee for each warehouse approved under such agreement in advance of the renewal date of such agreement.

(2) A warehouseman who does not have an existing Cotton Storage Agreement with CCC for the storage and handling of CCC-owned cotton or cotton pledged to CCC as loan collateral but who desires such an agreement must pay a contract fee for each warehouse for which CCC approval is sought prior to the time that the agreement is approved by CCC.

(b) The amount of the contract fee shall be determined and announced annually in the FEDERAL REGISTER.

Subpart B—Regulations Governing Reductions in the Price of Milk Marketed by Producers, January 1, 1991 to December 31, 1997

AUTHORITY: 7 U.S.C. 1446e.

SOURCE: 56 FR 4527, Feb. 5, 1991, unless otherwise noted.

§ 1430.340 General statement.

(a) *Purpose.* This subpart implements the provisions of section 204 of the Agricultural Act of 1949 as amended and affected by section 1105(g)(3) of the Omnibus Budget Reconciliation Act of 1990 and sections 1105(a)(4) and 1105(c) of the Omnibus Budget Reconciliation Act of 1993, under which the Secretary of Agriculture is required to provide for a reduction in the price received by producers for all milk produced in the United States and marketed by producers for commercial use during the calendar years 1991 through 1997.

(b) *Amount of the reduction.* (1) The amount of the price reduction shall be 5 cents per hundredweight of milk marketed by producers for commercial use in 1991 and, except as provided by the

provisions of paragraph (b)(2) of this section, 11.25 cents per hundredweight of milk marketed by producers for commercial use in the calendar years 1992 through 1995 and 10 cents per hundredweight of milk marketed by producers for commercial use in the calendar years 1996 and 1997.

(2) On or before May 1 of each of the calendar years 1992 through 1997, the amount of reduction per hundredweight for each such year shall be adjusted individually for the remainder of the relevant year to compensate for refunds of price reductions made in the preceding calendar year which were collected by CCC under this subpart. The adjustment shall be announced by the Secretary by the required date.

(3) The reductions provided for in paragraphs (b) (1) and (2) of this section shall be in addition to any other reduction in the price received by producers as may be required under law.

(4) The reductions provided for in paragraphs (b)(1) and (b)(2) of this section shall be made and remitted to the CCC in the manner prescribed in § 1430.343 of these regulations.

(5) In addition, the CCC may make provision for the refund of monies collected in those cases in which the monies were collected for milk marketings later excluded by statutory amendment from coverage of this subpart for any of the calendar years 1992 through 1997.

(c) *Refund.* To the extent provided for in this subpart, a person may recover the entire amount by which prices were, for that producer, reduced under paragraphs (b)(1) or (b)(2) of this section for a year, if, as determined under the provisions in this subpart, the marketings of milk individually by such person and each of the persons who are *related persons* with respect to that person were not greater than the marketings of milk by those persons for the preceding year.

(d) *Applicability.* The provisions of this subpart shall apply to all milk produced in the United States that is marketed for commercial use by producers during the calendar years beginning on January 1, 1991, and ending December 31, 1997.

(5) For each of the calendar years 1992 through 1997, the reductions as specifically provided for in paragraphs (a)(2) and (a)(3) of this section, with respect to marketings of milk for commercial use in those respective years, shall be increased on, or before, May 1 of the year for the remainder of the year by an amount per hundredweight of milk that is necessary in order to compensate for refunds made to producers of milk for price reductions collected under this subpart on milk marketed for the immediately preceding calendar year.

(b) *Remittances.* Each responsible person shall remit to the CCC the funds represented by the reductions required by this subpart by the last day of the month following the month in which the milk was marketed. For all milk marketed outside of the United States by producers, the producer shall also remit the funds represented by the reductions to CCC by the last day of the month following the month in which the milk was marketed, unless the person paying the producer for such milk

has remitted the funds by that date, in which case the payment shall be considered to have been made by the producer and may be retained by CCC on that basis. § 1430.344 Refunds—General provisions for eligibility and other requirements.

(a) A refund of a reduction in producer proceeds made under this subpart may be made only to the extent explicitly provided for in this subpart. Such refunds may be made only for milk

marketed by producers in the calendar years 1991 through 1997. The monies that may be refunded to a person shall include only the reductions in proceeds of that person as provided for in § 1430.343(a) pursuant to provisions of the Omnibus Budget Reconciliation Act of 1990 and the Omnibus Budget Reconciliation Act of 1993.

(b) A person may receive a refund only for reductions actually made in that person's producer proceeds for milk and only for those monies actually remitted to CCC.

(c) If other conditions are met, a person may receive a refund of the entire refundable reduction made under this subpart for a calendar year in that person's milk producer proceeds if for that year the marketings of milk for commercial use, individually, of that person and each related person with respect to that person were not greater than their marketings of milk for commercial use in the applicable base period. This calculation will be made separately for the person seeking the refund and each related person.

(d) The person seeking the refund shall be responsible to prove that the refund is due. Such person must present all relevant data needed by the county committee to establish eligibility for the payment or requested by the County Committee for that purpose. That information will include all information needed to make the necessary determinations concerning related persons. The person seeking the refund for all relevant months must present month-by-month marketing data for that person and related persons for the relevant time periods.

(e) If the person seeking the refund was a responsible person for such person's own milk production, then such person must also provide proof that the required remittances were paid to CCC. If the responsible person was a third party, the person seeking the refund shall be required to certify whether, to the best of such person's knowledge, the reductions to be refunded were remitted to the CCC. If the third party did not make full payment for all marketings of all producers for the relevant period, the refund eligibility of individual producer shall be adjusted in such manner as DASCOS determines to

be appropriate taking into consideration the purposes of this subpart.

(f) The burden of proof on all refund matters shall lie with the person seeking to obtain, or retain, a refund from CCC. Such persons may be required to obtain certifications and documentation as needed from third parties to establish eligibility for a refund.

(g) A person may seek a refund as a representative of a producer where such representation arises by reason of the death, disappearance or incompetency of the producer or by other cause as permitted by DASCOS.

(h) No persons may apply for a refund before the end of the year of the reduction to be refunded.

(i) A complete application for a refund with all necessary documentation must be submitted to the county committee by March 15 of the year following the year for which the refund is requested, or if March 15 is not a business day, the next business day thereafter.

(j) If an overpayment of a refund is made, such overpayment shall be repaid to CCC with interest from the date of the overpayment. The repayment shall be due from the person who obtained the overpayment and any person who knowingly participated in a scheme or device to obtain the overpayment. If the overpayment resulted from a failure to comply with the provisions of this subpart, or results from a violation of this subpart, the persons responsible shall, in addition, be liable for a civil penalty to be paid to CCC. The amount of the penalty may be up to the amount equal to the quantity of milk involved in the overpayment multiplied by the support price for milk at the time the reduction in proceeds was made. These liabilities shall be in addition to any others imposed by law.

(k) All determinations made by county committee with respect to the granting of refunds or collection of overpayments shall be subject to review by DASCOS, as deemed needed by DASCOS to assure uniformity of treatment and to assure that there is full compliance with the provisions of this subpart.

[56 FR 4527, Feb. 5, 1991, as amended at 58 FR 61002, Nov. 19, 1993]

§ 1430.345 Determination of marketings for refund purposes; Related persons; Refunds for years in which the person whose proceeds were reduced leaves the dairy business.

(a) For purposes of calculating refund eligibility under this subpart, the marketings of a person for commercial use shall include all such marketings for the relevant period in which such person had an interest.

(b) As determined appropriate by DASCO to accomplish the goals of the program, the county committee may also consider marketings of milk occurring in the base period or in the reduction year of any operation with respect to which the person had an interest in the herd, the dairy animals, or in the facilities involved in the production at any time during the base period or reduction year.

(c) DASCO may consider a person to be in compliance with the requirements for the refund despite a failure to comply with conditions otherwise required by this subpart if such relief is deemed to be needed to afford fair and equitable treatment and the granting of such relief will not impair the accomplishment of the goals of the program.

(d)(1) Persons considered to be a related person with another person for purposes of calculating refund eligibility shall be as follows:

(i) The spouse and minor child of such person and/or guardian of such child;

(ii) Any corporation in which the person is a stockholder, shareholder, or owner of equal to, or greater than, a 10 percent interest in such corporation;

(iii) Any partnership, joint venture, or other enterprise in which the person has an ownership interest or financial interest; and

(iv) Any trust in which the person seeking the refund or any person listed paragraphs (d)(1) (i) through (iii) of this section is a beneficiary or has a financial interest.

(2) If the person seeking a refund is a corporation, partnership, or other entity, the related persons shall be considered to be:

(i) Any participant, owner, or stockholder in the entity except, in the case of corporations only, persons with less

than a 10 percent share in the corporation shall not be considered a related person with respect to that corporation; and

(ii) As determined under the provisions of paragraph (d)(1) of this section, any person who is a related person with respect to the persons identified as a related person to an entity under (d)(2)(i) of this section.

§ 1430.346 Transfer of milk marketing history for purposes of establishing eligibility for a refund.

(a) If a producer has acquired the complete dairy operation (i.e., all land, all equipment and all dairy cattle at all locations) of a family member, the milk marketing history of the acquiring producer may be increased by the milk marketing history of the family member. The preceding sentence shall apply only if the transferor no longer has any interest in any dairy, dairy herd, or in any dairy production. No other transfer of a milk marketing history shall be permitted.

(b) A request for a transfer of the milk marketing history must be made to the county committee of the county where the acquiring producer's dairy farm is located. A transfer may be approved only if adequate records are presented to establish eligibility for the transfer.

(c) For purposes of this section:

(1) A *family member* of the transferee of the dairy operation shall include all of the following:

(i) The parent, grandparent, or legal guardian of the transferee;

(ii) The spouse of a parent or grandparent of the transferee;

(iii) The transferee's spouse;

(iv) The son, daughter, grandson or granddaughter of the transferee, or the spouse of any such persons;

(v) Siblings of the transferee and the spouses of such siblings.

(2) *Milk marketing history* means the milk marketings by the transferor of the dairy operations in the year preceding the year of the transfer of the complete dairy operation which could have been used by the transferor to claim a refund of a reduction in producer proceeds made under this subpart.

(d) Notwithstanding any other provisions of this subpart, if a milk marketing history is transferred:

(1) The transferor shall not be eligible for a refund of a reduction in producer proceeds made in the year of the transfer.

(2) The marketing of milk in the year of the transfer which could be attributed to the transferor shall be considered solely to be marketings by the transferee for calculations relating to refunds of reductions made in the transfer year or in the following year; and

(3) The transferee, to the extent that other conditions are met, may claim refunds of reduction made in the proceeds of the transferor for the transfer year.

(e) A transfer of milk marketing history under this section shall become null and void if the transferor returns to dairying at any time prior to the payment of a refund to the transferee which took into account the transferor's marketings of milk.

§ 1430.347 Availability of records and facilities.

(a) *Records to be maintained.* Each responsible person and person seeking a refund shall maintain records in a manner that will demonstrate compliance with the provisions of this subpart and/or eligibility for a refund.

(b) *Availability of records and facilities.* Each responsible person or other persons affected by the provisions of this subpart shall make available to authorized representatives of the CCC or the Department all records and facilities pertaining to such person's operations that are necessary to determine compliance with the provisions of this subpart.

(c) *Retention of records.* All records required under this subpart shall be retained by the person required to keep such records for a period of three years beginning at the end of the calendar year to which such records pertain, or for such longer period as the Dairy Division or the CCC may require by notice to such person.

§ 1430.348 Adjustment of accounts.

Except as otherwise provided in this section, whenever the responsible per-

son or person obtaining a refund becomes aware through an audit or other means that an error in payment or refund has been made, such person must immediately notify the CCC of the error and make any payment to the CCC that is due the CCC, together with any late-payment interest and other charges as are provided for in this subpart. If the error is otherwise unknown to the person involved until notice is given by the CCC, the underpayment plus late-payment interest and other charges provided for in this subpart shall be made by the next date for remitting reductions as provided in § 1430.343 or within the time specified by the CCC if no subsequent remittances are required by this subpart from such person. Overpayments to the CCC by a responsible person shall be credited to the account of the responsible person remitting the overpayment and shall be applied against amount otherwise due to the CCC from the responsible person or refunded if no amounts are due to the CCC from such person. Nothing in this section shall reduce the liability of a person to the CCC for late-payment interest and other charges for underpayment or nonpayment to the CCC.

§ 1430.349 Charges and penalties.

(a) *Charge for dishonored negotiable instruments.* Each person who issues a negotiable instrument to the CCC in connection with this subpart that is not honored because of insufficient funds or any other reason will be charged \$25 plus such additional costs as may apply. The amount of this charge shall be in addition to any and all other authorized charges and penalties.

(b) *Late-Payment Interest.* Any unpaid obligation due the CCC under this subpart shall be increased by late-payment interest. Such interest shall be assessed in accordance with the provisions of 7 CFR part 1403 or successor regulations so designated by the Department. The timeliness of payment to the CCC shall be determined based on the applicable postmark date or the date of receipt by the CCC if no postmark date is available or legible.

(c) *Penalties.* (1) In addition to other penalties provided for in this subpart, a civil penalty payable to the CCC shall

be due from any responsible person who fails to make a reduction in the price of milk as required in this subpart and from any person who fails to remit to the CCC the funds required to be collected and remitted by this subpart, or fails to comply with any other requirement or provision of this subpart. Such penalty shall be in addition to any other amount due CCC and in addition to any other liability imposed by law. The amount of the penalty shall be up to an amount which is equal to the support price for milk in effect at the time the failure occurs multiplied by the quantity of milk involved. The Vice President, CCC, or a designee, may assess a penalty at less than the maximum amount where it is determined equitable in those cases where the failure was unintentional and such relief can be granted without harm to the program.

(2) The Vice President, CCC, or a designee, shall notify any person against whom a penalty is to be assessed of the intention to assess such penalty and provide such person with an opportunity for an administrative hearing.

§ 1430.350 Limitation of authority.

(a) State and county committees or their designees do not have authority to modify or waive any of the provisions of the regulations in this subpart.

(b) A State committee may take any action authorized or required by the regulations in this subpart to be taken by a county committee when such action has not been taken by the county committee. A State committee may also:

(1) Correct, or require a county committee to correct, any action taken by such county committee which is not in accordance with the regulations in this subpart, or

(2) Require a county committee to withhold taking any action which is not in accordance with the regulations in this subpart.

(c) No delegation herein to a State or county committee shall preclude DASCO, or a designee, from determining any question arising under the regulations in this subpart or from reversing or modifying any determination made by a State or county committee.

§ 1430.351 Estates and trusts; minors.

(a) For purposes of this subpart, a receiver of an insolvent debtor's estate and the trustee of a trust estate may, for the purpose of this subpart, be considered to represent an insolvent producer and the beneficiaries of a trust, respectively, and the production of the receiver or trustee shall be considered to be production of the producer which such receiver or trustee represents. Program documents executed by the receiver or trustee will be accepted only if they are legally authorized and valid and such person has the authority to execute the applicable documents.

(b) A person seeking a refund under the provisions of this part who is a minor shall be eligible for a refund under the regulations in this subpart only if:

(1) The right of majority has been conferred on the minor by court proceedings or by statute;

(2) A guardian has been appointed to manage the minor's property and the applicable program documents are signed by the guardian; or

(3) As determined by DASCO, an acceptable bond is furnished by an acceptable surety which protects CCC against any loss as may result to CCC in connection with the minor and the administration of this subpart.

§ 1430.352 Appeals.

Except as otherwise provided in this subpart with respect to matters under the supervision of AMS, the appeal regulations in 7 CFR part 780 shall be applicable to appeals of determinations made under this subpart.

§ 1430.353 Over-disbursement.

If a refund is disbursed under this subpart which exceeds the amount allowed in this subpart, the person receiving payment and that person's successors shall be personally liable for repayment of the amount of such excess payment plus interest computed in accordance with 7 CFR part 1403, if applicable, or in the amount allowed by law if part 1403 does not apply.

§ 1430.354 Death, incompetency, or disappearance.

In the case of the death, incompetency, or disappearance of any person who is entitled to a refund, such refund may be made to the person or persons who are specified in 7 CFR part 707. The person requesting such refund shall file Form ASCS-325, "Application for Payment of Amounts Due Persons Who Have Died, Disappeared, or Have Been Declared Incompetent" as provided in that part or meet such other requirements as may be imposed in successor regulations so designated by the Department.

§ 1430.355 Assignment.

Any person who may be entitled to a refund may assign his rights to such refund in accordance with 7 CFR part 1404 or successor regulations as designated by the Department.

§ 1430.356 Instructions and forms.

Such forms and instructions as are necessary for establishing milk marketings during the base period and obtaining refunds pursuant to the provisions in this subpart may be obtained from the county FSA office.

§ 1430.357 Scheme or device.

(a) Any person who is determined by the CCC to have knowingly adopted, or participated in, any scheme or device which tends to defeat, or has the effect of defeating, the implementation of, or purposes of, the provisions of this subpart, or the program provided for in this subpart, or who makes any fraudulent representation or misrepresents any fact affecting a determination under this subpart, shall be considered to have knowingly violated the provisions of this subpart and shall be liable for the civil penalty provided for in this subpart. In such event, in addition to any penalties which are due, all amounts which would have been due to the CCC for the reductions required by this subpart but which were not paid because of the prohibited activity shall be immediately payable by such person to the CCC.

(b) All or any part of the refunds due a person under this part may be withheld or required to be refunded to the CCC with interest computed in accord-

ance with 7 CFR part 1403 if the person adopts, or participates in adopting, any scheme or device designed to evade, or which has the effect of evading, the rules and purposes of this part. Such acts shall subject the person involved to penalties at the rate provided for in this subpart, and such acts include, but are not limited to, concealing from the county committee any information having a bearing on the application of the rules of this part, submitting false information to the county committee, transferring dairy cows to another dairy operation in order to meet requirements for refunds, or creating fictitious entities. This liability shall be in addition to any other liability imposed in accordance with this subpart or any other provision of law.

§ 1430.358 Continuing obligations.

The obligations of any person that arise under this subpart shall continue in effect until final payment or other disposition agreed to by the CCC even though the reductions provided for in this part may no longer be required.

§ 1430.359 Administrative review of charges against responsible persons.

Any responsible person who is adversely affected by any determination of liability under the terms and conditions of this subpart that relate to the collection of the reductions required by this subpart shall be able to obtain further consideration of such determination by filing a request for reconsideration with the Director of the Dairy Division within 30 days of the date of notice of the determination. If, upon reconsideration by the Director, the responsible person is dissatisfied with the new determination, such person may obtain a review of such determination and an informal hearing by filing an appeal with the Vice President, CCC. Such appeal must be filed within 15 days of the date of the redetermination by the Director. Such appeals to the Vice President, CCC, will, to the extent practicable, be conducted in the same manner as administrative appeals which are conducted under 7 CFR part 780. The decision on such appeal shall constitute the final agency action in the matter.

§ 1430.360 Offsets and withholdings.

The CCC may offset or withhold any amounts due the CCC under this subpart in accordance with the provisions of 7 CFR part 1403 or successor regulations as designated by the Department.

§ 1430.361 Paperwork Reduction Act assigned number.

The Office of Management and Budget has approved the reduction related information collection requirements contained in these regulations under the provisions of 44 U.S.C. Chapter 35 and OMB number 0560-0126 has been assigned. Information collection requirements related to refunds will be submitted for approval at a later date.

§ 1430.362 Assessment Termination, Refund Provisions for 1996 Assessments, and Clarification of Certain Procedures and Delegations.

(a) Notwithstanding any other provision of this part, no assessment shall be collected for milk marketed after April 30, 1996. Amounts collected for 1996 marketings shall be refundable as otherwise provided for in this subpart so long as, determined pursuant to this subpart, the producer's total milk marketings for calendar year 1996 were equal to or less than the producer's total marketings for calendar year 1995.

(b) For purposes of applying the provisions of this subpart:

(1)(i) No adjustment shall be made for milk marketings in a leap year, but rather comparisons between the refund and base period milk marketings shall be made on a calendar year basis.

(ii) If a producer quits marketing milk from a dairy operation during the refund period, the comparison of marketings with the preceding year shall be made by comparing the marketings of the months and days of production in the refund period with the corresponding months and days of the base period, subject, in addition, to the provisions in paragraph (a).

(2)(i) A producer under this subpart may be deemed to include the combination of all persons or entities with an interest in the production of milk on a farm or dairy operation.

(ii) The addition or removal of an individual or entity, who adds to or re-

moves from existing dairy units any dairy cows, to or from those with an interest in a dairy operation, shall constitute the formation of a new producer and shall be deemed to end the production history on that farm or dairy operation of the previous producer.

(3) All delegations to persons or agencies contained in this subpart shall be deemed, as appropriate, to be made to the successor official or agency resulting from any reorganization made pursuant to Public Law 103-354.

Subpart C—Recourse Loan Program for Commercial Processors of Dairy Products

SOURCE: 61 FR 37616, July 18, 1996, unless otherwise noted.

§ 1430.400 Definitions.

FSA means the Farm Service Agency, USDA.

Processor means a person or legal entity that commercially processes milk into Cheddar cheese, butter, or nonfat dry milk.

Recourse loan means a loan that requires repayment in full on or before the maturity date and forfeiture does not necessarily satisfy the loan indebtedness.

USDA means the United States Department of Agriculture.

§ 1430.401 Applicability.

(a) The regulations in this subpart are applicable to eligible dairy products produced after December 31, 1999. These regulations set forth the terms and conditions under which CCC will make recourse loans to eligible processors. Additional terms and conditions shall be those set forth in the loan application and the note and security agreement which a processor must execute in order to receive such a loan.

(b) Loan rates for the eligible dairy products shall be made available in FSA State and county offices.

(c) Recourse loans shall be available as provided in this part for eligible Cheddar cheese, butter, and nonfat dry milk.

§ 1430.402 Administration.

(a) The loan program shall be administered under the general supervision of the Executive Vice President, CCC (Administrator, FSA), and shall be carried out in the field by FSA State and county committees.

(b) State and county committees, and representatives and employees thereof, do not have the authority to modify or waive any of the provisions of this subpart.

(c) The State committee shall take any action these regulations require which the county committee has not taken. The State committee shall also:

(1) Correct, or require a county committee to correct, a county committee action which is not in accordance with the regulations of this subpart; or

(2) Require a county committee to withhold taking any action which is not in accordance with the regulations of this subpart.

(d) No provision or delegation herein to a State or county committee shall preclude the Executive Vice President, CCC (Administrator, FSA), from determining any question arising under the program or from revising or modifying any State or county committee determination.

(e) The Deputy Administrator, FSA, may authorize State and county committees to waive or modify deadlines and other program requirements in cases where lateness or failure to meet such other requirements do not adversely affect recourse loan program operation.

(f) A CCC representative may execute loans and related documents only under the terms and conditions CCC determines and announces. Any such document which is not executed in accordance with such terms and conditions, including any purported execution prior to the CCC authorized date, is null and void.

§ 1430.403 Loan rates.

(a) The Secretary will announce before January 1, 2000, and thereafter, before October 1 of each year, that a recourse loan program is available under this subpart, and loan rates for Cheddar cheese, butter, and nonfat dry milk based on a milk equivalent value of \$9.90 per hundredweight of milk containing 3.67 percent butterfat.

(b) Such loan rates will be announced by USDA news release.

§ 1430.404 Quantity eligible for loan.

(a) Any processor is eligible for a recourse loan on eligible dairy products owned by such processor.

(b) The total quantity of eligible dairy product which a processor may pledge as collateral for a loan at any single time may not exceed:

(1) The quantity of eligible dairy products processed during the fiscal year in which application is being made; plus

(2) The quantity of eligible dairy products processed during and under loan on September 30 of the prior fiscal year, if such products are immediately repledged as collateral for a supplemental loan on October 1 of the current fiscal year.

(c) All eligible dairy products pledged as collateral for a loan are required to be stored identity-preserved in eligible storage facilities.

(d) The processor shall furnish CCC such certification as CCC considers necessary to verify compliance with quantitative limitations.

§ 1430.405 Quality eligibility requirements.

(a) For dairy products to be eligible to be pledged as collateral for a recourse loan, the processor must furnish CCC such certification as CCC considers necessary to verify the following minimum quality requirements:

(1) Cheddar cheese shall be:

(i) U.S. Grade A or higher and moisture shall not exceed 38.5 percent for block cheese; or

(ii) U.S. Extra Grade and moisture shall not exceed 36.5 percent for barrel cheese.

(2) Nonfat dry milk shall be U.S. Extra Grade and moisture shall not exceed 3.5 percent; and

(3) Butter shall be U.S. Grade A or higher.

(b) Any eligible dairy product pledged as collateral must be free of any contamination by either natural or manmade substances and must not contain chemicals or other substances which are poisonous or harmful to humans or animals.

(c) CCC shall, at any time, have the right to inspect collateral in the storage facilities in which it is stored.

§ 1430.406 Storage facility requirements.

Eligible dairy products will be stored under the terms and conditions CCC prescribes.

§ 1430.407 Availability, disbursement, and maturity of loans.

(a)(1) To obtain an initial recourse loan on eligible dairy products, a dairy processor:

(i) Must file a request for an initial recourse loan, as CCC prescribes, with the State committee of the State where such processor is headquartered or a State committee designated county committee;

(ii) Must execute a note and security agreement and a storage agreement as CCC prescribes; and

(iii) Shall be responsible for all costs incurred in moving eligible dairy products to an eligible storage facility.

(2) A request for an initial loan must be filed no later than September 30 of the fiscal year in which the product was produced, but no earlier than January 1, 2000.

(3) If there are any liens or encumbrances on eligible dairy products pledged as collateral for a recourse loan, waivers that fully protect CCC's interest must be obtained even though the liens or encumbrances are satisfied from the loan proceeds. No additional liens or encumbrances shall be placed on the eligible dairy product after the loan is approved.

(4) A processor shall pay CCC a loan service fee in connection with the disbursement of each loan. The amount of the service fee shall be determined and announced by the Executive Vice President, CCC.

(b) No loan proceeds may be disbursed for dairy products until they

have actually been produced and are established as being eligible to be pledged as loan collateral.

(c) Loans will mature no later than September 30 following disbursement of the loan.

(1) Loan maturity dates may be accelerated by CCC in accordance with § 1430.428 (d) of this subpart.

(2) CCC may offer supplemental loans at the maturity of initial loans.

(d)(1) A processor may, if supplemental loans are offered, before the maturity date of an initial loan, request a supplemental loan by:

(i) Repaying the initial loan principal plus interest on September 30;

(ii) Repledging as collateral for a supplemental loan, on October 1, eligible dairy products identified as collateral for an initial loan maturing on September 30 of the immediately preceding fiscal year; and

(iii) Executing a note and security agreement and a storage agreement as CCC prescribes.

(2) Such supplemental loan:

(i) Shall be requested by the processor no later than September 30 of the fiscal year in which the initial loan is maturing.

(ii) Shall be at the loan rate and interest rate applicable to the month in which the supplemental loan is disbursed.

(iii) Shall mature as CCC specifies, but not later than September 30 following disbursement of the supplemental loan.

(iv) May only be authorized for 1 fiscal year.

(e) The county office shall file or record, as required by State law, all security agreements which are issued with respect to eligible dairy products pledged as collateral for loan. The cost of filing and recording shall be paid for by CCC.

§ 1430.408 Loan maintenance and liquidation.

(a) The processor shall:

(1) Abide by the terms and conditions of the loan application and the note and security agreement;

(2) Pay interest on the principal at a rate determined under part 1403 of this chapter;

(3) Be responsible for storage costs through loan maturity;

(4) Be responsible for any loss in quantity or quality of the loan collateral, and

(5) Be responsible for maintaining the quality and quantity of the loan collateral.

(b) The processor must pay CCC the principal and interest due and redeem their collateral no later than the loan maturity date.

(c) A processor may, at any time before maturity of the loan, redeem all or any part of the loan collateral by paying CCC the loan principal and interest applicable to the quantity of dairy product redeemed.

(d) CCC may at any time accelerate the date of repayment of the loan indebtedness, including interest. CCC will give the processor notice of such acceleration at least 15 days in advance of the accelerated loan maturity date.

(e) Prior to loan maturity:

(1) The processor may request and obtain prior written approval of the loan making office to remove a specified quantity of the loan collateral from storage for the purpose of delivering it to a buyer before repayment of the loan by executing a Marketing Authorization for Loan Collateral (Form CCC-681-1).

(2) The loan making office will approve such a request when the buyer of eligible dairy products agrees to pay CCC an amount necessary to satisfy the processor's loan indebtedness regarding the dairy products the buyer purchased. Any such approval shall not:

(i) Constitute a release of CCC's security interest in the dairy product, or

(ii) Relieve the processor of liability for the full amount of the loan indebtedness, including interest.

(f) If a processor's loan indebtedness is not satisfied in accordance with the provisions of this section:

(1) Late payment charges in addition to interest on the processor's indebtedness shall accrue at the rate specified in part 1403 of this chapter and shall accrue until the debt is paid;

(2) CCC may, upon notice, with or without removing the collateral from storage, sell such collateral at either a public or private sale; and

(3) The processor shall be liable for the deficiency if the net proceeds are less than the amount of principal, interest, and any other charges incurred by the CCC.

(g) If CCC determines that the actual eligible quantity serving as collateral for a recourse loan is less than the loan quantity because of incorrect certification, unauthorized removal, or unauthorized disposition, CCC may call all loans of the processor. Such determination shall result in the processor being deemed ineligible for loans for at least the remainder of the fiscal year.

(h) The security interests obtained by the CCC as a result of the execution of a security agreement by an eligible processor shall be superior to all statutory and common law liens on the collateral.

§ 1430.409 Miscellaneous provisions.

(a) CCC will not require the processor to insure the eligible dairy product pledged as collateral. However, if the processor insures such eligible dairy product and an indemnity is paid thereon, such indemnity shall accrue to the benefit of CCC to the extent of CCC's interest in the eligible dairy product involved in the loss.

(b) The regulations the Secretary issues governing offsets and withholding set forth at part 3 of this title and part 1403 of this chapter are applicable to the program set forth in this subpart.

(c) A processor may obtain reconsideration and review of determinations made under this subpart in accordance with the regulations of part 780 of this title.

(d) CCC, as well as any other U.S. Government agency, shall have the right of access to the premises of the processor in order to inspect, examine, and make copies of the books, records, accounts, and other written data as the examining agency deems necessary to verify compliance with the requirements of this subpart. Such books, records, accounts, and other written data shall be retained by the processor for not less than 3 years from the loan disbursement date.

(e) Any false certification made for the purpose of enabling a processor to obtain or retain a recourse loan to

which it is not entitled will subject the person making such certification to liability under applicable federal civil and criminal statutes.

§ 1430.410 Applicable forms.

The CCC forms used in connection with the dairy recourse loan program will be available from the appropriate State committee or designated county committee. For any CCC form that refers to program participation by producers, the term “producer” shall be deemed to mean “processor” and the term “crop year” shall be deemed to mean “fiscal year”.

Subpart A—General Provisions

§ 1435.1 Applicability.

These regulations set forth the terms and conditions under which Commodity Credit Corporation (CCC) will make loans and enter agreements with eligible processors for the 1996–2002 crop years. Additional terms and conditions are set forth in the loan application and the note and security agreement which the processor must execute in order to receive a loan. These regulations stipulate the requirements for making sugar marketing assessment payments to CCC for fiscal years 1996 through 2003 and the information reporting requirements for the 1996–2002 crop years.

[61 FR 37618, July 18, 1996, as amended at 62 FR 34612, June 27, 1997]

§ 1435.2 Definitions.

The definitions set forth in this section are applicable for all purposes of program administration. The terms defined in part 718 of this title are also applicable.

Beet sugar means sugar which is processed directly or indirectly from sugar beets or sugar beet molasses.

Cane sugar refiner means a person who processes raw cane sugar into refined crystalline sugar or liquid sugar.

CCC means the Commodity Credit Corporation, USDA.

Crop year for the 1996 crop means the period from July 1, 1996 through September 30, 1997. *Crop year* for the 1997–2001 crops means the period from October 1 through September 30, inclusive, and is identified by the year in which the crop year begins. For example, the 1997 crop year begins on October 1, 1997. The 1997 crop of sugar beets, sugarcane, or sugar means domestically-produced sugar beets, domestically-produced sugarcane, or sugar processed from domestically-produced sugar beets or sugarcane during the 1997 crop year. *Crop year* for the 2002 crop means the period from October 1, 2002 through June 30, 2003. Sugar from desugaring molasses is considered to be from the crop year the desugaring took place.

First processor means a person who commercially produces beet sugar or raw cane sugar, directly or indirectly,

from domestically-produced sugar beets or sugarcane, or from molasses or thick juice derived from domestically-produced sugar beets or sugarcane.

Market means, relative to any first processor, the shipment in conjunction with a sale or other disposition, or the forfeiture to CCC, of beet sugar or raw cane sugar by the first processor of such sugar, and the movement of raw cane sugar into the refining process. Beet sugar or raw cane sugar is deemed to be marketed as of the date of shipment from the first processor's facility, the date on which raw cane sugar was moved into the refining process, or the date on which sugar was forfeited to CCC.

Nonrecourse loan means a loan for which the eligible sugar offered as loan collateral may be delivered or forfeited to CCC, at loan maturity, in satisfaction of the loan indebtedness.

Raw sugar means any sugar which is to be further refined or improved in quality.

Raw value of any quantity of sugar means its equivalent in terms of raw sugar testing 96 sugar degrees, as determined by a polarimetric test performed in accordance with procedures recognized by the International Commission for Uniform Methods of Sugar Analysis (ICUMSA). Direct-consumption sugar derived from sugar beets and testing 92 or more sugar degrees by the polariscope shall be translated into terms of raw value by multiplying the actual number of pounds of such sugar by 1.07. Sugar derived from sugarcane and testing 92 sugar degrees or more by the polariscope shall be translated into terms of raw value in the following manner: raw value = $\{[(\text{actual degree of polarization} - 92) \times 0.0175] + 0.93\} \times \text{actual weight}$. For sugar testing less than 92 sugar degrees by the polariscope, derive raw value by dividing the number of pounds of the "total sugar content" (i.e., the sum of the sucrose and invert sugars) thereof by 0.972.

Recourse loan means a loan that requires repayment in full on or before the maturity date and forfeiture of the sugar does not necessarily satisfy the loan indebtedness.

Sugar means any grade or type of saccharine product derived, directly or indirectly, from sugarcane or sugar beets

and consisting of, or containing, sucrose or invert sugar, including all raw sugar, refined crystalline sugar, liquid sugar, edible molasses, and cane syrup.

Sugar beet processor means a person who produces sugar by commercially processing sugar beets or sugar beet molasses.

Sugarcane processor means a person who produces raw cane sugar by commercially processing sugarcane or sugarcane molasses.

Tariff-rate quota means the total of the aggregate quantities of raw cane sugar and other sugars, syrups and molasses established, or subsequently modified, by the Secretary pursuant to the provisions of additional U.S. note 5(a) to chapter 17 of the Harmonized Tariff Schedule of the United States (HTS) for imports to be entered, or withdrawn from warehouse for consumption, under subheadings 1701.11.10, 1701.12.10, 1701.91.10, 1701.99.10, 1702.90.10, and 2106.90.44 of the HTS or successor subheadings.

[61 FR 37618, July 18, 1996, as amended at 62 FR 34612, June 27, 1997]

§ 1435.3 Maintenance and inspection of records.

(a) CCC, as well as any other U.S. Government agency, has the right of access to the premises of any sugar beet processor, sugarcane processor, cane sugar refiner, or of any other person having custody of records that the examining agency deems necessary to verify compliance with the requirements of this part. The examining agency has the right to inspect, examine, and make copies of such books, records, accounts, and other written or electronic data as the examining agency deems relevant.

(b) Each sugar beet processor, sugarcane processor, and cane sugar refiner or any person having custody of the records shall retain such books, records, accounts, and other written or electronic data for not less than 3 years from the date:

- (1) A loan is disbursed in accordance with subpart B;
- (2) A marketing assessment is remitted to CCC in accordance with subpart C; and
- (3) Market data are reported to CCC in accordance with subpart D.

Subpart B—Loan Program**§ 1435.100 Applicability.**

(a) This subpart is applicable to the 1996 through 2002 crops of sugar beets and sugarcane. These regulations set forth the terms and conditions under which CCC will make recourse and non-recourse loans available to eligible processors. Additional terms and conditions are set forth in the loan application and note and security agreement which a processor must execute to receive a loan.

(b) Loan rates used in administering the loan program are available in FSA State and county offices.

(c) Loans shall not be available for sugar produced from imported sugar beets, sugarcane, or molasses.

§ 1435.101 Administration.

(a) The loan program shall be administered under the general supervision of the Executive Vice President, CCC, (Administrator, FSA) and shall be carried out in the field by FSA State and county committees.

(b) State and county committees, and representatives and employees thereof, may not modify or waive any of the provisions of the regulations of part 1435.

(c) The State committee shall take any action part 1435 requires which the county committee has not taken. The State committee shall also:

(1) Correct, or require a county committee to correct, a county committee action which is not in accordance with part 1435; or

(2) Require a county committee to withhold taking any action which is not in accordance with part 1435.

(d) No provision or delegation herein to a State or county committee shall preclude the Executive Vice President, CCC, (Administrator, FSA) from determining any question arising under the program or from reversing or modifying any State or county committee determination.

(e) The Deputy Administrator, FSA, may authorize State and county committees to waive or modify deadlines and other program requirements in cases where lateness or failure to meet such requirements do not adversely affect program operation.

(f) A CCC representative may execute loans and related documents only under the terms and conditions CCC determines and announces. Any such document which is not executed in accordance with such terms and conditions, including any purported execution prior to the CCC-authorized date, shall be null and void.

§ 1435.102 Loan types.

(a) CCC will make available to eligible processors of the 1996 through 2002 crops of domestically-produced sugar beets and sugarcane:

(1) Recourse loans if the tariff-rate quota is not above 1,500,000 short tons, raw value, at the time of loan approval and has never been above 1,500,000 short tons, raw value, at any time during the fiscal year;

(2) Nonrecourse loans if the tariff rate quota exceeds 1,500,000 short tons, raw value, at the time of loan approval or has exceeded 1,500,000 short tons, raw value, at any time during the fiscal year.

(b) Outstanding recourse loans will be automatically converted to non-recourse loans if the tariff-rate quota is increased to a level above 1,500,000 short tons, raw value. However, if the recourse loan recipient pays the principal amount of the loan, plus interest, within 30 days from the date the tariff-rate quota was increased, then the loan will be treated for all purposes whatsoever as if it had not been converted to a nonrecourse loan. Once nonrecourse loans are made available, they will not be converted to recourse loans any time during the fiscal year, even if the tariff-rate quota is subsequently reduced to a level equal to, or less than, 1,500,000 short tons, raw value.

§ 1435.103 Loan rates.

(a) The national average loan rate for raw cane sugar produced from the 1996 through 2002 crops of domestically-grown sugarcane is 18 cents per pound, raw value.

(b) The national average loan rate for refined beet sugar from 1996-2002-crop domestically-grown sugar beets is 22.90 cents per pound of refined beet sugar.

(c) The loan rates for eligible sugar are adjusted to reflect the processing location of the sugar offered as loan

collateral and are available from State and county offices.

§ 1435.104 Eligibility requirements.

(a) An eligible producer is the owner of a portion or all of the domestically-produced sugar beets or sugarcane, including share rent landowners, at both the time of harvest and the time of delivery to the processor, except producers determined to be ineligible as a result of the regulations governing highly erodible land and wetland conservation found at 7 CFR part 12, regulations governing crop insurance at 7 CFR part 400, or the regulations governing controlled substance violations at 7 CFR part 718.

(b) A sugar beet or sugarcane processor is eligible for loans if the processor agrees to all the terms and conditions in the loan application and the note and security agreement.

(c) Sugar pledged as collateral during the crop year:

(1) May not exceed the quantity derived from processing domestically-grown sugar beets or sugarcane from eligible producers during the applicable crop year;

(2) Must be processed and owned by the eligible processor and stored in suitable storage;

(3) May not have been processed from imported sugarcane, sugar beets, or molasses;

(4) Must have been processed in the United States or Puerto Rico; and

(5) Must have processor certification in the loan application that the sugar is eligible and available to be pledged as collateral.

(d) Sugar must meet the following minimum quality requirements to be eligible to be pledged as loan collateral:

(1) Refined beet sugar to be pledged as loan collateral must be:

(i) Dry and free flowing;

(ii) Free of excessive sediment; and

(iii) Free of any objectionable color, flavor, odor, or other characteristic which would impair its merchantability or which would impair or prevent its use for normal commercial purposes.

(2) Raw cane sugar to be pledged as loan collateral must be:

(i) Of reasonable grain size;

(ii) Free from excessive color or moisture; and

(iii) Free of any objectionable color, flavor, odor, or other characteristic which would impair its merchantability or which would impair or prevent its use for normal refining or commercial purposes.

(3) Sugarcane syrup or edible molasses must be free from any objectionable color, flavor, odor, or other characteristic which would impair the merchantability of such syrup or molasses or would impair or prevent the use of such syrup or molasses for normal commercial purposes.

§ 1435.105 Availability, disbursement, and maturity of loans.

(a) To obtain a loan, a processor must:

(1) File a loan request, as CCC prescribes, no later than September 30, 1997, for the 1996 crop year, no earlier than October 1 and no later than September 30 of the applicable crop year for the 1997-2001 crop years, and no earlier than October 1, 2002 and no later than June 30, 2003, for the 2002 crop year, with the State committee of the State where such processor is headquartered, or with a county committee designated by the State committee;

(2) Execute a note and security agreement as CCC prescribes; and

(3) Pay CCC a loan service fee in connection with the disbursement of each loan. The Executive Vice President, CCC, will determine and announce the service fee amount.

(b) If there are any liens or encumbrances on sugar pledged as collateral for a loan, the processor must obtain waivers that fully protect CCC's interest even though the liens or encumbrances are satisfied from the loan proceeds. No additional liens or encumbrances shall be placed on the sugar after the loan is approved.

(c) No loan proceeds may be disbursed until the sugar has actually been processed and is otherwise established as being eligible to be pledged as loan collateral.

(d) A processor may, within the loan availability period, repledge as collateral sugar that previously served as loan collateral for a repaid loan.

(1) In making application for such loan, the processor shall:

(i) Specify that the loan collateral should be treated as a quantity of eligible sugar that previously served as loan collateral for a repaid loan; and

(ii) Designate the loan to which the reoffered loan collateral was originally pledged.

(2) The subsequent loan shall have the same maturity date as the original loan.

(3) Loan collateral repledged that was previously redeemed from CCC is not included in determining the total quantity of sugar on which loans have been obtained for purposes of § 1435.104.

(e)(1) Disbursements shall be made without regard to the actual polarity of the sugar pledged as loan collateral but shall be made on the assumption that the polarity of such sugar is 96 degrees by the polariscope.

(2) Adjustments for polarity are only made at the time of loan forfeiture.

(f)(1) Loans will mature at the earlier of:

(i) the end of the 9-month period beginning on the 1st day of the first month after the month in which the loan is made; or

(ii) September 30 following disbursement of the loan.

(2) CCC may accelerate loan maturity dates in accordance with § 1435.107(g).

(g) Processors receiving loans in July, August, or September may repledge the sugar as collateral for a supplemental loan. Such supplemental loan shall:

(1) Be requested by the processor during the following October;

(2) Be recourse or nonrecourse depending on which type of loan is in effect according to § 1435.102;

(3) Be made at the loan rate in effect at the time the supplemental loan is made; and

(4) Mature in 9 months minus the number of whole months that the initial loan was in effect.

(h) No loans will be made after June 30, 2003.

[61 FR 37618, July 18, 1996, as amended at 62 FR 34612, June 27, 1997]

§ 1435.106 Loan maintenance.

(a) All processors receiving loans shall:

(1) Abide by the terms and conditions of the loan application and the note and security agreement; and

(2) Pay interest on the principal at a rate determined in part 1405.

(b) The security interests obtained by CCC as a result of the execution of security agreements by the processors of sugarcane and sugar beets shall be superior to all statutory and common law liens on raw cane sugar and refined beet sugar in favor of the producers of sugarcane and sugar beets and all prior recorded and unrecorded liens on the crops of sugarcane and sugar beets from which the sugar was derived.

(c) Nonrecourse loan recipients shall pay all eligible producers who have delivered or will deliver sugar beets or sugarcane to such processor for processing not less than the minimum payment levels CCC specifies for the applicable crop year when nonrecourse loans are in effect, except that processors who repay a recourse loan within the 30-day period provided for in § 1435.102(b) are not required to pay the minimum payment levels.

(d) A processor shall maintain eligible sugar of sufficient quality and quantity as collateral to satisfy the processor's loan indebtedness to CCC. CCC shall not assume any loss in quantity or quality of the loan collateral.

(1) The borrower is responsible for storage costs through the loan maturity date.

(2) Sugar pledged as loan collateral need not be stored identity preserved.

(3) When the proceeds of the sale of the sugar pledged as loan collateral are needed to repay all or part of a sugar loan, the processor may request and obtain prior written approval from the loanmaking office by executing a Market Authorization for Loan Collateral (form CCC-681-1) to remove a specified quantity of the loan collateral from storage for the purpose of delivering it to a buyer prior to repayment of the loan. Any such approval shall be subject to the terms and conditions set forth in the applicable form and the loanmaking office shall not approve such a request unless the buyer of the sugar agrees to pay CCC an amount

necessary to satisfy the processor's loan indebtedness regarding the sugar being sold. Any such approval shall not:

(i) Constitute a release of CCC's security interest in the sugar; or

(ii) Relieve the processor of liability for the full amount of the loan indebtedness, including interest.

(4) If CCC determines, by actual measurement or otherwise, that the actual quantity serving as collateral for a recourse or nonrecourse loan is less than the loan quantity, because of incorrect certification, unauthorized removal, or unauthorized disposition, CCC may call the loan and other outstanding loans. Such determination shall result in the processor being ineligible for recourse loans for the remainder of that crop year and through the next crop year.

§ 1435.107 Loan settlement and foreclosure.

(a) A processor may, at any time prior to loan maturity, redeem all or any part of the loan collateral by paying CCC the applicable principal and interest.

(b) Recourse loan recipients must pay CCC the principal and interest on the loan and redeem their sugar collateral no later than the loan maturity date.

(c) Forfeiture will be accepted as payment in full of the principal and interest due under a nonrecourse loan, applicable to the quantity of sugar delivered, subject to adjustment for parity, if the processor:

(1) Notifies in writing the appropriate loanmaking office of the processor's intent to forfeit the loan collateral, states the amount of loan collateral intended to be forfeited, and delivers the notice to the loanmaking office no later than 30 days prior to the maturity date of the loan;

(2) Executes a storage agreement, as CCC prescribes, prior to forfeiture or delivers the loan collateral to a CCC-approved storage facility upon forfeiture; and

(3) Pays the following forfeiture penalty on sugar pledged as collateral at the time of forfeiture:

(i) The penalty for raw cane sugar is 1 cent per pound; and

(ii) The penalty for beet sugar is 1.072 cents per pound; and

(4) Reduces payments owed producers by the producer's share of the aggregate loan forfeiture penalty incurred by the processor. The producer's share of the aggregate loan forfeiture penalty is calculated as the producer's share of the net selling price of the processor's sugar, provided for explicitly or implicitly in the contract between producers and processor, times the aggregate loan forfeiture penalty.

(d) Even though a processor gave notice of intent to forfeit, the processor may, at any time prior to maturity of the nonrecourse loan, redeem the loan collateral in accordance with this section.

(e) CCC shall not accept delivery of sugar in settlement of a nonrecourse loan in excess of:

(1) the amount specified in the notice of intent to forfeit; or

(2) the quantity of sugar which is shown on the note and security agreement minus any quantity that was redeemed or released for removal in accordance with this section.

(f) If the processor does not redeem any amount of the nonrecourse loan collateral and the conditions of paragraph (c) of this section have been fulfilled, the unredeemed nonrecourse loan collateral will, without further CCC or processor action, be deemed to have been forfeited and delivered to CCC in-store at the processor's storage facility on the day following the maturity date of the loan. Title, all rights, and interest to the sugar immediately vests in CCC upon delivery.

(g)(1) CCC may at any time accelerate the date for loan repayment indebtedness, including interest. CCC will give the processor notice of such acceleration at least 15 days in advance of the accelerated loan maturity date.

(2) In the event of any such acceleration of nonrecourse loans, the required notice of intent to forfeit, as set forth in paragraph (d)(1), may be given at any time prior to the accelerated maturity date.

(h) If a processor's recourse or nonrecourse loan indebtedness is not satisfied in accordance with the provisions of this section:

(1) Interest on the processor's indebtedness shall accrue as specified in part 1403 in this chapter and shall accrue until the debt is paid;

(2) CCC may, upon notice, with or without removing the collateral from storage, sell such collateral at either a public or private sale; and

(3) The processor shall be liable for the deficiency if the net proceeds are less than the amount of principal, interest, and any other charges incurred by the CCC.

§ 1435.108 Storage facility requirements.

(a) Sugar forfeited to CCC must be delivered in or to a CCC-approved storage facility.

(1) Eligible storage is any storage facility which:

(i) Meets CCC Standards for Approval of Dry and Cold Storage Warehouses for Processed Agricultural Commodities, Extracted Honey, and Bulk Oils (part 1423 of this chapter); and

(ii) Is placed under a storage contract with CCC.

(2) If the sugar is delivered in or to an ineligible storage facility, the processor is responsible for all costs incurred in moving the sugar to an eligible storage facility.

(b) CCC has the right to inspect loan collateral or CCC-owned sugar and the storage facilities in which the sugar is situated at any time.

(c) Regardless of whether CCC inspected the sugar and storage facility prior to delivery, the processor is liable to CCC for any damages CCC suffers if:

(1) The processor delivers ineligible sugar to CCC; or

(2) The processor delivers sugar into ineligible storage.

§ 1435.109 Processor storage agreement.

(a) By executing a note and security agreement, the processor agrees to store any forfeited loan collateral on behalf of CCC under the terms and conditions specified in this subpart and any storage agreement entered into between CCC and the processor. Should the terms of these regulations and the terms of the storage agreement conflict, the terms set forth in the regulations are applicable.

(b) The storing processor is responsible for maintaining the quality and condition of CCC-owned sugar. The processor is liable to CCC for any damages CCC suffers due to the failure of the processor to load out sugar meeting the criteria set forth in § 1435.104(d). Also, the processor shall store the sugar in the eligible storage where delivered for as long as CCC deems necessary.

(c) If a processor forfeits loan collateral and CCC and the processor fails to enter into a storage contract, the processor is responsible for all costs incurred in moving the sugar to an eligible storage facility.

(d) A processor storing CCC-owned sugar is responsible for all load-out expenses in the event that CCC sells the sugar.

(e) CCC shall make monthly storage payments to the processor for the period of time the processor stores the forfeited sugar. The storage payment rate shall be as CCC and the processor agree, and according to the terms and conditions CCC sets forth when executing a note and security agreement.

§ 1435.110 Miscellaneous provisions.

(a) The regulations issued by the Secretary governing setoffs and withholding set forth at part 3 of this title and part 1403 of this chapter are applicable to the program set forth in this subpart.

(b) A producer or processor may obtain reconsideration and review of determinations made under this subpart in accordance with the regulations at 7 CFR part 780.

(c) Any false certification, including those made for the purpose of enabling a processor to obtain a loan to which it is not entitled, will subject the person making such certification to liability under applicable Federal civil and criminal statutes.

§ 1435.111 Applicable forms.

CCC forms used for this program are available from the appropriate State committee or designated county committee. For purposes of any CCC form that refers to program participation by producers, the term "producer" shall be taken to mean "processor."

Subpart C—Sugar Marketing Assessments

§ 1435.200 General statement.

(a) This subpart sets forth the terms and conditions for the payment to CCC of marketing assessments for beet sugar and raw cane sugar marketed during fiscal years 1996 through 2003.

(b) The marketing assessment applies to:

(1) First processor marketings of all raw cane sugar processed during fiscal years 1996 through 2003 from domestically-produced sugarcane or sugarcane molasses, and

(2) First processor marketings of all beet sugar processed during fiscal years 1996 through 2003 from domestically-produced sugar beets or sugar beet molasses.

§ 1435.201 Marketing assessment rates.

(a) For marketings during fiscal year 1996, the assessment rate per pound of beet sugar is 0.2123 cents per pound. The assessment rate for fiscal years 1997 through 2003 is 0.2654 cents per pound.

(b) For marketings during fiscal year 1996, the assessment rate per pound of raw cane sugar is 0.1980 cents per pound, raw value. The assessment rate for fiscal years 1997 through 2003 is 0.2475 cents per pound, raw value.

§ 1435.202 Remittance.

(a) The monthly amount of the beet sugar marketing assessment to be remitted to CCC is determined by multiplying the number of pounds of beet sugar marketed in the calendar month by the assessment rate.

(b) The monthly amount of the marketing assessment on raw cane sugar to be remitted to CCC is determined by multiplying the number of pounds, raw value, of raw cane sugar marketed, or estimated to be marketed in accordance with (e)(1) of this section, in the calendar month by the assessment rate.

(c)(1) First processors shall remit marketing assessments to CCC no later than the 30th calendar day following the end of the month in which the beet sugar or raw cane sugar subject to the assessment was marketed.

(2) Mailed remittances will be considered timely if they are postmarked not later than the 25th calendar day following the month in which the beet sugar or cane sugar subject to the assessment was marketed.

(3) CCC must receive electronic remittances by the 30th calendar day following the month in which the beet sugar or raw cane sugar subject to the assessment was marketed.

(4) Any processor who fails to file a remittance by the due date shall be assessed a civil penalty and interest in accordance with § 1435.203.

(d)(1) First processors shall prepare and submit a fully and accurately completed form CCC-80 each month that shows:

(i) Beet sugar marketings during the previous calendar month; and

(ii) Raw cane sugar, raw value, marketings during the previous calendar month.

(2) First processors who do not operate on a calendar month basis may pay their assessments based on marketings on several extra days or fewer days than the calendar month reporting period, consistent with the processor's standard accounting period. However:

(i) Assessments must be paid on all marketings of specific crop year sugar in the fiscal year it is due; and

(ii) The marketing assessments must be remitted monthly and by the dates specified in this section.

(3) The entire assessment that is due and payable shall be remitted with the Form CCC-80.

(e)(1) If, when a raw cane sugar assessment is due and payable, the first processor cannot determine the exact raw value of such sugar, an estimate of raw value based on the recent experience of the processor shall be made and the assessment submitted on the estimated quantity.

(2) Whenever an assessment is based on an estimate of raw value pursuant to (e)(1), any necessary adjustments to the quantity of raw sugar subject to the assessment shall be made by filing a corrected Form CCC-80 no later than 30 calendar days after the last day of the month in which the estimated assessment was paid. If, according to the corrected Form CCC-80:

(i) The assessment was underpaid, the first processor shall remit the additional assessment due with the corrected Form CCC-80, and

(ii) If the assessment was overpaid, the first processor shall subtract the overpayment from any assessment due at the time the corrected Form CCC-80 is filed, or if none is due at that time, from the assessment next due.

(f) By October 30 of each year, first processors shall determine the quantity of beet sugar or raw cane sugar on hand that was produced during the preceding fiscal year but not marketed by September 30 of such preceding fiscal year and shall remit a marketing assessment to CCC as if the sugar had been marketed in September of such preceding fiscal year. Such sugar is not subject to a second assessment when it is marketed.

(g) First processors shall send remittances and CCC-80 forms as CCC specifies.

§ 1435.203 Civil penalties and interest.

(a) A first processor is liable for a civil penalty of up to 100 percent of the relevant national average loan rate times the marketings of beet sugar or raw cane sugar involved in the violation if the processor:

(1) Fails to remit, on a timely basis, the entire amount of any marketing assessment in accordance with this subpart;

(2) Fails to submit Form CCC-80 fully and accurately completed; or

(3) Fails to maintain and permit inspection of records as required by § 1435.204.

(b) In addition to any civil penalty assessed in accordance with this section, interest on unpaid assessments or deficiencies in assessments paid is due and payable at the rate specified in part 1403 of this chapter beginning on the 1st day of the month after the marketing assessment was due in accordance with § 1435.203. Interest shall continue to accrue until such amount is paid. However, if full payment of an assessment is received within 30 calendar days of the date on which the assessment was due, no interest shall apply.

(c) The Controller, CCC, shall assess civil penalties and interest.

(d) Affected first processors may request reconsideration of civil penalties by filing a request, within 30 days of receipt of certified written notification by the Controller, CCC, of such assessment of civil penalties, with the Executive Vice President, CCC, Stop 0501, 1400 Independence Ave. SW, Washington, D.C. 20250-0501.

(e) After reconsideration, affected first processors may appeal civil penalties by filing a notice of appeal, within 30 calendar days of receipt of certified written notification by the Executive Vice President, CCC, of an affirmation of the assessment of civil penalties, with the National Appeals Division in accordance with part 780 of this chapter.

§ 1435.204 Refunds.

Marketing assessments are non-refundable. However, upon presentation of evidence acceptable to the Controller, CCC, adjustments to an assessment may be made by CCC to reflect the actual marketings of beet sugar or raw cane sugar, or a first processor may adjust the amount of the assessment due in accordance with § 1435.202.

Subpart D—Information Reporting and Recordkeeping Requirements

§ 1435.300 General statement.

(a) Every sugar beet processor, sugar-cane processor, and cane sugar refiner shall report, on a monthly basis on CCC required forms, its imports and receipts, processing inputs, production, distribution, stocks, and other information necessary to administer sugar programs.

(b) Any processor must, upon CCC's request, provide such information as CCC deems appropriate for determining regional loan rates.

(c) The sugar information reporting and recordkeeping requirements of this subpart are administered under the general supervision of the Executive Vice President, CCC.

§ 1435.301 Civil penalties.

(a) Any processor or refiner who willfully fails or refuses to furnish the information, or who willfully furnishes false data required under § 1435.300, is

subject to a civil penalty of no more than \$10,000 for each such violation.

(b) The Controller, CCC, shall assess civil penalties and interest.

(c) Affected first processors may request reconsideration of civil penalties by filing a request, within 30 days of receipt of certified written notification by the Controller, CCC, of such assessment of civil penalties, with the Executive Vice President, CCC, Stop 0501, 1400 Independence Ave. SW, Washington, D.C. 20250-0501.

(d) After reconsideration, affected first processors may appeal civil penalties by filing a notice of appeal, within 30 calendar days of receipt of certified written notification by the Executive Vice President, CCC, of an affirmation of the assessment of civil penalties, with the National Appeals Division in accordance with part 780 of this chapter.

SOURCE: 61 FR 69005, Dec. 31, 1996, unless otherwise noted.

§ 1437.1 Applicability.

(a) For the 1997 and subsequent crop years, NAP is intended to provide eligible producers of eligible crops with protection comparable to the catastrophic risk protection plan of crop insurance. NAP is also designed to help reduce production risks faced by producers of crops for which Federal crop insurance under the Federal Crop Insurance Act, as amended is not available. NAP will reduce financial losses that occur when natural disasters cause a catastrophic loss of production or prevented planting of an eligible crop. Payment eligibility is based on an expected yield for the area and the producer's approved yield based on actual production history, or a transitional yield if sufficient production records are not available. In the case of forage determined by CCC to be predominantly grazed in accordance with § 1437.7(j), payment eligibility is based on an expected stocking level for the area and unit and the actual number of animals grazed and days grazing occurred. Production for both the applicable area expected yield and the individual producer approved yield for the unit or for forage determined by CCC to be predominantly grazed, area and unit expected stocking level must each fall below specified percentages in order to be eligible for payments under this part.

(b) The provisions contained in this part are applicable to each eligible producer and each eligible crop for which catastrophic coverage is not otherwise available.

[62 FR 53930, Oct. 17, 1997]

§ 1437.2 Administration.

(a) NAP is administered under the general supervision of the Executive Vice-President, CCC (Administrator, Farm Service Agency), and shall be carried out by State and county FSA committees (State and county committees).

(b) State and county committees, and representatives and their employees, do not have authority to modify or waive any of the provisions of the regulations of this part.

(c) The State committee shall take any action required by these regulations that the county committee has not taken. The State committee shall also:

(1) Correct, or require a county committee to correct any action taken by such county committee that is not in accordance with the regulations of this part; or

(2) Require a county committee to withhold taking any action that is not in accordance with this part.

(d) No provision or delegation to a State or county committee shall preclude the Executive Vice President, CCC, or a designee, from determining any question arising under the program or from reversing or modifying any determination made by a State or county committee.

(e) The Deputy Administrator may authorize State and county committees to waive or modify deadlines, except statutory deadlines, and other program requirements in cases where lateness or failure to meet such other requirements does not adversely affect operation of the program.

(f) The State committee will, in accordance with this part, recommend the geographical size and shape of the area where a natural disaster has occurred, and whether the area eligibility requirement has been satisfied. The recommendation of eligibility must be approved by the Executive Vice President, CCC, or a designee.

(g) The Executive Vice President, CCC, or a designee, will determine all yields and prices under this part.

§1437.3 Definitions.

The definitions set forth in this section shall be applicable for all purposes of administering the noninsured crop disaster assistance program. The terms defined in part 718 of this title and 1400 of this chapter shall also be applicable, except where those definitions conflict with the definitions set forth in this section.

Act means the Federal Agriculture Improvement and Reform Act of 1996, Public Law 104-127 (7 U.S.C. 7201 *et seq.*).

Actual production history means the history determined in accordance with part 400, subpart G, of this title, except

that when referring to NAP the terms of subpart G will mean as follows:

Insurance terms	NAP terms
Agent	Local office representative.
Claim	Application for payment.
Claim for indemnity	Application for payment.
Indemnity payment	NAP payment.
Insurable acreage	Eligible acreage.
Insurable cause	Natural disaster.
Insurable crop	Eligible crop.
Insurance company	Provider.
Insurance purposes	NAP purposes.
Insured	Eligible producer.
Insured producer	Eligible producer.
Uninsurable acreage	Ineligible acreage.
Uninsurable production	Ineligible production.
Uninsured cause of loss	Assigned production appraisal
Uninsured production	Ineligible production

Animal unit (AU) means an animal with daily energy requirement equating to 15.7 pounds of corn.

Animal unit day (AUD) means an expression of an expected or actual stocking rate.

Approved yield means an actual production history yield calculated and approved by CCC, used to determine any NAP payment in accordance with part 400, subpart G, of this title.

Aquacultural species means any species of aquatic organism grown as food for human consumption, or fish raised as feed for fish that are consumed by humans, or ornamental fish propagated and reared in an aquatic medium by a commercial operator on private property in water in a controlled environment. Eligible aquacultural species must be seeded in the aquacultural facility and not be growing naturally in the facility and must be planted or seeded in containers, wire baskets, net pens, or similar devices designed for the protection and containment of the seeded aquacultural species.

Area means the geographic region recommended by the State FSA committee, and approved by CCC in accordance with §1437.6, where a natural disaster has occurred which may qualify producers in the area for NAP payments.

Assigned yield means a yield assigned for a crop year in the base period, in accordance with part 400, subpart G, of this title, if the producer does not file an acceptable production report by the production reporting date.

Average market price means the price, or dollar equivalent on an appropriate

basis for an eligible crop established by CCC for determining payment amounts under NAP; for example, pound, bushel, ton, and AUD (for forage determined by CCC to be predominantly grazed). Such price will be on a harvested basis without the inclusion of transportation, storage, processing, packing, marketing or other post-harvest expenses and will be based, in part, on historical data.

Carrying capacity means the stocking rate, as determined by CCC, expressed as acres per animal unit (AC/AU) or reciprocal, which is consistent with maintaining or improving vegetation or related resources.

Catastrophic coverage means a catastrophic risk protection plan of insurance offered by FCIC in accordance with part 402 of this title.

CCC means the Commodity Credit Corporation, a wholly owned Government corporation within the United States Department of Agriculture.

County expected yield means the eligible crop yield established by the State FSA committee and approved by CCC for the county. Such yield information may be obtained from National Agricultural Statistics Service, Cooperative States Research, Education, and Extension Service, credible nongovernmental studies, yields in similar areas, and similar reference material. For planted annual crops, such yield will be based on the acreage planted for harvest.

Crop year means the period of time within which the crop is normally grown and designated by the calendar year in which the crop is normally harvested in the area. For crops harvested over two calendar years, the crop year will be the calendar year in which the majority of the crop would have been harvested. For crops grown over more than two calendar years, each year in the growing period will be considered as a separate crop year designated by the calendar year in which the crop sustained a loss. For crops for which catastrophic coverage is available, the crop year will be as defined by such coverage.

Eligible crop means an agricultural commodity for which catastrophic coverage is not available and which is commercially produced for food or

fiber as specified in this part. Eligible crop will also include floriculture, ornamental nursery, and Christmas tree crops, turfgrass sod, seed crops, aquaculture (including ornamental fish), and industrial crops. In the case of a crop that historically has multiple plantings in the same crop year that are planted or are prevented from being planted, each planting may be considered a different crop for determining payments under this part as determined by CCC. In the case of a crop, except for forage determined by CCC to be predominantly grazed, that has different varieties or types, each variety or type may be considered a separate crop for determining payments under this part, if CCC determines there is a significant difference in price or yield between the varieties or types.

Expected area yield means the eligible crop yield established and approved by CCC for the geographic area.

Floriculture means cut flowers or similar products of annual and perennial flowering plants grown under glass, fiberglass and other rigid plastics, film plastic, shade cloth, natural shade, other shade, and outdoor in a container or controlled environment for commercial sale.

Forage means land covered with grass or other similar herbaceous vegetation not of a woody plant species, produced under such range management practices as are necessary to sustain sufficient quality and quantity of grass or similar vegetation each year to be suitable for grazing or mechanical harvest to feed livestock in a commercial operation. NAP benefits for forage produced on Federal or State owned lands are available only for seeded forage.

Good farming practices means the cultural practices generally used in the area for the crop to make normal progress toward maturity and produce at least the individual unit approved yield. The practices are normally those recognized by Cooperative State Research, Education, and Extension Service as compatible with agronomic and weather conditions in the area.

Grazing days means the number of days used in the calculation of the carrying capacity for each forage species or type or variety determined by CCC to be predominantly grazed.

Harvested means a single harvest crop is considered harvested when the producer has, by hand or mechanically, or by grazing of livestock, removed the crop from the field. Crops with multiple harvests in 1 year or harvested over multiple years are considered harvested when the producer has, by hand or mechanically removed at least one mature crop from the field. The mechanically harvested crop is considered harvested once it is removed from the field and placed in a truck or other conveyance, except hay is considered harvested when in the bale, whether removed from the field or not. Grazing is not considered harvesting for the purpose of determining an unharvested or prevented planting payment factor.

Livestock means any farm or other animal excluding aquacultural species and, including but not limited to domestic avian, ruminant, equine, and swine species grown or maintained for any purpose.

Local office means the FSA office or other USDA office designated by CCC.

Native forage means grass or other vegetation occurring naturally without seeding.

Natural disaster means damaging weather, including but not limited to drought, hail, excessive moisture, freeze, tornado, hurricane, excessive wind, or any combination thereof; or adverse natural occurrence such as earthquake, flood, or volcanic eruption; or related condition, including but not limited to heat, insect infestation, or disease, which occurs as a result of an adverse natural occurrence or damaging weather occurring prior to or during harvest that directly causes, accelerates, or exacerbates the destruction or deterioration of an eligible crop, as determined by the Secretary.

Ornamental fish means a decorative fish produced in a commercial fishery for sale.

Ornamental nursery means decorative plants grown in a container or controlled environment for commercial sale.

Ornamental nursery crop means a decorative plant grown in a container or controlled environment for commercial sale.

Prevented planting means the inability to plant a crop with proper equip-

ment during the planting period for the crop or commodity. A producer must prove that the producer intended to plant the eligible crop and that such crop could not be planted due to natural disaster reasonably related to the basis for the area designation under §1437.6, as determined by the Executive Vice President. The natural disaster that caused the prevented planting must have occurred after the final planting date for the previous crop year and before the final planting date for the crop year in which a request for NAP payment was made. For crops with multiple plantings in a single crop year and one crop has been harvested, the natural disaster must occur, after the harvest of the harvested crop and before the end of the planting period for the next planting of the crop.

Production report means a written record showing the commodity's annual production and used to determine the producer's yield for NAP purposes. The report contains yield history by unit, if applicable, including planted acreage for annual crops, eligible acreage for perennial crops, and harvested and FCIC or CCC appraised production for the previous crop years. This report must be supported by verifiable written records, measurement of farm-stored production, or by other records of production approved by CCC. Information contained in an application for payment is considered a production report for the unit for the crop year for which the application was filed.

Qualifying gross revenues means:

(1) With respect to a person who receives more than 50 percent of such person's gross income from farming, ranching, and forestry operations, the annual gross income for the taxable year from such operations; and

(2) With respect to a person who receives 50 percent or less of such person's gross income from farming, ranching, and forestry operations, the person's total gross income for the taxable year from all sources.

Reseeded or replanted crop means the same crop planted on the same acreage after the first planting of the crop has failed.

Seed crop means a crop produced for the purpose of, or intended for use as, commercial propagation for sale.

Seeded forage means acreage which is mechanically seeded with grasses or other vegetation at regular intervals, at least every 7 years, in accordance with good farming practices.

Share means the producer's percentage of interest in the eligible crop as an owner, operator, or tenant. For the purpose of determining eligibility for payments under this part, the producer's share will not exceed the producer's share at the earlier of the time of loss or the beginning of harvest. Acreage or interest attributed to a spouse, child, or member of the same household may be considered part of the producer's share unless such individual is considered to be a separate person under part 1400 of this chapter.

Stocking rate means the number of animal units grazing or utilizing specific crop acreage for a specific number of days, expressed as animal unit days.

Type and weight range means the identification of animals according to the daily energy requirement, as determined by CCC, necessary to provide the daily maintenance ration, as determined by CCC, of the specific animal.

Type or Variety means a scientifically recognized subspecies of a crop or commodity having a particular characteristic or set of characteristics.

Unit means, for NAP, all acreage of the eligible crop or for ornamental nursery, all eligible plant species and sizes except plant species or sizes for which catastrophic coverage is available, in the county for the crop year:

(1) In which the person has 100 percent crop share; or

(2) Which is owned by one person and operated by another person on a share basis.

Value loss crop means ornamental nursery, Christmas trees, aquaculture, or other crops as determined by CCC that, due to their unique nature do not lend themselves to yield calculations or expected yield loss situations. Eligibility for a crop categorized as value loss shall be determined based on a loss of value at time of disaster, as determined by CCC.

[61 FR 69005, Dec. 31, 1996, as amended at 62 FR 53930, Oct. 17, 1997]

§ 1437.4 Eligibility.

(a) Eligible crops are any commercial agricultural crop (excluding livestock and their by-products), commodity, or acreage of a commodity grown for food or fiber for which catastrophic coverage is not available under part 402 of this title. Except for ornamental nursery and species or type or variety of a species of forage determined by CCC to be predominantly grazed, different types or varieties of a crop or commodity, may be treated as a separate eligible crop, if CCC determines there is a significant difference in price or yield.

(b) NAP payments will be made available for:

(1) Any commercial crop grown for food;

(2) Any commercial crop planted and grown for livestock consumption, including but not limited to grain and forage crops;

(3) Any commercial crop grown for fiber, excluding trees grown for wood, paper, or pulp products;

(4) Any commercially produced aquacultural species (including ornamental fish);

(5) Floriculture crops;

(6) Ornamental nursery crops;

(7) Christmas tree crops;

(8) Turfgrass sod;

(9) Industrial crops;

(10) Seed crops, where the propagation stock is commercially produced for sale as seed stock for other eligible NAP crop production; and

(11) Any crop, for which crop insurance under the Federal Crop Insurance Act is available in the county, that is affected by a natural disaster that is not named as an insurable peril under the producer's crop insurance policy.

(c) NAP payments will not be available for any acreage in any area for any crop for which catastrophic coverage is available, unless the loss was caused by a natural disaster that is not covered by catastrophic coverage and all other eligibility requirements under this part are satisfied.

[61 FR 69005, Dec. 31, 1996, as amended at 62 FR 53931, Oct. 17, 1997]

§ 1437.5 Assistance.

(a) Producers who are eligible to receive NAP payments for crop years 1996

through 1998 will receive assistance against loss in yield greater than 50 percent of the producer's approved yield for the eligible crop payable at 60 percent of the established average market price for the crop.

(b) Producers who are eligible to receive NAP payments after crop year 1998 will receive assistance against loss in yield greater than 50 percent of the producer's approved yield for the eligible crop payable at 55 percent of the established average market price for the crop.

(c) CCC will adjust the NAP payment rate for crops that are produced with significant and variable expenses that are not incurred because the crop acreage was prevented from being planted or planted but not harvested.

(d) NAP payments will be determined by unit based on all the acreage and production of the crop and eligible prevented from being planted acreage of the crop.

(e) Each producer's NAP payment will be based on the producer's share of the eligible crop.

(f) Animal Unit Day value will be established by CCC on the basis of a 5 year national average corn price per pound, as determined by CCC, and the daily energy requirement of one beef cow, as determined by CCC.

[61 FR 69005, Dec. 31, 1996, as amended at 62 FR 53931, Oct. 17, 1997]

§ 1437.6 Area.

(a) For the purposes of this part, acreage affected by a natural disaster, or any adjustment thereto, will be included in the area recommended by the state FSA committee and submitted to CCC for approval, regardless of whether the commodity produced on the affected acreage suffered a loss.

(b) Except for eligible areas identified in paragraph (f) of this section, an approved area shall include at least five producers of crops on separate and distinct farms for which the area has been approved for NAP payments. Notwithstanding this provision, CCC may approve an area having fewer than five producers if the Executive Vice President, or a designee, determines that such area will suffer significant economic consequences as a result of the disaster.

(c) An area may be designated as follows:

- (1) A county;
- (2) Aggregated acreage that is at least 320,000 acres; or
- (3) Aggregated acreage with not less than \$80 million average value for all crops produced annually.

(d) If the aggregated acreage affected by the natural disaster does not meet the minimum requirement specified in paragraph (c) (2) or (3) of this section, the aggregated acreage will be expanded by adding acres from around the affected acreage, until the minimum requirement is met.

(e) The area may not be defined in any manner that intentionally includes or excludes producers or crops.

(f) Notwithstanding the provisions of paragraphs (a) and (c) of this section, for areas outside the 50 states of the United States, the area shall include 10 or more producers of the crop except CCC may approve an area outside the 50 United States having fewer than 10 producers of the crop for which the area is requested if the Executive Vice President determines that such area will suffer significant economic consequences as a result of the disaster.

§ 1437.7 Yield determinations.

(a) CCC will establish expected area yields or an equivalent measure in the event yield data are not available, for eligible crops for each county or area for which the NAP is available, using available information, which may include, but is not limited to, National Agricultural Statistics Service data, Cooperative State Research, Education, and Extension Service records, Federal Crop Insurance Corporation data, credible nongovernment studies, yields in similar areas, and reported approved yield data. For planted annual crops, such yields will be based on the acreage planted for harvest.

(b) CCC may make county yield adjustments taking into consideration different yield variations due to different farming practices in the county such as: irrigated, nonirrigated, organic, nonorganic, different types and varieties of a crop and intended use.

(c) In establishing expected area yields for eligible crops:

(1) If the approved area corresponds to a single county, the expected area yield will be the yield established by CCC for that county, including any adjustments permitted by this section;

(2) If the approved area encompasses portions of counties or more than one county, the expected area yield will be the weighted average of the yields established by CCC for those counties in the area, including any adjustments permitted by this section; and

(3) CCC may adjust expected area yields if:

(i) The cultural practices, including the age of the planting or plantings, are different from those used to establish the yield; or

(ii) The expected area yield established on a state or county level is determined to be incorrect for the area.

(d) CCC will establish approved yields for purposes of providing assistance under this part. Approved yields for the eligible crop will be based on the producer's actual production history in accordance with the provisions of part 400, subpart G, of this title.

(e) The approved yield established for the producer for the year in which the NAP payments are offered will be equal to the average of the consecutive crop year yields, as established by CCC, reported and certified by that producer for that eligible crop.

(f) If a producer receives an assigned yield for a year of natural disaster because production records were not submitted by the production reporting deadline, the producer will be ineligible to receive an assigned yield for the year of the next natural disaster unless adequate production records for the eligible crop from all the interim crop years are provided to the local office. The producer shall receive a zero yield for those years the producer is ineligible to receive an assigned yield.

(g) CCC will select certain producers on a random or targeted basis and require those selected to provide records acceptable to CCC to support the information provided. Producers may also be required to support the yield certification at the time of loss adjustment or on post-audit. Each certification must be supported by records acceptable to CCC. Failure to produce records acceptable to CCC will result in CCC

establishing the yield in accordance with actual production history and may subject the producer to criminal and civil false claims actions under various Federal statutes as well as refund of any amount received. In addition, sanctions, as set out at §1437.16, may be imposed for false certification.

(h) Records acceptable to CCC may include:

(1) Commercial receipts, settlement sheets, warehouse ledger sheets, or load summaries if the eligible crop was sold or otherwise disposed of through commercial channels provided the records are reliable or verifiable; and

(2) Such documentary evidence as is necessary in order to verify the information provided by the producer if the eligible crop has been sold, fed to livestock, or otherwise disposed of other than through commercial channels such as contemporaneous measurements, truck scale tickets, and contemporaneous diaries, provided the records are reliable or verifiable.

(i) Any producer who has a contract to receive a guaranteed payment for production, as opposed to delivery, of an eligible crop will have the production adjusted upward by the amount of the production corresponding to the amount of the contract payment received.

(j)(1) Producers will not be eligible to receive an assigned yield if the acreage of the crop in a county for the crop year has increased by more than 100 percent over any year in the preceding seven crop years, unless:

(i) The producer provides adequate records of production costs, acres planted, and yield for the crop year for which NAP payments are being sought; or

(ii) CCC determines that the records provided under this paragraph are inadequate. CCC may require proof that the eligible crop could have been marketed at a reasonable price had the crop been harvested.

(2) The provisions of this section will not apply if:

(i) The crop has been inspected prior to the occurrence of a loss by a third party acceptable to CCC; or

(ii) The FSA county executive director, with the concurrence of the FSA

state director, makes a recommendation for an exemption from the requirements and such recommendation is approved by CCC.

(k) Prior to the beginning of the crop year, CCC in its own discretion will with respect to forage:

(1) Identify each species or type and variety of forage found in the county;

(2) Categorize each species or type and variety of forage identified as either:

(i) Predominantly mechanical harvested, or

(ii) Predominantly grazed;

(3) Establish a carrying capacity for each forage species or type and variety identified and determined by CCC to be predominantly grazed;

(4) Determine total acreage of forage determined by CCC to be predominantly grazed; and

(5) Calculate expected Animal Unit Day by dividing the total acres of forage in the county categorized by CCC as predominantly grazed by the approved carrying capacity and multiplying the result by the number of days of grazing used to determine the carrying capacity.

(l) In the event CCC receives a notice of loss of forage determined by CCC to be predominantly grazed, CCC will:

(1) Calculate utilized Animal Unit Day by dividing the total acres of forage reported to FSA determined by CCC to be predominantly grazed by the reported number of animal units grazed and multiplying the result by the number of days grazing occurred;

(2) Subtract the value of supplemental feed fed to the grazing livestock during the grazing period from the value of the utilized Animal Unit Day, as determined by CCC;

(3) Determine area utilization by dividing total area utilized Animal Unit Day by the expected Animal Unit Day; and

(4) Determine unit utilization by dividing the unit utilized Animal Unit Day by the expected unit Animal Unit Day.

[61 FR 69005, Dec. 31, 1996, as amended at 62 FR 53931, Oct. 17, 1997]

§1437.8 Acreage and production reports.

(a) Producers must file one or more acreage reports at the local office no later than the date specified by CCC for each crop the producer wants to insure future eligibility for the NAP program. The acreage report may be filed by the farm operator. Any producer will be bound by the acreage report filed by the farm operator unless the producer files a separate acreage report prior to the acreage reporting date.

(b) Acreage reports required by paragraph (a) must include all of the following information:

(1) All acreage in the county of the eligible crop (for each planting in the event of multiple planting) in which the producer has a share;

(2) The producer's share at the time of planting or the beginning of the crop year;

(3) The FSA farm serial number;

(4) The crop, practice, intended use, and for forage, the predominant species or type and variety and the intended harvest method, i.e. grazing or mechanical harvest.

(5) All persons sharing in the crop (including the identity of any person having an interest in the crop as producer) and the person's employer identification number or social security number, if the person wishes to receive any payment under the Act;

(6) The date the crop was planted; and

(7) Acreage prevented from being planted.

(c) For each crop for which an acreage report is filed in accordance with this section, the producer must report the production for that acreage by the immediately subsequent crop year acreage reporting date for the crop.

(d) A person's failure to submit the required information by the designated acreage reporting dates may result in the denial of payments under this part. If there is a change of ownership, operation, or share within the farming operation after the acreage reporting date, the local office must be notified not later than 30 calendar days after the change and proof of the change must be provided to maintain eligibility for payments under this part.

§ 1437.9

7 CFR Ch. XIV (1-1-99 Edition)

(e) In lieu of a production report, producers of forage that is predominantly grazed shall, in the crop year in which the producer files a notice of loss, report grazing animals by type and weight range and the number of days grazing occurred, and the amount and type of feed fed such grazing animals during any grazing period within the crop year.

(f) Animal Unit Day adjustments, as determined by CCC, may be calculated when a producer of forage predominantly grazed, provides adequate evidence, as determined by CCC, that unit forage management and maintenance practices provide different carrying capacity than practices generally provided forage acreage used to calculate the approved county expected carrying capacity.

[61 FR 69005, Dec. 31, 1996, as amended at 62 FR 53931, Oct. 17, 1997]

§ 1437.9 Loss requirements.

(a) To qualify for payment under this part, the loss or prevented planting of the eligible crop must be due to a natural disaster.

(b) Assistance under this part will not cover losses due to:

(1) The neglect or malfeasance of the producer;

(2) The failure of the producer to reseed or replant to the same crop in the county where it is practicable to reseed or replant;

(3) The failure of the producer to follow good farming practices for the commodity and practice;

(4) Water contained or released by any governmental, public, or private dam or reservoir project, if an easement exists on the acreage affected for the containment or release of the water;

(5) Failure or breakdown of irrigation equipment or facilities; or

(6) Except for tree crops and perennials, inadequate irrigation resources at the beginning of the crop year.

(c) A producer of an eligible crop will not receive payments under this part unless the projected average or actual yield for the crop, or an equivalent measurement if yield information is not available, in the area falls below 65 percent of the expected area yield.

Once this area, and all other, eligibility requirements have been satisfied:

(1) A reduced yield payment will be made to a producer if the total quantity of the eligible crop that the producer is able to harvest on the unit is less than 50 percent of the approved yield for the crop due to natural disaster reasonably related to the basis for the area designation under § 1437.6, factored for the share of the producer for the crop. Production from the entire unit will be used to determine whether the producer qualifies for a payment under this part. The quantity will not be reduced for any quality consideration unless a zero value is established; and

(2) A prevented planting payment under this part will be made if the producer is prevented from planting more than 35 percent of the total eligible acreage intended for planting to the eligible crop. Producers must have intended to plant the crop and prove that they were prevented from planting the crop due to natural disaster reasonably related to the basis for the area designation under § 1437.6, and the producer may be required to prove that such producer had the resources available to plant, grow, and harvest the crop, as applicable.

(d) NAP payments under this part for prevented planting will not be available for:

(1) Tree crops and other perennials, unless the producer can prove resources were available to plant, grow, and harvest the crop, as applicable;

(2) Land that planting history or conservation plans indicate would remain fallow for crop rotation purposes; or

(3) Land used for conservation purposes or intended to be or considered to have been left unplanted under any program administered by USDA, including the Conservation Reserve Program and Wetland Reserve Program.

[61 FR 69005, Dec. 31, 1996, as amended at 62 FR 53932, Oct. 17, 1997]

§ 1437.10 Application for payment and notice of loss.

(a) Any person with a share in the eligible crop who would be entitled to a payment under this part must provide a notice of damage or loss within 15

calendar days after the occurrence of the prevented planting (the end of the planting period) or recognizable damage to the crop. The notice must be filed at the local office serving the area where the producer's unit is located. The farm operator may provide the notice for all producers with an interest in the crop. All producers on a farm will be bound by the operator's filing or failure to file the application for payment unless the individual producers elect to timely file their notice.

(b)(1) Applications for payments under this part must be filed, on Form FCI-74, by the applicant with the local office no later than the first acreage reporting date for the crop in the crop year immediately following the crop year in which the loss occurred.

(2) If the producer chooses not to harvest the crop, all eligible acres and crop units for which the producer intends to make an application for payment must be left intact until the units have been appraised or released by an FCIC or CCC approved loss adjuster.

