

(iii) Determine a blended per-meal rate of reimbursement, not less frequently than semiannually, for each such day care home by adding the products obtained by multiplying the applicable rates of reimbursement for each category (tier I and tier II) by the claiming percentage for that category, as established in accordance with paragraph (d)(3)(ii) of this section. The State agency may require a sponsoring organization to recalculate the blended rate for any of its day care homes before the required semiannual calculation if the State agency has reason to believe that a home's percentage of income-eligible children has changed significantly or was incorrectly established in the previous calculation. Under this system, day care homes shall be required to submit the number of meals served, by type, to enrolled children.

§ 226.14 Claims against institutions.

(a) State agencies shall disallow any portion of a claim for reimbursement and recover any payment to an institution not properly payable under this part. State agencies shall assert overclaims against any sponsoring organization of day care homes which misclassifies a day care home as a tier I day care home unless the misclassification is determined to be inadvertent under guidance issued by FNS. However, the State agency shall notify the institution of the reasons for any disallowance or demand for repayment, and allow the institution full opportunity to submit evidence on appeal as provided for in § 226.6(k). Minimum State agency collection procedures for unearned payments shall include:

(1) Written demand to the institution for the return of improper payments; (2) if, after 30 calendar days, the institution fails to remit full payment or agree to a satisfactory repayment schedule, a second written demand for the return of improper payments sent by certified mail return receipt requested; and (3) if, after 60 calendar days, the institution fails to remit full payment or agree to a satisfactory repayment schedule, the State agency

shall refer the claim against the institution to appropriate State or Federal authorities for pursuit of legal remedies.

(b) In the event that the State agency finds that an institution which prepares its own meals is failing to meet the meal requirements of § 226.20, the State agency need not disallow payment or collect an overpayment arising out of such failure if the institution takes such other action as, in the opinion of the State agency, will have a corrective effect. However, the State agency shall not disregard any overpayments or waive collection action arising from the findings of Federal audits.

(c) If FNS does not concur with the State agency's action in paying an institution or in failing to collect an overpayment, FNS shall notify the State agency of its intention to assert a claim against the State agency. In all such cases, the State agency shall have full opportunity to submit evidence concerning the action taken. The State agency shall be liable to FNS for failure to collect an overpayment, unless FNS determines that the State agency has conformed with this part in issuing the payment and has exerted reasonable efforts to recover the improper payment.
