

§ 737.33 Package identification.

A warehouseman shall mark, stencil, or tag each package of tobacco received for storage in his warehouse with a number by which the identity of such package will be preserved. Such numbers shall be in numerical sequence or any series of numerical sequences approved by the Administrator or his representative, shall be made with some durable substance, and shall be clear and legible. If tags are used they shall be made of substantial material and securely attached to the packages.

§ 737.34 Package arrangement.

(a) Each warehouseman shall arrange the packages of tobacco so that the identification number thereon as required by § 737.33 is visible, readily accessible, and arranged so as to permit an accurate check thereof, unless waived in writing by the Administrator.

(b) If, at any time, a warehouseman shall be offered tobacco in such quantity for storage so as to exceed the capacity of this warehouse, as shown in his license, he shall not accept such tobacco until he has first secured authority through an amended license, and after such authority has been granted the warehouseman shall continue to arrange the tobacco in accordance with paragraph (a) of this section.

§ 737.35 Care of stock and equipment.

Each warehouseman shall at all times, including any period of suspension of his license, exercise such care in regard to tobacco in his custody as a reasonably careful owner would exercise under the same circumstances and conditions. He shall see that the sprinkler or other fire protection equipment, if any, provided for his warehouse is maintained in proper working order.

§ 737.36 Care of other commodities.

If, at any time, a warehouseman shall handle tobacco other than for storage, or shall handle or store any other commodity, he shall so protect the same, and otherwise exercise such care with respect to it, as not to endan-

ger the tobacco in his custody as a warehouseman or impair his ability to meet his obligations and perform his duties under the act and the regulations in this part. If the warehouseman shall store commodities other than those for which he is licensed, a non-licensed receipt shall be issued, which shall contain in its terms a provision that such commodities are accepted for storage only until such time as the space which they may occupy may be needed for products for the storage of which the warehouseman is licensed. Under no circumstances shall any commodities for the storage of which the warehouseman is not licensed be stored if the storage of such commodities might adversely affect the commercial value of, or impair the insurance on, tobacco covered by licensed receipts.

§ 737.37 Removal of tobacco in storage.

Except as permitted by law or the regulations in this part, a warehouseman shall not remove any tobacco in storage from the part of the warehouse shown in the receipt to another part covered by the license, or to any other licensed warehouse, without first securing the receipt and indorsing on it the fact and date of such removal and making an identical indorsement on the copy of the original receipt. If the insurance on any tobacco would be affected by such removal, prior to removal the warehouseman shall obtain the consent in writing of the holder of the receipt. In the event it should be necessary for purposes of proper sampling and inspecting to move temporarily tobacco from the licensed warehouse, or licensed compartment shown on the outstanding receipt to another licensed warehouse or licensed compartment, removal for such purpose may be made without recalling the outstanding receipt upon compliance with the following conditions:

(a) That such tobacco will be moved only upon specific instructions of the depositor of the tobacco when title to the tobacco remains in him, or of the holder of the receipt, such instructions to be reduced to writing and filed by the warehouseman with his other warehouse records. Said instructions shall show by marks or numbers the specific tobacco to be moved, the warehouse or