(3) If the producer harvests the crop, the producer must provide such documentary evidence of crop production as CCC may require which may include leaving representative samples of the crop for inspection.

(c) Failure to make timely application or to supply the required documentary evidence shall result in the denial of payments under this part.

§ 1437.11 Payments for reduced yields and prevented planting.

In the event that the area loss requirement has been satisfied for the crop and:

(a) The producer has sustained a loss in yield in excess of 50 percent of the producer's approved yield established for the crop, the NAP low yield payment will be determined by:

(1) Multiplying the producer's approved yield by the total eligible acreage planted to the eligible crop;

(2) Multiplying the product of paragraph (a)(1) by 50 percent;

(3) Subtracting the total production from the total eligible acreage from the result in paragraph (a)(2);

(4) Multiplying the product of paragraph (a)(3) by the producer's share of the eligible crop;

(5) Multiplying the result of paragraph (a)(4) by the applicable payment factor in accordance with § 1437.5(c); and

(6) Multiplying the result in paragraph (a)(5) by:

(i) For the 1996 through 1998 crop years, 60 percent of the average market price, as determined by CCC, or any comparable coverage, as determined by CCC; or

(ii) For the 1999 and subsequent years, 55 percent of the average market price, as determined by CCC, or any comparable coverage, as determined by CCC; or

(b) The producer has been unable to plant at least 35 percent of the acreage intended for the eligible crop, the NAP payment will be determined by:

(1) Multiplying the producer's acreage intended to be planted to the eligible crop by 35 percent;

(2) Subtracting the result in (b)(1) from the number of eligible prevented planting acres as determined in § 1437.9(c)(2);

(3) Multiplying the result of (b)(2) by the producer's share of the eligible crop;

(4) Multiplying the producer's approved yield by the result of (b)(3);

(5) Multiplying the result of (b)(4) by the approved prevented planting payment factor in accordance with § 1437.5(c); and

(6) Multiplying the result of (b)(5) by:

(i) For the 1996 through 1998 crop years, 60 percent of the average market price, as determined by CCC, or any comparable coverage, as determined by CCC; or

(ii) For the 1999 and subsequent years, 55 percent of the average market price, as determined by CCC, or any comparable coverage, as determined by CCC.

(c) The producer has sustained a loss of forage determined by CCC to be predominantly grazed in accordance with § 1437.7(l), in excess of 50 percent of the producer's expected Animal Unit Day established for the unit, the NAP payment will be determined by:

(1) Dividing the unit acreage for each species or type or variety identified on

the unit by the approved carrying capacity and multiplying the result by the corresponding grazing days used as the basis for determination of the carrying capacity, totaling the result for each species or types and varieties.

(2) Multiplying the result of paragraph (c)(1) of this section by 50 percent.

(3) Multiplying the number of animals grazed by the daily allowance of corn according to type and weight range and divide the result by pounds of corn CCC determines is necessary to provide the daily energy requirement for one animal unit.

(4) Multiplying the result of paragraph (c)(3) of this section by the number of days grazing occurred to determine gross actual AUD.

(5) Adding AUD for ineligible causes of loss and incidental mechanically harvested Category 1 forage to the result of paragraph (c)(4) of this section.

(6) Subtracting AUD or equivalent value of supplemental feed fed to the grazing livestock during the crop year from the result of paragraph (c)(5) of this section.

(7) Subtracting the result of paragraph (c)(6) of this section from the result of paragraph (c)(2) of this section. If a zero or negative number results, payment cannot be calculated.

(8) Multiplying the positive result of paragraph (c)(7) of this section by:

(i) For the 1997 through 1998 crop years, 60 percent of the average market price, as determined by CCC, or any comparable coverage, as determined by CCC; or

(ii) For the 1999 and subsequent years, 55 percent of the average market price, as determined by CCC, or any comparable coverage, as determined by CCC.

[61 FR 69005, Dec. 31, 1996, as amended at 62 FR 53932, Oct. 17, 1997]

§ 1437.12 Multiple benefits.

If a producer is eligible to receive payments under this part and benefits under any other program administered by the Secretary for the same crop loss, the producer must choose whether to receive the other program benefits or payments under this part. The producer is not eligible for both. Such election does not relieve the producer

from the requirements of making a production and acreage report. However, if the other USDA program benefits are not available until after an application for benefits has been filed under this part, the producer may refund the total amount of the payment to the local office from which the payment was received.

§ 1437.13 Payment and income limitations.

(a) NAP payments shall not be made:

(1) In excess of \$100,000 per person per crop year under this part, or

(2) To a person who has qualifying gross revenues in excess of \$2 million for the most recent tax year preceding the year for which assistance is requested.

(b) Simple interest on payments to the producer which are delayed will be computed on the net payments ultimately found to be due, from and including the 31st day after the latter of the date the producer signs, dates, and submits a properly completed application for payment on the designated form, the date disputed applications are adjudicated, or the date the area and crop is approved for NAP payments. Interest will be paid unless the reason for failure to timely pay is due to the producer's failure to provide information or other material necessary for the computation or payment.

§ 1437.14 Violations of highly erodible land and wetland conservation provisions.

The provisions of part 12 of this title, apply to this part.

§ 1437.15 Violations regarding controlled substances.

The provisions of § 718.11 of this title apply to this part.

§ 1437.16 Misrepresentation and scheme or device.

(a) If CCC determines that any producer has misrepresented any fact or has knowingly adopted, participated in, or benefitted from, any scheme or device that has the effect of defeating, or is designed to defeat the purpose of

this part, such producer will not be eligible to receive any payments applicable to the crop year for which the scheme or device was adopted.

(b) If any misrepresentation, scheme or device, or practice has been employed for the purpose of causing CCC to make a payment which otherwise would not make under this part:

(1) CCC will withhold all or part of the payment that would otherwise be due.

(2) All amounts paid by CCC to any such producer, applicable to the crop year in which the offense occurred, must be refunded to CCC together with interest and other amounts as determined in accordance with this part.

(3) CCC may impose such other penalties or administrative sanctions as authorized by section §1437.19.

(c) Scheme and device may include, but is not limited to:

(1) Concealing any information having a bearing on the application of the rules of this part;

(2) Submitting false information to the CCC or any county or state FSA committee; or

(3) Creating fictitious entities for the purpose of concealing the interest of a person in the farming operation.

§ 1437.17 Refunds to the CCC.

In the event that there is a failure to comply with any term, requirement, or condition for payment made in accordance with this part, or the payment was established as a result of erroneous information provided by any person, or was erroneously computed, all such payments or overpayments will be refunded to CCC on demand, plus interest determined in accordance with part 1403 of this chapter.

§ 1437.18 Offsets and assignments.

(a) Except as provided in paragraph (b), any payment or portion thereof to any person shall be made without regard to questions of title under State law and without regard to any claim or lien against the crop, or proceeds thereof, in favor of the owner or any other creditor except agencies of the U.S. Government. The regulations governing offsets and withholdings found at part 1403 of this chapter shall be applicable to payments under this part.

(b) Any producer entitled to any payment may assign any payments in accordance with regulations governing assignment of payment found at part 1404 of this chapter.

§ 1437.19 Cumulative liability.

(a) The liability of any producer for any payment or refunds, which is determined in accordance with this part to be due to CCC will be in addition to any other liability of such producer under any civil or criminal fraud statute or any other statute or provision of law including, but not limited to, 15 U.S.C. 714; 18 U.S.C. 286, 287, 371, 641, 651, 1001, 1014; 15 U.S.C. 714m; and 31 U.S.C. 3729.

(b) All producers on the unit receiving payments under this part will be jointly and severally liable to repay any unearned payments under this part.

§ 1437.20 Appeals.

The appeal, reconsideration, or review of all determinations made under this part, except the eligibility provisions for crops, areas, or producers for which there are no appeal rights because they are determined rules of general applicability, must be in accordance with part 780 of this title.

§ 1437.21 Estates, trusts, and minors.

(a) Program documents executed by persons legally authorized to represent estates or trusts will be accepted only if such person furnishes evidence of the authority to execute such documents.

(b) A minor who is otherwise eligible will be eligible for payments under this part only if such person meets one of the following requirements:

(1) The minor establishes that the right of majority has been conferred on the minor by court proceedings or by statute;

(2) A guardian has been appointed to manage the minor's property and the applicable program documents are executed by the guardian; or

(3) A bond is furnished under which the surety guarantees any loss incurred for which the minor would be liable had the minor been an adult.

§ 1437.22 Death, incompetence, or disappearance.

In the case of death, incompetence or disappearance of any person who is eligible to receive payments under this part, such payments will be disbursed in accordance with part 18 of this title.

§ 1437.23 OMB control numbers.

These regulations amend the information collection requirements previously approved by the Office of Management and Budget (“OMB”) under OMB control number 0563–0016.

Subpart—General Provisions

§ 1439.1 General statement.

The regulations in this part set forth the terms and conditions of the programs which may be made available to eligible owners for 1990 and subsequent livestock feed crop year disasters. The objective of these programs is to provide emergency feed assistance to eligible livestock owners in a State, county, or area approved by the Executive Vice President, CCC, where because of disease, insect infestation, flood, drought, fire, hurricane, earthquake, storm, hot weather, or other natural disaster, a livestock emergency exists. These programs, except the Crash Feed Grain Donation Program, also provide feed assistance to eligible livestock owners for the preservation and maintenance of livestock in any county contiguous to a county where a livestock feed emergency has been determined to exist at any time during an 8-month period beginning on the date that such an emergency has been determined to exist in the other county. The program or programs which are made available in the event of the occurrence of a livestock feed emergency shall be determined by the Executive Vice President, CCC. With the exception of the Prickly Pear Cactus Burning Program and Crash Feed Grain Donation Program contained at § 1439.401 through § 1439.504 of this part, in order to receive assistance under this part a person must enter into a contract with CCC in order to receive such assistance from CCC.

§ 1439.4 Program availability.

(a) Whenever the Governor of a State determines that a livestock feed emergency due to a natural disaster exists in a State, or an area of the State, or a county committee determines that such an emergency exists in the county or area within the county, the Governor or the county committee may submit a request for a determination by the Secretary of a livestock feed emergency in the State, county, or area thereof and for emergency livestock feed assistance under this part. Any request for a determination that a livestock emergency exists because of a slow developing natural disaster such as a drought must be submitted by October 31 of the current crop year. A de-

termination that a livestock emergency due to natural disaster exists may also be made for a State, county or area thereof by the Secretary, whether or not a request for assistance is submitted. The request of a Governor or county committee for a livestock feed emergency determination and for emergency livestock feed assistance shall include recommendations to the Secretary of those options that will fully use feed available through local sources. The request of the Governor must specify the names of the counties for which assistance is requested. The request submitted by a county committee for a livestock feed emergency determination must be submitted to the State committee and must contain:

- (1) A County Feed Loss Assessment Report, Form CCC-654;
- (2) The rainfall data by month expressed in inches and percent of normal for the current calendar year and the two previous calendar years if the request is due to the occurrence of drought or excess moisture;
- (3) The type of assistance requested; and

(4) A report of an on-site visit by the county committee and a State committee representative stating existing production conditions.

(b) The State committee shall forward such a request with a recommendation of whether the request should be approved to DASCO.

(c) The Executive Vice President, CCC, or his designee shall make a final determination as to whether a livestock feed emergency exists not later than 30 days after receipt of any request made in accordance with paragraph (a) of this section and shall notify the Governor or the county committee of such determination as applicable and the livestock feed programs authorized to be implemented.

(d) Owners in any county contiguous to a county that has been designated as a livestock feed emergency county shall be eligible to receive emergency livestock feed assistance under this part, except for the Crash Feed Grain Donation Program and Livestock Feed Donation Program, at any time during the 8-month period beginning on the date on which the emergency was determined exists in the other county.

§ 1439.5 Owner eligibility.

Subject to the terms and conditions in this part, an owner, including an Indian tribal member owner who is participating in the Indian Acute Distress Donation Program (IADDP), may be approved to participate in a program established in accordance with this part.

§ 1439.6 Eligibility for assistance.

(a) Any owner of livestock may file a CCC-652 for participation in a program made available by CCC in an approved county. When a CCC-652 is filed, the owner or, a duly authorized representative of the owner, shall execute the certification contained on the CCC-652.

(b) The owner, or duly authorized representative of the owner, shall enter into a contract with CCC to receive assistance not to exceed the amount of eligibility determined on the CCC-653.

(c) A CCC-652 application worksheet and CCC-651 contract must be filed at the county FSA office in an approved county or in a county FSA office in a contiguous county.

(d)(1) The owner, or a duly authorized representative of an owner, shall:

(i) Furnish all the information specified on the CCC-652 and CCC-651;

(ii) Certify that the owner meets the requirements of the applicable program; and

(iii) Provide any other information which the approving official determines to be necessary to determine the owner's eligibility.

(2) Applications for assistance due to production losses because of a livestock feed emergency determined to exist for 1990 and subsequent livestock feed crop year disasters must be filed by December 31 of the year in which the disaster occurred.

(3) With respect to owners in a county contiguous to a county where a livestock feed emergency has been determined to exist, owners must file not later than the last day of the 8-month period beginning on the day the Secretary of Agriculture determines that a livestock feed emergency exists in the other county.

(e)(1) With respect to those programs which require that an eligible livestock owner must have suffered a substantial loss of production of feed, in determining whether a substantial loss of production of feed exists, the normal production of livestock feed and the current year livestock feed production harvested by the owner shall be converted to a monetary value based on established crop yields or the 5-year average yield of the crop excluding the high and low years, obtained from the National Agriculture Statistics Service (NASS). The amount of loss of livestock feed production shall be determined by CCC by comparing the monetary value of normal feed production produced on the owner's landholdings including leased land and any other land which is available for use by the owner to the monetary value of the actual livestock feed production harvested from such holdings. Loss of pasture production shall be based on the grazing value per acre of such pasture and the percent of loss for such acres. The owner must have suffered a substantial monetary value loss of feed normally produced by the owner to be eligible to participate in the emergency livestock feed programs.

(2) A substantial loss of production may, as determined by CCC, include feed stocks produced in the current crop year which were damaged or destroyed by a natural disaster while in storage. Feed stocks not totally destroyed shall be appraised by CCC on the basis of the remaining value of such stocks as livestock feed.

(3) For the 1990 emergency livestock feed program the determination of a substantial loss of production with respect to pasture, range, or other grazing land shall be computed based on the loss of current year grazing after the beginning of the livestock feed program crop year through the end of the feeding period. County ASC committees shall establish a value per acre for each type of grazing for the county and the maximum degree of loss for each type of grazing. Any production loss attributed to overgrazing in a prior crop year shall be excluded.

(4) For the 1991 and subsequent emergency livestock feed program crop years, the determination of a substantial loss of production with respect to pasture, range, or other grazing land shall be computed based on the loss of current year grazing after the beginning of the livestock feed program crop year through the end of the feeding period. State ASC committees shall establish a carrying capacity for each type of grazing in the county. The normal grazing value will be based on the carrying capacity and the dollar value of the quantity of forage needed to maintain an animal unit for 1 day, as determined by DASCO.

(5) In determining a substantial loss of production with respect to feed grain, silage, green chop, hay, and other roughage, the current crop year acreage and normal yields for such crops shall be used. The owner with swine, poultry or fish and grazing livestock that selects to include only eligible livestock that do not normally graze or use forage in the application for assistance shall not receive a loss on roughage, grazing, or other crops not suitable for non-grazing livestock.

(6) The amount of payment on any loss of production otherwise computed shall be reduced due to the receipt of other government disaster benefits which are received by the person for

livestock feed normally grown by the owner. No reduction shall be made for CCC-owned grain that is donated to eligible Indian livestock owners under the Indian Acute Distress Donation Program (IADDP).

(7) No loss of production shall be determined on acreage conservation reserve (ACR) or conserving use (CU) for payment acreage during the 5-month restricted haying and grazing period established by the State committee for purpose of administering part 1413 of this chapter.

(f) The same monetary value per ton, bushel or hundredweight, as applicable, used to determine the value for normal production and feed production harvested shall be used to determine a monetary value for feed available.

(g) Current year feed available owned by the owner of eligible livestock on the date of application shall include, but is not limited to:

(1) Feed grain, silage, green chop, hay, pasture, and other roughage;

(2) Current crop year production of feed still available including any grain pledged as collateral for a CCC price support loan;

(3) Current crop year feed grain pledged as collateral for a CCC price support loan during the current crop year.

(4) Any current crop year feed that is sold during the current crop year by considering the date of delivery of the feed as the date sold;

(5) Pasture, range, or other grazing land owned by the owner and any benefits from any pasture or grazing rights purchased or leased as part of the owner's normal operation during the feeding period;

(6) Grazing benefits from hay or grain crops which are grazed instead of or in addition to harvesting during the feeding period, including any temporary grazing of crops such as wheat;

(7) Temporary winter cover crops available for grazing during the feeding period;

(8) Any current year feed produced by the owner utilized in a feedlot for the commercial feeding of livestock;

(9) Any donated feed received during the current year including current and prior years production, that is still available on the date the application is

filed except for feed grain donated by CCC under the IADDP;

(10) Any roughage or grazing value available during the feeding period from ACR or CU during the 7-month nonrestricted haying and grazing period established by the State committee for purposes of administering part 1413 of this chapter;

(11) If haying or grazing of ACR or CU for payment acreage during the 5-month restricted period is authorized, any roughage or grazing value available from these acreages during the feeding period; and

(12) Except as otherwise provided in this section, any other feed that may be determined by approving officials in accordance with instructions issued by DASCO including adjustments based upon other government disaster benefits which are received by the person.

(h) The total monetary value of feed available, for an Indian tribal member who is determined eligible to receive assistance under the emergency livestock feed programs and receive donated grain under the IADDP, shall be the monetary value of the Indian owner's current year livestock feed available as determined in paragraphs (g) (1) through (12) of this section, less the monetary value, as determined by DASCO, of any donated grain received under IADDP.

(i)(1)(i) The value of total feed needs determined with respect to an owner of livestock, other than fish for food, shall not exceed the amount obtained by multiplying:

(A) The average cost of corn, as established by CCC, that is determined necessary to provide the energy requirements established for each weight class of livestock by type; times

(B) The number of eligible animals of each type and weight range of livestock; times

(C) The number of days in the feeding period.

(ii) The livestock owner with swine, poultry or fish and grazing livestock shall have the option to include only eligible livestock that do not normally graze or use forage in the application for assistance under this part.

(iii) The value of additional feed needs determined with respect to an owner shall be the monetary value of

the total feed needs less the monetary value of feed available including feed grain, hay, silage, pasture and range, and any other source of feed, determined by the approving official to be available to the owner for feeding eligible livestock during the feeding period.

(iv) The amount of total benefits available determined with respect to an owner for the entire feeding period shall be a percentage, as determined by DASCO, of the smaller of the monetary value of additional feed needs or the monetary value of feed production loss by the owner.

(2) The value of feed needs determined with respect to an owner of fish for food shall not exceed the average pounds of fish owned by the owner times the number of days in the feeding period times one percent times the cost of feed as determined by DASCO. The average weight of the fish shall be determined by:

(i) Determining the estimated average weight of the fish at the time of application;

(ii) Determining the estimated average weight of the fish on the ending date of the feeding period; and

(iii) Dividing the sum of (i) and (ii) by 2.

(j)(1) The county committee or designee shall review each CCC-652 and CCC-651. The county committee and, if designated by the county committee, the County Executive Director, is authorized to approve or disapprove all CCC-653's and CCC-651's. Each CCC-653 or CCC-651 for a county committee member, or an FSA employee, shall be reviewed by the State committee after approval by county ASC committee or its designee.

(2) Each CCC-653 or CCC-651 for a State committee member or State Executive Director shall be reviewed by DASCO after approval by the county committee or its designee.

(3) No application or contract shall be approved unless the owner meets all eligibility requirements. Information furnished by the owner and any other information, including knowledge of the county and State committee members concerning the owner's normal operations, shall be taken into consideration in making recommendations and approvals. If information furnished by

the owner is incomplete or ambiguous and sufficient information is not otherwise available with respect to the owner's farming operations in order to make a determination as to the owner's eligibility, the owner's application and contract shall be denied until sufficient additional information is provided by the owner. The owner shall be notified of the reason for denial and provided an opportunity to submit additional information as requested.

(4) An owner shall be notified in writing of the action taken with respect to a CCC-652 and CCC-651 by the approving official.

[56 FR 33192, July 19, 1991, as amended at 58 FR 62512, Nov. 29, 1993]

§ 1439.7 Adjustment of total benefits available.

(a)(1) The determination of the total benefits available to the owner may be decreased or increased after a determination has been made. The contact person shall notify all other owners which are a party to the CCC-652 and CCC-651 of all changes regarding the application and contract.

(2) If there is an increase or a reduction in the number of the owner's eligible livestock, this fact shall be promptly reported to the approving official. If necessary an adjustment in the owner's additional feed needs and an adjustment in the benefits issued to the owner shall be made. This increase or reduction shall be made by revising the benefits available on the CCC-653 and CCC-651 by the result of multiplying the amount of the change in eligible animals, times the number of days remaining in the feeding period times the cost per day to provide energy requirements for the applicable weight range by type of eligible livestock. After adjusting the benefits available, if applicable, the county office shall notify the contact person of the current total benefits available.

(3) If, due to a change in total benefits available, an excess amount of assistance was provided to the owner, the owner must refund such excess including applicable interest as determined by DASCO.

(b) If additional feed, including pasture, becomes available to the owner from production on any land included

in the owner's holdings covered by the contract during a feeding period, this fact shall be promptly reported to the county office and proper adjustments shall be made.

(c) If any decrease in feed production, including pasture, occurs on any land included in the owner's holdings covered by the contract during a feeding period, this fact shall be promptly reported to the county office and proper adjustments shall be made.

§ 1439.8 Disposition of feed.

(a)(1) Feed grain or other livestock feed obtained under this part shall not be exchanged for any ingredients, services, cash, credit, or any other thing of value.

(2) An owner may feed eligible livestock feed to any livestock owned or leased, after a determination has been made that the owner's eligible livestock were the only livestock used in determining the owner's total benefits available.

(b) The total quantity of feed purchased in accordance with this part, for which CCC has provided assistance under contract with the owner, must be fed to the owner's livestock within the feeding period. The county committee may consider livestock feed as having been fed within the feeding period if the county committee determines that failure to timely feed the livestock feed was due to conditions beyond the control of the owner. The amount of livestock feed remaining which may be considered as being timely fed shall not exceed a 10-day supply of feed for the owner's eligible livestock.

(c)(1) If the owner does not feed the feed grain or other livestock feed as provided in paragraphs (a) and (b) of this section, with respect to the unfed amount the owner shall pay to CCC the following amounts plus any applicable interest, as determined by CCC:

(i) With respect to purchased CCC-owned feed grain, the difference between the price paid for such feed grain and the Posted County Price (PCP) used to determine the dollar amount paid by the owner thereof, or such other value as determined by CCC, based on the price of such feed grain in the county where the feed grain was stored; and

(ii) With respect to cost-share assistance, the amount of assistance received; and

(iii) With respect to CCC-owned feed grain donated to the owner, the rate equal to the PCP of the feed grain in the county where the grain was stored, on the date the feed grain was made available to the livestock owner.

(2) If the owner has failed to report a change in the livestock operation of the owner as required by this subpart and excess assistance was provided to the owner, the owner shall pay to CCC the following amounts plus any applicable interest, as determined by CCC:

(i) With respect to purchased CCC-owned feed grain, the difference determined under paragraph (c)(1)(i) of this section for any benefits received by the owner under the terms of the contract for the purchase of such feed grains which was purchased in excess of the quantity that CCC would have approved on the contract and made available, if such report had been made.

(ii) With respect to cost-share assistance, the amount of cost-share assistance which was received under the terms of the contract, as determined by CCC, based on the amount in excess of the amount that CCC would have approved on the contract if such report had been made.

(iii) With respect to CCC-owned feed grain donated to the owner, the rate equal to the PCP of the feed grain in the county where the grain was stored, on the date the feed grain was made available to the livestock owner.

§ 1439.9 Payments.

(a) The total amount of payments which are made by CCC to all persons under the contract shall be the amount equal to the total benefits available to all persons which comprise the contracting entity. Such amount shall be paid by CCC only if it has been determined that the persons are eligible to receive such benefits according to the terms and conditions of the regulations and the contract. The county office shall provide a percentage of the total amount of benefit due upon approval of the owner's application for benefits and acceptance of the contract as determined by DASCO. The remainder of the total amount of benefits due if any will

be made after the owner has shown that the terms and conditions of the contract have been met. If any terms, conditions, or requirements of the regulations and the contract are not met, payments and benefits previously provided by CCC which were not earned under the provisions of the contract shall be refunded.

(b) At any time during the period of the contract, the owner shall, as requested by the county committee, submit to the county office, receipts and sales documents that are required verifying that the owner purchased the necessary feed to feed the livestock under the terms and conditions of the contract.

(c) Any receipts or sales documents that may be required of the owner by CCC showing that the terms of the contract have been met must be submitted by the owner by not later than the tenth working day after the end of the feeding period on the contract or addendum.

(d) Each person's share of the total contract payment shall be indicated on the contract, and each person shall receive benefits or final payment from CCC according to benefits or payments earned under the provisions of the contract.

(e) The owners who file applications for more than one feeding period relating to a crop year shall execute a contract for each subsequent feeding period for which the owner is eligible. CCC shall provide assistance equal to the amount of benefits determined for the owner for the feeding periods that the owner is eligible to receive benefits.

(f) The failure of any contact person to file the necessary receipts or sales documents showing that the terms and conditions of this part and the contract have been met shall render all of the persons ineligible for any payments and benefits under the contract including any payments previously made. Payments made shall be refunded to CCC with interest, if applicable, as determined under § 1439.17 of this subpart.

(g) Any payments or benefits, as determined under § 1439.17 of this subpart, and interest if applicable, made to participating owners for benefits on each feeding period shall be refunded to CCC

if the owner does not submit receipts or sales documents to CCC for purchases of feed not later than the tenth working day after the end of each feeding period on the contract.

(h) The failure of a livestock owner to comply with regulations and contract terms regarding changes that may affect the owner's eligibility shall be a violation of the program and shall render the owner ineligible to receive program benefits. However, in the event the provisions of part 791 of this title are applicable to a specific violation, the owner may receive benefits under the program, reduced as follows:

(1) For the owner's first such violation, total benefits available to the owner shall be reduced by an amount equal to 5 percent of the owner's current total benefits available as specified on the latest CCC-651-B or CCC-651, as applicable.

(2) For the owner's second such violation, total benefits available to the owner shall be reduced by an amount equal to 25 percent of the owner's current total benefits available as specified on the latest CCC-651-B or CCC-651, as applicable.

(3) For the owner's third such violation, total benefits available to the owner shall be reduced by an amount equal to 50 percent of the owner's current total benefits available as specified on the latest CCC-651-B or CCC-651, as applicable.

(4) For the owner's fourth such violation, the owner shall be ineligible to receive any benefits under the emergency livestock feed programs and shall be required to refund any benefits or payments already received, plus any applicable interest as determined by CCC.

§ 1439.10 Termination and suspension of program.

(a) The county committee, in the county that requested emergency livestock feed program assistance, may at any time during the operation of a program recommend suspension or termination of a program. The State committee may at any time during the operation of a program suspend or terminate a program, with the concurrence of DASCO, for the county that requested emergency livestock feed pro-

gram assistance. DASCO may suspend or terminate a program at any time for the county that requested the emergency livestock feed programs. The suspension or termination of a program in a county shall not apply to any application filed prior to the effective date of the suspension or termination of a program. Owners who filed an initial application prior to the termination of the program shall be eligible to file subsequent applications and contracts.

(b) Emergency livestock feed program assistance in a county contiguous to a county that requested and was determined eligible to receive livestock program assistance shall not be suspended or terminated.

§ 1439.11 Maintenance of books and records.

Warehouseman, handlers, dealers, and owners shall maintain and retain financial books and records which will permit verification of all transactions with respect to the provisions of this part for at least 3 years, following the end of the calendar year in which assistance was provided, or for such additional period as CCC may request. An examination of such books and records by a duly authorized representative of the United States Government shall be permitted at any time during business hours. The owner shall, within 30 days after a request by the county committee, submit any requested information with respect to the owner's livestock feeding operation.

§ 1439.12 Liens and claims of creditors; setoffs.

Any payment or benefit or portion thereof due any person under this part shall be allowed without regard to questions of title under State law, and without regard to any claim or lien in favor of any person except agencies of the U.S. Government. The regulations governing set-offs and withholdings found at part 1403 of this chapter shall be applicable to this part.

§ 1439.13 Assignments of payments.

Payments which are earned by a person under the emergency livestock feed

programs may be assigned in accordance with the provisions of 7 CFR part 1404.

§ 1439.14 Limitation of authority.

No delegation herein to a State or county committee or a commodity office shall preclude the Executive Vice President, CCC, or a designee, from determining any question arising under this part or from reversing or modifying any determination made by a State or county committee or employee of the Department of Agriculture.

§ 1439.15 Appeals.

Any person who is dissatisfied with a determination made with respect to this part may make a request for reconsideration or appeal of such determination in accordance with the appeal regulations set forth at part 780 of this chapter.

§ 1439.16 Misrepresentation, scheme or device.

A person who is determined by the State committee or the county committee to have:

- (a) Adopted any scheme or other device which tends to defeat the purpose of this program;
- (b) Made any fraudulent representation; or
- (c) Misrepresented any fact affecting a program determination shall be ineligible to receive assistance under this program with respect to the crop year involved.

§ 1439.17 Refunds to CCC; joint and several liability.

(a) In the event there is a failure to comply with any term, requirement, or condition for payment arising under the contract, or this part, and if any refund of a payment to CCC shall otherwise become due in connection with the contract, or this part, all payments made under this part to any person shall be refunded to CCC, together with interest as determined in accordance with paragraph (b) of this section and late-payment charges as provided for in part 1403 of this chapter.

(b) All persons in the contracting entity shall be jointly and severally liable for any refund, including related

charges, which is determined to be due CCC for any reason under the terms and conditions of the contract or this part.

(c) Interest shall be applicable to refunds required of the owner if CCC determines that payments or other assistance were provided to the owner and the owner was not eligible for such assistance. Such interest shall be charged at the rate of interest which the United States Treasury charges CCC for funds, as of the date CCC made such benefits available of the monies or benefits to be refunded. Such interest that is determined to be due CCC shall accrue from the date such benefits were made available by CCC to the date of repayment or the date interest increases in accordance with part 1403 of this chapter. CCC may waive the accrual of interest if CCC determines that the cause of the erroneous determination was not due to any action of the owner.

(d) Interest determined in accordance with paragraph (c) of this section shall not be applicable to refunds required of the owner because of unintentional misaction on the part of the owner, as determined by CCC.

(e) Late payment interest shall be assessed on all refunds in accordance with the provisions of, and subject to the rates prescribed in, 7 CFR part 1403.

(f) Persons who are a party to the emergency livestock feed program contract must refund to CCC any excess payments made by CCC with respect to such contract.

(g) In the event that the emergency livestock feed program contract was established as result of erroneous information provided by any owner to CCC, assistance available under the emergency livestock feed program contract shall be recomputed and any payments made or due under the contract shall be corrected as necessary. Any refund of payments which are determined to be required as a result of such recomputations of the contract shall be remitted with any applicable interest.

(h) Any refund of payments, which is determined to be required as a result of any violation of the provisions of the

§ 1439.18

7 CFR Ch. XIV (1–1–99 Edition)

contract by the owner shall be remitted to CCC with any applicable interest.

[56 FR 33192, July 19, 1991, as amended at 58 FR 62513, Nov. 29, 1993]

§ 1439.18 Cumulative liability.

The liability of any person for any penalty under this part or for any refund to CCC or related charge arising in connection therewith shall be in addition to any other liability of such person under any civil or criminal fraud statute or any other provision of law including, but not limited to, 18 U.S.C. 286, 287, 371, 641, 1001; 15 U.S.C. 714m; and 31 U.S.C. 3729.

(a) Program documents executed by persons legally authorized to represent estates or trusts will be accepted only if such person furnishes evidence of the authority to execute such documents.

(b) A minor who is an owner shall be eligible for assistance under this subpart only if such person meets one of the following requirements:

(1) The right of majority has been conferred on the minor by court proceedings or by statute;

(2) A guardian has been appointed to manage the minor's property and the applicable program documents are executed by the guardian; or

(3) A bond is furnished under which the surety guarantees any loss incurred for which the minor would be liable had the minor been an adult.

§ 1439.20 Death, incompetence, or disappearance.

In the case of death, incompetence, or disappearance, of any person who is eligible to receive assistance in accordance with this part, such person or persons specified in part 707 of this title may receive such assistance.

§ 1439.21 Violations.

(a) *Disposal of grain.* (1) If the owner has failed to utilize the entire quantity of livestock feed purchased under the terms and conditions of the application for assistance and contract of these programs, the owner shall not dispose of any remaining quantity of such livestock feed except as specified by CCC.

(2) Except as permitted by CCC, if feed acquired from CCC is made available to any other person, or if a delivery order is used for obtaining a type of grain other than that specified on the delivery order, the owner shall be subject to such civil penalties and to such criminal liabilities as are provided by applicable State and Federal statutes.

(b) *Fraudulent representations.* Any warehouseman, handler, dealer, or any other person may be suspended from participation in a program in accordance with part 1407 of this chapter if such person has:

(1) Made a false certification, representation or report in accordance with this subpart; or

(2) Otherwise failed to comply with any provisions of this part or any contracts entered into in accordance with this part. The making of such fraudulent representations shall make such person liable in accordance with applicable State and Federal criminal and civil statutes.

(b) With respect to a person who receives 50 percent or less of such person's gross receipts from farming and ranching, the total gross receipts from all sources.

§ 1439.24 Paperwork Reduction Act assigned numbers.

Subpart—Livestock Preservation Donation Program**§ 1439.101 General statement.**

(a) This subpart sets forth the terms and conditions of the Livestock Preservation Donation Program. This program shall only be in effect upon a determination that a livestock feed emergency exists in a State, county or area and it has been announced that this program is in effect. Information regarding the availability of the program in a county may be obtained from State and county offices.

(b) In order to be eligible to participate in the program, an owner of livestock must have suffered a substantial loss of production of feed as defined in § 1439.3 of this part. The objective of the program is to provide assistance approved by CCC through a contract with the owner, for the owner to receive donated CCC-owned feed grains, for livestock owners who are financially unable to purchase feed, or to otherwise participate in any other program authorized under this part. The owner must establish to the satisfaction of the approving official that:

(1) Without assistance the owner's livestock would perish or be sold at distress prices; and

(2) The owner has insufficient cash or credit to buy feed for eligible livestock.

§ 1439.102 Eligibility.

(a) A livestock owner may be approved to participate in the program if it is determined that in addition to the provisions of §§ 1439.1 through 1439.24 that:

(1) The livestock owner's need for replacing and repairing losses of buildings, equipment, suppliers, and other related matters will leave insufficient cash or credit to buy feed for livestock;

(2) The livestock owner has insufficient cash or credit to buy feed for eligible livestock;

(3) The owner's livestock would perish or be sold at distress prices without donation of feed grains under this program;

(4) The livestock owner does not have sufficient livestock feed to feed the livestock through the period of the emergency; and

(5) The livestock owner is unable to participate in any other emergency livestock feed program which is currently in effect in accordance with this part.

(b) With respect to the determinations made in accordance with paragraphs (a)(2) through (4) of this section, the approving official must determine that under prevailing local conditions the owner's financial resources preclude the owner from obtaining sufficient quantities of feed from normal suppliers without:

(1) Imperiling continuance of the farming operations;

(2) Placing the owner in default with respect to existing financial obligations;

(3) Causing the owner to engage in unsound borrowing practices; or

(4) Resulting in excessive disposal of livestock by the owner.

(c) Purchased feed shall be considered as an available asset in determining whether an owner is suffering an undue financial hardship. In making this determination, the approving official shall take into consideration the normal financial resources of owners in the area. If the owner meets the conditions as provided in § 1439.10 of this part, the resources of the owner and all of the related persons shall be taken into consideration in determining the eligibility of the owner to receive assistance.

§ 1439.103 Assistance.

(a) The livestock owner shall establish that the livestock owner's operation has been so damaged by the disaster that sufficient cash or credit does not exist which may be used to purchase necessary feed grain at present market prices. The owner shall not sell or dispose of in any way, except by feeding to the owner's livestock, CCC-

donated feed grain. The owner shall reimburse CCC at a rate equal to the PCP of the feed grain in the county where the feed grain was stored, on the date the feed grain was made available to the livestock owner for any CCC-donated grain which is on hand after the end of the emergency period that exceeds a 10-day supply.

(b) CCC shall designate the kind of CCC-owned feed grain to be donated under this program and the delivery point at which such feed grain shall be made available. The delivery point may be in the eligible designated county, contiguous county, or any other location as designated by CCC. In those instances where feed grain is not available in the eligible designated county, or contiguous county, CCC may reimburse the livestock owner for the cost of transportation of the feed grain at a rate determined by DASCO.

(c) Transportation assistance will be provided to owners based on the smaller of the following:

(1) The loaded mileage from the delivery point where the feed grain is made available to the county line of the county in which the livestock owner is located; or

(2) When the owner delivers grain to a feed dealer for processing, the loaded mileage from the delivery point where the feed grain is made available to such feed dealer's facility.

(d) The maximum quantity of CCC-donated feed grain made available to an owner under this subpart shall be limited to the quantity determined by CCC in accordance with § 1439.6 of this part based on the cost of CCC-owned feed grain purchased in accordance with § 1439.202(h) of this part.

§ 1439.104 Feeding period.

The feeding period established under this subpart for owners shall be limited to the number of days determined by DASCO on a case-by-case basis.

Subpart—Emergency Feed Assistance Program

§ 1439.201 General statement.

(a) This subpart sets forth the terms and conditions of the Emergency Feed Assistance Program. This program shall be in effect only upon a deter-

mination that a livestock feed emergency exists in a State, county or area and it has been announced that this program is in effect. Information regarding the availability of the program in a county may be obtained from State and county offices.

(b) In order to be eligible to participate in the program, an owner of livestock must have suffered a substantial loss of production of feed as defined in § 1439.3 of this part. The objective of the program is to provide livestock owners with the option to purchase a quantity of CCC-owned grain, not to exceed the owner's eligibility as stated on the contract at a reduced price. An owner who elects to purchase CCC-owned feed grain will have the monetary value on the application reduced by the result of multiplying the amount of CCC-owned grain purchased times an amount determined by DASCO.

§ 1439.202 Sale of CCC-owned grain.

(a) CCC shall designate the kind of CCC-owned feed grain to be sold under this program and the delivery point at which such feed grain may be made available. The delivery point may be in the eligible county, contiguous county, or any other locations as designated by CCC. In those instances where feed grain is not available in the eligible county or contiguous county, CCC may reimburse the owner for transportation on the smaller of:

(1) The loaded mileage from the delivery point where the feed grain is made available to the county line of the county in which the livestock owner is located; or

(2) When the owner delivers grain to a feed dealer for processing, the loaded mileage from the delivery point where the feed grain is made available to such feed dealer's facility.

(b) Sales of CCC-owned grain may be made in a quantity which does not exceed the quantity determined by CCC in accordance with § 1439.6 of this part based on a cost provided for in paragraph (h) of this subpart, which will permit feeding of grain to eligible livestock by the owner by the end of the feeding period.

(c) After payment is received by CCC, delivery shall be authorized by issuance of nontransferable delivery

orders by CCC stating the kind and quantity of grain to be delivered and the expiration date in accordance with instructions issued by DASCO. Quantities authorized by delivery orders shall not exceed the quantity of grain determined in accordance with paragraph (b) of this section.

(d) The owner shall take physical delivery of the grain as soon as possible after issuance of the delivery order but not earlier than the date of such issuance and not later than a date determined by DASCO which would normally permit feeding of the grain as specified in paragraph (b) of this section. Title and risk of loss to the grain specified in the delivery order and stored at a warehouse or handler's facility shall pass to the owner when the owner accepts the grain and the owner and warehouseman certify on the delivery order. The owner shall promptly present the delivery order to the warehouseman or handler. CCC shall not be responsible for storage charges after the title passes to the owner but shall be responsible for handling charges at a rate not to exceed the rate provided in CCC's agreement with the warehouse or the handler. In cases where there is an underdelivery in quantity of the eligible grain, the owner shall not make settlement with the warehouse or handler but shall promptly notify the county office which issued the delivery order and a revised delivery order will be issued to the owner or a refund of the value of underdelivered feed grain will be made to the owner. Differences in quality between the grain accepted by the owner and the grain described in the loading order issued to the warehouseman or handler by CCC shall be settled between the warehouseman or handler and the owner.

(e)(1) Where CCC-owned feed grain is not available in an area in which an eligible county is located and there are no CCC-approved warehouses or handlers in such area, CCC may ship the required quantity of feed grain to the area and consign such grain to the county committee. Title and risk of loss shall pass to the owner upon delivery of the feed grain into the owner's conveyance or whenever the owner takes possession of the feed grain if

such possession occurs prior to placing the feed grain in such conveyance.

(2) The sale price shall not be subject to adjustment for the grade and quality actually delivered into the owner's conveyance.

(3) The feed grain shall be weighed at destination if scales approved by CCC are available. If such scales are not available, settlement weights shall be as determined by CCC.

(4) CCC shall bear charges for transportation to the delivery point, for unloading the feed grain from the carrier's conveyance, for loading the feed grain into the owner's conveyance, and for determining the weight of the feed grain.

(f)(1) An owner may elect to receive eligible feed grain under the provisions of this subpart from feed grain stored on the livestock owner's farm if such grain has been pledged as collateral for a farm-stored CCC price support loan. Payment for such feed grain shall be made to CCC at the county office where the livestock feed programs application was filed. Feed grain acquired by the owner shall not be exchanged for any ingredient, service, cash, credit, or any other thing of value.

(2) An owner may elect to receive eligible feed grain under the provisions of this section through a feed dealer provided the owner executes a power of attorney as provided on Form ASCS-211, authorizing the feed dealer to execute the delivery order on behalf of the owner. Payment for feed grain shall be made to CCC at the county office where the application for feed grain is filed when requesting the delivery order. Feed grain purchased by a feed dealer on behalf of the owner shall not be exchanged for any ingredient, service, cash, credit, or any other thing of value.

(3) The feed dealer shall provide such county office, in writing, the names of agents, such as company representatives, authorized to sign the delivery order on behalf of the feed dealer at the time of delivery of feed grain. The feed dealer shall:

(i) Take delivery of the feed grain before the expiration date of the delivery order;

(ii) Take physical delivery of the feed grain at each warehouse where the feed grain is located;

(iii) Not be reimbursed for transportation of feed grain received on behalf of the applicant; and

(iv) Present to such county office a statement signed by the owner and feed dealer certifying that the processed feed contained feed grain in the same quantity, type, and same or better grade as purchased by the owner.

(g) An owner who desires to have grain pelleted, ground, rolled, custom mixed, or otherwise processed may do so if the feed is processed from the feed grain purchased from CCC or the feed accepted from the processor is processed from the same kind of feed grain stated on the delivery order which grades the same or better as compared to such feed grain. The quantity of feed grain processed by the processor and delivered to the owner shall be the same quantity as the feed grain purchased from CCC, except for minor milling losses. CCC shall not be responsible for any charges involving processing, bagging, added freight incurred for processing in transit or any other cost which is incurred which would not have been incurred except for the processing of such feed grain.

(h) The sales price of eligible feed grain made available by CCC in response to any livestock feed emergency determined to exist shall be;

(1) For grain purchased from CCC-owned inventory, 50 percent of the PCP; and

(2) For grain purchased by the owner which had previously been pledged as collateral for such owner's farm-stored price support loan, 50 percent of the adjusted CCC value as determined by CCC on the date the payment is received in the county in which the feed grain is stored.

(3) If no such PCP is established, the sales price shall be established at a comparable rate in accordance with instructions issued by DASCO.

(i) The quantity of feed grain delivered to an owner shall not exceed the total quantity approved for sale by CCC by more than 5 percent. Differences in quantity between the grain delivered to the owner and the quantity of grain described in the delivery

order issued to the warehouseman or handler that was removed from the delivery point in excess of 105 percent shall be considered as open stocks and shall be settled between the livestock owner and the warehouseman or handler. Differences in quantity between the grain delivered to the livestock owner and the quantity of feed grain described in the delivery order issued to the warehouseman or handler between 100 and 105 percent shall be paid by the owner to CCC at 50 percent of the PCP determined by CCC for the commodity in the county in which the feed grain is stored.

(j) An amount equal to the purchase price times the quantity not delivered to the owner shall be refunded to the owner in those cases in which the total approved quantity shown on the delivery order and paid for by the owner is not delivered to the owner.

(k) When an owner desires to purchase feed grain pursuant to an approved application and contract, the owner must make a payment to CCC, in the manner specified in instructions issued by DASCO with respect to the quantity of grain to be purchased prior to issuance of a delivery order for such feed grain. The county committee may waive such prior payment requirement if a State or Federal agency certifies to CCC that such agency will finance part or all of the cost of the purchase. If such agency agrees to make payment directly to CCC as specified by the county committee, such a certification may be accepted by the county committee in lieu of cash to the extent of the amount so certified.

Subpart—Emergency Feed Program

§ 1439.301 General statement.

(a) This subpart sets forth the terms and conditions of the Emergency Feed Program. This program shall be in effect only upon a determination that a livestock feed emergency exists in a State, county or area, and it has been announced that this program is in effect. The objective of the program is to provide monetary assistance to eligible owners of livestock for the purchase of necessary feed. Information regarding the availability of the program in a

county may be obtained from State and county offices.

(b) In order to be eligible to participate in the program, an owner of livestock must have suffered a substantial loss of production of feed as defined in § 1439.3 of the part.

§ 1439.302 Cost-share assistance.

(a) An owner of eligible livestock who has submitted an application for participation and a contract has been approved by a representative of CCC in accordance with § 1439.1 through § 1439.25 of this part shall receive monetary assistance for not more than 50 percent of the cost of eligible feed purchased by the owner not to exceed the monetary amount stated on the contract provided the owner presents evidence of the purchase of feed to the approving official at any time during the terms of the contract. If the approving official determines that the owner has met the conditions set forth in § 1439.1 through § 1439.25 of this part, assistance for the weight range by type of eligible livestock may be made available to the owner as provided in § 1439.9 of this part.

(b) In no case may assistance be provided with respect to the value of purchased feed which is greater than the total benefits available determined in accordance with § 1439.6 of this part.

(c) Acceptable evidence which may be presented to an approving official is limited to a sales document or receipt which:

(1) Is signed by the seller, unless the approving official waives such requirement; and

(2) Contains:

(i) The dates of purchase and delivery; and

(ii) The kind, price, and quantity of feed purchased.

§ 1439.401 General statement.

(a) This subpart sets forth the terms and conditions of the Crash Feed Grain Donation Program. This program shall be in effect upon a determination that a sudden livestock feed emergency in a State, county or area requires the implementation of the program. The objective of the program is to provide CCC-owned feed grains on a donation basis to livestock which are:

(1) Stranded;

(2) Unidentified by owner; and

(3) In danger of perishing after the occurrence of a sudden natural disaster.

(b) The Crash Feed Grain Donation Program is for use after a sudden major disaster has occurred and conditions are such that livestock cannot be tended to in a normal manner and would probably perish without the implementation of this program. Livestock owners who have their livestock under control and are capable of caring for them are not eligible to receive CCC-donated grain under this subpart.

§ 1439.402 Assistance.

(a) Assistance is for eligible livestock which are commingled, stranded, and unidentified as to the livestock owner.

(b) The State committee, or its designee, shall determine the eligibility and the amount of assistance which shall be made available in the area for donation under this subpart.

(c) CCC-owned grain donated under this program shall not be sold or disposed of in any way except for feed for the livestock stranded and unidentified as to its owner.

(d) CCC shall designate the kind of CCC-owned grain to be donated under this program and the delivery point at which such grain shall be made available.

Subpart—Prickly Pear Cactus Burning Program

§ 1439.501 General statement.

This subpart sets forth the terms and conditions of the Prickly Pear Cactus Burning Program. This program shall be in effect only upon a determination that a livestock feed emergency exists in a State, county or area and it has been announced that this program is in effect. Information regarding the availability of the program in a county may be obtained from State and county FSA offices. The objective of the program is to provide cost-share assistance not to exceed 50 percent of the cost of propane, butane, or kerosene used to burn the spines from prickly pear cactus to make it suitable for livestock feed.

§ 1439.502 Definitions.

Butane means either of two isomeric flammable gaseous paraffin hydrocarbons obtained from petroleum or natural gas and used for fuel.

Kerosene means a flammable hydrocarbon oil obtained by distillation of petroleum and used as a fuel.

Propane means a heavy flammable gaseous paraffin hydrocarbon found in crude petroleum and natural gas and used for fuel.

§ 1439.503 Eligibility.

A livestock owner may be approved to participate in the program if such owner:

(a) Is actively engaged in farming and/or ranching and receives 10 percent or more of total gross annual income from the production of grain or livestock;

(b) Does not have a qualifying gross revenue of more than \$2,500,000;

(c) Has prickly pear cactus growing on such owner's holdings;

(d) Must have eligible livestock as defined in §1439.3 of this part to consume the burned prickly pear cactus; and

(e) Must feed all of the burned prickly pear cactus to such owner's own livestock.

§ 1439.504 Assistance.

(a) The maximum amount of cost-share assistance under this program shall be limited to 50 percent or less of the cost of butane, kerosene, or propane used to burn the prickly pear not to exceed an amount as determined by DASCO.

(b) Prickly pear cactus made suitable for livestock feed shall not be considered as feed on hand in determining whether an owner is eligible to participate in this program or any other program implemented in accordance with this part.

(c) Feed obtained from burning prickly pear cactus for which assistance is obtained under this part shall only be used by the eligible owner to feed such owner's livestock.

This subpart sets forth the terms and conditions of the Livestock Indemnity Program. Benefits shall be provided to eligible livestock producers only in areas where a disaster occurred between October 1, 1996, and June 12, 1997 (inclusive), for which a Presidential Designation or Secretarial Declaration was requested for the disaster by June 12, 1997, and subsequently approved. Producers in counties that were not designated, but rather were contiguous to declared States and counties, are not eligible for benefits under this subpart. Benefits will be provided with respect to eligible livestock where the death occurred in the disaster areas between October 1, 1996, and June 12, 1997 (inclusive), and where the death of the livestock was reasonably related to the disaster which prompted the disaster declaration as determined by the Deputy Administrator or a designee. No payments will be made under this subpart unless the livestock losses were caused by the declared disaster and the disaster occurred between October 1, 1996, and June 12, 1997 (inclusive).

(e) Where extreme circumstances precluded the compliance with §1439.804 due to circumstances beyond the applicant's control, the county or State committee may request that relief be granted by the Deputy Administrator under this section. Except for statutory deadlines, the Deputy Administrator may waive or modify deadlines, and other program requirements in cases where lateness or failure to meet

such other requirements does not adversely affect operation of the program and where the applicant shows circumstances precluded their compliance with the deadlines.

§ 1439.803 Definitions.

The definitions set forth in this section shall be applicable for all purposes of administering the Livestock Indemnity Program of this subpart. The terms defined in section 1439.3 of this title shall also be applicable, except where those definitions conflict with the definitions set forth in this subpart. § 1439.805 Proof of loss.

(a) Livestock producers must, in accordance with instructions issued by the Deputy Administrator, provide adequate proof that the loss of eligible livestock occurred in the area of Presidential designation or Secretarial declaration and that the death of the eligible livestock was reasonably related to the recognized natural disaster. The documentary evidence of the loss, quantity of the loss and type of eligible livestock claimed for payment shall be reported to CCC together with any supporting documentation under paragraph (b) of this section.

(b) The livestock producer shall provide any available supporting documents that will assist the county committee in verifying the loss and the quantity of eligible livestock that perished in the natural disaster. Examples of the supporting documentation include, but are not limited to: purchase records, veterinarian receipts, bank loan papers, rendering truck certificates, Federal Emergency Management Agency and National Guard records, auction barn receipts, and any other documents available to confirm the presence of the livestock and the subsequent losses. (a) Livestock indemnity payments for losses of eligible livestock as determined by CCC are authorized to be made to livestock producers who file an Application for Livestock Indemnity Program, Form CCC-661, for the specific livestock category in accordance with instructions issued by the Deputy Administrator, if the:

(1) Livestock producer submits an approved proof of loss according to § 1439.805; and

(2) County or State committee determines that because of an eligible disaster condition the livestock producer had a loss in the specific livestock category in excess of the normal mortality rate established by CCC, based on the number of animals in the livestock category that were in the producer's inventory at the time of the disaster.

(b) If the number of losses in the animal category exceeds the normal mortality rate established by CCC for such category, the loss of eligible livestock that shall be used in making a payment shall be the number of animal losses in the animal category that exceed the normal mortality threshold established by CCC.

(c) Payments shall be made in an amount determined by multiplying the national payment rate for the livestock category as determined by CCC by the amount specified in (b) of this section. Adjustments shall apply in accordance with § 1439.807.

(d) Payments which are earned by a person under the livestock indemnity program may be assigned in accordance with the provisions of 7 CFR part 1404.

(b) In the event that the total amount of claims submitted under this subpart exceeds the appropriation, each payment shall be reduced by a uniform national percentage. Such payment reductions shall be applied after the imposition of applicable payment limitation provisions.

§ 1439.808 Misrepresentation, scheme or device.

(b) No person, as defined in Part 1400 of this chapter, as applicable, with annual gross receipts in excess of \$2.5 million for the preceding tax year will be eligible for benefits under this subpart. For the purpose of this determination, annual gross receipts means with respect to a person who receives more than 50 percent of such person's gross income from farming and ranching, the total gross receipts received from such operations; and with respect to a person who receives 50 percent or less of such person's gross receipts from farming and ranching, the total gross receipts from all sources.

§ 1439.810 Refunds to CCC; joint and several liability.

(a) Section 1439.17 (a) through (e) shall apply to this subpart.

(b) Persons who are a party to the livestock indemnity program application must refund to CCC any excess payments made by CCC with respect to such application.

(c) In the event that a benefit under this subpart was established as the result of erroneous information provided by any person, the benefit must be repaid with any applicable interest.

§ 1439.900 [Reserved]**§ 1439.901 Applicability.**

This subpart sets forth the terms and conditions of a government-to-government program titled the American Indian Livestock Feed Program (AILFP). The AILFP has been allocated a budget of \$12.5 million. Assistance will be available in those regions that Commodity Credit Corporation (CCC) determines have been affected by natural disaster, and where a determination is made by the Deputy Administrator for Farm Programs that a livestock feed emergency exists on tribal land. Funds made available under the AILFP shall be available beginning in crop year 1997 and subsequent crop years. Payments may become available as contracts with tribal governments are approved. If any other benefits are received from the Department of Agriculture for the same loss, then payments under this part will be reduced accordingly. Payments will terminate when funds have been exhausted, without respect to the date of any application, or of when any contract has been entered into by any tribal government and CCC. Applicants will receive benefits on a first come, first served basis.

§ 1439.902 Administration.

(a) This subpart shall be administered by CCC under the general supervision of the Deputy Administrator for

Farm Programs, Farm Service Agency (FSA). This program shall be carried out in the field as prescribed in these regulations and as directed in the contract executed between the applicable tribal government and CCC, except that in the event any contract provision conflicts with these regulations, the regulations shall apply.

(b) Tribal governments, their representatives, and employees do not have authority to modify or waive any provisions of the regulations of this subpart.

(c) State and county committees, and representatives and employees thereof, do not have the authority to modify or waive any provisions of regulations of this subpart.

(d) The Deputy Administrator may authorize State and county committees to waive or modify deadlines, and other program requirements in cases where the applicant or tribe, as applicable, show that circumstances beyond the applicant's or tribe's control precluded compliance with the deadline and where lateness or failure to meet such other requirements does not adversely affect the operation of the program.

(e) The tribal government will, in accordance with this part and in coordination with the U.S. Department of the Interior, Bureau of Indian Affairs (BIA) and FSA State and county committees, recommend the geographical size and shape of the region where the natural disaster has occurred, and whether the regional eligibility requirement has been satisfied. Documentation to support the reported natural disaster shall be provided by the FSA State office and shall accompany the recommendation. The recommendation of eligibility must be acted on by the Deputy Administrator.

(f) The Deputy Administrator will determine all prices with respect to implementing the AILFP.

(g) The FSA State committee will determine crop yields and livestock carrying capacity with respect to implementing the AILFP.

(h) Participation in the AILFP by a tribal government for either the tribal government's benefits or for the benefit of any eligible owner is voluntary and is with the understanding that CCC

will not reimburse the tribal government or its members for any administrative costs associated with the administration or implementation of the program.

(i) The provisions of §§1439.3, 1439.11 through 1439.22, 1439.24 and 1439.6(i)(1)(i), 1439.8(a), and 1439.9 (d) through (f) shall apply to this subpart, and the provisions of §§1439.10(a) and 1439.15, shall apply as set forth in §§1439.908 and 1439.909 of this subpart.

The provisions of part 791 of this chapter with respect to performance based upon action or advice of any authorized representative of the Secretary shall be applicable to this part.

§ 1446.105 Handling payments and collections not exceeding \$9.99.

In order to avoid administrative costs of making small payments and handling small accounts, amounts of \$9.99 or less which are due the handler will be paid only upon the handler's request. Subpart B—Basic Handler Operations

§ 1446.201 General handler provisions.

(a) *Handler registration and approval.* To avoid marketing penalties otherwise provided in this part for failure to register as a handler, each person who plans to acquire peanuts for processing or resale must register as a handler and be approved as a handler in accordance with this paragraph.

(1) *Registration.* Registration must be made on the form ASCS-1008, Application for Handler Card, and must be filed:

(i) For each marketing year in which such person expects to acquire peanuts for processing or resale.

(ii) With each marketing association that serves the marketing area in which such person plans to acquire peanuts during the applicable marketing year.

(iii) Prior to the time such person acquires peanuts, during the respective marketing year, within the marketing area served by such marketing association.

(2) *Approval.* The determination of whether a handler will be approved

shall be made by the applicable marketing association in which the registration was filed and, in the case of approval, such approval shall be evidenced by a handler registration number that is issued by such marketing association.

(b) *Handler of loan peanuts.* To handle loan peanuts, either quota or additional, a person must be approved as a handler and must contract with the marketing association on form CCC-1028 or form CCC-1028-A to handle such peanuts. To contract to handle loan peanuts, the handler must meet all requirements of the applicable warehousing contract with respect to receiving, handling and storing loan peanuts.

(c) *Handler of contract additional peanuts.* To handle contract additional peanuts in a marketing area, a person must be approved as a handler for that area in accordance with this part.

(d) *Marketing assessments and marketing penalties.* A handler shall collect and pay marketing assessments and marketing penalties in accordance with the provisions in part 729 of this title.

(e) *Penalties and other remedies.* Any handler that fails to register in accordance with this section shall be subject to all penalties that may apply to handlers under this part and all other remedies that apply against handlers. Further, such handler shall be subject to penalties for non-registration as may apply.

§ 1446.202 Peanut buyer card and buying point card.

(a) *Peanut buyer card.* The marketing association which approves a handler will assign a registration number to such handler and CCC will issue an embossed peanut buyer card which will show the handler's registration number, name and address. The handler will use the buyer card for identification when buying or selling peanuts.

(b) *Buying point card.* CCC will issue a buying point card to the Federal-State Inspection Service for delivery to each handler who operates a buying point at which peanuts are inspected. The buying point card will show a buying point number that will be used to identify

the physical location of such buying point.

§ 1446.203 Marketing card entries and collection of assessments, penalties and debts.

The handler shall make marketing card entries and shall collect assessments, penalties and debts in accordance with the provisions in this part and in part 729 of this title.

(a) *Indebtedness to the United States due to peanut marketing penalties.* As provided in part 729 of this title, if a producer is indebted to the United States for a peanut marketing penalty, such penalty shall result in a lien in favor of the United States on any peanuts in which such producer has an interest and any person who acquires peanuts from such producer shall be considered to have notice of such lien at the time such lien becomes attached. Except with respect to any lien that was perfected before the peanut poundage quota lien became attached in those cases not involving peanuts placed in the price support loan inventory, any person who acquires peanuts from such producer shall deduct the lien amount plus any applicable interest from the proceeds otherwise due to such producer as a result of the acquisition of the peanuts. Any deducted amount shall be paid to CCC in accordance with instructions issued by the Deputy Administrator. In the event a required deduction is not made from the proceeds for such peanuts, the person who acquires such peanuts shall be liable to CCC for the amount of the lien, to the extent of the market value of such peanuts or proceeds of the peanuts whichever is higher.

(b) *Farmers Home Administration or Farm Service Agency lien.* If a Farmers Home Administration or Farm Service Agency lien has been recorded on the marketing card that was issued for the use of a producer when marketing peanuts, the purchaser of such peanuts shall make the check, for the proceeds from such peanuts, payable jointly to the producer and the Farm Service Agency. However, if a peanut poundage quota lien was also recorded on the marketing card against such producer,

the check shall be made payable jointly to the producer, CCC and the Farm Service Agency.

[56 FR 16230, Apr. 19, 1991, as amended at 61 FR 37623, July 18, 1996]

§ 1446.204 Transmittal of collections of penalties and claims.

(a) *Commercial purchases.* A handler shall use form ASCS-1012, Buyer's Transmittal of Claims and/or Marketing Penalty, to transmit to FSA any marketing penalty or peanut poundage quota lien that is collected directly or indirectly from a producer at the time such producer marketed peanuts as quota commercial or contract additional peanuts. Such collections shall be made in accordance with the requirements of part 729 of this title. A collection is considered to have been made at the time of marketing the peanuts. Each collection shall be sent to the county FSA office which issued the marketing card and, unless otherwise approved by the Executive Vice President, CCC, shall be sent within 15 days after the collection is made.

(b) *Loan peanuts.* Withholdings from the loan value due a producer which represent collections of marketing penalties, peanut poundage quota liens or U.S. claims shall be transmitted or handled in accordance with instructions issued by the marketing association or CCC.

 - (3) 14.49 percent LSK's;
- (e) When added to prior marketing of quota peanuts from the farm, must not exceed the effective quota established

for the farm on which such peanuts were produced.

§ 1446.302 Eligibility of peanuts for price support at the additional loan rate.

(a) *General.* For peanuts to be eligible for a price support loan at the additional loan rate, such peanuts:

- (1) Must be eligible peanuts that were produced by an eligible producer;
- (2) must not contain more than:
 - (i) 10.49 percent moisture;

 - (iii) 14.49 percent LSK's.

(b) *Exception to general requirements.* Notwithstanding the provisions in paragraph (a) of this section:

(1) *Seed peanuts.* Peanuts that were produced for seed under the auspices of a State agency that controls the production of seed peanuts may receive a price support loan at the additional loan rate if:

- (ii) In accordance with this part, the handler purchases the peanuts from the loan inventory for domestic seed use in accordance with this part.

(2) *Peanuts with excess moisture, foreign material, or LSK's.* Peanuts that contain excessive moisture, foreign material, and/or LSK's may receive a price support loan at the additional loan rate if the marketing association determines:

- (i) That the moisture level is acceptable for storage until such peanuts may be crushed; and
- (ii) That the producer made a bona fide effort to clean such peanuts prior to offering such peanuts as collateral for a price support loan.

§ 1446.303 Delivery of peanuts for price support advance.

(a) *Warehouse storage loans.* Any warehouse operator who has entered into a contract with the marketing association to receive and store peanuts shall inform producers that price support advances are available and shall make such advances on eligible peanuts tendered for price support as provided in such contract.

(b) *Where available.* Unless otherwise approved by the marketing association

or by CCC, producers must deliver farmers stock peanuts to any participating warehouse that is located in the same marketing area in which the peanuts were produced. The names and locations of participating warehouses may be obtained from the office of the appropriate marketing association or from State or county FSA offices.

(c) *Contract requirements.* Any contract for receiving and storing peanuts pledged as collateral for a price support loan shall require the warehouse operator to:

(1) Examine the producer's marketing card to determine price support eligibility;

(2) Make entries on the marketing card as required by § 729.304 of this title and by this part; and

(3) Execute a form ASCS-1007 in accordance with this part for each lot of peanuts on which a price support advance is made.

(d) *Time.* Price support advances to eligible producers on peanuts of any crop will be available from the beginning of the marketing year through the following January 31 or such later date as may be established by the Executive Vice President, CCC.

(e) *Inspection.* An inspector shall determine the type and quality of each lot of farmers stock peanuts that is delivered to a participating warehouse for a price support advance from the marketing association.

(f) *Producer agreement.* To obtain a price support advance, the producer shall provide written authorization to the marketing association, and in the form prescribed by the applicable marketing association, to pledge the producer's peanuts to CCC as collateral for a warehouse storage loan and in so doing, the producer shall relinquish any right to redeem or obtain possession of such peanuts.

(g) *Advance to the producer.* For each lot of peanuts delivered by a producer to a participating warehouse for a price support advance, the warehouse operator, acting in behalf of the marketing association:

(1) Shall inquire of each producer as to whether any liens, other than a statutory peanut poundage quota lien, exist on peanuts offered for loan and shall note the response on form CCC-

1041, Warehouse Receipt and Draft (A failure to make such an inquiry shall render the warehouseman liable for the amount of the lien to the extent of any loss to CCC);

(2) Shall advance to the producer the applicable loan value of such peanuts. However, if a lien exists, the loan advance draft, form CCC-1041, shall be made payable jointly to the producer and each known lienholder except in those cases in which a peanut poundage quota lien was attached, as provided in part 729 of this title before any other lien was recorded. In such case the peanut poundage quota lien shall be deducted from the proceeds and a draft may be issued for any remaining balance;

(3) Shall deduct from such advances any:

(i) Marketing penalty;

(ii) Marketing assessment as provided in part 729 of this title;

(iii) Peanut poundage quota lien;

(iv) Assessment or excise tax imposed by State law;

(v) U.S. claim;

(vi) Farm storage facility loan installment payment that is currently due to CCC; and

(4) As applicable, shall transmit, in accordance with applicable instructions, such deducted amounts to the:

(i) County FSA office;

(ii) Applicable State agency; or

(iii) CCC; and

(5) If such peanuts were produced in the Southwestern area, and upon the prior agreement of the producer, may deduct from such advance an amount approved by CCC, but not to exceed \$2.00 per net weight ton of peanuts, to be used in financing the marketing association's peanut related activities outside the price support program.

[56 FR 16230, Apr. 19, 1991, as amended at 58 FR 41626, Aug. 5, 1993]

§ 1446.304 Price support loans involving estates, trusts or minors.

(a) *Estates and trusts.* A receiver or trustee of an insolvent or bankrupt debtor's estate, an executor or administrator of a deceased person's estate, a guardian of an estate or of a ward or

incompetent person, and trustees of a trust estate may be considered to represent the insolvent debtor, the deceased person, the ward or incompetent, and the beneficiaries of a trust, respectively, and the peanut production of the receiver, executor, administrator, guardian, or trustees attributable to the person represented shall be considered to be the production of the person represented. Loan documents executed by any such person shall be accepted by CCC only if they are valid, as determined by CCC, and such person has the authority to sign the applicable documents.

(b) *Eligibility of minors.* A minor who is otherwise an eligible producer shall be eligible for price support only if such minor meets one of the following requirements:

(1) The right of majority has been conferred on such minor by court proceedings or by statute; or

(2) A guardian has been appointed to manage such minor's property and the applicable price support documents are signed by the guardian; or

(3) An acceptable bond is furnished under which a surety acceptable to CCC guarantees to protect CCC from any loss for which the minor would be liable had such minor been an adult.

§ 1446.305 Additional peanuts ineligible for price support.

(a) *Marketing penalty.* A marketing penalty is due if additional peanuts are marketed or considered marketed in any manner other than:

(1) Through a price support loan at the additional loan rate; or

(2) Through purchase for crushing or export by a handler who, in accordance with this part, has an approved contract with the producer to purchase peanuts for such purpose.

(b) *Delivery to avoid penalty.* Notwithstanding the provisions in paragraph (a) of this section, a person who has produced additional peanuts may avoid a marketing penalty on such peanuts through forfeiting such peanuts by delivering such peanuts to the marketing association for the area where the peanuts were produced and in accordance with instructions issued by the marketing association if:

(1) Such person is not an eligible producer; and

(2) Such person does not have a contract with a handler to purchase such peanuts for crushing or exportation.

(c) *Interest due.* A producer who pledges peanuts as collateral for a price support loan at the additional loan rate shall refund the loan advance on such peanuts with interest if, subsequent to the time the peanuts are pledged for the loan, it is brought to the attention of the marketing association that such person is not an eligible producer. Interest shall be due:

(1) At the same interest rate that was applicable on funds borrowed from CCC by the marketing association on the date the loan was disbursed.

(2) From the date the loan was disbursed to the date of repayment.

§ 1446.306 Commingling of peanuts.

To facilitate handling and marketing, unless prohibited by a handler's storage contract with the marketing association, a handler may store farmers stock loan peanuts on a commingled basis with peanuts owned by such handler if such peanuts are of like crop, type, area, and segregation.

(a) *Accounting for commingled peanuts.* Except for peanuts purchased from CCC for domestic edible use on an in-grade and in-weight basis, commingled peanuts shall be exchanged on a dollar value basis. Accordingly, when loan peanuts are removed from the warehouse they must be inspected as farmers stock peanuts by an inspector and accounted for on a dollar value, based on the quota loan rate, less a one-time adjustment for shrinkage for each crop.

(b) *Dollar value shrinkage adjustment.* For peanuts that are graded out and accounted for:

(1) Before February 1 of the applicable marketing year, the adjustment of the dollar value for shrinkage shall be:

(i) 3.5 percent for Virginia-type peanuts; and

(ii) 3.0 percent for all other peanuts.

(2) After January 31 of the applicable marketing year, the adjustment of the dollar value for shrinkage shall be:

(i) 4.0 percent for Virginia-type peanuts; and

(ii) 3.5 percent for all other peanuts.

(c) *Maintaining copies of the ASCS-1007's.* The handler shall maintain a copy of each form ASCS-1007 that was issued for any peanuts that are placed in commingled storage and that is issued for any peanuts removed from storage.

(d) *Good commercial practice.* The handler shall receive, store and deliver all such peanuts in accordance with good commercial practice and any instructions provided by CCC.

§ 1446.307 Disaster transfer of Segregation 2 or Segregation 3 peanuts from additional loan to quota loan.

(a) *Transfer of Segregation 2 and Segregation 3 peanuts.* Except as otherwise provided in this section, after a producer has completed marketing all peanuts produced on the farm, such producer may transfer a loan on Segregation 2 or Segregation 3 additional peanuts to a quota loan.

(b) *Limitation of amount eligible for transfer.* A transfer made in accordance with this section shall not exceed the smaller of:

(1) The difference between:

(i) The total quantity of Segregation 1 peanuts marketed from the farm, plus the amount of peanuts retained on the farm for seed or other use, and

(ii) The effective farm poundage quota, excluding quota pounds transferred to the farm in the fall; or

(2) Twenty-five percent of the effective farm poundage quota, excluding quota pounds transferred to the farm in the fall.

(c) *Offset of CCC losses.* As provided in this part, if a producer transfers an additional loan to a quota loan in accordance with the provisions of this section, any pool proceeds otherwise due such producer from peanuts in another pool shall be reduced by the amount of any losses to CCC on the peanuts so transferred.

(d) *Loan value for transferred peanuts—(1) Segregation 2 peanuts.* The quota loan value for any lot of Segregation 2 peanuts transferred from an additional loan to a quota loan shall be determined by multiplying 70 percent of the quota loan rate that otherwise would have been applicable for such lot of peanuts as quota peanuts, exclusive of any discount for damaged kernels,

by the net weight of peanuts being transferred and deducting from the result the amount of any special discount that may apply for Segregation 2 peanuts transferred in accordance with this section.

(2) *Segregation 3 peanuts.* The quota loan value for any lot of Segregation 3 peanuts transferred from an additional loan to a quota loan shall be determined by multiplying 70 percent of the quota loan rate that otherwise would have been applicable for such lot of peanuts as quota peanuts, exclusive of any discount for damaged kernels, by the net weight of peanuts being transferred and deducting from the result the amount of any special discount that may apply for Segregation 3 peanuts transferred in accordance with this section.

(e) *Transfer provisions—(1) Where to apply.* Producers who are eligible to transfer additional loan peanuts to the quota loan pool in accordance with the provisions of this section may apply for such transfers with the county FSA office.

(2) *Determination of the amount eligible for transfer.* The county office shall determine, in accordance with paragraph (b) of this section, the quantity of additional peanuts which are eligible for transfer.

(3) *Designation of peanuts to be transferred.* The producer must indicate to the county office the net weight and applicable form ASCS-1007 serial numbers for the peanuts to be transferred.

(4) *Applicability of marketings.* Any peanuts that are transferred from an additional loan to a quota loan shall be considered as marketings of quota peanuts and the applicable records shall be appropriately adjusted.

(f) *Supplemental loan payment.* The difference between the additional and quota loan rates for such peanuts, less the appropriate adjustment for the marketing assessment, shall be advanced by the marketing association to the applicable producer.

(g) *Waiver of right to make transfer.* Notwithstanding any other provisions in this section, an additional loan on Segregation 2 or Segregation 3 peanuts shall not be transferred to a quota loan under this section with respect to that

quantity of peanuts for which the producer has executed a waiver of the right to make such a transfer in order to obtain indemnity benefits from the Federal Crop Insurance Corporation or has agreed to such a waiver with any other Federal agency.

[56 FR 16230, Apr. 19, 1991, as amended at 57 FR 49633, Nov. 3, 1992; 61 FR 37624, July 18, 1996]

§ 1446.308 Loan pools.

(a) *Establishment of pools.* (1) Each marketing association shall establish six separate loan pools; one for each of the three segregations of additional peanuts and one for each of the three segregations for quota peanuts. These pools shall be formed without regard to the type of peanuts (Runner, Virginia, Spanish, or Valencia) involved. However, the SWPGA shall also establish 12 separate loan pools for Valencia peanuts produced in New Mexico, namely, for bright hull peanuts and for dark hull peanuts separately, to include for each of them separate, by segregation, additional peanuts and quota peanuts pools. Each marketing association shall maintain separate, complete and accurate records for each loan pool that is established by the marketing association.

(2) *Eligibility to participate in New Mexico Pools—(i) In general.* Except as provided in clause (a)(2)(ii) of this section, in the case of the 1996 and subsequent crops, Valencia peanuts not physically produced in the State of New Mexico shall not be eligible to participate in the pools of the State even if the farm on which the peanuts are produced is constituted for administrative purposes within the State of New Mexico.

(ii) *Exception.* A producer of Valencia peanuts may enter Valencia peanuts that are physically produced in Texas into the pools for New Mexico in a quantity not greater than the average annual quantity of the peanuts that the producer entered into the New Mexico pools for the 1990 through 1995 crops; however, to qualify, the peanuts must be produced on the same farm on which the peanuts were produced during the base years of 1990 through 1995.

(b) *Net gains for quota pools.* Net gains from peanuts in each quota pool shall

consist of the amount by which the proceeds from the sale of the peanuts in such pool are in excess of the indebtedness on the peanuts in such pool.

(c) *Net gains for additional pool.* Net gains for peanuts in each additional pool shall consist of:

(1) The net gains which are in excess of the indebtedness on the peanuts placed in such pool; less

(2) Any amount as provided in paragraph (d) of this section that is allocated to offset any loss on the pools for Segregation 1 quota peanuts, and any other amount properly offset.

(d) *Recovery of losses in quota area loan pools.* (1) If the loan indebtedness on the peanuts in a quota area pool exceeds the proceeds from the sale of the peanuts in such pool, such excess shall be recovered using the following sources in the following order of priority:

(i) Proceeds due any individual producer from any pool, as a result of the transfer of peanuts for pricing purposes from an additional loan pool to a quota loan pool, pursuant to the provisions in § 1446.307.

(ii) Gains of any producer in the same pool, by the amount of pool gains attributed to the same producer from the sale of additional peanuts for domestic and export edible use.

(iii) Gains or profits resulting from the sale of additional peanuts, other than Valencia peanuts produced in New Mexico in separate type pools established under paragraph (a) of this section, in the same marketing area for domestic edible use, that are owned or controlled by CCC. This paragraph shall not apply to gains or profits from the sale of peanuts that were produced on farms with 1 acre or less of peanut production.

(iv) Marketing assessments, collected from producers under § 729.316 of this title, that the Secretary determines are necessary to cover losses in area quota pools.

(v) Gains or profits from quota pools in other marketing areas, other than separate type pools established under paragraph (a) of this section for Valencia peanuts produced in New Mexico.

(vi) Gains or profits resulting from the sale of additional peanuts in other marketing areas, other than Valencia

peanuts produced in New Mexico in separate type pools established under paragraph (a) of this section, for domestic edible use, that are owned or controlled by CCC. This paragraph shall not apply to gains or profits from the sale of peanuts that were produced on farms with 1 acre or less of peanut production.

(vii) Marketing assessments, collected from handlers under § 729.316 of this title, that the Secretary determines are necessary to cover losses in area quota pools.

(viii) Increased marketing assessments on quota peanuts in the production area covered by the pool, which shall be assessed as needed and collected from producers under § 729.317 of this title.

(2) The exceptions provided for Valencia peanuts in paragraph (d)(1) of this section shall only apply as to prevent offsets between pools for each of the Valencia types (bright-hull and dark-hull) for New Mexico and other peanuts.

(e) *Pool distribution.* (1) Net gains as determined in accordance with this section on peanuts in each area pool shall be distributed to each producer who placed peanuts in that pool in proportion to the dollar value of peanuts placed in such pool by that producer, except that the proceeds available for the amount of distribution shall be subject to any other conditions and offsets set forth in this section; and

(2) Distributions shall not be assigned to any other party.

(f) *Loan indebtedness.* With respect to determining the gains and losses in accordance with this section for loan pools for quota and additional peanuts, the term "indebtedness" with respect to a pool shall include, but is not limited to, the following expenses associated with such peanuts:

- (1) Loan advance to producers.
- (2) Inspection fees.
- (3) Storage and handling charges.
- (4) Shelling costs.
- (5) Transportation and related charges.
- (6) Administrative and supervision expenses.

(7) Interest applicable to any repayable amount.

[56 FR 16230, Apr. 19, 1991, as amended at 56 FR 38329, Aug. 13, 1991; 61 FR 37624, July 18, 1996]

§ 1446.309 Immediate buyback and sale of loan peanuts to the storing handler.

(a) *"Immediate buyback" purchase of additional peanuts—(1) Producer consent.* Except as provided in this section, if the producer of a lot of additional peanuts has consented to an "immediate buyback" of such peanuts by a handler, as indicated by a designation recorded on the form ASCS-1002, the handler that acts for the marketing association in advancing funds to the producer for a price support loan at the additional loan rate on such peanuts may purchase such peanuts from the marketing association for domestic edible use in accordance with instructions from the marketing association and at a price equal to 100 percent of the quota loan value of such peanuts plus a handling charge, as determined by the marketing association and approved by CCC, to cover all costs incurred with respect to such peanuts for inspection, warehousing, shrinkage, and other expenses.

(2) *Time for buyback purchase.* An "immediate buyback" purchase may be made only in connection with the marketing association involved in the price support loan and only on the date on which the peanuts were delivered by the producer as collateral for a price support loan. Such sales are for the account of CCC.

(3) *Handler requirements.* For each "immediate buyback," the handler shall:

(i) Act for the marketing association by making a price support advance to the producer at the additional loan rate and in the same manner that would be applicable if an "immediate buyback" were not involved;

(ii) If applicable, use such handler's funds to pay to the producer any premiums that the parties had agreed upon in order to effect the delivery of such peanuts;

(iii) Pay for the peanuts by a check made payable to CCC. Such check must be from the handler's funds and in an

amount equal to the quota loan value of the peanuts plus any handling charges; and

(iv) Transmit the handler's check and the applicable form ASCS-1007 to the marketing association by midnight of the third workday (excluding Saturdays, Sundays, and Federal holidays) following the day the peanuts were inspected.

(4) *Domestic edible use.* The handler's check and the applicable form ASCS-1007 will identify the peanuts as additional peanuts that may be used for domestic edible use.

(5) *Loan pool credit.* Irrespective of the segregation of such peanuts, the receipts from the "immediate buyback" sale will be credited to the additional loan pool for Segregation 1 peanuts and the peanuts will be treated as Segregation 1 peanuts for pool accounting purposes.

(6) *Loan pool participation.* If Segregation 2 or Segregation 3 peanuts are purchased by a handler under the "immediate buyback" provisions, the producer of such peanuts shall participate in the Segregation 1 additional loan pool in the same manner as would apply if such peanuts had been Segregation 1 peanuts.

(7) *Additional restrictions on "immediate buyback" sales.* (i) Additional peanuts of the type contracted for export or crushing from a farm may not be purchased from such farm under the "immediate buyback" provisions of this section until all of the producer's contracts for additional peanuts for the relevant crop year have been satisfied for the type to be used for the buyback, as evidenced by a contract balance of zero for that type of peanuts on the farm's marketing card;

(ii) An immediate buyback that otherwise is prohibited by paragraph (a)(7)(i) of this section may be permitted by CCC in the case of any producer on a farm who does not share in the additional peanuts for which there is a contract.

(iii) An agreement between the handler and producer to void a contract that was approved in accordance with this part shall not reduce the balance shown on the producer's marketing card for contract additional peanuts and until such contract is renewed and

satisfied the producer's additional peanuts of the same type as were covered by that contract shall not be eligible for that crop year for purchase under an "immediate buyback."

(b) *Purchase of quota or additional loan peanuts.* Quota loan peanuts, or additional loan peanuts that were not purchased by the handler under the "immediate buyback" provisions, may be bought for domestic edible use in accordance with this paragraph on an in-grade and in-weight basis.

(1) *In-grade and in-weight purchases.* A handler may purchase loan peanuts, either quota or additional, on an in-grade and in-weight basis for domestic edible use:

(i) Under terms and conditions established by the marketing association and CCC;

(ii) If such peanuts are eligible for domestic edible use; and

(iii) If such peanuts are stored in a warehouse that is operated by such handler.

(2) *Pricing.* Except with respect to "immediate buybacks," as provided for in this section, the price for peanuts purchased on an in-grade and in-weight basis shall be determined by the marketing association or CCC, as applicable, for the account of CCC, but shall not be less than the applicable carrying charges plus, with respect to each lot of peanuts purchased:

(i) 105 percent of the quota loan value that was or would be applicable to the quantity of loan peanuts in such lot, if paid for not later than December 31 of the marketing year; or

(ii) 107 percent of the quota loan value that was or would be applicable to the quantity of loan peanuts in such lot, if paid for after December 31 of the marketing year.

Subpart D—Handling Contract Additional Peanuts—General Provisions**§ 1446.401 Contracts for additional peanuts for crushing or export.**

An approved handler may contract with a producer to deliver additional peanuts for exporting or for crushing. In order to be valid, the contract must meet the eligibility requirements in this section and must be approved by the county committee that serves the county in which the producing farm is located for administrative purposes.

(a) *Contract form and addendum*—(1) *Contract form.* In order to be approved by the county committee, the contract must be completed on Form CCC-1005, Handler Contract With Producers for Purchase of Additional Peanuts for Crushing or Export, or on a form approved by the Executive Vice President, CCC, or designee, which follows the organization of the CCC-1005 and contains as a minimum all of the requirements provided for in paragraph (c)(2) of this section.

(2) *Availability of CCC-1005.* The marketing association shall make available a form CCC-1005 to each approved handler and to any producer upon request.

(3) *Addenda.* The handler may use an addendum to a contract form if such addendum neither negates nor conflicts with any provision in this part. Any existing addendum to the contract which relates to the marketing of additional peanuts must accompany the contract at the time the contract is filed with the county committee.

(b) *Submitting contracts for approval*—(1) *Eligible handlers.* Only a handler who

has been approved by the marketing association to handle contract additional peanuts may contract with producers to buy additional peanuts for crushing or exportation, or both.

(2) *Producer-handlers.* A person who has been approved as a producer-handler under part 1421 of this title may not contract with himself/herself to purchase contract additional peanuts that he/she may produce.

(3) *Place and time for submitting.* In order to be considered for approval, any contract between a handler and producer for the purchase of additional peanuts shall be completed and submitted:

(i) *Place.* To the county FSA office of the county in which the farm is administratively located.

(ii) *Time.* On or before September 15 of the year in which the crop is produced; except that:

(A) Should September 15 fall on a Saturday or Sunday, or other non-workday the contract must be submitted for approval no later than the last workday immediately preceding the final contracting date.

(B) If the Executive Vice President, CCC, determines that damaging weather such as drought, hail, excessive moisture, freeze, tornado, hurricane or excessive wind, or related condition such as insect infestations, plant diseases, or other deterioration of the peanut crop, including aflatoxin, is expected to have significant national impact on peanut production, the Executive Vice President may extend nationally, by up to 15 days, the final date for submitting contracts for approval. Such announcement shall be made no later than September 5 of the year in which the crop is produced.

(c) *Contract approval.* (1) A contract between a handler and a producer for additional peanuts for crushing or export shall not be approved by the county committee, if otherwise eligible, unless the county committee has been notified by the State Executive Director that the handler has been approved to contract additional peanuts and that such handler has submitted the letter of credit that is required in accordance with the provisions in this part.

(2) In order to be approved, the following information must appear on the contract:

- (i) The name and address of the operator;
 - (ii) The name and address of each producer sharing in the proceeds of the contract additional peanuts;
 - (iii) The State and County code, and farm number of the farm on which the additional peanuts are to be produced;
 - (iv) The name, address, and registration number of the handler;
 - (v) The pounds of Segregation 1, Segregation 2, and/or Segregation 3 peanuts that are contracted;
 - (vi) The final contract price to be paid by the handler and shown as a set percentage of the loan rate for quota peanuts of the type indicated on the contract; except that such final contract price shall not be less than the additional loan rate for the type of peanut indicated on the contract. A contract or an addendum to a contract that provides for a conditional supplemental payment to the producer will not be considered to negate the final contract price only if the supplemental payment to be made is expressed in a manner that a third party may determine the amount of the supplemental payment without a need for additional negotiations;
 - (vii) A disclosure by the producer of any liens or encumbrances on the peanuts;
 - (viii) The signature of the farm operator;
 - (ix) The signature of each person having an interest as a producer in the contract additional peanuts that are produced on the farm;
 - (x) The signature of the handler or the authorized agent of the handler; and
 - (xi) A prohibition against changing the price.
- (3) The county committee, or a person designated in writing by the county committee, shall approve each form CCC-1005 that conforms with the provisions in this section.

[56 FR 16230, Apr. 19, 1991, as amended at 56 FR 38329, Aug. 13, 1991; 61 FR 37624, July 18, 1996]

§ 1446.402 Approval as handler of contract additional peanuts.

(a) *General.* By June 15 preceding the beginning of the marketing year in which such additional peanuts will be acquired, any handler who plans to acquire contract additional peanuts in accordance with this part for crushing or for exporting must:

(1) *Application.* File an application with each marketing association that serves the area in which such handler plans to acquire contract additional peanuts. Such application:

(i) *Form.* Must be on a form or in a format provided by the marketing association.

(ii) *Method of supervision.* Must indicate the method of supervision, physical or nonphysical, selected by the handler for purposes of accounting for the disposition of any contract additional peanuts acquired by such handler.

(2) *Evidence of adequate assets and adequate facilities.* Provide evidence that is acceptable to the marketing association and CCC that such handler has:

(i) *Assets.* Adequate assets to assure compliance with the provisions in this part with respect to such handler's obligation to crush or export contract additional peanuts acquired by such handler; and

(ii) *Facilities.* Adequate facilities to handle the acquisition and disposition of any contract additional peanuts acquired by such handler.

(3) *Letter of credit for prior crop years.* Establish an irrevocable letter of credit, or increase any existing letter of credit applicable for a previous crop year, in an amount necessary to cover any outstanding marketing penalties on peanuts produced in such crop year which are still under administrative appeal or are unpaid. This requirement is in addition to any letter of credit requirement for the current year.

(b) *Approval.* The marketing association, acting on behalf of CCC, shall approve, in accordance with this part, each application that is timely filed in accordance with this section, or is filed by such extended time as may be approved by the Executive Vice President, CCC, provided that in either case, the applicant:

(1) Has selected a method of supervision;

(2) Has a U.S. address;

(3) Has provided evidence of adequate assets and adequate facilities to assure compliance with the provisions in this part with respect to the disposition of contract additional peanuts; and

(4) Has complied with the requirements of paragraph (a)(3) of this section.

(c) *Rescission of approval.* Unless the Executive Vice President, CCC, shall otherwise agree in writing, a handler's previous approval to contract for the purchase of additional peanuts for exporting or crushing and to receive and handle such peanuts shall be considered to be rescinded upon such handler's use of facilities, other than those on which the approval was based, to receive, store, process, or ship contract additional peanuts. However, a rescission will not apply if substituted facilities are approved by the association, in accordance with instructions issued by CCC, when the handler can show, as determined by the association subject to review by the Executive Vice President, that the original facilities are no longer available for use due to circumstances beyond the handler's control such as, but not limited to, fire, flood, wind damage, or mechanical failure. In the event of rescission of a handler's approval, any purchases of peanuts from producers by such handler subsequent to the rescission will be considered as purchases of quota peanuts and will subject the handlers and producers to penalties, as prescribed by this part and in 7 CFR part 729 for marketing excess quota peanuts unless such peanuts are recorded on the producer's marketing card as a marketing of quota peanuts.

(d) *Cost of supervision.* The handler shall bear the cost of supervision irrespective of the method of supervision such handler has chosen.

[56 FR 16230, Apr. 19, 1991, as amended at 56 FR 38329, Aug. 13, 1991]

§ 1446.403 Letter of credit.

(a) *Certification and financial guarantee (letter of credit)*—(1) *Certification.* In order to establish a letter of credit, each handler must certify to the applicable marketing association the quan-

tity of additional peanuts the handler expects to contract for delivery by producers that are served by such marketing association. The certified poundage will be the basis for establishing the letter of credit for the applicable crop. If the certified poundage is less than the actual contracted poundage, the letter of credit required of the handler for the next marketing year shall be subject to increase, as provided in this section.

(2) *Letter of credit.* The handler must present an irrevocable letter of credit to each marketing association that serves the area in which a handler plans to contract or otherwise acquire contract additional peanuts. Such letter of credit shall be issued in a form and by a bank which is acceptable to CCC and except as provided in paragraph (d) of this section shall be submitted to the appropriate marketing association not later than July 31 and before marketing cards will be issued to producers for contract additional peanuts. Unless the provisions of paragraphs (b) and (c) of this section are applicable, the amount of the letter of credit for each area shall be equal to the amount determined by multiplying 140 percent of the national average quota price support rate by, for a handler selecting nonphysical supervision, 8 percent, or, for a handler selecting physical supervision, 5 percent, of the larger of:

(i) Ninety percent of the handler's contracted pounds as recorded on contracts approved by the county committee for the preceding marketing year and in the marketing area; or

(ii) The amount of additional peanuts the handler estimates will be contracted with producers, as certified to the marketing association, for delivery during the current marketing year and in that marketing area.

(b) *Increase in letter of credit.* (1) The amount of the letter of credit required under paragraph (a) of this section shall be increased for any handler:

(i) Who has a poor performance record, as evidenced by previous penalty assessments for violations of the provisions of this part; or

(ii) Who, for purposes of handling peanuts is, as determined by CCC, a partnership, merger, joint venture, or

other similar business relationship having officials who were officials of an organization having such a record or is composed in whole or in part by merger, succession, consolidation, association or assimilation, of entities with such a record; or

(iii) Whose total acquisition of farmers stock peanuts during the preceding marketing year from purchases of contract additional peanuts exceeded, by more than 3.0 percent, the pounds on which the letter of credit for the preceding marketing year was based. Nothing in this part shall prohibit CCC from demanding an increase in the letter of credit for the current year in the event the handler has significantly underestimated the handler's purchases for the current year.

(2) The increase in the letter of credit shall be determined in accordance with the guidelines set forth in paragraph (c) of this section.

(c) *Guidelines for increasing letters of credit*—(1) *Increased letter of credit due to history of program violation.* If the handler and/or related entity was assessed penalties for program violations for any of the previous three crop years, the percentage of the pounds of contracted peanuts to which the increase specified in paragraph (b) of this section shall be applied, shall be increased by 6 percent for each year of the three-year period in which such a penalty was assessed, except that:

(i) Such increase for a particular crop year shall be 3 percent rather than 6 percent if, for all violations for that crop year:

(A) The penalties were reduced by the Executive Vice President, CCC, and paid; or

(B) Less than 120 days, or such further period as established by the Executive Vice President, have passed since the penalty assessment was made by the CCC Contracting Officer.

(ii) Previous penalty assessments, other than assessments for violations that involve the importation of additional peanuts, or the failure to properly dispose of additional peanuts, which have been paid shall not be considered as part of the violation history for any crop year if the total violations for such crop year by the handler, and

related individuals or entities, involved less than 100,000 pounds of peanuts.

(2) *Waiver of increase.* Notwithstanding (c)(1) of this section, at the discretion of the Executive Vice President, CCC, the increase required under this section may be waived upon the presentation of adequate security as determined acceptable by the Executive Vice President, CCC.

(3) *Inaccurate certification of additional peanuts acquired.* In addition to the increase required by paragraph (c)(1) of this section, if the actual purchase of contract additional peanuts for the previous marketing year exceeds, by more than 3.0 percent, the poundage on which the previous marketing year's letter of credit was based, the pounds determined in accordance with paragraphs (a)(2) (i) and (ii) of this section shall be increased by an amount equal to 3 times the amount of such excess.

(4) *Basis for determining letter of credit amount.* Any letter of credit determination under this section shall be based upon the facts as they exist on June 1 of the calendar year in which the letter of credit is to be supplied.

(5) *Unpaid interest.* References to unpaid penalties in this section shall include associated unpaid interest and unpaid late payment charges.

(d) *Extension of time for filing letter of credit.* Notwithstanding any other provision of this section, upon a request from a handler, the Executive Vice President, CCC, may extend the time for filing of a required letter of credit if such an extension is considered necessary in order for the handler to have sufficient time to acquire necessary financing.

[56 FR 16230, Apr. 19, 1991, as amended at 56 FR 38330, Aug. 13, 1991]

§1446.404 Transfer of contracts prior to delivery.

An approved contract, by which a handler is to purchase additional peanuts from a producer, may not be sold, traded, or assigned except as provided in this section.

(a) *Contract transfer and delivery of contracted peanuts to other handlers.* (1) If a handler is otherwise unable to perform under any contract with a producer for the purchase of additional peanuts due to conditions beyond the

handler's control, the handler and the producer may agree to the delivery of the peanuts to another handler under the terms of the original contract or under modified terms except that, the price, quantity, type, segregation or farm number as shown on the original contract may not be changed. Conditions considered beyond the handler's control may include, but are not limited to, insolvency, bankruptcy, death, or destruction of warehouse facilities.

(2) A contract for additional peanuts shall not be transferred to another handler without the prior written approval of the Deputy Administrator. Such transfer shall be approved by the Deputy Administrator only if the Deputy Administrator determines that such transfer will not impair the effective operation of the peanut program.

(3) If the receiving handler:

(i) Has an existing letter of credit, such handler may increase the existing letter of credit to cover the total amount of farmers stock peanuts that is to be transferred. However, any increase must be made within 14 days after the transfer is approved, otherwise any increased letter of credit will not be considered for purposes of determining whether an increase will be required in the next year's letter of credit because of a deficiency in the letter of credit.

(ii) Does not have an existing letter of credit, the transfer shall not be approved unless such handler secures an acceptable letter of credit to cover the amount of farmers stock peanuts that is to be transferred.

(b) *Contract transfer and transfer of delivery obligations to other producers.* If a producer is unable to fully perform the terms of a contract with a handler for the purchase of additional peanuts due to conditions beyond the producer's control or other conditions as may be prescribed by CCC, the handler and the producer or the producer's successor-in-interest may agree to a modification of the contract or to the substitution of another producer either under the original terms of the contract or under modified terms that do not change the original contract price and quantity. Conditions considered to be beyond the producer's control may include, but are

not limited to, farm reconstitution in some cases (combinations and divisions), insolvency, bankruptcy, or death but do not include failure to produce the contracted amount from the planted acreage of peanuts due to natural disaster or related conditions or failure to plant sufficient acreage to produce the contracted quantity. Such modifications or transfers of contract obligations shall not be valid without the prior written approval of the Deputy Administrator. A transfer shall be approved only if the Deputy Administrator determines that such modifications or such transfer will not impair the effective operation of the peanut program.

(c) *County committee approval.* Contract modifications other than changes in producer, owner or operator, or changes permitted by this section, may not be approved by the county committee.

§ 1446.405 Inspection of contract additional peanuts.

The type and quality of each lot of contract additional peanuts delivered under contract shall be determined by the Federal-State Inspection Service when such peanuts are delivered by a producer. To be valid, the inspection results shall be recorded on form ASCS-1007 and signed by the inspector.

§ 1446.406 Commingled storage of contract additional peanuts.

(a) *Commingled storage.* A handler may commingle quota loan, quota commercial, additional loan, and contract additional peanuts during storage. In such case the peanuts must be inspected on a farmers stock basis before such peanuts are placed in storage.

(b) *Accounting for commingled peanuts.* Contract additional peanuts in commingled storage shall be accounted for on a:

(1) Dollar value basis under physical supervision.

(2) TKC basis under nonphysical supervision.

§ 1446.407 Handler transfer of contract additional peanuts or transfer of disposition credit.

(a) *Liability and credit for export or crushing.* Except as permitted by this section, a handler shall not:

(1) Sell, assign or otherwise transfer liability for exporting or crushing contract additional peanuts to other handlers, or

(2) Sell, assign, or otherwise transfer credits for exporting or crushing contract additional peanuts to other handlers.

(b) *Transfer of farmers stock contract additional peanuts.* (1) A one-time transfer of farmers stock contract additional peanuts may be made between the entity shown as applicant 1 and the entity shown as applicant 2 on the form ASCS-1007 for the peanuts.

(2) Such transfers shall be made within the same marketing area unless approved otherwise by the marketing association or the Deputy Administrator, and in accordance with instructions issued by CCC.

(3) Before the transfer may be approved, the receiving handler's letter of credit shall be amended by an amount that will cover the amount of peanuts transferred and the transferring handler must submit to the marketing association for approval, a form CCC-1006, covering any proposed transfer of farmers stock peanuts.

(4) Such approval must be obtained before any physical movement of the peanuts from the buying point.

(5) The transfer of peanuts as farmers stock peanuts after sale by the producer shall not be permitted unless approved in writing by CCC or the marketing association.

(c) *Transfer of peanuts for processing into products.* (1) Handlers may transfer contract additional peanuts and the liability for the export of contract additional peanuts to a processor of peanut products either as:

(i) Milled peanuts; or

(ii) Farmers stock peanuts under the provisions of paragraph (b) of this section.

(2) Such transfer shall be made in accordance with the provisions of this part.

(d) *Transfer of export credit for peanuts which have been exported.* Credit for

peanuts that have been exported under the provisions of this part will be given to the applicant shown on the form FV-184-9 for the lot of peanuts that has been exported. However, if a disclaimer to the credit for export is submitted with the applicable form FV-184-9, the export credit will be transferred to the person to whom the credit was assigned.

(e) *Transfer of credit for crushing.* Disposition credit earned for peanuts crushed in accordance with the provisions of this part and under the supervision of the marketing association may be assigned to another person if a disclaimer to the credit for crushing is submitted with the applicable form FV-184-9.

[56 FR 16230, Apr. 19, 1991, as amended at 56 FR 38330, Aug. 13, 1991]

§ 1446.408 Decreasing or drawing upon a letter of credit.

(a) *Decreasing the letter of credit to reflect TKC obligation.* Any existing irrevocable letter of credit that has been presented by a handler may be decreased after January 31 of the calendar year following the year in which the peanuts were produced, or such earlier date as may be authorized by the Deputy Administrator, State and County Operations, if the final TKC obligation determined for such handler, when converted to a farmers stock peanuts basis by dividing the TKC pounds by 0.795 for runner peanuts; 0.75 for Spanish peanuts; 0.735 for Virginia peanuts; or 0.77 for Valencia peanuts, is less than the amount that would be applicable for such handler and for such amount of farmers stock peanuts as determined in accordance with § 1446.403 of this part. The letter of credit may be decreased to the amount so determined.

(b) *Adjusting the letter of credit for acceptable proof of disposition.* The handler shall deliver to the marketing association satisfactory evidence as described in this part, to verify that contract additional peanuts have been exported or otherwise disposed of in accordance with the provisions of this part. On January 31, of the calendar year following the year in which the peanuts were produced, and monthly thereafter of

such following year, the marketing association shall permit a reduction of the letter of credit if the existing letter of credit exceeds 140 percent of the national average quota price support rate for the applicable crop times the farmers stock equivalent of the remaining TKC obligation as determined in the same manner as provided in paragraph (a) of this section.

(c) *Drawing against the letter of credit.*

(1) If less than 16 days remain before the expiration of a handler's letter of credit, and upon authorization by CCC, the marketing association may draw against the letter of credit and apply the amount toward any penalty due for failure to properly dispose of, or account for, contract additional peanuts in accordance with this part if:

(i) By the final disposition date required in this part, a deficiency remained in the handler's obligation to crush or export contract additional peanuts;

(ii) By the date required in this part, the handler did not provide satisfactory documentary evidence of the full export of peanuts or peanut products; or

(iii) The handler has committed another violation of this part with respect to such peanuts.

(2) Any draw down against a letter of credit shall not compromise any penalty due CCC if the letter of credit is insufficient to cover the full amount of the penalty or prevent any re-determination of whether there has been a proper disposition of and/or accounting for peanuts.

[56 FR 16230, Apr. 19, 1991, as amended at 56 FR 38330, Aug. 13, 1991]

§ 1446.409 Access to facilities.

A handler, by entering into contracts to receive contract additional peanuts, or any person or firm otherwise receiving contract additional peanuts, shall be considered to have agreed that any authorized representative of CCC or the marketing association:

(a) May enter and remain upon any of the premises of the handler when such peanuts are being received, shelled, cleaned, bagged, sealed, weighed, graded, stored, milled, blanched, crushed, packaged, shipped, sized, processed into products, or otherwise handled;

(b) May inspect such peanuts and the oil, meal, and other products thereof; and

(c) May inspect the premises, facilities, operations, books, and records of the handler to the extent necessary to determine that such peanuts have been handled in accordance with this part.

§ 1446.410 Disposition date.

(a) *Final disposition date.* To avoid a penalty as provided in this part, a handler shall dispose of all contract additional peanuts, in accordance with the provisions in this part, by the final disposition date. Except as provided in paragraph (b) of this section, the final disposition date shall be October 15 of the year following the calendar year in which the crop was grown.

(b) *Extension of final disposition date.* The final disposition date for an individual handler may be extended by the marketing association to November 30 of the year following the calendar year in which the crop was grown if, by the final disposition date identified in paragraph (a) of this section, the handler files a written request with the marketing association that specifies the number of pounds for which an extension is requested.

[56 FR 16230, Apr. 19, 1991, as amended at 56 FR 38330, Aug. 13, 1991; 57 FR 27145, June 18, 1992; 61 FR 37625, July 18, 1996]

§ 1446.411 Export provisions.

(a) *Export to a U.S. Government agency.* Except for the exportation of raw peanuts to the military exchange services of the United States for processing outside the United States, the export of peanuts in any form by or to a United States Government agency shall not be considered as export to an eligible country, but shall instead be considered a domestic edible use of such peanuts. However, sales to a foreign government which are financed with funds made available by a United States agency, such as the Agency for International Development or CCC, will not be considered sales to a United States Government agency if the peanuts are not purchased by the foreign buyer for transfer to an agency of the United States.

(b) *Export to an eligible country.* All contract additional peanuts which are

not crushed domestically (including approved processing into flakes) and which are eligible for export shall be exported in accordance with the provisions of this part to an eligible country as peanuts or peanut products.

§ 1446.412 Evidence of export.

To receive credit toward an obligation to dispose of contract additional peanuts in accordance with this part, the handler must:

(a) *Certified statement.* Provide a statement signed by the handler specifying the name and address of the consignee and certifying that the peanuts have been exported.

(b) *Documentation.* Not later than 45 days after the final disposition date provided in this part, or a later date established by the Director, TPD, for cases where the Director finds that the handler has made a good faith effort to furnish documentation in a timely manner and that the failure to do so was due to conditions beyond the control of the handler, furnish to the marketing association or CCC the following documentary evidence of the export of peanuts or peanut products:

(1) *Export by water.* For peanuts or peanut products and peanut products that were exported by water, a non-negotiable original or original duplicate copy (not a machine made copy) of an on-board ocean bill of lading. Such bill of lading must have been signed on behalf of the carrier and must include:

- (i) The date and place of loading such peanuts on-board the vessel;
- (ii) The weight of the peanuts, peanut meal, or products exported;
- (iii) The name of vessel;
- (iv) The name and address of the U.S. exporter;
- (v) The name and address for the foreign buyer;
- (vi) The country of destination; and
- (vii) For peanut meal which is unsuitable for use as feed because of contamination by aflatoxin, the statement required on the bill of lading in accordance with this part.

(2) *Export by rail or truck.* For peanuts and peanut products that were exported by rail or truck:

- (i) A copy of the bill of lading that must include the weight of the peanuts or peanut meal or products exported,

and for peanut meal that is unsuitable for feed use because of contamination by aflatoxin, the statement required on the bill of lading in accordance with this part; and

(ii) A copy of the Shipper's Export Declaration or, in the alternative, a U.S., Canadian or Mexican Customs' document which shows entry into the country; or

(iii) Other documentation that is acceptable to the marketing association.

(3) *Export by air.* For peanuts and peanut products that were exported by air:

(i) A copy of the airway bill that must include:

(A) The weight of the peanuts, peanut meal, or peanut products exported;

(B) The consignee and shipper; and

(C) For peanut meal that is unsuitable for feed use because of contamination by aflatoxin, the statement required on the airway bill in accordance with this part: or

(ii) Other documentation that is acceptable to the marketing association.

§ 1446.413 Disposal of meal contaminated by aflatoxin.

All meal produced from peanuts which are crushed domestically and found to be unsuitable for use as feed because of contamination by aflatoxin shall be disposed of for non-feed purposes only. If the meal is exported, the export bill of lading shall reflect the analysis of the lot by inclusion and appropriate completion thereon the following statement showing the range and average aflatoxin content (where "_____" represents the determined values for such lot) as parts per billion (PPB):

"This shipment consists of lots of meal which contain aflatoxin ranging from "_____" to "_____" PPB and averaging "_____" PPB."

§ 1446.414 Processing additional peanuts into products.

(a) *Type of supervision.* A person, who plans to acquire additional peanuts from other handlers for processing into products for export, must register as a handler and choose a method of supervision in accordance with this section.

(b) *Physical supervision.* For purposes of this section, if physical supervision is chosen:

(1) Such supervision shall be conducted in accordance with provisions of this part; and

(2) The processor must provide a letter of credit to the marketing association as prescribed by this part which shall, to the extent practicable, be the same amount as the letter of credit that would be required in accordance with this part for an equal quantity of peanuts acquired by a handler who has entered into contracts for the purchase of additional peanuts and has chosen physical supervision.

(c) *Nonphysical supervision.* For purposes of this section, if nonphysical supervision is chosen:

(1) The processor shall:

(i) Provide a written agreement that is signed by a duly authorized person, in which the processor agrees to export additional peanuts to an eligible country in such quantities and in accordance with such procedures as are specified by this part;

(ii) Provide a letter of credit to the marketing association which shall, to the extent practicable, be the same amount as the letter of credit that would be required in accordance with this part for an equal quantity of peanuts acquired by a handler who has entered into contracts for the purchase of additional peanuts and has chosen nonphysical supervision; and

(iii) Provide to the marketing association a description of the type of product that will be processed, the type of containers, size of containers, and the standard peanut processing yield for the product.

(2) The processor shall submit proof of export to the marketing association of like kind, as determined by the marketing association, as that required by this part for exports of peanuts under nonphysical supervision.

(3) Upon verification of product yield by the marketing association, approval of the form CCC-1006, and approval of the letter of credit, a product export obligation will be established on marketing association ledgers and the processor will be notified of the quantity of product export obligation.

(4) Upon receipt of proof of export that is acceptable to the marketing association, the processor, with the concurrence of the marketing association, may reduce the letter of credit to the extent that such letter of credit exceeds the amount determined by the marketing association, in accordance with instructions issued by FSA, to be necessary to assure compliance by the processor with the provisions in this part.

(d) *Applicability of regulations.* By registering as a handler and selecting a method of supervision in accordance with this section, a processor of peanuts shall be considered to have agreed:

(1) To perform in accordance with the provisions of this part;

(2) That the provisions of this part such as access to facilities, fraud, liens against peanuts on which penalty is due, and any other provisions that apply to a handler of additional peanuts, shall apply to the processor; and

(3) That the processor shall be considered as a handler for purposes of applying the penalty provisions of this part.

(e) *Records.* A peanut processor shall maintain records that will enable the marketing association or other representative of the Secretary to determine compliance with the provisions of this section.

§1446.415 Prohibition on importation or reentry of contract additional peanuts.

Neither exported contract additional peanuts nor peanut products made from additional peanuts shall be imported or reentered in commercial quantities by anyone into the United States in any form. If contract additional peanuts or peanut products made from such peanuts are imported or reentered into the United States, the handler importing such peanuts or peanut products shall be liable for a penalty assessed in accordance with this part, for reentering contract additional peanuts.

§1446.416 Suspension of restrictions on imported peanuts.

Notwithstanding any other provision of this part, if the President issues a

proclamation under section 22 of the Agricultural Adjustment Act of 1933, as amended, temporarily suspending restrictions on the importation of peanuts, a handler, with the written consent of the producer and CCC, may purchase additional peanuts from any producer who, in accordance with this part, contracted with the handler to deliver additional peanuts to such handler and may use such peanuts for sale for domestic edible use without incurring any marketing penalty for failure to crush or export such peanuts. However, the maximum quantity of peanuts that may be purchased by such handler in accordance with this provision of this section is the quantity of contract additional peanuts that remains undelivered by such producer under the contract. For purposes of application of this section, a proclamation temporarily increasing the import quota shall not be considered the same as a temporary suspension of restrictions on the importation of peanuts.

§ 1446.417 Loss of peanuts.

Should a handler suffer a loss of peanuts as a result of fire, flood or any other condition beyond the control of the handler, the portion of such loss that may be attributed to contract additional peanuts, as determined by the marketing association shall not be greater than an amount determined by dividing the total of the contract additional peanuts acquired by the handler during the year by such handler's total peanut purchases for the year and multiplying the result by the quantity for which acceptable proof of loss has been furnished to the marketing association. Such attribution shall take into account any dispositions of peanuts that occurred prior to the loss of the peanuts for which the attribution is made.

Subpart E—Handling Contract Additional Peanuts-Physical Supervision

§ 1446.501 Accounting for contract additional peanuts acquired under physical supervision.

(a) *Commingled storage*—(1) *General.* For a handler operating under physical supervision, contract additional pea-

nuts placed in commingled storage must be accounted for on a dollar value basis less a one time adjustment for shrinkage for each crop.

(2) *Shrinkage.* For peanuts that are graded out and accounted for:

(i) Before February 1 of the applicable marketing year, the adjustment of the dollar value for shrinkage shall be:

(A) 3.5 percent for Virginia-type peanuts; and

(B) 3.0 percent for all other peanuts.

(ii) After January 31 of the applicable marketing year, the adjustment of the dollar value for shrinkage shall be:

(A) 4.0 percent for Virginia-type peanuts; and

(B) 3.5 percent for all other peanuts.

(3) *Records.* The handler shall maintain a copy of each form ASCS-1007 that was issued for any peanuts that are placed in commingled storage and that is issued for any peanuts removed from storage.

(b) *Supervised identity preserved storage.* For a handler operating under physical supervision, contract additional peanuts may be stored identity preserved and may be accounted for by disposing of the entire contents of the peanuts in each identity preserved warehouse in accordance with this part and under the supervision of a representative of the marketing association. In such case:

(1) All peanuts that are loaded into each warehouse must be inspected as farmers stock peanuts and must be loaded under the supervision of the marketing association.

(2) At the end of each day in which peanuts are placed in or removed from the warehouse, the warehouse must be sealed by a representative of the marketing association.

(3) Each warehouse seal may be removed only by a representative of the marketing association.

(4) The marketing association shall be reimbursed by the handler for all expenses of providing a representative to supervise the loading and unloading of each warehouse.

(c) *Nonsupervised identity preserved storage*—(1) *Conditions.* For a handler operating under physical supervision, contract additional peanuts may be stored identity preserved without supervision at the time of loading the

peanuts into each warehouse, but only if:

(i) All peanuts that are loaded into a warehouse are inspected prior to loading into such warehouse and a form ASCS-1007 prepared for each lot that is inspected;

(ii) The entire contents of each warehouse will be removed and disposed of in accordance with this part and under supervision of a representative of the marketing association; and

(iii) The peanuts are accounted for on a dollar value basis except that shrinkage, in the amounts provided for in paragraph (c)(2) of this section, will be allowed if the dollar value of the peanuts that are loaded out of each warehouse is less than the dollar value of the peanuts that were loaded into such warehouse.

(2) *Shrinkage.* For peanuts that are graded out and accounted for:

(i) Before February 1 of the applicable marketing year, the adjustment of the dollar value for shrinkage shall be:

(A) 3.5 percent for Virginia-type peanuts; and

(B) 3.0 percent for all other peanuts.

(ii) After January 31 of the applicable marketing year, the adjustment of the dollar value for shrinkage shall be:

(A) 4.0 percent for Virginia-type peanuts; and

(B) 3.5 percent for all other peanuts.

(3) *Records.* The handler shall maintain a copy of each form ASCS-1007 that is issued for any peanuts that are placed in nonsupervised identity preserved storage and that is issued for any peanuts that are removed from such storage.

§ 1446.502 Physical supervision of contract additional peanuts.

(a) *Supervision.* A handler who has chosen to operate under physical supervision shall make arrangements that are satisfactory to the marketing association for representatives of the marketing association to conduct onsite supervision of domestic handling of contract additional peanuts including storing, shelling, crushing, cleaning, milling, blanching, weighing, and shipping.

(b) *Final dates for scheduling supervision.* Contract additional farmers stock peanuts shall be scheduled for su-

per vision by the marketing association during the normal marketing period but not later than August 15 of the calendar year following the year in which the crop was grown, unless prior approval of a later date has been made by the marketing association.

(c) *Notifying the marketing association.* Before moving or processing any contract additional peanuts, the handler or an agent of the handler shall notify the marketing association of the time such operation will begin and the approximate period of time required to complete the operation. When a plant is not currently under supervision, the handler shall give at least five working days of advance notice to the marketing association so that supervision can be arranged.

(d) *Processing.* The identical peanuts identified at time of load-out as contract additional peanuts shall be shelled or otherwise milled, crushed, or shelled and crushed under supervision of the marketing association as a continuous operation separate from other peanuts. Shelled peanuts shall be identified with positive lot identity tags before being stored and moved for crushing, exportation, or processing into peanut products to be exported. Except as otherwise authorized by the marketing association, such peanuts will be considered as having been crushed or exported only if positive lot identity has been maintained in the following manner:

(1) *Transportation.* The peanuts shall be transported from storage locations in a covered vehicle such as a truck or railroad car. The vehicle shall be sealed unless the marketing association determines that identity of the peanuts can be maintained without sealing.

(2) *Storage.* Farmers stock peanuts shall be stored in a separate building(s) or bin(s) which can be sealed or which the marketing association otherwise determines will satisfactorily maintain lot identity. Milled peanuts shall be stored in such a manner that the marketing association, under procedures issued by CCC, may make periodic inventory verification of the contract additional lots that are shown on marketing association records as being in the storage facility. The handler shall

§ 1446.503

furnish to the marketing association the name and location of the storage facilities in which the contract additional peanuts are located.

§ 1446.503 Disposition requirements under physical supervision.

(a) *Methods of disposition.* Except under the provisions of § 1446.504 of this part applicable to substitution, the identical contract additional farmers stock peanuts and milled peanuts that are shelled under supervision of the marketing association and formed into lots shall be disposed of, in accordance with the provisions of this part that are applicable to contract additional peanuts and to physical supervision, by domestic crushing or by export to an eligible country as follows:

(1) All kernels may be crushed domestically under supervision of the marketing association representative; or

(2) All kernels may be exported for crushing, if fragmented; or

(3) All kernels that meet the standards established for the domestic market under the Marketing Agreement No. 146 may be exported and the remaining kernels crushed domestically under supervision of the marketing association representative; or

(4) All of the peanuts may be exported as farmers stock peanuts, provided that such peanuts meet the standards established for the domestic market under the Marketing Agreement No. 146 and are positive lot identified; or

(5) The peanuts may be exported to an eligible country as peanut products if such products are produced domestically; or

(6) The peanuts may be exported as milled or in-shell peanuts if they meet the edible export standards established for the domestic market under the Marketing Agreement No. 146; or

(7) The peanuts may be considered exported or crushed if it is determined by CCC that such peanuts have been destroyed or otherwise made unsuitable for any commercial purpose.

(b) *Peanuts diverted.* Contract additional peanuts, or peanut products made from contract additional peanuts, that are diverted to any country other than an eligible country shall

7 CFR Ch. XIV (1–1–99 Edition)

not be credited in the handler's favor against the handler's obligation to crush or export such peanuts.

[56 FR 16230, Apr. 19, 1991, as amended at 56 FR 38330, Aug. 13, 1991]

§ 1446.504 Substitution of quota and additional peanuts.

(a) *Substitution of quota peanuts which have been exported—(1) Farmers stock peanuts.* With prior notification to and approval of the marketing association, farmers stock quota peanuts that have been exported from the same crop, type, quality, and area may be substituted for additional peanuts that otherwise would have to be exported in accordance with this part to avoid a penalty.

(2) *Milled peanuts.* With prior notification to and approval by the marketing association, peanuts that are milled under supervision of the marketing association may be used to replace, in domestic edible use, quota peanuts that have been exported to an eligible country from the same crop, type, area, and of the same grade as recognized by the Peanut Administrative Committee (PAC) for edible quality grades. Such grades shall be established at the time the peanuts are milled and the lot is formed unless CCC directs otherwise in writing. The quota peanuts that are exported, for which substitution is requested, must have been positive lot identified and otherwise handled as additional peanuts under the supervision of the marketing association.

(b) *Use of additional peanuts for domestic edible uses prior to substitution—(1) General requirements.* Additional peanuts may be used for domestic edible use with prior notification and approval of the marketing association and upon presentation to the marketing association of an irrevocable letter of credit in an amount that is determined in the same manner as such handler's initial letter of credit for the quantity of peanuts that will be substituted. Such letter of credit is in addition to the letter of credit required in accordance this part as a condition for approval of contracts for additional peanuts. Such additional letter of credit for substitution shall be issued in a

form and by a bank which is acceptable to CCC.

(2) *Submitting evidence of export.* The handler subsequently shall dispose of a like amount of quota peanuts in the manner prescribed in this part for contract additional peanuts. If the quota peanuts are exported, the handler shall subsequently deliver to the marketing association satisfactory evidence that a like amount of quota peanuts of the same type and of a similar grade has been exported. Such evidence must be submitted no later than the earlier of:

(i) 30 days after the final date for export as established in accordance with this part; or

(ii) 15 days prior to the expiration of the letter of credit.

(3) *Failure to timely submit evidence of export.* If satisfactory evidence is not presented by such date determined in (b)(2) of this section, CCC may authorize the marketing association to draw against the letter of credit for the full amount of the penalty which would otherwise be due for failure to dispose of contract additional peanuts in accordance with this part.

Subpart F—Handling Contract Additional Peanuts—Nonphysical Supervision

§ 1446.601 Disposition requirements under nonphysical supervision.

(a) *Disposition requirement.* With respect to any marketing year, a handler who has selected nonphysical supervision shall account for the disposition of any contract additional peanuts acquired by such handler by providing evidence that is satisfactory to the marketing association of the quantity of peanuts by peanut type that are crushed or exported by such handler in each of the following kernel categories:

- (1) SS kernels;
- (2) SMK's; and
- (3) AO kernels.

(b) *SS kernels.* (1) For each lot of contract additional peanuts acquired by such handler for which a deduction would have been applicable for SS kernels under the applicable price support loan schedule, deduct, from the percentage of SS kernels in such lot of peanuts, a number of percentage points equal to the maximum percentage of

SS kernels that a lot of peanuts could contain without having a deduction for SS kernels under the applicable price support loan schedule and multiply the result by the total weight of the TKC content of the lot, excluding the weight of the LSK's in such lot.

(2) Determine separately, for each type of peanuts acquired by such handler, the total of the results obtained in paragraph (b)(1) of this section for all lots of contract additional peanuts acquired by such handler.

(3) For each type of peanuts acquired by such handler, multiply the result determined in paragraph (b)(2) of this section by 0.955 in order to provide an allowance for shrinkage. The result is the minimum quantity of SS kernels of peanuts of the respective type that shall be crushed or exported by such handler.

(c) *SMK and SS kernels.* (1) Determine, by type, the total of the quantity of SMK and SS kernels in the lots of contract additional peanuts acquired during the marketing year by such handler.

(2) From the total determined in paragraph (c)(1) of this section, deduct the amount determined in paragraph (b)(2) of this section.

(3) For each type of peanuts acquired by such handler, multiply the results obtained in (c)(2) of this section by 0.955. The result is the minimum combined quantity of SMK's and SS kernels (excluding the quantity of SS kernels required to be crushed or exported as determined in paragraph (b)(3) of this section) of the respective type that shall be exported or crushed by such handler.

(d) *AO kernels.* (1) Determine, by type, the total quantity of TKC in the lots of contract additional peanuts acquired during the marketing year by such handler.

(2) From the total determined in paragraph (d)(1) of this section, deduct:

(i) The amount of SS kernels determining in paragraph (b)(2) of this section; and

(ii) The combined SMK's and SS kernels determined in paragraph (c)(2) of this section.

(3) Multiply the result determined in paragraph (d)(2) of this section by 0.955.

The result is the total of the AO kernels of the respective type that shall be exported or crushed by such handler.

(e) *Substitution prohibited.* Disposition credit shall not be granted:

(1) To the obligation to export or crush SS kernels and SMK for any amount of AO kernels that may have been exported or crushed in excess of the quantity required in accordance with paragraph (d)(3) of this section.

(2) To the obligation to export or crush AO kernels for any amount of SS kernels and SMK's that may have been exported or crushed in excess of the quantity required in accordance with paragraph (c)(3) of this section.

(3) To the obligation to export or crush peanuts of a type, for a surplus amount of contract additional peanuts exported or crushed from another type.

(f) *Peanuts diverted.* Contract additional peanuts or peanut products made from contract additional peanuts diverted to any country other than eligible country shall not be credited in the handler's favor against the handler's obligation to crush or export such peanuts.

[56 FR 16230, Apr. 19, 1991, as amended at 56 FR 38330, Aug. 13, 1991]

§ 1446.602 Disposition credit for peanuts under nonphysical supervision.

(a) *Disposition credits.* Contract additional peanuts of the same crop year and of like type shall be disposed of in accordance with the provisions of this part. Disposition shall be by domestic crushing or by export to an eligible country. Disposition credit shall, subject to the provisions of this part, be granted for:

(1) Kernels that are crushed domestically under physical supervision of the marketing association representative; or

(2) Kernels that are exported for crushing, if fragmented before being exported; or

(3) Exported kernels that meet PAC outgoing quality standards for domestic edible use; or

(4) Peanuts that are exported as farmers stock peanuts, provided that such peanuts meet PAC incoming quality standards for Segregation 1 peanuts and are positive lot identified; or

(5) Peanuts that are exported to an eligible country as peanut products if such products are produced domestically in accordance with provisions of this part; or

(6) Peanuts that are exported as milled or in-shell peanuts if they meet PAC outgoing quality standards for domestic edible peanuts; or

(7) Peanuts that are exported as blanched peanuts; or

(8) Peanuts that are determined by the marketing association as having been destroyed or otherwise made unsuitable for any commercial purpose. In such case the peanuts shall be considered as crushed.

(b) *Requesting physical supervision of crushing for disposition credit.* Prior to the disposition date for contract additional peanuts, as provided in this part, a handler operating under the provisions of this part with respect to nonphysical supervision may request and arrange for the marketing association to supervise the crushing of SMK, SS and AO peanuts for disposition credit for the applicable kernel type by obtaining physical supervision of the peanuts under the following conditions:

(1) *Milled peanuts.* A request to change to physical supervision for crushing milled peanuts for SMK, SS or AO credit may be made at any time prior to the final disposition date for additional peanuts for the relevant crop year. Physical supervision of milled peanuts shall be provided under the provisions of this part applicable to physical supervision of milled peanuts. The marketing association may require that positive identified lots be regraded before crushing.

(2) *Farmers stock peanuts.* A request to change to physical supervision for crushing farmers stock peanuts must be made and approved prior to the peanuts being graded out of commingled storage. In order to determine the categories, by peanut type, for the kernels that are crushed, namely SS, SMK and AO kernels, physical supervision must begin at the gradeout from commingled storage and continue through the crushing of the peanuts as required in accordance with this part for a handler who chooses physical supervision for disposition of contract additional farmers stock peanuts.

(c) *Determining disposition credit.* Disposition credit for SMK, SS and AO kernels crushed under physical supervision shall be determined for farmers stock peanuts from the applicable form ASCS-1007, and for milled peanuts from the applicable form FV-184-9.

(d) *Application of crushing credits to disposition obligation—(1) Milled peanuts.* Milled peanuts that are crushed under physical supervision for disposition credit may receive credit as follows:

(i) If such peanuts meet PAC outgoing quality standards for domestic edible peanuts, disposition credit may apply pound-for-pound toward meeting the respective SMK, SS, or AO kernel obligations for the respective like peanut type and for like kernel type.

(ii) If such peanuts fail to meet PAC outgoing quality standards for domestic edible use due to aflatoxin contamination, disposition credit may apply to the SMK, SS or AO kernel obligations for the respective like peanut type and for like kernel type; except that, the percentage of such peanuts to which such credit will be allowed for each peanut type and kernel type shall not exceed the percentage of the total quantity of the respective type of peanuts that was purchased by the handler for the marketing year as contract additional peanuts.

(iii) If such peanuts fail to meet PAC outgoing quality standards for reasons other than aflatoxin contamination, disposition credit must be applied exclusively as AO kernels.

(2) *Farmers stock peanuts.* Farmers stock peanuts that are crushed under physical supervision for disposition credit may receive credit as follows:

(i) If such peanuts meet PAC incoming quality standards for Segregation 1 peanuts, disposition credit may apply pound-for-pound toward meeting the respective SMK, SS, or AO kernel obligations for the respective like peanut type and for like kernel type.

(ii) If such peanuts fail to meet PAC incoming quality standards for Segregation 1 peanuts, disposition credit may apply to the SMK, SS or AO kernel obligations for the respective like peanut type and for like kernel type; except that, the percentage of such peanuts to which such credit will be allowed for each peanut type and kernel

type shall not exceed the percentage of the total quantity of the respective type of peanuts that was purchased by the handler for the marketing year as contract additional peanuts.

(iii) If such peanuts do not meet PAC incoming quality standards for Segregation 1 peanuts for any reason other than the presence of *A. flavus* mold, disposition credit must be applied exclusively as AO kernels.

(3) *Adjusting export credit for average dollar value of farmers stock peanuts.* If CCC determines that the average dollar value of edible farmers stock peanuts graded out of commingled storage and crushed for export credit under the provisions of this section is less than the average dollar value of all like type peanuts purchased by the handler as contract additional peanuts, the amount of export credit for each kernel type determined under paragraph (b)(2) of this section shall be adjusted by multiplying each quantity for each kernel type by a factor to be determined by dividing:

(i) The average dollar value per ton of peanuts graded out of the handler's commingled storage, accounted for as set forth in this part, and crushed for export credit under the provisions of this section; by

(ii) The average dollar value per ton of all peanuts purchased by the handler as contract additional peanuts.

(e) *Blanching exception.* Notwithstanding any other provision of this part, a handler may receive credit for the pre-blanching weight of SS and SMK peanuts that are blanched for export if both the blanching and the crushing of the residue are conducted under supervision of agents of CCC or the marketing association. The maximum credit that may be received shall be:

(1) The quantity of SMK and SS kernels as shown on the FV-184-9 that is submitted for proof of export for such blanched peanuts;

(2) The quantity of the residue that is crushed under physical supervision; and

(3) The pre-blanched or "redskin" weight less the quantities in paragraphs (e)(1) and (2) of this section, to the extent of such amount that the marketing association determines is

reasonable and comparable with standard industry practices.

(f) *Export credits.* In order to receive export credit toward meeting a handler's obligation to crush or export additional peanuts such exported peanuts must meet the outgoing quality standard established for the domestic market under the Marketing Agreement No. 146. Export credit will be granted in accordance with this paragraph for any exported peanuts that meet such quality standards.

(1) *Credit for exporting SMK peanuts.* Credit for exporting SMK's of the same crop year, of like type, may be earned for:

(i) The total pounds in a lot of exported peanuts which meet or exceed U.S. Standard grade for U.S. No. 1; or

(ii) The total pounds, excluding splits as determined in paragraph (f)(2)(ii) of this section, in a lot of peanuts which meet PAC standards for:

(A) Whole kernel peanuts with splits, or

(B) No. 2 Virginia peanuts; or

(iii) The total pounds determined to be SMK's in a lot of exported in-shell peanuts which meet U.S. Standard grade for cleaned Virginia type peanuts in the shell.

(2) *Credit for exporting SS kernels.* Credits for SS kernels of the same crop year, of like type, may be earned for:

(i) The total pounds in a lot of exported peanuts which meet the U.S. Standard grade for splits; or

(ii) The total pounds, excluding SMK's as determined in paragraph (f)(1)(ii) of this section, in a lot of peanuts which meets PAC standards for:

(A) Whole kernel with splits, or

(B) No. 2 Virginia; or

(iii) The total pounds determined to be SS kernels in a lot of exported in-shell peanuts which meet U.S. Standard grade for cleaned Virginia type peanuts in the shell.

(3) *Export credits for contract additional peanuts processed into products for export.* To receive disposition credit for contract additional peanuts used in products for export, the shelled peanuts must be identified with positive lot identity tags before being moved for processing in accordance with provisions of this part. The peanuts shall be processed under supervision of the

marketing association unless the processing handler selects to process such peanuts under nonphysical supervision.

(4) *Export credits for in-shell peanuts.* With respect to peanuts exported in-shell, in accordance with instructions issued by CCC, credits may be earned for SMK, SS or AO kernels on the respective portions of the TKC of the lot that are SMK, SS or AO kernels.

[56 FR 16230, Apr. 19, 1991, as amended at 56 FR 38330, Aug. 13, 1991]

§ 1446.603 Disposition credit for peanuts in exported products made from quota peanuts.

A handler who has selected nonphysical supervision and who manufactures peanut products from quota peanuts may export such products to an eligible country and receive disposition credit to apply to such handler's obligation to dispose of contract additional peanuts by crushing or by exporting.

(a) *Eligible peanuts.* In order to receive such credit, the quota peanuts used in such products shall be:

(1) Of the same crop year as the contract year of the contract additional peanuts for which the obligation, to crush or export, was established.

(2) Of the same type as the contract additional peanuts to which such credit shall be applied.

(b) *Handler requirements* (1) The handler, with respect to each marketing year and each area in which such handler will apply for export credit for manufactured products, shall submit a certification to the applicable marketing association:

(i) With respect to any marketing year in which such handler intends to request disposition credit for exported products made from quota peanuts, prior to requesting such disposition credit;

(ii) On a product-by-product basis; and

(iii) Of the peanut product content of peanut products manufactured by such handler for which disposition credit will be requested.

(2) Such certification of peanut product content, as required in accordance with paragraph (b)(1) of this section, must indicate by type of peanuts, with respect to each individual product, the

respective portion of such peanut kernels that are:

- (i) SS kernels;
- (ii) SMK's;
- (iii) AO kernels.

(3) If any change is made in any peanut product formula, as certified in accordance with this section, the handler shall notify the applicable area marketing association of such change within 90 days after such change is implemented.

(c) *Disposition credit.* (1) To the extent that a handler provides satisfactory proof, to the applicable marketing association, of the export of peanut products made from quota peanuts, such handler who has complied with the provisions of paragraph (b) of this section may receive disposition credit for eligible peanuts in peanut products exported to an eligible country.

(2) Disposition credit received in accordance with paragraph (c)(1) of this section shall be prorated by type to SS kernels, SMK's and AO kernels in the same proportion as the handler certified with respect to the peanut product content in accordance with paragraph (b)(2) of this section.

(d) *Records.* Any handler who receives disposition credit under paragraph (c) of this section shall maintain records, as required in this part, to support:

(1) The accuracy of such handler's certification made in accordance with this section; and

(2) Any disposition credit that is requested by such handler in accordance with this section.

(e) *Annual review.* The marketing association or employees of TPD shall conduct an annual review of the certifications made by handlers in accordance with this section.

(f) *Inaccurate certification.* In the case of an inaccurate certification, the disposition credit shall be adjusted accordingly. Such action shall be in addition to any other remedy, including, but not limited to, any civil or criminal remedy for fraud, as may apply.

Subpart G—Penalties and Liquidated Damages

§ 1446.701 Excess marketing of quota peanuts.

A handler will be subject to a penalty for noncompliance with this part, if, as determined under this part, from any crop of peanuts, such handler markets, for domestic edible use, a larger quantity, or higher grade or quality of peanuts, than could reasonably be produced from the quantity of peanuts having the grade, kernel content, and quality of farmers stock peanuts purchased by the handler during the applicable marketing year as quota peanuts, including those peanuts purchased in accordance with the "immediate buyback" provisions of this part. In such case, the penalty will be an amount equal to 140 percent of the national average quota support rate for the applicable crop, times that quantity of farmers stock peanuts which are determined by CCC to be necessary to produce the excess quantity or grade or quality of peanuts marketed.

§ 1446.702 Peanuts ineligible for quota loan.

Any person who causes or permits peanuts that are not eligible peanuts to be pledged as collateral for a loan at the quota loan rate shall be considered to have agreed that:

(a) CCC may incur serious and substantial damage to its program to support the price of quota peanuts because such peanuts were pledged as collateral for a quota loan;

(b) The amount of such damages will be difficult, if not impossible, to ascertain exactly; and

(c) Such person shall, with respect to any ineligible peanuts placed under quota loan, pay to CCC, as liquidated damages and in addition to any penalty that is due, the difference between the quota loan rate for such peanuts and the additional loan rate that would apply to peanuts of the same type and quality, times the amount of such peanuts that were placed under loan. It is agreed that such liquidated damages

are a reasonable estimate of the probable actual damages which CCC would suffer. Such person shall pay the damages to CCC promptly upon demand in addition to penalties as may be due or assessed. Liquidated damages under this section may be reduced by CCC based upon consideration of the following factors:

- (1) Whether the person causing or permitting ineligible peanuts to be placed in the loan program made a good faith effort to ensure that ineligible peanuts were not pledged as loan collateral;
- (2) The degree of damage or potential damage to the price support program caused by the violation;
- (3) The nature and circumstances of the violation;
- (4) The extent of the violation; and
- (5) Any other pertinent information.

§ 1446.703 Assessment of penalties against handlers.

(a) *Penalty liability.* A handler shall be subject to the penalty for a violation of any provision of this part including, but not limited to, any or all of the following violations:

- (1) Failure to register as a handler of peanuts;
- (2) Failure to examine and make entries on marketing card;
- (3) Failure to keep or make available records as required by this part;
- (4) Marketing excess quota peanuts, as set forth in this part, including any marketing of reentered contract additional peanuts or peanut products made from contract additional peanuts or any marketing of imported peanut products made from additional peanuts purchased from the inventory of CCC loan collateral peanuts;
- (5) Failure to store and account for contract additional peanuts in accordance with the requirements of this part;
- (6) Failure to export or dispose of contract additional peanuts in accordance with the requirements of this part or failure to export or crush such peanuts by the final disposition date as established in this part;
- (7) Failure to obtain supervision of, or to handle properly, contract additional peanuts in the manner required by this part;

(8) Reentering or importing contract additional peanuts or products made from such peanuts as prohibited by this part; or

(9) Failure to comply with any other provision of this part.

(b) *Amount of penalty.* Except when reduced in accordance with this part, the penalty amount for any violation of this part shall be equal to 140 percent of the national average quota support rate for the applicable crop year times the quantity of peanuts:

- (1) Handled by an unregistered handler;

- (10) Otherwise involved in such other violation of this part as may occur.

(c) *Notice of assessment.* A handler shall be notified in writing of the assessment of a penalty by a CCC contracting officer. Such notice shall state the basis for the assessment of the penalty, and shall advise the handler of the handler's appeal rights under this part.

(d) *Interest liability.* The person liable for payment or collection of any penalty provided for in these regulations shall be liable also for interest thereon at a rate per annum equal to the rate of interest which was charged CCC by the Treasury of the United States on the date such penalty became due. The date on which the penalty became due shall be the date on which the penalty was first assessed.

(e) *Applicability.* The provisions of this section are in addition to other

remedies provided for by this part or other provisions of law.

[56 FR 16230, Apr. 19, 1991, as amended at 56 FR 38331, Aug. 13, 1991; 57 FR 27145, June 18, 1992]

§ 1446.704 Reductions of penalties, reconsideration and appeals.

(a) *Reduction of penalties*—(1) *By CCC Contracting Officer.* To the extent permitted by the provisions of paragraph (a)(4) of this section, the CCC Contracting Officer may reduce the amount of penalty that is otherwise determined or assessed in accordance with this part. Such reduction may be made before the penalty is assessed or may be made upon a request for reconsideration by the handler to whom the penalty is assessed.

(2) *By Director, National Appeals Division or by the Executive Vice President, CCC.* To the extent permitted by the provisions of paragraph (a)(4) of this section, the Director, National Appeals Division, upon an appeal by the handler to whom the penalty is assessed, or the Executive Vice President, CCC, or the Executive Vice President's designee, may reduce the amount of penalty that has been assessed in accordance with this part.

(3) *Reduction criteria.* A penalty that is determined or assessed in accordance with this part may be reduced by the CCC Contracting Officer or by the Director, National Appeals Division, or the Executive Vice President, CCC, or the Executive Vice President's designee, if such person determines that:

(i) The violation for which the penalty was assessed was minor or inadvertent;

(ii) A reduction in the amount of the penalty would not impair the effective operation of the peanut program; and

(iii) The assessment of penalty was not made for failure to export contract additional peanuts.

(4) *Reduction limits.* (i) If the reduction criteria in paragraph (a)(3) of this section has been met, the CCC Contracting Officer or the Director, National Appeals Division, or the Executive Vice President, CCC, or the Executive Vice President's designee, as applicable, may reduce the penalty by such amount as such person considers appropriate (including a full reduction of the

entire penalty) after taking into account the severity of the violation and the violation history of the handler.

(ii) If one of the criteria in paragraphs (a)(3)(i) and (ii) of this section has not been satisfied and the remaining criteria has been satisfied, the penalty shall not be reduced to less than an amount which is equal to 40 percent of the national average quota support rate for the applicable crop year times the quantity of peanuts involved in the violation.

(iii) There shall not be a limit on the amount by which an assessment of liquidated damages may be reduced by the CCC Contracting Officer or the Director, National Appeals Division or the Executive Vice President, CCC, or the Executive Vice President's designee.

(b) *Request for reconsideration.* A handler who is dissatisfied with a penalty that has been assessed against such handler by the CCC Contracting Officer pursuant to this part may file a written request for reconsideration or reduction of the penalty that has been assessed. Such request for reconsideration or reduction must be made within 15 days after the date of the notice of assessment.

(c) *Appeal.* If handler is dissatisfied with the determination of the CCC Contracting Officer with respect to a request for reconsideration or reduction of a penalty that has been assessed against such handler, the handler may appeal such determination to the Director, National Appeals Division. Any appeal of such determination of the CCC Contracting Officer must be submitted in writing to the Director, National Appeals Division, within 15 days after the date of notice of such determination by the CCC Contracting Officer. The appeal may be to contest liability for the penalty, to request that the penalty be reduced, or both. An appeal shall be conducted in accordance with the regulations set forth in part 780 of this title.

[57 FR 27145, June 18, 1992]

§ 1446.705 Statutory liens against peanuts.

(a) *Lien on peanuts.* Until the amount of any penalty which is imposed upon a handler or other person in accordance

with this part is paid, a lien shall exist in favor of the United States for the amount of the penalty. Such lien shall apply on the peanuts with respect to which such penalty is incurred and on any other peanuts purchased or otherwise acquired in the same or subsequent marketing year in which the person liable for payment of such penalty has an interest.

(b) *Debt record.* The lien specified in paragraph (a) of this section shall be considered to attach at the time the penalty is entered on the debt records which shall be maintained for this purpose by the marketing associations, unless an earlier time is prescribed by law.

(c) *List of peanut marketing penalty debts.* Each marketing association shall maintain a debt record for all handlers indicating the amounts due from each handler. This list will be available for examination upon written request to the marketing association by any interested party.

§ 1446.706 Schemes and devices.

If CCC or the marketing association, with approval of the CCC, determines that a handler has knowingly adopted any scheme or device which tends to defeat the purpose of the regulations of this part or has made any fraudulent representation, or has misrepresented any fact affecting a program determination, such handler will be subject to a penalty which shall be assessed in such manner as is determined will correct for such scheme, device, fraud, or misrepresentation.

Subpart A—Tobacco Loan Program

SOURCE: 45 FR 9253, Feb. 12, 1980, unless otherwise noted.

§ 1464.1 Administration.

(a) This program will be administered by the Tobacco and Peanuts Division, FSA, under the general direction and supervision of the Executive Vice President, CCC. The program will be carried out by cooperative marketing associations (hereinafter referred to as "associations") acting on behalf of their producer members. To obtain a price support loan, an association must enter into a loan agreement with CCC. The loan agreement will set forth terms and conditions for making price support available to producers. To the extent provided in the loan agreement, an association shall meet the eligibility requirements for price support prescribed in the Cooperative Marketing Associations Eligibility Requirements for Price Support (part 1425 of this chapter), as amended. CCC reserves the right to restrict the number of associations with which it will contract. In so doing, CCC will select such associations as it deems necessary or desirable to effectuate the purposes of the program with a maximum of efficiency and economy of operations. The names of such associations may be obtained from the Tobacco and Peanuts Division, FSA, U.S. Department of Agriculture, P.O. Box 2415, Washington, DC 20013.

(b) Each year CCC will make loans to associations. The associations in turn will make price support advances available to eligible producers either directly or through auction warehouses. The tobacco on which producers receive price support advances will serve as security for the loans. Loans made to associations will include not only the initial loan value of the tobacco, but also amounts to cover costs of receiving, processing, storing, and selling the loan tobacco, including that part of overhead costs not borne by the

association pursuant to §1464.4. Associations will be authorized to enter into contracts for these services through the usual trade channels. Loans also may include amounts to cover any Federal and State income taxes which the associations are required by the Internal Revenue Service or State governmental body to pay on income received from the sale of loan tobacco.

[45 FR 9253, Feb. 12, 1980, as amended at 47 FR 51555, Nov. 16, 1982; 48 FR 21110, May 11, 1983]

§ 1464.2 Availability of price support.

(a) *Kind of tobacco.* Price support will be available to eligible producers on the following kinds of eligible tobacco subject to conditions listed in §§1464.7 and 1464.8 respectively.

Flue-cured tobacco, types 11, 12, 13, and 14.
 Kentucky-Tennessee Fire-cured tobacco, types 22 and 23.
 Virginia Fire-cured tobacco, type 21.
 Virginia Sun-cured tobacco, type 37.
 Dark Air-Cured tobacco, types 35 and 36.
 Burley tobacco, type 31.
 Cigar filler and binder tobacco, types 42, 43, 44, 53, 54, and 55.

(b) *Method of providing price support—*
 (1) *Through auction warehouses.* (i) Price support will be available for each lot of eligible tobacco offered for sale at auction warehouses which have contracted with an association, on a form of agreement approved by CCC, to make price support advances to producers on behalf of the association. Producers will deliver their tobacco to auction warehouses which will display the tobacco and offer it for sale at auction. Each contract between an association and an auction warehouse will require the auction warehouse to see that producers are informed that price support advances are available for each lot of eligible tobacco offered for sale at auction when the final bid is less than the price support rate available for the grade of eligible tobacco comprising such lot. For Flue-cured and Burley tobacco, the associations' contracts with auction warehouses will also require the auction warehouses to mark any tobacco sale bill "No Price Support" if the marketing of the pounds of tobacco covered by such bill will result in the producer marketing in excess of 103

percent of the producer's effective farm marketing quota. Producers will receive price support advances from the warehouse operator for any tobacco to be consigned by the warehouse operator to the association. Price support advances will be paid to the producer at the time the warehouse operator settles with the producer for the entire quantity of the producer's tobacco that has been displayed for inspection and offered for sale on any one day's auction market. The warehouse operator will be reimbursed by the association with funds borrowed from CCC.

(ii) Price support will be available only at warehouses where tobacco inspection service is provided by the Agricultural Marketing Service, USDA. Inspection and price support services may be extended to new markets or to additional sales on established markets in accordance with this part and Subpart A of part 29 of this title which provides for formal public hearings prior to extending of additional services.

(iii) CCC reserves the right to direct the association to withhold a contract under the price support program from any auction warehouse for one or more years if, based on previous performance of similar contracts, or other evidence, there is substantial reason to believe that such warehouse will not fulfill its contract obligations.

(2) *Special requirements for flue-cured tobacco.* Price support will be available only on flue-cured tobacco which has been designated for sale at specific warehouses by the producer under the following conditions:

(i) *Definition. Producer* as used in this paragraph means the person who was issued the tobacco marketing card pursuant to part 723 of this title.

(ii) *Producer designation of warehouses.* Producers will be required, as a condition of price support, to designate the warehouses at which they will market their tobacco. Such designations may be at any warehouse or warehouses in any market within a radius of 100 miles from the county seat of the county in which the farm is located, or if such farm is physically within two counties, then from the county seat of the county in which the county FSA office administering that farm is located. To the extent there are less than

eight markets within such radius, any warehouse or warehouses in any of the eight markets nearest to the county seat may be designated. A producer may obtain price support only in a warehouse which the producer has designated, and at each such warehouse only with respect to the quantity of tobacco designated for sale at such warehouse.

(iii) *When producer designations shall be made.* Producers must designate the warehouse(s) at which they will market their tobacco during a period which shall be announced beforehand by the local county FSA office. The period for making designations shall be before May 31 each year. Producers who lease quota or whose farm is reconstituted (the combining or dividing of a farm due to a change in operation) after such period may designate the warehouse(s) at which their tobacco will be marketed according to procedures to be established by the Deputy Administrator, State and County Operations, FSA. Producers who have designated warehouses which cease to operate or cease to have tobacco inspection or price support available may change their designations at any time after such occurrences. Producers who have designated warehouses whose inspection services have been temporarily suspended for any reason for the equivalent of at least one sales day may change their designation at any time after such occurrences. Redesignation (changes in warehouse(s) designated or in pounds designated to a warehouse) or designations for farms which have not previously designated tobacco may be made by producers during the five business days ending on the first Friday of each month during the flue-cured tobacco marketing season. Such redesignation or initial designation shall be made on any one day of each redesignation period. Such redesignation or initial designation shall be effective on the second Monday following the Friday on which the redesignation period ends.

(iv) *Form and content of designations.* A designation shall be made for each warehouse at which a producer desires to market tobacco by executing a form provided by the county FSA office. The producer will be required to indicate on

such form the name of the warehouse or warehouses designated by the producer and the pounds of flue-cured tobacco the producer desires to sell at such warehouse as well as any other information required to be stated on such form.

(v) *Entering warehouse designation information.* The warehouse code number of the warehouse the producer has designated will be indicated on the farm marketing card. If an effective date is determined in accordance with paragraph (b)(2)(iii) of this section, such effective date will be shown on the farm marketing card. If the producer has not designated a warehouse, a warehouse code will not be shown on the marketing card. Changes in designation by the producer shall be accomplished by the producer returning the marketing card to the county FSA office and requesting the transfer of any unmarketed pounds of flue-cured tobacco shown on any marketing card to another eligible warehouse or warehouses.

(vi) *Use of warehouse designation information.* (A) A separate sale bill marked "no price support" shall be prepared for that quantity of tobacco weighted in that is in excess of the balance of the pounds designated as shown on the marketing card:

(B) The warehouse shall mark "no price support" on a sale bill for any tobacco which is presented for sale and which is accompanied by a marketing card which does not show a warehouse code, which shows a code of another warehouse, or which shows an effective date which is later than the date on which the tobacco is presented for sale.

(vii) *Availability of designation information.* Each county FSA office shall send all designations received to the Flue-Cured Tobacco Cooperative Stabilization Corporation, Raleigh, North Carolina, following each designation period and each period for changing designations. That association shall inform the Flue-Cured Tobacco Advisory Committee of the pounds designated to each warehouse and the pounds of any undesignated tobacco which, for the purpose of recommending opening dates and selling schedules in accordance with part 29 of this title, is available for apportioning for sale at each warehouse. That association also shall

furnish each warehouse the name and address of the producers who designated the warehouse, the pounds each designated and the pounds which represented 103 percent of the marketing quota of each such producer.

(viii) *Failure to comply with opening date and selling schedule by warehouses.* Warehousemen shall comply with opening date and selling schedule requirements as provided in 7 CFR 29.9406.

(3) *Upon direct delivery to the Association.* Eligible producers in nonauction market areas may deliver eligible tobacco to central receiving points designated by the appropriate association.

(4) *Period of price support.* Price support will be available to eligible producers on eligible tobacco only during each year's normal marketing season for each kind of tobacco for which support is provided.

(5) Beginning with the 1981 crop, eligible producers may obtain price support on untied burley tobacco packed in bales subject to the following conditions:

(i) The quality and condition of the tobacco contained in each bale delivered for price support as a single lot will be representative of the quality and condition of the tobacco contained in all other such bales of the same lot.

(ii) The tobacco in each bale will be stalk-cured.

(iii) The bales will not contain foreign matter or conceal inferior tobacco.

(iv) Specification of bales:

(A) Bales must be approximately 1x2x3 feet in size.

(B) The leaves in bales must be untied and oriented.

(C) The basket ticket shall show the number of bales in the lot. Each bale in the lot shall be identified by a uniform identification tag 1 $\frac{1}{8}$ inches wide by 3 $\frac{1}{4}$ inches long which shall be attached securely to the bale and shall show at least the following information: (1) Warehouse registration number, (2) basket ticket identification number, and (3) bale number.

§ 1464.4 Deductions from advances.

(a) There may be deducted from price support advances paid to tobacco producers amounts to help defray administrative overhead costs incurred by producers associations through which price support is made available to tobacco producers.

(b) If any producer on a farm is indebted to the United States and such indebtedness is listed on the Claim Control Record, Form ASCS-604, the Government will effect collection of the amount of the indebtedness by setoff from the amount of price support advance due the producer in the following manner: Any marketing card covering tobacco eligible for price support issued for such farm in accordance with the applicable regulations issued by the Secretary of Agriculture with respect to marketing quotas (parts 723 of this title) will bear a notation showing the indebtedness, the name of the debtor and the amount of the indebtedness. The acceptance and use of a marketing card bearing a notation of indebtedness to the United States by a producer named as debtor on such card will constitute an authorization by such producer to any tobacco warehouse operator or association to pay the United States the price support advance due the producer to the extent of their indebtedness set forth on such card but

not to exceed that portion of the price support advance remaining after deduction of usual warehouse and authorized price support charges and amounts due prior lienholders. The acceptance and use of a marketing card bearing a notation and information of indebtedness to the United States will not constitute a waiver of any right of the producer to contest the validity of such indebtedness by appropriate administrative appeal or legal action.

§ 1464.5 Interest rate and general provisions.

The loans made to the associations will bear interest at the rate announced by CCC and will be non-recourse both as to principal and interest except in the case of misrepresentation, fraud or failure to carry out the loan agreement. Tobacco loses its identity as to original ownership through commingling in the packing process, and individual producers may not redeem their tobacco once it has been pledged as security for the loan. Associations will sell the loan tobacco as provided in the loan agreements for each crop, and the net proceeds of sales of the loan collateral of each crop will be applied to the loan account for such crop until the loan is repaid in full. With respect to the 1981 and prior crops, if the proceeds from the sale of loan collateral of the 1981 or any prior crop exceed (a) the amount of the loan plus all fees, handling charges, operating costs and interest; and (b) any amount due CCC under a barter transfer agreement entered into between CCC and the association, such excess shall constitute "net gains" and shall be distributed in cash by the association to the producers who placed the tobacco under loan unless other disposition is approved by CCC.

§ 1464.6 Maturity date.

Loans made under the program will mature on demand.

§ 1464.7 Eligible producer.

To qualify as an eligible producer for purposes of receiving price support during the current marketing year a person must have eligible tobacco, as provided in § 1464.8, for marketing and such person:

(a) Must have agreed to make contributions to a No Net Cost Fund or pay assessments to a No Net Cost Account, as applicable, in accordance with § 1464.10.

(b) Must not have been found, after notice and opportunity for an administrative hearing in accordance with part 780 of this title, to have:

(1) Knowingly delivered nested tobacco for the purpose of receiving price support.

(2) Filed a false report with respect to the use of pesticides on tobacco produced for marketing during the current marketing year.

(3) Erroneously represented any fact affecting a tobacco program determination.

(4) Adopted any scheme or device which tends to defeat the purpose of the tobacco program.

(5) Made any fraudulent representations with respect to the tobacco program.

(c) Must be in compliance with the provisions of part 12 of this title.

(d) Must not be ineligible, in accordance with part 1498 of this title, to receive price support payments, loans, and benefits.

(e) With respect to any tobacco which is presented for price support, must have retained beneficial interest in the tobacco prior to presenting the tobacco for such loan.

(1) For purposes of this section, the producer will be considered to have retained beneficial interest in the tobacco only if such producer has complete control of and title to such tobacco, including the right to tender such tobacco to CCC for a price support loan on the date such tobacco is tendered to CCC for a price support loan, and has maintained this right and that interest in the tobacco at all times prior to presenting the tobacco for the loan.

(2) If a producer receives a monetary advance or other consideration in connection with or for such tobacco, the

producer will be deemed for purposes of this section to have lost beneficial interest in such tobacco unless the producer has a written agreement with the person who provides the advance payment or consideration and such agreement accurately and fully:

(i) Sets forth the amount, nature and date of the advance or consideration;

(ii) Sets forth the poundage on which the advance or consideration was made;

(iii) Provides that the tobacco will be sold at a producer auction through an auction warehouse at which price support is provided, or will be presented for a price support loan;

(iv) Provides that as a full and final settlement on the tobacco, the full sales price at the producer auction or the full loan proceeds will be paid to the producer minus only the following:

(A) Any advance set out in the agreement; and

(B) Standard published assessments or charges for services rendered at standard published rates that apply to all tobacco of all producers, including tobacco for which no advance has been paid;

(v) Sets forth the date of final settlement to be made on the tobacco which date can be no later than the date applicable to tobacco on which no advance has been made.

(vi) States that the full profit and beneficial interest in the tobacco, and full control of the tobacco, remains with the producer and provides that the full profit and beneficial interest will remain with the producer at all times prior to any disposition of the tobacco as producer tobacco, or at a producer auction, or presenting for a price support loan.

(3) A producer will be considered to have lost beneficial interest in tobacco and thereby not be an "eligible producer" for such tobacco as of the date any advance or other preauction arrangement was made if CCC determines for that tobacco that:

(i) The advance per pound equalled or exceeded the producer's final net proceeds per pound on all tobacco marketed from the farm for that marketing year at producer auctions, including any tobacco on which an advance is

made or the pledging of tobacco for price support loans;

(ii) A written agreement was required by paragraph (e)(2) of this section, but none has been executed; or

(iii) A written agreement was executed but did not meet the requirements of paragraph (e)(2) of this section.

(4) If tobacco is pledged for a price support loan and the producer is not then or thereafter deemed to be or to have been an eligible producer for that tobacco for purposes of placing the tobacco under such loan, then the tobacco shall be considered to have a loan value of zero. The producer and the person that took possession of the tobacco from the producer, or paid an advance, or marketed the tobacco, or disposed of the tobacco as producer tobacco, shall be jointly and severally liable with the producer for returning any loan proceeds previously paid in the name of, or for the account of, the producer. Further, the disposition of any tobacco as producer tobacco where the producer is not then or thereafter considered to have been an eligible producer with respect to such tobacco may be the subject of penalties on the grounds of false identification, excess marketings, or otherwise as provided in part 723 of this title. These remedies are in addition to any others as may apply.

(f) Must be in compliance with the provisions of parts 400 and 402 of this title by purchasing an amount of catastrophic insurance coverage which equals or exceeds the minimal required under those parts.

(2) Has certified to the county ASC committee on a form approved by the Deputy Administrator that all pesticides (including plant regulators, defoliants, and desiccants), as defined in 40 CFR 162.3, which were used in connection with the production of the tobacco have been approved by the Environmental Protection Agency for use on tobacco and any such pesticides that were used were applied in accordance with label directions.

(3) Has not refused to permit the sampling of such tobacco, either on the farm or where stored, for chemical analysis for the purpose of verifying the accuracy of any pesticide certification.

(h) Any tobacco with respect to which the producer is not an eligible producer under the provisions of §1464.7 shall not be eligible for a price support loan and in any case in which the producer is deemed to have ceased to have retained the status of an eligible producer due to an advance or other preauction arrangement, the producer's marketing card shall not be used to market such tobacco except to reflect a nonauction marketing to the person who paid an advance to the producer or took possession of the tobacco from the producer.

(a) Received a price support advance on tobacco that was nested, as defined in part 29 of this title or otherwise not eligible for price support. The county committee, with concurrence of a State Committee Representative, may reduce the refund with respect to tobacco otherwise required in this part,

in accordance with guidelines issued by the Deputy Administrator.

The refund of CCC price support advance shall apply to all payments on all farms received by such producer.

§1464.10 No net cost tobacco fund or account.

(a) *Definitions.* As used in this part and in all instructions, forms, and documents in connection therewith, the following terms shall have the meanings herein assigned to them.

(1) *Account* means an account established within the CCC for an association, which account shall be known as the "No Net Cost Tobacco Account."

(2) *Area* when used in connection with an association, means the general geographical area in which farms of the producer-members of such association are located, as determined by the Secretary.

(4) *CCC* means the Commodity Credit Corporation.

(5) *Fund* means the capital account to be established within each association, which account shall be known as the "No Net Cost Tobacco Fund".

(7) *Quota tobacco* means any kind of tobacco for which marketing quotas

are in effect or for which marketing quotas are not disapproved by producers.

(8) *To market* means to dispose of quota tobacco by voluntary or involuntary sale, barter, exchange, gift between living persons, or consigning the tobacco to an association for a price support advance.

The requirements of section 106B of the Agricultural Act of 1949, as amended, shall be applicable with respect to an Account.

(d) *Producer contributions or assessments.* As a condition of eligibility for price support during the applicable marketing year a producer of quota tobacco shall agree to make contributions to the Fund established for the association serving the area for the kind of tobacco to be marketed by such producer during such marketing year, or, if a Fund has not been established for such association, pay assessments to the Account established for such association. (e) *Filing of agreement.* Any agreement to make contributions to a Fund or pay assessments to an Account shall be on a form approved by the Deputy Administrator and shall be filed with the local county ASC committee prior to the issuance of a marketing card for use in identifying tobacco to be marketed from the farm of the kind of tobacco for which such agreement is applicable.

(f) *Responsibility of farm operator.* The farm operator shall determine whether all producers on the farm agree to make contributions to the Fund or pay assessments to the Account, as applicable, that has been established for the association serving the area and may sign on their behalf an agreement which acknowledges that such persons will make such contributions or pay such assessments.

(g) [Reserved]

(h) *Purchaser assessments.* Each purchaser of burley and flue-cured quota tobacco shall pay an assessment with respect to purchases of all such kind of tobacco marketed by a producer from a farm, including purchases from the association of such tobacco from the 1986 and subsequent crops. Such assessment shall be determined in accordance with section 106A or 106B, as applicable, of the Agricultural Act of 1949, as amended, and shall be paid into the applicable association's Fund or Account.

(i) *Collection and remission of contributions or assessments.* (1) Any producer contribution or assessment due under this section shall be collected at the time of marketing:

(3) Any purchaser assessment due under this section shall be collected at the time of marketing:

(i) From the dealer or warehouse operator who acquired the tobacco involved from the producer; or

(ii) If the tobacco involved is marketed by a producer directly to any person outside the United States, from the producer who may add an amount equal to the purchaser assessment to the price paid by the purchaser for such tobacco.

(4) If tobacco involved is marketed at a warehouse auction, the warehouse operator may add an amount equal to the purchaser assessment to the price paid by the purchaser of such tobacco.

(5) All persons who are responsible for collecting any contribution or assessment required by this section shall remit such collections to the applicable association within 15 days of the date on which the tobacco was marketed except as provided in paragraphs (i)(5) (i) and (ii).

(i) Warehouse operators who are responsible for collecting any contribution or assessment required by this section shall remit such collections to the applicable association in accordance with the provisions of the loan contract between the association and the warehouse operator.

(ii) Dealers who are responsible for collecting any contribution or assessment as required by this section shall remit such collections to the State FSA office in accordance with part 723 of this title.

(6) Any person who fails to collect and timely remit any collections required by this section shall be subject to a late payment charge. Such late payment shall be calculated and assessed in accordance with part 1403 of this title.

(j) *Penalty for failure to collect and remit contributions or assessments.* (1) If any person fails to collect and remit any contributions or assessments according to the provisions of this section such person shall be liable, in addition to any amount of contributions or assessments and any late payment charges, to a marketing penalty at a rate equal to 75 percent of the average market price (calculated to the nearest whole cent) for the kind of tobacco for the immediately preceding year on the quantity of tobacco as to which failure

occurs. Such a penalty only shall be assessed after the person has been notified of the pending assessment of the penalty and the person has been afforded an opportunity for a hearing with respect to the assessment of the penalty. However, such marketing penalty shall not be assessed if such contributions or assessment are collected and remitted not later than 15 days after the date required by this part.

The association shall submit such facts within 25 days after the applicable due date regardless of whether such assessment or contribution has been remitted to the association.

(3) The State ASC committee shall be responsible for assessing any marketing penalty determined in accordance with paragraph (j)(1) of this section.

(4) The Deputy Administrator or the Deputy Administrator's designee may reduce the amount of any marketing penalty for which a person otherwise would be liable in accordance with the provisions of this section.

(5) The marketing penalty provided in this section is in addition to, and not exclusive of, any other remedies that may be available with respect to collection and remission of any contributions or assessments made in accordance with this section.

§ 1464.101 Definitions.

(a) *Applicability.* The definitions set forth in this section shall be applicable for purposes of administering the provisions of this subpart.

(b) *Terms.* For purposes of this subpart, the following terms shall have the following meanings unless otherwise indicated.

Customs Service. The United States Customs Service of the United States Department of the Treasury.

De minimis special entries. Imports of unmanufactured tobacco when the total importation at any time or on any date is 5 kilograms or less and such tobacco is imported segregated from other tobacco for use as samples, for research, or other use approved by the Director.

Director. The Director, or Acting Director, Tobacco and Peanuts Division, Farm Service Agency, U.S. Department of Agriculture.

Entered. Tobacco shall be considered to have entered the United States when the tobacco has been released by the Customs Service for entry (direct entry or bonded warehouse withdrawal) for consumption into the commerce of the United States, unless the tobacco is brought into the country outside the control of the Customs Service, in which case the tobacco will be considered to have entered the United States when such tobacco physically enters the territory of the United States.

Entry date. The date on which the tobacco was released by Customs Service for consumption into the commerce of the United States, unless the tobacco enters commerce in the United States without such a release, in which case the entry date shall be the date such tobacco physically entered the territory of the United States.

Imported tobacco. Effective January 1, 1994, any unmanufactured tobacco, including Oriental and Turkish tobacco, that was not produced in the United States but has entered the United States.

Importer. A person who owns or controls such tobacco at the time at which the tobacco entered the United States.

Person. An individual, partnership, association, corporation, cooperative, estate, trust, joint venture, joint operation, or other business enterprise or other legal entity, and, when applicable, a State, a political subdivision of a State, or any agency thereof.

United States. The 50 States of the United States, the District of Columbia, Puerto Rico, or any Territory or Possession of the United States.

Unmanufactured tobacco. Any tobacco that is not processed and packaged as a consumer tobacco product, including, but not limited to, any tobacco classifiable under the Harmonized Tariff Schedule of the United States (HTS) in existence as of January 1, 1994, under Chapter 2401 of the HTS or under classifications 2403912000, 2403914050, 2403914070, 2403990050, 2403990065, and 2403990070 of Chapter 2403 of the HTS.

§ 1464.102 Budget deficit marketing assessment.

(a) *General.* Subject to the limits set out below, a budget deficit marketing assessment (BDMA) shall be remitted by all importers of tobacco for tobacco entered into the commerce of the United States.

(b) *Period of coverage.* Except as provided for in (h), this section shall only apply to tobacco imported after September 13, 1995, and through the 1998 calendar year.

(c) *Tobacco covered.* Except as provided in (g) and (h), this section shall only apply to unmanufactured tobacco entered for consumption into the commerce of the United States that is, as determined by the Director, the same kind or a like kind of tobacco for which a domestic price support program is in effect; provided further that, except as provided in (g) and (h), this section shall not apply to cigar kinds of tobacco.

(d) *Rate.* Except as provided in (h) and subject to provisions in this section dealing with mixed lots, the BDMA rate shall be the rate for the corresponding domestic tobacco for the marketing year for the domestic tobacco which is in progress when the imported tobacco becomes subject to the assessment. The BDMA rate shall be applied on a per kilogram basis to all quantities of such tobacco imported for consumption, except for *de minimis* special entries approved by the Director.

(e) *Mixed entries.* For entries of mixed kinds of tobacco, the importer shall certify the composition of the mixed lot and remit the amount of assessment due for the respective quantity of each applicable kind of tobacco in the mixture. If the importer is unable or unwilling to determine and certify the composition of the mixed lot, the entire lot shall be subject to the BDMA rate for the kind of tobacco with the highest rate.

(f) *Remittance of BDMA.* The BDMA amount due shall be remitted in accordance with §1464.104 of this part. Failure to remit or timely remit BDMA's shall subject the importer to a marketing penalty on the quantity for which such failure occurred. The penalty will be assessed in accordance with §1464.106 of this part.

(g) *Records and disputes.* It shall be the responsibility of all importers of tobacco to establish that their tobacco is not subject to any BDMA or is not subject to a higher BDMA than that claimed to be due by such importer. All importers of tobacco must, accordingly, maintain sufficient records to demonstrate that they are not liable for a higher BDMA amount. Disputes involving the application of the BDMA shall be resolved by the Director.

(h) *Tobacco entered prior to September 13, 1995.* Notwithstanding other provisions of this section, all imported tobacco which was entered for consumption into the United States from January 1, 1994, through September 13, 1995, shall be subject to a BDMA to the extent provided for under those rules which were in effect under this part during that period. BDMA's payable for that period shall be paid by the importer and shall be at the rate specified

in those rules and subject to the terms of those rules.

[62 FR 3198, Jan. 22, 1997]

§1464.103 Importer no-net-cost assessments.

(a) *General.* The importer of any unmanufactured imported burley or flue-cured tobacco shall pay a no-net-cost assessment on each kilogram of such tobacco that is imported after December 31, 1993, regardless of the form in which it is imported and regardless of whether it is mixed or blended with other tobacco, except for *de minimis* special entries.

(b) *Amount of assessment.* The amount of the no-net-cost assessment which shall apply under this section shall be the amount determined by multiplying:

(1) For imported burley tobacco, the number of kilograms of such tobacco by the sum, converted to per kilogram basis, of the no-net-cost producer and purchaser contributions or assessments as implemented pursuant to subpart A for domestic burley tobacco that is marketed during the domestic marketing year during which the tobacco was imported.

(2) For imported flue-cured tobacco, the number of kilograms of such tobacco by the sum, converted to a per kilogram basis, of the no-net-cost producer and purchaser contribution or assessments as implemented pursuant to subpart A for domestic flue-cured tobacco that is marketed during the domestic marketing year during which the tobacco was imported.

§1464.104 Remittance of importer assessments.

(a) *Where to remit.* A person making a remittance shall follow instructions on the reverse side of form CCC-100.

(b) *When to remit.* Importer assessments shall be remitted within 10 business days after the date on which the imported tobacco is entered. For remittances that are mailed, the date of the remittance will be considered the date on which the official U.S. Postal Service postmark was affixed.

(c) *Instructions.* Remittances must be made in accordance with instructions on form CCC-100.

(d) *Documentation.* Unless the Director shall direct otherwise, in writing, each remittance of an importer assessment shall be accompanied by form CCC-100, Importer Entry and Assessment Worksheet, and as applicable, Customs Service Form CF7501 or CF7505, or other Customs Service documentation that, based on the documentation and codes normally required or used by the Customs Service, includes the following with respect to each entry of imported tobacco:

- (1) Entry filer code/entry number,
- (2) Importer of record number,
- (3) Importer of record name and address,
- (4) Ultimate consignee number,
- (5) Entry date,
- (6) District/port of entry,
- (7) Harmonized Tariff Schedule Number,
- (8) Quantity entered (net weight in kilograms),
- (9) Entry type (formal or informal), and
- (10) Amount remitted.

(e) *Late payment charge.* Any importer who fails to timely remit any assessment required by this subpart shall be subject to a late payment charge. Such late payment charge shall be calculated and assessed in accordance with part 1403 of this chapter, or successor regulations, and shall be in addition to any penalty due or other charge due.

[59 FR 10944, Mar. 9, 1994, as amended at 62 FR 3198, Jan. 22, 1997]

§ 1464.105 Refund of assessments.

Assessments paid on imported tobacco may be refunded if the person importing such tobacco establishes, to the satisfaction of the Director, that the tobacco on which the assessment was paid has been reexported as unmanufactured tobacco or destroyed in an unmanufactured state. Assessment refunds will be based on entry weight as identified on Customs Service Form CF7501 or CF7505, or other documentation or data as required by the Director or found by the Director to be appropriate. Additional refund documentation, including proof of export, will be required consistent with the “duty drawback” provisions administered by the Customs Service pursuant to sec-

tion 313(a) of the Tariff Act of 1930, as amended. Persons seeking a refund shall submit their request and documentation to the Director, Tobacco and Peanuts Division, Farm Service Agency (FSA), United States Department of Agriculture (USDA), P.O. Box 2415, Washington, DC 20013-2415. Where deemed appropriate, the Director may, in writing, allow the use of substitute documentation and permit payments to successors in interest where the re-exporter and importer are not the same. Where exporter and importer are not the same, refunds shall be to the importer unless the importer, in writing, notifies the Director that the payment should be made to the exporter.

§ 1464.106 Marketing penalties.

(a) *Failure to remit assessments.* An importer who fails to timely remit an assessment in accordance with this subpart shall be subject to a marketing penalty.

(1) *Budget deficit marketing assessment.* With respect to the assessment referred to in § 1464.102, if an importer fails to pay or to timely remit the BDMA, such importer shall be subject to a marketing penalty at a per kilogram rate equal to 75 percent of the average market price (calculated to the nearest whole cent) for the respective like kind domestic tobacco being imported for the domestic marketing year which immediately preceded the domestic marketing year in which the imported tobacco became subject to the BDMA. Such marketing penalty rate shall apply to the quantity of tobacco on which the failure occurred. Amounts due for the penalty shall be in addition to any other amount as may be due, including, but not limited to, the amount due for the BDMA itself, or any applicable late fees, charges, or interest.

(2) *Importer no-net-cost assessment.* With respect to assessments referred to in § 1464.103, if an importer of burley or flue-cured tobacco fails to timely remit a no-net-cost assessment in accordance with the provisions in this subpart, such importer shall be liable, in addition to any no-net-cost assessment or other sum due and any late payment charges, to a marketing penalty at a per kilogram rate equal to 75 percent of the average market price (calculated

to the nearest whole cent) for the respective kind of domestic tobacco (burley or flue-cured) for the respective domestic tobacco marketing year in which such imported tobacco was imported, on the quantity of tobacco as to which the failure occurs.

(b) *Exception to marketing penalty.* A marketing penalty otherwise required by this paragraph may be forgiven if the assessment for which nonpayment of the penalty could be assessed is remitted not later than 15 calendar days after the date otherwise required for the remittance by this subpart.

(c) *Notification of marketing penalty.* Before a marketing penalty is assessed, the importer shall be notified of the pending assessment and shall be afforded an opportunity for a hearing with respect to the assessment of the penalty. Such notification will be by, and such hearing will be before, the Director or designee.

(d) *Marketing penalty reduction.* The Executive Vice President, CCC, or designee, may reduce the amount of any marketing penalty for which a person otherwise would be liable under the provisions of this section upon finding that failure to comply was unintentional or without knowledge on the part of such person and that such reduction would not damage the tobacco program or the administration of this part.

(e) *Prohibition of use, processing or marketing of tobacco for which the assessments have not been paid; other remedies.* The knowing use, processing, or marketing of tobacco in the commerce of the United States of any tobacco for which an assessment or related charge required or provided for by this subpart is past due, is prohibited. The penalties and other remedies provided in this section shall be in addition to, and not exclusive of, other remedies that may be available.

[59 FR 10944, Mar. 9, 1994, as amended at 62 FR 3198, Jan. 22, 1997]

§ 1464.107 Recordkeeping.

(a) *Retention of records.* Each importer of tobacco shall maintain all records that are relevant to any imported to-

bacco that is subject to an assessment in accordance with this subpart. Such records shall be retained for a period of three years following the date of entry of such tobacco. The burden of establishing compliance with this part shall be on the importer of the tobacco.

(b) *Examination of records and reports.* The Executive Vice President, CCC, the Director, or any person authorized by one of such persons, or any auditor or agent of the Office of the Inspector General, is authorized to examine any records that such person has reason to believe are relevant to any matter pertinent to the payment of importer assessments under this subpart. Upon request of an authorized person, each importer shall make available for examination such records as are under such importer's control that may be relevant to imported tobacco that is subject to an assessment in accordance with this subpart or otherwise relevant to the administration of this subpart. Upon a failure to provide access or records, the Director may presume that such an inquiry would have produced information unfavorable to the party to the inquiry and shall make further determinations in the matter accordingly.

§ 1464.108 Reconsideration and appeal.

An importer may request the Director to reconsider any determination of the amount of any assessment due, any marketing penalty assessed, or other adverse determination rendered in accordance with this subpart. Any request for reconsideration shall be made within 30 calendar days of the date of the notification of such assessment, marketing penalty, or adverse determination. If the importer is dissatisfied with a determination rendered by the Director with respect to a request for reconsideration, such importer may appeal the determination to the Director, National Appeals Division, FSA. Any such appeal shall be handled in accordance with the provisions of 7 CFR part 780.

§ 1466.4 Program requirements.

(a) Program participation is voluntary. The participant, in cooperation with the local conservation district, develops a conservation plan for the farm or ranching unit of concern. CCC provides cost-share or incentive payments to apply needed conservation practices and land use adjustments within a time schedule specified by the conservation plan.

(b) The Chief determines the funds available to NRCS for technical assistance according to the purpose and projected cost for which the technical assistance is provided by NRCS or designee in a fiscal year. The Chief allocates an amount according to the type of expertise required, the quantity of time involved, the timeliness required, the technology needed, and other factors as determined appropriate by the Chief. Funding shall not exceed the projected cost to NRCS of the technical assistance provided in a fiscal year.

(c) To be eligible to participate in EQIP, an applicant must:

- (1) Be in compliance with the highly erodible land and wetland conservation provisions found at part 12 of this title;
- (2) Have control of the land for the life of the proposed contract period.

(i) An exception may be made by the Chief in the case of land allotted by the Bureau of Indian Affairs (BIA), tribal land, or other instances in which the Chief determines that there is sufficient assurance of control;

(ii) If the applicant is a tenant of the land involved in agricultural production the applicant shall provide CCC with the written concurrence of the landowner in order to apply a structural or vegetative practice.

(3) Submit a conservation plan that is acceptable to NRCS, is approved by the conservation district, and is in compliance with the terms and conditions of the program;

(4) Comply with the provisions at §1412.304 of this chapter for protecting the interests of tenants and sharecroppers, including provisions for sharing, on a fair and equitable basis, payments made available under this part, as may be applicable; and

(5) Supply information as required by CCC to determine eligibility for the program.

(d) Land used as cropland, rangeland, pasture, forest land, and other land on which crops or livestock are produced, including agricultural land that NRCS determines poses a serious threat to soil, water, or related natural resources by reason of the soil types; terrain; climate; soil, topographic, flood, or saline characteristics; or other factors or natural hazards, including the existing agricultural management practices of the applicant, may be eligible for enrollment in EQIP. Additionally, land may only be considered for enrollment in EQIP if NRCS determines that the land is:

(1) Privately owned land;

(2) Publicly owned land where:

(i) The land is under private control for the contract period and is included in the participant's operating unit;

(ii) Conservation practices will contribute to an improvement in the identified natural resource concern; and

(iii) The participant has provided CCC with written authorization from the government landowner to apply the conservation practices; or

(3) Tribal, allotted, or Indian trust land.

(e) Fifty percent of available EQIP funds will be targeted to livestock-related natural resource concerns, including concerns on grazing lands and other lands directly attributable to livestock, measured at the national level.

§1466.5 Priority areas and significant statewide natural resource concerns.

(a)(1) Consistent with maximizing the overall environmental benefits per dollar expended by the program, NRCS may:

(i) Designate a watershed, an area, or a region of special environmental sensitivity or having significant soil, water, or related natural resource concern as a priority area and give special consideration to applicants who have conservation plans that address the natural resource concern(s) for which the priority area was designated;

(ii) Designate national conservation priority areas where the nature or scope of a natural resource concern necessitates greater coordination of efforts across boundaries; and

(iii) Identify significant statewide natural resource concerns outside a priority area.

(2) In addition to other factors identified in this section, priority areas, national conservation priority areas, and significant statewide natural resource concerns shall emphasize off-site benefits to the environment and coordination with other Federal and non-Federal conservation programs, including the Conservation Reserve Program and the Wetlands Reserve Program.

(b) CCC may approve technical, educational, and financial assistance under this part to participants with significant statewide natural resource concerns outside a priority area.

(c) To be considered for approval of a priority area, a Federal, State, or local government agency, Indian tribe, or a private group or entity shall work cooperatively with a respective local work group and State technical committee in identifying potential priority areas. The local work group shall obtain input from private individuals, groups, and organizations when considering and identifying potential priority areas. Proposals developed at the local level shall be reviewed by the State technical committee which makes a recommendation to the NRCS State conservationist. The priority area proposal shall include:

(1) A description, quantified when and where possible, of the nature and

extent of natural resource concerns in the proposed area;

(2) A description, quantified when and where possible, of how the proposed goals, objectives, and solutions for the natural resource problems would maximize the environmental benefits that would be delivered with the requested Federal dollars, both within the priority area and as part of the overall program provided under this part;

(3) Background information such as science-based data on environmental status and needs, soils information, demographic information, and other available technical data that illustrate the nature and extent of natural resource concerns in the priority area or the appropriateness of the proposed solution to those natural resource concerns.

(4) The existing human resources, incentive programs, education programs, and on-farm research programs available at the Federal, State, Indian tribe, and local levels, both public and private, to assist with the areawide activities;

(5) The technical, educational, and financial assistance needed from EQIP to help meet the areawide goals and objectives;

(6) Ways and means to measure performance and success, quantified when and where possible, and plans to use existing or obtain additional science-based information; and

(7) An explanation, quantified when and where possible, of the degree of difficulty producers face in complying with environmental laws.

(d) The NRCS State conservationist, in consultation with the State technical committee and based on recommendations of local work groups, will approve the designation of a priority area and make funding recommendations to the Chief. NRCS will evaluate proposals for priority area designations according to natural resource and environmental factors as identified in paragraph (d)(1) of this section, the economic significance of the factors, the incorporation of conservation practices that best address the factors, and the ability to obtain multiple conservation benefits relative

to the significance of these natural resource factors.

(1) NRCS shall consider the following factors in determining the significance of the natural resource concern(s) identified in the proposal:

- (i) Soil types and characteristics;
- (ii) Terrain and topographic features;
- (iii) Climatic conditions;
- (iv) Flood hazards;
- (v) Saline characteristics of land or water;
- (vi) Environmental sensitivity of the land, such as wetlands and riparian areas;
- (vii) Quality and intended use of the land;
- (viii) Quality and intended use of the receiving waters, including fishery habitat and source of drinking water supply;
- (ix) Wildlife and wildlife habitat quality and quantity;
- (x) Quality of the air; or
- (xi) Other natural hazards or other factors, including the existing agricultural management practices of the producers in the area or pest problems which may threaten natural resources.

(2) NRCS will consider the following factors in its allocation of funds:

- (i) Condition of the natural resources;
- (ii) Significance of the natural resource concern;
- (iii) Improvements that NRCS expects will result from implementation of the conservation plan;
- (iv) Expected number of producers who will participate and the time and financial commitment that the producers will provide;
- (v) Estimated program cost to provide technical, educational, and financial assistance;
- (vi) Level of coordination with and support from existing Federal, State, tribal, and local programs, including private sources, and both direct and in-kind contributions;
- (vii) Ways the program can best assist producers in complying with Federal, State, and tribal environmental laws, quantified where possible; and
- (viii) Other factors the NRCS determines will result in maximization of environmental benefits per dollar expended.

(e) A NRCS State conservationist, in consultation with a State technical committee and based on recommendations of a local work group, may approve program assistance to participants with significant statewide natural resource concerns outside a funded priority area.

(f)(1) The Chief may designate national conservation priority areas using the identified national program objectives and criteria. The Chief may receive nominations from Federal, State, or local government agencies, Indian tribes, or private groups or entities, and may consult with other Federal agencies in selecting national conservation priority areas. Consistent with maximizing the overall environmental benefits per dollar expended by the program, the Chief may designate national conservation priority areas under this part to provide technical assistance, cost-share payments, incentive payments, and education for producers to comply with nonpoint source pollution requirements, other Federal, State, tribal or local environmental laws, or to meet other conservation needs.

(2) NRCS will consider the following factors in deciding whether to designate a national conservation priority area in which program assistance will be provided:

- (i) Condition of the natural resources;
- (ii) Significance of the natural resource concern;
- (iii) Improvements that NRCS expects will result from implementation of the conservation plan;
- (iv) Expected number of producers who will participate and the time and financial commitment that the producers will provide;
- (v) Estimated program cost to provide technical, educational, and financial assistance;
- (vi) Level of coordination with and support from existing State and local programs, including private sources, and both direct and in-kind contributions;
- (vii) Ways the program can best assist producers in complying with Federal, State, and tribal environmental laws, quantified where possible; and

(viii) Other factors that will assist CCC in maximizing the overall environmental benefit per dollar expended under this part.

(g) NRCS will establish program outreach activities at the national, State, and local levels in order to ensure that producers whose land has environmental problems and natural resource concerns are aware, informed, and know that they may be eligible to apply for program assistance. Special outreach will be made to eligible producers with historically low participation rates, including but not restricted to limited resource producers, small-scale producers, Indian tribes, Alaska natives, and Pacific Islanders.

(h) NRCS State conservationists shall develop an education plan that describes the educational assistance that will be provided to enhance program participant's knowledge about conservation opportunities, will aid in implementing their conservation plan, and enhance environmental benefits that will be realized through implementation of the program. In the development of the education plan, NRCS will design a coordinated approach, including national, State, and local components depending on the similar or unique education needs identified. NRCS will encourage cooperation among education providers, such as the Extension system, conservation districts, State agencies, and other public and private education providers, as well as the use of existing educational resources, material, or programs that deal with natural resource related issues.

(i) The Chief, with FSA concurrence, will make funding decisions for national conservation priority areas, State-approved priority areas, and significant statewide natural resource concerns outside a funded priority area.

(1) After review of funding requests, the Chief may base funding decisions on an allocation process which considers:

- (i) The significance of the environmental and natural resources conditions;
- (ii) Factors used and considered in accordance with paragraphs (d) and (f) of this section;

(iii) The need to maximize environmental benefits per dollar expended;

(iv) The capability of the partners involved in the proposal to provide flexible technical, educational, and financial assistance;

(v) The conservation needs of farmers and ranchers in complying with the highly erodible land and wetland conservation provisions of part 12 of this title and Federal, State, and tribal environmental laws;

(vi) The opportunity for encouraging environmental enhancement;

(vii) The anticipated or proven performance of the partners involved in the proposal in delivering the program; and

(viii) Other relevant information to meet the purposes of the program as found in this part.

(2) In evaluating the considerations described in paragraph (i)(1) of this section, the Chief may consult other Federal agencies with the appropriate expertise and information.

(3) The approval of a priority area at the State level does not necessarily mean that funds will be allocated to that area. Funding may be allocated to a priority area for one or more years. Proposals that are not funded may be resubmitted to the Chief for subsequent review and consideration to determine if the resubmitted proposal meets Federal priorities for funding.

§ 1466.6 Conservation plan.

(a) The participant shall develop and submit a conservation plan for the farm or ranch unit of concern that, when implemented, protects the soil, water, or related natural resources in a manner that meets the purpose of the program, is acceptable to NRCS, and is approved by the conservation district. This plan forms the basis for an EQIP contract.

(1) When considering the acceptability of the plan, NRCS will consider whether the participant will use the most cost-effective conservation practices to solve the natural resource concerns and maximize environmental benefits per dollar expended.

(2) As determined by NRCS, the conservation plan must allow the participant to achieve a cost-effective resource management system, or some

appropriate portion of that system, identified in the applicable NRCS field office technical guide, for the priority natural resource condition of concern in the priority area or the significant statewide natural resource concern outside a funded priority area.

(b) Upon a participant's request, the NRCS may provide technical assistance to a participant. NRCS may utilize the services of qualified personnel of cooperating Federal, State, or local agencies, Indian tribes, or private agribusiness sector or organizations, in performing its responsibilities for technical assistance. Participants may use the services of qualified non-NRCS professionals to provide technical assistance. NRCS retains approval authority over the technical adequacy of work done by non-NRCS personnel for the purpose of determining EQIP contract compliance.

(c) Participants are responsible for implementing the conservation plan. A participant may seek additional assistance from other public or private organizations or private agribusiness sector as long as the activities funded are in compliance with this part.

(d) All conservation practices scheduled in the conservation plan are to be carried out in accordance with the applicable NRCS field office technical guide.

(e) The conservation plan, or supporting documentation, for the farm or ranch unit of concern shall include:

(1) A description of the prevailing farm or ranch enterprises and operations that may be relevant to conserving and enhancing soil, water, or related natural resources;

(2) A description of relevant natural resources, including soil types and characteristics, rangeland types and conditions, proximity to water bodies, wildlife habitat, or other relevant characteristics related to the conservation and environmental objectives of the plan;

(3) A description of the participant's specific conservation and environmental objectives to be achieved;

(4) To the extent practicable, the quantitative or qualitative goals for achieving the participant's conservation and environmental objectives;

(5) A description of one or more conservation practices in the conservation management system to be implemented to achieve the conservation and environmental objectives;

(6) A description of the schedule for implementing the conservation practices, including timing and sequence; and

(7) Information that will enable evaluation of the effectiveness of the plan in achieving the conservation and environmental objectives.

(f) To simplify the conservation planning process for the participant, the conservation plan may be developed, at the request of the participant, as a single plan that incorporates, to the extent possible, any or all other Federal, State, tribal, or local government program or regulatory requirements. Participants do not need to replace existing plans developed by natural resource professionals if such plans meet the resource management objectives under this part. NRCS may accept an existing conservation plan developed and required for participation in any other USDA program if the conservation plan otherwise meets the requirements of this part. When a participant develops a single conservation plan for more than one program, the participant shall clearly identify the portions of the plan that are applicable to the EQIP contract. It is the responsibility of the participant to ascertain and comply with any and all applicable program or regulatory requirements, and the NRCS development or approval of a conservation plan shall not be deemed to constitute compliance with program or regulatory requirements administered or enforced by another agency.

§ 1466.7 Conservation practices.

(a)(1) The NRCS, with FSA consultation, shall provide guidance for determining structural, vegetative, and land management practices eligible for program payments. To be considered as an eligible conservation practice, the practices must provide beneficial, cost-effective approaches for participants to change or adapt operations to conserve or improve soil, water, or related natural resources or to provide for environmental enhancement.

(2) The designated conservationist, in consultation with the State technical committee or local work group, shall determine the conservation practices eligible for program payments for the priority area or for significant statewide natural resource concerns outside a priority area.

(3) Where new technologies or conservation practices that provide a high potential for maximizing the environmental benefits per dollar expended have been developed, NRCS may approve interim conservation practice standards and financial assistance for pilot work to evaluate and assess the performance, efficacy, and effectiveness of the technology or conservation practices at maximizing environmental benefits per dollars expended. NRCS may involve other entities in the pilot testing, including conservation districts, extension and research agencies and institutions, private agribusiness sector, and others.

(b)(1) CCC cannot provide cost-share assistance to construct an animal waste management facility on a large confined livestock operation. CCC may fund other structural, vegetative, or land management practices needed in the conservation management system to address the livestock-related natural resource concerns on a large confined livestock operation. Except as provided by paragraph (b)(2) of this section, CCC will consider a producer with confined livestock operations of more than 1,000 animal unit equivalents to be a large confined livestock operation and ineligible for financial assistance for construction of an animal waste management facility. When determining the number of livestock in the participant's operation for eligibility purposes, the total number of animals confined at all locations of the participant's livestock operation will be used.

(2) The NRCS State conservationist may develop a definition for a large confined livestock operation as it applies to that particular State using criteria recommended by the State technical committee. The criteria will consider but not be limited to such factors as:

(i) The cost-effectiveness of the facility and its potential to maximize environmental benefits per dollar expended;

(ii) The ability of the producer to pay for the cost of animal waste management facilities;

(iii) The significance of the natural resource concern resulting from the operation;

(iv) The prevailing State, Tribe, or local implementation of various Federal, Tribal, and State environmental laws and regulations, including regulations promulgated pursuant to the Clean Water Act (33 U.S.C. 1251 *et seq.*) and guidance developed under §6217 of the Coastal Zone Act Reauthorization Amendments of 1990 (16 U.S.C. 1455b);

(v) The particular characteristics of modern livestock operations; and

(vi) The size of the operation in relation to other confined livestock operations in the State or region.

(3) The NRCS State conservationist, in consultation with the State technical committee, shall place emphasis on the considerations contained in paragraphs (b)(2)(i) and (b)(2)(ii) of this section when developing the criteria to define a large confined livestock operation.

(4) The definitions developed by NRCS State conservationists must be approved by the Chief, who will also provide oversight on their implementation. In approving the definitions the Chief will consider:

(i) The justification for the definition; and

(ii) The need for consistency in the definitions used between and among States, to the greatest extent possible.

(5) The Chief will report semiannually to the Secretary during the first two years of the program on the implementation of paragraph (b) of this section, including the impact that may have occurred to the environment and to the structure of livestock agriculture.

§ 1466.8 Technical and other assistance provided by qualified personnel not affiliated with USDA.

(a) A NRCS State conservationist may utilize technical and other assistance from qualified personnel of other Federal, State, and local agencies, or

Indian tribes, and will encourage producers to use the most cost-effective technical assistance available, including if appropriate, using the services of the private agribusiness sector to carry out the assigned responsibilities of the program.

(b) Technical and other assistance provided by qualified personnel not affiliated with USDA may include, but is not limited to: conservation planning; conservation practice survey, layout, design, installation, and certification; information, education, and training for producers; and training, certification, and quality assurance for professional conservationists.

(c) NRCS shall provide technical coordination and leadership for the program, regardless of who provides technical and other assistance, and shall assure that the quality of the assistance obtained from other Federal, State, and local agencies, Indian tribes, and the private agribusiness sector is acceptable for purposes of this part. Non-NRCS assistance shall not be deemed to satisfy an EQIP contract entered into under subpart B of this part until the assistance has been approved by NRCS.

Subpart B—Contracts

§ 1466.20 Application for contracts and selecting offers from producers.

(a) Any producer who has eligible land may submit an application for participation in the EQIP to a USDA service center. Producers who are members of a joint operation shall file a single application for the joint operation.

(b) CCC will accept applications throughout the year. NRCS shall rank and select the offers of applicants periodically, as determined appropriate by NRCS after consultation with the State technical committee and on the recommendation of the local work groups.

(c) The designated conservationist, in consultation with the local work group, will develop ranking criteria to prioritize applications within a priority area. NRCS shall prioritize applications from the same EQIP-funded priority area using the criteria specific to the area. The FSA county committee,

with the assistance of the designated conservationist and the FSA county executive director, shall approve for funding the applications in a priority area based on eligibility factors of the applicant and the NRCS ranking.

(d) The NRCS State conservationist, in consultation with the State technical committee, and using quality criteria in the NRCS field office technical guide, will develop criteria to prioritize applications from applicants with significant statewide natural resource concerns outside a priority area. The FSA county committee, with assistance of the designated conservationist and FSA county executive director, shall approve for funding these applications based on the eligibility factors of the applicant and the NRCS ranking.

(e) The designated conservationist will work with the applicant to collect the information necessary to evaluate the application using the ranking criteria. A participant has the option of offering and accepting less than the maximum program payments allowed.

(f) NRCS will rank all applications using criteria that will consider:

(1) The environmental benefits per dollar expended;

(2) A reasonable estimate of the cost of the conservation practices, the program payments that will be paid to the applicant, and other factors for determining which applications will present the least cost to the program;

(3) The environmental benefits that will be derived by applying the conservation practices in the conservation plan which will meet the purposes of the program;

(4) The extent to which the contract will assist the applicant in complying with Federal, State, tribal, or local environmental laws;

(5) Whether the land in the application is located in a priority area and the extent to which the contract will assist the priority area goals and objectives.

(g) If two or more applications have an equal rank, the application that will result in the least cost to the program will be given greater consideration.

§ 1466.21 Contract requirements.

(a) In order for a participant to receive cost-share or incentive payments,

the participant shall enter into a contract agreeing to implement a conservation plan or portions thereof. FSA shall determine the eligibility of participants. The FSA county committee, with NRCS concurrence, shall use the NRCS ranking consistent with the provisions of § 1466.20 and grant final approval of a contract.

(b) An EQIP contract shall:

(1) Incorporate by reference all portions of a conservation plan applicable to EQIP;

(2) Be for a duration of not less than 5 years nor more than 10 years;

(3) Incorporate all provisions as required by law or statute, including participant requirements to:

(i) Not conduct any practices on the farm or ranch unit of concern that would tend to defeat the purposes of the contract;

(ii) Refund any program payments received with interest, and forfeit any future payments under the program, on the violation of a term or condition of the contract, consistent with the provisions of § 1466.25;

(iii) Refund all program payments received on the transfer of the right and interest of the producer in land subject to the contract, unless the transferee of the right and interest agrees to assume all obligations of the contract, consistent with the provisions of § 1466.24; and

(iv) Supply information as required by CCC to determine compliance with the contract and requirements of the program.

(4) Specify the participant's requirements for operation and maintenance of the applied conservation practices consistent with the provisions of § 1466.22; and

(5) Any other provision determined necessary or appropriate by CCC.

(c) The participant must apply a financially assisted practice within the first 12 months of signing a contract.

(d) There is a limit of one EQIP contract at any one time for each tract of agricultural land, as identified with a FSA tract number, determined at the time of the application for EQIP assistance. Subject to the payment limitation set out elsewhere in this part, a participant may have subsequent EQIP contracts for different natural resource

needs or concerns following completion of a previous EQIP contract on the same tract.

§ 1466.22 Conservation practice operation and maintenance.

The contract shall incorporate the operation and maintenance of conservation practices applied under the contract. The participant shall operate and maintain the conservation practice for its intended purpose for the life span of the conservation practice, as identified in the contract or conservation plan, as determined by CCC. Conservation practices installed before the execution of a contract, but needed in the contract to obtain the environmental benefits agreed upon, are to be operated and maintained as specified in the contract. NRCS may periodically inspect the conservation practice during the life span of the practice as specified in the contract to ensure that operation and maintenance is occurring.

§ 1466.23 Cost-share and incentive payments.

(a)(1) The maximum direct Federal share of cost-share payments to a participant shall not be more than 75 percent of the projected cost of a structural or vegetative practice. The direct Federal share of cost-share payments to a participant shall be reduced proportionately below 75 percent, or the cost-share limit as set in paragraph (a)(3) of this section, to the extent that total financial contributions for a structural or vegetative practice from all public and private entity sources exceed 100 percent of the projected cost of the practice.

(2) CCC shall provide incentive payments to participants for a land management practice in an amount and at a rate necessary to encourage a participant to perform the land management practice that would not otherwise be initiated without government assistance.

(3) CCC shall set the cost-share and incentive payment limits, as determined by:

(i) The designated conservationist, in consultation with the local work group and State technical committee, for a priority area; or

(ii) The NRCS State conservationist, in consultation with the State technical committee, for participants subject to environmental requirements or with significant statewide natural resource concerns outside a funded priority area.

(4) Cost-share payments and incentive payments may both be included in a contract.

(5) Cost-share and incentive payments will not be made to a participant who has applied or initiated the application of a conservation practice prior to approval of the contract.

(b) Except as provided in paragraph (c) of this section, the total amount of cost-share and incentive payments paid to a person under this part may not exceed:

- (1) \$10,000 for any fiscal year; and
- (2) \$50,000 for any multi-year contract.

(c) To determine eligibility for payments, CCC shall use the provisions in 7 CFR part 1400 related to the definition of person and the limitation of payments, except that:

(1) States, political subdivisions, and entities thereof will not be persons eligible for payment.

(2) For purposes of applying the payment limitations provided for in this section, the provisions in part 1400, subpart C for determining whether persons are actively engaged in farming, subpart E for limiting payments to certain cash rent tenants, and subpart F as the provisions apply to determining whether foreign persons are eligible for payment, will not apply.

(3)(i) The NRCS State conservationist may authorize, on a case-by-case basis, payments in excess of \$10,000 in any fiscal year, up to the \$50,000 limitation in paragraph (b) of this section. However, such increase in payments for a certain year shall be offset by reductions in the payments in subsequent years. A decision to approve payments in excess of the annual limit will consider whether:

(A) The practices in the system need to be applied at once so that the system is fully functioning to resolve the natural resource problem;

(B) The natural resource problem is so severe that resolving the problem immediately is needed;

(C) The producer needs to complete the practices in one year so that the farming operation is not interrupted or disturbed by the practice installation over a 5-10 year period; or

(D) The producer can install the practices at a lower total cost when installed in one year, thereby reducing the program payments.

(ii) With respect to land under EQIP contract which is inherited in the second or subsequent years of the contract, the \$10,000 fiscal year limitation shall not apply to the extent that the payments from any contracts on the inherited land cause an heir, who was party to an EQIP contract on other lands prior to the inheritance, to exceed the annual limit.

(iii) With regard to contracts on tribal land, Indian trust land, or BIA allotted land, payments exceeding one limitation may be made to the tribal venture if an official of the BIA or tribal official certifies in writing that no one person directly or indirectly will receive more than the limitation.

(4) Any cooperative association of producers that markets commodities for producers shall not be considered to be a person eligible for payment.

(5) The status of an individual or entity on the date of application shall be the basis on which the determination of the number of persons involved in the farming operation is made.

(6) A participant shall not be eligible for cost-share or incentive payments for conservation practices on eligible land if the participant receives cost-share payments or other benefits for the same land under the Conservation Reserve Program (16 U.S.C. 3831-3836) or the Wetlands Reserve Program (16 U.S.C. 3837 *et seq.*).

(d) The participant and NRCS must certify that a conservation practice is completed in accordance with the contract before the CCC will approve the payment of any cost-share or incentive payments.

(e) CCC expenditures under a contract entered into during a fiscal year shall not be made until the subsequent fiscal year.

§ 1466.24 Contract modifications and transfers of land.

(a) The participant and CCC may modify a contract if the participant and CCC agree to the contract modification and the conservation plan is revised in accordance with NRCS requirements and is approved by the conservation district.

(b) The parties may agree to transfer a contract with the agreement of all parties to the contract. The transferee must be determined by CCC to be eligible and shall assume full responsibility under the contract, including operation and maintenance of those conservation practices already installed and to be installed as a condition of the contract.

(c) CCC may require a participant to refund all or a portion of any assistance earned under EQIP if the participant sells or loses control of the land under an EQIP contract and the new owner or controller is not eligible to participate in the program or refuses to assume responsibility under the contract.

§ 1466.25 Contract violations and termination.

(a)(1) If CCC determines that a participant is in violation of the terms of a contract or documents incorporated by reference into the contract, CCC shall give the participant a reasonable time, as determined by the FSA county committee, in consultation with NRCS, to correct the violation and comply with the terms of the contract and attachments thereto. If a participant continues in violation, the FSA county committee may, in consultation with NRCS, terminate the EQIP contract.

(2) Notwithstanding the provisions of paragraph (a)(1) of this section, a contract termination shall be effective immediately upon a determination by the FSA county committee, in consultation with NRCS, that the participant has submitted false information or filed a false claim, or engaged in any act for which a finding of ineligibility for payments is permitted under the provisions of §1466.35, or in a case in which the actions of the party involved are deemed to be sufficiently purposeful or negligent to warrant a termination without delay.

(b)(1) If CCC terminates a contract, the participant shall forfeit all rights for future payments under the contract and shall refund all or part of the payments received, plus interest determined in accordance with part 1403 of this chapter. The FSA county committee, in consultation with NRCS, has the option of requiring only partial refund of the payments received if a previously installed conservation practice can function independently, are not affected by the violation or other conservation practices that would have been installed under the contract, and the participant agrees to operate and maintain the installed conservation practice for the life span of the practice.

(2) If CCC terminates a contract due to breach of contract or the participant voluntarily terminates the contract before any contractual payments have been made, the participant shall forfeit all rights for further payments under the contract and shall pay such liquidated damages as are prescribed in the contract. The FSA county committee, in consultation with NRCS, will have the option to waive the liquidated damages depending upon the circumstances of the case.

(3) When making all contract termination decisions, CCC may reduce the amount of money owed by the participant by a proportion which reflects the good faith effort of the participant to comply with the contract, or the hardships beyond the participant's control that have prevented compliance with the contract.

(4) The participant may voluntarily terminate a contract if CCC agrees based on CCC's determination that termination is in the public interest.

(5) In carrying out its role in this section, NRCS may consult with the local conservation district.

Subpart C—General Administration

§ 1466.30 Appeals.

(a) A participant may obtain administrative review of an adverse decision under EQIP in accordance with parts 11 and 614 of this title, except as provided in paragraph (b) of this section.

(b) The following decisions are not appealable:

- (1) Payment rates, payment limits, and cost-share percentages;
- (2) The designation of State-approved priority areas, national conservation priority areas, or significant statewide natural resource concerns;
- (3) NRCS funding allocations to States or priority areas;
- (4) Eligible conservation practices; and
- (5) Other matters of general applicability.

§ 1466.31 Compliance with regulatory measures.

Participants who carry out conservation practices shall be responsible for obtaining the authorities, rights, easements, or other approvals necessary for the implementation, operation, and maintenance of the conservation practices in keeping with applicable laws and regulations. Participants shall be responsible for compliance with all laws and for all effects or actions resulting from the participant's performance under the contract.

§ 1466.32 Access to operating unit.

Any authorized CCC representative shall have the right to enter an operating unit or tract for the purpose of ascertaining the accuracy of any representations made in a contract or in anticipation of entering a contract, as to the performance of the terms and conditions of the contract. Access shall include the right to provide technical assistance and inspect any work undertaken under the contract. The CCC representative shall make a reasonable effort to contact the participant prior to the exercise of this provision.

§ 1466.33 Performance based upon advice or action of representatives of CCC.

If a participant relied upon the advice or action of any authorized representative of CCC, and did not know or have reason to know that the action or advice was improper or erroneous, the FSA county committee, in consultation with NRCS, may accept the advice or action as meeting the requirements of the program and may grant relief, to the extent it is deemed

Commodity Credit Corporation, USDA

§ 1467.2

desirable by CCC, to provide a fair and equitable treatment because of the good-faith reliance on the part of the participant.

§ 1466.34 Offsets and assignments.

(a) Except as provided in paragraph (b) of this section, any payment or portion thereof to any person shall be made without regard to questions of title under State law and without regard to any claim or lien against the crop, or proceeds thereof, in favor of the owner or any other creditor except agencies of the U.S. Government. The regulations governing offsets and withholdings found at part 1403 of this chapter shall be applicable to contract payments.

(b) Any producer entitled to any payment may assign any payments in accordance with regulations governing assignment of payment found at part 1404 of this chapter.

§ 1466.35 Misrepresentation and scheme or device.

(a) A producer who is determined to have erroneously represented any fact affecting a program determination made in accordance with this part shall not be entitled to contract payments and must refund to CCC all payments, plus interest determined in accordance with part 1403 of this chapter.

(b) A producer who is determined to have knowingly:

(1) Adopted any scheme or device that tends to defeat the purpose of the program;

(2) Made any fraudulent representation; or

(3) Misrepresented any fact affecting a program determination, shall refund to CCC all payments, plus interest determined in accordance with part 1403 of this chapter, received by such producer with respect to all contracts. The producer's interest in all contracts shall be terminated.

(a) The regulations in this part set forth the policies, procedures, and requirements for the Wetlands Reserve Program (WRP) as administered by the Natural Resources Conservation Service (Department) for program implementation and processing outstanding and new applications for enrollment during calendar year 1995 and thereafter.

(b) The Chief, Department, may implement WRP in any of the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, the Virgin Islands of the United States, American Samoa, the Commonwealth of the Northern Mariana Islands, and the Trust Territories of the Pacific Islands.

§ 1467.2 Administration.

(a) The regulations in this part will be administered under the general supervision and direction of the Chief.

(b) The Chief is authorized to modify or waive a provision of this part if the Chief deems the application of that provision to a particular limited situation to be inappropriate and inconsistent with the environmental and cost-efficiency goals of the WRP. This authority cannot be further delegated. The Chief may not modify or waive any provision of this part which is required by applicable law.

(c) As determined by the Chief and the Administrator of the Farm Service

§ 1467.3

7 CFR Ch. XIV (1-1-99 Edition)

Agency, the Department and the Farm Service Agency will seek agreement in establishing policies, priorities, and guidelines related to the implementation of this part.

(d) The State Conservationist will consult with the State Technical Committee on the development of the rates of compensation for an easement, a priority ranking process, and related policy matters.

(e) The Department may delegate at any time easement management, monitoring, and enforcement responsibilities to other Federal or State agencies.

(f) The Department may enter into cooperative agreements with Federal or State agencies, conservation districts, and private conservation organizations to assist the Department with educational efforts, easement management and monitoring, outreach efforts, and program implementation assistance.

(g) The Department shall consult with the U.S. Fish and Wildlife Service in the implementation of the program and in establishing program policies. The Department may consult with the Forest Service, other Federal or State agencies, conservation districts or other organizations in program administration. No determination by the U.S. Fish and Wildlife Service, the Forest Service, Federal or State agency, conservation district, or other organization shall compel the Department to take any action with the Department determines will not serve the purposes of the program established by this part.

(h) The Chief may allocate funds for such purposes related to: special pilot programs for wetland management and monitoring; acquisition of wetland easements with emergency funding; cooperative agreements with other Federal or State agencies for program implementation; coordination of easement enrollment across State boundaries; coordination of the development of conservation plans; or, for other goals of the WRP found in this part. The Department may designate areas as conservation priority areas where environmental concerns are especially pronounced and to assist landowners in meeting nonpoint source pollution re-

quirements and other conservation needs.

§ 1467.3 Definitions.

The following definitions shall be applicable to this part:

Agricultural commodity means any crop planted and produced by annual tilling of the soil or on an annual basis by one trip planters, or alfalfa and other multi-year grasses and legumes in rotation as approved by the Secretary. Land shall be considered planted to an agricultural commodity during a crop year if, as determined by the Department, an action of the Secretary prevented land from being planted to the commodity during the crop year.

Chief means the Chief of the Natural Resources Conservation Service or the person delegated authority to act for the Chief.

Commenced conversion wetland means a wetland or converted wetland for which the Farm Service Agency has determined that the wetland manipulation was contracted for, started, or for which financial obligation was incurred before December 23, 1985.

Conservation District is a subdivision of a State government organized pursuant to applicable State law to promote and undertake actions for the conservation of soil, water, and other natural resources.

Conservation Reserve Program (CRP) means the program administered by the Commodity Credit Corporation pursuant to 16 U.S.C. 3831-3836.

Contract means the document that specifies the obligations and rights of any person who has been accepted for participation in the program.

Converted wetland means a wetland that has been drained, dredged, filled, leveled, or otherwise manipulated (including the removal of woody vegetation, or any activity that results in impairing or reducing the flow, circulation, or reach of water) for the purpose, or that has the effect, of making the production of an agricultural commodity possible if such production would not have been possible but for such action.

Cost-share payment means the payment made by the Department to

achieve the restoration of the wetland functions and values of the easement area in accordance with the WRPO.

Department means the United States Department of Agriculture (USDA) and includes the Commodity Credit Corporation or any USDA agency or instrumentality delegated program responsibility by the Secretary of Agriculture.

Easement means a reserved interest easement which is an interest in land defined and delineated in a deed whereby the landowner conveys all rights, title, and interests in a property to the grantee, but the landowner retains those rights, title, and interests in the property which are specifically reserved to the landowner in the easement deed.

Easement area means the land encumbered by an easement.

Easement payment means the consideration paid to a landowner for an easement conveyed to the United States under the WRP.

Farm Service Agency (FSA) is an agency of the United States Department of Agriculture.

Forest Service is an agency of the United States Department of Agriculture.

Landowner means a person or persons having legal ownership of farmland, including those who may be buying farmland under a purchase agreement. Landowner may include all forms of collective ownership including joint tenants, tenants in common, and life tenants and remaindermen in a farm property.

Lands substantially altered by flooding means areas where flooding has created wetland hydrologic conditions which, with a high degree of certainty, will develop wetland soil and vegetation characteristics over time.

Natural Resources Conservation Service (Department) is an agency of the United States Department of Agriculture, formerly called the Soil Conservation Service.

Permanent easement means an easement that lasts in perpetuity.

Person means an individual, partnership, association, corporation, estate or trust, or other business enterprise or other legal entity and, whenever appli-

cable, a State, a political subdivision of a State, or any agency thereof.

Practice means a restoration measure necessary or desirable to accomplish the desired program objectives.

Riparian areas means areas of land that occur along streams, channels, rivers, and other water bodies. These areas are normally distinctly different from the surrounding lands because of unique soil and vegetation characteristics, may be identified by distinctive vegetative communities which are reflective of soil conditions normally wetter than adjacent soils, and generally provide a corridor for the movement of wildlife.

State Technical Committee means a committee established by the Secretary of the U.S. Department of Agriculture in a State pursuant to 16 U.S.C. 3861. For the purposes of the WRP, the State Conservationist will be the chairperson of the State Technical Committee.

U.S. Fish and Wildlife Service is an agency of the United States Department of the Interior.

Wetland means land that:

- (1) Has a predominance of hydric soils;
- (2) Is inundated or saturated by surface or groundwater at a frequency and duration sufficient to support a prevalence of hydrophytic vegetation typically adapted for life in saturated soil conditions; and
- (3) Does support a prevalence of such vegetation under normal circumstances. For purposes of WRP, wetland shall also refer to adjacent lands that contribute to wetland functions and values.

Wetland functions and values means the hydrological and biological characteristics of wetlands and the socio-economic value placed upon these characteristics, including:

- (1) Habitat for migratory birds and other wildlife, in particular at risk species;
- (2) Protection and improvement of water quality;
- (3) Attenuation of water flows due to flood;
- (4) The recharge of ground water;
- (5) Protection and enhancement of open space and aesthetic quality;

(6) Protection of flora and fauna which contributes to the Nation's natural heritage; and

(7) Contribution to educational and scientific scholarship.

Wetland restoration means the rehabilitation of degraded or lost habitat in a manner such that:

(1) The original vegetation community and hydrology are, to the extent practical, re-established; or

(2) A community different from what likely existed prior to degradation of the site is established. The hydrology and native self-sustaining vegetation being established will substantially replace original habitat functions and values but does not involve more than 30 percent of the wetland restoration area.

WRP means the Wetlands Reserve Program.

WRPO means the Wetlands Reserve Plan of Operations.

[60 FR 28514, June 1, 1995; 60 FR 33034, June 26, 1995. Redesignated and amended at 61 FR 42141, Aug. 14, 1996]

§ 1467.4 Program requirements.

(a) *General.* Under the WRP, the Department may purchase conservation easements from, or enter into restoration cost-share agreements with, eligible landowners who voluntarily cooperate in the restoration and protection of wetlands and associated lands. To participate in WRP, a landowner will agree to the implementation of a Wetlands Reserve Plan of Operations (WRPO), the effect of which is to restore, protect, enhance, maintain, and manage the hydrologic conditions of inundation or saturation of the soil, native vegetation, and natural topography of eligible lands. The Department may provide cost-share assistance for the activities that promote the restoration, protection, enhancement, maintenance, and management of wetland functions and values. Specific restoration, protection, enhancement, maintenance, and management actions may be undertaken by the landowner or other Department designee.

(b) *Acres limitations.* (1) Except for areas devoted to windbreaks or shelterbelts after November 28, 1990, no more than 25 percent of the total crop-

land in any county, as determined by the Farm Service Agency, may be enrolled in the CRP and the WRP, and no more than 10 percent of the total cropland in the county may be subject to an easement acquired under the CRP and the WRP.

(2) The Department and the Farm Service Agency shall concur before a waiver of either the 25 percent limit or the 10 percent limit of this subsection can be approved for an easement proposed for enrollment in the WRP. Such a waiver will only be approved if it will not adversely affect the local economy, and operators in the county are having difficulties complying with the conservation plans implemented under 16 U.S.C. 3812.

(c) *Landowner eligibility.* The Department may determine that a person is not eligible to participate in the WRP or receive any WRP payment because the person did not comply with the provisions of 7 CFR part 12. To be eligible to enroll an easement in the WRP, a person must:

(1) Be the landowner of eligible land for which enrollment is sought;

(2) Have been the landowner of such land for the 12 months prior to the time the intention to participate is declared unless it is determined by the State Conservationist that the land was acquired by will or succession as a result of the death of the previous landowner, or that adequate assurances have been presented to the State Conservationist that the new landowner of such land did not acquire such land for the purpose of placing it in the WRP; and

(3) Agree to provide such information to the Department as the agency deems necessary or desirable to assist in its determination of eligibility for program benefits and for other program implementation purposes.

(d) *Eligible land.* (1) The Department shall determine whether land is eligible for enrollment and whether, once found eligible, the lands may be included in the program based on the likelihood of successful restoration of wetland functions and values when considering the cost of acquiring the easement and restoration, protection, enhancement, maintenance, and management costs.

(2) Land shall only be considered eligible for enrollment in the WRP if the Department determines, in consultation with the U.S. Fish and Wildlife Service, that:

(i) Such land maximizes wildlife benefits and wetland values and functions;

(ii) The likelihood of the successful restoration of such land and the resultant wetland values merit inclusion of such land in the program, taking into consideration the cost of such restoration; and

(iii) Such land meets the criteria of paragraph (d)(3) of this section.

(3) The following land may be eligible for enrollment in the WRP, which land may be identified by the Department pursuant to regulations and implementing policies pertaining to wetland conservation found at 7 CFR part 12, as:

(i) Wetlands farmed under natural conditions, farmed wetlands, prior converted cropland, commenced conversion wetlands, farmed wetland pastures, and lands substantially altered by flooding so as to develop wetland functions and values;

(ii) Former or degraded wetlands that occur on lands that have been used or are currently being used for the production of food and fiber, including rangeland and forest production lands, where the hydrology has been significantly degraded or modified and will be substantially restored;

(iii) Riparian areas along streams or other waterways that link or, after restoring the riparian area, will link wetlands which are protected by an easement or other device or circumstance that achieves the same objectives as an easement;

(iv) Land adjacent to the restored wetland which would contribute significantly to wetland functions and values including buffer areas, wetland creations, and non-cropped natural wetlands, but not more than the State Conservationist, in consultation with the State Technical Committee, determines is necessary for such contribution;

(v) Other wetlands that would not otherwise be eligible but would significantly add to the wetland functions and values; and

(vi) Wetlands that have been restored under a private, State, or Federal restoration program with an easement or deed restriction with a duration of less than 30 years.

(4) To be enrolled in the program, eligible land must be configured in a size and with boundaries that allow for the efficient management of the area for easement purposes and otherwise promote and enhance program objectives.

(e) *Ineligible land.* The following land is not eligible for enrollment in the WRP:

(1) Converted wetlands if the conversion was commenced after December 23, 1985;

(2) Land that contains timber stands established under a CRP contract or pasture land established to trees under a CRP contract.

(3) Lands owned by an agency of the United States;

(4) Land subject to an easement or deed restriction with a duration of 30 years or more prohibiting the production of agricultural commodities; and,

(5) Lands where implementation of restoration practices would be futile due to on-site or off-site conditions.

(f) *Enrollment of CRP lands.* Land subject to an existing CRP contract may be enrolled into the WRP only if the land and landowner meet the requirements of this part, and the enrollment is requested by the landowner and agreed to by the Department. To enroll in WRP, the CRP contract for the property shall be terminated or otherwise modified subject to such terms and conditions as are mutually agreed upon by the Farm Service Agency and the landowner.

[60 FR 28514, June 1, 1995; 60 FR 33034, June 26, 1995. Redesignated and amended at 61 FR 42141, Aug. 14, 1996]

§ 1467.5 Application procedures.

(a) *Application for participation.* To apply for enrollment, a landowner must submit an Application for Participation in the WRP. The application must be submitted during an announced period for such submissions.

(b) *Preliminary agency actions.* By filing an Application for Participation, the landowner consents to a Department representative entering upon the

land for purposes of assessing the wetland functions and values, and for other activities such as the development of the preliminary WRPO that are necessary or desirable for the Department to make offers of enrollment. The landowner is entitled to accompany a Department representative on any site visits.

(c) *Voluntary reduction in compensation.* In order to enhance the probability of enrollment in WRP, a landowner may voluntarily offer to accept a lesser payment than is being offered by the Department.

[60 FR 28514, June 1, 1995. Redesignated and amended at 61 FR 42141, 42143, Aug. 14, 1996]

§ 1467.6 Establishing priority for enrollment of properties in WRP.

(a) The Department shall place priority on the enrollment of those lands that will maximize wildlife values (especially related to enhancing habitat for migratory birds and other wildlife); have the least likelihood of re-conversion and loss of these wildlife values at the end of the WRP enrollment period; and that involve State, local, or other partnership matching funds and participation.

(b) *Ranking considerations.* Based on applications for participation, the State Conservationist, in consultation with the U.S. Fish and Wildlife Service and the State Technical Committee, will rank properties based on: estimated costs of restoration and easement acquisition, availability of matching funds, significance of wetland functions and values, estimated success of restoration measures, and the duration of a proposed easement with permanent easements being given priority over non-permanent easements.

(c) The Department may place higher priority on certain geographic regions of the State where restoration of wetlands may better achieve Department State and regional goals and objectives.

(d) Notwithstanding any limitation of this part, the State Conservationist may enroll eligible lands at any time in order to encompass total wetland areas subject to multiple ownership or otherwise to achieve program objectives. Similarly, the State Conserva-

tionist may, at any time, exclude otherwise eligible lands if the participation of the adjacent landowners is essential to the successful restoration of the wetlands and those adjacent landowners are unwilling to participate.

[60 FR 28514, June 1, 1995. Redesignated and amended at 61 FR 42141, 42142, Aug. 14, 1996]

§ 1467.7 Enrollment of easements.

(a) *Offers of enrollment.* Based on the priority ranking, the Department will notify an affected landowner of tentative acceptance into the program for which the landowner has 15 calendar days to sign a letter of intent to continue. Department will select lands to maximize environmental benefits per expenditure of Federal funds.

(b) *Effect of letter of intent to continue (enrollment).* An offer of tentative acceptance into the program does not bind the Department or the United States to acquire an easement, nor does it bind the landowner to convey an easement or agree to WRPO activities. However, receipt of an executed letter of intent to continue will authorize the Department to proceed.

(c) *Acceptance of offer of enrollment.* A contract will be presented by the Department to the landowner, which will describe the easement area; the easement terms and conditions; and other terms and conditions for participation that may be required by the Department. A landowner accepts enrollment in the WRP by signing contract.

(d) *Effect of the acceptance of the offer.* After the contract is executed by Department and the landowner, the Department will proceed with various easement acquisition activities, which may include conducting a survey of the easement area, securing necessary subordination agreements, procuring title insurance, and conducting other activities necessary to record the easement or implement the WRPO.

(e) *Withdrawal of offers.* Prior to execution by the United States and the landowner of the contract, the Department may withdraw its offer anytime due to availability of funds, inability to clear title, or other reasons. The offer to the landowner shall be void if not executed by the landowner within the time specified. The date of the offer

shall be the date of notification to the landowner of tentative acceptance.

[60 FR 28514, June 1, 1995. Redesignated and amended at 61 FR 42141, 42142, Aug. 14, 1996]

§ 1467.8 Compensation for easements.

(a) *Establishment of rates.* (1) The State Conservationist, in consultation with the State Technical Committee, shall determine easement payment rates to be applied to specific geographic areas within the State or to individual easement areas.

(2) In order to provide for better uniformity among States, the Regional Conservationist and Chief may review and adjust, as appropriate, State or other geographically based easement payment rates.

(b) *Determination of easement payment rates.* (1) Easement payment rates will be based upon analyses of the values of the lands when used for agricultural purposes. The landowner will receive the lesser of the following:

- (i) the geographic area rate;
- (ii) the value based on a market appraisal analysis/assessment; or
- (iii) the landowner offer.

(2) Each State Conservationist will determine the easement payment rates using the best information which is readily available in that State for assessing the values of land for agricultural purposes. Such information may include: soil types, type(s) of crops capable of being grown, production history, location, real estate market values, appraisals and market analyses, and tax rates and assessments. The State Conservationist may consult with other Federal agencies, real estate market experts, appraisers, local tax authorities, and other entities or persons which may provide information on productivity and market conditions.

(3) Easement payments for non-permanent easements will be less than those for permanent easements because the quality and duration of the ecological benefits derived from a non-permanent easement are significantly less than those derived from a permanent easement on the same land. Additionally, the economic value of the easement interests being acquired is less for a non-permanent easement than that associated with a permanent easement. An easement payment for the

short-term 30-year easement shall not be less than 50 percent nor more than 75 percent of that which would have been paid for a permanent easement.

(c) *Maximum payments.* In order to ensure that limited program funds are expended to maximize program benefits, the State Conservationist, in consultation with the State Technical Committee, may establish a maximum easement payment for any one easement within a State or for geographic areas within a State.

(d) *Preliminary estimates of easement payments.* Upon request of the landowner prior to filing an application for enrollment, a landowner may be appraised of the maximum easement payment rates.

(e) *Acceptance of offered easement compensation.* (1) The Department will not acquire any easement unless the landowner accepts the amount of the easement payment which is offered by the Department. The easement payment may or may not equal the fair market value of the interests and rights to be conveyed by the landowner under the easement. By voluntarily participating in the program, a landowner waives any claim to additional compensation based on fair market value.

(2) Annual easement payments may be made in no less than 5 annual payments and no more than 30 annual payments of equal or unequal size.

(f) *Reimbursement of a landowner's expenses.* For completed easement conveyances, the Department will reimburse landowners for their fair and reasonable expenses, if any, incurred for surveying and related costs, as determined by the Department. The State Conservationist, in consultation with the State Technical Committee, may establish maximum payments to reimburse landowners for reasonable expenses.

(g) *Tax implications of easement conveyances.* Subject to applicable regulations of the Internal Revenue Service, a landowner may be eligible for a bargain sale tax deduction which is the difference between the fair market value of the easement conveyed to the United States and the easement payment made to the landowner. The Department disclaims any representations concerning the tax implications

§ 1467.9

7 CFR Ch. XIV (1-1-99 Edition)

of any easement or cost-share transaction.

(h) *Payment limitation on non-permanent easements.* With respect to non-permanent easements, the annual amount of easement payments to any person may not exceed \$50,000 except for:

(1) Payments made pursuant to projects involving partnership funding or participation; or

(2) Payment received by a State, political subdivision, or agency thereof in connection with agreements entered into under a special wetland and environmental enhancement program carried out by that entity that has been approved by Department.

(i) If easement payments are calculated on a per acre basis, adjustment to stated easement payment will be made based on final determination of acreage.

[60 FR 28514, June 1, 1995. Redesignated and amended at 61 FR 42141, 42142, Aug. 14, 1996]

§ 1467.9 Cost-share payments.

(a) The Department may share the cost with landowners of restoring the enrolled land as provided in the WRPO. The amount and terms and conditions of the cost-share assistance shall be subject to the following restrictions on the costs of establishing or installing practices specified in the WRPO:

(1) On enrolled land subject to a permanent easement, the Department shall offer to pay not less than 75 percent nor more than 100 percent of such costs; and

(2) On enrolled land subject to a non-permanent easement or restoration cost-share agreement, the Department shall offer to pay not less than 50 percent nor more than 75 percent of such costs. Restoration cost-share payments offered by Department for the short-term, 30-year easements shall be 50 to 75 percent.

(b) Cost-share payments may be made only upon a determination by the Department that an eligible practice or an identifiable unit of the practice has been established in compliance with appropriate standards and specifications. Identified practices may be implemented by the landowner or other designee.

(c) Cost-share payments may be made for the establishment and installation of additional eligible practices, or the maintenance or replacement of an eligible practice, but only if Department determines the practice is needed to meet the objectives of the easement, and the failure of the original practices was due to reasons beyond the control of the landowner.

(d) A landowner may seek additional cost-share assistance from other public or private organizations as long as the activities funded are in compliance with this part. In no event shall the landowner receive an amount which exceeds 100 percent of the total actual cost of the restoration.

[60 FR 28514, June 1, 1995. Redesignated and amended at 61 FR 42141, 42142, Aug. 14, 1996]

§ 1467.10 Easement participation requirements.

(a) To enroll land in WRP, a landowner shall grant an easement to the United States. The easement shall require that the easement area be maintained in accordance with WRP goals and objectives for the duration of the term of the easement, including the restoration, protection, enhancement, maintenance, and management of wetland and other land functions and values.

(b) For the duration of its term, the easement shall require, at a minimum, that the landowner, and the landowner's heirs, successors and assigns, shall cooperate in the restoration, protection, enhancement, maintenance, and management of the land in accordance with the easement and with the terms of the WRPO. In addition, the easement shall grant to the United States, through the Department:

(1) A right of access to the easement area;

(2) The right to permit compatible uses of the easement area, including such activities as hunting and fishing, managed timber harvest, or periodic haying or grazing, if such use is consistent with the long-term protection and enhancement of the wetland resources for which the easement was established;

(3) All rights, title and interest in the easement area subject to compatible uses reserved to the landowner; and,

(4) The right to perform restoration, protection, enhancement, maintenance, and management activities on the easement area.

(c) The landowner shall convey title to the easement which is acceptable to the Department. The landowner shall warrant that the easement granted to the United States is superior to the rights of all others, except for exceptions to the title which are deemed acceptable by the Department.

(d) The landowner shall:

(1) Comply with the terms of the easement;

(2) Comply with all terms and conditions of any associated contract;

(3) Agree to the permanent retirement of any existing cropland base and allotment history for the easement area under any program administered by the Secretary, as determined by the Farm Service Agency;

(4) Agree to the long-term restoration, protection, enhancement, maintenance, and management of the easement in accordance with the terms of the easement and related agreements;

(5) Have the option to enter into an agreement with governmental or private organizations to assist in carrying out any landowner responsibilities on the easement area;

(6) Agree that each person who is subject to the easement shall be jointly and severally responsible for compliance with the easement and the provisions of this part and for any refunds or payment adjustment which may be required for violation of any terms or conditions of the easement or the provisions of this part.

§ 1467.11 The WRPO development.

(a) The development of the WRPO shall be made through the local Department representative, in consultation with the State Technical Committee, and with consideration of site specific technical input from the U.S. Fish and Wildlife Service and the Conservation District.

(b) The WRPO shall specify the manner in which the enrolled land shall be restored, protected, enhanced, maintained, and managed to accomplish the goals of the program. The WRPO shall

be developed to ensure that cost-effective restoration and maximization of wildlife benefits and wetland functions and values will result.

[60 FR 28514, June 1, 1995. Redesignated and amended at 61 FR 42141, 42142, Aug. 14, 1996]

§ 1467.12 Modifications.

(a) *Easements.* (1) After an easement has been recorded, no modification will be made in the easement except by mutual agreement with the Chief and the landowner. The Chief will consult with the U.S. Fish and Wildlife Service and the Conservation District prior to making any modifications to easements.

(2) Approved modifications will be made only in an amended easement which is duly prepared and recorded in conformity with standard real estate practices, including requirements for title approval, subordination of liens, and recordation.

(3) The Chief may approve modifications to facilitate the practical administration and management of the easement area or the program so long as the modification will not adversely affect the wetland functions and values for which the easement was acquired.

(4) Modifications must result in equal or greater environmental and economic values to the United States.

(b) *WRPO.* Insofar as is consistent with the easement and applicable law, the State Conservationist may approve modifications to the WRPO that do not affect provisions of the easement in consultation with the landowner and the State Technical Committee and following consideration of site specific technical input from the U.S. Fish and Wildlife Service and the Conservation District. Any WRPO modification must meet WRP program objectives, and must result in equal or greater wildlife benefits, wetland functions and values, ecological and economic values to the United States. Modifications to the WRPO which are substantial and affect provisions of the easement will require agreement from the landowner and require execution of an amended easement.

[60 FR 28514, June 1, 1995; 60 FR 33034, June 26, 1995. Redesignated and amended at 61 FR 42141, 42142, Aug. 14, 1996]

§ 1467.13 Transfer of land.

(a) *Offers voided.* Any transfer of the property prior to the landowner acceptance into the program shall void the offer of enrollment. At the option of the State Conservationist, an offer can be extended to the new landowner if the new landowner agrees to the same or more restrictive easement and contract terms and conditions.

(b) *Payments to landowners.* (1) For easements with multiple annual payments, any remaining easement payments will be made to the original landowner unless the Department receives an assignment of proceeds.

(2) The new landowner or purchaser shall be held responsible for assuring completion of all measures and practices required by the contract. Eligible cost-share payments shall be made to the new landowner upon presentation of an assignment of rights or other evidence that title had passed.

(c) *Claims to payments.* With respect to any and all payments owed to landowners, the United States shall bear no responsibility for any full payments or partial distributions of funds between the original landowner and the landowner's successor. In the event of a dispute or claim on the distribution of cost-share payments, the Department may withhold payments without the accrual of interest pending an agreement or adjudication on the rights to the funds.

§ 1467.14 Violations and remedies.

(a) In the event of a violation of the easement or any contract directly involving the landowner, the landowner shall be given reasonable notice and an opportunity to voluntarily correct the violation within 30 days of the date of the notice, or such additional time as the State Conservationist may allow.

(b) Notwithstanding paragraph (a) of this section, the Department reserves the right to enter upon the easement area at any time to remedy deficiencies or easement violations. Such entry may be made at the discretion of the Department when such actions are deemed necessary to protect important wetland functions and values or others

rights of the United States under the easement. The landowner shall be liable for any costs incurred by the United States as a result of the landowner's negligence or failure to comply with easement or contractual obligations.

(c) In addition to any and all legal and equitable remedies as may be available to the United States under applicable law, the Department may withhold any easement and cost-share payments owing to landowners at any time there is a material breach of the easement covenants or any contract. Such withheld funds may be used to offset costs incurred by the United States in any remedial actions or retained as damages pursuant to court order or settlement agreement.

(d) The United States shall be entitled to recover any and all administrative and legal costs, including attorney's fees or expenses, associated with any enforcement or remedial action.

Subpart A—General Provisions

§ 1468.1 Purpose.

(a) Through the Conservation Farm Option (CFO), the Commodity Credit Corporation (CCC) provides financial assistance to eligible farmers and ranchers to address soil, water, and related natural resource concerns, water quality protection or improvement; wetland restoration and protection; wildlife habitat development and protection; and other similar conservation purposes on their lands in an environmentally beneficial and cost-effective manner. The Natural Resources Conservation Service (NRCS) may provide technical assistance, upon request by the producer or landowner.

(b) The CCC provides a single contract and annual payments for implementation of innovative and environmentally-sound methods for addressing natural resource concerns for producers of wheat, feed grains, cotton, and rice, resulting in consolidation of payments that would have been available under the Conservation Reserve Program (CRP), the Wetlands Reserve Program cost-share agreements (WRP), and the Environmental Quality Incentives Program (EQIP). CFO participation is determined through two step

process: first, the Chief, with FSA concurrence, selects CFO pilot project areas based on proposals submitted by the public; then CCC accepts applications from eligible producers or owners within the selected pilot project area.

§ 1468.2 Administration.

(a) CFO is carried out using Commodity Credit Corporation funds and will be administered on behalf of CCC by the Natural Resources Conservation Service (NRCS) and the Farm Service Agency (FSA) as set forth below.

(b) NRCS will:

(1) Provide overall program management and implementation for CFO;

(2) Establish policies, procedures, priorities, and guidance for program implementation, including determination of pilot project areas;

(3) Establish annual payment rates consistent with EQIP, CRP, and WRP payment rates;

(4) Make funding decisions and determine allocations of program funds, with FSA concurrence;

(5) Determine eligibility of practices;

(6) Provide technical leadership for conservation planning and implementation, quality assurance, and evaluation of program performance.

(c) FSA will:

(1) Be responsible for the administrative processes and procedures including applications, contracting, and financial matters, such as payments to participants, assistance in determining participant eligibility, and program accounting; and

(2) Provide leadership for establishing, implementing, and overseeing administrative processes for applications, contracts, payment processes, and administrative and financial performance reporting.

(d) NRCS and FSA will cooperate in establishing program policies, priorities, and guidelines related to the implementation of this part.

(e) No delegation herein to lower organizational levels shall preclude the Chief of NRCS, or the Administrator of FSA, or a designee, from determining any question arising under this part or from reversing or modifying any determination made under this part that is the responsibility of their respective agencies.

§ 1468.3 Definitions.

The following definitions apply to this part and all documents issued in accordance with this part, unless specified otherwise:

Applicant means a producer or owner in an approved pilot project area who has requested in writing to participate in CFO.

Chief means the Chief of NRCS, or designee.

Conservation district means a political subdivision of a State, Indian tribe, or territory, organized pursuant to the State or territorial soil conservation district law, or tribal law. The subdivision may be a conservation district, soil conservation district, soil and water conservation district, resource conservation district, natural resource district, land conservation committee, or similar legally constituted body.

Conservation farm plan means a record of a participant's decisions, and supporting information for treatment of a unit of land or water as a result of the planning process, that meets the local NRCS Field Office Technical Guide (FOTG) criteria for each natural resource and takes into account economic and social considerations. The plan describes the schedule of operations and activities needed to solve identified natural resource problems, and take advantage of opportunities, at a conservation management system level. In the conservation farm plan, the needs of the client, the resources, and Federal, state, Tribal, and local requirements will be met.

Conservation practice means a specified treatment, such as structural, vegetative, or a land management practice, which is planned and applied according to NRCS standards and specifications.

Contract means a legal document that specifies the rights and obligations of any person who has been accepted for participation in the program.

County executive director means the FSA employee responsible for directing and managing program and administrative operations in one or more FSA county offices.

Farm Service Agency county committee means a committee elected by the agricultural producers in the county or area, in accordance with Sec. 8(b) of

the Soil Conservation and Domestic Allotment Act, as amended, or designee.

Field office technical guide means the official NRCS guidelines, criteria, and standards for planning and applying conservation treatments and conservation management systems. The guide contains detailed information on the conservation of soil, water, air, plant, and animal resources applicable to the local area for which it is prepared. A copy of the guide for that area is available at the appropriate NRCS field office.

Indian tribe means any Indian tribe, band, nation, or other organized group or community, including any Alaska Native village or regional or village corporation as defined in or established pursuant to the Alaska Native Claims Settlement Act (43 U.S.C. 1601 *et seq.*) which is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians.

Innovative technology means the use of new management techniques, specific treatments, or procedures such as structural or vegetative measures used in field trials or as interim conservation practice standards that have the purpose of solving or reducing the severity of natural resource use problems or that take advantage of resource opportunities. Innovative technologies used by program participants must be able to achieve the required level of resource protection.

Land management practice means conservation practices that primarily require site-specific management techniques and methods to conserve, protect from degradation, or improve soil, water, or related natural resources in the most cost-effective manner. Land management practices include, but are not limited to nutrient management, manure management, integrated pest management, integrated crop management, irrigation water management, tillage or residue management, stripcropping, contour farming, grazing management, wildlife management, resource conserving crop rotations, cover crop management, and organic matter and carbon sink management.

Liquidated damages means a sum of money stipulated in the contract which the participant agrees to pay, in addi-

tion to refunds and other charges, if the participant breaches the contract, and represents an estimate of the anticipated or actual harm caused by the breach, and reflects the difficulties of proof of loss and the inconvenience or nonfeasibility of otherwise obtaining an adequate remedy.

Local work group means representatives of FSA, the Cooperative State Research, Education, and Extension Service (CSREES), the conservation district, and other Federal, State, and local government agencies, including Tribes and Resource Conservation and Development councils, with expertise in natural resources who consult with NRCS on decisions related to CFO implementation.

Operation and maintenance means work performed by the participant to keep the applied conservation practice functioning for the intended purpose during its life span. Operation includes the administration, management, and performance of non-maintenance actions needed to keep the completed practice safe and functioning as intended. Maintenance includes work to prevent deterioration of the practice, repairing damage, or replacement of the practice to its original condition if one or more components fail.

Participant means an applicant who is a party to a CFO contract.

Secretary means the Secretary of the United States Department of Agriculture.

State conservationist means the NRCS employee authorized to direct and supervise NRCS activities in a State, the Caribbean Area, or the Pacific Basin Area.

State technical committee means a committee established by the Secretary in a state pursuant to 16 U.S.C. 3861.

Technical assistance means the personnel and support resources needed to conduct conservation planning; conservation practice survey, layout, design, installation, and certification; training, certification, and quality assurance for professional conservationists; and evaluation and assessment of the program.

§ 1468.4

Unit of concern means a parcel of agricultural land that has natural resource conditions that are of concern to the participant.

§ 1468.4 Establishing Conservation Farm Option (CFO) pilot project areas.

(a) CCC may periodically solicit proposals from the public to establish pilot project areas in the FEDERAL REGISTER.

(b) Pilot projects may involve one or more participants. Each owner or producer within an approved pilot project area must submit an application in order to be considered for enrollment in the CFO. This pilot project area may be a watershed, a subwatershed, an area, or an individual farm that can be geographically described and has specific environmental sensitivities or significant soil, water, and related natural resource concerns. The pilot project area must have acreage enrolled in a production flexibility contract, which is authorized by the Agricultural Marketing and Transition Act of 1996. After these pilot project area proposals are received, the Chief, with FSA concurrence, will select proposals for funding.

(c) CCC will select pilot project areas based on the extent the individual proposal:

- (1) Demonstrates innovative approaches to conservation program delivery and administration;
- (2) Proposes innovative conservation technologies and system;
- (3) Provides assurances that the greatest amount of environmental benefits will be delivered in a cost effective manner;
- (4) Ensures effective monitoring and evaluation of the pilot effort;
- (5) Considers multiple stakeholder participation (partnerships) within the pilot area;
- (6) Provides additional non-Federal funding; and
- (7) Addresses the following:
 - (i) Conservation of soil, water, and related natural resources,
 - (ii) Water quality protection or improvement,
 - (iii) Wetland restoration and protection, and

7 CFR Ch. XIV (1–1–99 Edition)

(iv) Wildlife habitat development and protection,

(v) Or other similar conservation purposes.

§ 1468.5 General provisions.

(a) Program participation is voluntary.

(b) Participation in the CFO is limited to producers of wheat, feed grains, cotton, or rice who have a production flexibility contract, in accordance with part 1412 of this chapter, on the farm enrolling in CFO and who are eligible for either CRP (7 CFR part 1410), EQIP (7 CFR part 1466), or WRP (7 CFR part 1467).

(c) The participant is responsible for the development of a conservation farm plan for the farm or ranch and may request assistance from NRCS or a third party in writing both the conservation farm plan and installing the practices outlined within the plan. Conservation practices in the conservation farm plan that would have been eligible for payment under CRP, EQIP, or cost-share agreements under WRP are eligible for CFO payment. The provisions for determining eligibility for payment and the calculation of payment under CFO will be similar to those specified for the eligible conservation practices under CRP, EQIP, or cost-share agreements under WRP. For land retirement payments, the CRP payment schedule in effect for the applicable soils at the time the CFO contract is signed will be utilized. CCC will provide annual payments to a participant for such conservation practices as specified in the time schedule set forth in the conservation farm plan.

§ 1468.6 Practice eligibility provisions.

(a) Practices may be eligible for payment under CFO if the conservation practice specified in the conservation farm plan is determined to be an eligible practice, as determined by the Chief, in accordance with:

- (1) 7 CFR part 1410 for land retirement rental payments and practices that are eligible under CRP;
- (2) 7 CFR part 1467 for wetland restoration or protection practices that are eligible under WRP; or
- (3) 7 CFR part 1466 for conservation practices that are eligible under EQIP.

Commodity Credit Corporation, USDA

§ 1468.9

(b) For practices that are installed on retired land, the CRP cost-share rate for practices must be utilized.

§ 1468.7 Participant eligibility provisions.

Participants in the CFO must at the time of enrollment:

(a) Have a production flexibility contract in accordance with part 1412 of this chapter on the farm enrolling in CFO.

(b) Agree to forgo earning future payments under the Conservation Reserve Program authorized by part 1410 of this chapter, the Wetlands Reserve Program cost-share payments authorized by part 1467 of this chapter, and Environmental Quality Incentives Program authorized by part 1466 of this chapter, on the farm enrolled in the CFO for the term of the CFO contract.

(c) Be in compliance with the highly erodible land and wetland conservation provisions found at part 12 of this title;

(d) Have control of the land for the term of the proposed contract period;

(1) An exception may be made by the Chief in the case of land allotted by the Bureau of Indian Affairs (BIA), tribal land, or other instances in which the Chief determines that there is sufficient assurance of control.

(2) If the applicant is a tenant of the land involved in agricultural production the applicant shall provide CCC with the written authorization by the landowner to apply the structural or vegetative practice.

(3) If the applicant is a landowner, the landowner is presumed to have control.

(e) Submit a proposed conservation farm plan to CCC that is in compliance with the terms and conditions of the program. To receive payment under the CFO, the participant must also meet the eligibility requirements, as determined by the Chief, in:

(1) 7 CFR part 1410 if the land retirement rental payment and practice determined eligible in accordance with § 1468.6(a);

(2) 7 CFR part 1467 if the wetland restoration or protection practice was determined eligible in accordance with § 1468.6(b), or

(3) 7 CFR part 1466, if the conservation practice was determined eligible in accordance with § 1468.6(c).

(4) Comply with the provisions at § 1412.304 of this chapter for protecting the interests of tenants and sharecroppers, including provisions for sharing, on a fair and equitable basis, payments made available under this part, as may be applicable.

(5) Supply information as required by CCC to determine eligibility for the program.

(6) Comply with all the provisions of the CFO contract which includes the conservation farm plan approved by the local conservation district.

§ 1468.8 Land eligibility provisions.

Land may be eligible for enrollment in CFO, if CCC determines that the farm or ranch is enrolled in a production flexibility contract, authorized by the Agricultural Marketing Transition Act of 1996 and if the land upon which the CFO conservation practice, will be applied is determined to be eligible land as determined by the Chief, in accordance with:

(a) 7 CFR part 1410, if the practice was determined an eligible land retirement rental payment and cost-share practice similar to CRP in accordance with § 1468.6(a);

(b) 7 CFR part 1467, if the practice was determined an eligible wetland restoration or protection practice similar to WRP in accordance with § 1468.6(b); or

(c) 7 CFR part 1466, if the practice was determined an eligible conservation practice similar to EQIP in accordance with § 1468.6(c).

§ 1468.9 Conservation farm plan.

(a) The conservation farm plan forms the basis of the CFO contract. Prior to contract approval, a conservation farm plan must be written and approved. In deciding whether to approve a conservation farm plan, CCC may consider whether:

(1) The participant will use conservation practices to solve the natural resource concerns that will maximize environmental benefits per dollar expended, and

(2) The conservation practice would have been eligible for enrollment in the

CRP, EQIP, or under the WRP cost-share agreements.

(b) The conservation farm plan for the farm or ranch unit of concern shall:

(1) Describe any resource conserving crop rotation, and all other conservation practices, to be implemented and maintained on the acreage that is subject to contract during the contract period;

(2) Address the resource concerns identified in the CFO pilot project area proposal;

(3) Contain a schedule for the implementation and maintenance of the practices described in the conservation farm plan;

(4) Ensure that net environmental benefits under a CRP contract are maintained or exceeded for the whole farm, as constituted by FSA, when terminating a CRP contract and enrolling in a CFO contract; and

(5) Meet the objectives of the pilot project area.

(c) The conservation farm plan is part of the CFO contract.

(d) The conservation farm plan must allow the participant to achieve a cost-effective resource management system, or some appropriate portion of that system, identified in the applicable NRCS field office technical guide or as approved by the State Conservationist.

(e) Participants are responsible for implementing the conservation farm plan in compliance with this part.

(f) Upon a participant's request, the NRCS may provide technical assistance to a participant.

(1) Participants may, at their own cost, use qualified professionals, other than NRCS personnel, to provide technical assistance. NRCS retains approval authority over the technical adequacy of work done by non-NRCS personnel for the purpose of determining CFO contract compliance.

(2) Technical and other assistance provided by qualified personnel not affiliated with NRCS may include, but not limited to: conservation planning; conservation practice survey, layout, design, and installation; information, education, and training for producers; and training and quality assurance for professional conservationists.

(g) All conservation practices scheduled in the conservation farm plan are

to be carried out in accordance with the applicable NRCS Field Office Technical Guide. The State Conservationist may approve use of innovative conservation measures that are not contained in the NRCS Field Office Technical Guide.

(h)(1) To simplify the conservation planning process for the participant, the conservation farm plan may be developed, at the request of the participant, as a single plan that incorporates, other Federal, state, Tribal, or local government program or regulatory requirements. CCC development or approval of a conservation farm plan shall not constitute compliance with program, statutory and regulatory requirements administered or enforced by a non-USDA agency, except as agreed to by the participant and the relevant Federal, state, local or tribal entities.

(2) CCC may accept an existing conservation plan developed and required for participation in any other CCC or USDA program if the conservation plan otherwise meets the requirements of this part. When a participant develops a single conservation farm plan for more than one program, the participant shall clearly identify the portions of the plan that are applicable to the CFO contract. It is the responsibility of the participant to ascertain and comply with all applicable statutory and regulatory requirements.

Subpart B—Contracts

§ 1468.20 Application for CFO program participation.

(a) Any eligible owner or producer within an approved pilot project area may submit an application for participation in the CFO to a service center or other USDA county or field office(s) of FSA or NRCS, where the pilot project area is located.

(b) CCC will accept applications throughout the fiscal year. CCC will rank and select the offers of applicants periodically, as determined appropriate by the State Conservationist. The application period will begin after a pilot project area has been approved.

(c) The designated conservationist, in consultation with the local work group, will develop ranking criteria to

prioritize applications within a pilot project area which consists of more than one owner or producer. NRCS will prioritize applications from the same pilot project area using the criteria specific to the area. The FSA county committee, with the assistance of the designated conservationist and designated FSA official, will approve for funding the application in a pilot project area based on eligibility factors of the applicant and the NRCS ranking.

(d) The designated conservationist will work with the applicant to collect the information necessary to evaluate the application using the ranking criteria. An applicant has the option of offering and accepting less than the maximum program payments allowed, offering to apply more conservation practices to the land in order to increase the likelihood of being enrolled. In evaluating the applications, the designated conservationist will take into consideration the following factors:

- (1) Soil erosion;
- (2) Water quality;
- (3) Wildlife benefits;
- (4) Soil productivity;
- (5) Conservation compliance considerations;
- (6) Likelihood to remain in conserving uses beyond the contract period, including tree planting and permanent wildlife habitat;
- (7) State water quality priority areas;
- (8) The environmental benefits per dollar expended; and
- (9) The degree to which application is consistent with the pilot project proposal.

(e) If two or more applications have an equal rank, the application that will result in the least cost to the program will be given greater consideration.

§ 1468.21 Contract requirements.

(a) In order for an applicant to receive annual payments, the applicant must enter into a contract agreeing to implement a conservation farm plan. The FSA county committee, with NRCS concurrence, will use the NRCS ranking consistent with the provisions of § 1468.20 and grant final approval of the contract.

(b) A CFO contract will:

(1) Incorporate by reference all portions of a conservation farm plan applicable to CFO;

(2) Be for a duration of 10 years, and may be renewed, subject to the availability of funds, for a period not to exceed 5 years upon mutual agreement of CCC and the participant;

(3) Provide that the participant will:

(i) Not conduct any practices on the farm or ranch unit of concern consistent with the goals of the contract that would tend to defeat the purposes of the contract, or reduce net environmental and societal benefits;

(ii) Refund with interest any program payments received and forfeit any future payments under the program, on the violation of a term or condition of the contract, in accordance with the provisions of § 1468.25 of this part;

(iii) Refund all program payments received on the transfer of the right and interest of the producer in land subject to the contract, unless the transferee of the right and interest agrees to assume all obligations of the contract, in accordance with the provisions of § 1468.24 of this part;

(iv) Agree to forego participation in CRP, EQIP, and the cost-share agreements under WRP, along with future payments associated with these programs, with regard to the land under the CFO contract;

(v) Supply information as required by CCC to determine compliance with the contract and requirements of the program;

(4) Specify the participant's requirements for operation and maintenance of the applied conservation practices in accordance with the provisions of § 1468.22 of this part, and

(5) Include any other provision determined necessary or appropriate by CCC.

(c) There is a limit of one CFO contract at any one time for each farm, as constituted by FSA.

(d) The contract will incorporate the operation and maintenance of conservation practices applied under the contract, including those practices transferred from terminated CRP and EQIP contracts and WRP cost-share agreements. For persons wishing to transfer from CRP, EQIP, or WRP to CFO, practices included in CRP or

EQIP contracts or WRP cost-share agreements must be included in a CFO contract if an owner or producer wishes to participate, unless otherwise stated in the conservation farm plan.

(e) Acreage that is subject to a WRP easement will not be included in the CFO contract.

(f) Upon completion, the participant must certify that a conservation practice is completed in accordance with the conservation farm plan to establish compliance with the contract.

§ 1468.22 Conservation practice operation and maintenance.

(a) The participant will operate and maintain the conservation practice for its intended purpose for the life span of the conservation practice, as identified in the conservation farm plan. Conservation practices installed before the execution of a CFO contract, but needed in the contract to obtain the environmental benefits agreed upon, are to be operated and maintained as specified in the contract. NRCS may periodically inspect the conservation practice during the lifespan of the practice as specified in the contract to ensure that the operation and maintenance is occurring.

(b) For those persons who are signatories to existing CRP or EQIP contracts, or WRP cost-share agreements, practices will be transferred from EQIP and CRP contracts or WRP cost-share agreements, as agreed upon in the CFO conservation farm plan and CFO contract. Remaining rights and obligations under CRP, EQIP, or WRP will be incorporated into the new CFO contract. Practices included in CRP, EQIP, or WRP will be incorporated into the new CFO contract. Practices included in CRP or EQIP contracts or WRP cost-share agreements must be included in a CFO contract if an owner or producer wishes to participate. Participants in CFO with CRP, EQIP, or WRP practices incorporated into CFO contracts are responsible for operating and maintaining these practices for the balance of the period specified in the original program contract, unless otherwise stated in the conservation farm plan and CFO contract.

§ 1468.23 Annual payments.

(a) CCC will determine annual payments, subject to the availability of funds, based on the value of the expected payments that would have been paid to the participant for that practice as specified in:

(1) Part 1410 of this chapter, if the practice is a land retirement rental payment or cost-share practice which would have qualified for payment under CRP in accordance with § 1468.6(a);

(2) Part 1467 of this chapter, if the practice is a wetland restoration or protection practice which would have qualified for payment under WRP which was determined eligible in accordance with § 1468.6(b);

(3) Part 1466 of this chapter, if the practice was a conservation practice which would have qualified for payment under EQIP which was determined eligible in accordance with § 1468.6(c);

(b) The maximum amount of annual payments which a person may receive under the CFO for any fiscal year shall not exceed the total of the amounts calculated in accordance with paragraph (a) of this section after being limited as follows:

(1) The payment calculated in accordance with paragraph (a)(1) of this section is limited in accordance with CRP payment limitation provisions set forth in part 1410 of this chapter.

(2) The payment calculated in accordance with § 1467.9(a)(2) of this chapter is not limited.

(3) The payment calculated in accordance with § 1466.23(a)(3) of this chapter is limited in accordance with EQIP payment limitation provisions in § 1466.23(b) of this chapter.

(c) The regulations set forth at part 1400 of this chapter will be applicable in making payment eligibility determinations for CFO and in making person determination as they apply to the limitation of payments determined in accordance with paragraph (b) of this section.

(d) The CCC cost-share payments to a participant shall be reduced so that total financial contributions for a structural or vegetative practice from all public and private entity sources do not exceed the cost of the practice.

(e) A landowner or producer that enrolls in CFO and terminates a CRP or EQIP contract or WRP cost-share agreement will be eligible to receive payments for practices which have been determined, established, or completed by the technical agency under those contracts or agreements. Once the CFO contract is effective, all payments for practices, including any practice transferred from the terminated contract agreement will be made under the CFO contract, except for payments already earned under prior contracts or cost-share agreements.

(f) Payments will not be made to a participant who has applied or initiated the application of a conservation practice for the purposes of CFO prior to approval of the CFO contract.

(g) When requested by the State Conservationist on a case-by-case basis, the Chief may approve, based upon availability of funding, cost share on the reapplication of a practice to replace or repair practice destroyed by unusual circumstances beyond the control of the landowner.

(h) The participant and NRCS must certify that a conservation practice is completed in accordance with the conservation farm plan to establish compliance with the contract before the CCC will approve the payment of any cost-share, incentive, or land retirement payment.

§ 1468.24 Contract modifications and transfers of land.

(a) The participant and CCC may modify a contract if the participant and CCC agree to the contract modification and the conservation farm plan is revised in accordance with CCC requirements and is approved by the conservation district.

(b) The participant may agree to transfer a contract to another eligible owner or operator with the agreement of CCC. The transferee shall assume full responsibility under the contract, including operation and maintenance of those conservation practices already installed and to be installed as a condition of the contract. By agreeing to participate in CFO, CCC may require operation and maintenance of those conservation practices installed under CRP, EQIP, or WRP.

(c) CCC may require a participant to refund all or a portion of any assistance earned under a CRP or EQIP contract, or WRP cost-share agreement that was terminated as a condition of participation in CFO, if the participant sells or loses control of the land under a CFO contract and the new owner or controller does not assume responsibility under the contract.

§ 1468.25 Contract violations and termination.

(a)(1) If it is determined that a participant is in violation of the provisions of this part, or the terms of the contract including portions of the contract that incorporate transferred obligations from CRP or EQIP contracts, or WRP cost-share agreements, CCC will give the participant written notice of a reasonable time to correct the violation and comply with the terms of the contract and attachments thereto, as determined by the FSA county committee, in consultation with NRCS. If a participant continues in violation after the time to comply has elapsed, the FSA county committee may, in consultation with NRCS, terminate the CFO contract.

(2) Notwithstanding the provisions of paragraph (a)(1) of this section, a contract termination shall be effective immediately upon a determination by the FSA county committee, in consultation with NRCS, that the participant has submitted false information, filed a false claim, or engaged in any act for which a finding of ineligibility for payments is permitted under the provisions of § 1468.35 of this part, or in a case in which the actions of the party involved are deemed to be sufficiently purposeful or negligent to warrant a termination without delay.

(b)(1) If CCC terminates a contract, the participant shall forfeit all rights for future payments under the contract and shall refund all or part of the payments received, plus interest, determined in accordance with part 1403 of this chapter. CCC has the option of requiring only partial refund of the payments received if a previously installed conservation practice can function independently, is not affected by the violation or other conservation practices that would have been installed

under the contract, and the participant agrees to operate and maintain the installed conservation practice for the life span of the practice.

(2) If CCC terminates a contract for any reason stated above, before any contractual payments have been made, the participant shall forfeit all rights for further payments under the contract and shall pay such liquidated damages as are prescribed in the contract.

(3) When making all contract termination decisions, CCC may reduce the amount of money owed by the participant by a proportion which reflects the good-faith effort of the participant to comply with the contract, or the hardships beyond the participant's control that have prevented compliance with the contract.

(4) The participant may voluntarily terminate a contract without penalty, if CCC determines that such termination would be in the public interest.

Subpart A [Reserved]

Subpart B—Market Access Program

§ 1485.10 General purpose and scope.

(a) This subpart sets forth the policies underlying the Commodity Credit Corporation's (CCC) operation of the Market Access Program (MAP), and a subcomponent of that program, the Export Incentive Program/Market Access Program (EIP/MAP). It also establishes the general terms and conditions applicable to MAP and EIP/MAP agreements.

(b) Under the MAP, CCC enters into agreements with nonprofit trade organizations to share the costs of certain overseas marketing and promotion ac-

tivities that are intended to develop, maintain or expand commercial export markets for U.S. agricultural commodities and products. MAP participants may receive assistance for either generic or brand promotion activities. EIP/MAP participants are U.S. commercial entities that receive assistance for brand promotion activities.

(c) The MAP and EIP/MAP generally operate on a reimbursement basis, and CCC may, at its option, provide such reimbursement either in cash or in CCC commodity certificates.

(d) CCC's policy is to ensure that benefits generated by MAP and EIP/MAP agreements are broadly available throughout the relevant agricultural sector and no one entity gains an undue advantage. The MAP and EIP/MAP are administered by personnel of the Foreign Agricultural Service.

(c) *Eligible contributions.* (1) In calculating the amount of contributions

that it will make, and the contributions it will receive from a U.S. industry, a foreign third party or a State agency, the MAP applicant may include the costs (or such prorated costs) listed under paragraph (c)(2) of this section if:

(i) Expenditures will be made in furtherance of an approved activity, and

[60 FR 6363, Feb. 1, 1995, as amended at 61 FR 32644, June 25, 1996; 63 FR 29940, June 2, 1998]

§ 1485.14 Application approval and formation of agreements.

(a) *General.* CCC will, consistent with available resources, approve those applications which it considers to present the best opportunity for developing, maintaining or expanding export markets for U.S. agricultural commodities. The selection process, by its nature, involves the exercise of judgment. CCC's choice of participants and proposed promotion projects requires that it consider and weigh a number of factors that cannot be mathematically measured—i.e., market opportunity, market strategy and management capability.

(b) *Approval criteria.* In assessing the applications it receives and determining which it will approve, CCC considers the following criteria:

- (1) The effectiveness of program management;
- (2) Soundness of accounting procedures;
- (3) The nature of the applicant organization, with greater weight given to those organizations with the broadest base of producer representation;
- (4) Prior export promotion or direct export experience;
- (5) Previous MAP funding;
- (6) Adequacy of the applicant's strategic plan in the following categories:
 - (i) Description of market conditions;
 - (ii) Description of, and plan for addressing, market constraints;
 - (iii) Reasonable likelihood of plan success;
 - (iv) Export volume and value and market share goals in each country;
 - (v) Description of evaluation plan and suitability of the plan for performance measurement; and
 - (vi) Past program results and evaluations, if applicable.

(c) *Allocation factors.* After determining which applications to approve, CCC determines how it will allocate resources among participants based on the following factors, in addition to those in paragraph (b) of this section:

- (1) Size of the budget request in relation to projected value of exports;
- (2) Where applicable, size of the budget request in relation to actual value of exports in prior years;
- (3) Where applicable, participant's past projections of exports compared with actual exports;

(4) Level of participant's, State's, and industry's contributions;

(5) Market share goals in target country(ies);

(6) The degree to which the product to be exported consists of U.S. grown agricultural commodities;

(7) The degree of value-added processing in the U.S.; and

(8) General administrative and overhead costs compared to direct promotional costs.

(9) In the case of a brand promotion program, the percentage of the budget that will be made available to small-sized entities as a means of providing priority assistance to such entities.

(d) *Approval decision.* (1) CCC will approve those applications which it determines best satisfy the criteria and factors specified above. In addition, CCC will only approve applications for EIP/MAP when there is sufficient U.S. industry need for a brand promotion and there is no eligible MAP participant interested in or capable of undertaking the brand promotion.

(2) CCC will not provide assistance to a single company for brand promotion in a single country for more than five years. This five year period shall not begin prior to the 1994 program or the participant's first activity plan year, whichever is later. In limited circumstances, the five year limitation may be waived if the Deputy Administrator determines that further assistance is necessary in order to meet the objectives of the program.

(e) *Formation of agreements.* CCC will notify each applicant in writing of the final disposition of its application. CCC will send a program agreement, allocation approval letter and a signature card to each approved applicant. The allocation approval letter will specify any special terms and conditions applicable to a participant's program, including the required level of participant contribution. An applicant that decides to accept the terms and conditions contained in the program agreement and allocation approval letter should so indicate by having its Chief Executive Officer sign the program agreement and by submitting the signed agreement to the Director, Marketing Operations Staff, FAS, USDA. Final agreement shall occur when the

Administrator signs the agreement on behalf of CCC. The application, the program agreement, the allocation approval letter and these regulations shall establish the terms and conditions of an MAP or EIP/MAP agreement between CCC and the approved applicant.

(f) Signature cards. The participant shall designate at least two individuals in its organization to sign program agreements, reimbursement claims and advance requests. The participant shall submit the signature card signed by those designated individuals and by the participant's Chief Executive Officer to the Director, Marketing Operations Staff, FAS, USDA, and shall immediately notify the Director of any changes in signatories and shall submit a revised signature card accordingly.

[60 FR 6363, Feb. 1, 1995, as amended at 61 FR 32644, June 25, 1996; 63 FR 29940, June 2, 1998]

§ 1485.15 Activity plan.

(a) *General.* A participant shall develop a specific activity plan(s) based on its strategic plan and the allocation approval letter and shall submit an activity plan for each year in which it engages in program activities. An activity plan handbook, available from the Division Director, provides suggested formats and codes for activity plans and amendments.

(b) An activity plan shall contain:

(1) A written presentation of all proposed activities including:

(i) A short description of the relevant constraint;

(ii) A description of any changes in strategy from the strategic plan;

(iii) A budget for each proposed activity, identifying the source of funds;

(iv) Specific goals and benchmarks to be used to measure the effectiveness of each activity. This will assist CCC in carrying out its responsibilities under the Government Performance and Results Act of 1993 that requires performance measurement of Federal programs, including the MAP. Evaluation of MAP's effectiveness will depend on a clear statement by participants of goals, method of achievement, and results of activities at regular intervals. The overall goal of the MAP and of individual participants' activities is to achieve additional exports of U.S. agri-

cultural products, that is, sales that would not have occurred in the absence of MAP funding.

(2) A staffing plan for any overseas office, including a listing of job titles, position descriptions, salary ranges and any request for approval of supergrade salaries; and

(3) An itemized administrative budget for any overseas office.

(c) Activity plans for small-sized entities operating through an SRTG shall contain a certification that it is a small-sized entity within the standards established by 13 CFR part 121.

(d) *Requests for approval of "supergrades".* (1) Ordinarily, CCC will not reimburse any portion of a non-U.S. citizen employees compensation that exceeds the highest salary level in the Foreign Service National (FSN) salary plan applicable to the country in which the employee works. However, a participant may seek a higher level of reimbursement for a non-U.S. citizen who will be employed as a country director or regional director by requesting that CCC approve that employee as a "supergrade".

(2) To request approval of a "supergrade", the participant shall include in its activity plan a detailed description of both the duties and responsibilities of the position, and of the qualifications and background of the employee concerned. The participant shall also justify why the highest FSN salary level is insufficient.

(3) Where a non-U.S. citizen will be employed as a country director, the MAP participant may request approval for a "Supergrade I" salary level, equivalent to a grade increase over the existing top grade of the FSN salary plan. The "supergrade" and its step increases are calculated as the percentage difference between the second highest and the highest grade in the FSN salary plan with that percentage applied to each of the steps in the top grade. Where the non-U.S. citizen will be employed as a regional director, with responsibility for activities and/or offices in more than one country, the MAP participant may request approval for a "Supergrade II" salary level which is calculated relative to a "Supergrade I" in the same way the

latter is calculated relative to the highest grade in the FSN salary plan.

(e) *Submission of the activity plan.* A participant shall submit three copies of an activity plan to the Division Director and a copy of the relevant country section(s) to the Attaché/Counselor(s) concerned.

(f) *Activity plan approval.* CCC shall indicate in an activity plan approval letter which activities and budgets are approved or disapproved, and shall indicate any special terms and conditions that apply to the participant including any requirements with respect to contributions and program evaluations. A participant may undertake promotional activities directly or through a foreign third party; however, the participant shall be responsible and accountable to CCC for all such promotional activities and related expenditures.

(g) *Activity plan changes.* (1) A participant may request changes to an activity plan by submitting one copy of an APAR to each of the Division Director and the Attaché/Counselor(s) concerned.

(2) An APAR for a new activity shall contain the information required in paragraph (b) of this section. All other APAR's shall contain the activity description, the proposed budget and a justification for transfer of funds, if applicable.

§ 1485.16 Reimbursement rules.

(a) A participant may seek reimbursement for an expenditure if:

(1) The expenditure was made in furtherance of an approved activity; and

(2) The participant has not been or will not be reimbursed for such expenditure by any other source.

(b) Subject to paragraph (a) of this section, CCC will reimburse, in whole or in part, the cost of:

(1) Production and placement of advertising in print or electronic media or on billboards or posters;

(2) Production and distribution of banners, recipe cards, table tents, shelf talkers and other similar point of sale materials;

(3) Direct mail advertising;

(4) In-store and food service promotions, product demonstrations to

the trade and to consumers, and distribution of promotional samples;

(5) Temporary displays and rental of space for temporary displays;

(6) Expenditures, other than travel expenditures, associated with retail, trade, and consumer exhibits and shows; seminars; and educational training; including participation fees, booth construction, transportation of related materials, rental of space and equipment, and duplication of related printed materials;

(7) International air travel, not to exceed the full fare economy rate, or other means of international transportation, and per diem, as allowed under the U.S. Federal Travel Regulations (41 CFR parts 301 through 304) for no more than two representatives of a single brand participant to exhibit their company's products at a foreign trade show.

(8) Publications;

(9) Part-time contractors such as demonstrators, interpreters, translators and receptionists to help with the implementation of promotional activities such as trade shows, in-store promotions, food service promotions, and trade seminars;

(10) Giveaways, awards, prizes, gifts and other similar promotional materials subject to the limitation that CCC will not reimburse more than \$1.00 per item;

(11) The design and production of packaging, labeling or origin identification, to be used during the activity plan year in which the expenditure is made, if such packaging, labeling or origin identification are necessary to meet the importing requirements in a foreign country.

(c) Subject to paragraph (a) of this section, but for generic promotion activities only, CCC will also reimburse, in whole or in part, the cost of:

(1) Compensation and allowances for housing, educational tuition, and cost of living adjustments paid to a U.S. citizen employee or a U.S. citizen contractor stationed overseas subject to the limitation that CCC shall not reimburse that portion of:

(i) The total of compensation and allowances that exceed 125 percent of the level of a GS-15 Step 10 salary for U.S. Government employees, and

(ii) Allowances that exceed the rate authorized for U.S. Embassy personnel;

(2) Approved “supergrade” salaries for non-U.S. citizens and non-U.S. contractors;

(3) Compensation of a non-U.S. citizen staff employee or non-U.S. contractor subject to the following limitations:

§ 1485.18 Advances.

(a) *Policy.* In general, CCC operates MAP and EIP/MAP on a reimbursable basis. CCC will not advance funds to an EIP/MAP participant or to an MAP participant for brand promotion activities.

(b) *Exception.* Upon request, CCC may advance payments to an MAP participant for generic promotion activities. Prior to making an advance, CCC may require the participant to submit security in a form and amount acceptable to CCC to protect CCC's financial interests. Total payments advanced shall not exceed 40 percent of a participant's approved annual generic activity budget. However, CCC will not make any advance to an MAP participant where an advance is outstanding from a prior activity plan year.

(c) *Refunds due CCC.* A participant shall expend the advance on approved generic promotion activities within 90 calendar days after the date of disbursement by CCC. A participant shall return any unexpended portion of the advance, plus a prorated share of all proceeds generated (i.e., premiums generated from certificate sales and interest earned), either by submitting a check payable to CCC or by offsetting its next reimbursement claim. All checks shall be mailed to the Director, Marketing Operations Staff, FAS, USDA.

§ 1485.19 Employment practices.

(a) An MAP participant shall enter into written contracts with all employees and shall ensure that all terms, conditions, and related formalities of such contracts conform to governing local law.

law and to the custom generally observed by U.S. commercial entities in the local business community.

(c) An MAP participant may pay salaries or fees in any currency (U.S. or foreign) if approved by the Attache/Counselor. However, participants are cautioned to consult local laws regarding currency restrictions.

1485.20 Financial management, reports, evaluations and appeals.

(a) *Financial management.* (1) An MAP participant shall implement and maintain a financial management system that conforms to generally accepted accounting principles.

(2) An MAP participant shall institute internal controls and provide written guidance to commercial entities participating in its activities to ensure their compliance with these provisions. Each participant shall maintain all original records and documents relating to program activities for five calendar years following the end of the applicable activity plan year and shall make such records and documents available upon request to authorized officials of the U.S. Government. An MAP participant shall also maintain all documents related to employment such as employment applications, contracts, position descriptions, leave records and salary changes, and all records pertaining to contractors.

(3) A participant shall maintain its records of expenditures and contributions in a manner that allows it to provide information by activity plan, country, activity number and cost category. Such records shall include:

(i) Receipts for all STRE (actual vendor invoices or restaurant checks, rather than credit card receipts);

(ii) Original receipts for any other program related expenditure in excess of \$25.00;

(iii) The exchange rate used to calculate the dollar equivalent of expenditures made in a foreign currency and the basis for such calculation;

(iv) Copies of reimbursement claims;

(v) An itemized list of claims charged to each of the participant's CCC resources accounts;

(vi) Documentation with accompanying English translation supporting each reimbursement claim, including

original evidence to support the financial transactions such as canceled checks, receipted paid bills, contracts or purchase orders, per diem calculations, travel vouchers, and credit memos; and

(vii) Documentation supporting contributions must include: the dates, purpose and location of the activity for which the cash or in-kind items were claimed as a contribution; who conducted the activity; the participating groups or individuals; and, the method of computing the claimed contributions. MAP participants must retain and make available for audit documentation related to claimed contributions.

(4) Upon request, a participant shall provide to CCC originals of documents supporting reimbursement claims.

(b) *Reports.* (1) End-of-Year Contribution Report. Not later than 6 months after the end of its activity plan year, a participant shall submit two copies of a report which identifies, by activity and cost category and in U.S. dollar equivalent, contributions made by the participant, the U.S. industry and foreign third parties during that activity plan year. A suggested format of a contribution report is available from the Division Director.

(2) *Trip reports.* Not later than 45 days after completion of travel (other than local travel), an MAP participant shall submit a trip report. The report must include the name(s) of the traveler(s), purpose of travel, itinerary, names and affiliations of contacts, and a brief summary of findings, conclusions, recommendations or specific accomplishments.

(3) *Research reports.* Not later than 6 months after the end of its activity plan year, an MAP participant shall submit a report on any research conducted in accordance with the activity plan.

(4) A participant shall submit the reports required by this subsection to the appropriate Division Director. Trip reports and research reports shall also be submitted to the Attache/Counselor concerned. All reports shall be in English and include the participant's agreement number, the countries covered, date of the report and the period covered in the report.

(5) CCC may require the submission of additional reports.

(6) A participant shall provide to the FAS Compliance Review Staff upon request any audit reports by independent public accountants.

(c) *Evaluation—(1) Policy.* (i) The Government Performance and Results Act (GPRA) of 1993 (5 U.S.C. 306; 31 U.S.C. 1105, 1115–1119, 3515, 9703–9704) requires performance measurement of Federal programs, including MAP. Evaluation of MAP's effectiveness will depend on a clear statement by participants of goals to be met within a specified time, schedule of measurable milestones for gauging success, plan for achievement, and results of activities at regular intervals. The overall goal of the MAP and of individual participants' activities is to achieve additional exports of U.S. agricultural products, that is, sales that would not have occurred in the absence of MAP funding. A participant that can demonstrate additional sales compared to a representative base period, taking into account extenuating factors beyond the participant's control, will have met the overall objective of the GPRA and the need for evaluation.

(ii) Evaluation is an integral element of program planning and implementation, providing the basis for the strategic plan and activity plan. The evaluation results guide the development and scope of a participant's program, contributing to program accountability and providing evidence of program effectiveness.

(iii) An MAP participant shall conduct periodic evaluations of its program and activities and may contract with an independent evaluator to satisfy this requirement. CCC reserves the right to have direct input and control over design, scope and methodology of any such evaluation, including direct contact with and provision of guidance to the independent evaluator.

(2) *Types of evaluation.* (i) An activity evaluation is a review of an activity to determine whether such activity achieved the goals specified in the activity plan. Unless specifically exempted in the activity plan, all activity evaluations shall be completed within 90 days following the end of the MAP participant's activity plan year.

(ii) A brand promotion evaluation is a review of the U.S. and foreign commercial entities' export sales to determine whether the activity achieved the goals specified in the activity plan. These evaluations shall be completed within 90 days following the end of the participant's activity plan year.

(iii) A program evaluation is a review of the MAP participant's entire program or any appropriate portion of the program to determine the effectiveness of the participant's strategy in meeting specified goals. An MAP participant shall complete at least one program evaluation each year. Actual scope and timing of the program evaluation shall be determined by the MAP participant and the Division Director and specified in the MAP participant's activity plan approval letter.

(3) *Contents of program evaluation.* A program evaluation shall contain:

(i) The name of the party conducting the evaluation;

(ii) The activities covered by the evaluation (including the activity numbers);

(iii) A concise statement of the constraint(s) and the goals specified in the activity plan;

(iv) A description of the evaluation methodology;

(v) A description of additional export sales achieved, including the ratio of additional export sales in relation to MAP funding received;

(vi) A summary of the findings, including an analysis of the strengths and weaknesses of the program(s); and

(vii) Recommendations for future programs.

(4) An MAP participant shall submit via a cover letter to the Division Director, an executive summary which provides assessment of the program evaluation's findings and recommendations and proposed changes in program strategy or design as a result of the evaluation.

(5) If as a result of an evaluation or audit of activities of a participant under the program, CCC determines that further review is needed in order to ensure compliance with the requirements of the program, CCC may require the participant to contract for an independent audit of the program activities,

(d) *Appeals.* (1) The Director, Compliance Review Staff (Director, CRS) will notify a participant through a compliance report when it appears that CCC may be entitled to recover funds from that participant. The compliance report will state the basis for this action.

(2) A participant may, within 60 days of the date of the compliance report, submit a response to the Director, CRS. The Director, CRS, at the Director's discretion, may extend the period for response up to an additional 30 days. If the participant does not respond to the compliance report within the required time period or, if after review of the participant's response, the Director, CRS, determines that CCC may be entitled to recover funds from the participant, the Director, CRS, will refer the compliance report to the Deputy Administrator.

(3) If after review of the compliance report and response, the Deputy Administrator determines that the participant owes any money to CCC he will so inform the participant and provide the basis for the decision. The Deputy Administrator may initiate action to collect such amount pursuant to 7 C.F.R. Part 1403, Debt Settlement Policies and Procedures. Determinations of the Deputy Administrator will be in writing and in sufficient detail to inform the participant of the basis for the determination. The participant may request reconsideration within 30 days of the date of the Deputy Administrator's initial determination.

(4) The Participant may appeal determinations of the Deputy Administrator to the Administrator. An appeal must be in writing and be submitted to the office of the Deputy Administrator within 30 days following the date of the initial determination by the Deputy Administrator or the determination on reconsideration. The participant may request a hearing.

(5) If the participant submits its appeal and requests a hearing, the Administrator, or the Administrator's designee, will set a date and time, generally within 60 days. The hearing will be an informal proceeding. A transcript will not ordinarily be prepared unless the participant bears the cost of a transcript; however, the Administrator

may have a transcript prepared at CCC's expense.

(6) The Administrator will base the determination on appeal upon information contained in the administrative record and will endeavor to make a determination within 60 days after submission of the appeal, hearing or receipt of any transcript, whichever is later. The determination of the Administrator will be the final determination of CCC. The participant must exhaust all administrative remedies contained in this subsection before pursuing judicial review of a determination by the Administrator.

§ 1485.21 Failure to make required contribution.

An MAP participant's contribution requirement will be specified in the MAP allocation letter and the activity plan approval letter. The amount specified will be the amount of contribution to be furnished by the applicant and other sources as indicated in the participant's application. The MAP participant shall pay to CCC in dollars the difference between the amount actually contributed and the amount specified in the allocation approval letter. An MAP participant shall remit such payment within 90 days after the end of its activity plan year.

[63 FR 29941, June 2, 1998; 63 FR 32041, June 11, 1998]

§ 1485.22 Submissions.

The participant may make any submissions required by this regulation either by hand delivery to the Director, Marketing Operations Staff, FAS, USDA or by commercial service delivery or U.S. mail. If delivery occurs by commercial "next-day" mail service or U.S. regular mail, first class prepaid, the material shall be deemed submitted as of the date of the commercial service or U.S. registered mail receipt. For all other permissible methods of delivery, the material shall be deemed submitted as of the date received by the Director, Marketing Operations Staff, FAS, USDA.

§ 1485.23 Miscellaneous provisions.**(a) Disclosure of program information.**

(1) Documents submitted to CCC by participants are subject to the provisions of the Freedom of Information Act (FOIA), 5 U.S.C. 552, 7 CFR part 1, Subpart A—Official Records, and specifically 7 C.F.R. 1.11, Handling Information from a Private Business.

(2) If requested by a person located in the United States, a participant shall provide a copy of any document in its possession or control containing market information developed and produced under the terms of its agreement. The participant may charge a fee not to exceed the costs for assembling, duplicating and distributing the materials.

(3) The results of any research conducted by a participant under an agreement, shall be the property of the U.S. Government.

(b) Ethical conduct. (1) A participant shall conduct its business in accordance with the laws and regulations of the country in which an activity is carried out.

(2) Neither an MAP participant nor its affiliates shall make export sales of agricultural commodities and products covered under the terms of the agreement. Neither an MAP participant nor its affiliates shall charge a fee for facilitating an export sale. A participant may, however, collect check-off funds and membership fees that are required for membership in the participating organization. For the purposes of this paragraph, “affiliate” means any partnership, association, company, corporation, trust, or any other such party in which the participant has an investment other than in a mutual fund.

(3) An MAP participant shall not limit participation to members of its organization. The MAP participant shall publicize its program and make participation possible for commercial entities throughout the participant’s industry or, in the case of SRTGs, throughout the corresponding region.

(4) A participant shall select U.S. agricultural industry representatives to participate in activities such as trade teams, sales teams, and trade fairs based on criteria that ensure participation on an equitable basis by a broad

cross section of the U.S. industry. If requested, a participant shall submit such selection criteria to CCC for approval.

(5) All participants should endeavor to ensure fair and accurate fact-based advertising. Deceptive or misleading promotions may result in cancellation or termination of an agreement.

(6) The participant must report any actions or circumstances that have a bearing on the propriety of the program to the Attache/Counselor and its U.S. office shall report such actions in writing to the Division Director.

(c) Contracting procedures. (1) Neither the Commodity Credit Corporation (CCC) nor any other agency of the United States Government or any official or employee of the CCC or the United States Government has any obligation or responsibility with respect to participant contracts with third parties.

(2) A participant shall:

(i) Ensure that all expenditures for goods and services reimbursed, in excess of \$25.00, by CCC are documented by a purchase order, invoice, or contract and that such documentation demonstrates competition in acquiring the goods or services;

(ii) Ensure that no employee or officer participates in the selection or award of a contract in which such employee or official, or the employee’s or officer’s family or partners has a financial interest;

(iii) Conduct all contracting in an openly competitive manner. Individuals who develop or draft specifications, requirements, statements of work, invitations for bids and requests for proposals for procurement of any goods or services shall be excluded from competition for such procurement;

(iv) Base solicitations for professional and technical services on a clear and accurate description of the requirements for the services to be procured;

(v) Perform some form of price or cost analysis such as a comparison of price quotations to market prices or other price indicia, to determine the reasonableness of the offered prices.

(d) Disposable capital goods. (1) Capital goods purchased by the MAP participant and reimbursed by CCC that are

unusable, unserviceable, or no longer needed for project purposes shall be disposed of in one of the following ways:

(i) The participant may exchange or sell the goods provided that it applies any exchange allowance, insurance proceeds or sales proceeds toward the purchase of other property needed in the project;

(ii) The participant may, with CCC approval, transfer the goods to other MAP participants and activities, or to a foreign third party; or

(iii) The participant may, upon Attaché/Counselor approval, donate the goods to a local charity, or convey the goods to the Attaché/Counselor, along with an itemized inventory list and any documents of title.

(2) A participant shall maintain an inventory of all capital goods with a value of \$100 acquired in furtherance of program activities. The inventory shall list and number each item and include the date of purchase or acquisition, cost of purchase, replacement value, serial number, make, model, and electrical requirements.

(3) The participant shall insure all capital goods acquired in furtherance of program activities and safeguard such goods against theft, damage and unauthorized use. The participant shall promptly report any loss, theft, or damage of property to the insurance company.

(e) *Contracts between MAP participants and brand participants.* Where CCC approves an application for brand promotion, the MAP participant shall enter into an agreement with each approved brand participant which shall:

(1) Specify a time period for such brand promotion, and require that all brand promotion expenditures be made within the MAP participant's approved activity plan period;

(2) Make no allowance for extension or renewal;

(3) Limit reimbursable expenditures to those made in countries and for activities approved in the activity plan;

(4) Specify the percentage of promotion expenditures that will be reimbursed, reimbursement procedures and documentation requirements;

(5) Include a written certification that the brand participant either owns

the brand of the product it will promote or has exclusive rights to promote the brand in each of the countries in which promotion activities will occur;

(6) Require that all product labels, promotional material and advertising will identify the origin of the agricultural commodity as "Product of the U.S.", "Product of the U.S.A.", "Grown in the U.S.", "Grown in the U.S.A.", "Made in America" or other U.S. regional designation if approved in advance by CCC; that such origin identification will be conspicuously displayed, in a manner that is easily observed; and that such origin identification will conform, to the extent possible, to the U.S. standard of 1/8" (.42 centimeters) in height based on the lower case letter "o". A participant may request an exemption from this requirement. All such requests shall be in writing and include justification satisfactory to the Deputy Administrator that this labelling requirement would hinder a participant's promotional efforts. The Deputy Administrator will determine, on a case by case basis, whether sufficient justification exists to grant an exemption from the labelling requirement;

(7) Specify documentation requirements for a U.S. brand applicant seeking priority consideration for assistance based on eligibility as a small-sized entity;

(8) Require that the U.S. brand participant submit to the MAP participant a statement certifying that any Federal funds received will supplement, but not supplant, any private or third party funds or other contributions to program activities; and

(9) The participant shall require the brand participant to maintain all original records and documents relating to program activities for five calendar years following the end of the applicable activity plan year and shall make such records and documents available upon request to authorized officials of the U.S. Government.

(f) EIP/MAP participants shall ensure that all product labels, promotional material and advertising will identify the origin of the agricultural commodity as "Product of the U.S.", "Product of the U.S.A.", "Grown in the U.S.",

§ 1485.24

“Grown in the U.S.A.”, “Made in America” or other U.S. regional designation if approved in advance by CCC; such origin identification is conspicuously displayed in a manner that is easily observed, and that, to the fullest extent possible, the origin identification conforms to the U.S. standard of 1/6” (.42 centimeters) in height based on the lower case letter “o”. An EIP/ MAP participant may request an exemption from this requirement. All such requests shall be in writing and include justification satisfactory to the Deputy Administrator that this labeling requirement would hinder a participant’s promotional efforts. The Deputy Administrator will determine, on a case by case basis, whether sufficient justification exists to grant an exemption from the labelling requirement;

(g) Travel shall conform to U.S. Federal Travel Regulations (41 CFR parts 301 through 304) and air travel shall conform to the requirements of the “Fly America Act (49 U.S.C. 1517).” The MAP participant shall notify the Attaché/Counselor in the destination countries in writing in advance of any proposed travel.

(h) *Proceeds.* Any income or refunds generated from an activity, i.e., participation fees, proceeds of sales, refunds of value added taxes (VAT), the expenditures for which have been wholly or partially reimbursed, shall be repaid by submitting a check payable to CCC or offsetting the participant’s next reimbursement claim. However, where CCC reimburses a participant with CCC commodity certificates, such participant may retain any income generated by the sale of such certificates.

FINANCING EXPORT SALES

§ 1488.3 General.

When considering the extension of CCC credit for the purpose of financing agricultural commodities, CCC will take into account the extent to which CCC credit financing will:

(a) Permit U.S. exporters to meet competition from other countries.

(b) Prevent a decline in U.S. commercial export sales.

(c) Substitute commercial dollar sales for sales made pursuant to Pub. L. 480 or other concessional programs.

(d) Result in a new use of the agricultural commodity in the importing country.

(e) Permit expanded consumption of agricultural commodities in the importing country and thereby increase total commercial sales of agricultural commodities to the importing country.

§ 1488.4 Submission of requests for sale registrations.

(a) An eligible exporter shall submit a request for a sale registration for financing to the office specified in § 1488.22.

(b) Requests for sale registrations shall be in writing. If such a request is made by telephone, it must be confirmed by letter or wire.

(c) The total amount requested to be registered under a sale shall not exceed the sale contract value, including the upward tolerance, if any.

(d) Requests for sale registration shall incorporate by reference all terms and conditions of GSM-5. The following information shall also be included in the exporter's request for a sale registration:

(1) The name, class, grade, or quality, as applicable, and quantity of the commodity to be exported.

(2) The country of destination.

(3) The port value of the commodity to be exported and the sale contract tolerance, if applicable.

(4) The date of sale and exporter's sale number.

(5) The date of delivery or the period for delivery and the month in which application for payment will be submitted.

(6) The financing period.

(7) Whether the bank obligation assuring payment of the account receivable will be issued by a U.S. bank, branch bank, or foreign bank. If it will be issued by a foreign bank, its name and address, and the name of the confirming U.S. bank, branch bank, or agency bank (if approved as provided in § 1488.12b), and the percentage of confirmation.

(8) The name and address of the foreign importer.

(9) If delivery of the commodity to be exported is before export in a warehouse, the name and address of the warehouse to which delivery is to be made.

(10) If the commodity will be sold through an intervening purchaser, the name and address of the intervening purchaser, and a statement that the sale of the commodity is or will be conditioned on its resale by the intervening purchaser and that the commodity will be shipped directly to the foreign

importer in the destination country specified in paragraph (d)(2) of this section pursuant to a contract in which the foreign importer agrees to pay the U.S. exporter the amount to be financed in accordance with the terms of GSM-5 financing agreement.

(11) Any additional information as determined by CCC.

[42 FR 10999, Feb. 25, 1977, as amended by Amdt. 5, 43 FR 25992, June 16, 1978]

§ 1488.5 Acceptance of sale registrations.

(a) Upon receiving a request for a sale registration complying with the applicable provisions of this subpart, the Assistant Sales Manager may approve the registration of the sale. If approved, the exporter will be notified in writing of the financing agreement number which will constitute notice that the sale is registered and eligible for financing.

(b) [Reserved]

(c) CCC reserves the right to reject any and all requests for sale registration.

(d) The registration of a sale shall create a financing agreement between the exporter and CCC which shall consist of the exporter's request for a sale registration, CCC's acceptance of the sale registration, the applicable terms and conditions of this subpart, including amendments and supplemental announcements hereunder which are in effect on the date of approval.

(e) The financing agreement may contain such terms and conditions, not inconsistent with GSM-5, as are deemed necessary in the interest of CCC.

(f) An exporter shall promptly notify the Assistant Sales Manager when he is unable to fulfill his obligations under any sale registered with CCC.

[42 FR 10999, Feb. 25, 1977, as amended by Amdt. 6, 43 FR 29933, July 12, 1978]

§ 1488.6 Amendments to financing agreement.

The financing agreement may be amended provided such amendment is in conformity with GSM-5 at the time of amendment and is determined to be in the interest of CCC. Amendments may include extension of the period for delivery or the period for export, and

change in the interest rate. After the commodity has been delivered, CCC will consider requests to increase the amount of the sale registration value for any quantity within the tolerance in the sales contract and for carrying charges provided such requests relate to the same sale as originally registered with CCC.

§ 1488.7 Expiration of period(s) for delivery and/or export.

(a) Unless delivery by the exporter to the importer is made within such period as may be provided in the financing agreement or any amendment thereof, or under paragraph (b) of this section, the financing agreement will no longer be valid.

(b) If the Assistant Sales Manager determines that delay in delivery was due solely to causes without the fault or negligence of the exporter, the period for delivery may be extended by CCC by the period of such delay.

(c) If delivery is made before export under the terms of the financing agreement, failure to export within the period specified therefor in the financing agreement shall constitute a breach of the financing agreement. In such case, if full payment under the bank obligation or account receivable has not been received, the account receivable and the bank obligation shall, at the option of the Assistant Sales Manager, become immediately due and payable, and liquidated damages shall be payable in accordance with § 1488.11.

DOCUMENTS REQUIRED FOR FINANCING

§ 1488.8 Documents required after delivery.

(a) CCC will purchase an exporter's account receivable only if the Treasurer, Commodity Credit Corporation, United States Department of Agriculture, Washington, DC 20250, receives the documents specified in paragraphs (b) through (e) of this section and any documentation and certifications required by any supplements to these regulations within forty-five days, or any extension thereof by the Treasurer or Assistant Treasurer, CCC, after date of delivery of commodities exported or to be exported under the financing agreement.

(b) The exporter shall submit a "Combined Application for Disbursement, Assignment of Account Receivable and Certification" which shall include:

(1) A written application for disbursement, showing the financing agreement number and the port value of the commodity delivered.

(c) A copy of the sales invoice to the foreign importer, or, if the commodity has been sold through an intervening purchaser, a copy of the exporter's sales invoice to the intervening purchaser and of the intervening purchaser's sales invoice to the foreign importer.

(d) A copy of the document evidencing export provided for in § 1488.9 and, if the consignee is other than the foreign importer named in the financing agreement, such additional information as CCC may request to show that export was made in accordance with the instructions of, or the export sale contract with, the foreign importer. If delivery is before export in a warehouse acceptable to CCC, the warehouse receipt or other documents acceptable to CCC evidencing delivery of the commodity to the importer or his agent. If delivery is before export in a container

or a lash or seabee barge at a U.S. inland or coastal point, for export shipment under a through bill of lading, one copy of the through bill of lading with an onboard (truck, rail car, or lash or seabee barge) endorsement, dated and signed or initialed on behalf of the export carrier. The through bill of lading must be certified by the exporter as being a true copy and must show the quantity, the date, and place of loading the commodity on a truck, or rail car, or lash or seabee barge, the name of the originating carrier, the destination of the commodity, and the name of both the exporter and the importer.

(e) A bank obligation or obligations in accordance with § 1488.7(c), § 1488.10, § 1488.12 and paragraph (i) of this section, naming CCC as beneficiary, in form and substance acceptable to CCC, covering the amount of the application for disbursement, citing the financing agreement number; and providing for the payment of interest in accordance with § 1488.14.

(f) On receipt of the documents described in paragraphs (b) through (e) of this section and any documentation and certifications required by any supplements to these regulations, the Treasurer, CCC will pay promptly to the exporter the amount of the account receivable or the dollar amount of sales registered in accordance with § 1488.5, whichever is the lesser.

(g) If an acceptable application for disbursement and the supporting documents described in paragraphs (b) through (e) of this section have not been received by CCC within 45 days from the date of the delivery, or any extension thereof by the Treasurer or Assistant Treasurer, CCC, the financing agreement shall be void.

(h) [Reserved]

(i) If for any reason a draft drawn under a foreign bank obligation is dishonored or if the issuing bank is insolvent, in bankruptcy, in receivership, or in liquidation, or has made an assignment for the benefit of creditors, or for any other reason discontinues or suspends payments to depositors or creditors, or otherwise ceases to operate on an unrestricted basis, any balance due on the account receivable assured by the obligation issued by such bank

shall, at the option of CCC, become immediately due and payable. CCC may permit the substitution of another acceptable foreign bank obligation covering such balance due if confirmed in accordance with § 1488.12.

[42 FR 10999, Feb. 25, 1977, as amended at 42 FR 27569, May 31, 1977; Amdt. 5, 43 FR 25992, June 16, 1978]

§ 1488.9 Evidence of export.

(a) If the commodity is exported by rail or truck, the exporter shall furnish to the Treasurer, CCC, one copy of the bill of lading covering the commodity exported, certified by the exporter as being a true copy, and an authenticated landing certificate or similar document issued by an official of the government of the country to which the commodity is exported, showing the quantity, the gross landed weight of the commodity, the place and date of entry, and the name and address of both the exporter and the importer.

(b) If the commodity is exported by ocean carrier, the exporter shall furnish to the Treasurer, CCC, one non-negotiable copy or photo copy or other type of copy of either (1) an on-board ocean bill of lading or (2) an ocean bill of lading with an onboard endorsement, dated and signed or initialed on behalf of the carrier. The bill of lading must be certified by the exporter as being a true copy and must show the quantity, the date and place of loading the commodity, the name of the vessel, the destination of the commodity and the name and address of both the exporter and the importer.

(c) If the commodity is exported by aircraft, the exporter shall furnish to the Treasurer, CCC, one non-negotiable copy of an airway bill, dated and signed or initialed on behalf of the carrier. The airway bill must be certified by the exporter as being a true copy and must show the date and place of loading the commodity, the name of the airline, the destination of the commodity, and the name and address of both the exporter and the importer.

(d) If the exporter is unable to supply documentary evidence of export as specified in this section, he shall submit such other documentary evidence as may be acceptable to CCC.

[Amdt. 5, 43 FR 25992, June 16, 1978]

DOCUMENTS REQUIRED AFTER FINANCING

§ 1488.10 Evidence of entry into country of destination.

(a) Commodities exported under a financing agreement must enter the destination country specified in the financing agreement.

(b) For a financing agreement under which the financing period is in excess of 12 months, within 90 days, or such extension of time as may be granted in writing by the Assistant Sales Manager, following shipment from the United States of any agricultural commodity exported under the financing agreement, the exporter shall furnish to the office specified in § 1488.22, documentary evidence verifying entry of the commodity into the country of destination specified in the financing agreement. The documentary evidence must:

(1) Identify the agricultural commodity (or permit identification through supplementary documents also furnished) as that exported under the financing agreement,

(2) State the quantity and date of entry of the commodity into the destination country, and

(3) Be signed by (i) a customs official of the destination country, or (ii) the

importer, or (iii) a representative of an independent superintending or controlling firm.

(c) When the commodity enters the country of destination in bond, a statement by the importer will be acceptable which:

(1) Identifies the commodity as that exported under the financing agreement,

(2) States the quantity of the commodity entered under bond and date of entry into the destination country, and

(3) Certifies that the commodity will be withdrawn from bonded storage at a later date for consumption in the destination country.

(d) If the evidence of entry is in other than the English language, the exporter shall also provide an English translation thereof.

(e) Failure to furnish, within the time specified, evidence of entry of the commodity into the country of destination shall constitute prima facie evidence of failure to enter or to cause the entry of the commodity into such country as required. In such case, the financing agreement may be terminated by the Assistant Sales Manager, and if full payment under the bank obligation or account receivable has not yet been received, the bank obligation and the account receivable shall at the option of CCC, become due and payable and liquidated damages shall be payable in accordance with § 1488.11. The remedy herein provided shall not be exclusive of other rights available to the Federal government if the commodity enters a country other than that specified in the financing agreement.

DELIVERY REQUIREMENTS

§ 1488.11 Liquidated damages.

Failure of the exporter to export or cause to be exported, within the period provided therefor, any agricultural commodity financed, when delivery is made before export under the terms of the financing agreement, or failure of the exporter to enter or cause the entry of, such commodity into the country of destination, shall constitute a breach of the financing agreement which will result in serious and substantial damage to CCC and to its program. Since it will be difficult, if not

impossible, to prove the exact amount of such damage, the exporter shall pay to CCC promptly on demand, as reasonable compensation and not as a penalty, liquidated damages in lieu of probable actual damages, as follows:

(a) For each day of delay in exportation after the final date for exportation, when delivery is made before export under the terms of the financing agreement, .15 percent of the amount financed under the financing agreement for the commodity not exported; (b) for failure to export or cause exportation, when delivery is made before export under the terms of the financing agreement, 5 percent of the amount financed under the financing agreement for the commodity not exported; (c) for failure, after exportation, to enter or cause the entry of the commodity into the country of destination, at the rate of 5 percent a year of the amount financed under the financing agreement for such commodity from the start of the financing period until payment to CCC of the amount financed; *Provided however*, That the aggregate of all amounts assessed under this §1488.11 with respect to the same commodity shall not exceed 5 percent of the amount financed for such commodity. Liquidated damages shall not be assessed: Under paragraph (a) of this section if the Assistant Sales manager determines that the delay was due to such causes as acts of God or government or public enemy, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, or unusually severe weather; under paragraph (b) of this section if the Assistant Sales Manager determines that failure to export was due to loss, damage, destruction or deterioration of the commodity or act of God or government or public enemy; and under paragraph (c) of this section if the Assistant Sales Manager determines that failure to enter or cause the entry of the commodity into the country of destination was due to loss, damage, destruction or deterioration of the commodity or act of God or government or public enemy.

BANK OBLIGATIONS AND REPAYMENT

§ 1488.12 Coverage of bank obligations.

(a) U.S. banks and branch banks shall be liable without regard to risk (1) for payment of bank obligations issued by them or (2) for payment of bank obligations confirmed by them without regard to risk if a requirement for such confirmation is included in the financing agreement or (3) as provided in paragraphs (c) and (d) of this section.

(b) An obligation issued by a foreign bank must be confirmed and advised, as provided in paragraphs (a), (c), (d), (e), and (f) of this section, by a U.S. bank or a branch bank, or may be confirmed by an agency bank when determined by the President or Vice President, CCC after consultation with the Controller, CCC, to be in the interest of CCC.

(c) A U.S. bank must confirm the full amount of an obligation issued by its foreign branch. CCC will hold the U.S. bank liable for payment without regard to risks.

(d) If a branch bank confirms an obligation issued by its home office, or by another branch of its home office, it must confirm the full amount thereof. CCC will hold the branch bank liable for payment without regard to risks.

(e) If CCC accepts an agency bank confirmation of a foreign bank obligation, it must be for the full amount thereof without regard to risks and will be subject to such terms and conditions as may be contained in the financing agreement. CCC will not accept an agency bank confirmation of an obligation issued by its home office, or by a branch of its home office.

(f) Except as provided in paragraphs (a), (c), and (d) of this section, if a U.S. bank or a branch bank confirms an obligation issued by a foreign bank, it must confirm at least 10 percent pro rata and must advise the remainder of the foreign bank obligation. The percentage of confirmation shall be the same for both the account receivable and the interest portions of the obligation. For the confirmed amount, except as provided in paragraph (a)(2) of this section, CCC will hold the U.S. bank or

branch bank liable for commercial risks but not for non-commercial risks. For the advised amount, CCC will not hold the U.S. bank or branch bank liable for commercial or non-commercial risks. CCC will hold the foreign bank liable without regard to risks for all amounts not recovered from the U.S. or branch bank.

(g) Under special circumstances, on application in writing, the Vice President, CCC, may reduce or waive requirements for 10 percent confirmation by a U.S. or branch bank, but a bank will not be relieved of any obligation it undertakes.

(h) Any bank obligation which provides for a bank acceptance of a time draft by CCC (banker's acceptance) shall not be acceptable to CCC.

(i) CCC will consent to cancellation or reduction of a bank obligation to the extent of any payment it receives from other sources or amounts otherwise payable under such bank obligation.

(j) Collection of accounts receivable purchased under GSM-5 will be effected through the issuance by CCC of sight drafts against the bank obligations, but this method of collection shall not be exclusive of any other collection procedures or rights available to CCC.

[42 FR 10999, Feb. 25, 1977, as amended at 42 FR 27569, May 31, 1977; 42 FR 30833, June 17, 1977; 43 FR 45551, Oct. 3, 1978; 44 FR 51187, Aug. 31, 1979]

§ 1488.13 CCC drafts.

CCC will draw one draft for each payment due under bank obligations. If any portion of a CCC draft is dishonored, the U.S. bank or branch bank shall return the dishonored draft together with its statement of the reason for nonpayment. If a draft which is drawn under a partially confirmed bank obligation is dishonored, CCC will replace the draft with separate drafts for the confirmed and unconfirmed portions at the request of the confirming bank. Such replacement shall not alter the confirming bank's obligation for timely payment to CCC of the confirmed portion of the credit. For confirmed amounts, except as provided in § 1488.12(a), (c) and (d), a U.S. or branch bank may request refund from CCC of the amount paid if it certifies to CCC

that it is unable to recover funds from the foreign bank due to a stipulated non-commercial risk which existed on the date payment was made to CCC under the draft. If CCC finds that inability to recover funds was due to such a non-commercial risk, the refund shall be promptly made together with interest at the Federal Reserve Bank of New York discount rate from and including the date payment was originally made to CCC but not include the date of refund by CCC. For unconfirmed amounts, remittance to CCC shall be considered final, and the U.S. bank or branch bank shall not thereafter have recourse to CCC.

[42 FR 10999, Feb. 25, 1977, as amended at 42 FR 27569, May 21, 1977; 42 FR 30833, June 17, 1977]

§ 1488.14 Interest charges.

The account receivable assigned to CCC and the related bank obligation(s) shall bear interest as specified in this section. Rates of interest applicable to financing agreements shall be published in USDA announcement. The interest rate applicable to that portion of an account receivable for which payment is assured by a bank obligation issued or confirmed for all risks according to § 1488.12(a)(ii) or pro rata confirmed by a U.S. bank shall be lower than the interest rate applicable for the remainder of the account receivable. The interest rate applicable to that portion of an account receivable the payment of which is assured by a bank obligation issued or pro rata confirmed by a branch bank shall, when determined by the President or Vice President, CCC after consultation with the Controller, CCC, to be in the interest of CCC, be lower than the interest rate applicable for the remainder of the account receivable. The interest rates applicable to accounts receivable the payment of which is assured by an agency bank confirmation may, when determined by the President or Vice President, CCC, after consultation with the Controller, CCC, to be in the interest of CCC, be lower than the interest rate applicable for the remainder of the account receivable. The interest rate applicable will be the rate in effect on the date CCC receives the sale registration request under § 1488.4.

§ 1488.15

Interest shall accrue on the account receivable from the date of delivery or the weighted average delivery date of the agricultural commodities delivered under the financing agreement to the date of payment, or to the date of expiration of the financing period, or to the date of expiration of the bank obligation, whichever occurs first, and shall be payable as specified in the financing agreement. Thereafter, interest shall accrue on any unpaid part of both the principal and interest due as of such expiration date.

[42 FR 10999, Feb. 25, 1977, as amended at 42 FR 27569, May 31, 1977]

§ 1488.15 Advance payment.

If, before expiration of the financing period, the exporter or the U.S. bank or the agency or branch bank accepts payment from or on behalf of the foreign importer of any part of the account receivable, it shall be remitted promptly to CCC. Such prepayment shall be applied first to interest on the unpaid balance of the account receivable to the date CCC receives such prepayment and then to the principal.

§ 1488.16 Liability for payment.

If delivery is made within the coverage of the bank obligation(s) submitted in accordance with § 1488.8, CCC will look to the obligating bank or banks and the foreign importer, rather than to the exporter or intervening purchaser, for payment of all amounts due at maturity of the account receivable and of the bank obligation(s), but the exporter and the intervening purchaser shall remain liable for any loss arising from breach of any contractual obligation, certification or warranty made by them pursuant to the financing agreement, and the exporter shall remain liable for any amounts not covered by the bank obligation which are owing to CCC, and any remittance or refund required by § 1488.15 and § 1488.18, together with interest thereon at the rate specified in the documents evidencing the account receivable, as well as for any liquidated damages provided for in § 1488.11. The liability of the bank and the importer under their respective obligations shall be several.

The exporter shall not assign any claim or rights or any amounts payable under the financing agreement, in whole or in part, without written approval of the Vice President, CCC, or the Controller, CCC.

The exporter warrants that no person or selling agency has been employed or retained to solicit or secure the financing agreement on an agreement or understanding for a commission, percentage, brokerage, or contingent fee, except bona fide employees or bona fide established commercial or selling agencies maintained by the exporter for the purpose of securing business. For breach or violation of this warranty, CCC shall have the right, without limitation on any other rights it may have, to annul the financing agreement without liability to CCC. Should the financing agreement be annulled, CCC will promptly consent to the reduction or cancellation or related bank obligations except for amounts outstanding under a financing agreement. § 1488.19 [Reserved]

§ 1488.20 Officials not to benefit.

§ 1488.21 Exporter's records and accounts.

CCC shall have access to and the right to examine any directly pertinent books, documents, papers and records of the exporter involving transactions related to the financed export credit sale until the expiration of three years after the end of the financing period.

Subpart A—Restrictions and Criteria for Export Credit Guarantee Programs

§ 1493.1 General statement.

This subpart sets forth the restrictions which apply to the use of credit

guarantees under the Commodity Credit Corporation (CCC) Export Credit Guarantee Program (GSM-102) and the Intermediate Credit Guarantee Program (GSM-103) and the criteria considered by CCC in determining the annual allocations of credit guarantees to be made available with respect to each participating country. This subpart also sets forth the criteria considered by CCC in the review and approval of proposed allocation levels for GSM-102 and/or GSM-103 credit guarantees which may be made available in connection with export sales of specific U.S. agricultural commodities to these countries. These restrictions and criteria are interrelated and will be applied and considered together in the process of determining which sales opportunities under GSM-102 or GSM-103 will best meet the purposes of the programs.

§ 1493.2 Purposes of programs.

CCC may use export credit guarantees:

- (a) To increase exports of U.S. agricultural commodities;
- (b) To compete against foreign agricultural exports;
- (c) To assist countries, particularly developing countries, in meeting their food and fiber needs; and
- (d) For such other purposes as the Secretary of Agriculture determines appropriate, consistent with the provisions of § 1493.6.

§ 1493.3 Restrictions on programs and cargo preference statement.

(a) *Restrictions on use of credit guarantees.* (1) Export credit guarantees authorized under these regulations shall not be used for foreign aid, foreign policy, or debt rescheduling purposes.

(2) CCC shall not make credit guarantees available in connection with sales of agricultural commodities to any country that the Secretary determines cannot adequately service the debt associated with such sales.

(b) *Cargo preference laws.* The provisions of the cargo preference laws shall not apply to export sales with respect to which credit is guaranteed under these programs.

§ 1493.4 Criteria for country allocations.

The criteria considered by CCC in reviewing proposals for country allocations under the GSM-102 or GSM-103 programs, will include, but not be limited to, the following:

(a) Potential benefits that the extension of export credit guarantees would provide for the development, expansion or maintenance of the market for particular U.S. agricultural commodities in the importing country;

(b) Financial and economic ability of the importing country to adequately service CCC guaranteed debt;

(c) Financial status of participating banks in the importing country as it would affect their ability to adequately service CCC guaranteed debt;

(d) Political stability of the importing country as it would affect its ability to adequately service CCC guaranteed debt; and

(e) Current status of debt either owed by the importing country to CCC or to lenders protected by CCC's guarantees.

§ 1493.5 Criteria for agricultural commodity allocations.

The criteria considered by CCC in reviewing proposals for specific U.S. commodity allocations within a specific country allocation will include, but not be limited to, the following:

(a) Potential benefits that the extension of export credit guarantees would provide for the development, expansion or maintenance of the market in the importing country for the particular U.S. agricultural commodity under consideration;

(b) The best use to be made of the export credit guarantees in assisting the importing country in meeting its particular needs for food and fiber, as may be determined through consultations with private buyers and/or representatives of the government of the importing country;

(c) Evaluation, in terms of program purposes, of the relative benefits of providing payment guarantee coverage for sales of the U.S. agricultural commodity under consideration compared to providing coverage for sales of other U.S. agricultural commodities; and

(d) Evaluation of the near and long term potential for sales on a cash basis

of the U.S. commodity under consideration.

§ 1493.6 Additional required determinations for GSM-103.

Notwithstanding any other provision under this part, CCC shall not guarantee under the GSM-103 program the repayment of credit made available to finance an export sale unless the Secretary of Agriculture determines that such sale will:

- (a) Develop, expand or maintain the importing country as a foreign market, on a long-term basis, for the commercial sale and export of U.S. agricultural commodities, without displacing normal commercial sales;
- (b) Improve the capability of the importing country to purchase or use, on a long-term basis, U.S. agricultural commodities; or
- (c) Otherwise promote the export of U.S. agricultural commodities.

Subpart B—CCC Export Credit Guarantee Program (GSM-102) and CCC Intermediate Export Credit Guarantee Program (GSM-103) Operations

§ 1493.10 General statement.

(a) *Overview.* (1) This subpart contains the regulations governing the operations of the Export Credit Guarantee Program (GSM-102) and the Intermediate Credit Guarantee Program (GSM-103). The GSM-102 and GSM-103 programs of the Commodity Credit Corporation (CCC) were developed to expand U.S. agricultural exports by making available export credit guarantees to encourage U.S. private sector financing of foreign purchases of U.S. agricultural commodities on credit terms. Under GSM-102, credit guarantees are issued for terms of up to three years. Under GSM-103, credit guarantees are issued for terms of from three to ten years.

(2) The programs operate in cases where credit is necessary to increase or maintain U.S. exports to a foreign market and where private U.S. financial institutions would be unwilling to provide financing without CCC's guarantee. The programs are operated in a manner intended not to interfere with

markets for cash sales. The programs are targeted toward those countries where the guarantees are necessary to secure financing of the exports but which have sufficient financial strength so that foreign exchange will be available for scheduled payments. In providing this credit guarantee facility, CCC seeks to expand market opportunities for U.S. agricultural exporters and assist long-term market development for U.S. agricultural commodities.

(3) The credit facility created by these programs is the CCC payment guarantee. The payment guarantee is an agreement by CCC to pay the exporter, or the U.S. financial institution that may take assignment of the exporter's right to proceeds, specified amounts of principal and interest due from, but not paid by, the foreign bank issuing an irrevocable letter of credit in connection with the export sale to which CCC's guarantee coverage pertains. By approving an exporter's application for a payment guarantee, CCC encourages private sector, rather than governmental, financing and incurs a substantial portion of the risk of default by the foreign bank. CCC assumes this risk, in order to be able to operate the programs for the purposes specified in § 1493.2.

(b) *Credit facility mechanism.* Typically, in export sales of U.S. agricultural commodities, payment by the importer is made under an irrevocable letter of credit. For the purpose of the GSM-102 and GSM-103 programs, CCC will consider applications for payment guarantees only in connection with export sales of U.S. agricultural commodities where the payment for the agricultural commodities will be made in one of the two following ways:

(1) An irrevocable foreign bank letter of credit, issued in favor of the exporter, specifically stating the deferred payment terms under which the foreign bank is obligated to make payments in U.S. dollars as such payments become due; or

(2) An irrevocable foreign bank letter of credit, issued in favor of the exporter, that is supported by a related obligation specifically stating the deferred payment terms under which the

foreign bank is obligated to make payment to the exporter, or the exporter's assignee, in U.S. dollars as such payments become due. The exporter may assign the right to proceeds under the letter of credit or related obligation to a U.S. bank or other financial institution so that the exporter may realize the proceeds of the sale prior to the deferred payment date(s) as set forth in the irrevocable foreign bank letter of credit or its related obligation. The GSM-102 and GSM-103 programs are designed to protect the exporter or the exporter's assignee against those losses specified in the payment guarantee resulting from defaults, whether for commercial or noncommercial reasons, by the foreign bank obligated under the letter of credit or related obligation.

(c) *Program administration.* The GSM-102 and GSM-103 programs will be administered pursuant to this part and any Program Announcements and Notices to Participants issued by CCC pursuant to, and not inconsistent with, this part. These programs are under the general administrative responsibility of the General Sales Manager (GSM), Foreign Agricultural Service (FAS/USDA). The review and payment of claims for loss will be administered by the Office of the Controller, CCC. Information regarding specific points of contact for the public, including names, addresses, and telephone and facsimile numbers of particular USDA or CCC offices, will be announced by a public press release (see § 1493.20(c), "Contacts P/R").

(d) *Country allocations and program announcements.* From time to time, CCC will issue a Program Announcement to announce a GSM-102 and/or GSM-103 program allocation for a specific country. The Program Announcement for a country allocation will designate specific allocations for U.S. agricultural commodities or products thereof. Exporters may negotiate export sales to buyers in that country for one of the commodities specified in the Program Announcement and seek payment guarantee coverage within the dollar amounts of specified coverage for that commodity. The Program Announcement will contain a requirement that the exporter's sales contract contain a shipping deadline within the ap-

plicable program year. The final date for a contractual shipping deadline will be stated in the Program Announcement. Program Announcements may also contain a specified "undesignated" or "unallocated" dollar amount for the purpose that if dollar amounts specified for a specific commodity for a country become fully used, an additional allocation from the "unallocated" or "undesignated" portion of the total country allocation may then be designated for a specific commodity. Program Announcements that include an "allocated" or "undesignated" dollar amount will contain further information on the "unallocated" or "undesignated" portion of the country allocation.

§ 1493.20 Definition of terms.

Terms set forth in this part, in CCC Program Announcements and Notices to Participants, and in any CCC-originated documents pertaining to the GSM-102 and GSM-103 programs will have the following meanings:

(a) *Assignee.* A financial institution in the United States which, for adequate consideration given, has obtained the legal rights to receive the payment of proceeds under the payment guarantee.

(b) *CCC.* The Commodity Credit Corporation, an agency and instrumentality of the United States within the Department of Agriculture, authorized pursuant to the Commodity Credit Corporation Charter Act of 1948 (15 U.S.C. 714 *et seq.*), and subject to the general supervision and direction of the Secretary of Agriculture.

(c) *Contacts P/R.* A notice issued by FAS/USDA by public press release which contains specific names, addresses, and telephone and facsimile numbers of contacts within FAS/USDA and CCC for use by persons interested in obtaining information concerning the operations of the GSM-102 or GSM-103 program. The Contacts P/R also contains details about where to submit information required to qualify for program participation, to apply for payment guarantees, to request amendments of payment guarantees, to submit evidence of export reports, and to give notices of default and file claims for loss.

(d) *Date of export.* One of the following dates, depending upon the method of shipment: the on-board date of an ocean bill of lading or the on-board ocean carrier date of an intermodal bill of lading; the on-board date of an airway bill; or, if exported by rail or truck, the date of entry shown on an entry certificate or similar document issued and signed by an official of the Government of the importing country.

(e) *Date of sale.* The earliest date on which a contractual obligation exists between the exporter, or an intervening purchaser, if applicable, and the importer under which a firm dollar-and-cent price for the sale of agricultural commodities to the importer has been established or a mechanism to establish such price has been agreed upon.

(f) *Discounts and allowances.* Any consideration provided directly or indirectly, by or on behalf of the exporter or an intervening purchaser, to the importer in connection with a sale of an agricultural commodity, above and beyond the commodity's value, stated on the appropriate FOB, FAS, CFR or CIF basis. Discounts and allowances include, but are not limited to, the provision of additional goods, services or benefits; the promise to provide additional goods, services or benefits in the future; financial rebates; the assumption of any financial or contractual obligations; the whole or partial release of the importer from any financial or contractual obligations; or settlements made in favor of the importer for quality or weight.

(g) *Eligible interest.* The maximum amount of interest, based on the interest rate indicated in CCC's payment guarantee or any amendments to such payment guarantee, which CCC agrees to pay the exporter or the exporter's assignee in the event that CCC pays a claim for loss. The maximum interest rate stated in the payment guarantee, when determined or adjusted by CCC, will not exceed the average investment rate of the most recent Treasury 52-week bill auction in effect at that time.

(h) *Exported value.* (1) Where CCC announces coverage on a FAS or FOB basis and:

(i) Where the commodity is sold on a FAS or FOB basis, the value, FAS or FOB basis, U.S. point of export, of the export sale, reduced by the value of any discounts or allowances granted to the importer in connection with such sale; or

(ii) Where the commodity was sold on a CFR or CIF basis, point of entry, the value of the export sale, FAS or FOB, point of export, is measured by the CFR or CIF value of the agricultural commodity less the cost of ocean freight, as determined at the time of application and, in the case of CIF sales, less the cost of marine and war risk insurance, as determined at the time of application, reduced by the value of any discounts or allowances granted to the importer in connection with the sale of the commodity; or

(2) Where CCC announces coverage on a CFR or CIF basis, and where the commodity is sold on a CFR or CIF basis, point of entry, the total value of the export sale, CFR or CIF basis, point of entry, reduced by the value of any discounts or allowances granted to the importer in connection with the sale of the commodity.

(3) When a CFR or CIF commodity export sale involves the performance of non-freight services to be performed outside the United States (e.g., services such as bagging bulk cargo) which are not normally included in ocean freight contracts, the value of such services and any related materials not exported from the U.S. with the commodity must also be deducted from the CFR or CIF sales price in determining the exported value.

(i) *Exporter.* A seller of U.S. agricultural commodities or products thereof that has qualified in accordance with the provisions of § 1493.30.

(j) *FAS/USDA.* The Foreign Agricultural Service, U.S. Department of Agriculture.

the exporter by a CCC-approved foreign banking institution.

(l) *GSM*. The General Sales Manager, FAS/USDA, acting in his capacity as Vice President, CCC, or his designee.

(m) *GSM-102*. A CCC program, also referred to as the "Export Credit Guarantee Program," under which payment guarantees are approved for a credit period not exceeding 3 years from the date(s) of export or from the date interest begins to accrue, whichever is earlier.

(n) *GSM-103*. A CCC program, also referred to as the "Intermediate Export Credit Guarantee Program," under which payment guarantees are approved for a credit period no less than 3 years but not exceeding 10 years from the date(s) of export or from the date interest begins to accrue, whichever is earlier.

(o) *Guaranteed value*. The maximum amount, exclusive of interest, that CCC agrees to pay the exporter or assignee under CCC's payment guarantee, as indicated on the face of the payment guarantee.

(p) *Importer*. A foreign buyer that enters into a contract with an exporter, or with an intervening purchaser, for an export sale of agricultural commodities to be shipped from the U.S. to the foreign buyer.

(q) *Incoterms*. The following customary terms, as defined by the International Chamber of Commerce, Incoterms (current revision):

- (1) Free Alongside Ship (FAS),

- (4) Cost Insurance and Freight (CIF).

(r) *Intervening purchaser*. A party that agrees to purchase U.S. agricultural commodities from an exporter and sell the same agricultural commodities to an importer.

(s) *Late interest*. Interest, in addition to the interest due under the payment guarantee, which CCC agrees to pay in connection with a claim for loss, accruing during the period beginning on the first day after receipt of a claim which CCC has determined to be in good order and ending on the day on which payment is made on such claim for loss.

(t) *Payment guarantee*. An agreement under which CCC, in consideration of a

fee paid, and in reliance upon the statements and declarations of the exporter, subject to the terms set forth in the written guarantee, this subpart, and any applicable Program Announcements or Notices to Participants, agrees to pay the exporter or the exporter's assignee in the event of a default by a foreign bank on its payment obligation under the foreign bank letter of credit issued in connection with a guaranteed sale or under the foreign bank's related obligation.

(u) *Notice to participants*. A notice issued by CCC by public press release which serves one or more of the following functions: to remind participants of the requirements of the program; to clarify the program requirements contained in these regulations in a manner which is not inconsistent with the regulations; to instruct exporters to provide additional information in applications for payment guarantees under specific country and/or commodity allocations; and to supplement the provisions of a payment guarantee, in a manner not inconsistent with these regulations, before the exporter's application for such payment guarantee is approved.

(v) *Port value*. (1) Where CCC announces coverage on a FAS or FOB basis and:

(i) Where the commodity is sold on a FAS or FOB basis, U.S. point of export, the value, FAS or FOB basis, U.S. point of export, of the export sale, including the upward tolerance, if any, as provided by the export sales contract, reduced by the value of any discounts or allowances granted to the importer in connection with such sale; or

(ii) Where the commodity was sold on a CFR or CIF basis, point of entry, the value of the export sale, FAS or FOB, point of export, including the upward tolerance, if any, as provided by the export sales contract, is measured by the CFR or CIF value of the agricultural commodity less the value of ocean freight and, in the case of CIF sales, less the value of marine and war risk insurance, reduced by the value of any discounts or allowances granted to the importer in connection with the sale of the commodity; or

(2) Where CCC announces coverage on a CFR or CIF basis and where the commodity was sold on CFR or CIF basis, point of entry, the total value of the export sale, CFR or CIF basis, point of entry, including the upward tolerance, if any, as provided by the export sales contract, reduced by the value of any discounts or allowances granted to the importer in connection with the sale of the commodity.

(3) When a CFR or CIF commodity export sale involves the performance of non-freight services to be performed outside the United States (e.g., services such as bagging bulk cargo), which are not normally included in ocean freight contracts, the value of such services and any related materials not exported from the U.S. with the commodity must also be deducted from the CFR or CIF sales price in determining the port value.

(w) *Program announcement.* An announcement issued by CCC which provides information on specific country and commodity allocations and may identify eligible agricultural commodities and countries, length of credit periods which may be covered, specify dollar limitations for CCC exposure in particular countries, and include other information and requirements.

(x) *Related obligation.* A contractual commitment by the foreign bank issuing the letter of credit in connection with an export sale to make payment(s) on principal amount(s), plus any contractual interest, in U.S. dollars, to a financial institution in the United States on deferred payment terms consistent with those permitted under CCC's credit guarantee programs. (z) *U.S. agricultural commodity.* (1) An agricultural commodity or product entirely produced in the United States; or

§ 1493.30 Information required for program participation.

Before CCC will accept an application for a payment guarantee under either the GSM-102 program or the GSM-103 program, the applicant must qualify for participation in these programs. Based upon the information submitted by the applicant and other publicly available sources, CCC will determine whether the applicant is eligible for participation in the programs.

(a) *Submission of documentation.* In order to qualify for participation in the GSM-102 and GSM-103 programs, an applicant must submit to CCC, at the address specified in the Contacts P/R, the following information:

(1) The address of the applicant's headquarters office and the name and address of an agent in the U.S. for the service of process;

(2) The legal form of doing business of the applicant, e.g., sole proprietorship, partnership, corporation, etc.

(3) The place of incorporation of the applicant, if the applicant is a corporation;

(4) The name and U.S. address of the office(s) of the applicant, and statement indicating whether the applicant is a U.S. domestic corporation, a foreign corporation or another foreign entity. If the applicant has multiple offices, the address included in the information should be that which is pertinent to the particular GSM-102 or GSM-103 export sale contemplated by the applicant;

(5) A certified statement describing the applicant's participation, if any, during the past three years in U.S.

Government programs, contracts or agreements; and

(6) A certification that: "I certify, to the best of my knowledge and belief, that neither [name of applicant] nor any of its principals has been debarred, suspended, or proposed for debarment from contracting with or participating in programs administered by any U.S. Government agency. ["Principals," for the purpose of this certification, means officers; directors; owners of five percent or more of stock; partners; and persons having primary management or supervisory responsibility within a business entity (e.g., general manager, plant manager, head of a subsidiary division, or business segment, and similar positions).] I further agree that, should any such debarment, suspension, or notice of proposed debarment occur in the future, [name of applicant] will immediately notify CCC."

(b) *Previous qualification.* Any exporter that has previously qualified under this section may submit applications for GSM-102 or GSM-103 payment guarantees. Each application must include the statement required by § 1493.40(a)(18) incorporating the certifications of § 1493.50, including the certification in § 1493.50(e) that the information previously provided pursuant to paragraph (a) of this section has not changed. If the exporter is unable to provide such certification, such exporter must update the information required by paragraph (a) of this section which has changed and certify that the remainder of the information previously provided has not changed.

(c) *Additional submissions.* CCC will promptly notify applicants that have submitted information required by this section whether they have qualified to participate in the program. Any applicant failing to qualify will be given an opportunity to provide additional information for consideration by CCC.

(d) *Ineligibility for program participation.* An applicant may be ineligible to participate in the GSM-102 or GSM-103 programs if:

(1) Such applicant is currently debarred, suspended, or proposed for debarment from contracting with or participating in any program administered by a U.S. Government agency; or

(2) Such applicant is controlled or can be controlled, in whole or in part, by any individuals or entities currently debarred, suspended or proposed for debarment from contracting with or participating in programs administered by any U.S. Government agency.

§ 1493.40 Application for payment guarantee.

(a) A firm export sale must exist before an exporter may submit an application for a payment guarantee. An application for a payment guarantee may be submitted in writing or may be made by telephone, but, if made by telephone, it must be confirmed in writing to the office specified in the Contacts P/R. An application must identify the name and address of the exporter and include the following information:

- (1) Name of the destination country.
- (2) Name and address of the importer.
- (3) Name and address of the intervening purchaser, if any, and a statement that the commodity will be shipped directly to the importer in the destination country.
- (4) Date of sale.
- (5) Exporter's sale number.
- (6) Delivery period as agreed between the exporter and the importer.
- (7) A full description of the commodity (including packaging, if any).
- (8) Mean quantity, contract loading tolerance and, if necessary, a request for CCC to reserve coverage up to the maximum quantity permitted by the contract loading tolerance.
- (9) Unit sales price of the commodity, or a mechanism to establish the price, as agreed between the exporter and the importer. If the commodity was sold on the basis of CFR or CIF, the actual (if known at the time of application) or estimated value of freight and, in the case of sales made on a CIF basis, the actual (if known at the time of application) or estimated value of marine and war risk insurance, must be specified.
- (10) Description and value of discounts and allowances, if any.
- (11) Port value (includes upward loading tolerance, if any).
- (12) Guaranteed value.
- (13) Guarantee fee.
- (14) Name and location of the foreign bank issuing the letter of credit.

(15) The term length for the credit being extended and the intervals between principal payments for each shipment to be made under the export sale.

(16) A statement indicating whether any portion of the export sale for which the exporter is applying for a payment guarantee is also being used as the basis for an application for participation in any of the following CCC or USDA export programs: Export Enhancement Program, Dairy Export Incentive Program, Sunflowerseed Oil Assistance Program, or Cottonseed Oil Assistance Program. The number of the Agreement assigned by USDA under one of these programs should be included, as applicable.

(17) Other information as specified in Notices to Participants, as applicable.

(18) The exporter's statement, "All Section 1493.50 Certifications Are Being Made In This Application" which, when included in the application by the exporter, will constitute a certification that it is in compliance with all the requirements set forth in §1493.50.

(b) An application for a payment guarantee may be approved as submitted, approved with modifications agreed to by the exporter, or rejected by the GSM. In the event that the application is approved, the GSM will cause a payment guarantee to be issued in favor of the exporter. Such payment guarantee will become effective at the time specified in §1493.60(b). If, based upon a price review, the unit sales price of the commodity does not fall within the prevailing commercial market level ranges, as determined by CCC, the application will not be approved.

§ 1493.50 Certification requirements for obtaining payment guarantee.

By providing the statement in §1493.40(a)(18), the exporter is certifying that the information provided in the application is true and correct and, further, that all requirements set forth in this section have been or will be met. The exporter will be required to provide further explanation or documentation with regard to applications that do not include this statement. The exporter, in submitting an application for a payment guarantee and providing

the statement set forth in §1493.40(a)(18), certifies that:

(a) The agricultural commodity or product to be exported under the payment guarantee is a U.S. agricultural commodity as defined by §1493.20(z).

(b) There have not been and will not be any corrupt payments or extra sales services or other items extraneous to the transaction provided, financed, or guaranteed in connection with the transaction, and that the transaction complies with applicable United States law;

(c) If the agricultural commodity is vegetable oil or a vegetable oil product, that none of the agricultural commodity or product has been or will be used as a basis for a claim of a refund, as drawback, pursuant to section 313 of the Tariff Act of 1930, 19 U.S.C. 1313, of any duty, tax or fee imposed under Federal law on an imported commodity or product;

(d) No person or selling agency has been employed or retained to solicit or secure the payment guarantee, and that there is no agreement or understanding for a commission, percentage, brokerage, or contingent fee, except in the case of bona fide employees or bona fide established commercial or selling agencies maintained by the exporter for the purpose of securing business; and

(e) The information provided pursuant to §1493.30 has not changed, the exporter still meets all of the qualification requirements of §1493.30, and the exporter will immediately notify CCC if there is a change of circumstances which would cause it to fail to meet such requirements. If the exporter breaches or violates these certifications with respect to a GSM-102 or GSM-103 payment guarantee, CCC will have the right, notwithstanding any other rights provided under this subpart, to annul guarantee coverage for any commodities not yet exported and/or to proceed against the exporter.

[59 FR 52876, Oct. 19, 1994, as amended at 62 FR 24561, May 6, 1997]

§ 1493.60 Payment guarantee.

(a) *CCC's obligation.* The payment guarantee will provide that CCC agrees to pay the exporter or the exporter's assignee an amount not to exceed the

guaranteed value, plus eligible interest, in the event that the foreign bank fails to pay under the foreign bank letter of credit or the related obligation. Payment by CCC will be in U.S. dollars.

(b) *Period of guarantee coverage.* The payment guarantee will apply to the period beginning either on the date(s) of export(s) or on the date when interest begins to accrue, whichever is earlier, and will continue during the credit term specified in the payment guarantee or amendments thereto. However, the payment guarantee becomes effective on the date(s) of export(s) of the agricultural commodities or products thereof specified in the exporter's application for a payment guarantee.

(c) *Terms of the CCC payment guarantee.* The terms of CCC's coverage will be set forth in the payment guarantee, as approved by CCC, and will include the provisions of this subpart, which may be supplemented by any Program Announcements and/or Notices to Participants in effect at the time the payment guarantee is approved by CCC.

(d) *Final date to export.* The final date to export shown on the payment guarantee will be one month, as determined by CCC, after the contractual deadline for shipping.

(e) *Reserve coverage for loading tolerances.* The exporter may apply for a payment guarantee and, if coverage is available, pay the guarantee fee, based at least on, the amount of the lower loading tolerance of the export sales contract; however, the exporter may also request that CCC reserve additional guarantee coverage to accommodate up to the amount of the upward loading tolerance specified in the export sales contract. If such additional guarantee coverage is available at the time of application and CCC determines to make such reservation, it will so indicate to the exporter. In the event that the exporter ships a quantity greater than the amount on which the guarantee fee was paid (i.e., lower loading tolerance), it may obtain the additional coverage from CCC, up to the amount of the upward loading tolerance, by filing for an amendment to the payment guarantee, and by paying the additional amount of fee applicable. If such amendment to the payment

guarantee is not filed with CCC by the exporter within 30 days after the date of the last export against the sales contract, CCC may determine not to reserve the coverage originally set aside for the exporter.

(f) *Ineligible exports.* Commodities with a date of export prior to the date of receipt by CCC of the exporter's telephonic or written application for a payment guarantee, or with a date of export made after the final date for export shown on the payment guarantee or any amendments thereof, are ineligible for GSM-102 or GSM-103 guarantee coverage, except where it is determined by the GSM to be in the best interests of CCC to provide guarantee coverage on such commodities.

(g) *Foreign agricultural component.* CCC may approve payment guarantees under this subpart only in connection with sales of United States agricultural commodities as defined in §1493.20(z). CCC may not provide guarantee coverage under this subpart on credit extended for the value of any foreign agricultural component.

(h) *Additional requirements.* The payment guarantee may contain such additional terms, conditions, and limitations as deemed necessary or desirable by the GSM. Such additional terms, conditions or qualifications, as stated in the payment guarantee are binding on the exporter or the exporter's assignee.

(i) *Amendments.* A request for an amendment of a payment guarantee may be submitted only by the exporter (with the concurrence of the assignee, if any). CCC will consider such a request only if the amendment sought is consistent with this subpart and any applicable Program Announcements and Notices to Participants. Amendments may include, but will not be limited to, a change in the credit period and an extension of time to export. Any amendment to the payment guarantee, particularly those that result in an increase in CCC's liability under the payment guarantee, may result in an increase in the guarantee fee. (Technical corrections or corrections of a clerical error which may be submitted by the exporter or the exporter's assignee are not viewed as amendments.)

§ 1493.70 Guarantee rates and fees.

(a) *Guarantee fee rates.* The payment guarantee fee rates will be based upon the length of the payment terms provided for in the export sale contract, the degree of risk that CCC assumes, as determined by CCC, and any other factors which CCC determines appropriate for consideration. A current schedule of the guarantee fee rates charged by CCC under GSM-102 and GSM-103 will be available upon request from the FAS/USDA office specified in the Contacts P/R.

(b) *Calculation of fee.* The guarantee fee will be computed by multiplying the guaranteed value by the guarantee fee rate.

(c) *Payment of fee.* The exporter shall remit, with his written application, the full amount of the guarantee fee. Applications will not be approved until the guarantee fee has been received by CCC. The exporter's check for the guarantee fee shall be made payable to CCC and mailed or delivered by courier to the office specified in the Contacts P/R.

(d) *Refunds of fee.* Guarantee fees paid in connection with approved applications will ordinarily not be refundable. CCC's approval of the application will be final and refund of the guarantee fee will not be made after approval unless the GSM determines that such refund will be in the best interest of CCC. If the application for a payment guarantee is not approved or is approved only for a part of the guarantee coverage requested, a full or pro rata refund of the fee remittance will be made.

§ 1493.80 Evidence of export.

(a) *Report of export.* The exporter is required to provide CCC an evidence of export report for each shipment made under the payment guarantee. This report must include the following:

- (1) Payment guarantee number
- (2) Date of export
- (3) Exporter's sale number
- (4) Exported value
- (5) Quantity
- (6) A full description of the commodity exported
- (7) Unit sales price received for the commodity exported and the basis (e.g., FOB, CFR, CIF). Where the unit sales price at export differs from the unit sales price indicated in the export-

er's application for a payment guarantee, the exporter is also required to submit a statement explaining the reason for the difference.

(8) Description and value of discounts and allowances, if any.

(9) Number of the Agreement assigned by USDA under another program if any portion of the export sale was also approved for participation in the following CCC or USDA export programs: Export Enhancement Program, Dairy Export Incentive Program, Sunflowerseed Oil Assistance Program, or Cottonseed Oil Assistance Program.

(10) The exporter's statement, "All § 1493.90 Certifications Are Being Made In This Evidence Of Export" which, when included in the evidence of export by the exporter, will constitute a certification that it is in compliance with all the requirements set forth in § 1493.90.

(b) *Time limit for submission of evidence of export.* The exporter must provide a written report to the office specified in the Contacts P/R within 60 calendar days if the export was by rail or truck; or 30 calendar days if the export was by any other carrier. The time period for filing a report of export will commence upon each date of export of the commodity covered under a payment guarantee. If the evidence of export report is not received by CCC within the time period for filing, the payment guarantee will become null and void only if and only to the extent that failure to make timely filing resulted, or would be likely to result, in:

- (1) Significant financial harm to CCC;
- (2) The undermining of an essential regulatory purpose of the program;
- (3) Obstruction of the fair administration of the program; or
- (4) A threat to the integrity of the program. The time limit for submission of an evidence of export report may be extended if such extension is determined by the GSM to be in the best interests of CCC.

(c) *Export sales reporting.* Exporters may have a mandatory reporting responsibility under Section 602 of the Agricultural Trade Act of 1978 (7 U.S.C. 5712), as amended by Section 1531 of the Food, Agriculture, Conservation, and Trade Act of 1990 for exports of wheat

§ 1493.90

and wheat flour, feed grains, oilseeds, cotton, and other agricultural commodities and products thereof.

§ 1493.90 Certification requirements for the evidence of export.

By providing the statement contained in § 1493.80(a)(10), the exporter is certifying that the information provided in the evidence of export report is true and correct and, further, that all requirements set forth in this section have been or will be met. The exporter will be required to provide further explanation or documentation with regard to reports that do not include this statement. If the exporter breaches or violates these certifications with respect to a GSM-102 or GSM-103 payment guarantee, CCC will have the right, notwithstanding any other rights provided under this subpart, to annul guarantee coverage for any commodities not yet exported and/or to proceed against the exporter. The exporter, in submitting the evidence of export and providing the statement set forth in § 1493.80(a)(10), certifies that:

(a) The agricultural commodity or product exported under the payment guarantee is a U.S. agricultural commodity as defined by § 1493.20(z).

(b) Agricultural commodities of the grade, quality and quantity called for in the exporter's sales contract with the importer have been exported to the country specified in the payment guarantee;

(c) A letter of credit has been opened in favor of the exporter by the foreign bank shown in the payment guarantee to cover the port value of the commodity exported;

(d) There have not been and will not be any corrupt payments or extra sales services or other items extraneous to the transaction provided, financed, or guaranteed in connection with the transaction, and that the transaction complies with applicable United States law; and

(e) The information provided pursuant to § 1493.30 has not changed, the exporter still meets all of the qualification requirements of § 1493.30 and the exporter will immediately notify CCC if there is a change of circumstances

7 CFR Ch. XIV (1-1-99 Edition)

which would cause it to fail to meet such requirements.

[59 FR 52876, Oct. 19, 1994, as amended at 62 FR 24561, May 6, 1997]

§ 1493.100 Proof of entry.

(a) *Diversions.* The diversion of commodities covered by a GSM-102 or GSM-103 payment guarantee to a country other than that shown on the payment guarantee is prohibited, unless expressly authorized by the GSM.

(b) *Records of proof of entry.* Exporters must obtain and maintain records of an official or customary commercial nature and grant authorized USDA officials access to such documents or records as may be necessary to demonstrate the arrival of the agricultural commodities exported in connection with the GSM-102 or GSM-103 programs in the country that was the intended country of destination of such commodities. Records demonstrating proof of entry must be in English or be accompanied by a certified or other translation acceptable to CCC. Records acceptable to meet this requirement include an original certification of entry signed by a duly authorized customs or port official of the importing country, by the importer, by an agent or representative of the vessel or shipline which delivered the agricultural commodity to the importing country, or by a private surveyor in the importing country, or other documentation deemed acceptable by the GSM showing:

(1) That the agricultural commodity entered the importing country;

(2) The identification of the export carrier;

(3) The quantity of the agricultural commodity;

(4) The kind, type, grade and/or class of the agricultural commodity; and

(5) The date(s) and place(s) of unloading of the agricultural commodity in the importing country. [Records of proof of entry need not be submitted with a claim for loss, except as may be provided in § 1493.110(b)(4)(ii).]

§ 1493.110 Notice of default and claims for loss.

(a) *Notice of default.* If the foreign bank issuing the letter of credit fails to make payment pursuant to the terms

of the foreign bank letter of credit or related obligation, the exporter or the exporter's assignee must submit a notice of default to CCC as soon as possible, but not later than 10 calendar days after the date that payment was due from the foreign bank (the due date). A notice of default must be submitted in writing to the Treasurer, CCC, at the address specified in the Contacts P/R. If the exporter or the exporter's assignee fails to promptly notify CCC of defaults in accordance with this paragraph, CCC may make the payment guarantee null and void with respect to any payment(s) applicable to such default. This time limit may be extended only under extraordinary circumstances and if such extension is determined by the Controller, CCC, to be in the best interests of CCC. The notice of default must include:

- (1) Payment guarantee number;
- (2) Name of the country;
- (3) Name of the defaulting bank;
- (4) Due date;
- (5) Total amount of the defaulted payment due, indicating separately the amounts for principal and interest;
- (6) Date of foreign bank's refusal to pay, if applicable; and
- (7) Reason for foreign bank's refusal to pay, if known.

(b) *Filing a claim for loss.* A claim for a loss by the exporter or the exporter's assignee will not be paid if it is made later than six months from the due date of the defaulted payment. A claim for loss must be submitted in writing to the Treasurer, CCC, at the address specified in the Contacts P/R. The claim for loss must include the following information and documents:

- (1) Payment guarantee number;
- (2) A certification that the scheduled payment has not been received;
- (3) A certification of the amount of accrued interest in default, the date interest began to accrue, and the interest rate on the foreign bank obligation applicable to the claim;
- (4) A copy of each of the following documents, with a cover document containing a signed certification by the exporter or the exporter's assignee that each page of each document is a true and correct copy:
 - (i)(A) The foreign bank letter of credit securing the export sale; and

(B) If applicable, the document(s) evidencing the related obligation owed by the foreign bank to the assignee financial institution which is related to the foreign bank's letter of credit issued in favor of the exporter. Such related obligation must be demonstrated in one of the following ways:

(1) The related obligation, including a specific promise to pay on deferred payment terms, may be contained in the letter of credit as a special instruction from the issuing bank directly to the U.S. financial institution to refinance the amounts paid by the U.S. financial institution for obligations financed according to the tenor of the letter of credit; or

(2) The related obligation may be memorialized in a separate document(s) specifically identified and referred to in the letter of credit as the agreement under which the foreign bank is obliged to repay the U.S. financial institution on deferred payment terms; or

(3) The letter of credit payment obligations may be specifically identified in a separate document(s) setting forth the related obligation, or in a duly executed amendment thereto, as having been financed by the U.S. financial institution pursuant to, and subject to repayment in accordance with the terms of, such related obligation; or

(4) The related obligation may be memorialized in the form of a promissory note executed by the foreign bank issuing the letter of credit in favor of the U.S. financial institution submitting the claim;

(ii) Depending upon the method of shipment, the negotiable ocean carrier or intermodal bill(s) of lading signed by the shipping company with the on-board ocean carrier date for each shipment, the airway bill, or, if shipped by rail or truck, the entry certificate or similar document signed by an official of the importing country;

(iii)(A) The exporter's invoice showing, as applicable, the FAS, FOB, CFR or CIF values; or

(B) If there was an intervening purchaser, both the exporter's invoice to the intervening purchaser and the intervening purchaser's invoice to the importer;

(iv) An instrument, in form and substance satisfactory to CCC, subrogating to CCC the respective rights of the exporter and the exporter's assignee, if applicable, to the amount of payment in default under the applicable export sale. The instrument must reference the applicable foreign bank letter of credit and the related obligation, if applicable; and

(v) A copy of the report(s) of export previously submitted by the exporter to CCC pursuant to § 1493.80(a).

(c) *Subsequent claims for defaults on installments.* If the initial claim is found in good order, the exporter or an exporter's assignee need only provide all of the required claims documents with the initial claim relating to a covered transaction. For subsequent claims relating to failure of the foreign bank to make scheduled installments on the same export shipment, the exporter or the exporter's assignee need only submit to CCC a notice of such failure containing the information stated in paragraph (b)(1), (2), and (3) of this section; an instrument of subrogation as per paragraph (b)(4)(iv) of this section, and including the date the original claim was filed with CCC.

§ 1493.120 Payment for loss.

(a) *Determination of CCC's liability.* Upon receipt in good order of the information and documents required under § 1493.110, CCC will determine whether or not a loss has occurred for which CCC is liable under the applicable payment guarantee, this subpart and any applicable supplemental Program Announcements and Notices to Participants. If CCC determines that it is liable to the exporter and/or the exporter's assignee, CCC will pay the exporter or the exporter's assignee in accordance with paragraphs (b) and (c) of this section.

(b) *Amount of CCC's liability.* CCC's maximum liability for any claims for loss submitted with respect to any payment guarantee, not including any late interest payments due in accordance with paragraph (c) of this section, will be limited to the lesser of:

(1) The guaranteed value as stated in the payment guarantee, plus eligible interest; or

(2) The guaranteed percentage (as indicated in the payment guarantee) of the exported value indicated in the evidence of export, plus eligible interest.

(c) *Late interest payment.* If a claim is not paid within one day of receipt of a claim which CCC has determined to be in good order, late interest will accrue in favor of the exporter or the exporter's assignee beginning with the first day after the day of receipt of a claim found by CCC to be in good order and continuing until and including the date that payment is made by CCC. Late interest will be paid on the guaranteed amount, as determined by paragraphs (b)(1) and (2) of this section, and will be calculated based on the average investment rate of the most recent Treasury 91-day bill auction as announced by the Department of Treasury as of the due date.

(d) *Accelerated payments.* CCC will pay claims only for losses on amounts not paid as scheduled. CCC will not pay claims for amounts due under an accelerated payment clause in the export sales contract, the foreign bank's letter of credit, or any obligation owed by the foreign bank to the assignee U.S. financial institution which is related to the foreign bank's letter of credit issued in favor of the exporter, unless it is determined to be in the best interests of CCC by the Controller, CCC. Notwithstanding the foregoing, CCC at its option may declare the entire amount of the unpaid balance, plus accrued interest, in default and make payment to the exporter or the exporter's assignee in addition to such other claimed amount as may be due from CCC.

(e) *Action against the assignee.* Notwithstanding any other provision in this subpart to the contrary, with regard to commodities covered by a payment guarantee, CCC will not hold the assignee responsible or take any action or raise any defense against the assignee for any action, omission, or statement by the exporter of which the assignee has no knowledge, provided that:

(1) The exporter complies with the reporting requirements under § 1493.80 and § 1493.90, excluding post-export adjustments (i.e., corrections to evidence of export reports); and

(2) The exporter or the exporter's assignee furnishes the statements and documents specified in §1493.110.

§ 1493.130 Recovery of losses.

(a) *Notification.* Upon payment of loss to the exporter or the exporter's assignee, CCC will notify the foreign bank of CCC's rights under the subrogation agreement to recover all monies in default.

(b) *Receipt of monies.* (1) In the event that monies for a defaulted payment are recovered by the exporter or the exporter's assignee from the importer, the foreign bank, or any other source whatsoever, such monies shall be immediately paid to the Treasurer, CCC. If such monies are not received by CCC within 15 business days from the date of recovery by the exporter or the exporter's assignee, the exporter or the exporter's assignee will owe to CCC interest from the date of recovery to the date of receipt by CCC. This interest will be calculated based on the latest average investment rate of the most recent Treasury 91-day bill auction, as announced by the Department of Treasury, in effect on the date of recovery and will accrue from such date to the date of payment by the exporter or the exporter's assignee to CCC. Such interest will be charged only on CCC's share of the recovery.

(2) If CCC recovers monies that should be applied to a payment guarantee for which a claim has been paid by CCC, CCC will pay the holder of the payment guarantee its pro rata share immediately, provided that the required information necessary for determining pro rata distribution has been furnished. If payment is not made by CCC within 15 business days from the date of recovery or 15 business days from receiving the required information for determining pro rata distribution, whichever is later, CCC will pay interest calculated on the latest average investment rate of the most recent Treasury 91-day bill auction, as announced by the Department of Treasury, in effect on the date of recovery and such interest will accrue from such date to the date of payment by CCC. The interest will apply only to the portion of the recovery payable to the holder of the payment guarantee.

(c) *Allocation of recoveries.* Recoveries made by CCC from the importer or the foreign bank, and recoveries received by CCC from the exporter, the exporter's assignee, or any other source whatsoever, will be allocated by CCC to the exporter or the exporter's assignee and to CCC on a pro rata basis determined by their respective interests in such recoveries. The respective interest of each party will be determined on a pro rata basis, based on the combined amount of principal and interest in default. Once CCC has paid out a particular claim under a GSM-102 or GSM-103 payment guarantee, CCC prorates any collections it receives and shares these collections proportionately with the holder of the guarantee until both CCC and the holder of the guarantee have been reimbursed in full. Appendix A to §1493.130—Illustration of Pro Rata Allocation of Recoveries—provides an example of the methodology used by CCC in applying this paragraph (c).

(d) *Liabilities to CCC.* Notwithstanding any other terms of the payment guarantee, the exporter may be liable to CCC for any amounts paid by CCC under the payment guarantee when and if it is determined by CCC that the exporter has engaged in fraud, or has been or is in material breach of any contractual obligation, certification or warranty made by the exporter for the purpose of obtaining the payment guarantee or for fulfilling obligations under GSM-102 or GSM-103. Further, the exporter's assignee may be liable to CCC for any amounts paid by CCC under the payment guarantee when and if it is determined by CCC that the exporter's assignee has engaged in fraud or otherwise violated program requirements.

(e) *Good faith.* The violation by an exporter of the certifications in §1493.50(b) and §1493.90(d) or the failure of an exporter to comply with the provisions of §1493.100 or §1493.140(e) will not affect the validity of any payment guarantee with respect to an assignee which had no knowledge of such violation or failure to comply at the time such exporter applied for the payment guarantee or at the time of assignment of the payment guarantee.

(f) *Cooperation in recoveries.* Upon payment by CCC of a claim to the exporter or the exporter's assignee, the exporter

or the exporter's assignee will cooperate with CCC to effect recoveries from the foreign bank and/or the importer.

APPENDIX A TO § 1493.130—ILLUSTRATION OF PRO RATA ALLOCATION OF RECOVERIES

The following example illustrates CCC's policy, as set forth in § 1493.130(c), regarding pro rata sharing of recoveries made for claims filed under the GSM-102 and GSM-103 programs. A typical case might be as follows:

1. The U.S. bank enters into a \$300,000 three-year credit arrangement with the foreign bank calling for equal annual payments of principal and annual payments of interest at a rate of 10 percent per annum and a penalty interest rate of 12 percent per annum on overdue amounts until the overdue amount is paid.

2. The foreign bank fails to make the final principal payment of \$100,000 and an interest payment of \$10,000, both due on January 31.

3. On February 10, the U.S. bank files a claim in good order with CCC.

4. CCC's guarantee states that CCC's maximum liability is limited to 98 percent of the principal amount due (\$98,000) and interest at a rate of 8 percent per annum (basis 365 days) on 98 percent of the principal (\$7,840).

5. CCC pays the claim on February 22.

6. The latest bond equivalent rate of the 52-week Treasury bill auction average which has been published by the Department of Treasury in effect on the date of nonpayment (January 31) is 9 percent. The latest investment rate of the 91-day Treasury Bill auction average which has been published by the Department of Treasury in effect on the date of nonpayment by CCC (February 11) is 7 percent.

COMPUTATION OF OBLIGATIONS

Using the above case, CCC's payment to the holder of the payment guarantee would be computed as follows:

1. CCC's Obligation under the Payment Guarantee:

(a)	Principal coverage— (98% × \$100,000).	\$98,000.00
(b)	Interest coverage— (8% × \$98,000).	\$7,840.00
.....		\$105,840.00
(c)	Late interest due from CCC (7% per annum for 11 days × \$105,840).	\$223.28
(d)	Amount paid by CCC on February 22.	\$106,063.28

2. Foreign Bank's Obligation under the Letter of Credit or the Related Obligation:

(a)	Principal due January 31.	\$100,000.00
.....	Interest due January 31 (10% × \$100,000).	\$10,000.00
.....	Amount owed by for- eign bank as of Jan- uary 31.	\$110,000.00
(b)	Penalty interest due (12% per annum for 22 days × \$100,000).	\$795.62
(c)	Amount owed by for- eign bank as of Feb- ruary 22.	\$110,795.62

3. Amount of Foreign Bank's Obligation Not Covered by CCC's Payment Guarantee: \$4,668.55

COMPUTATION OF PRO RATA SHARING IN RECOVERY OF LOSSES

In establishing each party's respective interest in any recovery of losses, the total amount due under the foreign bank obligation would be determined as of the date the claim is paid by CCC (February 22). Using the above example in which the amount owed by the foreign bank is \$110,000, CCC would be entitled to 95.75 percent (\$106,063.07 divided by \$110,765.62) and the holder of the payment guarantee would be entitled to 4.21 percent (\$4,668.55 divided by \$110,795.62) of any recoveries of losses after settlement of the claim. Since in this example, the losses were recovered after the claim has been paid by CCC, § 1493.130(b) would apply.

§ 1493.140 Miscellaneous provisions.

(a) *Assignment.* (1) The exporter may assign the proceeds which are, or may become, payable by CCC under a payment guarantee or the right to such proceeds only to a financial institution in the U.S. The assignment must cover all amounts payable under the payment guarantee not already paid, may not be made to more than one party, and may not, unless approved in advance by CCC, be:

- (i) Made to one party acting for two or more parties or
- (ii) Subject to further assignment.

(2) An original and two copies of the written notice of assignment signed by the parties thereto must be filed by the assignee with the Treasurer, CCC, at the address specified in the Contacts P/R.

(3) Receipt of the notice of assignment will ordinarily be acknowledged to the exporter and its assignee in writing by an officer of CCC. In cases

where a financial institution is determined to be ineligible to receive an assignment, in accordance with paragraph (b) of this section, CCC will provide notice thereof, to the financial institution and to the exporter issued the payment guarantee, in lieu of an acknowledgment of assignment.

(4) The name and address of the assignee must be included on the written notice of assignment.

(b) *Ineligibility of financial institutions to receive an assignment.* A financial institution will be ineligible to receive an assignment of proceeds which may become payable under a payment guarantee if, at the time of assignment, such financial institution:

(1) Is not in sound financial condition, as determined by the Treasurer of CCC; or

(2) Is the financial institution issuing the letter of credit or branch, agency, or subsidiary of such institution; or

(3) Is owned or controlled by an entity that owns or controls the financial institution issuing the letter of credit; or

(4) Is the U.S. parent of the foreign bank issuing the letter of credit.

(c) *Ineligibility of financial institutions to receive proceeds.* A financial institution will be ineligible to receive proceeds payable under a payment guarantee approved by CCC if such financial institution:

(1) At the time of assignment of a payment guarantee, is not in sound financial condition, as determined by the Treasurer of CCC;

(2) Is the financial institution issuing the letter of credit or a branch, agency, or subsidiary of such institution; or

(3) Is owned or controlled by an entity that owns or controls the financial institution issuing the letter of credit; or

(4) Is the U.S. parent of the foreign bank issuing the letter of credit.

(d) *Alternative satisfaction of payment guarantees.* CCC may, with the agreement of the exporter (or if the right to proceeds payable under the payment guarantee has been assigned, with the agreement of the exporter's assignee), establish procedures, terms and/or conditions for the satisfaction of CCC's obligations under a payment guarantee other than those provided for in this

subpart if CCC determines that those alternative procedures, terms, and/or conditions are appropriate in rescheduling the debts arising out of any transaction covered by the payment guarantee and would not result in CCC paying more than the amount of CCC's obligation.

(e) *Maintenance of records and access to premises.* (1) For a period of five years after the date of expiration of the coverage of a payment guarantee, the exporter or the exporter's assignee, as applicable, must maintain and make available all records pertaining to sales and deliveries of and extension of credit for agricultural commodities exported in connection with a GSM-102 or GSM-103 payment guarantee, including those records generated and maintained by agents, intervening purchasers, and related companies involved in special arrangements with the exporter. The Secretary of Agriculture and the Comptroller General of the United States, through their authorized representatives, must be given full and complete access to the premises of the exporter or the exporter's assignee, as applicable, during regular business hours from the effective date of the payment guarantee until the expiration of such five-year period to inspect, examine, audit, and make copies of the exporter's, exporter's assignee's, agent's, intervening purchaser's or related company's books, records and accounts concerning transactions relating to the payment guarantee, including, but not limited to, financial records and accounts pertaining to sales, inventory, processing, and administrative and incidental costs, both normal and unforeseen. During such period, the exporter or the exporter's assignee may be required to make available to the Secretary of Agriculture or the Comptroller General of the United States, through their authorized representatives, records that pertain to transactions conducted outside the program, if, in the opinion of the GSM, such records would pertain directly to the review of transactions undertaken by the exporter in connection with the payment guarantee.

(2) The exporter must maintain the proof of entry required by § 1493.100(b),

and must provide access to such documentation if requested by the Secretary of Agriculture or his authorized representative for the five-year period specified in paragraph (e)(1) of this section.

(f) *Responsibility of program participants.* It is the responsibility of all program participants to review, and fully acquaint themselves with, all regulations, Program Announcements, and Notices to Participants relating to the GSM-102 or GSM-103 program, as applicable. Applicants for payment guarantees under these programs are hereby on notice that they will be bound by any terms contained in applicable Program Announcements or Notices to Participants issued prior to the date of approval of a payment guarantee.

(g) *Submission of documents by principal officers.* All required submissions, including certifications, applications, reports, or requests (i.e., requests for amendments), by exporters or exporters' assignees under this subpart must be signed by a principal or officer of the exporter or exporter's assignee or their authorized designee(s). In cases where the designee is acting on behalf of the principal or the officer, the signature must be accompanied by: wording indicating the delegation of authority or, in the alternative, by a certified copy of the delegation of authority; and the name and title of the authorized person or officer. Further, the exporter or exporter's assignee must ensure that all information/reports required under these regulations are submitted within the required time limits. If requested in writing, CCC will acknowledge receipt of a submission by the exporter or the exporter's assignee. If acknowledgment of receipt is requested, the exporter or exporter's assignee must submit an extra copy of each document and a stamped self-addressed envelope for return by U.S. mail. If courier services are desired for the return receipt, the exporter or exporter's assignee must also submit a self-addressed courier service order which includes the recipient's billing code for such service.

(h) *Officials not to benefit.* No member of or delegate to Congress, or Resident Commissioner, shall be admitted to any share or part of the payment guar-

antee or to any benefit that may arise therefrom, but this provision shall not be construed to extend to the payment guarantee if made with a corporation for its general benefit.

(i) *OMB control number assigned pursuant to the Paperwork Reduction Act.* The information collection requirements contained in this part (7 CFR part 1493) have been approved by the Office of Management and Budget (OMB) in accordance with the provisions of 44 U.S.C. Chapter 35 and have been assigned OMB Control Number 0551-0004.

Subpart C—CCC Facility Guarantee Program (FGP) Operations

SOURCE: 62 FR 42656, Aug. 8, 1997, unless otherwise noted.

§ 1493.200 General statement.

This subpart governs the Commodity Credit Corporation's (CCC) Facility Guarantee Program (FGP). CCC will issue facility payment guarantees for project applications meeting the terms and conditions of the Facility Guarantee Program (FGP) and where private sector financing is otherwise not available. This subpart describes the criteria and procedures for applying for a facility payment guarantee, and contains the general terms and conditions of such a guarantee. These general terms and conditions may be supplemented by special terms and conditions specified in program announcements or notices to participants published prior to the issuance of a facility payment guarantee and, if so, will be incorporated by reference on the face of the facility payment guarantee issued by CCC.

§ 1493.210 Definition of terms.

Terms set forth in this subpart will have the following meaning:

Assignee. A financial institution in the United States which, for adequate consideration given, has obtained the legal rights to receive payment under the facility payment guarantee.

Discounts and allowances. Any consideration provided directly or indirectly, by or on behalf of an exporter, to an importer in connection with a sale of goods or services, in excess of the value of such goods or services. Discounts or allowances include, but are not limited to, the provision of additional goods, services or benefits; the promise to provide additional goods, services or benefits in the future; financial rebates; the assumption of any financial or contractual obligation; or the whole or partial release of the importer from any financial or contractual obligation.

§ 1493.230 Eligible transactions.

(a) *Program announcements.* From time to time CCC will issue program announcements indicating the availability of facility payment guarantees in connection with sales of goods or services to emerging markets. The announcements will specify the emerging markets, the maximum amount, in U.S. dollars, of guarantee exposure that CCC will undertake, and may specify special terms or conditions that will be applicable.

(b) *Sale requirements.* CCC will issue facility payment guarantees only in connection with projects that CCC determines will benefit primarily exports of U.S. agricultural commodities and products, and only where there is a firm contract for the sale of goods or services for the establishment or improvement of an agriculture-related facility. The contract may be contingent, however, on the issuance of a CCC facility payment guarantee.

(c) *Initial payment requirement.* The contract for sale of goods or services between the exporter and the importer shall oblige the importer to make an initial payment(s) to the exporter of at least 15 percent of the net contract value in §1493.260(b)(1). Such initial payment(s) shall be in U.S. dollars or instruments having a definite value in U.S. dollars, and shall be made prior to the export of the goods or services.

(d) *Required method of payment.* CCC will issue a facility payment guarantee only in connection with a sale in which payment will be made under either:

(2) An irrevocable foreign bank letter of credit supported by a related obligation specifically stating the deferred payment terms under which the foreign bank is obligated to make payment in U.S. dollars as such payments become due.

(e) *Form of letter of credit.* The foreign bank letter of credit referred to in paragraph (d) of this section shall be an irrevocable commercial letter of credit, subject to the revision of the International Chamber of Commerce Uniform Customs and Practices for Documentary Credits¹ in effect when the letter of credit is issued, providing for payment in U.S. dollars against stipulated documents and issued in favor of the exporter by a CCC-approved foreign banking institution.

(f) *Form of related obligation.* The related obligation referred to in paragraph (d) of this section shall be in one of the following forms:

(1) A letter of credit including a specific promise to pay on deferred payment terms as a special instruction from the issuing bank directly to the U.S. financial institution to refinance the amounts paid by the U.S. financial institution for obligations financed according to the tenor of the letter of credit;

(2) A separate document specifically identified and referred to in the letter of credit as the agreement under which the foreign bank is obligated to repay

the U.S. financial institution on deferred payment terms;

(3) A separate document setting forth the related obligation, or in a duly executed amendment thereto, as having been financed by a U.S. financial institution pursuant to, and subject to, repayment in accordance with the terms of such related obligation; or

(4) A promissory note executed by a foreign bank issuing the letter of credit in favor of the financial institution.

§ 1493.240 Initial application and letter of preliminary commitment.

(ii) Financial institution in the U.S. indicating an interest in financing the export sales of goods or services under the facility payment guarantee for an

amount at least equal to the net contract value listed in paragraph (a)(14) of this section less the initial payment requirement listed in paragraph (a)(15) of this section. The financial institution must state that such financing would not otherwise be available without an FGP payment guarantee;

(15) The amount to be paid in accordance with the initial payment requirement (§1493.230(c));

(16) The description and dollar amount of discounts and allowances provided in connection with the sale of goods or services covered by the facility payment guarantee;

(17) The facility base value in §1493.260(b)(2) obtained by subtracting paragraphs (a)(15) and (a)(16) of this section from paragraph (a)(14) of this section;

(iv) An analysis, including price, cost, and other assumptions, (the reasons why U.S. agricultural commodities or products will be more competitive inputs than commodities or products from other sources, and whether the projected use of U.S. agricultural commodities or products depends on the availability of U.S. export bonus or credit guarantee programs), of which inputs listed in paragraph (a)(20)(i) of this section will represent increased imports of U.S. agricultural commodities or products:

(A) To a greater degree than imports of agricultural commodities or products from other countries;

(B) To or at levels significantly above those expected in the absence of the project; and

(C) For a period of five years from the final date of export or until expiration of the facility payment guarantee, whichever comes first.

(21) If applicable, a list of agricultural outputs or final products of the proposed project and:

(i) Projected annual quantities (for five years or until the expiration of the facility payment guarantee, whichever comes first), in metric tons, of each output to be marketed;

(25) The exporter's signature.

(b) *Application fee.* The exporter shall pay the application fee specified in the program announcement at the time the application is submitted. An application will not be considered without payment of the specified fee. The application fee is nonrefundable.

(c) *Letter of preliminary commitment.* CCC will determine whether, in its judgment, the project in connection with which the exporter seeks a facility payment guarantee is likely to increase exports of U.S. agricultural commodities or products to an emerg-

ing market; and whether the project is likely to benefit primarily U.S. agricultural commodities or products as opposed to commodities or products originating in other countries. If necessary, CCC may seek additional information from an applicant prior to making its determination. If CCC determines that an application meets these standards and appears to represent, in CCC's judgment, the best use of available resources, CCC will respond to the applicant with a letter of preliminary commitment indicating CCC's interest in issuing a facility payment guarantee conditioned on its approval of the exporter's final application.

§ 1493.250 Final application and issuance of a facility payment guarantee.

(a) *Final application.* An exporter who has received a letter of preliminary commitment may, within six months of the date of such letter, submit a final application to CCC for a facility payment guarantee which shall include the following information:

(1) A cover sheet with the title: "Application for a Facility Payment Guarantee—Final Commitment."

(2) A letterhead statement from the importer's bank or other documentation confirming the importer has the financial ability to comply with the initial payment requirement in § 1493.230(c);

(3) Written evidence of a firm sale signed by the exporter and the importer, specifying at minimum, the following information: Goods or services to be exported, quantities of such items, delivery terms (e.g., FOB, CFR, CIF), delivery period(s), contract value, payment terms, and date of sale. A sales contract may be contingent upon obtaining a facility payment guarantee;

(4) A description of any changes in the information submitted in the preliminary application; and

(5) The exporter's signature;

(b) *Additional information.* CCC shall have the right to request the exporter to furnish any other information and documentation it deems pertinent to the evaluation of the exporter's final application for a final commitment.

CCC may request from the exporter an independent engineering study or economic feasibility study relating to the project.

(c) *Final commitment letter.* After making a favorable determination on the exporter's submissions, CCC will issue a final commitment letter indicating the applicable exposure fee rate and stating that CCC is prepared to issue a facility payment guarantee upon receiving full payment of the exposure fee within an allotted time. The letter will also indicate the key terms and coverage of the guarantee to be issued. CCC will also inform exporters in writing when it denies their request for a facility payment guarantee.

(d) *Exposure fee.* The exposure fee is calculated by multiplying the requested guaranteed value (up to the maximum established by CCC's final commitment letter) by the exposure fee rate. Once the facility payment guarantee is issued to the exporter, CCC will ordinarily not refund the exposure fee. If CCC does not issue a facility payment guarantee, or issues a guarantee for only part of the coverage requested, CCC will make a full or *pro rata* refund of the exposure fee, as appropriate.

(e) *Issuance of the facility payment guarantee.* Upon receipt of the exposure fee, CCC will issue a facility payment guarantee.

§ 1493.260 Facility payment guarantee.

(a) *CCC's maximum obligation.* CCC will agree to pay the exporter or the exporter's assignee an amount not to exceed the guaranteed value stipulated on the face of the facility payment guarantee, plus eligible interest, in the event that the foreign bank fails to pay under the foreign bank letter of credit or related obligation. The exact amount of CCC's liability in the event of default will be determined in accordance with §1493.310(b).

(b) *Calculation of maximum guarantee coverage.* CCC will determine the maximum amount of its obligation under a facility payment guarantee by calculating a:

(1) Net contract value equal to the contract value minus:

(i) The value of goods that are not U.S. goods; and

(ii) The cost of services that are not U.S. services (except those services the exporter requests CCC to determine are vital to the success of the project and approved to be included in the net contract value);

(2) Facility base value equal to net contract value minus:

(i) The amount to be paid in accordance with the initial payment requirement in §1493.230(c); and

(ii) The amount of discounts and allowances; and

(3) Maximum guaranteed value equal to:

(i) A principal amount determined by multiplying the facility base value (as determined in §1493.260(b)(2)) by the guaranteed percentage specified in the program announcement; and

(ii) Interest on such principal amount at the rate specified in the applicable program announcement, not to exceed the investment rate of the most recent Treasury 52-week bill auction in effect at that time.

(c) *Value and cost.* For the purposes of this section:

(1) *Value* means declared customs value of the goods; or, in the absence of specific information regarding declared customs value, the fair market wholesale value of the imported goods in the United States at the time they were acquired by the participant; and

(2) *Cost* means actual amount paid by the exporter for the services in an arms-length transaction; or in the absence of an arms-length transaction, the fair market value of the services at the time the services were provided.

(d) *U.S. content test.* (1) CCC will issue a guarantee only if the following items collectively represent less than 50 percent of the net contract value in §1493.260(b)(1):

(i) The value of imported components (except for raw materials) that are assembled, processed, or manufactured into U.S. goods included in the net contract value;

(ii) The cost of services that are not U.S. services (including freight on foreign flag carriers and transportation insurance registered with foreign agents) that, at the request of the exporter, CCC determines are vital to the success of the project and approves

their inclusion in the net contract value;

(2) For purpose of this subsection, minor or cosmetic procedures (e.g., affixing labels, cleaning, painting, polishing) do not qualify as assembling, processing or manufacturing;

(3) For purpose of this subsection, local services which involve costs for hotels, meals, transportation, and other similar services incurred in the emerging market are not U.S. services.

(e) *Period of guarantee coverage.* The payment guarantee will apply to the period beginning on the date(s) of export(s) and will continue during the credit term specified in the facility payment guarantee. For goods, the period of coverage will also apply from the date on which interest begins to accrue, if earlier than the date of export. The final payments of principal and interest by the foreign bank must come due within the period of guarantee coverage.

(f) *Terms of the CCC facility payment guarantee.* The terms of CCC's coverage will be set forth in the facility payment guarantee and will include the provisions of this subpart, which may be supplemented by any program announcement(s) or notice(s) to participants in effect at the time the facility payment guarantee is approved by CCC.

(g) *Final date to export.* The final date to export will be stated in the facility payment guarantee.

(h) *Ineligible exports.* Goods or services with a date of export prior to the date CCC issues the facility payment guarantee are ineligible for coverage unless approved by the GSM.

(i) *Additional requirements.* The facility payment guarantee may contain such additional terms, conditions, and limitations as are deemed necessary or desirable by the GSM. Such additional terms, conditions or qualifications, as stated in the facility payment guarantee, are binding on the exporter or the exporter's assignee.

(j) *Amendments.* Exporters must notify CCC of any amendments concerning contracts covered by a facility payment guarantee. CCC will determine if the contract amendments will require amendments to the facility payment guarantee. Amending the facility pay-

ment guarantee may result in an increase to the exposure fee. Requests made by the exporter to amend the facility payment guarantee so as to change the guaranteed value must have the concurrence of the assignee when an assignment has been made.

(k) *Effective date.* The facility payment guarantee shall become effective on the date of export of the goods or services.

APPENDIX TO §1493.260—ILLUSTRATION OF FGP COVERAGE OF IMPORTED RAW MATERIALS, COMPONENTS, AND SERVICES THAT ARE NOT U.S. SERVICES

The following example illustrates CCC's regulations and policy options with regard to issuing a payment guarantee for a project which includes imported raw materials, imported components, and services that are not U.S. services:

1. Ten grain trucks and one truck scale are to be exported from the U.S. to an emerging market. The trucks will provide the ability to purchase larger quantities of grain from the U.S. The contract value totals \$2,025,000, cost, insurance and freight (CIF) basis.

2. The fenders, hoods and doors of the trucks have been manufactured and assembled in the U.S. and contain some imported raw materials (sheet metal).

3. Imported components consist of starters and alternators, with a U.S. customs valuation of \$149,000. These items are installed into the trucks in the U.S.

4. The truck scale was imported from Canada into the U.S. with a U.S. customs valuation of \$20,000.

5. A U.S. citizen, will travel on a foreign airline carrier to the emerging market (airfare is \$1,000) to instruct mechanics in repair and maintenance of the trucks. He will be paid a salary for this service and, in addition, will be reimbursed separately for local costs in the emerging market (e.g., hotel, meals, transportation) which are estimated to be \$5,000.

6. The trucks are to be shipped on foreign flag vessels, and the marine insurance is to be placed with a foreign agent. The combined cost of these services that are not U.S. services for which the exporter seeks coverage is estimated to be \$500,000.

CCC'S APPROVAL OF SERVICES THAT ARE NOT U.S. SERVICES

CCC agrees to include in the net contract value the foreign flag freight and marine insurance (\$500,000) and the airfare (\$1,000) of the U.S. instructor (§1493.260(b)(1)).

CALCULATION OF NET CONTRACT VALUE

CCC will calculate the net contract value by subtracting from the contract value (\$2,025,000) the U.S. customs value of the truck scale (\$20,000) in accordance with § 1493.260(b)(1)(i) and the local costs to be incurred by the U.S. instructor (\$5,000) in accordance with § 1493.260(b)(1)(ii) to equal \$2,000,000.

CCC'S DETERMINATION OF U.S. CONTENT ELIGIBILITY

The imported components and services that are not U.S. services approved for coverage total \$650,000 (i.e., \$149,000 for starters and alternators, \$1,000 for airfare, \$500,000 for freight and insurance; or 32.5 percent of the net contract value of \$2,000,000 (§ 1493.260(b)(1)). Since this is less than 50 percent of the net contract value the transaction meets the U.S. content test (§ 1493.260(d)).

§ 1493.270 Certifications.

(a) *Exporter's signature.* The exporter's signature on documentation submitted to CCC under this subpart, is the exporter's certification that:

(1) There have not been and are no arrangements for any payments in violation of the Foreign Corrupt Practices Act of 1977, as amended, or other U.S. Laws;

(2) All information submitted to CCC is true and correct; and

(3) The exporter is in compliance with this subpart.

(b) *False certification.* False certifications under this subpart may result in the termination of the facility payment guarantee, suspension or debarment, or civil or criminal action.

§ 1493.280 Evidence of export report.

(a) *Report of export.* The exporter is required to provide CCC an evidence of export report for each shipment of goods or provision of services covered under the facility payment guarantee. Each report must be numbered in chronological order and contain the following information in the order prescribed below:

(1) The facility payment guarantee number;

(2) The date goods or services were exported or provided;

(3) The exporter's sale number, bill of lading numbers, or identification of other documents that may be submitted to establish the contract value of

the goods or services exported or provided;

(4) The net contract value of the exported goods or services as determined in accordance with § 1493.260(b)(1);

(5) The amount paid in accordance with the initial payment requirement (§ 1493.230 (c));

(6) A description and dollar value of discounts and allowances, if any;

(7) The exported value of the shipment which is the net contract value of the goods or services exported in paragraph (a)(4) of this section minus:

(i) The initial payment requirement listed in paragraph (a)(5) of this section; and

(ii) The dollar amount of any discounts and allowances listed in paragraph (a)(6) of this section;

(8) The name of the carrier and, if applicable, the name of the vessel;

(9) The final payment schedule showing the payment due dates and amounts of principal, and payment due dates for interest accrual. If the payment schedule is unknown, the exporter must indicate in writing that: "The payment schedule will be provided in an amendment to the evidence of export report when the payment schedule has been determined;"

(10) Written statements that:

(i) The goods exported or services provided were included in the final application for a final commitment as approved by CCC for coverage under the facility payment guarantee and this subpart;

(ii) The specifications and quantity of goods or services exported conform to the information contained in the exporter's application documents for a facility payment guarantee, or if different, that CCC has approved of such changes;

(iii) A letter of credit has been opened in favor of the exporter by the foreign bank shown on the facility payment guarantee to cover the dollar amount of the sale of goods or services exported less the amount paid in accordance with the initial payment requirement and less discounts and allowances; and

(11) The exporter's signature.

(b) *Final report of export.* The final evidence of export report submitted

§ 1493.290

under a facility payment guarantee must contain:

(1) A written statement that exports under the facility payment guarantee have been completed;

(2) The information requested in § 1493.280(a) for the shipment(s) included in the final report; and

(3) The combined total of all dollar amounts reported under § 1493.280 (a) and (b) for all reports.

(c) *Time limit for submission of evidence of export report.* Unless extended by CCC for good cause, the exporter must submit to CCC an evidence of export report:

(1) Within 60 days of the date goods are exported by rail or truck;

(2) Within 30 days of the date goods are exported by any other carrier; or

(3) Within 30 days of the date of export of services.

(d) *Late reports.* If the evidence of export report is not received by CCC within the time period for filing, the facility payment guarantee will become null and void only if and only to the extent that failure to make timely filing resulted, or would likely result, in:

(1) Significant financial harm to CCC;

(2) The undermining of an essential regulatory purpose of the FGP;

(3) The obstruction of the fair administration of the FGP; or

(4) A threat to the integrity of the FGP.

§ 1493.290 Proof of entry.

(a) *Diversion.* The diversion of goods covered by a facility payment guarantee to a country other than that shown on the facility payment guarantee is prohibited, unless expressly authorized by the GSM.

(b) *Records of proof of entry.* Exporters must obtain and maintain records of an official or customary commercial nature and grant authorized USDA officials access to such documents or records as may be necessary to demonstrate the arrival of the goods authorized by the facility payment guarantee. Records demonstrating proof of entry must be in English or be accompanied by a certified or other translation acceptable to CCC. Records ac-

ceptable to meet this requirement include:

(1) For goods: An original certificate, signed by a duly authorized customs or port official of the emerging market, by the importer, by an agent or representative of the vessel or ship line which delivered the goods to the emerging market, or by a private surveyor in the emerging market, or other documentation deemed acceptable by CCC:

(i) Showing that the goods entered the emerging market;

(ii) Identifying the export carrier;

(iii) Describing the goods; and

(iv) Indicating date and place the goods were unloaded in the emerging market.

(2) [Reserved]

§ 1493.300 Notice of default and claims for loss.

(a) *Notice of default.* If the foreign bank issuing the letter of credit fails to make payment pursuant to the terms of the foreign bank letter of credit or related obligation, the exporter or the exporter's assignee must submit a notice of default to CCC as soon as possible, but not later than ten days after the date that payment was due from the foreign bank (the due date). A notice of default must be submitted in writing to the Treasurer, CCC, at the address specified in the Contacts P/R. If the exporter or the exporter's assignee fails to promptly notify CCC of defaults in accordance with this paragraph, CCC may make the facility payment guarantee null and void with respect to any payment(s) applicable to such default. This time limit may be extended only under extraordinary circumstances and if approved by the Controller, CCC. The notice of default must include:

(1) Facility payment guarantee number;

(2) Name of the emerging market;

(3) Name of the defaulting bank;

(4) Payment due date;

(5) Total amount of the defaulted payment due, indicating separately the amounts for principal and interest;

(6) Date of foreign bank's refusal to pay, if applicable; and

(7) Reason for the foreign bank's refusal to pay, if known.

(b) *Filing a claim for loss.* A claim for a loss by the exporter or the exporter's assignee will not be paid if it is made later than six months from the due date of the defaulted payment. A claim for loss must be submitted in writing to the Treasurer, CCC, at the address specified in the Contacts P/R. The claim for loss must include the following information and documents:

(1) Facility payment guarantee number;

(2) A certification that the scheduled payment has not been received;

(3) A certification of the amount of accrued interest in default, the date interest began to accrue and the interest rate on the foreign bank obligation applicable to the claim; and

(4) A copy of each of the following documents, with a cover document containing a signed certification by the exporter or the exporter's assignee that each page of each document is a true and correct copy:

(i)(A) The foreign bank's letter of credit securing the export sale, and;

(B) If applicable, the document(s) evidencing the related obligation owed by the foreign bank to the assignee financial institution which is related to the foreign bank's letter of credit issued in favor of the exporter.

(ii) Depending upon the method of shipment, the negotiable ocean carrier or intermodal bill(s) of lading signed by the shipping company with the on-board ocean carrier date for each shipment, the airway bill; or, if shipped by rail or truck, the entry certificate or similar document signed by an official of the emerging market;

(iii) The exporter's sales invoice(s) showing the value and basis of sale (e.g., FOB, CFR, or CIF) or, if services are billed separately, documents that the exporter or its assignee relied upon in extending the credit to the issuing foreign bank;

(iv) An instrument, in form and substance satisfactory to CCC, subrogating to CCC the respective rights of the exporter and the exporter's assignee, if applicable, to the amount of payment in default. The instrument must reference the applicable foreign bank letter of credit and the related obligation, if applicable; and

(v) A copy of the evidence of export report(s) previously submitted by the exporter to CCC pursuant to §1493.280.

(c) *Subsequent claims for defaults on installments.* The exporter or an exporter's assignee need only provide one claim which meets full documentation requirements relating to a covered transaction. For subsequent claims relating to such failures of the foreign bank to make scheduled installments on the same export, the exporter or the exporter's assignee need only submit to CCC a notice of such failure containing the information stated in paragraphs (b) (1), (2), and (3) of this section; an instrument of subrogation as per paragraph (b)(4)(iv) of this section, and the date the original claim was filed with CCC.

§ 1493.310 Payment for loss.

(a) *Determination of CCC's liability.* Upon receipt in good order of the information and documents required under §1493.300, CCC will determine whether or not a loss has occurred for which CCC is liable under the facility payment guarantee, this subpart, program announcement(s) and notice(s) to participants. If CCC determines that it is liable to the exporter or the exporter's assignee, CCC will pay the exporter or the exporter's assignee in accordance with paragraphs (b) and (c) of this section.

(b) *Amount of CCC's liability.* CCC's maximum liability for any claims for loss submitted with respect to any facility payment guarantee, not including any late interest payments due in accordance with paragraph (c) of this section, will be limited to the lesser of:

(1) The guaranteed value as stated in the facility payment guarantee, plus eligible interest; or

(2) The guaranteed percentage (as indicated in the facility payment guarantee) of the exported value indicated in the evidence of export report (§1493.280(a)(7)), plus eligible interest.

(c) *Late interest payment.* If a claim is not paid within one day of receipt of a claim which CCC has determined to be in good order, late interest will accrue in favor of the exporter or the exporter's assignee beginning with the first day after the claim was found by CCC to be in good order and continuing

until and including the date that payment is made by CCC. Late interest will be paid on the guaranteed amount, as determined by paragraphs (b)(1) and (2) of this section, and will be calculated based on the latest average investment rate of the most recent Treasury 91-day bill auction as announced by the Department of Treasury as of the due date.

(d) *Accelerated payments.* CCC will pay claims only for losses on amounts not paid as scheduled. CCC will not pay claims for amounts due under an accelerated payment clause in the export sales contract, the foreign bank's letter of credit, or any obligation owed by the foreign bank to the assignee U.S. financial institution which is related to the foreign bank's letter of credit issued in favor of the exporter, unless it is determined to be in the best interest of CCC by the Controller, CCC. Notwithstanding the foregoing, CCC at its option may declare the entire amount of the unpaid balance, plus accrued interest, in default and make payment to the exporter or the exporter's assignee in addition to such other claimed amount as may be due from CCC.

(e) *Action against the assignee.* Notwithstanding any other provision in this subpart to the contrary, with regard to the value of goods or services covered by a facility payment guarantee, CCC will not hold the assignee responsible or take any action or raise any defense against the assignee for any action, omission or statement by the exporter of which the assignee has no knowledge, provided that:

(1) The exporter complies with the reporting requirements under §1493.270 and §1493.280 excluding post-export adjustments (i.e., corrections of evidence of export reports); and

(2) The exporter or the exporter's assignee furnishes the statements and documents specified in §1493.300.

§ 1493.320 Recovery of losses.

(a) *Notification.* Upon payment of loss to the exporter or the exporter's assignee, CCC will notify the foreign bank of CCC's rights under the subrogation agreement to recover all monies in default.

(b) *Receipt of monies.* (1) In the event that monies for a defaulted payment

are recovered by the exporter or the exporter's assignee from the importer, the foreign bank or any other source whatsoever, such monies shall be immediately paid to the Treasurer, CCC. If such monies are not received by CCC within 15 days from the date of recovery by the exporter or the exporter's assignee, the exporter or the exporter's assignee will owe to CCC interest from the date of recovery to the date of receipt by CCC. This interest will be calculated based on the latest average investment rate of the most recent Treasury 91-day auction, as announced by the Department of Treasury, in effect on the date of recovery and will accrue from such date to the date of payment by the exporter or the exporter's assignee to CCC. Such interest will be charged only on CCC's share of the recovery.

(2) If CCC recovers monies that should be applied to a facility payment guarantee for which a claim has been paid by CCC, CCC will pay the holder of the facility payment guarantee its pro rata share immediately, provided that the required information necessary for determining pro rata distribution has been furnished. If payment is not made by CCC within 15 days from the date of recovery or 15 days from receiving the required information for determining pro rata distribution, whichever is later, CCC will pay interest calculated on the latest average investment rate of the most recent Treasury 91-day bill auction, as announced by the Department of Treasury, in effect on the date of recovery and will accrue from such date to the date of payment by CCC. The interest will apply only to the portion of the recovery payable to the holder of the facility payment guarantee.

(c) *Allocation of recoveries.* Recoveries made by CCC from the importer or the foreign bank, and recoveries received by CCC from the exporter, the exporter's assignee or any other source whatsoever, will be allocated by CCC to the exporter or the exporter's assignee and to CCC on a pro rata basis determined by their respective interests in such recoveries. The respective interest of each party will be determined on a pro rata basis, based on the combined

amount of principal and interest in default. Once CCC has paid out a particular claim under a facility payment guarantee, CCC prorates any collections it receives and shares these collections proportionately with the holder of the guarantee until both CCC and the holder of the guarantee have been reimbursed in full. Appendix to §1493.320 provides an example of the methodology used by CCC in applying this paragraph (c).

(d) *Liabilities to CCC.* Notwithstanding any other terms of the facility payment guarantee, the exporter may be liable to CCC for any amounts paid by CCC under the facility payment guarantee when and if it is determined by CCC that the exporter engaged in fraud, or has been or is in breach of any contractual obligation, certification or warranty made by the exporter for the purpose of obtaining the facility payment guarantee or for fulfilling obligations under the FGP. Further, the exporter's assignee may be liable to CCC for any amounts paid by CCC under the facility payment guarantee when and if it is determined by CCC that the exporter's assignee engaged in fraud or otherwise violated program requirements.

(e) *Good faith.* The violation by an exporter of the certifications in §1493.270 or the failure of an exporter to comply with the provisions of §1493.290 or §1493.330(e) will not affect the validity of any facility payment guarantee with respect to an assignee which had no knowledge of such violation or failure to comply at the time such exporter applied for the facility payment guarantee or at the time of assignment of the facility payment guarantee.

(f) *Cooperation in recoveries.* Upon payment by CCC of a claim to the exporter or the exporter's assignee, the exporter or the exporter's assignee will cooperate with CCC to effect recoveries from the foreign bank or the importer.

APPENDIX TO §1493.320—ILLUSTRATION OF PRO RATA ALLOCATION OF RECOVERIES

The following example illustrates CCC's policy, as set forth in §1493.320, regarding pro rata sharing of recoveries made for claims filed under the FGP. For the purpose of this example only, even though CCC interest cov-

erage is on a floating rate basis, a constant rate of interest is assumed. A typical case might be as follows:

1. The U.S. bank enters into a \$300,000 three-year credit arrangement for the export sale of goods and services with the foreign bank calling for equal semi-annual payments of principal and semi-annual payment of interest at a rate of 10 percent per annum and a penalty interest rate of 12 percent per annum on overdue amounts until the overdue amount is paid.
2. Exported value reported to CCC equals \$300,000.
3. The foreign bank fails to make the final principal payment of \$50,000 and an interest payment of \$2,493.15, both due on January 31.
4. On February 10, the U.S. bank files a notice of default and claim in good order with CCC.
5. CCC's guarantee states that CCC's maximum liability is limited to 95 percent of the principal amount due (\$47,500) and interest at a rate of 8 percent per annum (basis 365 days) on 95 percent of the principal (\$1,894.80).
6. CCC pays the claim on February 22.
7. The latest investment rate of the 91-day Treasury Bill auction average which has been published by the Department of Treasury in effect on the date of nonpayment by CCC (February 11) is 7 percent.

COMPUTATION OF OBLIGATIONS

Using the above case, CCC's payment to the holder of the facility payment guarantee would be computed as follows:

1. CCC's Obligation under the Facility Payment Guarantee:	
(a) Principal coverage—(95% × \$50,000)	\$47,500.00
(b) Interest coverage—(8% × \$47,500 × 182/365)	1,894.80
Total	49,394.80
(c) Late interest due from CCC (7% per annum for 11 days × \$49,394.80)	104.20
(d) Amount paid by CCC on February 22	49,499.00
2. Foreign Bank's Obligation under the Letter of Credit or the Related Obligation:	
(a) Principal due January 31 ..	50,000.00
Interest due January 31 (10% × \$ 50,000 × 182/365)	2,493.15
Amount owed by foreign bank as of January 31 ...	52,493.15
(b) Penalty interest due (12% per annum for 22 days × \$ 50,000)	361.64
(c) Amount owed by foreign bank as of February 22	52,854.79

3. Amount of Foreign Bank's Obligation Not Covered by CCC's Payment Guarantee:	3,355.79.
--	-----------

COMPUTATION OF PRO RATA SHARING IN RECOVERY OF LOSSES

In establishing each party's respective interest in any recovery of losses, the total amount due under the foreign bank obligation would be determined as of the date the claim is paid by CCC (February 22). Using the above example in which the amount owed by the foreign bank is \$52,854.79, CCC would be entitled to 93.65 percent (\$49,499.00 divided by \$52,854.79) and the holder of the facility payment guarantee would be entitled to 6.35 percent (\$3,355.79 divided by \$52,854.79) of any recoveries of losses after settlement of the claim. Since in this example, the losses were recovered after the claim had been paid by CCC, §1493.320(b) would apply.

§ 1493.330 Miscellaneous provisions.

(a) *Assignment.* (1) The exporter may assign the proceeds which are, or may become, payable by CCC under a facility payment guarantee or the right to such proceeds only to a financial institution in the U.S. The assignment must cover all amounts payable under the facility payment guarantee not already paid, may not be made to more than one party, and may not, unless approved in advance by CCC, be subject to further assignment. Any assignment may be made to one party as agent or trustee for two or more parties participating in the assignment.

(2) An original and two copies of the written notice of assignment signed by the parties thereto must be filed by the assignee with the Treasurer, CCC, at the address specified in the Contacts P/R.

(3) Receipt of the notice of assignment will ordinarily be acknowledged to the exporter and its assignee in writing by an officer of CCC. In cases where a financial institution is determined to be ineligible to receive an assignment, in accordance with paragraph (b) of this section, CCC will provide notice thereof to such financial institution and to the exporter issued the facility payment guarantee in lieu of an acknowledgment of assignment.

(4) The name and address of the assignee must be included on the written notice of assignment.

(b) *Ineligibility of financial institutions to receive an assignment.* A financial in-

stitution will be ineligible to receive an assignment of proceeds which may become payable under a facility payment guarantee if, at the time of assignment, such financial institution:

(1) Is not in sound financial condition, as determined by the Treasurer of CCC; or

(2) Is the financial institution issuing the letter of credit or a branch, agency or subsidiary of such institution; or

(3) Is owned or controlled by an entity that owns or controls the financial institution issuing the letter of credit; or

(4) Is the U.S. parent of the foreign bank issuing the letter of credit.

(c) *Ineligibility of financial institutions to receive proceeds.* A financial institution will be ineligible to receive proceeds payable under a facility payment guarantee approved by CCC if such financial institution:

(1) At the time of assignment of a facility payment guarantee, is not in sound financial condition, as determined by the Treasurer of CCC;

(2) Is the financial institution issuing the letter of credit or a branch, agency, or subsidiary of such institution; or

(3) Is owned or controlled by an entity that owns or controls the financial institution issuing the letter of credit; or

(4) Is the U.S. parent of the foreign bank issuing the letter of credit.

(d) *Alternative satisfaction of facility payment guarantees.* CCC may, with the agreement of the exporter (or if the right to proceeds payable under the facility payment guarantee has been assigned, with the agreement of the exporter's assignee), establish procedures, terms or conditions for the satisfaction of CCC's obligations under a facility payment guarantee other than those provided for in this subpart if CCC determines that those alternative procedures, terms or conditions are appropriate in rescheduling the debts arising out of any transaction covered by the facility payment guarantee and would not result in CCC paying more than the amount of CCC's obligation.

(e) *Maintenance of records and access to premises.* (1) For a period of five years after the date of expiration of the coverage of a facility payment guarantee, the exporter or the exporter's assignee,

as applicable, must maintain and make available all records pertaining to sales and deliveries of and extension of credit for goods or services exported in connection with a facility payment guarantee, including those records generated and maintained by agents, and related companies involved in special arrangements with the exporter. The Secretary of Agriculture and the Comptroller General of the United States, through their authorized representatives, must be given full and complete access to the premises of the exporter or the exporter's assignee, as applicable, during regular business hours from the effective date of the facility payment guarantee until the expiration of such five-year period to inspect, examine, audit, and make copies of the exporter's, exporter's assignee's, or a related company's books, records, and accounts concerning transactions relating to the facility payment guarantee, including, but not limited to, financial records and accounts pertaining to sales, inventory, manufacturing, processing, and administrative and incidental costs, both normal and unforeseen.

(2) The exporter must maintain the proof of entry required by § 1493.290(b), and must provide access to such document if requested by the Secretary of Agriculture or his authorized representative for the five-year period specified in paragraph (e)(1) of this section.

(f) *Responsibility of program participants.* It is the responsibility of all program participants to review, and fully acquaint themselves with, this subpart, program announcement(s), and notice(s) to participants relating to the FGP, as applicable. Applicants for facility payment guarantees under this program are hereby on notice that they will be bound by any terms contained in applicable program announcement(s) or notice(s) to participants issued prior to the date of approval of a facility payment guarantee.

(g) *Submission of documents by principal officers.* All required submissions, including certifications, applications, reports, or requests (i.e., requests for amendments), by exporters or exporters' assignees under this subpart must be signed by a principal or officer of

the exporter or exporter's assignee or their authorized designee(s). In cases where the designee is acting on behalf of the principal or the officer, the signature must be accompanied by:

(1) Wording indicating the delegation of authority or, in the alternative, by a certified copy of the delegation of authority; and

(2) The name and title of the authorized person or officer. Further, the exporter or exporter's assignee must ensure that all information/reports required under this subpart are submitted within the required time limits. If requested in writing, CCC will acknowledge receipt of a submission by the exporter or the exporter's assignee. If acknowledgment of receipt is requested, the exporter or exporter's assignee must submit an extra copy of each document and a stamped self-addressed envelope for return by U.S. mail. If courier services are desired for the return receipt, the exporter or exporter's assignee must also submit a self-addressed courier service order which includes the recipient's billing code for such service.

(h) *Officials not to benefit.* No member of or delegate to Congress, or resident Commissioner, shall be admitted to any share or part of the facility payment guarantee or to any benefit that may arise therefrom, but this provision shall not be construed to extend to the facility payment guarantee if made with a corporation for its general benefit.

(i) *Deadlines.* (1) Where a deadline is fixed in terms of days, it means business days and excludes Saturdays, Sundays and federal holidays.

(2) Where a deadline is fixed in terms of months, the deadline falls on the same day of the month as the day triggering the deadline period, or if there is no same day, the last day of the month; and

(3) Where a deadline would otherwise fall on a Saturday, Sunday or federal holiday, the deadline shall be the next business day.

Subpart D—CCC Supplier Credit Guarantee Program Operations

SOURCE: 61 FR 33831, July 1, 1996, unless otherwise noted.

§ 1493.400 General statement.

(a) *Overview.* (1) This subpart contains the regulations governing the operations of the Supplier Credit Guarantee Program (SCGP). The restrictions and criteria set forth at subpart A for the Commodity Credit Corporation (CCC) Export Credit Guarantee Program (GSM-102) and the Intermediate Credit Guarantee Program (GSM-103) will apply to this subpart. The SCGP was developed to expand U.S. agricultural exports by making available payment guarantees to encourage U.S. exporters to extend financing on credit terms of not more than 180 days to importers of U.S. agricultural commodities.

(2) The SCGP operates in cases where credit is necessary to increase or maintain U.S. exports to a foreign market and where private U.S. exporters would be unwilling to provide financing without CCC's guarantee. The program is operated in a manner intended not to interfere with markets for cash sales. The program is targeted toward those countries where the guarantees are necessary to secure financing of the exports but which have sufficient financial strength so that foreign exchange will be available for scheduled payments. In providing this credit guarantee facility, CCC seeks to expand market opportunities for U.S. agricultural exporters and assist long-term market development for U.S. agricultural commodities.

(3) The credit facility created by this program is the SCGP payment guarantee (payment guarantee). The payment guarantee is an agreement by CCC to pay the exporter, or the U.S. financial institution that may take assignment of the exporter's right to proceeds, specified amounts of principal and, where applicable, interest due from, but not paid by, the importer incurring the obligation in connection with the export sale to which CCC's guarantee coverage pertains. By approving an exporter's application for a payment guarantee, CCC encourages private sector, rather than government, financing and incurs a substantial portion of the risk of default by the importer. CCC assumes this risk, in order to be able to operate the program for the purposes specified in § 1493.2.

(b) *Credit facility mechanism.* (1) For the purpose of the SCGP, CCC will consider applications for payment guarantees only in connection with export sales of U.S. agricultural commodities where the payment for the agricultural commodities will be made under an unconditional and irrevocable importer obligation to a U.S. exporter payable in U.S. dollars, as defined in § 1493.410(n).

(2) The exporter may assign the right to proceeds under the importer obligation to a U.S. bank or other financial institution so that the exporter may realize the proceeds of the sale prior to the deferred payment date(s) as set forth in the importer obligation.

(3) The SCGP payment guarantee is designed to protect the exporter or the exporter's assignee against those losses specified in the payment guarantee resulting from defaults, whether for commercial or noncommercial reasons, by the importer under the importer's obligation.

(c) *Program administration.* The SCGP will be administered pursuant to subpart A and this subpart and any Program Announcements and Notices to Participants issued by CCC pursuant to, and not inconsistent with, this subpart. This program is under the general administrative responsibility of the General Sales Manager (GSM), Foreign Agricultural Service (FAS/USDA). The review and payment of claims for loss will be administered by the Office of the Controller, CCC. Information regarding specific points of contact for the public, including names, addresses, and telephone and facsimile numbers of particular USDA or CCC offices, will be announced by a public press release (see § 1493.410(c), "Contacts P/R").

(d) *Country allocations and program announcements.* From time to time, CCC will issue a Program Announcement to announce a SCGP allocation for a specific country. The Program Announcement for a country allocation will designate specific allocations for U.S. agricultural commodities or products thereof, will indicate the form of promissory note required by CCC, and will provide other pertinent information. Exporters may negotiate export sales to importers in that country for one of the commodities specified in the

Program Announcement and seek payment guarantee coverage within the dollar amounts of specified coverage for that commodity. The Program Announcement will contain a requirement that the exporter's sales contract contain a shipping deadline within the applicable program year. The final date for a contractual shipping deadline will be stated in the Program Announcement. Program Announcements may also contain a specified "undesignated" or "unallocated" dollar amount for the purpose that if dollar amounts specified for a specific commodity for a country become fully used, an additional allocation from the "unallocated" or "undesignated" portion of the total country allocation may then be designated for a specific commodity. Program Announcements that include an "unallocated" or "undesignated" dollar amount will contain further information on the "unallocated" or "undesignated" portion of the country allocation.

§ 1493.410 Definition of terms.

Terms set forth in this subpart and in CCC Program Announcements, Notices to Participants, and any other CCC-originated documents pertaining to the SCGP will have the following meanings:

(a) *Assignee*. A financial institution in the United States which, for adequate consideration given, has obtained the legal rights to receive the payment of proceeds under the payment guarantee.

(b) *CCC*. The Commodity Credit Corporation, an agency and instrumentality of the United States within the Department of Agriculture, authorized pursuant to the Commodity Credit Corporation Charter Act of 1948 (15 U.S.C. 714 *et seq.*), and subject to the general supervision and direction of the Secretary of Agriculture.

(c) *Contacts P/R*. A notice issued by FAS/USDA by public press release which contains specific names, addresses, and telephone and facsimile numbers of contacts within FAS/USDA and CCC for use by persons interested in obtaining information concerning the operations of the SCGP. The Contacts P/R also contains details about where to submit information required to

qualify for program participation, to apply for payment guarantees, to request amendments of payment guarantees, to submit evidence of export reports, and to give notices of default and file claims for loss.

(d) *Date of export*. One of the following dates, depending upon the method of shipment: the on-board date of an ocean bill of lading or the on-board ocean carrier date of an intermodal bill of lading; the on-board date of an airway bill; or, if exported by rail or truck, the date of entry shown on an entry certificate or similar document issued and signed by an official of the Government of the importing country.

(e) *Date of sale*. The earliest date on which a contractual obligation exists between the exporter, or an intervening purchaser, if applicable, and the importer under which a firm dollar-and-cent price for the sale of agricultural commodities to the importer has been established or a mechanism to establish such price has been agreed upon.

(f) *Discounts and allowances*. Any consideration provided directly or indirectly, by or on behalf of the exporter, or an intervening purchaser, to the importer in connection with a sale of an agricultural commodity, above and beyond the commodity's value, stated on the appropriate FOB, FAS, CFR or CIF basis. Discounts and allowances include, but are not limited to, the provision of additional goods, services or benefits; the promise to provide additional goods, services or benefits in the future; financial rebates; the assumption of any financial or contractual obligations; the whole or partial release of the importer from any financial or contractual obligations; or settlements made in favor of the importer for quality or weight.

(g) *Eligible interest*. The maximum amount of interest, based on the interest rate indicated in CCC's payment guarantee or any amendments to such payment guarantee, which CCC agrees to pay the exporter or the exporter's assignee in the event that CCC pays a claim for loss. The maximum interest rate stated in the payment guarantee, when determined or adjusted by CCC, will not exceed the average investment rate of the most recent Treasury 52-

week bill auction in effect at that time.

(h) *Exported value.* (1) Where CCC announces coverage on a FAS or FOB basis and:

(i) Where the commodity is sold on a FAS or FOB basis, the value, FAS or FOB basis, U.S. point of export, of the export sale, reduced by the value of any discounts or allowances granted to the importer in connection with such sale; or

(ii) Where the commodity was sold on a CFR or CIF basis, point of entry, the value of the export sale, FAS or FOB, point of export, is measured by the CFR or CIF value of the agricultural commodity less the cost of ocean freight, as determined at the time of application and, in the case of CIF sales, less the cost of marine and war risk insurance, as determined at the time of application, reduced by the value of any discounts or allowances granted to the importer in connection with the sale of the commodity; or

(2) Where CCC announces coverage on a CFR or CIF basis, and where the commodity is sold on a CFR or CIF basis, point of entry, the total value of the export sale, CFR or CIF basis, point of entry, reduced by the value of any discounts or allowances granted to the importer in connection with the sale of the commodity.

(3) When a CFR or CIF commodity export sale involves the performance of non-freight services to be performed outside the United States (e.g., services such as bagging bulk cargo) which are not normally included in ocean freight contracts, the value of such services and any related materials not exported from the U.S. with the commodity must also be deducted from the CFR or CIF sales price in determining the exported value.

(2) Where CCC announces coverage on a CFR or CIF basis and where the commodity was sold on CFR or CIF basis, point of entry, the total value of the export sale, CFR or CIF basis, point of entry, including the upward tolerance, if any, as provided by the export sales contract, reduced by the value of any discounts or allowances granted to the importer in connection with the sale of the commodity.

(3) When a CFR or CIF commodity export sale involves the performance of non-freight services to be performed outside the United States (e.g., services such as bagging bulk cargo), which are not normally included in ocean freight contracts, the value of such services and any related materials not exported from the U.S. with the commodity must also be deducted from the CFR or

§ 1493.420 Information required for program participation.

Before CCC will accept an application for a payment guarantee under the SCGP, the applicant must qualify for participation in this program. Based upon the information submitted by the applicant and other publicly available sources, CCC will determine whether the applicant is eligible for participation in the program.

(a) *Submission of documentation.* In order to qualify for participation in the SCGP, an applicant must submit to

CCC, at the address specified in the Contacts P/R, the following information:

(1) The address of the applicant's headquarters office and the name and address of an agent in the U.S. for the service of process;

(2) The legal form of doing business of the applicant, e.g., sole proprietorship, partnership, corporation, etc.;

(3) The place of incorporation of the applicant, if the applicant is a corporation;

(4) The name and U.S. address of the office(s) of the applicant, and statement indicating whether the applicant is a U.S. domestic corporation, a foreign corporation or another foreign entity. If the applicant has multiple offices, the address included in the information should be that which is pertinent to the particular export sale contemplated by the applicant under this subpart;

(5) A certified statement describing the applicant's participation, if any, during the past three years in U.S. Government programs, contracts or agreements; and

(6) A certification that: "I certify, to the best of my knowledge and belief, that neither [name of applicant] nor any of its principals has been debarred, suspended, or proposed for debarment from contracting with or participating in programs administered by any U.S. Government agency. ["Principals," for the purpose of this certification, means officers; directors; owners of five percent or more of stock; partners; and persons having primary management or supervisory responsibility within a business entity (e.g., general manager, plant manager, head of a subsidiary division, or business segment, and similar positions).] I further agree that, should any such debarment, suspension, or notice of proposed debarment occur in the future, [name of applicant] will immediately notify CCC."

(b) *Previous qualification.* Any exporter that is qualified under subpart B, §1493.30 is qualified under this section to submit applications for a SCGP payment guarantee, and the information provided by the exporter pursuant to §1493.30 will be deemed to also have been provided under this section. Each application must include the statement

required by §1493.430(a)(17) incorporating the certifications of §1493.440, including the certification in §1493.440(e) that the information previously provided pursuant to §1493.420 has not changed. If the exporter is unable to provide such certification, such exporter must update the information required by paragraph (a) of this section which has changed and certify that the remainder of the information previously provided has not changed.

(c) *Additional submissions.* CCC will promptly notify applicants that have submitted information required by this section whether they have qualified to participate in the program. Any applicant failing to qualify will be given an opportunity to provide additional information for consideration by CCC.

(d) *Ineligibility for program participation.* An applicant may be ineligible to participate in the SCGP if:

(1) Such applicant is currently debarred, suspended, or proposed for debarment from contracting with or participating in any program administered by a U.S. Government agency; or

(2) Such applicant is controlled or can be controlled, in whole or in part, by any individuals or entities currently debarred, suspended or proposed for debarment from contracting with or participating in programs administered by any U.S. Government agency.

§1493.430 Application for a payment guarantee.

(a) A firm export sale must exist before an exporter may submit an application for a payment guarantee. An application for a payment guarantee may be submitted in writing or may be made by telephone, but, if made by telephone, it must be confirmed in writing to the office specified in the Contacts P/R. An application must identify the name and address of the exporter and include the following information:

(1) Name of the destination country;

(2) Name and address of the importer;

(3) Name and address of the intervening purchaser, if any, and a statement that the commodity will be shipped directly to the importer in the destination country;

(4) Date of sale;

(5) Exporter's sale number;

(6) Delivery period as agreed between the exporter and the importer;

(7) A full description of the commodity (including packaging, if any);

(8) Mean quantity, contract loading tolerance and, if the exporter chooses, a request for CCC to reserve coverage up to the maximum quantity permitted by the contract loading tolerance;

(9) Unit sales price of the commodity, or a mechanism to establish the price, as agreed between the exporter and the importer. If the commodity was sold on the basis of CFR or CIF, the actual (if known at the time of application) or estimated value of freight and, in the case of sales made on a CIF basis, the actual (if known at the time of application) or estimated value of marine and war risk insurance, must be specified;

(10) Description and value of discounts and allowances, if any;

(11) Port value (includes upward loading tolerance, if any);

(12) Guaranteed value;

(13) Guarantee fee;

(14) The term length for the credit being extended and the intervals between principal payments for each shipment to be made under the export sale;

(15) A statement indicating whether any portion of the export sale for which the exporter is applying for a payment guarantee is also being used as the basis for an application for participation in any of the following CCC or USDA export programs: Export Enhancement Program, Dairy Export Incentive Program, Sunflowerseed Oil Assistance Program, or Cottonseed Oil Assistance Program. The number of the Agreement assigned by USDA under one of these programs should be included, as applicable;

(16) Other information as requested by CCC or specified in Program Announcements and Notices to Participants, as applicable; and

(17) The exporter's statement, "ALL SECTION 1493.440 CERTIFICATIONS ARE BEING MADE IN THIS APPLICATION" which, when included in the application by the exporter, will constitute a certification that it is in compliance with all the requirements set forth in § 1493.440.

(b) An application for a payment guarantee may be approved as submit-

ted, approved with modifications agreed to by the exporter, or rejected by the GSM. In the event that the application is approved, the GSM will cause a payment guarantee to be issued in favor of the exporter. Such payment guarantee will become effective at the time specified in § 1493.450(b). If, based upon a price review, the unit sales price of the commodity does not fall within the prevailing commercial market level ranges, as determined by CCC, the application will not be approved.

(c) Ineligible exporter. An exporter will be ineligible to obtain a payment guarantee if such exporter:

(1) Directly or indirectly owns or controls the importer;

(2) Is directly or indirectly owned or controlled by the importer; or

(3) Is directly or indirectly owned or controlled by a person(s) or entity(ies) which also owns or controls the importer.

§ 1493.440 Certification requirements for payment guarantee.

By providing the statement in § 1493.430(a)(17), the exporter is certifying that the information provided in the application is true and correct and, further, that all requirements set forth in this section have been or will be met. The exporter will be required to provide further explanation or documentation with regard to applications that do not include this statement. The exporter, in submitting an application for a payment guarantee and providing the statement set forth in § 1493.430(a)(17), certifies that:

(a) The agricultural commodity or product to be exported under the payment guarantee is a U.S. agricultural commodity as defined by § 1493.410(x).

(b) There have not been and will not be any corrupt payments or extra sales services or other items extraneous to the transaction provided, financed, or guaranteed in connection with the transaction, and that the transaction complies with applicable United States law;

(c) If the agricultural commodity is vegetable oil or a vegetable oil product, that none of the agricultural commodity or product has been or will be used as a basis for a claim of a refund, as drawback, pursuant to section 313 of

the Tariff Act of 1930, 19 U.S.C. 1313, of any duty, tax or fee imposed under Federal law on an imported commodity or product;

(d) No person or selling agency has been employed or retained to solicit or secure the payment guarantee, and that there is no agreement or understanding for a commission, percentage, brokerage, or contingent fee, except in the case of bona fide employees or bona fide established commercial or selling agencies maintained by the exporter for the purpose of securing business; and

(e) The information provided pursuant to §1493.420 has not changed, the exporter still meets all of the qualification requirements of §1493.420, and the exporter will immediately notify CCC if there is a change of circumstances which would cause it to fail to meet such requirements. If the exporter breaches or violates these certifications with respect to a SCGP payment guarantee, CCC will have the right, notwithstanding any other rights provided under this subpart, to annul guarantee coverage for any commodities not yet exported and/or to proceed against the exporter.

[61 FR 33831, July 1, 1996, as amended at 62 FR 24561, May 6, 1997]

§1493.450 Payment guarantee.

(a) *CCC's obligation.* The payment guarantee will provide that CCC agrees to pay the exporter or the exporter's assignee an amount not to exceed the guaranteed value, plus eligible interest, in the event that the importer fails to pay under the importer obligation, unless CCC determines with respect to the particular transaction and claim that the guaranteed portion of the port value exceeded the prevailing U.S. market value for the same, or same type of agricultural commodity or product. In making this determination, CCC will adjust the prevailing U.S. market value for estimated freight and/or insurance costs if the export sale was made on a CFR or CIF basis. Payment by CCC will be in U.S. dollars.

(b) *Period of guarantee coverage.* The payment guarantee will apply to a credit period not exceeding 180 days beginning either on the date(s) of export(s) or from the date when interest

begins to accrue whichever is earlier, and will continue during the credit term specified in the payment guarantee or amendments thereto. However, the payment guarantee becomes effective on the date(s) of export(s) of the agricultural commodities or products thereof specified in the exporter's application for a payment guarantee.

(c) *Terms of the CCC payment guarantee.* The terms of CCC's coverage will be set forth in the payment guarantee, as approved by CCC, and will include the provisions of this subpart, which may be supplemented by any Program Announcements and/or Notices to Participants in effect at the time the payment guarantee is approved by CCC.

(d) *Final date to export.* The final date to export shown on the payment guarantee will be one month, as determined by CCC, after the contractual deadline for shipping.

(e) *Reserve coverage for loading tolerances.* The exporter may apply for a payment guarantee and, if coverage is available, pay the guarantee fee, based at least on, the amount of the lower loading tolerance of the export sales contract; however, the exporter may also request that CCC reserve additional guarantee coverage to accommodate up to the amount of the upward loading tolerance specified in the export sales contract. If such additional guarantee coverage is available at the time of application and CCC determines to make such reservation, it will so indicate to the exporter. In the event that the exporter ships a quantity greater than the amount on which the guarantee fee was paid (i.e., lower loading tolerance), it may obtain the additional coverage from CCC, up to the amount of the upward loading tolerance, by filing for an amendment to the payment guarantee, and by paying the additional amount of fee applicable. If such amendment to the payment guarantee is not filed with CCC by the exporter within 30 days after the date of the last export against the sales contract, CCC may determine not to reserve the coverage originally set aside for the exporter.

(f) *Ineligible exports.* Commodities with a date of export prior to the date

of receipt by CCC of the exporter's telephonic or written application for a payment guarantee, or with a date of export made after the final date for export shown on the payment guarantee or any amendments thereof, are ineligible for guarantee coverage under this subpart, except where it is determined by the GSM to be in the best interests of CCC to provide guarantee coverage on such commodities.

(g) *Foreign agricultural component.* CCC may approve payment guarantees under this subpart only in connection with sales of United States agricultural commodities as defined in § 1493.410(x). CCC may not provide guarantee coverage under this subpart on credit extended for the value of any foreign agricultural component.

(h) *Additional requirements.* The payment guarantee may contain such additional terms, conditions, and limitations as deemed necessary or desirable by the GSM. Such additional terms, conditions or qualifications, as stated in the payment guarantee are binding on the exporter or the exporter's assignee.

(i) *Amendments.* A request for an amendment of a payment guarantee may be submitted only by the exporter (with the concurrence of the assignee, if any). CCC will consider such a request only if the amendment sought is consistent with this subpart and any applicable Program Announcements and Notices to Participants. Amendments may include, but will not be limited to, a change in the credit period and an extension of time to export. Any amendment to the payment guarantee, particularly those that result in an increase in CCC's liability under the payment guarantee, may result in an increase in the guarantee fee. (Technical corrections or corrections of a clerical error which may be submitted by the exporter or the exporter's assignee are not viewed as amendments.)

§ 1493.460 Guarantee rates and fees.

(a) *Guarantee fee rates.* The current payment guarantee fee rate(s) will be available by Program Announcement.

(b) *Calculation of fee.* The guarantee fee will be computed by multiplying the guaranteed value by the guarantee fee rate.

(c) *Payment of fee.* The exporter shall remit, with his written application, the full amount of the guarantee fee. Applications will not be approved until the guarantee fee has been received by CCC. The exporter's check for the guarantee fee shall be made payable to CCC and mailed or delivered by courier to the office specified in the Contacts P/R.

(d) *Refunds of fee.* Guarantee fees paid in connection with approved applications will ordinarily not be refundable. CCC's approval of the application will be final and refund of the guarantee fee will not be made after approval unless the GSM determines that such refund will be in the best interest of CCC. If the application for a payment guarantee is not approved or is approved only for a part of the guarantee coverage requested, a full or pro rata refund of the fee remittance will be made.

§ 1493.470 Evidence of export.

(a) *Report of export.* The exporter is required to provide CCC an evidence of export report for each shipment made under the payment guarantee. This report must include the following:

- (1) Payment guarantee number;
- (2) Date of export;
- (3) Exporter's sale number;
- (4) Exported value;
- (5) Quantity;
- (6) A full description of the commodity exported;
- (7) Unit sales price received for the commodity exported and the basis (e.g., FOB, CFR, CIF). Where the unit sales price at export differs from the unit sales price indicated in the exporter's application for a payment guarantee, the exporter is also required to submit a statement explaining the reason for the difference;
- (8) Description and value of discounts and allowances, if any;
- (9) Number of the Agreement assigned by USDA under any other program if any portion of the export sale was also approved for participation in any of the following CCC or USDA export program: Export Enhancement Program, Dairy Export Incentive Program, Sunflowerseed Oil Assistance Program, or Cottonseed Oil Assistance Program; and
- (10) The exporter's statement, "ALL

SECTION 1493.480 CERTIFICATIONS

ARE BEING MADE IN THIS EVIDENCE OF EXPORT” which, when included in the evidence of export by the exporter, will constitute a certification that it is in compliance with all the requirements set forth in § 1493.480.

(b) *Time limit for submission of evidence of export.* The exporter must provide a written report to the office specified in the Contacts P/R within 60 calendar days if the export was by rail or truck; or 30 calendar days if the export was by any other carrier. The time period for filing a report of export will commence upon each date of export of the commodity covered under a payment guarantee. If the evidence of export report is not received by CCC within the time period for filing, the payment guarantee will become null and void only if and only to the extent that failure to make timely filing resulted, or would be likely to result, in:

- (1) Significant financial harm to CCC;
- (2) The undermining of an essential regulatory purpose of the program;
- (3) Obstruction of the fair administration of the program; or
- (4) A threat to the integrity of the program. The time limit for submission of an evidence of export report may be extended if such extension is determined by the GSM to be in the best interests of CCC.

(c) *Export sales reporting.* Exporters may have a mandatory reporting responsibility under section 602 of the Agricultural Trade Act of 1978, as amended (7 U.S.C. 5712) for exports of wheat and wheat flour, feed grains, oilseeds, cotton, and other agricultural commodities and products thereof.

§ 1493.480 Certification requirements for the evidence of export.

By providing the statement contained in § 1493.470(a)(10), the exporter is certifying that the information provided in the evidence of export report is true and correct and, further, that all requirements set forth in this section have been or will be met. The exporter will be required to provide further explanation or documentation with regard to reports that do not include this statement. If the exporter breaches or violates these certifications with respect to a SCGP pay-

ment guarantee, CCC will have the right, notwithstanding any other rights provided under this subpart, to annul guarantee coverage for any commodities not yet exported and/or to proceed against the exporter. The exporter, in submitting the evidence of export and providing the statement set forth in § 1493.470(a)(10), certifies that:

(a) The agricultural commodity or product exported under the payment guarantee is a U.S. agricultural commodity as defined by § 1493.410(x).

(b) Agricultural commodities of the grade, quality and quantity called for in the exporter's sales contract with the importer have been exported to the country specified in the payment guarantee;

(c) There is an importer obligation as defined in § 1493.410(n) to cover the exported value of the commodity exported;

(d) There have not been and will not be any corrupt payments or extra sales services or other items extraneous to the transaction provided, financed, or guaranteed in connection with the transaction, and that the transaction complies with applicable United States law; and

(e) The information provided pursuant to § 1493.420 has not changed, the exporter still meets all of the qualification requirements of § 1493.420 and the exporter will immediately notify CCC if there is a change of circumstances which would cause it to fail to meet such requirements.

[61 FR 33831, July 1, 1996, as amended at 62 FR 24561, May 6, 1997]

§ 1493.490 Proof of entry.

(a) *Diversion.* The diversion of commodities covered by a SCGP payment guarantee to a country other than that shown on the payment guarantee is prohibited, unless expressly authorized by the GSM.

(b) *Records of proof of entry.* Exporters must obtain and maintain records of an official or customary commercial nature and grant authorized USDA officials access to such documents or records as may be necessary to demonstrate the arrival of the agricultural commodities exported in connection with the SCGP in the country that was the intended country of destination of

such commodities. Records demonstrating proof of entry must be in English or be accompanied by a certified or other translation acceptable to CCC. Records acceptable to meet this requirement include an original certification of entry signed by a duly authorized customs or port official of the importing country, by the importer, by an agent or representative of the vessel or shipline which delivered the agricultural commodity to the importing country, or by a private surveyor in the importing country, or other documentation deemed acceptable by the GSM showing:

- (1) That the agricultural commodity entered the importing country;
- (2) The identification of the export carrier;
- (3) The quantity of the agricultural commodity;
- (4) The kind, type, grade and/or class of the agricultural commodity; and
- (5) The date(s) and place(s) of unloading of the agricultural commodity in the importing country. (Records of proof of entry need not be submitted with a claim for loss, except as may be provided in § 1493.500(b)(4)(ii).)

§ 1493.500 Notice of default and claims for loss.

(a) *Notice of default.* If the importer fails to make payment pursuant to the terms of the importer obligation, the exporter or the exporter's assignee must submit a notice of default to CCC as soon as possible, but not later than 10 calendar days after the date that payment was due from the importer (the due date). A notice of default must be submitted in writing to the Treasurer, CCC, at the address specified in the Contacts P/R. If the exporter or the exporter's assignee fails to promptly notify CCC of defaults in accordance with this paragraph, CCC may make the payment guarantee null and void with respect to any payment(s) applicable to such default. This time limit may be extended only under extraordinary circumstances and if such extension is determined by the Controller, CCC, to be in the best interests of CCC. The notice of default must include:

- (1) Payment guarantee number;
- (2) Name of the country;

- (3) Name of the defaulting importer;
- (4) Due date;
- (5) Total amount of the defaulted payment due, indicating separately the amounts for principal and interest;
- (6) Date of importer's refusal to pay, if applicable; and
- (7) Reason for importer's refusal to pay, if known.

(b) *Filing a claim for loss.* A claim for a loss by the exporter or the exporter's assignee will not be paid if it is made later than six months from the due date of the defaulted payment. A claim for loss must be submitted in writing to the Treasurer, CCC, at the address specified in the Contacts P/R. The claim for loss must include the following information and documents:

- (1) Payment guarantee number;
- (2) A certification that the scheduled payment has not been received;
- (3) A certification of the amount of accrued interest in default, the date interest began to accrue, and the interest rate on the importer obligation applicable to the claim;
- (4) A copy of each of the following documents, with a cover document containing a signed certification by the exporter or the exporter's assignee that each page of each document is a true and correct copy:
 - (i) The importer obligation;
 - (ii) Depending upon the method of shipment, the negotiable ocean carrier or intermodal bill(s) of lading signed by the shipping company with the on-board ocean carrier date for each shipment, the airway bill, or, if shipped by rail or truck, the entry certificate or similar document signed by an official of the importing country;
 - (iii)(A) The exporter's invoice showing, as applicable, the FAS, FOB, CFR or CIF values; or
 - (B) If there was an intervening purchaser, both the exporter's invoice to the intervening purchaser and the intervening purchaser's invoice to the importer;
 - (iv) An instrument, in form and substance satisfactory to CCC, subrogating to CCC the respective rights of the exporter and the exporter's assignee, if applicable, to the amount of payment in default under the applicable export sale. The instrument must reference the applicable importer obligation; and

(v) A copy of the report(s) of export previously submitted by the exporter to CCC pursuant to § 1493.470(a).

(c) *Subsequent claims for defaults on installments.* If the initial claim is found in good order, the exporter or an exporter's assignee need only provide all of the required claims documents with the initial claim relating to a covered transaction. For subsequent claims relating to failure of the importer to make scheduled installments on the same export shipment, the exporter or the exporter's assignee need only submit to CCC a notice of such failure containing the information stated in paragraph (b) (1), (2), and (3) of this section; an instrument of subrogation as per paragraph (b)(4)(iv) of this section, and including the date the original claim was filed with CCC.

§ 1493.510 Payment for loss.

(a) *Determination of CCC's liability.* Upon receipt in good order of the information and documents required under § 1493.500, CCC will determine whether or not a loss has occurred for which CCC is liable under the applicable payment guarantee, this subpart and any applicable supplemental Program Announcements and Notices to Participants. If CCC determines that it is liable to the exporter and/or the exporter's assignee, CCC will pay the exporter or the exporter's assignee in accordance with paragraphs (b) and (c) of this section.

(b) *Amount of CCC's liability.* Subject to a determination by CCC with respect to prevailing U.S. market value pursuant to § 1493.450(a) of this part, CCC's maximum liability for any claims for loss submitted with respect to any payment guarantee, not including any late interest payments due in accordance with paragraph (c) of this section, will be limited to the lesser of:

(1) The guaranteed value as stated in the payment guarantee, plus eligible interest; or

(2) The guaranteed percentage (as indicated in the payment guarantee) of the exported value indicated in the evidence of export, plus eligible interest.

(c) *Late interest payment.* If a claim is not paid within one day of receipt of a claim which CCC has determined to be in good order, late interest will accrue

in favor of the exporter or the exporter's assignee beginning with the first day after the day of receipt of a claim found by CCC to be in good order and continuing until and including the date that payment is made by CCC. Late interest will be paid on the guaranteed amount, as determined by paragraphs (b)(1) and (2) of this section, and will be calculated based on the average investment rate of the most recent Treasury 91-day bill auction as announced by the Department of Treasury as of the due date.

(d) *Accelerated payments.* CCC will pay claims only for losses on amounts not paid as scheduled. CCC will not pay claims for amounts due under an accelerated payment clause in the export sales contract or the importer obligation unless it is determined to be in the best interests of CCC by the Controller, CCC. Notwithstanding the foregoing, CCC at its option may declare the entire amount of the unpaid balance, plus accrued interest, in default and make payment to the exporter or the exporter's assignee in addition to such other claimed amount as may be due from CCC.

(e) *Action against the assignee.* Notwithstanding any other provision in this subpart to the contrary, with regard to commodities covered by a payment guarantee, CCC will not, except pursuant to a determination under § 1493.450(a) of this part, hold the assignee responsible or take any action or raise any defense against the assignee for any action, omission, or statement by the exporter of which the assignee has no knowledge, provided that:

(1) The exporter complies with the reporting requirements under §§ 1493.470 and 1493.480, excluding post-export adjustments (i.e., corrections to evidence of export reports); and

(2) The exporter or the exporter's assignee furnishes the statements and documents specified in § 1493.500.

§ 1493.520 Recovery of losses.

(a) *Notification.* Upon payment of loss to the exporter or the exporter's assignee, CCC will notify the importer of CCC's rights under the subrogation agreement to recover all moneys in default.

(b) *Receipt of monies.* (1) In the event that monies for a defaulted payment are recovered by the exporter or the exporter's assignee from the importer or any other source whatsoever, such monies shall be immediately paid to the Treasurer, CCC. If such monies are not received by CCC within 15 business days from the date of recovery by the exporter or the exporter's assignee, the exporter or the exporter's assignee will owe to CCC interest from the date of recovery to the date of receipt by CCC. This interest will be calculated based on the latest average investment rate of the most recent Treasury 91-day bill auction, as announced by the Department of Treasury, in effect on the date of recovery and will accrue from such date to the date of payment by the exporter or the exporter's assignee to CCC. Such interest will be charged only on CCC's share of the recovery.

(2) If CCC recovers monies that should be applied to a payment guarantee for which a claim has been paid by CCC, CCC will pay the holder of the payment guarantee its pro rata share immediately, provided that the required information necessary for determining pro rata distribution has been furnished. If payment is not made by CCC within 15 business days from the date of recovery or 15 business days from receiving the required information for determining pro rata distribution, whichever is later, CCC will pay interest calculated on the latest average investment rate of the most recent Treasury 91-day bill auction, as announced by the Department of Treasury, in effect on the date of recovery and such interest will accrue from such date to the date of payment by CCC. The interest will apply only to the portion of the recovery payable to the holder of the payment guarantee.

(c) *Allocation of recoveries.* Recoveries made by CCC from the importer, and recoveries received by CCC from the exporter, the exporter's assignee, or any other source whatsoever, will be allocated by CCC to the exporter or the exporter's assignee and to CCC on a pro rata basis determined by their respective interests in such recoveries. The respective interest of each party will be determined on a pro rata basis, based on the combined amount of prin-

cipal and interest in default. Once CCC has paid out a particular claim under a payment guarantee, CCC pro rates any collections it receives and shares these collections proportionately with the holder of the guarantee until both CCC and the holder of the guarantee have been reimbursed in full. Appendix A to §1493.520—Illustration of Pro Rata Allocation of Recoveries—provides an example of the methodology used by CCC in applying this paragraph (c).

(d) *Liabilities to CCC.* Notwithstanding any other terms of the payment guarantee, the exporter may be liable to CCC for any amounts paid by CCC under the payment guarantee when and if it is determined by CCC that the exporter has engaged in fraud, or has been or is in material breach of any contractual obligation, certification or warranty made by the exporter for the purpose of obtaining the payment guarantee or for fulfilling obligations under SCGP. Further, the exporter's assignee may be liable to CCC for any amounts paid by CCC under the payment guarantee when and if it is determined by CCC that the exporter's assignee has engaged in fraud or otherwise violated program requirements.

(e) *Good faith.* The violation by an exporter of the certifications in §§1493.440(b) and 1493.480(d) or the failure of an exporter to comply with the provisions of §§1493.490 or 1493.530(e) will not affect the validity of any payment guarantee with respect to an assignee which had no knowledge of such violation or failure to comply at the time such exporter applied for the payment guarantee or at the time of assignment of the payment guarantee.

(f) *Cooperation in recoveries.* Upon payment by CCC of a claim to the exporter or the exporter's assignee, the exporter or the exporter's assignee will cooperate with CCC to effect recoveries from the importer.

APPENDIX A TO §1493.520—ILLUSTRATION OF PRO RATA ALLOCATION OF RECOVERIES

The following example illustrates CCC's policy, as set forth in §1493.520(c), regarding pro rata sharing of recoveries made for claims filed under the SCGP. A typical case might be as follows:

§ 1493.530

7 CFR Ch. XIV (1-1-99 Edition)

1. The U.S. exporter enters into a \$200,000, 180 day credit arrangement with the importer calling for two equal payments of principal and two equal payments of interest at a rate of 10 percent per annum and a penalty interest rate of 12 percent per annum (basis 360 days) on overdue amounts until the overdue amount is paid. (Basis for interest calculation may be 360 or 365 days.)

2. The importer fails to make the final principal payment of \$100,000 and an interest payment of \$2,500.00 (10% per annum for 90 days on \$100,000), both due on January 31.

3. On February 10, the U.S. exporter files a claim in good order with CCC.

4. CCC's guarantee states that CCC's maximum liability is limited to 60 percent of the principal amount due (\$60,000) and interest at a rate of 8 percent per annum (basis 365 days) on 60 percent of the principal outstanding (\$1,183.56) (8% per annum for 90 days on \$60,000). (CCC's basis for interest calculation is 365 days.)

5. CCC pays the claim on February 22.

6. The average investment rate of the most recent 91-day Treasury Bill auction average which has been published by the Department of Treasury in effect on the date of non-payment by CCC (January 31) is 7 percent. (CCC's late interest rate.)

COMPUTATION OF OBLIGATIONS

Using the above case, CCC's payment to the holder of the payment guarantee would be computed as follows:

1. CCC's Obligation under the Payment Guarantee:	
(a) Principal coverage— (60% \$100,000)	\$60,000.00
(b) Interest coverage— (8% per annum for 90 days on \$60,000, basis 365 days)	1,183.56
.....	\$61,183.56
(c) Late interest due from CCC (7% per annum for 11 days on \$61,183.56, basis 365 days)	129.07
.....	\$61,312.63
(d) Amount paid by CCC on February 22	\$61,312.63
2. Importer's obligation under the importer obligation:	
(a) Principal due January 31	\$100,000.00
Interest due January 31 (10% per annum for 90 days on \$100,000, basis 360 days)	2,500.00
.....	2,500.00

Amount owed by importer as of January 31	\$102,500.00
(b) Penalty interest due (12% per annum for 22 days on \$102,500.00, basis 360 days)	751.67
.....	751.67
(c) Amount owed by importer as of February 22	\$103,251.67
3. Amount of importer's obligation not covered by CCC's payment guarantee: \$41,939.04 (\$103,251.67-\$61,312.63)..	

COMPUTATION OF PRO RATA SHARING IN RECOVERY OF LOSSES

In establishing each party's respective interest in any recovery of losses, the total amount due under the importer obligation would be determined as of the date the claim is paid by CCC (February 22). Using the above example in which the amount owed by the importer is \$103,251.67, CCC would be entitled to 59.38 percent (\$61,312.63 divided by \$103,251.67) and the holder of the payment guarantee would be entitled to 40.62 percent (\$41,939.04 divided by \$103,251.67) of any recoveries of losses after settlement of the claim. Since in this example, the losses were recovered after the claim has been paid by CCC, § 1493.520(b) would apply.

§ 1493.530 Miscellaneous provisions.

(a) *Assignment.* (1) The exporter may assign the proceeds which are, or may become, payable by CCC under a payment guarantee or the right to such proceeds only to a financial institution in the U.S. The assignment must cover all amounts payable under the payment guarantee not already paid, may not be made to more than one party, and may not, unless approved in advance by CCC, be:

- (i) Made to one party acting for two or more parties; or
- (ii) Subject to further assignment.

(2) An original and two copies of the written notice of assignment signed by the parties thereto must be filed by the assignee with the Treasurer, CCC, at the address specified in the Contacts P/R.

(3) Receipt of the notice of assignment will ordinarily be acknowledged to the exporter and its assignee in writing by an officer of CCC. In cases

where a financial institution is determined to be ineligible to receive an assignment, in accordance with paragraph (b) of this section, CCC will provide notice thereof, to the financial institution and to the exporter issued the payment guarantee, in lieu of an acknowledgment of assignment.

(4) The name and address of the assignee must be included on the written notice of assignment.

(b) *Ineligibility of financial institutions to receive an assignment.* A financial institution will be ineligible to receive an assignment of proceeds which may become payable under a payment guarantee if, at the time of assignment, such financial institution:

(1) Is not in sound financial condition, as determined by the Treasurer of CCC;

(2) Owns or controls the entity issuing the importer obligation; or

(3) Is owned or controlled by an entity that owns or controls the entity issuing the importer obligation.

(c) *Ineligibility of financial institutions to receive proceeds.* A financial institution will be ineligible to receive proceeds payable under a payment guarantee approved by CCC if such financial institution:

(1) At the time of assignment of a payment guarantee, is not in sound financial condition, as determined by the Treasurer of CCC;

(2) Owns or controls the entity issuing the importer obligation; or

(3) Is owned or controlled by an entity that owns or controls the entity issuing the importer obligation.

(d) *Alternative satisfaction of payment guarantees.* CCC may, with the agreement of the exporter (or if the right to proceeds payable under the payment guarantee has been assigned, with the agreement of the exporter's assignee), establish procedures, terms and/or conditions for the satisfaction of CCC's obligations under a payment guarantee other than those provided for in this subpart if CCC determines that those alternative procedures, terms, and/or conditions are appropriate in rescheduling the debts arising out of any transaction covered by the payment guarantee and would not result in CCC paying more than the amount of CCC's obligation.

(e) *Maintenance of records and access to premises.* (1) For a period of five years after the date of expiration of the coverage of a payment guarantee, the exporter or the exporter's assignee, as applicable, must maintain and make available all records pertaining to sales and deliveries of and extension of credit for agricultural commodities exported in connection with a payment guarantee, including those records generated and maintained by agents, intervening purchasers, and related companies involved in special arrangements with the exporter. The Secretary of Agriculture and the Comptroller General of the United States, through their authorized representatives, must be given full and complete access to the premises of the exporter or the exporter's assignee, as applicable, during regular business hours from the effective date of the payment guarantee until the expiration of such five-year period to inspect, examine, audit, and make copies of the exporter's, exporter's assignee's, agent's, intervening purchaser's, or related company's books, records and accounts concerning transactions relating to the payment guarantee, including, but not limited to, financial records and accounts pertaining to sales, inventory, processing, and administrative and incidental costs, both normal and unforeseen. During such period, the exporter or the exporter's assignee may be required to make available to the Secretary of Agriculture or the Comptroller General of the United States, through their authorized representatives, records that pertain to transactions conducted outside the program, if, in the opinion of the GSM, such records would pertain directly to the review of transactions undertaken by the exporter in connection with the payment guarantee.

(2) The exporter must maintain the proof of entry required by §1493.490(b), and must provide access to such documentation if requested by the Secretary of Agriculture or his authorized representative for the five-year period specified in paragraph (e)(1) of this section.

(f) *Responsibility of program participants.* It is the responsibility of all program participants to review, and fully

acquaint themselves with, all regulations, Program Announcements, and Notices to Participants issued pursuant to this subpart. Applicants for payment guarantees are hereby on notice that they will be bound by any terms contained in applicable Program Announcements or Notices to Participants issued prior to the date of approval of a payment guarantee.

(g) *Submission of documents by principal officers.* All required submissions, including certifications, applications, reports, or requests (i.e., requests for amendments), by exporters or exporters' assignees under this subpart must be signed by a principal or officer of the exporter or exporter's assignee or their authorized designee(s). In cases where the designee is acting on behalf of the principal or the officer, the signature must be accompanied by: Writing indicating the delegation of authority or, in the alternative, by a certified copy of the delegation of authority; and the name and title of the authorized person or officer. Further, the exporter or exporter's assignee must ensure that all information/reports required under these regulations are submitted within the required time limits. If requested in writing, CCC will acknowledge receipt of a submission by the exporter or the exporter's assignee. If acknowledgment of receipt is requested, the exporter or exporter's assignee must submit an extra copy of each document and a stamped self-addressed envelope for return by U.S. mail. If courier services are desired for the return receipt, the exporter or exporter's assignee must also submit a self-addressed courier service order which includes the recipient's billing code for such service.

(h) *Officials not to benefit.* No member of or delegate to Congress, or Resident Commissioner, shall be admitted to any share or part of the payment guarantee or to any benefit that may arise therefrom, but this provision shall not be construed to extend to the payment guarantee if made with a corporation for its general benefit.

(i) *OMB control number assigned pursuant to the Paperwork Reduction Act.* The information requirements contained in this part (7 CFR part 1493, subpart D) have been approved by the

Office of Management and Budget (OMB) in accordance with the provisions of 44 U.S.C. Chapter 35 and have been assigned OMB Control Number 0551–0037.

SOURCE: 56 FR 26324, June 7, 1991, unless otherwise noted.

§ 1494.10 General statement.

This subpart sets forth the criteria to be considered in evaluating and approving proposals for initiatives to facilitate export sales under the Commodity

Credit Corporation's (CCC) Export Enhancement Program (EEP). These criteria are interrelated and will be considered together in order to select eligible commodities and eligible countries for EEP initiatives which will best meet the program's objectives. The objectives of the program are to discourage unfair trade practices by other countries, to increase U.S. agricultural commodity exports, and to encourage other countries exporting agricultural commodities to undertake serious negotiations on agricultural trade problems. Under the EEP, bonuses are made available by CCC to enable exporters to meet prevailing world prices for targeted commodities in targeted destinations. In the operation of the EEP, CCC will make reasonable efforts to avoid the displacement of usual marketings of U.S. agricultural commodities.

§ 1494.20 Criteria.

The criteria considered by CCC in reviewing proposals for initiatives will include, but not be limited to, the following:

(a) The expected contribution of proposed initiatives in furthering trade policy negotiations and, in particular, in furthering the U.S. trade policy negotiating strategy of countering competitors' subsidies and other unfair trade practices by displacing such countries' subsidized exports in targeted countries;

(b) The contribution which initiatives will make toward realizing U.S. agricultural export goals and, in particular, in developing, expanding, or maintaining markets for U.S. agricultural commodities;

(c) The effect that sales facilitated by initiatives would have on non-subsidizing exporters of agricultural products; and

(d) The subsidy requirements of proposed initiatives compared to the expected benefits.

Subpart B—Export Enhancement Program Operations

AUTHORITY. 15 U.S.C. 714c; 7 U.S.C. 5602, 5651, 5661, 5662, 5676.

§ 1494.101 General statement.

This subpart contains the regulations governing the operation of the Export Enhancement Program (EEP) of the Commodity Credit Corporation (CCC). CCC will, from time to time, announce, through public press release, initiatives to facilitate the export of U.S. agricultural commodities to targeted markets. The public press release, which will contain the name of a person for interested parties to contact, will be followed by the issuance of an Invitation for Offers (Invitation). Invitations will be issued pursuant to this subpart by the General Sales Manager (GSM) and will specify the eligible country(ies) (the targeted market), the unit of measure, the eligible commodity, the maximum quantity of the eligible commodity eligible for a CCC bonus, the quality specifications of the eligible commodity (including possible restrictions on type, kind, grade and/or class or other quality specifications), the eligible buyer(s), the method and rate for determining liquidated damages and performance security requirements, and any other terms and conditions peculiar to that Invitation. Invitations may be one of the following two types: Those inviting exporters which have a sales contract with an eligible buyer to submit a competitive offer for a CCC Bonus; and those inviting exporters which have a sales contract with an eligible buyer to apply for an Announced CCC Bonus. After an interested person has qualified to submit an offer for an eligible commodity, the eligible exporter may submit an offer to CCC in response to an Invitation. Such offer must contain the information required by this subpart and any additional information required by the applicable Invitation. The exporter's offer will include either the Announced CCC Bonus, if applicable, or an amount in dollars and cents for a bonus deemed necessary by the exporter to make a commercial sale of the eligible commodity for export to the eligible country competitive with export sales of the commodity by other exporting countries to buyers in the eligible country. If the exporter has furnished the required performance security and the offer is acceptable to CCC, then CCC will notify the exporter that its

offer has been accepted. CCC and the exporter will enter into an Agreement in which CCC will agree to pay the bonus to the exporter in return for the exporter's submission of proof that the eligible commodity has been exported from the United States and entered into the eligible country, in accordance with the terms and conditions of the Agreement.

§ 1494.201 Definitions of terms.

The written evidence of sale for the purposes of the EEP must, at a minimum, document the following information: the eligible commodity, quantity, quality specifications, delivery terms (FOB, C&F, etc.) to the eligible country, delivery period, unit price, payment terms, date of sale, and evidence of agreement between buyer and seller. § 1494.301 Information required for program participation.

Before CCC will consider an offer from an interested person, such person must qualify for participation in the program. Based upon information submitted by the interested person and available from public sources, CCC will determine whether the interested person is eligible for participation in the program.

(a) *Submission of documentation.* An interested person that wishes to qualify as an eligible exporter must furnish the following information or documentation to CCC at the address referenced in the Notice to Exporters--EEP Contacts:

(1) The address of the interested person's office and the name and address of an agent in the U.S. for the service of process;

(2) The legal form of doing business of the interested person, e.g., sole proprietorship, partnership, corporation, etc.;

(3) The place of incorporation of the interested person, if the interested person is a corporation;

(4) The name and address of an office(s) of the interested person within the U.S., if the interested person is a foreign corporation or other foreign entity; and

["Principals," for the purpose of this certification, means officers; directors; owners of five percent or more of stock; partners; and persons having primary management or supervisory responsibility within a business entity (e.g., general manager, plant manager, head of a subsidiary division or business segment, and similar positions).] I further agree that, should any such debarment, suspension, or notice of proposed debarment occur in the future,

[name of interested person] will immediately notify CCC.”

(b) *Necessity to qualify.* An interested person may not submit an offer, and CCC will not consider any such offer, until CCC has notified the interested person that such person has qualified as an eligible exporter.

(c) *Additional submissions.* CCC will promptly notify interested persons that have submitted information required by this section whether they have qualified to have their offers considered. Any person failing to qualify will be notified of the basis of CCC’s decision and will be given an opportunity to provide additional information for consideration by CCC.

(d) *Previous performance.* CCC may request additional information with respect to the interested person’s performance under any U.S. Government programs or in connection with any contracts or agreements with the U.S. Government during the past three years.

(e) *Ineligibility for program participation.* A person may be ineligible to participate in the EEP if such person:

(2) Is controlled or can be controlled, in whole or in part, by any individuals or entities currently debarred, suspended or proposed for debarment from contracting with or participating in programs administered by a U.S. Government agency.

(f) *Duty to update information provided to CCC.* An eligible exporter is under a continuing obligation to inform CCC of any changes in the information or documentation submitted to CCC pursuant to paragraph (a) of this section and to provide current and accurate information to CCC.

(g) *Payment of bonus to exporters without proven EEP participation.* An eligible exporter that has not yet demonstrated its ability to participate successfully in the EEP will be eligible to receive a bonus payment(s) only after the eligible commodity specified in an EEP Agreement has entered into the eligible country. Such an exporter must furnish performance security

under “Option B” of the applicable Invitation and follow the procedure specified in §1494.701(d) to request the payment of the bonus. An eligible exporter may demonstrate its ability to participate successfully in the EEP by entering or causing to be entered into the eligible country at least 95% of the quantity of the eligible commodity specified in any one EEP Agreement. CCC will consider that an exporter has proven its ability to participate successfully in the EEP as of the date on which CCC pays to the exporter a bonus for entry of a quantity that brings the total entered quantity for any one EEP Agreement to at least 95%. For all EEP Agreements that such exporter enters into with CCC subsequent to that date, the exporter may furnish performance security under “Option A” of the applicable Invitation and will be eligible to receive bonus payments in accordance with §1494.701(c).

§1494.401 Performance security.

(a) *Requirement to establish performance security.* Prior to the submission of an offer to CCC in response to an Invitation, an eligible exporter must establish performance security, in a form which is acceptable to CCC, in order to guarantee the eligible exporter’s faithful performance of the Agreement. If CCC enters into an Agreement with the eligible exporter, this performance security must remain in effect until its cancellation or reduction is authorized by CCC pursuant to paragraph (f) of this section. An offer made by an eligible exporter will not be considered if proof of the establishment of the performance security is not made available to CCC by 3 p.m. on the date for which the offer is submitted for consideration.

(b) *Form of performance security.* The performance security must be acceptable to CCC and may be an irrevocable standby letter of credit, a bond, or a certified or cashier’s check. If a standby letter of credit is furnished as performance security, the opening bank may be a U.S. bank or a foreign bank. If the standby letter of credit is opened by a foreign bank, it must be 100 percent confirmed by a U.S. bank. If a

bond is furnished as performance security, the surety(ies) must be among those appearing on the list of approved sureties maintained by the U.S. Department of the Treasury. If a cashier's or certified check is furnished as performance security, the bank issuing the cashier's or certified check must be a U.S. bank.

(c) *Amount of performance security.* The amount of the performance security to be furnished to CCC in response to a particular Invitation will depend upon whether the eligible exporter intends to select "Option A" or "Option B" for the timing of the bonus payment. If the eligible exporter furnishes performance security under "Option A" of the applicable Invitation, the eligible exporter may request payment of the bonus after export of the eligible commodity but before entry of the commodity into the eligible country. If the eligible exporter furnishes performance security under "Option B" of the applicable Invitation, the eligible exporter may request payment of the bonus only after the exported eligible commodity has entered into the eligible country. The applicable Invitation will specify the exact amount of performance security for the eligible commodity required under either "Option A" or "Option B" and the method and rate for determining liquidated damages. After the exporter and CCC enter into an Agreement, the exporter may request CCC to change the performance security option for an entire Agreement from "Option B" to "Option A" and, if CCC agrees to this change, the exporter will increase the performance security amount to the level required by the applicable Invitation for "Option A".

(d) *Additional security.* The exporter shall promptly furnish such additional security as CCC may determine is necessary to protect CCC under an Agreement if the surety(ies) or obligating bank:

(1) Becomes unacceptable to the U.S. Government or CCC; and/or

(2) Fails to furnish reports on its financial condition as required by the U.S. Government or CCC.

(e) *Right to funds under the performance security.* If CCC enters into an Agreement with an exporter under the

EEP, CCC will have the right to funds from the performance security established by the exporter for such Agreement to recover:

(1) The amount of any bonus paid to the exporter under the Agreement if the exporter fails to perform in accordance with such Agreement;

(2) Any funds owed by the exporter to CCC related to the specific EEP Agreement for which the performance security was established, including those for liquidated damages, discounts for late performance, overpayments made by CCC, storage charges, or other damages or charges as determined by CCC; and/or

(3) Any amounts or funds that could be owed by the exporter to CCC in accordance with subparagraphs (e) (1) and (2) of this section for unfulfilled obligations under the Agreement if the performance security should expire prior to the exporter's fulfillment of these obligations. Should the exporter fulfill these obligations, in accordance with the Agreement, after CCC has drawn upon the performance security, CCC will return the funds drawn to the exporter or other appropriate party, as determined by CCC. CCC may return the performance security if it determines that the exporter is not liable for any damages incurred by CCC as a result of the exporter's failure to fulfill its obligations under the Agreement and that the exporter will not retain any bonus payment which was not earned.

(f) *Cancellation or reduction of performance security.* (1) CCC will agree, upon request by the exporter, to a cancellation of the performance security established for an Agreement when CCC determines, on the basis of evidence provided by the exporter or other evidence available to CCC, that:

(i) The exporter has fully performed under the Agreement;

(ii) The exporter has fully compensated CCC for all costs incurred or damages suffered by CCC, unless CCC has determined to hold the exporter harmless for such damages pursuant to § 1494.801(d) as a result of the exporter's nonperformance of the Agreement; or

(iii) It is no longer in the best interest of the EEP to require the exporter to maintain the performance security,

and the exporter submits to CCC a written statement agreeing that all other terms and conditions of the Agreement will remain unchanged pending final resolution of the exporter's liabilities to CCC.

(2) To support a request for the cancellation of performance security furnished in connection with an Agreement, the exporter must provide to CCC evidence of the export of the eligible commodity as provided by §1494.701(c), and the entry of the eligible commodity into the eligible country or countries. The entry certification must be in English or accompanied by a certified or other translation acceptable to CCC. To show entry of the eligible commodity into the eligible country, the exporter must furnish to CCC an original certification signed by a duly authorized customs or port official of the eligible country, by the eligible buyer, by an agent or representative of the vessel or shipline which delivered the eligible commodity to the eligible country, or by a private surveyor in the target country or other documentation deemed acceptable by the GSM showing:

- (i) That the eligible commodity entered the eligible country;
- (ii) The identification of the export carrier;
- (iii) The quantity of the eligible commodity unloaded;
- (iv) The kind, type, grade and/or class of the eligible commodity; and
- (v) The date(s) and place(s) of unloading of the eligible commodity in the eligible country.

(3) If the exporter makes multiple shipments against a sales contract with an eligible buyer, CCC may agree to a proportional reduction in the amount of the required performance security when the exporter has furnished evidence that the exporter has performed under the Agreement with respect to a particular shipment.

(4) Upon the payment of liquidated damages by an exporter to CCC under a specific Agreement or the determination by CCC, pursuant to §1494.801(d), to hold the exporter harmless for the payment of liquidated damages owed to CCC under a specific Agreement, CCC will allow the exporter to cancel or reassign that portion of the performance

security opened for such specific Agreement that would relate to the value of the liquidated damages.

§ 1494.501 Submission of offers to CCC.

(a) *Consideration of offers.* Unless otherwise specified in the Invitation, CCC will consider offers on a daily basis from the date of issuance of the Invitation until such time that CCC announces that offers will no longer be accepted under the Invitation, the total quantity of the eligible commodity announced in the Invitation has been awarded, or the Invitation has expired as indicated by the expiration date shown in the Invitation.

(1) Prior to the submission of an offer to CCC, the eligible exporter must have entered into a sales contract, as defined in §1494.201(bb), with an eligible buyer for the export sale and the delivery of the eligible commodity to the eligible country.

(2) The date of sale of the eligible exporter's sales contract with an eligible buyer must be after the issuance date of the applicable Invitation.

(3) The sales contract between the eligible exporter and an eligible buyer may be conditioned upon the eligible exporter's entering into an Agreement with CCC under the EEP for the payment of a bonus.

(4) CCC will not be responsible to any person for any loss caused by the failure of the eligible exporter to obtain a CCC bonus.

(5) The eligible exporter must promptly notify CCC in writing of any amendment to the sales contract with an eligible buyer.

(b) *Submission of offers.* Eligible exporters must submit offers, or modifications or withdrawals thereof, to the address, telephone, telex or facsimile numbers specified in the Notice to Exporters—Contacts for EEP. Telephonic offers must be confirmed in writing immediately thereafter by telex or facsimile. If a telephonic offer is not confirmed in writing by 9 a.m. on the next business day, the offer will not be considered. The date and time affixed to submissions will be as determined by CCC.

(c) *Content of offers.* Offers to CCC for a CCC bonus under the EEP must contain the information shown below in

the same numerical order as shown below. CCC reserves the right to reject any offer that so materially departs from this prescribed format that its consideration would hinder the offer review process. The applicable Invitation may require the submission of further information necessary for the consideration of an offer.

(1) The use of the numerical designation assigned to the applicable Invitation, which shall signify that the offer is submitted subject to all the terms and conditions of this subpart and the Invitation in response to which the offer is being submitted for consideration by CCC.

(2) The date and time for which the offer is submitted for consideration. The time shall be stated as "after 3 p.m." For example, the information required by paragraphs (c)(1) and (c)(2) of this section could be stated as follows: "Invitation No. GSM-500-1, Revision No. X, For Consideration After 3 p.m. on August 1, 1991."

(3) The full business name and address of the eligible exporter making the offer.

(4) The name and title of the individual signing the offer.

(5) The telephone number and telex or facsimile number of the eligible exporter submitting the offer.

(6) The CCC bonus in dollar and cents requested by the eligible exporter for each unit of measure of the eligible commodity to be exported to the eligible country. The offer shall contain only one CCC bonus. In offers submitted in response to an Invitation in which CCC has announced the bonus amount, the eligible exporter shall state the dollar and cents amount of the Announced CCC Bonus.

(7) The quantity, on a net weight basis, (less any dockage, if applicable) of the eligible commodity for which the eligible exporter wishes to receive a CCC bonus pursuant to an EEP Agreement. This quantity shall be exclusive of tolerances and expressed in the unit of measure specified in the applicable Invitation. This quantity may be less than the sales contract quantity.

(8) The U.S. coast of export. The Invitation may require the eligible exporter to indicate: The coasts of export

if more than one coast of export is allowed for an offer; the Canadian port if the eligible commodity is to be transhipped through a Canadian port on the St. Lawrence River; or the U.S. city and state from which the shipments will cross the border into the eligible country if the eligible commodity is to be shipped by rail or truck.

(9) The quality of the eligible commodity to be exported to the eligible buyer, if required by the applicable Invitation, including any additional quality specifications not found in the Invitation but included in the tender specifications by the eligible buyer or the sales contract with the eligible buyer. The Invitation may limit an offer to one or more quality designations for the eligible commodity.

(10) The names of the eligible buyer and the eligible country. Unless otherwise provided for in the applicable Invitation, an offer shall contain only one eligible buyer and one eligible country. The Invitation may also provide that the eligible buyer need not necessarily be located in the eligible country.

(11) The date of sale of the sales contract with the eligible buyer.

(12) The number assigned by the eligible exporter to the sales contract.

(13) The quantity of the eligible commodity specified in the sales contract, expressed in the unit of measure specified in the applicable Invitation.

(14) The sales contract loading tolerance, if any, expressed in a percentage.

(15) The sales contract unit price, delivery terms (e.g., FOB, C&F, etc.); the nature of any arrangements or understandings of the eligible exporter and any other person that would affect the sales contract, including but not limited to arrangements or understandings concerning commissions, rebates, and other payments if applicable; credit payment terms (e.g., GSM-102, GSM-103, or other credit arrangements); and, if required by the applicable Invitation, the discharge port. The possible credit payment terms referenced in an offer are for CCC's information only and are not to be construed as a contingency for consideration or acceptance. The eligible exporter is fully responsible for the arrangement of such payment terms independently from the

EEP offer and CCC bears no responsibility if such credit payment terms cannot be secured.

(16) The delivery period specified in the sales contract expressed on the basis of either shipment from the United States or the Canadian transshipment port or arrival in the eligible country. If an arrival period is shown, the offer must also indicate an anticipated shipment period. If a multiple month delivery schedule is agreed upon in the sales contract the offer must specify the quantity of the eligible commodity to be delivered each month or at other specified intervals.

(17) Any options which may be exercised by the eligible buyer under the sales contract. If the offer is accepted by CCC, the exporter must immediately inform CCC if any such options are exercised by the buyer.

(18) The name and address of the sales agent, if any, for the sales contract.

(19) The designation of bonus payment under "Option A" or "Option B," as described in § 1494.401(c).

(20) The words "ALL ITEM 20 CERTIFICATIONS ARE BEING MADE IN THIS OFFER" which, when included in the offer by the eligible exporter, will indicate that the eligible exporter is certifying that:

(i) The information furnished to CCC with respect to the sales contract is correct;

(ii) The date of sale with an eligible buyer was after the issuance date of the applicable Invitation;

(iii) The sale does not replace any sale made to the eligible buyer by the eligible exporter, or any affiliate or subsidiary of the eligible exporter, prior to the issuance date of the applicable Invitation;

(iv) There are no other arrangements or understandings between the eligible exporter and any other person that would alter the information provided under paragraph (c) of this section;

(v) There were and will be no corrupt payments or extra sales services, or other items extraneous to the export sale provided in connection with the export sale, and the transaction complied with applicable U.S. law;

(vi) The CCC bonus requested in the offer has been arrived at independ-

ently, without any consultation, communication, or agreement with any other eligible exporter or competitor relating to:

(A) The amount of the CCC bonus;

(B) The intention to submit an offer; or

(C) The methods or factors used to calculate the CCC bonus requested;

(vii) The CCC bonus requested in the offer has not been and will not knowingly be disclosed by the eligible exporter, directly or indirectly, to any other eligible exporter or competitor before the time the offer is to be considered by CCC, unless otherwise required by law;

(viii) No attempt has been made, or will be made, by the eligible exporter to induce any other concern to submit, or not to submit, an offer for the purpose of restricting competition;

(ix) The signatory of the offer:

(A) Is the person in the eligible exporter's organization responsible for determining the CCC bonus being requested and has not participated and will not participate in any action contrary to subparagraphs (c)(20) (vi), (vii), and (viii) of this section; or

(B) Has been authorized in writing to act as agent for the eligible exporter for the purposes of paragraphs (b) and (c) of this section and certifies that the eligible exporter named in the offer and the signatory have not participated and will not participate in any action contrary to subparagraphs (c)(20) (vi), (vii), and (viii) of this section;

(x) If the eligible commodity is vegetable oil or a vegetable oil product, that none of the eligible commodity has been or will be used as the basis of a claim of a refund, as drawback, pursuant to Section 313 of the Tariff Act of 1930 (19 U.S.C. 1313) of any duty, tax or fee imposed under Federal law on an imported commodity or product;

(xi) The agricultural commodity or product to be exported under an EEP Agreement is a U.S. agricultural commodity as defined by § 1494.201(gg).

(xii) The eligible exporter is providing the assurances required by §§ 15.4 and 15b.5 of this title (7 CFR part 15 relates to various non-discrimination provisions);

(xiii) The eligible exporter still meets all of the qualification and program eligibility requirements of §1494.301 and will immediately notify CCC if there is a change of circumstances which should cause it to fail to meet such requirements; and

(xiv) The eligible exporter is providing any other certification required by the applicable Invitation.

Any eligible exporter which is unable to make the certifications specified in this subparagraph (c)(20) must provide a written statement to that effect to CCC and may include any explanation or any additional information for the consideration of CCC. CCC will reject an offer if the eligible exporter states that it is unable to provide the required certifications, unless CCC determines that acceptance of the offer would be in the best interests of the EEP.

(d) *Conditional offers.* Any qualification or condition in, or added to, the offer and not expressly authorized by this subpart or the applicable Invitation may make such offer ineligible for consideration by CCC.

(e) *CCC's right to additional information.* CCC may require the individual who signed the offer to provide documentary evidence of such individual's authority to execute an Agreement with CCC on behalf of the eligible exporter making the offer. CCC may require the eligible exporter to submit any other information which CCC deems necessary for consideration of the eligible exporter's offer. The exporter must furnish a copy of the sales contract to CCC upon request.

(f) *Considerations in making an offer.* In making an offer, the eligible exporter should take into consideration that the exchange of CCC Certificates which may be issued as a bonus will be governed by the terms and conditions stated on the certificates and by any applicable regulations or procedures issued by or on behalf of CCC.

[56 FR 25011, June 3, 1991, as amended at 62 FR 24561, May 6, 1997]

§ 1494.601 Acceptance of offers by CCC.

(a) *Establishment of acceptable sales prices and CCC bonuses.* For each Invitation, CCC will establish sales prices

for the eligible commodity and CCC bonus amounts which would be acceptable to CCC in terms of furthering the objectives of the EEP.

(1) In establishing acceptable sales prices for the eligible commodity, CCC will consider available relevant market data.

(2) In determining acceptable CCC bonus amounts, CCC may take into consideration factors such as, but not limited to, the following: The prevailing domestic market price of the eligible commodity; the price of the same agricultural commodity exported by other exporting countries to the eligible country; ocean freight rates for the export of the eligible commodity from the U.S. and other exporting countries to the eligible country; the particular preferences or purchasing practices of buyers in the eligible country which would customarily affect the acceptability of the eligible commodity relative to that of competing exports of the same agricultural commodity to the eligible country from other exporting countries; and the cost effectiveness of the payment of a CCC bonus amount in view of CCC's obligation to maximize the use of resources available for the operation of the EEP.

(3) The acceptable sales prices and bonus amounts will be modified by CCC as necessary to take advantage of updated information that becomes available to CCC.

(b) *Acceptance of offers for a CCC bonus on a competitive basis.* An offer from an eligible exporter for a CCC bonus on a competitive basis that meets all of the requirements of this subpart will first be reviewed to determine if the offer contains an acceptable sales price. If the sales price contained in the offer is found to be acceptable, then the CCC bonus contained in the offer will be reviewed to determine if the CCC bonus requested is found to be acceptable. Offers with acceptable sales prices and acceptable CCC bonuses will be accepted under each Invitation beginning with the offer having the lowest CCC bonus amount, subject to the limitations in paragraphs (f) and (h) of this section.

(c) *Acceptance of offers for an announced CCC bonus.* Offers from eligible exporters for an Announced CCC Bonus

that meet all of the requirements of this subpart and which contain an acceptable sales price will be accepted under each Invitation on a first-come, first-served basis according to the time of receipt of the offer, as determined by CCC, subject to the limitations in paragraphs (f) and (h) of this section.

(d) *Notification of acceptance of offers.* CCC will notify an eligible exporter by telephone of the acceptance or rejection of its offer as soon as possible after review of the exporter's offer by CCC but not later than 10 a.m. of the next business day after the date the offer was submitted for consideration. If an offer is rejected, CCC will notify the eligible exporter of the basis for the rejection. Acceptance of offers will be confirmed in writing. The date of the telephonic notification of acceptance by CCC of the eligible exporter's offer will be the effective date of the exporter's Agreement with CCC.

(e) *Announcement of acceptance of offers.* CCC will generally announce the acceptance of offers by public press release as soon as possible after the notification to the exporter. The announcement will generally include the eligible commodity, the eligible country, the exporter, the delivery period, the CCC bonus, and, if applicable, the class of the eligible commodity.

(f) *Limitation on acceptance of offers.* The total quantity of the eligible commodity, exclusive of tolerances, to be exported under all offers that are accepted by CCC pursuant to a particular Invitation will not be greater than the total quantity of the eligible commodity stated in such Invitation. CCC may refuse to accept further offers under an applicable Invitation if the quantity of the eligible commodity, exclusive of tolerances, already accepted totals the quantity, exclusive of tolerances, that is being tendered for by the eligible buyer, even though such quantity may be less than the total quantity available under that Invitation.

(g) *Rejection of offers.* Any offer or part of an offer submitted for consideration that is not accepted by CCC by 10 a.m. of the next business day after the date for which the offer was submitted for consideration will be deemed to have been rejected.

(h) *CCC's right of rejection.* Notwithstanding any other provisions of this subpart, CCC reserves the right to reject any or all offers submitted for consideration on a particular day, including those offers that have acceptable sales prices and CCC bonus amounts.

§ 1494.701 Payment of bonus.

(a) *Forms of bonus.* The bonus may be paid to the exporter in CCC Certificates or in any other form specified in the applicable Invitation which CCC determines to be appropriate.

(b) *Quantity on which bonus is paid.* The quantity of the eligible commodity exported from the U.S. which is eligible for the payment of a CCC bonus is the net weight (less any dockage, if applicable) or count which is established by the Official Inspection Certificate, the Official Weight Certificate or the export bill of lading, whichever is less. If the exporter has furnished performance security under "Option A" of the applicable Invitation and wishes the bonus to be paid prior to the entry of the eligible commodity into the eligible country, this quantity will be used in calculating the bonus value for the purposes of making payment to the exporter. If the exporter is not paid the bonus until the commodity enters into the eligible country, then this quantity will also be used in calculating the bonus value for the purposes of making payment to the exporter, unless in the determination of CCC, there is evidence to suggest that there was destruction, diversion or loss of the eligible commodity prior to entry into the eligible country. The payment of a bonus value to an exporter does not indicate that the bonus has been earned by the exporter under the Agreement; pursuant to § 1494.801(a)(3), the bonus is not earned by the exporter until the eligible commodity enters into the eligible country in accordance with the Agreement and the exporter submits proof of such entry to CCC.

(c) *Request for bonus payment under "Option A."* If the exporter has furnished performance security under "Option A" of the applicable Invitation and wishes the bonus to be paid after export of the eligible commodity, the exporter must, within 30 calendar days after the date of export of the eligible

commodity, furnish to the Director, at the address referenced in the Notice to Exporters—Contacts for EEP, a written request for payment of the bonus. All documents submitted to support such a request must be acceptable to the Director.

(1) To support each bonus payment request, the exporter must furnish to the Director the following:

(i) The original or an original copy of the on-board bill of lading issued for the export carrier and signed by an agent of the export carrier. The bill of lading must show:

(A) The identification of the export carrier;

(B) The date and place of issuance;

(C) The quantity of the eligible commodity;

(D) An on-board date; and

(E) That the eligible commodity is destined for the eligible country.

(ii) The original or an original copy of the Official Weight Certificate, as required in the applicable Invitation. The certificate must show:

(A) The identification of the export carrier, if known at the time of issuance;

(B) The date and place of issuance; and

(C) The weight or count of the eligible commodity.

(iii) The original or an original copy of the Official Inspection Certificate, as required in the applicable Invitation. The certificate must show:

(A) The identification of the export carrier, if known at the time of issuance;

(B) The date and place of issuance;

(C) The quantity of the eligible commodity to which the certificate relates; and

(D) The quality description of the eligible commodity.

(iv) If the documents submitted under paragraphs (c)(1)(ii) and (iii) of this section do not specify the export carrier, the exporter must also submit a signed certification that the commodity represented by the Official Inspection and/or the Official Weight certificates is the identical eligible commodity represented on the export bill of lading.

(2) If the export of the eligible commodity was by lash barge, the exporter

must furnish, in addition to the documents required by paragraph (c)(1) of this section, a statement from the vessel's agent showing that the lash barge was loaded to the lash vessel named in the on-board lash bill of lading and that the eligible commodity is destined for the eligible country.

(3) If the export of the eligible commodity was from a Canadian transshipment port on the St. Lawrence River, the exporter must furnish to the Director the following, in addition to the documents required by paragraph (c)(1) of this section:

(i) Documentary evidence covering the movement of the eligible commodity from the United States to the export carrier described in the on-board bill of lading issued at the Canadian transshipment port and showing the information provided in paragraphs (c)(1) and, if applicable, (c)(2) of this section; and

(ii) A certification that the eligible commodity exported is the identical eligible commodity that was shipped from the United States.

(4) If the export of the eligible commodity was by railcar or truck, the exporter must furnish to the Director the following, in addition to the documents required by paragraphs (c)(1)(ii) and (iii) of this section:

(i) The authenticated landing certificate or similar document issued by the government of the eligible country; and

(ii) The original or an original copy of the bill of lading issued at the point of loading the railcar or truck. The bill of lading must show:

(A) The identification of the export carrier;

(B) The date and place of issuance;

(C) The quantity of the eligible commodity;

(D) The date that the railcar or truck was loaded; and

(E) That the eligible commodity is destined for the eligible country.

(d) *Request for bonus payment under "Option B."* If the exporter has furnished performance security under "Option B" of the applicable Invitation and wishes the bonus to be paid after the entry of the exported eligible commodity into the eligible country, the exporter must, within 60 calendar days

after the date of entry of the eligible commodity into the eligible country, furnish to the Director at the address referenced in the Notice to Exporters—Contracts for EEP, a written request for payment of the bonus. To support each request, the exporter must furnish to the Director, in a form acceptable to the Director, the documents specified in paragraph (c) of this section, as applicable, along with the certification of entry specified in § 1494.401(f)(2).

(e) *Time frame for payment of a bonus.* CCC will endeavor to pay the bonus to the exporter within 10 business days after CCC determines that the documents supporting the bonus request are acceptable.

(f) *Certificate amount.* If CCC decides to pay the bonus in the form of a CCC Certificate(s), the dollar value of the certificate(s) issued to the exporter will be determined by multiplying the CCC bonus specified in the Agreement by the net quantity of the eligible commodity on which the bonus is to be paid, as specified in paragraph (b) of this section, less any dockage if applicable.

(g) *Late requests for bonus payment.* If CCC decides to pay the bonus in the form of a CCC Certificate(s) and the exporter fails to request issuance of the certificate(s) within 30 calendar days after the date of export of the eligible commodity, if the exporter has chosen performance security “Option A,” or within 60 days after the entry of the eligible commodity into the eligible country, if the exporter has chosen performance security “Option B”, CCC may, upon issuing the certificate(s), discount the certificate(s) in an amount determined appropriate by CCC to compensate it for costs which may be incurred by CCC as a result of the exporter’s delay.

§ 1494.801 Enforcement and termination of agreements with CCC.

(a) *Performance in accordance with an Agreement with CCC.* (1) An exporter which enters into an Agreement with CCC must ensure that the eligible commodity is exported from the U.S. and enters the eligible country in accordance with the terms and conditions of the Agreement.

(2) The diversion of the eligible commodity to a country other than the eligible country is prohibited. Transshipments of the eligible commodity are permitted only if specifically allowed in the applicable Invitation or for shipment through a Canadian transshipment port on the St. Lawrence River if the eligible commodity had been shipped from the United States via the Great Lakes coastal range and its identity had been preserved until shipped from Canada.

(3) Regardless of whether or not a bonus has been paid by CCC to the exporter pursuant to § 1494.701, the bonus is not earned by the exporter until the eligible commodity enters into the eligible country in accordance with the Agreement. In order to retain a bonus or request payment of a bonus, depending upon the option chosen for furnishing performance security, and to request cancellation of the performance security, the exporter must provide evidence to CCC, as specified in § 1494.401(f)(2), that the eligible commodity entered into the eligible country. If, on the basis of evidence available to it, CCC determines that there was destruction, diversion or loss of the eligible commodity prior to entry into the eligible country, CCC will not release the amount of performance security corresponding to the amount of eligible commodity for which insufficient evidence of entry into the eligible country was presented to CCC until:

(i) CCC recovers from the exporter the amount of the bonus corresponding to such amount of the eligible commodity, if the exporter has already been paid the bonus under performance security “Option A”; and

(ii) The requirements of either § 1494.401(f)(1)(ii) or § 1494.401(f)(1)(iii) have been met.

(4) The failure of an exporter to perform in full and to fulfill all of its obligations under the Agreement will constitute a breach of the Agreement. An exporter which breaches the Agreement may be required to forfeit its right to receive or retain part or all of the bonus authorized or paid under the Agreement and may also be liable to CCC for damages. Examples of an exporter’s failure to perform under the

Agreement include, but are not limited to, the following:

(i) The exporter does not ship all of the required amount of the eligible commodity in accordance with the delivery period stated in the Agreement;

(ii) The exporter exports an amount of the eligible commodity that is inconsistent with the quality specifications in the Agreement;

(iii) The exporter is unable to provide a certification that all of the eligible commodity exported pursuant to the Agreement was entered into the eligible country;

(iv) The eligible commodity is transshipped through any country, other than Canada, unless specifically allowed in the applicable Invitation; or

(v) The eligible commodity is transshipped through Canada without having its identity preserved.

(5) If the eligible commodity is to be delivered to the eligible buyer in multiple shipments, CCC may decide to consider the shipments separately in determining whether the exporter has failed to perform under the Agreement.

(b) *Return of bonus.* An exporter that fails to fulfill all of its obligations under the Agreement shall be in default. If an exporter that has already been paid the bonus value defaults, CCC shall have the right to recover the bonus value paid for the quantity of the eligible commodity with respect to which the exporter failed to perform under the Agreement.

(1) If CCC has paid this bonus value in the form of a CCC Certificate(s), the exporter shall pay to CCC the higher of:

(i) The dollar value of the CCC Certificate(s);

(ii) The dollar amount received for the CCC Certificate(s) if the CCC Certificate(s) was transferred to another party; or

(iii) The dollar amount of the proceeds from the sale of the CCC-owned commodities exchanged for the CCC Certificate(s) if the commodities were sold to another party.

(2) If CCC has paid this bonus value in some other form, as specified in the applicable Invitation, the exporter shall pay to CCC the dollar and cents amount or equivalent of the bonus value paid to the exporter.

(c) *Liability for liquidated damages.*

The exporter's failure to perform under the Agreement will cause serious and substantial losses to CCC, such as damages to the EEP and CCC's domestic price support program, storage charges, and administrative and other costs incurred. If the exporter breaches the Agreement, the exporter will be liable to pay to CCC as liquidated damages an amount obtained by applying the method or rate for determining damages specified in the applicable Invitation to the quantity of the eligible commodity with respect to which the exporter failed to perform under such Agreement. In submitting an offer in response to an Invitation issued under this subpart, the exporter agrees that such liquidated damages are reasonable estimates of the probable actual damages which may be incurred by CCC.

(d) *Decision to hold the exporter harmless for liquidated damages.* CCC will hold an exporter harmless for the payment of liquidated damages if:

(1) The exporter's failure to perform under the Agreement was due to causes solely without the exporter's fault or negligence and the exporter had taken the necessary action to enable it to export the required quantity of the eligible commodity and enter it into the eligible country; or

(2) The eligible commodity was lost or destroyed after it had been placed aboard the export carrier.

In making the decision whether to hold an exporter harmless pursuant to this paragraph, CCC may consider any information available to CCC, including any information provided to it by the exporter.

(e) *Fraud, scheme or device.* Notwithstanding any other provision of law, CCC may take action to recover any bonus paid or to hold the exporter liable for the payment of damages caused to CCC if the exporter engages in fraud with respect to the EEP, or adopts or participates in adopting a scheme or device which is designed to evade this subpart or which has the effect of evading this subpart. Such acts shall include, but are not limited to:

(1) Concealing information which is required by this subpart; or

(2) Submitting information which is known by the exporter to be false or erroneous.

(f) *CCC's right to recover amounts due CCC by exporters.* If the exporter breaches its obligations under the Agreement and becomes liable to CCC for repayment of the bonus value or for liquidated or other damages, CCC reserves the right to recover such amounts due CCC by making a claim against the performance security furnished to CCC, as described under §1494.401, or by taking any other measures available to CCC as a result of this subpart or any laws or regulations, including debt settlement regulations, applicable to CCC.

(g) *Shipping tolerances.* If the exporter exports and enters into the eligible country, in accordance with the requirements of the Agreement, a quantity of the eligible commodity which is less than the quantity specified in §1494.501(c)(7) but not less than such quantity minus 5 percent, the exporter shall not be required to pay liquidated damages for failure to perform under the Agreement for the quantity which failed to be exported and entered into the eligible country. If an exporter exports and enters into the eligible country, in accordance with the requirements of the Agreement, a quantity of the eligible commodity which is greater than the quantity specified in §1494.501(c)(7), the exporter may request payment of the bonus value based upon the actual quantity, on a net weight basis, exported and entered into the eligible country, but not greater than the quantity specified in §1494.501(c)(7), plus 5 percent.

(h) *Termination of agreements.* (1) CCC may, by written notice to the exporter, terminate an Agreement, in whole or in part, as a result of:

- (i) the failure of the exporter to carry out any provisions of the Agreement;
- (ii) the failure of the exporter to maintain a business office in the U.S.;
- (iii) the failure of the exporter to maintain an agent in the U.S. for service of process; or
- (iv) the suspension or debarment of the exporter from participation in CCC or other U.S. Government programs.

If an Agreement is terminated by CCC pursuant to this subparagraph, CCC

will not compensate the exporter for any costs incurred by the exporter. The exporter will be liable to CCC for any funds owed to CCC for the repayment of any bonus already paid and may be liable to CCC for liquidated or other damages suffered by CCC. If CCC intends to hold the exporter liable for liquidated damages, and it has not already so notified the exporter prior to the termination of the Agreement, CCC will generally do so at the time that it notifies the exporter of the termination of the Agreement.

(2) CCC may, by written notice to the exporter, terminate an Agreement, in whole or in part, if CCC determines it to be in the best interest of CCC. If an agreement is so terminated, the exporter will be compensated for reasonable losses, as determined by CCC, resulting from such termination. These losses will not include lost profits and will not exceed the bonus value under the Agreement.

(i) *Amendment of agreements.* (1) CCC will have the authority to amend an Agreement, either before or after such Agreement has been breached by the exporter, if the exporter requests that the Agreement be amended and CCC determines that such amendment would serve the best interests of the EEP. The exporter may be required to submit documentary evidence to CCC to demonstrate that it is making progress toward fulfilling the Agreement before CCC will consider amending the Agreement. All requests for amendments submitted by exporters, and all amendments made by CCC to an Agreement, under this subpart shall be in writing.

(2) Prior to amending an Agreement with the exporter, CCC will consider whether the amendment to the Agreement should include a reduction in the CCC bonus or a modification of the sales price. If CCC determines that the CCC bonus and the sales price are still acceptable, it may amend the Agreement to incorporate the exporter's requested change, while maintaining the current CCC bonus and sales price, provided that the amendment would otherwise serve the best interests of the EEP. If CCC determines that the CCC bonus and/or the sales price are no longer acceptable, due to changes in market or other conditions, it will so

inform the exporter. If the exporter still requests that the Agreement be amended, CCC and the exporter will enter into discussions in an attempt to arrive at a new CCC bonus and/or sales price which would be acceptable to CCC. If these discussions are successful, then CCC may amend the Agreement to incorporate the exporter's requested change as well as the new CCC bonus and/or sales price, provided that the amendment would otherwise serve the best interests of the EEP. If these discussions are unsuccessful, then the Agreement will not be amended and the exporter will be considered to be in breach of the Agreement if it fails to perform under the terms of the Agreement.

(j) *Amendments to sales contracts.* In the event of an amendment to the sales contract between the exporter and the eligible buyer or a change in the delivery schedule, CCC will determine whether the amendment or change would constitute a breach of the Agreement. If CCC determines that the amendment or change would constitute a breach of the Agreement, CCC may terminate the Agreement. In the alternative, if CCC determines that a continuation of the Agreement would serve the best interests of the EEP, and if the exporter requests an amendment, CCC may amend the Agreement to take into account the amendment to the sales contract or change in delivery schedule. An amendment to an Agreement will be in accordance with paragraph (i)(1) of this section. CCC will promptly advise the exporter of its determination in writing by letter, facsimile, or telex.

§ 1494.901 Dispute resolution and appeals.

(a) *Dispute resolution.* (1) The Director of the CCC Operations Division (Director, CCCOD) and the exporter will attempt to resolve any disputes, including any adverse determinations made by CCC, arising under the EEP, this subpart, the applicable Invitation, or the Agreement.

(2) The exporter may seek reconsideration of a determination by the Director, CCCOD relating to the Agreement by submitting a letter requesting reconsideration to the Director, CCCOD,

within 30 days of the date of the determination. For the purposes of this section, the date of a determination will be the date of the letter or other means of notification to the exporter of the determination. The exporter may include with the letter requesting reconsideration any additional information which it wishes the Director, CCCOD, to consider in reviewing its request. The Director, CCCOD, will respond to the request for reconsideration within 30 days of the date on which the request or the final documentary evidence submitted by the exporter is received by him, whichever is later, unless the GSM extends the time permitted for response. If the exporter fails to request reconsideration of a determination by the Director, CCCOD, that the exporter owes any funds to CCC under the Agreement, then such funds will become a debt of the exporter to CCC at the expiration of the 30-day period for submitting such a request.

(3) If the exporter requested a reconsideration of a determination by the Director, CCCOD, pursuant to subparagraph (a)(2) of this section, and the Director, CCCOD, upheld the original determination, then the exporter may appeal the determination to the GSM in accordance with the procedures set forth in paragraph (b) of this section. If the exporter fails to appeal the determination to the GSM, then any funds owed to CCC will become a debt of the exporter to CCC at the expiration of the 30-day period for submitting an appeal to the GSM.

(b) *Appeal procedures.* (1) An exporter which has exhausted the procedures set forth in paragraph (a) of this section may appeal to the GSM a determination of the Director, CCCOD, relating to the Agreement between the exporter and CCC. An appeal to the GSM must be in writing and filed with the office of the GSM no later than 30 days following the date of the final determination by the Director, CCCOD. In this appeal to the GSM, the exporter shall be entitled to an administrative hearing before the GSM, if the exporter indicates in its appeal letter that it desires such a hearing.

(2) If the exporter does not desire an administrative hearing, the exporter

may submit any additional written information or documentation which it desires the GSM to consider in acting upon its appeal. This information or documentation may be submitted to the GSM up until the time that a decision is made by the GSM. The GSM will base the determination upon information contained in the administrative record. The GSM will endeavor to make a decision on an appeal not involving a hearing within 60 days of the date on which the GSM receives the appeal or the date that final documentary evidence is submitted by the exporter to the GSM, whichever is later.

(3) If the exporter has indicated that it desires an administrative hearing, the GSM will set a date and time for the hearing which is mutually convenient for the GSM and the exporter. This date will ordinarily be within 60 days of the date on which the GSM receives the request for hearing. The hearing will be an informal procedure. The exporter and/or its counsel may present any administrative or documentary evidence to the GSM which it desires to have the GSM consider in making a determination. A transcript of the hearing will not ordinarily be prepared unless the exporter bears the costs involved in preparing the transcript, although the GSM may arrange to have a transcript prepared at the expense of the Government if it is determined to be appropriate. The exporter may provide additional written information to the GSM up until the time that the GSM makes a determination. The GSM will base the determination upon the information contained in the administrative record and will endeavor to make a decision within 60 days of the date of the hearing or the date of receipt of the transcript, if one is to be prepared, whichever is later.

(4) The decision of the GSM will be the final determination of CCC and the exporter will be entitled to no further administrative appellate rights.

(5) If the GSM upholds a determination of the Director, CCCOD, that the exporter owes any funds to CCC under the Agreement, then such funds will become a debt of the exporter to CCC.

(c) *Failure to comply with determination.* If, for any reason, the exporter has failed to pay funds to CCC which

have been determined to be owed to CCC under the Agreement and the exporter has exhausted its rights under this section or has failed to exercise such rights, then CCC will have the right to withdraw funds from the performance security established by the exporter or to take any other measures available to CCC as result of this subpart or any laws or regulations, including debt settlement regulations, applicable to CCC.

(d) *Exporter's obligation to perform.* The exporter will continue to have an obligation to perform under the Agreement pending the conclusion of all procedures under this section.

§ 1494.1001 Miscellaneous provisions.

(a) *Assignments.* The exporter may not assign the Agreement or any rights thereunder, including the right to receive a bonus under the Agreement.

(b) *Maintenance of records and access to premises.* (1) For a period of five years after CCC agrees to the cancellation of an exporter's performance security for an Agreement, the exporter must maintain accurate records showing sales and deliveries of the eligible commodity exported in connection with the Agreement. The Secretary of Agriculture and the Comptroller General of the United States, through their authorized representatives, will have full and complete access to the premises of the exporter during regular business hours from the effective date of the Agreement until the expiration of such five-year period to inspect, examine, audit and make copies of the exporter's books, records and accounts concerning transactions relating to the Agreement, including, but not limited to, financial records and accounts pertaining to sales, inventory, processing, and administrative and incidental costs, both normal and unforeseen. From the effective date of the Agreement and until the expiration of such five-year period, the exporter may be required to make available to the Secretary of Agriculture and the Comptroller General of the United States, through their authorized representatives, records that pertain to transactions conducted outside the program, if, in the opinion of the GSM, such records would pertain directly to the review of transactions

undertaken by the exporter in connection with the performance of an EEP Agreement.

(2) The exporter must maintain the certification of entry specified in § 1494.401(f)(2), and must provide access to such document if requested by the Secretary of Agriculture or an authorized representative, for the five-year period specified in subparagraph (b)(1) of this section.

(c) *Arrival verification reviews.* CCC will review, on an annual basis, a sufficient number of exports made in connection with EEP Agreements to ensure that the eligible commodity which was exported pursuant to each such Agreement arrived in the eligible country specified in the Agreement.

(d) *Signatory on certifications.* Any certification required from a person pursuant to this subpart or an Invitation must be signed by the person, if an individual, or by a partner or officer of the person, if the person is a partnership or a corporation, respectively.

(e) *Officials not to benefit.* No member of or Delegate to Congress, or Resident Commissioner, will participate or share in any of the benefits of any Agreement entered into pursuant to the EEP, but this provision may not be construed to extend to an Agreement made by CCC with a corporation for its general benefit.

(f) *Paperwork Reduction Act.* The information collection requirements contained in this subpart have been approved by the Office of Management and Budget (OMB) in accordance with the provisions of 44 U.S.C. chapter 35 and have been assigned OMB control number 0551-0028.

(g) *Waiver of irregularities.* CCC reserves the right to waive any informality or minor irregularity with respect to any aspect of the operation of the EEP or any Agreement executed thereunder in order to best accomplish the purposes of the program.

Subpart C—Dairy Export Incentive Program Criteria

AUTHORITY: 7 U.S.C. 5663.

SOURCE: 56 FR 26324, June 7, 1991, unless otherwise noted.

§ 1494.1100 General statement.

This subpart sets forth the criteria to be considered in evaluating and approving proposals for initiatives to facilitate export sales under the Commodity Credit Corporation's (CCC) Dairy Export Incentive Program (DEIP). These criteria are interrelated and will be considered together in order to select eligible commodities and eligible countries for DEIP initiatives which will best meet the program's objectives. The objectives of the program are to increase U.S. agricultural commodity exports and to encourage other countries exporting agricultural commodities to undertake serious negotiations on agricultural trade problems. Under the DEIP, bonuses are made available by CCC to enable exporters to meet prevailing world prices for targeted dairy products in targeted destinations. In the operation of the DEIP, CCC will make reasonable efforts to avoid the displacement of commercial export sales of U.S. dairy products and to ensure that sales facilitated by the DEIP are in addition to, and not in place of, any export sales of dairy products that the exporter would have otherwise made in the absence of the program.

§ 1494.1101 Criteria.

The criteria considered in evaluating and approving proposals for the DEIP are those set forth in § 1494.20 of this part.

§ 1494.1200 Program operations.

This subpart contains the regulations governing the operation of the Dairy Export Incentive Program (DEIP) of the Commodity Credit Corporation (CCC). Under the DEIP, CCC facilitates the export of U.S. dairy products by paying bonuses to exporters which export U.S. dairy products to targeted markets in accordance with the terms and conditions of an Agreement entered into between the exporter and

CCC. Except as otherwise provided in this subpart, the program operations provisions of subpart B of this part, relating to the Export Enhancement Program, will also apply to the DEIP. Any terms or conditions applicable to a particular Invitation for Offers (Invitation) under the DEIP, beyond those terms or conditions set forth in this subpart or subpart B of this part, will be specifically provided for in such Invitation.

§ 1494.1201 Paperwork Reduction Act.

The information collection requirements contained in this subpart have been approved by the Office of Management and Budget (OMB) in accordance with the provisions of 44 U.S.C. chapter 35 and have been assigned OMB control No. 0551-0029.

SOURCE: 44 FR 27407, May 10, 1979, unless otherwise noted.

§ 1496.1 General statement.

This subpart sets forth the policies, procedures and requirements governing procurement, including allocation to U.S. ports, of processed agricultural commodities for donation under Title II, Pub. L. 480.

[44 FR 27407, May 10, 1979, as amended at 52 FR 5728, Feb. 25, 1987]

§ 1496.2 Administration.

(a) The program will be carried out by the Farm Service Agency (referred to in this subpart as "FSA") under the general supervision and direction of the Executive Vice President of CCC.

The program will be administered through the Office of the Deputy Administrator, Commodity Operations, FSA, Washington, DC and the Kansas City Commodity Office (KCCO), FSA, Kansas City, Missouri. Procurement will be in accordance with USDA-1, "General Terms and Conditions for the Procurement of Agricultural Commodities or Services", as amended or revised, applicable provisions of the Federal Acquisition Regulations (48 CFR), and applicable purchase announcements and bid invitations.

(b) Purchases are made to fulfill commodity requests received in KCCO from AID.

[44 FR 27407, May 10, 1979, as amended at 52 FR 5728, Feb. 25, 1987]

§ 1496.3 Definitions.

As used in the regulations in this subpart and in the forms and documents related thereto, the following terms shall have the meaning assigned to them in this section.

(a) *AID* means the Agency for International Development, an agency within the United States Department of State.

(b) *FSA* means the Farm Service Agency, an agency within the United States Department of Agriculture.

(c) *DACO* means the Deputy Administrator, Commodity Operations, FSA.

(d) *CCC* means Commodity Credit Corporation, a corporate agency within the United States Department of Agriculture.

(e) *Commodity Office* means the Kansas City Commodity Office, within FSA, which is responsible for assigned inventory management, acquisition, disposition and related program activities of CCC.

(f) *Lowest landed cost* means the lowest combined total cost of the commodity plus transportation charges to the port of discharge.

[44 FR 27407, May 10, 1979, as amended at 52 FR 5728, Feb. 25, 1987]

§ 1496.4 Issuance of invitations.

From time to time, CCC will issue invitations to purchase or process agricultural products for utilization in the Title II, Pub. L. 480 program. The invitations will specify the contract terms;

the closing date for acceptance of bids; the date contracts will be awarded; and other pertinent information. Invitations will be issued at least 10 days prior to the deadline for submission of bids. The bid submission deadlines and contract awards will be timed so not more than one market day elapses between bid opening (bid submission deadline) and contract awards.

§ 1496.5 Consideration of bids.

(a) *Lowest landed cost.* The general principle of awarding contracts that will result in the lowest landed cost will prevail. Lowest landed cost will be calculated on the basis of U.S. flag rates and service for that portion of the commodities being purchased that CCC determines is necessary and practicable to meet cargo preference requirements and on an overall (foreign and U.S. flag) basis for the remaining portion of the commodities being purchased. However, the additional factors set forth in this section will be considered in awarding contracts.

(b)(1) *Availability of ocean service.* Prior to receipt of offers from commodity suppliers, CCC will review ocean freight information from available sources including, but not limited to, trade journal newspapers, port publications, and steamship publications to determine the availability of appropriate ocean service.

(2) Additional information will be gathered, if necessary by direct contact with the steamship company involved, regarding such factors as the minimum tonnage and/or revenue required to perform the service needed.

(3) Special emphasis will be placed on assuring that under normal conditions the vessels will be calling at U.S. ports to coordinate loading with cargo arrival from suppliers.

(4) Freight rates will be obtained from published ocean tariffs to make cost comparisons between various steamship companies and coastal ranges.

(5) Available service will be analyzed to ensure that the port or coastal range selected for exportation has available ocean transportation service that will provide maximum compliance with the stated policy of AID with regard to the utilization of U.S. and

other flag vessels to carry commodities shipped under Title II, Pub. L. 480.

(c) *Adequacy of service.* (1) Prior to the selection of a coastal range or U.S. port from which commodities will be shipped, the ocean transportation service available may be examined to determine adequacy of service. The data utilized may include, but not necessarily be limited to, the past performance of a particular vessel or steamship line in terms of loss and/or damage to cargo when received at destination port; past performance in meeting established delivery schedules, etc. CCC may eliminate from consideration ports or coastal ranges where ocean transportation service is considered inadequate by CCC. When clearly superior service is available at another port or coastal range it may be selected over other service.

(d) *Port performance.* (1) Each port will be contacted prior to bid evaluation to determine their cargo handling capabilities for Title II, Pub. L. 480, commodities when it is reasonably expected that quantities of 1,000 tons or more may be shipped. Allocations to that port will be governed by the minimum or maximum quantities indicated.

(2) Limits of quantities purchased for delivery to a port or coastal range may also be imposed by the amount of vessel space available during the expected delivery and loading period.

(3) Prior to the final selection of a U.S. port from which commodities will be shipped, the adequacy of the port to receive, accumulate, warehouse, handle, store, and protect the cargo will be considered.

(4) Factors which will be considered in this determination will include, but are not necessarily limited to, the adequacy of building structures, proper ventilation, freedom from insects and rodents, cleanliness, and overall good housekeeping and warehousing practices.

(5) When it is determined that the U.S. port is congested, facilities are overloaded, and a vessel would not be able to dock and load cargo without delay, or when labor disputes or lack of labor will prohibit the loading of the cargo onboard a vessel in a timely

manner, another coastal range or port will be considered.

(e) *Transit time.* CCC will consider total transit time, as it relates to a final delivery date, in order to satisfy program requirements.

(f) *Great Lakes ports.* (1) Commodities offered for delivery "free alongside ship" (f.a.s.) Great Lakes port range or intermodal bridge-port Great Lakes port range that represent the overall (foreign and U.S. flag) lowest landed cost will be awarded on that basis. Such offers will not be reevaluated on a lowest landed cost U.S.-flag basis unless CCC determines that 25 percent of the total annual tonnage of bagged, processed or fortified commodities furnished under Title II of Public Law 480 has been, or will be, transported from the Great Lakes port range during that fiscal year.

(2) CCC will consider commodity offers as offers for delivery "intermodal bridge-port Great Lakes port range" only if:

(i) The offer specifies delivery at a marine cargo-handling facility that is capable of loading ocean going vessels at a Great Lakes port, as well as loading ocean going conveyances such as barges and container vans, and

(ii) The commodities will be moved from one transportation conveyance to another at such a facility.

[44 FR 27407, May 10, 1979, as amended at 52 FR 5729, Feb. 25, 1987; 63 FR 11104, Mar. 6, 1998]

§ 1496.6 Data to be used.

(a) CCC will use all available historical and current data as a basis for procurement considerations, including evaluations and decisions regarding the physical facilities and performance of ports. Heavy reliance will be placed upon current port conditions as determined from first hand observations and reports from USDA and other reliable sources.

(b) The primary source of historical data will be documents used in the normal course of conducting business. Sources include contract documents, ocean bills of lading, survey and/or outturn reports made by commercial cargo surveyors, claim settlement agreements, claim payment documents, etc. CCC will utilize only such

data and make only those analyses that it believes will provide a valid measure of program performance.

§ 1496.7 Final contract determinations.

The KCCO shall be responsible for making lowest landed cost determinations. KCCO shall provide that information to an Ad Hoc Committee designated by the Administrator, FSA, to review the lowest landed cost determinations as a result of any or all of the factors referred to herein. If, after the committee makes its review and it is recommended that contracts should be awarded based on the additional factors which would override lowest landed cost determinations, these recommendations will be presented to the Contracting Officer for a final decision. These decisions will be fully documented and explained as to the reasons the lowest landed cost was not selected.

After approval by CCC, the Plan of Operation will be incorporated into the section 416(b) Program Agreement as "Attachment A."

(2) CCC may require Cooperating Sponsors to submit a Plan of Operation in connection with the Food for Progress program.

(3) A Plan of Operation shall be in the following format and provide the following information:

1. Name and Address of Applicant;
2. Country of Donation;
3. Kind and Quantity of Commodities Requested;
4. Delivery Schedule;
5. Program Description:
Provide the following information:
 - (a) Activity objectives, including a description of any problems anticipated in achieving the activities' objectives;
 - (b) Method for choosing beneficiaries of activities;
 - (c) Program administration including, as appropriate, plans for administering the distribution or sale of commodities and the expenditure of sale proceeds, and identification of the administrative or technical personnel who will implement the activities;

(d) Activity budgets, including costs that will be borne by the Cooperating Sponsor, other organizations or local governments;

(e) The recipient agency, if any, that will be involved in the program and a description of each recipient agency's capability to perform its responsibilities as stated in the Plan of Operation;

(f) Governmental or nongovernmental entities involved in the program and the extent to which the program will strengthen or increase the capabilities of such entities to further economic development in the recipient country;

(g) Method of educating consumers as to the source of the provided commodities and, where appropriate, preparation and use of the commodity; and

(h) Criteria for measuring progress towards achieving the objectives of activities and evaluating program outcome.

6. Use of Funds or Goods and Services Generated:

When the activity involves the use of sale proceeds, the receipt of goods or services from the barter of commodities, or the use of program income, the following information must be provided:

(a) the quantity and type of commodities to be sold or bartered;

(b) extent to which any sale or barter of the agricultural commodities provided would displace or interfere with any sales that may otherwise be made;

(c) the amount of sale proceeds anticipated to be generated from the sale, the value of the goods or services anticipated to be generated from the barter of the agricultural commodities provided, or the amount of program income expected to be generated;

(d) the steps taken to use, to the extent possible, the private sector in the process of selling commodities;

(e) the specific uses of sale proceeds or program income and a timetable for their expenditure; and

(f) procedures for assuring the receipt and deposit of sale proceeds and program income into a separate special account and procedures for the disbursement of the proceeds and program income from such special account.

7. Distribution Methods:

(a) a description of the transportation and storage system which will be used to move the agricultural commodities from the receiving port to the point at which distribution is made to the recipient;

(b) a description of any reprocessing or repackaging of the commodities that will take place; and

(c) a logistics plan that demonstrates the adequacy of port, transportation, storage, and warehouse facilities to handle the flow of commodities to recipients without undue spoilage or waste.

8. Duty Free Entry:

Documentation indicating that any commodities to be distributed to recipients, rather than sold, will be imported and distributed free from all customs, duties, tolls, and taxes.

9. Economic Impact:

Information indicating that the commodities can be imported and distributed without a disruptive impact upon production, prices and marketing of the same or like products within the importing country.

(b) *Agreements.* CCC and the Cooperating Sponsor will enter into a written Program Agreement which will incorporate the terms and conditions set forth in this part. The commodities provided by CCC, and any packaging, will meet the specifications set forth in such Program Agreement. A Program Agreement may contain special terms or conditions, in addition to or in lieu of, the terms and conditions set forth in the regulations in this part when CCC determines that such special terms or conditions are necessary to effectively carry out the particular Program Agreement.

§ 1499.6 Usual marketing requirements.

(a) A foreign government Cooperating Sponsor shall provide to the Director, PDD, data showing commercial and non-commercial imports of the types of agricultural commodities requested during the prior five years, by country of origin, and an estimate of imports of such commodities during the current year.

(b) CCC may require that a Program Agreement with a foreign government include a "usual marketing requirement" that establishes a specific level of imports for a specified period. The Program Agreement may also include a prohibition on the export of provided commodities, as well as of other similar commodities specified in the Program Agreement.

§ 1499.7 Apportionment of costs and advances.

(a) CCC will bear the costs of processing, packaging, transportation, handling and other incidental charges incurred in delivering commodities to Cooperating Sponsors. CCC will deliver bulk grain shipments f.o.b. vessel, and shipments of all other commodities f.a.s. vessel or intermodal points. CCC

will choose the point of delivery based on lowest cost to CCC.

(b) When the General Sales Manager approves in advance and in writing, CCC may agree to bear all or a portion of reasonable costs associated with:

(1) Transportation from U.S. ports to designated ports or points of entry abroad, maritime survey costs, and in cases of urgent and extraordinary relief requirements, transportation from designated ports or points of entry abroad to designated storage and distribution sites;

(2) In cases of urgent and extraordinary relief requirements, reasonable storage and distribution costs; and

(3) Under the Food for Progress Program, administration or monitoring of food assistance programs, or technical assistance regarding sales of commodities provided by CCC.

(c) CCC will not pay any costs incurred by the Cooperating Sponsor prior to the date of the Program Agreement.

(d) Except as provided in paragraph (b) of this section, the Cooperating Sponsor shall ordinarily bear all costs incurred subsequent to CCC's delivery of commodities at U.S. ports or intermodal points.

(e) A Cooperating Sponsor seeking agreement by CCC to bear the costs identified in paragraphs (b)(2) or (b)(3) of this section shall submit to the Director, PDD, a Program Operation Budget detailing such costs. If approved, the Program Operation Budget shall become part of the Program Agreement. The non-government Cooperating Sponsor may make adjustments between line items of an approved Program Operations Budget up to 20 percent of the total amount approved or \$5,000, whichever is less without any further approval. Adjustments beyond these limits must be specifically approved by the Director, PDD.

(f) The Cooperating Sponsor may request advance of up to 85 percent of the amount of an approved Program Operating Budget. However, CCC will not approve any request for an advance received earlier than 60 days after the date of a previous advance made in connection with the same Program Agreement.

(g) Funds advanced shall be deposited in an interest bearing account until expended. Interest earned may be used only for the purposes for which the funds were advanced.

(h) The Cooperating Sponsor shall return to CCC any funds not obligated as of the 180th day after being advanced, together with any interest earned on such unexpended funds. Funds and interest shall be returned within 30 days of such date.

(i) The Cooperating Sponsor shall, not later than 10 days after the end of each calendar quarter, submit a financial statement to the Director, PDD, accounting for all funds advanced and all interest earned.

(j) CCC will pay all other costs for which it is obligated under the Program Agreement by reimbursement. However, CCC will not pay any cost incurred after the final date specified in the Program Agreement.

§ 1499.8 Ocean transportation.

(a) *Cargo preference.* Shipments of commodities provided under either the section 416(b) or Food for Progress programs are subject to the requirements of sections 901(b) and 901b of the Merchant Marine Act, 1936, regarding carriage on U.S.-flag vessels. CCC will endeavor to meet these requirements separately for each program for each 12-month compliance period. A Cooperating Sponsor shall comply with the instructions of CCC regarding the quantity of commodities that must be carried on U.S. flag vessels.

(b) *Freight procurement requirements.* When CCC is financing any portion of the ocean freight, whether on U.S.-flag or non-U.S. flag vessels, and the Cooperating Sponsor arranges ocean transportation:

(1) The Cooperating Sponsor shall arrange ocean transportation through competitive bidding and shall obtain approval of all invitations for bids from the offices specified in the Program Agreement prior to issuance.

(2) Invitations for bids shall be issued through the Transportation News Ticker (TNT), New York, and at least one other comparable means of trade communication.

(3) Freight invitations for bids shall include specified procedures for payment of freight, including the party responsible for the freight payments, and expressly require that:

(i) Offers include a contract canceling date no later than the last contract layday specified in the invitation for bids;

(ii) Offered rates be quoted in U.S. dollars per metric ton;

(iii) If destination bagging or transportation to a point beyond the discharge port is required, the offer separately state the total rate and the portion thereof attributable to the ocean segment of the movement;

(iv) Any non-liner U.S. flag vessel 15 years or older offer, in addition to any other offered rate, a one-way rate applicable in the event the vessel is scrapped or transferred to foreign flag registry prior to the end of the return voyage to the United States;

(v) In the case of packaged commodities, U.S. flag carriers specify whether delivery will be direct breakbulk shipment, container shipment, or breakbulk transshipment and identify whether transshipment (including container relays) will be via U.S. or foreign flag vessel;

(vi) Vessels offered subject to Maritime Administration approval will not be accepted; and

(vii) Offers be received by a specified closing time, which must be the same for both U.S. and non-U.S. flag vessels.

(4) In the case of shipments of bulk commodities and non-liner shipments of packaged commodities, the Cooperating Sponsor shall open offers in public in the United States at the time and place specified in the invitation for bids and consider only offers that are responsive to the invitation for bids without negotiation. Late offers shall not be considered or accepted.

(5) All responsive offers received for both U.S. flag and foreign flag service shall be presented to KCCO which will determine the extent to which U.S.-flag vessels will be used.

(6) The Cooperating Sponsor shall promptly furnish the Director, Public Law 480-OD, or other official specified in the Program Agreement, copies of all offers received with the time of receipt indicated thereon. The Director,

Public Law 480-OD, or other official specified in the Program Agreement, will approve all vessel fixtures. The Cooperating Sponsor may fix vessels subject to the required approval; however, the Cooperating Sponsor shall not confirm a vessel fixture until advised of the required approval and the results of the Maritime Administration's guideline rate review. The Cooperating Sponsor shall not request guideline rate advice from the Maritime Administration. The Cooperating Sponsor will, promptly after receipt of vessel approval, issue a public notice of the fixture details on the TNT or other means of communication approved by the Director, Public Law 480-OD.

(7) Non-Vessel Operating Common Carriers may not be employed to carry shipments on either U.S. or foreign-flag vessels.

(8) The Cooperating Sponsor shall promptly furnish the Director Public Law 480-OD, a copy of the signed laytime statement and statement of facts at the discharge port.

(c) *Shipping agents.* (1) The Cooperating Sponsor may appoint a shipping agent to assist in the procurement of ocean transportation. The Cooperating Sponsor shall nominate the shipping agent in writing to the Deputy Administrator, Room 4077-S, Foreign Agricultural Service, U.S. Department of Agriculture, Washington, DC 20250-1031, and include a copy of the proposed agency agreement. The Cooperating Sponsor shall specify the time period of the nomination.

(2) The shipping agent so nominated shall submit the information and certifications required by 7 CFR 17.4 to the Deputy Administrator.

(3) A person may not act as a shipping agent for a Cooperating Sponsor unless the Deputy Administrator has notified the Cooperating Sponsor in writing that the nomination is accepted.

(d) *Commissions.* (1) When any portion of the ocean freight is paid by CCC, total commissions earned on U.S. and foreign flag bookings by all parties arranging vessel fixtures, shall not exceed 2½ percent of the total freight costs.

(2) Address commissions are prohibited.

(e) *Contract terms.* When CCC is paying any portion of the ocean freight, charter parties and liner booking contracts must conform to the following requirements, as applicable:

(1) Packaged commodities on liner vessels shall be shipped on the basis of full berth terms with no demurrage or despatch;

(2) Shipments of bulk liquid commodities may be contracted in accordance with trade custom. Other bulk commodities, including shipments that require bagging or stacking for the account of the vessel, shall be shipped on the basis of vessel load, free out, with demurrage and despatch applicable at load and discharge ports; except that, if bulk commodities require further inland distribution, they shall be shipped on the basis of vessel load with demurrage and despatch at load and berth terms discharge, *i.e.*, no demurrage, despatch, or detention at discharge. Demurrage and despatch shall be settled between the ocean carrier and commodity suppliers at load port and between the ocean carrier and charterers at discharge ports. CCC is not responsible for resolving disputes involving the calculation of laytime or the payment of demurrage or despatch.

(3) If the Program Agreement requires the Cooperating Sponsor to arrange an irrevocable letter of credit for ocean freight, the Cooperating Sponsor shall be liable for detention of the vessel for loading delays attributable solely to the decision of the ocean carrier not to commence loading because of the failure of the Cooperating Sponsor to establish such letter of credit. Charter parties and liner booking contracts may not contain a specified detention rate. The ocean carrier shall be entitled to reimbursement, as damages for detention for all time so lost, for each calendar day or any part of the calendar day, including Saturdays, Sundays and holidays. The period of such delay shall not commence earlier than upon presentation of the vessel at the designated loading port within the laydays specified in the charter party or liner booking contract, and upon notification of the vessel's readiness to load in accordance with the terms of the applicable charter party or liner booking contract. The period of such

delay shall end at the time that operable irrevocable letters of credit have been established for ocean freight or the time the vessel begins loading, whichever is earlier. Time calculated as detention shall not count as laytime. Reimbursement for such detention shall be payable no later than upon the vessel's arrival at the first port of discharge.

(4) Charges including, but not limited to charges for inspection, fumigation, and carrying charges, attributable to the failure of the vessel to present before the canceling date will be for the account of the ocean carrier.

(5) Ocean freight is earned under a charter party when the vessel and cargo arrive at the first port of discharge, *Provided*, That if a *force majeure* prevents the vessel's arrival at the first port of discharge, 100% of the ocean freight is payable or, if the charter party provides for completing additional requirements after discharge such as bagging, stacking, or inland transportation, not more than 85% of the ocean freight is payable, at the time the General Sales Manager determines that such *force majeure* was the cause of nonarrival; and

(6) When the ocean carrier offers delivery to destination ports on U.S.-flag vessels, but foreign-flag vessels are used for any part of the voyage to the destination port without first obtaining the approval of the Cooperating Sponsor, KCCO, and any other approval that may be required by the Program Agreement, the ocean freight rate will be reduced to the lowest responsive foreign-flag vessel rate offered in response to the same invitation for bids and the carrier agrees to pay CCC the difference between the contracted ocean freight rate and the freight rate offered by such foreign-flag vessel.

(f) *Coordination between CCC and the Cooperating Sponsor.* When a Program Agreement specifies that the Cooperating Sponsor will arrange ocean transportation:

(1) KCCO will furnish the Cooperating Sponsor, or its agent, with a Notice of Commodity Availability (Form CCC-512) which will specify the receiving country, commodity, quantity, and date at U.S. port or intermodal delivery point.

(2) The Cooperating Sponsor shall complete the Form CCC-512 indicating name of steamship company, vessel name, vessel flag and estimated time of arrival at U.S. port; and shall sign and return the completed form to KCCO, with a copy to the Director, P.L. 480-OD. If CCC agrees to pay any part of the ocean transportation for liner cargoes, the Cooperating Sponsor shall also indicate on the Form CCC-512 the applicable Federal Maritime Commission tariff rate, and tariff identification.

(3) KCCO will issue instructions to have the commodity delivered f.a.s. or f.o.b. vessel, U.S. port of export or intermodal delivery point, consigned to the Cooperating Sponsor.

(g) *Documents required for payment of freight—(1) General rule.* To receive payment for ocean freight, the following documents shall be submitted to the Director, CCCPSD:

(i) One signed copy of completed Form CCC-512;

(ii) Four copies of the original on-board bills of lading indicating the freight rate and signed by the originating carrier;

(iii) For all non-containerized grain cargoes,

(A) One signed copy of the Federal Grain Inspection Service (FGIS) Official Stowage Examination Certificate (Vessel Hold Certificate);

(B) One signed copy of the National Cargo Bureau Certificate of Readiness (Vessel Hold Inspection Certificate); and

(C) One signed copy of the National Cargo Bureau Certificate of Loading;

(iv) For all containerized grain and grain product cargoes, one signed copy of the FGIS Container Condition Inspection Certificate;

(v) One signed copy of liner booking note or charter party covering ocean transportation of cargo;

(vi) For charter shipments, a signed notice of arrival at first discharge port submitted by the Cooperating Sponsor;

(vii) For all liner cargoes, a copy of the tariff page.

(viii) Four copies of either:

(A) A request by the Cooperating Sponsor for reimbursement of ocean

freight or ocean freight differential indicating the amount due, and accompanied by a certification from the ocean carrier that payment has been received from the Cooperating Sponsor; or

(B) A request for direct payment to the ocean carrier, indicating amount due; or

(C) A request for direct payment of ocean freight differential to the ocean carrier accompanied by a certification from the carrier that payment of the Cooperating Sponsor's portion of the ocean freight has been received.

(ix) Each request to CCC for payment must provide a document, on letterhead and signed by an official or agent of the requester, the name of the entity to receive payment, the bank ABA number to which payment is to be made; the account number for the deposit at the bank; the requester's taxpayer identification number; and the type of the account into which funds will be deposited.

(2) *In cases of force majeure.* To receive payment in cases where the General Sales Manager determines that circumstances of *force majeure* have prevented the vessel's arrival at the first port of discharge, the Cooperating Sponsor shall submit all documents required by paragraph (g)(1) of this section except for the notice of arrival required by paragraph (g)(1)(vi) of this section.

(h) *CCC payment of ocean freight or ocean freight differential—(1) General rule.* CCC will pay, not later than 30 days after receipt in good order of the required documentation, 100 percent of either the ocean freight or the ocean freight differential, whichever is specified in the Program Agreement.

(2) *Additional requirements after discharge.* Where the charter party or liner booking note provide for the completion of additional services after discharge, such as bagging, stacking or inland transportation, CCC will pay, not later than 30 days after receipt in good order of the required documentation, either not more than 85 percent of the total freight charges or 100 percent of the ocean freight differential, whichever is specified in the Program Agreement. CCC will pay the remaining balance, if any, of the freight charges not

later than 30 days after receipt of notification from the Cooperating Sponsor that such additional services have been provided; except that CCC will not pay any remaining balance where the GSM determines that the vessel's arrival at first port of discharge was prevented by *force majeure*.

(3) *No demurrage.* CCC will not pay demurrage.

§ 1499.9 Arrangements for entry and handling in the foreign country.

(a) The Cooperating Sponsor shall make all necessary arrangements for receiving the commodities in the recipient country, including obtaining appropriate approvals for entry and transit. The Cooperating Sponsor shall store and maintain the commodities from time of delivery at port of entry or point of receipt from originating carrier in good condition until their distribution, sale or barter.

(b) When CCC has agreed to pay costs of transporting, storing, and distributing commodities from designated points of entry or ports of entry, the Cooperating Sponsor shall arrange for such services, by through bill of lading, or by contracting directly with suppliers of services, as CCC may approve. If the Cooperating Sponsor contracts directly with the suppliers of such services, the Cooperating Sponsor may seek reimbursement by submitting documentation to CCC indicating actual costs incurred. All supporting documentation must be sent to the Director, CCCPSD. CCC, at its option, will reimburse the Cooperating Sponsor for the cost of such services in U.S. dollars at the exchange rate in effect on the date of payment by CCC, or in foreign currency.

§ 1499.10 Restrictions on commodity use and distribution.

(a) The Cooperating Sponsor may use the commodities provided only in accordance with the terms of the Program Agreement.

(b) Commodities shall not be distributed within the importing country on

the basis of political affiliation, geographic location, or the ethnic, tribal or religious identity or affiliations of the potential consumers or recipients.

(c) Commodities shall not be distributed, handled or allocated by military forces without specific CCC authorization.

(d) In the event that its participation in the program terminates, the non-government cooperating sponsor will safeguard any undistributed commodities and sales proceeds and dispose of such commodities and proceeds as directed by CCC.

[61 FR 60515, Nov. 29, 1996, as amended at 63 FR 59877, Nov. 6, 1998]

§ 1499.11 Agreement between Cooperating Sponsor and recipient agencies.

(a) The Cooperating Sponsor shall enter into a written agreement with a recipient agency prior to the transfer of any commodities, sale proceeds or program income to the recipient agency. Copies of such agreements shall be provided to the Agricultural Counselor or Attache, and the Director, PDD. Such agreements shall require the recipient agency to pay the Cooperating Sponsor the value of any commodities, sale proceeds or program income that are used for purposes not expressly permitted under the Program Agreement, or that are lost, damaged, or misused as result of the recipient agency's failure to exercise reasonable care;

(b) CCC may waive the requirements of paragraph (a) of this section where it determines that such an agreement is not feasible or appropriate.

§ 1499.12 Sales and barter of commodities provided and use of proceeds.

(a) Commodities may be sold or bartered without the prior approval of CCC where damage has rendered the commodities unfit for intended program purposes and sale or barter is necessary to mitigate loss of value.

(b) A Cooperating Sponsor may, but is not required to, negotiate an agreement with the host government under which the commodities imported for a sale or barter may be imported, sold, or bartered without assessment of duties or taxes. In such cases and where the commodities are sold, they shall be

sold at prices reflecting prevailing local market value.

(c) The Cooperating Sponsor shall deposit all sale proceeds into an interest-bearing account unless prohibited by the laws or customs of the importing country or CCC determines that to do so would constitute an undue burden. Interest earned on such deposits shall only be used for approved activities.

(d) Except as otherwise provided in this part, the Cooperating Sponsor may use sale proceeds and resulting interest only for those purposes approved in the applicable Plan of Operation.

(e) CCC will approve the use of sale proceeds and interest to purchase real and personal property where local law permits the Cooperating Sponsor to retain title to such property, but will not approve the use of sale proceeds or interest to pay for the acquisition, development, construction, alteration or upgrade of real property that is;

(1) Owned or managed by a church or other organization engaged exclusively in religious activity, or

(2) Used in whole or in part for sectarian purposes; *except that*, a Cooperating Sponsor may use such sale proceeds or interest to pay for repairs or rehabilitation of a structure located on such real property to the extent necessary to avoid spoilage or loss of provided commodities but only if such structure is not used in whole or in part for any religious or sectarian purposes while the provided commodities are stored in such structure. When not approved in the Plan of Operation, such use may be approved by the Agricultural Counsellor or Attache.

(f) The Cooperating Sponsor shall follow commercially reasonable practices in procuring goods and services and when engaging in construction activity in accordance with the approved Plan of Operation. Such practices shall include procedures to prevent fraud, self-dealing and conflicts of interest, and shall foster free and open competition to the maximum extent practicable.

(g) To the extent required by the Program Agreement, the Cooperating Sponsor shall submit to the Controller, CCC, and to the Director, PDD, an inventory of all assets acquired with sale

proceeds or interest or program income. In the event that its participation in the program terminates, the Cooperating Sponsor shall dispose, at the direction of the Director, PDD, of any property, real or personal, so acquired.

[61 FR 60515, Nov. 29, 1996; 62 FR 2719, Jan. 17, 1997]

§ 1499.13 Processing, packaging and labeling of section 416(b) commodities in the foreign country.

(a) Cooperating Sponsors may arrange for the processing of commodities provided under a section 416(b) Program Agreement, or for packaging or repackaging prior to distribution. When a third party provides such processing, packaging or repackaging, the Cooperating Sponsor shall enter into a written agreement requiring that the provider of such services maintain adequate records to account for all commodities delivered and submit periodic reports to the Cooperating Sponsor. The Cooperating Sponsor shall submit a copy of the executed agreement to the Agricultural Counselor or Attache.

(b) If, prior to distribution, the Cooperating Sponsor arranges for packaging or repackaging commodities provided under section 416(b), the packaging shall be plainly labeled in the language of the country in which the commodities are to be distributed with the name of the commodity and, except where the commodities are to be sold or bartered after processing, packaging or repackaging, to indicate that the commodity is furnished by the people of the United States of America and not to be sold or exchanged. If the commodities are not packaged, the Cooperating Sponsor shall, to the extent practicable, display banners, posters or other media containing the information prescribed in this paragraph.

(c) CCC will reimburse Cooperating Sponsors that are nonprofit private voluntary organizations or cooperatives for expenses incurred for repackaging if the packages of commodities provided under section 416(b) are discharged from the vessel in damaged condition, and are repackaged to ensure that the commodities arrive at the distribution point in wholesome condition. No prior approval is required

for such expenses equaling \$500 or less. If such expense is estimated to exceed \$500, the authority to repackage and incur such expense must be approved by the Agricultural Counselor or Attache in advance of repackaging.

§ 1499.14 Disposition of commodities unfit for authorized use.

(a) *Prior to delivery to Cooperating Sponsor at discharge port or point of entry.* If the commodity is damaged prior to delivery to a governmental Cooperating Sponsor at discharge port or point of entry overseas, the Agricultural Counselor or Attache will immediately arrange for inspection by a public health official or other competent authority. If the commodity is damaged prior to delivery to a nongovernmental Cooperating Sponsor at the discharge port or point of entry, the nongovernmental Cooperating Sponsor shall arrange for such inspection. If inspection discloses the commodity to be unfit for the use authorized in the Program Agreement, the Agricultural Counselor or Attache or the nongovernmental Cooperating Sponsor shall dispose of the commodities in accordance with the priority set forth in paragraph (b) of this section. Expenses incidental to the handling and disposition of the damaged commodity will be paid by CCC from the sale proceeds or from an appropriate CCC account designated by CCC. The net proceeds of sales shall be deposited with the U.S. Disbursing Officer, American Embassy, for the credit of CCC in an appropriate CCC account designated by CCC; however, if the commodities are provided for a sales program, the net sale proceeds, net of expenses incidental to handling and disposition of the damaged commodity, shall be deposited to the special account established for sale proceeds. The Cooperating Sponsor shall consult with CCC regarding the inspection and disposition of commodities and accounting for sale proceeds in the event the Cooperating Sponsor executed a sales agreement under which title passed to the purchaser prior to delivery to the Cooperating Sponsor.

(b) *After delivery to Cooperating Sponsor.* (1) If after arrival in a foreign

country and after delivery to a Cooperating Sponsor, it appears that the commodity, or any part thereof, may be unfit for the use authorized in the Program Agreement, the Cooperating Sponsor shall immediately arrange for inspection of the commodity by a public health official or other competent authority approved by the Agricultural Counselor or Attache. If no competent local authority is available, the Agricultural Counselor or Attache may determine whether the commodities are unfit for the use authorized in the Program Agreement and, if so, may direct disposal in accordance with this paragraph (b) of this section. The Cooperating Sponsor shall arrange for the recovery of that portion of the commodities designated during the inspection as suitable for authorized use. If, upon inspection, the commodity (or any part thereof) is determined to be unfit for the authorized use, the Cooperating Sponsor shall notify the Agricultural Counselor or Attache of the circumstances pertaining to the loss or damage. With the concurrence of the Agricultural Counselor or Attache, the commodity determined to be unfit for authorized use shall be disposed of in the following order of priority:

(i) By transfer to an approved section 416(b) program for use as livestock feed. CCC shall be advised promptly of any such transfer so that shipments from the United States to the livestock feeding program can be reduced by an equivalent amount;

(ii) Sale for the most appropriate use, i.e., animal feed, fertilizer, or industrial use, at the highest obtainable price. When the commodity is sold, all U.S. Government markings shall be obliterated or removed;

(iii) By donation to a governmental or charitable organization for use as animal feed or for other non-food use; or

(iv) If the commodity is unfit for any use or if disposal in accordance with paragraph (b)(1) (i), (ii) or (iii) of this section is not possible, the commodity shall be destroyed under the observation of a representative of the Agricultural Counselor or Attache, if practicable, in such manner as to prevent its use for any purpose.

(2) Actual expenses incurred, including third party costs, in effecting any sale may be deducted from the sale proceeds and, if the commodities were intended for direct distribution, the Cooperating Sponsor shall deposit the net proceeds with the U.S. Disbursing Officer, American Embassy, with instructions to credit the deposit to an appropriate CCC account as designated by CCC. If the commodities were intended to be sold, the Cooperating Sponsor shall deposit the gross proceeds into the special interest bearing account and, after approved costs related to the handling and disposition of damaged commodities are paid, shall use the remaining funds for purposes of the approved program. The Cooperating Sponsor shall promptly furnish to the Agricultural Counselor or Attache a written report of all circumstances relating to the loss and damage on any commodity loss in excess of \$5,000; quarterly reports shall be made on all other losses. If the commodity was inspected by a public health official or other competent authority, the report and any supplemental report shall include a certification by such public health official or other competent authority as to the condition of the commodity and the exact quantity of the damaged commodity disposed. Such certification shall be obtained as soon as possible after the discharge of the cargo. A report must also be provided to the Chief, Debt Management Division, KCMO/DMD, of action taken to dispose of commodities unfit for authorized use.

[61 FR 60515, Nov. 29, 1996, as amended at 63 FR 59877, Nov. 6, 1998]

§ 1499.15 Liability for loss, damage, or improper distribution of commodities—claims and procedures.

(a) *Fault of Cooperating Sponsor prior to loading on ocean vessel.* The Cooperating Sponsor shall immediately notify KCCO, Chief, Export Operations Division if the Cooperating Sponsor will not have a vessel for loading at the U.S. port of export in accordance with the agreed shipping schedule. CCC will determine whether the commodity will be: moved to another available outlet; stored at the port for delivery to the Cooperating Sponsor when a vessel is

available for loading; or disposed of as CCC may deem proper. The Cooperating Sponsor shall take such action as directed by CCC and shall reimburse CCC for expenses incurred if CCC determines that the expenses were incurred because of the fault or negligence of the Cooperating Sponsor.

(b) *Fault of others prior to loading on ocean vessel.* The Cooperating Sponsor shall immediately notify the Chief, Debt Management Office, KCMO/DMD, when any damage or loss to the commodity occurs that is attributable to a warehouseman, carrier, or other person between the time title is transferred to a Cooperating Sponsor and the time the commodity is loaded on board vessel at the designated port of export. The Cooperating Sponsor shall promptly assign to CCC any rights to claims which may arise as a result of such loss or damage and shall promptly forward to CCC all documents pertaining thereto. CCC shall have the right to initiate claims, and retain the proceeds of all claims, for such loss or damage.

(c) *Survey and outturn reports related to claims against ocean carriers.* (1) If the Program Agreement provides that CCC will arrange for an independent cargo surveyor to attend the discharge of the cargo, CCC will require the surveyor to provide a copy of the report to the Cooperating Sponsor.

(2)(i) If the Cooperating Sponsor arranges for an independent cargo surveyor, the Cooperating Sponsor shall forward to the Chief, Debt Management Office, KCMO/DMD, any narrative chronology or other commentary it can provide to assist in the adjudication of ocean transportation claims and shall prepare such a narrative in any case where the loss is estimated to be in excess of \$5,000.00. The Cooperating Sponsor may, at its option, also engage the independent surveyor to supervise clearance and delivery of the cargo from customs or port areas to the Cooperating Sponsor or its agent and to issue delivery survey reports thereon.

(ii) In the event of cargo loss and damage, the Cooperating Sponsor shall provide to the Chief, Debt Management Office, KCMO/DMD, the names and addresses of individuals who were present at the time of discharge and during survey and who can verify the quantity

lost or damaged. For bulk grain shipments, in those cases where the Cooperating Sponsor is responsible for survey and outturn reports, the Cooperating Sponsor shall obtain the services of an independent surveyor to:

(A) Observe the discharge of the cargo;

(B) Report on discharging methods including scale type, calibrations and any other factor which may affect the accuracy of scale weights, and, if scales are not used, state the reason therefore and describe the actual method used to determine weights;

(C) Estimate the quantity of cargo, if any, lost during discharge through carrier negligence;

(D) Advise on the quality of sweepings;

(E) Obtain copies of port or vessel records, if possible, showing quantity discharged;

(F) Provide immediate notification to the Cooperating Sponsor if additional services are necessary to protect cargo interests or if the surveyor has reason to believe that the correct quantity was not discharged; and

(G) In the case of shipments arriving in container vans, list the container van numbers and seal numbers shown on the container vans, and indicate whether the seals were intact at the time the container vans were opened, and whether the container vans were in any way damaged. To the extent possible, the independent surveyor should observe discharge of container vans from the vessel to ascertain whether any damage to the container van occurred and arrange for surveying as container vans are opened.

(iii) Cooperating Sponsors shall send copies to KCMO/DMD, Chief, Debt Management Office of all reports and documents pertaining to the discharge of commodities.

(iv) CCC will reimburse the Cooperating Sponsor for costs incurred upon receipt of the survey report and the surveyor's invoice or other documents that establish the survey cost. CCC will not reimburse a Cooperating Sponsor for the costs of a delivery survey unless the surveyor also prepares a discharge survey, or for any other survey not

taken contemporaneously with the discharge of the vessel, unless CCC determines that such action was justified in the circumstances.

(3) Survey contracts shall be let on a competitive bid basis unless CCC determines that the use of competitive bids would not be practicable. CCC may preclude the use of certain surveyors because of conflicts of interest or lack of demonstrated capability to properly carry out surveying responsibilities.

(4) If practicable, all surveys shall be conducted jointly by the surveyor, the consignee, and the ocean carrier, and the survey report shall be signed by all parties.

(d) *Ocean carrier loss and damage.* (1) Notwithstanding transfer of title, CCC shall have the right to file, pursue, and retain the proceeds of collection from claims arising from ocean transportation cargo loss and damage arising out of shipments of commodities provided to governmental Cooperating Sponsors; however, when the Cooperating Sponsor pays the ocean freight or a portion thereof, it shall be entitled to pro rata reimbursement received from any claims related to ocean freight charged. CCC will pay general average contributions for all valid general average incidents which may arise from the movement of commodity to the destination ports. CCC shall receive and retain all allowances in general average.

(2) Nongovernmental Cooperating Sponsors shall: file notice with the ocean carrier immediately upon discovery of any cargo loss or damage; promptly initiate claims against the ocean carriers for such loss and damage; take all necessary action to obtain restitution for losses, and (iv) provide CCC copies of all such claims. Notwithstanding the preceding sentence the nongovernmental Cooperating Sponsor need not file a claim when the cargo loss is less than \$100, or in any case when the loss is between \$100 and \$300 and the nongovernmental Cooperating Sponsor determines that the cost of filing and collecting the claim will exceed the amount of the claim. The nongovernmental Cooperating Sponsor shall transmit to KCMO/DMD, Chief, Debt Management Office information and documentation on such lost or

damaged shipments when no claim is to be filed. In the event of a declaration General Average:

(i) The Cooperating Sponsor shall assign all claim rights to CCC and shall provide CCC all documentation relating to the claim, if applicable;

(ii) CCC will be responsible for settling general average and marine salvage claims;

(iii) CCC has sole authority to authorize any disposition of commodities which have not commenced ocean transit or of which the ocean transit is interrupted;

(iv) CCC will receive and retain any monetary proceeds resulting from such disposition;

(v) CCC will initiate, prosecute, and retain all proceeds of cargo loss and damage against ocean carriers and any allowance in general average; and

(vi) CCC will pay any general average or marine salvage claims determined to be due.

(3) Amounts collected by nongovernmental Cooperating Sponsors on claims against ocean carriers which are less than \$200 may be retained by the nongovernmental Cooperating Sponsor. On claims involving loss or damage of \$200 or more, nongovernmental Cooperating Sponsors may retain from collections received by them, either \$200 plus 10 percent of the difference between \$200 and the total amount collected on the claim, up to a maximum of \$500; or the actual administrative expenses incurred in collection of the claim, provided retention of such administrative expenses is approved by CCC. Allowable collection costs shall not include attorneys fees, fees of collection agencies, and similar costs. In no event will CCC pay collection costs in excess of the amount collected on the claim.

(4) A nongovernmental Cooperating Sponsor also may retain from claim recoveries remaining after allowable deductions for administrative expenses of collection, the amount of any special charges, such as handling and packing costs, which the nongovernmental Cooperating Sponsor has incurred on the lost or damaged commodity and which are included in the claims and paid by the liable party.

(5) A nongovernmental Cooperating Sponsor may redetermine claims on

the basis of additional documentation or information not considered when the claims were originally filed when such documentation or information clearly changes the ocean carrier's liability. Approval of such changes by CCC is not required regardless of amount. However, copies of redetermined claims and supporting documentation or information shall be furnished to CCC.

(6) A nongovernmental Cooperating Sponsor may negotiate compromise settlements of claims of any amount, provided that proposed compromise settlements of claims having a value of \$5,000 or more shall require prior approval in writing by CCC. When a claim is compromised, a nongovernmental Cooperating Sponsor may retain from the amount collected, the amounts authorized in paragraph (d)(3) of this section, and in addition, an amount representing such percentage of the special charges described in paragraph (d)(4) of this section as compromised amount is to the full amount of the claim. When a claim is less than \$600, a nongovernmental Cooperating Sponsor may terminate collection activity when it is determined that pursuit of such claims will not be economically sound. Approval for such termination by CCC is not required; however, the nongovernmental Cooperating Sponsor shall notify KCMO/DMD, Chief, Debt Management Division when collection activity on a claim is terminated.

(7) All amounts collected in excess of the amounts authorized in this section to be retained shall be remitted to CCC. For the purpose of determining the amount to be retained by a nongovernmental Cooperating Sponsor from the proceeds of claims filed against ocean carriers, the word "claim" shall refer to the loss and damage to commodities which are shipped on the same voyage of the same vessel to the same port destination, irrespective of the kinds of commodities shipped or the number of different bills of lading issued by the carrier.

(8) If a nongovernmental Cooperating Sponsor is unable to effect collection of a claim or negotiate an acceptable compromise settlement within the applicable period of limitation or any extension thereof granted in writing by

the party alleged responsible for the damage, the nongovernmental Cooperating Sponsor shall assign its rights to the claim to CCC in sufficient time to permit the filing of legal action prior to the expiration of the period of limitation or any extension thereof. Generally, a nongovernmental Cooperating Sponsor should assign claim rights to CCC no later than 60 days prior to the expiration of the period of limitation or any extension thereof. In all cases, a nongovernmental Cooperating Sponsor shall keep CCC informed of the progress of its collection efforts and shall promptly assign their claim rights to CCC upon request. Subsequently, if CCC collects on or settles the claim, CCC shall, except as indicated in this paragraph pay to a nongovernmental Cooperating Sponsor the amount to which it would have been entitled had it collected on the claim. The additional 10 percent on amounts collected in excess of \$200 will be payable, however, only if CCC determines that reasonable efforts were made to collect the claim prior to the assignment, or if payment is determined to be commensurate with the extra efforts exerted in further documenting the claim. If documentation requirements have not been fulfilled and the lack of such documentation has not been justified to the satisfaction of CCC, CCC will deny payment of all allowances to the nongovernmental Cooperating Sponsor.

(9) When a nongovernmental Cooperating Sponsor permits a claim to become time-barred, or fails to take timely actions to insure the right of CCC to assert such claims, and CCC determines that the nongovernmental Cooperating Sponsor failed to properly exercise its responsibilities under the Agreement, the nongovernmental Cooperating Sponsor shall be liable to the United States for the cost and freight value of the commodities lost to the program.

(e) *Fault of Cooperating Sponsor in country of distribution.* If a commodity, sale proceeds or program income is used for a purpose not permitted by the Program Agreement, or if a Cooperating Sponsor causes loss or damage to a commodity, sale proceeds, or program income through any act or omission or

failure to provide proper storage, care and handling, the cooperating sponsor shall pay to the United States the value of the commodities, sale proceeds or program income lost, damaged or misused. CCC will consider normal commercial practices in the country of distribution in determining whether there was a proper exercise of the Cooperating Sponsor's responsibility. Payment by the Cooperating Sponsor shall be made in accordance with paragraph (g) of this section.

(f) *Fault of others in country of distribution and in intermediate country.* (1) In addition to survey or outturn reports to determine ocean carrier loss and damage, the Cooperating Sponsor shall, in the case of landlocked countries, arrange for an independent survey at the point of entry into the recipient country and make a report as set forth in paragraph (c)(1) of this section. CCC will reimburse the Cooperating Sponsor for the costs of survey as set forth in paragraph (c)(2)(iv) of this section.

(2) Where any damage to or loss of the commodity or any loss of sale proceeds or program income is attributable to a warehouseman, carrier or other person, the Cooperating Sponsor shall make every reasonable effort to pursue collection of claims for such loss or damage. The Cooperating Sponsor shall furnish a copy of the claim and related documents to the Agricultural Counselor or Attache. Cooperating Sponsors who fail to file or pursue such claims shall be liable to CCC for the value of the commodities or sale proceeds or program income lost, damaged, or misused: *Provided*, however, that the Cooperating Sponsor may elect not to file a claim if the loss is less than \$500. The Cooperating Sponsor may retain \$150 of any amount collected on an individual claim. In addition, Cooperating Sponsors may, with the written approval of the Agricultural Counselor or Attache, retain amounts to cover special costs of collection such as legal fees, or pay such collection costs with sale proceeds or program income. Any proposed settlement for less than the full amount of the claim requires prior approval by the Agricultural Counselor or Attache. When the Cooperating Sponsor has ex-

hausted all reasonable attempts to collect a claim, it shall request the Agricultural Counselor or Attache to provide further instructions.

(3) The Cooperating Sponsor shall pursue any claim by initial billings and at least three subsequent demands at not more than 30 day intervals. If these efforts fail to elicit a satisfactory response, the Cooperating Sponsor shall pursue legal action in the judicial system of country unless otherwise agreed by the Agricultural Counselor or Attache. The Cooperating Sponsors must inform the Agricultural Counselor or Attache in writing of the reasons for not pursuing legal action; and the Agricultural Counselor or Attache may require the Cooperating Sponsor to obtain the opinion of competent legal counsel to support its decision prior to granting approval. If the Agricultural Counselor or Attache approves a Cooperating Sponsor's decision not to take further action on the claim, the Cooperating Sponsor shall assign the claim to CCC and shall forward all documentation relating to the claim to KCMO/DMD.

(4) As an alternative to legal action in the judicial system of the country with regard to claims against a public entity of the government of the cooperating country, the Cooperating Sponsor and the cooperating country may agree in writing to settle disputed claims by an appropriate administrative procedure or arbitration.

(g) *Determination of value.* The Cooperating Sponsor shall determine the value of commodities misused, lost or damaged on the basis of the domestic market price at the time and place the misuse, loss or damage occurred. When it is not feasible to determine such market price, the value shall be the f.o.b. or f.a.s. commercial export price of the commodity at the time and place of export, plus ocean freight charges and other costs incurred by the U.S. Government in making delivery to the Cooperating Sponsor. When the value is determined on a cost basis, the Cooperating Sponsor may add to the value any provable costs it has incurred prior to delivery by the ocean carrier. In preparing the claim statement, these costs shall be clearly segregated from costs incurred by the

Government of the United States. With respect to claims other than ocean carrier loss or damage claims, the Cooperating Sponsor may request the Agricultural Counselor or Attache to approve a commercially reasonable alternative basis to value the claim.

(h) *Reporting losses to the Agricultural Counselor or Attache or CCC designated representative.* (1) The Cooperating Sponsor shall promptly notify the Agricultural Counselor or Attache or CCC designated representative, in writing, of the circumstances pertaining to any loss, damage, or misuse of commodities valued at \$500 or more occurring within the country of distribution or intermediate country. The report shall be made as soon as the Cooperating Sponsor has adequately investigated the circumstances, but in no event more than ninety days from the date the loss became known to the Cooperating Sponsor. The report shall identify the party in possession of the commodities and the party responsible for the loss, damage or misuse; the kind and quantities of commodities; the size and type of containers; the time and place of misuse, loss, or damage; the current location of the commodity; the Program Agreement number, the CCC contract numbers, or if unknown, other identifying numbers printed on the commodity containers; the action taken by the Cooperating Sponsor with respect to recovery or disposal; and the estimated value of the commodity. The report shall explain why any of the information required by this paragraph cannot be provided. The Cooperating Sponsor shall also report the details regarding any loss or misuse of sale proceeds or program income.

(2) The Cooperating Sponsor shall report quarterly to the Agricultural Counselor or Attache any loss, damage to or misuse of commodities resulting in loss of less than \$500. The Cooperating Sponsor shall inform the Agricultural Counselor or Attache or CCC designated representative if it has reason to believe there is a pattern or trend in the loss, damage, or misuse of such commodities and submit a report as described in paragraph (h)(1) of this section, together with any other relevant information the Cooperating Sponsor has available to it. The Agricultural

Counselor or Attache may require additional information about any commodities lost, damaged or misused.

(i) *Handling claims proceeds.* Claims against ocean carriers shall be collected in U.S. dollars (or in the currency in which freight is paid) and shall be remitted (less amounts authorized to be retained) by Cooperating Sponsors to CCC. Claims against Cooperating Sponsors shall be paid to CCC in U.S. dollars. With respect to commodities lost, damaged or misused, amounts paid by Cooperating Sponsors and third parties in the country of distribution shall be deposited with the U.S. Disbursing Officer, American Embassy, preferably in U.S. dollars with instructions to credit the deposit to an appropriate CCC account as determined by CCC, or in local currency at the highest rate of exchange legally obtainable on the date of deposit with instructions to credit the deposit to an appropriate CCC account as determined by CCC. With respect to sale proceeds and program income, amounts recovered may be deposited in the same account as the sale proceeds and may be used for purposes of the program.

§1499.16 Records and reporting requirements.

(a) *Records and reports—general requirements.* The Cooperating Sponsor shall maintain records for a period of three (3) years from the date of export of the commodities that accurately reflect the receipt and use of the commodities and any proceeds realized from the sale of commodities. The Government of the Exporting Country may, at reasonable times, inspect the Cooperating Sponsor's records pertaining to the receipt and use of the commodities and proceeds realized from the sale of the commodities, and have access to the Cooperating Sponsor's commodity storage and distribution sites and to locations of activities supported with proceeds realized from the sale of the commodities.

(b) *Evidence of export.* The Cooperating Sponsor's freight forwarder shall, within thirty (30) days after export,

submit evidence of export of the agricultural commodities to the Chief, Export Operations Division, KCCO. If export is by sea or air, the Cooperating Sponsor's freight forwarder shall submit five copies of the carrier's on board bill of lading or consignee's receipt authenticated by a representative of the U.S. Customs Service. The evidence of export must show the kind and quantity of agricultural commodities exported, the date of export, and the destination country.

(c) *Reports.* (1) The Cooperating Sponsor shall submit a semiannual logistics report to the Agricultural Counselor or Attache and to the Director, CCC Program Support Division, FAS/USDA, Washington, DC 20250-1031, covering the receipt of commodities. Cooperating sponsors must submit reports on Form CCC-620 and submit the first report by May 16 for agreements signed during the period, October 1 through March 31, or by November 16 for agreements signed during the period, April 1 through September 30. The first report must cover the time period from the date of signing and subsequent reports must be provided at six months intervals covering the period from the due date of the last report until all commodities have been distributed or sold and such distribution or sale reported to CCC. The report must contain the following data:

(i) Receipts of agricultural commodities including the name of each vessel, discharge port(s) or point(s) of entry, the date discharge was completed, the condition of the commodities on arrival, any significant loss or damage in transit; advice of any claim for, or recovery of, or reduction of freight charges due to loss or damage in transit on U.S. flag vessels;

(ii) Estimated commodity inventory at the end of the reporting period;

(iii) Quantity of commodity on order during the reporting period;

(iv) Status of claims for commodity losses both resolved and unresolved during the reporting period;

(v) Quantity of commodity damaged or declared unfit during the reporting period; and

(vi) Quantity and type of the commodity that has been directly distributed by the Cooperating Sponsor, dis-

tribution date, region of distribution, and estimated number of individuals benefiting from the distribution.

(2) If the Program Agreement authorizes the sale or barter of commodities by the Cooperating Sponsor, the Cooperating Sponsor shall also submit a semiannual monetization report to the Agricultural Counselor or Attache and to the Director, CCC Program Support Division, FAS/USDA, Washington, DC 20250-1031, a monetization report covering the deposits into and disbursements from the special account for the purposes specified in the Program Agreement. Cooperating Sponsors must submit reports on Form CCC-621 and submit the first report by May 16 for agreements signed during the period, October 1 through March 31, or by November 16 for agreements signed during the period, April 1 through September 30. The first report must cover the time period from the date of signing and subsequent reports must be provided at six months intervals covering the period from the due date of the last report until all funds generated from commodity sales have been distributed and such distribution reported to CCC. The report must contain the following information and include both local currency amounts and U.S. dollar equivalents:

(i) Quantity and type of commodities sold;

(ii) Proceeds generated from the sale;

(iii) Proceeds deposited to the special account including the date of deposit;

(iv) Interest earned on the special account;

(v) Disbursements from the special account, including date, amount and purpose of the disbursement;

(vi) Any balance carried forward in the special account from the previous reporting period; and

(vii) In connection with a section 416(b) Program Agreement only, a description of the effectiveness of sales and barter provisions in facilitating the distribution of commodities and products to targeted recipients, and a description of the extent, if any, that sales, barter or use of commodities:

(A) Affected the usual marketings of the United States;

(B) Displaced or interfered with commercial sales of the United States;

§ 1499.17

7 CFR Ch. XIV (1–1–99 Edition)

(C) Disrupted world commodity prices or normal patterns of trade with friendly countries;

(D) Discouraged local production and marketing of commodities in the recipient country;

(E) Achieved the objectives of the Program Agreement; and

(F) Could be improved in future agreements.

(3) The Cooperating Sponsor shall furnish the Government of the Exporting Country such additional information and reports relating to the agreement as the Government of the Exporting Country may reasonably request.

[61 FR 60515, Nov. 29, 1996, as amended at 63 FR 59878, Nov. 6, 1998]

§ 1499.17 Audits.

Nongovernmental Cooperating Sponsors shall assure that audits are performed to assure compliance with Program Agreements and the provisions of this part. An audit undertaken in accordance with OMB Circular A-133, shall fulfill the audit requirements of this section. Audits shall be performed at least annually until all commodities have been distributed and sale proceeds expended. Both the auditor and the auditing standards to be used by the Cooperating Sponsor must be acceptable to CCC. The Cooperating Sponsor is also responsible for auditing the activities of recipient agencies that receive more than \$25,000 of provided commodities or sale proceeds. This responsibility may be satisfied by relying upon independent audits of the recipient agency or upon a review conducted by the Cooperating Sponsor.

§ 1499.18 Suspension of the program.

All or any part of the assistance provided under a Program Agreement, including commodities in transit, may be suspended by CCC if:

(a) The Cooperating Sponsor fails to comply with the provisions of the Program Agreement or this part;

(b) CCC determines that the continuation of such assistance is no longer necessary or desirable; or

(c) CCC determines that storage facilities are inadequate to prevent spoilage or waste, or that distribution of commodities will result in substantial disincentive to, or interference with, domestic production or marketing in the recipient country.

§ 1499.19 Sample documents and guidelines for developing proposals and reports.

CCC has developed guidelines to assist the Cooperating Sponsors in developing proposals and reporting on program logistics and commodity sales. Cooperating Sponsors may obtain these guidelines from the Director, PDD.

§ 1499.20 Paperwork reduction requirement.

The paperwork and record keeping requirements imposed by this part have been previously submitted to the Office of Management and Budget (OMB) for review under the Paperwork Reduction Act of 1995. OMB has assigned control number 0551–0035 for this information collection.

(iii) Shall not request credit on the refiner's license, if such license is issued, for the exportation or transfer of any refined sugar, or if such credit has been granted, shall promptly (within 5 business days of the filing of a drawback entry) notify the Licensing Authority and request that such credit be revoked, if the exportation of such refined sugar or any sugar containing product manufactured with the use of such transferred sugar has resulted in, or has been used as the basis of a claim by the licensee or any other person for, a refund, as drawback, of any duties paid on the importation of any sugars, syrups or molasses described in subheadings 1701.11.03, 1701.12.02, 1701.91.22, 1701.99.02, 1702.90.32, 1806.10.42, or 2106.90.12 of the HTS.

(a) The Secretary of Agriculture, through the Licensing Authority, may issue a license to a refiner under which

the refiner may import sugar described in HTS subheading 1701.11.02 in accordance with the provisions of this program. The license may contain such conditions, limitations or restrictions as the Licensing Authority determines to be appropriate for the purposes of this program. The Licensing Authority may add or modify such conditions, limitations or restrictions at such time and in such manner as the Licensing Authority, in his or her discretion, determines to be necessary or appropriate for the purposes of this program. A refiner may hold only one license at any given time.

(b) A quantity of refined sugar equivalent to the quantity of sugar, raw value, imported under a license, adjusted in accordance with § 1530.107 of this subpart, must be exported within 90 days of the date of entry of such sugar or must be transferred to a manufacturer within 90 days of the date of entry of such sugar.

(c) The maximum license amount is 50,000 metric tons of sugar, raw value. Quantities of sugar imported under the license will be charged to the license and quantities of refined sugar exported or transferred will be credited to the license as provided in § 1530.107. At no time may the outstanding balance of charges or credits exceed the maximum license amount except as a result of adjustments for polarization made pursuant to § 1530.107(c).

(d) The licensee shall reserve all rights, if any, to claim drawback refunds with respect to the exportation or transfer of refined sugar under this program. No credit on a license shall be made if any refund, as drawback, of any duties paid on the importation of any sugars, syrups or molasses described in subheadings 1701.11.03, 1701.12.02, 1701.91.22, 1701.99.02, 1702.90.32, 1806.10.42, or 2106.90.12 of the HTS is claimed or received on the basis, or as a result, of the exportation of such refined sugar or any sugar containing products manufactured with the use of such transferred sugar.

(a) Unless the licensee has posted a performance bond with the U.S. Customs Service which is satisfactory to the Licensing Authority with respect to the requirements of this program, the licensee shall post a performance bond which meets the requirements of this section with the Licensing Authority. However, no bond will be required for the quantity of any sugar imported under license that corresponds to a quantity of sugar that has been exported or transferred prior to the importation of such sugar and credited to the license in accordance with § 1530.107, provided that the Licensing Authority issues a written waiver of the bond requirement.

(b) A bond may cover entries made either during the period of time specified in the bond (term bond) or for a specified entry (single entry bond).

(c) Only the licensee who will process (refine) the sugar may be the principal on a bond to cover such sugar to be re-exported in refined form. The surety or sureties shall be among those listed by the Secretary of the Treasury as acceptable on Federal bonds.

(d) The obligation under the bond shall be made effective as of the date of entry of the imported sugar.

(e) The amount of the bond shall be equal to 20 cents per pound of sugar imported under the license.

(f) The appropriate customs official or the Licensing Authority, as appropriate, will release the obligation under the bond by 20 cents per pound for the quantity of sugar credited to the license in accordance with § 1530.107.

(g) If the licensee fails to qualify for a credit to the license within 95 days of the date of export of corresponding sugar in an amount sufficient to offset the charge to the license for that corresponding sugar or if such a credit initially granted is subsequently revoked, payment will be made to the United States of America under the bond of a monetary amount equal to the difference between the Number 11 contract price and the Number 14 contract price, per pound of raw sugar, in effect on the last market day before the date of entry of the sugar or the last market day before the end of the period during which export was required, whichever difference is greater, times the quantity of refined sugar, converted to raw value, that should have been, but was not, exported in timely compliance with the requirements of this subpart. In the event no Number 11 contract price or Number 14 contract price is reported by the New York Coffee, Sugar and Cocoa Exchange, for the relevant market day, the Licensing Authority may estimate such price as he or she deems appropriate.

(h) Within 10 business days of the date of issuance of a license, the licensee shall submit to the Licensing Authority a copy of the performance bond.

Such customs official will mark on the license:

- (1) The quantity of sugar entered;
- (2) The date of entry; and
- (3) The customs entry number.

(c) The licensee shall submit to the Licensing Authority a copy of the license, as marked by the customs official, within 10 business days after each entry of sugar.

(d) The licensee shall submit to the Licensing Authority a statement, certified as true and accurate, of the polarization and weight of the imported sugar to be charged to the license. This statement must adequately identify the imported sugar and state the basis for the determination of the polarization of the sugar. The basis for such determination must be either the settlement polarization or some other means approved by the Licensing Authority.

- (7) A statement that the sugar has been exported from the customs terri-

tory of the United States, that the licensee has reserved all rights to claim drawback refunds, and that no refund, as drawback, of any duties paid on the importation of any sugars, syrups or molasses described in subheadings 1701.11.03, 1701.12.02, 1701.91.22, 1701.99.02, 1702.90.32, 1806.10.42, or 2106.90.12 of the HTS has been or will be claimed or received on the basis, or as a result, of the exportation of the refined sugar.

(b) The certification must be submitted to the Licensing Authority within 95 days of the date of export. The Licensing Authority will not credit the license for sugar exported unless satisfactory and timely certification is received.

(c) *Notice of drawback claims.* Whenever the licensee knows or has reason to know that any claim has been made, by the licensee or any other person for a refund, as drawback, of any duties paid on the importation of any sugars, syrups or molasses described in subheading 1701.11.03, 1701.12.02, 1701.91.22, 1701.99.02, 1702.90.32, 1806.10.42, or 2106.90.12 of the HTS on the basis, or as a result, of the exportation of refined sugar under this program or of sugar containing products produced from sugar transferred from the licensee to a manufacturer, under the provisions of subpart B of this part, the licensee shall within 5 business days provide a written notification to the Licensing Authority. This notification shall include the following information, if known or reasonably believed to be true by the licensee:

[55 FR 41489, Oct. 12, 1990, as amended at 56 FR 30863, July 8, 1991]

§ 1530.107 Charges and credits to licenses.

(a) Charges will be made to a license, effective as of the date of entry, for quantities of sugar (adjusted on the basis set forth in paragraph (c) of this section to determine raw value) entered under the license, when the licensee submits the information required by § 1530.104 or when the Licens-

ing Authority otherwise determines that the licensee has made an entry under subheading 1701.11.02 of the HTS.

(b) At the request of the licensee and upon satisfactory and timely proof that the licensee has complied with all of the requirements of this program, the Licensing Authority will credit a license for:

(1) Quantities of refined sugar, adjusted pursuant to paragraph (c) of this section, for which proof of export has been submitted in accordance with the provisions of § 1530.105 of this subpart, but such credit, if granted conditionally, will become final only when the Licensing Authority is satisfied that no refund, as drawback, of any duties paid on the importation of any sugars, syrups or molasses described in subheadings 1701.11.03, 1701.12.02, 1701.91.22, 1701.99.02, 1702.90.32, 1806.10.42, or 2106.90.12 of the HTS has been or will be claimed or received on the basis, or as a result, of the exportation of the refined sugar;

(3) Quantities of sugar charged to the license which the Licensing Authority determines have been destroyed, lost in processing the sugar, or otherwise disposed of so as to render the exportation or transfer of a corresponding quantity of sugar impossible or unnecessary.

(c) Adjustments of the quantities of imported sugar charged to the license and refined sugar exports credited to the license will be made as follows:

(1) To obtain the raw value for imported sugar with a polarization of 92 degrees or above, the adjustment will be made by multiplying the polarization times 0.0175, subtracting 0.68 from this product, and multiplying the difference by the weight. Expressed algebraically, this formula is: [(polarization × 0.0175) - 0.68] × weight.

(2) To obtain the raw value for imported sugar with a polarization of less than 92 degrees, the adjustment will be made by dividing the total sugar content by 0.972.

(3) To determine the quantity of refined sugar that must be exported to

equal a corresponding quantity of imported sugar charged to a license, the adjustment will be made by dividing the quantity of sugar imported, expressed in raw value, by 1.07.

(d) The Licensing Authority may revoke any credit previously made to a license is the Licensing Authority determines, on the basis of evidence obtained after the credit was granted, that the licensee had not complied with all of the requirements of this subpart or if the exported sugar is re-exported or returned to the customs territory of the United States without having undergone a substantial transformation.

(b) Exportation or transfer of sugar for credit to the license may occur any time after the date on which the license was issued by the Licensing Authority. Any quantity of sugar exported or transferred after the date on which the license was issued, but prior to the entry of the corresponding sugar, will be treated as having been exported or transferred within the time limits of § 1530.102(b).

§ 1530.109 Records.

(a) Each licensee requesting credit in accordance with § 1530.107(b) shall keep records to establish for all refined sugar exported under the provisions of this program:

(b) All records required by this section to be kept by a licensee shall be retained for at least 5 years after a license is credited for the exportation or transfer of the refined sugar.

(c) The licensee must, upon request, make the records covered by this section available for inspection and copying by the Licensing Authority or other appropriate official of the Federal Government.

(d) If, after inspection of the records, the Licensing Authority determines that such records are inadequate to establish that the imported sugar was refined by the licensee, sugar was lost or destroyed or otherwise disposed of to render exportation or transfer impossible or unnecessary, refined sugar was exported, drawback of duties paid on the importation of any sugars, syrups or molasses described in subheadings 1701.11.03, 1701.12.02, 1701.91.22, 1701.99.02, 1702.90.32, 1806.10.42, or 2106.90.12 of the HTS was not claimed or received on the basis, or as a result, of the exportation of the refined sugar, or any other requirement of this program was complied with, the Licensing Authority may revoke credits granted for the appropriate quantity of sugar.

§ 1530.110 Enforcement.

(a) If at any time after receiving the proof of export described in § 1530.105 of this subpart, the Licensing Authority determines that the export of a quantity of refined sugar corresponding to the quantity of sugar entered under the license did not occur, and if the bond has been released under § 1530.103, the Licensing Authority may hold the licensee liable for the difference between the Number 11 contract price and the Number 14 contract price, per pound of raw sugar, in effect on the last market day before the date of entry of the sugar or the last market day before the end of the period during which export was required, whichever difference is greater, times the quantity of refined sugar, converted to raw value, that should have been, but was not, exported. In the event no Number 11 contract price or Number 14 contract price is reported by the New York Coffee, Sugar and Cocoa Exchange, for the relevant market day, the Licensing Authority may estimate such price as he or she deems appropriate.

In the event no Number 11 contract price or Number 14 contract price is reported by the New York Coffee, Sugar and Cocoa Exchange, for the rel-

evant market day, the Licensing Authority may estimate such price as he or she deems appropriate.

(c) If at any time the Licensing Authority determines that a licensee has failed to comply with the requirements of this subpart, including the requirements of HTS subheading 1701.11.02 and of the relevant provisions of additional U.S. note 3, the Licensing Authority may, after notice to the licensee, suspend or revoke the license issued to the licensee under this program and may refuse to issue a license to that refiner. The Licensing Authority may suspend or revoke a license if claims are filed under 19 CFR part 191 for the refund, as drawback, of any duties paid on the importation of any sugars, syrups or molasses described in subheadings 1701.11.03, 1701.12.02, 1701.91.22, 1701.99.02, 1702.90.32, 1806.10.42, or 2106.90.12 of the HTS on the basis, or as a result, of the exportation of refined sugar under this program or if any claim under 19 CFR part 191 is denied on the basis that such refined sugar was not exported.

(2) The license amount requested, not to exceed the maximum license amount;

(3) A description of the kind and polarity of refined sugar to be received from a refiner(s);

(4) The name of the firm that will establish a performance bond in favor of the United States Government on behalf of the applicant;

(5) A description of the sugar containing product(s) to be exported and estimated sugar content of such product(s); and

(6) A certification that the manufacturer shall:

(i) Use a quantity of sugar equal to the quantity of sugar transferred under the license to manufacture sugar containing products;

(ii) Export such sugar containing products within the applicable time limits; and

(iii) Shall not request credit on the manufacturer's license, if such license is issued, for the exportation of any sugar containing products, or if such credit has been granted, shall promptly (within 5 business days of the filing of a drawback entry) notify the Licensing Authority and request that such credit be revoked, if the exportation of such sugar containing product manufactured with the use of such transferred sugar has resulted in, or has been used as the basis of a claim by the licensee or any other person for, a refund, as drawback, of any duties paid on the importation of any sugars, syrups or molasses described in subheadings 1701.11.03, 1701.12.02, 1701.91.22, 1701.99.02, 1702.90.32, 1806.10.42, or 2106.90.12 of the HTS.

(c) The Licensing Authority may waive any provisions of this section for good cause if it is determined that such a waiver will not adversely affect the purposes of this program.

§ 1530.202 Issuance of a license.

(a) The Secretary of Agriculture, through the Licensing Authority, may issue a license to a manufacturer under which the manufacturer, in accordance with the provisions of this program, may receive transfers of sugar from refiners for the purpose of manufacturing sugar containing products to be exported. The license may contain such conditions, limitations, or restrictions as the Licensing Authority determines to be appropriate for the purposes of this program. The Licensing Authority may add or modify such conditions, limitations or restrictions at such time and in such manner as the Licensing Authority, in his or her discretion, determines to be necessary or appropriate for the purposes of this program.

(b) A quantity of sugar equivalent to the quantity of sugar transferred under a license must be exported in a sugar containing product within 18 months of the date of transfer from the refiner. However, the Licensing Authority may credit a license for valueless sugar lost in normal product manufacture.

(c) The maximum license amount is 10,000 short tons (20 million pounds) of sugar. Quantities of sugar transferred under the license will be charged to the license and quantities of sugar contained in sugar containing products exported will be credited to the license as provided in § 1530.206. At no time may the outstanding balance of charges or credits exceed the maximum license amount.

(d) The licensee shall reserve all rights, if any, to claim drawback refunds with respect to the exportation of sugar containing products under this program. No credit on a license shall be made if any refund, as drawback, of any duties paid on the importation of any sugars, syrups or molasses described in subheading 1701.11.03, 1701.12.02, 1701.91.22, 1701.99.02, 1702.90.32, 1806.10.42, or 2106.90.12 of the HTS is claimed or received on the basis, or as

A licensee may, with the written permission of the Licensing Authority, transfer a license to another manufacturer who does not hold a license, subject to such terms and conditions as the Licensing Authority may impose as he or she determines to be necessary or appropriate to carry out the purposes of this subpart.

(f) The licensee may utilize an agent for the transfer of refined sugar or the exportation of sugar containing products. The agent must, upon request, produce for inspection by the Licensing Authority written authorization designating such person to act as an agent for the purpose of receiving transferred sugar. If the licensee uses an agent to export sugar containing products, the licensee shall notify the Licensing Authority in writing of the agent's identity, and the agent shall certify to the Licensing Authority in writing that the sugar containing products have been exported from the customs territory of the United States.

(a) A licensee shall post a performance bond, which meets the requirements of this section, with the Licensing Authority. However, no bond will be required for the quantity of any sugar transferred under license that corresponds to a quantity of sugar that has been exported in sugar containing products prior to the transfer of such sugar and credited to the license in accordance with § 1530.206, provided that the Licensing Authority issues a written waiver of the bond requirement.

(b) A bond may cover transfers made either during the period of time specified in the bond (term bond) or for a specified transfer (single entry bond).

(c) Only the licensee who will use the sugar may be the principal on a bond to cover such sugar to be transferred. The surety or sureties shall be among those listed by the Secretary of the

Treasury as acceptable on Federal bonds.

(d) The obligation under the bond shall be made effective as of the date of transfer of the corresponding sugar.

(e) The amount of the bond shall be equal to 20 cents per pound of sugar transferred under the license.

(f) The Licensing Authority will release the obligation under the bond for transferred sugar by 20 cents per pound for the quantity of sugar credited to the license in accordance with § 1530.206, as determined by the Licensing Authority.

(g) If the licensee fails to qualify for a credit to the license within 95 days of the date of export of sugar containing products or the last date on which such products should have been exported, whichever occurs first, in an amount sufficient to offset the charge to the license for corresponding sugar, or if such a credit initially granted is subsequently revoked, payment will be made to the United States of America under the bond of a monetary amount equal to the difference between the Number 11 contract price and the Number 14 contract price, per pound of raw sugar, in effect on the last market day before the date of entry of the sugar or the last marketday before the end of the period during which export was required, whichever difference is greater, times the quantity of refined sugar, converted to raw value, that should have been, but was not, exported in the form of sugar containing products in timely compliance with the requirements of this subpart. In the event no Number 11 contract price or Number 14 contract price is reported by the New York Coffee, Sugar and Cocoa Exchange, for the relevant market day, the Licensing Authority may estimate such price as he or she deems appropriate.

(h) Within 10 business days of the date of issuance of a license, the licensee shall submit to the Licensing Authority a copy of the performance bond.

(c) The licensee shall submit to the Licensing Authority, within 10 business days of the transfer of sugar, a Notice of Transfer which must adequately identify the refined sugar received from a refiner, including the weight of the transferred sugar and the date of transfer.

(d) The licensee may receive transfers of refined sugar from more than one refiner, as specified on the application for a license; however, the combined total of such transfers may not exceed the maximum license amount.

(b) At the request of the licensee and upon satisfactory and timely proof that the licensee has complied with all of the requirements of this program, the Licensing Authority will credit a license for:

(1) Quantities of sugar in the sugar containing products for which proof of export has been submitted in accordance with the provisions of § 1530.205 of this subpart, but such credit, if granted conditionally, will become final only when the Licensing Authority is satisfied that no refund, as drawback, of any duties paid on the importation of any sugars, syrups or molasses described in subheadings 1701.11.03, 1701.12.02, 1701.91.22, 1701.99.02, 1702.90.32, 1806.10.42, or 2106.90.12 of the HTS has been or will be claimed or received on

(c) The Licensing Authority may revoke any credit previously made to a license if the Licensing Authority determines, on the basis of evidence obtained after the credit was granted, that the licensee had not complied with all of the requirements of this subpart or if the exported sugar containing products are re-exported or returned to the customs territory of the United States without having undergone a substantial transformation.

[55 FR 41489, Oct. 12, 1990, as amended at 56 FR 30865, July 8, 1991; 57 FR 175, Jan. 3, 1992]

§ 1530.209 Enforcement.

(a) If at any time after receiving the proof of export described in § 1530.205 of this subpart, the Licensing Authority determines that the export of sugar in the form of sugar containing products corresponding to the quantity of sugar transferred under the license did not occur, and has not been otherwise disposed of or lost in the manufacturing process as valueless sugar, and if the bond has been released under § 1530.203, the Licensing Authority may hold the licensee liable for the difference between the Number 11 contract price and the Number 14 contract price, per pound of raw sugar, in effect on the last market day before the date of transfer of the sugar or the last market day before the end of the period during which export was required, whichever difference is greater, times the quantity of sugar, converted to raw value, that should have been, but was not, exported in sugar containing products. In the event no Number 11 contract price or Number 14 contract price is reported by the New York Coffee, Sugar and Cocoa Exchange, for the relevant market day, the Licensing Authority may estimate such price as he or she deems appropriate.

(b) If at any time after receiving the licensee's certification that no refund, as drawback, of any duties paid on the importation of any sugars, syrups or molasses described in subheadings 1701.11.03, 1701.12.02, 1701.91.22, 1701.99.02, 1702.90.32, 1806.10.42, or 2106.90.12 of the HTS has been or will be claimed or received on the basis, or as a result, of the exportation of any sugar containing product, the Licensing Authority determines that a refund of such customs duties has been claimed or received by the licensee or any other person, and if the bond has been released

under § 1530.203, the Licensing Authority may hold the licensee liable for the difference between the Number 11 contract price and the Number 14 contract price, per pound of raw sugar, in effect on the last market day before the date of transfer of the sugar or the last market day before the end of the period during which export was required, whichever difference is greater, times the quantity of sugar, converted to raw value, that should have been, but was not, exported in sugar containing products. In the event no Number 11 contract price or Number 14 contract price is reported by the New York Coffee, Sugar and Cocoa Exchange, for the relevant market day, the Licensing Authority may estimate such price as he or she deems appropriate.

(c) If at any time the Licensing Authority determines that a licensee has failed to comply with the requirements of this subpart, including the requirements of HTS subheading 1701.11.02 and of the relevant provisions of additional U.S. note 3, the Licensing Authority may, after notice to the licensee, suspend or revoke the license issued to the licensee under this program and may refuse to issue a license to that manufacturer. The Licensing Authority may suspend or revoke a license if claims are filed under 19 CFR part 191 for the refund, as drawback, of any duties paid on the importation of any sugars, syrups or molasses described in subheadings 1701.11.03, 1701.12.02, 1701.91.22, 1701.99.02, 1702.90.32, 1806.10.42, or 2106.90.12 of the HTS on the basis, or as a result, of the exportation of a sugar containing product under this program or if any other claim under 19 CFR part 191 is denied on the basis that the sugar containing product was not exported.

[55 FR 41489, Oct. 12, 1990, as amended at 56 FR 30866, July 8, 1991]

§ 1530.210 Appeals.

(a) Any action or determination of the Licensing Authority under this subpart may be appealed to the Director, Import Policies and Trade Analysis Division, Foreign Agricultural Service (FAS), within 30 days from the date of notification. The appeal must be presented in writing and must specifically state any reason as to why such determination should not stand.

The Director, Import Policies and Trade Analysis Division, FAS, will provide such person with an opportunity for an informal hearing on such matter.

(b) A further appeal from the final decision of the Director, Import Policies and Trade Analysis Division, FAS, may be made to the Administrator, FAS, within five business days of the notification of the decision of the Director, Import Policies and Trade Analysis Division, FAS.

§ 1530.211 Waivers.

Upon written application of the licensee, the Licensing Authority may extend the period for the export of sugar containing products, may temporarily increase the maximum amount of the license, may extend the period for submitting proof of export, or may temporarily waive or modify any other requirement imposed by this subpart if such waiver or modification is necessary or appropriate under unusual, unforeseen or extraordinary circumstances and will not frustrate the purposes of this program and if compliance with the relevant provisions of HTS subheading 1701.11.02, additional U.S. note 3 is established to the Licensing Authority's satisfaction. The Licensing Authority may specify additional requirements or procedures in place of the requirements or procedures waived or modified.

§ 1530.212 Expiration of licenses.

(a) The licenses issued under this program shall expire upon written notice to the licensees by the Licensing Authority. The notice will state the date on which the licenses will expire and any other details applicable to the expiration of the licenses.

(b) If there have been no charges or credits on the license within 12 months of the date on which the license was issued, or any subsequent period of 18 months, the license may be deemed to have expired.

§ 1530.213 Paperwork Reduction Act assigned number.

The Office of Management and Budget has approved the information collection requirements contained in these regulations in accordance with 44

(b) Any manufacturer who, on September 30, 1990, held a license which had a balance of charges and credits other than zero and which is canceled pursuant to paragraph (a) of this section may be issued a new license upon such manufacturer’s agreement to:

(1) Fully settle the balance outstanding on such previous license, by bringing such balance to zero;

(a) An applicant for a license must apply in writing to the Licensing Authority. The letter of application shall contain as a minimum the following information:

(1) The name and address of the applicant and of the facility or facilities at which imported sugar will be used to produce polyhydric alcohols;

(2) The license amount requested, not to exceed the anticipated requirements of the manufacturer on an annual basis;

(3) The name of the person that will establish a performance bond in favor of the United States Government on behalf of the applicant;

(4) The anticipated requirements of the manufacturer for sugar to be used in the production (other than by distillation) of polyhydric alcohols, except polyhydric alcohols for use as a substitute for sugar in human food consumption, on an annual basis; and

(5) The total quantity of polyhydric alcohol produced (other than by distillation), except polyhydric alcohols for use as a substitute for sugar in human food consumption, by the manufacturer during the previous 12-month period, and the total quantity of polyhydric alcohol produced by the manufacturer during the previous 12-month period.

(b) An application for a license shall contain a certification that the manufacturer shall use the quantity of sugar entered under a license solely for the production (other than by distillation) of polyhydric alcohols, except polyhydric alcohols for use as a substitute for sugar in human food consumption, and that the manufacturer shall notify the Licensing Authority, within 95 days of the exportation of any polyhydric alcohols, if such exportation has resulted in, or has been used as the basis of a claim by the licensee

or any other person for, a refund, as drawback, of any duties paid on the importation of any sugars, syrups or molasses described in subheadings 1701.11.03, 1701.12.02, 1701.91.92, 1701.99.02, 1702.90.32, 1806.10.42, or 2106.90.12 of the HTS and the amount of such refund.

(c) A licensee shall promptly notify the Licensing Authority if any of the information described in paragraph (a) of this section has changed and shall submit an amended application upon the request of the Licensing Authority.

(d) The Licensing Authority may waive any provisions of this section for good cause if it is determined that such a waiver will not adversely affect the purposes of this program.

§ 1530.302 Issuance of a license.

(a) The Secretary of Agriculture, through the Licensing Authority, may issue a license to a manufacturer under which the manufacturer, in accordance with the provisions of this program, may enter raw cane sugar described in subheading 1701.11.02 of the HTS for the sole purpose of producing (other than by distillation) polyhydric alcohols, except polyhydric alcohols for use as a substitute for sugar in human food consumption. The license shall state the maximum amount of sugar which may be imported under the license. The license may contain such additional conditions, limitations or restrictions as the Licensing Authority determines to be appropriate for the purposes of this program. The Licensing Authority may add or modify such conditions, limitations or restrictions at such time and in such manner as the Licensing Authority, in his or her discretion, determines to be necessary or appropriate for the purposes of this program.

(b) The total quantity of sugar imported under a license must be used or the sole purpose of producing (other than by distillation) polyhydric alcohols, except polyhydric alcohols for use as a substitute for sugar in human food consumption, within 180 days of the date of entry of such sugar.

(c) The maximum amount of sugar which may be imported under the license will be the requirements of the manufacturer for sugar to be used in the production (other than by distillation) of polyhydric alcohols, except

polyhydric alcohols for use as a substitute for sugar in human food consumption, during the 12-month period following the effective date of the license, as determined by the Licensing Authority. Quantities of sugar imported under the license will be charged to the license and quantities of sugar used for the sole purpose of producing (other than by distillation) polyhydric alcohols, except polyhydric alcohols for use as a substitute for sugar in human food consumption, will be credited to the license as provided in §1530.306. At no time may the charges to the license exceed the maximum license amount specified in the license.

(d) The licensee shall reserve all rights, if any, to claim drawback refunds with respect to the exportation of polyhydric alcohols under this program. No credit on a license shall be made if any refund, as drawback, of any duties paid on the importation of any sugars, syrups or molasses described in subheadings 1701.11.03, 1701.12.02, 1701.91.22, 1701.99.02, 1702.90.32, 1806.10.42, or 2106.90.12 of the HTS is claimed or received on the basis, or as a result, of the exportation of such polyhydric alcohols.

(e) If a licensee has made a full settlement of the balance on a license, the licensee may surrender the license on terms and conditions acceptable to the Licensing Authority. A licensee may not transfer a license to any other person. Any attempt to transfer or assign a license shall be null and void and shall be grounds for the revocation of the license by the Licensing Authority.

(f) The licensee may utilize an agent to enter imported sugar. The licensee must provide to the Licensing Authority a copy of a written authorization designating such person to act as an agent for the purpose of entering sugar, and the agent shall produce such authorization for inspection by the appropriate U.S. Customs Service official at the time of entry. If the licensee uses an agent to export polyhydric alcohol, the licensee shall notify the Licensing Authority in writing of the agent's identity.

§ 1530.303 Bond requirements.

(a) Unless the licensee has posted a performance bond with the U.S. Customs Service which is satisfactory to the Licensing Authority with respect to the requirements of this program, the licensee shall post a performance bond, which meets the requirements of this section, with the Licensing Authority.

(b) A bond may cover entries made either during the period of time specified in the bond (term bond) or for a specified entry (single entry bond).

(c) Only the licensee who will use the sugar may be the principal on a bond to cover such sugar to be imported. The surety or sureties shall be among those listed by the Secretary of the Treasury as acceptable on Federal bonds.

(d) The obligation under the bond shall be made effective as of the date of entry of the sugar.

(e) The amount of the bond shall be equal to 20 cents per pound of sugar imported under the license.

(f) The appropriate customs official or the Licensing Authority, as appropriate, will release the obligation under the bond by 20 cents per pound for the quantity of sugar used in the production of polyhydric alcohols and credited to the license in accordance with §1530.306, as determined by the Licensing Authority.

(g) If the licensee fails to qualify for a credit to the license within 95 days of the date of production of polyhydric alcohols in a quantity sufficient to offset the charge to the license for the imported sugar used for producing such polyhydric alcohols, or if such a credit initially granted is subsequently revoked, payment will be made to the United States of America under the bond of a monetary amount equal to the difference between the Number 11 contract price and the Number 14 contract price, per pound of raw sugar, in effect on the last market day before the date of entry of the sugar or the last market day before the end of the period during which production of polyhydric alcohol was required, whichever difference is greater, times the quantity of raw sugar that should have been, but was not, used in the production of polyhydric alcohol in timely

compliance with the requirements of this subpart. In the event no Number 11 contract price or Number 14 contract price is reported by the New York Coffee, Sugar and Cocoa Exchange, for the relevant market day, the Licensing Authority may estimate such price as he or she deems appropriate.

(h) Within 10 business days of the date of issuance of a license, the licensee shall submit to the Licensing Authority a copy of the performance bond.

In the event no Number 11 contract price or Number 14 contract price is reported by the New York Coffee, Sugar and Cocoa Exchange, for the relevant market day, the Licensing Authority may estimate such price as he or she deems appropriate.

(b) If at any time after receiving the licensee's certification that no refund, as drawback, of any duties paid on the importation of any sugars, syrups or molasses described in subheadings 1701.11.03, 1701.12.02, 1701.91.22, 1701.99.02, 1702.90.32, 1806.10.42, or 2106.90.12 of the HTS has been or will be claimed or received on the basis, or as a result, of the exportation of any polyhydric alcohol, the Licensing Authority determines that a refund of such customs duties has been claimed or received by the licensee or any other person, and if the bond has been released under § 1530.303, the Licensing Authority may hold the licensee liable for the difference between the Number 11 contract price and the Number 14 contract price, per pound of raw sugar, in effect on the last market day before the date of entry of the sugar or the last market day before the end of the period during which export was required, whichever difference is greater, times the quantity of sugar used in the production of such polyhydric alcohol. In the event no Number 11 contract price or Number 14 contract price is reported by the New York Coffee, Sugar and Cocoa Exchange for the relevant market day, the Licensing Authority may estimate such price as he or she deems appropriate.

(c) If at any time the Licensing Authority determines that a licensee has failed to comply with the requirements of this subpart, including the requirement of HTS subheading 1701.11.02 and of the relevant provisions of additional U.S. note 3, the Licensing Authority may, after notice to the licensee, suspend or revoke the license issued to the licensee under this program and may refuse to issue a license to that manufacturer.

The appeal must be presented in writing and must specifically state any reason as to why such determination should not stand. The Director, Import Policies and Trade Analysis Division, FAS, will provide such person with an opportunity for an informal hearing on such matter.

(b) A further appeal from the final decision of the Director, Import Policies and Trade Analysis Division, FAS, may be made to the Administrator, FAS, within five business days of the notification of the decision of the Director, Import Policies and Trade Analysis Division, FAS.

§ 1530.311 Waivers.

Upon written application of the licensee, the Licensing Authority may extend the period for the production of polyhydric alcohols, may temporarily increase the maximum amount of the license, may extend the period for submitting proof of use, or may temporarily waive or modify any other requirement imposed by this subpart if such waiver or modification is necessary or appropriate under unusual, unforeseen or extraordinary circumstances and will not frustrate the purposes of this program and if compliance with the relevant provisions of HTS subheading 1701.11.02, additional U.S. note 3 is established to the Licensing Authority's satisfaction, the Licensing Authority may specify additional requirements or procedures in place of the requirements or procedures waived or modified.

§ 1530.312 Expiration of licenses.

(a) The licenses issued under this program shall expire upon written notice to the licensees by the Licensing Authority. The notice will state the date on which the licenses will expire and any other details applicable to the expiration of the licenses.

(b) If there have been no charges or credits on the license within 12 months

of the date on which the license was issued, or any subsequent period of 18 months, the license may be deemed to have expired.

§ 1530.313 Paperwork Reduction Act assigned number.

The Office of Management and Budget has approved the information collection requirements in these regulations in accordance with 44 U.S.C. chapter 35 and OMB number 0551-0015 has been assigned.

(b) Any manufacturer who, on September 30, 1990, held a license which had a balance of charges and credits other than zero and which is canceled pursuant to paragraph (a) of this section may be issued a new license upon such manufacturer's agreement to:

- (1) Fully settle the balance outstanding on such previous license, by bringing such balance to zero;
- (2) Comply with all the provisions of this subpart, subheading 1701.11.02 of the HTS, and additional U.S. note 3; and
- (3) Comply with any terms, conditions and procedures imposed by the Licensing Authority in order to assure an orderly transition.

(c) During the transitional period between October 1, 1990, and the promulgation of a final rule to replace the interim rule issued on October 9, 1990, the Licensing Authority may modify or waive any requirement of this subpart, including the requirements that a manufacturer make a written application for a license prior to the issuance of the license and make a written application for a waiver under § 1530.210 of this subpart, if the Licensing Authority determines such modification or waiver is necessary or appropriate to assure an orderly transition and will not frustrate the purposes of this program.

SOURCE: 54 FR 37784, Sept. 13, 1989, unless otherwise noted.

§ 1550.1 Purpose and scope.

(a) This part sets forth policies and requirements with respect to the conduct by the FAS of programs utilizing public or private entities in the United States to help develop foreign markets for United States agricultural commodities on a mutually benefiting basis. As far as practicable, FAS relies upon representatives of the private U.S. agricultural sector to carry out market development activities through cooperative agreements.

(b) These activities include entering into contracts pursuant to which FAS procures, for a stated consideration, property and services needed in developing markets for U.S. agricultural commodities.

§ 1550.2 Definitions.

(a) *Agricultural commodities* includes agricultural commodities and products thereof.

(b) *Affiliate or affiliated organization* means any partnership, association, company, corporation, trust, or any other legal entity in which the program participant has any investment other than an investment in any mutual fund.

(c) *Cooperator* means an entity entering into a Market Development Project Agreement.

(d) *Export Incentive Program Agreements* mean cooperative agreements between FAS and a private United States entity for the purpose of maintaining, expanding or creating foreign markets for United States agricultural commodities through the promotion of brand-identified agricultural commodities.

(e) *FAS* means the Foreign Agricultural Service of the United States Department of Agriculture.

(f) *Incentive payment* means FAS reimbursement for eligible promotion costs incurred under the terms of an Export Incentive Program Agreement.

(g) *Market Development Project Agreements* mean cooperative agreements between FAS and United States agricultural trade associations or associations of State Departments of Agriculture for the purpose of maximizing sales in foreign markets of U.S. agricultural commodities. Activities to be undertaken are intended to promote specific commodities on a generic or brand-identified basis, or through programs which include both elements.

(h) *Participant or program participant* means any entity entering into an agreement within the scope of this part 1550.

(i) *Project funds* are funds made available by FAS to program participants.

(j) *Sales teams* are teams engaged in activities intended to result in specific sales by team members.

(k) *Trade teams* are teams engaged in activities to promote the interests of the entire agricultural sector represented by the program participant.

§ 1550.3 Market Development Project Agreements.

(a) *Eligible Organizations*. In selecting trade and Agricultural groups as co-operators, representative nonprofit U.S. agricultural trade organizations will be used to the maximum extent

possible. Organizations selected should represent the commodity being promoted on the broadest possible basis, with priority given to those which are industry-wide or nationwide in membership and scope. Cooperators must demonstrate an ability to provide U.S.-based staff capable of developing, supervising, and carrying out projects overseas, and be willing and able to contribute resources to a joint project.

(b) *Use of Third Parties.* A Cooperator that enters into a Market Development Project Agreement may undertake market development activities directly or through a third party provided that such Cooperator remains responsible for the activities of the third party.

(c) *Contributions.* Cooperators are expected to contribute funds or make in-kind contributions towards completion of approved market development projects. Contributions by third parties will be accepted as partially satisfying the contribution obligation of the Cooperator.

(d) *Project Funds.* FAS will make funds available, up to the amount stated in the Market Development Project Agreement, to reimburse Cooperators for expenditures incurred in conducting activities authorized by the agreement and budgeted in a marketing plan approved in advance by FAS. Funds will be paid in United States dollars unless the Cooperator and FAS specifically agree that payment will be made in foreign currencies.

(e) *Consideration of Projects.* Market Development Project Agreements will be entered into by FAS only if it is determined that such agreements could contribute to the effective creation, expansion, or maintenance of foreign markets for U.S. agricultural commodities based on available supplies of those commodities for export and international market conditions. Marketing plans will be required from organizations selected to participate in Market Development Project Agreements and will serve as a basis for the expenditure of funds committed to Market Development Project Agreements. Marketing plans will be reviewed according to the following criteria:

(1) The market potential for the commodities covered in the markets iden-

tified for promotional effort and the identification of conditions affecting the level of U.S. exports which could be influenced by the projects proposed;

(2) The extent and complexity of activities proposed in relation to each Cooperator's prior export market development experience and U.S.-based staff resources;

(3) The likelihood of these activities influencing conditions affecting the level of U.S. exports.

§ 1550.4 Export Incentive Program Agreements.

(a) *Eligible Organizations.* Export Incentive Program (EIP) agreements will be entered into with private U.S. entities.

(b) *Use of Third Parties.* An entity that enters into an Export Incentive Program Agreement may undertake market development activities directly or through a third party provided such entity remains responsible for the activity.

(c) *Reimbursement.* After submission of a claim for an incentive payment, FAS will reimburse a percentage of eligible promotion costs defined in the Export Incentive Program Agreement, up to the amount stated in the Agreement, to carry out the purposes of the project. Such a claim will be submitted on a marketing year basis or at such other time as may be agreed by FAS. The amount of funds to be paid by FAS on each claim will be specified in the Agreement and will be based upon either a stated percentage of the promotional expenditures claimed, volume of exports over a stated period, or a combination of both. Funds will be paid in U.S. dollars only.

(d) *Consideration of Projects.* Export Incentive Program Agreements will be entered into by FAS only if it is determined that such agreements with private firms could contribute to the effective creation, expansion, or maintenance of foreign markets for the commodities concerned. Project proposals will be reviewed in relation to market conditions in the countries where activities are proposed, and in relation to the proposing firm's prior experience in exporting and in market promotion activities abroad, based upon the same criteria set forth in § 1550.3(e)(1)–(3).

§ 1550.5 Program participation and benefits.

(a) *Scope.* This section establishes requirements applicable only to participation in Market Development Project Agreements and any other agreement with FAS that specifically incorporates the provisions of this part.

(b) *General.* It is the policy of FAS to insure that the benefits generated by agreements are as broadly distributed throughout the relevant agricultural sector as feasible and, particularly, that no program participant derive an unfair advantage or benefit from activities conducted pursuant to the agreement, whether funded with project funds or industry contributions.

(c) *Industry Participation.* When required by FAS, program participants shall promptly furnish to FAS for approval its criteria for the selection of U.S. agricultural industry representatives to participate in activities conducted pursuant to the agreement such as trade teams, sales teams, and trade fairs, and its criteria for the selection of firms to participate in U.S. brand-identified promotions. Such criteria must ensure participation on an equitable basis by a representative cross section of the relevant U.S. agricultural industry. If FAS requests submission of criteria for approval, the program participant shall not use criteria disapproved by FAS after the program participant has been notified of FAS's disapproval.

(d) *Distribution of Information.* All program participants shall provide, on a timely basis, upon request of any entity in the United States, other than a representative of a foreign government, any and all data developed and produced with project funds or contributions. Any fee charged in connection therewith may not exceed the costs incurred in assembling, duplicating and distributing the requested material.

(e) *Export Activities and Related Services.* (1) Neither program participants nor their affiliated organizations shall, during the term of the agreement, make export sales of agricultural commodities of the kind which are promoted, in whole or in part, with project funds.

(2) Neither the program participants nor affiliated organizations may assess fees for services provided to exporters in facilitating an export sale if the promotional activities intended to directly result in that specific export sale are supported, in whole or in part, by project funds. This paragraph applies to activities such as those involving discussions with potential buyers or the solicitation of specific sales including activities performed by sales teams and performed through trade fairs rather than activities of a more general promotional nature. This paragraph does not apply to checkoffs or membership dues based on commodity sales, when such assessments are a condition of membership in the participating organization.

(3) Participants in approved program activities shall not use the activities to promote private self-interests or conduct private business, except as members of sales teams or as part of a U.S. brand-identified promotion when such activities are specifically approved by FAS.

§ 1550.6 Compliance with program requirements.

(a) Within 30 days after the effective date of these regulations, program participants shall submit a written statement to the Administrator, FAS, that neither they, nor their affiliated organizations, will make export sales of agricultural commodities promoted, in whole or in part, with project funds during the term of any agreement between the program participant and FAS within the scope of § 1550.5. FAS may from time to time require program participants to submit certifications as to export sales for purposes of this part.

(b) In the event of noncompliance with any provision of these regulations, FAS may disallow a claim submitted under an agreement for expenses incurred after the effective date of these regulations or terminate the agreement in addition to any other remedy available to FAS.

(a) *Administrator* means the Administrator of the Foreign Agricultural Service, United States Department of Agriculture.

(b) *Average Monthly Import Price* means the average unit value for all shipments of a particular Canadian fresh fruit or vegetable imported into the United States from Canada during a particular calendar month based on official data from the U.S. Customs Service and/or the Bureau of Census, and shall be calculated by dividing the total value of the fresh fruit or vegetable imported in that month by the total quantity of the fresh fruit or vegetable imported in that month.

(c) *Average Planted Acreage* means the average of the annual planted acreage in the U.S. for a particular fresh fruit or vegetable for the preceding five

years excluding the years with the highest and lowest acreages based on available data from agencies within the United States Department of Agriculture and data from appropriate state agencies, as required.

(d) *Canadian fresh fruit or vegetable* means a fresh fruit or vegetable that is a product of Canada as determined in accordance with the rules of origin set forth in section 202 of the U.S.-Canada Free-Trade Agreement Implementation Act of 1988.

(e) *Corresponding Five-Year Average Monthly Import Price* for a particular day means the average import price of a Canadian fresh fruit or vegetable imported into the United States from Canada, for the calendar month in which that day occurs, for that month in each of the preceding 5 years, excluding the years with the highest and lowest monthly averages.

(f) *F.O.B. Point of Shipment Price in Canada* means the daily average of prices of a particular Canadian fresh fruit or vegetable imported into the United States from Canada that are reported to the U.S. Customs Service at the U.S. border as part of the official documentation accompanying such shipments less freight costs where applicable.

§ 1560.3 Determination of fresh fruit or vegetable.

The specific group of articles that will be monitored as a particular fresh fruit or vegetable will be determined based on the practicability of monitoring at the eight digit subheading level of the Harmonized Tariff Schedule of the United States. The determination of practicability will be made by the Administrator taking into account: (a) The availability of reliable volume and price data on imports from Canada and data on U.S. planted acreage, (b) market differentiation for the group of articles, and (c) such other factors as the Administrator determines to be appropriate.

§ 1560.4 Calculation of data to support imposition of temporary duty.

The Administrator will inform the Secretary when the following conditions are met with respect to a particular fresh fruit or vegetable imported into the United States from Canada:

(a) If for each of five consecutive working days the import price of the fresh fruit or vegetable is below ninety

percent of the corresponding five-year average monthly import price for such fresh fruit or vegetable excluding the years with the highest and lowest corresponding monthly import price; and

(b) The planted acreage in the United States for such fresh fruit or vegetable based on the most recent data available is no higher than the average planted acreage over the preceding five years excluding the years with the highest and lowest planted acreages. For the purposes of calculating any planted acreage increase attributed directly to a reduction in wine grape planted acreage existing on October 4, 1987 shall be excluded.

§ 1560.5 Calculation of data to support removal of temporary duty.

During the time a temporary duty on a particular fresh fruit or vegetable is imposed pursuant to section 301(a) of the United States-Canada Free-Trade Agreement Implementation Act of 1988, the Administrator will inform the Secretary if the F.O.B. point of shipment price in Canada of such fresh fruit or vegetable exceeds, for five consecutive working days, ninety percent of the corresponding five-year average monthly import price excluding the years with the highest and lowest average corresponding monthly import price, adjusted to an F.O.B. point of shipment price, if necessary, for that fresh fruit or vegetable.

PART 1570—EXPORT BONUS PROGRAMS

Subpart A—Sunflowerseed Oil Assistance Program and Cottonseed Oil Assistance Program Criteria

- Sec.
- 1570.10 General statement.
- 1570.20 Criteria.

Subpart B—SOAP and COAP Drawback Certification

- 1570.1100 Drawback certification.

SOURCE: 56 FR 42223, Aug. 27, 1991, unless otherwise noted.

Subpart A—Sunflowerseed Oil Assistance Program and Cottonseed Oil Assistance Program Criteria

AUTHORITY: 7 U.S.C. 5663.

§ 1570.10 General statement.

This subpart sets forth the criteria to be considered in evaluating and approving proposals for initiatives to facilitate export sales under the Sunflowerseed Oil Assistance Program (SOAP) and Cottonseed Oil Assistance Program (COAP) administered by the Foreign Agricultural Service (FAS). These criteria are interrelated and will be considered together in order to select eligible countries for SOAP and COAP initiatives which will best meet the programs' objective. The objective of the programs is to encourage the sale of additional quantities of sunflowerseed oil and cottonseed oil in world markets at competitive prices. Under the SOAP and the COAP, bonuses are made available by FAS to enable exporters to meet prevailing world prices for sunflowerseed oil and cottonseed oil in targeted destinations. In the operation of the SOAP and the COAP, FAS will make reasonable efforts to avoid the displacement of usual marketings of U.S. agricultural commodities.

§ 1570.20 Criteria.

The criteria considered by FAS in reviewing proposals for SOAP and COAP initiatives will include, but not be limited to, the following:

(a) The expected contribution which initiatives will make toward realizing

U.S. agricultural export goals and, in particular, in developing, expanding, or maintaining markets for U.S. sunflowerseed and/or cottonseed oil;

(b) The subsidy requirements of proposed initiatives in relation to the sums made available to operate the programs in any given fiscal year; and

(c) The likelihood that sales facilitated by initiatives would have the unintended effect of displacing normal commercial sales of sunflowerseed and/or cottonseed oil.

Subpart B—SOAP and COAP Drawback Certification

AUTHORITY: 7 U.S.C. 5676.

§ 1570.1100 Drawback certification.

An offer submitted by an exporter to FAS for an export bonus under the SOAP or the COAP must contain, in addition to any other information required by FAS, a certification stating the following: "None of the eligible commodity (sunflowerseed oil and/or cottonseed oil) has been or will be used as the basis for a claim of a refund, as drawback, pursuant to section 313 of the Tariff Act of 1930 (19 U.S.C. 1313) of any duty, tax, or fee imposed under Federal law on an imported commodity or product." This certification must be signed by the exporter, if the exporter is an individual, or by a partner or officer of the exporter, if the exporter is a partnership or a corporation, respectively. FAS will reject any offer that does not contain the prescribed certification.
